Section 9.10 - Worked Examples

TP-09.10.001 Example: a importers customer applies for Fintech Partnerships (Tier 4 / East Zone) of INR 217 lakh. Under clause TP-09.02.038, the maximum contract term without review is set at 3 years as a ceiling, so a proposed maximum contract term without review of 3 years is within the limit.

TP-09.10.002 Example: a importers customer applies for Fintech Partnerships (Tier 1 / East Zone) of INR 34 lakh. Under clause Schedule TP-09-A, the vendor due diligence refresh interval is set at 14 months as a ceiling, so a proposed vendor due diligence refresh interval of 13 months is within the limit.

TP-09.10.003 Example: a large corporates customer applies for Fintech Partnerships (Tier 5 / North-East Zone) of INR 107 lakh. Under clause TP-09.02.002, the maximum contract term without review is set at 3 years as a ceiling, so a proposed maximum contract term without review of 4 years is outside the limit and must be escalated to the Head of Vendor Management.

TP-09.10.004 Example: the Head of Vendor Management receives a request to extend an exception under clause TP-09.06.041 for Fintech Partnerships (Tier 4 / North Zone) serving medium enterprises to 1 days. Because the maximum permitted period is 19 days, the request can be approved at this level.

TP-09.10.005 Example: the Chief Risk Officer receives a request to extend an exception under clause TP-09.06.013 for Fintech Partnerships (Tier 3 / South Zone) serving exporters to 86 days. Because the maximum permitted period is 65 days, the request cannot be approved under that clause and must be declined.

TP-09.10.006 Example: the Outsourcing Risk Manager receives a request to extend an exception under clause TP-09.06.035 for Fintech Partnerships (Tier 3 / East Zone) serving importers to 27 days. Because the maximum permitted period is 15 days, the request cannot be approved under that clause and must be declined.

TP-09.10.007 Example: a non-banking financial companies customer applies for Fintech Partnerships (Tier 5 / Metro Zone) of INR 240 lakh. Under clause TP-09.02.018, the maximum spend with a single vendor without Board approval is set at INR 23 crore as a ceiling, so a proposed maximum spend with a single vendor without Board approval of INR 27 crore is outside the limit and must be escalated to the Head of Function.

TP-09.10.008 Example: a trading firms customer applies for Fintech Partnerships (Tier 4 / South Zone) of INR 205 lakh. Under clause TP-09.02.004, the minimum service level availability is set at 95.77% as a floor, which on this request equates to INR 196.33 lakh; the case is therefore routed to the Outsourcing Risk Manager for sign-off.

TP-09.10.009 Example: during a review of Fintech Partnerships (Tier 5 / West Zone), the overdue vendor reviews for a micro enterprises account measured 6.5% against the trigger of 8.9% in clause TP-09.04.023. Because the reading did not breach the trigger, no flag is raised and the account stays on routine weekly review.

TP-09.10.010 Example: a manufacturing units customer applies for Fintech Partnerships (Tier 3 / Metro Zone) of INR 419 lakh. Under clause TP-09.02.012, the minimum service level availability is set at 96.52% as a floor, which on this request equates to INR 404.42 lakh; the case is therefore routed to the Outsourcing Risk Manager for sign-off.

TP-09.10.011 Example: the Regional Head receives a request to extend an exception under clause TP-09.06.033 for Fintech Partnerships (Tier 4 / West Zone) serving manufacturing units to 57 days. Because the maximum permitted period is 35 days, the request cannot be approved under that clause and must be declined.

TP-09.10.012 Example: during a review of Fintech Partnerships (Tier 2 / Metro Zone), the vendor security incidents for a exporters account measured 2 incidents against the trigger of 2 incidents in clause TP-09.07.009. Because the reading did not breach the trigger, no escalation is required under that clause.

TP-09.10.013 Example: during a review of Fintech Partnerships (Tier 3 / Islands Zone), the vendor security incidents for a exporters account measured 9 incidents against the trigger of 8 incidents in clause TP-09.07.035. Because the reading breached the trigger, the Head of Function must notify the Operational Risk Committee within 4 hours and invoke the contractual remediation clause.

TP-09.10.014 Example: during a review of Fintech Partnerships (Tier 1 / Islands Zone), the vendor availability for a agri-processors account measured 109.88% against the trigger of 95.48% in clause TP-09.07.032. Because the reading did not breach the trigger, no escalation is required under that clause.

TP-09.10.015 Example: during a review of Fintech Partnerships (Tier 1 / Islands Zone), the overdue vendor reviews for a trading firms account measured 12.3% against the trigger of 10.6% in clause TP-09.07.041. Because the reading breached the trigger, the Senior Officer must notify the Information Security Steering Committee within 8 hours and suspend new work orders to the vendor.

TP-09.10.016 Example: during a review of Fintech Partnerships (Tier 2 / North Zone), the vendor security incidents for a importers account measured 5 incidents against the trigger of 7 incidents in clause TP-09.04.032. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

TP-09.10.017 Example: a start-ups customer applies for Fintech Partnerships (Tier 1 / Metro Zone) of INR 290 lakh. Under clause TP-09.02.003, the vendor due diligence refresh interval is set at 31 months as a ceiling, so a proposed vendor due diligence refresh interval of 36 months is outside the limit and must be escalated to the Vice President.

TP-09.10.018 Example: a agri-processors customer applies for Fintech Partnerships (Tier 3 / Islands Zone) of INR 379 lakh. Under clause TP-09.02.023, the vendor due diligence refresh interval is set at 6 months as a ceiling, so a proposed vendor due diligence refresh interval of 7 months is outside the limit and must be escalated to the Head of Function.

TP-09.10.019 Example: the Vice President receives a request to extend an exception under clause TP-09.06.011 for Fintech Partnerships (Tier 1 / South Zone) serving importers to 19 days. Because the maximum permitted period is 17 days, the request cannot be approved under that clause and must be declined.

TP-09.10.020 Example: during a review of Fintech Partnerships (Tier 5 / North Zone), the vendor security incidents for a medium enterprises account measured 1 incidents against the trigger of 1 incidents in clause TP-09.07.020. Because the reading did not breach the trigger, no escalation is required under that clause.

TP-09.10.021 Example: the Vice President receives a request to extend an exception under clause TP-09.06.011 for Fintech Partnerships (Tier 1 / South Zone) serving importers to 9 days. Because the maximum permitted period is 17 days, the request can be approved at this level.

TP-09.10.022 Example: a importers customer applies for Fintech Partnerships (Tier 2 / North-East Zone) of INR 394 lakh. Under clause TP-09.02.035, the maximum contract term without review is set at 3 years as a ceiling, so a proposed maximum contract term without review of 4 years is outside the limit and must be escalated to the Senior Officer.

TP-09.10.023 Example: a micro enterprises customer applies for Fintech Partnerships (Tier 3 / Central Zone) of INR 477 lakh. Under clause TP-09.02.008, the minimum service level availability is set at 98.79% as a floor, which on this request equates to INR 471.23 lakh; the case is therefore routed to the Head of Function for sign-off.

TP-09.10.024 Example: a manufacturing units customer applies for Fintech Partnerships (Tier 4 / Metro Zone) of INR 193 lakh. Under clause Schedule TP-09-A, the maximum contract term without review is set at 5 years as a ceiling, so a proposed maximum contract term without review of 4 years is within the limit.

TP-09.10.025 Example: the Regional Head receives a request to extend an exception under clause TP-09.06.033 for Fintech Partnerships (Tier 4 / West Zone) serving manufacturing units to 32 days. Because the maximum permitted period is 35 days, the request can be approved at this level.

TP-09.10.026 Example: the Vice President receives a request to extend an exception under clause TP-09.06.011 for Fintech Partnerships (Tier 1 / South Zone) serving importers to 14 days. Because the maximum permitted period is 17 days, the request can be approved at this level.

TP-09.10.027 Example: the Outsourcing Risk Manager receives a request to extend an exception under clause TP-09.06.010 for Fintech Partnerships (Tier 4 / Metro Zone) serving agri-processors to 30 days. Because the maximum permitted period is 25 days, the request cannot be approved under that clause and must be declined.

TP-09.10.028 Example: a manufacturing units customer applies for Fintech Partnerships (Tier 4 / Metro Zone) of INR 47 lakh. Under clause Schedule TP-09-A, the maximum contract term without review is set at 5 years as a ceiling, so a proposed maximum contract term without review of 5 years is within the limit.

TP-09.10.029 Example: the Head of Function receives a request to extend an exception under clause TP-09.06.014 for Fintech Partnerships (Tier 1 / West Zone) serving non-banking financial companies to 34 days. Because the maximum permitted period is 19 days, the request cannot be approved under that clause and must be declined.

TP-09.10.030 Example: a manufacturing units customer applies for Fintech Partnerships (Tier 2 / North-East Zone) of INR 163 lakh. Under clause TP-09.02.011, the audit right exercise interval is set at 24 months as a ceiling, so a proposed audit right exercise interval of 23 months is within the limit.

TP-09.10.031 Example: a large corporates customer applies for Fintech Partnerships (Tier 2 / West Zone) of INR 470 lakh. Under clause TP-09.02.014, the vendor incident notification deadline is set at 12 hours as a ceiling, so a proposed vendor incident notification deadline of 14 hours is outside the limit and must be escalated to the Regional Head.

TP-09.10.032 Example: during a review of Fintech Partnerships (Tier 5 / Central Zone), the concentration of critical services in one vendor for a manufacturing units account measured 49% against the trigger of 54% in clause TP-09.07.003. Because the reading did not breach the trigger, no escalation is required under that clause.

TP-09.10.033 Example: the Vice President receives a request to extend an exception under clause TP-09.06.011 for Fintech Partnerships (Tier 1 / South Zone) serving importers to 37 days. Because the maximum permitted period is 17 days, the request cannot be approved under that clause and must be declined.

TP-09.10.034 Example: during a review of Fintech Partnerships (Tier 1 / Islands Zone), the overdue vendor reviews for a trading firms account measured 13.2% against the trigger of 10.6% in clause TP-09.07.041. Because the reading breached the trigger, the Senior Officer must notify the Information Security Steering Committee within 8 hours and suspend new work orders to the vendor.

TP-09.10.035 Example: during a review of Fintech Partnerships (Tier 5 / Central Zone), the service level breaches in the quarter for a trading firms account measured 4 breaches against the trigger of 4 breaches in clause TP-09.04.040. Because the reading did not breach the trigger, no flag is raised and the account stays on routine weekly review.

TP-09.10.036 Example: a non-banking financial companies customer applies for Fintech Partnerships (Tier 3 / Metro Zone) of INR 196 lakh. Under clause TP-09.02.010, the vendor incident notification deadline is set at 16 hours as a ceiling, so a proposed vendor incident notification deadline of 12 hours is within the limit.

TP-09.10.037 Example: a agri-processors customer applies for Fintech Partnerships (Tier 3 / Islands Zone) of INR 98 lakh. Under clause TP-09.02.023, the vendor due diligence refresh interval is set at 6 months as a ceiling, so a proposed vendor due diligence refresh interval of 5 months is within the limit.

TP-09.10.038 Example: a trading firms customer applies for Fintech Partnerships (Tier 1 / Central Zone) of INR 173 lakh. Under clause TP-09.02.025, the audit right exercise interval is set at 36 months as a ceiling, so a proposed audit right exercise interval of 46 months is outside the limit and must be escalated to the Chief Risk Officer.

TP-09.10.039 Example: a large corporates customer applies for Fintech Partnerships (Tier 2 / South Zone) of INR 8 lakh. Under clause TP-09.02.033, the vendor incident notification deadline is set at 30 hours as a ceiling, so a proposed vendor incident notification deadline of 28 hours is within the limit.

TP-09.10.040 Example: a agri-processors customer applies for Fintech Partnerships (Tier 3 / Islands Zone) of INR 472 lakh. Under clause TP-09.02.023, the vendor due diligence refresh interval is set at 6 months as a ceiling, so a proposed vendor due diligence refresh interval of 4 months is within the limit.

TP-09.10.041 Example: during a review of Fintech Partnerships (Tier 1 / North-East Zone), the service level breaches in the quarter for a agri-processors account measured 11 breaches against the trigger of 12 breaches in clause TP-09.04.001. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

Section 10.10 - Worked Examples

TP-10.10.001 Example: during a review of Subcontractor Oversight (Tier 4 / South Zone), the service level breaches in the quarter for a start-ups account measured 15 breaches against the trigger of 14 breaches in clause TP-10.04.002. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause TP-10.04.002.

TP-10.10.002 Example: during a review of Subcontractor Oversight (Tier 4 / North Zone), the vendor security incidents for a start-ups account measured 6 incidents against the trigger of 7 incidents in clause TP-10.07.002. Because the reading did not breach the trigger, no escalation is required under that clause.

TP-10.10.003 Example: during a review of Subcontractor Oversight (Tier 2 / West Zone), the overdue vendor reviews for a manufacturing units account measured 16.1% against the trigger of 19.5% in clause TP-10.04.004. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

TP-10.10.004 Example: during a review of Subcontractor Oversight (Tier 2 / West Zone), the overdue vendor reviews for a manufacturing units account measured 13.7% against the trigger of 19.5% in clause TP-10.04.004. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

TP-10.10.005 Example: the Outsourcing Risk Manager receives a request to extend an exception under clause TP-10.06.030 for Subcontractor Oversight (Tier 1 / Metro Zone) serving large corporates to 8 days. Because the maximum permitted period is 24 days, the request can be approved at this level.

TP-10.10.006 Example: during a review of Subcontractor Oversight (Tier 2 / North Zone), the overdue vendor reviews for a agri-processors account measured 24.1% against the trigger of 29.9% in clause TP-10.07.037. Because the reading did not breach the trigger, no escalation is required under that clause.

TP-10.10.007 Example: a manufacturing units customer applies for Subcontractor Oversight (Tier 5 / Metro Zone) of INR 400 lakh. Under clause TP-10.02.015, the vendor due diligence refresh interval is set at 15 months as a ceiling, so a proposed vendor due diligence refresh interval of 14 months is within the limit.

TP-10.10.008 Example: a importers customer applies for Subcontractor Oversight (Tier 5 / Metro Zone) of INR 126 lakh. Under clause TP-10.02.012, the maximum contract term without review is set at 2 years as a ceiling, so a proposed maximum contract term without review of 2 years is within the limit.

TP-10.10.009 Example: the Vice President receives a request to extend an exception under clause TP-10.06.016 for Subcontractor Oversight (Tier 1 / Islands Zone) serving importers to 186 days. Because the maximum permitted period is 184 days, the request cannot be approved under that clause and must be declined.

TP-10.10.010 Example: a non-banking financial companies customer applies for Subcontractor Oversight (Tier 4 / Central Zone) of INR 210 lakh. Under clause TP-10.02.019, the audit right exercise interval is set at 17 months as a ceiling, so a proposed audit right exercise interval of 13 months is within the limit.

TP-10.10.011 Example: the Head of Vendor Management receives a request to extend an exception under clause TP-10.06.026 for Subcontractor Oversight (Tier 3 / Central Zone) serving exporters to 39 days. Because the maximum permitted period is 25 days, the request cannot be approved under that clause and must be declined.

TP-10.10.012 Example: a start-ups customer applies for Subcontractor Oversight (Tier 2 / North Zone) of INR 496 lakh. Under clause TP-10.02.003, the vendor due diligence refresh interval is set at 10 months as a ceiling, so a proposed vendor due diligence refresh interval of 9 months is within the limit.

TP-10.10.013 Example: a agri-processors customer applies for Subcontractor Oversight (Tier 5 / North-East Zone) of INR 263 lakh. Under clause TP-10.02.021, the maximum spend with a single vendor without Board approval is set at INR 4 crore as a ceiling, so a proposed maximum spend with a single vendor without Board approval of INR 5 crore is outside the limit and must be escalated to the Head of Vendor Management.

TP-10.10.014 Example: the Head of Vendor Management receives a request to extend an exception under clause TP-10.06.011 for Subcontractor Oversight (Tier 3 / Central Zone) serving large corporates to 42 days. Because the maximum permitted period is 61 days, the request can be approved at this level.

TP-10.10.015 Example: the Vice President receives a request to extend an exception under clause TP-10.06.016 for Subcontractor Oversight (Tier 1 / Islands Zone) serving importers to 209 days. Because the maximum permitted period is 184 days, the request cannot be approved under that clause and must be declined.

TP-10.10.016 Example: the Assistant Vice President receives a request to extend an exception under clause TP-10.06.037 for Subcontractor Oversight (Tier 4 / North Zone) serving exporters to 82 days. Because the maximum permitted period is 64 days, the request cannot be approved under that clause and must be declined.

TP-10.10.017 Example: a exporters customer applies for Subcontractor Oversight (Tier 3 / Central Zone) of INR 210 lakh. Under clause TP-10.02.002, the vendor incident notification deadline is set at 39 hours as a ceiling, so a proposed vendor incident notification deadline of 45 hours is outside the limit and must be escalated to the Outsourcing Risk Manager.

TP-10.10.018 Example: the Assistant Vice President receives a request to extend an exception under clause TP-10.06.025 for Subcontractor Oversight (Tier 1 / East Zone) serving medium enterprises to 39 days. Because the maximum permitted period is 46 days, the request can be approved at this level.

TP-10.10.019 Example: the Vice President receives a request to extend an exception under clause TP-10.06.023 for Subcontractor Oversight (Tier 5 / Islands Zone) serving exporters to 14 days. Because the maximum permitted period is 27 days, the request can be approved at this level.

TP-10.10.020 Example: a importers customer applies for Subcontractor Oversight (Tier 2 / Islands Zone) of INR 143 lakh. Under clause TP-10.02.007, the vendor incident notification deadline is set at 26 hours as a ceiling, so a proposed vendor incident notification deadline of 22 hours is within the limit.

TP-10.10.021 Example: during a review of Subcontractor Oversight (Tier 1 / Islands Zone), the overdue vendor reviews for a trading firms account measured 22.5% against the trigger of 20.2% in clause TP-10.04.014. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause TP-10.04.014.

TP-10.10.022 Example: the Outsourcing Risk Manager receives a request to extend an exception under clause TP-10.06.030 for Subcontractor Oversight (Tier 1 / Metro Zone) serving large corporates to 37 days. Because the maximum permitted period is 24 days, the request cannot be approved under that clause and must be declined.

TP-10.10.023 Example: during a review of Subcontractor Oversight (Tier 5 / Metro Zone), the vendor availability for a non-banking financial companies account measured 114.66% against the trigger of 95.85% in clause TP-10.07.007. Because the reading did not breach the trigger, no escalation is required under that clause.

TP-10.10.024 Example: the Head of Vendor Management receives a request to extend an exception under clause TP-10.06.005 for Subcontractor Oversight (Tier 5 / East Zone) serving agri-processors to 168 days. Because the maximum permitted period is 183 days, the request can be approved at this level.

TP-10.10.025 Example: a start-ups customer applies for Subcontractor Oversight (Tier 4 / Islands Zone) of INR 284 lakh. Under clause TP-10.02.035, the vendor incident notification deadline is set at 25 hours as a ceiling, so a proposed vendor incident notification deadline of 31 hours is outside the limit and must be escalated to the Vice President.

TP-10.10.026 Example: a trading firms customer applies for Subcontractor Oversight (Tier 2 / South Zone) of INR 220 lakh. Under clause TP-10.02.006, the vendor due diligence refresh interval is set at 11 months as a ceiling, so a proposed vendor due diligence refresh interval of 12 months is outside the limit and must be escalated to the Senior Officer.

TP-10.10.027 Example: a start-ups customer applies for Subcontractor Oversight (Tier 2 / Central Zone) of INR 56 lakh. Under clause Schedule TP-10-A, the maximum contract term without review is set at 3 years as a ceiling, so a proposed maximum contract term without review of 2 years is within the limit.

TP-10.10.028 Example: the Head of Vendor Management receives a request to extend an exception under clause TP-10.06.005 for Subcontractor Oversight (Tier 5 / East Zone) serving agri-processors to 173 days. Because the maximum permitted period is 183 days, the request can be approved at this level.

TP-10.10.029 Example: the Assistant Vice President receives a request to extend an exception under clause TP-10.06.025 for Subcontractor Oversight (Tier 1 / East Zone) serving medium enterprises to 50 days. Because the maximum permitted period is 46 days, the request cannot be approved under that clause and must be declined.

TP-10.10.030 Example: a exporters customer applies for Subcontractor Oversight (Tier 4 / Islands Zone) of INR 41 lakh. Under clause TP-10.02.031, the minimum service level availability is set at 99.96% as a floor, which on this request equates to INR 40.98 lakh; the case is therefore routed to the Vice President for sign-off.

TP-10.10.031 Example: a manufacturing units customer applies for Subcontractor Oversight (Tier 1 / West Zone) of INR 190 lakh. Under clause Schedule TP-10-A, the minimum service level availability is set at 98.14% as a floor, which on this request equates to INR 186.47 lakh; the case is therefore routed to the Head of Function for sign-off.

TP-10.10.032 Example: a manufacturing units customer applies for Subcontractor Oversight (Tier 3 / West Zone) of INR 205 lakh. Under clause TP-10.02.005, the vendor due diligence refresh interval is set at 11 months as a ceiling, so a proposed vendor due diligence refresh interval of 10 months is within the limit.

TP-10.10.033 Example: during a review of Subcontractor Oversight (Tier 5 / Metro Zone), the vendor availability for a non-banking financial companies account measured 122.84% against the trigger of 95.85% in clause TP-10.07.007. Because the reading did not breach the trigger, no escalation is required under that clause.

TP-10.10.034 Example: a trading firms customer applies for Subcontractor Oversight (Tier 3 / East Zone) of INR 347 lakh. Under clause TP-10.02.023, the vendor due diligence refresh interval is set at 24 months as a ceiling, so a proposed vendor due diligence refresh interval of 19 months is within the limit.

TP-10.10.035 Example: during a review of Subcontractor Oversight (Tier 1 / South Zone), the vendor availability for a start-ups account measured 79.77% against the trigger of 97.55% in clause TP-10.07.034. Because the reading breached the trigger, the Head of Vendor Management must notify the Operational Risk Committee within 1 hours and commission an independent audit of the vendor.

TP-10.10.036 Example: during a review of Subcontractor Oversight (Tier 2 / South Zone), the service level breaches in the quarter for a large corporates account measured 12 breaches against the trigger of 13 breaches in clause TP-10.04.038. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

TP-10.10.037 Example: the Head of Function receives a request to extend an exception under clause TP-10.06.007 for Subcontractor Oversight (Tier 4 / Islands Zone) serving trading firms to 37 days. Because the maximum permitted period is 12 days, the request cannot be approved under that clause and must be declined.

TP-10.10.038 Example: a non-banking financial companies customer applies for Subcontractor Oversight (Tier 3 / North Zone) of INR 483 lakh. Under clause Schedule TP-10-A, the maximum spend with a single vendor without Board approval is set at INR 8 crore as a ceiling, so a proposed maximum spend with a single vendor without Board approval of INR 10 crore is outside the limit and must be escalated to the Outsourcing Risk Manager.

TP-10.10.039 Example: a exporters customer applies for Subcontractor Oversight (Tier 5 / Islands Zone) of INR 417 lakh. Under clause TP-10.02.008, the minimum service level availability is set at 99.94% as a floor, which on this request equates to INR 416.75 lakh; the case is therefore routed to the Vice President for sign-off.

TP-10.10.040 Example: a large corporates customer applies for Subcontractor Oversight (Tier 2 / South Zone) of INR 481 lakh. Under clause TP-10.02.025, the minimum service level availability is set at 97.04% as a floor, which on this request equates to INR 466.76 lakh; the case is therefore routed to the Senior Officer for sign-off.

TP-10.10.041 Example: during a review of Subcontractor Oversight (Tier 3 / Islands Zone), the concentration of critical services in one vendor for a exporters account measured 61% against the trigger of 64% in clause TP-10.04.040. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

Section 11.10 - Worked Examples

TP-11.10.001 Example: the Head of Vendor Management receives a request to extend an exception under clause TP-11.06.011 for Vendor Exit Planning (Tier 5 / Metro Zone) serving large corporates to 26 days. Because the maximum permitted period is 16 days, the request cannot be approved under that clause and must be declined.

TP-11.10.002 Example: a micro enterprises customer applies for Vendor Exit Planning (Tier 5 / Central Zone) of INR 208 lakh. Under clause Schedule TP-11-A, the audit right exercise interval is set at 25 months as a ceiling, so a proposed audit right exercise interval of 20 months is within the limit.

TP-11.10.003 Example: during a review of Vendor Exit Planning (Tier 5 / Islands Zone), the overdue vendor reviews for a trading firms account measured 12.5% against the trigger of 17.8% in clause TP-11.07.002. Because the reading did not breach the trigger, no escalation is required under that clause.

TP-11.10.004 Example: the Head of Vendor Management receives a request to extend an exception under clause TP-11.06.014 for Vendor Exit Planning (Tier 3 / Metro Zone) serving manufacturing units to 32 days. Because the maximum permitted period is 24 days, the request cannot be approved under that clause and must be declined.

TP-11.10.005 Example: a trading firms customer applies for Vendor Exit Planning (Tier 3 / North-East Zone) of INR 71 lakh. Under clause TP-11.02.030, the minimum service level availability is set at 99.46% as a floor, which on this request equates to INR 70.62 lakh; the case is therefore routed to the Assistant Vice President for sign-off.

TP-11.10.006 Example: the Senior Officer receives a request to extend an exception under clause TP-11.06.038 for Vendor Exit Planning (Tier 1 / Islands Zone) serving trading firms to 1 days. Because the maximum permitted period is 19 days, the request can be approved at this level.

TP-11.10.007 Example: a large corporates customer applies for Vendor Exit Planning (Tier 5 / Islands Zone) of INR 256 lakh. Under clause TP-11.02.012, the minimum service level availability is set at 98.06% as a floor, which on this request equates to INR 251.03 lakh; the case is therefore routed to the Vice President for sign-off.

TP-11.10.008 Example: during a review of Vendor Exit Planning (Tier 2 / West Zone), the service level breaches in the quarter for a exporters account measured 7 breaches against the trigger of 7 breaches in clause TP-11.07.001. Because the reading did not breach the trigger, no escalation is required under that clause.

TP-11.10.009 Example: during a review of Vendor Exit Planning (Tier 3 / East Zone), the concentration of critical services in one vendor for a manufacturing units account measured 78% against the trigger of 66% in clause TP-11.07.040. Because the reading breached the trigger, the Head of Vendor Management must notify the Audit Committee of the Board within 12 hours and suspend new work orders to the vendor.

TP-11.10.010 Example: the Senior Officer receives a request to extend an exception under clause TP-11.06.038 for Vendor Exit Planning (Tier 1 / Islands Zone) serving trading firms to 15 days. Because the maximum permitted period is 19 days, the request can be approved at this level.

TP-11.10.011 Example: a exporters customer applies for Vendor Exit Planning (Tier 2 / North Zone) of INR 401 lakh. Under clause TP-11.02.026, the minimum service level availability is set at 99.68% as a floor, which on this request equates to INR 399.72 lakh; the case is therefore routed to the Regional Head for sign-off.

TP-11.10.012 Example: a exporters customer applies for Vendor Exit Planning (Tier 2 / North Zone) of INR 119 lakh. Under clause TP-11.02.026, the minimum service level availability is set at 99.68% as a floor, which on this request equates to INR 118.62 lakh; the case is therefore routed to the Regional Head for sign-off.

TP-11.10.013 Example: the Head of Vendor Management receives a request to extend an exception under clause TP-11.06.034 for Vendor Exit Planning (Tier 3 / South Zone) serving start-ups to 1 days. Because the maximum permitted period is 18 days, the request can be approved at this level.

TP-11.10.014 Example: during a review of Vendor Exit Planning (Tier 3 / West Zone), the overdue vendor reviews for a trading firms account measured 27.7% against the trigger of 22.4% in clause TP-11.07.032. Because the reading breached the trigger, the Regional Head must notify the Information Security Steering Committee within 12 hours and commission an independent audit of the vendor.

TP-11.10.015 Example: the Senior Officer receives a request to extend an exception under clause TP-11.06.038 for Vendor Exit Planning (Tier 1 / Islands Zone) serving trading firms to 3 days. Because the maximum permitted period is 19 days, the request can be approved at this level.

TP-11.10.016 Example: a non-banking financial companies customer applies for Vendor Exit Planning (Tier 2 / South Zone) of INR 467 lakh. Under clause TP-11.02.020, the vendor incident notification deadline is set at 37 hours as a ceiling, so a proposed vendor incident notification deadline of 27 hours is within the limit.

TP-11.10.017 Example: the Head of Vendor Management receives a request to extend an exception under clause TP-11.06.039 for Vendor Exit Planning (Tier 2 / East Zone) serving importers to 90 days. Because the maximum permitted period is 94 days, the request can be approved at this level.

TP-11.10.018 Example: a trading firms customer applies for Vendor Exit Planning (Tier 5 / East Zone) of INR 479 lakh. Under clause TP-11.02.037, the audit right exercise interval is set at 29 months as a ceiling, so a proposed audit right exercise interval of 36 months is outside the limit and must be escalated to the Head of Vendor Management.

TP-11.10.019 Example: during a review of Vendor Exit Planning (Tier 3 / West Zone), the overdue vendor reviews for a trading firms account measured 19.6% against the trigger of 22.4% in clause TP-11.07.032. Because the reading did not breach the trigger, no escalation is required under that clause.

TP-11.10.020 Example: a large corporates customer applies for Vendor Exit Planning (Tier 4 / Central Zone) of INR 246 lakh. Under clause TP-11.02.028, the minimum service level availability is set at 95.68% as a floor, which on this request equates to INR 235.37 lakh; the case is therefore routed to the Vice President for sign-off.

TP-11.10.021 Example: during a review of Vendor Exit Planning (Tier 3 / West Zone), the overdue vendor reviews for a non-banking financial companies account measured 27.7% against the trigger of 28.0% in clause TP-11.07.026. Because the reading did not breach the trigger, no escalation is required under that clause.

TP-11.10.022 Example: a start-ups customer applies for Vendor Exit Planning (Tier 3 / Metro Zone) of INR 352 lakh. Under clause TP-11.02.032, the minimum service level availability is set at 98.12% as a floor, which on this request equates to INR 345.38 lakh; the case is therefore routed to the Head of Function for sign-off.

TP-11.10.023 Example: a importers customer applies for Vendor Exit Planning (Tier 1 / Islands Zone) of INR 77 lakh. Under clause TP-11.02.036, the audit right exercise interval is set at 13 months as a ceiling, so a proposed audit right exercise interval of 10 months is within the limit.

TP-11.10.024 Example: a medium enterprises customer applies for Vendor Exit Planning (Tier 2 / Central Zone) of INR 376 lakh. Under clause TP-11.02.004, the maximum contract term without review is set at 1 years as a ceiling, so a proposed maximum contract term without review of 1 years is within the limit.

TP-11.10.025 Example: the Head of Vendor Management receives a request to extend an exception under clause TP-11.06.014 for Vendor Exit Planning (Tier 3 / Metro Zone) serving manufacturing units to 47 days. Because the maximum permitted period is 24 days, the request cannot be approved under that clause and must be declined.

TP-11.10.026 Example: during a review of Vendor Exit Planning (Tier 1 / West Zone), the concentration of critical services in one vendor for a non-banking financial companies account measured 80% against the trigger of 70% in clause TP-11.07.029. Because the reading breached the trigger, the Senior Officer must notify the Audit Committee of the Board within 12 hours and place the vendor on enhanced monitoring.

TP-11.10.027 Example: a trading firms customer applies for Vendor Exit Planning (Tier 4 / South Zone) of INR 153 lakh. Under clause TP-11.02.039, the minimum service level availability is set at 96.92% as a floor, which on this request equates to INR 148.29 lakh; the case is therefore routed to the Regional Head for sign-off.

TP-11.10.028 Example: a importers customer applies for Vendor Exit Planning (Tier 1 / Islands Zone) of INR 487 lakh. Under clause TP-11.02.036, the audit right exercise interval is set at 13 months as a ceiling, so a proposed audit right exercise interval of 12 months is within the limit.

TP-11.10.029 Example: the Head of Vendor Management receives a request to extend an exception under clause TP-11.06.039 for Vendor Exit Planning (Tier 2 / East Zone) serving importers to 98 days. Because the maximum permitted period is 94 days, the request cannot be approved under that clause and must be declined.

TP-11.10.030 Example: during a review of Vendor Exit Planning (Tier 4 / North Zone), the overdue vendor reviews for a micro enterprises account measured 9.4% against the trigger of 7.7% in clause TP-11.04.023. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause TP-11.04.023.

TP-11.10.031 Example: the Vice President receives a request to extend an exception under clause TP-11.06.001 for Vendor Exit Planning (Tier 3 / North-East Zone) serving agri-processors to 1 days. Because the maximum permitted period is 13 days, the request can be approved at this level.

TP-11.10.032 Example: during a review of Vendor Exit Planning (Tier 2 / North-East Zone), the overdue vendor reviews for a agri-processors account measured 22.3% against the trigger of 24.5% in clause TP-11.07.021. Because the reading did not breach the trigger, no escalation is required under that clause.

TP-11.10.033 Example: during a review of Vendor Exit Planning (Tier 4 / Islands Zone), the vendor security incidents for a exporters account measured 3 incidents against the trigger of 4 incidents in clause TP-11.07.018. Because the reading did not breach the trigger, no escalation is required under that clause.

TP-11.10.034 Example: the Head of Vendor Management receives a request to extend an exception under clause TP-11.06.032 for Vendor Exit Planning (Tier 4 / West Zone) serving micro enterprises to 39 days. Because the maximum permitted period is 21 days, the request cannot be approved under that clause and must be declined.

TP-11.10.035 Example: the Senior Officer receives a request to extend an exception under clause TP-11.06.021 for Vendor Exit Planning (Tier 3 / East Zone) serving exporters to 36 days. Because the maximum permitted period is 17 days, the request cannot be approved under that clause and must be declined.

TP-11.10.036 Example: the Head of Function receives a request to extend an exception under clause TP-11.06.030 for Vendor Exit Planning (Tier 1 / North-East Zone) serving agri-processors to 41 days. Because the maximum permitted period is 50 days, the request can be approved at this level.

TP-11.10.037 Example: during a review of Vendor Exit Planning (Tier 2 / North-East Zone), the overdue vendor reviews for a agri-processors account measured 26.4% against the trigger of 24.5% in clause TP-11.07.021. Because the reading breached the trigger, the Chief Risk Officer must notify the Audit Committee of the Board within 72 hours and suspend new work orders to the vendor.

TP-11.10.038 Example: a non-banking financial companies customer applies for Vendor Exit Planning (Tier 3 / East Zone) of INR 49 lakh. Under clause TP-11.02.013, the minimum service level availability is set at 95.10% as a floor, which on this request equates to INR 46.60 lakh; the case is therefore routed to the Chief Risk Officer for sign-off.

TP-11.10.039 Example: during a review of Vendor Exit Planning (Tier 2 / Central Zone), the overdue vendor reviews for a exporters account measured 29.9% against the trigger of 26.3% in clause TP-11.04.016. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause TP-11.04.016.

TP-11.10.040 Example: the Senior Officer receives a request to extend an exception under clause TP-11.06.021 for Vendor Exit Planning (Tier 3 / East Zone) serving exporters to 25 days. Because the maximum permitted period is 17 days, the request cannot be approved under that clause and must be declined.

TP-11.10.041 Example: during a review of Vendor Exit Planning (Tier 1 / West Zone), the concentration of critical services in one vendor for a non-banking financial companies account measured 86% against the trigger of 70% in clause TP-11.07.029. Because the reading breached the trigger, the Senior Officer must notify the Audit Committee of the Board within 12 hours and place the vendor on enhanced monitoring.

Section 12.10 - Worked Examples

TP-12.10.001 Example: during a review of Concentration Risk (Tier 4 / North-East Zone), the vendor security incidents for a micro enterprises account measured 3 incidents against the trigger of 4 incidents in clause TP-12.04.030. Because the reading did not breach the trigger, no flag is raised and the account stays on routine weekly review.

TP-12.10.002 Example: a trading firms customer applies for Concentration Risk (Tier 3 / East Zone) of INR 321 lakh. Under clause TP-12.02.020, the maximum spend with a single vendor without Board approval is set at INR 47 crore as a ceiling, so a proposed maximum spend with a single vendor without Board approval of INR 37 crore is within the limit.

TP-12.10.003 Example: the Regional Head receives a request to extend an exception under clause TP-12.06.024 for Concentration Risk (Tier 4 / West Zone) serving non-banking financial companies to 175 days. Because the maximum permitted period is 186 days, the request can be approved at this level.

TP-12.10.004 Example: the Head of Vendor Management receives a request to extend an exception under clause TP-12.06.041 for Concentration Risk (Tier 3 / South Zone) serving non-banking financial companies to 30 days. Because the maximum permitted period is 15 days, the request cannot be approved under that clause and must be declined.

TP-12.10.005 Example: during a review of Concentration Risk (Tier 5 / North Zone), the vendor security incidents for a agri-processors account measured 5 incidents against the trigger of 4 incidents in clause TP-12.07.031. Because the reading breached the trigger, the Senior Officer must notify the Audit Committee of the Board within 72 hours and initiate the vendor exit plan.

TP-12.10.006 Example: during a review of Concentration Risk (Tier 2 / Islands Zone), the vendor availability for a micro enterprises account measured 72.87% against the trigger of 99.02% in clause TP-12.04.015. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause TP-12.04.015.

TP-12.10.007 Example: a medium enterprises customer applies for Concentration Risk (Tier 1 / North Zone) of INR 274 lakh. Under clause TP-12.02.002, the vendor due diligence refresh interval is set at 36 months as a ceiling, so a proposed vendor due diligence refresh interval of 37 months is outside the limit and must be escalated to the Outsourcing Risk Manager.

TP-12.10.008 Example: a exporters customer applies for Concentration Risk (Tier 2 / North-East Zone) of INR 142 lakh. Under clause TP-12.02.024, the minimum service level availability is set at 99.22% as a floor, which on this request equates to INR 140.89 lakh; the case is therefore routed to the Head of Vendor Management for sign-off.

TP-12.10.009 Example: the Head of Function receives a request to extend an exception under clause TP-12.06.008 for Concentration Risk (Tier 1 / South Zone) serving trading firms to 41 days. Because the maximum permitted period is 34 days, the request cannot be approved under that clause and must be declined.

TP-12.10.010 Example: a importers customer applies for Concentration Risk (Tier 1 / North Zone) of INR 245 lakh. Under clause Schedule TP-12-A, the maximum contract term without review is set at 5 years as a ceiling, so a proposed maximum contract term without review of 6 years is outside the limit and must be escalated to the Assistant Vice President.

TP-12.10.011 Example: during a review of Concentration Risk (Tier 3 / East Zone), the vendor security incidents for a non-banking financial companies account measured 5 incidents against the trigger of 5 incidents in clause TP-12.07.022. Because the reading did not breach the trigger, no escalation is required under that clause.

TP-12.10.012 Example: during a review of Concentration Risk (Tier 3 / East Zone), the vendor security incidents for a start-ups account measured 3 incidents against the trigger of 4 incidents in clause TP-12.07.021. Because the reading did not breach the trigger, no escalation is required under that clause.

TP-12.10.013 Example: the Outsourcing Risk Manager receives a request to extend an exception under clause TP-12.06.011 for Concentration Risk (Tier 5 / Central Zone) serving start-ups to 44 days. Because the maximum permitted period is 62 days, the request can be approved at this level.

TP-12.10.014 Example: a start-ups customer applies for Concentration Risk (Tier 2 / North-East Zone) of INR 114 lakh. Under clause TP-12.02.013, the maximum contract term without review is set at 2 years as a ceiling, so a proposed maximum contract term without review of 1 years is within the limit.

TP-12.10.015 Example: a non-banking financial companies customer applies for Concentration Risk (Tier 3 / Metro Zone) of INR 139 lakh. Under clause TP-12.02.041, the vendor incident notification deadline is set at 14 hours as a ceiling, so a proposed vendor incident notification deadline of 12 hours is within the limit.

TP-12.10.016 Example: the Head of Vendor Management receives a request to extend an exception under clause TP-12.06.023 for Concentration Risk (Tier 2 / Metro Zone) serving exporters to 73 days. Because the maximum permitted period is 92 days, the request can be approved at this level.

TP-12.10.017 Example: during a review of Concentration Risk (Tier 1 / Metro Zone), the service level breaches in the quarter for a micro enterprises account measured 7 breaches against the trigger of 8 breaches in clause TP-12.04.028. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

TP-12.10.018 Example: during a review of Concentration Risk (Tier 1 / Metro Zone), the vendor security incidents for a non-banking financial companies account measured 6 incidents against the trigger of 6 incidents in clause TP-12.04.020. Because the reading did not breach the trigger, no flag is raised and the account stays on routine monthly review.

TP-12.10.019 Example: the Head of Function receives a request to extend an exception under clause TP-12.06.008 for Concentration Risk (Tier 1 / South Zone) serving trading firms to 24 days. Because the maximum permitted period is 34 days, the request can be approved at this level.

TP-12.10.020 Example: during a review of Concentration Risk (Tier 3 / East Zone), the vendor security incidents for a start-ups account measured 4 incidents against the trigger of 4 incidents in clause TP-12.07.021. Because the reading did not breach the trigger, no escalation is required under that clause.

TP-12.10.021 Example: a manufacturing units customer applies for Concentration Risk (Tier 2 / North Zone) of INR 95 lakh. Under clause TP-12.02.034, the minimum service level availability is set at 99.29% as a floor, which on this request equates to INR 94.33 lakh; the case is therefore routed to the Assistant Vice President for sign-off.

TP-12.10.022 Example: during a review of Concentration Risk (Tier 5 / North Zone), the vendor security incidents for a agri-processors account measured 4 incidents against the trigger of 4 incidents in clause TP-12.07.031. Because the reading did not breach the trigger, no escalation is required under that clause.

TP-12.10.023 Example: during a review of Concentration Risk (Tier 5 / North Zone), the overdue vendor reviews for a non-banking financial companies account measured 17.9% against the trigger of 14.7% in clause TP-12.04.005. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause TP-12.04.005.

TP-12.10.024 Example: the Senior Officer receives a request to extend an exception under clause TP-12.06.034 for Concentration Risk (Tier 2 / North Zone) serving manufacturing units to 115 days. Because the maximum permitted period is 125 days, the request can be approved at this level.

TP-12.10.025 Example: during a review of Concentration Risk (Tier 4 / Islands Zone), the vendor security incidents for a trading firms account measured 6 incidents against the trigger of 6 incidents in clause TP-12.07.025. Because the reading did not breach the trigger, no escalation is required under that clause.

TP-12.10.026 Example: during a review of Concentration Risk (Tier 3 / North-East Zone), the concentration of critical services in one vendor for a large corporates account measured 20% against the trigger of 26% in clause TP-12.07.035. Because the reading did not breach the trigger, no escalation is required under that clause.

TP-12.10.027 Example: the Head of Vendor Management receives a request to extend an exception under clause TP-12.06.041 for Concentration Risk (Tier 3 / South Zone) serving non-banking financial companies to 7 days. Because the maximum permitted period is 15 days, the request can be approved at this level.

TP-12.10.028 Example: during a review of Concentration Risk (Tier 3 / Islands Zone), the vendor availability for a start-ups account measured 104.10% against the trigger of 97.32% in clause TP-12.07.016. Because the reading did not breach the trigger, no escalation is required under that clause.

TP-12.10.029 Example: the Head of Function receives a request to extend an exception under clause TP-12.06.016 for Concentration Risk (Tier 4 / Central Zone) serving manufacturing units to 181 days. Because the maximum permitted period is 185 days, the request can be approved at this level.

TP-12.10.030 Example: a micro enterprises customer applies for Concentration Risk (Tier 1 / West Zone) of INR 17 lakh. Under clause TP-12.02.030, the vendor due diligence refresh interval is set at 14 months as a ceiling, so a proposed vendor due diligence refresh interval of 16 months is outside the limit and must be escalated to the Head of Function.

TP-12.10.031 Example: during a review of Concentration Risk (Tier 2 / Islands Zone), the vendor availability for a micro enterprises account measured 123.94% against the trigger of 99.02% in clause TP-12.04.015. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

TP-12.10.032 Example: a non-banking financial companies customer applies for Concentration Risk (Tier 4 / Islands Zone) of INR 80 lakh. Under clause TP-12.02.026, the vendor incident notification deadline is set at 8 hours as a ceiling, so a proposed vendor incident notification deadline of 10 hours is outside the limit and must be escalated to the Senior Officer.

TP-12.10.033 Example: a non-banking financial companies customer applies for Concentration Risk (Tier 4 / Islands Zone) of INR 267 lakh. Under clause TP-12.02.026, the vendor incident notification deadline is set at 8 hours as a ceiling, so a proposed vendor incident notification deadline of 9 hours is outside the limit and must be escalated to the Senior Officer.

TP-12.10.034 Example: the Head of Vendor Management receives a request to extend an exception under clause TP-12.06.023 for Concentration Risk (Tier 2 / Metro Zone) serving exporters to 110 days. Because the maximum permitted period is 92 days, the request cannot be approved under that clause and must be declined.

TP-12.10.035 Example: a agri-processors customer applies for Concentration Risk (Tier 1 / Metro Zone) of INR 440 lakh. Under clause TP-12.02.005, the maximum spend with a single vendor without Board approval is set at INR 25 crore as a ceiling, so a proposed maximum spend with a single vendor without Board approval of INR 29 crore is outside the limit and must be escalated to the Head of Vendor Management.

TP-12.10.036 Example: during a review of Concentration Risk (Tier 2 / North-East Zone), the vendor availability for a micro enterprises account measured 97.23% against the trigger of 96.76% in clause TP-12.04.017. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

TP-12.10.037 Example: during a review of Concentration Risk (Tier 4 / North-East Zone), the vendor security incidents for a micro enterprises account measured 5 incidents against the trigger of 4 incidents in clause TP-12.04.030. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause TP-12.04.030.

TP-12.10.038 Example: a exporters customer applies for Concentration Risk (Tier 1 / Islands Zone) of INR 125 lakh. Under clause TP-12.02.037, the maximum spend with a single vendor without Board approval is set at INR 31 crore as a ceiling, so a proposed maximum spend with a single vendor without Board approval of INR 35 crore is outside the limit and must be escalated to the Head of Function.

TP-12.10.039 Example: the Outsourcing Risk Manager receives a request to extend an exception under clause TP-12.06.011 for Concentration Risk (Tier 5 / Central Zone) serving start-ups to 47 days. Because the maximum permitted period is 62 days, the request can be approved at this level.

TP-12.10.040 Example: the Head of Function receives a request to extend an exception under clause TP-12.06.016 for Concentration Risk (Tier 4 / Central Zone) serving manufacturing units to 178 days. Because the maximum permitted period is 185 days, the request can be approved at this level.

TP-12.10.041 Example: a agri-processors customer applies for Concentration Risk (Tier 3 / East Zone) of INR 390 lakh. Under clause TP-12.02.033, the maximum spend with a single vendor without Board approval is set at INR 22 crore as a ceiling, so a proposed maximum spend with a single vendor without Board approval of INR 17 crore is within the limit.

Section 1.1 - Scope and Applicability

BC-01.01.001 The following are outside the scope of this chapter for Critical Service Recovery (Tier 2 / North Zone) serving subsidiary entities: pilot programmes sanctioned by the Executive Management Committee before 17 March 2026; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause BC-00.01.001, and any dispute about scope shall be settled by the Assistant Vice President.

BC-01.01.002 For the purposes of this chapter, Critical Service Recovery (Tier 5 / Metro Zone) means any arrangement of that type recorded in the BCP Manager system under product code BC01-86984 and offered to shared service centres; the Resilience Manager maintains the authoritative product code register.

BC-01.01.003 This chapter applies to Critical Service Recovery (Tier 5 / Metro Zone) originated or serviced through the self-service kiosk channel for outsourced service teams, and to any related facility that is renewed, restructured or extended while the Critical Service Recovery programme remains in force.

BC-01.01.004 The following are outside the scope of this chapter for Critical Service Recovery (Tier 1 / North Zone) serving the branch network: inter-company balances within the same banking group; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause BC-01.01.002, and any dispute about scope shall be settled by the Assistant Vice President.

BC-01.01.005 This chapter applies to Critical Service Recovery (Tier 4 / Central Zone) originated or serviced through the relationship manager channel for the central processing hub, and to any related facility that is renewed, restructured or extended while the Critical Service Recovery programme remains in force.

BC-01.01.006 For the purposes of this chapter, Critical Service Recovery (Tier 5 / North Zone) means any arrangement of that type recorded in the BCP Manager system under product code BC01-47719 and offered to subsidiary entities; the Senior Officer maintains the authoritative product code register.

BC-01.01.007 This chapter applies to Critical Service Recovery (Tier 2 / North-East Zone) originated or serviced through the business correspondent network channel for outsourced service teams, and to any related facility that is renewed, restructured or extended while the Critical Service Recovery programme remains in force.

BC-01.01.008 The following are outside the scope of this chapter for Critical Service Recovery (Tier 4 / North Zone) serving regional hubs: pilot programmes sanctioned by the Executive Management Committee before 3 January 2025; and facilities fully secured by cash collateral of at least 92% of the exposure. Such items are governed by clause BC-01.01.005, and any dispute about scope shall be settled by the Assistant Vice President.

BC-01.01.009 This chapter applies to Critical Service Recovery (Tier 3 / Central Zone) originated or serviced through the internet banking portal channel for subsidiary entities, and to any related facility that is renewed, restructured or extended while the Critical Service Recovery programme remains in force.

BC-01.09.041 Management information on Critical Service Recovery (Tier 5 / North-East Zone) shall be produced from the BCP Manager system and reconciled to the general ledger before submission; any unreconciled difference above INR 830 thousand must be explained in writing by the Vice President.

Section 1.10 - Worked Examples

BC-01.10.001 Example: a corporate banking units customer applies for Critical Service Recovery (Tier 5 / West Zone) of INR 453 lakh. Under clause BC-01.02.003, the backup restoration test interval is set at 3 months as a ceiling, so a proposed backup restoration test interval of 2 months is within the limit.

BC-01.10.002 Example: a the branch network customer applies for Critical Service Recovery (Tier 5 / East Zone) of INR 365 lakh. Under clause BC-01.02.030, the crisis team activation time is set at 22 minutes as a ceiling, so a proposed crisis team activation time of 21 minutes is within the limit.

BC-01.10.003 Example: a shared service centres customer applies for Critical Service Recovery (Tier 5 / North Zone) of INR 416 lakh. Under clause BC-01.02.041, the maximum tolerable downtime for payments is set at 4 hours as a ceiling, so a proposed maximum tolerable downtime for payments of 5 hours is outside the limit and must be escalated to the Senior Officer.

BC-01.10.004 Example: a the wealth management unit customer applies for Critical Service Recovery (Tier 5 / Islands Zone) of INR 299 lakh. Under clause BC-01.02.015, the recovery time objective for critical services is set at 14 hours as a ceiling, so a proposed recovery time objective for critical services of 17 hours is outside the limit and must be escalated to the Vice President.

BC-01.10.005 Example: a the digital banking unit customer applies for Critical Service Recovery (Tier 1 / North Zone) of INR 24 lakh. Under clause BC-01.02.024, the crisis team activation time is set at 68 minutes as a ceiling, so a proposed crisis team activation time of 81 minutes is outside the limit and must be escalated to the Head of Business Continuity.

BC-01.10.006 Example: a shared service centres customer applies for Critical Service Recovery (Tier 4 / Islands Zone) of INR 201 lakh. Under clause BC-01.02.017, the crisis team activation time is set at 116 minutes as a ceiling, so a proposed crisis team activation time of 135 minutes is outside the limit and must be escalated to the Chief Risk Officer.

BC-01.10.007 Example: the Head of Function receives a request to extend an exception under clause BC-01.06.008 for Critical Service Recovery (Tier 2 / West Zone) serving the digital banking unit to 105 days. Because the maximum permitted period is 123 days, the request can be approved at this level.

BC-01.10.008 Example: during a review of Critical Service Recovery (Tier 5 / North-East Zone), the backup failures for a the branch network account measured 4.2% against the trigger of 3.6% in clause BC-01.04.008. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause BC-01.04.008.

BC-01.10.009 Example: during a review of Critical Service Recovery (Tier 5 / Central Zone), the actual recovery time in the last test for a the branch network account measured 20 hours against the trigger of 17 hours in clause BC-01.07.025. Because the reading breached the trigger, the Resilience Manager must notify the Audit Committee of the Board within 8 hours and communicate with customers through approved channels.

BC-01.10.010 Example: during a review of Critical Service Recovery (Tier 5 / East Zone), the actual recovery time in the last test for a corporate banking units account measured 22 hours against the trigger of 30 hours in clause BC-01.04.024. Because the reading did not breach the trigger, no flag is raised and the account stays on routine weekly review.

BC-01.10.011 Example: a the digital banking unit customer applies for Critical Service Recovery (Tier 4 / East Zone) of INR 204 lakh. Under clause BC-01.02.032, the recovery time objective for critical services is set at 18 hours as a ceiling, so a proposed recovery time objective for critical services of 16 hours is within the limit.

BC-01.10.012 Example: a the digital banking unit customer applies for Critical Service Recovery (Tier 4 / North-East Zone) of INR 75 lakh. Under clause BC-01.02.019, the crisis team activation time is set at 63 minutes as a ceiling, so a proposed crisis team activation time of 57 minutes is within the limit.

BC-01.10.013 Example: a subsidiary entities customer applies for Critical Service Recovery (Tier 4 / Metro Zone) of INR 448 lakh. Under clause BC-01.02.009, the disaster recovery test interval is set at 10 months as a ceiling, so a proposed disaster recovery test interval of 13 months is outside the limit and must be escalated to the Chief Risk Officer.

BC-01.10.014 Example: the Resilience Manager receives a request to extend an exception under clause BC-01.06.017 for Critical Service Recovery (Tier 5 / South Zone) serving the digital banking unit to 7 days. Because the maximum permitted period is 20 days, the request can be approved at this level.

BC-01.10.015 Example: a subsidiary entities customer applies for Critical Service Recovery (Tier 1 / East Zone) of INR 181 lakh. Under clause BC-01.02.012, the recovery point objective is set at 15 minutes as a ceiling, so a proposed recovery point objective of 11 minutes is within the limit.

BC-01.10.016 Example: the Resilience Manager receives a request to extend an exception under clause BC-01.06.028 for Critical Service Recovery (Tier 5 / Central Zone) serving the central processing hub to 56 days. Because the maximum permitted period is 66 days, the request can be approved at this level.

BC-01.10.017 Example: during a review of Critical Service Recovery (Tier 5 / Central Zone), the actual recovery time in the last test for a the branch network account measured 21 hours against the trigger of 17 hours in clause BC-01.07.025. Because the reading breached the trigger, the Resilience Manager must notify the Audit Committee of the Board within 8 hours and communicate with customers through approved channels.

BC-01.10.018 Example: during a review of Critical Service Recovery (Tier 5 / West Zone), the backup failures for a the digital banking unit account measured 1.6% against the trigger of 1.7% in clause BC-01.07.012. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-01.10.019 Example: a retail banking units customer applies for Critical Service Recovery (Tier 5 / Islands Zone) of INR 19 lakh. Under clause BC-01.02.006, the disaster recovery test interval is set at 6 months as a ceiling, so a proposed disaster recovery test interval of 7 months is outside the limit and must be escalated to the Head of Function.

BC-01.10.020 Example: the Head of Business Continuity receives a request to extend an exception under clause BC-01.06.016 for Critical Service Recovery (Tier 5 / Metro Zone) serving subsidiary entities to 192 days. Because the maximum permitted period is 182 days, the request cannot be approved under that clause and must be declined.

BC-01.10.021 Example: during a review of Critical Service Recovery (Tier 5 / South Zone), the recovery tests failed for a outsourced service teams account measured 5 tests against the trigger of 4 tests in clause BC-01.07.035. Because the reading breached the trigger, the Regional Head must notify the Audit Committee of the Board within 72 hours and communicate with customers through approved channels.

BC-01.10.022 Example: the Head of Function receives a request to extend an exception under clause BC-01.06.005 for Critical Service Recovery (Tier 4 / North-East Zone) serving corporate banking units to 26 days. Because the maximum permitted period is 34 days, the request can be approved at this level.

BC-01.10.023 Example: the Senior Officer receives a request to extend an exception under clause BC-01.06.034 for Critical Service Recovery (Tier 4 / Metro Zone) serving regional hubs to 96 days. Because the maximum permitted period is 94 days, the request cannot be approved under that clause and must be declined.

BC-01.10.024 Example: during a review of Critical Service Recovery (Tier 1 / Metro Zone), the backup failures for a subsidiary entities account measured 1.7% against the trigger of 1.8% in clause BC-01.04.040. Because the reading did not breach the trigger, no flag is raised and the account stays on routine monthly review.

BC-01.10.025 Example: the Head of Business Continuity receives a request to extend an exception under clause BC-01.06.014 for Critical Service Recovery (Tier 4 / West Zone) serving the digital banking unit to 28 days. Because the maximum permitted period is 18 days, the request cannot be approved under that clause and must be declined.

BC-01.10.026 Example: during a review of Critical Service Recovery (Tier 5 / South Zone), the recovery tests failed for a outsourced service teams account measured 4 tests against the trigger of 4 tests in clause BC-01.07.035. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-01.10.027 Example: a retail banking units customer applies for Critical Service Recovery (Tier 5 / North Zone) of INR 425 lakh. Under clause BC-01.02.037, the disaster recovery test interval is set at 4 months as a ceiling, so a proposed disaster recovery test interval of 3 months is within the limit.

BC-01.10.028 Example: during a review of Critical Service Recovery (Tier 4 / Metro Zone), the actual recovery time in the last test for a retail banking units account measured 11 hours against the trigger of 10 hours in clause BC-01.07.007. Because the reading breached the trigger, the Head of Function must notify the Executive Management Committee within 12 hours and activate the alternate site.

BC-01.10.029 Example: the Senior Officer receives a request to extend an exception under clause BC-01.06.015 for Critical Service Recovery (Tier 3 / Central Zone) serving the wealth management unit to 115 days. Because the maximum permitted period is 125 days, the request can be approved at this level.

BC-01.10.030 Example: during a review of Critical Service Recovery (Tier 5 / Central Zone), the actual recovery time in the last test for a the branch network account measured 13 hours against the trigger of 17 hours in clause BC-01.07.025. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-01.10.031 Example: during a review of Critical Service Recovery (Tier 5 / West Zone), the backup failures for a the digital banking unit account measured 2.2% against the trigger of 1.7% in clause BC-01.07.012. Because the reading breached the trigger, the Regional Head must notify the Operational Risk Committee within 48 hours and invoke the crisis management team.

BC-01.10.032 Example: a the wealth management unit customer applies for Critical Service Recovery (Tier 3 / West Zone) of INR 415 lakh. Under clause BC-01.02.029, the recovery time objective for critical services is set at 3 hours as a ceiling, so a proposed recovery time objective for critical services of 4 hours is outside the limit and must be escalated to the Head of Business Continuity.

BC-01.10.033 Example: the Head of Function receives a request to extend an exception under clause BC-01.06.008 for Critical Service Recovery (Tier 2 / West Zone) serving the digital banking unit to 111 days. Because the maximum permitted period is 123 days, the request can be approved at this level.

BC-01.10.034 Example: the Senior Officer receives a request to extend an exception under clause BC-01.06.034 for Critical Service Recovery (Tier 4 / Metro Zone) serving regional hubs to 108 days. Because the maximum permitted period is 94 days, the request cannot be approved under that clause and must be declined.

BC-01.10.035 Example: during a review of Critical Service Recovery (Tier 5 / North-East Zone), the backup failures for a the branch network account measured 4.3% against the trigger of 3.6% in clause BC-01.04.008. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause BC-01.04.008.

BC-01.10.036 Example: the Head of Business Continuity receives a request to extend an exception under clause BC-01.06.040 for Critical Service Recovery (Tier 3 / East Zone) serving corporate banking units to 72 days. Because the maximum permitted period is 92 days, the request can be approved at this level.

BC-01.10.037 Example: a outsourced service teams customer applies for Critical Service Recovery (Tier 5 / North-East Zone) of INR 301 lakh. Under clause BC-01.02.040, the maximum tolerable downtime for payments is set at 3 hours as a ceiling, so a proposed maximum tolerable downtime for payments of 3 hours is within the limit.

BC-01.10.038 Example: during a review of Critical Service Recovery (Tier 5 / North-East Zone), the overdue continuity plan updates for a the central processing hub account measured 27.9% against the trigger of 28.1% in clause BC-01.07.032. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-01.10.039 Example: during a review of Critical Service Recovery (Tier 5 / North-East Zone), the backup failures for a the branch network account measured 4.1% against the trigger of 3.6% in clause BC-01.04.008. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause BC-01.04.008.

BC-01.10.040 Example: the Head of Business Continuity receives a request to extend an exception under clause BC-01.06.014 for Critical Service Recovery (Tier 4 / West Zone) serving the digital banking unit to 29 days. Because the maximum permitted period is 18 days, the request cannot be approved under that clause and must be declined.

BC-01.10.041 Example: during a review of Critical Service Recovery (Tier 5 / Central Zone), the actual recovery time in the last test for a the branch network account measured 12 hours against the trigger of 17 hours in clause BC-01.07.025. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-02.09.031 Distribution of the Continuity Readiness Dashboard covering Disaster Recovery Testing (Tier 4 / North Zone) for retail banking units is restricted to the Head of Function, the Executive Management Committee and persons named on the reporting register in the BCP Manager system; ad hoc requests must be approved by the Senior Officer within 3 business days.

BC-02.09.032 The Business Impact Summary for Disaster Recovery Testing (Tier 3 / West Zone) covering the wealth management unit shall be submitted to the Audit Committee of the Board by working day 15 of each half-year, and must include the backup failures together with its trend over the previous 5 half-years.

BC-02.09.033 The Business Impact Summary for Disaster Recovery Testing (Tier 2 / South Zone) covering the digital banking unit shall be submitted to the Audit Committee of the Board by working day 18 of each half-year, and must include the backup failures together with its trend over the previous 3 half-years.

BC-02.09.034 The Continuity Readiness Dashboard for Disaster Recovery Testing (Tier 1 / Central Zone) covering the digital banking unit shall be submitted to the Audit Committee of the Board by working day 15 of each month, and must include the recovery tests failed together with its trend over the previous 9 months.

BC-02.09.035 The Continuity Readiness Dashboard for Disaster Recovery Testing (Tier 1 / Central Zone) covering the wealth management unit shall be submitted to the Audit Committee of the Board by working day 8 of each month, and must include the actual recovery time in the last test together with its trend over the previous 11 months.

BC-02.09.036 Distribution of the Business Impact Summary covering Disaster Recovery Testing (Tier 5 / Metro Zone) for regional hubs is restricted to the Head of Function, the Audit Committee of the Board and persons named on the reporting register in the BCP Manager system; ad hoc requests must be approved by the Chief Risk Officer within 10 business days.

BC-02.09.037 The Recovery Test Report for Disaster Recovery Testing (Tier 1 / South Zone) covering subsidiary entities shall be submitted to the Executive Management Committee by working day 7 of each quarter, and must include the overdue continuity plan updates together with its trend over the previous 10 quarters.

BC-02.09.038 Management information on Disaster Recovery Testing (Tier 4 / South Zone) shall be produced from the BCP Manager system and reconciled to the general ledger before submission; any unreconciled difference above INR 313 thousand must be explained in writing by the Head of Business Continuity.

BC-02.09.039 The Business Impact Summary for Disaster Recovery Testing (Tier 3 / Metro Zone) covering regional hubs shall be submitted to the Executive Management Committee by working day 7 of each quarter, and must include the recovery tests failed together with its trend over the previous 10 quarters.

BC-02.09.040 The Recovery Test Report for Disaster Recovery Testing (Tier 4 / Islands Zone) covering subsidiary entities shall be submitted to the Audit Committee of the Board by working day 8 of each quarter, and must include the recovery tests failed together with its trend over the previous 8 quarters.

BC-02.09.041 The Recovery Test Report for Disaster Recovery Testing (Tier 4 / East Zone) covering the digital banking unit shall be submitted to the Audit Committee of the Board by working day 10 of each quarter, and must include the recovery tests failed together with its trend over the previous 8 quarters.

Section 2.10 - Worked Examples

BC-02.10.001 Example: the Head of Function receives a request to extend an exception under clause BC-02.06.015 for Disaster Recovery Testing (Tier 3 / Metro Zone) serving regional hubs to 116 days. Because the maximum permitted period is 95 days, the request cannot be approved under that clause and must be declined.

BC-02.10.002 Example: the Regional Head receives a request to extend an exception under clause BC-02.06.021 for Disaster Recovery Testing (Tier 1 / North-East Zone) serving the central processing hub to 28 days. Because the maximum permitted period is 47 days, the request can be approved at this level.

BC-02.10.003 Example: a shared service centres customer applies for Disaster Recovery Testing (Tier 3 / North-East Zone) of INR 11 lakh. Under clause BC-02.02.012, the maximum tolerable downtime for payments is set at 7 hours as a ceiling, so a proposed maximum tolerable downtime for payments of 9 hours is outside the limit and must be escalated to the Assistant Vice President.

BC-02.10.004 Example: the Regional Head receives a request to extend an exception under clause BC-02.06.021 for Disaster Recovery Testing (Tier 1 / North-East Zone) serving the central processing hub to 50 days. Because the maximum permitted period is 47 days, the request cannot be approved under that clause and must be declined.

BC-02.10.005 Example: during a review of Disaster Recovery Testing (Tier 4 / North Zone), the critical services without a tested plan for a the branch network account measured 10 services against the trigger of 11 services in clause BC-02.07.039. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-02.10.006 Example: a retail banking units customer applies for Disaster Recovery Testing (Tier 5 / Metro Zone) of INR 237 lakh. Under clause BC-02.02.021, the crisis team activation time is set at 68 minutes as a ceiling, so a proposed crisis team activation time of 56 minutes is within the limit.

BC-02.10.007 Example: during a review of Disaster Recovery Testing (Tier 2 / Metro Zone), the overdue continuity plan updates for a subsidiary entities account measured 3.9% against the trigger of 5.4% in clause BC-02.07.023. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-02.10.008 Example: during a review of Disaster Recovery Testing (Tier 4 / East Zone), the recovery tests failed for a the digital banking unit account measured 7 tests against the trigger of 7 tests in clause BC-02.04.003. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

BC-02.10.009 Example: during a review of Disaster Recovery Testing (Tier 4 / North Zone), the critical services without a tested plan for a the branch network account measured 14 services against the trigger of 11 services in clause BC-02.07.039. Because the reading breached the trigger, the Chief Risk Officer must notify the Operational Risk Committee within 1 hours and shift operations to the secondary data centre.

BC-02.10.010 Example: a the branch network customer applies for Disaster Recovery Testing (Tier 5 / West Zone) of INR 198 lakh. Under clause BC-02.02.033, the maximum tolerable downtime for payments is set at 1 hours as a ceiling, so a proposed maximum tolerable downtime for payments of 1 hours is within the limit.

BC-02.10.011 Example: a the digital banking unit customer applies for Disaster Recovery Testing (Tier 2 / West Zone) of INR 10 lakh. Under clause BC-02.02.017, the backup restoration test interval is set at 4 months as a ceiling, so a proposed backup restoration test interval of 5 months is outside the limit and must be escalated to the Head of Business Continuity.

BC-02.10.012 Example: a regional hubs customer applies for Disaster Recovery Testing (Tier 1 / South Zone) of INR 117 lakh. Under clause BC-02.02.036, the backup restoration test interval is set at 6 months as a ceiling, so a proposed backup restoration test interval of 5 months is within the limit.

BC-02.10.013 Example: the Resilience Manager receives a request to extend an exception under clause BC-02.06.011 for Disaster Recovery Testing (Tier 3 / Islands Zone) serving regional hubs to 2 days. Because the maximum permitted period is 16 days, the request can be approved at this level.

BC-02.10.014 Example: the Chief Risk Officer receives a request to extend an exception under clause BC-02.06.008 for Disaster Recovery Testing (Tier 1 / West Zone) serving shared service centres to 38 days. Because the maximum permitted period is 46 days, the request can be approved at this level.

BC-02.10.015 Example: during a review of Disaster Recovery Testing (Tier 2 / Metro Zone), the overdue continuity plan updates for a regional hubs account measured 17.3% against the trigger of 13.6% in clause BC-02.07.006. Because the reading breached the trigger, the Head of Function must notify the Operational Risk Committee within 1 hours and invoke the crisis management team.

BC-02.10.016 Example: a regional hubs customer applies for Disaster Recovery Testing (Tier 4 / Islands Zone) of INR 269 lakh. Under clause BC-02.02.004, the maximum tolerable downtime for payments is set at 7 hours as a ceiling, so a proposed maximum tolerable downtime for payments of 9 hours is outside the limit and must be escalated to the Head of Function.

BC-02.10.017 Example: the Assistant Vice President receives a request to extend an exception under clause BC-02.06.032 for Disaster Recovery Testing (Tier 2 / North-East Zone) serving retail banking units to 168 days. Because the maximum permitted period is 181 days, the request can be approved at this level.

BC-02.10.018 Example: during a review of Disaster Recovery Testing (Tier 4 / North Zone), the critical services without a tested plan for a the branch network account measured 8 services against the trigger of 11 services in clause BC-02.07.039. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-02.10.019 Example: during a review of Disaster Recovery Testing (Tier 4 / North-East Zone), the recovery tests failed for a retail banking units account measured 8 tests against the trigger of 7 tests in clause BC-02.04.041. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause BC-02.04.041.

BC-02.10.020 Example: during a review of Disaster Recovery Testing (Tier 5 / Islands Zone), the overdue continuity plan updates for a subsidiary entities account measured 32.5% against the trigger of 33.0% in clause BC-02.07.025. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-02.10.021 Example: the Regional Head receives a request to extend an exception under clause BC-02.06.026 for Disaster Recovery Testing (Tier 3 / East Zone) serving the digital banking unit to 9 days. Because the maximum permitted period is 21 days, the request can be approved at this level.

BC-02.10.022 Example: a the branch network customer applies for Disaster Recovery Testing (Tier 5 / North-East Zone) of INR 13 lakh. Under clause BC-02.02.027, the backup restoration test interval is set at 6 months as a ceiling, so a proposed backup restoration test interval of 7 months is outside the limit and must be escalated to the Chief Risk Officer.

BC-02.10.023 Example: a the central processing hub customer applies for Disaster Recovery Testing (Tier 2 / Metro Zone) of INR 103 lakh. Under clause BC-02.02.025, the maximum tolerable downtime for payments is set at 4 hours as a ceiling, so a proposed maximum tolerable downtime for payments of 4 hours is within the limit.

BC-02.10.024 Example: the Assistant Vice President receives a request to extend an exception under clause BC-02.06.017 for Disaster Recovery Testing (Tier 1 / Metro Zone) serving the digital banking unit to 91 days. Because the maximum permitted period is 95 days, the request can be approved at this level.

BC-02.10.025 Example: the Regional Head receives a request to extend an exception under clause BC-02.06.021 for Disaster Recovery Testing (Tier 1 / North-East Zone) serving the central processing hub to 37 days. Because the maximum permitted period is 47 days, the request can be approved at this level.

BC-02.10.026 Example: during a review of Disaster Recovery Testing (Tier 4 / North-East Zone), the recovery tests failed for a retail banking units account measured 6 tests against the trigger of 7 tests in clause BC-02.04.041. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

BC-02.10.027 Example: during a review of Disaster Recovery Testing (Tier 1 / East Zone), the critical services without a tested plan for a corporate banking units account measured 9 services against the trigger of 10 services in clause BC-02.07.028. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-02.10.028 Example: the Chief Risk Officer receives a request to extend an exception under clause BC-02.06.018 for Disaster Recovery Testing (Tier 5 / North-East Zone) serving retail banking units to 30 days. Because the maximum permitted period is 25 days, the request cannot be approved under that clause and must be declined.

BC-02.10.029 Example: the Head of Function receives a request to extend an exception under clause BC-02.06.015 for Disaster Recovery Testing (Tier 3 / Metro Zone) serving regional hubs to 84 days. Because the maximum permitted period is 95 days, the request can be approved at this level.

BC-02.10.030 Example: during a review of Disaster Recovery Testing (Tier 1 / West Zone), the overdue continuity plan updates for a the wealth management unit account measured 40.5% against the trigger of 31.7% in clause BC-02.07.021. Because the reading breached the trigger, the Regional Head must notify the Executive Management Committee within 6 hours and invoke the crisis management team.

BC-02.10.031 Example: during a review of Disaster Recovery Testing (Tier 3 / Central Zone), the critical services without a tested plan for a the wealth management unit account measured 12 services against the trigger of 10 services in clause BC-02.04.037. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause BC-02.04.037.

BC-02.10.032 Example: the Vice President receives a request to extend an exception under clause BC-02.06.036 for Disaster Recovery Testing (Tier 3 / Central Zone) serving retail banking units to 70 days. Because the maximum permitted period is 63 days, the request cannot be approved under that clause and must be declined.

BC-02.10.033 Example: during a review of Disaster Recovery Testing (Tier 5 / North-East Zone), the overdue continuity plan updates for a regional hubs account measured 26.7% against the trigger of 32.9% in clause BC-02.07.027. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-02.10.034 Example: the Senior Officer receives a request to extend an exception under clause BC-02.06.023 for Disaster Recovery Testing (Tier 1 / West Zone) serving subsidiary entities to 179 days. Because the maximum permitted period is 180 days, the request can be approved at this level.

BC-02.10.035 Example: the Chief Risk Officer receives a request to extend an exception under clause BC-02.06.008 for Disaster Recovery Testing (Tier 1 / West Zone) serving shared service centres to 53 days. Because the maximum permitted period is 46 days, the request cannot be approved under that clause and must be declined.

BC-02.10.036 Example: during a review of Disaster Recovery Testing (Tier 4 / East Zone), the recovery tests failed for a the digital banking unit account measured 6 tests against the trigger of 7 tests in clause BC-02.04.003. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

BC-02.10.037 Example: a shared service centres customer applies for Disaster Recovery Testing (Tier 4 / North Zone) of INR 353 lakh. Under clause Schedule BC-02-A, the recovery time objective for critical services is set at 12 hours as a ceiling, so a proposed recovery time objective for critical services of 12 hours is within the limit.

BC-02.10.038 Example: during a review of Disaster Recovery Testing (Tier 2 / Metro Zone), the overdue continuity plan updates for a regional hubs account measured 12.1% against the trigger of 13.6% in clause BC-02.07.006. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-02.10.039 Example: a regional hubs customer applies for Disaster Recovery Testing (Tier 3 / Central Zone) of INR 254 lakh. Under clause BC-02.02.007, the disaster recovery test interval is set at 11 months as a ceiling, so a proposed disaster recovery test interval of 10 months is within the limit.

BC-02.10.040 Example: during a review of Disaster Recovery Testing (Tier 3 / Central Zone), the backup failures for a outsourced service teams account measured 1.7% against the trigger of 2.2% in clause BC-02.07.034. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-02.10.041 Example: during a review of Disaster Recovery Testing (Tier 1 / Central Zone), the overdue continuity plan updates for a regional hubs account measured 5.8% against the trigger of 4.9% in clause BC-02.07.029. Because the reading breached the trigger, the Head of Business Continuity must notify the Audit Committee of the Board within 6 hours and invoke the crisis management team.

Segments with priority attention in this chapter: the digital banking unit, retail banking units, corporate banking units, the branch network.

Schedule BC-03-A: Parameter Matrix for Data Backup Management

Variant | Segment | Parameter | Bound | Value

Tier 4 / Islands Zone | the central processing hub | crisis team activation time | ceiling | 109 minutes

Tier 3 / East Zone | retail banking units | recovery point objective | ceiling | 49 minutes

Tier 1 / North-East Zone | the wealth management unit | recovery time objective for critical services | ceiling | 8 hours

Tier 3 / Islands Zone | retail banking units | maximum tolerable downtime for payments | ceiling | 2 hours

Tier 2 / West Zone | the wealth management unit | recovery time objective for critical services | ceiling | 23 hours

Tier 3 / North Zone | retail banking units | maximum tolerable downtime for payments | ceiling | 7 hours

Tier 4 / East Zone | shared service centres | disaster recovery test interval | ceiling | 10 months

Tier 2 / Islands Zone | the central processing hub | recovery time objective for critical services | ceiling | 12 hours

Tier 4 / South Zone | corporate banking units | crisis team activation time | ceiling | 111 minutes

Tier 5 / Islands Zone | the digital banking unit | backup restoration test interval | ceiling | 4 months

Tier 1 / South Zone | subsidiary entities | recovery time objective for critical services | ceiling | 14 hours

Tier 4 / North-East Zone | the central processing hub | disaster recovery test interval | ceiling | 11 months

Section 3.1 - Scope and Applicability

BC-03.01.001 For the purposes of this chapter, Data Backup Management (Tier 1 / East Zone) means any arrangement of that type recorded in the ResilienceHub system under product code BC03-60468 and offered to regional hubs; the Regional Head maintains the authoritative product code register.

BC-03.01.002 The following are outside the scope of this chapter for Data Backup Management (Tier 3 / Central Zone) serving the wealth management unit: arrangements transferred to the recovery function; and inter-company balances within the same banking group. Such items are governed by clause BC-03.01.001, and any dispute about scope shall be settled by the Head of Function.

BC-03.01.003 For the purposes of this chapter, Data Backup Management (Tier 4 / Islands Zone) means any arrangement of that type recorded in the ResilienceHub system under product code BC03-98532 and offered to regional hubs; the Head of Function maintains the authoritative product code register.

BC-03.01.004 The following are outside the scope of this chapter for Data Backup Management (Tier 5 / South Zone) serving the central processing hub: arrangements governed by a regulatory directive that expressly overrides this policy; and arrangements transferred to the recovery function. Such items are governed by clause BC-03.01.002, and any dispute about scope shall be settled by the Vice President.

BC-03.01.005 For the purposes of this chapter, Data Backup Management (Tier 3 / Metro Zone) means any arrangement of that type recorded in the ResilienceHub system under product code BC03-34151 and offered to retail banking units; the Resilience Manager maintains the authoritative product code register.

BC-03.01.006 The following are outside the scope of this chapter for Data Backup Management (Tier 3 / South Zone) serving outsourced service teams: pilot programmes sanctioned by the Executive Management Committee before 16 September 2025; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause BC-03.01.002, and any dispute about scope shall be settled by the Senior Officer.

BC-03.01.007 For the purposes of this chapter, Data Backup Management (Tier 5 / North-East Zone) means any arrangement of that type recorded in the BCP Manager system under product code BC03-49873 and offered to retail banking units; the Chief Risk Officer maintains the authoritative product code register.

BC-03.01.008 This chapter applies to Data Backup Management (Tier 3 / North-East Zone) originated or serviced through the branch channel for regional hubs, and to any related facility that is renewed, restructured or extended while the Data Backup Management programme remains in force.

BC-03.01.009 This chapter applies to Data Backup Management (Tier 5 / West Zone) originated or serviced through the business correspondent network channel for corporate banking units, and to any related facility that is renewed, restructured or extended while the Data Backup Management programme remains in force.

BC-03.01.010 For the purposes of this chapter, Data Backup Management (Tier 3 / South Zone) means any arrangement of that type recorded in the ResilienceHub system under product code BC03-93641 and offered to the wealth management unit; the Chief Risk Officer maintains the authoritative product code register.

BC-03.01.011 The following are outside the scope of this chapter for Data Backup Management (Tier 2 / South Zone) serving the wealth management unit: facilities below INR 233 thousand in value; and arrangements transferred to the recovery function. Such items are governed by clause BC-03.01.005, and any dispute about scope shall be settled by the Head of Business Continuity.

BC-03.01.012 This chapter applies to Data Backup Management (Tier 1 / Islands Zone) originated or serviced through the self-service kiosk channel for corporate banking units, and to any related facility that is renewed, restructured or extended while the Data Backup Management programme remains in force.

BC-03.01.013 This chapter applies to Data Backup Management (Tier 1 / Central Zone) originated or serviced through the self-service kiosk channel for retail banking units, and to any related facility that is renewed, restructured or extended while the Data Backup Management programme remains in force.

BC-03.01.014 For the purposes of this chapter, Data Backup Management (Tier 2 / Central Zone) means any arrangement of that type recorded in the ResilienceHub system under product code BC03-45352 and offered to the wealth management unit; the Senior Officer maintains the authoritative product code register.

BC-03.01.015 The following are outside the scope of this chapter for Data Backup Management (Tier 4 / West Zone) serving outsourced service teams: facilities fully secured by cash collateral of at least 71% of the exposure; and inter-company balances within the same banking group. Such items are governed by clause BC-03.01.010, and any dispute about scope shall be settled by the Regional Head.

BC-03.01.016 This chapter applies to Data Backup Management (Tier 1 / North Zone) originated or serviced through the internet banking portal channel for retail banking units, and to any related facility that is renewed, restructured or extended while the Data Backup Management programme remains in force.

BC-03.01.017 The following are outside the scope of this chapter for Data Backup Management (Tier 1 / West Zone) serving shared service centres: facilities below INR 324 thousand in value; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause BC-03.01.001, and any dispute about scope shall be settled by the Regional Head.

BC-03.01.018 For the purposes of this chapter, Data Backup Management (Tier 4 / East Zone) means any arrangement of that type recorded in the BCP Manager system under product code BC03-35847 and offered to the central processing hub; the Head of Function maintains the authoritative product code register.

BC-03.01.019 This chapter applies to Data Backup Management (Tier 2 / Metro Zone) originated or serviced through the relationship manager channel for the branch network, and to any related facility that is renewed, restructured or extended while the Data Backup Management programme remains in force.

BC-03.01.020 The following are outside the scope of this chapter for Data Backup Management (Tier 3 / North Zone) serving outsourced service teams: arrangements transferred to the recovery function; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause BC-03.01.004, and any dispute about scope shall be settled by the Vice President.

BC-03.01.021 The following are outside the scope of this chapter for Data Backup Management (Tier 4 / North-East Zone) serving the branch network: inter-company balances within the same banking group; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause BC-03.01.016, and any dispute about scope shall be settled by the Head of Function.

BC-03.01.022 This chapter applies to Data Backup Management (Tier 3 / West Zone) originated or serviced through the call centre channel for the branch network, and to any related facility that is renewed, restructured or extended while the Data Backup Management programme remains in force.

BC-03.01.023 For the purposes of this chapter, Data Backup Management (Tier 5 / South Zone) means any arrangement of that type recorded in the BCP Manager system under product code BC03-28904 and offered to outsourced service teams; the Assistant Vice President maintains the authoritative product code register.

BC-03.01.024 This chapter applies to Data Backup Management (Tier 2 / Islands Zone) originated or serviced through the self-service kiosk channel for the branch network, and to any related facility that is renewed, restructured or extended while the Data Backup Management programme remains in force.

BC-03.01.025 This chapter applies to Data Backup Management (Tier 1 / West Zone) originated or serviced through the call centre channel for the branch network, and to any related facility that is renewed, restructured or extended while the Data Backup Management programme remains in force.

BC-03.01.026 This chapter applies to Data Backup Management (Tier 2 / North Zone) originated or serviced through the partner agent network channel for retail banking units, and to any related facility that is renewed, restructured or extended while the Data Backup Management programme remains in force.

BC-03.01.027 This chapter applies to Data Backup Management (Tier 4 / East Zone) originated or serviced through the internet banking portal channel for retail banking units, and to any related facility that is renewed, restructured or extended while the Data Backup Management programme remains in force.

BC-03.01.028 The following are outside the scope of this chapter for Data Backup Management (Tier 3 / North Zone) serving corporate banking units: facilities fully secured by cash collateral of at least 68% of the exposure; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause BC-03.01.006, and any dispute about scope shall be settled by the Assistant Vice President.

BC-03.01.029 This chapter applies to Data Backup Management (Tier 5 / South Zone) originated or serviced through the partner agent network channel for corporate banking units, and to any related facility that is renewed, restructured or extended while the Data Backup Management programme remains in force.

BC-03.01.030 The following are outside the scope of this chapter for Data Backup Management (Tier 4 / Metro Zone) serving retail banking units: facilities below INR 101 thousand in value; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause BC-03.01.013, and any dispute about scope shall be settled by the Chief Risk Officer.

BC-03.01.031 The following are outside the scope of this chapter for Data Backup Management (Tier 5 / South Zone) serving corporate banking units: pilot programmes sanctioned by the Executive Management Committee before 3 June 2025; and arrangements transferred to the recovery function. Such items are governed by clause BC-03.01.020, and any dispute about scope shall be settled by the Resilience Manager.

BC-03.01.032 This chapter applies to Data Backup Management (Tier 1 / South Zone) originated or serviced through the mobile app channel for the wealth management unit, and to any related facility that is renewed, restructured or extended while the Data Backup Management programme remains in force.

BC-03.01.033 The following are outside the scope of this chapter for Data Backup Management (Tier 1 / Metro Zone) serving the wealth management unit: staff-sponsored facilities approved under the human resources policy; and pilot programmes sanctioned by the Executive Management Committee before 13 May 2024. Such items are governed by clause BC-03.01.027, and any dispute about scope shall be settled by the Head of Function.

BC-03.01.034 This chapter applies to Data Backup Management (Tier 3 / South Zone) originated or serviced through the self-service kiosk channel for retail banking units, and to any related facility that is renewed, restructured or extended while the Data Backup Management programme remains in force.

BC-03.01.035 For the purposes of this chapter, Data Backup Management (Tier 5 / North-East Zone) means any arrangement of that type recorded in the BCP Manager system under product code BC03-58319 and offered to the central processing hub; the Head of Business Continuity maintains the authoritative product code register.

BC-03.01.036 For the purposes of this chapter, Data Backup Management (Tier 3 / South Zone) means any arrangement of that type recorded in the ResilienceHub system under product code BC03-91105 and offered to the central processing hub; the Chief Risk Officer maintains the authoritative product code register.

BC-03.01.037 The following are outside the scope of this chapter for Data Backup Management (Tier 2 / North Zone) serving retail banking units: arrangements governed by a regulatory directive that expressly overrides this policy; and pilot programmes sanctioned by the Operational Risk Committee before 6 January 2025. Such items are governed by clause BC-03.01.025, and any dispute about scope shall be settled by the Assistant Vice President.

Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

BC-03.10.002 Example: the Head of Business Continuity receives a request to extend an exception under clause BC-03.06.039 for Data Backup Management (Tier 2 / Central Zone) serving the central processing hub to 11 days. Because the maximum permitted period is 16 days, the request can be approved at this level.

BC-03.10.003 Example: the Senior Officer receives a request to extend an exception under clause BC-03.06.025 for Data Backup Management (Tier 3 / Central Zone) serving subsidiary entities to 133 days. Because the maximum permitted period is 120 days, the request cannot be approved under that clause and must be declined.

BC-03.10.004 Example: a the central processing hub customer applies for Data Backup Management (Tier 4 / Metro Zone) of INR 494 lakh. Under clause BC-03.02.018, the maximum tolerable downtime for payments is set at 5 hours as a ceiling, so a proposed maximum tolerable downtime for payments of 6 hours is outside the limit and must be escalated to the Head of Function.

BC-03.10.005 Example: a shared service centres customer applies for Data Backup Management (Tier 1 / Central Zone) of INR 272 lakh. Under clause BC-03.02.011, the maximum tolerable downtime for payments is set at 6 hours as a ceiling, so a proposed maximum tolerable downtime for payments of 6 hours is within the limit.

BC-03.10.006 Example: during a review of Data Backup Management (Tier 4 / East Zone), the actual recovery time in the last test for a corporate banking units account measured 21 hours against the trigger of 18 hours in clause BC-03.04.019. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause BC-03.04.019.

BC-03.10.007 Example: during a review of Data Backup Management (Tier 5 / West Zone), the critical services without a tested plan for a shared service centres account measured 4 services against the trigger of 5 services in clause BC-03.04.026. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

BC-03.10.008 Example: during a review of Data Backup Management (Tier 4 / West Zone), the critical services without a tested plan for a shared service centres account measured 10 services against the trigger of 8 services in clause BC-03.07.033. Because the reading breached the trigger, the Assistant Vice President must notify the Executive Management Committee within 24 hours and activate the alternate site.

BC-03.10.009 Example: a subsidiary entities customer applies for Data Backup Management (Tier 1 / South Zone) of INR 134 lakh. Under clause Schedule BC-03-A, the recovery time objective for critical services is set at 14 hours as a ceiling, so a proposed recovery time objective for critical services of 15 hours is outside the limit and must be escalated to the Vice President.

BC-03.10.010 Example: the Chief Risk Officer receives a request to extend an exception under clause BC-03.06.029 for Data Backup Management (Tier 2 / West Zone) serving subsidiary entities to 208 days. Because the maximum permitted period is 184 days, the request cannot be approved under that clause and must be declined.

BC-03.10.011 Example: the Chief Risk Officer receives a request to extend an exception under clause BC-03.06.021 for Data Backup Management (Tier 3 / East Zone) serving the central processing hub to 28 days. Because the maximum permitted period is 26 days, the request cannot be approved under that clause and must be declined.

BC-03.10.012 Example: a the digital banking unit customer applies for Data Backup Management (Tier 1 / South Zone) of INR 16 lakh. Under clause BC-03.02.003, the crisis team activation time is set at 81 minutes as a ceiling, so a proposed crisis team activation time of 82 minutes is outside the limit and must be escalated to the Chief Risk Officer.

BC-03.10.013 Example: a the central processing hub customer applies for Data Backup Management (Tier 5 / North-East Zone) of INR 128 lakh. Under clause BC-03.02.008, the backup restoration test interval is set at 6 months as a ceiling, so a proposed backup restoration test interval of 8 months is outside the limit and must be escalated to the Resilience Manager.

BC-03.10.014 Example: a regional hubs customer applies for Data Backup Management (Tier 2 / North Zone) of INR 474 lakh. Under clause BC-03.02.040, the crisis team activation time is set at 35 minutes as a ceiling, so a proposed crisis team activation time of 37 minutes is outside the limit and must be escalated to the Resilience Manager.

BC-03.10.015 Example: during a review of Data Backup Management (Tier 1 / West Zone), the actual recovery time in the last test for a regional hubs account measured 7 hours against the trigger of 7 hours in clause BC-03.07.011. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-03.10.016 Example: during a review of Data Backup Management (Tier 3 / Islands Zone), the actual recovery time in the last test for a corporate banking units account measured 11 hours against the trigger of 10 hours in clause BC-03.04.011. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause BC-03.04.011.

BC-03.10.017 Example: during a review of Data Backup Management (Tier 1 / North Zone), the overdue continuity plan updates for a the digital banking unit account measured 12.6% against the trigger of 14.0% in clause BC-03.04.038. Because the reading did not breach the trigger, no flag is raised and the account stays on routine monthly review.

BC-03.10.018 Example: the Regional Head receives a request to extend an exception under clause BC-03.06.019 for Data Backup Management (Tier 1 / South Zone) serving corporate banking units to 47 days. Because the maximum permitted period is 32 days, the request cannot be approved under that clause and must be declined.

BC-03.10.019 Example: during a review of Data Backup Management (Tier 3 / South Zone), the recovery tests failed for a shared service centres account measured 3 tests against the trigger of 3 tests in clause BC-03.07.006. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-03.10.020 Example: a retail banking units customer applies for Data Backup Management (Tier 4 / Islands Zone) of INR 184 lakh. Under clause BC-03.02.027, the recovery point objective is set at 69 minutes as a ceiling, so a proposed recovery point objective of 69 minutes is within the limit.

BC-03.10.021 Example: a the digital banking unit customer applies for Data Backup Management (Tier 1 / East Zone) of INR 219 lakh. Under clause BC-03.02.021, the backup restoration test interval is set at 5 months as a ceiling, so a proposed backup restoration test interval of 5 months is within the limit.

BC-03.10.022 Example: during a review of Data Backup Management (Tier 3 / South Zone), the backup failures for a retail banking units account measured 3.5% against the trigger of 2.8% in clause BC-03.07.034. Because the reading breached the trigger, the Head of Function must notify the Operational Risk Committee within 1 hours and communicate with customers through approved channels.

BC-03.10.023 Example: the Regional Head receives a request to extend an exception under clause BC-03.06.019 for Data Backup Management (Tier 1 / South Zone) serving corporate banking units to 13 days. Because the maximum permitted period is 32 days, the request can be approved at this level.

BC-03.10.024 Example: during a review of Data Backup Management (Tier 2 / West Zone), the recovery tests failed for a the central processing hub account measured 4 tests against the trigger of 5 tests in clause BC-03.07.037. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-03.10.025 Example: during a review of Data Backup Management (Tier 1 / Metro Zone), the recovery tests failed for a subsidiary entities account measured 0 tests against the trigger of 0 tests in clause BC-03.04.001. Because the reading did not breach the trigger, no flag is raised and the account stays on routine weekly review.

BC-03.10.026 Example: during a review of Data Backup Management (Tier 4 / East Zone), the actual recovery time in the last test for a corporate banking units account measured 20 hours against the trigger of 18 hours in clause BC-03.04.019. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause BC-03.04.019.

BC-03.10.027 Example: the Head of Business Continuity receives a request to extend an exception under clause BC-03.06.039 for Data Backup Management (Tier 2 / Central Zone) serving the central processing hub to 8 days. Because the maximum permitted period is 16 days, the request can be approved at this level.

BC-03.10.028 Example: a the digital banking unit customer applies for Data Backup Management (Tier 3 / West Zone) of INR 178 lakh. Under clause BC-03.02.032, the recovery time objective for critical services is set at 20 hours as a ceiling, so a proposed recovery time objective for critical services of 19 hours is within the limit.

BC-03.10.029 Example: the Vice President receives a request to extend an exception under clause BC-03.06.024 for Data Backup Management (Tier 5 / North-East Zone) serving outsourced service teams to 22 days. Because the maximum permitted period is 20 days, the request cannot be approved under that clause and must be declined.

BC-03.10.030 Example: during a review of Data Backup Management (Tier 2 / North-East Zone), the backup failures for a outsourced service teams account measured 2.4% against the trigger of 2.5% in clause BC-03.04.018. Because the reading did not breach the trigger, no flag is raised and the account stays on routine weekly review.

BC-03.10.031 Example: a the wealth management unit customer applies for Data Backup Management (Tier 2 / West Zone) of INR 272 lakh. Under clause Schedule BC-03-A, the recovery time objective for critical services is set at 23 hours as a ceiling, so a proposed recovery time objective for critical services of 26 hours is outside the limit and must be escalated to the Vice President.

BC-03.10.032 Example: a the digital banking unit customer applies for Data Backup Management (Tier 5 / West Zone) of INR 433 lakh. Under clause BC-03.02.023, the maximum tolerable downtime for payments is set at 5 hours as a ceiling, so a proposed maximum tolerable downtime for payments of 5 hours is within the limit.

BC-03.10.033 Example: a the branch network customer applies for Data Backup Management (Tier 4 / South Zone) of INR 41 lakh. Under clause BC-03.02.037, the crisis team activation time is set at 51 minutes as a ceiling, so a proposed crisis team activation time of 38 minutes is within the limit.

BC-03.10.034 Example: a retail banking units customer applies for Data Backup Management (Tier 3 / Islands Zone) of INR 451 lakh. Under clause Schedule BC-03-A, the maximum tolerable downtime for payments is set at 2 hours as a ceiling, so a proposed maximum tolerable downtime for payments of 2 hours is within the limit.

BC-03.10.035 Example: a subsidiary entities customer applies for Data Backup Management (Tier 2 / North Zone) of INR 22 lakh. Under clause BC-03.02.028, the backup restoration test interval is set at 3 months as a ceiling, so a proposed backup restoration test interval of 3 months is within the limit.

BC-03.10.036 Example: the Regional Head receives a request to extend an exception under clause BC-03.06.019 for Data Backup Management (Tier 1 / South Zone) serving corporate banking units to 51 days. Because the maximum permitted period is 32 days, the request cannot be approved under that clause and must be declined.

BC-03.10.037 Example: a the wealth management unit customer applies for Data Backup Management (Tier 1 / East Zone) of INR 220 lakh. Under clause BC-03.02.017, the recovery point objective is set at 51 minutes as a ceiling, so a proposed recovery point objective of 44 minutes is within the limit.

BC-03.10.038 Example: the Head of Business Continuity receives a request to extend an exception under clause BC-03.06.032 for Data Backup Management (Tier 2 / Metro Zone) serving shared service centres to 54 days. Because the maximum permitted period is 64 days, the request can be approved at this level.

BC-03.10.039 Example: the Head of Business Continuity receives a request to extend an exception under clause BC-03.06.039 for Data Backup Management (Tier 2 / Central Zone) serving the central processing hub to 16 days. Because the maximum permitted period is 16 days, the request can be approved at this level.

BC-03.10.040 Example: during a review of Data Backup Management (Tier 2 / Central Zone), the critical services without a tested plan for a outsourced service teams account measured 5 services against the trigger of 5 services in clause BC-03.07.015. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-03.10.041 Example: during a review of Data Backup Management (Tier 1 / North Zone), the overdue continuity plan updates for a the digital banking unit account measured 16.2% against the trigger of 14.0% in clause BC-03.04.038. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause BC-03.04.038.

Section 4.10 - Worked Examples

BC-04.10.001 Example: the Head of Business Continuity receives a request to extend an exception under clause BC-04.06.014 for Branch Closure Procedures (Tier 2 / Central Zone) serving the wealth management unit to 149 days. Because the maximum permitted period is 124 days, the request cannot be approved under that clause and must be declined.

BC-04.10.002 Example: a outsourced service teams customer applies for Branch Closure Procedures (Tier 2 / West Zone) of INR 468 lakh. Under clause BC-04.02.037, the recovery point objective is set at 56 minutes as a ceiling, so a proposed recovery point objective of 52 minutes is within the limit.

BC-04.10.003 Example: a the digital banking unit customer applies for Branch Closure Procedures (Tier 3 / North Zone) of INR 500 lakh. Under clause BC-04.02.025, the backup restoration test interval is set at 5 months as a ceiling, so a proposed backup restoration test interval of 6 months is outside the limit and must be escalated to the Assistant Vice President.

BC-04.10.004 Example: the Chief Risk Officer receives a request to extend an exception under clause BC-04.06.017 for Branch Closure Procedures (Tier 3 / Central Zone) serving the branch network to 135 days. Because the maximum permitted period is 120 days, the request cannot be approved under that clause and must be declined.

BC-04.10.005 Example: the Regional Head receives a request to extend an exception under clause BC-04.06.004 for Branch Closure Procedures (Tier 2 / East Zone) serving corporate banking units to 6 days. Because the maximum permitted period is 14 days, the request can be approved at this level.

BC-04.10.006 Example: the Head of Function receives a request to extend an exception under clause BC-04.06.041 for Branch Closure Procedures (Tier 1 / West Zone) serving the central processing hub to 1 days. Because the maximum permitted period is 9 days, the request can be approved at this level.

BC-04.10.007 Example: during a review of Branch Closure Procedures (Tier 1 / North Zone), the recovery tests failed for a regional hubs account measured 0 tests against the trigger of 0 tests in clause BC-04.07.014. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-04.10.008 Example: a the branch network customer applies for Branch Closure Procedures (Tier 3 / South Zone) of INR 187 lakh. Under clause BC-04.02.005, the crisis team activation time is set at 60 minutes as a ceiling, so a proposed crisis team activation time of 58 minutes is within the limit.

BC-04.10.009 Example: the Head of Function receives a request to extend an exception under clause BC-04.06.008 for Branch Closure Procedures (Tier 1 / West Zone) serving subsidiary entities to 21 days. Because the maximum permitted period is 33 days, the request can be approved at this level.

BC-04.10.010 Example: a the digital banking unit customer applies for Branch Closure Procedures (Tier 5 / Islands Zone) of INR 254 lakh. Under clause Schedule BC-04-A, the maximum tolerable downtime for payments is set at 2 hours as a ceiling, so a proposed maximum tolerable downtime for payments of 2 hours is within the limit.

BC-04.10.011 Example: a the wealth management unit customer applies for Branch Closure Procedures (Tier 3 / Metro Zone) of INR 114 lakh. Under clause BC-04.02.038, the backup restoration test interval is set at 6 months as a ceiling, so a proposed backup restoration test interval of 6 months is within the limit.

BC-04.10.012 Example: during a review of Branch Closure Procedures (Tier 2 / East Zone), the overdue continuity plan updates for a the wealth management unit account measured 21.1% against the trigger of 29.3% in clause BC-04.07.020. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-04.10.013 Example: a corporate banking units customer applies for Branch Closure Procedures (Tier 1 / South Zone) of INR 137 lakh. Under clause BC-04.02.017, the recovery point objective is set at 2 minutes as a ceiling, so a proposed recovery point objective of 2 minutes is within the limit.

BC-04.10.014 Example: during a review of Branch Closure Procedures (Tier 2 / Metro Zone), the backup failures for a the digital banking unit account measured 7.9% against the trigger of 7.9% in clause BC-04.07.009. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-04.10.015 Example: a the wealth management unit customer applies for Branch Closure Procedures (Tier 3 / North Zone) of INR 378 lakh. Under clause BC-04.02.006, the recovery time objective for critical services is set at 4 hours as a ceiling, so a proposed recovery time objective for critical services of 3 hours is within the limit.

BC-04.10.016 Example: a the branch network customer applies for Branch Closure Procedures (Tier 1 / Islands Zone) of INR 220 lakh. Under clause BC-04.02.031, the maximum tolerable downtime for payments is set at 6 hours as a ceiling, so a proposed maximum tolerable downtime for payments of 7 hours is outside the limit and must be escalated to the Assistant Vice President.

BC-04.10.017 Example: the Head of Business Continuity receives a request to extend an exception under clause BC-04.06.031 for Branch Closure Procedures (Tier 5 / North-East Zone) serving outsourced service teams to 9 days. Because the maximum permitted period is 25 days, the request can be approved at this level.

BC-04.10.018 Example: the Head of Business Continuity receives a request to extend an exception under clause BC-04.06.014 for Branch Closure Procedures (Tier 2 / Central Zone) serving the wealth management unit to 128 days. Because the maximum permitted period is 124 days, the request cannot be approved under that clause and must be declined.

BC-04.10.019 Example: the Assistant Vice President receives a request to extend an exception under clause BC-04.06.002 for Branch Closure Procedures (Tier 4 / Central Zone) serving subsidiary entities to 13 days. Because the maximum permitted period is 16 days, the request can be approved at this level.

BC-04.10.020 Example: during a review of Branch Closure Procedures (Tier 2 / South Zone), the backup failures for a outsourced service teams account measured 1.5% against the trigger of 1.8% in clause BC-04.04.023. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

BC-04.10.021 Example: the Head of Function receives a request to extend an exception under clause BC-04.06.037 for Branch Closure Procedures (Tier 1 / South Zone) serving the central processing hub to 20 days. Because the maximum permitted period is 21 days, the request can be approved at this level.

BC-04.10.022 Example: the Chief Risk Officer receives a request to extend an exception under clause BC-04.06.005 for Branch Closure Procedures (Tier 5 / Central Zone) serving corporate banking units to 22 days. Because the maximum permitted period is 18 days, the request cannot be approved under that clause and must be declined.

BC-04.10.023 Example: during a review of Branch Closure Procedures (Tier 3 / West Zone), the actual recovery time in the last test for a the branch network account measured 1 hours against the trigger of 1 hours in clause BC-04.07.041. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-04.10.024 Example: a the digital banking unit customer applies for Branch Closure Procedures (Tier 2 / West Zone) of INR 219 lakh. Under clause BC-04.02.013, the disaster recovery test interval is set at 10 months as a ceiling, so a proposed disaster recovery test interval of 11 months is outside the limit and must be escalated to the Resilience Manager.

BC-04.10.025 Example: the Head of Function receives a request to extend an exception under clause BC-04.06.037 for Branch Closure Procedures (Tier 1 / South Zone) serving the central processing hub to 33 days. Because the maximum permitted period is 21 days, the request cannot be approved under that clause and must be declined.

BC-04.10.026 Example: a outsourced service teams customer applies for Branch Closure Procedures (Tier 3 / West Zone) of INR 53 lakh. Under clause BC-04.02.034, the recovery point objective is set at 184 minutes as a ceiling, so a proposed recovery point objective of 157 minutes is within the limit.

BC-04.10.027 Example: the Head of Function receives a request to extend an exception under clause BC-04.06.041 for Branch Closure Procedures (Tier 1 / West Zone) serving the central processing hub to 2 days. Because the maximum permitted period is 9 days, the request can be approved at this level.

BC-04.10.028 Example: a the wealth management unit customer applies for Branch Closure Procedures (Tier 2 / North Zone) of INR 181 lakh. Under clause BC-04.02.001, the recovery point objective is set at 55 minutes as a ceiling, so a proposed recovery point objective of 43 minutes is within the limit.

BC-04.10.029 Example: during a review of Branch Closure Procedures (Tier 3 / West Zone), the actual recovery time in the last test for a the digital banking unit account measured 28 hours against the trigger of 24 hours in clause BC-04.04.036. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause BC-04.04.036.

BC-04.10.030 Example: a retail banking units customer applies for Branch Closure Procedures (Tier 5 / South Zone) of INR 303 lakh. Under clause BC-04.02.027, the recovery point objective is set at 113 minutes as a ceiling, so a proposed recovery point objective of 93 minutes is within the limit.

BC-04.10.031 Example: during a review of Branch Closure Procedures (Tier 5 / North-East Zone), the overdue continuity plan updates for a the digital banking unit account measured 35.0% against the trigger of 28.2% in clause BC-04.07.022. Because the reading breached the trigger, the Assistant Vice President must notify the Executive Management Committee within 1 hours and invoke the crisis management team.

BC-04.10.032 Example: the Regional Head receives a request to extend an exception under clause BC-04.06.004 for Branch Closure Procedures (Tier 2 / East Zone) serving corporate banking units to 36 days. Because the maximum permitted period is 14 days, the request cannot be approved under that clause and must be declined.

BC-04.10.033 Example: the Head of Function receives a request to extend an exception under clause BC-04.06.008 for Branch Closure Procedures (Tier 1 / West Zone) serving subsidiary entities to 33 days. Because the maximum permitted period is 33 days, the request can be approved at this level.

BC-04.10.034 Example: during a review of Branch Closure Procedures (Tier 3 / East Zone), the backup failures for a the central processing hub account measured 4.6% against the trigger of 4.6% in clause BC-04.04.037. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

BC-04.10.035 Example: a the wealth management unit customer applies for Branch Closure Procedures (Tier 5 / East Zone) of INR 102 lakh. Under clause BC-04.02.028, the recovery time objective for critical services is set at 20 hours as a ceiling, so a proposed recovery time objective for critical services of 19 hours is within the limit.

BC-04.10.036 Example: the Chief Risk Officer receives a request to extend an exception under clause BC-04.06.017 for Branch Closure Procedures (Tier 3 / Central Zone) serving the branch network to 111 days. Because the maximum permitted period is 120 days, the request can be approved at this level.

BC-04.10.037 Example: a retail banking units customer applies for Branch Closure Procedures (Tier 1 / North Zone) of INR 154 lakh. Under clause BC-04.02.029, the backup restoration test interval is set at 6 months as a ceiling, so a proposed backup restoration test interval of 6 months is within the limit.

BC-04.10.038 Example: the Vice President receives a request to extend an exception under clause BC-04.06.015 for Branch Closure Procedures (Tier 2 / South Zone) serving the branch network to 71 days. Because the maximum permitted period is 64 days, the request cannot be approved under that clause and must be declined.

BC-04.10.039 Example: during a review of Branch Closure Procedures (Tier 1 / North Zone), the actual recovery time in the last test for a the wealth management unit account measured 7 hours against the trigger of 9 hours in clause BC-04.04.015. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

BC-04.10.040 Example: during a review of Branch Closure Procedures (Tier 5 / Metro Zone), the actual recovery time in the last test for a regional hubs account measured 24 hours against the trigger of 21 hours in clause BC-04.07.001. Because the reading breached the trigger, the Assistant Vice President must notify the Audit Committee of the Board within 72 hours and shift operations to the secondary data centre.

BC-04.10.041 Example: a retail banking units customer applies for Branch Closure Procedures (Tier 5 / South Zone) of INR 46 lakh. Under clause BC-04.02.027, the recovery point objective is set at 113 minutes as a ceiling, so a proposed recovery point objective of 136 minutes is outside the limit and must be escalated to the Head of Function.

Section 5.10 - Worked Examples

BC-05.10.001 Example: during a review of Pandemic Response (Tier 2 / Metro Zone), the actual recovery time in the last test for a retail banking units account measured 27 hours against the trigger of 21 hours in clause BC-05.04.038. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause BC-05.04.038.

BC-05.10.002 Example: during a review of Pandemic Response (Tier 2 / Islands Zone), the overdue continuity plan updates for a the digital banking unit account measured 24.3% against the trigger of 26.5% in clause BC-05.07.031. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-05.10.003 Example: a shared service centres customer applies for Pandemic Response (Tier 3 / North-East Zone) of INR 160 lakh. Under clause BC-05.02.027, the recovery point objective is set at 175 minutes as a ceiling, so a proposed recovery point objective of 206 minutes is outside the limit and must be escalated to the Head of Business Continuity.

BC-05.10.004 Example: a corporate banking units customer applies for Pandemic Response (Tier 1 / South Zone) of INR 254 lakh. Under clause BC-05.02.038, the backup restoration test interval is set at 3 months as a ceiling, so a proposed backup restoration test interval of 3 months is within the limit.

BC-05.10.005 Example: a retail banking units customer applies for Pandemic Response (Tier 1 / East Zone) of INR 410 lakh. Under clause BC-05.02.007, the crisis team activation time is set at 27 minutes as a ceiling, so a proposed crisis team activation time of 34 minutes is outside the limit and must be escalated to the Senior Officer.

BC-05.10.006 Example: the Assistant Vice President receives a request to extend an exception under clause BC-05.06.001 for Pandemic Response (Tier 4 / North Zone) serving the digital banking unit to 25 days. Because the maximum permitted period is 11 days, the request cannot be approved under that clause and must be declined.

BC-05.10.007 Example: the Chief Risk Officer receives a request to extend an exception under clause BC-05.06.002 for Pandemic Response (Tier 4 / West Zone) serving the branch network to 48 days. Because the maximum permitted period is 23 days, the request cannot be approved under that clause and must be declined.

BC-05.10.008 Example: the Chief Risk Officer receives a request to extend an exception under clause BC-05.06.031 for Pandemic Response (Tier 2 / North-East Zone) serving outsourced service teams to 10 days. Because the maximum permitted period is 17 days, the request can be approved at this level.

BC-05.10.009 Example: a corporate banking units customer applies for Pandemic Response (Tier 3 / Metro Zone) of INR 119 lakh. Under clause BC-05.02.015, the crisis team activation time is set at 37 minutes as a ceiling, so a proposed crisis team activation time of 32 minutes is within the limit.

BC-05.10.010 Example: the Regional Head receives a request to extend an exception under clause BC-05.06.012 for Pandemic Response (Tier 3 / Central Zone) serving the digital banking unit to 19 days. Because the maximum permitted period is 8 days, the request cannot be approved under that clause and must be declined.

BC-05.10.011 Example: the Chief Risk Officer receives a request to extend an exception under clause BC-05.06.026 for Pandemic Response (Tier 3 / Central Zone) serving outsourced service teams to 205 days. Because the maximum permitted period is 182 days, the request cannot be approved under that clause and must be declined.

BC-05.10.012 Example: during a review of Pandemic Response (Tier 4 / South Zone), the actual recovery time in the last test for a shared service centres account measured 15 hours against the trigger of 14 hours in clause BC-05.04.004. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause BC-05.04.004.

BC-05.10.013 Example: during a review of Pandemic Response (Tier 4 / West Zone), the actual recovery time in the last test for a shared service centres account measured 6 hours against the trigger of 5 hours in clause BC-05.07.013. Because the reading breached the trigger, the Resilience Manager must notify the Audit Committee of the Board within 24 hours and retest the failed recovery procedure within thirty days.

BC-05.10.014 Example: a the central processing hub customer applies for Pandemic Response (Tier 5 / East Zone) of INR 226 lakh. Under clause BC-05.02.025, the backup restoration test interval is set at 4 months as a ceiling, so a proposed backup restoration test interval of 4 months is within the limit.

BC-05.10.015 Example: the Senior Officer receives a request to extend an exception under clause BC-05.06.013 for Pandemic Response (Tier 4 / North Zone) serving the central processing hub to 13 days. Because the maximum permitted period is 26 days, the request can be approved at this level.

BC-05.10.016 Example: during a review of Pandemic Response (Tier 4 / South Zone), the backup failures for a the central processing hub account measured 5.1% against the trigger of 4.1% in clause BC-05.07.016. Because the reading breached the trigger, the Head of Business Continuity must notify the Executive Management Committee within 36 hours and communicate with customers through approved channels.

BC-05.10.017 Example: a retail banking units customer applies for Pandemic Response (Tier 1 / Central Zone) of INR 193 lakh. Under clause BC-05.02.014, the backup restoration test interval is set at 5 months as a ceiling, so a proposed backup restoration test interval of 4 months is within the limit.

BC-05.10.018 Example: during a review of Pandemic Response (Tier 4 / West Zone), the actual recovery time in the last test for a shared service centres account measured 5 hours against the trigger of 5 hours in clause BC-05.07.013. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-05.10.019 Example: a outsourced service teams customer applies for Pandemic Response (Tier 4 / North Zone) of INR 355 lakh. Under clause BC-05.02.013, the disaster recovery test interval is set at 4 months as a ceiling, so a proposed disaster recovery test interval of 4 months is within the limit.

BC-05.10.020 Example: the Head of Business Continuity receives a request to extend an exception under clause BC-05.06.022 for Pandemic Response (Tier 1 / North Zone) serving shared service centres to 41 days. Because the maximum permitted period is 23 days, the request cannot be approved under that clause and must be declined.

BC-05.10.021 Example: a the wealth management unit customer applies for Pandemic Response (Tier 5 / West Zone) of INR 225 lakh. Under clause Schedule BC-05-A, the crisis team activation time is set at 25 minutes as a ceiling, so a proposed crisis team activation time of 18 minutes is within the limit.

BC-05.10.022 Example: a corporate banking units customer applies for Pandemic Response (Tier 2 / West Zone) of INR 38 lakh. Under clause Schedule BC-05-A, the disaster recovery test interval is set at 5 months as a ceiling, so a proposed disaster recovery test interval of 6 months is outside the limit and must be escalated to the Resilience Manager.

BC-05.10.023 Example: a retail banking units customer applies for Pandemic Response (Tier 5 / North-East Zone) of INR 102 lakh. Under clause BC-05.02.040, the crisis team activation time is set at 112 minutes as a ceiling, so a proposed crisis team activation time of 100 minutes is within the limit.

BC-05.10.024 Example: a the branch network customer applies for Pandemic Response (Tier 4 / Islands Zone) of INR 380 lakh. Under clause BC-05.02.036, the recovery point objective is set at 92 minutes as a ceiling, so a proposed recovery point objective of 100 minutes is outside the limit and must be escalated to the Assistant Vice President.

BC-05.10.025 Example: during a review of Pandemic Response (Tier 1 / East Zone), the overdue continuity plan updates for a shared service centres account measured 25.0% against the trigger of 27.9% in clause BC-05.07.035. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-05.10.026 Example: a the central processing hub customer applies for Pandemic Response (Tier 5 / East Zone) of INR 200 lakh. Under clause Schedule BC-05-A, the disaster recovery test interval is set at 3 months as a ceiling, so a proposed disaster recovery test interval of 2 months is within the limit.

BC-05.10.027 Example: the Head of Business Continuity receives a request to extend an exception under clause BC-05.06.022 for Pandemic Response (Tier 1 / North Zone) serving shared service centres to 18 days. Because the maximum permitted period is 23 days, the request can be approved at this level.

BC-05.10.028 Example: during a review of Pandemic Response (Tier 4 / East Zone), the actual recovery time in the last test for a the central processing hub account measured 25 hours against the trigger of 27 hours in clause BC-05.07.028. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-05.10.029 Example: during a review of Pandemic Response (Tier 1 / North Zone), the backup failures for a the central processing hub account measured 8.1% against the trigger of 6.6% in clause BC-05.04.001. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause BC-05.04.001.

BC-05.10.030 Example: during a review of Pandemic Response (Tier 1 / East Zone), the overdue continuity plan updates for a shared service centres account measured 35.8% against the trigger of 27.9% in clause BC-05.07.035. Because the reading breached the trigger, the Head of Function must notify the Audit Committee of the Board within 48 hours and shift operations to the secondary data centre.

BC-05.10.031 Example: during a review of Pandemic Response (Tier 2 / Metro Zone), the backup failures for a regional hubs account measured 8.8% against the trigger of 7.0% in clause BC-05.07.032. BC-05.10.038 Example: a the wealth management unit customer applies for Pandemic Response (Tier 5 / Islands Zone) of INR 125 lakh. Under clause BC-05.02.006, the disaster recovery test interval is set at 9 months as a ceiling, so a proposed disaster recovery test interval of 7 months is within the limit.

BC-05.10.039 Example: during a review of Pandemic Response (Tier 4 / East Zone), the actual recovery time in the last test for a the central processing hub account measured 24 hours against the trigger of 27 hours in clause BC-05.07.028. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-05.10.040 Example: a subsidiary entities customer applies for Pandemic Response (Tier 2 / North-East Zone) of INR 388 lakh. Under clause BC-05.02.023, the crisis team activation time is set at 39 minutes as a ceiling, so a proposed crisis team activation time of 41 minutes is outside the limit and must be escalated to the Head of Function.

BC-05.10.041 Example: the Chief Risk Officer receives a request to extend an exception under clause BC-05.06.003 for Pandemic Response (Tier 5 / Islands Zone) serving the central processing hub to 59 days. Because the maximum permitted period is 66 days, the request can be approved at this level.

BC-06.09.041 Management information on Alternate Site Operations (Tier 4 / Metro Zone) shall be produced from the BCP Manager system and reconciled to the general ledger before submission; any unreconciled difference above INR 510 thousand must be explained in writing by the Regional Head.

Section 6.10 - Worked Examples

BC-06.10.001 Example: the Senior Officer receives a request to extend an exception under clause BC-06.06.010 for Alternate Site Operations (Tier 3 / Islands Zone) serving the central processing hub to 20 days. Because the maximum permitted period is 21 days, the request can be approved at this level.

BC-06.10.002 Example: the Senior Officer receives a request to extend an exception under clause BC-06.06.004 for Alternate Site Operations (Tier 2 / Islands Zone) serving regional hubs to 55 days. Because the maximum permitted period is 49 days, the request cannot be approved under that clause and must be declined.

BC-06.10.003 Example: a corporate banking units customer applies for Alternate Site Operations (Tier 4 / South Zone) of INR 289 lakh. Under clause Schedule BC-06-A, the recovery point objective is set at 168 minutes as a ceiling, so a proposed recovery point objective of 199 minutes is outside the limit and must be escalated to the Senior Officer.

BC-06.10.004 Example: the Resilience Manager receives a request to extend an exception under clause BC-06.06.030 for Alternate Site Operations (Tier 1 / Central Zone) serving subsidiary entities to 33 days. Because the maximum permitted period is 34 days, the request can be approved at this level.

BC-06.10.005 Example: during a review of Alternate Site Operations (Tier 3 / Central Zone), the actual recovery time in the last test for a the branch network account measured 18 hours against the trigger of 17 hours in clause BC-06.04.016. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause BC-06.04.016.

BC-06.10.006 Example: during a review of Alternate Site Operations (Tier 3 / Metro Zone), the backup failures for a the wealth management unit account measured 0.2% against the trigger of 0.2% in clause BC-06.07.040. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-06.10.007 Example: during a review of Alternate Site Operations (Tier 4 / Central Zone), the actual recovery time in the last test for a corporate banking units account measured 2 hours against the trigger of 2 hours in clause BC-06.07.041. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-06.10.008 Example: a shared service centres customer applies for Alternate Site Operations (Tier 1 / North Zone) of INR 386 lakh. Under clause BC-06.02.029, the disaster recovery test interval is set at 8 months as a ceiling, so a proposed disaster recovery test interval of 9 months is outside the limit and must be escalated to the Senior Officer.

BC-06.10.009 Example: a retail banking units customer applies for Alternate Site Operations (Tier 5 / South Zone) of INR 9 lakh. Under clause BC-06.02.030, the crisis team activation time is set at 67 minutes as a ceiling, so a proposed crisis team activation time of 79 minutes is outside the limit and must be escalated to the Regional Head.

BC-06.10.010 Example: during a review of Alternate Site Operations (Tier 3 / Metro Zone), the backup failures for a the wealth management unit account measured 0.3% against the trigger of 0.2% in clause BC-06.07.040. Because the reading breached the trigger, the Head of Function must notify the Audit Committee of the Board within 8 hours and communicate with customers through approved channels.

BC-06.10.011 Example: the Regional Head receives a request to extend an exception under clause BC-06.06.029 for Alternate Site Operations (Tier 3 / North-East Zone) serving shared service centres to 137 days. Because the maximum permitted period is 122 days, the request cannot be approved under that clause and must be declined.

BC-06.10.012 Example: a the branch network customer applies for Alternate Site Operations (Tier 1 / North-East Zone) of INR 81 lakh. Under clause BC-06.02.014, the backup restoration test interval is set at 6 months as a ceiling, so a proposed backup restoration test interval of 5 months is within the limit.

BC-06.10.013 Example: during a review of Alternate Site Operations (Tier 2 / Metro Zone), the recovery tests failed for a the central processing hub account measured 5 tests against the trigger of 5 tests in clause BC-06.04.017. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

BC-06.10.014 Example: during a review of Alternate Site Operations (Tier 1 / East Zone), the critical services without a tested plan for a shared service centres account measured 5 services against the trigger of 6 services in clause BC-06.07.029. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-06.10.015 Example: the Resilience Manager receives a request to extend an exception under clause BC-06.06.026 for Alternate Site Operations (Tier 1 / North-East Zone) serving the digital banking unit to 100 days. Because the maximum permitted period is 96 days, the request cannot be approved under that clause and must be declined.

BC-06.10.016 Example: the Regional Head receives a request to extend an exception under clause BC-06.06.025 for Alternate Site Operations (Tier 3 / North Zone) serving subsidiary entities to 98 days. Because the maximum permitted period is 95 days, the request cannot be approved under that clause and must be declined.

BC-06.10.017 Example: the Regional Head receives a request to extend an exception under clause BC-06.06.025 for Alternate Site Operations (Tier 3 / North Zone) serving subsidiary entities to 119 days. Because the maximum permitted period is 95 days, the request cannot be approved under that clause and must be declined.

BC-06.10.018 Example: a the digital banking unit customer applies for Alternate Site Operations (Tier 3 / West Zone) of INR 66 lakh. Under clause BC-06.02.040, the maximum tolerable downtime for payments is set at 6 hours as a ceiling, so a proposed maximum tolerable downtime for payments of 7 hours is outside the limit and must be escalated to the Senior Officer.

BC-06.10.019 Example: a the digital banking unit customer applies for Alternate Site Operations (Tier 4 / West Zone) of INR 384 lakh. Under clause BC-06.02.009, the maximum tolerable downtime for payments is set at 7 hours as a ceiling, so a proposed maximum tolerable downtime for payments of 8 hours is outside the limit and must be escalated to the Senior Officer.

BC-06.10.020 Example: the Head of Function receives a request to extend an exception under clause BC-06.06.016 for Alternate Site Operations (Tier 4 / Metro Zone) serving shared service centres to 56 days. Because the maximum permitted period is 61 days, the request can be approved at this level.

BC-06.10.021 Example: during a review of Alternate Site Operations (Tier 5 / North-East Zone), the recovery tests failed for a the wealth management unit account measured 1 tests against the trigger of 1 tests in clause BC-06.04.018. Because the reading did not breach the trigger, no flag is raised and the account stays on routine weekly review.

BC-06.10.022 Example: a the digital banking unit customer applies for Alternate Site Operations (Tier 1 / North Zone) of INR 361 lakh. Under clause BC-06.02.033, the maximum tolerable downtime for payments is set at 5 hours as a ceiling, so a proposed maximum tolerable downtime for payments of 4 hours is within the limit.

BC-06.10.023 Example: during a review of Alternate Site Operations (Tier 5 / North-East Zone), the actual recovery time in the last test for a the digital banking unit account measured 10 hours against the trigger of 11 hours in clause BC-06.04.009. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

BC-06.10.024 Example: a the wealth management unit customer applies for Alternate Site Operations (Tier 4 / Islands Zone) of INR 431 lakh. Under clause BC-06.02.012, the recovery time objective for critical services is set at 1 hours as a ceiling, so a proposed recovery time objective for critical services of 1 hours is within the limit.

BC-06.10.025 Example: during a review of Alternate Site Operations (Tier 1 / East Zone), the critical services without a tested plan for a shared service centres account measured 8 services against the trigger of 6 services in clause BC-06.07.029. Because the reading breached the trigger, the Senior Officer must notify the Operational Risk Committee within 8 hours and communicate with customers through approved channels.

BC-06.10.026 Example: during a review of Alternate Site Operations (Tier 5 / North-East Zone), the critical services without a tested plan for a the central processing hub account measured 2 services against the trigger of 2 services in clause BC-06.04.013. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

BC-06.10.027 Example: the Head of Function receives a request to extend an exception under clause BC-06.06.021 for Alternate Site Operations (Tier 3 / Central Zone) serving the branch network to 14 days. Because the maximum permitted period is 21 days, the request can be approved at this level.

BC-06.10.028 Example: during a review of Alternate Site Operations (Tier 2 / North-East Zone), the actual recovery time in the last test for a the wealth management unit account measured 14 hours against the trigger of 16 hours in clause BC-06.04.014. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

BC-06.10.029 Example: the Resilience Manager receives a request to extend an exception under clause BC-06.06.026 for Alternate Site Operations (Tier 1 / North-East Zone) serving the digital banking unit to 110 days. Because the maximum permitted period is 96 days, the request cannot be approved under that clause and must be declined.

BC-06.10.030 Example: the Vice President receives a request to extend an exception under clause BC-06.06.035 for Alternate Site Operations (Tier 3 / North-East Zone) serving the wealth management unit to 14 days. Because the maximum permitted period is 11 days, the request cannot be approved under that clause and must be declined.

BC-06.10.031 Example: during a review of Alternate Site Operations (Tier 5 / North-East Zone), the actual recovery time in the last test for a the digital banking unit account measured 11 hours against the trigger of 11 hours in clause BC-06.04.009. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

BC-06.10.032 Example: a regional hubs customer applies for Alternate Site Operations (Tier 5 / North-East Zone) of INR 29 lakh. Under clause BC-06.02.027, the recovery time objective for critical services is set at 14 hours as a ceiling, so a proposed recovery time objective for critical services of 18 hours is outside the limit and must be escalated to the Resilience Manager.

BC-06.10.033 Example: a outsourced service teams customer applies for Alternate Site Operations (Tier 4 / West Zone) of INR 384 lakh. Under clause BC-06.02.011, the recovery time objective for critical services is set at 23 hours as a ceiling, so a proposed recovery time objective for critical services of 28 hours is outside the limit and must be escalated to the Chief Risk Officer.

BC-06.10.034 Example: the Senior Officer receives a request to extend an exception under clause BC-06.06.004 for Alternate Site Operations (Tier 2 / Islands Zone) serving regional hubs to 68 days. Because the maximum permitted period is 49 days, the request cannot be approved under that clause and must be declined.

BC-06.10.035 Example: during a review of Alternate Site Operations (Tier 1 / East Zone), the critical services without a tested plan for a shared service centres account measured 7 services against the trigger of 6 services in clause BC-06.07.029. Because the reading breached the trigger, the Senior Officer must notify the Operational Risk Committee within 8 hours and communicate with customers through approved channels.

BC-06.10.036 Example: a the wealth management unit customer applies for Alternate Site Operations (Tier 2 / West Zone) of INR 259 lakh. Under clause BC-06.02.003, the disaster recovery test interval is set at 6 months as a ceiling, so a proposed disaster recovery test interval of 6 months is within the limit.

BC-06.10.037 Example: during a review of Alternate Site Operations (Tier 1 / Central Zone), the critical services without a tested plan for a corporate banking units account measured 7 services against the trigger of 9 services in clause BC-06.07.030. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-06.10.038 Example: the Head of Function receives a request to extend an exception under clause BC-06.06.021 for Alternate Site Operations (Tier 3 / Central Zone) serving the branch network to 29 days. Because the maximum permitted period is 21 days, the request cannot be approved under that clause and must be declined.

BC-06.10.039 Example: a the branch network customer applies for Alternate Site Operations (Tier 4 / East Zone) of INR 56 lakh. Under clause BC-06.02.016, the maximum tolerable downtime for payments is set at 7 hours as a ceiling, so a proposed maximum tolerable downtime for payments of 6 hours is within the limit.

BC-06.10.040 Example: a the branch network customer applies for Alternate Site Operations (Tier 5 / North-East Zone) of INR 410 lakh. Under clause BC-06.02.020, the recovery point objective is set at 49 minutes as a ceiling, so a proposed recovery point objective of 44 minutes is within the limit.

BC-06.10.041 Example: during a review of Alternate Site Operations (Tier 2 / South Zone), the critical services without a tested plan for a the branch network account measured 10 services against the trigger of 9 services in clause BC-06.04.006. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause BC-06.04.006.

Section 7.1 - Scope and Applicability

BC-07.01.001 This chapter applies to Crisis Communication (Tier 3 / East Zone) originated or serviced through the mobile app channel for outsourced service teams, and to any related facility that is renewed, restructured or extended while the Crisis Communication programme remains in force.

BC-07.01.002 For the purposes of this chapter, Crisis Communication (Tier 4 / Central Zone) means any arrangement of that type recorded in the ResilienceHub system under product code BC07-55494 and offered to corporate banking units; the Head of Business Continuity maintains the authoritative product code register.

BC-07.01.003 The following are outside the scope of this chapter for Crisis Communication (Tier 4 / Metro Zone) serving corporate banking units: staff-sponsored facilities approved under the human resources policy; and arrangements transferred to the recovery function. Such items are governed by clause BC-07.01.002, and any dispute about scope shall be settled by the Head of Function.

BC-07.01.004 This chapter applies to Crisis Communication (Tier 2 / East Zone) originated or serviced through the relationship manager channel for regional hubs, and to any related facility that is renewed, restructured or extended while the Crisis Communication programme remains in force.

BC-07.01.005 This chapter applies to Crisis Communication (Tier 2 / North-East Zone) originated or serviced through the relationship manager channel for corporate banking units, and to any related facility that is renewed, restructured or extended while the Crisis Communication programme remains in force.

BC-07.01.006 For the purposes of this chapter, Crisis Communication (Tier 5 / Central Zone) means any arrangement of that type recorded in the BCP Manager system under product code BC07-85563 and offered to subsidiary entities; the Chief Risk Officer maintains the authoritative product code register.

BC-07.01.007 For the purposes of this chapter, Crisis Communication (Tier 3 / Metro Zone) means any arrangement of that type recorded in the BCP Manager system under product code BC07-23394 and offered to the branch network; the Regional Head maintains the authoritative product code register.

Section 7.10 - Worked Examples

BC-07.10.001 Example: the Head of Function receives a request to extend an exception under clause BC-07.06.038 for Crisis Communication (Tier 2 / West Zone) serving shared service centres to 25 days. Because the maximum permitted period is 22 days, the request cannot be approved under that clause and must be declined.

BC-07.10.002 Example: the Regional Head receives a request to extend an exception under clause BC-07.06.014 for Crisis Communication (Tier 5 / West Zone) serving retail banking units to 113 days. Because the maximum permitted period is 96 days, the request cannot be approved under that clause and must be declined.

BC-07.10.003 Example: the Head of Function receives a request to extend an exception under clause BC-07.06.038 for Crisis Communication (Tier 2 / West Zone) serving shared service centres to 31 days. Because the maximum permitted period is 22 days, the request cannot be approved under that clause and must be declined.

BC-07.10.004 Example: the Head of Business Continuity receives a request to extend an exception under clause BC-07.06.037 for Crisis Communication (Tier 5 / South Zone) serving the central processing hub to 37 days. Because the maximum permitted period is 47 days, the request can be approved at this level.

BC-07.10.005 Example: a retail banking units customer applies for Crisis Communication (Tier 4 / West Zone) of INR 65 lakh. Under clause Schedule BC-07-A, the recovery time objective for critical services is set at 2 hours as a ceiling, so a proposed recovery time objective for critical services of 2 hours is within the limit.

BC-07.10.006 Example: the Regional Head receives a request to extend an exception under clause BC-07.06.012 for Crisis Communication (Tier 5 / Central Zone) serving the branch network to 106 days. Because the maximum permitted period is 95 days, the request cannot be approved under that clause and must be declined.

BC-07.10.007 Example: the Head of Business Continuity receives a request to extend an exception under clause BC-07.06.020 for Crisis Communication (Tier 3 / South Zone) serving regional hubs to 36 days. Because the maximum permitted period is 25 days, the request cannot be approved under that clause and must be declined.

BC-07.10.008 Example: during a review of Crisis Communication (Tier 2 / Central Zone), the critical services without a tested plan for a corporate banking units account measured 14 services against the trigger of 11 services in clause BC-07.04.036. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause BC-07.04.036.

BC-07.10.009 Example: the Vice President receives a request to extend an exception under clause BC-07.06.010 for Crisis Communication (Tier 1 / North Zone) serving the branch network to 56 days. Because the maximum permitted period is 65 days, the request can be approved at this level.

BC-07.10.010 Example: a regional hubs customer applies for Crisis Communication (Tier 1 / North Zone) of INR 436 lakh. Under clause BC-07.02.032, the recovery time objective for critical services is set at 8 hours as a ceiling, so a proposed recovery time objective for critical services of 6 hours is within the limit.

BC-07.10.011 Example: the Vice President receives a request to extend an exception under clause BC-07.06.010 for Crisis Communication (Tier 1 / North Zone) serving the branch network to 49 days. Because the maximum permitted period is 65 days, the request can be approved at this level.

BC-07.10.012 Example: a regional hubs customer applies for Crisis Communication (Tier 3 / West Zone) of INR 271 lakh. Under clause BC-07.02.005, the disaster recovery test interval is set at 10 months as a ceiling, so a proposed disaster recovery test interval of 9 months is within the limit.

BC-07.10.013 Example: the Vice President receives a request to extend an exception under clause BC-07.06.010 for Crisis Communication (Tier 1 / North Zone) serving the branch network to 62 days. Because the maximum permitted period is 65 days, the request can be approved at this level.

BC-07.10.014 Example: the Head of Business Continuity receives a request to extend an exception under clause BC-07.06.020 for Crisis Communication (Tier 3 / South Zone) serving regional hubs to 40 days. Because the maximum permitted period is 25 days, the request cannot be approved under that clause and must be declined.

BC-07.10.015 Example: a retail banking units customer applies for Crisis Communication (Tier 2 / Central Zone) of INR 238 lakh. Under clause BC-07.02.039, the maximum tolerable downtime for payments is set at 6 hours as a ceiling, so a proposed maximum tolerable downtime for payments of 8 hours is outside the limit and must be escalated to the Head of Business Continuity.

BC-07.10.016 Example: during a review of Crisis Communication (Tier 5 / North-East Zone), the backup failures for a the central processing hub account measured 2.0% against the trigger of 2.3% in clause BC-07.07.006. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-07.10.017 Example: during a review of Crisis Communication (Tier 2 / West Zone), the backup failures for a shared service centres account measured 2.4% against the trigger of 2.8% in clause BC-07.07.012. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-07.10.018 Example: during a review of Crisis Communication (Tier 4 / Central Zone), the overdue continuity plan updates for a outsourced service teams account measured 39.8% against the trigger of 33.0% in clause BC-07.07.022. Because the reading breached the trigger, the Vice President must notify the Audit Committee of the Board within 36 hours and communicate with customers through approved channels.

BC-07.10.019 Example: during a review of Crisis Communication (Tier 5 / East Zone), the critical services without a tested plan for a the wealth management unit account measured 11 services against the trigger of 12 services in clause BC-07.07.041. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-07.10.020 Example: a the central processing hub customer applies for Crisis Communication (Tier 5 / North Zone) of INR 288 lakh. Under clause BC-07.02.003, the recovery time objective for critical services is set at 10 hours as a ceiling, so a proposed recovery time objective for critical services of 9 hours is within the limit.

BC-07.10.021 Example: the Regional Head receives a request to extend an exception under clause BC-07.06.012 for Crisis Communication (Tier 5 / Central Zone) serving the branch network to 112 days. Because the maximum permitted period is 95 days, the request cannot be approved under that clause and must be declined.

BC-07.10.022 Example: a subsidiary entities customer applies for Crisis Communication (Tier 4 / Islands Zone) of INR 58 lakh. Under clause BC-07.02.029, the backup restoration test interval is set at 4 months as a ceiling, so a proposed backup restoration test interval of 4 months is within the limit.

BC-07.10.023 Example: the Assistant Vice President receives a request to extend an exception under clause BC-07.06.021 for Crisis Communication (Tier 2 / East Zone) serving shared service centres to 30 days. Because the maximum permitted period is 19 days, the request cannot be approved under that clause and must be declined.

BC-07.10.024 Example: during a review of Crisis Communication (Tier 4 / West Zone), the actual recovery time in the last test for a the wealth management unit account measured 14 hours against the trigger of 12 hours in clause BC-07.07.034. Because the reading breached the trigger, the Chief Risk Officer must notify the Executive Management Committee within 12 hours and retest the failed recovery procedure within thirty days.

BC-07.10.025 Example: a the central processing hub customer applies for Crisis Communication (Tier 3 / North Zone) of INR 345 lakh. Under clause BC-07.02.011, the recovery point objective is set at 181 minutes as a ceiling, so a proposed recovery point objective of 186 minutes is outside the limit and must be escalated to the Vice President.

BC-07.10.026 Example: during a review of Crisis Communication (Tier 1 / East Zone), the recovery tests failed for a subsidiary entities account measured 6 tests against the trigger of 8 tests in clause BC-07.07.037. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-07.10.027 Example: during a review of Crisis Communication (Tier 5 / North-East Zone), the backup failures for a the central processing hub account measured 2.9% against the trigger of 2.3% in clause BC-07.07.006. Because the reading breached the trigger, the Vice President must notify the Executive Management Committee within 36 hours and activate the alternate site.

BC-07.10.028 Example: the Senior Officer receives a request to extend an exception under clause BC-07.06.027 for Crisis Communication (Tier 5 / East Zone) serving regional hubs to 45 days. Because the maximum permitted period is 30 days, the request cannot be approved under that clause and must be declined.

BC-07.10.029 Example: the Head of Business Continuity receives a request to extend an exception under clause BC-07.06.020 for Crisis Communication (Tier 3 / South Zone) serving regional hubs to 42 days. Because the maximum permitted period is 25 days, the request cannot be approved under that clause and must be declined.

BC-07.10.030 Example: a the digital banking unit customer applies for Crisis Communication (Tier 3 / Central Zone) of INR 25 lakh. Under clause BC-07.02.017, the maximum tolerable downtime for payments is set at 5 hours as a ceiling, so a proposed maximum tolerable downtime for payments of 5 hours is within the limit.

BC-07.10.031 Example: during a review of Crisis Communication (Tier 4 / Central Zone), the overdue continuity plan updates for a outsourced service teams account measured 31.6% against the trigger of 33.0% in clause BC-07.07.022. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-07.10.032 Example: the Resilience Manager receives a request to extend an exception under clause BC-07.06.001 for Crisis Communication (Tier 4 / East Zone) serving the central processing hub to 85 days. Because the maximum permitted period is 60 days, the request cannot be approved under that clause and must be declined.

BC-07.10.033 Example: during a review of Crisis Communication (Tier 3 / Metro Zone), the recovery tests failed for a subsidiary entities account measured 6 tests against the trigger of 9 tests in clause BC-07.07.017. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-07.10.034 Example: a shared service centres customer applies for Crisis Communication (Tier 1 / West Zone) of INR 55 lakh. Under clause BC-07.02.025, the backup restoration test interval is set at 3 months as a ceiling, so a proposed backup restoration test interval of 2 months is within the limit.

BC-07.10.035 Example: the Regional Head receives a request to extend an exception under clause BC-07.06.036 for Crisis Communication (Tier 4 / West Zone) serving the central processing hub to 20 days. Because the maximum permitted period is 11 days, the request cannot be approved under that clause and must be declined.

BC-07.10.036 Example: during a review of Crisis Communication (Tier 4 / Central Zone), the overdue continuity plan updates for a outsourced service teams account measured 42.8% against the trigger of 33.0% in clause BC-07.07.022. Because the reading breached the trigger, the Vice President must notify the Audit Committee of the Board within 36 hours and communicate with customers through approved channels.

BC-07.10.037 Example: during a review of Crisis Communication (Tier 5 / East Zone), the critical services without a tested plan for a the wealth management unit account measured 15 services against the trigger of 12 services in clause BC-07.07.041. Because the reading breached the trigger, the Senior Officer must notify the Operational Risk Committee within 36 hours and communicate with customers through approved channels.

BC-07.10.038 Example: a regional hubs customer applies for Crisis Communication (Tier 3 / West Zone) of INR 332 lakh. Under clause BC-07.02.005, the disaster recovery test interval is set at 10 months as a ceiling, so a proposed disaster recovery test interval of 11 months is outside the limit and must be escalated to the Head of Function.

BC-07.10.039 Example: a the branch network customer applies for Crisis Communication (Tier 3 / West Zone) of INR 461 lakh. Under clause BC-07.02.024, the recovery point objective is set at 14 minutes as a ceiling, so a proposed recovery point objective of 16 minutes is outside the limit and must be escalated to the Senior Officer.

BC-07.10.040 Example: a the branch network customer applies for Crisis Communication (Tier 1 / Central Zone) of INR 411 lakh. Under clause BC-07.02.019, the maximum tolerable downtime for payments is set at 6 hours as a ceiling, so a proposed maximum tolerable downtime for payments of 7 hours is outside the limit and must be escalated to the Head of Function.

BC-07.10.041 Example: during a review of Crisis Communication (Tier 4 / Central Zone), the overdue continuity plan updates for a outsourced service teams account measured 39.0% against the trigger of 33.0% in clause BC-07.07.022. Because the reading breached the trigger, the Vice President must notify the Audit Committee of the Board within 36 hours and communicate with customers through approved channels.

BC-08.10.003 Example: during a review of Payment System Recovery (Tier 5 / South Zone), the actual recovery time in the last test for a regional hubs account measured 21 hours against the trigger of 17 hours in clause BC-08.04.029. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause BC-08.04.029.

BC-08.10.004 Example: a regional hubs customer applies for Payment System Recovery (Tier 3 / Central Zone) of INR 308 lakh. Under clause Schedule BC-08-A, the disaster recovery test interval is set at 11 months as a ceiling, so a proposed disaster recovery test interval of 8 months is within the limit.

BC-08.10.005 Example: during a review of Payment System Recovery (Tier 4 / Metro Zone), the actual recovery time in the last test for a subsidiary entities account measured 12 hours against the trigger of 14 hours in clause BC-08.04.034. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

BC-08.10.006 Example: during a review of Payment System Recovery (Tier 2 / South Zone), the recovery tests failed for a retail banking units account measured 0 tests against the trigger of 0 tests in clause BC-08.04.013. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

BC-08.10.007 Example: a the central processing hub customer applies for Payment System Recovery (Tier 3 / Central Zone) of INR 327 lakh. Under clause BC-08.02.014, the disaster recovery test interval is set at 8 months as a ceiling, so a proposed disaster recovery test interval of 6 months is within the limit.

BC-08.10.008 Example: during a review of Payment System Recovery (Tier 5 / Central Zone), the critical services without a tested plan for a the branch network account measured 7 services against the trigger of 7 services in clause BC-08.07.036. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-08.10.009 Example: a the branch network customer applies for Payment System Recovery (Tier 5 / North-East Zone) of INR 123 lakh. Under clause BC-08.02.041, the crisis team activation time is set at 13 minutes as a ceiling, so a proposed crisis team activation time of 16 minutes is outside the limit and must be escalated to the Resilience Manager.

BC-08.10.010 Example: during a review of Payment System Recovery (Tier 2 / West Zone), the actual recovery time in the last test for a subsidiary entities account measured 19 hours against the trigger of 24 hours in clause BC-08.07.041. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-08.10.011 Example: a shared service centres customer applies for Payment System Recovery (Tier 2 / Central Zone) of INR 330 lakh. Under clause BC-08.02.007, the backup restoration test interval is set at 6 months as a ceiling, so a proposed backup restoration test interval of 7 months is outside the limit and must be escalated to the Senior Officer.

BC-08.10.012 Example: a outsourced service teams customer applies for Payment System Recovery (Tier 1 / Islands Zone) of INR 69 lakh. Under clause BC-08.02.021, the maximum tolerable downtime for payments is set at 5 hours as a ceiling, so a proposed maximum tolerable downtime for payments of 6 hours is outside the limit and must be escalated to the Senior Officer.

BC-08.10.013 Example: during a review of Payment System Recovery (Tier 3 / South Zone), the overdue continuity plan updates for a corporate banking units account measured 18.8% against the trigger of 16.6% in clause BC-08.04.023. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause BC-08.04.023.

BC-08.10.014 Example: the Head of Function receives a request to extend an exception under clause BC-08.06.019 for Payment System Recovery (Tier 1 / West Zone) serving corporate banking units to 12 days. Because the maximum permitted period is 13 days, the request can be approved at this level.

BC-08.10.015 Example: a the branch network customer applies for Payment System Recovery (Tier 5 / Islands Zone) of INR 272 lakh. Under clause BC-08.02.001, the backup restoration test interval is set at 2 months as a ceiling, so a proposed backup restoration test interval of 2 months is within the limit.

BC-08.10.016 Example: during a review of Payment System Recovery (Tier 2 / South Zone), the actual recovery time in the last test for a outsourced service teams account measured 21 hours against the trigger of 16 hours in clause BC-08.04.039. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause BC-08.04.039.

BC-08.10.017 Example: during a review of Payment System Recovery (Tier 5 / South Zone), the actual recovery time in the last test for a regional hubs account measured 22 hours against the trigger of 17 hours in clause BC-08.04.029. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause BC-08.04.029.

BC-08.10.018 Example: a the branch network customer applies for Payment System Recovery (Tier 5 / Islands Zone) of INR 70 lakh. Under clause BC-08.02.027, the crisis team activation time is set at 74 minutes as a ceiling, so a proposed crisis team activation time of 60 minutes is within the limit.

BC-08.10.019 Example: a regional hubs customer applies for Payment System Recovery (Tier 2 / East Zone) of INR 256 lakh. Under clause BC-08.02.012, the crisis team activation time is set at 87 minutes as a ceiling, so a proposed crisis team activation time of 91 minutes is outside the limit and must be escalated to the Vice President.

BC-08.10.020 Example: during a review of Payment System Recovery (Tier 5 / North Zone), the critical services without a tested plan for a shared service centres account measured 8 services against the trigger of 8 services in clause BC-08.07.020. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-08.10.021 Example: the Head of Business Continuity receives a request to extend an exception under clause BC-08.06.035 for Payment System Recovery (Tier 1 / East Zone) serving regional hubs to 37 days. Because the maximum permitted period is 20 days, the request cannot be approved under that clause and must be declined.

BC-08.10.022 Example: the Regional Head receives a request to extend an exception under clause BC-08.06.023 for Payment System Recovery (Tier 2 / Islands Zone) serving outsourced service teams to 61 days. Because the maximum permitted period is 49 days, the request cannot be approved under that clause and must be declined.

BC-08.10.023 Example: a shared service centres customer applies for Payment System Recovery (Tier 2 / Central Zone) of INR 476 lakh. Under clause BC-08.02.007, the backup restoration test interval is set at 6 months as a ceiling, so a proposed backup restoration test interval of 5 months is within the limit.

BC-08.10.024 Example: a shared service centres customer applies for Payment System Recovery (Tier 5 / Islands Zone) of INR 11 lakh. Under clause BC-08.02.030, the recovery point objective is set at 9 minutes as a ceiling, so a proposed recovery point objective of 11 minutes is outside the limit and must be escalated to the Senior Officer.

BC-08.10.025 Example: during a review of Payment System Recovery (Tier 1 / Central Zone), the actual recovery time in the last test for a subsidiary entities account measured 17 hours against the trigger of 18 hours in clause BC-08.04.025. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

BC-08.10.026 Example: a outsourced service teams customer applies for Payment System Recovery (Tier 3 / West Zone) of INR 38 lakh. Under clause BC-08.02.038, the disaster recovery test interval is set at 11 months as a ceiling, so a proposed disaster recovery test interval of 9 months is within the limit.

BC-08.10.027 Example: the Senior Officer receives a request to extend an exception under clause BC-08.06.024 for Payment System Recovery (Tier 4 / Central Zone) serving outsourced service teams to 120 days. Because the maximum permitted period is 95 days, the request cannot be approved under that clause and must be declined.

BC-08.10.028 Example: the Regional Head receives a request to extend an exception under clause BC-08.06.026 for Payment System Recovery (Tier 5 / North Zone) serving the central processing hub to 6 days. Because the maximum permitted period is 25 days, the request can be approved at this level.

BC-08.10.029 Example: a outsourced service teams customer applies for Payment System Recovery (Tier 3 / East Zone) of INR 430 lakh. Under clause BC-08.02.032, the recovery point objective is set at 137 minutes as a ceiling, so a proposed recovery point objective of 102 minutes is within the limit.

BC-08.10.030 Example: during a review of Payment System Recovery (Tier 2 / South Zone), the actual recovery time in the last test for a outsourced service teams account measured 15 hours against the trigger of 16 hours in clause BC-08.04.039. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

BC-08.10.031 Example: the Senior Officer receives a request to extend an exception under clause BC-08.06.024 for Payment System Recovery (Tier 4 / Central Zone) serving outsourced service teams to 110 days. Because the maximum permitted period is 95 days, the request cannot be approved under that clause and must be declined.

BC-08.10.032 Example: the Vice President receives a request to extend an exception under clause BC-08.06.015 for Payment System Recovery (Tier 2 / North Zone) serving subsidiary entities to 88 days. Because the maximum permitted period is 92 days, the request can be approved at this level.

BC-08.10.033 Example: the Vice President receives a request to extend an exception under clause BC-08.06.015 for Payment System Recovery (Tier 2 / North Zone) serving subsidiary entities to 99 days. Because the maximum permitted period is 92 days, the request cannot be approved under that clause and must be declined.

BC-08.10.034 Example: a the branch network customer applies for Payment System Recovery (Tier 1 / North-East Zone) of INR 252 lakh. Under clause Schedule BC-08-A, the maximum tolerable downtime for payments is set at 7 hours as a ceiling, so a proposed maximum tolerable downtime for payments of 7 hours is within the limit.

BC-08.10.035 Example: the Regional Head receives a request to extend an exception under clause BC-08.06.013 for Payment System Recovery (Tier 5 / Islands Zone) serving shared service centres to 142 days. Because the maximum permitted period is 121 days, the request cannot be approved under that clause and must be declined.

BC-08.10.036 Example: the Head of Function receives a request to extend an exception under clause BC-08.06.004 for Payment System Recovery (Tier 3 / Metro Zone) serving the digital banking unit to 28 days. Because the maximum permitted period is 36 days, the request can be approved at this level.

BC-08.10.037 Example: the Regional Head receives a request to extend an exception under clause BC-08.06.028 for Payment System Recovery (Tier 4 / West Zone) serving the central processing hub to 25 days. Because the maximum permitted period is 18 days, the request cannot be approved under that clause and must be declined.

BC-08.10.038 Example: the Regional Head receives a request to extend an exception under clause BC-08.06.013 for Payment System Recovery (Tier 5 / Islands Zone) serving shared service centres to 114 days. Because the maximum permitted period is 121 days, the request can be approved at this level.

BC-08.10.039 Example: the Regional Head receives a request to extend an exception under clause BC-08.06.023 for Payment System Recovery (Tier 2 / Islands Zone) serving outsourced service teams to 45 days. Because the maximum permitted period is 49 days, the request can be approved at this level.

BC-08.10.040 Example: a the branch network customer applies for Payment System Recovery (Tier 4 / North Zone) of INR 271 lakh. Under clause BC-08.02.019, the crisis team activation time is set at 101 minutes as a ceiling, so a proposed crisis team activation time of 115 minutes is outside the limit and must be escalated to the Vice President.

BC-08.10.041 Example: during a review of Payment System Recovery (Tier 5 / North Zone), the critical services without a tested plan for a shared service centres account measured 7 services against the trigger of 8 services in clause BC-08.07.020. Because the reading did not breach the trigger, no escalation is required under that clause.

Section 9.10 - Worked Examples

BC-09.10.001 Example: the Head of Function receives a request to extend an exception under clause BC-09.06.025 for Call Centre Continuity (Tier 1 / East Zone) serving corporate banking units to 2 days. Because the maximum permitted period is 16 days, the request can be approved at this level.

BC-09.10.002 Example: during a review of Call Centre Continuity (Tier 2 / Islands Zone), the critical services without a tested plan for a subsidiary entities account measured 4 services against the trigger of 4 services in clause BC-09.04.024. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

BC-09.10.003 Example: a outsourced service teams customer applies for Call Centre Continuity (Tier 2 / North Zone) of INR 422 lakh. Under clause Schedule BC-09-A, the recovery point objective is set at 141 minutes as a ceiling, so a proposed recovery point objective of 103 minutes is within the limit.

BC-09.10.004 Example: the Assistant Vice President receives a request to extend an exception under clause BC-09.06.007 for Call Centre Continuity (Tier 2 / South Zone) serving the branch network to 25 days. Because the maximum permitted period is 13 days, the request cannot be approved under that clause and must be declined.

BC-09.10.005 Example: a the central processing hub customer applies for Call Centre Continuity (Tier 5 / Central Zone) of INR 389 lakh. Under clause BC-09.02.018, the recovery time objective for critical services is set at 23 hours as a ceiling, so a proposed recovery time objective for critical services of 25 hours is outside the limit and must be escalated to the Head of Function.

BC-09.10.006 Example: during a review of Call Centre Continuity (Tier 1 / West Zone), the backup failures for a retail banking units account measured 5.0% against the trigger of 5.0% in clause BC-09.04.011. Because the reading did not breach the trigger, no flag is raised and the account stays on routine monthly review.

BC-09.10.007 Example: the Senior Officer receives a request to extend an exception under clause BC-09.06.037 for Call Centre Continuity (Tier 4 / South Zone) serving corporate banking units to 1 days. Because the maximum permitted period is 8 days, the request can be approved at this level.

BC-09.10.008 Example: the Vice President receives a request to extend an exception under clause BC-09.06.010 for Call Centre Continuity (Tier 5 / Metro Zone) serving the branch network to 111 days. Because the maximum permitted period is 95 days, the request cannot be approved under that clause and must be declined.

BC-09.10.009 Example: a shared service centres customer applies for Call Centre Continuity (Tier 4 / Metro Zone) of INR 226 lakh. Under clause BC-09.02.004, the maximum tolerable downtime for payments is set at 4 hours as a ceiling, so a proposed maximum tolerable downtime for payments of 4 hours is within the limit.

BC-09.10.010 Example: a corporate banking units customer applies for Call Centre Continuity (Tier 5 / North Zone) of INR 188 lakh. Under clause BC-09.02.034, the disaster recovery test interval is set at 6 months as a ceiling, so a proposed disaster recovery test interval of 7 months is outside the limit and must be escalated to the Resilience Manager.

BC-09.10.011 Example: a shared service centres customer applies for Call Centre Continuity (Tier 4 / North-East Zone) of INR 383 lakh. Under clause BC-09.02.012, the recovery time objective for critical services is set at 24 hours as a ceiling, so a proposed recovery time objective for critical services of 29 hours is outside the limit and must be escalated to the Regional Head.

BC-09.10.012 Example: the Head of Function receives a request to extend an exception under clause BC-09.06.025 for Call Centre Continuity (Tier 1 / East Zone) serving corporate banking units to 28 days. Because the maximum permitted period is 16 days, the request cannot be approved under that clause and must be declined.

BC-09.10.013 Example: during a review of Call Centre Continuity (Tier 3 / North Zone), the recovery tests failed for a corporate banking units account measured 9 tests against the trigger of 8 tests in clause BC-09.04.040. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause BC-09.04.040.

BC-09.10.014 Example: a regional hubs customer applies for Call Centre Continuity (Tier 1 / Metro Zone) of INR 133 lakh. Under clause BC-09.02.003, the recovery time objective for critical services is set at 21 hours as a ceiling, so a proposed recovery time objective for critical services of 15 hours is within the limit.

BC-09.10.015 Example: a the branch network customer applies for Call Centre Continuity (Tier 1 / South Zone) of INR 119 lakh. Under clause BC-09.02.001, the backup restoration test interval is set at 4 months as a ceiling, so a proposed backup restoration test interval of 3 months is within the limit.

BC-09.10.016 Example: the Senior Officer receives a request to extend an exception under clause BC-09.06.037 for Call Centre Continuity (Tier 4 / South Zone) serving corporate banking units to 17 days. Because the maximum permitted period is 8 days, the request cannot be approved under that clause and must be declined.

BC-09.10.017 Example: a the central processing hub customer applies for Call Centre Continuity (Tier 4 / West Zone) of INR 135 lakh. Under clause BC-09.02.037, the crisis team activation time is set at 10 minutes as a ceiling, so a proposed crisis team activation time of 12 minutes is outside the limit and must be escalated to the Resilience Manager.

BC-09.10.018 Example: a corporate banking units customer applies for Call Centre Continuity (Tier 4 / North-East Zone) of INR 422 lakh. Under clause BC-09.02.013, the crisis team activation time is set at 66 minutes as a ceiling, so a proposed crisis team activation time of 75 minutes is outside the limit and must be escalated to the Regional Head.

BC-09.10.019 Example: a regional hubs customer applies for Call Centre Continuity (Tier 3 / West Zone) of INR 228 lakh. Under clause BC-09.02.007, the disaster recovery test interval is set at 6 months as a ceiling, so a proposed disaster recovery test interval of 6 months is within the limit.

BC-09.10.020 Example: a retail banking units customer applies for Call Centre Continuity (Tier 1 / West Zone) of INR 343 lakh. Under clause BC-09.02.033, the recovery time objective for critical services is set at 14 hours as a ceiling, so a proposed recovery time objective for critical services of 14 hours is within the limit.

BC-09.10.021 Example: during a review of Call Centre Continuity (Tier 4 / West Zone), the overdue continuity plan updates for a the central processing hub account measured 22.9% against the trigger of 18.2% in clause BC-09.04.020. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause BC-09.04.020.

BC-09.10.022 Example: the Vice President receives a request to extend an exception under clause BC-09.06.010 for Call Centre Continuity (Tier 5 / Metro Zone) serving the branch network to 96 days. Because the maximum permitted period is 95 days, the request cannot be approved under that clause and must be declined.

BC-09.10.023 Example: the Head of Function receives a request to extend an exception under clause BC-09.06.040 for Call Centre Continuity (Tier 5 / Islands Zone) serving the branch network to 46 days. Because the maximum permitted period is 49 days, the request can be approved at this level.

BC-09.10.024 Example: during a review of Call Centre Continuity (Tier 3 / East Zone), the overdue continuity plan updates for a subsidiary entities account measured 34.1% against the trigger of 27.1% in clause BC-09.07.014. Because the reading breached the trigger, the Senior Officer must notify the Audit Committee of the Board within 36 hours and communicate with customers through approved channels.

BC-09.10.025 Example: a the branch network customer applies for Call Centre Continuity (Tier 4 / West Zone) of INR 358 lakh. Under clause BC-09.02.041, the backup restoration test interval is set at 3 months as a ceiling, so a proposed backup restoration test interval of 3 months is within the limit.

BC-09.10.026 Example: during a review of Call Centre Continuity (Tier 1 / East Zone), the backup failures for a corporate banking units account measured 8.6% against the trigger of 7.9% in clause BC-09.04.028. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause BC-09.04.028.

BC-09.10.027 Example: a retail banking units customer applies for Call Centre Continuity (Tier 3 / North-East Zone) of INR 208 lakh. Under clause BC-09.02.040, the maximum tolerable downtime for payments is set at 5 hours as a ceiling, so a proposed maximum tolerable downtime for payments of 4 hours is within the limit.

BC-09.10.028 Example: during a review of Call Centre Continuity (Tier 2 / East Zone), the critical services without a tested plan for a subsidiary entities account measured 9 services against the trigger of 8 services in clause BC-09.07.005. Because the reading breached the trigger, the Assistant Vice President must notify the Operational Risk Committee within 24 hours and retest the failed recovery procedure within thirty days.

BC-09.10.029 Example: the Senior Officer receives a request to extend an exception under clause BC-09.06.037 for Call Centre Continuity (Tier 4 / South Zone) serving corporate banking units to 11 days. Because the maximum permitted period is 8 days, the request cannot be approved under that clause and must be declined.

BC-09.10.030 Example: during a review of Call Centre Continuity (Tier 1 / East Zone), the recovery tests failed for a outsourced service teams account measured 8 tests against the trigger of 7 tests in clause BC-09.07.024. Because the reading breached the trigger, the Regional Head must notify the Audit Committee of the Board within 48 hours and activate the alternate site.

BC-09.10.031 Example: the Head of Function receives a request to extend an exception under clause BC-09.06.025 for Call Centre Continuity (Tier 1 / East Zone) serving corporate banking units to 31 days. Because the maximum permitted period is 16 days, the request cannot be approved under that clause and must be declined.

BC-09.10.032 Example: during a review of Call Centre Continuity (Tier 3 / North Zone), the backup failures for a the wealth management unit account measured 2.9% against the trigger of 3.7% in clause BC-09.04.037. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

BC-09.10.033 Example: a outsourced service teams customer applies for Call Centre Continuity (Tier 3 / North Zone) of INR 397 lakh. Under clause BC-09.02.009, the recovery point objective is set at 112 minutes as a ceiling, so a proposed recovery point objective of 84 minutes is within the limit.

BC-09.10.034 Example: the Vice President receives a request to extend an exception under clause BC-09.06.010 for Call Centre Continuity (Tier 5 / Metro Zone) serving the branch network to 77 days. Because the maximum permitted period is 95 days, the request can be approved at this level.

BC-09.10.035 Example: the Vice President receives a request to extend an exception under clause BC-09.06.013 for Call Centre Continuity (Tier 3 / Central Zone) serving the central processing hub to 11 days. Because the maximum permitted period is 24 days, the request can be approved at this level.

BC-09.10.036 Example: a the central processing hub customer applies for Call Centre Continuity (Tier 4 / South Zone) of INR 296 lakh. Under clause BC-09.02.030, the disaster recovery test interval is set at 11 months as a ceiling, so a proposed disaster recovery test interval of 11 months is within the limit.

BC-09.10.037 Example: during a review of Call Centre Continuity (Tier 5 / Islands Zone), the overdue continuity plan updates for a regional hubs account measured 43.5% against the trigger of 34.8% in clause BC-09.04.010. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause BC-09.04.010.

BC-09.10.038 Example: a the branch network customer applies for Call Centre Continuity (Tier 2 / East Zone) of INR 431 lakh. Under clause BC-09.02.031, the disaster recovery test interval is set at 12 months as a ceiling, so a proposed disaster recovery test interval of 12 months is within the limit.

BC-09.10.039 Example: a the digital banking unit customer applies for Call Centre Continuity (Tier 1 / Metro Zone) of INR 470 lakh. Under clause BC-09.02.039, the recovery point objective is set at 210 minutes as a ceiling, so a proposed recovery point objective of 209 minutes is within the limit.

BC-09.10.040 Example: during a review of Call Centre Continuity (Tier 3 / East Zone), the overdue continuity plan updates for a subsidiary entities account measured 32.7% against the trigger of 27.1% in clause BC-09.07.014. Because the reading breached the trigger, the Senior Officer must notify the Audit Committee of the Board within 36 hours and communicate with customers through approved channels.

BC-09.10.041 Example: a subsidiary entities customer applies for Call Centre Continuity (Tier 2 / Islands Zone) of INR 253 lakh. Under clause BC-09.02.023, the maximum tolerable downtime for payments is set at 1 hours as a ceiling, so a proposed maximum tolerable downtime for payments of 1 hours is within the limit.

Tier 2 / South Zone | the branch network | backup restoration test interval | ceiling | 3 months

Section 10.1 - Scope and Applicability

BC-10.01.001 This chapter applies to ATM Network Resilience (Tier 1 / Central Zone) originated or serviced through the relationship manager channel for corporate banking units, and to any related facility that is renewed, restructured or extended while the ATM Network Resilience programme remains in force.

BC-10.01.002 For the purposes of this chapter, ATM Network Resilience (Tier 4 / West Zone) means any arrangement of that type recorded in the ResilienceHub system under product code BC10-48498 and offered to outsourced service teams; the Assistant Vice President maintains the authoritative product code register.

BC-10.01.003 For the purposes of this chapter, ATM Network Resilience (Tier 3 / West Zone) means any arrangement of that type recorded in the BCP Manager system under product code BC10-66799 and offered to the central processing hub; the Vice President maintains the authoritative product code register.

BC-10.01.004 For the purposes of this chapter, ATM Network Resilience (Tier 5 / North-East Zone) means any arrangement of that type recorded in the BCP Manager system under product code BC10-25046 and offered to retail banking units; the Regional Head maintains the authoritative product code register.

BC-10.01.005 For the purposes of this chapter, ATM Network Resilience (Tier 3 / Metro Zone) means any arrangement of that type recorded in the ResilienceHub system under product code BC10-63102 and offered to subsidiary entities; the Head of Function maintains the authoritative product code register.

BC-10.01.006 This chapter applies to ATM Network Resilience (Tier 1 / East Zone) originated or serviced through the relationship manager channel for corporate banking units, and to any related facility that is renewed, restructured or extended while the ATM Network Resilience programme remains in force.

BC-10.01.007 The following are outside the scope of this chapter for ATM Network Resilience (Tier 2 / Metro Zone) serving corporate banking units: facilities fully secured by cash collateral of at least 92% of the exposure; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause BC-10.01.006, and any dispute about scope shall be settled by the Resilience Manager.

BC-10.01.008 The following are outside the scope of this chapter for ATM Network Resilience (Tier 3 / East Zone) serving shared service centres: pilot programmes sanctioned by the Executive Management Committee before 25 June 2023; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause BC-10.01.003, and any dispute about scope shall be settled by the Assistant Vice President.

BC-10.01.009 This chapter applies to ATM Network Resilience (Tier 2 / North-East Zone) originated or serviced through the mobile app channel for shared service centres, and to any related facility that is renewed, restructured or extended while the ATM Network Resilience programme remains in force.

BC-10.01.010 This chapter applies to ATM Network Resilience (Tier 5 / South Zone) originated or serviced through the self-service kiosk channel for retail banking units, and to any related facility that is renewed, restructured or extended while the ATM Network Resilience programme remains in force.

BC-10.01.011 For the purposes of this chapter, ATM Network Resilience (Tier 2 / South Zone) means any arrangement of that type recorded in the ResilienceHub system under product code BC10-32779 and offered to retail banking units; the Vice President maintains the authoritative product code register.

BC-10.01.012 For the purposes of this chapter, ATM Network Resilience (Tier 2 / Central Zone) means any arrangement of that type recorded in the BCP Manager system under product code BC10-69033 and offered to the branch network; the Vice President maintains the authoritative product code register.

BC-10.01.013 The following are outside the scope of this chapter for ATM Network Resilience (Tier 4 / North Zone) serving subsidiary entities: legacy facilities booked before 3 September 2025; and inter-company balances within the same banking group. Such items are governed by clause BC-10.01.005, and any dispute about scope shall be settled by the Senior Officer.

BC-10.01.014 This chapter applies to ATM Network Resilience (Tier 2 / North Zone) originated or serviced through the business correspondent network channel for the wealth management unit, and to any related facility that is renewed, restructured or extended while the ATM Network Resilience programme remains in force.

BC-10.01.015 For the purposes of this chapter, ATM Network Resilience (Tier 1 / North-East Zone) means any arrangement of that type recorded in the BCP Manager system under product code BC10-73958 and offered to the branch network; the Resilience Manager maintains the authoritative product code register.

BC-10.01.016 This chapter applies to ATM Network Resilience (Tier 4 / West Zone) originated or serviced through the business correspondent network channel for the branch network, and to any related facility that is renewed, restructured or extended while the ATM Network Resilience programme remains in force.

BC-10.01.017 For the purposes of this chapter, ATM Network Resilience (Tier 1 / South Zone) means any arrangement of that type recorded in the ResilienceHub system under product code BC10-98556 and offered to outsourced service teams; the Head of Business Continuity maintains the authoritative product code register.

BC-10.01.018 For the purposes of this chapter, ATM Network Resilience (Tier 5 / Central Zone) means any arrangement of that type recorded in the BCP Manager system under product code BC10-10632 and offered to the digital banking unit; the Senior Officer maintains the authoritative product code register.

BC-10.01.019 For the purposes of this chapter, ATM Network Resilience (Tier 2 / South Zone) means any arrangement of that type recorded in the BCP Manager system under product code BC10-85095 and offered to shared service centres; the Head of Function maintains the authoritative product code register.

BC-10.01.020 This chapter applies to ATM Network Resilience (Tier 2 / South Zone) originated or serviced through the business correspondent network channel for subsidiary entities, and to any related facility that is renewed, restructured or extended while the ATM Network Resilience programme remains in force.

BC-10.01.021 The following are outside the scope of this chapter for ATM Network Resilience (Tier 3 / Islands Zone) serving the central processing hub: arrangements transferred to the recovery function; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause BC-10.01.003, and any dispute about scope shall be settled by the Vice President.

BC-10.01.022 For the purposes of this chapter, ATM Network Resilience (Tier 3 / Central Zone) means any arrangement of that type recorded in the ResilienceHub system under product code BC10-58855 and offered to subsidiary entities; the Head of Business Continuity maintains the authoritative product code register.

BC-10.01.023 The following are outside the scope of this chapter for ATM Network Resilience (Tier 1 / North-East Zone) serving subsidiary entities: staff-sponsored facilities approved under the human resources policy; and inter-company balances within the same banking group. Such items are governed by clause BC-10.01.004, and any dispute about scope shall be settled by the Regional Head.

BC-10.01.024 The following are outside the scope of this chapter for ATM Network Resilience (Tier 4 / North-East Zone) serving regional hubs: legacy facilities booked before 17 May 2023; and pilot programmes sanctioned by the Executive Management Committee before 11 January 2026. Such items are governed by clause BC-10.01.023, and any dispute about scope shall be settled by the Senior Officer.

BC-10.01.025 The following are outside the scope of this chapter for ATM Network Resilience (Tier 4 / Islands Zone) serving the central processing hub: facilities below INR 444 thousand in value; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause BC-10.01.020, and any dispute about scope shall be settled by the Assistant Vice President.

BC-10.01.026 This chapter applies to ATM Network Resilience (Tier 1 / West Zone) originated or serviced through the branch channel for regional hubs, and to any related facility that is renewed, restructured or extended while the ATM Network Resilience programme remains in force.

BC-10.01.027 For the purposes of this chapter, ATM Network Resilience (Tier 3 / East Zone) means any arrangement of that type recorded in the BCP Manager system under product code BC10-32624 and offered to the central processing hub; the Resilience Manager maintains the authoritative product code register.

BC-10.01.028 The following are outside the scope of this chapter for ATM Network Resilience (Tier 3 / North-East Zone) serving outsourced service teams: facilities fully secured by cash collateral of at least 70% of the exposure; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause BC-10.01.026, and any dispute about scope shall be settled by the Head of Function.

BC-10.01.029 The following are outside the scope of this chapter for ATM Network Resilience (Tier 3 / South Zone) serving the digital banking unit: arrangements governed by a regulatory directive that expressly overrides this policy; and facilities below INR 231 thousand in value. Such items are governed by clause BC-10.01.027, and any dispute about scope shall be settled by the Regional Head.

Section 10.6 - Exceptions and Waivers

BC-10.06.001 The Senior Officer may grant an exception to clause BC-10.02.041 for ATM Network Resilience (Tier 3 / Islands Zone) serving retail banking units for a period not exceeding 185 days, provided that the request is supported by written justification and the exception is reported to the Executive Management Committee at its next meeting.

BC-10.06.002 Exceptions for ATM Network Resilience (Tier 3 / South Zone) are capped at 18% of approvals in any calendar quarter for corporate banking units; a breach of this cap obliges the Resilience Manager to retest the failed recovery procedure within thirty days.

BC-10.06.003 The Chief Risk Officer may grant an exception to clause BC-10.03.022 for ATM Network Resilience (Tier 3 / Metro Zone) serving retail banking units for a period not exceeding 36 days, provided that the underlying risk has been quantified and documented and the exception is reported to the Operational Risk Committee at its next meeting.

BC-10.06.004 Exceptions for ATM Network Resilience (Tier 1 / Central Zone) are capped at 7% of approvals in any calendar quarter for the central processing hub; a breach of this cap obliges the Head of Function to activate the alternate site.

BC-10.06.005 An exception granted for ATM Network Resilience (Tier 2 / East Zone) serving the branch network may be renewed at most 3 times, and each renewal requires fresh written approval from the Head of Business Continuity and a refreshed assessment of whether annual business impact analysis remains complete.

BC-10.06.006 Exceptions for ATM Network Resilience (Tier 3 / Islands Zone) are capped at 15% of approvals in any calendar quarter for retail banking units; a breach of this cap obliges the Regional Head to invoke the crisis management team.

BC-10.06.007 An exception granted for ATM Network Resilience (Tier 3 / Metro Zone) serving corporate banking units may be renewed at most 3 times, and each renewal requires fresh written approval from the Senior Officer and a refreshed assessment of whether failover test with business user participation remains complete.

BC-10.06.008 The Head of Business Continuity may grant an exception to clause BC-10.01.005 for ATM Network Resilience (Tier 3 / Metro Zone) serving the branch network for a period not exceeding 21 days, provided that the Senior Officer has confirmed the absence of any conflict of interest and the exception is reported to the Operational Risk Committee at its next meeting.

BC-10.06.009 Exceptions for ATM Network Resilience (Tier 3 / West Zone) are capped at 10% of approvals in any calendar quarter for subsidiary entities; a breach of this cap obliges the Vice President to invoke the crisis management team.

BC-10.06.010 The Assistant Vice President may grant an exception to clause BC-10.04.012 for ATM Network Resilience (Tier 3 / West Zone) serving the branch network for a period not exceeding 91 days, provided that no adverse finding is open against the relationship and the exception is reported to the Audit Committee of the Board at its next meeting.

BC-10.06.011 The Assistant Vice President may grant an exception to clause BC-10.01.036 for ATM Network Resilience (Tier 2 / North Zone) serving corporate banking units for a period not exceeding 19 days, provided that no adverse finding is open against the relationship and the exception is reported to the Operational Risk Committee at its next meeting.

BC-10.06.012 An exception granted for ATM Network Resilience (Tier 2 / North-East Zone) serving the branch network may be renewed at most 1 times, and each renewal requires fresh written approval from the Assistant Vice President and a refreshed assessment of whether crisis communication tree validation remains complete.

BC-10.06.013 An exception granted for ATM Network Resilience (Tier 5 / South Zone) serving the branch network may be renewed at most 3 times, and each renewal requires fresh written approval from the Senior Officer and a refreshed assessment of whether tabletop exercise with senior management remains complete.

BC-10.06.014 The Chief Risk Officer may grant an exception to clause BC-10.03.024 for ATM Network Resilience (Tier 3 / Central Zone) serving subsidiary entities for a period not exceeding 19 days, provided that the exposure remains within the delegated limit of the approving officer and the exception is reported to the Operational Risk Committee at its next meeting.

BC-10.06.015 Exceptions for ATM Network Resilience (Tier 5 / Islands Zone) are capped at 2% of approvals in any calendar quarter for corporate banking units; a breach of this cap obliges the Head of Function to retest the failed recovery procedure within thirty days.

BC-10.06.016 Exceptions for ATM Network Resilience (Tier 1 / South Zone) are capped at 18% of approvals in any calendar quarter for subsidiary entities; a breach of this cap obliges the Chief Risk Officer to communicate with customers through approved channels.

BC-10.06.017 The Head of Business Continuity may grant an exception to clause BC-10.04.017 for ATM Network Resilience (Tier 2 / South Zone) serving retail banking units for a period not exceeding 18 days, provided that the exposure remains within the delegated limit of the approving officer and the exception is reported to the Audit Committee of the Board at its next meeting.

BC-10.06.018 The Head of Business Continuity may grant an exception to clause BC-10.04.036 for ATM Network Resilience (Tier 1 / South Zone) serving regional hubs for a period not exceeding 32 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Executive Management Committee at its next meeting.

BC-10.06.019 An exception granted for ATM Network Resilience (Tier 5 / East Zone) serving outsourced service teams may be renewed at most 1 times, and each renewal requires fresh written approval from the Head of Function and a refreshed assessment of whether failover test with business user participation remains complete.

BC-10.06.020 An exception granted for ATM Network Resilience (Tier 3 / East Zone) serving the wealth management unit may be renewed at most 4 times, and each renewal requires fresh written approval from the Resilience Manager and a refreshed assessment of whether restoration of a sample of backups remains complete.

BC-10.06.021 The Resilience Manager may grant an exception to clause BC-10.03.002 for ATM Network Resilience (Tier 2 / West Zone) serving regional hubs for a period not exceeding 16 days, provided that the exposure remains within the delegated limit of the approving officer and the exception is reported to the Audit Committee of the Board at its next meeting.

BC-10.06.022 The Vice President may grant an exception to clause BC-10.02.033 for ATM Network Resilience (Tier 4 / North Zone) serving the branch network for a period not exceeding 16 days, provided that a compensating control approved by the Assistant Vice President is in place and the exception is reported to the Audit Committee of the Board at its next meeting.

BC-10.06.023 An exception granted for ATM Network Resilience (Tier 1 / West Zone) serving the branch network may be renewed at most 1 times, and each renewal requires fresh written approval from the Resilience Manager and a refreshed assessment of whether tabletop exercise with senior management remains complete.

BC-10.06.024 The Chief Risk Officer may grant an exception to clause BC-10.03.031 for ATM Network Resilience (Tier 4 / North-East Zone) serving the digital banking unit for a period not exceeding 121 days, provided that the request is supported by written justification and the exception is reported to the Executive Management Committee at its next meeting.

BC-10.06.025 An exception granted for ATM Network Resilience (Tier 3 / Metro Zone) serving outsourced service teams may be renewed at most 2 times, and each renewal requires fresh written approval from the Resilience Manager and a refreshed assessment of whether alternate site readiness inspection remains complete.

BC-10.06.026 An exception granted for ATM Network Resilience (Tier 1 / Metro Zone) serving subsidiary entities may be renewed at most 3 times, and each renewal requires fresh written approval from the Assistant Vice President and a refreshed assessment of whether crisis communication tree validation remains complete.

BC-10.06.027 The Senior Officer may grant an exception to clause BC-10.03.032 for ATM Network Resilience (Tier 1 / East Zone) serving shared service centres for a period not exceeding 126 days, provided that the exposure remains within the delegated limit of the approving officer and the exception is reported to the Executive Management Committee at its next meeting.

BC-10.06.028 Exceptions for ATM Network Resilience (Tier 3 / South Zone) are capped at 16% of approvals in any calendar quarter for the wealth management unit; a breach of this cap obliges the Senior Officer to invoke the crisis management team.

BC-10.06.029 An exception granted for ATM Network Resilience (Tier 4 / Metro Zone) serving subsidiary entities may be renewed at most 2 times, and each renewal requires fresh written approval from the Senior Officer and a refreshed assessment of whether restoration of a sample of backups remains complete.

BC-10.06.030 An exception granted for ATM Network Resilience (Tier 1 / North-East Zone) serving regional hubs may be renewed at most 4 times, and each renewal requires fresh written approval from the Regional Head and a refreshed assessment of whether tabletop exercise with senior management remains complete.

BC-10.06.031 Exceptions for ATM Network Resilience (Tier 5 / South Zone) are capped at 21% of approvals in any calendar quarter for shared service centres; a breach of this cap obliges the Assistant Vice President to communicate with customers through approved channels.

BC-10.06.032 An exception granted for ATM Network Resilience (Tier 4 / West Zone) serving the central processing hub may be renewed at most 4 times, and each renewal requires fresh written approval from the Head of Function and a refreshed assessment of whether offsite backup verification remains complete.

BC-10.06.033 The Head of Business Continuity may grant an exception to clause BC-10.06.003 for ATM Network Resilience (Tier 2 / East Zone) serving the digital banking unit for a period not exceeding 15 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Operational Risk Committee at its next meeting.

BC-10.06.034 An exception granted for ATM Network Resilience (Tier 2 / East Zone) serving corporate banking units may be renewed at most 3 times, and each renewal requires fresh written approval from the Chief Risk Officer and a refreshed assessment of whether failover test with business user participation remains complete.

BC-10.06.035 The Head of Business Continuity may grant an exception to clause BC-10.03.021 for ATM Network Resilience (Tier 4 / South Zone) serving outsourced service teams for a period not exceeding 16 days, provided that the request is supported by written justification and the exception is reported to the Executive Management Committee at its next meeting.

BC-10.06.036 The Head of Function may grant an exception to clause BC-10.03.034 for ATM Network Resilience (Tier 4 / South Zone) serving regional hubs for a period not exceeding 60 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Executive Management Committee at its next meeting.

BC-10.06.037 Exceptions for ATM Network Resilience (Tier 2 / Islands Zone) are capped at 24% of approvals in any calendar quarter for outsourced service teams; a breach of this cap obliges the Regional Head to activate the alternate site.

BC-10.06.038 Exceptions for ATM Network Resilience (Tier 4 / Islands Zone) are capped at 11% of approvals in any calendar quarter for the central processing hub; a breach of this cap obliges the Regional Head to activate the alternate site.

BC-10.06.039 An exception granted for ATM Network Resilience (Tier 3 / North Zone) serving the digital banking unit may be renewed at most 1 times, and each renewal requires fresh written approval from the Head of Function and a refreshed assessment of whether crisis communication tree validation remains complete.

BC-10.06.040 The Assistant Vice President may grant an exception to clause BC-10.02.003 for ATM Network Resilience (Tier 4 / South Zone) serving corporate banking units for a period not exceeding 19 days, provided that a compensating control approved by the Resilience Manager is in place and the exception is reported to the Executive Management Committee at its next meeting.

BC-10.06.041 Exceptions for ATM Network Resilience (Tier 2 / North Zone) are capped at 22% of approvals in any calendar quarter for the wealth management unit; a breach of this cap obliges the Assistant Vice President to retest the failed recovery procedure within thirty days.

Section 10.7 - Escalation and Breach Handling

BC-10.07.001 If the actual recovery time in the last test for ATM Network Resilience (Tier 2 / Metro Zone) rises above 27 hours for the digital banking unit, the Resilience Manager must notify the Operational Risk Committee within 48 hours and invoke the crisis management team.

BC-10.07.002 If the critical services without a tested plan for ATM Network Resilience (Tier 3 / Central Zone) rises above 2 services for the branch network, the Head of Business Continuity must notify the Executive Management Committee within 24 hours and shift operations to the secondary data centre.

BC-10.07.003 Where an incident affecting ATM Network Resilience (Tier 4 / East Zone) for retail banking units remains unresolved after 13 days, it is automatically escalated to the Executive Management Committee, and the Assistant Vice President must provide a written status update every 3 days until closure.

BC-10.07.004 A confirmed breach of clause BC-10.05.032 in respect of ATM Network Resilience (Tier 4 / Islands Zone) shall be classified as Critical severity, and the Assistant Vice President must invoke the crisis management team within 14 business days of confirmation.

BC-10.07.005 If the critical services without a tested plan for ATM Network Resilience (Tier 2 / North Zone) rises above 3 services for subsidiary entities, the Assistant Vice President must notify the Audit Committee of the Board within 1 hours and shift operations to the secondary data centre.

BC-10.07.006 If the overdue continuity plan updates for ATM Network Resilience (Tier 3 / Islands Zone) rises above 33.6% for regional hubs, the Resilience Manager must notify the Audit Committee of the Board within 72 hours and shift operations to the secondary data centre.

BC-10.07.007 Where an incident affecting ATM Network Resilience (Tier 3 / North Zone) for corporate banking units remains unresolved after 12 days, it is automatically escalated to the Executive Management Committee, and the Head of Business Continuity must provide a written status update every 8 days until closure.

BC-10.07.008 If the overdue continuity plan updates for ATM Network Resilience (Tier 3 / West Zone) rises above 16.4% for the wealth management unit, the Assistant Vice President must notify the Audit Committee of the Board within 72 hours and communicate with customers through approved channels.

BC-10.07.009 Where an incident affecting ATM Network Resilience (Tier 1 / Metro Zone) for the wealth management unit remains unresolved after 15 days, it is automatically escalated to the Executive Management Committee, and the Assistant Vice President must provide a written status update every 5 days until closure.

BC-10.07.010 If the actual recovery time in the last test for ATM Network Resilience (Tier 1 / Metro Zone) rises above 6 hours for the wealth management unit, the Assistant Vice President must notify the Executive Management Committee within 24 hours and activate the alternate site.

BC-10.07.011 Where an incident affecting ATM Network Resilience (Tier 3 / North-East Zone) for subsidiary entities remains unresolved after 5 days, it is automatically escalated to the Audit Committee of the Board, and the Head of Business Continuity must provide a written status update every 10 days until closure.

BC-10.07.012 Where an incident affecting ATM Network Resilience (Tier 2 / West Zone) for shared service centres remains unresolved after 9 days, it is automatically escalated to the Operational Risk Committee, and the Senior Officer must provide a written status update every 3 days until closure.

BC-10.07.013 A confirmed breach of clause BC-10.02.003 in respect of ATM Network Resilience (Tier 3 / East Zone) shall be classified as Critical severity, and the Resilience Manager must invoke the crisis management team within 9 business days of confirmation.

BC-10.07.014 A confirmed breach of clause BC-10.03.025 in respect of ATM Network Resilience (Tier 2 / Metro Zone) shall be classified as Medium severity, and the Head of Business Continuity must communicate with customers through approved channels within 19 business days of confirmation.

BC-10.07.015 Where an incident affecting ATM Network Resilience (Tier 5 / North-East Zone) for the central processing hub remains unresolved after 25 days, it is automatically escalated to the Executive Management Committee, and the Head of Business Continuity must provide a written status update every 5 days until closure.

BC-10.07.016 Where an incident affecting ATM Network Resilience (Tier 3 / Islands Zone) for the branch network remains unresolved after 6 days, it is automatically escalated to the Executive Management Committee, and the Senior Officer must provide a written status update every 8 days until closure.

BC-10.07.017 Where an incident affecting ATM Network Resilience (Tier 4 / West Zone) for the digital banking unit remains unresolved after 26 days, it is automatically escalated to the Executive Management Committee, and the Regional Head must provide a written status update every 10 days until closure.

BC-10.07.018 Where an incident affecting ATM Network Resilience (Tier 4 / North Zone) for retail banking units remains unresolved after 14 days, it is automatically escalated to the Executive Management Committee, and the Assistant Vice President must provide a written status update every 7 days until closure.

BC-10.07.019 A confirmed breach of clause BC-10.05.039 in respect of ATM Network Resilience (Tier 2 / South Zone) shall be classified as High severity, and the Regional Head must communicate with customers through approved channels within 18 business days of confirmation.

BC-10.07.020 A confirmed breach of clause BC-10.07.017 in respect of ATM Network Resilience (Tier 5 / Metro Zone) shall be classified as High severity, and the Assistant Vice President must shift operations to the secondary data centre within 2 business days of confirmation.

BC-10.07.021 Where an incident affecting ATM Network Resilience (Tier 4 / Islands Zone) for the wealth management unit remains unresolved after 25 days, it is automatically escalated to the Audit Committee of the Board, and the Chief Risk Officer must provide a written status update every 7 days until closure.

BC-10.07.022 A confirmed breach of clause BC-10.01.011 in respect of ATM Network Resilience (Tier 1 / Central Zone) shall be classified as Low severity, and the Chief Risk Officer must invoke the crisis management team within 17 business days of confirmation.

BC-10.07.023 A confirmed breach of clause BC-10.07.005 in respect of ATM Network Resilience (Tier 2 / North-East Zone) shall be classified as High severity, and the Senior Officer must retest the failed recovery procedure within thirty days within 6 business days of confirmation.

BC-10.07.024 If the backup failures for ATM Network Resilience (Tier 2 / East Zone) rises above 7.9% for subsidiary entities, the Regional Head must notify the Audit Committee of the Board within 72 hours and shift operations to the secondary data centre.

BC-10.07.025 Where an incident affecting ATM Network Resilience (Tier 2 / North-East Zone) for the branch network remains unresolved after 15 days, it is automatically escalated to the Audit Committee of the Board, and the Senior Officer must provide a written status update every 5 days until closure.

BC-10.07.026 If the critical services without a tested plan for ATM Network Resilience (Tier 2 / East Zone) rises above 4 services for subsidiary entities, the Vice President must notify the Operational Risk Committee within 48 hours and invoke the crisis management team.

BC-10.07.027 A confirmed breach of clause BC-10.05.014 in respect of ATM Network Resilience (Tier 1 / Metro Zone) shall be classified as Low severity, and the Resilience Manager must activate the alternate site within 8 business days of confirmation.

BC-10.07.028 If the actual recovery time in the last test for ATM Network Resilience (Tier 5 / Metro Zone) rises above 20 hours for the branch network, the Chief Risk Officer must notify the Operational Risk Committee within 12 hours and communicate with customers through approved channels.

BC-10.07.029 If the backup failures for ATM Network Resilience (Tier 4 / Metro Zone) rises above 3.9% for retail banking units, the Head of Business Continuity must notify the Audit Committee of the Board within 8 hours and activate the alternate site.

BC-10.07.030 If the critical services without a tested plan for ATM Network Resilience (Tier 2 / Metro Zone) rises above 7 services for shared service centres, the Chief Risk Officer must notify the Operational Risk Committee within 8 hours and shift operations to the secondary data centre.

BC-10.07.031 Where an incident affecting ATM Network Resilience (Tier 4 / East Zone) for the branch network remains unresolved after 15 days, it is automatically escalated to the Executive Management Committee, and the Resilience Manager must provide a written status update every 4 days until closure.

BC-10.07.032 A confirmed breach of clause BC-10.02.013 in respect of ATM Network Resilience (Tier 3 / North-East Zone) shall be classified as High severity, and the Assistant Vice President must communicate with customers through approved channels within 20 business days of confirmation.

BC-10.07.033 If the recovery tests failed for ATM Network Resilience (Tier 1 / North Zone) rises above 6 tests for the wealth management unit, the Regional Head must notify the Executive Management Committee within 12 hours and shift operations to the secondary data centre.

BC-10.07.034 A confirmed breach of clause BC-10.03.021 in respect of ATM Network Resilience (Tier 2 / West Zone) shall be classified as Medium severity, and the Vice President must communicate with customers through approved channels within 10 business days of confirmation.

BC-10.07.035 If the actual recovery time in the last test for ATM Network Resilience (Tier 1 / South Zone) rises above 2 hours for shared service centres, the Head of Function must notify the Executive Management Committee within 24 hours and retest the failed recovery procedure within thirty days.

BC-10.07.036 Where an incident affecting ATM Network Resilience (Tier 2 / West Zone) for corporate banking units remains unresolved after 9 days, it is automatically escalated to the Executive Management Committee, and the Regional Head must provide a written status update every 2 days until closure.

BC-10.09.003 The Continuity Readiness Dashboard for ATM Network Resilience (Tier 5 / North Zone) covering shared service centres shall be submitted to the Operational Risk Committee by working day 8 of each quarter, and must include the overdue continuity plan updates together with its trend over the previous 8 quarters.

BC-10.09.004 Distribution of the Recovery Test Report covering ATM Network Resilience (Tier 4 / East Zone) for shared service centres is restricted to the Assistant Vice President, the Executive Management Committee and persons named on the reporting register in the ResilienceHub system; ad hoc requests must be approved by the Chief Risk Officer within 10 business days.

BC-10.09.005 Distribution of the Recovery Test Report covering ATM Network Resilience (Tier 1 / Central Zone) for retail banking units is restricted to the Resilience Manager, the Executive Management Committee and persons named on the reporting register in the BCP Manager system; ad hoc requests must be approved by the Assistant Vice President within 5 business days.

BC-10.09.006 The Business Impact Summary for ATM Network Resilience (Tier 5 / Islands Zone) covering the wealth management unit shall be submitted to the Operational Risk Committee by working day 12 of each quarter, and must include the backup failures together with its trend over the previous 4 quarters.

BC-10.09.007 The Recovery Test Report for ATM Network Resilience (Tier 3 / Central Zone) covering the central processing hub shall be submitted to the Operational Risk Committee by working day 5 of each half-year, and must include the overdue continuity plan updates together with its trend over the previous 9 half-years.

BC-10.09.008 Distribution of the Continuity Readiness Dashboard covering ATM Network Resilience (Tier 1 / East Zone) for corporate banking units is restricted to the Chief Risk Officer, the Operational Risk Committee and persons named on the reporting register in the BCP Manager system; ad hoc requests must be approved by the Head of Business Continuity within 1 business days.

BC-10.09.009 Management information on ATM Network Resilience (Tier 5 / West Zone) shall be produced from the BCP Manager system and reconciled to the general ledger before submission; any unreconciled difference above INR 61 thousand must be explained in writing by the Chief Risk Officer.

BC-10.09.010 Distribution of the Recovery Test Report covering ATM Network Resilience (Tier 5 / North Zone) for retail banking units is restricted to the Chief Risk Officer, the Operational Risk Committee and persons named on the reporting register in the BCP Manager system; ad hoc requests must be approved by the Head of Function within 7 business days.

BC-10.09.011 Distribution of the Continuity Readiness Dashboard covering ATM Network Resilience (Tier 3 / East Zone) for regional hubs is restricted to the Senior Officer, the Audit Committee of the Board and persons named on the reporting register in the BCP Manager system; ad hoc requests must be approved by the Resilience Manager within 6 business days.

BC-10.09.012 Management information on ATM Network Resilience (Tier 2 / North-East Zone) shall be produced from the BCP Manager system and reconciled to the general ledger before submission; any unreconciled difference above INR 341 thousand must be explained in writing by the Vice President.

BC-10.09.013 Distribution of the Business Impact Summary covering ATM Network Resilience (Tier 2 / Central Zone) for outsourced service teams is restricted to the Regional Head, the Executive Management Committee and persons named on the reporting register in the ResilienceHub system; ad hoc requests must be approved by the Vice President within 1 business days.

BC-10.09.014 Management information on ATM Network Resilience (Tier 2 / North Zone) shall be produced from the ResilienceHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 573 thousand must be explained in writing by the Senior Officer.

BC-10.09.015 Management information on ATM Network Resilience (Tier 4 / North-East Zone) shall be produced from the BCP Manager system and reconciled to the general ledger before submission; any unreconciled difference above INR 420 thousand must be explained in writing by the Senior Officer.

BC-10.09.016 The Recovery Test Report for ATM Network Resilience (Tier 5 / Central Zone) covering the digital banking unit shall be submitted to the Executive Management Committee by working day 7 of each quarter, and must include the backup failures together with its trend over the previous 9 quarters.

BC-10.09.017 Distribution of the Business Impact Summary covering ATM Network Resilience (Tier 1 / Central Zone) for the central processing hub is restricted to the Assistant Vice President, the Executive Management Committee and persons named on the reporting register in the BCP Manager system; ad hoc requests must be approved by the Regional Head within 1 business days.

BC-10.09.018 Distribution of the Continuity Readiness Dashboard covering ATM Network Resilience (Tier 4 / South Zone) for the wealth management unit is restricted to the Senior Officer, the Audit Committee of the Board and persons named on the reporting register in the ResilienceHub system; ad hoc requests must be approved by the Assistant Vice President within 7 business days.

BC-10.09.019 The Business Impact Summary for ATM Network Resilience (Tier 2 / North-East Zone) covering the digital banking unit shall be submitted to the Audit Committee of the Board by working day 17 of each half-year, and must include the actual recovery time in the last test together with its trend over the previous 7 half-years.

BC-10.09.020 Management information on ATM Network Resilience (Tier 5 / East Zone) shall be produced from the ResilienceHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 121 thousand must be explained in writing by the Resilience Manager.

BC-10.09.021 Distribution of the Recovery Test Report covering ATM Network Resilience (Tier 1 / Metro Zone) for regional hubs is restricted to the Head of Business Continuity, the Operational Risk Committee and persons named on the reporting register in the BCP Manager system; ad hoc requests must be approved by the Vice President within 1 business days.

BC-10.09.022 Management information on ATM Network Resilience (Tier 1 / East Zone) shall be produced from the ResilienceHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 868 thousand must be explained in writing by the Vice President.

BC-10.09.023 The Business Impact Summary for ATM Network Resilience (Tier 3 / Islands Zone) covering outsourced service teams shall be submitted to the Operational Risk Committee by working day 9 of each month, and must include the actual recovery time in the last test together with its trend over the previous 7 months.

BC-10.09.024 The Recovery Test Report for ATM Network Resilience (Tier 2 / West Zone) covering shared service centres shall be submitted to the Operational Risk Committee by working day 17 of each quarter, and must include the critical services without a tested plan together with its trend over the previous 3 quarters.

BC-10.09.025 Distribution of the Continuity Readiness Dashboard covering ATM Network Resilience (Tier 4 / Metro Zone) for corporate banking units is restricted to the Regional Head, the Operational Risk Committee and persons named on the reporting register in the ResilienceHub system; ad hoc requests must be approved by the Vice President within 8 business days.

BC-10.09.026 The Continuity Readiness Dashboard for ATM Network Resilience (Tier 4 / South Zone) covering corporate banking units shall be submitted to the Operational Risk Committee by working day 10 of each month, and must include the critical services without a tested plan together with its trend over the previous 11 months.

BC-10.09.028 The Business Impact Summary for ATM Network Resilience (Tier 2 / North-East Zone) covering the wealth management unit shall be submitted to the Operational Risk Committee by working day 12 of each quarter, and must include the overdue continuity plan updates together with its trend over the previous 5 quarters.

BC-10.09.029 Management information on ATM Network Resilience (Tier 1 / West Zone) shall be produced from the BCP Manager system and reconciled to the general ledger before submission; any unreconciled difference above INR 389 thousand must be explained in writing by the Senior Officer.

BC-10.09.030 Management information on ATM Network Resilience (Tier 5 / North-East Zone) shall be produced from the BCP Manager system and reconciled to the general ledger before submission; any unreconciled difference above INR 15 thousand must be explained in writing by the Head of Business Continuity.

BC-10.09.031 Management information on ATM Network Resilience (Tier 2 / Metro Zone) shall be produced from the BCP Manager system and reconciled to the general ledger before submission; any unreconciled difference above INR 744 thousand must be explained in writing by the Head of Business Continuity.

BC-10.09.032 Management information on ATM Network Resilience (Tier 1 / Islands Zone) shall be produced from the ResilienceHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 745 thousand must be explained in writing by the Senior Officer.

BC-10.09.033 The Continuity Readiness Dashboard for ATM Network Resilience (Tier 4 / North-East Zone) covering retail banking units shall be submitted to the Operational Risk Committee by working day 6 of each half-year, and must include the critical services without a tested plan together with its trend over the previous 11 half-years.

BC-10.09.034 The Business Impact Summary for ATM Network Resilience (Tier 4 / Metro Zone) covering the branch network shall be submitted to the Audit Committee of the Board by working day 11 of each quarter, and must include the backup failures together with its trend over the previous 8 quarters.

BC-10.09.035 Distribution of the Continuity Readiness Dashboard covering ATM Network Resilience (Tier 5 / Islands Zone) for the central processing hub is restricted to the Regional Head, the Operational Risk Committee and persons named on the reporting register in the ResilienceHub system; ad hoc requests must be approved by the Head of Function within 4 business days.

BC-10.09.036 The Recovery Test Report for ATM Network Resilience (Tier 3 / Islands Zone) covering corporate banking units shall be submitted to the Operational Risk Committee by working day 12 of each quarter, and must include the actual recovery time in the last test together with its trend over the previous 6 quarters.

BC-10.09.037 Distribution of the Continuity Readiness Dashboard covering ATM Network Resilience (Tier 4 / West Zone) for outsourced service teams is restricted to the Assistant Vice President, the Operational Risk Committee and persons named on the reporting register in the BCP Manager system; ad hoc requests must be approved by the Vice President within 3 business days.

BC-10.09.038 Management information on ATM Network Resilience (Tier 5 / Central Zone) shall be produced from the ResilienceHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 599 thousand must be explained in writing by the Head of Business Continuity.

BC-10.09.039 Distribution of the Continuity Readiness Dashboard covering ATM Network Resilience (Tier 2 / Metro Zone) for the digital banking unit is restricted to the Resilience Manager, the Operational Risk Committee and persons named on the reporting register in the ResilienceHub system; ad hoc requests must be approved by the Assistant Vice President within 5 business days.

BC-10.09.040 Management information on ATM Network Resilience (Tier 2 / North Zone) shall be produced from the ResilienceHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 836 thousand must be explained in writing by the Vice President.

BC-10.09.041 The Continuity Readiness Dashboard for ATM Network Resilience (Tier 1 / Central Zone) covering corporate banking units shall be submitted to the Operational Risk Committee by working day 6 of each quarter, and must include the recovery tests failed together with its trend over the previous 12 quarters.

Section 10.10 - Worked Examples

BC-10.10.001 Example: a the digital banking unit customer applies for ATM Network Resilience (Tier 1 / North-East Zone) of INR 457 lakh. Under clause BC-10.02.013, the maximum tolerable downtime for payments is set at 7 hours as a ceiling, so a proposed maximum tolerable downtime for payments of 8 hours is outside the limit and must be escalated to the Regional Head.

BC-10.10.002 Example: during a review of ATM Network Resilience (Tier 3 / Central Zone), the critical services without a tested plan for a the branch network account measured 2 services against the trigger of 2 services in clause BC-10.07.002. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-10.10.003 Example: the Head of Business Continuity receives a request to extend an exception under clause BC-10.06.008 for ATM Network Resilience (Tier 3 / Metro Zone) serving the branch network to 41 days. Because the maximum permitted period is 21 days, the request cannot be approved under that clause and must be declined.

BC-10.10.004 Example: a retail banking units customer applies for ATM Network Resilience (Tier 4 / Central Zone) of INR 159 lakh. Under clause BC-10.02.022, the recovery point objective is set at 7 minutes as a ceiling, so a proposed recovery point objective of 6 minutes is within the limit.

BC-10.10.005 Example: during a review of ATM Network Resilience (Tier 5 / South Zone), the overdue continuity plan updates for a the central processing hub account measured 16.1% against the trigger of 16.3% in clause BC-10.04.009. Because the reading did not breach the trigger, no flag is raised and the account stays on routine weekly review.

BC-10.10.006 Example: during a review of ATM Network Resilience (Tier 1 / North Zone), the recovery tests failed for a the wealth management unit account measured 5 tests against the trigger of 6 tests in clause BC-10.07.033. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-10.10.007 Example: a the central processing hub customer applies for ATM Network Resilience (Tier 5 / Central Zone) of INR 341 lakh. Under clause BC-10.02.034, the recovery point objective is set at 161 minutes as a ceiling, so a proposed recovery point objective of 116 minutes is within the limit.

BC-10.10.008 Example: the Head of Business Continuity receives a request to extend an exception under clause BC-10.06.008 for ATM Network Resilience (Tier 3 / Metro Zone) serving the branch network to 11 days. Because the maximum permitted period is 21 days, the request can be approved at this level.

BC-10.10.009 Example: the Vice President receives a request to extend an exception under clause BC-10.06.022 for ATM Network Resilience (Tier 4 / North Zone) serving the branch network to 6 days. Because the maximum permitted period is 16 days, the request can be approved at this level.

BC-10.10.010 Example: a the branch network customer applies for ATM Network Resilience (Tier 3 / Central Zone) of INR 418 lakh. Under clause Schedule BC-10-A, the crisis team activation time is set at 116 minutes as a ceiling, so a proposed crisis team activation time of 125 minutes is outside the limit and must be escalated to the Senior Officer.

BC-10.10.011 Example: the Head of Business Continuity receives a request to extend an exception under clause BC-10.06.033 for ATM Network Resilience (Tier 2 / East Zone) serving the digital banking unit to 31 days. Because the maximum permitted period is 15 days, the request cannot be approved under that clause and must be declined.

BC-10.10.012 Example: during a review of ATM Network Resilience (Tier 3 / Central Zone), the backup failures for a the central processing hub account measured 8.0% against the trigger of 7.1% in clause BC-10.04.038. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause BC-10.04.038.

BC-10.10.013 Example: the Assistant Vice President receives a request to extend an exception under clause BC-10.06.040 for ATM Network Resilience (Tier 4 / South Zone) serving corporate banking units to 2 days. Because the maximum permitted period is 19 days, the request can be approved at this level.

BC-10.10.014 Example: during a review of ATM Network Resilience (Tier 5 / Islands Zone), the backup failures for a outsourced service teams account measured 8.2% against the trigger of 8.0% in clause BC-10.07.040. Because the reading breached the trigger, the Head of Function must notify the Operational Risk Committee within 2 hours and shift operations to the secondary data centre.

BC-10.10.015 Example: during a review of ATM Network Resilience (Tier 1 / South Zone), the overdue continuity plan updates for a the branch network account measured 27.7% against the trigger of 34.4% in clause BC-10.07.037. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-10.10.016 Example: a retail banking units customer applies for ATM Network Resilience (Tier 4 / West Zone) of INR 65 lakh. Under clause BC-10.02.035, the disaster recovery test interval is set at 11 months as a ceiling, so a proposed disaster recovery test interval of 12 months is outside the limit and must be escalated to the Senior Officer.

BC-10.10.017 Example: the Chief Risk Officer receives a request to extend an exception under clause BC-10.06.014 for ATM Network Resilience (Tier 3 / Central Zone) serving subsidiary entities to 41 days. Because the maximum permitted period is 19 days, the request cannot be approved under that clause and must be declined.

BC-10.10.018 Example: a subsidiary entities customer applies for ATM Network Resilience (Tier 1 / Islands Zone) of INR 213 lakh. Under clause BC-10.02.027, the crisis team activation time is set at 26 minutes as a ceiling, so a proposed crisis team activation time of 30 minutes is outside the limit and must be escalated to the Head of Function.

BC-10.10.019 Example: a regional hubs customer applies for ATM Network Resilience (Tier 4 / South Zone) of INR 190 lakh. Under clause BC-10.02.004, the maximum tolerable downtime for payments is set at 3 hours as a ceiling, so a proposed maximum tolerable downtime for payments of 3 hours is within the limit.

BC-10.10.020 Example: a subsidiary entities customer applies for ATM Network Resilience (Tier 2 / West Zone) of INR 493 lakh. Under clause BC-10.02.038, the crisis team activation time is set at 38 minutes as a ceiling, so a proposed crisis team activation time of 37 minutes is within the limit.

BC-10.10.021 Example: the Assistant Vice President receives a request to extend an exception under clause BC-10.06.010 for ATM Network Resilience (Tier 3 / West Zone) serving the branch network to 114 days. Because the maximum permitted period is 91 days, the request cannot be approved under that clause and must be declined.

BC-10.10.022 Example: a the branch network customer applies for ATM Network Resilience (Tier 3 / East Zone) of INR 119 lakh. Under clause BC-10.02.030, the crisis team activation time is set at 34 minutes as a ceiling, so a proposed crisis team activation time of 37 minutes is outside the limit and must be escalated to the Chief Risk Officer.

BC-10.10.023 Example: a retail banking units customer applies for ATM Network Resilience (Tier 2 / North-East Zone) of INR 391 lakh. Under clause BC-10.02.012, the backup restoration test interval is set at 2 months as a ceiling, so a proposed backup restoration test interval of 1 months is within the limit.

BC-10.10.024 Example: the Chief Risk Officer receives a request to extend an exception under clause BC-10.06.003 for ATM Network Resilience (Tier 3 / Metro Zone) serving retail banking units to 34 days. Because the maximum permitted period is 36 days, the request can be approved at this level.

BC-10.10.025 Example: during a review of ATM Network Resilience (Tier 3 / North Zone), the backup failures for a outsourced service teams account measured 3.1% against the trigger of 3.7% in clause BC-10.04.023. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

BC-10.10.026 Example: during a review of ATM Network Resilience (Tier 3 / Islands Zone), the overdue continuity plan updates for a regional hubs account measured 30.9% against the trigger of 33.6% in clause BC-10.07.006. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-10.10.027 Example: a the digital banking unit customer applies for ATM Network Resilience (Tier 5 / North-East Zone) of INR 159 lakh. Under clause BC-10.02.036, the recovery point objective is set at 3 minutes as a ceiling, so a proposed recovery point objective of 3 minutes is within the limit.

BC-10.10.028 Example: the Chief Risk Officer receives a request to extend an exception under clause BC-10.06.024 for ATM Network Resilience (Tier 4 / North-East Zone) serving the digital banking unit to 109 days. Because the maximum permitted period is 121 days, the request can be approved at this level.

BC-10.10.029 Example: the Head of Business Continuity receives a request to extend an exception under clause BC-10.06.033 for ATM Network Resilience (Tier 2 / East Zone) serving the digital banking unit to 12 days. Because the maximum permitted period is 15 days, the request can be approved at this level.

BC-10.10.030 Example: a the digital banking unit customer applies for ATM Network Resilience (Tier 4 / East Zone) of INR 398 lakh. Under clause BC-10.02.041, the recovery time objective for critical services is set at 21 hours as a ceiling, so a proposed recovery time objective for critical services of 25 hours is outside the limit and must be escalated to the Head of Business Continuity.

BC-10.10.031 Example: during a review of ATM Network Resilience (Tier 4 / East Zone), the overdue continuity plan updates for a the digital banking unit account measured 22.0% against the trigger of 28.6% in clause BC-10.04.014. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

BC-10.10.032 Example: the Head of Function receives a request to extend an exception under clause BC-10.06.036 for ATM Network Resilience (Tier 4 / South Zone) serving regional hubs to 69 days. Because the maximum permitted period is 60 days, the request cannot be approved under that clause and must be declined.

BC-10.10.033 Example: during a review of ATM Network Resilience (Tier 3 / South Zone), the recovery tests failed for a subsidiary entities account measured 5 tests against the trigger of 4 tests in clause BC-10.04.031. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause BC-10.04.031.

BC-10.10.034 Example: during a review of ATM Network Resilience (Tier 5 / South Zone), the overdue continuity plan updates for a the central processing hub account measured 17.0% against the trigger of 16.3% in clause BC-10.04.009. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause BC-10.04.009.

BC-10.10.035 Example: a subsidiary entities customer applies for ATM Network Resilience (Tier 3 / North Zone) of INR 139 lakh. Under clause BC-10.02.005, the recovery time objective for critical services is set at 9 hours as a ceiling, so a proposed recovery time objective for critical services of 11 hours is outside the limit and must be escalated to the Senior Officer.

BC-10.10.036 Example: the Assistant Vice President receives a request to extend an exception under clause BC-10.06.040 for ATM Network Resilience (Tier 4 / South Zone) serving corporate banking units to 35 days. Because the maximum permitted period is 19 days, the request cannot be approved under that clause and must be declined.

BC-10.10.037 Example: a the branch network customer applies for ATM Network Resilience (Tier 3 / East Zone) of INR 135 lakh. Under clause BC-10.02.030, the crisis team activation time is set at 34 minutes as a ceiling, so a proposed crisis team activation time of 41 minutes is outside the limit and must be escalated to the Chief Risk Officer.

BC-10.10.038 Example: a shared service centres customer applies for ATM Network Resilience (Tier 3 / Metro Zone) of INR 361 lakh. Under clause BC-10.02.006, the backup restoration test interval is set at 5 months as a ceiling, so a proposed backup restoration test interval of 4 months is within the limit.

BC-10.10.039 Example: a regional hubs customer applies for ATM Network Resilience (Tier 2 / Islands Zone) of INR 65 lakh. Under clause BC-10.02.014, the backup restoration test interval is set at 5 months as a ceiling, so a proposed backup restoration test interval of 5 months is within the limit.

BC-10.10.040 Example: during a review of ATM Network Resilience (Tier 4 / East Zone), the overdue continuity plan updates for a the digital banking unit account measured 30.9% against the trigger of 28.6% in clause BC-10.04.014. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause BC-10.04.014.

BC-10.10.041 Example: a the digital banking unit customer applies for ATM Network Resilience (Tier 2 / Central Zone) of INR 136 lakh. Under clause BC-10.02.029, the maximum tolerable downtime for payments is set at 8 hours as a ceiling, so a proposed maximum tolerable downtime for payments of 8 hours is within the limit.

BC-11.09.041 The Business Impact Summary for Supplier Failure Response (Tier 1 / East Zone) covering corporate banking units shall be submitted to the Operational Risk Committee by working day 11 of each month, and must include the overdue continuity plan updates together with its trend over the previous 5 months.

Section 11.10 - Worked Examples

BC-11.10.001 Example: the Chief Risk Officer receives a request to extend an exception under clause BC-11.06.018 for Supplier Failure Response (Tier 3 / North-East Zone) serving subsidiary entities to 26 days. Because the maximum permitted period is 32 days, the request can be approved at this level.

BC-11.10.002 Example: a the central processing hub customer applies for Supplier Failure Response (Tier 4 / West Zone) of INR 46 lakh. Under clause BC-11.02.032, the maximum tolerable downtime for payments is set at 6 hours as a ceiling, so a proposed maximum tolerable downtime for payments of 7 hours is outside the limit and must be escalated to the Regional Head.

BC-11.10.003 Example: a the digital banking unit customer applies for Supplier Failure Response (Tier 1 / West Zone) of INR 302 lakh. Under clause BC-11.02.039, the disaster recovery test interval is set at 6 months as a ceiling, so a proposed disaster recovery test interval of 6 months is within the limit.

BC-11.10.004 Example: the Chief Risk Officer receives a request to extend an exception under clause BC-11.06.010 for Supplier Failure Response (Tier 3 / East Zone) serving the wealth management unit to 7 days. Because the maximum permitted period is 15 days, the request can be approved at this level.

BC-11.10.005 Example: during a review of Supplier Failure Response (Tier 5 / Metro Zone), the actual recovery time in the last test for a the wealth management unit account measured 2 hours against the trigger of 2 hours in clause BC-11.04.016. Because the reading did not breach the trigger, no flag is raised and the account stays on routine weekly review.

BC-11.10.006 Example: a regional hubs customer applies for Supplier Failure Response (Tier 4 / South Zone) of INR 307 lakh. Under clause Schedule BC-11-A, the recovery point objective is set at 11 minutes as a ceiling, so a proposed recovery point objective of 9 minutes is within the limit.

BC-11.10.007 Example: during a review of Supplier Failure Response (Tier 2 / North-East Zone), the recovery tests failed for a the digital banking unit account measured 5 tests against the trigger of 6 tests in clause BC-11.07.029. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-11.10.008 Example: during a review of Supplier Failure Response (Tier 5 / South Zone), the actual recovery time in the last test for a corporate banking units account measured 6 hours against the trigger of 5 hours in clause BC-11.07.020. Because the reading breached the trigger, the Head of Function must notify the Operational Risk Committee within 1 hours and communicate with customers through approved channels.

BC-11.10.009 Example: a corporate banking units customer applies for Supplier Failure Response (Tier 1 / North Zone) of INR 438 lakh. Under clause BC-11.02.021, the maximum tolerable downtime for payments is set at 6 hours as a ceiling, so a proposed maximum tolerable downtime for payments of 7 hours is outside the limit and must be escalated to the Chief Risk Officer.

BC-11.10.010 Example: during a review of Supplier Failure Response (Tier 4 / East Zone), the actual recovery time in the last test for a the branch network account measured 14 hours against the trigger of 20 hours in clause BC-11.04.010. Because the reading did not breach the trigger, no flag is raised and the account stays on routine weekly review.

BC-11.10.011 Example: a corporate banking units customer applies for Supplier Failure Response (Tier 5 / East Zone) of INR 180 lakh. Under clause Schedule BC-11-A, the recovery point objective is set at 109 minutes as a ceiling, so a proposed recovery point objective of 137 minutes is outside the limit and must be escalated to the Assistant Vice President.

BC-11.10.012 Example: during a review of Supplier Failure Response (Tier 4 / South Zone), the actual recovery time in the last test for a the digital banking unit account measured 9 hours against the trigger of 9 hours in clause BC-11.07.009. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-11.10.013 Example: the Senior Officer receives a request to extend an exception under clause BC-11.06.021 for Supplier Failure Response (Tier 5 / Metro Zone) serving the wealth management unit to 91 days. Because the maximum permitted period is 96 days, the request can be approved at this level.

BC-11.10.014 Example: the Resilience Manager receives a request to extend an exception under clause BC-11.06.025 for Supplier Failure Response (Tier 4 / Central Zone) serving the branch network to 15 days. Because the maximum permitted period is 11 days, the request cannot be approved under that clause and must be declined.

BC-11.10.015 Example: during a review of Supplier Failure Response (Tier 3 / Central Zone), the recovery tests failed for a the branch network account measured 7 tests against the trigger of 7 tests in clause BC-11.07.025. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-11.10.016 Example: during a review of Supplier Failure Response (Tier 1 / Central Zone), the backup failures for a outsourced service teams account measured 9.2% against the trigger of 7.3% in clause BC-11.04.035. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause BC-11.04.035.

BC-11.10.017 Example: the Assistant Vice President receives a request to extend an exception under clause BC-11.06.006 for Supplier Failure Response (Tier 1 / Metro Zone) serving corporate banking units to 26 days. Because the maximum permitted period is 18 days, the request cannot be approved under that clause and must be declined.

BC-11.10.018 Example: a the central processing hub customer applies for Supplier Failure Response (Tier 1 / West Zone) of INR 459 lakh. Under clause BC-11.02.040, the crisis team activation time is set at 59 minutes as a ceiling, so a proposed crisis team activation time of 63 minutes is outside the limit and must be escalated to the Chief Risk Officer.

BC-11.10.019 Example: the Resilience Manager receives a request to extend an exception under clause BC-11.06.025 for Supplier Failure Response (Tier 4 / Central Zone) serving the branch network to 27 days. Because the maximum permitted period is 11 days, the request cannot be approved under that clause and must be declined.

BC-11.10.020 Example: the Head of Function receives a request to extend an exception under clause BC-11.06.034 for Supplier Failure Response (Tier 5 / South Zone) serving the branch network to 35 days. Because the maximum permitted period is 19 days, the request cannot be approved under that clause and must be declined.

BC-11.10.021 Example: the Vice President receives a request to extend an exception under clause BC-11.06.028 for Supplier Failure Response (Tier 2 / South Zone) serving retail banking units to 43 days. Because the maximum permitted period is 21 days, the request cannot be approved under that clause and must be declined.

BC-11.10.022 Example: during a review of Supplier Failure Response (Tier 5 / East Zone), the critical services without a tested plan for a corporate banking units account measured 6 services against the trigger of 5 services in clause BC-11.07.007. Because the reading breached the trigger, the Assistant Vice President must notify the Operational Risk Committee within 12 hours and shift operations to the secondary data centre.

BC-11.10.023 Example: the Vice President receives a request to extend an exception under clause BC-11.06.002 for Supplier Failure Response (Tier 2 / East Zone) serving the wealth management unit to 34 days. Because the maximum permitted period is 46 days, the request can be approved at this level.

BC-11.10.024 Example: during a review of Supplier Failure Response (Tier 4 / East Zone), the actual recovery time in the last test for a the branch network account measured 17 hours against the trigger of 20 hours in clause BC-11.04.010. Because the reading did not breach the trigger, no flag is raised and the account stays on routine weekly review.

BC-11.10.025 Example: a the central processing hub customer applies for Supplier Failure Response (Tier 3 / East Zone) of INR 430 lakh. Under clause BC-11.02.027, the maximum tolerable downtime for payments is set at 7 hours as a ceiling, so a proposed maximum tolerable downtime for payments of 5 hours is within the limit.

BC-11.10.026 Example: the Senior Officer receives a request to extend an exception under clause BC-11.06.013 for Supplier Failure Response (Tier 2 / South Zone) serving the central processing hub to 5 days. Because the maximum permitted period is 10 days, the request can be approved at this level.

BC-11.10.027 Example: during a review of Supplier Failure Response (Tier 2 / West Zone), the critical services without a tested plan for a regional hubs account measured 6 services against the trigger of 8 services in clause BC-11.07.022. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-11.10.028 Example: a shared service centres customer applies for Supplier Failure Response (Tier 4 / North-East Zone) of INR 421 lakh. Under clause BC-11.02.025, the backup restoration test interval is set at 6 months as a ceiling, so a proposed backup restoration test interval of 5 months is within the limit.

BC-11.10.029 Example: a shared service centres customer applies for Supplier Failure Response (Tier 1 / South Zone) of INR 248 lakh. Under clause BC-11.02.020, the maximum tolerable downtime for payments is set at 2 hours as a ceiling, so a proposed maximum tolerable downtime for payments of 2 hours is within the limit.

BC-11.10.030 Example: a the digital banking unit customer applies for Supplier Failure Response (Tier 5 / East Zone) of INR 273 lakh. Under clause Schedule BC-11-A, the disaster recovery test interval is set at 6 months as a ceiling, so a proposed disaster recovery test interval of 5 months is within the limit.

BC-11.10.031 Example: a regional hubs customer applies for Supplier Failure Response (Tier 3 / Metro Zone) of INR 149 lakh. Under clause BC-11.02.026, the recovery time objective for critical services is set at 21 hours as a ceiling, so a proposed recovery time objective for critical services of 25 hours is outside the limit and must be escalated to the Head of Function.

BC-11.10.032 Example: the Chief Risk Officer receives a request to extend an exception under clause BC-11.06.001 for Supplier Failure Response (Tier 2 / South Zone) serving the wealth management unit to 39 days. Because the maximum permitted period is 31 days, the request cannot be approved under that clause and must be declined.

BC-11.10.033 Example: the Head of Business Continuity receives a request to extend an exception under clause BC-11.06.033 for Supplier Failure Response (Tier 1 / Islands Zone) serving regional hubs to 71 days. Because the maximum permitted period is 60 days, the request cannot be approved under that clause and must be declined.

BC-11.10.034 Example: a the central processing hub customer applies for Supplier Failure Response (Tier 4 / Metro Zone) of INR 102 lakh. Under clause BC-11.02.002, the maximum tolerable downtime for payments is set at 3 hours as a ceiling, so a proposed maximum tolerable downtime for payments of 4 hours is outside the limit and must be escalated to the Vice President.

BC-11.10.035 Example: a the branch network customer applies for Supplier Failure Response (Tier 1 / East Zone) of INR 95 lakh. Under clause Schedule BC-11-A, the maximum tolerable downtime for payments is set at 3 hours as a ceiling, so a proposed maximum tolerable downtime for payments of 3 hours is within the limit.

BC-11.10.036 Example: during a review of Supplier Failure Response (Tier 5 / West Zone), the recovery tests failed for a the central processing hub account measured 3 tests against the trigger of 3 tests in clause BC-11.07.015. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-11.10.037 Example: a the branch network customer applies for Supplier Failure Response (Tier 1 / West Zone) of INR 110 lakh. Under clause Schedule BC-11-A, the disaster recovery test interval is set at 5 months as a ceiling, so a proposed disaster recovery test interval of 5 months is within the limit.

BC-11.10.038 Example: the Head of Function receives a request to extend an exception under clause BC-11.06.038 for Supplier Failure Response (Tier 2 / North-East Zone) serving subsidiary entities to 10 days. Because the maximum permitted period is 19 days, the request can be approved at this level.

BC-11.10.039 Example: a the central processing hub customer applies for Supplier Failure Response (Tier 1 / West Zone) of INR 437 lakh. Under clause BC-11.02.040, the crisis team activation time is set at 59 minutes as a ceiling, so a proposed crisis team activation time of 65 minutes is outside the limit and must be escalated to the Chief Risk Officer.

BC-11.10.040 Example: during a review of Supplier Failure Response (Tier 2 / South Zone), the recovery tests failed for a outsourced service teams account measured 2 tests against the trigger of 3 tests in clause BC-11.04.039. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

BC-11.10.041 Example: a regional hubs customer applies for Supplier Failure Response (Tier 1 / West Zone) of INR 84 lakh. Under clause BC-11.02.035, the recovery point objective is set at 175 minutes as a ceiling, so a proposed recovery point objective of 173 minutes is within the limit.
