AM-06.10.001 Example: during a review of High-Risk Jurisdiction Transactions (Tier 2 / Metro Zone), the average days to close an alert for a new-to-bank customers account measured 3 days against the trigger of 3 days in clause AM-06.07.018. Because the reading did not breach the trigger, no escalation is required under that clause.

AM-06.10.002 Example: a new-to-bank customers customer applies for High-Risk Jurisdiction Transactions (Tier 3 / South Zone) of INR 246 lakh. Under clause Schedule AM-06-A, the scenario threshold for aggregate daily cash deposits is set at INR 17 lakh as a ceiling, so a proposed scenario threshold for aggregate daily cash deposits of INR 14 lakh is within the limit.

AM-06.10.003 Example: a new-to-bank customers customer applies for High-Risk Jurisdiction Transactions (Tier 4 / East Zone) of INR 333 lakh. Under clause AM-06.02.025, the lookback period for pattern analysis is set at 13 months as a floor, so a proposed lookback period for pattern analysis of 15 months is within the limit.

AM-06.10.004 Example: the Chief Risk Officer receives a request to extend an exception under clause AM-06.06.015 for High-Risk Jurisdiction Transactions (Tier 2 / Central Zone) serving self-employed professionals to 7 days. Because the maximum permitted period is 17 days, the request can be approved at this level.

AM-06.10.005 Example: the Senior Officer receives a request to extend an exception under clause AM-06.06.013 for High-Risk Jurisdiction Transactions (Tier 2 / West Zone) serving start-ups to 208 days. Because the maximum permitted period is 183 days, the request cannot be approved under that clause and must be declined.

AM-06.10.006 Example: a new-to-bank customers customer applies for High-Risk Jurisdiction Transactions (Tier 4 / East Zone) of INR 291 lakh.
