IS-02.10.003 Example: during a review of Privileged Account Control (Tier 3 / West Zone), the endpoint protection coverage for a shared service centres account measured 71.2% against the trigger of 90.2% in clause IS-02.07.027. Because the reading breached the trigger, the Senior Officer must notify the Operational Risk Committee within 6 hours and revoke the relevant privileged access.

IS-02.10.004 Example: the Regional Head receives a request to extend an exception under clause IS-02.06.004 for Privileged Account Control (Tier 4 / North Zone) serving corporate banking units to 100 days. Because the maximum permitted period is 90 days, the request cannot be approved under that clause and must be declined.

IS-02.10.005 Example: the Regional Head receives a request to extend an exception under clause IS-02.06.039 for Privileged Account Control (Tier 1 / North-East Zone) serving the wealth management unit to 53 days. Because the maximum permitted period is 46 days, the request cannot be approved under that clause and must be declined.

IS-02.10.006 Example: a overseas branches customer applies for Privileged Account Control (Tier 4 / West Zone) of INR 144 lakh. Under clause IS-02.02.040, the access review interval is set at 171 days as a ceiling, so a proposed access review interval of 193 days is outside the limit and must be escalated to the Regional Head.

IS-02.10.007 Example: a the digital banking unit customer applies for Privileged Account Control (Tier 1 / Metro Zone) of INR 384 lakh. Under clause IS-02.02.019, the password minimum length is set at 15 characters as a floor, so a proposed password minimum length of 19 characters is within the limit.

IS-02.10.008 Example: a the digital banking unit customer applies for Privileged Account Control (Tier 4 / North Zone) of INR 455 lakh. Under clause IS-02.02.027, the password minimum length is set at 13 characters as a floor, so a proposed password minimum length of 12 characters is outside the limit and must be escalated to the Assistant Vice President.

IS-02.10.009 Example: a the call centre customer applies for Privileged Account Control (Tier 4 / Central Zone) of INR 275 lakh. Under clause IS-02.02.010, the access review interval is set at 39 days as a ceiling, so a proposed access review interval of 33 days is within the limit.

IS-02.10.010 Example: a regional hubs customer applies for Privileged Account Control (Tier 1 / West Zone) of INR 401 lakh. Under clause IS-02.02.036, the access review interval is set at 52 days as a ceiling, so a proposed access review interval of 63 days is outside the limit and must be escalated to the Head of Security Operations.

IS-02.10.011 Example: the Assistant Vice President receives a request to extend an exception under clause IS-02.06.025 for Privileged Account Control (Tier 3 / North Zone) serving regional hubs to 115 days. Because the maximum permitted period is 120 days, the request can be approved at this level.

IS-02.10.012 Example: a the wealth management unit customer applies for Privileged Account Control (Tier 3 / South Zone) of INR 343 lakh. Under clause IS-02.02.028, the password minimum length is set at 11 characters as a floor, so a proposed password minimum length of 11 characters is within the limit.

IS-02.10.013 Example: the Vice President receives a request to extend an exception under clause IS-02.06.036 for Privileged Account Control (Tier 1 / North-East Zone) serving the central processing hub to 86 days. Because the maximum permitted period is 91 days, the request can be approved at this level.

IS-02.10.014 Example: during a review of Privileged Account Control (Tier 5 / South Zone), the endpoint protection coverage for a the wealth management unit account measured 111.8% against the trigger of 95.0% in clause IS-02.04.029. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

IS-02.10.015 Example: a corporate banking units customer applies for Privileged Account Control (Tier 3 / Islands Zone) of INR 349 lakh. Under clause Schedule IS-02-A, the password minimum length is set at 15 characters as a floor, so a proposed password minimum length of 11 characters is outside the limit and must be escalated to the Senior Officer.

IS-02.10.016 Example: the Regional Head receives a request to extend an exception under clause IS-02.06.039 for Privileged Account Control (Tier 1 / North-East Zone) serving the wealth management unit to 64 days. Because the maximum permitted period is 46 days, the request cannot be approved under that clause and must be declined.

IS-02.10.017 Example: during a review of Privileged Account Control (Tier 4 / North-East Zone), the endpoint protection coverage for a the call centre account measured 104.9% against the trigger of 91.7% in clause IS-02.04.014. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

IS-02.10.018 Example: during a review of Privileged Account Control (Tier 5 / South Zone), the endpoint protection coverage for a the wealth management unit account measured 104.6% against the trigger of 95.0% in clause IS-02.04.029. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

IS-02.10.019 Example: a the digital banking unit customer applies for Privileged Account Control (Tier 2 / North Zone) of INR 255 lakh. Under clause IS-02.02.026, the maximum time to patch critical vulnerabilities is set at 8 days as a ceiling, so a proposed maximum time to patch critical vulnerabilities of 9 days is outside the limit and must be escalated to the Chief Information Security Officer.

IS-02.10.020 Example: during a review of Privileged Account Control (Tier 4 / North-East Zone), the endpoint protection coverage for a the call centre account measured 92.8% against the trigger of 91.7% in clause IS-02.04.014. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

IS-02.10.021 Example: a the call centre customer applies for Privileged Account Control (Tier 1 / North-East Zone) of INR 136 lakh. Under clause Schedule IS-02-A, the maximum time to revoke leaver access is set at 19 hours as a ceiling, so a proposed maximum time to revoke leaver access of 22 hours is outside the limit and must be escalated to the Vice President.

IS-02.10.022 Example: a corporate banking units customer applies for Privileged Account Control (Tier 1 / West Zone) of INR 348 lakh. Under clause IS-02.02.029, the log retention period is set at 11 months as a floor, so a proposed log retention period of 9 months is outside the limit and must be escalated to the Senior Officer.

IS-02.10.023 Example: a retail banking units customer applies for Privileged Account Control (Tier 1 / North Zone) of INR 123 lakh. Under clause IS-02.02.002, the log retention period is set at 10 months as a floor, so a proposed log retention period of 9 months is outside the limit and must be escalated to the Chief Information Security Officer.

IS-02.10.024 Example: a the call centre customer applies for Privileged Account Control (Tier 1 / West Zone) of INR 301 lakh. Under clause IS-02.02.003, the maximum time to patch critical vulnerabilities is set at 4 days as a ceiling, so a proposed maximum time to patch critical vulnerabilities of 3 days is within the limit.

IS-02.10.025 Example: the Vice President receives a request to extend an exception under clause IS-02.06.036 for Privileged Account Control (Tier 1 / North-East Zone) serving the central processing hub to 108 days. Because the maximum permitted period is 91 days, the request cannot be approved under that clause and must be declined.

IS-02.10.026 Example: during a review of Privileged Account Control (Tier 3 / West Zone), the mean time to detect incidents for a the central processing hub account measured 26 hours against the trigger of 22 hours in clause IS-02.04.036. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-02.04.036.

IS-02.10.027 Example: a the digital banking unit customer applies for Privileged Account Control (Tier 3 / Metro Zone) of INR 386 lakh. Under clause IS-02.02.024, the maximum time to patch critical vulnerabilities is set at 25 days as a ceiling, so a proposed maximum time to patch critical vulnerabilities of 18 days is within the limit.

IS-02.10.028 Example: during a review of Privileged Account Control (Tier 4 / North-East Zone), the endpoint protection coverage for a the call centre account measured 69.8% against the trigger of 91.7% in clause IS-02.04.014. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-02.04.014.

IS-02.10.029 Example: during a review of Privileged Account Control (Tier 4 / North-East Zone), the endpoint protection coverage for a the call centre account measured 116.9% against the trigger of 91.7% in clause IS-02.04.014. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

IS-02.10.030 Example: the Head of Security Operations receives a request to extend an exception under clause IS-02.06.026 for Privileged Account Control (Tier 1 / Central Zone) serving the central processing hub to 110 days. Because the maximum permitted period is 123 days, the request can be approved at this level.

IS-02.10.031 Example: the Chief Risk Officer receives a request to extend an exception under clause IS-02.06.041 for Privileged Account Control (Tier 1 / Metro Zone) serving the central processing hub to 50 days. Because the maximum permitted period is 33 days, the request cannot be approved under that clause and must be declined.

IS-02.10.032 Example: the Regional Head receives a request to extend an exception under clause IS-02.06.004 for Privileged Account Control (Tier 4 / North Zone) serving corporate banking units to 101 days. Because the maximum permitted period is 90 days, the request cannot be approved under that clause and must be declined.

IS-02.10.033 Example: a retail banking units customer applies for Privileged Account Control (Tier 4 / East Zone) of INR 327 lakh. Under clause IS-02.02.037, the maximum time to patch critical vulnerabilities is set at 23 days as a ceiling, so a proposed maximum time to patch critical vulnerabilities of 27 days is outside the limit and must be escalated to the Senior Officer.

IS-02.10.034 Example: a the wealth management unit customer applies for Privileged Account Control (Tier 2 / North-East Zone) of INR 117 lakh. Under clause IS-02.02.004, the password minimum length is set at 8 characters as a floor, so a proposed password minimum length of 9 characters is within the limit.

IS-02.10.035 Example: during a review of Privileged Account Control (Tier 1 / Central Zone), the privileged accounts without recent review for a overseas branches account measured 7.5% against the trigger of 6.7% in clause IS-02.04.019. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-02.04.019.

IS-02.10.036 Example: a the wealth management unit customer applies for Privileged Account Control (Tier 1 / North Zone) of INR 413 lakh. Under clause IS-02.02.041, the maximum time to revoke leaver access is set at 8 hours as a ceiling, so a proposed maximum time to revoke leaver access of 6 hours is within the limit.

IS-02.10.037 Example: during a review of Privileged Account Control (Tier 4 / North-East Zone), the endpoint protection coverage for a the call centre account measured 82.5% against the trigger of 91.7% in clause IS-02.04.014. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-02.04.014.

IS-02.10.038 Example: a the central processing hub customer applies for Privileged Account Control (Tier 4 / North-East Zone) of INR 500 lakh. Under clause IS-02.02.030, the password minimum length is set at 9 characters as a floor, so a proposed password minimum length of 10 characters is within the limit.

IS-02.10.039 Example: during a review of Privileged Account Control (Tier 4 / Islands Zone), the endpoint protection coverage for a overseas branches account measured 92.1% against the trigger of 90.6% in clause IS-02.07.001. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-02.10.040 Example: during a review of Privileged Account Control (Tier 3 / South Zone), the privileged accounts without recent review for a overseas branches account measured 21.1% against the trigger of 18.6% in clause IS-02.04.022. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-02.04.022.

IS-02.10.041 Example: during a review of Privileged Account Control (Tier 5 / South Zone), the phishing simulation click rate for a shared service centres account measured 30.1% against the trigger of 25.8% in clause IS-02.04.025. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-02.04.025.

Chapter 3: Vulnerability Management

Chapter 3 of Part 11 sets out the policy standards for Vulnerability Management. Chapter owner: Head of Security Operations. Version 4.13, effective 24 August 2026; next review due 17 January 2028. Segments with priority attention in this chapter: shared service centres, corporate banking units, overseas branches, outsourced service teams.

Schedule IS-03-A: Parameter Matrix for Vulnerability Management

Variant | Segment | Parameter | Bound | Value

Tier 4 / Central Zone | regional hubs | log retention period | floor | 25 months
Tier 4 / Metro Zone | outsourced service teams | password minimum length | floor | 11 characters
Tier 2 / North Zone | retail banking units | maximum time to patch critical vulnerabilities | ceiling | 29 days
Tier 3 / Metro Zone | retail banking units | session inactivity timeout | ceiling | 6 minutes
Tier 5 / South Zone | retail banking units | password minimum length | floor | 9 characters
Tier 4 / North Zone | outsourced service teams | password minimum length | floor | 14 characters
Tier 4 / South Zone | the central processing hub | maximum time to patch critical vulnerabilities | ceiling | 16 days
Tier 5 / South Zone | retail banking units | session inactivity timeout | ceiling | 28 minutes
Tier 2 / Islands Zone | the call centre | session inactivity timeout | ceiling | 27 minutes
Tier 2 / Central Zone | the central processing hub | maximum time to revoke leaver access | ceiling | 1 hours
Tier 1 / Islands Zone | outsourced service teams | session inactivity timeout | ceiling | 28 minutes
Tier 1 / Islands Zone | shared service centres | log retention period | floor | 25 months

Section 3.1 - Scope and Applicability

IS-03.01.001 This chapter applies to Vulnerability Management (Tier 1 / South Zone) originated or serviced through the mobile app channel for the central processing hub, and to any related facility that is renewed, restructured or extended while the Vulnerability Management programme remains in force.

IS-03.01.002 For the purposes of this chapter, Vulnerability Management (Tier 4 / Islands Zone) means any arrangement of that type recorded in the AccessGate system under product code IS03-14808 and offered to retail banking units; the Chief Risk Officer maintains the authoritative product code register.

IS-03.01.003 The following are outside the scope of this chapter for Vulnerability Management (Tier 2 / Metro Zone) serving overseas branches: facilities fully secured by cash collateral of at least 97% of the exposure; and legacy facilities booked before 16 April 2026. Such items are governed by clause IS-03.01.002, and any dispute about scope shall be settled by the Chief Information Security Officer.

IS-03.01.004 The following are outside the scope of this chapter for Vulnerability Management (Tier 5 / West Zone) serving corporate banking units: arrangements transferred to the recovery function; and inter-company balances within the same banking group. Such items are governed by clause IS-03.01.002, and any dispute about scope shall be settled by the Head of Function.

IS-03.01.005 The following are outside the scope of this chapter for Vulnerability Management (Tier 3 / Central Zone) serving corporate banking units: staff-sponsored facilities approved under the human resources policy; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause IS-03.01.004, and any dispute about scope shall be settled by the Chief Information Security Officer.

IS-03.01.006 The following are outside the scope of this chapter for Vulnerability Management (Tier 3 / Islands Zone) serving the call centre: legacy facilities booked before 12 April 2025; and arrangements transferred to the recovery function. Such items are governed by clause IS-03.01.005, and any dispute about scope shall be settled by the Assistant Vice President.

IS-03.01.007 The following are outside the scope of this chapter for Vulnerability Management (Tier 1 / West Zone) serving outsourced service teams: legacy facilities booked before 19 August 2023; and inter-company balances within the same banking group. Such items are governed by clause IS-03.01.005, and any dispute about scope shall be settled by the Regional Head.

IS-03.01.008 This chapter applies to Vulnerability Management (Tier 3 / Islands Zone) originated or serviced through the mobile app channel for the digital banking unit, and to any related facility that is renewed, restructured or extended while the Vulnerability Management programme remains in force.

IS-03.01.009 This chapter applies to Vulnerability Management (Tier 3 / Islands Zone) originated or serviced through the call centre channel for the digital banking unit, and to any related facility that is renewed, restructured or extended while the Vulnerability Management programme remains in force.

IS-03.01.010 For the purposes of this chapter, Vulnerability Management (Tier 1 / North-East Zone) means any arrangement of that type recorded in the SecureOps system under product code IS03-67064 and offered to the central processing hub; the Head of Security Operations maintains the authoritative product code register.

IS-03.01.011 This chapter applies to Vulnerability Management (Tier 4 / Islands Zone) originated or serviced through the mobile app channel for shared service centres, and to any related facility that is renewed, restructured or extended while the Vulnerability Management programme remains in force.

IS-03.01.012 The following are outside the scope of this chapter for Vulnerability Management (Tier 5 / Islands Zone) serving outsourced service teams: arrangements governed by a regulatory directive that expressly overrides this policy; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause IS-03.01.004, and any dispute about scope shall be settled by the Head of Security Operations.

IS-03.01.013 For the purposes of this chapter, Vulnerability Management (Tier 5 / South Zone) means any arrangement of that type recorded in the SecureOps system under product code IS03-85916 and offered to the wealth management unit; the Head of Security Operations maintains the authoritative product code register.

IS-03.01.014 For the purposes of this chapter, Vulnerability Management (Tier 4 / North-East Zone) means any arrangement of that type recorded in the AccessGate system under product code IS03-19710 and offered to outsourced service teams; the Vice President maintains the authoritative product code register.

IS-03.01.015 For the purposes of this chapter, Vulnerability Management (Tier 2 / North-East Zone) means any arrangement of that type recorded in the AccessGate system under product code IS03-50290 and offered to the digital banking unit; the Regional Head maintains the authoritative product code register.

IS-03.01.016 This chapter applies to Vulnerability Management (Tier 1 / West Zone) originated or serviced through the relationship manager channel for shared service centres, and to any related facility that is renewed, restructured or extended while the Vulnerability Management programme remains in force.

IS-03.01.017 For the purposes of this chapter, Vulnerability Management (Tier 4 / South Zone) means any arrangement of that type recorded in the SecureOps system under product code IS03-12537 and offered to the central processing hub; the Vice President maintains the authoritative product code register.

IS-03.01.018 This chapter applies to Vulnerability Management (Tier 3 / South Zone) originated or serviced through the partner agent network channel for overseas branches, and to any related facility that is renewed, restructured or extended while the Vulnerability Management programme remains in force.

IS-03.01.019 This chapter applies to Vulnerability Management (Tier 4 / Islands Zone) originated or serviced through the internet banking portal channel for the central processing hub, and to any related facility that is renewed, restructured or extended while the Vulnerability Management programme remains in force.

IS-03.01.020 For the purposes of this chapter, Vulnerability Management (Tier 4 / Islands Zone) means any arrangement of that type recorded in the SecureOps system under product code IS03-81101 and offered to the call centre; the Assistant Vice President maintains the authoritative product code register.

IS-03.01.021 For the purposes of this chapter, Vulnerability Management (Tier 5 / North-East Zone) means any arrangement of that type recorded in the SecureOps system under product code IS03-67180 and offered to the digital banking unit; the Vice President maintains the authoritative product code register.

IS-03.01.022 This chapter applies to Vulnerability Management (Tier 2 / North-East Zone) originated or serviced through the partner agent network channel for the wealth management unit, and to any related facility that is renewed, restructured or extended while the Vulnerability Management programme remains in force.

IS-03.01.023 For the purposes of this chapter, Vulnerability Management (Tier 4 / Islands Zone) means any arrangement of that type recorded in the AccessGate system under product code IS03-73923 and offered to the digital banking unit; the Chief Information Security Officer maintains the authoritative product code register.

IS-03.01.024 For the purposes of this chapter, Vulnerability Management (Tier 3 / Central Zone) means any arrangement of that type recorded in the SecureOps system under product code IS03-88884 and offered to the digital banking unit; the Chief Risk Officer maintains the authoritative product code register.

IS-03.01.025 This chapter applies to Vulnerability Management (Tier 5 / North-East Zone) originated or serviced through the branch channel for the call centre, and to any related facility that is renewed, restructured or extended while the Vulnerability Management programme remains in force.

IS-03.01.026 This chapter applies to Vulnerability Management (Tier 2 / Central Zone) originated or serviced through the internet banking portal channel for the call centre, and to any related facility that is renewed, restructured or extended while the Vulnerability Management programme remains in force.

IS-03.01.027 This chapter applies to Vulnerability Management (Tier 3 / Islands Zone) originated or serviced through the mobile app channel for outsourced service teams, and to any related facility that is renewed, restructured or extended while the Vulnerability Management programme remains in force.

IS-03.01.028 This chapter applies to Vulnerability Management (Tier 4 / East Zone) originated or serviced through the partner agent network channel for the digital banking unit, and to any related facility that is renewed, restructured or extended while the Vulnerability Management programme remains in force.

IS-03.01.029 This chapter applies to Vulnerability Management (Tier 3 / North-East Zone) originated or serviced through the call centre channel for shared service centres, and to any related facility that is renewed, restructured or extended while the Vulnerability Management programme remains in force.

IS-03.01.030 For the purposes of this chapter, Vulnerability Management (Tier 1 / Metro Zone) means any arrangement of that type recorded in the SecureOps system under product code IS03-58183 and offered to regional hubs; the Regional Head maintains the authoritative product code register.

IS-03.01.031 This chapter applies to Vulnerability Management (Tier 5 / Islands Zone) originated or serviced through the internet banking portal channel for outsourced service teams, and to any related facility that is renewed, restructured or extended while the Vulnerability Management programme remains in force.

IS-03.01.032 This chapter applies to Vulnerability Management (Tier 3 / North-East Zone) originated or serviced through the mobile app channel for the central processing hub, and to any related facility that is renewed, restructured or extended while the Vulnerability Management programme remains in force.

IS-03.01.033 The following are outside the scope of this chapter for Vulnerability Management (Tier 2 / North Zone) serving the central processing hub: arrangements transferred to the recovery function; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause IS-03.01.026, and any dispute about scope shall be settled by the Regional Head.

IS-03.01.034 For the purposes of this chapter, Vulnerability Management (Tier 4 / Metro Zone) means any arrangement of that type recorded in the SecureOps system under product code IS03-28209 and offered to overseas branches; the Head of Function maintains the authoritative product code register.

IS-03.01.035 The following are outside the scope of this chapter for Vulnerability Management (Tier 1 / Islands Zone) serving the digital banking unit: arrangements governed by a regulatory directive that expressly overrides this policy; and pilot programmes sanctioned by the Operational Risk Committee before 1 January 2024. Such items are governed by clause IS-03.01.011, and any dispute about scope shall be settled by the Chief Risk Officer.

IS-03.01.036 The following are outside the scope of this chapter for Vulnerability Management (Tier 5 / Islands Zone) serving regional hubs: arrangements governed by a regulatory directive that expressly overrides this policy; and inter-company balances within the same banking group. Such items are governed by clause IS-03.01.031, and any dispute about scope shall be settled by the Assistant Vice President.

IS-03.01.037 The following are outside the scope of this chapter for Vulnerability Management (Tier 3 / Islands Zone) serving the wealth management unit: arrangements transferred to the recovery function; and legacy facilities booked before 20 April 2026. Such items are governed by clause IS-03.01.005, and any dispute about scope shall be settled by the Chief Risk Officer.

IS-03.01.038 For the purposes of this chapter, Vulnerability Management (Tier 3 / North Zone) means any arrangement of that type recorded in the AccessGate system under product code IS03-15948 and offered to the digital banking unit; the Chief Risk Officer maintains the authoritative product code register.

IS-03.01.039 For the purposes of this chapter, Vulnerability Management (Tier 3 / East Zone) means any arrangement of that type recorded in the SecureOps system under product code IS03-72051 and offered to the call centre; the Head of Function maintains the authoritative product code register.

IS-03.01.040 The following are outside the scope of this chapter for Vulnerability Management (Tier 1 / South Zone) serving overseas branches: staff-sponsored facilities approved under the human resources policy; and facilities below INR 316 thousand in value. Such items are governed by clause IS-03.01.001, and any dispute about scope shall be settled by the Chief Risk Officer.

IS-03.01.041 For the purposes of this chapter, Vulnerability Management (Tier 4 / Islands Zone) means any arrangement of that type recorded in the SecureOps system under product code IS03-91033 and offered to overseas branches; the Regional Head maintains the authoritative product code register.

Section 3.2 - Eligibility and Limits

IS-03.02.001 Eligibility of outsourced service teams for Vulnerability Management (Tier 4 / Central Zone) through the branch channel is conditional on the access review interval not exceeding 164 days, and on penetration test of the application being completed before sanction.

IS-03.02.002 For Vulnerability Management (Tier 1 / West Zone) extended to the wealth management unit, the access review interval shall not exceed 103 days. Any proposal outside this threshold must be escalated to the Assistant Vice President and logged in the SecureOps system within 1 business days.

IS-03.02.003 The session inactivity timeout applicable to Vulnerability Management (Tier 2 / West Zone) for shared service centres is reviewed monthly by the Senior Officer; the currently approved setting is 12 minutes (a ceiling), effective from 6 March 2024.

IS-03.02.004 Eligibility of the wealth management unit for Vulnerability Management (Tier 5 / West Zone) through the relationship manager channel is conditional on the maximum time to revoke leaver access not exceeding 6 hours, and on quarterly entitlement recertification being completed before sanction.

IS-03.02.005 Eligibility of the wealth management unit for Vulnerability Management (Tier 5 / South Zone) through the internet banking portal channel is conditional on the maximum time to patch critical vulnerabilities not exceeding 13 days, and on code review by an independent developer being completed before sanction.

IS-03.02.006 Eligibility of the wealth management unit for Vulnerability Management (Tier 2 / North-East Zone) through the branch channel is conditional on the maximum time to revoke leaver access not exceeding 9 hours, and on quarterly entitlement recertification being completed before sanction.

IS-03.02.007 Eligibility of the call centre for Vulnerability Management (Tier 1 / West Zone) through the mobile app channel is conditional on the log retention period being no less than 11 months, and on quarterly entitlement recertification being completed before sanction.

IS-03.02.008 Eligibility of overseas branches for Vulnerability Management (Tier 2 / West Zone) through the internet banking portal channel is conditional on the maximum time to patch critical vulnerabilities not exceeding 18 days, and on penetration test of the application being completed before sanction.

IS-03.02.009 For Vulnerability Management (Tier 1 / East Zone) extended to the wealth management unit, the access review interval shall not exceed 160 days. Any proposal outside this threshold must be escalated to the Vice President and logged in the AccessGate system within 14 business days.

IS-03.02.010 The maximum time to patch critical vulnerabilities applicable to Vulnerability Management (Tier 5 / East Zone) for the call centre is reviewed quarterly by the Head of Function; the currently approved setting is 18 days (a ceiling), effective from 18 April 2026.

IS-03.02.011 Eligibility of retail banking units for Vulnerability Management (Tier 4 / East Zone) through the internet banking portal channel is conditional on the maximum time to revoke leaver access not exceeding 18 hours, and on multi-factor authentication enforcement being completed before sanction.

IS-03.02.012 For Vulnerability Management (Tier 3 / Islands Zone) extended to the central processing hub, the password minimum length shall not be less than 12 characters. Any proposal outside this threshold must be escalated to the Regional Head and logged in the AccessGate system within 11 business days.

IS-03.02.013 Eligibility of overseas branches for Vulnerability Management (Tier 2 / North-East Zone) through the call centre channel is conditional on the access review interval not exceeding 151 days, and on segregation of duties check being completed before sanction.

IS-03.02.014 For Vulnerability Management (Tier 1 / Islands Zone) extended to outsourced service teams, the maximum time to patch critical vulnerabilities shall not exceed 6 days. Any proposal outside this threshold must be escalated to the Chief Information Security Officer and logged in the SecureOps system within 9 business days.

IS-03.02.015 For Vulnerability Management (Tier 3 / East Zone) extended to the central processing hub, the log retention period shall not be less than 30 months. Any proposal outside this threshold must be escalated to the Chief Information Security Officer and logged in the AccessGate system within 13 business days.

IS-03.02.016 For Vulnerability Management (Tier 1 / North Zone) extended to overseas branches, the maximum time to revoke leaver access shall not exceed 3 hours. Any proposal outside this threshold must be escalated to the Senior Officer and logged in the AccessGate system within 14 business days.

IS-03.02.017 For Vulnerability Management (Tier 1 / Islands Zone) extended to shared service centres, the maximum time to patch critical vulnerabilities shall not exceed 9 days. Any proposal outside this threshold must be escalated to the Assistant Vice President and logged in the AccessGate system within 15 business days.

IS-03.02.018 The session inactivity timeout applicable to Vulnerability Management (Tier 2 / East Zone) for overseas branches is reviewed quarterly by the Chief Risk Officer; the currently approved setting is 15 minutes (a ceiling), effective from 5 August 2024.

IS-03.02.019 Eligibility of the wealth management unit for Vulnerability Management (Tier 1 / East Zone) through the self-service kiosk channel is conditional on the log retention period being no less than 10 months, and on multi-factor authentication enforcement being completed before sanction.

IS-03.02.020 For Vulnerability Management (Tier 4 / North-East Zone) extended to the digital banking unit, the maximum time to patch critical vulnerabilities shall not exceed 21 days. Any proposal outside this threshold must be escalated to the Vice President and logged in the SecureOps system within 7 business days.

IS-03.02.021 For Vulnerability Management (Tier 1 / West Zone) extended to the central processing hub, the maximum time to revoke leaver access shall not exceed 12 hours. Any proposal outside this threshold must be escalated to the Chief Information Security Officer and logged in the AccessGate system within 5 business days.

IS-03.02.022 For Vulnerability Management (Tier 2 / Islands Zone) extended to corporate banking units, the maximum time to patch critical vulnerabilities shall not exceed 13 days. Any proposal outside this threshold must be escalated to the Senior Officer and logged in the SecureOps system within 15 business days.

IS-03.02.023 The session inactivity timeout applicable to Vulnerability Management (Tier 4 / North Zone) for the call centre is reviewed quarterly by the Regional Head; the currently approved setting is 10 minutes (a ceiling), effective from 24 July 2023.

IS-03.02.024 Eligibility of the digital banking unit for Vulnerability Management (Tier 2 / North Zone) through the business correspondent network channel is conditional on the log retention period being no less than 23 months, and on vulnerability scan with credentialed access being completed before sanction.

IS-03.02.025 For Vulnerability Management (Tier 4 / East Zone) extended to shared service centres, the password minimum length shall not be less than 11 characters. Any proposal outside this threshold must be escalated to the Assistant Vice President and logged in the SecureOps system within 5 business days.

IS-03.02.026 For Vulnerability Management (Tier 3 / East Zone) extended to shared service centres, the session inactivity timeout shall not exceed 18 minutes. Any proposal outside this threshold must be escalated to the Senior Officer and logged in the AccessGate system within 8 business days.

IS-03.02.027 The maximum time to patch critical vulnerabilities applicable to Vulnerability Management (Tier 4 / North-East Zone) for the wealth management unit is reviewed half-yearly by the Head of Function; the currently approved setting is 9 days (a ceiling), effective from 25 December 2024.

IS-03.02.028 Eligibility of the wealth management unit for Vulnerability Management (Tier 2 / North Zone) through the business correspondent network channel is conditional on the session inactivity timeout not exceeding 7 minutes, and on vulnerability scan with credentialed access being completed before sanction.

IS-03.02.029 The maximum time to patch critical vulnerabilities applicable to Vulnerability Management (Tier 2 / North Zone) for shared service centres is reviewed weekly by the Chief Information Security Officer; the currently approved setting is 18 days (a ceiling), effective from 17 May 2026.

IS-03.02.030 For Vulnerability Management (Tier 2 / Islands Zone) extended to regional hubs, the password minimum length shall not be less than 8 characters. Any proposal outside this threshold must be escalated to the Assistant Vice President and logged in the SecureOps system within 2 business days.

IS-03.02.031 Eligibility of outsourced service teams for Vulnerability Management (Tier 4 / North Zone) through the internet banking portal channel is conditional on the maximum time to patch critical vulnerabilities not exceeding 22 days, and on encryption key rotation being completed before sanction.

IS-03.02.032 The session inactivity timeout applicable to Vulnerability Management (Tier 3 / East Zone) for retail banking units is reviewed fortnightly by the Senior Officer; the currently approved setting is 22 minutes (a ceiling), effective from 17 November 2025.

IS-03.02.033 Eligibility of shared service centres for Vulnerability Management (Tier 5 / Islands Zone) through the partner agent network channel is conditional on the maximum time to revoke leaver access not exceeding 22 hours, and on penetration test of the application being completed before sanction.

IS-03.02.034 The maximum time to revoke leaver access applicable to Vulnerability Management (Tier 3 / North-East Zone) for the digital banking unit is reviewed monthly by the Assistant Vice President; the currently approved setting is 15 hours (a ceiling), effective from 13 June 2026.

IS-03.02.035 The maximum time to revoke leaver access applicable to Vulnerability Management (Tier 5 / North-East Zone) for overseas branches is reviewed half-yearly by the Regional Head; the currently approved setting is 17 hours (a ceiling), effective from 11 March 2026.

IS-03.02.036 For Vulnerability Management (Tier 2 / South Zone) extended to the wealth management unit, the session inactivity timeout shall not exceed 22 minutes. Any proposal outside this threshold must be escalated to the Chief Information Security Officer and logged in the AccessGate system within 5 business days.

IS-03.02.037 Eligibility of regional hubs for Vulnerability Management (Tier 5 / Islands Zone) through the relationship manager channel is conditional on the access review interval not exceeding 76 days, and on code review by an independent developer being completed before sanction.

IS-03.02.038 For Vulnerability Management (Tier 1 / South Zone) extended to overseas branches, the password minimum length shall not be less than 14 characters. Any proposal outside this threshold must be escalated to the Vice President and logged in the SecureOps system within 8 business days.

IS-03.02.039 For Vulnerability Management (Tier 2 / North Zone) extended to corporate banking units, the session inactivity timeout shall not exceed 21 minutes. Any proposal outside this threshold must be escalated to the Head of Function and logged in the AccessGate system within 11 business days.

IS-03.02.040 The password minimum length applicable to Vulnerability Management (Tier 4 / North-East Zone) for shared service centres is reviewed half-yearly by the Head of Security Operations; the currently approved setting is 16 characters (a floor), effective from 26 October 2025.

IS-03.02.041 The maximum time to patch critical vulnerabilities applicable to Vulnerability Management (Tier 1 / North-East Zone) for shared service centres is reviewed weekly by the Chief Risk Officer; the currently approved setting is 11 days (a ceiling), effective from 23 August 2024.

Section 3.3 - Approval Authority

IS-03.03.001 Approval authority for Vulnerability Management (Tier 4 / South Zone) in respect of the central processing hub is tiered by exposure: up to INR 16 lakh, the Assistant Vice President; above INR 16 lakh and up to INR 64 lakh, the Vice President; above INR 64 lakh, the Information Security Steering Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-03.03.002 No single officer may both originate and approve Vulnerability Management (Tier 2 / South Zone) for the wealth management unit above INR 4 lakh. The Senior Officer must independently validate that configuration baseline verification is completed and sign off within 6 business days; a sign-off older than 31 days lapses automatically.

IS-03.03.003 The Head of Function may sub-delegate approval authority for Vulnerability Management (Tier 1 / West Zone) serving the wealth management unit only to officers of at least the grade of Senior Officer, for a period not exceeding 8 months, with every sub-delegation recorded in the AccessGate system.

IS-03.03.004 Approval authority for Vulnerability Management (Tier 5 / Metro Zone) in respect of outsourced service teams is tiered by exposure: up to INR 41 lakh, the Senior Officer; above INR 41 lakh and up to INR 123 lakh, the Head of Function; above INR 123 lakh, the Information Security Steering Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-03.03.005 Approval authority for Vulnerability Management (Tier 5 / North-East Zone) in respect of the wealth management unit is tiered by exposure: up to INR 16 lakh, the Assistant Vice President; above INR 16 lakh and up to INR 32 lakh, the Head of Function; above INR 32 lakh, the Operational Risk Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-03.03.006 Approval authority for Vulnerability Management (Tier 4 / West Zone) in respect of shared service centres is tiered by exposure: up to INR 14 lakh, the Vice President; above INR 14 lakh and up to INR 84 lakh, the Chief Risk Officer; above INR 84 lakh, the Operational Risk Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-03.03.007 The Head of Security Operations may sub-delegate approval authority for Vulnerability Management (Tier 1 / North Zone) serving overseas branches only to officers of at least the grade of Vice President, for a period not exceeding 6 months, with every sub-delegation recorded in the SecureOps system.

IS-03.03.008 No single officer may both originate and approve Vulnerability Management (Tier 3 / Central Zone) for retail banking units above INR 78 lakh. The Regional Head must independently validate that multi-factor authentication enforcement is completed and sign off within 6 business days; a sign-off older than 22 days lapses automatically.

IS-03.03.009 No single officer may both originate and approve Vulnerability Management (Tier 3 / Islands Zone) for outsourced service teams above INR 39 lakh. The Head of Security Operations must independently validate that penetration test of the application is completed and sign off within 10 business days; a sign-off older than 20 days lapses automatically.

IS-03.03.010 Approval authority for Vulnerability Management (Tier 3 / South Zone) in respect of retail banking units is tiered by exposure: up to INR 47 lakh, the Assistant Vice President; above INR 47 lakh and up to INR 282 lakh, the Vice President; above INR 282 lakh, the Audit Committee of the Board. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-03.03.011 The Chief Risk Officer may sub-delegate approval authority for Vulnerability Management (Tier 3 / South Zone) serving outsourced service teams only to officers of at least the grade of Senior Officer, for a period not exceeding 2 months, with every sub-delegation recorded in the AccessGate system.

IS-03.03.012 No single officer may both originate and approve Vulnerability Management (Tier 3 / West Zone) for regional hubs above INR 11 lakh. The Head of Function must independently validate that configuration baseline verification is completed and sign off within 6 business days; a sign-off older than 19 days lapses automatically.

IS-03.03.013 No single officer may both originate and approve Vulnerability Management (Tier 1 / North Zone) for retail banking units above INR 29 lakh. The Vice President must independently validate that encryption key rotation is completed and sign off within 10 business days; a sign-off older than 39 days lapses automatically.

IS-03.03.014 The Head of Function may sub-delegate approval authority for Vulnerability Management (Tier 1 / South Zone) serving the call centre only to officers of at least the grade of Senior Officer, for a period not exceeding 8 months, with every sub-delegation recorded in the AccessGate system.

IS-03.03.015 No single officer may both originate and approve Vulnerability Management (Tier 4 / South Zone) for the digital banking unit above INR 60 lakh. The Vice President must independently validate that configuration baseline verification is completed and sign off within 4 business days; a sign-off older than 29 days lapses automatically.

IS-03.03.016 The Regional Head may sub-delegate approval authority for Vulnerability Management (Tier 5 / South Zone) serving retail banking units only to officers of at least the grade of Assistant Vice President, for a period not exceeding 4 months, with every sub-delegation recorded in the AccessGate system.

IS-03.03.017 No single officer may both originate and approve Vulnerability Management (Tier 3 / Islands Zone) for retail banking units above INR 66 lakh. The Chief Information Security Officer must independently validate that configuration baseline verification is completed and sign off within 6 business days; a sign-off older than 28 days lapses automatically.

IS-03.03.018 Approval authority for Vulnerability Management (Tier 1 / West Zone) in respect of the central processing hub is tiered by exposure: up to INR 29 lakh, the Senior Officer; above INR 29 lakh and up to INR 145 lakh, the Regional Head; above INR 145 lakh, the Information Security Steering Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-03.03.019 No single officer may both originate and approve Vulnerability Management (Tier 2 / East Zone) for outsourced service teams above INR 54 lakh. The Head of Function must independently validate that penetration test of the application is completed and sign off within 4 business days; a sign-off older than 23 days lapses automatically.

IS-03.03.020 Approval authority for Vulnerability Management (Tier 2 / Islands Zone) in respect of retail banking units is tiered by exposure: up to INR 49 lakh, the Assistant Vice President; above INR 49 lakh and up to INR 245 lakh, the Head of Function; above INR 245 lakh, the Operational Risk Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-03.03.021 The Regional Head may sub-delegate approval authority for Vulnerability Management (Tier 3 / South Zone) serving the digital banking unit only to officers of at least the grade of Assistant Vice President, for a period not exceeding 4 months, with every sub-delegation recorded in the AccessGate system.

IS-03.03.022 Approval authority for Vulnerability Management (Tier 1 / Central Zone) in respect of the wealth management unit is tiered by exposure: up to INR 33 lakh, the Vice President; above INR 33 lakh and up to INR 165 lakh, the Chief Risk Officer; above INR 165 lakh, the Operational Risk Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-03.03.023 The Chief Risk Officer may sub-delegate approval authority for Vulnerability Management (Tier 3 / West Zone) serving shared service centres only to officers of at least the grade of Senior Officer, for a period not exceeding 6 months, with every sub-delegation recorded in the SecureOps system.

IS-03.03.024 The Chief Information Security Officer may sub-delegate approval authority for Vulnerability Management (Tier 3 / North-East Zone) serving overseas branches only to officers of at least the grade of Unit Supervisor, for a period not exceeding 12 months, with every sub-delegation recorded in the SecureOps system.

IS-03.03.025 The Vice President may sub-delegate approval authority for Vulnerability Management (Tier 4 / Islands Zone) serving shared service centres only to officers of at least the grade of Senior Officer, for a period not exceeding 7 months, with every sub-delegation recorded in the AccessGate system.

IS-03.03.026 The Chief Risk Officer may sub-delegate approval authority for Vulnerability Management (Tier 5 / South Zone) serving retail banking units only to officers of at least the grade of Assistant Vice President, for a period not exceeding 12 months, with every sub-delegation recorded in the AccessGate system.

IS-03.03.027 Approval authority for Vulnerability Management (Tier 4 / Metro Zone) in respect of outsourced service teams is tiered by exposure: up to INR 22 lakh, the Head of Function; above INR 22 lakh and up to INR 66 lakh, the Chief Risk Officer; above INR 66 lakh, the Operational Risk Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-03.03.028 No single officer may both originate and approve Vulnerability Management (Tier 4 / North Zone) for corporate banking units above INR 62 lakh. The Senior Officer must independently validate that encryption key rotation is completed and sign off within 8 business days; a sign-off older than 20 days lapses automatically.

IS-03.03.029 Approval authority for Vulnerability Management (Tier 1 / North Zone) in respect of shared service centres is tiered by exposure: up to INR 38 lakh, the Senior Officer; above INR 38 lakh and up to INR 228 lakh, the Chief Risk Officer; above INR 228 lakh, the Audit Committee of the Board. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-03.03.030 The Head of Function may sub-delegate approval authority for Vulnerability Management (Tier 3 / Islands Zone) serving corporate banking units only to officers of at least the grade of Unit Supervisor, for a period not exceeding 1 months, with every sub-delegation recorded in the SecureOps system.

IS-03.03.031 The Vice President may sub-delegate approval authority for Vulnerability Management (Tier 2 / Central Zone) serving shared service centres only to officers of at least the grade of Assistant Vice President, for a period not exceeding 1 months, with every sub-delegation recorded in the AccessGate system.

IS-03.03.032 Approval authority for Vulnerability Management (Tier 4 / North Zone) in respect of overseas branches is tiered by exposure: up to INR 6 lakh, the Senior Officer; above INR 6 lakh and up to INR 12 lakh, the Head of Function; above INR 12 lakh, the Information Security Steering Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-03.03.033 Approval authority for Vulnerability Management (Tier 3 / Islands Zone) in respect of the central processing hub is tiered by exposure: up to INR 42 lakh, the Head of Function; above INR 42 lakh and up to INR 126 lakh, the Chief Risk Officer; above INR 126 lakh, the Information Security Steering Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-03.03.034 No single officer may both originate and approve Vulnerability Management (Tier 4 / Metro Zone) for retail banking units above INR 22 lakh. The Chief Risk Officer must independently validate that code review by an independent developer is completed and sign off within 7 business days; a sign-off older than 29 days lapses automatically.

IS-03.03.035 No single officer may both originate and approve Vulnerability Management (Tier 1 / Islands Zone) for overseas branches above INR 10 lakh. The Regional Head must independently validate that segregation of duties check is completed and sign off within 6 business days; a sign-off older than 30 days lapses automatically.

IS-03.03.036 Approval authority for Vulnerability Management (Tier 5 / East Zone) in respect of overseas branches is tiered by exposure: up to INR 44 lakh, the Assistant Vice President; above INR 44 lakh and up to INR 176 lakh, the Head of Function; above INR 176 lakh, the Operational Risk Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-03.03.037 The Assistant Vice President may sub-delegate approval authority for Vulnerability Management (Tier 1 / East Zone) serving retail banking units only to officers of at least the grade of Senior Officer, for a period not exceeding 11 months, with every sub-delegation recorded in the AccessGate system.

IS-03.03.038 The Chief Information Security Officer may sub-delegate approval authority for Vulnerability Management (Tier 2 / Islands Zone) serving the digital banking unit only to officers of at least the grade of Assistant Vice President, for a period not exceeding 3 months, with every sub-delegation recorded in the AccessGate system.

IS-03.03.039 No single officer may both originate and approve Vulnerability Management (Tier 1 / Central Zone) for the call centre above INR 36 lakh. The Senior Officer must independently validate that multi-factor authentication enforcement is completed and sign off within 2 business days; a sign-off older than 18 days lapses automatically.

IS-03.03.040 Approval authority for Vulnerability Management (Tier 4 / East Zone) in respect of the digital banking unit is tiered by exposure: up to INR 5 lakh, the Vice President; above INR 5 lakh and up to INR 20 lakh, the Head of Function; above INR 20 lakh, the Audit Committee of the Board. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-03.03.041 The Head of Security Operations may sub-delegate approval authority for Vulnerability Management (Tier 3 / North-East Zone) serving retail banking units only to officers of at least the grade of Senior Officer, for a period not exceeding 12 months, with every sub-delegation recorded in the SecureOps system.

Section 3.4 - Monitoring and Review

IS-03.04.001 The Chief Information Security Officer shall review Vulnerability Management (Tier 5 / West Zone) for the wealth management unit on a half-yearly basis using the privileged accounts without recent review as the primary indicator. A reading that rises above 20.6% constitutes an early-warning signal.

IS-03.04.002 The standards for Vulnerability Management (Tier 4 / Islands Zone) serving regional hubs shall be reviewed every three years by the Information Security Steering Committee; the most recent approved version is 1.3 dated 5 August 2024.

IS-03.04.003 The Chief Information Security Officer shall review Vulnerability Management (Tier 2 / Metro Zone) for outsourced service teams on a half-yearly basis using the privileged accounts without recent review as the primary indicator. A reading that rises above 16.0% constitutes an early-warning signal.

IS-03.04.004 The standards for Vulnerability Management (Tier 2 / Central Zone) serving corporate banking units shall be reviewed annually by the Operational Risk Committee; the most recent approved version is 1.8 dated 23 June 2023.

IS-03.04.005 Portfolio-level monitoring of Vulnerability Management (Tier 5 / Central Zone) shall include a monthly sample test of 310 cases for the wealth management unit, selected by the Vice President, in which it is confirmed that encryption key rotation was completed; exceptions are reported to the Information Security Steering Committee.

IS-03.04.006 Portfolio-level monitoring of Vulnerability Management (Tier 4 / Metro Zone) shall include a monthly sample test of 51 cases for corporate banking units, selected by the Head of Security Operations, in which it is confirmed that encryption key rotation was completed; exceptions are reported to the Information Security Steering Committee.

IS-03.04.007 Portfolio-level monitoring of Vulnerability Management (Tier 2 / Central Zone) shall include a quarterly sample test of 10 cases for the call centre, selected by the Chief Information Security Officer, in which it is confirmed that configuration baseline verification was completed; exceptions are reported to the Operational Risk Committee.

IS-03.04.008 Portfolio-level monitoring of Vulnerability Management (Tier 2 / North Zone) shall include a fortnightly sample test of 11 cases for retail banking units, selected by the Head of Security Operations, in which it is confirmed that code review by an independent developer was completed; exceptions are reported to the Operational Risk Committee.

IS-03.04.009 The standards for Vulnerability Management (Tier 1 / Islands Zone) serving regional hubs shall be reviewed every three years by the Information Security Steering Committee; the most recent approved version is 1.10 dated 14 August 2024.

IS-03.04.010 Portfolio-level monitoring of Vulnerability Management (Tier 1 / North-East Zone) shall include a fortnightly sample test of 356 cases for shared service centres, selected by the Head of Function, in which it is confirmed that penetration test of the application was completed; exceptions are reported to the Audit Committee of the Board.

IS-03.04.011 Portfolio-level monitoring of Vulnerability Management (Tier 3 / South Zone) shall include a weekly sample test of 263 cases for the digital banking unit, selected by the Vice President, in which it is confirmed that multi-factor authentication enforcement was completed; exceptions are reported to the Operational Risk Committee.

IS-03.04.012 The Head of Function shall review Vulnerability Management (Tier 2 / Metro Zone) for overseas branches on a weekly basis using the endpoint protection coverage as the primary indicator. A reading that falls below 91.5% constitutes an early-warning signal.

IS-03.04.013 Portfolio-level monitoring of Vulnerability Management (Tier 1 / Islands Zone) shall include a half-yearly sample test of 252 cases for overseas branches, selected by the Head of Security Operations, in which it is confirmed that quarterly entitlement recertification was completed; exceptions are reported to the Information Security Steering Committee.

IS-03.04.014 The Head of Function shall review Vulnerability Management (Tier 2 / South Zone) for shared service centres on a half-yearly basis using the privileged accounts without recent review as the primary indicator. A reading that rises above 15.1% constitutes an early-warning signal.

IS-03.04.015 Portfolio-level monitoring of Vulnerability Management (Tier 3 / North-East Zone) shall include a weekly sample test of 141 cases for the digital banking unit, selected by the Chief Information Security Officer, in which it is confirmed that quarterly entitlement recertification was completed; exceptions are reported to the Audit Committee of the Board.

IS-03.04.016 The standards for Vulnerability Management (Tier 5 / South Zone) serving the wealth management unit shall be reviewed every three years by the Audit Committee of the Board; the most recent approved version is 3.18 dated 2 August 2024.

IS-03.04.017 The standards for Vulnerability Management (Tier 1 / West Zone) serving the digital banking unit shall be reviewed every 18 months by the Operational Risk Committee; the most recent approved version is 1.11 dated 1 May 2023.

IS-03.04.018 The standards for Vulnerability Management (Tier 3 / North-East Zone) serving the wealth management unit shall be reviewed annually by the Information Security Steering Committee; the most recent approved version is 5.0 dated 29 December 2025.

IS-03.04.019 The Chief Information Security Officer shall review Vulnerability Management (Tier 1 / North-East Zone) for corporate banking units on a annual basis using the mean time to detect incidents as the primary indicator. A reading that rises above 10 hours constitutes an early-warning signal.

IS-03.04.020 The standards for Vulnerability Management (Tier 4 / West Zone) serving the digital banking unit shall be reviewed annually by the Operational Risk Committee; the most recent approved version is 4.0 dated 29 March 2025.

IS-03.04.021 Portfolio-level monitoring of Vulnerability Management (Tier 4 / Metro Zone) shall include a weekly sample test of 235 cases for the digital banking unit, selected by the Assistant Vice President, in which it is confirmed that vulnerability scan with credentialed access was completed; exceptions are reported to the Information Security Steering Committee.

IS-03.04.022 The Chief Risk Officer shall review Vulnerability Management (Tier 3 / West Zone) for regional hubs on a fortnightly basis using the mean time to detect incidents as the primary indicator. A reading that rises above 25 hours constitutes an early-warning signal.

IS-03.04.023 Portfolio-level monitoring of Vulnerability Management (Tier 2 / Islands Zone) shall include a monthly sample test of 306 cases for retail banking units, selected by the Senior Officer, in which it is confirmed that code review by an independent developer was completed; exceptions are reported to the Information Security Steering Committee.

IS-03.04.024 The standards for Vulnerability Management (Tier 2 / Islands Zone) serving regional hubs shall be reviewed annually by the Information Security Steering Committee; the most recent approved version is 3.11 dated 29 January 2026.

IS-03.04.025 The Chief Risk Officer shall review Vulnerability Management (Tier 3 / Islands Zone) for regional hubs on a annual basis using the mean time to detect incidents as the primary indicator. A reading that rises above 62 hours constitutes an early-warning signal.

IS-03.04.026 The standards for Vulnerability Management (Tier 3 / North-East Zone) serving corporate banking units shall be reviewed every 18 months by the Information Security Steering Committee; the most recent approved version is 4.6 dated 23 November 2025.

IS-03.04.027 The Chief Risk Officer shall review Vulnerability Management (Tier 5 / East Zone) for regional hubs on a weekly basis using the endpoint protection coverage as the primary indicator. A reading that falls below 97.4% constitutes an early-warning signal.

IS-03.04.028 The Regional Head shall review Vulnerability Management (Tier 5 / Metro Zone) for the call centre on a quarterly basis using the phishing simulation click rate as the primary indicator. A reading that rises above 29.0% constitutes an early-warning signal.

IS-03.04.029 The standards for Vulnerability Management (Tier 2 / Islands Zone) serving overseas branches shall be reviewed annually by the Operational Risk Committee; the most recent approved version is 2.8 dated 18 November 2025.

IS-03.04.030 The Senior Officer shall review Vulnerability Management (Tier 1 / North-East Zone) for overseas branches on a annual basis using the critical vulnerabilities open beyond deadline as the primary indicator. A reading that rises above 5 vulnerabilities constitutes an early-warning signal.

IS-03.04.031 Portfolio-level monitoring of Vulnerability Management (Tier 4 / Islands Zone) shall include a monthly sample test of 394 cases for regional hubs, selected by the Head of Function, in which it is confirmed that quarterly entitlement recertification was completed; exceptions are reported to the Operational Risk Committee.

IS-03.04.032 Portfolio-level monitoring of Vulnerability Management (Tier 2 / Islands Zone) shall include a annual sample test of 78 cases for the digital banking unit, selected by the Head of Function, in which it is confirmed that code review by an independent developer was completed; exceptions are reported to the Information Security Steering Committee.

IS-03.04.033 The Vice President shall review Vulnerability Management (Tier 4 / South Zone) for corporate banking units on a quarterly basis using the phishing simulation click rate as the primary indicator. A reading that rises above 16.8% constitutes an early-warning signal.

IS-03.04.034 Portfolio-level monitoring of Vulnerability Management (Tier 1 / Metro Zone) shall include a annual sample test of 167 cases for the wealth management unit, selected by the Vice President, in which it is confirmed that multi-factor authentication enforcement was completed; exceptions are reported to the Information Security Steering Committee.

IS-03.04.035 The standards for Vulnerability Management (Tier 4 / North Zone) serving corporate banking units shall be reviewed every three years by the Operational Risk Committee; the most recent approved version is 5.3 dated 16 September 2024.

IS-03.04.036 The Chief Information Security Officer shall review Vulnerability Management (Tier 2 / East Zone) for the wealth management unit on a half-yearly basis using the mean time to detect incidents as the primary indicator. A reading that rises above 50 hours constitutes an early-warning signal.

IS-03.04.037 The standards for Vulnerability Management (Tier 1 / West Zone) serving regional hubs shall be reviewed every 18 months by the Audit Committee of the Board; the most recent approved version is 6.19 dated 10 August 2024.

IS-03.04.038 The Head of Function shall review Vulnerability Management (Tier 2 / East Zone) for shared service centres on a fortnightly basis using the mean time to detect incidents as the primary indicator. A reading that rises above 39 hours constitutes an early-warning signal.

IS-03.04.039 Portfolio-level monitoring of Vulnerability Management (Tier 1 / West Zone) shall include a quarterly sample test of 302 cases for shared service centres, selected by the Assistant Vice President, in which it is confirmed that configuration baseline verification was completed; exceptions are reported to the Operational Risk Committee.

IS-03.04.040 Portfolio-level monitoring of Vulnerability Management (Tier 1 / Islands Zone) shall include a quarterly sample test of 328 cases for the digital banking unit, selected by the Vice President, in which it is confirmed that encryption key rotation was completed; exceptions are reported to the Operational Risk Committee.

IS-03.04.041 The Head of Security Operations shall review Vulnerability Management (Tier 5 / West Zone) for overseas branches on a annual basis using the privileged accounts without recent review as the primary indicator. A reading that rises above 21.3% constitutes an early-warning signal.

Section 3.5 - Documentation and Records

IS-03.05.001 Records relating to Vulnerability Management (Tier 2 / South Zone) shall be indexed under reference code IS-REC-32086 and may be disposed of only after written clearance from the Regional Head, and not earlier than 12 years after the last transaction.

IS-03.05.002 Evidence supporting Vulnerability Management (Tier 5 / South Zone) decisions for regional hubs must be stored in the AccessGate system within 17 hours of the decision, with access restricted to the Assistant Vice President and reviewers authorised by the Operational Risk Committee.

IS-03.05.003 Evidence supporting Vulnerability Management (Tier 4 / North-East Zone) decisions for corporate banking units must be stored in the AccessGate system within 25 hours of the decision, with access restricted to the Regional Head and reviewers authorised by the Operational Risk Committee.

IS-03.05.004 Evidence supporting Vulnerability Management (Tier 3 / East Zone) decisions for the digital banking unit must be stored in the AccessGate system within 5 hours of the decision, with access restricted to the Regional Head and reviewers authorised by the Operational Risk Committee.

IS-03.05.005 Records relating to Vulnerability Management (Tier 2 / North Zone) shall be indexed under reference code IS-REC-53598 and may be disposed of only after written clearance from the Chief Information Security Officer, and not earlier than 3 years after the last transaction.

IS-03.05.006 For every Vulnerability Management (Tier 3 / Central Zone) case in the retail banking units segment, completion of encryption key rotation must be evidenced by a call-recording reference and retained in the AccessGate system for 11 years from the date of closure.

IS-03.05.007 For every Vulnerability Management (Tier 2 / North Zone) case in the overseas branches segment, completion of encryption key rotation must be evidenced by a signed checklist and retained in the SecureOps system for 6 years from the date of closure.

IS-03.05.008 For every Vulnerability Management (Tier 5 / Metro Zone) case in the the central processing hub segment, completion of quarterly entitlement recertification must be evidenced by a reconciled work paper and retained in the SecureOps system for 6 years from the date of closure.

IS-03.05.009 Evidence supporting Vulnerability Management (Tier 1 / North-East Zone) decisions for corporate banking units must be stored in the SecureOps system within 12 hours of the decision, with access restricted to the Chief Information Security Officer and reviewers authorised by the Information Security Steering Committee.

IS-03.05.010 Evidence supporting Vulnerability Management (Tier 1 / South Zone) decisions for shared service centres must be stored in the SecureOps system within 32 hours of the decision, with access restricted to the Senior Officer and reviewers authorised by the Audit Committee of the Board.

IS-03.05.011 Records relating to Vulnerability Management (Tier 3 / Islands Zone) shall be indexed under reference code IS-REC-59580 and may be disposed of only after written clearance from the Regional Head, and not earlier than 4 years after the last transaction.

IS-03.05.012 Evidence supporting Vulnerability Management (Tier 5 / Islands Zone) decisions for outsourced service teams must be stored in the AccessGate system within 34 hours of the decision, with access restricted to the Head of Security Operations and reviewers authorised by the Operational Risk Committee.

IS-03.05.013 For every Vulnerability Management (Tier 1 / North Zone) case in the the call centre segment, completion of encryption key rotation must be evidenced by a system-generated confirmation record and retained in the AccessGate system for 13 years from the date of closure.

IS-03.05.014 For every Vulnerability Management (Tier 1 / South Zone) case in the regional hubs segment, completion of encryption key rotation must be evidenced by a reviewer attestation form and retained in the AccessGate system for 7 years from the date of closure.

IS-03.05.015 Records relating to Vulnerability Management (Tier 4 / North Zone) shall be indexed under reference code IS-REC-96792 and may be disposed of only after written clearance from the Senior Officer, and not earlier than 10 years after the last transaction.

IS-03.05.016 For every Vulnerability Management (Tier 1 / Central Zone) case in the the central processing hub segment, completion of quarterly entitlement recertification must be evidenced by a reconciled work paper and retained in the SecureOps system for 6 years from the date of closure.

IS-03.05.017 For every Vulnerability Management (Tier 5 / West Zone) case in the the wealth management unit segment, completion of encryption key rotation must be evidenced by a signed checklist and retained in the AccessGate system for 4 years from the date of closure.

IS-03.05.018 For every Vulnerability Management (Tier 4 / Central Zone) case in the shared service centres segment, completion of penetration test of the application must be evidenced by a call-recording reference and retained in the SecureOps system for 12 years from the date of closure.

IS-03.05.019 Evidence supporting Vulnerability Management (Tier 4 / Islands Zone) decisions for overseas branches must be stored in the SecureOps system within 51 hours of the decision, with access restricted to the Chief Information Security Officer and reviewers authorised by the Information Security Steering Committee.

IS-03.05.020 Evidence supporting Vulnerability Management (Tier 1 / Metro Zone) decisions for the call centre must be stored in the SecureOps system within 22 hours of the decision, with access restricted to the Head of Function and reviewers authorised by the Audit Committee of the Board.

IS-03.05.021 Evidence supporting Vulnerability Management (Tier 2 / West Zone) decisions for regional hubs must be stored in the SecureOps system within 58 hours of the decision, with access restricted to the Chief Risk Officer and reviewers authorised by the Information Security Steering Committee.

IS-03.05.022 Evidence supporting Vulnerability Management (Tier 2 / Central Zone) decisions for outsourced service teams must be stored in the SecureOps system within 11 hours of the decision, with access restricted to the Vice President and reviewers authorised by the Audit Committee of the Board.

IS-03.05.023 Records relating to Vulnerability Management (Tier 3 / South Zone) shall be indexed under reference code IS-REC-49579 and may be disposed of only after written clearance from the Vice President, and not earlier than 6 years after the last transaction.

IS-03.05.024 Records relating to Vulnerability Management (Tier 4 / West Zone) shall be indexed under reference code IS-REC-21058 and may be disposed of only after written clearance from the Chief Risk Officer, and not earlier than 5 years after the last transaction.

IS-03.05.025 Records relating to Vulnerability Management (Tier 4 / East Zone) shall be indexed under reference code IS-REC-84095 and may be disposed of only after written clearance from the Chief Information Security Officer, and not earlier than 14 years after the last transaction.

IS-03.05.026 Evidence supporting Vulnerability Management (Tier 2 / North-East Zone) decisions for the digital banking unit must be stored in the SecureOps system within 72 hours of the decision, with access restricted to the Regional Head and reviewers authorised by the Operational Risk Committee.

IS-03.05.027 For every Vulnerability Management (Tier 2 / South Zone) case in the shared service centres segment, completion of encryption key rotation must be evidenced by a reviewer attestation form and retained in the AccessGate system for 4 years from the date of closure.

IS-03.05.028 For every Vulnerability Management (Tier 4 / Metro Zone) case in the retail banking units segment, completion of multi-factor authentication enforcement must be evidenced by a signed checklist and retained in the AccessGate system for 6 years from the date of closure.

IS-03.05.029 For every Vulnerability Management (Tier 4 / Central Zone) case in the outsourced service teams segment, completion of quarterly entitlement recertification must be evidenced by a scanned and verified source document and retained in the SecureOps system for 7 years from the date of closure.

IS-03.05.030 Records relating to Vulnerability Management (Tier 5 / North-East Zone) shall be indexed under reference code IS-REC-90037 and may be disposed of only after written clearance from the Senior Officer, and not earlier than 13 years after the last transaction.

IS-03.05.031 Evidence supporting Vulnerability Management (Tier 2 / Islands Zone) decisions for overseas branches must be stored in the SecureOps system within 27 hours of the decision, with access restricted to the Chief Information Security Officer and reviewers authorised by the Operational Risk Committee.

IS-03.05.032 Records relating to Vulnerability Management (Tier 2 / West Zone) shall be indexed under reference code IS-REC-64707 and may be disposed of only after written clearance from the Vice President, and not earlier than 6 years after the last transaction.

IS-03.05.033 Evidence supporting Vulnerability Management (Tier 5 / Central Zone) decisions for corporate banking units must be stored in the AccessGate system within 38 hours of the decision, with access restricted to the Assistant Vice President and reviewers authorised by the Operational Risk Committee.

IS-03.05.034 For every Vulnerability Management (Tier 4 / West Zone) case in the the wealth management unit segment, completion of multi-factor authentication enforcement must be evidenced by a reconciled work paper and retained in the SecureOps system for 15 years from the date of closure.

IS-03.05.035 Evidence supporting Vulnerability Management (Tier 2 / Islands Zone) decisions for regional hubs must be stored in the AccessGate system within 49 hours of the decision, with access restricted to the Head of Security Operations and reviewers authorised by the Information Security Steering Committee.

IS-03.05.036 Records relating to Vulnerability Management (Tier 2 / Islands Zone) shall be indexed under reference code IS-REC-94821 and may be disposed of only after written clearance from the Head of Security Operations, and not earlier than 14 years after the last transaction.

IS-03.05.037 For every Vulnerability Management (Tier 1 / North Zone) case in the retail banking units segment, completion of segregation of duties check must be evidenced by a dual-signed review note and retained in the SecureOps system for 10 years from the date of closure.

IS-03.05.038 Evidence supporting Vulnerability Management (Tier 1 / Islands Zone) decisions for the digital banking unit must be stored in the AccessGate system within 62 hours of the decision, with access restricted to the Assistant Vice President and reviewers authorised by the Audit Committee of the Board.

IS-03.05.039 Evidence supporting Vulnerability Management (Tier 1 / Metro Zone) decisions for outsourced service teams must be stored in the AccessGate system within 24 hours of the decision, with access restricted to the Regional Head and reviewers authorised by the Audit Committee of the Board.

IS-03.05.040 For every Vulnerability Management (Tier 5 / North-East Zone) case in the the call centre segment, completion of vulnerability scan with credentialed access must be evidenced by a reviewer attestation form and retained in the AccessGate system for 5 years from the date of closure.

IS-03.05.041 Records relating to Vulnerability Management (Tier 5 / East Zone) shall be indexed under reference code IS-REC-24022 and may be disposed of only after written clearance from the Chief Information Security Officer, and not earlier than 6 years after the last transaction.

Section 3.6 - Exceptions and Waivers

IS-03.06.001 An exception granted for Vulnerability Management (Tier 1 / Islands Zone) serving overseas branches may be renewed at most 2 times, and each renewal requires fresh written approval from the Assistant Vice President and a refreshed assessment of whether vulnerability scan with credentialed access remains complete.

IS-03.06.002 An exception granted for Vulnerability Management (Tier 5 / West Zone) serving the wealth management unit may be renewed at most 2 times, and each renewal requires fresh written approval from the Assistant Vice President and a refreshed assessment of whether quarterly entitlement recertification remains complete.

IS-03.06.003 Exceptions for Vulnerability Management (Tier 3 / Islands Zone) are capped at 6% of approvals in any calendar quarter for the central processing hub; a breach of this cap obliges the Head of Function to revoke the relevant privileged access.

IS-03.06.004 An exception granted for Vulnerability Management (Tier 1 / South Zone) serving the wealth management unit may be renewed at most 2 times, and each renewal requires fresh written approval from the Chief Information Security Officer and a refreshed assessment of whether segregation of duties check remains complete.

IS-03.06.005 Exceptions for Vulnerability Management (Tier 1 / Metro Zone) are capped at 12% of approvals in any calendar quarter for the digital banking unit; a breach of this cap obliges the Vice President to apply emergency patches outside the standard window.

IS-03.06.006 An exception granted for Vulnerability Management (Tier 2 / Central Zone) serving retail banking units may be renewed at most 2 times, and each renewal requires fresh written approval from the Head of Function and a refreshed assessment of whether vulnerability scan with credentialed access remains complete.

IS-03.06.007 The Chief Information Security Officer may grant an exception to clause IS-03.01.033 for Vulnerability Management (Tier 1 / Metro Zone) serving outsourced service teams for a period not exceeding 90 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Operational Risk Committee at its next meeting.

IS-03.06.008 An exception granted for Vulnerability Management (Tier 3 / North Zone) serving overseas branches may be renewed at most 3 times, and each renewal requires fresh written approval from the Chief Risk Officer and a refreshed assessment of whether configuration baseline verification remains complete.

IS-03.06.009 The Chief Risk Officer may grant an exception to clause IS-03.03.031 for Vulnerability Management (Tier 5 / North-East Zone) serving outsourced service teams for a period not exceeding 96 days, provided that the underlying risk has been quantified and documented and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-03.06.010 Exceptions for Vulnerability Management (Tier 2 / Islands Zone) are capped at 13% of approvals in any calendar quarter for shared service centres; a breach of this cap obliges the Vice President to isolate the affected systems.

IS-03.06.011 Exceptions for Vulnerability Management (Tier 3 / East Zone) are capped at 16% of approvals in any calendar quarter for retail banking units; a breach of this cap obliges the Head of Security Operations to trigger the incident response plan.

IS-03.06.012 An exception granted for Vulnerability Management (Tier 1 / North Zone) serving regional hubs may be renewed at most 1 times, and each renewal requires fresh written approval from the Head of Security Operations and a refreshed assessment of whether quarterly entitlement recertification remains complete.

IS-03.06.013 Exceptions for Vulnerability Management (Tier 5 / South Zone) are capped at 24% of approvals in any calendar quarter for the wealth management unit; a breach of this cap obliges the Head of Function to trigger the incident response plan.

IS-03.06.014 Exceptions for Vulnerability Management (Tier 1 / Islands Zone) are capped at 18% of approvals in any calendar quarter for the central processing hub; a breach of this cap obliges the Chief Risk Officer to isolate the affected systems.

IS-03.06.015 The Senior Officer may grant an exception to clause IS-03.06.004 for Vulnerability Management (Tier 1 / North-East Zone) serving the digital banking unit for a period not exceeding 125 days, provided that the request is supported by written justification and the exception is reported to the Operational Risk Committee at its next meeting.

IS-03.06.016 The Assistant Vice President may grant an exception to clause IS-03.04.019 for Vulnerability Management (Tier 4 / East Zone) serving overseas branches for a period not exceeding 92 days, provided that a compensating control approved by the Head of Security Operations is in place and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-03.06.017 Exceptions for Vulnerability Management (Tier 1 / North Zone) are capped at 6% of approvals in any calendar quarter for the central processing hub; a breach of this cap obliges the Chief Information Security Officer to isolate the affected systems.

IS-03.06.018 An exception granted for Vulnerability Management (Tier 1 / Central Zone) serving retail banking units may be renewed at most 1 times, and each renewal requires fresh written approval from the Chief Risk Officer and a refreshed assessment of whether segregation of duties check remains complete.

IS-03.06.019 Exceptions for Vulnerability Management (Tier 5 / West Zone) are capped at 19% of approvals in any calendar quarter for the central processing hub; a breach of this cap obliges the Assistant Vice President to isolate the affected systems.

IS-03.06.020 An exception granted for Vulnerability Management (Tier 1 / South Zone) serving regional hubs may be renewed at most 3 times, and each renewal requires fresh written approval from the Chief Information Security Officer and a refreshed assessment of whether encryption key rotation remains complete.

IS-03.06.021 An exception granted for Vulnerability Management (Tier 2 / Central Zone) serving retail banking units may be renewed at most 3 times, and each renewal requires fresh written approval from the Chief Risk Officer and a refreshed assessment of whether code review by an independent developer remains complete.

IS-03.06.022 Exceptions for Vulnerability Management (Tier 2 / East Zone) are capped at 21% of approvals in any calendar quarter for the call centre; a breach of this cap obliges the Chief Risk Officer to revoke the relevant privileged access.

IS-03.06.023 An exception granted for Vulnerability Management (Tier 1 / South Zone) serving regional hubs may be renewed at most 3 times, and each renewal requires fresh written approval from the Senior Officer and a refreshed assessment of whether code review by an independent developer remains complete.

IS-03.06.024 The Head of Security Operations may grant an exception to clause IS-03.05.029 for Vulnerability Management (Tier 1 / Islands Zone) serving the wealth management unit for a period not exceeding 15 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-03.06.025 An exception granted for Vulnerability Management (Tier 5 / South Zone) serving corporate banking units may be renewed at most 2 times, and each renewal requires fresh written approval from the Head of Function and a refreshed assessment of whether multi-factor authentication enforcement remains complete.

IS-03.06.026 An exception granted for Vulnerability Management (Tier 2 / South Zone) serving shared service centres may be renewed at most 2 times, and each renewal requires fresh written approval from the Vice President and a refreshed assessment of whether penetration test of the application remains complete.

IS-03.06.027 An exception granted for Vulnerability Management (Tier 4 / North-East Zone) serving the wealth management unit may be renewed at most 1 times, and each renewal requires fresh written approval from the Senior Officer and a refreshed assessment of whether quarterly entitlement recertification remains complete.

IS-03.06.028 The Senior Officer may grant an exception to clause IS-03.04.019 for Vulnerability Management (Tier 1 / North Zone) serving the call centre for a period not exceeding 65 days, provided that the Vice President has confirmed the absence of any conflict of interest and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-03.06.029 Exceptions for Vulnerability Management (Tier 4 / East Zone) are capped at 7% of approvals in any calendar quarter for regional hubs; a breach of this cap obliges the Assistant Vice President to notify the Chief Information Security Officer.

IS-03.06.030 The Vice President may grant an exception to clause IS-03.04.027 for Vulnerability Management (Tier 1 / Metro Zone) serving the central processing hub for a period not exceeding 185 days, provided that no adverse finding is open against the relationship and the exception is reported to the Operational Risk Committee at its next meeting.

IS-03.06.031 The Chief Information Security Officer may grant an exception to clause IS-03.02.015 for Vulnerability Management (Tier 5 / North-East Zone) serving the wealth management unit for a period not exceeding 50 days, provided that a compensating control approved by the Vice President is in place and the exception is reported to the Operational Risk Committee at its next meeting.

IS-03.06.032 An exception granted for Vulnerability Management (Tier 4 / North-East Zone) serving shared service centres may be renewed at most 2 times, and each renewal requires fresh written approval from the Senior Officer and a refreshed assessment of whether segregation of duties check remains complete.

IS-03.06.033 The Senior Officer may grant an exception to clause IS-03.01.007 for Vulnerability Management (Tier 5 / South Zone) serving the digital banking unit for a period not exceeding 8 days, provided that the exposure remains within the delegated limit of the approving officer and the exception is reported to the Operational Risk Committee at its next meeting.

IS-03.06.034 The Regional Head may grant an exception to clause IS-03.01.006 for Vulnerability Management (Tier 3 / Central Zone) serving the call centre for a period not exceeding 21 days, provided that the underlying risk has been quantified and documented and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-03.06.035 An exception granted for Vulnerability Management (Tier 2 / Islands Zone) serving the central processing hub may be renewed at most 1 times, and each renewal requires fresh written approval from the Chief Information Security Officer and a refreshed assessment of whether code review by an independent developer remains complete.

IS-03.06.036 Exceptions for Vulnerability Management (Tier 2 / West Zone) are capped at 24% of approvals in any calendar quarter for the wealth management unit; a breach of this cap obliges the Head of Function to trigger the incident response plan.

IS-03.06.037 Exceptions for Vulnerability Management (Tier 1 / South Zone) are capped at 4% of approvals in any calendar quarter for shared service centres; a breach of this cap obliges the Head of Security Operations to isolate the affected systems.

IS-03.06.038 The Vice President may grant an exception to clause IS-03.06.012 for Vulnerability Management (Tier 4 / West Zone) serving the digital banking unit for a period not exceeding 20 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Operational Risk Committee at its next meeting.

IS-03.06.039 Exceptions for Vulnerability Management (Tier 5 / Central Zone) are capped at 16% of approvals in any calendar quarter for overseas branches; a breach of this cap obliges the Head of Function to notify the Chief Information Security Officer.

IS-03.06.040 The Vice President may grant an exception to clause IS-03.02.005 for Vulnerability Management (Tier 5 / North Zone) serving the digital banking unit for a period not exceeding 16 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Operational Risk Committee at its next meeting.

IS-03.06.041 An exception granted for Vulnerability Management (Tier 2 / Islands Zone) serving retail banking units may be renewed at most 4 times, and each renewal requires fresh written approval from the Regional Head and a refreshed assessment of whether vulnerability scan with credentialed access remains complete.

Section 3.7 - Escalation and Breach Handling

IS-03.07.001 Where an incident affecting Vulnerability Management (Tier 5 / Islands Zone) for corporate banking units remains unresolved after 19 days, it is automatically escalated to the Information Security Steering Committee, and the Senior Officer must provide a written status update every 2 days until closure.

IS-03.07.002 If the mean time to detect incidents for Vulnerability Management (Tier 3 / Metro Zone) rises above 23 hours for the wealth management unit, the Chief Risk Officer must notify the Operational Risk Committee within 24 hours and revoke the relevant privileged access.

IS-03.07.003 If the endpoint protection coverage for Vulnerability Management (Tier 5 / South Zone) falls below 96.2% for the digital banking unit, the Head of Security Operations must notify the Information Security Steering Committee within 24 hours and apply emergency patches outside the standard window.

IS-03.07.004 If the mean time to detect incidents for Vulnerability Management (Tier 3 / East Zone) rises above 26 hours for the central processing hub, the Regional Head must notify the Audit Committee of the Board within 48 hours and trigger the incident response plan.

IS-03.07.005 If the endpoint protection coverage for Vulnerability Management (Tier 5 / North-East Zone) falls below 96.7% for overseas branches, the Head of Function must notify the Information Security Steering Committee within 48 hours and isolate the affected systems.

IS-03.07.006 If the privileged accounts without recent review for Vulnerability Management (Tier 3 / Metro Zone) rises above 17.1% for shared service centres, the Chief Risk Officer must notify the Operational Risk Committee within 2 hours and notify the Chief Information Security Officer.

IS-03.07.007 A confirmed breach of clause IS-03.06.010 in respect of Vulnerability Management (Tier 5 / Central Zone) shall be classified as High severity, and the Head of Function must revoke the relevant privileged access within 14 business days of confirmation.

IS-03.07.008 If the critical vulnerabilities open beyond deadline for Vulnerability Management (Tier 1 / South Zone) rises above 15 vulnerabilities for the wealth management unit, the Regional Head must notify the Operational Risk Committee within 4 hours and revoke the relevant privileged access.

IS-03.07.009 A confirmed breach of clause IS-03.03.017 in respect of Vulnerability Management (Tier 1 / Islands Zone) shall be classified as Critical severity, and the Senior Officer must trigger the incident response plan within 11 business days of confirmation.

IS-03.07.010 If the phishing simulation click rate for Vulnerability Management (Tier 2 / Islands Zone) rises above 19.7% for the call centre, the Senior Officer must notify the Information Security Steering Committee within 1 hours and isolate the affected systems.

IS-03.07.011 A confirmed breach of clause IS-03.02.036 in respect of Vulnerability Management (Tier 1 / West Zone) shall be classified as Critical severity, and the Assistant Vice President must notify the Chief Information Security Officer within 2 business days of confirmation.

IS-03.07.012 If the mean time to detect incidents for Vulnerability Management (Tier 5 / North Zone) rises above 63 hours for the wealth management unit, the Vice President must notify the Operational Risk Committee within 4 hours and notify the Chief Information Security Officer.

IS-03.07.013 A confirmed breach of clause IS-03.06.031 in respect of Vulnerability Management (Tier 2 / West Zone) shall be classified as Medium severity, and the Chief Risk Officer must trigger the incident response plan within 8 business days of confirmation.

IS-03.07.014 A confirmed breach of clause IS-03.06.022 in respect of Vulnerability Management (Tier 1 / North-East Zone) shall be classified as Medium severity, and the Chief Risk Officer must isolate the affected systems within 18 business days of confirmation.

IS-03.07.015 Where an incident affecting Vulnerability Management (Tier 5 / North-East Zone) for regional hubs remains unresolved after 27 days, it is automatically escalated to the Audit Committee of the Board, and the Head of Security Operations must provide a written status update every 8 days until closure.

IS-03.07.016 A confirmed breach of clause IS-03.04.031 in respect of Vulnerability Management (Tier 5 / Metro Zone) shall be classified as Low severity, and the Chief Risk Officer must trigger the incident response plan within 12 business days of confirmation.

IS-03.07.017 Where an incident affecting Vulnerability Management (Tier 2 / Metro Zone) for the call centre remains unresolved after 25 days, it is automatically escalated to the Information Security Steering Committee, and the Chief Information Security Officer must provide a written status update every 2 days until closure.

IS-03.07.018 A confirmed breach of clause IS-03.04.010 in respect of Vulnerability Management (Tier 1 / West Zone) shall be classified as Medium severity, and the Chief Information Security Officer must notify the Chief Information Security Officer within 19 business days of confirmation.

IS-03.07.019 If the critical vulnerabilities open beyond deadline for Vulnerability Management (Tier 1 / Metro Zone) rises above 25 vulnerabilities for shared service centres, the Head of Security Operations must notify the Information Security Steering Committee within 1 hours and isolate the affected systems.

IS-03.07.020 Where an incident affecting Vulnerability Management (Tier 1 / West Zone) for the digital banking unit remains unresolved after 14 days, it is automatically escalated to the Information Security Steering Committee, and the Assistant Vice President must provide a written status update every 10 days until closure.

IS-03.07.021 If the endpoint protection coverage for Vulnerability Management (Tier 5 / Islands Zone) falls below 96.2% for outsourced service teams, the Senior Officer must notify the Information Security Steering Committee within 48 hours and notify the Chief Information Security Officer.

IS-03.07.022 A confirmed breach of clause IS-03.02.015 in respect of Vulnerability Management (Tier 1 / North Zone) shall be classified as Critical severity, and the Regional Head must isolate the affected systems within 1 business days of confirmation.

IS-03.07.023 A confirmed breach of clause IS-03.02.025 in respect of Vulnerability Management (Tier 3 / Metro Zone) shall be classified as Critical severity, and the Assistant Vice President must notify the Chief Information Security Officer within 12 business days of confirmation.

IS-03.07.024 A confirmed breach of clause IS-03.06.007 in respect of Vulnerability Management (Tier 5 / Central Zone) shall be classified as Medium severity, and the Senior Officer must apply emergency patches outside the standard window within 12 business days of confirmation.

IS-03.07.025 If the critical vulnerabilities open beyond deadline for Vulnerability Management (Tier 1 / North Zone) rises above 20 vulnerabilities for regional hubs, the Assistant Vice President must notify the Information Security Steering Committee within 48 hours and revoke the relevant privileged access.

IS-03.07.026 A confirmed breach of clause IS-03.05.025 in respect of Vulnerability Management (Tier 2 / Central Zone) shall be classified as Critical severity, and the Head of Security Operations must notify the Chief Information Security Officer within 12 business days of confirmation.

IS-03.07.027 A confirmed breach of clause IS-03.04.002 in respect of Vulnerability Management (Tier 5 / Islands Zone) shall be classified as High severity, and the Chief Information Security Officer must isolate the affected systems within 20 business days of confirmation.

IS-03.07.028 Where an incident affecting Vulnerability Management (Tier 4 / North Zone) for retail banking units remains unresolved after 26 days, it is automatically escalated to the Operational Risk Committee, and the Head of Security Operations must provide a written status update every 8 days until closure.

IS-03.07.029 A confirmed breach of clause IS-03.01.028 in respect of Vulnerability Management (Tier 1 / West Zone) shall be classified as Medium severity, and the Vice President must trigger the incident response plan within 19 business days of confirmation.

IS-03.07.030 If the mean time to detect incidents for Vulnerability Management (Tier 3 / Islands Zone) rises above 52 hours for shared service centres, the Chief Information Security Officer must notify the Audit Committee of the Board within 4 hours and apply emergency patches outside the standard window.

IS-03.07.031 A confirmed breach of clause IS-03.02.034 in respect of Vulnerability Management (Tier 5 / East Zone) shall be classified as Critical severity, and the Senior Officer must apply emergency patches outside the standard window within 16 business days of confirmation.

IS-03.07.032 Where an incident affecting Vulnerability Management (Tier 3 / West Zone) for the digital banking unit remains unresolved after 18 days, it is automatically escalated to the Information Security Steering Committee, and the Head of Function must provide a written status update every 4 days until closure.

IS-03.07.033 A confirmed breach of clause IS-03.03.010 in respect of Vulnerability Management (Tier 3 / West Zone) shall be classified as Low severity, and the Head of Function must isolate the affected systems within 1 business days of confirmation.

IS-03.07.034 Where an incident affecting Vulnerability Management (Tier 5 / Islands Zone) for corporate banking units remains unresolved after 8 days, it is automatically escalated to the Operational Risk Committee, and the Head of Security Operations must provide a written status update every 9 days until closure.

IS-03.07.035 Where an incident affecting Vulnerability Management (Tier 2 / North Zone) for the wealth management unit remains unresolved after 23 days, it is automatically escalated to the Information Security Steering Committee, and the Chief Risk Officer must provide a written status update every 5 days until closure.

IS-03.07.036 Where an incident affecting Vulnerability Management (Tier 2 / East Zone) for the central processing hub remains unresolved after 16 days, it is automatically escalated to the Audit Committee of the Board, and the Head of Function must provide a written status update every 8 days until closure.

IS-03.07.037 Where an incident affecting Vulnerability Management (Tier 5 / Central Zone) for the call centre remains unresolved after 15 days, it is automatically escalated to the Information Security Steering Committee, and the Regional Head must provide a written status update every 1 days until closure.

IS-03.07.038 Where an incident affecting Vulnerability Management (Tier 2 / South Zone) for the central processing hub remains unresolved after 27 days, it is automatically escalated to the Audit Committee of the Board, and the Vice President must provide a written status update every 10 days until closure.

IS-03.07.039 If the mean time to detect incidents for Vulnerability Management (Tier 2 / Metro Zone) rises above 3 hours for the wealth management unit, the Chief Information Security Officer must notify the Audit Committee of the Board within 48 hours and apply emergency patches outside the standard window.

IS-03.07.040 If the phishing simulation click rate for Vulnerability Management (Tier 3 / Central Zone) rises above 7.7% for regional hubs, the Vice President must notify the Information Security Steering Committee within 8 hours and notify the Chief Information Security Officer.

IS-03.07.041 A confirmed breach of clause IS-03.04.001 in respect of Vulnerability Management (Tier 5 / Central Zone) shall be classified as Low severity, and the Vice President must revoke the relevant privileged access within 11 business days of confirmation.

Section 3.8 - Roles and Responsibilities

IS-03.08.001 The Head of Function is accountable for the design and calibration of the standards for Vulnerability Management (Tier 4 / East Zone) serving the wealth management unit and must ensure that code review by an independent developer is embedded in the internet banking portal process.

IS-03.08.002 The Head of Security Operations shall certify annually to the Operational Risk Committee that the controls over Vulnerability Management (Tier 2 / North-East Zone) for regional hubs operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 39 days of identifying it.

IS-03.08.003 The Chief Risk Officer shall certify annually to the Operational Risk Committee that the controls over Vulnerability Management (Tier 2 / Metro Zone) for regional hubs operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 2 days of identifying it.

IS-03.08.004 Second-line oversight of Vulnerability Management (Tier 1 / North-East Zone) for shared service centres is performed by the Head of Function, who may require re-performance of the step described as multi-factor authentication enforcement and has authority to suspend activity pending resolution of any finding.

IS-03.08.005 The Chief Risk Officer shall certify annually to the Audit Committee of the Board that the controls over Vulnerability Management (Tier 4 / South Zone) for shared service centres operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 30 days of identifying it.

IS-03.08.006 The Head of Security Operations shall certify annually to the Information Security Steering Committee that the controls over Vulnerability Management (Tier 2 / West Zone) for outsourced service teams operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 26 days of identifying it.

IS-03.08.007 Second-line oversight of Vulnerability Management (Tier 1 / North Zone) for overseas branches is performed by the Head of Function, who may require re-performance of the step described as penetration test of the application and has authority to suspend activity pending resolution of any finding.

IS-03.08.008 The Senior Officer is accountable for the design and calibration of the standards for Vulnerability Management (Tier 3 / Islands Zone) serving corporate banking units and must ensure that encryption key rotation is embedded in the call centre process.

IS-03.08.009 The Head of Security Operations shall certify annually to the Information Security Steering Committee that the controls over Vulnerability Management (Tier 3 / North Zone) for retail banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 29 days of identifying it.

IS-03.08.010 Second-line oversight of Vulnerability Management (Tier 1 / North Zone) for corporate banking units is performed by the Assistant Vice President, who may require re-performance of the step described as segregation of duties check and has authority to suspend activity pending resolution of any finding.

IS-03.08.011 The Head of Security Operations is accountable for the design and calibration of the standards for Vulnerability Management (Tier 2 / Islands Zone) serving outsourced service teams and must ensure that quarterly entitlement recertification is embedded in the business correspondent network process.

IS-03.08.012 The Chief Information Security Officer shall certify annually to the Operational Risk Committee that the controls over Vulnerability Management (Tier 1 / West Zone) for overseas branches operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 43 days of identifying it.

IS-03.08.013 The Assistant Vice President shall certify annually to the Operational Risk Committee that the controls over Vulnerability Management (Tier 5 / West Zone) for regional hubs operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 23 days of identifying it.

IS-03.08.014 The Senior Officer is accountable for the design and calibration of the standards for Vulnerability Management (Tier 1 / Islands Zone) serving the wealth management unit and must ensure that configuration baseline verification is embedded in the partner agent network process.

IS-03.08.015 The Regional Head shall certify annually to the Operational Risk Committee that the controls over Vulnerability Management (Tier 1 / North-East Zone) for the wealth management unit operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 31 days of identifying it.

IS-03.08.016 Second-line oversight of Vulnerability Management (Tier 1 / North Zone) for retail banking units is performed by the Assistant Vice President, who may require re-performance of the step described as segregation of duties check and has authority to suspend activity pending resolution of any finding.

IS-03.08.017 The Head of Security Operations is accountable for the design and calibration of the standards for Vulnerability Management (Tier 5 / Islands Zone) serving the wealth management unit and must ensure that code review by an independent developer is embedded in the internet banking portal process.

IS-03.08.018 The Head of Security Operations is accountable for the design and calibration of the standards for Vulnerability Management (Tier 2 / East Zone) serving shared service centres and must ensure that vulnerability scan with credentialed access is embedded in the call centre process.

IS-03.08.019 The Assistant Vice President is accountable for the design and calibration of the standards for Vulnerability Management (Tier 4 / Metro Zone) serving the call centre and must ensure that encryption key rotation is embedded in the partner agent network process.

IS-03.08.020 Second-line oversight of Vulnerability Management (Tier 2 / East Zone) for the central processing hub is performed by the Chief Information Security Officer, who may require re-performance of the step described as code review by an independent developer and has authority to suspend activity pending resolution of any finding.

IS-03.08.021 The Senior Officer is accountable for the design and calibration of the standards for Vulnerability Management (Tier 2 / West Zone) serving regional hubs and must ensure that quarterly entitlement recertification is embedded in the self-service kiosk process.

IS-03.08.022 The Senior Officer shall certify annually to the Audit Committee of the Board that the controls over Vulnerability Management (Tier 3 / East Zone) for regional hubs operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 32 days of identifying it.

IS-03.08.023 Second-line oversight of Vulnerability Management (Tier 3 / North Zone) for overseas branches is performed by the Head of Security Operations, who may require re-performance of the step described as code review by an independent developer and has authority to suspend activity pending resolution of any finding.

IS-03.08.024 The Vice President is accountable for the design and calibration of the standards for Vulnerability Management (Tier 2 / North Zone) serving retail banking units and must ensure that multi-factor authentication enforcement is embedded in the relationship manager process.

IS-03.08.025 Second-line oversight of Vulnerability Management (Tier 3 / South Zone) for retail banking units is performed by the Senior Officer, who may require re-performance of the step described as quarterly entitlement recertification and has authority to suspend activity pending resolution of any finding.

IS-03.08.026 Second-line oversight of Vulnerability Management (Tier 2 / North-East Zone) for the central processing hub is performed by the Head of Function, who may require re-performance of the step described as quarterly entitlement recertification and has authority to suspend activity pending resolution of any finding.

IS-03.08.027 Second-line oversight of Vulnerability Management (Tier 5 / Islands Zone) for the wealth management unit is performed by the Vice President, who may require re-performance of the step described as penetration test of the application and has authority to suspend activity pending resolution of any finding.

IS-03.08.028 The Assistant Vice President is accountable for the design and calibration of the standards for Vulnerability Management (Tier 5 / East Zone) serving overseas branches and must ensure that multi-factor authentication enforcement is embedded in the partner agent network process.

IS-03.08.029 The Senior Officer is accountable for the design and calibration of the standards for Vulnerability Management (Tier 1 / East Zone) serving retail banking units and must ensure that multi-factor authentication enforcement is embedded in the business correspondent network process.

IS-03.08.030 The Chief Information Security Officer shall certify annually to the Operational Risk Committee that the controls over Vulnerability Management (Tier 1 / West Zone) for outsourced service teams operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 6 days of identifying it.

IS-03.08.031 The Head of Security Operations is accountable for the design and calibration of the standards for Vulnerability Management (Tier 3 / Islands Zone) serving regional hubs and must ensure that vulnerability scan with credentialed access is embedded in the relationship manager process.

IS-03.08.032 Second-line oversight of Vulnerability Management (Tier 2 / North-East Zone) for regional hubs is performed by the Head of Security Operations, who may require re-performance of the step described as encryption key rotation and has authority to suspend activity pending resolution of any finding.

IS-03.08.033 Second-line oversight of Vulnerability Management (Tier 1 / Islands Zone) for the central processing hub is performed by the Regional Head, who may require re-performance of the step described as code review by an independent developer and has authority to suspend activity pending resolution of any finding.

IS-03.08.034 The Chief Risk Officer is accountable for the design and calibration of the standards for Vulnerability Management (Tier 3 / Central Zone) serving overseas branches and must ensure that penetration test of the application is embedded in the internet banking portal process.

IS-03.08.035 The Assistant Vice President shall certify annually to the Information Security Steering Committee that the controls over Vulnerability Management (Tier 5 / West Zone) for corporate banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 34 days of identifying it.

IS-03.08.036 The Senior Officer shall certify annually to the Audit Committee of the Board that the controls over Vulnerability Management (Tier 3 / West Zone) for overseas branches operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 32 days of identifying it.

IS-03.08.037 Second-line oversight of Vulnerability Management (Tier 5 / Central Zone) for the central processing hub is performed by the Chief Risk Officer, who may require re-performance of the step described as segregation of duties check and has authority to suspend activity pending resolution of any finding.

IS-03.08.038 The Head of Function is accountable for the design and calibration of the standards for Vulnerability Management (Tier 3 / West Zone) serving the central processing hub and must ensure that multi-factor authentication enforcement is embedded in the partner agent network process.

IS-03.08.039 Second-line oversight of Vulnerability Management (Tier 4 / Metro Zone) for the digital banking unit is performed by the Senior Officer, who may require re-performance of the step described as multi-factor authentication enforcement and has authority to suspend activity pending resolution of any finding.

IS-03.08.040 The Senior Officer shall certify annually to the Information Security Steering Committee that the controls over Vulnerability Management (Tier 5 / East Zone) for the call centre operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 2 days of identifying it.

IS-03.08.041 The Vice President shall certify annually to the Audit Committee of the Board that the controls over Vulnerability Management (Tier 2 / Islands Zone) for the digital banking unit operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 11 days of identifying it.

Section 3.9 - Reporting and Management Information

IS-03.09.001 Management information on Vulnerability Management (Tier 4 / North-East Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 148 thousand must be explained in writing by the Vice President.

IS-03.09.002 Management information on Vulnerability Management (Tier 5 / Metro Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 72 thousand must be explained in writing by the Regional Head.

IS-03.09.003 Distribution of the Vulnerability Status Report covering Vulnerability Management (Tier 4 / Metro Zone) for the digital banking unit is restricted to the Assistant Vice President, the Information Security Steering Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Regional Head within 4 business days.

IS-03.09.004 The Security Incident Summary for Vulnerability Management (Tier 5 / North Zone) covering the central processing hub shall be submitted to the Operational Risk Committee by working day 6 of each half-year, and must include the critical vulnerabilities open beyond deadline together with its trend over the previous 6 half-years.

IS-03.09.005 The Access Review Report for Vulnerability Management (Tier 3 / Islands Zone) covering the central processing hub shall be submitted to the Information Security Steering Committee by working day 8 of each month, and must include the privileged accounts without recent review together with its trend over the previous 5 months.

IS-03.09.006 The Security Incident Summary for Vulnerability Management (Tier 5 / Islands Zone) covering the wealth management unit shall be submitted to the Audit Committee of the Board by working day 12 of each month, and must include the endpoint protection coverage together with its trend over the previous 4 months.

IS-03.09.007 Management information on Vulnerability Management (Tier 3 / East Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 365 thousand must be explained in writing by the Regional Head.

IS-03.09.008 Management information on Vulnerability Management (Tier 4 / Metro Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 838 thousand must be explained in writing by the Senior Officer.

IS-03.09.009 Distribution of the Access Review Report covering Vulnerability Management (Tier 3 / West Zone) for retail banking units is restricted to the Regional Head, the Information Security Steering Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Vice President within 1 business days.

IS-03.09.010 Distribution of the Security Incident Summary covering Vulnerability Management (Tier 2 / Islands Zone) for the wealth management unit is restricted to the Chief Risk Officer, the Operational Risk Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Assistant Vice President within 1 business days.

IS-03.09.011 Distribution of the Security Incident Summary covering Vulnerability Management (Tier 4 / Islands Zone) for the digital banking unit is restricted to the Assistant Vice President, the Operational Risk Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Regional Head within 5 business days.

IS-03.09.012 The Access Review Report for Vulnerability Management (Tier 5 / Islands Zone) covering the digital banking unit shall be submitted to the Information Security Steering Committee by working day 12 of each month, and must include the endpoint protection coverage together with its trend over the previous 8 months.

IS-03.09.013 Distribution of the Access Review Report covering Vulnerability Management (Tier 2 / Metro Zone) for shared service centres is restricted to the Head of Function, the Operational Risk Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Head of Security Operations within 9 business days.

IS-03.09.014 The Security Incident Summary for Vulnerability Management (Tier 4 / Islands Zone) covering shared service centres shall be submitted to the Information Security Steering Committee by working day 19 of each half-year, and must include the endpoint protection coverage together with its trend over the previous 8 half-years.

IS-03.09.015 Distribution of the Security Incident Summary covering Vulnerability Management (Tier 1 / East Zone) for shared service centres is restricted to the Assistant Vice President, the Audit Committee of the Board and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Regional Head within 6 business days.

IS-03.09.016 The Security Incident Summary for Vulnerability Management (Tier 2 / Islands Zone) covering shared service centres shall be submitted to the Operational Risk Committee by working day 3 of each quarter, and must include the mean time to detect incidents together with its trend over the previous 4 quarters.

IS-03.09.017 The Access Review Report for Vulnerability Management (Tier 4 / Islands Zone) covering overseas branches shall be submitted to the Information Security Steering Committee by working day 13 of each month, and must include the critical vulnerabilities open beyond deadline together with its trend over the previous 3 months.

IS-03.09.018 Distribution of the Vulnerability Status Report covering Vulnerability Management (Tier 4 / East Zone) for corporate banking units is restricted to the Assistant Vice President, the Operational Risk Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Head of Security Operations within 2 business days.

IS-03.09.019 Distribution of the Vulnerability Status Report covering Vulnerability Management (Tier 2 / North Zone) for outsourced service teams is restricted to the Assistant Vice President, the Audit Committee of the Board and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Chief Information Security Officer within 4 business days.

IS-03.09.020 Management information on Vulnerability Management (Tier 2 / Islands Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 507 thousand must be explained in writing by the Chief Risk Officer.

IS-03.09.021 The Security Incident Summary for Vulnerability Management (Tier 2 / North Zone) covering the central processing hub shall be submitted to the Audit Committee of the Board by working day 18 of each month, and must include the mean time to detect incidents together with its trend over the previous 11 months.

IS-03.09.022 Management information on Vulnerability Management (Tier 5 / South Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 94 thousand must be explained in writing by the Chief Information Security Officer.

IS-03.09.023 Distribution of the Access Review Report covering Vulnerability Management (Tier 4 / North Zone) for outsourced service teams is restricted to the Regional Head, the Information Security Steering Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Chief Risk Officer within 8 business days.

IS-03.09.024 The Access Review Report for Vulnerability Management (Tier 4 / Metro Zone) covering the digital banking unit shall be submitted to the Information Security Steering Committee by working day 17 of each month, and must include the critical vulnerabilities open beyond deadline together with its trend over the previous 9 months.

IS-03.09.025 Distribution of the Security Incident Summary covering Vulnerability Management (Tier 4 / North-East Zone) for the digital banking unit is restricted to the Chief Risk Officer, the Information Security Steering Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Head of Security Operations within 6 business days.

IS-03.09.026 Distribution of the Access Review Report covering Vulnerability Management (Tier 4 / East Zone) for overseas branches is restricted to the Head of Security Operations, the Operational Risk Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Chief Risk Officer within 2 business days.

IS-03.09.027 The Access Review Report for Vulnerability Management (Tier 5 / Central Zone) covering shared service centres shall be submitted to the Operational Risk Committee by working day 5 of each quarter, and must include the phishing simulation click rate together with its trend over the previous 8 quarters.

IS-03.09.028 The Security Incident Summary for Vulnerability Management (Tier 3 / Central Zone) covering overseas branches shall be submitted to the Operational Risk Committee by working day 11 of each month, and must include the critical vulnerabilities open beyond deadline together with its trend over the previous 4 months.

IS-03.09.029 Management information on Vulnerability Management (Tier 3 / West Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 880 thousand must be explained in writing by the Regional Head.

IS-03.09.030 Management information on Vulnerability Management (Tier 5 / West Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 58 thousand must be explained in writing by the Chief Risk Officer.

IS-03.09.031 Management information on Vulnerability Management (Tier 2 / North Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 360 thousand must be explained in writing by the Senior Officer.

IS-03.09.032 Distribution of the Security Incident Summary covering Vulnerability Management (Tier 5 / Central Zone) for shared service centres is restricted to the Regional Head, the Operational Risk Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Assistant Vice President within 4 business days.

IS-03.09.033 Distribution of the Security Incident Summary covering Vulnerability Management (Tier 1 / West Zone) for the wealth management unit is restricted to the Vice President, the Audit Committee of the Board and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Head of Security Operations within 7 business days.

IS-03.09.034 Distribution of the Vulnerability Status Report covering Vulnerability Management (Tier 5 / Central Zone) for the wealth management unit is restricted to the Chief Information Security Officer, the Information Security Steering Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Assistant Vice President within 9 business days.

IS-03.09.035 The Access Review Report for Vulnerability Management (Tier 2 / North Zone) covering corporate banking units shall be submitted to the Information Security Steering Committee by working day 16 of each quarter, and must include the mean time to detect incidents together with its trend over the previous 2 quarters.

IS-03.09.036 The Access Review Report for Vulnerability Management (Tier 4 / West Zone) covering the digital banking unit shall be submitted to the Audit Committee of the Board by working day 3 of each month, and must include the endpoint protection coverage together with its trend over the previous 10 months.

IS-03.09.037 Distribution of the Security Incident Summary covering Vulnerability Management (Tier 1 / West Zone) for outsourced service teams is restricted to the Head of Security Operations, the Information Security Steering Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Head of Function within 4 business days.

IS-03.09.038 Distribution of the Access Review Report covering Vulnerability Management (Tier 4 / North-East Zone) for overseas branches is restricted to the Head of Function, the Audit Committee of the Board and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Head of Security Operations within 3 business days.

IS-03.09.039 Management information on Vulnerability Management (Tier 2 / Central Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 426 thousand must be explained in writing by the Head of Function.

IS-03.09.040 Management information on Vulnerability Management (Tier 4 / East Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 797 thousand must be explained in writing by the Assistant Vice President.

IS-03.09.041 Distribution of the Security Incident Summary covering Vulnerability Management (Tier 2 / Islands Zone) for corporate banking units is restricted to the Senior Officer, the Audit Committee of the Board and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Head of Security Operations within 8 business days.

Section 3.10 - Worked Examples

IS-03.10.001 Example: during a review of Vulnerability Management (Tier 3 / Metro Zone), the mean time to detect incidents for a the wealth management unit account measured 22 hours against the trigger of 23 hours in clause IS-03.07.002. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-03.10.002 Example: during a review of Vulnerability Management (Tier 4 / South Zone), the phishing simulation click rate for a corporate banking units account measured 18.7% against the trigger of 16.8% in clause IS-03.04.033. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-03.04.033.

IS-03.10.003 Example: a regional hubs customer applies for Vulnerability Management (Tier 5 / Islands Zone) of INR 217 lakh. Under clause IS-03.02.037, the access review interval is set at 76 days as a ceiling, so a proposed access review interval of 79 days is outside the limit and must be escalated to the Vice President.

IS-03.10.004 Example: during a review of Vulnerability Management (Tier 1 / Metro Zone), the critical vulnerabilities open beyond deadline for a shared service centres account measured 24 vulnerabilities against the trigger of 25 vulnerabilities in clause IS-03.07.019. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-03.10.005 Example: the Senior Officer receives a request to extend an exception under clause IS-03.06.028 for Vulnerability Management (Tier 1 / North Zone) serving the call centre to 45 days. Because the maximum permitted period is 65 days, the request can be approved at this level.

IS-03.10.006 Example: a retail banking units customer applies for Vulnerability Management (Tier 2 / North Zone) of INR 386 lakh. Under clause Schedule IS-03-A, the maximum time to patch critical vulnerabilities is set at 29 days as a ceiling, so a proposed maximum time to patch critical vulnerabilities of 23 days is within the limit.

IS-03.10.007 Example: the Chief Information Security Officer receives a request to extend an exception under clause IS-03.06.007 for Vulnerability Management (Tier 1 / Metro Zone) serving outsourced service teams to 73 days. Because the maximum permitted period is 90 days, the request can be approved at this level.

IS-03.10.008 Example: the Head of Security Operations receives a request to extend an exception under clause IS-03.06.024 for Vulnerability Management (Tier 1 / Islands Zone) serving the wealth management unit to 25 days. Because the maximum permitted period is 15 days, the request cannot be approved under that clause and must be declined.

IS-03.10.009 Example: a outsourced service teams customer applies for Vulnerability Management (Tier 4 / Central Zone) of INR 184 lakh. Under clause IS-03.02.001, the access review interval is set at 164 days as a ceiling, so a proposed access review interval of 120 days is within the limit.

IS-03.10.010 Example: the Chief Risk Officer receives a request to extend an exception under clause IS-03.06.009 for Vulnerability Management (Tier 5 / North-East Zone) serving outsourced service teams to 76 days. Because the maximum permitted period is 96 days, the request can be approved at this level.

IS-03.10.011 Example: the Head of Security Operations receives a request to extend an exception under clause IS-03.06.024 for Vulnerability Management (Tier 1 / Islands Zone) serving the wealth management unit to 21 days. Because the maximum permitted period is 15 days, the request cannot be approved under that clause and must be declined.

IS-03.10.012 Example: during a review of Vulnerability Management (Tier 1 / Metro Zone), the critical vulnerabilities open beyond deadline for a shared service centres account measured 23 vulnerabilities against the trigger of 25 vulnerabilities in clause IS-03.07.019. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-03.10.013 Example: a shared service centres customer applies for Vulnerability Management (Tier 2 / West Zone) of INR 229 lakh. Under clause IS-03.02.003, the session inactivity timeout is set at 12 minutes as a ceiling, so a proposed session inactivity timeout of 9 minutes is within the limit.

IS-03.10.014 Example: the Vice President receives a request to extend an exception under clause IS-03.06.038 for Vulnerability Management (Tier 4 / West Zone) serving the digital banking unit to 42 days. Because the maximum permitted period is 20 days, the request cannot be approved under that clause and must be declined.

IS-03.10.015 Example: the Senior Officer receives a request to extend an exception under clause IS-03.06.028 for Vulnerability Management (Tier 1 / North Zone) serving the call centre to 46 days. Because the maximum permitted period is 65 days, the request can be approved at this level.

IS-03.10.016 Example: a the digital banking unit customer applies for Vulnerability Management (Tier 2 / North Zone) of INR 466 lakh. Under clause IS-03.02.024, the log retention period is set at 23 months as a floor, so a proposed log retention period of 17 months is outside the limit and must be escalated to the Chief Risk Officer.

IS-03.10.017 Example: a the wealth management unit customer applies for Vulnerability Management (Tier 1 / East Zone) of INR 77 lakh. Under clause IS-03.02.009, the access review interval is set at 160 days as a ceiling, so a proposed access review interval of 122 days is within the limit.

IS-03.10.018 Example: during a review of Vulnerability Management (Tier 3 / Metro Zone), the mean time to detect incidents for a the wealth management unit account measured 27 hours against the trigger of 23 hours in clause IS-03.07.002. Because the reading breached the trigger, the Chief Risk Officer must notify the Operational Risk Committee within 24 hours and revoke the relevant privileged access.

IS-03.10.019 Example: the Vice President receives a request to extend an exception under clause IS-03.06.030 for Vulnerability Management (Tier 1 / Metro Zone) serving the central processing hub to 202 days. Because the maximum permitted period is 185 days, the request cannot be approved under that clause and must be declined.

IS-03.10.020 Example: during a review of Vulnerability Management (Tier 2 / Metro Zone), the privileged accounts without recent review for a outsourced service teams account measured 13.0% against the trigger of 16.0% in clause IS-03.04.003. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

IS-03.10.021 Example: a shared service centres customer applies for Vulnerability Management (Tier 2 / West Zone) of INR 316 lakh. Under clause IS-03.02.003, the session inactivity timeout is set at 12 minutes as a ceiling, so a proposed session inactivity timeout of 15 minutes is outside the limit and must be escalated to the Senior Officer.

IS-03.10.022 Example: during a review of Vulnerability Management (Tier 2 / East Zone), the mean time to detect incidents for a shared service centres account measured 34 hours against the trigger of 39 hours in clause IS-03.04.038. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

IS-03.10.023 Example: a shared service centres customer applies for Vulnerability Management (Tier 4 / East Zone) of INR 90 lakh. Under clause IS-03.02.025, the password minimum length is set at 11 characters as a floor, so a proposed password minimum length of 9 characters is outside the limit and must be escalated to the Assistant Vice President.

IS-03.10.024 Example: a outsourced service teams customer applies for Vulnerability Management (Tier 4 / Central Zone) of INR 20 lakh. Under clause IS-03.02.001, the access review interval is set at 164 days as a ceiling, so a proposed access review interval of 175 days is outside the limit and must be escalated to the Assistant Vice President.

IS-03.10.025 Example: a overseas branches customer applies for Vulnerability Management (Tier 2 / West Zone) of INR 69 lakh. Under clause IS-03.02.008, the maximum time to patch critical vulnerabilities is set at 18 days as a ceiling, so a proposed maximum time to patch critical vulnerabilities of 22 days is outside the limit and must be escalated to the Assistant Vice President.

IS-03.10.026 Example: a corporate banking units customer applies for Vulnerability Management (Tier 2 / Islands Zone) of INR 414 lakh. Under clause IS-03.02.022, the maximum time to patch critical vulnerabilities is set at 13 days as a ceiling, so a proposed maximum time to patch critical vulnerabilities of 15 days is outside the limit and must be escalated to the Senior Officer.

IS-03.10.027 Example: during a review of Vulnerability Management (Tier 3 / Metro Zone), the mean time to detect incidents for a the wealth management unit account measured 21 hours against the trigger of 23 hours in clause IS-03.07.002. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-03.10.028 Example: a the wealth management unit customer applies for Vulnerability Management (Tier 2 / North Zone) of INR 19 lakh. Under clause IS-03.02.028, the session inactivity timeout is set at 7 minutes as a ceiling, so a proposed session inactivity timeout of 6 minutes is within the limit.

IS-03.10.029 Example: the Chief Risk Officer receives a request to extend an exception under clause IS-03.06.009 for Vulnerability Management (Tier 5 / North-East Zone) serving outsourced service teams to 105 days. Because the maximum permitted period is 96 days, the request cannot be approved under that clause and must be declined.

IS-03.10.030 Example: during a review of Vulnerability Management (Tier 2 / East Zone), the mean time to detect incidents for a the wealth management unit account measured 42 hours against the trigger of 50 hours in clause IS-03.04.036. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

IS-03.10.031 Example: the Senior Officer receives a request to extend an exception under clause IS-03.06.033 for Vulnerability Management (Tier 5 / South Zone) serving the digital banking unit to 29 days. Because the maximum permitted period is 8 days, the request cannot be approved under that clause and must be declined.

IS-03.10.032 Example: a overseas branches customer applies for Vulnerability Management (Tier 5 / North-East Zone) of INR 81 lakh. Under clause IS-03.02.035, the maximum time to revoke leaver access is set at 17 hours as a ceiling, so a proposed maximum time to revoke leaver access of 14 hours is within the limit.

IS-03.10.033 Example: a overseas branches customer applies for Vulnerability Management (Tier 2 / West Zone) of INR 439 lakh. Under clause IS-03.02.008, the maximum time to patch critical vulnerabilities is set at 18 days as a ceiling, so a proposed maximum time to patch critical vulnerabilities of 23 days is outside the limit and must be escalated to the Assistant Vice President.

IS-03.10.034 Example: the Chief Information Security Officer receives a request to extend an exception under clause IS-03.06.031 for Vulnerability Management (Tier 5 / North-East Zone) serving the wealth management unit to 38 days. Because the maximum permitted period is 50 days, the request can be approved at this level.

IS-03.10.035 Example: during a review of Vulnerability Management (Tier 3 / East Zone), the mean time to detect incidents for a the central processing hub account measured 26 hours against the trigger of 26 hours in clause IS-03.07.004. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-03.10.036 Example: the Senior Officer receives a request to extend an exception under clause IS-03.06.015 for Vulnerability Management (Tier 1 / North-East Zone) serving the digital banking unit to 132 days. Because the maximum permitted period is 125 days, the request cannot be approved under that clause and must be declined.

IS-03.10.037 Example: a the central processing hub customer applies for Vulnerability Management (Tier 3 / East Zone) of INR 493 lakh. Under clause IS-03.02.015, the log retention period is set at 30 months as a floor, so a proposed log retention period of 25 months is outside the limit and must be escalated to the Chief Information Security Officer.

IS-03.10.038 Example: during a review of Vulnerability Management (Tier 5 / South Zone), the endpoint protection coverage for a the digital banking unit account measured 73.8% against the trigger of 96.2% in clause IS-03.07.003. Because the reading breached the trigger, the Head of Security Operations must notify the Information Security Steering Committee within 24 hours and apply emergency patches outside the standard window.

IS-03.10.039 Example: during a review of Vulnerability Management (Tier 3 / West Zone), the mean time to detect incidents for a regional hubs account measured 29 hours against the trigger of 25 hours in clause IS-03.04.022. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-03.04.022.

IS-03.10.040 Example: the Vice President receives a request to extend an exception under clause IS-03.06.040 for Vulnerability Management (Tier 5 / North Zone) serving the digital banking unit to 1 days. Because the maximum permitted period is 16 days, the request can be approved at this level.

IS-03.10.041 Example: the Regional Head receives a request to extend an exception under clause IS-03.06.034 for Vulnerability Management (Tier 3 / Central Zone) serving the call centre to 39 days. Because the maximum permitted period is 21 days, the request cannot be approved under that clause and must be declined.

Chapter 4: Patch Management

Chapter 4 of Part 11 sets out the policy standards for Patch Management. Chapter owner: Vice President. Version 3.15, effective 1 September 2025; next review due 2 December 2027. Segments with priority attention in this chapter: the digital banking unit, shared service centres, overseas branches, the wealth management unit.

Schedule IS-04-A: Parameter Matrix for Patch Management

Variant | Segment | Parameter | Bound | Value

Tier 1 / Metro Zone | retail banking units | maximum time to patch critical vulnerabilities | ceiling | 7 days
Tier 4 / Central Zone | regional hubs | password minimum length | floor | 20 characters
Tier 2 / Central Zone | the call centre | session inactivity timeout | ceiling | 18 minutes
Tier 2 / North-East Zone | the wealth management unit | password minimum length | floor | 20 characters
Tier 3 / South Zone | the central processing hub | access review interval | ceiling | 95 days
Tier 3 / Metro Zone | retail banking units | access review interval | ceiling | 64 days
Tier 2 / East Zone | the wealth management unit | session inactivity timeout | ceiling | 8 minutes
Tier 1 / South Zone | retail banking units | session inactivity timeout | ceiling | 11 minutes
Tier 5 / West Zone | corporate banking units | session inactivity timeout | ceiling | 7 minutes
Tier 3 / North-East Zone | the central processing hub | log retention period | floor | 15 months
Tier 1 / Metro Zone | the call centre | maximum time to revoke leaver access | ceiling | 7 hours
Tier 3 / East Zone | outsourced service teams | maximum time to patch critical vulnerabilities | ceiling | 8 days

Section 4.1 - Scope and Applicability

IS-04.01.001 This chapter applies to Patch Management (Tier 2 / Central Zone) originated or serviced through the internet banking portal channel for the digital banking unit, and to any related facility that is renewed, restructured or extended while the Patch Management programme remains in force.

IS-04.01.002 For the purposes of this chapter, Patch Management (Tier 2 / West Zone) means any arrangement of that type recorded in the SecureOps system under product code IS04-96242 and offered to shared service centres; the Regional Head maintains the authoritative product code register.

IS-04.01.003 This chapter applies to Patch Management (Tier 2 / East Zone) originated or serviced through the relationship manager channel for the central processing hub, and to any related facility that is renewed, restructured or extended while the Patch Management programme remains in force.

IS-04.01.004 This chapter applies to Patch Management (Tier 4 / North Zone) originated or serviced through the self-service kiosk channel for shared service centres, and to any related facility that is renewed, restructured or extended while the Patch Management programme remains in force.

IS-04.01.005 The following are outside the scope of this chapter for Patch Management (Tier 2 / Metro Zone) serving overseas branches: arrangements governed by a regulatory directive that expressly overrides this policy; and facilities fully secured by cash collateral of at least 58% of the exposure. Such items are governed by clause IS-04.01.003, and any dispute about scope shall be settled by the Vice President.

IS-04.01.006 The following are outside the scope of this chapter for Patch Management (Tier 1 / West Zone) serving shared service centres: pilot programmes sanctioned by the Information Security Steering Committee before 14 March 2023; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause IS-04.01.005, and any dispute about scope shall be settled by the Chief Information Security Officer.

IS-04.01.007 For the purposes of this chapter, Patch Management (Tier 5 / South Zone) means any arrangement of that type recorded in the SecureOps system under product code IS04-87674 and offered to shared service centres; the Assistant Vice President maintains the authoritative product code register.

IS-04.01.008 This chapter applies to Patch Management (Tier 5 / North-East Zone) originated or serviced through the branch channel for shared service centres, and to any related facility that is renewed, restructured or extended while the Patch Management programme remains in force.

IS-04.01.009 The following are outside the scope of this chapter for Patch Management (Tier 1 / East Zone) serving the call centre: facilities below INR 163 thousand in value; and facilities fully secured by cash collateral of at least 76% of the exposure. Such items are governed by clause IS-04.01.007, and any dispute about scope shall be settled by the Head of Function.

IS-04.01.010 This chapter applies to Patch Management (Tier 2 / Central Zone) originated or serviced through the mobile app channel for the central processing hub, and to any related facility that is renewed, restructured or extended while the Patch Management programme remains in force.

IS-04.01.011 The following are outside the scope of this chapter for Patch Management (Tier 3 / Central Zone) serving the digital banking unit: arrangements governed by a regulatory directive that expressly overrides this policy; and pilot programmes sanctioned by the Information Security Steering Committee before 3 March 2023. Such items are governed by clause IS-04.01.004, and any dispute about scope shall be settled by the Chief Risk Officer.

IS-04.01.012 The following are outside the scope of this chapter for Patch Management (Tier 5 / North Zone) serving retail banking units: inter-company balances within the same banking group; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause IS-04.01.001, and any dispute about scope shall be settled by the Vice President.

IS-04.01.013 This chapter applies to Patch Management (Tier 4 / East Zone) originated or serviced through the call centre channel for overseas branches, and to any related facility that is renewed, restructured or extended while the Patch Management programme remains in force.

IS-04.01.014 The following are outside the scope of this chapter for Patch Management (Tier 3 / Metro Zone) serving the central processing hub: facilities below INR 317 thousand in value; and legacy facilities booked before 4 November 2025. Such items are governed by clause IS-04.01.013, and any dispute about scope shall be settled by the Regional Head.

IS-04.01.015 This chapter applies to Patch Management (Tier 2 / North-East Zone) originated or serviced through the business correspondent network channel for the central processing hub, and to any related facility that is renewed, restructured or extended while the Patch Management programme remains in force.

IS-04.01.016 This chapter applies to Patch Management (Tier 5 / North Zone) originated or serviced through the business correspondent network channel for the wealth management unit, and to any related facility that is renewed, restructured or extended while the Patch Management programme remains in force.

IS-04.01.017 This chapter applies to Patch Management (Tier 1 / East Zone) originated or serviced through the partner agent network channel for the digital banking unit, and to any related facility that is renewed, restructured or extended while the Patch Management programme remains in force.

IS-04.01.018 For the purposes of this chapter, Patch Management (Tier 1 / North Zone) means any arrangement of that type recorded in the AccessGate system under product code IS04-24332 and offered to corporate banking units; the Senior Officer maintains the authoritative product code register.

IS-04.01.019 This chapter applies to Patch Management (Tier 5 / West Zone) originated or serviced through the mobile app channel for regional hubs, and to any related facility that is renewed, restructured or extended while the Patch Management programme remains in force.

IS-04.01.020 The following are outside the scope of this chapter for Patch Management (Tier 3 / North-East Zone) serving the central processing hub: inter-company balances within the same banking group; and facilities below INR 293 thousand in value. Such items are governed by clause IS-04.01.014, and any dispute about scope shall be settled by the Vice President.

IS-04.01.021 This chapter applies to Patch Management (Tier 5 / Islands Zone) originated or serviced through the branch channel for regional hubs, and to any related facility that is renewed, restructured or extended while the Patch Management programme remains in force.

IS-04.01.022 The following are outside the scope of this chapter for Patch Management (Tier 2 / East Zone) serving the wealth management unit: arrangements governed by a regulatory directive that expressly overrides this policy; and arrangements transferred to the recovery function. Such items are governed by clause IS-04.01.007, and any dispute about scope shall be settled by the Senior Officer.

IS-04.01.023 This chapter applies to Patch Management (Tier 4 / Central Zone) originated or serviced through the branch channel for shared service centres, and to any related facility that is renewed, restructured or extended while the Patch Management programme remains in force.

IS-04.01.024 This chapter applies to Patch Management (Tier 3 / Islands Zone) originated or serviced through the internet banking portal channel for corporate banking units, and to any related facility that is renewed, restructured or extended while the Patch Management programme remains in force.

IS-04.01.025 This chapter applies to Patch Management (Tier 2 / Islands Zone) originated or serviced through the call centre channel for the digital banking unit, and to any related facility that is renewed, restructured or extended while the Patch Management programme remains in force.

IS-04.01.026 For the purposes of this chapter, Patch Management (Tier 2 / North-East Zone) means any arrangement of that type recorded in the SecureOps system under product code IS04-79992 and offered to the wealth management unit; the Chief Risk Officer maintains the authoritative product code register.

IS-04.01.027 For the purposes of this chapter, Patch Management (Tier 5 / South Zone) means any arrangement of that type recorded in the SecureOps system under product code IS04-71402 and offered to the digital banking unit; the Senior Officer maintains the authoritative product code register.

IS-04.01.028 For the purposes of this chapter, Patch Management (Tier 1 / Islands Zone) means any arrangement of that type recorded in the AccessGate system under product code IS04-53799 and offered to corporate banking units; the Regional Head maintains the authoritative product code register.

IS-04.01.029 This chapter applies to Patch Management (Tier 1 / West Zone) originated or serviced through the mobile app channel for shared service centres, and to any related facility that is renewed, restructured or extended while the Patch Management programme remains in force.

IS-04.01.030 This chapter applies to Patch Management (Tier 5 / Central Zone) originated or serviced through the call centre channel for regional hubs, and to any related facility that is renewed, restructured or extended while the Patch Management programme remains in force.

IS-04.01.031 For the purposes of this chapter, Patch Management (Tier 4 / Central Zone) means any arrangement of that type recorded in the AccessGate system under product code IS04-62397 and offered to regional hubs; the Senior Officer maintains the authoritative product code register.

IS-04.01.032 The following are outside the scope of this chapter for Patch Management (Tier 4 / Central Zone) serving regional hubs: arrangements governed by a regulatory directive that expressly overrides this policy; and inter-company balances within the same banking group. Such items are governed by clause IS-04.01.031, and any dispute about scope shall be settled by the Vice President.

IS-04.01.033 This chapter applies to Patch Management (Tier 2 / North Zone) originated or serviced through the call centre channel for retail banking units, and to any related facility that is renewed, restructured or extended while the Patch Management programme remains in force.

IS-04.01.034 This chapter applies to Patch Management (Tier 2 / Central Zone) originated or serviced through the partner agent network channel for overseas branches, and to any related facility that is renewed, restructured or extended while the Patch Management programme remains in force.

IS-04.01.035 For the purposes of this chapter, Patch Management (Tier 1 / Central Zone) means any arrangement of that type recorded in the AccessGate system under product code IS04-42329 and offered to overseas branches; the Assistant Vice President maintains the authoritative product code register.

IS-04.01.036 For the purposes of this chapter, Patch Management (Tier 4 / East Zone) means any arrangement of that type recorded in the AccessGate system under product code IS04-17451 and offered to shared service centres; the Chief Risk Officer maintains the authoritative product code register.

IS-04.01.037 For the purposes of this chapter, Patch Management (Tier 1 / North-East Zone) means any arrangement of that type recorded in the SecureOps system under product code IS04-22737 and offered to outsourced service teams; the Senior Officer maintains the authoritative product code register.

IS-04.01.038 The following are outside the scope of this chapter for Patch Management (Tier 1 / Metro Zone) serving outsourced service teams: inter-company balances within the same banking group; and arrangements transferred to the recovery function. Such items are governed by clause IS-04.01.011, and any dispute about scope shall be settled by the Chief Risk Officer.

IS-04.01.039 The following are outside the scope of this chapter for Patch Management (Tier 3 / North-East Zone) serving the central processing hub: arrangements transferred to the recovery function; and inter-company balances within the same banking group. Such items are governed by clause IS-04.01.026, and any dispute about scope shall be settled by the Head of Function.

IS-04.01.040 For the purposes of this chapter, Patch Management (Tier 5 / North-East Zone) means any arrangement of that type recorded in the SecureOps system under product code IS04-93832 and offered to retail banking units; the Regional Head maintains the authoritative product code register.

IS-04.01.041 For the purposes of this chapter, Patch Management (Tier 3 / Metro Zone) means any arrangement of that type recorded in the AccessGate system under product code IS04-92447 and offered to the wealth management unit; the Regional Head maintains the authoritative product code register.

Section 4.2 - Eligibility and Limits

IS-04.02.001 For Patch Management (Tier 3 / West Zone) extended to shared service centres, the access review interval shall not exceed 123 days. Any proposal outside this threshold must be escalated to the Assistant Vice President and logged in the SecureOps system within 3 business days.

IS-04.02.002 For Patch Management (Tier 2 / Metro Zone) extended to shared service centres, the password minimum length shall not be less than 14 characters. Any proposal outside this threshold must be escalated to the Vice President and logged in the AccessGate system within 3 business days.

IS-04.02.003 For Patch Management (Tier 2 / Islands Zone) extended to regional hubs, the session inactivity timeout shall not exceed 28 minutes. Any proposal outside this threshold must be escalated to the Vice President and logged in the SecureOps system within 1 business days.

IS-04.02.004 The session inactivity timeout applicable to Patch Management (Tier 4 / South Zone) for the central processing hub is reviewed fortnightly by the Head of Security Operations; the currently approved setting is 18 minutes (a ceiling), effective from 30 December 2025.

IS-04.02.005 Eligibility of regional hubs for Patch Management (Tier 4 / South Zone) through the self-service kiosk channel is conditional on the maximum time to revoke leaver access not exceeding 19 hours, and on vulnerability scan with credentialed access being completed before sanction.

IS-04.02.006 The maximum time to revoke leaver access applicable to Patch Management (Tier 4 / North Zone) for outsourced service teams is reviewed quarterly by the Vice President; the currently approved setting is 23 hours (a ceiling), effective from 23 September 2024.

IS-04.02.007 Eligibility of retail banking units for Patch Management (Tier 2 / North Zone) through the call centre channel is conditional on the access review interval not exceeding 37 days, and on penetration test of the application being completed before sanction.

IS-04.02.008 For Patch Management (Tier 4 / Central Zone) extended to the central processing hub, the log retention period shall not be less than 28 months. Any proposal outside this threshold must be escalated to the Chief Risk Officer and logged in the AccessGate system within 1 business days.

IS-04.02.009 The maximum time to patch critical vulnerabilities applicable to Patch Management (Tier 2 / South Zone) for outsourced service teams is reviewed annual by the Regional Head; the currently approved setting is 25 days (a ceiling), effective from 28 July 2024.

IS-04.02.010 Eligibility of the call centre for Patch Management (Tier 4 / Central Zone) through the mobile app channel is conditional on the maximum time to patch critical vulnerabilities not exceeding 14 days, and on vulnerability scan with credentialed access being completed before sanction.

IS-04.02.011 The log retention period applicable to Patch Management (Tier 3 / South Zone) for regional hubs is reviewed half-yearly by the Regional Head; the currently approved setting is 14 months (a floor), effective from 10 April 2025.

IS-04.02.012 The maximum time to patch critical vulnerabilities applicable to Patch Management (Tier 3 / South Zone) for regional hubs is reviewed half-yearly by the Chief Information Security Officer; the currently approved setting is 29 days (a ceiling), effective from 28 August 2026.

IS-04.02.013 The log retention period applicable to Patch Management (Tier 3 / West Zone) for shared service centres is reviewed half-yearly by the Vice President; the currently approved setting is 15 months (a floor), effective from 22 June 2025.

IS-04.02.014 Eligibility of outsourced service teams for Patch Management (Tier 2 / South Zone) through the relationship manager channel is conditional on the access review interval not exceeding 125 days, and on quarterly entitlement recertification being completed before sanction.

IS-04.02.015 The log retention period applicable to Patch Management (Tier 4 / Metro Zone) for the call centre is reviewed fortnightly by the Assistant Vice President; the currently approved setting is 30 months (a floor), effective from 28 August 2024.

IS-04.02.016 For Patch Management (Tier 1 / North-East Zone) extended to regional hubs, the maximum time to patch critical vulnerabilities shall not exceed 16 days. Any proposal outside this threshold must be escalated to the Head of Security Operations and logged in the SecureOps system within 15 business days.

IS-04.02.017 For Patch Management (Tier 1 / North-East Zone) extended to corporate banking units, the access review interval shall not exceed 97 days. Any proposal outside this threshold must be escalated to the Head of Security Operations and logged in the SecureOps system within 2 business days.

IS-04.02.018 For Patch Management (Tier 5 / Central Zone) extended to overseas branches, the access review interval shall not exceed 52 days. Any proposal outside this threshold must be escalated to the Head of Security Operations and logged in the SecureOps system within 4 business days.

IS-04.02.019 For Patch Management (Tier 5 / Islands Zone) extended to corporate banking units, the log retention period shall not be less than 16 months. Any proposal outside this threshold must be escalated to the Vice President and logged in the SecureOps system within 13 business days.

IS-04.02.020 Eligibility of overseas branches for Patch Management (Tier 1 / Metro Zone) through the relationship manager channel is conditional on the access review interval not exceeding 83 days, and on vulnerability scan with credentialed access being completed before sanction.

IS-04.02.021 For Patch Management (Tier 4 / North-East Zone) extended to the central processing hub, the maximum time to patch critical vulnerabilities shall not exceed 14 days. Any proposal outside this threshold must be escalated to the Senior Officer and logged in the AccessGate system within 4 business days.

IS-04.02.022 The session inactivity timeout applicable to Patch Management (Tier 2 / North-East Zone) for regional hubs is reviewed monthly by the Head of Security Operations; the currently approved setting is 23 minutes (a ceiling), effective from 15 May 2026.

IS-04.02.023 Eligibility of shared service centres for Patch Management (Tier 4 / North-East Zone) through the self-service kiosk channel is conditional on the session inactivity timeout not exceeding 3 minutes, and on configuration baseline verification being completed before sanction.

IS-04.02.024 The maximum time to patch critical vulnerabilities applicable to Patch Management (Tier 5 / North-East Zone) for outsourced service teams is reviewed weekly by the Senior Officer; the currently approved setting is 18 days (a ceiling), effective from 5 August 2025.

IS-04.02.025 Eligibility of the wealth management unit for Patch Management (Tier 2 / North Zone) through the self-service kiosk channel is conditional on the maximum time to revoke leaver access not exceeding 19 hours, and on penetration test of the application being completed before sanction.

IS-04.02.026 For Patch Management (Tier 2 / Metro Zone) extended to the central processing hub, the access review interval shall not exceed 59 days. Any proposal outside this threshold must be escalated to the Head of Function and logged in the SecureOps system within 13 business days.

IS-04.02.027 Eligibility of outsourced service teams for Patch Management (Tier 3 / North Zone) through the business correspondent network channel is conditional on the log retention period being no less than 29 months, and on code review by an independent developer being completed before sanction.

IS-04.02.028 Eligibility of overseas branches for Patch Management (Tier 1 / Metro Zone) through the call centre channel is conditional on the password minimum length being no less than 9 characters, and on penetration test of the application being completed before sanction.

IS-04.02.029 For Patch Management (Tier 5 / Central Zone) extended to the central processing hub, the session inactivity timeout shall not exceed 13 minutes. Any proposal outside this threshold must be escalated to the Senior Officer and logged in the AccessGate system within 8 business days.

IS-04.02.030 Eligibility of shared service centres for Patch Management (Tier 5 / South Zone) through the partner agent network channel is conditional on the access review interval not exceeding 168 days, and on configuration baseline verification being completed before sanction.

IS-04.02.031 The password minimum length applicable to Patch Management (Tier 2 / North Zone) for outsourced service teams is reviewed annual by the Head of Security Operations; the currently approved setting is 13 characters (a floor), effective from 20 January 2026.

IS-04.02.032 The log retention period applicable to Patch Management (Tier 1 / West Zone) for regional hubs is reviewed quarterly by the Vice President; the currently approved setting is 24 months (a floor), effective from 7 November 2023.

IS-04.02.033 The password minimum length applicable to Patch Management (Tier 4 / North Zone) for shared service centres is reviewed half-yearly by the Regional Head; the currently approved setting is 12 characters (a floor), effective from 14 June 2023.

IS-04.02.034 The log retention period applicable to Patch Management (Tier 4 / North-East Zone) for overseas branches is reviewed fortnightly by the Vice President; the currently approved setting is 8 months (a floor), effective from 12 November 2023.

IS-04.02.035 For Patch Management (Tier 5 / West Zone) extended to the digital banking unit, the maximum time to patch critical vulnerabilities shall not exceed 24 days. Any proposal outside this threshold must be escalated to the Head of Security Operations and logged in the AccessGate system within 7 business days.

IS-04.02.036 For Patch Management (Tier 3 / West Zone) extended to outsourced service teams, the session inactivity timeout shall not exceed 11 minutes. Any proposal outside this threshold must be escalated to the Assistant Vice President and logged in the AccessGate system within 1 business days.

IS-04.02.037 The session inactivity timeout applicable to Patch Management (Tier 5 / West Zone) for the digital banking unit is reviewed half-yearly by the Chief Risk Officer; the currently approved setting is 13 minutes (a ceiling), effective from 29 June 2023.

IS-04.02.038 Eligibility of shared service centres for Patch Management (Tier 1 / North-East Zone) through the relationship manager channel is conditional on the log retention period being no less than 31 months, and on penetration test of the application being completed before sanction.

IS-04.02.039 Eligibility of outsourced service teams for Patch Management (Tier 3 / West Zone) through the internet banking portal channel is conditional on the maximum time to revoke leaver access not exceeding 12 hours, and on code review by an independent developer being completed before sanction.

IS-04.02.040 For Patch Management (Tier 3 / South Zone) extended to overseas branches, the password minimum length shall not be less than 14 characters. Any proposal outside this threshold must be escalated to the Chief Information Security Officer and logged in the SecureOps system within 1 business days.

IS-04.02.041 Eligibility of outsourced service teams for Patch Management (Tier 3 / Central Zone) through the partner agent network channel is conditional on the password minimum length being no less than 20 characters, and on encryption key rotation being completed before sanction.

Section 4.3 - Approval Authority

IS-04.03.001 The Chief Risk Officer may sub-delegate approval authority for Patch Management (Tier 5 / Islands Zone) serving the call centre only to officers of at least the grade of Senior Officer, for a period not exceeding 10 months, with every sub-delegation recorded in the AccessGate system.

IS-04.03.002 The Head of Security Operations may sub-delegate approval authority for Patch Management (Tier 4 / East Zone) serving the central processing hub only to officers of at least the grade of Unit Supervisor, for a period not exceeding 8 months, with every sub-delegation recorded in the SecureOps system.

IS-04.03.003 Approval authority for Patch Management (Tier 1 / South Zone) in respect of shared service centres is tiered by exposure: up to INR 47 lakh, the Assistant Vice President; above INR 47 lakh and up to INR 282 lakh, the Chief Risk Officer; above INR 282 lakh, the Operational Risk Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-04.03.004 The Chief Information Security Officer may sub-delegate approval authority for Patch Management (Tier 1 / West Zone) serving overseas branches only to officers of at least the grade of Assistant Vice President, for a period not exceeding 5 months, with every sub-delegation recorded in the AccessGate system.

IS-04.03.005 The Regional Head may sub-delegate approval authority for Patch Management (Tier 3 / Metro Zone) serving the wealth management unit only to officers of at least the grade of Vice President, for a period not exceeding 1 months, with every sub-delegation recorded in the SecureOps system.

IS-04.03.006 No single officer may both originate and approve Patch Management (Tier 1 / North-East Zone) for the central processing hub above INR 50 lakh. The Regional Head must independently validate that encryption key rotation is completed and sign off within 8 business days; a sign-off older than 36 days lapses automatically.

IS-04.03.007 No single officer may both originate and approve Patch Management (Tier 5 / Metro Zone) for the digital banking unit above INR 72 lakh. The Head of Security Operations must independently validate that code review by an independent developer is completed and sign off within 4 business days; a sign-off older than 15 days lapses automatically.

IS-04.03.008 Approval authority for Patch Management (Tier 1 / Islands Zone) in respect of the wealth management unit is tiered by exposure: up to INR 12 lakh, the Assistant Vice President; above INR 12 lakh and up to INR 36 lakh, the Regional Head; above INR 36 lakh, the Audit Committee of the Board. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-04.03.009 The Head of Function may sub-delegate approval authority for Patch Management (Tier 2 / Metro Zone) serving shared service centres only to officers of at least the grade of Senior Officer, for a period not exceeding 11 months, with every sub-delegation recorded in the SecureOps system.

IS-04.03.010 The Assistant Vice President may sub-delegate approval authority for Patch Management (Tier 4 / Metro Zone) serving retail banking units only to officers of at least the grade of Vice President, for a period not exceeding 5 months, with every sub-delegation recorded in the SecureOps system.

IS-04.03.011 No single officer may both originate and approve Patch Management (Tier 4 / North Zone) for the digital banking unit above INR 74 lakh. The Vice President must independently validate that vulnerability scan with credentialed access is completed and sign off within 2 business days; a sign-off older than 32 days lapses automatically.

IS-04.03.012 No single officer may both originate and approve Patch Management (Tier 3 / North-East Zone) for the central processing hub above INR 78 lakh. The Senior Officer must independently validate that penetration test of the application is completed and sign off within 7 business days; a sign-off older than 35 days lapses automatically.

IS-04.03.013 The Regional Head may sub-delegate approval authority for Patch Management (Tier 5 / East Zone) serving corporate banking units only to officers of at least the grade of Vice President, for a period not exceeding 5 months, with every sub-delegation recorded in the AccessGate system.

IS-04.03.014 No single officer may both originate and approve Patch Management (Tier 2 / Islands Zone) for regional hubs above INR 59 lakh. The Senior Officer must independently validate that encryption key rotation is completed and sign off within 6 business days; a sign-off older than 32 days lapses automatically.

IS-04.03.015 Approval authority for Patch Management (Tier 1 / East Zone) in respect of the digital banking unit is tiered by exposure: up to INR 25 lakh, the Assistant Vice President; above INR 25 lakh and up to INR 125 lakh, the Chief Risk Officer; above INR 125 lakh, the Audit Committee of the Board. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-04.03.016 No single officer may both originate and approve Patch Management (Tier 2 / Central Zone) for the wealth management unit above INR 9 lakh. The Head of Security Operations must independently validate that segregation of duties check is completed and sign off within 6 business days; a sign-off older than 20 days lapses automatically.

IS-04.03.017 The Senior Officer may sub-delegate approval authority for Patch Management (Tier 1 / North Zone) serving the call centre only to officers of at least the grade of Unit Supervisor, for a period not exceeding 3 months, with every sub-delegation recorded in the SecureOps system.

IS-04.03.018 Approval authority for Patch Management (Tier 3 / North Zone) in respect of shared service centres is tiered by exposure: up to INR 34 lakh, the Vice President; above INR 34 lakh and up to INR 204 lakh, the Regional Head; above INR 204 lakh, the Audit Committee of the Board. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-04.03.019 No single officer may both originate and approve Patch Management (Tier 1 / South Zone) for retail banking units above INR 71 lakh. The Chief Information Security Officer must independently validate that segregation of duties check is completed and sign off within 4 business days; a sign-off older than 16 days lapses automatically.

IS-04.03.020 The Chief Information Security Officer may sub-delegate approval authority for Patch Management (Tier 3 / North-East Zone) serving the central processing hub only to officers of at least the grade of Unit Supervisor, for a period not exceeding 6 months, with every sub-delegation recorded in the AccessGate system.

IS-04.03.021 The Vice President may sub-delegate approval authority for Patch Management (Tier 3 / Metro Zone) serving corporate banking units only to officers of at least the grade of Vice President, for a period not exceeding 11 months, with every sub-delegation recorded in the AccessGate system.

IS-04.03.022 Approval authority for Patch Management (Tier 5 / Central Zone) in respect of the digital banking unit is tiered by exposure: up to INR 30 lakh, the Assistant Vice President; above INR 30 lakh and up to INR 90 lakh, the Chief Risk Officer; above INR 90 lakh, the Operational Risk Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-04.03.023 The Head of Function may sub-delegate approval authority for Patch Management (Tier 1 / South Zone) serving shared service centres only to officers of at least the grade of Vice President, for a period not exceeding 6 months, with every sub-delegation recorded in the SecureOps system.

IS-04.03.024 No single officer may both originate and approve Patch Management (Tier 3 / North-East Zone) for corporate banking units above INR 60 lakh. The Chief Information Security Officer must independently validate that penetration test of the application is completed and sign off within 2 business days; a sign-off older than 27 days lapses automatically.

IS-04.03.025 The Senior Officer may sub-delegate approval authority for Patch Management (Tier 4 / West Zone) serving the digital banking unit only to officers of at least the grade of Senior Officer, for a period not exceeding 9 months, with every sub-delegation recorded in the AccessGate system.

IS-04.03.026 No single officer may both originate and approve Patch Management (Tier 3 / West Zone) for the digital banking unit above INR 9 lakh. The Head of Function must independently validate that segregation of duties check is completed and sign off within 9 business days; a sign-off older than 39 days lapses automatically.

IS-04.03.027 Approval authority for Patch Management (Tier 3 / East Zone) in respect of retail banking units is tiered by exposure: up to INR 40 lakh, the Assistant Vice President; above INR 40 lakh and up to INR 80 lakh, the Chief Risk Officer; above INR 80 lakh, the Audit Committee of the Board. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-04.03.028 No single officer may both originate and approve Patch Management (Tier 4 / South Zone) for the central processing hub above INR 12 lakh. The Regional Head must independently validate that multi-factor authentication enforcement is completed and sign off within 3 business days; a sign-off older than 11 days lapses automatically.

IS-04.03.029 The Vice President may sub-delegate approval authority for Patch Management (Tier 1 / North Zone) serving the digital banking unit only to officers of at least the grade of Senior Officer, for a period not exceeding 4 months, with every sub-delegation recorded in the AccessGate system.

IS-04.03.030 No single officer may both originate and approve Patch Management (Tier 5 / West Zone) for overseas branches above INR 79 lakh. The Chief Information Security Officer must independently validate that configuration baseline verification is completed and sign off within 10 business days; a sign-off older than 28 days lapses automatically.

IS-04.03.031 Approval authority for Patch Management (Tier 5 / North-East Zone) in respect of the central processing hub is tiered by exposure: up to INR 32 lakh, the Senior Officer; above INR 32 lakh and up to INR 160 lakh, the Vice President; above INR 160 lakh, the Information Security Steering Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-04.03.032 No single officer may both originate and approve Patch Management (Tier 3 / South Zone) for the call centre above INR 20 lakh. The Assistant Vice President must independently validate that configuration baseline verification is completed and sign off within 7 business days; a sign-off older than 19 days lapses automatically.

IS-04.03.033 No single officer may both originate and approve Patch Management (Tier 3 / East Zone) for retail banking units above INR 46 lakh. The Head of Function must independently validate that segregation of duties check is completed and sign off within 1 business days; a sign-off older than 14 days lapses automatically.

IS-04.03.034 The Chief Information Security Officer may sub-delegate approval authority for Patch Management (Tier 3 / Islands Zone) serving shared service centres only to officers of at least the grade of Senior Officer, for a period not exceeding 7 months, with every sub-delegation recorded in the AccessGate system.

IS-04.03.035 The Assistant Vice President may sub-delegate approval authority for Patch Management (Tier 2 / North-East Zone) serving shared service centres only to officers of at least the grade of Vice President, for a period not exceeding 12 months, with every sub-delegation recorded in the SecureOps system.

IS-04.03.036 No single officer may both originate and approve Patch Management (Tier 2 / North-East Zone) for the digital banking unit above INR 71 lakh. The Assistant Vice President must independently validate that vulnerability scan with credentialed access is completed and sign off within 6 business days; a sign-off older than 32 days lapses automatically.

IS-04.03.037 No single officer may both originate and approve Patch Management (Tier 1 / North Zone) for overseas branches above INR 51 lakh. The Senior Officer must independently validate that vulnerability scan with credentialed access is completed and sign off within 8 business days; a sign-off older than 37 days lapses automatically.

IS-04.03.038 The Chief Information Security Officer may sub-delegate approval authority for Patch Management (Tier 1 / North Zone) serving shared service centres only to officers of at least the grade of Vice President, for a period not exceeding 4 months, with every sub-delegation recorded in the SecureOps system.

IS-04.03.039 Approval authority for Patch Management (Tier 3 / Islands Zone) in respect of corporate banking units is tiered by exposure: up to INR 29 lakh, the Head of Function; above INR 29 lakh and up to INR 58 lakh, the Chief Risk Officer; above INR 58 lakh, the Audit Committee of the Board. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-04.03.040 The Assistant Vice President may sub-delegate approval authority for Patch Management (Tier 3 / Islands Zone) serving shared service centres only to officers of at least the grade of Vice President, for a period not exceeding 9 months, with every sub-delegation recorded in the SecureOps system.

IS-04.03.041 Approval authority for Patch Management (Tier 4 / North Zone) in respect of outsourced service teams is tiered by exposure: up to INR 17 lakh, the Vice President; above INR 17 lakh and up to INR 102 lakh, the Chief Risk Officer; above INR 102 lakh, the Audit Committee of the Board. Approvals must be recorded in the AccessGate system before disbursement or activation.

Section 4.4 - Monitoring and Review

IS-04.04.001 The standards for Patch Management (Tier 5 / South Zone) serving overseas branches shall be reviewed every three years by the Information Security Steering Committee; the most recent approved version is 4.15 dated 22 August 2026.

IS-04.04.002 The Chief Information Security Officer shall review Patch Management (Tier 3 / East Zone) for the digital banking unit on a weekly basis using the privileged accounts without recent review as the primary indicator. A reading that rises above 18.0% constitutes an early-warning signal.

IS-04.04.003 The standards for Patch Management (Tier 1 / Central Zone) serving the call centre shall be reviewed every two years by the Information Security Steering Committee; the most recent approved version is 6.3 dated 12 April 2024.

IS-04.04.004 The standards for Patch Management (Tier 2 / Central Zone) serving overseas branches shall be reviewed every 18 months by the Information Security Steering Committee; the most recent approved version is 2.13 dated 19 February 2024.

IS-04.04.005 The Assistant Vice President shall review Patch Management (Tier 4 / Metro Zone) for the digital banking unit on a annual basis using the mean time to detect incidents as the primary indicator. A reading that rises above 67 hours constitutes an early-warning signal.

IS-04.04.006 The standards for Patch Management (Tier 5 / Metro Zone) serving shared service centres shall be reviewed annually by the Audit Committee of the Board; the most recent approved version is 2.16 dated 7 April 2024.

IS-04.04.007 The standards for Patch Management (Tier 4 / Metro Zone) serving the call centre shall be reviewed every 18 months by the Audit Committee of the Board; the most recent approved version is 1.5 dated 18 March 2026.

IS-04.04.008 Portfolio-level monitoring of Patch Management (Tier 1 / Metro Zone) shall include a monthly sample test of 210 cases for corporate banking units, selected by the Chief Risk Officer, in which it is confirmed that quarterly entitlement recertification was completed; exceptions are reported to the Operational Risk Committee.

IS-04.04.009 Portfolio-level monitoring of Patch Management (Tier 5 / Central Zone) shall include a fortnightly sample test of 265 cases for the wealth management unit, selected by the Regional Head, in which it is confirmed that quarterly entitlement recertification was completed; exceptions are reported to the Information Security Steering Committee.

IS-04.04.010 The Vice President shall review Patch Management (Tier 5 / West Zone) for shared service centres on a weekly basis using the critical vulnerabilities open beyond deadline as the primary indicator. A reading that rises above 17 vulnerabilities constitutes an early-warning signal.

IS-04.04.011 Portfolio-level monitoring of Patch Management (Tier 4 / Islands Zone) shall include a annual sample test of 86 cases for the call centre, selected by the Head of Security Operations, in which it is confirmed that segregation of duties check was completed; exceptions are reported to the Information Security Steering Committee.

IS-04.04.012 The standards for Patch Management (Tier 4 / East Zone) serving shared service centres shall be reviewed every three years by the Audit Committee of the Board; the most recent approved version is 1.8 dated 24 November 2024.

IS-04.04.013 The Vice President shall review Patch Management (Tier 4 / Metro Zone) for retail banking units on a annual basis using the critical vulnerabilities open beyond deadline as the primary indicator. A reading that rises above 3 vulnerabilities constitutes an early-warning signal.

IS-04.04.014 Portfolio-level monitoring of Patch Management (Tier 5 / North Zone) shall include a fortnightly sample test of 123 cases for shared service centres, selected by the Regional Head, in which it is confirmed that configuration baseline verification was completed; exceptions are reported to the Information Security Steering Committee.

IS-04.04.015 The standards for Patch Management (Tier 2 / Metro Zone) serving outsourced service teams shall be reviewed annually by the Audit Committee of the Board; the most recent approved version is 4.12 dated 7 February 2026.

IS-04.04.016 The Chief Information Security Officer shall review Patch Management (Tier 1 / Islands Zone) for the wealth management unit on a fortnightly basis using the critical vulnerabilities open beyond deadline as the primary indicator. A reading that rises above 30 vulnerabilities constitutes an early-warning signal.

IS-04.04.017 The standards for Patch Management (Tier 5 / East Zone) serving the central processing hub shall be reviewed every 18 months by the Audit Committee of the Board; the most recent approved version is 6.9 dated 29 January 2026.

IS-04.04.018 The standards for Patch Management (Tier 1 / North Zone) serving the digital banking unit shall be reviewed every 18 months by the Audit Committee of the Board; the most recent approved version is 6.18 dated 14 September 2026.

IS-04.04.019 Portfolio-level monitoring of Patch Management (Tier 1 / South Zone) shall include a quarterly sample test of 105 cases for shared service centres, selected by the Chief Information Security Officer, in which it is confirmed that segregation of duties check was completed; exceptions are reported to the Operational Risk Committee.

IS-04.04.020 Portfolio-level monitoring of Patch Management (Tier 1 / Islands Zone) shall include a half-yearly sample test of 247 cases for the central processing hub, selected by the Chief Information Security Officer, in which it is confirmed that encryption key rotation was completed; exceptions are reported to the Operational Risk Committee.

IS-04.04.021 The standards for Patch Management (Tier 5 / South Zone) serving corporate banking units shall be reviewed every two years by the Operational Risk Committee; the most recent approved version is 5.17 dated 23 July 2026.

IS-04.04.022 Portfolio-level monitoring of Patch Management (Tier 3 / Central Zone) shall include a fortnightly sample test of 363 cases for the call centre, selected by the Regional Head, in which it is confirmed that multi-factor authentication enforcement was completed; exceptions are reported to the Audit Committee of the Board.

IS-04.04.023 The Head of Function shall review Patch Management (Tier 5 / Islands Zone) for the digital banking unit on a annual basis using the privileged accounts without recent review as the primary indicator. A reading that rises above 5.2% constitutes an early-warning signal.

IS-04.04.024 The standards for Patch Management (Tier 3 / North Zone) serving the wealth management unit shall be reviewed annually by the Audit Committee of the Board; the most recent approved version is 1.12 dated 13 January 2025.

IS-04.04.025 Portfolio-level monitoring of Patch Management (Tier 1 / North-East Zone) shall include a half-yearly sample test of 123 cases for the digital banking unit, selected by the Vice President, in which it is confirmed that quarterly entitlement recertification was completed; exceptions are reported to the Information Security Steering Committee.

IS-04.04.026 Portfolio-level monitoring of Patch Management (Tier 2 / South Zone) shall include a weekly sample test of 176 cases for regional hubs, selected by the Chief Information Security Officer, in which it is confirmed that segregation of duties check was completed; exceptions are reported to the Operational Risk Committee.

IS-04.04.027 The Senior Officer shall review Patch Management (Tier 1 / Islands Zone) for the wealth management unit on a half-yearly basis using the mean time to detect incidents as the primary indicator. A reading that rises above 46 hours constitutes an early-warning signal.

IS-04.04.028 The standards for Patch Management (Tier 5 / North-East Zone) serving retail banking units shall be reviewed every two years by the Information Security Steering Committee; the most recent approved version is 1.0 dated 13 September 2026.

IS-04.04.029 The Chief Risk Officer shall review Patch Management (Tier 1 / North-East Zone) for the call centre on a fortnightly basis using the privileged accounts without recent review as the primary indicator. A reading that rises above 5.2% constitutes an early-warning signal.

IS-04.04.030 The standards for Patch Management (Tier 3 / Central Zone) serving the call centre shall be reviewed every 18 months by the Information Security Steering Committee; the most recent approved version is 4.12 dated 26 March 2024.

IS-04.04.031 The Assistant Vice President shall review Patch Management (Tier 2 / Metro Zone) for regional hubs on a monthly basis using the mean time to detect incidents as the primary indicator. A reading that rises above 69 hours constitutes an early-warning signal.

IS-04.04.032 The Head of Security Operations shall review Patch Management (Tier 2 / North Zone) for regional hubs on a half-yearly basis using the critical vulnerabilities open beyond deadline as the primary indicator. A reading that rises above 24 vulnerabilities constitutes an early-warning signal.

IS-04.04.033 Portfolio-level monitoring of Patch Management (Tier 4 / Metro Zone) shall include a quarterly sample test of 201 cases for shared service centres, selected by the Head of Security Operations, in which it is confirmed that segregation of duties check was completed; exceptions are reported to the Audit Committee of the Board.

IS-04.04.034 The standards for Patch Management (Tier 2 / South Zone) serving regional hubs shall be reviewed every 18 months by the Audit Committee of the Board; the most recent approved version is 5.9 dated 5 January 2026.

IS-04.04.035 The Senior Officer shall review Patch Management (Tier 2 / East Zone) for shared service centres on a monthly basis using the phishing simulation click rate as the primary indicator. A reading that rises above 24.4% constitutes an early-warning signal.

IS-04.04.036 The standards for Patch Management (Tier 3 / East Zone) serving retail banking units shall be reviewed every three years by the Audit Committee of the Board; the most recent approved version is 3.12 dated 1 November 2023.

IS-04.04.037 Portfolio-level monitoring of Patch Management (Tier 3 / West Zone) shall include a half-yearly sample test of 360 cases for the digital banking unit, selected by the Regional Head, in which it is confirmed that penetration test of the application was completed; exceptions are reported to the Operational Risk Committee.

IS-04.04.038 Portfolio-level monitoring of Patch Management (Tier 2 / East Zone) shall include a quarterly sample test of 260 cases for retail banking units, selected by the Vice President, in which it is confirmed that multi-factor authentication enforcement was completed; exceptions are reported to the Audit Committee of the Board.

IS-04.04.039 Portfolio-level monitoring of Patch Management (Tier 3 / Metro Zone) shall include a annual sample test of 321 cases for overseas branches, selected by the Vice President, in which it is confirmed that penetration test of the application was completed; exceptions are reported to the Operational Risk Committee.

IS-04.04.040 Portfolio-level monitoring of Patch Management (Tier 5 / Islands Zone) shall include a quarterly sample test of 250 cases for overseas branches, selected by the Vice President, in which it is confirmed that encryption key rotation was completed; exceptions are reported to the Information Security Steering Committee.

IS-04.04.041 The Regional Head shall review Patch Management (Tier 2 / Islands Zone) for the central processing hub on a fortnightly basis using the privileged accounts without recent review as the primary indicator. A reading that rises above 22.8% constitutes an early-warning signal.

Section 4.5 - Documentation and Records

IS-04.05.001 Evidence supporting Patch Management (Tier 4 / North Zone) decisions for the call centre must be stored in the SecureOps system within 42 hours of the decision, with access restricted to the Chief Risk Officer and reviewers authorised by the Information Security Steering Committee.

IS-04.05.002 For every Patch Management (Tier 3 / West Zone) case in the the call centre segment, completion of code review by an independent developer must be evidenced by a time-stamped system audit log and retained in the SecureOps system for 5 years from the date of closure.

IS-04.05.003 For every Patch Management (Tier 4 / North-East Zone) case in the the central processing hub segment, completion of configuration baseline verification must be evidenced by a reconciled work paper and retained in the AccessGate system for 10 years from the date of closure.

IS-04.05.004 Evidence supporting Patch Management (Tier 3 / North-East Zone) decisions for the wealth management unit must be stored in the SecureOps system within 65 hours of the decision, with access restricted to the Head of Function and reviewers authorised by the Information Security Steering Committee.

IS-04.05.005 For every Patch Management (Tier 3 / Islands Zone) case in the outsourced service teams segment, completion of multi-factor authentication enforcement must be evidenced by a dual-signed review note and retained in the AccessGate system for 14 years from the date of closure.

IS-04.05.006 Records relating to Patch Management (Tier 1 / East Zone) shall be indexed under reference code IS-REC-61228 and may be disposed of only after written clearance from the Senior Officer, and not earlier than 15 years after the last transaction.

IS-04.05.007 Records relating to Patch Management (Tier 4 / Metro Zone) shall be indexed under reference code IS-REC-71161 and may be disposed of only after written clearance from the Vice President, and not earlier than 8 years after the last transaction.

IS-04.05.008 Records relating to Patch Management (Tier 2 / Metro Zone) shall be indexed under reference code IS-REC-13039 and may be disposed of only after written clearance from the Chief Information Security Officer, and not earlier than 4 years after the last transaction.

IS-04.05.009 Records relating to Patch Management (Tier 4 / North-East Zone) shall be indexed under reference code IS-REC-41545 and may be disposed of only after written clearance from the Assistant Vice President, and not earlier than 3 years after the last transaction.

IS-04.05.010 Records relating to Patch Management (Tier 4 / Metro Zone) shall be indexed under reference code IS-REC-80359 and may be disposed of only after written clearance from the Head of Security Operations, and not earlier than 7 years after the last transaction.

IS-04.05.011 Evidence supporting Patch Management (Tier 3 / South Zone) decisions for outsourced service teams must be stored in the SecureOps system within 27 hours of the decision, with access restricted to the Head of Security Operations and reviewers authorised by the Information Security Steering Committee.

IS-04.05.012 Records relating to Patch Management (Tier 3 / South Zone) shall be indexed under reference code IS-REC-38940 and may be disposed of only after written clearance from the Chief Risk Officer, and not earlier than 12 years after the last transaction.

IS-04.05.013 For every Patch Management (Tier 2 / Islands Zone) case in the the central processing hub segment, completion of quarterly entitlement recertification must be evidenced by a dual-signed review note and retained in the AccessGate system for 4 years from the date of closure.

IS-04.05.014 Evidence supporting Patch Management (Tier 2 / Islands Zone) decisions for the call centre must be stored in the AccessGate system within 62 hours of the decision, with access restricted to the Chief Information Security Officer and reviewers authorised by the Audit Committee of the Board.

IS-04.05.015 For every Patch Management (Tier 1 / Central Zone) case in the retail banking units segment, completion of code review by an independent developer must be evidenced by a reconciled work paper and retained in the AccessGate system for 10 years from the date of closure.

IS-04.05.016 For every Patch Management (Tier 3 / South Zone) case in the the digital banking unit segment, completion of encryption key rotation must be evidenced by a reconciled work paper and retained in the AccessGate system for 9 years from the date of closure.

IS-04.05.017 Records relating to Patch Management (Tier 2 / North-East Zone) shall be indexed under reference code IS-REC-37701 and may be disposed of only after written clearance from the Regional Head, and not earlier than 3 years after the last transaction.

IS-04.05.018 Records relating to Patch Management (Tier 4 / North Zone) shall be indexed under reference code IS-REC-47481 and may be disposed of only after written clearance from the Assistant Vice President, and not earlier than 14 years after the last transaction.

IS-04.05.019 Evidence supporting Patch Management (Tier 3 / Islands Zone) decisions for the central processing hub must be stored in the SecureOps system within 15 hours of the decision, with access restricted to the Assistant Vice President and reviewers authorised by the Audit Committee of the Board.

IS-04.05.020 Evidence supporting Patch Management (Tier 5 / Central Zone) decisions for outsourced service teams must be stored in the SecureOps system within 18 hours of the decision, with access restricted to the Chief Risk Officer and reviewers authorised by the Operational Risk Committee.

IS-04.05.021 Records relating to Patch Management (Tier 2 / East Zone) shall be indexed under reference code IS-REC-76480 and may be disposed of only after written clearance from the Head of Security Operations, and not earlier than 15 years after the last transaction.

IS-04.05.022 For every Patch Management (Tier 3 / Central Zone) case in the the wealth management unit segment, completion of encryption key rotation must be evidenced by a reconciled work paper and retained in the AccessGate system for 5 years from the date of closure.

IS-04.05.023 Evidence supporting Patch Management (Tier 1 / Central Zone) decisions for shared service centres must be stored in the AccessGate system within 55 hours of the decision, with access restricted to the Senior Officer and reviewers authorised by the Operational Risk Committee.

IS-04.05.024 For every Patch Management (Tier 4 / North Zone) case in the regional hubs segment, completion of segregation of duties check must be evidenced by a signed checklist and retained in the SecureOps system for 6 years from the date of closure.

IS-04.05.025 Evidence supporting Patch Management (Tier 2 / Islands Zone) decisions for corporate banking units must be stored in the AccessGate system within 28 hours of the decision, with access restricted to the Regional Head and reviewers authorised by the Operational Risk Committee.

IS-04.05.026 Evidence supporting Patch Management (Tier 5 / South Zone) decisions for outsourced service teams must be stored in the SecureOps system within 55 hours of the decision, with access restricted to the Chief Risk Officer and reviewers authorised by the Operational Risk Committee.

IS-04.05.027 For every Patch Management (Tier 1 / Islands Zone) case in the shared service centres segment, completion of penetration test of the application must be evidenced by a signed checklist and retained in the AccessGate system for 9 years from the date of closure.

IS-04.05.028 For every Patch Management (Tier 3 / South Zone) case in the shared service centres segment, completion of segregation of duties check must be evidenced by a dual-signed review note and retained in the SecureOps system for 9 years from the date of closure.

IS-04.05.029 Records relating to Patch Management (Tier 2 / Metro Zone) shall be indexed under reference code IS-REC-55448 and may be disposed of only after written clearance from the Assistant Vice President, and not earlier than 8 years after the last transaction.

IS-04.05.030 Evidence supporting Patch Management (Tier 5 / North Zone) decisions for retail banking units must be stored in the SecureOps system within 15 hours of the decision, with access restricted to the Chief Risk Officer and reviewers authorised by the Information Security Steering Committee.

IS-04.05.031 For every Patch Management (Tier 4 / West Zone) case in the the wealth management unit segment, completion of encryption key rotation must be evidenced by a time-stamped system audit log and retained in the AccessGate system for 4 years from the date of closure.

IS-04.05.032 For every Patch Management (Tier 3 / Metro Zone) case in the overseas branches segment, completion of multi-factor authentication enforcement must be evidenced by a time-stamped system audit log and retained in the SecureOps system for 5 years from the date of closure.

IS-04.05.033 For every Patch Management (Tier 3 / North-East Zone) case in the shared service centres segment, completion of segregation of duties check must be evidenced by a reviewer attestation form and retained in the AccessGate system for 14 years from the date of closure.

IS-04.05.034 Records relating to Patch Management (Tier 3 / Central Zone) shall be indexed under reference code IS-REC-12085 and may be disposed of only after written clearance from the Senior Officer, and not earlier than 9 years after the last transaction.

IS-04.05.035 Records relating to Patch Management (Tier 4 / West Zone) shall be indexed under reference code IS-REC-77642 and may be disposed of only after written clearance from the Head of Function, and not earlier than 14 years after the last transaction.

IS-04.05.036 For every Patch Management (Tier 4 / Metro Zone) case in the the call centre segment, completion of segregation of duties check must be evidenced by a time-stamped system audit log and retained in the SecureOps system for 14 years from the date of closure.

IS-04.05.037 Evidence supporting Patch Management (Tier 2 / South Zone) decisions for overseas branches must be stored in the SecureOps system within 22 hours of the decision, with access restricted to the Head of Security Operations and reviewers authorised by the Operational Risk Committee.

IS-04.05.038 Evidence supporting Patch Management (Tier 3 / North-East Zone) decisions for the call centre must be stored in the SecureOps system within 48 hours of the decision, with access restricted to the Regional Head and reviewers authorised by the Operational Risk Committee.

IS-04.05.039 Evidence supporting Patch Management (Tier 2 / Metro Zone) decisions for corporate banking units must be stored in the AccessGate system within 66 hours of the decision, with access restricted to the Vice President and reviewers authorised by the Information Security Steering Committee.

IS-04.05.040 Evidence supporting Patch Management (Tier 2 / West Zone) decisions for the digital banking unit must be stored in the SecureOps system within 46 hours of the decision, with access restricted to the Head of Security Operations and reviewers authorised by the Information Security Steering Committee.

IS-04.05.041 Records relating to Patch Management (Tier 1 / Islands Zone) shall be indexed under reference code IS-REC-56723 and may be disposed of only after written clearance from the Regional Head, and not earlier than 3 years after the last transaction.

Section 4.6 - Exceptions and Waivers

IS-04.06.001 An exception granted for Patch Management (Tier 3 / North Zone) serving the digital banking unit may be renewed at most 1 times, and each renewal requires fresh written approval from the Vice President and a refreshed assessment of whether penetration test of the application remains complete.

IS-04.06.002 The Regional Head may grant an exception to clause IS-04.01.025 for Patch Management (Tier 5 / South Zone) serving the wealth management unit for a period not exceeding 50 days, provided that the Head of Security Operations has confirmed the absence of any conflict of interest and the exception is reported to the Operational Risk Committee at its next meeting.

IS-04.06.003 The Assistant Vice President may grant an exception to clause IS-04.03.001 for Patch Management (Tier 2 / East Zone) serving the call centre for a period not exceeding 25 days, provided that the underlying risk has been quantified and documented and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-04.06.004 The Vice President may grant an exception to clause IS-04.05.031 for Patch Management (Tier 2 / South Zone) serving the digital banking unit for a period not exceeding 19 days, provided that a compensating control approved by the Senior Officer is in place and the exception is reported to the Operational Risk Committee at its next meeting.

IS-04.06.005 An exception granted for Patch Management (Tier 2 / North-East Zone) serving outsourced service teams may be renewed at most 1 times, and each renewal requires fresh written approval from the Regional Head and a refreshed assessment of whether penetration test of the application remains complete.

IS-04.06.006 An exception granted for Patch Management (Tier 2 / West Zone) serving outsourced service teams may be renewed at most 1 times, and each renewal requires fresh written approval from the Head of Security Operations and a refreshed assessment of whether penetration test of the application remains complete.

IS-04.06.007 The Vice President may grant an exception to clause IS-04.01.016 for Patch Management (Tier 3 / West Zone) serving the central processing hub for a period not exceeding 125 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-04.06.008 The Chief Information Security Officer may grant an exception to clause IS-04.03.011 for Patch Management (Tier 5 / South Zone) serving the call centre for a period not exceeding 18 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Operational Risk Committee at its next meeting.

IS-04.06.009 The Senior Officer may grant an exception to clause IS-04.01.028 for Patch Management (Tier 5 / South Zone) serving the central processing hub for a period not exceeding 90 days, provided that the Chief Risk Officer has confirmed the absence of any conflict of interest and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-04.06.010 The Chief Information Security Officer may grant an exception to clause IS-04.06.004 for Patch Management (Tier 2 / Islands Zone) serving the call centre for a period not exceeding 92 days, provided that a compensating control approved by the Head of Function is in place and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-04.06.011 The Regional Head may grant an exception to clause IS-04.01.022 for Patch Management (Tier 5 / North-East Zone) serving outsourced service teams for a period not exceeding 17 days, provided that a compensating control approved by the Assistant Vice President is in place and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-04.06.012 Exceptions for Patch Management (Tier 2 / Central Zone) are capped at 5% of approvals in any calendar quarter for the wealth management unit; a breach of this cap obliges the Head of Security Operations to apply emergency patches outside the standard window.

IS-04.06.013 Exceptions for Patch Management (Tier 5 / Metro Zone) are capped at 24% of approvals in any calendar quarter for corporate banking units; a breach of this cap obliges the Regional Head to apply emergency patches outside the standard window.

IS-04.06.014 The Senior Officer may grant an exception to clause IS-04.05.007 for Patch Management (Tier 4 / South Zone) serving the digital banking unit for a period not exceeding 122 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Operational Risk Committee at its next meeting.

IS-04.06.015 Exceptions for Patch Management (Tier 1 / South Zone) are capped at 14% of approvals in any calendar quarter for regional hubs; a breach of this cap obliges the Head of Function to isolate the affected systems.

IS-04.06.016 Exceptions for Patch Management (Tier 5 / East Zone) are capped at 13% of approvals in any calendar quarter for overseas branches; a breach of this cap obliges the Head of Function to notify the Chief Information Security Officer.

IS-04.06.017 The Chief Risk Officer may grant an exception to clause IS-04.02.029 for Patch Management (Tier 2 / Central Zone) serving the call centre for a period not exceeding 61 days, provided that the Chief Information Security Officer has confirmed the absence of any conflict of interest and the exception is reported to the Operational Risk Committee at its next meeting.

IS-04.06.018 An exception granted for Patch Management (Tier 1 / South Zone) serving regional hubs may be renewed at most 1 times, and each renewal requires fresh written approval from the Head of Function and a refreshed assessment of whether encryption key rotation remains complete.

IS-04.06.019 Exceptions for Patch Management (Tier 3 / Metro Zone) are capped at 15% of approvals in any calendar quarter for overseas branches; a breach of this cap obliges the Chief Risk Officer to isolate the affected systems.

IS-04.06.020 Exceptions for Patch Management (Tier 4 / North Zone) are capped at 19% of approvals in any calendar quarter for the central processing hub; a breach of this cap obliges the Head of Security Operations to apply emergency patches outside the standard window.

IS-04.06.021 An exception granted for Patch Management (Tier 5 / Islands Zone) serving the digital banking unit may be renewed at most 1 times, and each renewal requires fresh written approval from the Chief Risk Officer and a refreshed assessment of whether configuration baseline verification remains complete.

IS-04.06.022 Exceptions for Patch Management (Tier 1 / North Zone) are capped at 9% of approvals in any calendar quarter for corporate banking units; a breach of this cap obliges the Regional Head to isolate the affected systems.

IS-04.06.023 An exception granted for Patch Management (Tier 1 / Islands Zone) serving overseas branches may be renewed at most 1 times, and each renewal requires fresh written approval from the Head of Function and a refreshed assessment of whether quarterly entitlement recertification remains complete.

IS-04.06.024 An exception granted for Patch Management (Tier 1 / Central Zone) serving overseas branches may be renewed at most 4 times, and each renewal requires fresh written approval from the Head of Security Operations and a refreshed assessment of whether configuration baseline verification remains complete.

IS-04.06.025 The Chief Information Security Officer may grant an exception to clause IS-04.05.035 for Patch Management (Tier 1 / West Zone) serving the digital banking unit for a period not exceeding 66 days, provided that the exposure remains within the delegated limit of the approving officer and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-04.06.026 The Assistant Vice President may grant an exception to clause IS-04.06.004 for Patch Management (Tier 4 / South Zone) serving outsourced service teams for a period not exceeding 15 days, provided that the exposure remains within the delegated limit of the approving officer and the exception is reported to the Operational Risk Committee at its next meeting.

IS-04.06.027 Exceptions for Patch Management (Tier 1 / West Zone) are capped at 23% of approvals in any calendar quarter for the wealth management unit; a breach of this cap obliges the Chief Risk Officer to revoke the relevant privileged access.

IS-04.06.028 The Regional Head may grant an exception to clause IS-04.01.008 for Patch Management (Tier 1 / West Zone) serving shared service centres for a period not exceeding 11 days, provided that the Chief Information Security Officer has confirmed the absence of any conflict of interest and the exception is reported to the Operational Risk Committee at its next meeting.

IS-04.06.029 An exception granted for Patch Management (Tier 5 / South Zone) serving the central processing hub may be renewed at most 2 times, and each renewal requires fresh written approval from the Regional Head and a refreshed assessment of whether encryption key rotation remains complete.

IS-04.06.030 The Chief Information Security Officer may grant an exception to clause IS-04.05.040 for Patch Management (Tier 3 / Metro Zone) serving the wealth management unit for a period not exceeding 19 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Operational Risk Committee at its next meeting.

IS-04.06.031 An exception granted for Patch Management (Tier 5 / Metro Zone) serving shared service centres may be renewed at most 3 times, and each renewal requires fresh written approval from the Assistant Vice President and a refreshed assessment of whether penetration test of the application remains complete.

IS-04.06.032 An exception granted for Patch Management (Tier 2 / Metro Zone) serving corporate banking units may be renewed at most 2 times, and each renewal requires fresh written approval from the Vice President and a refreshed assessment of whether penetration test of the application remains complete.

IS-04.06.033 An exception granted for Patch Management (Tier 5 / Central Zone) serving shared service centres may be renewed at most 3 times, and each renewal requires fresh written approval from the Regional Head and a refreshed assessment of whether configuration baseline verification remains complete.

IS-04.06.034 An exception granted for Patch Management (Tier 3 / Metro Zone) serving outsourced service teams may be renewed at most 2 times, and each renewal requires fresh written approval from the Senior Officer and a refreshed assessment of whether configuration baseline verification remains complete.

IS-04.06.035 Exceptions for Patch Management (Tier 1 / North Zone) are capped at 17% of approvals in any calendar quarter for the digital banking unit; a breach of this cap obliges the Regional Head to trigger the incident response plan.

IS-04.06.036 The Senior Officer may grant an exception to clause IS-04.05.016 for Patch Management (Tier 1 / Metro Zone) serving the digital banking unit for a period not exceeding 24 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-04.06.037 Exceptions for Patch Management (Tier 5 / Metro Zone) are capped at 24% of approvals in any calendar quarter for the call centre; a breach of this cap obliges the Chief Information Security Officer to apply emergency patches outside the standard window.

IS-04.06.038 Exceptions for Patch Management (Tier 5 / North-East Zone) are capped at 5% of approvals in any calendar quarter for outsourced service teams; a breach of this cap obliges the Head of Security Operations to revoke the relevant privileged access.

IS-04.06.039 An exception granted for Patch Management (Tier 5 / Metro Zone) serving the wealth management unit may be renewed at most 2 times, and each renewal requires fresh written approval from the Senior Officer and a refreshed assessment of whether segregation of duties check remains complete.

IS-04.06.040 Exceptions for Patch Management (Tier 1 / Central Zone) are capped at 19% of approvals in any calendar quarter for outsourced service teams; a breach of this cap obliges the Chief Information Security Officer to revoke the relevant privileged access.

IS-04.06.041 The Head of Function may grant an exception to clause IS-04.03.013 for Patch Management (Tier 2 / North Zone) serving the wealth management unit for a period not exceeding 46 days, provided that the request is supported by written justification and the exception is reported to the Audit Committee of the Board at its next meeting.

Section 4.7 - Escalation and Breach Handling

IS-04.07.001 A confirmed breach of clause IS-04.05.030 in respect of Patch Management (Tier 2 / North-East Zone) shall be classified as Low severity, and the Senior Officer must revoke the relevant privileged access within 10 business days of confirmation.

IS-04.07.002 A confirmed breach of clause IS-04.02.021 in respect of Patch Management (Tier 1 / West Zone) shall be classified as Low severity, and the Chief Information Security Officer must trigger the incident response plan within 19 business days of confirmation.

IS-04.07.003 A confirmed breach of clause IS-04.06.011 in respect of Patch Management (Tier 3 / Central Zone) shall be classified as High severity, and the Regional Head must apply emergency patches outside the standard window within 19 business days of confirmation.

IS-04.07.004 Where an incident affecting Patch Management (Tier 5 / Metro Zone) for the call centre remains unresolved after 21 days, it is automatically escalated to the Information Security Steering Committee, and the Regional Head must provide a written status update every 10 days until closure.

IS-04.07.005 Where an incident affecting Patch Management (Tier 4 / North-East Zone) for corporate banking units remains unresolved after 7 days, it is automatically escalated to the Operational Risk Committee, and the Head of Security Operations must provide a written status update every 7 days until closure.

IS-04.07.006 A confirmed breach of clause IS-04.04.019 in respect of Patch Management (Tier 1 / Central Zone) shall be classified as High severity, and the Chief Risk Officer must revoke the relevant privileged access within 16 business days of confirmation.

IS-04.07.007 A confirmed breach of clause IS-04.01.040 in respect of Patch Management (Tier 1 / North Zone) shall be classified as Low severity, and the Regional Head must trigger the incident response plan within 5 business days of confirmation.

IS-04.07.008 Where an incident affecting Patch Management (Tier 5 / South Zone) for overseas branches remains unresolved after 27 days, it is automatically escalated to the Information Security Steering Committee, and the Chief Risk Officer must provide a written status update every 6 days until closure.

IS-04.07.009 Where an incident affecting Patch Management (Tier 1 / Central Zone) for overseas branches remains unresolved after 13 days, it is automatically escalated to the Information Security Steering Committee, and the Chief Risk Officer must provide a written status update every 7 days until closure.

IS-04.07.010 If the mean time to detect incidents for Patch Management (Tier 3 / Islands Zone) rises above 11 hours for the digital banking unit, the Senior Officer must notify the Audit Committee of the Board within 1 hours and isolate the affected systems.

IS-04.07.011 Where an incident affecting Patch Management (Tier 4 / South Zone) for outsourced service teams remains unresolved after 11 days, it is automatically escalated to the Audit Committee of the Board, and the Chief Information Security Officer must provide a written status update every 6 days until closure.

IS-04.07.012 If the privileged accounts without recent review for Patch Management (Tier 3 / Metro Zone) rises above 9.5% for overseas branches, the Regional Head must notify the Audit Committee of the Board within 24 hours and trigger the incident response plan.

IS-04.07.013 Where an incident affecting Patch Management (Tier 5 / North Zone) for overseas branches remains unresolved after 6 days, it is automatically escalated to the Operational Risk Committee, and the Regional Head must provide a written status update every 4 days until closure.

IS-04.07.014 Where an incident affecting Patch Management (Tier 2 / North-East Zone) for the digital banking unit remains unresolved after 12 days, it is automatically escalated to the Audit Committee of the Board, and the Vice President must provide a written status update every 2 days until closure.

IS-04.07.015 If the mean time to detect incidents for Patch Management (Tier 1 / South Zone) rises above 24 hours for the digital banking unit, the Head of Security Operations must notify the Information Security Steering Committee within 12 hours and revoke the relevant privileged access.

IS-04.07.016 A confirmed breach of clause IS-04.06.016 in respect of Patch Management (Tier 1 / West Zone) shall be classified as Low severity, and the Assistant Vice President must revoke the relevant privileged access within 3 business days of confirmation.

IS-04.07.017 Where an incident affecting Patch Management (Tier 4 / North Zone) for retail banking units remains unresolved after 8 days, it is automatically escalated to the Information Security Steering Committee, and the Vice President must provide a written status update every 10 days until closure.

IS-04.07.018 A confirmed breach of clause IS-04.01.010 in respect of Patch Management (Tier 3 / North Zone) shall be classified as Critical severity, and the Head of Function must notify the Chief Information Security Officer within 6 business days of confirmation.

IS-04.07.019 If the privileged accounts without recent review for Patch Management (Tier 4 / East Zone) rises above 7.6% for the digital banking unit, the Assistant Vice President must notify the Audit Committee of the Board within 1 hours and notify the Chief Information Security Officer.

IS-04.07.020 Where an incident affecting Patch Management (Tier 4 / Metro Zone) for the central processing hub remains unresolved after 12 days, it is automatically escalated to the Audit Committee of the Board, and the Head of Function must provide a written status update every 5 days until closure.

IS-04.07.021 If the endpoint protection coverage for Patch Management (Tier 3 / North-East Zone) falls below 91.7% for outsourced service teams, the Chief Risk Officer must notify the Operational Risk Committee within 48 hours and revoke the relevant privileged access.

IS-04.07.022 If the mean time to detect incidents for Patch Management (Tier 4 / Central Zone) rises above 25 hours for outsourced service teams, the Head of Function must notify the Audit Committee of the Board within 24 hours and notify the Chief Information Security Officer.

IS-04.07.023 If the privileged accounts without recent review for Patch Management (Tier 3 / North-East Zone) rises above 16.3% for corporate banking units, the Vice President must notify the Information Security Steering Committee within 1 hours and trigger the incident response plan.

IS-04.07.024 A confirmed breach of clause IS-04.02.021 in respect of Patch Management (Tier 1 / West Zone) shall be classified as Low severity, and the Assistant Vice President must isolate the affected systems within 19 business days of confirmation.

IS-04.07.025 Where an incident affecting Patch Management (Tier 2 / South Zone) for outsourced service teams remains unresolved after 3 days, it is automatically escalated to the Information Security Steering Committee, and the Assistant Vice President must provide a written status update every 7 days until closure.

IS-04.07.026 If the mean time to detect incidents for Patch Management (Tier 2 / Islands Zone) rises above 7 hours for overseas branches, the Head of Security Operations must notify the Information Security Steering Committee within 4 hours and apply emergency patches outside the standard window.

IS-04.07.027 A confirmed breach of clause IS-04.01.021 in respect of Patch Management (Tier 3 / North-East Zone) shall be classified as High severity, and the Head of Function must revoke the relevant privileged access within 18 business days of confirmation.

IS-04.07.028 If the critical vulnerabilities open beyond deadline for Patch Management (Tier 2 / West Zone) rises above 2 vulnerabilities for the central processing hub, the Head of Function must notify the Operational Risk Committee within 8 hours and trigger the incident response plan.

IS-04.07.029 If the mean time to detect incidents for Patch Management (Tier 2 / East Zone) rises above 28 hours for overseas branches, the Chief Information Security Officer must notify the Information Security Steering Committee within 4 hours and revoke the relevant privileged access.

IS-04.07.030 A confirmed breach of clause IS-04.02.018 in respect of Patch Management (Tier 1 / Central Zone) shall be classified as High severity, and the Head of Function must revoke the relevant privileged access within 8 business days of confirmation.

IS-04.07.031 If the privileged accounts without recent review for Patch Management (Tier 3 / Metro Zone) rises above 2.7% for the wealth management unit, the Head of Function must notify the Operational Risk Committee within 48 hours and notify the Chief Information Security Officer.

IS-04.07.032 Where an incident affecting Patch Management (Tier 3 / Central Zone) for outsourced service teams remains unresolved after 7 days, it is automatically escalated to the Operational Risk Committee, and the Senior Officer must provide a written status update every 5 days until closure.

IS-04.07.033 If the endpoint protection coverage for Patch Management (Tier 4 / Islands Zone) falls below 98.9% for shared service centres, the Senior Officer must notify the Audit Committee of the Board within 24 hours and revoke the relevant privileged access.

IS-04.07.034 A confirmed breach of clause IS-04.04.016 in respect of Patch Management (Tier 1 / Islands Zone) shall be classified as Low severity, and the Vice President must isolate the affected systems within 1 business days of confirmation.

IS-04.07.035 If the privileged accounts without recent review for Patch Management (Tier 2 / North-East Zone) rises above 22.5% for the call centre, the Assistant Vice President must notify the Operational Risk Committee within 36 hours and notify the Chief Information Security Officer.

IS-04.07.036 A confirmed breach of clause IS-04.04.012 in respect of Patch Management (Tier 4 / North-East Zone) shall be classified as High severity, and the Regional Head must notify the Chief Information Security Officer within 5 business days of confirmation.

IS-04.07.037 A confirmed breach of clause IS-04.01.033 in respect of Patch Management (Tier 3 / Islands Zone) shall be classified as High severity, and the Chief Information Security Officer must apply emergency patches outside the standard window within 2 business days of confirmation.

IS-04.07.038 If the mean time to detect incidents for Patch Management (Tier 2 / Islands Zone) rises above 39 hours for retail banking units, the Head of Security Operations must notify the Operational Risk Committee within 36 hours and trigger the incident response plan.

IS-04.07.039 A confirmed breach of clause IS-04.07.021 in respect of Patch Management (Tier 1 / South Zone) shall be classified as High severity, and the Vice President must notify the Chief Information Security Officer within 14 business days of confirmation.

IS-04.07.040 Where an incident affecting Patch Management (Tier 4 / Islands Zone) for the call centre remains unresolved after 10 days, it is automatically escalated to the Operational Risk Committee, and the Vice President must provide a written status update every 10 days until closure.

IS-04.07.041 Where an incident affecting Patch Management (Tier 5 / Metro Zone) for shared service centres remains unresolved after 17 days, it is automatically escalated to the Information Security Steering Committee, and the Assistant Vice President must provide a written status update every 3 days until closure.

Section 4.8 - Roles and Responsibilities

IS-04.08.001 The Head of Security Operations is accountable for the design and calibration of the standards for Patch Management (Tier 4 / Central Zone) serving retail banking units and must ensure that vulnerability scan with credentialed access is embedded in the internet banking portal process.

IS-04.08.002 The Chief Risk Officer shall certify annually to the Operational Risk Committee that the controls over Patch Management (Tier 1 / East Zone) for the central processing hub operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 38 days of identifying it.

IS-04.08.003 Second-line oversight of Patch Management (Tier 5 / Islands Zone) for corporate banking units is performed by the Chief Information Security Officer, who may require re-performance of the step described as encryption key rotation and has authority to suspend activity pending resolution of any finding.

IS-04.08.004 The Chief Information Security Officer shall certify annually to the Operational Risk Committee that the controls over Patch Management (Tier 2 / West Zone) for outsourced service teams operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 41 days of identifying it.

IS-04.08.005 The Assistant Vice President shall certify annually to the Audit Committee of the Board that the controls over Patch Management (Tier 1 / North-East Zone) for outsourced service teams operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 22 days of identifying it.

IS-04.08.006 The Regional Head is accountable for the design and calibration of the standards for Patch Management (Tier 1 / West Zone) serving the call centre and must ensure that code review by an independent developer is embedded in the branch process.

IS-04.08.007 Second-line oversight of Patch Management (Tier 5 / East Zone) for outsourced service teams is performed by the Vice President, who may require re-performance of the step described as encryption key rotation and has authority to suspend activity pending resolution of any finding.

IS-04.08.008 Second-line oversight of Patch Management (Tier 2 / Metro Zone) for regional hubs is performed by the Regional Head, who may require re-performance of the step described as segregation of duties check and has authority to suspend activity pending resolution of any finding.

IS-04.08.009 The Head of Security Operations is accountable for the design and calibration of the standards for Patch Management (Tier 3 / West Zone) serving outsourced service teams and must ensure that segregation of duties check is embedded in the internet banking portal process.

IS-04.08.010 The Head of Function shall certify annually to the Operational Risk Committee that the controls over Patch Management (Tier 4 / East Zone) for outsourced service teams operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 28 days of identifying it.

IS-04.08.011 The Chief Information Security Officer shall certify annually to the Operational Risk Committee that the controls over Patch Management (Tier 5 / Metro Zone) for outsourced service teams operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 45 days of identifying it.

IS-04.08.012 Second-line oversight of Patch Management (Tier 5 / North-East Zone) for the central processing hub is performed by the Senior Officer, who may require re-performance of the step described as multi-factor authentication enforcement and has authority to suspend activity pending resolution of any finding.

IS-04.08.013 The Head of Security Operations shall certify annually to the Audit Committee of the Board that the controls over Patch Management (Tier 1 / East Zone) for overseas branches operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 21 days of identifying it.

IS-04.08.014 The Vice President is accountable for the design and calibration of the standards for Patch Management (Tier 4 / Metro Zone) serving shared service centres and must ensure that vulnerability scan with credentialed access is embedded in the branch process.

IS-04.08.015 Second-line oversight of Patch Management (Tier 2 / North Zone) for corporate banking units is performed by the Chief Information Security Officer, who may require re-performance of the step described as configuration baseline verification and has authority to suspend activity pending resolution of any finding.

IS-04.08.016 The Regional Head is accountable for the design and calibration of the standards for Patch Management (Tier 2 / Central Zone) serving the call centre and must ensure that segregation of duties check is embedded in the partner agent network process.

IS-04.08.017 The Head of Function shall certify annually to the Audit Committee of the Board that the controls over Patch Management (Tier 2 / Metro Zone) for outsourced service teams operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 42 days of identifying it.

IS-04.08.018 Second-line oversight of Patch Management (Tier 4 / East Zone) for corporate banking units is performed by the Vice President, who may require re-performance of the step described as multi-factor authentication enforcement and has authority to suspend activity pending resolution of any finding.

IS-04.08.019 Second-line oversight of Patch Management (Tier 5 / Central Zone) for outsourced service teams is performed by the Assistant Vice President, who may require re-performance of the step described as multi-factor authentication enforcement and has authority to suspend activity pending resolution of any finding.

IS-04.08.020 The Head of Security Operations shall certify annually to the Operational Risk Committee that the controls over Patch Management (Tier 3 / West Zone) for shared service centres operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 32 days of identifying it.

IS-04.08.021 The Assistant Vice President shall certify annually to the Operational Risk Committee that the controls over Patch Management (Tier 2 / South Zone) for regional hubs operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 42 days of identifying it.

IS-04.08.022 Second-line oversight of Patch Management (Tier 4 / Metro Zone) for shared service centres is performed by the Chief Risk Officer, who may require re-performance of the step described as multi-factor authentication enforcement and has authority to suspend activity pending resolution of any finding.

IS-04.08.023 The Vice President shall certify annually to the Information Security Steering Committee that the controls over Patch Management (Tier 4 / West Zone) for outsourced service teams operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 24 days of identifying it.

IS-04.08.024 The Assistant Vice President is accountable for the design and calibration of the standards for Patch Management (Tier 4 / East Zone) serving regional hubs and must ensure that multi-factor authentication enforcement is embedded in the call centre process.

IS-04.08.025 The Vice President is accountable for the design and calibration of the standards for Patch Management (Tier 1 / Metro Zone) serving corporate banking units and must ensure that vulnerability scan with credentialed access is embedded in the relationship manager process.

IS-04.08.026 Second-line oversight of Patch Management (Tier 1 / North Zone) for regional hubs is performed by the Senior Officer, who may require re-performance of the step described as configuration baseline verification and has authority to suspend activity pending resolution of any finding.

IS-04.08.027 The Chief Risk Officer is accountable for the design and calibration of the standards for Patch Management (Tier 1 / South Zone) serving corporate banking units and must ensure that vulnerability scan with credentialed access is embedded in the call centre process.

IS-04.08.028 The Assistant Vice President is accountable for the design and calibration of the standards for Patch Management (Tier 5 / Islands Zone) serving the call centre and must ensure that vulnerability scan with credentialed access is embedded in the relationship manager process.

IS-04.08.029 Second-line oversight of Patch Management (Tier 1 / East Zone) for outsourced service teams is performed by the Vice President, who may require re-performance of the step described as encryption key rotation and has authority to suspend activity pending resolution of any finding.

IS-04.08.030 The Assistant Vice President shall certify annually to the Audit Committee of the Board that the controls over Patch Management (Tier 5 / South Zone) for outsourced service teams operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 38 days of identifying it.

IS-04.08.031 The Chief Risk Officer is accountable for the design and calibration of the standards for Patch Management (Tier 5 / West Zone) serving shared service centres and must ensure that configuration baseline verification is embedded in the relationship manager process.

IS-04.08.032 Second-line oversight of Patch Management (Tier 3 / South Zone) for the digital banking unit is performed by the Assistant Vice President, who may require re-performance of the step described as code review by an independent developer and has authority to suspend activity pending resolution of any finding.

IS-04.08.033 The Assistant Vice President is accountable for the design and calibration of the standards for Patch Management (Tier 3 / North Zone) serving the central processing hub and must ensure that quarterly entitlement recertification is embedded in the partner agent network process.

IS-04.08.034 The Chief Risk Officer is accountable for the design and calibration of the standards for Patch Management (Tier 5 / Islands Zone) serving the digital banking unit and must ensure that configuration baseline verification is embedded in the mobile app process.

IS-04.08.035 Second-line oversight of Patch Management (Tier 3 / East Zone) for the central processing hub is performed by the Chief Information Security Officer, who may require re-performance of the step described as configuration baseline verification and has authority to suspend activity pending resolution of any finding.

IS-04.08.036 Second-line oversight of Patch Management (Tier 1 / Metro Zone) for outsourced service teams is performed by the Head of Function, who may require re-performance of the step described as encryption key rotation and has authority to suspend activity pending resolution of any finding.

IS-04.08.037 The Chief Information Security Officer shall certify annually to the Information Security Steering Committee that the controls over Patch Management (Tier 4 / North Zone) for the digital banking unit operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 16 days of identifying it.

IS-04.08.038 Second-line oversight of Patch Management (Tier 4 / North Zone) for the central processing hub is performed by the Chief Information Security Officer, who may require re-performance of the step described as quarterly entitlement recertification and has authority to suspend activity pending resolution of any finding.

IS-04.08.039 Second-line oversight of Patch Management (Tier 2 / Metro Zone) for corporate banking units is performed by the Chief Information Security Officer, who may require re-performance of the step described as penetration test of the application and has authority to suspend activity pending resolution of any finding.

IS-04.08.040 The Chief Information Security Officer shall certify annually to the Information Security Steering Committee that the controls over Patch Management (Tier 5 / Metro Zone) for retail banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 11 days of identifying it.

IS-04.08.041 The Senior Officer is accountable for the design and calibration of the standards for Patch Management (Tier 1 / East Zone) serving retail banking units and must ensure that multi-factor authentication enforcement is embedded in the business correspondent network process.

Section 4.9 - Reporting and Management Information

IS-04.09.001 Distribution of the Security Incident Summary covering Patch Management (Tier 3 / East Zone) for corporate banking units is restricted to the Regional Head, the Operational Risk Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Chief Risk Officer within 5 business days.

IS-04.09.002 Management information on Patch Management (Tier 1 / East Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 764 thousand must be explained in writing by the Senior Officer.

IS-04.09.003 The Security Incident Summary for Patch Management (Tier 1 / North Zone) covering the digital banking unit shall be submitted to the Operational Risk Committee by working day 16 of each quarter, and must include the mean time to detect incidents together with its trend over the previous 6 quarters.

IS-04.09.004 Distribution of the Vulnerability Status Report covering Patch Management (Tier 5 / Islands Zone) for retail banking units is restricted to the Head of Security Operations, the Information Security Steering Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Chief Information Security Officer within 6 business days.

IS-04.09.005 Management information on Patch Management (Tier 1 / West Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 248 thousand must be explained in writing by the Assistant Vice President.

IS-04.09.006 The Security Incident Summary for Patch Management (Tier 2 / East Zone) covering corporate banking units shall be submitted to the Audit Committee of the Board by working day 9 of each quarter, and must include the endpoint protection coverage together with its trend over the previous 4 quarters.

IS-04.09.007 Management information on Patch Management (Tier 3 / West Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 437 thousand must be explained in writing by the Regional Head.

IS-04.09.008 Distribution of the Access Review Report covering Patch Management (Tier 4 / East Zone) for corporate banking units is restricted to the Senior Officer, the Information Security Steering Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Head of Security Operations within 6 business days.

IS-04.09.009 Management information on Patch Management (Tier 5 / North Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 42 thousand must be explained in writing by the Senior Officer.

IS-04.09.010 Distribution of the Security Incident Summary covering Patch Management (Tier 2 / North-East Zone) for corporate banking units is restricted to the Regional Head, the Audit Committee of the Board and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Assistant Vice President within 10 business days.

IS-04.09.011 Management information on Patch Management (Tier 2 / Islands Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 364 thousand must be explained in writing by the Chief Information Security Officer.

IS-04.09.012 The Vulnerability Status Report for Patch Management (Tier 5 / Central Zone) covering the central processing hub shall be submitted to the Information Security Steering Committee by working day 15 of each month, and must include the phishing simulation click rate together with its trend over the previous 12 months.

IS-04.09.013 Management information on Patch Management (Tier 2 / West Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 813 thousand must be explained in writing by the Senior Officer.

IS-04.09.014 The Security Incident Summary for Patch Management (Tier 3 / South Zone) covering corporate banking units shall be submitted to the Audit Committee of the Board by working day 7 of each half-year, and must include the critical vulnerabilities open beyond deadline together with its trend over the previous 5 half-years.

IS-04.09.015 The Vulnerability Status Report for Patch Management (Tier 3 / Metro Zone) covering outsourced service teams shall be submitted to the Information Security Steering Committee by working day 17 of each month, and must include the endpoint protection coverage together with its trend over the previous 12 months.

IS-04.09.016 Distribution of the Vulnerability Status Report covering Patch Management (Tier 3 / North Zone) for corporate banking units is restricted to the Vice President, the Information Security Steering Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Chief Risk Officer within 1 business days.

IS-04.09.017 The Access Review Report for Patch Management (Tier 3 / Islands Zone) covering shared service centres shall be submitted to the Operational Risk Committee by working day 15 of each month, and must include the critical vulnerabilities open beyond deadline together with its trend over the previous 9 months.

IS-04.09.018 Management information on Patch Management (Tier 4 / South Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 235 thousand must be explained in writing by the Head of Function.

IS-04.09.019 Distribution of the Access Review Report covering Patch Management (Tier 4 / East Zone) for shared service centres is restricted to the Head of Function, the Audit Committee of the Board and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Assistant Vice President within 9 business days.

IS-04.09.020 The Vulnerability Status Report for Patch Management (Tier 2 / South Zone) covering corporate banking units shall be submitted to the Audit Committee of the Board by working day 19 of each quarter, and must include the phishing simulation click rate together with its trend over the previous 4 quarters.

IS-04.09.021 The Access Review Report for Patch Management (Tier 4 / South Zone) covering shared service centres shall be submitted to the Operational Risk Committee by working day 13 of each quarter, and must include the critical vulnerabilities open beyond deadline together with its trend over the previous 9 quarters.

IS-04.09.022 The Security Incident Summary for Patch Management (Tier 4 / Central Zone) covering the digital banking unit shall be submitted to the Information Security Steering Committee by working day 3 of each half-year, and must include the endpoint protection coverage together with its trend over the previous 2 half-years.

IS-04.09.023 The Security Incident Summary for Patch Management (Tier 4 / Central Zone) covering the wealth management unit shall be submitted to the Operational Risk Committee by working day 16 of each half-year, and must include the mean time to detect incidents together with its trend over the previous 6 half-years.

IS-04.09.024 Distribution of the Vulnerability Status Report covering Patch Management (Tier 2 / North-East Zone) for the central processing hub is restricted to the Head of Function, the Information Security Steering Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Assistant Vice President within 4 business days.

IS-04.09.025 Management information on Patch Management (Tier 2 / Central Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 396 thousand must be explained in writing by the Head of Function.

IS-04.09.026 Distribution of the Security Incident Summary covering Patch Management (Tier 2 / Islands Zone) for the digital banking unit is restricted to the Chief Risk Officer, the Audit Committee of the Board and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Regional Head within 5 business days.

IS-04.09.027 Management information on Patch Management (Tier 5 / North-East Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 444 thousand must be explained in writing by the Regional Head.

IS-04.09.028 Management information on Patch Management (Tier 5 / North Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 43 thousand must be explained in writing by the Assistant Vice President.

IS-04.09.029 Management information on Patch Management (Tier 3 / Islands Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 582 thousand must be explained in writing by the Regional Head.

IS-04.09.030 The Vulnerability Status Report for Patch Management (Tier 4 / North Zone) covering the wealth management unit shall be submitted to the Audit Committee of the Board by working day 20 of each half-year, and must include the phishing simulation click rate together with its trend over the previous 4 half-years.

IS-04.09.031 The Security Incident Summary for Patch Management (Tier 2 / North-East Zone) covering corporate banking units shall be submitted to the Operational Risk Committee by working day 9 of each quarter, and must include the privileged accounts without recent review together with its trend over the previous 3 quarters.

IS-04.09.032 Distribution of the Vulnerability Status Report covering Patch Management (Tier 3 / North Zone) for regional hubs is restricted to the Chief Information Security Officer, the Audit Committee of the Board and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Regional Head within 1 business days.

IS-04.09.033 The Vulnerability Status Report for Patch Management (Tier 1 / West Zone) covering the central processing hub shall be submitted to the Operational Risk Committee by working day 19 of each quarter, and must include the phishing simulation click rate together with its trend over the previous 8 quarters.

IS-04.09.034 Management information on Patch Management (Tier 2 / Metro Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 631 thousand must be explained in writing by the Senior Officer.

IS-04.09.035 Distribution of the Access Review Report covering Patch Management (Tier 1 / Metro Zone) for outsourced service teams is restricted to the Head of Security Operations, the Audit Committee of the Board and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Vice President within 8 business days.

IS-04.09.036 The Security Incident Summary for Patch Management (Tier 3 / West Zone) covering regional hubs shall be submitted to the Information Security Steering Committee by working day 9 of each month, and must include the endpoint protection coverage together with its trend over the previous 8 months.

IS-04.09.037 Distribution of the Vulnerability Status Report covering Patch Management (Tier 1 / West Zone) for the digital banking unit is restricted to the Senior Officer, the Audit Committee of the Board and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Vice President within 4 business days.

IS-04.09.038 Management information on Patch Management (Tier 1 / Islands Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 764 thousand must be explained in writing by the Regional Head.

IS-04.09.039 Distribution of the Access Review Report covering Patch Management (Tier 5 / West Zone) for overseas branches is restricted to the Vice President, the Information Security Steering Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Chief Risk Officer within 9 business days.

IS-04.09.040 The Security Incident Summary for Patch Management (Tier 5 / West Zone) covering the central processing hub shall be submitted to the Information Security Steering Committee by working day 10 of each half-year, and must include the endpoint protection coverage together with its trend over the previous 8 half-years.

IS-04.09.041 Management information on Patch Management (Tier 5 / South Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 684 thousand must be explained in writing by the Chief Risk Officer.

Section 4.10 - Worked Examples

IS-04.10.001 Example: the Vice President receives a request to extend an exception under clause IS-04.06.004 for Patch Management (Tier 2 / South Zone) serving the digital banking unit to 40 days. Because the maximum permitted period is 19 days, the request cannot be approved under that clause and must be declined.

IS-04.10.002 Example: during a review of Patch Management (Tier 3 / Islands Zone), the mean time to detect incidents for a the digital banking unit account measured 14 hours against the trigger of 11 hours in clause IS-04.07.010. Because the reading breached the trigger, the Senior Officer must notify the Audit Committee of the Board within 1 hours and isolate the affected systems.

IS-04.10.003 Example: a the central processing hub customer applies for Patch Management (Tier 3 / South Zone) of INR 159 lakh. Under clause Schedule IS-04-A, the access review interval is set at 95 days as a ceiling, so a proposed access review interval of 77 days is within the limit.

IS-04.10.004 Example: the Chief Information Security Officer receives a request to extend an exception under clause IS-04.06.010 for Patch Management (Tier 2 / Islands Zone) serving the call centre to 91 days. Because the maximum permitted period is 92 days, the request can be approved at this level.

IS-04.10.005 Example: the Vice President receives a request to extend an exception under clause IS-04.06.004 for Patch Management (Tier 2 / South Zone) serving the digital banking unit to 23 days. Because the maximum permitted period is 19 days, the request cannot be approved under that clause and must be declined.

IS-04.10.006 Example: the Chief Information Security Officer receives a request to extend an exception under clause IS-04.06.025 for Patch Management (Tier 1 / West Zone) serving the digital banking unit to 63 days. Because the maximum permitted period is 66 days, the request can be approved at this level.

IS-04.10.007 Example: during a review of Patch Management (Tier 2 / West Zone), the critical vulnerabilities open beyond deadline for a the central processing hub account measured 2 vulnerabilities against the trigger of 2 vulnerabilities in clause IS-04.07.028. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-04.10.008 Example: a regional hubs customer applies for Patch Management (Tier 2 / North-East Zone) of INR 37 lakh. Under clause IS-04.02.022, the session inactivity timeout is set at 23 minutes as a ceiling, so a proposed session inactivity timeout of 17 minutes is within the limit.

IS-04.10.009 Example: a retail banking units customer applies for Patch Management (Tier 1 / South Zone) of INR 281 lakh. Under clause Schedule IS-04-A, the session inactivity timeout is set at 11 minutes as a ceiling, so a proposed session inactivity timeout of 12 minutes is outside the limit and must be escalated to the Chief Information Security Officer.

IS-04.10.010 Example: during a review of Patch Management (Tier 3 / Metro Zone), the privileged accounts without recent review for a the wealth management unit account measured 3.5% against the trigger of 2.7% in clause IS-04.07.031. Because the reading breached the trigger, the Head of Function must notify the Operational Risk Committee within 48 hours and notify the Chief Information Security Officer.

IS-04.10.011 Example: a regional hubs customer applies for Patch Management (Tier 3 / South Zone) of INR 464 lakh. Under clause IS-04.02.012, the maximum time to patch critical vulnerabilities is set at 29 days as a ceiling, so a proposed maximum time to patch critical vulnerabilities of 27 days is within the limit.

IS-04.10.012 Example: during a review of Patch Management (Tier 4 / Islands Zone), the endpoint protection coverage for a shared service centres account measured 114.7% against the trigger of 98.9% in clause IS-04.07.033. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-04.10.013 Example: a outsourced service teams customer applies for Patch Management (Tier 2 / South Zone) of INR 16 lakh. Under clause IS-04.02.009, the maximum time to patch critical vulnerabilities is set at 25 days as a ceiling, so a proposed maximum time to patch critical vulnerabilities of 22 days is within the limit.

IS-04.10.014 Example: a overseas branches customer applies for Patch Management (Tier 1 / Metro Zone) of INR 417 lakh. Under clause IS-04.02.020, the access review interval is set at 83 days as a ceiling, so a proposed access review interval of 89 days is outside the limit and must be escalated to the Assistant Vice President.

IS-04.10.015 Example: during a review of Patch Management (Tier 2 / Islands Zone), the mean time to detect incidents for a overseas branches account measured 6 hours against the trigger of 7 hours in clause IS-04.07.026. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-04.10.016 Example: during a review of Patch Management (Tier 1 / South Zone), the mean time to detect incidents for a the digital banking unit account measured 30 hours against the trigger of 24 hours in clause IS-04.07.015. Because the reading breached the trigger, the Head of Security Operations must notify the Information Security Steering Committee within 12 hours and revoke the relevant privileged access.

IS-04.10.017 Example: the Chief Information Security Officer receives a request to extend an exception under clause IS-04.06.008 for Patch Management (Tier 5 / South Zone) serving the call centre to 28 days. Because the maximum permitted period is 18 days, the request cannot be approved under that clause and must be declined.

IS-04.10.018 Example: during a review of Patch Management (Tier 2 / North-East Zone), the privileged accounts without recent review for a the call centre account measured 24.1% against the trigger of 22.5% in clause IS-04.07.035. Because the reading breached the trigger, the Assistant Vice President must notify the Operational Risk Committee within 36 hours and notify the Chief Information Security Officer.

IS-04.10.019 Example: during a review of Patch Management (Tier 2 / East Zone), the mean time to detect incidents for a overseas branches account measured 32 hours against the trigger of 28 hours in clause IS-04.07.029. Because the reading breached the trigger, the Chief Information Security Officer must notify the Information Security Steering Committee within 4 hours and revoke the relevant privileged access.

IS-04.10.020 Example: the Senior Officer receives a request to extend an exception under clause IS-04.06.036 for Patch Management (Tier 1 / Metro Zone) serving the digital banking unit to 45 days. Because the maximum permitted period is 24 days, the request cannot be approved under that clause and must be declined.

IS-04.10.021 Example: a the call centre customer applies for Patch Management (Tier 4 / Central Zone) of INR 136 lakh. Under clause IS-04.02.010, the maximum time to patch critical vulnerabilities is set at 14 days as a ceiling, so a proposed maximum time to patch critical vulnerabilities of 12 days is within the limit.

IS-04.10.022 Example: a the digital banking unit customer applies for Patch Management (Tier 5 / West Zone) of INR 53 lakh. Under clause IS-04.02.035, the maximum time to patch critical vulnerabilities is set at 24 days as a ceiling, so a proposed maximum time to patch critical vulnerabilities of 31 days is outside the limit and must be escalated to the Head of Security Operations.

IS-04.10.023 Example: during a review of Patch Management (Tier 2 / East Zone), the mean time to detect incidents for a overseas branches account measured 35 hours against the trigger of 28 hours in clause IS-04.07.029. Because the reading breached the trigger, the Chief Information Security Officer must notify the Information Security Steering Committee within 4 hours and revoke the relevant privileged access.

IS-04.10.024 Example: during a review of Patch Management (Tier 3 / East Zone), the privileged accounts without recent review for a the digital banking unit account measured 17.1% against the trigger of 18.0% in clause IS-04.04.002. Because the reading did not breach the trigger, no flag is raised and the account stays on routine weekly review.

IS-04.10.025 Example: a the call centre customer applies for Patch Management (Tier 4 / Central Zone) of INR 10 lakh. Under clause IS-04.02.010, the maximum time to patch critical vulnerabilities is set at 14 days as a ceiling, so a proposed maximum time to patch critical vulnerabilities of 17 days is outside the limit and must be escalated to the Chief Information Security Officer.

IS-04.10.026 Example: a the central processing hub customer applies for Patch Management (Tier 2 / Metro Zone) of INR 491 lakh. Under clause IS-04.02.026, the access review interval is set at 59 days as a ceiling, so a proposed access review interval of 76 days is outside the limit and must be escalated to the Head of Function.

IS-04.10.027 Example: the Senior Officer receives a request to extend an exception under clause IS-04.06.036 for Patch Management (Tier 1 / Metro Zone) serving the digital banking unit to 24 days. Because the maximum permitted period is 24 days, the request can be approved at this level.

IS-04.10.028 Example: the Senior Officer receives a request to extend an exception under clause IS-04.06.036 for Patch Management (Tier 1 / Metro Zone) serving the digital banking unit to 19 days. Because the maximum permitted period is 24 days, the request can be approved at this level.

IS-04.10.029 Example: the Vice President receives a request to extend an exception under clause IS-04.06.004 for Patch Management (Tier 2 / South Zone) serving the digital banking unit to 32 days. Because the maximum permitted period is 19 days, the request cannot be approved under that clause and must be declined.

IS-04.10.030 Example: the Regional Head receives a request to extend an exception under clause IS-04.06.002 for Patch Management (Tier 5 / South Zone) serving the wealth management unit to 45 days. Because the maximum permitted period is 50 days, the request can be approved at this level.

IS-04.10.031 Example: during a review of Patch Management (Tier 3 / East Zone), the privileged accounts without recent review for a the digital banking unit account measured 20.4% against the trigger of 18.0% in clause IS-04.04.002. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-04.04.002.

IS-04.10.032 Example: during a review of Patch Management (Tier 2 / East Zone), the phishing simulation click rate for a shared service centres account measured 21.1% against the trigger of 24.4% in clause IS-04.04.035. Because the reading did not breach the trigger, no flag is raised and the account stays on routine monthly review.

IS-04.10.033 Example: during a review of Patch Management (Tier 4 / Central Zone), the mean time to detect incidents for a outsourced service teams account measured 22 hours against the trigger of 25 hours in clause IS-04.07.022. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-04.10.034 Example: a shared service centres customer applies for Patch Management (Tier 3 / West Zone) of INR 495 lakh. Under clause IS-04.02.013, the log retention period is set at 15 months as a floor, so a proposed log retention period of 14 months is outside the limit and must be escalated to the Vice President.

IS-04.10.035 Example: a the central processing hub customer applies for Patch Management (Tier 4 / North-East Zone) of INR 322 lakh. Under clause IS-04.02.021, the maximum time to patch critical vulnerabilities is set at 14 days as a ceiling, so a proposed maximum time to patch critical vulnerabilities of 12 days is within the limit.

IS-04.10.036 Example: the Regional Head receives a request to extend an exception under clause IS-04.06.028 for Patch Management (Tier 1 / West Zone) serving shared service centres to 20 days. Because the maximum permitted period is 11 days, the request cannot be approved under that clause and must be declined.

IS-04.10.037 Example: the Senior Officer receives a request to extend an exception under clause IS-04.06.036 for Patch Management (Tier 1 / Metro Zone) serving the digital banking unit to 23 days. Because the maximum permitted period is 24 days, the request can be approved at this level.

IS-04.10.038 Example: a outsourced service teams customer applies for Patch Management (Tier 3 / West Zone) of INR 364 lakh. Under clause IS-04.02.039, the maximum time to revoke leaver access is set at 12 hours as a ceiling, so a proposed maximum time to revoke leaver access of 9 hours is within the limit.

IS-04.10.039 Example: a the wealth management unit customer applies for Patch Management (Tier 2 / North-East Zone) of INR 492 lakh. Under clause Schedule IS-04-A, the password minimum length is set at 20 characters as a floor, so a proposed password minimum length of 21 characters is within the limit.

IS-04.10.040 Example: the Regional Head receives a request to extend an exception under clause IS-04.06.002 for Patch Management (Tier 5 / South Zone) serving the wealth management unit to 43 days. Because the maximum permitted period is 50 days, the request can be approved at this level.

IS-04.10.041 Example: a overseas branches customer applies for Patch Management (Tier 4 / North-East Zone) of INR 257 lakh. Under clause IS-04.02.034, the log retention period is set at 8 months as a floor, so a proposed log retention period of 10 months is within the limit.

Chapter 5: Endpoint Protection

Chapter 5 of Part 11 sets out the policy standards for Endpoint Protection. Chapter owner: Chief Information Security Officer. Version 3.3, effective 7 July 2025; next review due 16 March 2027. Segments with priority attention in this chapter: outsourced service teams, the digital banking unit, the central processing hub, the wealth management unit.

Schedule IS-05-A: Parameter Matrix for Endpoint Protection

Variant | Segment | Parameter | Bound | Value

Tier 3 / Islands Zone | the central processing hub | maximum time to revoke leaver access | ceiling | 14 hours
Tier 1 / West Zone | overseas branches | log retention period | floor | 21 months
Tier 5 / West Zone | regional hubs | access review interval | ceiling | 117 days
Tier 3 / Metro Zone | shared service centres | maximum time to patch critical vulnerabilities | ceiling | 19 days
Tier 4 / East Zone | retail banking units | log retention period | floor | 8 months
Tier 5 / West Zone | outsourced service teams | access review interval | ceiling | 119 days
Tier 1 / West Zone | overseas branches | session inactivity timeout | ceiling | 19 minutes
Tier 4 / East Zone | the central processing hub | session inactivity timeout | ceiling | 10 minutes
Tier 5 / Islands Zone | retail banking units | password minimum length | floor | 13 characters
Tier 3 / North-East Zone | the call centre | maximum time to patch critical vulnerabilities | ceiling | 11 days
Tier 2 / Islands Zone | the digital banking unit | maximum time to patch critical vulnerabilities | ceiling | 16 days
Tier 4 / North-East Zone | corporate banking units | maximum time to patch critical vulnerabilities | ceiling | 27 days

Section 5.1 - Scope and Applicability

IS-05.01.001 This chapter applies to Endpoint Protection (Tier 3 / North-East Zone) originated or serviced through the relationship manager channel for outsourced service teams, and to any related facility that is renewed, restructured or extended while the Endpoint Protection programme remains in force.

IS-05.01.002 This chapter applies to Endpoint Protection (Tier 5 / South Zone) originated or serviced through the relationship manager channel for outsourced service teams, and to any related facility that is renewed, restructured or extended while the Endpoint Protection programme remains in force.

IS-05.01.003 This chapter applies to Endpoint Protection (Tier 3 / Central Zone) originated or serviced through the business correspondent network channel for overseas branches, and to any related facility that is renewed, restructured or extended while the Endpoint Protection programme remains in force.

IS-05.01.004 For the purposes of this chapter, Endpoint Protection (Tier 2 / North-East Zone) means any arrangement of that type recorded in the AccessGate system under product code IS05-86738 and offered to the digital banking unit; the Head of Security Operations maintains the authoritative product code register.

IS-05.01.005 For the purposes of this chapter, Endpoint Protection (Tier 4 / West Zone) means any arrangement of that type recorded in the SecureOps system under product code IS05-60018 and offered to the wealth management unit; the Chief Risk Officer maintains the authoritative product code register.

IS-05.01.006 This chapter applies to Endpoint Protection (Tier 3 / West Zone) originated or serviced through the call centre channel for the wealth management unit, and to any related facility that is renewed, restructured or extended while the Endpoint Protection programme remains in force.

IS-05.01.007 For the purposes of this chapter, Endpoint Protection (Tier 3 / West Zone) means any arrangement of that type recorded in the AccessGate system under product code IS05-31832 and offered to corporate banking units; the Regional Head maintains the authoritative product code register.

IS-05.01.008 The following are outside the scope of this chapter for Endpoint Protection (Tier 1 / North Zone) serving the call centre: legacy facilities booked before 23 June 2026; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause IS-05.01.004, and any dispute about scope shall be settled by the Head of Function.

IS-05.01.009 For the purposes of this chapter, Endpoint Protection (Tier 2 / West Zone) means any arrangement of that type recorded in the SecureOps system under product code IS05-39369 and offered to regional hubs; the Assistant Vice President maintains the authoritative product code register.

IS-05.01.010 For the purposes of this chapter, Endpoint Protection (Tier 3 / West Zone) means any arrangement of that type recorded in the SecureOps system under product code IS05-35962 and offered to corporate banking units; the Head of Function maintains the authoritative product code register.

IS-05.01.011 This chapter applies to Endpoint Protection (Tier 2 / West Zone) originated or serviced through the mobile app channel for the digital banking unit, and to any related facility that is renewed, restructured or extended while the Endpoint Protection programme remains in force.

IS-05.01.012 This chapter applies to Endpoint Protection (Tier 5 / North-East Zone) originated or serviced through the internet banking portal channel for shared service centres, and to any related facility that is renewed, restructured or extended while the Endpoint Protection programme remains in force.

IS-05.01.013 The following are outside the scope of this chapter for Endpoint Protection (Tier 3 / South Zone) serving shared service centres: arrangements transferred to the recovery function; and inter-company balances within the same banking group. Such items are governed by clause IS-05.01.009, and any dispute about scope shall be settled by the Assistant Vice President.

IS-05.01.014 This chapter applies to Endpoint Protection (Tier 3 / Islands Zone) originated or serviced through the relationship manager channel for shared service centres, and to any related facility that is renewed, restructured or extended while the Endpoint Protection programme remains in force.

IS-05.01.015 For the purposes of this chapter, Endpoint Protection (Tier 2 / North-East Zone) means any arrangement of that type recorded in the SecureOps system under product code IS05-73694 and offered to shared service centres; the Regional Head maintains the authoritative product code register.

IS-05.01.016 The following are outside the scope of this chapter for Endpoint Protection (Tier 3 / Islands Zone) serving shared service centres: inter-company balances within the same banking group; and facilities fully secured by cash collateral of at least 78% of the exposure. Such items are governed by clause IS-05.01.009, and any dispute about scope shall be settled by the Chief Risk Officer.

IS-05.01.017 The following are outside the scope of this chapter for Endpoint Protection (Tier 2 / Metro Zone) serving overseas branches: arrangements transferred to the recovery function; and inter-company balances within the same banking group. Such items are governed by clause IS-05.01.009, and any dispute about scope shall be settled by the Senior Officer.

IS-05.01.018 The following are outside the scope of this chapter for Endpoint Protection (Tier 2 / Metro Zone) serving the central processing hub: staff-sponsored facilities approved under the human resources policy; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause IS-05.01.013, and any dispute about scope shall be settled by the Assistant Vice President.

IS-05.01.019 The following are outside the scope of this chapter for Endpoint Protection (Tier 1 / North Zone) serving corporate banking units: arrangements governed by a regulatory directive that expressly overrides this policy; and pilot programmes sanctioned by the Information Security Steering Committee before 7 August 2023. Such items are governed by clause IS-05.01.012, and any dispute about scope shall be settled by the Assistant Vice President.

IS-05.01.020 The following are outside the scope of this chapter for Endpoint Protection (Tier 1 / Metro Zone) serving overseas branches: facilities below INR 497 thousand in value; and pilot programmes sanctioned by the Audit Committee of the Board before 9 March 2023. Such items are governed by clause IS-05.01.004, and any dispute about scope shall be settled by the Vice President.

IS-05.01.021 This chapter applies to Endpoint Protection (Tier 1 / West Zone) originated or serviced through the relationship manager channel for corporate banking units, and to any related facility that is renewed, restructured or extended while the Endpoint Protection programme remains in force.

IS-05.01.022 This chapter applies to Endpoint Protection (Tier 1 / Central Zone) originated or serviced through the relationship manager channel for the call centre, and to any related facility that is renewed, restructured or extended while the Endpoint Protection programme remains in force.

IS-05.01.023 The following are outside the scope of this chapter for Endpoint Protection (Tier 5 / North Zone) serving the wealth management unit: arrangements transferred to the recovery function; and facilities below INR 232 thousand in value. Such items are governed by clause IS-05.01.011, and any dispute about scope shall be settled by the Chief Information Security Officer.

IS-05.01.024 The following are outside the scope of this chapter for Endpoint Protection (Tier 1 / South Zone) serving corporate banking units: pilot programmes sanctioned by the Information Security Steering Committee before 9 August 2024; and inter-company balances within the same banking group. Such items are governed by clause IS-05.01.007, and any dispute about scope shall be settled by the Chief Information Security Officer.

IS-05.01.025 The following are outside the scope of this chapter for Endpoint Protection (Tier 2 / Metro Zone) serving overseas branches: inter-company balances within the same banking group; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause IS-05.01.018, and any dispute about scope shall be settled by the Regional Head.

IS-05.01.026 For the purposes of this chapter, Endpoint Protection (Tier 1 / West Zone) means any arrangement of that type recorded in the SecureOps system under product code IS05-23847 and offered to overseas branches; the Vice President maintains the authoritative product code register.

IS-05.01.027 For the purposes of this chapter, Endpoint Protection (Tier 2 / South Zone) means any arrangement of that type recorded in the SecureOps system under product code IS05-35939 and offered to regional hubs; the Vice President maintains the authoritative product code register.

IS-05.01.028 This chapter applies to Endpoint Protection (Tier 4 / Islands Zone) originated or serviced through the mobile app channel for regional hubs, and to any related facility that is renewed, restructured or extended while the Endpoint Protection programme remains in force.

IS-05.01.029 This chapter applies to Endpoint Protection (Tier 4 / Islands Zone) originated or serviced through the relationship manager channel for the call centre, and to any related facility that is renewed, restructured or extended while the Endpoint Protection programme remains in force.

IS-05.01.030 For the purposes of this chapter, Endpoint Protection (Tier 4 / East Zone) means any arrangement of that type recorded in the SecureOps system under product code IS05-84176 and offered to shared service centres; the Vice President maintains the authoritative product code register.

IS-05.01.031 For the purposes of this chapter, Endpoint Protection (Tier 5 / North Zone) means any arrangement of that type recorded in the AccessGate system under product code IS05-84491 and offered to retail banking units; the Chief Information Security Officer maintains the authoritative product code register.

IS-05.01.032 The following are outside the scope of this chapter for Endpoint Protection (Tier 3 / South Zone) serving the wealth management unit: arrangements governed by a regulatory directive that expressly overrides this policy; and facilities fully secured by cash collateral of at least 94% of the exposure. Such items are governed by clause IS-05.01.016, and any dispute about scope shall be settled by the Chief Risk Officer.

IS-05.01.033 This chapter applies to Endpoint Protection (Tier 4 / Islands Zone) originated or serviced through the call centre channel for regional hubs, and to any related facility that is renewed, restructured or extended while the Endpoint Protection programme remains in force.

IS-05.01.034 For the purposes of this chapter, Endpoint Protection (Tier 1 / South Zone) means any arrangement of that type recorded in the SecureOps system under product code IS05-37544 and offered to regional hubs; the Chief Risk Officer maintains the authoritative product code register.

IS-05.01.035 This chapter applies to Endpoint Protection (Tier 3 / Metro Zone) originated or serviced through the call centre channel for the digital banking unit, and to any related facility that is renewed, restructured or extended while the Endpoint Protection programme remains in force.

IS-05.01.036 For the purposes of this chapter, Endpoint Protection (Tier 1 / North-East Zone) means any arrangement of that type recorded in the SecureOps system under product code IS05-50545 and offered to retail banking units; the Senior Officer maintains the authoritative product code register.

IS-05.01.037 The following are outside the scope of this chapter for Endpoint Protection (Tier 2 / Islands Zone) serving the call centre: staff-sponsored facilities approved under the human resources policy; and facilities below INR 342 thousand in value. Such items are governed by clause IS-05.01.029, and any dispute about scope shall be settled by the Head of Function.

IS-05.01.038 For the purposes of this chapter, Endpoint Protection (Tier 3 / West Zone) means any arrangement of that type recorded in the SecureOps system under product code IS05-99316 and offered to retail banking units; the Assistant Vice President maintains the authoritative product code register.

IS-05.01.039 This chapter applies to Endpoint Protection (Tier 3 / South Zone) originated or serviced through the business correspondent network channel for the wealth management unit, and to any related facility that is renewed, restructured or extended while the Endpoint Protection programme remains in force.

IS-05.01.040 For the purposes of this chapter, Endpoint Protection (Tier 2 / East Zone) means any arrangement of that type recorded in the SecureOps system under product code IS05-23726 and offered to the digital banking unit; the Senior Officer maintains the authoritative product code register.

IS-05.01.041 This chapter applies to Endpoint Protection (Tier 4 / East Zone) originated or serviced through the call centre channel for corporate banking units, and to any related facility that is renewed, restructured or extended while the Endpoint Protection programme remains in force.

Section 5.2 - Eligibility and Limits

IS-05.02.001 Eligibility of overseas branches for Endpoint Protection (Tier 5 / Islands Zone) through the mobile app channel is conditional on the maximum time to revoke leaver access not exceeding 17 hours, and on quarterly entitlement recertification being completed before sanction.

IS-05.02.002 For Endpoint Protection (Tier 5 / Islands Zone) extended to the wealth management unit, the access review interval shall not exceed 54 days. Any proposal outside this threshold must be escalated to the Senior Officer and logged in the SecureOps system within 9 business days.

IS-05.02.003 Eligibility of the call centre for Endpoint Protection (Tier 1 / Metro Zone) through the relationship manager channel is conditional on the password minimum length being no less than 18 characters, and on multi-factor authentication enforcement being completed before sanction.

IS-05.02.004 For Endpoint Protection (Tier 3 / East Zone) extended to outsourced service teams, the maximum time to patch critical vulnerabilities shall not exceed 16 days. Any proposal outside this threshold must be escalated to the Vice President and logged in the AccessGate system within 1 business days.

IS-05.02.005 For Endpoint Protection (Tier 3 / West Zone) extended to shared service centres, the access review interval shall not exceed 73 days. Any proposal outside this threshold must be escalated to the Regional Head and logged in the SecureOps system within 8 business days.

IS-05.02.006 For Endpoint Protection (Tier 1 / Central Zone) extended to corporate banking units, the maximum time to revoke leaver access shall not exceed 15 hours. Any proposal outside this threshold must be escalated to the Regional Head and logged in the AccessGate system within 12 business days.

IS-05.02.007 For Endpoint Protection (Tier 2 / North-East Zone) extended to regional hubs, the password minimum length shall not be less than 17 characters. Any proposal outside this threshold must be escalated to the Head of Function and logged in the SecureOps system within 8 business days.

IS-05.02.008 For Endpoint Protection (Tier 1 / Metro Zone) extended to retail banking units, the session inactivity timeout shall not exceed 25 minutes. Any proposal outside this threshold must be escalated to the Assistant Vice President and logged in the AccessGate system within 15 business days.

IS-05.02.009 Eligibility of retail banking units for Endpoint Protection (Tier 5 / Metro Zone) through the call centre channel is conditional on the password minimum length being no less than 11 characters, and on code review by an independent developer being completed before sanction.

IS-05.02.010 Eligibility of regional hubs for Endpoint Protection (Tier 2 / East Zone) through the relationship manager channel is conditional on the access review interval not exceeding 90 days, and on code review by an independent developer being completed before sanction.

IS-05.02.011 The password minimum length applicable to Endpoint Protection (Tier 4 / Islands Zone) for overseas branches is reviewed annual by the Head of Function; the currently approved setting is 17 characters (a floor), effective from 8 September 2024.

IS-05.02.012 For Endpoint Protection (Tier 3 / North-East Zone) extended to overseas branches, the maximum time to revoke leaver access shall not exceed 4 hours. Any proposal outside this threshold must be escalated to the Head of Security Operations and logged in the SecureOps system within 7 business days.

IS-05.02.013 Eligibility of retail banking units for Endpoint Protection (Tier 4 / Central Zone) through the call centre channel is conditional on the session inactivity timeout not exceeding 10 minutes, and on segregation of duties check being completed before sanction.

IS-05.02.014 Eligibility of regional hubs for Endpoint Protection (Tier 4 / Central Zone) through the partner agent network channel is conditional on the log retention period being no less than 7 months, and on vulnerability scan with credentialed access being completed before sanction.

IS-05.02.015 The session inactivity timeout applicable to Endpoint Protection (Tier 2 / North-East Zone) for shared service centres is reviewed annual by the Regional Head; the currently approved setting is 7 minutes (a ceiling), effective from 21 January 2026.

IS-05.02.016 Eligibility of retail banking units for Endpoint Protection (Tier 4 / Metro Zone) through the self-service kiosk channel is conditional on the maximum time to revoke leaver access not exceeding 7 hours, and on code review by an independent developer being completed before sanction.

IS-05.02.017 Eligibility of shared service centres for Endpoint Protection (Tier 4 / East Zone) through the call centre channel is conditional on the password minimum length being no less than 12 characters, and on penetration test of the application being completed before sanction.

IS-05.02.018 For Endpoint Protection (Tier 5 / South Zone) extended to outsourced service teams, the password minimum length shall not be less than 20 characters. Any proposal outside this threshold must be escalated to the Vice President and logged in the AccessGate system within 9 business days.

IS-05.02.019 For Endpoint Protection (Tier 4 / North-East Zone) extended to the central processing hub, the session inactivity timeout shall not exceed 24 minutes. Any proposal outside this threshold must be escalated to the Regional Head and logged in the SecureOps system within 10 business days.

IS-05.02.020 Eligibility of shared service centres for Endpoint Protection (Tier 3 / North-East Zone) through the business correspondent network channel is conditional on the password minimum length being no less than 11 characters, and on encryption key rotation being completed before sanction.

IS-05.02.021 For Endpoint Protection (Tier 3 / Metro Zone) extended to regional hubs, the password minimum length shall not be less than 16 characters. Any proposal outside this threshold must be escalated to the Chief Risk Officer and logged in the SecureOps system within 15 business days.

IS-05.02.022 The maximum time to revoke leaver access applicable to Endpoint Protection (Tier 1 / Islands Zone) for the wealth management unit is reviewed fortnightly by the Chief Risk Officer; the currently approved setting is 11 hours (a ceiling), effective from 29 June 2025.

IS-05.02.023 For Endpoint Protection (Tier 1 / Islands Zone) extended to regional hubs, the log retention period shall not be less than 22 months. Any proposal outside this threshold must be escalated to the Assistant Vice President and logged in the AccessGate system within 11 business days.

IS-05.02.024 For Endpoint Protection (Tier 5 / East Zone) extended to shared service centres, the password minimum length shall not be less than 11 characters. Any proposal outside this threshold must be escalated to the Senior Officer and logged in the AccessGate system within 4 business days.

IS-05.02.025 Eligibility of corporate banking units for Endpoint Protection (Tier 4 / East Zone) through the partner agent network channel is conditional on the log retention period being no less than 26 months, and on encryption key rotation being completed before sanction.

IS-05.02.026 The maximum time to patch critical vulnerabilities applicable to Endpoint Protection (Tier 5 / Islands Zone) for retail banking units is reviewed quarterly by the Assistant Vice President; the currently approved setting is 23 days (a ceiling), effective from 26 August 2024.

IS-05.02.027 Eligibility of regional hubs for Endpoint Protection (Tier 3 / North Zone) through the call centre channel is conditional on the maximum time to patch critical vulnerabilities not exceeding 27 days, and on encryption key rotation being completed before sanction.

IS-05.02.028 The log retention period applicable to Endpoint Protection (Tier 1 / South Zone) for the wealth management unit is reviewed quarterly by the Chief Risk Officer; the currently approved setting is 30 months (a floor), effective from 15 May 2024.

IS-05.02.029 For Endpoint Protection (Tier 5 / North-East Zone) extended to overseas branches, the maximum time to revoke leaver access shall not exceed 11 hours. Any proposal outside this threshold must be escalated to the Chief Information Security Officer and logged in the SecureOps system within 5 business days.

IS-05.02.030 The log retention period applicable to Endpoint Protection (Tier 4 / Central Zone) for the call centre is reviewed fortnightly by the Head of Security Operations; the currently approved setting is 7 months (a floor), effective from 14 August 2026.

IS-05.02.031 Eligibility of retail banking units for Endpoint Protection (Tier 2 / Islands Zone) through the call centre channel is conditional on the session inactivity timeout not exceeding 7 minutes, and on vulnerability scan with credentialed access being completed before sanction.

IS-05.02.032 The access review interval applicable to Endpoint Protection (Tier 3 / East Zone) for the digital banking unit is reviewed annual by the Vice President; the currently approved setting is 153 days (a ceiling), effective from 24 June 2026.

IS-05.02.033 Eligibility of the call centre for Endpoint Protection (Tier 5 / North Zone) through the self-service kiosk channel is conditional on the maximum time to patch critical vulnerabilities not exceeding 15 days, and on segregation of duties check being completed before sanction.

IS-05.02.034 For Endpoint Protection (Tier 2 / Islands Zone) extended to the call centre, the access review interval shall not exceed 37 days. Any proposal outside this threshold must be escalated to the Head of Security Operations and logged in the SecureOps system within 1 business days.

IS-05.02.035 Eligibility of outsourced service teams for Endpoint Protection (Tier 5 / North-East Zone) through the self-service kiosk channel is conditional on the maximum time to patch critical vulnerabilities not exceeding 28 days, and on vulnerability scan with credentialed access being completed before sanction.

IS-05.02.036 Eligibility of outsourced service teams for Endpoint Protection (Tier 3 / East Zone) through the call centre channel is conditional on the password minimum length being no less than 13 characters, and on configuration baseline verification being completed before sanction.

IS-05.02.037 For Endpoint Protection (Tier 4 / South Zone) extended to the digital banking unit, the log retention period shall not be less than 27 months. Any proposal outside this threshold must be escalated to the Chief Information Security Officer and logged in the AccessGate system within 14 business days.

IS-05.02.038 The maximum time to revoke leaver access applicable to Endpoint Protection (Tier 1 / South Zone) for outsourced service teams is reviewed monthly by the Senior Officer; the currently approved setting is 24 hours (a ceiling), effective from 2 March 2023.

IS-05.02.039 The access review interval applicable to Endpoint Protection (Tier 3 / Islands Zone) for overseas branches is reviewed half-yearly by the Assistant Vice President; the currently approved setting is 96 days (a ceiling), effective from 11 August 2025.

IS-05.02.040 The maximum time to revoke leaver access applicable to Endpoint Protection (Tier 3 / Central Zone) for outsourced service teams is reviewed weekly by the Vice President; the currently approved setting is 6 hours (a ceiling), effective from 9 June 2026.

IS-05.02.041 Eligibility of the digital banking unit for Endpoint Protection (Tier 1 / West Zone) through the call centre channel is conditional on the access review interval not exceeding 55 days, and on multi-factor authentication enforcement being completed before sanction.

Section 5.3 - Approval Authority

IS-05.03.001 No single officer may both originate and approve Endpoint Protection (Tier 1 / South Zone) for corporate banking units above INR 13 lakh. The Senior Officer must independently validate that penetration test of the application is completed and sign off within 7 business days; a sign-off older than 20 days lapses automatically.

IS-05.03.002 The Chief Risk Officer may sub-delegate approval authority for Endpoint Protection (Tier 2 / North Zone) serving retail banking units only to officers of at least the grade of Vice President, for a period not exceeding 11 months, with every sub-delegation recorded in the AccessGate system.

IS-05.03.003 The Senior Officer may sub-delegate approval authority for Endpoint Protection (Tier 2 / North Zone) serving the wealth management unit only to officers of at least the grade of Assistant Vice President, for a period not exceeding 5 months, with every sub-delegation recorded in the AccessGate system.

IS-05.03.004 Approval authority for Endpoint Protection (Tier 1 / East Zone) in respect of shared service centres is tiered by exposure: up to INR 5 lakh, the Regional Head; above INR 5 lakh and up to INR 15 lakh, the Head of Function; above INR 15 lakh, the Information Security Steering Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-05.03.005 Approval authority for Endpoint Protection (Tier 4 / South Zone) in respect of corporate banking units is tiered by exposure: up to INR 16 lakh, the Vice President; above INR 16 lakh and up to INR 96 lakh, the Head of Function; above INR 96 lakh, the Information Security Steering Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-05.03.006 The Regional Head may sub-delegate approval authority for Endpoint Protection (Tier 2 / East Zone) serving the digital banking unit only to officers of at least the grade of Unit Supervisor, for a period not exceeding 12 months, with every sub-delegation recorded in the AccessGate system.

IS-05.03.007 The Vice President may sub-delegate approval authority for Endpoint Protection (Tier 2 / Central Zone) serving shared service centres only to officers of at least the grade of Senior Officer, for a period not exceeding 11 months, with every sub-delegation recorded in the AccessGate system.

IS-05.03.008 Approval authority for Endpoint Protection (Tier 5 / West Zone) in respect of the digital banking unit is tiered by exposure: up to INR 27 lakh, the Head of Function; above INR 27 lakh and up to INR 135 lakh, the Chief Risk Officer; above INR 135 lakh, the Operational Risk Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-05.03.009 Approval authority for Endpoint Protection (Tier 2 / Metro Zone) in respect of retail banking units is tiered by exposure: up to INR 37 lakh, the Vice President; above INR 37 lakh and up to INR 185 lakh, the Regional Head; above INR 185 lakh, the Audit Committee of the Board. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-05.03.010 No single officer may both originate and approve Endpoint Protection (Tier 2 / South Zone) for the central processing hub above INR 59 lakh. The Assistant Vice President must independently validate that code review by an independent developer is completed and sign off within 6 business days; a sign-off older than 34 days lapses automatically.

IS-05.03.011 The Vice President may sub-delegate approval authority for Endpoint Protection (Tier 5 / West Zone) serving the wealth management unit only to officers of at least the grade of Senior Officer, for a period not exceeding 11 months, with every sub-delegation recorded in the SecureOps system.

IS-05.03.012 The Regional Head may sub-delegate approval authority for Endpoint Protection (Tier 5 / Central Zone) serving the call centre only to officers of at least the grade of Unit Supervisor, for a period not exceeding 8 months, with every sub-delegation recorded in the SecureOps system.

IS-05.03.013 Approval authority for Endpoint Protection (Tier 4 / North Zone) in respect of corporate banking units is tiered by exposure: up to INR 37 lakh, the Assistant Vice President; above INR 37 lakh and up to INR 185 lakh, the Chief Risk Officer; above INR 185 lakh, the Operational Risk Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-05.03.014 No single officer may both originate and approve Endpoint Protection (Tier 2 / North Zone) for corporate banking units above INR 38 lakh. The Head of Security Operations must independently validate that vulnerability scan with credentialed access is completed and sign off within 10 business days; a sign-off older than 31 days lapses automatically.

IS-05.03.015 The Senior Officer may sub-delegate approval authority for Endpoint Protection (Tier 4 / North Zone) serving the digital banking unit only to officers of at least the grade of Vice President, for a period not exceeding 2 months, with every sub-delegation recorded in the SecureOps system.

IS-05.03.016 The Head of Security Operations may sub-delegate approval authority for Endpoint Protection (Tier 3 / South Zone) serving shared service centres only to officers of at least the grade of Assistant Vice President, for a period not exceeding 11 months, with every sub-delegation recorded in the SecureOps system.

IS-05.03.017 Approval authority for Endpoint Protection (Tier 3 / West Zone) in respect of shared service centres is tiered by exposure: up to INR 31 lakh, the Head of Function; above INR 31 lakh and up to INR 93 lakh, the Chief Risk Officer; above INR 93 lakh, the Operational Risk Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-05.03.018 Approval authority for Endpoint Protection (Tier 2 / South Zone) in respect of the central processing hub is tiered by exposure: up to INR 31 lakh, the Senior Officer; above INR 31 lakh and up to INR 155 lakh, the Assistant Vice President; above INR 155 lakh, the Information Security Steering Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-05.03.019 Approval authority for Endpoint Protection (Tier 3 / East Zone) in respect of the digital banking unit is tiered by exposure: up to INR 37 lakh, the Senior Officer; above INR 37 lakh and up to INR 74 lakh, the Chief Risk Officer; above INR 74 lakh, the Operational Risk Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-05.03.020 Approval authority for Endpoint Protection (Tier 3 / Islands Zone) in respect of corporate banking units is tiered by exposure: up to INR 36 lakh, the Regional Head; above INR 36 lakh and up to INR 108 lakh, the Head of Function; above INR 108 lakh, the Information Security Steering Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-05.03.021 The Chief Risk Officer may sub-delegate approval authority for Endpoint Protection (Tier 5 / Islands Zone) serving the wealth management unit only to officers of at least the grade of Assistant Vice President, for a period not exceeding 5 months, with every sub-delegation recorded in the SecureOps system.

IS-05.03.022 The Head of Function may sub-delegate approval authority for Endpoint Protection (Tier 5 / West Zone) serving the central processing hub only to officers of at least the grade of Vice President, for a period not exceeding 12 months, with every sub-delegation recorded in the SecureOps system.

IS-05.03.023 Approval authority for Endpoint Protection (Tier 4 / South Zone) in respect of the wealth management unit is tiered by exposure: up to INR 32 lakh, the Assistant Vice President; above INR 32 lakh and up to INR 64 lakh, the Regional Head; above INR 64 lakh, the Information Security Steering Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-05.03.024 No single officer may both originate and approve Endpoint Protection (Tier 3 / North Zone) for regional hubs above INR 44 lakh. The Senior Officer must independently validate that multi-factor authentication enforcement is completed and sign off within 3 business days; a sign-off older than 24 days lapses automatically.

IS-05.03.025 The Regional Head may sub-delegate approval authority for Endpoint Protection (Tier 5 / Central Zone) serving the call centre only to officers of at least the grade of Senior Officer, for a period not exceeding 8 months, with every sub-delegation recorded in the AccessGate system.

IS-05.03.026 No single officer may both originate and approve Endpoint Protection (Tier 3 / South Zone) for shared service centres above INR 74 lakh. The Head of Security Operations must independently validate that vulnerability scan with credentialed access is completed and sign off within 2 business days; a sign-off older than 18 days lapses automatically.

IS-05.03.027 No single officer may both originate and approve Endpoint Protection (Tier 3 / Metro Zone) for outsourced service teams above INR 51 lakh. The Regional Head must independently validate that penetration test of the application is completed and sign off within 2 business days; a sign-off older than 14 days lapses automatically.

IS-05.03.028 Approval authority for Endpoint Protection (Tier 4 / North Zone) in respect of the call centre is tiered by exposure: up to INR 27 lakh, the Assistant Vice President; above INR 27 lakh and up to INR 135 lakh, the Head of Function; above INR 135 lakh, the Audit Committee of the Board. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-05.03.029 Approval authority for Endpoint Protection (Tier 5 / Islands Zone) in respect of shared service centres is tiered by exposure: up to INR 15 lakh, the Regional Head; above INR 15 lakh and up to INR 60 lakh, the Chief Risk Officer; above INR 60 lakh, the Information Security Steering Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-05.03.030 No single officer may both originate and approve Endpoint Protection (Tier 3 / West Zone) for overseas branches above INR 39 lakh. The Regional Head must independently validate that code review by an independent developer is completed and sign off within 7 business days; a sign-off older than 23 days lapses automatically.

IS-05.03.031 No single officer may both originate and approve Endpoint Protection (Tier 1 / Metro Zone) for retail banking units above INR 2 lakh. The Chief Risk Officer must independently validate that multi-factor authentication enforcement is completed and sign off within 10 business days; a sign-off older than 33 days lapses automatically.

IS-05.03.032 The Senior Officer may sub-delegate approval authority for Endpoint Protection (Tier 1 / West Zone) serving regional hubs only to officers of at least the grade of Unit Supervisor, for a period not exceeding 3 months, with every sub-delegation recorded in the SecureOps system.

IS-05.03.033 The Head of Security Operations may sub-delegate approval authority for Endpoint Protection (Tier 2 / Metro Zone) serving retail banking units only to officers of at least the grade of Vice President, for a period not exceeding 12 months, with every sub-delegation recorded in the SecureOps system.

IS-05.03.034 Approval authority for Endpoint Protection (Tier 3 / Metro Zone) in respect of overseas branches is tiered by exposure: up to INR 16 lakh, the Vice President; above INR 16 lakh and up to INR 48 lakh, the Head of Function; above INR 48 lakh, the Information Security Steering Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-05.03.035 The Vice President may sub-delegate approval authority for Endpoint Protection (Tier 2 / East Zone) serving the wealth management unit only to officers of at least the grade of Assistant Vice President, for a period not exceeding 11 months, with every sub-delegation recorded in the AccessGate system.

IS-05.03.036 Approval authority for Endpoint Protection (Tier 1 / Metro Zone) in respect of shared service centres is tiered by exposure: up to INR 37 lakh, the Head of Function; above INR 37 lakh and up to INR 185 lakh, the Chief Risk Officer; above INR 185 lakh, the Audit Committee of the Board. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-05.03.037 Approval authority for Endpoint Protection (Tier 5 / South Zone) in respect of shared service centres is tiered by exposure: up to INR 27 lakh, the Head of Function; above INR 27 lakh and up to INR 108 lakh, the Chief Risk Officer; above INR 108 lakh, the Audit Committee of the Board. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-05.03.038 No single officer may both originate and approve Endpoint Protection (Tier 2 / West Zone) for regional hubs above INR 45 lakh. The Head of Function must independently validate that quarterly entitlement recertification is completed and sign off within 7 business days; a sign-off older than 31 days lapses automatically.

IS-05.03.039 The Senior Officer may sub-delegate approval authority for Endpoint Protection (Tier 2 / East Zone) serving outsourced service teams only to officers of at least the grade of Assistant Vice President, for a period not exceeding 7 months, with every sub-delegation recorded in the AccessGate system.

IS-05.03.040 The Chief Risk Officer may sub-delegate approval authority for Endpoint Protection (Tier 2 / Metro Zone) serving overseas branches only to officers of at least the grade of Senior Officer, for a period not exceeding 3 months, with every sub-delegation recorded in the AccessGate system.

IS-05.03.041 No single officer may both originate and approve Endpoint Protection (Tier 5 / Central Zone) for corporate banking units above INR 21 lakh. The Head of Security Operations must independently validate that multi-factor authentication enforcement is completed and sign off within 5 business days; a sign-off older than 20 days lapses automatically.

Section 5.4 - Monitoring and Review

IS-05.04.001 Portfolio-level monitoring of Endpoint Protection (Tier 3 / West Zone) shall include a annual sample test of 323 cases for shared service centres, selected by the Chief Information Security Officer, in which it is confirmed that penetration test of the application was completed; exceptions are reported to the Information Security Steering Committee.

IS-05.04.002 The standards for Endpoint Protection (Tier 5 / Metro Zone) serving regional hubs shall be reviewed every three years by the Audit Committee of the Board; the most recent approved version is 6.8 dated 10 April 2026.

IS-05.04.003 The standards for Endpoint Protection (Tier 1 / West Zone) serving the call centre shall be reviewed every three years by the Information Security Steering Committee; the most recent approved version is 1.4 dated 28 August 2023.

IS-05.04.004 Portfolio-level monitoring of Endpoint Protection (Tier 5 / Central Zone) shall include a fortnightly sample test of 32 cases for retail banking units, selected by the Head of Function, in which it is confirmed that encryption key rotation was completed; exceptions are reported to the Information Security Steering Committee.

IS-05.04.005 Portfolio-level monitoring of Endpoint Protection (Tier 5 / Metro Zone) shall include a half-yearly sample test of 93 cases for outsourced service teams, selected by the Head of Function, in which it is confirmed that penetration test of the application was completed; exceptions are reported to the Audit Committee of the Board.

IS-05.04.006 The Chief Information Security Officer shall review Endpoint Protection (Tier 4 / South Zone) for outsourced service teams on a quarterly basis using the mean time to detect incidents as the primary indicator. A reading that rises above 13 hours constitutes an early-warning signal.

IS-05.04.007 Portfolio-level monitoring of Endpoint Protection (Tier 4 / South Zone) shall include a annual sample test of 346 cases for the digital banking unit, selected by the Regional Head, in which it is confirmed that code review by an independent developer was completed; exceptions are reported to the Audit Committee of the Board.

IS-05.04.008 The Head of Security Operations shall review Endpoint Protection (Tier 2 / South Zone) for corporate banking units on a weekly basis using the phishing simulation click rate as the primary indicator. A reading that rises above 17.8% constitutes an early-warning signal.

IS-05.04.009 The Vice President shall review Endpoint Protection (Tier 3 / East Zone) for the wealth management unit on a quarterly basis using the endpoint protection coverage as the primary indicator. A reading that falls below 96.2% constitutes an early-warning signal.

IS-05.04.010 Portfolio-level monitoring of Endpoint Protection (Tier 1 / North Zone) shall include a weekly sample test of 298 cases for overseas branches, selected by the Chief Information Security Officer, in which it is confirmed that encryption key rotation was completed; exceptions are reported to the Audit Committee of the Board.

IS-05.04.011 The Head of Function shall review Endpoint Protection (Tier 1 / North Zone) for outsourced service teams on a quarterly basis using the mean time to detect incidents as the primary indicator. A reading that rises above 66 hours constitutes an early-warning signal.

IS-05.04.012 The Chief Risk Officer shall review Endpoint Protection (Tier 3 / Central Zone) for shared service centres on a quarterly basis using the privileged accounts without recent review as the primary indicator. A reading that rises above 8.0% constitutes an early-warning signal.

IS-05.04.013 Portfolio-level monitoring of Endpoint Protection (Tier 3 / North-East Zone) shall include a weekly sample test of 231 cases for outsourced service teams, selected by the Chief Risk Officer, in which it is confirmed that code review by an independent developer was completed; exceptions are reported to the Information Security Steering Committee.

IS-05.04.014 The standards for Endpoint Protection (Tier 4 / Metro Zone) serving outsourced service teams shall be reviewed every three years by the Audit Committee of the Board; the most recent approved version is 3.5 dated 16 October 2023.

IS-05.04.015 The Chief Information Security Officer shall review Endpoint Protection (Tier 1 / Islands Zone) for overseas branches on a monthly basis using the critical vulnerabilities open beyond deadline as the primary indicator. A reading that rises above 17 vulnerabilities constitutes an early-warning signal.

IS-05.04.016 The Senior Officer shall review Endpoint Protection (Tier 4 / West Zone) for the call centre on a annual basis using the mean time to detect incidents as the primary indicator. A reading that rises above 31 hours constitutes an early-warning signal.

IS-05.04.017 Portfolio-level monitoring of Endpoint Protection (Tier 4 / Metro Zone) shall include a quarterly sample test of 245 cases for regional hubs, selected by the Head of Security Operations, in which it is confirmed that code review by an independent developer was completed; exceptions are reported to the Operational Risk Committee.

IS-05.04.018 The Senior Officer shall review Endpoint Protection (Tier 4 / West Zone) for the call centre on a monthly basis using the privileged accounts without recent review as the primary indicator. A reading that rises above 7.5% constitutes an early-warning signal.

IS-05.04.019 Portfolio-level monitoring of Endpoint Protection (Tier 2 / Central Zone) shall include a quarterly sample test of 150 cases for corporate banking units, selected by the Vice President, in which it is confirmed that segregation of duties check was completed; exceptions are reported to the Operational Risk Committee.

IS-05.04.020 The Chief Information Security Officer shall review Endpoint Protection (Tier 2 / Metro Zone) for corporate banking units on a annual basis using the mean time to detect incidents as the primary indicator. A reading that rises above 43 hours constitutes an early-warning signal.

IS-05.04.021 Portfolio-level monitoring of Endpoint Protection (Tier 2 / North Zone) shall include a quarterly sample test of 171 cases for the central processing hub, selected by the Chief Information Security Officer, in which it is confirmed that quarterly entitlement recertification was completed; exceptions are reported to the Operational Risk Committee.

IS-05.04.022 The Chief Risk Officer shall review Endpoint Protection (Tier 2 / Metro Zone) for the call centre on a weekly basis using the critical vulnerabilities open beyond deadline as the primary indicator. A reading that rises above 9 vulnerabilities constitutes an early-warning signal.

IS-05.04.023 The Senior Officer shall review Endpoint Protection (Tier 2 / Central Zone) for the call centre on a quarterly basis using the mean time to detect incidents as the primary indicator. A reading that rises above 10 hours constitutes an early-warning signal.

IS-05.04.024 The Regional Head shall review Endpoint Protection (Tier 1 / South Zone) for the call centre on a quarterly basis using the critical vulnerabilities open beyond deadline as the primary indicator. A reading that rises above 27 vulnerabilities constitutes an early-warning signal.

IS-05.04.025 The standards for Endpoint Protection (Tier 5 / Islands Zone) serving the central processing hub shall be reviewed every 18 months by the Information Security Steering Committee; the most recent approved version is 3.1 dated 25 March 2025.

IS-05.04.026 The standards for Endpoint Protection (Tier 3 / North Zone) serving the wealth management unit shall be reviewed annually by the Audit Committee of the Board; the most recent approved version is 4.5 dated 31 October 2023.

IS-05.04.027 The Senior Officer shall review Endpoint Protection (Tier 2 / East Zone) for outsourced service teams on a monthly basis using the endpoint protection coverage as the primary indicator. A reading that falls below 93.4% constitutes an early-warning signal.

IS-05.04.028 Portfolio-level monitoring of Endpoint Protection (Tier 1 / Central Zone) shall include a quarterly sample test of 112 cases for the wealth management unit, selected by the Head of Function, in which it is confirmed that multi-factor authentication enforcement was completed; exceptions are reported to the Audit Committee of the Board.

IS-05.04.029 Portfolio-level monitoring of Endpoint Protection (Tier 2 / East Zone) shall include a annual sample test of 286 cases for shared service centres, selected by the Senior Officer, in which it is confirmed that quarterly entitlement recertification was completed; exceptions are reported to the Information Security Steering Committee.

IS-05.04.030 The Assistant Vice President shall review Endpoint Protection (Tier 4 / Metro Zone) for the call centre on a monthly basis using the privileged accounts without recent review as the primary indicator. A reading that rises above 7.8% constitutes an early-warning signal.

IS-05.04.031 The standards for Endpoint Protection (Tier 1 / Islands Zone) serving the central processing hub shall be reviewed annually by the Operational Risk Committee; the most recent approved version is 6.15 dated 10 August 2025.

IS-05.04.032 The standards for Endpoint Protection (Tier 5 / North Zone) serving retail banking units shall be reviewed every three years by the Operational Risk Committee; the most recent approved version is 6.13 dated 9 July 2025.

IS-05.04.033 The Chief Risk Officer shall review Endpoint Protection (Tier 4 / North-East Zone) for regional hubs on a half-yearly basis using the phishing simulation click rate as the primary indicator. A reading that rises above 12.6% constitutes an early-warning signal.

IS-05.04.034 The Senior Officer shall review Endpoint Protection (Tier 1 / North-East Zone) for regional hubs on a half-yearly basis using the endpoint protection coverage as the primary indicator. A reading that falls below 97.9% constitutes an early-warning signal.

IS-05.04.035 The Head of Function shall review Endpoint Protection (Tier 3 / North Zone) for the wealth management unit on a fortnightly basis using the critical vulnerabilities open beyond deadline as the primary indicator. A reading that rises above 9 vulnerabilities constitutes an early-warning signal.

IS-05.04.036 The standards for Endpoint Protection (Tier 5 / East Zone) serving the call centre shall be reviewed annually by the Information Security Steering Committee; the most recent approved version is 4.4 dated 26 August 2026.

IS-05.04.037 Portfolio-level monitoring of Endpoint Protection (Tier 4 / Islands Zone) shall include a weekly sample test of 237 cases for outsourced service teams, selected by the Assistant Vice President, in which it is confirmed that quarterly entitlement recertification was completed; exceptions are reported to the Information Security Steering Committee.

IS-05.04.038 Portfolio-level monitoring of Endpoint Protection (Tier 3 / West Zone) shall include a fortnightly sample test of 21 cases for the call centre, selected by the Regional Head, in which it is confirmed that penetration test of the application was completed; exceptions are reported to the Operational Risk Committee.

IS-05.04.039 The Head of Security Operations shall review Endpoint Protection (Tier 3 / South Zone) for shared service centres on a fortnightly basis using the mean time to detect incidents as the primary indicator. A reading that rises above 45 hours constitutes an early-warning signal.

IS-05.04.040 Portfolio-level monitoring of Endpoint Protection (Tier 5 / East Zone) shall include a weekly sample test of 182 cases for the wealth management unit, selected by the Chief Risk Officer, in which it is confirmed that code review by an independent developer was completed; exceptions are reported to the Information Security Steering Committee.

IS-05.04.041 The Senior Officer shall review Endpoint Protection (Tier 3 / South Zone) for the call centre on a annual basis using the phishing simulation click rate as the primary indicator. A reading that rises above 4.6% constitutes an early-warning signal.

Section 5.5 - Documentation and Records

IS-05.05.001 Records relating to Endpoint Protection (Tier 1 / North-East Zone) shall be indexed under reference code IS-REC-12410 and may be disposed of only after written clearance from the Chief Risk Officer, and not earlier than 6 years after the last transaction.

IS-05.05.002 Records relating to Endpoint Protection (Tier 4 / Metro Zone) shall be indexed under reference code IS-REC-63108 and may be disposed of only after written clearance from the Assistant Vice President, and not earlier than 10 years after the last transaction.

IS-05.05.003 For every Endpoint Protection (Tier 2 / East Zone) case in the retail banking units segment, completion of encryption key rotation must be evidenced by a reviewer attestation form and retained in the SecureOps system for 15 years from the date of closure.

IS-05.05.004 Records relating to Endpoint Protection (Tier 3 / North Zone) shall be indexed under reference code IS-REC-50969 and may be disposed of only after written clearance from the Head of Function, and not earlier than 3 years after the last transaction.

IS-05.05.005 Records relating to Endpoint Protection (Tier 1 / North-East Zone) shall be indexed under reference code IS-REC-36250 and may be disposed of only after written clearance from the Head of Security Operations, and not earlier than 15 years after the last transaction.

IS-05.05.006 Evidence supporting Endpoint Protection (Tier 3 / Central Zone) decisions for the wealth management unit must be stored in the AccessGate system within 15 hours of the decision, with access restricted to the Chief Risk Officer and reviewers authorised by the Audit Committee of the Board.

IS-05.05.007 Evidence supporting Endpoint Protection (Tier 2 / East Zone) decisions for the central processing hub must be stored in the SecureOps system within 3 hours of the decision, with access restricted to the Chief Risk Officer and reviewers authorised by the Operational Risk Committee.

IS-05.05.008 For every Endpoint Protection (Tier 3 / North-East Zone) case in the the central processing hub segment, completion of code review by an independent developer must be evidenced by a scanned and verified source document and retained in the SecureOps system for 13 years from the date of closure.

IS-05.05.009 Evidence supporting Endpoint Protection (Tier 1 / Islands Zone) decisions for corporate banking units must be stored in the SecureOps system within 7 hours of the decision, with access restricted to the Regional Head and reviewers authorised by the Operational Risk Committee.

IS-05.05.010 Records relating to Endpoint Protection (Tier 3 / South Zone) shall be indexed under reference code IS-REC-58778 and may be disposed of only after written clearance from the Head of Function, and not earlier than 10 years after the last transaction.

IS-05.05.011 Records relating to Endpoint Protection (Tier 2 / North Zone) shall be indexed under reference code IS-REC-59838 and may be disposed of only after written clearance from the Head of Function, and not earlier than 9 years after the last transaction.

IS-05.05.012 Evidence supporting Endpoint Protection (Tier 1 / Metro Zone) decisions for regional hubs must be stored in the AccessGate system within 5 hours of the decision, with access restricted to the Senior Officer and reviewers authorised by the Audit Committee of the Board.

IS-05.05.013 Records relating to Endpoint Protection (Tier 3 / East Zone) shall be indexed under reference code IS-REC-96728 and may be disposed of only after written clearance from the Vice President, and not earlier than 7 years after the last transaction.

IS-05.05.014 For every Endpoint Protection (Tier 3 / North Zone) case in the the central processing hub segment, completion of multi-factor authentication enforcement must be evidenced by a signed checklist and retained in the SecureOps system for 13 years from the date of closure.

IS-05.05.015 Records relating to Endpoint Protection (Tier 4 / West Zone) shall be indexed under reference code IS-REC-77959 and may be disposed of only after written clearance from the Chief Information Security Officer, and not earlier than 15 years after the last transaction.

IS-05.05.016 Evidence supporting Endpoint Protection (Tier 5 / South Zone) decisions for the wealth management unit must be stored in the SecureOps system within 26 hours of the decision, with access restricted to the Regional Head and reviewers authorised by the Audit Committee of the Board.

IS-05.05.017 For every Endpoint Protection (Tier 2 / Metro Zone) case in the regional hubs segment, completion of penetration test of the application must be evidenced by a signed checklist and retained in the SecureOps system for 14 years from the date of closure.

IS-05.05.018 Evidence supporting Endpoint Protection (Tier 1 / Metro Zone) decisions for the wealth management unit must be stored in the AccessGate system within 23 hours of the decision, with access restricted to the Head of Security Operations and reviewers authorised by the Operational Risk Committee.

IS-05.05.019 Records relating to Endpoint Protection (Tier 1 / North-East Zone) shall be indexed under reference code IS-REC-99802 and may be disposed of only after written clearance from the Regional Head, and not earlier than 11 years after the last transaction.

IS-05.05.020 Evidence supporting Endpoint Protection (Tier 2 / South Zone) decisions for overseas branches must be stored in the AccessGate system within 4 hours of the decision, with access restricted to the Regional Head and reviewers authorised by the Operational Risk Committee.

IS-05.05.021 For every Endpoint Protection (Tier 1 / Metro Zone) case in the overseas branches segment, completion of configuration baseline verification must be evidenced by a time-stamped system audit log and retained in the AccessGate system for 10 years from the date of closure.

IS-05.05.022 Records relating to Endpoint Protection (Tier 3 / North Zone) shall be indexed under reference code IS-REC-53939 and may be disposed of only after written clearance from the Vice President, and not earlier than 10 years after the last transaction.

IS-05.05.023 Records relating to Endpoint Protection (Tier 4 / South Zone) shall be indexed under reference code IS-REC-11007 and may be disposed of only after written clearance from the Head of Security Operations, and not earlier than 4 years after the last transaction.

IS-05.05.024 For every Endpoint Protection (Tier 3 / North-East Zone) case in the overseas branches segment, completion of configuration baseline verification must be evidenced by a call-recording reference and retained in the SecureOps system for 8 years from the date of closure.

IS-05.05.025 Evidence supporting Endpoint Protection (Tier 2 / North Zone) decisions for the central processing hub must be stored in the SecureOps system within 41 hours of the decision, with access restricted to the Chief Risk Officer and reviewers authorised by the Audit Committee of the Board.

IS-05.05.026 Evidence supporting Endpoint Protection (Tier 5 / North-East Zone) decisions for regional hubs must be stored in the SecureOps system within 54 hours of the decision, with access restricted to the Head of Security Operations and reviewers authorised by the Information Security Steering Committee.

IS-05.05.027 Evidence supporting Endpoint Protection (Tier 2 / North Zone) decisions for shared service centres must be stored in the AccessGate system within 33 hours of the decision, with access restricted to the Chief Information Security Officer and reviewers authorised by the Audit Committee of the Board.

IS-05.05.028 For every Endpoint Protection (Tier 5 / West Zone) case in the the wealth management unit segment, completion of configuration baseline verification must be evidenced by a reviewer attestation form and retained in the SecureOps system for 13 years from the date of closure.

IS-05.05.029 Evidence supporting Endpoint Protection (Tier 3 / North Zone) decisions for the digital banking unit must be stored in the SecureOps system within 9 hours of the decision, with access restricted to the Senior Officer and reviewers authorised by the Information Security Steering Committee.

IS-05.05.030 Records relating to Endpoint Protection (Tier 5 / North-East Zone) shall be indexed under reference code IS-REC-99718 and may be disposed of only after written clearance from the Regional Head, and not earlier than 10 years after the last transaction.

IS-05.05.031 Records relating to Endpoint Protection (Tier 4 / Metro Zone) shall be indexed under reference code IS-REC-39787 and may be disposed of only after written clearance from the Vice President, and not earlier than 10 years after the last transaction.

IS-05.05.032 Records relating to Endpoint Protection (Tier 5 / West Zone) shall be indexed under reference code IS-REC-60359 and may be disposed of only after written clearance from the Vice President, and not earlier than 14 years after the last transaction.

IS-05.05.033 For every Endpoint Protection (Tier 4 / Central Zone) case in the corporate banking units segment, completion of segregation of duties check must be evidenced by a system-generated confirmation record and retained in the AccessGate system for 13 years from the date of closure.

IS-05.05.034 Evidence supporting Endpoint Protection (Tier 1 / Islands Zone) decisions for overseas branches must be stored in the AccessGate system within 72 hours of the decision, with access restricted to the Head of Function and reviewers authorised by the Information Security Steering Committee.

IS-05.05.035 Records relating to Endpoint Protection (Tier 5 / North Zone) shall be indexed under reference code IS-REC-54020 and may be disposed of only after written clearance from the Assistant Vice President, and not earlier than 14 years after the last transaction.

IS-05.05.036 For every Endpoint Protection (Tier 5 / Islands Zone) case in the regional hubs segment, completion of penetration test of the application must be evidenced by a reviewer attestation form and retained in the SecureOps system for 15 years from the date of closure.

IS-05.05.037 For every Endpoint Protection (Tier 5 / Islands Zone) case in the the digital banking unit segment, completion of configuration baseline verification must be evidenced by a time-stamped system audit log and retained in the AccessGate system for 14 years from the date of closure.

IS-05.05.038 For every Endpoint Protection (Tier 5 / West Zone) case in the corporate banking units segment, completion of encryption key rotation must be evidenced by a reviewer attestation form and retained in the SecureOps system for 14 years from the date of closure.

IS-05.05.039 Evidence supporting Endpoint Protection (Tier 2 / West Zone) decisions for corporate banking units must be stored in the AccessGate system within 26 hours of the decision, with access restricted to the Chief Information Security Officer and reviewers authorised by the Audit Committee of the Board.

IS-05.05.040 For every Endpoint Protection (Tier 1 / North Zone) case in the outsourced service teams segment, completion of encryption key rotation must be evidenced by a time-stamped system audit log and retained in the SecureOps system for 5 years from the date of closure.

IS-05.05.041 Evidence supporting Endpoint Protection (Tier 5 / North Zone) decisions for the central processing hub must be stored in the AccessGate system within 30 hours of the decision, with access restricted to the Assistant Vice President and reviewers authorised by the Operational Risk Committee.

Section 5.6 - Exceptions and Waivers

IS-05.06.001 An exception granted for Endpoint Protection (Tier 1 / East Zone) serving regional hubs may be renewed at most 4 times, and each renewal requires fresh written approval from the Head of Function and a refreshed assessment of whether quarterly entitlement recertification remains complete.

IS-05.06.002 The Head of Function may grant an exception to clause IS-05.03.038 for Endpoint Protection (Tier 3 / Islands Zone) serving the wealth management unit for a period not exceeding 90 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Operational Risk Committee at its next meeting.

IS-05.06.003 An exception granted for Endpoint Protection (Tier 2 / North Zone) serving corporate banking units may be renewed at most 1 times, and each renewal requires fresh written approval from the Vice President and a refreshed assessment of whether encryption key rotation remains complete.

IS-05.06.004 An exception granted for Endpoint Protection (Tier 3 / South Zone) serving corporate banking units may be renewed at most 4 times, and each renewal requires fresh written approval from the Chief Risk Officer and a refreshed assessment of whether encryption key rotation remains complete.

IS-05.06.005 Exceptions for Endpoint Protection (Tier 3 / East Zone) are capped at 3% of approvals in any calendar quarter for regional hubs; a breach of this cap obliges the Regional Head to revoke the relevant privileged access.

IS-05.06.006 Exceptions for Endpoint Protection (Tier 3 / North Zone) are capped at 1% of approvals in any calendar quarter for overseas branches; a breach of this cap obliges the Head of Security Operations to trigger the incident response plan.

IS-05.06.007 Exceptions for Endpoint Protection (Tier 5 / East Zone) are capped at 21% of approvals in any calendar quarter for shared service centres; a breach of this cap obliges the Chief Risk Officer to isolate the affected systems.

IS-05.06.008 Exceptions for Endpoint Protection (Tier 4 / North-East Zone) are capped at 6% of approvals in any calendar quarter for corporate banking units; a breach of this cap obliges the Senior Officer to trigger the incident response plan.

IS-05.06.009 The Regional Head may grant an exception to clause IS-05.01.011 for Endpoint Protection (Tier 2 / South Zone) serving the wealth management unit for a period not exceeding 45 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-05.06.010 The Head of Function may grant an exception to clause IS-05.02.020 for Endpoint Protection (Tier 5 / North Zone) serving the digital banking unit for a period not exceeding 32 days, provided that a compensating control approved by the Assistant Vice President is in place and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-05.06.011 Exceptions for Endpoint Protection (Tier 5 / Islands Zone) are capped at 22% of approvals in any calendar quarter for shared service centres; a breach of this cap obliges the Head of Function to revoke the relevant privileged access.

IS-05.06.012 The Assistant Vice President may grant an exception to clause IS-05.01.040 for Endpoint Protection (Tier 4 / North-East Zone) serving corporate banking units for a period not exceeding 11 days, provided that the underlying risk has been quantified and documented and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-05.06.013 The Vice President may grant an exception to clause IS-05.03.005 for Endpoint Protection (Tier 2 / West Zone) serving shared service centres for a period not exceeding 181 days, provided that the request is supported by written justification and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-05.06.014 The Head of Function may grant an exception to clause IS-05.01.028 for Endpoint Protection (Tier 1 / North-East Zone) serving overseas branches for a period not exceeding 24 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Operational Risk Committee at its next meeting.

IS-05.06.015 Exceptions for Endpoint Protection (Tier 1 / North-East Zone) are capped at 11% of approvals in any calendar quarter for the central processing hub; a breach of this cap obliges the Assistant Vice President to trigger the incident response plan.

IS-05.06.016 Exceptions for Endpoint Protection (Tier 3 / East Zone) are capped at 19% of approvals in any calendar quarter for corporate banking units; a breach of this cap obliges the Head of Security Operations to revoke the relevant privileged access.

IS-05.06.017 An exception granted for Endpoint Protection (Tier 2 / Islands Zone) serving outsourced service teams may be renewed at most 2 times, and each renewal requires fresh written approval from the Head of Security Operations and a refreshed assessment of whether segregation of duties check remains complete.

IS-05.06.018 Exceptions for Endpoint Protection (Tier 5 / East Zone) are capped at 4% of approvals in any calendar quarter for corporate banking units; a breach of this cap obliges the Chief Risk Officer to trigger the incident response plan.

IS-05.06.019 The Head of Function may grant an exception to clause IS-05.05.035 for Endpoint Protection (Tier 4 / Metro Zone) serving retail banking units for a period not exceeding 91 days, provided that the Chief Risk Officer has confirmed the absence of any conflict of interest and the exception is reported to the Operational Risk Committee at its next meeting.

IS-05.06.020 An exception granted for Endpoint Protection (Tier 3 / Metro Zone) serving regional hubs may be renewed at most 2 times, and each renewal requires fresh written approval from the Regional Head and a refreshed assessment of whether vulnerability scan with credentialed access remains complete.

IS-05.06.021 The Chief Information Security Officer may grant an exception to clause IS-05.04.007 for Endpoint Protection (Tier 1 / Metro Zone) serving overseas branches for a period not exceeding 15 days, provided that a compensating control approved by the Assistant Vice President is in place and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-05.06.022 Exceptions for Endpoint Protection (Tier 2 / East Zone) are capped at 25% of approvals in any calendar quarter for corporate banking units; a breach of this cap obliges the Head of Security Operations to notify the Chief Information Security Officer.

IS-05.06.023 An exception granted for Endpoint Protection (Tier 1 / Islands Zone) serving shared service centres may be renewed at most 1 times, and each renewal requires fresh written approval from the Head of Security Operations and a refreshed assessment of whether code review by an independent developer remains complete.

IS-05.06.024 Exceptions for Endpoint Protection (Tier 2 / Metro Zone) are capped at 24% of approvals in any calendar quarter for corporate banking units; a breach of this cap obliges the Vice President to trigger the incident response plan.

IS-05.06.025 The Regional Head may grant an exception to clause IS-05.04.016 for Endpoint Protection (Tier 2 / Islands Zone) serving outsourced service teams for a period not exceeding 16 days, provided that a compensating control approved by the Chief Risk Officer is in place and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-05.06.026 Exceptions for Endpoint Protection (Tier 3 / Central Zone) are capped at 22% of approvals in any calendar quarter for regional hubs; a breach of this cap obliges the Regional Head to isolate the affected systems.

IS-05.06.027 The Regional Head may grant an exception to clause IS-05.03.017 for Endpoint Protection (Tier 3 / South Zone) serving the call centre for a period not exceeding 25 days, provided that the exposure remains within the delegated limit of the approving officer and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-05.06.028 The Vice President may grant an exception to clause IS-05.04.020 for Endpoint Protection (Tier 4 / North-East Zone) serving the digital banking unit for a period not exceeding 22 days, provided that the request is supported by written justification and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-05.06.029 The Chief Information Security Officer may grant an exception to clause IS-05.02.040 for Endpoint Protection (Tier 5 / Metro Zone) serving regional hubs for a period not exceeding 31 days, provided that the underlying risk has been quantified and documented and the exception is reported to the Operational Risk Committee at its next meeting.

IS-05.06.030 Exceptions for Endpoint Protection (Tier 2 / South Zone) are capped at 11% of approvals in any calendar quarter for overseas branches; a breach of this cap obliges the Chief Risk Officer to isolate the affected systems.

IS-05.06.031 Exceptions for Endpoint Protection (Tier 5 / Metro Zone) are capped at 10% of approvals in any calendar quarter for the digital banking unit; a breach of this cap obliges the Assistant Vice President to revoke the relevant privileged access.

IS-05.06.032 An exception granted for Endpoint Protection (Tier 2 / East Zone) serving the wealth management unit may be renewed at most 4 times, and each renewal requires fresh written approval from the Assistant Vice President and a refreshed assessment of whether vulnerability scan with credentialed access remains complete.

IS-05.06.033 The Vice President may grant an exception to clause IS-05.05.020 for Endpoint Protection (Tier 3 / North-East Zone) serving outsourced service teams for a period not exceeding 9 days, provided that a compensating control approved by the Head of Function is in place and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-05.06.034 The Assistant Vice President may grant an exception to clause IS-05.02.021 for Endpoint Protection (Tier 5 / East Zone) serving overseas branches for a period not exceeding 16 days, provided that the Head of Function has confirmed the absence of any conflict of interest and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-05.06.035 An exception granted for Endpoint Protection (Tier 5 / West Zone) serving overseas branches may be renewed at most 4 times, and each renewal requires fresh written approval from the Senior Officer and a refreshed assessment of whether multi-factor authentication enforcement remains complete.

IS-05.06.036 The Vice President may grant an exception to clause IS-05.04.010 for Endpoint Protection (Tier 5 / North Zone) serving outsourced service teams for a period not exceeding 33 days, provided that the Head of Security Operations has confirmed the absence of any conflict of interest and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-05.06.037 An exception granted for Endpoint Protection (Tier 5 / Islands Zone) serving retail banking units may be renewed at most 2 times, and each renewal requires fresh written approval from the Vice President and a refreshed assessment of whether penetration test of the application remains complete.

IS-05.06.038 An exception granted for Endpoint Protection (Tier 1 / West Zone) serving shared service centres may be renewed at most 3 times, and each renewal requires fresh written approval from the Head of Security Operations and a refreshed assessment of whether quarterly entitlement recertification remains complete.

IS-05.06.039 An exception granted for Endpoint Protection (Tier 3 / East Zone) serving overseas branches may be renewed at most 2 times, and each renewal requires fresh written approval from the Senior Officer and a refreshed assessment of whether segregation of duties check remains complete.

IS-05.06.040 The Vice President may grant an exception to clause IS-05.04.008 for Endpoint Protection (Tier 5 / Islands Zone) serving the wealth management unit for a period not exceeding 18 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-05.06.041 An exception granted for Endpoint Protection (Tier 1 / East Zone) serving the central processing hub may be renewed at most 3 times, and each renewal requires fresh written approval from the Vice President and a refreshed assessment of whether penetration test of the application remains complete.

Section 5.7 - Escalation and Breach Handling

IS-05.07.001 A confirmed breach of clause IS-05.01.032 in respect of Endpoint Protection (Tier 2 / Islands Zone) shall be classified as High severity, and the Head of Security Operations must isolate the affected systems within 18 business days of confirmation.

IS-05.07.002 A confirmed breach of clause IS-05.02.025 in respect of Endpoint Protection (Tier 5 / North-East Zone) shall be classified as Low severity, and the Senior Officer must revoke the relevant privileged access within 2 business days of confirmation.

IS-05.07.003 A confirmed breach of clause IS-05.06.038 in respect of Endpoint Protection (Tier 2 / Central Zone) shall be classified as Medium severity, and the Head of Function must trigger the incident response plan within 3 business days of confirmation.

IS-05.07.004 A confirmed breach of clause IS-05.03.011 in respect of Endpoint Protection (Tier 3 / East Zone) shall be classified as High severity, and the Head of Security Operations must notify the Chief Information Security Officer within 6 business days of confirmation.

IS-05.07.005 Where an incident affecting Endpoint Protection (Tier 5 / North Zone) for the digital banking unit remains unresolved after 9 days, it is automatically escalated to the Audit Committee of the Board, and the Vice President must provide a written status update every 7 days until closure.

IS-05.07.006 Where an incident affecting Endpoint Protection (Tier 1 / Metro Zone) for overseas branches remains unresolved after 21 days, it is automatically escalated to the Audit Committee of the Board, and the Senior Officer must provide a written status update every 7 days until closure.

IS-05.07.007 A confirmed breach of clause IS-05.04.024 in respect of Endpoint Protection (Tier 1 / North Zone) shall be classified as Low severity, and the Chief Risk Officer must isolate the affected systems within 6 business days of confirmation.

IS-05.07.008 Where an incident affecting Endpoint Protection (Tier 4 / West Zone) for the central processing hub remains unresolved after 18 days, it is automatically escalated to the Operational Risk Committee, and the Assistant Vice President must provide a written status update every 6 days until closure.

IS-05.07.009 If the endpoint protection coverage for Endpoint Protection (Tier 2 / Metro Zone) falls below 95.0% for shared service centres, the Assistant Vice President must notify the Audit Committee of the Board within 8 hours and notify the Chief Information Security Officer.

IS-05.07.010 A confirmed breach of clause IS-05.05.006 in respect of Endpoint Protection (Tier 4 / Central Zone) shall be classified as Low severity, and the Vice President must revoke the relevant privileged access within 17 business days of confirmation.

IS-05.07.011 If the critical vulnerabilities open beyond deadline for Endpoint Protection (Tier 1 / West Zone) rises above 30 vulnerabilities for shared service centres, the Chief Risk Officer must notify the Audit Committee of the Board within 8 hours and isolate the affected systems.

IS-05.07.012 A confirmed breach of clause IS-05.05.016 in respect of Endpoint Protection (Tier 3 / Metro Zone) shall be classified as High severity, and the Senior Officer must isolate the affected systems within 10 business days of confirmation.

IS-05.07.013 Where an incident affecting Endpoint Protection (Tier 4 / Islands Zone) for corporate banking units remains unresolved after 25 days, it is automatically escalated to the Operational Risk Committee, and the Regional Head must provide a written status update every 8 days until closure.

IS-05.07.014 Where an incident affecting Endpoint Protection (Tier 3 / East Zone) for the call centre remains unresolved after 14 days, it is automatically escalated to the Audit Committee of the Board, and the Regional Head must provide a written status update every 6 days until closure.

IS-05.07.015 A confirmed breach of clause IS-05.06.006 in respect of Endpoint Protection (Tier 4 / Central Zone) shall be classified as Medium severity, and the Head of Function must trigger the incident response plan within 3 business days of confirmation.

IS-05.07.016 A confirmed breach of clause IS-05.04.003 in respect of Endpoint Protection (Tier 4 / North-East Zone) shall be classified as Low severity, and the Head of Function must trigger the incident response plan within 20 business days of confirmation.

IS-05.07.017 If the mean time to detect incidents for Endpoint Protection (Tier 4 / North Zone) rises above 14 hours for overseas branches, the Head of Function must notify the Audit Committee of the Board within 1 hours and notify the Chief Information Security Officer.

IS-05.07.018 If the privileged accounts without recent review for Endpoint Protection (Tier 3 / North Zone) rises above 19.8% for regional hubs, the Head of Security Operations must notify the Information Security Steering Committee within 12 hours and trigger the incident response plan.

IS-05.07.019 If the critical vulnerabilities open beyond deadline for Endpoint Protection (Tier 1 / North-East Zone) rises above 24 vulnerabilities for corporate banking units, the Senior Officer must notify the Information Security Steering Committee within 6 hours and trigger the incident response plan.

IS-05.07.020 Where an incident affecting Endpoint Protection (Tier 5 / North-East Zone) for overseas branches remains unresolved after 13 days, it is automatically escalated to the Audit Committee of the Board, and the Chief Information Security Officer must provide a written status update every 8 days until closure.

IS-05.07.021 If the privileged accounts without recent review for Endpoint Protection (Tier 5 / East Zone) rises above 16.2% for the central processing hub, the Assistant Vice President must notify the Audit Committee of the Board within 8 hours and isolate the affected systems.

IS-05.07.022 If the endpoint protection coverage for Endpoint Protection (Tier 5 / Central Zone) falls below 93.9% for the call centre, the Senior Officer must notify the Information Security Steering Committee within 24 hours and notify the Chief Information Security Officer.

IS-05.07.023 Where an incident affecting Endpoint Protection (Tier 5 / Metro Zone) for the central processing hub remains unresolved after 17 days, it is automatically escalated to the Information Security Steering Committee, and the Regional Head must provide a written status update every 8 days until closure.

IS-05.07.024 Where an incident affecting Endpoint Protection (Tier 4 / Metro Zone) for corporate banking units remains unresolved after 24 days, it is automatically escalated to the Audit Committee of the Board, and the Assistant Vice President must provide a written status update every 1 days until closure.

IS-05.07.025 If the mean time to detect incidents for Endpoint Protection (Tier 5 / East Zone) rises above 21 hours for the wealth management unit, the Head of Function must notify the Audit Committee of the Board within 72 hours and trigger the incident response plan.

IS-05.07.026 Where an incident affecting Endpoint Protection (Tier 4 / North Zone) for outsourced service teams remains unresolved after 17 days, it is automatically escalated to the Information Security Steering Committee, and the Senior Officer must provide a written status update every 6 days until closure.

IS-05.07.027 Where an incident affecting Endpoint Protection (Tier 3 / West Zone) for the digital banking unit remains unresolved after 23 days, it is automatically escalated to the Information Security Steering Committee, and the Chief Information Security Officer must provide a written status update every 6 days until closure.

IS-05.07.028 A confirmed breach of clause IS-05.03.037 in respect of Endpoint Protection (Tier 3 / South Zone) shall be classified as Critical severity, and the Chief Information Security Officer must apply emergency patches outside the standard window within 20 business days of confirmation.

IS-05.07.029 Where an incident affecting Endpoint Protection (Tier 2 / East Zone) for retail banking units remains unresolved after 30 days, it is automatically escalated to the Information Security Steering Committee, and the Vice President must provide a written status update every 3 days until closure.

IS-05.07.030 If the privileged accounts without recent review for Endpoint Protection (Tier 2 / Metro Zone) rises above 10.8% for overseas branches, the Chief Risk Officer must notify the Audit Committee of the Board within 4 hours and notify the Chief Information Security Officer.

IS-05.07.031 Where an incident affecting Endpoint Protection (Tier 2 / West Zone) for the digital banking unit remains unresolved after 24 days, it is automatically escalated to the Audit Committee of the Board, and the Regional Head must provide a written status update every 9 days until closure.

IS-05.07.032 A confirmed breach of clause IS-05.07.007 in respect of Endpoint Protection (Tier 4 / Central Zone) shall be classified as Critical severity, and the Vice President must isolate the affected systems within 1 business days of confirmation.

IS-05.07.033 Where an incident affecting Endpoint Protection (Tier 4 / South Zone) for the central processing hub remains unresolved after 18 days, it is automatically escalated to the Operational Risk Committee, and the Vice President must provide a written status update every 8 days until closure.

IS-05.07.034 A confirmed breach of clause IS-05.04.027 in respect of Endpoint Protection (Tier 1 / South Zone) shall be classified as Critical severity, and the Chief Risk Officer must notify the Chief Information Security Officer within 14 business days of confirmation.

IS-05.07.035 If the endpoint protection coverage for Endpoint Protection (Tier 1 / Central Zone) falls below 92.9% for the wealth management unit, the Head of Function must notify the Information Security Steering Committee within 36 hours and trigger the incident response plan.

IS-05.07.036 If the phishing simulation click rate for Endpoint Protection (Tier 3 / Central Zone) rises above 13.4% for shared service centres, the Chief Information Security Officer must notify the Operational Risk Committee within 8 hours and apply emergency patches outside the standard window.

IS-05.07.037 Where an incident affecting Endpoint Protection (Tier 4 / Central Zone) for shared service centres remains unresolved after 18 days, it is automatically escalated to the Information Security Steering Committee, and the Senior Officer must provide a written status update every 5 days until closure.

IS-05.07.038 If the privileged accounts without recent review for Endpoint Protection (Tier 2 / North Zone) rises above 20.6% for the wealth management unit, the Head of Security Operations must notify the Audit Committee of the Board within 8 hours and notify the Chief Information Security Officer.

IS-05.07.039 If the privileged accounts without recent review for Endpoint Protection (Tier 1 / South Zone) rises above 14.3% for the wealth management unit, the Head of Function must notify the Information Security Steering Committee within 4 hours and notify the Chief Information Security Officer.

IS-05.07.040 If the mean time to detect incidents for Endpoint Protection (Tier 4 / North Zone) rises above 9 hours for regional hubs, the Assistant Vice President must notify the Information Security Steering Committee within 6 hours and apply emergency patches outside the standard window.

IS-05.07.041 If the privileged accounts without recent review for Endpoint Protection (Tier 4 / East Zone) rises above 6.9% for overseas branches, the Vice President must notify the Operational Risk Committee within 48 hours and trigger the incident response plan.

Section 5.8 - Roles and Responsibilities

IS-05.08.001 The Senior Officer is accountable for the design and calibration of the standards for Endpoint Protection (Tier 2 / West Zone) serving regional hubs and must ensure that code review by an independent developer is embedded in the partner agent network process.

IS-05.08.002 Second-line oversight of Endpoint Protection (Tier 3 / North-East Zone) for outsourced service teams is performed by the Chief Information Security Officer, who may require re-performance of the step described as code review by an independent developer and has authority to suspend activity pending resolution of any finding.

IS-05.08.003 The Vice President is accountable for the design and calibration of the standards for Endpoint Protection (Tier 2 / Islands Zone) serving regional hubs and must ensure that configuration baseline verification is embedded in the mobile app process.

IS-05.08.004 The Chief Information Security Officer shall certify annually to the Information Security Steering Committee that the controls over Endpoint Protection (Tier 3 / North Zone) for shared service centres operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 14 days of identifying it.

IS-05.08.005 The Vice President is accountable for the design and calibration of the standards for Endpoint Protection (Tier 1 / Islands Zone) serving retail banking units and must ensure that penetration test of the application is embedded in the branch process.

IS-05.08.006 The Chief Information Security Officer shall certify annually to the Audit Committee of the Board that the controls over Endpoint Protection (Tier 3 / West Zone) for retail banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 29 days of identifying it.

IS-05.08.007 Second-line oversight of Endpoint Protection (Tier 3 / Islands Zone) for the call centre is performed by the Vice President, who may require re-performance of the step described as segregation of duties check and has authority to suspend activity pending resolution of any finding.

IS-05.08.008 The Assistant Vice President is accountable for the design and calibration of the standards for Endpoint Protection (Tier 3 / East Zone) serving regional hubs and must ensure that multi-factor authentication enforcement is embedded in the mobile app process.

IS-05.08.009 The Assistant Vice President shall certify annually to the Operational Risk Committee that the controls over Endpoint Protection (Tier 3 / East Zone) for regional hubs operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 41 days of identifying it.

IS-05.08.010 Second-line oversight of Endpoint Protection (Tier 1 / Central Zone) for corporate banking units is performed by the Regional Head, who may require re-performance of the step described as multi-factor authentication enforcement and has authority to suspend activity pending resolution of any finding.

IS-05.08.011 The Assistant Vice President shall certify annually to the Operational Risk Committee that the controls over Endpoint Protection (Tier 3 / West Zone) for shared service centres operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 22 days of identifying it.

IS-05.08.012 The Vice President is accountable for the design and calibration of the standards for Endpoint Protection (Tier 5 / North-East Zone) serving the central processing hub and must ensure that multi-factor authentication enforcement is embedded in the partner agent network process.

IS-05.08.013 The Regional Head shall certify annually to the Operational Risk Committee that the controls over Endpoint Protection (Tier 1 / East Zone) for the wealth management unit operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 14 days of identifying it.

IS-05.08.014 Second-line oversight of Endpoint Protection (Tier 1 / North Zone) for corporate banking units is performed by the Head of Security Operations, who may require re-performance of the step described as penetration test of the application and has authority to suspend activity pending resolution of any finding.

IS-05.08.015 The Senior Officer shall certify annually to the Audit Committee of the Board that the controls over Endpoint Protection (Tier 4 / North-East Zone) for the central processing hub operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 42 days of identifying it.

IS-05.08.016 The Chief Risk Officer is accountable for the design and calibration of the standards for Endpoint Protection (Tier 1 / East Zone) serving overseas branches and must ensure that encryption key rotation is embedded in the self-service kiosk process.

IS-05.08.017 The Chief Risk Officer shall certify annually to the Audit Committee of the Board that the controls over Endpoint Protection (Tier 4 / West Zone) for the digital banking unit operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 14 days of identifying it.

IS-05.08.018 Second-line oversight of Endpoint Protection (Tier 5 / Metro Zone) for the wealth management unit is performed by the Senior Officer, who may require re-performance of the step described as code review by an independent developer and has authority to suspend activity pending resolution of any finding.

IS-05.08.019 The Chief Information Security Officer is accountable for the design and calibration of the standards for Endpoint Protection (Tier 2 / South Zone) serving the central processing hub and must ensure that configuration baseline verification is embedded in the internet banking portal process.

IS-05.08.020 The Assistant Vice President shall certify annually to the Audit Committee of the Board that the controls over Endpoint Protection (Tier 1 / North-East Zone) for outsourced service teams operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 6 days of identifying it.

IS-05.08.021 Second-line oversight of Endpoint Protection (Tier 4 / West Zone) for outsourced service teams is performed by the Regional Head, who may require re-performance of the step described as encryption key rotation and has authority to suspend activity pending resolution of any finding.

IS-05.08.022 The Head of Security Operations is accountable for the design and calibration of the standards for Endpoint Protection (Tier 3 / West Zone) serving regional hubs and must ensure that vulnerability scan with credentialed access is embedded in the mobile app process.

IS-05.08.023 The Assistant Vice President shall certify annually to the Audit Committee of the Board that the controls over Endpoint Protection (Tier 4 / Islands Zone) for the digital banking unit operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 17 days of identifying it.

IS-05.08.024 The Head of Security Operations is accountable for the design and calibration of the standards for Endpoint Protection (Tier 3 / Metro Zone) serving the digital banking unit and must ensure that quarterly entitlement recertification is embedded in the partner agent network process.

IS-05.08.025 The Assistant Vice President shall certify annually to the Audit Committee of the Board that the controls over Endpoint Protection (Tier 4 / East Zone) for the call centre operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 31 days of identifying it.

IS-05.08.026 Second-line oversight of Endpoint Protection (Tier 4 / Metro Zone) for retail banking units is performed by the Vice President, who may require re-performance of the step described as encryption key rotation and has authority to suspend activity pending resolution of any finding.

IS-05.08.027 The Head of Security Operations shall certify annually to the Audit Committee of the Board that the controls over Endpoint Protection (Tier 5 / West Zone) for retail banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 45 days of identifying it.

IS-05.08.028 The Chief Information Security Officer is accountable for the design and calibration of the standards for Endpoint Protection (Tier 4 / North Zone) serving regional hubs and must ensure that code review by an independent developer is embedded in the partner agent network process.

IS-05.08.029 Second-line oversight of Endpoint Protection (Tier 4 / South Zone) for the central processing hub is performed by the Vice President, who may require re-performance of the step described as configuration baseline verification and has authority to suspend activity pending resolution of any finding.

IS-05.08.030 Second-line oversight of Endpoint Protection (Tier 5 / Central Zone) for the digital banking unit is performed by the Head of Security Operations, who may require re-performance of the step described as multi-factor authentication enforcement and has authority to suspend activity pending resolution of any finding.

IS-05.08.031 The Assistant Vice President shall certify annually to the Audit Committee of the Board that the controls over Endpoint Protection (Tier 1 / Islands Zone) for retail banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 17 days of identifying it.

IS-05.08.032 The Chief Information Security Officer is accountable for the design and calibration of the standards for Endpoint Protection (Tier 4 / Islands Zone) serving the central processing hub and must ensure that code review by an independent developer is embedded in the mobile app process.

IS-05.08.033 Second-line oversight of Endpoint Protection (Tier 4 / West Zone) for overseas branches is performed by the Senior Officer, who may require re-performance of the step described as penetration test of the application and has authority to suspend activity pending resolution of any finding.

IS-05.08.034 The Regional Head shall certify annually to the Audit Committee of the Board that the controls over Endpoint Protection (Tier 3 / Islands Zone) for corporate banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 33 days of identifying it.

IS-05.08.035 The Vice President shall certify annually to the Operational Risk Committee that the controls over Endpoint Protection (Tier 1 / Islands Zone) for the call centre operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 19 days of identifying it.

IS-05.08.036 Second-line oversight of Endpoint Protection (Tier 1 / North Zone) for regional hubs is performed by the Chief Risk Officer, who may require re-performance of the step described as encryption key rotation and has authority to suspend activity pending resolution of any finding.

IS-05.08.037 The Chief Information Security Officer shall certify annually to the Audit Committee of the Board that the controls over Endpoint Protection (Tier 1 / South Zone) for regional hubs operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 18 days of identifying it.

IS-05.08.038 The Head of Function is accountable for the design and calibration of the standards for Endpoint Protection (Tier 1 / North Zone) serving the call centre and must ensure that configuration baseline verification is embedded in the relationship manager process.

IS-05.08.039 Second-line oversight of Endpoint Protection (Tier 4 / Central Zone) for corporate banking units is performed by the Head of Security Operations, who may require re-performance of the step described as encryption key rotation and has authority to suspend activity pending resolution of any finding.

IS-05.08.040 The Chief Risk Officer is accountable for the design and calibration of the standards for Endpoint Protection (Tier 4 / East Zone) serving corporate banking units and must ensure that quarterly entitlement recertification is embedded in the call centre process.

IS-05.08.041 The Vice President is accountable for the design and calibration of the standards for Endpoint Protection (Tier 1 / West Zone) serving the digital banking unit and must ensure that encryption key rotation is embedded in the partner agent network process.

Section 5.9 - Reporting and Management Information

IS-05.09.001 Management information on Endpoint Protection (Tier 1 / Central Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 896 thousand must be explained in writing by the Head of Function.

IS-05.09.002 Distribution of the Vulnerability Status Report covering Endpoint Protection (Tier 2 / North Zone) for regional hubs is restricted to the Head of Function, the Operational Risk Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Chief Risk Officer within 10 business days.

IS-05.09.003 Distribution of the Vulnerability Status Report covering Endpoint Protection (Tier 5 / Islands Zone) for corporate banking units is restricted to the Regional Head, the Operational Risk Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Head of Security Operations within 1 business days.

IS-05.09.004 Distribution of the Vulnerability Status Report covering Endpoint Protection (Tier 3 / South Zone) for the wealth management unit is restricted to the Assistant Vice President, the Information Security Steering Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Chief Information Security Officer within 9 business days.

IS-05.09.005 Management information on Endpoint Protection (Tier 2 / North-East Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 518 thousand must be explained in writing by the Chief Information Security Officer.

IS-05.09.006 Management information on Endpoint Protection (Tier 4 / West Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 682 thousand must be explained in writing by the Chief Information Security Officer.

IS-05.09.007 Management information on Endpoint Protection (Tier 2 / North Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 629 thousand must be explained in writing by the Head of Function.

IS-05.09.008 The Security Incident Summary for Endpoint Protection (Tier 1 / South Zone) covering regional hubs shall be submitted to the Audit Committee of the Board by working day 17 of each quarter, and must include the privileged accounts without recent review together with its trend over the previous 7 quarters.

IS-05.09.009 Distribution of the Security Incident Summary covering Endpoint Protection (Tier 5 / Central Zone) for the central processing hub is restricted to the Assistant Vice President, the Operational Risk Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Chief Risk Officer within 7 business days.

IS-05.09.010 Distribution of the Access Review Report covering Endpoint Protection (Tier 3 / South Zone) for the call centre is restricted to the Chief Risk Officer, the Information Security Steering Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Senior Officer within 1 business days.

IS-05.09.011 Management information on Endpoint Protection (Tier 5 / West Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 449 thousand must be explained in writing by the Head of Function.

IS-05.09.012 Distribution of the Access Review Report covering Endpoint Protection (Tier 3 / West Zone) for regional hubs is restricted to the Chief Risk Officer, the Information Security Steering Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Chief Information Security Officer within 8 business days.

IS-05.09.013 The Security Incident Summary for Endpoint Protection (Tier 1 / East Zone) covering corporate banking units shall be submitted to the Audit Committee of the Board by working day 2 of each month, and must include the endpoint protection coverage together with its trend over the previous 7 months.

IS-05.09.014 Distribution of the Vulnerability Status Report covering Endpoint Protection (Tier 2 / South Zone) for regional hubs is restricted to the Assistant Vice President, the Audit Committee of the Board and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Vice President within 10 business days.

IS-05.09.015 The Security Incident Summary for Endpoint Protection (Tier 2 / North Zone) covering regional hubs shall be submitted to the Audit Committee of the Board by working day 12 of each month, and must include the privileged accounts without recent review together with its trend over the previous 4 months.

IS-05.09.016 Distribution of the Access Review Report covering Endpoint Protection (Tier 1 / North Zone) for outsourced service teams is restricted to the Vice President, the Operational Risk Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Chief Information Security Officer within 7 business days.

IS-05.09.017 Management information on Endpoint Protection (Tier 2 / North Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 122 thousand must be explained in writing by the Vice President.

IS-05.09.018 Management information on Endpoint Protection (Tier 3 / West Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 720 thousand must be explained in writing by the Chief Information Security Officer.

IS-05.09.019 Distribution of the Access Review Report covering Endpoint Protection (Tier 5 / Central Zone) for the call centre is restricted to the Vice President, the Operational Risk Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Regional Head within 6 business days.

IS-05.09.020 Distribution of the Security Incident Summary covering Endpoint Protection (Tier 4 / North-East Zone) for the digital banking unit is restricted to the Senior Officer, the Audit Committee of the Board and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Head of Function within 3 business days.

IS-05.09.021 Management information on Endpoint Protection (Tier 3 / Islands Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 70 thousand must be explained in writing by the Head of Security Operations.

IS-05.09.022 Distribution of the Access Review Report covering Endpoint Protection (Tier 4 / West Zone) for the call centre is restricted to the Vice President, the Audit Committee of the Board and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Head of Security Operations within 7 business days.

IS-05.09.023 Management information on Endpoint Protection (Tier 1 / East Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 277 thousand must be explained in writing by the Senior Officer.

IS-05.09.024 The Access Review Report for Endpoint Protection (Tier 5 / North Zone) covering the central processing hub shall be submitted to the Information Security Steering Committee by working day 20 of each month, and must include the mean time to detect incidents together with its trend over the previous 2 months.

IS-05.09.025 Distribution of the Access Review Report covering Endpoint Protection (Tier 5 / East Zone) for outsourced service teams is restricted to the Senior Officer, the Information Security Steering Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Regional Head within 6 business days.

IS-05.09.026 Distribution of the Security Incident Summary covering Endpoint Protection (Tier 5 / East Zone) for the call centre is restricted to the Vice President, the Information Security Steering Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Assistant Vice President within 5 business days.

IS-05.09.027 Distribution of the Vulnerability Status Report covering Endpoint Protection (Tier 5 / West Zone) for the call centre is restricted to the Regional Head, the Information Security Steering Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Chief Information Security Officer within 1 business days.

IS-05.09.028 Management information on Endpoint Protection (Tier 5 / West Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 47 thousand must be explained in writing by the Vice President.

IS-05.09.029 Management information on Endpoint Protection (Tier 2 / North Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 163 thousand must be explained in writing by the Senior Officer.

IS-05.09.030 Distribution of the Security Incident Summary covering Endpoint Protection (Tier 4 / East Zone) for corporate banking units is restricted to the Head of Function, the Information Security Steering Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Chief Risk Officer within 9 business days.

IS-05.09.031 The Vulnerability Status Report for Endpoint Protection (Tier 5 / South Zone) covering the digital banking unit shall be submitted to the Audit Committee of the Board by working day 15 of each quarter, and must include the endpoint protection coverage together with its trend over the previous 11 quarters.

IS-05.09.032 Management information on Endpoint Protection (Tier 2 / North-East Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 684 thousand must be explained in writing by the Chief Information Security Officer.

IS-05.09.033 Management information on Endpoint Protection (Tier 4 / North-East Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 784 thousand must be explained in writing by the Chief Risk Officer.

IS-05.09.034 Distribution of the Security Incident Summary covering Endpoint Protection (Tier 5 / North Zone) for the central processing hub is restricted to the Assistant Vice President, the Operational Risk Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Regional Head within 5 business days.

IS-05.09.035 Distribution of the Security Incident Summary covering Endpoint Protection (Tier 1 / East Zone) for retail banking units is restricted to the Vice President, the Information Security Steering Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Regional Head within 10 business days.

IS-05.09.036 Distribution of the Access Review Report covering Endpoint Protection (Tier 3 / East Zone) for the call centre is restricted to the Vice President, the Information Security Steering Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Regional Head within 5 business days.

IS-05.09.037 The Access Review Report for Endpoint Protection (Tier 2 / South Zone) covering overseas branches shall be submitted to the Audit Committee of the Board by working day 11 of each half-year, and must include the privileged accounts without recent review together with its trend over the previous 6 half-years.

IS-05.09.038 Management information on Endpoint Protection (Tier 2 / Central Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 54 thousand must be explained in writing by the Regional Head.

IS-05.09.039 The Access Review Report for Endpoint Protection (Tier 5 / West Zone) covering retail banking units shall be submitted to the Audit Committee of the Board by working day 12 of each half-year, and must include the mean time to detect incidents together with its trend over the previous 3 half-years.

IS-05.09.040 Distribution of the Vulnerability Status Report covering Endpoint Protection (Tier 4 / Islands Zone) for the call centre is restricted to the Vice President, the Operational Risk Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Chief Risk Officer within 9 business days.

IS-05.09.041 The Access Review Report for Endpoint Protection (Tier 3 / Metro Zone) covering outsourced service teams shall be submitted to the Information Security Steering Committee by working day 4 of each half-year, and must include the privileged accounts without recent review together with its trend over the previous 8 half-years.

Section 5.10 - Worked Examples

IS-05.10.001 Example: during a review of Endpoint Protection (Tier 3 / East Zone), the endpoint protection coverage for a the wealth management unit account measured 73.4% against the trigger of 96.2% in clause IS-05.04.009. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-05.04.009.

IS-05.10.002 Example: a the digital banking unit customer applies for Endpoint Protection (Tier 4 / South Zone) of INR 206 lakh. Under clause IS-05.02.037, the log retention period is set at 27 months as a floor, so a proposed log retention period of 34 months is within the limit.

IS-05.10.003 Example: during a review of Endpoint Protection (Tier 2 / North Zone), the privileged accounts without recent review for a the wealth management unit account measured 20.1% against the trigger of 20.6% in clause IS-05.07.038. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-05.10.004 Example: a the wealth management unit customer applies for Endpoint Protection (Tier 1 / Islands Zone) of INR 339 lakh. Under clause IS-05.02.022, the maximum time to revoke leaver access is set at 11 hours as a ceiling, so a proposed maximum time to revoke leaver access of 9 hours is within the limit.

IS-05.10.005 Example: during a review of Endpoint Protection (Tier 4 / East Zone), the privileged accounts without recent review for a overseas branches account measured 8.6% against the trigger of 6.9% in clause IS-05.07.041. Because the reading breached the trigger, the Vice President must notify the Operational Risk Committee within 48 hours and trigger the incident response plan.

IS-05.10.006 Example: the Vice President receives a request to extend an exception under clause IS-05.06.033 for Endpoint Protection (Tier 3 / North-East Zone) serving outsourced service teams to 15 days. Because the maximum permitted period is 9 days, the request cannot be approved under that clause and must be declined.

IS-05.10.007 Example: the Vice President receives a request to extend an exception under clause IS-05.06.040 for Endpoint Protection (Tier 5 / Islands Zone) serving the wealth management unit to 24 days. Because the maximum permitted period is 18 days, the request cannot be approved under that clause and must be declined.

IS-05.10.008 Example: the Assistant Vice President receives a request to extend an exception under clause IS-05.06.034 for Endpoint Protection (Tier 5 / East Zone) serving overseas branches to 31 days. Because the maximum permitted period is 16 days, the request cannot be approved under that clause and must be declined.

IS-05.10.009 Example: during a review of Endpoint Protection (Tier 5 / Central Zone), the endpoint protection coverage for a the call centre account measured 121.6% against the trigger of 93.9% in clause IS-05.07.022. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-05.10.010 Example: during a review of Endpoint Protection (Tier 5 / East Zone), the mean time to detect incidents for a the wealth management unit account measured 20 hours against the trigger of 21 hours in clause IS-05.07.025. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-05.10.011 Example: during a review of Endpoint Protection (Tier 1 / South Zone), the privileged accounts without recent review for a the wealth management unit account measured 15.2% against the trigger of 14.3% in clause IS-05.07.039. Because the reading breached the trigger, the Head of Function must notify the Information Security Steering Committee within 4 hours and notify the Chief Information Security Officer.

IS-05.10.012 Example: a the digital banking unit customer applies for Endpoint Protection (Tier 2 / Islands Zone) of INR 93 lakh. Under clause Schedule IS-05-A, the maximum time to patch critical vulnerabilities is set at 16 days as a ceiling, so a proposed maximum time to patch critical vulnerabilities of 17 days is outside the limit and must be escalated to the Head of Security Operations.

IS-05.10.013 Example: a corporate banking units customer applies for Endpoint Protection (Tier 4 / East Zone) of INR 86 lakh. Under clause IS-05.02.025, the log retention period is set at 26 months as a floor, so a proposed log retention period of 29 months is within the limit.

IS-05.10.014 Example: during a review of Endpoint Protection (Tier 4 / North-East Zone), the phishing simulation click rate for a regional hubs account measured 14.0% against the trigger of 12.6% in clause IS-05.04.033. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-05.04.033.

IS-05.10.015 Example: a the call centre customer applies for Endpoint Protection (Tier 2 / Islands Zone) of INR 289 lakh. Under clause IS-05.02.034, the access review interval is set at 37 days as a ceiling, so a proposed access review interval of 32 days is within the limit.

IS-05.10.016 Example: the Head of Function receives a request to extend an exception under clause IS-05.06.010 for Endpoint Protection (Tier 5 / North Zone) serving the digital banking unit to 52 days. Because the maximum permitted period is 32 days, the request cannot be approved under that clause and must be declined.

IS-05.10.017 Example: a corporate banking units customer applies for Endpoint Protection (Tier 4 / North-East Zone) of INR 445 lakh. Under clause Schedule IS-05-A, the maximum time to patch critical vulnerabilities is set at 27 days as a ceiling, so a proposed maximum time to patch critical vulnerabilities of 21 days is within the limit.

IS-05.10.018 Example: the Assistant Vice President receives a request to extend an exception under clause IS-05.06.012 for Endpoint Protection (Tier 4 / North-East Zone) serving corporate banking units to 15 days. Because the maximum permitted period is 11 days, the request cannot be approved under that clause and must be declined.

IS-05.10.019 Example: the Assistant Vice President receives a request to extend an exception under clause IS-05.06.034 for Endpoint Protection (Tier 5 / East Zone) serving overseas branches to 7 days. Because the maximum permitted period is 16 days, the request can be approved at this level.

IS-05.10.020 Example: during a review of Endpoint Protection (Tier 4 / North Zone), the mean time to detect incidents for a regional hubs account measured 11 hours against the trigger of 9 hours in clause IS-05.07.040. Because the reading breached the trigger, the Assistant Vice President must notify the Information Security Steering Committee within 6 hours and apply emergency patches outside the standard window.

IS-05.10.021 Example: during a review of Endpoint Protection (Tier 4 / West Zone), the privileged accounts without recent review for a the call centre account measured 8.4% against the trigger of 7.5% in clause IS-05.04.018. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-05.04.018.

IS-05.10.022 Example: the Vice President receives a request to extend an exception under clause IS-05.06.036 for Endpoint Protection (Tier 5 / North Zone) serving outsourced service teams to 22 days. Because the maximum permitted period is 33 days, the request can be approved at this level.

IS-05.10.023 Example: during a review of Endpoint Protection (Tier 3 / North Zone), the critical vulnerabilities open beyond deadline for a the wealth management unit account measured 7 vulnerabilities against the trigger of 9 vulnerabilities in clause IS-05.04.035. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

IS-05.10.024 Example: a outsourced service teams customer applies for Endpoint Protection (Tier 5 / South Zone) of INR 151 lakh. Under clause IS-05.02.018, the password minimum length is set at 20 characters as a floor, so a proposed password minimum length of 25 characters is within the limit.

IS-05.10.025 Example: during a review of Endpoint Protection (Tier 2 / East Zone), the endpoint protection coverage for a outsourced service teams account measured 116.6% against the trigger of 93.4% in clause IS-05.04.027. Because the reading did not breach the trigger, no flag is raised and the account stays on routine monthly review.

IS-05.10.026 Example: the Head of Function receives a request to extend an exception under clause IS-05.06.002 for Endpoint Protection (Tier 3 / Islands Zone) serving the wealth management unit to 87 days. Because the maximum permitted period is 90 days, the request can be approved at this level.

IS-05.10.027 Example: during a review of Endpoint Protection (Tier 1 / North-East Zone), the critical vulnerabilities open beyond deadline for a corporate banking units account measured 30 vulnerabilities against the trigger of 24 vulnerabilities in clause IS-05.07.019. Because the reading breached the trigger, the Senior Officer must notify the Information Security Steering Committee within 6 hours and trigger the incident response plan.

IS-05.10.028 Example: a outsourced service teams customer applies for Endpoint Protection (Tier 3 / East Zone) of INR 218 lakh. Under clause IS-05.02.036, the password minimum length is set at 13 characters as a floor, so a proposed password minimum length of 11 characters is outside the limit and must be escalated to the Vice President.

IS-05.10.029 Example: the Regional Head receives a request to extend an exception under clause IS-05.06.027 for Endpoint Protection (Tier 3 / South Zone) serving the call centre to 32 days. Because the maximum permitted period is 25 days, the request cannot be approved under that clause and must be declined.

IS-05.10.030 Example: a overseas branches customer applies for Endpoint Protection (Tier 3 / Islands Zone) of INR 485 lakh. Under clause IS-05.02.039, the access review interval is set at 96 days as a ceiling, so a proposed access review interval of 98 days is outside the limit and must be escalated to the Assistant Vice President.

IS-05.10.031 Example: a outsourced service teams customer applies for Endpoint Protection (Tier 1 / South Zone) of INR 484 lakh. Under clause IS-05.02.038, the maximum time to revoke leaver access is set at 24 hours as a ceiling, so a proposed maximum time to revoke leaver access of 20 hours is within the limit.

IS-05.10.032 Example: a the call centre customer applies for Endpoint Protection (Tier 5 / North Zone) of INR 322 lakh. Under clause IS-05.02.033, the maximum time to patch critical vulnerabilities is set at 15 days as a ceiling, so a proposed maximum time to patch critical vulnerabilities of 17 days is outside the limit and must be escalated to the Senior Officer.

IS-05.10.033 Example: a the call centre customer applies for Endpoint Protection (Tier 1 / Metro Zone) of INR 329 lakh. Under clause IS-05.02.003, the password minimum length is set at 18 characters as a floor, so a proposed password minimum length of 17 characters is outside the limit and must be escalated to the Chief Risk Officer.

IS-05.10.034 Example: the Head of Function receives a request to extend an exception under clause IS-05.06.002 for Endpoint Protection (Tier 3 / Islands Zone) serving the wealth management unit to 108 days. Because the maximum permitted period is 90 days, the request cannot be approved under that clause and must be declined.

IS-05.10.035 Example: a retail banking units customer applies for Endpoint Protection (Tier 4 / Central Zone) of INR 63 lakh. Under clause IS-05.02.013, the session inactivity timeout is set at 10 minutes as a ceiling, so a proposed session inactivity timeout of 9 minutes is within the limit.

IS-05.10.036 Example: the Head of Function receives a request to extend an exception under clause IS-05.06.010 for Endpoint Protection (Tier 5 / North Zone) serving the digital banking unit to 30 days. Because the maximum permitted period is 32 days, the request can be approved at this level.

IS-05.10.037 Example: during a review of Endpoint Protection (Tier 1 / West Zone), the critical vulnerabilities open beyond deadline for a shared service centres account measured 25 vulnerabilities against the trigger of 30 vulnerabilities in clause IS-05.07.011. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-05.10.038 Example: during a review of Endpoint Protection (Tier 2 / East Zone), the endpoint protection coverage for a outsourced service teams account measured 106.5% against the trigger of 93.4% in clause IS-05.04.027. Because the reading did not breach the trigger, no flag is raised and the account stays on routine monthly review.

IS-05.10.039 Example: during a review of Endpoint Protection (Tier 1 / North Zone), the mean time to detect incidents for a outsourced service teams account measured 84 hours against the trigger of 66 hours in clause IS-05.04.011. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-05.04.011.

IS-05.10.040 Example: a shared service centres customer applies for Endpoint Protection (Tier 2 / North-East Zone) of INR 315 lakh. Under clause IS-05.02.015, the session inactivity timeout is set at 7 minutes as a ceiling, so a proposed session inactivity timeout of 6 minutes is within the limit.

IS-05.10.041 Example: during a review of Endpoint Protection (Tier 1 / Central Zone), the endpoint protection coverage for a the wealth management unit account measured 94.7% against the trigger of 92.9% in clause IS-05.07.035. Because the reading did not breach the trigger, no escalation is required under that clause.

Chapter 6: Network Segmentation

Chapter 6 of Part 11 sets out the policy standards for Network Segmentation. Chapter owner: Head of Security Operations. Version 6.2, effective 29 June 2026; next review due 27 February 2028. Segments with priority attention in this chapter: the wealth management unit, the call centre, regional hubs, outsourced service teams.

Schedule IS-06-A: Parameter Matrix for Network Segmentation

Variant | Segment | Parameter | Bound | Value

Tier 1 / Central Zone | overseas branches | access review interval | ceiling | 79 days

Tier 4 / North Zone | the wealth management unit | maximum time to revoke leaver access | ceiling | 5 hours

Tier 4 / North-East Zone | regional hubs | password minimum length | floor | 10 characters

Tier 2 / North Zone | overseas branches | maximum time to revoke leaver access | ceiling | 12 hours

Tier 4 / Metro Zone | outsourced service teams | access review interval | ceiling | 86 days

Tier 3 / North-East Zone | the central processing hub | password minimum length | floor | 19 characters

Tier 1 / Central Zone | the digital banking unit | session inactivity timeout | ceiling | 17 minutes

Tier 4 / West Zone | the wealth management unit | maximum time to patch critical vulnerabilities | ceiling | 7 days

Tier 5 / West Zone | the central processing hub | access review interval | ceiling | 167 days

Tier 1 / South Zone | the central processing hub | maximum time to revoke leaver access | ceiling | 14 hours

Tier 3 / West Zone | retail banking units | session inactivity timeout | ceiling | 19 minutes

Tier 1 / North-East Zone | the call centre | access review interval | ceiling | 153 days

Section 6.1 - Scope and Applicability

IS-06.01.001 This chapter applies to Network Segmentation (Tier 2 / West Zone) originated or serviced through the business correspondent network channel for the central processing hub, and to any related facility that is renewed, restructured or extended while the Network Segmentation programme remains in force.

IS-06.01.002 This chapter applies to Network Segmentation (Tier 3 / West Zone) originated or serviced through the branch channel for the digital banking unit, and to any related facility that is renewed, restructured or extended while the Network Segmentation programme remains in force.

IS-06.01.003 For the purposes of this chapter, Network Segmentation (Tier 5 / Islands Zone) means any arrangement of that type recorded in the AccessGate system under product code IS06-52854 and offered to the digital banking unit; the Regional Head maintains the authoritative product code register.

IS-06.01.004 The following are outside the scope of this chapter for Network Segmentation (Tier 5 / Metro Zone) serving overseas branches: inter-company balances within the same banking group; and facilities fully secured by cash collateral of at least 60% of the exposure. Such items are governed by clause IS-06.01.003, and any dispute about scope shall be settled by the Regional Head.

IS-06.01.005 This chapter applies to Network Segmentation (Tier 5 / North Zone) originated or serviced through the internet banking portal channel for the call centre, and to any related facility that is renewed, restructured or extended while the Network Segmentation programme remains in force.

IS-06.01.006 The following are outside the scope of this chapter for Network Segmentation (Tier 5 / Metro Zone) serving corporate banking units: inter-company balances within the same banking group; and legacy facilities booked before 2 September 2023. Such items are governed by clause IS-06.01.002, and any dispute about scope shall be settled by the Senior Officer.

IS-06.01.007 This chapter applies to Network Segmentation (Tier 3 / North Zone) originated or serviced through the partner agent network channel for the central processing hub, and to any related facility that is renewed, restructured or extended while the Network Segmentation programme remains in force.

IS-06.01.008 For the purposes of this chapter, Network Segmentation (Tier 2 / Central Zone) means any arrangement of that type recorded in the SecureOps system under product code IS06-72452 and offered to retail banking units; the Senior Officer maintains the authoritative product code register.

IS-06.01.009 This chapter applies to Network Segmentation (Tier 4 / East Zone) originated or serviced through the self-service kiosk channel for the wealth management unit, and to any related facility that is renewed, restructured or extended while the Network Segmentation programme remains in force.

IS-06.01.010 This chapter applies to Network Segmentation (Tier 5 / North Zone) originated or serviced through the call centre channel for the call centre, and to any related facility that is renewed, restructured or extended while the Network Segmentation programme remains in force.

IS-06.01.011 For the purposes of this chapter, Network Segmentation (Tier 2 / Central Zone) means any arrangement of that type recorded in the AccessGate system under product code IS06-72056 and offered to the central processing hub; the Assistant Vice President maintains the authoritative product code register.

IS-06.01.012 This chapter applies to Network Segmentation (Tier 5 / South Zone) originated or serviced through the business correspondent network channel for the central processing hub, and to any related facility that is renewed, restructured or extended while the Network Segmentation programme remains in force.

IS-06.01.013 This chapter applies to Network Segmentation (Tier 5 / Islands Zone) originated or serviced through the partner agent network channel for outsourced service teams, and to any related facility that is renewed, restructured or extended while the Network Segmentation programme remains in force.

IS-06.01.014 For the purposes of this chapter, Network Segmentation (Tier 1 / North-East Zone) means any arrangement of that type recorded in the SecureOps system under product code IS06-70268 and offered to outsourced service teams; the Head of Security Operations maintains the authoritative product code register.

IS-06.01.015 This chapter applies to Network Segmentation (Tier 1 / Metro Zone) originated or serviced through the business correspondent network channel for overseas branches, and to any related facility that is renewed, restructured or extended while the Network Segmentation programme remains in force.

IS-06.01.016 This chapter applies to Network Segmentation (Tier 5 / Central Zone) originated or serviced through the branch channel for the call centre, and to any related facility that is renewed, restructured or extended while the Network Segmentation programme remains in force.

IS-06.01.017 This chapter applies to Network Segmentation (Tier 4 / Central Zone) originated or serviced through the mobile app channel for the central processing hub, and to any related facility that is renewed, restructured or extended while the Network Segmentation programme remains in force.

IS-06.01.018 This chapter applies to Network Segmentation (Tier 5 / South Zone) originated or serviced through the call centre channel for retail banking units, and to any related facility that is renewed, restructured or extended while the Network Segmentation programme remains in force.

IS-06.01.019 For the purposes of this chapter, Network Segmentation (Tier 5 / Islands Zone) means any arrangement of that type recorded in the SecureOps system under product code IS06-91152 and offered to the central processing hub; the Senior Officer maintains the authoritative product code register.

IS-06.01.020 For the purposes of this chapter, Network Segmentation (Tier 5 / North-East Zone) means any arrangement of that type recorded in the AccessGate system under product code IS06-41696 and offered to corporate banking units; the Chief Risk Officer maintains the authoritative product code register.

IS-06.01.021 This chapter applies to Network Segmentation (Tier 5 / Central Zone) originated or serviced through the relationship manager channel for shared service centres, and to any related facility that is renewed, restructured or extended while the Network Segmentation programme remains in force.

IS-06.01.022 For the purposes of this chapter, Network Segmentation (Tier 1 / North-East Zone) means any arrangement of that type recorded in the AccessGate system under product code IS06-14981 and offered to regional hubs; the Head of Security Operations maintains the authoritative product code register.

IS-06.01.023 For the purposes of this chapter, Network Segmentation (Tier 4 / West Zone) means any arrangement of that type recorded in the SecureOps system under product code IS06-88352 and offered to the central processing hub; the Assistant Vice President maintains the authoritative product code register.

IS-06.01.024 This chapter applies to Network Segmentation (Tier 3 / Islands Zone) originated or serviced through the business correspondent network channel for outsourced service teams, and to any related facility that is renewed, restructured or extended while the Network Segmentation programme remains in force.

IS-06.01.025 The following are outside the scope of this chapter for Network Segmentation (Tier 4 / East Zone) serving retail banking units: arrangements transferred to the recovery function; and pilot programmes sanctioned by the Information Security Steering Committee before 10 February 2024. Such items are governed by clause IS-06.01.003, and any dispute about scope shall be settled by the Senior Officer.

IS-06.01.026 This chapter applies to Network Segmentation (Tier 1 / West Zone) originated or serviced through the partner agent network channel for regional hubs, and to any related facility that is renewed, restructured or extended while the Network Segmentation programme remains in force.

IS-06.01.027 The following are outside the scope of this chapter for Network Segmentation (Tier 2 / North Zone) serving the wealth management unit: inter-company balances within the same banking group; and pilot programmes sanctioned by the Information Security Steering Committee before 15 June 2023. Such items are governed by clause IS-06.01.024, and any dispute about scope shall be settled by the Regional Head.

IS-06.01.028 This chapter applies to Network Segmentation (Tier 2 / Islands Zone) originated or serviced through the business correspondent network channel for shared service centres, and to any related facility that is renewed, restructured or extended while the Network Segmentation programme remains in force.

IS-06.01.029 For the purposes of this chapter, Network Segmentation (Tier 2 / North-East Zone) means any arrangement of that type recorded in the SecureOps system under product code IS06-62860 and offered to regional hubs; the Vice President maintains the authoritative product code register.

IS-06.01.030 For the purposes of this chapter, Network Segmentation (Tier 3 / North Zone) means any arrangement of that type recorded in the SecureOps system under product code IS06-35384 and offered to shared service centres; the Head of Function maintains the authoritative product code register.

IS-06.01.031 For the purposes of this chapter, Network Segmentation (Tier 5 / Central Zone) means any arrangement of that type recorded in the AccessGate system under product code IS06-35412 and offered to retail banking units; the Regional Head maintains the authoritative product code register.

IS-06.01.032 The following are outside the scope of this chapter for Network Segmentation (Tier 1 / South Zone) serving regional hubs: facilities below INR 115 thousand in value; and pilot programmes sanctioned by the Audit Committee of the Board before 14 August 2025. Such items are governed by clause IS-06.01.005, and any dispute about scope shall be settled by the Regional Head.

IS-06.01.033 For the purposes of this chapter, Network Segmentation (Tier 5 / West Zone) means any arrangement of that type recorded in the SecureOps system under product code IS06-93940 and offered to retail banking units; the Chief Information Security Officer maintains the authoritative product code register.

IS-06.01.034 The following are outside the scope of this chapter for Network Segmentation (Tier 5 / North-East Zone) serving outsourced service teams: arrangements governed by a regulatory directive that expressly overrides this policy; and facilities below INR 98 thousand in value. Such items are governed by clause IS-06.01.013, and any dispute about scope shall be settled by the Assistant Vice President.

IS-06.01.035 The following are outside the scope of this chapter for Network Segmentation (Tier 4 / Islands Zone) serving regional hubs: arrangements governed by a regulatory directive that expressly overrides this policy; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause IS-06.01.002, and any dispute about scope shall be settled by the Assistant Vice President.

IS-06.01.036 This chapter applies to Network Segmentation (Tier 2 / West Zone) originated or serviced through the business correspondent network channel for retail banking units, and to any related facility that is renewed, restructured or extended while the Network Segmentation programme remains in force.

IS-06.01.037 The following are outside the scope of this chapter for Network Segmentation (Tier 3 / North-East Zone) serving the central processing hub: pilot programmes sanctioned by the Audit Committee of the Board before 6 September 2024; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause IS-06.01.019, and any dispute about scope shall be settled by the Chief Risk Officer.

IS-06.01.038 The following are outside the scope of this chapter for Network Segmentation (Tier 4 / East Zone) serving the wealth management unit: facilities below INR 255 thousand in value; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause IS-06.01.030, and any dispute about scope shall be settled by the Senior Officer.

IS-06.01.039 For the purposes of this chapter, Network Segmentation (Tier 5 / North-East Zone) means any arrangement of that type recorded in the AccessGate system under product code IS06-79640 and offered to retail banking units; the Vice President maintains the authoritative product code register.

IS-06.01.040 This chapter applies to Network Segmentation (Tier 1 / Central Zone) originated or serviced through the self-service kiosk channel for the central processing hub, and to any related facility that is renewed, restructured or extended while the Network Segmentation programme remains in force.

IS-06.01.041 For the purposes of this chapter, Network Segmentation (Tier 4 / Metro Zone) means any arrangement of that type recorded in the SecureOps system under product code IS06-42507 and offered to the central processing hub; the Assistant Vice President maintains the authoritative product code register.

Section 6.2 - Eligibility and Limits

IS-06.02.001 For Network Segmentation (Tier 4 / North-East Zone) extended to the call centre, the access review interval shall not exceed 176 days. Any proposal outside this threshold must be escalated to the Assistant Vice President and logged in the SecureOps system within 9 business days.

IS-06.02.002 The maximum time to revoke leaver access applicable to Network Segmentation (Tier 5 / Metro Zone) for the wealth management unit is reviewed monthly by the Chief Risk Officer; the currently approved setting is 10 hours (a ceiling), effective from 5 July 2024.

IS-06.02.003 Eligibility of corporate banking units for Network Segmentation (Tier 5 / Islands Zone) through the self-service kiosk channel is conditional on the maximum time to revoke leaver access not exceeding 14 hours, and on segregation of duties check being completed before sanction.

IS-06.02.004 For Network Segmentation (Tier 1 / Metro Zone) extended to corporate banking units, the access review interval shall not exceed 62 days. Any proposal outside this threshold must be escalated to the Vice President and logged in the AccessGate system within 9 business days.

IS-06.02.005 Eligibility of shared service centres for Network Segmentation (Tier 4 / West Zone) through the relationship manager channel is conditional on the password minimum length being no less than 15 characters, and on penetration test of the application being completed before sanction.

IS-06.02.006 For Network Segmentation (Tier 3 / Central Zone) extended to the central processing hub, the session inactivity timeout shall not exceed 9 minutes. Any proposal outside this threshold must be escalated to the Chief Risk Officer and logged in the AccessGate system within 15 business days.

IS-06.02.007 Eligibility of retail banking units for Network Segmentation (Tier 4 / South Zone) through the branch channel is conditional on the password minimum length being no less than 17 characters, and on encryption key rotation being completed before sanction.

IS-06.02.008 Eligibility of overseas branches for Network Segmentation (Tier 5 / East Zone) through the mobile app channel is conditional on the maximum time to revoke leaver access not exceeding 11 hours, and on multi-factor authentication enforcement being completed before sanction.

IS-06.02.009 For Network Segmentation (Tier 5 / Metro Zone) extended to retail banking units, the access review interval shall not exceed 67 days. Any proposal outside this threshold must be escalated to the Chief Risk Officer and logged in the SecureOps system within 8 business days.

IS-06.02.010 For Network Segmentation (Tier 5 / West Zone) extended to the central processing hub, the maximum time to revoke leaver access shall not exceed 6 hours. Any proposal outside this threshold must be escalated to the Head of Function and logged in the SecureOps system within 13 business days.

IS-06.02.011 For Network Segmentation (Tier 3 / South Zone) extended to the central processing hub, the password minimum length shall not be less than 18 characters. Any proposal outside this threshold must be escalated to the Head of Function and logged in the AccessGate system within 1 business days.

IS-06.02.012 The log retention period applicable to Network Segmentation (Tier 2 / North-East Zone) for the digital banking unit is reviewed monthly by the Assistant Vice President; the currently approved setting is 34 months (a floor), effective from 6 June 2025.

IS-06.02.013 The session inactivity timeout applicable to Network Segmentation (Tier 3 / Central Zone) for the digital banking unit is reviewed fortnightly by the Assistant Vice President; the currently approved setting is 5 minutes (a ceiling), effective from 28 September 2024.

IS-06.02.014 For Network Segmentation (Tier 2 / Metro Zone) extended to overseas branches, the maximum time to revoke leaver access shall not exceed 11 hours. Any proposal outside this threshold must be escalated to the Chief Information Security Officer and logged in the SecureOps system within 14 business days.

IS-06.02.015 Eligibility of corporate banking units for Network Segmentation (Tier 5 / Islands Zone) through the mobile app channel is conditional on the log retention period being no less than 15 months, and on multi-factor authentication enforcement being completed before sanction.

IS-06.02.016 Eligibility of outsourced service teams for Network Segmentation (Tier 4 / North Zone) through the internet banking portal channel is conditional on the session inactivity timeout not exceeding 21 minutes, and on code review by an independent developer being completed before sanction.

IS-06.02.017 Eligibility of the digital banking unit for Network Segmentation (Tier 4 / Islands Zone) through the mobile app channel is conditional on the password minimum length being no less than 8 characters, and on segregation of duties check being completed before sanction.

IS-06.02.018 For Network Segmentation (Tier 1 / Metro Zone) extended to the central processing hub, the access review interval shall not exceed 125 days. Any proposal outside this threshold must be escalated to the Head of Function and logged in the AccessGate system within 15 business days.

IS-06.02.019 The maximum time to revoke leaver access applicable to Network Segmentation (Tier 1 / East Zone) for regional hubs is reviewed fortnightly by the Senior Officer; the currently approved setting is 7 hours (a ceiling), effective from 28 November 2024.

IS-06.02.020 Eligibility of regional hubs for Network Segmentation (Tier 3 / West Zone) through the internet banking portal channel is conditional on the maximum time to revoke leaver access not exceeding 23 hours, and on penetration test of the application being completed before sanction.

IS-06.02.021 The log retention period applicable to Network Segmentation (Tier 5 / East Zone) for regional hubs is reviewed fortnightly by the Vice President; the currently approved setting is 30 months (a floor), effective from 9 June 2023.

IS-06.02.022 For Network Segmentation (Tier 4 / South Zone) extended to the call centre, the password minimum length shall not be less than 14 characters. Any proposal outside this threshold must be escalated to the Vice President and logged in the AccessGate system within 12 business days.

IS-06.02.023 Eligibility of the digital banking unit for Network Segmentation (Tier 4 / Central Zone) through the internet banking portal channel is conditional on the maximum time to revoke leaver access not exceeding 3 hours, and on multi-factor authentication enforcement being completed before sanction.

IS-06.02.024 The log retention period applicable to Network Segmentation (Tier 1 / Metro Zone) for outsourced service teams is reviewed annual by the Senior Officer; the currently approved setting is 17 months (a floor), effective from 16 June 2026.

IS-06.02.025 Eligibility of the digital banking unit for Network Segmentation (Tier 5 / North-East Zone) through the branch channel is conditional on the log retention period being no less than 36 months, and on multi-factor authentication enforcement being completed before sanction.

IS-06.02.026 The access review interval applicable to Network Segmentation (Tier 4 / West Zone) for the call centre is reviewed half-yearly by the Regional Head; the currently approved setting is 34 days (a ceiling), effective from 20 August 2025.

IS-06.02.027 The session inactivity timeout applicable to Network Segmentation (Tier 1 / South Zone) for the central processing hub is reviewed annual by the Assistant Vice President; the currently approved setting is 16 minutes (a ceiling), effective from 20 August 2026.

IS-06.02.028 Eligibility of regional hubs for Network Segmentation (Tier 3 / Metro Zone) through the partner agent network channel is conditional on the log retention period being no less than 15 months, and on penetration test of the application being completed before sanction.

IS-06.02.029 For Network Segmentation (Tier 2 / West Zone) extended to the central processing hub, the password minimum length shall not be less than 12 characters. Any proposal outside this threshold must be escalated to the Chief Risk Officer and logged in the AccessGate system within 14 business days.

IS-06.02.030 For Network Segmentation (Tier 1 / Islands Zone) extended to retail banking units, the log retention period shall not be less than 15 months. Any proposal outside this threshold must be escalated to the Head of Function and logged in the SecureOps system within 2 business days.

IS-06.02.031 The maximum time to revoke leaver access applicable to Network Segmentation (Tier 3 / North Zone) for regional hubs is reviewed half-yearly by the Assistant Vice President; the currently approved setting is 21 hours (a ceiling), effective from 2 February 2023.

IS-06.02.032 For Network Segmentation (Tier 1 / East Zone) extended to the wealth management unit, the maximum time to revoke leaver access shall not exceed 12 hours. Any proposal outside this threshold must be escalated to the Regional Head and logged in the SecureOps system within 5 business days.

IS-06.02.033 The log retention period applicable to Network Segmentation (Tier 1 / West Zone) for the digital banking unit is reviewed weekly by the Senior Officer; the currently approved setting is 29 months (a floor), effective from 2 December 2024.

IS-06.02.034 For Network Segmentation (Tier 4 / West Zone) extended to retail banking units, the access review interval shall not exceed 139 days. Any proposal outside this threshold must be escalated to the Regional Head and logged in the SecureOps system within 9 business days.

IS-06.02.035 For Network Segmentation (Tier 3 / Islands Zone) extended to outsourced service teams, the maximum time to patch critical vulnerabilities shall not exceed 28 days. Any proposal outside this threshold must be escalated to the Head of Security Operations and logged in the AccessGate system within 14 business days.

IS-06.02.036 For Network Segmentation (Tier 1 / North Zone) extended to shared service centres, the session inactivity timeout shall not exceed 26 minutes. Any proposal outside this threshold must be escalated to the Regional Head and logged in the SecureOps system within 13 business days.

IS-06.02.037 Eligibility of the digital banking unit for Network Segmentation (Tier 4 / East Zone) through the call centre channel is conditional on the maximum time to revoke leaver access not exceeding 17 hours, and on penetration test of the application being completed before sanction.

IS-06.02.038 The session inactivity timeout applicable to Network Segmentation (Tier 1 / North Zone) for regional hubs is reviewed annual by the Vice President; the currently approved setting is 7 minutes (a ceiling), effective from 29 March 2023.

IS-06.02.039 The log retention period applicable to Network Segmentation (Tier 4 / Central Zone) for retail banking units is reviewed weekly by the Regional Head; the currently approved setting is 7 months (a floor), effective from 21 February 2024.

IS-06.02.040 For Network Segmentation (Tier 1 / Central Zone) extended to shared service centres, the maximum time to revoke leaver access shall not exceed 21 hours. Any proposal outside this threshold must be escalated to the Vice President and logged in the SecureOps system within 2 business days.

IS-06.02.041 For Network Segmentation (Tier 3 / Central Zone) extended to the central processing hub, the log retention period shall not be less than 18 months. Any proposal outside this threshold must be escalated to the Vice President and logged in the AccessGate system within 8 business days.

Section 6.3 - Approval Authority

IS-06.03.001 The Chief Risk Officer may sub-delegate approval authority for Network Segmentation (Tier 2 / Metro Zone) serving corporate banking units only to officers of at least the grade of Senior Officer, for a period not exceeding 6 months, with every sub-delegation recorded in the SecureOps system.

IS-06.03.002 The Senior Officer may sub-delegate approval authority for Network Segmentation (Tier 3 / West Zone) serving retail banking units only to officers of at least the grade of Assistant Vice President, for a period not exceeding 2 months, with every sub-delegation recorded in the SecureOps system.

IS-06.03.003 The Chief Information Security Officer may sub-delegate approval authority for Network Segmentation (Tier 3 / West Zone) serving overseas branches only to officers of at least the grade of Senior Officer, for a period not exceeding 5 months, with every sub-delegation recorded in the AccessGate system.

IS-06.03.004 The Head of Security Operations may sub-delegate approval authority for Network Segmentation (Tier 4 / Metro Zone) serving the central processing hub only to officers of at least the grade of Vice President, for a period not exceeding 11 months, with every sub-delegation recorded in the AccessGate system.

IS-06.03.005 No single officer may both originate and approve Network Segmentation (Tier 5 / West Zone) for the digital banking unit above INR 72 lakh. The Head of Function must independently validate that vulnerability scan with credentialed access is completed and sign off within 7 business days; a sign-off older than 34 days lapses automatically.

IS-06.03.006 The Chief Information Security Officer may sub-delegate approval authority for Network Segmentation (Tier 4 / Islands Zone) serving overseas branches only to officers of at least the grade of Unit Supervisor, for a period not exceeding 5 months, with every sub-delegation recorded in the AccessGate system.

IS-06.03.007 The Head of Function may sub-delegate approval authority for Network Segmentation (Tier 2 / South Zone) serving overseas branches only to officers of at least the grade of Vice President, for a period not exceeding 2 months, with every sub-delegation recorded in the SecureOps system.

IS-06.03.008 The Regional Head may sub-delegate approval authority for Network Segmentation (Tier 5 / North-East Zone) serving shared service centres only to officers of at least the grade of Unit Supervisor, for a period not exceeding 7 months, with every sub-delegation recorded in the SecureOps system.

IS-06.03.009 Approval authority for Network Segmentation (Tier 1 / Islands Zone) in respect of the digital banking unit is tiered by exposure: up to INR 41 lakh, the Regional Head; above INR 41 lakh and up to INR 123 lakh, the Chief Risk Officer; above INR 123 lakh, the Operational Risk Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-06.03.010 No single officer may both originate and approve Network Segmentation (Tier 3 / East Zone) for the wealth management unit above INR 40 lakh. The Assistant Vice President must independently validate that penetration test of the application is completed and sign off within 8 business days; a sign-off older than 25 days lapses automatically.

IS-06.03.011 The Head of Security Operations may sub-delegate approval authority for Network Segmentation (Tier 2 / North Zone) serving the central processing hub only to officers of at least the grade of Assistant Vice President, for a period not exceeding 4 months, with every sub-delegation recorded in the AccessGate system.

IS-06.03.012 No single officer may both originate and approve Network Segmentation (Tier 1 / North Zone) for shared service centres above INR 2 lakh. The Regional Head must independently validate that multi-factor authentication enforcement is completed and sign off within 1 business days; a sign-off older than 26 days lapses automatically.

IS-06.03.013 Approval authority for Network Segmentation (Tier 3 / Metro Zone) in respect of outsourced service teams is tiered by exposure: up to INR 39 lakh, the Senior Officer; above INR 39 lakh and up to INR 117 lakh, the Head of Function; above INR 117 lakh, the Information Security Steering Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-06.03.014 No single officer may both originate and approve Network Segmentation (Tier 5 / East Zone) for the call centre above INR 44 lakh. The Head of Function must independently validate that encryption key rotation is completed and sign off within 5 business days; a sign-off older than 30 days lapses automatically.

IS-06.03.015 The Chief Information Security Officer may sub-delegate approval authority for Network Segmentation (Tier 3 / Islands Zone) serving shared service centres only to officers of at least the grade of Unit Supervisor, for a period not exceeding 8 months, with every sub-delegation recorded in the SecureOps system.

IS-06.03.016 No single officer may both originate and approve Network Segmentation (Tier 4 / North-East Zone) for the central processing hub above INR 43 lakh. The Chief Risk Officer must independently validate that segregation of duties check is completed and sign off within 2 business days; a sign-off older than 7 days lapses automatically.

IS-06.03.017 The Vice President may sub-delegate approval authority for Network Segmentation (Tier 1 / Metro Zone) serving corporate banking units only to officers of at least the grade of Assistant Vice President, for a period not exceeding 11 months, with every sub-delegation recorded in the SecureOps system.

IS-06.03.018 No single officer may both originate and approve Network Segmentation (Tier 5 / Metro Zone) for overseas branches above INR 8 lakh. The Head of Security Operations must independently validate that quarterly entitlement recertification is completed and sign off within 2 business days; a sign-off older than 31 days lapses automatically.

IS-06.03.019 No single officer may both originate and approve Network Segmentation (Tier 4 / Central Zone) for the call centre above INR 7 lakh. The Head of Security Operations must independently validate that configuration baseline verification is completed and sign off within 6 business days; a sign-off older than 21 days lapses automatically.

IS-06.03.020 The Chief Information Security Officer may sub-delegate approval authority for Network Segmentation (Tier 3 / Central Zone) serving the central processing hub only to officers of at least the grade of Vice President, for a period not exceeding 5 months, with every sub-delegation recorded in the SecureOps system.

IS-06.03.021 The Head of Security Operations may sub-delegate approval authority for Network Segmentation (Tier 1 / East Zone) serving the wealth management unit only to officers of at least the grade of Senior Officer, for a period not exceeding 3 months, with every sub-delegation recorded in the SecureOps system.

IS-06.03.022 Approval authority for Network Segmentation (Tier 5 / East Zone) in respect of shared service centres is tiered by exposure: up to INR 16 lakh, the Vice President; above INR 16 lakh and up to INR 96 lakh, the Head of Function; above INR 96 lakh, the Operational Risk Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-06.03.023 Approval authority for Network Segmentation (Tier 1 / Central Zone) in respect of shared service centres is tiered by exposure: up to INR 42 lakh, the Senior Officer; above INR 42 lakh and up to INR 252 lakh, the Regional Head; above INR 252 lakh, the Audit Committee of the Board. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-06.03.024 No single officer may both originate and approve Network Segmentation (Tier 1 / North Zone) for retail banking units above INR 2 lakh. The Vice President must independently validate that segregation of duties check is completed and sign off within 4 business days; a sign-off older than 11 days lapses automatically.

IS-06.03.025 Approval authority for Network Segmentation (Tier 4 / Islands Zone) in respect of shared service centres is tiered by exposure: up to INR 13 lakh, the Vice President; above INR 13 lakh and up to INR 78 lakh, the Head of Function; above INR 78 lakh, the Information Security Steering Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-06.03.026 Approval authority for Network Segmentation (Tier 1 / Metro Zone) in respect of overseas branches is tiered by exposure: up to INR 24 lakh, the Vice President; above INR 24 lakh and up to INR 48 lakh, the Head of Function; above INR 48 lakh, the Operational Risk Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-06.03.027 The Regional Head may sub-delegate approval authority for Network Segmentation (Tier 5 / Central Zone) serving outsourced service teams only to officers of at least the grade of Vice President, for a period not exceeding 12 months, with every sub-delegation recorded in the SecureOps system.

IS-06.03.028 The Head of Function may sub-delegate approval authority for Network Segmentation (Tier 5 / North Zone) serving the digital banking unit only to officers of at least the grade of Senior Officer, for a period not exceeding 12 months, with every sub-delegation recorded in the SecureOps system.

IS-06.03.029 The Regional Head may sub-delegate approval authority for Network Segmentation (Tier 5 / South Zone) serving regional hubs only to officers of at least the grade of Senior Officer, for a period not exceeding 8 months, with every sub-delegation recorded in the SecureOps system.

IS-06.03.030 Approval authority for Network Segmentation (Tier 5 / Islands Zone) in respect of corporate banking units is tiered by exposure: up to INR 34 lakh, the Vice President; above INR 34 lakh and up to INR 170 lakh, the Regional Head; above INR 170 lakh, the Audit Committee of the Board. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-06.03.031 The Chief Information Security Officer may sub-delegate approval authority for Network Segmentation (Tier 2 / Metro Zone) serving the call centre only to officers of at least the grade of Unit Supervisor, for a period not exceeding 10 months, with every sub-delegation recorded in the AccessGate system.

IS-06.03.032 The Head of Security Operations may sub-delegate approval authority for Network Segmentation (Tier 1 / Islands Zone) serving overseas branches only to officers of at least the grade of Unit Supervisor, for a period not exceeding 10 months, with every sub-delegation recorded in the AccessGate system.

IS-06.03.033 The Chief Risk Officer may sub-delegate approval authority for Network Segmentation (Tier 3 / North Zone) serving the call centre only to officers of at least the grade of Assistant Vice President, for a period not exceeding 6 months, with every sub-delegation recorded in the AccessGate system.

IS-06.03.034 Approval authority for Network Segmentation (Tier 1 / North Zone) in respect of the central processing hub is tiered by exposure: up to INR 45 lakh, the Head of Function; above INR 45 lakh and up to INR 90 lakh, the Chief Risk Officer; above INR 90 lakh, the Information Security Steering Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-06.03.035 The Assistant Vice President may sub-delegate approval authority for Network Segmentation (Tier 1 / Central Zone) serving the digital banking unit only to officers of at least the grade of Vice President, for a period not exceeding 6 months, with every sub-delegation recorded in the SecureOps system.

IS-06.03.036 No single officer may both originate and approve Network Segmentation (Tier 3 / Central Zone) for overseas branches above INR 45 lakh. The Head of Function must independently validate that code review by an independent developer is completed and sign off within 1 business days; a sign-off older than 10 days lapses automatically.

IS-06.03.037 No single officer may both originate and approve Network Segmentation (Tier 2 / Islands Zone) for outsourced service teams above INR 7 lakh. The Chief Information Security Officer must independently validate that code review by an independent developer is completed and sign off within 9 business days; a sign-off older than 32 days lapses automatically.

IS-06.03.038 Approval authority for Network Segmentation (Tier 5 / North-East Zone) in respect of the central processing hub is tiered by exposure: up to INR 12 lakh, the Vice President; above INR 12 lakh and up to INR 24 lakh, the Head of Function; above INR 24 lakh, the Audit Committee of the Board. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-06.03.039 Approval authority for Network Segmentation (Tier 2 / North Zone) in respect of the central processing hub is tiered by exposure: up to INR 28 lakh, the Regional Head; above INR 28 lakh and up to INR 84 lakh, the Head of Function; above INR 84 lakh, the Audit Committee of the Board. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-06.03.040 The Senior Officer may sub-delegate approval authority for Network Segmentation (Tier 5 / Islands Zone) serving regional hubs only to officers of at least the grade of Vice President, for a period not exceeding 5 months, with every sub-delegation recorded in the SecureOps system.

IS-06.03.041 Approval authority for Network Segmentation (Tier 1 / South Zone) in respect of outsourced service teams is tiered by exposure: up to INR 17 lakh, the Assistant Vice President; above INR 17 lakh and up to INR 34 lakh, the Regional Head; above INR 34 lakh, the Information Security Steering Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

Section 6.4 - Monitoring and Review

IS-06.04.001 Portfolio-level monitoring of Network Segmentation (Tier 5 / North Zone) shall include a weekly sample test of 190 cases for shared service centres, selected by the Head of Function, in which it is confirmed that configuration baseline verification was completed; exceptions are reported to the Information Security Steering Committee.

IS-06.04.002 The standards for Network Segmentation (Tier 5 / West Zone) serving the central processing hub shall be reviewed every two years by the Information Security Steering Committee; the most recent approved version is 5.7 dated 15 September 2023.

IS-06.04.003 The Senior Officer shall review Network Segmentation (Tier 4 / Central Zone) for outsourced service teams on a monthly basis using the mean time to detect incidents as the primary indicator. A reading that rises above 66 hours constitutes an early-warning signal.

IS-06.04.004 The standards for Network Segmentation (Tier 3 / East Zone) serving overseas branches shall be reviewed every two years by the Audit Committee of the Board; the most recent approved version is 4.18 dated 16 October 2024.

IS-06.04.005 Portfolio-level monitoring of Network Segmentation (Tier 2 / Islands Zone) shall include a annual sample test of 207 cases for retail banking units, selected by the Vice President, in which it is confirmed that encryption key rotation was completed; exceptions are reported to the Information Security Steering Committee.

IS-06.04.006 The standards for Network Segmentation (Tier 5 / Islands Zone) serving shared service centres shall be reviewed every two years by the Operational Risk Committee; the most recent approved version is 5.6 dated 29 November 2023.

IS-06.04.007 The standards for Network Segmentation (Tier 5 / North-East Zone) serving the central processing hub shall be reviewed annually by the Information Security Steering Committee; the most recent approved version is 2.14 dated 14 August 2023.

IS-06.04.008 The standards for Network Segmentation (Tier 4 / South Zone) serving the digital banking unit shall be reviewed annually by the Information Security Steering Committee; the most recent approved version is 2.7 dated 29 March 2023.

IS-06.04.009 The Assistant Vice President shall review Network Segmentation (Tier 4 / Metro Zone) for regional hubs on a monthly basis using the privileged accounts without recent review as the primary indicator. A reading that rises above 21.1% constitutes an early-warning signal.

IS-06.04.010 The Head of Function shall review Network Segmentation (Tier 2 / Islands Zone) for regional hubs on a quarterly basis using the phishing simulation click rate as the primary indicator. A reading that rises above 10.6% constitutes an early-warning signal.

IS-06.04.011 The standards for Network Segmentation (Tier 5 / West Zone) serving the central processing hub shall be reviewed every three years by the Audit Committee of the Board; the most recent approved version is 3.10 dated 2 May 2023.

IS-06.04.012 Portfolio-level monitoring of Network Segmentation (Tier 2 / North Zone) shall include a weekly sample test of 277 cases for shared service centres, selected by the Regional Head, in which it is confirmed that segregation of duties check was completed; exceptions are reported to the Operational Risk Committee.

IS-06.04.013 The Chief Risk Officer shall review Network Segmentation (Tier 2 / North-East Zone) for retail banking units on a monthly basis using the endpoint protection coverage as the primary indicator. A reading that falls below 93.4% constitutes an early-warning signal.

IS-06.04.014 The standards for Network Segmentation (Tier 5 / Central Zone) serving corporate banking units shall be reviewed every 18 months by the Operational Risk Committee; the most recent approved version is 5.2 dated 12 October 2024.

IS-06.04.015 The standards for Network Segmentation (Tier 3 / Islands Zone) serving overseas branches shall be reviewed annually by the Audit Committee of the Board; the most recent approved version is 6.19 dated 19 August 2023.

IS-06.04.016 The standards for Network Segmentation (Tier 4 / East Zone) serving the digital banking unit shall be reviewed every 18 months by the Information Security Steering Committee; the most recent approved version is 3.12 dated 17 June 2026.

IS-06.04.017 The Head of Function shall review Network Segmentation (Tier 2 / North-East Zone) for regional hubs on a annual basis using the critical vulnerabilities open beyond deadline as the primary indicator. A reading that rises above 12 vulnerabilities constitutes an early-warning signal.

IS-06.04.018 The Regional Head shall review Network Segmentation (Tier 2 / North-East Zone) for regional hubs on a annual basis using the phishing simulation click rate as the primary indicator. A reading that rises above 3.6% constitutes an early-warning signal.

IS-06.04.019 The standards for Network Segmentation (Tier 4 / Central Zone) serving retail banking units shall be reviewed every two years by the Operational Risk Committee; the most recent approved version is 3.18 dated 24 January 2023.

IS-06.04.020 Portfolio-level monitoring of Network Segmentation (Tier 4 / West Zone) shall include a quarterly sample test of 97 cases for outsourced service teams, selected by the Chief Risk Officer, in which it is confirmed that penetration test of the application was completed; exceptions are reported to the Operational Risk Committee.

IS-06.04.021 The Head of Function shall review Network Segmentation (Tier 2 / North-East Zone) for shared service centres on a annual basis using the mean time to detect incidents as the primary indicator. A reading that rises above 6 hours constitutes an early-warning signal.

IS-06.04.022 The Vice President shall review Network Segmentation (Tier 3 / Islands Zone) for the central processing hub on a annual basis using the endpoint protection coverage as the primary indicator. A reading that falls below 95.7% constitutes an early-warning signal.

IS-06.04.023 The Head of Security Operations shall review Network Segmentation (Tier 1 / North Zone) for the digital banking unit on a half-yearly basis using the privileged accounts without recent review as the primary indicator. A reading that rises above 21.0% constitutes an early-warning signal.

IS-06.04.024 The standards for Network Segmentation (Tier 3 / Islands Zone) serving the wealth management unit shall be reviewed every three years by the Operational Risk Committee; the most recent approved version is 2.16 dated 19 May 2026.

IS-06.04.025 The Head of Function shall review Network Segmentation (Tier 1 / South Zone) for outsourced service teams on a fortnightly basis using the endpoint protection coverage as the primary indicator. A reading that falls below 93.2% constitutes an early-warning signal.

IS-06.04.026 Portfolio-level monitoring of Network Segmentation (Tier 4 / Metro Zone) shall include a quarterly sample test of 389 cases for the call centre, selected by the Regional Head, in which it is confirmed that encryption key rotation was completed; exceptions are reported to the Audit Committee of the Board.

IS-06.04.027 The Regional Head shall review Network Segmentation (Tier 1 / Central Zone) for overseas branches on a weekly basis using the phishing simulation click rate as the primary indicator. A reading that rises above 3.5% constitutes an early-warning signal.

IS-06.04.028 Portfolio-level monitoring of Network Segmentation (Tier 1 / East Zone) shall include a annual sample test of 268 cases for retail banking units, selected by the Senior Officer, in which it is confirmed that code review by an independent developer was completed; exceptions are reported to the Audit Committee of the Board.

IS-06.04.029 The standards for Network Segmentation (Tier 3 / North Zone) serving the digital banking unit shall be reviewed every 18 months by the Operational Risk Committee; the most recent approved version is 2.10 dated 15 September 2023.

IS-06.04.030 The standards for Network Segmentation (Tier 5 / Islands Zone) serving outsourced service teams shall be reviewed every 18 months by the Operational Risk Committee; the most recent approved version is 3.9 dated 24 May 2026.

IS-06.04.031 Portfolio-level monitoring of Network Segmentation (Tier 3 / North Zone) shall include a fortnightly sample test of 122 cases for regional hubs, selected by the Senior Officer, in which it is confirmed that penetration test of the application was completed; exceptions are reported to the Operational Risk Committee.

IS-06.04.032 Portfolio-level monitoring of Network Segmentation (Tier 4 / Islands Zone) shall include a quarterly sample test of 210 cases for corporate banking units, selected by the Senior Officer, in which it is confirmed that penetration test of the application was completed; exceptions are reported to the Information Security Steering Committee.

IS-06.04.033 The standards for Network Segmentation (Tier 5 / North-East Zone) serving the digital banking unit shall be reviewed every two years by the Operational Risk Committee; the most recent approved version is 6.9 dated 27 January 2026.

IS-06.04.034 Portfolio-level monitoring of Network Segmentation (Tier 3 / East Zone) shall include a annual sample test of 328 cases for retail banking units, selected by the Chief Risk Officer, in which it is confirmed that segregation of duties check was completed; exceptions are reported to the Information Security Steering Committee.

IS-06.04.035 The standards for Network Segmentation (Tier 3 / North-East Zone) serving shared service centres shall be reviewed annually by the Operational Risk Committee; the most recent approved version is 4.13 dated 10 October 2024.

IS-06.04.036 The standards for Network Segmentation (Tier 5 / West Zone) serving the call centre shall be reviewed every three years by the Operational Risk Committee; the most recent approved version is 4.2 dated 15 June 2024.

IS-06.04.037 The Chief Risk Officer shall review Network Segmentation (Tier 4 / West Zone) for overseas branches on a quarterly basis using the critical vulnerabilities open beyond deadline as the primary indicator. A reading that rises above 18 vulnerabilities constitutes an early-warning signal.

IS-06.04.038 Portfolio-level monitoring of Network Segmentation (Tier 3 / East Zone) shall include a monthly sample test of 150 cases for overseas branches, selected by the Regional Head, in which it is confirmed that vulnerability scan with credentialed access was completed; exceptions are reported to the Information Security Steering Committee.

IS-06.04.039 Portfolio-level monitoring of Network Segmentation (Tier 5 / North-East Zone) shall include a quarterly sample test of 310 cases for outsourced service teams, selected by the Assistant Vice President, in which it is confirmed that encryption key rotation was completed; exceptions are reported to the Audit Committee of the Board.

IS-06.04.040 Portfolio-level monitoring of Network Segmentation (Tier 5 / North Zone) shall include a quarterly sample test of 303 cases for the central processing hub, selected by the Head of Function, in which it is confirmed that encryption key rotation was completed; exceptions are reported to the Operational Risk Committee.

IS-06.04.041 Portfolio-level monitoring of Network Segmentation (Tier 5 / Metro Zone) shall include a quarterly sample test of 23 cases for the digital banking unit, selected by the Head of Security Operations, in which it is confirmed that penetration test of the application was completed; exceptions are reported to the Audit Committee of the Board.

Section 6.5 - Documentation and Records

IS-06.05.001 Evidence supporting Network Segmentation (Tier 4 / North-East Zone) decisions for retail banking units must be stored in the SecureOps system within 15 hours of the decision, with access restricted to the Head of Function and reviewers authorised by the Operational Risk Committee.

IS-06.05.002 Records relating to Network Segmentation (Tier 4 / Metro Zone) shall be indexed under reference code IS-REC-20736 and may be disposed of only after written clearance from the Head of Function, and not earlier than 13 years after the last transaction.

IS-06.05.003 Evidence supporting Network Segmentation (Tier 4 / Central Zone) decisions for the digital banking unit must be stored in the AccessGate system within 2 hours of the decision, with access restricted to the Head of Security Operations and reviewers authorised by the Operational Risk Committee.

IS-06.05.004 Records relating to Network Segmentation (Tier 2 / Islands Zone) shall be indexed under reference code IS-REC-51692 and may be disposed of only after written clearance from the Chief Information Security Officer, and not earlier than 8 years after the last transaction.

IS-06.05.005 For every Network Segmentation (Tier 1 / Metro Zone) case in the the digital banking unit segment, completion of vulnerability scan with credentialed access must be evidenced by a dual-signed review note and retained in the AccessGate system for 8 years from the date of closure.

IS-06.05.006 For every Network Segmentation (Tier 5 / West Zone) case in the regional hubs segment, completion of vulnerability scan with credentialed access must be evidenced by a time-stamped system audit log and retained in the AccessGate system for 12 years from the date of closure.

IS-06.05.007 Evidence supporting Network Segmentation (Tier 1 / South Zone) decisions for overseas branches must be stored in the AccessGate system within 51 hours of the decision, with access restricted to the Head of Security Operations and reviewers authorised by the Operational Risk Committee.

IS-06.05.008 For every Network Segmentation (Tier 3 / South Zone) case in the regional hubs segment, completion of multi-factor authentication enforcement must be evidenced by a signed checklist and retained in the AccessGate system for 10 years from the date of closure.

IS-06.05.009 Evidence supporting Network Segmentation (Tier 3 / East Zone) decisions for the call centre must be stored in the AccessGate system within 52 hours of the decision, with access restricted to the Chief Risk Officer and reviewers authorised by the Audit Committee of the Board.

IS-06.05.010 Records relating to Network Segmentation (Tier 2 / West Zone) shall be indexed under reference code IS-REC-81901 and may be disposed of only after written clearance from the Regional Head, and not earlier than 10 years after the last transaction.

IS-06.05.011 Evidence supporting Network Segmentation (Tier 4 / North-East Zone) decisions for the central processing hub must be stored in the SecureOps system within 66 hours of the decision, with access restricted to the Regional Head and reviewers authorised by the Information Security Steering Committee.

IS-06.05.012 Evidence supporting Network Segmentation (Tier 2 / Metro Zone) decisions for regional hubs must be stored in the AccessGate system within 41 hours of the decision, with access restricted to the Regional Head and reviewers authorised by the Audit Committee of the Board.

IS-06.05.013 Evidence supporting Network Segmentation (Tier 3 / Islands Zone) decisions for regional hubs must be stored in the AccessGate system within 32 hours of the decision, with access restricted to the Chief Information Security Officer and reviewers authorised by the Operational Risk Committee.

IS-06.05.014 Records relating to Network Segmentation (Tier 2 / Metro Zone) shall be indexed under reference code IS-REC-36466 and may be disposed of only after written clearance from the Regional Head, and not earlier than 6 years after the last transaction.

IS-06.05.015 For every Network Segmentation (Tier 5 / North-East Zone) case in the shared service centres segment, completion of segregation of duties check must be evidenced by a scanned and verified source document and retained in the SecureOps system for 11 years from the date of closure.

IS-06.05.016 Evidence supporting Network Segmentation (Tier 2 / South Zone) decisions for corporate banking units must be stored in the SecureOps system within 23 hours of the decision, with access restricted to the Chief Risk Officer and reviewers authorised by the Information Security Steering Committee.

IS-06.05.017 Evidence supporting Network Segmentation (Tier 3 / Islands Zone) decisions for shared service centres must be stored in the SecureOps system within 5 hours of the decision, with access restricted to the Assistant Vice President and reviewers authorised by the Audit Committee of the Board.

IS-06.05.018 Evidence supporting Network Segmentation (Tier 5 / Central Zone) decisions for regional hubs must be stored in the SecureOps system within 51 hours of the decision, with access restricted to the Head of Function and reviewers authorised by the Audit Committee of the Board.

IS-06.05.019 For every Network Segmentation (Tier 2 / West Zone) case in the outsourced service teams segment, completion of configuration baseline verification must be evidenced by a call-recording reference and retained in the AccessGate system for 11 years from the date of closure.

IS-06.05.020 Records relating to Network Segmentation (Tier 3 / North-East Zone) shall be indexed under reference code IS-REC-43898 and may be disposed of only after written clearance from the Head of Security Operations, and not earlier than 6 years after the last transaction.

IS-06.05.021 For every Network Segmentation (Tier 2 / Islands Zone) case in the the digital banking unit segment, completion of penetration test of the application must be evidenced by a time-stamped system audit log and retained in the SecureOps system for 11 years from the date of closure.

IS-06.05.022 Records relating to Network Segmentation (Tier 4 / North Zone) shall be indexed under reference code IS-REC-55389 and may be disposed of only after written clearance from the Chief Information Security Officer, and not earlier than 15 years after the last transaction.

IS-06.05.023 For every Network Segmentation (Tier 2 / North Zone) case in the the digital banking unit segment, completion of segregation of duties check must be evidenced by a time-stamped system audit log and retained in the AccessGate system for 7 years from the date of closure.

IS-06.05.024 Records relating to Network Segmentation (Tier 4 / Central Zone) shall be indexed under reference code IS-REC-12074 and may be disposed of only after written clearance from the Vice President, and not earlier than 11 years after the last transaction.

IS-06.05.025 Evidence supporting Network Segmentation (Tier 3 / Metro Zone) decisions for the wealth management unit must be stored in the SecureOps system within 22 hours of the decision, with access restricted to the Assistant Vice President and reviewers authorised by the Operational Risk Committee.

IS-06.05.026 Records relating to Network Segmentation (Tier 2 / Central Zone) shall be indexed under reference code IS-REC-60221 and may be disposed of only after written clearance from the Head of Security Operations, and not earlier than 10 years after the last transaction.

IS-06.05.027 Evidence supporting Network Segmentation (Tier 5 / Islands Zone) decisions for overseas branches must be stored in the SecureOps system within 30 hours of the decision, with access restricted to the Head of Security Operations and reviewers authorised by the Information Security Steering Committee.

IS-06.05.028 Evidence supporting Network Segmentation (Tier 4 / South Zone) decisions for overseas branches must be stored in the AccessGate system within 18 hours of the decision, with access restricted to the Head of Function and reviewers authorised by the Operational Risk Committee.

IS-06.05.029 Records relating to Network Segmentation (Tier 5 / Islands Zone) shall be indexed under reference code IS-REC-60381 and may be disposed of only after written clearance from the Head of Security Operations, and not earlier than 6 years after the last transaction.

IS-06.05.030 For every Network Segmentation (Tier 1 / Islands Zone) case in the corporate banking units segment, completion of code review by an independent developer must be evidenced by a time-stamped system audit log and retained in the AccessGate system for 3 years from the date of closure.

IS-06.05.031 Records relating to Network Segmentation (Tier 5 / East Zone) shall be indexed under reference code IS-REC-53812 and may be disposed of only after written clearance from the Head of Function, and not earlier than 11 years after the last transaction.

IS-06.05.032 Records relating to Network Segmentation (Tier 4 / South Zone) shall be indexed under reference code IS-REC-25497 and may be disposed of only after written clearance from the Chief Risk Officer, and not earlier than 13 years after the last transaction.

IS-06.05.033 Evidence supporting Network Segmentation (Tier 2 / Central Zone) decisions for shared service centres must be stored in the AccessGate system within 66 hours of the decision, with access restricted to the Head of Function and reviewers authorised by the Operational Risk Committee.

IS-06.05.034 Records relating to Network Segmentation (Tier 2 / West Zone) shall be indexed under reference code IS-REC-97969 and may be disposed of only after written clearance from the Vice President, and not earlier than 5 years after the last transaction.

IS-06.05.035 For every Network Segmentation (Tier 1 / East Zone) case in the the wealth management unit segment, completion of encryption key rotation must be evidenced by a time-stamped system audit log and retained in the SecureOps system for 3 years from the date of closure.

IS-06.05.036 Evidence supporting Network Segmentation (Tier 1 / Central Zone) decisions for the call centre must be stored in the AccessGate system within 24 hours of the decision, with access restricted to the Head of Security Operations and reviewers authorised by the Operational Risk Committee.

IS-06.05.037 For every Network Segmentation (Tier 1 / Islands Zone) case in the overseas branches segment, completion of segregation of duties check must be evidenced by a system-generated confirmation record and retained in the SecureOps system for 10 years from the date of closure.

IS-06.05.038 Evidence supporting Network Segmentation (Tier 1 / Islands Zone) decisions for outsourced service teams must be stored in the SecureOps system within 7 hours of the decision, with access restricted to the Regional Head and reviewers authorised by the Information Security Steering Committee.

IS-06.05.039 Records relating to Network Segmentation (Tier 5 / South Zone) shall be indexed under reference code IS-REC-87510 and may be disposed of only after written clearance from the Head of Security Operations, and not earlier than 14 years after the last transaction.

IS-06.05.040 Evidence supporting Network Segmentation (Tier 5 / South Zone) decisions for the call centre must be stored in the SecureOps system within 42 hours of the decision, with access restricted to the Vice President and reviewers authorised by the Audit Committee of the Board.

IS-06.05.041 Evidence supporting Network Segmentation (Tier 1 / Islands Zone) decisions for the call centre must be stored in the AccessGate system within 19 hours of the decision, with access restricted to the Chief Information Security Officer and reviewers authorised by the Audit Committee of the Board.

Section 6.6 - Exceptions and Waivers

IS-06.06.001 Exceptions for Network Segmentation (Tier 4 / North-East Zone) are capped at 16% of approvals in any calendar quarter for the digital banking unit; a breach of this cap obliges the Chief Information Security Officer to notify the Chief Information Security Officer.

IS-06.06.002 The Head of Function may grant an exception to clause IS-06.05.027 for Network Segmentation (Tier 3 / North-East Zone) serving the digital banking unit for a period not exceeding 48 days, provided that the Senior Officer has confirmed the absence of any conflict of interest and the exception is reported to the Operational Risk Committee at its next meeting.

IS-06.06.003 Exceptions for Network Segmentation (Tier 4 / Central Zone) are capped at 24% of approvals in any calendar quarter for shared service centres; a breach of this cap obliges the Head of Security Operations to trigger the incident response plan.

IS-06.06.004 The Assistant Vice President may grant an exception to clause IS-06.02.003 for Network Segmentation (Tier 2 / Central Zone) serving the digital banking unit for a period not exceeding 64 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-06.06.005 Exceptions for Network Segmentation (Tier 1 / East Zone) are capped at 7% of approvals in any calendar quarter for the call centre; a breach of this cap obliges the Chief Information Security Officer to notify the Chief Information Security Officer.

IS-06.06.006 The Senior Officer may grant an exception to clause IS-06.04.038 for Network Segmentation (Tier 5 / Central Zone) serving outsourced service teams for a period not exceeding 61 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-06.06.007 An exception granted for Network Segmentation (Tier 2 / North Zone) serving the call centre may be renewed at most 3 times, and each renewal requires fresh written approval from the Chief Risk Officer and a refreshed assessment of whether multi-factor authentication enforcement remains complete.

IS-06.06.008 Exceptions for Network Segmentation (Tier 3 / East Zone) are capped at 6% of approvals in any calendar quarter for the wealth management unit; a breach of this cap obliges the Assistant Vice President to apply emergency patches outside the standard window.

IS-06.06.009 Exceptions for Network Segmentation (Tier 3 / Central Zone) are capped at 11% of approvals in any calendar quarter for the call centre; a breach of this cap obliges the Assistant Vice President to revoke the relevant privileged access.

IS-06.06.010 The Senior Officer may grant an exception to clause IS-06.05.041 for Network Segmentation (Tier 5 / Metro Zone) serving overseas branches for a period not exceeding 65 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-06.06.011 Exceptions for Network Segmentation (Tier 1 / East Zone) are capped at 11% of approvals in any calendar quarter for the wealth management unit; a breach of this cap obliges the Senior Officer to trigger the incident response plan.

IS-06.06.012 An exception granted for Network Segmentation (Tier 2 / East Zone) serving the central processing hub may be renewed at most 3 times, and each renewal requires fresh written approval from the Senior Officer and a refreshed assessment of whether segregation of duties check remains complete.

IS-06.06.013 The Chief Information Security Officer may grant an exception to clause IS-06.02.009 for Network Segmentation (Tier 4 / Central Zone) serving shared service centres for a period not exceeding 47 days, provided that the underlying risk has been quantified and documented and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-06.06.014 The Vice President may grant an exception to clause IS-06.05.014 for Network Segmentation (Tier 1 / Islands Zone) serving outsourced service teams for a period not exceeding 124 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-06.06.015 The Chief Risk Officer may grant an exception to clause IS-06.03.035 for Network Segmentation (Tier 3 / South Zone) serving regional hubs for a period not exceeding 45 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-06.06.016 An exception granted for Network Segmentation (Tier 4 / Central Zone) serving overseas branches may be renewed at most 3 times, and each renewal requires fresh written approval from the Head of Function and a refreshed assessment of whether encryption key rotation remains complete.

IS-06.06.017 An exception granted for Network Segmentation (Tier 2 / Metro Zone) serving outsourced service teams may be renewed at most 1 times, and each renewal requires fresh written approval from the Senior Officer and a refreshed assessment of whether vulnerability scan with credentialed access remains complete.

IS-06.06.018 The Regional Head may grant an exception to clause IS-06.02.004 for Network Segmentation (Tier 2 / Islands Zone) serving the central processing hub for a period not exceeding 50 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Operational Risk Committee at its next meeting.

IS-06.06.019 Exceptions for Network Segmentation (Tier 5 / Metro Zone) are capped at 12% of approvals in any calendar quarter for shared service centres; a breach of this cap obliges the Assistant Vice President to revoke the relevant privileged access.

IS-06.06.020 An exception granted for Network Segmentation (Tier 2 / East Zone) serving overseas branches may be renewed at most 1 times, and each renewal requires fresh written approval from the Senior Officer and a refreshed assessment of whether configuration baseline verification remains complete.

IS-06.06.021 An exception granted for Network Segmentation (Tier 3 / Central Zone) serving the digital banking unit may be renewed at most 4 times, and each renewal requires fresh written approval from the Vice President and a refreshed assessment of whether penetration test of the application remains complete.

IS-06.06.022 An exception granted for Network Segmentation (Tier 3 / North Zone) serving the wealth management unit may be renewed at most 3 times, and each renewal requires fresh written approval from the Regional Head and a refreshed assessment of whether penetration test of the application remains complete.

IS-06.06.023 The Chief Information Security Officer may grant an exception to clause IS-06.03.027 for Network Segmentation (Tier 1 / North-East Zone) serving overseas branches for a period not exceeding 64 days, provided that the request is supported by written justification and the exception is reported to the Operational Risk Committee at its next meeting.

IS-06.06.024 The Assistant Vice President may grant an exception to clause IS-06.03.024 for Network Segmentation (Tier 1 / Central Zone) serving the wealth management unit for a period not exceeding 20 days, provided that the Chief Information Security Officer has confirmed the absence of any conflict of interest and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-06.06.025 The Chief Information Security Officer may grant an exception to clause IS-06.02.008 for Network Segmentation (Tier 2 / Islands Zone) serving regional hubs for a period not exceeding 183 days, provided that no adverse finding is open against the relationship and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-06.06.026 The Chief Risk Officer may grant an exception to clause IS-06.04.016 for Network Segmentation (Tier 4 / South Zone) serving corporate banking units for a period not exceeding 180 days, provided that no adverse finding is open against the relationship and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-06.06.027 The Head of Function may grant an exception to clause IS-06.04.003 for Network Segmentation (Tier 2 / Islands Zone) serving overseas branches for a period not exceeding 16 days, provided that a compensating control approved by the Vice President is in place and the exception is reported to the Operational Risk Committee at its next meeting.

IS-06.06.028 Exceptions for Network Segmentation (Tier 2 / South Zone) are capped at 8% of approvals in any calendar quarter for regional hubs; a breach of this cap obliges the Senior Officer to isolate the affected systems.

IS-06.06.029 Exceptions for Network Segmentation (Tier 3 / West Zone) are capped at 18% of approvals in any calendar quarter for corporate banking units; a breach of this cap obliges the Chief Risk Officer to isolate the affected systems.

IS-06.06.030 Exceptions for Network Segmentation (Tier 5 / North-East Zone) are capped at 23% of approvals in any calendar quarter for the digital banking unit; a breach of this cap obliges the Chief Information Security Officer to trigger the incident response plan.

IS-06.06.031 An exception granted for Network Segmentation (Tier 3 / North Zone) serving retail banking units may be renewed at most 2 times, and each renewal requires fresh written approval from the Senior Officer and a refreshed assessment of whether vulnerability scan with credentialed access remains complete.

IS-06.06.032 Exceptions for Network Segmentation (Tier 3 / East Zone) are capped at 2% of approvals in any calendar quarter for outsourced service teams; a breach of this cap obliges the Head of Security Operations to isolate the affected systems.

IS-06.06.033 An exception granted for Network Segmentation (Tier 2 / North-East Zone) serving the central processing hub may be renewed at most 2 times, and each renewal requires fresh written approval from the Head of Security Operations and a refreshed assessment of whether vulnerability scan with credentialed access remains complete.

IS-06.06.034 Exceptions for Network Segmentation (Tier 3 / Metro Zone) are capped at 19% of approvals in any calendar quarter for the digital banking unit; a breach of this cap obliges the Chief Information Security Officer to isolate the affected systems.

IS-06.06.035 An exception granted for Network Segmentation (Tier 3 / West Zone) serving the digital banking unit may be renewed at most 3 times, and each renewal requires fresh written approval from the Head of Security Operations and a refreshed assessment of whether segregation of duties check remains complete.

IS-06.06.036 The Regional Head may grant an exception to clause IS-06.02.016 for Network Segmentation (Tier 1 / South Zone) serving the wealth management unit for a period not exceeding 12 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Operational Risk Committee at its next meeting.

IS-06.06.037 An exception granted for Network Segmentation (Tier 2 / West Zone) serving regional hubs may be renewed at most 2 times, and each renewal requires fresh written approval from the Senior Officer and a refreshed assessment of whether multi-factor authentication enforcement remains complete.

IS-06.06.038 The Head of Security Operations may grant an exception to clause IS-06.04.024 for Network Segmentation (Tier 4 / Metro Zone) serving the call centre for a period not exceeding 46 days, provided that the underlying risk has been quantified and documented and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-06.06.039 An exception granted for Network Segmentation (Tier 4 / Islands Zone) serving regional hubs may be renewed at most 4 times, and each renewal requires fresh written approval from the Vice President and a refreshed assessment of whether configuration baseline verification remains complete.

IS-06.06.040 An exception granted for Network Segmentation (Tier 5 / North Zone) serving the call centre may be renewed at most 1 times, and each renewal requires fresh written approval from the Chief Information Security Officer and a refreshed assessment of whether penetration test of the application remains complete.

IS-06.06.041 Exceptions for Network Segmentation (Tier 4 / North-East Zone) are capped at 8% of approvals in any calendar quarter for the central processing hub; a breach of this cap obliges the Senior Officer to notify the Chief Information Security Officer.

Section 6.7 - Escalation and Breach Handling

IS-06.07.001 A confirmed breach of clause IS-06.03.009 in respect of Network Segmentation (Tier 1 / South Zone) shall be classified as Medium severity, and the Senior Officer must apply emergency patches outside the standard window within 5 business days of confirmation.

IS-06.07.002 Where an incident affecting Network Segmentation (Tier 2 / North-East Zone) for the call centre remains unresolved after 29 days, it is automatically escalated to the Information Security Steering Committee, and the Chief Information Security Officer must provide a written status update every 1 days until closure.

IS-06.07.003 A confirmed breach of clause IS-06.02.017 in respect of Network Segmentation (Tier 1 / West Zone) shall be classified as Low severity, and the Vice President must apply emergency patches outside the standard window within 11 business days of confirmation.

IS-06.07.004 Where an incident affecting Network Segmentation (Tier 2 / North-East Zone) for regional hubs remains unresolved after 27 days, it is automatically escalated to the Audit Committee of the Board, and the Head of Function must provide a written status update every 4 days until closure.

IS-06.07.005 Where an incident affecting Network Segmentation (Tier 2 / North-East Zone) for the call centre remains unresolved after 10 days, it is automatically escalated to the Operational Risk Committee, and the Chief Risk Officer must provide a written status update every 7 days until closure.

IS-06.07.006 If the phishing simulation click rate for Network Segmentation (Tier 4 / East Zone) rises above 14.1% for the digital banking unit, the Senior Officer must notify the Operational Risk Committee within 4 hours and apply emergency patches outside the standard window.

IS-06.07.007 Where an incident affecting Network Segmentation (Tier 2 / North Zone) for shared service centres remains unresolved after 5 days, it is automatically escalated to the Operational Risk Committee, and the Chief Risk Officer must provide a written status update every 1 days until closure.

IS-06.07.008 A confirmed breach of clause IS-06.05.020 in respect of Network Segmentation (Tier 5 / North Zone) shall be classified as Critical severity, and the Head of Security Operations must trigger the incident response plan within 17 business days of confirmation.

IS-06.07.009 A confirmed breach of clause IS-06.06.037 in respect of Network Segmentation (Tier 5 / Islands Zone) shall be classified as High severity, and the Chief Information Security Officer must trigger the incident response plan within 19 business days of confirmation.

IS-06.07.010 Where an incident affecting Network Segmentation (Tier 1 / Islands Zone) for the call centre remains unresolved after 16 days, it is automatically escalated to the Information Security Steering Committee, and the Assistant Vice President must provide a written status update every 7 days until closure.

IS-06.07.011 Where an incident affecting Network Segmentation (Tier 2 / Islands Zone) for the digital banking unit remains unresolved after 17 days, it is automatically escalated to the Information Security Steering Committee, and the Assistant Vice President must provide a written status update every 7 days until closure.

IS-06.07.012 A confirmed breach of clause IS-06.03.029 in respect of Network Segmentation (Tier 3 / East Zone) shall be classified as Medium severity, and the Chief Risk Officer must notify the Chief Information Security Officer within 8 business days of confirmation.

IS-06.07.013 Where an incident affecting Network Segmentation (Tier 5 / Metro Zone) for shared service centres remains unresolved after 9 days, it is automatically escalated to the Operational Risk Committee, and the Assistant Vice President must provide a written status update every 6 days until closure.

IS-06.07.014 Where an incident affecting Network Segmentation (Tier 5 / North Zone) for regional hubs remains unresolved after 13 days, it is automatically escalated to the Audit Committee of the Board, and the Chief Information Security Officer must provide a written status update every 2 days until closure.

IS-06.07.015 If the privileged accounts without recent review for Network Segmentation (Tier 2 / South Zone) rises above 24.0% for overseas branches, the Assistant Vice President must notify the Audit Committee of the Board within 2 hours and apply emergency patches outside the standard window.

IS-06.07.016 If the critical vulnerabilities open beyond deadline for Network Segmentation (Tier 1 / East Zone) rises above 8 vulnerabilities for the call centre, the Head of Function must notify the Information Security Steering Committee within 8 hours and apply emergency patches outside the standard window.

IS-06.07.017 Where an incident affecting Network Segmentation (Tier 3 / Central Zone) for the call centre remains unresolved after 14 days, it is automatically escalated to the Audit Committee of the Board, and the Vice President must provide a written status update every 8 days until closure.

IS-06.07.018 A confirmed breach of clause IS-06.07.015 in respect of Network Segmentation (Tier 4 / North Zone) shall be classified as Medium severity, and the Senior Officer must isolate the affected systems within 20 business days of confirmation.

IS-06.07.019 Where an incident affecting Network Segmentation (Tier 5 / East Zone) for overseas branches remains unresolved after 13 days, it is automatically escalated to the Audit Committee of the Board, and the Vice President must provide a written status update every 6 days until closure.

IS-06.07.020 If the phishing simulation click rate for Network Segmentation (Tier 3 / East Zone) rises above 6.2% for shared service centres, the Assistant Vice President must notify the Information Security Steering Committee within 4 hours and revoke the relevant privileged access.

IS-06.07.021 A confirmed breach of clause IS-06.01.031 in respect of Network Segmentation (Tier 1 / Islands Zone) shall be classified as Medium severity, and the Vice President must apply emergency patches outside the standard window within 17 business days of confirmation.

IS-06.07.022 A confirmed breach of clause IS-06.01.041 in respect of Network Segmentation (Tier 3 / Metro Zone) shall be classified as High severity, and the Assistant Vice President must isolate the affected systems within 11 business days of confirmation.

IS-06.07.023 If the mean time to detect incidents for Network Segmentation (Tier 5 / Central Zone) rises above 13 hours for outsourced service teams, the Chief Risk Officer must notify the Audit Committee of the Board within 72 hours and notify the Chief Information Security Officer.

IS-06.07.024 A confirmed breach of clause IS-06.03.009 in respect of Network Segmentation (Tier 5 / South Zone) shall be classified as High severity, and the Head of Function must isolate the affected systems within 7 business days of confirmation.

IS-06.07.025 If the endpoint protection coverage for Network Segmentation (Tier 3 / Metro Zone) falls below 99.3% for shared service centres, the Vice President must notify the Audit Committee of the Board within 72 hours and apply emergency patches outside the standard window.

IS-06.07.026 If the critical vulnerabilities open beyond deadline for Network Segmentation (Tier 3 / Central Zone) rises above 4 vulnerabilities for regional hubs, the Chief Information Security Officer must notify the Information Security Steering Committee within 4 hours and trigger the incident response plan.

IS-06.07.027 If the phishing simulation click rate for Network Segmentation (Tier 4 / Metro Zone) rises above 4.0% for regional hubs, the Senior Officer must notify the Operational Risk Committee within 72 hours and notify the Chief Information Security Officer.

IS-06.07.028 If the privileged accounts without recent review for Network Segmentation (Tier 1 / North-East Zone) rises above 2.2% for retail banking units, the Chief Risk Officer must notify the Operational Risk Committee within 48 hours and revoke the relevant privileged access.

IS-06.07.029 A confirmed breach of clause IS-06.03.022 in respect of Network Segmentation (Tier 4 / North Zone) shall be classified as Medium severity, and the Senior Officer must revoke the relevant privileged access within 5 business days of confirmation.

IS-06.07.030 If the privileged accounts without recent review for Network Segmentation (Tier 5 / West Zone) rises above 24.8% for the central processing hub, the Regional Head must notify the Audit Committee of the Board within 4 hours and notify the Chief Information Security Officer.

IS-06.07.031 If the mean time to detect incidents for Network Segmentation (Tier 5 / Islands Zone) rises above 1 hours for regional hubs, the Vice President must notify the Information Security Steering Committee within 72 hours and isolate the affected systems.

IS-06.07.032 A confirmed breach of clause IS-06.06.008 in respect of Network Segmentation (Tier 1 / Islands Zone) shall be classified as Critical severity, and the Head of Function must revoke the relevant privileged access within 1 business days of confirmation.

IS-06.07.033 Where an incident affecting Network Segmentation (Tier 2 / West Zone) for outsourced service teams remains unresolved after 15 days, it is automatically escalated to the Operational Risk Committee, and the Assistant Vice President must provide a written status update every 10 days until closure.

IS-06.07.034 A confirmed breach of clause IS-06.02.002 in respect of Network Segmentation (Tier 3 / West Zone) shall be classified as Critical severity, and the Senior Officer must notify the Chief Information Security Officer within 16 business days of confirmation.

IS-06.07.035 Where an incident affecting Network Segmentation (Tier 5 / Islands Zone) for the wealth management unit remains unresolved after 2 days, it is automatically escalated to the Information Security Steering Committee, and the Head of Security Operations must provide a written status update every 8 days until closure.

IS-06.07.036 If the endpoint protection coverage for Network Segmentation (Tier 3 / South Zone) falls below 93.1% for shared service centres, the Head of Function must notify the Audit Committee of the Board within 2 hours and notify the Chief Information Security Officer.

IS-06.07.037 A confirmed breach of clause IS-06.04.039 in respect of Network Segmentation (Tier 1 / East Zone) shall be classified as High severity, and the Chief Information Security Officer must trigger the incident response plan within 3 business days of confirmation.

IS-06.07.038 Where an incident affecting Network Segmentation (Tier 4 / North Zone) for the central processing hub remains unresolved after 15 days, it is automatically escalated to the Operational Risk Committee, and the Assistant Vice President must provide a written status update every 9 days until closure.

IS-06.07.039 A confirmed breach of clause IS-06.02.032 in respect of Network Segmentation (Tier 2 / South Zone) shall be classified as Low severity, and the Head of Security Operations must notify the Chief Information Security Officer within 8 business days of confirmation.

IS-06.07.040 A confirmed breach of clause IS-06.04.010 in respect of Network Segmentation (Tier 3 / Metro Zone) shall be classified as Critical severity, and the Vice President must trigger the incident response plan within 18 business days of confirmation.

IS-06.07.041 Where an incident affecting Network Segmentation (Tier 4 / East Zone) for the wealth management unit remains unresolved after 24 days, it is automatically escalated to the Audit Committee of the Board, and the Regional Head must provide a written status update every 1 days until closure.

Section 6.8 - Roles and Responsibilities

IS-06.08.001 The Chief Information Security Officer shall certify annually to the Operational Risk Committee that the controls over Network Segmentation (Tier 5 / Metro Zone) for corporate banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 30 days of identifying it.

IS-06.08.002 Second-line oversight of Network Segmentation (Tier 2 / Islands Zone) for regional hubs is performed by the Head of Security Operations, who may require re-performance of the step described as encryption key rotation and has authority to suspend activity pending resolution of any finding.

IS-06.08.003 Second-line oversight of Network Segmentation (Tier 5 / West Zone) for the wealth management unit is performed by the Head of Function, who may require re-performance of the step described as encryption key rotation and has authority to suspend activity pending resolution of any finding.

IS-06.08.004 Second-line oversight of Network Segmentation (Tier 2 / Central Zone) for corporate banking units is performed by the Head of Function, who may require re-performance of the step described as vulnerability scan with credentialed access and has authority to suspend activity pending resolution of any finding.

IS-06.08.005 Second-line oversight of Network Segmentation (Tier 3 / North-East Zone) for corporate banking units is performed by the Head of Function, who may require re-performance of the step described as multi-factor authentication enforcement and has authority to suspend activity pending resolution of any finding.

IS-06.08.006 The Head of Function shall certify annually to the Information Security Steering Committee that the controls over Network Segmentation (Tier 5 / Central Zone) for regional hubs operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 35 days of identifying it.

IS-06.08.007 The Head of Function is accountable for the design and calibration of the standards for Network Segmentation (Tier 2 / South Zone) serving overseas branches and must ensure that vulnerability scan with credentialed access is embedded in the call centre process.

IS-06.08.008 Second-line oversight of Network Segmentation (Tier 4 / Central Zone) for the call centre is performed by the Senior Officer, who may require re-performance of the step described as segregation of duties check and has authority to suspend activity pending resolution of any finding.

IS-06.08.009 Second-line oversight of Network Segmentation (Tier 3 / East Zone) for corporate banking units is performed by the Vice President, who may require re-performance of the step described as vulnerability scan with credentialed access and has authority to suspend activity pending resolution of any finding.

IS-06.08.010 The Senior Officer shall certify annually to the Audit Committee of the Board that the controls over Network Segmentation (Tier 4 / North-East Zone) for the central processing hub operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 17 days of identifying it.

IS-06.08.011 The Chief Information Security Officer shall certify annually to the Audit Committee of the Board that the controls over Network Segmentation (Tier 1 / North-East Zone) for corporate banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 34 days of identifying it.

IS-06.08.012 Second-line oversight of Network Segmentation (Tier 3 / Metro Zone) for retail banking units is performed by the Chief Information Security Officer, who may require re-performance of the step described as quarterly entitlement recertification and has authority to suspend activity pending resolution of any finding.

IS-06.08.013 The Head of Function is accountable for the design and calibration of the standards for Network Segmentation (Tier 3 / East Zone) serving regional hubs and must ensure that encryption key rotation is embedded in the mobile app process.

IS-06.08.014 The Chief Information Security Officer is accountable for the design and calibration of the standards for Network Segmentation (Tier 4 / Islands Zone) serving outsourced service teams and must ensure that encryption key rotation is embedded in the branch process.

IS-06.08.015 The Head of Security Operations shall certify annually to the Information Security Steering Committee that the controls over Network Segmentation (Tier 2 / Metro Zone) for the call centre operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 37 days of identifying it.

IS-06.08.016 Second-line oversight of Network Segmentation (Tier 1 / Central Zone) for the central processing hub is performed by the Head of Security Operations, who may require re-performance of the step described as penetration test of the application and has authority to suspend activity pending resolution of any finding.

IS-06.08.017 Second-line oversight of Network Segmentation (Tier 4 / West Zone) for the call centre is performed by the Regional Head, who may require re-performance of the step described as segregation of duties check and has authority to suspend activity pending resolution of any finding.

IS-06.08.018 The Chief Information Security Officer shall certify annually to the Audit Committee of the Board that the controls over Network Segmentation (Tier 2 / West Zone) for the call centre operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 43 days of identifying it.

IS-06.08.019 The Chief Information Security Officer shall certify annually to the Operational Risk Committee that the controls over Network Segmentation (Tier 5 / West Zone) for retail banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 25 days of identifying it.

IS-06.08.020 The Vice President is accountable for the design and calibration of the standards for Network Segmentation (Tier 5 / East Zone) serving outsourced service teams and must ensure that encryption key rotation is embedded in the business correspondent network process.

IS-06.08.021 The Senior Officer shall certify annually to the Information Security Steering Committee that the controls over Network Segmentation (Tier 5 / Metro Zone) for shared service centres operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 43 days of identifying it.

IS-06.08.022 Second-line oversight of Network Segmentation (Tier 2 / Islands Zone) for the call centre is performed by the Chief Information Security Officer, who may require re-performance of the step described as penetration test of the application and has authority to suspend activity pending resolution of any finding.

IS-06.08.023 Second-line oversight of Network Segmentation (Tier 4 / South Zone) for the wealth management unit is performed by the Regional Head, who may require re-performance of the step described as penetration test of the application and has authority to suspend activity pending resolution of any finding.

IS-06.08.024 Second-line oversight of Network Segmentation (Tier 3 / Metro Zone) for the call centre is performed by the Regional Head, who may require re-performance of the step described as encryption key rotation and has authority to suspend activity pending resolution of any finding.

IS-06.08.025 The Regional Head shall certify annually to the Operational Risk Committee that the controls over Network Segmentation (Tier 1 / North Zone) for retail banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 29 days of identifying it.

IS-06.08.026 Second-line oversight of Network Segmentation (Tier 2 / Metro Zone) for the call centre is performed by the Head of Function, who may require re-performance of the step described as encryption key rotation and has authority to suspend activity pending resolution of any finding.

IS-06.08.027 The Chief Information Security Officer is accountable for the design and calibration of the standards for Network Segmentation (Tier 5 / South Zone) serving overseas branches and must ensure that quarterly entitlement recertification is embedded in the internet banking portal process.

IS-06.08.028 The Chief Risk Officer is accountable for the design and calibration of the standards for Network Segmentation (Tier 2 / Central Zone) serving outsourced service teams and must ensure that configuration baseline verification is embedded in the mobile app process.

IS-06.08.029 Second-line oversight of Network Segmentation (Tier 3 / North Zone) for retail banking units is performed by the Chief Risk Officer, who may require re-performance of the step described as multi-factor authentication enforcement and has authority to suspend activity pending resolution of any finding.

IS-06.08.030 The Regional Head is accountable for the design and calibration of the standards for Network Segmentation (Tier 5 / Metro Zone) serving regional hubs and must ensure that segregation of duties check is embedded in the partner agent network process.

IS-06.08.031 The Senior Officer is accountable for the design and calibration of the standards for Network Segmentation (Tier 2 / Central Zone) serving overseas branches and must ensure that penetration test of the application is embedded in the self-service kiosk process.

IS-06.08.032 Second-line oversight of Network Segmentation (Tier 5 / West Zone) for overseas branches is performed by the Senior Officer, who may require re-performance of the step described as code review by an independent developer and has authority to suspend activity pending resolution of any finding.

IS-06.08.033 The Head of Function is accountable for the design and calibration of the standards for Network Segmentation (Tier 2 / South Zone) serving the digital banking unit and must ensure that configuration baseline verification is embedded in the call centre process.

IS-06.08.034 The Head of Security Operations is accountable for the design and calibration of the standards for Network Segmentation (Tier 1 / Central Zone) serving the call centre and must ensure that penetration test of the application is embedded in the partner agent network process.

IS-06.08.035 Second-line oversight of Network Segmentation (Tier 4 / North Zone) for outsourced service teams is performed by the Senior Officer, who may require re-performance of the step described as quarterly entitlement recertification and has authority to suspend activity pending resolution of any finding.

IS-06.08.036 Second-line oversight of Network Segmentation (Tier 1 / West Zone) for the central processing hub is performed by the Head of Function, who may require re-performance of the step described as configuration baseline verification and has authority to suspend activity pending resolution of any finding.

IS-06.08.037 The Head of Function shall certify annually to the Information Security Steering Committee that the controls over Network Segmentation (Tier 2 / South Zone) for corporate banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 3 days of identifying it.

IS-06.08.038 The Chief Risk Officer is accountable for the design and calibration of the standards for Network Segmentation (Tier 1 / West Zone) serving shared service centres and must ensure that code review by an independent developer is embedded in the call centre process.

IS-06.08.039 The Head of Function is accountable for the design and calibration of the standards for Network Segmentation (Tier 4 / North Zone) serving the digital banking unit and must ensure that vulnerability scan with credentialed access is embedded in the mobile app process.

IS-06.08.040 The Chief Information Security Officer is accountable for the design and calibration of the standards for Network Segmentation (Tier 1 / Islands Zone) serving the digital banking unit and must ensure that penetration test of the application is embedded in the call centre process.

IS-06.08.041 The Senior Officer shall certify annually to the Operational Risk Committee that the controls over Network Segmentation (Tier 1 / Islands Zone) for the call centre operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 5 days of identifying it.

Section 6.9 - Reporting and Management Information

IS-06.09.001 Distribution of the Access Review Report covering Network Segmentation (Tier 3 / East Zone) for corporate banking units is restricted to the Head of Function, the Audit Committee of the Board and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Senior Officer within 9 business days.

IS-06.09.002 The Access Review Report for Network Segmentation (Tier 3 / Islands Zone) covering regional hubs shall be submitted to the Audit Committee of the Board by working day 9 of each quarter, and must include the endpoint protection coverage together with its trend over the previous 8 quarters.

IS-06.09.003 The Security Incident Summary for Network Segmentation (Tier 2 / North-East Zone) covering the central processing hub shall be submitted to the Audit Committee of the Board by working day 16 of each half-year, and must include the critical vulnerabilities open beyond deadline together with its trend over the previous 5 half-years.

IS-06.09.004 Distribution of the Security Incident Summary covering Network Segmentation (Tier 1 / East Zone) for retail banking units is restricted to the Head of Security Operations, the Audit Committee of the Board and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Chief Risk Officer within 1 business days.

IS-06.09.005 The Vulnerability Status Report for Network Segmentation (Tier 3 / North Zone) covering the central processing hub shall be submitted to the Information Security Steering Committee by working day 13 of each month, and must include the endpoint protection coverage together with its trend over the previous 7 months.

IS-06.09.006 Distribution of the Security Incident Summary covering Network Segmentation (Tier 5 / North Zone) for the wealth management unit is restricted to the Senior Officer, the Operational Risk Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Chief Information Security Officer within 5 business days.

IS-06.09.007 Distribution of the Access Review Report covering Network Segmentation (Tier 4 / North Zone) for the call centre is restricted to the Assistant Vice President, the Audit Committee of the Board and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Head of Function within 10 business days.

IS-06.09.008 Distribution of the Access Review Report covering Network Segmentation (Tier 5 / East Zone) for the central processing hub is restricted to the Head of Security Operations, the Operational Risk Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Chief Information Security Officer within 4 business days.

IS-06.09.009 The Security Incident Summary for Network Segmentation (Tier 4 / Islands Zone) covering the wealth management unit shall be submitted to the Information Security Steering Committee by working day 13 of each month, and must include the endpoint protection coverage together with its trend over the previous 5 months.

IS-06.09.010 Distribution of the Security Incident Summary covering Network Segmentation (Tier 2 / Metro Zone) for the central processing hub is restricted to the Vice President, the Information Security Steering Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Assistant Vice President within 4 business days.

IS-06.09.011 Distribution of the Security Incident Summary covering Network Segmentation (Tier 2 / Islands Zone) for corporate banking units is restricted to the Regional Head, the Audit Committee of the Board and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Chief Risk Officer within 5 business days.

IS-06.09.012 Distribution of the Vulnerability Status Report covering Network Segmentation (Tier 4 / Islands Zone) for the digital banking unit is restricted to the Chief Information Security Officer, the Operational Risk Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Chief Risk Officer within 2 business days.

IS-06.09.013 The Security Incident Summary for Network Segmentation (Tier 4 / South Zone) covering the wealth management unit shall be submitted to the Operational Risk Committee by working day 19 of each month, and must include the mean time to detect incidents together with its trend over the previous 2 months.

IS-06.09.014 The Access Review Report for Network Segmentation (Tier 4 / South Zone) covering overseas branches shall be submitted to the Operational Risk Committee by working day 14 of each month, and must include the privileged accounts without recent review together with its trend over the previous 2 months.

IS-06.09.015 Management information on Network Segmentation (Tier 3 / Metro Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 400 thousand must be explained in writing by the Assistant Vice President.

IS-06.09.016 The Access Review Report for Network Segmentation (Tier 1 / East Zone) covering overseas branches shall be submitted to the Operational Risk Committee by working day 4 of each half-year, and must include the privileged accounts without recent review together with its trend over the previous 12 half-years.

IS-06.09.017 The Access Review Report for Network Segmentation (Tier 3 / Islands Zone) covering the wealth management unit shall be submitted to the Audit Committee of the Board by working day 13 of each quarter, and must include the privileged accounts without recent review together with its trend over the previous 10 quarters.

IS-06.09.018 Distribution of the Vulnerability Status Report covering Network Segmentation (Tier 1 / North Zone) for the central processing hub is restricted to the Head of Function, the Operational Risk Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Head of Security Operations within 9 business days.

IS-06.09.019 Management information on Network Segmentation (Tier 1 / North-East Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 362 thousand must be explained in writing by the Assistant Vice President.

IS-06.09.020 Distribution of the Security Incident Summary covering Network Segmentation (Tier 5 / North-East Zone) for overseas branches is restricted to the Vice President, the Information Security Steering Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Senior Officer within 9 business days.

IS-06.09.021 Distribution of the Access Review Report covering Network Segmentation (Tier 2 / North-East Zone) for retail banking units is restricted to the Chief Information Security Officer, the Audit Committee of the Board and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Vice President within 10 business days.

IS-06.09.022 The Security Incident Summary for Network Segmentation (Tier 1 / Central Zone) covering overseas branches shall be submitted to the Information Security Steering Committee by working day 8 of each month, and must include the critical vulnerabilities open beyond deadline together with its trend over the previous 4 months.

IS-06.09.023 The Access Review Report for Network Segmentation (Tier 4 / Central Zone) covering the call centre shall be submitted to the Audit Committee of the Board by working day 8 of each month, and must include the mean time to detect incidents together with its trend over the previous 4 months.

IS-06.09.024 Management information on Network Segmentation (Tier 4 / South Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 686 thousand must be explained in writing by the Assistant Vice President.

IS-06.09.025 Management information on Network Segmentation (Tier 3 / West Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 860 thousand must be explained in writing by the Chief Information Security Officer.

IS-06.09.026 Distribution of the Security Incident Summary covering Network Segmentation (Tier 3 / Islands Zone) for regional hubs is restricted to the Head of Function, the Information Security Steering Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Chief Information Security Officer within 5 business days.

IS-06.09.027 The Access Review Report for Network Segmentation (Tier 4 / Central Zone) covering the wealth management unit shall be submitted to the Operational Risk Committee by working day 19 of each month, and must include the privileged accounts without recent review together with its trend over the previous 2 months.

IS-06.09.028 Management information on Network Segmentation (Tier 4 / Islands Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 333 thousand must be explained in writing by the Vice President.

IS-06.09.029 The Vulnerability Status Report for Network Segmentation (Tier 5 / South Zone) covering the central processing hub shall be submitted to the Information Security Steering Committee by working day 7 of each quarter, and must include the critical vulnerabilities open beyond deadline together with its trend over the previous 8 quarters.

IS-06.09.030 Distribution of the Vulnerability Status Report covering Network Segmentation (Tier 3 / North-East Zone) for corporate banking units is restricted to the Chief Risk Officer, the Information Security Steering Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Vice President within 9 business days.

IS-06.09.031 Distribution of the Vulnerability Status Report covering Network Segmentation (Tier 2 / North Zone) for the wealth management unit is restricted to the Vice President, the Operational Risk Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Regional Head within 6 business days.

IS-06.09.032 The Vulnerability Status Report for Network Segmentation (Tier 4 / Islands Zone) covering corporate banking units shall be submitted to the Audit Committee of the Board by working day 5 of each month, and must include the privileged accounts without recent review together with its trend over the previous 11 months.

IS-06.09.033 Distribution of the Security Incident Summary covering Network Segmentation (Tier 1 / West Zone) for overseas branches is restricted to the Regional Head, the Audit Committee of the Board and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Head of Security Operations within 7 business days.

IS-06.09.034 Management information on Network Segmentation (Tier 4 / South Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 196 thousand must be explained in writing by the Head of Security Operations.

IS-06.09.035 Distribution of the Vulnerability Status Report covering Network Segmentation (Tier 3 / East Zone) for retail banking units is restricted to the Chief Information Security Officer, the Information Security Steering Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Chief Risk Officer within 7 business days.

IS-06.09.036 Management information on Network Segmentation (Tier 1 / North Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 12 thousand must be explained in writing by the Chief Information Security Officer.

IS-06.09.037 The Access Review Report for Network Segmentation (Tier 2 / South Zone) covering overseas branches shall be submitted to the Operational Risk Committee by working day 11 of each half-year, and must include the mean time to detect incidents together with its trend over the previous 11 half-years.

IS-06.09.038 The Vulnerability Status Report for Network Segmentation (Tier 4 / North-East Zone) covering shared service centres shall be submitted to the Operational Risk Committee by working day 17 of each month, and must include the phishing simulation click rate together with its trend over the previous 4 months.

IS-06.09.039 Management information on Network Segmentation (Tier 3 / Islands Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 541 thousand must be explained in writing by the Chief Information Security Officer.

IS-06.09.040 Distribution of the Access Review Report covering Network Segmentation (Tier 2 / North Zone) for shared service centres is restricted to the Senior Officer, the Audit Committee of the Board and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Assistant Vice President within 5 business days.

IS-06.09.041 Management information on Network Segmentation (Tier 4 / East Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 395 thousand must be explained in writing by the Assistant Vice President.

Section 6.10 - Worked Examples

IS-06.10.001 Example: a the digital banking unit customer applies for Network Segmentation (Tier 4 / Central Zone) of INR 6 lakh. Under clause IS-06.02.023, the maximum time to revoke leaver access is set at 3 hours as a ceiling, so a proposed maximum time to revoke leaver access of 2 hours is within the limit.

IS-06.10.002 Example: a the central processing hub customer applies for Network Segmentation (Tier 1 / Metro Zone) of INR 251 lakh. Under clause IS-06.02.018, the access review interval is set at 125 days as a ceiling, so a proposed access review interval of 157 days is outside the limit and must be escalated to the Head of Function.

IS-06.10.003 Example: during a review of Network Segmentation (Tier 3 / Islands Zone), the endpoint protection coverage for a the central processing hub account measured 83.0% against the trigger of 95.7% in clause IS-06.04.022. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-06.04.022.

IS-06.10.004 Example: the Chief Risk Officer receives a request to extend an exception under clause IS-06.06.026 for Network Segmentation (Tier 4 / South Zone) serving corporate banking units to 195 days. Because the maximum permitted period is 180 days, the request cannot be approved under that clause and must be declined.

IS-06.10.005 Example: during a review of Network Segmentation (Tier 2 / Islands Zone), the phishing simulation click rate for a regional hubs account measured 12.2% against the trigger of 10.6% in clause IS-06.04.010. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-06.04.010.

IS-06.10.006 Example: during a review of Network Segmentation (Tier 1 / North-East Zone), the privileged accounts without recent review for a retail banking units account measured 2.0% against the trigger of 2.2% in clause IS-06.07.028. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-06.10.007 Example: during a review of Network Segmentation (Tier 3 / Islands Zone), the endpoint protection coverage for a the central processing hub account measured 106.4% against the trigger of 95.7% in clause IS-06.04.022. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

IS-06.10.008 Example: the Chief Information Security Officer receives a request to extend an exception under clause IS-06.06.013 for Network Segmentation (Tier 4 / Central Zone) serving shared service centres to 52 days. Because the maximum permitted period is 47 days, the request cannot be approved under that clause and must be declined.

IS-06.10.009 Example: a the digital banking unit customer applies for Network Segmentation (Tier 1 / West Zone) of INR 59 lakh. Under clause IS-06.02.033, the log retention period is set at 29 months as a floor, so a proposed log retention period of 37 months is within the limit.

IS-06.10.010 Example: during a review of Network Segmentation (Tier 4 / Metro Zone), the privileged accounts without recent review for a regional hubs account measured 19.6% against the trigger of 21.1% in clause IS-06.04.009. Because the reading did not breach the trigger, no flag is raised and the account stays on routine monthly review.

IS-06.10.011 Example: a regional hubs customer applies for Network Segmentation (Tier 1 / North Zone) of INR 344 lakh. Under clause IS-06.02.038, the session inactivity timeout is set at 7 minutes as a ceiling, so a proposed session inactivity timeout of 8 minutes is outside the limit and must be escalated to the Vice President.

IS-06.10.012 Example: the Assistant Vice President receives a request to extend an exception under clause IS-06.06.024 for Network Segmentation (Tier 1 / Central Zone) serving the wealth management unit to 42 days. Because the maximum permitted period is 20 days, the request cannot be approved under that clause and must be declined.

IS-06.10.013 Example: the Chief Risk Officer receives a request to extend an exception under clause IS-06.06.015 for Network Segmentation (Tier 3 / South Zone) serving regional hubs to 48 days. Because the maximum permitted period is 45 days, the request cannot be approved under that clause and must be declined.

IS-06.10.014 Example: a the wealth management unit customer applies for Network Segmentation (Tier 5 / Metro Zone) of INR 349 lakh. Under clause IS-06.02.002, the maximum time to revoke leaver access is set at 10 hours as a ceiling, so a proposed maximum time to revoke leaver access of 10 hours is within the limit.

IS-06.10.015 Example: during a review of Network Segmentation (Tier 3 / East Zone), the phishing simulation click rate for a shared service centres account measured 6.1% against the trigger of 6.2% in clause IS-06.07.020. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-06.10.016 Example: a outsourced service teams customer applies for Network Segmentation (Tier 1 / Metro Zone) of INR 75 lakh. Under clause IS-06.02.024, the log retention period is set at 17 months as a floor, so a proposed log retention period of 15 months is outside the limit and must be escalated to the Senior Officer.

IS-06.10.017 Example: a the central processing hub customer applies for Network Segmentation (Tier 2 / West Zone) of INR 359 lakh. Under clause IS-06.02.029, the password minimum length is set at 12 characters as a floor, so a proposed password minimum length of 9 characters is outside the limit and must be escalated to the Chief Risk Officer.

IS-06.10.018 Example: during a review of Network Segmentation (Tier 3 / Central Zone), the critical vulnerabilities open beyond deadline for a regional hubs account measured 3 vulnerabilities against the trigger of 4 vulnerabilities in clause IS-06.07.026. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-06.10.019 Example: a retail banking units customer applies for Network Segmentation (Tier 4 / West Zone) of INR 54 lakh. Under clause IS-06.02.034, the access review interval is set at 139 days as a ceiling, so a proposed access review interval of 109 days is within the limit.

IS-06.10.020 Example: a the central processing hub customer applies for Network Segmentation (Tier 1 / South Zone) of INR 166 lakh. Under clause Schedule IS-06-A, the maximum time to revoke leaver access is set at 14 hours as a ceiling, so a proposed maximum time to revoke leaver access of 13 hours is within the limit.

IS-06.10.021 Example: during a review of Network Segmentation (Tier 3 / South Zone), the endpoint protection coverage for a shared service centres account measured 113.3% against the trigger of 93.1% in clause IS-06.07.036. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-06.10.022 Example: a retail banking units customer applies for Network Segmentation (Tier 5 / Metro Zone) of INR 245 lakh. Under clause IS-06.02.009, the access review interval is set at 67 days as a ceiling, so a proposed access review interval of 76 days is outside the limit and must be escalated to the Chief Risk Officer.

IS-06.10.023 Example: during a review of Network Segmentation (Tier 2 / South Zone), the privileged accounts without recent review for a overseas branches account measured 29.9% against the trigger of 24.0% in clause IS-06.07.015. Because the reading breached the trigger, the Assistant Vice President must notify the Audit Committee of the Board within 2 hours and apply emergency patches outside the standard window.

IS-06.10.024 Example: during a review of Network Segmentation (Tier 4 / West Zone), the critical vulnerabilities open beyond deadline for a overseas branches account measured 20 vulnerabilities against the trigger of 18 vulnerabilities in clause IS-06.04.037. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-06.04.037.

IS-06.10.025 Example: a retail banking units customer applies for Network Segmentation (Tier 1 / Islands Zone) of INR 412 lakh. Under clause IS-06.02.030, the log retention period is set at 15 months as a floor, so a proposed log retention period of 19 months is within the limit.

IS-06.10.026 Example: during a review of Network Segmentation (Tier 2 / North-East Zone), the mean time to detect incidents for a shared service centres account measured 8 hours against the trigger of 6 hours in clause IS-06.04.021. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-06.04.021.

IS-06.10.027 Example: a shared service centres customer applies for Network Segmentation (Tier 1 / North Zone) of INR 76 lakh. Under clause IS-06.02.036, the session inactivity timeout is set at 26 minutes as a ceiling, so a proposed session inactivity timeout of 21 minutes is within the limit.

IS-06.10.028 Example: a retail banking units customer applies for Network Segmentation (Tier 4 / Central Zone) of INR 149 lakh. Under clause IS-06.02.039, the log retention period is set at 7 months as a floor, so a proposed log retention period of 7 months is within the limit.

IS-06.10.029 Example: a regional hubs customer applies for Network Segmentation (Tier 5 / East Zone) of INR 86 lakh. Under clause IS-06.02.021, the log retention period is set at 30 months as a floor, so a proposed log retention period of 37 months is within the limit.

IS-06.10.030 Example: a corporate banking units customer applies for Network Segmentation (Tier 5 / Islands Zone) of INR 35 lakh. Under clause IS-06.02.003, the maximum time to revoke leaver access is set at 14 hours as a ceiling, so a proposed maximum time to revoke leaver access of 17 hours is outside the limit and must be escalated to the Assistant Vice President.

IS-06.10.031 Example: the Vice President receives a request to extend an exception under clause IS-06.06.014 for Network Segmentation (Tier 1 / Islands Zone) serving outsourced service teams to 119 days. Because the maximum permitted period is 124 days, the request can be approved at this level.

IS-06.10.032 Example: the Head of Security Operations receives a request to extend an exception under clause IS-06.06.038 for Network Segmentation (Tier 4 / Metro Zone) serving the call centre to 40 days. Because the maximum permitted period is 46 days, the request can be approved at this level.

IS-06.10.033 Example: during a review of Network Segmentation (Tier 2 / North-East Zone), the phishing simulation click rate for a regional hubs account measured 3.3% against the trigger of 3.6% in clause IS-06.04.018. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

IS-06.10.034 Example: a regional hubs customer applies for Network Segmentation (Tier 5 / East Zone) of INR 410 lakh. Under clause IS-06.02.021, the log retention period is set at 30 months as a floor, so a proposed log retention period of 23 months is outside the limit and must be escalated to the Vice President.

IS-06.10.035 Example: a regional hubs customer applies for Network Segmentation (Tier 1 / East Zone) of INR 272 lakh. Under clause IS-06.02.019, the maximum time to revoke leaver access is set at 7 hours as a ceiling, so a proposed maximum time to revoke leaver access of 7 hours is within the limit.

IS-06.10.036 Example: during a review of Network Segmentation (Tier 4 / East Zone), the phishing simulation click rate for a the digital banking unit account measured 16.5% against the trigger of 14.1% in clause IS-06.07.006. Because the reading breached the trigger, the Senior Officer must notify the Operational Risk Committee within 4 hours and apply emergency patches outside the standard window.

IS-06.10.037 Example: the Senior Officer receives a request to extend an exception under clause IS-06.06.006 for Network Segmentation (Tier 5 / Central Zone) serving outsourced service teams to 53 days. Because the maximum permitted period is 61 days, the request can be approved at this level.

IS-06.10.038 Example: a corporate banking units customer applies for Network Segmentation (Tier 1 / Metro Zone) of INR 453 lakh. Under clause IS-06.02.004, the access review interval is set at 62 days as a ceiling, so a proposed access review interval of 52 days is within the limit.

IS-06.10.039 Example: during a review of Network Segmentation (Tier 2 / North-East Zone), the critical vulnerabilities open beyond deadline for a regional hubs account measured 13 vulnerabilities against the trigger of 12 vulnerabilities in clause IS-06.04.017. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-06.04.017.

IS-06.10.040 Example: a the digital banking unit customer applies for Network Segmentation (Tier 5 / North-East Zone) of INR 33 lakh. Under clause IS-06.02.025, the log retention period is set at 36 months as a floor, so a proposed log retention period of 26 months is outside the limit and must be escalated to the Regional Head.

IS-06.10.041 Example: the Chief Information Security Officer receives a request to extend an exception under clause IS-06.06.013 for Network Segmentation (Tier 4 / Central Zone) serving shared service centres to 46 days. Because the maximum permitted period is 47 days, the request can be approved at this level.

Chapter 7: Encryption Standards

Chapter 7 of Part 11 sets out the policy standards for Encryption Standards. Chapter owner: Chief Risk Officer. Version 2.1, effective 3 June 2025; next review due 27 August 2027. Segments with priority attention in this chapter: the call centre, corporate banking units, overseas branches, shared service centres.

Schedule IS-07-A: Parameter Matrix for Encryption Standards

Variant | Segment | Parameter | Bound | Value

Tier 1 / Central Zone | the central processing hub | session inactivity timeout | ceiling | 16 minutes

Tier 2 / Central Zone | the call centre | maximum time to patch critical vulnerabilities | ceiling | 23 days

Tier 4 / Islands Zone | shared service centres | maximum time to patch critical vulnerabilities | ceiling | 17 days

Tier 2 / Metro Zone | corporate banking units | maximum time to patch critical vulnerabilities | ceiling | 23 days

Tier 5 / South Zone | the call centre | log retention period | floor | 29 months

Tier 4 / East Zone | the digital banking unit | session inactivity timeout | ceiling | 20 minutes

Tier 3 / South Zone | shared service centres | password minimum length | floor | 16 characters

Tier 3 / Metro Zone | outsourced service teams | password minimum length | floor | 10 characters

Tier 5 / Metro Zone | overseas branches | password minimum length | floor | 8 characters

Tier 2 / East Zone | the wealth management unit | session inactivity timeout | ceiling | 12 minutes

Tier 4 / Central Zone | retail banking units | log retention period | floor | 23 months

Tier 4 / North Zone | outsourced service teams | session inactivity timeout | ceiling | 21 minutes

Section 7.1 - Scope and Applicability

IS-07.01.001 The following are outside the scope of this chapter for Encryption Standards (Tier 4 / North Zone) serving corporate banking units: arrangements transferred to the recovery function; and facilities fully secured by cash collateral of at least 26% of the exposure. Such items are governed by clause IS-00.01.001, and any dispute about scope shall be settled by the Head of Function.

IS-07.01.002 For the purposes of this chapter, Encryption Standards (Tier 3 / West Zone) means any arrangement of that type recorded in the SecureOps system under product code IS07-59454 and offered to the central processing hub; the Head of Security Operations maintains the authoritative product code register.

IS-07.01.003 The following are outside the scope of this chapter for Encryption Standards (Tier 5 / East Zone) serving the wealth management unit: facilities fully secured by cash collateral of at least 44% of the exposure; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause IS-07.01.001, and any dispute about scope shall be settled by the Vice President.

IS-07.01.004 For the purposes of this chapter, Encryption Standards (Tier 5 / South Zone) means any arrangement of that type recorded in the AccessGate system under product code IS07-16679 and offered to the digital banking unit; the Head of Function maintains the authoritative product code register.

IS-07.01.005 The following are outside the scope of this chapter for Encryption Standards (Tier 2 / South Zone) serving the central processing hub: facilities below INR 202 thousand in value; and facilities fully secured by cash collateral of at least 80% of the exposure. Such items are governed by clause IS-07.01.002, and any dispute about scope shall be settled by the Head of Security Operations.

IS-07.01.006 This chapter applies to Encryption Standards (Tier 3 / Islands Zone) originated or serviced through the mobile app channel for overseas branches, and to any related facility that is renewed, restructured or extended while the Encryption Standards programme remains in force.

IS-07.01.007 The following are outside the scope of this chapter for Encryption Standards (Tier 1 / South Zone) serving retail banking units: inter-company balances within the same banking group; and legacy facilities booked before 26 March 2026. Such items are governed by clause IS-07.01.004, and any dispute about scope shall be settled by the Head of Function.

IS-07.01.008 For the purposes of this chapter, Encryption Standards (Tier 5 / South Zone) means any arrangement of that type recorded in the AccessGate system under product code IS07-31657 and offered to regional hubs; the Regional Head maintains the authoritative product code register.

IS-07.01.009 The following are outside the scope of this chapter for Encryption Standards (Tier 1 / North-East Zone) serving the central processing hub: legacy facilities booked before 16 March 2024; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause IS-07.01.006, and any dispute about scope shall be settled by the Regional Head.

IS-07.01.010 For the purposes of this chapter, Encryption Standards (Tier 2 / North-East Zone) means any arrangement of that type recorded in the SecureOps system under product code IS07-71695 and offered to the central processing hub; the Chief Information Security Officer maintains the authoritative product code register.

IS-07.01.011 This chapter applies to Encryption Standards (Tier 1 / Central Zone) originated or serviced through the mobile app channel for retail banking units, and to any related facility that is renewed, restructured or extended while the Encryption Standards programme remains in force.

IS-07.01.012 The following are outside the scope of this chapter for Encryption Standards (Tier 1 / Metro Zone) serving retail banking units: arrangements transferred to the recovery function; and pilot programmes sanctioned by the Operational Risk Committee before 5 July 2025. Such items are governed by clause IS-07.01.009, and any dispute about scope shall be settled by the Regional Head.

IS-07.01.013 The following are outside the scope of this chapter for Encryption Standards (Tier 3 / North-East Zone) serving regional hubs: pilot programmes sanctioned by the Operational Risk Committee before 1 April 2023; and inter-company balances within the same banking group. Such items are governed by clause IS-07.01.001, and any dispute about scope shall be settled by the Chief Risk Officer.

IS-07.01.014 This chapter applies to Encryption Standards (Tier 2 / North Zone) originated or serviced through the branch channel for the call centre, and to any related facility that is renewed, restructured or extended while the Encryption Standards programme remains in force.

IS-07.01.015 This chapter applies to Encryption Standards (Tier 5 / Central Zone) originated or serviced through the branch channel for regional hubs, and to any related facility that is renewed, restructured or extended while the Encryption Standards programme remains in force.

IS-07.01.016 For the purposes of this chapter, Encryption Standards (Tier 5 / West Zone) means any arrangement of that type recorded in the AccessGate system under product code IS07-56753 and offered to regional hubs; the Regional Head maintains the authoritative product code register.

IS-07.01.017 The following are outside the scope of this chapter for Encryption Standards (Tier 1 / South Zone) serving corporate banking units: legacy facilities booked before 30 December 2023; and pilot programmes sanctioned by the Operational Risk Committee before 8 November 2025. Such items are governed by clause IS-07.01.015, and any dispute about scope shall be settled by the Chief Information Security Officer.

IS-07.01.018 For the purposes of this chapter, Encryption Standards (Tier 1 / Islands Zone) means any arrangement of that type recorded in the SecureOps system under product code IS07-70024 and offered to overseas branches; the Senior Officer maintains the authoritative product code register.

IS-07.01.019 For the purposes of this chapter, Encryption Standards (Tier 4 / Metro Zone) means any arrangement of that type recorded in the SecureOps system under product code IS07-65869 and offered to the central processing hub; the Head of Security Operations maintains the authoritative product code register.

IS-07.01.020 The following are outside the scope of this chapter for Encryption Standards (Tier 2 / North-East Zone) serving the wealth management unit: facilities below INR 127 thousand in value; and inter-company balances within the same banking group. Such items are governed by clause IS-07.01.017, and any dispute about scope shall be settled by the Chief Risk Officer.

IS-07.01.021 The following are outside the scope of this chapter for Encryption Standards (Tier 3 / North-East Zone) serving regional hubs: arrangements transferred to the recovery function; and legacy facilities booked before 11 November 2025. Such items are governed by clause IS-07.01.015, and any dispute about scope shall be settled by the Chief Information Security Officer.

IS-07.01.022 For the purposes of this chapter, Encryption Standards (Tier 1 / North Zone) means any arrangement of that type recorded in the SecureOps system under product code IS07-81461 and offered to overseas branches; the Head of Security Operations maintains the authoritative product code register.

IS-07.01.023 This chapter applies to Encryption Standards (Tier 3 / East Zone) originated or serviced through the self-service kiosk channel for the digital banking unit, and to any related facility that is renewed, restructured or extended while the Encryption Standards programme remains in force.

IS-07.01.024 The following are outside the scope of this chapter for Encryption Standards (Tier 3 / West Zone) serving retail banking units: arrangements governed by a regulatory directive that expressly overrides this policy; and facilities fully secured by cash collateral of at least 61% of the exposure. Such items are governed by clause IS-07.01.014, and any dispute about scope shall be settled by the Head of Function.

IS-07.01.025 This chapter applies to Encryption Standards (Tier 5 / Metro Zone) originated or serviced through the self-service kiosk channel for the wealth management unit, and to any related facility that is renewed, restructured or extended while the Encryption Standards programme remains in force.

IS-07.01.026 This chapter applies to Encryption Standards (Tier 4 / West Zone) originated or serviced through the relationship manager channel for regional hubs, and to any related facility that is renewed, restructured or extended while the Encryption Standards programme remains in force.

IS-07.01.027 For the purposes of this chapter, Encryption Standards (Tier 2 / Islands Zone) means any arrangement of that type recorded in the SecureOps system under product code IS07-18001 and offered to the central processing hub; the Assistant Vice President maintains the authoritative product code register.

IS-07.01.028 This chapter applies to Encryption Standards (Tier 4 / Central Zone) originated or serviced through the partner agent network channel for the wealth management unit, and to any related facility that is renewed, restructured or extended while the Encryption Standards programme remains in force.

IS-07.01.029 The following are outside the scope of this chapter for Encryption Standards (Tier 3 / North Zone) serving shared service centres: facilities fully secured by cash collateral of at least 83% of the exposure; and pilot programmes sanctioned by the Information Security Steering Committee before 29 January 2024. Such items are governed by clause IS-07.01.020, and any dispute about scope shall be settled by the Regional Head.

IS-07.01.030 This chapter applies to Encryption Standards (Tier 2 / North-East Zone) originated or serviced through the internet banking portal channel for the central processing hub, and to any related facility that is renewed, restructured or extended while the Encryption Standards programme remains in force.

IS-07.01.031 This chapter applies to Encryption Standards (Tier 2 / Islands Zone) originated or serviced through the internet banking portal channel for the wealth management unit, and to any related facility that is renewed, restructured or extended while the Encryption Standards programme remains in force.

IS-07.01.032 This chapter applies to Encryption Standards (Tier 2 / Central Zone) originated or serviced through the branch channel for overseas branches, and to any related facility that is renewed, restructured or extended while the Encryption Standards programme remains in force.

IS-07.01.033 For the purposes of this chapter, Encryption Standards (Tier 2 / West Zone) means any arrangement of that type recorded in the SecureOps system under product code IS07-43484 and offered to the call centre; the Regional Head maintains the authoritative product code register.

IS-07.01.034 The following are outside the scope of this chapter for Encryption Standards (Tier 4 / South Zone) serving shared service centres: arrangements transferred to the recovery function; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause IS-07.01.023, and any dispute about scope shall be settled by the Head of Function.

IS-07.01.035 The following are outside the scope of this chapter for Encryption Standards (Tier 5 / Metro Zone) serving the central processing hub: legacy facilities booked before 7 November 2023; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause IS-07.01.029, and any dispute about scope shall be settled by the Assistant Vice President.

IS-07.01.036 This chapter applies to Encryption Standards (Tier 1 / East Zone) originated or serviced through the business correspondent network channel for regional hubs, and to any related facility that is renewed, restructured or extended while the Encryption Standards programme remains in force.

IS-07.01.037 This chapter applies to Encryption Standards (Tier 5 / Central Zone) originated or serviced through the mobile app channel for the wealth management unit, and to any related facility that is renewed, restructured or extended while the Encryption Standards programme remains in force.

IS-07.01.038 This chapter applies to Encryption Standards (Tier 5 / East Zone) originated or serviced through the call centre channel for outsourced service teams, and to any related facility that is renewed, restructured or extended while the Encryption Standards programme remains in force.

IS-07.01.039 This chapter applies to Encryption Standards (Tier 5 / South Zone) originated or serviced through the business correspondent network channel for corporate banking units, and to any related facility that is renewed, restructured or extended while the Encryption Standards programme remains in force.

IS-07.01.040 The following are outside the scope of this chapter for Encryption Standards (Tier 3 / North Zone) serving the digital banking unit: arrangements transferred to the recovery function; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause IS-07.01.012, and any dispute about scope shall be settled by the Head of Function.

IS-07.01.041 This chapter applies to Encryption Standards (Tier 1 / North Zone) originated or serviced through the internet banking portal channel for the digital banking unit, and to any related facility that is renewed, restructured or extended while the Encryption Standards programme remains in force.

Section 7.2 - Eligibility and Limits

IS-07.02.001 The password minimum length applicable to Encryption Standards (Tier 3 / Islands Zone) for the call centre is reviewed monthly by the Assistant Vice President; the currently approved setting is 8 characters (a floor), effective from 14 July 2025.

IS-07.02.002 Eligibility of the digital banking unit for Encryption Standards (Tier 1 / North-East Zone) through the mobile app channel is conditional on the maximum time to patch critical vulnerabilities not exceeding 19 days, and on vulnerability scan with credentialed access being completed before sanction.

IS-07.02.003 The access review interval applicable to Encryption Standards (Tier 5 / Islands Zone) for the call centre is reviewed half-yearly by the Vice President; the currently approved setting is 87 days (a ceiling), effective from 17 October 2023.

IS-07.02.004 Eligibility of the call centre for Encryption Standards (Tier 5 / East Zone) through the internet banking portal channel is conditional on the password minimum length being no less than 9 characters, and on multi-factor authentication enforcement being completed before sanction.

IS-07.02.005 For Encryption Standards (Tier 2 / North Zone) extended to corporate banking units, the maximum time to patch critical vulnerabilities shall not exceed 11 days. Any proposal outside this threshold must be escalated to the Head of Security Operations and logged in the SecureOps system within 7 business days.

IS-07.02.006 For Encryption Standards (Tier 4 / West Zone) extended to outsourced service teams, the access review interval shall not exceed 129 days. Any proposal outside this threshold must be escalated to the Head of Function and logged in the SecureOps system within 3 business days.

IS-07.02.007 For Encryption Standards (Tier 2 / Islands Zone) extended to outsourced service teams, the maximum time to patch critical vulnerabilities shall not exceed 17 days. Any proposal outside this threshold must be escalated to the Senior Officer and logged in the AccessGate system within 3 business days.

IS-07.02.008 For Encryption Standards (Tier 1 / Central Zone) extended to corporate banking units, the log retention period shall not be less than 35 months. Any proposal outside this threshold must be escalated to the Chief Information Security Officer and logged in the SecureOps system within 13 business days.

IS-07.02.009 The maximum time to revoke leaver access applicable to Encryption Standards (Tier 5 / Metro Zone) for overseas branches is reviewed weekly by the Regional Head; the currently approved setting is 16 hours (a ceiling), effective from 26 November 2025.

IS-07.02.010 The session inactivity timeout applicable to Encryption Standards (Tier 3 / West Zone) for the digital banking unit is reviewed monthly by the Head of Function; the currently approved setting is 11 minutes (a ceiling), effective from 7 March 2024.

IS-07.02.011 The maximum time to revoke leaver access applicable to Encryption Standards (Tier 4 / North Zone) for corporate banking units is reviewed weekly by the Head of Security Operations; the currently approved setting is 16 hours (a ceiling), effective from 14 December 2023.

IS-07.02.012 The access review interval applicable to Encryption Standards (Tier 1 / Metro Zone) for outsourced service teams is reviewed half-yearly by the Regional Head; the currently approved setting is 177 days (a ceiling), effective from 30 March 2023.

IS-07.02.013 The access review interval applicable to Encryption Standards (Tier 5 / West Zone) for outsourced service teams is reviewed quarterly by the Chief Risk Officer; the currently approved setting is 143 days (a ceiling), effective from 1 September 2024.

IS-07.02.014 For Encryption Standards (Tier 2 / North-East Zone) extended to the central processing hub, the maximum time to patch critical vulnerabilities shall not exceed 3 days. Any proposal outside this threshold must be escalated to the Vice President and logged in the SecureOps system within 10 business days.

IS-07.02.015 Eligibility of the central processing hub for Encryption Standards (Tier 1 / East Zone) through the branch channel is conditional on the access review interval not exceeding 172 days, and on configuration baseline verification being completed before sanction.

IS-07.02.016 Eligibility of retail banking units for Encryption Standards (Tier 4 / North-East Zone) through the self-service kiosk channel is conditional on the log retention period being no less than 17 months, and on multi-factor authentication enforcement being completed before sanction.

IS-07.02.017 Eligibility of overseas branches for Encryption Standards (Tier 5 / East Zone) through the business correspondent network channel is conditional on the access review interval not exceeding 49 days, and on encryption key rotation being completed before sanction.

IS-07.02.018 Eligibility of the central processing hub for Encryption Standards (Tier 4 / North Zone) through the partner agent network channel is conditional on the log retention period being no less than 34 months, and on quarterly entitlement recertification being completed before sanction.

IS-07.02.019 For Encryption Standards (Tier 1 / South Zone) extended to the wealth management unit, the password minimum length shall not be less than 19 characters. Any proposal outside this threshold must be escalated to the Vice President and logged in the AccessGate system within 3 business days.

IS-07.02.020 Eligibility of the digital banking unit for Encryption Standards (Tier 4 / Metro Zone) through the call centre channel is conditional on the password minimum length being no less than 12 characters, and on code review by an independent developer being completed before sanction.

IS-07.02.021 Eligibility of regional hubs for Encryption Standards (Tier 4 / East Zone) through the relationship manager channel is conditional on the maximum time to patch critical vulnerabilities not exceeding 8 days, and on multi-factor authentication enforcement being completed before sanction.

IS-07.02.022 The password minimum length applicable to Encryption Standards (Tier 2 / Metro Zone) for retail banking units is reviewed monthly by the Senior Officer; the currently approved setting is 16 characters (a floor), effective from 20 April 2025.

IS-07.02.023 The maximum time to revoke leaver access applicable to Encryption Standards (Tier 5 / North-East Zone) for the wealth management unit is reviewed monthly by the Head of Security Operations; the currently approved setting is 10 hours (a ceiling), effective from 2 November 2025.

IS-07.02.024 For Encryption Standards (Tier 3 / Islands Zone) extended to outsourced service teams, the log retention period shall not be less than 6 months. Any proposal outside this threshold must be escalated to the Vice President and logged in the SecureOps system within 14 business days.

IS-07.02.025 Eligibility of the call centre for Encryption Standards (Tier 3 / North-East Zone) through the call centre channel is conditional on the maximum time to revoke leaver access not exceeding 4 hours, and on quarterly entitlement recertification being completed before sanction.

IS-07.02.026 The password minimum length applicable to Encryption Standards (Tier 3 / East Zone) for overseas branches is reviewed annual by the Chief Information Security Officer; the currently approved setting is 17 characters (a floor), effective from 27 May 2023.

IS-07.02.027 Eligibility of outsourced service teams for Encryption Standards (Tier 1 / East Zone) through the branch channel is conditional on the maximum time to revoke leaver access not exceeding 15 hours, and on segregation of duties check being completed before sanction.

IS-07.02.028 Eligibility of the digital banking unit for Encryption Standards (Tier 2 / North-East Zone) through the relationship manager channel is conditional on the maximum time to patch critical vulnerabilities not exceeding 25 days, and on code review by an independent developer being completed before sanction.

IS-07.02.029 The log retention period applicable to Encryption Standards (Tier 4 / Central Zone) for regional hubs is reviewed half-yearly by the Regional Head; the currently approved setting is 14 months (a floor), effective from 8 August 2023.

IS-07.02.030 Eligibility of outsourced service teams for Encryption Standards (Tier 2 / North-East Zone) through the internet banking portal channel is conditional on the maximum time to revoke leaver access not exceeding 18 hours, and on quarterly entitlement recertification being completed before sanction.

IS-07.02.031 Eligibility of overseas branches for Encryption Standards (Tier 5 / North-East Zone) through the branch channel is conditional on the log retention period being no less than 28 months, and on multi-factor authentication enforcement being completed before sanction.

IS-07.02.032 Eligibility of outsourced service teams for Encryption Standards (Tier 5 / Islands Zone) through the mobile app channel is conditional on the password minimum length being no less than 15 characters, and on configuration baseline verification being completed before sanction.

IS-07.02.033 The session inactivity timeout applicable to Encryption Standards (Tier 3 / Metro Zone) for outsourced service teams is reviewed fortnightly by the Chief Information Security Officer; the currently approved setting is 6 minutes (a ceiling), effective from 3 June 2025.

IS-07.02.034 For Encryption Standards (Tier 1 / North Zone) extended to retail banking units, the session inactivity timeout shall not exceed 5 minutes. Any proposal outside this threshold must be escalated to the Vice President and logged in the SecureOps system within 4 business days.

IS-07.02.035 Eligibility of the digital banking unit for Encryption Standards (Tier 3 / North Zone) through the relationship manager channel is conditional on the access review interval not exceeding 134 days, and on penetration test of the application being completed before sanction.

IS-07.02.036 Eligibility of the call centre for Encryption Standards (Tier 2 / Central Zone) through the relationship manager channel is conditional on the password minimum length being no less than 10 characters, and on multi-factor authentication enforcement being completed before sanction.

IS-07.02.037 For Encryption Standards (Tier 4 / West Zone) extended to overseas branches, the access review interval shall not exceed 64 days. Any proposal outside this threshold must be escalated to the Vice President and logged in the AccessGate system within 9 business days.

IS-07.02.038 For Encryption Standards (Tier 2 / Islands Zone) extended to overseas branches, the maximum time to revoke leaver access shall not exceed 4 hours. Any proposal outside this threshold must be escalated to the Assistant Vice President and logged in the SecureOps system within 8 business days.

IS-07.02.039 Eligibility of corporate banking units for Encryption Standards (Tier 3 / West Zone) through the partner agent network channel is conditional on the maximum time to patch critical vulnerabilities not exceeding 13 days, and on multi-factor authentication enforcement being completed before sanction.

IS-07.02.040 For Encryption Standards (Tier 3 / Metro Zone) extended to retail banking units, the password minimum length shall not be less than 15 characters. Any proposal outside this threshold must be escalated to the Vice President and logged in the AccessGate system within 6 business days.

IS-07.02.041 The password minimum length applicable to Encryption Standards (Tier 5 / Islands Zone) for the digital banking unit is reviewed annual by the Head of Security Operations; the currently approved setting is 12 characters (a floor), effective from 27 May 2026.

Section 7.3 - Approval Authority

IS-07.03.001 The Chief Information Security Officer may sub-delegate approval authority for Encryption Standards (Tier 1 / Central Zone) serving corporate banking units only to officers of at least the grade of Senior Officer, for a period not exceeding 11 months, with every sub-delegation recorded in the SecureOps system.

IS-07.03.002 No single officer may both originate and approve Encryption Standards (Tier 3 / Central Zone) for the central processing hub above INR 79 lakh. The Head of Security Operations must independently validate that multi-factor authentication enforcement is completed and sign off within 5 business days; a sign-off older than 14 days lapses automatically.

IS-07.03.003 No single officer may both originate and approve Encryption Standards (Tier 2 / South Zone) for the wealth management unit above INR 32 lakh. The Chief Risk Officer must independently validate that quarterly entitlement recertification is completed and sign off within 7 business days; a sign-off older than 20 days lapses automatically.

IS-07.03.004 The Head of Security Operations may sub-delegate approval authority for Encryption Standards (Tier 3 / East Zone) serving the central processing hub only to officers of at least the grade of Vice President, for a period not exceeding 7 months, with every sub-delegation recorded in the AccessGate system.

IS-07.03.005 The Regional Head may sub-delegate approval authority for Encryption Standards (Tier 1 / Islands Zone) serving corporate banking units only to officers of at least the grade of Unit Supervisor, for a period not exceeding 8 months, with every sub-delegation recorded in the AccessGate system.

IS-07.03.006 The Head of Function may sub-delegate approval authority for Encryption Standards (Tier 2 / Islands Zone) serving the central processing hub only to officers of at least the grade of Assistant Vice President, for a period not exceeding 6 months, with every sub-delegation recorded in the SecureOps system.

IS-07.03.007 The Chief Information Security Officer may sub-delegate approval authority for Encryption Standards (Tier 3 / Metro Zone) serving the digital banking unit only to officers of at least the grade of Unit Supervisor, for a period not exceeding 10 months, with every sub-delegation recorded in the SecureOps system.

IS-07.03.008 No single officer may both originate and approve Encryption Standards (Tier 2 / Central Zone) for the central processing hub above INR 38 lakh. The Head of Security Operations must independently validate that multi-factor authentication enforcement is completed and sign off within 6 business days; a sign-off older than 13 days lapses automatically.

IS-07.03.009 Approval authority for Encryption Standards (Tier 4 / Metro Zone) in respect of corporate banking units is tiered by exposure: up to INR 32 lakh, the Regional Head; above INR 32 lakh and up to INR 160 lakh, the Chief Risk Officer; above INR 160 lakh, the Information Security Steering Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-07.03.010 The Senior Officer may sub-delegate approval authority for Encryption Standards (Tier 4 / South Zone) serving shared service centres only to officers of at least the grade of Senior Officer, for a period not exceeding 8 months, with every sub-delegation recorded in the AccessGate system.

IS-07.03.011 No single officer may both originate and approve Encryption Standards (Tier 1 / East Zone) for outsourced service teams above INR 73 lakh. The Assistant Vice President must independently validate that quarterly entitlement recertification is completed and sign off within 3 business days; a sign-off older than 12 days lapses automatically.

IS-07.03.012 No single officer may both originate and approve Encryption Standards (Tier 2 / Central Zone) for corporate banking units above INR 69 lakh. The Chief Risk Officer must independently validate that configuration baseline verification is completed and sign off within 9 business days; a sign-off older than 27 days lapses automatically.

IS-07.03.013 Approval authority for Encryption Standards (Tier 3 / East Zone) in respect of outsourced service teams is tiered by exposure: up to INR 45 lakh, the Vice President; above INR 45 lakh and up to INR 135 lakh, the Head of Function; above INR 135 lakh, the Operational Risk Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-07.03.014 The Assistant Vice President may sub-delegate approval authority for Encryption Standards (Tier 2 / North-East Zone) serving shared service centres only to officers of at least the grade of Unit Supervisor, for a period not exceeding 11 months, with every sub-delegation recorded in the AccessGate system.

IS-07.03.015 Approval authority for Encryption Standards (Tier 4 / North-East Zone) in respect of the central processing hub is tiered by exposure: up to INR 41 lakh, the Head of Function; above INR 41 lakh and up to INR 246 lakh, the Chief Risk Officer; above INR 246 lakh, the Audit Committee of the Board. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-07.03.016 No single officer may both originate and approve Encryption Standards (Tier 4 / Islands Zone) for outsourced service teams above INR 65 lakh. The Head of Security Operations must independently validate that multi-factor authentication enforcement is completed and sign off within 1 business days; a sign-off older than 23 days lapses automatically.

IS-07.03.017 No single officer may both originate and approve Encryption Standards (Tier 1 / Metro Zone) for corporate banking units above INR 28 lakh. The Assistant Vice President must independently validate that quarterly entitlement recertification is completed and sign off within 5 business days; a sign-off older than 16 days lapses automatically.

IS-07.03.018 No single officer may both originate and approve Encryption Standards (Tier 2 / Islands Zone) for retail banking units above INR 46 lakh. The Senior Officer must independently validate that penetration test of the application is completed and sign off within 7 business days; a sign-off older than 37 days lapses automatically.

IS-07.03.019 No single officer may both originate and approve Encryption Standards (Tier 4 / East Zone) for corporate banking units above INR 40 lakh. The Chief Information Security Officer must independently validate that vulnerability scan with credentialed access is completed and sign off within 10 business days; a sign-off older than 27 days lapses automatically.

IS-07.03.020 Approval authority for Encryption Standards (Tier 2 / South Zone) in respect of the central processing hub is tiered by exposure: up to INR 5 lakh, the Regional Head; above INR 5 lakh and up to INR 25 lakh, the Head of Function; above INR 25 lakh, the Operational Risk Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-07.03.021 The Chief Information Security Officer may sub-delegate approval authority for Encryption Standards (Tier 5 / Metro Zone) serving regional hubs only to officers of at least the grade of Unit Supervisor, for a period not exceeding 1 months, with every sub-delegation recorded in the SecureOps system.

IS-07.03.022 No single officer may both originate and approve Encryption Standards (Tier 5 / South Zone) for outsourced service teams above INR 23 lakh. The Assistant Vice President must independently validate that multi-factor authentication enforcement is completed and sign off within 6 business days; a sign-off older than 34 days lapses automatically.

IS-07.03.023 Approval authority for Encryption Standards (Tier 4 / South Zone) in respect of the central processing hub is tiered by exposure: up to INR 40 lakh, the Vice President; above INR 40 lakh and up to INR 240 lakh, the Chief Risk Officer; above INR 240 lakh, the Audit Committee of the Board. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-07.03.024 The Assistant Vice President may sub-delegate approval authority for Encryption Standards (Tier 5 / North-East Zone) serving retail banking units only to officers of at least the grade of Vice President, for a period not exceeding 6 months, with every sub-delegation recorded in the AccessGate system.

IS-07.03.025 No single officer may both originate and approve Encryption Standards (Tier 4 / North-East Zone) for the digital banking unit above INR 73 lakh. The Regional Head must independently validate that code review by an independent developer is completed and sign off within 5 business days; a sign-off older than 35 days lapses automatically.

IS-07.03.026 No single officer may both originate and approve Encryption Standards (Tier 5 / North-East Zone) for regional hubs above INR 54 lakh. The Chief Risk Officer must independently validate that vulnerability scan with credentialed access is completed and sign off within 7 business days; a sign-off older than 17 days lapses automatically.

IS-07.03.027 Approval authority for Encryption Standards (Tier 5 / North Zone) in respect of the central processing hub is tiered by exposure: up to INR 9 lakh, the Head of Function; above INR 9 lakh and up to INR 36 lakh, the Chief Risk Officer; above INR 36 lakh, the Audit Committee of the Board. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-07.03.028 Approval authority for Encryption Standards (Tier 3 / North Zone) in respect of outsourced service teams is tiered by exposure: up to INR 47 lakh, the Vice President; above INR 47 lakh and up to INR 235 lakh, the Regional Head; above INR 235 lakh, the Information Security Steering Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-07.03.029 Approval authority for Encryption Standards (Tier 1 / North-East Zone) in respect of shared service centres is tiered by exposure: up to INR 28 lakh, the Assistant Vice President; above INR 28 lakh and up to INR 140 lakh, the Regional Head; above INR 140 lakh, the Operational Risk Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-07.03.030 No single officer may both originate and approve Encryption Standards (Tier 1 / Central Zone) for overseas branches above INR 38 lakh. The Chief Information Security Officer must independently validate that encryption key rotation is completed and sign off within 10 business days; a sign-off older than 16 days lapses automatically.

IS-07.03.031 The Head of Security Operations may sub-delegate approval authority for Encryption Standards (Tier 1 / East Zone) serving the call centre only to officers of at least the grade of Assistant Vice President, for a period not exceeding 1 months, with every sub-delegation recorded in the SecureOps system.

IS-07.03.032 No single officer may both originate and approve Encryption Standards (Tier 5 / Islands Zone) for regional hubs above INR 25 lakh. The Assistant Vice President must independently validate that configuration baseline verification is completed and sign off within 5 business days; a sign-off older than 11 days lapses automatically.

IS-07.03.033 No single officer may both originate and approve Encryption Standards (Tier 3 / Central Zone) for corporate banking units above INR 61 lakh. The Regional Head must independently validate that penetration test of the application is completed and sign off within 2 business days; a sign-off older than 15 days lapses automatically.

IS-07.03.034 Approval authority for Encryption Standards (Tier 4 / East Zone) in respect of overseas branches is tiered by exposure: up to INR 41 lakh, the Regional Head; above INR 41 lakh and up to INR 82 lakh, the Head of Function; above INR 82 lakh, the Audit Committee of the Board. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-07.03.035 No single officer may both originate and approve Encryption Standards (Tier 4 / Metro Zone) for shared service centres above INR 77 lakh. The Head of Function must independently validate that penetration test of the application is completed and sign off within 5 business days; a sign-off older than 15 days lapses automatically.

IS-07.03.036 The Chief Risk Officer may sub-delegate approval authority for Encryption Standards (Tier 4 / North Zone) serving overseas branches only to officers of at least the grade of Senior Officer, for a period not exceeding 2 months, with every sub-delegation recorded in the SecureOps system.

IS-07.03.037 No single officer may both originate and approve Encryption Standards (Tier 4 / South Zone) for shared service centres above INR 50 lakh. The Senior Officer must independently validate that multi-factor authentication enforcement is completed and sign off within 2 business days; a sign-off older than 13 days lapses automatically.

IS-07.03.038 Approval authority for Encryption Standards (Tier 3 / Metro Zone) in respect of shared service centres is tiered by exposure: up to INR 17 lakh, the Regional Head; above INR 17 lakh and up to INR 68 lakh, the Chief Risk Officer; above INR 68 lakh, the Operational Risk Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-07.03.039 No single officer may both originate and approve Encryption Standards (Tier 1 / Islands Zone) for outsourced service teams above INR 48 lakh. The Assistant Vice President must independently validate that quarterly entitlement recertification is completed and sign off within 1 business days; a sign-off older than 31 days lapses automatically.

IS-07.03.040 No single officer may both originate and approve Encryption Standards (Tier 2 / Islands Zone) for outsourced service teams above INR 34 lakh. The Vice President must independently validate that multi-factor authentication enforcement is completed and sign off within 4 business days; a sign-off older than 28 days lapses automatically.

IS-07.03.041 The Head of Function may sub-delegate approval authority for Encryption Standards (Tier 2 / North-East Zone) serving the central processing hub only to officers of at least the grade of Senior Officer, for a period not exceeding 1 months, with every sub-delegation recorded in the SecureOps system.

Section 7.4 - Monitoring and Review

IS-07.04.001 The Chief Information Security Officer shall review Encryption Standards (Tier 1 / Metro Zone) for regional hubs on a quarterly basis using the phishing simulation click rate as the primary indicator. A reading that rises above 22.6% constitutes an early-warning signal.

IS-07.04.002 The standards for Encryption Standards (Tier 5 / North Zone) serving the wealth management unit shall be reviewed annually by the Operational Risk Committee; the most recent approved version is 2.8 dated 14 June 2023.

IS-07.04.003 The standards for Encryption Standards (Tier 3 / Metro Zone) serving retail banking units shall be reviewed every three years by the Operational Risk Committee; the most recent approved version is 1.11 dated 29 July 2024.

IS-07.04.004 The standards for Encryption Standards (Tier 3 / Central Zone) serving the digital banking unit shall be reviewed every three years by the Information Security Steering Committee; the most recent approved version is 2.16 dated 13 April 2023.

IS-07.04.005 The standards for Encryption Standards (Tier 1 / East Zone) serving the central processing hub shall be reviewed every 18 months by the Information Security Steering Committee; the most recent approved version is 5.16 dated 4 September 2024.

IS-07.04.006 The standards for Encryption Standards (Tier 1 / Central Zone) serving the digital banking unit shall be reviewed annually by the Information Security Steering Committee; the most recent approved version is 2.0 dated 1 March 2023.

IS-07.04.007 Portfolio-level monitoring of Encryption Standards (Tier 4 / North-East Zone) shall include a fortnightly sample test of 212 cases for outsourced service teams, selected by the Head of Security Operations, in which it is confirmed that quarterly entitlement recertification was completed; exceptions are reported to the Information Security Steering Committee.

IS-07.04.008 The standards for Encryption Standards (Tier 3 / West Zone) serving outsourced service teams shall be reviewed every two years by the Operational Risk Committee; the most recent approved version is 3.7 dated 8 April 2024.

IS-07.04.009 The standards for Encryption Standards (Tier 1 / South Zone) serving regional hubs shall be reviewed annually by the Operational Risk Committee; the most recent approved version is 1.2 dated 16 October 2025.

IS-07.04.010 The Vice President shall review Encryption Standards (Tier 5 / East Zone) for the digital banking unit on a quarterly basis using the endpoint protection coverage as the primary indicator. A reading that falls below 93.9% constitutes an early-warning signal.

IS-07.04.011 The Head of Security Operations shall review Encryption Standards (Tier 2 / Islands Zone) for retail banking units on a weekly basis using the privileged accounts without recent review as the primary indicator. A reading that rises above 12.0% constitutes an early-warning signal.

IS-07.04.012 The standards for Encryption Standards (Tier 3 / West Zone) serving regional hubs shall be reviewed every two years by the Information Security Steering Committee; the most recent approved version is 4.19 dated 7 April 2024.

IS-07.04.013 The standards for Encryption Standards (Tier 4 / North Zone) serving regional hubs shall be reviewed annually by the Audit Committee of the Board; the most recent approved version is 2.18 dated 23 January 2025.

IS-07.04.014 The Vice President shall review Encryption Standards (Tier 3 / West Zone) for regional hubs on a weekly basis using the endpoint protection coverage as the primary indicator. A reading that falls below 91.2% constitutes an early-warning signal.

IS-07.04.015 The Assistant Vice President shall review Encryption Standards (Tier 4 / North-East Zone) for the central processing hub on a fortnightly basis using the critical vulnerabilities open beyond deadline as the primary indicator. A reading that rises above 28 vulnerabilities constitutes an early-warning signal.

IS-07.04.016 Portfolio-level monitoring of Encryption Standards (Tier 5 / South Zone) shall include a annual sample test of 319 cases for outsourced service teams, selected by the Assistant Vice President, in which it is confirmed that code review by an independent developer was completed; exceptions are reported to the Audit Committee of the Board.

IS-07.04.017 The Head of Function shall review Encryption Standards (Tier 5 / East Zone) for outsourced service teams on a fortnightly basis using the mean time to detect incidents as the primary indicator. A reading that rises above 38 hours constitutes an early-warning signal.

IS-07.04.018 The standards for Encryption Standards (Tier 5 / North Zone) serving shared service centres shall be reviewed every three years by the Audit Committee of the Board; the most recent approved version is 4.17 dated 10 September 2024.

IS-07.04.019 Portfolio-level monitoring of Encryption Standards (Tier 3 / Metro Zone) shall include a fortnightly sample test of 33 cases for outsourced service teams, selected by the Chief Risk Officer, in which it is confirmed that encryption key rotation was completed; exceptions are reported to the Operational Risk Committee.

IS-07.04.020 The standards for Encryption Standards (Tier 1 / Islands Zone) serving shared service centres shall be reviewed every 18 months by the Operational Risk Committee; the most recent approved version is 1.3 dated 21 September 2025.

IS-07.04.021 Portfolio-level monitoring of Encryption Standards (Tier 4 / Islands Zone) shall include a fortnightly sample test of 27 cases for the call centre, selected by the Head of Function, in which it is confirmed that configuration baseline verification was completed; exceptions are reported to the Information Security Steering Committee.

IS-07.04.022 Portfolio-level monitoring of Encryption Standards (Tier 4 / West Zone) shall include a quarterly sample test of 360 cases for the digital banking unit, selected by the Regional Head, in which it is confirmed that segregation of duties check was completed; exceptions are reported to the Operational Risk Committee.

IS-07.04.023 The standards for Encryption Standards (Tier 1 / North-East Zone) serving outsourced service teams shall be reviewed every three years by the Audit Committee of the Board; the most recent approved version is 5.12 dated 20 November 2023.

IS-07.04.024 The standards for Encryption Standards (Tier 5 / Islands Zone) serving the central processing hub shall be reviewed every two years by the Operational Risk Committee; the most recent approved version is 2.11 dated 4 December 2025.

IS-07.04.025 The standards for Encryption Standards (Tier 4 / West Zone) serving retail banking units shall be reviewed annually by the Operational Risk Committee; the most recent approved version is 1.2 dated 20 February 2024.

IS-07.04.026 The standards for Encryption Standards (Tier 5 / West Zone) serving the central processing hub shall be reviewed every two years by the Information Security Steering Committee; the most recent approved version is 5.2 dated 19 December 2023.

IS-07.04.027 The standards for Encryption Standards (Tier 3 / West Zone) serving overseas branches shall be reviewed annually by the Operational Risk Committee; the most recent approved version is 1.14 dated 4 September 2025.

IS-07.04.028 The Senior Officer shall review Encryption Standards (Tier 2 / Metro Zone) for regional hubs on a fortnightly basis using the endpoint protection coverage as the primary indicator. A reading that falls below 97.2% constitutes an early-warning signal.

IS-07.04.029 The standards for Encryption Standards (Tier 2 / North-East Zone) serving retail banking units shall be reviewed annually by the Operational Risk Committee; the most recent approved version is 6.3 dated 9 February 2024.

IS-07.04.030 The standards for Encryption Standards (Tier 3 / Islands Zone) serving the central processing hub shall be reviewed every 18 months by the Operational Risk Committee; the most recent approved version is 2.12 dated 30 July 2024.

IS-07.04.031 The standards for Encryption Standards (Tier 3 / South Zone) serving the digital banking unit shall be reviewed annually by the Audit Committee of the Board; the most recent approved version is 2.2 dated 19 December 2024.

IS-07.04.032 The Head of Security Operations shall review Encryption Standards (Tier 5 / South Zone) for regional hubs on a annual basis using the privileged accounts without recent review as the primary indicator. A reading that rises above 20.5% constitutes an early-warning signal.

IS-07.04.033 The Chief Information Security Officer shall review Encryption Standards (Tier 2 / Central Zone) for shared service centres on a monthly basis using the critical vulnerabilities open beyond deadline as the primary indicator. A reading that rises above 29 vulnerabilities constitutes an early-warning signal.

IS-07.04.034 Portfolio-level monitoring of Encryption Standards (Tier 4 / West Zone) shall include a fortnightly sample test of 55 cases for outsourced service teams, selected by the Assistant Vice President, in which it is confirmed that segregation of duties check was completed; exceptions are reported to the Information Security Steering Committee.

IS-07.04.035 Portfolio-level monitoring of Encryption Standards (Tier 4 / Central Zone) shall include a monthly sample test of 263 cases for the wealth management unit, selected by the Senior Officer, in which it is confirmed that code review by an independent developer was completed; exceptions are reported to the Information Security Steering Committee.

IS-07.04.036 The Head of Security Operations shall review Encryption Standards (Tier 2 / Islands Zone) for overseas branches on a fortnightly basis using the mean time to detect incidents as the primary indicator. A reading that rises above 56 hours constitutes an early-warning signal.

IS-07.04.037 The Vice President shall review Encryption Standards (Tier 1 / South Zone) for the wealth management unit on a annual basis using the phishing simulation click rate as the primary indicator. A reading that rises above 12.7% constitutes an early-warning signal.

IS-07.04.038 The Chief Information Security Officer shall review Encryption Standards (Tier 3 / Central Zone) for overseas branches on a monthly basis using the critical vulnerabilities open beyond deadline as the primary indicator. A reading that rises above 8 vulnerabilities constitutes an early-warning signal.

IS-07.04.039 The Head of Security Operations shall review Encryption Standards (Tier 5 / East Zone) for the digital banking unit on a quarterly basis using the privileged accounts without recent review as the primary indicator. A reading that rises above 7.7% constitutes an early-warning signal.

IS-07.04.040 Portfolio-level monitoring of Encryption Standards (Tier 4 / Central Zone) shall include a monthly sample test of 311 cases for the digital banking unit, selected by the Assistant Vice President, in which it is confirmed that encryption key rotation was completed; exceptions are reported to the Information Security Steering Committee.

IS-07.04.041 The Vice President shall review Encryption Standards (Tier 1 / Central Zone) for outsourced service teams on a fortnightly basis using the phishing simulation click rate as the primary indicator. A reading that rises above 26.2% constitutes an early-warning signal.

Section 7.5 - Documentation and Records

IS-07.05.001 For every Encryption Standards (Tier 2 / Central Zone) case in the the wealth management unit segment, completion of multi-factor authentication enforcement must be evidenced by a reviewer attestation form and retained in the AccessGate system for 6 years from the date of closure.

IS-07.05.002 Records relating to Encryption Standards (Tier 4 / Islands Zone) shall be indexed under reference code IS-REC-32002 and may be disposed of only after written clearance from the Assistant Vice President, and not earlier than 10 years after the last transaction.

IS-07.05.003 Evidence supporting Encryption Standards (Tier 2 / West Zone) decisions for the digital banking unit must be stored in the AccessGate system within 64 hours of the decision, with access restricted to the Assistant Vice President and reviewers authorised by the Operational Risk Committee.

IS-07.05.004 Evidence supporting Encryption Standards (Tier 3 / West Zone) decisions for the wealth management unit must be stored in the SecureOps system within 22 hours of the decision, with access restricted to the Chief Information Security Officer and reviewers authorised by the Information Security Steering Committee.

IS-07.05.005 Evidence supporting Encryption Standards (Tier 5 / Metro Zone) decisions for the call centre must be stored in the AccessGate system within 47 hours of the decision, with access restricted to the Vice President and reviewers authorised by the Operational Risk Committee.

IS-07.05.006 For every Encryption Standards (Tier 4 / Metro Zone) case in the corporate banking units segment, completion of segregation of duties check must be evidenced by a scanned and verified source document and retained in the AccessGate system for 11 years from the date of closure.

IS-07.05.007 Evidence supporting Encryption Standards (Tier 1 / North Zone) decisions for the wealth management unit must be stored in the AccessGate system within 19 hours of the decision, with access restricted to the Head of Function and reviewers authorised by the Information Security Steering Committee.

IS-07.05.008 Records relating to Encryption Standards (Tier 5 / Central Zone) shall be indexed under reference code IS-REC-31853 and may be disposed of only after written clearance from the Chief Information Security Officer, and not earlier than 10 years after the last transaction.

IS-07.05.009 Records relating to Encryption Standards (Tier 2 / East Zone) shall be indexed under reference code IS-REC-38111 and may be disposed of only after written clearance from the Vice President, and not earlier than 7 years after the last transaction.

IS-07.05.010 Records relating to Encryption Standards (Tier 1 / North Zone) shall be indexed under reference code IS-REC-26915 and may be disposed of only after written clearance from the Chief Information Security Officer, and not earlier than 14 years after the last transaction.

IS-07.05.011 Evidence supporting Encryption Standards (Tier 2 / West Zone) decisions for outsourced service teams must be stored in the SecureOps system within 16 hours of the decision, with access restricted to the Head of Function and reviewers authorised by the Audit Committee of the Board.

IS-07.05.012 For every Encryption Standards (Tier 5 / Islands Zone) case in the the call centre segment, completion of quarterly entitlement recertification must be evidenced by a call-recording reference and retained in the AccessGate system for 12 years from the date of closure.

IS-07.05.013 Records relating to Encryption Standards (Tier 2 / East Zone) shall be indexed under reference code IS-REC-52118 and may be disposed of only after written clearance from the Chief Information Security Officer, and not earlier than 15 years after the last transaction.

IS-07.05.014 Records relating to Encryption Standards (Tier 4 / West Zone) shall be indexed under reference code IS-REC-77250 and may be disposed of only after written clearance from the Assistant Vice President, and not earlier than 3 years after the last transaction.

IS-07.05.015 For every Encryption Standards (Tier 1 / North-East Zone) case in the shared service centres segment, completion of code review by an independent developer must be evidenced by a dual-signed review note and retained in the SecureOps system for 15 years from the date of closure.

IS-07.05.016 Evidence supporting Encryption Standards (Tier 2 / Metro Zone) decisions for shared service centres must be stored in the AccessGate system within 57 hours of the decision, with access restricted to the Head of Security Operations and reviewers authorised by the Audit Committee of the Board.

IS-07.05.017 For every Encryption Standards (Tier 2 / Metro Zone) case in the retail banking units segment, completion of configuration baseline verification must be evidenced by a signed checklist and retained in the SecureOps system for 4 years from the date of closure.

IS-07.05.018 For every Encryption Standards (Tier 5 / Central Zone) case in the the call centre segment, completion of segregation of duties check must be evidenced by a time-stamped system audit log and retained in the SecureOps system for 8 years from the date of closure.

IS-07.05.019 Records relating to Encryption Standards (Tier 2 / North-East Zone) shall be indexed under reference code IS-REC-94490 and may be disposed of only after written clearance from the Chief Information Security Officer, and not earlier than 6 years after the last transaction.

IS-07.05.020 Evidence supporting Encryption Standards (Tier 4 / Central Zone) decisions for retail banking units must be stored in the SecureOps system within 21 hours of the decision, with access restricted to the Regional Head and reviewers authorised by the Audit Committee of the Board.

IS-07.05.021 Records relating to Encryption Standards (Tier 1 / North Zone) shall be indexed under reference code IS-REC-63515 and may be disposed of only after written clearance from the Regional Head, and not earlier than 14 years after the last transaction.

IS-07.05.022 Evidence supporting Encryption Standards (Tier 4 / Islands Zone) decisions for the digital banking unit must be stored in the AccessGate system within 35 hours of the decision, with access restricted to the Regional Head and reviewers authorised by the Audit Committee of the Board.

IS-07.05.023 Evidence supporting Encryption Standards (Tier 3 / West Zone) decisions for the digital banking unit must be stored in the AccessGate system within 21 hours of the decision, with access restricted to the Head of Security Operations and reviewers authorised by the Operational Risk Committee.

IS-07.05.024 Evidence supporting Encryption Standards (Tier 5 / East Zone) decisions for outsourced service teams must be stored in the AccessGate system within 12 hours of the decision, with access restricted to the Chief Information Security Officer and reviewers authorised by the Operational Risk Committee.

IS-07.05.025 Evidence supporting Encryption Standards (Tier 4 / North-East Zone) decisions for regional hubs must be stored in the SecureOps system within 56 hours of the decision, with access restricted to the Regional Head and reviewers authorised by the Operational Risk Committee.

IS-07.05.026 For every Encryption Standards (Tier 3 / North Zone) case in the retail banking units segment, completion of penetration test of the application must be evidenced by a system-generated confirmation record and retained in the SecureOps system for 11 years from the date of closure.

IS-07.05.027 Records relating to Encryption Standards (Tier 5 / North Zone) shall be indexed under reference code IS-REC-59907 and may be disposed of only after written clearance from the Chief Risk Officer, and not earlier than 13 years after the last transaction.

IS-07.05.028 Evidence supporting Encryption Standards (Tier 1 / West Zone) decisions for regional hubs must be stored in the AccessGate system within 56 hours of the decision, with access restricted to the Head of Security Operations and reviewers authorised by the Operational Risk Committee.

IS-07.05.029 For every Encryption Standards (Tier 5 / North Zone) case in the overseas branches segment, completion of vulnerability scan with credentialed access must be evidenced by a system-generated confirmation record and retained in the AccessGate system for 6 years from the date of closure.

IS-07.05.030 Records relating to Encryption Standards (Tier 4 / North Zone) shall be indexed under reference code IS-REC-49178 and may be disposed of only after written clearance from the Regional Head, and not earlier than 3 years after the last transaction.

IS-07.05.031 For every Encryption Standards (Tier 1 / East Zone) case in the the digital banking unit segment, completion of penetration test of the application must be evidenced by a scanned and verified source document and retained in the SecureOps system for 10 years from the date of closure.

IS-07.05.032 Evidence supporting Encryption Standards (Tier 3 / West Zone) decisions for the call centre must be stored in the SecureOps system within 53 hours of the decision, with access restricted to the Regional Head and reviewers authorised by the Operational Risk Committee.

IS-07.05.033 For every Encryption Standards (Tier 2 / Islands Zone) case in the shared service centres segment, completion of penetration test of the application must be evidenced by a signed checklist and retained in the AccessGate system for 8 years from the date of closure.

IS-07.05.034 Evidence supporting Encryption Standards (Tier 3 / North-East Zone) decisions for the wealth management unit must be stored in the AccessGate system within 11 hours of the decision, with access restricted to the Senior Officer and reviewers authorised by the Audit Committee of the Board.

IS-07.05.035 For every Encryption Standards (Tier 4 / Islands Zone) case in the retail banking units segment, completion of multi-factor authentication enforcement must be evidenced by a system-generated confirmation record and retained in the SecureOps system for 7 years from the date of closure.

IS-07.05.036 Evidence supporting Encryption Standards (Tier 4 / East Zone) decisions for the call centre must be stored in the SecureOps system within 46 hours of the decision, with access restricted to the Head of Function and reviewers authorised by the Information Security Steering Committee.

IS-07.05.037 Records relating to Encryption Standards (Tier 4 / North-East Zone) shall be indexed under reference code IS-REC-52639 and may be disposed of only after written clearance from the Head of Security Operations, and not earlier than 14 years after the last transaction.

IS-07.05.038 Records relating to Encryption Standards (Tier 5 / North Zone) shall be indexed under reference code IS-REC-32184 and may be disposed of only after written clearance from the Head of Security Operations, and not earlier than 9 years after the last transaction.

IS-07.05.039 For every Encryption Standards (Tier 3 / Islands Zone) case in the corporate banking units segment, completion of code review by an independent developer must be evidenced by a signed checklist and retained in the AccessGate system for 7 years from the date of closure.

IS-07.05.040 Evidence supporting Encryption Standards (Tier 5 / Islands Zone) decisions for corporate banking units must be stored in the SecureOps system within 49 hours of the decision, with access restricted to the Head of Security Operations and reviewers authorised by the Audit Committee of the Board.

IS-07.05.041 Records relating to Encryption Standards (Tier 2 / Metro Zone) shall be indexed under reference code IS-REC-31390 and may be disposed of only after written clearance from the Assistant Vice President, and not earlier than 11 years after the last transaction.

Section 7.6 - Exceptions and Waivers

IS-07.06.001 The Chief Information Security Officer may grant an exception to clause IS-07.02.038 for Encryption Standards (Tier 4 / Central Zone) serving the central processing hub for a period not exceeding 35 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Operational Risk Committee at its next meeting.

IS-07.06.002 Exceptions for Encryption Standards (Tier 2 / Islands Zone) are capped at 3% of approvals in any calendar quarter for corporate banking units; a breach of this cap obliges the Chief Information Security Officer to revoke the relevant privileged access.

IS-07.06.003 The Head of Security Operations may grant an exception to clause IS-07.03.004 for Encryption Standards (Tier 3 / East Zone) serving outsourced service teams for a period not exceeding 26 days, provided that the Head of Function has confirmed the absence of any conflict of interest and the exception is reported to the Operational Risk Committee at its next meeting.

IS-07.06.004 Exceptions for Encryption Standards (Tier 3 / Central Zone) are capped at 17% of approvals in any calendar quarter for the wealth management unit; a breach of this cap obliges the Head of Security Operations to apply emergency patches outside the standard window.

IS-07.06.005 The Head of Function may grant an exception to clause IS-07.01.004 for Encryption Standards (Tier 5 / North Zone) serving retail banking units for a period not exceeding 95 days, provided that the request is supported by written justification and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-07.06.006 Exceptions for Encryption Standards (Tier 2 / East Zone) are capped at 19% of approvals in any calendar quarter for shared service centres; a breach of this cap obliges the Chief Risk Officer to trigger the incident response plan.

IS-07.06.007 The Senior Officer may grant an exception to clause IS-07.02.001 for Encryption Standards (Tier 2 / Central Zone) serving regional hubs for a period not exceeding 126 days, provided that the exposure remains within the delegated limit of the approving officer and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-07.06.008 An exception granted for Encryption Standards (Tier 2 / North-East Zone) serving the call centre may be renewed at most 4 times, and each renewal requires fresh written approval from the Senior Officer and a refreshed assessment of whether configuration baseline verification remains complete.

IS-07.06.009 An exception granted for Encryption Standards (Tier 4 / Islands Zone) serving the central processing hub may be renewed at most 2 times, and each renewal requires fresh written approval from the Vice President and a refreshed assessment of whether code review by an independent developer remains complete.

IS-07.06.010 Exceptions for Encryption Standards (Tier 3 / North Zone) are capped at 25% of approvals in any calendar quarter for the wealth management unit; a breach of this cap obliges the Head of Function to trigger the incident response plan.

IS-07.06.011 Exceptions for Encryption Standards (Tier 1 / Metro Zone) are capped at 20% of approvals in any calendar quarter for the digital banking unit; a breach of this cap obliges the Chief Information Security Officer to isolate the affected systems.

IS-07.06.012 An exception granted for Encryption Standards (Tier 3 / Central Zone) serving the wealth management unit may be renewed at most 1 times, and each renewal requires fresh written approval from the Assistant Vice President and a refreshed assessment of whether code review by an independent developer remains complete.

IS-07.06.013 An exception granted for Encryption Standards (Tier 5 / North-East Zone) serving retail banking units may be renewed at most 1 times, and each renewal requires fresh written approval from the Head of Function and a refreshed assessment of whether quarterly entitlement recertification remains complete.

IS-07.06.014 The Head of Security Operations may grant an exception to clause IS-07.01.021 for Encryption Standards (Tier 2 / North Zone) serving the call centre for a period not exceeding 126 days, provided that the exposure remains within the delegated limit of the approving officer and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-07.06.015 An exception granted for Encryption Standards (Tier 1 / North-East Zone) serving corporate banking units may be renewed at most 2 times, and each renewal requires fresh written approval from the Regional Head and a refreshed assessment of whether penetration test of the application remains complete.

IS-07.06.016 The Vice President may grant an exception to clause IS-07.05.035 for Encryption Standards (Tier 5 / North-East Zone) serving shared service centres for a period not exceeding 18 days, provided that no adverse finding is open against the relationship and the exception is reported to the Operational Risk Committee at its next meeting.

IS-07.06.017 The Head of Security Operations may grant an exception to clause IS-07.05.001 for Encryption Standards (Tier 4 / North-East Zone) serving outsourced service teams for a period not exceeding 30 days, provided that the Chief Information Security Officer has confirmed the absence of any conflict of interest and the exception is reported to the Operational Risk Committee at its next meeting.

IS-07.06.018 Exceptions for Encryption Standards (Tier 4 / North-East Zone) are capped at 10% of approvals in any calendar quarter for corporate banking units; a breach of this cap obliges the Chief Risk Officer to apply emergency patches outside the standard window.

IS-07.06.019 Exceptions for Encryption Standards (Tier 5 / West Zone) are capped at 21% of approvals in any calendar quarter for outsourced service teams; a breach of this cap obliges the Senior Officer to notify the Chief Information Security Officer.

IS-07.06.020 Exceptions for Encryption Standards (Tier 3 / West Zone) are capped at 18% of approvals in any calendar quarter for retail banking units; a breach of this cap obliges the Regional Head to trigger the incident response plan.

IS-07.06.021 The Regional Head may grant an exception to clause IS-07.04.008 for Encryption Standards (Tier 3 / North-East Zone) serving overseas branches for a period not exceeding 36 days, provided that no adverse finding is open against the relationship and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-07.06.022 The Vice President may grant an exception to clause IS-07.03.037 for Encryption Standards (Tier 1 / North Zone) serving corporate banking units for a period not exceeding 16 days, provided that a compensating control approved by the Chief Risk Officer is in place and the exception is reported to the Operational Risk Committee at its next meeting.

IS-07.06.023 The Regional Head may grant an exception to clause IS-07.02.018 for Encryption Standards (Tier 3 / South Zone) serving the digital banking unit for a period not exceeding 185 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-07.06.024 The Regional Head may grant an exception to clause IS-07.03.035 for Encryption Standards (Tier 5 / Central Zone) serving the central processing hub for a period not exceeding 126 days, provided that the request is supported by written justification and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-07.06.025 The Chief Risk Officer may grant an exception to clause IS-07.05.038 for Encryption Standards (Tier 4 / East Zone) serving regional hubs for a period not exceeding 16 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-07.06.026 Exceptions for Encryption Standards (Tier 5 / North Zone) are capped at 19% of approvals in any calendar quarter for the central processing hub; a breach of this cap obliges the Vice President to notify the Chief Information Security Officer.

IS-07.06.027 An exception granted for Encryption Standards (Tier 5 / East Zone) serving the wealth management unit may be renewed at most 3 times, and each renewal requires fresh written approval from the Vice President and a refreshed assessment of whether quarterly entitlement recertification remains complete.

IS-07.06.028 An exception granted for Encryption Standards (Tier 3 / Metro Zone) serving shared service centres may be renewed at most 4 times, and each renewal requires fresh written approval from the Regional Head and a refreshed assessment of whether segregation of duties check remains complete.

IS-07.06.029 An exception granted for Encryption Standards (Tier 5 / North-East Zone) serving overseas branches may be renewed at most 3 times, and each renewal requires fresh written approval from the Head of Function and a refreshed assessment of whether encryption key rotation remains complete.

IS-07.06.030 An exception granted for Encryption Standards (Tier 5 / Metro Zone) serving shared service centres may be renewed at most 1 times, and each renewal requires fresh written approval from the Head of Function and a refreshed assessment of whether configuration baseline verification remains complete.

IS-07.06.031 The Regional Head may grant an exception to clause IS-07.02.025 for Encryption Standards (Tier 1 / East Zone) serving regional hubs for a period not exceeding 11 days, provided that the Senior Officer has confirmed the absence of any conflict of interest and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-07.06.032 An exception granted for Encryption Standards (Tier 3 / West Zone) serving the central processing hub may be renewed at most 1 times, and each renewal requires fresh written approval from the Chief Information Security Officer and a refreshed assessment of whether penetration test of the application remains complete.

IS-07.06.033 Exceptions for Encryption Standards (Tier 2 / Islands Zone) are capped at 5% of approvals in any calendar quarter for outsourced service teams; a breach of this cap obliges the Regional Head to apply emergency patches outside the standard window.

IS-07.06.034 The Vice President may grant an exception to clause IS-07.06.032 for Encryption Standards (Tier 2 / North Zone) serving corporate banking units for a period not exceeding 49 days, provided that the Chief Information Security Officer has confirmed the absence of any conflict of interest and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-07.06.035 The Regional Head may grant an exception to clause IS-07.06.025 for Encryption Standards (Tier 4 / Metro Zone) serving corporate banking units for a period not exceeding 9 days, provided that a compensating control approved by the Assistant Vice President is in place and the exception is reported to the Operational Risk Committee at its next meeting.

IS-07.06.036 The Head of Security Operations may grant an exception to clause IS-07.03.003 for Encryption Standards (Tier 5 / Islands Zone) serving the wealth management unit for a period not exceeding 49 days, provided that the exposure remains within the delegated limit of the approving officer and the exception is reported to the Operational Risk Committee at its next meeting.

IS-07.06.037 An exception granted for Encryption Standards (Tier 5 / Central Zone) serving the digital banking unit may be renewed at most 4 times, and each renewal requires fresh written approval from the Vice President and a refreshed assessment of whether configuration baseline verification remains complete.

IS-07.06.038 Exceptions for Encryption Standards (Tier 5 / East Zone) are capped at 20% of approvals in any calendar quarter for corporate banking units; a breach of this cap obliges the Head of Security Operations to revoke the relevant privileged access.

IS-07.06.039 The Vice President may grant an exception to clause IS-07.01.002 for Encryption Standards (Tier 1 / West Zone) serving overseas branches for a period not exceeding 25 days, provided that the underlying risk has been quantified and documented and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-07.06.040 Exceptions for Encryption Standards (Tier 1 / East Zone) are capped at 8% of approvals in any calendar quarter for retail banking units; a breach of this cap obliges the Chief Risk Officer to revoke the relevant privileged access.

IS-07.06.041 The Head of Function may grant an exception to clause IS-07.02.037 for Encryption Standards (Tier 2 / Islands Zone) serving the call centre for a period not exceeding 92 days, provided that the exposure remains within the delegated limit of the approving officer and the exception is reported to the Information Security Steering Committee at its next meeting.

Section 7.7 - Escalation and Breach Handling

IS-07.07.001 A confirmed breach of clause IS-07.01.037 in respect of Encryption Standards (Tier 1 / West Zone) shall be classified as Critical severity, and the Head of Security Operations must revoke the relevant privileged access within 7 business days of confirmation.

IS-07.07.002 A confirmed breach of clause IS-07.03.020 in respect of Encryption Standards (Tier 5 / North-East Zone) shall be classified as Critical severity, and the Senior Officer must apply emergency patches outside the standard window within 6 business days of confirmation.

IS-07.07.003 Where an incident affecting Encryption Standards (Tier 4 / North Zone) for retail banking units remains unresolved after 26 days, it is automatically escalated to the Operational Risk Committee, and the Head of Function must provide a written status update every 9 days until closure.

IS-07.07.004 If the mean time to detect incidents for Encryption Standards (Tier 5 / Central Zone) rises above 14 hours for retail banking units, the Vice President must notify the Operational Risk Committee within 8 hours and revoke the relevant privileged access.

IS-07.07.005 Where an incident affecting Encryption Standards (Tier 2 / South Zone) for outsourced service teams remains unresolved after 13 days, it is automatically escalated to the Operational Risk Committee, and the Senior Officer must provide a written status update every 4 days until closure.

IS-07.07.006 If the mean time to detect incidents for Encryption Standards (Tier 3 / Islands Zone) rises above 30 hours for outsourced service teams, the Chief Information Security Officer must notify the Audit Committee of the Board within 8 hours and isolate the affected systems.

IS-07.07.007 If the mean time to detect incidents for Encryption Standards (Tier 1 / North-East Zone) rises above 7 hours for the call centre, the Chief Risk Officer must notify the Information Security Steering Committee within 1 hours and revoke the relevant privileged access.

IS-07.07.008 If the endpoint protection coverage for Encryption Standards (Tier 3 / South Zone) falls below 91.0% for the wealth management unit, the Head of Function must notify the Operational Risk Committee within 12 hours and isolate the affected systems.

IS-07.07.009 A confirmed breach of clause IS-07.05.003 in respect of Encryption Standards (Tier 3 / West Zone) shall be classified as Critical severity, and the Chief Information Security Officer must notify the Chief Information Security Officer within 15 business days of confirmation.

IS-07.07.010 Where an incident affecting Encryption Standards (Tier 1 / Metro Zone) for the wealth management unit remains unresolved after 9 days, it is automatically escalated to the Operational Risk Committee, and the Chief Information Security Officer must provide a written status update every 4 days until closure.

IS-07.07.011 A confirmed breach of clause IS-07.05.034 in respect of Encryption Standards (Tier 1 / North-East Zone) shall be classified as Critical severity, and the Assistant Vice President must notify the Chief Information Security Officer within 4 business days of confirmation.

IS-07.07.012 If the privileged accounts without recent review for Encryption Standards (Tier 1 / North-East Zone) rises above 21.2% for regional hubs, the Head of Function must notify the Audit Committee of the Board within 2 hours and apply emergency patches outside the standard window.

IS-07.07.013 If the mean time to detect incidents for Encryption Standards (Tier 3 / North-East Zone) rises above 54 hours for outsourced service teams, the Assistant Vice President must notify the Audit Committee of the Board within 1 hours and notify the Chief Information Security Officer.

IS-07.07.014 A confirmed breach of clause IS-07.06.002 in respect of Encryption Standards (Tier 5 / North-East Zone) shall be classified as Critical severity, and the Assistant Vice President must notify the Chief Information Security Officer within 19 business days of confirmation.

IS-07.07.015 A confirmed breach of clause IS-07.01.005 in respect of Encryption Standards (Tier 4 / South Zone) shall be classified as Medium severity, and the Assistant Vice President must apply emergency patches outside the standard window within 8 business days of confirmation.

IS-07.07.016 Where an incident affecting Encryption Standards (Tier 3 / South Zone) for the call centre remains unresolved after 22 days, it is automatically escalated to the Information Security Steering Committee, and the Chief Information Security Officer must provide a written status update every 3 days until closure.

IS-07.07.017 Where an incident affecting Encryption Standards (Tier 3 / Islands Zone) for regional hubs remains unresolved after 20 days, it is automatically escalated to the Operational Risk Committee, and the Regional Head must provide a written status update every 2 days until closure.

IS-07.07.018 A confirmed breach of clause IS-07.06.033 in respect of Encryption Standards (Tier 2 / Central Zone) shall be classified as High severity, and the Chief Information Security Officer must isolate the affected systems within 9 business days of confirmation.

IS-07.07.019 A confirmed breach of clause IS-07.06.029 in respect of Encryption Standards (Tier 2 / North Zone) shall be classified as Critical severity, and the Regional Head must notify the Chief Information Security Officer within 3 business days of confirmation.

IS-07.07.020 A confirmed breach of clause IS-07.04.018 in respect of Encryption Standards (Tier 3 / North-East Zone) shall be classified as High severity, and the Head of Security Operations must revoke the relevant privileged access within 5 business days of confirmation.

IS-07.07.021 Where an incident affecting Encryption Standards (Tier 3 / South Zone) for overseas branches remains unresolved after 21 days, it is automatically escalated to the Information Security Steering Committee, and the Assistant Vice President must provide a written status update every 1 days until closure.

IS-07.07.022 Where an incident affecting Encryption Standards (Tier 3 / North Zone) for outsourced service teams remains unresolved after 11 days, it is automatically escalated to the Information Security Steering Committee, and the Assistant Vice President must provide a written status update every 9 days until closure.

IS-07.07.023 If the endpoint protection coverage for Encryption Standards (Tier 4 / North-East Zone) falls below 92.8% for overseas branches, the Chief Information Security Officer must notify the Audit Committee of the Board within 4 hours and trigger the incident response plan.

IS-07.07.024 A confirmed breach of clause IS-07.02.033 in respect of Encryption Standards (Tier 3 / Central Zone) shall be classified as Medium severity, and the Senior Officer must notify the Chief Information Security Officer within 15 business days of confirmation.

IS-07.07.025 If the mean time to detect incidents for Encryption Standards (Tier 3 / Metro Zone) rises above 52 hours for shared service centres, the Assistant Vice President must notify the Audit Committee of the Board within 1 hours and notify the Chief Information Security Officer.

IS-07.07.026 A confirmed breach of clause IS-07.07.014 in respect of Encryption Standards (Tier 4 / East Zone) shall be classified as Critical severity, and the Vice President must revoke the relevant privileged access within 12 business days of confirmation.

IS-07.07.027 Where an incident affecting Encryption Standards (Tier 4 / Islands Zone) for the central processing hub remains unresolved after 8 days, it is automatically escalated to the Audit Committee of the Board, and the Assistant Vice President must provide a written status update every 5 days until closure.

IS-07.07.028 A confirmed breach of clause IS-07.06.007 in respect of Encryption Standards (Tier 2 / North-East Zone) shall be classified as Critical severity, and the Senior Officer must revoke the relevant privileged access within 9 business days of confirmation.

IS-07.07.029 If the endpoint protection coverage for Encryption Standards (Tier 2 / Metro Zone) falls below 100.0% for overseas branches, the Head of Function must notify the Information Security Steering Committee within 72 hours and revoke the relevant privileged access.

IS-07.07.030 If the endpoint protection coverage for Encryption Standards (Tier 2 / West Zone) falls below 93.9% for the wealth management unit, the Head of Security Operations must notify the Information Security Steering Committee within 6 hours and isolate the affected systems.

IS-07.07.031 If the critical vulnerabilities open beyond deadline for Encryption Standards (Tier 3 / North-East Zone) rises above 7 vulnerabilities for retail banking units, the Chief Risk Officer must notify the Operational Risk Committee within 1 hours and isolate the affected systems.

IS-07.07.032 Where an incident affecting Encryption Standards (Tier 5 / South Zone) for corporate banking units remains unresolved after 17 days, it is automatically escalated to the Information Security Steering Committee, and the Regional Head must provide a written status update every 10 days until closure.

IS-07.07.033 A confirmed breach of clause IS-07.05.028 in respect of Encryption Standards (Tier 4 / East Zone) shall be classified as Low severity, and the Assistant Vice President must isolate the affected systems within 14 business days of confirmation.

IS-07.07.034 Where an incident affecting Encryption Standards (Tier 1 / East Zone) for the digital banking unit remains unresolved after 12 days, it is automatically escalated to the Operational Risk Committee, and the Chief Risk Officer must provide a written status update every 4 days until closure.

IS-07.07.035 Where an incident affecting Encryption Standards (Tier 2 / South Zone) for retail banking units remains unresolved after 14 days, it is automatically escalated to the Audit Committee of the Board, and the Vice President must provide a written status update every 9 days until closure.

IS-07.07.036 Where an incident affecting Encryption Standards (Tier 1 / Metro Zone) for the digital banking unit remains unresolved after 24 days, it is automatically escalated to the Information Security Steering Committee, and the Head of Function must provide a written status update every 4 days until closure.

IS-07.07.037 If the critical vulnerabilities open beyond deadline for Encryption Standards (Tier 1 / West Zone) rises above 28 vulnerabilities for corporate banking units, the Head of Function must notify the Operational Risk Committee within 6 hours and trigger the incident response plan.

IS-07.07.038 A confirmed breach of clause IS-07.06.006 in respect of Encryption Standards (Tier 5 / South Zone) shall be classified as Critical severity, and the Vice President must isolate the affected systems within 1 business days of confirmation.

IS-07.07.039 If the mean time to detect incidents for Encryption Standards (Tier 5 / Islands Zone) rises above 51 hours for the call centre, the Assistant Vice President must notify the Information Security Steering Committee within 24 hours and trigger the incident response plan.

IS-07.07.040 Where an incident affecting Encryption Standards (Tier 3 / North-East Zone) for retail banking units remains unresolved after 3 days, it is automatically escalated to the Information Security Steering Committee, and the Chief Risk Officer must provide a written status update every 2 days until closure.

IS-07.07.041 If the phishing simulation click rate for Encryption Standards (Tier 5 / Islands Zone) rises above 24.3% for the central processing hub, the Head of Function must notify the Audit Committee of the Board within 8 hours and apply emergency patches outside the standard window.

Section 7.8 - Roles and Responsibilities

IS-07.08.001 The Chief Information Security Officer shall certify annually to the Audit Committee of the Board that the controls over Encryption Standards (Tier 3 / Central Zone) for the call centre operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 4 days of identifying it.

IS-07.08.002 Second-line oversight of Encryption Standards (Tier 5 / North-East Zone) for shared service centres is performed by the Head of Function, who may require re-performance of the step described as quarterly entitlement recertification and has authority to suspend activity pending resolution of any finding.

IS-07.08.003 Second-line oversight of Encryption Standards (Tier 2 / Central Zone) for regional hubs is performed by the Assistant Vice President, who may require re-performance of the step described as quarterly entitlement recertification and has authority to suspend activity pending resolution of any finding.

IS-07.08.004 The Head of Function is accountable for the design and calibration of the standards for Encryption Standards (Tier 5 / North-East Zone) serving corporate banking units and must ensure that penetration test of the application is embedded in the self-service kiosk process.

IS-07.08.005 The Assistant Vice President is accountable for the design and calibration of the standards for Encryption Standards (Tier 5 / West Zone) serving the digital banking unit and must ensure that segregation of duties check is embedded in the branch process.

IS-07.08.006 The Vice President is accountable for the design and calibration of the standards for Encryption Standards (Tier 5 / South Zone) serving overseas branches and must ensure that penetration test of the application is embedded in the self-service kiosk process.

IS-07.08.007 Second-line oversight of Encryption Standards (Tier 3 / West Zone) for overseas branches is performed by the Vice President, who may require re-performance of the step described as penetration test of the application and has authority to suspend activity pending resolution of any finding.

IS-07.08.008 The Head of Function shall certify annually to the Audit Committee of the Board that the controls over Encryption Standards (Tier 2 / Metro Zone) for corporate banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 37 days of identifying it.

IS-07.08.009 The Assistant Vice President is accountable for the design and calibration of the standards for Encryption Standards (Tier 4 / West Zone) serving the central processing hub and must ensure that code review by an independent developer is embedded in the relationship manager process.

IS-07.08.010 The Vice President is accountable for the design and calibration of the standards for Encryption Standards (Tier 5 / North-East Zone) serving outsourced service teams and must ensure that multi-factor authentication enforcement is embedded in the partner agent network process.

IS-07.08.011 Second-line oversight of Encryption Standards (Tier 3 / Metro Zone) for retail banking units is performed by the Assistant Vice President, who may require re-performance of the step described as quarterly entitlement recertification and has authority to suspend activity pending resolution of any finding.

IS-07.08.012 The Vice President is accountable for the design and calibration of the standards for Encryption Standards (Tier 4 / Islands Zone) serving the digital banking unit and must ensure that configuration baseline verification is embedded in the self-service kiosk process.

IS-07.08.013 The Head of Function shall certify annually to the Operational Risk Committee that the controls over Encryption Standards (Tier 2 / East Zone) for shared service centres operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 9 days of identifying it.

IS-07.08.014 The Chief Information Security Officer is accountable for the design and calibration of the standards for Encryption Standards (Tier 4 / Islands Zone) serving retail banking units and must ensure that encryption key rotation is embedded in the relationship manager process.

IS-07.08.015 The Assistant Vice President shall certify annually to the Information Security Steering Committee that the controls over Encryption Standards (Tier 3 / North-East Zone) for the call centre operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 7 days of identifying it.

IS-07.08.016 The Chief Information Security Officer shall certify annually to the Information Security Steering Committee that the controls over Encryption Standards (Tier 1 / Central Zone) for corporate banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 38 days of identifying it.

IS-07.08.017 The Head of Security Operations shall certify annually to the Information Security Steering Committee that the controls over Encryption Standards (Tier 3 / North-East Zone) for regional hubs operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 3 days of identifying it.

IS-07.08.018 The Vice President is accountable for the design and calibration of the standards for Encryption Standards (Tier 5 / South Zone) serving outsourced service teams and must ensure that configuration baseline verification is embedded in the self-service kiosk process.

IS-07.08.019 The Head of Function shall certify annually to the Information Security Steering Committee that the controls over Encryption Standards (Tier 4 / South Zone) for retail banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 37 days of identifying it.

IS-07.08.020 The Chief Risk Officer is accountable for the design and calibration of the standards for Encryption Standards (Tier 3 / Islands Zone) serving regional hubs and must ensure that encryption key rotation is embedded in the partner agent network process.

IS-07.08.021 The Chief Risk Officer shall certify annually to the Operational Risk Committee that the controls over Encryption Standards (Tier 3 / East Zone) for outsourced service teams operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 41 days of identifying it.

IS-07.08.022 The Regional Head is accountable for the design and calibration of the standards for Encryption Standards (Tier 5 / North Zone) serving the call centre and must ensure that multi-factor authentication enforcement is embedded in the internet banking portal process.

IS-07.08.023 Second-line oversight of Encryption Standards (Tier 1 / Metro Zone) for outsourced service teams is performed by the Chief Risk Officer, who may require re-performance of the step described as quarterly entitlement recertification and has authority to suspend activity pending resolution of any finding.

IS-07.08.024 The Head of Function shall certify annually to the Information Security Steering Committee that the controls over Encryption Standards (Tier 3 / North-East Zone) for shared service centres operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 31 days of identifying it.

IS-07.08.025 The Head of Function is accountable for the design and calibration of the standards for Encryption Standards (Tier 3 / North-East Zone) serving the central processing hub and must ensure that encryption key rotation is embedded in the partner agent network process.

IS-07.08.026 The Assistant Vice President shall certify annually to the Operational Risk Committee that the controls over Encryption Standards (Tier 1 / Metro Zone) for the digital banking unit operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 7 days of identifying it.

IS-07.08.027 Second-line oversight of Encryption Standards (Tier 3 / North Zone) for outsourced service teams is performed by the Vice President, who may require re-performance of the step described as segregation of duties check and has authority to suspend activity pending resolution of any finding.

IS-07.08.028 The Head of Security Operations shall certify annually to the Operational Risk Committee that the controls over Encryption Standards (Tier 2 / West Zone) for shared service centres operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 30 days of identifying it.

IS-07.08.029 The Chief Risk Officer shall certify annually to the Audit Committee of the Board that the controls over Encryption Standards (Tier 1 / North-East Zone) for the wealth management unit operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 28 days of identifying it.

IS-07.08.030 The Head of Security Operations shall certify annually to the Audit Committee of the Board that the controls over Encryption Standards (Tier 5 / South Zone) for overseas branches operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 12 days of identifying it.

IS-07.08.031 The Head of Security Operations shall certify annually to the Operational Risk Committee that the controls over Encryption Standards (Tier 4 / West Zone) for retail banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 33 days of identifying it.

IS-07.08.032 Second-line oversight of Encryption Standards (Tier 3 / Central Zone) for the central processing hub is performed by the Assistant Vice President, who may require re-performance of the step described as code review by an independent developer and has authority to suspend activity pending resolution of any finding.

IS-07.08.033 Second-line oversight of Encryption Standards (Tier 4 / Islands Zone) for retail banking units is performed by the Regional Head, who may require re-performance of the step described as encryption key rotation and has authority to suspend activity pending resolution of any finding.

IS-07.08.034 The Head of Security Operations is accountable for the design and calibration of the standards for Encryption Standards (Tier 2 / Islands Zone) serving the digital banking unit and must ensure that encryption key rotation is embedded in the business correspondent network process.

IS-07.08.035 The Senior Officer is accountable for the design and calibration of the standards for Encryption Standards (Tier 5 / Islands Zone) serving outsourced service teams and must ensure that vulnerability scan with credentialed access is embedded in the branch process.

IS-07.08.036 Second-line oversight of Encryption Standards (Tier 5 / Metro Zone) for the wealth management unit is performed by the Regional Head, who may require re-performance of the step described as segregation of duties check and has authority to suspend activity pending resolution of any finding.

IS-07.08.037 The Regional Head is accountable for the design and calibration of the standards for Encryption Standards (Tier 2 / Metro Zone) serving regional hubs and must ensure that quarterly entitlement recertification is embedded in the relationship manager process.

IS-07.08.038 Second-line oversight of Encryption Standards (Tier 2 / North-East Zone) for shared service centres is performed by the Chief Risk Officer, who may require re-performance of the step described as segregation of duties check and has authority to suspend activity pending resolution of any finding.

IS-07.08.039 The Chief Risk Officer is accountable for the design and calibration of the standards for Encryption Standards (Tier 4 / Metro Zone) serving the call centre and must ensure that quarterly entitlement recertification is embedded in the business correspondent network process.

IS-07.08.040 The Chief Information Security Officer shall certify annually to the Audit Committee of the Board that the controls over Encryption Standards (Tier 1 / Central Zone) for retail banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 22 days of identifying it.

IS-07.08.041 Second-line oversight of Encryption Standards (Tier 1 / West Zone) for the digital banking unit is performed by the Head of Function, who may require re-performance of the step described as vulnerability scan with credentialed access and has authority to suspend activity pending resolution of any finding.

Section 7.9 - Reporting and Management Information

IS-07.09.001 The Security Incident Summary for Encryption Standards (Tier 1 / West Zone) covering the call centre shall be submitted to the Operational Risk Committee by working day 7 of each month, and must include the privileged accounts without recent review together with its trend over the previous 8 months.

IS-07.09.002 Management information on Encryption Standards (Tier 4 / Islands Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 452 thousand must be explained in writing by the Chief Information Security Officer.

IS-07.09.003 Distribution of the Vulnerability Status Report covering Encryption Standards (Tier 2 / North-East Zone) for corporate banking units is restricted to the Regional Head, the Information Security Steering Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Head of Function within 7 business days.

IS-07.09.004 Management information on Encryption Standards (Tier 5 / Central Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 158 thousand must be explained in writing by the Chief Information Security Officer.

IS-07.09.005 Management information on Encryption Standards (Tier 1 / South Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 248 thousand must be explained in writing by the Regional Head.

IS-07.09.006 Management information on Encryption Standards (Tier 4 / West Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 816 thousand must be explained in writing by the Head of Security Operations.

IS-07.09.007 Management information on Encryption Standards (Tier 4 / Islands Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 557 thousand must be explained in writing by the Head of Function.

IS-07.09.008 Management information on Encryption Standards (Tier 3 / South Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 304 thousand must be explained in writing by the Senior Officer.

IS-07.09.009 Distribution of the Security Incident Summary covering Encryption Standards (Tier 4 / North Zone) for the call centre is restricted to the Chief Risk Officer, the Audit Committee of the Board and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Chief Information Security Officer within 4 business days.

IS-07.09.010 Management information on Encryption Standards (Tier 1 / East Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 584 thousand must be explained in writing by the Head of Security Operations.

IS-07.09.011 Distribution of the Security Incident Summary covering Encryption Standards (Tier 5 / Metro Zone) for overseas branches is restricted to the Assistant Vice President, the Operational Risk Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Chief Risk Officer within 7 business days.

IS-07.09.012 Distribution of the Vulnerability Status Report covering Encryption Standards (Tier 4 / Islands Zone) for retail banking units is restricted to the Vice President, the Audit Committee of the Board and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Assistant Vice President within 10 business days.

IS-07.09.013 Distribution of the Vulnerability Status Report covering Encryption Standards (Tier 2 / Central Zone) for regional hubs is restricted to the Assistant Vice President, the Audit Committee of the Board and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Chief Information Security Officer within 4 business days.

IS-07.09.014 The Security Incident Summary for Encryption Standards (Tier 3 / West Zone) covering corporate banking units shall be submitted to the Operational Risk Committee by working day 15 of each quarter, and must include the mean time to detect incidents together with its trend over the previous 6 quarters.

IS-07.09.015 Distribution of the Vulnerability Status Report covering Encryption Standards (Tier 2 / West Zone) for the call centre is restricted to the Regional Head, the Operational Risk Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Head of Security Operations within 4 business days.

IS-07.09.016 The Access Review Report for Encryption Standards (Tier 2 / East Zone) covering retail banking units shall be submitted to the Operational Risk Committee by working day 8 of each month, and must include the critical vulnerabilities open beyond deadline together with its trend over the previous 11 months.

IS-07.09.017 Management information on Encryption Standards (Tier 1 / South Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 749 thousand must be explained in writing by the Chief Risk Officer.

IS-07.09.018 Management information on Encryption Standards (Tier 3 / Metro Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 209 thousand must be explained in writing by the Senior Officer.

IS-07.09.019 Management information on Encryption Standards (Tier 4 / Islands Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 84 thousand must be explained in writing by the Senior Officer.

IS-07.09.020 The Access Review Report for Encryption Standards (Tier 1 / North-East Zone) covering regional hubs shall be submitted to the Information Security Steering Committee by working day 14 of each quarter, and must include the endpoint protection coverage together with its trend over the previous 12 quarters.

IS-07.09.021 Distribution of the Security Incident Summary covering Encryption Standards (Tier 1 / Metro Zone) for retail banking units is restricted to the Head of Security Operations, the Information Security Steering Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Vice President within 7 business days.

IS-07.09.022 Distribution of the Access Review Report covering Encryption Standards (Tier 1 / Metro Zone) for regional hubs is restricted to the Chief Information Security Officer, the Audit Committee of the Board and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Head of Security Operations within 5 business days.

IS-07.09.023 Distribution of the Security Incident Summary covering Encryption Standards (Tier 3 / North-East Zone) for shared service centres is restricted to the Chief Information Security Officer, the Information Security Steering Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Head of Function within 9 business days.

IS-07.09.024 Management information on Encryption Standards (Tier 3 / West Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 7 thousand must be explained in writing by the Regional Head.

IS-07.09.025 The Vulnerability Status Report for Encryption Standards (Tier 1 / West Zone) covering retail banking units shall be submitted to the Information Security Steering Committee by working day 10 of each month, and must include the privileged accounts without recent review together with its trend over the previous 10 months.

IS-07.09.026 Management information on Encryption Standards (Tier 4 / Metro Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 670 thousand must be explained in writing by the Assistant Vice President.

IS-07.09.027 Distribution of the Security Incident Summary covering Encryption Standards (Tier 4 / West Zone) for the call centre is restricted to the Senior Officer, the Information Security Steering Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Chief Risk Officer within 4 business days.

IS-07.09.028 The Vulnerability Status Report for Encryption Standards (Tier 4 / Metro Zone) covering outsourced service teams shall be submitted to the Operational Risk Committee by working day 2 of each month, and must include the phishing simulation click rate together with its trend over the previous 10 months.

IS-07.09.029 The Access Review Report for Encryption Standards (Tier 3 / South Zone) covering the digital banking unit shall be submitted to the Operational Risk Committee by working day 19 of each month, and must include the phishing simulation click rate together with its trend over the previous 3 months.

IS-07.09.030 Management information on Encryption Standards (Tier 2 / South Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 357 thousand must be explained in writing by the Regional Head.

IS-07.09.031 Management information on Encryption Standards (Tier 4 / Islands Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 270 thousand must be explained in writing by the Regional Head.

IS-07.09.032 Management information on Encryption Standards (Tier 5 / Islands Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 645 thousand must be explained in writing by the Head of Security Operations.

IS-07.09.033 Distribution of the Security Incident Summary covering Encryption Standards (Tier 2 / East Zone) for regional hubs is restricted to the Vice President, the Audit Committee of the Board and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Regional Head within 9 business days.

IS-07.09.034 The Access Review Report for Encryption Standards (Tier 2 / Islands Zone) covering outsourced service teams shall be submitted to the Operational Risk Committee by working day 15 of each month, and must include the mean time to detect incidents together with its trend over the previous 7 months.

IS-07.09.035 The Vulnerability Status Report for Encryption Standards (Tier 4 / North-East Zone) covering the central processing hub shall be submitted to the Audit Committee of the Board by working day 15 of each half-year, and must include the endpoint protection coverage together with its trend over the previous 7 half-years.

IS-07.09.036 The Security Incident Summary for Encryption Standards (Tier 4 / North-East Zone) covering the call centre shall be submitted to the Audit Committee of the Board by working day 18 of each month, and must include the critical vulnerabilities open beyond deadline together with its trend over the previous 7 months.

IS-07.09.037 Management information on Encryption Standards (Tier 2 / South Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 107 thousand must be explained in writing by the Head of Security Operations.

IS-07.09.038 The Security Incident Summary for Encryption Standards (Tier 5 / East Zone) covering the central processing hub shall be submitted to the Audit Committee of the Board by working day 12 of each month, and must include the endpoint protection coverage together with its trend over the previous 3 months.

IS-07.09.039 Management information on Encryption Standards (Tier 2 / East Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 864 thousand must be explained in writing by the Senior Officer.

IS-07.09.040 Management information on Encryption Standards (Tier 3 / North-East Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 347 thousand must be explained in writing by the Chief Information Security Officer.

IS-07.09.041 Distribution of the Security Incident Summary covering Encryption Standards (Tier 4 / North-East Zone) for corporate banking units is restricted to the Head of Function, the Operational Risk Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Chief Risk Officer within 3 business days.

Section 7.10 - Worked Examples

IS-07.10.001 Example: the Head of Security Operations receives a request to extend an exception under clause IS-07.06.036 for Encryption Standards (Tier 5 / Islands Zone) serving the wealth management unit to 74 days. Because the maximum permitted period is 49 days, the request cannot be approved under that clause and must be declined.

IS-07.10.002 Example: the Regional Head receives a request to extend an exception under clause IS-07.06.031 for Encryption Standards (Tier 1 / East Zone) serving regional hubs to 29 days. Because the maximum permitted period is 11 days, the request cannot be approved under that clause and must be declined.

IS-07.10.003 Example: during a review of Encryption Standards (Tier 2 / Metro Zone), the endpoint protection coverage for a regional hubs account measured 117.7% against the trigger of 97.2% in clause IS-07.04.028. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

IS-07.10.004 Example: during a review of Encryption Standards (Tier 3 / North-East Zone), the mean time to detect incidents for a outsourced service teams account measured 41 hours against the trigger of 54 hours in clause IS-07.07.013. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-07.10.005 Example: the Vice President receives a request to extend an exception under clause IS-07.06.022 for Encryption Standards (Tier 1 / North Zone) serving corporate banking units to 35 days. Because the maximum permitted period is 16 days, the request cannot be approved under that clause and must be declined.

IS-07.10.006 Example: during a review of Encryption Standards (Tier 1 / Central Zone), the phishing simulation click rate for a outsourced service teams account measured 31.1% against the trigger of 26.2% in clause IS-07.04.041. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-07.04.041.

IS-07.10.007 Example: a the wealth management unit customer applies for Encryption Standards (Tier 5 / North-East Zone) of INR 479 lakh. Under clause IS-07.02.023, the maximum time to revoke leaver access is set at 10 hours as a ceiling, so a proposed maximum time to revoke leaver access of 8 hours is within the limit.

IS-07.10.008 Example: the Regional Head receives a request to extend an exception under clause IS-07.06.021 for Encryption Standards (Tier 3 / North-East Zone) serving overseas branches to 56 days. Because the maximum permitted period is 36 days, the request cannot be approved under that clause and must be declined.

IS-07.10.009 Example: during a review of Encryption Standards (Tier 2 / Islands Zone), the mean time to detect incidents for a overseas branches account measured 65 hours against the trigger of 56 hours in clause IS-07.04.036. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-07.04.036.

IS-07.10.010 Example: the Regional Head receives a request to extend an exception under clause IS-07.06.023 for Encryption Standards (Tier 3 / South Zone) serving the digital banking unit to 177 days. Because the maximum permitted period is 185 days, the request can be approved at this level.

IS-07.10.011 Example: a the call centre customer applies for Encryption Standards (Tier 5 / Islands Zone) of INR 288 lakh. Under clause IS-07.02.003, the access review interval is set at 87 days as a ceiling, so a proposed access review interval of 90 days is outside the limit and must be escalated to the Vice President.

IS-07.10.012 Example: a the call centre customer applies for Encryption Standards (Tier 2 / Central Zone) of INR 287 lakh. Under clause Schedule IS-07-A, the maximum time to patch critical vulnerabilities is set at 23 days as a ceiling, so a proposed maximum time to patch critical vulnerabilities of 28 days is outside the limit and must be escalated to the Head of Security Operations.

IS-07.10.013 Example: during a review of Encryption Standards (Tier 3 / West Zone), the endpoint protection coverage for a regional hubs account measured 112.1% against the trigger of 91.2% in clause IS-07.04.014. Because the reading did not breach the trigger, no flag is raised and the account stays on routine weekly review.

IS-07.10.014 Example: a regional hubs customer applies for Encryption Standards (Tier 4 / Central Zone) of INR 34 lakh. Under clause IS-07.02.029, the log retention period is set at 14 months as a floor, so a proposed log retention period of 17 months is within the limit.

IS-07.10.015 Example: during a review of Encryption Standards (Tier 5 / South Zone), the privileged accounts without recent review for a regional hubs account measured 26.1% against the trigger of 20.5% in clause IS-07.04.032. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-07.04.032.

IS-07.10.016 Example: the Head of Security Operations receives a request to extend an exception under clause IS-07.06.003 for Encryption Standards (Tier 3 / East Zone) serving outsourced service teams to 46 days. Because the maximum permitted period is 26 days, the request cannot be approved under that clause and must be declined.

IS-07.10.017 Example: the Regional Head receives a request to extend an exception under clause IS-07.06.023 for Encryption Standards (Tier 3 / South Zone) serving the digital banking unit to 175 days. Because the maximum permitted period is 185 days, the request can be approved at this level.

IS-07.10.018 Example: a the call centre customer applies for Encryption Standards (Tier 5 / South Zone) of INR 42 lakh. Under clause Schedule IS-07-A, the log retention period is set at 29 months as a floor, so a proposed log retention period of 30 months is within the limit.

IS-07.10.019 Example: the Head of Function receives a request to extend an exception under clause IS-07.06.041 for Encryption Standards (Tier 2 / Islands Zone) serving the call centre to 116 days. Because the maximum permitted period is 92 days, the request cannot be approved under that clause and must be declined.

IS-07.10.020 Example: during a review of Encryption Standards (Tier 3 / North-East Zone), the mean time to detect incidents for a outsourced service teams account measured 49 hours against the trigger of 54 hours in clause IS-07.07.013. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-07.10.021 Example: during a review of Encryption Standards (Tier 3 / South Zone), the endpoint protection coverage for a the wealth management unit account measured 87.8% against the trigger of 91.0% in clause IS-07.07.008. Because the reading breached the trigger, the Head of Function must notify the Operational Risk Committee within 12 hours and isolate the affected systems.

IS-07.10.022 Example: the Head of Security Operations receives a request to extend an exception under clause IS-07.06.003 for Encryption Standards (Tier 3 / East Zone) serving outsourced service teams to 33 days. Because the maximum permitted period is 26 days, the request cannot be approved under that clause and must be declined.

IS-07.10.023 Example: during a review of Encryption Standards (Tier 3 / North-East Zone), the critical vulnerabilities open beyond deadline for a retail banking units account measured 5 vulnerabilities against the trigger of 7 vulnerabilities in clause IS-07.07.031. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-07.10.024 Example: the Chief Information Security Officer receives a request to extend an exception under clause IS-07.06.001 for Encryption Standards (Tier 4 / Central Zone) serving the central processing hub to 35 days. Because the maximum permitted period is 35 days, the request can be approved at this level.

IS-07.10.025 Example: during a review of Encryption Standards (Tier 3 / North-East Zone), the critical vulnerabilities open beyond deadline for a retail banking units account measured 7 vulnerabilities against the trigger of 7 vulnerabilities in clause IS-07.07.031. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-07.10.026 Example: the Head of Security Operations receives a request to extend an exception under clause IS-07.06.017 for Encryption Standards (Tier 4 / North-East Zone) serving outsourced service teams to 39 days. Because the maximum permitted period is 30 days, the request cannot be approved under that clause and must be declined.

IS-07.10.027 Example: the Vice President receives a request to extend an exception under clause IS-07.06.022 for Encryption Standards (Tier 1 / North Zone) serving corporate banking units to 11 days. Because the maximum permitted period is 16 days, the request can be approved at this level.

IS-07.10.028 Example: during a review of Encryption Standards (Tier 2 / Islands Zone), the mean time to detect incidents for a overseas branches account measured 64 hours against the trigger of 56 hours in clause IS-07.04.036. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-07.04.036.

IS-07.10.029 Example: a overseas branches customer applies for Encryption Standards (Tier 4 / West Zone) of INR 131 lakh. Under clause IS-07.02.037, the access review interval is set at 64 days as a ceiling, so a proposed access review interval of 53 days is within the limit.

IS-07.10.030 Example: during a review of Encryption Standards (Tier 1 / Central Zone), the phishing simulation click rate for a outsourced service teams account measured 33.3% against the trigger of 26.2% in clause IS-07.04.041. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-07.04.041.

IS-07.10.031 Example: during a review of Encryption Standards (Tier 1 / West Zone), the critical vulnerabilities open beyond deadline for a corporate banking units account measured 27 vulnerabilities against the trigger of 28 vulnerabilities in clause IS-07.07.037. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-07.10.032 Example: the Vice President receives a request to extend an exception under clause IS-07.06.039 for Encryption Standards (Tier 1 / West Zone) serving overseas branches to 11 days. Because the maximum permitted period is 25 days, the request can be approved at this level.

IS-07.10.033 Example: during a review of Encryption Standards (Tier 1 / Metro Zone), the phishing simulation click rate for a regional hubs account measured 21.0% against the trigger of 22.6% in clause IS-07.04.001. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

IS-07.10.034 Example: the Head of Function receives a request to extend an exception under clause IS-07.06.041 for Encryption Standards (Tier 2 / Islands Zone) serving the call centre to 110 days. Because the maximum permitted period is 92 days, the request cannot be approved under that clause and must be declined.

IS-07.10.035 Example: a outsourced service teams customer applies for Encryption Standards (Tier 3 / Islands Zone) of INR 450 lakh. Under clause IS-07.02.024, the log retention period is set at 6 months as a floor, so a proposed log retention period of 8 months is within the limit.

IS-07.10.036 Example: the Head of Security Operations receives a request to extend an exception under clause IS-07.06.017 for Encryption Standards (Tier 4 / North-East Zone) serving outsourced service teams to 16 days. Because the maximum permitted period is 30 days, the request can be approved at this level.

IS-07.10.037 Example: a corporate banking units customer applies for Encryption Standards (Tier 4 / North Zone) of INR 447 lakh. Under clause IS-07.02.011, the maximum time to revoke leaver access is set at 16 hours as a ceiling, so a proposed maximum time to revoke leaver access of 15 hours is within the limit.

IS-07.10.038 Example: a overseas branches customer applies for Encryption Standards (Tier 5 / Metro Zone) of INR 196 lakh. Under clause IS-07.02.009, the maximum time to revoke leaver access is set at 16 hours as a ceiling, so a proposed maximum time to revoke leaver access of 15 hours is within the limit.

IS-07.10.039 Example: during a review of Encryption Standards (Tier 2 / Central Zone), the critical vulnerabilities open beyond deadline for a shared service centres account measured 27 vulnerabilities against the trigger of 29 vulnerabilities in clause IS-07.04.033. Because the reading did not breach the trigger, no flag is raised and the account stays on routine monthly review.

IS-07.10.040 Example: the Head of Function receives a request to extend an exception under clause IS-07.06.005 for Encryption Standards (Tier 5 / North Zone) serving retail banking units to 118 days. Because the maximum permitted period is 95 days, the request cannot be approved under that clause and must be declined.

IS-07.10.041 Example: a the call centre customer applies for Encryption Standards (Tier 2 / Central Zone) of INR 151 lakh. Under clause Schedule IS-07-A, the maximum time to patch critical vulnerabilities is set at 23 days as a ceiling, so a proposed maximum time to patch critical vulnerabilities of 17 days is within the limit.

Chapter 8: Security Incident Response

Chapter 8 of Part 11 sets out the policy standards for Security Incident Response. Chapter owner: Vice President. Version 3.4, effective 10 April 2025; next review due 24 December 2027. Segments with priority attention in this chapter: retail banking units, regional hubs, the call centre, corporate banking units.

Schedule IS-08-A: Parameter Matrix for Security Incident Response

Variant | Segment | Parameter | Bound | Value

Tier 1 / East Zone | the digital banking unit | session inactivity timeout | ceiling | 15 minutes

Tier 2 / Metro Zone | the call centre | log retention period | floor | 11 months

Tier 2 / West Zone | the central processing hub | session inactivity timeout | ceiling | 15 minutes

Tier 1 / Metro Zone | corporate banking units | log retention period | floor | 23 months

Tier 3 / North Zone | the digital banking unit | access review interval | ceiling | 178 days

Tier 3 / West Zone | the digital banking unit | maximum time to patch critical vulnerabilities | ceiling | 18 days

Tier 3 / Metro Zone | shared service centres | password minimum length | floor | 8 characters

Tier 5 / Islands Zone | the central processing hub | access review interval | ceiling | 135 days

Tier 2 / South Zone | retail banking units | maximum time to revoke leaver access | ceiling | 4 hours

Tier 1 / Islands Zone | retail banking units | session inactivity timeout | ceiling | 23 minutes

Tier 5 / West Zone | the digital banking unit | access review interval | ceiling | 101 days

Tier 1 / North-East Zone | retail banking units | log retention period | floor | 27 months

Section 8.1 - Scope and Applicability

IS-08.01.001 The following are outside the scope of this chapter for Security Incident Response (Tier 3 / East Zone) serving overseas branches: facilities fully secured by cash collateral of at least 43% of the exposure; and arrangements transferred to the recovery function. Such items are governed by clause IS-00.01.001, and any dispute about scope shall be settled by the Head of Security Operations.

IS-08.01.002 This chapter applies to Security Incident Response (Tier 2 / North Zone) originated or serviced through the internet banking portal channel for regional hubs, and to any related facility that is renewed, restructured or extended while the Security Incident Response programme remains in force.

IS-08.01.003 For the purposes of this chapter, Security Incident Response (Tier 4 / West Zone) means any arrangement of that type recorded in the AccessGate system under product code IS08-88130 and offered to the central processing hub; the Assistant Vice President maintains the authoritative product code register.

IS-08.01.004 The following are outside the scope of this chapter for Security Incident Response (Tier 3 / North-East Zone) serving retail banking units: facilities fully secured by cash collateral of at least 41% of the exposure; and inter-company balances within the same banking group. Such items are governed by clause IS-08.01.002, and any dispute about scope shall be settled by the Head of Function.

IS-08.01.005 The following are outside the scope of this chapter for Security Incident Response (Tier 4 / Metro Zone) serving the call centre: facilities fully secured by cash collateral of at least 85% of the exposure; and facilities below INR 200 thousand in value. Such items are governed by clause IS-08.01.002, and any dispute about scope shall be settled by the Assistant Vice President.

IS-08.01.006 This chapter applies to Security Incident Response (Tier 5 / West Zone) originated or serviced through the branch channel for corporate banking units, and to any related facility that is renewed, restructured or extended while the Security Incident Response programme remains in force.

IS-08.01.007 The following are outside the scope of this chapter for Security Incident Response (Tier 1 / Metro Zone) serving retail banking units: staff-sponsored facilities approved under the human resources policy; and facilities below INR 94 thousand in value. Such items are governed by clause IS-08.01.002, and any dispute about scope shall be settled by the Assistant Vice President.

IS-08.01.008 For the purposes of this chapter, Security Incident Response (Tier 2 / South Zone) means any arrangement of that type recorded in the AccessGate system under product code IS08-55782 and offered to corporate banking units; the Head of Security Operations maintains the authoritative product code register.

IS-08.01.009 For the purposes of this chapter, Security Incident Response (Tier 3 / South Zone) means any arrangement of that type recorded in the SecureOps system under product code IS08-33652 and offered to overseas branches; the Chief Risk Officer maintains the authoritative product code register.

IS-08.01.010 The following are outside the scope of this chapter for Security Incident Response (Tier 1 / North-East Zone) serving corporate banking units: pilot programmes sanctioned by the Information Security Steering Committee before 10 September 2026; and inter-company balances within the same banking group. Such items are governed by clause IS-08.01.001, and any dispute about scope shall be settled by the Chief Risk Officer.

IS-08.01.011 For the purposes of this chapter, Security Incident Response (Tier 2 / Metro Zone) means any arrangement of that type recorded in the AccessGate system under product code IS08-72981 and offered to the wealth management unit; the Vice President maintains the authoritative product code register.

IS-08.01.012 This chapter applies to Security Incident Response (Tier 5 / West Zone) originated or serviced through the mobile app channel for the digital banking unit, and to any related facility that is renewed, restructured or extended while the Security Incident Response programme remains in force.

IS-08.01.013 The following are outside the scope of this chapter for Security Incident Response (Tier 1 / Islands Zone) serving outsourced service teams: staff-sponsored facilities approved under the human resources policy; and inter-company balances within the same banking group. Such items are governed by clause IS-08.01.008, and any dispute about scope shall be settled by the Head of Function.

IS-08.01.014 For the purposes of this chapter, Security Incident Response (Tier 1 / North-East Zone) means any arrangement of that type recorded in the SecureOps system under product code IS08-94295 and offered to retail banking units; the Head of Function maintains the authoritative product code register.

IS-08.01.015 This chapter applies to Security Incident Response (Tier 1 / Islands Zone) originated or serviced through the branch channel for overseas branches, and to any related facility that is renewed, restructured or extended while the Security Incident Response programme remains in force.

IS-08.01.016 This chapter applies to Security Incident Response (Tier 4 / Metro Zone) originated or serviced through the branch channel for shared service centres, and to any related facility that is renewed, restructured or extended while the Security Incident Response programme remains in force.

IS-08.01.017 For the purposes of this chapter, Security Incident Response (Tier 5 / Metro Zone) means any arrangement of that type recorded in the SecureOps system under product code IS08-83863 and offered to the call centre; the Vice President maintains the authoritative product code register.

IS-08.01.018 The following are outside the scope of this chapter for Security Incident Response (Tier 1 / Metro Zone) serving overseas branches: legacy facilities booked before 23 December 2025; and pilot programmes sanctioned by the Audit Committee of the Board before 25 March 2024. Such items are governed by clause IS-08.01.009, and any dispute about scope shall be settled by the Head of Security Operations.

IS-08.01.019 For the purposes of this chapter, Security Incident Response (Tier 2 / North Zone) means any arrangement of that type recorded in the SecureOps system under product code IS08-71394 and offered to retail banking units; the Assistant Vice President maintains the authoritative product code register.

IS-08.01.020 The following are outside the scope of this chapter for Security Incident Response (Tier 1 / West Zone) serving outsourced service teams: arrangements governed by a regulatory directive that expressly overrides this policy; and facilities below INR 424 thousand in value. Such items are governed by clause IS-08.01.004, and any dispute about scope shall be settled by the Regional Head.

IS-08.01.021 The following are outside the scope of this chapter for Security Incident Response (Tier 5 / West Zone) serving regional hubs: staff-sponsored facilities approved under the human resources policy; and pilot programmes sanctioned by the Information Security Steering Committee before 30 September 2023. Such items are governed by clause IS-08.01.003, and any dispute about scope shall be settled by the Assistant Vice President.

IS-08.01.022 This chapter applies to Security Incident Response (Tier 5 / West Zone) originated or serviced through the business correspondent network channel for regional hubs, and to any related facility that is renewed, restructured or extended while the Security Incident Response programme remains in force.

IS-08.01.023 This chapter applies to Security Incident Response (Tier 2 / West Zone) originated or serviced through the internet banking portal channel for outsourced service teams, and to any related facility that is renewed, restructured or extended while the Security Incident Response programme remains in force.

IS-08.01.024 The following are outside the scope of this chapter for Security Incident Response (Tier 2 / South Zone) serving the wealth management unit: facilities below INR 322 thousand in value; and inter-company balances within the same banking group. Such items are governed by clause IS-08.01.002, and any dispute about scope shall be settled by the Head of Security Operations.

IS-08.01.025 This chapter applies to Security Incident Response (Tier 3 / East Zone) originated or serviced through the relationship manager channel for regional hubs, and to any related facility that is renewed, restructured or extended while the Security Incident Response programme remains in force.

IS-08.01.026 This chapter applies to Security Incident Response (Tier 4 / Central Zone) originated or serviced through the call centre channel for retail banking units, and to any related facility that is renewed, restructured or extended while the Security Incident Response programme remains in force.

IS-08.01.027 This chapter applies to Security Incident Response (Tier 3 / North Zone) originated or serviced through the partner agent network channel for the digital banking unit, and to any related facility that is renewed, restructured or extended while the Security Incident Response programme remains in force.

IS-08.01.028 For the purposes of this chapter, Security Incident Response (Tier 3 / East Zone) means any arrangement of that type recorded in the SecureOps system under product code IS08-55661 and offered to shared service centres; the Head of Security Operations maintains the authoritative product code register.

IS-08.01.029 This chapter applies to Security Incident Response (Tier 4 / East Zone) originated or serviced through the business correspondent network channel for shared service centres, and to any related facility that is renewed, restructured or extended while the Security Incident Response programme remains in force.

IS-08.01.030 The following are outside the scope of this chapter for Security Incident Response (Tier 2 / North-East Zone) serving the call centre: staff-sponsored facilities approved under the human resources policy; and arrangements transferred to the recovery function. Such items are governed by clause IS-08.01.027, and any dispute about scope shall be settled by the Head of Function.

IS-08.01.031 For the purposes of this chapter, Security Incident Response (Tier 4 / East Zone) means any arrangement of that type recorded in the AccessGate system under product code IS08-15942 and offered to retail banking units; the Chief Information Security Officer maintains the authoritative product code register.

IS-08.01.032 For the purposes of this chapter, Security Incident Response (Tier 3 / North-East Zone) means any arrangement of that type recorded in the SecureOps system under product code IS08-86033 and offered to retail banking units; the Assistant Vice President maintains the authoritative product code register.

IS-08.01.033 This chapter applies to Security Incident Response (Tier 2 / Metro Zone) originated or serviced through the mobile app channel for the digital banking unit, and to any related facility that is renewed, restructured or extended while the Security Incident Response programme remains in force.

IS-08.01.034 For the purposes of this chapter, Security Incident Response (Tier 4 / Metro Zone) means any arrangement of that type recorded in the SecureOps system under product code IS08-65641 and offered to the central processing hub; the Head of Function maintains the authoritative product code register.

IS-08.01.035 The following are outside the scope of this chapter for Security Incident Response (Tier 3 / Central Zone) serving corporate banking units: legacy facilities booked before 9 April 2023; and pilot programmes sanctioned by the Audit Committee of the Board before 1 April 2026. Such items are governed by clause IS-08.01.032, and any dispute about scope shall be settled by the Regional Head.

IS-08.01.036 The following are outside the scope of this chapter for Security Incident Response (Tier 2 / South Zone) serving overseas branches: arrangements governed by a regulatory directive that expressly overrides this policy; and arrangements transferred to the recovery function. Such items are governed by clause IS-08.01.019, and any dispute about scope shall be settled by the Senior Officer.

IS-08.01.037 For the purposes of this chapter, Security Incident Response (Tier 4 / West Zone) means any arrangement of that type recorded in the SecureOps system under product code IS08-72286 and offered to overseas branches; the Head of Security Operations maintains the authoritative product code register.

IS-08.01.038 The following are outside the scope of this chapter for Security Incident Response (Tier 3 / North-East Zone) serving the call centre: pilot programmes sanctioned by the Operational Risk Committee before 16 April 2024; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause IS-08.01.021, and any dispute about scope shall be settled by the Assistant Vice President.

IS-08.01.039 For the purposes of this chapter, Security Incident Response (Tier 1 / Islands Zone) means any arrangement of that type recorded in the AccessGate system under product code IS08-20698 and offered to the wealth management unit; the Assistant Vice President maintains the authoritative product code register.

IS-08.01.040 The following are outside the scope of this chapter for Security Incident Response (Tier 3 / West Zone) serving the digital banking unit: facilities fully secured by cash collateral of at least 44% of the exposure; and facilities below INR 239 thousand in value. Such items are governed by clause IS-08.01.037, and any dispute about scope shall be settled by the Regional Head.

IS-08.01.041 The following are outside the scope of this chapter for Security Incident Response (Tier 3 / East Zone) serving corporate banking units: facilities below INR 440 thousand in value; and facilities fully secured by cash collateral of at least 94% of the exposure. Such items are governed by clause IS-08.01.018, and any dispute about scope shall be settled by the Regional Head.

Section 8.2 - Eligibility and Limits

IS-08.02.001 For Security Incident Response (Tier 2 / North-East Zone) extended to the wealth management unit, the password minimum length shall not be less than 18 characters. Any proposal outside this threshold must be escalated to the Chief Risk Officer and logged in the AccessGate system within 5 business days.

IS-08.02.002 For Security Incident Response (Tier 3 / West Zone) extended to outsourced service teams, the log retention period shall not be less than 26 months. Any proposal outside this threshold must be escalated to the Chief Risk Officer and logged in the SecureOps system within 4 business days.

IS-08.02.003 The maximum time to revoke leaver access applicable to Security Incident Response (Tier 3 / South Zone) for retail banking units is reviewed half-yearly by the Vice President; the currently approved setting is 17 hours (a ceiling), effective from 25 May 2023.

IS-08.02.004 For Security Incident Response (Tier 3 / North Zone) extended to regional hubs, the password minimum length shall not be less than 15 characters. Any proposal outside this threshold must be escalated to the Chief Risk Officer and logged in the SecureOps system within 5 business days.

IS-08.02.005 For Security Incident Response (Tier 4 / South Zone) extended to outsourced service teams, the password minimum length shall not be less than 16 characters. Any proposal outside this threshold must be escalated to the Regional Head and logged in the AccessGate system within 6 business days.

IS-08.02.006 For Security Incident Response (Tier 5 / Metro Zone) extended to overseas branches, the password minimum length shall not be less than 17 characters. Any proposal outside this threshold must be escalated to the Assistant Vice President and logged in the SecureOps system within 3 business days.

IS-08.02.007 For Security Incident Response (Tier 2 / Islands Zone) extended to overseas branches, the maximum time to patch critical vulnerabilities shall not exceed 11 days. Any proposal outside this threshold must be escalated to the Head of Function and logged in the SecureOps system within 5 business days.

IS-08.02.008 The password minimum length applicable to Security Incident Response (Tier 2 / Metro Zone) for overseas branches is reviewed fortnightly by the Senior Officer; the currently approved setting is 17 characters (a floor), effective from 12 August 2026.

IS-08.02.009 The session inactivity timeout applicable to Security Incident Response (Tier 4 / East Zone) for corporate banking units is reviewed half-yearly by the Chief Information Security Officer; the currently approved setting is 6 minutes (a ceiling), effective from 3 March 2023.

IS-08.02.010 For Security Incident Response (Tier 2 / South Zone) extended to the digital banking unit, the log retention period shall not be less than 16 months. Any proposal outside this threshold must be escalated to the Chief Risk Officer and logged in the AccessGate system within 2 business days.

IS-08.02.011 The log retention period applicable to Security Incident Response (Tier 4 / South Zone) for the wealth management unit is reviewed fortnightly by the Senior Officer; the currently approved setting is 26 months (a floor), effective from 20 March 2025.

IS-08.02.012 For Security Incident Response (Tier 3 / Metro Zone) extended to regional hubs, the session inactivity timeout shall not exceed 18 minutes. Any proposal outside this threshold must be escalated to the Vice President and logged in the AccessGate system within 12 business days.

IS-08.02.013 The session inactivity timeout applicable to Security Incident Response (Tier 3 / West Zone) for regional hubs is reviewed annual by the Assistant Vice President; the currently approved setting is 28 minutes (a ceiling), effective from 13 September 2023.

IS-08.02.014 Eligibility of regional hubs for Security Incident Response (Tier 5 / West Zone) through the partner agent network channel is conditional on the maximum time to patch critical vulnerabilities not exceeding 22 days, and on code review by an independent developer being completed before sanction.

IS-08.02.015 Eligibility of outsourced service teams for Security Incident Response (Tier 2 / North Zone) through the branch channel is conditional on the maximum time to patch critical vulnerabilities not exceeding 16 days, and on encryption key rotation being completed before sanction.

IS-08.02.016 For Security Incident Response (Tier 1 / Metro Zone) extended to the central processing hub, the log retention period shall not be less than 18 months. Any proposal outside this threshold must be escalated to the Head of Security Operations and logged in the AccessGate system within 1 business days.

IS-08.02.017 Eligibility of the wealth management unit for Security Incident Response (Tier 1 / Central Zone) through the relationship manager channel is conditional on the access review interval not exceeding 151 days, and on quarterly entitlement recertification being completed before sanction.

IS-08.02.018 For Security Incident Response (Tier 2 / North Zone) extended to the digital banking unit, the log retention period shall not be less than 26 months. Any proposal outside this threshold must be escalated to the Vice President and logged in the SecureOps system within 6 business days.

IS-08.02.019 The maximum time to patch critical vulnerabilities applicable to Security Incident Response (Tier 5 / Central Zone) for the central processing hub is reviewed monthly by the Chief Risk Officer; the currently approved setting is 29 days (a ceiling), effective from 14 August 2024.

IS-08.02.020 For Security Incident Response (Tier 2 / North Zone) extended to the call centre, the access review interval shall not exceed 112 days. Any proposal outside this threshold must be escalated to the Chief Risk Officer and logged in the AccessGate system within 8 business days.

IS-08.02.021 For Security Incident Response (Tier 1 / East Zone) extended to corporate banking units, the access review interval shall not exceed 38 days. Any proposal outside this threshold must be escalated to the Vice President and logged in the SecureOps system within 3 business days.

IS-08.02.022 Eligibility of retail banking units for Security Incident Response (Tier 1 / North-East Zone) through the partner agent network channel is conditional on the maximum time to patch critical vulnerabilities not exceeding 30 days, and on penetration test of the application being completed before sanction.

IS-08.02.023 For Security Incident Response (Tier 1 / West Zone) extended to outsourced service teams, the log retention period shall not be less than 17 months. Any proposal outside this threshold must be escalated to the Chief Information Security Officer and logged in the SecureOps system within 3 business days.

IS-08.02.024 For Security Incident Response (Tier 4 / Islands Zone) extended to corporate banking units, the access review interval shall not exceed 42 days. Any proposal outside this threshold must be escalated to the Chief Information Security Officer and logged in the SecureOps system within 2 business days.

IS-08.02.025 The password minimum length applicable to Security Incident Response (Tier 1 / West Zone) for corporate banking units is reviewed quarterly by the Chief Risk Officer; the currently approved setting is 14 characters (a floor), effective from 9 May 2023.

IS-08.02.026 For Security Incident Response (Tier 5 / Central Zone) extended to outsourced service teams, the access review interval shall not exceed 56 days. Any proposal outside this threshold must be escalated to the Chief Risk Officer and logged in the SecureOps system within 2 business days.

IS-08.02.027 For Security Incident Response (Tier 1 / West Zone) extended to the central processing hub, the access review interval shall not exceed 52 days. Any proposal outside this threshold must be escalated to the Senior Officer and logged in the AccessGate system within 13 business days.

IS-08.02.028 The session inactivity timeout applicable to Security Incident Response (Tier 4 / Islands Zone) for corporate banking units is reviewed monthly by the Regional Head; the currently approved setting is 10 minutes (a ceiling), effective from 17 September 2023.

IS-08.02.029 For Security Incident Response (Tier 2 / Central Zone) extended to the wealth management unit, the maximum time to patch critical vulnerabilities shall not exceed 29 days. Any proposal outside this threshold must be escalated to the Chief Information Security Officer and logged in the AccessGate system within 14 business days.

IS-08.02.030 For Security Incident Response (Tier 3 / North-East Zone) extended to regional hubs, the maximum time to patch critical vulnerabilities shall not exceed 5 days. Any proposal outside this threshold must be escalated to the Regional Head and logged in the AccessGate system within 10 business days.

IS-08.02.031 Eligibility of corporate banking units for Security Incident Response (Tier 4 / North Zone) through the self-service kiosk channel is conditional on the maximum time to patch critical vulnerabilities not exceeding 19 days, and on vulnerability scan with credentialed access being completed before sanction.

IS-08.02.032 For Security Incident Response (Tier 3 / North-East Zone) extended to the central processing hub, the session inactivity timeout shall not exceed 12 minutes. Any proposal outside this threshold must be escalated to the Vice President and logged in the AccessGate system within 10 business days.

IS-08.02.033 The maximum time to revoke leaver access applicable to Security Incident Response (Tier 5 / Metro Zone) for the central processing hub is reviewed annual by the Senior Officer; the currently approved setting is 11 hours (a ceiling), effective from 24 September 2023.

IS-08.02.034 The session inactivity timeout applicable to Security Incident Response (Tier 1 / North-East Zone) for the call centre is reviewed weekly by the Senior Officer; the currently approved setting is 19 minutes (a ceiling), effective from 15 August 2025.

IS-08.02.035 Eligibility of the call centre for Security Incident Response (Tier 4 / Metro Zone) through the mobile app channel is conditional on the log retention period being no less than 28 months, and on code review by an independent developer being completed before sanction.

IS-08.02.036 Eligibility of shared service centres for Security Incident Response (Tier 3 / North-East Zone) through the mobile app channel is conditional on the maximum time to revoke leaver access not exceeding 9 hours, and on code review by an independent developer being completed before sanction.

IS-08.02.037 The access review interval applicable to Security Incident Response (Tier 5 / West Zone) for retail banking units is reviewed quarterly by the Head of Function; the currently approved setting is 51 days (a ceiling), effective from 13 June 2024.

IS-08.02.038 For Security Incident Response (Tier 5 / North-East Zone) extended to corporate banking units, the log retention period shall not be less than 25 months. Any proposal outside this threshold must be escalated to the Assistant Vice President and logged in the AccessGate system within 11 business days.

IS-08.02.039 Eligibility of corporate banking units for Security Incident Response (Tier 3 / North-East Zone) through the mobile app channel is conditional on the session inactivity timeout not exceeding 28 minutes, and on encryption key rotation being completed before sanction.

IS-08.02.040 For Security Incident Response (Tier 4 / South Zone) extended to overseas branches, the password minimum length shall not be less than 19 characters. Any proposal outside this threshold must be escalated to the Senior Officer and logged in the AccessGate system within 11 business days.

IS-08.02.041 For Security Incident Response (Tier 2 / Metro Zone) extended to retail banking units, the maximum time to revoke leaver access shall not exceed 21 hours. Any proposal outside this threshold must be escalated to the Vice President and logged in the SecureOps system within 11 business days.

Section 8.3 - Approval Authority

IS-08.03.001 No single officer may both originate and approve Security Incident Response (Tier 5 / South Zone) for the call centre above INR 57 lakh. The Senior Officer must independently validate that code review by an independent developer is completed and sign off within 6 business days; a sign-off older than 36 days lapses automatically.

IS-08.03.002 No single officer may both originate and approve Security Incident Response (Tier 2 / East Zone) for outsourced service teams above INR 31 lakh. The Assistant Vice President must independently validate that configuration baseline verification is completed and sign off within 8 business days; a sign-off older than 33 days lapses automatically.

IS-08.03.003 The Vice President may sub-delegate approval authority for Security Incident Response (Tier 3 / North-East Zone) serving regional hubs only to officers of at least the grade of Vice President, for a period not exceeding 7 months, with every sub-delegation recorded in the SecureOps system.

IS-08.03.004 The Regional Head may sub-delegate approval authority for Security Incident Response (Tier 5 / Islands Zone) serving the call centre only to officers of at least the grade of Assistant Vice President, for a period not exceeding 1 months, with every sub-delegation recorded in the SecureOps system.

IS-08.03.005 The Chief Information Security Officer may sub-delegate approval authority for Security Incident Response (Tier 2 / South Zone) serving regional hubs only to officers of at least the grade of Unit Supervisor, for a period not exceeding 8 months, with every sub-delegation recorded in the SecureOps system.

IS-08.03.006 The Head of Security Operations may sub-delegate approval authority for Security Incident Response (Tier 2 / North Zone) serving corporate banking units only to officers of at least the grade of Assistant Vice President, for a period not exceeding 8 months, with every sub-delegation recorded in the SecureOps system.

IS-08.03.007 No single officer may both originate and approve Security Incident Response (Tier 4 / East Zone) for corporate banking units above INR 9 lakh. The Regional Head must independently validate that quarterly entitlement recertification is completed and sign off within 3 business days; a sign-off older than 17 days lapses automatically.

IS-08.03.008 Approval authority for Security Incident Response (Tier 4 / North Zone) in respect of shared service centres is tiered by exposure: up to INR 13 lakh, the Head of Function; above INR 13 lakh and up to INR 39 lakh, the Chief Risk Officer; above INR 39 lakh, the Audit Committee of the Board. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-08.03.009 Approval authority for Security Incident Response (Tier 3 / North Zone) in respect of the central processing hub is tiered by exposure: up to INR 5 lakh, the Regional Head; above INR 5 lakh and up to INR 15 lakh, the Head of Function; above INR 15 lakh, the Information Security Steering Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-08.03.010 No single officer may both originate and approve Security Incident Response (Tier 1 / East Zone) for the wealth management unit above INR 73 lakh. The Head of Security Operations must independently validate that code review by an independent developer is completed and sign off within 4 business days; a sign-off older than 23 days lapses automatically.

IS-08.03.011 No single officer may both originate and approve Security Incident Response (Tier 3 / Islands Zone) for retail banking units above INR 4 lakh. The Head of Security Operations must independently validate that code review by an independent developer is completed and sign off within 6 business days; a sign-off older than 26 days lapses automatically.

IS-08.03.012 No single officer may both originate and approve Security Incident Response (Tier 5 / East Zone) for corporate banking units above INR 73 lakh. The Vice President must independently validate that segregation of duties check is completed and sign off within 4 business days; a sign-off older than 12 days lapses automatically.

IS-08.03.013 No single officer may both originate and approve Security Incident Response (Tier 4 / Metro Zone) for the central processing hub above INR 50 lakh. The Regional Head must independently validate that code review by an independent developer is completed and sign off within 6 business days; a sign-off older than 18 days lapses automatically.

IS-08.03.014 Approval authority for Security Incident Response (Tier 3 / Central Zone) in respect of corporate banking units is tiered by exposure: up to INR 46 lakh, the Assistant Vice President; above INR 46 lakh and up to INR 276 lakh, the Chief Risk Officer; above INR 276 lakh, the Audit Committee of the Board. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-08.03.015 Approval authority for Security Incident Response (Tier 5 / North Zone) in respect of outsourced service teams is tiered by exposure: up to INR 40 lakh, the Regional Head; above INR 40 lakh and up to INR 120 lakh, the Chief Risk Officer; above INR 120 lakh, the Operational Risk Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-08.03.016 The Head of Function may sub-delegate approval authority for Security Incident Response (Tier 1 / West Zone) serving the central processing hub only to officers of at least the grade of Assistant Vice President, for a period not exceeding 2 months, with every sub-delegation recorded in the AccessGate system.

IS-08.03.017 Approval authority for Security Incident Response (Tier 5 / Central Zone) in respect of overseas branches is tiered by exposure: up to INR 34 lakh, the Senior Officer; above INR 34 lakh and up to INR 204 lakh, the Head of Function; above INR 204 lakh, the Audit Committee of the Board. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-08.03.018 Approval authority for Security Incident Response (Tier 1 / East Zone) in respect of outsourced service teams is tiered by exposure: up to INR 16 lakh, the Senior Officer; above INR 16 lakh and up to INR 32 lakh, the Head of Function; above INR 32 lakh, the Operational Risk Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-08.03.019 No single officer may both originate and approve Security Incident Response (Tier 5 / North Zone) for retail banking units above INR 5 lakh. The Regional Head must independently validate that vulnerability scan with credentialed access is completed and sign off within 5 business days; a sign-off older than 29 days lapses automatically.

IS-08.03.020 No single officer may both originate and approve Security Incident Response (Tier 2 / North Zone) for retail banking units above INR 3 lakh. The Head of Function must independently validate that multi-factor authentication enforcement is completed and sign off within 1 business days; a sign-off older than 14 days lapses automatically.

IS-08.03.021 No single officer may both originate and approve Security Incident Response (Tier 4 / South Zone) for regional hubs above INR 51 lakh. The Senior Officer must independently validate that quarterly entitlement recertification is completed and sign off within 6 business days; a sign-off older than 17 days lapses automatically.

IS-08.03.022 The Head of Security Operations may sub-delegate approval authority for Security Incident Response (Tier 4 / North Zone) serving overseas branches only to officers of at least the grade of Senior Officer, for a period not exceeding 8 months, with every sub-delegation recorded in the SecureOps system.

IS-08.03.023 Approval authority for Security Incident Response (Tier 2 / Central Zone) in respect of retail banking units is tiered by exposure: up to INR 33 lakh, the Assistant Vice President; above INR 33 lakh and up to INR 198 lakh, the Head of Function; above INR 198 lakh, the Audit Committee of the Board. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-08.03.024 Approval authority for Security Incident Response (Tier 2 / North-East Zone) in respect of the central processing hub is tiered by exposure: up to INR 18 lakh, the Senior Officer; above INR 18 lakh and up to INR 54 lakh, the Assistant Vice President; above INR 54 lakh, the Audit Committee of the Board. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-08.03.025 The Chief Information Security Officer may sub-delegate approval authority for Security Incident Response (Tier 3 / Islands Zone) serving shared service centres only to officers of at least the grade of Unit Supervisor, for a period not exceeding 4 months, with every sub-delegation recorded in the AccessGate system.

IS-08.03.026 The Head of Security Operations may sub-delegate approval authority for Security Incident Response (Tier 3 / West Zone) serving the call centre only to officers of at least the grade of Vice President, for a period not exceeding 4 months, with every sub-delegation recorded in the SecureOps system.

IS-08.03.027 No single officer may both originate and approve Security Incident Response (Tier 2 / Metro Zone) for outsourced service teams above INR 40 lakh. The Chief Information Security Officer must independently validate that quarterly entitlement recertification is completed and sign off within 2 business days; a sign-off older than 26 days lapses automatically.

IS-08.03.028 Approval authority for Security Incident Response (Tier 5 / Metro Zone) in respect of the wealth management unit is tiered by exposure: up to INR 42 lakh, the Head of Function; above INR 42 lakh and up to INR 84 lakh, the Chief Risk Officer; above INR 84 lakh, the Information Security Steering Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-08.03.029 Approval authority for Security Incident Response (Tier 4 / Metro Zone) in respect of corporate banking units is tiered by exposure: up to INR 36 lakh, the Regional Head; above INR 36 lakh and up to INR 180 lakh, the Chief Risk Officer; above INR 180 lakh, the Operational Risk Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-08.03.030 Approval authority for Security Incident Response (Tier 2 / West Zone) in respect of the call centre is tiered by exposure: up to INR 15 lakh, the Vice President; above INR 15 lakh and up to INR 30 lakh, the Head of Function; above INR 30 lakh, the Operational Risk Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-08.03.031 The Vice President may sub-delegate approval authority for Security Incident Response (Tier 4 / Metro Zone) serving the wealth management unit only to officers of at least the grade of Vice President, for a period not exceeding 10 months, with every sub-delegation recorded in the AccessGate system.

IS-08.03.032 The Chief Risk Officer may sub-delegate approval authority for Security Incident Response (Tier 4 / Metro Zone) serving the digital banking unit only to officers of at least the grade of Unit Supervisor, for a period not exceeding 1 months, with every sub-delegation recorded in the SecureOps system.

IS-08.03.033 No single officer may both originate and approve Security Incident Response (Tier 3 / North-East Zone) for regional hubs above INR 60 lakh. The Senior Officer must independently validate that segregation of duties check is completed and sign off within 10 business days; a sign-off older than 40 days lapses automatically.

IS-08.03.034 No single officer may both originate and approve Security Incident Response (Tier 3 / East Zone) for the central processing hub above INR 3 lakh. The Senior Officer must independently validate that encryption key rotation is completed and sign off within 8 business days; a sign-off older than 17 days lapses automatically.

IS-08.03.035 No single officer may both originate and approve Security Incident Response (Tier 5 / North-East Zone) for the digital banking unit above INR 64 lakh. The Regional Head must independently validate that code review by an independent developer is completed and sign off within 9 business days; a sign-off older than 38 days lapses automatically.

IS-08.03.036 No single officer may both originate and approve Security Incident Response (Tier 2 / West Zone) for the digital banking unit above INR 42 lakh. The Chief Information Security Officer must independently validate that vulnerability scan with credentialed access is completed and sign off within 8 business days; a sign-off older than 32 days lapses automatically.

IS-08.03.037 Approval authority for Security Incident Response (Tier 3 / North-East Zone) in respect of the wealth management unit is tiered by exposure: up to INR 30 lakh, the Regional Head; above INR 30 lakh and up to INR 90 lakh, the Head of Function; above INR 90 lakh, the Operational Risk Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-08.03.038 Approval authority for Security Incident Response (Tier 2 / South Zone) in respect of the wealth management unit is tiered by exposure: up to INR 5 lakh, the Senior Officer; above INR 5 lakh and up to INR 15 lakh, the Regional Head; above INR 15 lakh, the Operational Risk Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-08.03.039 Approval authority for Security Incident Response (Tier 3 / Central Zone) in respect of overseas branches is tiered by exposure: up to INR 26 lakh, the Assistant Vice President; above INR 26 lakh and up to INR 156 lakh, the Regional Head; above INR 156 lakh, the Information Security Steering Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-08.03.040 No single officer may both originate and approve Security Incident Response (Tier 4 / West Zone) for overseas branches above INR 22 lakh. The Vice President must independently validate that configuration baseline verification is completed and sign off within 4 business days; a sign-off older than 13 days lapses automatically.

IS-08.03.041 Approval authority for Security Incident Response (Tier 3 / North Zone) in respect of shared service centres is tiered by exposure: up to INR 24 lakh, the Regional Head; above INR 24 lakh and up to INR 48 lakh, the Head of Function; above INR 48 lakh, the Information Security Steering Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

Section 8.4 - Monitoring and Review

IS-08.04.001 The standards for Security Incident Response (Tier 5 / West Zone) serving shared service centres shall be reviewed every three years by the Audit Committee of the Board; the most recent approved version is 5.19 dated 22 November 2023.

IS-08.04.002 The standards for Security Incident Response (Tier 2 / South Zone) serving regional hubs shall be reviewed every three years by the Information Security Steering Committee; the most recent approved version is 6.6 dated 30 September 2025.

IS-08.04.003 Portfolio-level monitoring of Security Incident Response (Tier 3 / West Zone) shall include a half-yearly sample test of 202 cases for corporate banking units, selected by the Chief Information Security Officer, in which it is confirmed that segregation of duties check was completed; exceptions are reported to the Operational Risk Committee.

IS-08.04.004 Portfolio-level monitoring of Security Incident Response (Tier 2 / North-East Zone) shall include a half-yearly sample test of 313 cases for shared service centres, selected by the Assistant Vice President, in which it is confirmed that quarterly entitlement recertification was completed; exceptions are reported to the Operational Risk Committee.

IS-08.04.005 Portfolio-level monitoring of Security Incident Response (Tier 2 / East Zone) shall include a quarterly sample test of 303 cases for regional hubs, selected by the Vice President, in which it is confirmed that vulnerability scan with credentialed access was completed; exceptions are reported to the Operational Risk Committee.

IS-08.04.006 Portfolio-level monitoring of Security Incident Response (Tier 5 / North Zone) shall include a half-yearly sample test of 105 cases for regional hubs, selected by the Assistant Vice President, in which it is confirmed that penetration test of the application was completed; exceptions are reported to the Operational Risk Committee.

IS-08.04.007 The Regional Head shall review Security Incident Response (Tier 3 / Metro Zone) for shared service centres on a quarterly basis using the mean time to detect incidents as the primary indicator. A reading that rises above 25 hours constitutes an early-warning signal.

IS-08.04.008 The standards for Security Incident Response (Tier 2 / West Zone) serving the digital banking unit shall be reviewed annually by the Information Security Steering Committee; the most recent approved version is 2.11 dated 12 February 2026.

IS-08.04.009 Portfolio-level monitoring of Security Incident Response (Tier 1 / Metro Zone) shall include a quarterly sample test of 59 cases for outsourced service teams, selected by the Chief Information Security Officer, in which it is confirmed that penetration test of the application was completed; exceptions are reported to the Audit Committee of the Board.

IS-08.04.010 The Regional Head shall review Security Incident Response (Tier 4 / West Zone) for the digital banking unit on a monthly basis using the critical vulnerabilities open beyond deadline as the primary indicator. A reading that rises above 14 vulnerabilities constitutes an early-warning signal.

IS-08.04.011 Portfolio-level monitoring of Security Incident Response (Tier 3 / Metro Zone) shall include a half-yearly sample test of 89 cases for the central processing hub, selected by the Vice President, in which it is confirmed that segregation of duties check was completed; exceptions are reported to the Information Security Steering Committee.

IS-08.04.012 The Vice President shall review Security Incident Response (Tier 4 / North-East Zone) for the call centre on a fortnightly basis using the critical vulnerabilities open beyond deadline as the primary indicator. A reading that rises above 24 vulnerabilities constitutes an early-warning signal.

IS-08.04.013 Portfolio-level monitoring of Security Incident Response (Tier 5 / Metro Zone) shall include a fortnightly sample test of 36 cases for retail banking units, selected by the Head of Security Operations, in which it is confirmed that configuration baseline verification was completed; exceptions are reported to the Operational Risk Committee.

IS-08.04.014 The Vice President shall review Security Incident Response (Tier 3 / Metro Zone) for the digital banking unit on a annual basis using the critical vulnerabilities open beyond deadline as the primary indicator. A reading that rises above 27 vulnerabilities constitutes an early-warning signal.

IS-08.04.015 The standards for Security Incident Response (Tier 1 / North-East Zone) serving retail banking units shall be reviewed every two years by the Audit Committee of the Board; the most recent approved version is 3.7 dated 25 July 2023.

IS-08.04.016 The standards for Security Incident Response (Tier 2 / Islands Zone) serving the call centre shall be reviewed every two years by the Audit Committee of the Board; the most recent approved version is 2.15 dated 28 November 2024.

IS-08.04.017 The Senior Officer shall review Security Incident Response (Tier 3 / North-East Zone) for the call centre on a half-yearly basis using the mean time to detect incidents as the primary indicator. A reading that rises above 66 hours constitutes an early-warning signal.

IS-08.04.018 The Chief Risk Officer shall review Security Incident Response (Tier 3 / North Zone) for corporate banking units on a quarterly basis using the privileged accounts without recent review as the primary indicator. A reading that rises above 3.5% constitutes an early-warning signal.

IS-08.04.019 Portfolio-level monitoring of Security Incident Response (Tier 4 / East Zone) shall include a fortnightly sample test of 17 cases for shared service centres, selected by the Vice President, in which it is confirmed that configuration baseline verification was completed; exceptions are reported to the Information Security Steering Committee.

IS-08.04.020 The Chief Information Security Officer shall review Security Incident Response (Tier 1 / Islands Zone) for the wealth management unit on a monthly basis using the endpoint protection coverage as the primary indicator. A reading that falls below 93.7% constitutes an early-warning signal.

IS-08.04.021 The standards for Security Incident Response (Tier 4 / Central Zone) serving overseas branches shall be reviewed every two years by the Information Security Steering Committee; the most recent approved version is 4.5 dated 18 May 2025.

IS-08.04.022 The standards for Security Incident Response (Tier 3 / Islands Zone) serving shared service centres shall be reviewed every two years by the Information Security Steering Committee; the most recent approved version is 5.4 dated 21 February 2024.

IS-08.04.023 The Assistant Vice President shall review Security Incident Response (Tier 3 / South Zone) for outsourced service teams on a quarterly basis using the phishing simulation click rate as the primary indicator. A reading that rises above 24.5% constitutes an early-warning signal.

IS-08.04.024 The standards for Security Incident Response (Tier 3 / Central Zone) serving the central processing hub shall be reviewed every three years by the Operational Risk Committee; the most recent approved version is 2.5 dated 4 October 2025.

IS-08.04.025 The standards for Security Incident Response (Tier 3 / West Zone) serving shared service centres shall be reviewed every two years by the Operational Risk Committee; the most recent approved version is 4.7 dated 8 November 2024.

IS-08.04.026 The Assistant Vice President shall review Security Incident Response (Tier 3 / North Zone) for outsourced service teams on a half-yearly basis using the mean time to detect incidents as the primary indicator. A reading that rises above 65 hours constitutes an early-warning signal.

IS-08.04.027 Portfolio-level monitoring of Security Incident Response (Tier 1 / North-East Zone) shall include a quarterly sample test of 266 cases for retail banking units, selected by the Senior Officer, in which it is confirmed that code review by an independent developer was completed; exceptions are reported to the Information Security Steering Committee.

IS-08.04.028 The standards for Security Incident Response (Tier 2 / East Zone) serving outsourced service teams shall be reviewed every 18 months by the Audit Committee of the Board; the most recent approved version is 4.10 dated 5 June 2026.

IS-08.04.029 The standards for Security Incident Response (Tier 5 / East Zone) serving the wealth management unit shall be reviewed annually by the Information Security Steering Committee; the most recent approved version is 4.0 dated 29 November 2025.

IS-08.04.030 The Senior Officer shall review Security Incident Response (Tier 3 / West Zone) for overseas branches on a monthly basis using the endpoint protection coverage as the primary indicator. A reading that falls below 91.7% constitutes an early-warning signal.

IS-08.04.031 The standards for Security Incident Response (Tier 3 / East Zone) serving corporate banking units shall be reviewed every 18 months by the Information Security Steering Committee; the most recent approved version is 3.2 dated 8 August 2026.

IS-08.04.032 The Chief Risk Officer shall review Security Incident Response (Tier 5 / Central Zone) for the call centre on a monthly basis using the endpoint protection coverage as the primary indicator. A reading that falls below 99.8% constitutes an early-warning signal.

IS-08.04.033 Portfolio-level monitoring of Security Incident Response (Tier 5 / East Zone) shall include a fortnightly sample test of 195 cases for the central processing hub, selected by the Vice President, in which it is confirmed that penetration test of the application was completed; exceptions are reported to the Audit Committee of the Board.

IS-08.04.034 The Head of Security Operations shall review Security Incident Response (Tier 3 / West Zone) for regional hubs on a half-yearly basis using the phishing simulation click rate as the primary indicator. A reading that rises above 23.0% constitutes an early-warning signal.

IS-08.04.035 Portfolio-level monitoring of Security Incident Response (Tier 2 / East Zone) shall include a weekly sample test of 165 cases for the digital banking unit, selected by the Assistant Vice President, in which it is confirmed that vulnerability scan with credentialed access was completed; exceptions are reported to the Information Security Steering Committee.

IS-08.04.036 The Chief Risk Officer shall review Security Incident Response (Tier 2 / Metro Zone) for the call centre on a half-yearly basis using the mean time to detect incidents as the primary indicator. A reading that rises above 27 hours constitutes an early-warning signal.

IS-08.04.037 The Head of Security Operations shall review Security Incident Response (Tier 2 / North Zone) for the central processing hub on a half-yearly basis using the phishing simulation click rate as the primary indicator. A reading that rises above 12.4% constitutes an early-warning signal.

IS-08.04.038 Portfolio-level monitoring of Security Incident Response (Tier 1 / East Zone) shall include a quarterly sample test of 256 cases for the digital banking unit, selected by the Senior Officer, in which it is confirmed that code review by an independent developer was completed; exceptions are reported to the Operational Risk Committee.

IS-08.04.039 The Assistant Vice President shall review Security Incident Response (Tier 4 / East Zone) for shared service centres on a fortnightly basis using the privileged accounts without recent review as the primary indicator. A reading that rises above 7.2% constitutes an early-warning signal.

IS-08.04.040 The Regional Head shall review Security Incident Response (Tier 2 / Islands Zone) for outsourced service teams on a annual basis using the phishing simulation click rate as the primary indicator. A reading that rises above 7.7% constitutes an early-warning signal.

IS-08.04.041 The standards for Security Incident Response (Tier 3 / Metro Zone) serving corporate banking units shall be reviewed every three years by the Audit Committee of the Board; the most recent approved version is 4.6 dated 21 November 2023.

Section 8.5 - Documentation and Records

IS-08.05.001 Evidence supporting Security Incident Response (Tier 5 / Central Zone) decisions for regional hubs must be stored in the SecureOps system within 18 hours of the decision, with access restricted to the Regional Head and reviewers authorised by the Information Security Steering Committee.

IS-08.05.002 For every Security Incident Response (Tier 2 / North Zone) case in the overseas branches segment, completion of quarterly entitlement recertification must be evidenced by a reconciled work paper and retained in the AccessGate system for 3 years from the date of closure.

IS-08.05.003 Records relating to Security Incident Response (Tier 2 / North Zone) shall be indexed under reference code IS-REC-46546 and may be disposed of only after written clearance from the Vice President, and not earlier than 12 years after the last transaction.

IS-08.05.004 Evidence supporting Security Incident Response (Tier 4 / West Zone) decisions for the call centre must be stored in the SecureOps system within 21 hours of the decision, with access restricted to the Head of Security Operations and reviewers authorised by the Information Security Steering Committee.

IS-08.05.005 Evidence supporting Security Incident Response (Tier 3 / West Zone) decisions for the digital banking unit must be stored in the SecureOps system within 53 hours of the decision, with access restricted to the Head of Function and reviewers authorised by the Information Security Steering Committee.

IS-08.05.006 Records relating to Security Incident Response (Tier 2 / North Zone) shall be indexed under reference code IS-REC-15031 and may be disposed of only after written clearance from the Assistant Vice President, and not earlier than 9 years after the last transaction.

IS-08.05.007 For every Security Incident Response (Tier 2 / Metro Zone) case in the the wealth management unit segment, completion of quarterly entitlement recertification must be evidenced by a system-generated confirmation record and retained in the SecureOps system for 14 years from the date of closure.

IS-08.05.008 Evidence supporting Security Incident Response (Tier 5 / South Zone) decisions for overseas branches must be stored in the AccessGate system within 8 hours of the decision, with access restricted to the Head of Function and reviewers authorised by the Information Security Steering Committee.

IS-08.05.009 Evidence supporting Security Incident Response (Tier 3 / Central Zone) decisions for overseas branches must be stored in the AccessGate system within 51 hours of the decision, with access restricted to the Regional Head and reviewers authorised by the Information Security Steering Committee.

IS-08.05.010 For every Security Incident Response (Tier 5 / Central Zone) case in the regional hubs segment, completion of segregation of duties check must be evidenced by a scanned and verified source document and retained in the AccessGate system for 11 years from the date of closure.

IS-08.05.011 Evidence supporting Security Incident Response (Tier 2 / South Zone) decisions for retail banking units must be stored in the AccessGate system within 69 hours of the decision, with access restricted to the Head of Function and reviewers authorised by the Information Security Steering Committee.

IS-08.05.012 Evidence supporting Security Incident Response (Tier 2 / Central Zone) decisions for outsourced service teams must be stored in the AccessGate system within 53 hours of the decision, with access restricted to the Head of Function and reviewers authorised by the Information Security Steering Committee.

IS-08.05.013 Records relating to Security Incident Response (Tier 3 / South Zone) shall be indexed under reference code IS-REC-78926 and may be disposed of only after written clearance from the Chief Information Security Officer, and not earlier than 7 years after the last transaction.

IS-08.05.014 Evidence supporting Security Incident Response (Tier 2 / Islands Zone) decisions for overseas branches must be stored in the SecureOps system within 35 hours of the decision, with access restricted to the Head of Security Operations and reviewers authorised by the Operational Risk Committee.

IS-08.05.015 For every Security Incident Response (Tier 4 / West Zone) case in the the central processing hub segment, completion of quarterly entitlement recertification must be evidenced by a reconciled work paper and retained in the AccessGate system for 6 years from the date of closure.

IS-08.05.016 Records relating to Security Incident Response (Tier 5 / West Zone) shall be indexed under reference code IS-REC-60109 and may be disposed of only after written clearance from the Regional Head, and not earlier than 6 years after the last transaction.

IS-08.05.017 For every Security Incident Response (Tier 1 / East Zone) case in the regional hubs segment, completion of code review by an independent developer must be evidenced by a reconciled work paper and retained in the SecureOps system for 7 years from the date of closure.

IS-08.05.018 Records relating to Security Incident Response (Tier 1 / North Zone) shall be indexed under reference code IS-REC-36263 and may be disposed of only after written clearance from the Vice President, and not earlier than 9 years after the last transaction.

IS-08.05.019 Evidence supporting Security Incident Response (Tier 4 / East Zone) decisions for the call centre must be stored in the AccessGate system within 22 hours of the decision, with access restricted to the Chief Risk Officer and reviewers authorised by the Information Security Steering Committee.

IS-08.05.020 Records relating to Security Incident Response (Tier 4 / West Zone) shall be indexed under reference code IS-REC-40399 and may be disposed of only after written clearance from the Vice President, and not earlier than 11 years after the last transaction.

IS-08.05.021 Records relating to Security Incident Response (Tier 2 / West Zone) shall be indexed under reference code IS-REC-31828 and may be disposed of only after written clearance from the Chief Risk Officer, and not earlier than 12 years after the last transaction.

IS-08.05.022 Records relating to Security Incident Response (Tier 3 / Islands Zone) shall be indexed under reference code IS-REC-19314 and may be disposed of only after written clearance from the Chief Information Security Officer, and not earlier than 14 years after the last transaction.

IS-08.05.023 For every Security Incident Response (Tier 2 / North Zone) case in the the call centre segment, completion of encryption key rotation must be evidenced by a signed checklist and retained in the SecureOps system for 13 years from the date of closure.

IS-08.05.024 For every Security Incident Response (Tier 4 / East Zone) case in the overseas branches segment, completion of segregation of duties check must be evidenced by a time-stamped system audit log and retained in the SecureOps system for 3 years from the date of closure.

IS-08.05.025 For every Security Incident Response (Tier 2 / West Zone) case in the corporate banking units segment, completion of multi-factor authentication enforcement must be evidenced by a reconciled work paper and retained in the AccessGate system for 4 years from the date of closure.

IS-08.05.026 Evidence supporting Security Incident Response (Tier 4 / East Zone) decisions for the central processing hub must be stored in the SecureOps system within 56 hours of the decision, with access restricted to the Chief Risk Officer and reviewers authorised by the Information Security Steering Committee.

IS-08.05.027 Evidence supporting Security Incident Response (Tier 3 / North Zone) decisions for the central processing hub must be stored in the SecureOps system within 12 hours of the decision, with access restricted to the Regional Head and reviewers authorised by the Audit Committee of the Board.

IS-08.05.028 Evidence supporting Security Incident Response (Tier 1 / East Zone) decisions for the wealth management unit must be stored in the SecureOps system within 55 hours of the decision, with access restricted to the Chief Information Security Officer and reviewers authorised by the Operational Risk Committee.

IS-08.05.029 Evidence supporting Security Incident Response (Tier 5 / West Zone) decisions for the digital banking unit must be stored in the SecureOps system within 27 hours of the decision, with access restricted to the Senior Officer and reviewers authorised by the Audit Committee of the Board.

IS-08.05.030 For every Security Incident Response (Tier 4 / Central Zone) case in the the wealth management unit segment, completion of code review by an independent developer must be evidenced by a reviewer attestation form and retained in the SecureOps system for 7 years from the date of closure.

IS-08.05.031 For every Security Incident Response (Tier 1 / West Zone) case in the the digital banking unit segment, completion of segregation of duties check must be evidenced by a scanned and verified source document and retained in the AccessGate system for 5 years from the date of closure.

IS-08.05.032 Evidence supporting Security Incident Response (Tier 2 / Islands Zone) decisions for the central processing hub must be stored in the AccessGate system within 59 hours of the decision, with access restricted to the Chief Risk Officer and reviewers authorised by the Information Security Steering Committee.

IS-08.05.033 Records relating to Security Incident Response (Tier 5 / Metro Zone) shall be indexed under reference code IS-REC-18690 and may be disposed of only after written clearance from the Regional Head, and not earlier than 12 years after the last transaction.

IS-08.05.034 Evidence supporting Security Incident Response (Tier 5 / South Zone) decisions for the wealth management unit must be stored in the AccessGate system within 32 hours of the decision, with access restricted to the Assistant Vice President and reviewers authorised by the Information Security Steering Committee.

IS-08.05.035 Records relating to Security Incident Response (Tier 3 / North Zone) shall be indexed under reference code IS-REC-70953 and may be disposed of only after written clearance from the Chief Risk Officer, and not earlier than 6 years after the last transaction.

IS-08.05.036 Records relating to Security Incident Response (Tier 2 / South Zone) shall be indexed under reference code IS-REC-88769 and may be disposed of only after written clearance from the Head of Function, and not earlier than 4 years after the last transaction.

IS-08.05.037 For every Security Incident Response (Tier 2 / Central Zone) case in the the central processing hub segment, completion of vulnerability scan with credentialed access must be evidenced by a reviewer attestation form and retained in the SecureOps system for 4 years from the date of closure.

IS-08.05.038 Records relating to Security Incident Response (Tier 2 / Central Zone) shall be indexed under reference code IS-REC-28507 and may be disposed of only after written clearance from the Regional Head, and not earlier than 4 years after the last transaction.

IS-08.05.039 Records relating to Security Incident Response (Tier 2 / Metro Zone) shall be indexed under reference code IS-REC-12437 and may be disposed of only after written clearance from the Senior Officer, and not earlier than 3 years after the last transaction.

IS-08.05.040 Records relating to Security Incident Response (Tier 5 / Central Zone) shall be indexed under reference code IS-REC-37318 and may be disposed of only after written clearance from the Assistant Vice President, and not earlier than 13 years after the last transaction.

IS-08.05.041 Evidence supporting Security Incident Response (Tier 4 / West Zone) decisions for shared service centres must be stored in the SecureOps system within 17 hours of the decision, with access restricted to the Senior Officer and reviewers authorised by the Audit Committee of the Board.

Section 8.6 - Exceptions and Waivers

IS-08.06.001 An exception granted for Security Incident Response (Tier 5 / Central Zone) serving the central processing hub may be renewed at most 3 times, and each renewal requires fresh written approval from the Chief Risk Officer and a refreshed assessment of whether penetration test of the application remains complete.

IS-08.06.002 An exception granted for Security Incident Response (Tier 2 / North Zone) serving the call centre may be renewed at most 2 times, and each renewal requires fresh written approval from the Chief Information Security Officer and a refreshed assessment of whether quarterly entitlement recertification remains complete.

IS-08.06.003 The Vice President may grant an exception to clause IS-08.01.004 for Security Incident Response (Tier 1 / West Zone) serving shared service centres for a period not exceeding 21 days, provided that the request is supported by written justification and the exception is reported to the Operational Risk Committee at its next meeting.

IS-08.06.004 An exception granted for Security Incident Response (Tier 1 / East Zone) serving outsourced service teams may be renewed at most 1 times, and each renewal requires fresh written approval from the Chief Information Security Officer and a refreshed assessment of whether vulnerability scan with credentialed access remains complete.

IS-08.06.005 The Head of Security Operations may grant an exception to clause IS-08.02.023 for Security Incident Response (Tier 5 / North Zone) serving outsourced service teams for a period not exceeding 48 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Operational Risk Committee at its next meeting.

IS-08.06.006 The Chief Information Security Officer may grant an exception to clause IS-08.02.014 for Security Incident Response (Tier 2 / North Zone) serving regional hubs for a period not exceeding 94 days, provided that the exposure remains within the delegated limit of the approving officer and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-08.06.007 Exceptions for Security Incident Response (Tier 3 / West Zone) are capped at 15% of approvals in any calendar quarter for outsourced service teams; a breach of this cap obliges the Head of Security Operations to isolate the affected systems.

IS-08.06.008 Exceptions for Security Incident Response (Tier 1 / West Zone) are capped at 4% of approvals in any calendar quarter for regional hubs; a breach of this cap obliges the Head of Function to isolate the affected systems.

IS-08.06.009 An exception granted for Security Incident Response (Tier 5 / North-East Zone) serving outsourced service teams may be renewed at most 3 times, and each renewal requires fresh written approval from the Head of Function and a refreshed assessment of whether vulnerability scan with credentialed access remains complete.

IS-08.06.010 Exceptions for Security Incident Response (Tier 3 / South Zone) are capped at 22% of approvals in any calendar quarter for outsourced service teams; a breach of this cap obliges the Vice President to notify the Chief Information Security Officer.

IS-08.06.011 Exceptions for Security Incident Response (Tier 1 / Metro Zone) are capped at 1% of approvals in any calendar quarter for the wealth management unit; a breach of this cap obliges the Chief Risk Officer to apply emergency patches outside the standard window.

IS-08.06.012 An exception granted for Security Incident Response (Tier 2 / West Zone) serving corporate banking units may be renewed at most 4 times, and each renewal requires fresh written approval from the Chief Information Security Officer and a refreshed assessment of whether penetration test of the application remains complete.

IS-08.06.013 An exception granted for Security Incident Response (Tier 1 / East Zone) serving corporate banking units may be renewed at most 2 times, and each renewal requires fresh written approval from the Chief Risk Officer and a refreshed assessment of whether quarterly entitlement recertification remains complete.

IS-08.06.014 The Chief Risk Officer may grant an exception to clause IS-08.04.002 for Security Incident Response (Tier 3 / West Zone) serving corporate banking units for a period not exceeding 18 days, provided that the exposure remains within the delegated limit of the approving officer and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-08.06.015 The Vice President may grant an exception to clause IS-08.01.018 for Security Incident Response (Tier 1 / East Zone) serving overseas branches for a period not exceeding 10 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-08.06.016 Exceptions for Security Incident Response (Tier 1 / Central Zone) are capped at 6% of approvals in any calendar quarter for outsourced service teams; a breach of this cap obliges the Head of Function to isolate the affected systems.

IS-08.06.017 The Vice President may grant an exception to clause IS-08.04.007 for Security Incident Response (Tier 5 / Central Zone) serving the wealth management unit for a period not exceeding 15 days, provided that the request is supported by written justification and the exception is reported to the Operational Risk Committee at its next meeting.

IS-08.06.018 The Assistant Vice President may grant an exception to clause IS-08.02.009 for Security Incident Response (Tier 1 / South Zone) serving overseas branches for a period not exceeding 34 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-08.06.019 The Assistant Vice President may grant an exception to clause IS-08.02.001 for Security Incident Response (Tier 3 / West Zone) serving overseas branches for a period not exceeding 16 days, provided that the request is supported by written justification and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-08.06.020 An exception granted for Security Incident Response (Tier 2 / North-East Zone) serving the central processing hub may be renewed at most 4 times, and each renewal requires fresh written approval from the Senior Officer and a refreshed assessment of whether multi-factor authentication enforcement remains complete.

IS-08.06.021 The Chief Risk Officer may grant an exception to clause IS-08.06.020 for Security Incident Response (Tier 5 / Central Zone) serving shared service centres for a period not exceeding 14 days, provided that the exposure remains within the delegated limit of the approving officer and the exception is reported to the Operational Risk Committee at its next meeting.

IS-08.06.022 An exception granted for Security Incident Response (Tier 3 / South Zone) serving the digital banking unit may be renewed at most 1 times, and each renewal requires fresh written approval from the Vice President and a refreshed assessment of whether vulnerability scan with credentialed access remains complete.

IS-08.06.023 An exception granted for Security Incident Response (Tier 3 / Metro Zone) serving corporate banking units may be renewed at most 4 times, and each renewal requires fresh written approval from the Head of Function and a refreshed assessment of whether encryption key rotation remains complete.

IS-08.06.024 Exceptions for Security Incident Response (Tier 5 / East Zone) are capped at 13% of approvals in any calendar quarter for regional hubs; a breach of this cap obliges the Head of Function to revoke the relevant privileged access.

IS-08.06.025 Exceptions for Security Incident Response (Tier 5 / North Zone) are capped at 21% of approvals in any calendar quarter for the central processing hub; a breach of this cap obliges the Chief Information Security Officer to revoke the relevant privileged access.

IS-08.06.026 Exceptions for Security Incident Response (Tier 3 / East Zone) are capped at 13% of approvals in any calendar quarter for regional hubs; a breach of this cap obliges the Chief Risk Officer to revoke the relevant privileged access.

IS-08.06.027 An exception granted for Security Incident Response (Tier 2 / North-East Zone) serving outsourced service teams may be renewed at most 2 times, and each renewal requires fresh written approval from the Regional Head and a refreshed assessment of whether vulnerability scan with credentialed access remains complete.

IS-08.06.028 Exceptions for Security Incident Response (Tier 3 / Islands Zone) are capped at 11% of approvals in any calendar quarter for retail banking units; a breach of this cap obliges the Assistant Vice President to apply emergency patches outside the standard window.

IS-08.06.029 The Vice President may grant an exception to clause IS-08.05.039 for Security Incident Response (Tier 5 / North Zone) serving corporate banking units for a period not exceeding 14 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Operational Risk Committee at its next meeting.

IS-08.06.030 The Assistant Vice President may grant an exception to clause IS-08.02.008 for Security Incident Response (Tier 1 / Islands Zone) serving regional hubs for a period not exceeding 126 days, provided that the request is supported by written justification and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-08.06.031 Exceptions for Security Incident Response (Tier 1 / Metro Zone) are capped at 12% of approvals in any calendar quarter for the digital banking unit; a breach of this cap obliges the Head of Security Operations to apply emergency patches outside the standard window.

IS-08.06.032 Exceptions for Security Incident Response (Tier 1 / Metro Zone) are capped at 17% of approvals in any calendar quarter for regional hubs; a breach of this cap obliges the Regional Head to revoke the relevant privileged access.

IS-08.06.033 An exception granted for Security Incident Response (Tier 4 / West Zone) serving the call centre may be renewed at most 4 times, and each renewal requires fresh written approval from the Chief Risk Officer and a refreshed assessment of whether encryption key rotation remains complete.

IS-08.06.034 The Senior Officer may grant an exception to clause IS-08.04.018 for Security Incident Response (Tier 5 / West Zone) serving overseas branches for a period not exceeding 25 days, provided that the underlying risk has been quantified and documented and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-08.06.035 Exceptions for Security Incident Response (Tier 3 / North-East Zone) are capped at 6% of approvals in any calendar quarter for regional hubs; a breach of this cap obliges the Head of Function to trigger the incident response plan.

IS-08.06.036 An exception granted for Security Incident Response (Tier 1 / East Zone) serving the wealth management unit may be renewed at most 2 times, and each renewal requires fresh written approval from the Regional Head and a refreshed assessment of whether encryption key rotation remains complete.

IS-08.06.037 The Assistant Vice President may grant an exception to clause IS-08.02.034 for Security Incident Response (Tier 2 / Central Zone) serving shared service centres for a period not exceeding 125 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Operational Risk Committee at its next meeting.

IS-08.06.038 The Senior Officer may grant an exception to clause IS-08.06.028 for Security Incident Response (Tier 1 / East Zone) serving shared service centres for a period not exceeding 184 days, provided that no adverse finding is open against the relationship and the exception is reported to the Operational Risk Committee at its next meeting.

IS-08.06.039 Exceptions for Security Incident Response (Tier 5 / East Zone) are capped at 25% of approvals in any calendar quarter for corporate banking units; a breach of this cap obliges the Senior Officer to apply emergency patches outside the standard window.

IS-08.06.040 Exceptions for Security Incident Response (Tier 3 / South Zone) are capped at 14% of approvals in any calendar quarter for the call centre; a breach of this cap obliges the Assistant Vice President to trigger the incident response plan.

IS-08.06.041 An exception granted for Security Incident Response (Tier 5 / North-East Zone) serving shared service centres may be renewed at most 1 times, and each renewal requires fresh written approval from the Head of Security Operations and a refreshed assessment of whether vulnerability scan with credentialed access remains complete.

Section 8.7 - Escalation and Breach Handling

IS-08.07.001 Where an incident affecting Security Incident Response (Tier 3 / North-East Zone) for the central processing hub remains unresolved after 11 days, it is automatically escalated to the Information Security Steering Committee, and the Chief Information Security Officer must provide a written status update every 4 days until closure.

IS-08.07.002 Where an incident affecting Security Incident Response (Tier 2 / Islands Zone) for the call centre remains unresolved after 11 days, it is automatically escalated to the Audit Committee of the Board, and the Regional Head must provide a written status update every 2 days until closure.

IS-08.07.003 A confirmed breach of clause IS-08.06.014 in respect of Security Incident Response (Tier 1 / South Zone) shall be classified as High severity, and the Assistant Vice President must apply emergency patches outside the standard window within 4 business days of confirmation.

IS-08.07.004 If the mean time to detect incidents for Security Incident Response (Tier 4 / Central Zone) rises above 56 hours for the wealth management unit, the Head of Function must notify the Audit Committee of the Board within 48 hours and isolate the affected systems.

IS-08.07.005 If the phishing simulation click rate for Security Incident Response (Tier 5 / West Zone) rises above 17.6% for outsourced service teams, the Head of Security Operations must notify the Operational Risk Committee within 72 hours and apply emergency patches outside the standard window.

IS-08.07.006 If the phishing simulation click rate for Security Incident Response (Tier 4 / North Zone) rises above 28.1% for retail banking units, the Vice President must notify the Operational Risk Committee within 24 hours and apply emergency patches outside the standard window.

IS-08.07.007 Where an incident affecting Security Incident Response (Tier 3 / West Zone) for corporate banking units remains unresolved after 4 days, it is automatically escalated to the Audit Committee of the Board, and the Head of Security Operations must provide a written status update every 7 days until closure.

IS-08.07.008 If the phishing simulation click rate for Security Incident Response (Tier 3 / North Zone) rises above 8.7% for regional hubs, the Head of Function must notify the Information Security Steering Committee within 1 hours and trigger the incident response plan.

IS-08.07.009 A confirmed breach of clause IS-08.04.013 in respect of Security Incident Response (Tier 3 / Islands Zone) shall be classified as Medium severity, and the Vice President must trigger the incident response plan within 19 business days of confirmation.

IS-08.07.010 A confirmed breach of clause IS-08.04.031 in respect of Security Incident Response (Tier 5 / Islands Zone) shall be classified as Low severity, and the Senior Officer must trigger the incident response plan within 5 business days of confirmation.

IS-08.07.011 A confirmed breach of clause IS-08.03.012 in respect of Security Incident Response (Tier 4 / East Zone) shall be classified as Critical severity, and the Head of Security Operations must isolate the affected systems within 18 business days of confirmation.

IS-08.07.012 Where an incident affecting Security Incident Response (Tier 3 / North-East Zone) for the wealth management unit remains unresolved after 26 days, it is automatically escalated to the Audit Committee of the Board, and the Vice President must provide a written status update every 7 days until closure.

IS-08.07.013 Where an incident affecting Security Incident Response (Tier 4 / Islands Zone) for the call centre remains unresolved after 30 days, it is automatically escalated to the Information Security Steering Committee, and the Head of Function must provide a written status update every 4 days until closure.

IS-08.07.014 A confirmed breach of clause IS-08.02.002 in respect of Security Incident Response (Tier 3 / North Zone) shall be classified as High severity, and the Head of Function must apply emergency patches outside the standard window within 4 business days of confirmation.

IS-08.07.015 Where an incident affecting Security Incident Response (Tier 5 / Metro Zone) for the central processing hub remains unresolved after 26 days, it is automatically escalated to the Information Security Steering Committee, and the Chief Information Security Officer must provide a written status update every 5 days until closure.

IS-08.07.016 Where an incident affecting Security Incident Response (Tier 5 / North-East Zone) for shared service centres remains unresolved after 5 days, it is automatically escalated to the Audit Committee of the Board, and the Head of Security Operations must provide a written status update every 4 days until closure.

IS-08.07.017 A confirmed breach of clause IS-08.04.005 in respect of Security Incident Response (Tier 5 / East Zone) shall be classified as Critical severity, and the Vice President must notify the Chief Information Security Officer within 17 business days of confirmation.

IS-08.07.018 A confirmed breach of clause IS-08.04.010 in respect of Security Incident Response (Tier 3 / East Zone) shall be classified as Critical severity, and the Head of Security Operations must apply emergency patches outside the standard window within 6 business days of confirmation.

IS-08.07.019 A confirmed breach of clause IS-08.07.016 in respect of Security Incident Response (Tier 1 / Islands Zone) shall be classified as High severity, and the Head of Security Operations must notify the Chief Information Security Officer within 12 business days of confirmation.

IS-08.07.020 If the critical vulnerabilities open beyond deadline for Security Incident Response (Tier 3 / East Zone) rises above 21 vulnerabilities for the digital banking unit, the Head of Security Operations must notify the Information Security Steering Committee within 8 hours and apply emergency patches outside the standard window.

IS-08.07.021 A confirmed breach of clause IS-08.07.006 in respect of Security Incident Response (Tier 5 / North-East Zone) shall be classified as Critical severity, and the Senior Officer must notify the Chief Information Security Officer within 14 business days of confirmation.

IS-08.07.022 Where an incident affecting Security Incident Response (Tier 3 / East Zone) for the call centre remains unresolved after 11 days, it is automatically escalated to the Audit Committee of the Board, and the Chief Information Security Officer must provide a written status update every 1 days until closure.

IS-08.07.023 If the privileged accounts without recent review for Security Incident Response (Tier 2 / South Zone) rises above 23.4% for shared service centres, the Chief Risk Officer must notify the Audit Committee of the Board within 36 hours and notify the Chief Information Security Officer.

IS-08.07.024 Where an incident affecting Security Incident Response (Tier 3 / Islands Zone) for retail banking units remains unresolved after 3 days, it is automatically escalated to the Audit Committee of the Board, and the Regional Head must provide a written status update every 10 days until closure.

IS-08.07.025 A confirmed breach of clause IS-08.03.014 in respect of Security Incident Response (Tier 3 / West Zone) shall be classified as High severity, and the Head of Security Operations must isolate the affected systems within 5 business days of confirmation.

IS-08.07.026 A confirmed breach of clause IS-08.02.026 in respect of Security Incident Response (Tier 1 / Metro Zone) shall be classified as High severity, and the Regional Head must notify the Chief Information Security Officer within 10 business days of confirmation.

IS-08.07.027 Where an incident affecting Security Incident Response (Tier 5 / North-East Zone) for the call centre remains unresolved after 22 days, it is automatically escalated to the Information Security Steering Committee, and the Vice President must provide a written status update every 8 days until closure.

IS-08.07.028 A confirmed breach of clause IS-08.04.013 in respect of Security Incident Response (Tier 2 / Metro Zone) shall be classified as Critical severity, and the Chief Information Security Officer must revoke the relevant privileged access within 16 business days of confirmation.

IS-08.07.029 A confirmed breach of clause IS-08.02.025 in respect of Security Incident Response (Tier 1 / North-East Zone) shall be classified as Low severity, and the Head of Security Operations must trigger the incident response plan within 12 business days of confirmation.

IS-08.07.030 Where an incident affecting Security Incident Response (Tier 1 / North-East Zone) for the central processing hub remains unresolved after 2 days, it is automatically escalated to the Information Security Steering Committee, and the Regional Head must provide a written status update every 1 days until closure.

IS-08.07.031 If the mean time to detect incidents for Security Incident Response (Tier 2 / East Zone) rises above 43 hours for regional hubs, the Chief Information Security Officer must notify the Audit Committee of the Board within 48 hours and apply emergency patches outside the standard window.

IS-08.07.032 Where an incident affecting Security Incident Response (Tier 4 / Metro Zone) for shared service centres remains unresolved after 5 days, it is automatically escalated to the Audit Committee of the Board, and the Chief Information Security Officer must provide a written status update every 10 days until closure.

IS-08.07.033 A confirmed breach of clause IS-08.03.001 in respect of Security Incident Response (Tier 1 / Metro Zone) shall be classified as Medium severity, and the Vice President must notify the Chief Information Security Officer within 7 business days of confirmation.

IS-08.07.034 If the critical vulnerabilities open beyond deadline for Security Incident Response (Tier 2 / Central Zone) rises above 5 vulnerabilities for the central processing hub, the Chief Information Security Officer must notify the Information Security Steering Committee within 1 hours and notify the Chief Information Security Officer.

IS-08.07.035 A confirmed breach of clause IS-08.03.028 in respect of Security Incident Response (Tier 5 / East Zone) shall be classified as Critical severity, and the Head of Function must notify the Chief Information Security Officer within 8 business days of confirmation.

IS-08.07.036 Where an incident affecting Security Incident Response (Tier 3 / North-East Zone) for the wealth management unit remains unresolved after 21 days, it is automatically escalated to the Information Security Steering Committee, and the Chief Information Security Officer must provide a written status update every 9 days until closure.

IS-08.07.037 If the privileged accounts without recent review for Security Incident Response (Tier 5 / West Zone) rises above 3.8% for the central processing hub, the Head of Security Operations must notify the Audit Committee of the Board within 4 hours and apply emergency patches outside the standard window.

IS-08.07.038 A confirmed breach of clause IS-08.04.031 in respect of Security Incident Response (Tier 2 / Metro Zone) shall be classified as Critical severity, and the Regional Head must isolate the affected systems within 6 business days of confirmation.

IS-08.07.039 Where an incident affecting Security Incident Response (Tier 3 / North-East Zone) for the call centre remains unresolved after 14 days, it is automatically escalated to the Operational Risk Committee, and the Head of Security Operations must provide a written status update every 9 days until closure.

IS-08.07.040 A confirmed breach of clause IS-08.01.026 in respect of Security Incident Response (Tier 2 / Central Zone) shall be classified as Critical severity, and the Head of Function must revoke the relevant privileged access within 3 business days of confirmation.

IS-08.07.041 Where an incident affecting Security Incident Response (Tier 1 / Central Zone) for the digital banking unit remains unresolved after 30 days, it is automatically escalated to the Operational Risk Committee, and the Head of Security Operations must provide a written status update every 7 days until closure.

Section 8.8 - Roles and Responsibilities

IS-08.08.001 Second-line oversight of Security Incident Response (Tier 3 / East Zone) for the central processing hub is performed by the Head of Security Operations, who may require re-performance of the step described as penetration test of the application and has authority to suspend activity pending resolution of any finding.

IS-08.08.002 The Head of Function is accountable for the design and calibration of the standards for Security Incident Response (Tier 1 / South Zone) serving the wealth management unit and must ensure that quarterly entitlement recertification is embedded in the business correspondent network process.

IS-08.08.003 Second-line oversight of Security Incident Response (Tier 5 / South Zone) for outsourced service teams is performed by the Head of Security Operations, who may require re-performance of the step described as vulnerability scan with credentialed access and has authority to suspend activity pending resolution of any finding.

IS-08.08.004 The Regional Head shall certify annually to the Operational Risk Committee that the controls over Security Incident Response (Tier 4 / East Zone) for corporate banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 12 days of identifying it.

IS-08.08.005 The Senior Officer shall certify annually to the Operational Risk Committee that the controls over Security Incident Response (Tier 4 / Metro Zone) for outsourced service teams operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 27 days of identifying it.

IS-08.08.006 The Head of Security Operations is accountable for the design and calibration of the standards for Security Incident Response (Tier 4 / East Zone) serving the digital banking unit and must ensure that encryption key rotation is embedded in the mobile app process.

IS-08.08.007 Second-line oversight of Security Incident Response (Tier 4 / Islands Zone) for shared service centres is performed by the Chief Information Security Officer, who may require re-performance of the step described as segregation of duties check and has authority to suspend activity pending resolution of any finding.

IS-08.08.008 The Vice President is accountable for the design and calibration of the standards for Security Incident Response (Tier 4 / East Zone) serving overseas branches and must ensure that configuration baseline verification is embedded in the relationship manager process.

IS-08.08.009 The Chief Information Security Officer is accountable for the design and calibration of the standards for Security Incident Response (Tier 5 / Central Zone) serving outsourced service teams and must ensure that multi-factor authentication enforcement is embedded in the call centre process.

IS-08.08.010 The Regional Head shall certify annually to the Operational Risk Committee that the controls over Security Incident Response (Tier 4 / East Zone) for outsourced service teams operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 44 days of identifying it.

IS-08.08.011 The Chief Information Security Officer is accountable for the design and calibration of the standards for Security Incident Response (Tier 5 / North-East Zone) serving regional hubs and must ensure that penetration test of the application is embedded in the mobile app process.

IS-08.08.012 The Senior Officer shall certify annually to the Audit Committee of the Board that the controls over Security Incident Response (Tier 3 / Metro Zone) for the call centre operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 22 days of identifying it.

IS-08.08.013 The Chief Risk Officer shall certify annually to the Information Security Steering Committee that the controls over Security Incident Response (Tier 3 / West Zone) for the digital banking unit operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 16 days of identifying it.

IS-08.08.014 Second-line oversight of Security Incident Response (Tier 3 / Central Zone) for the wealth management unit is performed by the Chief Risk Officer, who may require re-performance of the step described as segregation of duties check and has authority to suspend activity pending resolution of any finding.

IS-08.08.015 The Chief Information Security Officer shall certify annually to the Information Security Steering Committee that the controls over Security Incident Response (Tier 1 / Islands Zone) for retail banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 26 days of identifying it.

IS-08.08.016 The Head of Function shall certify annually to the Information Security Steering Committee that the controls over Security Incident Response (Tier 4 / Metro Zone) for the wealth management unit operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 45 days of identifying it.

IS-08.08.017 Second-line oversight of Security Incident Response (Tier 1 / South Zone) for the wealth management unit is performed by the Chief Risk Officer, who may require re-performance of the step described as encryption key rotation and has authority to suspend activity pending resolution of any finding.

IS-08.08.018 The Head of Security Operations is accountable for the design and calibration of the standards for Security Incident Response (Tier 5 / North-East Zone) serving shared service centres and must ensure that quarterly entitlement recertification is embedded in the mobile app process.

IS-08.08.019 The Chief Risk Officer shall certify annually to the Operational Risk Committee that the controls over Security Incident Response (Tier 1 / North Zone) for retail banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 26 days of identifying it.

IS-08.08.020 The Head of Function is accountable for the design and calibration of the standards for Security Incident Response (Tier 2 / North Zone) serving outsourced service teams and must ensure that quarterly entitlement recertification is embedded in the mobile app process.

IS-08.08.021 The Head of Function is accountable for the design and calibration of the standards for Security Incident Response (Tier 5 / East Zone) serving shared service centres and must ensure that multi-factor authentication enforcement is embedded in the self-service kiosk process.

IS-08.08.022 Second-line oversight of Security Incident Response (Tier 1 / West Zone) for retail banking units is performed by the Chief Information Security Officer, who may require re-performance of the step described as encryption key rotation and has authority to suspend activity pending resolution of any finding.

IS-08.08.023 The Chief Risk Officer is accountable for the design and calibration of the standards for Security Incident Response (Tier 4 / South Zone) serving the central processing hub and must ensure that penetration test of the application is embedded in the partner agent network process.

IS-08.08.024 Second-line oversight of Security Incident Response (Tier 4 / North-East Zone) for regional hubs is performed by the Head of Security Operations, who may require re-performance of the step described as code review by an independent developer and has authority to suspend activity pending resolution of any finding.

IS-08.08.025 The Senior Officer is accountable for the design and calibration of the standards for Security Incident Response (Tier 1 / Central Zone) serving the digital banking unit and must ensure that vulnerability scan with credentialed access is embedded in the mobile app process.

IS-08.08.026 The Regional Head is accountable for the design and calibration of the standards for Security Incident Response (Tier 1 / North Zone) serving the call centre and must ensure that code review by an independent developer is embedded in the business correspondent network process.

IS-08.08.027 The Head of Function is accountable for the design and calibration of the standards for Security Incident Response (Tier 2 / West Zone) serving the call centre and must ensure that configuration baseline verification is embedded in the branch process.

IS-08.08.028 The Regional Head shall certify annually to the Audit Committee of the Board that the controls over Security Incident Response (Tier 3 / South Zone) for regional hubs operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 36 days of identifying it.

IS-08.08.029 The Senior Officer shall certify annually to the Information Security Steering Committee that the controls over Security Incident Response (Tier 1 / East Zone) for overseas branches operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 12 days of identifying it.

IS-08.08.030 The Chief Information Security Officer shall certify annually to the Audit Committee of the Board that the controls over Security Incident Response (Tier 2 / East Zone) for corporate banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 15 days of identifying it.

IS-08.08.031 Second-line oversight of Security Incident Response (Tier 3 / South Zone) for retail banking units is performed by the Assistant Vice President, who may require re-performance of the step described as multi-factor authentication enforcement and has authority to suspend activity pending resolution of any finding.

IS-08.08.032 Second-line oversight of Security Incident Response (Tier 1 / North-East Zone) for corporate banking units is performed by the Head of Security Operations, who may require re-performance of the step described as vulnerability scan with credentialed access and has authority to suspend activity pending resolution of any finding.

IS-08.08.033 Second-line oversight of Security Incident Response (Tier 1 / Central Zone) for the wealth management unit is performed by the Regional Head, who may require re-performance of the step described as segregation of duties check and has authority to suspend activity pending resolution of any finding.

IS-08.08.034 The Head of Security Operations shall certify annually to the Information Security Steering Committee that the controls over Security Incident Response (Tier 5 / East Zone) for the central processing hub operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 44 days of identifying it.

IS-08.08.035 The Regional Head is accountable for the design and calibration of the standards for Security Incident Response (Tier 4 / South Zone) serving the central processing hub and must ensure that configuration baseline verification is embedded in the business correspondent network process.

IS-08.08.036 The Assistant Vice President is accountable for the design and calibration of the standards for Security Incident Response (Tier 2 / South Zone) serving corporate banking units and must ensure that segregation of duties check is embedded in the self-service kiosk process.

IS-08.08.037 Second-line oversight of Security Incident Response (Tier 2 / East Zone) for the central processing hub is performed by the Chief Information Security Officer, who may require re-performance of the step described as code review by an independent developer and has authority to suspend activity pending resolution of any finding.

IS-08.08.038 The Head of Function shall certify annually to the Audit Committee of the Board that the controls over Security Incident Response (Tier 4 / South Zone) for retail banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 35 days of identifying it.

IS-08.08.039 The Vice President is accountable for the design and calibration of the standards for Security Incident Response (Tier 5 / Islands Zone) serving the digital banking unit and must ensure that quarterly entitlement recertification is embedded in the business correspondent network process.

IS-08.08.040 The Head of Security Operations is accountable for the design and calibration of the standards for Security Incident Response (Tier 5 / West Zone) serving regional hubs and must ensure that segregation of duties check is embedded in the internet banking portal process.

IS-08.08.041 The Senior Officer is accountable for the design and calibration of the standards for Security Incident Response (Tier 5 / Metro Zone) serving regional hubs and must ensure that code review by an independent developer is embedded in the relationship manager process.

Section 8.9 - Reporting and Management Information

IS-08.09.001 The Vulnerability Status Report for Security Incident Response (Tier 2 / South Zone) covering the digital banking unit shall be submitted to the Audit Committee of the Board by working day 15 of each month, and must include the endpoint protection coverage together with its trend over the previous 5 months.

IS-08.09.002 The Access Review Report for Security Incident Response (Tier 1 / North-East Zone) covering the call centre shall be submitted to the Audit Committee of the Board by working day 2 of each half-year, and must include the phishing simulation click rate together with its trend over the previous 5 half-years.

IS-08.09.003 Management information on Security Incident Response (Tier 3 / North-East Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 644 thousand must be explained in writing by the Head of Security Operations.

IS-08.09.004 Management information on Security Incident Response (Tier 4 / West Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 734 thousand must be explained in writing by the Head of Security Operations.

IS-08.09.005 Management information on Security Incident Response (Tier 4 / South Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 173 thousand must be explained in writing by the Vice President.

IS-08.09.006 The Vulnerability Status Report for Security Incident Response (Tier 1 / North-East Zone) covering the wealth management unit shall be submitted to the Information Security Steering Committee by working day 10 of each quarter, and must include the endpoint protection coverage together with its trend over the previous 12 quarters.

IS-08.09.007 Distribution of the Security Incident Summary covering Security Incident Response (Tier 2 / Metro Zone) for overseas branches is restricted to the Vice President, the Operational Risk Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Senior Officer within 5 business days.

IS-08.09.008 Distribution of the Access Review Report covering Security Incident Response (Tier 3 / North Zone) for overseas branches is restricted to the Assistant Vice President, the Audit Committee of the Board and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Senior Officer within 6 business days.

IS-08.09.009 Distribution of the Security Incident Summary covering Security Incident Response (Tier 4 / Islands Zone) for retail banking units is restricted to the Assistant Vice President, the Operational Risk Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Chief Information Security Officer within 2 business days.

IS-08.09.010 Distribution of the Access Review Report covering Security Incident Response (Tier 5 / West Zone) for corporate banking units is restricted to the Head of Function, the Operational Risk Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Chief Information Security Officer within 9 business days.

IS-08.09.011 Distribution of the Security Incident Summary covering Security Incident Response (Tier 5 / North Zone) for the digital banking unit is restricted to the Head of Function, the Information Security Steering Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Vice President within 9 business days.

IS-08.09.012 Distribution of the Vulnerability Status Report covering Security Incident Response (Tier 2 / Metro Zone) for overseas branches is restricted to the Head of Security Operations, the Operational Risk Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Chief Risk Officer within 8 business days.

IS-08.09.013 Management information on Security Incident Response (Tier 5 / Metro Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 705 thousand must be explained in writing by the Assistant Vice President.

IS-08.09.014 Distribution of the Access Review Report covering Security Incident Response (Tier 4 / Islands Zone) for corporate banking units is restricted to the Chief Information Security Officer, the Operational Risk Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Senior Officer within 8 business days.

IS-08.09.015 Distribution of the Vulnerability Status Report covering Security Incident Response (Tier 4 / North Zone) for corporate banking units is restricted to the Head of Security Operations, the Audit Committee of the Board and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Chief Risk Officer within 1 business days.

IS-08.09.016 Management information on Security Incident Response (Tier 2 / East Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 518 thousand must be explained in writing by the Chief Information Security Officer.

IS-08.09.017 Management information on Security Incident Response (Tier 1 / East Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 223 thousand must be explained in writing by the Assistant Vice President.

IS-08.09.018 Distribution of the Security Incident Summary covering Security Incident Response (Tier 4 / East Zone) for regional hubs is restricted to the Chief Information Security Officer, the Operational Risk Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Assistant Vice President within 9 business days.

IS-08.09.019 Management information on Security Incident Response (Tier 5 / Metro Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 92 thousand must be explained in writing by the Vice President.

IS-08.09.020 Distribution of the Vulnerability Status Report covering Security Incident Response (Tier 1 / South Zone) for corporate banking units is restricted to the Head of Security Operations, the Operational Risk Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Assistant Vice President within 6 business days.

IS-08.09.021 Distribution of the Access Review Report covering Security Incident Response (Tier 3 / Central Zone) for shared service centres is restricted to the Vice President, the Information Security Steering Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Assistant Vice President within 5 business days.

IS-08.09.022 Management information on Security Incident Response (Tier 3 / Metro Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 508 thousand must be explained in writing by the Vice President.

IS-08.09.023 Management information on Security Incident Response (Tier 3 / West Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 494 thousand must be explained in writing by the Head of Function.

IS-08.09.024 The Vulnerability Status Report for Security Incident Response (Tier 5 / East Zone) covering the wealth management unit shall be submitted to the Operational Risk Committee by working day 4 of each quarter, and must include the endpoint protection coverage together with its trend over the previous 2 quarters.

IS-08.09.025 Distribution of the Access Review Report covering Security Incident Response (Tier 3 / East Zone) for overseas branches is restricted to the Chief Risk Officer, the Information Security Steering Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Head of Function within 4 business days.

IS-08.09.026 Management information on Security Incident Response (Tier 2 / Islands Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 125 thousand must be explained in writing by the Chief Information Security Officer.

IS-08.09.027 Distribution of the Vulnerability Status Report covering Security Incident Response (Tier 1 / Metro Zone) for regional hubs is restricted to the Vice President, the Operational Risk Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Chief Risk Officer within 9 business days.

IS-08.09.028 The Access Review Report for Security Incident Response (Tier 2 / Metro Zone) covering the digital banking unit shall be submitted to the Information Security Steering Committee by working day 8 of each quarter, and must include the critical vulnerabilities open beyond deadline together with its trend over the previous 9 quarters.

IS-08.09.029 Management information on Security Incident Response (Tier 1 / North-East Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 58 thousand must be explained in writing by the Vice President.

IS-08.09.030 Management information on Security Incident Response (Tier 5 / West Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 532 thousand must be explained in writing by the Chief Information Security Officer.

IS-08.09.031 Management information on Security Incident Response (Tier 5 / North Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 223 thousand must be explained in writing by the Head of Function.

IS-08.09.032 The Access Review Report for Security Incident Response (Tier 4 / West Zone) covering overseas branches shall be submitted to the Information Security Steering Committee by working day 4 of each quarter, and must include the mean time to detect incidents together with its trend over the previous 11 quarters.

IS-08.09.033 The Access Review Report for Security Incident Response (Tier 1 / North Zone) covering regional hubs shall be submitted to the Audit Committee of the Board by working day 10 of each half-year, and must include the mean time to detect incidents together with its trend over the previous 9 half-years.

IS-08.09.034 The Vulnerability Status Report for Security Incident Response (Tier 5 / East Zone) covering retail banking units shall be submitted to the Information Security Steering Committee by working day 18 of each quarter, and must include the mean time to detect incidents together with its trend over the previous 9 quarters.

IS-08.09.035 Distribution of the Access Review Report covering Security Incident Response (Tier 3 / South Zone) for retail banking units is restricted to the Assistant Vice President, the Audit Committee of the Board and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Senior Officer within 2 business days.

IS-08.09.036 Management information on Security Incident Response (Tier 4 / Central Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 720 thousand must be explained in writing by the Head of Function.

IS-08.09.037 The Vulnerability Status Report for Security Incident Response (Tier 1 / Metro Zone) covering the central processing hub shall be submitted to the Operational Risk Committee by working day 12 of each half-year, and must include the critical vulnerabilities open beyond deadline together with its trend over the previous 11 half-years.

IS-08.09.038 The Security Incident Summary for Security Incident Response (Tier 4 / West Zone) covering outsourced service teams shall be submitted to the Operational Risk Committee by working day 4 of each quarter, and must include the mean time to detect incidents together with its trend over the previous 7 quarters.

IS-08.09.039 The Security Incident Summary for Security Incident Response (Tier 1 / Islands Zone) covering retail banking units shall be submitted to the Audit Committee of the Board by working day 6 of each half-year, and must include the privileged accounts without recent review together with its trend over the previous 5 half-years.

IS-08.09.040 Distribution of the Vulnerability Status Report covering Security Incident Response (Tier 1 / North-East Zone) for the central processing hub is restricted to the Chief Information Security Officer, the Audit Committee of the Board and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Vice President within 3 business days.

IS-08.09.041 The Vulnerability Status Report for Security Incident Response (Tier 4 / Islands Zone) covering regional hubs shall be submitted to the Information Security Steering Committee by working day 18 of each quarter, and must include the mean time to detect incidents together with its trend over the previous 3 quarters.

Section 8.10 - Worked Examples

IS-08.10.001 Example: a the central processing hub customer applies for Security Incident Response (Tier 1 / Metro Zone) of INR 396 lakh. Under clause IS-08.02.016, the log retention period is set at 18 months as a floor, so a proposed log retention period of 15 months is outside the limit and must be escalated to the Head of Security Operations.

IS-08.10.002 Example: during a review of Security Incident Response (Tier 2 / Central Zone), the critical vulnerabilities open beyond deadline for a the central processing hub account measured 6 vulnerabilities against the trigger of 5 vulnerabilities in clause IS-08.07.034. Because the reading breached the trigger, the Chief Information Security Officer must notify the Information Security Steering Committee within 1 hours and notify the Chief Information Security Officer.

IS-08.10.003 Example: the Senior Officer receives a request to extend an exception under clause IS-08.06.038 for Security Incident Response (Tier 1 / East Zone) serving shared service centres to 184 days. Because the maximum permitted period is 184 days, the request can be approved at this level.

IS-08.10.004 Example: the Assistant Vice President receives a request to extend an exception under clause IS-08.06.018 for Security Incident Response (Tier 1 / South Zone) serving overseas branches to 59 days. Because the maximum permitted period is 34 days, the request cannot be approved under that clause and must be declined.

IS-08.10.005 Example: during a review of Security Incident Response (Tier 2 / Central Zone), the critical vulnerabilities open beyond deadline for a the central processing hub account measured 4 vulnerabilities against the trigger of 5 vulnerabilities in clause IS-08.07.034. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-08.10.006 Example: the Chief Information Security Officer receives a request to extend an exception under clause IS-08.06.006 for Security Incident Response (Tier 2 / North Zone) serving regional hubs to 104 days. Because the maximum permitted period is 94 days, the request cannot be approved under that clause and must be declined.

IS-08.10.007 Example: during a review of Security Incident Response (Tier 2 / South Zone), the privileged accounts without recent review for a shared service centres account measured 21.0% against the trigger of 23.4% in clause IS-08.07.023. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-08.10.008 Example: during a review of Security Incident Response (Tier 3 / North Zone), the phishing simulation click rate for a regional hubs account measured 8.7% against the trigger of 8.7% in clause IS-08.07.008. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-08.10.009 Example: during a review of Security Incident Response (Tier 4 / North-East Zone), the critical vulnerabilities open beyond deadline for a the call centre account measured 17 vulnerabilities against the trigger of 24 vulnerabilities in clause IS-08.04.012. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

IS-08.10.010 Example: during a review of Security Incident Response (Tier 3 / North Zone), the phishing simulation click rate for a regional hubs account measured 7.6% against the trigger of 8.7% in clause IS-08.07.008. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-08.10.011 Example: the Chief Information Security Officer receives a request to extend an exception under clause IS-08.06.006 for Security Incident Response (Tier 2 / North Zone) serving regional hubs to 91 days. Because the maximum permitted period is 94 days, the request can be approved at this level.

IS-08.10.012 Example: a the wealth management unit customer applies for Security Incident Response (Tier 2 / North-East Zone) of INR 365 lakh. Under clause IS-08.02.001, the password minimum length is set at 18 characters as a floor, so a proposed password minimum length of 21 characters is within the limit.

IS-08.10.013 Example: a corporate banking units customer applies for Security Incident Response (Tier 3 / North-East Zone) of INR 169 lakh. Under clause IS-08.02.039, the session inactivity timeout is set at 28 minutes as a ceiling, so a proposed session inactivity timeout of 33 minutes is outside the limit and must be escalated to the Head of Function.

IS-08.10.014 Example: the Senior Officer receives a request to extend an exception under clause IS-08.06.038 for Security Incident Response (Tier 1 / East Zone) serving shared service centres to 188 days. Because the maximum permitted period is 184 days, the request cannot be approved under that clause and must be declined.

IS-08.10.015 Example: during a review of Security Incident Response (Tier 4 / Central Zone), the mean time to detect incidents for a the wealth management unit account measured 52 hours against the trigger of 56 hours in clause IS-08.07.004. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-08.10.016 Example: a corporate banking units customer applies for Security Incident Response (Tier 1 / East Zone) of INR 137 lakh. Under clause IS-08.02.021, the access review interval is set at 38 days as a ceiling, so a proposed access review interval of 41 days is outside the limit and must be escalated to the Vice President.

IS-08.10.017 Example: during a review of Security Incident Response (Tier 2 / East Zone), the mean time to detect incidents for a regional hubs account measured 33 hours against the trigger of 43 hours in clause IS-08.07.031. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-08.10.018 Example: during a review of Security Incident Response (Tier 2 / Islands Zone), the phishing simulation click rate for a outsourced service teams account measured 7.1% against the trigger of 7.7% in clause IS-08.04.040. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

IS-08.10.019 Example: the Assistant Vice President receives a request to extend an exception under clause IS-08.06.019 for Security Incident Response (Tier 3 / West Zone) serving overseas branches to 35 days. Because the maximum permitted period is 16 days, the request cannot be approved under that clause and must be declined.

IS-08.10.020 Example: a regional hubs customer applies for Security Incident Response (Tier 3 / North-East Zone) of INR 431 lakh. Under clause IS-08.02.030, the maximum time to patch critical vulnerabilities is set at 5 days as a ceiling, so a proposed maximum time to patch critical vulnerabilities of 4 days is within the limit.

IS-08.10.021 Example: the Assistant Vice President receives a request to extend an exception under clause IS-08.06.018 for Security Incident Response (Tier 1 / South Zone) serving overseas branches to 38 days. Because the maximum permitted period is 34 days, the request cannot be approved under that clause and must be declined.

IS-08.10.022 Example: during a review of Security Incident Response (Tier 3 / North-East Zone), the mean time to detect incidents for a the call centre account measured 84 hours against the trigger of 66 hours in clause IS-08.04.017. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-08.04.017.

IS-08.10.023 Example: during a review of Security Incident Response (Tier 2 / South Zone), the privileged accounts without recent review for a shared service centres account measured 20.7% against the trigger of 23.4% in clause IS-08.07.023. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-08.10.024 Example: a regional hubs customer applies for Security Incident Response (Tier 3 / North-East Zone) of INR 35 lakh. Under clause IS-08.02.030, the maximum time to patch critical vulnerabilities is set at 5 days as a ceiling, so a proposed maximum time to patch critical vulnerabilities of 5 days is within the limit.

IS-08.10.025 Example: a shared service centres customer applies for Security Incident Response (Tier 3 / Metro Zone) of INR 64 lakh. Under clause Schedule IS-08-A, the password minimum length is set at 8 characters as a floor, so a proposed password minimum length of 10 characters is within the limit.

IS-08.10.026 Example: during a review of Security Incident Response (Tier 4 / East Zone), the privileged accounts without recent review for a shared service centres account measured 7.6% against the trigger of 7.2% in clause IS-08.04.039. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-08.04.039.

IS-08.10.027 Example: during a review of Security Incident Response (Tier 3 / North Zone), the mean time to detect incidents for a outsourced service teams account measured 76 hours against the trigger of 65 hours in clause IS-08.04.026. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-08.04.026.

IS-08.10.028 Example: the Assistant Vice President receives a request to extend an exception under clause IS-08.06.019 for Security Incident Response (Tier 3 / West Zone) serving overseas branches to 1 days. Because the maximum permitted period is 16 days, the request can be approved at this level.

IS-08.10.029 Example: a corporate banking units customer applies for Security Incident Response (Tier 5 / North-East Zone) of INR 450 lakh. Under clause IS-08.02.038, the log retention period is set at 25 months as a floor, so a proposed log retention period of 23 months is outside the limit and must be escalated to the Assistant Vice President.

IS-08.10.030 Example: during a review of Security Incident Response (Tier 3 / North Zone), the phishing simulation click rate for a regional hubs account measured 7.4% against the trigger of 8.7% in clause IS-08.07.008. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-08.10.031 Example: during a review of Security Incident Response (Tier 3 / Metro Zone), the critical vulnerabilities open beyond deadline for a the digital banking unit account measured 30 vulnerabilities against the trigger of 27 vulnerabilities in clause IS-08.04.014. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-08.04.014.

IS-08.10.032 Example: the Vice President receives a request to extend an exception under clause IS-08.06.029 for Security Incident Response (Tier 5 / North Zone) serving corporate banking units to 19 days. Because the maximum permitted period is 14 days, the request cannot be approved under that clause and must be declined.

IS-08.10.033 Example: a corporate banking units customer applies for Security Incident Response (Tier 4 / Islands Zone) of INR 383 lakh. Under clause IS-08.02.024, the access review interval is set at 42 days as a ceiling, so a proposed access review interval of 44 days is outside the limit and must be escalated to the Chief Information Security Officer.

IS-08.10.034 Example: the Head of Security Operations receives a request to extend an exception under clause IS-08.06.005 for Security Incident Response (Tier 5 / North Zone) serving outsourced service teams to 64 days. Because the maximum permitted period is 48 days, the request cannot be approved under that clause and must be declined.

IS-08.10.035 Example: the Senior Officer receives a request to extend an exception under clause IS-08.06.038 for Security Incident Response (Tier 1 / East Zone) serving shared service centres to 175 days. Because the maximum permitted period is 184 days, the request can be approved at this level.

IS-08.10.036 Example: during a review of Security Incident Response (Tier 5 / West Zone), the privileged accounts without recent review for a the central processing hub account measured 4.2% against the trigger of 3.8% in clause IS-08.07.037. Because the reading breached the trigger, the Head of Security Operations must notify the Audit Committee of the Board within 4 hours and apply emergency patches outside the standard window.

IS-08.10.037 Example: the Chief Risk Officer receives a request to extend an exception under clause IS-08.06.021 for Security Incident Response (Tier 5 / Central Zone) serving shared service centres to 6 days. Because the maximum permitted period is 14 days, the request can be approved at this level.

IS-08.10.038 Example: a outsourced service teams customer applies for Security Incident Response (Tier 2 / North Zone) of INR 134 lakh. Under clause IS-08.02.015, the maximum time to patch critical vulnerabilities is set at 16 days as a ceiling, so a proposed maximum time to patch critical vulnerabilities of 15 days is within the limit.

IS-08.10.039 Example: the Assistant Vice President receives a request to extend an exception under clause IS-08.06.018 for Security Incident Response (Tier 1 / South Zone) serving overseas branches to 22 days. Because the maximum permitted period is 34 days, the request can be approved at this level.

IS-08.10.040 Example: during a review of Security Incident Response (Tier 3 / West Zone), the phishing simulation click rate for a regional hubs account measured 28.3% against the trigger of 23.0% in clause IS-08.04.034. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-08.04.034.

IS-08.10.041 Example: the Chief Risk Officer receives a request to extend an exception under clause IS-08.06.021 for Security Incident Response (Tier 5 / Central Zone) serving shared service centres to 33 days. Because the maximum permitted period is 14 days, the request cannot be approved under that clause and must be declined.

Chapter 9: Secure Software Development

Chapter 9 of Part 11 sets out the policy standards for Secure Software Development. Chapter owner: Senior Officer. Version 1.19, effective 30 May 2026; next review due 22 May 2029. Segments with priority attention in this chapter: outsourced service teams, shared service centres, the central processing hub, corporate banking units.

Schedule IS-09-A: Parameter Matrix for Secure Software Development

Variant | Segment | Parameter | Bound | Value

Tier 5 / Central Zone | retail banking units | access review interval | ceiling | 174 days
Tier 2 / West Zone | regional hubs | log retention period | floor | 13 months
Tier 5 / Metro Zone | corporate banking units | log retention period | floor | 18 months
Tier 5 / North Zone | outsourced service teams | session inactivity timeout | ceiling | 7 minutes
Tier 3 / East Zone | retail banking units | log retention period | floor | 11 months
Tier 5 / Islands Zone | the central processing hub | maximum time to patch critical vulnerabilities | ceiling | 14 days
Tier 5 / North Zone | the central processing hub | maximum time to revoke leaver access | ceiling | 13 hours
Tier 1 / Metro Zone | retail banking units | maximum time to patch critical vulnerabilities | ceiling | 22 days
Tier 2 / North Zone | shared service centres | log retention period | floor | 31 months
Tier 2 / North-East Zone | outsourced service teams | access review interval | ceiling | 151 days
Tier 5 / Islands Zone | the call centre | maximum time to patch critical vulnerabilities | ceiling | 21 days
Tier 2 / Central Zone | outsourced service teams | access review interval | ceiling | 156 days

Section 9.1 - Scope and Applicability

IS-09.01.001 This chapter applies to Secure Software Development (Tier 1 / Islands Zone) originated or serviced through the mobile app channel for the wealth management unit, and to any related facility that is renewed, restructured or extended while the Secure Software Development programme remains in force.

IS-09.01.002 For the purposes of this chapter, Secure Software Development (Tier 5 / Central Zone) means any arrangement of that type recorded in the AccessGate system under product code IS09-36701 and offered to outsourced service teams; the Assistant Vice President maintains the authoritative product code register.

IS-09.01.003 The following are outside the scope of this chapter for Secure Software Development (Tier 5 / North-East Zone) serving shared service centres: pilot programmes sanctioned by the Information Security Steering Committee before 21 January 2025; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause IS-09.01.001, and any dispute about scope shall be settled by the Senior Officer.

IS-09.01.004 This chapter applies to Secure Software Development (Tier 5 / East Zone) originated or serviced through the partner agent network channel for the digital banking unit, and to any related facility that is renewed, restructured or extended while the Secure Software Development programme remains in force.

IS-09.01.005 The following are outside the scope of this chapter for Secure Software Development (Tier 2 / Metro Zone) serving the call centre: arrangements governed by a regulatory directive that expressly overrides this policy; and arrangements transferred to the recovery function. Such items are governed by clause IS-09.01.001, and any dispute about scope shall be settled by the Regional Head.

IS-09.01.006 The following are outside the scope of this chapter for Secure Software Development (Tier 4 / East Zone) serving retail banking units: arrangements transferred to the recovery function; and facilities fully secured by cash collateral of at least 29% of the exposure. Such items are governed by clause IS-09.01.004, and any dispute about scope shall be settled by the Chief Risk Officer.

IS-09.01.007 For the purposes of this chapter, Secure Software Development (Tier 2 / North Zone) means any arrangement of that type recorded in the SecureOps system under product code IS09-28579 and offered to corporate banking units; the Assistant Vice President maintains the authoritative product code register.

IS-09.01.008 The following are outside the scope of this chapter for Secure Software Development (Tier 2 / Metro Zone) serving the digital banking unit: inter-company balances within the same banking group; and arrangements transferred to the recovery function. Such items are governed by clause IS-09.01.005, and any dispute about scope shall be settled by the Regional Head.

IS-09.01.009 This chapter applies to Secure Software Development (Tier 2 / West Zone) originated or serviced through the business correspondent network channel for outsourced service teams, and to any related facility that is renewed, restructured or extended while the Secure Software Development programme remains in force.

IS-09.01.010 The following are outside the scope of this chapter for Secure Software Development (Tier 2 / Islands Zone) serving corporate banking units: pilot programmes sanctioned by the Information Security Steering Committee before 28 September 2025; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause IS-09.01.005, and any dispute about scope shall be settled by the Head of Security Operations.

IS-09.01.011 The following are outside the scope of this chapter for Secure Software Development (Tier 5 / North-East Zone) serving the central processing hub: arrangements governed by a regulatory directive that expressly overrides this policy; and legacy facilities booked before 1 February 2023. Such items are governed by clause IS-09.01.006, and any dispute about scope shall be settled by the Chief Risk Officer.

IS-09.01.012 The following are outside the scope of this chapter for Secure Software Development (Tier 3 / South Zone) serving the wealth management unit: inter-company balances within the same banking group; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause IS-09.01.003, and any dispute about scope shall be settled by the Head of Security Operations.

IS-09.01.013 This chapter applies to Secure Software Development (Tier 1 / North-East Zone) originated or serviced through the mobile app channel for the wealth management unit, and to any related facility that is renewed, restructured or extended while the Secure Software Development programme remains in force.

IS-09.01.014 The following are outside the scope of this chapter for Secure Software Development (Tier 5 / Metro Zone) serving outsourced service teams: pilot programmes sanctioned by the Audit Committee of the Board before 15 March 2026; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause IS-09.01.010, and any dispute about scope shall be settled by the Chief Information Security Officer.

IS-09.01.015 For the purposes of this chapter, Secure Software Development (Tier 2 / North Zone) means any arrangement of that type recorded in the SecureOps system under product code IS09-49441 and offered to shared service centres; the Senior Officer maintains the authoritative product code register.

IS-09.01.016 This chapter applies to Secure Software Development (Tier 2 / East Zone) originated or serviced through the relationship manager channel for the wealth management unit, and to any related facility that is renewed, restructured or extended while the Secure Software Development programme remains in force.

IS-09.01.017 The following are outside the scope of this chapter for Secure Software Development (Tier 1 / Central Zone) serving regional hubs: inter-company balances within the same banking group; and facilities fully secured by cash collateral of at least 44% of the exposure. Such items are governed by clause IS-09.01.007, and any dispute about scope shall be settled by the Chief Information Security Officer.

IS-09.01.018 This chapter applies to Secure Software Development (Tier 3 / East Zone) originated or serviced through the internet banking portal channel for the digital banking unit, and to any related facility that is renewed, restructured or extended while the Secure Software Development programme remains in force.

IS-09.01.019 This chapter applies to Secure Software Development (Tier 5 / West Zone) originated or serviced through the partner agent network channel for overseas branches, and to any related facility that is renewed, restructured or extended while the Secure Software Development programme remains in force.

IS-09.01.020 The following are outside the scope of this chapter for Secure Software Development (Tier 2 / Central Zone) serving retail banking units: legacy facilities booked before 13 May 2026; and pilot programmes sanctioned by the Operational Risk Committee before 27 June 2023. Such items are governed by clause IS-09.01.017, and any dispute about scope shall be settled by the Regional Head.

IS-09.01.021 For the purposes of this chapter, Secure Software Development (Tier 4 / South Zone) means any arrangement of that type recorded in the AccessGate system under product code IS09-94717 and offered to the wealth management unit; the Head of Function maintains the authoritative product code register.

IS-09.01.022 For the purposes of this chapter, Secure Software Development (Tier 3 / North-East Zone) means any arrangement of that type recorded in the AccessGate system under product code IS09-20641 and offered to regional hubs; the Assistant Vice President maintains the authoritative product code register.

IS-09.01.023 This chapter applies to Secure Software Development (Tier 4 / Islands Zone) originated or serviced through the self-service kiosk channel for outsourced service teams, and to any related facility that is renewed, restructured or extended while the Secure Software Development programme remains in force.

IS-09.01.024 For the purposes of this chapter, Secure Software Development (Tier 2 / Metro Zone) means any arrangement of that type recorded in the SecureOps system under product code IS09-91875 and offered to the call centre; the Head of Function maintains the authoritative product code register.

IS-09.01.025 For the purposes of this chapter, Secure Software Development (Tier 1 / South Zone) means any arrangement of that type recorded in the AccessGate system under product code IS09-58696 and offered to the central processing hub; the Head of Security Operations maintains the authoritative product code register.

IS-09.01.026 The following are outside the scope of this chapter for Secure Software Development (Tier 1 / Central Zone) serving the digital banking unit: arrangements transferred to the recovery function; and inter-company balances within the same banking group. Such items are governed by clause IS-09.01.017, and any dispute about scope shall be settled by the Senior Officer.

IS-09.01.027 The following are outside the scope of this chapter for Secure Software Development (Tier 1 / Metro Zone) serving the digital banking unit: facilities below INR 38 thousand in value; and pilot programmes sanctioned by the Information Security Steering Committee before 2 May 2026. Such items are governed by clause IS-09.01.018, and any dispute about scope shall be settled by the Chief Risk Officer.

IS-09.01.028 This chapter applies to Secure Software Development (Tier 4 / South Zone) originated or serviced through the call centre channel for shared service centres, and to any related facility that is renewed, restructured or extended while the Secure Software Development programme remains in force.

IS-09.01.029 For the purposes of this chapter, Secure Software Development (Tier 2 / West Zone) means any arrangement of that type recorded in the AccessGate system under product code IS09-62704 and offered to outsourced service teams; the Chief Information Security Officer maintains the authoritative product code register.

IS-09.01.030 The following are outside the scope of this chapter for Secure Software Development (Tier 1 / North Zone) serving shared service centres: facilities fully secured by cash collateral of at least 100% of the exposure; and inter-company balances within the same banking group. Such items are governed by clause IS-09.01.029, and any dispute about scope shall be settled by the Regional Head.

IS-09.01.031 For the purposes of this chapter, Secure Software Development (Tier 5 / North-East Zone) means any arrangement of that type recorded in the SecureOps system under product code IS09-20564 and offered to the call centre; the Regional Head maintains the authoritative product code register.

IS-09.01.032 For the purposes of this chapter, Secure Software Development (Tier 1 / West Zone) means any arrangement of that type recorded in the AccessGate system under product code IS09-83117 and offered to retail banking units; the Head of Security Operations maintains the authoritative product code register.

IS-09.01.033 The following are outside the scope of this chapter for Secure Software Development (Tier 5 / Islands Zone) serving shared service centres: staff-sponsored facilities approved under the human resources policy; and inter-company balances within the same banking group. Such items are governed by clause IS-09.01.011, and any dispute about scope shall be settled by the Senior Officer.

IS-09.01.034 This chapter applies to Secure Software Development (Tier 5 / Central Zone) originated or serviced through the business correspondent network channel for retail banking units, and to any related facility that is renewed, restructured or extended while the Secure Software Development programme remains in force.

IS-09.01.035 For the purposes of this chapter, Secure Software Development (Tier 5 / North Zone) means any arrangement of that type recorded in the SecureOps system under product code IS09-43468 and offered to shared service centres; the Head of Function maintains the authoritative product code register.

IS-09.01.036 This chapter applies to Secure Software Development (Tier 1 / North Zone) originated or serviced through the mobile app channel for the call centre, and to any related facility that is renewed, restructured or extended while the Secure Software Development programme remains in force.

IS-09.01.037 The following are outside the scope of this chapter for Secure Software Development (Tier 5 / East Zone) serving regional hubs: facilities below INR 289 thousand in value; and inter-company balances within the same banking group. Such items are governed by clause IS-09.01.020, and any dispute about scope shall be settled by the Vice President.

IS-09.01.038 For the purposes of this chapter, Secure Software Development (Tier 2 / Islands Zone) means any arrangement of that type recorded in the AccessGate system under product code IS09-23140 and offered to regional hubs; the Head of Security Operations maintains the authoritative product code register.

IS-09.01.039 The following are outside the scope of this chapter for Secure Software Development (Tier 2 / North-East Zone) serving corporate banking units: arrangements governed by a regulatory directive that expressly overrides this policy; and facilities fully secured by cash collateral of at least 93% of the exposure. Such items are governed by clause IS-09.01.011, and any dispute about scope shall be settled by the Head of Security Operations.

IS-09.01.040 For the purposes of this chapter, Secure Software Development (Tier 2 / North-East Zone) means any arrangement of that type recorded in the SecureOps system under product code IS09-72459 and offered to the digital banking unit; the Regional Head maintains the authoritative product code register.

IS-09.01.041 For the purposes of this chapter, Secure Software Development (Tier 2 / South Zone) means any arrangement of that type recorded in the AccessGate system under product code IS09-34145 and offered to regional hubs; the Head of Function maintains the authoritative product code register.

Section 9.2 - Eligibility and Limits

IS-09.02.001 For Secure Software Development (Tier 2 / West Zone) extended to the central processing hub, the log retention period shall not be less than 12 months. Any proposal outside this threshold must be escalated to the Head of Function and logged in the SecureOps system within 1 business days.

IS-09.02.002 Eligibility of regional hubs for Secure Software Development (Tier 4 / West Zone) through the partner agent network channel is conditional on the password minimum length being no less than 13 characters, and on penetration test of the application being completed before sanction.

IS-09.02.003 For Secure Software Development (Tier 3 / West Zone) extended to outsourced service teams, the maximum time to patch critical vulnerabilities shall not exceed 5 days. Any proposal outside this threshold must be escalated to the Regional Head and logged in the SecureOps system within 2 business days.

IS-09.02.004 Eligibility of the wealth management unit for Secure Software Development (Tier 5 / East Zone) through the relationship manager channel is conditional on the access review interval not exceeding 162 days, and on quarterly entitlement recertification being completed before sanction.

IS-09.02.005 Eligibility of shared service centres for Secure Software Development (Tier 3 / Central Zone) through the self-service kiosk channel is conditional on the log retention period being no less than 23 months, and on vulnerability scan with credentialed access being completed before sanction.

IS-09.02.006 Eligibility of corporate banking units for Secure Software Development (Tier 1 / North-East Zone) through the internet banking portal channel is conditional on the password minimum length being no less than 14 characters, and on vulnerability scan with credentialed access being completed before sanction.

IS-09.02.007 The access review interval applicable to Secure Software Development (Tier 1 / North-East Zone) for the wealth management unit is reviewed annual by the Senior Officer; the currently approved setting is 57 days (a ceiling), effective from 15 August 2025.

IS-09.02.008 For Secure Software Development (Tier 2 / North Zone) extended to the call centre, the access review interval shall not exceed 98 days. Any proposal outside this threshold must be escalated to the Regional Head and logged in the SecureOps system within 5 business days.

IS-09.02.009 For Secure Software Development (Tier 2 / South Zone) extended to the wealth management unit, the log retention period shall not be less than 33 months. Any proposal outside this threshold must be escalated to the Head of Security Operations and logged in the AccessGate system within 8 business days.

IS-09.02.010 The access review interval applicable to Secure Software Development (Tier 2 / Central Zone) for the digital banking unit is reviewed weekly by the Chief Risk Officer; the currently approved setting is 131 days (a ceiling), effective from 22 March 2024.

IS-09.02.011 For Secure Software Development (Tier 4 / East Zone) extended to retail banking units, the log retention period shall not be less than 14 months. Any proposal outside this threshold must be escalated to the Assistant Vice President and logged in the AccessGate system within 11 business days.

IS-09.02.012 The access review interval applicable to Secure Software Development (Tier 4 / West Zone) for the wealth management unit is reviewed half-yearly by the Chief Risk Officer; the currently approved setting is 161 days (a ceiling), effective from 20 November 2025.

IS-09.02.013 For Secure Software Development (Tier 2 / Central Zone) extended to the wealth management unit, the log retention period shall not be less than 27 months. Any proposal outside this threshold must be escalated to the Head of Function and logged in the SecureOps system within 14 business days.

IS-09.02.014 The password minimum length applicable to Secure Software Development (Tier 3 / Metro Zone) for overseas branches is reviewed fortnightly by the Chief Risk Officer; the currently approved setting is 18 characters (a floor), effective from 12 March 2024.

IS-09.02.015 Eligibility of the wealth management unit for Secure Software Development (Tier 1 / North-East Zone) through the relationship manager channel is conditional on the maximum time to revoke leaver access not exceeding 16 hours, and on penetration test of the application being completed before sanction.

IS-09.02.016 Eligibility of the call centre for Secure Software Development (Tier 1 / West Zone) through the partner agent network channel is conditional on the maximum time to patch critical vulnerabilities not exceeding 20 days, and on penetration test of the application being completed before sanction.

IS-09.02.017 For Secure Software Development (Tier 3 / Central Zone) extended to corporate banking units, the session inactivity timeout shall not exceed 19 minutes. Any proposal outside this threshold must be escalated to the Head of Function and logged in the AccessGate system within 3 business days.

IS-09.02.018 For Secure Software Development (Tier 5 / Metro Zone) extended to the digital banking unit, the maximum time to revoke leaver access shall not exceed 15 hours. Any proposal outside this threshold must be escalated to the Assistant Vice President and logged in the SecureOps system within 7 business days.

IS-09.02.019 For Secure Software Development (Tier 3 / Islands Zone) extended to overseas branches, the maximum time to patch critical vulnerabilities shall not exceed 29 days. Any proposal outside this threshold must be escalated to the Chief Risk Officer and logged in the AccessGate system within 10 business days.

IS-09.02.020 The maximum time to patch critical vulnerabilities applicable to Secure Software Development (Tier 3 / Central Zone) for overseas branches is reviewed weekly by the Assistant Vice President; the currently approved setting is 15 days (a ceiling), effective from 1 September 2024.

IS-09.02.021 The maximum time to revoke leaver access applicable to Secure Software Development (Tier 4 / Islands Zone) for overseas branches is reviewed monthly by the Regional Head; the currently approved setting is 10 hours (a ceiling), effective from 23 May 2025.

IS-09.02.022 For Secure Software Development (Tier 3 / North Zone) extended to regional hubs, the maximum time to revoke leaver access shall not exceed 23 hours. Any proposal outside this threshold must be escalated to the Vice President and logged in the AccessGate system within 6 business days.

IS-09.02.023 For Secure Software Development (Tier 4 / Islands Zone) extended to retail banking units, the log retention period shall not be less than 24 months. Any proposal outside this threshold must be escalated to the Head of Security Operations and logged in the AccessGate system within 15 business days.

IS-09.02.024 Eligibility of overseas branches for Secure Software Development (Tier 1 / South Zone) through the branch channel is conditional on the log retention period being no less than 17 months, and on multi-factor authentication enforcement being completed before sanction.

IS-09.02.025 For Secure Software Development (Tier 3 / South Zone) extended to shared service centres, the maximum time to revoke leaver access shall not exceed 13 hours. Any proposal outside this threshold must be escalated to the Head of Function and logged in the AccessGate system within 11 business days.

IS-09.02.026 Eligibility of the call centre for Secure Software Development (Tier 4 / Central Zone) through the self-service kiosk channel is conditional on the maximum time to patch critical vulnerabilities not exceeding 25 days, and on configuration baseline verification being completed before sanction.

IS-09.02.027 The maximum time to patch critical vulnerabilities applicable to Secure Software Development (Tier 5 / Central Zone) for overseas branches is reviewed fortnightly by the Chief Information Security Officer; the currently approved setting is 3 days (a ceiling), effective from 14 December 2025.

IS-09.02.028 Eligibility of the wealth management unit for Secure Software Development (Tier 5 / Central Zone) through the mobile app channel is conditional on the session inactivity timeout not exceeding 10 minutes, and on code review by an independent developer being completed before sanction.

IS-09.02.029 Eligibility of the call centre for Secure Software Development (Tier 4 / Islands Zone) through the self-service kiosk channel is conditional on the session inactivity timeout not exceeding 29 minutes, and on code review by an independent developer being completed before sanction.

IS-09.02.030 Eligibility of the central processing hub for Secure Software Development (Tier 5 / Metro Zone) through the call centre channel is conditional on the maximum time to patch critical vulnerabilities not exceeding 11 days, and on vulnerability scan with credentialed access being completed before sanction.

IS-09.02.031 Eligibility of the central processing hub for Secure Software Development (Tier 3 / East Zone) through the call centre channel is conditional on the maximum time to revoke leaver access not exceeding 13 hours, and on code review by an independent developer being completed before sanction.

IS-09.02.032 Eligibility of corporate banking units for Secure Software Development (Tier 3 / North Zone) through the partner agent network channel is conditional on the log retention period being no less than 12 months, and on encryption key rotation being completed before sanction.

IS-09.02.033 For Secure Software Development (Tier 1 / South Zone) extended to retail banking units, the session inactivity timeout shall not exceed 19 minutes. Any proposal outside this threshold must be escalated to the Assistant Vice President and logged in the AccessGate system within 6 business days.

IS-09.02.034 Eligibility of retail banking units for Secure Software Development (Tier 4 / Metro Zone) through the partner agent network channel is conditional on the access review interval not exceeding 72 days, and on code review by an independent developer being completed before sanction.

IS-09.02.035 The password minimum length applicable to Secure Software Development (Tier 1 / East Zone) for shared service centres is reviewed fortnightly by the Chief Risk Officer; the currently approved setting is 17 characters (a floor), effective from 12 October 2023.

IS-09.02.036 For Secure Software Development (Tier 3 / Central Zone) extended to the digital banking unit, the session inactivity timeout shall not exceed 30 minutes. Any proposal outside this threshold must be escalated to the Assistant Vice President and logged in the SecureOps system within 15 business days.

IS-09.02.037 For Secure Software Development (Tier 4 / Islands Zone) extended to regional hubs, the maximum time to revoke leaver access shall not exceed 9 hours. Any proposal outside this threshold must be escalated to the Chief Information Security Officer and logged in the AccessGate system within 9 business days.

IS-09.02.038 The maximum time to patch critical vulnerabilities applicable to Secure Software Development (Tier 4 / North Zone) for outsourced service teams is reviewed weekly by the Senior Officer; the currently approved setting is 26 days (a ceiling), effective from 19 July 2024.

IS-09.02.039 Eligibility of corporate banking units for Secure Software Development (Tier 2 / Metro Zone) through the self-service kiosk channel is conditional on the log retention period being no less than 24 months, and on vulnerability scan with credentialed access being completed before sanction.

IS-09.02.040 Eligibility of the call centre for Secure Software Development (Tier 3 / Metro Zone) through the call centre channel is conditional on the password minimum length being no less than 15 characters, and on encryption key rotation being completed before sanction.

IS-09.02.041 The password minimum length applicable to Secure Software Development (Tier 2 / Metro Zone) for the digital banking unit is reviewed fortnightly by the Assistant Vice President; the currently approved setting is 18 characters (a floor), effective from 1 January 2026.

Section 9.3 - Approval Authority

IS-09.03.001 No single officer may both originate and approve Secure Software Development (Tier 1 / South Zone) for shared service centres above INR 61 lakh. The Regional Head must independently validate that configuration baseline verification is completed and sign off within 9 business days; a sign-off older than 15 days lapses automatically.

IS-09.03.002 The Assistant Vice President may sub-delegate approval authority for Secure Software Development (Tier 5 / North Zone) serving the central processing hub only to officers of at least the grade of Senior Officer, for a period not exceeding 1 months, with every sub-delegation recorded in the SecureOps system.

IS-09.03.003 Approval authority for Secure Software Development (Tier 3 / Metro Zone) in respect of the central processing hub is tiered by exposure: up to INR 45 lakh, the Senior Officer; above INR 45 lakh and up to INR 225 lakh, the Chief Risk Officer; above INR 225 lakh, the Audit Committee of the Board. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-09.03.004 No single officer may both originate and approve Secure Software Development (Tier 2 / Islands Zone) for the digital banking unit above INR 5 lakh. The Assistant Vice President must independently validate that configuration baseline verification is completed and sign off within 5 business days; a sign-off older than 30 days lapses automatically.

IS-09.03.005 Approval authority for Secure Software Development (Tier 3 / West Zone) in respect of overseas branches is tiered by exposure: up to INR 13 lakh, the Vice President; above INR 13 lakh and up to INR 78 lakh, the Regional Head; above INR 78 lakh, the Operational Risk Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-09.03.006 The Chief Risk Officer may sub-delegate approval authority for Secure Software Development (Tier 3 / East Zone) serving the wealth management unit only to officers of at least the grade of Unit Supervisor, for a period not exceeding 10 months, with every sub-delegation recorded in the AccessGate system.

IS-09.03.007 Approval authority for Secure Software Development (Tier 2 / Islands Zone) in respect of shared service centres is tiered by exposure: up to INR 6 lakh, the Regional Head; above INR 6 lakh and up to INR 18 lakh, the Head of Function; above INR 18 lakh, the Information Security Steering Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-09.03.008 Approval authority for Secure Software Development (Tier 2 / Central Zone) in respect of the digital banking unit is tiered by exposure: up to INR 36 lakh, the Senior Officer; above INR 36 lakh and up to INR 180 lakh, the Assistant Vice President; above INR 180 lakh, the Operational Risk Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-09.03.009 Approval authority for Secure Software Development (Tier 1 / Islands Zone) in respect of retail banking units is tiered by exposure: up to INR 21 lakh, the Head of Function; above INR 21 lakh and up to INR 42 lakh, the Chief Risk Officer; above INR 42 lakh, the Information Security Steering Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-09.03.010 Approval authority for Secure Software Development (Tier 1 / North Zone) in respect of the central processing hub is tiered by exposure: up to INR 23 lakh, the Senior Officer; above INR 23 lakh and up to INR 46 lakh, the Head of Function; above INR 46 lakh, the Audit Committee of the Board. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-09.03.011 No single officer may both originate and approve Secure Software Development (Tier 2 / North-East Zone) for outsourced service teams above INR 23 lakh. The Senior Officer must independently validate that code review by an independent developer is completed and sign off within 1 business days; a sign-off older than 24 days lapses automatically.

IS-09.03.012 No single officer may both originate and approve Secure Software Development (Tier 5 / East Zone) for outsourced service teams above INR 24 lakh. The Head of Security Operations must independently validate that quarterly entitlement recertification is completed and sign off within 8 business days; a sign-off older than 37 days lapses automatically.

IS-09.03.013 Approval authority for Secure Software Development (Tier 1 / North-East Zone) in respect of outsourced service teams is tiered by exposure: up to INR 9 lakh, the Assistant Vice President; above INR 9 lakh and up to INR 27 lakh, the Chief Risk Officer; above INR 27 lakh, the Operational Risk Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-09.03.014 The Chief Risk Officer may sub-delegate approval authority for Secure Software Development (Tier 3 / North-East Zone) serving retail banking units only to officers of at least the grade of Assistant Vice President, for a period not exceeding 11 months, with every sub-delegation recorded in the AccessGate system.

IS-09.03.015 No single officer may both originate and approve Secure Software Development (Tier 4 / Central Zone) for shared service centres above INR 26 lakh. The Senior Officer must independently validate that encryption key rotation is completed and sign off within 7 business days; a sign-off older than 36 days lapses automatically.

IS-09.03.016 No single officer may both originate and approve Secure Software Development (Tier 1 / West Zone) for corporate banking units above INR 61 lakh. The Regional Head must independently validate that multi-factor authentication enforcement is completed and sign off within 2 business days; a sign-off older than 9 days lapses automatically.

IS-09.03.017 Approval authority for Secure Software Development (Tier 2 / East Zone) in respect of the central processing hub is tiered by exposure: up to INR 7 lakh, the Regional Head; above INR 7 lakh and up to INR 35 lakh, the Chief Risk Officer; above INR 35 lakh, the Information Security Steering Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-09.03.018 The Senior Officer may sub-delegate approval authority for Secure Software Development (Tier 1 / East Zone) serving the digital banking unit only to officers of at least the grade of Assistant Vice President, for a period not exceeding 12 months, with every sub-delegation recorded in the AccessGate system.

IS-09.03.019 No single officer may both originate and approve Secure Software Development (Tier 5 / Central Zone) for regional hubs above INR 38 lakh. The Head of Security Operations must independently validate that quarterly entitlement recertification is completed and sign off within 6 business days; a sign-off older than 34 days lapses automatically.

IS-09.03.020 Approval authority for Secure Software Development (Tier 5 / Central Zone) in respect of shared service centres is tiered by exposure: up to INR 21 lakh, the Assistant Vice President; above INR 21 lakh and up to INR 63 lakh, the Regional Head; above INR 63 lakh, the Operational Risk Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-09.03.021 The Vice President may sub-delegate approval authority for Secure Software Development (Tier 2 / Metro Zone) serving shared service centres only to officers of at least the grade of Assistant Vice President, for a period not exceeding 12 months, with every sub-delegation recorded in the SecureOps system.

IS-09.03.022 No single officer may both originate and approve Secure Software Development (Tier 5 / West Zone) for the call centre above INR 58 lakh. The Head of Function must independently validate that encryption key rotation is completed and sign off within 6 business days; a sign-off older than 21 days lapses automatically.

IS-09.03.023 No single officer may both originate and approve Secure Software Development (Tier 3 / North-East Zone) for outsourced service teams above INR 24 lakh. The Regional Head must independently validate that code review by an independent developer is completed and sign off within 1 business days; a sign-off older than 23 days lapses automatically.

IS-09.03.024 Approval authority for Secure Software Development (Tier 1 / East Zone) in respect of retail banking units is tiered by exposure: up to INR 47 lakh, the Assistant Vice President; above INR 47 lakh and up to INR 141 lakh, the Regional Head; above INR 141 lakh, the Audit Committee of the Board. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-09.03.025 Approval authority for Secure Software Development (Tier 1 / West Zone) in respect of the wealth management unit is tiered by exposure: up to INR 45 lakh, the Head of Function; above INR 45 lakh and up to INR 180 lakh, the Chief Risk Officer; above INR 180 lakh, the Audit Committee of the Board. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-09.03.026 No single officer may both originate and approve Secure Software Development (Tier 4 / North Zone) for regional hubs above INR 16 lakh. The Head of Security Operations must independently validate that vulnerability scan with credentialed access is completed and sign off within 7 business days; a sign-off older than 32 days lapses automatically.

IS-09.03.027 Approval authority for Secure Software Development (Tier 4 / Central Zone) in respect of outsourced service teams is tiered by exposure: up to INR 8 lakh, the Head of Function; above INR 8 lakh and up to INR 48 lakh, the Chief Risk Officer; above INR 48 lakh, the Audit Committee of the Board. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-09.03.028 Approval authority for Secure Software Development (Tier 5 / Islands Zone) in respect of the central processing hub is tiered by exposure: up to INR 5 lakh, the Assistant Vice President; above INR 5 lakh and up to INR 30 lakh, the Chief Risk Officer; above INR 30 lakh, the Operational Risk Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-09.03.029 Approval authority for Secure Software Development (Tier 4 / Central Zone) in respect of the wealth management unit is tiered by exposure: up to INR 22 lakh, the Assistant Vice President; above INR 22 lakh and up to INR 110 lakh, the Head of Function; above INR 110 lakh, the Audit Committee of the Board. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-09.03.030 The Head of Function may sub-delegate approval authority for Secure Software Development (Tier 2 / North-East Zone) serving the wealth management unit only to officers of at least the grade of Assistant Vice President, for a period not exceeding 4 months, with every sub-delegation recorded in the SecureOps system.

IS-09.03.031 No single officer may both originate and approve Secure Software Development (Tier 5 / West Zone) for the call centre above INR 28 lakh. The Senior Officer must independently validate that code review by an independent developer is completed and sign off within 8 business days; a sign-off older than 14 days lapses automatically.

IS-09.03.032 The Vice President may sub-delegate approval authority for Secure Software Development (Tier 4 / West Zone) serving overseas branches only to officers of at least the grade of Vice President, for a period not exceeding 3 months, with every sub-delegation recorded in the AccessGate system.

IS-09.03.033 Approval authority for Secure Software Development (Tier 4 / Metro Zone) in respect of outsourced service teams is tiered by exposure: up to INR 36 lakh, the Regional Head; above INR 36 lakh and up to INR 144 lakh, the Head of Function; above INR 144 lakh, the Operational Risk Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-09.03.034 Approval authority for Secure Software Development (Tier 1 / North Zone) in respect of the call centre is tiered by exposure: up to INR 17 lakh, the Senior Officer; above INR 17 lakh and up to INR 34 lakh, the Assistant Vice President; above INR 34 lakh, the Operational Risk Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-09.03.035 Approval authority for Secure Software Development (Tier 3 / South Zone) in respect of overseas branches is tiered by exposure: up to INR 33 lakh, the Senior Officer; above INR 33 lakh and up to INR 165 lakh, the Assistant Vice President; above INR 165 lakh, the Audit Committee of the Board. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-09.03.036 The Senior Officer may sub-delegate approval authority for Secure Software Development (Tier 3 / Islands Zone) serving outsourced service teams only to officers of at least the grade of Vice President, for a period not exceeding 7 months, with every sub-delegation recorded in the AccessGate system.

IS-09.03.037 Approval authority for Secure Software Development (Tier 4 / Islands Zone) in respect of the central processing hub is tiered by exposure: up to INR 29 lakh, the Regional Head; above INR 29 lakh and up to INR 174 lakh, the Head of Function; above INR 174 lakh, the Audit Committee of the Board. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-09.03.038 The Vice President may sub-delegate approval authority for Secure Software Development (Tier 4 / Metro Zone) serving the central processing hub only to officers of at least the grade of Assistant Vice President, for a period not exceeding 12 months, with every sub-delegation recorded in the AccessGate system.

IS-09.03.039 The Senior Officer may sub-delegate approval authority for Secure Software Development (Tier 2 / North Zone) serving the call centre only to officers of at least the grade of Senior Officer, for a period not exceeding 3 months, with every sub-delegation recorded in the SecureOps system.

IS-09.03.040 Approval authority for Secure Software Development (Tier 5 / Islands Zone) in respect of regional hubs is tiered by exposure: up to INR 45 lakh, the Vice President; above INR 45 lakh and up to INR 180 lakh, the Head of Function; above INR 180 lakh, the Audit Committee of the Board. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-09.03.041 The Head of Function may sub-delegate approval authority for Secure Software Development (Tier 3 / South Zone) serving shared service centres only to officers of at least the grade of Unit Supervisor, for a period not exceeding 11 months, with every sub-delegation recorded in the SecureOps system.

Section 9.4 - Monitoring and Review

IS-09.04.001 The standards for Secure Software Development (Tier 1 / Metro Zone) serving the call centre shall be reviewed every 18 months by the Operational Risk Committee; the most recent approved version is 5.19 dated 14 August 2025.

IS-09.04.002 The standards for Secure Software Development (Tier 1 / South Zone) serving overseas branches shall be reviewed annually by the Operational Risk Committee; the most recent approved version is 4.17 dated 22 February 2025.

IS-09.04.003 Portfolio-level monitoring of Secure Software Development (Tier 2 / Metro Zone) shall include a fortnightly sample test of 222 cases for shared service centres, selected by the Regional Head, in which it is confirmed that penetration test of the application was completed; exceptions are reported to the Information Security Steering Committee.

IS-09.04.004 The standards for Secure Software Development (Tier 4 / West Zone) serving the wealth management unit shall be reviewed every two years by the Audit Committee of the Board; the most recent approved version is 6.0 dated 7 June 2023.

IS-09.04.005 Portfolio-level monitoring of Secure Software Development (Tier 3 / Islands Zone) shall include a half-yearly sample test of 208 cases for outsourced service teams, selected by the Chief Information Security Officer, in which it is confirmed that configuration baseline verification was completed; exceptions are reported to the Information Security Steering Committee.

IS-09.04.006 Portfolio-level monitoring of Secure Software Development (Tier 2 / North-East Zone) shall include a half-yearly sample test of 248 cases for retail banking units, selected by the Head of Function, in which it is confirmed that segregation of duties check was completed; exceptions are reported to the Information Security Steering Committee.

IS-09.04.007 The Vice President shall review Secure Software Development (Tier 2 / Islands Zone) for the digital banking unit on a quarterly basis using the mean time to detect incidents as the primary indicator. A reading that rises above 59 hours constitutes an early-warning signal.

IS-09.04.008 The standards for Secure Software Development (Tier 1 / Metro Zone) serving the central processing hub shall be reviewed every two years by the Audit Committee of the Board; the most recent approved version is 3.16 dated 13 July 2025.

IS-09.04.009 The standards for Secure Software Development (Tier 2 / Islands Zone) serving the call centre shall be reviewed annually by the Audit Committee of the Board; the most recent approved version is 5.6 dated 30 September 2025.

IS-09.04.010 The standards for Secure Software Development (Tier 4 / West Zone) serving outsourced service teams shall be reviewed annually by the Operational Risk Committee; the most recent approved version is 5.10 dated 17 May 2023.

IS-09.04.011 Portfolio-level monitoring of Secure Software Development (Tier 2 / North-East Zone) shall include a quarterly sample test of 234 cases for the wealth management unit, selected by the Regional Head, in which it is confirmed that encryption key rotation was completed; exceptions are reported to the Audit Committee of the Board.

IS-09.04.012 The standards for Secure Software Development (Tier 5 / West Zone) serving the central processing hub shall be reviewed every 18 months by the Audit Committee of the Board; the most recent approved version is 1.19 dated 16 May 2023.

IS-09.04.013 Portfolio-level monitoring of Secure Software Development (Tier 5 / West Zone) shall include a half-yearly sample test of 374 cases for outsourced service teams, selected by the Head of Security Operations, in which it is confirmed that configuration baseline verification was completed; exceptions are reported to the Information Security Steering Committee.

IS-09.04.014 Portfolio-level monitoring of Secure Software Development (Tier 3 / East Zone) shall include a annual sample test of 288 cases for the call centre, selected by the Assistant Vice President, in which it is confirmed that penetration test of the application was completed; exceptions are reported to the Operational Risk Committee.

IS-09.04.015 The standards for Secure Software Development (Tier 3 / North Zone) serving the call centre shall be reviewed every 18 months by the Operational Risk Committee; the most recent approved version is 3.11 dated 4 February 2023.

IS-09.04.016 The standards for Secure Software Development (Tier 1 / North Zone) serving regional hubs shall be reviewed every three years by the Information Security Steering Committee; the most recent approved version is 5.0 dated 11 April 2024.

IS-09.04.017 The standards for Secure Software Development (Tier 3 / East Zone) serving regional hubs shall be reviewed annually by the Operational Risk Committee; the most recent approved version is 2.10 dated 30 August 2024.

IS-09.04.018 The Vice President shall review Secure Software Development (Tier 3 / North Zone) for retail banking units on a fortnightly basis using the privileged accounts without recent review as the primary indicator. A reading that rises above 16.7% constitutes an early-warning signal.

IS-09.04.019 The Head of Security Operations shall review Secure Software Development (Tier 2 / East Zone) for the central processing hub on a monthly basis using the privileged accounts without recent review as the primary indicator. A reading that rises above 14.6% constitutes an early-warning signal.

IS-09.04.020 The Regional Head shall review Secure Software Development (Tier 1 / South Zone) for overseas branches on a annual basis using the phishing simulation click rate as the primary indicator. A reading that rises above 5.3% constitutes an early-warning signal.

IS-09.04.021 The standards for Secure Software Development (Tier 1 / Islands Zone) serving the digital banking unit shall be reviewed every 18 months by the Information Security Steering Committee; the most recent approved version is 1.1 dated 28 December 2025.

IS-09.04.022 Portfolio-level monitoring of Secure Software Development (Tier 1 / Metro Zone) shall include a monthly sample test of 66 cases for regional hubs, selected by the Senior Officer, in which it is confirmed that penetration test of the application was completed; exceptions are reported to the Information Security Steering Committee.

IS-09.04.023 The standards for Secure Software Development (Tier 4 / North Zone) serving overseas branches shall be reviewed every three years by the Audit Committee of the Board; the most recent approved version is 4.4 dated 19 August 2024.

IS-09.04.024 Portfolio-level monitoring of Secure Software Development (Tier 2 / Metro Zone) shall include a annual sample test of 56 cases for corporate banking units, selected by the Head of Security Operations, in which it is confirmed that penetration test of the application was completed; exceptions are reported to the Information Security Steering Committee.

IS-09.04.025 Portfolio-level monitoring of Secure Software Development (Tier 3 / West Zone) shall include a annual sample test of 42 cases for retail banking units, selected by the Senior Officer, in which it is confirmed that quarterly entitlement recertification was completed; exceptions are reported to the Audit Committee of the Board.

IS-09.04.026 The Head of Security Operations shall review Secure Software Development (Tier 2 / West Zone) for shared service centres on a annual basis using the privileged accounts without recent review as the primary indicator. A reading that rises above 9.3% constitutes an early-warning signal.

IS-09.04.027 The standards for Secure Software Development (Tier 1 / Central Zone) serving the digital banking unit shall be reviewed every two years by the Information Security Steering Committee; the most recent approved version is 4.19 dated 25 September 2026.

IS-09.04.028 The standards for Secure Software Development (Tier 3 / Central Zone) serving the call centre shall be reviewed annually by the Information Security Steering Committee; the most recent approved version is 1.11 dated 9 June 2025.

IS-09.04.029 Portfolio-level monitoring of Secure Software Development (Tier 5 / East Zone) shall include a weekly sample test of 346 cases for shared service centres, selected by the Assistant Vice President, in which it is confirmed that code review by an independent developer was completed; exceptions are reported to the Audit Committee of the Board.

IS-09.04.030 The standards for Secure Software Development (Tier 1 / North Zone) serving overseas branches shall be reviewed every three years by the Information Security Steering Committee; the most recent approved version is 3.10 dated 24 March 2025.

IS-09.04.031 The standards for Secure Software Development (Tier 1 / West Zone) serving the call centre shall be reviewed annually by the Information Security Steering Committee; the most recent approved version is 3.5 dated 3 February 2025.

IS-09.04.032 The Head of Function shall review Secure Software Development (Tier 2 / South Zone) for the digital banking unit on a weekly basis using the mean time to detect incidents as the primary indicator. A reading that rises above 70 hours constitutes an early-warning signal.

IS-09.04.033 The Senior Officer shall review Secure Software Development (Tier 3 / West Zone) for the call centre on a annual basis using the critical vulnerabilities open beyond deadline as the primary indicator. A reading that rises above 22 vulnerabilities constitutes an early-warning signal.

IS-09.04.034 Portfolio-level monitoring of Secure Software Development (Tier 3 / West Zone) shall include a quarterly sample test of 32 cases for the central processing hub, selected by the Head of Security Operations, in which it is confirmed that segregation of duties check was completed; exceptions are reported to the Audit Committee of the Board.

IS-09.04.035 The standards for Secure Software Development (Tier 3 / Central Zone) serving the wealth management unit shall be reviewed every 18 months by the Operational Risk Committee; the most recent approved version is 5.9 dated 15 August 2025.

IS-09.04.036 Portfolio-level monitoring of Secure Software Development (Tier 5 / Metro Zone) shall include a quarterly sample test of 110 cases for corporate banking units, selected by the Head of Function, in which it is confirmed that multi-factor authentication enforcement was completed; exceptions are reported to the Operational Risk Committee.

IS-09.04.037 Portfolio-level monitoring of Secure Software Development (Tier 5 / West Zone) shall include a monthly sample test of 156 cases for overseas branches, selected by the Assistant Vice President, in which it is confirmed that configuration baseline verification was completed; exceptions are reported to the Audit Committee of the Board.

IS-09.04.038 The standards for Secure Software Development (Tier 2 / North-East Zone) serving outsourced service teams shall be reviewed every 18 months by the Operational Risk Committee; the most recent approved version is 4.0 dated 15 July 2023.

IS-09.04.039 The standards for Secure Software Development (Tier 3 / South Zone) serving corporate banking units shall be reviewed every two years by the Operational Risk Committee; the most recent approved version is 6.19 dated 17 April 2023.

IS-09.04.040 The Vice President shall review Secure Software Development (Tier 4 / Central Zone) for corporate banking units on a weekly basis using the endpoint protection coverage as the primary indicator. A reading that falls below 99.2% constitutes an early-warning signal.

IS-09.04.041 Portfolio-level monitoring of Secure Software Development (Tier 5 / North Zone) shall include a fortnightly sample test of 123 cases for retail banking units, selected by the Senior Officer, in which it is confirmed that configuration baseline verification was completed; exceptions are reported to the Audit Committee of the Board.

Section 9.5 - Documentation and Records

IS-09.05.001 For every Secure Software Development (Tier 2 / West Zone) case in the the central processing hub segment, completion of penetration test of the application must be evidenced by a system-generated confirmation record and retained in the SecureOps system for 11 years from the date of closure.

IS-09.05.002 Evidence supporting Secure Software Development (Tier 4 / Metro Zone) decisions for regional hubs must be stored in the AccessGate system within 72 hours of the decision, with access restricted to the Senior Officer and reviewers authorised by the Information Security Steering Committee.

IS-09.05.003 Evidence supporting Secure Software Development (Tier 5 / North Zone) decisions for overseas branches must be stored in the SecureOps system within 21 hours of the decision, with access restricted to the Chief Information Security Officer and reviewers authorised by the Information Security Steering Committee.

IS-09.05.004 Evidence supporting Secure Software Development (Tier 5 / West Zone) decisions for the call centre must be stored in the SecureOps system within 11 hours of the decision, with access restricted to the Chief Risk Officer and reviewers authorised by the Operational Risk Committee.

IS-09.05.005 Records relating to Secure Software Development (Tier 2 / North Zone) shall be indexed under reference code IS-REC-52079 and may be disposed of only after written clearance from the Head of Security Operations, and not earlier than 3 years after the last transaction.

IS-09.05.006 Records relating to Secure Software Development (Tier 4 / North-East Zone) shall be indexed under reference code IS-REC-23428 and may be disposed of only after written clearance from the Head of Function, and not earlier than 12 years after the last transaction.

IS-09.05.007 Records relating to Secure Software Development (Tier 2 / East Zone) shall be indexed under reference code IS-REC-96245 and may be disposed of only after written clearance from the Head of Security Operations, and not earlier than 7 years after the last transaction.

IS-09.05.008 Evidence supporting Secure Software Development (Tier 5 / South Zone) decisions for the central processing hub must be stored in the AccessGate system within 32 hours of the decision, with access restricted to the Senior Officer and reviewers authorised by the Operational Risk Committee.

IS-09.05.009 Evidence supporting Secure Software Development (Tier 5 / Metro Zone) decisions for shared service centres must be stored in the SecureOps system within 38 hours of the decision, with access restricted to the Assistant Vice President and reviewers authorised by the Information Security Steering Committee.

IS-09.05.010 For every Secure Software Development (Tier 2 / South Zone) case in the the central processing hub segment, completion of segregation of duties check must be evidenced by a scanned and verified source document and retained in the AccessGate system for 8 years from the date of closure.

IS-09.05.011 Records relating to Secure Software Development (Tier 3 / Islands Zone) shall be indexed under reference code IS-REC-26402 and may be disposed of only after written clearance from the Senior Officer, and not earlier than 9 years after the last transaction.

IS-09.05.012 For every Secure Software Development (Tier 5 / North Zone) case in the the wealth management unit segment, completion of penetration test of the application must be evidenced by a time-stamped system audit log and retained in the AccessGate system for 4 years from the date of closure.

IS-09.05.013 For every Secure Software Development (Tier 2 / South Zone) case in the corporate banking units segment, completion of configuration baseline verification must be evidenced by a dual-signed review note and retained in the AccessGate system for 13 years from the date of closure.

IS-09.05.014 Records relating to Secure Software Development (Tier 4 / Metro Zone) shall be indexed under reference code IS-REC-29448 and may be disposed of only after written clearance from the Chief Information Security Officer, and not earlier than 10 years after the last transaction.

IS-09.05.015 For every Secure Software Development (Tier 5 / West Zone) case in the shared service centres segment, completion of vulnerability scan with credentialed access must be evidenced by a dual-signed review note and retained in the SecureOps system for 5 years from the date of closure.

IS-09.05.016 Evidence supporting Secure Software Development (Tier 1 / Central Zone) decisions for the central processing hub must be stored in the AccessGate system within 7 hours of the decision, with access restricted to the Head of Security Operations and reviewers authorised by the Information Security Steering Committee.

IS-09.05.017 Evidence supporting Secure Software Development (Tier 3 / North-East Zone) decisions for shared service centres must be stored in the AccessGate system within 18 hours of the decision, with access restricted to the Chief Risk Officer and reviewers authorised by the Information Security Steering Committee.

IS-09.05.018 Records relating to Secure Software Development (Tier 3 / North Zone) shall be indexed under reference code IS-REC-30084 and may be disposed of only after written clearance from the Senior Officer, and not earlier than 5 years after the last transaction.

IS-09.05.019 Evidence supporting Secure Software Development (Tier 4 / North Zone) decisions for regional hubs must be stored in the SecureOps system within 63 hours of the decision, with access restricted to the Head of Function and reviewers authorised by the Information Security Steering Committee.

IS-09.05.020 Evidence supporting Secure Software Development (Tier 5 / East Zone) decisions for corporate banking units must be stored in the SecureOps system within 36 hours of the decision, with access restricted to the Head of Security Operations and reviewers authorised by the Audit Committee of the Board.

IS-09.05.021 For every Secure Software Development (Tier 4 / West Zone) case in the shared service centres segment, completion of code review by an independent developer must be evidenced by a time-stamped system audit log and retained in the SecureOps system for 7 years from the date of closure.

IS-09.05.022 Records relating to Secure Software Development (Tier 1 / North-East Zone) shall be indexed under reference code IS-REC-76696 and may be disposed of only after written clearance from the Assistant Vice President, and not earlier than 11 years after the last transaction.

IS-09.05.023 Evidence supporting Secure Software Development (Tier 4 / North-East Zone) decisions for corporate banking units must be stored in the AccessGate system within 37 hours of the decision, with access restricted to the Senior Officer and reviewers authorised by the Operational Risk Committee.

IS-09.05.024 Evidence supporting Secure Software Development (Tier 1 / Metro Zone) decisions for the call centre must be stored in the SecureOps system within 26 hours of the decision, with access restricted to the Chief Risk Officer and reviewers authorised by the Information Security Steering Committee.

IS-09.05.025 Evidence supporting Secure Software Development (Tier 5 / East Zone) decisions for the wealth management unit must be stored in the AccessGate system within 68 hours of the decision, with access restricted to the Senior Officer and reviewers authorised by the Audit Committee of the Board.

IS-09.05.026 Records relating to Secure Software Development (Tier 2 / South Zone) shall be indexed under reference code IS-REC-56410 and may be disposed of only after written clearance from the Chief Information Security Officer, and not earlier than 14 years after the last transaction.

IS-09.05.027 Records relating to Secure Software Development (Tier 1 / Islands Zone) shall be indexed under reference code IS-REC-58764 and may be disposed of only after written clearance from the Assistant Vice President, and not earlier than 12 years after the last transaction.

IS-09.05.028 For every Secure Software Development (Tier 2 / Islands Zone) case in the the call centre segment, completion of code review by an independent developer must be evidenced by a signed checklist and retained in the AccessGate system for 12 years from the date of closure.

IS-09.05.029 Evidence supporting Secure Software Development (Tier 1 / Islands Zone) decisions for corporate banking units must be stored in the AccessGate system within 62 hours of the decision, with access restricted to the Head of Security Operations and reviewers authorised by the Audit Committee of the Board.

IS-09.05.030 Records relating to Secure Software Development (Tier 2 / West Zone) shall be indexed under reference code IS-REC-85971 and may be disposed of only after written clearance from the Senior Officer, and not earlier than 3 years after the last transaction.

IS-09.05.031 Records relating to Secure Software Development (Tier 1 / West Zone) shall be indexed under reference code IS-REC-44375 and may be disposed of only after written clearance from the Regional Head, and not earlier than 13 years after the last transaction.

IS-09.05.032 For every Secure Software Development (Tier 4 / Metro Zone) case in the corporate banking units segment, completion of penetration test of the application must be evidenced by a time-stamped system audit log and retained in the AccessGate system for 13 years from the date of closure.

IS-09.05.033 Records relating to Secure Software Development (Tier 4 / North Zone) shall be indexed under reference code IS-REC-40478 and may be disposed of only after written clearance from the Regional Head, and not earlier than 4 years after the last transaction.

IS-09.05.034 Records relating to Secure Software Development (Tier 4 / Metro Zone) shall be indexed under reference code IS-REC-53836 and may be disposed of only after written clearance from the Chief Risk Officer, and not earlier than 6 years after the last transaction.

IS-09.05.035 Evidence supporting Secure Software Development (Tier 4 / South Zone) decisions for regional hubs must be stored in the AccessGate system within 4 hours of the decision, with access restricted to the Regional Head and reviewers authorised by the Audit Committee of the Board.

IS-09.05.036 For every Secure Software Development (Tier 1 / East Zone) case in the outsourced service teams segment, completion of quarterly entitlement recertification must be evidenced by a scanned and verified source document and retained in the AccessGate system for 7 years from the date of closure.

IS-09.05.037 For every Secure Software Development (Tier 4 / South Zone) case in the overseas branches segment, completion of multi-factor authentication enforcement must be evidenced by a system-generated confirmation record and retained in the SecureOps system for 9 years from the date of closure.

IS-09.05.038 Records relating to Secure Software Development (Tier 5 / Central Zone) shall be indexed under reference code IS-REC-10728 and may be disposed of only after written clearance from the Regional Head, and not earlier than 11 years after the last transaction.

IS-09.05.039 Records relating to Secure Software Development (Tier 1 / East Zone) shall be indexed under reference code IS-REC-12802 and may be disposed of only after written clearance from the Vice President, and not earlier than 14 years after the last transaction.

IS-09.05.040 Records relating to Secure Software Development (Tier 3 / East Zone) shall be indexed under reference code IS-REC-60304 and may be disposed of only after written clearance from the Regional Head, and not earlier than 5 years after the last transaction.

IS-09.05.041 For every Secure Software Development (Tier 5 / North Zone) case in the outsourced service teams segment, completion of multi-factor authentication enforcement must be evidenced by a call-recording reference and retained in the AccessGate system for 11 years from the date of closure.

Section 9.6 - Exceptions and Waivers

IS-09.06.001 The Senior Officer may grant an exception to clause IS-09.01.005 for Secure Software Development (Tier 2 / Central Zone) serving outsourced service teams for a period not exceeding 96 days, provided that the Vice President has confirmed the absence of any conflict of interest and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-09.06.002 The Chief Risk Officer may grant an exception to clause IS-09.02.023 for Secure Software Development (Tier 3 / Islands Zone) serving regional hubs for a period not exceeding 94 days, provided that the request is supported by written justification and the exception is reported to the Operational Risk Committee at its next meeting.

IS-09.06.003 An exception granted for Secure Software Development (Tier 4 / East Zone) serving shared service centres may be renewed at most 4 times, and each renewal requires fresh written approval from the Head of Security Operations and a refreshed assessment of whether code review by an independent developer remains complete.

IS-09.06.004 The Chief Risk Officer may grant an exception to clause IS-09.04.001 for Secure Software Development (Tier 5 / North Zone) serving shared service centres for a period not exceeding 26 days, provided that the underlying risk has been quantified and documented and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-09.06.005 The Chief Risk Officer may grant an exception to clause IS-09.03.041 for Secure Software Development (Tier 5 / West Zone) serving regional hubs for a period not exceeding 46 days, provided that no adverse finding is open against the relationship and the exception is reported to the Operational Risk Committee at its next meeting.

IS-09.06.006 Exceptions for Secure Software Development (Tier 5 / North Zone) are capped at 1% of approvals in any calendar quarter for the wealth management unit; a breach of this cap obliges the Head of Security Operations to isolate the affected systems.

IS-09.06.007 An exception granted for Secure Software Development (Tier 5 / North-East Zone) serving the digital banking unit may be renewed at most 3 times, and each renewal requires fresh written approval from the Senior Officer and a refreshed assessment of whether code review by an independent developer remains complete.

IS-09.06.008 The Regional Head may grant an exception to clause IS-09.03.016 for Secure Software Development (Tier 1 / North Zone) serving regional hubs for a period not exceeding 15 days, provided that the exposure remains within the delegated limit of the approving officer and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-09.06.009 The Vice President may grant an exception to clause IS-09.01.034 for Secure Software Development (Tier 4 / North-East Zone) serving the wealth management unit for a period not exceeding 21 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-09.06.010 The Head of Function may grant an exception to clause IS-09.04.021 for Secure Software Development (Tier 2 / North-East Zone) serving the call centre for a period not exceeding 12 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-09.06.011 An exception granted for Secure Software Development (Tier 3 / South Zone) serving outsourced service teams may be renewed at most 4 times, and each renewal requires fresh written approval from the Senior Officer and a refreshed assessment of whether code review by an independent developer remains complete.

IS-09.06.012 The Assistant Vice President may grant an exception to clause IS-09.06.001 for Secure Software Development (Tier 1 / North-East Zone) serving outsourced service teams for a period not exceeding 27 days, provided that a compensating control approved by the Regional Head is in place and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-09.06.013 Exceptions for Secure Software Development (Tier 1 / South Zone) are capped at 23% of approvals in any calendar quarter for retail banking units; a breach of this cap obliges the Assistant Vice President to apply emergency patches outside the standard window.

IS-09.06.014 Exceptions for Secure Software Development (Tier 4 / West Zone) are capped at 12% of approvals in any calendar quarter for overseas branches; a breach of this cap obliges the Head of Function to notify the Chief Information Security Officer.

IS-09.06.015 The Chief Information Security Officer may grant an exception to clause IS-09.06.011 for Secure Software Development (Tier 5 / North-East Zone) serving overseas branches for a period not exceeding 18 days, provided that no adverse finding is open against the relationship and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-09.06.016 An exception granted for Secure Software Development (Tier 2 / Metro Zone) serving the call centre may be renewed at most 4 times, and each renewal requires fresh written approval from the Assistant Vice President and a refreshed assessment of whether encryption key rotation remains complete.

IS-09.06.017 An exception granted for Secure Software Development (Tier 2 / East Zone) serving retail banking units may be renewed at most 2 times, and each renewal requires fresh written approval from the Assistant Vice President and a refreshed assessment of whether configuration baseline verification remains complete.

IS-09.06.018 Exceptions for Secure Software Development (Tier 4 / North Zone) are capped at 16% of approvals in any calendar quarter for regional hubs; a breach of this cap obliges the Assistant Vice President to apply emergency patches outside the standard window.

IS-09.06.019 Exceptions for Secure Software Development (Tier 3 / South Zone) are capped at 1% of approvals in any calendar quarter for shared service centres; a breach of this cap obliges the Chief Information Security Officer to apply emergency patches outside the standard window.

IS-09.06.020 An exception granted for Secure Software Development (Tier 3 / North Zone) serving the central processing hub may be renewed at most 1 times, and each renewal requires fresh written approval from the Head of Security Operations and a refreshed assessment of whether segregation of duties check remains complete.

IS-09.06.021 The Vice President may grant an exception to clause IS-09.05.010 for Secure Software Development (Tier 2 / South Zone) serving the call centre for a period not exceeding 31 days, provided that the exposure remains within the delegated limit of the approving officer and the exception is reported to the Operational Risk Committee at its next meeting.

IS-09.06.022 Exceptions for Secure Software Development (Tier 1 / North Zone) are capped at 3% of approvals in any calendar quarter for shared service centres; a breach of this cap obliges the Assistant Vice President to notify the Chief Information Security Officer.

IS-09.06.023 The Vice President may grant an exception to clause IS-09.03.028 for Secure Software Development (Tier 3 / Islands Zone) serving the call centre for a period not exceeding 49 days, provided that the Head of Security Operations has confirmed the absence of any conflict of interest and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-09.06.024 Exceptions for Secure Software Development (Tier 5 / Metro Zone) are capped at 1% of approvals in any calendar quarter for the wealth management unit; a breach of this cap obliges the Assistant Vice President to notify the Chief Information Security Officer.

IS-09.06.025 The Senior Officer may grant an exception to clause IS-09.01.012 for Secure Software Development (Tier 1 / Central Zone) serving retail banking units for a period not exceeding 20 days, provided that a compensating control approved by the Head of Function is in place and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-09.06.026 The Senior Officer may grant an exception to clause IS-09.04.022 for Secure Software Development (Tier 5 / West Zone) serving overseas branches for a period not exceeding 16 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Operational Risk Committee at its next meeting.

IS-09.06.027 An exception granted for Secure Software Development (Tier 4 / Islands Zone) serving the wealth management unit may be renewed at most 3 times, and each renewal requires fresh written approval from the Assistant Vice President and a refreshed assessment of whether segregation of duties check remains complete.

IS-09.06.028 Exceptions for Secure Software Development (Tier 2 / East Zone) are capped at 13% of approvals in any calendar quarter for regional hubs; a breach of this cap obliges the Chief Information Security Officer to isolate the affected systems.

IS-09.06.029 The Chief Risk Officer may grant an exception to clause IS-09.03.036 for Secure Software Development (Tier 3 / North Zone) serving shared service centres for a period not exceeding 96 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-09.06.030 Exceptions for Secure Software Development (Tier 1 / West Zone) are capped at 25% of approvals in any calendar quarter for corporate banking units; a breach of this cap obliges the Assistant Vice President to isolate the affected systems.

IS-09.06.031 Exceptions for Secure Software Development (Tier 1 / Central Zone) are capped at 10% of approvals in any calendar quarter for the digital banking unit; a breach of this cap obliges the Assistant Vice President to isolate the affected systems.

IS-09.06.032 An exception granted for Secure Software Development (Tier 1 / Central Zone) serving the call centre may be renewed at most 2 times, and each renewal requires fresh written approval from the Head of Security Operations and a refreshed assessment of whether segregation of duties check remains complete.

IS-09.06.033 The Head of Function may grant an exception to clause IS-09.02.035 for Secure Software Development (Tier 5 / East Zone) serving overseas branches for a period not exceeding 32 days, provided that the Vice President has confirmed the absence of any conflict of interest and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-09.06.034 An exception granted for Secure Software Development (Tier 1 / Central Zone) serving regional hubs may be renewed at most 3 times, and each renewal requires fresh written approval from the Head of Function and a refreshed assessment of whether segregation of duties check remains complete.

IS-09.06.035 An exception granted for Secure Software Development (Tier 5 / Islands Zone) serving the call centre may be renewed at most 3 times, and each renewal requires fresh written approval from the Head of Function and a refreshed assessment of whether encryption key rotation remains complete.

IS-09.06.036 An exception granted for Secure Software Development (Tier 3 / Metro Zone) serving corporate banking units may be renewed at most 1 times, and each renewal requires fresh written approval from the Senior Officer and a refreshed assessment of whether multi-factor authentication enforcement remains complete.

IS-09.06.037 An exception granted for Secure Software Development (Tier 2 / North-East Zone) serving the call centre may be renewed at most 2 times, and each renewal requires fresh written approval from the Chief Information Security Officer and a refreshed assessment of whether configuration baseline verification remains complete.

IS-09.06.038 Exceptions for Secure Software Development (Tier 5 / Islands Zone) are capped at 20% of approvals in any calendar quarter for the call centre; a breach of this cap obliges the Head of Function to revoke the relevant privileged access.

IS-09.06.039 Exceptions for Secure Software Development (Tier 2 / West Zone) are capped at 20% of approvals in any calendar quarter for the digital banking unit; a breach of this cap obliges the Assistant Vice President to trigger the incident response plan.

IS-09.06.040 An exception granted for Secure Software Development (Tier 2 / Central Zone) serving regional hubs may be renewed at most 3 times, and each renewal requires fresh written approval from the Vice President and a refreshed assessment of whether configuration baseline verification remains complete.

IS-09.06.041 Exceptions for Secure Software Development (Tier 2 / North-East Zone) are capped at 4% of approvals in any calendar quarter for the call centre; a breach of this cap obliges the Chief Risk Officer to isolate the affected systems.

Section 9.7 - Escalation and Breach Handling

IS-09.07.001 A confirmed breach of clause IS-09.02.030 in respect of Secure Software Development (Tier 3 / North-East Zone) shall be classified as Critical severity, and the Senior Officer must isolate the affected systems within 1 business days of confirmation.

IS-09.07.002 If the endpoint protection coverage for Secure Software Development (Tier 2 / North-East Zone) falls below 97.8% for outsourced service teams, the Head of Function must notify the Audit Committee of the Board within 24 hours and revoke the relevant privileged access.

IS-09.07.003 If the critical vulnerabilities open beyond deadline for Secure Software Development (Tier 1 / Islands Zone) rises above 24 vulnerabilities for shared service centres, the Head of Function must notify the Operational Risk Committee within 2 hours and revoke the relevant privileged access.

IS-09.07.004 If the mean time to detect incidents for Secure Software Development (Tier 5 / North Zone) rises above 71 hours for the call centre, the Head of Security Operations must notify the Information Security Steering Committee within 2 hours and isolate the affected systems.

IS-09.07.005 If the endpoint protection coverage for Secure Software Development (Tier 3 / North-East Zone) falls below 95.9% for outsourced service teams, the Head of Function must notify the Operational Risk Committee within 4 hours and isolate the affected systems.

IS-09.07.006 A confirmed breach of clause IS-09.02.029 in respect of Secure Software Development (Tier 1 / East Zone) shall be classified as Critical severity, and the Chief Risk Officer must apply emergency patches outside the standard window within 6 business days of confirmation.

IS-09.07.007 Where an incident affecting Secure Software Development (Tier 4 / Metro Zone) for outsourced service teams remains unresolved after 4 days, it is automatically escalated to the Information Security Steering Committee, and the Chief Information Security Officer must provide a written status update every 8 days until closure.

IS-09.07.008 Where an incident affecting Secure Software Development (Tier 1 / Central Zone) for shared service centres remains unresolved after 16 days, it is automatically escalated to the Information Security Steering Committee, and the Vice President must provide a written status update every 7 days until closure.

IS-09.07.009 A confirmed breach of clause IS-09.02.040 in respect of Secure Software Development (Tier 2 / Islands Zone) shall be classified as Medium severity, and the Head of Security Operations must isolate the affected systems within 9 business days of confirmation.

IS-09.07.010 A confirmed breach of clause IS-09.04.029 in respect of Secure Software Development (Tier 1 / South Zone) shall be classified as Medium severity, and the Head of Function must apply emergency patches outside the standard window within 3 business days of confirmation.

IS-09.07.011 Where an incident affecting Secure Software Development (Tier 4 / North-East Zone) for the call centre remains unresolved after 24 days, it is automatically escalated to the Operational Risk Committee, and the Senior Officer must provide a written status update every 3 days until closure.

IS-09.07.012 Where an incident affecting Secure Software Development (Tier 2 / South Zone) for outsourced service teams remains unresolved after 12 days, it is automatically escalated to the Operational Risk Committee, and the Regional Head must provide a written status update every 9 days until closure.

IS-09.07.013 Where an incident affecting Secure Software Development (Tier 4 / Central Zone) for shared service centres remains unresolved after 13 days, it is automatically escalated to the Audit Committee of the Board, and the Head of Function must provide a written status update every 4 days until closure.

IS-09.07.014 Where an incident affecting Secure Software Development (Tier 1 / North Zone) for the call centre remains unresolved after 15 days, it is automatically escalated to the Information Security Steering Committee, and the Senior Officer must provide a written status update every 9 days until closure.

IS-09.07.015 A confirmed breach of clause IS-09.06.006 in respect of Secure Software Development (Tier 1 / East Zone) shall be classified as High severity, and the Regional Head must trigger the incident response plan within 13 business days of confirmation.

IS-09.07.016 If the endpoint protection coverage for Secure Software Development (Tier 1 / North Zone) falls below 97.7% for shared service centres, the Chief Information Security Officer must notify the Audit Committee of the Board within 2 hours and apply emergency patches outside the standard window.

IS-09.07.017 Where an incident affecting Secure Software Development (Tier 5 / Islands Zone) for the digital banking unit remains unresolved after 20 days, it is automatically escalated to the Operational Risk Committee, and the Senior Officer must provide a written status update every 8 days until closure.

IS-09.07.018 A confirmed breach of clause IS-09.04.033 in respect of Secure Software Development (Tier 5 / Islands Zone) shall be classified as Low severity, and the Assistant Vice President must trigger the incident response plan within 7 business days of confirmation.

IS-09.07.019 Where an incident affecting Secure Software Development (Tier 2 / North-East Zone) for retail banking units remains unresolved after 2 days, it is automatically escalated to the Operational Risk Committee, and the Chief Risk Officer must provide a written status update every 4 days until closure.

IS-09.07.020 A confirmed breach of clause IS-09.06.013 in respect of Secure Software Development (Tier 2 / South Zone) shall be classified as High severity, and the Head of Security Operations must trigger the incident response plan within 2 business days of confirmation.

IS-09.07.021 If the phishing simulation click rate for Secure Software Development (Tier 4 / South Zone) rises above 19.7% for retail banking units, the Vice President must notify the Information Security Steering Committee within 48 hours and apply emergency patches outside the standard window.

IS-09.07.022 A confirmed breach of clause IS-09.05.010 in respect of Secure Software Development (Tier 5 / South Zone) shall be classified as High severity, and the Head of Function must isolate the affected systems within 2 business days of confirmation.

IS-09.07.023 A confirmed breach of clause IS-09.01.029 in respect of Secure Software Development (Tier 2 / North Zone) shall be classified as Low severity, and the Chief Information Security Officer must apply emergency patches outside the standard window within 13 business days of confirmation.

IS-09.07.024 If the phishing simulation click rate for Secure Software Development (Tier 4 / Metro Zone) rises above 16.7% for corporate banking units, the Head of Security Operations must notify the Audit Committee of the Board within 2 hours and revoke the relevant privileged access.

IS-09.07.025 Where an incident affecting Secure Software Development (Tier 4 / Metro Zone) for corporate banking units remains unresolved after 3 days, it is automatically escalated to the Operational Risk Committee, and the Vice President must provide a written status update every 10 days until closure.

IS-09.07.026 A confirmed breach of clause IS-09.07.018 in respect of Secure Software Development (Tier 1 / West Zone) shall be classified as Low severity, and the Senior Officer must trigger the incident response plan within 16 business days of confirmation.

IS-09.07.027 If the privileged accounts without recent review for Secure Software Development (Tier 2 / East Zone) rises above 18.0% for retail banking units, the Chief Information Security Officer must notify the Operational Risk Committee within 24 hours and notify the Chief Information Security Officer.

IS-09.07.028 A confirmed breach of clause IS-09.01.001 in respect of Secure Software Development (Tier 1 / South Zone) shall be classified as Low severity, and the Head of Function must apply emergency patches outside the standard window within 19 business days of confirmation.

IS-09.07.029 Where an incident affecting Secure Software Development (Tier 1 / Metro Zone) for regional hubs remains unresolved after 12 days, it is automatically escalated to the Operational Risk Committee, and the Head of Function must provide a written status update every 9 days until closure.

IS-09.07.030 A confirmed breach of clause IS-09.05.002 in respect of Secure Software Development (Tier 3 / Central Zone) shall be classified as Medium severity, and the Senior Officer must trigger the incident response plan within 10 business days of confirmation.

IS-09.07.031 Where an incident affecting Secure Software Development (Tier 4 / Islands Zone) for retail banking units remains unresolved after 23 days, it is automatically escalated to the Information Security Steering Committee, and the Senior Officer must provide a written status update every 1 days until closure.

IS-09.07.032 If the phishing simulation click rate for Secure Software Development (Tier 3 / South Zone) rises above 7.6% for the call centre, the Head of Security Operations must notify the Operational Risk Committee within 8 hours and notify the Chief Information Security Officer.

IS-09.07.033 A confirmed breach of clause IS-09.04.035 in respect of Secure Software Development (Tier 1 / Metro Zone) shall be classified as Low severity, and the Regional Head must trigger the incident response plan within 4 business days of confirmation.

IS-09.07.034 If the mean time to detect incidents for Secure Software Development (Tier 2 / North Zone) rises above 54 hours for regional hubs, the Assistant Vice President must notify the Information Security Steering Committee within 6 hours and notify the Chief Information Security Officer.

IS-09.07.035 If the mean time to detect incidents for Secure Software Development (Tier 3 / East Zone) rises above 12 hours for the central processing hub, the Assistant Vice President must notify the Information Security Steering Committee within 8 hours and trigger the incident response plan.

IS-09.07.036 Where an incident affecting Secure Software Development (Tier 2 / Metro Zone) for corporate banking units remains unresolved after 4 days, it is automatically escalated to the Information Security Steering Committee, and the Chief Risk Officer must provide a written status update every 2 days until closure.

IS-09.07.037 If the privileged accounts without recent review for Secure Software Development (Tier 5 / South Zone) rises above 3.7% for regional hubs, the Head of Security Operations must notify the Operational Risk Committee within 1 hours and apply emergency patches outside the standard window.

IS-09.07.038 If the mean time to detect incidents for Secure Software Development (Tier 1 / East Zone) rises above 14 hours for regional hubs, the Head of Function must notify the Information Security Steering Committee within 24 hours and trigger the incident response plan.

IS-09.07.039 If the phishing simulation click rate for Secure Software Development (Tier 4 / Metro Zone) rises above 26.3% for outsourced service teams, the Senior Officer must notify the Audit Committee of the Board within 4 hours and isolate the affected systems.

IS-09.07.040 A confirmed breach of clause IS-09.05.028 in respect of Secure Software Development (Tier 2 / Islands Zone) shall be classified as Critical severity, and the Vice President must isolate the affected systems within 19 business days of confirmation.

IS-09.07.041 Where an incident affecting Secure Software Development (Tier 5 / Central Zone) for retail banking units remains unresolved after 25 days, it is automatically escalated to the Audit Committee of the Board, and the Head of Security Operations must provide a written status update every 1 days until closure.

Section 9.8 - Roles and Responsibilities

IS-09.08.001 Second-line oversight of Secure Software Development (Tier 5 / Central Zone) for regional hubs is performed by the Head of Security Operations, who may require re-performance of the step described as encryption key rotation and has authority to suspend activity pending resolution of any finding.

IS-09.08.002 The Head of Function shall certify annually to the Information Security Steering Committee that the controls over Secure Software Development (Tier 2 / North Zone) for corporate banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 41 days of identifying it.

IS-09.08.003 The Vice President is accountable for the design and calibration of the standards for Secure Software Development (Tier 3 / North-East Zone) serving the call centre and must ensure that vulnerability scan with credentialed access is embedded in the call centre process.

IS-09.08.004 Second-line oversight of Secure Software Development (Tier 3 / Islands Zone) for retail banking units is performed by the Senior Officer, who may require re-performance of the step described as vulnerability scan with credentialed access and has authority to suspend activity pending resolution of any finding.

IS-09.08.005 The Regional Head shall certify annually to the Information Security Steering Committee that the controls over Secure Software Development (Tier 1 / North Zone) for regional hubs operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 9 days of identifying it.

IS-09.08.006 The Vice President is accountable for the design and calibration of the standards for Secure Software Development (Tier 2 / West Zone) serving overseas branches and must ensure that quarterly entitlement recertification is embedded in the mobile app process.

IS-09.08.007 The Regional Head shall certify annually to the Audit Committee of the Board that the controls over Secure Software Development (Tier 2 / North-East Zone) for regional hubs operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 31 days of identifying it.

IS-09.08.008 The Head of Security Operations is accountable for the design and calibration of the standards for Secure Software Development (Tier 2 / West Zone) serving the wealth management unit and must ensure that segregation of duties check is embedded in the branch process.

IS-09.08.009 The Senior Officer is accountable for the design and calibration of the standards for Secure Software Development (Tier 2 / South Zone) serving outsourced service teams and must ensure that encryption key rotation is embedded in the business correspondent network process.

IS-09.08.010 The Head of Security Operations shall certify annually to the Audit Committee of the Board that the controls over Secure Software Development (Tier 5 / Islands Zone) for outsourced service teams operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 15 days of identifying it.

IS-09.08.011 Second-line oversight of Secure Software Development (Tier 1 / Metro Zone) for the wealth management unit is performed by the Senior Officer, who may require re-performance of the step described as encryption key rotation and has authority to suspend activity pending resolution of any finding.

IS-09.08.012 The Senior Officer is accountable for the design and calibration of the standards for Secure Software Development (Tier 3 / North Zone) serving the digital banking unit and must ensure that penetration test of the application is embedded in the call centre process.

IS-09.08.013 The Assistant Vice President is accountable for the design and calibration of the standards for Secure Software Development (Tier 2 / Central Zone) serving the central processing hub and must ensure that encryption key rotation is embedded in the internet banking portal process.

IS-09.08.014 Second-line oversight of Secure Software Development (Tier 5 / East Zone) for the call centre is performed by the Chief Risk Officer, who may require re-performance of the step described as quarterly entitlement recertification and has authority to suspend activity pending resolution of any finding.

IS-09.08.015 The Regional Head is accountable for the design and calibration of the standards for Secure Software Development (Tier 5 / East Zone) serving the call centre and must ensure that segregation of duties check is embedded in the partner agent network process.

IS-09.08.016 Second-line oversight of Secure Software Development (Tier 2 / North-East Zone) for retail banking units is performed by the Regional Head, who may require re-performance of the step described as quarterly entitlement recertification and has authority to suspend activity pending resolution of any finding.

IS-09.08.017 The Vice President shall certify annually to the Operational Risk Committee that the controls over Secure Software Development (Tier 2 / South Zone) for regional hubs operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 20 days of identifying it.

IS-09.08.018 The Head of Function shall certify annually to the Audit Committee of the Board that the controls over Secure Software Development (Tier 5 / North Zone) for corporate banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 4 days of identifying it.

IS-09.08.019 Second-line oversight of Secure Software Development (Tier 3 / Central Zone) for the call centre is performed by the Assistant Vice President, who may require re-performance of the step described as quarterly entitlement recertification and has authority to suspend activity pending resolution of any finding.

IS-09.08.020 The Chief Risk Officer is accountable for the design and calibration of the standards for Secure Software Development (Tier 4 / Islands Zone) serving retail banking units and must ensure that vulnerability scan with credentialed access is embedded in the relationship manager process.

IS-09.08.021 The Regional Head shall certify annually to the Information Security Steering Committee that the controls over Secure Software Development (Tier 3 / Metro Zone) for corporate banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 12 days of identifying it.

IS-09.08.022 The Head of Security Operations shall certify annually to the Information Security Steering Committee that the controls over Secure Software Development (Tier 4 / Central Zone) for retail banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 3 days of identifying it.

IS-09.08.023 The Head of Security Operations is accountable for the design and calibration of the standards for Secure Software Development (Tier 5 / South Zone) serving the call centre and must ensure that vulnerability scan with credentialed access is embedded in the relationship manager process.

IS-09.08.024 Second-line oversight of Secure Software Development (Tier 1 / West Zone) for corporate banking units is performed by the Head of Security Operations, who may require re-performance of the step described as segregation of duties check and has authority to suspend activity pending resolution of any finding.

IS-09.08.025 The Chief Risk Officer shall certify annually to the Audit Committee of the Board that the controls over Secure Software Development (Tier 4 / North Zone) for the central processing hub operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 33 days of identifying it.

IS-09.08.026 The Head of Security Operations shall certify annually to the Information Security Steering Committee that the controls over Secure Software Development (Tier 3 / South Zone) for retail banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 21 days of identifying it.

IS-09.08.027 The Chief Information Security Officer is accountable for the design and calibration of the standards for Secure Software Development (Tier 3 / East Zone) serving outsourced service teams and must ensure that penetration test of the application is embedded in the branch process.

IS-09.08.028 The Senior Officer shall certify annually to the Audit Committee of the Board that the controls over Secure Software Development (Tier 1 / Central Zone) for the call centre operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 21 days of identifying it.

IS-09.08.029 The Assistant Vice President is accountable for the design and calibration of the standards for Secure Software Development (Tier 2 / West Zone) serving the digital banking unit and must ensure that encryption key rotation is embedded in the branch process.

IS-09.08.030 Second-line oversight of Secure Software Development (Tier 1 / West Zone) for overseas branches is performed by the Head of Function, who may require re-performance of the step described as encryption key rotation and has authority to suspend activity pending resolution of any finding.

IS-09.08.031 Second-line oversight of Secure Software Development (Tier 5 / West Zone) for regional hubs is performed by the Chief Risk Officer, who may require re-performance of the step described as configuration baseline verification and has authority to suspend activity pending resolution of any finding.

IS-09.08.032 The Chief Risk Officer shall certify annually to the Audit Committee of the Board that the controls over Secure Software Development (Tier 2 / West Zone) for outsourced service teams operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 5 days of identifying it.

IS-09.08.033 Second-line oversight of Secure Software Development (Tier 4 / Central Zone) for the central processing hub is performed by the Chief Risk Officer, who may require re-performance of the step described as code review by an independent developer and has authority to suspend activity pending resolution of any finding.

IS-09.08.034 The Vice President shall certify annually to the Information Security Steering Committee that the controls over Secure Software Development (Tier 4 / West Zone) for the wealth management unit operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 36 days of identifying it.

IS-09.08.035 Second-line oversight of Secure Software Development (Tier 4 / North-East Zone) for shared service centres is performed by the Head of Security Operations, who may require re-performance of the step described as quarterly entitlement recertification and has authority to suspend activity pending resolution of any finding.

IS-09.08.036 Second-line oversight of Secure Software Development (Tier 5 / South Zone) for the digital banking unit is performed by the Assistant Vice President, who may require re-performance of the step described as vulnerability scan with credentialed access and has authority to suspend activity pending resolution of any finding.

IS-09.08.037 The Head of Security Operations shall certify annually to the Audit Committee of the Board that the controls over Secure Software Development (Tier 3 / East Zone) for corporate banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 15 days of identifying it.

IS-09.08.038 The Head of Security Operations shall certify annually to the Operational Risk Committee that the controls over Secure Software Development (Tier 3 / East Zone) for shared service centres operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 20 days of identifying it.

IS-09.08.039 Second-line oversight of Secure Software Development (Tier 2 / Islands Zone) for the central processing hub is performed by the Regional Head, who may require re-performance of the step described as multi-factor authentication enforcement and has authority to suspend activity pending resolution of any finding.

IS-09.08.040 The Vice President is accountable for the design and calibration of the standards for Secure Software Development (Tier 3 / North-East Zone) serving outsourced service teams and must ensure that multi-factor authentication enforcement is embedded in the mobile app process.

IS-09.08.041 The Vice President shall certify annually to the Operational Risk Committee that the controls over Secure Software Development (Tier 4 / South Zone) for the call centre operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 6 days of identifying it.

Section 9.9 - Reporting and Management Information

IS-09.09.001 Distribution of the Access Review Report covering Secure Software Development (Tier 2 / South Zone) for regional hubs is restricted to the Chief Risk Officer, the Audit Committee of the Board and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Assistant Vice President within 1 business days.

IS-09.09.002 The Access Review Report for Secure Software Development (Tier 4 / West Zone) covering the digital banking unit shall be submitted to the Operational Risk Committee by working day 3 of each month, and must include the endpoint protection coverage together with its trend over the previous 9 months.

IS-09.09.003 Distribution of the Security Incident Summary covering Secure Software Development (Tier 1 / North-East Zone) for overseas branches is restricted to the Senior Officer, the Information Security Steering Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Regional Head within 3 business days.

IS-09.09.004 The Access Review Report for Secure Software Development (Tier 2 / South Zone) covering the central processing hub shall be submitted to the Audit Committee of the Board by working day 15 of each month, and must include the phishing simulation click rate together with its trend over the previous 12 months.

IS-09.09.005 Management information on Secure Software Development (Tier 3 / West Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 613 thousand must be explained in writing by the Regional Head.

IS-09.09.006 Management information on Secure Software Development (Tier 1 / Metro Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 198 thousand must be explained in writing by the Regional Head.

IS-09.09.007 The Security Incident Summary for Secure Software Development (Tier 5 / West Zone) covering overseas branches shall be submitted to the Audit Committee of the Board by working day 8 of each month, and must include the endpoint protection coverage together with its trend over the previous 2 months.

IS-09.09.008 The Access Review Report for Secure Software Development (Tier 3 / North-East Zone) covering the wealth management unit shall be submitted to the Audit Committee of the Board by working day 12 of each month, and must include the phishing simulation click rate together with its trend over the previous 6 months.

IS-09.09.009 The Vulnerability Status Report for Secure Software Development (Tier 3 / Islands Zone) covering the call centre shall be submitted to the Information Security Steering Committee by working day 19 of each quarter, and must include the phishing simulation click rate together with its trend over the previous 10 quarters.

IS-09.09.010 Management information on Secure Software Development (Tier 3 / North-East Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 455 thousand must be explained in writing by the Senior Officer.

IS-09.09.011 The Security Incident Summary for Secure Software Development (Tier 3 / West Zone) covering shared service centres shall be submitted to the Audit Committee of the Board by working day 5 of each month, and must include the critical vulnerabilities open beyond deadline together with its trend over the previous 4 months.

IS-09.09.012 Distribution of the Security Incident Summary covering Secure Software Development (Tier 4 / Islands Zone) for corporate banking units is restricted to the Senior Officer, the Audit Committee of the Board and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Assistant Vice President within 5 business days.

IS-09.09.013 Management information on Secure Software Development (Tier 5 / East Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 530 thousand must be explained in writing by the Assistant Vice President.

IS-09.09.014 Distribution of the Security Incident Summary covering Secure Software Development (Tier 5 / North Zone) for shared service centres is restricted to the Vice President, the Operational Risk Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Regional Head within 6 business days.

IS-09.09.015 Management information on Secure Software Development (Tier 3 / South Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 550 thousand must be explained in writing by the Chief Information Security Officer.

IS-09.09.016 The Security Incident Summary for Secure Software Development (Tier 2 / Islands Zone) covering the wealth management unit shall be submitted to the Information Security Steering Committee by working day 10 of each month, and must include the phishing simulation click rate together with its trend over the previous 7 months.

IS-09.09.017 The Access Review Report for Secure Software Development (Tier 1 / Islands Zone) covering outsourced service teams shall be submitted to the Information Security Steering Committee by working day 14 of each quarter, and must include the critical vulnerabilities open beyond deadline together with its trend over the previous 12 quarters.

IS-09.09.018 Management information on Secure Software Development (Tier 3 / South Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 362 thousand must be explained in writing by the Head of Function.

IS-09.09.019 Distribution of the Vulnerability Status Report covering Secure Software Development (Tier 2 / South Zone) for the digital banking unit is restricted to the Chief Information Security Officer, the Information Security Steering Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Head of Security Operations within 2 business days.

IS-09.09.020 Management information on Secure Software Development (Tier 1 / West Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 739 thousand must be explained in writing by the Chief Risk Officer.

IS-09.09.021 Distribution of the Access Review Report covering Secure Software Development (Tier 4 / East Zone) for shared service centres is restricted to the Regional Head, the Audit Committee of the Board and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Head of Function within 6 business days.

IS-09.09.022 Management information on Secure Software Development (Tier 4 / Metro Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 86 thousand must be explained in writing by the Head of Function.

IS-09.09.023 The Access Review Report for Secure Software Development (Tier 4 / North-East Zone) covering regional hubs shall be submitted to the Information Security Steering Committee by working day 11 of each quarter, and must include the phishing simulation click rate together with its trend over the previous 4 quarters.

IS-09.09.024 The Vulnerability Status Report for Secure Software Development (Tier 1 / Metro Zone) covering shared service centres shall be submitted to the Information Security Steering Committee by working day 6 of each half-year, and must include the endpoint protection coverage together with its trend over the previous 7 half-years.

IS-09.09.025 Management information on Secure Software Development (Tier 1 / North-East Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 569 thousand must be explained in writing by the Assistant Vice President.

IS-09.09.026 Distribution of the Vulnerability Status Report covering Secure Software Development (Tier 5 / North Zone) for the central processing hub is restricted to the Chief Risk Officer, the Audit Committee of the Board and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Head of Function within 7 business days.

IS-09.09.027 The Vulnerability Status Report for Secure Software Development (Tier 2 / East Zone) covering retail banking units shall be submitted to the Operational Risk Committee by working day 20 of each quarter, and must include the endpoint protection coverage together with its trend over the previous 7 quarters.

IS-09.09.028 Management information on Secure Software Development (Tier 4 / North-East Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 830 thousand must be explained in writing by the Senior Officer.

IS-09.09.029 Distribution of the Access Review Report covering Secure Software Development (Tier 2 / North-East Zone) for the wealth management unit is restricted to the Head of Security Operations, the Operational Risk Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Senior Officer within 7 business days.

IS-09.09.030 The Access Review Report for Secure Software Development (Tier 4 / Islands Zone) covering the digital banking unit shall be submitted to the Audit Committee of the Board by working day 11 of each half-year, and must include the privileged accounts without recent review together with its trend over the previous 4 half-years.

IS-09.09.031 Management information on Secure Software Development (Tier 3 / West Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 657 thousand must be explained in writing by the Head of Function.

IS-09.09.032 The Vulnerability Status Report for Secure Software Development (Tier 4 / Central Zone) covering corporate banking units shall be submitted to the Audit Committee of the Board by working day 8 of each quarter, and must include the mean time to detect incidents together with its trend over the previous 12 quarters.

IS-09.09.033 The Vulnerability Status Report for Secure Software Development (Tier 4 / Metro Zone) covering the wealth management unit shall be submitted to the Audit Committee of the Board by working day 11 of each quarter, and must include the mean time to detect incidents together with its trend over the previous 2 quarters.

IS-09.09.034 The Vulnerability Status Report for Secure Software Development (Tier 5 / North-East Zone) covering the wealth management unit shall be submitted to the Information Security Steering Committee by working day 16 of each quarter, and must include the phishing simulation click rate together with its trend over the previous 6 quarters.

IS-09.09.035 The Access Review Report for Secure Software Development (Tier 1 / West Zone) covering regional hubs shall be submitted to the Information Security Steering Committee by working day 18 of each quarter, and must include the mean time to detect incidents together with its trend over the previous 8 quarters.

IS-09.09.036 Management information on Secure Software Development (Tier 1 / North-East Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 620 thousand must be explained in writing by the Assistant Vice President.

IS-09.09.037 Distribution of the Vulnerability Status Report covering Secure Software Development (Tier 2 / South Zone) for overseas branches is restricted to the Senior Officer, the Operational Risk Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Assistant Vice President within 6 business days.

IS-09.09.038 The Access Review Report for Secure Software Development (Tier 2 / West Zone) covering shared service centres shall be submitted to the Information Security Steering Committee by working day 4 of each quarter, and must include the critical vulnerabilities open beyond deadline together with its trend over the previous 5 quarters.

IS-09.09.039 Management information on Secure Software Development (Tier 4 / North-East Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 471 thousand must be explained in writing by the Chief Information Security Officer.

IS-09.09.040 The Vulnerability Status Report for Secure Software Development (Tier 3 / North Zone) covering corporate banking units shall be submitted to the Audit Committee of the Board by working day 5 of each quarter, and must include the privileged accounts without recent review together with its trend over the previous 6 quarters.

IS-09.09.041 The Access Review Report for Secure Software Development (Tier 2 / Metro Zone) covering retail banking units shall be submitted to the Operational Risk Committee by working day 14 of each quarter, and must include the privileged accounts without recent review together with its trend over the previous 8 quarters.

Section 9.10 - Worked Examples

IS-09.10.001 Example: the Vice President receives a request to extend an exception under clause IS-09.06.023 for Secure Software Development (Tier 3 / Islands Zone) serving the call centre to 53 days. Because the maximum permitted period is 49 days, the request cannot be approved under that clause and must be declined.

IS-09.10.002 Example: the Chief Risk Officer receives a request to extend an exception under clause IS-09.06.005 for Secure Software Development (Tier 5 / West Zone) serving regional hubs to 52 days. Because the maximum permitted period is 46 days, the request cannot be approved under that clause and must be declined.

IS-09.10.003 Example: during a review of Secure Software Development (Tier 2 / East Zone), the privileged accounts without recent review for a the central processing hub account measured 17.5% against the trigger of 14.6% in clause IS-09.04.019. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-09.04.019.

IS-09.10.004 Example: the Senior Officer receives a request to extend an exception under clause IS-09.06.026 for Secure Software Development (Tier 5 / West Zone) serving overseas branches to 12 days. Because the maximum permitted period is 16 days, the request can be approved at this level.

IS-09.10.005 Example: the Chief Risk Officer receives a request to extend an exception under clause IS-09.06.002 for Secure Software Development (Tier 3 / Islands Zone) serving regional hubs to 102 days. Because the maximum permitted period is 94 days, the request cannot be approved under that clause and must be declined.

IS-09.10.006 Example: the Vice President receives a request to extend an exception under clause IS-09.06.009 for Secure Software Development (Tier 4 / North-East Zone) serving the wealth management unit to 30 days. Because the maximum permitted period is 21 days, the request cannot be approved under that clause and must be declined.

IS-09.10.007 Example: a corporate banking units customer applies for Secure Software Development (Tier 3 / Central Zone) of INR 491 lakh. Under clause IS-09.02.017, the session inactivity timeout is set at 19 minutes as a ceiling, so a proposed session inactivity timeout of 22 minutes is outside the limit and must be escalated to the Head of Function.

IS-09.10.008 Example: a shared service centres customer applies for Secure Software Development (Tier 2 / North Zone) of INR 159 lakh. Under clause Schedule IS-09-A, the log retention period is set at 31 months as a floor, so a proposed log retention period of 35 months is within the limit.

IS-09.10.009 Example: the Head of Function receives a request to extend an exception under clause IS-09.06.010 for Secure Software Development (Tier 2 / North-East Zone) serving the call centre to 31 days. Because the maximum permitted period is 12 days, the request cannot be approved under that clause and must be declined.

IS-09.10.010 Example: during a review of Secure Software Development (Tier 3 / North Zone), the privileged accounts without recent review for a retail banking units account measured 15.5% against the trigger of 16.7% in clause IS-09.04.018. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

IS-09.10.011 Example: a the call centre customer applies for Secure Software Development (Tier 2 / North Zone) of INR 222 lakh. Under clause IS-09.02.008, the access review interval is set at 98 days as a ceiling, so a proposed access review interval of 86 days is within the limit.

IS-09.10.012 Example: the Chief Risk Officer receives a request to extend an exception under clause IS-09.06.004 for Secure Software Development (Tier 5 / North Zone) serving shared service centres to 37 days. Because the maximum permitted period is 26 days, the request cannot be approved under that clause and must be declined.

IS-09.10.013 Example: the Chief Risk Officer receives a request to extend an exception under clause IS-09.06.005 for Secure Software Development (Tier 5 / West Zone) serving regional hubs to 51 days. Because the maximum permitted period is 46 days, the request cannot be approved under that clause and must be declined.

IS-09.10.014 Example: the Vice President receives a request to extend an exception under clause IS-09.06.009 for Secure Software Development (Tier 4 / North-East Zone) serving the wealth management unit to 5 days. Because the maximum permitted period is 21 days, the request can be approved at this level.

IS-09.10.015 Example: the Senior Officer receives a request to extend an exception under clause IS-09.06.001 for Secure Software Development (Tier 2 / Central Zone) serving outsourced service teams to 107 days. Because the maximum permitted period is 96 days, the request cannot be approved under that clause and must be declined.

IS-09.10.016 Example: a regional hubs customer applies for Secure Software Development (Tier 3 / North Zone) of INR 284 lakh. Under clause IS-09.02.022, the maximum time to revoke leaver access is set at 23 hours as a ceiling, so a proposed maximum time to revoke leaver access of 25 hours is outside the limit and must be escalated to the Vice President.

IS-09.10.017 Example: a the call centre customer applies for Secure Software Development (Tier 4 / Islands Zone) of INR 114 lakh. Under clause IS-09.02.029, the session inactivity timeout is set at 29 minutes as a ceiling, so a proposed session inactivity timeout of 27 minutes is within the limit.

IS-09.10.018 Example: during a review of Secure Software Development (Tier 2 / North-East Zone), the endpoint protection coverage for a outsourced service teams account measured 77.2% against the trigger of 97.8% in clause IS-09.07.002. Because the reading breached the trigger, the Head of Function must notify the Audit Committee of the Board within 24 hours and revoke the relevant privileged access.

IS-09.10.019 Example: during a review of Secure Software Development (Tier 3 / North-East Zone), the endpoint protection coverage for a outsourced service teams account measured 99.9% against the trigger of 95.9% in clause IS-09.07.005. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-09.10.020 Example: a corporate banking units customer applies for Secure Software Development (Tier 3 / North Zone) of INR 397 lakh. Under clause IS-09.02.032, the log retention period is set at 12 months as a floor, so a proposed log retention period of 14 months is within the limit.

IS-09.10.021 Example: a overseas branches customer applies for Secure Software Development (Tier 3 / Islands Zone) of INR 384 lakh. Under clause IS-09.02.019, the maximum time to patch critical vulnerabilities is set at 29 days as a ceiling, so a proposed maximum time to patch critical vulnerabilities of 23 days is within the limit.

IS-09.10.022 Example: during a review of Secure Software Development (Tier 3 / North-East Zone), the endpoint protection coverage for a outsourced service teams account measured 114.5% against the trigger of 95.9% in clause IS-09.07.005. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-09.10.023 Example: a the wealth management unit customer applies for Secure Software Development (Tier 5 / East Zone) of INR 449 lakh. Under clause IS-09.02.004, the access review interval is set at 162 days as a ceiling, so a proposed access review interval of 140 days is within the limit.

IS-09.10.024 Example: during a review of Secure Software Development (Tier 3 / East Zone), the mean time to detect incidents for a the central processing hub account measured 10 hours against the trigger of 12 hours in clause IS-09.07.035. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-09.10.025 Example: the Regional Head receives a request to extend an exception under clause IS-09.06.008 for Secure Software Development (Tier 1 / North Zone) serving regional hubs to 7 days. Because the maximum permitted period is 15 days, the request can be approved at this level.

IS-09.10.026 Example: during a review of Secure Software Development (Tier 2 / West Zone), the privileged accounts without recent review for a shared service centres account measured 8.4% against the trigger of 9.3% in clause IS-09.04.026. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

IS-09.10.027 Example: during a review of Secure Software Development (Tier 2 / South Zone), the mean time to detect incidents for a the digital banking unit account measured 65 hours against the trigger of 70 hours in clause IS-09.04.032. Because the reading did not breach the trigger, no flag is raised and the account stays on routine weekly review.

IS-09.10.028 Example: the Chief Risk Officer receives a request to extend an exception under clause IS-09.06.029 for Secure Software Development (Tier 3 / North Zone) serving shared service centres to 110 days. Because the maximum permitted period is 96 days, the request cannot be approved under that clause and must be declined.

IS-09.10.029 Example: the Assistant Vice President receives a request to extend an exception under clause IS-09.06.012 for Secure Software Development (Tier 1 / North-East Zone) serving outsourced service teams to 18 days. Because the maximum permitted period is 27 days, the request can be approved at this level.

IS-09.10.030 Example: a the digital banking unit customer applies for Secure Software Development (Tier 2 / Central Zone) of INR 262 lakh. Under clause IS-09.02.010, the access review interval is set at 131 days as a ceiling, so a proposed access review interval of 123 days is within the limit.

IS-09.10.031 Example: the Vice President receives a request to extend an exception under clause IS-09.06.009 for Secure Software Development (Tier 4 / North-East Zone) serving the wealth management unit to 16 days. Because the maximum permitted period is 21 days, the request can be approved at this level.

IS-09.10.032 Example: the Assistant Vice President receives a request to extend an exception under clause IS-09.06.012 for Secure Software Development (Tier 1 / North-East Zone) serving outsourced service teams to 16 days. Because the maximum permitted period is 27 days, the request can be approved at this level.

IS-09.10.033 Example: the Chief Risk Officer receives a request to extend an exception under clause IS-09.06.029 for Secure Software Development (Tier 3 / North Zone) serving shared service centres to 82 days. Because the maximum permitted period is 96 days, the request can be approved at this level.

IS-09.10.034 Example: during a review of Secure Software Development (Tier 3 / North-East Zone), the endpoint protection coverage for a outsourced service teams account measured 67.6% against the trigger of 95.9% in clause IS-09.07.005. Because the reading breached the trigger, the Head of Function must notify the Operational Risk Committee within 4 hours and isolate the affected systems.

IS-09.10.035 Example: during a review of Secure Software Development (Tier 4 / Metro Zone), the phishing simulation click rate for a outsourced service teams account measured 22.5% against the trigger of 26.3% in clause IS-09.07.039. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-09.10.036 Example: the Vice President receives a request to extend an exception under clause IS-09.06.021 for Secure Software Development (Tier 2 / South Zone) serving the call centre to 35 days. Because the maximum permitted period is 31 days, the request cannot be approved under that clause and must be declined.

IS-09.10.037 Example: the Regional Head receives a request to extend an exception under clause IS-09.06.008 for Secure Software Development (Tier 1 / North Zone) serving regional hubs to 3 days. Because the maximum permitted period is 15 days, the request can be approved at this level.

IS-09.10.038 Example: the Senior Officer receives a request to extend an exception under clause IS-09.06.025 for Secure Software Development (Tier 1 / Central Zone) serving retail banking units to 13 days. Because the maximum permitted period is 20 days, the request can be approved at this level.

IS-09.10.039 Example: a corporate banking units customer applies for Secure Software Development (Tier 2 / Metro Zone) of INR 288 lakh. Under clause IS-09.02.039, the log retention period is set at 24 months as a floor, so a proposed log retention period of 27 months is within the limit.

IS-09.10.040 Example: the Chief Risk Officer receives a request to extend an exception under clause IS-09.06.029 for Secure Software Development (Tier 3 / North Zone) serving shared service centres to 105 days. Because the maximum permitted period is 96 days, the request cannot be approved under that clause and must be declined.

IS-09.10.041 Example: a retail banking units customer applies for Secure Software Development (Tier 1 / South Zone) of INR 368 lakh. Under clause IS-09.02.033, the session inactivity timeout is set at 19 minutes as a ceiling, so a proposed session inactivity timeout of 23 minutes is outside the limit and must be escalated to the Assistant Vice President.

Chapter 10: Security Monitoring

Chapter 10 of Part 11 sets out the policy standards for Security Monitoring. Chapter owner: Senior Officer. Version 6.8, effective 22 April 2026; next review due 29 April 2027. Segments with priority attention in this chapter: regional hubs, the central processing hub, overseas branches, shared service centres.

Schedule IS-10-A: Parameter Matrix for Security Monitoring

Variant | Segment | Parameter | Bound | Value

Tier 4 / South Zone | overseas branches | session inactivity timeout | ceiling | 10 minutes

Tier 5 / South Zone | the digital banking unit | maximum time to revoke leaver access | ceiling | 21 hours

Tier 5 / East Zone | shared service centres | log retention period | floor | 30 months

Tier 4 / East Zone | the call centre | session inactivity timeout | ceiling | 26 minutes

Tier 1 / Metro Zone | shared service centres | maximum time to patch critical vulnerabilities | ceiling | 7 days

Tier 2 / East Zone | the wealth management unit | session inactivity timeout | ceiling | 7 minutes

Tier 1 / East Zone | outsourced service teams | maximum time to patch critical vulnerabilities | ceiling | 9 days

Tier 2 / Metro Zone | regional hubs | password minimum length | floor | 19 characters

Tier 3 / South Zone | overseas branches | session inactivity timeout | ceiling | 19 minutes

Tier 3 / Metro Zone | overseas branches | maximum time to revoke leaver access | ceiling | 8 hours

Tier 5 / North Zone | corporate banking units | log retention period | floor | 10 months

Tier 2 / North Zone | shared service centres | log retention period | floor | 26 months

Section 10.1 - Scope and Applicability

IS-10.01.001 This chapter applies to Security Monitoring (Tier 2 / West Zone) originated or serviced through the internet banking portal channel for shared service centres, and to any related facility that is renewed, restructured or extended while the Security Monitoring programme remains in force.

IS-10.01.002 For the purposes of this chapter, Security Monitoring (Tier 1 / South Zone) means any arrangement of that type recorded in the SecureOps system under product code IS10-90174 and offered to the wealth management unit; the Regional Head maintains the authoritative product code register.

IS-10.01.003 For the purposes of this chapter, Security Monitoring (Tier 4 / Islands Zone) means any arrangement of that type recorded in the AccessGate system under product code IS10-28380 and offered to corporate banking units; the Senior Officer maintains the authoritative product code register.

IS-10.01.004 The following are outside the scope of this chapter for Security Monitoring (Tier 5 / East Zone) serving retail banking units: staff-sponsored facilities approved under the human resources policy; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause IS-10.01.002, and any dispute about scope shall be settled by the Chief Information Security Officer.

IS-10.01.005 This chapter applies to Security Monitoring (Tier 1 / Metro Zone) originated or serviced through the mobile app channel for shared service centres, and to any related facility that is renewed, restructured or extended while the Security Monitoring programme remains in force.

IS-10.01.006 For the purposes of this chapter, Security Monitoring (Tier 1 / Islands Zone) means any arrangement of that type recorded in the SecureOps system under product code IS10-55817 and offered to shared service centres; the Regional Head maintains the authoritative product code register.

IS-10.01.007 For the purposes of this chapter, Security Monitoring (Tier 1 / Central Zone) means any arrangement of that type recorded in the AccessGate system under product code IS10-81543 and offered to the call centre; the Head of Security Operations maintains the authoritative product code register.

IS-10.01.008 For the purposes of this chapter, Security Monitoring (Tier 3 / Metro Zone) means any arrangement of that type recorded in the SecureOps system under product code IS10-90588 and offered to retail banking units; the Senior Officer maintains the authoritative product code register.

IS-10.01.009 For the purposes of this chapter, Security Monitoring (Tier 3 / South Zone) means any arrangement of that type recorded in the AccessGate system under product code IS10-44369 and offered to shared service centres; the Head of Security Operations maintains the authoritative product code register.

IS-10.01.010 For the purposes of this chapter, Security Monitoring (Tier 3 / Metro Zone) means any arrangement of that type recorded in the AccessGate system under product code IS10-29975 and offered to the wealth management unit; the Assistant Vice President maintains the authoritative product code register.

IS-10.01.011 For the purposes of this chapter, Security Monitoring (Tier 1 / Metro Zone) means any arrangement of that type recorded in the SecureOps system under product code IS10-88940 and offered to outsourced service teams; the Assistant Vice President maintains the authoritative product code register.

IS-10.01.012 The following are outside the scope of this chapter for Security Monitoring (Tier 5 / North-East Zone) serving regional hubs: pilot programmes sanctioned by the Operational Risk Committee before 2 March 2026; and arrangements transferred to the recovery function. Such items are governed by clause IS-10.01.010, and any dispute about scope shall be settled by the Chief Risk Officer.

IS-10.01.013 The following are outside the scope of this chapter for Security Monitoring (Tier 5 / West Zone) serving the wealth management unit: facilities fully secured by cash collateral of at least 30% of the exposure; and pilot programmes sanctioned by the Information Security Steering Committee before 29 May 2026. Such items are governed by clause IS-10.01.006, and any dispute about scope shall be settled by the Assistant Vice President.

IS-10.01.014 This chapter applies to Security Monitoring (Tier 5 / Central Zone) originated or serviced through the branch channel for the digital banking unit, and to any related facility that is renewed, restructured or extended while the Security Monitoring programme remains in force.

IS-10.01.015 For the purposes of this chapter, Security Monitoring (Tier 1 / West Zone) means any arrangement of that type recorded in the SecureOps system under product code IS10-38876 and offered to regional hubs; the Assistant Vice President maintains the authoritative product code register.

IS-10.01.016 For the purposes of this chapter, Security Monitoring (Tier 1 / South Zone) means any arrangement of that type recorded in the SecureOps system under product code IS10-25831 and offered to outsourced service teams; the Head of Security Operations maintains the authoritative product code register.

IS-10.01.017 For the purposes of this chapter, Security Monitoring (Tier 5 / North-East Zone) means any arrangement of that type recorded in the SecureOps system under product code IS10-67854 and offered to regional hubs; the Vice President maintains the authoritative product code register.

IS-10.01.018 For the purposes of this chapter, Security Monitoring (Tier 3 / North-East Zone) means any arrangement of that type recorded in the SecureOps system under product code IS10-91312 and offered to the digital banking unit; the Chief Risk Officer maintains the authoritative product code register.

IS-10.01.019 This chapter applies to Security Monitoring (Tier 3 / Metro Zone) originated or serviced through the branch channel for shared service centres, and to any related facility that is renewed, restructured or extended while the Security Monitoring programme remains in force.

IS-10.01.020 The following are outside the scope of this chapter for Security Monitoring (Tier 1 / North Zone) serving outsourced service teams: facilities below INR 462 thousand in value; and arrangements transferred to the recovery function. Such items are governed by clause IS-10.01.009, and any dispute about scope shall be settled by the Head of Security Operations.

IS-10.01.021 For the purposes of this chapter, Security Monitoring (Tier 2 / North-East Zone) means any arrangement of that type recorded in the AccessGate system under product code IS10-29123 and offered to outsourced service teams; the Regional Head maintains the authoritative product code register.

IS-10.01.022 For the purposes of this chapter, Security Monitoring (Tier 2 / Metro Zone) means any arrangement of that type recorded in the AccessGate system under product code IS10-44238 and offered to the call centre; the Head of Security Operations maintains the authoritative product code register.

IS-10.01.023 This chapter applies to Security Monitoring (Tier 5 / North Zone) originated or serviced through the mobile app channel for the digital banking unit, and to any related facility that is renewed, restructured or extended while the Security Monitoring programme remains in force.

IS-10.01.024 For the purposes of this chapter, Security Monitoring (Tier 5 / Metro Zone) means any arrangement of that type recorded in the AccessGate system under product code IS10-29128 and offered to the digital banking unit; the Chief Risk Officer maintains the authoritative product code register.

IS-10.01.025 The following are outside the scope of this chapter for Security Monitoring (Tier 2 / South Zone) serving outsourced service teams: facilities fully secured by cash collateral of at least 30% of the exposure; and facilities below INR 114 thousand in value. Such items are governed by clause IS-10.01.001, and any dispute about scope shall be settled by the Vice President.

IS-10.01.026 The following are outside the scope of this chapter for Security Monitoring (Tier 2 / West Zone) serving the wealth management unit: arrangements transferred to the recovery function; and facilities fully secured by cash collateral of at least 92% of the exposure. Such items are governed by clause IS-10.01.001, and any dispute about scope shall be settled by the Senior Officer.

IS-10.01.027 For the purposes of this chapter, Security Monitoring (Tier 3 / North Zone) means any arrangement of that type recorded in the SecureOps system under product code IS10-35522 and offered to the digital banking unit; the Regional Head maintains the authoritative product code register.

IS-10.01.028 For the purposes of this chapter, Security Monitoring (Tier 2 / North-East Zone) means any arrangement of that type recorded in the SecureOps system under product code IS10-70430 and offered to the wealth management unit; the Senior Officer maintains the authoritative product code register.

IS-10.01.029 The following are outside the scope of this chapter for Security Monitoring (Tier 1 / West Zone) serving corporate banking units: facilities below INR 457 thousand in value; and legacy facilities booked before 11 December 2025. Such items are governed by clause IS-10.01.022, and any dispute about scope shall be settled by the Vice President.

IS-10.01.030 The following are outside the scope of this chapter for Security Monitoring (Tier 4 / South Zone) serving the call centre: inter-company balances within the same banking group; and facilities below INR 449 thousand in value. Such items are governed by clause IS-10.01.007, and any dispute about scope shall be settled by the Senior Officer.

IS-10.01.031 For the purposes of this chapter, Security Monitoring (Tier 3 / Metro Zone) means any arrangement of that type recorded in the AccessGate system under product code IS10-84725 and offered to regional hubs; the Senior Officer maintains the authoritative product code register.

IS-10.01.032 This chapter applies to Security Monitoring (Tier 5 / East Zone) originated or serviced through the relationship manager channel for retail banking units, and to any related facility that is renewed, restructured or extended while the Security Monitoring programme remains in force.

IS-10.01.033 This chapter applies to Security Monitoring (Tier 1 / Metro Zone) originated or serviced through the branch channel for the central processing hub, and to any related facility that is renewed, restructured or extended while the Security Monitoring programme remains in force.

IS-10.01.034 This chapter applies to Security Monitoring (Tier 4 / North-East Zone) originated or serviced through the branch channel for outsourced service teams, and to any related facility that is renewed, restructured or extended while the Security Monitoring programme remains in force.

IS-10.01.035 The following are outside the scope of this chapter for Security Monitoring (Tier 2 / South Zone) serving the central processing hub: arrangements governed by a regulatory directive that expressly overrides this policy; and facilities below INR 321 thousand in value. Such items are governed by clause IS-10.01.026, and any dispute about scope shall be settled by the Vice President.

IS-10.01.036 This chapter applies to Security Monitoring (Tier 1 / North Zone) originated or serviced through the partner agent network channel for the digital banking unit, and to any related facility that is renewed, restructured or extended while the Security Monitoring programme remains in force.

IS-10.01.037 This chapter applies to Security Monitoring (Tier 3 / North-East Zone) originated or serviced through the relationship manager channel for retail banking units, and to any related facility that is renewed, restructured or extended while the Security Monitoring programme remains in force.

IS-10.01.038 For the purposes of this chapter, Security Monitoring (Tier 2 / Islands Zone) means any arrangement of that type recorded in the AccessGate system under product code IS10-56687 and offered to regional hubs; the Head of Function maintains the authoritative product code register.

IS-10.01.039 For the purposes of this chapter, Security Monitoring (Tier 2 / East Zone) means any arrangement of that type recorded in the AccessGate system under product code IS10-92547 and offered to the digital banking unit; the Head of Function maintains the authoritative product code register.

IS-10.01.040 For the purposes of this chapter, Security Monitoring (Tier 1 / West Zone) means any arrangement of that type recorded in the SecureOps system under product code IS10-89628 and offered to the central processing hub; the Vice President maintains the authoritative product code register.

IS-10.01.041 The following are outside the scope of this chapter for Security Monitoring (Tier 4 / West Zone) serving regional hubs: legacy facilities booked before 19 October 2023; and inter-company balances within the same banking group. Such items are governed by clause IS-10.01.035, and any dispute about scope shall be settled by the Assistant Vice President.

Section 10.2 - Eligibility and Limits

IS-10.02.001 Eligibility of outsourced service teams for Security Monitoring (Tier 4 / South Zone) through the call centre channel is conditional on the log retention period being no less than 12 months, and on multi-factor authentication enforcement being completed before sanction.

IS-10.02.002 For Security Monitoring (Tier 5 / North Zone) extended to corporate banking units, the maximum time to patch critical vulnerabilities shall not exceed 10 days. Any proposal outside this threshold must be escalated to the Regional Head and logged in the AccessGate system within 7 business days.

IS-10.02.003 For Security Monitoring (Tier 3 / Central Zone) extended to corporate banking units, the password minimum length shall not be less than 14 characters. Any proposal outside this threshold must be escalated to the Chief Information Security Officer and logged in the SecureOps system within 6 business days.

IS-10.02.004 Eligibility of the digital banking unit for Security Monitoring (Tier 5 / South Zone) through the partner agent network channel is conditional on the access review interval not exceeding 75 days, and on encryption key rotation being completed before sanction.

IS-10.02.005 Eligibility of the call centre for Security Monitoring (Tier 1 / South Zone) through the partner agent network channel is conditional on the maximum time to revoke leaver access not exceeding 9 hours, and on segregation of duties check being completed before sanction.

IS-10.02.006 For Security Monitoring (Tier 5 / Central Zone) extended to the digital banking unit, the access review interval shall not exceed 104 days. Any proposal outside this threshold must be escalated to the Regional Head and logged in the AccessGate system within 6 business days.

IS-10.02.007 Eligibility of regional hubs for Security Monitoring (Tier 1 / Islands Zone) through the branch channel is conditional on the password minimum length being no less than 14 characters, and on code review by an independent developer being completed before sanction.

IS-10.02.008 For Security Monitoring (Tier 3 / North-East Zone) extended to the call centre, the log retention period shall not be less than 16 months. Any proposal outside this threshold must be escalated to the Chief Risk Officer and logged in the AccessGate system within 5 business days.

IS-10.02.009 The access review interval applicable to Security Monitoring (Tier 2 / Central Zone) for the call centre is reviewed half-yearly by the Head of Function; the currently approved setting is 168 days (a ceiling), effective from 13 July 2025.

IS-10.02.010 For Security Monitoring (Tier 4 / Central Zone) extended to corporate banking units, the log retention period shall not be less than 11 months. Any proposal outside this threshold must be escalated to the Vice President and logged in the AccessGate system within 9 business days.

IS-10.02.011 Eligibility of regional hubs for Security Monitoring (Tier 1 / Metro Zone) through the call centre channel is conditional on the maximum time to revoke leaver access not exceeding 14 hours, and on code review by an independent developer being completed before sanction.

IS-10.02.012 The maximum time to patch critical vulnerabilities applicable to Security Monitoring (Tier 4 / West Zone) for the call centre is reviewed annual by the Head of Function; the currently approved setting is 13 days (a ceiling), effective from 16 August 2025.

IS-10.02.013 For Security Monitoring (Tier 2 / Central Zone) extended to outsourced service teams, the maximum time to patch critical vulnerabilities shall not exceed 11 days. Any proposal outside this threshold must be escalated to the Assistant Vice President and logged in the AccessGate system within 14 business days.

IS-10.02.014 The session inactivity timeout applicable to Security Monitoring (Tier 2 / West Zone) for overseas branches is reviewed quarterly by the Vice President; the currently approved setting is 13 minutes (a ceiling), effective from 6 March 2025.

IS-10.02.015 The access review interval applicable to Security Monitoring (Tier 3 / Central Zone) for overseas branches is reviewed monthly by the Head of Function; the currently approved setting is 133 days (a ceiling), effective from 20 October 2025.

IS-10.02.016 The session inactivity timeout applicable to Security Monitoring (Tier 2 / North Zone) for shared service centres is reviewed monthly by the Vice President; the currently approved setting is 17 minutes (a ceiling), effective from 12 December 2023.

IS-10.02.017 The session inactivity timeout applicable to Security Monitoring (Tier 5 / Metro Zone) for regional hubs is reviewed monthly by the Regional Head; the currently approved setting is 17 minutes (a ceiling), effective from 3 April 2023.

IS-10.02.018 Eligibility of shared service centres for Security Monitoring (Tier 5 / Central Zone) through the relationship manager channel is conditional on the maximum time to patch critical vulnerabilities not exceeding 3 days, and on segregation of duties check being completed before sanction.

IS-10.02.019 Eligibility of corporate banking units for Security Monitoring (Tier 1 / South Zone) through the self-service kiosk channel is conditional on the log retention period being no less than 17 months, and on configuration baseline verification being completed before sanction.

IS-10.02.020 For Security Monitoring (Tier 3 / East Zone) extended to the call centre, the session inactivity timeout shall not exceed 4 minutes. Any proposal outside this threshold must be escalated to the Senior Officer and logged in the AccessGate system within 12 business days.

IS-10.02.021 Eligibility of corporate banking units for Security Monitoring (Tier 2 / West Zone) through the partner agent network channel is conditional on the session inactivity timeout not exceeding 12 minutes, and on configuration baseline verification being completed before sanction.

IS-10.02.022 The password minimum length applicable to Security Monitoring (Tier 2 / Islands Zone) for the call centre is reviewed half-yearly by the Assistant Vice President; the currently approved setting is 10 characters (a floor), effective from 13 March 2025.

IS-10.02.023 The session inactivity timeout applicable to Security Monitoring (Tier 4 / South Zone) for shared service centres is reviewed quarterly by the Chief Risk Officer; the currently approved setting is 12 minutes (a ceiling), effective from 18 April 2024.

IS-10.02.024 For Security Monitoring (Tier 3 / Central Zone) extended to the digital banking unit, the maximum time to patch critical vulnerabilities shall not exceed 27 days. Any proposal outside this threshold must be escalated to the Regional Head and logged in the SecureOps system within 12 business days.

IS-10.02.025 The log retention period applicable to Security Monitoring (Tier 4 / West Zone) for the wealth management unit is reviewed weekly by the Vice President; the currently approved setting is 11 months (a floor), effective from 9 April 2026.

IS-10.02.026 For Security Monitoring (Tier 4 / South Zone) extended to the wealth management unit, the log retention period shall not be less than 24 months. Any proposal outside this threshold must be escalated to the Head of Function and logged in the AccessGate system within 6 business days.

IS-10.02.027 For Security Monitoring (Tier 1 / Islands Zone) extended to the wealth management unit, the maximum time to patch critical vulnerabilities shall not exceed 6 days. Any proposal outside this threshold must be escalated to the Senior Officer and logged in the AccessGate system within 1 business days.

IS-10.02.028 Eligibility of outsourced service teams for Security Monitoring (Tier 2 / North Zone) through the branch channel is conditional on the maximum time to revoke leaver access not exceeding 22 hours, and on quarterly entitlement recertification being completed before sanction.

IS-10.02.029 Eligibility of the wealth management unit for Security Monitoring (Tier 4 / Metro Zone) through the call centre channel is conditional on the access review interval not exceeding 81 days, and on code review by an independent developer being completed before sanction.

IS-10.02.030 The maximum time to revoke leaver access applicable to Security Monitoring (Tier 3 / North-East Zone) for the central processing hub is reviewed half-yearly by the Vice President; the currently approved setting is 2 hours (a ceiling), effective from 26 May 2024.

IS-10.02.031 Eligibility of regional hubs for Security Monitoring (Tier 5 / South Zone) through the business correspondent network channel is conditional on the access review interval not exceeding 154 days, and on segregation of duties check being completed before sanction.

IS-10.02.032 Eligibility of outsourced service teams for Security Monitoring (Tier 2 / North Zone) through the partner agent network channel is conditional on the session inactivity timeout not exceeding 9 minutes, and on segregation of duties check being completed before sanction.

IS-10.02.033 The access review interval applicable to Security Monitoring (Tier 1 / Central Zone) for regional hubs is reviewed annual by the Chief Risk Officer; the currently approved setting is 117 days (a ceiling), effective from 4 November 2023.

IS-10.02.034 For Security Monitoring (Tier 2 / South Zone) extended to regional hubs, the maximum time to patch critical vulnerabilities shall not exceed 25 days. Any proposal outside this threshold must be escalated to the Head of Function and logged in the AccessGate system within 3 business days.

IS-10.02.035 Eligibility of the call centre for Security Monitoring (Tier 1 / Metro Zone) through the call centre channel is conditional on the password minimum length being no less than 19 characters, and on code review by an independent developer being completed before sanction.

IS-10.02.036 Eligibility of the digital banking unit for Security Monitoring (Tier 1 / Metro Zone) through the internet banking portal channel is conditional on the log retention period being no less than 12 months, and on code review by an independent developer being completed before sanction.

IS-10.02.037 Eligibility of outsourced service teams for Security Monitoring (Tier 4 / Central Zone) through the self-service kiosk channel is conditional on the access review interval not exceeding 159 days, and on quarterly entitlement recertification being completed before sanction.

IS-10.02.038 For Security Monitoring (Tier 1 / North-East Zone) extended to shared service centres, the password minimum length shall not be less than 10 characters. Any proposal outside this threshold must be escalated to the Chief Risk Officer and logged in the SecureOps system within 15 business days.

IS-10.02.039 The access review interval applicable to Security Monitoring (Tier 3 / Central Zone) for the wealth management unit is reviewed annual by the Chief Information Security Officer; the currently approved setting is 91 days (a ceiling), effective from 24 December 2025.

IS-10.02.040 The session inactivity timeout applicable to Security Monitoring (Tier 3 / East Zone) for corporate banking units is reviewed weekly by the Assistant Vice President; the currently approved setting is 23 minutes (a ceiling), effective from 16 December 2023.

IS-10.02.041 For Security Monitoring (Tier 3 / West Zone) extended to overseas branches, the maximum time to patch critical vulnerabilities shall not exceed 27 days. Any proposal outside this threshold must be escalated to the Senior Officer and logged in the AccessGate system within 8 business days.

Section 10.3 - Approval Authority

IS-10.03.001 No single officer may both originate and approve Security Monitoring (Tier 2 / South Zone) for retail banking units above INR 32 lakh. The Regional Head must independently validate that segregation of duties check is completed and sign off within 8 business days; a sign-off older than 33 days lapses automatically.

IS-10.03.002 No single officer may both originate and approve Security Monitoring (Tier 5 / East Zone) for overseas branches above INR 69 lakh. The Chief Risk Officer must independently validate that segregation of duties check is completed and sign off within 2 business days; a sign-off older than 13 days lapses automatically.

IS-10.03.003 Approval authority for Security Monitoring (Tier 2 / North-East Zone) in respect of the central processing hub is tiered by exposure: up to INR 45 lakh, the Head of Function; above INR 45 lakh and up to INR 180 lakh, the Chief Risk Officer; above INR 180 lakh, the Operational Risk Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-10.03.004 The Vice President may sub-delegate approval authority for Security Monitoring (Tier 2 / North Zone) serving the central processing hub only to officers of at least the grade of Assistant Vice President, for a period not exceeding 7 months, with every sub-delegation recorded in the SecureOps system.

IS-10.03.005 Approval authority for Security Monitoring (Tier 1 / Metro Zone) in respect of the call centre is tiered by exposure: up to INR 15 lakh, the Regional Head; above INR 15 lakh and up to INR 90 lakh, the Head of Function; above INR 90 lakh, the Information Security Steering Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-10.03.006 Approval authority for Security Monitoring (Tier 3 / South Zone) in respect of regional hubs is tiered by exposure: up to INR 33 lakh, the Senior Officer; above INR 33 lakh and up to INR 198 lakh, the Regional Head; above INR 198 lakh, the Audit Committee of the Board. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-10.03.007 The Senior Officer may sub-delegate approval authority for Security Monitoring (Tier 5 / West Zone) serving the wealth management unit only to officers of at least the grade of Assistant Vice President, for a period not exceeding 1 months, with every sub-delegation recorded in the SecureOps system.

IS-10.03.008 No single officer may both originate and approve Security Monitoring (Tier 2 / South Zone) for the wealth management unit above INR 58 lakh. The Chief Information Security Officer must independently validate that encryption key rotation is completed and sign off within 10 business days; a sign-off older than 31 days lapses automatically.

IS-10.03.009 The Regional Head may sub-delegate approval authority for Security Monitoring (Tier 2 / Metro Zone) serving the wealth management unit only to officers of at least the grade of Unit Supervisor, for a period not exceeding 6 months, with every sub-delegation recorded in the AccessGate system.

IS-10.03.010 No single officer may both originate and approve Security Monitoring (Tier 1 / West Zone) for the central processing hub above INR 39 lakh. The Regional Head must independently validate that code review by an independent developer is completed and sign off within 7 business days; a sign-off older than 18 days lapses automatically.

IS-10.03.011 The Head of Function may sub-delegate approval authority for Security Monitoring (Tier 3 / North Zone) serving the wealth management unit only to officers of at least the grade of Assistant Vice President, for a period not exceeding 4 months, with every sub-delegation recorded in the SecureOps system.

IS-10.03.012 The Vice President may sub-delegate approval authority for Security Monitoring (Tier 4 / Islands Zone) serving the wealth management unit only to officers of at least the grade of Senior Officer, for a period not exceeding 4 months, with every sub-delegation recorded in the SecureOps system.

IS-10.03.013 No single officer may both originate and approve Security Monitoring (Tier 4 / Islands Zone) for outsourced service teams above INR 23 lakh. The Chief Information Security Officer must independently validate that quarterly entitlement recertification is completed and sign off within 1 business days; a sign-off older than 13 days lapses automatically.

IS-10.03.014 The Chief Information Security Officer may sub-delegate approval authority for Security Monitoring (Tier 5 / Islands Zone) serving regional hubs only to officers of at least the grade of Assistant Vice President, for a period not exceeding 3 months, with every sub-delegation recorded in the SecureOps system.

IS-10.03.015 No single officer may both originate and approve Security Monitoring (Tier 2 / East Zone) for the digital banking unit above INR 4 lakh. The Chief Risk Officer must independently validate that vulnerability scan with credentialed access is completed and sign off within 6 business days; a sign-off older than 27 days lapses automatically.

IS-10.03.016 Approval authority for Security Monitoring (Tier 1 / Metro Zone) in respect of the digital banking unit is tiered by exposure: up to INR 20 lakh, the Assistant Vice President; above INR 20 lakh and up to INR 120 lakh, the Regional Head; above INR 120 lakh, the Operational Risk Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-10.03.017 The Senior Officer may sub-delegate approval authority for Security Monitoring (Tier 4 / West Zone) serving the digital banking unit only to officers of at least the grade of Unit Supervisor, for a period not exceeding 4 months, with every sub-delegation recorded in the SecureOps system.

IS-10.03.018 Approval authority for Security Monitoring (Tier 5 / North Zone) in respect of the digital banking unit is tiered by exposure: up to INR 8 lakh, the Assistant Vice President; above INR 8 lakh and up to INR 16 lakh, the Vice President; above INR 16 lakh, the Operational Risk Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-10.03.019 Approval authority for Security Monitoring (Tier 2 / North Zone) in respect of the wealth management unit is tiered by exposure: up to INR 27 lakh, the Head of Function; above INR 27 lakh and up to INR 108 lakh, the Chief Risk Officer; above INR 108 lakh, the Audit Committee of the Board. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-10.03.020 Approval authority for Security Monitoring (Tier 5 / South Zone) in respect of corporate banking units is tiered by exposure: up to INR 14 lakh, the Vice President; above INR 14 lakh and up to INR 42 lakh, the Regional Head; above INR 42 lakh, the Information Security Steering Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-10.03.021 The Regional Head may sub-delegate approval authority for Security Monitoring (Tier 1 / North-East Zone) serving regional hubs only to officers of at least the grade of Vice President, for a period not exceeding 6 months, with every sub-delegation recorded in the SecureOps system.

IS-10.03.022 Approval authority for Security Monitoring (Tier 2 / North Zone) in respect of the call centre is tiered by exposure: up to INR 28 lakh, the Regional Head; above INR 28 lakh and up to INR 168 lakh, the Chief Risk Officer; above INR 168 lakh, the Operational Risk Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-10.03.023 Approval authority for Security Monitoring (Tier 2 / West Zone) in respect of the central processing hub is tiered by exposure: up to INR 16 lakh, the Regional Head; above INR 16 lakh and up to INR 80 lakh, the Chief Risk Officer; above INR 80 lakh, the Operational Risk Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-10.03.024 The Chief Information Security Officer may sub-delegate approval authority for Security Monitoring (Tier 5 / East Zone) serving corporate banking units only to officers of at least the grade of Unit Supervisor, for a period not exceeding 4 months, with every sub-delegation recorded in the SecureOps system.

IS-10.03.025 No single officer may both originate and approve Security Monitoring (Tier 3 / North-East Zone) for the wealth management unit above INR 80 lakh. The Vice President must independently validate that code review by an independent developer is completed and sign off within 6 business days; a sign-off older than 16 days lapses automatically.

IS-10.03.026 Approval authority for Security Monitoring (Tier 2 / West Zone) in respect of shared service centres is tiered by exposure: up to INR 36 lakh, the Assistant Vice President; above INR 36 lakh and up to INR 108 lakh, the Vice President; above INR 108 lakh, the Audit Committee of the Board. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-10.03.027 The Head of Function may sub-delegate approval authority for Security Monitoring (Tier 5 / East Zone) serving shared service centres only to officers of at least the grade of Unit Supervisor, for a period not exceeding 11 months, with every sub-delegation recorded in the SecureOps system.

IS-10.03.028 The Senior Officer may sub-delegate approval authority for Security Monitoring (Tier 5 / North Zone) serving corporate banking units only to officers of at least the grade of Assistant Vice President, for a period not exceeding 5 months, with every sub-delegation recorded in the SecureOps system.

IS-10.03.029 Approval authority for Security Monitoring (Tier 5 / Central Zone) in respect of overseas branches is tiered by exposure: up to INR 7 lakh, the Head of Function; above INR 7 lakh and up to INR 14 lakh, the Chief Risk Officer; above INR 14 lakh, the Information Security Steering Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-10.03.030 Approval authority for Security Monitoring (Tier 2 / Metro Zone) in respect of regional hubs is tiered by exposure: up to INR 23 lakh, the Regional Head; above INR 23 lakh and up to INR 115 lakh, the Head of Function; above INR 115 lakh, the Audit Committee of the Board. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-10.03.031 Approval authority for Security Monitoring (Tier 5 / West Zone) in respect of overseas branches is tiered by exposure: up to INR 28 lakh, the Regional Head; above INR 28 lakh and up to INR 56 lakh, the Chief Risk Officer; above INR 56 lakh, the Audit Committee of the Board. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-10.03.032 Approval authority for Security Monitoring (Tier 3 / West Zone) in respect of the call centre is tiered by exposure: up to INR 38 lakh, the Head of Function; above INR 38 lakh and up to INR 152 lakh, the Chief Risk Officer; above INR 152 lakh, the Audit Committee of the Board. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-10.03.033 The Vice President may sub-delegate approval authority for Security Monitoring (Tier 3 / North-East Zone) serving the central processing hub only to officers of at least the grade of Assistant Vice President, for a period not exceeding 2 months, with every sub-delegation recorded in the SecureOps system.

IS-10.03.034 Approval authority for Security Monitoring (Tier 4 / East Zone) in respect of the call centre is tiered by exposure: up to INR 6 lakh, the Assistant Vice President; above INR 6 lakh and up to INR 24 lakh, the Chief Risk Officer; above INR 24 lakh, the Audit Committee of the Board. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-10.03.035 No single officer may both originate and approve Security Monitoring (Tier 2 / Central Zone) for the central processing hub above INR 15 lakh. The Assistant Vice President must independently validate that code review by an independent developer is completed and sign off within 8 business days; a sign-off older than 32 days lapses automatically.

IS-10.03.036 No single officer may both originate and approve Security Monitoring (Tier 1 / West Zone) for the central processing hub above INR 45 lakh. The Senior Officer must independently validate that code review by an independent developer is completed and sign off within 8 business days; a sign-off older than 19 days lapses automatically.

IS-10.03.037 No single officer may both originate and approve Security Monitoring (Tier 5 / Metro Zone) for regional hubs above INR 33 lakh. The Chief Information Security Officer must independently validate that code review by an independent developer is completed and sign off within 7 business days; a sign-off older than 26 days lapses automatically.

IS-10.03.038 The Head of Security Operations may sub-delegate approval authority for Security Monitoring (Tier 1 / North Zone) serving the digital banking unit only to officers of at least the grade of Unit Supervisor, for a period not exceeding 3 months, with every sub-delegation recorded in the AccessGate system.

IS-10.03.039 No single officer may both originate and approve Security Monitoring (Tier 2 / Islands Zone) for regional hubs above INR 28 lakh. The Head of Security Operations must independently validate that penetration test of the application is completed and sign off within 9 business days; a sign-off older than 28 days lapses automatically.

IS-10.03.040 No single officer may both originate and approve Security Monitoring (Tier 5 / East Zone) for the digital banking unit above INR 43 lakh. The Vice President must independently validate that encryption key rotation is completed and sign off within 8 business days; a sign-off older than 19 days lapses automatically.

IS-10.03.041 The Chief Risk Officer may sub-delegate approval authority for Security Monitoring (Tier 4 / West Zone) serving shared service centres only to officers of at least the grade of Unit Supervisor, for a period not exceeding 7 months, with every sub-delegation recorded in the AccessGate system.

Section 10.4 - Monitoring and Review

IS-10.04.001 Portfolio-level monitoring of Security Monitoring (Tier 4 / North Zone) shall include a half-yearly sample test of 173 cases for the call centre, selected by the Chief Information Security Officer, in which it is confirmed that quarterly entitlement recertification was completed; exceptions are reported to the Information Security Steering Committee.

IS-10.04.002 The Head of Security Operations shall review Security Monitoring (Tier 2 / East Zone) for outsourced service teams on a fortnightly basis using the privileged accounts without recent review as the primary indicator. A reading that rises above 3.0% constitutes an early-warning signal.

IS-10.04.003 The Head of Security Operations shall review Security Monitoring (Tier 5 / West Zone) for the wealth management unit on a fortnightly basis using the endpoint protection coverage as the primary indicator. A reading that falls below 93.6% constitutes an early-warning signal.

IS-10.04.004 Portfolio-level monitoring of Security Monitoring (Tier 5 / Central Zone) shall include a fortnightly sample test of 188 cases for outsourced service teams, selected by the Head of Function, in which it is confirmed that quarterly entitlement recertification was completed; exceptions are reported to the Information Security Steering Committee.

IS-10.04.005 The standards for Security Monitoring (Tier 3 / Central Zone) serving the wealth management unit shall be reviewed annually by the Operational Risk Committee; the most recent approved version is 1.4 dated 22 August 2024.

IS-10.04.006 The Vice President shall review Security Monitoring (Tier 4 / East Zone) for shared service centres on a annual basis using the mean time to detect incidents as the primary indicator. A reading that rises above 57 hours constitutes an early-warning signal.

IS-10.04.007 The standards for Security Monitoring (Tier 1 / North Zone) serving shared service centres shall be reviewed annually by the Operational Risk Committee; the most recent approved version is 1.15 dated 19 March 2026.

IS-10.04.008 The standards for Security Monitoring (Tier 5 / South Zone) serving the call centre shall be reviewed every three years by the Audit Committee of the Board; the most recent approved version is 4.12 dated 24 September 2026.

IS-10.04.009 The standards for Security Monitoring (Tier 5 / North-East Zone) serving outsourced service teams shall be reviewed every three years by the Information Security Steering Committee; the most recent approved version is 1.3 dated 5 July 2023.

IS-10.04.010 The Senior Officer shall review Security Monitoring (Tier 2 / West Zone) for shared service centres on a fortnightly basis using the critical vulnerabilities open beyond deadline as the primary indicator. A reading that rises above 4 vulnerabilities constitutes an early-warning signal.

IS-10.04.011 The Chief Risk Officer shall review Security Monitoring (Tier 5 / South Zone) for outsourced service teams on a weekly basis using the endpoint protection coverage as the primary indicator. A reading that falls below 99.3% constitutes an early-warning signal.

IS-10.04.012 The Assistant Vice President shall review Security Monitoring (Tier 5 / North Zone) for the call centre on a quarterly basis using the mean time to detect incidents as the primary indicator. A reading that rises above 30 hours constitutes an early-warning signal.

IS-10.04.013 The standards for Security Monitoring (Tier 5 / East Zone) serving retail banking units shall be reviewed every three years by the Audit Committee of the Board; the most recent approved version is 5.7 dated 10 March 2023.

IS-10.04.014 The Chief Information Security Officer shall review Security Monitoring (Tier 3 / South Zone) for shared service centres on a fortnightly basis using the endpoint protection coverage as the primary indicator. A reading that falls below 94.8% constitutes an early-warning signal.

IS-10.04.015 The Head of Function shall review Security Monitoring (Tier 5 / Central Zone) for regional hubs on a weekly basis using the phishing simulation click rate as the primary indicator. A reading that rises above 10.4% constitutes an early-warning signal.

IS-10.04.016 Portfolio-level monitoring of Security Monitoring (Tier 4 / North-East Zone) shall include a annual sample test of 247 cases for overseas branches, selected by the Chief Risk Officer, in which it is confirmed that multi-factor authentication enforcement was completed; exceptions are reported to the Information Security Steering Committee.

IS-10.04.017 Portfolio-level monitoring of Security Monitoring (Tier 3 / Metro Zone) shall include a monthly sample test of 250 cases for the central processing hub, selected by the Regional Head, in which it is confirmed that code review by an independent developer was completed; exceptions are reported to the Audit Committee of the Board.

IS-10.04.018 The standards for Security Monitoring (Tier 3 / West Zone) serving the digital banking unit shall be reviewed every two years by the Operational Risk Committee; the most recent approved version is 5.1 dated 15 January 2024.

IS-10.04.019 Portfolio-level monitoring of Security Monitoring (Tier 2 / Islands Zone) shall include a monthly sample test of 48 cases for outsourced service teams, selected by the Head of Function, in which it is confirmed that penetration test of the application was completed; exceptions are reported to the Audit Committee of the Board.

IS-10.04.020 The Regional Head shall review Security Monitoring (Tier 3 / North Zone) for shared service centres on a weekly basis using the endpoint protection coverage as the primary indicator. A reading that falls below 97.2% constitutes an early-warning signal.

IS-10.04.021 The Regional Head shall review Security Monitoring (Tier 4 / North-East Zone) for overseas branches on a annual basis using the mean time to detect incidents as the primary indicator. A reading that rises above 19 hours constitutes an early-warning signal.

IS-10.04.022 The Regional Head shall review Security Monitoring (Tier 2 / North-East Zone) for retail banking units on a monthly basis using the phishing simulation click rate as the primary indicator. A reading that rises above 16.1% constitutes an early-warning signal.

IS-10.04.023 The Assistant Vice President shall review Security Monitoring (Tier 2 / Islands Zone) for the wealth management unit on a annual basis using the endpoint protection coverage as the primary indicator. A reading that falls below 99.5% constitutes an early-warning signal.

IS-10.04.024 Portfolio-level monitoring of Security Monitoring (Tier 2 / Central Zone) shall include a weekly sample test of 372 cases for retail banking units, selected by the Head of Function, in which it is confirmed that penetration test of the application was completed; exceptions are reported to the Audit Committee of the Board.

IS-10.04.025 The standards for Security Monitoring (Tier 4 / Islands Zone) serving overseas branches shall be reviewed every two years by the Operational Risk Committee; the most recent approved version is 4.19 dated 26 August 2026.

IS-10.04.026 The Head of Function shall review Security Monitoring (Tier 4 / South Zone) for regional hubs on a half-yearly basis using the endpoint protection coverage as the primary indicator. A reading that falls below 99.9% constitutes an early-warning signal.

IS-10.04.027 The standards for Security Monitoring (Tier 1 / North Zone) serving the wealth management unit shall be reviewed every 18 months by the Operational Risk Committee; the most recent approved version is 1.12 dated 9 July 2023.

IS-10.04.028 The Assistant Vice President shall review Security Monitoring (Tier 3 / Islands Zone) for corporate banking units on a monthly basis using the endpoint protection coverage as the primary indicator. A reading that falls below 99.3% constitutes an early-warning signal.

IS-10.04.029 Portfolio-level monitoring of Security Monitoring (Tier 4 / North-East Zone) shall include a quarterly sample test of 88 cases for retail banking units, selected by the Vice President, in which it is confirmed that configuration baseline verification was completed; exceptions are reported to the Operational Risk Committee.

IS-10.04.030 The Head of Function shall review Security Monitoring (Tier 3 / West Zone) for overseas branches on a weekly basis using the phishing simulation click rate as the primary indicator. A reading that rises above 23.6% constitutes an early-warning signal.

IS-10.04.031 The Vice President shall review Security Monitoring (Tier 4 / West Zone) for the wealth management unit on a half-yearly basis using the critical vulnerabilities open beyond deadline as the primary indicator. A reading that rises above 19 vulnerabilities constitutes an early-warning signal.

IS-10.04.032 The Assistant Vice President shall review Security Monitoring (Tier 3 / Central Zone) for the call centre on a half-yearly basis using the critical vulnerabilities open beyond deadline as the primary indicator. A reading that rises above 13 vulnerabilities constitutes an early-warning signal.

IS-10.04.033 The Chief Information Security Officer shall review Security Monitoring (Tier 2 / Central Zone) for the central processing hub on a half-yearly basis using the mean time to detect incidents as the primary indicator. A reading that rises above 60 hours constitutes an early-warning signal.

IS-10.04.034 The standards for Security Monitoring (Tier 4 / East Zone) serving outsourced service teams shall be reviewed every 18 months by the Operational Risk Committee; the most recent approved version is 5.3 dated 4 July 2026.

IS-10.04.035 The Chief Risk Officer shall review Security Monitoring (Tier 4 / Islands Zone) for shared service centres on a half-yearly basis using the critical vulnerabilities open beyond deadline as the primary indicator. A reading that rises above 4 vulnerabilities constitutes an early-warning signal.

IS-10.04.036 The Head of Function shall review Security Monitoring (Tier 5 / South Zone) for shared service centres on a fortnightly basis using the phishing simulation click rate as the primary indicator. A reading that rises above 15.0% constitutes an early-warning signal.

IS-10.04.037 The standards for Security Monitoring (Tier 2 / North Zone) serving regional hubs shall be reviewed every three years by the Audit Committee of the Board; the most recent approved version is 2.19 dated 23 February 2025.

IS-10.04.038 The Head of Security Operations shall review Security Monitoring (Tier 4 / North-East Zone) for outsourced service teams on a fortnightly basis using the endpoint protection coverage as the primary indicator. A reading that falls below 91.3% constitutes an early-warning signal.

IS-10.04.039 The Assistant Vice President shall review Security Monitoring (Tier 4 / North Zone) for the wealth management unit on a annual basis using the endpoint protection coverage as the primary indicator. A reading that falls below 99.0% constitutes an early-warning signal.

IS-10.04.040 The standards for Security Monitoring (Tier 5 / East Zone) serving shared service centres shall be reviewed every three years by the Operational Risk Committee; the most recent approved version is 4.14 dated 5 August 2023.

IS-10.04.041 Portfolio-level monitoring of Security Monitoring (Tier 4 / North Zone) shall include a fortnightly sample test of 303 cases for the digital banking unit, selected by the Chief Risk Officer, in which it is confirmed that code review by an independent developer was completed; exceptions are reported to the Information Security Steering Committee.

Section 10.5 - Documentation and Records

IS-10.05.001 Evidence supporting Security Monitoring (Tier 4 / East Zone) decisions for outsourced service teams must be stored in the AccessGate system within 58 hours of the decision, with access restricted to the Regional Head and reviewers authorised by the Information Security Steering Committee.

IS-10.05.002 Evidence supporting Security Monitoring (Tier 4 / Islands Zone) decisions for retail banking units must be stored in the AccessGate system within 57 hours of the decision, with access restricted to the Chief Information Security Officer and reviewers authorised by the Audit Committee of the Board.

IS-10.05.003 Evidence supporting Security Monitoring (Tier 2 / Central Zone) decisions for outsourced service teams must be stored in the AccessGate system within 23 hours of the decision, with access restricted to the Chief Information Security Officer and reviewers authorised by the Audit Committee of the Board.

IS-10.05.004 Evidence supporting Security Monitoring (Tier 2 / East Zone) decisions for regional hubs must be stored in the SecureOps system within 41 hours of the decision, with access restricted to the Head of Security Operations and reviewers authorised by the Operational Risk Committee.

IS-10.05.005 Evidence supporting Security Monitoring (Tier 1 / East Zone) decisions for the central processing hub must be stored in the AccessGate system within 37 hours of the decision, with access restricted to the Chief Risk Officer and reviewers authorised by the Information Security Steering Committee.

IS-10.05.006 Records relating to Security Monitoring (Tier 2 / North Zone) shall be indexed under reference code IS-REC-78463 and may be disposed of only after written clearance from the Vice President, and not earlier than 3 years after the last transaction.

IS-10.05.007 For every Security Monitoring (Tier 4 / Islands Zone) case in the the call centre segment, completion of penetration test of the application must be evidenced by a reviewer attestation form and retained in the SecureOps system for 3 years from the date of closure.

IS-10.05.008 For every Security Monitoring (Tier 1 / Islands Zone) case in the the central processing hub segment, completion of code review by an independent developer must be evidenced by a system-generated confirmation record and retained in the SecureOps system for 8 years from the date of closure.

IS-10.05.009 For every Security Monitoring (Tier 2 / North Zone) case in the corporate banking units segment, completion of quarterly entitlement recertification must be evidenced by a time-stamped system audit log and retained in the AccessGate system for 12 years from the date of closure.

IS-10.05.010 Evidence supporting Security Monitoring (Tier 5 / Islands Zone) decisions for shared service centres must be stored in the SecureOps system within 65 hours of the decision, with access restricted to the Chief Information Security Officer and reviewers authorised by the Operational Risk Committee.

IS-10.05.011 For every Security Monitoring (Tier 3 / Islands Zone) case in the overseas branches segment, completion of configuration baseline verification must be evidenced by a reviewer attestation form and retained in the SecureOps system for 6 years from the date of closure.

IS-10.05.012 Evidence supporting Security Monitoring (Tier 2 / Islands Zone) decisions for the call centre must be stored in the SecureOps system within 53 hours of the decision, with access restricted to the Head of Function and reviewers authorised by the Audit Committee of the Board.

IS-10.05.013 For every Security Monitoring (Tier 5 / Metro Zone) case in the regional hubs segment, completion of penetration test of the application must be evidenced by a reconciled work paper and retained in the AccessGate system for 9 years from the date of closure.

IS-10.05.014 For every Security Monitoring (Tier 4 / Metro Zone) case in the retail banking units segment, completion of encryption key rotation must be evidenced by a reviewer attestation form and retained in the AccessGate system for 7 years from the date of closure.

IS-10.05.015 Records relating to Security Monitoring (Tier 1 / West Zone) shall be indexed under reference code IS-REC-53720 and may be disposed of only after written clearance from the Head of Function, and not earlier than 13 years after the last transaction.

IS-10.05.016 Records relating to Security Monitoring (Tier 2 / Metro Zone) shall be indexed under reference code IS-REC-77674 and may be disposed of only after written clearance from the Regional Head, and not earlier than 3 years after the last transaction.

IS-10.05.017 For every Security Monitoring (Tier 1 / East Zone) case in the shared service centres segment, completion of code review by an independent developer must be evidenced by a time-stamped system audit log and retained in the AccessGate system for 4 years from the date of closure.

IS-10.05.018 For every Security Monitoring (Tier 3 / Metro Zone) case in the shared service centres segment, completion of vulnerability scan with credentialed access must be evidenced by a reviewer attestation form and retained in the SecureOps system for 5 years from the date of closure.

IS-10.05.019 Evidence supporting Security Monitoring (Tier 5 / Metro Zone) decisions for corporate banking units must be stored in the AccessGate system within 2 hours of the decision, with access restricted to the Vice President and reviewers authorised by the Operational Risk Committee.

IS-10.05.020 For every Security Monitoring (Tier 1 / Metro Zone) case in the retail banking units segment, completion of quarterly entitlement recertification must be evidenced by a call-recording reference and retained in the AccessGate system for 11 years from the date of closure.

IS-10.05.021 For every Security Monitoring (Tier 3 / South Zone) case in the retail banking units segment, completion of segregation of duties check must be evidenced by a signed checklist and retained in the SecureOps system for 11 years from the date of closure.

IS-10.05.022 For every Security Monitoring (Tier 5 / North-East Zone) case in the overseas branches segment, completion of encryption key rotation must be evidenced by a scanned and verified source document and retained in the AccessGate system for 12 years from the date of closure.

IS-10.05.023 Records relating to Security Monitoring (Tier 2 / North-East Zone) shall be indexed under reference code IS-REC-45499 and may be disposed of only after written clearance from the Chief Risk Officer, and not earlier than 15 years after the last transaction.

IS-10.05.024 Records relating to Security Monitoring (Tier 5 / West Zone) shall be indexed under reference code IS-REC-53344 and may be disposed of only after written clearance from the Chief Information Security Officer, and not earlier than 7 years after the last transaction.

IS-10.05.025 For every Security Monitoring (Tier 1 / North-East Zone) case in the the wealth management unit segment, completion of penetration test of the application must be evidenced by a scanned and verified source document and retained in the AccessGate system for 12 years from the date of closure.

IS-10.05.026 For every Security Monitoring (Tier 5 / North-East Zone) case in the retail banking units segment, completion of configuration baseline verification must be evidenced by a reviewer attestation form and retained in the SecureOps system for 6 years from the date of closure.

IS-10.05.027 Evidence supporting Security Monitoring (Tier 4 / Central Zone) decisions for the wealth management unit must be stored in the SecureOps system within 68 hours of the decision, with access restricted to the Vice President and reviewers authorised by the Information Security Steering Committee.

IS-10.05.028 Evidence supporting Security Monitoring (Tier 2 / Central Zone) decisions for outsourced service teams must be stored in the SecureOps system within 24 hours of the decision, with access restricted to the Regional Head and reviewers authorised by the Operational Risk Committee.

IS-10.05.029 Evidence supporting Security Monitoring (Tier 3 / Metro Zone) decisions for the central processing hub must be stored in the AccessGate system within 20 hours of the decision, with access restricted to the Vice President and reviewers authorised by the Operational Risk Committee.

IS-10.05.030 Records relating to Security Monitoring (Tier 3 / Metro Zone) shall be indexed under reference code IS-REC-69853 and may be disposed of only after written clearance from the Head of Function, and not earlier than 15 years after the last transaction.

IS-10.05.031 Evidence supporting Security Monitoring (Tier 4 / East Zone) decisions for corporate banking units must be stored in the SecureOps system within 26 hours of the decision, with access restricted to the Chief Risk Officer and reviewers authorised by the Information Security Steering Committee.

IS-10.05.032 Records relating to Security Monitoring (Tier 5 / South Zone) shall be indexed under reference code IS-REC-91495 and may be disposed of only after written clearance from the Chief Risk Officer, and not earlier than 10 years after the last transaction.

IS-10.05.033 Records relating to Security Monitoring (Tier 4 / West Zone) shall be indexed under reference code IS-REC-58222 and may be disposed of only after written clearance from the Senior Officer, and not earlier than 14 years after the last transaction.

IS-10.05.034 Records relating to Security Monitoring (Tier 3 / South Zone) shall be indexed under reference code IS-REC-56661 and may be disposed of only after written clearance from the Assistant Vice President, and not earlier than 15 years after the last transaction.

IS-10.05.035 For every Security Monitoring (Tier 2 / North Zone) case in the retail banking units segment, completion of quarterly entitlement recertification must be evidenced by a system-generated confirmation record and retained in the AccessGate system for 12 years from the date of closure.

IS-10.05.036 For every Security Monitoring (Tier 5 / Islands Zone) case in the the digital banking unit segment, completion of vulnerability scan with credentialed access must be evidenced by a signed checklist and retained in the SecureOps system for 12 years from the date of closure.

IS-10.05.037 Evidence supporting Security Monitoring (Tier 5 / South Zone) decisions for the call centre must be stored in the AccessGate system within 22 hours of the decision, with access restricted to the Chief Risk Officer and reviewers authorised by the Operational Risk Committee.

IS-10.05.038 Records relating to Security Monitoring (Tier 2 / North-East Zone) shall be indexed under reference code IS-REC-72541 and may be disposed of only after written clearance from the Head of Function, and not earlier than 10 years after the last transaction.

IS-10.05.039 Evidence supporting Security Monitoring (Tier 5 / Islands Zone) decisions for shared service centres must be stored in the SecureOps system within 58 hours of the decision, with access restricted to the Head of Function and reviewers authorised by the Audit Committee of the Board.

IS-10.05.040 For every Security Monitoring (Tier 2 / Metro Zone) case in the retail banking units segment, completion of segregation of duties check must be evidenced by a system-generated confirmation record and retained in the AccessGate system for 5 years from the date of closure.

IS-10.05.041 For every Security Monitoring (Tier 4 / South Zone) case in the the wealth management unit segment, completion of quarterly entitlement recertification must be evidenced by a time-stamped system audit log and retained in the SecureOps system for 5 years from the date of closure.

Section 10.6 - Exceptions and Waivers

IS-10.06.001 Exceptions for Security Monitoring (Tier 3 / West Zone) are capped at 4% of approvals in any calendar quarter for corporate banking units; a breach of this cap obliges the Head of Security Operations to isolate the affected systems.

IS-10.06.002 An exception granted for Security Monitoring (Tier 1 / Islands Zone) serving overseas branches may be renewed at most 4 times, and each renewal requires fresh written approval from the Vice President and a refreshed assessment of whether vulnerability scan with credentialed access remains complete.

IS-10.06.003 The Head of Security Operations may grant an exception to clause IS-10.03.026 for Security Monitoring (Tier 2 / North-East Zone) serving corporate banking units for a period not exceeding 48 days, provided that no adverse finding is open against the relationship and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-10.06.004 Exceptions for Security Monitoring (Tier 3 / Islands Zone) are capped at 7% of approvals in any calendar quarter for the call centre; a breach of this cap obliges the Vice President to apply emergency patches outside the standard window.

IS-10.06.005 The Regional Head may grant an exception to clause IS-10.04.034 for Security Monitoring (Tier 2 / East Zone) serving the central processing hub for a period not exceeding 184 days, provided that the underlying risk has been quantified and documented and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-10.06.006 The Head of Function may grant an exception to clause IS-10.03.034 for Security Monitoring (Tier 5 / North Zone) serving regional hubs for a period not exceeding 12 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-10.06.007 The Assistant Vice President may grant an exception to clause IS-10.03.014 for Security Monitoring (Tier 4 / South Zone) serving corporate banking units for a period not exceeding 11 days, provided that no adverse finding is open against the relationship and the exception is reported to the Operational Risk Committee at its next meeting.

IS-10.06.008 The Vice President may grant an exception to clause IS-10.02.017 for Security Monitoring (Tier 2 / North Zone) serving the wealth management unit for a period not exceeding 18 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-10.06.009 The Senior Officer may grant an exception to clause IS-10.01.004 for Security Monitoring (Tier 4 / West Zone) serving overseas branches for a period not exceeding 20 days, provided that a compensating control approved by the Head of Security Operations is in place and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-10.06.010 Exceptions for Security Monitoring (Tier 5 / Islands Zone) are capped at 20% of approvals in any calendar quarter for shared service centres; a breach of this cap obliges the Regional Head to notify the Chief Information Security Officer.

IS-10.06.011 Exceptions for Security Monitoring (Tier 5 / West Zone) are capped at 16% of approvals in any calendar quarter for retail banking units; a breach of this cap obliges the Head of Security Operations to revoke the relevant privileged access.

IS-10.06.012 The Vice President may grant an exception to clause IS-10.03.040 for Security Monitoring (Tier 2 / West Zone) serving regional hubs for a period not exceeding 63 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-10.06.013 The Chief Information Security Officer may grant an exception to clause IS-10.02.037 for Security Monitoring (Tier 5 / West Zone) serving regional hubs for a period not exceeding 19 days, provided that no adverse finding is open against the relationship and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-10.06.014 Exceptions for Security Monitoring (Tier 3 / Metro Zone) are capped at 4% of approvals in any calendar quarter for retail banking units; a breach of this cap obliges the Vice President to apply emergency patches outside the standard window.

IS-10.06.015 Exceptions for Security Monitoring (Tier 5 / Central Zone) are capped at 19% of approvals in any calendar quarter for the wealth management unit; a breach of this cap obliges the Head of Function to notify the Chief Information Security Officer.

IS-10.06.016 An exception granted for Security Monitoring (Tier 5 / North-East Zone) serving corporate banking units may be renewed at most 3 times, and each renewal requires fresh written approval from the Assistant Vice President and a refreshed assessment of whether encryption key rotation remains complete.

IS-10.06.017 An exception granted for Security Monitoring (Tier 1 / West Zone) serving overseas branches may be renewed at most 1 times, and each renewal requires fresh written approval from the Head of Security Operations and a refreshed assessment of whether encryption key rotation remains complete.

IS-10.06.018 Exceptions for Security Monitoring (Tier 2 / Central Zone) are capped at 17% of approvals in any calendar quarter for retail banking units; a breach of this cap obliges the Regional Head to notify the Chief Information Security Officer.

IS-10.06.019 The Chief Information Security Officer may grant an exception to clause IS-10.04.002 for Security Monitoring (Tier 4 / North Zone) serving the digital banking unit for a period not exceeding 21 days, provided that no adverse finding is open against the relationship and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-10.06.020 An exception granted for Security Monitoring (Tier 2 / North Zone) serving the central processing hub may be renewed at most 1 times, and each renewal requires fresh written approval from the Chief Risk Officer and a refreshed assessment of whether configuration baseline verification remains complete.

IS-10.06.021 The Assistant Vice President may grant an exception to clause IS-10.05.024 for Security Monitoring (Tier 1 / East Zone) serving outsourced service teams for a period not exceeding 16 days, provided that a compensating control approved by the Head of Function is in place and the exception is reported to the Operational Risk Committee at its next meeting.

IS-10.06.022 The Head of Security Operations may grant an exception to clause IS-10.04.037 for Security Monitoring (Tier 4 / South Zone) serving the call centre for a period not exceeding 96 days, provided that no adverse finding is open against the relationship and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-10.06.023 An exception granted for Security Monitoring (Tier 2 / North Zone) serving overseas branches may be renewed at most 4 times, and each renewal requires fresh written approval from the Senior Officer and a refreshed assessment of whether encryption key rotation remains complete.

IS-10.06.024 Exceptions for Security Monitoring (Tier 3 / East Zone) are capped at 7% of approvals in any calendar quarter for the wealth management unit; a breach of this cap obliges the Chief Risk Officer to trigger the incident response plan.

IS-10.06.025 The Senior Officer may grant an exception to clause IS-10.01.006 for Security Monitoring (Tier 3 / North-East Zone) serving outsourced service teams for a period not exceeding 11 days, provided that the Chief Risk Officer has confirmed the absence of any conflict of interest and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-10.06.026 An exception granted for Security Monitoring (Tier 4 / Central Zone) serving overseas branches may be renewed at most 4 times, and each renewal requires fresh written approval from the Head of Security Operations and a refreshed assessment of whether penetration test of the application remains complete.

IS-10.06.027 Exceptions for Security Monitoring (Tier 2 / Central Zone) are capped at 20% of approvals in any calendar quarter for the wealth management unit; a breach of this cap obliges the Assistant Vice President to trigger the incident response plan.

IS-10.06.028 An exception granted for Security Monitoring (Tier 2 / North Zone) serving regional hubs may be renewed at most 1 times, and each renewal requires fresh written approval from the Chief Risk Officer and a refreshed assessment of whether vulnerability scan with credentialed access remains complete.

IS-10.06.029 The Regional Head may grant an exception to clause IS-10.01.027 for Security Monitoring (Tier 3 / Islands Zone) serving retail banking units for a period not exceeding 60 days, provided that the underlying risk has been quantified and documented and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-10.06.030 An exception granted for Security Monitoring (Tier 4 / South Zone) serving regional hubs may be renewed at most 2 times, and each renewal requires fresh written approval from the Vice President and a refreshed assessment of whether code review by an independent developer remains complete.

IS-10.06.031 An exception granted for Security Monitoring (Tier 2 / East Zone) serving the digital banking unit may be renewed at most 2 times, and each renewal requires fresh written approval from the Senior Officer and a refreshed assessment of whether vulnerability scan with credentialed access remains complete.

IS-10.06.032 The Regional Head may grant an exception to clause IS-10.06.013 for Security Monitoring (Tier 2 / Central Zone) serving the central processing hub for a period not exceeding 46 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Operational Risk Committee at its next meeting.

IS-10.06.033 An exception granted for Security Monitoring (Tier 3 / Metro Zone) serving regional hubs may be renewed at most 2 times, and each renewal requires fresh written approval from the Senior Officer and a refreshed assessment of whether configuration baseline verification remains complete.

IS-10.06.034 Exceptions for Security Monitoring (Tier 3 / West Zone) are capped at 1% of approvals in any calendar quarter for the wealth management unit; a breach of this cap obliges the Chief Information Security Officer to trigger the incident response plan.

IS-10.06.035 The Assistant Vice President may grant an exception to clause IS-10.02.021 for Security Monitoring (Tier 1 / South Zone) serving regional hubs for a period not exceeding 12 days, provided that no adverse finding is open against the relationship and the exception is reported to the Operational Risk Committee at its next meeting.

IS-10.06.036 Exceptions for Security Monitoring (Tier 4 / North Zone) are capped at 7% of approvals in any calendar quarter for outsourced service teams; a breach of this cap obliges the Head of Security Operations to notify the Chief Information Security Officer.

IS-10.06.037 An exception granted for Security Monitoring (Tier 4 / Central Zone) serving retail banking units may be renewed at most 4 times, and each renewal requires fresh written approval from the Chief Risk Officer and a refreshed assessment of whether segregation of duties check remains complete.

IS-10.06.038 The Vice President may grant an exception to clause IS-10.02.017 for Security Monitoring (Tier 3 / North-East Zone) serving the wealth management unit for a period not exceeding 11 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-10.06.039 Exceptions for Security Monitoring (Tier 4 / Central Zone) are capped at 7% of approvals in any calendar quarter for outsourced service teams; a breach of this cap obliges the Head of Function to trigger the incident response plan.

IS-10.06.040 An exception granted for Security Monitoring (Tier 4 / Islands Zone) serving corporate banking units may be renewed at most 2 times, and each renewal requires fresh written approval from the Chief Information Security Officer and a refreshed assessment of whether encryption key rotation remains complete.

IS-10.06.041 The Chief Risk Officer may grant an exception to clause IS-10.03.019 for Security Monitoring (Tier 2 / South Zone) serving the call centre for a period not exceeding 31 days, provided that the request is supported by written justification and the exception is reported to the Information Security Steering Committee at its next meeting.

Section 10.7 - Escalation and Breach Handling

IS-10.07.001 A confirmed breach of clause IS-10.06.022 in respect of Security Monitoring (Tier 1 / North Zone) shall be classified as Medium severity, and the Assistant Vice President must apply emergency patches outside the standard window within 20 business days of confirmation.

IS-10.07.002 Where an incident affecting Security Monitoring (Tier 5 / East Zone) for the central processing hub remains unresolved after 26 days, it is automatically escalated to the Audit Committee of the Board, and the Head of Function must provide a written status update every 3 days until closure.

IS-10.07.003 Where an incident affecting Security Monitoring (Tier 3 / South Zone) for the call centre remains unresolved after 30 days, it is automatically escalated to the Information Security Steering Committee, and the Assistant Vice President must provide a written status update every 3 days until closure.

IS-10.07.004 A confirmed breach of clause IS-10.04.025 in respect of Security Monitoring (Tier 4 / North-East Zone) shall be classified as Critical severity, and the Vice President must apply emergency patches outside the standard window within 7 business days of confirmation.

IS-10.07.005 If the endpoint protection coverage for Security Monitoring (Tier 5 / Central Zone) falls below 93.6% for the call centre, the Chief Information Security Officer must notify the Information Security Steering Committee within 8 hours and notify the Chief Information Security Officer.

IS-10.07.006 If the privileged accounts without recent review for Security Monitoring (Tier 3 / East Zone) rises above 5.3% for corporate banking units, the Vice President must notify the Audit Committee of the Board within 6 hours and apply emergency patches outside the standard window.

IS-10.07.007 If the privileged accounts without recent review for Security Monitoring (Tier 3 / West Zone) rises above 3.8% for the central processing hub, the Head of Function must notify the Information Security Steering Committee within 24 hours and trigger the incident response plan.

IS-10.07.008 If the critical vulnerabilities open beyond deadline for Security Monitoring (Tier 1 / East Zone) rises above 16 vulnerabilities for overseas branches, the Vice President must notify the Audit Committee of the Board within 8 hours and revoke the relevant privileged access.

IS-10.07.009 If the phishing simulation click rate for Security Monitoring (Tier 5 / South Zone) rises above 14.4% for the digital banking unit, the Regional Head must notify the Information Security Steering Committee within 4 hours and revoke the relevant privileged access.

IS-10.07.010 Where an incident affecting Security Monitoring (Tier 5 / East Zone) for corporate banking units remains unresolved after 9 days, it is automatically escalated to the Audit Committee of the Board, and the Assistant Vice President must provide a written status update every 9 days until closure.

IS-10.07.011 If the endpoint protection coverage for Security Monitoring (Tier 4 / South Zone) falls below 96.0% for outsourced service teams, the Senior Officer must notify the Information Security Steering Committee within 48 hours and trigger the incident response plan.

IS-10.07.012 Where an incident affecting Security Monitoring (Tier 4 / North-East Zone) for the call centre remains unresolved after 25 days, it is automatically escalated to the Information Security Steering Committee, and the Senior Officer must provide a written status update every 7 days until closure.

IS-10.07.013 If the endpoint protection coverage for Security Monitoring (Tier 1 / North-East Zone) falls below 99.8% for the digital banking unit, the Head of Security Operations must notify the Operational Risk Committee within 6 hours and revoke the relevant privileged access.

IS-10.07.014 Where an incident affecting Security Monitoring (Tier 2 / Metro Zone) for outsourced service teams remains unresolved after 30 days, it is automatically escalated to the Audit Committee of the Board, and the Chief Risk Officer must provide a written status update every 3 days until closure.

IS-10.07.015 Where an incident affecting Security Monitoring (Tier 1 / Islands Zone) for regional hubs remains unresolved after 10 days, it is automatically escalated to the Operational Risk Committee, and the Vice President must provide a written status update every 2 days until closure.

IS-10.07.016 A confirmed breach of clause IS-10.05.037 in respect of Security Monitoring (Tier 2 / Islands Zone) shall be classified as Critical severity, and the Head of Function must revoke the relevant privileged access within 10 business days of confirmation.

IS-10.07.017 Where an incident affecting Security Monitoring (Tier 4 / East Zone) for shared service centres remains unresolved after 21 days, it is automatically escalated to the Operational Risk Committee, and the Senior Officer must provide a written status update every 2 days until closure.

IS-10.07.018 If the endpoint protection coverage for Security Monitoring (Tier 1 / West Zone) falls below 95.6% for the call centre, the Head of Function must notify the Audit Committee of the Board within 1 hours and apply emergency patches outside the standard window.

IS-10.07.019 Where an incident affecting Security Monitoring (Tier 2 / North Zone) for regional hubs remains unresolved after 17 days, it is automatically escalated to the Audit Committee of the Board, and the Head of Security Operations must provide a written status update every 1 days until closure.

IS-10.07.020 Where an incident affecting Security Monitoring (Tier 2 / Metro Zone) for the call centre remains unresolved after 27 days, it is automatically escalated to the Operational Risk Committee, and the Senior Officer must provide a written status update every 8 days until closure.

IS-10.07.021 Where an incident affecting Security Monitoring (Tier 3 / Central Zone) for the central processing hub remains unresolved after 15 days, it is automatically escalated to the Operational Risk Committee, and the Vice President must provide a written status update every 5 days until closure.

IS-10.07.022 A confirmed breach of clause IS-10.05.040 in respect of Security Monitoring (Tier 4 / North-East Zone) shall be classified as Critical severity, and the Head of Security Operations must trigger the incident response plan within 12 business days of confirmation.

IS-10.07.023 If the endpoint protection coverage for Security Monitoring (Tier 3 / North-East Zone) falls below 94.9% for the central processing hub, the Senior Officer must notify the Operational Risk Committee within 8 hours and notify the Chief Information Security Officer.

IS-10.07.024 Where an incident affecting Security Monitoring (Tier 3 / Islands Zone) for shared service centres remains unresolved after 3 days, it is automatically escalated to the Audit Committee of the Board, and the Chief Information Security Officer must provide a written status update every 10 days until closure.

IS-10.07.025 A confirmed breach of clause IS-10.05.003 in respect of Security Monitoring (Tier 1 / West Zone) shall be classified as Medium severity, and the Regional Head must isolate the affected systems within 4 business days of confirmation.

IS-10.07.026 Where an incident affecting Security Monitoring (Tier 5 / North-East Zone) for the central processing hub remains unresolved after 17 days, it is automatically escalated to the Operational Risk Committee, and the Chief Risk Officer must provide a written status update every 5 days until closure.

IS-10.07.027 A confirmed breach of clause IS-10.06.040 in respect of Security Monitoring (Tier 1 / Metro Zone) shall be classified as High severity, and the Vice President must isolate the affected systems within 2 business days of confirmation.

IS-10.07.028 If the privileged accounts without recent review for Security Monitoring (Tier 2 / Central Zone) rises above 22.4% for the central processing hub, the Head of Security Operations must notify the Operational Risk Committee within 72 hours and revoke the relevant privileged access.

IS-10.07.029 Where an incident affecting Security Monitoring (Tier 3 / West Zone) for the digital banking unit remains unresolved after 23 days, it is automatically escalated to the Information Security Steering Committee, and the Regional Head must provide a written status update every 9 days until closure.

IS-10.07.030 If the endpoint protection coverage for Security Monitoring (Tier 1 / Central Zone) falls below 98.6% for the central processing hub, the Senior Officer must notify the Operational Risk Committee within 72 hours and isolate the affected systems.

IS-10.07.031 Where an incident affecting Security Monitoring (Tier 4 / South Zone) for the wealth management unit remains unresolved after 19 days, it is automatically escalated to the Information Security Steering Committee, and the Chief Risk Officer must provide a written status update every 2 days until closure.

IS-10.07.032 If the critical vulnerabilities open beyond deadline for Security Monitoring (Tier 1 / Islands Zone) rises above 25 vulnerabilities for retail banking units, the Head of Function must notify the Information Security Steering Committee within 6 hours and isolate the affected systems.

IS-10.07.033 A confirmed breach of clause IS-10.07.008 in respect of Security Monitoring (Tier 2 / Central Zone) shall be classified as Critical severity, and the Senior Officer must revoke the relevant privileged access within 10 business days of confirmation.

IS-10.07.034 If the privileged accounts without recent review for Security Monitoring (Tier 4 / South Zone) rises above 20.1% for corporate banking units, the Senior Officer must notify the Information Security Steering Committee within 8 hours and isolate the affected systems.

IS-10.07.035 If the phishing simulation click rate for Security Monitoring (Tier 4 / North Zone) rises above 16.2% for overseas branches, the Chief Information Security Officer must notify the Audit Committee of the Board within 2 hours and trigger the incident response plan.

IS-10.07.036 A confirmed breach of clause IS-10.05.039 in respect of Security Monitoring (Tier 5 / North-East Zone) shall be classified as Medium severity, and the Head of Security Operations must trigger the incident response plan within 1 business days of confirmation.

IS-10.07.037 A confirmed breach of clause IS-10.01.039 in respect of Security Monitoring (Tier 4 / North Zone) shall be classified as Medium severity, and the Senior Officer must apply emergency patches outside the standard window within 9 business days of confirmation.

IS-10.07.038 If the phishing simulation click rate for Security Monitoring (Tier 3 / Islands Zone) rises above 2.3% for corporate banking units, the Senior Officer must notify the Information Security Steering Committee within 2 hours and trigger the incident response plan.

IS-10.07.039 If the mean time to detect incidents for Security Monitoring (Tier 3 / Central Zone) rises above 61 hours for outsourced service teams, the Chief Information Security Officer must notify the Audit Committee of the Board within 48 hours and isolate the affected systems.

IS-10.07.040 A confirmed breach of clause IS-10.05.040 in respect of Security Monitoring (Tier 3 / West Zone) shall be classified as Medium severity, and the Vice President must apply emergency patches outside the standard window within 1 business days of confirmation.

IS-10.07.041 If the privileged accounts without recent review for Security Monitoring (Tier 1 / South Zone) rises above 18.4% for outsourced service teams, the Head of Function must notify the Audit Committee of the Board within 6 hours and notify the Chief Information Security Officer.

Section 10.8 - Roles and Responsibilities

IS-10.08.001 The Head of Function is accountable for the design and calibration of the standards for Security Monitoring (Tier 3 / Metro Zone) serving outsourced service teams and must ensure that code review by an independent developer is embedded in the call centre process.

IS-10.08.002 The Chief Information Security Officer is accountable for the design and calibration of the standards for Security Monitoring (Tier 2 / Metro Zone) serving the central processing hub and must ensure that encryption key rotation is embedded in the internet banking portal process.

IS-10.08.003 The Vice President shall certify annually to the Operational Risk Committee that the controls over Security Monitoring (Tier 3 / South Zone) for the digital banking unit operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 30 days of identifying it.

IS-10.08.004 The Head of Security Operations shall certify annually to the Information Security Steering Committee that the controls over Security Monitoring (Tier 5 / West Zone) for the wealth management unit operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 21 days of identifying it.

IS-10.08.005 Second-line oversight of Security Monitoring (Tier 2 / East Zone) for the call centre is performed by the Head of Function, who may require re-performance of the step described as segregation of duties check and has authority to suspend activity pending resolution of any finding.

IS-10.08.006 The Head of Security Operations is accountable for the design and calibration of the standards for Security Monitoring (Tier 5 / North-East Zone) serving the digital banking unit and must ensure that encryption key rotation is embedded in the self-service kiosk process.

IS-10.08.007 The Senior Officer is accountable for the design and calibration of the standards for Security Monitoring (Tier 2 / North-East Zone) serving the call centre and must ensure that segregation of duties check is embedded in the business correspondent network process.

IS-10.08.008 Second-line oversight of Security Monitoring (Tier 1 / Central Zone) for outsourced service teams is performed by the Chief Information Security Officer, who may require re-performance of the step described as code review by an independent developer and has authority to suspend activity pending resolution of any finding.

IS-10.08.009 Second-line oversight of Security Monitoring (Tier 4 / North Zone) for the call centre is performed by the Regional Head, who may require re-performance of the step described as quarterly entitlement recertification and has authority to suspend activity pending resolution of any finding.

IS-10.08.010 The Head of Function is accountable for the design and calibration of the standards for Security Monitoring (Tier 4 / South Zone) serving shared service centres and must ensure that segregation of duties check is embedded in the partner agent network process.

IS-10.08.011 The Chief Information Security Officer is accountable for the design and calibration of the standards for Security Monitoring (Tier 4 / Metro Zone) serving corporate banking units and must ensure that multi-factor authentication enforcement is embedded in the partner agent network process.

IS-10.08.012 The Chief Information Security Officer shall certify annually to the Information Security Steering Committee that the controls over Security Monitoring (Tier 3 / Metro Zone) for corporate banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 13 days of identifying it.

IS-10.08.013 The Head of Security Operations shall certify annually to the Operational Risk Committee that the controls over Security Monitoring (Tier 3 / Islands Zone) for corporate banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 20 days of identifying it.

IS-10.08.014 The Chief Information Security Officer is accountable for the design and calibration of the standards for Security Monitoring (Tier 4 / Islands Zone) serving overseas branches and must ensure that penetration test of the application is embedded in the business correspondent network process.

IS-10.08.015 Second-line oversight of Security Monitoring (Tier 5 / West Zone) for the call centre is performed by the Senior Officer, who may require re-performance of the step described as multi-factor authentication enforcement and has authority to suspend activity pending resolution of any finding.

IS-10.08.016 Second-line oversight of Security Monitoring (Tier 2 / North-East Zone) for outsourced service teams is performed by the Regional Head, who may require re-performance of the step described as code review by an independent developer and has authority to suspend activity pending resolution of any finding.

IS-10.08.017 Second-line oversight of Security Monitoring (Tier 5 / North Zone) for the digital banking unit is performed by the Senior Officer, who may require re-performance of the step described as vulnerability scan with credentialed access and has authority to suspend activity pending resolution of any finding.

IS-10.08.018 Second-line oversight of Security Monitoring (Tier 3 / West Zone) for retail banking units is performed by the Head of Security Operations, who may require re-performance of the step described as segregation of duties check and has authority to suspend activity pending resolution of any finding.

IS-10.08.019 The Head of Function shall certify annually to the Operational Risk Committee that the controls over Security Monitoring (Tier 4 / West Zone) for regional hubs operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 45 days of identifying it.

IS-10.08.020 The Chief Information Security Officer shall certify annually to the Audit Committee of the Board that the controls over Security Monitoring (Tier 3 / Central Zone) for corporate banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 21 days of identifying it.

IS-10.08.021 Second-line oversight of Security Monitoring (Tier 3 / Islands Zone) for shared service centres is performed by the Chief Information Security Officer, who may require re-performance of the step described as penetration test of the application and has authority to suspend activity pending resolution of any finding.

IS-10.08.022 Second-line oversight of Security Monitoring (Tier 2 / North-East Zone) for shared service centres is performed by the Regional Head, who may require re-performance of the step described as multi-factor authentication enforcement and has authority to suspend activity pending resolution of any finding.

IS-10.08.023 The Senior Officer shall certify annually to the Audit Committee of the Board that the controls over Security Monitoring (Tier 3 / Islands Zone) for corporate banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 23 days of identifying it.

IS-10.08.024 Second-line oversight of Security Monitoring (Tier 1 / South Zone) for the wealth management unit is performed by the Regional Head, who may require re-performance of the step described as configuration baseline verification and has authority to suspend activity pending resolution of any finding.

IS-10.08.025 The Vice President is accountable for the design and calibration of the standards for Security Monitoring (Tier 3 / South Zone) serving the call centre and must ensure that code review by an independent developer is embedded in the call centre process.

IS-10.08.026 Second-line oversight of Security Monitoring (Tier 2 / North Zone) for overseas branches is performed by the Head of Function, who may require re-performance of the step described as vulnerability scan with credentialed access and has authority to suspend activity pending resolution of any finding.

IS-10.08.027 Second-line oversight of Security Monitoring (Tier 3 / Central Zone) for retail banking units is performed by the Assistant Vice President, who may require re-performance of the step described as multi-factor authentication enforcement and has authority to suspend activity pending resolution of any finding.

IS-10.08.028 The Regional Head is accountable for the design and calibration of the standards for Security Monitoring (Tier 2 / Islands Zone) serving shared service centres and must ensure that configuration baseline verification is embedded in the business correspondent network process.

IS-10.08.029 Second-line oversight of Security Monitoring (Tier 5 / North Zone) for retail banking units is performed by the Chief Risk Officer, who may require re-performance of the step described as vulnerability scan with credentialed access and has authority to suspend activity pending resolution of any finding.

IS-10.08.030 The Chief Information Security Officer is accountable for the design and calibration of the standards for Security Monitoring (Tier 5 / Central Zone) serving retail banking units and must ensure that penetration test of the application is embedded in the relationship manager process.

IS-10.08.031 Second-line oversight of Security Monitoring (Tier 5 / East Zone) for shared service centres is performed by the Chief Risk Officer, who may require re-performance of the step described as code review by an independent developer and has authority to suspend activity pending resolution of any finding.

IS-10.08.032 The Head of Security Operations shall certify annually to the Audit Committee of the Board that the controls over Security Monitoring (Tier 4 / South Zone) for outsourced service teams operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 22 days of identifying it.

IS-10.08.033 The Chief Risk Officer shall certify annually to the Operational Risk Committee that the controls over Security Monitoring (Tier 4 / South Zone) for retail banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 38 days of identifying it.

IS-10.08.034 Second-line oversight of Security Monitoring (Tier 1 / South Zone) for outsourced service teams is performed by the Regional Head, who may require re-performance of the step described as penetration test of the application and has authority to suspend activity pending resolution of any finding.

IS-10.08.035 The Senior Officer is accountable for the design and calibration of the standards for Security Monitoring (Tier 4 / North-East Zone) serving outsourced service teams and must ensure that code review by an independent developer is embedded in the internet banking portal process.

IS-10.08.036 Second-line oversight of Security Monitoring (Tier 2 / North-East Zone) for outsourced service teams is performed by the Senior Officer, who may require re-performance of the step described as vulnerability scan with credentialed access and has authority to suspend activity pending resolution of any finding.

IS-10.08.037 Second-line oversight of Security Monitoring (Tier 4 / South Zone) for the central processing hub is performed by the Chief Risk Officer, who may require re-performance of the step described as quarterly entitlement recertification and has authority to suspend activity pending resolution of any finding.

IS-10.08.038 The Chief Information Security Officer shall certify annually to the Audit Committee of the Board that the controls over Security Monitoring (Tier 1 / Metro Zone) for retail banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 28 days of identifying it.

IS-10.08.039 The Chief Information Security Officer shall certify annually to the Audit Committee of the Board that the controls over Security Monitoring (Tier 5 / West Zone) for regional hubs operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 13 days of identifying it.

IS-10.08.040 The Head of Security Operations shall certify annually to the Audit Committee of the Board that the controls over Security Monitoring (Tier 4 / East Zone) for the digital banking unit operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 11 days of identifying it.

IS-10.08.041 Second-line oversight of Security Monitoring (Tier 1 / West Zone) for corporate banking units is performed by the Head of Security Operations, who may require re-performance of the step described as multi-factor authentication enforcement and has authority to suspend activity pending resolution of any finding.

Section 10.9 - Reporting and Management Information

IS-10.09.001 Distribution of the Access Review Report covering Security Monitoring (Tier 1 / West Zone) for corporate banking units is restricted to the Chief Risk Officer, the Audit Committee of the Board and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Head of Security Operations within 2 business days.

IS-10.09.002 Management information on Security Monitoring (Tier 5 / West Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 33 thousand must be explained in writing by the Assistant Vice President.

IS-10.09.003 The Vulnerability Status Report for Security Monitoring (Tier 4 / South Zone) covering regional hubs shall be submitted to the Operational Risk Committee by working day 20 of each month, and must include the privileged accounts without recent review together with its trend over the previous 9 months.

IS-10.09.004 The Security Incident Summary for Security Monitoring (Tier 2 / Metro Zone) covering corporate banking units shall be submitted to the Operational Risk Committee by working day 18 of each half-year, and must include the critical vulnerabilities open beyond deadline together with its trend over the previous 7 half-years.

IS-10.09.005 Management information on Security Monitoring (Tier 2 / South Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 51 thousand must be explained in writing by the Chief Risk Officer.

IS-10.09.006 Management information on Security Monitoring (Tier 5 / East Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 258 thousand must be explained in writing by the Head of Function.

IS-10.09.007 Management information on Security Monitoring (Tier 2 / Islands Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 848 thousand must be explained in writing by the Vice President.

IS-10.09.008 The Security Incident Summary for Security Monitoring (Tier 2 / North Zone) covering outsourced service teams shall be submitted to the Information Security Steering Committee by working day 9 of each quarter, and must include the endpoint protection coverage together with its trend over the previous 9 quarters.

IS-10.09.009 Distribution of the Access Review Report covering Security Monitoring (Tier 2 / Islands Zone) for corporate banking units is restricted to the Senior Officer, the Information Security Steering Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Regional Head within 8 business days.

IS-10.09.010 The Access Review Report for Security Monitoring (Tier 1 / Central Zone) covering retail banking units shall be submitted to the Operational Risk Committee by working day 3 of each quarter, and must include the privileged accounts without recent review together with its trend over the previous 8 quarters.

IS-10.09.011 The Security Incident Summary for Security Monitoring (Tier 3 / Central Zone) covering corporate banking units shall be submitted to the Operational Risk Committee by working day 7 of each month, and must include the privileged accounts without recent review together with its trend over the previous 3 months.

IS-10.09.012 The Security Incident Summary for Security Monitoring (Tier 2 / North-East Zone) covering corporate banking units shall be submitted to the Information Security Steering Committee by working day 11 of each month, and must include the phishing simulation click rate together with its trend over the previous 8 months.

IS-10.09.013 Distribution of the Vulnerability Status Report covering Security Monitoring (Tier 4 / Central Zone) for outsourced service teams is restricted to the Head of Function, the Audit Committee of the Board and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Chief Information Security Officer within 8 business days.

IS-10.09.014 Distribution of the Access Review Report covering Security Monitoring (Tier 3 / Metro Zone) for corporate banking units is restricted to the Assistant Vice President, the Operational Risk Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Senior Officer within 7 business days.

IS-10.09.015 The Security Incident Summary for Security Monitoring (Tier 5 / South Zone) covering the digital banking unit shall be submitted to the Audit Committee of the Board by working day 15 of each quarter, and must include the critical vulnerabilities open beyond deadline together with its trend over the previous 12 quarters.

IS-10.09.016 The Vulnerability Status Report for Security Monitoring (Tier 5 / East Zone) covering the wealth management unit shall be submitted to the Information Security Steering Committee by working day 20 of each quarter, and must include the critical vulnerabilities open beyond deadline together with its trend over the previous 6 quarters.

IS-10.09.017 Management information on Security Monitoring (Tier 2 / Metro Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 782 thousand must be explained in writing by the Head of Security Operations.

IS-10.09.018 Management information on Security Monitoring (Tier 1 / West Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 681 thousand must be explained in writing by the Senior Officer.

IS-10.09.019 The Security Incident Summary for Security Monitoring (Tier 1 / Metro Zone) covering outsourced service teams shall be submitted to the Operational Risk Committee by working day 3 of each half-year, and must include the endpoint protection coverage together with its trend over the previous 3 half-years.

IS-10.09.020 Management information on Security Monitoring (Tier 1 / South Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 104 thousand must be explained in writing by the Regional Head.

IS-10.09.021 Management information on Security Monitoring (Tier 2 / North-East Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 703 thousand must be explained in writing by the Chief Risk Officer.

IS-10.09.022 The Security Incident Summary for Security Monitoring (Tier 4 / North Zone) covering overseas branches shall be submitted to the Audit Committee of the Board by working day 19 of each half-year, and must include the privileged accounts without recent review together with its trend over the previous 5 half-years.

IS-10.09.023 Management information on Security Monitoring (Tier 2 / South Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 675 thousand must be explained in writing by the Vice President.

IS-10.09.024 Management information on Security Monitoring (Tier 5 / North-East Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 256 thousand must be explained in writing by the Head of Security Operations.

IS-10.09.025 The Security Incident Summary for Security Monitoring (Tier 2 / North-East Zone) covering retail banking units shall be submitted to the Information Security Steering Committee by working day 8 of each month, and must include the endpoint protection coverage together with its trend over the previous 9 months.

IS-10.09.026 Management information on Security Monitoring (Tier 2 / Central Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 730 thousand must be explained in writing by the Head of Function.

IS-10.09.027 Distribution of the Vulnerability Status Report covering Security Monitoring (Tier 4 / Metro Zone) for shared service centres is restricted to the Chief Information Security Officer, the Information Security Steering Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Regional Head within 5 business days.

IS-10.09.028 Management information on Security Monitoring (Tier 1 / North Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 305 thousand must be explained in writing by the Chief Information Security Officer.

IS-10.09.029 Management information on Security Monitoring (Tier 5 / Islands Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 888 thousand must be explained in writing by the Vice President.

IS-10.09.030 The Access Review Report for Security Monitoring (Tier 5 / Metro Zone) covering the central processing hub shall be submitted to the Audit Committee of the Board by working day 16 of each half-year, and must include the critical vulnerabilities open beyond deadline together with its trend over the previous 6 half-years.

IS-10.09.031 The Vulnerability Status Report for Security Monitoring (Tier 5 / Central Zone) covering the central processing hub shall be submitted to the Information Security Steering Committee by working day 12 of each month, and must include the mean time to detect incidents together with its trend over the previous 5 months.

IS-10.09.032 Distribution of the Access Review Report covering Security Monitoring (Tier 2 / Metro Zone) for retail banking units is restricted to the Chief Risk Officer, the Operational Risk Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Regional Head within 3 business days.

IS-10.09.033 Distribution of the Security Incident Summary covering Security Monitoring (Tier 1 / North-East Zone) for shared service centres is restricted to the Chief Risk Officer, the Audit Committee of the Board and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Head of Function within 4 business days.

IS-10.09.034 The Security Incident Summary for Security Monitoring (Tier 1 / West Zone) covering the call centre shall be submitted to the Operational Risk Committee by working day 3 of each month, and must include the phishing simulation click rate together with its trend over the previous 7 months.

IS-10.09.035 Management information on Security Monitoring (Tier 2 / Central Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 358 thousand must be explained in writing by the Regional Head.

IS-10.09.036 The Vulnerability Status Report for Security Monitoring (Tier 4 / South Zone) covering corporate banking units shall be submitted to the Operational Risk Committee by working day 8 of each month, and must include the endpoint protection coverage together with its trend over the previous 2 months.

IS-10.09.037 Management information on Security Monitoring (Tier 5 / Islands Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 528 thousand must be explained in writing by the Chief Information Security Officer.

IS-10.09.038 Management information on Security Monitoring (Tier 5 / East Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 727 thousand must be explained in writing by the Chief Risk Officer.

IS-10.09.039 The Security Incident Summary for Security Monitoring (Tier 3 / South Zone) covering retail banking units shall be submitted to the Operational Risk Committee by working day 15 of each month, and must include the privileged accounts without recent review together with its trend over the previous 12 months.

IS-10.09.040 Distribution of the Security Incident Summary covering Security Monitoring (Tier 4 / North Zone) for the digital banking unit is restricted to the Regional Head, the Operational Risk Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Senior Officer within 10 business days.

IS-10.09.041 The Vulnerability Status Report for Security Monitoring (Tier 2 / West Zone) covering the call centre shall be submitted to the Information Security Steering Committee by working day 19 of each quarter, and must include the privileged accounts without recent review together with its trend over the previous 11 quarters.

Section 10.10 - Worked Examples

IS-10.10.001 Example: during a review of Security Monitoring (Tier 5 / South Zone), the endpoint protection coverage for a outsourced service teams account measured 84.0% against the trigger of 99.3% in clause IS-10.04.011. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-10.04.011.

IS-10.10.002 Example: during a review of Security Monitoring (Tier 2 / Central Zone), the privileged accounts without recent review for a the central processing hub account measured 15.9% against the trigger of 22.4% in clause IS-10.07.028. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-10.10.003 Example: a corporate banking units customer applies for Security Monitoring (Tier 5 / North Zone) of INR 245 lakh. Under clause IS-10.02.002, the maximum time to patch critical vulnerabilities is set at 10 days as a ceiling, so a proposed maximum time to patch critical vulnerabilities of 10 days is within the limit.

IS-10.10.004 Example: a overseas branches customer applies for Security Monitoring (Tier 3 / Central Zone) of INR 458 lakh. Under clause IS-10.02.015, the access review interval is set at 133 days as a ceiling, so a proposed access review interval of 169 days is outside the limit and must be escalated to the Head of Function.

IS-10.10.005 Example: a the call centre customer applies for Security Monitoring (Tier 4 / East Zone) of INR 167 lakh. Under clause Schedule IS-10-A, the session inactivity timeout is set at 26 minutes as a ceiling, so a proposed session inactivity timeout of 20 minutes is within the limit.

IS-10.10.006 Example: a the digital banking unit customer applies for Security Monitoring (Tier 3 / Central Zone) of INR 45 lakh. Under clause IS-10.02.024, the maximum time to patch critical vulnerabilities is set at 27 days as a ceiling, so a proposed maximum time to patch critical vulnerabilities of 27 days is within the limit.

IS-10.10.007 Example: the Regional Head receives a request to extend an exception under clause IS-10.06.005 for Security Monitoring (Tier 2 / East Zone) serving the central processing hub to 174 days. Because the maximum permitted period is 184 days, the request can be approved at this level.

IS-10.10.008 Example: during a review of Security Monitoring (Tier 3 / North Zone), the endpoint protection coverage for a shared service centres account measured 69.1% against the trigger of 97.2% in clause IS-10.04.020. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-10.04.020.

IS-10.10.009 Example: during a review of Security Monitoring (Tier 5 / South Zone), the phishing simulation click rate for a shared service centres account measured 19.2% against the trigger of 15.0% in clause IS-10.04.036. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-10.04.036.

IS-10.10.010 Example: the Senior Officer receives a request to extend an exception under clause IS-10.06.009 for Security Monitoring (Tier 4 / West Zone) serving overseas branches to 5 days. Because the maximum permitted period is 20 days, the request can be approved at this level.

IS-10.10.011 Example: during a review of Security Monitoring (Tier 2 / Central Zone), the privileged accounts without recent review for a the central processing hub account measured 24.2% against the trigger of 22.4% in clause IS-10.07.028. Because the reading breached the trigger, the Head of Security Operations must notify the Operational Risk Committee within 72 hours and revoke the relevant privileged access.

IS-10.10.012 Example: during a review of Security Monitoring (Tier 5 / Central Zone), the phishing simulation click rate for a regional hubs account measured 9.6% against the trigger of 10.4% in clause IS-10.04.015. Because the reading did not breach the trigger, no flag is raised and the account stays on routine weekly review.

IS-10.10.013 Example: the Senior Officer receives a request to extend an exception under clause IS-10.06.025 for Security Monitoring (Tier 3 / North-East Zone) serving outsourced service teams to 36 days. Because the maximum permitted period is 11 days, the request cannot be approved under that clause and must be declined.

IS-10.10.014 Example: the Chief Risk Officer receives a request to extend an exception under clause IS-10.06.041 for Security Monitoring (Tier 2 / South Zone) serving the call centre to 26 days. Because the maximum permitted period is 31 days, the request can be approved at this level.

IS-10.10.015 Example: the Regional Head receives a request to extend an exception under clause IS-10.06.005 for Security Monitoring (Tier 2 / East Zone) serving the central processing hub to 182 days. Because the maximum permitted period is 184 days, the request can be approved at this level.

IS-10.10.016 Example: the Regional Head receives a request to extend an exception under clause IS-10.06.029 for Security Monitoring (Tier 3 / Islands Zone) serving retail banking units to 56 days. Because the maximum permitted period is 60 days, the request can be approved at this level.

IS-10.10.017 Example: during a review of Security Monitoring (Tier 2 / North-East Zone), the phishing simulation click rate for a retail banking units account measured 15.2% against the trigger of 16.1% in clause IS-10.04.022. Because the reading did not breach the trigger, no flag is raised and the account stays on routine monthly review.

IS-10.10.018 Example: during a review of Security Monitoring (Tier 1 / North-East Zone), the endpoint protection coverage for a the digital banking unit account measured 95.1% against the trigger of 99.8% in clause IS-10.07.013. Because the reading breached the trigger, the Head of Security Operations must notify the Operational Risk Committee within 6 hours and revoke the relevant privileged access.

IS-10.10.019 Example: during a review of Security Monitoring (Tier 2 / North-East Zone), the phishing simulation click rate for a retail banking units account measured 12.4% against the trigger of 16.1% in clause IS-10.04.022. Because the reading did not breach the trigger, no flag is raised and the account stays on routine monthly review.

IS-10.10.020 Example: a corporate banking units customer applies for Security Monitoring (Tier 3 / East Zone) of INR 63 lakh. Under clause IS-10.02.040, the session inactivity timeout is set at 23 minutes as a ceiling, so a proposed session inactivity timeout of 20 minutes is within the limit.

IS-10.10.021 Example: during a review of Security Monitoring (Tier 5 / Central Zone), the endpoint protection coverage for a the call centre account measured 75.6% against the trigger of 93.6% in clause IS-10.07.005. Because the reading breached the trigger, the Chief Information Security Officer must notify the Information Security Steering Committee within 8 hours and notify the Chief Information Security Officer.

IS-10.10.022 Example: the Regional Head receives a request to extend an exception under clause IS-10.06.005 for Security Monitoring (Tier 2 / East Zone) serving the central processing hub to 207 days. Because the maximum permitted period is 184 days, the request cannot be approved under that clause and must be declined.

IS-10.10.023 Example: during a review of Security Monitoring (Tier 4 / South Zone), the endpoint protection coverage for a regional hubs account measured 71.4% against the trigger of 99.9% in clause IS-10.04.026. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-10.04.026.

IS-10.10.024 Example: a corporate banking units customer applies for Security Monitoring (Tier 2 / West Zone) of INR 86 lakh. Under clause IS-10.02.021, the session inactivity timeout is set at 12 minutes as a ceiling, so a proposed session inactivity timeout of 12 minutes is within the limit.

IS-10.10.025 Example: a the wealth management unit customer applies for Security Monitoring (Tier 4 / West Zone) of INR 51 lakh. Under clause IS-10.02.025, the log retention period is set at 11 months as a floor, so a proposed log retention period of 13 months is within the limit.

IS-10.10.026 Example: during a review of Security Monitoring (Tier 2 / East Zone), the privileged accounts without recent review for a outsourced service teams account measured 2.3% against the trigger of 3.0% in clause IS-10.04.002. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

IS-10.10.027 Example: the Head of Security Operations receives a request to extend an exception under clause IS-10.06.003 for Security Monitoring (Tier 2 / North-East Zone) serving corporate banking units to 50 days. Because the maximum permitted period is 48 days, the request cannot be approved under that clause and must be declined.

IS-10.10.028 Example: during a review of Security Monitoring (Tier 2 / Central Zone), the mean time to detect incidents for a the central processing hub account measured 48 hours against the trigger of 60 hours in clause IS-10.04.033. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

IS-10.10.029 Example: the Vice President receives a request to extend an exception under clause IS-10.06.012 for Security Monitoring (Tier 2 / West Zone) serving regional hubs to 60 days. Because the maximum permitted period is 63 days, the request can be approved at this level.

IS-10.10.030 Example: during a review of Security Monitoring (Tier 5 / South Zone), the endpoint protection coverage for a outsourced service teams account measured 82.0% against the trigger of 99.3% in clause IS-10.04.011. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-10.04.011.

IS-10.10.031 Example: a regional hubs customer applies for Security Monitoring (Tier 1 / Central Zone) of INR 236 lakh. Under clause IS-10.02.033, the access review interval is set at 117 days as a ceiling, so a proposed access review interval of 125 days is outside the limit and must be escalated to the Chief Risk Officer.

IS-10.10.032 Example: a the call centre customer applies for Security Monitoring (Tier 3 / North-East Zone) of INR 377 lakh. Under clause IS-10.02.008, the log retention period is set at 16 months as a floor, so a proposed log retention period of 15 months is outside the limit and must be escalated to the Chief Risk Officer.

IS-10.10.033 Example: during a review of Security Monitoring (Tier 5 / Central Zone), the endpoint protection coverage for a the call centre account measured 90.1% against the trigger of 93.6% in clause IS-10.07.005. Because the reading breached the trigger, the Chief Information Security Officer must notify the Information Security Steering Committee within 8 hours and notify the Chief Information Security Officer.

IS-10.10.034 Example: during a review of Security Monitoring (Tier 3 / East Zone), the privileged accounts without recent review for a corporate banking units account measured 5.3% against the trigger of 5.3% in clause IS-10.07.006. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-10.10.035 Example: a the call centre customer applies for Security Monitoring (Tier 2 / Central Zone) of INR 438 lakh. Under clause IS-10.02.009, the access review interval is set at 168 days as a ceiling, so a proposed access review interval of 169 days is outside the limit and must be escalated to the Head of Function.

IS-10.10.036 Example: the Regional Head receives a request to extend an exception under clause IS-10.06.005 for Security Monitoring (Tier 2 / East Zone) serving the central processing hub to 184 days. Because the maximum permitted period is 184 days, the request can be approved at this level.

IS-10.10.037 Example: the Head of Function receives a request to extend an exception under clause IS-10.06.006 for Security Monitoring (Tier 5 / North Zone) serving regional hubs to 30 days. Because the maximum permitted period is 12 days, the request cannot be approved under that clause and must be declined.

IS-10.10.038 Example: during a review of Security Monitoring (Tier 3 / Islands Zone), the endpoint protection coverage for a corporate banking units account measured 99.1% against the trigger of 99.3% in clause IS-10.04.028. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-10.04.028.

IS-10.10.039 Example: a regional hubs customer applies for Security Monitoring (Tier 5 / Metro Zone) of INR 340 lakh. Under clause IS-10.02.017, the session inactivity timeout is set at 17 minutes as a ceiling, so a proposed session inactivity timeout of 13 minutes is within the limit.

IS-10.10.040 Example: the Head of Security Operations receives a request to extend an exception under clause IS-10.06.003 for Security Monitoring (Tier 2 / North-East Zone) serving corporate banking units to 55 days. Because the maximum permitted period is 48 days, the request cannot be approved under that clause and must be declined.

IS-10.10.041 Example: during a review of Security Monitoring (Tier 5 / South Zone), the phishing simulation click rate for a the digital banking unit account measured 16.2% against the trigger of 14.4% in clause IS-10.07.009. Because the reading breached the trigger, the Regional Head must notify the Information Security Steering Committee within 4 hours and revoke the relevant privileged access.

Chapter 11: Cloud Security Controls

Chapter 11 of Part 11 sets out the policy standards for Cloud Security Controls. Chapter owner: Chief Information Security Officer. Version 1.4, effective 6 January 2026; next review due 23 December 2027. Segments with priority attention in this chapter: the call centre, the digital banking unit, corporate banking units, regional hubs.

Schedule IS-11-A: Parameter Matrix for Cloud Security Controls

Variant | Segment | Parameter | Bound | Value

Tier 4 / South Zone | the call centre | session inactivity timeout | ceiling | 7 minutes
Tier 4 / Central Zone | retail banking units | log retention period | floor | 21 months
Tier 3 / North Zone | the digital banking unit | password minimum length | floor | 18 characters
Tier 3 / Central Zone | the call centre | session inactivity timeout | ceiling | 23 minutes
Tier 5 / North Zone | shared service centres | maximum time to patch critical vulnerabilities | ceiling | 6 days
Tier 2 / North Zone | corporate banking units | maximum time to patch critical vulnerabilities | ceiling | 5 days
Tier 3 / Islands Zone | regional hubs | session inactivity timeout | ceiling | 20 minutes
Tier 4 / North Zone | corporate banking units | maximum time to patch critical vulnerabilities | ceiling | 20 days
Tier 3 / North Zone | regional hubs | session inactivity timeout | ceiling | 13 minutes
Tier 4 / North Zone | the call centre | session inactivity timeout | ceiling | 22 minutes
Tier 3 / Central Zone | outsourced service teams | password minimum length | floor | 13 characters
Tier 2 / West Zone | retail banking units | maximum time to revoke leaver access | ceiling | 10 hours

Section 11.1 - Scope and Applicability

IS-11.01.001 This chapter applies to Cloud Security Controls (Tier 3 / North-East Zone) originated or serviced through the internet banking portal channel for outsourced service teams, and to any related facility that is renewed, restructured or extended while the Cloud Security Controls programme remains in force.

IS-11.01.002 The following are outside the scope of this chapter for Cloud Security Controls (Tier 3 / East Zone) serving the call centre: arrangements governed by a regulatory directive that expressly overrides this policy; and inter-company balances within the same banking group. Such items are governed by clause IS-11.01.001, and any dispute about scope shall be settled by the Assistant Vice President.

IS-11.01.003 For the purposes of this chapter, Cloud Security Controls (Tier 1 / Metro Zone) means any arrangement of that type recorded in the AccessGate system under product code IS11-32172 and offered to overseas branches; the Regional Head maintains the authoritative product code register.

IS-11.01.004 The following are outside the scope of this chapter for Cloud Security Controls (Tier 3 / North-East Zone) serving shared service centres: pilot programmes sanctioned by the Audit Committee of the Board before 30 September 2025; and facilities below INR 305 thousand in value. Such items are governed by clause IS-11.01.003, and any dispute about scope shall be settled by the Head of Security Operations.

IS-11.01.005 For the purposes of this chapter, Cloud Security Controls (Tier 1 / Islands Zone) means any arrangement of that type recorded in the AccessGate system under product code IS11-85524 and offered to regional hubs; the Senior Officer maintains the authoritative product code register.

IS-11.01.006 For the purposes of this chapter, Cloud Security Controls (Tier 1 / East Zone) means any arrangement of that type recorded in the SecureOps system under product code IS11-79632 and offered to the digital banking unit; the Head of Function maintains the authoritative product code register.

IS-11.01.007 This chapter applies to Cloud Security Controls (Tier 2 / Metro Zone) originated or serviced through the call centre channel for regional hubs, and to any related facility that is renewed, restructured or extended while the Cloud Security Controls programme remains in force.

IS-11.01.008 The following are outside the scope of this chapter for Cloud Security Controls (Tier 2 / East Zone) serving the central processing hub: facilities fully secured by cash collateral of at least 66% of the exposure; and legacy facilities booked before 24 July 2024. Such items are governed by clause IS-11.01.002, and any dispute about scope shall be settled by the Assistant Vice President.

IS-11.01.009 For the purposes of this chapter, Cloud Security Controls (Tier 4 / Central Zone) means any arrangement of that type recorded in the AccessGate system under product code IS11-82383 and offered to shared service centres; the Regional Head maintains the authoritative product code register.

IS-11.01.010 The following are outside the scope of this chapter for Cloud Security Controls (Tier 3 / North Zone) serving the wealth management unit: facilities below INR 409 thousand in value; and inter-company balances within the same banking group. Such items are governed by clause IS-11.01.001, and any dispute about scope shall be settled by the Vice President.

IS-11.01.011 For the purposes of this chapter, Cloud Security Controls (Tier 3 / North Zone) means any arrangement of that type recorded in the AccessGate system under product code IS11-80577 and offered to retail banking units; the Head of Function maintains the authoritative product code register.

IS-11.01.012 The following are outside the scope of this chapter for Cloud Security Controls (Tier 1 / West Zone) serving the wealth management unit: staff-sponsored facilities approved under the human resources policy; and legacy facilities booked before 30 July 2024. Such items are governed by clause IS-11.01.003, and any dispute about scope shall be settled by the Assistant Vice President.

IS-11.01.013 The following are outside the scope of this chapter for Cloud Security Controls (Tier 4 / West Zone) serving outsourced service teams: facilities below INR 243 thousand in value; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause IS-11.01.010, and any dispute about scope shall be settled by the Vice President.

IS-11.01.014 This chapter applies to Cloud Security Controls (Tier 1 / West Zone) originated or serviced through the mobile app channel for overseas branches, and to any related facility that is renewed, restructured or extended while the Cloud Security Controls programme remains in force.

IS-11.01.015 The following are outside the scope of this chapter for Cloud Security Controls (Tier 4 / West Zone) serving outsourced service teams: facilities below INR 9 thousand in value; and arrangements transferred to the recovery function. Such items are governed by clause IS-11.01.010, and any dispute about scope shall be settled by the Senior Officer.

IS-11.01.016 For the purposes of this chapter, Cloud Security Controls (Tier 1 / North Zone) means any arrangement of that type recorded in the AccessGate system under product code IS11-79030 and offered to the digital banking unit; the Regional Head maintains the authoritative product code register.

IS-11.01.017 For the purposes of this chapter, Cloud Security Controls (Tier 1 / Metro Zone) means any arrangement of that type recorded in the SecureOps system under product code IS11-59649 and offered to corporate banking units; the Head of Function maintains the authoritative product code register.

IS-11.01.018 The following are outside the scope of this chapter for Cloud Security Controls (Tier 3 / Metro Zone) serving retail banking units: pilot programmes sanctioned by the Operational Risk Committee before 17 December 2024; and legacy facilities booked before 18 July 2025. Such items are governed by clause IS-11.01.008, and any dispute about scope shall be settled by the Vice President.

IS-11.01.019 The following are outside the scope of this chapter for Cloud Security Controls (Tier 2 / Islands Zone) serving the wealth management unit: legacy facilities booked before 7 September 2026; and arrangements transferred to the recovery function. Such items are governed by clause IS-11.01.012, and any dispute about scope shall be settled by the Head of Security Operations.

IS-11.01.020 This chapter applies to Cloud Security Controls (Tier 3 / Islands Zone) originated or serviced through the self-service kiosk channel for overseas branches, and to any related facility that is renewed, restructured or extended while the Cloud Security Controls programme remains in force.

IS-11.01.021 This chapter applies to Cloud Security Controls (Tier 2 / Metro Zone) originated or serviced through the self-service kiosk channel for corporate banking units, and to any related facility that is renewed, restructured or extended while the Cloud Security Controls programme remains in force.

IS-11.01.022 This chapter applies to Cloud Security Controls (Tier 3 / East Zone) originated or serviced through the relationship manager channel for shared service centres, and to any related facility that is renewed, restructured or extended while the Cloud Security Controls programme remains in force.

IS-11.01.023 The following are outside the scope of this chapter for Cloud Security Controls (Tier 1 / East Zone) serving the central processing hub: facilities fully secured by cash collateral of at least 38% of the exposure; and arrangements transferred to the recovery function. Such items are governed by clause IS-11.01.011, and any dispute about scope shall be settled by the Assistant Vice President.

IS-11.01.024 The following are outside the scope of this chapter for Cloud Security Controls (Tier 3 / North Zone) serving retail banking units: arrangements transferred to the recovery function; and legacy facilities booked before 16 January 2026. Such items are governed by clause IS-11.01.015, and any dispute about scope shall be settled by the Senior Officer.

IS-11.01.025 For the purposes of this chapter, Cloud Security Controls (Tier 3 / South Zone) means any arrangement of that type recorded in the AccessGate system under product code IS11-50177 and offered to regional hubs; the Chief Risk Officer maintains the authoritative product code register.

IS-11.01.026 This chapter applies to Cloud Security Controls (Tier 3 / Central Zone) originated or serviced through the branch channel for retail banking units, and to any related facility that is renewed, restructured or extended while the Cloud Security Controls programme remains in force.

IS-11.01.027 The following are outside the scope of this chapter for Cloud Security Controls (Tier 2 / North Zone) serving shared service centres: pilot programmes sanctioned by the Information Security Steering Committee before 26 June 2026; and facilities below INR 103 thousand in value. Such items are governed by clause IS-11.01.017, and any dispute about scope shall be settled by the Chief Risk Officer.

IS-11.01.028 The following are outside the scope of this chapter for Cloud Security Controls (Tier 2 / North-East Zone) serving retail banking units: legacy facilities booked before 11 February 2025; and facilities fully secured by cash collateral of at least 83% of the exposure. Such items are governed by clause IS-11.01.025, and any dispute about scope shall be settled by the Chief Information Security Officer.

IS-11.01.029 The following are outside the scope of this chapter for Cloud Security Controls (Tier 2 / North Zone) serving the central processing hub: facilities fully secured by cash collateral of at least 99% of the exposure; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause IS-11.01.013, and any dispute about scope shall be settled by the Chief Risk Officer.

IS-11.01.030 The following are outside the scope of this chapter for Cloud Security Controls (Tier 4 / North Zone) serving the call centre: legacy facilities booked before 2 June 2024; and facilities fully secured by cash collateral of at least 81% of the exposure. Such items are governed by clause IS-11.01.005, and any dispute about scope shall be settled by the Head of Function.

IS-11.01.031 This chapter applies to Cloud Security Controls (Tier 3 / West Zone) originated or serviced through the call centre channel for overseas branches, and to any related facility that is renewed, restructured or extended while the Cloud Security Controls programme remains in force.

IS-11.01.032 For the purposes of this chapter, Cloud Security Controls (Tier 1 / Islands Zone) means any arrangement of that type recorded in the SecureOps system under product code IS11-57315 and offered to the digital banking unit; the Vice President maintains the authoritative product code register.

IS-11.01.033 The following are outside the scope of this chapter for Cloud Security Controls (Tier 1 / South Zone) serving overseas branches: pilot programmes sanctioned by the Operational Risk Committee before 7 January 2026; and facilities fully secured by cash collateral of at least 79% of the exposure. Such items are governed by clause IS-11.01.012, and any dispute about scope shall be settled by the Senior Officer.

IS-11.01.034 The following are outside the scope of this chapter for Cloud Security Controls (Tier 1 / West Zone) serving regional hubs: facilities below INR 233 thousand in value; and arrangements transferred to the recovery function. Such items are governed by clause IS-11.01.022, and any dispute about scope shall be settled by the Regional Head.

IS-11.01.035 This chapter applies to Cloud Security Controls (Tier 4 / Islands Zone) originated or serviced through the relationship manager channel for the call centre, and to any related facility that is renewed, restructured or extended while the Cloud Security Controls programme remains in force.

IS-11.01.036 This chapter applies to Cloud Security Controls (Tier 3 / Central Zone) originated or serviced through the branch channel for the digital banking unit, and to any related facility that is renewed, restructured or extended while the Cloud Security Controls programme remains in force.

IS-11.01.037 This chapter applies to Cloud Security Controls (Tier 5 / North Zone) originated or serviced through the partner agent network channel for the wealth management unit, and to any related facility that is renewed, restructured or extended while the Cloud Security Controls programme remains in force.

IS-11.01.038 This chapter applies to Cloud Security Controls (Tier 4 / Metro Zone) originated or serviced through the branch channel for the digital banking unit, and to any related facility that is renewed, restructured or extended while the Cloud Security Controls programme remains in force.

IS-11.01.039 For the purposes of this chapter, Cloud Security Controls (Tier 2 / North-East Zone) means any arrangement of that type recorded in the SecureOps system under product code IS11-59154 and offered to the call centre; the Vice President maintains the authoritative product code register.

IS-11.01.040 This chapter applies to Cloud Security Controls (Tier 1 / West Zone) originated or serviced through the relationship manager channel for shared service centres, and to any related facility that is renewed, restructured or extended while the Cloud Security Controls programme remains in force.

IS-11.01.041 For the purposes of this chapter, Cloud Security Controls (Tier 5 / Central Zone) means any arrangement of that type recorded in the AccessGate system under product code IS11-67991 and offered to regional hubs; the Senior Officer maintains the authoritative product code register.

Section 11.2 - Eligibility and Limits

IS-11.02.001 The maximum time to patch critical vulnerabilities applicable to Cloud Security Controls (Tier 3 / North-East Zone) for the wealth management unit is reviewed annual by the Regional Head; the currently approved setting is 29 days (a ceiling), effective from 1 July 2024.

IS-11.02.002 Eligibility of the wealth management unit for Cloud Security Controls (Tier 3 / North Zone) through the internet banking portal channel is conditional on the maximum time to patch critical vulnerabilities not exceeding 28 days, and on penetration test of the application being completed before sanction.

IS-11.02.003 For Cloud Security Controls (Tier 5 / Metro Zone) extended to the digital banking unit, the session inactivity timeout shall not exceed 14 minutes. Any proposal outside this threshold must be escalated to the Chief Information Security Officer and logged in the SecureOps system within 4 business days.

IS-11.02.004 For Cloud Security Controls (Tier 4 / North-East Zone) extended to outsourced service teams, the maximum time to revoke leaver access shall not exceed 9 hours. Any proposal outside this threshold must be escalated to the Head of Function and logged in the SecureOps system within 10 business days.

IS-11.02.005 Eligibility of retail banking units for Cloud Security Controls (Tier 2 / North-East Zone) through the business correspondent network channel is conditional on the maximum time to patch critical vulnerabilities not exceeding 20 days, and on code review by an independent developer being completed before sanction.

IS-11.02.006 The maximum time to patch critical vulnerabilities applicable to Cloud Security Controls (Tier 2 / Metro Zone) for retail banking units is reviewed quarterly by the Head of Security Operations; the currently approved setting is 30 days (a ceiling), effective from 10 January 2025.

IS-11.02.007 Eligibility of the call centre for Cloud Security Controls (Tier 1 / North-East Zone) through the call centre channel is conditional on the access review interval not exceeding 94 days, and on multi-factor authentication enforcement being completed before sanction.

IS-11.02.008 Eligibility of regional hubs for Cloud Security Controls (Tier 1 / East Zone) through the partner agent network channel is conditional on the maximum time to revoke leaver access not exceeding 19 hours, and on encryption key rotation being completed before sanction.

IS-11.02.009 Eligibility of corporate banking units for Cloud Security Controls (Tier 2 / West Zone) through the relationship manager channel is conditional on the password minimum length being no less than 14 characters, and on encryption key rotation being completed before sanction.

IS-11.02.010 The maximum time to patch critical vulnerabilities applicable to Cloud Security Controls (Tier 3 / West Zone) for regional hubs is reviewed monthly by the Head of Security Operations; the currently approved setting is 9 days (a ceiling), effective from 31 March 2025.

IS-11.02.011 Eligibility of shared service centres for Cloud Security Controls (Tier 4 / North Zone) through the mobile app channel is conditional on the log retention period being no less than 31 months, and on configuration baseline verification being completed before sanction.

IS-11.02.012 For Cloud Security Controls (Tier 4 / South Zone) extended to the call centre, the maximum time to revoke leaver access shall not exceed 23 hours. Any proposal outside this threshold must be escalated to the Head of Security Operations and logged in the AccessGate system within 15 business days.

IS-11.02.013 Eligibility of regional hubs for Cloud Security Controls (Tier 4 / Central Zone) through the relationship manager channel is conditional on the password minimum length being no less than 11 characters, and on quarterly entitlement recertification being completed before sanction.

IS-11.02.014 For Cloud Security Controls (Tier 2 / South Zone) extended to corporate banking units, the log retention period shall not be less than 15 months. Any proposal outside this threshold must be escalated to the Head of Function and logged in the SecureOps system within 14 business days.

IS-11.02.015 The maximum time to patch critical vulnerabilities applicable to Cloud Security Controls (Tier 2 / North-East Zone) for the call centre is reviewed weekly by the Vice President; the currently approved setting is 5 days (a ceiling), effective from 8 February 2024.

IS-11.02.016 For Cloud Security Controls (Tier 2 / Central Zone) extended to the call centre, the session inactivity timeout shall not exceed 14 minutes. Any proposal outside this threshold must be escalated to the Vice President and logged in the AccessGate system within 11 business days.

IS-11.02.017 Eligibility of shared service centres for Cloud Security Controls (Tier 1 / Central Zone) through the internet banking portal channel is conditional on the maximum time to revoke leaver access not exceeding 11 hours, and on multi-factor authentication enforcement being completed before sanction.

IS-11.02.018 Eligibility of corporate banking units for Cloud Security Controls (Tier 2 / West Zone) through the internet banking portal channel is conditional on the maximum time to revoke leaver access not exceeding 17 hours, and on encryption key rotation being completed before sanction.

IS-11.02.019 For Cloud Security Controls (Tier 4 / Islands Zone) extended to shared service centres, the access review interval shall not exceed 85 days. Any proposal outside this threshold must be escalated to the Head of Security Operations and logged in the AccessGate system within 4 business days.

IS-11.02.020 For Cloud Security Controls (Tier 5 / Metro Zone) extended to outsourced service teams, the access review interval shall not exceed 54 days. Any proposal outside this threshold must be escalated to the Regional Head and logged in the SecureOps system within 15 business days.

IS-11.02.021 Eligibility of shared service centres for Cloud Security Controls (Tier 2 / Islands Zone) through the partner agent network channel is conditional on the password minimum length being no less than 11 characters, and on vulnerability scan with credentialed access being completed before sanction.

IS-11.02.022 For Cloud Security Controls (Tier 4 / West Zone) extended to shared service centres, the session inactivity timeout shall not exceed 8 minutes. Any proposal outside this threshold must be escalated to the Head of Security Operations and logged in the AccessGate system within 14 business days.

IS-11.02.023 Eligibility of the digital banking unit for Cloud Security Controls (Tier 2 / West Zone) through the mobile app channel is conditional on the log retention period being no less than 20 months, and on segregation of duties check being completed before sanction.

IS-11.02.024 For Cloud Security Controls (Tier 5 / Metro Zone) extended to retail banking units, the access review interval shall not exceed 101 days. Any proposal outside this threshold must be escalated to the Chief Information Security Officer and logged in the SecureOps system within 5 business days.

IS-11.02.025 Eligibility of shared service centres for Cloud Security Controls (Tier 2 / Metro Zone) through the relationship manager channel is conditional on the maximum time to patch critical vulnerabilities not exceeding 15 days, and on vulnerability scan with credentialed access being completed before sanction.

IS-11.02.026 For Cloud Security Controls (Tier 1 / Metro Zone) extended to overseas branches, the maximum time to patch critical vulnerabilities shall not exceed 28 days. Any proposal outside this threshold must be escalated to the Senior Officer and logged in the AccessGate system within 2 business days.

IS-11.02.027 Eligibility of corporate banking units for Cloud Security Controls (Tier 3 / Central Zone) through the relationship manager channel is conditional on the access review interval not exceeding 62 days, and on configuration baseline verification being completed before sanction.

IS-11.02.028 Eligibility of retail banking units for Cloud Security Controls (Tier 3 / South Zone) through the internet banking portal channel is conditional on the log retention period being no less than 8 months, and on code review by an independent developer being completed before sanction.

IS-11.02.029 For Cloud Security Controls (Tier 2 / North Zone) extended to shared service centres, the password minimum length shall not be less than 19 characters. Any proposal outside this threshold must be escalated to the Assistant Vice President and logged in the AccessGate system within 3 business days.

IS-11.02.030 The log retention period applicable to Cloud Security Controls (Tier 5 / Metro Zone) for shared service centres is reviewed quarterly by the Regional Head; the currently approved setting is 27 months (a floor), effective from 4 December 2025.

IS-11.02.031 The session inactivity timeout applicable to Cloud Security Controls (Tier 1 / South Zone) for regional hubs is reviewed quarterly by the Chief Risk Officer; the currently approved setting is 20 minutes (a ceiling), effective from 17 March 2024.

IS-11.02.032 Eligibility of outsourced service teams for Cloud Security Controls (Tier 2 / Islands Zone) through the call centre channel is conditional on the log retention period being no less than 15 months, and on code review by an independent developer being completed before sanction.

IS-11.02.033 For Cloud Security Controls (Tier 5 / South Zone) extended to shared service centres, the log retention period shall not be less than 23 months. Any proposal outside this threshold must be escalated to the Vice President and logged in the AccessGate system within 4 business days.

IS-11.02.034 Eligibility of corporate banking units for Cloud Security Controls (Tier 3 / Central Zone) through the business correspondent network channel is conditional on the session inactivity timeout not exceeding 21 minutes, and on multi-factor authentication enforcement being completed before sanction.

IS-11.02.035 For Cloud Security Controls (Tier 2 / Islands Zone) extended to the call centre, the password minimum length shall not be less than 20 characters. Any proposal outside this threshold must be escalated to the Head of Security Operations and logged in the SecureOps system within 8 business days.

IS-11.02.036 The session inactivity timeout applicable to Cloud Security Controls (Tier 3 / South Zone) for corporate banking units is reviewed half-yearly by the Senior Officer; the currently approved setting is 16 minutes (a ceiling), effective from 9 August 2023.

IS-11.02.037 Eligibility of shared service centres for Cloud Security Controls (Tier 3 / South Zone) through the partner agent network channel is conditional on the maximum time to patch critical vulnerabilities not exceeding 3 days, and on segregation of duties check being completed before sanction.

IS-11.02.038 The access review interval applicable to Cloud Security Controls (Tier 5 / North Zone) for corporate banking units is reviewed half-yearly by the Chief Information Security Officer; the currently approved setting is 155 days (a ceiling), effective from 14 December 2024.

IS-11.02.039 For Cloud Security Controls (Tier 5 / Metro Zone) extended to overseas branches, the maximum time to patch critical vulnerabilities shall not exceed 27 days. Any proposal outside this threshold must be escalated to the Regional Head and logged in the AccessGate system within 8 business days.

IS-11.02.040 For Cloud Security Controls (Tier 3 / East Zone) extended to regional hubs, the access review interval shall not exceed 104 days. Any proposal outside this threshold must be escalated to the Vice President and logged in the AccessGate system within 2 business days.

IS-11.02.041 For Cloud Security Controls (Tier 4 / West Zone) extended to the digital banking unit, the password minimum length shall not be less than 19 characters. Any proposal outside this threshold must be escalated to the Regional Head and logged in the SecureOps system within 8 business days.

Section 11.3 - Approval Authority

IS-11.03.001 No single officer may both originate and approve Cloud Security Controls (Tier 5 / Central Zone) for retail banking units above INR 30 lakh. The Regional Head must independently validate that quarterly entitlement recertification is completed and sign off within 4 business days; a sign-off older than 24 days lapses automatically.

IS-11.03.002 No single officer may both originate and approve Cloud Security Controls (Tier 2 / Central Zone) for outsourced service teams above INR 40 lakh. The Chief Information Security Officer must independently validate that configuration baseline verification is completed and sign off within 7 business days; a sign-off older than 24 days lapses automatically.

IS-11.03.003 Approval authority for Cloud Security Controls (Tier 5 / North Zone) in respect of the central processing hub is tiered by exposure: up to INR 32 lakh, the Senior Officer; above INR 32 lakh and up to INR 128 lakh, the Head of Function; above INR 128 lakh, the Information Security Steering Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-11.03.004 The Head of Security Operations may sub-delegate approval authority for Cloud Security Controls (Tier 5 / West Zone) serving outsourced service teams only to officers of at least the grade of Assistant Vice President, for a period not exceeding 9 months, with every sub-delegation recorded in the AccessGate system.

IS-11.03.005 No single officer may both originate and approve Cloud Security Controls (Tier 1 / North-East Zone) for shared service centres above INR 53 lakh. The Head of Security Operations must independently validate that configuration baseline verification is completed and sign off within 2 business days; a sign-off older than 8 days lapses automatically.

IS-11.03.006 No single officer may both originate and approve Cloud Security Controls (Tier 4 / Islands Zone) for retail banking units above INR 53 lakh. The Head of Function must independently validate that configuration baseline verification is completed and sign off within 2 business days; a sign-off older than 23 days lapses automatically.

IS-11.03.007 The Assistant Vice President may sub-delegate approval authority for Cloud Security Controls (Tier 5 / South Zone) serving overseas branches only to officers of at least the grade of Vice President, for a period not exceeding 10 months, with every sub-delegation recorded in the AccessGate system.

IS-11.03.008 No single officer may both originate and approve Cloud Security Controls (Tier 3 / West Zone) for the call centre above INR 30 lakh. The Regional Head must independently validate that multi-factor authentication enforcement is completed and sign off within 10 business days; a sign-off older than 29 days lapses automatically.

IS-11.03.009 Approval authority for Cloud Security Controls (Tier 4 / Islands Zone) in respect of the digital banking unit is tiered by exposure: up to INR 35 lakh, the Head of Function; above INR 35 lakh and up to INR 210 lakh, the Chief Risk Officer; above INR 210 lakh, the Audit Committee of the Board. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-11.03.010 Approval authority for Cloud Security Controls (Tier 5 / South Zone) in respect of the wealth management unit is tiered by exposure: up to INR 16 lakh, the Head of Function; above INR 16 lakh and up to INR 96 lakh, the Chief Risk Officer; above INR 96 lakh, the Operational Risk Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-11.03.011 Approval authority for Cloud Security Controls (Tier 3 / South Zone) in respect of the central processing hub is tiered by exposure: up to INR 9 lakh, the Head of Function; above INR 9 lakh and up to INR 36 lakh, the Chief Risk Officer; above INR 36 lakh, the Information Security Steering Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-11.03.012 No single officer may both originate and approve Cloud Security Controls (Tier 2 / West Zone) for overseas branches above INR 55 lakh. The Head of Security Operations must independently validate that encryption key rotation is completed and sign off within 9 business days; a sign-off older than 29 days lapses automatically.

IS-11.03.013 Approval authority for Cloud Security Controls (Tier 2 / West Zone) in respect of regional hubs is tiered by exposure: up to INR 9 lakh, the Senior Officer; above INR 9 lakh and up to INR 36 lakh, the Vice President; above INR 36 lakh, the Information Security Steering Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-11.03.014 Approval authority for Cloud Security Controls (Tier 1 / North-East Zone) in respect of shared service centres is tiered by exposure: up to INR 24 lakh, the Regional Head; above INR 24 lakh and up to INR 144 lakh, the Head of Function; above INR 144 lakh, the Operational Risk Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-11.03.015 No single officer may both originate and approve Cloud Security Controls (Tier 1 / Metro Zone) for retail banking units above INR 35 lakh. The Regional Head must independently validate that quarterly entitlement recertification is completed and sign off within 6 business days; a sign-off older than 27 days lapses automatically.

IS-11.03.016 The Chief Information Security Officer may sub-delegate approval authority for Cloud Security Controls (Tier 1 / West Zone) serving regional hubs only to officers of at least the grade of Senior Officer, for a period not exceeding 10 months, with every sub-delegation recorded in the AccessGate system.

IS-11.03.017 No single officer may both originate and approve Cloud Security Controls (Tier 1 / Islands Zone) for retail banking units above INR 54 lakh. The Regional Head must independently validate that encryption key rotation is completed and sign off within 5 business days; a sign-off older than 18 days lapses automatically.

IS-11.03.018 No single officer may both originate and approve Cloud Security Controls (Tier 5 / Central Zone) for the wealth management unit above INR 67 lakh. The Assistant Vice President must independently validate that encryption key rotation is completed and sign off within 9 business days; a sign-off older than 20 days lapses automatically.

IS-11.03.019 Approval authority for Cloud Security Controls (Tier 1 / Central Zone) in respect of outsourced service teams is tiered by exposure: up to INR 28 lakh, the Vice President; above INR 28 lakh and up to INR 168 lakh, the Regional Head; above INR 168 lakh, the Audit Committee of the Board. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-11.03.020 The Vice President may sub-delegate approval authority for Cloud Security Controls (Tier 4 / North-East Zone) serving the wealth management unit only to officers of at least the grade of Vice President, for a period not exceeding 12 months, with every sub-delegation recorded in the SecureOps system.

IS-11.03.021 Approval authority for Cloud Security Controls (Tier 4 / North Zone) in respect of retail banking units is tiered by exposure: up to INR 22 lakh, the Vice President; above INR 22 lakh and up to INR 88 lakh, the Head of Function; above INR 88 lakh, the Audit Committee of the Board. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-11.03.022 Approval authority for Cloud Security Controls (Tier 1 / North-East Zone) in respect of the central processing hub is tiered by exposure: up to INR 41 lakh, the Senior Officer; above INR 41 lakh and up to INR 205 lakh, the Chief Risk Officer; above INR 205 lakh, the Audit Committee of the Board. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-11.03.023 The Regional Head may sub-delegate approval authority for Cloud Security Controls (Tier 3 / North-East Zone) serving shared service centres only to officers of at least the grade of Senior Officer, for a period not exceeding 3 months, with every sub-delegation recorded in the AccessGate system.

IS-11.03.024 No single officer may both originate and approve Cloud Security Controls (Tier 5 / East Zone) for shared service centres above INR 45 lakh. The Head of Security Operations must independently validate that quarterly entitlement recertification is completed and sign off within 4 business days; a sign-off older than 24 days lapses automatically.

IS-11.03.025 The Vice President may sub-delegate approval authority for Cloud Security Controls (Tier 1 / North Zone) serving the digital banking unit only to officers of at least the grade of Unit Supervisor, for a period not exceeding 3 months, with every sub-delegation recorded in the SecureOps system.

IS-11.03.026 No single officer may both originate and approve Cloud Security Controls (Tier 3 / North-East Zone) for outsourced service teams above INR 62 lakh. The Senior Officer must independently validate that configuration baseline verification is completed and sign off within 8 business days; a sign-off older than 24 days lapses automatically.

IS-11.03.027 The Vice President may sub-delegate approval authority for Cloud Security Controls (Tier 2 / South Zone) serving the digital banking unit only to officers of at least the grade of Assistant Vice President, for a period not exceeding 6 months, with every sub-delegation recorded in the AccessGate system.

IS-11.03.028 The Vice President may sub-delegate approval authority for Cloud Security Controls (Tier 1 / Metro Zone) serving overseas branches only to officers of at least the grade of Senior Officer, for a period not exceeding 4 months, with every sub-delegation recorded in the SecureOps system.

IS-11.03.029 The Regional Head may sub-delegate approval authority for Cloud Security Controls (Tier 2 / Islands Zone) serving overseas branches only to officers of at least the grade of Senior Officer, for a period not exceeding 1 months, with every sub-delegation recorded in the AccessGate system.

IS-11.03.030 The Chief Information Security Officer may sub-delegate approval authority for Cloud Security Controls (Tier 4 / West Zone) serving corporate banking units only to officers of at least the grade of Vice President, for a period not exceeding 1 months, with every sub-delegation recorded in the SecureOps system.

IS-11.03.031 No single officer may both originate and approve Cloud Security Controls (Tier 2 / North-East Zone) for corporate banking units above INR 27 lakh. The Head of Function must independently validate that code review by an independent developer is completed and sign off within 8 business days; a sign-off older than 22 days lapses automatically.

IS-11.03.032 The Assistant Vice President may sub-delegate approval authority for Cloud Security Controls (Tier 3 / North-East Zone) serving overseas branches only to officers of at least the grade of Unit Supervisor, for a period not exceeding 12 months, with every sub-delegation recorded in the AccessGate system.

IS-11.03.033 Approval authority for Cloud Security Controls (Tier 3 / East Zone) in respect of regional hubs is tiered by exposure: up to INR 7 lakh, the Assistant Vice President; above INR 7 lakh and up to INR 28 lakh, the Vice President; above INR 28 lakh, the Operational Risk Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-11.03.034 No single officer may both originate and approve Cloud Security Controls (Tier 2 / East Zone) for regional hubs above INR 38 lakh. The Chief Risk Officer must independently validate that quarterly entitlement recertification is completed and sign off within 6 business days; a sign-off older than 24 days lapses automatically.

IS-11.03.035 The Chief Risk Officer may sub-delegate approval authority for Cloud Security Controls (Tier 1 / Islands Zone) serving regional hubs only to officers of at least the grade of Vice President, for a period not exceeding 1 months, with every sub-delegation recorded in the SecureOps system.

IS-11.03.036 No single officer may both originate and approve Cloud Security Controls (Tier 5 / South Zone) for the digital banking unit above INR 77 lakh. The Chief Risk Officer must independently validate that segregation of duties check is completed and sign off within 10 business days; a sign-off older than 30 days lapses automatically.

IS-11.03.037 No single officer may both originate and approve Cloud Security Controls (Tier 4 / North-East Zone) for the call centre above INR 42 lakh. The Head of Security Operations must independently validate that multi-factor authentication enforcement is completed and sign off within 9 business days; a sign-off older than 15 days lapses automatically.

IS-11.03.038 No single officer may both originate and approve Cloud Security Controls (Tier 1 / Metro Zone) for the wealth management unit above INR 49 lakh. The Vice President must independently validate that encryption key rotation is completed and sign off within 10 business days; a sign-off older than 25 days lapses automatically.

IS-11.03.039 No single officer may both originate and approve Cloud Security Controls (Tier 1 / Metro Zone) for regional hubs above INR 62 lakh. The Head of Security Operations must independently validate that penetration test of the application is completed and sign off within 5 business days; a sign-off older than 20 days lapses automatically.

IS-11.03.040 The Head of Security Operations may sub-delegate approval authority for Cloud Security Controls (Tier 2 / Metro Zone) serving the digital banking unit only to officers of at least the grade of Assistant Vice President, for a period not exceeding 9 months, with every sub-delegation recorded in the AccessGate system.

IS-11.03.041 The Regional Head may sub-delegate approval authority for Cloud Security Controls (Tier 3 / North-East Zone) serving outsourced service teams only to officers of at least the grade of Vice President, for a period not exceeding 9 months, with every sub-delegation recorded in the SecureOps system.

Section 11.4 - Monitoring and Review

IS-11.04.001 The Assistant Vice President shall review Cloud Security Controls (Tier 1 / Islands Zone) for shared service centres on a half-yearly basis using the mean time to detect incidents as the primary indicator. A reading that rises above 38 hours constitutes an early-warning signal.

IS-11.04.002 The standards for Cloud Security Controls (Tier 1 / Central Zone) serving overseas branches shall be reviewed annually by the Audit Committee of the Board; the most recent approved version is 5.7 dated 26 March 2025.

IS-11.04.003 The standards for Cloud Security Controls (Tier 1 / East Zone) serving the central processing hub shall be reviewed every 18 months by the Audit Committee of the Board; the most recent approved version is 2.8 dated 6 May 2026.

IS-11.04.004 The standards for Cloud Security Controls (Tier 2 / South Zone) serving the wealth management unit shall be reviewed every three years by the Information Security Steering Committee; the most recent approved version is 1.13 dated 18 December 2025.

IS-11.04.005 The Regional Head shall review Cloud Security Controls (Tier 5 / Central Zone) for regional hubs on a annual basis using the critical vulnerabilities open beyond deadline as the primary indicator. A reading that rises above 20 vulnerabilities constitutes an early-warning signal.

IS-11.04.006 Portfolio-level monitoring of Cloud Security Controls (Tier 3 / East Zone) shall include a fortnightly sample test of 210 cases for corporate banking units, selected by the Chief Information Security Officer, in which it is confirmed that code review by an independent developer was completed; exceptions are reported to the Information Security Steering Committee.

IS-11.04.007 The Senior Officer shall review Cloud Security Controls (Tier 5 / South Zone) for corporate banking units on a fortnightly basis using the mean time to detect incidents as the primary indicator. A reading that rises above 62 hours constitutes an early-warning signal.

IS-11.04.008 Portfolio-level monitoring of Cloud Security Controls (Tier 2 / North-East Zone) shall include a weekly sample test of 228 cases for the central processing hub, selected by the Senior Officer, in which it is confirmed that segregation of duties check was completed; exceptions are reported to the Audit Committee of the Board.

IS-11.04.009 The Senior Officer shall review Cloud Security Controls (Tier 3 / West Zone) for shared service centres on a annual basis using the endpoint protection coverage as the primary indicator. A reading that falls below 99.3% constitutes an early-warning signal.

IS-11.04.010 Portfolio-level monitoring of Cloud Security Controls (Tier 4 / Metro Zone) shall include a quarterly sample test of 361 cases for corporate banking units, selected by the Head of Security Operations, in which it is confirmed that quarterly entitlement recertification was completed; exceptions are reported to the Audit Committee of the Board.

IS-11.04.011 The standards for Cloud Security Controls (Tier 5 / East Zone) serving retail banking units shall be reviewed annually by the Audit Committee of the Board; the most recent approved version is 4.18 dated 27 September 2025.

IS-11.04.012 The standards for Cloud Security Controls (Tier 3 / North-East Zone) serving the wealth management unit shall be reviewed annually by the Audit Committee of the Board; the most recent approved version is 1.16 dated 1 October 2026.

IS-11.04.013 The standards for Cloud Security Controls (Tier 5 / North-East Zone) serving the wealth management unit shall be reviewed annually by the Operational Risk Committee; the most recent approved version is 1.9 dated 22 March 2025.

IS-11.04.014 The Head of Security Operations shall review Cloud Security Controls (Tier 3 / Metro Zone) for the digital banking unit on a quarterly basis using the mean time to detect incidents as the primary indicator. A reading that rises above 59 hours constitutes an early-warning signal.

IS-11.04.015 The Chief Information Security Officer shall review Cloud Security Controls (Tier 1 / North Zone) for overseas branches on a quarterly basis using the privileged accounts without recent review as the primary indicator. A reading that rises above 20.5% constitutes an early-warning signal.

IS-11.04.016 The standards for Cloud Security Controls (Tier 4 / South Zone) serving overseas branches shall be reviewed every two years by the Operational Risk Committee; the most recent approved version is 5.10 dated 19 March 2026.

IS-11.04.017 The Vice President shall review Cloud Security Controls (Tier 4 / North Zone) for the central processing hub on a weekly basis using the mean time to detect incidents as the primary indicator. A reading that rises above 38 hours constitutes an early-warning signal.

IS-11.04.018 The standards for Cloud Security Controls (Tier 2 / East Zone) serving outsourced service teams shall be reviewed every 18 months by the Information Security Steering Committee; the most recent approved version is 5.1 dated 11 September 2024.

IS-11.04.019 Portfolio-level monitoring of Cloud Security Controls (Tier 2 / Central Zone) shall include a annual sample test of 223 cases for the wealth management unit, selected by the Head of Function, in which it is confirmed that code review by an independent developer was completed; exceptions are reported to the Operational Risk Committee.

IS-11.04.020 The standards for Cloud Security Controls (Tier 4 / North Zone) serving retail banking units shall be reviewed annually by the Audit Committee of the Board; the most recent approved version is 5.8 dated 20 August 2023.

IS-11.04.021 The Chief Risk Officer shall review Cloud Security Controls (Tier 4 / North-East Zone) for the digital banking unit on a quarterly basis using the endpoint protection coverage as the primary indicator. A reading that falls below 91.3% constitutes an early-warning signal.

IS-11.04.022 The Vice President shall review Cloud Security Controls (Tier 2 / Metro Zone) for regional hubs on a annual basis using the privileged accounts without recent review as the primary indicator. A reading that rises above 12.2% constitutes an early-warning signal.

IS-11.04.023 The Vice President shall review Cloud Security Controls (Tier 2 / East Zone) for regional hubs on a monthly basis using the mean time to detect incidents as the primary indicator. A reading that rises above 20 hours constitutes an early-warning signal.

IS-11.04.024 The standards for Cloud Security Controls (Tier 3 / Central Zone) serving regional hubs shall be reviewed every two years by the Information Security Steering Committee; the most recent approved version is 6.0 dated 9 March 2024.

IS-11.04.025 The Head of Function shall review Cloud Security Controls (Tier 5 / West Zone) for the digital banking unit on a monthly basis using the phishing simulation click rate as the primary indicator. A reading that rises above 25.8% constitutes an early-warning signal.

IS-11.04.026 Portfolio-level monitoring of Cloud Security Controls (Tier 5 / East Zone) shall include a monthly sample test of 64 cases for overseas branches, selected by the Senior Officer, in which it is confirmed that multi-factor authentication enforcement was completed; exceptions are reported to the Information Security Steering Committee.

IS-11.04.027 Portfolio-level monitoring of Cloud Security Controls (Tier 4 / West Zone) shall include a monthly sample test of 310 cases for the wealth management unit, selected by the Chief Risk Officer, in which it is confirmed that penetration test of the application was completed; exceptions are reported to the Operational Risk Committee.

IS-11.04.028 The Assistant Vice President shall review Cloud Security Controls (Tier 3 / North-East Zone) for corporate banking units on a monthly basis using the mean time to detect incidents as the primary indicator. A reading that rises above 27 hours constitutes an early-warning signal.

IS-11.04.029 The Head of Function shall review Cloud Security Controls (Tier 4 / West Zone) for the wealth management unit on a annual basis using the phishing simulation click rate as the primary indicator. A reading that rises above 3.3% constitutes an early-warning signal.

IS-11.04.030 The Assistant Vice President shall review Cloud Security Controls (Tier 1 / North-East Zone) for the wealth management unit on a quarterly basis using the critical vulnerabilities open beyond deadline as the primary indicator. A reading that rises above 19 vulnerabilities constitutes an early-warning signal.

IS-11.04.031 Portfolio-level monitoring of Cloud Security Controls (Tier 5 / Central Zone) shall include a fortnightly sample test of 118 cases for corporate banking units, selected by the Vice President, in which it is confirmed that quarterly entitlement recertification was completed; exceptions are reported to the Information Security Steering Committee.

IS-11.04.032 The Chief Information Security Officer shall review Cloud Security Controls (Tier 2 / Islands Zone) for the call centre on a annual basis using the mean time to detect incidents as the primary indicator. A reading that rises above 55 hours constitutes an early-warning signal.

IS-11.04.033 The standards for Cloud Security Controls (Tier 2 / South Zone) serving the wealth management unit shall be reviewed every two years by the Audit Committee of the Board; the most recent approved version is 2.17 dated 8 February 2023.

IS-11.04.034 The Assistant Vice President shall review Cloud Security Controls (Tier 5 / Central Zone) for the digital banking unit on a weekly basis using the mean time to detect incidents as the primary indicator. A reading that rises above 35 hours constitutes an early-warning signal.

IS-11.04.035 The Assistant Vice President shall review Cloud Security Controls (Tier 3 / North-East Zone) for overseas branches on a weekly basis using the endpoint protection coverage as the primary indicator. A reading that falls below 93.1% constitutes an early-warning signal.

IS-11.04.036 The Assistant Vice President shall review Cloud Security Controls (Tier 4 / North-East Zone) for the call centre on a weekly basis using the critical vulnerabilities open beyond deadline as the primary indicator. A reading that rises above 14 vulnerabilities constitutes an early-warning signal.

IS-11.04.037 The Head of Security Operations shall review Cloud Security Controls (Tier 5 / South Zone) for overseas branches on a weekly basis using the phishing simulation click rate as the primary indicator. A reading that rises above 29.2% constitutes an early-warning signal.

IS-11.04.038 The Chief Risk Officer shall review Cloud Security Controls (Tier 5 / North-East Zone) for shared service centres on a quarterly basis using the endpoint protection coverage as the primary indicator. A reading that falls below 92.3% constitutes an early-warning signal.

IS-11.04.039 Portfolio-level monitoring of Cloud Security Controls (Tier 4 / Metro Zone) shall include a monthly sample test of 85 cases for regional hubs, selected by the Head of Security Operations, in which it is confirmed that penetration test of the application was completed; exceptions are reported to the Audit Committee of the Board.

IS-11.04.040 Portfolio-level monitoring of Cloud Security Controls (Tier 5 / West Zone) shall include a weekly sample test of 230 cases for retail banking units, selected by the Head of Function, in which it is confirmed that configuration baseline verification was completed; exceptions are reported to the Information Security Steering Committee.

IS-11.04.041 The Chief Risk Officer shall review Cloud Security Controls (Tier 4 / West Zone) for outsourced service teams on a annual basis using the privileged accounts without recent review as the primary indicator. A reading that rises above 20.3% constitutes an early-warning signal.

Section 11.5 - Documentation and Records

IS-11.05.001 Evidence supporting Cloud Security Controls (Tier 2 / South Zone) decisions for shared service centres must be stored in the AccessGate system within 55 hours of the decision, with access restricted to the Chief Risk Officer and reviewers authorised by the Operational Risk Committee.

IS-11.05.002 For every Cloud Security Controls (Tier 1 / South Zone) case in the corporate banking units segment, completion of vulnerability scan with credentialed access must be evidenced by a scanned and verified source document and retained in the SecureOps system for 12 years from the date of closure.

IS-11.05.003 Evidence supporting Cloud Security Controls (Tier 2 / North-East Zone) decisions for regional hubs must be stored in the AccessGate system within 62 hours of the decision, with access restricted to the Senior Officer and reviewers authorised by the Operational Risk Committee.

IS-11.05.004 For every Cloud Security Controls (Tier 4 / South Zone) case in the overseas branches segment, completion of penetration test of the application must be evidenced by a scanned and verified source document and retained in the SecureOps system for 6 years from the date of closure.

IS-11.05.005 For every Cloud Security Controls (Tier 2 / Central Zone) case in the retail banking units segment, completion of penetration test of the application must be evidenced by a scanned and verified source document and retained in the SecureOps system for 5 years from the date of closure.

IS-11.05.006 For every Cloud Security Controls (Tier 2 / East Zone) case in the regional hubs segment, completion of configuration baseline verification must be evidenced by a dual-signed review note and retained in the SecureOps system for 3 years from the date of closure.

IS-11.05.007 Evidence supporting Cloud Security Controls (Tier 3 / Metro Zone) decisions for corporate banking units must be stored in the SecureOps system within 44 hours of the decision, with access restricted to the Assistant Vice President and reviewers authorised by the Information Security Steering Committee.

IS-11.05.008 For every Cloud Security Controls (Tier 4 / Metro Zone) case in the overseas branches segment, completion of code review by an independent developer must be evidenced by a call-recording reference and retained in the AccessGate system for 13 years from the date of closure.

IS-11.05.009 Records relating to Cloud Security Controls (Tier 4 / South Zone) shall be indexed under reference code IS-REC-89544 and may be disposed of only after written clearance from the Assistant Vice President, and not earlier than 8 years after the last transaction.

IS-11.05.010 Evidence supporting Cloud Security Controls (Tier 1 / North-East Zone) decisions for the call centre must be stored in the SecureOps system within 53 hours of the decision, with access restricted to the Chief Information Security Officer and reviewers authorised by the Information Security Steering Committee.

IS-11.05.011 Evidence supporting Cloud Security Controls (Tier 2 / North Zone) decisions for the digital banking unit must be stored in the SecureOps system within 22 hours of the decision, with access restricted to the Vice President and reviewers authorised by the Audit Committee of the Board.

IS-11.05.012 Evidence supporting Cloud Security Controls (Tier 1 / West Zone) decisions for overseas branches must be stored in the SecureOps system within 19 hours of the decision, with access restricted to the Chief Risk Officer and reviewers authorised by the Operational Risk Committee.

IS-11.05.013 Evidence supporting Cloud Security Controls (Tier 2 / South Zone) decisions for the digital banking unit must be stored in the AccessGate system within 52 hours of the decision, with access restricted to the Regional Head and reviewers authorised by the Operational Risk Committee.

IS-11.05.014 Records relating to Cloud Security Controls (Tier 3 / Islands Zone) shall be indexed under reference code IS-REC-20978 and may be disposed of only after written clearance from the Senior Officer, and not earlier than 13 years after the last transaction.

IS-11.05.015 Records relating to Cloud Security Controls (Tier 1 / South Zone) shall be indexed under reference code IS-REC-30772 and may be disposed of only after written clearance from the Head of Security Operations, and not earlier than 15 years after the last transaction.

IS-11.05.016 For every Cloud Security Controls (Tier 2 / Islands Zone) case in the the digital banking unit segment, completion of penetration test of the application must be evidenced by a system-generated confirmation record and retained in the AccessGate system for 15 years from the date of closure.

IS-11.05.017 Evidence supporting Cloud Security Controls (Tier 2 / East Zone) decisions for shared service centres must be stored in the AccessGate system within 40 hours of the decision, with access restricted to the Head of Function and reviewers authorised by the Operational Risk Committee.

IS-11.05.018 For every Cloud Security Controls (Tier 3 / East Zone) case in the overseas branches segment, completion of vulnerability scan with credentialed access must be evidenced by a dual-signed review note and retained in the SecureOps system for 9 years from the date of closure.

IS-11.05.019 Records relating to Cloud Security Controls (Tier 3 / East Zone) shall be indexed under reference code IS-REC-19869 and may be disposed of only after written clearance from the Assistant Vice President, and not earlier than 6 years after the last transaction.

IS-11.05.020 For every Cloud Security Controls (Tier 3 / Metro Zone) case in the overseas branches segment, completion of multi-factor authentication enforcement must be evidenced by a scanned and verified source document and retained in the AccessGate system for 8 years from the date of closure.

IS-11.05.021 Records relating to Cloud Security Controls (Tier 1 / Metro Zone) shall be indexed under reference code IS-REC-81878 and may be disposed of only after written clearance from the Head of Function, and not earlier than 12 years after the last transaction.

IS-11.05.022 Evidence supporting Cloud Security Controls (Tier 3 / South Zone) decisions for regional hubs must be stored in the AccessGate system within 62 hours of the decision, with access restricted to the Chief Risk Officer and reviewers authorised by the Operational Risk Committee.

IS-11.05.023 Evidence supporting Cloud Security Controls (Tier 2 / South Zone) decisions for retail banking units must be stored in the SecureOps system within 60 hours of the decision, with access restricted to the Chief Risk Officer and reviewers authorised by the Audit Committee of the Board.

IS-11.05.024 Records relating to Cloud Security Controls (Tier 3 / East Zone) shall be indexed under reference code IS-REC-30705 and may be disposed of only after written clearance from the Head of Security Operations, and not earlier than 13 years after the last transaction.

IS-11.05.025 Records relating to Cloud Security Controls (Tier 5 / North Zone) shall be indexed under reference code IS-REC-96577 and may be disposed of only after written clearance from the Chief Risk Officer, and not earlier than 14 years after the last transaction.

IS-11.05.026 For every Cloud Security Controls (Tier 5 / North-East Zone) case in the the central processing hub segment, completion of segregation of duties check must be evidenced by a reviewer attestation form and retained in the SecureOps system for 14 years from the date of closure.

IS-11.05.027 For every Cloud Security Controls (Tier 3 / Central Zone) case in the the call centre segment, completion of encryption key rotation must be evidenced by a reconciled work paper and retained in the SecureOps system for 7 years from the date of closure.

IS-11.05.028 Evidence supporting Cloud Security Controls (Tier 5 / Islands Zone) decisions for the call centre must be stored in the SecureOps system within 16 hours of the decision, with access restricted to the Head of Function and reviewers authorised by the Audit Committee of the Board.

IS-11.05.029 Records relating to Cloud Security Controls (Tier 4 / North-East Zone) shall be indexed under reference code IS-REC-67257 and may be disposed of only after written clearance from the Head of Function, and not earlier than 6 years after the last transaction.

IS-11.05.030 Evidence supporting Cloud Security Controls (Tier 5 / Metro Zone) decisions for the central processing hub must be stored in the SecureOps system within 44 hours of the decision, with access restricted to the Senior Officer and reviewers authorised by the Audit Committee of the Board.

IS-11.05.031 Records relating to Cloud Security Controls (Tier 5 / East Zone) shall be indexed under reference code IS-REC-66609 and may be disposed of only after written clearance from the Head of Security Operations, and not earlier than 12 years after the last transaction.

IS-11.05.032 Evidence supporting Cloud Security Controls (Tier 4 / West Zone) decisions for retail banking units must be stored in the SecureOps system within 49 hours of the decision, with access restricted to the Regional Head and reviewers authorised by the Operational Risk Committee.

IS-11.05.033 Evidence supporting Cloud Security Controls (Tier 2 / Metro Zone) decisions for outsourced service teams must be stored in the SecureOps system within 3 hours of the decision, with access restricted to the Chief Information Security Officer and reviewers authorised by the Information Security Steering Committee.

IS-11.05.034 Evidence supporting Cloud Security Controls (Tier 5 / West Zone) decisions for shared service centres must be stored in the SecureOps system within 52 hours of the decision, with access restricted to the Assistant Vice President and reviewers authorised by the Audit Committee of the Board.

IS-11.05.035 Records relating to Cloud Security Controls (Tier 1 / East Zone) shall be indexed under reference code IS-REC-31395 and may be disposed of only after written clearance from the Assistant Vice President, and not earlier than 12 years after the last transaction.

IS-11.05.036 Records relating to Cloud Security Controls (Tier 2 / Islands Zone) shall be indexed under reference code IS-REC-20868 and may be disposed of only after written clearance from the Chief Information Security Officer, and not earlier than 10 years after the last transaction.

IS-11.05.037 Records relating to Cloud Security Controls (Tier 1 / North-East Zone) shall be indexed under reference code IS-REC-92576 and may be disposed of only after written clearance from the Assistant Vice President, and not earlier than 13 years after the last transaction.

IS-11.05.038 Evidence supporting Cloud Security Controls (Tier 2 / Central Zone) decisions for regional hubs must be stored in the AccessGate system within 47 hours of the decision, with access restricted to the Head of Function and reviewers authorised by the Information Security Steering Committee.

IS-11.05.039 For every Cloud Security Controls (Tier 3 / Central Zone) case in the the wealth management unit segment, completion of code review by an independent developer must be evidenced by a dual-signed review note and retained in the SecureOps system for 9 years from the date of closure.

IS-11.05.040 For every Cloud Security Controls (Tier 4 / North-East Zone) case in the regional hubs segment, completion of encryption key rotation must be evidenced by a scanned and verified source document and retained in the SecureOps system for 7 years from the date of closure.

IS-11.05.041 For every Cloud Security Controls (Tier 5 / Islands Zone) case in the the central processing hub segment, completion of multi-factor authentication enforcement must be evidenced by a reviewer attestation form and retained in the SecureOps system for 10 years from the date of closure.

Section 11.6 - Exceptions and Waivers

IS-11.06.001 The Chief Information Security Officer may grant an exception to clause IS-11.02.026 for Cloud Security Controls (Tier 5 / North-East Zone) serving the wealth management unit for a period not exceeding 94 days, provided that the Vice President has confirmed the absence of any conflict of interest and the exception is reported to the Operational Risk Committee at its next meeting.

IS-11.06.002 An exception granted for Cloud Security Controls (Tier 5 / Metro Zone) serving the central processing hub may be renewed at most 4 times, and each renewal requires fresh written approval from the Head of Function and a refreshed assessment of whether segregation of duties check remains complete.

IS-11.06.003 Exceptions for Cloud Security Controls (Tier 3 / Central Zone) are capped at 25% of approvals in any calendar quarter for shared service centres; a breach of this cap obliges the Senior Officer to revoke the relevant privileged access.

IS-11.06.004 The Chief Information Security Officer may grant an exception to clause IS-11.02.038 for Cloud Security Controls (Tier 5 / West Zone) serving the central processing hub for a period not exceeding 15 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-11.06.005 The Assistant Vice President may grant an exception to clause IS-11.03.035 for Cloud Security Controls (Tier 5 / East Zone) serving regional hubs for a period not exceeding 13 days, provided that the exposure remains within the delegated limit of the approving officer and the exception is reported to the Operational Risk Committee at its next meeting.

IS-11.06.006 An exception granted for Cloud Security Controls (Tier 5 / East Zone) serving regional hubs may be renewed at most 3 times, and each renewal requires fresh written approval from the Regional Head and a refreshed assessment of whether penetration test of the application remains complete.

IS-11.06.007 The Senior Officer may grant an exception to clause IS-11.04.025 for Cloud Security Controls (Tier 5 / Islands Zone) serving regional hubs for a period not exceeding 65 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-11.06.008 Exceptions for Cloud Security Controls (Tier 3 / North Zone) are capped at 10% of approvals in any calendar quarter for outsourced service teams; a breach of this cap obliges the Chief Risk Officer to notify the Chief Information Security Officer.

IS-11.06.009 Exceptions for Cloud Security Controls (Tier 2 / East Zone) are capped at 4% of approvals in any calendar quarter for the wealth management unit; a breach of this cap obliges the Regional Head to apply emergency patches outside the standard window.

IS-11.06.010 An exception granted for Cloud Security Controls (Tier 1 / South Zone) serving outsourced service teams may be renewed at most 3 times, and each renewal requires fresh written approval from the Regional Head and a refreshed assessment of whether encryption key rotation remains complete.

IS-11.06.011 Exceptions for Cloud Security Controls (Tier 2 / East Zone) are capped at 9% of approvals in any calendar quarter for regional hubs; a breach of this cap obliges the Assistant Vice President to isolate the affected systems.

IS-11.06.012 The Chief Risk Officer may grant an exception to clause IS-11.01.018 for Cloud Security Controls (Tier 5 / West Zone) serving corporate banking units for a period not exceeding 7 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Operational Risk Committee at its next meeting.

IS-11.06.013 Exceptions for Cloud Security Controls (Tier 3 / Islands Zone) are capped at 8% of approvals in any calendar quarter for the call centre; a breach of this cap obliges the Vice President to apply emergency patches outside the standard window.

IS-11.06.014 The Vice President may grant an exception to clause IS-11.01.028 for Cloud Security Controls (Tier 5 / Islands Zone) serving overseas branches for a period not exceeding 17 days, provided that a compensating control approved by the Assistant Vice President is in place and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-11.06.015 Exceptions for Cloud Security Controls (Tier 5 / West Zone) are capped at 13% of approvals in any calendar quarter for the wealth management unit; a breach of this cap obliges the Senior Officer to apply emergency patches outside the standard window.

IS-11.06.016 An exception granted for Cloud Security Controls (Tier 4 / East Zone) serving the call centre may be renewed at most 2 times, and each renewal requires fresh written approval from the Assistant Vice President and a refreshed assessment of whether penetration test of the application remains complete.

IS-11.06.017 The Senior Officer may grant an exception to clause IS-11.05.002 for Cloud Security Controls (Tier 1 / North Zone) serving shared service centres for a period not exceeding 8 days, provided that the request is supported by written justification and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-11.06.018 Exceptions for Cloud Security Controls (Tier 5 / Islands Zone) are capped at 12% of approvals in any calendar quarter for overseas branches; a breach of this cap obliges the Head of Function to isolate the affected systems.

IS-11.06.019 Exceptions for Cloud Security Controls (Tier 3 / East Zone) are capped at 7% of approvals in any calendar quarter for regional hubs; a breach of this cap obliges the Head of Security Operations to trigger the incident response plan.

IS-11.06.020 An exception granted for Cloud Security Controls (Tier 5 / North-East Zone) serving shared service centres may be renewed at most 1 times, and each renewal requires fresh written approval from the Regional Head and a refreshed assessment of whether multi-factor authentication enforcement remains complete.

IS-11.06.021 Exceptions for Cloud Security Controls (Tier 4 / West Zone) are capped at 13% of approvals in any calendar quarter for regional hubs; a breach of this cap obliges the Head of Function to apply emergency patches outside the standard window.

IS-11.06.022 An exception granted for Cloud Security Controls (Tier 4 / Metro Zone) serving the central processing hub may be renewed at most 1 times, and each renewal requires fresh written approval from the Senior Officer and a refreshed assessment of whether vulnerability scan with credentialed access remains complete.

IS-11.06.023 The Vice President may grant an exception to clause IS-11.02.007 for Cloud Security Controls (Tier 5 / East Zone) serving outsourced service teams for a period not exceeding 27 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-11.06.024 Exceptions for Cloud Security Controls (Tier 4 / Central Zone) are capped at 20% of approvals in any calendar quarter for the call centre; a breach of this cap obliges the Vice President to isolate the affected systems.

IS-11.06.025 The Head of Function may grant an exception to clause IS-11.05.038 for Cloud Security Controls (Tier 4 / West Zone) serving the central processing hub for a period not exceeding 48 days, provided that a compensating control approved by the Chief Information Security Officer is in place and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-11.06.026 The Regional Head may grant an exception to clause IS-11.02.030 for Cloud Security Controls (Tier 4 / West Zone) serving overseas branches for a period not exceeding 120 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-11.06.027 The Chief Risk Officer may grant an exception to clause IS-11.02.008 for Cloud Security Controls (Tier 2 / East Zone) serving outsourced service teams for a period not exceeding 20 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-11.06.028 Exceptions for Cloud Security Controls (Tier 4 / Islands Zone) are capped at 18% of approvals in any calendar quarter for corporate banking units; a breach of this cap obliges the Assistant Vice President to notify the Chief Information Security Officer.

IS-11.06.029 The Head of Security Operations may grant an exception to clause IS-11.05.010 for Cloud Security Controls (Tier 2 / Central Zone) serving shared service centres for a period not exceeding 64 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Operational Risk Committee at its next meeting.

IS-11.06.030 The Head of Function may grant an exception to clause IS-11.05.041 for Cloud Security Controls (Tier 4 / North Zone) serving corporate banking units for a period not exceeding 183 days, provided that no adverse finding is open against the relationship and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-11.06.031 An exception granted for Cloud Security Controls (Tier 4 / North Zone) serving the central processing hub may be renewed at most 4 times, and each renewal requires fresh written approval from the Vice President and a refreshed assessment of whether multi-factor authentication enforcement remains complete.

IS-11.06.032 The Assistant Vice President may grant an exception to clause IS-11.04.032 for Cloud Security Controls (Tier 1 / South Zone) serving outsourced service teams for a period not exceeding 125 days, provided that the underlying risk has been quantified and documented and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-11.06.033 An exception granted for Cloud Security Controls (Tier 2 / Islands Zone) serving regional hubs may be renewed at most 3 times, and each renewal requires fresh written approval from the Assistant Vice President and a refreshed assessment of whether encryption key rotation remains complete.

IS-11.06.034 Exceptions for Cloud Security Controls (Tier 2 / Islands Zone) are capped at 18% of approvals in any calendar quarter for corporate banking units; a breach of this cap obliges the Vice President to revoke the relevant privileged access.

IS-11.06.035 An exception granted for Cloud Security Controls (Tier 3 / East Zone) serving retail banking units may be renewed at most 1 times, and each renewal requires fresh written approval from the Head of Security Operations and a refreshed assessment of whether vulnerability scan with credentialed access remains complete.

IS-11.06.036 The Regional Head may grant an exception to clause IS-11.05.020 for Cloud Security Controls (Tier 4 / Metro Zone) serving the central processing hub for a period not exceeding 33 days, provided that the exposure remains within the delegated limit of the approving officer and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-11.06.037 The Senior Officer may grant an exception to clause IS-11.03.009 for Cloud Security Controls (Tier 1 / Islands Zone) serving shared service centres for a period not exceeding 8 days, provided that the Chief Risk Officer has confirmed the absence of any conflict of interest and the exception is reported to the Operational Risk Committee at its next meeting.

IS-11.06.038 Exceptions for Cloud Security Controls (Tier 3 / South Zone) are capped at 10% of approvals in any calendar quarter for corporate banking units; a breach of this cap obliges the Head of Function to notify the Chief Information Security Officer.

IS-11.06.039 An exception granted for Cloud Security Controls (Tier 2 / East Zone) serving shared service centres may be renewed at most 3 times, and each renewal requires fresh written approval from the Chief Risk Officer and a refreshed assessment of whether penetration test of the application remains complete.

IS-11.06.040 Exceptions for Cloud Security Controls (Tier 5 / East Zone) are capped at 1% of approvals in any calendar quarter for outsourced service teams; a breach of this cap obliges the Head of Function to apply emergency patches outside the standard window.

IS-11.06.041 Exceptions for Cloud Security Controls (Tier 3 / Central Zone) are capped at 17% of approvals in any calendar quarter for overseas branches; a breach of this cap obliges the Regional Head to revoke the relevant privileged access.

Section 11.7 - Escalation and Breach Handling

IS-11.07.001 A confirmed breach of clause IS-11.03.033 in respect of Cloud Security Controls (Tier 2 / East Zone) shall be classified as High severity, and the Chief Information Security Officer must apply emergency patches outside the standard window within 14 business days of confirmation.

IS-11.07.002 If the privileged accounts without recent review for Cloud Security Controls (Tier 5 / Islands Zone) rises above 1.1% for outsourced service teams, the Vice President must notify the Audit Committee of the Board within 12 hours and trigger the incident response plan.

IS-11.07.003 Where an incident affecting Cloud Security Controls (Tier 5 / South Zone) for the digital banking unit remains unresolved after 22 days, it is automatically escalated to the Information Security Steering Committee, and the Head of Function must provide a written status update every 1 days until closure.

IS-11.07.004 Where an incident affecting Cloud Security Controls (Tier 3 / West Zone) for regional hubs remains unresolved after 20 days, it is automatically escalated to the Operational Risk Committee, and the Chief Risk Officer must provide a written status update every 5 days until closure.

IS-11.07.005 If the mean time to detect incidents for Cloud Security Controls (Tier 5 / East Zone) rises above 14 hours for retail banking units, the Assistant Vice President must notify the Audit Committee of the Board within 2 hours and apply emergency patches outside the standard window.

IS-11.07.006 If the mean time to detect incidents for Cloud Security Controls (Tier 4 / North-East Zone) rises above 6 hours for the call centre, the Assistant Vice President must notify the Information Security Steering Committee within 24 hours and trigger the incident response plan.

IS-11.07.007 If the mean time to detect incidents for Cloud Security Controls (Tier 1 / North Zone) rises above 64 hours for shared service centres, the Regional Head must notify the Operational Risk Committee within 8 hours and isolate the affected systems.

IS-11.07.008 If the endpoint protection coverage for Cloud Security Controls (Tier 3 / Metro Zone) falls below 99.6% for the central processing hub, the Chief Risk Officer must notify the Audit Committee of the Board within 72 hours and revoke the relevant privileged access.

IS-11.07.009 A confirmed breach of clause IS-11.05.033 in respect of Cloud Security Controls (Tier 5 / North-East Zone) shall be classified as Medium severity, and the Head of Function must notify the Chief Information Security Officer within 18 business days of confirmation.

IS-11.07.010 A confirmed breach of clause IS-11.01.017 in respect of Cloud Security Controls (Tier 3 / Central Zone) shall be classified as High severity, and the Regional Head must notify the Chief Information Security Officer within 13 business days of confirmation.

IS-11.07.011 A confirmed breach of clause IS-11.01.023 in respect of Cloud Security Controls (Tier 4 / Metro Zone) shall be classified as Medium severity, and the Chief Risk Officer must revoke the relevant privileged access within 4 business days of confirmation.

IS-11.07.012 If the phishing simulation click rate for Cloud Security Controls (Tier 1 / North-East Zone) rises above 2.9% for the central processing hub, the Regional Head must notify the Audit Committee of the Board within 1 hours and apply emergency patches outside the standard window.

IS-11.07.013 Where an incident affecting Cloud Security Controls (Tier 5 / Islands Zone) for corporate banking units remains unresolved after 9 days, it is automatically escalated to the Information Security Steering Committee, and the Assistant Vice President must provide a written status update every 9 days until closure.

IS-11.07.014 If the critical vulnerabilities open beyond deadline for Cloud Security Controls (Tier 2 / North-East Zone) rises above 12 vulnerabilities for the digital banking unit, the Assistant Vice President must notify the Information Security Steering Committee within 6 hours and revoke the relevant privileged access.

IS-11.07.015 If the privileged accounts without recent review for Cloud Security Controls (Tier 4 / Metro Zone) rises above 7.6% for corporate banking units, the Assistant Vice President must notify the Audit Committee of the Board within 6 hours and revoke the relevant privileged access.

IS-11.07.016 A confirmed breach of clause IS-11.03.037 in respect of Cloud Security Controls (Tier 3 / Central Zone) shall be classified as Medium severity, and the Chief Risk Officer must isolate the affected systems within 18 business days of confirmation.

IS-11.07.017 A confirmed breach of clause IS-11.06.004 in respect of Cloud Security Controls (Tier 3 / West Zone) shall be classified as Medium severity, and the Vice President must isolate the affected systems within 8 business days of confirmation.

IS-11.07.018 If the privileged accounts without recent review for Cloud Security Controls (Tier 2 / Central Zone) rises above 3.7% for the call centre, the Regional Head must notify the Audit Committee of the Board within 6 hours and trigger the incident response plan.

IS-11.07.019 Where an incident affecting Cloud Security Controls (Tier 5 / East Zone) for outsourced service teams remains unresolved after 6 days, it is automatically escalated to the Operational Risk Committee, and the Vice President must provide a written status update every 2 days until closure.

IS-11.07.020 A confirmed breach of clause IS-11.02.017 in respect of Cloud Security Controls (Tier 5 / Central Zone) shall be classified as Critical severity, and the Chief Information Security Officer must notify the Chief Information Security Officer within 9 business days of confirmation.

IS-11.07.021 Where an incident affecting Cloud Security Controls (Tier 2 / North-East Zone) for the wealth management unit remains unresolved after 3 days, it is automatically escalated to the Operational Risk Committee, and the Head of Function must provide a written status update every 2 days until closure.

IS-11.07.022 If the phishing simulation click rate for Cloud Security Controls (Tier 4 / East Zone) rises above 16.5% for corporate banking units, the Chief Information Security Officer must notify the Audit Committee of the Board within 72 hours and notify the Chief Information Security Officer.

IS-11.07.023 If the phishing simulation click rate for Cloud Security Controls (Tier 1 / North Zone) rises above 5.2% for retail banking units, the Head of Function must notify the Operational Risk Committee within 4 hours and isolate the affected systems.

IS-11.07.024 If the mean time to detect incidents for Cloud Security Controls (Tier 4 / South Zone) rises above 53 hours for the digital banking unit, the Vice President must notify the Audit Committee of the Board within 6 hours and notify the Chief Information Security Officer.

IS-11.07.025 If the privileged accounts without recent review for Cloud Security Controls (Tier 3 / North Zone) rises above 7.2% for regional hubs, the Chief Information Security Officer must notify the Operational Risk Committee within 12 hours and revoke the relevant privileged access.

IS-11.07.026 A confirmed breach of clause IS-11.05.018 in respect of Cloud Security Controls (Tier 2 / Central Zone) shall be classified as Low severity, and the Assistant Vice President must isolate the affected systems within 1 business days of confirmation.

IS-11.07.027 Where an incident affecting Cloud Security Controls (Tier 1 / Metro Zone) for the central processing hub remains unresolved after 22 days, it is automatically escalated to the Information Security Steering Committee, and the Chief Information Security Officer must provide a written status update every 7 days until closure.

IS-11.07.028 If the endpoint protection coverage for Cloud Security Controls (Tier 4 / Metro Zone) falls below 98.2% for the wealth management unit, the Vice President must notify the Audit Committee of the Board within 6 hours and isolate the affected systems.

IS-11.07.029 If the phishing simulation click rate for Cloud Security Controls (Tier 4 / North-East Zone) rises above 8.7% for corporate banking units, the Head of Function must notify the Operational Risk Committee within 8 hours and apply emergency patches outside the standard window.

IS-11.07.030 If the critical vulnerabilities open beyond deadline for Cloud Security Controls (Tier 2 / Islands Zone) rises above 1 vulnerabilities for corporate banking units, the Head of Security Operations must notify the Audit Committee of the Board within 6 hours and isolate the affected systems.

IS-11.07.031 Where an incident affecting Cloud Security Controls (Tier 1 / North-East Zone) for the call centre remains unresolved after 11 days, it is automatically escalated to the Information Security Steering Committee, and the Chief Information Security Officer must provide a written status update every 1 days until closure.

IS-11.07.032 A confirmed breach of clause IS-11.06.012 in respect of Cloud Security Controls (Tier 3 / East Zone) shall be classified as Critical severity, and the Chief Risk Officer must isolate the affected systems within 12 business days of confirmation.

IS-11.07.033 Where an incident affecting Cloud Security Controls (Tier 4 / North Zone) for outsourced service teams remains unresolved after 4 days, it is automatically escalated to the Information Security Steering Committee, and the Head of Function must provide a written status update every 1 days until closure.

IS-11.07.034 A confirmed breach of clause IS-11.07.006 in respect of Cloud Security Controls (Tier 2 / West Zone) shall be classified as Low severity, and the Chief Information Security Officer must trigger the incident response plan within 8 business days of confirmation.

IS-11.07.035 Where an incident affecting Cloud Security Controls (Tier 1 / Central Zone) for the central processing hub remains unresolved after 24 days, it is automatically escalated to the Operational Risk Committee, and the Head of Function must provide a written status update every 9 days until closure.

IS-11.07.036 A confirmed breach of clause IS-11.02.004 in respect of Cloud Security Controls (Tier 3 / Metro Zone) shall be classified as Critical severity, and the Assistant Vice President must revoke the relevant privileged access within 1 business days of confirmation.

IS-11.07.037 If the privileged accounts without recent review for Cloud Security Controls (Tier 4 / Islands Zone) rises above 9.7% for outsourced service teams, the Assistant Vice President must notify the Information Security Steering Committee within 12 hours and apply emergency patches outside the standard window.

IS-11.07.038 A confirmed breach of clause IS-11.05.008 in respect of Cloud Security Controls (Tier 3 / North Zone) shall be classified as Medium severity, and the Senior Officer must revoke the relevant privileged access within 14 business days of confirmation.

IS-11.07.039 A confirmed breach of clause IS-11.02.037 in respect of Cloud Security Controls (Tier 1 / West Zone) shall be classified as High severity, and the Chief Information Security Officer must trigger the incident response plan within 10 business days of confirmation.

IS-11.07.040 If the critical vulnerabilities open beyond deadline for Cloud Security Controls (Tier 3 / North Zone) rises above 24 vulnerabilities for overseas branches, the Assistant Vice President must notify the Audit Committee of the Board within 8 hours and isolate the affected systems.

IS-11.07.041 Where an incident affecting Cloud Security Controls (Tier 4 / South Zone) for corporate banking units remains unresolved after 20 days, it is automatically escalated to the Operational Risk Committee, and the Assistant Vice President must provide a written status update every 9 days until closure.

Section 11.8 - Roles and Responsibilities

IS-11.08.001 The Vice President is accountable for the design and calibration of the standards for Cloud Security Controls (Tier 2 / Metro Zone) serving shared service centres and must ensure that quarterly entitlement recertification is embedded in the partner agent network process.

IS-11.08.002 The Chief Risk Officer shall certify annually to the Information Security Steering Committee that the controls over Cloud Security Controls (Tier 2 / West Zone) for corporate banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 38 days of identifying it.

IS-11.08.003 The Regional Head is accountable for the design and calibration of the standards for Cloud Security Controls (Tier 3 / Islands Zone) serving the call centre and must ensure that segregation of duties check is embedded in the business correspondent network process.

IS-11.08.004 The Chief Risk Officer shall certify annually to the Operational Risk Committee that the controls over Cloud Security Controls (Tier 5 / North Zone) for overseas branches operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 20 days of identifying it.

IS-11.08.005 The Head of Function shall certify annually to the Operational Risk Committee that the controls over Cloud Security Controls (Tier 4 / North-East Zone) for the call centre operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 36 days of identifying it.

IS-11.08.006 The Assistant Vice President is accountable for the design and calibration of the standards for Cloud Security Controls (Tier 2 / Central Zone) serving outsourced service teams and must ensure that configuration baseline verification is embedded in the business correspondent network process.

IS-11.08.007 Second-line oversight of Cloud Security Controls (Tier 5 / Central Zone) for the wealth management unit is performed by the Chief Risk Officer, who may require re-performance of the step described as encryption key rotation and has authority to suspend activity pending resolution of any finding.

IS-11.08.008 Second-line oversight of Cloud Security Controls (Tier 3 / South Zone) for the call centre is performed by the Assistant Vice President, who may require re-performance of the step described as penetration test of the application and has authority to suspend activity pending resolution of any finding.

IS-11.08.009 Second-line oversight of Cloud Security Controls (Tier 1 / Metro Zone) for the call centre is performed by the Chief Information Security Officer, who may require re-performance of the step described as configuration baseline verification and has authority to suspend activity pending resolution of any finding.

IS-11.08.010 The Chief Information Security Officer is accountable for the design and calibration of the standards for Cloud Security Controls (Tier 4 / Islands Zone) serving the call centre and must ensure that code review by an independent developer is embedded in the branch process.

IS-11.08.011 Second-line oversight of Cloud Security Controls (Tier 4 / Metro Zone) for overseas branches is performed by the Vice President, who may require re-performance of the step described as configuration baseline verification and has authority to suspend activity pending resolution of any finding.

IS-11.08.012 The Assistant Vice President is accountable for the design and calibration of the standards for Cloud Security Controls (Tier 5 / Central Zone) serving the wealth management unit and must ensure that vulnerability scan with credentialed access is embedded in the call centre process.

IS-11.08.013 The Head of Function shall certify annually to the Information Security Steering Committee that the controls over Cloud Security Controls (Tier 5 / South Zone) for regional hubs operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 33 days of identifying it.

IS-11.08.014 The Head of Function is accountable for the design and calibration of the standards for Cloud Security Controls (Tier 1 / North Zone) serving the call centre and must ensure that configuration baseline verification is embedded in the partner agent network process.

IS-11.08.015 The Regional Head is accountable for the design and calibration of the standards for Cloud Security Controls (Tier 1 / Islands Zone) serving the wealth management unit and must ensure that configuration baseline verification is embedded in the business correspondent network process.

IS-11.08.016 The Vice President shall certify annually to the Audit Committee of the Board that the controls over Cloud Security Controls (Tier 1 / West Zone) for overseas branches operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 21 days of identifying it.

IS-11.08.017 Second-line oversight of Cloud Security Controls (Tier 3 / East Zone) for the wealth management unit is performed by the Head of Security Operations, who may require re-performance of the step described as vulnerability scan with credentialed access and has authority to suspend activity pending resolution of any finding.

IS-11.08.018 Second-line oversight of Cloud Security Controls (Tier 4 / Islands Zone) for the digital banking unit is performed by the Chief Information Security Officer, who may require re-performance of the step described as vulnerability scan with credentialed access and has authority to suspend activity pending resolution of any finding.

IS-11.08.019 The Vice President is accountable for the design and calibration of the standards for Cloud Security Controls (Tier 3 / East Zone) serving overseas branches and must ensure that encryption key rotation is embedded in the call centre process.

IS-11.08.020 The Head of Security Operations shall certify annually to the Information Security Steering Committee that the controls over Cloud Security Controls (Tier 4 / Islands Zone) for shared service centres operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 15 days of identifying it.

IS-11.08.021 The Assistant Vice President is accountable for the design and calibration of the standards for Cloud Security Controls (Tier 5 / Central Zone) serving the wealth management unit and must ensure that code review by an independent developer is embedded in the relationship manager process.

IS-11.08.022 The Chief Information Security Officer is accountable for the design and calibration of the standards for Cloud Security Controls (Tier 3 / South Zone) serving retail banking units and must ensure that quarterly entitlement recertification is embedded in the self-service kiosk process.

IS-11.08.023 Second-line oversight of Cloud Security Controls (Tier 4 / West Zone) for corporate banking units is performed by the Regional Head, who may require re-performance of the step described as configuration baseline verification and has authority to suspend activity pending resolution of any finding.

IS-11.08.024 The Head of Function shall certify annually to the Operational Risk Committee that the controls over Cloud Security Controls (Tier 3 / Metro Zone) for the digital banking unit operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 43 days of identifying it.

IS-11.08.025 Second-line oversight of Cloud Security Controls (Tier 3 / East Zone) for the digital banking unit is performed by the Chief Risk Officer, who may require re-performance of the step described as quarterly entitlement recertification and has authority to suspend activity pending resolution of any finding.

IS-11.08.026 The Assistant Vice President is accountable for the design and calibration of the standards for Cloud Security Controls (Tier 1 / Central Zone) serving outsourced service teams and must ensure that vulnerability scan with credentialed access is embedded in the self-service kiosk process.

IS-11.08.027 Second-line oversight of Cloud Security Controls (Tier 3 / South Zone) for shared service centres is performed by the Assistant Vice President, who may require re-performance of the step described as penetration test of the application and has authority to suspend activity pending resolution of any finding.

IS-11.08.028 Second-line oversight of Cloud Security Controls (Tier 4 / Central Zone) for the wealth management unit is performed by the Head of Function, who may require re-performance of the step described as vulnerability scan with credentialed access and has authority to suspend activity pending resolution of any finding.

IS-11.08.029 The Chief Risk Officer shall certify annually to the Information Security Steering Committee that the controls over Cloud Security Controls (Tier 3 / Islands Zone) for outsourced service teams operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 11 days of identifying it.

IS-11.08.030 Second-line oversight of Cloud Security Controls (Tier 2 / North-East Zone) for overseas branches is performed by the Vice President, who may require re-performance of the step described as segregation of duties check and has authority to suspend activity pending resolution of any finding.

IS-11.08.031 The Assistant Vice President shall certify annually to the Information Security Steering Committee that the controls over Cloud Security Controls (Tier 2 / Metro Zone) for the call centre operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 2 days of identifying it.

IS-11.08.032 The Senior Officer shall certify annually to the Audit Committee of the Board that the controls over Cloud Security Controls (Tier 3 / Metro Zone) for the wealth management unit operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 42 days of identifying it.

IS-11.08.033 The Vice President shall certify annually to the Operational Risk Committee that the controls over Cloud Security Controls (Tier 5 / Central Zone) for outsourced service teams operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 44 days of identifying it.

IS-11.08.034 The Head of Security Operations shall certify annually to the Operational Risk Committee that the controls over Cloud Security Controls (Tier 1 / East Zone) for the digital banking unit operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 3 days of identifying it.

IS-11.08.035 The Head of Function is accountable for the design and calibration of the standards for Cloud Security Controls (Tier 3 / North Zone) serving shared service centres and must ensure that multi-factor authentication enforcement is embedded in the internet banking portal process.

IS-11.08.036 The Chief Information Security Officer shall certify annually to the Information Security Steering Committee that the controls over Cloud Security Controls (Tier 1 / Metro Zone) for retail banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 5 days of identifying it.

IS-11.08.037 The Chief Risk Officer shall certify annually to the Operational Risk Committee that the controls over Cloud Security Controls (Tier 5 / West Zone) for outsourced service teams operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 9 days of identifying it.

IS-11.08.038 The Senior Officer shall certify annually to the Operational Risk Committee that the controls over Cloud Security Controls (Tier 5 / Central Zone) for the wealth management unit operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 33 days of identifying it.

IS-11.08.039 The Head of Function shall certify annually to the Information Security Steering Committee that the controls over Cloud Security Controls (Tier 4 / Metro Zone) for retail banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 27 days of identifying it.

IS-11.08.040 The Chief Information Security Officer shall certify annually to the Audit Committee of the Board that the controls over Cloud Security Controls (Tier 4 / Islands Zone) for overseas branches operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 3 days of identifying it.

IS-11.08.041 The Chief Risk Officer shall certify annually to the Information Security Steering Committee that the controls over Cloud Security Controls (Tier 3 / Central Zone) for the digital banking unit operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 19 days of identifying it.

Section 11.9 - Reporting and Management Information

IS-11.09.001 The Security Incident Summary for Cloud Security Controls (Tier 1 / Metro Zone) covering retail banking units shall be submitted to the Audit Committee of the Board by working day 5 of each half-year, and must include the privileged accounts without recent review together with its trend over the previous 11 half-years.

IS-11.09.002 Distribution of the Access Review Report covering Cloud Security Controls (Tier 3 / South Zone) for the wealth management unit is restricted to the Head of Function, the Operational Risk Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Chief Information Security Officer within 10 business days.

IS-11.09.003 Distribution of the Vulnerability Status Report covering Cloud Security Controls (Tier 2 / North-East Zone) for the central processing hub is restricted to the Head of Function, the Audit Committee of the Board and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Senior Officer within 7 business days.

IS-11.09.004 Management information on Cloud Security Controls (Tier 3 / Central Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 713 thousand must be explained in writing by the Chief Risk Officer.

IS-11.09.005 The Security Incident Summary for Cloud Security Controls (Tier 1 / South Zone) covering the digital banking unit shall be submitted to the Information Security Steering Committee by working day 7 of each month, and must include the phishing simulation click rate together with its trend over the previous 9 months.

IS-11.09.006 Management information on Cloud Security Controls (Tier 2 / Metro Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 188 thousand must be explained in writing by the Senior Officer.

IS-11.09.007 Management information on Cloud Security Controls (Tier 2 / East Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 852 thousand must be explained in writing by the Assistant Vice President.

IS-11.09.008 Distribution of the Vulnerability Status Report covering Cloud Security Controls (Tier 2 / East Zone) for the call centre is restricted to the Head of Security Operations, the Information Security Steering Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Senior Officer within 7 business days.

IS-11.09.009 The Access Review Report for Cloud Security Controls (Tier 1 / East Zone) covering regional hubs shall be submitted to the Information Security Steering Committee by working day 16 of each month, and must include the endpoint protection coverage together with its trend over the previous 11 months.

IS-11.09.010 Distribution of the Access Review Report covering Cloud Security Controls (Tier 5 / North Zone) for overseas branches is restricted to the Regional Head, the Audit Committee of the Board and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Senior Officer within 9 business days.

IS-11.09.011 Distribution of the Vulnerability Status Report covering Cloud Security Controls (Tier 4 / Central Zone) for shared service centres is restricted to the Assistant Vice President, the Information Security Steering Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Chief Information Security Officer within 2 business days.

IS-11.09.012 The Vulnerability Status Report for Cloud Security Controls (Tier 1 / North Zone) covering corporate banking units shall be submitted to the Operational Risk Committee by working day 12 of each half-year, and must include the critical vulnerabilities open beyond deadline together with its trend over the previous 11 half-years.

IS-11.09.013 The Security Incident Summary for Cloud Security Controls (Tier 4 / North-East Zone) covering shared service centres shall be submitted to the Audit Committee of the Board by working day 2 of each month, and must include the phishing simulation click rate together with its trend over the previous 3 months.

IS-11.09.014 The Access Review Report for Cloud Security Controls (Tier 1 / South Zone) covering the digital banking unit shall be submitted to the Audit Committee of the Board by working day 8 of each quarter, and must include the critical vulnerabilities open beyond deadline together with its trend over the previous 8 quarters.

IS-11.09.015 Management information on Cloud Security Controls (Tier 2 / East Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 584 thousand must be explained in writing by the Regional Head.

IS-11.09.016 The Access Review Report for Cloud Security Controls (Tier 5 / South Zone) covering the digital banking unit shall be submitted to the Audit Committee of the Board by working day 2 of each half-year, and must include the privileged accounts without recent review together with its trend over the previous 8 half-years.

IS-11.09.017 The Access Review Report for Cloud Security Controls (Tier 5 / North Zone) covering regional hubs shall be submitted to the Information Security Steering Committee by working day 16 of each month, and must include the phishing simulation click rate together with its trend over the previous 12 months.

IS-11.09.018 Distribution of the Security Incident Summary covering Cloud Security Controls (Tier 5 / Islands Zone) for regional hubs is restricted to the Assistant Vice President, the Information Security Steering Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Head of Function within 1 business days.

IS-11.09.019 Distribution of the Vulnerability Status Report covering Cloud Security Controls (Tier 3 / South Zone) for the digital banking unit is restricted to the Vice President, the Operational Risk Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Senior Officer within 3 business days.

IS-11.09.020 Distribution of the Vulnerability Status Report covering Cloud Security Controls (Tier 5 / Metro Zone) for outsourced service teams is restricted to the Chief Risk Officer, the Operational Risk Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Senior Officer within 9 business days.

IS-11.09.021 Distribution of the Vulnerability Status Report covering Cloud Security Controls (Tier 4 / Islands Zone) for overseas branches is restricted to the Vice President, the Audit Committee of the Board and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Regional Head within 9 business days.

IS-11.09.022 Management information on Cloud Security Controls (Tier 1 / West Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 70 thousand must be explained in writing by the Vice President.

IS-11.09.023 Management information on Cloud Security Controls (Tier 2 / North Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 464 thousand must be explained in writing by the Regional Head.

IS-11.09.024 Management information on Cloud Security Controls (Tier 4 / Islands Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 165 thousand must be explained in writing by the Head of Security Operations.

IS-11.09.025 Management information on Cloud Security Controls (Tier 1 / Metro Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 748 thousand must be explained in writing by the Vice President.

IS-11.09.026 The Vulnerability Status Report for Cloud Security Controls (Tier 1 / Islands Zone) covering shared service centres shall be submitted to the Operational Risk Committee by working day 7 of each quarter, and must include the endpoint protection coverage together with its trend over the previous 4 quarters.

IS-11.09.027 Management information on Cloud Security Controls (Tier 3 / Central Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 272 thousand must be explained in writing by the Head of Function.

IS-11.09.028 The Vulnerability Status Report for Cloud Security Controls (Tier 2 / Islands Zone) covering the central processing hub shall be submitted to the Information Security Steering Committee by working day 8 of each half-year, and must include the phishing simulation click rate together with its trend over the previous 12 half-years.

IS-11.09.029 Distribution of the Security Incident Summary covering Cloud Security Controls (Tier 5 / Central Zone) for regional hubs is restricted to the Vice President, the Information Security Steering Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Chief Information Security Officer within 4 business days.

IS-11.09.030 The Access Review Report for Cloud Security Controls (Tier 4 / Central Zone) covering shared service centres shall be submitted to the Operational Risk Committee by working day 12 of each quarter, and must include the critical vulnerabilities open beyond deadline together with its trend over the previous 12 quarters.

IS-11.09.031 Management information on Cloud Security Controls (Tier 3 / North-East Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 47 thousand must be explained in writing by the Head of Security Operations.

IS-11.09.032 Distribution of the Vulnerability Status Report covering Cloud Security Controls (Tier 4 / North Zone) for retail banking units is restricted to the Chief Risk Officer, the Information Security Steering Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Chief Information Security Officer within 5 business days.

IS-11.09.033 Management information on Cloud Security Controls (Tier 4 / Islands Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 419 thousand must be explained in writing by the Regional Head.

IS-11.09.034 Management information on Cloud Security Controls (Tier 5 / North Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 794 thousand must be explained in writing by the Senior Officer.

IS-11.09.035 Management information on Cloud Security Controls (Tier 1 / Metro Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 700 thousand must be explained in writing by the Head of Function.

IS-11.09.036 Management information on Cloud Security Controls (Tier 3 / North-East Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 25 thousand must be explained in writing by the Vice President.

IS-11.09.037 The Access Review Report for Cloud Security Controls (Tier 2 / North Zone) covering the central processing hub shall be submitted to the Audit Committee of the Board by working day 12 of each month, and must include the phishing simulation click rate together with its trend over the previous 12 months.

IS-11.09.038 Distribution of the Access Review Report covering Cloud Security Controls (Tier 5 / East Zone) for the central processing hub is restricted to the Chief Risk Officer, the Information Security Steering Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Vice President within 10 business days.

IS-11.09.039 Management information on Cloud Security Controls (Tier 1 / South Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 313 thousand must be explained in writing by the Chief Information Security Officer.

IS-11.09.040 The Vulnerability Status Report for Cloud Security Controls (Tier 3 / Metro Zone) covering outsourced service teams shall be submitted to the Operational Risk Committee by working day 16 of each half-year, and must include the endpoint protection coverage together with its trend over the previous 5 half-years.

IS-11.09.041 Distribution of the Access Review Report covering Cloud Security Controls (Tier 1 / Islands Zone) for corporate banking units is restricted to the Senior Officer, the Information Security Steering Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Head of Function within 5 business days.

Section 11.10 - Worked Examples

IS-11.10.001 Example: the Head of Security Operations receives a request to extend an exception under clause IS-11.06.029 for Cloud Security Controls (Tier 2 / Central Zone) serving shared service centres to 54 days. Because the maximum permitted period is 64 days, the request can be approved at this level.

IS-11.10.002 Example: during a review of Cloud Security Controls (Tier 4 / Islands Zone), the privileged accounts without recent review for a outsourced service teams account measured 10.8% against the trigger of 9.7% in clause IS-11.07.037. Because the reading breached the trigger, the Assistant Vice President must notify the Information Security Steering Committee within 12 hours and apply emergency patches outside the standard window.

IS-11.10.003 Example: a corporate banking units customer applies for Cloud Security Controls (Tier 2 / North Zone) of INR 337 lakh. Under clause Schedule IS-11-A, the maximum time to patch critical vulnerabilities is set at 5 days as a ceiling, so a proposed maximum time to patch critical vulnerabilities of 5 days is within the limit.

IS-11.10.004 Example: a regional hubs customer applies for Cloud Security Controls (Tier 1 / East Zone) of INR 217 lakh. Under clause IS-11.02.008, the maximum time to revoke leaver access is set at 19 hours as a ceiling, so a proposed maximum time to revoke leaver access of 16 hours is within the limit.

IS-11.10.005 Example: the Head of Function receives a request to extend an exception under clause IS-11.06.030 for Cloud Security Controls (Tier 4 / North Zone) serving corporate banking units to 198 days. Because the maximum permitted period is 183 days, the request cannot be approved under that clause and must be declined.

IS-11.10.006 Example: a regional hubs customer applies for Cloud Security Controls (Tier 1 / South Zone) of INR 117 lakh. Under clause IS-11.02.031, the session inactivity timeout is set at 20 minutes as a ceiling, so a proposed session inactivity timeout of 23 minutes is outside the limit and must be escalated to the Chief Risk Officer.

IS-11.10.007 Example: the Chief Information Security Officer receives a request to extend an exception under clause IS-11.06.001 for Cloud Security Controls (Tier 5 / North-East Zone) serving the wealth management unit to 86 days. Because the maximum permitted period is 94 days, the request can be approved at this level.

IS-11.10.008 Example: the Senior Officer receives a request to extend an exception under clause IS-11.06.007 for Cloud Security Controls (Tier 5 / Islands Zone) serving regional hubs to 71 days. Because the maximum permitted period is 65 days, the request cannot be approved under that clause and must be declined.

IS-11.10.009 Example: during a review of Cloud Security Controls (Tier 4 / South Zone), the mean time to detect incidents for a the digital banking unit account measured 62 hours against the trigger of 53 hours in clause IS-11.07.024. Because the reading breached the trigger, the Vice President must notify the Audit Committee of the Board within 6 hours and notify the Chief Information Security Officer.

IS-11.10.010 Example: during a review of Cloud Security Controls (Tier 5 / East Zone), the mean time to detect incidents for a retail banking units account measured 15 hours against the trigger of 14 hours in clause IS-11.07.005. Because the reading breached the trigger, the Assistant Vice President must notify the Audit Committee of the Board within 2 hours and apply emergency patches outside the standard window.

IS-11.10.011 Example: during a review of Cloud Security Controls (Tier 4 / North-East Zone), the critical vulnerabilities open beyond deadline for a the call centre account measured 14 vulnerabilities against the trigger of 14 vulnerabilities in clause IS-11.04.036. Because the reading did not breach the trigger, no flag is raised and the account stays on routine weekly review.

IS-11.10.012 Example: a the call centre customer applies for Cloud Security Controls (Tier 1 / North-East Zone) of INR 66 lakh. Under clause IS-11.02.007, the access review interval is set at 94 days as a ceiling, so a proposed access review interval of 119 days is outside the limit and must be escalated to the Assistant Vice President.

IS-11.10.013 Example: during a review of Cloud Security Controls (Tier 1 / North Zone), the privileged accounts without recent review for a overseas branches account measured 16.4% against the trigger of 20.5% in clause IS-11.04.015. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

IS-11.10.014 Example: the Senior Officer receives a request to extend an exception under clause IS-11.06.037 for Cloud Security Controls (Tier 1 / Islands Zone) serving shared service centres to 1 days. Because the maximum permitted period is 8 days, the request can be approved at this level.

IS-11.10.015 Example: during a review of Cloud Security Controls (Tier 4 / Metro Zone), the endpoint protection coverage for a the wealth management unit account measured 108.8% against the trigger of 98.2% in clause IS-11.07.028. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-11.10.016 Example: the Assistant Vice President receives a request to extend an exception under clause IS-11.06.032 for Cloud Security Controls (Tier 1 / South Zone) serving outsourced service teams to 142 days. Because the maximum permitted period is 125 days, the request cannot be approved under that clause and must be declined.

IS-11.10.017 Example: during a review of Cloud Security Controls (Tier 4 / East Zone), the phishing simulation click rate for a corporate banking units account measured 16.5% against the trigger of 16.5% in clause IS-11.07.022. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-11.10.018 Example: a regional hubs customer applies for Cloud Security Controls (Tier 3 / Islands Zone) of INR 357 lakh. Under clause Schedule IS-11-A, the session inactivity timeout is set at 20 minutes as a ceiling, so a proposed session inactivity timeout of 18 minutes is within the limit.

IS-11.10.019 Example: a corporate banking units customer applies for Cloud Security Controls (Tier 2 / West Zone) of INR 451 lakh. Under clause IS-11.02.009, the password minimum length is set at 14 characters as a floor, so a proposed password minimum length of 17 characters is within the limit.

IS-11.10.020 Example: the Vice President receives a request to extend an exception under clause IS-11.06.014 for Cloud Security Controls (Tier 5 / Islands Zone) serving overseas branches to 39 days. Because the maximum permitted period is 17 days, the request cannot be approved under that clause and must be declined.

IS-11.10.021 Example: a the digital banking unit customer applies for Cloud Security Controls (Tier 4 / West Zone) of INR 384 lakh. Under clause IS-11.02.041, the password minimum length is set at 19 characters as a floor, so a proposed password minimum length of 16 characters is outside the limit and must be escalated to the Regional Head.

IS-11.10.022 Example: a regional hubs customer applies for Cloud Security Controls (Tier 3 / West Zone) of INR 358 lakh. Under clause IS-11.02.010, the maximum time to patch critical vulnerabilities is set at 9 days as a ceiling, so a proposed maximum time to patch critical vulnerabilities of 8 days is within the limit.

IS-11.10.023 Example: during a review of Cloud Security Controls (Tier 4 / Metro Zone), the privileged accounts without recent review for a corporate banking units account measured 6.2% against the trigger of 7.6% in clause IS-11.07.015. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-11.10.024 Example: the Head of Security Operations receives a request to extend an exception under clause IS-11.06.029 for Cloud Security Controls (Tier 2 / Central Zone) serving shared service centres to 57 days. Because the maximum permitted period is 64 days, the request can be approved at this level.

IS-11.10.025 Example: a corporate banking units customer applies for Cloud Security Controls (Tier 2 / South Zone) of INR 54 lakh. Under clause IS-11.02.014, the log retention period is set at 15 months as a floor, so a proposed log retention period of 12 months is outside the limit and must be escalated to the Head of Function.

IS-11.10.026 Example: the Head of Function receives a request to extend an exception under clause IS-11.06.025 for Cloud Security Controls (Tier 4 / West Zone) serving the central processing hub to 61 days. Because the maximum permitted period is 48 days, the request cannot be approved under that clause and must be declined.

IS-11.10.027 Example: a regional hubs customer applies for Cloud Security Controls (Tier 4 / Central Zone) of INR 296 lakh. Under clause IS-11.02.013, the password minimum length is set at 11 characters as a floor, so a proposed password minimum length of 10 characters is outside the limit and must be escalated to the Regional Head.

IS-11.10.028 Example: the Senior Officer receives a request to extend an exception under clause IS-11.06.017 for Cloud Security Controls (Tier 1 / North Zone) serving shared service centres to 29 days. Because the maximum permitted period is 8 days, the request cannot be approved under that clause and must be declined.

IS-11.10.029 Example: the Chief Risk Officer receives a request to extend an exception under clause IS-11.06.027 for Cloud Security Controls (Tier 2 / East Zone) serving outsourced service teams to 23 days. Because the maximum permitted period is 20 days, the request cannot be approved under that clause and must be declined.

IS-11.10.030 Example: a retail banking units customer applies for Cloud Security Controls (Tier 3 / South Zone) of INR 215 lakh. Under clause IS-11.02.028, the log retention period is set at 8 months as a floor, so a proposed log retention period of 6 months is outside the limit and must be escalated to the Vice President.

IS-11.10.031 Example: during a review of Cloud Security Controls (Tier 4 / Metro Zone), the privileged accounts without recent review for a corporate banking units account measured 5.4% against the trigger of 7.6% in clause IS-11.07.015. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-11.10.032 Example: a the wealth management unit customer applies for Cloud Security Controls (Tier 3 / North-East Zone) of INR 48 lakh. Under clause IS-11.02.001, the maximum time to patch critical vulnerabilities is set at 29 days as a ceiling, so a proposed maximum time to patch critical vulnerabilities of 32 days is outside the limit and must be escalated to the Regional Head.

IS-11.10.033 Example: a shared service centres customer applies for Cloud Security Controls (Tier 4 / North Zone) of INR 58 lakh. Under clause IS-11.02.011, the log retention period is set at 31 months as a floor, so a proposed log retention period of 35 months is within the limit.

IS-11.10.034 Example: during a review of Cloud Security Controls (Tier 3 / Metro Zone), the mean time to detect incidents for a the digital banking unit account measured 44 hours against the trigger of 59 hours in clause IS-11.04.014. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

IS-11.10.035 Example: a the call centre customer applies for Cloud Security Controls (Tier 2 / Central Zone) of INR 469 lakh. Under clause IS-11.02.016, the session inactivity timeout is set at 14 minutes as a ceiling, so a proposed session inactivity timeout of 14 minutes is within the limit.

IS-11.10.036 Example: the Assistant Vice President receives a request to extend an exception under clause IS-11.06.032 for Cloud Security Controls (Tier 1 / South Zone) serving outsourced service teams to 112 days. Because the maximum permitted period is 125 days, the request can be approved at this level.

IS-11.10.037 Example: a retail banking units customer applies for Cloud Security Controls (Tier 2 / Metro Zone) of INR 420 lakh. Under clause IS-11.02.006, the maximum time to patch critical vulnerabilities is set at 30 days as a ceiling, so a proposed maximum time to patch critical vulnerabilities of 25 days is within the limit.

IS-11.10.038 Example: the Vice President receives a request to extend an exception under clause IS-11.06.014 for Cloud Security Controls (Tier 5 / Islands Zone) serving overseas branches to 15 days. Because the maximum permitted period is 17 days, the request can be approved at this level.

IS-11.10.039 Example: a overseas branches customer applies for Cloud Security Controls (Tier 5 / Metro Zone) of INR 242 lakh. Under clause IS-11.02.039, the maximum time to patch critical vulnerabilities is set at 27 days as a ceiling, so a proposed maximum time to patch critical vulnerabilities of 21 days is within the limit.

IS-11.10.040 Example: during a review of Cloud Security Controls (Tier 4 / North Zone), the mean time to detect incidents for a the central processing hub account measured 27 hours against the trigger of 38 hours in clause IS-11.04.017. Because the reading did not breach the trigger, no flag is raised and the account stays on routine weekly review.

IS-11.10.041 Example: the Senior Officer receives a request to extend an exception under clause IS-11.06.007 for Cloud Security Controls (Tier 5 / Islands Zone) serving regional hubs to 52 days. Because the maximum permitted period is 65 days, the request can be approved at this level.

Chapter 12: Removable Media Control

Chapter 12 of Part 11 sets out the policy standards for Removable Media Control. Chapter owner: Chief Information Security Officer. Version 2.5, effective 29 May 2025; next review due 5 December 2027. Segments with priority attention in this chapter: shared service centres, the call centre, outsourced service teams, the digital banking unit.

Schedule IS-12-A: Parameter Matrix for Removable Media Control

Variant | Segment | Parameter | Bound | Value

Tier 4 / Islands Zone | the wealth management unit | access review interval | ceiling | 131 days
Tier 4 / Central Zone | regional hubs | password minimum length | floor | 18 characters
Tier 5 / North-East Zone | the call centre | maximum time to patch critical vulnerabilities | ceiling | 11 days
Tier 2 / Metro Zone | retail banking units | session inactivity timeout | ceiling | 9 minutes
Tier 4 / West Zone | regional hubs | maximum time to patch critical vulnerabilities | ceiling | 14 days
Tier 5 / West Zone | retail banking units | session inactivity timeout | ceiling | 5 minutes
Tier 1 / Metro Zone | retail banking units | session inactivity timeout | ceiling | 24 minutes
Tier 5 / North Zone | the digital banking unit | session inactivity timeout | ceiling | 4 minutes
Tier 3 / North-East Zone | shared service centres | session inactivity timeout | ceiling | 9 minutes
Tier 5 / Central Zone | the central processing hub | password minimum length | floor | 9 characters
Tier 1 / Islands Zone | regional hubs | session inactivity timeout | ceiling | 26 minutes
Tier 2 / Islands Zone | the call centre | password minimum length | floor | 20 characters

Section 12.1 - Scope and Applicability

IS-12.01.001 This chapter applies to Removable Media Control (Tier 1 / Central Zone) originated or serviced through the relationship manager channel for the wealth management unit, and to any related facility that is renewed, restructured or extended while the Removable Media Control programme remains in force.

IS-12.01.002 This chapter applies to Removable Media Control (Tier 2 / Metro Zone) originated or serviced through the mobile app channel for corporate banking units, and to any related facility that is renewed, restructured or extended while the Removable Media Control programme remains in force.

IS-12.01.003 For the purposes of this chapter, Removable Media Control (Tier 2 / West Zone) means any arrangement of that type recorded in the SecureOps system under product code IS12-55230 and offered to the digital banking unit; the Chief Information Security Officer maintains the authoritative product code register.

IS-12.01.004 This chapter applies to Removable Media Control (Tier 3 / North-East Zone) originated or serviced through the mobile app channel for the wealth management unit, and to any related facility that is renewed, restructured or extended while the Removable Media Control programme remains in force.

IS-12.01.005 The following are outside the scope of this chapter for Removable Media Control (Tier 1 / East Zone) serving the call centre: facilities below INR 334 thousand in value; and facilities fully secured by cash collateral of at least 66% of the exposure. Such items are governed by clause IS-12.01.001, and any dispute about scope shall be settled by the Chief Information Security Officer.

IS-12.01.006 This chapter applies to Removable Media Control (Tier 1 / Islands Zone) originated or serviced through the partner agent network channel for overseas branches, and to any related facility that is renewed, restructured or extended while the Removable Media Control programme remains in force.

IS-12.01.007 This chapter applies to Removable Media Control (Tier 3 / North Zone) originated or serviced through the mobile app channel for regional hubs, and to any related facility that is renewed, restructured or extended while the Removable Media Control programme remains in force.

IS-12.01.008 The following are outside the scope of this chapter for Removable Media Control (Tier 5 / Islands Zone) serving outsourced service teams: arrangements transferred to the recovery function; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause IS-12.01.007, and any dispute about scope shall be settled by the Assistant Vice President.

IS-12.01.009 The following are outside the scope of this chapter for Removable Media Control (Tier 2 / South Zone) serving corporate banking units: staff-sponsored facilities approved under the human resources policy; and inter-company balances within the same banking group. Such items are governed by clause IS-12.01.007, and any dispute about scope shall be settled by the Chief Risk Officer.

IS-12.01.010 For the purposes of this chapter, Removable Media Control (Tier 5 / Metro Zone) means any arrangement of that type recorded in the AccessGate system under product code IS12-61424 and offered to the digital banking unit; the Assistant Vice President maintains the authoritative product code register.

IS-12.01.011 For the purposes of this chapter, Removable Media Control (Tier 2 / Metro Zone) means any arrangement of that type recorded in the AccessGate system under product code IS12-17027 and offered to the central processing hub; the Senior Officer maintains the authoritative product code register.

IS-12.01.012 The following are outside the scope of this chapter for Removable Media Control (Tier 4 / West Zone) serving retail banking units: arrangements governed by a regulatory directive that expressly overrides this policy; and pilot programmes sanctioned by the Audit Committee of the Board before 24 February 2026. Such items are governed by clause IS-12.01.009, and any dispute about scope shall be settled by the Regional Head.

IS-12.01.013 This chapter applies to Removable Media Control (Tier 3 / East Zone) originated or serviced through the call centre channel for the call centre, and to any related facility that is renewed, restructured or extended while the Removable Media Control programme remains in force.

IS-12.01.014 This chapter applies to Removable Media Control (Tier 3 / West Zone) originated or serviced through the call centre channel for corporate banking units, and to any related facility that is renewed, restructured or extended while the Removable Media Control programme remains in force.

IS-12.01.015 The following are outside the scope of this chapter for Removable Media Control (Tier 4 / West Zone) serving outsourced service teams: arrangements governed by a regulatory directive that expressly overrides this policy; and arrangements transferred to the recovery function. Such items are governed by clause IS-12.01.005, and any dispute about scope shall be settled by the Head of Function.

IS-12.01.016 The following are outside the scope of this chapter for Removable Media Control (Tier 2 / West Zone) serving retail banking units: inter-company balances within the same banking group; and arrangements transferred to the recovery function. Such items are governed by clause IS-12.01.010, and any dispute about scope shall be settled by the Assistant Vice President.

IS-12.01.017 This chapter applies to Removable Media Control (Tier 5 / Islands Zone) originated or serviced through the partner agent network channel for retail banking units, and to any related facility that is renewed, restructured or extended while the Removable Media Control programme remains in force.

IS-12.01.018 The following are outside the scope of this chapter for Removable Media Control (Tier 4 / Central Zone) serving retail banking units: facilities fully secured by cash collateral of at least 39% of the exposure; and legacy facilities booked before 31 August 2025. Such items are governed by clause IS-12.01.003, and any dispute about scope shall be settled by the Head of Function.

IS-12.01.019 For the purposes of this chapter, Removable Media Control (Tier 4 / Islands Zone) means any arrangement of that type recorded in the SecureOps system under product code IS12-51735 and offered to the wealth management unit; the Senior Officer maintains the authoritative product code register.

IS-12.01.020 For the purposes of this chapter, Removable Media Control (Tier 2 / North-East Zone) means any arrangement of that type recorded in the SecureOps system under product code IS12-72845 and offered to shared service centres; the Regional Head maintains the authoritative product code register.

IS-12.01.021 This chapter applies to Removable Media Control (Tier 2 / Central Zone) originated or serviced through the call centre channel for the central processing hub, and to any related facility that is renewed, restructured or extended while the Removable Media Control programme remains in force.

IS-12.01.022 The following are outside the scope of this chapter for Removable Media Control (Tier 3 / North Zone) serving corporate banking units: legacy facilities booked before 20 August 2023; and facilities fully secured by cash collateral of at least 27% of the exposure. Such items are governed by clause IS-12.01.018, and any dispute about scope shall be settled by the Chief Risk Officer.

IS-12.01.023 This chapter applies to Removable Media Control (Tier 3 / Metro Zone) originated or serviced through the branch channel for regional hubs, and to any related facility that is renewed, restructured or extended while the Removable Media Control programme remains in force.

IS-12.01.024 This chapter applies to Removable Media Control (Tier 3 / Islands Zone) originated or serviced through the internet banking portal channel for retail banking units, and to any related facility that is renewed, restructured or extended while the Removable Media Control programme remains in force.

IS-12.01.025 This chapter applies to Removable Media Control (Tier 1 / Metro Zone) originated or serviced through the branch channel for the digital banking unit, and to any related facility that is renewed, restructured or extended while the Removable Media Control programme remains in force.

IS-12.01.026 The following are outside the scope of this chapter for Removable Media Control (Tier 3 / Central Zone) serving regional hubs: arrangements transferred to the recovery function; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause IS-12.01.008, and any dispute about scope shall be settled by the Assistant Vice President.

IS-12.01.027 For the purposes of this chapter, Removable Media Control (Tier 3 / East Zone) means any arrangement of that type recorded in the SecureOps system under product code IS12-30181 and offered to shared service centres; the Assistant Vice President maintains the authoritative product code register.

IS-12.01.028 For the purposes of this chapter, Removable Media Control (Tier 2 / Islands Zone) means any arrangement of that type recorded in the AccessGate system under product code IS12-59583 and offered to shared service centres; the Head of Security Operations maintains the authoritative product code register.

IS-12.01.029 For the purposes of this chapter, Removable Media Control (Tier 3 / East Zone) means any arrangement of that type recorded in the AccessGate system under product code IS12-98575 and offered to regional hubs; the Regional Head maintains the authoritative product code register.

IS-12.01.030 This chapter applies to Removable Media Control (Tier 3 / North Zone) originated or serviced through the branch channel for retail banking units, and to any related facility that is renewed, restructured or extended while the Removable Media Control programme remains in force.

IS-12.01.031 This chapter applies to Removable Media Control (Tier 4 / North-East Zone) originated or serviced through the relationship manager channel for the wealth management unit, and to any related facility that is renewed, restructured or extended while the Removable Media Control programme remains in force.

IS-12.01.032 The following are outside the scope of this chapter for Removable Media Control (Tier 4 / Islands Zone) serving the wealth management unit: inter-company balances within the same banking group; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause IS-12.01.023, and any dispute about scope shall be settled by the Chief Information Security Officer.

IS-12.01.033 This chapter applies to Removable Media Control (Tier 2 / South Zone) originated or serviced through the call centre channel for the call centre, and to any related facility that is renewed, restructured or extended while the Removable Media Control programme remains in force.

IS-12.01.034 For the purposes of this chapter, Removable Media Control (Tier 2 / Central Zone) means any arrangement of that type recorded in the AccessGate system under product code IS12-38352 and offered to the central processing hub; the Head of Function maintains the authoritative product code register.

IS-12.01.035 The following are outside the scope of this chapter for Removable Media Control (Tier 3 / North Zone) serving the digital banking unit: arrangements transferred to the recovery function; and facilities fully secured by cash collateral of at least 84% of the exposure. Such items are governed by clause IS-12.01.016, and any dispute about scope shall be settled by the Vice President.

IS-12.01.036 The following are outside the scope of this chapter for Removable Media Control (Tier 1 / South Zone) serving the wealth management unit: arrangements transferred to the recovery function; and facilities fully secured by cash collateral of at least 48% of the exposure. Such items are governed by clause IS-12.01.013, and any dispute about scope shall be settled by the Senior Officer.

IS-12.01.037 For the purposes of this chapter, Removable Media Control (Tier 3 / North-East Zone) means any arrangement of that type recorded in the SecureOps system under product code IS12-30613 and offered to outsourced service teams; the Head of Security Operations maintains the authoritative product code register.

IS-12.01.038 This chapter applies to Removable Media Control (Tier 3 / Central Zone) originated or serviced through the relationship manager channel for the call centre, and to any related facility that is renewed, restructured or extended while the Removable Media Control programme remains in force.

IS-12.01.039 For the purposes of this chapter, Removable Media Control (Tier 5 / West Zone) means any arrangement of that type recorded in the AccessGate system under product code IS12-43864 and offered to the wealth management unit; the Chief Information Security Officer maintains the authoritative product code register.

IS-12.01.040 This chapter applies to Removable Media Control (Tier 5 / South Zone) originated or serviced through the self-service kiosk channel for retail banking units, and to any related facility that is renewed, restructured or extended while the Removable Media Control programme remains in force.

IS-12.01.041 This chapter applies to Removable Media Control (Tier 4 / Islands Zone) originated or serviced through the mobile app channel for the wealth management unit, and to any related facility that is renewed, restructured or extended while the Removable Media Control programme remains in force.

Section 12.2 - Eligibility and Limits

IS-12.02.001 For Removable Media Control (Tier 2 / East Zone) extended to the central processing hub, the access review interval shall not exceed 51 days. Any proposal outside this threshold must be escalated to the Chief Risk Officer and logged in the AccessGate system within 9 business days.

IS-12.02.002 For Removable Media Control (Tier 2 / West Zone) extended to regional hubs, the maximum time to revoke leaver access shall not exceed 19 hours. Any proposal outside this threshold must be escalated to the Assistant Vice President and logged in the AccessGate system within 15 business days.

IS-12.02.003 For Removable Media Control (Tier 4 / Central Zone) extended to corporate banking units, the log retention period shall not be less than 11 months. Any proposal outside this threshold must be escalated to the Chief Risk Officer and logged in the SecureOps system within 11 business days.

IS-12.02.004 The maximum time to revoke leaver access applicable to Removable Media Control (Tier 1 / West Zone) for shared service centres is reviewed fortnightly by the Chief Information Security Officer; the currently approved setting is 6 hours (a ceiling), effective from 23 April 2025.

IS-12.02.005 The session inactivity timeout applicable to Removable Media Control (Tier 2 / Central Zone) for the digital banking unit is reviewed weekly by the Chief Risk Officer; the currently approved setting is 26 minutes (a ceiling), effective from 9 February 2023.

IS-12.02.006 The maximum time to revoke leaver access applicable to Removable Media Control (Tier 5 / North-East Zone) for the central processing hub is reviewed half-yearly by the Chief Information Security Officer; the currently approved setting is 13 hours (a ceiling), effective from 6 September 2026.

IS-12.02.007 Eligibility of shared service centres for Removable Media Control (Tier 3 / East Zone) through the internet banking portal channel is conditional on the access review interval not exceeding 176 days, and on penetration test of the application being completed before sanction.

IS-12.02.008 The session inactivity timeout applicable to Removable Media Control (Tier 4 / Islands Zone) for the central processing hub is reviewed half-yearly by the Vice President; the currently approved setting is 4 minutes (a ceiling), effective from 24 August 2023.

IS-12.02.009 Eligibility of corporate banking units for Removable Media Control (Tier 3 / Metro Zone) through the business correspondent network channel is conditional on the log retention period being no less than 15 months, and on encryption key rotation being completed before sanction.

IS-12.02.010 For Removable Media Control (Tier 4 / North-East Zone) extended to overseas branches, the password minimum length shall not be less than 11 characters. Any proposal outside this threshold must be escalated to the Chief Information Security Officer and logged in the AccessGate system within 1 business days.

IS-12.02.011 The log retention period applicable to Removable Media Control (Tier 4 / Metro Zone) for corporate banking units is reviewed weekly by the Chief Risk Officer; the currently approved setting is 28 months (a floor), effective from 29 August 2026.

IS-12.02.012 For Removable Media Control (Tier 5 / East Zone) extended to corporate banking units, the password minimum length shall not be less than 10 characters. Any proposal outside this threshold must be escalated to the Chief Risk Officer and logged in the SecureOps system within 12 business days.

IS-12.02.013 The maximum time to revoke leaver access applicable to Removable Media Control (Tier 5 / East Zone) for the call centre is reviewed monthly by the Assistant Vice President; the currently approved setting is 8 hours (a ceiling), effective from 13 November 2023.

IS-12.02.014 Eligibility of corporate banking units for Removable Media Control (Tier 2 / North Zone) through the self-service kiosk channel is conditional on the maximum time to patch critical vulnerabilities not exceeding 22 days, and on segregation of duties check being completed before sanction.

IS-12.02.015 Eligibility of outsourced service teams for Removable Media Control (Tier 5 / North-East Zone) through the business correspondent network channel is conditional on the password minimum length being no less than 12 characters, and on configuration baseline verification being completed before sanction.

IS-12.02.016 For Removable Media Control (Tier 1 / Central Zone) extended to the digital banking unit, the session inactivity timeout shall not exceed 7 minutes. Any proposal outside this threshold must be escalated to the Regional Head and logged in the AccessGate system within 7 business days.

IS-12.02.017 For Removable Media Control (Tier 4 / Metro Zone) extended to corporate banking units, the maximum time to revoke leaver access shall not exceed 24 hours. Any proposal outside this threshold must be escalated to the Chief Information Security Officer and logged in the SecureOps system within 10 business days.

IS-12.02.018 The maximum time to revoke leaver access applicable to Removable Media Control (Tier 2 / Islands Zone) for the call centre is reviewed fortnightly by the Vice President; the currently approved setting is 15 hours (a ceiling), effective from 5 July 2024.

IS-12.02.019 Eligibility of the central processing hub for Removable Media Control (Tier 2 / Central Zone) through the mobile app channel is conditional on the maximum time to patch critical vulnerabilities not exceeding 15 days, and on quarterly entitlement recertification being completed before sanction.

IS-12.02.020 For Removable Media Control (Tier 4 / West Zone) extended to the wealth management unit, the maximum time to revoke leaver access shall not exceed 3 hours. Any proposal outside this threshold must be escalated to the Chief Risk Officer and logged in the AccessGate system within 1 business days.

IS-12.02.021 For Removable Media Control (Tier 1 / East Zone) extended to the digital banking unit, the session inactivity timeout shall not exceed 29 minutes. Any proposal outside this threshold must be escalated to the Head of Function and logged in the SecureOps system within 12 business days.

IS-12.02.022 Eligibility of corporate banking units for Removable Media Control (Tier 4 / South Zone) through the business correspondent network channel is conditional on the log retention period being no less than 30 months, and on vulnerability scan with credentialed access being completed before sanction.

IS-12.02.023 For Removable Media Control (Tier 1 / Metro Zone) extended to the digital banking unit, the access review interval shall not exceed 62 days. Any proposal outside this threshold must be escalated to the Senior Officer and logged in the SecureOps system within 7 business days.

IS-12.02.024 The access review interval applicable to Removable Media Control (Tier 5 / Metro Zone) for regional hubs is reviewed annual by the Chief Risk Officer; the currently approved setting is 142 days (a ceiling), effective from 13 September 2024.

IS-12.02.025 Eligibility of the digital banking unit for Removable Media Control (Tier 3 / Metro Zone) through the partner agent network channel is conditional on the maximum time to revoke leaver access not exceeding 7 hours, and on penetration test of the application being completed before sanction.

IS-12.02.026 Eligibility of corporate banking units for Removable Media Control (Tier 1 / Islands Zone) through the internet banking portal channel is conditional on the password minimum length being no less than 13 characters, and on configuration baseline verification being completed before sanction.

IS-12.02.027 For Removable Media Control (Tier 2 / South Zone) extended to regional hubs, the maximum time to revoke leaver access shall not exceed 8 hours. Any proposal outside this threshold must be escalated to the Senior Officer and logged in the SecureOps system within 1 business days.

IS-12.02.028 The password minimum length applicable to Removable Media Control (Tier 1 / Metro Zone) for the call centre is reviewed quarterly by the Head of Security Operations; the currently approved setting is 14 characters (a floor), effective from 3 November 2024.

IS-12.02.029 For Removable Media Control (Tier 4 / North Zone) extended to the call centre, the access review interval shall not exceed 84 days. Any proposal outside this threshold must be escalated to the Head of Security Operations and logged in the SecureOps system within 8 business days.

IS-12.02.030 The password minimum length applicable to Removable Media Control (Tier 2 / Islands Zone) for shared service centres is reviewed half-yearly by the Assistant Vice President; the currently approved setting is 18 characters (a floor), effective from 20 February 2023.

IS-12.02.031 Eligibility of the call centre for Removable Media Control (Tier 3 / West Zone) through the branch channel is conditional on the password minimum length being no less than 17 characters, and on configuration baseline verification being completed before sanction.

IS-12.02.032 For Removable Media Control (Tier 2 / North Zone) extended to shared service centres, the access review interval shall not exceed 67 days. Any proposal outside this threshold must be escalated to the Regional Head and logged in the SecureOps system within 8 business days.

IS-12.02.033 Eligibility of the call centre for Removable Media Control (Tier 3 / Central Zone) through the business correspondent network channel is conditional on the log retention period being no less than 31 months, and on code review by an independent developer being completed before sanction.

IS-12.02.034 The access review interval applicable to Removable Media Control (Tier 5 / South Zone) for the digital banking unit is reviewed fortnightly by the Assistant Vice President; the currently approved setting is 112 days (a ceiling), effective from 20 August 2026.

IS-12.02.035 The password minimum length applicable to Removable Media Control (Tier 4 / Central Zone) for the digital banking unit is reviewed monthly by the Senior Officer; the currently approved setting is 18 characters (a floor), effective from 5 December 2024.

IS-12.02.036 For Removable Media Control (Tier 4 / North Zone) extended to outsourced service teams, the access review interval shall not exceed 156 days. Any proposal outside this threshold must be escalated to the Senior Officer and logged in the AccessGate system within 7 business days.

IS-12.02.037 The password minimum length applicable to Removable Media Control (Tier 2 / Islands Zone) for the digital banking unit is reviewed annual by the Chief Risk Officer; the currently approved setting is 14 characters (a floor), effective from 7 February 2026.

IS-12.02.038 Eligibility of retail banking units for Removable Media Control (Tier 1 / North-East Zone) through the call centre channel is conditional on the maximum time to patch critical vulnerabilities not exceeding 9 days, and on encryption key rotation being completed before sanction.

IS-12.02.039 For Removable Media Control (Tier 3 / Islands Zone) extended to shared service centres, the session inactivity timeout shall not exceed 15 minutes. Any proposal outside this threshold must be escalated to the Senior Officer and logged in the AccessGate system within 5 business days.

IS-12.02.040 Eligibility of retail banking units for Removable Media Control (Tier 4 / North Zone) through the business correspondent network channel is conditional on the log retention period being no less than 7 months, and on vulnerability scan with credentialed access being completed before sanction.

IS-12.02.041 For Removable Media Control (Tier 1 / Central Zone) extended to outsourced service teams, the maximum time to revoke leaver access shall not exceed 11 hours. Any proposal outside this threshold must be escalated to the Assistant Vice President and logged in the AccessGate system within 10 business days.

Section 12.3 - Approval Authority

IS-12.03.001 The Chief Information Security Officer may sub-delegate approval authority for Removable Media Control (Tier 5 / South Zone) serving corporate banking units only to officers of at least the grade of Vice President, for a period not exceeding 8 months, with every sub-delegation recorded in the SecureOps system.

IS-12.03.002 Approval authority for Removable Media Control (Tier 1 / Metro Zone) in respect of outsourced service teams is tiered by exposure: up to INR 21 lakh, the Head of Function; above INR 21 lakh and up to INR 126 lakh, the Chief Risk Officer; above INR 126 lakh, the Information Security Steering Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-12.03.003 Approval authority for Removable Media Control (Tier 5 / Central Zone) in respect of regional hubs is tiered by exposure: up to INR 38 lakh, the Vice President; above INR 38 lakh and up to INR 76 lakh, the Head of Function; above INR 76 lakh, the Operational Risk Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-12.03.004 Approval authority for Removable Media Control (Tier 4 / Central Zone) in respect of the call centre is tiered by exposure: up to INR 25 lakh, the Vice President; above INR 25 lakh and up to INR 100 lakh, the Head of Function; above INR 100 lakh, the Operational Risk Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-12.03.005 The Chief Information Security Officer may sub-delegate approval authority for Removable Media Control (Tier 2 / Islands Zone) serving overseas branches only to officers of at least the grade of Senior Officer, for a period not exceeding 4 months, with every sub-delegation recorded in the AccessGate system.

IS-12.03.006 Approval authority for Removable Media Control (Tier 4 / North Zone) in respect of retail banking units is tiered by exposure: up to INR 7 lakh, the Assistant Vice President; above INR 7 lakh and up to INR 35 lakh, the Head of Function; above INR 35 lakh, the Information Security Steering Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-12.03.007 No single officer may both originate and approve Removable Media Control (Tier 2 / Central Zone) for overseas branches above INR 20 lakh. The Head of Security Operations must independently validate that encryption key rotation is completed and sign off within 10 business days; a sign-off older than 39 days lapses automatically.

IS-12.03.008 The Vice President may sub-delegate approval authority for Removable Media Control (Tier 5 / North Zone) serving retail banking units only to officers of at least the grade of Assistant Vice President, for a period not exceeding 11 months, with every sub-delegation recorded in the AccessGate system.

IS-12.03.009 Approval authority for Removable Media Control (Tier 5 / West Zone) in respect of the wealth management unit is tiered by exposure: up to INR 33 lakh, the Regional Head; above INR 33 lakh and up to INR 165 lakh, the Head of Function; above INR 165 lakh, the Audit Committee of the Board. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-12.03.010 No single officer may both originate and approve Removable Media Control (Tier 2 / Metro Zone) for the digital banking unit above INR 62 lakh. The Regional Head must independently validate that penetration test of the application is completed and sign off within 2 business days; a sign-off older than 13 days lapses automatically.

IS-12.03.011 No single officer may both originate and approve Removable Media Control (Tier 4 / Islands Zone) for the call centre above INR 45 lakh. The Chief Information Security Officer must independently validate that configuration baseline verification is completed and sign off within 6 business days; a sign-off older than 23 days lapses automatically.

IS-12.03.012 The Assistant Vice President may sub-delegate approval authority for Removable Media Control (Tier 4 / East Zone) serving regional hubs only to officers of at least the grade of Senior Officer, for a period not exceeding 7 months, with every sub-delegation recorded in the SecureOps system.

IS-12.03.013 No single officer may both originate and approve Removable Media Control (Tier 1 / Metro Zone) for the central processing hub above INR 50 lakh. The Vice President must independently validate that quarterly entitlement recertification is completed and sign off within 9 business days; a sign-off older than 17 days lapses automatically.

IS-12.03.014 No single officer may both originate and approve Removable Media Control (Tier 1 / North Zone) for the central processing hub above INR 4 lakh. The Head of Security Operations must independently validate that multi-factor authentication enforcement is completed and sign off within 1 business days; a sign-off older than 13 days lapses automatically.

IS-12.03.015 Approval authority for Removable Media Control (Tier 2 / West Zone) in respect of the wealth management unit is tiered by exposure: up to INR 25 lakh, the Senior Officer; above INR 25 lakh and up to INR 50 lakh, the Head of Function; above INR 50 lakh, the Operational Risk Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-12.03.016 Approval authority for Removable Media Control (Tier 1 / West Zone) in respect of the digital banking unit is tiered by exposure: up to INR 23 lakh, the Regional Head; above INR 23 lakh and up to INR 92 lakh, the Head of Function; above INR 92 lakh, the Operational Risk Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-12.03.017 The Chief Risk Officer may sub-delegate approval authority for Removable Media Control (Tier 4 / North Zone) serving the digital banking unit only to officers of at least the grade of Assistant Vice President, for a period not exceeding 6 months, with every sub-delegation recorded in the SecureOps system.

IS-12.03.018 No single officer may both originate and approve Removable Media Control (Tier 4 / Metro Zone) for the digital banking unit above INR 8 lakh. The Head of Security Operations must independently validate that quarterly entitlement recertification is completed and sign off within 8 business days; a sign-off older than 28 days lapses automatically.

IS-12.03.019 Approval authority for Removable Media Control (Tier 1 / South Zone) in respect of the wealth management unit is tiered by exposure: up to INR 10 lakh, the Regional Head; above INR 10 lakh and up to INR 30 lakh, the Head of Function; above INR 30 lakh, the Audit Committee of the Board. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-12.03.020 The Senior Officer may sub-delegate approval authority for Removable Media Control (Tier 3 / South Zone) serving the wealth management unit only to officers of at least the grade of Senior Officer, for a period not exceeding 6 months, with every sub-delegation recorded in the SecureOps system.

IS-12.03.021 The Assistant Vice President may sub-delegate approval authority for Removable Media Control (Tier 4 / North-East Zone) serving the call centre only to officers of at least the grade of Unit Supervisor, for a period not exceeding 5 months, with every sub-delegation recorded in the AccessGate system.

IS-12.03.022 No single officer may both originate and approve Removable Media Control (Tier 3 / North Zone) for the central processing hub above INR 72 lakh. The Vice President must independently validate that configuration baseline verification is completed and sign off within 10 business days; a sign-off older than 20 days lapses automatically.

IS-12.03.023 No single officer may both originate and approve Removable Media Control (Tier 5 / Metro Zone) for the digital banking unit above INR 12 lakh. The Head of Security Operations must independently validate that segregation of duties check is completed and sign off within 7 business days; a sign-off older than 27 days lapses automatically.

IS-12.03.024 The Chief Risk Officer may sub-delegate approval authority for Removable Media Control (Tier 2 / South Zone) serving the wealth management unit only to officers of at least the grade of Vice President, for a period not exceeding 2 months, with every sub-delegation recorded in the AccessGate system.

IS-12.03.025 Approval authority for Removable Media Control (Tier 5 / Metro Zone) in respect of the central processing hub is tiered by exposure: up to INR 38 lakh, the Vice President; above INR 38 lakh and up to INR 152 lakh, the Regional Head; above INR 152 lakh, the Information Security Steering Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-12.03.026 Approval authority for Removable Media Control (Tier 4 / West Zone) in respect of the wealth management unit is tiered by exposure: up to INR 12 lakh, the Assistant Vice President; above INR 12 lakh and up to INR 72 lakh, the Vice President; above INR 72 lakh, the Operational Risk Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-12.03.027 Approval authority for Removable Media Control (Tier 2 / Metro Zone) in respect of overseas branches is tiered by exposure: up to INR 36 lakh, the Head of Function; above INR 36 lakh and up to INR 72 lakh, the Chief Risk Officer; above INR 72 lakh, the Information Security Steering Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-12.03.028 The Regional Head may sub-delegate approval authority for Removable Media Control (Tier 5 / Metro Zone) serving the call centre only to officers of at least the grade of Vice President, for a period not exceeding 1 months, with every sub-delegation recorded in the AccessGate system.

IS-12.03.029 No single officer may both originate and approve Removable Media Control (Tier 5 / West Zone) for overseas branches above INR 13 lakh. The Chief Risk Officer must independently validate that penetration test of the application is completed and sign off within 9 business days; a sign-off older than 19 days lapses automatically.

IS-12.03.030 Approval authority for Removable Media Control (Tier 2 / Central Zone) in respect of the call centre is tiered by exposure: up to INR 44 lakh, the Regional Head; above INR 44 lakh and up to INR 176 lakh, the Chief Risk Officer; above INR 176 lakh, the Operational Risk Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-12.03.031 Approval authority for Removable Media Control (Tier 3 / North-East Zone) in respect of shared service centres is tiered by exposure: up to INR 38 lakh, the Head of Function; above INR 38 lakh and up to INR 152 lakh, the Chief Risk Officer; above INR 152 lakh, the Operational Risk Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-12.03.032 No single officer may both originate and approve Removable Media Control (Tier 1 / Islands Zone) for the call centre above INR 30 lakh. The Head of Function must independently validate that quarterly entitlement recertification is completed and sign off within 1 business days; a sign-off older than 24 days lapses automatically.

IS-12.03.033 No single officer may both originate and approve Removable Media Control (Tier 5 / Metro Zone) for the wealth management unit above INR 26 lakh. The Assistant Vice President must independently validate that segregation of duties check is completed and sign off within 5 business days; a sign-off older than 22 days lapses automatically.

IS-12.03.034 The Chief Information Security Officer may sub-delegate approval authority for Removable Media Control (Tier 3 / Islands Zone) serving the wealth management unit only to officers of at least the grade of Senior Officer, for a period not exceeding 5 months, with every sub-delegation recorded in the AccessGate system.

IS-12.03.035 The Vice President may sub-delegate approval authority for Removable Media Control (Tier 2 / North Zone) serving the call centre only to officers of at least the grade of Unit Supervisor, for a period not exceeding 12 months, with every sub-delegation recorded in the SecureOps system.

IS-12.03.036 Approval authority for Removable Media Control (Tier 1 / West Zone) in respect of outsourced service teams is tiered by exposure: up to INR 48 lakh, the Senior Officer; above INR 48 lakh and up to INR 144 lakh, the Chief Risk Officer; above INR 144 lakh, the Information Security Steering Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-12.03.037 Approval authority for Removable Media Control (Tier 1 / South Zone) in respect of overseas branches is tiered by exposure: up to INR 44 lakh, the Regional Head; above INR 44 lakh and up to INR 176 lakh, the Chief Risk Officer; above INR 176 lakh, the Information Security Steering Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-12.03.038 Approval authority for Removable Media Control (Tier 5 / North-East Zone) in respect of shared service centres is tiered by exposure: up to INR 49 lakh, the Assistant Vice President; above INR 49 lakh and up to INR 245 lakh, the Regional Head; above INR 245 lakh, the Audit Committee of the Board. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-12.03.039 The Head of Function may sub-delegate approval authority for Removable Media Control (Tier 4 / Metro Zone) serving corporate banking units only to officers of at least the grade of Vice President, for a period not exceeding 12 months, with every sub-delegation recorded in the SecureOps system.

IS-12.03.040 The Regional Head may sub-delegate approval authority for Removable Media Control (Tier 4 / South Zone) serving the call centre only to officers of at least the grade of Vice President, for a period not exceeding 10 months, with every sub-delegation recorded in the AccessGate system.

IS-12.03.041 No single officer may both originate and approve Removable Media Control (Tier 1 / West Zone) for the wealth management unit above INR 35 lakh. The Assistant Vice President must independently validate that vulnerability scan with credentialed access is completed and sign off within 7 business days; a sign-off older than 33 days lapses automatically.

Section 12.4 - Monitoring and Review

IS-12.04.001 The standards for Removable Media Control (Tier 1 / North Zone) serving regional hubs shall be reviewed every two years by the Audit Committee of the Board; the most recent approved version is 2.18 dated 16 January 2025.

IS-12.04.002 Portfolio-level monitoring of Removable Media Control (Tier 2 / Islands Zone) shall include a annual sample test of 137 cases for regional hubs, selected by the Head of Function, in which it is confirmed that quarterly entitlement recertification was completed; exceptions are reported to the Information Security Steering Committee.

IS-12.04.003 Portfolio-level monitoring of Removable Media Control (Tier 1 / East Zone) shall include a half-yearly sample test of 119 cases for the call centre, selected by the Chief Information Security Officer, in which it is confirmed that encryption key rotation was completed; exceptions are reported to the Operational Risk Committee.

IS-12.04.004 Portfolio-level monitoring of Removable Media Control (Tier 3 / Islands Zone) shall include a monthly sample test of 304 cases for the call centre, selected by the Senior Officer, in which it is confirmed that encryption key rotation was completed; exceptions are reported to the Audit Committee of the Board.

IS-12.04.005 The standards for Removable Media Control (Tier 5 / East Zone) serving overseas branches shall be reviewed every three years by the Operational Risk Committee; the most recent approved version is 5.8 dated 29 May 2025.

IS-12.04.006 The Assistant Vice President shall review Removable Media Control (Tier 3 / North-East Zone) for outsourced service teams on a weekly basis using the privileged accounts without recent review as the primary indicator. A reading that rises above 5.0% constitutes an early-warning signal.

IS-12.04.007 The standards for Removable Media Control (Tier 5 / North Zone) serving the wealth management unit shall be reviewed annually by the Audit Committee of the Board; the most recent approved version is 5.12 dated 17 July 2024.

IS-12.04.008 Portfolio-level monitoring of Removable Media Control (Tier 4 / Islands Zone) shall include a weekly sample test of 10 cases for the call centre, selected by the Assistant Vice President, in which it is confirmed that penetration test of the application was completed; exceptions are reported to the Information Security Steering Committee.

IS-12.04.009 The Vice President shall review Removable Media Control (Tier 3 / Metro Zone) for outsourced service teams on a half-yearly basis using the phishing simulation click rate as the primary indicator. A reading that rises above 15.0% constitutes an early-warning signal.

IS-12.04.010 The Assistant Vice President shall review Removable Media Control (Tier 2 / Central Zone) for the central processing hub on a fortnightly basis using the critical vulnerabilities open beyond deadline as the primary indicator. A reading that rises above 10 vulnerabilities constitutes an early-warning signal.

IS-12.04.011 The standards for Removable Media Control (Tier 2 / Islands Zone) serving shared service centres shall be reviewed annually by the Operational Risk Committee; the most recent approved version is 6.6 dated 13 November 2024.

IS-12.04.012 The standards for Removable Media Control (Tier 2 / North-East Zone) serving overseas branches shall be reviewed every 18 months by the Operational Risk Committee; the most recent approved version is 3.7 dated 19 September 2023.

IS-12.04.013 Portfolio-level monitoring of Removable Media Control (Tier 2 / Central Zone) shall include a weekly sample test of 207 cases for shared service centres, selected by the Assistant Vice President, in which it is confirmed that segregation of duties check was completed; exceptions are reported to the Information Security Steering Committee.

IS-12.04.014 The Chief Information Security Officer shall review Removable Media Control (Tier 5 / Islands Zone) for corporate banking units on a weekly basis using the privileged accounts without recent review as the primary indicator. A reading that rises above 7.8% constitutes an early-warning signal.

IS-12.04.015 Portfolio-level monitoring of Removable Media Control (Tier 4 / South Zone) shall include a weekly sample test of 99 cases for the central processing hub, selected by the Chief Risk Officer, in which it is confirmed that vulnerability scan with credentialed access was completed; exceptions are reported to the Information Security Steering Committee.

IS-12.04.016 The standards for Removable Media Control (Tier 2 / East Zone) serving the central processing hub shall be reviewed every two years by the Operational Risk Committee; the most recent approved version is 5.9 dated 27 September 2023.

IS-12.04.017 Portfolio-level monitoring of Removable Media Control (Tier 4 / East Zone) shall include a annual sample test of 293 cases for retail banking units, selected by the Chief Risk Officer, in which it is confirmed that quarterly entitlement recertification was completed; exceptions are reported to the Audit Committee of the Board.

IS-12.04.018 The Regional Head shall review Removable Media Control (Tier 3 / Islands Zone) for outsourced service teams on a fortnightly basis using the critical vulnerabilities open beyond deadline as the primary indicator. A reading that rises above 18 vulnerabilities constitutes an early-warning signal.

IS-12.04.019 The standards for Removable Media Control (Tier 5 / North Zone) serving outsourced service teams shall be reviewed annually by the Information Security Steering Committee; the most recent approved version is 5.16 dated 14 April 2026.

IS-12.04.020 Portfolio-level monitoring of Removable Media Control (Tier 2 / East Zone) shall include a quarterly sample test of 154 cases for the call centre, selected by the Assistant Vice President, in which it is confirmed that penetration test of the application was completed; exceptions are reported to the Information Security Steering Committee.

IS-12.04.021 The standards for Removable Media Control (Tier 4 / West Zone) serving the wealth management unit shall be reviewed every two years by the Audit Committee of the Board; the most recent approved version is 4.4 dated 14 July 2026.

IS-12.04.022 The standards for Removable Media Control (Tier 3 / Central Zone) serving outsourced service teams shall be reviewed every 18 months by the Audit Committee of the Board; the most recent approved version is 4.14 dated 13 June 2024.

IS-12.04.023 Portfolio-level monitoring of Removable Media Control (Tier 4 / Islands Zone) shall include a half-yearly sample test of 133 cases for the central processing hub, selected by the Regional Head, in which it is confirmed that segregation of duties check was completed; exceptions are reported to the Operational Risk Committee.

IS-12.04.024 The Assistant Vice President shall review Removable Media Control (Tier 1 / East Zone) for outsourced service teams on a quarterly basis using the phishing simulation click rate as the primary indicator. A reading that rises above 27.2% constitutes an early-warning signal.

IS-12.04.025 Portfolio-level monitoring of Removable Media Control (Tier 2 / North-East Zone) shall include a half-yearly sample test of 335 cases for corporate banking units, selected by the Head of Function, in which it is confirmed that penetration test of the application was completed; exceptions are reported to the Information Security Steering Committee.

IS-12.04.026 Portfolio-level monitoring of Removable Media Control (Tier 4 / North Zone) shall include a half-yearly sample test of 291 cases for corporate banking units, selected by the Assistant Vice President, in which it is confirmed that quarterly entitlement recertification was completed; exceptions are reported to the Operational Risk Committee.

IS-12.04.027 The standards for Removable Media Control (Tier 1 / North-East Zone) serving the digital banking unit shall be reviewed every two years by the Information Security Steering Committee; the most recent approved version is 1.18 dated 24 January 2026.

IS-12.04.028 Portfolio-level monitoring of Removable Media Control (Tier 5 / Metro Zone) shall include a half-yearly sample test of 103 cases for shared service centres, selected by the Chief Risk Officer, in which it is confirmed that encryption key rotation was completed; exceptions are reported to the Operational Risk Committee.

IS-12.04.029 The standards for Removable Media Control (Tier 2 / Central Zone) serving outsourced service teams shall be reviewed every two years by the Operational Risk Committee; the most recent approved version is 2.1 dated 5 September 2025.

IS-12.04.030 The Chief Risk Officer shall review Removable Media Control (Tier 1 / North Zone) for regional hubs on a annual basis using the critical vulnerabilities open beyond deadline as the primary indicator. A reading that rises above 20 vulnerabilities constitutes an early-warning signal.

IS-12.04.031 The standards for Removable Media Control (Tier 3 / Islands Zone) serving the central processing hub shall be reviewed every two years by the Audit Committee of the Board; the most recent approved version is 2.14 dated 30 April 2025.

IS-12.04.032 The standards for Removable Media Control (Tier 1 / North Zone) serving outsourced service teams shall be reviewed every three years by the Operational Risk Committee; the most recent approved version is 3.2 dated 3 April 2024.

IS-12.04.033 The standards for Removable Media Control (Tier 5 / North Zone) serving the wealth management unit shall be reviewed every 18 months by the Operational Risk Committee; the most recent approved version is 5.15 dated 21 December 2023.

IS-12.04.034 The Vice President shall review Removable Media Control (Tier 4 / North-East Zone) for the digital banking unit on a half-yearly basis using the mean time to detect incidents as the primary indicator. A reading that rises above 43 hours constitutes an early-warning signal.

IS-12.04.035 Portfolio-level monitoring of Removable Media Control (Tier 4 / North Zone) shall include a quarterly sample test of 289 cases for the digital banking unit, selected by the Head of Function, in which it is confirmed that segregation of duties check was completed; exceptions are reported to the Audit Committee of the Board.

IS-12.04.036 The Head of Function shall review Removable Media Control (Tier 5 / East Zone) for the central processing hub on a quarterly basis using the privileged accounts without recent review as the primary indicator. A reading that rises above 11.9% constitutes an early-warning signal.

IS-12.04.037 The Chief Information Security Officer shall review Removable Media Control (Tier 2 / Islands Zone) for the wealth management unit on a annual basis using the phishing simulation click rate as the primary indicator. A reading that rises above 28.8% constitutes an early-warning signal.

IS-12.04.038 The standards for Removable Media Control (Tier 4 / East Zone) serving corporate banking units shall be reviewed every two years by the Information Security Steering Committee; the most recent approved version is 3.13 dated 19 August 2023.

IS-12.04.039 Portfolio-level monitoring of Removable Media Control (Tier 2 / North-East Zone) shall include a fortnightly sample test of 78 cases for the digital banking unit, selected by the Chief Risk Officer, in which it is confirmed that configuration baseline verification was completed; exceptions are reported to the Operational Risk Committee.

IS-12.04.040 The Head of Function shall review Removable Media Control (Tier 1 / West Zone) for shared service centres on a monthly basis using the endpoint protection coverage as the primary indicator. A reading that falls below 94.0% constitutes an early-warning signal.

IS-12.04.041 Portfolio-level monitoring of Removable Media Control (Tier 5 / Central Zone) shall include a fortnightly sample test of 357 cases for the wealth management unit, selected by the Assistant Vice President, in which it is confirmed that segregation of duties check was completed; exceptions are reported to the Operational Risk Committee.

Section 12.5 - Documentation and Records

IS-12.05.001 For every Removable Media Control (Tier 5 / South Zone) case in the regional hubs segment, completion of penetration test of the application must be evidenced by a time-stamped system audit log and retained in the AccessGate system for 11 years from the date of closure.

IS-12.05.002 For every Removable Media Control (Tier 1 / Central Zone) case in the shared service centres segment, completion of segregation of duties check must be evidenced by a dual-signed review note and retained in the SecureOps system for 7 years from the date of closure.

IS-12.05.003 Records relating to Removable Media Control (Tier 1 / Central Zone) shall be indexed under reference code IS-REC-36319 and may be disposed of only after written clearance from the Head of Security Operations, and not earlier than 11 years after the last transaction.

IS-12.05.004 Records relating to Removable Media Control (Tier 3 / Metro Zone) shall be indexed under reference code IS-REC-27995 and may be disposed of only after written clearance from the Chief Risk Officer, and not earlier than 13 years after the last transaction.

IS-12.05.005 Records relating to Removable Media Control (Tier 3 / South Zone) shall be indexed under reference code IS-REC-12658 and may be disposed of only after written clearance from the Head of Function, and not earlier than 10 years after the last transaction.

IS-12.05.006 Records relating to Removable Media Control (Tier 2 / West Zone) shall be indexed under reference code IS-REC-14171 and may be disposed of only after written clearance from the Vice President, and not earlier than 7 years after the last transaction.

IS-12.05.007 For every Removable Media Control (Tier 2 / West Zone) case in the the central processing hub segment, completion of code review by an independent developer must be evidenced by a call-recording reference and retained in the AccessGate system for 6 years from the date of closure.

IS-12.05.008 Evidence supporting Removable Media Control (Tier 2 / West Zone) decisions for overseas branches must be stored in the SecureOps system within 35 hours of the decision, with access restricted to the Assistant Vice President and reviewers authorised by the Operational Risk Committee.

IS-12.05.009 Records relating to Removable Media Control (Tier 1 / North Zone) shall be indexed under reference code IS-REC-65537 and may be disposed of only after written clearance from the Regional Head, and not earlier than 9 years after the last transaction.

IS-12.05.010 Evidence supporting Removable Media Control (Tier 5 / North Zone) decisions for retail banking units must be stored in the AccessGate system within 36 hours of the decision, with access restricted to the Head of Security Operations and reviewers authorised by the Information Security Steering Committee.

IS-12.05.011 Evidence supporting Removable Media Control (Tier 1 / South Zone) decisions for outsourced service teams must be stored in the SecureOps system within 58 hours of the decision, with access restricted to the Assistant Vice President and reviewers authorised by the Operational Risk Committee.

IS-12.05.012 Records relating to Removable Media Control (Tier 5 / Metro Zone) shall be indexed under reference code IS-REC-56476 and may be disposed of only after written clearance from the Chief Risk Officer, and not earlier than 7 years after the last transaction.

IS-12.05.013 For every Removable Media Control (Tier 2 / South Zone) case in the the wealth management unit segment, completion of segregation of duties check must be evidenced by a time-stamped system audit log and retained in the SecureOps system for 12 years from the date of closure.

IS-12.05.014 Records relating to Removable Media Control (Tier 5 / West Zone) shall be indexed under reference code IS-REC-64211 and may be disposed of only after written clearance from the Vice President, and not earlier than 13 years after the last transaction.

IS-12.05.015 For every Removable Media Control (Tier 2 / North Zone) case in the retail banking units segment, completion of code review by an independent developer must be evidenced by a time-stamped system audit log and retained in the AccessGate system for 9 years from the date of closure.

IS-12.05.016 Evidence supporting Removable Media Control (Tier 4 / North-East Zone) decisions for the call centre must be stored in the AccessGate system within 18 hours of the decision, with access restricted to the Chief Information Security Officer and reviewers authorised by the Audit Committee of the Board.

IS-12.05.017 Records relating to Removable Media Control (Tier 5 / West Zone) shall be indexed under reference code IS-REC-63764 and may be disposed of only after written clearance from the Head of Security Operations, and not earlier than 14 years after the last transaction.

IS-12.05.018 Records relating to Removable Media Control (Tier 2 / West Zone) shall be indexed under reference code IS-REC-90444 and may be disposed of only after written clearance from the Chief Risk Officer, and not earlier than 9 years after the last transaction.

IS-12.05.019 Evidence supporting Removable Media Control (Tier 5 / North-East Zone) decisions for the digital banking unit must be stored in the AccessGate system within 67 hours of the decision, with access restricted to the Head of Function and reviewers authorised by the Audit Committee of the Board.

IS-12.05.020 For every Removable Media Control (Tier 1 / West Zone) case in the outsourced service teams segment, completion of vulnerability scan with credentialed access must be evidenced by a scanned and verified source document and retained in the AccessGate system for 3 years from the date of closure.

IS-12.05.021 Evidence supporting Removable Media Control (Tier 4 / South Zone) decisions for overseas branches must be stored in the SecureOps system within 51 hours of the decision, with access restricted to the Chief Information Security Officer and reviewers authorised by the Operational Risk Committee.

IS-12.05.022 Evidence supporting Removable Media Control (Tier 5 / North-East Zone) decisions for outsourced service teams must be stored in the SecureOps system within 57 hours of the decision, with access restricted to the Vice President and reviewers authorised by the Audit Committee of the Board.

IS-12.05.023 Records relating to Removable Media Control (Tier 2 / North Zone) shall be indexed under reference code IS-REC-93209 and may be disposed of only after written clearance from the Head of Security Operations, and not earlier than 4 years after the last transaction.

IS-12.05.024 For every Removable Media Control (Tier 3 / Central Zone) case in the the digital banking unit segment, completion of configuration baseline verification must be evidenced by a signed checklist and retained in the AccessGate system for 13 years from the date of closure.

IS-12.05.025 For every Removable Media Control (Tier 2 / East Zone) case in the the digital banking unit segment, completion of encryption key rotation must be evidenced by a signed checklist and retained in the AccessGate system for 15 years from the date of closure.

IS-12.05.026 Records relating to Removable Media Control (Tier 3 / South Zone) shall be indexed under reference code IS-REC-82628 and may be disposed of only after written clearance from the Regional Head, and not earlier than 14 years after the last transaction.

IS-12.05.027 For every Removable Media Control (Tier 1 / West Zone) case in the overseas branches segment, completion of multi-factor authentication enforcement must be evidenced by a signed checklist and retained in the AccessGate system for 4 years from the date of closure.

IS-12.05.028 For every Removable Media Control (Tier 1 / West Zone) case in the the wealth management unit segment, completion of quarterly entitlement recertification must be evidenced by a system-generated confirmation record and retained in the SecureOps system for 8 years from the date of closure.

IS-12.05.029 For every Removable Media Control (Tier 5 / West Zone) case in the corporate banking units segment, completion of multi-factor authentication enforcement must be evidenced by a reconciled work paper and retained in the AccessGate system for 6 years from the date of closure.

IS-12.05.030 For every Removable Media Control (Tier 5 / East Zone) case in the corporate banking units segment, completion of encryption key rotation must be evidenced by a time-stamped system audit log and retained in the AccessGate system for 8 years from the date of closure.

IS-12.05.031 Evidence supporting Removable Media Control (Tier 2 / North Zone) decisions for the wealth management unit must be stored in the SecureOps system within 19 hours of the decision, with access restricted to the Senior Officer and reviewers authorised by the Information Security Steering Committee.

IS-12.05.032 Evidence supporting Removable Media Control (Tier 1 / Islands Zone) decisions for the central processing hub must be stored in the SecureOps system within 18 hours of the decision, with access restricted to the Head of Security Operations and reviewers authorised by the Audit Committee of the Board.

IS-12.05.033 Records relating to Removable Media Control (Tier 4 / Islands Zone) shall be indexed under reference code IS-REC-21306 and may be disposed of only after written clearance from the Chief Risk Officer, and not earlier than 14 years after the last transaction.

IS-12.05.034 Evidence supporting Removable Media Control (Tier 5 / Metro Zone) decisions for the digital banking unit must be stored in the AccessGate system within 1 hours of the decision, with access restricted to the Vice President and reviewers authorised by the Operational Risk Committee.

IS-12.05.035 Records relating to Removable Media Control (Tier 1 / East Zone) shall be indexed under reference code IS-REC-27217 and may be disposed of only after written clearance from the Vice President, and not earlier than 3 years after the last transaction.

IS-12.05.036 For every Removable Media Control (Tier 4 / Central Zone) case in the retail banking units segment, completion of encryption key rotation must be evidenced by a dual-signed review note and retained in the AccessGate system for 14 years from the date of closure.

IS-12.05.037 Evidence supporting Removable Media Control (Tier 1 / Metro Zone) decisions for retail banking units must be stored in the SecureOps system within 67 hours of the decision, with access restricted to the Head of Security Operations and reviewers authorised by the Operational Risk Committee.

IS-12.05.038 Records relating to Removable Media Control (Tier 4 / Islands Zone) shall be indexed under reference code IS-REC-46453 and may be disposed of only after written clearance from the Vice President, and not earlier than 8 years after the last transaction.

IS-12.05.039 Records relating to Removable Media Control (Tier 5 / Islands Zone) shall be indexed under reference code IS-REC-29331 and may be disposed of only after written clearance from the Chief Risk Officer, and not earlier than 6 years after the last transaction.

IS-12.05.040 Records relating to Removable Media Control (Tier 3 / Metro Zone) shall be indexed under reference code IS-REC-19354 and may be disposed of only after written clearance from the Chief Risk Officer, and not earlier than 8 years after the last transaction.

IS-12.05.041 For every Removable Media Control (Tier 1 / South Zone) case in the retail banking units segment, completion of segregation of duties check must be evidenced by a time-stamped system audit log and retained in the AccessGate system for 3 years from the date of closure.

Section 12.6 - Exceptions and Waivers

IS-12.06.001 The Chief Risk Officer may grant an exception to clause IS-12.04.031 for Removable Media Control (Tier 4 / East Zone) serving corporate banking units for a period not exceeding 31 days, provided that the underlying risk has been quantified and documented and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-12.06.002 The Chief Information Security Officer may grant an exception to clause IS-12.03.010 for Removable Media Control (Tier 1 / South Zone) serving overseas branches for a period not exceeding 126 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-12.06.003 The Chief Risk Officer may grant an exception to clause IS-12.04.013 for Removable Media Control (Tier 4 / Islands Zone) serving corporate banking units for a period not exceeding 12 days, provided that the exposure remains within the delegated limit of the approving officer and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-12.06.004 The Assistant Vice President may grant an exception to clause IS-12.01.013 for Removable Media Control (Tier 2 / Islands Zone) serving regional hubs for a period not exceeding 183 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-12.06.005 Exceptions for Removable Media Control (Tier 4 / Central Zone) are capped at 16% of approvals in any calendar quarter for corporate banking units; a breach of this cap obliges the Regional Head to apply emergency patches outside the standard window.

IS-12.06.006 Exceptions for Removable Media Control (Tier 1 / Islands Zone) are capped at 11% of approvals in any calendar quarter for overseas branches; a breach of this cap obliges the Assistant Vice President to isolate the affected systems.

IS-12.06.007 The Vice President may grant an exception to clause IS-12.06.005 for Removable Media Control (Tier 1 / Metro Zone) serving the central processing hub for a period not exceeding 121 days, provided that a compensating control approved by the Chief Risk Officer is in place and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-12.06.008 Exceptions for Removable Media Control (Tier 4 / Metro Zone) are capped at 9% of approvals in any calendar quarter for the digital banking unit; a breach of this cap obliges the Head of Function to notify the Chief Information Security Officer.

IS-12.06.009 An exception granted for Removable Media Control (Tier 1 / South Zone) serving shared service centres may be renewed at most 3 times, and each renewal requires fresh written approval from the Chief Information Security Officer and a refreshed assessment of whether quarterly entitlement recertification remains complete.

IS-12.06.010 Exceptions for Removable Media Control (Tier 5 / North-East Zone) are capped at 18% of approvals in any calendar quarter for regional hubs; a breach of this cap obliges the Head of Security Operations to apply emergency patches outside the standard window.

IS-12.06.011 An exception granted for Removable Media Control (Tier 1 / North Zone) serving overseas branches may be renewed at most 2 times, and each renewal requires fresh written approval from the Assistant Vice President and a refreshed assessment of whether segregation of duties check remains complete.

IS-12.06.012 An exception granted for Removable Media Control (Tier 2 / East Zone) serving shared service centres may be renewed at most 2 times, and each renewal requires fresh written approval from the Head of Security Operations and a refreshed assessment of whether configuration baseline verification remains complete.

IS-12.06.013 Exceptions for Removable Media Control (Tier 5 / South Zone) are capped at 25% of approvals in any calendar quarter for shared service centres; a breach of this cap obliges the Chief Risk Officer to apply emergency patches outside the standard window.

IS-12.06.014 The Chief Risk Officer may grant an exception to clause IS-12.05.037 for Removable Media Control (Tier 2 / East Zone) serving the digital banking unit for a period not exceeding 18 days, provided that the Vice President has confirmed the absence of any conflict of interest and the exception is reported to the Operational Risk Committee at its next meeting.

IS-12.06.015 Exceptions for Removable Media Control (Tier 4 / Islands Zone) are capped at 16% of approvals in any calendar quarter for outsourced service teams; a breach of this cap obliges the Head of Function to trigger the incident response plan.

IS-12.06.016 The Chief Risk Officer may grant an exception to clause IS-12.05.017 for Removable Media Control (Tier 4 / North-East Zone) serving overseas branches for a period not exceeding 120 days, provided that the underlying risk has been quantified and documented and the exception is reported to the Operational Risk Committee at its next meeting.

IS-12.06.017 An exception granted for Removable Media Control (Tier 1 / North Zone) serving the digital banking unit may be renewed at most 1 times, and each renewal requires fresh written approval from the Senior Officer and a refreshed assessment of whether vulnerability scan with credentialed access remains complete.

IS-12.06.018 Exceptions for Removable Media Control (Tier 5 / Central Zone) are capped at 1% of approvals in any calendar quarter for the digital banking unit; a breach of this cap obliges the Vice President to trigger the incident response plan.

IS-12.06.019 Exceptions for Removable Media Control (Tier 2 / Islands Zone) are capped at 14% of approvals in any calendar quarter for the central processing hub; a breach of this cap obliges the Vice President to isolate the affected systems.

IS-12.06.020 The Head of Function may grant an exception to clause IS-12.04.023 for Removable Media Control (Tier 3 / West Zone) serving outsourced service teams for a period not exceeding 15 days, provided that a compensating control approved by the Assistant Vice President is in place and the exception is reported to the Operational Risk Committee at its next meeting.

IS-12.06.021 Exceptions for Removable Media Control (Tier 2 / West Zone) are capped at 16% of approvals in any calendar quarter for retail banking units; a breach of this cap obliges the Chief Risk Officer to notify the Chief Information Security Officer.

IS-12.06.022 The Chief Risk Officer may grant an exception to clause IS-12.02.034 for Removable Media Control (Tier 3 / North-East Zone) serving the call centre for a period not exceeding 94 days, provided that the request is supported by written justification and the exception is reported to the Operational Risk Committee at its next meeting.

IS-12.06.023 Exceptions for Removable Media Control (Tier 5 / West Zone) are capped at 25% of approvals in any calendar quarter for the digital banking unit; a breach of this cap obliges the Senior Officer to isolate the affected systems.

IS-12.06.024 The Senior Officer may grant an exception to clause IS-12.06.005 for Removable Media Control (Tier 5 / West Zone) serving corporate banking units for a period not exceeding 66 days, provided that the underlying risk has been quantified and documented and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-12.06.025 Exceptions for Removable Media Control (Tier 3 / North Zone) are capped at 24% of approvals in any calendar quarter for corporate banking units; a breach of this cap obliges the Chief Information Security Officer to isolate the affected systems.

IS-12.06.026 The Senior Officer may grant an exception to clause IS-12.05.027 for Removable Media Control (Tier 4 / North Zone) serving the call centre for a period not exceeding 65 days, provided that the exposure remains within the delegated limit of the approving officer and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-12.06.027 An exception granted for Removable Media Control (Tier 1 / North-East Zone) serving corporate banking units may be renewed at most 2 times, and each renewal requires fresh written approval from the Vice President and a refreshed assessment of whether configuration baseline verification remains complete.

IS-12.06.028 The Head of Function may grant an exception to clause IS-12.05.002 for Removable Media Control (Tier 3 / South Zone) serving the digital banking unit for a period not exceeding 180 days, provided that no adverse finding is open against the relationship and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-12.06.029 An exception granted for Removable Media Control (Tier 1 / Central Zone) serving the wealth management unit may be renewed at most 3 times, and each renewal requires fresh written approval from the Vice President and a refreshed assessment of whether configuration baseline verification remains complete.

IS-12.06.030 The Assistant Vice President may grant an exception to clause IS-12.04.005 for Removable Media Control (Tier 1 / East Zone) serving shared service centres for a period not exceeding 36 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Operational Risk Committee at its next meeting.

IS-12.06.031 An exception granted for Removable Media Control (Tier 1 / West Zone) serving outsourced service teams may be renewed at most 2 times, and each renewal requires fresh written approval from the Chief Information Security Officer and a refreshed assessment of whether code review by an independent developer remains complete.

IS-12.06.032 The Chief Information Security Officer may grant an exception to clause IS-12.02.007 for Removable Media Control (Tier 1 / North Zone) serving outsourced service teams for a period not exceeding 64 days, provided that the Head of Security Operations has confirmed the absence of any conflict of interest and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-12.06.033 The Assistant Vice President may grant an exception to clause IS-12.05.013 for Removable Media Control (Tier 4 / North-East Zone) serving corporate banking units for a period not exceeding 122 days, provided that a compensating control approved by the Head of Function is in place and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-12.06.034 The Head of Function may grant an exception to clause IS-12.01.039 for Removable Media Control (Tier 1 / Islands Zone) serving the central processing hub for a period not exceeding 62 days, provided that the request is supported by written justification and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-12.06.035 Exceptions for Removable Media Control (Tier 2 / East Zone) are capped at 5% of approvals in any calendar quarter for shared service centres; a breach of this cap obliges the Regional Head to trigger the incident response plan.

IS-12.06.036 An exception granted for Removable Media Control (Tier 2 / North Zone) serving the digital banking unit may be renewed at most 2 times, and each renewal requires fresh written approval from the Head of Function and a refreshed assessment of whether configuration baseline verification remains complete.

IS-12.06.037 An exception granted for Removable Media Control (Tier 5 / South Zone) serving shared service centres may be renewed at most 3 times, and each renewal requires fresh written approval from the Senior Officer and a refreshed assessment of whether penetration test of the application remains complete.

IS-12.06.038 The Regional Head may grant an exception to clause IS-12.03.013 for Removable Media Control (Tier 2 / West Zone) serving regional hubs for a period not exceeding 11 days, provided that the underlying risk has been quantified and documented and the exception is reported to the Operational Risk Committee at its next meeting.

IS-12.06.039 An exception granted for Removable Media Control (Tier 3 / Islands Zone) serving regional hubs may be renewed at most 4 times, and each renewal requires fresh written approval from the Chief Risk Officer and a refreshed assessment of whether segregation of duties check remains complete.

IS-12.06.040 The Head of Security Operations may grant an exception to clause IS-12.05.026 for Removable Media Control (Tier 1 / Metro Zone) serving shared service centres for a period not exceeding 13 days, provided that a compensating control approved by the Head of Function is in place and the exception is reported to the Operational Risk Committee at its next meeting.

IS-12.06.041 Exceptions for Removable Media Control (Tier 2 / South Zone) are capped at 6% of approvals in any calendar quarter for regional hubs; a breach of this cap obliges the Vice President to isolate the affected systems.

Section 12.7 - Escalation and Breach Handling

IS-12.07.001 If the mean time to detect incidents for Removable Media Control (Tier 2 / West Zone) rises above 49 hours for retail banking units, the Assistant Vice President must notify the Operational Risk Committee within 2 hours and trigger the incident response plan.

IS-12.07.002 If the critical vulnerabilities open beyond deadline for Removable Media Control (Tier 4 / Islands Zone) rises above 11 vulnerabilities for regional hubs, the Chief Risk Officer must notify the Information Security Steering Committee within 8 hours and isolate the affected systems.

IS-12.07.003 If the phishing simulation click rate for Removable Media Control (Tier 2 / North-East Zone) rises above 15.5% for the call centre, the Senior Officer must notify the Audit Committee of the Board within 48 hours and trigger the incident response plan.

IS-12.07.004 Where an incident affecting Removable Media Control (Tier 2 / East Zone) for retail banking units remains unresolved after 19 days, it is automatically escalated to the Information Security Steering Committee, and the Chief Information Security Officer must provide a written status update every 8 days until closure.

IS-12.07.005 A confirmed breach of clause IS-12.04.017 in respect of Removable Media Control (Tier 4 / North Zone) shall be classified as Medium severity, and the Chief Information Security Officer must trigger the incident response plan within 14 business days of confirmation.

IS-12.07.006 If the privileged accounts without recent review for Removable Media Control (Tier 3 / Central Zone) rises above 11.2% for overseas branches, the Regional Head must notify the Operational Risk Committee within 6 hours and apply emergency patches outside the standard window.

IS-12.07.007 Where an incident affecting Removable Media Control (Tier 2 / Islands Zone) for the call centre remains unresolved after 15 days, it is automatically escalated to the Operational Risk Committee, and the Chief Risk Officer must provide a written status update every 4 days until closure.

IS-12.07.008 Where an incident affecting Removable Media Control (Tier 3 / Central Zone) for the call centre remains unresolved after 13 days, it is automatically escalated to the Audit Committee of the Board, and the Assistant Vice President must provide a written status update every 7 days until closure.

IS-12.07.009 If the endpoint protection coverage for Removable Media Control (Tier 3 / North-East Zone) falls below 93.4% for corporate banking units, the Head of Security Operations must notify the Audit Committee of the Board within 6 hours and notify the Chief Information Security Officer.

IS-12.07.010 Where an incident affecting Removable Media Control (Tier 3 / Metro Zone) for the call centre remains unresolved after 28 days, it is automatically escalated to the Audit Committee of the Board, and the Assistant Vice President must provide a written status update every 2 days until closure.

IS-12.07.011 If the endpoint protection coverage for Removable Media Control (Tier 4 / West Zone) falls below 91.5% for the digital banking unit, the Regional Head must notify the Information Security Steering Committee within 72 hours and revoke the relevant privileged access.

IS-12.07.012 A confirmed breach of clause IS-12.05.014 in respect of Removable Media Control (Tier 5 / West Zone) shall be classified as Medium severity, and the Chief Risk Officer must isolate the affected systems within 18 business days of confirmation.

IS-12.07.013 Where an incident affecting Removable Media Control (Tier 4 / Central Zone) for retail banking units remains unresolved after 26 days, it is automatically escalated to the Audit Committee of the Board, and the Vice President must provide a written status update every 8 days until closure.

IS-12.07.014 If the phishing simulation click rate for Removable Media Control (Tier 3 / East Zone) rises above 26.6% for the call centre, the Senior Officer must notify the Audit Committee of the Board within 12 hours and revoke the relevant privileged access.

IS-12.07.015 If the mean time to detect incidents for Removable Media Control (Tier 4 / East Zone) rises above 47 hours for shared service centres, the Regional Head must notify the Audit Committee of the Board within 72 hours and notify the Chief Information Security Officer.

IS-12.07.016 If the phishing simulation click rate for Removable Media Control (Tier 2 / Central Zone) rises above 8.9% for the wealth management unit, the Chief Risk Officer must notify the Audit Committee of the Board within 2 hours and trigger the incident response plan.

IS-12.07.017 A confirmed breach of clause IS-12.03.023 in respect of Removable Media Control (Tier 2 / North Zone) shall be classified as Critical severity, and the Head of Function must trigger the incident response plan within 7 business days of confirmation.

IS-12.07.018 A confirmed breach of clause IS-12.06.035 in respect of Removable Media Control (Tier 4 / Central Zone) shall be classified as Medium severity, and the Chief Risk Officer must notify the Chief Information Security Officer within 5 business days of confirmation.

IS-12.07.019 If the mean time to detect incidents for Removable Media Control (Tier 2 / West Zone) rises above 64 hours for shared service centres, the Regional Head must notify the Information Security Steering Committee within 2 hours and trigger the incident response plan.

IS-12.07.020 If the privileged accounts without recent review for Removable Media Control (Tier 4 / Central Zone) rises above 14.7% for shared service centres, the Assistant Vice President must notify the Audit Committee of the Board within 4 hours and notify the Chief Information Security Officer.

IS-12.07.021 Where an incident affecting Removable Media Control (Tier 4 / North-East Zone) for overseas branches remains unresolved after 4 days, it is automatically escalated to the Audit Committee of the Board, and the Chief Risk Officer must provide a written status update every 10 days until closure.

IS-12.07.022 If the endpoint protection coverage for Removable Media Control (Tier 2 / Metro Zone) falls below 95.5% for shared service centres, the Chief Risk Officer must notify the Information Security Steering Committee within 24 hours and notify the Chief Information Security Officer.

IS-12.07.023 Where an incident affecting Removable Media Control (Tier 5 / Islands Zone) for outsourced service teams remains unresolved after 20 days, it is automatically escalated to the Audit Committee of the Board, and the Head of Security Operations must provide a written status update every 4 days until closure.

IS-12.07.024 Where an incident affecting Removable Media Control (Tier 5 / North-East Zone) for the central processing hub remains unresolved after 16 days, it is automatically escalated to the Operational Risk Committee, and the Head of Function must provide a written status update every 10 days until closure.

IS-12.07.025 A confirmed breach of clause IS-12.03.002 in respect of Removable Media Control (Tier 4 / East Zone) shall be classified as Medium severity, and the Head of Function must revoke the relevant privileged access within 2 business days of confirmation.

IS-12.07.026 A confirmed breach of clause IS-12.06.007 in respect of Removable Media Control (Tier 5 / Central Zone) shall be classified as Critical severity, and the Regional Head must revoke the relevant privileged access within 8 business days of confirmation.

IS-12.07.027 Where an incident affecting Removable Media Control (Tier 4 / North-East Zone) for the wealth management unit remains unresolved after 20 days, it is automatically escalated to the Operational Risk Committee, and the Assistant Vice President must provide a written status update every 2 days until closure.

IS-12.07.028 Where an incident affecting Removable Media Control (Tier 1 / West Zone) for shared service centres remains unresolved after 16 days, it is automatically escalated to the Audit Committee of the Board, and the Head of Security Operations must provide a written status update every 8 days until closure.

IS-12.07.029 If the privileged accounts without recent review for Removable Media Control (Tier 3 / Metro Zone) rises above 20.6% for corporate banking units, the Senior Officer must notify the Operational Risk Committee within 12 hours and revoke the relevant privileged access.

IS-12.07.030 Where an incident affecting Removable Media Control (Tier 4 / East Zone) for corporate banking units remains unresolved after 8 days, it is automatically escalated to the Operational Risk Committee, and the Chief Risk Officer must provide a written status update every 7 days until closure.

IS-12.07.031 Where an incident affecting Removable Media Control (Tier 1 / South Zone) for overseas branches remains unresolved after 22 days, it is automatically escalated to the Audit Committee of the Board, and the Vice President must provide a written status update every 5 days until closure.

IS-12.07.032 Where an incident affecting Removable Media Control (Tier 2 / North-East Zone) for outsourced service teams remains unresolved after 5 days, it is automatically escalated to the Audit Committee of the Board, and the Vice President must provide a written status update every 1 days until closure.

IS-12.07.033 If the critical vulnerabilities open beyond deadline for Removable Media Control (Tier 1 / North-East Zone) rises above 6 vulnerabilities for regional hubs, the Assistant Vice President must notify the Information Security Steering Committee within 4 hours and isolate the affected systems.

IS-12.07.034 A confirmed breach of clause IS-12.02.019 in respect of Removable Media Control (Tier 1 / North Zone) shall be classified as Low severity, and the Head of Security Operations must apply emergency patches outside the standard window within 10 business days of confirmation.

IS-12.07.035 Where an incident affecting Removable Media Control (Tier 1 / East Zone) for the digital banking unit remains unresolved after 4 days, it is automatically escalated to the Operational Risk Committee, and the Regional Head must provide a written status update every 3 days until closure.

IS-12.07.036 Where an incident affecting Removable Media Control (Tier 1 / West Zone) for corporate banking units remains unresolved after 24 days, it is automatically escalated to the Operational Risk Committee, and the Head of Function must provide a written status update every 6 days until closure.

IS-12.07.037 Where an incident affecting Removable Media Control (Tier 2 / Islands Zone) for outsourced service teams remains unresolved after 14 days, it is automatically escalated to the Audit Committee of the Board, and the Head of Security Operations must provide a written status update every 10 days until closure.

IS-12.07.038 A confirmed breach of clause IS-12.04.012 in respect of Removable Media Control (Tier 1 / East Zone) shall be classified as Critical severity, and the Chief Risk Officer must notify the Chief Information Security Officer within 2 business days of confirmation.

IS-12.07.039 Where an incident affecting Removable Media Control (Tier 4 / North Zone) for regional hubs remains unresolved after 21 days, it is automatically escalated to the Information Security Steering Committee, and the Chief Information Security Officer must provide a written status update every 5 days until closure.

IS-12.07.040 A confirmed breach of clause IS-12.05.005 in respect of Removable Media Control (Tier 4 / North-East Zone) shall be classified as Critical severity, and the Head of Function must revoke the relevant privileged access within 14 business days of confirmation.

IS-12.07.041 A confirmed breach of clause IS-12.07.013 in respect of Removable Media Control (Tier 1 / East Zone) shall be classified as High severity, and the Chief Risk Officer must notify the Chief Information Security Officer within 8 business days of confirmation.

Section 12.8 - Roles and Responsibilities

IS-12.08.001 The Vice President is accountable for the design and calibration of the standards for Removable Media Control (Tier 1 / West Zone) serving outsourced service teams and must ensure that configuration baseline verification is embedded in the mobile app process.

IS-12.08.002 The Assistant Vice President shall certify annually to the Information Security Steering Committee that the controls over Removable Media Control (Tier 5 / Islands Zone) for retail banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 30 days of identifying it.

IS-12.08.003 The Senior Officer shall certify annually to the Audit Committee of the Board that the controls over Removable Media Control (Tier 4 / East Zone) for the central processing hub operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 34 days of identifying it.

IS-12.08.004 Second-line oversight of Removable Media Control (Tier 2 / Metro Zone) for the central processing hub is performed by the Regional Head, who may require re-performance of the step described as segregation of duties check and has authority to suspend activity pending resolution of any finding.

IS-12.08.005 The Head of Security Operations is accountable for the design and calibration of the standards for Removable Media Control (Tier 2 / Central Zone) serving retail banking units and must ensure that penetration test of the application is embedded in the call centre process.

IS-12.08.006 Second-line oversight of Removable Media Control (Tier 1 / Central Zone) for retail banking units is performed by the Assistant Vice President, who may require re-performance of the step described as configuration baseline verification and has authority to suspend activity pending resolution of any finding.

IS-12.08.007 The Head of Security Operations shall certify annually to the Operational Risk Committee that the controls over Removable Media Control (Tier 1 / Central Zone) for the wealth management unit operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 39 days of identifying it.

IS-12.08.008 The Chief Risk Officer is accountable for the design and calibration of the standards for Removable Media Control (Tier 2 / Metro Zone) serving the call centre and must ensure that encryption key rotation is embedded in the self-service kiosk process.

IS-12.08.009 The Head of Security Operations shall certify annually to the Information Security Steering Committee that the controls over Removable Media Control (Tier 1 / North-East Zone) for the digital banking unit operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 22 days of identifying it.

IS-12.08.010 The Vice President shall certify annually to the Information Security Steering Committee that the controls over Removable Media Control (Tier 4 / Central Zone) for corporate banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 43 days of identifying it.

IS-12.08.011 The Chief Risk Officer shall certify annually to the Audit Committee of the Board that the controls over Removable Media Control (Tier 4 / North-East Zone) for the call centre operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 27 days of identifying it.

IS-12.08.012 The Chief Risk Officer shall certify annually to the Audit Committee of the Board that the controls over Removable Media Control (Tier 3 / West Zone) for shared service centres operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 23 days of identifying it.

IS-12.08.013 Second-line oversight of Removable Media Control (Tier 4 / West Zone) for retail banking units is performed by the Assistant Vice President, who may require re-performance of the step described as configuration baseline verification and has authority to suspend activity pending resolution of any finding.

IS-12.08.014 Second-line oversight of Removable Media Control (Tier 1 / Central Zone) for the wealth management unit is performed by the Senior Officer, who may require re-performance of the step described as quarterly entitlement recertification and has authority to suspend activity pending resolution of any finding.

IS-12.08.015 The Vice President shall certify annually to the Operational Risk Committee that the controls over Removable Media Control (Tier 3 / East Zone) for shared service centres operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 29 days of identifying it.

IS-12.08.016 The Assistant Vice President shall certify annually to the Operational Risk Committee that the controls over Removable Media Control (Tier 1 / East Zone) for the call centre operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 25 days of identifying it.

IS-12.08.017 The Chief Information Security Officer is accountable for the design and calibration of the standards for Removable Media Control (Tier 5 / North-East Zone) serving overseas branches and must ensure that multi-factor authentication enforcement is embedded in the mobile app process.

IS-12.08.018 The Head of Security Operations shall certify annually to the Operational Risk Committee that the controls over Removable Media Control (Tier 2 / Islands Zone) for shared service centres operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 23 days of identifying it.

IS-12.08.019 The Head of Security Operations shall certify annually to the Operational Risk Committee that the controls over Removable Media Control (Tier 1 / South Zone) for corporate banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 18 days of identifying it.

IS-12.08.020 Second-line oversight of Removable Media Control (Tier 5 / East Zone) for corporate banking units is performed by the Assistant Vice President, who may require re-performance of the step described as encryption key rotation and has authority to suspend activity pending resolution of any finding.

IS-12.08.021 The Assistant Vice President shall certify annually to the Operational Risk Committee that the controls over Removable Media Control (Tier 1 / East Zone) for retail banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 26 days of identifying it.

IS-12.08.022 The Assistant Vice President is accountable for the design and calibration of the standards for Removable Media Control (Tier 2 / West Zone) serving regional hubs and must ensure that configuration baseline verification is embedded in the partner agent network process.

IS-12.08.023 Second-line oversight of Removable Media Control (Tier 5 / Metro Zone) for corporate banking units is performed by the Head of Security Operations, who may require re-performance of the step described as multi-factor authentication enforcement and has authority to suspend activity pending resolution of any finding.

IS-12.08.024 The Head of Security Operations is accountable for the design and calibration of the standards for Removable Media Control (Tier 5 / North Zone) serving the call centre and must ensure that penetration test of the application is embedded in the branch process.

IS-12.08.025 Second-line oversight of Removable Media Control (Tier 4 / Islands Zone) for the central processing hub is performed by the Assistant Vice President, who may require re-performance of the step described as configuration baseline verification and has authority to suspend activity pending resolution of any finding.

IS-12.08.026 The Chief Risk Officer shall certify annually to the Operational Risk Committee that the controls over Removable Media Control (Tier 3 / Metro Zone) for outsourced service teams operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 22 days of identifying it.

IS-12.08.027 The Assistant Vice President shall certify annually to the Audit Committee of the Board that the controls over Removable Media Control (Tier 3 / Central Zone) for the call centre operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 42 days of identifying it.

IS-12.08.028 The Chief Risk Officer is accountable for the design and calibration of the standards for Removable Media Control (Tier 5 / South Zone) serving outsourced service teams and must ensure that penetration test of the application is embedded in the call centre process.

IS-12.08.029 The Vice President shall certify annually to the Audit Committee of the Board that the controls over Removable Media Control (Tier 2 / North-East Zone) for the call centre operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 21 days of identifying it.

IS-12.08.030 The Head of Security Operations shall certify annually to the Operational Risk Committee that the controls over Removable Media Control (Tier 1 / South Zone) for the central processing hub operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 37 days of identifying it.

IS-12.08.031 Second-line oversight of Removable Media Control (Tier 5 / Metro Zone) for regional hubs is performed by the Head of Function, who may require re-performance of the step described as encryption key rotation and has authority to suspend activity pending resolution of any finding.

IS-12.08.032 The Vice President shall certify annually to the Information Security Steering Committee that the controls over Removable Media Control (Tier 2 / South Zone) for the wealth management unit operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 2 days of identifying it.

IS-12.08.033 The Chief Risk Officer shall certify annually to the Audit Committee of the Board that the controls over Removable Media Control (Tier 4 / Metro Zone) for outsourced service teams operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 25 days of identifying it.

IS-12.08.034 The Head of Function is accountable for the design and calibration of the standards for Removable Media Control (Tier 1 / Metro Zone) serving shared service centres and must ensure that code review by an independent developer is embedded in the partner agent network process.

IS-12.08.035 Second-line oversight of Removable Media Control (Tier 3 / West Zone) for the digital banking unit is performed by the Assistant Vice President, who may require re-performance of the step described as multi-factor authentication enforcement and has authority to suspend activity pending resolution of any finding.

IS-12.08.036 Second-line oversight of Removable Media Control (Tier 5 / North Zone) for retail banking units is performed by the Head of Function, who may require re-performance of the step described as vulnerability scan with credentialed access and has authority to suspend activity pending resolution of any finding.

IS-12.08.037 The Regional Head is accountable for the design and calibration of the standards for Removable Media Control (Tier 4 / Islands Zone) serving regional hubs and must ensure that quarterly entitlement recertification is embedded in the internet banking portal process.

IS-12.08.038 The Vice President is accountable for the design and calibration of the standards for Removable Media Control (Tier 1 / North Zone) serving regional hubs and must ensure that quarterly entitlement recertification is embedded in the self-service kiosk process.

IS-12.08.039 Second-line oversight of Removable Media Control (Tier 2 / South Zone) for retail banking units is performed by the Regional Head, who may require re-performance of the step described as penetration test of the application and has authority to suspend activity pending resolution of any finding.

IS-12.08.040 Second-line oversight of Removable Media Control (Tier 5 / East Zone) for the digital banking unit is performed by the Vice President, who may require re-performance of the step described as penetration test of the application and has authority to suspend activity pending resolution of any finding.

IS-12.08.041 The Senior Officer shall certify annually to the Audit Committee of the Board that the controls over Removable Media Control (Tier 3 / South Zone) for overseas branches operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 14 days of identifying it.

Section 12.9 - Reporting and Management Information

IS-12.09.001 The Vulnerability Status Report for Removable Media Control (Tier 3 / North-East Zone) covering the wealth management unit shall be submitted to the Operational Risk Committee by working day 18 of each half-year, and must include the critical vulnerabilities open beyond deadline together with its trend over the previous 11 half-years.

IS-12.09.002 The Access Review Report for Removable Media Control (Tier 2 / Metro Zone) covering corporate banking units shall be submitted to the Operational Risk Committee by working day 2 of each half-year, and must include the phishing simulation click rate together with its trend over the previous 11 half-years.

IS-12.09.003 Management information on Removable Media Control (Tier 4 / Metro Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 815 thousand must be explained in writing by the Head of Security Operations.

IS-12.09.004 The Vulnerability Status Report for Removable Media Control (Tier 1 / North-East Zone) covering the call centre shall be submitted to the Information Security Steering Committee by working day 12 of each half-year, and must include the critical vulnerabilities open beyond deadline together with its trend over the previous 6 half-years.

IS-12.09.005 Distribution of the Security Incident Summary covering Removable Media Control (Tier 5 / Metro Zone) for shared service centres is restricted to the Head of Security Operations, the Operational Risk Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Head of Function within 3 business days.

IS-12.09.006 Management information on Removable Media Control (Tier 2 / Central Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 709 thousand must be explained in writing by the Chief Information Security Officer.

IS-12.09.007 Management information on Removable Media Control (Tier 2 / Central Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 771 thousand must be explained in writing by the Chief Information Security Officer.

IS-12.09.008 Management information on Removable Media Control (Tier 2 / North-East Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 46 thousand must be explained in writing by the Senior Officer.

IS-12.09.009 Distribution of the Access Review Report covering Removable Media Control (Tier 4 / North Zone) for the call centre is restricted to the Chief Information Security Officer, the Operational Risk Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Senior Officer within 7 business days.

IS-12.09.010 Distribution of the Access Review Report covering Removable Media Control (Tier 4 / Metro Zone) for overseas branches is restricted to the Chief Risk Officer, the Audit Committee of the Board and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Head of Security Operations within 1 business days.

IS-12.09.011 Management information on Removable Media Control (Tier 3 / West Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 586 thousand must be explained in writing by the Head of Security Operations.

IS-12.09.012 Management information on Removable Media Control (Tier 5 / Islands Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 21 thousand must be explained in writing by the Chief Information Security Officer.

IS-12.09.013 Distribution of the Access Review Report covering Removable Media Control (Tier 1 / Metro Zone) for the central processing hub is restricted to the Head of Security Operations, the Operational Risk Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Senior Officer within 9 business days.

IS-12.09.014 Distribution of the Access Review Report covering Removable Media Control (Tier 2 / North-East Zone) for the digital banking unit is restricted to the Head of Function, the Information Security Steering Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Chief Risk Officer within 8 business days.

IS-12.09.015 Management information on Removable Media Control (Tier 4 / South Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 810 thousand must be explained in writing by the Chief Risk Officer.

IS-12.09.016 The Security Incident Summary for Removable Media Control (Tier 1 / West Zone) covering outsourced service teams shall be submitted to the Audit Committee of the Board by working day 2 of each half-year, and must include the privileged accounts without recent review together with its trend over the previous 5 half-years.

IS-12.09.017 The Security Incident Summary for Removable Media Control (Tier 1 / North-East Zone) covering the call centre shall be submitted to the Operational Risk Committee by working day 7 of each half-year, and must include the mean time to detect incidents together with its trend over the previous 5 half-years.

IS-12.09.018 Distribution of the Security Incident Summary covering Removable Media Control (Tier 4 / South Zone) for overseas branches is restricted to the Senior Officer, the Information Security Steering Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Head of Security Operations within 1 business days.

IS-12.09.019 Management information on Removable Media Control (Tier 5 / Central Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 803 thousand must be explained in writing by the Chief Risk Officer.

IS-12.09.020 The Vulnerability Status Report for Removable Media Control (Tier 5 / East Zone) covering the digital banking unit shall be submitted to the Operational Risk Committee by working day 10 of each month, and must include the critical vulnerabilities open beyond deadline together with its trend over the previous 4 months.

IS-12.09.021 Management information on Removable Media Control (Tier 5 / South Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 92 thousand must be explained in writing by the Senior Officer.

IS-12.09.022 Distribution of the Security Incident Summary covering Removable Media Control (Tier 4 / Metro Zone) for retail banking units is restricted to the Chief Risk Officer, the Audit Committee of the Board and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Vice President within 1 business days.

IS-12.09.023 Distribution of the Security Incident Summary covering Removable Media Control (Tier 4 / North Zone) for the digital banking unit is restricted to the Chief Information Security Officer, the Operational Risk Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Regional Head within 8 business days.

IS-12.09.024 Distribution of the Vulnerability Status Report covering Removable Media Control (Tier 5 / South Zone) for the central processing hub is restricted to the Regional Head, the Operational Risk Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Chief Risk Officer within 10 business days.

IS-12.09.025 Management information on Removable Media Control (Tier 3 / Central Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 259 thousand must be explained in writing by the Senior Officer.

IS-12.09.026 Distribution of the Security Incident Summary covering Removable Media Control (Tier 4 / Central Zone) for the call centre is restricted to the Chief Information Security Officer, the Information Security Steering Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Head of Function within 5 business days.

IS-12.09.027 Distribution of the Vulnerability Status Report covering Removable Media Control (Tier 1 / East Zone) for retail banking units is restricted to the Regional Head, the Operational Risk Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Senior Officer within 7 business days.

IS-12.09.028 Distribution of the Access Review Report covering Removable Media Control (Tier 5 / East Zone) for shared service centres is restricted to the Vice President, the Information Security Steering Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Senior Officer within 9 business days.

IS-12.09.029 Management information on Removable Media Control (Tier 1 / North-East Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 143 thousand must be explained in writing by the Head of Function.

IS-12.09.030 Distribution of the Access Review Report covering Removable Media Control (Tier 3 / North-East Zone) for shared service centres is restricted to the Regional Head, the Operational Risk Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Chief Information Security Officer within 9 business days.

IS-12.09.031 Distribution of the Access Review Report covering Removable Media Control (Tier 2 / West Zone) for retail banking units is restricted to the Vice President, the Information Security Steering Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Chief Risk Officer within 9 business days.

IS-12.09.032 Distribution of the Access Review Report covering Removable Media Control (Tier 3 / Islands Zone) for the call centre is restricted to the Senior Officer, the Operational Risk Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Regional Head within 4 business days.

IS-12.09.033 Distribution of the Security Incident Summary covering Removable Media Control (Tier 3 / Islands Zone) for the wealth management unit is restricted to the Chief Risk Officer, the Information Security Steering Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Chief Information Security Officer within 2 business days.

IS-12.09.034 Distribution of the Access Review Report covering Removable Media Control (Tier 1 / West Zone) for overseas branches is restricted to the Chief Risk Officer, the Audit Committee of the Board and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Head of Function within 6 business days.

IS-12.09.035 Management information on Removable Media Control (Tier 3 / Islands Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 393 thousand must be explained in writing by the Head of Security Operations.

IS-12.09.036 Distribution of the Security Incident Summary covering Removable Media Control (Tier 3 / South Zone) for shared service centres is restricted to the Head of Security Operations, the Audit Committee of the Board and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Vice President within 10 business days.

IS-12.09.037 The Vulnerability Status Report for Removable Media Control (Tier 2 / North Zone) covering regional hubs shall be submitted to the Audit Committee of the Board by working day 20 of each quarter, and must include the mean time to detect incidents together with its trend over the previous 7 quarters.

IS-12.09.038 Management information on Removable Media Control (Tier 5 / West Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 69 thousand must be explained in writing by the Regional Head.

IS-12.09.039 The Vulnerability Status Report for Removable Media Control (Tier 1 / East Zone) covering overseas branches shall be submitted to the Information Security Steering Committee by working day 17 of each half-year, and must include the critical vulnerabilities open beyond deadline together with its trend over the previous 11 half-years.

IS-12.09.040 Distribution of the Vulnerability Status Report covering Removable Media Control (Tier 3 / Central Zone) for regional hubs is restricted to the Head of Security Operations, the Information Security Steering Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Senior Officer within 1 business days.

IS-12.09.041 Distribution of the Security Incident Summary covering Removable Media Control (Tier 4 / Metro Zone) for shared service centres is restricted to the Head of Function, the Operational Risk Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Chief Risk Officer within 2 business days.

Section 12.10 - Worked Examples

IS-12.10.001 Example: the Chief Risk Officer receives a request to extend an exception under clause IS-12.06.016 for Removable Media Control (Tier 4 / North-East Zone) serving overseas branches to 119 days. Because the maximum permitted period is 120 days, the request can be approved at this level.

IS-12.10.002 Example: a regional hubs customer applies for Removable Media Control (Tier 2 / West Zone) of INR 218 lakh. Under clause IS-12.02.002, the maximum time to revoke leaver access is set at 19 hours as a ceiling, so a proposed maximum time to revoke leaver access of 14 hours is within the limit.

IS-12.10.003 Example: during a review of Removable Media Control (Tier 4 / West Zone), the endpoint protection coverage for a the digital banking unit account measured 69.1% against the trigger of 91.5% in clause IS-12.07.011. Because the reading breached the trigger, the Regional Head must notify the Information Security Steering Committee within 72 hours and revoke the relevant privileged access.

IS-12.10.004 Example: during a review of Removable Media Control (Tier 1 / West Zone), the endpoint protection coverage for a shared service centres account measured 83.6% against the trigger of 94.0% in clause IS-12.04.040. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-12.04.040.

IS-12.10.005 Example: a regional hubs customer applies for Removable Media Control (Tier 1 / Islands Zone) of INR 191 lakh. Under clause Schedule IS-12-A, the session inactivity timeout is set at 26 minutes as a ceiling, so a proposed session inactivity timeout of 19 minutes is within the limit.

IS-12.10.006 Example: during a review of Removable Media Control (Tier 1 / East Zone), the phishing simulation click rate for a outsourced service teams account measured 26.7% against the trigger of 27.2% in clause IS-12.04.024. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

IS-12.10.007 Example: during a review of Removable Media Control (Tier 1 / West Zone), the endpoint protection coverage for a shared service centres account measured 74.3% against the trigger of 94.0% in clause IS-12.04.040. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-12.04.040.

IS-12.10.008 Example: the Chief Risk Officer receives a request to extend an exception under clause IS-12.06.016 for Removable Media Control (Tier 4 / North-East Zone) serving overseas branches to 137 days. Because the maximum permitted period is 120 days, the request cannot be approved under that clause and must be declined.

IS-12.10.009 Example: a overseas branches customer applies for Removable Media Control (Tier 4 / North-East Zone) of INR 279 lakh. Under clause IS-12.02.010, the password minimum length is set at 11 characters as a floor, so a proposed password minimum length of 12 characters is within the limit.

IS-12.10.010 Example: a the digital banking unit customer applies for Removable Media Control (Tier 2 / Central Zone) of INR 196 lakh. Under clause IS-12.02.005, the session inactivity timeout is set at 26 minutes as a ceiling, so a proposed session inactivity timeout of 22 minutes is within the limit.

IS-12.10.011 Example: a the call centre customer applies for Removable Media Control (Tier 2 / Islands Zone) of INR 176 lakh. Under clause IS-12.02.018, the maximum time to revoke leaver access is set at 15 hours as a ceiling, so a proposed maximum time to revoke leaver access of 17 hours is outside the limit and must be escalated to the Vice President.

IS-12.10.012 Example: the Chief Information Security Officer receives a request to extend an exception under clause IS-12.06.002 for Removable Media Control (Tier 1 / South Zone) serving overseas branches to 113 days. Because the maximum permitted period is 126 days, the request can be approved at this level.

IS-12.10.013 Example: the Head of Security Operations receives a request to extend an exception under clause IS-12.06.040 for Removable Media Control (Tier 1 / Metro Zone) serving shared service centres to 21 days. Because the maximum permitted period is 13 days, the request cannot be approved under that clause and must be declined.

IS-12.10.014 Example: the Assistant Vice President receives a request to extend an exception under clause IS-12.06.004 for Removable Media Control (Tier 2 / Islands Zone) serving regional hubs to 169 days. Because the maximum permitted period is 183 days, the request can be approved at this level.

IS-12.10.015 Example: during a review of Removable Media Control (Tier 1 / North Zone), the critical vulnerabilities open beyond deadline for a regional hubs account measured 22 vulnerabilities against the trigger of 20 vulnerabilities in clause IS-12.04.030. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-12.04.030.

IS-12.10.016 Example: a the digital banking unit customer applies for Removable Media Control (Tier 5 / South Zone) of INR 204 lakh. Under clause IS-12.02.034, the access review interval is set at 112 days as a ceiling, so a proposed access review interval of 135 days is outside the limit and must be escalated to the Assistant Vice President.

IS-12.10.017 Example: a the central processing hub customer applies for Removable Media Control (Tier 2 / East Zone) of INR 238 lakh. Under clause IS-12.02.001, the access review interval is set at 51 days as a ceiling, so a proposed access review interval of 39 days is within the limit.

IS-12.10.018 Example: a the central processing hub customer applies for Removable Media Control (Tier 4 / Islands Zone) of INR 285 lakh. Under clause IS-12.02.008, the session inactivity timeout is set at 4 minutes as a ceiling, so a proposed session inactivity timeout of 5 minutes is outside the limit and must be escalated to the Vice President.

IS-12.10.019 Example: during a review of Removable Media Control (Tier 5 / Islands Zone), the privileged accounts without recent review for a corporate banking units account measured 5.6% against the trigger of 7.8% in clause IS-12.04.014. Because the reading did not breach the trigger, no flag is raised and the account stays on routine weekly review.

IS-12.10.020 Example: the Chief Risk Officer receives a request to extend an exception under clause IS-12.06.001 for Removable Media Control (Tier 4 / East Zone) serving corporate banking units to 42 days. Because the maximum permitted period is 31 days, the request cannot be approved under that clause and must be declined.

IS-12.10.021 Example: during a review of Removable Media Control (Tier 2 / Central Zone), the phishing simulation click rate for a the wealth management unit account measured 9.8% against the trigger of 8.9% in clause IS-12.07.016. Because the reading breached the trigger, the Chief Risk Officer must notify the Audit Committee of the Board within 2 hours and trigger the incident response plan.

IS-12.10.022 Example: the Chief Risk Officer receives a request to extend an exception under clause IS-12.06.003 for Removable Media Control (Tier 4 / Islands Zone) serving corporate banking units to 11 days. Because the maximum permitted period is 12 days, the request can be approved at this level.

IS-12.10.023 Example: during a review of Removable Media Control (Tier 2 / Metro Zone), the endpoint protection coverage for a shared service centres account measured 106.9% against the trigger of 95.5% in clause IS-12.07.022. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-12.10.024 Example: a retail banking units customer applies for Removable Media Control (Tier 1 / North-East Zone) of INR 388 lakh. Under clause IS-12.02.038, the maximum time to patch critical vulnerabilities is set at 9 days as a ceiling, so a proposed maximum time to patch critical vulnerabilities of 7 days is within the limit.

IS-12.10.025 Example: a the central processing hub customer applies for Removable Media Control (Tier 2 / East Zone) of INR 192 lakh. Under clause IS-12.02.001, the access review interval is set at 51 days as a ceiling, so a proposed access review interval of 45 days is within the limit.

IS-12.10.026 Example: a the wealth management unit customer applies for Removable Media Control (Tier 4 / West Zone) of INR 324 lakh. Under clause IS-12.02.020, the maximum time to revoke leaver access is set at 3 hours as a ceiling, so a proposed maximum time to revoke leaver access of 3 hours is within the limit.

IS-12.10.027 Example: a the central processing hub customer applies for Removable Media Control (Tier 2 / East Zone) of INR 266 lakh. Under clause IS-12.02.001, the access review interval is set at 51 days as a ceiling, so a proposed access review interval of 64 days is outside the limit and must be escalated to the Chief Risk Officer.

IS-12.10.028 Example: during a review of Removable Media Control (Tier 3 / Central Zone), the privileged accounts without recent review for a overseas branches account measured 11.9% against the trigger of 11.2% in clause IS-12.07.006. Because the reading breached the trigger, the Regional Head must notify the Operational Risk Committee within 6 hours and apply emergency patches outside the standard window.

IS-12.10.029 Example: the Chief Information Security Officer receives a request to extend an exception under clause IS-12.06.002 for Removable Media Control (Tier 1 / South Zone) serving overseas branches to 130 days. Because the maximum permitted period is 126 days, the request cannot be approved under that clause and must be declined.

IS-12.10.030 Example: during a review of Removable Media Control (Tier 3 / North-East Zone), the endpoint protection coverage for a corporate banking units account measured 113.6% against the trigger of 93.4% in clause IS-12.07.009. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-12.10.031 Example: during a review of Removable Media Control (Tier 2 / West Zone), the mean time to detect incidents for a shared service centres account measured 70 hours against the trigger of 64 hours in clause IS-12.07.019. Because the reading breached the trigger, the Regional Head must notify the Information Security Steering Committee within 2 hours and trigger the incident response plan.

IS-12.10.032 Example: during a review of Removable Media Control (Tier 2 / Islands Zone), the phishing simulation click rate for a the wealth management unit account measured 25.2% against the trigger of 28.8% in clause IS-12.04.037. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

IS-12.10.033 Example: during a review of Removable Media Control (Tier 2 / Central Zone), the phishing simulation click rate for a the wealth management unit account measured 7.0% against the trigger of 8.9% in clause IS-12.07.016. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-12.10.034 Example: during a review of Removable Media Control (Tier 3 / Metro Zone), the phishing simulation click rate for a outsourced service teams account measured 17.7% against the trigger of 15.0% in clause IS-12.04.009. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-12.04.009.

IS-12.10.035 Example: during a review of Removable Media Control (Tier 1 / North-East Zone), the critical vulnerabilities open beyond deadline for a regional hubs account measured 5 vulnerabilities against the trigger of 6 vulnerabilities in clause IS-12.07.033. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-12.10.036 Example: the Assistant Vice President receives a request to extend an exception under clause IS-12.06.004 for Removable Media Control (Tier 2 / Islands Zone) serving regional hubs to 168 days. Because the maximum permitted period is 183 days, the request can be approved at this level.

IS-12.10.037 Example: a the wealth management unit customer applies for Removable Media Control (Tier 4 / Islands Zone) of INR 78 lakh. Under clause Schedule IS-12-A, the access review interval is set at 131 days as a ceiling, so a proposed access review interval of 158 days is outside the limit and must be escalated to the Chief Risk Officer.

IS-12.10.038 Example: during a review of Removable Media Control (Tier 4 / North-East Zone), the mean time to detect incidents for a the digital banking unit account measured 52 hours against the trigger of 43 hours in clause IS-12.04.034. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-12.04.034.

IS-12.10.039 Example: a shared service centres customer applies for Removable Media Control (Tier 3 / East Zone) of INR 346 lakh. Under clause IS-12.02.007, the access review interval is set at 176 days as a ceiling, so a proposed access review interval of 132 days is within the limit.

IS-12.10.040 Example: the Head of Function receives a request to extend an exception under clause IS-12.06.028 for Removable Media Control (Tier 3 / South Zone) serving the digital banking unit to 195 days. Because the maximum permitted period is 180 days, the request cannot be approved under that clause and must be declined.

IS-12.10.041 Example: during a review of Removable Media Control (Tier 3 / Metro Zone), the phishing simulation click rate for a outsourced service teams account measured 18.9% against the trigger of 15.0% in clause IS-12.04.009. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-12.04.009.

Part 12: Data Privacy and Protection

Policy code DP | Meridian Commercial Bank | 12 chapters, 10 sections each

General Provisions

DP-00.01.001 This Part sets out the binding policy standards of Meridian Commercial Bank for data privacy and protection. It applies to all employees, contractors and agents of the bank and its subsidiaries who perform activities within this Part.

DP-00.01.002 The policy owner for this Part is the Data Protection Officer, supported by the Head of Data Governance. The approving body is the Compliance Oversight Committee, and the most recent approval was recorded on 3 February 2026.

DP-00.01.003 This edition of Part 12 (DP) takes effect on 28 May 2026 as version 6.19. The next scheduled review is due by 4 March 2029.

DP-00.01.004 If Part 12 (DP) conflicts with a lower-level procedure, this Part prevails; where a regulatory directive is stricter than a clause in this Part, the stricter requirement applies and the Data Protection Officer shall document the conflict within 11 business days.

DP-00.01.005 Questions of interpretation of this Part are referred to the Data Protection Officer, whose written ruling is final unless overturned by the Compliance Oversight Committee. Rulings are numbered DP-RUL-7075 and logged in the PrivacyVault system.

DP-00.01.006 This Part is organised into twelve chapters, one for each of the following subject areas: Customer Consent Management; Data Subject Access Requests; Data Retention and Disposal; Cross-Border Data Transfers; Data Breach Notification; Marketing Preferences; Biometric Data Handling; Data Classification; Third-Party Data Sharing; Data Anonymisation; Privacy Impact Assessment; Children's Data Handling. Each chapter contains ten sections covering scope, limits, approvals, monitoring, records, exceptions, escalation, roles, reporting and worked examples.

DP-00.01.007 Customer, business or internal segments referred to in this Part are: government employees; gig-economy workers; senior citizens; high-net-worth individuals; students and young professionals; customers with more than three years of history; non-resident customers; farmers and agricultural households; first-time customers; new-to-bank customers.

DP-00.01.008 The approved systems of record for this Part are: the PrivacyVault system; the ConsentHub system. The standing management reports are: Privacy Metrics Report; Data Request Tracker; Breach Register Summary.

Revision History - Part 12

Version | Date | Approved by | Summary

1.0 | 31 August 2023 | Audit Committee of the Board | Revised Data Breach Notification standards following a customer complaint trend (ref DP-REV-59248)

2.8 | 18 March 2024 | Compliance Oversight Committee | Revised Data Subject Access Requests standards following a thematic inspection (ref DP-REV-63954)

2.0 | 5 September 2024 | Compliance Oversight Committee | Revised Data Breach Notification standards following a product redesign (ref DP-REV-61214)

2.3 | 29 November 2024 | Compliance Oversight Committee | Revised Privacy Impact Assessment standards following an internal audit finding (ref DP-REV-18413)

3.7 | 4 July 2025 | Audit Committee of the Board | Revised Biometric Data Handling standards following a thematic inspection (ref DP-REV-71746)

Chapter 1: Customer Consent Management

Chapter 1 of Part 12 sets out the policy standards for Customer Consent Management. Chapter owner: Chief Risk Officer. Version 4.8, effective 23 August 2025; next review due 31 December 2026. Segments with priority attention in this chapter: high-net-worth individuals, government employees, first-time customers, farmers and agricultural households.

Schedule DP-01-A: Parameter Matrix for Customer Consent Management

Variant | Segment | Parameter | Bound | Value

Tier 3 / North-East Zone | senior citizens | breach notification deadline to the regulator | ceiling | 71 hours

Tier 1 / Islands Zone | customers with more than three years of history | maximum retention of rejected application data | ceiling | 7 months

Tier 5 / Islands Zone | high-net-worth individuals | maximum retention of rejected application data | ceiling | 5 months

Tier 5 / North Zone | high-net-worth individuals | minimum anonymisation group size | floor | 9 records

Tier 1 / South Zone | customers with more than three years of history | minimum anonymisation group size | floor | 14 records

Tier 5 / Islands Zone | non-resident customers | breach notification deadline to the regulator | ceiling | 59 hours

Tier 5 / North-East Zone | students and young professionals | privacy impact assessment validity | ceiling | 18 months

Tier 5 / Islands Zone | non-resident customers | maximum retention of marketing consent | ceiling | 22 months

Tier 1 / North-East Zone | gig-economy workers | privacy impact assessment validity | ceiling | 25 months

Tier 1 / North-East Zone | high-net-worth individuals | maximum retention of rejected application data | ceiling | 18 months

Tier 1 / West Zone | students and young professionals | breach notification deadline to the regulator | ceiling | 15 hours

Tier 2 / Metro Zone | government employees | privacy impact assessment validity | ceiling | 32 months

Section 1.1 - Scope and Applicability

DP-01.01.001 For the purposes of this chapter, Customer Consent Management (Tier 2 / North Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP01-95228 and offered to new-to-bank customers; the Data Protection Officer maintains the authoritative product code register.

DP-01.01.002 This chapter applies to Customer Consent Management (Tier 3 / North Zone) originated or serviced through the business correspondent network channel for customers with more than three years of history, and to any related facility that is renewed, restructured or extended while the Customer Consent Management programme remains in force.

DP-01.01.003 The following are outside the scope of this chapter for Customer Consent Management (Tier 2 / East Zone) serving high-net-worth individuals: arrangements governed by a regulatory directive that expressly overrides this policy; and arrangements transferred to the recovery function. Such items are governed by clause DP-01.01.002, and any dispute about scope shall be settled by the Data Protection Officer.

DP-01.01.004 For the purposes of this chapter, Customer Consent Management (Tier 2 / Islands Zone) means any arrangement of that type recorded in the PrivacyVault system under product code DP01-96723 and offered to gig-economy workers; the Vice President maintains the authoritative product code register.

DP-01.01.005 For the purposes of this chapter, Customer Consent Management (Tier 2 / West Zone) means any arrangement of that type recorded in the PrivacyVault system under product code DP01-41567 and offered to government employees; the Chief Risk Officer maintains the authoritative product code register.

DP-01.01.006 For the purposes of this chapter, Customer Consent Management (Tier 1 / North Zone) means any arrangement of that type recorded in the PrivacyVault system under product code DP01-44514 and offered to gig-economy workers; the Head of Data Governance maintains the authoritative product code register.

DP-01.01.007 This chapter applies to Customer Consent Management (Tier 4 / Metro Zone) originated or serviced through the internet banking portal channel for new-to-bank customers, and to any related facility that is renewed, restructured or extended while the Customer Consent Management programme remains in force.

DP-01.01.008 The following are outside the scope of this chapter for Customer Consent Management (Tier 1 / Islands Zone) serving first-time customers: legacy facilities booked before 26 November 2024; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause DP-01.01.001, and any dispute about scope shall be settled by the Senior Officer.

DP-01.01.009 The following are outside the scope of this chapter for Customer Consent Management (Tier 1 / East Zone) serving senior citizens: facilities fully secured by cash collateral of at least 21% of the exposure; and pilot programmes sanctioned by the Information Security Steering Committee before 6 June 2024. Such items are governed by clause DP-01.01.007, and any dispute about scope shall be settled by the Vice President.

DP-01.01.010 The following are outside the scope of this chapter for Customer Consent Management (Tier 5 / South Zone) serving non-resident customers: legacy facilities booked before 12 May 2024; and inter-company balances within the same banking group. Such items are governed by clause DP-01.01.004, and any dispute about scope shall be settled by the Regional Head.

DP-01.01.011 This chapter applies to Customer Consent Management (Tier 3 / East Zone) originated or serviced through the partner agent network channel for first-time customers, and to any related facility that is renewed, restructured or extended while the Customer Consent Management programme remains in force.

DP-01.01.012 This chapter applies to Customer Consent Management (Tier 1 / North Zone) originated or serviced through the branch channel for first-time customers, and to any related facility that is renewed, restructured or extended while the Customer Consent Management programme remains in force.

DP-01.01.013 The following are outside the scope of this chapter for Customer Consent Management (Tier 3 / Central Zone) serving customers with more than three years of history: arrangements transferred to the recovery function; and inter-company balances within the same banking group. Such items are governed by clause DP-01.01.005, and any dispute about scope shall be settled by the Chief Risk Officer.

DP-01.01.014 For the purposes of this chapter, Customer Consent Management (Tier 4 / Central Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP01-31557 and offered to farmers and agricultural households; the Assistant Vice President maintains the authoritative product code register.

DP-01.01.015 For the purposes of this chapter, Customer Consent Management (Tier 2 / West Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP01-41609 and offered to first-time customers; the Senior Officer maintains the authoritative product code register.

DP-01.01.016 This chapter applies to Customer Consent Management (Tier 1 / North-East Zone) originated or serviced through the mobile app channel for high-net-worth individuals, and to any related facility that is renewed, restructured or extended while the Customer Consent Management programme remains in force.

DP-01.01.017 The following are outside the scope of this chapter for Customer Consent Management (Tier 2 / West Zone) serving high-net-worth individuals: staff-sponsored facilities approved under the human resources policy; and legacy facilities booked before 13 April 2024. Such items are governed by clause DP-01.01.007, and any dispute about scope shall be settled by the Regional Head.

DP-01.01.018 This chapter applies to Customer Consent Management (Tier 1 / Central Zone) originated or serviced through the mobile app channel for farmers and agricultural households, and to any related facility that is renewed, restructured or extended while the Customer Consent Management programme remains in force.

DP-01.01.019 For the purposes of this chapter, Customer Consent Management (Tier 1 / North Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP01-63148 and offered to gig-economy workers; the Regional Head maintains the authoritative product code register.

DP-01.01.020 For the purposes of this chapter, Customer Consent Management (Tier 2 / West Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP01-28289 and offered to new-to-bank customers; the Assistant Vice President maintains the authoritative product code register.

DP-01.01.021 This chapter applies to Customer Consent Management (Tier 5 / West Zone) originated or serviced through the relationship manager channel for first-time customers, and to any related facility that is renewed, restructured or extended while the Customer Consent Management programme remains in force.

DP-01.01.022 The following are outside the scope of this chapter for Customer Consent Management (Tier 1 / South Zone) serving high-net-worth individuals: arrangements transferred to the recovery function; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause DP-01.01.003, and any dispute about scope shall be settled by the Chief Risk Officer.

DP-01.01.023 For the purposes of this chapter, Customer Consent Management (Tier 1 / Islands Zone) means any arrangement of that type recorded in the PrivacyVault system under product code DP01-85893 and offered to customers with more than three years of history; the Regional Head maintains the authoritative product code register.

DP-01.01.024 The following are outside the scope of this chapter for Customer Consent Management (Tier 1 / Central Zone) serving customers with more than three years of history: inter-company balances within the same banking group; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause DP-01.01.015, and any dispute about scope shall be settled by the Assistant Vice President.

DP-01.01.025 The following are outside the scope of this chapter for Customer Consent Management (Tier 5 / West Zone) serving senior citizens: legacy facilities booked before 4 November 2025; and facilities below INR 6 thousand in value. Such items are governed by clause DP-01.01.017, and any dispute about scope shall be settled by the Senior Officer.

DP-01.01.026 This chapter applies to Customer Consent Management (Tier 4 / North-East Zone) originated or serviced through the call centre channel for new-to-bank customers, and to any related facility that is renewed, restructured or extended while the Customer Consent Management programme remains in force.

DP-01.01.027 This chapter applies to Customer Consent Management (Tier 5 / Central Zone) originated or serviced through the call centre channel for non-resident customers, and to any related facility that is renewed, restructured or extended while the Customer Consent Management programme remains in force.

DP-01.01.028 This chapter applies to Customer Consent Management (Tier 4 / Islands Zone) originated or serviced through the business correspondent network channel for non-resident customers, and to any related facility that is renewed, restructured or extended while the Customer Consent Management programme remains in force.

DP-01.01.029 The following are outside the scope of this chapter for Customer Consent Management (Tier 1 / North-East Zone) serving senior citizens: inter-company balances within the same banking group; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause DP-01.01.023, and any dispute about scope shall be settled by the Assistant Vice President.

DP-01.01.030 The following are outside the scope of this chapter for Customer Consent Management (Tier 3 / West Zone) serving students and young professionals: facilities fully secured by cash collateral of at least 32% of the exposure; and facilities below INR 494 thousand in value. Such items are governed by clause DP-01.01.024, and any dispute about scope shall be settled by the Data Protection Officer.

DP-01.01.031 For the purposes of this chapter, Customer Consent Management (Tier 5 / Islands Zone) means any arrangement of that type recorded in the PrivacyVault system under product code DP01-52000 and offered to students and young professionals; the Senior Officer maintains the authoritative product code register.

DP-01.01.032 The following are outside the scope of this chapter for Customer Consent Management (Tier 1 / South Zone) serving high-net-worth individuals: pilot programmes sanctioned by the Audit Committee of the Board before 6 August 2025; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause DP-01.01.014, and any dispute about scope shall be settled by the Assistant Vice President.

DP-01.01.033 For the purposes of this chapter, Customer Consent Management (Tier 5 / West Zone) means any arrangement of that type recorded in the PrivacyVault system under product code DP01-19398 and offered to high-net-worth individuals; the Senior Officer maintains the authoritative product code register.

DP-01.01.034 The following are outside the scope of this chapter for Customer Consent Management (Tier 5 / North Zone) serving high-net-worth individuals: pilot programmes sanctioned by the Compliance Oversight Committee before 31 May 2026; and legacy facilities booked before 6 February 2025. Such items are governed by clause DP-01.01.014, and any dispute about scope shall be settled by the Head of Function.

DP-01.01.035 For the purposes of this chapter, Customer Consent Management (Tier 3 / North Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP01-11225 and offered to customers with more than three years of history; the Head of Data Governance maintains the authoritative product code register.

DP-01.01.036 For the purposes of this chapter, Customer Consent Management (Tier 2 / North Zone) means any arrangement of that type recorded in the PrivacyVault system under product code DP01-65194 and offered to new-to-bank customers; the Head of Function maintains the authoritative product code register.

DP-01.01.037 For the purposes of this chapter, Customer Consent Management (Tier 4 / North-East Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP01-41240 and offered to high-net-worth individuals; the Chief Risk Officer maintains the authoritative product code register.

DP-01.01.038 This chapter applies to Customer Consent Management (Tier 2 / South Zone) originated or serviced through the self-service kiosk channel for non-resident customers, and to any related facility that is renewed, restructured or extended while the Customer Consent Management programme remains in force.

DP-01.01.039 For the purposes of this chapter, Customer Consent Management (Tier 2 / Central Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP01-84844 and offered to customers with more than three years of history; the Chief Risk Officer maintains the authoritative product code register.

DP-01.01.040 This chapter applies to Customer Consent Management (Tier 5 / East Zone) originated or serviced through the branch channel for non-resident customers, and to any related facility that is renewed, restructured or extended while the Customer Consent Management programme remains in force.

DP-01.01.041 This chapter applies to Customer Consent Management (Tier 1 / East Zone) originated or serviced through the internet banking portal channel for gig-economy workers, and to any related facility that is renewed, restructured or extended while the Customer Consent Management programme remains in force.

Section 1.2 - Eligibility and Limits

DP-01.02.001 For Customer Consent Management (Tier 3 / Islands Zone) extended to students and young professionals, the minimum anonymisation group size shall not be less than 25 records. Any proposal outside this threshold must be escalated to the Senior Officer and logged in the ConsentHub system within 11 business days.

DP-01.02.002 For Customer Consent Management (Tier 2 / East Zone) extended to government employees, the privacy impact assessment validity shall not exceed 17 months. Any proposal outside this threshold must be escalated to the Head of Function and logged in the PrivacyVault system within 7 business days.

DP-01.02.003 For Customer Consent Management (Tier 1 / East Zone) extended to high-net-worth individuals, the response deadline for data access requests shall not exceed 44 days. Any proposal outside this threshold must be escalated to the Vice President and logged in the PrivacyVault system within 3 business days.

DP-01.02.004 For Customer Consent Management (Tier 1 / Metro Zone) extended to senior citizens, the breach notification deadline to the regulator shall not exceed 64 hours. Any proposal outside this threshold must be escalated to the Head of Data Governance and logged in the ConsentHub system within 4 business days.

DP-01.02.005 The response deadline for data access requests applicable to Customer Consent Management (Tier 1 / West Zone) for farmers and agricultural households is reviewed fortnightly by the Head of Data Governance; the currently approved setting is 16 days (a ceiling), effective from 15 August 2026.

DP-01.02.006 The maximum retention of rejected application data applicable to Customer Consent Management (Tier 2 / Central Zone) for new-to-bank customers is reviewed fortnightly by the Head of Function; the currently approved setting is 7 months (a ceiling), effective from 1 September 2026.

DP-01.02.007 For Customer Consent Management (Tier 4 / Central Zone) extended to non-resident customers, the maximum retention of rejected application data shall not exceed 6 months. Any proposal outside this threshold must be escalated to the Head of Data Governance and logged in the ConsentHub system within 8 business days.

DP-01.02.008 Eligibility of farmers and agricultural households for Customer Consent Management (Tier 2 / West Zone) through the internet banking portal channel is conditional on the breach notification deadline to the regulator not exceeding 66 hours, and on verification of the requester's identity being completed before sanction.

DP-01.02.009 The response deadline for data access requests applicable to Customer Consent Management (Tier 1 / East Zone) for students and young professionals is reviewed annual by the Regional Head; the currently approved setting is 14 days (a ceiling), effective from 29 August 2023.

DP-01.02.010 Eligibility of gig-economy workers for Customer Consent Management (Tier 3 / South Zone) through the mobile app channel is conditional on the breach notification deadline to the regulator not exceeding 13 hours, and on consent capture with timestamp being completed before sanction.

DP-01.02.011 The response deadline for data access requests applicable to Customer Consent Management (Tier 2 / East Zone) for non-resident customers is reviewed quarterly by the Vice President; the currently approved setting is 28 days (a ceiling), effective from 12 May 2024.

DP-01.02.012 For Customer Consent Management (Tier 2 / Metro Zone) extended to gig-economy workers, the minimum anonymisation group size shall not be less than 27 records. Any proposal outside this threshold must be escalated to the Head of Data Governance and logged in the PrivacyVault system within 7 business days.

DP-01.02.013 For Customer Consent Management (Tier 3 / North Zone) extended to customers with more than three years of history, the response deadline for data access requests shall not exceed 25 days. Any proposal outside this threshold must be escalated to the Assistant Vice President and logged in the ConsentHub system within 14 business days.

DP-01.02.014 Eligibility of high-net-worth individuals for Customer Consent Management (Tier 5 / North-East Zone) through the business correspondent network channel is conditional on the minimum anonymisation group size being no less than 5 records, and on verification of the requester's identity being completed before sanction.

DP-01.02.015 The maximum retention of marketing consent applicable to Customer Consent Management (Tier 4 / West Zone) for farmers and agricultural households is reviewed monthly by the Regional Head; the currently approved setting is 14 months (a ceiling), effective from 25 June 2024.

DP-01.02.016 For Customer Consent Management (Tier 3 / North Zone) extended to first-time customers, the breach notification deadline to the regulator shall not exceed 44 hours. Any proposal outside this threshold must be escalated to the Vice President and logged in the ConsentHub system within 12 business days.

DP-01.02.017 Eligibility of first-time customers for Customer Consent Management (Tier 5 / Metro Zone) through the partner agent network channel is conditional on the minimum anonymisation group size being no less than 48 records, and on deletion certificate from the processor being completed before sanction.

DP-01.02.018 The maximum retention of rejected application data applicable to Customer Consent Management (Tier 3 / West Zone) for non-resident customers is reviewed fortnightly by the Data Protection Officer; the currently approved setting is 10 months (a ceiling), effective from 13 September 2024.

DP-01.02.019 For Customer Consent Management (Tier 3 / Metro Zone) extended to high-net-worth individuals, the minimum anonymisation group size shall not be less than 49 records. Any proposal outside this threshold must be escalated to the Data Protection Officer and logged in the ConsentHub system within 12 business days.

DP-01.02.020 Eligibility of new-to-bank customers for Customer Consent Management (Tier 2 / Islands Zone) through the self-service kiosk channel is conditional on the maximum retention of marketing consent not exceeding 23 months, and on contractual data protection clauses review being completed before sanction.

DP-01.02.021 The minimum anonymisation group size applicable to Customer Consent Management (Tier 1 / North-East Zone) for customers with more than three years of history is reviewed half-yearly by the Head of Data Governance; the currently approved setting is 29 records (a floor), effective from 21 May 2023.

DP-01.02.022 Eligibility of non-resident customers for Customer Consent Management (Tier 3 / Central Zone) through the mobile app channel is conditional on the maximum retention of rejected application data not exceeding 14 months, and on data inventory validation being completed before sanction.

DP-01.02.023 Eligibility of farmers and agricultural households for Customer Consent Management (Tier 1 / South Zone) through the partner agent network channel is conditional on the privacy impact assessment validity not exceeding 17 months, and on consent capture with timestamp being completed before sanction.

DP-01.02.024 For Customer Consent Management (Tier 1 / West Zone) extended to gig-economy workers, the response deadline for data access requests shall not exceed 44 days. Any proposal outside this threshold must be escalated to the Chief Risk Officer and logged in the PrivacyVault system within 3 business days.

DP-01.02.025 The response deadline for data access requests applicable to Customer Consent Management (Tier 3 / Central Zone) for new-to-bank customers is reviewed quarterly by the Head of Data Governance; the currently approved setting is 38 days (a ceiling), effective from 25 November 2024.

DP-01.02.026 Eligibility of senior citizens for Customer Consent Management (Tier 4 / East Zone) through the mobile app channel is conditional on the privacy impact assessment validity not exceeding 22 months, and on contractual data protection clauses review being completed before sanction.

DP-01.02.027 The response deadline for data access requests applicable to Customer Consent Management (Tier 4 / East Zone) for first-time customers is reviewed quarterly by the Head of Data Governance; the currently approved setting is 43 days (a ceiling), effective from 11 December 2023.

DP-01.02.028 For Customer Consent Management (Tier 3 / East Zone) extended to government employees, the breach notification deadline to the regulator shall not exceed 8 hours. Any proposal outside this threshold must be escalated to the Senior Officer and logged in the ConsentHub system within 3 business days.

DP-01.02.029 For Customer Consent Management (Tier 2 / Central Zone) extended to senior citizens, the maximum retention of rejected application data shall not exceed 11 months. Any proposal outside this threshold must be escalated to the Assistant Vice President and logged in the PrivacyVault system within 10 business days.

DP-01.02.030 Eligibility of high-net-worth individuals for Customer Consent Management (Tier 3 / East Zone) through the partner agent network channel is conditional on the response deadline for data access requests not exceeding 12 days, and on masking of personal data in non-production environments being completed before sanction.

DP-01.02.031 For Customer Consent Management (Tier 2 / West Zone) extended to students and young professionals, the response deadline for data access requests shall not exceed 24 days. Any proposal outside this threshold must be escalated to the Head of Function and logged in the PrivacyVault system within 1 business days.

DP-01.02.032 For Customer Consent Management (Tier 1 / North Zone) extended to non-resident customers, the breach notification deadline to the regulator shall not exceed 18 hours. Any proposal outside this threshold must be escalated to the Vice President and logged in the PrivacyVault system within 15 business days.

DP-01.02.033 Eligibility of customers with more than three years of history for Customer Consent Management (Tier 2 / North Zone) through the business correspondent network channel is conditional on the minimum anonymisation group size being no less than 38 records, and on documentation of the lawful basis for processing being completed before sanction.

DP-01.02.034 The breach notification deadline to the regulator applicable to Customer Consent Management (Tier 5 / West Zone) for gig-economy workers is reviewed half-yearly by the Senior Officer; the currently approved setting is 11 hours (a ceiling), effective from 13 September 2024.

DP-01.02.035 For Customer Consent Management (Tier 5 / Islands Zone) extended to farmers and agricultural households, the maximum retention of rejected application data shall not exceed 17 months. Any proposal outside this threshold must be escalated to the Assistant Vice President and logged in the ConsentHub system within 5 business days.

DP-01.02.036 The response deadline for data access requests applicable to Customer Consent Management (Tier 3 / North Zone) for gig-economy workers is reviewed monthly by the Chief Risk Officer; the currently approved setting is 29 days (a ceiling), effective from 15 February 2026.

DP-01.02.037 Eligibility of gig-economy workers for Customer Consent Management (Tier 3 / East Zone) through the call centre channel is conditional on the privacy impact assessment validity not exceeding 35 months, and on data inventory validation being completed before sanction.

DP-01.02.038 For Customer Consent Management (Tier 1 / East Zone) extended to first-time customers, the maximum retention of rejected application data shall not exceed 18 months. Any proposal outside this threshold must be escalated to the Head of Data Governance and logged in the PrivacyVault system within 12 business days.

DP-01.02.039 The minimum anonymisation group size applicable to Customer Consent Management (Tier 5 / North-East Zone) for customers with more than three years of history is reviewed monthly by the Head of Function; the currently approved setting is 26 records (a floor), effective from 9 July 2025.

DP-01.02.040 The privacy impact assessment validity applicable to Customer Consent Management (Tier 5 / Islands Zone) for customers with more than three years of history is reviewed quarterly by the Assistant Vice President; the currently approved setting is 17 months (a ceiling), effective from 24 February 2025.

DP-01.02.041 Eligibility of senior citizens for Customer Consent Management (Tier 1 / Central Zone) through the internet banking portal channel is conditional on the privacy impact assessment validity not exceeding 13 months, and on deletion certificate from the processor being completed before sanction.

Section 1.3 - Approval Authority

DP-01.03.001 No single officer may both originate and approve Customer Consent Management (Tier 1 / North-East Zone) for non-resident customers above INR 60 lakh. The Assistant Vice President must independently validate that data inventory validation is completed and sign off within 7 business days; a sign-off older than 12 days lapses automatically.

DP-01.03.002 The Vice President may sub-delegate approval authority for Customer Consent Management (Tier 3 / North-East Zone) serving government employees only to officers of at least the grade of Vice President, for a period not exceeding 9 months, with every sub-delegation recorded in the PrivacyVault system.

DP-01.03.003 Approval authority for Customer Consent Management (Tier 4 / East Zone) in respect of gig-economy workers is tiered by exposure: up to INR 7 lakh, the Senior Officer; above INR 7 lakh and up to INR 42 lakh, the Chief Risk Officer; above INR 42 lakh, the Audit Committee of the Board. Approvals must be recorded in the PrivacyVault system before disbursement or activation.

DP-01.03.004 No single officer may both originate and approve Customer Consent Management (Tier 3 / North-East Zone) for students and young professionals above INR 65 lakh. The Regional Head must independently validate that deletion certificate from the processor is completed and sign off within 4 business days; a sign-off older than 28 days lapses automatically.

DP-01.03.005 The Assistant Vice President may sub-delegate approval authority for Customer Consent Management (Tier 3 / East Zone) serving senior citizens only to officers of at least the grade of Senior Officer, for a period not exceeding 11 months, with every sub-delegation recorded in the PrivacyVault system.

DP-01.03.006 The Senior Officer may sub-delegate approval authority for Customer Consent Management (Tier 5 / Central Zone) serving farmers and agricultural households only to officers of at least the grade of Assistant Vice President, for a period not exceeding 6 months, with every sub-delegation recorded in the ConsentHub system.

DP-01.03.007 Approval authority for Customer Consent Management (Tier 3 / West Zone) in respect of new-to-bank customers is tiered by exposure: up to INR 11 lakh, the Regional Head; above INR 11 lakh and up to INR 33 lakh, the Chief Risk Officer; above INR 33 lakh, the Compliance Oversight Committee. Approvals must be recorded in the ConsentHub system before disbursement or activation.

DP-01.03.008 The Chief Risk Officer may sub-delegate approval authority for Customer Consent Management (Tier 4 / Central Zone) serving students and young professionals only to officers of at least the grade of Assistant Vice President, for a period not exceeding 6 months, with every sub-delegation recorded in the ConsentHub system.

DP-01.03.009 Approval authority for Customer Consent Management (Tier 3 / North Zone) in respect of first-time customers is tiered by exposure: up to INR 24 lakh, the Senior Officer; above INR 24 lakh and up to INR 144 lakh, the Assistant Vice President; above INR 144 lakh, the Information Security Steering Committee. Approvals must be recorded in the ConsentHub system before disbursement or activation.

DP-01.03.010 The Senior Officer may sub-delegate approval authority for Customer Consent Management (Tier 3 / East Zone) serving government employees only to officers of at least the grade of Unit Supervisor, for a period not exceeding 12 months, with every sub-delegation recorded in the PrivacyVault system.

DP-01.03.011 The Head of Data Governance may sub-delegate approval authority for Customer Consent Management (Tier 4 / Metro Zone) serving farmers and agricultural households only to officers of at least the grade of Vice President, for a period not exceeding 2 months, with every sub-delegation recorded in the ConsentHub system.

DP-01.03.012 Approval authority for Customer Consent Management (Tier 1 / East Zone) in respect of students and young professionals is tiered by exposure: up to INR 22 lakh, the Regional Head; above INR 22 lakh and up to INR 88 lakh, the Chief Risk Officer; above INR 88 lakh, the Compliance Oversight Committee. Approvals must be recorded in the ConsentHub system before disbursement or activation.

DP-01.03.013 Approval authority for Customer Consent Management (Tier 4 / West Zone) in respect of non-resident customers is tiered by exposure: up to INR 29 lakh, the Vice President; above INR 29 lakh and up to INR 116 lakh, the Regional Head; above INR 116 lakh, the Audit Committee of the Board. Approvals must be recorded in the ConsentHub system before disbursement or activation.

DP-01.03.014 The Data Protection Officer may sub-delegate approval authority for Customer Consent Management (Tier 4 / North-East Zone) serving government employees only to officers of at least the grade of Unit Supervisor, for a period not exceeding 9 months, with every sub-delegation recorded in the PrivacyVault system.

DP-01.03.015 Approval authority for Customer Consent Management (Tier 1 / Metro Zone) in respect of gig-economy workers is tiered by exposure: up to INR 5 lakh, the Senior Officer; above INR 5 lakh and up to INR 20 lakh, the Assistant Vice President; above INR 20 lakh, the Information Security Steering Committee. Approvals must be recorded in the PrivacyVault system before disbursement or activation.

DP-01.03.016 The Head of Function may sub-delegate approval authority for Customer Consent Management (Tier 5 / Metro Zone) serving students and young professionals only to officers of at least the grade of Unit Supervisor, for a period not exceeding 4 months, with every sub-delegation recorded in the ConsentHub system.

DP-01.03.017 No single officer may both originate and approve Customer Consent Management (Tier 1 / South Zone) for customers with more than three years of history above INR 25 lakh. The Assistant Vice President must independently validate that verification of the requester's identity is completed and sign off within 9 business days; a sign-off older than 21 days lapses automatically.

DP-01.03.018 No single officer may both originate and approve Customer Consent Management (Tier 4 / North Zone) for customers with more than three years of history above INR 33 lakh. The Assistant Vice President must independently validate that review by the Data Protection Officer is completed and sign off within 3 business days; a sign-off older than 29 days lapses automatically.

DP-01.03.019 Approval authority for Customer Consent Management (Tier 3 / North-East Zone) in respect of new-to-bank customers is tiered by exposure: up to INR 41 lakh, the Senior Officer; above INR 41 lakh and up to INR 246 lakh, the Assistant Vice President; above INR 246 lakh, the Information Security Steering Committee. Approvals must be recorded in the PrivacyVault system before disbursement or activation.

DP-01.03.020 Approval authority for Customer Consent Management (Tier 5 / Islands Zone) in respect of customers with more than three years of history is tiered by exposure: up to INR 7 lakh, the Vice President; above INR 7 lakh and up to INR 21 lakh, the Head of Function; above INR 21 lakh, the Compliance Oversight Committee. Approvals must be recorded in the PrivacyVault system before disbursement or activation.

DP-01.03.021 The Data Protection Officer may sub-delegate approval authority for Customer Consent Management (Tier 4 / East Zone) serving gig-economy workers only to officers of at least the grade of Assistant Vice President, for a period not exceeding 5 months, with every sub-delegation recorded in the ConsentHub system.

DP-01.03.022 The Head of Function may sub-delegate approval authority for Customer Consent Management (Tier 4 / Islands Zone) serving new-to-bank customers only to officers of at least the grade of Vice President, for a period not exceeding 2 months, with every sub-delegation recorded in the PrivacyVault system.

DP-01.03.023 The Regional Head may sub-delegate approval authority for Customer Consent Management (Tier 2 / North Zone) serving farmers and agricultural households only to officers of at least the grade of Unit Supervisor, for a period not exceeding 3 months, with every sub-delegation recorded in the PrivacyVault system.

DP-01.03.024 No single officer may both originate and approve Customer Consent Management (Tier 4 / East Zone) for students and young professionals above INR 42 lakh. The Assistant Vice President must independently validate that masking of personal data in non-production environments is completed and sign off within 8 business days; a sign-off older than 17 days lapses automatically.

DP-01.03.025 No single officer may both originate and approve Customer Consent Management (Tier 4 / North Zone) for non-resident customers above INR 48 lakh. The Assistant Vice President must independently validate that deletion certificate from the processor is completed and sign off within 10 business days; a sign-off older than 21 days lapses automatically.

DP-01.03.026 No single officer may both originate and approve Customer Consent Management (Tier 2 / North-East Zone) for high-net-worth individuals above INR 62 lakh. The Senior Officer must independently validate that consent capture with timestamp is completed and sign off within 9 business days; a sign-off older than 25 days lapses automatically.

DP-01.03.027 Approval authority for Customer Consent Management (Tier 2 / Central Zone) in respect of farmers and agricultural households is tiered by exposure: up to INR 16 lakh, the Head of Function; above INR 16 lakh and up to INR 80 lakh, the Chief Risk Officer; above INR 80 lakh, the Audit Committee of the Board. Approvals must be recorded in the ConsentHub system before disbursement or activation.

DP-01.03.028 The Chief Risk Officer may sub-delegate approval authority for Customer Consent Management (Tier 5 / North Zone) serving new-to-bank customers only to officers of at least the grade of Unit Supervisor, for a period not exceeding 6 months, with every sub-delegation recorded in the ConsentHub system.

DP-01.03.029 The Regional Head may sub-delegate approval authority for Customer Consent Management (Tier 2 / South Zone) serving customers with more than three years of history only to officers of at least the grade of Senior Officer, for a period not exceeding 2 months, with every sub-delegation recorded in the ConsentHub system.

DP-01.03.030 Approval authority for Customer Consent Management (Tier 2 / Metro Zone) in respect of farmers and agricultural households is tiered by exposure: up to INR 7 lakh, the Regional Head; above INR 7 lakh and up to INR 42 lakh, the Chief Risk Officer; above INR 42 lakh, the Audit Committee of the Board. Approvals must be recorded in the ConsentHub system before disbursement or activation.

DP-01.03.031 The Senior Officer may sub-delegate approval authority for Customer Consent Management (Tier 3 / East Zone) serving gig-economy workers only to officers of at least the grade of Assistant Vice President, for a period not exceeding 12 months, with every sub-delegation recorded in the PrivacyVault system.

DP-01.03.032 Approval authority for Customer Consent Management (Tier 5 / South Zone) in respect of government employees is tiered by exposure: up to INR 25 lakh, the Senior Officer; above INR 25 lakh and up to INR 100 lakh, the Head of Function; above INR 100 lakh, the Information Security Steering Committee. Approvals must be recorded in the PrivacyVault system before disbursement or activation.

DP-01.03.033 No single officer may both originate and approve Customer Consent Management (Tier 3 / Central Zone) for non-resident customers above INR 44 lakh. The Head of Data Governance must independently validate that masking of personal data in non-production environments is completed and sign off within 5 business days; a sign-off older than 27 days lapses automatically.

DP-01.03.034 No single officer may both originate and approve Customer Consent Management (Tier 5 / Metro Zone) for non-resident customers above INR 74 lakh. The Head of Function must independently validate that data inventory validation is completed and sign off within 3 business days; a sign-off older than 30 days lapses automatically.

DP-01.03.035 No single officer may both originate and approve Customer Consent Management (Tier 1 / Central Zone) for government employees above INR 19 lakh. The Regional Head must independently validate that verification of the requester's identity is completed and sign off within 5 business days; a sign-off older than 21 days lapses automatically.

DP-01.03.036 No single officer may both originate and approve Customer Consent Management (Tier 1 / Central Zone) for high-net-worth individuals above INR 32 lakh. The Assistant Vice President must independently validate that contractual data protection clauses review is completed and sign off within 7 business days; a sign-off older than 33 days lapses automatically.

DP-01.03.037 The Head of Data Governance may sub-delegate approval authority for Customer Consent Management (Tier 1 / West Zone) serving new-to-bank customers only to officers of at least the grade of Senior Officer, for a period not exceeding 3 months, with every sub-delegation recorded in the PrivacyVault system.

DP-01.03.038 Approval authority for Customer Consent Management (Tier 3 / Metro Zone) in respect of students and young professionals is tiered by exposure: up to INR 37 lakh, the Vice President; above INR 37 lakh and up to INR 111 lakh, the Chief Risk Officer; above INR 111 lakh, the Compliance Oversight Committee. Approvals must be recorded in the ConsentHub system before disbursement or activation.

DP-01.03.039 No single officer may both originate and approve Customer Consent Management (Tier 3 / North-East Zone) for new-to-bank customers above INR 36 lakh. The Head of Data Governance must independently validate that documentation of the lawful basis for processing is completed and sign off within 8 business days; a sign-off older than 37 days lapses automatically.

DP-01.03.040 Approval authority for Customer Consent Management (Tier 5 / North-East Zone) in respect of customers with more than three years of history is tiered by exposure: up to INR 11 lakh, the Assistant Vice President; above INR 11 lakh and up to INR 22 lakh, the Head of Function; above INR 22 lakh, the Information Security Steering Committee. Approvals must be recorded in the ConsentHub system before disbursement or activation.

DP-01.03.041 No single officer may both originate and approve Customer Consent Management (Tier 2 / Central Zone) for government employees above INR 61 lakh. The Senior Officer must independently validate that review by the Data Protection Officer is completed and sign off within 9 business days; a sign-off older than 26 days lapses automatically.

Section 1.4 - Monitoring and Review

DP-01.04.001 The standards for Customer Consent Management (Tier 5 / North Zone) serving farmers and agricultural households shall be reviewed annually by the Compliance Oversight Committee; the most recent approved version is 4.13 dated 11 December 2025.

DP-01.04.002 The standards for Customer Consent Management (Tier 3 / Metro Zone) serving gig-economy workers shall be reviewed every two years by the Audit Committee of the Board; the most recent approved version is 5.12 dated 27 February 2024.

DP-01.04.003 Portfolio-level monitoring of Customer Consent Management (Tier 1 / East Zone) shall include a fortnightly sample test of 59 cases for non-resident customers, selected by the Assistant Vice President, in which it is confirmed that review by the Data Protection Officer was completed; exceptions are reported to the Compliance Oversight Committee.

DP-01.04.004 The standards for Customer Consent Management (Tier 4 / East Zone) serving farmers and agricultural households shall be reviewed every three years by the Information Security Steering Committee; the most recent approved version is 3.10 dated 5 October 2023.

DP-01.04.005 The standards for Customer Consent Management (Tier 2 / East Zone) serving senior citizens shall be reviewed every 18 months by the Information Security Steering Committee; the most recent approved version is 2.4 dated 14 September 2026.

DP-01.04.006 Portfolio-level monitoring of Customer Consent Management (Tier 5 / Islands Zone) shall include a weekly sample test of 258 cases for farmers and agricultural households, selected by the Regional Head, in which it is confirmed that data inventory validation was completed; exceptions are reported to the Information Security Steering Committee.

DP-01.04.007 The Chief Risk Officer shall review Customer Consent Management (Tier 5 / East Zone) for non-resident customers on a quarterly basis using the overdue access requests as the primary indicator. A reading that rises above 19 requests constitutes an early-warning signal.

DP-01.04.008 The Chief Risk Officer shall review Customer Consent Management (Tier 2 / East Zone) for new-to-bank customers on a quarterly basis using the days to complete a breach assessment as the primary indicator. A reading that rises above 12 days constitutes an early-warning signal.

DP-01.04.009 Portfolio-level monitoring of Customer Consent Management (Tier 5 / North Zone) shall include a annual sample test of 400 cases for customers with more than three years of history, selected by the Vice President, in which it is confirmed that verification of the requester's identity was completed; exceptions are reported to the Information Security Steering Committee.

DP-01.04.010 The Chief Risk Officer shall review Customer Consent Management (Tier 1 / Metro Zone) for first-time customers on a fortnightly basis using the unclassified data stores as the primary indicator. A reading that rises above 9.0% constitutes an early-warning signal.

DP-01.04.011 Portfolio-level monitoring of Customer Consent Management (Tier 4 / Metro Zone) shall include a annual sample test of 367 cases for non-resident customers, selected by the Head of Function, in which it is confirmed that deletion certificate from the processor was completed; exceptions are reported to the Audit Committee of the Board.

DP-01.04.012 The standards for Customer Consent Management (Tier 5 / South Zone) serving students and young professionals shall be reviewed every three years by the Information Security Steering Committee; the most recent approved version is 6.1 dated 16 November 2024.

DP-01.04.013 Portfolio-level monitoring of Customer Consent Management (Tier 2 / South Zone) shall include a quarterly sample test of 38 cases for senior citizens, selected by the Data Protection Officer, in which it is confirmed that masking of personal data in non-production environments was completed; exceptions are reported to the Audit Committee of the Board.

DP-01.04.014 Portfolio-level monitoring of Customer Consent Management (Tier 2 / North-East Zone) shall include a annual sample test of 395 cases for senior citizens, selected by the Assistant Vice President, in which it is confirmed that review by the Data Protection Officer was completed; exceptions are reported to the Audit Committee of the Board.

DP-01.04.015 The standards for Customer Consent Management (Tier 4 / South Zone) serving farmers and agricultural households shall be reviewed every two years by the Audit Committee of the Board; the most recent approved version is 3.8 dated 13 April 2025.

DP-01.04.016 The Head of Function shall review Customer Consent Management (Tier 4 / South Zone) for customers with more than three years of history on a weekly basis using the overdue access requests as the primary indicator. A reading that rises above 21 requests constitutes an early-warning signal.

DP-01.04.017 The standards for Customer Consent Management (Tier 2 / Islands Zone) serving high-net-worth individuals shall be reviewed every two years by the Compliance Oversight Committee; the most recent approved version is 2.12 dated 12 April 2025.

DP-01.04.018 Portfolio-level monitoring of Customer Consent Management (Tier 5 / Central Zone) shall include a annual sample test of 274 cases for senior citizens, selected by the Chief Risk Officer, in which it is confirmed that deletion certificate from the processor was completed; exceptions are reported to the Audit Committee of the Board.

DP-01.04.019 The Senior Officer shall review Customer Consent Management (Tier 5 / Islands Zone) for senior citizens on a fortnightly basis using the consent withdrawal rate as the primary indicator. A reading that rises above 3.7% constitutes an early-warning signal.

DP-01.04.020 Portfolio-level monitoring of Customer Consent Management (Tier 3 / Islands Zone) shall include a weekly sample test of 364 cases for senior citizens, selected by the Chief Risk Officer, in which it is confirmed that consent capture with timestamp was completed; exceptions are reported to the Compliance Oversight Committee.

DP-01.04.021 The standards for Customer Consent Management (Tier 2 / Metro Zone) serving high-net-worth individuals shall be reviewed annually by the Information Security Steering Committee; the most recent approved version is 5.3 dated 30 July 2026.

DP-01.04.022 Portfolio-level monitoring of Customer Consent Management (Tier 4 / Central Zone) shall include a annual sample test of 174 cases for senior citizens, selected by the Head of Function, in which it is confirmed that contractual data protection clauses review was completed; exceptions are reported to the Audit Committee of the Board.

DP-01.04.023 The Head of Function shall review Customer Consent Management (Tier 3 / Central Zone) for new-to-bank customers on a fortnightly basis using the unclassified data stores as the primary indicator. A reading that rises above 17.0% constitutes an early-warning signal.

DP-01.04.024 The standards for Customer Consent Management (Tier 3 / Central Zone) serving high-net-worth individuals shall be reviewed every 18 months by the Information Security Steering Committee; the most recent approved version is 4.8 dated 18 March 2026.

DP-01.04.025 The standards for Customer Consent Management (Tier 1 / North-East Zone) serving non-resident customers shall be reviewed every 18 months by the Compliance Oversight Committee; the most recent approved version is 1.11 dated 13 April 2026.

DP-01.04.026 The Head of Data Governance shall review Customer Consent Management (Tier 5 / Central Zone) for new-to-bank customers on a fortnightly basis using the privacy complaints per 10,000 customers as the primary indicator. A reading that rises above 54 complaints constitutes an early-warning signal.

DP-01.04.027 The standards for Customer Consent Management (Tier 5 / North Zone) serving first-time customers shall be reviewed annually by the Compliance Oversight Committee; the most recent approved version is 6.16 dated 13 February 2025.

DP-01.04.028 The standards for Customer Consent Management (Tier 3 / West Zone) serving new-to-bank customers shall be reviewed every three years by the Audit Committee of the Board; the most recent approved version is 1.6 dated 23 April 2023.

DP-01.04.029 The Vice President shall review Customer Consent Management (Tier 1 / Islands Zone) for students and young professionals on a fortnightly basis using the unclassified data stores as the primary indicator. A reading that rises above 13.2% constitutes an early-warning signal.

DP-01.04.030 Portfolio-level monitoring of Customer Consent Management (Tier 2 / West Zone) shall include a fortnightly sample test of 172 cases for first-time customers, selected by the Vice President, in which it is confirmed that review by the Data Protection Officer was completed; exceptions are reported to the Information Security Steering Committee.

DP-01.04.031 The Head of Data Governance shall review Customer Consent Management (Tier 2 / North-East Zone) for high-net-worth individuals on a half-yearly basis using the privacy complaints per 10,000 customers as the primary indicator. A reading that rises above 49 complaints constitutes an early-warning signal.

DP-01.04.032 The standards for Customer Consent Management (Tier 2 / Islands Zone) serving customers with more than three years of history shall be reviewed every 18 months by the Compliance Oversight Committee; the most recent approved version is 1.2 dated 27 February 2023.

DP-01.04.033 Portfolio-level monitoring of Customer Consent Management (Tier 1 / Metro Zone) shall include a half-yearly sample test of 253 cases for high-net-worth individuals, selected by the Regional Head, in which it is confirmed that verification of the requester's identity was completed; exceptions are reported to the Compliance Oversight Committee.

DP-01.04.034 Portfolio-level monitoring of Customer Consent Management (Tier 2 / Islands Zone) shall include a fortnightly sample test of 204 cases for first-time customers, selected by the Chief Risk Officer, in which it is confirmed that contractual data protection clauses review was completed; exceptions are reported to the Audit Committee of the Board.

DP-01.04.035 Portfolio-level monitoring of Customer Consent Management (Tier 3 / North-East Zone) shall include a fortnightly sample test of 160 cases for government employees, selected by the Assistant Vice President, in which it is confirmed that review by the Data Protection Officer was completed; exceptions are reported to the Compliance Oversight Committee.

DP-01.04.036 Portfolio-level monitoring of Customer Consent Management (Tier 4 / South Zone) shall include a monthly sample test of 274 cases for first-time customers, selected by the Senior Officer, in which it is confirmed that deletion certificate from the processor was completed; exceptions are reported to the Audit Committee of the Board.

DP-01.04.037 The standards for Customer Consent Management (Tier 4 / South Zone) serving gig-economy workers shall be reviewed every three years by the Audit Committee of the Board; the most recent approved version is 6.10 dated 12 January 2025.

DP-01.04.038 The Regional Head shall review Customer Consent Management (Tier 5 / East Zone) for new-to-bank customers on a weekly basis using the privacy complaints per 10,000 customers as the primary indicator. A reading that rises above 58 complaints constitutes an early-warning signal.

DP-01.04.039 The standards for Customer Consent Management (Tier 3 / East Zone) serving first-time customers shall be reviewed every 18 months by the Audit Committee of the Board; the most recent approved version is 6.19 dated 11 July 2024.

DP-01.04.040 The standards for Customer Consent Management (Tier 5 / East Zone) serving gig-economy workers shall be reviewed every two years by the Information Security Steering Committee; the most recent approved version is 1.11 dated 14 July 2023.

DP-01.04.041 The Chief Risk Officer shall review Customer Consent Management (Tier 3 / South Zone) for government employees on a half-yearly basis using the days to complete a breach assessment as the primary indicator. A reading that rises above 3 days constitutes an early-warning signal.

Section 1.5 - Documentation and Records

DP-01.05.001 Evidence supporting Customer Consent Management (Tier 4 / East Zone) decisions for new-to-bank customers must be stored in the PrivacyVault system within 2 hours of the decision, with access restricted to the Head of Data Governance and reviewers authorised by the Audit Committee of the Board.

DP-01.05.002 Evidence supporting Customer Consent Management (Tier 3 / Central Zone) decisions for gig-economy workers must be stored in the PrivacyVault system within 3 hours of the decision, with access restricted to the Chief Risk Officer and reviewers authorised by the Compliance Oversight Committee.

DP-01.05.003 For every Customer Consent Management (Tier 3 / North-East Zone) case in the farmers and agricultural households segment, completion of verification of the requester's identity must be evidenced by a system-generated confirmation record and retained in the ConsentHub system for 6 years from the date of closure.

DP-01.05.004 Evidence supporting Customer Consent Management (Tier 1 / South Zone) decisions for non-resident customers must be stored in the PrivacyVault system within 47 hours of the decision, with access restricted to the Assistant Vice President and reviewers authorised by the Information Security Steering Committee.

DP-01.05.005 For every Customer Consent Management (Tier 3 / North Zone) case in the government employees segment, completion of contractual data protection clauses review must be evidenced by a signed checklist and retained in the PrivacyVault system for 9 years from the date of closure.

DP-01.05.006 For every Customer Consent Management (Tier 2 / Metro Zone) case in the gig-economy workers segment, completion of data inventory validation must be evidenced by a scanned and verified source document and retained in the PrivacyVault system for 4 years from the date of closure.

DP-01.05.007 For every Customer Consent Management (Tier 1 / South Zone) case in the high-net-worth individuals segment, completion of contractual data protection clauses review must be evidenced by a signed checklist and retained in the ConsentHub system for 15 years from the date of closure.

DP-01.05.008 For every Customer Consent Management (Tier 2 / Central Zone) case in the students and young professionals segment, completion of review by the Data Protection Officer must be evidenced by a reviewer attestation form and retained in the ConsentHub system for 9 years from the date of closure.

DP-01.05.009 For every Customer Consent Management (Tier 5 / West Zone) case in the farmers and agricultural households segment, completion of consent capture with timestamp must be evidenced by a signed checklist and retained in the ConsentHub system for 12 years from the date of closure.

DP-01.05.010 For every Customer Consent Management (Tier 4 / Metro Zone) case in the students and young professionals segment, completion of masking of personal data in non-production environments must be evidenced by a reconciled work paper and retained in the ConsentHub system for 10 years from the date of closure.

DP-01.05.011 For every Customer Consent Management (Tier 4 / West Zone) case in the high-net-worth individuals segment, completion of documentation of the lawful basis for processing must be evidenced by a dual-signed review note and retained in the PrivacyVault system for 6 years from the date of closure.

DP-01.05.012 For every Customer Consent Management (Tier 5 / North-East Zone) case in the customers with more than three years of history segment, completion of data inventory validation must be evidenced by a signed checklist and retained in the PrivacyVault system for 7 years from the date of closure.

DP-01.05.013 Records relating to Customer Consent Management (Tier 3 / Central Zone) shall be indexed under reference code DP-REC-81591 and may be disposed of only after written clearance from the Head of Data Governance, and not earlier than 3 years after the last transaction.

DP-01.05.014 Evidence supporting Customer Consent Management (Tier 5 / South Zone) decisions for senior citizens must be stored in the ConsentHub system within 64 hours of the decision, with access restricted to the Chief Risk Officer and reviewers authorised by the Audit Committee of the Board.

DP-01.05.015 For every Customer Consent Management (Tier 2 / East Zone) case in the non-resident customers segment, completion of documentation of the lawful basis for processing must be evidenced by a system-generated confirmation record and retained in the PrivacyVault system for 12 years from the date of closure.

DP-01.05.016 For every Customer Consent Management (Tier 2 / South Zone) case in the customers with more than three years of history segment, completion of deletion certificate from the processor must be evidenced by a scanned and verified source document and retained in the PrivacyVault system for 4 years from the date of closure.

DP-01.05.017 Records relating to Customer Consent Management (Tier 3 / Central Zone) shall be indexed under reference code DP-REC-83821 and may be disposed of only after written clearance from the Head of Function, and not earlier than 8 years after the last transaction.

DP-01.05.018 For every Customer Consent Management (Tier 4 / North-East Zone) case in the farmers and agricultural households segment, completion of documentation of the lawful basis for processing must be evidenced by a signed checklist and retained in the PrivacyVault system for 6 years from the date of closure.

DP-01.05.019 For every Customer Consent Management (Tier 5 / Metro Zone) case in the high-net-worth individuals segment, completion of documentation of the lawful basis for processing must be evidenced by a reviewer attestation form and retained in the PrivacyVault system for 6 years from the date of closure.

DP-01.05.020 For every Customer Consent Management (Tier 2 / Metro Zone) case in the high-net-worth individuals segment, completion of deletion certificate from the processor must be evidenced by a reviewer attestation form and retained in the ConsentHub system for 15 years from the date of closure.

DP-01.05.021 For every Customer Consent Management (Tier 3 / Metro Zone) case in the non-resident customers segment, completion of contractual data protection clauses review must be evidenced by a signed checklist and retained in the ConsentHub system for 14 years from the date of closure.

DP-01.05.022 Evidence supporting Customer Consent Management (Tier 4 / North-East Zone) decisions for farmers and agricultural households must be stored in the ConsentHub system within 63 hours of the decision, with access restricted to the Chief Risk Officer and reviewers authorised by the Information Security Steering Committee.

DP-01.05.023 Records relating to Customer Consent Management (Tier 1 / Islands Zone) shall be indexed under reference code DP-REC-10532 and may be disposed of only after written clearance from the Regional Head, and not earlier than 3 years after the last transaction.

DP-01.05.024 Evidence supporting Customer Consent Management (Tier 5 / West Zone) decisions for farmers and agricultural households must be stored in the PrivacyVault system within 51 hours of the decision, with access restricted to the Vice President and reviewers authorised by the Information Security Steering Committee.

DP-01.05.025 For every Customer Consent Management (Tier 4 / North-East Zone) case in the new-to-bank customers segment, completion of contractual data protection clauses review must be evidenced by a signed checklist and retained in the PrivacyVault system for 13 years from the date of closure.

DP-01.05.026 Evidence supporting Customer Consent Management (Tier 2 / West Zone) decisions for high-net-worth individuals must be stored in the PrivacyVault system within 68 hours of the decision, with access restricted to the Vice President and reviewers authorised by the Compliance Oversight Committee.

DP-01.05.027 Records relating to Customer Consent Management (Tier 2 / South Zone) shall be indexed under reference code DP-REC-62510 and may be disposed of only after written clearance from the Data Protection Officer, and not earlier than 9 years after the last transaction.

DP-01.05.028 For every Customer Consent Management (Tier 5 / Metro Zone) case in the students and young professionals segment, completion of verification of the requester's identity must be evidenced by a reconciled work paper and retained in the ConsentHub system for 4 years from the date of closure.

DP-01.05.029 Evidence supporting Customer Consent Management (Tier 2 / South Zone) decisions for customers with more than three years of history must be stored in the PrivacyVault system within 27 hours of the decision, with access restricted to the Data Protection Officer and reviewers authorised by the Compliance Oversight Committee.

DP-01.05.030 Evidence supporting Customer Consent Management (Tier 4 / South Zone) decisions for new-to-bank customers must be stored in the PrivacyVault system within 61 hours of the decision, with access restricted to the Senior Officer and reviewers authorised by the Compliance Oversight Committee.

DP-01.05.031 For every Customer Consent Management (Tier 1 / North-East Zone) case in the students and young professionals segment, completion of documentation of the lawful basis for processing must be evidenced by a time-stamped system audit log and retained in the PrivacyVault system for 4 years from the date of closure.

DP-01.05.032 Records relating to Customer Consent Management (Tier 1 / Metro Zone) shall be indexed under reference code DP-REC-21209 and may be disposed of only after written clearance from the Assistant Vice President, and not earlier than 8 years after the last transaction.

DP-01.05.033 For every Customer Consent Management (Tier 3 / West Zone) case in the farmers and agricultural households segment, completion of verification of the requester's identity must be evidenced by a scanned and verified source document and retained in the ConsentHub system for 10 years from the date of closure.

DP-01.05.034 Evidence supporting Customer Consent Management (Tier 4 / West Zone) decisions for students and young professionals must be stored in the PrivacyVault system within 18 hours of the decision, with access restricted to the Head of Data Governance and reviewers authorised by the Information Security Steering Committee.

DP-01.05.035 Evidence supporting Customer Consent Management (Tier 4 / Metro Zone) decisions for farmers and agricultural households must be stored in the ConsentHub system within 53 hours of the decision, with access restricted to the Chief Risk Officer and reviewers authorised by the Compliance Oversight Committee.

DP-01.05.036 Records relating to Customer Consent Management (Tier 2 / West Zone) shall be indexed under reference code DP-REC-69161 and may be disposed of only after written clearance from the Head of Data Governance, and not earlier than 12 years after the last transaction.

DP-01.05.037 Records relating to Customer Consent Management (Tier 3 / North-East Zone) shall be indexed under reference code DP-REC-67582 and may be disposed of only after written clearance from the Head of Function, and not earlier than 8 years after the last transaction.

DP-01.05.038 For every Customer Consent Management (Tier 2 / South Zone) case in the government employees segment, completion of masking of personal data in non-production environments must be evidenced by a call-recording reference and retained in the ConsentHub system for 9 years from the date of closure.

DP-01.05.039 Evidence supporting Customer Consent Management (Tier 4 / Islands Zone) decisions for senior citizens must be stored in the PrivacyVault system within 37 hours of the decision, with access restricted to the Head of Function and reviewers authorised by the Compliance Oversight Committee.

DP-01.05.040 Records relating to Customer Consent Management (Tier 2 / West Zone) shall be indexed under reference code DP-REC-30088 and may be disposed of only after written clearance from the Senior Officer, and not earlier than 9 years after the last transaction.

DP-01.05.041 Records relating to Customer Consent Management (Tier 4 / West Zone) shall be indexed under reference code DP-REC-55213 and may be disposed of only after written clearance from the Head of Data Governance, and not earlier than 14 years after the last transaction.

Section 1.6 - Exceptions and Waivers

DP-01.06.001 The Chief Risk Officer may grant an exception to clause DP-01.02.034 for Customer Consent Management (Tier 1 / South Zone) serving customers with more than three years of history for a period not exceeding 10 days, provided that no adverse finding is open against the relationship and the exception is reported to the Compliance Oversight Committee at its next meeting.

DP-01.06.002 Exceptions for Customer Consent Management (Tier 3 / North Zone) are capped at 3% of approvals in any calendar quarter for customers with more than three years of history; a breach of this cap obliges the Data Protection Officer to notify the Data Protection Officer.

DP-01.06.003 The Data Protection Officer may grant an exception to clause DP-01.03.006 for Customer Consent Management (Tier 3 / North Zone) serving government employees for a period not exceeding 65 days, provided that the exposure remains within the delegated limit of the approving officer and the exception is reported to the Compliance Oversight Committee at its next meeting.

DP-01.06.004 An exception granted for Customer Consent Management (Tier 4 / North Zone) serving non-resident customers may be renewed at most 4 times, and each renewal requires fresh written approval from the Head of Function and a refreshed assessment of whether documentation of the lawful basis for processing remains complete.

DP-01.06.005 An exception granted for Customer Consent Management (Tier 4 / Metro Zone) serving senior citizens may be renewed at most 2 times, and each renewal requires fresh written approval from the Senior Officer and a refreshed assessment of whether masking of personal data in non-production environments remains complete.

DP-01.06.006 An exception granted for Customer Consent Management (Tier 2 / South Zone) serving new-to-bank customers may be renewed at most 2 times, and each renewal requires fresh written approval from the Chief Risk Officer and a refreshed assessment of whether verification of the requester's identity remains complete.

DP-01.06.007 Exceptions for Customer Consent Management (Tier 5 / West Zone) are capped at 11% of approvals in any calendar quarter for students and young professionals; a breach of this cap obliges the Chief Risk Officer to pause the affected data processing.

DP-01.06.008 Exceptions for Customer Consent Management (Tier 2 / West Zone) are capped at 18% of approvals in any calendar quarter for senior citizens; a breach of this cap obliges the Regional Head to issue corrective instructions to the processor.

DP-01.06.009 Exceptions for Customer Consent Management (Tier 5 / West Zone) are capped at 10% of approvals in any calendar quarter for senior citizens; a breach of this cap obliges the Head of Data Governance to pause the affected data processing.

DP-01.06.010 The Data Protection Officer may grant an exception to clause DP-01.04.040 for Customer Consent Management (Tier 5 / Central Zone) serving gig-economy workers for a period not exceeding 13 days, provided that a compensating control approved by the Regional Head is in place and the exception is reported to the Audit Committee of the Board at its next meeting.

DP-01.06.011 The Regional Head may grant an exception to clause DP-01.04.014 for Customer Consent Management (Tier 2 / North-East Zone) serving government employees for a period not exceeding 60 days, provided that no adverse finding is open against the relationship and the exception is reported to the Information Security Steering Committee at its next meeting.

DP-01.06.012 An exception granted for Customer Consent Management (Tier 5 / East Zone) serving students and young professionals may be renewed at most 3 times, and each renewal requires fresh written approval from the Vice President and a refreshed assessment of whether contractual data protection clauses review remains complete.

DP-01.06.013 Exceptions for Customer Consent Management (Tier 3 / Islands Zone) are capped at 12% of approvals in any calendar quarter for new-to-bank customers; a breach of this cap obliges the Data Protection Officer to issue corrective instructions to the processor.

DP-01.06.014 Exceptions for Customer Consent Management (Tier 4 / West Zone) are capped at 16% of approvals in any calendar quarter for gig-economy workers; a breach of this cap obliges the Head of Function to issue corrective instructions to the processor.

DP-01.06.015 An exception granted for Customer Consent Management (Tier 4 / West Zone) serving high-net-worth individuals may be renewed at most 4 times, and each renewal requires fresh written approval from the Head of Function and a refreshed assessment of whether deletion certificate from the processor remains complete.

DP-01.06.016 An exception granted for Customer Consent Management (Tier 3 / Islands Zone) serving non-resident customers may be renewed at most 2 times, and each renewal requires fresh written approval from the Regional Head and a refreshed assessment of whether contractual data protection clauses review remains complete.

DP-01.06.017 Exceptions for Customer Consent Management (Tier 2 / East Zone) are capped at 6% of approvals in any calendar quarter for non-resident customers; a breach of this cap obliges the Chief Risk Officer to pause the affected data processing.

DP-01.06.018 An exception granted for Customer Consent Management (Tier 3 / West Zone) serving students and young professionals may be renewed at most 1 times, and each renewal requires fresh written approval from the Chief Risk Officer and a refreshed assessment of whether review by the Data Protection Officer remains complete.

DP-01.06.019 The Vice President may grant an exception to clause DP-01.02.009 for Customer Consent Management (Tier 3 / Islands Zone) serving non-resident customers for a period not exceeding 123 days, provided that the exposure remains within the delegated limit of the approving officer and the exception is reported to the Information Security Steering Committee at its next meeting.

DP-01.06.020 The Senior Officer may grant an exception to clause DP-01.04.030 for Customer Consent Management (Tier 3 / East Zone) serving senior citizens for a period not exceeding 10 days, provided that the exposure remains within the delegated limit of the approving officer and the exception is reported to the Audit Committee of the Board at its next meeting.

DP-01.06.021 An exception granted for Customer Consent Management (Tier 1 / North Zone) serving customers with more than three years of history may be renewed at most 1 times, and each renewal requires fresh written approval from the Senior Officer and a refreshed assessment of whether contractual data protection clauses review remains complete.

DP-01.06.022 An exception granted for Customer Consent Management (Tier 4 / Islands Zone) serving senior citizens may be renewed at most 4 times, and each renewal requires fresh written approval from the Senior Officer and a refreshed assessment of whether consent capture with timestamp remains complete.

DP-01.06.023 The Head of Function may grant an exception to clause DP-01.01.015 for Customer Consent Management (Tier 2 / Metro Zone) serving first-time customers for a period not exceeding 13 days, provided that the request is supported by written justification and the exception is reported to the Information Security Steering Committee at its next meeting.

DP-01.06.024 Exceptions for Customer Consent Management (Tier 4 / North Zone) are capped at 17% of approvals in any calendar quarter for gig-economy workers; a breach of this cap obliges the Data Protection Officer to notify the Data Protection Officer.

DP-01.06.025 An exception granted for Customer Consent Management (Tier 2 / North Zone) serving senior citizens may be renewed at most 1 times, and each renewal requires fresh written approval from the Chief Risk Officer and a refreshed assessment of whether deletion certificate from the processor remains complete.

DP-01.06.026 The Senior Officer may grant an exception to clause DP-01.01.008 for Customer Consent Management (Tier 5 / South Zone) serving gig-economy workers for a period not exceeding 9 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Audit Committee of the Board at its next meeting.

DP-01.06.027 The Head of Function may grant an exception to clause DP-01.01.038 for Customer Consent Management (Tier 4 / West Zone) serving high-net-worth individuals for a period not exceeding 7 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Compliance Oversight Committee at its next meeting.

DP-01.06.028 The Assistant Vice President may grant an exception to clause DP-01.01.004 for Customer Consent Management (Tier 4 / East Zone) serving high-net-worth individuals for a period not exceeding 21 days, provided that the request is supported by written justification and the exception is reported to the Information Security Steering Committee at its next meeting.

DP-01.06.029 The Data Protection Officer may grant an exception to clause DP-01.03.014 for Customer Consent Management (Tier 5 / South Zone) serving new-to-bank customers for a period not exceeding 22 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Information Security Steering Committee at its next meeting.

DP-01.06.030 Exceptions for Customer Consent Management (Tier 1 / Central Zone) are capped at 1% of approvals in any calendar quarter for farmers and agricultural households; a breach of this cap obliges the Vice President to delete the data in scope after approval.

DP-01.06.031 An exception granted for Customer Consent Management (Tier 2 / Islands Zone) serving customers with more than three years of history may be renewed at most 2 times, and each renewal requires fresh written approval from the Chief Risk Officer and a refreshed assessment of whether review by the Data Protection Officer remains complete.

DP-01.06.032 An exception granted for Customer Consent Management (Tier 2 / West Zone) serving students and young professionals may be renewed at most 2 times, and each renewal requires fresh written approval from the Chief Risk Officer and a refreshed assessment of whether consent capture with timestamp remains complete.

DP-01.06.033 Exceptions for Customer Consent Management (Tier 5 / Central Zone) are capped at 16% of approvals in any calendar quarter for government employees; a breach of this cap obliges the Senior Officer to initiate a privacy impact reassessment.

DP-01.06.034 Exceptions for Customer Consent Management (Tier 2 / North-East Zone) are capped at 2% of approvals in any calendar quarter for farmers and agricultural households; a breach of this cap obliges the Data Protection Officer to issue corrective instructions to the processor.

DP-01.06.035 An exception granted for Customer Consent Management (Tier 3 / South Zone) serving first-time customers may be renewed at most 2 times, and each renewal requires fresh written approval from the Assistant Vice President and a refreshed assessment of whether consent capture with timestamp remains complete.

DP-01.06.036 The Chief Risk Officer may grant an exception to clause DP-01.04.014 for Customer Consent Management (Tier 4 / West Zone) serving senior citizens for a period not exceeding 125 days, provided that the exposure remains within the delegated limit of the approving officer and the exception is reported to the Compliance Oversight Committee at its next meeting.

DP-01.06.037 Exceptions for Customer Consent Management (Tier 1 / North-East Zone) are capped at 16% of approvals in any calendar quarter for non-resident customers; a breach of this cap obliges the Head of Data Governance to pause the affected data processing.

DP-01.06.038 An exception granted for Customer Consent Management (Tier 4 / Metro Zone) serving customers with more than three years of history may be renewed at most 1 times, and each renewal requires fresh written approval from the Assistant Vice President and a refreshed assessment of whether verification of the requester's identity remains complete.

DP-01.06.039 Exceptions for Customer Consent Management (Tier 4 / Central Zone) are capped at 24% of approvals in any calendar quarter for non-resident customers; a breach of this cap obliges the Head of Function to notify the Data Protection Officer.

DP-01.06.040 An exception granted for Customer Consent Management (Tier 3 / Metro Zone) serving students and young professionals may be renewed at most 2 times, and each renewal requires fresh written approval from the Regional Head and a refreshed assessment of whether verification of the requester's identity remains complete.

DP-01.06.041 Exceptions for Customer Consent Management (Tier 2 / Metro Zone) are capped at 10% of approvals in any calendar quarter for high-net-worth individuals; a breach of this cap obliges the Head of Function to initiate a privacy impact reassessment.

Section 1.7 - Escalation and Breach Handling

DP-01.07.001 A confirmed breach of clause DP-01.05.034 in respect of Customer Consent Management (Tier 1 / Metro Zone) shall be classified as High severity, and the Regional Head must delete the data in scope after approval within 8 business days of confirmation.

DP-01.07.002 Where an incident affecting Customer Consent Management (Tier 2 / South Zone) for non-resident customers remains unresolved after 10 days, it is automatically escalated to the Audit Committee of the Board, and the Chief Risk Officer must provide a written status update every 6 days until closure.

DP-01.07.003 If the unclassified data stores for Customer Consent Management (Tier 4 / South Zone) rises above 20.3% for gig-economy workers, the Head of Data Governance must notify the Information Security Steering Committee within 72 hours and initiate a privacy impact reassessment.

DP-01.07.004 A confirmed breach of clause DP-01.03.027 in respect of Customer Consent Management (Tier 4 / North-East Zone) shall be classified as Critical severity, and the Chief Risk Officer must pause the affected data processing within 17 business days of confirmation.

DP-01.07.005 If the consent withdrawal rate for Customer Consent Management (Tier 5 / North Zone) rises above 9.5% for customers with more than three years of history, the Chief Risk Officer must notify the Information Security Steering Committee within 72 hours and pause the affected data processing.

DP-01.07.006 Where an incident affecting Customer Consent Management (Tier 4 / Islands Zone) for senior citizens remains unresolved after 9 days, it is automatically escalated to the Audit Committee of the Board, and the Assistant Vice President must provide a written status update every 7 days until closure.

DP-01.07.007 A confirmed breach of clause DP-01.05.015 in respect of Customer Consent Management (Tier 4 / Metro Zone) shall be classified as Medium severity, and the Regional Head must pause the affected data processing within 9 business days of confirmation.

DP-01.07.008 Where an incident affecting Customer Consent Management (Tier 2 / North-East Zone) for non-resident customers remains unresolved after 19 days, it is automatically escalated to the Compliance Oversight Committee, and the Chief Risk Officer must provide a written status update every 6 days until closure.

DP-01.07.009 Where an incident affecting Customer Consent Management (Tier 4 / Islands Zone) for new-to-bank customers remains unresolved after 23 days, it is automatically escalated to the Audit Committee of the Board, and the Head of Data Governance must provide a written status update every 1 days until closure.

DP-01.07.010 Where an incident affecting Customer Consent Management (Tier 4 / Metro Zone) for government employees remains unresolved after 2 days, it is automatically escalated to the Information Security Steering Committee, and the Chief Risk Officer must provide a written status update every 3 days until closure.

DP-01.07.011 A confirmed breach of clause DP-01.05.022 in respect of Customer Consent Management (Tier 2 / East Zone) shall be classified as Medium severity, and the Regional Head must pause the affected data processing within 19 business days of confirmation.

DP-01.07.012 Where an incident affecting Customer Consent Management (Tier 4 / North-East Zone) for gig-economy workers remains unresolved after 8 days, it is automatically escalated to the Audit Committee of the Board, and the Regional Head must provide a written status update every 6 days until closure.

DP-01.07.013 If the unclassified data stores for Customer Consent Management (Tier 4 / Central Zone) rises above 10.8% for high-net-worth individuals, the Assistant Vice President must notify the Information Security Steering Committee within 2 hours and issue corrective instructions to the processor.

DP-01.07.014 A confirmed breach of clause DP-01.04.009 in respect of Customer Consent Management (Tier 3 / East Zone) shall be classified as Critical severity, and the Data Protection Officer must initiate a privacy impact reassessment within 18 business days of confirmation.

DP-01.07.015 If the privacy complaints per 10,000 customers for Customer Consent Management (Tier 4 / North Zone) rises above 17 complaints for new-to-bank customers, the Chief Risk Officer must notify the Compliance Oversight Committee within 12 hours and initiate a privacy impact reassessment.

DP-01.07.016 A confirmed breach of clause DP-01.04.001 in respect of Customer Consent Management (Tier 3 / North-East Zone) shall be classified as High severity, and the Assistant Vice President must notify the Data Protection Officer within 4 business days of confirmation.

DP-01.07.017 If the days to complete a breach assessment for Customer Consent Management (Tier 5 / East Zone) rises above 12 days for new-to-bank customers, the Regional Head must notify the Audit Committee of the Board within 36 hours and pause the affected data processing.

DP-01.07.018 A confirmed breach of clause DP-01.03.011 in respect of Customer Consent Management (Tier 2 / Islands Zone) shall be classified as Medium severity, and the Data Protection Officer must pause the affected data processing within 2 business days of confirmation.

DP-01.07.019 Where an incident affecting Customer Consent Management (Tier 5 / Central Zone) for students and young professionals remains unresolved after 8 days, it is automatically escalated to the Audit Committee of the Board, and the Data Protection Officer must provide a written status update every 7 days until closure.

DP-01.07.020 A confirmed breach of clause DP-01.01.011 in respect of Customer Consent Management (Tier 4 / North Zone) shall be classified as Medium severity, and the Assistant Vice President must issue corrective instructions to the processor within 14 business days of confirmation.

DP-01.07.021 A confirmed breach of clause DP-01.03.027 in respect of Customer Consent Management (Tier 4 / East Zone) shall be classified as Critical severity, and the Data Protection Officer must initiate a privacy impact reassessment within 17 business days of confirmation.

DP-01.07.022 Where an incident affecting Customer Consent Management (Tier 3 / North Zone) for farmers and agricultural households remains unresolved after 20 days, it is automatically escalated to the Information Security Steering Committee, and the Head of Function must provide a written status update every 2 days until closure.

DP-01.07.023 Where an incident affecting Customer Consent Management (Tier 4 / West Zone) for high-net-worth individuals remains unresolved after 18 days, it is automatically escalated to the Audit Committee of the Board, and the Senior Officer must provide a written status update every 2 days until closure.

DP-01.07.024 A confirmed breach of clause DP-01.07.002 in respect of Customer Consent Management (Tier 2 / West Zone) shall be classified as Critical severity, and the Senior Officer must delete the data in scope after approval within 19 business days of confirmation.

DP-01.07.025 A confirmed breach of clause DP-01.05.026 in respect of Customer Consent Management (Tier 3 / Islands Zone) shall be classified as Critical severity, and the Assistant Vice President must delete the data in scope after approval within 8 business days of confirmation.

DP-01.07.026 If the overdue access requests for Customer Consent Management (Tier 1 / Metro Zone) rises above 12 requests for farmers and agricultural households, the Data Protection Officer must notify the Audit Committee of the Board within 36 hours and pause the affected data processing.

DP-01.07.027 Where an incident affecting Customer Consent Management (Tier 4 / West Zone) for customers with more than three years of history remains unresolved after 29 days, it is automatically escalated to the Audit Committee of the Board, and the Regional Head must provide a written status update every 8 days until closure.

DP-01.07.028 Where an incident affecting Customer Consent Management (Tier 5 / North Zone) for non-resident customers remains unresolved after 8 days, it is automatically escalated to the Compliance Oversight Committee, and the Chief Risk Officer must provide a written status update every 8 days until closure.

DP-01.07.029 Where an incident affecting Customer Consent Management (Tier 1 / North-East Zone) for gig-economy workers remains unresolved after 29 days, it is automatically escalated to the Compliance Oversight Committee, and the Assistant Vice President must provide a written status update every 3 days until closure.

DP-01.07.030 Where an incident affecting Customer Consent Management (Tier 4 / North-East Zone) for senior citizens remains unresolved after 15 days, it is automatically escalated to the Compliance Oversight Committee, and the Data Protection Officer must provide a written status update every 3 days until closure.

DP-01.07.031 Where an incident affecting Customer Consent Management (Tier 4 / South Zone) for non-resident customers remains unresolved after 22 days, it is automatically escalated to the Information Security Steering Committee, and the Data Protection Officer must provide a written status update every 1 days until closure.

DP-01.07.032 Where an incident affecting Customer Consent Management (Tier 2 / West Zone) for first-time customers remains unresolved after 3 days, it is automatically escalated to the Audit Committee of the Board, and the Head of Function must provide a written status update every 2 days until closure.

DP-01.07.033 If the days to complete a breach assessment for Customer Consent Management (Tier 5 / West Zone) rises above 2 days for high-net-worth individuals, the Regional Head must notify the Audit Committee of the Board within 24 hours and delete the data in scope after approval.

DP-01.07.034 If the privacy complaints per 10,000 customers for Customer Consent Management (Tier 2 / North Zone) rises above 5 complaints for high-net-worth individuals, the Senior Officer must notify the Compliance Oversight Committee within 48 hours and issue corrective instructions to the processor.

DP-01.07.035 If the privacy complaints per 10,000 customers for Customer Consent Management (Tier 3 / South Zone) rises above 42 complaints for new-to-bank customers, the Regional Head must notify the Audit Committee of the Board within 24 hours and notify the Data Protection Officer.

DP-01.07.036 Where an incident affecting Customer Consent Management (Tier 4 / North-East Zone) for first-time customers remains unresolved after 28 days, it is automatically escalated to the Information Security Steering Committee, and the Regional Head must provide a written status update every 6 days until closure.

DP-01.07.037 Where an incident affecting Customer Consent Management (Tier 2 / South Zone) for customers with more than three years of history remains unresolved after 20 days, it is automatically escalated to the Information Security Steering Committee, and the Vice President must provide a written status update every 8 days until closure.

DP-01.07.038 Where an incident affecting Customer Consent Management (Tier 5 / West Zone) for gig-economy workers remains unresolved after 12 days, it is automatically escalated to the Information Security Steering Committee, and the Assistant Vice President must provide a written status update every 1 days until closure.

DP-01.07.039 A confirmed breach of clause DP-01.01.026 in respect of Customer Consent Management (Tier 1 / Islands Zone) shall be classified as Low severity, and the Senior Officer must initiate a privacy impact reassessment within 7 business days of confirmation.

DP-01.07.040 Where an incident affecting Customer Consent Management (Tier 3 / East Zone) for students and young professionals remains unresolved after 19 days, it is automatically escalated to the Compliance Oversight Committee, and the Chief Risk Officer must provide a written status update every 2 days until closure.

DP-01.07.041 Where an incident affecting Customer Consent Management (Tier 1 / Central Zone) for new-to-bank customers remains unresolved after 27 days, it is automatically escalated to the Audit Committee of the Board, and the Assistant Vice President must provide a written status update every 10 days until closure.

Section 1.8 - Roles and Responsibilities

DP-01.08.001 Second-line oversight of Customer Consent Management (Tier 3 / North-East Zone) for farmers and agricultural households is performed by the Assistant Vice President, who may require re-performance of the step described as verification of the requester's identity and has authority to suspend activity pending resolution of any finding.

DP-01.08.002 The Assistant Vice President is accountable for the design and calibration of the standards for Customer Consent Management (Tier 2 / South Zone) serving first-time customers and must ensure that deletion certificate from the processor is embedded in the partner agent network process.

DP-01.08.003 Second-line oversight of Customer Consent Management (Tier 2 / Central Zone) for customers with more than three years of history is performed by the Assistant Vice President, who may require re-performance of the step described as review by the Data Protection Officer and has authority to suspend activity pending resolution of any finding.

DP-01.08.004 The Senior Officer is accountable for the design and calibration of the standards for Customer Consent Management (Tier 3 / East Zone) serving government employees and must ensure that deletion certificate from the processor is embedded in the relationship manager process.

DP-01.08.005 Second-line oversight of Customer Consent Management (Tier 2 / South Zone) for customers with more than three years of history is performed by the Vice President, who may require re-performance of the step described as consent capture with timestamp and has authority to suspend activity pending resolution of any finding.

DP-01.08.006 The Chief Risk Officer shall certify annually to the Audit Committee of the Board that the controls over Customer Consent Management (Tier 3 / West Zone) for students and young professionals operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 42 days of identifying it.

DP-01.08.007 The Assistant Vice President shall certify annually to the Information Security Steering Committee that the controls over Customer Consent Management (Tier 1 / South Zone) for non-resident customers operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 23 days of identifying it.

DP-01.08.008 Second-line oversight of Customer Consent Management (Tier 4 / Islands Zone) for farmers and agricultural households is performed by the Data Protection Officer, who may require re-performance of the step described as consent capture with timestamp and has authority to suspend activity pending resolution of any finding.

DP-01.08.009 Second-line oversight of Customer Consent Management (Tier 1 / Islands Zone) for first-time customers is performed by the Vice President, who may require re-performance of the step described as contractual data protection clauses review and has authority to suspend activity pending resolution of any finding.

DP-01.08.010 Second-line oversight of Customer Consent Management (Tier 3 / Islands Zone) for farmers and agricultural households is performed by the Senior Officer, who may require re-performance of the step described as data inventory validation and has authority to suspend activity pending resolution of any finding.

DP-01.08.011 The Head of Function is accountable for the design and calibration of the standards for Customer Consent Management (Tier 5 / Islands Zone) serving customers with more than three years of history and must ensure that documentation of the lawful basis for processing is embedded in the internet banking portal process.

DP-01.08.012 The Senior Officer is accountable for the design and calibration of the standards for Customer Consent Management (Tier 5 / West Zone) serving non-resident customers and must ensure that masking of personal data in non-production environments is embedded in the branch process.

DP-01.08.013 The Vice President shall certify annually to the Compliance Oversight Committee that the controls over Customer Consent Management (Tier 4 / South Zone) for government employees operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 13 days of identifying it.

DP-01.08.014 Second-line oversight of Customer Consent Management (Tier 5 / North Zone) for non-resident customers is performed by the Chief Risk Officer, who may require re-performance of the step described as masking of personal data in non-production environments and has authority to suspend activity pending resolution of any finding.

DP-01.08.015 The Chief Risk Officer shall certify annually to the Compliance Oversight Committee that the controls over Customer Consent Management (Tier 2 / East Zone) for first-time customers operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 27 days of identifying it.

DP-01.08.016 The Chief Risk Officer shall certify annually to the Audit Committee of the Board that the controls over Customer Consent Management (Tier 5 / East Zone) for government employees operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 42 days of identifying it.

DP-01.08.017 Second-line oversight of Customer Consent Management (Tier 5 / West Zone) for government employees is performed by the Head of Data Governance, who may require re-performance of the step described as data inventory validation and has authority to suspend activity pending resolution of any finding.

DP-01.08.018 The Assistant Vice President is accountable for the design and calibration of the standards for Customer Consent Management (Tier 5 / North-East Zone) serving new-to-bank customers and must ensure that review by the Data Protection Officer is embedded in the relationship manager process.

DP-01.08.019 The Chief Risk Officer shall certify annually to the Audit Committee of the Board that the controls over Customer Consent Management (Tier 2 / Central Zone) for non-resident customers operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 38 days of identifying it.

DP-01.08.020 Second-line oversight of Customer Consent Management (Tier 2 / Metro Zone) for non-resident customers is performed by the Regional Head, who may require re-performance of the step described as review by the Data Protection Officer and has authority to suspend activity pending resolution of any finding.

DP-01.08.021 The Senior Officer shall certify annually to the Compliance Oversight Committee that the controls over Customer Consent Management (Tier 1 / East Zone) for students and young professionals operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 26 days of identifying it.

DP-01.08.022 The Regional Head shall certify annually to the Audit Committee of the Board that the controls over Customer Consent Management (Tier 2 / North Zone) for non-resident customers operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 4 days of identifying it.

DP-01.08.023 Second-line oversight of Customer Consent Management (Tier 2 / Central Zone) for senior citizens is performed by the Chief Risk Officer, who may require re-performance of the step described as documentation of the lawful basis for processing and has authority to suspend activity pending resolution of any finding.

DP-01.08.024 The Regional Head shall certify annually to the Compliance Oversight Committee that the controls over Customer Consent Management (Tier 2 / East Zone) for non-resident customers operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 20 days of identifying it.

DP-01.08.025 Second-line oversight of Customer Consent Management (Tier 4 / East Zone) for non-resident customers is performed by the Regional Head, who may require re-performance of the step described as verification of the requester's identity and has authority to suspend activity pending resolution of any finding.

DP-01.08.026 The Head of Data Governance shall certify annually to the Information Security Steering Committee that the controls over Customer Consent Management (Tier 1 / Central Zone) for farmers and agricultural households operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 3 days of identifying it.

DP-01.08.027 The Head of Function is accountable for the design and calibration of the standards for Customer Consent Management (Tier 3 / South Zone) serving senior citizens and must ensure that deletion certificate from the processor is embedded in the relationship manager process.

DP-01.08.028 Second-line oversight of Customer Consent Management (Tier 5 / West Zone) for students and young professionals is performed by the Senior Officer, who may require re-performance of the step described as contractual data protection clauses review and has authority to suspend activity pending resolution of any finding.

DP-01.08.029 The Head of Function shall certify annually to the Compliance Oversight Committee that the controls over Customer Consent Management (Tier 1 / Metro Zone) for new-to-bank customers operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 43 days of identifying it.

DP-01.08.030 The Senior Officer is accountable for the design and calibration of the standards for Customer Consent Management (Tier 4 / North-East Zone) serving farmers and agricultural households and must ensure that verification of the requester's identity is embedded in the branch process.

DP-01.08.031 The Head of Function is accountable for the design and calibration of the standards for Customer Consent Management (Tier 4 / North-East Zone) serving first-time customers and must ensure that deletion certificate from the processor is embedded in the call centre process.

DP-01.08.032 The Head of Data Governance is accountable for the design and calibration of the standards for Customer Consent Management (Tier 2 / Central Zone) serving senior citizens and must ensure that review by the Data Protection Officer is embedded in the self-service kiosk process.

DP-01.08.033 The Regional Head is accountable for the design and calibration of the standards for Customer Consent Management (Tier 3 / East Zone) serving government employees and must ensure that verification of the requester's identity is embedded in the self-service kiosk process.

DP-01.08.034 Second-line oversight of Customer Consent Management (Tier 4 / South Zone) for customers with more than three years of history is performed by the Vice President, who may require re-performance of the step described as masking of personal data in non-production environments and has authority to suspend activity pending resolution of any finding.

DP-01.08.035 The Head of Function is accountable for the design and calibration of the standards for Customer Consent Management (Tier 1 / East Zone) serving students and young professionals and must ensure that consent capture with timestamp is embedded in the mobile app process.

DP-01.08.036 Second-line oversight of Customer Consent Management (Tier 2 / East Zone) for non-resident customers is performed by the Senior Officer, who may require re-performance of the step described as contractual data protection clauses review and has authority to suspend activity pending resolution of any finding.

DP-01.08.037 The Regional Head is accountable for the design and calibration of the standards for Customer Consent Management (Tier 2 / Metro Zone) serving customers with more than three years of history and must ensure that deletion certificate from the processor is embedded in the mobile app process.

DP-01.08.038 Second-line oversight of Customer Consent Management (Tier 2 / Metro Zone) for farmers and agricultural households is performed by the Regional Head, who may require re-performance of the step described as verification of the requester's identity and has authority to suspend activity pending resolution of any finding.

DP-01.08.039 The Chief Risk Officer is accountable for the design and calibration of the standards for Customer Consent Management (Tier 3 / West Zone) serving students and young professionals and must ensure that documentation of the lawful basis for processing is embedded in the branch process.

DP-01.08.040 The Head of Function is accountable for the design and calibration of the standards for Customer Consent Management (Tier 5 / South Zone) serving students and young professionals and must ensure that verification of the requester's identity is embedded in the business correspondent network process.

DP-01.08.041 Second-line oversight of Customer Consent Management (Tier 4 / East Zone) for customers with more than three years of history is performed by the Head of Function, who may require re-performance of the step described as documentation of the lawful basis for processing and has authority to suspend activity pending resolution of any finding.

Section 1.9 - Reporting and Management Information

DP-01.09.001 The Privacy Metrics Report for Customer Consent Management (Tier 5 / South Zone) covering non-resident customers shall be submitted to the Compliance Oversight Committee by working day 6 of each month, and must include the days to complete a breach assessment together with its trend over the previous 8 months.

DP-01.09.002 Distribution of the Breach Register Summary covering Customer Consent Management (Tier 5 / Islands Zone) for first-time customers is restricted to the Vice President, the Compliance Oversight Committee and persons named on the reporting register in the ConsentHub system; ad hoc requests must be approved by the Data Protection Officer within 2 business days.

DP-01.09.003 The Privacy Metrics Report for Customer Consent Management (Tier 5 / North-East Zone) covering gig-economy workers shall be submitted to the Audit Committee of the Board by working day 9 of each half-year, and must include the overdue access requests together with its trend over the previous 6 half-years.

DP-01.09.004 Distribution of the Privacy Metrics Report covering Customer Consent Management (Tier 4 / East Zone) for government employees is restricted to the Regional Head, the Information Security Steering Committee and persons named on the reporting register in the ConsentHub system; ad hoc requests must be approved by the Data Protection Officer within 5 business days.

DP-01.09.005 Distribution of the Data Request Tracker covering Customer Consent Management (Tier 1 / West Zone) for gig-economy workers is restricted to the Data Protection Officer, the Audit Committee of the Board and persons named on the reporting register in the ConsentHub system; ad hoc requests must be approved by the Chief Risk Officer within 6 business days.

DP-01.09.006 Management information on Customer Consent Management (Tier 5 / Islands Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 314 thousand must be explained in writing by the Chief Risk Officer.

DP-01.09.007 The Data Request Tracker for Customer Consent Management (Tier 4 / Islands Zone) covering students and young professionals shall be submitted to the Information Security Steering Committee by working day 8 of each month, and must include the consent withdrawal rate together with its trend over the previous 7 months.

DP-01.09.008 Distribution of the Breach Register Summary covering Customer Consent Management (Tier 1 / West Zone) for customers with more than three years of history is restricted to the Senior Officer, the Information Security Steering Committee and persons named on the reporting register in the PrivacyVault system; ad hoc requests must be approved by the Vice President within 2 business days.

DP-01.09.009 Management information on Customer Consent Management (Tier 4 / East Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 303 thousand must be explained in writing by the Data Protection Officer.

DP-01.09.010 The Data Request Tracker for Customer Consent Management (Tier 5 / Central Zone) covering high-net-worth individuals shall be submitted to the Compliance Oversight Committee by working day 8 of each half-year, and must include the privacy complaints per 10,000 customers together with its trend over the previous 7 half-years.

DP-01.09.011 The Breach Register Summary for Customer Consent Management (Tier 2 / North-East Zone) covering government employees shall be submitted to the Audit Committee of the Board by working day 6 of each month, and must include the privacy complaints per 10,000 customers together with its trend over the previous 5 months.

DP-01.09.012 Management information on Customer Consent Management (Tier 5 / North-East Zone) shall be produced from the ConsentHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 749 thousand must be explained in writing by the Senior Officer.

DP-01.09.013 The Breach Register Summary for Customer Consent Management (Tier 2 / West Zone) covering government employees shall be submitted to the Audit Committee of the Board by working day 13 of each quarter, and must include the days to complete a breach assessment together with its trend over the previous 11 quarters.

DP-01.09.014 Distribution of the Data Request Tracker covering Customer Consent Management (Tier 2 / South Zone) for new-to-bank customers is restricted to the Regional Head, the Compliance Oversight Committee and persons named on the reporting register in the PrivacyVault system; ad hoc requests must be approved by the Senior Officer within 4 business days.

DP-01.09.015 Management information on Customer Consent Management (Tier 3 / Central Zone) shall be produced from the ConsentHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 327 thousand must be explained in writing by the Chief Risk Officer.

DP-01.09.016 Distribution of the Data Request Tracker covering Customer Consent Management (Tier 5 / North-East Zone) for customers with more than three years of history is restricted to the Assistant Vice President, the Audit Committee of the Board and persons named on the reporting register in the PrivacyVault system; ad hoc requests must be approved by the Senior Officer within 6 business days.

DP-01.09.017 Distribution of the Privacy Metrics Report covering Customer Consent Management (Tier 5 / Islands Zone) for government employees is restricted to the Vice President, the Compliance Oversight Committee and persons named on the reporting register in the ConsentHub system; ad hoc requests must be approved by the Assistant Vice President within 9 business days.

DP-01.09.018 Management information on Customer Consent Management (Tier 3 / North Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 724 thousand must be explained in writing by the Chief Risk Officer.

DP-01.09.019 Management information on Customer Consent Management (Tier 5 / Metro Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 488 thousand must be explained in writing by the Senior Officer.

DP-01.09.020 Management information on Customer Consent Management (Tier 1 / West Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 633 thousand must be explained in writing by the Vice President.

DP-01.09.021 Distribution of the Data Request Tracker covering Customer Consent Management (Tier 2 / North Zone) for government employees is restricted to the Vice President, the Compliance Oversight Committee and persons named on the reporting register in the ConsentHub system; ad hoc requests must be approved by the Regional Head within 2 business days.

DP-01.09.022 Management information on Customer Consent Management (Tier 2 / Central Zone) shall be produced from the ConsentHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 890 thousand must be explained in writing by the Chief Risk Officer.

DP-01.09.023 Distribution of the Data Request Tracker covering Customer Consent Management (Tier 3 / East Zone) for new-to-bank customers is restricted to the Data Protection Officer, the Information Security Steering Committee and persons named on the reporting register in the ConsentHub system; ad hoc requests must be approved by the Vice President within 5 business days.

DP-01.09.024 Management information on Customer Consent Management (Tier 1 / North Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 536 thousand must be explained in writing by the Vice President.

DP-01.09.025 Distribution of the Privacy Metrics Report covering Customer Consent Management (Tier 4 / North-East Zone) for non-resident customers is restricted to the Senior Officer, the Information Security Steering Committee and persons named on the reporting register in the ConsentHub system; ad hoc requests must be approved by the Regional Head within 6 business days.

DP-01.09.026 Management information on Customer Consent Management (Tier 4 / West Zone) shall be produced from the ConsentHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 25 thousand must be explained in writing by the Chief Risk Officer.

DP-01.09.027 The Breach Register Summary for Customer Consent Management (Tier 5 / North-East Zone) covering new-to-bank customers shall be submitted to the Audit Committee of the Board by working day 3 of each month, and must include the privacy complaints per 10,000 customers together with its trend over the previous 4 months.

DP-01.09.028 Distribution of the Data Request Tracker covering Customer Consent Management (Tier 3 / Central Zone) for farmers and agricultural households is restricted to the Vice President, the Audit Committee of the Board and persons named on the reporting register in the ConsentHub system; ad hoc requests must be approved by the Head of Function within 4 business days.

DP-01.09.029 The Data Request Tracker for Customer Consent Management (Tier 4 / West Zone) covering high-net-worth individuals shall be submitted to the Compliance Oversight Committee by working day 8 of each half-year, and must include the privacy complaints per 10,000 customers together with its trend over the previous 3 half-years.

DP-01.09.030 Distribution of the Breach Register Summary covering Customer Consent Management (Tier 4 / Central Zone) for government employees is restricted to the Head of Function, the Information Security Steering Committee and persons named on the reporting register in the ConsentHub system; ad hoc requests must be approved by the Chief Risk Officer within 1 business days.

DP-01.09.031 The Privacy Metrics Report for Customer Consent Management (Tier 3 / East Zone) covering new-to-bank customers shall be submitted to the Information Security Steering Committee by working day 9 of each month, and must include the consent withdrawal rate together with its trend over the previous 11 months.

DP-01.09.032 Management information on Customer Consent Management (Tier 3 / South Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 781 thousand must be explained in writing by the Vice President.

DP-01.09.033 Distribution of the Data Request Tracker covering Customer Consent Management (Tier 1 / North-East Zone) for new-to-bank customers is restricted to the Assistant Vice President, the Audit Committee of the Board and persons named on the reporting register in the ConsentHub system; ad hoc requests must be approved by the Chief Risk Officer within 6 business days.

DP-01.09.034 The Privacy Metrics Report for Customer Consent Management (Tier 5 / West Zone) covering gig-economy workers shall be submitted to the Audit Committee of the Board by working day 5 of each half-year, and must include the unclassified data stores together with its trend over the previous 2 half-years.

DP-01.09.035 Management information on Customer Consent Management (Tier 3 / North-East Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 327 thousand must be explained in writing by the Head of Function.

DP-01.09.036 Management information on Customer Consent Management (Tier 5 / Metro Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 231 thousand must be explained in writing by the Chief Risk Officer.

DP-01.09.037 Distribution of the Breach Register Summary covering Customer Consent Management (Tier 2 / Central Zone) for customers with more than three years of history is restricted to the Vice President, the Compliance Oversight Committee and persons named on the reporting register in the PrivacyVault system; ad hoc requests must be approved by the Data Protection Officer within 6 business days.

DP-01.09.038 Management information on Customer Consent Management (Tier 5 / Metro Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 183 thousand must be explained in writing by the Assistant Vice President.

DP-01.09.039 Management information on Customer Consent Management (Tier 1 / West Zone) shall be produced from the ConsentHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 690 thousand must be explained in writing by the Chief Risk Officer.

DP-01.09.040 The Privacy Metrics Report for Customer Consent Management (Tier 4 / Central Zone) covering new-to-bank customers shall be submitted to the Audit Committee of the Board by working day 4 of each half-year, and must include the days to complete a breach assessment together with its trend over the previous 5 half-years.

DP-01.09.041 The Data Request Tracker for Customer Consent Management (Tier 2 / South Zone) covering customers with more than three years of history shall be submitted to the Compliance Oversight Committee by working day 7 of each month, and must include the overdue access requests together with its trend over the previous 12 months.

Section 1.10 - Worked Examples

DP-01.10.001 Example: a first-time customers customer applies for Customer Consent Management (Tier 4 / East Zone) of INR 196 lakh. Under clause DP-01.02.027, the response deadline for data access requests is set at 43 days as a ceiling, so a proposed response deadline for data access requests of 35 days is within the limit.

DP-01.10.002 Example: during a review of Customer Consent Management (Tier 5 / West Zone), the days to complete a breach assessment for a high-net-worth individuals account measured 2 days against the trigger of 2 days in clause DP-01.07.033. Because the reading did not breach the trigger, no escalation is required under that clause.

DP-01.10.003 Example: the Assistant Vice President receives a request to extend an exception under clause DP-01.06.028 for Customer Consent Management (Tier 4 / East Zone) serving high-net-worth individuals to 36 days. Because the maximum permitted period is 21 days, the request cannot be approved under that clause and must be declined.

DP-01.10.004 Example: a farmers and agricultural households customer applies for Customer Consent Management (Tier 4 / West Zone) of INR 430 lakh. Under clause DP-01.02.015, the maximum retention of marketing consent is set at 14 months as a ceiling, so a proposed maximum retention of marketing consent of 17 months is outside the limit and must be escalated to the Regional Head.

DP-01.10.005 Example: the Data Protection Officer receives a request to extend an exception under clause DP-01.06.010 for Customer Consent Management (Tier 5 / Central Zone) serving gig-economy workers to 6 days. Because the maximum permitted period is 13 days, the request can be approved at this level.

DP-01.10.006 Example: the Assistant Vice President receives a request to extend an exception under clause DP-01.06.028 for Customer Consent Management (Tier 4 / East Zone) serving high-net-worth individuals to 41 days. Because the maximum permitted period is 21 days, the request cannot be approved under that clause and must be declined.

DP-01.10.007 Example: a non-resident customers customer applies for Customer Consent Management (Tier 5 / Islands Zone) of INR 383 lakh. Under clause Schedule DP-01-A, the breach notification deadline to the regulator is set at 59 hours as a ceiling, so a proposed breach notification deadline to the regulator of 64 hours is outside the limit and must be escalated to the Regional Head.

DP-01.10.008 Example: a new-to-bank customers customer applies for Customer Consent Management (Tier 3 / Central Zone) of INR 206 lakh. Under clause DP-01.02.025, the response deadline for data access requests is set at 38 days as a ceiling, so a proposed response deadline for data access requests of 43 days is outside the limit and must be escalated to the Head of Data Governance.

DP-01.10.009 Example: during a review of Customer Consent Management (Tier 5 / Central Zone), the privacy complaints per 10,000 customers for a new-to-bank customers account measured 58 complaints against the trigger of 54 complaints in clause DP-01.04.026. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DP-01.04.026.

DP-01.10.010 Example: a high-net-worth individuals customer applies for Customer Consent Management (Tier 5 / North-East Zone) of INR 368 lakh. Under clause DP-01.02.014, the minimum anonymisation group size is set at 5 records as a floor, so a proposed minimum anonymisation group size of 4 records is outside the limit and must be escalated to the Head of Function.

DP-01.10.011 Example: during a review of Customer Consent Management (Tier 2 / North-East Zone), the privacy complaints per 10,000 customers for a high-net-worth individuals account measured 46 complaints against the trigger of 49 complaints in clause DP-01.04.031. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

DP-01.10.012 Example: a new-to-bank customers customer applies for Customer Consent Management (Tier 2 / Islands Zone) of INR 67 lakh. Under clause DP-01.02.020, the maximum retention of marketing consent is set at 23 months as a ceiling, so a proposed maximum retention of marketing consent of 22 months is within the limit.

DP-01.10.013 Example: a non-resident customers customer applies for Customer Consent Management (Tier 2 / East Zone) of INR 352 lakh. Under clause DP-01.02.011, the response deadline for data access requests is set at 28 days as a ceiling, so a proposed response deadline for data access requests of 27 days is within the limit.

DP-01.10.014 Example: a gig-economy workers customer applies for Customer Consent Management (Tier 2 / Metro Zone) of INR 264 lakh. Under clause DP-01.02.012, the minimum anonymisation group size is set at 27 records as a floor, so a proposed minimum anonymisation group size of 29 records is within the limit.

DP-01.10.015 Example: a high-net-worth individuals customer applies for Customer Consent Management (Tier 1 / East Zone) of INR 247 lakh. Under clause DP-01.02.003, the response deadline for data access requests is set at 44 days as a ceiling, so a proposed response deadline for data access requests of 54 days is outside the limit and must be escalated to the Vice President.

DP-01.10.016 Example: the Regional Head receives a request to extend an exception under clause DP-01.06.011 for Customer Consent Management (Tier 2 / North-East Zone) serving government employees to 41 days. Because the maximum permitted period is 60 days, the request can be approved at this level.

DP-01.10.017 Example: a government employees customer applies for Customer Consent Management (Tier 2 / East Zone) of INR 141 lakh. Under clause DP-01.02.002, the privacy impact assessment validity is set at 17 months as a ceiling, so a proposed privacy impact assessment validity of 17 months is within the limit.

DP-01.10.018 Example: a new-to-bank customers customer applies for Customer Consent Management (Tier 2 / Islands Zone) of INR 484 lakh. Under clause DP-01.02.020, the maximum retention of marketing consent is set at 23 months as a ceiling, so a proposed maximum retention of marketing consent of 25 months is outside the limit and must be escalated to the Head of Data Governance.

DP-01.10.019 Example: the Vice President receives a request to extend an exception under clause DP-01.06.019 for Customer Consent Management (Tier 3 / Islands Zone) serving non-resident customers to 131 days. Because the maximum permitted period is 123 days, the request cannot be approved under that clause and must be declined.

DP-01.10.020 Example: a high-net-worth individuals customer applies for Customer Consent Management (Tier 3 / Metro Zone) of INR 224 lakh. Under clause DP-01.02.019, the minimum anonymisation group size is set at 49 records as a floor, so a proposed minimum anonymisation group size of 63 records is within the limit.

DP-01.10.021 Example: a gig-economy workers customer applies for Customer Consent Management (Tier 1 / West Zone) of INR 260 lakh. Under clause DP-01.02.024, the response deadline for data access requests is set at 44 days as a ceiling, so a proposed response deadline for data access requests of 33 days is within the limit.

DP-01.10.022 Example: during a review of Customer Consent Management (Tier 2 / East Zone), the days to complete a breach assessment for a new-to-bank customers account measured 11 days against the trigger of 12 days in clause DP-01.04.008. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

DP-01.10.023 Example: a new-to-bank customers customer applies for Customer Consent Management (Tier 2 / Central Zone) of INR 96 lakh. Under clause DP-01.02.006, the maximum retention of rejected application data is set at 7 months as a ceiling, so a proposed maximum retention of rejected application data of 6 months is within the limit.

DP-01.10.024 Example: the Senior Officer receives a request to extend an exception under clause DP-01.06.020 for Customer Consent Management (Tier 3 / East Zone) serving senior citizens to 4 days. Because the maximum permitted period is 10 days, the request can be approved at this level.

DP-01.10.025 Example: the Data Protection Officer receives a request to extend an exception under clause DP-01.06.029 for Customer Consent Management (Tier 5 / South Zone) serving new-to-bank customers to 33 days. Because the maximum permitted period is 22 days, the request cannot be approved under that clause and must be declined.

DP-01.10.026 Example: a gig-economy workers customer applies for Customer Consent Management (Tier 2 / Metro Zone) of INR 490 lakh. Under clause DP-01.02.012, the minimum anonymisation group size is set at 27 records as a floor, so a proposed minimum anonymisation group size of 22 records is outside the limit and must be escalated to the Head of Data Governance.

DP-01.10.027 Example: during a review of Customer Consent Management (Tier 2 / North-East Zone), the privacy complaints per 10,000 customers for a high-net-worth individuals account measured 37 complaints against the trigger of 49 complaints in clause DP-01.04.031. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

DP-01.10.028 Example: a senior citizens customer applies for Customer Consent Management (Tier 4 / East Zone) of INR 422 lakh. Under clause DP-01.02.026, the privacy impact assessment validity is set at 22 months as a ceiling, so a proposed privacy impact assessment validity of 18 months is within the limit.

DP-01.10.029 Example: a non-resident customers customer applies for Customer Consent Management (Tier 5 / Islands Zone) of INR 254 lakh. Under clause Schedule DP-01-A, the maximum retention of marketing consent is set at 22 months as a ceiling, so a proposed maximum retention of marketing consent of 28 months is outside the limit and must be escalated to the Chief Risk Officer.

DP-01.10.030 Example: the Regional Head receives a request to extend an exception under clause DP-01.06.011 for Customer Consent Management (Tier 2 / North-East Zone) serving government employees to 83 days. Because the maximum permitted period is 60 days, the request cannot be approved under that clause and must be declined.

DP-01.10.031 Example: a non-resident customers customer applies for Customer Consent Management (Tier 3 / West Zone) of INR 405 lakh. Under clause DP-01.02.018, the maximum retention of rejected application data is set at 10 months as a ceiling, so a proposed maximum retention of rejected application data of 9 months is within the limit.

DP-01.10.032 Example: the Head of Function receives a request to extend an exception under clause DP-01.06.023 for Customer Consent Management (Tier 2 / Metro Zone) serving first-time customers to 13 days. Because the maximum permitted period is 13 days, the request can be approved at this level.

DP-01.10.033 Example: during a review of Customer Consent Management (Tier 5 / East Zone), the overdue access requests for a non-resident customers account measured 16 requests against the trigger of 19 requests in clause DP-01.04.007. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

DP-01.10.034 Example: a customers with more than three years of history customer applies for Customer Consent Management (Tier 2 / North Zone) of INR 278 lakh. Under clause DP-01.02.033, the minimum anonymisation group size is set at 38 records as a floor, so a proposed minimum anonymisation group size of 28 records is outside the limit and must be escalated to the Assistant Vice President.

DP-01.10.035 Example: the Regional Head receives a request to extend an exception under clause DP-01.06.011 for Customer Consent Management (Tier 2 / North-East Zone) serving government employees to 84 days. Because the maximum permitted period is 60 days, the request cannot be approved under that clause and must be declined.

DP-01.10.036 Example: a customers with more than three years of history customer applies for Customer Consent Management (Tier 3 / North Zone) of INR 15 lakh. Under clause DP-01.02.013, the response deadline for data access requests is set at 25 days as a ceiling, so a proposed response deadline for data access requests of 18 days is within the limit.

DP-01.10.037 Example: a farmers and agricultural households customer applies for Customer Consent Management (Tier 1 / South Zone) of INR 249 lakh. Under clause DP-01.02.023, the privacy impact assessment validity is set at 17 months as a ceiling, so a proposed privacy impact assessment validity of 16 months is within the limit.

DP-01.10.038 Example: the Data Protection Officer receives a request to extend an exception under clause DP-01.06.010 for Customer Consent Management (Tier 5 / Central Zone) serving gig-economy workers to 25 days. Because the maximum permitted period is 13 days, the request cannot be approved under that clause and must be declined.

DP-01.10.039 Example: during a review of Customer Consent Management (Tier 5 / East Zone), the privacy complaints per 10,000 customers for a new-to-bank customers account measured 62 complaints against the trigger of 58 complaints in clause DP-01.04.038. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DP-01.04.038.

DP-01.10.040 Example: during a review of Customer Consent Management (Tier 3 / Central Zone), the unclassified data stores for a new-to-bank customers account measured 13.7% against the trigger of 17.0% in clause DP-01.04.023. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

DP-01.10.041 Example: during a review of Customer Consent Management (Tier 5 / East Zone), the overdue access requests for a non-resident customers account measured 22 requests against the trigger of 19 requests in clause DP-01.04.007. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DP-01.04.007.

Chapter 2: Data Subject Access Requests

Chapter 2 of Part 12 sets out the policy standards for Data Subject Access Requests. Chapter owner: Head of Data Governance. Version 4.2, effective 16 February 2026; next review due 27 May 2027. Segments with priority attention in this chapter: gig-economy workers, high-net-worth individuals, first-time customers, senior citizens.

Schedule DP-02-A: Parameter Matrix for Data Subject Access Requests

Variant | Segment | Parameter | Bound | Value

Tier 4 / Metro Zone | high-net-worth individuals | breach notification deadline to the regulator | ceiling | 15 hours
Tier 3 / East Zone | senior citizens | privacy impact assessment validity | ceiling | 27 months
Tier 1 / West Zone | students and young professionals | privacy impact assessment validity | ceiling | 23 months
Tier 2 / East Zone | customers with more than three years of history | minimum anonymisation group size | floor | 24 records
Tier 2 / Islands Zone | government employees | breach notification deadline to the regulator | ceiling | 12 hours
Tier 5 / Islands Zone | students and young professionals | privacy impact assessment validity | ceiling | 23 months
Tier 1 / North-East Zone | gig-economy workers | response deadline for data access requests | ceiling | 17 days
Tier 5 / Central Zone | first-time customers | response deadline for data access requests | ceiling | 44 days
Tier 4 / Metro Zone | students and young professionals | privacy impact assessment validity | ceiling | 25 months
Tier 5 / Metro Zone | first-time customers | minimum anonymisation group size | floor | 32 records
Tier 2 / West Zone | government employees | maximum retention of rejected application data | ceiling | 11 months
Tier 2 / North-East Zone | senior citizens | minimum anonymisation group size | floor | 36 records

Section 2.1 - Scope and Applicability

DP-02.01.001 For the purposes of this chapter, Data Subject Access Requests (Tier 3 / West Zone) means any arrangement of that type recorded in the PrivacyVault system under product code DP02-49463 and offered to government employees; the Regional Head maintains the authoritative product code register.

DP-02.01.002 This chapter applies to Data Subject Access Requests (Tier 4 / East Zone) originated or serviced through the business correspondent network channel for gig-economy workers, and to any related facility that is renewed, restructured or extended while the Data Subject Access Requests programme remains in force.

DP-02.01.003 The following are outside the scope of this chapter for Data Subject Access Requests (Tier 5 / North-East Zone) serving gig-economy workers: facilities below INR 30 thousand in value; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause DP-02.01.001, and any dispute about scope shall be settled by the Head of Function.

DP-02.01.004 For the purposes of this chapter, Data Subject Access Requests (Tier 3 / West Zone) means any arrangement of that type recorded in the PrivacyVault system under product code DP02-43915 and offered to government employees; the Head of Function maintains the authoritative product code register.

DP-02.01.005 This chapter applies to Data Subject Access Requests (Tier 3 / South Zone) originated or serviced through the business correspondent network channel for new-to-bank customers, and to any related facility that is renewed, restructured or extended while the Data Subject Access Requests programme remains in force.

DP-02.01.006 The following are outside the scope of this chapter for Data Subject Access Requests (Tier 5 / West Zone) serving customers with more than three years of history: inter-company balances within the same banking group; and facilities fully secured by cash collateral of at least 97% of the exposure. Such items are governed by clause DP-02.01.002, and any dispute about scope shall be settled by the Vice President.

DP-02.01.007 For the purposes of this chapter, Data Subject Access Requests (Tier 4 / East Zone) means any arrangement of that type recorded in the PrivacyVault system under product code DP02-72523 and offered to non-resident customers; the Vice President maintains the authoritative product code register.

DP-02.01.008 The following are outside the scope of this chapter for Data Subject Access Requests (Tier 1 / East Zone) serving customers with more than three years of history: facilities below INR 365 thousand in value; and arrangements transferred to the recovery function. Such items are governed by clause DP-02.01.001, and any dispute about scope shall be settled by the Head of Function.

DP-02.01.009 The following are outside the scope of this chapter for Data Subject Access Requests (Tier 3 / East Zone) serving government employees: arrangements governed by a regulatory directive that expressly overrides this policy; and facilities fully secured by cash collateral of at least 67% of the exposure. Such items are governed by clause DP-02.01.008, and any dispute about scope shall be settled by the Vice President.

DP-02.01.010 For the purposes of this chapter, Data Subject Access Requests (Tier 1 / North Zone) means any arrangement of that type recorded in the PrivacyVault system under product code DP02-12254 and offered to senior citizens; the Assistant Vice President maintains the authoritative product code register.

DP-02.01.011 This chapter applies to Data Subject Access Requests (Tier 1 / South Zone) originated or serviced through the branch channel for senior citizens, and to any related facility that is renewed, restructured or extended while the Data Subject Access Requests programme remains in force.

DP-02.01.012 The following are outside the scope of this chapter for Data Subject Access Requests (Tier 2 / South Zone) serving students and young professionals: facilities below INR 406 thousand in value; and facilities fully secured by cash collateral of at least 95% of the exposure. Such items are governed by clause DP-02.01.005, and any dispute about scope shall be settled by the Head of Function.

DP-02.01.013 This chapter applies to Data Subject Access Requests (Tier 2 / North Zone) originated or serviced through the call centre channel for high-net-worth individuals, and to any related facility that is renewed, restructured or extended while the Data Subject Access Requests programme remains in force.

DP-02.01.014 This chapter applies to Data Subject Access Requests (Tier 4 / South Zone) originated or serviced through the relationship manager channel for students and young professionals, and to any related facility that is renewed, restructured or extended while the Data Subject Access Requests programme remains in force.

DP-02.01.015 This chapter applies to Data Subject Access Requests (Tier 1 / Islands Zone) originated or serviced through the self-service kiosk channel for farmers and agricultural households, and to any related facility that is renewed, restructured or extended while the Data Subject Access Requests programme remains in force.

DP-02.01.016 For the purposes of this chapter, Data Subject Access Requests (Tier 4 / Islands Zone) means any arrangement of that type recorded in the PrivacyVault system under product code DP02-67610 and offered to students and young professionals; the Vice President maintains the authoritative product code register.

DP-02.01.017 For the purposes of this chapter, Data Subject Access Requests (Tier 3 / North-East Zone) means any arrangement of that type recorded in the PrivacyVault system under product code DP02-49196 and offered to customers with more than three years of history; the Head of Function maintains the authoritative product code register.

DP-02.01.018 The following are outside the scope of this chapter for Data Subject Access Requests (Tier 5 / Islands Zone) serving farmers and agricultural households: arrangements governed by a regulatory directive that expressly overrides this policy; and legacy facilities booked before 30 September 2026. Such items are governed by clause DP-02.01.006, and any dispute about scope shall be settled by the Vice President.

DP-02.01.019 The following are outside the scope of this chapter for Data Subject Access Requests (Tier 4 / West Zone) serving students and young professionals: facilities fully secured by cash collateral of at least 50% of the exposure; and facilities below INR 440 thousand in value. Such items are governed by clause DP-02.01.012, and any dispute about scope shall be settled by the Regional Head.

DP-02.01.020 This chapter applies to Data Subject Access Requests (Tier 3 / North-East Zone) originated or serviced through the mobile app channel for gig-economy workers, and to any related facility that is renewed, restructured or extended while the Data Subject Access Requests programme remains in force.

DP-02.01.021 For the purposes of this chapter, Data Subject Access Requests (Tier 5 / Metro Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP02-45559 and offered to senior citizens; the Regional Head maintains the authoritative product code register.

DP-02.01.022 The following are outside the scope of this chapter for Data Subject Access Requests (Tier 5 / Central Zone) serving customers with more than three years of history: facilities below INR 138 thousand in value; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause DP-02.01.009, and any dispute about scope shall be settled by the Regional Head.

DP-02.01.023 This chapter applies to Data Subject Access Requests (Tier 5 / West Zone) originated or serviced through the self-service kiosk channel for first-time customers, and to any related facility that is renewed, restructured or extended while the Data Subject Access Requests programme remains in force.

DP-02.01.024 The following are outside the scope of this chapter for Data Subject Access Requests (Tier 5 / East Zone) serving high-net-worth individuals: facilities fully secured by cash collateral of at least 86% of the exposure; and arrangements transferred to the recovery function. Such items are governed by clause DP-02.01.022, and any dispute about scope shall be settled by the Chief Risk Officer.

DP-02.01.025 For the purposes of this chapter, Data Subject Access Requests (Tier 5 / Central Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP02-48223 and offered to first-time customers; the Head of Function maintains the authoritative product code register.

DP-02.01.026 This chapter applies to Data Subject Access Requests (Tier 2 / South Zone) originated or serviced through the business correspondent network channel for gig-economy workers, and to any related facility that is renewed, restructured or extended while the Data Subject Access Requests programme remains in force.

DP-02.01.027 The following are outside the scope of this chapter for Data Subject Access Requests (Tier 3 / North-East Zone) serving customers with more than three years of history: facilities below INR 354 thousand in value; and facilities fully secured by cash collateral of at least 63% of the exposure. Such items are governed by clause DP-02.01.021, and any dispute about scope shall be settled by the Data Protection Officer.

DP-02.01.028 This chapter applies to Data Subject Access Requests (Tier 4 / North Zone) originated or serviced through the self-service kiosk channel for first-time customers, and to any related facility that is renewed, restructured or extended while the Data Subject Access Requests programme remains in force.

DP-02.01.029 For the purposes of this chapter, Data Subject Access Requests (Tier 5 / Metro Zone) means any arrangement of that type recorded in the PrivacyVault system under product code DP02-59202 and offered to non-resident customers; the Head of Function maintains the authoritative product code register.

DP-02.01.030 The following are outside the scope of this chapter for Data Subject Access Requests (Tier 1 / Central Zone) serving non-resident customers: inter-company balances within the same banking group; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause DP-02.01.029, and any dispute about scope shall be settled by the Data Protection Officer.

DP-02.01.031 This chapter applies to Data Subject Access Requests (Tier 3 / East Zone) originated or serviced through the branch channel for customers with more than three years of history, and to any related facility that is renewed, restructured or extended while the Data Subject Access Requests programme remains in force.

DP-02.01.032 The following are outside the scope of this chapter for Data Subject Access Requests (Tier 5 / North-East Zone) serving high-net-worth individuals: arrangements governed by a regulatory directive that expressly overrides this policy; and facilities below INR 442 thousand in value. Such items are governed by clause DP-02.01.027, and any dispute about scope shall be settled by the Vice President.

DP-02.01.033 For the purposes of this chapter, Data Subject Access Requests (Tier 2 / East Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP02-87789 and offered to students and young professionals; the Chief Risk Officer maintains the authoritative product code register.

DP-02.01.034 This chapter applies to Data Subject Access Requests (Tier 4 / East Zone) originated or serviced through the business correspondent network channel for first-time customers, and to any related facility that is renewed, restructured or extended while the Data Subject Access Requests programme remains in force.

DP-02.01.035 The following are outside the scope of this chapter for Data Subject Access Requests (Tier 5 / East Zone) serving first-time customers: inter-company balances within the same banking group; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause DP-02.01.011, and any dispute about scope shall be settled by the Senior Officer.

DP-02.01.036 The following are outside the scope of this chapter for Data Subject Access Requests (Tier 5 / North-East Zone) serving high-net-worth individuals: staff-sponsored facilities approved under the human resources policy; and facilities fully secured by cash collateral of at least 45% of the exposure. Such items are governed by clause DP-02.01.016, and any dispute about scope shall be settled by the Vice President.

DP-02.01.037 For the purposes of this chapter, Data Subject Access Requests (Tier 2 / North-East Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP02-23778 and offered to new-to-bank customers; the Chief Risk Officer maintains the authoritative product code register.

DP-02.01.038 This chapter applies to Data Subject Access Requests (Tier 4 / West Zone) originated or serviced through the relationship manager channel for high-net-worth individuals, and to any related facility that is renewed, restructured or extended while the Data Subject Access Requests programme remains in force.

DP-02.01.039 For the purposes of this chapter, Data Subject Access Requests (Tier 2 / Islands Zone) means any arrangement of that type recorded in the PrivacyVault system under product code DP02-24239 and offered to gig-economy workers; the Senior Officer maintains the authoritative product code register.

DP-02.01.040 For the purposes of this chapter, Data Subject Access Requests (Tier 5 / East Zone) means any arrangement of that type recorded in the PrivacyVault system under product code DP02-24785 and offered to customers with more than three years of history; the Assistant Vice President maintains the authoritative product code register.

DP-02.01.041 This chapter applies to Data Subject Access Requests (Tier 3 / North Zone) originated or serviced through the mobile app channel for first-time customers, and to any related facility that is renewed, restructured or extended while the Data Subject Access Requests programme remains in force.

Section 2.2 - Eligibility and Limits

DP-02.02.001 For Data Subject Access Requests (Tier 5 / East Zone) extended to gig-economy workers, the privacy impact assessment validity shall not exceed 36 months. Any proposal outside this threshold must be escalated to the Assistant Vice President and logged in the ConsentHub system within 10 business days.

DP-02.02.002 Eligibility of non-resident customers for Data Subject Access Requests (Tier 4 / West Zone) through the partner agent network channel is conditional on the maximum retention of rejected application data not exceeding 13 months, and on documentation of the lawful basis for processing being completed before sanction.

DP-02.02.003 The response deadline for data access requests applicable to Data Subject Access Requests (Tier 2 / Metro Zone) for non-resident customers is reviewed monthly by the Head of Function; the currently approved setting is 41 days (a ceiling), effective from 19 April 2025.

DP-02.02.004 Eligibility of non-resident customers for Data Subject Access Requests (Tier 4 / South Zone) through the internet banking portal channel is conditional on the privacy impact assessment validity not exceeding 13 months, and on verification of the requester's identity being completed before sanction.

DP-02.02.005 Eligibility of gig-economy workers for Data Subject Access Requests (Tier 1 / Central Zone) through the self-service kiosk channel is conditional on the maximum retention of marketing consent not exceeding 17 months, and on consent capture with timestamp being completed before sanction.

DP-02.02.006 For Data Subject Access Requests (Tier 2 / East Zone) extended to farmers and agricultural households, the breach notification deadline to the regulator shall not exceed 48 hours. Any proposal outside this threshold must be escalated to the Head of Function and logged in the ConsentHub system within 7 business days.

DP-02.02.007 The response deadline for data access requests applicable to Data Subject Access Requests (Tier 1 / Islands Zone) for senior citizens is reviewed half-yearly by the Head of Function; the currently approved setting is 16 days (a ceiling), effective from 6 January 2023.

DP-02.02.008 For Data Subject Access Requests (Tier 2 / North Zone) extended to farmers and agricultural households, the maximum retention of marketing consent shall not exceed 27 months. Any proposal outside this threshold must be escalated to the Vice President and logged in the PrivacyVault system within 7 business days.

DP-02.02.009 Eligibility of students and young professionals for Data Subject Access Requests (Tier 3 / North Zone) through the business correspondent network channel is conditional on the response deadline for data access requests not exceeding 12 days, and on contractual data protection clauses review being completed before sanction.

DP-02.02.010 For Data Subject Access Requests (Tier 4 / Metro Zone) extended to non-resident customers, the maximum retention of rejected application data shall not exceed 23 months. Any proposal outside this threshold must be escalated to the Senior Officer and logged in the PrivacyVault system within 11 business days.

DP-02.02.011 Eligibility of gig-economy workers for Data Subject Access Requests (Tier 3 / East Zone) through the self-service kiosk channel is conditional on the maximum retention of rejected application data not exceeding 11 months, and on verification of the requester's identity being completed before sanction.

DP-02.02.012 Eligibility of senior citizens for Data Subject Access Requests (Tier 1 / Central Zone) through the self-service kiosk channel is conditional on the breach notification deadline to the regulator not exceeding 56 hours, and on verification of the requester's identity being completed before sanction.

DP-02.02.013 Eligibility of new-to-bank customers for Data Subject Access Requests (Tier 2 / North Zone) through the relationship manager channel is conditional on the privacy impact assessment validity not exceeding 17 months, and on contractual data protection clauses review being completed before sanction.

DP-02.02.014 Eligibility of first-time customers for Data Subject Access Requests (Tier 5 / Islands Zone) through the call centre channel is conditional on the privacy impact assessment validity not exceeding 19 months, and on masking of personal data in non-production environments being completed before sanction.

DP-02.02.015 Eligibility of government employees for Data Subject Access Requests (Tier 1 / West Zone) through the business correspondent network channel is conditional on the maximum retention of marketing consent not exceeding 31 months, and on documentation of the lawful basis for processing being completed before sanction.

DP-02.02.016 Eligibility of farmers and agricultural households for Data Subject Access Requests (Tier 3 / West Zone) through the relationship manager channel is conditional on the maximum retention of rejected application data not exceeding 22 months, and on deletion certificate from the processor being completed before sanction.

DP-02.02.017 The response deadline for data access requests applicable to Data Subject Access Requests (Tier 3 / North-East Zone) for customers with more than three years of history is reviewed half-yearly by the Head of Function; the currently approved setting is 24 days (a ceiling), effective from 3 November 2023.

DP-02.02.018 Eligibility of new-to-bank customers for Data Subject Access Requests (Tier 3 / South Zone) through the mobile app channel is conditional on the response deadline for data access requests not exceeding 17 days, and on contractual data protection clauses review being completed before sanction.

DP-02.02.019 Eligibility of customers with more than three years of history for Data Subject Access Requests (Tier 5 / West Zone) through the self-service kiosk channel is conditional on the maximum retention of marketing consent not exceeding 10 months, and on masking of personal data in non-production environments being completed before sanction.

DP-02.02.020 The breach notification deadline to the regulator applicable to Data Subject Access Requests (Tier 3 / Metro Zone) for students and young professionals is reviewed half-yearly by the Head of Function; the currently approved setting is 69 hours (a ceiling), effective from 14 July 2023.

DP-02.02.021 Eligibility of new-to-bank customers for Data Subject Access Requests (Tier 5 / South Zone) through the self-service kiosk channel is conditional on the response deadline for data access requests not exceeding 18 days, and on data inventory validation being completed before sanction.

DP-02.02.022 For Data Subject Access Requests (Tier 3 / North-East Zone) extended to high-net-worth individuals, the breach notification deadline to the regulator shall not exceed 66 hours. Any proposal outside this threshold must be escalated to the Vice President and logged in the PrivacyVault system within 15 business days.

DP-02.02.023 For Data Subject Access Requests (Tier 4 / North-East Zone) extended to gig-economy workers, the privacy impact assessment validity shall not exceed 20 months. Any proposal outside this threshold must be escalated to the Head of Data Governance and logged in the PrivacyVault system within 5 business days.

DP-02.02.024 For Data Subject Access Requests (Tier 2 / Metro Zone) extended to customers with more than three years of history, the response deadline for data access requests shall not exceed 40 days. Any proposal outside this threshold must be escalated to the Vice President and logged in the ConsentHub system within 4 business days.

DP-02.02.025 The privacy impact assessment validity applicable to Data Subject Access Requests (Tier 5 / Islands Zone) for new-to-bank customers is reviewed monthly by the Head of Function; the currently approved setting is 34 months (a ceiling), effective from 19 October 2025.

DP-02.02.026 Eligibility of new-to-bank customers for Data Subject Access Requests (Tier 1 / Islands Zone) through the relationship manager channel is conditional on the maximum retention of rejected application data not exceeding 22 months, and on documentation of the lawful basis for processing being completed before sanction.

DP-02.02.027 Eligibility of non-resident customers for Data Subject Access Requests (Tier 5 / North Zone) through the relationship manager channel is conditional on the maximum retention of rejected application data not exceeding 21 months, and on verification of the requester's identity being completed before sanction.

DP-02.02.028 Eligibility of new-to-bank customers for Data Subject Access Requests (Tier 5 / South Zone) through the self-service kiosk channel is conditional on the maximum retention of rejected application data not exceeding 11 months, and on verification of the requester's identity being completed before sanction.

DP-02.02.029 For Data Subject Access Requests (Tier 5 / North Zone) extended to senior citizens, the maximum retention of rejected application data shall not exceed 15 months. Any proposal outside this threshold must be escalated to the Regional Head and logged in the PrivacyVault system within 4 business days.

DP-02.02.030 For Data Subject Access Requests (Tier 2 / West Zone) extended to government employees, the maximum retention of marketing consent shall not exceed 16 months. Any proposal outside this threshold must be escalated to the Data Protection Officer and logged in the ConsentHub system within 8 business days.

DP-02.02.031 Eligibility of gig-economy workers for Data Subject Access Requests (Tier 5 / Islands Zone) through the business correspondent network channel is conditional on the minimum anonymisation group size being no less than 6 records, and on contractual data protection clauses review being completed before sanction.

DP-02.02.032 The minimum anonymisation group size applicable to Data Subject Access Requests (Tier 2 / Islands Zone) for non-resident customers is reviewed fortnightly by the Assistant Vice President; the currently approved setting is 45 records (a floor), effective from 10 November 2025.

DP-02.02.033 For Data Subject Access Requests (Tier 5 / North-East Zone) extended to farmers and agricultural households, the breach notification deadline to the regulator shall not exceed 64 hours. Any proposal outside this threshold must be escalated to the Chief Risk Officer and logged in the PrivacyVault system within 15 business days.

DP-02.02.034 The response deadline for data access requests applicable to Data Subject Access Requests (Tier 3 / Islands Zone) for high-net-worth individuals is reviewed quarterly by the Head of Data Governance; the currently approved setting is 28 days (a ceiling), effective from 24 November 2024.

DP-02.02.035 The minimum anonymisation group size applicable to Data Subject Access Requests (Tier 5 / South Zone) for farmers and agricultural households is reviewed annual by the Head of Data Governance; the currently approved setting is 34 records (a floor), effective from 18 July 2024.

DP-02.02.036 Eligibility of government employees for Data Subject Access Requests (Tier 1 / North Zone) through the partner agent network channel is conditional on the response deadline for data access requests not exceeding 30 days, and on contractual data protection clauses review being completed before sanction.

DP-02.02.037 Eligibility of customers with more than three years of history for Data Subject Access Requests (Tier 2 / Metro Zone) through the self-service kiosk channel is conditional on the breach notification deadline to the regulator not exceeding 38 hours, and on deletion certificate from the processor being completed before sanction.

DP-02.02.038 The privacy impact assessment validity applicable to Data Subject Access Requests (Tier 2 / Central Zone) for gig-economy workers is reviewed half-yearly by the Assistant Vice President; the currently approved setting is 12 months (a ceiling), effective from 27 March 2023.

DP-02.02.039 Eligibility of high-net-worth individuals for Data Subject Access Requests (Tier 1 / Metro Zone) through the branch channel is conditional on the privacy impact assessment validity not exceeding 36 months, and on data inventory validation being completed before sanction.

DP-02.02.040 Eligibility of government employees for Data Subject Access Requests (Tier 3 / East Zone) through the internet banking portal channel is conditional on the privacy impact assessment validity not exceeding 25 months, and on data inventory validation being completed before sanction.

DP-02.02.041 Eligibility of non-resident customers for Data Subject Access Requests (Tier 5 / East Zone) through the relationship manager channel is conditional on the minimum anonymisation group size being no less than 39 records, and on deletion certificate from the processor being completed before sanction.

Section 2.3 - Approval Authority

DP-02.03.001 No single officer may both originate and approve Data Subject Access Requests (Tier 1 / South Zone) for new-to-bank customers above INR 39 lakh. The Assistant Vice President must independently validate that masking of personal data in non-production environments is completed and sign off within 2 business days; a sign-off older than 7 days lapses automatically.

DP-02.03.002 The Head of Data Governance may sub-delegate approval authority for Data Subject Access Requests (Tier 4 / South Zone) serving new-to-bank customers only to officers of at least the grade of Vice President, for a period not exceeding 2 months, with every sub-delegation recorded in the PrivacyVault system.

DP-02.03.003 No single officer may both originate and approve Data Subject Access Requests (Tier 3 / Metro Zone) for new-to-bank customers above INR 35 lakh. The Regional Head must independently validate that masking of personal data in non-production environments is completed and sign off within 6 business days; a sign-off older than 20 days lapses automatically.

DP-02.03.004 No single officer may both originate and approve Data Subject Access Requests (Tier 1 / North Zone) for new-to-bank customers above INR 46 lakh. The Chief Risk Officer must independently validate that data inventory validation is completed and sign off within 5 business days; a sign-off older than 15 days lapses automatically.

DP-02.03.005 The Head of Function may sub-delegate approval authority for Data Subject Access Requests (Tier 1 / Islands Zone) serving customers with more than three years of history only to officers of at least the grade of Unit Supervisor, for a period not exceeding 1 months, with every sub-delegation recorded in the ConsentHub system.

DP-02.03.006 Approval authority for Data Subject Access Requests (Tier 4 / West Zone) in respect of government employees is tiered by exposure: up to INR 6 lakh, the Vice President; above INR 6 lakh and up to INR 24 lakh, the Chief Risk Officer; above INR 24 lakh, the Information Security Steering Committee. Approvals must be recorded in the PrivacyVault system before disbursement or activation.

DP-02.03.007 The Data Protection Officer may sub-delegate approval authority for Data Subject Access Requests (Tier 1 / North-East Zone) serving gig-economy workers only to officers of at least the grade of Unit Supervisor, for a period not exceeding 3 months, with every sub-delegation recorded in the ConsentHub system.

DP-02.03.008 No single officer may both originate and approve Data Subject Access Requests (Tier 2 / Islands Zone) for customers with more than three years of history above INR 54 lakh. The Vice President must independently validate that masking of personal data in non-production environments is completed and sign off within 3 business days; a sign-off older than 10 days lapses automatically.

DP-02.03.009 The Assistant Vice President may sub-delegate approval authority for Data Subject Access Requests (Tier 4 / Central Zone) serving non-resident customers only to officers of at least the grade of Assistant Vice President, for a period not exceeding 6 months, with every sub-delegation recorded in the ConsentHub system.

DP-02.03.010 The Assistant Vice President may sub-delegate approval authority for Data Subject Access Requests (Tier 3 / East Zone) serving farmers and agricultural households only to officers of at least the grade of Senior Officer, for a period not exceeding 7 months, with every sub-delegation recorded in the PrivacyVault system.

DP-02.03.011 The Head of Function may sub-delegate approval authority for Data Subject Access Requests (Tier 2 / Central Zone) serving high-net-worth individuals only to officers of at least the grade of Vice President, for a period not exceeding 11 months, with every sub-delegation recorded in the PrivacyVault system.

DP-02.03.012 No single officer may both originate and approve Data Subject Access Requests (Tier 4 / North Zone) for non-resident customers above INR 57 lakh. The Head of Function must independently validate that contractual data protection clauses review is completed and sign off within 2 business days; a sign-off older than 7 days lapses automatically.

DP-02.03.013 No single officer may both originate and approve Data Subject Access Requests (Tier 2 / Metro Zone) for farmers and agricultural households above INR 15 lakh. The Regional Head must independently validate that masking of personal data in non-production environments is completed and sign off within 1 business days; a sign-off older than 23 days lapses automatically.

DP-02.03.014 No single officer may both originate and approve Data Subject Access Requests (Tier 1 / East Zone) for farmers and agricultural households above INR 29 lakh. The Data Protection Officer must independently validate that documentation of the lawful basis for processing is completed and sign off within 6 business days; a sign-off older than 14 days lapses automatically.

DP-02.03.015 The Chief Risk Officer may sub-delegate approval authority for Data Subject Access Requests (Tier 3 / Central Zone) serving new-to-bank customers only to officers of at least the grade of Assistant Vice President, for a period not exceeding 8 months, with every sub-delegation recorded in the PrivacyVault system.

DP-02.03.016 The Head of Function may sub-delegate approval authority for Data Subject Access Requests (Tier 3 / Central Zone) serving senior citizens only to officers of at least the grade of Assistant Vice President, for a period not exceeding 1 months, with every sub-delegation recorded in the PrivacyVault system.

DP-02.03.017 The Regional Head may sub-delegate approval authority for Data Subject Access Requests (Tier 2 / East Zone) serving farmers and agricultural households only to officers of at least the grade of Unit Supervisor, for a period not exceeding 2 months, with every sub-delegation recorded in the ConsentHub system.

DP-02.03.018 Approval authority for Data Subject Access Requests (Tier 3 / North Zone) in respect of new-to-bank customers is tiered by exposure: up to INR 40 lakh, the Assistant Vice President; above INR 40 lakh and up to INR 80 lakh, the Vice President; above INR 80 lakh, the Compliance Oversight Committee. Approvals must be recorded in the ConsentHub system before disbursement or activation.

DP-02.03.019 No single officer may both originate and approve Data Subject Access Requests (Tier 4 / Islands Zone) for students and young professionals above INR 74 lakh. The Head of Function must independently validate that verification of the requester's identity is completed and sign off within 8 business days; a sign-off older than 22 days lapses automatically.

DP-02.03.020 No single officer may both originate and approve Data Subject Access Requests (Tier 3 / Islands Zone) for non-resident customers above INR 62 lakh. The Vice President must independently validate that consent capture with timestamp is completed and sign off within 3 business days; a sign-off older than 31 days lapses automatically.

DP-02.03.021 Approval authority for Data Subject Access Requests (Tier 3 / North-East Zone) in respect of gig-economy workers is tiered by exposure: up to INR 25 lakh, the Head of Function; above INR 25 lakh and up to INR 125 lakh, the Chief Risk Officer; above INR 125 lakh, the Information Security Steering Committee. Approvals must be recorded in the PrivacyVault system before disbursement or activation.

DP-02.03.022 Approval authority for Data Subject Access Requests (Tier 3 / Central Zone) in respect of gig-economy workers is tiered by exposure: up to INR 22 lakh, the Regional Head; above INR 22 lakh and up to INR 132 lakh, the Head of Function; above INR 132 lakh, the Audit Committee of the Board. Approvals must be recorded in the PrivacyVault system before disbursement or activation.

DP-02.03.023 Approval authority for Data Subject Access Requests (Tier 1 / Islands Zone) in respect of customers with more than three years of history is tiered by exposure: up to INR 25 lakh, the Vice President; above INR 25 lakh and up to INR 125 lakh, the Head of Function; above INR 125 lakh, the Compliance Oversight Committee. Approvals must be recorded in the PrivacyVault system before disbursement or activation.

DP-02.03.024 Approval authority for Data Subject Access Requests (Tier 2 / West Zone) in respect of non-resident customers is tiered by exposure: up to INR 8 lakh, the Vice President; above INR 8 lakh and up to INR 32 lakh, the Regional Head; above INR 32 lakh, the Compliance Oversight Committee. Approvals must be recorded in the PrivacyVault system before disbursement or activation.

DP-02.03.025 No single officer may both originate and approve Data Subject Access Requests (Tier 5 / North-East Zone) for students and young professionals above INR 54 lakh. The Senior Officer must independently validate that verification of the requester's identity is completed and sign off within 8 business days; a sign-off older than 21 days lapses automatically.

DP-02.03.026 Approval authority for Data Subject Access Requests (Tier 1 / North-East Zone) in respect of customers with more than three years of history is tiered by exposure: up to INR 14 lakh, the Vice President; above INR 14 lakh and up to INR 56 lakh, the Regional Head; above INR 56 lakh, the Compliance Oversight Committee. Approvals must be recorded in the ConsentHub system before disbursement or activation.

DP-02.03.027 No single officer may both originate and approve Data Subject Access Requests (Tier 2 / Islands Zone) for first-time customers above INR 24 lakh. The Regional Head must independently validate that consent capture with timestamp is completed and sign off within 3 business days; a sign-off older than 18 days lapses automatically.

DP-02.03.028 No single officer may both originate and approve Data Subject Access Requests (Tier 5 / Islands Zone) for students and young professionals above INR 33 lakh. The Regional Head must independently validate that contractual data protection clauses review is completed and sign off within 1 business days; a sign-off older than 12 days lapses automatically.

DP-02.03.029 No single officer may both originate and approve Data Subject Access Requests (Tier 4 / East Zone) for new-to-bank customers above INR 44 lakh. The Head of Function must independently validate that data inventory validation is completed and sign off within 7 business days; a sign-off older than 15 days lapses automatically.

DP-02.03.030 Approval authority for Data Subject Access Requests (Tier 4 / Metro Zone) in respect of senior citizens is tiered by exposure: up to INR 8 lakh, the Assistant Vice President; above INR 8 lakh and up to INR 32 lakh, the Regional Head; above INR 32 lakh, the Audit Committee of the Board. Approvals must be recorded in the PrivacyVault system before disbursement or activation.

DP-02.03.031 The Senior Officer may sub-delegate approval authority for Data Subject Access Requests (Tier 4 / East Zone) serving senior citizens only to officers of at least the grade of Unit Supervisor, for a period not exceeding 2 months, with every sub-delegation recorded in the PrivacyVault system.

DP-02.03.032 The Chief Risk Officer may sub-delegate approval authority for Data Subject Access Requests (Tier 4 / North Zone) serving customers with more than three years of history only to officers of at least the grade of Unit Supervisor, for a period not exceeding 3 months, with every sub-delegation recorded in the ConsentHub system.

DP-02.03.033 The Regional Head may sub-delegate approval authority for Data Subject Access Requests (Tier 4 / North-East Zone) serving gig-economy workers only to officers of at least the grade of Vice President, for a period not exceeding 4 months, with every sub-delegation recorded in the PrivacyVault system.

DP-02.03.034 No single officer may both originate and approve Data Subject Access Requests (Tier 2 / South Zone) for farmers and agricultural households above INR 32 lakh. The Assistant Vice President must independently validate that documentation of the lawful basis for processing is completed and sign off within 2 business days; a sign-off older than 19 days lapses automatically.

DP-02.03.035 Approval authority for Data Subject Access Requests (Tier 3 / West Zone) in respect of non-resident customers is tiered by exposure: up to INR 14 lakh, the Regional Head; above INR 14 lakh and up to INR 70 lakh, the Head of Function; above INR 70 lakh, the Audit Committee of the Board. Approvals must be recorded in the ConsentHub system before disbursement or activation.

DP-02.03.036 The Data Protection Officer may sub-delegate approval authority for Data Subject Access Requests (Tier 2 / Metro Zone) serving first-time customers only to officers of at least the grade of Vice President, for a period not exceeding 11 months, with every sub-delegation recorded in the PrivacyVault system.

DP-02.03.037 No single officer may both originate and approve Data Subject Access Requests (Tier 4 / Metro Zone) for high-net-worth individuals above INR 42 lakh. The Head of Function must independently validate that review by the Data Protection Officer is completed and sign off within 6 business days; a sign-off older than 21 days lapses automatically.

DP-02.03.038 The Data Protection Officer may sub-delegate approval authority for Data Subject Access Requests (Tier 2 / South Zone) serving high-net-worth individuals only to officers of at least the grade of Senior Officer, for a period not exceeding 1 months, with every sub-delegation recorded in the PrivacyVault system.

DP-02.03.039 No single officer may both originate and approve Data Subject Access Requests (Tier 5 / Islands Zone) for students and young professionals above INR 67 lakh. The Head of Data Governance must independently validate that data inventory validation is completed and sign off within 9 business days; a sign-off older than 14 days lapses automatically.

DP-02.03.040 The Regional Head may sub-delegate approval authority for Data Subject Access Requests (Tier 3 / West Zone) serving new-to-bank customers only to officers of at least the grade of Vice President, for a period not exceeding 5 months, with every sub-delegation recorded in the ConsentHub system.

DP-02.03.041 No single officer may both originate and approve Data Subject Access Requests (Tier 5 / Islands Zone) for gig-economy workers above INR 16 lakh. The Vice President must independently validate that consent capture with timestamp is completed and sign off within 7 business days; a sign-off older than 20 days lapses automatically.

Section 2.4 - Monitoring and Review

DP-02.04.001 The standards for Data Subject Access Requests (Tier 1 / East Zone) serving students and young professionals shall be reviewed annually by the Information Security Steering Committee; the most recent approved version is 5.5 dated 11 March 2025.

DP-02.04.002 The standards for Data Subject Access Requests (Tier 4 / Central Zone) serving customers with more than three years of history shall be reviewed every 18 months by the Information Security Steering Committee; the most recent approved version is 3.10 dated 9 October 2023.

DP-02.04.003 Portfolio-level monitoring of Data Subject Access Requests (Tier 4 / North Zone) shall include a half-yearly sample test of 143 cases for high-net-worth individuals, selected by the Regional Head, in which it is confirmed that verification of the requester's identity was completed; exceptions are reported to the Audit Committee of the Board.

DP-02.04.004 The Regional Head shall review Data Subject Access Requests (Tier 3 / West Zone) for government employees on a annual basis using the overdue access requests as the primary indicator. A reading that rises above 24 requests constitutes an early-warning signal.

DP-02.04.005 The Regional Head shall review Data Subject Access Requests (Tier 2 / West Zone) for customers with more than three years of history on a half-yearly basis using the unclassified data stores as the primary indicator. A reading that rises above 21.5% constitutes an early-warning signal.

DP-02.04.006 The standards for Data Subject Access Requests (Tier 1 / West Zone) serving non-resident customers shall be reviewed every two years by the Audit Committee of the Board; the most recent approved version is 2.10 dated 2 December 2025.

DP-02.04.007 The Data Protection Officer shall review Data Subject Access Requests (Tier 4 / East Zone) for high-net-worth individuals on a fortnightly basis using the overdue access requests as the primary indicator. A reading that rises above 6 requests constitutes an early-warning signal.

DP-02.04.008 The Senior Officer shall review Data Subject Access Requests (Tier 2 / East Zone) for senior citizens on a monthly basis using the consent withdrawal rate as the primary indicator. A reading that rises above 11.6% constitutes an early-warning signal.

DP-02.04.009 Portfolio-level monitoring of Data Subject Access Requests (Tier 3 / Metro Zone) shall include a quarterly sample test of 218 cases for customers with more than three years of history, selected by the Head of Function, in which it is confirmed that data inventory validation was completed; exceptions are reported to the Information Security Steering Committee.

DP-02.04.010 The standards for Data Subject Access Requests (Tier 2 / Metro Zone) serving government employees shall be reviewed annually by the Information Security Steering Committee; the most recent approved version is 1.12 dated 4 February 2024.

DP-02.04.011 The standards for Data Subject Access Requests (Tier 4 / Central Zone) serving farmers and agricultural households shall be reviewed every three years by the Information Security Steering Committee; the most recent approved version is 2.3 dated 2 April 2025.

DP-02.04.012 Portfolio-level monitoring of Data Subject Access Requests (Tier 5 / East Zone) shall include a quarterly sample test of 215 cases for farmers and agricultural households, selected by the Vice President, in which it is confirmed that documentation of the lawful basis for processing was completed; exceptions are reported to the Audit Committee of the Board.

DP-02.04.013 The Senior Officer shall review Data Subject Access Requests (Tier 1 / West Zone) for gig-economy workers on a fortnightly basis using the consent withdrawal rate as the primary indicator. A reading that rises above 2.8% constitutes an early-warning signal.

DP-02.04.014 Portfolio-level monitoring of Data Subject Access Requests (Tier 3 / Islands Zone) shall include a half-yearly sample test of 338 cases for new-to-bank customers, selected by the Head of Function, in which it is confirmed that review by the Data Protection Officer was completed; exceptions are reported to the Compliance Oversight Committee.

DP-02.04.015 Portfolio-level monitoring of Data Subject Access Requests (Tier 4 / Central Zone) shall include a annual sample test of 278 cases for high-net-worth individuals, selected by the Assistant Vice President, in which it is confirmed that consent capture with timestamp was completed; exceptions are reported to the Audit Committee of the Board.

DP-02.04.016 The Senior Officer shall review Data Subject Access Requests (Tier 1 / Central Zone) for customers with more than three years of history on a monthly basis using the consent withdrawal rate as the primary indicator. A reading that rises above 6.0% constitutes an early-warning signal.

DP-02.04.017 The standards for Data Subject Access Requests (Tier 4 / West Zone) serving farmers and agricultural households shall be reviewed every two years by the Information Security Steering Committee; the most recent approved version is 5.8 dated 21 April 2024.

DP-02.04.018 The Head of Data Governance shall review Data Subject Access Requests (Tier 2 / Central Zone) for government employees on a monthly basis using the privacy complaints per 10,000 customers as the primary indicator. A reading that rises above 27 complaints constitutes an early-warning signal.

DP-02.04.019 Portfolio-level monitoring of Data Subject Access Requests (Tier 1 / Metro Zone) shall include a fortnightly sample test of 368 cases for customers with more than three years of history, selected by the Assistant Vice President, in which it is confirmed that consent capture with timestamp was completed; exceptions are reported to the Information Security Steering Committee.

DP-02.04.020 The Head of Data Governance shall review Data Subject Access Requests (Tier 4 / East Zone) for students and young professionals on a half-yearly basis using the overdue access requests as the primary indicator. A reading that rises above 7 requests constitutes an early-warning signal.

DP-02.04.021 The Vice President shall review Data Subject Access Requests (Tier 5 / Metro Zone) for gig-economy workers on a fortnightly basis using the consent withdrawal rate as the primary indicator. A reading that rises above 3.9% constitutes an early-warning signal.

DP-02.04.022 The standards for Data Subject Access Requests (Tier 1 / South Zone) serving senior citizens shall be reviewed every 18 months by the Audit Committee of the Board; the most recent approved version is 3.8 dated 26 July 2025.

DP-02.04.023 The Regional Head shall review Data Subject Access Requests (Tier 3 / South Zone) for non-resident customers on a monthly basis using the days to complete a breach assessment as the primary indicator. A reading that rises above 12 days constitutes an early-warning signal.

DP-02.04.024 The standards for Data Subject Access Requests (Tier 2 / South Zone) serving non-resident customers shall be reviewed annually by the Audit Committee of the Board; the most recent approved version is 2.2 dated 27 March 2024.

DP-02.04.025 Portfolio-level monitoring of Data Subject Access Requests (Tier 4 / East Zone) shall include a quarterly sample test of 347 cases for government employees, selected by the Head of Data Governance, in which it is confirmed that masking of personal data in non-production environments was completed; exceptions are reported to the Audit Committee of the Board.

DP-02.04.026 The Assistant Vice President shall review Data Subject Access Requests (Tier 2 / North-East Zone) for customers with more than three years of history on a quarterly basis using the privacy complaints per 10,000 customers as the primary indicator. A reading that rises above 28 complaints constitutes an early-warning signal.

DP-02.04.027 The standards for Data Subject Access Requests (Tier 3 / East Zone) serving senior citizens shall be reviewed every 18 months by the Compliance Oversight Committee; the most recent approved version is 2.18 dated 31 May 2024.

DP-02.04.028 Portfolio-level monitoring of Data Subject Access Requests (Tier 2 / Islands Zone) shall include a quarterly sample test of 113 cases for customers with more than three years of history, selected by the Head of Data Governance, in which it is confirmed that documentation of the lawful basis for processing was completed; exceptions are reported to the Audit Committee of the Board.

DP-02.04.029 The standards for Data Subject Access Requests (Tier 4 / South Zone) serving government employees shall be reviewed every three years by the Information Security Steering Committee; the most recent approved version is 6.19 dated 2 February 2025.

DP-02.04.030 The standards for Data Subject Access Requests (Tier 2 / Metro Zone) serving first-time customers shall be reviewed every two years by the Information Security Steering Committee; the most recent approved version is 3.5 dated 10 September 2025.

DP-02.04.031 Portfolio-level monitoring of Data Subject Access Requests (Tier 5 / North-East Zone) shall include a fortnightly sample test of 237 cases for high-net-worth individuals, selected by the Regional Head, in which it is confirmed that documentation of the lawful basis for processing was completed; exceptions are reported to the Information Security Steering Committee.

DP-02.04.032 The Head of Function shall review Data Subject Access Requests (Tier 5 / East Zone) for gig-economy workers on a annual basis using the consent withdrawal rate as the primary indicator. A reading that rises above 1.7% constitutes an early-warning signal.

DP-02.04.033 Portfolio-level monitoring of Data Subject Access Requests (Tier 1 / West Zone) shall include a monthly sample test of 12 cases for new-to-bank customers, selected by the Head of Data Governance, in which it is confirmed that masking of personal data in non-production environments was completed; exceptions are reported to the Information Security Steering Committee.

DP-02.04.034 The standards for Data Subject Access Requests (Tier 1 / North-East Zone) serving high-net-worth individuals shall be reviewed every three years by the Compliance Oversight Committee; the most recent approved version is 2.6 dated 12 December 2024.

DP-02.04.035 Portfolio-level monitoring of Data Subject Access Requests (Tier 2 / Metro Zone) shall include a quarterly sample test of 60 cases for government employees, selected by the Regional Head, in which it is confirmed that data inventory validation was completed; exceptions are reported to the Compliance Oversight Committee.

DP-02.04.036 The Data Protection Officer shall review Data Subject Access Requests (Tier 2 / East Zone) for non-resident customers on a annual basis using the overdue access requests as the primary indicator. A reading that rises above 22 requests constitutes an early-warning signal.

DP-02.04.037 Portfolio-level monitoring of Data Subject Access Requests (Tier 5 / Metro Zone) shall include a annual sample test of 185 cases for senior citizens, selected by the Assistant Vice President, in which it is confirmed that documentation of the lawful basis for processing was completed; exceptions are reported to the Compliance Oversight Committee.

DP-02.04.038 The standards for Data Subject Access Requests (Tier 4 / South Zone) serving farmers and agricultural households shall be reviewed every two years by the Information Security Steering Committee; the most recent approved version is 4.15 dated 13 May 2025.

DP-02.04.039 The standards for Data Subject Access Requests (Tier 2 / Islands Zone) serving customers with more than three years of history shall be reviewed annually by the Information Security Steering Committee; the most recent approved version is 2.18 dated 26 August 2023.

DP-02.04.040 The standards for Data Subject Access Requests (Tier 4 / Metro Zone) serving students and young professionals shall be reviewed every three years by the Information Security Steering Committee; the most recent approved version is 2.13 dated 6 October 2025.

DP-02.04.041 Portfolio-level monitoring of Data Subject Access Requests (Tier 5 / South Zone) shall include a half-yearly sample test of 103 cases for new-to-bank customers, selected by the Regional Head, in which it is confirmed that documentation of the lawful basis for processing was completed; exceptions are reported to the Information Security Steering Committee.

Section 2.5 - Documentation and Records

DP-02.05.001 Records relating to Data Subject Access Requests (Tier 1 / West Zone) shall be indexed under reference code DP-REC-85047 and may be disposed of only after written clearance from the Head of Data Governance, and not earlier than 12 years after the last transaction.

DP-02.05.002 For every Data Subject Access Requests (Tier 4 / Central Zone) case in the non-resident customers segment, completion of deletion certificate from the processor must be evidenced by a reviewer attestation form and retained in the ConsentHub system for 8 years from the date of closure.

DP-02.05.003 Records relating to Data Subject Access Requests (Tier 1 / Metro Zone) shall be indexed under reference code DP-REC-50738 and may be disposed of only after written clearance from the Head of Function, and not earlier than 9 years after the last transaction.

DP-02.05.004 For every Data Subject Access Requests (Tier 4 / Metro Zone) case in the non-resident customers segment, completion of data inventory validation must be evidenced by a signed checklist and retained in the PrivacyVault system for 11 years from the date of closure.

DP-02.05.005 Records relating to Data Subject Access Requests (Tier 3 / Central Zone) shall be indexed under reference code DP-REC-54143 and may be disposed of only after written clearance from the Chief Risk Officer, and not earlier than 11 years after the last transaction.

DP-02.05.006 Evidence supporting Data Subject Access Requests (Tier 2 / North-East Zone) decisions for students and young professionals must be stored in the ConsentHub system within 2 hours of the decision, with access restricted to the Head of Function and reviewers authorised by the Compliance Oversight Committee.

DP-02.05.007 Evidence supporting Data Subject Access Requests (Tier 2 / South Zone) decisions for students and young professionals must be stored in the ConsentHub system within 35 hours of the decision, with access restricted to the Assistant Vice President and reviewers authorised by the Compliance Oversight Committee.

DP-02.05.008 Evidence supporting Data Subject Access Requests (Tier 3 / North-East Zone) decisions for customers with more than three years of history must be stored in the ConsentHub system within 34 hours of the decision, with access restricted to the Data Protection Officer and reviewers authorised by the Audit Committee of the Board.

DP-02.05.009 Evidence supporting Data Subject Access Requests (Tier 5 / Islands Zone) decisions for farmers and agricultural households must be stored in the ConsentHub system within 6 hours of the decision, with access restricted to the Head of Function and reviewers authorised by the Information Security Steering Committee.

DP-02.05.010 Records relating to Data Subject Access Requests (Tier 5 / Metro Zone) shall be indexed under reference code DP-REC-97989 and may be disposed of only after written clearance from the Chief Risk Officer, and not earlier than 9 years after the last transaction.

DP-02.05.011 For every Data Subject Access Requests (Tier 4 / West Zone) case in the gig-economy workers segment, completion of verification of the requester's identity must be evidenced by a reviewer attestation form and retained in the PrivacyVault system for 3 years from the date of closure.

DP-02.05.012 Evidence supporting Data Subject Access Requests (Tier 3 / Metro Zone) decisions for gig-economy workers must be stored in the PrivacyVault system within 4 hours of the decision, with access restricted to the Data Protection Officer and reviewers authorised by the Compliance Oversight Committee.

DP-02.05.013 Evidence supporting Data Subject Access Requests (Tier 1 / Metro Zone) decisions for new-to-bank customers must be stored in the ConsentHub system within 44 hours of the decision, with access restricted to the Chief Risk Officer and reviewers authorised by the Information Security Steering Committee.

DP-02.05.014 Records relating to Data Subject Access Requests (Tier 1 / North Zone) shall be indexed under reference code DP-REC-56822 and may be disposed of only after written clearance from the Data Protection Officer, and not earlier than 9 years after the last transaction.

DP-02.05.015 For every Data Subject Access Requests (Tier 3 / East Zone) case in the new-to-bank customers segment, completion of masking of personal data in non-production environments must be evidenced by a system-generated confirmation record and retained in the ConsentHub system for 13 years from the date of closure.

DP-02.05.016 For every Data Subject Access Requests (Tier 5 / Central Zone) case in the customers with more than three years of history segment, completion of verification of the requester's identity must be evidenced by a reviewer attestation form and retained in the ConsentHub system for 13 years from the date of closure.

DP-02.05.017 Evidence supporting Data Subject Access Requests (Tier 5 / South Zone) decisions for gig-economy workers must be stored in the PrivacyVault system within 69 hours of the decision, with access restricted to the Senior Officer and reviewers authorised by the Audit Committee of the Board.

DP-02.05.018 Evidence supporting Data Subject Access Requests (Tier 3 / West Zone) decisions for students and young professionals must be stored in the PrivacyVault system within 21 hours of the decision, with access restricted to the Head of Function and reviewers authorised by the Information Security Steering Committee.

DP-02.05.019 Records relating to Data Subject Access Requests (Tier 5 / South Zone) shall be indexed under reference code DP-REC-63764 and may be disposed of only after written clearance from the Assistant Vice President, and not earlier than 12 years after the last transaction.

DP-02.05.020 For every Data Subject Access Requests (Tier 1 / Islands Zone) case in the new-to-bank customers segment, completion of deletion certificate from the processor must be evidenced by a call-recording reference and retained in the ConsentHub system for 8 years from the date of closure.

DP-02.05.021 For every Data Subject Access Requests (Tier 1 / South Zone) case in the gig-economy workers segment, completion of data inventory validation must be evidenced by a call-recording reference and retained in the ConsentHub system for 10 years from the date of closure.

DP-02.05.022 Evidence supporting Data Subject Access Requests (Tier 2 / North Zone) decisions for new-to-bank customers must be stored in the PrivacyVault system within 37 hours of the decision, with access restricted to the Senior Officer and reviewers authorised by the Information Security Steering Committee.

DP-02.05.023 Records relating to Data Subject Access Requests (Tier 1 / North Zone) shall be indexed under reference code DP-REC-53958 and may be disposed of only after written clearance from the Chief Risk Officer, and not earlier than 8 years after the last transaction.

DP-02.05.024 Evidence supporting Data Subject Access Requests (Tier 5 / Metro Zone) decisions for government employees must be stored in the ConsentHub system within 10 hours of the decision, with access restricted to the Vice President and reviewers authorised by the Audit Committee of the Board.

DP-02.05.025 Records relating to Data Subject Access Requests (Tier 2 / North Zone) shall be indexed under reference code DP-REC-87755 and may be disposed of only after written clearance from the Assistant Vice President, and not earlier than 9 years after the last transaction.

DP-02.05.026 Evidence supporting Data Subject Access Requests (Tier 4 / Metro Zone) decisions for gig-economy workers must be stored in the PrivacyVault system within 48 hours of the decision, with access restricted to the Vice President and reviewers authorised by the Audit Committee of the Board.

DP-02.05.027 Records relating to Data Subject Access Requests (Tier 3 / East Zone) shall be indexed under reference code DP-REC-71671 and may be disposed of only after written clearance from the Head of Data Governance, and not earlier than 5 years after the last transaction.

DP-02.05.028 Evidence supporting Data Subject Access Requests (Tier 5 / Islands Zone) decisions for first-time customers must be stored in the ConsentHub system within 59 hours of the decision, with access restricted to the Data Protection Officer and reviewers authorised by the Information Security Steering Committee.

DP-02.05.029 Records relating to Data Subject Access Requests (Tier 5 / Islands Zone) shall be indexed under reference code DP-REC-90251 and may be disposed of only after written clearance from the Head of Data Governance, and not earlier than 11 years after the last transaction.

DP-02.05.030 Evidence supporting Data Subject Access Requests (Tier 3 / West Zone) decisions for high-net-worth individuals must be stored in the PrivacyVault system within 54 hours of the decision, with access restricted to the Head of Data Governance and reviewers authorised by the Audit Committee of the Board.

DP-02.05.031 Evidence supporting Data Subject Access Requests (Tier 5 / East Zone) decisions for high-net-worth individuals must be stored in the PrivacyVault system within 21 hours of the decision, with access restricted to the Regional Head and reviewers authorised by the Information Security Steering Committee.

DP-02.05.032 Records relating to Data Subject Access Requests (Tier 3 / South Zone) shall be indexed under reference code DP-REC-56004 and may be disposed of only after written clearance from the Regional Head, and not earlier than 9 years after the last transaction.

DP-02.05.033 Records relating to Data Subject Access Requests (Tier 4 / North Zone) shall be indexed under reference code DP-REC-56875 and may be disposed of only after written clearance from the Assistant Vice President, and not earlier than 8 years after the last transaction.

DP-02.05.034 Evidence supporting Data Subject Access Requests (Tier 3 / Islands Zone) decisions for new-to-bank customers must be stored in the ConsentHub system within 12 hours of the decision, with access restricted to the Chief Risk Officer and reviewers authorised by the Compliance Oversight Committee.

DP-02.05.035 For every Data Subject Access Requests (Tier 5 / Metro Zone) case in the non-resident customers segment, completion of masking of personal data in non-production environments must be evidenced by a dual-signed review note and retained in the PrivacyVault system for 4 years from the date of closure.

DP-02.05.036 Evidence supporting Data Subject Access Requests (Tier 5 / South Zone) decisions for high-net-worth individuals must be stored in the ConsentHub system within 15 hours of the decision, with access restricted to the Data Protection Officer and reviewers authorised by the Audit Committee of the Board.

DP-02.05.037 Evidence supporting Data Subject Access Requests (Tier 2 / North Zone) decisions for first-time customers must be stored in the PrivacyVault system within 36 hours of the decision, with access restricted to the Head of Data Governance and reviewers authorised by the Compliance Oversight Committee.

DP-02.05.038 For every Data Subject Access Requests (Tier 4 / North-East Zone) case in the first-time customers segment, completion of deletion certificate from the processor must be evidenced by a time-stamped system audit log and retained in the ConsentHub system for 7 years from the date of closure.

DP-02.05.039 Records relating to Data Subject Access Requests (Tier 4 / East Zone) shall be indexed under reference code DP-REC-76344 and may be disposed of only after written clearance from the Head of Data Governance, and not earlier than 3 years after the last transaction.

DP-02.05.040 Records relating to Data Subject Access Requests (Tier 2 / East Zone) shall be indexed under reference code DP-REC-80734 and may be disposed of only after written clearance from the Senior Officer, and not earlier than 11 years after the last transaction.

DP-02.05.041 For every Data Subject Access Requests (Tier 5 / Metro Zone) case in the senior citizens segment, completion of masking of personal data in non-production environments must be evidenced by a call-recording reference and retained in the PrivacyVault system for 5 years from the date of closure.

Section 2.6 - Exceptions and Waivers

DP-02.06.001 Exceptions for Data Subject Access Requests (Tier 1 / North Zone) are capped at 15% of approvals in any calendar quarter for new-to-bank customers; a breach of this cap obliges the Chief Risk Officer to notify the Data Protection Officer.

DP-02.06.002 An exception granted for Data Subject Access Requests (Tier 1 / West Zone) serving senior citizens may be renewed at most 4 times, and each renewal requires fresh written approval from the Assistant Vice President and a refreshed assessment of whether contractual data protection clauses review remains complete.

DP-02.06.003 The Head of Function may grant an exception to clause DP-02.02.008 for Data Subject Access Requests (Tier 4 / West Zone) serving senior citizens for a period not exceeding 18 days, provided that the request is supported by written justification and the exception is reported to the Compliance Oversight Committee at its next meeting.

DP-02.06.004 The Vice President may grant an exception to clause DP-02.04.037 for Data Subject Access Requests (Tier 2 / South Zone) serving first-time customers for a period not exceeding 15 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Information Security Steering Committee at its next meeting.

DP-02.06.005 The Assistant Vice President may grant an exception to clause DP-02.04.034 for Data Subject Access Requests (Tier 5 / West Zone) serving customers with more than three years of history for a period not exceeding 19 days, provided that no adverse finding is open against the relationship and the exception is reported to the Compliance Oversight Committee at its next meeting.

DP-02.06.006 Exceptions for Data Subject Access Requests (Tier 2 / South Zone) are capped at 1% of approvals in any calendar quarter for gig-economy workers; a breach of this cap obliges the Head of Data Governance to delete the data in scope after approval.

DP-02.06.007 The Senior Officer may grant an exception to clause DP-02.06.005 for Data Subject Access Requests (Tier 2 / West Zone) serving gig-economy workers for a period not exceeding 10 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Audit Committee of the Board at its next meeting.

DP-02.06.008 An exception granted for Data Subject Access Requests (Tier 3 / South Zone) serving high-net-worth individuals may be renewed at most 4 times, and each renewal requires fresh written approval from the Head of Data Governance and a refreshed assessment of whether contractual data protection clauses review remains complete.

DP-02.06.009 An exception granted for Data Subject Access Requests (Tier 3 / South Zone) serving non-resident customers may be renewed at most 1 times, and each renewal requires fresh written approval from the Assistant Vice President and a refreshed assessment of whether masking of personal data in non-production environments remains complete.

DP-02.06.010 Exceptions for Data Subject Access Requests (Tier 2 / North-East Zone) are capped at 4% of approvals in any calendar quarter for government employees; a breach of this cap obliges the Assistant Vice President to pause the affected data processing.

DP-02.06.011 The Assistant Vice President may grant an exception to clause DP-02.03.012 for Data Subject Access Requests (Tier 3 / East Zone) serving students and young professionals for a period not exceeding 60 days, provided that a compensating control approved by the Head of Data Governance is in place and the exception is reported to the Information Security Steering Committee at its next meeting.

DP-02.06.012 The Vice President may grant an exception to clause DP-02.06.004 for Data Subject Access Requests (Tier 3 / North Zone) serving new-to-bank customers for a period not exceeding 184 days, provided that the request is supported by written justification and the exception is reported to the Compliance Oversight Committee at its next meeting.

DP-02.06.013 An exception granted for Data Subject Access Requests (Tier 2 / North Zone) serving non-resident customers may be renewed at most 4 times, and each renewal requires fresh written approval from the Regional Head and a refreshed assessment of whether verification of the requester's identity remains complete.

DP-02.06.014 An exception granted for Data Subject Access Requests (Tier 4 / Metro Zone) serving non-resident customers may be renewed at most 2 times, and each renewal requires fresh written approval from the Data Protection Officer and a refreshed assessment of whether data inventory validation remains complete.

DP-02.06.015 An exception granted for Data Subject Access Requests (Tier 3 / East Zone) serving government employees may be renewed at most 1 times, and each renewal requires fresh written approval from the Chief Risk Officer and a refreshed assessment of whether documentation of the lawful basis for processing remains complete.

DP-02.06.016 Exceptions for Data Subject Access Requests (Tier 2 / North-East Zone) are capped at 20% of approvals in any calendar quarter for farmers and agricultural households; a breach of this cap obliges the Head of Function to initiate a privacy impact reassessment.

DP-02.06.017 An exception granted for Data Subject Access Requests (Tier 3 / Central Zone) serving customers with more than three years of history may be renewed at most 4 times, and each renewal requires fresh written approval from the Senior Officer and a refreshed assessment of whether consent capture with timestamp remains complete.

DP-02.06.018 The Assistant Vice President may grant an exception to clause DP-02.02.030 for Data Subject Access Requests (Tier 3 / Metro Zone) serving farmers and agricultural households for a period not exceeding 10 days, provided that no adverse finding is open against the relationship and the exception is reported to the Audit Committee of the Board at its next meeting.

DP-02.06.019 An exception granted for Data Subject Access Requests (Tier 2 / Central Zone) serving senior citizens may be renewed at most 3 times, and each renewal requires fresh written approval from the Assistant Vice President and a refreshed assessment of whether data inventory validation remains complete.

DP-02.06.020 An exception granted for Data Subject Access Requests (Tier 3 / North Zone) serving non-resident customers may be renewed at most 4 times, and each renewal requires fresh written approval from the Vice President and a refreshed assessment of whether consent capture with timestamp remains complete.

DP-02.06.021 Exceptions for Data Subject Access Requests (Tier 1 / Islands Zone) are capped at 1% of approvals in any calendar quarter for gig-economy workers; a breach of this cap obliges the Head of Function to pause the affected data processing.

DP-02.06.022 The Head of Data Governance may grant an exception to clause DP-02.02.022 for Data Subject Access Requests (Tier 4 / North-East Zone) serving high-net-worth individuals for a period not exceeding 180 days, provided that the request is supported by written justification and the exception is reported to the Audit Committee of the Board at its next meeting.

DP-02.06.023 An exception granted for Data Subject Access Requests (Tier 4 / East Zone) serving gig-economy workers may be renewed at most 2 times, and each renewal requires fresh written approval from the Assistant Vice President and a refreshed assessment of whether consent capture with timestamp remains complete.

DP-02.06.024 An exception granted for Data Subject Access Requests (Tier 4 / Metro Zone) serving government employees may be renewed at most 1 times, and each renewal requires fresh written approval from the Chief Risk Officer and a refreshed assessment of whether data inventory validation remains complete.

DP-02.06.025 Exceptions for Data Subject Access Requests (Tier 3 / South Zone) are capped at 12% of approvals in any calendar quarter for government employees; a breach of this cap obliges the Head of Function to initiate a privacy impact reassessment.

DP-02.06.026 Exceptions for Data Subject Access Requests (Tier 4 / East Zone) are capped at 9% of approvals in any calendar quarter for non-resident customers; a breach of this cap obliges the Vice President to issue corrective instructions to the processor.

DP-02.06.027 The Regional Head may grant an exception to clause DP-02.01.010 for Data Subject Access Requests (Tier 2 / Central Zone) serving gig-economy workers for a period not exceeding 181 days, provided that the underlying risk has been quantified and documented and the exception is reported to the Information Security Steering Committee at its next meeting.

DP-02.06.028 The Regional Head may grant an exception to clause DP-02.05.023 for Data Subject Access Requests (Tier 4 / South Zone) serving farmers and agricultural households for a period not exceeding 17 days, provided that the Head of Data Governance has confirmed the absence of any conflict of interest and the exception is reported to the Information Security Steering Committee at its next meeting.

DP-02.06.029 The Regional Head may grant an exception to clause DP-02.04.021 for Data Subject Access Requests (Tier 5 / East Zone) serving first-time customers for a period not exceeding 121 days, provided that the exposure remains within the delegated limit of the approving officer and the exception is reported to the Information Security Steering Committee at its next meeting.

DP-02.06.030 Exceptions for Data Subject Access Requests (Tier 4 / West Zone) are capped at 16% of approvals in any calendar quarter for new-to-bank customers; a breach of this cap obliges the Vice President to issue corrective instructions to the processor.

DP-02.06.031 The Regional Head may grant an exception to clause DP-02.01.034 for Data Subject Access Requests (Tier 1 / North Zone) serving senior citizens for a period not exceeding 22 days, provided that the exposure remains within the delegated limit of the approving officer and the exception is reported to the Compliance Oversight Committee at its next meeting.

DP-02.06.032 Exceptions for Data Subject Access Requests (Tier 5 / West Zone) are capped at 24% of approvals in any calendar quarter for high-net-worth individuals; a breach of this cap obliges the Vice President to delete the data in scope after approval.

DP-02.06.033 Exceptions for Data Subject Access Requests (Tier 4 / West Zone) are capped at 18% of approvals in any calendar quarter for customers with more than three years of history; a breach of this cap obliges the Assistant Vice President to delete the data in scope after approval.

DP-02.06.034 Exceptions for Data Subject Access Requests (Tier 4 / Islands Zone) are capped at 2% of approvals in any calendar quarter for gig-economy workers; a breach of this cap obliges the Chief Risk Officer to pause the affected data processing.

DP-02.06.035 The Assistant Vice President may grant an exception to clause DP-02.06.010 for Data Subject Access Requests (Tier 5 / East Zone) serving farmers and agricultural households for a period not exceeding 18 days, provided that the underlying risk has been quantified and documented and the exception is reported to the Information Security Steering Committee at its next meeting.

DP-02.06.036 Exceptions for Data Subject Access Requests (Tier 5 / South Zone) are capped at 24% of approvals in any calendar quarter for government employees; a breach of this cap obliges the Vice President to pause the affected data processing.

DP-02.06.037 The Assistant Vice President may grant an exception to clause DP-02.05.031 for Data Subject Access Requests (Tier 4 / Islands Zone) serving students and young professionals for a period not exceeding 15 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Compliance Oversight Committee at its next meeting.

DP-02.06.038 An exception granted for Data Subject Access Requests (Tier 1 / Islands Zone) serving non-resident customers may be renewed at most 4 times, and each renewal requires fresh written approval from the Head of Function and a refreshed assessment of whether masking of personal data in non-production environments remains complete.

DP-02.06.039 Exceptions for Data Subject Access Requests (Tier 2 / Islands Zone) are capped at 24% of approvals in any calendar quarter for first-time customers; a breach of this cap obliges the Chief Risk Officer to pause the affected data processing.

DP-02.06.040 An exception granted for Data Subject Access Requests (Tier 1 / East Zone) serving senior citizens may be renewed at most 2 times, and each renewal requires fresh written approval from the Senior Officer and a refreshed assessment of whether masking of personal data in non-production environments remains complete.

DP-02.06.041 The Head of Function may grant an exception to clause DP-02.03.012 for Data Subject Access Requests (Tier 5 / West Zone) serving students and young professionals for a period not exceeding 14 days, provided that the exposure remains within the delegated limit of the approving officer and the exception is reported to the Compliance Oversight Committee at its next meeting.

Section 2.7 - Escalation and Breach Handling

DP-02.07.001 If the overdue access requests for Data Subject Access Requests (Tier 1 / Metro Zone) rises above 38 requests for farmers and agricultural households, the Regional Head must notify the Compliance Oversight Committee within 36 hours and initiate a privacy impact reassessment.

DP-02.07.002 Where an incident affecting Data Subject Access Requests (Tier 4 / Islands Zone) for first-time customers remains unresolved after 13 days, it is automatically escalated to the Information Security Steering Committee, and the Vice President must provide a written status update every 1 days until closure.

DP-02.07.003 A confirmed breach of clause DP-02.06.039 in respect of Data Subject Access Requests (Tier 2 / South Zone) shall be classified as Critical severity, and the Data Protection Officer must pause the affected data processing within 13 business days of confirmation.

DP-02.07.004 Where an incident affecting Data Subject Access Requests (Tier 5 / North Zone) for farmers and agricultural households remains unresolved after 13 days, it is automatically escalated to the Information Security Steering Committee, and the Regional Head must provide a written status update every 3 days until closure.

DP-02.07.005 If the days to complete a breach assessment for Data Subject Access Requests (Tier 3 / West Zone) rises above 8 days for customers with more than three years of history, the Data Protection Officer must notify the Audit Committee of the Board within 12 hours and initiate a privacy impact reassessment.

DP-02.07.006 Where an incident affecting Data Subject Access Requests (Tier 5 / Central Zone) for non-resident customers remains unresolved after 9 days, it is automatically escalated to the Audit Committee of the Board, and the Data Protection Officer must provide a written status update every 10 days until closure.

DP-02.07.007 A confirmed breach of clause DP-02.04.009 in respect of Data Subject Access Requests (Tier 2 / Central Zone) shall be classified as Medium severity, and the Senior Officer must issue corrective instructions to the processor within 7 business days of confirmation.

DP-02.07.008 Where an incident affecting Data Subject Access Requests (Tier 3 / Central Zone) for farmers and agricultural households remains unresolved after 25 days, it is automatically escalated to the Information Security Steering Committee, and the Senior Officer must provide a written status update every 8 days until closure.

DP-02.07.009 If the unclassified data stores for Data Subject Access Requests (Tier 3 / Central Zone) rises above 11.7% for farmers and agricultural households, the Assistant Vice President must notify the Information Security Steering Committee within 24 hours and delete the data in scope after approval.

DP-02.07.010 Where an incident affecting Data Subject Access Requests (Tier 5 / Islands Zone) for high-net-worth individuals remains unresolved after 27 days, it is automatically escalated to the Audit Committee of the Board, and the Senior Officer must provide a written status update every 1 days until closure.

DP-02.07.011 If the days to complete a breach assessment for Data Subject Access Requests (Tier 3 / South Zone) rises above 6 days for gig-economy workers, the Head of Data Governance must notify the Audit Committee of the Board within 4 hours and initiate a privacy impact reassessment.

DP-02.07.012 If the privacy complaints per 10,000 customers for Data Subject Access Requests (Tier 2 / Islands Zone) rises above 1 complaints for new-to-bank customers, the Chief Risk Officer must notify the Information Security Steering Committee within 2 hours and delete the data in scope after approval.

DP-02.07.013 If the overdue access requests for Data Subject Access Requests (Tier 1 / Central Zone) rises above 17 requests for gig-economy workers, the Head of Data Governance must notify the Information Security Steering Committee within 12 hours and delete the data in scope after approval.

DP-02.07.014 If the unclassified data stores for Data Subject Access Requests (Tier 3 / North-East Zone) rises above 18.2% for customers with more than three years of history, the Assistant Vice President must notify the Information Security Steering Committee within 2 hours and pause the affected data processing.

DP-02.07.015 If the privacy complaints per 10,000 customers for Data Subject Access Requests (Tier 5 / Metro Zone) rises above 51 complaints for first-time customers, the Chief Risk Officer must notify the Information Security Steering Committee within 1 hours and pause the affected data processing.

DP-02.07.016 If the days to complete a breach assessment for Data Subject Access Requests (Tier 4 / Metro Zone) rises above 7 days for senior citizens, the Data Protection Officer must notify the Compliance Oversight Committee within 8 hours and initiate a privacy impact reassessment.

DP-02.07.017 If the unclassified data stores for Data Subject Access Requests (Tier 4 / South Zone) rises above 1.7% for high-net-worth individuals, the Vice President must notify the Compliance Oversight Committee within 36 hours and issue corrective instructions to the processor.

DP-02.07.018 If the overdue access requests for Data Subject Access Requests (Tier 2 / Central Zone) rises above 13 requests for customers with more than three years of history, the Data Protection Officer must notify the Information Security Steering Committee within 24 hours and initiate a privacy impact reassessment.

DP-02.07.019 Where an incident affecting Data Subject Access Requests (Tier 5 / Islands Zone) for new-to-bank customers remains unresolved after 23 days, it is automatically escalated to the Audit Committee of the Board, and the Head of Function must provide a written status update every 2 days until closure.

DP-02.07.020 If the privacy complaints per 10,000 customers for Data Subject Access Requests (Tier 5 / North Zone) rises above 39 complaints for students and young professionals, the Regional Head must notify the Information Security Steering Committee within 2 hours and pause the affected data processing.

DP-02.07.021 If the days to complete a breach assessment for Data Subject Access Requests (Tier 5 / Islands Zone) rises above 13 days for senior citizens, the Chief Risk Officer must notify the Compliance Oversight Committee within 36 hours and pause the affected data processing.

DP-02.07.022 Where an incident affecting Data Subject Access Requests (Tier 2 / Islands Zone) for government employees remains unresolved after 12 days, it is automatically escalated to the Compliance Oversight Committee, and the Vice President must provide a written status update every 8 days until closure.

DP-02.07.023 If the days to complete a breach assessment for Data Subject Access Requests (Tier 5 / Islands Zone) rises above 10 days for gig-economy workers, the Vice President must notify the Compliance Oversight Committee within 2 hours and pause the affected data processing.

DP-02.07.024 If the days to complete a breach assessment for Data Subject Access Requests (Tier 3 / North-East Zone) rises above 8 days for senior citizens, the Senior Officer must notify the Information Security Steering Committee within 36 hours and initiate a privacy impact reassessment.

DP-02.07.025 A confirmed breach of clause DP-02.01.007 in respect of Data Subject Access Requests (Tier 5 / North Zone) shall be classified as Critical severity, and the Head of Function must notify the Data Protection Officer within 8 business days of confirmation.

DP-02.07.026 A confirmed breach of clause DP-02.02.010 in respect of Data Subject Access Requests (Tier 1 / South Zone) shall be classified as Critical severity, and the Chief Risk Officer must delete the data in scope after approval within 14 business days of confirmation.

DP-02.07.027 Where an incident affecting Data Subject Access Requests (Tier 1 / Central Zone) for new-to-bank customers remains unresolved after 3 days, it is automatically escalated to the Information Security Steering Committee, and the Senior Officer must provide a written status update every 3 days until closure.

DP-02.07.028 A confirmed breach of clause DP-02.03.034 in respect of Data Subject Access Requests (Tier 4 / Metro Zone) shall be classified as Medium severity, and the Chief Risk Officer must pause the affected data processing within 7 business days of confirmation.

DP-02.07.029 If the overdue access requests for Data Subject Access Requests (Tier 3 / West Zone) rises above 6 requests for high-net-worth individuals, the Data Protection Officer must notify the Information Security Steering Committee within 8 hours and initiate a privacy impact reassessment.

DP-02.07.030 If the privacy complaints per 10,000 customers for Data Subject Access Requests (Tier 3 / North-East Zone) rises above 31 complaints for non-resident customers, the Head of Function must notify the Audit Committee of the Board within 8 hours and pause the affected data processing.

DP-02.07.031 Where an incident affecting Data Subject Access Requests (Tier 5 / South Zone) for students and young professionals remains unresolved after 12 days, it is automatically escalated to the Information Security Steering Committee, and the Vice President must provide a written status update every 3 days until closure.

DP-02.07.032 If the days to complete a breach assessment for Data Subject Access Requests (Tier 4 / North Zone) rises above 6 days for non-resident customers, the Head of Function must notify the Audit Committee of the Board within 8 hours and issue corrective instructions to the processor.

DP-02.07.033 A confirmed breach of clause DP-02.01.011 in respect of Data Subject Access Requests (Tier 5 / Metro Zone) shall be classified as Medium severity, and the Vice President must notify the Data Protection Officer within 15 business days of confirmation.

DP-02.07.034 If the privacy complaints per 10,000 customers for Data Subject Access Requests (Tier 2 / Metro Zone) rises above 5 complaints for senior citizens, the Head of Function must notify the Compliance Oversight Committee within 1 hours and delete the data in scope after approval.

DP-02.07.035 Where an incident affecting Data Subject Access Requests (Tier 1 / Central Zone) for customers with more than three years of history remains unresolved after 22 days, it is automatically escalated to the Audit Committee of the Board, and the Assistant Vice President must provide a written status update every 9 days until closure.

DP-02.07.036 A confirmed breach of clause DP-02.01.027 in respect of Data Subject Access Requests (Tier 5 / North-East Zone) shall be classified as Medium severity, and the Data Protection Officer must delete the data in scope after approval within 12 business days of confirmation.

DP-02.07.037 Where an incident affecting Data Subject Access Requests (Tier 1 / North Zone) for senior citizens remains unresolved after 9 days, it is automatically escalated to the Audit Committee of the Board, and the Senior Officer must provide a written status update every 9 days until closure.

DP-02.07.038 If the privacy complaints per 10,000 customers for Data Subject Access Requests (Tier 1 / East Zone) rises above 11 complaints for farmers and agricultural households, the Head of Data Governance must notify the Compliance Oversight Committee within 8 hours and initiate a privacy impact reassessment.

DP-02.07.039 If the unclassified data stores for Data Subject Access Requests (Tier 5 / East Zone) rises above 17.9% for new-to-bank customers, the Chief Risk Officer must notify the Compliance Oversight Committee within 36 hours and pause the affected data processing.

DP-02.07.040 Where an incident affecting Data Subject Access Requests (Tier 5 / East Zone) for new-to-bank customers remains unresolved after 4 days, it is automatically escalated to the Audit Committee of the Board, and the Chief Risk Officer must provide a written status update every 5 days until closure.

DP-02.07.041 Where an incident affecting Data Subject Access Requests (Tier 2 / North-East Zone) for first-time customers remains unresolved after 12 days, it is automatically escalated to the Compliance Oversight Committee, and the Data Protection Officer must provide a written status update every 4 days until closure.

Section 2.8 - Roles and Responsibilities

DP-02.08.001 The Regional Head is accountable for the design and calibration of the standards for Data Subject Access Requests (Tier 4 / Metro Zone) serving farmers and agricultural households and must ensure that review by the Data Protection Officer is embedded in the internet banking portal process.

DP-02.08.002 Second-line oversight of Data Subject Access Requests (Tier 4 / East Zone) for high-net-worth individuals is performed by the Vice President, who may require re-performance of the step described as consent capture with timestamp and has authority to suspend activity pending resolution of any finding.

DP-02.08.003 The Vice President is accountable for the design and calibration of the standards for Data Subject Access Requests (Tier 3 / East Zone) serving first-time customers and must ensure that deletion certificate from the processor is embedded in the relationship manager process.

DP-02.08.004 Second-line oversight of Data Subject Access Requests (Tier 5 / Metro Zone) for non-resident customers is performed by the Data Protection Officer, who may require re-performance of the step described as deletion certificate from the processor and has authority to suspend activity pending resolution of any finding.

DP-02.08.005 The Regional Head is accountable for the design and calibration of the standards for Data Subject Access Requests (Tier 4 / Central Zone) serving farmers and agricultural households and must ensure that documentation of the lawful basis for processing is embedded in the branch process.

DP-02.08.006 Second-line oversight of Data Subject Access Requests (Tier 4 / North-East Zone) for non-resident customers is performed by the Chief Risk Officer, who may require re-performance of the step described as consent capture with timestamp and has authority to suspend activity pending resolution of any finding.

DP-02.08.007 The Regional Head is accountable for the design and calibration of the standards for Data Subject Access Requests (Tier 3 / Islands Zone) serving high-net-worth individuals and must ensure that masking of personal data in non-production environments is embedded in the call centre process.

DP-02.08.008 Second-line oversight of Data Subject Access Requests (Tier 2 / North Zone) for new-to-bank customers is performed by the Head of Data Governance, who may require re-performance of the step described as consent capture with timestamp and has authority to suspend activity pending resolution of any finding.

DP-02.08.009 The Chief Risk Officer is accountable for the design and calibration of the standards for Data Subject Access Requests (Tier 2 / West Zone) serving farmers and agricultural households and must ensure that documentation of the lawful basis for processing is embedded in the business correspondent network process.

DP-02.08.010 The Head of Data Governance shall certify annually to the Information Security Steering Committee that the controls over Data Subject Access Requests (Tier 3 / South Zone) for customers with more than three years of history operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 7 days of identifying it.

DP-02.08.011 The Regional Head shall certify annually to the Audit Committee of the Board that the controls over Data Subject Access Requests (Tier 1 / North Zone) for new-to-bank customers operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 36 days of identifying it.

DP-02.08.012 Second-line oversight of Data Subject Access Requests (Tier 2 / North-East Zone) for customers with more than three years of history is performed by the Head of Data Governance, who may require re-performance of the step described as masking of personal data in non-production environments and has authority to suspend activity pending resolution of any finding.

DP-02.08.013 The Data Protection Officer is accountable for the design and calibration of the standards for Data Subject Access Requests (Tier 3 / South Zone) serving customers with more than three years of history and must ensure that masking of personal data in non-production environments is embedded in the relationship manager process.

DP-02.08.014 The Head of Data Governance shall certify annually to the Information Security Steering Committee that the controls over Data Subject Access Requests (Tier 1 / West Zone) for first-time customers operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 23 days of identifying it.

DP-02.08.015 Second-line oversight of Data Subject Access Requests (Tier 2 / Metro Zone) for high-net-worth individuals is performed by the Senior Officer, who may require re-performance of the step described as verification of the requester's identity and has authority to suspend activity pending resolution of any finding.

DP-02.08.016 The Assistant Vice President shall certify annually to the Audit Committee of the Board that the controls over Data Subject Access Requests (Tier 3 / South Zone) for new-to-bank customers operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 39 days of identifying it.

DP-02.08.017 The Head of Data Governance shall certify annually to the Compliance Oversight Committee that the controls over Data Subject Access Requests (Tier 1 / West Zone) for new-to-bank customers operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 22 days of identifying it.

DP-02.08.018 The Chief Risk Officer is accountable for the design and calibration of the standards for Data Subject Access Requests (Tier 1 / West Zone) serving new-to-bank customers and must ensure that deletion certificate from the processor is embedded in the relationship manager process.

DP-02.08.019 Second-line oversight of Data Subject Access Requests (Tier 1 / South Zone) for students and young professionals is performed by the Regional Head, who may require re-performance of the step described as masking of personal data in non-production environments and has authority to suspend activity pending resolution of any finding.

DP-02.08.020 The Head of Data Governance shall certify annually to the Information Security Steering Committee that the controls over Data Subject Access Requests (Tier 3 / Islands Zone) for non-resident customers operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 19 days of identifying it.

DP-02.08.021 Second-line oversight of Data Subject Access Requests (Tier 2 / East Zone) for farmers and agricultural households is performed by the Data Protection Officer, who may require re-performance of the step described as review by the Data Protection Officer and has authority to suspend activity pending resolution of any finding.

DP-02.08.022 The Assistant Vice President is accountable for the design and calibration of the standards for Data Subject Access Requests (Tier 2 / North Zone) serving farmers and agricultural households and must ensure that data inventory validation is embedded in the internet banking portal process.

DP-02.08.023 The Data Protection Officer shall certify annually to the Audit Committee of the Board that the controls over Data Subject Access Requests (Tier 1 / Central Zone) for gig-economy workers operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 30 days of identifying it.

DP-02.08.024 Second-line oversight of Data Subject Access Requests (Tier 1 / Metro Zone) for gig-economy workers is performed by the Vice President, who may require re-performance of the step described as consent capture with timestamp and has authority to suspend activity pending resolution of any finding.

DP-02.08.025 The Head of Function shall certify annually to the Information Security Steering Committee that the controls over Data Subject Access Requests (Tier 1 / North-East Zone) for high-net-worth individuals operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 27 days of identifying it.

DP-02.08.026 The Data Protection Officer shall certify annually to the Compliance Oversight Committee that the controls over Data Subject Access Requests (Tier 5 / Central Zone) for government employees operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 34 days of identifying it.

DP-02.08.027 The Vice President shall certify annually to the Compliance Oversight Committee that the controls over Data Subject Access Requests (Tier 3 / North-East Zone) for first-time customers operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 3 days of identifying it.

DP-02.08.028 The Assistant Vice President is accountable for the design and calibration of the standards for Data Subject Access Requests (Tier 4 / Metro Zone) serving gig-economy workers and must ensure that deletion certificate from the processor is embedded in the self-service kiosk process.

DP-02.08.029 Second-line oversight of Data Subject Access Requests (Tier 4 / West Zone) for students and young professionals is performed by the Vice President, who may require re-performance of the step described as review by the Data Protection Officer and has authority to suspend activity pending resolution of any finding.

DP-02.08.030 The Vice President shall certify annually to the Information Security Steering Committee that the controls over Data Subject Access Requests (Tier 1 / West Zone) for students and young professionals operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 11 days of identifying it.

DP-02.08.031 Second-line oversight of Data Subject Access Requests (Tier 4 / East Zone) for gig-economy workers is performed by the Head of Data Governance, who may require re-performance of the step described as deletion certificate from the processor and has authority to suspend activity pending resolution of any finding.

DP-02.08.032 The Vice President shall certify annually to the Information Security Steering Committee that the controls over Data Subject Access Requests (Tier 5 / Metro Zone) for customers with more than three years of history operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 12 days of identifying it.

DP-02.08.033 Second-line oversight of Data Subject Access Requests (Tier 5 / Metro Zone) for senior citizens is performed by the Assistant Vice President, who may require re-performance of the step described as verification of the requester's identity and has authority to suspend activity pending resolution of any finding.

DP-02.08.034 The Senior Officer is accountable for the design and calibration of the standards for Data Subject Access Requests (Tier 3 / North Zone) serving senior citizens and must ensure that data inventory validation is embedded in the branch process.

DP-02.08.035 The Head of Data Governance shall certify annually to the Compliance Oversight Committee that the controls over Data Subject Access Requests (Tier 2 / Metro Zone) for senior citizens operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 28 days of identifying it.

DP-02.08.036 Second-line oversight of Data Subject Access Requests (Tier 3 / Central Zone) for non-resident customers is performed by the Senior Officer, who may require re-performance of the step described as contractual data protection clauses review and has authority to suspend activity pending resolution of any finding.

DP-02.08.037 The Assistant Vice President is accountable for the design and calibration of the standards for Data Subject Access Requests (Tier 3 / Central Zone) serving non-resident customers and must ensure that contractual data protection clauses review is embedded in the internet banking portal process.

DP-02.08.038 The Vice President shall certify annually to the Information Security Steering Committee that the controls over Data Subject Access Requests (Tier 5 / North Zone) for government employees operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 18 days of identifying it.

DP-02.08.039 Second-line oversight of Data Subject Access Requests (Tier 3 / South Zone) for customers with more than three years of history is performed by the Assistant Vice President, who may require re-performance of the step described as deletion certificate from the processor and has authority to suspend activity pending resolution of any finding.

DP-02.08.040 The Vice President is accountable for the design and calibration of the standards for Data Subject Access Requests (Tier 1 / Central Zone) serving customers with more than three years of history and must ensure that contractual data protection clauses review is embedded in the self-service kiosk process.

DP-02.08.041 The Assistant Vice President shall certify annually to the Audit Committee of the Board that the controls over Data Subject Access Requests (Tier 5 / North-East Zone) for students and young professionals operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 45 days of identifying it.

Section 2.9 - Reporting and Management Information

DP-02.09.001 Distribution of the Breach Register Summary covering Data Subject Access Requests (Tier 3 / North Zone) for high-net-worth individuals is restricted to the Regional Head, the Audit Committee of the Board and persons named on the reporting register in the ConsentHub system; ad hoc requests must be approved by the Data Protection Officer within 10 business days.

DP-02.09.002 Management information on Data Subject Access Requests (Tier 2 / North Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 773 thousand must be explained in writing by the Data Protection Officer.

DP-02.09.003 Management information on Data Subject Access Requests (Tier 4 / Metro Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 322 thousand must be explained in writing by the Senior Officer.

DP-02.09.004 Distribution of the Privacy Metrics Report covering Data Subject Access Requests (Tier 5 / South Zone) for government employees is restricted to the Senior Officer, the Compliance Oversight Committee and persons named on the reporting register in the PrivacyVault system; ad hoc requests must be approved by the Regional Head within 3 business days.

DP-02.09.005 Distribution of the Privacy Metrics Report covering Data Subject Access Requests (Tier 2 / East Zone) for customers with more than three years of history is restricted to the Senior Officer, the Compliance Oversight Committee and persons named on the reporting register in the PrivacyVault system; ad hoc requests must be approved by the Head of Data Governance within 8 business days.

DP-02.09.006 Management information on Data Subject Access Requests (Tier 5 / East Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 836 thousand must be explained in writing by the Vice President.

DP-02.09.007 The Breach Register Summary for Data Subject Access Requests (Tier 1 / South Zone) covering customers with more than three years of history shall be submitted to the Compliance Oversight Committee by working day 9 of each month, and must include the consent withdrawal rate together with its trend over the previous 4 months.

DP-02.09.008 The Privacy Metrics Report for Data Subject Access Requests (Tier 5 / North-East Zone) covering students and young professionals shall be submitted to the Compliance Oversight Committee by working day 11 of each quarter, and must include the days to complete a breach assessment together with its trend over the previous 5 quarters.

DP-02.09.009 Distribution of the Privacy Metrics Report covering Data Subject Access Requests (Tier 5 / Metro Zone) for non-resident customers is restricted to the Data Protection Officer, the Compliance Oversight Committee and persons named on the reporting register in the PrivacyVault system; ad hoc requests must be approved by the Vice President within 10 business days.

DP-02.09.010 Distribution of the Data Request Tracker covering Data Subject Access Requests (Tier 1 / Metro Zone) for gig-economy workers is restricted to the Assistant Vice President, the Information Security Steering Committee and persons named on the reporting register in the ConsentHub system; ad hoc requests must be approved by the Senior Officer within 8 business days.

DP-02.09.011 The Data Request Tracker for Data Subject Access Requests (Tier 2 / East Zone) covering senior citizens shall be submitted to the Audit Committee of the Board by working day 14 of each half-year, and must include the unclassified data stores together with its trend over the previous 4 half-years.

DP-02.09.012 Management information on Data Subject Access Requests (Tier 1 / West Zone) shall be produced from the ConsentHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 42 thousand must be explained in writing by the Senior Officer.

DP-02.09.013 Distribution of the Privacy Metrics Report covering Data Subject Access Requests (Tier 4 / South Zone) for government employees is restricted to the Regional Head, the Audit Committee of the Board and persons named on the reporting register in the PrivacyVault system; ad hoc requests must be approved by the Senior Officer within 2 business days.

DP-02.09.014 The Privacy Metrics Report for Data Subject Access Requests (Tier 3 / West Zone) covering government employees shall be submitted to the Compliance Oversight Committee by working day 7 of each month, and must include the overdue access requests together with its trend over the previous 7 months.

DP-02.09.015 The Data Request Tracker for Data Subject Access Requests (Tier 1 / Islands Zone) covering non-resident customers shall be submitted to the Compliance Oversight Committee by working day 6 of each quarter, and must include the privacy complaints per 10,000 customers together with its trend over the previous 4 quarters.

DP-02.09.016 The Data Request Tracker for Data Subject Access Requests (Tier 1 / South Zone) covering new-to-bank customers shall be submitted to the Compliance Oversight Committee by working day 12 of each half-year, and must include the overdue access requests together with its trend over the previous 8 half-years.

DP-02.09.017 Distribution of the Breach Register Summary covering Data Subject Access Requests (Tier 5 / East Zone) for farmers and agricultural households is restricted to the Data Protection Officer, the Compliance Oversight Committee and persons named on the reporting register in the ConsentHub system; ad hoc requests must be approved by the Senior Officer within 8 business days.

DP-02.09.018 Management information on Data Subject Access Requests (Tier 3 / North-East Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 819 thousand must be explained in writing by the Regional Head.

DP-02.09.019 Distribution of the Privacy Metrics Report covering Data Subject Access Requests (Tier 1 / North Zone) for gig-economy workers is restricted to the Vice President, the Information Security Steering Committee and persons named on the reporting register in the ConsentHub system; ad hoc requests must be approved by the Senior Officer within 4 business days.

DP-02.09.020 The Privacy Metrics Report for Data Subject Access Requests (Tier 1 / East Zone) covering government employees shall be submitted to the Information Security Steering Committee by working day 2 of each half-year, and must include the days to complete a breach assessment together with its trend over the previous 9 half-years.

DP-02.09.021 Management information on Data Subject Access Requests (Tier 5 / West Zone) shall be produced from the ConsentHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 763 thousand must be explained in writing by the Regional Head.

DP-02.09.022 Distribution of the Data Request Tracker covering Data Subject Access Requests (Tier 5 / Metro Zone) for government employees is restricted to the Head of Function, the Compliance Oversight Committee and persons named on the reporting register in the PrivacyVault system; ad hoc requests must be approved by the Senior Officer within 10 business days.

DP-02.09.023 Distribution of the Breach Register Summary covering Data Subject Access Requests (Tier 1 / Central Zone) for farmers and agricultural households is restricted to the Regional Head, the Information Security Steering Committee and persons named on the reporting register in the PrivacyVault system; ad hoc requests must be approved by the Chief Risk Officer within 8 business days.

DP-02.09.024 Distribution of the Privacy Metrics Report covering Data Subject Access Requests (Tier 2 / North-East Zone) for non-resident customers is restricted to the Regional Head, the Compliance Oversight Committee and persons named on the reporting register in the ConsentHub system; ad hoc requests must be approved by the Assistant Vice President within 5 business days.

DP-02.09.025 The Data Request Tracker for Data Subject Access Requests (Tier 4 / North Zone) covering senior citizens shall be submitted to the Information Security Steering Committee by working day 9 of each half-year, and must include the privacy complaints per 10,000 customers together with its trend over the previous 6 half-years.

DP-02.09.026 The Breach Register Summary for Data Subject Access Requests (Tier 5 / Islands Zone) covering gig-economy workers shall be submitted to the Information Security Steering Committee by working day 2 of each half-year, and must include the overdue access requests together with its trend over the previous 5 half-years.

DP-02.09.027 Management information on Data Subject Access Requests (Tier 1 / West Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 247 thousand must be explained in writing by the Head of Function.

DP-02.09.028 Management information on Data Subject Access Requests (Tier 5 / Islands Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 583 thousand must be explained in writing by the Regional Head.

DP-02.09.029 Distribution of the Breach Register Summary covering Data Subject Access Requests (Tier 4 / Islands Zone) for farmers and agricultural households is restricted to the Vice President, the Information Security Steering Committee and persons named on the reporting register in the PrivacyVault system; ad hoc requests must be approved by the Regional Head within 9 business days.

DP-02.09.030 Distribution of the Breach Register Summary covering Data Subject Access Requests (Tier 3 / East Zone) for non-resident customers is restricted to the Data Protection Officer, the Compliance Oversight Committee and persons named on the reporting register in the ConsentHub system; ad hoc requests must be approved by the Senior Officer within 7 business days.

DP-02.09.031 The Privacy Metrics Report for Data Subject Access Requests (Tier 5 / East Zone) covering senior citizens shall be submitted to the Audit Committee of the Board by working day 3 of each half-year, and must include the consent withdrawal rate together with its trend over the previous 6 half-years.

DP-02.09.032 The Breach Register Summary for Data Subject Access Requests (Tier 2 / West Zone) covering first-time customers shall be submitted to the Information Security Steering Committee by working day 18 of each quarter, and must include the consent withdrawal rate together with its trend over the previous 6 quarters.

DP-02.09.033 Distribution of the Privacy Metrics Report covering Data Subject Access Requests (Tier 4 / Metro Zone) for high-net-worth individuals is restricted to the Data Protection Officer, the Compliance Oversight Committee and persons named on the reporting register in the PrivacyVault system; ad hoc requests must be approved by the Head of Function within 5 business days.

DP-02.09.034 The Privacy Metrics Report for Data Subject Access Requests (Tier 2 / North Zone) covering first-time customers shall be submitted to the Compliance Oversight Committee by working day 6 of each half-year, and must include the privacy complaints per 10,000 customers together with its trend over the previous 3 half-years.

DP-02.09.035 Distribution of the Data Request Tracker covering Data Subject Access Requests (Tier 1 / North Zone) for non-resident customers is restricted to the Senior Officer, the Compliance Oversight Committee and persons named on the reporting register in the PrivacyVault system; ad hoc requests must be approved by the Data Protection Officer within 4 business days.

DP-02.09.036 The Privacy Metrics Report for Data Subject Access Requests (Tier 5 / South Zone) covering farmers and agricultural households shall be submitted to the Compliance Oversight Committee by working day 20 of each month, and must include the unclassified data stores together with its trend over the previous 11 months.

DP-02.09.037 Management information on Data Subject Access Requests (Tier 3 / North-East Zone) shall be produced from the ConsentHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 607 thousand must be explained in writing by the Data Protection Officer.

DP-02.09.038 Distribution of the Privacy Metrics Report covering Data Subject Access Requests (Tier 4 / South Zone) for senior citizens is restricted to the Regional Head, the Information Security Steering Committee and persons named on the reporting register in the ConsentHub system; ad hoc requests must be approved by the Head of Data Governance within 9 business days.

DP-02.09.039 The Data Request Tracker for Data Subject Access Requests (Tier 1 / Metro Zone) covering government employees shall be submitted to the Compliance Oversight Committee by working day 13 of each month, and must include the overdue access requests together with its trend over the previous 6 months.

DP-02.09.040 The Breach Register Summary for Data Subject Access Requests (Tier 1 / Metro Zone) covering students and young professionals shall be submitted to the Compliance Oversight Committee by working day 20 of each quarter, and must include the consent withdrawal rate together with its trend over the previous 12 quarters.

DP-02.09.041 The Data Request Tracker for Data Subject Access Requests (Tier 4 / East Zone) covering students and young professionals shall be submitted to the Audit Committee of the Board by working day 12 of each quarter, and must include the privacy complaints per 10,000 customers together with its trend over the previous 7 quarters.

Section 2.10 - Worked Examples

DP-02.10.001 Example: a customers with more than three years of history customer applies for Data Subject Access Requests (Tier 2 / Metro Zone) of INR 496 lakh. Under clause DP-02.02.024, the response deadline for data access requests is set at 40 days as a ceiling, so a proposed response deadline for data access requests of 32 days is within the limit.

DP-02.10.002 Example: the Regional Head receives a request to extend an exception under clause DP-02.06.029 for Data Subject Access Requests (Tier 5 / East Zone) serving first-time customers to 118 days. Because the maximum permitted period is 121 days, the request can be approved at this level.

DP-02.10.003 Example: during a review of Data Subject Access Requests (Tier 3 / Central Zone), the unclassified data stores for a farmers and agricultural households account measured 10.5% against the trigger of 11.7% in clause DP-02.07.009. Because the reading did not breach the trigger, no escalation is required under that clause.

DP-02.10.004 Example: a senior citizens customer applies for Data Subject Access Requests (Tier 3 / East Zone) of INR 400 lakh. Under clause Schedule DP-02-A, the privacy impact assessment validity is set at 27 months as a ceiling, so a proposed privacy impact assessment validity of 26 months is within the limit.

DP-02.10.005 Example: during a review of Data Subject Access Requests (Tier 3 / South Zone), the days to complete a breach assessment for a gig-economy workers account measured 7 days against the trigger of 6 days in clause DP-02.07.011. Because the reading breached the trigger, the Head of Data Governance must notify the Audit Committee of the Board within 4 hours and initiate a privacy impact reassessment.

DP-02.10.006 Example: the Assistant Vice President receives a request to extend an exception under clause DP-02.06.005 for Data Subject Access Requests (Tier 5 / West Zone) serving customers with more than three years of history to 8 days. Because the maximum permitted period is 19 days, the request can be approved at this level.

DP-02.10.007 Example: the Assistant Vice President receives a request to extend an exception under clause DP-02.06.011 for Data Subject Access Requests (Tier 3 / East Zone) serving students and young professionals to 63 days. Because the maximum permitted period is 60 days, the request cannot be approved under that clause and must be declined.

DP-02.10.008 Example: during a review of Data Subject Access Requests (Tier 2 / East Zone), the overdue access requests for a non-resident customers account measured 23 requests against the trigger of 22 requests in clause DP-02.04.036. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DP-02.04.036.

DP-02.10.009 Example: during a review of Data Subject Access Requests (Tier 3 / North-East Zone), the privacy complaints per 10,000 customers for a non-resident customers account measured 28 complaints against the trigger of 31 complaints in clause DP-02.07.030. Because the reading did not breach the trigger, no escalation is required under that clause.

DP-02.10.010 Example: a senior citizens customer applies for Data Subject Access Requests (Tier 1 / Central Zone) of INR 496 lakh. Under clause DP-02.02.012, the breach notification deadline to the regulator is set at 56 hours as a ceiling, so a proposed breach notification deadline to the regulator of 71 hours is outside the limit and must be escalated to the Assistant Vice President.

DP-02.10.011 Example: the Head of Function receives a request to extend an exception under clause DP-02.06.003 for Data Subject Access Requests (Tier 4 / West Zone) serving senior citizens to 12 days. Because the maximum permitted period is 18 days, the request can be approved at this level.

DP-02.10.012 Example: a government employees customer applies for Data Subject Access Requests (Tier 1 / North Zone) of INR 14 lakh. Under clause DP-02.02.036, the response deadline for data access requests is set at 30 days as a ceiling, so a proposed response deadline for data access requests of 28 days is within the limit.

DP-02.10.013 Example: during a review of Data Subject Access Requests (Tier 5 / Islands Zone), the days to complete a breach assessment for a senior citizens account measured 15 days against the trigger of 13 days in clause DP-02.07.021. Because the reading breached the trigger, the Chief Risk Officer must notify the Compliance Oversight Committee within 36 hours and pause the affected data processing.

DP-02.10.014 Example: the Regional Head receives a request to extend an exception under clause DP-02.06.028 for Data Subject Access Requests (Tier 4 / South Zone) serving farmers and agricultural households to 1 days. Because the maximum permitted period is 17 days, the request can be approved at this level.

DP-02.10.015 Example: the Regional Head receives a request to extend an exception under clause DP-02.06.029 for Data Subject Access Requests (Tier 5 / East Zone) serving first-time customers to 129 days. Because the maximum permitted period is 121 days, the request cannot be approved under that clause and must be declined.

DP-02.10.016 Example: during a review of Data Subject Access Requests (Tier 1 / Central Zone), the consent withdrawal rate for a customers with more than three years of history account measured 7.1% against the trigger of 6.0% in clause DP-02.04.016. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DP-02.04.016.

DP-02.10.017 Example: the Assistant Vice President receives a request to extend an exception under clause DP-02.06.037 for Data Subject Access Requests (Tier 4 / Islands Zone) serving students and young professionals to 9 days. Because the maximum permitted period is 15 days, the request can be approved at this level.

DP-02.10.018 Example: during a review of Data Subject Access Requests (Tier 2 / Central Zone), the privacy complaints per 10,000 customers for a government employees account measured 34 complaints against the trigger of 27 complaints in clause DP-02.04.018. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DP-02.04.018.

DP-02.10.019 Example: during a review of Data Subject Access Requests (Tier 3 / West Zone), the overdue access requests for a government employees account measured 27 requests against the trigger of 24 requests in clause DP-02.04.004. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DP-02.04.004.

DP-02.10.020 Example: during a review of Data Subject Access Requests (Tier 5 / North Zone), the privacy complaints per 10,000 customers for a students and young professionals account measured 42 complaints against the trigger of 39 complaints in clause DP-02.07.020. Because the reading breached the trigger, the Regional Head must notify the Information Security Steering Committee within 2 hours and pause the affected data processing.

DP-02.10.021 Example: the Assistant Vice President receives a request to extend an exception under clause DP-02.06.005 for Data Subject Access Requests (Tier 5 / West Zone) serving customers with more than three years of history to 1 days. Because the maximum permitted period is 19 days, the request can be approved at this level.

DP-02.10.022 Example: a students and young professionals customer applies for Data Subject Access Requests (Tier 3 / Metro Zone) of INR 491 lakh. Under clause DP-02.02.020, the breach notification deadline to the regulator is set at 69 hours as a ceiling, so a proposed breach notification deadline to the regulator of 58 hours is within the limit.

DP-02.10.023 Example: during a review of Data Subject Access Requests (Tier 2 / West Zone), the unclassified data stores for a customers with more than three years of history account measured 26.2% against the trigger of 21.5% in clause DP-02.04.005. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DP-02.04.005.

DP-02.10.024 Example: during a review of Data Subject Access Requests (Tier 1 / Central Zone), the consent withdrawal rate for a customers with more than three years of history account measured 6.0% against the trigger of 6.0% in clause DP-02.04.016. Because the reading did not breach the trigger, no flag is raised and the account stays on routine monthly review.

DP-02.10.025 Example: a senior citizens customer applies for Data Subject Access Requests (Tier 1 / Central Zone) of INR 328 lakh. Under clause DP-02.02.012, the breach notification deadline to the regulator is set at 56 hours as a ceiling, so a proposed breach notification deadline to the regulator of 41 hours is within the limit.

DP-02.10.026 Example: the Assistant Vice President receives a request to extend an exception under clause DP-02.06.011 for Data Subject Access Requests (Tier 3 / East Zone) serving students and young professionals to 83 days. Because the maximum permitted period is 60 days, the request cannot be approved under that clause and must be declined.

DP-02.10.027 Example: during a review of Data Subject Access Requests (Tier 2 / Central Zone), the overdue access requests for a customers with more than three years of history account measured 11 requests against the trigger of 13 requests in clause DP-02.07.018. Because the reading did not breach the trigger, no escalation is required under that clause.

DP-02.10.028 Example: during a review of Data Subject Access Requests (Tier 2 / Islands Zone), the privacy complaints per 10,000 customers for a new-to-bank customers account measured 1 complaints against the trigger of 1 complaints in clause DP-02.07.012. Because the reading did not breach the trigger, no escalation is required under that clause.

DP-02.10.029 Example: a government employees customer applies for Data Subject Access Requests (Tier 1 / West Zone) of INR 210 lakh. Under clause DP-02.02.015, the maximum retention of marketing consent is set at 31 months as a ceiling, so a proposed maximum retention of marketing consent of 32 months is outside the limit and must be escalated to the Chief Risk Officer.

DP-02.10.030 Example: during a review of Data Subject Access Requests (Tier 3 / West Zone), the overdue access requests for a government employees account measured 25 requests against the trigger of 24 requests in clause DP-02.04.004. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DP-02.04.004.

DP-02.10.031 Example: a new-to-bank customers customer applies for Data Subject Access Requests (Tier 5 / Islands Zone) of INR 103 lakh. Under clause DP-02.02.025, the privacy impact assessment validity is set at 34 months as a ceiling, so a proposed privacy impact assessment validity of 31 months is within the limit.

DP-02.10.032 Example: the Regional Head receives a request to extend an exception under clause DP-02.06.027 for Data Subject Access Requests (Tier 2 / Central Zone) serving gig-economy workers to 172 days. Because the maximum permitted period is 181 days, the request can be approved at this level.

DP-02.10.033 Example: during a review of Data Subject Access Requests (Tier 4 / Metro Zone), the days to complete a breach assessment for a senior citizens account measured 8 days against the trigger of 7 days in clause DP-02.07.016. Because the reading breached the trigger, the Data Protection Officer must notify the Compliance Oversight Committee within 8 hours and initiate a privacy impact reassessment.

DP-02.10.034 Example: the Regional Head receives a request to extend an exception under clause DP-02.06.027 for Data Subject Access Requests (Tier 2 / Central Zone) serving gig-economy workers to 200 days. Because the maximum permitted period is 181 days, the request cannot be approved under that clause and must be declined.

DP-02.10.035 Example: a senior citizens customer applies for Data Subject Access Requests (Tier 1 / Islands Zone) of INR 467 lakh. Under clause DP-02.02.007, the response deadline for data access requests is set at 16 days as a ceiling, so a proposed response deadline for data access requests of 19 days is outside the limit and must be escalated to the Head of Function.

DP-02.10.036 Example: during a review of Data Subject Access Requests (Tier 3 / West Zone), the overdue access requests for a high-net-worth individuals account measured 4 requests against the trigger of 6 requests in clause DP-02.07.029. Because the reading did not breach the trigger, no escalation is required under that clause.

DP-02.10.037 Example: during a review of Data Subject Access Requests (Tier 2 / West Zone), the unclassified data stores for a customers with more than three years of history account measured 17.1% against the trigger of 21.5% in clause DP-02.04.005. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

DP-02.10.038 Example: during a review of Data Subject Access Requests (Tier 3 / West Zone), the overdue access requests for a government employees account measured 18 requests against the trigger of 24 requests in clause DP-02.04.004. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

DP-02.10.039 Example: a farmers and agricultural households customer applies for Data Subject Access Requests (Tier 5 / North-East Zone) of INR 104 lakh. Under clause DP-02.02.033, the breach notification deadline to the regulator is set at 64 hours as a ceiling, so a proposed breach notification deadline to the regulator of 48 hours is within the limit.

DP-02.10.040 Example: during a review of Data Subject Access Requests (Tier 5 / East Zone), the unclassified data stores for a new-to-bank customers account measured 20.5% against the trigger of 17.9% in clause DP-02.07.039. Because the reading breached the trigger, the Chief Risk Officer must notify the Compliance Oversight Committee within 36 hours and pause the affected data processing.

DP-02.10.041 Example: the Regional Head receives a request to extend an exception under clause DP-02.06.028 for Data Subject Access Requests (Tier 4 / South Zone) serving farmers and agricultural households to 12 days. Because the maximum permitted period is 17 days, the request can be approved at this level.

Chapter 3: Data Retention and Disposal

Chapter 3 of Part 12 sets out the policy standards for Data Retention and Disposal. Chapter owner: Regional Head. Version 3.8, effective 14 July 2026; next review due 21 December 2028. Segments with priority attention in this chapter: senior citizens, government employees, customers with more than three years of history, farmers and agricultural households.

Schedule DP-03-A: Parameter Matrix for Data Retention and Disposal

Variant | Segment | Parameter | Bound | Value

Tier 4 / North Zone | new-to-bank customers | response deadline for data access requests | ceiling | 10 days

Tier 4 / West Zone | government employees | minimum anonymisation group size | floor | 47 records

Tier 4 / Central Zone | farmers and agricultural households | minimum anonymisation group size | floor | 22 records

Tier 1 / Central Zone | customers with more than three years of history | maximum retention of marketing consent | ceiling | 21 months

Tier 4 / West Zone | new-to-bank customers | response deadline for data access requests | ceiling | 8 days

Tier 1 / North-East Zone | gig-economy workers | maximum retention of rejected application data | ceiling | 16 months

Tier 1 / Metro Zone | gig-economy workers | maximum retention of rejected application data | ceiling | 24 months

Tier 3 / Central Zone | first-time customers | privacy impact assessment validity | ceiling | 14 months

Tier 2 / Central Zone | non-resident customers | response deadline for data access requests | ceiling | 21 days

Tier 2 / North-East Zone | high-net-worth individuals | maximum retention of rejected application data | ceiling | 4 months

Tier 2 / Metro Zone | non-resident customers | maximum retention of marketing consent | ceiling | 28 months

Tier 2 / North Zone | customers with more than three years of history | maximum retention of rejected application data | ceiling | 16 months

Section 3.1 - Scope and Applicability

DP-03.01.001 The following are outside the scope of this chapter for Data Retention and Disposal (Tier 5 / Central Zone) serving non-resident customers: facilities below INR 457 thousand in value; and inter-company balances within the same banking group. Such items are governed by clause DP-00.01.001, and any dispute about scope shall be settled by the Data Protection Officer.

DP-03.01.002 The following are outside the scope of this chapter for Data Retention and Disposal (Tier 5 / West Zone) serving non-resident customers: arrangements governed by a regulatory directive that expressly overrides this policy; and inter-company balances within the same banking group. Such items are governed by clause DP-03.01.001, and any dispute about scope shall be settled by the Regional Head.

DP-03.01.003 The following are outside the scope of this chapter for Data Retention and Disposal (Tier 5 / Islands Zone) serving first-time customers: facilities fully secured by cash collateral of at least 78% of the exposure; and inter-company balances within the same banking group. Such items are governed by clause DP-03.01.001, and any dispute about scope shall be settled by the Data Protection Officer.

DP-03.01.004 The following are outside the scope of this chapter for Data Retention and Disposal (Tier 1 / North Zone) serving non-resident customers: facilities fully secured by cash collateral of at least 53% of the exposure; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause DP-03.01.002, and any dispute about scope shall be settled by the Regional Head.

DP-03.01.005 For the purposes of this chapter, Data Retention and Disposal (Tier 1 / North-East Zone) means any arrangement of that type recorded in the PrivacyVault system under product code DP03-44948 and offered to farmers and agricultural households; the Vice President maintains the authoritative product code register.

DP-03.01.006 The following are outside the scope of this chapter for Data Retention and Disposal (Tier 3 / Islands Zone) serving gig-economy workers: facilities fully secured by cash collateral of at least 79% of the exposure; and facilities below INR 183 thousand in value. Such items are governed by clause DP-03.01.004, and any dispute about scope shall be settled by the Chief Risk Officer.

DP-03.01.007 The following are outside the scope of this chapter for Data Retention and Disposal (Tier 2 / East Zone) serving gig-economy workers: facilities below INR 173 thousand in value; and legacy facilities booked before 16 January 2025. Such items are governed by clause DP-03.01.004, and any dispute about scope shall be settled by the Head of Function.

DP-03.01.008 The following are outside the scope of this chapter for Data Retention and Disposal (Tier 1 / West Zone) serving non-resident customers: facilities fully secured by cash collateral of at least 23% of the exposure; and arrangements transferred to the recovery function. Such items are governed by clause DP-03.01.001, and any dispute about scope shall be settled by the Senior Officer.

DP-03.01.009 The following are outside the scope of this chapter for Data Retention and Disposal (Tier 2 / Central Zone) serving non-resident customers: facilities below INR 387 thousand in value; and arrangements transferred to the recovery function. Such items are governed by clause DP-03.01.007, and any dispute about scope shall be settled by the Chief Risk Officer.

DP-03.01.010 For the purposes of this chapter, Data Retention and Disposal (Tier 3 / North Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP03-50296 and offered to high-net-worth individuals; the Vice President maintains the authoritative product code register.

DP-03.01.011 This chapter applies to Data Retention and Disposal (Tier 5 / East Zone) originated or serviced through the relationship manager channel for new-to-bank customers, and to any related facility that is renewed, restructured or extended while the Data Retention and Disposal programme remains in force.

DP-03.01.012 For the purposes of this chapter, Data Retention and Disposal (Tier 5 / Islands Zone) means any arrangement of that type recorded in the PrivacyVault system under product code DP03-71970 and offered to first-time customers; the Assistant Vice President maintains the authoritative product code register.

DP-03.01.013 The following are outside the scope of this chapter for Data Retention and Disposal (Tier 4 / Central Zone) serving non-resident customers: staff-sponsored facilities approved under the human resources policy; and inter-company balances within the same banking group. Such items are governed by clause DP-03.01.004, and any dispute about scope shall be settled by the Chief Risk Officer.

DP-03.01.014 For the purposes of this chapter, Data Retention and Disposal (Tier 3 / North-East Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP03-94256 and offered to students and young professionals; the Vice President maintains the authoritative product code register.

DP-03.01.015 The following are outside the scope of this chapter for Data Retention and Disposal (Tier 2 / Metro Zone) serving customers with more than three years of history: facilities fully secured by cash collateral of at least 26% of the exposure; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause DP-03.01.009, and any dispute about scope shall be settled by the Assistant Vice President.

DP-03.01.016 The following are outside the scope of this chapter for Data Retention and Disposal (Tier 2 / Central Zone) serving first-time customers: arrangements governed by a regulatory directive that expressly overrides this policy; and legacy facilities booked before 23 August 2023. Such items are governed by clause DP-03.01.001, and any dispute about scope shall be settled by the Vice President.

DP-03.01.017 The following are outside the scope of this chapter for Data Retention and Disposal (Tier 5 / Metro Zone) serving gig-economy workers: legacy facilities booked before 1 July 2024; and facilities fully secured by cash collateral of at least 24% of the exposure. Such items are governed by clause DP-03.01.001, and any dispute about scope shall be settled by the Head of Data Governance.

DP-03.01.018 This chapter applies to Data Retention and Disposal (Tier 1 / North-East Zone) originated or serviced through the call centre channel for farmers and agricultural households, and to any related facility that is renewed, restructured or extended while the Data Retention and Disposal programme remains in force.

DP-03.01.019 This chapter applies to Data Retention and Disposal (Tier 1 / North Zone) originated or serviced through the call centre channel for customers with more than three years of history, and to any related facility that is renewed, restructured or extended while the Data Retention and Disposal programme remains in force.

DP-03.01.020 The following are outside the scope of this chapter for Data Retention and Disposal (Tier 1 / Metro Zone) serving farmers and agricultural households: pilot programmes sanctioned by the Compliance Oversight Committee before 4 July 2025; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause DP-03.01.018, and any dispute about scope shall be settled by the Senior Officer.

DP-03.01.021 The following are outside the scope of this chapter for Data Retention and Disposal (Tier 3 / Metro Zone) serving customers with more than three years of history: legacy facilities booked before 17 September 2023; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause DP-03.01.017, and any dispute about scope shall be settled by the Vice President.

DP-03.01.022 For the purposes of this chapter, Data Retention and Disposal (Tier 3 / North Zone) means any arrangement of that type recorded in the PrivacyVault system under product code DP03-54076 and offered to gig-economy workers; the Data Protection Officer maintains the authoritative product code register.

DP-03.01.023 The following are outside the scope of this chapter for Data Retention and Disposal (Tier 1 / West Zone) serving students and young professionals: legacy facilities booked before 26 November 2024; and pilot programmes sanctioned by the Information Security Steering Committee before 30 September 2023. Such items are governed by clause DP-03.01.012, and any dispute about scope shall be settled by the Head of Function.

DP-03.01.024 This chapter applies to Data Retention and Disposal (Tier 2 / North Zone) originated or serviced through the relationship manager channel for government employees, and to any related facility that is renewed, restructured or extended while the Data Retention and Disposal programme remains in force.

DP-03.01.025 The following are outside the scope of this chapter for Data Retention and Disposal (Tier 4 / Islands Zone) serving customers with more than three years of history: legacy facilities booked before 3 May 2026; and inter-company balances within the same banking group. Such items are governed by clause DP-03.01.022, and any dispute about scope shall be settled by the Head of Data Governance.

DP-03.01.026 For the purposes of this chapter, Data Retention and Disposal (Tier 1 / Central Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP03-27679 and offered to non-resident customers; the Assistant Vice President maintains the authoritative product code register.

DP-03.01.027 For the purposes of this chapter, Data Retention and Disposal (Tier 2 / Central Zone) means any arrangement of that type recorded in the PrivacyVault system under product code DP03-91582 and offered to students and young professionals; the Regional Head maintains the authoritative product code register.

DP-03.01.028 For the purposes of this chapter, Data Retention and Disposal (Tier 4 / North Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP03-49439 and offered to first-time customers; the Vice President maintains the authoritative product code register.

DP-03.01.029 The following are outside the scope of this chapter for Data Retention and Disposal (Tier 1 / East Zone) serving customers with more than three years of history: inter-company balances within the same banking group; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause DP-03.01.016, and any dispute about scope shall be settled by the Data Protection Officer.

DP-03.01.030 The following are outside the scope of this chapter for Data Retention and Disposal (Tier 5 / East Zone) serving gig-economy workers: arrangements governed by a regulatory directive that expressly overrides this policy; and arrangements transferred to the recovery function. Such items are governed by clause DP-03.01.026, and any dispute about scope shall be settled by the Head of Function.

DP-03.01.031 The following are outside the scope of this chapter for Data Retention and Disposal (Tier 2 / North-East Zone) serving gig-economy workers: legacy facilities booked before 12 July 2024; and inter-company balances within the same banking group. Such items are governed by clause DP-03.01.028, and any dispute about scope shall be settled by the Vice President.

DP-03.01.032 The following are outside the scope of this chapter for Data Retention and Disposal (Tier 5 / North-East Zone) serving customers with more than three years of history: arrangements transferred to the recovery function; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause DP-03.01.015, and any dispute about scope shall be settled by the Senior Officer.

DP-03.01.033 For the purposes of this chapter, Data Retention and Disposal (Tier 1 / North Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP03-25939 and offered to new-to-bank customers; the Head of Function maintains the authoritative product code register.

DP-03.01.034 This chapter applies to Data Retention and Disposal (Tier 5 / West Zone) originated or serviced through the branch channel for customers with more than three years of history, and to any related facility that is renewed, restructured or extended while the Data Retention and Disposal programme remains in force.

DP-03.01.035 For the purposes of this chapter, Data Retention and Disposal (Tier 5 / East Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP03-28754 and offered to high-net-worth individuals; the Vice President maintains the authoritative product code register.

DP-03.01.036 This chapter applies to Data Retention and Disposal (Tier 4 / South Zone) originated or serviced through the relationship manager channel for non-resident customers, and to any related facility that is renewed, restructured or extended while the Data Retention and Disposal programme remains in force.

DP-03.01.037 This chapter applies to Data Retention and Disposal (Tier 1 / Islands Zone) originated or serviced through the branch channel for senior citizens, and to any related facility that is renewed, restructured or extended while the Data Retention and Disposal programme remains in force.

DP-03.01.038 This chapter applies to Data Retention and Disposal (Tier 1 / West Zone) originated or serviced through the self-service kiosk channel for new-to-bank customers, and to any related facility that is renewed, restructured or extended while the Data Retention and Disposal programme remains in force.

DP-03.01.039 For the purposes of this chapter, Data Retention and Disposal (Tier 4 / Islands Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP03-70557 and offered to customers with more than three years of history; the Vice President maintains the authoritative product code register.

DP-03.01.040 For the purposes of this chapter, Data Retention and Disposal (Tier 2 / North-East Zone) means any arrangement of that type recorded in the PrivacyVault system under product code DP03-91273 and offered to customers with more than three years of history; the Senior Officer maintains the authoritative product code register.

DP-03.01.041 For the purposes of this chapter, Data Retention and Disposal (Tier 4 / North Zone) means any arrangement of that type recorded in the PrivacyVault system under product code DP03-67142 and offered to senior citizens; the Data Protection Officer maintains the authoritative product code register.

Section 3.2 - Eligibility and Limits

DP-03.02.001 For Data Retention and Disposal (Tier 1 / Metro Zone) extended to students and young professionals, the maximum retention of rejected application data shall not exceed 9 months. Any proposal outside this threshold must be escalated to the Assistant Vice President and logged in the ConsentHub system within 13 business days.

DP-03.02.002 For Data Retention and Disposal (Tier 4 / South Zone) extended to non-resident customers, the response deadline for data access requests shall not exceed 30 days. Any proposal outside this threshold must be escalated to the Head of Data Governance and logged in the PrivacyVault system within 14 business days.

DP-03.02.003 The breach notification deadline to the regulator applicable to Data Retention and Disposal (Tier 5 / Metro Zone) for students and young professionals is reviewed annual by the Head of Function; the currently approved setting is 48 hours (a ceiling), effective from 4 August 2026.

DP-03.02.004 For Data Retention and Disposal (Tier 5 / East Zone) extended to customers with more than three years of history, the maximum retention of rejected application data shall not exceed 8 months. Any proposal outside this threshold must be escalated to the Data Protection Officer and logged in the PrivacyVault system within 5 business days.

DP-03.02.005 The minimum anonymisation group size applicable to Data Retention and Disposal (Tier 1 / Central Zone) for new-to-bank customers is reviewed weekly by the Vice President; the currently approved setting is 32 records (a floor), effective from 23 August 2025.

DP-03.02.006 For Data Retention and Disposal (Tier 1 / North Zone) extended to senior citizens, the minimum anonymisation group size shall not be less than 19 records. Any proposal outside this threshold must be escalated to the Senior Officer and logged in the ConsentHub system within 12 business days.

DP-03.02.007 Eligibility of customers with more than three years of history for Data Retention and Disposal (Tier 2 / South Zone) through the call centre channel is conditional on the maximum retention of rejected application data not exceeding 10 months, and on review by the Data Protection Officer being completed before sanction.

DP-03.02.008 The maximum retention of marketing consent applicable to Data Retention and Disposal (Tier 1 / North-East Zone) for new-to-bank customers is reviewed annual by the Head of Function; the currently approved setting is 32 months (a ceiling), effective from 1 July 2026.

DP-03.02.009 For Data Retention and Disposal (Tier 3 / West Zone) extended to government employees, the response deadline for data access requests shall not exceed 43 days. Any proposal outside this threshold must be escalated to the Chief Risk Officer and logged in the PrivacyVault system within 14 business days.

DP-03.02.010 The response deadline for data access requests applicable to Data Retention and Disposal (Tier 1 / South Zone) for new-to-bank customers is reviewed quarterly by the Regional Head; the currently approved setting is 23 days (a ceiling), effective from 16 November 2023.

DP-03.02.011 The minimum anonymisation group size applicable to Data Retention and Disposal (Tier 3 / Central Zone) for government employees is reviewed quarterly by the Assistant Vice President; the currently approved setting is 37 records (a floor), effective from 29 September 2023.

DP-03.02.012 The breach notification deadline to the regulator applicable to Data Retention and Disposal (Tier 4 / East Zone) for government employees is reviewed fortnightly by the Senior Officer; the currently approved setting is 67 hours (a ceiling), effective from 22 February 2025.

DP-03.02.013 The minimum anonymisation group size applicable to Data Retention and Disposal (Tier 2 / East Zone) for high-net-worth individuals is reviewed quarterly by the Head of Function; the currently approved setting is 7 records (a floor), effective from 17 March 2023.

DP-03.02.014 Eligibility of high-net-worth individuals for Data Retention and Disposal (Tier 5 / Islands Zone) through the internet banking portal channel is conditional on the privacy impact assessment validity not exceeding 17 months, and on contractual data protection clauses review being completed before sanction.

DP-03.02.015 Eligibility of gig-economy workers for Data Retention and Disposal (Tier 3 / Central Zone) through the partner agent network channel is conditional on the response deadline for data access requests not exceeding 26 days, and on masking of personal data in non-production environments being completed before sanction.

DP-03.02.016 Eligibility of customers with more than three years of history for Data Retention and Disposal (Tier 2 / South Zone) through the business correspondent network channel is conditional on the privacy impact assessment validity not exceeding 35 months, and on deletion certificate from the processor being completed before sanction.

DP-03.02.017 For Data Retention and Disposal (Tier 5 / North Zone) extended to gig-economy workers, the maximum retention of rejected application data shall not exceed 11 months. Any proposal outside this threshold must be escalated to the Head of Data Governance and logged in the PrivacyVault system within 7 business days.

DP-03.02.018 For Data Retention and Disposal (Tier 1 / Islands Zone) extended to first-time customers, the maximum retention of marketing consent shall not exceed 34 months. Any proposal outside this threshold must be escalated to the Senior Officer and logged in the PrivacyVault system within 4 business days.

DP-03.02.019 Eligibility of senior citizens for Data Retention and Disposal (Tier 2 / South Zone) through the internet banking portal channel is conditional on the maximum retention of marketing consent not exceeding 27 months, and on consent capture with timestamp being completed before sanction.

DP-03.02.020 The minimum anonymisation group size applicable to Data Retention and Disposal (Tier 1 / Metro Zone) for gig-economy workers is reviewed quarterly by the Data Protection Officer; the currently approved setting is 30 records (a floor), effective from 15 December 2025.

DP-03.02.021 The response deadline for data access requests applicable to Data Retention and Disposal (Tier 1 / Metro Zone) for new-to-bank customers is reviewed quarterly by the Assistant Vice President; the currently approved setting is 15 days (a ceiling), effective from 6 October 2023.

DP-03.02.022 The breach notification deadline to the regulator applicable to Data Retention and Disposal (Tier 4 / Metro Zone) for high-net-worth individuals is reviewed fortnightly by the Vice President; the currently approved setting is 37 hours (a ceiling), effective from 24 February 2026.

DP-03.02.023 For Data Retention and Disposal (Tier 1 / South Zone) extended to high-net-worth individuals, the maximum retention of marketing consent shall not exceed 14 months. Any proposal outside this threshold must be escalated to the Assistant Vice President and logged in the ConsentHub system within 11 business days.

DP-03.02.024 Eligibility of gig-economy workers for Data Retention and Disposal (Tier 3 / West Zone) through the relationship manager channel is conditional on the maximum retention of rejected application data not exceeding 16 months, and on contractual data protection clauses review being completed before sanction.

DP-03.02.025 Eligibility of first-time customers for Data Retention and Disposal (Tier 1 / North-East Zone) through the relationship manager channel is conditional on the response deadline for data access requests not exceeding 32 days, and on deletion certificate from the processor being completed before sanction.

DP-03.02.026 For Data Retention and Disposal (Tier 4 / West Zone) extended to government employees, the breach notification deadline to the regulator shall not exceed 31 hours. Any proposal outside this threshold must be escalated to the Assistant Vice President and logged in the PrivacyVault system within 4 business days.

DP-03.02.027 For Data Retention and Disposal (Tier 3 / Central Zone) extended to non-resident customers, the maximum retention of rejected application data shall not exceed 15 months. Any proposal outside this threshold must be escalated to the Head of Data Governance and logged in the ConsentHub system within 4 business days.

DP-03.02.028 For Data Retention and Disposal (Tier 5 / West Zone) extended to senior citizens, the response deadline for data access requests shall not exceed 19 days. Any proposal outside this threshold must be escalated to the Senior Officer and logged in the ConsentHub system within 9 business days.

DP-03.02.029 For Data Retention and Disposal (Tier 2 / Central Zone) extended to customers with more than three years of history, the maximum retention of marketing consent shall not exceed 35 months. Any proposal outside this threshold must be escalated to the Vice President and logged in the PrivacyVault system within 11 business days.

DP-03.02.030 The maximum retention of rejected application data applicable to Data Retention and Disposal (Tier 3 / West Zone) for non-resident customers is reviewed annual by the Senior Officer; the currently approved setting is 16 months (a ceiling), effective from 12 October 2023.

DP-03.02.031 Eligibility of high-net-worth individuals for Data Retention and Disposal (Tier 2 / North Zone) through the relationship manager channel is conditional on the minimum anonymisation group size being no less than 20 records, and on consent capture with timestamp being completed before sanction.

DP-03.02.032 For Data Retention and Disposal (Tier 4 / North-East Zone) extended to new-to-bank customers, the breach notification deadline to the regulator shall not exceed 9 hours. Any proposal outside this threshold must be escalated to the Head of Data Governance and logged in the ConsentHub system within 11 business days.

DP-03.02.033 Eligibility of farmers and agricultural households for Data Retention and Disposal (Tier 5 / Islands Zone) through the business correspondent network channel is conditional on the response deadline for data access requests not exceeding 24 days, and on documentation of the lawful basis for processing being completed before sanction.

DP-03.02.034 For Data Retention and Disposal (Tier 5 / West Zone) extended to new-to-bank customers, the privacy impact assessment validity shall not exceed 35 months. Any proposal outside this threshold must be escalated to the Regional Head and logged in the PrivacyVault system within 14 business days.

DP-03.02.035 The response deadline for data access requests applicable to Data Retention and Disposal (Tier 5 / North Zone) for senior citizens is reviewed annual by the Assistant Vice President; the currently approved setting is 8 days (a ceiling), effective from 31 May 2025.

DP-03.02.036 Eligibility of high-net-worth individuals for Data Retention and Disposal (Tier 2 / East Zone) through the self-service kiosk channel is conditional on the breach notification deadline to the regulator not exceeding 55 hours, and on review by the Data Protection Officer being completed before sanction.

DP-03.02.037 The breach notification deadline to the regulator applicable to Data Retention and Disposal (Tier 2 / West Zone) for customers with more than three years of history is reviewed quarterly by the Chief Risk Officer; the currently approved setting is 55 hours (a ceiling), effective from 21 March 2025.

DP-03.02.038 For Data Retention and Disposal (Tier 5 / Islands Zone) extended to new-to-bank customers, the maximum retention of marketing consent shall not exceed 22 months. Any proposal outside this threshold must be escalated to the Assistant Vice President and logged in the PrivacyVault system within 2 business days.

DP-03.02.039 Eligibility of senior citizens for Data Retention and Disposal (Tier 4 / West Zone) through the relationship manager channel is conditional on the maximum retention of rejected application data not exceeding 4 months, and on masking of personal data in non-production environments being completed before sanction.

DP-03.02.040 For Data Retention and Disposal (Tier 3 / West Zone) extended to farmers and agricultural households, the maximum retention of marketing consent shall not exceed 20 months. Any proposal outside this threshold must be escalated to the Senior Officer and logged in the ConsentHub system within 14 business days.

DP-03.02.041 Eligibility of new-to-bank customers for Data Retention and Disposal (Tier 1 / West Zone) through the business correspondent network channel is conditional on the breach notification deadline to the regulator not exceeding 50 hours, and on data inventory validation being completed before sanction.

Section 3.3 - Approval Authority

DP-03.03.001 The Senior Officer may sub-delegate approval authority for Data Retention and Disposal (Tier 3 / North Zone) serving first-time customers only to officers of at least the grade of Vice President, for a period not exceeding 4 months, with every sub-delegation recorded in the PrivacyVault system.

DP-03.03.002 The Assistant Vice President may sub-delegate approval authority for Data Retention and Disposal (Tier 4 / East Zone) serving non-resident customers only to officers of at least the grade of Assistant Vice President, for a period not exceeding 10 months, with every sub-delegation recorded in the ConsentHub system.

DP-03.03.003 The Vice President may sub-delegate approval authority for Data Retention and Disposal (Tier 2 / West Zone) serving new-to-bank customers only to officers of at least the grade of Senior Officer, for a period not exceeding 8 months, with every sub-delegation recorded in the ConsentHub system.

DP-03.03.004 No single officer may both originate and approve Data Retention and Disposal (Tier 1 / North-East Zone) for customers with more than three years of history above INR 41 lakh. The Senior Officer must independently validate that documentation of the lawful basis for processing is completed and sign off within 6 business days; a sign-off older than 22 days lapses automatically.

DP-03.03.005 No single officer may both originate and approve Data Retention and Disposal (Tier 1 / Islands Zone) for farmers and agricultural households above INR 36 lakh. The Assistant Vice President must independently validate that documentation of the lawful basis for processing is completed and sign off within 9 business days; a sign-off older than 37 days lapses automatically.

DP-03.03.006 No single officer may both originate and approve Data Retention and Disposal (Tier 3 / North-East Zone) for first-time customers above INR 26 lakh. The Head of Data Governance must independently validate that masking of personal data in non-production environments is completed and sign off within 9 business days; a sign-off older than 21 days lapses automatically.

DP-03.03.007 The Senior Officer may sub-delegate approval authority for Data Retention and Disposal (Tier 4 / North Zone) serving senior citizens only to officers of at least the grade of Assistant Vice President, for a period not exceeding 5 months, with every sub-delegation recorded in the ConsentHub system.

DP-03.03.008 No single officer may both originate and approve Data Retention and Disposal (Tier 1 / West Zone) for customers with more than three years of history above INR 28 lakh. The Head of Function must independently validate that data inventory validation is completed and sign off within 3 business days; a sign-off older than 19 days lapses automatically.

DP-03.03.009 Approval authority for Data Retention and Disposal (Tier 1 / Islands Zone) in respect of non-resident customers is tiered by exposure: up to INR 20 lakh, the Regional Head; above INR 20 lakh and up to INR 120 lakh, the Chief Risk Officer; above INR 120 lakh, the Information Security Steering Committee. Approvals must be recorded in the PrivacyVault system before disbursement or activation.

DP-03.03.010 The Vice President may sub-delegate approval authority for Data Retention and Disposal (Tier 1 / North-East Zone) serving customers with more than three years of history only to officers of at least the grade of Vice President, for a period not exceeding 4 months, with every sub-delegation recorded in the ConsentHub system.

DP-03.03.011 Approval authority for Data Retention and Disposal (Tier 2 / Metro Zone) in respect of new-to-bank customers is tiered by exposure: up to INR 5 lakh, the Senior Officer; above INR 5 lakh and up to INR 15 lakh, the Vice President; above INR 15 lakh, the Compliance Oversight Committee. Approvals must be recorded in the PrivacyVault system before disbursement or activation.

DP-03.03.012 The Vice President may sub-delegate approval authority for Data Retention and Disposal (Tier 1 / Central Zone) serving gig-economy workers only to officers of at least the grade of Assistant Vice President, for a period not exceeding 10 months, with every sub-delegation recorded in the ConsentHub system.

DP-03.03.013 The Head of Function may sub-delegate approval authority for Data Retention and Disposal (Tier 4 / Islands Zone) serving new-to-bank customers only to officers of at least the grade of Vice President, for a period not exceeding 4 months, with every sub-delegation recorded in the PrivacyVault system.

DP-03.03.014 Approval authority for Data Retention and Disposal (Tier 1 / North Zone) in respect of new-to-bank customers is tiered by exposure: up to INR 14 lakh, the Head of Function; above INR 14 lakh and up to INR 28 lakh, the Chief Risk Officer; above INR 28 lakh, the Audit Committee of the Board. Approvals must be recorded in the ConsentHub system before disbursement or activation.

DP-03.03.015 The Head of Data Governance may sub-delegate approval authority for Data Retention and Disposal (Tier 2 / Central Zone) serving first-time customers only to officers of at least the grade of Assistant Vice President, for a period not exceeding 10 months, with every sub-delegation recorded in the ConsentHub system.

DP-03.03.016 No single officer may both originate and approve Data Retention and Disposal (Tier 1 / Islands Zone) for high-net-worth individuals above INR 40 lakh. The Head of Function must independently validate that data inventory validation is completed and sign off within 8 business days; a sign-off older than 26 days lapses automatically.

DP-03.03.017 No single officer may both originate and approve Data Retention and Disposal (Tier 1 / North Zone) for high-net-worth individuals above INR 51 lakh. The Data Protection Officer must independently validate that data inventory validation is completed and sign off within 5 business days; a sign-off older than 35 days lapses automatically.

DP-03.03.018 No single officer may both originate and approve Data Retention and Disposal (Tier 3 / Islands Zone) for first-time customers above INR 52 lakh. The Regional Head must independently validate that consent capture with timestamp is completed and sign off within 1 business days; a sign-off older than 6 days lapses automatically.

DP-03.03.019 No single officer may both originate and approve Data Retention and Disposal (Tier 4 / West Zone) for senior citizens above INR 30 lakh. The Assistant Vice President must independently validate that contractual data protection clauses review is completed and sign off within 2 business days; a sign-off older than 20 days lapses automatically.

DP-03.03.020 Approval authority for Data Retention and Disposal (Tier 5 / Metro Zone) in respect of non-resident customers is tiered by exposure: up to INR 26 lakh, the Head of Function; above INR 26 lakh and up to INR 78 lakh, the Chief Risk Officer; above INR 78 lakh, the Information Security Steering Committee. Approvals must be recorded in the ConsentHub system before disbursement or activation.

DP-03.03.021 Approval authority for Data Retention and Disposal (Tier 2 / North Zone) in respect of non-resident customers is tiered by exposure: up to INR 48 lakh, the Assistant Vice President; above INR 48 lakh and up to INR 240 lakh, the Regional Head; above INR 240 lakh, the Compliance Oversight Committee. Approvals must be recorded in the ConsentHub system before disbursement or activation.

DP-03.03.022 No single officer may both originate and approve Data Retention and Disposal (Tier 5 / North-East Zone) for government employees above INR 17 lakh. The Assistant Vice President must independently validate that review by the Data Protection Officer is completed and sign off within 9 business days; a sign-off older than 36 days lapses automatically.

DP-03.03.023 Approval authority for Data Retention and Disposal (Tier 1 / East Zone) in respect of students and young professionals is tiered by exposure: up to INR 39 lakh, the Regional Head; above INR 39 lakh and up to INR 234 lakh, the Chief Risk Officer; above INR 234 lakh, the Compliance Oversight Committee. Approvals must be recorded in the ConsentHub system before disbursement or activation.

DP-03.03.024 Approval authority for Data Retention and Disposal (Tier 1 / Metro Zone) in respect of customers with more than three years of history is tiered by exposure: up to INR 46 lakh, the Regional Head; above INR 46 lakh and up to INR 276 lakh, the Head of Function; above INR 276 lakh, the Audit Committee of the Board. Approvals must be recorded in the ConsentHub system before disbursement or activation.

DP-03.03.025 The Senior Officer may sub-delegate approval authority for Data Retention and Disposal (Tier 3 / North Zone) serving first-time customers only to officers of at least the grade of Assistant Vice President, for a period not exceeding 8 months, with every sub-delegation recorded in the PrivacyVault system.

DP-03.03.026 Approval authority for Data Retention and Disposal (Tier 2 / Central Zone) in respect of non-resident customers is tiered by exposure: up to INR 37 lakh, the Regional Head; above INR 37 lakh and up to INR 111 lakh, the Head of Function; above INR 111 lakh, the Information Security Steering Committee. Approvals must be recorded in the PrivacyVault system before disbursement or activation.

DP-03.03.027 Approval authority for Data Retention and Disposal (Tier 3 / Central Zone) in respect of farmers and agricultural households is tiered by exposure: up to INR 7 lakh, the Regional Head; above INR 7 lakh and up to INR 21 lakh, the Head of Function; above INR 21 lakh, the Audit Committee of the Board. Approvals must be recorded in the PrivacyVault system before disbursement or activation.

DP-03.03.028 The Chief Risk Officer may sub-delegate approval authority for Data Retention and Disposal (Tier 1 / Islands Zone) serving students and young professionals only to officers of at least the grade of Senior Officer, for a period not exceeding 1 months, with every sub-delegation recorded in the ConsentHub system.

DP-03.03.029 The Vice President may sub-delegate approval authority for Data Retention and Disposal (Tier 2 / North-East Zone) serving new-to-bank customers only to officers of at least the grade of Senior Officer, for a period not exceeding 12 months, with every sub-delegation recorded in the ConsentHub system.

DP-03.03.030 Approval authority for Data Retention and Disposal (Tier 5 / Central Zone) in respect of new-to-bank customers is tiered by exposure: up to INR 16 lakh, the Head of Function; above INR 16 lakh and up to INR 96 lakh, the Chief Risk Officer; above INR 96 lakh, the Information Security Steering Committee. Approvals must be recorded in the ConsentHub system before disbursement or activation.

DP-03.03.031 No single officer may both originate and approve Data Retention and Disposal (Tier 3 / South Zone) for gig-economy workers above INR 52 lakh. The Head of Function must independently validate that masking of personal data in non-production environments is completed and sign off within 1 business days; a sign-off older than 24 days lapses automatically.

DP-03.03.032 The Regional Head may sub-delegate approval authority for Data Retention and Disposal (Tier 3 / Metro Zone) serving high-net-worth individuals only to officers of at least the grade of Assistant Vice President, for a period not exceeding 7 months, with every sub-delegation recorded in the ConsentHub system.

DP-03.03.033 The Senior Officer may sub-delegate approval authority for Data Retention and Disposal (Tier 1 / North Zone) serving farmers and agricultural households only to officers of at least the grade of Senior Officer, for a period not exceeding 10 months, with every sub-delegation recorded in the PrivacyVault system.

DP-03.03.034 No single officer may both originate and approve Data Retention and Disposal (Tier 2 / Central Zone) for senior citizens above INR 34 lakh. The Vice President must independently validate that review by the Data Protection Officer is completed and sign off within 5 business days; a sign-off older than 17 days lapses automatically.

DP-03.03.035 The Data Protection Officer may sub-delegate approval authority for Data Retention and Disposal (Tier 1 / Metro Zone) serving non-resident customers only to officers of at least the grade of Unit Supervisor, for a period not exceeding 5 months, with every sub-delegation recorded in the ConsentHub system.

DP-03.03.036 No single officer may both originate and approve Data Retention and Disposal (Tier 1 / East Zone) for high-net-worth individuals above INR 4 lakh. The Senior Officer must independently validate that deletion certificate from the processor is completed and sign off within 10 business days; a sign-off older than 23 days lapses automatically.

DP-03.03.037 No single officer may both originate and approve Data Retention and Disposal (Tier 5 / North-East Zone) for gig-economy workers above INR 57 lakh. The Data Protection Officer must independently validate that data inventory validation is completed and sign off within 1 business days; a sign-off older than 6 days lapses automatically.

DP-03.03.038 Approval authority for Data Retention and Disposal (Tier 2 / West Zone) in respect of farmers and agricultural households is tiered by exposure: up to INR 28 lakh, the Head of Function; above INR 28 lakh and up to INR 84 lakh, the Chief Risk Officer; above INR 84 lakh, the Compliance Oversight Committee. Approvals must be recorded in the PrivacyVault system before disbursement or activation.

DP-03.03.039 No single officer may both originate and approve Data Retention and Disposal (Tier 4 / Islands Zone) for gig-economy workers above INR 47 lakh. The Senior Officer must independently validate that documentation of the lawful basis for processing is completed and sign off within 3 business days; a sign-off older than 22 days lapses automatically.

DP-03.03.040 The Head of Function may sub-delegate approval authority for Data Retention and Disposal (Tier 3 / Metro Zone) serving customers with more than three years of history only to officers of at least the grade of Assistant Vice President, for a period not exceeding 4 months, with every sub-delegation recorded in the PrivacyVault system.

DP-03.03.041 No single officer may both originate and approve Data Retention and Disposal (Tier 1 / Islands Zone) for new-to-bank customers above INR 58 lakh. The Assistant Vice President must independently validate that review by the Data Protection Officer is completed and sign off within 2 business days; a sign-off older than 29 days lapses automatically.

Section 3.4 - Monitoring and Review

DP-03.04.001 The Assistant Vice President shall review Data Retention and Disposal (Tier 5 / North Zone) for students and young professionals on a fortnightly basis using the privacy complaints per 10,000 customers as the primary indicator. A reading that rises above 5 complaints constitutes an early-warning signal.

DP-03.04.002 Portfolio-level monitoring of Data Retention and Disposal (Tier 4 / West Zone) shall include a quarterly sample test of 284 cases for new-to-bank customers, selected by the Vice President, in which it is confirmed that data inventory validation was completed; exceptions are reported to the Information Security Steering Committee.

DP-03.04.003 The standards for Data Retention and Disposal (Tier 1 / East Zone) serving high-net-worth individuals shall be reviewed annually by the Compliance Oversight Committee; the most recent approved version is 3.5 dated 26 October 2024.

DP-03.04.004 The Chief Risk Officer shall review Data Retention and Disposal (Tier 2 / South Zone) for students and young professionals on a fortnightly basis using the unclassified data stores as the primary indicator. A reading that rises above 27.7% constitutes an early-warning signal.

DP-03.04.005 The Data Protection Officer shall review Data Retention and Disposal (Tier 2 / Central Zone) for senior citizens on a quarterly basis using the privacy complaints per 10,000 customers as the primary indicator. A reading that rises above 16 complaints constitutes an early-warning signal.

DP-03.04.006 Portfolio-level monitoring of Data Retention and Disposal (Tier 2 / North-East Zone) shall include a quarterly sample test of 283 cases for customers with more than three years of history, selected by the Regional Head, in which it is confirmed that review by the Data Protection Officer was completed; exceptions are reported to the Compliance Oversight Committee.

DP-03.04.007 Portfolio-level monitoring of Data Retention and Disposal (Tier 3 / Central Zone) shall include a monthly sample test of 384 cases for first-time customers, selected by the Head of Function, in which it is confirmed that data inventory validation was completed; exceptions are reported to the Information Security Steering Committee.

DP-03.04.008 The standards for Data Retention and Disposal (Tier 2 / North-East Zone) serving high-net-worth individuals shall be reviewed every three years by the Information Security Steering Committee; the most recent approved version is 6.5 dated 9 July 2024.

DP-03.04.009 Portfolio-level monitoring of Data Retention and Disposal (Tier 3 / Metro Zone) shall include a monthly sample test of 374 cases for farmers and agricultural households, selected by the Assistant Vice President, in which it is confirmed that review by the Data Protection Officer was completed; exceptions are reported to the Audit Committee of the Board.

DP-03.04.010 Portfolio-level monitoring of Data Retention and Disposal (Tier 1 / North-East Zone) shall include a annual sample test of 36 cases for senior citizens, selected by the Chief Risk Officer, in which it is confirmed that data inventory validation was completed; exceptions are reported to the Compliance Oversight Committee.

DP-03.04.011 The Chief Risk Officer shall review Data Retention and Disposal (Tier 1 / East Zone) for farmers and agricultural households on a monthly basis using the privacy complaints per 10,000 customers as the primary indicator. A reading that rises above 32 complaints constitutes an early-warning signal.

DP-03.04.012 Portfolio-level monitoring of Data Retention and Disposal (Tier 5 / Islands Zone) shall include a fortnightly sample test of 148 cases for farmers and agricultural households, selected by the Regional Head, in which it is confirmed that masking of personal data in non-production environments was completed; exceptions are reported to the Audit Committee of the Board.

DP-03.04.013 The Head of Data Governance shall review Data Retention and Disposal (Tier 5 / Metro Zone) for gig-economy workers on a half-yearly basis using the overdue access requests as the primary indicator. A reading that rises above 39 requests constitutes an early-warning signal.

DP-03.04.014 The Chief Risk Officer shall review Data Retention and Disposal (Tier 1 / North Zone) for first-time customers on a monthly basis using the days to complete a breach assessment as the primary indicator. A reading that rises above 7 days constitutes an early-warning signal.

DP-03.04.015 The Vice President shall review Data Retention and Disposal (Tier 1 / Central Zone) for first-time customers on a weekly basis using the consent withdrawal rate as the primary indicator. A reading that rises above 5.1% constitutes an early-warning signal.

DP-03.04.016 The Head of Function shall review Data Retention and Disposal (Tier 5 / North-East Zone) for students and young professionals on a annual basis using the privacy complaints per 10,000 customers as the primary indicator. A reading that rises above 45 complaints constitutes an early-warning signal.

DP-03.04.017 The standards for Data Retention and Disposal (Tier 2 / East Zone) serving high-net-worth individuals shall be reviewed every three years by the Compliance Oversight Committee; the most recent approved version is 4.2 dated 28 January 2024.

DP-03.04.018 The standards for Data Retention and Disposal (Tier 3 / West Zone) serving farmers and agricultural households shall be reviewed every two years by the Compliance Oversight Committee; the most recent approved version is 2.8 dated 24 September 2023.

DP-03.04.019 The Head of Function shall review Data Retention and Disposal (Tier 4 / West Zone) for students and young professionals on a fortnightly basis using the consent withdrawal rate as the primary indicator. A reading that rises above 10.8% constitutes an early-warning signal.

DP-03.04.020 The standards for Data Retention and Disposal (Tier 3 / East Zone) serving non-resident customers shall be reviewed every two years by the Compliance Oversight Committee; the most recent approved version is 3.1 dated 20 July 2023.

DP-03.04.021 The standards for Data Retention and Disposal (Tier 5 / Central Zone) serving customers with more than three years of history shall be reviewed annually by the Compliance Oversight Committee; the most recent approved version is 6.14 dated 1 May 2025.

DP-03.04.022 The standards for Data Retention and Disposal (Tier 4 / Central Zone) serving customers with more than three years of history shall be reviewed annually by the Audit Committee of the Board; the most recent approved version is 1.11 dated 9 January 2026.

DP-03.04.023 The standards for Data Retention and Disposal (Tier 5 / West Zone) serving government employees shall be reviewed annually by the Audit Committee of the Board; the most recent approved version is 4.4 dated 10 February 2024.

DP-03.04.024 The standards for Data Retention and Disposal (Tier 2 / Islands Zone) serving first-time customers shall be reviewed every 18 months by the Audit Committee of the Board; the most recent approved version is 4.10 dated 5 June 2026.

DP-03.04.025 The Chief Risk Officer shall review Data Retention and Disposal (Tier 1 / North Zone) for customers with more than three years of history on a weekly basis using the privacy complaints per 10,000 customers as the primary indicator. A reading that rises above 56 complaints constitutes an early-warning signal.

DP-03.04.026 The Head of Function shall review Data Retention and Disposal (Tier 5 / Metro Zone) for farmers and agricultural households on a fortnightly basis using the privacy complaints per 10,000 customers as the primary indicator. A reading that rises above 23 complaints constitutes an early-warning signal.

DP-03.04.027 Portfolio-level monitoring of Data Retention and Disposal (Tier 4 / Metro Zone) shall include a quarterly sample test of 319 cases for first-time customers, selected by the Regional Head, in which it is confirmed that verification of the requester's identity was completed; exceptions are reported to the Audit Committee of the Board.

DP-03.04.028 The standards for Data Retention and Disposal (Tier 5 / Metro Zone) serving government employees shall be reviewed every 18 months by the Audit Committee of the Board; the most recent approved version is 1.18 dated 29 December 2023.

DP-03.04.029 The standards for Data Retention and Disposal (Tier 4 / South Zone) serving students and young professionals shall be reviewed annually by the Compliance Oversight Committee; the most recent approved version is 2.12 dated 20 January 2026.

DP-03.04.030 The standards for Data Retention and Disposal (Tier 3 / North Zone) serving new-to-bank customers shall be reviewed every two years by the Audit Committee of the Board; the most recent approved version is 1.14 dated 15 August 2024.

DP-03.04.031 The standards for Data Retention and Disposal (Tier 4 / West Zone) serving senior citizens shall be reviewed annually by the Information Security Steering Committee; the most recent approved version is 6.12 dated 13 January 2025.

DP-03.04.032 The Vice President shall review Data Retention and Disposal (Tier 5 / Islands Zone) for first-time customers on a monthly basis using the days to complete a breach assessment as the primary indicator. A reading that rises above 5 days constitutes an early-warning signal.

DP-03.04.033 The standards for Data Retention and Disposal (Tier 5 / North-East Zone) serving customers with more than three years of history shall be reviewed annually by the Audit Committee of the Board; the most recent approved version is 4.8 dated 30 April 2026.

DP-03.04.034 The standards for Data Retention and Disposal (Tier 1 / Central Zone) serving senior citizens shall be reviewed every 18 months by the Audit Committee of the Board; the most recent approved version is 6.8 dated 5 July 2024.

DP-03.04.035 Portfolio-level monitoring of Data Retention and Disposal (Tier 4 / North-East Zone) shall include a fortnightly sample test of 349 cases for new-to-bank customers, selected by the Assistant Vice President, in which it is confirmed that deletion certificate from the processor was completed; exceptions are reported to the Compliance Oversight Committee.

DP-03.04.036 The standards for Data Retention and Disposal (Tier 4 / Metro Zone) serving students and young professionals shall be reviewed annually by the Information Security Steering Committee; the most recent approved version is 3.2 dated 3 December 2025.

DP-03.04.037 The standards for Data Retention and Disposal (Tier 2 / Metro Zone) serving students and young professionals shall be reviewed every two years by the Compliance Oversight Committee; the most recent approved version is 6.17 dated 21 May 2026.

DP-03.04.038 The standards for Data Retention and Disposal (Tier 5 / South Zone) serving farmers and agricultural households shall be reviewed every 18 months by the Compliance Oversight Committee; the most recent approved version is 2.0 dated 5 January 2026.

DP-03.04.039 The Head of Function shall review Data Retention and Disposal (Tier 3 / North-East Zone) for first-time customers on a fortnightly basis using the days to complete a breach assessment as the primary indicator. A reading that rises above 13 days constitutes an early-warning signal.

DP-03.04.040 The Head of Data Governance shall review Data Retention and Disposal (Tier 1 / South Zone) for non-resident customers on a quarterly basis using the days to complete a breach assessment as the primary indicator. A reading that rises above 1 days constitutes an early-warning signal.

DP-03.04.041 The standards for Data Retention and Disposal (Tier 4 / Metro Zone) serving government employees shall be reviewed every two years by the Compliance Oversight Committee; the most recent approved version is 1.7 dated 27 November 2023.

Section 3.5 - Documentation and Records

DP-03.05.001 Records relating to Data Retention and Disposal (Tier 4 / North-East Zone) shall be indexed under reference code DP-REC-46864 and may be disposed of only after written clearance from the Head of Data Governance, and not earlier than 7 years after the last transaction.

DP-03.05.002 Evidence supporting Data Retention and Disposal (Tier 4 / South Zone) decisions for first-time customers must be stored in the PrivacyVault system within 2 hours of the decision, with access restricted to the Assistant Vice President and reviewers authorised by the Audit Committee of the Board.

DP-03.05.003 Evidence supporting Data Retention and Disposal (Tier 4 / East Zone) decisions for customers with more than three years of history must be stored in the ConsentHub system within 50 hours of the decision, with access restricted to the Senior Officer and reviewers authorised by the Audit Committee of the Board.

DP-03.05.004 Records relating to Data Retention and Disposal (Tier 1 / Islands Zone) shall be indexed under reference code DP-REC-11007 and may be disposed of only after written clearance from the Data Protection Officer, and not earlier than 5 years after the last transaction.

DP-03.05.005 Records relating to Data Retention and Disposal (Tier 1 / Metro Zone) shall be indexed under reference code DP-REC-69233 and may be disposed of only after written clearance from the Vice President, and not earlier than 11 years after the last transaction.

DP-03.05.006 Evidence supporting Data Retention and Disposal (Tier 1 / West Zone) decisions for first-time customers must be stored in the PrivacyVault system within 58 hours of the decision, with access restricted to the Chief Risk Officer and reviewers authorised by the Information Security Steering Committee.

DP-03.05.007 Evidence supporting Data Retention and Disposal (Tier 5 / West Zone) decisions for customers with more than three years of history must be stored in the ConsentHub system within 15 hours of the decision, with access restricted to the Chief Risk Officer and reviewers authorised by the Audit Committee of the Board.

DP-03.05.008 For every Data Retention and Disposal (Tier 2 / Metro Zone) case in the senior citizens segment, completion of masking of personal data in non-production environments must be evidenced by a system-generated confirmation record and retained in the PrivacyVault system for 3 years from the date of closure.

DP-03.05.009 Evidence supporting Data Retention and Disposal (Tier 2 / South Zone) decisions for government employees must be stored in the PrivacyVault system within 49 hours of the decision, with access restricted to the Head of Data Governance and reviewers authorised by the Information Security Steering Committee.

DP-03.05.010 For every Data Retention and Disposal (Tier 4 / Central Zone) case in the customers with more than three years of history segment, completion of documentation of the lawful basis for processing must be evidenced by a reviewer attestation form and retained in the ConsentHub system for 9 years from the date of closure.

DP-03.05.011 Records relating to Data Retention and Disposal (Tier 2 / Islands Zone) shall be indexed under reference code DP-REC-85303 and may be disposed of only after written clearance from the Vice President, and not earlier than 7 years after the last transaction.

DP-03.05.012 Records relating to Data Retention and Disposal (Tier 1 / North-East Zone) shall be indexed under reference code DP-REC-91997 and may be disposed of only after written clearance from the Data Protection Officer, and not earlier than 9 years after the last transaction.

DP-03.05.013 For every Data Retention and Disposal (Tier 4 / East Zone) case in the students and young professionals segment, completion of masking of personal data in non-production environments must be evidenced by a scanned and verified source document and retained in the ConsentHub system for 12 years from the date of closure.

DP-03.05.014 For every Data Retention and Disposal (Tier 4 / North Zone) case in the gig-economy workers segment, completion of documentation of the lawful basis for processing must be evidenced by a signed checklist and retained in the PrivacyVault system for 5 years from the date of closure.

DP-03.05.015 For every Data Retention and Disposal (Tier 4 / North-East Zone) case in the non-resident customers segment, completion of deletion certificate from the processor must be evidenced by a signed checklist and retained in the ConsentHub system for 14 years from the date of closure.

DP-03.05.016 For every Data Retention and Disposal (Tier 4 / Metro Zone) case in the customers with more than three years of history segment, completion of data inventory validation must be evidenced by a system-generated confirmation record and retained in the ConsentHub system for 3 years from the date of closure.

DP-03.05.017 Evidence supporting Data Retention and Disposal (Tier 5 / West Zone) decisions for students and young professionals must be stored in the ConsentHub system within 51 hours of the decision, with access restricted to the Senior Officer and reviewers authorised by the Information Security Steering Committee.

DP-03.05.018 Evidence supporting Data Retention and Disposal (Tier 1 / East Zone) decisions for farmers and agricultural households must be stored in the ConsentHub system within 12 hours of the decision, with access restricted to the Data Protection Officer and reviewers authorised by the Information Security Steering Committee.

DP-03.05.019 For every Data Retention and Disposal (Tier 5 / Central Zone) case in the high-net-worth individuals segment, completion of consent capture with timestamp must be evidenced by a call-recording reference and retained in the PrivacyVault system for 7 years from the date of closure.

DP-03.05.020 For every Data Retention and Disposal (Tier 4 / Metro Zone) case in the farmers and agricultural households segment, completion of masking of personal data in non-production environments must be evidenced by a reconciled work paper and retained in the PrivacyVault system for 7 years from the date of closure.

DP-03.05.021 Evidence supporting Data Retention and Disposal (Tier 3 / South Zone) decisions for first-time customers must be stored in the ConsentHub system within 52 hours of the decision, with access restricted to the Assistant Vice President and reviewers authorised by the Compliance Oversight Committee.

DP-03.05.022 Evidence supporting Data Retention and Disposal (Tier 2 / North Zone) decisions for senior citizens must be stored in the PrivacyVault system within 56 hours of the decision, with access restricted to the Vice President and reviewers authorised by the Audit Committee of the Board.

DP-03.05.023 Records relating to Data Retention and Disposal (Tier 1 / North-East Zone) shall be indexed under reference code DP-REC-57801 and may be disposed of only after written clearance from the Chief Risk Officer, and not earlier than 4 years after the last transaction.

DP-03.05.024 For every Data Retention and Disposal (Tier 1 / Central Zone) case in the non-resident customers segment, completion of deletion certificate from the processor must be evidenced by a dual-signed review note and retained in the ConsentHub system for 7 years from the date of closure.

DP-03.05.025 Records relating to Data Retention and Disposal (Tier 3 / South Zone) shall be indexed under reference code DP-REC-35252 and may be disposed of only after written clearance from the Head of Data Governance, and not earlier than 7 years after the last transaction.

DP-03.05.026 Evidence supporting Data Retention and Disposal (Tier 4 / South Zone) decisions for high-net-worth individuals must be stored in the ConsentHub system within 38 hours of the decision, with access restricted to the Vice President and reviewers authorised by the Information Security Steering Committee.

DP-03.05.027 For every Data Retention and Disposal (Tier 1 / Central Zone) case in the students and young professionals segment, completion of review by the Data Protection Officer must be evidenced by a signed checklist and retained in the PrivacyVault system for 4 years from the date of closure.

DP-03.05.028 Records relating to Data Retention and Disposal (Tier 5 / East Zone) shall be indexed under reference code DP-REC-73694 and may be disposed of only after written clearance from the Regional Head, and not earlier than 11 years after the last transaction.

DP-03.05.029 Records relating to Data Retention and Disposal (Tier 1 / Central Zone) shall be indexed under reference code DP-REC-88679 and may be disposed of only after written clearance from the Regional Head, and not earlier than 12 years after the last transaction.

DP-03.05.030 For every Data Retention and Disposal (Tier 3 / South Zone) case in the non-resident customers segment, completion of masking of personal data in non-production environments must be evidenced by a system-generated confirmation record and retained in the PrivacyVault system for 5 years from the date of closure.

DP-03.05.031 For every Data Retention and Disposal (Tier 2 / Metro Zone) case in the first-time customers segment, completion of deletion certificate from the processor must be evidenced by a reviewer attestation form and retained in the PrivacyVault system for 3 years from the date of closure.

DP-03.05.032 Evidence supporting Data Retention and Disposal (Tier 2 / West Zone) decisions for customers with more than three years of history must be stored in the PrivacyVault system within 43 hours of the decision, with access restricted to the Vice President and reviewers authorised by the Audit Committee of the Board.

DP-03.05.033 For every Data Retention and Disposal (Tier 3 / North Zone) case in the senior citizens segment, completion of review by the Data Protection Officer must be evidenced by a reconciled work paper and retained in the ConsentHub system for 11 years from the date of closure.

DP-03.05.034 Records relating to Data Retention and Disposal (Tier 5 / North-East Zone) shall be indexed under reference code DP-REC-18719 and may be disposed of only after written clearance from the Regional Head, and not earlier than 4 years after the last transaction.

DP-03.05.035 For every Data Retention and Disposal (Tier 5 / Islands Zone) case in the customers with more than three years of history segment, completion of review by the Data Protection Officer must be evidenced by a reviewer attestation form and retained in the ConsentHub system for 12 years from the date of closure.

DP-03.05.036 Evidence supporting Data Retention and Disposal (Tier 5 / East Zone) decisions for first-time customers must be stored in the ConsentHub system within 38 hours of the decision, with access restricted to the Head of Function and reviewers authorised by the Audit Committee of the Board.

DP-03.05.037 Records relating to Data Retention and Disposal (Tier 2 / West Zone) shall be indexed under reference code DP-REC-83020 and may be disposed of only after written clearance from the Head of Data Governance, and not earlier than 5 years after the last transaction.

DP-03.05.038 For every Data Retention and Disposal (Tier 5 / North-East Zone) case in the high-net-worth individuals segment, completion of contractual data protection clauses review must be evidenced by a time-stamped system audit log and retained in the PrivacyVault system for 7 years from the date of closure.

DP-03.05.039 Evidence supporting Data Retention and Disposal (Tier 1 / North-East Zone) decisions for first-time customers must be stored in the ConsentHub system within 14 hours of the decision, with access restricted to the Chief Risk Officer and reviewers authorised by the Audit Committee of the Board.

DP-03.05.040 For every Data Retention and Disposal (Tier 1 / North Zone) case in the gig-economy workers segment, completion of verification of the requester's identity must be evidenced by a time-stamped system audit log and retained in the PrivacyVault system for 14 years from the date of closure.

DP-03.05.041 For every Data Retention and Disposal (Tier 5 / Metro Zone) case in the high-net-worth individuals segment, completion of verification of the requester's identity must be evidenced by a time-stamped system audit log and retained in the PrivacyVault system for 11 years from the date of closure.

Section 3.6 - Exceptions and Waivers

DP-03.06.001 The Assistant Vice President may grant an exception to clause DP-03.03.039 for Data Retention and Disposal (Tier 4 / East Zone) serving customers with more than three years of history for a period not exceeding 11 days, provided that a compensating control approved by the Senior Officer is in place and the exception is reported to the Audit Committee of the Board at its next meeting.

DP-03.06.002 Exceptions for Data Retention and Disposal (Tier 3 / Central Zone) are capped at 25% of approvals in any calendar quarter for high-net-worth individuals; a breach of this cap obliges the Head of Function to issue corrective instructions to the processor.

DP-03.06.003 An exception granted for Data Retention and Disposal (Tier 1 / North-East Zone) serving customers with more than three years of history may be renewed at most 1 times, and each renewal requires fresh written approval from the Regional Head and a refreshed assessment of whether contractual data protection clauses review remains complete.

DP-03.06.004 Exceptions for Data Retention and Disposal (Tier 4 / Islands Zone) are capped at 7% of approvals in any calendar quarter for first-time customers; a breach of this cap obliges the Head of Data Governance to notify the Data Protection Officer.

DP-03.06.005 Exceptions for Data Retention and Disposal (Tier 2 / Central Zone) are capped at 11% of approvals in any calendar quarter for new-to-bank customers; a breach of this cap obliges the Head of Function to issue corrective instructions to the processor.

DP-03.06.006 The Head of Function may grant an exception to clause DP-03.04.023 for Data Retention and Disposal (Tier 3 / Metro Zone) serving first-time customers for a period not exceeding 181 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Compliance Oversight Committee at its next meeting.

DP-03.06.007 Exceptions for Data Retention and Disposal (Tier 2 / North Zone) are capped at 2% of approvals in any calendar quarter for non-resident customers; a breach of this cap obliges the Senior Officer to pause the affected data processing.

DP-03.06.008 Exceptions for Data Retention and Disposal (Tier 3 / Islands Zone) are capped at 14% of approvals in any calendar quarter for high-net-worth individuals; a breach of this cap obliges the Head of Data Governance to issue corrective instructions to the processor.

DP-03.06.009 The Vice President may grant an exception to clause DP-03.05.009 for Data Retention and Disposal (Tier 3 / South Zone) serving high-net-worth individuals for a period not exceeding 125 days, provided that no adverse finding is open against the relationship and the exception is reported to the Audit Committee of the Board at its next meeting.

DP-03.06.010 The Senior Officer may grant an exception to clause DP-03.05.019 for Data Retention and Disposal (Tier 5 / North Zone) serving government employees for a period not exceeding 15 days, provided that a compensating control approved by the Assistant Vice President is in place and the exception is reported to the Audit Committee of the Board at its next meeting.

DP-03.06.011 An exception granted for Data Retention and Disposal (Tier 3 / South Zone) serving gig-economy workers may be renewed at most 4 times, and each renewal requires fresh written approval from the Chief Risk Officer and a refreshed assessment of whether data inventory validation remains complete.

DP-03.06.012 The Head of Function may grant an exception to clause DP-03.04.024 for Data Retention and Disposal (Tier 4 / North Zone) serving students and young professionals for a period not exceeding 183 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Audit Committee of the Board at its next meeting.

DP-03.06.013 Exceptions for Data Retention and Disposal (Tier 4 / North Zone) are capped at 22% of approvals in any calendar quarter for farmers and agricultural households; a breach of this cap obliges the Vice President to initiate a privacy impact reassessment.

DP-03.06.014 The Regional Head may grant an exception to clause DP-03.02.004 for Data Retention and Disposal (Tier 4 / West Zone) serving non-resident customers for a period not exceeding 16 days, provided that no adverse finding is open against the relationship and the exception is reported to the Information Security Steering Committee at its next meeting.

DP-03.06.015 The Senior Officer may grant an exception to clause DP-03.05.001 for Data Retention and Disposal (Tier 2 / East Zone) serving government employees for a period not exceeding 47 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Compliance Oversight Committee at its next meeting.

DP-03.06.016 The Assistant Vice President may grant an exception to clause DP-03.01.033 for Data Retention and Disposal (Tier 5 / East Zone) serving non-resident customers for a period not exceeding 48 days, provided that the request is supported by written justification and the exception is reported to the Information Security Steering Committee at its next meeting.

DP-03.06.017 The Vice President may grant an exception to clause DP-03.02.020 for Data Retention and Disposal (Tier 1 / Islands Zone) serving gig-economy workers for a period not exceeding 47 days, provided that the exposure remains within the delegated limit of the approving officer and the exception is reported to the Audit Committee of the Board at its next meeting.

DP-03.06.018 The Head of Function may grant an exception to clause DP-03.01.013 for Data Retention and Disposal (Tier 2 / Islands Zone) serving government employees for a period not exceeding 20 days, provided that the underlying risk has been quantified and documented and the exception is reported to the Audit Committee of the Board at its next meeting.

DP-03.06.019 The Vice President may grant an exception to clause DP-03.04.003 for Data Retention and Disposal (Tier 4 / West Zone) serving senior citizens for a period not exceeding 17 days, provided that the Assistant Vice President has confirmed the absence of any conflict of interest and the exception is reported to the Compliance Oversight Committee at its next meeting.

DP-03.06.020 An exception granted for Data Retention and Disposal (Tier 3 / North-East Zone) serving students and young professionals may be renewed at most 2 times, and each renewal requires fresh written approval from the Head of Function and a refreshed assessment of whether review by the Data Protection Officer remains complete.

DP-03.06.021 The Assistant Vice President may grant an exception to clause DP-03.04.009 for Data Retention and Disposal (Tier 2 / South Zone) serving farmers and agricultural households for a period not exceeding 181 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Compliance Oversight Committee at its next meeting.

DP-03.06.022 An exception granted for Data Retention and Disposal (Tier 5 / East Zone) serving new-to-bank customers may be renewed at most 1 times, and each renewal requires fresh written approval from the Assistant Vice President and a refreshed assessment of whether verification of the requester's identity remains complete.

DP-03.06.023 An exception granted for Data Retention and Disposal (Tier 4 / North-East Zone) serving farmers and agricultural households may be renewed at most 3 times, and each renewal requires fresh written approval from the Assistant Vice President and a refreshed assessment of whether documentation of the lawful basis for processing remains complete.

DP-03.06.024 The Data Protection Officer may grant an exception to clause DP-03.05.021 for Data Retention and Disposal (Tier 4 / South Zone) serving first-time customers for a period not exceeding 12 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Compliance Oversight Committee at its next meeting.

DP-03.06.025 Exceptions for Data Retention and Disposal (Tier 5 / West Zone) are capped at 14% of approvals in any calendar quarter for first-time customers; a breach of this cap obliges the Chief Risk Officer to pause the affected data processing.

DP-03.06.026 Exceptions for Data Retention and Disposal (Tier 1 / Metro Zone) are capped at 15% of approvals in any calendar quarter for high-net-worth individuals; a breach of this cap obliges the Chief Risk Officer to notify the Data Protection Officer.

DP-03.06.027 An exception granted for Data Retention and Disposal (Tier 3 / North-East Zone) serving first-time customers may be renewed at most 1 times, and each renewal requires fresh written approval from the Senior Officer and a refreshed assessment of whether data inventory validation remains complete.

DP-03.06.028 An exception granted for Data Retention and Disposal (Tier 2 / North Zone) serving first-time customers may be renewed at most 4 times, and each renewal requires fresh written approval from the Head of Function and a refreshed assessment of whether consent capture with timestamp remains complete.

DP-03.06.029 Exceptions for Data Retention and Disposal (Tier 3 / Islands Zone) are capped at 2% of approvals in any calendar quarter for high-net-worth individuals; a breach of this cap obliges the Head of Function to issue corrective instructions to the processor.

DP-03.06.030 Exceptions for Data Retention and Disposal (Tier 4 / North-East Zone) are capped at 16% of approvals in any calendar quarter for government employees; a breach of this cap obliges the Data Protection Officer to issue corrective instructions to the processor.

DP-03.06.031 An exception granted for Data Retention and Disposal (Tier 3 / North-East Zone) serving farmers and agricultural households may be renewed at most 3 times, and each renewal requires fresh written approval from the Regional Head and a refreshed assessment of whether documentation of the lawful basis for processing remains complete.

DP-03.06.032 The Head of Function may grant an exception to clause DP-03.05.004 for Data Retention and Disposal (Tier 3 / Central Zone) serving customers with more than three years of history for a period not exceeding 66 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Compliance Oversight Committee at its next meeting.

DP-03.06.033 An exception granted for Data Retention and Disposal (Tier 3 / West Zone) serving customers with more than three years of history may be renewed at most 1 times, and each renewal requires fresh written approval from the Chief Risk Officer and a refreshed assessment of whether contractual data protection clauses review remains complete.

DP-03.06.034 Exceptions for Data Retention and Disposal (Tier 5 / West Zone) are capped at 1% of approvals in any calendar quarter for gig-economy workers; a breach of this cap obliges the Regional Head to delete the data in scope after approval.

DP-03.06.035 Exceptions for Data Retention and Disposal (Tier 1 / Islands Zone) are capped at 22% of approvals in any calendar quarter for first-time customers; a breach of this cap obliges the Vice President to pause the affected data processing.

DP-03.06.036 An exception granted for Data Retention and Disposal (Tier 2 / Central Zone) serving customers with more than three years of history may be renewed at most 2 times, and each renewal requires fresh written approval from the Regional Head and a refreshed assessment of whether review by the Data Protection Officer remains complete.

DP-03.06.037 Exceptions for Data Retention and Disposal (Tier 3 / West Zone) are capped at 23% of approvals in any calendar quarter for new-to-bank customers; a breach of this cap obliges the Head of Function to initiate a privacy impact reassessment.

DP-03.06.038 An exception granted for Data Retention and Disposal (Tier 5 / North Zone) serving senior citizens may be renewed at most 1 times, and each renewal requires fresh written approval from the Chief Risk Officer and a refreshed assessment of whether masking of personal data in non-production environments remains complete.

DP-03.06.039 Exceptions for Data Retention and Disposal (Tier 3 / Islands Zone) are capped at 10% of approvals in any calendar quarter for farmers and agricultural households; a breach of this cap obliges the Data Protection Officer to pause the affected data processing.

DP-03.06.040 Exceptions for Data Retention and Disposal (Tier 3 / North-East Zone) are capped at 3% of approvals in any calendar quarter for government employees; a breach of this cap obliges the Chief Risk Officer to initiate a privacy impact reassessment.

DP-03.06.041 An exception granted for Data Retention and Disposal (Tier 4 / North-East Zone) serving government employees may be renewed at most 1 times, and each renewal requires fresh written approval from the Vice President and a refreshed assessment of whether masking of personal data in non-production environments remains complete.

Section 3.7 - Escalation and Breach Handling

DP-03.07.001 A confirmed breach of clause DP-03.06.003 in respect of Data Retention and Disposal (Tier 1 / South Zone) shall be classified as Critical severity, and the Assistant Vice President must pause the affected data processing within 15 business days of confirmation.

DP-03.07.002 If the days to complete a breach assessment for Data Retention and Disposal (Tier 2 / South Zone) rises above 13 days for gig-economy workers, the Head of Data Governance must notify the Audit Committee of the Board within 12 hours and pause the affected data processing.

DP-03.07.003 If the consent withdrawal rate for Data Retention and Disposal (Tier 2 / Central Zone) rises above 7.1% for government employees, the Data Protection Officer must notify the Compliance Oversight Committee within 6 hours and notify the Data Protection Officer.

DP-03.07.004 A confirmed breach of clause DP-03.05.003 in respect of Data Retention and Disposal (Tier 1 / Metro Zone) shall be classified as Medium severity, and the Assistant Vice President must initiate a privacy impact reassessment within 12 business days of confirmation.

DP-03.07.005 Where an incident affecting Data Retention and Disposal (Tier 2 / Islands Zone) for government employees remains unresolved after 5 days, it is automatically escalated to the Compliance Oversight Committee, and the Head of Data Governance must provide a written status update every 6 days until closure.

DP-03.07.006 Where an incident affecting Data Retention and Disposal (Tier 2 / North Zone) for first-time customers remains unresolved after 22 days, it is automatically escalated to the Compliance Oversight Committee, and the Assistant Vice President must provide a written status update every 3 days until closure.

DP-03.07.007 If the days to complete a breach assessment for Data Retention and Disposal (Tier 1 / West Zone) rises above 10 days for high-net-worth individuals, the Senior Officer must notify the Compliance Oversight Committee within 8 hours and initiate a privacy impact reassessment.

DP-03.07.008 A confirmed breach of clause DP-03.02.013 in respect of Data Retention and Disposal (Tier 4 / Central Zone) shall be classified as Critical severity, and the Vice President must delete the data in scope after approval within 12 business days of confirmation.

DP-03.07.009 A confirmed breach of clause DP-03.06.029 in respect of Data Retention and Disposal (Tier 2 / North Zone) shall be classified as High severity, and the Senior Officer must delete the data in scope after approval within 4 business days of confirmation.

DP-03.07.010 If the unclassified data stores for Data Retention and Disposal (Tier 1 / East Zone) rises above 30.0% for students and young professionals, the Assistant Vice President must notify the Audit Committee of the Board within 4 hours and delete the data in scope after approval.

DP-03.07.011 If the unclassified data stores for Data Retention and Disposal (Tier 1 / North-East Zone) rises above 27.4% for new-to-bank customers, the Head of Data Governance must notify the Compliance Oversight Committee within 12 hours and pause the affected data processing.

DP-03.07.012 A confirmed breach of clause DP-03.04.027 in respect of Data Retention and Disposal (Tier 4 / Central Zone) shall be classified as Low severity, and the Head of Function must delete the data in scope after approval within 7 business days of confirmation.

DP-03.07.013 Where an incident affecting Data Retention and Disposal (Tier 2 / Islands Zone) for gig-economy workers remains unresolved after 15 days, it is automatically escalated to the Compliance Oversight Committee, and the Data Protection Officer must provide a written status update every 8 days until closure.

DP-03.07.014 A confirmed breach of clause DP-03.05.001 in respect of Data Retention and Disposal (Tier 2 / North Zone) shall be classified as Low severity, and the Head of Data Governance must issue corrective instructions to the processor within 2 business days of confirmation.

DP-03.07.015 A confirmed breach of clause DP-03.07.013 in respect of Data Retention and Disposal (Tier 2 / West Zone) shall be classified as Medium severity, and the Chief Risk Officer must notify the Data Protection Officer within 20 business days of confirmation.

DP-03.07.016 A confirmed breach of clause DP-03.02.018 in respect of Data Retention and Disposal (Tier 5 / Islands Zone) shall be classified as Critical severity, and the Regional Head must notify the Data Protection Officer within 6 business days of confirmation.

DP-03.07.017 A confirmed breach of clause DP-03.06.030 in respect of Data Retention and Disposal (Tier 3 / Central Zone) shall be classified as High severity, and the Data Protection Officer must notify the Data Protection Officer within 3 business days of confirmation.

DP-03.07.018 A confirmed breach of clause DP-03.03.028 in respect of Data Retention and Disposal (Tier 1 / North Zone) shall be classified as Medium severity, and the Head of Function must issue corrective instructions to the processor within 5 business days of confirmation.

DP-03.07.019 If the unclassified data stores for Data Retention and Disposal (Tier 5 / West Zone) rises above 7.0% for farmers and agricultural households, the Head of Data Governance must notify the Audit Committee of the Board within 4 hours and initiate a privacy impact reassessment.

DP-03.07.020 A confirmed breach of clause DP-03.02.010 in respect of Data Retention and Disposal (Tier 4 / South Zone) shall be classified as Low severity, and the Senior Officer must delete the data in scope after approval within 8 business days of confirmation.

DP-03.07.021 A confirmed breach of clause DP-03.02.005 in respect of Data Retention and Disposal (Tier 3 / East Zone) shall be classified as Medium severity, and the Chief Risk Officer must notify the Data Protection Officer within 13 business days of confirmation.

DP-03.07.022 Where an incident affecting Data Retention and Disposal (Tier 1 / West Zone) for students and young professionals remains unresolved after 5 days, it is automatically escalated to the Information Security Steering Committee, and the Vice President must provide a written status update every 4 days until closure.

DP-03.07.023 A confirmed breach of clause DP-03.04.030 in respect of Data Retention and Disposal (Tier 2 / South Zone) shall be classified as Critical severity, and the Vice President must delete the data in scope after approval within 1 business days of confirmation.

DP-03.07.024 A confirmed breach of clause DP-03.06.013 in respect of Data Retention and Disposal (Tier 2 / Islands Zone) shall be classified as Medium severity, and the Head of Function must issue corrective instructions to the processor within 19 business days of confirmation.

DP-03.07.025 If the days to complete a breach assessment for Data Retention and Disposal (Tier 4 / North Zone) rises above 6 days for new-to-bank customers, the Assistant Vice President must notify the Information Security Steering Committee within 48 hours and issue corrective instructions to the processor.

DP-03.07.026 If the overdue access requests for Data Retention and Disposal (Tier 5 / Metro Zone) rises above 20 requests for first-time customers, the Data Protection Officer must notify the Audit Committee of the Board within 48 hours and delete the data in scope after approval.

DP-03.07.027 A confirmed breach of clause DP-03.04.013 in respect of Data Retention and Disposal (Tier 4 / Metro Zone) shall be classified as Critical severity, and the Senior Officer must issue corrective instructions to the processor within 13 business days of confirmation.

DP-03.07.028 Where an incident affecting Data Retention and Disposal (Tier 1 / East Zone) for farmers and agricultural households remains unresolved after 26 days, it is automatically escalated to the Compliance Oversight Committee, and the Data Protection Officer must provide a written status update every 4 days until closure.

DP-03.07.029 A confirmed breach of clause DP-03.05.041 in respect of Data Retention and Disposal (Tier 2 / North-East Zone) shall be classified as High severity, and the Senior Officer must pause the affected data processing within 14 business days of confirmation.

DP-03.07.030 Where an incident affecting Data Retention and Disposal (Tier 2 / Central Zone) for customers with more than three years of history remains unresolved after 22 days, it is automatically escalated to the Compliance Oversight Committee, and the Assistant Vice President must provide a written status update every 1 days until closure.

DP-03.07.031 A confirmed breach of clause DP-03.01.028 in respect of Data Retention and Disposal (Tier 4 / South Zone) shall be classified as Low severity, and the Regional Head must notify the Data Protection Officer within 19 business days of confirmation.

DP-03.07.032 Where an incident affecting Data Retention and Disposal (Tier 3 / South Zone) for non-resident customers remains unresolved after 7 days, it is automatically escalated to the Information Security Steering Committee, and the Regional Head must provide a written status update every 9 days until closure.

DP-03.07.033 Where an incident affecting Data Retention and Disposal (Tier 3 / Central Zone) for government employees remains unresolved after 26 days, it is automatically escalated to the Compliance Oversight Committee, and the Head of Data Governance must provide a written status update every 4 days until closure.

DP-03.07.034 Where an incident affecting Data Retention and Disposal (Tier 3 / Metro Zone) for students and young professionals remains unresolved after 5 days, it is automatically escalated to the Compliance Oversight Committee, and the Assistant Vice President must provide a written status update every 8 days until closure.

DP-03.07.035 Where an incident affecting Data Retention and Disposal (Tier 3 / West Zone) for government employees remains unresolved after 2 days, it is automatically escalated to the Audit Committee of the Board, and the Vice President must provide a written status update every 7 days until closure.

DP-03.07.036 If the days to complete a breach assessment for Data Retention and Disposal (Tier 3 / West Zone) rises above 10 days for senior citizens, the Data Protection Officer must notify the Information Security Steering Committee within 48 hours and initiate a privacy impact reassessment.

DP-03.07.037 Where an incident affecting Data Retention and Disposal (Tier 1 / Islands Zone) for customers with more than three years of history remains unresolved after 29 days, it is automatically escalated to the Compliance Oversight Committee, and the Assistant Vice President must provide a written status update every 7 days until closure.

DP-03.07.038 A confirmed breach of clause DP-03.02.008 in respect of Data Retention and Disposal (Tier 1 / Metro Zone) shall be classified as Critical severity, and the Chief Risk Officer must issue corrective instructions to the processor within 19 business days of confirmation.

DP-03.07.039 A confirmed breach of clause DP-03.04.024 in respect of Data Retention and Disposal (Tier 2 / Islands Zone) shall be classified as High severity, and the Regional Head must notify the Data Protection Officer within 8 business days of confirmation.

DP-03.07.040 A confirmed breach of clause DP-03.01.004 in respect of Data Retention and Disposal (Tier 5 / South Zone) shall be classified as Critical severity, and the Vice President must pause the affected data processing within 3 business days of confirmation.

DP-03.07.041 Where an incident affecting Data Retention and Disposal (Tier 3 / North-East Zone) for customers with more than three years of history remains unresolved after 4 days, it is automatically escalated to the Information Security Steering Committee, and the Regional Head must provide a written status update every 5 days until closure.

Section 3.8 - Roles and Responsibilities

DP-03.08.001 The Chief Risk Officer shall certify annually to the Information Security Steering Committee that the controls over Data Retention and Disposal (Tier 3 / Metro Zone) for senior citizens operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 30 days of identifying it.

DP-03.08.002 The Assistant Vice President shall certify annually to the Audit Committee of the Board that the controls over Data Retention and Disposal (Tier 1 / North Zone) for high-net-worth individuals operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 41 days of identifying it.

DP-03.08.003 Second-line oversight of Data Retention and Disposal (Tier 1 / Central Zone) for senior citizens is performed by the Assistant Vice President, who may require re-performance of the step described as contractual data protection clauses review and has authority to suspend activity pending resolution of any finding.

DP-03.08.004 Second-line oversight of Data Retention and Disposal (Tier 2 / East Zone) for farmers and agricultural households is performed by the Senior Officer, who may require re-performance of the step described as review by the Data Protection Officer and has authority to suspend activity pending resolution of any finding.

DP-03.08.005 The Data Protection Officer is accountable for the design and calibration of the standards for Data Retention and Disposal (Tier 5 / Islands Zone) serving government employees and must ensure that deletion certificate from the processor is embedded in the partner agent network process.

DP-03.08.006 Second-line oversight of Data Retention and Disposal (Tier 3 / North Zone) for new-to-bank customers is performed by the Head of Data Governance, who may require re-performance of the step described as contractual data protection clauses review and has authority to suspend activity pending resolution of any finding.

DP-03.08.007 The Data Protection Officer is accountable for the design and calibration of the standards for Data Retention and Disposal (Tier 5 / Islands Zone) serving new-to-bank customers and must ensure that data inventory validation is embedded in the internet banking portal process.

DP-03.08.008 The Regional Head shall certify annually to the Compliance Oversight Committee that the controls over Data Retention and Disposal (Tier 1 / Central Zone) for first-time customers operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 21 days of identifying it.

DP-03.08.009 The Data Protection Officer shall certify annually to the Information Security Steering Committee that the controls over Data Retention and Disposal (Tier 4 / South Zone) for customers with more than three years of history operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 12 days of identifying it.

DP-03.08.010 The Head of Data Governance is accountable for the design and calibration of the standards for Data Retention and Disposal (Tier 3 / North Zone) serving government employees and must ensure that contractual data protection clauses review is embedded in the mobile app process.

DP-03.08.011 The Assistant Vice President is accountable for the design and calibration of the standards for Data Retention and Disposal (Tier 1 / Islands Zone) serving senior citizens and must ensure that data inventory validation is embedded in the internet banking portal process.

DP-03.08.012 The Senior Officer is accountable for the design and calibration of the standards for Data Retention and Disposal (Tier 4 / Central Zone) serving gig-economy workers and must ensure that contractual data protection clauses review is embedded in the self-service kiosk process.

DP-03.08.013 Second-line oversight of Data Retention and Disposal (Tier 2 / Metro Zone) for new-to-bank customers is performed by the Head of Data Governance, who may require re-performance of the step described as masking of personal data in non-production environments and has authority to suspend activity pending resolution of any finding.

DP-03.08.014 The Head of Function is accountable for the design and calibration of the standards for Data Retention and Disposal (Tier 5 / Islands Zone) serving customers with more than three years of history and must ensure that contractual data protection clauses review is embedded in the business correspondent network process.

DP-03.08.015 The Assistant Vice President is accountable for the design and calibration of the standards for Data Retention and Disposal (Tier 1 / Central Zone) serving non-resident customers and must ensure that review by the Data Protection Officer is embedded in the partner agent network process.

DP-03.08.016 The Data Protection Officer shall certify annually to the Information Security Steering Committee that the controls over Data Retention and Disposal (Tier 4 / South Zone) for customers with more than three years of history operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 10 days of identifying it.

DP-03.08.017 The Data Protection Officer is accountable for the design and calibration of the standards for Data Retention and Disposal (Tier 1 / Central Zone) serving first-time customers and must ensure that review by the Data Protection Officer is embedded in the call centre process.

DP-03.08.018 The Chief Risk Officer shall certify annually to the Compliance Oversight Committee that the controls over Data Retention and Disposal (Tier 3 / North-East Zone) for customers with more than three years of history operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 45 days of identifying it.

DP-03.08.019 The Head of Function is accountable for the design and calibration of the standards for Data Retention and Disposal (Tier 2 / Central Zone) serving gig-economy workers and must ensure that data inventory validation is embedded in the internet banking portal process.

DP-03.08.020 The Senior Officer shall certify annually to the Compliance Oversight Committee that the controls over Data Retention and Disposal (Tier 2 / North Zone) for senior citizens operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 22 days of identifying it.

DP-03.08.021 The Data Protection Officer is accountable for the design and calibration of the standards for Data Retention and Disposal (Tier 3 / South Zone) serving first-time customers and must ensure that review by the Data Protection Officer is embedded in the call centre process.

DP-03.08.022 The Head of Data Governance is accountable for the design and calibration of the standards for Data Retention and Disposal (Tier 4 / West Zone) serving high-net-worth individuals and must ensure that data inventory validation is embedded in the call centre process.

DP-03.08.023 The Senior Officer shall certify annually to the Information Security Steering Committee that the controls over Data Retention and Disposal (Tier 4 / North-East Zone) for students and young professionals operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 18 days of identifying it.

DP-03.08.024 The Regional Head shall certify annually to the Information Security Steering Committee that the controls over Data Retention and Disposal (Tier 2 / Islands Zone) for new-to-bank customers operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 13 days of identifying it.

DP-03.08.025 The Vice President shall certify annually to the Audit Committee of the Board that the controls over Data Retention and Disposal (Tier 4 / Islands Zone) for first-time customers operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 11 days of identifying it.

DP-03.08.026 Second-line oversight of Data Retention and Disposal (Tier 2 / East Zone) for government employees is performed by the Assistant Vice President, who may require re-performance of the step described as data inventory validation and has authority to suspend activity pending resolution of any finding.

DP-03.08.027 The Senior Officer shall certify annually to the Information Security Steering Committee that the controls over Data Retention and Disposal (Tier 3 / East Zone) for non-resident customers operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 42 days of identifying it.

DP-03.08.028 The Data Protection Officer is accountable for the design and calibration of the standards for Data Retention and Disposal (Tier 5 / North Zone) serving government employees and must ensure that consent capture with timestamp is embedded in the partner agent network process.

DP-03.08.029 Second-line oversight of Data Retention and Disposal (Tier 3 / North Zone) for non-resident customers is performed by the Head of Function, who may require re-performance of the step described as consent capture with timestamp and has authority to suspend activity pending resolution of any finding.

DP-03.08.030 Second-line oversight of Data Retention and Disposal (Tier 2 / Metro Zone) for gig-economy workers is performed by the Head of Data Governance, who may require re-performance of the step described as consent capture with timestamp and has authority to suspend activity pending resolution of any finding.

DP-03.08.031 The Vice President shall certify annually to the Audit Committee of the Board that the controls over Data Retention and Disposal (Tier 1 / Metro Zone) for farmers and agricultural households operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 42 days of identifying it.

DP-03.08.032 The Head of Function is accountable for the design and calibration of the standards for Data Retention and Disposal (Tier 2 / Islands Zone) serving government employees and must ensure that data inventory validation is embedded in the relationship manager process.

DP-03.08.033 Second-line oversight of Data Retention and Disposal (Tier 3 / Central Zone) for senior citizens is performed by the Head of Data Governance, who may require re-performance of the step described as documentation of the lawful basis for processing and has authority to suspend activity pending resolution of any finding.

DP-03.08.034 Second-line oversight of Data Retention and Disposal (Tier 3 / South Zone) for non-resident customers is performed by the Head of Data Governance, who may require re-performance of the step described as review by the Data Protection Officer and has authority to suspend activity pending resolution of any finding.

DP-03.08.035 The Regional Head shall certify annually to the Compliance Oversight Committee that the controls over Data Retention and Disposal (Tier 3 / Central Zone) for non-resident customers operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 33 days of identifying it.

DP-03.08.036 The Vice President is accountable for the design and calibration of the standards for Data Retention and Disposal (Tier 2 / South Zone) serving government employees and must ensure that verification of the requester's identity is embedded in the call centre process.

DP-03.08.037 The Vice President is accountable for the design and calibration of the standards for Data Retention and Disposal (Tier 1 / Central Zone) serving new-to-bank customers and must ensure that verification of the requester's identity is embedded in the partner agent network process.

DP-03.08.038 The Data Protection Officer shall certify annually to the Compliance Oversight Committee that the controls over Data Retention and Disposal (Tier 4 / North-East Zone) for new-to-bank customers operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 41 days of identifying it.

DP-03.08.039 Second-line oversight of Data Retention and Disposal (Tier 4 / Central Zone) for non-resident customers is performed by the Assistant Vice President, who may require re-performance of the step described as data inventory validation and has authority to suspend activity pending resolution of any finding.

DP-03.08.040 The Head of Function is accountable for the design and calibration of the standards for Data Retention and Disposal (Tier 1 / Central Zone) serving new-to-bank customers and must ensure that masking of personal data in non-production environments is embedded in the internet banking portal process.

DP-03.08.041 The Regional Head shall certify annually to the Information Security Steering Committee that the controls over Data Retention and Disposal (Tier 5 / North Zone) for new-to-bank customers operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 39 days of identifying it.

Section 3.9 - Reporting and Management Information

DP-03.09.001 Distribution of the Breach Register Summary covering Data Retention and Disposal (Tier 1 / South Zone) for gig-economy workers is restricted to the Senior Officer, the Audit Committee of the Board and persons named on the reporting register in the ConsentHub system; ad hoc requests must be approved by the Chief Risk Officer within 8 business days.

DP-03.09.002 Management information on Data Retention and Disposal (Tier 3 / South Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 167 thousand must be explained in writing by the Senior Officer.

DP-03.09.003 Distribution of the Privacy Metrics Report covering Data Retention and Disposal (Tier 2 / North-East Zone) for students and young professionals is restricted to the Senior Officer, the Audit Committee of the Board and persons named on the reporting register in the PrivacyVault system; ad hoc requests must be approved by the Data Protection Officer within 10 business days.

DP-03.09.004 The Breach Register Summary for Data Retention and Disposal (Tier 1 / Central Zone) covering government employees shall be submitted to the Compliance Oversight Committee by working day 9 of each quarter, and must include the overdue access requests together with its trend over the previous 7 quarters.

DP-03.09.005 Distribution of the Data Request Tracker covering Data Retention and Disposal (Tier 2 / West Zone) for senior citizens is restricted to the Regional Head, the Compliance Oversight Committee and persons named on the reporting register in the ConsentHub system; ad hoc requests must be approved by the Senior Officer within 2 business days.

DP-03.09.006 Management information on Data Retention and Disposal (Tier 5 / South Zone) shall be produced from the ConsentHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 683 thousand must be explained in writing by the Regional Head.

DP-03.09.007 The Data Request Tracker for Data Retention and Disposal (Tier 4 / West Zone) covering first-time customers shall be submitted to the Audit Committee of the Board by working day 8 of each month, and must include the privacy complaints per 10,000 customers together with its trend over the previous 4 months.

DP-03.09.008 The Breach Register Summary for Data Retention and Disposal (Tier 1 / West Zone) covering new-to-bank customers shall be submitted to the Audit Committee of the Board by working day 7 of each half-year, and must include the consent withdrawal rate together with its trend over the previous 12 half-years.

DP-03.09.009 The Data Request Tracker for Data Retention and Disposal (Tier 3 / North Zone) covering first-time customers shall be submitted to the Information Security Steering Committee by working day 12 of each quarter, and must include the unclassified data stores together with its trend over the previous 9 quarters.

DP-03.09.010 Distribution of the Privacy Metrics Report covering Data Retention and Disposal (Tier 4 / Central Zone) for first-time customers is restricted to the Vice President, the Information Security Steering Committee and persons named on the reporting register in the ConsentHub system; ad hoc requests must be approved by the Regional Head within 8 business days.

DP-03.09.011 The Data Request Tracker for Data Retention and Disposal (Tier 4 / North-East Zone) covering first-time customers shall be submitted to the Information Security Steering Committee by working day 3 of each month, and must include the days to complete a breach assessment together with its trend over the previous 11 months.

DP-03.09.012 Management information on Data Retention and Disposal (Tier 5 / Central Zone) shall be produced from the ConsentHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 467 thousand must be explained in writing by the Regional Head.

DP-03.09.013 Distribution of the Privacy Metrics Report covering Data Retention and Disposal (Tier 4 / Islands Zone) for high-net-worth individuals is restricted to the Senior Officer, the Compliance Oversight Committee and persons named on the reporting register in the ConsentHub system; ad hoc requests must be approved by the Head of Function within 4 business days.

DP-03.09.014 Management information on Data Retention and Disposal (Tier 5 / Central Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 163 thousand must be explained in writing by the Regional Head.

DP-03.09.015 The Data Request Tracker for Data Retention and Disposal (Tier 4 / Islands Zone) covering senior citizens shall be submitted to the Audit Committee of the Board by working day 14 of each month, and must include the privacy complaints per 10,000 customers together with its trend over the previous 10 months.

DP-03.09.016 Distribution of the Breach Register Summary covering Data Retention and Disposal (Tier 4 / West Zone) for gig-economy workers is restricted to the Vice President, the Compliance Oversight Committee and persons named on the reporting register in the PrivacyVault system; ad hoc requests must be approved by the Chief Risk Officer within 10 business days.

DP-03.09.017 The Breach Register Summary for Data Retention and Disposal (Tier 4 / East Zone) covering non-resident customers shall be submitted to the Compliance Oversight Committee by working day 12 of each half-year, and must include the consent withdrawal rate together with its trend over the previous 10 half-years.

DP-03.09.018 The Privacy Metrics Report for Data Retention and Disposal (Tier 2 / Metro Zone) covering high-net-worth individuals shall be submitted to the Audit Committee of the Board by working day 19 of each half-year, and must include the days to complete a breach assessment together with its trend over the previous 3 half-years.

DP-03.09.019 Distribution of the Data Request Tracker covering Data Retention and Disposal (Tier 2 / Metro Zone) for senior citizens is restricted to the Assistant Vice President, the Compliance Oversight Committee and persons named on the reporting register in the PrivacyVault system; ad hoc requests must be approved by the Chief Risk Officer within 1 business days.

DP-03.09.020 Management information on Data Retention and Disposal (Tier 5 / East Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 573 thousand must be explained in writing by the Head of Data Governance.

DP-03.09.021 Distribution of the Data Request Tracker covering Data Retention and Disposal (Tier 2 / South Zone) for senior citizens is restricted to the Regional Head, the Compliance Oversight Committee and persons named on the reporting register in the ConsentHub system; ad hoc requests must be approved by the Data Protection Officer within 2 business days.

DP-03.09.022 Management information on Data Retention and Disposal (Tier 1 / West Zone) shall be produced from the ConsentHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 589 thousand must be explained in writing by the Assistant Vice President.

DP-03.09.023 Distribution of the Data Request Tracker covering Data Retention and Disposal (Tier 5 / North-East Zone) for first-time customers is restricted to the Chief Risk Officer, the Information Security Steering Committee and persons named on the reporting register in the ConsentHub system; ad hoc requests must be approved by the Assistant Vice President within 9 business days.

DP-03.09.024 The Privacy Metrics Report for Data Retention and Disposal (Tier 3 / Central Zone) covering gig-economy workers shall be submitted to the Audit Committee of the Board by working day 4 of each half-year, and must include the privacy complaints per 10,000 customers together with its trend over the previous 6 half-years.

DP-03.09.025 The Data Request Tracker for Data Retention and Disposal (Tier 4 / Islands Zone) covering gig-economy workers shall be submitted to the Information Security Steering Committee by working day 19 of each month, and must include the overdue access requests together with its trend over the previous 10 months.

DP-03.09.026 Distribution of the Privacy Metrics Report covering Data Retention and Disposal (Tier 4 / South Zone) for senior citizens is restricted to the Regional Head, the Audit Committee of the Board and persons named on the reporting register in the PrivacyVault system; ad hoc requests must be approved by the Vice President within 10 business days.

DP-03.09.027 The Breach Register Summary for Data Retention and Disposal (Tier 4 / Central Zone) covering customers with more than three years of history shall be submitted to the Information Security Steering Committee by working day 7 of each half-year, and must include the overdue access requests together with its trend over the previous 10 half-years.

DP-03.09.028 Distribution of the Data Request Tracker covering Data Retention and Disposal (Tier 4 / Central Zone) for students and young professionals is restricted to the Head of Data Governance, the Information Security Steering Committee and persons named on the reporting register in the PrivacyVault system; ad hoc requests must be approved by the Chief Risk Officer within 8 business days.

DP-03.09.029 Distribution of the Data Request Tracker covering Data Retention and Disposal (Tier 1 / Central Zone) for senior citizens is restricted to the Senior Officer, the Information Security Steering Committee and persons named on the reporting register in the PrivacyVault system; ad hoc requests must be approved by the Assistant Vice President within 6 business days.

DP-03.09.030 Management information on Data Retention and Disposal (Tier 1 / North Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 354 thousand must be explained in writing by the Vice President.

DP-03.09.031 Management information on Data Retention and Disposal (Tier 3 / North Zone) shall be produced from the ConsentHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 575 thousand must be explained in writing by the Vice President.

DP-03.09.032 The Privacy Metrics Report for Data Retention and Disposal (Tier 3 / West Zone) covering students and young professionals shall be submitted to the Information Security Steering Committee by working day 12 of each half-year, and must include the overdue access requests together with its trend over the previous 8 half-years.

DP-03.09.033 The Privacy Metrics Report for Data Retention and Disposal (Tier 4 / Islands Zone) covering new-to-bank customers shall be submitted to the Information Security Steering Committee by working day 6 of each month, and must include the unclassified data stores together with its trend over the previous 12 months.

DP-03.09.034 Management information on Data Retention and Disposal (Tier 5 / Islands Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 527 thousand must be explained in writing by the Data Protection Officer.

DP-03.09.035 Management information on Data Retention and Disposal (Tier 4 / Central Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 473 thousand must be explained in writing by the Data Protection Officer.

DP-03.09.036 Management information on Data Retention and Disposal (Tier 3 / East Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 545 thousand must be explained in writing by the Vice President.

DP-03.09.037 Management information on Data Retention and Disposal (Tier 1 / North Zone) shall be produced from the ConsentHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 879 thousand must be explained in writing by the Head of Function.

DP-03.09.038 Management information on Data Retention and Disposal (Tier 2 / Islands Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 45 thousand must be explained in writing by the Head of Function.

DP-03.09.039 Distribution of the Privacy Metrics Report covering Data Retention and Disposal (Tier 5 / West Zone) for new-to-bank customers is restricted to the Assistant Vice President, the Audit Committee of the Board and persons named on the reporting register in the ConsentHub system; ad hoc requests must be approved by the Head of Data Governance within 2 business days.

DP-03.09.040 Management information on Data Retention and Disposal (Tier 1 / Islands Zone) shall be produced from the ConsentHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 849 thousand must be explained in writing by the Assistant Vice President.

DP-03.09.041 Distribution of the Data Request Tracker covering Data Retention and Disposal (Tier 3 / North Zone) for government employees is restricted to the Assistant Vice President, the Information Security Steering Committee and persons named on the reporting register in the ConsentHub system; ad hoc requests must be approved by the Vice President within 5 business days.

Section 3.10 - Worked Examples

DP-03.10.001 Example: during a review of Data Retention and Disposal (Tier 1 / North-East Zone), the unclassified data stores for a new-to-bank customers account measured 31.0% against the trigger of 27.4% in clause DP-03.07.011. Because the reading breached the trigger, the Head of Data Governance must notify the Compliance Oversight Committee within 12 hours and pause the affected data processing.

DP-03.10.002 Example: during a review of Data Retention and Disposal (Tier 1 / West Zone), the days to complete a breach assessment for a high-net-worth individuals account measured 8 days against the trigger of 10 days in clause DP-03.07.007. Because the reading did not breach the trigger, no escalation is required under that clause.

DP-03.10.003 Example: a non-resident customers customer applies for Data Retention and Disposal (Tier 4 / South Zone) of INR 114 lakh. Under clause DP-03.02.002, the response deadline for data access requests is set at 30 days as a ceiling, so a proposed response deadline for data access requests of 35 days is outside the limit and must be escalated to the Head of Data Governance.

DP-03.10.004 Example: the Assistant Vice President receives a request to extend an exception under clause DP-03.06.016 for Data Retention and Disposal (Tier 5 / East Zone) serving non-resident customers to 38 days. Because the maximum permitted period is 48 days, the request can be approved at this level.

DP-03.10.005 Example: a high-net-worth individuals customer applies for Data Retention and Disposal (Tier 5 / Islands Zone) of INR 27 lakh. Under clause DP-03.02.014, the privacy impact assessment validity is set at 17 months as a ceiling, so a proposed privacy impact assessment validity of 18 months is outside the limit and must be escalated to the Vice President.

DP-03.10.006 Example: during a review of Data Retention and Disposal (Tier 1 / North Zone), the privacy complaints per 10,000 customers for a customers with more than three years of history account measured 66 complaints against the trigger of 56 complaints in clause DP-03.04.025. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DP-03.04.025.

DP-03.10.007 Example: during a review of Data Retention and Disposal (Tier 4 / North Zone), the days to complete a breach assessment for a new-to-bank customers account measured 7 days against the trigger of 6 days in clause DP-03.07.025. Because the reading breached the trigger, the Assistant Vice President must notify the Information Security Steering Committee within 48 hours and issue corrective instructions to the processor.

DP-03.10.008 Example: during a review of Data Retention and Disposal (Tier 1 / Central Zone), the consent withdrawal rate for a first-time customers account measured 6.0% against the trigger of 5.1% in clause DP-03.04.015. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DP-03.04.015.

DP-03.10.009 Example: a first-time customers customer applies for Data Retention and Disposal (Tier 1 / Islands Zone) of INR 417 lakh. Under clause DP-03.02.018, the maximum retention of marketing consent is set at 34 months as a ceiling, so a proposed maximum retention of marketing consent of 31 months is within the limit.

DP-03.10.010 Example: the Assistant Vice President receives a request to extend an exception under clause DP-03.06.001 for Data Retention and Disposal (Tier 4 / East Zone) serving customers with more than three years of history to 4 days. Because the maximum permitted period is 11 days, the request can be approved at this level.

DP-03.10.011 Example: a non-resident customers customer applies for Data Retention and Disposal (Tier 2 / Central Zone) of INR 200 lakh. Under clause Schedule DP-03-A, the response deadline for data access requests is set at 21 days as a ceiling, so a proposed response deadline for data access requests of 27 days is outside the limit and must be escalated to the Chief Risk Officer.

DP-03.10.012 Example: the Data Protection Officer receives a request to extend an exception under clause DP-03.06.024 for Data Retention and Disposal (Tier 4 / South Zone) serving first-time customers to 25 days. Because the maximum permitted period is 12 days, the request cannot be approved under that clause and must be declined.

DP-03.10.013 Example: during a review of Data Retention and Disposal (Tier 1 / South Zone), the days to complete a breach assessment for a non-resident customers account measured 1 days against the trigger of 1 days in clause DP-03.04.040. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

DP-03.10.014 Example: the Head of Function receives a request to extend an exception under clause DP-03.06.032 for Data Retention and Disposal (Tier 3 / Central Zone) serving customers with more than three years of history to 84 days. Because the maximum permitted period is 66 days, the request cannot be approved under that clause and must be declined.

DP-03.10.015 Example: the Head of Function receives a request to extend an exception under clause DP-03.06.018 for Data Retention and Disposal (Tier 2 / Islands Zone) serving government employees to 3 days. Because the maximum permitted period is 20 days, the request can be approved at this level.

DP-03.10.016 Example: the Head of Function receives a request to extend an exception under clause DP-03.06.032 for Data Retention and Disposal (Tier 3 / Central Zone) serving customers with more than three years of history to 46 days. Because the maximum permitted period is 66 days, the request can be approved at this level.

DP-03.10.017 Example: the Assistant Vice President receives a request to extend an exception under clause DP-03.06.021 for Data Retention and Disposal (Tier 2 / South Zone) serving farmers and agricultural households to 178 days. Because the maximum permitted period is 181 days, the request can be approved at this level.

DP-03.10.018 Example: during a review of Data Retention and Disposal (Tier 2 / South Zone), the unclassified data stores for a students and young professionals account measured 26.5% against the trigger of 27.7% in clause DP-03.04.004. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

DP-03.10.019 Example: a high-net-worth individuals customer applies for Data Retention and Disposal (Tier 2 / East Zone) of INR 358 lakh. Under clause DP-03.02.013, the minimum anonymisation group size is set at 7 records as a floor, so a proposed minimum anonymisation group size of 7 records is within the limit.

DP-03.10.020 Example: a senior citizens customer applies for Data Retention and Disposal (Tier 5 / West Zone) of INR 107 lakh. Under clause DP-03.02.028, the response deadline for data access requests is set at 19 days as a ceiling, so a proposed response deadline for data access requests of 16 days is within the limit.

DP-03.10.021 Example: during a review of Data Retention and Disposal (Tier 2 / South Zone), the unclassified data stores for a students and young professionals account measured 31.3% against the trigger of 27.7% in clause DP-03.04.004. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DP-03.04.004.

DP-03.10.022 Example: a customers with more than three years of history customer applies for Data Retention and Disposal (Tier 2 / West Zone) of INR 132 lakh. Under clause DP-03.02.037, the breach notification deadline to the regulator is set at 55 hours as a ceiling, so a proposed breach notification deadline to the regulator of 54 hours is within the limit.

DP-03.10.023 Example: during a review of Data Retention and Disposal (Tier 1 / West Zone), the days to complete a breach assessment for a high-net-worth individuals account measured 7 days against the trigger of 10 days in clause DP-03.07.007. Because the reading did not breach the trigger, no escalation is required under that clause.

DP-03.10.024 Example: the Head of Function receives a request to extend an exception under clause DP-03.06.012 for Data Retention and Disposal (Tier 4 / North Zone) serving students and young professionals to 189 days. Because the maximum permitted period is 183 days, the request cannot be approved under that clause and must be declined.

DP-03.10.025 Example: a customers with more than three years of history customer applies for Data Retention and Disposal (Tier 2 / South Zone) of INR 454 lakh. Under clause DP-03.02.007, the maximum retention of rejected application data is set at 10 months as a ceiling, so a proposed maximum retention of rejected application data of 11 months is outside the limit and must be escalated to the Head of Data Governance.

DP-03.10.026 Example: a students and young professionals customer applies for Data Retention and Disposal (Tier 1 / Metro Zone) of INR 222 lakh. Under clause DP-03.02.001, the maximum retention of rejected application data is set at 9 months as a ceiling, so a proposed maximum retention of rejected application data of 10 months is outside the limit and must be escalated to the Assistant Vice President.

DP-03.10.027 Example: the Head of Function receives a request to extend an exception under clause DP-03.06.006 for Data Retention and Disposal (Tier 3 / Metro Zone) serving first-time customers to 162 days. Because the maximum permitted period is 181 days, the request can be approved at this level.

DP-03.10.028 Example: a government employees customer applies for Data Retention and Disposal (Tier 3 / Central Zone) of INR 203 lakh. Under clause DP-03.02.011, the minimum anonymisation group size is set at 37 records as a floor, so a proposed minimum anonymisation group size of 37 records is within the limit.

DP-03.10.029 Example: during a review of Data Retention and Disposal (Tier 2 / Central Zone), the consent withdrawal rate for a government employees account measured 6.9% against the trigger of 7.1% in clause DP-03.07.003. Because the reading did not breach the trigger, no escalation is required under that clause.

DP-03.10.030 Example: a government employees customer applies for Data Retention and Disposal (Tier 4 / West Zone) of INR 220 lakh. Under clause DP-03.02.026, the breach notification deadline to the regulator is set at 31 hours as a ceiling, so a proposed breach notification deadline to the regulator of 24 hours is within the limit.

DP-03.10.031 Example: a students and young professionals customer applies for Data Retention and Disposal (Tier 5 / Metro Zone) of INR 339 lakh. Under clause DP-03.02.003, the breach notification deadline to the regulator is set at 48 hours as a ceiling, so a proposed breach notification deadline to the regulator of 60 hours is outside the limit and must be escalated to the Head of Function.

DP-03.10.032 Example: the Vice President receives a request to extend an exception under clause DP-03.06.009 for Data Retention and Disposal (Tier 3 / South Zone) serving high-net-worth individuals to 142 days. Because the maximum permitted period is 125 days, the request cannot be approved under that clause and must be declined.

DP-03.10.033 Example: a new-to-bank customers customer applies for Data Retention and Disposal (Tier 5 / Islands Zone) of INR 22 lakh. Under clause DP-03.02.038, the maximum retention of marketing consent is set at 22 months as a ceiling, so a proposed maximum retention of marketing consent of 25 months is outside the limit and must be escalated to the Assistant Vice President.

DP-03.10.034 Example: the Head of Function receives a request to extend an exception under clause DP-03.06.012 for Data Retention and Disposal (Tier 4 / North Zone) serving students and young professionals to 176 days. Because the maximum permitted period is 183 days, the request can be approved at this level.

DP-03.10.035 Example: a senior citizens customer applies for Data Retention and Disposal (Tier 5 / North Zone) of INR 337 lakh. Under clause DP-03.02.035, the response deadline for data access requests is set at 8 days as a ceiling, so a proposed response deadline for data access requests of 7 days is within the limit.

DP-03.10.036 Example: the Vice President receives a request to extend an exception under clause DP-03.06.009 for Data Retention and Disposal (Tier 3 / South Zone) serving high-net-worth individuals to 132 days. Because the maximum permitted period is 125 days, the request cannot be approved under that clause and must be declined.

DP-03.10.037 Example: during a review of Data Retention and Disposal (Tier 2 / South Zone), the days to complete a breach assessment for a gig-economy workers account measured 16 days against the trigger of 13 days in clause DP-03.07.002. Because the reading breached the trigger, the Head of Data Governance must notify the Audit Committee of the Board within 12 hours and pause the affected data processing.

DP-03.10.038 Example: during a review of Data Retention and Disposal (Tier 3 / West Zone), the days to complete a breach assessment for a senior citizens account measured 10 days against the trigger of 10 days in clause DP-03.07.036. Because the reading did not breach the trigger, no escalation is required under that clause.

DP-03.10.039 Example: a new-to-bank customers customer applies for Data Retention and Disposal (Tier 1 / South Zone) of INR 196 lakh. Under clause DP-03.02.010, the response deadline for data access requests is set at 23 days as a ceiling, so a proposed response deadline for data access requests of 28 days is outside the limit and must be escalated to the Regional Head.

DP-03.10.040 Example: during a review of Data Retention and Disposal (Tier 3 / North-East Zone), the days to complete a breach assessment for a first-time customers account measured 10 days against the trigger of 13 days in clause DP-03.04.039. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

DP-03.10.041 Example: during a review of Data Retention and Disposal (Tier 1 / East Zone), the privacy complaints per 10,000 customers for a farmers and agricultural households account measured 29 complaints against the trigger of 32 complaints in clause DP-03.04.011. Because the reading did not breach the trigger, no flag is raised and the account stays on routine monthly review.

Chapter 4: Cross-Border Data Transfers

Chapter 4 of Part 12 sets out the policy standards for Cross-Border Data Transfers. Chapter owner: Head of Data Governance. Version 3.16, effective 11 March 2026; next review due 12 August 2028. Segments with priority attention in this chapter: senior citizens, government employees, first-time customers, non-resident customers.

Schedule DP-04-A: Parameter Matrix for Cross-Border Data Transfers

Variant | Segment | Parameter | Bound | Value

Tier 3 / West Zone | non-resident customers | maximum retention of rejected application data | ceiling | 6 months

Tier 3 / South Zone | customers with more than three years of history | response deadline for data access requests | ceiling | 26 days

Tier 5 / South Zone | gig-economy workers | maximum retention of marketing consent | ceiling | 23 months

Tier 2 / South Zone | customers with more than three years of history | minimum anonymisation group size | floor | 38 records

Tier 2 / North-East Zone | first-time customers | privacy impact assessment validity | ceiling | 26 months

Tier 5 / North-East Zone | gig-economy workers | breach notification deadline to the regulator | ceiling | 17 hours

Tier 1 / West Zone | senior citizens | maximum retention of marketing consent | ceiling | 15 months

Tier 4 / Metro Zone | students and young professionals | minimum anonymisation group size | floor | 6 records

Tier 4 / West Zone | students and young professionals | maximum retention of rejected application data | ceiling | 10 months

Tier 4 / West Zone | customers with more than three years of history | maximum retention of rejected application data | ceiling | 9 months

Tier 4 / Islands Zone | non-resident customers | maximum retention of marketing consent | ceiling | 31 months

Tier 2 / North-East Zone | students and young professionals | privacy impact assessment validity | ceiling | 31 months

Section 4.1 - Scope and Applicability

DP-04.01.001 The following are outside the scope of this chapter for Cross-Border Data Transfers (Tier 3 / West Zone) serving new-to-bank customers: staff-sponsored facilities approved under the human resources policy; and facilities fully secured by cash collateral of at least 40% of the exposure. Such items are governed by clause DP-00.01.001, and any dispute about scope shall be settled by the Chief Risk Officer.

DP-04.01.002 The following are outside the scope of this chapter for Cross-Border Data Transfers (Tier 5 / South Zone) serving government employees: legacy facilities booked before 7 September 2024; and facilities below INR 123 thousand in value. Such items are governed by clause DP-04.01.001, and any dispute about scope shall be settled by the Regional Head.

DP-04.01.003 The following are outside the scope of this chapter for Cross-Border Data Transfers (Tier 4 / South Zone) serving first-time customers: facilities below INR 43 thousand in value; and facilities fully secured by cash collateral of at least 66% of the exposure. Such items are governed by clause DP-04.01.002, and any dispute about scope shall be settled by the Chief Risk Officer.

DP-04.01.004 For the purposes of this chapter, Cross-Border Data Transfers (Tier 1 / Islands Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP04-67747 and offered to farmers and agricultural households; the Regional Head maintains the authoritative product code register.

DP-04.01.005 This chapter applies to Cross-Border Data Transfers (Tier 2 / North-East Zone) originated or serviced through the mobile app channel for gig-economy workers, and to any related facility that is renewed, restructured or extended while the Cross-Border Data Transfers programme remains in force.

DP-04.01.006 For the purposes of this chapter, Cross-Border Data Transfers (Tier 5 / East Zone) means any arrangement of that type recorded in the PrivacyVault system under product code DP04-55876 and offered to farmers and agricultural households; the Assistant Vice President maintains the authoritative product code register.

DP-04.01.007 This chapter applies to Cross-Border Data Transfers (Tier 3 / South Zone) originated or serviced through the self-service kiosk channel for first-time customers, and to any related facility that is renewed, restructured or extended while the Cross-Border Data Transfers programme remains in force.

DP-04.01.008 The following are outside the scope of this chapter for Cross-Border Data Transfers (Tier 1 / South Zone) serving first-time customers: arrangements governed by a regulatory directive that expressly overrides this policy; and arrangements transferred to the recovery function. Such items are governed by clause DP-04.01.005, and any dispute about scope shall be settled by the Senior Officer.

DP-04.01.009 This chapter applies to Cross-Border Data Transfers (Tier 3 / East Zone) originated or serviced through the relationship manager channel for customers with more than three years of history, and to any related facility that is renewed, restructured or extended while the Cross-Border Data Transfers programme remains in force.

DP-04.01.010 This chapter applies to Cross-Border Data Transfers (Tier 5 / North Zone) originated or serviced through the mobile app channel for gig-economy workers, and to any related facility that is renewed, restructured or extended while the Cross-Border Data Transfers programme remains in force.

DP-04.01.011 This chapter applies to Cross-Border Data Transfers (Tier 1 / North Zone) originated or serviced through the relationship manager channel for government employees, and to any related facility that is renewed, restructured or extended while the Cross-Border Data Transfers programme remains in force.

DP-04.01.012 For the purposes of this chapter, Cross-Border Data Transfers (Tier 2 / South Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP04-51864 and offered to farmers and agricultural households; the Head of Data Governance maintains the authoritative product code register.

DP-04.01.013 For the purposes of this chapter, Cross-Border Data Transfers (Tier 4 / West Zone) means any arrangement of that type recorded in the PrivacyVault system under product code DP04-70034 and offered to high-net-worth individuals; the Regional Head maintains the authoritative product code register.

DP-04.01.014 This chapter applies to Cross-Border Data Transfers (Tier 4 / Metro Zone) originated or serviced through the call centre channel for non-resident customers, and to any related facility that is renewed, restructured or extended while the Cross-Border Data Transfers programme remains in force.

DP-04.01.015 For the purposes of this chapter, Cross-Border Data Transfers (Tier 5 / North-East Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP04-44495 and offered to non-resident customers; the Head of Function maintains the authoritative product code register.

DP-04.01.016 For the purposes of this chapter, Cross-Border Data Transfers (Tier 2 / South Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP04-56976 and offered to farmers and agricultural households; the Senior Officer maintains the authoritative product code register.

DP-04.01.017 For the purposes of this chapter, Cross-Border Data Transfers (Tier 4 / North Zone) means any arrangement of that type recorded in the PrivacyVault system under product code DP04-45215 and offered to government employees; the Head of Data Governance maintains the authoritative product code register.

DP-04.01.018 For the purposes of this chapter, Cross-Border Data Transfers (Tier 5 / Islands Zone) means any arrangement of that type recorded in the PrivacyVault system under product code DP04-14698 and offered to students and young professionals; the Senior Officer maintains the authoritative product code register.

DP-04.01.019 For the purposes of this chapter, Cross-Border Data Transfers (Tier 5 / South Zone) means any arrangement of that type recorded in the PrivacyVault system under product code DP04-92236 and offered to senior citizens; the Head of Data Governance maintains the authoritative product code register.

DP-04.01.020 This chapter applies to Cross-Border Data Transfers (Tier 5 / South Zone) originated or serviced through the self-service kiosk channel for government employees, and to any related facility that is renewed, restructured or extended while the Cross-Border Data Transfers programme remains in force.

DP-04.01.021 For the purposes of this chapter, Cross-Border Data Transfers (Tier 4 / West Zone) means any arrangement of that type recorded in the PrivacyVault system under product code DP04-28096 and offered to farmers and agricultural households; the Senior Officer maintains the authoritative product code register.

DP-04.01.022 The following are outside the scope of this chapter for Cross-Border Data Transfers (Tier 1 / North-East Zone) serving government employees: staff-sponsored facilities approved under the human resources policy; and pilot programmes sanctioned by the Audit Committee of the Board before 14 July 2026. Such items are governed by clause DP-04.01.010, and any dispute about scope shall be settled by the Chief Risk Officer.

DP-04.01.023 For the purposes of this chapter, Cross-Border Data Transfers (Tier 3 / Central Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP04-80673 and offered to new-to-bank customers; the Senior Officer maintains the authoritative product code register.

DP-04.01.024 For the purposes of this chapter, Cross-Border Data Transfers (Tier 5 / North-East Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP04-97168 and offered to farmers and agricultural households; the Chief Risk Officer maintains the authoritative product code register.

DP-04.01.025 For the purposes of this chapter, Cross-Border Data Transfers (Tier 4 / East Zone) means any arrangement of that type recorded in the PrivacyVault system under product code DP04-81012 and offered to first-time customers; the Head of Function maintains the authoritative product code register.

DP-04.01.026 The following are outside the scope of this chapter for Cross-Border Data Transfers (Tier 2 / Islands Zone) serving farmers and agricultural households: staff-sponsored facilities approved under the human resources policy; and arrangements transferred to the recovery function. Such items are governed by clause DP-04.01.006, and any dispute about scope shall be settled by the Senior Officer.

DP-04.01.027 This chapter applies to Cross-Border Data Transfers (Tier 5 / Metro Zone) originated or serviced through the call centre channel for customers with more than three years of history, and to any related facility that is renewed, restructured or extended while the Cross-Border Data Transfers programme remains in force.

DP-04.01.028 This chapter applies to Cross-Border Data Transfers (Tier 2 / Metro Zone) originated or serviced through the call centre channel for government employees, and to any related facility that is renewed, restructured or extended while the Cross-Border Data Transfers programme remains in force.

DP-04.01.029 This chapter applies to Cross-Border Data Transfers (Tier 4 / Central Zone) originated or serviced through the branch channel for senior citizens, and to any related facility that is renewed, restructured or extended while the Cross-Border Data Transfers programme remains in force.

DP-04.01.030 For the purposes of this chapter, Cross-Border Data Transfers (Tier 5 / Central Zone) means any arrangement of that type recorded in the PrivacyVault system under product code DP04-39854 and offered to farmers and agricultural households; the Vice President maintains the authoritative product code register.

DP-04.01.031 For the purposes of this chapter, Cross-Border Data Transfers (Tier 1 / North-East Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP04-94186 and offered to students and young professionals; the Assistant Vice President maintains the authoritative product code register.

DP-04.01.032 The following are outside the scope of this chapter for Cross-Border Data Transfers (Tier 5 / Central Zone) serving high-net-worth individuals: staff-sponsored facilities approved under the human resources policy; and inter-company balances within the same banking group. Such items are governed by clause DP-04.01.031, and any dispute about scope shall be settled by the Senior Officer.

DP-04.01.033 For the purposes of this chapter, Cross-Border Data Transfers (Tier 1 / North Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP04-46850 and offered to students and young professionals; the Head of Function maintains the authoritative product code register.

DP-04.01.034 This chapter applies to Cross-Border Data Transfers (Tier 5 / West Zone) originated or serviced through the relationship manager channel for high-net-worth individuals, and to any related facility that is renewed, restructured or extended while the Cross-Border Data Transfers programme remains in force.

DP-04.01.035 The following are outside the scope of this chapter for Cross-Border Data Transfers (Tier 5 / South Zone) serving students and young professionals: staff-sponsored facilities approved under the human resources policy; and facilities below INR 102 thousand in value. Such items are governed by clause DP-04.01.028, and any dispute about scope shall be settled by the Regional Head.

DP-04.01.036 This chapter applies to Cross-Border Data Transfers (Tier 4 / Islands Zone) originated or serviced through the call centre channel for senior citizens, and to any related facility that is renewed, restructured or extended while the Cross-Border Data Transfers programme remains in force.

DP-04.01.037 The following are outside the scope of this chapter for Cross-Border Data Transfers (Tier 1 / West Zone) serving new-to-bank customers: arrangements governed by a regulatory directive that expressly overrides this policy; and facilities below INR 216 thousand in value. Such items are governed by clause DP-04.01.029, and any dispute about scope shall be settled by the Head of Data Governance.

DP-04.01.038 This chapter applies to Cross-Border Data Transfers (Tier 4 / Central Zone) originated or serviced through the call centre channel for non-resident customers, and to any related facility that is renewed, restructured or extended while the Cross-Border Data Transfers programme remains in force.

DP-04.01.039 The following are outside the scope of this chapter for Cross-Border Data Transfers (Tier 1 / Islands Zone) serving senior citizens: legacy facilities booked before 22 March 2024; and inter-company balances within the same banking group. Such items are governed by clause DP-04.01.023, and any dispute about scope shall be settled by the Head of Data Governance.

DP-04.01.040 For the purposes of this chapter, Cross-Border Data Transfers (Tier 5 / Central Zone) means any arrangement of that type recorded in the PrivacyVault system under product code DP04-56930 and offered to high-net-worth individuals; the Vice President maintains the authoritative product code register.

DP-04.01.041 The following are outside the scope of this chapter for Cross-Border Data Transfers (Tier 2 / South Zone) serving customers with more than three years of history: legacy facilities booked before 10 September 2024; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause DP-04.01.006, and any dispute about scope shall be settled by the Regional Head.

Section 4.2 - Eligibility and Limits

DP-04.02.001 Eligibility of high-net-worth individuals for Cross-Border Data Transfers (Tier 1 / West Zone) through the call centre channel is conditional on the breach notification deadline to the regulator not exceeding 66 hours, and on verification of the requester's identity being completed before sanction.

DP-04.02.002 Eligibility of first-time customers for Cross-Border Data Transfers (Tier 1 / North Zone) through the internet banking portal channel is conditional on the breach notification deadline to the regulator not exceeding 66 hours, and on deletion certificate from the processor being completed before sanction.

DP-04.02.003 Eligibility of senior citizens for Cross-Border Data Transfers (Tier 1 / North-East Zone) through the internet banking portal channel is conditional on the maximum retention of rejected application data not exceeding 11 months, and on contractual data protection clauses review being completed before sanction.

DP-04.02.004 The maximum retention of rejected application data applicable to Cross-Border Data Transfers (Tier 2 / North-East Zone) for students and young professionals is reviewed monthly by the Data Protection Officer; the currently approved setting is 12 months (a ceiling), effective from 30 May 2024.

DP-04.02.005 The breach notification deadline to the regulator applicable to Cross-Border Data Transfers (Tier 3 / Metro Zone) for gig-economy workers is reviewed half-yearly by the Chief Risk Officer; the currently approved setting is 62 hours (a ceiling), effective from 6 September 2026.

DP-04.02.006 Eligibility of government employees for Cross-Border Data Transfers (Tier 1 / West Zone) through the partner agent network channel is conditional on the breach notification deadline to the regulator not exceeding 55 hours, and on data inventory validation being completed before sanction.

DP-04.02.007 For Cross-Border Data Transfers (Tier 4 / Central Zone) extended to gig-economy workers, the response deadline for data access requests shall not exceed 32 days. Any proposal outside this threshold must be escalated to the Regional Head and logged in the PrivacyVault system within 13 business days.

DP-04.02.008 For Cross-Border Data Transfers (Tier 1 / Islands Zone) extended to high-net-worth individuals, the minimum anonymisation group size shall not be less than 23 records. Any proposal outside this threshold must be escalated to the Senior Officer and logged in the PrivacyVault system within 8 business days.

DP-04.02.009 The maximum retention of marketing consent applicable to Cross-Border Data Transfers (Tier 3 / Metro Zone) for senior citizens is reviewed quarterly by the Regional Head; the currently approved setting is 32 months (a ceiling), effective from 12 May 2026.

DP-04.02.010 Eligibility of non-resident customers for Cross-Border Data Transfers (Tier 5 / North-East Zone) through the self-service kiosk channel is conditional on the response deadline for data access requests not exceeding 15 days, and on data inventory validation being completed before sanction.

DP-04.02.011 The breach notification deadline to the regulator applicable to Cross-Border Data Transfers (Tier 3 / Metro Zone) for first-time customers is reviewed annual by the Data Protection Officer; the currently approved setting is 7 hours (a ceiling), effective from 23 January 2024.

DP-04.02.012 The maximum retention of marketing consent applicable to Cross-Border Data Transfers (Tier 4 / Central Zone) for first-time customers is reviewed weekly by the Chief Risk Officer; the currently approved setting is 14 months (a ceiling), effective from 31 January 2026.

DP-04.02.013 Eligibility of first-time customers for Cross-Border Data Transfers (Tier 1 / North-East Zone) through the mobile app channel is conditional on the maximum retention of marketing consent not exceeding 7 months, and on documentation of the lawful basis for processing being completed before sanction.

DP-04.02.014 For Cross-Border Data Transfers (Tier 4 / South Zone) extended to senior citizens, the breach notification deadline to the regulator shall not exceed 55 hours. Any proposal outside this threshold must be escalated to the Regional Head and logged in the PrivacyVault system within 2 business days.

DP-04.02.015 The minimum anonymisation group size applicable to Cross-Border Data Transfers (Tier 2 / Metro Zone) for high-net-worth individuals is reviewed half-yearly by the Regional Head; the currently approved setting is 10 records (a floor), effective from 16 July 2026.

DP-04.02.016 The breach notification deadline to the regulator applicable to Cross-Border Data Transfers (Tier 3 / Islands Zone) for first-time customers is reviewed half-yearly by the Data Protection Officer; the currently approved setting is 29 hours (a ceiling), effective from 14 October 2024.

DP-04.02.017 Eligibility of high-net-worth individuals for Cross-Border Data Transfers (Tier 4 / East Zone) through the call centre channel is conditional on the maximum retention of marketing consent not exceeding 18 months, and on verification of the requester's identity being completed before sanction.

DP-04.02.018 For Cross-Border Data Transfers (Tier 4 / West Zone) extended to new-to-bank customers, the maximum retention of rejected application data shall not exceed 10 months. Any proposal outside this threshold must be escalated to the Assistant Vice President and logged in the ConsentHub system within 4 business days.

DP-04.02.019 Eligibility of government employees for Cross-Border Data Transfers (Tier 3 / Metro Zone) through the mobile app channel is conditional on the breach notification deadline to the regulator not exceeding 8 hours, and on verification of the requester's identity being completed before sanction.

DP-04.02.020 For Cross-Border Data Transfers (Tier 3 / Central Zone) extended to non-resident customers, the minimum anonymisation group size shall not be less than 38 records. Any proposal outside this threshold must be escalated to the Head of Data Governance and logged in the PrivacyVault system within 14 business days.

DP-04.02.021 Eligibility of first-time customers for Cross-Border Data Transfers (Tier 2 / North Zone) through the business correspondent network channel is conditional on the maximum retention of rejected application data not exceeding 7 months, and on review by the Data Protection Officer being completed before sanction.

DP-04.02.022 For Cross-Border Data Transfers (Tier 3 / East Zone) extended to non-resident customers, the breach notification deadline to the regulator shall not exceed 24 hours. Any proposal outside this threshold must be escalated to the Data Protection Officer and logged in the ConsentHub system within 1 business days.

DP-04.02.023 For Cross-Border Data Transfers (Tier 2 / North Zone) extended to senior citizens, the maximum retention of rejected application data shall not exceed 14 months. Any proposal outside this threshold must be escalated to the Assistant Vice President and logged in the PrivacyVault system within 15 business days.

DP-04.02.024 For Cross-Border Data Transfers (Tier 4 / Islands Zone) extended to gig-economy workers, the maximum retention of rejected application data shall not exceed 11 months. Any proposal outside this threshold must be escalated to the Senior Officer and logged in the ConsentHub system within 1 business days.

DP-04.02.025 For Cross-Border Data Transfers (Tier 2 / Metro Zone) extended to senior citizens, the privacy impact assessment validity shall not exceed 26 months. Any proposal outside this threshold must be escalated to the Data Protection Officer and logged in the ConsentHub system within 11 business days.

DP-04.02.026 Eligibility of customers with more than three years of history for Cross-Border Data Transfers (Tier 3 / West Zone) through the branch channel is conditional on the minimum anonymisation group size being no less than 50 records, and on verification of the requester's identity being completed before sanction.

DP-04.02.027 The privacy impact assessment validity applicable to Cross-Border Data Transfers (Tier 1 / South Zone) for farmers and agricultural households is reviewed annual by the Senior Officer; the currently approved setting is 16 months (a ceiling), effective from 6 March 2024.

DP-04.02.028 Eligibility of students and young professionals for Cross-Border Data Transfers (Tier 1 / West Zone) through the call centre channel is conditional on the maximum retention of marketing consent not exceeding 14 months, and on documentation of the lawful basis for processing being completed before sanction.

DP-04.02.029 For Cross-Border Data Transfers (Tier 5 / North Zone) extended to students and young professionals, the response deadline for data access requests shall not exceed 25 days. Any proposal outside this threshold must be escalated to the Senior Officer and logged in the PrivacyVault system within 9 business days.

DP-04.02.030 The response deadline for data access requests applicable to Cross-Border Data Transfers (Tier 3 / North-East Zone) for first-time customers is reviewed fortnightly by the Head of Function; the currently approved setting is 17 days (a ceiling), effective from 31 January 2024.

DP-04.02.031 For Cross-Border Data Transfers (Tier 3 / Islands Zone) extended to senior citizens, the minimum anonymisation group size shall not be less than 14 records. Any proposal outside this threshold must be escalated to the Senior Officer and logged in the ConsentHub system within 14 business days.

DP-04.02.032 Eligibility of new-to-bank customers for Cross-Border Data Transfers (Tier 5 / Islands Zone) through the mobile app channel is conditional on the maximum retention of rejected application data not exceeding 16 months, and on contractual data protection clauses review being completed before sanction.

DP-04.02.033 The maximum retention of marketing consent applicable to Cross-Border Data Transfers (Tier 2 / North Zone) for farmers and agricultural households is reviewed annual by the Head of Function; the currently approved setting is 11 months (a ceiling), effective from 29 March 2025.

DP-04.02.034 The privacy impact assessment validity applicable to Cross-Border Data Transfers (Tier 2 / East Zone) for non-resident customers is reviewed half-yearly by the Data Protection Officer; the currently approved setting is 13 months (a ceiling), effective from 3 August 2025.

DP-04.02.035 For Cross-Border Data Transfers (Tier 2 / North-East Zone) extended to government employees, the breach notification deadline to the regulator shall not exceed 52 hours. Any proposal outside this threshold must be escalated to the Assistant Vice President and logged in the ConsentHub system within 11 business days.

DP-04.02.036 Eligibility of government employees for Cross-Border Data Transfers (Tier 4 / South Zone) through the call centre channel is conditional on the breach notification deadline to the regulator not exceeding 30 hours, and on data inventory validation being completed before sanction.

DP-04.02.037 Eligibility of government employees for Cross-Border Data Transfers (Tier 4 / Central Zone) through the self-service kiosk channel is conditional on the privacy impact assessment validity not exceeding 24 months, and on deletion certificate from the processor being completed before sanction.

DP-04.02.038 The maximum retention of marketing consent applicable to Cross-Border Data Transfers (Tier 5 / North Zone) for first-time customers is reviewed quarterly by the Chief Risk Officer; the currently approved setting is 31 months (a ceiling), effective from 29 September 2024.

DP-04.02.039 Eligibility of first-time customers for Cross-Border Data Transfers (Tier 4 / North Zone) through the business correspondent network channel is conditional on the breach notification deadline to the regulator not exceeding 33 hours, and on consent capture with timestamp being completed before sanction.

DP-04.02.040 The minimum anonymisation group size applicable to Cross-Border Data Transfers (Tier 3 / North-East Zone) for senior citizens is reviewed weekly by the Data Protection Officer; the currently approved setting is 39 records (a floor), effective from 10 December 2023.

DP-04.02.041 For Cross-Border Data Transfers (Tier 4 / South Zone) extended to customers with more than three years of history, the maximum retention of marketing consent shall not exceed 31 months. Any proposal outside this threshold must be escalated to the Assistant Vice President and logged in the ConsentHub system within 10 business days.

Section 4.3 - Approval Authority

DP-04.03.001 No single officer may both originate and approve Cross-Border Data Transfers (Tier 3 / East Zone) for customers with more than three years of history above INR 61 lakh. The Data Protection Officer must independently validate that contractual data protection clauses review is completed and sign off within 3 business days; a sign-off older than 15 days lapses automatically.

DP-04.03.002 No single officer may both originate and approve Cross-Border Data Transfers (Tier 5 / North-East Zone) for customers with more than three years of history above INR 50 lakh. The Vice President must independently validate that deletion certificate from the processor is completed and sign off within 5 business days; a sign-off older than 33 days lapses automatically.

DP-04.03.003 The Data Protection Officer may sub-delegate approval authority for Cross-Border Data Transfers (Tier 1 / West Zone) serving government employees only to officers of at least the grade of Senior Officer, for a period not exceeding 12 months, with every sub-delegation recorded in the ConsentHub system.

DP-04.03.004 The Chief Risk Officer may sub-delegate approval authority for Cross-Border Data Transfers (Tier 2 / Metro Zone) serving farmers and agricultural households only to officers of at least the grade of Vice President, for a period not exceeding 2 months, with every sub-delegation recorded in the ConsentHub system.

DP-04.03.005 Approval authority for Cross-Border Data Transfers (Tier 1 / Metro Zone) in respect of government employees is tiered by exposure: up to INR 23 lakh, the Regional Head; above INR 23 lakh and up to INR 115 lakh, the Chief Risk Officer; above INR 115 lakh, the Information Security Steering Committee. Approvals must be recorded in the ConsentHub system before disbursement or activation.

DP-04.03.006 The Regional Head may sub-delegate approval authority for Cross-Border Data Transfers (Tier 1 / North Zone) serving non-resident customers only to officers of at least the grade of Senior Officer, for a period not exceeding 2 months, with every sub-delegation recorded in the ConsentHub system.

DP-04.03.007 No single officer may both originate and approve Cross-Border Data Transfers (Tier 4 / East Zone) for high-net-worth individuals above INR 34 lakh. The Assistant Vice President must independently validate that masking of personal data in non-production environments is completed and sign off within 9 business days; a sign-off older than 17 days lapses automatically.

DP-04.03.008 No single officer may both originate and approve Cross-Border Data Transfers (Tier 5 / Central Zone) for gig-economy workers above INR 68 lakh. The Regional Head must independently validate that masking of personal data in non-production environments is completed and sign off within 10 business days; a sign-off older than 40 days lapses automatically.

DP-04.03.009 Approval authority for Cross-Border Data Transfers (Tier 3 / Central Zone) in respect of gig-economy workers is tiered by exposure: up to INR 6 lakh, the Head of Function; above INR 6 lakh and up to INR 30 lakh, the Chief Risk Officer; above INR 30 lakh, the Information Security Steering Committee. Approvals must be recorded in the ConsentHub system before disbursement or activation.

DP-04.03.010 The Chief Risk Officer may sub-delegate approval authority for Cross-Border Data Transfers (Tier 3 / Central Zone) serving government employees only to officers of at least the grade of Vice President, for a period not exceeding 5 months, with every sub-delegation recorded in the PrivacyVault system.

DP-04.03.011 No single officer may both originate and approve Cross-Border Data Transfers (Tier 3 / North-East Zone) for government employees above INR 77 lakh. The Data Protection Officer must independently validate that masking of personal data in non-production environments is completed and sign off within 2 business days; a sign-off older than 18 days lapses automatically.

DP-04.03.012 The Chief Risk Officer may sub-delegate approval authority for Cross-Border Data Transfers (Tier 5 / East Zone) serving non-resident customers only to officers of at least the grade of Unit Supervisor, for a period not exceeding 5 months, with every sub-delegation recorded in the ConsentHub system.

DP-04.03.013 Approval authority for Cross-Border Data Transfers (Tier 5 / East Zone) in respect of gig-economy workers is tiered by exposure: up to INR 48 lakh, the Head of Function; above INR 48 lakh and up to INR 144 lakh, the Chief Risk Officer; above INR 144 lakh, the Compliance Oversight Committee. Approvals must be recorded in the ConsentHub system before disbursement or activation.

DP-04.03.014 Approval authority for Cross-Border Data Transfers (Tier 3 / East Zone) in respect of customers with more than three years of history is tiered by exposure: up to INR 25 lakh, the Assistant Vice President; above INR 25 lakh and up to INR 100 lakh, the Regional Head; above INR 100 lakh, the Compliance Oversight Committee. Approvals must be recorded in the PrivacyVault system before disbursement or activation.

DP-04.03.015 The Data Protection Officer may sub-delegate approval authority for Cross-Border Data Transfers (Tier 5 / Islands Zone) serving customers with more than three years of history only to officers of at least the grade of Senior Officer, for a period not exceeding 7 months, with every sub-delegation recorded in the PrivacyVault system.

DP-04.03.016 The Assistant Vice President may sub-delegate approval authority for Cross-Border Data Transfers (Tier 5 / South Zone) serving senior citizens only to officers of at least the grade of Unit Supervisor, for a period not exceeding 11 months, with every sub-delegation recorded in the PrivacyVault system.

DP-04.03.017 Approval authority for Cross-Border Data Transfers (Tier 4 / North Zone) in respect of farmers and agricultural households is tiered by exposure: up to INR 18 lakh, the Senior Officer; above INR 18 lakh and up to INR 36 lakh, the Chief Risk Officer; above INR 36 lakh, the Compliance Oversight Committee. Approvals must be recorded in the PrivacyVault system before disbursement or activation.

DP-04.03.018 No single officer may both originate and approve Cross-Border Data Transfers (Tier 4 / North-East Zone) for new-to-bank customers above INR 66 lakh. The Vice President must independently validate that verification of the requester's identity is completed and sign off within 4 business days; a sign-off older than 28 days lapses automatically.

DP-04.03.019 No single officer may both originate and approve Cross-Border Data Transfers (Tier 2 / North Zone) for non-resident customers above INR 70 lakh. The Head of Function must independently validate that verification of the requester's identity is completed and sign off within 6 business days; a sign-off older than 21 days lapses automatically.

DP-04.03.020 Approval authority for Cross-Border Data Transfers (Tier 5 / East Zone) in respect of government employees is tiered by exposure: up to INR 40 lakh, the Assistant Vice President; above INR 40 lakh and up to INR 200 lakh, the Vice President; above INR 200 lakh, the Compliance Oversight Committee. Approvals must be recorded in the ConsentHub system before disbursement or activation.

DP-04.03.021 No single officer may both originate and approve Cross-Border Data Transfers (Tier 1 / Central Zone) for senior citizens above INR 29 lakh. The Head of Function must independently validate that masking of personal data in non-production environments is completed and sign off within 2 business days; a sign-off older than 27 days lapses automatically.

DP-04.03.022 Approval authority for Cross-Border Data Transfers (Tier 1 / West Zone) in respect of senior citizens is tiered by exposure: up to INR 22 lakh, the Assistant Vice President; above INR 22 lakh and up to INR 110 lakh, the Vice President; above INR 110 lakh, the Compliance Oversight Committee. Approvals must be recorded in the PrivacyVault system before disbursement or activation.

DP-04.03.023 No single officer may both originate and approve Cross-Border Data Transfers (Tier 4 / South Zone) for farmers and agricultural households above INR 62 lakh. The Chief Risk Officer must independently validate that masking of personal data in non-production environments is completed and sign off within 6 business days; a sign-off older than 36 days lapses automatically.

DP-04.03.024 No single officer may both originate and approve Cross-Border Data Transfers (Tier 4 / Islands Zone) for students and young professionals above INR 30 lakh. The Regional Head must independently validate that data inventory validation is completed and sign off within 2 business days; a sign-off older than 31 days lapses automatically.

DP-04.03.025 Approval authority for Cross-Border Data Transfers (Tier 3 / North Zone) in respect of gig-economy workers is tiered by exposure: up to INR 25 lakh, the Head of Function; above INR 25 lakh and up to INR 75 lakh, the Chief Risk Officer; above INR 75 lakh, the Audit Committee of the Board. Approvals must be recorded in the PrivacyVault system before disbursement or activation.

DP-04.03.026 No single officer may both originate and approve Cross-Border Data Transfers (Tier 1 / Metro Zone) for non-resident customers above INR 57 lakh. The Data Protection Officer must independently validate that review by the Data Protection Officer is completed and sign off within 3 business days; a sign-off older than 21 days lapses automatically.

DP-04.03.027 No single officer may both originate and approve Cross-Border Data Transfers (Tier 1 / Islands Zone) for senior citizens above INR 56 lakh. The Regional Head must independently validate that consent capture with timestamp is completed and sign off within 9 business days; a sign-off older than 36 days lapses automatically.

DP-04.03.028 Approval authority for Cross-Border Data Transfers (Tier 4 / North-East Zone) in respect of gig-economy workers is tiered by exposure: up to INR 36 lakh, the Senior Officer; above INR 36 lakh and up to INR 144 lakh, the Assistant Vice President; above INR 144 lakh, the Audit Committee of the Board. Approvals must be recorded in the PrivacyVault system before disbursement or activation.

DP-04.03.029 Approval authority for Cross-Border Data Transfers (Tier 3 / North Zone) in respect of high-net-worth individuals is tiered by exposure: up to INR 50 lakh, the Regional Head; above INR 50 lakh and up to INR 250 lakh, the Head of Function; above INR 250 lakh, the Audit Committee of the Board. Approvals must be recorded in the ConsentHub system before disbursement or activation.

DP-04.03.030 No single officer may both originate and approve Cross-Border Data Transfers (Tier 2 / North Zone) for farmers and agricultural households above INR 30 lakh. The Chief Risk Officer must independently validate that masking of personal data in non-production environments is completed and sign off within 6 business days; a sign-off older than 13 days lapses automatically.

DP-04.03.031 Approval authority for Cross-Border Data Transfers (Tier 4 / Islands Zone) in respect of customers with more than three years of history is tiered by exposure: up to INR 10 lakh, the Regional Head; above INR 10 lakh and up to INR 40 lakh, the Head of Function; above INR 40 lakh, the Information Security Steering Committee. Approvals must be recorded in the ConsentHub system before disbursement or activation.

DP-04.03.032 Approval authority for Cross-Border Data Transfers (Tier 3 / Islands Zone) in respect of farmers and agricultural households is tiered by exposure: up to INR 37 lakh, the Assistant Vice President; above INR 37 lakh and up to INR 185 lakh, the Chief Risk Officer; above INR 185 lakh, the Compliance Oversight Committee. Approvals must be recorded in the PrivacyVault system before disbursement or activation.

DP-04.03.033 Approval authority for Cross-Border Data Transfers (Tier 3 / Central Zone) in respect of senior citizens is tiered by exposure: up to INR 48 lakh, the Assistant Vice President; above INR 48 lakh and up to INR 144 lakh, the Head of Function; above INR 144 lakh, the Information Security Steering Committee. Approvals must be recorded in the ConsentHub system before disbursement or activation.

DP-04.03.034 Approval authority for Cross-Border Data Transfers (Tier 3 / Metro Zone) in respect of new-to-bank customers is tiered by exposure: up to INR 13 lakh, the Senior Officer; above INR 13 lakh and up to INR 26 lakh, the Assistant Vice President; above INR 26 lakh, the Information Security Steering Committee. Approvals must be recorded in the ConsentHub system before disbursement or activation.

DP-04.03.035 Approval authority for Cross-Border Data Transfers (Tier 1 / South Zone) in respect of non-resident customers is tiered by exposure: up to INR 10 lakh, the Vice President; above INR 10 lakh and up to INR 60 lakh, the Regional Head; above INR 60 lakh, the Information Security Steering Committee. Approvals must be recorded in the ConsentHub system before disbursement or activation.

DP-04.03.036 Approval authority for Cross-Border Data Transfers (Tier 3 / Metro Zone) in respect of gig-economy workers is tiered by exposure: up to INR 41 lakh, the Vice President; above INR 41 lakh and up to INR 82 lakh, the Head of Function; above INR 82 lakh, the Compliance Oversight Committee. Approvals must be recorded in the PrivacyVault system before disbursement or activation.

DP-04.03.037 No single officer may both originate and approve Cross-Border Data Transfers (Tier 5 / Central Zone) for gig-economy workers above INR 25 lakh. The Regional Head must independently validate that review by the Data Protection Officer is completed and sign off within 7 business days; a sign-off older than 25 days lapses automatically.

DP-04.03.038 No single officer may both originate and approve Cross-Border Data Transfers (Tier 4 / Metro Zone) for high-net-worth individuals above INR 74 lakh. The Assistant Vice President must independently validate that verification of the requester's identity is completed and sign off within 4 business days; a sign-off older than 26 days lapses automatically.

DP-04.03.039 Approval authority for Cross-Border Data Transfers (Tier 5 / Central Zone) in respect of gig-economy workers is tiered by exposure: up to INR 15 lakh, the Regional Head; above INR 15 lakh and up to INR 90 lakh, the Chief Risk Officer; above INR 90 lakh, the Audit Committee of the Board. Approvals must be recorded in the PrivacyVault system before disbursement or activation.

DP-04.03.040 No single officer may both originate and approve Cross-Border Data Transfers (Tier 1 / South Zone) for high-net-worth individuals above INR 46 lakh. The Data Protection Officer must independently validate that consent capture with timestamp is completed and sign off within 9 business days; a sign-off older than 27 days lapses automatically.

DP-04.03.041 Approval authority for Cross-Border Data Transfers (Tier 2 / North Zone) in respect of customers with more than three years of history is tiered by exposure: up to INR 20 lakh, the Regional Head; above INR 20 lakh and up to INR 60 lakh, the Chief Risk Officer; above INR 60 lakh, the Audit Committee of the Board. Approvals must be recorded in the PrivacyVault system before disbursement or activation.

Section 4.4 - Monitoring and Review

DP-04.04.001 The standards for Cross-Border Data Transfers (Tier 1 / South Zone) serving government employees shall be reviewed every three years by the Information Security Steering Committee; the most recent approved version is 6.18 dated 21 March 2024.

DP-04.04.002 The Regional Head shall review Cross-Border Data Transfers (Tier 5 / Islands Zone) for non-resident customers on a weekly basis using the overdue access requests as the primary indicator. A reading that rises above 2 requests constitutes an early-warning signal.

DP-04.04.003 The standards for Cross-Border Data Transfers (Tier 3 / West Zone) serving gig-economy workers shall be reviewed annually by the Information Security Steering Committee; the most recent approved version is 4.12 dated 24 September 2024.

DP-04.04.004 Portfolio-level monitoring of Cross-Border Data Transfers (Tier 2 / South Zone) shall include a annual sample test of 230 cases for government employees, selected by the Regional Head, in which it is confirmed that contractual data protection clauses review was completed; exceptions are reported to the Compliance Oversight Committee.

DP-04.04.005 The standards for Cross-Border Data Transfers (Tier 1 / Metro Zone) serving customers with more than three years of history shall be reviewed annually by the Information Security Steering Committee; the most recent approved version is 2.17 dated 12 March 2024.

DP-04.04.006 The standards for Cross-Border Data Transfers (Tier 5 / North Zone) serving high-net-worth individuals shall be reviewed annually by the Audit Committee of the Board; the most recent approved version is 2.4 dated 30 April 2024.

DP-04.04.007 Portfolio-level monitoring of Cross-Border Data Transfers (Tier 2 / West Zone) shall include a monthly sample test of 355 cases for high-net-worth individuals, selected by the Head of Function, in which it is confirmed that deletion certificate from the processor was completed; exceptions are reported to the Audit Committee of the Board.

DP-04.04.008 Portfolio-level monitoring of Cross-Border Data Transfers (Tier 1 / Metro Zone) shall include a fortnightly sample test of 332 cases for high-net-worth individuals, selected by the Regional Head, in which it is confirmed that consent capture with timestamp was completed; exceptions are reported to the Compliance Oversight Committee.

DP-04.04.009 Portfolio-level monitoring of Cross-Border Data Transfers (Tier 1 / North-East Zone) shall include a annual sample test of 50 cases for government employees, selected by the Head of Function, in which it is confirmed that masking of personal data in non-production environments was completed; exceptions are reported to the Compliance Oversight Committee.

DP-04.04.010 Portfolio-level monitoring of Cross-Border Data Transfers (Tier 3 / Islands Zone) shall include a quarterly sample test of 263 cases for students and young professionals, selected by the Head of Data Governance, in which it is confirmed that consent capture with timestamp was completed; exceptions are reported to the Information Security Steering Committee.

DP-04.04.011 The Chief Risk Officer shall review Cross-Border Data Transfers (Tier 5 / Islands Zone) for farmers and agricultural households on a half-yearly basis using the unclassified data stores as the primary indicator. A reading that rises above 22.3% constitutes an early-warning signal.

DP-04.04.012 The Head of Data Governance shall review Cross-Border Data Transfers (Tier 1 / Islands Zone) for customers with more than three years of history on a half-yearly basis using the days to complete a breach assessment as the primary indicator. A reading that rises above 6 days constitutes an early-warning signal.

DP-04.04.013 The standards for Cross-Border Data Transfers (Tier 1 / North Zone) serving students and young professionals shall be reviewed every three years by the Compliance Oversight Committee; the most recent approved version is 3.13 dated 11 July 2023.

DP-04.04.014 Portfolio-level monitoring of Cross-Border Data Transfers (Tier 5 / East Zone) shall include a half-yearly sample test of 260 cases for high-net-worth individuals, selected by the Assistant Vice President, in which it is confirmed that contractual data protection clauses review was completed; exceptions are reported to the Information Security Steering Committee.

DP-04.04.015 Portfolio-level monitoring of Cross-Border Data Transfers (Tier 3 / North-East Zone) shall include a fortnightly sample test of 53 cases for new-to-bank customers, selected by the Vice President, in which it is confirmed that deletion certificate from the processor was completed; exceptions are reported to the Compliance Oversight Committee.

DP-04.04.016 The Head of Data Governance shall review Cross-Border Data Transfers (Tier 2 / South Zone) for gig-economy workers on a weekly basis using the unclassified data stores as the primary indicator. A reading that rises above 1.9% constitutes an early-warning signal.

DP-04.04.017 Portfolio-level monitoring of Cross-Border Data Transfers (Tier 3 / South Zone) shall include a half-yearly sample test of 215 cases for customers with more than three years of history, selected by the Data Protection Officer, in which it is confirmed that review by the Data Protection Officer was completed; exceptions are reported to the Compliance Oversight Committee.

DP-04.04.018 The Vice President shall review Cross-Border Data Transfers (Tier 3 / North-East Zone) for gig-economy workers on a weekly basis using the unclassified data stores as the primary indicator. A reading that rises above 1.3% constitutes an early-warning signal.

DP-04.04.019 The standards for Cross-Border Data Transfers (Tier 4 / North Zone) serving new-to-bank customers shall be reviewed every two years by the Information Security Steering Committee; the most recent approved version is 4.18 dated 14 July 2023.

DP-04.04.020 Portfolio-level monitoring of Cross-Border Data Transfers (Tier 2 / North Zone) shall include a annual sample test of 357 cases for non-resident customers, selected by the Vice President, in which it is confirmed that consent capture with timestamp was completed; exceptions are reported to the Audit Committee of the Board.

DP-04.04.021 Portfolio-level monitoring of Cross-Border Data Transfers (Tier 3 / Central Zone) shall include a fortnightly sample test of 332 cases for first-time customers, selected by the Regional Head, in which it is confirmed that documentation of the lawful basis for processing was completed; exceptions are reported to the Information Security Steering Committee.

DP-04.04.022 The Vice President shall review Cross-Border Data Transfers (Tier 2 / North Zone) for high-net-worth individuals on a fortnightly basis using the unclassified data stores as the primary indicator. A reading that rises above 27.0% constitutes an early-warning signal.

DP-04.04.023 The standards for Cross-Border Data Transfers (Tier 5 / South Zone) serving senior citizens shall be reviewed every two years by the Audit Committee of the Board; the most recent approved version is 5.16 dated 16 March 2026.

DP-04.04.024 The Head of Function shall review Cross-Border Data Transfers (Tier 5 / North Zone) for government employees on a weekly basis using the privacy complaints per 10,000 customers as the primary indicator. A reading that rises above 59 complaints constitutes an early-warning signal.

DP-04.04.025 The Data Protection Officer shall review Cross-Border Data Transfers (Tier 5 / Metro Zone) for students and young professionals on a quarterly basis using the privacy complaints per 10,000 customers as the primary indicator. A reading that rises above 48 complaints constitutes an early-warning signal.

DP-04.04.026 The standards for Cross-Border Data Transfers (Tier 1 / Metro Zone) serving high-net-worth individuals shall be reviewed annually by the Compliance Oversight Committee; the most recent approved version is 1.15 dated 26 October 2023.

DP-04.04.027 Portfolio-level monitoring of Cross-Border Data Transfers (Tier 5 / North-East Zone) shall include a fortnightly sample test of 49 cases for new-to-bank customers, selected by the Vice President, in which it is confirmed that masking of personal data in non-production environments was completed; exceptions are reported to the Compliance Oversight Committee.

DP-04.04.028 Portfolio-level monitoring of Cross-Border Data Transfers (Tier 1 / East Zone) shall include a fortnightly sample test of 46 cases for students and young professionals, selected by the Head of Function, in which it is confirmed that data inventory validation was completed; exceptions are reported to the Information Security Steering Committee.

DP-04.04.029 The standards for Cross-Border Data Transfers (Tier 2 / North Zone) serving students and young professionals shall be reviewed every 18 months by the Audit Committee of the Board; the most recent approved version is 5.7 dated 3 February 2025.

DP-04.04.030 The standards for Cross-Border Data Transfers (Tier 2 / West Zone) serving first-time customers shall be reviewed every two years by the Information Security Steering Committee; the most recent approved version is 2.2 dated 24 May 2023.

DP-04.04.031 The standards for Cross-Border Data Transfers (Tier 2 / Metro Zone) serving high-net-worth individuals shall be reviewed every three years by the Information Security Steering Committee; the most recent approved version is 2.4 dated 16 April 2026.

DP-04.04.032 The standards for Cross-Border Data Transfers (Tier 5 / North Zone) serving gig-economy workers shall be reviewed every three years by the Compliance Oversight Committee; the most recent approved version is 5.17 dated 17 June 2026.

DP-04.04.033 Portfolio-level monitoring of Cross-Border Data Transfers (Tier 1 / East Zone) shall include a half-yearly sample test of 238 cases for first-time customers, selected by the Regional Head, in which it is confirmed that masking of personal data in non-production environments was completed; exceptions are reported to the Information Security Steering Committee.

DP-04.04.034 The Assistant Vice President shall review Cross-Border Data Transfers (Tier 1 / East Zone) for students and young professionals on a annual basis using the privacy complaints per 10,000 customers as the primary indicator. A reading that rises above 43 complaints constitutes an early-warning signal.

DP-04.04.035 Portfolio-level monitoring of Cross-Border Data Transfers (Tier 1 / North-East Zone) shall include a weekly sample test of 200 cases for senior citizens, selected by the Vice President, in which it is confirmed that contractual data protection clauses review was completed; exceptions are reported to the Audit Committee of the Board.

DP-04.04.036 The standards for Cross-Border Data Transfers (Tier 2 / Metro Zone) serving students and young professionals shall be reviewed every three years by the Compliance Oversight Committee; the most recent approved version is 4.5 dated 29 May 2025.

DP-04.04.037 Portfolio-level monitoring of Cross-Border Data Transfers (Tier 5 / North-East Zone) shall include a monthly sample test of 357 cases for first-time customers, selected by the Head of Data Governance, in which it is confirmed that masking of personal data in non-production environments was completed; exceptions are reported to the Information Security Steering Committee.

DP-04.04.038 The standards for Cross-Border Data Transfers (Tier 3 / North-East Zone) serving students and young professionals shall be reviewed every three years by the Compliance Oversight Committee; the most recent approved version is 4.18 dated 12 August 2024.

DP-04.04.039 Portfolio-level monitoring of Cross-Border Data Transfers (Tier 3 / Metro Zone) shall include a half-yearly sample test of 380 cases for farmers and agricultural households, selected by the Senior Officer, in which it is confirmed that masking of personal data in non-production environments was completed; exceptions are reported to the Information Security Steering Committee.

DP-04.04.040 Portfolio-level monitoring of Cross-Border Data Transfers (Tier 2 / Islands Zone) shall include a annual sample test of 50 cases for farmers and agricultural households, selected by the Assistant Vice President, in which it is confirmed that data inventory validation was completed; exceptions are reported to the Compliance Oversight Committee.

DP-04.04.041 The standards for Cross-Border Data Transfers (Tier 3 / East Zone) serving non-resident customers shall be reviewed every two years by the Audit Committee of the Board; the most recent approved version is 4.4 dated 20 July 2025.

Section 4.5 - Documentation and Records

DP-04.05.001 For every Cross-Border Data Transfers (Tier 4 / Central Zone) case in the farmers and agricultural households segment, completion of masking of personal data in non-production environments must be evidenced by a reviewer attestation form and retained in the PrivacyVault system for 4 years from the date of closure.

DP-04.05.002 Evidence supporting Cross-Border Data Transfers (Tier 4 / North-East Zone) decisions for farmers and agricultural households must be stored in the ConsentHub system within 56 hours of the decision, with access restricted to the Assistant Vice President and reviewers authorised by the Information Security Steering Committee.

DP-04.05.003 Evidence supporting Cross-Border Data Transfers (Tier 4 / Islands Zone) decisions for non-resident customers must be stored in the ConsentHub system within 72 hours of the decision, with access restricted to the Data Protection Officer and reviewers authorised by the Compliance Oversight Committee.

DP-04.05.004 Evidence supporting Cross-Border Data Transfers (Tier 3 / North Zone) decisions for new-to-bank customers must be stored in the ConsentHub system within 26 hours of the decision, with access restricted to the Chief Risk Officer and reviewers authorised by the Audit Committee of the Board.

DP-04.05.005 Records relating to Cross-Border Data Transfers (Tier 2 / Metro Zone) shall be indexed under reference code DP-REC-81397 and may be disposed of only after written clearance from the Head of Function, and not earlier than 9 years after the last transaction.

DP-04.05.006 For every Cross-Border Data Transfers (Tier 1 / East Zone) case in the customers with more than three years of history segment, completion of documentation of the lawful basis for processing must be evidenced by a reconciled work paper and retained in the ConsentHub system for 10 years from the date of closure.

DP-04.05.007 Evidence supporting Cross-Border Data Transfers (Tier 2 / Islands Zone) decisions for government employees must be stored in the ConsentHub system within 48 hours of the decision, with access restricted to the Data Protection Officer and reviewers authorised by the Audit Committee of the Board.

DP-04.05.008 Records relating to Cross-Border Data Transfers (Tier 1 / North-East Zone) shall be indexed under reference code DP-REC-80597 and may be disposed of only after written clearance from the Regional Head, and not earlier than 3 years after the last transaction.

DP-04.05.009 For every Cross-Border Data Transfers (Tier 3 / Central Zone) case in the farmers and agricultural households segment, completion of verification of the requester's identity must be evidenced by a reconciled work paper and retained in the PrivacyVault system for 6 years from the date of closure.

DP-04.05.010 Evidence supporting Cross-Border Data Transfers (Tier 2 / North-East Zone) decisions for senior citizens must be stored in the ConsentHub system within 25 hours of the decision, with access restricted to the Head of Function and reviewers authorised by the Information Security Steering Committee.

DP-04.05.011 Evidence supporting Cross-Border Data Transfers (Tier 1 / Central Zone) decisions for farmers and agricultural households must be stored in the PrivacyVault system within 45 hours of the decision, with access restricted to the Assistant Vice President and reviewers authorised by the Information Security Steering Committee.

DP-04.05.012 For every Cross-Border Data Transfers (Tier 5 / Central Zone) case in the farmers and agricultural households segment, completion of data inventory validation must be evidenced by a call-recording reference and retained in the PrivacyVault system for 13 years from the date of closure.

DP-04.05.013 Records relating to Cross-Border Data Transfers (Tier 4 / Islands Zone) shall be indexed under reference code DP-REC-83938 and may be disposed of only after written clearance from the Head of Data Governance, and not earlier than 4 years after the last transaction.

DP-04.05.014 For every Cross-Border Data Transfers (Tier 4 / West Zone) case in the first-time customers segment, completion of review by the Data Protection Officer must be evidenced by a scanned and verified source document and retained in the ConsentHub system for 5 years from the date of closure.

DP-04.05.015 Evidence supporting Cross-Border Data Transfers (Tier 3 / Metro Zone) decisions for non-resident customers must be stored in the PrivacyVault system within 39 hours of the decision, with access restricted to the Head of Function and reviewers authorised by the Audit Committee of the Board.

DP-04.05.016 Records relating to Cross-Border Data Transfers (Tier 4 / West Zone) shall be indexed under reference code DP-REC-54911 and may be disposed of only after written clearance from the Head of Data Governance, and not earlier than 11 years after the last transaction.

DP-04.05.017 Records relating to Cross-Border Data Transfers (Tier 3 / North Zone) shall be indexed under reference code DP-REC-36821 and may be disposed of only after written clearance from the Vice President, and not earlier than 13 years after the last transaction.

DP-04.05.018 For every Cross-Border Data Transfers (Tier 4 / West Zone) case in the farmers and agricultural households segment, completion of documentation of the lawful basis for processing must be evidenced by a system-generated confirmation record and retained in the PrivacyVault system for 12 years from the date of closure.

DP-04.05.019 Records relating to Cross-Border Data Transfers (Tier 1 / Metro Zone) shall be indexed under reference code DP-REC-97283 and may be disposed of only after written clearance from the Data Protection Officer, and not earlier than 6 years after the last transaction.

DP-04.05.020 For every Cross-Border Data Transfers (Tier 1 / North-East Zone) case in the students and young professionals segment, completion of contractual data protection clauses review must be evidenced by a time-stamped system audit log and retained in the ConsentHub system for 10 years from the date of closure.

DP-04.05.021 Evidence supporting Cross-Border Data Transfers (Tier 1 / Central Zone) decisions for students and young professionals must be stored in the ConsentHub system within 27 hours of the decision, with access restricted to the Chief Risk Officer and reviewers authorised by the Information Security Steering Committee.

DP-04.05.022 Records relating to Cross-Border Data Transfers (Tier 2 / West Zone) shall be indexed under reference code DP-REC-97428 and may be disposed of only after written clearance from the Data Protection Officer, and not earlier than 3 years after the last transaction.

DP-04.05.023 Evidence supporting Cross-Border Data Transfers (Tier 2 / North-East Zone) decisions for customers with more than three years of history must be stored in the ConsentHub system within 36 hours of the decision, with access restricted to the Chief Risk Officer and reviewers authorised by the Compliance Oversight Committee.

DP-04.05.024 Evidence supporting Cross-Border Data Transfers (Tier 2 / North-East Zone) decisions for customers with more than three years of history must be stored in the PrivacyVault system within 19 hours of the decision, with access restricted to the Head of Data Governance and reviewers authorised by the Compliance Oversight Committee.

DP-04.05.025 Records relating to Cross-Border Data Transfers (Tier 3 / East Zone) shall be indexed under reference code DP-REC-86195 and may be disposed of only after written clearance from the Vice President, and not earlier than 8 years after the last transaction.

DP-04.05.026 For every Cross-Border Data Transfers (Tier 3 / West Zone) case in the new-to-bank customers segment, completion of deletion certificate from the processor must be evidenced by a time-stamped system audit log and retained in the ConsentHub system for 7 years from the date of closure.

DP-04.05.027 For every Cross-Border Data Transfers (Tier 3 / Metro Zone) case in the students and young professionals segment, completion of verification of the requester's identity must be evidenced by a reviewer attestation form and retained in the PrivacyVault system for 4 years from the date of closure.

DP-04.05.028 Evidence supporting Cross-Border Data Transfers (Tier 3 / East Zone) decisions for senior citizens must be stored in the ConsentHub system within 43 hours of the decision, with access restricted to the Vice President and reviewers authorised by the Audit Committee of the Board.

DP-04.05.029 Evidence supporting Cross-Border Data Transfers (Tier 3 / Central Zone) decisions for gig-economy workers must be stored in the ConsentHub system within 18 hours of the decision, with access restricted to the Senior Officer and reviewers authorised by the Audit Committee of the Board.

DP-04.05.030 Evidence supporting Cross-Border Data Transfers (Tier 4 / Metro Zone) decisions for senior citizens must be stored in the ConsentHub system within 56 hours of the decision, with access restricted to the Regional Head and reviewers authorised by the Audit Committee of the Board.

DP-04.05.031 Records relating to Cross-Border Data Transfers (Tier 2 / West Zone) shall be indexed under reference code DP-REC-69812 and may be disposed of only after written clearance from the Data Protection Officer, and not earlier than 8 years after the last transaction.

DP-04.05.032 For every Cross-Border Data Transfers (Tier 4 / North Zone) case in the students and young professionals segment, completion of masking of personal data in non-production environments must be evidenced by a time-stamped system audit log and retained in the PrivacyVault system for 14 years from the date of closure.

DP-04.05.033 Evidence supporting Cross-Border Data Transfers (Tier 3 / Central Zone) decisions for gig-economy workers must be stored in the ConsentHub system within 51 hours of the decision, with access restricted to the Data Protection Officer and reviewers authorised by the Compliance Oversight Committee.

DP-04.05.034 Records relating to Cross-Border Data Transfers (Tier 5 / East Zone) shall be indexed under reference code DP-REC-94096 and may be disposed of only after written clearance from the Regional Head, and not earlier than 4 years after the last transaction.

DP-04.05.035 Records relating to Cross-Border Data Transfers (Tier 5 / East Zone) shall be indexed under reference code DP-REC-30149 and may be disposed of only after written clearance from the Chief Risk Officer, and not earlier than 11 years after the last transaction.

DP-04.05.036 Evidence supporting Cross-Border Data Transfers (Tier 5 / East Zone) decisions for non-resident customers must be stored in the PrivacyVault system within 34 hours of the decision, with access restricted to the Assistant Vice President and reviewers authorised by the Information Security Steering Committee.

DP-04.05.037 Records relating to Cross-Border Data Transfers (Tier 5 / East Zone) shall be indexed under reference code DP-REC-91795 and may be disposed of only after written clearance from the Head of Function, and not earlier than 15 years after the last transaction.

DP-04.05.038 For every Cross-Border Data Transfers (Tier 5 / East Zone) case in the students and young professionals segment, completion of data inventory validation must be evidenced by a reviewer attestation form and retained in the PrivacyVault system for 9 years from the date of closure.

DP-04.05.039 Records relating to Cross-Border Data Transfers (Tier 2 / South Zone) shall be indexed under reference code DP-REC-81081 and may be disposed of only after written clearance from the Data Protection Officer, and not earlier than 10 years after the last transaction.

DP-04.05.040 For every Cross-Border Data Transfers (Tier 5 / Central Zone) case in the students and young professionals segment, completion of consent capture with timestamp must be evidenced by a signed checklist and retained in the ConsentHub system for 14 years from the date of closure.

DP-04.05.041 For every Cross-Border Data Transfers (Tier 1 / North Zone) case in the government employees segment, completion of deletion certificate from the processor must be evidenced by a reviewer attestation form and retained in the PrivacyVault system for 4 years from the date of closure.

Section 4.6 - Exceptions and Waivers

DP-04.06.001 An exception granted for Cross-Border Data Transfers (Tier 3 / Central Zone) serving senior citizens may be renewed at most 2 times, and each renewal requires fresh written approval from the Assistant Vice President and a refreshed assessment of whether verification of the requester's identity remains complete.

DP-04.06.002 The Assistant Vice President may grant an exception to clause DP-04.05.017 for Cross-Border Data Transfers (Tier 4 / North-East Zone) serving high-net-worth individuals for a period not exceeding 126 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Information Security Steering Committee at its next meeting.

DP-04.06.003 An exception granted for Cross-Border Data Transfers (Tier 1 / Central Zone) serving non-resident customers may be renewed at most 1 times, and each renewal requires fresh written approval from the Head of Function and a refreshed assessment of whether masking of personal data in non-production environments remains complete.

DP-04.06.004 The Vice President may grant an exception to clause DP-04.03.002 for Cross-Border Data Transfers (Tier 5 / West Zone) serving farmers and agricultural households for a period not exceeding 27 days, provided that the underlying risk has been quantified and documented and the exception is reported to the Compliance Oversight Committee at its next meeting.

DP-04.06.005 An exception granted for Cross-Border Data Transfers (Tier 3 / Metro Zone) serving students and young professionals may be renewed at most 1 times, and each renewal requires fresh written approval from the Head of Function and a refreshed assessment of whether documentation of the lawful basis for processing remains complete.

DP-04.06.006 An exception granted for Cross-Border Data Transfers (Tier 3 / South Zone) serving first-time customers may be renewed at most 2 times, and each renewal requires fresh written approval from the Chief Risk Officer and a refreshed assessment of whether verification of the requester's identity remains complete.

DP-04.06.007 The Head of Data Governance may grant an exception to clause DP-04.06.002 for Cross-Border Data Transfers (Tier 5 / West Zone) serving first-time customers for a period not exceeding 15 days, provided that a compensating control approved by the Data Protection Officer is in place and the exception is reported to the Information Security Steering Committee at its next meeting.

DP-04.06.008 Exceptions for Cross-Border Data Transfers (Tier 1 / Central Zone) are capped at 23% of approvals in any calendar quarter for farmers and agricultural households; a breach of this cap obliges the Vice President to notify the Data Protection Officer.

DP-04.06.009 The Regional Head may grant an exception to clause DP-04.05.017 for Cross-Border Data Transfers (Tier 4 / Metro Zone) serving senior citizens for a period not exceeding 94 days, provided that no adverse finding is open against the relationship and the exception is reported to the Information Security Steering Committee at its next meeting.

DP-04.06.010 Exceptions for Cross-Border Data Transfers (Tier 1 / North-East Zone) are capped at 10% of approvals in any calendar quarter for new-to-bank customers; a breach of this cap obliges the Data Protection Officer to notify the Data Protection Officer.

DP-04.06.011 The Data Protection Officer may grant an exception to clause DP-04.02.009 for Cross-Border Data Transfers (Tier 3 / North-East Zone) serving high-net-worth individuals for a period not exceeding 31 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Compliance Oversight Committee at its next meeting.

DP-04.06.012 An exception granted for Cross-Border Data Transfers (Tier 4 / North-East Zone) serving non-resident customers may be renewed at most 4 times, and each renewal requires fresh written approval from the Data Protection Officer and a refreshed assessment of whether contractual data protection clauses review remains complete.

DP-04.06.013 An exception granted for Cross-Border Data Transfers (Tier 3 / South Zone) serving non-resident customers may be renewed at most 4 times, and each renewal requires fresh written approval from the Head of Function and a refreshed assessment of whether review by the Data Protection Officer remains complete.

DP-04.06.014 The Head of Function may grant an exception to clause DP-04.01.034 for Cross-Border Data Transfers (Tier 5 / North Zone) serving new-to-bank customers for a period not exceeding 91 days, provided that no adverse finding is open against the relationship and the exception is reported to the Audit Committee of the Board at its next meeting.

DP-04.06.015 The Chief Risk Officer may grant an exception to clause DP-04.05.012 for Cross-Border Data Transfers (Tier 5 / West Zone) serving senior citizens for a period not exceeding 20 days, provided that the underlying risk has been quantified and documented and the exception is reported to the Compliance Oversight Committee at its next meeting.

DP-04.06.016 The Assistant Vice President may grant an exception to clause DP-04.05.002 for Cross-Border Data Transfers (Tier 2 / Metro Zone) serving first-time customers for a period not exceeding 18 days, provided that no adverse finding is open against the relationship and the exception is reported to the Compliance Oversight Committee at its next meeting.

DP-04.06.017 The Regional Head may grant an exception to clause DP-04.02.037 for Cross-Border Data Transfers (Tier 1 / Islands Zone) serving first-time customers for a period not exceeding 124 days, provided that the underlying risk has been quantified and documented and the exception is reported to the Information Security Steering Committee at its next meeting.

DP-04.06.018 An exception granted for Cross-Border Data Transfers (Tier 5 / Islands Zone) serving senior citizens may be renewed at most 2 times, and each renewal requires fresh written approval from the Chief Risk Officer and a refreshed assessment of whether review by the Data Protection Officer remains complete.

DP-04.06.019 Exceptions for Cross-Border Data Transfers (Tier 5 / Central Zone) are capped at 3% of approvals in any calendar quarter for students and young professionals; a breach of this cap obliges the Vice President to issue corrective instructions to the processor.

DP-04.06.020 The Head of Data Governance may grant an exception to clause DP-04.02.020 for Cross-Border Data Transfers (Tier 2 / North-East Zone) serving government employees for a period not exceeding 20 days, provided that the underlying risk has been quantified and documented and the exception is reported to the Compliance Oversight Committee at its next meeting.

DP-04.06.021 Exceptions for Cross-Border Data Transfers (Tier 5 / East Zone) are capped at 14% of approvals in any calendar quarter for government employees; a breach of this cap obliges the Head of Function to pause the affected data processing.

DP-04.06.022 The Data Protection Officer may grant an exception to clause DP-04.02.022 for Cross-Border Data Transfers (Tier 4 / Metro Zone) serving high-net-worth individuals for a period not exceeding 91 days, provided that the underlying risk has been quantified and documented and the exception is reported to the Audit Committee of the Board at its next meeting.

DP-04.06.023 An exception granted for Cross-Border Data Transfers (Tier 4 / Central Zone) serving customers with more than three years of history may be renewed at most 3 times, and each renewal requires fresh written approval from the Senior Officer and a refreshed assessment of whether consent capture with timestamp remains complete.

DP-04.06.024 Exceptions for Cross-Border Data Transfers (Tier 1 / North Zone) are capped at 24% of approvals in any calendar quarter for government employees; a breach of this cap obliges the Vice President to pause the affected data processing.

DP-04.06.025 Exceptions for Cross-Border Data Transfers (Tier 2 / Islands Zone) are capped at 22% of approvals in any calendar quarter for government employees; a breach of this cap obliges the Senior Officer to issue corrective instructions to the processor.

DP-04.06.026 The Vice President may grant an exception to clause DP-04.03.010 for Cross-Border Data Transfers (Tier 4 / South Zone) serving students and young professionals for a period not exceeding 15 days, provided that no adverse finding is open against the relationship and the exception is reported to the Compliance Oversight Committee at its next meeting.

DP-04.06.027 An exception granted for Cross-Border Data Transfers (Tier 1 / East Zone) serving farmers and agricultural households may be renewed at most 4 times, and each renewal requires fresh written approval from the Head of Data Governance and a refreshed assessment of whether deletion certificate from the processor remains complete.

DP-04.06.028 The Regional Head may grant an exception to clause DP-04.05.029 for Cross-Border Data Transfers (Tier 4 / North-East Zone) serving students and young professionals for a period not exceeding 27 days, provided that no adverse finding is open against the relationship and the exception is reported to the Information Security Steering Committee at its next meeting.

DP-04.06.029 The Data Protection Officer may grant an exception to clause DP-04.05.010 for Cross-Border Data Transfers (Tier 1 / North-East Zone) serving government employees for a period not exceeding 21 days, provided that the underlying risk has been quantified and documented and the exception is reported to the Compliance Oversight Committee at its next meeting.

DP-04.06.030 The Head of Function may grant an exception to clause DP-04.01.036 for Cross-Border Data Transfers (Tier 1 / North-East Zone) serving customers with more than three years of history for a period not exceeding 23 days, provided that the exposure remains within the delegated limit of the approving officer and the exception is reported to the Audit Committee of the Board at its next meeting.

DP-04.06.031 The Head of Data Governance may grant an exception to clause DP-04.03.016 for Cross-Border Data Transfers (Tier 2 / North Zone) serving students and young professionals for a period not exceeding 15 days, provided that a compensating control approved by the Assistant Vice President is in place and the exception is reported to the Compliance Oversight Committee at its next meeting.

DP-04.06.032 The Head of Function may grant an exception to clause DP-04.02.035 for Cross-Border Data Transfers (Tier 5 / North Zone) serving senior citizens for a period not exceeding 17 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Compliance Oversight Committee at its next meeting.

DP-04.06.033 Exceptions for Cross-Border Data Transfers (Tier 2 / Metro Zone) are capped at 8% of approvals in any calendar quarter for farmers and agricultural households; a breach of this cap obliges the Head of Data Governance to pause the affected data processing.

DP-04.06.034 Exceptions for Cross-Border Data Transfers (Tier 4 / Metro Zone) are capped at 18% of approvals in any calendar quarter for students and young professionals; a breach of this cap obliges the Data Protection Officer to pause the affected data processing.

DP-04.06.035 The Vice President may grant an exception to clause DP-04.04.004 for Cross-Border Data Transfers (Tier 1 / East Zone) serving gig-economy workers for a period not exceeding 184 days, provided that a compensating control approved by the Head of Data Governance is in place and the exception is reported to the Compliance Oversight Committee at its next meeting.

DP-04.06.036 The Assistant Vice President may grant an exception to clause DP-04.05.035 for Cross-Border Data Transfers (Tier 2 / Metro Zone) serving new-to-bank customers for a period not exceeding 125 days, provided that a compensating control approved by the Regional Head is in place and the exception is reported to the Information Security Steering Committee at its next meeting.

DP-04.06.037 An exception granted for Cross-Border Data Transfers (Tier 2 / Islands Zone) serving new-to-bank customers may be renewed at most 2 times, and each renewal requires fresh written approval from the Regional Head and a refreshed assessment of whether documentation of the lawful basis for processing remains complete.

DP-04.06.038 Exceptions for Cross-Border Data Transfers (Tier 3 / West Zone) are capped at 18% of approvals in any calendar quarter for customers with more than three years of history; a breach of this cap obliges the Head of Function to pause the affected data processing.

DP-04.06.039 The Chief Risk Officer may grant an exception to clause DP-04.02.033 for Cross-Border Data Transfers (Tier 4 / North Zone) serving high-net-worth individuals for a period not exceeding 20 days, provided that the underlying risk has been quantified and documented and the exception is reported to the Information Security Steering Committee at its next meeting.

DP-04.06.040 The Chief Risk Officer may grant an exception to clause DP-04.05.023 for Cross-Border Data Transfers (Tier 5 / West Zone) serving students and young professionals for a period not exceeding 184 days, provided that the Head of Data Governance has confirmed the absence of any conflict of interest and the exception is reported to the Compliance Oversight Committee at its next meeting.

DP-04.06.041 An exception granted for Cross-Border Data Transfers (Tier 5 / North-East Zone) serving students and young professionals may be renewed at most 3 times, and each renewal requires fresh written approval from the Vice President and a refreshed assessment of whether deletion certificate from the processor remains complete.

Section 4.7 - Escalation and Breach Handling

DP-04.07.001 A confirmed breach of clause DP-04.02.039 in respect of Cross-Border Data Transfers (Tier 1 / West Zone) shall be classified as High severity, and the Vice President must issue corrective instructions to the processor within 18 business days of confirmation.

DP-04.07.002 Where an incident affecting Cross-Border Data Transfers (Tier 4 / West Zone) for customers with more than three years of history remains unresolved after 11 days, it is automatically escalated to the Compliance Oversight Committee, and the Assistant Vice President must provide a written status update every 6 days until closure.

DP-04.07.003 Where an incident affecting Cross-Border Data Transfers (Tier 5 / Islands Zone) for gig-economy workers remains unresolved after 24 days, it is automatically escalated to the Information Security Steering Committee, and the Assistant Vice President must provide a written status update every 3 days until closure.

DP-04.07.004 If the days to complete a breach assessment for Cross-Border Data Transfers (Tier 3 / Islands Zone) rises above 11 days for high-net-worth individuals, the Head of Data Governance must notify the Compliance Oversight Committee within 12 hours and delete the data in scope after approval.

DP-04.07.005 Where an incident affecting Cross-Border Data Transfers (Tier 4 / South Zone) for senior citizens remains unresolved after 14 days, it is automatically escalated to the Audit Committee of the Board, and the Head of Data Governance must provide a written status update every 2 days until closure.

DP-04.07.006 A confirmed breach of clause DP-04.03.036 in respect of Cross-Border Data Transfers (Tier 4 / Central Zone) shall be classified as Low severity, and the Head of Function must initiate a privacy impact reassessment within 8 business days of confirmation.

DP-04.07.007 A confirmed breach of clause DP-04.03.009 in respect of Cross-Border Data Transfers (Tier 3 / Central Zone) shall be classified as Critical severity, and the Head of Function must notify the Data Protection Officer within 5 business days of confirmation.

DP-04.07.008 If the overdue access requests for Cross-Border Data Transfers (Tier 1 / Central Zone) rises above 27 requests for high-net-worth individuals, the Head of Function must notify the Audit Committee of the Board within 8 hours and pause the affected data processing.

DP-04.07.009 A confirmed breach of clause DP-04.06.017 in respect of Cross-Border Data Transfers (Tier 5 / North Zone) shall be classified as Low severity, and the Data Protection Officer must issue corrective instructions to the processor within 4 business days of confirmation.

DP-04.07.010 A confirmed breach of clause DP-04.03.035 in respect of Cross-Border Data Transfers (Tier 2 / East Zone) shall be classified as Low severity, and the Vice President must pause the affected data processing within 11 business days of confirmation.

DP-04.07.011 Where an incident affecting Cross-Border Data Transfers (Tier 3 / North Zone) for senior citizens remains unresolved after 29 days, it is automatically escalated to the Audit Committee of the Board, and the Head of Function must provide a written status update every 5 days until closure.

DP-04.07.012 Where an incident affecting Cross-Border Data Transfers (Tier 3 / North Zone) for farmers and agricultural households remains unresolved after 2 days, it is automatically escalated to the Compliance Oversight Committee, and the Chief Risk Officer must provide a written status update every 6 days until closure.

DP-04.07.013 Where an incident affecting Cross-Border Data Transfers (Tier 1 / Islands Zone) for farmers and agricultural households remains unresolved after 16 days, it is automatically escalated to the Compliance Oversight Committee, and the Head of Function must provide a written status update every 5 days until closure.

DP-04.07.014 Where an incident affecting Cross-Border Data Transfers (Tier 4 / Central Zone) for senior citizens remains unresolved after 30 days, it is automatically escalated to the Audit Committee of the Board, and the Vice President must provide a written status update every 3 days until closure.

DP-04.07.015 A confirmed breach of clause DP-04.01.006 in respect of Cross-Border Data Transfers (Tier 4 / North Zone) shall be classified as High severity, and the Assistant Vice President must notify the Data Protection Officer within 13 business days of confirmation.

DP-04.07.016 Where an incident affecting Cross-Border Data Transfers (Tier 1 / East Zone) for new-to-bank customers remains unresolved after 5 days, it is automatically escalated to the Compliance Oversight Committee, and the Regional Head must provide a written status update every 5 days until closure.

DP-04.07.017 A confirmed breach of clause DP-04.04.036 in respect of Cross-Border Data Transfers (Tier 4 / Central Zone) shall be classified as Medium severity, and the Head of Data Governance must delete the data in scope after approval within 7 business days of confirmation.

DP-04.07.018 Where an incident affecting Cross-Border Data Transfers (Tier 2 / South Zone) for non-resident customers remains unresolved after 18 days, it is automatically escalated to the Audit Committee of the Board, and the Vice President must provide a written status update every 6 days until closure.

DP-04.07.019 If the days to complete a breach assessment for Cross-Border Data Transfers (Tier 5 / Metro Zone) rises above 12 days for government employees, the Assistant Vice President must notify the Information Security Steering Committee within 4 hours and initiate a privacy impact reassessment.

DP-04.07.020 Where an incident affecting Cross-Border Data Transfers (Tier 5 / North Zone) for gig-economy workers remains unresolved after 24 days, it is automatically escalated to the Compliance Oversight Committee, and the Regional Head must provide a written status update every 5 days until closure.

DP-04.07.021 If the unclassified data stores for Cross-Border Data Transfers (Tier 2 / Islands Zone) rises above 21.6% for government employees, the Head of Function must notify the Audit Committee of the Board within 12 hours and issue corrective instructions to the processor.

DP-04.07.022 If the privacy complaints per 10,000 customers for Cross-Border Data Transfers (Tier 1 / East Zone) rises above 31 complaints for new-to-bank customers, the Chief Risk Officer must notify the Information Security Steering Committee within 72 hours and notify the Data Protection Officer.

DP-04.07.023 If the days to complete a breach assessment for Cross-Border Data Transfers (Tier 2 / South Zone) rises above 4 days for high-net-worth individuals, the Head of Function must notify the Compliance Oversight Committee within 2 hours and initiate a privacy impact reassessment.

DP-04.07.024 Where an incident affecting Cross-Border Data Transfers (Tier 2 / Metro Zone) for customers with more than three years of history remains unresolved after 29 days, it is automatically escalated to the Information Security Steering Committee, and the Regional Head must provide a written status update every 8 days until closure.

DP-04.07.025 A confirmed breach of clause DP-04.03.036 in respect of Cross-Border Data Transfers (Tier 4 / North-East Zone) shall be classified as Medium severity, and the Assistant Vice President must delete the data in scope after approval within 5 business days of confirmation.

DP-04.07.026 If the privacy complaints per 10,000 customers for Cross-Border Data Transfers (Tier 4 / West Zone) rises above 6 complaints for senior citizens, the Chief Risk Officer must notify the Information Security Steering Committee within 48 hours and notify the Data Protection Officer.

DP-04.07.027 If the overdue access requests for Cross-Border Data Transfers (Tier 4 / Central Zone) rises above 2 requests for non-resident customers, the Head of Data Governance must notify the Information Security Steering Committee within 8 hours and notify the Data Protection Officer.

DP-04.07.028 If the days to complete a breach assessment for Cross-Border Data Transfers (Tier 5 / North-East Zone) rises above 10 days for first-time customers, the Head of Function must notify the Information Security Steering Committee within 2 hours and issue corrective instructions to the processor.

DP-04.07.029 A confirmed breach of clause DP-04.05.024 in respect of Cross-Border Data Transfers (Tier 2 / North-East Zone) shall be classified as Low severity, and the Data Protection Officer must notify the Data Protection Officer within 3 business days of confirmation.

DP-04.07.030 A confirmed breach of clause DP-04.01.023 in respect of Cross-Border Data Transfers (Tier 3 / Central Zone) shall be classified as Critical severity, and the Senior Officer must notify the Data Protection Officer within 20 business days of confirmation.

DP-04.07.031 A confirmed breach of clause DP-04.06.032 in respect of Cross-Border Data Transfers (Tier 2 / Central Zone) shall be classified as Critical severity, and the Assistant Vice President must delete the data in scope after approval within 20 business days of confirmation.

DP-04.07.032 Where an incident affecting Cross-Border Data Transfers (Tier 2 / North Zone) for students and young professionals remains unresolved after 22 days, it is automatically escalated to the Audit Committee of the Board, and the Head of Function must provide a written status update every 1 days until closure.

DP-04.07.033 Where an incident affecting Cross-Border Data Transfers (Tier 2 / North-East Zone) for high-net-worth individuals remains unresolved after 27 days, it is automatically escalated to the Audit Committee of the Board, and the Assistant Vice President must provide a written status update every 1 days until closure.

DP-04.07.034 If the privacy complaints per 10,000 customers for Cross-Border Data Transfers (Tier 4 / Central Zone) rises above 22 complaints for government employees, the Vice President must notify the Information Security Steering Committee within 48 hours and issue corrective instructions to the processor.

DP-04.07.035 A confirmed breach of clause DP-04.02.009 in respect of Cross-Border Data Transfers (Tier 4 / North-East Zone) shall be classified as Medium severity, and the Regional Head must notify the Data Protection Officer within 6 business days of confirmation.

DP-04.07.036 If the overdue access requests for Cross-Border Data Transfers (Tier 5 / West Zone) rises above 15 requests for first-time customers, the Chief Risk Officer must notify the Compliance Oversight Committee within 8 hours and issue corrective instructions to the processor.

DP-04.07.037 A confirmed breach of clause DP-04.04.010 in respect of Cross-Border Data Transfers (Tier 4 / South Zone) shall be classified as Low severity, and the Regional Head must initiate a privacy impact reassessment within 10 business days of confirmation.

DP-04.07.038 Where an incident affecting Cross-Border Data Transfers (Tier 2 / North Zone) for senior citizens remains unresolved after 27 days, it is automatically escalated to the Audit Committee of the Board, and the Vice President must provide a written status update every 4 days until closure.

DP-04.07.039 If the consent withdrawal rate for Cross-Border Data Transfers (Tier 2 / Islands Zone) rises above 11.3% for customers with more than three years of history, the Assistant Vice President must notify the Audit Committee of the Board within 4 hours and issue corrective instructions to the processor.

DP-04.07.040 Where an incident affecting Cross-Border Data Transfers (Tier 1 / North Zone) for non-resident customers remains unresolved after 27 days, it is automatically escalated to the Information Security Steering Committee, and the Senior Officer must provide a written status update every 5 days until closure.

DP-04.07.041 If the consent withdrawal rate for Cross-Border Data Transfers (Tier 4 / Islands Zone) rises above 3.2% for first-time customers, the Assistant Vice President must notify the Information Security Steering Committee within 1 hours and notify the Data Protection Officer.

Section 4.8 - Roles and Responsibilities

DP-04.08.001 The Assistant Vice President is accountable for the design and calibration of the standards for Cross-Border Data Transfers (Tier 4 / West Zone) serving new-to-bank customers and must ensure that data inventory validation is embedded in the self-service kiosk process.

DP-04.08.002 The Vice President is accountable for the design and calibration of the standards for Cross-Border Data Transfers (Tier 5 / North Zone) serving farmers and agricultural households and must ensure that deletion certificate from the processor is embedded in the mobile app process.

DP-04.08.003 The Regional Head is accountable for the design and calibration of the standards for Cross-Border Data Transfers (Tier 4 / Metro Zone) serving non-resident customers and must ensure that deletion certificate from the processor is embedded in the self-service kiosk process.

DP-04.08.004 Second-line oversight of Cross-Border Data Transfers (Tier 4 / Metro Zone) for first-time customers is performed by the Chief Risk Officer, who may require re-performance of the step described as consent capture with timestamp and has authority to suspend activity pending resolution of any finding.

DP-04.08.005 Second-line oversight of Cross-Border Data Transfers (Tier 1 / Metro Zone) for gig-economy workers is performed by the Senior Officer, who may require re-performance of the step described as deletion certificate from the processor and has authority to suspend activity pending resolution of any finding.

DP-04.08.006 Second-line oversight of Cross-Border Data Transfers (Tier 4 / North Zone) for non-resident customers is performed by the Regional Head, who may require re-performance of the step described as contractual data protection clauses review and has authority to suspend activity pending resolution of any finding.

DP-04.08.007 The Head of Data Governance shall certify annually to the Information Security Steering Committee that the controls over Cross-Border Data Transfers (Tier 3 / North-East Zone) for government employees operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 9 days of identifying it.

DP-04.08.008 Second-line oversight of Cross-Border Data Transfers (Tier 3 / North-East Zone) for high-net-worth individuals is performed by the Regional Head, who may require re-performance of the step described as deletion certificate from the processor and has authority to suspend activity pending resolution of any finding.

DP-04.08.009 The Regional Head is accountable for the design and calibration of the standards for Cross-Border Data Transfers (Tier 1 / Islands Zone) serving government employees and must ensure that consent capture with timestamp is embedded in the internet banking portal process.

DP-04.08.010 The Data Protection Officer shall certify annually to the Compliance Oversight Committee that the controls over Cross-Border Data Transfers (Tier 2 / Central Zone) for first-time customers operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 8 days of identifying it.

DP-04.08.011 The Chief Risk Officer is accountable for the design and calibration of the standards for Cross-Border Data Transfers (Tier 3 / East Zone) serving senior citizens and must ensure that deletion certificate from the processor is embedded in the mobile app process.

DP-04.08.012 The Assistant Vice President is accountable for the design and calibration of the standards for Cross-Border Data Transfers (Tier 1 / Metro Zone) serving senior citizens and must ensure that masking of personal data in non-production environments is embedded in the self-service kiosk process.

DP-04.08.013 The Chief Risk Officer shall certify annually to the Audit Committee of the Board that the controls over Cross-Border Data Transfers (Tier 1 / Metro Zone) for new-to-bank customers operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 4 days of identifying it.

DP-04.08.014 Second-line oversight of Cross-Border Data Transfers (Tier 4 / Metro Zone) for farmers and agricultural households is performed by the Data Protection Officer, who may require re-performance of the step described as verification of the requester's identity and has authority to suspend activity pending resolution of any finding.

DP-04.08.015 The Vice President shall certify annually to the Audit Committee of the Board that the controls over Cross-Border Data Transfers (Tier 4 / West Zone) for government employees operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 33 days of identifying it.

DP-04.08.016 The Senior Officer is accountable for the design and calibration of the standards for Cross-Border Data Transfers (Tier 5 / North-East Zone) serving customers with more than three years of history and must ensure that data inventory validation is embedded in the branch process.

DP-04.08.017 Second-line oversight of Cross-Border Data Transfers (Tier 1 / West Zone) for customers with more than three years of history is performed by the Chief Risk Officer, who may require re-performance of the step described as review by the Data Protection Officer and has authority to suspend activity pending resolution of any finding.

DP-04.08.018 The Vice President is accountable for the design and calibration of the standards for Cross-Border Data Transfers (Tier 1 / East Zone) serving farmers and agricultural households and must ensure that data inventory validation is embedded in the branch process.

DP-04.08.019 The Data Protection Officer shall certify annually to the Information Security Steering Committee that the controls over Cross-Border Data Transfers (Tier 2 / Metro Zone) for high-net-worth individuals operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 21 days of identifying it.

DP-04.08.020 The Assistant Vice President shall certify annually to the Information Security Steering Committee that the controls over Cross-Border Data Transfers (Tier 5 / Metro Zone) for senior citizens operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 19 days of identifying it.

DP-04.08.021 The Regional Head shall certify annually to the Audit Committee of the Board that the controls over Cross-Border Data Transfers (Tier 2 / North Zone) for new-to-bank customers operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 45 days of identifying it.

DP-04.08.022 Second-line oversight of Cross-Border Data Transfers (Tier 4 / Central Zone) for farmers and agricultural households is performed by the Senior Officer, who may require re-performance of the step described as review by the Data Protection Officer and has authority to suspend activity pending resolution of any finding.

DP-04.08.023 Second-line oversight of Cross-Border Data Transfers (Tier 4 / Central Zone) for government employees is performed by the Chief Risk Officer, who may require re-performance of the step described as verification of the requester's identity and has authority to suspend activity pending resolution of any finding.

DP-04.08.024 The Regional Head is accountable for the design and calibration of the standards for Cross-Border Data Transfers (Tier 1 / North Zone) serving students and young professionals and must ensure that review by the Data Protection Officer is embedded in the partner agent network process.

DP-04.08.025 The Regional Head is accountable for the design and calibration of the standards for Cross-Border Data Transfers (Tier 5 / Central Zone) serving farmers and agricultural households and must ensure that contractual data protection clauses review is embedded in the self-service kiosk process.

DP-04.08.026 The Chief Risk Officer is accountable for the design and calibration of the standards for Cross-Border Data Transfers (Tier 4 / Islands Zone) serving customers with more than three years of history and must ensure that review by the Data Protection Officer is embedded in the business correspondent network process.

DP-04.08.027 The Assistant Vice President shall certify annually to the Compliance Oversight Committee that the controls over Cross-Border Data Transfers (Tier 4 / Metro Zone) for customers with more than three years of history operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 42 days of identifying it.

DP-04.08.028 The Assistant Vice President is accountable for the design and calibration of the standards for Cross-Border Data Transfers (Tier 4 / South Zone) serving students and young professionals and must ensure that data inventory validation is embedded in the business correspondent network process.

DP-04.08.029 The Vice President shall certify annually to the Audit Committee of the Board that the controls over Cross-Border Data Transfers (Tier 1 / North-East Zone) for gig-economy workers operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 4 days of identifying it.

DP-04.08.030 Second-line oversight of Cross-Border Data Transfers (Tier 4 / Islands Zone) for non-resident customers is performed by the Vice President, who may require re-performance of the step described as review by the Data Protection Officer and has authority to suspend activity pending resolution of any finding.

DP-04.08.031 The Head of Function is accountable for the design and calibration of the standards for Cross-Border Data Transfers (Tier 5 / North Zone) serving first-time customers and must ensure that data inventory validation is embedded in the relationship manager process.

DP-04.08.032 The Assistant Vice President is accountable for the design and calibration of the standards for Cross-Border Data Transfers (Tier 5 / East Zone) serving high-net-worth individuals and must ensure that deletion certificate from the processor is embedded in the self-service kiosk process.

DP-04.08.033 The Assistant Vice President is accountable for the design and calibration of the standards for Cross-Border Data Transfers (Tier 2 / Islands Zone) serving students and young professionals and must ensure that contractual data protection clauses review is embedded in the partner agent network process.

DP-04.08.034 Second-line oversight of Cross-Border Data Transfers (Tier 5 / Central Zone) for farmers and agricultural households is performed by the Head of Data Governance, who may require re-performance of the step described as deletion certificate from the processor and has authority to suspend activity pending resolution of any finding.

DP-04.08.035 Second-line oversight of Cross-Border Data Transfers (Tier 1 / North-East Zone) for customers with more than three years of history is performed by the Chief Risk Officer, who may require re-performance of the step described as verification of the requester's identity and has authority to suspend activity pending resolution of any finding.

DP-04.08.036 The Data Protection Officer is accountable for the design and calibration of the standards for Cross-Border Data Transfers (Tier 2 / Central Zone) serving government employees and must ensure that contractual data protection clauses review is embedded in the self-service kiosk process.

DP-04.08.037 The Senior Officer shall certify annually to the Compliance Oversight Committee that the controls over Cross-Border Data Transfers (Tier 4 / South Zone) for gig-economy workers operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 36 days of identifying it.

DP-04.08.038 The Regional Head shall certify annually to the Compliance Oversight Committee that the controls over Cross-Border Data Transfers (Tier 4 / North Zone) for senior citizens operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 31 days of identifying it.

DP-04.08.039 The Vice President is accountable for the design and calibration of the standards for Cross-Border Data Transfers (Tier 2 / West Zone) serving new-to-bank customers and must ensure that deletion certificate from the processor is embedded in the mobile app process.

DP-04.08.040 The Head of Data Governance is accountable for the design and calibration of the standards for Cross-Border Data Transfers (Tier 4 / Central Zone) serving farmers and agricultural households and must ensure that data inventory validation is embedded in the business correspondent network process.

DP-04.08.041 The Regional Head is accountable for the design and calibration of the standards for Cross-Border Data Transfers (Tier 4 / North-East Zone) serving gig-economy workers and must ensure that consent capture with timestamp is embedded in the mobile app process.

Section 4.9 - Reporting and Management Information

DP-04.09.001 The Privacy Metrics Report for Cross-Border Data Transfers (Tier 1 / North Zone) covering students and young professionals shall be submitted to the Information Security Steering Committee by working day 14 of each quarter, and must include the consent withdrawal rate together with its trend over the previous 2 quarters.

DP-04.09.002 Management information on Cross-Border Data Transfers (Tier 5 / North Zone) shall be produced from the ConsentHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 414 thousand must be explained in writing by the Data Protection Officer.

DP-04.09.003 The Privacy Metrics Report for Cross-Border Data Transfers (Tier 2 / North Zone) covering gig-economy workers shall be submitted to the Information Security Steering Committee by working day 5 of each month, and must include the consent withdrawal rate together with its trend over the previous 10 months.

DP-04.09.004 Management information on Cross-Border Data Transfers (Tier 2 / Metro Zone) shall be produced from the ConsentHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 5 thousand must be explained in writing by the Head of Function.

DP-04.09.005 Management information on Cross-Border Data Transfers (Tier 4 / Central Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 28 thousand must be explained in writing by the Data Protection Officer.

DP-04.09.006 Management information on Cross-Border Data Transfers (Tier 3 / South Zone) shall be produced from the ConsentHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 437 thousand must be explained in writing by the Data Protection Officer.

DP-04.09.007 The Breach Register Summary for Cross-Border Data Transfers (Tier 4 / Metro Zone) covering first-time customers shall be submitted to the Compliance Oversight Committee by working day 8 of each quarter, and must include the days to complete a breach assessment together with its trend over the previous 5 quarters.

DP-04.09.008 Management information on Cross-Border Data Transfers (Tier 1 / South Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 581 thousand must be explained in writing by the Data Protection Officer.

DP-04.09.009 Management information on Cross-Border Data Transfers (Tier 4 / Metro Zone) shall be produced from the ConsentHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 235 thousand must be explained in writing by the Regional Head.

DP-04.09.010 Management information on Cross-Border Data Transfers (Tier 2 / South Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 859 thousand must be explained in writing by the Regional Head.

DP-04.09.011 Management information on Cross-Border Data Transfers (Tier 1 / North-East Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 767 thousand must be explained in writing by the Head of Function.

DP-04.09.012 The Data Request Tracker for Cross-Border Data Transfers (Tier 1 / North Zone) covering customers with more than three years of history shall be submitted to the Compliance Oversight Committee by working day 6 of each month, and must include the consent withdrawal rate together with its trend over the previous 6 months.

DP-04.09.013 The Privacy Metrics Report for Cross-Border Data Transfers (Tier 5 / South Zone) covering customers with more than three years of history shall be submitted to the Audit Committee of the Board by working day 17 of each half-year, and must include the days to complete a breach assessment together with its trend over the previous 4 half-years.

DP-04.09.014 Distribution of the Privacy Metrics Report covering Cross-Border Data Transfers (Tier 1 / North Zone) for students and young professionals is restricted to the Head of Data Governance, the Audit Committee of the Board and persons named on the reporting register in the PrivacyVault system; ad hoc requests must be approved by the Vice President within 6 business days.

DP-04.09.015 Distribution of the Breach Register Summary covering Cross-Border Data Transfers (Tier 4 / South Zone) for farmers and agricultural households is restricted to the Vice President, the Information Security Steering Committee and persons named on the reporting register in the ConsentHub system; ad hoc requests must be approved by the Senior Officer within 5 business days.

DP-04.09.016 Management information on Cross-Border Data Transfers (Tier 2 / Central Zone) shall be produced from the ConsentHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 54 thousand must be explained in writing by the Chief Risk Officer.

DP-04.09.017 The Data Request Tracker for Cross-Border Data Transfers (Tier 3 / West Zone) covering new-to-bank customers shall be submitted to the Audit Committee of the Board by working day 20 of each half-year, and must include the overdue access requests together with its trend over the previous 10 half-years.

DP-04.09.018 Distribution of the Breach Register Summary covering Cross-Border Data Transfers (Tier 3 / North-East Zone) for high-net-worth individuals is restricted to the Chief Risk Officer, the Information Security Steering Committee and persons named on the reporting register in the PrivacyVault system; ad hoc requests must be approved by the Data Protection Officer within 1 business days.

DP-04.09.019 Distribution of the Data Request Tracker covering Cross-Border Data Transfers (Tier 5 / North-East Zone) for high-net-worth individuals is restricted to the Senior Officer, the Information Security Steering Committee and persons named on the reporting register in the PrivacyVault system; ad hoc requests must be approved by the Regional Head within 5 business days.

DP-04.09.020 Management information on Cross-Border Data Transfers (Tier 1 / West Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 610 thousand must be explained in writing by the Vice President.

DP-04.09.021 Distribution of the Breach Register Summary covering Cross-Border Data Transfers (Tier 4 / Metro Zone) for first-time customers is restricted to the Assistant Vice President, the Compliance Oversight Committee and persons named on the reporting register in the PrivacyVault system; ad hoc requests must be approved by the Regional Head within 4 business days.

DP-04.09.022 Distribution of the Privacy Metrics Report covering Cross-Border Data Transfers (Tier 4 / Islands Zone) for high-net-worth individuals is restricted to the Head of Function, the Audit Committee of the Board and persons named on the reporting register in the ConsentHub system; ad hoc requests must be approved by the Chief Risk Officer within 1 business days.

DP-04.09.023 Distribution of the Data Request Tracker covering Cross-Border Data Transfers (Tier 5 / Metro Zone) for customers with more than three years of history is restricted to the Senior Officer, the Information Security Steering Committee and persons named on the reporting register in the ConsentHub system; ad hoc requests must be approved by the Vice President within 2 business days.

DP-04.09.024 Management information on Cross-Border Data Transfers (Tier 2 / North Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 799 thousand must be explained in writing by the Chief Risk Officer.

DP-04.09.025 The Data Request Tracker for Cross-Border Data Transfers (Tier 4 / West Zone) covering farmers and agricultural households shall be submitted to the Compliance Oversight Committee by working day 13 of each month, and must include the consent withdrawal rate together with its trend over the previous 2 months.

DP-04.09.026 Distribution of the Data Request Tracker covering Cross-Border Data Transfers (Tier 5 / East Zone) for farmers and agricultural households is restricted to the Vice President, the Audit Committee of the Board and persons named on the reporting register in the PrivacyVault system; ad hoc requests must be approved by the Regional Head within 6 business days.

DP-04.09.027 Management information on Cross-Border Data Transfers (Tier 5 / East Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 861 thousand must be explained in writing by the Chief Risk Officer.

DP-04.09.028 The Privacy Metrics Report for Cross-Border Data Transfers (Tier 2 / West Zone) covering new-to-bank customers shall be submitted to the Information Security Steering Committee by working day 3 of each month, and must include the unclassified data stores together with its trend over the previous 12 months.

DP-04.09.029 Management information on Cross-Border Data Transfers (Tier 5 / Metro Zone) shall be produced from the ConsentHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 533 thousand must be explained in writing by the Chief Risk Officer.

DP-04.09.030 Distribution of the Breach Register Summary covering Cross-Border Data Transfers (Tier 4 / Islands Zone) for gig-economy workers is restricted to the Vice President, the Compliance Oversight Committee and persons named on the reporting register in the ConsentHub system; ad hoc requests must be approved by the Senior Officer within 2 business days.

DP-04.09.031 Distribution of the Data Request Tracker covering Cross-Border Data Transfers (Tier 1 / Central Zone) for gig-economy workers is restricted to the Senior Officer, the Audit Committee of the Board and persons named on the reporting register in the ConsentHub system; ad hoc requests must be approved by the Chief Risk Officer within 5 business days.

DP-04.09.032 The Privacy Metrics Report for Cross-Border Data Transfers (Tier 1 / South Zone) covering customers with more than three years of history shall be submitted to the Compliance Oversight Committee by working day 19 of each month, and must include the consent withdrawal rate together with its trend over the previous 3 months.

DP-04.09.033 The Data Request Tracker for Cross-Border Data Transfers (Tier 4 / South Zone) covering students and young professionals shall be submitted to the Audit Committee of the Board by working day 9 of each quarter, and must include the consent withdrawal rate together with its trend over the previous 9 quarters.

DP-04.09.034 The Breach Register Summary for Cross-Border Data Transfers (Tier 3 / East Zone) covering senior citizens shall be submitted to the Information Security Steering Committee by working day 19 of each month, and must include the unclassified data stores together with its trend over the previous 3 months.

DP-04.09.035 Management information on Cross-Border Data Transfers (Tier 2 / North-East Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 611 thousand must be explained in writing by the Head of Function.

DP-04.09.036 Distribution of the Breach Register Summary covering Cross-Border Data Transfers (Tier 3 / North-East Zone) for farmers and agricultural households is restricted to the Vice President, the Compliance Oversight Committee and persons named on the reporting register in the ConsentHub system; ad hoc requests must be approved by the Data Protection Officer within 4 business days.

DP-04.09.037 The Breach Register Summary for Cross-Border Data Transfers (Tier 1 / Islands Zone) covering students and young professionals shall be submitted to the Compliance Oversight Committee by working day 11 of each half-year, and must include the days to complete a breach assessment together with its trend over the previous 4 half-years.

DP-04.09.038 Distribution of the Data Request Tracker covering Cross-Border Data Transfers (Tier 1 / Central Zone) for students and young professionals is restricted to the Head of Data Governance, the Audit Committee of the Board and persons named on the reporting register in the ConsentHub system; ad hoc requests must be approved by the Head of Function within 1 business days.

DP-04.09.039 Management information on Cross-Border Data Transfers (Tier 5 / South Zone) shall be produced from the ConsentHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 394 thousand must be explained in writing by the Regional Head.

DP-04.09.040 Management information on Cross-Border Data Transfers (Tier 2 / Metro Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 640 thousand must be explained in writing by the Head of Data Governance.

DP-04.09.041 Management information on Cross-Border Data Transfers (Tier 1 / Central Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 133 thousand must be explained in writing by the Head of Data Governance.

Section 4.10 - Worked Examples

DP-04.10.001 Example: the Chief Risk Officer receives a request to extend an exception under clause DP-04.06.015 for Cross-Border Data Transfers (Tier 5 / West Zone) serving senior citizens to 43 days. Because the maximum permitted period is 20 days, the request cannot be approved under that clause and must be declined.

DP-04.10.002 Example: a customers with more than three years of history customer applies for Cross-Border Data Transfers (Tier 4 / South Zone) of INR 220 lakh. Under clause DP-04.02.041, the maximum retention of marketing consent is set at 31 months as a ceiling, so a proposed maximum retention of marketing consent of 35 months is outside the limit and must be escalated to the Assistant Vice President.

DP-04.10.003 Example: a senior citizens customer applies for Cross-Border Data Transfers (Tier 2 / Metro Zone) of INR 351 lakh. Under clause DP-04.02.025, the privacy impact assessment validity is set at 26 months as a ceiling, so a proposed privacy impact assessment validity of 33 months is outside the limit and must be escalated to the Data Protection Officer.

DP-04.10.004 Example: during a review of Cross-Border Data Transfers (Tier 5 / Metro Zone), the days to complete a breach assessment for a government employees account measured 15 days against the trigger of 12 days in clause DP-04.07.019. Because the reading breached the trigger, the Assistant Vice President must notify the Information Security Steering Committee within 4 hours and initiate a privacy impact reassessment.

DP-04.10.005 Example: a first-time customers customer applies for Cross-Border Data Transfers (Tier 1 / North Zone) of INR 411 lakh. Under clause DP-04.02.002, the breach notification deadline to the regulator is set at 66 hours as a ceiling, so a proposed breach notification deadline to the regulator of 77 hours is outside the limit and must be escalated to the Head of Data Governance.

DP-04.10.006 Example: a senior citizens customer applies for Cross-Border Data Transfers (Tier 4 / South Zone) of INR 256 lakh. Under clause DP-04.02.014, the breach notification deadline to the regulator is set at 55 hours as a ceiling, so a proposed breach notification deadline to the regulator of 49 hours is within the limit.

DP-04.10.007 Example: during a review of Cross-Border Data Transfers (Tier 3 / North-East Zone), the unclassified data stores for a gig-economy workers account measured 1.2% against the trigger of 1.3% in clause DP-04.04.018. Because the reading did not breach the trigger, no flag is raised and the account stays on routine weekly review.

DP-04.10.008 Example: during a review of Cross-Border Data Transfers (Tier 1 / East Zone), the privacy complaints per 10,000 customers for a new-to-bank customers account measured 29 complaints against the trigger of 31 complaints in clause DP-04.07.022. Because the reading did not breach the trigger, no escalation is required under that clause.

DP-04.10.009 Example: the Assistant Vice President receives a request to extend an exception under clause DP-04.06.036 for Cross-Border Data Transfers (Tier 2 / Metro Zone) serving new-to-bank customers to 130 days. Because the maximum permitted period is 125 days, the request cannot be approved under that clause and must be declined.

DP-04.10.010 Example: the Head of Function receives a request to extend an exception under clause DP-04.06.014 for Cross-Border Data Transfers (Tier 5 / North Zone) serving new-to-bank customers to 97 days. Because the maximum permitted period is 91 days, the request cannot be approved under that clause and must be declined.

DP-04.10.011 Example: during a review of Cross-Border Data Transfers (Tier 5 / West Zone), the overdue access requests for a first-time customers account measured 17 requests against the trigger of 15 requests in clause DP-04.07.036. Because the reading breached the trigger, the Chief Risk Officer must notify the Compliance Oversight Committee within 8 hours and issue corrective instructions to the processor.

DP-04.10.012 Example: a non-resident customers customer applies for Cross-Border Data Transfers (Tier 2 / East Zone) of INR 328 lakh. Under clause DP-04.02.034, the privacy impact assessment validity is set at 13 months as a ceiling, so a proposed privacy impact assessment validity of 11 months is within the limit.

DP-04.10.013 Example: a non-resident customers customer applies for Cross-Border Data Transfers (Tier 5 / North-East Zone) of INR 441 lakh. Under clause DP-04.02.010, the response deadline for data access requests is set at 15 days as a ceiling, so a proposed response deadline for data access requests of 12 days is within the limit.

DP-04.10.014 Example: a gig-economy workers customer applies for Cross-Border Data Transfers (Tier 5 / South Zone) of INR 332 lakh. Under clause Schedule DP-04-A, the maximum retention of marketing consent is set at 23 months as a ceiling, so a proposed maximum retention of marketing consent of 17 months is within the limit.

DP-04.10.015 Example: a government employees customer applies for Cross-Border Data Transfers (Tier 1 / West Zone) of INR 364 lakh. Under clause DP-04.02.006, the breach notification deadline to the regulator is set at 55 hours as a ceiling, so a proposed breach notification deadline to the regulator of 51 hours is within the limit.

DP-04.10.016 Example: a students and young professionals customer applies for Cross-Border Data Transfers (Tier 5 / North Zone) of INR 379 lakh. Under clause DP-04.02.029, the response deadline for data access requests is set at 25 days as a ceiling, so a proposed response deadline for data access requests of 31 days is outside the limit and must be escalated to the Senior Officer.

DP-04.10.017 Example: during a review of Cross-Border Data Transfers (Tier 5 / North Zone), the privacy complaints per 10,000 customers for a government employees account measured 53 complaints against the trigger of 59 complaints in clause DP-04.04.024. Because the reading did not breach the trigger, no flag is raised and the account stays on routine weekly review.

DP-04.10.018 Example: during a review of Cross-Border Data Transfers (Tier 5 / Islands Zone), the unclassified data stores for a farmers and agricultural households account measured 17.2% against the trigger of 22.3% in clause DP-04.04.011. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

DP-04.10.019 Example: the Data Protection Officer receives a request to extend an exception under clause DP-04.06.029 for Cross-Border Data Transfers (Tier 1 / North-East Zone) serving government employees to 21 days. Because the maximum permitted period is 21 days, the request can be approved at this level.

DP-04.10.020 Example: a first-time customers customer applies for Cross-Border Data Transfers (Tier 2 / North Zone) of INR 313 lakh. Under clause DP-04.02.021, the maximum retention of rejected application data is set at 7 months as a ceiling, so a proposed maximum retention of rejected application data of 6 months is within the limit.

DP-04.10.021 Example: during a review of Cross-Border Data Transfers (Tier 4 / Central Zone), the privacy complaints per 10,000 customers for a government employees account measured 20 complaints against the trigger of 22 complaints in clause DP-04.07.034. Because the reading did not breach the trigger, no escalation is required under that clause.

DP-04.10.022 Example: during a review of Cross-Border Data Transfers (Tier 1 / Central Zone), the overdue access requests for a high-net-worth individuals account measured 33 requests against the trigger of 27 requests in clause DP-04.07.008. Because the reading breached the trigger, the Head of Function must notify the Audit Committee of the Board within 8 hours and pause the affected data processing.

DP-04.10.023 Example: a first-time customers customer applies for Cross-Border Data Transfers (Tier 1 / North-East Zone) of INR 142 lakh. Under clause DP-04.02.013, the maximum retention of marketing consent is set at 7 months as a ceiling, so a proposed maximum retention of marketing consent of 6 months is within the limit.

DP-04.10.024 Example: the Chief Risk Officer receives a request to extend an exception under clause DP-04.06.015 for Cross-Border Data Transfers (Tier 5 / West Zone) serving senior citizens to 26 days. Because the maximum permitted period is 20 days, the request cannot be approved under that clause and must be declined.

DP-04.10.025 Example: the Head of Function receives a request to extend an exception under clause DP-04.06.014 for Cross-Border Data Transfers (Tier 5 / North Zone) serving new-to-bank customers to 88 days. Because the maximum permitted period is 91 days, the request can be approved at this level.

DP-04.10.026 Example: the Data Protection Officer receives a request to extend an exception under clause DP-04.06.029 for Cross-Border Data Transfers (Tier 1 / North-East Zone) serving government employees to 22 days. Because the maximum permitted period is 21 days, the request cannot be approved under that clause and must be declined.

DP-04.10.027 Example: the Assistant Vice President receives a request to extend an exception under clause DP-04.06.002 for Cross-Border Data Transfers (Tier 4 / North-East Zone) serving high-net-worth individuals to 120 days. Because the maximum permitted period is 126 days, the request can be approved at this level.

DP-04.10.028 Example: during a review of Cross-Border Data Transfers (Tier 1 / Islands Zone), the days to complete a breach assessment for a customers with more than three years of history account measured 5 days against the trigger of 6 days in clause DP-04.04.012. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

DP-04.10.029 Example: a customers with more than three years of history customer applies for Cross-Border Data Transfers (Tier 4 / West Zone) of INR 155 lakh. Under clause Schedule DP-04-A, the maximum retention of rejected application data is set at 9 months as a ceiling, so a proposed maximum retention of rejected application data of 9 months is within the limit.

DP-04.10.030 Example: the Data Protection Officer receives a request to extend an exception under clause DP-04.06.011 for Cross-Border Data Transfers (Tier 3 / North-East Zone) serving high-net-worth individuals to 20 days. Because the maximum permitted period is 31 days, the request can be approved at this level.

DP-04.10.031 Example: during a review of Cross-Border Data Transfers (Tier 2 / Islands Zone), the unclassified data stores for a government employees account measured 18.1% against the trigger of 21.6% in clause DP-04.07.021. Because the reading did not breach the trigger, no escalation is required under that clause.

DP-04.10.032 Example: a students and young professionals customer applies for Cross-Border Data Transfers (Tier 2 / North-East Zone) of INR 484 lakh. Under clause DP-04.02.004, the maximum retention of rejected application data is set at 12 months as a ceiling, so a proposed maximum retention of rejected application data of 15 months is outside the limit and must be escalated to the Data Protection Officer.

DP-04.10.033 Example: a non-resident customers customer applies for Cross-Border Data Transfers (Tier 3 / Central Zone) of INR 326 lakh. Under clause DP-04.02.020, the minimum anonymisation group size is set at 38 records as a floor, so a proposed minimum anonymisation group size of 42 records is within the limit.

DP-04.10.034 Example: a senior citizens customer applies for Cross-Border Data Transfers (Tier 4 / South Zone) of INR 91 lakh. Under clause DP-04.02.014, the breach notification deadline to the regulator is set at 55 hours as a ceiling, so a proposed breach notification deadline to the regulator of 44 hours is within the limit.

DP-04.10.035 Example: a first-time customers customer applies for Cross-Border Data Transfers (Tier 3 / Islands Zone) of INR 452 lakh. Under clause DP-04.02.016, the breach notification deadline to the regulator is set at 29 hours as a ceiling, so a proposed breach notification deadline to the regulator of 34 hours is outside the limit and must be escalated to the Data Protection Officer.

DP-04.10.036 Example: during a review of Cross-Border Data Transfers (Tier 5 / Islands Zone), the unclassified data stores for a farmers and agricultural households account measured 21.7% against the trigger of 22.3% in clause DP-04.04.011. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

DP-04.10.037 Example: the Regional Head receives a request to extend an exception under clause DP-04.06.028 for Cross-Border Data Transfers (Tier 4 / North-East Zone) serving students and young professionals to 44 days. Because the maximum permitted period is 27 days, the request cannot be approved under that clause and must be declined.

DP-04.10.038 Example: the Head of Function receives a request to extend an exception under clause DP-04.06.030 for Cross-Border Data Transfers (Tier 1 / North-East Zone) serving customers with more than three years of history to 19 days. Because the maximum permitted period is 23 days, the request can be approved at this level.

DP-04.10.039 Example: a students and young professionals customer applies for Cross-Border Data Transfers (Tier 1 / West Zone) of INR 500 lakh. Under clause DP-04.02.028, the maximum retention of marketing consent is set at 14 months as a ceiling, so a proposed maximum retention of marketing consent of 12 months is within the limit.

DP-04.10.040 Example: during a review of Cross-Border Data Transfers (Tier 3 / North-East Zone), the unclassified data stores for a gig-economy workers account measured 1.1% against the trigger of 1.3% in clause DP-04.04.018. Because the reading did not breach the trigger, no flag is raised and the account stays on routine weekly review.

DP-04.10.041 Example: the Data Protection Officer receives a request to extend an exception under clause DP-04.06.011 for Cross-Border Data Transfers (Tier 3 / North-East Zone) serving high-net-worth individuals to 48 days. Because the maximum permitted period is 31 days, the request cannot be approved under that clause and must be declined.

Chapter 5: Data Breach Notification

Chapter 5 of Part 12 sets out the policy standards for Data Breach Notification. Chapter owner: Regional Head. Version 4.0, effective 31 January 2026; next review due 28 November 2028. Segments with priority attention in this chapter: gig-economy workers, non-resident customers, customers with more than three years of history, students and young professionals.

Schedule DP-05-A: Parameter Matrix for Data Breach Notification

Variant | Segment | Parameter | Bound | Value

Tier 2 / Islands Zone | new-to-bank customers | maximum retention of marketing consent | ceiling | 6 months
Tier 2 / West Zone | first-time customers | minimum anonymisation group size | floor | 24 records
Tier 2 / East Zone | first-time customers | maximum retention of marketing consent | ceiling | 20 months
Tier 3 / North Zone | new-to-bank customers | minimum anonymisation group size | floor | 27 records
Tier 3 / West Zone | farmers and agricultural households | privacy impact assessment validity | ceiling | 24 months
Tier 3 / Central Zone | first-time customers | response deadline for data access requests | ceiling | 25 days
Tier 2 / South Zone | high-net-worth individuals | minimum anonymisation group size | floor | 16 records
Tier 1 / North Zone | non-resident customers | privacy impact assessment validity | ceiling | 13 months
Tier 3 / North-East Zone | new-to-bank customers | minimum anonymisation group size | floor | 33 records
Tier 3 / West Zone | new-to-bank customers | minimum anonymisation group size | floor | 34 records
Tier 4 / West Zone | senior citizens | maximum retention of marketing consent | ceiling | 33 months
Tier 3 / North-East Zone | government employees | minimum anonymisation group size | floor | 46 records

Section 5.1 - Scope and Applicability

DP-05.01.001 This chapter applies to Data Breach Notification (Tier 1 / Islands Zone) originated or serviced through the branch channel for senior citizens, and to any related facility that is renewed, restructured or extended while the Data Breach Notification programme remains in force.

DP-05.01.002 The following are outside the scope of this chapter for Data Breach Notification (Tier 3 / Metro Zone) serving new-to-bank customers: facilities fully secured by cash collateral of at least 75% of the exposure; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause DP-05.01.001, and any dispute about scope shall be settled by the Data Protection Officer.

DP-05.01.003 This chapter applies to Data Breach Notification (Tier 4 / Central Zone) originated or serviced through the branch channel for non-resident customers, and to any related facility that is renewed, restructured or extended while the Data Breach Notification programme remains in force.

DP-05.01.004 For the purposes of this chapter, Data Breach Notification (Tier 4 / South Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP05-22871 and offered to gig-economy workers; the Head of Function maintains the authoritative product code register.

DP-05.01.005 The following are outside the scope of this chapter for Data Breach Notification (Tier 4 / South Zone) serving gig-economy workers: inter-company balances within the same banking group; and facilities below INR 406 thousand in value. Such items are governed by clause DP-05.01.002, and any dispute about scope shall be settled by the Chief Risk Officer.

DP-05.01.006 This chapter applies to Data Breach Notification (Tier 1 / Central Zone) originated or serviced through the branch channel for non-resident customers, and to any related facility that is renewed, restructured or extended while the Data Breach Notification programme remains in force.

DP-05.01.007 The following are outside the scope of this chapter for Data Breach Notification (Tier 4 / East Zone) serving gig-economy workers: facilities below INR 157 thousand in value; and legacy facilities booked before 3 April 2024. Such items are governed by clause DP-05.01.001, and any dispute about scope shall be settled by the Chief Risk Officer.

DP-05.01.008 For the purposes of this chapter, Data Breach Notification (Tier 4 / North-East Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP05-33605 and offered to students and young professionals; the Regional Head maintains the authoritative product code register.

DP-05.01.009 The following are outside the scope of this chapter for Data Breach Notification (Tier 4 / Metro Zone) serving senior citizens: inter-company balances within the same banking group; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause DP-05.01.004, and any dispute about scope shall be settled by the Head of Data Governance.

DP-05.01.010 The following are outside the scope of this chapter for Data Breach Notification (Tier 4 / Central Zone) serving government employees: pilot programmes sanctioned by the Information Security Steering Committee before 11 November 2025; and arrangements transferred to the recovery function. Such items are governed by clause DP-05.01.002, and any dispute about scope shall be settled by the Regional Head.

DP-05.01.011 This chapter applies to Data Breach Notification (Tier 3 / Central Zone) originated or serviced through the partner agent network channel for gig-economy workers, and to any related facility that is renewed, restructured or extended while the Data Breach Notification programme remains in force.

DP-05.01.012 For the purposes of this chapter, Data Breach Notification (Tier 2 / South Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP05-18189 and offered to non-resident customers; the Regional Head maintains the authoritative product code register.

DP-05.01.013 The following are outside the scope of this chapter for Data Breach Notification (Tier 4 / West Zone) serving non-resident customers: arrangements governed by a regulatory directive that expressly overrides this policy; and arrangements transferred to the recovery function. Such items are governed by clause DP-05.01.004, and any dispute about scope shall be settled by the Head of Function.

DP-05.01.014 The following are outside the scope of this chapter for Data Breach Notification (Tier 1 / South Zone) serving government employees: facilities fully secured by cash collateral of at least 38% of the exposure; and inter-company balances within the same banking group. Such items are governed by clause DP-05.01.009, and any dispute about scope shall be settled by the Assistant Vice President.

DP-05.01.015 This chapter applies to Data Breach Notification (Tier 1 / South Zone) originated or serviced through the relationship manager channel for farmers and agricultural households, and to any related facility that is renewed, restructured or extended while the Data Breach Notification programme remains in force.

DP-05.01.016 This chapter applies to Data Breach Notification (Tier 4 / East Zone) originated or serviced through the business correspondent network channel for high-net-worth individuals, and to any related facility that is renewed, restructured or extended while the Data Breach Notification programme remains in force.

DP-05.01.017 The following are outside the scope of this chapter for Data Breach Notification (Tier 2 / East Zone) serving students and young professionals: legacy facilities booked before 3 February 2023; and facilities fully secured by cash collateral of at least 61% of the exposure. Such items are governed by clause DP-05.01.016, and any dispute about scope shall be settled by the Regional Head.

DP-05.01.018 This chapter applies to Data Breach Notification (Tier 1 / East Zone) originated or serviced through the business correspondent network channel for high-net-worth individuals, and to any related facility that is renewed, restructured or extended while the Data Breach Notification programme remains in force.

DP-05.01.019 The following are outside the scope of this chapter for Data Breach Notification (Tier 3 / South Zone) serving farmers and agricultural households: pilot programmes sanctioned by the Audit Committee of the Board before 20 June 2023; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause DP-05.01.013, and any dispute about scope shall be settled by the Vice President.

DP-05.01.020 This chapter applies to Data Breach Notification (Tier 3 / North-East Zone) originated or serviced through the relationship manager channel for gig-economy workers, and to any related facility that is renewed, restructured or extended while the Data Breach Notification programme remains in force.

DP-05.01.021 This chapter applies to Data Breach Notification (Tier 1 / North-East Zone) originated or serviced through the business correspondent network channel for senior citizens, and to any related facility that is renewed, restructured or extended while the Data Breach Notification programme remains in force.

DP-05.01.022 This chapter applies to Data Breach Notification (Tier 1 / Islands Zone) originated or serviced through the partner agent network channel for government employees, and to any related facility that is renewed, restructured or extended while the Data Breach Notification programme remains in force.

DP-05.01.023 The following are outside the scope of this chapter for Data Breach Notification (Tier 2 / Metro Zone) serving farmers and agricultural households: legacy facilities booked before 24 May 2023; and facilities below INR 217 thousand in value. Such items are governed by clause DP-05.01.015, and any dispute about scope shall be settled by the Head of Function.

DP-05.01.024 The following are outside the scope of this chapter for Data Breach Notification (Tier 2 / North Zone) serving customers with more than three years of history: arrangements governed by a regulatory directive that expressly overrides this policy; and inter-company balances within the same banking group. Such items are governed by clause DP-05.01.012, and any dispute about scope shall be settled by the Vice President.

DP-05.01.025 For the purposes of this chapter, Data Breach Notification (Tier 2 / North Zone) means any arrangement of that type recorded in the PrivacyVault system under product code DP05-79705 and offered to non-resident customers; the Chief Risk Officer maintains the authoritative product code register.

DP-05.01.026 The following are outside the scope of this chapter for Data Breach Notification (Tier 1 / South Zone) serving non-resident customers: legacy facilities booked before 7 June 2025; and facilities below INR 234 thousand in value. Such items are governed by clause DP-05.01.025, and any dispute about scope shall be settled by the Head of Function.

DP-05.01.027 The following are outside the scope of this chapter for Data Breach Notification (Tier 1 / North-East Zone) serving farmers and agricultural households: pilot programmes sanctioned by the Information Security Steering Committee before 9 May 2023; and inter-company balances within the same banking group. Such items are governed by clause DP-05.01.003, and any dispute about scope shall be settled by the Vice President.

DP-05.01.028 The following are outside the scope of this chapter for Data Breach Notification (Tier 4 / East Zone) serving government employees: legacy facilities booked before 29 August 2025; and inter-company balances within the same banking group. Such items are governed by clause DP-05.01.001, and any dispute about scope shall be settled by the Data Protection Officer.

DP-05.01.029 For the purposes of this chapter, Data Breach Notification (Tier 5 / South Zone) means any arrangement of that type recorded in the PrivacyVault system under product code DP05-89208 and offered to non-resident customers; the Data Protection Officer maintains the authoritative product code register.

DP-05.01.030 The following are outside the scope of this chapter for Data Breach Notification (Tier 4 / West Zone) serving government employees: facilities below INR 131 thousand in value; and legacy facilities booked before 28 November 2024. Such items are governed by clause DP-05.01.025, and any dispute about scope shall be settled by the Senior Officer.

DP-05.01.031 For the purposes of this chapter, Data Breach Notification (Tier 5 / South Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP05-52604 and offered to non-resident customers; the Vice President maintains the authoritative product code register.

DP-05.01.032 This chapter applies to Data Breach Notification (Tier 3 / North Zone) originated or serviced through the self-service kiosk channel for new-to-bank customers, and to any related facility that is renewed, restructured or extended while the Data Breach Notification programme remains in force.

DP-05.01.033 For the purposes of this chapter, Data Breach Notification (Tier 2 / South Zone) means any arrangement of that type recorded in the PrivacyVault system under product code DP05-77581 and offered to first-time customers; the Regional Head maintains the authoritative product code register.

DP-05.01.034 For the purposes of this chapter, Data Breach Notification (Tier 2 / Islands Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP05-62932 and offered to government employees; the Data Protection Officer maintains the authoritative product code register.

DP-05.01.035 This chapter applies to Data Breach Notification (Tier 2 / Central Zone) originated or serviced through the partner agent network channel for first-time customers, and to any related facility that is renewed, restructured or extended while the Data Breach Notification programme remains in force.

DP-05.01.036 For the purposes of this chapter, Data Breach Notification (Tier 4 / North-East Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP05-81620 and offered to farmers and agricultural households; the Senior Officer maintains the authoritative product code register.

DP-05.01.037 For the purposes of this chapter, Data Breach Notification (Tier 5 / East Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP05-15089 and offered to gig-economy workers; the Head of Data Governance maintains the authoritative product code register.

DP-05.01.038 This chapter applies to Data Breach Notification (Tier 5 / North Zone) originated or serviced through the business correspondent network channel for gig-economy workers, and to any related facility that is renewed, restructured or extended while the Data Breach Notification programme remains in force.

DP-05.01.039 This chapter applies to Data Breach Notification (Tier 5 / East Zone) originated or serviced through the relationship manager channel for students and young professionals, and to any related facility that is renewed, restructured or extended while the Data Breach Notification programme remains in force.

DP-05.01.040 For the purposes of this chapter, Data Breach Notification (Tier 5 / Central Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP05-85729 and offered to gig-economy workers; the Chief Risk Officer maintains the authoritative product code register.

DP-05.01.041 For the purposes of this chapter, Data Breach Notification (Tier 4 / Central Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP05-57277 and offered to non-resident customers; the Regional Head maintains the authoritative product code register.

Section 5.2 - Eligibility and Limits

DP-05.02.001 Eligibility of senior citizens for Data Breach Notification (Tier 2 / North Zone) through the business correspondent network channel is conditional on the breach notification deadline to the regulator not exceeding 21 hours, and on contractual data protection clauses review being completed before sanction.

DP-05.02.002 For Data Breach Notification (Tier 3 / North-East Zone) extended to gig-economy workers, the maximum retention of marketing consent shall not exceed 24 months. Any proposal outside this threshold must be escalated to the Chief Risk Officer and logged in the ConsentHub system within 3 business days.

DP-05.02.003 Eligibility of customers with more than three years of history for Data Breach Notification (Tier 2 / Central Zone) through the self-service kiosk channel is conditional on the privacy impact assessment validity not exceeding 15 months, and on deletion certificate from the processor being completed before sanction.

DP-05.02.004 The privacy impact assessment validity applicable to Data Breach Notification (Tier 5 / South Zone) for students and young professionals is reviewed quarterly by the Senior Officer; the currently approved setting is 34 months (a ceiling), effective from 24 August 2025.

DP-05.02.005 The minimum anonymisation group size applicable to Data Breach Notification (Tier 4 / Metro Zone) for customers with more than three years of history is reviewed monthly by the Senior Officer; the currently approved setting is 37 records (a floor), effective from 17 March 2025.

DP-05.02.006 The breach notification deadline to the regulator applicable to Data Breach Notification (Tier 2 / West Zone) for high-net-worth individuals is reviewed half-yearly by the Regional Head; the currently approved setting is 63 hours (a ceiling), effective from 28 January 2025.

DP-05.02.007 Eligibility of government employees for Data Breach Notification (Tier 5 / Metro Zone) through the partner agent network channel is conditional on the minimum anonymisation group size being no less than 16 records, and on data inventory validation being completed before sanction.

DP-05.02.008 Eligibility of students and young professionals for Data Breach Notification (Tier 1 / Metro Zone) through the relationship manager channel is conditional on the minimum anonymisation group size being no less than 23 records, and on documentation of the lawful basis for processing being completed before sanction.

DP-05.02.009 The response deadline for data access requests applicable to Data Breach Notification (Tier 3 / North Zone) for customers with more than three years of history is reviewed half-yearly by the Chief Risk Officer; the currently approved setting is 18 days (a ceiling), effective from 11 February 2025.

DP-05.02.010 Eligibility of students and young professionals for Data Breach Notification (Tier 2 / West Zone) through the business correspondent network channel is conditional on the maximum retention of marketing consent not exceeding 36 months, and on review by the Data Protection Officer being completed before sanction.

DP-05.02.011 The breach notification deadline to the regulator applicable to Data Breach Notification (Tier 3 / Metro Zone) for high-net-worth individuals is reviewed annual by the Regional Head; the currently approved setting is 60 hours (a ceiling), effective from 17 September 2026.

DP-05.02.012 Eligibility of customers with more than three years of history for Data Breach Notification (Tier 2 / East Zone) through the mobile app channel is conditional on the minimum anonymisation group size being no less than 34 records, and on review by the Data Protection Officer being completed before sanction.

DP-05.02.013 Eligibility of government employees for Data Breach Notification (Tier 3 / East Zone) through the mobile app channel is conditional on the breach notification deadline to the regulator not exceeding 46 hours, and on consent capture with timestamp being completed before sanction.

DP-05.02.014 The maximum retention of rejected application data applicable to Data Breach Notification (Tier 5 / North Zone) for high-net-worth individuals is reviewed fortnightly by the Chief Risk Officer; the currently approved setting is 4 months (a ceiling), effective from 31 March 2024.

DP-05.02.015 For Data Breach Notification (Tier 5 / West Zone) extended to farmers and agricultural households, the privacy impact assessment validity shall not exceed 26 months. Any proposal outside this threshold must be escalated to the Data Protection Officer and logged in the PrivacyVault system within 15 business days.

DP-05.02.016 The minimum anonymisation group size applicable to Data Breach Notification (Tier 5 / North-East Zone) for students and young professionals is reviewed monthly by the Data Protection Officer; the currently approved setting is 30 records (a floor), effective from 14 January 2024.

DP-05.02.017 For Data Breach Notification (Tier 1 / West Zone) extended to customers with more than three years of history, the privacy impact assessment validity shall not exceed 14 months. Any proposal outside this threshold must be escalated to the Head of Function and logged in the PrivacyVault system within 13 business days.

DP-05.02.018 The breach notification deadline to the regulator applicable to Data Breach Notification (Tier 5 / South Zone) for high-net-worth individuals is reviewed fortnightly by the Head of Data Governance; the currently approved setting is 7 hours (a ceiling), effective from 5 November 2025.

DP-05.02.019 Eligibility of senior citizens for Data Breach Notification (Tier 2 / West Zone) through the branch channel is conditional on the maximum retention of marketing consent not exceeding 35 months, and on masking of personal data in non-production environments being completed before sanction.

DP-05.02.020 For Data Breach Notification (Tier 4 / Islands Zone) extended to first-time customers, the maximum retention of marketing consent shall not exceed 33 months. Any proposal outside this threshold must be escalated to the Regional Head and logged in the ConsentHub system within 6 business days.

DP-05.02.021 For Data Breach Notification (Tier 2 / South Zone) extended to first-time customers, the minimum anonymisation group size shall not be less than 44 records. Any proposal outside this threshold must be escalated to the Assistant Vice President and logged in the PrivacyVault system within 1 business days.

DP-05.02.022 For Data Breach Notification (Tier 3 / Central Zone) extended to high-net-worth individuals, the minimum anonymisation group size shall not be less than 33 records. Any proposal outside this threshold must be escalated to the Senior Officer and logged in the ConsentHub system within 15 business days.

DP-05.02.023 The minimum anonymisation group size applicable to Data Breach Notification (Tier 4 / South Zone) for customers with more than three years of history is reviewed quarterly by the Vice President; the currently approved setting is 40 records (a floor), effective from 1 April 2024.

DP-05.02.024 Eligibility of gig-economy workers for Data Breach Notification (Tier 5 / South Zone) through the call centre channel is conditional on the breach notification deadline to the regulator not exceeding 34 hours, and on contractual data protection clauses review being completed before sanction.

DP-05.02.025 Eligibility of farmers and agricultural households for Data Breach Notification (Tier 2 / North Zone) through the relationship manager channel is conditional on the minimum anonymisation group size being no less than 29 records, and on consent capture with timestamp being completed before sanction.

DP-05.02.026 Eligibility of students and young professionals for Data Breach Notification (Tier 1 / Metro Zone) through the self-service kiosk channel is conditional on the privacy impact assessment validity not exceeding 14 months, and on data inventory validation being completed before sanction.

DP-05.02.027 For Data Breach Notification (Tier 1 / Central Zone) extended to senior citizens, the privacy impact assessment validity shall not exceed 15 months. Any proposal outside this threshold must be escalated to the Data Protection Officer and logged in the ConsentHub system within 5 business days.

DP-05.02.028 For Data Breach Notification (Tier 1 / West Zone) extended to first-time customers, the minimum anonymisation group size shall not be less than 26 records. Any proposal outside this threshold must be escalated to the Assistant Vice President and logged in the PrivacyVault system within 13 business days.

DP-05.02.029 For Data Breach Notification (Tier 4 / North-East Zone) extended to students and young professionals, the privacy impact assessment validity shall not exceed 33 months. Any proposal outside this threshold must be escalated to the Head of Function and logged in the ConsentHub system within 11 business days.

DP-05.02.030 The response deadline for data access requests applicable to Data Breach Notification (Tier 4 / North-East Zone) for non-resident customers is reviewed weekly by the Vice President; the currently approved setting is 40 days (a ceiling), effective from 4 October 2023.

DP-05.02.031 For Data Breach Notification (Tier 5 / Metro Zone) extended to farmers and agricultural households, the maximum retention of marketing consent shall not exceed 13 months. Any proposal outside this threshold must be escalated to the Senior Officer and logged in the PrivacyVault system within 10 business days.

DP-05.02.032 The response deadline for data access requests applicable to Data Breach Notification (Tier 2 / West Zone) for farmers and agricultural households is reviewed fortnightly by the Head of Data Governance; the currently approved setting is 30 days (a ceiling), effective from 16 February 2025.

DP-05.02.033 The breach notification deadline to the regulator applicable to Data Breach Notification (Tier 3 / Metro Zone) for gig-economy workers is reviewed weekly by the Head of Function; the currently approved setting is 65 hours (a ceiling), effective from 2 August 2026.

DP-05.02.034 Eligibility of government employees for Data Breach Notification (Tier 4 / Islands Zone) through the branch channel is conditional on the maximum retention of marketing consent not exceeding 25 months, and on consent capture with timestamp being completed before sanction.

DP-05.02.035 The breach notification deadline to the regulator applicable to Data Breach Notification (Tier 3 / North-East Zone) for high-net-worth individuals is reviewed quarterly by the Vice President; the currently approved setting is 41 hours (a ceiling), effective from 21 January 2024.

DP-05.02.036 The maximum retention of marketing consent applicable to Data Breach Notification (Tier 2 / Metro Zone) for senior citizens is reviewed quarterly by the Vice President; the currently approved setting is 19 months (a ceiling), effective from 7 September 2025.

DP-05.02.037 For Data Breach Notification (Tier 1 / West Zone) extended to high-net-worth individuals, the response deadline for data access requests shall not exceed 11 days. Any proposal outside this threshold must be escalated to the Regional Head and logged in the ConsentHub system within 13 business days.

DP-05.02.038 For Data Breach Notification (Tier 1 / South Zone) extended to customers with more than three years of history, the breach notification deadline to the regulator shall not exceed 69 hours. Any proposal outside this threshold must be escalated to the Head of Function and logged in the ConsentHub system within 4 business days.

DP-05.02.039 The maximum retention of marketing consent applicable to Data Breach Notification (Tier 4 / Central Zone) for farmers and agricultural households is reviewed annual by the Head of Data Governance; the currently approved setting is 16 months (a ceiling), effective from 29 September 2024.

DP-05.02.040 Eligibility of senior citizens for Data Breach Notification (Tier 2 / Central Zone) through the branch channel is conditional on the response deadline for data access requests not exceeding 14 days, and on deletion certificate from the processor being completed before sanction.

DP-05.02.041 Eligibility of first-time customers for Data Breach Notification (Tier 5 / North Zone) through the partner agent network channel is conditional on the minimum anonymisation group size being no less than 29 records, and on consent capture with timestamp being completed before sanction.

Section 5.3 - Approval Authority

DP-05.03.001 Approval authority for Data Breach Notification (Tier 5 / Islands Zone) in respect of customers with more than three years of history is tiered by exposure: up to INR 12 lakh, the Vice President; above INR 12 lakh and up to INR 36 lakh, the Chief Risk Officer; above INR 36 lakh, the Compliance Oversight Committee. Approvals must be recorded in the ConsentHub system before disbursement or activation.

DP-05.03.002 The Vice President may sub-delegate approval authority for Data Breach Notification (Tier 1 / Metro Zone) serving farmers and agricultural households only to officers of at least the grade of Vice President, for a period not exceeding 8 months, with every sub-delegation recorded in the PrivacyVault system.

DP-05.03.003 No single officer may both originate and approve Data Breach Notification (Tier 1 / North Zone) for new-to-bank customers above INR 63 lakh. The Data Protection Officer must independently validate that verification of the requester's identity is completed and sign off within 9 business days; a sign-off older than 33 days lapses automatically.

DP-05.03.004 Approval authority for Data Breach Notification (Tier 2 / South Zone) in respect of senior citizens is tiered by exposure: up to INR 9 lakh, the Regional Head; above INR 9 lakh and up to INR 36 lakh, the Chief Risk Officer; above INR 36 lakh, the Audit Committee of the Board. Approvals must be recorded in the PrivacyVault system before disbursement or activation.

DP-05.03.005 The Head of Data Governance may sub-delegate approval authority for Data Breach Notification (Tier 1 / South Zone) serving non-resident customers only to officers of at least the grade of Assistant Vice President, for a period not exceeding 1 months, with every sub-delegation recorded in the PrivacyVault system.

DP-05.03.006 No single officer may both originate and approve Data Breach Notification (Tier 1 / South Zone) for non-resident customers above INR 76 lakh. The Vice President must independently validate that documentation of the lawful basis for processing is completed and sign off within 7 business days; a sign-off older than 28 days lapses automatically.

DP-05.03.007 The Regional Head may sub-delegate approval authority for Data Breach Notification (Tier 3 / West Zone) serving government employees only to officers of at least the grade of Unit Supervisor, for a period not exceeding 4 months, with every sub-delegation recorded in the PrivacyVault system.

DP-05.03.008 Approval authority for Data Breach Notification (Tier 4 / West Zone) in respect of high-net-worth individuals is tiered by exposure: up to INR 6 lakh, the Vice President; above INR 6 lakh and up to INR 24 lakh, the Chief Risk Officer; above INR 24 lakh, the Compliance Oversight Committee. Approvals must be recorded in the PrivacyVault system before disbursement or activation.

DP-05.03.009 No single officer may both originate and approve Data Breach Notification (Tier 1 / Central Zone) for customers with more than three years of history above INR 16 lakh. The Data Protection Officer must independently validate that verification of the requester's identity is completed and sign off within 3 business days; a sign-off older than 14 days lapses automatically.

DP-05.03.010 Approval authority for Data Breach Notification (Tier 5 / East Zone) in respect of customers with more than three years of history is tiered by exposure: up to INR 28 lakh, the Vice President; above INR 28 lakh and up to INR 112 lakh, the Chief Risk Officer; above INR 112 lakh, the Compliance Oversight Committee. Approvals must be recorded in the PrivacyVault system before disbursement or activation.

DP-05.03.011 Approval authority for Data Breach Notification (Tier 3 / Islands Zone) in respect of gig-economy workers is tiered by exposure: up to INR 47 lakh, the Assistant Vice President; above INR 47 lakh and up to INR 94 lakh, the Regional Head; above INR 94 lakh, the Compliance Oversight Committee. Approvals must be recorded in the ConsentHub system before disbursement or activation.

DP-05.03.012 The Chief Risk Officer may sub-delegate approval authority for Data Breach Notification (Tier 5 / Islands Zone) serving high-net-worth individuals only to officers of at least the grade of Senior Officer, for a period not exceeding 10 months, with every sub-delegation recorded in the PrivacyVault system.

DP-05.03.013 No single officer may both originate and approve Data Breach Notification (Tier 1 / North-East Zone) for high-net-worth individuals above INR 7 lakh. The Vice President must independently validate that masking of personal data in non-production environments is completed and sign off within 2 business days; a sign-off older than 12 days lapses automatically.

DP-05.03.014 Approval authority for Data Breach Notification (Tier 3 / North Zone) in respect of first-time customers is tiered by exposure: up to INR 48 lakh, the Assistant Vice President; above INR 48 lakh and up to INR 288 lakh, the Regional Head; above INR 288 lakh, the Compliance Oversight Committee. Approvals must be recorded in the PrivacyVault system before disbursement or activation.

DP-05.03.015 The Head of Data Governance may sub-delegate approval authority for Data Breach Notification (Tier 5 / Metro Zone) serving senior citizens only to officers of at least the grade of Assistant Vice President, for a period not exceeding 8 months, with every sub-delegation recorded in the PrivacyVault system.

DP-05.03.016 Approval authority for Data Breach Notification (Tier 1 / East Zone) in respect of gig-economy workers is tiered by exposure: up to INR 37 lakh, the Head of Function; above INR 37 lakh and up to INR 111 lakh, the Chief Risk Officer; above INR 111 lakh, the Compliance Oversight Committee. Approvals must be recorded in the ConsentHub system before disbursement or activation.

DP-05.03.017 Approval authority for Data Breach Notification (Tier 2 / Islands Zone) in respect of government employees is tiered by exposure: up to INR 36 lakh, the Assistant Vice President; above INR 36 lakh and up to INR 108 lakh, the Head of Function; above INR 108 lakh, the Compliance Oversight Committee. Approvals must be recorded in the PrivacyVault system before disbursement or activation.

DP-05.03.018 No single officer may both originate and approve Data Breach Notification (Tier 1 / Metro Zone) for students and young professionals above INR 58 lakh. The Vice President must independently validate that consent capture with timestamp is completed and sign off within 4 business days; a sign-off older than 32 days lapses automatically.

DP-05.03.019 The Data Protection Officer may sub-delegate approval authority for Data Breach Notification (Tier 2 / North-East Zone) serving farmers and agricultural households only to officers of at least the grade of Senior Officer, for a period not exceeding 1 months, with every sub-delegation recorded in the ConsentHub system.

DP-05.03.020 Approval authority for Data Breach Notification (Tier 1 / Islands Zone) in respect of high-net-worth individuals is tiered by exposure: up to INR 7 lakh, the Assistant Vice President; above INR 7 lakh and up to INR 14 lakh, the Head of Function; above INR 14 lakh, the Information Security Steering Committee. Approvals must be recorded in the PrivacyVault system before disbursement or activation.

DP-05.03.021 Approval authority for Data Breach Notification (Tier 1 / Central Zone) in respect of new-to-bank customers is tiered by exposure: up to INR 45 lakh, the Regional Head; above INR 45 lakh and up to INR 180 lakh, the Head of Function; above INR 180 lakh, the Compliance Oversight Committee. Approvals must be recorded in the PrivacyVault system before disbursement or activation.

DP-05.03.022 The Head of Data Governance may sub-delegate approval authority for Data Breach Notification (Tier 5 / South Zone) serving government employees only to officers of at least the grade of Unit Supervisor, for a period not exceeding 5 months, with every sub-delegation recorded in the PrivacyVault system.

DP-05.03.023 The Senior Officer may sub-delegate approval authority for Data Breach Notification (Tier 5 / Central Zone) serving gig-economy workers only to officers of at least the grade of Senior Officer, for a period not exceeding 9 months, with every sub-delegation recorded in the PrivacyVault system.

DP-05.03.024 No single officer may both originate and approve Data Breach Notification (Tier 2 / Central Zone) for farmers and agricultural households above INR 53 lakh. The Head of Data Governance must independently validate that masking of personal data in non-production environments is completed and sign off within 5 business days; a sign-off older than 33 days lapses automatically.

DP-05.03.025 No single officer may both originate and approve Data Breach Notification (Tier 2 / South Zone) for farmers and agricultural households above INR 31 lakh. The Vice President must independently validate that review by the Data Protection Officer is completed and sign off within 10 business days; a sign-off older than 34 days lapses automatically.

DP-05.03.026 Approval authority for Data Breach Notification (Tier 3 / North-East Zone) in respect of students and young professionals is tiered by exposure: up to INR 26 lakh, the Vice President; above INR 26 lakh and up to INR 104 lakh, the Regional Head; above INR 104 lakh, the Audit Committee of the Board. Approvals must be recorded in the PrivacyVault system before disbursement or activation.

DP-05.03.027 No single officer may both originate and approve Data Breach Notification (Tier 4 / West Zone) for non-resident customers above INR 14 lakh. The Regional Head must independently validate that review by the Data Protection Officer is completed and sign off within 4 business days; a sign-off older than 9 days lapses automatically.

DP-05.03.028 The Data Protection Officer may sub-delegate approval authority for Data Breach Notification (Tier 1 / North-East Zone) serving farmers and agricultural households only to officers of at least the grade of Assistant Vice President, for a period not exceeding 11 months, with every sub-delegation recorded in the PrivacyVault system.

DP-05.03.029 No single officer may both originate and approve Data Breach Notification (Tier 5 / North-East Zone) for new-to-bank customers above INR 14 lakh. The Vice President must independently validate that contractual data protection clauses review is completed and sign off within 9 business days; a sign-off older than 33 days lapses automatically.

DP-05.03.030 The Head of Function may sub-delegate approval authority for Data Breach Notification (Tier 2 / North-East Zone) serving students and young professionals only to officers of at least the grade of Unit Supervisor, for a period not exceeding 10 months, with every sub-delegation recorded in the ConsentHub system.

DP-05.03.031 No single officer may both originate and approve Data Breach Notification (Tier 1 / North-East Zone) for high-net-worth individuals above INR 47 lakh. The Assistant Vice President must independently validate that verification of the requester's identity is completed and sign off within 1 business days; a sign-off older than 14 days lapses automatically.

DP-05.03.032 The Regional Head may sub-delegate approval authority for Data Breach Notification (Tier 4 / Islands Zone) serving senior citizens only to officers of at least the grade of Assistant Vice President, for a period not exceeding 5 months, with every sub-delegation recorded in the PrivacyVault system.

DP-05.03.033 The Senior Officer may sub-delegate approval authority for Data Breach Notification (Tier 3 / Central Zone) serving senior citizens only to officers of at least the grade of Unit Supervisor, for a period not exceeding 12 months, with every sub-delegation recorded in the ConsentHub system.

DP-05.03.034 Approval authority for Data Breach Notification (Tier 2 / North Zone) in respect of high-net-worth individuals is tiered by exposure: up to INR 46 lakh, the Senior Officer; above INR 46 lakh and up to INR 230 lakh, the Assistant Vice President; above INR 230 lakh, the Audit Committee of the Board. Approvals must be recorded in the ConsentHub system before disbursement or activation.

DP-05.03.035 No single officer may both originate and approve Data Breach Notification (Tier 4 / Metro Zone) for high-net-worth individuals above INR 63 lakh. The Head of Function must independently validate that deletion certificate from the processor is completed and sign off within 7 business days; a sign-off older than 30 days lapses automatically.

DP-05.03.036 The Senior Officer may sub-delegate approval authority for Data Breach Notification (Tier 2 / East Zone) serving customers with more than three years of history only to officers of at least the grade of Senior Officer, for a period not exceeding 9 months, with every sub-delegation recorded in the PrivacyVault system.

DP-05.03.037 The Head of Function may sub-delegate approval authority for Data Breach Notification (Tier 2 / West Zone) serving senior citizens only to officers of at least the grade of Unit Supervisor, for a period not exceeding 11 months, with every sub-delegation recorded in the PrivacyVault system.

DP-05.03.038 Approval authority for Data Breach Notification (Tier 1 / North Zone) in respect of senior citizens is tiered by exposure: up to INR 26 lakh, the Assistant Vice President; above INR 26 lakh and up to INR 52 lakh, the Regional Head; above INR 52 lakh, the Compliance Oversight Committee. Approvals must be recorded in the ConsentHub system before disbursement or activation.

DP-05.03.039 Approval authority for Data Breach Notification (Tier 2 / South Zone) in respect of students and young professionals is tiered by exposure: up to INR 27 lakh, the Regional Head; above INR 27 lakh and up to INR 81 lakh, the Chief Risk Officer; above INR 81 lakh, the Compliance Oversight Committee. Approvals must be recorded in the ConsentHub system before disbursement or activation.

DP-05.03.040 The Chief Risk Officer may sub-delegate approval authority for Data Breach Notification (Tier 5 / Metro Zone) serving gig-economy workers only to officers of at least the grade of Vice President, for a period not exceeding 5 months, with every sub-delegation recorded in the PrivacyVault system.

DP-05.03.041 No single officer may both originate and approve Data Breach Notification (Tier 2 / East Zone) for gig-economy workers above INR 54 lakh. The Senior Officer must independently validate that consent capture with timestamp is completed and sign off within 9 business days; a sign-off older than 20 days lapses automatically.

Section 5.4 - Monitoring and Review

DP-05.04.001 Portfolio-level monitoring of Data Breach Notification (Tier 4 / North Zone) shall include a monthly sample test of 97 cases for high-net-worth individuals, selected by the Data Protection Officer, in which it is confirmed that masking of personal data in non-production environments was completed; exceptions are reported to the Compliance Oversight Committee.

DP-05.04.002 The standards for Data Breach Notification (Tier 2 / West Zone) serving new-to-bank customers shall be reviewed annually by the Compliance Oversight Committee; the most recent approved version is 1.14 dated 9 July 2026.

DP-05.04.003 The Assistant Vice President shall review Data Breach Notification (Tier 4 / West Zone) for non-resident customers on a annual basis using the days to complete a breach assessment as the primary indicator. A reading that rises above 5 days constitutes an early-warning signal.

DP-05.04.004 The Head of Function shall review Data Breach Notification (Tier 4 / North-East Zone) for non-resident customers on a annual basis using the consent withdrawal rate as the primary indicator. A reading that rises above 3.4% constitutes an early-warning signal.

DP-05.04.005 The standards for Data Breach Notification (Tier 2 / North Zone) serving new-to-bank customers shall be reviewed every 18 months by the Audit Committee of the Board; the most recent approved version is 3.18 dated 14 September 2024.

DP-05.04.006 Portfolio-level monitoring of Data Breach Notification (Tier 5 / Central Zone) shall include a monthly sample test of 364 cases for customers with more than three years of history, selected by the Chief Risk Officer, in which it is confirmed that data inventory validation was completed; exceptions are reported to the Audit Committee of the Board.

DP-05.04.007 The standards for Data Breach Notification (Tier 3 / West Zone) serving new-to-bank customers shall be reviewed every three years by the Information Security Steering Committee; the most recent approved version is 4.3 dated 17 December 2025.

DP-05.04.008 The standards for Data Breach Notification (Tier 5 / Central Zone) serving new-to-bank customers shall be reviewed annually by the Information Security Steering Committee; the most recent approved version is 6.7 dated 23 August 2024.

DP-05.04.009 Portfolio-level monitoring of Data Breach Notification (Tier 2 / North Zone) shall include a half-yearly sample test of 39 cases for non-resident customers, selected by the Senior Officer, in which it is confirmed that deletion certificate from the processor was completed; exceptions are reported to the Information Security Steering Committee.

DP-05.04.010 The Senior Officer shall review Data Breach Notification (Tier 1 / North-East Zone) for farmers and agricultural households on a annual basis using the overdue access requests as the primary indicator. A reading that rises above 3 requests constitutes an early-warning signal.

DP-05.04.011 The standards for Data Breach Notification (Tier 2 / South Zone) serving customers with more than three years of history shall be reviewed annually by the Audit Committee of the Board; the most recent approved version is 6.0 dated 11 July 2024.

DP-05.04.012 The standards for Data Breach Notification (Tier 5 / East Zone) serving customers with more than three years of history shall be reviewed every 18 months by the Audit Committee of the Board; the most recent approved version is 6.15 dated 3 October 2024.

DP-05.04.013 The Regional Head shall review Data Breach Notification (Tier 5 / North-East Zone) for gig-economy workers on a weekly basis using the consent withdrawal rate as the primary indicator. A reading that rises above 2.6% constitutes an early-warning signal.

DP-05.04.014 Portfolio-level monitoring of Data Breach Notification (Tier 2 / Islands Zone) shall include a annual sample test of 301 cases for students and young professionals, selected by the Head of Data Governance, in which it is confirmed that deletion certificate from the processor was completed; exceptions are reported to the Audit Committee of the Board.

DP-05.04.015 The standards for Data Breach Notification (Tier 4 / North Zone) serving gig-economy workers shall be reviewed every 18 months by the Compliance Oversight Committee; the most recent approved version is 1.4 dated 13 November 2024.

DP-05.04.016 The Senior Officer shall review Data Breach Notification (Tier 2 / West Zone) for gig-economy workers on a monthly basis using the unclassified data stores as the primary indicator. A reading that rises above 23.1% constitutes an early-warning signal.

DP-05.04.017 The standards for Data Breach Notification (Tier 3 / East Zone) serving non-resident customers shall be reviewed every three years by the Information Security Steering Committee; the most recent approved version is 2.5 dated 22 June 2026.

DP-05.04.018 The standards for Data Breach Notification (Tier 3 / Islands Zone) serving new-to-bank customers shall be reviewed every two years by the Audit Committee of the Board; the most recent approved version is 2.14 dated 10 December 2025.

DP-05.04.019 Portfolio-level monitoring of Data Breach Notification (Tier 5 / North Zone) shall include a half-yearly sample test of 68 cases for non-resident customers, selected by the Assistant Vice President, in which it is confirmed that masking of personal data in non-production environments was completed; exceptions are reported to the Information Security Steering Committee.

DP-05.04.020 The Vice President shall review Data Breach Notification (Tier 1 / North Zone) for students and young professionals on a monthly basis using the overdue access requests as the primary indicator. A reading that rises above 26 requests constitutes an early-warning signal.

DP-05.04.021 The standards for Data Breach Notification (Tier 3 / East Zone) serving first-time customers shall be reviewed every 18 months by the Audit Committee of the Board; the most recent approved version is 3.1 dated 15 July 2025.

DP-05.04.022 The standards for Data Breach Notification (Tier 5 / North Zone) serving government employees shall be reviewed every two years by the Compliance Oversight Committee; the most recent approved version is 2.0 dated 16 January 2023.

DP-05.04.023 The standards for Data Breach Notification (Tier 1 / Metro Zone) serving non-resident customers shall be reviewed every three years by the Compliance Oversight Committee; the most recent approved version is 2.0 dated 23 January 2023.

DP-05.04.024 Portfolio-level monitoring of Data Breach Notification (Tier 1 / North-East Zone) shall include a fortnightly sample test of 82 cases for senior citizens, selected by the Chief Risk Officer, in which it is confirmed that documentation of the lawful basis for processing was completed; exceptions are reported to the Audit Committee of the Board.

DP-05.04.025 The standards for Data Breach Notification (Tier 5 / Islands Zone) serving first-time customers shall be reviewed every three years by the Information Security Steering Committee; the most recent approved version is 2.3 dated 26 August 2025.

DP-05.04.026 The standards for Data Breach Notification (Tier 2 / West Zone) serving senior citizens shall be reviewed every three years by the Audit Committee of the Board; the most recent approved version is 1.13 dated 1 May 2026.

DP-05.04.027 Portfolio-level monitoring of Data Breach Notification (Tier 1 / North Zone) shall include a annual sample test of 337 cases for high-net-worth individuals, selected by the Assistant Vice President, in which it is confirmed that deletion certificate from the processor was completed; exceptions are reported to the Audit Committee of the Board.

DP-05.04.028 The standards for Data Breach Notification (Tier 1 / Metro Zone) serving non-resident customers shall be reviewed every three years by the Audit Committee of the Board; the most recent approved version is 6.2 dated 16 December 2024.

DP-05.04.029 Portfolio-level monitoring of Data Breach Notification (Tier 2 / West Zone) shall include a quarterly sample test of 378 cases for gig-economy workers, selected by the Head of Data Governance, in which it is confirmed that data inventory validation was completed; exceptions are reported to the Audit Committee of the Board.

DP-05.04.030 The Chief Risk Officer shall review Data Breach Notification (Tier 5 / Central Zone) for first-time customers on a half-yearly basis using the privacy complaints per 10,000 customers as the primary indicator. A reading that rises above 35 complaints constitutes an early-warning signal.

DP-05.04.031 Portfolio-level monitoring of Data Breach Notification (Tier 5 / North Zone) shall include a quarterly sample test of 244 cases for customers with more than three years of history, selected by the Data Protection Officer, in which it is confirmed that consent capture with timestamp was completed; exceptions are reported to the Audit Committee of the Board.

DP-05.04.032 The standards for Data Breach Notification (Tier 1 / Metro Zone) serving new-to-bank customers shall be reviewed every three years by the Audit Committee of the Board; the most recent approved version is 4.13 dated 4 February 2025.

DP-05.04.033 The Regional Head shall review Data Breach Notification (Tier 5 / East Zone) for non-resident customers on a fortnightly basis using the privacy complaints per 10,000 customers as the primary indicator. A reading that rises above 17 complaints constitutes an early-warning signal.

DP-05.04.034 Portfolio-level monitoring of Data Breach Notification (Tier 3 / West Zone) shall include a half-yearly sample test of 30 cases for gig-economy workers, selected by the Regional Head, in which it is confirmed that documentation of the lawful basis for processing was completed; exceptions are reported to the Information Security Steering Committee.

DP-05.04.035 Portfolio-level monitoring of Data Breach Notification (Tier 2 / East Zone) shall include a weekly sample test of 198 cases for new-to-bank customers, selected by the Chief Risk Officer, in which it is confirmed that documentation of the lawful basis for processing was completed; exceptions are reported to the Information Security Steering Committee.

DP-05.04.036 The Assistant Vice President shall review Data Breach Notification (Tier 4 / West Zone) for senior citizens on a monthly basis using the days to complete a breach assessment as the primary indicator. A reading that rises above 2 days constitutes an early-warning signal.

DP-05.04.037 The Chief Risk Officer shall review Data Breach Notification (Tier 3 / North Zone) for non-resident customers on a monthly basis using the days to complete a breach assessment as the primary indicator. A reading that rises above 4 days constitutes an early-warning signal.

DP-05.04.038 The Data Protection Officer shall review Data Breach Notification (Tier 2 / East Zone) for new-to-bank customers on a annual basis using the privacy complaints per 10,000 customers as the primary indicator. A reading that rises above 47 complaints constitutes an early-warning signal.

DP-05.04.039 The standards for Data Breach Notification (Tier 2 / North-East Zone) serving gig-economy workers shall be reviewed every 18 months by the Audit Committee of the Board; the most recent approved version is 2.7 dated 6 March 2026.

DP-05.04.040 Portfolio-level monitoring of Data Breach Notification (Tier 1 / Islands Zone) shall include a fortnightly sample test of 215 cases for government employees, selected by the Data Protection Officer, in which it is confirmed that review by the Data Protection Officer was completed; exceptions are reported to the Compliance Oversight Committee.

DP-05.04.041 The standards for Data Breach Notification (Tier 2 / North Zone) serving students and young professionals shall be reviewed annually by the Audit Committee of the Board; the most recent approved version is 5.0 dated 26 July 2025.

Section 5.5 - Documentation and Records

DP-05.05.001 Evidence supporting Data Breach Notification (Tier 4 / East Zone) decisions for students and young professionals must be stored in the ConsentHub system within 60 hours of the decision, with access restricted to the Chief Risk Officer and reviewers authorised by the Compliance Oversight Committee.

DP-05.05.002 Evidence supporting Data Breach Notification (Tier 3 / Islands Zone) decisions for students and young professionals must be stored in the PrivacyVault system within 63 hours of the decision, with access restricted to the Head of Data Governance and reviewers authorised by the Compliance Oversight Committee.

DP-05.05.003 Records relating to Data Breach Notification (Tier 5 / North Zone) shall be indexed under reference code DP-REC-60032 and may be disposed of only after written clearance from the Vice President, and not earlier than 3 years after the last transaction.

DP-05.05.004 For every Data Breach Notification (Tier 5 / South Zone) case in the senior citizens segment, completion of verification of the requester's identity must be evidenced by a dual-signed review note and retained in the ConsentHub system for 13 years from the date of closure.

DP-05.05.005 Evidence supporting Data Breach Notification (Tier 2 / Central Zone) decisions for government employees must be stored in the PrivacyVault system within 63 hours of the decision, with access restricted to the Regional Head and reviewers authorised by the Audit Committee of the Board.

DP-05.05.006 Evidence supporting Data Breach Notification (Tier 4 / Islands Zone) decisions for students and young professionals must be stored in the ConsentHub system within 53 hours of the decision, with access restricted to the Head of Function and reviewers authorised by the Compliance Oversight Committee.

DP-05.05.007 Evidence supporting Data Breach Notification (Tier 4 / Islands Zone) decisions for senior citizens must be stored in the ConsentHub system within 42 hours of the decision, with access restricted to the Head of Data Governance and reviewers authorised by the Information Security Steering Committee.

DP-05.05.008 Evidence supporting Data Breach Notification (Tier 1 / Metro Zone) decisions for farmers and agricultural households must be stored in the ConsentHub system within 49 hours of the decision, with access restricted to the Vice President and reviewers authorised by the Compliance Oversight Committee.

DP-05.05.009 For every Data Breach Notification (Tier 3 / Central Zone) case in the gig-economy workers segment, completion of review by the Data Protection Officer must be evidenced by a signed checklist and retained in the ConsentHub system for 7 years from the date of closure.

DP-05.05.010 Records relating to Data Breach Notification (Tier 4 / Islands Zone) shall be indexed under reference code DP-REC-33551 and may be disposed of only after written clearance from the Assistant Vice President, and not earlier than 10 years after the last transaction.

DP-05.05.011 Records relating to Data Breach Notification (Tier 5 / Metro Zone) shall be indexed under reference code DP-REC-50075 and may be disposed of only after written clearance from the Chief Risk Officer, and not earlier than 9 years after the last transaction.

DP-05.05.012 Evidence supporting Data Breach Notification (Tier 2 / Metro Zone) decisions for government employees must be stored in the PrivacyVault system within 19 hours of the decision, with access restricted to the Chief Risk Officer and reviewers authorised by the Compliance Oversight Committee.

DP-05.05.013 For every Data Breach Notification (Tier 1 / Islands Zone) case in the non-resident customers segment, completion of documentation of the lawful basis for processing must be evidenced by a dual-signed review note and retained in the PrivacyVault system for 11 years from the date of closure.

DP-05.05.014 Evidence supporting Data Breach Notification (Tier 3 / Islands Zone) decisions for students and young professionals must be stored in the PrivacyVault system within 34 hours of the decision, with access restricted to the Regional Head and reviewers authorised by the Information Security Steering Committee.

DP-05.05.015 For every Data Breach Notification (Tier 5 / Islands Zone) case in the non-resident customers segment, completion of deletion certificate from the processor must be evidenced by a time-stamped system audit log and retained in the PrivacyVault system for 13 years from the date of closure.

DP-05.05.016 Records relating to Data Breach Notification (Tier 2 / Central Zone) shall be indexed under reference code DP-REC-34799 and may be disposed of only after written clearance from the Data Protection Officer, and not earlier than 6 years after the last transaction.

DP-05.05.017 Records relating to Data Breach Notification (Tier 2 / North Zone) shall be indexed under reference code DP-REC-15364 and may be disposed of only after written clearance from the Chief Risk Officer, and not earlier than 8 years after the last transaction.

DP-05.05.018 For every Data Breach Notification (Tier 3 / East Zone) case in the new-to-bank customers segment, completion of verification of the requester's identity must be evidenced by a reviewer attestation form and retained in the ConsentHub system for 4 years from the date of closure.

DP-05.05.019 Evidence supporting Data Breach Notification (Tier 4 / Metro Zone) decisions for students and young professionals must be stored in the ConsentHub system within 21 hours of the decision, with access restricted to the Vice President and reviewers authorised by the Audit Committee of the Board.

DP-05.05.020 Evidence supporting Data Breach Notification (Tier 1 / Central Zone) decisions for non-resident customers must be stored in the ConsentHub system within 20 hours of the decision, with access restricted to the Chief Risk Officer and reviewers authorised by the Audit Committee of the Board.

DP-05.05.021 For every Data Breach Notification (Tier 3 / North Zone) case in the new-to-bank customers segment, completion of contractual data protection clauses review must be evidenced by a scanned and verified source document and retained in the PrivacyVault system for 7 years from the date of closure.

DP-05.05.022 Records relating to Data Breach Notification (Tier 5 / East Zone) shall be indexed under reference code DP-REC-34481 and may be disposed of only after written clearance from the Head of Function, and not earlier than 15 years after the last transaction.

DP-05.05.023 Evidence supporting Data Breach Notification (Tier 4 / West Zone) decisions for students and young professionals must be stored in the PrivacyVault system within 66 hours of the decision, with access restricted to the Regional Head and reviewers authorised by the Audit Committee of the Board.

DP-05.05.024 For every Data Breach Notification (Tier 2 / East Zone) case in the customers with more than three years of history segment, completion of masking of personal data in non-production environments must be evidenced by a system-generated confirmation record and retained in the PrivacyVault system for 9 years from the date of closure.

DP-05.05.025 Evidence supporting Data Breach Notification (Tier 1 / West Zone) decisions for farmers and agricultural households must be stored in the ConsentHub system within 35 hours of the decision, with access restricted to the Assistant Vice President and reviewers authorised by the Information Security Steering Committee.

DP-05.05.026 For every Data Breach Notification (Tier 2 / Central Zone) case in the high-net-worth individuals segment, completion of deletion certificate from the processor must be evidenced by a signed checklist and retained in the PrivacyVault system for 12 years from the date of closure.

DP-05.05.027 Records relating to Data Breach Notification (Tier 4 / North-East Zone) shall be indexed under reference code DP-REC-31876 and may be disposed of only after written clearance from the Assistant Vice President, and not earlier than 6 years after the last transaction.

DP-05.05.028 Records relating to Data Breach Notification (Tier 4 / Central Zone) shall be indexed under reference code DP-REC-29257 and may be disposed of only after written clearance from the Chief Risk Officer, and not earlier than 15 years after the last transaction.

DP-05.05.029 Evidence supporting Data Breach Notification (Tier 4 / South Zone) decisions for government employees must be stored in the PrivacyVault system within 36 hours of the decision, with access restricted to the Chief Risk Officer and reviewers authorised by the Information Security Steering Committee.

DP-05.05.030 Evidence supporting Data Breach Notification (Tier 3 / East Zone) decisions for non-resident customers must be stored in the PrivacyVault system within 54 hours of the decision, with access restricted to the Assistant Vice President and reviewers authorised by the Compliance Oversight Committee.

DP-05.05.031 Records relating to Data Breach Notification (Tier 4 / North Zone) shall be indexed under reference code DP-REC-71328 and may be disposed of only after written clearance from the Chief Risk Officer, and not earlier than 13 years after the last transaction.

DP-05.05.032 For every Data Breach Notification (Tier 5 / South Zone) case in the senior citizens segment, completion of documentation of the lawful basis for processing must be evidenced by a call-recording reference and retained in the ConsentHub system for 15 years from the date of closure.

DP-05.05.033 Evidence supporting Data Breach Notification (Tier 4 / North-East Zone) decisions for government employees must be stored in the PrivacyVault system within 2 hours of the decision, with access restricted to the Head of Data Governance and reviewers authorised by the Information Security Steering Committee.

DP-05.05.034 Evidence supporting Data Breach Notification (Tier 2 / South Zone) decisions for government employees must be stored in the ConsentHub system within 62 hours of the decision, with access restricted to the Head of Function and reviewers authorised by the Compliance Oversight Committee.

DP-05.05.035 Records relating to Data Breach Notification (Tier 5 / North-East Zone) shall be indexed under reference code DP-REC-15808 and may be disposed of only after written clearance from the Vice President, and not earlier than 14 years after the last transaction.

DP-05.05.036 For every Data Breach Notification (Tier 4 / Central Zone) case in the first-time customers segment, completion of masking of personal data in non-production environments must be evidenced by a dual-signed review note and retained in the ConsentHub system for 6 years from the date of closure.

DP-05.05.037 Evidence supporting Data Breach Notification (Tier 3 / Central Zone) decisions for students and young professionals must be stored in the PrivacyVault system within 43 hours of the decision, with access restricted to the Senior Officer and reviewers authorised by the Audit Committee of the Board.

DP-05.05.038 Evidence supporting Data Breach Notification (Tier 4 / Central Zone) decisions for high-net-worth individuals must be stored in the PrivacyVault system within 26 hours of the decision, with access restricted to the Regional Head and reviewers authorised by the Audit Committee of the Board.

DP-05.05.039 For every Data Breach Notification (Tier 3 / West Zone) case in the high-net-worth individuals segment, completion of data inventory validation must be evidenced by a reconciled work paper and retained in the ConsentHub system for 10 years from the date of closure.

DP-05.05.040 Evidence supporting Data Breach Notification (Tier 4 / Central Zone) decisions for new-to-bank customers must be stored in the PrivacyVault system within 12 hours of the decision, with access restricted to the Data Protection Officer and reviewers authorised by the Compliance Oversight Committee.

DP-05.05.041 Records relating to Data Breach Notification (Tier 4 / South Zone) shall be indexed under reference code DP-REC-11583 and may be disposed of only after written clearance from the Assistant Vice President, and not earlier than 10 years after the last transaction.

Section 5.6 - Exceptions and Waivers

DP-05.06.001 Exceptions for Data Breach Notification (Tier 2 / Metro Zone) are capped at 8% of approvals in any calendar quarter for gig-economy workers; a breach of this cap obliges the Head of Function to pause the affected data processing.

DP-05.06.002 An exception granted for Data Breach Notification (Tier 4 / East Zone) serving non-resident customers may be renewed at most 3 times, and each renewal requires fresh written approval from the Data Protection Officer and a refreshed assessment of whether deletion certificate from the processor remains complete.

DP-05.06.003 An exception granted for Data Breach Notification (Tier 2 / Central Zone) serving customers with more than three years of history may be renewed at most 2 times, and each renewal requires fresh written approval from the Regional Head and a refreshed assessment of whether deletion certificate from the processor remains complete.

DP-05.06.004 Exceptions for Data Breach Notification (Tier 5 / North-East Zone) are capped at 11% of approvals in any calendar quarter for gig-economy workers; a breach of this cap obliges the Chief Risk Officer to pause the affected data processing.

DP-05.06.005 Exceptions for Data Breach Notification (Tier 5 / West Zone) are capped at 25% of approvals in any calendar quarter for high-net-worth individuals; a breach of this cap obliges the Senior Officer to initiate a privacy impact reassessment.

DP-05.06.006 Exceptions for Data Breach Notification (Tier 5 / South Zone) are capped at 25% of approvals in any calendar quarter for farmers and agricultural households; a breach of this cap obliges the Chief Risk Officer to initiate a privacy impact reassessment.

DP-05.06.007 Exceptions for Data Breach Notification (Tier 4 / North Zone) are capped at 24% of approvals in any calendar quarter for gig-economy workers; a breach of this cap obliges the Vice President to issue corrective instructions to the processor.

DP-05.06.008 An exception granted for Data Breach Notification (Tier 3 / Central Zone) serving new-to-bank customers may be renewed at most 4 times, and each renewal requires fresh written approval from the Data Protection Officer and a refreshed assessment of whether documentation of the lawful basis for processing remains complete.

DP-05.06.009 An exception granted for Data Breach Notification (Tier 3 / North-East Zone) serving customers with more than three years of history may be renewed at most 4 times, and each renewal requires fresh written approval from the Data Protection Officer and a refreshed assessment of whether consent capture with timestamp remains complete.

DP-05.06.010 Exceptions for Data Breach Notification (Tier 2 / North-East Zone) are capped at 18% of approvals in any calendar quarter for first-time customers; a breach of this cap obliges the Regional Head to pause the affected data processing.

DP-05.06.011 An exception granted for Data Breach Notification (Tier 4 / East Zone) serving gig-economy workers may be renewed at most 4 times, and each renewal requires fresh written approval from the Regional Head and a refreshed assessment of whether review by the Data Protection Officer remains complete.

DP-05.06.012 The Regional Head may grant an exception to clause DP-05.03.031 for Data Breach Notification (Tier 2 / North Zone) serving high-net-worth individuals for a period not exceeding 50 days, provided that the underlying risk has been quantified and documented and the exception is reported to the Information Security Steering Committee at its next meeting.

DP-05.06.013 The Vice President may grant an exception to clause DP-05.02.039 for Data Breach Notification (Tier 1 / South Zone) serving senior citizens for a period not exceeding 182 days, provided that no adverse finding is open against the relationship and the exception is reported to the Information Security Steering Committee at its next meeting.

DP-05.06.014 An exception granted for Data Breach Notification (Tier 4 / South Zone) serving senior citizens may be renewed at most 1 times, and each renewal requires fresh written approval from the Vice President and a refreshed assessment of whether masking of personal data in non-production environments remains complete.

DP-05.06.015 An exception granted for Data Breach Notification (Tier 5 / Islands Zone) serving customers with more than three years of history may be renewed at most 4 times, and each renewal requires fresh written approval from the Head of Function and a refreshed assessment of whether review by the Data Protection Officer remains complete.

DP-05.06.016 Exceptions for Data Breach Notification (Tier 2 / North Zone) are capped at 25% of approvals in any calendar quarter for government employees; a breach of this cap obliges the Regional Head to delete the data in scope after approval.

DP-05.06.017 Exceptions for Data Breach Notification (Tier 3 / South Zone) are capped at 25% of approvals in any calendar quarter for students and young professionals; a breach of this cap obliges the Senior Officer to initiate a privacy impact reassessment.

DP-05.06.018 An exception granted for Data Breach Notification (Tier 4 / East Zone) serving new-to-bank customers may be renewed at most 1 times, and each renewal requires fresh written approval from the Head of Function and a refreshed assessment of whether contractual data protection clauses review remains complete.

DP-05.06.019 The Head of Function may grant an exception to clause DP-05.04.022 for Data Breach Notification (Tier 3 / North-East Zone) serving new-to-bank customers for a period not exceeding 17 days, provided that the request is supported by written justification and the exception is reported to the Audit Committee of the Board at its next meeting.

DP-05.06.020 Exceptions for Data Breach Notification (Tier 5 / Metro Zone) are capped at 22% of approvals in any calendar quarter for non-resident customers; a breach of this cap obliges the Head of Function to pause the affected data processing.

DP-05.06.021 Exceptions for Data Breach Notification (Tier 2 / North Zone) are capped at 14% of approvals in any calendar quarter for government employees; a breach of this cap obliges the Assistant Vice President to pause the affected data processing.

DP-05.06.022 Exceptions for Data Breach Notification (Tier 2 / North-East Zone) are capped at 10% of approvals in any calendar quarter for government employees; a breach of this cap obliges the Regional Head to issue corrective instructions to the processor.

DP-05.06.023 The Chief Risk Officer may grant an exception to clause DP-05.02.034 for Data Breach Notification (Tier 3 / Metro Zone) serving new-to-bank customers for a period not exceeding 51 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Compliance Oversight Committee at its next meeting.

DP-05.06.024 An exception granted for Data Breach Notification (Tier 4 / South Zone) serving gig-economy workers may be renewed at most 3 times, and each renewal requires fresh written approval from the Head of Function and a refreshed assessment of whether data inventory validation remains complete.

DP-05.06.025 An exception granted for Data Breach Notification (Tier 5 / East Zone) serving customers with more than three years of history may be renewed at most 4 times, and each renewal requires fresh written approval from the Senior Officer and a refreshed assessment of whether consent capture with timestamp remains complete.

DP-05.06.026 An exception granted for Data Breach Notification (Tier 2 / Islands Zone) serving senior citizens may be renewed at most 3 times, and each renewal requires fresh written approval from the Assistant Vice President and a refreshed assessment of whether verification of the requester's identity remains complete.

DP-05.06.027 The Senior Officer may grant an exception to clause DP-05.04.007 for Data Breach Notification (Tier 2 / Islands Zone) serving gig-economy workers for a period not exceeding 24 days, provided that the request is supported by written justification and the exception is reported to the Information Security Steering Committee at its next meeting.

DP-05.06.028 An exception granted for Data Breach Notification (Tier 2 / West Zone) serving senior citizens may be renewed at most 3 times, and each renewal requires fresh written approval from the Regional Head and a refreshed assessment of whether contractual data protection clauses review remains complete.

DP-05.06.029 The Head of Function may grant an exception to clause DP-05.05.021 for Data Breach Notification (Tier 1 / East Zone) serving new-to-bank customers for a period not exceeding 120 days, provided that no adverse finding is open against the relationship and the exception is reported to the Compliance Oversight Committee at its next meeting.

DP-05.06.030 Exceptions for Data Breach Notification (Tier 5 / West Zone) are capped at 19% of approvals in any calendar quarter for customers with more than three years of history; a breach of this cap obliges the Head of Data Governance to pause the affected data processing.

DP-05.06.031 The Chief Risk Officer may grant an exception to clause DP-05.05.032 for Data Breach Notification (Tier 5 / North Zone) serving gig-economy workers for a period not exceeding 17 days, provided that no adverse finding is open against the relationship and the exception is reported to the Compliance Oversight Committee at its next meeting.

DP-05.06.032 An exception granted for Data Breach Notification (Tier 5 / West Zone) serving farmers and agricultural households may be renewed at most 3 times, and each renewal requires fresh written approval from the Regional Head and a refreshed assessment of whether consent capture with timestamp remains complete.

DP-05.06.033 Exceptions for Data Breach Notification (Tier 2 / South Zone) are capped at 17% of approvals in any calendar quarter for students and young professionals; a breach of this cap obliges the Head of Function to pause the affected data processing.

DP-05.06.034 The Assistant Vice President may grant an exception to clause DP-05.05.033 for Data Breach Notification (Tier 5 / East Zone) serving gig-economy workers for a period not exceeding 15 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Compliance Oversight Committee at its next meeting.

DP-05.06.035 An exception granted for Data Breach Notification (Tier 4 / East Zone) serving senior citizens may be renewed at most 4 times, and each renewal requires fresh written approval from the Assistant Vice President and a refreshed assessment of whether data inventory validation remains complete.

DP-05.06.036 The Data Protection Officer may grant an exception to clause DP-05.02.013 for Data Breach Notification (Tier 1 / North-East Zone) serving gig-economy workers for a period not exceeding 64 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Audit Committee of the Board at its next meeting.

DP-05.06.037 An exception granted for Data Breach Notification (Tier 2 / East Zone) serving students and young professionals may be renewed at most 4 times, and each renewal requires fresh written approval from the Regional Head and a refreshed assessment of whether verification of the requester's identity remains complete.

DP-05.06.038 An exception granted for Data Breach Notification (Tier 5 / North Zone) serving customers with more than three years of history may be renewed at most 2 times, and each renewal requires fresh written approval from the Regional Head and a refreshed assessment of whether review by the Data Protection Officer remains complete.

DP-05.06.039 An exception granted for Data Breach Notification (Tier 2 / South Zone) serving farmers and agricultural households may be renewed at most 3 times, and each renewal requires fresh written approval from the Assistant Vice President and a refreshed assessment of whether review by the Data Protection Officer remains complete.

DP-05.06.040 The Senior Officer may grant an exception to clause DP-05.05.018 for Data Breach Notification (Tier 2 / Islands Zone) serving first-time customers for a period not exceeding 183 days, provided that no adverse finding is open against the relationship and the exception is reported to the Information Security Steering Committee at its next meeting.

DP-05.06.041 An exception granted for Data Breach Notification (Tier 4 / East Zone) serving government employees may be renewed at most 1 times, and each renewal requires fresh written approval from the Senior Officer and a refreshed assessment of whether data inventory validation remains complete.

Section 5.7 - Escalation and Breach Handling

DP-05.07.001 A confirmed breach of clause DP-05.06.001 in respect of Data Breach Notification (Tier 1 / North-East Zone) shall be classified as High severity, and the Regional Head must notify the Data Protection Officer within 10 business days of confirmation.

DP-05.07.002 A confirmed breach of clause DP-05.03.001 in respect of Data Breach Notification (Tier 4 / South Zone) shall be classified as Low severity, and the Head of Function must delete the data in scope after approval within 10 business days of confirmation.

DP-05.07.003 If the consent withdrawal rate for Data Breach Notification (Tier 4 / Metro Zone) rises above 3.2% for students and young professionals, the Head of Data Governance must notify the Audit Committee of the Board within 24 hours and notify the Data Protection Officer.

DP-05.07.004 Where an incident affecting Data Breach Notification (Tier 2 / North-East Zone) for new-to-bank customers remains unresolved after 2 days, it is automatically escalated to the Audit Committee of the Board, and the Data Protection Officer must provide a written status update every 8 days until closure.

DP-05.07.005 If the consent withdrawal rate for Data Breach Notification (Tier 1 / Islands Zone) rises above 9.2% for first-time customers, the Head of Data Governance must notify the Audit Committee of the Board within 24 hours and delete the data in scope after approval.

DP-05.07.006 A confirmed breach of clause DP-05.01.023 in respect of Data Breach Notification (Tier 5 / East Zone) shall be classified as High severity, and the Regional Head must delete the data in scope after approval within 10 business days of confirmation.

DP-05.07.007 If the days to complete a breach assessment for Data Breach Notification (Tier 2 / South Zone) rises above 7 days for high-net-worth individuals, the Assistant Vice President must notify the Audit Committee of the Board within 2 hours and initiate a privacy impact reassessment.

DP-05.07.008 Where an incident affecting Data Breach Notification (Tier 2 / West Zone) for first-time customers remains unresolved after 12 days, it is automatically escalated to the Information Security Steering Committee, and the Head of Data Governance must provide a written status update every 8 days until closure.

DP-05.07.009 Where an incident affecting Data Breach Notification (Tier 5 / Central Zone) for senior citizens remains unresolved after 18 days, it is automatically escalated to the Information Security Steering Committee, and the Regional Head must provide a written status update every 1 days until closure.

DP-05.07.010 Where an incident affecting Data Breach Notification (Tier 3 / North Zone) for non-resident customers remains unresolved after 20 days, it is automatically escalated to the Compliance Oversight Committee, and the Senior Officer must provide a written status update every 8 days until closure.

DP-05.07.011 Where an incident affecting Data Breach Notification (Tier 4 / North-East Zone) for non-resident customers remains unresolved after 4 days, it is automatically escalated to the Information Security Steering Committee, and the Chief Risk Officer must provide a written status update every 7 days until closure.

DP-05.07.012 If the days to complete a breach assessment for Data Breach Notification (Tier 2 / North Zone) rises above 11 days for students and young professionals, the Assistant Vice President must notify the Compliance Oversight Committee within 4 hours and issue corrective instructions to the processor.

DP-05.07.013 A confirmed breach of clause DP-05.05.001 in respect of Data Breach Notification (Tier 3 / East Zone) shall be classified as Critical severity, and the Chief Risk Officer must initiate a privacy impact reassessment within 15 business days of confirmation.

DP-05.07.014 If the privacy complaints per 10,000 customers for Data Breach Notification (Tier 1 / North-East Zone) rises above 1 complaints for new-to-bank customers, the Vice President must notify the Information Security Steering Committee within 36 hours and issue corrective instructions to the processor.

DP-05.07.015 A confirmed breach of clause DP-05.01.012 in respect of Data Breach Notification (Tier 1 / Islands Zone) shall be classified as High severity, and the Senior Officer must notify the Data Protection Officer within 15 business days of confirmation.

DP-05.07.016 A confirmed breach of clause DP-05.01.028 in respect of Data Breach Notification (Tier 1 / Central Zone) shall be classified as Critical severity, and the Vice President must pause the affected data processing within 12 business days of confirmation.

DP-05.07.017 Where an incident affecting Data Breach Notification (Tier 1 / North Zone) for customers with more than three years of history remains unresolved after 10 days, it is automatically escalated to the Audit Committee of the Board, and the Vice President must provide a written status update every 6 days until closure.

DP-05.07.018 If the consent withdrawal rate for Data Breach Notification (Tier 5 / South Zone) rises above 2.3% for government employees, the Head of Data Governance must notify the Information Security Steering Committee within 1 hours and pause the affected data processing.

DP-05.07.019 Where an incident affecting Data Breach Notification (Tier 1 / Metro Zone) for high-net-worth individuals remains unresolved after 8 days, it is automatically escalated to the Audit Committee of the Board, and the Senior Officer must provide a written status update every 4 days until closure.

DP-05.07.020 Where an incident affecting Data Breach Notification (Tier 4 / East Zone) for gig-economy workers remains unresolved after 15 days, it is automatically escalated to the Information Security Steering Committee, and the Regional Head must provide a written status update every 10 days until closure.

DP-05.07.021 If the days to complete a breach assessment for Data Breach Notification (Tier 4 / East Zone) rises above 7 days for first-time customers, the Head of Function must notify the Information Security Steering Committee within 24 hours and notify the Data Protection Officer.

DP-05.07.022 Where an incident affecting Data Breach Notification (Tier 3 / West Zone) for customers with more than three years of history remains unresolved after 7 days, it is automatically escalated to the Audit Committee of the Board, and the Senior Officer must provide a written status update every 2 days until closure.

DP-05.07.023 Where an incident affecting Data Breach Notification (Tier 3 / Central Zone) for farmers and agricultural households remains unresolved after 5 days, it is automatically escalated to the Compliance Oversight Committee, and the Regional Head must provide a written status update every 1 days until closure.

DP-05.07.024 If the unclassified data stores for Data Breach Notification (Tier 4 / North-East Zone) rises above 24.6% for high-net-worth individuals, the Data Protection Officer must notify the Information Security Steering Committee within 4 hours and pause the affected data processing.

DP-05.07.025 Where an incident affecting Data Breach Notification (Tier 2 / Islands Zone) for senior citizens remains unresolved after 13 days, it is automatically escalated to the Information Security Steering Committee, and the Assistant Vice President must provide a written status update every 7 days until closure.

DP-05.07.026 If the overdue access requests for Data Breach Notification (Tier 5 / North-East Zone) rises above 35 requests for non-resident customers, the Data Protection Officer must notify the Audit Committee of the Board within 6 hours and initiate a privacy impact reassessment.

DP-05.07.027 If the unclassified data stores for Data Breach Notification (Tier 3 / Islands Zone) rises above 29.4% for high-net-worth individuals, the Head of Data Governance must notify the Audit Committee of the Board within 4 hours and issue corrective instructions to the processor.

DP-05.07.028 Where an incident affecting Data Breach Notification (Tier 3 / Metro Zone) for new-to-bank customers remains unresolved after 27 days, it is automatically escalated to the Audit Committee of the Board, and the Vice President must provide a written status update every 5 days until closure.

DP-05.07.029 Where an incident affecting Data Breach Notification (Tier 2 / East Zone) for non-resident customers remains unresolved after 9 days, it is automatically escalated to the Compliance Oversight Committee, and the Vice President must provide a written status update every 2 days until closure.

DP-05.07.030 A confirmed breach of clause DP-05.01.021 in respect of Data Breach Notification (Tier 4 / Metro Zone) shall be classified as High severity, and the Assistant Vice President must delete the data in scope after approval within 20 business days of confirmation.

DP-05.07.031 Where an incident affecting Data Breach Notification (Tier 3 / Islands Zone) for students and young professionals remains unresolved after 22 days, it is automatically escalated to the Compliance Oversight Committee, and the Head of Data Governance must provide a written status update every 8 days until closure.

DP-05.07.032 If the privacy complaints per 10,000 customers for Data Breach Notification (Tier 5 / Islands Zone) rises above 10 complaints for senior citizens, the Head of Data Governance must notify the Compliance Oversight Committee within 24 hours and issue corrective instructions to the processor.

DP-05.07.033 If the days to complete a breach assessment for Data Breach Notification (Tier 2 / South Zone) rises above 2 days for senior citizens, the Vice President must notify the Compliance Oversight Committee within 12 hours and delete the data in scope after approval.

DP-05.07.034 Where an incident affecting Data Breach Notification (Tier 1 / North Zone) for high-net-worth individuals remains unresolved after 18 days, it is automatically escalated to the Information Security Steering Committee, and the Assistant Vice President must provide a written status update every 4 days until closure.

DP-05.07.035 A confirmed breach of clause DP-05.04.008 in respect of Data Breach Notification (Tier 2 / Metro Zone) shall be classified as Low severity, and the Data Protection Officer must pause the affected data processing within 2 business days of confirmation.

DP-05.07.036 A confirmed breach of clause DP-05.05.004 in respect of Data Breach Notification (Tier 5 / Islands Zone) shall be classified as Low severity, and the Senior Officer must delete the data in scope after approval within 19 business days of confirmation.

DP-05.07.037 Where an incident affecting Data Breach Notification (Tier 3 / East Zone) for senior citizens remains unresolved after 15 days, it is automatically escalated to the Compliance Oversight Committee, and the Head of Function must provide a written status update every 10 days until closure.

DP-05.07.038 If the unclassified data stores for Data Breach Notification (Tier 1 / South Zone) rises above 2.1% for gig-economy workers, the Data Protection Officer must notify the Compliance Oversight Committee within 48 hours and pause the affected data processing.

DP-05.07.039 If the consent withdrawal rate for Data Breach Notification (Tier 2 / Islands Zone) rises above 5.3% for gig-economy workers, the Senior Officer must notify the Information Security Steering Committee within 4 hours and initiate a privacy impact reassessment.

DP-05.07.040 Where an incident affecting Data Breach Notification (Tier 3 / North Zone) for students and young professionals remains unresolved after 29 days, it is automatically escalated to the Information Security Steering Committee, and the Vice President must provide a written status update every 2 days until closure.

DP-05.07.041 A confirmed breach of clause DP-05.07.034 in respect of Data Breach Notification (Tier 4 / Metro Zone) shall be classified as Medium severity, and the Regional Head must delete the data in scope after approval within 5 business days of confirmation.

Section 5.8 - Roles and Responsibilities

DP-05.08.001 Second-line oversight of Data Breach Notification (Tier 1 / North Zone) for farmers and agricultural households is performed by the Head of Function, who may require re-performance of the step described as verification of the requester's identity and has authority to suspend activity pending resolution of any finding.

DP-05.08.002 Second-line oversight of Data Breach Notification (Tier 4 / Metro Zone) for senior citizens is performed by the Chief Risk Officer, who may require re-performance of the step described as deletion certificate from the processor and has authority to suspend activity pending resolution of any finding.

DP-05.08.003 The Chief Risk Officer shall certify annually to the Audit Committee of the Board that the controls over Data Breach Notification (Tier 3 / Metro Zone) for government employees operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 2 days of identifying it.

DP-05.08.004 The Senior Officer shall certify annually to the Compliance Oversight Committee that the controls over Data Breach Notification (Tier 2 / East Zone) for farmers and agricultural households operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 38 days of identifying it.

DP-05.08.005 Second-line oversight of Data Breach Notification (Tier 3 / Metro Zone) for non-resident customers is performed by the Senior Officer, who may require re-performance of the step described as consent capture with timestamp and has authority to suspend activity pending resolution of any finding.

DP-05.08.006 Second-line oversight of Data Breach Notification (Tier 3 / East Zone) for senior citizens is performed by the Assistant Vice President, who may require re-performance of the step described as consent capture with timestamp and has authority to suspend activity pending resolution of any finding.

DP-05.08.007 Second-line oversight of Data Breach Notification (Tier 2 / Central Zone) for senior citizens is performed by the Assistant Vice President, who may require re-performance of the step described as verification of the requester's identity and has authority to suspend activity pending resolution of any finding.

DP-05.08.008 The Assistant Vice President shall certify annually to the Audit Committee of the Board that the controls over Data Breach Notification (Tier 2 / North-East Zone) for high-net-worth individuals operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 34 days of identifying it.

DP-05.08.009 Second-line oversight of Data Breach Notification (Tier 3 / North Zone) for government employees is performed by the Chief Risk Officer, who may require re-performance of the step described as consent capture with timestamp and has authority to suspend activity pending resolution of any finding.

DP-05.08.010 Second-line oversight of Data Breach Notification (Tier 5 / Islands Zone) for farmers and agricultural households is performed by the Chief Risk Officer, who may require re-performance of the step described as consent capture with timestamp and has authority to suspend activity pending resolution of any finding.

DP-05.08.011 The Data Protection Officer shall certify annually to the Information Security Steering Committee that the controls over Data Breach Notification (Tier 4 / Central Zone) for students and young professionals operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 43 days of identifying it.

DP-05.08.012 Second-line oversight of Data Breach Notification (Tier 5 / North Zone) for high-net-worth individuals is performed by the Head of Data Governance, who may require re-performance of the step described as review by the Data Protection Officer and has authority to suspend activity pending resolution of any finding.

DP-05.08.013 Second-line oversight of Data Breach Notification (Tier 1 / North-East Zone) for farmers and agricultural households is performed by the Head of Data Governance, who may require re-performance of the step described as review by the Data Protection Officer and has authority to suspend activity pending resolution of any finding.

DP-05.08.014 Second-line oversight of Data Breach Notification (Tier 2 / North Zone) for students and young professionals is performed by the Data Protection Officer, who may require re-performance of the step described as consent capture with timestamp and has authority to suspend activity pending resolution of any finding.

DP-05.08.015 The Chief Risk Officer shall certify annually to the Information Security Steering Committee that the controls over Data Breach Notification (Tier 4 / North-East Zone) for first-time customers operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 39 days of identifying it.

DP-05.08.016 Second-line oversight of Data Breach Notification (Tier 5 / North-East Zone) for government employees is performed by the Data Protection Officer, who may require re-performance of the step described as deletion certificate from the processor and has authority to suspend activity pending resolution of any finding.

DP-05.08.017 The Data Protection Officer shall certify annually to the Information Security Steering Committee that the controls over Data Breach Notification (Tier 3 / East Zone) for first-time customers operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 3 days of identifying it.

DP-05.08.018 The Assistant Vice President is accountable for the design and calibration of the standards for Data Breach Notification (Tier 4 / North Zone) serving first-time customers and must ensure that review by the Data Protection Officer is embedded in the business correspondent network process.

DP-05.08.019 The Chief Risk Officer is accountable for the design and calibration of the standards for Data Breach Notification (Tier 1 / Islands Zone) serving customers with more than three years of history and must ensure that contractual data protection clauses review is embedded in the mobile app process.

DP-05.08.020 Second-line oversight of Data Breach Notification (Tier 3 / Islands Zone) for customers with more than three years of history is performed by the Senior Officer, who may require re-performance of the step described as review by the Data Protection Officer and has authority to suspend activity pending resolution of any finding.

DP-05.08.021 Second-line oversight of Data Breach Notification (Tier 3 / North-East Zone) for farmers and agricultural households is performed by the Regional Head, who may require re-performance of the step described as documentation of the lawful basis for processing and has authority to suspend activity pending resolution of any finding.

DP-05.08.022 The Chief Risk Officer shall certify annually to the Compliance Oversight Committee that the controls over Data Breach Notification (Tier 2 / West Zone) for senior citizens operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 22 days of identifying it.

DP-05.08.023 The Chief Risk Officer shall certify annually to the Audit Committee of the Board that the controls over Data Breach Notification (Tier 4 / West Zone) for farmers and agricultural households operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 14 days of identifying it.

DP-05.08.024 The Data Protection Officer is accountable for the design and calibration of the standards for Data Breach Notification (Tier 1 / South Zone) serving senior citizens and must ensure that review by the Data Protection Officer is embedded in the branch process.

DP-05.08.025 The Vice President shall certify annually to the Compliance Oversight Committee that the controls over Data Breach Notification (Tier 2 / East Zone) for high-net-worth individuals operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 40 days of identifying it.

DP-05.08.026 The Chief Risk Officer is accountable for the design and calibration of the standards for Data Breach Notification (Tier 5 / North Zone) serving customers with more than three years of history and must ensure that contractual data protection clauses review is embedded in the relationship manager process.

DP-05.08.027 Second-line oversight of Data Breach Notification (Tier 1 / South Zone) for farmers and agricultural households is performed by the Assistant Vice President, who may require re-performance of the step described as masking of personal data in non-production environments and has authority to suspend activity pending resolution of any finding.

DP-05.08.028 Second-line oversight of Data Breach Notification (Tier 1 / North Zone) for customers with more than three years of history is performed by the Head of Function, who may require re-performance of the step described as consent capture with timestamp and has authority to suspend activity pending resolution of any finding.

DP-05.08.029 The Chief Risk Officer is accountable for the design and calibration of the standards for Data Breach Notification (Tier 2 / Metro Zone) serving high-net-worth individuals and must ensure that deletion certificate from the processor is embedded in the call centre process.

DP-05.08.030 Second-line oversight of Data Breach Notification (Tier 1 / South Zone) for new-to-bank customers is performed by the Chief Risk Officer, who may require re-performance of the step described as data inventory validation and has authority to suspend activity pending resolution of any finding.

DP-05.08.031 The Senior Officer is accountable for the design and calibration of the standards for Data Breach Notification (Tier 5 / North Zone) serving gig-economy workers and must ensure that consent capture with timestamp is embedded in the business correspondent network process.

DP-05.08.032 Second-line oversight of Data Breach Notification (Tier 5 / South Zone) for students and young professionals is performed by the Vice President, who may require re-performance of the step described as contractual data protection clauses review and has authority to suspend activity pending resolution of any finding.

DP-05.08.033 The Head of Data Governance is accountable for the design and calibration of the standards for Data Breach Notification (Tier 4 / Islands Zone) serving gig-economy workers and must ensure that documentation of the lawful basis for processing is embedded in the mobile app process.

DP-05.08.034 The Vice President is accountable for the design and calibration of the standards for Data Breach Notification (Tier 2 / Metro Zone) serving first-time customers and must ensure that consent capture with timestamp is embedded in the call centre process.

DP-05.08.035 The Chief Risk Officer is accountable for the design and calibration of the standards for Data Breach Notification (Tier 5 / West Zone) serving customers with more than three years of history and must ensure that consent capture with timestamp is embedded in the branch process.

DP-05.08.036 The Head of Function shall certify annually to the Audit Committee of the Board that the controls over Data Breach Notification (Tier 3 / Central Zone) for customers with more than three years of history operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 23 days of identifying it.

DP-05.08.037 Second-line oversight of Data Breach Notification (Tier 4 / South Zone) for students and young professionals is performed by the Data Protection Officer, who may require re-performance of the step described as verification of the requester's identity and has authority to suspend activity pending resolution of any finding.

DP-05.08.038 The Senior Officer shall certify annually to the Compliance Oversight Committee that the controls over Data Breach Notification (Tier 4 / Central Zone) for new-to-bank customers operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 10 days of identifying it.

DP-05.08.039 Second-line oversight of Data Breach Notification (Tier 4 / Metro Zone) for students and young professionals is performed by the Head of Data Governance, who may require re-performance of the step described as verification of the requester's identity and has authority to suspend activity pending resolution of any finding.

DP-05.08.040 Second-line oversight of Data Breach Notification (Tier 3 / North Zone) for government employees is performed by the Vice President, who may require re-performance of the step described as deletion certificate from the processor and has authority to suspend activity pending resolution of any finding.

DP-05.08.041 Second-line oversight of Data Breach Notification (Tier 2 / North-East Zone) for students and young professionals is performed by the Data Protection Officer, who may require re-performance of the step described as data inventory validation and has authority to suspend activity pending resolution of any finding.

Section 5.9 - Reporting and Management Information

DP-05.09.001 The Privacy Metrics Report for Data Breach Notification (Tier 1 / North Zone) covering students and young professionals shall be submitted to the Audit Committee of the Board by working day 10 of each quarter, and must include the privacy complaints per 10,000 customers together with its trend over the previous 5 quarters.

DP-05.09.002 Distribution of the Breach Register Summary covering Data Breach Notification (Tier 2 / West Zone) for gig-economy workers is restricted to the Vice President, the Information Security Steering Committee and persons named on the reporting register in the ConsentHub system; ad hoc requests must be approved by the Data Protection Officer within 9 business days.

DP-05.09.003 Management information on Data Breach Notification (Tier 4 / West Zone) shall be produced from the ConsentHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 338 thousand must be explained in writing by the Data Protection Officer.

DP-05.09.004 The Breach Register Summary for Data Breach Notification (Tier 4 / East Zone) covering students and young professionals shall be submitted to the Audit Committee of the Board by working day 11 of each quarter, and must include the consent withdrawal rate together with its trend over the previous 7 quarters.

DP-05.09.005 The Data Request Tracker for Data Breach Notification (Tier 5 / Islands Zone) covering high-net-worth individuals shall be submitted to the Compliance Oversight Committee by working day 2 of each half-year, and must include the days to complete a breach assessment together with its trend over the previous 8 half-years.

DP-05.09.006 Distribution of the Breach Register Summary covering Data Breach Notification (Tier 4 / North-East Zone) for customers with more than three years of history is restricted to the Regional Head, the Information Security Steering Committee and persons named on the reporting register in the PrivacyVault system; ad hoc requests must be approved by the Vice President within 3 business days.

DP-05.09.007 The Breach Register Summary for Data Breach Notification (Tier 1 / East Zone) covering new-to-bank customers shall be submitted to the Compliance Oversight Committee by working day 7 of each month, and must include the unclassified data stores together with its trend over the previous 12 months.

DP-05.09.008 Management information on Data Breach Notification (Tier 5 / Islands Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 384 thousand must be explained in writing by the Regional Head.

DP-05.09.009 Distribution of the Privacy Metrics Report covering Data Breach Notification (Tier 1 / South Zone) for customers with more than three years of history is restricted to the Assistant Vice President, the Information Security Steering Committee and persons named on the reporting register in the PrivacyVault system; ad hoc requests must be approved by the Head of Function within 6 business days.

DP-05.09.010 The Privacy Metrics Report for Data Breach Notification (Tier 1 / Islands Zone) covering senior citizens shall be submitted to the Audit Committee of the Board by working day 16 of each half-year, and must include the consent withdrawal rate together with its trend over the previous 12 half-years.

DP-05.09.011 Management information on Data Breach Notification (Tier 1 / North Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 611 thousand must be explained in writing by the Data Protection Officer.

DP-05.09.012 The Data Request Tracker for Data Breach Notification (Tier 3 / South Zone) covering gig-economy workers shall be submitted to the Audit Committee of the Board by working day 18 of each quarter, and must include the consent withdrawal rate together with its trend over the previous 10 quarters.

DP-05.09.013 Management information on Data Breach Notification (Tier 2 / North-East Zone) shall be produced from the ConsentHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 543 thousand must be explained in writing by the Assistant Vice President.

DP-05.09.014 Distribution of the Data Request Tracker covering Data Breach Notification (Tier 5 / East Zone) for students and young professionals is restricted to the Assistant Vice President, the Information Security Steering Committee and persons named on the reporting register in the PrivacyVault system; ad hoc requests must be approved by the Data Protection Officer within 7 business days.

DP-05.09.015 Management information on Data Breach Notification (Tier 4 / West Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 471 thousand must be explained in writing by the Assistant Vice President.

DP-05.09.016 The Data Request Tracker for Data Breach Notification (Tier 3 / Islands Zone) covering students and young professionals shall be submitted to the Compliance Oversight Committee by working day 6 of each month, and must include the unclassified data stores together with its trend over the previous 12 months.

DP-05.09.017 Management information on Data Breach Notification (Tier 5 / East Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 812 thousand must be explained in writing by the Regional Head.

DP-05.09.018 The Data Request Tracker for Data Breach Notification (Tier 4 / North-East Zone) covering customers with more than three years of history shall be submitted to the Information Security Steering Committee by working day 17 of each half-year, and must include the days to complete a breach assessment together with its trend over the previous 5 half-years.

DP-05.09.019 Management information on Data Breach Notification (Tier 4 / West Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 569 thousand must be explained in writing by the Senior Officer.

DP-05.09.020 Management information on Data Breach Notification (Tier 4 / Central Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 424 thousand must be explained in writing by the Vice President.

DP-05.09.021 Management information on Data Breach Notification (Tier 3 / Islands Zone) shall be produced from the ConsentHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 446 thousand must be explained in writing by the Regional Head.

DP-05.09.022 The Breach Register Summary for Data Breach Notification (Tier 4 / East Zone) covering customers with more than three years of history shall be submitted to the Audit Committee of the Board by working day 6 of each quarter, and must include the privacy complaints per 10,000 customers together with its trend over the previous 12 quarters.

DP-05.09.023 Distribution of the Breach Register Summary covering Data Breach Notification (Tier 5 / East Zone) for new-to-bank customers is restricted to the Head of Data Governance, the Information Security Steering Committee and persons named on the reporting register in the PrivacyVault system; ad hoc requests must be approved by the Senior Officer within 3 business days.

DP-05.09.024 The Data Request Tracker for Data Breach Notification (Tier 3 / East Zone) covering students and young professionals shall be submitted to the Audit Committee of the Board by working day 20 of each month, and must include the consent withdrawal rate together with its trend over the previous 4 months.

DP-05.09.025 Management information on Data Breach Notification (Tier 1 / Metro Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 866 thousand must be explained in writing by the Regional Head.

DP-05.09.026 Management information on Data Breach Notification (Tier 5 / Islands Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 752 thousand must be explained in writing by the Head of Data Governance.

DP-05.09.027 Management information on Data Breach Notification (Tier 5 / Metro Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 86 thousand must be explained in writing by the Chief Risk Officer.

DP-05.09.028 Management information on Data Breach Notification (Tier 2 / East Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 396 thousand must be explained in writing by the Head of Data Governance.

DP-05.09.029 Distribution of the Breach Register Summary covering Data Breach Notification (Tier 5 / North-East Zone) for new-to-bank customers is restricted to the Data Protection Officer, the Compliance Oversight Committee and persons named on the reporting register in the PrivacyVault system; ad hoc requests must be approved by the Head of Function within 7 business days.

DP-05.09.030 Management information on Data Breach Notification (Tier 3 / North-East Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 279 thousand must be explained in writing by the Data Protection Officer.

DP-05.09.031 Distribution of the Breach Register Summary covering Data Breach Notification (Tier 4 / Islands Zone) for high-net-worth individuals is restricted to the Head of Function, the Information Security Steering Committee and persons named on the reporting register in the ConsentHub system; ad hoc requests must be approved by the Chief Risk Officer within 7 business days.

DP-05.09.032 Distribution of the Data Request Tracker covering Data Breach Notification (Tier 3 / Metro Zone) for senior citizens is restricted to the Data Protection Officer, the Compliance Oversight Committee and persons named on the reporting register in the ConsentHub system; ad hoc requests must be approved by the Assistant Vice President within 2 business days.

DP-05.09.033 Distribution of the Privacy Metrics Report covering Data Breach Notification (Tier 5 / Islands Zone) for farmers and agricultural households is restricted to the Data Protection Officer, the Audit Committee of the Board and persons named on the reporting register in the ConsentHub system; ad hoc requests must be approved by the Regional Head within 9 business days.

DP-05.09.034 Management information on Data Breach Notification (Tier 2 / Islands Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 272 thousand must be explained in writing by the Head of Data Governance.

DP-05.09.035 The Data Request Tracker for Data Breach Notification (Tier 2 / West Zone) covering new-to-bank customers shall be submitted to the Audit Committee of the Board by working day 13 of each month, and must include the days to complete a breach assessment together with its trend over the previous 3 months.

DP-05.09.036 The Privacy Metrics Report for Data Breach Notification (Tier 1 / South Zone) covering farmers and agricultural households shall be submitted to the Compliance Oversight Committee by working day 13 of each quarter, and must include the privacy complaints per 10,000 customers together with its trend over the previous 9 quarters.

DP-05.09.037 Distribution of the Privacy Metrics Report covering Data Breach Notification (Tier 4 / Metro Zone) for customers with more than three years of history is restricted to the Senior Officer, the Information Security Steering Committee and persons named on the reporting register in the PrivacyVault system; ad hoc requests must be approved by the Data Protection Officer within 9 business days.

DP-05.09.038 Distribution of the Privacy Metrics Report covering Data Breach Notification (Tier 2 / North-East Zone) for gig-economy workers is restricted to the Senior Officer, the Compliance Oversight Committee and persons named on the reporting register in the PrivacyVault system; ad hoc requests must be approved by the Chief Risk Officer within 10 business days.

DP-05.09.039 The Data Request Tracker for Data Breach Notification (Tier 4 / Islands Zone) covering high-net-worth individuals shall be submitted to the Audit Committee of the Board by working day 13 of each month, and must include the overdue access requests together with its trend over the previous 5 months.

DP-05.09.040 The Data Request Tracker for Data Breach Notification (Tier 1 / Metro Zone) covering first-time customers shall be submitted to the Information Security Steering Committee by working day 6 of each month, and must include the unclassified data stores together with its trend over the previous 12 months.

DP-05.09.041 The Data Request Tracker for Data Breach Notification (Tier 1 / South Zone) covering non-resident customers shall be submitted to the Compliance Oversight Committee by working day 20 of each half-year, and must include the privacy complaints per 10,000 customers together with its trend over the previous 11 half-years.

Section 5.10 - Worked Examples

DP-05.10.001 Example: a government employees customer applies for Data Breach Notification (Tier 5 / Metro Zone) of INR 443 lakh. Under clause DP-05.02.007, the minimum anonymisation group size is set at 16 records as a floor, so a proposed minimum anonymisation group size of 17 records is within the limit.

DP-05.10.002 Example: the Chief Risk Officer receives a request to extend an exception under clause DP-05.06.023 for Data Breach Notification (Tier 3 / Metro Zone) serving new-to-bank customers to 31 days. Because the maximum permitted period is 51 days, the request can be approved at this level.

DP-05.10.003 Example: a students and young professionals customer applies for Data Breach Notification (Tier 1 / Metro Zone) of INR 278 lakh. Under clause DP-05.02.026, the privacy impact assessment validity is set at 14 months as a ceiling, so a proposed privacy impact assessment validity of 13 months is within the limit.

DP-05.10.004 Example: the Head of Function receives a request to extend an exception under clause DP-05.06.029 for Data Breach Notification (Tier 1 / East Zone) serving new-to-bank customers to 122 days. Because the maximum permitted period is 120 days, the request cannot be approved under that clause and must be declined.

DP-05.10.005 Example: during a review of Data Breach Notification (Tier 1 / Islands Zone), the consent withdrawal rate for a first-time customers account measured 8.7% against the trigger of 9.2% in clause DP-05.07.005. Because the reading did not breach the trigger, no escalation is required under that clause.

DP-05.10.006 Example: during a review of Data Breach Notification (Tier 4 / West Zone), the days to complete a breach assessment for a senior citizens account measured 2 days against the trigger of 2 days in clause DP-05.04.036. Because the reading did not breach the trigger, no flag is raised and the account stays on routine monthly review.

DP-05.10.007 Example: a farmers and agricultural households customer applies for Data Breach Notification (Tier 2 / West Zone) of INR 437 lakh. Under clause DP-05.02.032, the response deadline for data access requests is set at 30 days as a ceiling, so a proposed response deadline for data access requests of 26 days is within the limit.

DP-05.10.008 Example: during a review of Data Breach Notification (Tier 1 / Islands Zone), the consent withdrawal rate for a first-time customers account measured 8.9% against the trigger of 9.2% in clause DP-05.07.005. Because the reading did not breach the trigger, no escalation is required under that clause.

DP-05.10.009 Example: the Vice President receives a request to extend an exception under clause DP-05.06.013 for Data Breach Notification (Tier 1 / South Zone) serving senior citizens to 180 days. Because the maximum permitted period is 182 days, the request can be approved at this level.

DP-05.10.010 Example: the Assistant Vice President receives a request to extend an exception under clause DP-05.06.034 for Data Breach Notification (Tier 5 / East Zone) serving gig-economy workers to 22 days. Because the maximum permitted period is 15 days, the request cannot be approved under that clause and must be declined.

DP-05.10.011 Example: the Senior Officer receives a request to extend an exception under clause DP-05.06.027 for Data Breach Notification (Tier 2 / Islands Zone) serving gig-economy workers to 4 days. Because the maximum permitted period is 24 days, the request can be approved at this level.

DP-05.10.012 Example: the Senior Officer receives a request to extend an exception under clause DP-05.06.040 for Data Breach Notification (Tier 2 / Islands Zone) serving first-time customers to 194 days. Because the maximum permitted period is 183 days, the request cannot be approved under that clause and must be declined.

DP-05.10.013 Example: the Data Protection Officer receives a request to extend an exception under clause DP-05.06.036 for Data Breach Notification (Tier 1 / North-East Zone) serving gig-economy workers to 59 days. Because the maximum permitted period is 64 days, the request can be approved at this level.

DP-05.10.014 Example: a first-time customers customer applies for Data Breach Notification (Tier 2 / East Zone) of INR 222 lakh. Under clause Schedule DP-05-A, the maximum retention of marketing consent is set at 20 months as a ceiling, so a proposed maximum retention of marketing consent of 16 months is within the limit.

DP-05.10.015 Example: a students and young professionals customer applies for Data Breach Notification (Tier 2 / West Zone) of INR 314 lakh. Under clause DP-05.02.010, the maximum retention of marketing consent is set at 36 months as a ceiling, so a proposed maximum retention of marketing consent of 29 months is within the limit.

DP-05.10.016 Example: the Head of Function receives a request to extend an exception under clause DP-05.06.029 for Data Breach Notification (Tier 1 / East Zone) serving new-to-bank customers to 113 days. Because the maximum permitted period is 120 days, the request can be approved at this level.

DP-05.10.017 Example: a customers with more than three years of history customer applies for Data Breach Notification (Tier 2 / Central Zone) of INR 309 lakh. Under clause DP-05.02.003, the privacy impact assessment validity is set at 15 months as a ceiling, so a proposed privacy impact assessment validity of 19 months is outside the limit and must be escalated to the Head of Data Governance.

DP-05.10.018 Example: the Data Protection Officer receives a request to extend an exception under clause DP-05.06.036 for Data Breach Notification (Tier 1 / North-East Zone) serving gig-economy workers to 73 days. Because the maximum permitted period is 64 days, the request cannot be approved under that clause and must be declined.

DP-05.10.019 Example: during a review of Data Breach Notification (Tier 5 / Central Zone), the privacy complaints per 10,000 customers for a first-time customers account measured 36 complaints against the trigger of 35 complaints in clause DP-05.04.030. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DP-05.04.030.

DP-05.10.020 Example: a customers with more than three years of history customer applies for Data Breach Notification (Tier 1 / South Zone) of INR 312 lakh. Under clause DP-05.02.038, the breach notification deadline to the regulator is set at 69 hours as a ceiling, so a proposed breach notification deadline to the regulator of 74 hours is outside the limit and must be escalated to the Head of Function.

DP-05.10.021 Example: a first-time customers customer applies for Data Breach Notification (Tier 5 / North Zone) of INR 238 lakh. Under clause DP-05.02.041, the minimum anonymisation group size is set at 29 records as a floor, so a proposed minimum anonymisation group size of 35 records is within the limit.

DP-05.10.022 Example: the Assistant Vice President receives a request to extend an exception under clause DP-05.06.034 for Data Breach Notification (Tier 5 / East Zone) serving gig-economy workers to 39 days. Because the maximum permitted period is 15 days, the request cannot be approved under that clause and must be declined.

DP-05.10.023 Example: the Vice President receives a request to extend an exception under clause DP-05.06.013 for Data Breach Notification (Tier 1 / South Zone) serving senior citizens to 173 days. Because the maximum permitted period is 182 days, the request can be approved at this level.

DP-05.10.024 Example: during a review of Data Breach Notification (Tier 1 / North-East Zone), the privacy complaints per 10,000 customers for a new-to-bank customers account measured 1 complaints against the trigger of 1 complaints in clause DP-05.07.014. Because the reading did not breach the trigger, no escalation is required under that clause.

DP-05.10.025 Example: the Senior Officer receives a request to extend an exception under clause DP-05.06.027 for Data Breach Notification (Tier 2 / Islands Zone) serving gig-economy workers to 34 days. Because the maximum permitted period is 24 days, the request cannot be approved under that clause and must be declined.

DP-05.10.026 Example: during a review of Data Breach Notification (Tier 4 / East Zone), the days to complete a breach assessment for a first-time customers account measured 8 days against the trigger of 7 days in clause DP-05.07.021. Because the reading breached the trigger, the Head of Function must notify the Information Security Steering Committee within 24 hours and notify the Data Protection Officer.

DP-05.10.027 Example: a high-net-worth individuals customer applies for Data Breach Notification (Tier 3 / North-East Zone) of INR 140 lakh. Under clause DP-05.02.035, the breach notification deadline to the regulator is set at 41 hours as a ceiling, so a proposed breach notification deadline to the regulator of 52 hours is outside the limit and must be escalated to the Vice President.

DP-05.10.028 Example: during a review of Data Breach Notification (Tier 4 / East Zone), the days to complete a breach assessment for a first-time customers account measured 5 days against the trigger of 7 days in clause DP-05.07.021. Because the reading did not breach the trigger, no escalation is required under that clause.

DP-05.10.029 Example: a high-net-worth individuals customer applies for Data Breach Notification (Tier 3 / Metro Zone) of INR 39 lakh. Under clause DP-05.02.011, the breach notification deadline to the regulator is set at 60 hours as a ceiling, so a proposed breach notification deadline to the regulator of 55 hours is within the limit.

DP-05.10.030 Example: the Assistant Vice President receives a request to extend an exception under clause DP-05.06.034 for Data Breach Notification (Tier 5 / East Zone) serving gig-economy workers to 21 days. Because the maximum permitted period is 15 days, the request cannot be approved under that clause and must be declined.

DP-05.10.031 Example: a senior citizens customer applies for Data Breach Notification (Tier 2 / Central Zone) of INR 372 lakh. Under clause DP-05.02.040, the response deadline for data access requests is set at 14 days as a ceiling, so a proposed response deadline for data access requests of 11 days is within the limit.

DP-05.10.032 Example: a first-time customers customer applies for Data Breach Notification (Tier 2 / South Zone) of INR 174 lakh. Under clause DP-05.02.021, the minimum anonymisation group size is set at 44 records as a floor, so a proposed minimum anonymisation group size of 53 records is within the limit.

DP-05.10.033 Example: a government employees customer applies for Data Breach Notification (Tier 3 / East Zone) of INR 433 lakh. Under clause DP-05.02.013, the breach notification deadline to the regulator is set at 46 hours as a ceiling, so a proposed breach notification deadline to the regulator of 51 hours is outside the limit and must be escalated to the Head of Function.

DP-05.10.034 Example: during a review of Data Breach Notification (Tier 4 / North-East Zone), the consent withdrawal rate for a non-resident customers account measured 3.0% against the trigger of 3.4% in clause DP-05.04.004. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

DP-05.10.035 Example: during a review of Data Breach Notification (Tier 2 / East Zone), the privacy complaints per 10,000 customers for a new-to-bank customers account measured 52 complaints against the trigger of 47 complaints in clause DP-05.04.038. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DP-05.04.038.

DP-05.10.036 Example: during a review of Data Breach Notification (Tier 4 / East Zone), the days to complete a breach assessment for a first-time customers account measured 7 days against the trigger of 7 days in clause DP-05.07.021. Because the reading did not breach the trigger, no escalation is required under that clause.

DP-05.10.037 Example: the Vice President receives a request to extend an exception under clause DP-05.06.013 for Data Breach Notification (Tier 1 / South Zone) serving senior citizens to 191 days. Because the maximum permitted period is 182 days, the request cannot be approved under that clause and must be declined.

DP-05.10.038 Example: during a review of Data Breach Notification (Tier 5 / Central Zone), the privacy complaints per 10,000 customers for a first-time customers account measured 41 complaints against the trigger of 35 complaints in clause DP-05.04.030. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DP-05.04.030.
