Preliminary Provisions

Meridian Commercial Bank | Integrated Policy Compendium - Edition 2 | Conventions and definitions

Section 0.1 - Document Conventions

GEN-01.01.001 This compendium is a synthetic test document. Meridian Commercial Bank is a fictional institution, and no clause here reflects any real regulation or any real bank's policy.

GEN-01.01.002 Every clause carries an identifier of the form PART-CC.SS.NNN, where PART is the two-letter policy code, CC is the chapter number, SS is the section number and NNN is the clause number within the section. Example: CR-04.07.012 denotes clause 12 of section 7 of chapter 4 of the Retail Credit and Lending part.

GEN-01.01.003 Product variants are written as a tier and a zone, for example 'Tier 2 / West Zone'. Tiers run from Tier 1 to Tier 5, and zones are North, South, East, West, Central, North-East, Islands and Metro.

GEN-01.01.004 Monetary amounts are expressed in Indian rupees, written INR, using the units thousand, lakh (one hundred thousand) and crore (ten million). Percentages and ratios are stated to the precision at which the threshold is enforced.

GEN-01.01.005 Each chapter contains ten sections in a fixed order: Scope and Applicability; Eligibility and Limits; Approval Authority; Monitoring and Review; Documentation and Records; Exceptions and Waivers; Escalation and Breach Handling; Roles and Responsibilities; Reporting and Management Information; and Worked Examples.

GEN-01.01.006 Each chapter begins with a Parameter Matrix schedule. A value appearing in a schedule is authoritative for the stated variant, segment and parameter, and is not restated elsewhere in the chapter.

Section 0.2 - Approval Grades

GEN-01.02.001 The Unit Supervisor is the first-line officer accountable for day-to-day execution within a team and holds the lowest delegated approval authority recognised in this compendium.

GEN-01.02.002 The Senior Officer is an experienced first-line officer who performs independent checks on work completed by other staff and may approve routine, low-value items.

GEN-01.02.003 The Assistant Vice President leads a function within a business line and is the lowest grade authorised to approve exceptions that do not alter a documented risk threshold.

GEN-01.02.004 The Vice President heads a major department and is accountable for the effective operation of controls described in this compendium across that department.

GEN-01.02.005 The Regional Head is responsible for all banking activity in a geographic region and the first officer authorised to approve cross-functional waivers.

GEN-01.02.006 The Head of Function is the senior accountable officer for an enterprise function such as credit, treasury, operations or compliance, and chairs its functional forums.

GEN-01.02.007 The Chief Risk Officer is the independent executive responsible for enterprise-wide risk oversight and holds authority to veto any proposal that breaches the stated risk appetite.

GEN-01.02.008 The Chief Operating Officer is the executive accountable for operational delivery, technology services and resilience across the bank, and holds the highest executive approval authority for operating decisions.
