MR-08.10.033 Example: the Regional Head receives a request to extend an exception under clause MR-08.06.019 for Money Market Operations (Tier 3 / Central Zone) serving cooperative societies to 76 days. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

MR-08.10.039 Example: during a review of Money Market Operations (Tier 2 / Metro Zone), the backtesting exceptions in the last 250 days for a exporters account measured 9 exceptions against the trigger of 9 exceptions in clause MR-08.04.022. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

MR-08.10.040 Example: a non-banking financial companies customer applies for Money Market Operations (Tier 5 / West Zone) of INR 294 lakh. Under clause LQ-10.02.031, the survival horizon under stress is set at 99 days as a floor, so a proposed survival horizon under stress of 108 days is within the limit.
