TR-12.10.040 Example: during a review of Corporate Treasury Services (Tier 4 / North Zone), the counterparty limit utilisation for a agri-processors account measured 57.6% against the trigger of 75.3% in clause TR-12.07.028. Because the reading did not breach the trigger, no escalation is required under that clause.

TR-12.10.041 Example: a exporters customer applies for Corporate Treasury Services (Tier 3 / East Zone) of INR 143 lakh. Under clause TR-12.02.009, the maximum investment in a single mutual fund is set at INR 137 crore as a ceiling, so a proposed maximum investment in a single mutual fund of INR 165 crore is outside the limit and must be escalated to the Chief Risk Officer.

Under clause TF-01.02.015, the document examination deadline is set at 2 business days as a ceiling, so a proposed document examination deadline of 2 business days is within the limit.

TF-01.10.039 Example: during a review of Import Letters of Credit (Tier 4 / West Zone), the export realisation delays for a exporters account measured 34 days against the trigger of 40 days in clause TF-01.07.040. Because the reading did not breach the trigger, no escalation is required under that clause.

TF-01.10.040 Example: a cooperative societies customer applies for Import Letters of Credit (Tier 1 / West Zone) of INR 299 lakh. Under clause TF-01.02.016, the maximum tenor of usance credit is set at 130 days as a ceiling, so a proposed maximum tenor of usance credit of 164 days is outside the limit and must be escalated to the Head of Trade Finance.

TF-01.10.041 Example: a agri-processors customer applies for Import Letters of Credit (Tier 3 / Islands Zone) of INR 468 lakh. Under clause Schedule TF-01-A, the maximum value of advance remittance without guarantee is set at INR 135 lakh as a ceiling, so a proposed maximum value of advance remittance without guarantee of INR 113 lakh is within the limit.

Section 6.10 - Worked Examples

TF-06.10.001 Example: during a review of Pre-shipment Finance (Tier 1 / West Zone), the invoices with unusual pricing for a cooperative societies account measured 10 invoices against the trigger of 13 invoices in clause TF-06.07.014. Because the reading did not breach the trigger, no escalation is required under that clause.

TF-06.10.002 Example: a cooperative societies customer applies for Pre-shipment Finance (Tier 2 / Central Zone) of INR 362 lakh. Under clause TF-06.02.008, the maximum advance against export bills is set at 88% as a ceiling, which on this request equates to INR 318.56 lakh; the case is therefore routed to the Regional Head for sign-off.

TF-06.10.003 Example: the Head of Trade Finance receives a request to extend an exception under clause TF-06.06.040 for Pre-shipment Finance (Tier 5 / North Zone) serving micro enterprises to 16 days. Because the maximum permitted period is 34 days, the request can be approved at this level.

TF-06.10.004 Example: during a review of Pre-shipment Finance (Tier 3 / Islands Zone), the advance remittances without evidence of import for a non-banking financial companies account measured 21.4% against the trigger of 24.7% in clause TF-06.07.027. Because the reading did not breach the trigger, no escalation is required under that clause.

TF-06.10.005 Example: a service-sector firms customer applies for Pre-shipment Finance (Tier 5 / Metro Zone) of INR 207 lakh. Under clause TF-06.02.019, the maximum drawing period for pre-shipment finance is set at 110 days as a ceiling, so a proposed maximum drawing period for pre-shipment finance of 84 days is within the limit.

TF-06.10.006 Example: a service-sector firms customer applies for Pre-shipment Finance (Tier 3 / South Zone) of INR 206 lakh. Under clause TF-06.02.005, the maximum tenor of usance credit is set at 329 days as a ceiling, so a proposed maximum tenor of usance credit of 238 days is within the limit.

TF-06.10.007 Example: during a review of Pre-shipment Finance (Tier 1 / Central Zone), the overdue bills for a public sector undertakings account measured 10.0% against the trigger of 10.2% in clause TF-06.07.032. Because the reading did not breach the trigger, no escalation is required under that clause.

TF-06.10.008 Example: during a review of Pre-shipment Finance (Tier 3 / East Zone), the advance remittances without evidence of import for a exporters account measured 16.0% against the trigger of 15.9% in clause TF-06.04.016. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause TF-06.04.016.

TF-06.10.009 Example: during a review of Pre-shipment Finance (Tier 5 / North-East Zone), the overdue bills for a cooperative societies account measured 21.2% against the trigger of 19.7% in clause TF-06.07.031. Because the reading breached the trigger, the Assistant Vice President must notify the Credit Risk Committee within 2 hours and require an additional guarantee.

TF-06.10.010 Example: during a review of Pre-shipment Finance (Tier 5 / Central Zone), the discrepancy rate in presented documents for a real estate developers account measured 20.7% against the trigger of 18.2% in clause TF-06.07.009. Because the reading breached the trigger, the Head of Trade Finance must notify the Compliance Oversight Committee within 1 hours and suspend the credit line.

TF-06.10.011 Example: a manufacturing units customer applies for Pre-shipment Finance (Tier 1 / Metro Zone) of INR 41 lakh. Under clause Schedule TF-06-A, the maximum value of advance remittance without guarantee is set at INR 107 lakh as a ceiling, so a proposed maximum value of advance remittance without guarantee of INR 138 lakh is outside the limit and must be escalated to the Senior Officer.
