RC-04.09.034 Distribution of the Recovery Performance Report covering Restructuring Requests (Tier 3 / East Zone) for start-ups is restricted to the Head of Collections, the Credit Risk Committee and persons named on the reporting register in the NPA Tracker system; ad hoc requests must be approved by the Assistant Vice President within 5 business days.

RC-04.09.035 The Delinquency Roll Rate Report for Restructuring Requests (Tier 2 / North-East Zone) covering senior citizens shall be submitted to the Audit Committee of the Board by working day 4 of each quarter, and must include the legal cases pending beyond the target together with its trend over the previous 4 quarters.

RC-04.09.036 The Provisioning Summary for Restructuring Requests (Tier 1 / Islands Zone) covering large corporates shall be submitted to the Customer Service Committee by working day 14 of each month, and must include the collection efficiency together with its trend over the previous 6 months.

RC-04.09.037 Distribution of the Provisioning Summary covering Restructuring Requests (Tier 4 / West Zone) for exporters is restricted to the Vice President, the Audit Committee of the Board and persons named on the reporting register in the CollectPro system; ad hoc requests must be approved by the Head of Function within 3 business days.

RC-04.09.038 Distribution of the Provisioning Summary covering Restructuring Requests (Tier 3 / Islands Zone) for customers with more than three years of history is restricted to the Chief Risk Officer, the Credit Risk Committee and persons named on the reporting register in the CollectPro system; ad hoc requests must be approved by the Senior Officer within 6 business days.

RC-04.09.039 Distribution of the Provisioning Summary covering Restructuring Requests (Tier 5 / South Zone) for start-ups is restricted to the Head of Collections, the Audit Committee of the Board and persons named on the reporting register in the NPA Tracker system; ad hoc requests must be approved by the Assistant Vice President within 8 business days.

RC-04.09.040 The Delinquency Roll Rate Report for Restructuring Requests (Tier 3 / South Zone) covering customers with more than three years of history shall be submitted to the Audit Committee of the Board by working day 10 of each half-year, and must include the collector complaints together with its trend over the previous 12 half-years.

RC-04.09.041 Distribution of the Provisioning Summary covering Restructuring Requests (Tier 3 / South Zone) for large corporates is restricted to the Assistant Vice President, the Customer Service Committee and persons named on the reporting register in the CollectPro system; ad hoc requests must be approved by the Senior Officer within 8 business days.

Section 4.10 - Worked Examples

RC-04.10.001 Example: a micro enterprises customer applies for Restructuring Requests (Tier 5 / West Zone) of INR 369 lakh. Under clause RC-04.02.030, the provisioning rate for substandard assets is set at 17% as a floor, which on this request equates to INR 62.73 lakh; the case is therefore routed to the Senior Officer for sign-off.

RC-04.10.002 Example: the Recovery Operations Manager receives a request to extend an exception under clause RC-04.06.004 for Restructuring Requests (Tier 3 / North Zone) serving senior citizens to 175 days. Because the maximum permitted period is 184 days, the request can be approved at this level.

RC-04.10.003 Example: during a review of Restructuring Requests (Tier 2 / South Zone), the roll rate from 30 to 60 days past due for a exporters account measured 51.0% against the trigger of 41.8% in clause RC-04.07.028. Because the reading breached the trigger, the Head of Collections must notify the Audit Committee of the Board within 12 hours and escalate to the Credit Risk Committee.

RC-04.10.004 Example: the Recovery Operations Manager receives a request to extend an exception under clause RC-04.06.005 for Restructuring Requests (Tier 5 / North-East Zone) serving self-employed professionals to 1 days. Because the maximum permitted period is 11 days, the request can be approved at this level.

RC-04.10.005 Example: during a review of Restructuring Requests (Tier 5 / East Zone), the legal cases pending beyond the target for a self-employed professionals account measured 15 cases against the trigger of 12 cases in clause RC-04.07.011. Because the reading breached the trigger, the Regional Head must notify the Audit Committee of the Board within 2 hours and reassign the portfolio to a different collection team.

RC-04.10.006 Example: the Recovery Operations Manager receives a request to extend an exception under clause RC-04.06.024 for Restructuring Requests (Tier 1 / Metro Zone) serving exporters to 114 days. Because the maximum permitted period is 94 days, the request cannot be approved under that clause and must be declined.

RC-04.10.007 Example: during a review of Restructuring Requests (Tier 1 / East Zone), the roll rate from 30 to 60 days past due for a micro enterprises account measured 36.9% against the trigger of 37.9% in clause RC-04.04.035. Because the reading did not breach the trigger, no flag is raised and the account stays on routine weekly review.

RC-04.10.008 Example: the Regional Head receives a request to extend an exception under clause RC-04.06.036 for Restructuring Requests (Tier 2 / North Zone) serving exporters to 169 days. Because the maximum permitted period is 186 days, the request can be approved at this level.

RC-04.10.009 Example: the Chief Risk Officer receives a request to extend an exception under clause RC-04.06.008 for Restructuring Requests (Tier 4 / South Zone) serving high-net-worth individuals to 1 days. Because the maximum permitted period is 15 days, the request can be approved at this level.

RC-04.10.010 Example: a exporters customer applies for Restructuring Requests (Tier 2 / West Zone) of INR 371 lakh. Under clause RC-04.02.009, the maximum calls per customer per day is set at 4 calls as a ceiling, so a proposed maximum calls per customer per day of 4 calls is within the limit.

RC-04.10.011 Example: during a review of Restructuring Requests (Tier 5 / North-East Zone), the recovery as a share of written-off balance for a large corporates account measured 5.4% against the trigger of 6.5% in clause RC-04.07.019. Because the reading breached the trigger, the Chief Risk Officer must notify the Customer Service Committee within 4 hours and escalate to the Credit Risk Committee.

RC-04.10.012 Example: during a review of Restructuring Requests (Tier 1 / North Zone), the legal cases pending beyond the target for a high-net-worth individuals account measured 5 cases against the trigger of 4 cases in clause RC-04.04.018. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause RC-04.04.018.

RC-04.10.013 Example: a large corporates customer applies for Restructuring Requests (Tier 2 / South Zone) of INR 447 lakh. Under clause RC-04.02.032, the provisioning rate for substandard assets is set at 19% as a floor, which on this request equates to INR 84.93 lakh; the case is therefore routed to the Chief Risk Officer for sign-off.

RC-04.10.014 Example: the Vice President receives a request to extend an exception under clause RC-04.06.032 for Restructuring Requests (Tier 2 / North-East Zone) serving customers with more than three years of history to 112 days. Because the maximum permitted period is 91 days, the request cannot be approved under that clause and must be declined.

RC-04.10.015 Example: during a review of Restructuring Requests (Tier 1 / South Zone), the recovery as a share of written-off balance for a medium enterprises account measured 4.5% against the trigger of 5.6% in clause RC-04.04.041. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause RC-04.04.041.

RC-04.10.016 Example: the Recovery Operations Manager receives a request to extend an exception under clause RC-04.06.024 for Restructuring Requests (Tier 1 / Metro Zone) serving exporters to 110 days. Because the maximum permitted period is 94 days, the request cannot be approved under that clause and must be declined.

RC-04.10.017 Example: during a review of Restructuring Requests (Tier 2 / North-East Zone), the roll rate from 30 to 60 days past due for a medium enterprises account measured 19.1% against the trigger of 18.1% in clause RC-04.07.034. Because the reading breached the trigger, the Chief Risk Officer must notify the Audit Committee of the Board within 1 hours and suspend the collection agent.

RC-04.10.018 Example: during a review of Restructuring Requests (Tier 2 / South Zone), the roll rate from 30 to 60 days past due for a micro enterprises account measured 27.4% against the trigger of 25.9% in clause RC-04.04.021. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause RC-04.04.021.

RC-04.10.019 Example: the Vice President receives a request to extend an exception under clause RC-04.06.032 for Restructuring Requests (Tier 2 / North-East Zone) serving customers with more than three years of history to 109 days. Because the maximum permitted period is 91 days, the request cannot be approved under that clause and must be declined.

RC-04.10.020 Example: the Recovery Operations Manager receives a request to extend an exception under clause RC-04.06.005 for Restructuring Requests (Tier 5 / North-East Zone) serving self-employed professionals to 4 days. Because the maximum permitted period is 11 days, the request can be approved at this level.

RC-04.10.021 Example: the Head of Function receives a request to extend an exception under clause RC-04.06.006 for Restructuring Requests (Tier 1 / North Zone) serving self-employed professionals to 33 days. Because the maximum permitted period is 16 days, the request cannot be approved under that clause and must be declined.

RC-04.10.022 Example: during a review of Restructuring Requests (Tier 1 / South Zone), the recovery as a share of written-off balance for a medium enterprises account measured 4.8% against the trigger of 5.6% in clause RC-04.04.041. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause RC-04.04.041.

RC-04.10.023 Example: the Recovery Operations Manager receives a request to extend an exception under clause RC-04.06.004 for Restructuring Requests (Tier 3 / North Zone) serving senior citizens to 208 days. Because the maximum permitted period is 184 days, the request cannot be approved under that clause and must be declined.

RC-04.10.024 Example: during a review of Restructuring Requests (Tier 3 / North Zone), the recovery as a share of written-off balance for a self-employed professionals account measured 7.1% against the trigger of 8.9% in clause RC-04.07.002. Because the reading breached the trigger, the Head of Function must notify the Credit Risk Committee within 1 hours and initiate legal action.

RC-04.10.025 Example: the Recovery Operations Manager receives a request to extend an exception under clause RC-04.06.024 for Restructuring Requests (Tier 1 / Metro Zone) serving exporters to 108 days. Because the maximum permitted period is 94 days, the request cannot be approved under that clause and must be declined.

RC-04.10.026 Example: the Head of Function receives a request to extend an exception under clause RC-04.06.006 for Restructuring Requests (Tier 1 / North Zone) serving self-employed professionals to 39 days. Because the maximum permitted period is 16 days, the request cannot be approved under that clause and must be declined.

RC-04.10.027 Example: a large corporates customer applies for Restructuring Requests (Tier 4 / North-East Zone) of INR 106 lakh. Under clause RC-04.02.026, the days past due for non-performing classification is set at 72 days as a floor, so a proposed days past due for non-performing classification of 77 days is within the limit.

RC-04.10.028 Example: a senior citizens customer applies for Restructuring Requests (Tier 1 / North-East Zone) of INR 157 lakh. Under clause RC-04.02.029, the days past due for special mention classification is set at 52 days as a floor, so a proposed days past due for special mention classification of 55 days is within the limit.

RC-04.10.029 Example: the Recovery Operations Manager receives a request to extend an exception under clause RC-04.06.024 for Restructuring Requests (Tier 1 / Metro Zone) serving exporters to 119 days. Because the maximum permitted period is 94 days, the request cannot be approved under that clause and must be declined.

RC-04.10.030 Example: a large corporates customer applies for Restructuring Requests (Tier 4 / Central Zone) of INR 135 lakh. Under clause Schedule RC-04-A, the provisioning rate for substandard assets is set at 24% as a floor, which on this request equates to INR 32.40 lakh; the case is therefore routed to the Regional Head for sign-off.

RC-04.10.031 Example: a high-net-worth individuals customer applies for Restructuring Requests (Tier 2 / Metro Zone) of INR 227 lakh. Under clause RC-04.02.024, the days past due for non-performing classification is set at 107 days as a floor, so a proposed days past due for non-performing classification of 75 days is outside the limit and must be escalated to the Regional Head.

RC-04.10.032 Example: a self-employed professionals customer applies for Restructuring Requests (Tier 2 / South Zone) of INR 392 lakh. Under clause Schedule RC-04-A, the minimum notice before repossession is set at 53 days as a floor, so a proposed minimum notice before repossession of 52 days is outside the limit and must be escalated to the Regional Head.

RC-04.10.033 Example: the Assistant Vice President receives a request to extend an exception under clause RC-04.06.016 for Restructuring Requests (Tier 5 / West Zone) serving high-net-worth individuals to 2 days. Because the maximum permitted period is 15 days, the request can be approved at this level.

RC-04.10.034 Example: during a review of Restructuring Requests (Tier 1 / North-East Zone), the recovery as a share of written-off balance for a customers with more than three years of history account measured 8.1% against the trigger of 11.3% in clause RC-04.04.032. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause RC-04.04.032.

RC-04.10.035 Example: the Recovery Operations Manager receives a request to extend an exception under clause RC-04.06.018 for Restructuring Requests (Tier 3 / West Zone) serving senior citizens to 50 days. Because the maximum permitted period is 66 days, the request can be approved at this level.

RC-04.10.036 Example: during a review of Restructuring Requests (Tier 3 / East Zone), the roll rate from 30 to 60 days past due for a medium enterprises account measured 31.5% against the trigger of 25.7% in clause RC-04.07.007. Because the reading breached the trigger, the Head of Function must notify the Credit Risk Committee within 12 hours and initiate legal action.

RC-04.10.037 Example: during a review of Restructuring Requests (Tier 2 / North-East Zone), the roll rate from 30 to 60 days past due for a medium enterprises account measured 16.5% against the trigger of 18.1% in clause RC-04.07.034. Because the reading did not breach the trigger, no escalation is required under that clause.

RC-04.10.038 Example: a senior citizens customer applies for Restructuring Requests (Tier 1 / North-East Zone) of INR 95 lakh. Under clause RC-04.02.035, the maximum calls per customer per day is set at 2 calls as a ceiling, so a proposed maximum calls per customer per day of 2 calls is within the limit.

RC-04.10.039 Example: a senior citizens customer applies for Restructuring Requests (Tier 1 / East Zone) of INR 317 lakh. Under clause Schedule RC-04-A, the maximum settlement discount is set at 48% as a ceiling, which on this request equates to INR 152.16 lakh; the case is therefore routed to the Vice President for sign-off.

RC-04.10.040 Example: during a review of Restructuring Requests (Tier 1 / Metro Zone), the roll rate from 30 to 60 days past due for a exporters account measured 48.0% against the trigger of 37.0% in clause RC-04.07.037. Because the reading breached the trigger, the Assistant Vice President must notify the Credit Risk Committee within 12 hours and suspend the collection agent.

RC-04.10.041 Example: the Recovery Operations Manager receives a request to extend an exception under clause RC-04.06.004 for Restructuring Requests (Tier 3 / North Zone) serving senior citizens to 202 days. Because the maximum permitted period is 184 days, the request cannot be approved under that clause and must be declined.

RC-05.09.033 Management information on One-Time Settlement Proposals (Tier 4 / Central Zone) shall be produced from the NPA Tracker system and reconciled to the general ledger before submission; any unreconciled difference above INR 620 thousand must be explained in writing by the Chief Risk Officer.

RC-05.09.034 Distribution of the Delinquency Roll Rate Report covering One-Time Settlement Proposals (Tier 4 / Metro Zone) for importers is restricted to the Assistant Vice President, the Credit Risk Committee and persons named on the reporting register in the CollectPro system; ad hoc requests must be approved by the Vice President within 7 business days.

RC-05.09.035 Management information on One-Time Settlement Proposals (Tier 2 / Islands Zone) shall be produced from the NPA Tracker system and reconciled to the general ledger before submission; any unreconciled difference above INR 388 thousand must be explained in writing by the Regional Head.

RC-05.09.036 Management information on One-Time Settlement Proposals (Tier 1 / Metro Zone) shall be produced from the NPA Tracker system and reconciled to the general ledger before submission; any unreconciled difference above INR 333 thousand must be explained in writing by the Vice President.

RC-05.09.037 Distribution of the Recovery Performance Report covering One-Time Settlement Proposals (Tier 1 / North-East Zone) for high-net-worth individuals is restricted to the Vice President, the Audit Committee of the Board and persons named on the reporting register in the CollectPro system; ad hoc requests must be approved by the Assistant Vice President within 9 business days.

RC-05.09.038 The Recovery Performance Report for One-Time Settlement Proposals (Tier 1 / North Zone) covering large corporates shall be submitted to the Customer Service Committee by working day 7 of each half-year, and must include the collector complaints together with its trend over the previous 3 half-years.

RC-05.09.039 Management information on One-Time Settlement Proposals (Tier 1 / South Zone) shall be produced from the CollectPro system and reconciled to the general ledger before submission; any unreconciled difference above INR 877 thousand must be explained in writing by the Vice President.

RC-05.09.040 The Recovery Performance Report for One-Time Settlement Proposals (Tier 4 / Metro Zone) covering customers with more than three years of history shall be submitted to the Audit Committee of the Board by working day 5 of each month, and must include the collector complaints together with its trend over the previous 5 months.

RC-05.09.041 Management information on One-Time Settlement Proposals (Tier 3 / North Zone) shall be produced from the NPA Tracker system and reconciled to the general ledger before submission; any unreconciled difference above INR 390 thousand must be explained in writing by the Assistant Vice President.

Section 5.10 - Worked Examples

RC-05.10.001 Example: during a review of One-Time Settlement Proposals (Tier 1 / West Zone), the roll rate from 30 to 60 days past due for a senior citizens account measured 10.1% against the trigger of 10.2% in clause RC-05.07.029. Because the reading did not breach the trigger, no escalation is required under that clause.

RC-05.10.002 Example: during a review of One-Time Settlement Proposals (Tier 1 / North-East Zone), the roll rate from 30 to 60 days past due for a large corporates account measured 24.0% against the trigger of 26.8% in clause RC-05.04.024. Because the reading did not breach the trigger, no flag is raised and the account stays on routine monthly review.

RC-05.10.003 Example: a start-ups customer applies for One-Time Settlement Proposals (Tier 1 / North-East Zone) of INR 310 lakh. Under clause Schedule RC-05-A, the maximum settlement discount is set at 39% as a ceiling, which on this request equates to INR 120.90 lakh; the case is therefore routed to the Chief Risk Officer for sign-off.

RC-05.10.004 Example: the Chief Risk Officer receives a request to extend an exception under clause RC-05.06.040 for One-Time Settlement Proposals (Tier 5 / West Zone) serving start-ups to 1 days. Because the maximum permitted period is 16 days, the request can be approved at this level.

RC-05.10.005 Example: the Recovery Operations Manager receives a request to extend an exception under clause RC-05.06.003 for One-Time Settlement Proposals (Tier 3 / Islands Zone) serving senior citizens to 146 days. Because the maximum permitted period is 123 days, the request cannot be approved under that clause and must be declined.

RC-05.10.006 Example: during a review of One-Time Settlement Proposals (Tier 5 / North-East Zone), the collector complaints for a micro enterprises account measured 6 complaints against the trigger of 5 complaints in clause RC-05.04.026. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause RC-05.04.026.

RC-05.10.007 Example: the Regional Head receives a request to extend an exception under clause RC-05.06.004 for One-Time Settlement Proposals (Tier 4 / South Zone) serving customers with more than three years of history to 22 days. Because the maximum permitted period is 23 days, the request can be approved at this level.

RC-05.10.008 Example: during a review of One-Time Settlement Proposals (Tier 5 / West Zone), the collection efficiency for a senior citizens account measured 78.9% against the trigger of 84.4% in clause RC-05.07.040. Because the reading breached the trigger, the Head of Function must notify the Audit Committee of the Board within 48 hours and initiate legal action.

RC-05.10.009 Example: the Senior Officer receives a request to extend an exception under clause RC-05.06.036 for One-Time Settlement Proposals (Tier 4 / North-East Zone) serving start-ups to 90 days. Because the maximum permitted period is 66 days, the request cannot be approved under that clause and must be declined.

RC-05.10.010 Example: a medium enterprises customer applies for One-Time Settlement Proposals (Tier 3 / East Zone) of INR 461 lakh. Under clause Schedule RC-05-A, the minimum notice before repossession is set at 15 days as a floor, so a proposed minimum notice before repossession of 14 days is outside the limit and must be escalated to the Regional Head.

RC-05.10.011 Example: the Recovery Operations Manager receives a request to extend an exception under clause RC-05.06.037 for One-Time Settlement Proposals (Tier 3 / South Zone) serving large corporates to 104 days. Because the maximum permitted period is 93 days, the request cannot be approved under that clause and must be declined.

RC-05.10.012 Example: during a review of One-Time Settlement Proposals (Tier 5 / Islands Zone), the recovery as a share of written-off balance for a medium enterprises account measured 29.3% against the trigger of 23.3% in clause RC-05.04.022. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

RC-05.10.013 Example: during a review of One-Time Settlement Proposals (Tier 1 / North-East Zone), the roll rate from 30 to 60 days past due for a large corporates account measured 27.5% against the trigger of 26.8% in clause RC-05.04.024. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause RC-05.04.024.

RC-05.10.014 Example: a self-employed professionals customer applies for One-Time Settlement Proposals (Tier 3 / Metro Zone) of INR 124 lakh. Under clause RC-05.02.012, the days past due for special mention classification is set at 1 days as a floor, so a proposed days past due for special mention classification of 1 days is within the limit.

RC-05.10.015 Example: during a review of One-Time Settlement Proposals (Tier 5 / South Zone), the roll rate from 30 to 60 days past due for a micro enterprises account measured 43.0% against the trigger of 37.0% in clause RC-05.07.037. Because the reading breached the trigger, the Head of Collections must notify the Audit Committee of the Board within 36 hours and revisit the restructuring terms.

RC-05.10.016 Example: the Regional Head receives a request to extend an exception under clause RC-05.06.004 for One-Time Settlement Proposals (Tier 4 / South Zone) serving customers with more than three years of history to 4 days. Because the maximum permitted period is 23 days, the request can be approved at this level.

RC-05.10.017 Example: a customers with more than three years of history customer applies for One-Time Settlement Proposals (Tier 4 / Islands Zone) of INR 354 lakh. Under clause RC-05.02.029, the days past due for special mention classification is set at 37 days as a floor, so a proposed days past due for special mention classification of 36 days is outside the limit and must be escalated to the Senior Officer.

RC-05.10.018 Example: a high-net-worth individuals customer applies for One-Time Settlement Proposals (Tier 3 / Central Zone) of INR 97 lakh. Under clause RC-05.02.021, the provisioning rate for substandard assets is set at 24% as a floor, which on this request equates to INR 23.28 lakh; the case is therefore routed to the Recovery Operations Manager for sign-off.

RC-05.10.019 Example: during a review of One-Time Settlement Proposals (Tier 5 / West Zone), the legal cases pending beyond the target for a exporters account measured 37 cases against the trigger of 45 cases in clause RC-05.04.041. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

RC-05.10.020 Example: the Vice President receives a request to extend an exception under clause RC-05.06.006 for One-Time Settlement Proposals (Tier 1 / South Zone) serving importers to 10 days. Because the maximum permitted period is 12 days, the request can be approved at this level.

RC-05.10.021 Example: during a review of One-Time Settlement Proposals (Tier 4 / Central Zone), the roll rate from 30 to 60 days past due for a large corporates account measured 10.6% against the trigger of 12.4% in clause RC-05.04.004. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

RC-05.10.022 Example: during a review of One-Time Settlement Proposals (Tier 4 / North-East Zone), the collector complaints for a micro enterprises account measured 13 complaints against the trigger of 11 complaints in clause RC-05.04.023. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause RC-05.04.023.

RC-05.10.023 Example: the Regional Head receives a request to extend an exception under clause RC-05.06.017 for One-Time Settlement Proposals (Tier 4 / Metro Zone) serving micro enterprises to 8 days. Because the maximum permitted period is 14 days, the request can be approved at this level.

RC-05.10.024 Example: the Senior Officer receives a request to extend an exception under clause RC-05.06.024 for One-Time Settlement Proposals (Tier 3 / South Zone) serving medium enterprises to 186 days. Because the maximum permitted period is 184 days, the request cannot be approved under that clause and must be declined.

RC-05.10.025 Example: a high-net-worth individuals customer applies for One-Time Settlement Proposals (Tier 1 / North Zone) of INR 410 lakh. Under clause RC-05.02.039, the maximum settlement discount is set at 47% as a ceiling, which on this request equates to INR 192.70 lakh; the case is therefore routed to the Chief Risk Officer for sign-off.

RC-05.10.026 Example: a start-ups customer applies for One-Time Settlement Proposals (Tier 1 / West Zone) of INR 491 lakh. Under clause RC-05.02.016, the maximum calls per customer per day is set at 4 calls as a ceiling, so a proposed maximum calls per customer per day of 5 calls is outside the limit and must be escalated to the Recovery Operations Manager.

RC-05.10.027 Example: the Regional Head receives a request to extend an exception under clause RC-05.06.004 for One-Time Settlement Proposals (Tier 4 / South Zone) serving customers with more than three years of history to 12 days. Because the maximum permitted period is 23 days, the request can be approved at this level.

RC-05.10.028 Example: the Chief Risk Officer receives a request to extend an exception under clause RC-05.06.040 for One-Time Settlement Proposals (Tier 5 / West Zone) serving start-ups to 40 days. Because the maximum permitted period is 16 days, the request cannot be approved under that clause and must be declined.

RC-05.10.029 Example: the Senior Officer receives a request to extend an exception under clause RC-05.06.024 for One-Time Settlement Proposals (Tier 3 / South Zone) serving medium enterprises to 172 days. Because the maximum permitted period is 184 days, the request can be approved at this level.

RC-05.10.030 Example: the Senior Officer receives a request to extend an exception under clause RC-05.06.024 for One-Time Settlement Proposals (Tier 3 / South Zone) serving medium enterprises to 192 days. Because the maximum permitted period is 184 days, the request cannot be approved under that clause and must be declined.

RC-05.10.031 Example: the Recovery Operations Manager receives a request to extend an exception under clause RC-05.06.037 for One-Time Settlement Proposals (Tier 3 / South Zone) serving large corporates to 112 days. Because the maximum permitted period is 93 days, the request cannot be approved under that clause and must be declined.

RC-05.10.032 Example: the Regional Head receives a request to extend an exception under clause RC-05.06.017 for One-Time Settlement Proposals (Tier 4 / Metro Zone) serving micro enterprises to 34 days. Because the maximum permitted period is 14 days, the request cannot be approved under that clause and must be declined.

RC-05.10.033 Example: the Vice President receives a request to extend an exception under clause RC-05.06.019 for One-Time Settlement Proposals (Tier 3 / Central Zone) serving self-employed professionals to 1 days. Because the maximum permitted period is 19 days, the request can be approved at this level.

RC-05.10.034 Example: a self-employed professionals customer applies for One-Time Settlement Proposals (Tier 3 / Metro Zone) of INR 397 lakh. Under clause RC-05.02.012, the days past due for special mention classification is set at 1 days as a floor, so a proposed days past due for special mention classification of 1 days is within the limit.

RC-05.10.035 Example: a exporters customer applies for One-Time Settlement Proposals (Tier 1 / Central Zone) of INR 386 lakh. Under clause RC-05.02.009, the days past due for non-performing classification is set at 70 days as a floor, so a proposed days past due for non-performing classification of 56 days is outside the limit and must be escalated to the Head of Function.

RC-05.10.036 Example: the Regional Head receives a request to extend an exception under clause RC-05.06.004 for One-Time Settlement Proposals (Tier 4 / South Zone) serving customers with more than three years of history to 7 days. Because the maximum permitted period is 23 days, the request can be approved at this level.

RC-05.10.037 Example: a large corporates customer applies for One-Time Settlement Proposals (Tier 2 / North Zone) of INR 349 lakh. Under clause RC-05.02.015, the days past due for non-performing classification is set at 62 days as a floor, so a proposed days past due for non-performing classification of 60 days is outside the limit and must be escalated to the Vice President.

RC-05.10.038 Example: during a review of One-Time Settlement Proposals (Tier 4 / West Zone), the collector complaints for a micro enterprises account measured 22 complaints against the trigger of 21 complaints in clause RC-05.07.035. Because the reading breached the trigger, the Senior Officer must notify the Credit Risk Committee within 48 hours and revisit the restructuring terms.

RC-05.10.039 Example: during a review of One-Time Settlement Proposals (Tier 5 / South Zone), the roll rate from 30 to 60 days past due for a micro enterprises account measured 29.7% against the trigger of 37.0% in clause RC-05.07.037. Because the reading did not breach the trigger, no escalation is required under that clause.

RC-05.10.040 Example: a exporters customer applies for One-Time Settlement Proposals (Tier 2 / Central Zone) of INR 196 lakh. Under clause RC-05.02.023, the maximum settlement discount is set at 14% as a ceiling, which on this request equates to INR 27.44 lakh; the case is therefore routed to the Vice President for sign-off.

RC-05.10.041 Example: during a review of One-Time Settlement Proposals (Tier 3 / Central Zone), the collector complaints for a self-employed professionals account measured 11 complaints against the trigger of 10 complaints in clause RC-05.07.020. Because the reading breached the trigger, the Head of Collections must notify the Customer Service Committee within 2 hours and reassign the portfolio to a different collection team.

Section 6.10 - Worked Examples

RC-06.10.001 Example: during a review of Asset Classification (Tier 1 / Islands Zone), the collector complaints for a high-net-worth individuals account measured 9 complaints against the trigger of 12 complaints in clause RC-06.07.006. Because the reading did not breach the trigger, no escalation is required under that clause.

RC-06.10.002 Example: a medium enterprises customer applies for Asset Classification (Tier 3 / East Zone) of INR 312 lakh. Under clause RC-06.02.038, the maximum settlement discount is set at 56% as a ceiling, which on this request equates to INR 174.72 lakh; the case is therefore routed to the Assistant Vice President for sign-off.

RC-06.10.003 Example: a senior citizens customer applies for Asset Classification (Tier 5 / South Zone) of INR 222 lakh. Under clause RC-06.02.012, the maximum calls per customer per day is set at 5 calls as a ceiling, so a proposed maximum calls per customer per day of 4 calls is within the limit.

RC-06.10.004 Example: during a review of Asset Classification (Tier 2 / Islands Zone), the legal cases pending beyond the target for a micro enterprises account measured 40 cases against the trigger of 46 cases in clause RC-06.04.017. Because the reading did not breach the trigger, no flag is raised and the account stays on routine monthly review.

RC-06.10.005 Example: the Head of Function receives a request to extend an exception under clause RC-06.06.007 for Asset Classification (Tier 5 / West Zone) serving large corporates to 54 days. Because the maximum permitted period is 45 days, the request cannot be approved under that clause and must be declined.

RC-06.10.006 Example: during a review of Asset Classification (Tier 1 / South Zone), the recovery as a share of written-off balance for a high-net-worth individuals account measured 18.6% against the trigger of 17.7% in clause RC-06.07.026. Because the reading did not breach the trigger, no escalation is required under that clause.

RC-06.10.007 Example: a micro enterprises customer applies for Asset Classification (Tier 1 / Islands Zone) of INR 415 lakh. Under clause RC-06.02.040, the provisioning rate for substandard assets is set at 12% as a floor, which on this request equates to INR 49.80 lakh; the case is therefore routed to the Vice President for sign-off.

RC-06.10.008 Example: during a review of Asset Classification (Tier 5 / Islands Zone), the legal cases pending beyond the target for a high-net-worth individuals account measured 1 cases against the trigger of 1 cases in clause RC-06.04.014. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

RC-06.10.009 Example: a large corporates customer applies for Asset Classification (Tier 5 / East Zone) of INR 399 lakh. Under clause RC-06.02.022, the provisioning rate for substandard assets is set at 22% as a floor, which on this request equates to INR 87.78 lakh; the case is therefore routed to the Chief Risk Officer for sign-off.

RC-06.10.010 Example: the Senior Officer receives a request to extend an exception under clause RC-06.06.010 for Asset Classification (Tier 5 / East Zone) serving large corporates to 88 days. Because the maximum permitted period is 64 days, the request cannot be approved under that clause and must be declined.

RC-06.10.011 Example: during a review of Asset Classification (Tier 2 / Central Zone), the legal cases pending beyond the target for a medium enterprises account measured 19 cases against the trigger of 17 cases in clause RC-06.04.024. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause RC-06.04.024.

RC-06.10.012 Example: the Assistant Vice President receives a request to extend an exception under clause RC-06.06.035 for Asset Classification (Tier 2 / West Zone) serving start-ups to 15 days. Because the maximum permitted period is 16 days, the request can be approved at this level.

RC-06.10.013 Example: the Assistant Vice President receives a request to extend an exception under clause RC-06.06.035 for Asset Classification (Tier 2 / West Zone) serving start-ups to 7 days. Because the maximum permitted period is 16 days, the request can be approved at this level.

RC-06.10.014 Example: the Head of Function receives a request to extend an exception under clause RC-06.06.007 for Asset Classification (Tier 5 / West Zone) serving large corporates to 65 days. Because the maximum permitted period is 45 days, the request cannot be approved under that clause and must be declined.

RC-06.10.015 Example: a self-employed professionals customer applies for Asset Classification (Tier 3 / North-East Zone) of INR 33 lakh. Under clause RC-06.02.003, the days past due for special mention classification is set at 53 days as a floor, so a proposed days past due for special mention classification of 60 days is within the limit.

RC-06.10.016 Example: the Chief Risk Officer receives a request to extend an exception under clause RC-06.06.028 for Asset Classification (Tier 5 / North-East Zone) serving medium enterprises to 79 days. Because the maximum permitted period is 94 days, the request can be approved at this level.

RC-06.10.017 Example: during a review of Asset Classification (Tier 1 / South Zone), the recovery as a share of written-off balance for a high-net-worth individuals account measured 17.6% against the trigger of 17.7% in clause RC-06.07.026. Because the reading breached the trigger, the Regional Head must notify the Customer Service Committee within 6 hours and initiate legal action.

RC-06.10.018 Example: a senior citizens customer applies for Asset Classification (Tier 3 / Central Zone) of INR 389 lakh. Under clause RC-06.02.029, the provisioning rate for substandard assets is set at 21% as a floor, which on this request equates to INR 81.69 lakh; the case is therefore routed to the Head of Collections for sign-off.

RC-06.10.019 Example: during a review of Asset Classification (Tier 5 / North-East Zone), the collection efficiency for a exporters account measured 84.3% against the trigger of 81.9% in clause RC-06.04.025. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

RC-06.10.020 Example: during a review of Asset Classification (Tier 2 / Central Zone), the legal cases pending beyond the target for a medium enterprises account measured 12 cases against the trigger of 17 cases in clause RC-06.04.024. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

RC-06.10.021 Example: the Regional Head receives a request to extend an exception under clause RC-06.06.036 for Asset Classification (Tier 4 / East Zone) serving exporters to 52 days. Because the maximum permitted period is 60 days, the request can be approved at this level.

RC-06.10.022 Example: during a review of Asset Classification (Tier 3 / Central Zone), the legal cases pending beyond the target for a senior citizens account measured 53 cases against the trigger of 59 cases in clause RC-06.07.038. Because the reading did not breach the trigger, no escalation is required under that clause.

RC-06.10.023 Example: a self-employed professionals customer applies for Asset Classification (Tier 4 / North Zone) of INR 323 lakh. Under clause RC-06.02.023, the maximum calls per customer per day is set at 4 calls as a ceiling, so a proposed maximum calls per customer per day of 4 calls is within the limit.

RC-06.10.024 Example: during a review of Asset Classification (Tier 1 / Islands Zone), the collector complaints for a high-net-worth individuals account measured 11 complaints against the trigger of 12 complaints in clause RC-06.07.006. Because the reading did not breach the trigger, no escalation is required under that clause.

RC-06.10.025 Example: a large corporates customer applies for Asset Classification (Tier 4 / South Zone) of INR 107 lakh. Under clause RC-06.02.027, the minimum notice before repossession is set at 39 days as a floor, so a proposed minimum notice before repossession of 31 days is outside the limit and must be escalated to the Head of Function.

RC-06.10.026 Example: during a review of Asset Classification (Tier 2 / North-East Zone), the collection efficiency for a large corporates account measured 76.9% against the trigger of 88.0% in clause RC-06.04.004. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause RC-06.04.004.

RC-06.10.027 Example: the Regional Head receives a request to extend an exception under clause RC-06.06.036 for Asset Classification (Tier 4 / East Zone) serving exporters to 46 days. Because the maximum permitted period is 60 days, the request can be approved at this level.

RC-06.10.028 Example: the Chief Risk Officer receives a request to extend an exception under clause RC-06.06.015 for Asset Classification (Tier 3 / North-East Zone) serving high-net-worth individuals to 173 days. Because the maximum permitted period is 184 days, the request can be approved at this level.

RC-06.10.029 Example: a high-net-worth individuals customer applies for Asset Classification (Tier 5 / West Zone) of INR 161 lakh. Under clause Schedule RC-06-A, the maximum settlement discount is set at 18% as a ceiling, which on this request equates to INR 28.98 lakh; the case is therefore routed to the Recovery Operations Manager for sign-off.

RC-06.10.030 Example: during a review of Asset Classification (Tier 2 / West Zone), the collector complaints for a senior citizens account measured 21 complaints against the trigger of 18 complaints in clause RC-06.07.005. Because the reading breached the trigger, the Assistant Vice President must notify the Credit Risk Committee within 8 hours and initiate legal action.

RC-06.10.031 Example: the Assistant Vice President receives a request to extend an exception under clause RC-06.06.016 for Asset Classification (Tier 4 / Islands Zone) serving senior citizens to 15 days. Because the maximum permitted period is 8 days, the request cannot be approved under that clause and must be declined.

RC-06.10.032 Example: the Senior Officer receives a request to extend an exception under clause RC-06.06.009 for Asset Classification (Tier 2 / Metro Zone) serving high-net-worth individuals to 64 days. Because the maximum permitted period is 61 days, the request cannot be approved under that clause and must be declined.

RC-06.10.033 Example: a medium enterprises customer applies for Asset Classification (Tier 4 / Central Zone) of INR 124 lakh. Under clause RC-06.02.014, the days past due for non-performing classification is set at 84 days as a floor, so a proposed days past due for non-performing classification of 62 days is outside the limit and must be escalated to the Chief Risk Officer.

RC-06.10.034 Example: the Senior Officer receives a request to extend an exception under clause RC-06.06.010 for Asset Classification (Tier 5 / East Zone) serving large corporates to 72 days. Because the maximum permitted period is 64 days, the request cannot be approved under that clause and must be declined.

RC-06.10.035 Example: the Head of Function receives a request to extend an exception under clause RC-06.06.022 for Asset Classification (Tier 4 / South Zone) serving start-ups to 104 days. Because the maximum permitted period is 124 days, the request can be approved at this level.

RC-06.10.036 Example: during a review of Asset Classification (Tier 5 / Central Zone), the legal cases pending beyond the target for a exporters account measured 26 cases against the trigger of 37 cases in clause RC-06.04.036. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

RC-06.10.037 Example: a exporters customer applies for Asset Classification (Tier 1 / East Zone) of INR 83 lakh. Under clause RC-06.02.030, the minimum notice before repossession is set at 51 days as a floor, so a proposed minimum notice before repossession of 51 days is within the limit.

RC-06.10.038 Example: during a review of Asset Classification (Tier 1 / Islands Zone), the collector complaints for a high-net-worth individuals account measured 12 complaints against the trigger of 12 complaints in clause RC-06.07.006. Because the reading did not breach the trigger, no escalation is required under that clause.

RC-06.10.039 Example: a start-ups customer applies for Asset Classification (Tier 5 / North-East Zone) of INR 90 lakh. Under clause RC-06.02.032, the minimum notice before repossession is set at 38 days as a floor, so a proposed minimum notice before repossession of 34 days is outside the limit and must be escalated to the Head of Function.

RC-06.10.040 Example: the Regional Head receives a request to extend an exception under clause RC-06.06.031 for Asset Classification (Tier 4 / North Zone) serving customers with more than three years of history to 141 days. Because the maximum permitted period is 123 days, the request cannot be approved under that clause and must be declined.

RC-06.10.041 Example: the Regional Head receives a request to extend an exception under clause RC-06.06.036 for Asset Classification (Tier 4 / East Zone) serving exporters to 45 days. Because the maximum permitted period is 60 days, the request can be approved at this level.

Section 7.10 - Worked Examples

RC-07.10.001 Example: a micro enterprises customer applies for Provisioning (Tier 5 / Metro Zone) of INR 121 lakh. Under clause Schedule RC-07-A, the minimum notice before repossession is set at 23 days as a floor, so a proposed minimum notice before repossession of 21 days is outside the limit and must be escalated to the Regional Head.

RC-07.10.002 Example: during a review of Provisioning (Tier 5 / West Zone), the collection efficiency for a start-ups account measured 86.0% against the trigger of 82.2% in clause RC-07.07.028. Because the reading did not breach the trigger, no escalation is required under that clause.

RC-07.10.003 Example: during a review of Provisioning (Tier 4 / North-East Zone), the collector complaints for a micro enterprises account measured 18 complaints against the trigger of 16 complaints in clause RC-07.04.020. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause RC-07.04.020.

RC-07.10.004 Example: the Recovery Operations Manager receives a request to extend an exception under clause RC-07.06.019 for Provisioning (Tier 5 / Central Zone) serving self-employed professionals to 16 days. Because the maximum permitted period is 18 days, the request can be approved at this level.

RC-07.10.005 Example: the Chief Risk Officer receives a request to extend an exception under clause RC-07.06.035 for Provisioning (Tier 2 / West Zone) serving self-employed professionals to 18 days. Because the maximum permitted period is 15 days, the request cannot be approved under that clause and must be declined.

RC-07.10.006 Example: during a review of Provisioning (Tier 5 / North-East Zone), the recovery as a share of written-off balance for a self-employed professionals account measured 5.6% against the trigger of 7.2% in clause RC-07.07.037. Because the reading breached the trigger, the Senior Officer must notify the Audit Committee of the Board within 1 hours and escalate to the Credit Risk Committee.

RC-07.10.007 Example: during a review of Provisioning (Tier 5 / South Zone), the collection efficiency for a self-employed professionals account measured 51.4% against the trigger of 73.1% in clause RC-07.07.023. Because the reading breached the trigger, the Vice President must notify the Customer Service Committee within 4 hours and initiate legal action.

RC-07.10.008 Example: a start-ups customer applies for Provisioning (Tier 3 / North Zone) of INR 212 lakh. Under clause RC-07.02.003, the maximum settlement discount is set at 12% as a ceiling, which on this request equates to INR 25.44 lakh; the case is therefore routed to the Vice President for sign-off.

RC-07.10.009 Example: during a review of Provisioning (Tier 5 / South Zone), the collection efficiency for a self-employed professionals account measured 76.1% against the trigger of 73.1% in clause RC-07.07.023. Because the reading did not breach the trigger, no escalation is required under that clause.

RC-07.10.010 Example: a self-employed professionals customer applies for Provisioning (Tier 2 / North Zone) of INR 254 lakh. Under clause RC-07.02.020, the provisioning rate for substandard assets is set at 14% as a floor, which on this request equates to INR 35.56 lakh; the case is therefore routed to the Head of Function for sign-off.

RC-07.10.011 Example: the Chief Risk Officer receives a request to extend an exception under clause RC-07.06.026 for Provisioning (Tier 5 / South Zone) serving exporters to 6 days. Because the maximum permitted period is 14 days, the request can be approved at this level.

RC-07.10.012 Example: a senior citizens customer applies for Provisioning (Tier 5 / North Zone) of INR 152 lakh. Under clause RC-07.02.028, the days past due for non-performing classification is set at 103 days as a floor, so a proposed days past due for non-performing classification of 132 days is within the limit.

RC-07.10.013 Example: during a review of Provisioning (Tier 4 / Central Zone), the collector complaints for a exporters account measured 24 complaints against the trigger of 22 complaints in clause RC-07.07.002. Because the reading breached the trigger, the Chief Risk Officer must notify the Credit Risk Committee within 36 hours and escalate to the Credit Risk Committee.

RC-07.10.014 Example: a senior citizens customer applies for Provisioning (Tier 3 / Metro Zone) of INR 500 lakh. Under clause RC-07.02.018, the minimum notice before repossession is set at 11 days as a floor, so a proposed minimum notice before repossession of 13 days is within the limit.

RC-07.10.015 Example: the Chief Risk Officer receives a request to extend an exception under clause RC-07.06.026 for Provisioning (Tier 5 / South Zone) serving exporters to 18 days. Because the maximum permitted period is 14 days, the request cannot be approved under that clause and must be declined.

RC-07.10.016 Example: during a review of Provisioning (Tier 2 / Central Zone), the recovery as a share of written-off balance for a senior citizens account measured 31.3% against the trigger of 26.8% in clause RC-07.04.018. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

RC-07.10.017 Example: the Assistant Vice President receives a request to extend an exception under clause RC-07.06.037 for Provisioning (Tier 5 / Islands Zone) serving customers with more than three years of history to 26 days. Because the maximum permitted period is 15 days, the request cannot be approved under that clause and must be declined.

RC-07.10.018 Example: a customers with more than three years of history customer applies for Provisioning (Tier 3 / South Zone) of INR 337 lakh. Under clause RC-07.02.040, the maximum settlement discount is set at 48% as a ceiling, which on this request equates to INR 161.76 lakh; the case is therefore routed to the Head of Collections for sign-off.

RC-07.10.019 Example: the Head of Function receives a request to extend an exception under clause RC-07.06.040 for Provisioning (Tier 4 / Metro Zone) serving senior citizens to 35 days. Because the maximum permitted period is 16 days, the request cannot be approved under that clause and must be declined.

RC-07.10.020 Example: the Assistant Vice President receives a request to extend an exception under clause RC-07.06.016 for Provisioning (Tier 1 / Metro Zone) serving micro enterprises to 42 days. Because the maximum permitted period is 27 days, the request cannot be approved under that clause and must be declined.

RC-07.10.021 Example: a exporters customer applies for Provisioning (Tier 1 / North-East Zone) of INR 240 lakh. Under clause RC-07.02.019, the maximum calls per customer per day is set at 1 calls as a ceiling, so a proposed maximum calls per customer per day of 1 calls is within the limit.

RC-07.10.022 Example: during a review of Provisioning (Tier 5 / North-East Zone), the recovery as a share of written-off balance for a self-employed professionals account measured 7.0% against the trigger of 7.2% in clause RC-07.07.037. Because the reading breached the trigger, the Senior Officer must notify the Audit Committee of the Board within 1 hours and escalate to the Credit Risk Committee.

RC-07.10.023 Example: during a review of Provisioning (Tier 5 / West Zone), the collection efficiency for a start-ups account measured 102.5% against the trigger of 82.2% in clause RC-07.07.028. Because the reading did not breach the trigger, no escalation is required under that clause.

RC-07.10.024 Example: a medium enterprises customer applies for Provisioning (Tier 1 / South Zone) of INR 478 lakh. Under clause RC-07.02.037, the provisioning rate for substandard assets is set at 15% as a floor, which on this request equates to INR 71.70 lakh; the case is therefore routed to the Chief Risk Officer for sign-off.

RC-07.10.025 Example: during a review of Provisioning (Tier 3 / North Zone), the roll rate from 30 to 60 days past due for a high-net-worth individuals account measured 18.2% against the trigger of 24.3% in clause RC-07.04.009. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

RC-07.10.026 Example: the Head of Collections receives a request to extend an exception under clause RC-07.06.021 for Provisioning (Tier 5 / West Zone) serving exporters to 204 days. Because the maximum permitted period is 182 days, the request cannot be approved under that clause and must be declined.

RC-07.10.027 Example: the Regional Head receives a request to extend an exception under clause RC-07.06.014 for Provisioning (Tier 1 / Central Zone) serving exporters to 47 days. Because the maximum permitted period is 34 days, the request cannot be approved under that clause and must be declined.

RC-07.10.028 Example: during a review of Provisioning (Tier 4 / West Zone), the collector complaints for a customers with more than three years of history account measured 8 complaints against the trigger of 7 complaints in clause RC-07.07.040. Because the reading breached the trigger, the Recovery Operations Manager must notify the Audit Committee of the Board within 24 hours and escalate to the Credit Risk Committee.

RC-07.10.029 Example: a importers customer applies for Provisioning (Tier 2 / East Zone) of INR 166 lakh. Under clause RC-07.02.013, the days past due for special mention classification is set at 58 days as a floor, so a proposed days past due for special mention classification of 65 days is within the limit.

RC-07.10.030 Example: the Assistant Vice President receives a request to extend an exception under clause RC-07.06.016 for Provisioning (Tier 1 / Metro Zone) serving micro enterprises to 50 days. Because the maximum permitted period is 27 days, the request cannot be approved under that clause and must be declined.

RC-07.10.031 Example: the Head of Function receives a request to extend an exception under clause RC-07.06.040 for Provisioning (Tier 4 / Metro Zone) serving senior citizens to 24 days. Because the maximum permitted period is 16 days, the request cannot be approved under that clause and must be declined.

RC-07.10.032 Example: during a review of Provisioning (Tier 4 / West Zone), the collector complaints for a customers with more than three years of history account measured 5 complaints against the trigger of 7 complaints in clause RC-07.07.040. Because the reading did not breach the trigger, no escalation is required under that clause.

RC-07.10.033 Example: the Head of Collections receives a request to extend an exception under clause RC-07.06.039 for Provisioning (Tier 5 / North-East Zone) serving medium enterprises to 35 days. Because the maximum permitted period is 14 days, the request cannot be approved under that clause and must be declined.

RC-07.10.034 Example: a importers customer applies for Provisioning (Tier 1 / Central Zone) of INR 150 lakh. Under clause RC-07.02.024, the days past due for special mention classification is set at 38 days as a floor, so a proposed days past due for special mention classification of 40 days is within the limit.

RC-07.10.035 Example: the Chief Risk Officer receives a request to extend an exception under clause RC-07.06.035 for Provisioning (Tier 2 / West Zone) serving self-employed professionals to 3 days. Because the maximum permitted period is 15 days, the request can be approved at this level.

RC-07.10.036 Example: the Senior Officer receives a request to extend an exception under clause RC-07.06.012 for Provisioning (Tier 1 / North Zone) serving start-ups to 1 days. Because the maximum permitted period is 21 days, the request can be approved at this level.

RC-07.10.037 Example: the Chief Risk Officer receives a request to extend an exception under clause RC-07.06.035 for Provisioning (Tier 2 / West Zone) serving self-employed professionals to 2 days. Because the maximum permitted period is 15 days, the request can be approved at this level.

RC-07.10.038 Example: a high-net-worth individuals customer applies for Provisioning (Tier 5 / West Zone) of INR 66 lakh. Under clause RC-07.02.022, the days past due for special mention classification is set at 11 days as a floor, so a proposed days past due for special mention classification of 9 days is outside the limit and must be escalated to the Vice President.

RC-07.10.039 Example: the Head of Function receives a request to extend an exception under clause RC-07.06.011 for Provisioning (Tier 5 / Metro Zone) serving high-net-worth individuals to 34 days. Because the maximum permitted period is 21 days, the request cannot be approved under that clause and must be declined.

RC-07.10.040 Example: during a review of Provisioning (Tier 2 / East Zone), the collection efficiency for a medium enterprises account measured 84.2% against the trigger of 79.2% in clause RC-07.04.034. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

RC-07.10.041 Example: the Senior Officer receives a request to extend an exception under clause RC-07.06.012 for Provisioning (Tier 1 / North Zone) serving start-ups to 15 days. Because the maximum permitted period is 21 days, the request can be approved at this level.

Section 8.10 - Worked Examples

RC-08.10.001 Example: during a review of Write-off Approvals (Tier 4 / Islands Zone), the legal cases pending beyond the target for a start-ups account measured 39 cases against the trigger of 37 cases in clause RC-08.07.027. Because the reading breached the trigger, the Recovery Operations Manager must notify the Customer Service Committee within 72 hours and reassign the portfolio to a different collection team.

RC-08.10.002 Example: a micro enterprises customer applies for Write-off Approvals (Tier 1 / East Zone) of INR 381 lakh. Under clause Schedule RC-08-A, the minimum notice before repossession is set at 22 days as a floor, so a proposed minimum notice before repossession of 16 days is outside the limit and must be escalated to the Assistant Vice President.

RC-08.10.003 Example: a high-net-worth individuals customer applies for Write-off Approvals (Tier 1 / East Zone) of INR 173 lakh. Under clause RC-08.02.022, the days past due for special mention classification is set at 50 days as a floor, so a proposed days past due for special mention classification of 44 days is outside the limit and must be escalated to the Head of Function.

RC-08.10.004 Example: during a review of Write-off Approvals (Tier 2 / North Zone), the collection efficiency for a micro enterprises account measured 68.6% against the trigger of 71.5% in clause RC-08.07.001. Because the reading breached the trigger, the Recovery Operations Manager must notify the Credit Risk Committee within 72 hours and reassign the portfolio to a different collection team.

RC-08.10.005 Example: a large corporates customer applies for Write-off Approvals (Tier 2 / Islands Zone) of INR 292 lakh. Under clause RC-08.02.037, the days past due for special mention classification is set at 43 days as a floor, so a proposed days past due for special mention classification of 44 days is within the limit.

RC-08.10.006 Example: during a review of Write-off Approvals (Tier 2 / North Zone), the collection efficiency for a micro enterprises account measured 67.9% against the trigger of 71.5% in clause RC-08.07.001. Because the reading breached the trigger, the Recovery Operations Manager must notify the Credit Risk Committee within 72 hours and reassign the portfolio to a different collection team.

RC-08.10.007 Example: the Senior Officer receives a request to extend an exception under clause RC-08.06.007 for Write-off Approvals (Tier 5 / Central Zone) serving senior citizens to 117 days. Because the maximum permitted period is 96 days, the request cannot be approved under that clause and must be declined.

RC-08.10.008 Example: a self-employed professionals customer applies for Write-off Approvals (Tier 1 / Islands Zone) of INR 27 lakh. Under clause RC-08.02.032, the minimum notice before repossession is set at 49 days as a floor, so a proposed minimum notice before repossession of 59 days is within the limit.

RC-08.10.009 Example: a micro enterprises customer applies for Write-off Approvals (Tier 3 / South Zone) of INR 21 lakh. Under clause RC-08.02.021, the maximum settlement discount is set at 50% as a ceiling, which on this request equates to INR 10.50 lakh; the case is therefore routed to the Senior Officer for sign-off.

RC-08.10.010 Example: the Vice President receives a request to extend an exception under clause RC-08.06.010 for Write-off Approvals (Tier 2 / West Zone) serving self-employed professionals to 4 days. Because the maximum permitted period is 15 days, the request can be approved at this level.

RC-08.10.011 Example: a micro enterprises customer applies for Write-off Approvals (Tier 3 / South Zone) of INR 314 lakh. Under clause RC-08.02.021, the maximum settlement discount is set at 50% as a ceiling, which on this request equates to INR 157.00 lakh; the case is therefore routed to the Senior Officer for sign-off.

RC-08.10.012 Example: a customers with more than three years of history customer applies for Write-off Approvals (Tier 2 / North Zone) of INR 344 lakh. Under clause RC-08.02.004, the maximum calls per customer per day is set at 3 calls as a ceiling, so a proposed maximum calls per customer per day of 3 calls is within the limit.

RC-08.10.013 Example: during a review of Write-off Approvals (Tier 4 / Central Zone), the legal cases pending beyond the target for a large corporates account measured 22 cases against the trigger of 27 cases in clause RC-08.07.036. Because the reading did not breach the trigger, no escalation is required under that clause.

RC-08.10.014 Example: the Senior Officer receives a request to extend an exception under clause RC-08.06.034 for Write-off Approvals (Tier 3 / Metro Zone) serving micro enterprises to 1 days. Because the maximum permitted period is 9 days, the request can be approved at this level.

RC-08.10.015 Example: the Head of Collections receives a request to extend an exception under clause RC-08.06.016 for Write-off Approvals (Tier 2 / North Zone) serving large corporates to 77 days. Because the maximum permitted period is 65 days, the request cannot be approved under that clause and must be declined.

RC-08.10.016 Example: a senior citizens customer applies for Write-off Approvals (Tier 4 / West Zone) of INR 202 lakh. Under clause Schedule RC-08-A, the maximum calls per customer per day is set at 3 calls as a ceiling, so a proposed maximum calls per customer per day of 3 calls is within the limit.

RC-08.10.017 Example: a large corporates customer applies for Write-off Approvals (Tier 2 / Islands Zone) of INR 216 lakh. Under clause RC-08.02.037, the days past due for special mention classification is set at 43 days as a floor, so a proposed days past due for special mention classification of 46 days is within the limit.

RC-08.10.018 Example: the Head of Function receives a request to extend an exception under clause RC-08.06.012 for Write-off Approvals (Tier 4 / South Zone) serving medium enterprises to 170 days. Because the maximum permitted period is 181 days, the request can be approved at this level.

RC-08.10.019 Example: a importers customer applies for Write-off Approvals (Tier 4 / Metro Zone) of INR 145 lakh. Under clause RC-08.02.005, the provisioning rate for substandard assets is set at 10% as a floor, which on this request equates to INR 14.50 lakh; the case is therefore routed to the Assistant Vice President for sign-off.

RC-08.10.020 Example: during a review of Write-off Approvals (Tier 1 / Central Zone), the collection efficiency for a self-employed professionals account measured 67.9% against the trigger of 74.3% in clause RC-08.04.038. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause RC-08.04.038.

RC-08.10.021 Example: during a review of Write-off Approvals (Tier 5 / East Zone), the collector complaints for a exporters account measured 3 complaints against the trigger of 3 complaints in clause RC-08.07.013. Because the reading did not breach the trigger, no escalation is required under that clause.

RC-08.10.022 Example: the Head of Collections receives a request to extend an exception under clause RC-08.06.027 for Write-off Approvals (Tier 5 / South Zone) serving micro enterprises to 31 days. Because the maximum permitted period is 32 days, the request can be approved at this level.

RC-08.10.023 Example: a self-employed professionals customer applies for Write-off Approvals (Tier 2 / East Zone) of INR 359 lakh. Under clause Schedule RC-08-A, the days past due for special mention classification is set at 14 days as a floor, so a proposed days past due for special mention classification of 12 days is outside the limit and must be escalated to the Chief Risk Officer.

RC-08.10.024 Example: during a review of Write-off Approvals (Tier 2 / North Zone), the legal cases pending beyond the target for a high-net-worth individuals account measured 21 cases against the trigger of 26 cases in clause RC-08.04.035. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

RC-08.10.025 Example: the Senior Officer receives a request to extend an exception under clause RC-08.06.014 for Write-off Approvals (Tier 4 / Metro Zone) serving micro enterprises to 211 days. Because the maximum permitted period is 186 days, the request cannot be approved under that clause and must be declined.

RC-08.10.026 Example: during a review of Write-off Approvals (Tier 2 / South Zone), the collector complaints for a high-net-worth individuals account measured 23 complaints against the trigger of 24 complaints in clause RC-08.04.017. Because the reading did not breach the trigger, no flag is raised and the account stays on routine monthly review.

RC-08.10.027 Example: during a review of Write-off Approvals (Tier 1 / Islands Zone), the collection efficiency for a medium enterprises account measured 104.9% against the trigger of 85.4% in clause RC-08.04.033. Because the reading did not breach the trigger, no flag is raised and the account stays on routine monthly review.

RC-08.10.028 Example: a exporters customer applies for Write-off Approvals (Tier 5 / East Zone) of INR 344 lakh. Under clause RC-08.02.030, the maximum calls per customer per day is set at 4 calls as a ceiling, so a proposed maximum calls per customer per day of 3 calls is within the limit.

RC-08.10.029 Example: during a review of Write-off Approvals (Tier 1 / Islands Zone), the collection efficiency for a medium enterprises account measured 78.4% against the trigger of 85.4% in clause RC-08.04.033. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause RC-08.04.033.

RC-08.10.030 Example: during a review of Write-off Approvals (Tier 3 / South Zone), the recovery as a share of written-off balance for a self-employed professionals account measured 18.8% against the trigger of 15.8% in clause RC-08.07.039. Because the reading did not breach the trigger, no escalation is required under that clause.

RC-08.10.031 Example: during a review of Write-off Approvals (Tier 3 / North-East Zone), the roll rate from 30 to 60 days past due for a senior citizens account measured 41.0% against the trigger of 35.6% in clause RC-08.04.001. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause RC-08.04.001.

RC-08.10.032 Example: a start-ups customer applies for Write-off Approvals (Tier 1 / East Zone) of INR 141 lakh. Under clause RC-08.02.002, the days past due for non-performing classification is set at 118 days as a floor, so a proposed days past due for non-performing classification of 114 days is outside the limit and must be escalated to the Regional Head.

RC-08.10.033 Example: a medium enterprises customer applies for Write-off Approvals (Tier 4 / Metro Zone) of INR 263 lakh. Under clause RC-08.02.035, the days past due for special mention classification is set at 24 days as a floor, so a proposed days past due for special mention classification of 21 days is outside the limit and must be escalated to the Recovery Operations Manager.

RC-08.10.034 Example: a large corporates customer applies for Write-off Approvals (Tier 1 / South Zone) of INR 428 lakh. Under clause Schedule RC-08-A, the days past due for special mention classification is set at 25 days as a floor, so a proposed days past due for special mention classification of 22 days is outside the limit and must be escalated to the Chief Risk Officer.

RC-08.10.035 Example: a large corporates customer applies for Write-off Approvals (Tier 1 / South Zone) of INR 468 lakh. Under clause Schedule RC-08-A, the days past due for special mention classification is set at 25 days as a floor, so a proposed days past due for special mention classification of 20 days is outside the limit and must be escalated to the Chief Risk Officer.

RC-08.10.036 Example: a micro enterprises customer applies for Write-off Approvals (Tier 2 / South Zone) of INR 416 lakh. Under clause RC-08.02.023, the minimum notice before repossession is set at 34 days as a floor, so a proposed minimum notice before repossession of 34 days is within the limit.

RC-08.10.037 Example: during a review of Write-off Approvals (Tier 2 / East Zone), the recovery as a share of written-off balance for a importers account measured 9.9% against the trigger of 8.1% in clause RC-08.04.019. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

RC-08.10.038 Example: during a review of Write-off Approvals (Tier 3 / Central Zone), the legal cases pending beyond the target for a high-net-worth individuals account measured 35 cases against the trigger of 30 cases in clause RC-08.04.037. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause RC-08.04.037.

RC-08.10.039 Example: during a review of Write-off Approvals (Tier 5 / East Zone), the collector complaints for a start-ups account measured 6 complaints against the trigger of 6 complaints in clause RC-08.04.018. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

RC-08.10.040 Example: a medium enterprises customer applies for Write-off Approvals (Tier 4 / Metro Zone) of INR 194 lakh. Under clause RC-08.02.009, the maximum calls per customer per day is set at 4 calls as a ceiling, so a proposed maximum calls per customer per day of 3 calls is within the limit.

RC-08.10.041 Example: a medium enterprises customer applies for Write-off Approvals (Tier 1 / East Zone) of INR 485 lakh. Under clause RC-08.02.033, the minimum notice before repossession is set at 14 days as a floor, so a proposed minimum notice before repossession of 18 days is within the limit.

Section 9.10 - Worked Examples

RC-09.10.001 Example: the Recovery Operations Manager receives a request to extend an exception under clause RC-09.06.018 for Repossession of Collateral (Tier 3 / West Zone) serving start-ups to 1 days. Because the maximum permitted period is 12 days, the request can be approved at this level.

RC-09.10.002 Example: during a review of Repossession of Collateral (Tier 2 / North-East Zone), the legal cases pending beyond the target for a high-net-worth individuals account measured 68 cases against the trigger of 58 cases in clause RC-09.04.030. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause RC-09.04.030.

RC-09.10.003 Example: a exporters customer applies for Repossession of Collateral (Tier 3 / Central Zone) of INR 203 lakh. Under clause Schedule RC-09-A, the maximum settlement discount is set at 22% as a ceiling, which on this request equates to INR 44.66 lakh; the case is therefore routed to the Chief Risk Officer for sign-off.

RC-09.10.004 Example: the Chief Risk Officer receives a request to extend an exception under clause RC-09.06.028 for Repossession of Collateral (Tier 3 / Central Zone) serving large corporates to 73 days. Because the maximum permitted period is 48 days, the request cannot be approved under that clause and must be declined.

RC-09.10.005 Example: during a review of Repossession of Collateral (Tier 3 / East Zone), the recovery as a share of written-off balance for a micro enterprises account measured 18.5% against the trigger of 14.4% in clause RC-09.07.019. Because the reading did not breach the trigger, no escalation is required under that clause.

RC-09.10.006 Example: during a review of Repossession of Collateral (Tier 2 / Central Zone), the collection efficiency for a self-employed professionals account measured 82.3% against the trigger of 71.8% in clause RC-09.07.008. Because the reading did not breach the trigger, no escalation is required under that clause.

RC-09.10.007 Example: during a review of Repossession of Collateral (Tier 4 / Central Zone), the legal cases pending beyond the target for a customers with more than three years of history account measured 27 cases against the trigger of 30 cases in clause RC-09.04.015. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

RC-09.10.008 Example: a large corporates customer applies for Repossession of Collateral (Tier 4 / Central Zone) of INR 196 lakh. Under clause RC-09.02.040, the minimum notice before repossession is set at 36 days as a floor, so a proposed minimum notice before repossession of 44 days is within the limit.

RC-09.10.009 Example: a medium enterprises customer applies for Repossession of Collateral (Tier 4 / North-East Zone) of INR 53 lakh. Under clause RC-09.02.002, the provisioning rate for substandard assets is set at 24% as a floor, which on this request equates to INR 12.72 lakh; the case is therefore routed to the Assistant Vice President for sign-off.

RC-09.10.010 Example: a large corporates customer applies for Repossession of Collateral (Tier 5 / Islands Zone) of INR 312 lakh. Under clause RC-09.02.005, the minimum notice before repossession is set at 21 days as a floor, so a proposed minimum notice before repossession of 23 days is within the limit.

RC-09.10.011 Example: the Senior Officer receives a request to extend an exception under clause RC-09.06.009 for Repossession of Collateral (Tier 3 / South Zone) serving customers with more than three years of history to 45 days. Because the maximum permitted period is 64 days, the request can be approved at this level.

RC-09.10.012 Example: the Head of Collections receives a request to extend an exception under clause RC-09.06.040 for Repossession of Collateral (Tier 1 / Metro Zone) serving medium enterprises to 12 days. Because the maximum permitted period is 17 days, the request can be approved at this level.

RC-09.10.013 Example: the Senior Officer receives a request to extend an exception under clause RC-09.06.009 for Repossession of Collateral (Tier 3 / South Zone) serving customers with more than three years of history to 65 days. Because the maximum permitted period is 64 days, the request cannot be approved under that clause and must be declined.

RC-09.10.014 Example: during a review of Repossession of Collateral (Tier 4 / Metro Zone), the legal cases pending beyond the target for a micro enterprises account measured 47 cases against the trigger of 39 cases in clause RC-09.07.015. Because the reading breached the trigger, the Chief Risk Officer must notify the Audit Committee of the Board within 6 hours and reassign the portfolio to a different collection team.

RC-09.10.015 Example: a large corporates customer applies for Repossession of Collateral (Tier 2 / South Zone) of INR 10 lakh. Under clause RC-09.02.030, the maximum settlement discount is set at 52% as a ceiling, which on this request equates to INR 5.20 lakh; the case is therefore routed to the Assistant Vice President for sign-off.

RC-09.10.016 Example: the Assistant Vice President receives a request to extend an exception under clause RC-09.06.027 for Repossession of Collateral (Tier 1 / Islands Zone) serving senior citizens to 113 days. Because the maximum permitted period is 124 days, the request can be approved at this level.

RC-09.10.017 Example: a exporters customer applies for Repossession of Collateral (Tier 2 / Islands Zone) of INR 228 lakh. Under clause RC-09.02.036, the provisioning rate for substandard assets is set at 21% as a floor, which on this request equates to INR 47.88 lakh; the case is therefore routed to the Recovery Operations Manager for sign-off.

RC-09.10.018 Example: the Recovery Operations Manager receives a request to extend an exception under clause RC-09.06.006 for Repossession of Collateral (Tier 1 / North Zone) serving high-net-worth individuals to 33 days. Because the maximum permitted period is 12 days, the request cannot be approved under that clause and must be declined.

RC-09.10.019 Example: a importers customer applies for Repossession of Collateral (Tier 4 / South Zone) of INR 253 lakh. Under clause RC-09.02.024, the minimum notice before repossession is set at 18 days as a floor, so a proposed minimum notice before repossession of 13 days is outside the limit and must be escalated to the Head of Function.

RC-09.10.020 Example: the Head of Collections receives a request to extend an exception under clause RC-09.06.040 for Repossession of Collateral (Tier 1 / Metro Zone) serving medium enterprises to 9 days. Because the maximum permitted period is 17 days, the request can be approved at this level.

RC-09.10.021 Example: a start-ups customer applies for Repossession of Collateral (Tier 2 / South Zone) of INR 143 lakh. Under clause RC-09.02.026, the days past due for non-performing classification is set at 83 days as a floor, so a proposed days past due for non-performing classification of 88 days is within the limit.

RC-09.10.022 Example: the Senior Officer receives a request to extend an exception under clause RC-09.06.009 for Repossession of Collateral (Tier 3 / South Zone) serving customers with more than three years of history to 87 days. Because the maximum permitted period is 64 days, the request cannot be approved under that clause and must be declined.

RC-09.10.023 Example: the Head of Collections receives a request to extend an exception under clause RC-09.06.040 for Repossession of Collateral (Tier 1 / Metro Zone) serving medium enterprises to 38 days. Because the maximum permitted period is 17 days, the request cannot be approved under that clause and must be declined.

RC-09.10.024 Example: during a review of Repossession of Collateral (Tier 2 / Central Zone), the collection efficiency for a self-employed professionals account measured 50.9% against the trigger of 71.8% in clause RC-09.07.008. Because the reading breached the trigger, the Chief Risk Officer must notify the Audit Committee of the Board within 8 hours and initiate legal action.

RC-09.10.025 Example: a senior citizens customer applies for Repossession of Collateral (Tier 3 / North Zone) of INR 104 lakh. Under clause RC-09.02.033, the maximum calls per customer per day is set at 1 calls as a ceiling, so a proposed maximum calls per customer per day of 1 calls is within the limit.

RC-09.10.026 Example: the Regional Head receives a request to extend an exception under clause RC-09.06.033 for Repossession of Collateral (Tier 3 / East Zone) serving medium enterprises to 18 days. Because the maximum permitted period is 20 days, the request can be approved at this level.

RC-09.10.027 Example: during a review of Repossession of Collateral (Tier 5 / West Zone), the recovery as a share of written-off balance for a senior citizens account measured 20.7% against the trigger of 16.1% in clause RC-09.07.040. Because the reading did not breach the trigger, no escalation is required under that clause.

RC-09.10.028 Example: a medium enterprises customer applies for Repossession of Collateral (Tier 1 / East Zone) of INR 50 lakh. Under clause RC-09.02.021, the provisioning rate for substandard assets is set at 14% as a floor, which on this request equates to INR 7.00 lakh; the case is therefore routed to the Vice President for sign-off.

RC-09.10.029 Example: the Head of Function receives a request to extend an exception under clause RC-09.06.025 for Repossession of Collateral (Tier 5 / Central Zone) serving start-ups to 107 days. Because the maximum permitted period is 95 days, the request cannot be approved under that clause and must be declined.

RC-09.10.030 Example: the Recovery Operations Manager receives a request to extend an exception under clause RC-09.06.024 for Repossession of Collateral (Tier 5 / North Zone) serving exporters to 13 days. Because the maximum permitted period is 18 days, the request can be approved at this level.

RC-09.10.031 Example: during a review of Repossession of Collateral (Tier 4 / North-East Zone), the collector complaints for a exporters account measured 21 complaints against the trigger of 22 complaints in clause RC-09.07.003. Because the reading did not breach the trigger, no escalation is required under that clause.

RC-09.10.032 Example: a micro enterprises customer applies for Repossession of Collateral (Tier 5 / North Zone) of INR 7 lakh. Under clause RC-09.02.027, the provisioning rate for substandard assets is set at 17% as a floor, which on this request equates to INR 1.19 lakh; the case is therefore routed to the Vice President for sign-off.

RC-09.10.033 Example: during a review of Repossession of Collateral (Tier 4 / North-East Zone), the legal cases pending beyond the target for a customers with more than three years of history account measured 34 cases against the trigger of 28 cases in clause RC-09.07.012. Because the reading breached the trigger, the Head of Function must notify the Credit Risk Committee within 2 hours and escalate to the Credit Risk Committee.

RC-09.10.034 Example: the Regional Head receives a request to extend an exception under clause RC-09.06.033 for Repossession of Collateral (Tier 3 / East Zone) serving medium enterprises to 30 days. Because the maximum permitted period is 20 days, the request cannot be approved under that clause and must be declined.

RC-09.10.035 Example: the Head of Collections receives a request to extend an exception under clause RC-09.06.040 for Repossession of Collateral (Tier 1 / Metro Zone) serving medium enterprises to 1 days. Because the maximum permitted period is 17 days, the request can be approved at this level.

RC-09.10.036 Example: a medium enterprises customer applies for Repossession of Collateral (Tier 2 / Islands Zone) of INR 30 lakh. Under clause RC-09.02.032, the minimum notice before repossession is set at 38 days as a floor, so a proposed minimum notice before repossession of 46 days is within the limit.

RC-09.10.037 Example: the Regional Head receives a request to extend an exception under clause RC-09.06.033 for Repossession of Collateral (Tier 3 / East Zone) serving medium enterprises to 21 days. Because the maximum permitted period is 20 days, the request cannot be approved under that clause and must be declined.

RC-09.10.038 Example: a exporters customer applies for Repossession of Collateral (Tier 3 / Central Zone) of INR 15 lakh. Under clause Schedule RC-09-A, the maximum settlement discount is set at 22% as a ceiling, which on this request equates to INR 3.30 lakh; the case is therefore routed to the Chief Risk Officer for sign-off.

RC-09.10.039 Example: during a review of Repossession of Collateral (Tier 2 / East Zone), the collection efficiency for a high-net-worth individuals account measured 86.6% against the trigger of 73.5% in clause RC-09.04.025. Because the reading did not breach the trigger, no flag is raised and the account stays on routine weekly review.

RC-09.10.040 Example: a micro enterprises customer applies for Repossession of Collateral (Tier 5 / Islands Zone) of INR 48 lakh. Under clause RC-09.02.007, the maximum settlement discount is set at 17% as a ceiling, which on this request equates to INR 8.16 lakh; the case is therefore routed to the Chief Risk Officer for sign-off.

RC-09.10.041 Example: the Recovery Operations Manager receives a request to extend an exception under clause RC-09.06.018 for Repossession of Collateral (Tier 3 / West Zone) serving start-ups to 7 days. Because the maximum permitted period is 12 days, the request can be approved at this level.

Section 10.10 - Worked Examples

RC-10.10.001 Example: a medium enterprises customer applies for Legal Recovery Proceedings (Tier 5 / Islands Zone) of INR 123 lakh. Under clause RC-10.02.012, the provisioning rate for substandard assets is set at 18% as a floor, which on this request equates to INR 22.14 lakh; the case is therefore routed to the Vice President for sign-off.

RC-10.10.002 Example: the Head of Collections receives a request to extend an exception under clause RC-10.06.001 for Legal Recovery Proceedings (Tier 1 / North Zone) serving micro enterprises to 196 days. Because the maximum permitted period is 182 days, the request cannot be approved under that clause and must be declined.

RC-10.10.003 Example: during a review of Legal Recovery Proceedings (Tier 2 / Central Zone), the recovery as a share of written-off balance for a micro enterprises account measured 21.5% against the trigger of 17.9% in clause RC-10.07.002. Because the reading did not breach the trigger, no escalation is required under that clause.

RC-10.10.004 Example: the Vice President receives a request to extend an exception under clause RC-10.06.009 for Legal Recovery Proceedings (Tier 4 / Metro Zone) serving customers with more than three years of history to 114 days. Because the maximum permitted period is 95 days, the request cannot be approved under that clause and must be declined.

RC-10.10.005 Example: a start-ups customer applies for Legal Recovery Proceedings (Tier 3 / Islands Zone) of INR 410 lakh. Under clause RC-10.02.020, the minimum notice before repossession is set at 48 days as a floor, so a proposed minimum notice before repossession of 45 days is outside the limit and must be escalated to the Chief Risk Officer.

RC-10.10.006 Example: the Head of Collections receives a request to extend an exception under clause RC-10.06.007 for Legal Recovery Proceedings (Tier 4 / North Zone) serving medium enterprises to 171 days. Because the maximum permitted period is 180 days, the request can be approved at this level.

RC-10.10.007 Example: the Recovery Operations Manager receives a request to extend an exception under clause RC-10.06.018 for Legal Recovery Proceedings (Tier 5 / South Zone) serving importers to 91 days. Because the maximum permitted period is 92 days, the request can be approved at this level.

RC-10.10.008 Example: during a review of Legal Recovery Proceedings (Tier 5 / West Zone), the recovery as a share of written-off balance for a micro enterprises account measured 24.5% against the trigger of 26.6% in clause RC-10.07.028. Because the reading breached the trigger, the Recovery Operations Manager must notify the Audit Committee of the Board within 4 hours and escalate to the Credit Risk Committee.

RC-10.10.009 Example: during a review of Legal Recovery Proceedings (Tier 4 / Metro Zone), the recovery as a share of written-off balance for a medium enterprises account measured 15.8% against the trigger of 17.7% in clause RC-10.07.010. Because the reading breached the trigger, the Assistant Vice President must notify the Customer Service Committee within 72 hours and reassign the portfolio to a different collection team.

RC-10.10.010 Example: a exporters customer applies for Legal Recovery Proceedings (Tier 1 / East Zone) of INR 145 lakh. Under clause RC-10.02.037, the minimum notice before repossession is set at 33 days as a floor, so a proposed minimum notice before repossession of 27 days is outside the limit and must be escalated to the Head of Function.

RC-10.10.011 Example: the Vice President receives a request to extend an exception under clause RC-10.06.021 for Legal Recovery Proceedings (Tier 5 / East Zone) serving large corporates to 84 days. Because the maximum permitted period is 64 days, the request cannot be approved under that clause and must be declined.

RC-10.10.012 Example: during a review of Legal Recovery Proceedings (Tier 5 / Metro Zone), the collection efficiency for a medium enterprises account measured 73.2% against the trigger of 91.8% in clause RC-10.07.038. Because the reading breached the trigger, the Head of Function must notify the Credit Risk Committee within 36 hours and reassign the portfolio to a different collection team.

RC-10.10.013 Example: the Head of Collections receives a request to extend an exception under clause RC-10.06.041 for Legal Recovery Proceedings (Tier 2 / Metro Zone) serving micro enterprises to 59 days. Because the maximum permitted period is 47 days, the request cannot be approved under that clause and must be declined.

RC-10.10.014 Example: a high-net-worth individuals customer applies for Legal Recovery Proceedings (Tier 1 / West Zone) of INR 193 lakh. Under clause RC-10.02.009, the maximum settlement discount is set at 56% as a ceiling, which on this request equates to INR 108.08 lakh; the case is therefore routed to the Head of Collections for sign-off.

RC-10.10.015 Example: the Head of Function receives a request to extend an exception under clause RC-10.06.002 for Legal Recovery Proceedings (Tier 1 / North Zone) serving medium enterprises to 46 days. Because the maximum permitted period is 51 days, the request can be approved at this level.

RC-10.10.016 Example: during a review of Legal Recovery Proceedings (Tier 3 / Islands Zone), the collector complaints for a exporters account measured 13 complaints against the trigger of 16 complaints in clause RC-10.04.018. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

RC-10.10.017 Example: during a review of Legal Recovery Proceedings (Tier 4 / Islands Zone), the legal cases pending beyond the target for a customers with more than three years of history account measured 61 cases against the trigger of 58 cases in clause RC-10.04.030. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause RC-10.04.030.

RC-10.10.018 Example: during a review of Legal Recovery Proceedings (Tier 3 / Central Zone), the recovery as a share of written-off balance for a medium enterprises account measured 31.2% against the trigger of 25.3% in clause RC-10.04.029. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

RC-10.10.019 Example: a exporters customer applies for Legal Recovery Proceedings (Tier 2 / East Zone) of INR 250 lakh. Under clause RC-10.02.041, the minimum notice before repossession is set at 17 days as a floor, so a proposed minimum notice before repossession of 14 days is outside the limit and must be escalated to the Head of Collections.

RC-10.10.020 Example: a large corporates customer applies for Legal Recovery Proceedings (Tier 3 / South Zone) of INR 48 lakh. Under clause RC-10.02.001, the minimum notice before repossession is set at 18 days as a floor, so a proposed minimum notice before repossession of 14 days is outside the limit and must be escalated to the Assistant Vice President.

RC-10.10.021 Example: a start-ups customer applies for Legal Recovery Proceedings (Tier 3 / Islands Zone) of INR 458 lakh. Under clause RC-10.02.020, the minimum notice before repossession is set at 48 days as a floor, so a proposed minimum notice before repossession of 52 days is within the limit.

RC-10.10.022 Example: a high-net-worth individuals customer applies for Legal Recovery Proceedings (Tier 4 / East Zone) of INR 53 lakh. Under clause RC-10.02.024, the days past due for non-performing classification is set at 118 days as a floor, so a proposed days past due for non-performing classification of 119 days is within the limit.

RC-10.10.023 Example: during a review of Legal Recovery Proceedings (Tier 4 / North Zone), the roll rate from 30 to 60 days past due for a large corporates account measured 20.1% against the trigger of 22.1% in clause RC-10.07.029. Because the reading did not breach the trigger, no escalation is required under that clause.

RC-10.10.024 Example: the Chief Risk Officer receives a request to extend an exception under clause RC-10.06.015 for Legal Recovery Proceedings (Tier 1 / Central Zone) serving start-ups to 36 days. Because the maximum permitted period is 26 days, the request cannot be approved under that clause and must be declined.

RC-10.10.025 Example: a self-employed professionals customer applies for Legal Recovery Proceedings (Tier 2 / East Zone) of INR 42 lakh. Under clause Schedule RC-10-A, the days past due for special mention classification is set at 36 days as a floor, so a proposed days past due for special mention classification of 35 days is outside the limit and must be escalated to the Senior Officer.

RC-10.10.026 Example: the Head of Collections receives a request to extend an exception under clause RC-10.06.038 for Legal Recovery Proceedings (Tier 5 / Islands Zone) serving self-employed professionals to 15 days. Because the maximum permitted period is 11 days, the request cannot be approved under that clause and must be declined.

RC-10.10.027 Example: the Vice President receives a request to extend an exception under clause RC-10.06.009 for Legal Recovery Proceedings (Tier 4 / Metro Zone) serving customers with more than three years of history to 78 days. Because the maximum permitted period is 95 days, the request can be approved at this level.

RC-10.10.028 Example: during a review of Legal Recovery Proceedings (Tier 5 / Metro Zone), the roll rate from 30 to 60 days past due for a medium enterprises account measured 25.8% against the trigger of 27.6% in clause RC-10.04.005. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

RC-10.10.029 Example: a customers with more than three years of history customer applies for Legal Recovery Proceedings (Tier 4 / North-East Zone) of INR 383 lakh. Under clause RC-10.02.002, the maximum calls per customer per day is set at 3 calls as a ceiling, so a proposed maximum calls per customer per day of 3 calls is within the limit.

RC-10.10.030 Example: during a review of Legal Recovery Proceedings (Tier 3 / North Zone), the collector complaints for a senior citizens account measured 29 complaints against the trigger of 23 complaints in clause RC-10.07.014. Because the reading breached the trigger, the Assistant Vice President must notify the Audit Committee of the Board within 1 hours and reassign the portfolio to a different collection team.

RC-10.10.031 Example: during a review of Legal Recovery Proceedings (Tier 5 / East Zone), the roll rate from 30 to 60 days past due for a self-employed professionals account measured 43.6% against the trigger of 44.0% in clause RC-10.04.035. Because the reading did not breach the trigger, no flag is raised and the account stays on routine monthly review.

RC-10.10.032 Example: a self-employed professionals customer applies for Legal Recovery Proceedings (Tier 2 / East Zone) of INR 7 lakh. Under clause RC-10.02.035, the provisioning rate for substandard assets is set at 20% as a floor, which on this request equates to INR 1.40 lakh; the case is therefore routed to the Senior Officer for sign-off.

RC-10.10.033 Example: a exporters customer applies for Legal Recovery Proceedings (Tier 5 / West Zone) of INR 377 lakh. Under clause RC-10.02.025, the maximum calls per customer per day is set at 2 calls as a ceiling, so a proposed maximum calls per customer per day of 3 calls is outside the limit and must be escalated to the Regional Head.

RC-10.10.034 Example: the Recovery Operations Manager receives a request to extend an exception under clause RC-10.06.018 for Legal Recovery Proceedings (Tier 5 / South Zone) serving importers to 117 days. Because the maximum permitted period is 92 days, the request cannot be approved under that clause and must be declined.

RC-10.10.035 Example: a medium enterprises customer applies for Legal Recovery Proceedings (Tier 5 / West Zone) of INR 106 lakh. Under clause RC-10.02.038, the maximum settlement discount is set at 54% as a ceiling, which on this request equates to INR 57.24 lakh; the case is therefore routed to the Head of Function for sign-off.

RC-10.10.036 Example: a senior citizens customer applies for Legal Recovery Proceedings (Tier 3 / North-East Zone) of INR 301 lakh. Under clause RC-10.02.026, the maximum calls per customer per day is set at 3 calls as a ceiling, so a proposed maximum calls per customer per day of 3 calls is within the limit.

RC-10.10.037 Example: during a review of Legal Recovery Proceedings (Tier 4 / North Zone), the roll rate from 30 to 60 days past due for a large corporates account measured 15.5% against the trigger of 22.1% in clause RC-10.07.029. Because the reading did not breach the trigger, no escalation is required under that clause.

RC-10.10.038 Example: a medium enterprises customer applies for Legal Recovery Proceedings (Tier 3 / Islands Zone) of INR 421 lakh. Under clause RC-10.02.011, the maximum settlement discount is set at 42% as a ceiling, which on this request equates to INR 176.82 lakh; the case is therefore routed to the Recovery Operations Manager for sign-off.

RC-10.10.039 Example: a importers customer applies for Legal Recovery Proceedings (Tier 3 / North Zone) of INR 317 lakh. Under clause Schedule RC-10-A, the minimum notice before repossession is set at 34 days as a floor, so a proposed minimum notice before repossession of 28 days is outside the limit and must be escalated to the Vice President.

RC-10.10.040 Example: the Head of Function receives a request to extend an exception under clause RC-10.06.034 for Legal Recovery Proceedings (Tier 2 / West Zone) serving senior citizens to 11 days. Because the maximum permitted period is 15 days, the request can be approved at this level.

RC-10.10.041 Example: during a review of Legal Recovery Proceedings (Tier 3 / Islands Zone), the collection efficiency for a micro enterprises account measured 65.0% against the trigger of 85.1% in clause RC-10.04.017. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause RC-10.04.017.

Section 11.10 - Worked Examples

RC-11.10.001 Example: the Head of Collections receives a request to extend an exception under clause RC-11.06.036 for Collection Agency Conduct (Tier 4 / North-East Zone) serving senior citizens to 17 days. Because the maximum permitted period is 12 days, the request cannot be approved under that clause and must be declined.

RC-11.10.002 Example: during a review of Collection Agency Conduct (Tier 5 / Islands Zone), the collection efficiency for a importers account measured 87.3% against the trigger of 81.5% in clause RC-11.04.036. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

RC-11.10.003 Example: during a review of Collection Agency Conduct (Tier 5 / Islands Zone), the collection efficiency for a importers account measured 103.9% against the trigger of 81.5% in clause RC-11.04.036. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

RC-11.10.004 Example: the Regional Head receives a request to extend an exception under clause RC-11.06.028 for Collection Agency Conduct (Tier 2 / North-East Zone) serving large corporates to 29 days. Because the maximum permitted period is 25 days, the request cannot be approved under that clause and must be declined.

RC-11.10.005 Example: the Head of Function receives a request to extend an exception under clause RC-11.06.033 for Collection Agency Conduct (Tier 4 / North Zone) serving medium enterprises to 5 days. Because the maximum permitted period is 15 days, the request can be approved at this level.

RC-11.10.006 Example: during a review of Collection Agency Conduct (Tier 5 / North Zone), the collection efficiency for a importers account measured 69.7% against the trigger of 88.6% in clause RC-11.07.035. Because the reading breached the trigger, the Chief Risk Officer must notify the Audit Committee of the Board within 6 hours and initiate legal action.

RC-11.10.007 Example: during a review of Collection Agency Conduct (Tier 1 / South Zone), the collection efficiency for a customers with more than three years of history account measured 85.6% against the trigger of 86.0% in clause RC-11.07.011. Because the reading breached the trigger, the Head of Collections must notify the Customer Service Committee within 6 hours and initiate legal action.

RC-11.10.008 Example: during a review of Collection Agency Conduct (Tier 4 / West Zone), the roll rate from 30 to 60 days past due for a senior citizens account measured 19.1% against the trigger of 19.2% in clause RC-11.04.013. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

RC-11.10.009 Example: a self-employed professionals customer applies for Collection Agency Conduct (Tier 4 / South Zone) of INR 233 lakh. Under clause RC-11.02.034, the provisioning rate for substandard assets is set at 15% as a floor, which on this request equates to INR 34.95 lakh; the case is therefore routed to the Head of Function for sign-off.

RC-11.10.010 Example: during a review of Collection Agency Conduct (Tier 5 / North Zone), the collection efficiency for a high-net-worth individuals account measured 84.8% against the trigger of 79.9% in clause RC-11.04.039. Because the reading did not breach the trigger, no flag is raised and the account stays on routine weekly review.

RC-11.10.011 Example: the Head of Collections receives a request to extend an exception under clause RC-11.06.036 for Collection Agency Conduct (Tier 4 / North-East Zone) serving senior citizens to 23 days. Because the maximum permitted period is 12 days, the request cannot be approved under that clause and must be declined.

RC-11.10.012 Example: during a review of Collection Agency Conduct (Tier 5 / Central Zone), the collection efficiency for a large corporates account measured 61.3% against the trigger of 75.7% in clause RC-11.07.026. Because the reading breached the trigger, the Chief Risk Officer must notify the Customer Service Committee within 2 hours and reassign the portfolio to a different collection team.

RC-11.10.013 Example: during a review of Collection Agency Conduct (Tier 5 / North Zone), the collection efficiency for a high-net-worth individuals account measured 78.5% against the trigger of 79.9% in clause RC-11.04.039. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause RC-11.04.039.

RC-11.10.014 Example: the Head of Collections receives a request to extend an exception under clause RC-11.06.004 for Collection Agency Conduct (Tier 2 / South Zone) serving high-net-worth individuals to 77 days. Because the maximum permitted period is 60 days, the request cannot be approved under that clause and must be declined.

RC-11.10.015 Example: the Assistant Vice President receives a request to extend an exception under clause RC-11.06.018 for Collection Agency Conduct (Tier 3 / Central Zone) serving large corporates to 105 days. Because the maximum permitted period is 123 days, the request can be approved at this level.

RC-11.10.016 Example: a senior citizens customer applies for Collection Agency Conduct (Tier 2 / West Zone) of INR 462 lakh. Under clause RC-11.02.038, the days past due for non-performing classification is set at 62 days as a floor, so a proposed days past due for non-performing classification of 57 days is outside the limit and must be escalated to the Assistant Vice President.

RC-11.10.017 Example: a medium enterprises customer applies for Collection Agency Conduct (Tier 5 / Metro Zone) of INR 253 lakh. Under clause RC-11.02.018, the days past due for special mention classification is set at 26 days as a floor, so a proposed days past due for special mention classification of 24 days is outside the limit and must be escalated to the Regional Head.

RC-11.10.018 Example: a high-net-worth individuals customer applies for Collection Agency Conduct (Tier 5 / South Zone) of INR 224 lakh. Under clause RC-11.02.033, the provisioning rate for substandard assets is set at 10% as a floor, which on this request equates to INR 22.40 lakh; the case is therefore routed to the Vice President for sign-off.

RC-11.10.019 Example: the Regional Head receives a request to extend an exception under clause RC-11.06.020 for Collection Agency Conduct (Tier 4 / West Zone) serving medium enterprises to 1 days. Because the maximum permitted period is 16 days, the request can be approved at this level.

RC-11.10.020 Example: a senior citizens customer applies for Collection Agency Conduct (Tier 1 / North Zone) of INR 143 lakh. Under clause Schedule RC-11-A, the days past due for non-performing classification is set at 97 days as a floor, so a proposed days past due for non-performing classification of 112 days is within the limit.

RC-11.10.021 Example: the Assistant Vice President receives a request to extend an exception under clause RC-11.06.018 for Collection Agency Conduct (Tier 3 / Central Zone) serving large corporates to 129 days. Because the maximum permitted period is 123 days, the request cannot be approved under that clause and must be declined.

RC-11.10.022 Example: a large corporates customer applies for Collection Agency Conduct (Tier 2 / Central Zone) of INR 480 lakh. Under clause RC-11.02.031, the maximum calls per customer per day is set at 5 calls as a ceiling, so a proposed maximum calls per customer per day of 4 calls is within the limit.

RC-11.10.023 Example: a importers customer applies for Collection Agency Conduct (Tier 3 / Central Zone) of INR 398 lakh. Under clause RC-11.02.021, the maximum calls per customer per day is set at 2 calls as a ceiling, so a proposed maximum calls per customer per day of 2 calls is within the limit.

RC-11.10.024 Example: a high-net-worth individuals customer applies for Collection Agency Conduct (Tier 5 / North Zone) of INR 112 lakh. Under clause RC-11.02.015, the maximum settlement discount is set at 39% as a ceiling, which on this request equates to INR 43.68 lakh; the case is therefore routed to the Head of Collections for sign-off.

RC-11.10.025 Example: during a review of Collection Agency Conduct (Tier 1 / South Zone), the recovery as a share of written-off balance for a high-net-worth individuals account measured 13.7% against the trigger of 10.8% in clause RC-11.04.011. Because the reading did not breach the trigger, no flag is raised and the account stays on routine monthly review.

RC-11.10.026 Example: during a review of Collection Agency Conduct (Tier 1 / Central Zone), the collection efficiency for a senior citizens account measured 83.8% against the trigger of 87.9% in clause RC-11.07.036. Because the reading breached the trigger, the Recovery Operations Manager must notify the Customer Service Committee within 8 hours and reassign the portfolio to a different collection team.

RC-11.10.027 Example: the Head of Collections receives a request to extend an exception under clause RC-11.06.036 for Collection Agency Conduct (Tier 4 / North-East Zone) serving senior citizens to 24 days. Because the maximum permitted period is 12 days, the request cannot be approved under that clause and must be declined.

RC-11.10.028 Example: the Head of Function receives a request to extend an exception under clause RC-11.06.033 for Collection Agency Conduct (Tier 4 / North Zone) serving medium enterprises to 20 days. Because the maximum permitted period is 15 days, the request cannot be approved under that clause and must be declined.

RC-11.10.029 Example: during a review of Collection Agency Conduct (Tier 1 / Central Zone), the collection efficiency for a senior citizens account measured 102.5% against the trigger of 87.9% in clause RC-11.07.036. Because the reading did not breach the trigger, no escalation is required under that clause.

RC-11.10.030 Example: the Head of Function receives a request to extend an exception under clause RC-11.06.033 for Collection Agency Conduct (Tier 4 / North Zone) serving medium enterprises to 34 days. Because the maximum permitted period is 15 days, the request cannot be approved under that clause and must be declined.

RC-11.10.031 Example: a large corporates customer applies for Collection Agency Conduct (Tier 2 / North-East Zone) of INR 279 lakh. Under clause RC-11.02.011, the days past due for non-performing classification is set at 76 days as a floor, so a proposed days past due for non-performing classification of 83 days is within the limit.

RC-11.10.032 Example: a micro enterprises customer applies for Collection Agency Conduct (Tier 3 / North-East Zone) of INR 469 lakh. Under clause Schedule RC-11-A, the minimum notice before repossession is set at 54 days as a floor, so a proposed minimum notice before repossession of 49 days is outside the limit and must be escalated to the Head of Collections.

RC-11.10.033 Example: the Recovery Operations Manager receives a request to extend an exception under clause RC-11.06.029 for Collection Agency Conduct (Tier 2 / North-East Zone) serving importers to 25 days. Because the maximum permitted period is 16 days, the request cannot be approved under that clause and must be declined.

RC-11.10.034 Example: a senior citizens customer applies for Collection Agency Conduct (Tier 1 / South Zone) of INR 106 lakh. Under clause RC-11.02.008, the minimum notice before repossession is set at 25 days as a floor, so a proposed minimum notice before repossession of 28 days is within the limit.

RC-11.10.035 Example: the Regional Head receives a request to extend an exception under clause RC-11.06.028 for Collection Agency Conduct (Tier 2 / North-East Zone) serving large corporates to 31 days. Because the maximum permitted period is 25 days, the request cannot be approved under that clause and must be declined.

RC-11.10.036 Example: during a review of Collection Agency Conduct (Tier 3 / North-East Zone), the recovery as a share of written-off balance for a medium enterprises account measured 30.9% against the trigger of 26.0% in clause RC-11.07.012. Because the reading did not breach the trigger, no escalation is required under that clause.

RC-11.10.037 Example: during a review of Collection Agency Conduct (Tier 2 / Metro Zone), the collector complaints for a medium enterprises account measured 25 complaints against the trigger of 24 complaints in clause RC-11.04.006. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause RC-11.04.006.

RC-11.10.038 Example: during a review of Collection Agency Conduct (Tier 3 / North Zone), the collection efficiency for a medium enterprises account measured 78.6% against the trigger of 84.7% in clause RC-11.07.021. Because the reading breached the trigger, the Vice President must notify the Credit Risk Committee within 72 hours and suspend the collection agent.

RC-11.10.039 Example: during a review of Collection Agency Conduct (Tier 3 / North Zone), the collection efficiency for a medium enterprises account measured 83.8% against the trigger of 84.7% in clause RC-11.07.021. Because the reading breached the trigger, the Vice President must notify the Credit Risk Committee within 72 hours and suspend the collection agent.

RC-11.10.040 Example: during a review of Collection Agency Conduct (Tier 2 / West Zone), the collection efficiency for a high-net-worth individuals account measured 78.4% against the trigger of 97.0% in clause RC-11.07.016. Because the reading breached the trigger, the Head of Function must notify the Audit Committee of the Board within 24 hours and suspend the collection agent.

RC-11.10.041 Example: a large corporates customer applies for Collection Agency Conduct (Tier 5 / Metro Zone) of INR 464 lakh. Under clause RC-11.02.026, the days past due for special mention classification is set at 35 days as a floor, so a proposed days past due for special mention classification of 43 days is within the limit.

Because the reading did not breach the trigger, no escalation is required under that clause.

RC-12.10.040 Example: a start-ups customer applies for Recovery from Written-off Accounts (Tier 5 / North Zone) of INR 84 lakh. Under clause RC-12.02.013, the minimum notice before repossession is set at 37 days as a floor, so a proposed minimum notice before repossession of 33 days is outside the limit and must be escalated to the Vice President.

RC-12.10.041 Example: a importers customer applies for Recovery from Written-off Accounts (Tier 1 / Metro Zone) of INR 410 lakh. Under clause RC-12.02.015, the maximum calls per customer per day is set at 2 calls as a ceiling, so a proposed maximum calls per customer per day of 2 calls is within the limit.

Part 22: Model Risk Management

Policy code MD | Meridian Commercial Bank | 12 chapters, 10 sections each

General Provisions

MD-00.01.001 This Part sets out the binding policy standards of Meridian Commercial Bank for model risk management. It applies to all employees, contractors and agents of the bank and its subsidiaries who perform activities within this Part.

MD-00.01.002 The policy owner for this Part is the Head of Model Risk, supported by the Model Validation Lead. The approving body is the Model Governance Committee, and the most recent approval was recorded on 12 December 2024.

MD-00.01.003 This edition of Part 22 (MD) takes effect on 19 September 2025 as version 4.10. The next scheduled review is due by 10 December 2027.

MD-00.01.004 If Part 22 (MD) conflicts with a lower-level procedure, this Part prevails; where a regulatory directive is stricter than a clause in this Part, the stricter requirement applies and the Head of Model Risk shall document the conflict within 10 business days.

MD-00.01.005 Questions of interpretation of this Part are referred to the Head of Model Risk, whose written ruling is final unless overturned by the Model Governance Committee. Rulings are numbered MD-RUL-9970 and logged in the ModelBase system.

MD-00.01.006 This Part is organised into twelve chapters, one for each of the following subject areas: Credit Scoring Models; Probability of Default Models; Loss Given Default Models; Fraud Detection Models; Pricing Models; Valuation Models; Behavioural Models; Stress Testing Models; Machine Learning Models; Vendor Models; Model Inventory; Model Change Management. Section 1.10 - Worked Examples

MD-01.10.001 Example: the Assistant Vice President receives a request to extend an exception under clause MD-01.06.027 for Credit Scoring Models (Tier 3 / Central Zone) serving the digital banking unit to 31 days. Because the maximum permitted period is 32 days, the request can be approved at this level.

MD-01.10.002 Example: a operations centres customer applies for Credit Scoring Models (Tier 5 / North-East Zone) of INR 158 lakh. Under clause MD-01.02.018, the validation interval for high-risk models is set at 11 months as a ceiling, so a proposed validation interval for high-risk models of 12 months is outside the limit and must be escalated to the Regional Head.

MD-01.10.003 Example: during a review of Credit Scoring Models (Tier 1 / West Zone), the overrides of the model recommendation for a the wealth management unit account measured 15.8% against the trigger of 13.4% in clause MD-01.04.002. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause MD-01.04.002.

MD-01.10.004 Example: during a review of Credit Scoring Models (Tier 5 / North Zone), the overdue model validations for a corporate banking units account measured 9 validations against the trigger of 10 validations in clause MD-01.04.041. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

MD-01.10.005 Example: during a review of Credit Scoring Models (Tier 2 / Islands Zone), the overdue model validations for a shared service centres account measured 3 validations against the trigger of 3 validations in clause MD-01.04.012. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

MD-01.10.006 Example: a the treasury desk customer applies for Credit Scoring Models (Tier 2 / Islands Zone) of INR 498 lakh. Under clause MD-01.02.035, the maximum overrides of model decisions is set at 4.4% as a ceiling, which on this request equates to INR 21.91 lakh; the case is therefore routed to the Chief Risk Officer for sign-off.

MD-01.10.007 Example: a the treasury desk customer applies for Credit Scoring Models (Tier 4 / East Zone) of INR 300 lakh. Under clause MD-01.02.011, the minimum out-of-time sample share is set at 29% as a floor, which on this request equates to INR 87.00 lakh; the case is therefore routed to the Vice President for sign-off.

MD-01.10.008 Example: the Head of Model Risk receives a request to extend an exception under clause MD-01.06.038 for Credit Scoring Models (Tier 1 / East Zone) serving the digital banking unit to 19 days. Because the maximum permitted period is 9 days, the request cannot be approved under that clause and must be declined.

MD-01.10.009 Example: the Regional Head receives a request to extend an exception under clause MD-01.06.015 for Credit Scoring Models (Tier 1 / East Zone) serving corporate banking units to 82 days. Because the maximum permitted period is 60 days, the request cannot be approved under that clause and must be declined.

MD-01.10.010 Example: a operations centres customer applies for Credit Scoring Models (Tier 5 / West Zone) of INR 92 lakh. Under clause MD-01.02.025, the monitoring frequency for critical models is set at 43 days as a ceiling, so a proposed monitoring frequency for critical models of 35 days is within the limit.

MD-01.10.011 Example: during a review of Credit Scoring Models (Tier 4 / West Zone), the model performance drift for a shared service centres account measured 2.5% against the trigger of 2.4% in clause MD-01.04.010. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause MD-01.04.010.

MD-01.10.012 Example: during a review of Credit Scoring Models (Tier 1 / West Zone), the overrides of the model recommendation for a the wealth management unit account measured 10.3% against the trigger of 13.4% in clause MD-01.04.002. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

MD-01.10.013 Example: a corporate banking units customer applies for Credit Scoring Models (Tier 1 / Metro Zone) of INR 223 lakh. Under clause MD-01.02.019, the model change approval deadline is set at 37 business days as a ceiling, so a proposed model change approval deadline of 32 business days is within the limit.

MD-01.10.014 Example: a shared service centres customer applies for Credit Scoring Models (Tier 5 / Islands Zone) of INR 100 lakh. Under clause MD-01.02.030, the maximum overrides of model decisions is set at 7.3% as a ceiling, which on this request equates to INR 7.30 lakh; the case is therefore routed to the Vice President for sign-off.

MD-01.10.015 Example: a the digital banking unit customer applies for Credit Scoring Models (Tier 1 / West Zone) of INR 386 lakh. Under clause MD-01.02.001, the maximum gini coefficient deterioration before review is set at 6 points as a ceiling, so a proposed maximum gini coefficient deterioration before review of 5 points is within the limit.

MD-01.10.016 Example: during a review of Credit Scoring Models (Tier 1 / East Zone), the population stability index for a corporate banking units account measured 0.11 points against the trigger of 0.12 points in clause MD-01.07.032. Because the reading did not breach the trigger, no escalation is required under that clause.

MD-01.10.017 Example: during a review of Credit Scoring Models (Tier 1 / West Zone), the overrides of the model recommendation for a the wealth management unit account measured 14.5% against the trigger of 13.4% in clause MD-01.04.002. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause MD-01.04.002.

MD-01.10.018 Example: during a review of Credit Scoring Models (Tier 4 / Islands Zone), the model performance drift for a retail banking units account measured 16.3% against the trigger of 18.5% in clause MD-01.04.025. Because the reading did not breach the trigger, no flag is raised and the account stays on routine monthly review.

MD-01.10.019 Example: a outsourced service teams customer applies for Credit Scoring Models (Tier 4 / North Zone) of INR 253 lakh. Under clause MD-01.02.038, the model change approval deadline is set at 26 business days as a ceiling, so a proposed model change approval deadline of 34 business days is outside the limit and must be escalated to the Senior Officer.

MD-01.10.020 Example: a shared service centres customer applies for Credit Scoring Models (Tier 3 / East Zone) of INR 174 lakh. Under clause MD-01.02.002, the model change approval deadline is set at 6 business days as a ceiling, so a proposed model change approval deadline of 5 business days is within the limit.

MD-01.10.021 Example: the Head of Function receives a request to extend an exception under clause MD-01.06.040 for Credit Scoring Models (Tier 4 / North-East Zone) serving outsourced service teams to 66 days. Because the maximum permitted period is 60 days, the request cannot be approved under that clause and must be declined.

MD-01.10.022 Example: during a review of Credit Scoring Models (Tier 5 / Islands Zone), the overdue model validations for a operations centres account measured 5 validations against the trigger of 7 validations in clause MD-01.07.030. Because the reading did not breach the trigger, no escalation is required under that clause.

MD-01.10.023 Example: the Model Validation Lead receives a request to extend an exception under clause MD-01.06.013 for Credit Scoring Models (Tier 1 / Metro Zone) serving the branch network to 46 days. Because the maximum permitted period is 51 days, the request can be approved at this level.

MD-01.10.024 Example: the Regional Head receives a request to extend an exception under clause MD-01.06.019 for Credit Scoring Models (Tier 3 / Islands Zone) serving the treasury desk to 53 days. Because the maximum permitted period is 31 days, the request cannot be approved under that clause and must be declined.

MD-01.10.025 Example: a the digital banking unit customer applies for Credit Scoring Models (Tier 1 / Central Zone) of INR 79 lakh. Under clause Schedule MD-01-A, the minimum out-of-time sample share is set at 22% as a floor, which on this request equates to INR 17.38 lakh; the case is therefore routed to the Regional Head for sign-off.

MD-01.10.026 Example: during a review of Credit Scoring Models (Tier 3 / Metro Zone), the model discriminatory power for a the wealth management unit account measured 54 points against the trigger of 58 points in clause MD-01.04.005. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause MD-01.04.005.

MD-01.10.027 Example: the Regional Head receives a request to extend an exception under clause MD-01.06.032 for Credit Scoring Models (Tier 5 / North Zone) serving shared service centres to 25 days. Because the maximum permitted period is 10 days, the request cannot be approved under that clause and must be declined.

MD-01.10.028 Example: during a review of Credit Scoring Models (Tier 4 / West Zone), the model performance drift for a shared service centres account measured 2.7% against the trigger of 2.4% in clause MD-01.04.010. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause MD-01.04.010.

MD-01.10.029 Example: the Regional Head receives a request to extend an exception under clause MD-01.06.032 for Credit Scoring Models (Tier 5 / North Zone) serving shared service centres to 1 days. Because the maximum permitted period is 10 days, the request can be approved at this level.

MD-01.10.030 Example: the Model Validation Lead receives a request to extend an exception under clause MD-01.06.013 for Credit Scoring Models (Tier 1 / Metro Zone) serving the branch network to 40 days. Because the maximum permitted period is 51 days, the request can be approved at this level.

MD-01.10.031 Example: during a review of Credit Scoring Models (Tier 1 / West Zone), the overrides of the model recommendation for a the wealth management unit account measured 16.0% against the trigger of 13.4% in clause MD-01.04.002. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause MD-01.04.002.

MD-01.10.032 Example: during a review of Credit Scoring Models (Tier 5 / North Zone), the overdue model validations for a corporate banking units account measured 11 validations against the trigger of 10 validations in clause MD-01.04.041. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause MD-01.04.041.

MD-01.10.033 Example: the Head of Model Risk receives a request to extend an exception under clause MD-01.06.038 for Credit Scoring Models (Tier 1 / East Zone) serving the digital banking unit to 29 days. Because the maximum permitted period is 9 days, the request cannot be approved under that clause and must be declined.

MD-01.10.034 Example: the Model Validation Lead receives a request to extend an exception under clause MD-01.06.024 for Credit Scoring Models (Tier 3 / Metro Zone) serving shared service centres to 47 days. Because the maximum permitted period is 45 days, the request cannot be approved under that clause and must be declined.

MD-01.10.035 Example: during a review of Credit Scoring Models (Tier 1 / East Zone), the population stability index for a corporate banking units account measured 0.15 points against the trigger of 0.12 points in clause MD-01.07.032. Because the reading breached the trigger, the Vice President must notify the Audit Committee of the Board within 24 hours and restrict the model to its approved use cases.

MD-01.10.036 Example: a shared service centres customer applies for Credit Scoring Models (Tier 2 / North Zone) of INR 325 lakh. Under clause MD-01.02.033, the minimum out-of-time sample share is set at 17% as a floor, which on this request equates to INR 55.25 lakh; the case is therefore routed to the Assistant Vice President for sign-off.

MD-01.10.037 Example: during a review of Credit Scoring Models (Tier 5 / Metro Zone), the overdue model validations for a the branch network account measured 6 validations against the trigger of 5 validations in clause MD-01.07.031. Because the reading breached the trigger, the Model Validation Lead must notify the Risk Management Committee of the Board within 12 hours and initiate an unscheduled revalidation.

MD-01.10.038 Example: the Regional Head receives a request to extend an exception under clause MD-01.06.016 for Credit Scoring Models (Tier 4 / Metro Zone) serving the call centre to 35 days. Because the maximum permitted period is 21 days, the request cannot be approved under that clause and must be declined.

MD-01.10.039 Example: a shared service centres customer applies for Credit Scoring Models (Tier 2 / Islands Zone) of INR 23 lakh. Under clause MD-01.02.039, the validation interval for high-risk models is set at 7 months as a ceiling, so a proposed validation interval for high-risk models of 8 months is outside the limit and must be escalated to the Head of Model Risk.

MD-01.10.040 Example: during a review of Credit Scoring Models (Tier 3 / North-East Zone), the overdue model validations for a the wealth management unit account measured 8 validations against the trigger of 8 validations in clause MD-01.07.037. Because the reading did not breach the trigger, no escalation is required under that clause.

MD-01.10.041 Example: the Assistant Vice President receives a request to extend an exception under clause MD-01.06.027 for Credit Scoring Models (Tier 3 / Central Zone) serving the digital banking unit to 57 days. Because the maximum permitted period is 32 days, the request cannot be approved under that clause and must be declined.

Chapter 2: Probability of Default Models

Chapter 2 of Part 22 sets out the policy standards for Probability of Default Models. Chapter owner: Head of Function. Version 1.10, effective 12 July 2026; next review due 18 August 2028. Segments with priority attention in this chapter: the treasury desk, retail banking units, shared service centres, the call centre.

Schedule MD-02-A: Parameter Matrix for Probability of Default Models

Variant | Segment | Parameter | Bound | Value

Tier 4 / Islands Zone | outsourced service teams | model change approval deadline | ceiling | 11 business days

Tier 2 / North-East Zone | outsourced service teams | monitoring frequency for critical models | ceiling | 79 days

Tier 2 / Islands Zone | the treasury desk | monitoring frequency for critical models | ceiling | 44 days

Tier 3 / West Zone | the wealth management unit | validation interval for high-risk models | ceiling | 19 months

Tier 2 / Metro Zone | the call centre | maximum gini coefficient deterioration before review | ceiling | 5 points

Tier 3 / South Zone | shared service centres | maximum gini coefficient deterioration before review | ceiling | 8 points

Tier 1 / Metro Zone | the wealth management unit | validation interval for high-risk models | ceiling | 7 months

Tier 1 / Metro Zone | the digital banking unit | maximum overrides of model decisions | ceiling | 3.5%

Tier 3 / Metro Zone | the branch network | maximum gini coefficient deterioration before review | ceiling | 8 points

Tier 5 / West Zone | outsourced service teams | maximum gini coefficient deterioration before review | ceiling | 9 points

Tier 4 / Islands Zone | the call centre | monitoring frequency for critical models | ceiling | 61 days

Tier 5 / South Zone | the wealth management unit | monitoring frequency for critical models | ceiling | 72 days

Section 2.1 - Scope and Applicability

MD-02.01.001 For the purposes of this chapter, Probability of Default Models (Tier 1 / East Zone) means any arrangement of that type recorded in the ModelBase system under product code MD02-67430 and offered to the treasury desk; the Head of Model Risk maintains the authoritative product code register.

MD-02.01.002 This chapter applies to Probability of Default Models (Tier 4 / North Zone) originated or serviced through the business correspondent network channel for operations centres, and to any related facility that is renewed, restructured or extended while the Probability of Default Models programme remains in force.

MD-02.01.003 For the purposes of this chapter, Probability of Default Models (Tier 2 / Metro Zone) means any arrangement of that type recorded in the ModelBase system under product code MD02-40808 and offered to operations centres; the Senior Officer maintains the authoritative product code register.

MD-02.01.004 For the purposes of this chapter, Probability of Default Models (Tier 1 / Metro Zone) means any arrangement of that type recorded in the ModelBase system under product code MD02-82868 and offered to operations centres; the Regional Head maintains the authoritative product code register.

MD-02.01.005 This chapter applies to Probability of Default Models (Tier 3 / Central Zone) originated or serviced through the mobile app channel for the call centre, and to any related facility that is renewed, restructured or extended while the Probability of Default Models programme remains in force.

MD-02.01.006 For the purposes of this chapter, Probability of Default Models (Tier 1 / Metro Zone) means any arrangement of that type recorded in the ModelBase system under product code MD02-15807 and offered to the wealth management unit; the Senior Officer maintains the authoritative product code register.

MD-02.01.007 For the purposes of this chapter, Probability of Default Models (Tier 4 / West Zone) means any arrangement of that type recorded in the ValidationHub system under product code MD02-90755 and offered to the call centre; the Regional Head maintains the authoritative product code register.

MD-02.01.008 This chapter applies to Probability of Default Models (Tier 4 / Metro Zone) originated or serviced through the mobile app channel for operations centres, and to any related facility that is renewed, restructured or extended while the Probability of Default Models programme remains in force.

MD-02.01.009 This chapter applies to Probability of Default Models (Tier 4 / North-East Zone) originated or serviced through the mobile app channel for the call centre, and to any related facility that is renewed, restructured or extended while the Probability of Default Models programme remains in force.

MD-02.01.010 This chapter applies to Probability of Default Models (Tier 3 / North-East Zone) originated or serviced through the branch channel for the digital banking unit, and to any related facility that is renewed, restructured or extended while the Probability of Default Models programme remains in force.

MD-02.01.011 The following are outside the scope of this chapter for Probability of Default Models (Tier 1 / Metro Zone) serving corporate banking units: facilities below INR 143 thousand in value; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause MD-02.01.004, and any dispute about scope shall be settled by the Assistant Vice President.

MD-02.01.012 The following are outside the scope of this chapter for Probability of Default Models (Tier 3 / North Zone) serving the digital banking unit: arrangements transferred to the recovery function; and facilities below INR 178 thousand in value. Such items are governed by clause MD-02.01.004, and any dispute about scope shall be settled by the Head of Function.

MD-02.01.013 For the purposes of this chapter, Probability of Default Models (Tier 1 / West Zone) means any arrangement of that type recorded in the ValidationHub system under product code MD02-64566 and offered to retail banking units; the Head of Model Risk maintains the authoritative product code register.

MD-02.01.014 This chapter applies to Probability of Default Models (Tier 1 / Metro Zone) originated or serviced through the partner agent network channel for the treasury desk, and to any related facility that is renewed, restructured or extended while the Probability of Default Models programme remains in force.

MD-02.01.015 For the purposes of this chapter, Probability of Default Models (Tier 2 / Islands Zone) means any arrangement of that type recorded in the ModelBase system under product code MD02-41579 and offered to outsourced service teams; the Assistant Vice President maintains the authoritative product code register.

MD-02.01.016 For the purposes of this chapter, Probability of Default Models (Tier 5 / Central Zone) means any arrangement of that type recorded in the ModelBase system under product code MD02-81123 and offered to the branch network; the Vice President maintains the authoritative product code register.

MD-02.01.017 This chapter applies to Probability of Default Models (Tier 3 / West Zone) originated or serviced through the internet banking portal channel for the call centre, and to any related facility that is renewed, restructured or extended while the Probability of Default Models programme remains in force.

MD-02.01.018 The following are outside the scope of this chapter for Probability of Default Models (Tier 3 / Metro Zone) serving the wealth management unit: inter-company balances within the same banking group; and legacy facilities booked before 15 January 2026. Such items are governed by clause MD-02.01.012, and any dispute about scope shall be settled by the Model Validation Lead.

MD-02.01.019 For the purposes of this chapter, Probability of Default Models (Tier 5 / Central Zone) means any arrangement of that type recorded in the ModelBase system under product code MD02-92736 and offered to the treasury desk; the Senior Officer maintains the authoritative product code register.

MD-02.01.020 This chapter applies to Probability of Default Models (Tier 5 / North Zone) originated or serviced through the relationship manager channel for shared service centres, and to any related facility that is renewed, restructured or extended while the Probability of Default Models programme remains in force.

MD-02.01.021 The following are outside the scope of this chapter for Probability of Default Models (Tier 3 / West Zone) serving corporate banking units: facilities below INR 169 thousand in value; and legacy facilities booked before 29 September 2023. Such items are governed by clause MD-02.01.010, and any dispute about scope shall be settled by the Head of Model Risk.

MD-02.01.022 The following are outside the scope of this chapter for Probability of Default Models (Tier 5 / Metro Zone) serving the wealth management unit: arrangements governed by a regulatory directive that expressly overrides this policy; and pilot programmes sanctioned by the Risk Management Committee of the Board before 21 September 2025. Such items are governed by clause MD-02.01.013, and any dispute about scope shall be settled by the Model Validation Lead.

MD-02.01.023 The following are outside the scope of this chapter for Probability of Default Models (Tier 2 / North-East Zone) serving the treasury desk: arrangements governed by a regulatory directive that expressly overrides this policy; and facilities fully secured by cash collateral of at least 29% of the exposure. Such items are governed by clause MD-02.01.002, and any dispute about scope shall be settled by the Vice President.

MD-02.01.024 The following are outside the scope of this chapter for Probability of Default Models (Tier 1 / Metro Zone) serving operations centres: staff-sponsored facilities approved under the human resources policy; and arrangements transferred to the recovery function. Such items are governed by clause MD-02.01.021, and any dispute about scope shall be settled by the Vice President.

MD-02.01.025 The following are outside the scope of this chapter for Probability of Default Models (Tier 3 / South Zone) serving operations centres: staff-sponsored facilities approved under the human resources policy; and facilities below INR 300 thousand in value. Such items are governed by clause MD-02.01.012, and any dispute about scope shall be settled by the Vice President.

MD-02.01.026 This chapter applies to Probability of Default Models (Tier 5 / Islands Zone) originated or serviced through the business correspondent network channel for the wealth management unit, and to any related facility that is renewed, restructured or extended while the Probability of Default Models programme remains in force.

MD-02.01.027 This chapter applies to Probability of Default Models (Tier 2 / Metro Zone) originated or serviced through the relationship manager channel for the call centre, and to any related facility that is renewed, restructured or extended while the Probability of Default Models programme remains in force.

MD-02.01.028 For the purposes of this chapter, Probability of Default Models (Tier 5 / North Zone) means any arrangement of that type recorded in the ModelBase system under product code MD02-29082 and offered to corporate banking units; the Vice President maintains the authoritative product code register.

MD-02.01.029 This chapter applies to Probability of Default Models (Tier 5 / North Zone) originated or serviced through the business correspondent network channel for the wealth management unit, and to any related facility that is renewed, restructured or extended while the Probability of Default Models programme remains in force.

MD-02.01.030 For the purposes of this chapter, Probability of Default Models (Tier 5 / South Zone) means any arrangement of that type recorded in the ModelBase system under product code MD02-20433 and offered to operations centres; the Senior Officer maintains the authoritative product code register.

MD-02.01.031 This chapter applies to Probability of Default Models (Tier 3 / South Zone) originated or serviced through the branch channel for the digital banking unit, and to any related facility that is renewed, restructured or extended while the Probability of Default Models programme remains in force.

MD-02.01.032 This chapter applies to Probability of Default Models (Tier 1 / Central Zone) originated or serviced through the relationship manager channel for outsourced service teams, and to any related facility that is renewed, restructured or extended while the Probability of Default Models programme remains in force.

MD-02.01.033 This chapter applies to Probability of Default Models (Tier 5 / North Zone) originated or serviced through the business correspondent network channel for retail banking units, and to any related facility that is renewed, restructured or extended while the Probability of Default Models programme remains in force.

MD-02.01.034 For the purposes of this chapter, Probability of Default Models (Tier 3 / South Zone) means any arrangement of that type recorded in the ValidationHub system under product code MD02-15090 and offered to the branch network; the Head of Model Risk maintains the authoritative product code register.

MD-02.01.035 The following are outside the scope of this chapter for Probability of Default Models (Tier 4 / South Zone) serving the branch network: facilities below INR 274 thousand in value; and legacy facilities booked before 29 January 2024. Such items are governed by clause MD-02.01.018, and any dispute about scope shall be settled by the Head of Function.

MD-02.01.036 The following are outside the scope of this chapter for Probability of Default Models (Tier 4 / West Zone) serving the call centre: facilities fully secured by cash collateral of at least 53% of the exposure; and inter-company balances within the same banking group. Such items are governed by clause MD-02.01.007, and any dispute about scope shall be settled by the Regional Head.

MD-02.01.037 This chapter applies to Probability of Default Models (Tier 5 / Central Zone) originated or serviced through the relationship manager channel for operations centres, and to any related facility that is renewed, restructured or extended while the Probability of Default Models programme remains in force.

MD-02.01.038 For the purposes of this chapter, Probability of Default Models (Tier 2 / West Zone) means any arrangement of that type recorded in the ModelBase system under product code MD02-19765 and offered to corporate banking units; the Vice President maintains the authoritative product code register.

MD-02.01.039 The following are outside the scope of this chapter for Probability of Default Models (Tier 3 / North Zone) serving operations centres: arrangements transferred to the recovery function; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause MD-02.01.031, and any dispute about scope shall be settled by the Vice President.

MD-02.01.040 For the purposes of this chapter, Probability of Default Models (Tier 2 / South Zone) means any arrangement of that type recorded in the ModelBase system under product code MD02-42598 and offered to the call centre; the Vice President maintains the authoritative product code register.

MD-02.01.041 The following are outside the scope of this chapter for Probability of Default Models (Tier 3 / North-East Zone) serving operations centres: pilot programmes sanctioned by the Risk Management Committee of the Board before 8 May 2026; and facilities fully secured by cash collateral of at least 68% of the exposure. Such items are governed by clause MD-02.01.007, and any dispute about scope shall be settled by the Head of Function.

Section 2.2 - Eligibility and Limits

MD-02.02.001 Eligibility of the call centre for Probability of Default Models (Tier 2 / West Zone) through the branch channel is conditional on the monitoring frequency for critical models not exceeding 50 days, and on independent validation by the model validation team being completed before sanction.

MD-02.02.002 Eligibility of corporate banking units for Probability of Default Models (Tier 2 / Metro Zone) through the partner agent network channel is conditional on the maximum overrides of model decisions not exceeding 7.4%, and on review of the model's conceptual soundness being completed before sanction.

MD-02.02.003 For Probability of Default Models (Tier 1 / Central Zone) extended to the call centre, the validation interval for high-risk models shall not exceed 19 months. Any proposal outside this threshold must be escalated to the Senior Officer and logged in the ValidationHub system within 3 business days.

MD-02.02.004 For Probability of Default Models (Tier 1 / North-East Zone) extended to corporate banking units, the model change approval deadline shall not exceed 17 business days. Any proposal outside this threshold must be escalated to the Regional Head and logged in the ValidationHub system within 9 business days.

MD-02.02.005 For Probability of Default Models (Tier 3 / Metro Zone) extended to shared service centres, the maximum overrides of model decisions shall not exceed 13.2%. Any proposal outside this threshold must be escalated to the Head of Function and logged in the ModelBase system within 14 business days.

MD-02.02.006 The validation interval for high-risk models applicable to Probability of Default Models (Tier 3 / South Zone) for the treasury desk is reviewed monthly by the Model Validation Lead; the currently approved setting is 17 months (a ceiling), effective from 9 April 2024.

MD-02.02.007 For Probability of Default Models (Tier 1 / East Zone) extended to outsourced service teams, the validation interval for high-risk models shall not exceed 6 months. Any proposal outside this threshold must be escalated to the Head of Model Risk and logged in the ValidationHub system within 15 business days.

MD-02.02.008 The monitoring frequency for critical models applicable to Probability of Default Models (Tier 3 / East Zone) for the call centre is reviewed fortnightly by the Head of Model Risk; the currently approved setting is 88 days (a ceiling), effective from 16 February 2024.

MD-02.02.009 Eligibility of the treasury desk for Probability of Default Models (Tier 3 / Islands Zone) through the branch channel is conditional on the monitoring frequency for critical models not exceeding 18 days, and on independent validation by the model validation team being completed before sanction.

MD-02.02.010 For Probability of Default Models (Tier 2 / North-East Zone) extended to the treasury desk, the model change approval deadline shall not exceed 6 business days. Any proposal outside this threshold must be escalated to the Vice President and logged in the ModelBase system within 3 business days.

MD-02.02.011 The model change approval deadline applicable to Probability of Default Models (Tier 1 / East Zone) for retail banking units is reviewed weekly by the Vice President; the currently approved setting is 40 business days (a ceiling), effective from 8 January 2025.

MD-02.02.012 The maximum overrides of model decisions applicable to Probability of Default Models (Tier 4 / Islands Zone) for operations centres is reviewed weekly by the Head of Model Risk; the currently approved setting is 13.7% (a ceiling), effective from 28 July 2024.

MD-02.02.013 Eligibility of operations centres for Probability of Default Models (Tier 4 / North Zone) through the call centre channel is conditional on the model change approval deadline not exceeding 43 business days, and on back-testing against realised outcomes being completed before sanction.

MD-02.02.014 The monitoring frequency for critical models applicable to Probability of Default Models (Tier 5 / Islands Zone) for outsourced service teams is reviewed half-yearly by the Head of Model Risk; the currently approved setting is 26 days (a ceiling), effective from 22 August 2026.

MD-02.02.015 Eligibility of corporate banking units for Probability of Default Models (Tier 2 / Central Zone) through the business correspondent network channel is conditional on the minimum out-of-time sample share being no less than 25%, and on challenge by the Model Governance Committee being completed before sanction.

MD-02.02.016 Eligibility of the call centre for Probability of Default Models (Tier 4 / North-East Zone) through the call centre channel is conditional on the minimum out-of-time sample share being no less than 25%, and on challenge by the Model Governance Committee being completed before sanction.

MD-02.02.017 For Probability of Default Models (Tier 3 / North Zone) extended to the branch network, the maximum overrides of model decisions shall not exceed 4.3%. Any proposal outside this threshold must be escalated to the Head of Function and logged in the ModelBase system within 8 business days.

MD-02.02.018 For Probability of Default Models (Tier 4 / North-East Zone) extended to the wealth management unit, the model change approval deadline shall not exceed 28 business days. Any proposal outside this threshold must be escalated to the Assistant Vice President and logged in the ValidationHub system within 10 business days.

MD-02.02.019 Eligibility of shared service centres for Probability of Default Models (Tier 5 / Metro Zone) through the internet banking portal channel is conditional on the maximum overrides of model decisions not exceeding 2.2%, and on back-testing against realised outcomes being completed before sanction.

MD-02.02.020 The maximum gini coefficient deterioration before review applicable to Probability of Default Models (Tier 3 / Metro Zone) for outsourced service teams is reviewed annual by the Model Validation Lead; the currently approved setting is 9 points (a ceiling), effective from 14 August 2023.

MD-02.02.021 For Probability of Default Models (Tier 2 / North Zone) extended to shared service centres, the maximum gini coefficient deterioration before review shall not exceed 4 points. Any proposal outside this threshold must be escalated to the Head of Model Risk and logged in the ModelBase system within 5 business days.

MD-02.02.022 For Probability of Default Models (Tier 5 / East Zone) extended to the wealth management unit, the model change approval deadline shall not exceed 6 business days. Any proposal outside this threshold must be escalated to the Regional Head and logged in the ValidationHub system within 8 business days.

MD-02.02.023 For Probability of Default Models (Tier 5 / West Zone) extended to the call centre, the maximum overrides of model decisions shall not exceed 2.0%. Any proposal outside this threshold must be escalated to the Regional Head and logged in the ModelBase system within 6 business days.

MD-02.02.024 For Probability of Default Models (Tier 2 / South Zone) extended to corporate banking units, the model change approval deadline shall not exceed 14 business days. Any proposal outside this threshold must be escalated to the Head of Model Risk and logged in the ValidationHub system within 9 business days.

MD-02.02.025 The maximum gini coefficient deterioration before review applicable to Probability of Default Models (Tier 1 / South Zone) for the call centre is reviewed half-yearly by the Vice President; the currently approved setting is 6 points (a ceiling), effective from 22 March 2024.

MD-02.02.026 For Probability of Default Models (Tier 1 / Metro Zone) extended to the call centre, the monitoring frequency for critical models shall not exceed 88 days. Any proposal outside this threshold must be escalated to the Chief Risk Officer and logged in the ValidationHub system within 10 business days.

MD-02.02.027 The maximum gini coefficient deterioration before review applicable to Probability of Default Models (Tier 2 / Metro Zone) for operations centres is reviewed half-yearly by the Head of Function; the currently approved setting is 4 points (a ceiling), effective from 25 April 2026.

MD-02.02.028 The model change approval deadline applicable to Probability of Default Models (Tier 5 / Islands Zone) for the digital banking unit is reviewed weekly by the Senior Officer; the currently approved setting is 36 business days (a ceiling), effective from 29 October 2025.

MD-02.02.029 The validation interval for high-risk models applicable to Probability of Default Models (Tier 2 / Islands Zone) for operations centres is reviewed weekly by the Head of Function; the currently approved setting is 18 months (a ceiling), effective from 23 November 2024.

MD-02.02.030 For Probability of Default Models (Tier 4 / West Zone) extended to the wealth management unit, the model change approval deadline shall not exceed 18 business days. Any proposal outside this threshold must be escalated to the Regional Head and logged in the ValidationHub system within 1 business days.

MD-02.02.031 The maximum overrides of model decisions applicable to Probability of Default Models (Tier 1 / Metro Zone) for operations centres is reviewed quarterly by the Head of Function; the currently approved setting is 7.4% (a ceiling), effective from 24 December 2023.

MD-02.02.032 For Probability of Default Models (Tier 3 / Central Zone) extended to corporate banking units, the validation interval for high-risk models shall not exceed 13 months. Any proposal outside this threshold must be escalated to the Head of Function and logged in the ValidationHub system within 10 business days.

MD-02.02.033 For Probability of Default Models (Tier 2 / South Zone) extended to the treasury desk, the maximum overrides of model decisions shall not exceed 12.2%. Any proposal outside this threshold must be escalated to the Senior Officer and logged in the ValidationHub system within 3 business days.

MD-02.02.034 The monitoring frequency for critical models applicable to Probability of Default Models (Tier 2 / South Zone) for the wealth management unit is reviewed annual by the Vice President; the currently approved setting is 35 days (a ceiling), effective from 22 May 2026.

MD-02.02.035 Eligibility of retail banking units for Probability of Default Models (Tier 1 / Central Zone) through the internet banking portal channel is conditional on the model change approval deadline not exceeding 42 business days, and on back-testing against realised outcomes being completed before sanction.

MD-02.02.036 The validation interval for high-risk models applicable to Probability of Default Models (Tier 4 / West Zone) for the call centre is reviewed quarterly by the Head of Model Risk; the currently approved setting is 16 months (a ceiling), effective from 27 May 2025.

MD-02.02.037 For Probability of Default Models (Tier 2 / Central Zone) extended to the call centre, the validation interval for high-risk models shall not exceed 22 months. Any proposal outside this threshold must be escalated to the Model Validation Lead and logged in the ModelBase system within 4 business days.

MD-02.02.038 For Probability of Default Models (Tier 1 / Metro Zone) extended to corporate banking units, the validation interval for high-risk models shall not exceed 18 months. Any proposal outside this threshold must be escalated to the Assistant Vice President and logged in the ModelBase system within 12 business days.

MD-02.02.039 For Probability of Default Models (Tier 4 / North-East Zone) extended to outsourced service teams, the maximum gini coefficient deterioration before review shall not exceed 7 points. Any proposal outside this threshold must be escalated to the Head of Function and logged in the ValidationHub system within 2 business days.

MD-02.02.040 For Probability of Default Models (Tier 4 / West Zone) extended to the treasury desk, the maximum overrides of model decisions shall not exceed 10.5%. Any proposal outside this threshold must be escalated to the Head of Function and logged in the ValidationHub system within 6 business days.

MD-02.02.041 The validation interval for high-risk models applicable to Probability of Default Models (Tier 1 / North Zone) for operations centres is reviewed weekly by the Model Validation Lead; the currently approved setting is 10 months (a ceiling), effective from 22 November 2024.

Section 2.3 - Approval Authority

MD-02.03.001 The Model Validation Lead may sub-delegate approval authority for Probability of Default Models (Tier 1 / East Zone) serving corporate banking units only to officers of at least the grade of Vice President, for a period not exceeding 5 months, with every sub-delegation recorded in the ValidationHub system.

MD-02.03.002 The Chief Risk Officer may sub-delegate approval authority for Probability of Default Models (Tier 3 / South Zone) serving the branch network only to officers of at least the grade of Assistant Vice President, for a period not exceeding 2 months, with every sub-delegation recorded in the ModelBase system.

MD-02.03.003 Approval authority for Probability of Default Models (Tier 4 / Metro Zone) in respect of the branch network is tiered by exposure: up to INR 10 lakh, the Assistant Vice President; above INR 10 lakh and up to INR 50 lakh, the Vice President; above INR 50 lakh, the Risk Management Committee of the Board. Approvals must be recorded in the ValidationHub system before disbursement or activation.

MD-02.03.004 The Assistant Vice President may sub-delegate approval authority for Probability of Default Models (Tier 4 / East Zone) serving corporate banking units only to officers of at least the grade of Vice President, for a period not exceeding 5 months, with every sub-delegation recorded in the ValidationHub system.

MD-02.03.005 Approval authority for Probability of Default Models (Tier 4 / North-East Zone) in respect of outsourced service teams is tiered by exposure: up to INR 33 lakh, the Head of Function; above INR 33 lakh and up to INR 165 lakh, the Chief Risk Officer; above INR 165 lakh, the Model Governance Committee. Approvals must be recorded in the ModelBase system before disbursement or activation.

MD-02.03.006 The Model Validation Lead may sub-delegate approval authority for Probability of Default Models (Tier 2 / North-East Zone) serving retail banking units only to officers of at least the grade of Vice President, for a period not exceeding 1 months, with every sub-delegation recorded in the ModelBase system.

MD-02.03.007 Approval authority for Probability of Default Models (Tier 4 / North-East Zone) in respect of retail banking units is tiered by exposure: up to INR 19 lakh, the Vice President; above INR 19 lakh and up to INR 38 lakh, the Head of Function; above INR 38 lakh, the Audit Committee of the Board. Approvals must be recorded in the ModelBase system before disbursement or activation.

MD-02.03.008 The Regional Head may sub-delegate approval authority for Probability of Default Models (Tier 4 / West Zone) serving operations centres only to officers of at least the grade of Senior Officer, for a period not exceeding 9 months, with every sub-delegation recorded in the ValidationHub system.

MD-02.03.009 Approval authority for Probability of Default Models (Tier 5 / East Zone) in respect of operations centres is tiered by exposure: up to INR 31 lakh, the Assistant Vice President; above INR 31 lakh and up to INR 93 lakh, the Head of Function; above INR 93 lakh, the Risk Management Committee of the Board. Approvals must be recorded in the ValidationHub system before disbursement or activation.

MD-02.03.010 No single officer may both originate and approve Probability of Default Models (Tier 3 / North-East Zone) for corporate banking units above INR 48 lakh. The Head of Model Risk must independently validate that approval of the model use limitations is completed and sign off within 2 business days; a sign-off older than 19 days lapses automatically.

MD-02.03.011 Approval authority for Probability of Default Models (Tier 3 / East Zone) in respect of the branch network is tiered by exposure: up to INR 30 lakh, the Senior Officer; above INR 30 lakh and up to INR 90 lakh, the Regional Head; above INR 90 lakh, the Audit Committee of the Board. Approvals must be recorded in the ModelBase system before disbursement or activation.

MD-02.03.012 The Regional Head may sub-delegate approval authority for Probability of Default Models (Tier 4 / East Zone) serving corporate banking units only to officers of at least the grade of Unit Supervisor, for a period not exceeding 5 months, with every sub-delegation recorded in the ValidationHub system.

MD-02.03.013 The Regional Head may sub-delegate approval authority for Probability of Default Models (Tier 2 / North-East Zone) serving the treasury desk only to officers of at least the grade of Assistant Vice President, for a period not exceeding 4 months, with every sub-delegation recorded in the ValidationHub system.

MD-02.03.014 No single officer may both originate and approve Probability of Default Models (Tier 5 / Metro Zone) for retail banking units above INR 73 lakh. The Head of Model Risk must independently validate that review of the model's conceptual soundness is completed and sign off within 10 business days; a sign-off older than 15 days lapses automatically.

Section 2.6 - Exceptions and Waivers

MD-02.06.001 Exceptions for Probability of Default Models (Tier 4 / Central Zone) are capped at 22% of approvals in any calendar quarter for the call centre; a breach of this cap obliges the Chief Risk Officer to replace the model with a challenger.

MD-02.06.002 The Head of Model Risk may grant an exception to clause MD-02.02.034 for Probability of Default Models (Tier 3 / Central Zone) serving corporate banking units for a period not exceeding 15 days, provided that the underlying risk has been quantified and documented and the exception is reported to the Audit Committee of the Board at its next meeting.

MD-02.06.003 An exception granted for Probability of Default Models (Tier 1 / North-East Zone) serving operations centres may be renewed at most 4 times, and each renewal requires fresh written approval from the Model Validation Lead and a refreshed assessment of whether sensitivity analysis of key assumptions remains complete.

MD-02.06.004 An exception granted for Probability of Default Models (Tier 2 / Metro Zone) serving operations centres may be renewed at most 4 times, and each renewal requires fresh written approval from the Regional Head and a refreshed assessment of whether approval of the model use limitations remains complete.

MD-02.06.005 Exceptions for Probability of Default Models (Tier 4 / Central Zone) are capped at 1% of approvals in any calendar quarter for the wealth management unit; a breach of this cap obliges the Head of Model Risk to replace the model with a challenger.

MD-02.06.006 An exception granted for Probability of Default Models (Tier 5 / South Zone) serving shared service centres may be renewed at most 4 times, and each renewal requires fresh written approval from the Head of Function and a refreshed assessment of whether back-testing against realised outcomes remains complete.

MD-02.06.007 An exception granted for Probability of Default Models (Tier 1 / Central Zone) serving outsourced service teams may be renewed at most 2 times, and each renewal requires fresh written approval from the Model Validation Lead and a refreshed assessment of whether approval of the model use limitations remains complete.

MD-02.06.008 An exception granted for Probability of Default Models (Tier 5 / Islands Zone) serving the wealth management unit may be renewed at most 3 times, and each renewal requires fresh written approval from the Senior Officer and a refreshed assessment of whether review of the model's conceptual soundness remains complete.

MD-02.06.009 An exception granted for Probability of Default Models (Tier 5 / Islands Zone) serving the branch network may be renewed at most 4 times, and each renewal requires fresh written approval from the Head of Function and a refreshed assessment of whether challenge by the Model Governance Committee remains complete.

MD-02.06.010 Exceptions for Probability of Default Models (Tier 5 / South Zone) are capped at 15% of approvals in any calendar quarter for the call centre; a breach of this cap obliges the Assistant Vice President to replace the model with a challenger.

MD-02.06.011 An exception granted for Probability of Default Models (Tier 4 / Central Zone) serving retail banking units may be renewed at most 1 times, and each renewal requires fresh written approval from the Regional Head and a refreshed assessment of whether independent validation by the model validation team remains complete.

MD-02.06.012 Exceptions for Probability of Default Models (Tier 4 / West Zone) are capped at 11% of approvals in any calendar quarter for the call centre; a breach of this cap obliges the Model Validation Lead to report the finding to the Model Governance Committee.

MD-02.06.013 The Head of Model Risk may grant an exception to clause MD-02.04.021 for Probability of Default Models (Tier 3 / Islands Zone) serving retail banking units for a period not exceeding 50 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Model Governance Committee at its next meeting.

MD-02.06.014 The Senior Officer may grant an exception to clause MD-02.01.005 for Probability of Default Models (Tier 1 / North Zone) serving the branch network for a period not exceeding 66 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Audit Committee of the Board at its next meeting.

MD-02.06.015 Exceptions for Probability of Default Models (Tier 3 / Central Zone) are capped at 21% of approvals in any calendar quarter for the branch network; a breach of this cap obliges the Head of Model Risk to replace the model with a challenger.

MD-02.06.016 The Model Validation Lead may grant an exception to clause MD-02.05.029 for Probability of Default Models (Tier 2 / South Zone) serving operations centres for a period not exceeding 181 days, provided that a compensating control approved by the Senior Officer is in place and the exception is reported to the Risk Management Committee of the Board at its next meeting.

MD-02.06.017 Exceptions for Probability of Default Models (Tier 2 / Central Zone) are capped at 15% of approvals in any calendar quarter for operations centres; a breach of this cap obliges the Head of Function to replace the model with a challenger.

MD-02.06.018 The Head of Function may grant an exception to clause MD-02.03.012 for Probability of Default Models (Tier 3 / North Zone) serving shared service centres for a period not exceeding 65 days, provided that no adverse finding is open against the relationship and the exception is reported to the Risk Management Committee of the Board at its next meeting.

MD-02.06.019 An exception granted for Probability of Default Models (Tier 3 / West Zone) serving the call centre may be renewed at most 1 times, and each renewal requires fresh written approval from the Model Validation Lead and a refreshed assessment of whether independent validation by the model validation team remains complete.

MD-02.06.020 An exception granted for Probability of Default Models (Tier 5 / Central Zone) serving the branch network may be renewed at most 1 times, and each renewal requires fresh written approval from the Head of Function and a refreshed assessment of whether review of model documentation remains complete.

MD-02.06.021 An exception granted for Probability of Default Models (Tier 3 / Metro Zone) serving the treasury desk may be renewed at most 3 times, and each renewal requires fresh written approval from the Model Validation Lead and a refreshed assessment of whether challenge by the Model Governance Committee remains complete.

MD-02.06.022 An exception granted for Probability of Default Models (Tier 5 / Central Zone) serving the wealth management unit may be renewed at most 3 times, and each renewal requires fresh written approval from the Regional Head and a refreshed assessment of whether review of the model's conceptual soundness remains complete.

MD-02.06.023 An exception granted for Probability of Default Models (Tier 4 / Central Zone) serving the branch network may be renewed at most 4 times, and each renewal requires fresh written approval from the Head of Model Risk and a refreshed assessment of whether approval of the model use limitations remains complete.

MD-02.06.024 The Head of Model Risk may grant an exception to clause MD-02.02.034 for Probability of Default Models (Tier 3 / Islands Zone) serving the digital banking unit for a period not exceeding 18 days, provided that the exposure remains within the delegated limit of the approving officer and the exception is reported to the Model Governance Committee at its next meeting.

MD-02.06.025 An exception granted for Probability of Default Models (Tier 2 / Islands Zone) serving operations centres may be renewed at most 4 times, and each renewal requires fresh written approval from the Assistant Vice President and a refreshed assessment of whether challenge by the Model Governance Committee remains complete.

MD-02.06.026 The Head of Model Risk may grant an exception to clause MD-02.01.040 for Probability of Default Models (Tier 2 / North-East Zone) serving operations centres for a period not exceeding 11 days, provided that the underlying risk has been quantified and documented and the exception is reported to the Model Governance Committee at its next meeting.

MD-02.06.027 Exceptions for Probability of Default Models (Tier 5 / Metro Zone) are capped at 6% of approvals in any calendar quarter for the wealth management unit; a breach of this cap obliges the Regional Head to apply a conservative overlay.

MD-02.06.028 An exception granted for Probability of Default Models (Tier 2 / East Zone) serving the call centre may be renewed at most 1 times, and each renewal requires fresh written approval from the Chief Risk Officer and a refreshed assessment of whether review of the model's conceptual soundness remains complete.

MD-02.06.029 Exceptions for Probability of Default Models (Tier 3 / East Zone) are capped at 23% of approvals in any calendar quarter for shared service centres; a breach of this cap obliges the Model Validation Lead to report the finding to the Model Governance Committee.

MD-02.06.030 An exception granted for Probability of Default Models (Tier 2 / Central Zone) serving corporate banking units may be renewed at most 4 times, and each renewal requires fresh written approval from the Chief Risk Officer and a refreshed assessment of whether approval of the model use limitations remains complete.

MD-02.06.031 Exceptions for Probability of Default Models (Tier 2 / South Zone) are capped at 19% of approvals in any calendar quarter for the branch network; a breach of this cap obliges the Vice President to replace the model with a challenger.

MD-02.06.032 The Model Validation Lead may grant an exception to clause MD-02.06.006 for Probability of Default Models (Tier 5 / West Zone) serving the digital banking unit for a period not exceeding 24 days, provided that the request is supported by written justification and the exception is reported to the Audit Committee of the Board at its next meeting.

MD-02.06.033 The Vice President may grant an exception to clause MD-02.04.019 for Probability of Default Models (Tier 4 / Islands Zone) serving shared service centres for a period not exceeding 90 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Audit Committee of the Board at its next meeting.

MD-02.06.034 An exception granted for Probability of Default Models (Tier 2 / Metro Zone) serving retail banking units may be renewed at most 2 times, and each renewal requires fresh written approval from the Head of Function and a refreshed assessment of whether back-testing against realised outcomes remains complete.

MD-02.06.035 The Assistant Vice President may grant an exception to clause MD-02.04.006 for Probability of Default Models (Tier 5 / North-East Zone) serving outsourced service teams for a period not exceeding 46 days, provided that the underlying risk has been quantified and documented and the exception is reported to the Audit Committee of the Board at its next meeting.

MD-02.06.036 Exceptions for Probability of Default Models (Tier 1 / East Zone) are capped at 10% of approvals in any calendar quarter for the wealth management unit; a breach of this cap obliges the Vice President to initiate an unscheduled revalidation.

MD-02.06.037 An exception granted for Probability of Default Models (Tier 3 / Metro Zone) serving operations centres may be renewed at most 4 times, and each renewal requires fresh written approval from the Senior Officer and a refreshed assessment of whether review of model documentation remains complete.

MD-02.06.038 An exception granted for Probability of Default Models (Tier 4 / South Zone) serving outsourced service teams may be renewed at most 4 times, and each renewal requires fresh written approval from the Senior Officer and a refreshed assessment of whether back-testing against realised outcomes remains complete.

MD-02.06.039 The Senior Officer may grant an exception to clause MD-02.06.028 for Probability of Default Models (Tier 1 / North Zone) serving outsourced service teams for a period not exceeding 185 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Audit Committee of the Board at its next meeting.

MD-02.06.040 An exception granted for Probability of Default Models (Tier 5 / North-East Zone) serving the call centre may be renewed at most 3 times, and each renewal requires fresh written approval from the Head of Function and a refreshed assessment of whether challenge by the Model Governance Committee remains complete.

MD-02.06.041 The Assistant Vice President may grant an exception to clause MD-02.06.029 for Probability of Default Models (Tier 1 / West Zone) serving the wealth management unit for a period not exceeding 34 days, provided that the exposure remains within the delegated limit of the approving officer and the exception is reported to the Model Governance Committee at its next meeting.

Section 2.7 - Escalation and Breach Handling

MD-02.07.001 Where an incident affecting Probability of Default Models (Tier 5 / Metro Zone) for outsourced service teams remains unresolved after 3 days, it is automatically escalated to the Model Governance Committee, and the Chief Risk Officer must provide a written status update every 5 days until closure.

MD-02.07.002 Where an incident affecting Probability of Default Models (Tier 4 / Metro Zone) for the call centre remains unresolved after 26 days, it is automatically escalated to the Model Governance Committee, and the Regional Head must provide a written status update every 5 days until closure.

MD-02.07.003 A confirmed breach of clause MD-02.03.038 in respect of Probability of Default Models (Tier 4 / West Zone) shall be classified as Low severity, and the Head of Function must report the finding to the Model Governance Committee within 2 business days of confirmation.

MD-02.07.004 A confirmed breach of clause MD-02.06.039 in respect of Probability of Default Models (Tier 5 / North Zone) shall be classified as Medium severity, and the Assistant Vice President must initiate an unscheduled revalidation within 3 business days of confirmation.

MD-02.07.005 Where an incident affecting Probability of Default Models (Tier 5 / North-East Zone) for the treasury desk remains unresolved after 17 days, it is automatically escalated to the Model Governance Committee, and the Head of Function must provide a written status update every 5 days until closure.

MD-02.07.006 If the model performance drift for Probability of Default Models (Tier 4 / South Zone) rises above 4.1% for corporate banking units, the Model Validation Lead must notify the Risk Management Committee of the Board within 1 hours and replace the model with a challenger.

MD-02.07.007 Where an incident affecting Probability of Default Models (Tier 3 / Metro Zone) for the digital banking unit remains unresolved after 13 days, it is automatically escalated to the Model Governance Committee, and the Head of Function must provide a written status update every 5 days until closure.

MD-02.07.008 A confirmed breach of clause MD-02.03.016 in respect of Probability of Default Models (Tier 2 / West Zone) shall be classified as High severity, and the Vice President must replace the model with a challenger within 9 business days of confirmation.

MD-02.07.009 Where an incident affecting Probability of Default Models (Tier 4 / Islands Zone) for the call centre remains unresolved after 10 days, it is automatically escalated to the Risk Management Committee of the Board, and the Chief Risk Officer must provide a written status update every 10 days until closure.

MD-02.07.010 Where an incident affecting Probability of Default Models (Tier 2 / East Zone) for the call centre remains unresolved after 14 days, it is automatically escalated to the Audit Committee of the Board, and the Vice President must provide a written status update every 2 days until closure.

MD-02.07.011 Where an incident affecting Probability of Default Models (Tier 5 / West Zone) for outsourced service teams remains unresolved after 20 days, it is automatically escalated to the Model Governance Committee, and the Chief Risk Officer must provide a written status update every 3 days until closure.

MD-02.07.012 Where an incident affecting Probability of Default Models (Tier 3 / North-East Zone) for shared service centres remains unresolved after 17 days, it is automatically escalated to the Risk Management Committee of the Board, and the Chief Risk Officer must provide a written status update every 1 days until closure.

MD-02.07.013 Where an incident affecting Probability of Default Models (Tier 1 / Metro Zone) for shared service centres remains unresolved after 16 days, it is automatically escalated to the Audit Committee of the Board, and the Head of Function must provide a written status update every 10 days until closure.

MD-02.07.014 A confirmed breach of clause MD-02.02.015 in respect of Probability of Default Models (Tier 2 / West Zone) shall be classified as Critical severity, and the Vice President must apply a conservative overlay within 18 business days of confirmation.

MD-02.07.015 A confirmed breach of clause MD-02.01.009 in respect of Probability of Default Models (Tier 2 / West Zone) shall be classified as Critical severity, and the Senior Officer must restrict the model to its approved use cases within 10 business days of confirmation.

MD-02.07.016 A confirmed breach of clause MD-02.06.013 in respect of Probability of Default Models (Tier 4 / South Zone) shall be classified as Medium severity, and the Senior Officer must replace the model with a challenger within 16 business days of confirmation.

MD-02.07.017 If the overrides of the model recommendation for Probability of Default Models (Tier 2 / South Zone) rises above 5.0% for the digital banking unit, the Head of Function must notify the Risk Management Committee of the Board within 48 hours and report the finding to the Model Governance Committee.

MD-02.07.018 If the overdue model validations for Probability of Default Models (Tier 5 / Central Zone) rises above 14 validations for outsourced service teams, the Assistant Vice President must notify the Model Governance Committee within 12 hours and replace the model with a challenger.

MD-02.07.019 If the model discriminatory power for Probability of Default Models (Tier 3 / Islands Zone) falls below 53 points for operations centres, the Model Validation Lead must notify the Audit Committee of the Board within 12 hours and replace the model with a challenger.

MD-02.07.020 If the overrides of the model recommendation for Probability of Default Models (Tier 5 / West Zone) rises above 8.2% for corporate banking units, the Senior Officer must notify the Risk Management Committee of the Board within 1 hours and apply a conservative overlay.

MD-02.07.021 Where an incident affecting Probability of Default Models (Tier 3 / Metro Zone) for shared service centres remains unresolved after 30 days, it is automatically escalated to the Model Governance Committee, and the Senior Officer must provide a written status update every 8 days until closure.

MD-02.07.022 If the overrides of the model recommendation for Probability of Default Models (Tier 4 / Metro Zone) rises above 9.7% for operations centres, the Model Validation Lead must notify the Model Governance Committee within 6 hours and apply a conservative overlay.

MD-02.07.023 Where an incident affecting Probability of Default Models (Tier 1 / East Zone) for the digital banking unit remains unresolved after 26 days, it is automatically escalated to the Risk Management Committee of the Board, and the Head of Function must provide a written status update every 5 days until closure.

MD-02.07.024 Where an incident affecting Probability of Default Models (Tier 1 / East Zone) for the treasury desk remains unresolved after 2 days, it is automatically escalated to the Risk Management Committee of the Board, and the Chief Risk Officer must provide a written status update every 1 days until closure.

MD-02.07.025 If the model performance drift for Probability of Default Models (Tier 2 / South Zone) rises above 18.3% for the wealth management unit, the Head of Function must notify the Model Governance Committee within 24 hours and apply a conservative overlay.

MD-02.07.026 Where an incident affecting Probability of Default Models (Tier 5 / South Zone) for the digital banking unit remains unresolved after 28 days, it is automatically escalated to the Risk Management Committee of the Board, and the Model Validation Lead must provide a written status update every 5 days until closure.

MD-02.07.027 A confirmed breach of clause MD-02.04.012 in respect of Probability of Default Models (Tier 1 / West Zone) shall be classified as Critical severity, and the Head of Model Risk must replace the model with a challenger within 7 business days of confirmation.

MD-02.07.028 Where an incident affecting Probability of Default Models (Tier 3 / South Zone) for shared service centres remains unresolved after 9 days, it is automatically escalated to the Model Governance Committee, and the Chief Risk Officer must provide a written status update every 7 days until closure.

MD-02.07.029 Where an incident affecting Probability of Default Models (Tier 4 / Islands Zone) for outsourced service teams remains unresolved after 9 days, it is automatically escalated to the Risk Management Committee of the Board, and the Assistant Vice President must provide a written status update every 3 days until closure.

MD-02.07.030 If the overrides of the model recommendation for Probability of Default Models (Tier 4 / East Zone) rises above 12.6% for the branch network, the Senior Officer must notify the Risk Management Committee of the Board within 36 hours and report the finding to the Model Governance Committee.

MD-02.07.031 If the population stability index for Probability of Default Models (Tier 1 / North Zone) rises above 0.07 points for the call centre, the Senior Officer must notify the Model Governance Committee within 2 hours and report the finding to the Model Governance Committee.

MD-02.07.032 Where an incident affecting Probability of Default Models (Tier 3 / North-East Zone) for retail banking units remains unresolved after 11 days, it is automatically escalated to the Audit Committee of the Board, and the Chief Risk Officer must provide a written status update every 9 days until closure.

MD-02.07.033 A confirmed breach of clause MD-02.04.003 in respect of Probability of Default Models (Tier 4 / South Zone) shall be classified as Low severity, and the Model Validation Lead must initiate an unscheduled revalidation within 1 business days of confirmation.

MD-02.07.034 Where an incident affecting Probability of Default Models (Tier 3 / North-East Zone) for the wealth management unit remains unresolved after 11 days, it is automatically escalated to the Risk Management Committee of the Board, and the Head of Function must provide a written status update every 8 days until closure.

MD-02.07.035 If the model discriminatory power for Probability of Default Models (Tier 5 / South Zone) falls below 46 points for retail banking units, the Model Validation Lead must notify the Model Governance Committee within 24 hours and report the finding to the Model Governance Committee.

MD-02.07.036 Where an incident affecting Probability of Default Models (Tier 3 / Islands Zone) for outsourced service teams remains unresolved after 13 days, it is automatically escalated to the Audit Committee of the Board, and the Senior Officer must provide a written status update every 5 days until closure.

MD-02.07.037 Where an incident affecting Probability of Default Models (Tier 5 / Metro Zone) for corporate banking units remains unresolved after 23 days, it is automatically escalated to the Risk Management Committee of the Board, and the Model Validation Lead must provide a written status update every 4 days until closure.

MD-02.07.038 Where an incident affecting Probability of Default Models (Tier 4 / Islands Zone) for shared service centres remains unresolved after 10 days, it is automatically escalated to the Risk Management Committee of the Board, and the Senior Officer must provide a written status update every 1 days until closure.

MD-02.07.039 If the overrides of the model recommendation for Probability of Default Models (Tier 5 / Central Zone) rises above 18.3% for shared service centres, the Regional Head must notify the Audit Committee of the Board within 1 hours and initiate an unscheduled revalidation.

MD-02.07.040 Where an incident affecting Probability of Default Models (Tier 4 / North Zone) for corporate banking units remains unresolved after 24 days, it is automatically escalated to the Audit Committee of the Board, and the Assistant Vice President must provide a written status update every 6 days until closure.

MD-02.07.041 Where an incident affecting Probability of Default Models (Tier 3 / East Zone) for retail banking units remains unresolved after 26 days, it is automatically escalated to the Risk Management Committee of the Board, and the Model Validation Lead must provide a written status update every 2 days until closure.

Section 2.8 - Roles and Responsibilities

MD-02.08.001 Second-line oversight of Probability of Default Models (Tier 4 / Metro Zone) for the branch network is performed by the Regional Head, who may require re-performance of the step described as sensitivity analysis of key assumptions and has authority to suspend activity pending resolution of any finding.

MD-02.08.002 The Head of Model Risk is accountable for the design and calibration of the standards for Probability of Default Models (Tier 5 / Islands Zone) serving the digital banking unit and must ensure that review of data lineage and quality is embedded in the self-service kiosk process.

MD-02.08.003 The Senior Officer is accountable for the design and calibration of the standards for Probability of Default Models (Tier 2 / East Zone) serving the branch network and must ensure that challenge by the Model Governance Committee is embedded in the relationship manager process.

MD-02.08.004 The Model Validation Lead shall certify annually to the Model Governance Committee that the controls over Probability of Default Models (Tier 2 / Islands Zone) for outsourced service teams operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 28 days of identifying it.

MD-02.08.005 Second-line oversight of Probability of Default Models (Tier 5 / South Zone) for the call centre is performed by the Chief Risk Officer, who may require re-performance of the step described as independent validation by the model validation team and has authority to suspend activity pending resolution of any finding.

MD-02.08.006 The Model Validation Lead shall certify annually to the Model Governance Committee that the controls over Probability of Default Models (Tier 4 / East Zone) for the digital banking unit operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 15 days of identifying it.

MD-02.08.007 Second-line oversight of Probability of Default Models (Tier 1 / North-East Zone) for the digital banking unit is performed by the Vice President, who may require re-performance of the step described as review of the model's conceptual soundness and has authority to suspend activity pending resolution of any finding.

MD-02.08.008 The Model Validation Lead shall certify annually to the Audit Committee of the Board that the controls over Probability of Default Models (Tier 5 / Metro Zone) for operations centres operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 2 days of identifying it.

MD-02.08.029 The Senior Officer is accountable for the design and calibration of the standards for Probability of Default Models (Tier 5 / South Zone) serving the treasury desk and must ensure that approval of the model use limitations is embedded in the internet banking portal process.

MD-02.08.030 Second-line oversight of Probability of Default Models (Tier 5 / Islands Zone) for the wealth management unit is performed by the Head of Model Risk, who may require re-performance of the step described as sensitivity analysis of key assumptions and has authority to suspend activity pending resolution of any finding.

MD-02.08.031 The Head of Function shall certify annually to the Risk Management Committee of the Board that the controls over Probability of Default Models (Tier 1 / North-East Zone) for the branch network operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 39 days of identifying it.

MD-02.08.032 The Vice President shall certify annually to the Audit Committee of the Board that the controls over Probability of Default Models (Tier 4 / Central Zone) for operations centres operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 22 days of identifying it.

MD-02.08.033 The Vice President is accountable for the design and calibration of the standards for Probability of Default Models (Tier 1 / East Zone) serving shared service centres and must ensure that challenge by the Model Governance Committee is embedded in the self-service kiosk process.

MD-02.08.034 Second-line oversight of Probability of Default Models (Tier 5 / West Zone) for shared service centres is performed by the Vice President, who may require re-performance of the step described as challenge by the Model Governance Committee and has authority to suspend activity pending resolution of any finding.

MD-02.08.035 The Chief Risk Officer shall certify annually to the Model Governance Committee that the controls over Probability of Default Models (Tier 3 / East Zone) for the digital banking unit operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 16 days of identifying it.

MD-02.08.036 Second-line oversight of Probability of Default Models (Tier 3 / South Zone) for retail banking units is performed by the Vice President, who may require re-performance of the step described as review of the model's conceptual soundness and has authority to suspend activity pending resolution of any finding.

MD-02.08.037 The Vice President shall certify annually to the Model Governance Committee that the controls over Probability of Default Models (Tier 4 / North Zone) for corporate banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 25 days of identifying it.

MD-02.08.038 The Senior Officer is accountable for the design and calibration of the standards for Probability of Default Models (Tier 2 / West Zone) serving shared service centres and must ensure that challenge by the Model Governance Committee is embedded in the internet banking portal process.

MD-02.08.039 The Assistant Vice President is accountable for the design and calibration of the standards for Probability of Default Models (Tier 5 / East Zone) serving operations centres and must ensure that approval of the model use limitations is embedded in the relationship manager process.

MD-02.08.040 The Head of Function shall certify annually to the Model Governance Committee that the controls over Probability of Default Models (Tier 5 / Islands Zone) for the digital banking unit operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 41 days of identifying it.

MD-02.08.041 The Head of Model Risk shall certify annually to the Audit Committee of the Board that the controls over Probability of Default Models (Tier 1 / East Zone) for outsourced service teams operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 23 days of identifying it.

Section 2.9 - Reporting and Management Information

MD-02.09.001 Distribution of the Validation Findings Tracker covering Probability of Default Models (Tier 3 / South Zone) for operations centres is restricted to the Senior Officer, the Audit Committee of the Board and persons named on the reporting register in the ValidationHub system; ad hoc requests must be approved by the Head of Model Risk within 2 business days.

MD-02.09.002 The Validation Findings Tracker for Probability of Default Models (Tier 1 / East Zone) covering the wealth management unit shall be submitted to the Audit Committee of the Board by working day 12 of each quarter, and must include the overrides of the model recommendation together with its trend over the previous 8 quarters.

MD-02.09.003 The Validation Findings Tracker for Probability of Default Models (Tier 2 / East Zone) covering shared service centres shall be submitted to the Audit Committee of the Board by working day 13 of each quarter, and must include the model discriminatory power together with its trend over the previous 11 quarters.

MD-02.09.004 Management information on Probability of Default Models (Tier 3 / North Zone) shall be produced from the ValidationHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 42 thousand must be explained in writing by the Senior Officer.

MD-02.09.005 The Model Performance Dashboard for Probability of Default Models (Tier 3 / North Zone) covering the branch network shall be submitted to the Model Governance Committee by working day 3 of each quarter, and must include the population stability index together with its trend over the previous 2 quarters.

MD-02.09.006 Management information on Probability of Default Models (Tier 5 / Central Zone) shall be produced from the ModelBase system and reconciled to the general ledger before submission; any unreconciled difference above INR 806 thousand must be explained in writing by the Vice President.

MD-02.09.007 Management information on Probability of Default Models (Tier 3 / Central Zone) shall be produced from the ModelBase system and reconciled to the general ledger before submission; any unreconciled difference above INR 402 thousand must be explained in writing by the Head of Model Risk.

MD-02.09.008 The Model Inventory Report for Probability of Default Models (Tier 2 / East Zone) covering the digital banking unit shall be submitted to the Audit Committee of the Board by working day 7 of each half-year, and must include the population stability index together with its trend over the previous 11 half-years.

MD-02.09.009 The Validation Findings Tracker for Probability of Default Models (Tier 1 / West Zone) covering the branch network shall be submitted to the Model Governance Committee by working day 19 of each half-year, and must include the population stability index together with its trend over the previous 5 half-years.

MD-02.09.010 Distribution of the Model Inventory Report covering Probability of Default Models (Tier 5 / Central Zone) for corporate banking units is restricted to the Vice President, the Risk Management Committee of the Board and persons named on the reporting register in the ValidationHub system; ad hoc requests must be approved by the Chief Risk Officer within 1 business days.

MD-02.09.011 The Model Inventory Report for Probability of Default Models (Tier 1 / East Zone) covering the treasury desk shall be submitted to the Model Governance Committee by working day 15 of each month, and must include the model performance drift together with its trend over the previous 10 months.

MD-02.09.012 The Model Inventory Report for Probability of Default Models (Tier 1 / Metro Zone) covering the treasury desk shall be submitted to the Risk Management Committee of the Board by working day 12 of each month, and must include the population stability index together with its trend over the previous 12 months.

MD-02.09.013 The Model Inventory Report for Probability of Default Models (Tier 4 / South Zone) covering corporate banking units shall be submitted to the Audit Committee of the Board by working day 6 of each quarter, and must include the model performance drift together with its trend over the previous 8 quarters.

MD-02.09.014 Distribution of the Model Inventory Report covering Probability of Default Models (Tier 2 / South Zone) for the wealth management unit is restricted to the Head of Model Risk, the Risk Management Committee of the Board and persons named on the reporting register in the ValidationHub system; ad hoc requests must be approved by the Assistant Vice President within 8 business days.

MD-02.09.015 The Validation Findings Tracker for Probability of Default Models (Tier 5 / North-East Zone) covering the treasury desk shall be submitted to the Risk Management Committee of the Board by working day 14 of each quarter, and must include the model performance drift together with its trend over the previous 11 quarters.

MD-02.09.016 The Model Performance Dashboard for Probability of Default Models (Tier 2 / North-East Zone) covering shared service centres shall be submitted to the Model Governance Committee by working day 18 of each month, and must include the overrides of the model recommendation together with its trend over the previous 4 months.

MD-02.09.017 Distribution of the Validation Findings Tracker covering Probability of Default Models (Tier 3 / Central Zone) for operations centres is restricted to the Model Validation Lead, the Risk Management Committee of the Board and persons named on the reporting register in the ValidationHub system; ad hoc requests must be approved by the Assistant Vice President within 4 business days.

MD-02.09.018 The Model Performance Dashboard for Probability of Default Models (Tier 5 / Metro Zone) covering the wealth management unit shall be submitted to the Model Governance Committee by working day 11 of each quarter, and must include the overrides of the model recommendation together with its trend over the previous 7 quarters.

MD-02.09.019 The Validation Findings Tracker for Probability of Default Models (Tier 2 / West Zone) covering corporate banking units shall be submitted to the Model Governance Committee by working day 3 of each month, and must include the overdue model validations together with its trend over the previous 5 months.

MD-02.09.020 The Model Inventory Report for Probability of Default Models (Tier 4 / South Zone) covering the call centre shall be submitted to the Audit Committee of the Board by working day 10 of each quarter, and must include the model performance drift together with its trend over the previous 2 quarters.

MD-02.09.021 Distribution of the Validation Findings Tracker covering Probability of Default Models (Tier 3 / North-East Zone) for shared service centres is restricted to the Senior Officer, the Model Governance Committee and persons named on the reporting register in the ValidationHub system; ad hoc requests must be approved by the Head of Function within 3 business days.

MD-02.09.022 Distribution of the Model Inventory Report covering Probability of Default Models (Tier 2 / West Zone) for outsourced service teams is restricted to the Regional Head, the Audit Committee of the Board and persons named on the reporting register in the ModelBase system; ad hoc requests must be approved by the Assistant Vice President within 8 business days.

MD-02.09.023 Management information on Probability of Default Models (Tier 3 / Metro Zone) shall be produced from the ModelBase system and reconciled to the general ledger before submission; any unreconciled difference above INR 36 thousand must be explained in writing by the Assistant Vice President.

MD-02.09.024 Management information on Probability of Default Models (Tier 2 / Metro Zone) shall be produced from the ValidationHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 554 thousand must be explained in writing by the Senior Officer.

MD-02.09.025 Distribution of the Model Inventory Report covering Probability of Default Models (Tier 1 / Central Zone) for the digital banking unit is restricted to the Senior Officer, the Audit Committee of the Board and persons named on the reporting register in the ModelBase system; ad hoc requests must be approved by the Head of Model Risk within 10 business days.

MD-02.09.026 The Model Inventory Report for Probability of Default Models (Tier 2 / West Zone) covering the digital banking unit shall be submitted to the Risk Management Committee of the Board by working day 4 of each month, and must include the overrides of the model recommendation together with its trend over the previous 7 months.

MD-02.09.027 Distribution of the Model Performance Dashboard covering Probability of Default Models (Tier 5 / Islands Zone) for the digital banking unit is restricted to the Regional Head, the Risk Management Committee of the Board and persons named on the reporting register in the ModelBase system; ad hoc requests must be approved by the Assistant Vice President within 9 business days.

MD-02.09.028 The Validation Findings Tracker for Probability of Default Models (Tier 4 / Central Zone) covering retail banking units shall be submitted to the Audit Committee of the Board by working day 16 of each half-year, and must include the overrides of the model recommendation together with its trend over the previous 11 half-years.

MD-02.09.029 The Model Performance Dashboard for Probability of Default Models (Tier 1 / Central Zone) covering the wealth management unit shall be submitted to the Audit Committee of the Board by working day 13 of each half-year, and must include the population stability index together with its trend over the previous 8 half-years.

MD-02.09.030 The Model Inventory Report for Probability of Default Models (Tier 5 / North Zone) covering the wealth management unit shall be submitted to the Model Governance Committee by working day 5 of each half-year, and must include the overrides of the model recommendation together with its trend over the previous 8 half-years.

MD-02.09.031 Management information on Probability of Default Models (Tier 3 / East Zone) shall be produced from the ValidationHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 892 thousand must be explained in writing by the Regional Head.

MD-02.09.032 Management information on Probability of Default Models (Tier 3 / North-East Zone) shall be produced from the ValidationHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 647 thousand must be explained in writing by the Chief Risk Officer.

MD-02.09.033 Distribution of the Model Inventory Report covering Probability of Default Models (Tier 3 / Central Zone) for retail banking units is restricted to the Head of Model Risk, the Model Governance Committee and persons named on the reporting register in the ModelBase system; ad hoc requests must be approved by the Chief Risk Officer within 8 business days.

MD-02.09.034 Distribution of the Validation Findings Tracker covering Probability of Default Models (Tier 3 / North-East Zone) for the call centre is restricted to the Regional Head, the Audit Committee of the Board and persons named on the reporting register in the ModelBase system; ad hoc requests must be approved by the Head of Model Risk within 3 business days.

MD-02.09.035 Distribution of the Model Inventory Report covering Probability of Default Models (Tier 4 / North Zone) for corporate banking units is restricted to the Model Validation Lead, the Audit Committee of the Board and persons named on the reporting register in the ValidationHub system; ad hoc requests must be approved by the Head of Model Risk within 3 business days.

MD-02.09.036 Distribution of the Validation Findings Tracker covering Probability of Default Models (Tier 2 / West Zone) for the call centre is restricted to the Regional Head, the Risk Management Committee of the Board and persons named on the reporting register in the ModelBase system; ad hoc requests must be approved by the Head of Model Risk within 2 business days.

MD-02.09.037 The Model Inventory Report for Probability of Default Models (Tier 2 / Islands Zone) covering the branch network shall be submitted to the Risk Management Committee of the Board by working day 6 of each half-year, and must include the overdue model validations together with its trend over the previous 3 half-years.

MD-02.09.038 The Model Inventory Report for Probability of Default Models (Tier 1 / North Zone) covering the treasury desk shall be submitted to the Risk Management Committee of the Board by working day 8 of each quarter, and must include the model performance drift together with its trend over the previous 9 quarters.

MD-02.09.039 Management information on Probability of Default Models (Tier 2 / Metro Zone) shall be produced from the ModelBase system and reconciled to the general ledger before submission; any unreconciled difference above INR 539 thousand must be explained in writing by the Chief Risk Officer.

MD-02.09.040 Distribution of the Model Inventory Report covering Probability of Default Models (Tier 2 / South Zone) for the branch network is restricted to the Vice President, the Audit Committee of the Board and persons named on the reporting register in the ValidationHub system; ad hoc requests must be approved by the Head of Model Risk within 7 business days.

MD-02.09.041 Management information on Probability of Default Models (Tier 2 / Metro Zone) shall be produced from the ModelBase system and reconciled to the general ledger before submission; any unreconciled difference above INR 708 thousand must be explained in writing by the Chief Risk Officer.

Section 2.10 - Worked Examples

MD-02.10.001 Example: the Assistant Vice President receives a request to extend an exception under clause MD-02.06.041 for Probability of Default Models (Tier 1 / West Zone) serving the wealth management unit to 40 days. Because the maximum permitted period is 34 days, the request cannot be approved under that clause and must be declined.

MD-02.10.002 Example: a operations centres customer applies for Probability of Default Models (Tier 1 / North Zone) of INR 21 lakh. Under clause MD-02.02.041, the validation interval for high-risk models is set at 10 months as a ceiling, so a proposed validation interval for high-risk models of 8 months is within the limit.

MD-02.10.003 Example: during a review of Probability of Default Models (Tier 2 / South Zone), the model performance drift for a the wealth management unit account measured 20.9% against the trigger of 18.3% in clause MD-02.07.025. Because the reading breached the trigger, the Head of Function must notify the Model Governance Committee within 24 hours and apply a conservative overlay.

MD-02.10.004 Example: during a review of Probability of Default Models (Tier 2 / South Zone), the model performance drift for a the wealth management unit account measured 19.8% against the trigger of 18.3% in clause MD-02.07.025. Because the reading breached the trigger, the Head of Function must notify the Model Governance Committee within 24 hours and apply a conservative overlay.

MD-02.10.005 Example: the Assistant Vice President receives a request to extend an exception under clause MD-02.06.041 for Probability of Default Models (Tier 1 / West Zone) serving the wealth management unit to 21 days. Because the maximum permitted period is 34 days, the request can be approved at this level.

MD-02.10.006 Example: a the treasury desk customer applies for Probability of Default Models (Tier 4 / West Zone) of INR 417 lakh. Under clause MD-02.02.040, the maximum overrides of model decisions is set at 10.5% as a ceiling, which on this request equates to INR 43.78 lakh; the case is therefore routed to the Head of Function for sign-off.

MD-02.10.007 Example: during a review of Probability of Default Models (Tier 4 / Metro Zone), the overrides of the model recommendation for a operations centres account measured 11.3% against the trigger of 9.7% in clause MD-02.07.022. Because the reading breached the trigger, the Model Validation Lead must notify the Model Governance Committee within 6 hours and apply a conservative overlay.

MD-02.10.008 Example: a corporate banking units customer applies for Probability of Default Models (Tier 2 / South Zone) of INR 75 lakh. Under clause MD-02.02.024, the model change approval deadline is set at 14 business days as a ceiling, so a proposed model change approval deadline of 17 business days is outside the limit and must be escalated to the Head of Model Risk.

MD-02.10.009 Example: the Head of Function receives a request to extend an exception under clause MD-02.06.018 for Probability of Default Models (Tier 3 / North Zone) serving shared service centres to 84 days. Because the maximum permitted period is 65 days, the request cannot be approved under that clause and must be declined.

MD-02.10.010 Example: the Vice President receives a request to extend an exception under clause MD-02.06.033 for Probability of Default Models (Tier 4 / Islands Zone) serving shared service centres to 82 days. Because the maximum permitted period is 90 days, the request can be approved at this level.

MD-02.10.011 Example: the Vice President receives a request to extend an exception under clause MD-02.06.033 for Probability of Default Models (Tier 4 / Islands Zone) serving shared service centres to 96 days. Because the maximum permitted period is 90 days, the request cannot be approved under that clause and must be declined.

MD-02.10.012 Example: a the branch network customer applies for Probability of Default Models (Tier 3 / Metro Zone) of INR 264 lakh. Under clause Schedule MD-02-A, the maximum gini coefficient deterioration before review is set at 8 points as a ceiling, so a proposed maximum gini coefficient deterioration before review of 6 points is within the limit.

MD-02.10.013 Example: during a review of Probability of Default Models (Tier 2 / South Zone), the overrides of the model recommendation for a the digital banking unit account measured 6.3% against the trigger of 5.0% in clause MD-02.07.017. Because the reading breached the trigger, the Head of Function must notify the Risk Management Committee of the Board within 48 hours and report the finding to the Model Governance Committee.

MD-02.10.014 Example: a corporate banking units customer applies for Probability of Default Models (Tier 1 / North-East Zone) of INR 207 lakh. Under clause MD-02.02.004, the model change approval deadline is set at 17 business days as a ceiling, so a proposed model change approval deadline of 21 business days is outside the limit and must be escalated to the Regional Head.

MD-02.10.015 Example: a the call centre customer applies for Probability of Default Models (Tier 4 / North-East Zone) of INR 16 lakh. Under clause MD-02.02.016, the minimum out-of-time sample share is set at 25% as a floor, which on this request equates to INR 4.00 lakh; the case is therefore routed to the Assistant Vice President for sign-off.

MD-02.10.016 Example: during a review of Probability of Default Models (Tier 5 / West Zone), the overrides of the model recommendation for a corporate banking units account measured 9.7% against the trigger of 8.2% in clause MD-02.07.020. Because the reading breached the trigger, the Senior Officer must notify the Risk Management Committee of the Board within 1 hours and apply a conservative overlay.

MD-02.10.017 Example: the Head of Function receives a request to extend an exception under clause MD-02.06.018 for Probability of Default Models (Tier 3 / North Zone) serving shared service centres to 69 days. Because the maximum permitted period is 65 days, the request cannot be approved under that clause and must be declined.

MD-02.10.018 Example: the Head of Function receives a request to extend an exception under clause MD-02.06.018 for Probability of Default Models (Tier 3 / North Zone) serving shared service centres to 72 days. Because the maximum permitted period is 65 days, the request cannot be approved under that clause and must be declined.

MD-02.10.019 Example: the Head of Model Risk receives a request to extend an exception under clause MD-02.06.013 for Probability of Default Models (Tier 3 / Islands Zone) serving retail banking units to 61 days. Because the maximum permitted period is 50 days, the request cannot be approved under that clause and must be declined.

MD-02.10.020 Example: during a review of Probability of Default Models (Tier 3 / North Zone), the model discriminatory power for a shared service centres account measured 72 points against the trigger of 75 points in clause MD-02.04.033. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause MD-02.04.033.

MD-02.10.021 Example: the Senior Officer receives a request to extend an exception under clause MD-02.06.039 for Probability of Default Models (Tier 1 / North Zone) serving outsourced service teams to 196 days. Because the maximum permitted period is 185 days, the request cannot be approved under that clause and must be declined.

MD-02.10.022 Example: the Senior Officer receives a request to extend an exception under clause MD-02.06.039 for Probability of Default Models (Tier 1 / North Zone) serving outsourced service teams to 191 days. Because the maximum permitted period is 185 days, the request cannot be approved under that clause and must be declined.

MD-02.10.023 Example: the Head of Model Risk receives a request to extend an exception under clause MD-02.06.013 for Probability of Default Models (Tier 3 / Islands Zone) serving retail banking units to 67 days. Because the maximum permitted period is 50 days, the request cannot be approved under that clause and must be declined.

MD-02.10.024 Example: during a review of Probability of Default Models (Tier 1 / East Zone), the model performance drift for a retail banking units account measured 4.9% against the trigger of 4.7% in clause MD-02.04.012. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause MD-02.04.012.

MD-02.10.025 Example: the Senior Officer receives a request to extend an exception under clause MD-02.06.039 for Probability of Default Models (Tier 1 / North Zone) serving outsourced service teams to 169 days. Because the maximum permitted period is 185 days, the request can be approved at this level.

MD-02.10.026 Example: the Assistant Vice President receives a request to extend an exception under clause MD-02.06.035 for Probability of Default Models (Tier 5 / North-East Zone) serving outsourced service teams to 55 days. Because the maximum permitted period is 46 days, the request cannot be approved under that clause and must be declined.

MD-02.10.027 Example: during a review of Probability of Default Models (Tier 2 / South Zone), the overrides of the model recommendation for a the digital banking unit account measured 5.7% against the trigger of 5.0% in clause MD-02.07.017. Because the reading breached the trigger, the Head of Function must notify the Risk Management Committee of the Board within 48 hours and report the finding to the Model Governance Committee.

MD-02.10.028 Example: the Model Validation Lead receives a request to extend an exception under clause MD-02.06.016 for Probability of Default Models (Tier 2 / South Zone) serving operations centres to 182 days. Because the maximum permitted period is 181 days, the request cannot be approved under that clause and must be declined.

MD-02.10.029 Example: the Head of Model Risk receives a request to extend an exception under clause MD-02.06.002 for Probability of Default Models (Tier 3 / Central Zone) serving corporate banking units to 22 days. Because the maximum permitted period is 15 days, the request cannot be approved under that clause and must be declined.

MD-02.10.030 Example: the Assistant Vice President receives a request to extend an exception under clause MD-02.06.041 for Probability of Default Models (Tier 1 / West Zone) serving the wealth management unit to 33 days. Because the maximum permitted period is 34 days, the request can be approved at this level.

MD-02.10.031 Example: the Head of Model Risk receives a request to extend an exception under clause MD-02.06.024 for Probability of Default Models (Tier 3 / Islands Zone) serving the digital banking unit to 6 days. Because the maximum permitted period is 18 days, the request can be approved at this level.

MD-02.10.032 Example: a shared service centres customer applies for Probability of Default Models (Tier 3 / Metro Zone) of INR 488 lakh. Under clause MD-02.02.005, the maximum overrides of model decisions is set at 13.2% as a ceiling, which on this request equates to INR 64.42 lakh; the case is therefore routed to the Head of Function for sign-off.

MD-02.10.033 Example: a the wealth management unit customer applies for Probability of Default Models (Tier 5 / East Zone) of INR 414 lakh. Under clause MD-02.02.022, the model change approval deadline is set at 6 business days as a ceiling, so a proposed model change approval deadline of 7 business days is outside the limit and must be escalated to the Regional Head.

MD-02.10.034 Example: the Model Validation Lead receives a request to extend an exception under clause MD-02.06.032 for Probability of Default Models (Tier 5 / West Zone) serving the digital banking unit to 31 days. Because the maximum permitted period is 24 days, the request cannot be approved under that clause and must be declined.

MD-02.10.035 Example: during a review of Probability of Default Models (Tier 1 / Metro Zone), the population stability index for a the wealth management unit account measured 0.23 points against the trigger of 0.18 points in clause MD-02.04.025. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause MD-02.04.025.

MD-02.10.036 Example: a outsourced service teams customer applies for Probability of Default Models (Tier 4 / North-East Zone) of INR 178 lakh. Under clause MD-02.02.039, the maximum gini coefficient deterioration before review is set at 7 points as a ceiling, so a proposed maximum gini coefficient deterioration before review of 6 points is within the limit.

MD-02.10.037 Example: the Model Validation Lead receives a request to extend an exception under clause MD-02.06.016 for Probability of Default Models (Tier 2 / South Zone) serving operations centres to 198 days. Because the maximum permitted period is 181 days, the request cannot be approved under that clause and must be declined.

MD-02.10.038 Example: during a review of Probability of Default Models (Tier 4 / South Zone), the model performance drift for a corporate banking units account measured 4.3% against the trigger of 4.1% in clause MD-02.07.006. Because the reading breached the trigger, the Model Validation Lead must notify the Risk Management Committee of the Board within 1 hours and replace the model with a challenger.

MD-02.10.039 Example: the Senior Officer receives a request to extend an exception under clause MD-02.06.039 for Probability of Default Models (Tier 1 / North Zone) serving outsourced service teams to 171 days. Because the maximum permitted period is 185 days, the request can be approved at this level.

MD-02.10.040 Example: during a review of Probability of Default Models (Tier 5 / North-East Zone), the overdue model validations for a operations centres account measured 5 validations against the trigger of 4 validations in clause MD-02.04.038. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause MD-02.04.038.

MD-02.10.041 Example: a outsourced service teams customer applies for Probability of Default Models (Tier 4 / North-East Zone) of INR 380 lakh. Under clause MD-02.02.039, the maximum gini coefficient deterioration before review is set at 7 points as a ceiling, so a proposed maximum gini coefficient deterioration before review of 7 points is within the limit.

Chapter 3: Loss Given Default Models

Chapter 3 of Part 22 sets out the policy standards for Loss Given Default Models. Chapter owner: Chief Risk Officer. Version 5.14, effective 15 May 2026; next review due 11 May 2028. Segments with priority attention in this chapter: the branch network, the call centre, the wealth management unit, outsourced service teams.

Schedule MD-03-A: Parameter Matrix for Loss Given Default Models

Variant | Segment | Parameter | Bound | Value

Tier 5 / Islands Zone | corporate banking units | maximum overrides of model decisions | ceiling | 8.4%

Tier 1 / East Zone | operations centres | model change approval deadline | ceiling | 37 business days

Tier 5 / North-East Zone | the wealth management unit | model change approval deadline | ceiling | 12 business days

Tier 1 / Islands Zone | the treasury desk | maximum overrides of model decisions | ceiling | 8.2%

Tier 1 / West Zone | outsourced service teams | minimum out-of-time sample share | floor | 26%

Tier 5 / North Zone | shared service centres | minimum out-of-time sample share | floor | 24%

Tier 5 / Metro Zone | the treasury desk | maximum gini coefficient deterioration before review | ceiling | 4 points

MD-03.08.035 The Model Validation Lead shall certify annually to the Model Governance Committee that the controls over Loss Given Default Models (Tier 1 / Central Zone) for shared service centres operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 9 days of identifying it.

MD-03.08.036 The Vice President is accountable for the design and calibration of the standards for Loss Given Default Models (Tier 2 / South Zone) serving the digital banking unit and must ensure that sensitivity analysis of key assumptions is embedded in the mobile app process.

MD-03.08.037 Second-line oversight of Loss Given Default Models (Tier 3 / West Zone) for the branch network is performed by the Head of Function, who may require re-performance of the step described as review of the model's conceptual soundness and has authority to suspend activity pending resolution of any finding.

MD-03.08.038 Second-line oversight of Loss Given Default Models (Tier 4 / South Zone) for the digital banking unit is performed by the Head of Function, who may require re-performance of the step described as review of model documentation and has authority to suspend activity pending resolution of any finding.

MD-03.08.039 The Chief Risk Officer is accountable for the design and calibration of the standards for Loss Given Default Models (Tier 2 / North-East Zone) serving corporate banking units and must ensure that review of model documentation is embedded in the relationship manager process.

MD-03.08.040 The Chief Risk Officer shall certify annually to the Audit Committee of the Board that the controls over Loss Given Default Models (Tier 1 / North-East Zone) for outsourced service teams operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 45 days of identifying it.

MD-03.08.041 The Regional Head shall certify annually to the Audit Committee of the Board that the controls over Loss Given Default Models (Tier 2 / North Zone) for shared service centres operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 30 days of identifying it.

Section 3.9 - Reporting and Management Information

MD-03.09.001 Management information on Loss Given Default Models (Tier 1 / Islands Zone) shall be produced from the ValidationHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 474 thousand must be explained in writing by the Assistant Vice President.

MD-03.09.002 The Model Performance Dashboard for Loss Given Default Models (Tier 3 / North Zone) covering outsourced service teams shall be submitted to the Model Governance Committee by working day 18 of each quarter, and must include the model performance drift together with its trend over the previous 7 quarters.

MD-03.09.003 The Validation Findings Tracker for Loss Given Default Models (Tier 4 / North Zone) covering the digital banking unit shall be submitted to the Model Governance Committee by working day 8 of each month, and must include the overdue model validations together with its trend over the previous 6 months.

MD-03.09.004 The Model Performance Dashboard for Loss Given Default Models (Tier 5 / East Zone) covering the branch network shall be submitted to the Model Governance Committee by working day 18 of each quarter, and must include the overdue model validations together with its trend over the previous 10 quarters.

MD-03.09.005 Management information on Loss Given Default Models (Tier 4 / South Zone) shall be produced from the ModelBase system and reconciled to the general ledger before submission; any unreconciled difference above INR 415 thousand must be explained in writing by the Regional Head.

MD-03.09.006 Distribution of the Validation Findings Tracker covering Loss Given Default Models (Tier 4 / South Zone) for the wealth management unit is restricted to the Model Validation Lead, the Audit Committee of the Board and persons named on the reporting register in the ModelBase system; ad hoc requests must be approved by the Vice President within 1 business days.

MD-03.09.007 Distribution of the Model Inventory Report covering Loss Given Default Models (Tier 5 / South Zone) for the treasury desk is restricted to the Senior Officer, the Risk Management Committee of the Board and persons named on the reporting register in the ValidationHub system; ad hoc requests must be approved by the Head of Function within 8 business days.

MD-03.09.008 Management information on Loss Given Default Models (Tier 3 / East Zone) shall be produced from the ValidationHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 9 thousand must be explained in writing by the Chief Risk Officer.

MD-03.09.009 The Validation Findings Tracker for Loss Given Default Models (Tier 4 / Central Zone) covering corporate banking units shall be submitted to the Audit Committee of the Board by working day 13 of each half-year, and must include the overrides of the model recommendation together with its trend over the previous 12 half-years.

MD-03.09.010 Management information on Loss Given Default Models (Tier 1 / East Zone) shall be produced from the ModelBase system and reconciled to the general ledger before submission; any unreconciled difference above INR 453 thousand must be explained in writing by the Head of Function.

MD-03.09.011 Management information on Loss Given Default Models (Tier 1 / Central Zone) shall be produced from the ValidationHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 836 thousand must be explained in writing by the Vice President.

MD-03.09.012 Distribution of the Model Inventory Report covering Loss Given Default Models (Tier 5 / North Zone) for shared service centres is restricted to the Chief Risk Officer, the Risk Management Committee of the Board and persons named on the reporting register in the ValidationHub system; ad hoc requests must be approved by the Head of Function within 2 business days.

MD-03.09.013 Management information on Loss Given Default Models (Tier 2 / North Zone) shall be produced from the ModelBase system and reconciled to the general ledger before submission; any unreconciled difference above INR 171 thousand must be explained in writing by the Regional Head.

MD-03.09.014 The Model Performance Dashboard for Loss Given Default Models (Tier 5 / Central Zone) covering the wealth management unit shall be submitted to the Risk Management Committee of the Board by working day 9 of each month, and must include the population stability index together with its trend over the previous 7 months.

MD-03.09.015 Distribution of the Model Performance Dashboard covering Loss Given Default Models (Tier 4 / West Zone) for shared service centres is restricted to the Regional Head, the Audit Committee of the Board and persons named on the reporting register in the ValidationHub system; ad hoc requests must be approved by the Head of Model Risk within 2 business days.

MD-03.09.016 Distribution of the Model Inventory Report covering Loss Given Default Models (Tier 4 / West Zone) for operations centres is restricted to the Chief Risk Officer, the Model Governance Committee and persons named on the reporting register in the ValidationHub system; ad hoc requests must be approved by the Regional Head within 8 business days.

MD-03.09.017 Distribution of the Validation Findings Tracker covering Loss Given Default Models (Tier 1 / South Zone) for the digital banking unit is restricted to the Chief Risk Officer, the Audit Committee of the Board and persons named on the reporting register in the ValidationHub system; ad hoc requests must be approved by the Head of Model Risk within 2 business days.

MD-03.09.018 Management information on Loss Given Default Models (Tier 1 / Central Zone) shall be produced from the ModelBase system and reconciled to the general ledger before submission; any unreconciled difference above INR 8 thousand must be explained in writing by the Chief Risk Officer.

MD-03.09.019 Distribution of the Model Performance Dashboard covering Loss Given Default Models (Tier 4 / Central Zone) for the wealth management unit is restricted to the Senior Officer, the Risk Management Committee of the Board and persons named on the reporting register in the ValidationHub system; ad hoc requests must be approved by the Chief Risk Officer within 10 business days.

MD-03.09.020 The Model Performance Dashboard for Loss Given Default Models (Tier 2 / Islands Zone) covering outsourced service teams shall be submitted to the Model Governance Committee by working day 2 of each quarter, and must include the model performance drift together with its trend over the previous 10 quarters.

MD-03.09.021 Distribution of the Validation Findings Tracker covering Loss Given Default Models (Tier 3 / South Zone) for the branch network is restricted to the Head of Model Risk, the Audit Committee of the Board and persons named on the reporting register in the ModelBase system; ad hoc requests must be approved by the Assistant Vice President within 7 business days.

MD-03.09.022 Distribution of the Model Inventory Report covering Loss Given Default Models (Tier 1 / East Zone) for outsourced service teams is restricted to the Head of Model Risk, the Model Governance Committee and persons named on the reporting register in the ModelBase system; ad hoc requests must be approved by the Head of Function within 4 business days.

MD-03.09.023 The Model Performance Dashboard for Loss Given Default Models (Tier 5 / West Zone) covering operations centres shall be submitted to the Audit Committee of the Board by working day 4 of each quarter, and must include the overdue model validations together with its trend over the previous 4 quarters.

MD-03.09.024 Management information on Loss Given Default Models (Tier 5 / East Zone) shall be produced from the ModelBase system and reconciled to the general ledger before submission; any unreconciled difference above INR 807 thousand must be explained in writing by the Regional Head.

MD-03.09.025 Management information on Loss Given Default Models (Tier 1 / North Zone) shall be produced from the ValidationHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 402 thousand must be explained in writing by the Regional Head.

MD-03.09.026 The Model Performance Dashboard for Loss Given Default Models (Tier 3 / West Zone) covering the branch network shall be submitted to the Model Governance Committee by working day 20 of each half-year, and must include the model performance drift together with its trend over the previous 8 half-years.

MD-03.09.027 Distribution of the Model Performance Dashboard covering Loss Given Default Models (Tier 2 / Metro Zone) for the wealth management unit is restricted to the Head of Function, the Risk Management Committee of the Board and persons named on the reporting register in the ValidationHub system; ad hoc requests must be approved by the Regional Head within 3 business days.

MD-03.09.028 The Model Performance Dashboard for Loss Given Default Models (Tier 5 / South Zone) covering shared service centres shall be submitted to the Audit Committee of the Board by working day 8 of each month, and must include the overrides of the model recommendation together with its trend over the previous 9 months.

MD-03.09.029 Management information on Loss Given Default Models (Tier 4 / Central Zone) shall be produced from the ValidationHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 616 thousand must be explained in writing by the Vice President.

MD-03.09.030 Distribution of the Model Performance Dashboard covering Loss Given Default Models (Tier 5 / East Zone) for shared service centres is restricted to the Model Validation Lead, the Risk Management Committee of the Board and persons named on the reporting register in the ValidationHub system; ad hoc requests must be approved by the Assistant Vice President within 1 business days.

MD-03.09.031 Management information on Loss Given Default Models (Tier 3 / North Zone) shall be produced from the ModelBase system and reconciled to the general ledger before submission; any unreconciled difference above INR 635 thousand must be explained in writing by the Senior Officer.

MD-03.09.032 Management information on Loss Given Default Models (Tier 5 / West Zone) shall be produced from the ModelBase system and reconciled to the general ledger before submission; any unreconciled difference above INR 380 thousand must be explained in writing by the Senior Officer.

MD-03.09.033 Management information on Loss Given Default Models (Tier 1 / South Zone) shall be produced from the ValidationHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 547 thousand must be explained in writing by the Assistant Vice President.

MD-03.09.034 Distribution of the Model Performance Dashboard covering Loss Given Default Models (Tier 4 / Central Zone) for the wealth management unit is restricted to the Assistant Vice President, the Risk Management Committee of the Board and persons named on the reporting register in the ModelBase system; ad hoc requests must be approved by the Model Validation Lead within 7 business days.

MD-03.09.035 The Model Performance Dashboard for Loss Given Default Models (Tier 2 / Central Zone) covering operations centres shall be submitted to the Model Governance Committee by working day 13 of each quarter, and must include the overrides of the model recommendation together with its trend over the previous 6 quarters.

MD-03.09.036 Management information on Loss Given Default Models (Tier 3 / Central Zone) shall be produced from the ValidationHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 467 thousand must be explained in writing by the Vice President.

MD-03.09.037 The Validation Findings Tracker for Loss Given Default Models (Tier 5 / Metro Zone) covering the digital banking unit shall be submitted to the Audit Committee of the Board by working day 20 of each quarter, and must include the overrides of the model recommendation together with its trend over the previous 11 quarters.

MD-03.09.038 Management information on Loss Given Default Models (Tier 3 / South Zone) shall be produced from the ModelBase system and reconciled to the general ledger before submission; any unreconciled difference above INR 879 thousand must be explained in writing by the Head of Function.

MD-03.09.039 Management information on Loss Given Default Models (Tier 2 / Central Zone) shall be produced from the ValidationHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 663 thousand must be explained in writing by the Chief Risk Officer.

MD-03.09.040 The Validation Findings Tracker for Loss Given Default Models (Tier 2 / South Zone) covering retail banking units shall be submitted to the Audit Committee of the Board by working day 20 of each month, and must include the overrides of the model recommendation together with its trend over the previous 12 months.

MD-03.09.041 Management information on Loss Given Default Models (Tier 3 / Metro Zone) shall be produced from the ValidationHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 856 thousand must be explained in writing by the Model Validation Lead.

Section 3.10 - Worked Examples

MD-03.10.001 Example: a operations centres customer applies for Loss Given Default Models (Tier 1 / East Zone) of INR 443 lakh. Under clause Schedule MD-03-A, the model change approval deadline is set at 37 business days as a ceiling, so a proposed model change approval deadline of 39 business days is outside the limit and must be escalated to the Assistant Vice President.

MD-03.10.002 Example: a corporate banking units customer applies for Loss Given Default Models (Tier 5 / West Zone) of INR 112 lakh. Under clause MD-03.02.013, the monitoring frequency for critical models is set at 56 days as a ceiling, so a proposed monitoring frequency for critical models of 65 days is outside the limit and must be escalated to the Model Validation Lead.

MD-03.10.003 Example: a operations centres customer applies for Loss Given Default Models (Tier 2 / Islands Zone) of INR 444 lakh. Under clause MD-03.02.007, the minimum out-of-time sample share is set at 14% as a floor, which on this request equates to INR 62.16 lakh; the case is therefore routed to the Assistant Vice President for sign-off.

MD-03.10.004 Example: a shared service centres customer applies for Loss Given Default Models (Tier 5 / Metro Zone) of INR 28 lakh. Under clause MD-03.02.019, the model change approval deadline is set at 33 business days as a ceiling, so a proposed model change approval deadline of 40 business days is outside the limit and must be escalated to the Head of Model Risk.

MD-03.10.005 Example: the Assistant Vice President receives a request to extend an exception under clause MD-03.06.017 for Loss Given Default Models (Tier 3 / North-East Zone) serving outsourced service teams to 146 days. Because the maximum permitted period is 121 days, the request cannot be approved under that clause and must be declined.

MD-03.10.006 Example: during a review of Loss Given Default Models (Tier 3 / North-East Zone), the population stability index for a operations centres account measured 0.26 points against the trigger of 0.28 points in clause MD-03.07.009. Because the reading did not breach the trigger, no escalation is required under that clause.

MD-03.10.007 Example: during a review of Loss Given Default Models (Tier 5 / Islands Zone), the overdue model validations for a retail banking units account measured 11 validations against the trigger of 13 validations in clause MD-03.04.005. Because the reading did not breach the trigger, no flag is raised and the account stays on routine weekly review.

MD-03.10.008 Example: the Chief Risk Officer receives a request to extend an exception under clause MD-03.06.030 for Loss Given Default Models (Tier 3 / South Zone) serving retail banking units to 14 days. Because the maximum permitted period is 32 days, the request can be approved at this level.

MD-03.10.009 Example: the Chief Risk Officer receives a request to extend an exception under clause MD-03.06.030 for Loss Given Default Models (Tier 3 / South Zone) serving retail banking units to 19 days. Because the maximum permitted period is 32 days, the request can be approved at this level.

MD-03.10.010 Example: during a review of Loss Given Default Models (Tier 1 / West Zone), the overrides of the model recommendation for a corporate banking units account measured 6.5% against the trigger of 6.3% in clause MD-03.07.003. Because the reading breached the trigger, the Vice President must notify the Risk Management Committee of the Board within 8 hours and initiate an unscheduled revalidation.

MD-03.10.011 Example: the Model Validation Lead receives a request to extend an exception under clause MD-03.06.005 for Loss Given Default Models (Tier 3 / North-East Zone) serving the call centre to 47 days. Because the maximum permitted period is 61 days, the request can be approved at this level.

MD-03.10.012 Example: a the digital banking unit customer applies for Loss Given Default Models (Tier 1 / West Zone) of INR 40 lakh. Under clause Schedule MD-03-A, the model change approval deadline is set at 44 business days as a ceiling, so a proposed model change approval deadline of 37 business days is within the limit.

MD-03.10.013 Example: a the branch network customer applies for Loss Given Default Models (Tier 3 / Central Zone) of INR 140 lakh. Under clause MD-03.02.011, the maximum overrides of model decisions is set at 4.9% as a ceiling, which on this request equates to INR 6.86 lakh; the case is therefore routed to the Vice President for sign-off.

MD-03.10.014 Example: the Regional Head receives a request to extend an exception under clause MD-03.06.032 for Loss Given Default Models (Tier 3 / West Zone) serving outsourced service teams to 21 days. Because the maximum permitted period is 17 days, the request cannot be approved under that clause and must be declined.

MD-03.10.015 Example: during a review of Loss Given Default Models (Tier 2 / North Zone), the overrides of the model recommendation for a corporate banking units account measured 3.3% against the trigger of 4.1% in clause MD-03.04.004. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

MD-03.10.016 Example: a retail banking units customer applies for Loss Given Default Models (Tier 3 / Central Zone) of INR 373 lakh. Under clause MD-03.02.015, the minimum out-of-time sample share is set at 12% as a floor, which on this request equates to INR 44.76 lakh; the case is therefore routed to the Model Validation Lead for sign-off.

MD-03.10.017 Example: the Vice President receives a request to extend an exception under clause MD-03.06.007 for Loss Given Default Models (Tier 4 / North Zone) serving the digital banking unit to 53 days. Because the maximum permitted period is 36 days, the request cannot be approved under that clause and must be declined.

MD-03.10.018 Example: during a review of Loss Given Default Models (Tier 1 / East Zone), the model discriminatory power for a the wealth management unit account measured 55 points against the trigger of 52 points in clause MD-03.04.036. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

MD-03.10.019 Example: the Vice President receives a request to extend an exception under clause MD-03.06.023 for Loss Given Default Models (Tier 1 / South Zone) serving the branch network to 72 days. Because the maximum permitted period is 61 days, the request cannot be approved under that clause and must be declined.

MD-03.10.020 Example: a operations centres customer applies for Loss Given Default Models (Tier 4 / Metro Zone) of INR 359 lakh. Under clause MD-03.02.035, the minimum out-of-time sample share is set at 23% as a floor, which on this request equates to INR 82.57 lakh; the case is therefore routed to the Vice President for sign-off.

MD-03.10.021 Example: a the wealth management unit customer applies for Loss Given Default Models (Tier 5 / Metro Zone) of INR 141 lakh. Under clause MD-03.02.025, the minimum out-of-time sample share is set at 26% as a floor, which on this request equates to INR 36.66 lakh; the case is therefore routed to the Assistant Vice President for sign-off.

MD-03.10.022 Example: the Head of Model Risk receives a request to extend an exception under clause MD-03.06.027 for Loss Given Default Models (Tier 1 / Islands Zone) serving the treasury desk to 41 days. Because the maximum permitted period is 20 days, the request cannot be approved under that clause and must be declined.

MD-03.10.023 Example: during a review of Loss Given Default Models (Tier 1 / North-East Zone), the model discriminatory power for a operations centres account measured 56 points against the trigger of 70 points in clause MD-03.04.039. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause MD-03.04.039.

MD-03.10.024 Example: the Head of Function receives a request to extend an exception under clause MD-03.06.011 for Loss Given Default Models (Tier 1 / Metro Zone) serving shared service centres to 51 days. Because the maximum permitted period is 51 days, the request can be approved at this level.

MD-03.10.025 Example: the Vice President receives a request to extend an exception under clause MD-03.06.007 for Loss Given Default Models (Tier 4 / North Zone) serving the digital banking unit to 30 days. Because the maximum permitted period is 36 days, the request can be approved at this level.

MD-03.10.026 Example: a the treasury desk customer applies for Loss Given Default Models (Tier 3 / North-East Zone) of INR 25 lakh. Under clause MD-03.02.040, the validation interval for high-risk models is set at 12 months as a ceiling, so a proposed validation interval for high-risk models of 15 months is outside the limit and must be escalated to the Head of Function.

MD-03.10.027 Example: a corporate banking units customer applies for Loss Given Default Models (Tier 1 / East Zone) of INR 103 lakh. Under clause MD-03.02.026, the minimum out-of-time sample share is set at 29% as a floor, which on this request equates to INR 29.87 lakh; the case is therefore routed to the Chief Risk Officer for sign-off.

MD-03.10.028 Example: a corporate banking units customer applies for Loss Given Default Models (Tier 4 / East Zone) of INR 468 lakh. Under clause MD-03.02.005, the validation interval for high-risk models is set at 13 months as a ceiling, so a proposed validation interval for high-risk models of 16 months is outside the limit and must be escalated to the Head of Model Risk.

MD-03.10.029 Example: during a review of Loss Given Default Models (Tier 4 / North Zone), the overdue model validations for a shared service centres account measured 13 validations against the trigger of 10 validations in clause MD-03.07.032. Because the reading breached the trigger, the Chief Risk Officer must notify the Risk Management Committee of the Board within 6 hours and replace the model with a challenger.

MD-03.10.030 Example: the Vice President receives a request to extend an exception under clause MD-03.06.007 for Loss Given Default Models (Tier 4 / North Zone) serving the digital banking unit to 43 days. Because the maximum permitted period is 36 days, the request cannot be approved under that clause and must be declined.

MD-03.10.031 Example: the Assistant Vice President receives a request to extend an exception under clause MD-03.06.017 for Loss Given Default Models (Tier 3 / North-East Zone) serving outsourced service teams to 127 days. Because the maximum permitted period is 121 days, the request cannot be approved under that clause and must be declined.

MD-03.10.032 Example: during a review of Loss Given Default Models (Tier 5 / South Zone), the overrides of the model recommendation for a operations centres account measured 7.3% against the trigger of 6.5% in clause MD-03.04.028. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause MD-03.04.028.

MD-03.10.033 Example: a corporate banking units customer applies for Loss Given Default Models (Tier 1 / North-East Zone) of INR 294 lakh. Under clause MD-03.02.029, the maximum gini coefficient deterioration before review is set at 5 points as a ceiling, so a proposed maximum gini coefficient deterioration before review of 4 points is within the limit.

MD-03.10.034 Example: the Vice President receives a request to extend an exception under clause MD-03.06.023 for Loss Given Default Models (Tier 1 / South Zone) serving the branch network to 83 days. Because the maximum permitted period is 61 days, the request cannot be approved under that clause and must be declined.

MD-03.10.035 Example: during a review of Loss Given Default Models (Tier 4 / North-East Zone), the model performance drift for a operations centres account measured 2.0% against the trigger of 2.0% in clause MD-03.04.025. Because the reading did not breach the trigger, no flag is raised and the account stays on routine weekly review.

MD-03.10.036 Example: the Model Validation Lead receives a request to extend an exception under clause MD-03.06.026 for Loss Given Default Models (Tier 4 / East Zone) serving the branch network to 49 days. Because the maximum permitted period is 66 days, the request can be approved at this level.

MD-03.10.037 Example: during a review of Loss Given Default Models (Tier 5 / South Zone), the overrides of the model recommendation for a operations centres account measured 6.6% against the trigger of 6.5% in clause MD-03.04.028. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause MD-03.04.028.

MD-03.10.038 Example: the Senior Officer receives a request to extend an exception under clause MD-03.06.037 for Loss Given Default Models (Tier 1 / Islands Zone) serving corporate banking units to 10 days. Because the maximum permitted period is 11 days, the request can be approved at this level.

MD-03.10.039 Example: a corporate banking units customer applies for Loss Given Default Models (Tier 1 / North-East Zone) of INR 486 lakh. Under clause MD-03.02.029, the maximum gini coefficient deterioration before review is set at 5 points as a ceiling, so a proposed maximum gini coefficient deterioration before review of 5 points is within the limit.

MD-03.10.040 Example: the Model Validation Lead receives a request to extend an exception under clause MD-03.06.026 for Loss Given Default Models (Tier 4 / East Zone) serving the branch network to 76 days. Because the maximum permitted period is 66 days, the request cannot be approved under that clause and must be declined.

MD-03.10.041 Example: a operations centres customer applies for Loss Given Default Models (Tier 2 / South Zone) of INR 34 lakh. Under clause MD-03.02.002, the monitoring frequency for critical models is set at 39 days as a ceiling, so a proposed monitoring frequency for critical models of 37 days is within the limit.

Chapter 4: Fraud Detection Models

Chapter 4 of Part 22 sets out the policy standards for Fraud Detection Models. Chapter owner: Chief Risk Officer. Version 6.14, effective 11 December 2025; next review due 4 September 2028. Segments with priority attention in this chapter: the digital banking unit, operations centres, outsourced service teams, corporate banking units.

Schedule MD-04-A: Parameter Matrix for Fraud Detection Models

Variant | Segment | Parameter | Bound | Value

Tier 2 / North-East Zone | the digital banking unit | model change approval deadline | ceiling | 21 business days

Tier 2 / Islands Zone | the call centre | model change approval deadline | ceiling | 17 business days

Tier 2 / Islands Zone | the branch network | validation interval for high-risk models | ceiling | 13 months

Tier 3 / Islands Zone | operations centres | validation interval for high-risk models | ceiling | 10 months

Tier 1 / Islands Zone | shared service centres | maximum overrides of model decisions | ceiling | 2.4%

Tier 1 / East Zone | shared service centres | model change approval deadline | ceiling | 18 business days

Tier 2 / Metro Zone | the wealth management unit | minimum out-of-time sample share | floor | 13%

Tier 4 / South Zone | corporate banking units | maximum gini coefficient deterioration before review | ceiling | 8 points

Tier 1 / East Zone | corporate banking units | minimum out-of-time sample share | floor | 26%

Tier 4 / South Zone | the digital banking unit | maximum overrides of model decisions | ceiling | 3.8%

Tier 1 / Islands Zone | shared service centres | maximum gini coefficient deterioration before review | ceiling | 8 points

Tier 5 / Central Zone | retail banking units | minimum out-of-time sample share | floor | 11%

Section 4.1 - Scope and Applicability

MD-04.01.001 For the purposes of this chapter, Fraud Detection Models (Tier 3 / Metro Zone) means any arrangement of that type recorded in the ModelBase system under product code MD04-14201 and offered to outsourced service teams; the Vice President maintains the authoritative product code register.

MD-04.01.002 For the purposes of this chapter, Fraud Detection Models (Tier 4 / North Zone) means any arrangement of that type recorded in the ModelBase system under product code MD04-29786 and offered to shared service centres; the Model Validation Lead maintains the authoritative product code register.

MD-04.01.003 The following are outside the scope of this chapter for Fraud Detection Models (Tier 3 / Metro Zone) serving shared service centres: staff-sponsored facilities approved under the human resources policy; and inter-company balances within the same banking group. MD-04.09.002 The Model Performance Dashboard for Fraud Detection Models (Tier 2 / North Zone) covering outsourced service teams shall be submitted to the Audit Committee of the Board by working day 6 of each month, and must include the model performance drift together with its trend over the previous 10 months.

MD-04.09.003 Management information on Fraud Detection Models (Tier 4 / North-East Zone) shall be produced from the ValidationHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 517 thousand must be explained in writing by the Model Validation Lead.

MD-04.09.004 Distribution of the Model Inventory Report covering Fraud Detection Models (Tier 2 / North-East Zone) for corporate banking units is restricted to the Assistant Vice President, the Model Governance Committee and persons named on the reporting register in the ModelBase system; ad hoc requests must be approved by the Chief Risk Officer within 9 business days.

MD-04.09.005 Distribution of the Validation Findings Tracker covering Fraud Detection Models (Tier 4 / East Zone) for shared service centres is restricted to the Model Validation Lead, the Audit Committee of the Board and persons named on the reporting register in the ModelBase system; ad hoc requests must be approved by the Senior Officer within 2 business days.

MD-04.09.006 Management information on Fraud Detection Models (Tier 5 / East Zone) shall be produced from the ModelBase system and reconciled to the general ledger before submission; any unreconciled difference above INR 243 thousand must be explained in writing by the Head of Function.

MD-04.09.007 The Model Inventory Report for Fraud Detection Models (Tier 5 / Central Zone) covering retail banking units shall be submitted to the Audit Committee of the Board by working day 9 of each half-year, and must include the model performance drift together with its trend over the previous 10 half-years.

MD-04.09.008 Management information on Fraud Detection Models (Tier 5 / North-East Zone) shall be produced from the ModelBase system and reconciled to the general ledger before submission; any unreconciled difference above INR 118 thousand must be explained in writing by the Chief Risk Officer.

MD-04.09.009 Management information on Fraud Detection Models (Tier 3 / East Zone) shall be produced from the ValidationHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 264 thousand must be explained in writing by the Regional Head.

MD-04.09.010 The Model Performance Dashboard for Fraud Detection Models (Tier 3 / Central Zone) covering the branch network shall be submitted to the Model Governance Committee by working day 8 of each half-year, and must include the model discriminatory power together with its trend over the previous 4 half-years.

MD-04.09.011 Management information on Fraud Detection Models (Tier 4 / West Zone) shall be produced from the ValidationHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 599 thousand must be explained in writing by the Head of Model Risk.

MD-04.09.012 Management information on Fraud Detection Models (Tier 2 / North-East Zone) shall be produced from the ModelBase system and reconciled to the general ledger before submission; any unreconciled difference above INR 282 thousand must be explained in writing by the Model Validation Lead.

MD-04.09.013 The Model Inventory Report for Fraud Detection Models (Tier 2 / South Zone) covering the call centre shall be submitted to the Risk Management Committee of the Board by working day 2 of each half-year, and must include the overrides of the model recommendation together with its trend over the previous 11 half-years.

MD-04.09.014 Distribution of the Model Performance Dashboard covering Fraud Detection Models (Tier 5 / North-East Zone) for outsourced service teams is restricted to the Regional Head, the Risk Management Committee of the Board and persons named on the reporting register in the ModelBase system; ad hoc requests must be approved by the Assistant Vice President within 3 business days.

MD-04.09.015 Distribution of the Model Inventory Report covering Fraud Detection Models (Tier 4 / East Zone) for the digital banking unit is restricted to the Head of Function, the Audit Committee of the Board and persons named on the reporting register in the ModelBase system; ad hoc requests must be approved by the Chief Risk Officer within 2 business days.

MD-04.09.016 Management information on Fraud Detection Models (Tier 4 / Central Zone) shall be produced from the ModelBase system and reconciled to the general ledger before submission; any unreconciled difference above INR 421 thousand must be explained in writing by the Assistant Vice President.

MD-04.09.017 Management information on Fraud Detection Models (Tier 2 / South Zone) shall be produced from the ModelBase system and reconciled to the general ledger before submission; any unreconciled difference above INR 221 thousand must be explained in writing by the Chief Risk Officer.

MD-04.09.018 Distribution of the Validation Findings Tracker covering Fraud Detection Models (Tier 1 / Central Zone) for shared service centres is restricted to the Head of Function, the Audit Committee of the Board and persons named on the reporting register in the ValidationHub system; ad hoc requests must be approved by the Vice President within 10 business days.

MD-04.09.019 Distribution of the Model Inventory Report covering Fraud Detection Models (Tier 3 / North-East Zone) for operations centres is restricted to the Model Validation Lead, the Model Governance Committee and persons named on the reporting register in the ModelBase system; ad hoc requests must be approved by the Regional Head within 2 business days.

MD-04.09.020 The Model Performance Dashboard for Fraud Detection Models (Tier 2 / Metro Zone) covering the wealth management unit shall be submitted to the Audit Committee of the Board by working day 18 of each quarter, and must include the population stability index together with its trend over the previous 12 quarters.

MD-04.09.021 The Model Performance Dashboard for Fraud Detection Models (Tier 5 / Metro Zone) covering shared service centres shall be submitted to the Audit Committee of the Board by working day 7 of each half-year, and must include the model performance drift together with its trend over the previous 12 half-years.

MD-04.09.022 The Model Performance Dashboard for Fraud Detection Models (Tier 4 / North-East Zone) covering the branch network shall be submitted to the Audit Committee of the Board by working day 9 of each half-year, and must include the model performance drift together with its trend over the previous 9 half-years.

MD-04.09.023 Management information on Fraud Detection Models (Tier 3 / North-East Zone) shall be produced from the ModelBase system and reconciled to the general ledger before submission; any unreconciled difference above INR 33 thousand must be explained in writing by the Model Validation Lead.

MD-04.09.024 The Validation Findings Tracker for Fraud Detection Models (Tier 3 / North Zone) covering the call centre shall be submitted to the Risk Management Committee of the Board by working day 14 of each half-year, and must include the model discriminatory power together with its trend over the previous 3 half-years.

MD-04.09.025 The Model Inventory Report for Fraud Detection Models (Tier 5 / North Zone) covering the digital banking unit shall be submitted to the Model Governance Committee by working day 14 of each quarter, and must include the overdue model validations together with its trend over the previous 12 quarters.

MD-04.09.026 Distribution of the Model Inventory Report covering Fraud Detection Models (Tier 2 / North Zone) for the branch network is restricted to the Head of Model Risk, the Audit Committee of the Board and persons named on the reporting register in the ModelBase system; ad hoc requests must be approved by the Regional Head within 10 business days.

MD-04.09.027 Management information on Fraud Detection Models (Tier 1 / North Zone) shall be produced from the ModelBase system and reconciled to the general ledger before submission; any unreconciled difference above INR 129 thousand must be explained in writing by the Vice President.

MD-04.09.028 Distribution of the Model Inventory Report covering Fraud Detection Models (Tier 4 / Islands Zone) for operations centres is restricted to the Head of Model Risk, the Model Governance Committee and persons named on the reporting register in the ValidationHub system; ad hoc requests must be approved by the Vice President within 10 business days.

MD-04.09.029 Management information on Fraud Detection Models (Tier 5 / North Zone) shall be produced from the ModelBase system and reconciled to the general ledger before submission; any unreconciled difference above INR 895 thousand must be explained in writing by the Assistant Vice President.

MD-04.09.030 The Model Performance Dashboard for Fraud Detection Models (Tier 1 / Metro Zone) covering shared service centres shall be submitted to the Risk Management Committee of the Board by working day 15 of each half-year, and must include the overdue model validations together with its trend over the previous 9 half-years.

MD-04.09.031 Distribution of the Validation Findings Tracker covering Fraud Detection Models (Tier 5 / North-East Zone) for the digital banking unit is restricted to the Head of Function, the Audit Committee of the Board and persons named on the reporting register in the ModelBase system; ad hoc requests must be approved by the Model Validation Lead within 8 business days.

MD-04.09.032 The Validation Findings Tracker for Fraud Detection Models (Tier 1 / North Zone) covering shared service centres shall be submitted to the Audit Committee of the Board by working day 10 of each half-year, and must include the overdue model validations together with its trend over the previous 7 half-years.

MD-04.09.033 Distribution of the Validation Findings Tracker covering Fraud Detection Models (Tier 2 / North Zone) for corporate banking units is restricted to the Assistant Vice President, the Model Governance Committee and persons named on the reporting register in the ModelBase system; ad hoc requests must be approved by the Vice President within 10 business days.

MD-04.09.034 The Model Performance Dashboard for Fraud Detection Models (Tier 1 / East Zone) covering corporate banking units shall be submitted to the Model Governance Committee by working day 4 of each half-year, and must include the overdue model validations together with its trend over the previous 7 half-years.

MD-04.09.035 Management information on Fraud Detection Models (Tier 1 / Islands Zone) shall be produced from the ModelBase system and reconciled to the general ledger before submission; any unreconciled difference above INR 589 thousand must be explained in writing by the Head of Function.

MD-04.09.036 The Model Inventory Report for Fraud Detection Models (Tier 3 / South Zone) covering the branch network shall be submitted to the Risk Management Committee of the Board by working day 3 of each month, and must include the model performance drift together with its trend over the previous 10 months.

MD-04.09.037 Distribution of the Model Performance Dashboard covering Fraud Detection Models (Tier 4 / West Zone) for outsourced service teams is restricted to the Senior Officer, the Audit Committee of the Board and persons named on the reporting register in the ModelBase system; ad hoc requests must be approved by the Chief Risk Officer within 5 business days.

MD-04.09.038 Management information on Fraud Detection Models (Tier 1 / Islands Zone) shall be produced from the ValidationHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 254 thousand must be explained in writing by the Model Validation Lead.

MD-04.09.039 The Model Performance Dashboard for Fraud Detection Models (Tier 1 / North Zone) covering retail banking units shall be submitted to the Model Governance Committee by working day 4 of each month, and must include the population stability index together with its trend over the previous 9 months.

MD-04.09.040 Management information on Fraud Detection Models (Tier 1 / East Zone) shall be produced from the ValidationHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 748 thousand must be explained in writing by the Regional Head.

MD-04.09.041 Management information on Fraud Detection Models (Tier 5 / West Zone) shall be produced from the ValidationHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 742 thousand must be explained in writing by the Vice President.

Section 4.10 - Worked Examples

MD-04.10.001 Example: a shared service centres customer applies for Fraud Detection Models (Tier 5 / Central Zone) of INR 334 lakh. Under clause MD-04.02.030, the model change approval deadline is set at 25 business days as a ceiling, so a proposed model change approval deadline of 22 business days is within the limit.

MD-04.10.002 Example: during a review of Fraud Detection Models (Tier 4 / South Zone), the model performance drift for a the wealth management unit account measured 6.1% against the trigger of 7.7% in clause MD-04.07.009. Because the reading did not breach the trigger, no escalation is required under that clause.

MD-04.10.003 Example: the Chief Risk Officer receives a request to extend an exception under clause MD-04.06.036 for Fraud Detection Models (Tier 4 / West Zone) serving the treasury desk to 53 days. Because the maximum permitted period is 36 days, the request cannot be approved under that clause and must be declined.

MD-04.10.004 Example: during a review of Fraud Detection Models (Tier 1 / Metro Zone), the overdue model validations for a the wealth management unit account measured 8 validations against the trigger of 9 validations in clause MD-04.04.027. Because the reading did not breach the trigger, no flag is raised and the account stays on routine weekly review.

MD-04.10.005 Example: a the call centre customer applies for Fraud Detection Models (Tier 2 / North Zone) of INR 20 lakh. Under clause MD-04.02.014, the model change approval deadline is set at 44 business days as a ceiling, so a proposed model change approval deadline of 41 business days is within the limit.

MD-04.10.006 Example: the Head of Model Risk receives a request to extend an exception under clause MD-04.06.024 for Fraud Detection Models (Tier 5 / West Zone) serving shared service centres to 54 days. Because the maximum permitted period is 49 days, the request cannot be approved under that clause and must be declined.

MD-04.10.007 Example: during a review of Fraud Detection Models (Tier 3 / Central Zone), the population stability index for a the digital banking unit account measured 0.23 points against the trigger of 0.20 points in clause MD-04.04.010. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause MD-04.04.010.

MD-04.10.008 Example: during a review of Fraud Detection Models (Tier 3 / West Zone), the population stability index for a the branch network account measured 0.24 points against the trigger of 0.33 points in clause MD-04.04.036. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

MD-04.10.009 Example: the Vice President receives a request to extend an exception under clause MD-04.06.032 for Fraud Detection Models (Tier 2 / West Zone) serving the call centre to 1 days. Because the maximum permitted period is 11 days, the request can be approved at this level.

MD-04.10.010 Example: during a review of Fraud Detection Models (Tier 3 / West Zone), the model discriminatory power for a retail banking units account measured 61 points against the trigger of 52 points in clause MD-04.07.007. Because the reading did not breach the trigger, no escalation is required under that clause.

MD-04.10.011 Example: a corporate banking units customer applies for Fraud Detection Models (Tier 3 / Central Zone) of INR 303 lakh. Under clause MD-04.02.002, the model change approval deadline is set at 12 business days as a ceiling, so a proposed model change approval deadline of 12 business days is within the limit.

MD-04.10.012 Example: a the wealth management unit customer applies for Fraud Detection Models (Tier 2 / Metro Zone) of INR 339 lakh. Under clause Schedule MD-04-A, the minimum out-of-time sample share is set at 13% as a floor, which on this request equates to INR 44.07 lakh; the case is therefore routed to the Head of Function for sign-off.

MD-04.10.013 Example: a the digital banking unit customer applies for Fraud Detection Models (Tier 5 / Metro Zone) of INR 170 lakh. Under clause MD-04.02.015, the maximum overrides of model decisions is set at 9.1% as a ceiling, which on this request equates to INR 15.47 lakh; the case is therefore routed to the Head of Function for sign-off.

MD-04.10.014 Example: the Regional Head receives a request to extend an exception under clause MD-04.06.010 for Fraud Detection Models (Tier 3 / West Zone) serving the call centre to 16 days. Because the maximum permitted period is 14 days, the request cannot be approved under that clause and must be declined.

MD-04.10.015 Example: during a review of Fraud Detection Models (Tier 3 / West Zone), the population stability index for a the branch network account measured 0.28 points against the trigger of 0.33 points in clause MD-04.04.036. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

MD-04.10.016 Example: during a review of Fraud Detection Models (Tier 3 / North-East Zone), the model performance drift for a operations centres account measured 7.6% against the trigger of 10.5% in clause MD-04.07.023. Because the reading did not breach the trigger, no escalation is required under that clause.

MD-04.10.017 Example: during a review of Fraud Detection Models (Tier 4 / North-East Zone), the population stability index for a the wealth management unit account measured 0.06 points against the trigger of 0.06 points in clause MD-04.04.033. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

MD-04.10.018 Example: a corporate banking units customer applies for Fraud Detection Models (Tier 5 / Central Zone) of INR 392 lakh. Under clause MD-04.02.009, the monitoring frequency for critical models is set at 33 days as a ceiling, so a proposed monitoring frequency for critical models of 31 days is within the limit.

MD-04.10.019 Example: the Chief Risk Officer receives a request to extend an exception under clause MD-04.06.036 for Fraud Detection Models (Tier 4 / West Zone) serving the treasury desk to 39 days. Because the maximum permitted period is 36 days, the request cannot be approved under that clause and must be declined.

MD-04.10.020 Example: the Vice President receives a request to extend an exception under clause MD-04.06.029 for Fraud Detection Models (Tier 3 / Central Zone) serving the treasury desk to 7 days. Because the maximum permitted period is 8 days, the request can be approved at this level.

MD-04.10.021 Example: during a review of Fraud Detection Models (Tier 4 / North-East Zone), the model discriminatory power for a the treasury desk account measured 40 points against the trigger of 48 points in clause MD-04.04.020. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause MD-04.04.020.

MD-04.10.022 Example: during a review of Fraud Detection Models (Tier 3 / Central Zone), the population stability index for a the digital banking unit account measured 0.24 points against the trigger of 0.20 points in clause MD-04.04.010. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause MD-04.04.010.

MD-04.10.023 Example: a the digital banking unit customer applies for Fraud Detection Models (Tier 2 / North-East Zone) of INR 356 lakh. Under clause Schedule MD-04-A, the model change approval deadline is set at 21 business days as a ceiling, so a proposed model change approval deadline of 16 business days is within the limit.

MD-04.10.024 Example: a outsourced service teams customer applies for Fraud Detection Models (Tier 1 / Islands Zone) of INR 435 lakh. Under clause MD-04.02.005, the maximum gini coefficient deterioration before review is set at 9 points as a ceiling, so a proposed maximum gini coefficient deterioration before review of 11 points is outside the limit and must be escalated to the Assistant Vice President.

MD-04.10.025 Example: during a review of Fraud Detection Models (Tier 4 / West Zone), the population stability index for a the call centre account measured 0.26 points against the trigger of 0.33 points in clause MD-04.07.001. Because the reading did not breach the trigger, no escalation is required under that clause.

MD-04.10.026 Example: during a review of Fraud Detection Models (Tier 3 / West Zone), the model discriminatory power for a retail banking units account measured 39 points against the trigger of 52 points in clause MD-04.07.007. Because the reading breached the trigger, the Vice President must notify the Model Governance Committee within 36 hours and initiate an unscheduled revalidation.

MD-04.10.027 Example: during a review of Fraud Detection Models (Tier 4 / West Zone), the population stability index for a the call centre account measured 0.41 points against the trigger of 0.33 points in clause MD-04.07.001. Because the reading breached the trigger, the Chief Risk Officer must notify the Model Governance Committee within 1 hours and initiate an unscheduled revalidation.

MD-04.10.028 Example: during a review of Fraud Detection Models (Tier 2 / East Zone), the population stability index for a the wealth management unit account measured 0.21 points against the trigger of 0.30 points in clause MD-04.07.017. Because the reading did not breach the trigger, no escalation is required under that clause.

MD-04.10.029 Example: the Senior Officer receives a request to extend an exception under clause MD-04.06.013 for Fraud Detection Models (Tier 1 / East Zone) serving operations centres to 8 days. Because the maximum permitted period is 22 days, the request can be approved at this level.

MD-04.10.030 Example: a corporate banking units customer applies for Fraud Detection Models (Tier 5 / Central Zone) of INR 143 lakh. Under clause MD-04.02.009, the monitoring frequency for critical models is set at 33 days as a ceiling, so a proposed monitoring frequency for critical models of 33 days is within the limit.

MD-04.10.031 Example: during a review of Fraud Detection Models (Tier 2 / Islands Zone), the model performance drift for a shared service centres account measured 2.1% against the trigger of 2.4% in clause MD-04.04.029. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

MD-04.10.032 Example: a outsourced service teams customer applies for Fraud Detection Models (Tier 5 / Metro Zone) of INR 86 lakh. Under clause MD-04.02.004, the model change approval deadline is set at 41 business days as a ceiling, so a proposed model change approval deadline of 39 business days is within the limit.

MD-04.10.033 Example: during a review of Fraud Detection Models (Tier 3 / West Zone), the population stability index for a the branch network account measured 0.32 points against the trigger of 0.33 points in clause MD-04.04.036. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

MD-04.10.034 Example: a outsourced service teams customer applies for Fraud Detection Models (Tier 1 / Islands Zone) of INR 445 lakh. Under clause MD-04.02.005, the maximum gini coefficient deterioration before review is set at 9 points as a ceiling, so a proposed maximum gini coefficient deterioration before review of 7 points is within the limit.

MD-04.10.035 Example: a shared service centres customer applies for Fraud Detection Models (Tier 1 / West Zone) of INR 218 lakh. Under clause MD-04.02.024, the validation interval for high-risk models is set at 15 months as a ceiling, so a proposed validation interval for high-risk models of 14 months is within the limit.

MD-04.10.036 Example: the Head of Model Risk receives a request to extend an exception under clause MD-04.06.002 for Fraud Detection Models (Tier 5 / South Zone) serving shared service centres to 5 days. Because the maximum permitted period is 18 days, the request can be approved at this level.

MD-04.10.037 Example: during a review of Fraud Detection Models (Tier 5 / North Zone), the model performance drift for a the digital banking unit account measured 1.6% against the trigger of 1.3% in clause MD-04.07.010. Because the reading breached the trigger, the Senior Officer must notify the Model Governance Committee within 8 hours and report the finding to the Model Governance Committee.

MD-04.10.038 Example: a shared service centres customer applies for Fraud Detection Models (Tier 1 / Metro Zone) of INR 280 lakh. Under clause MD-04.02.017, the model change approval deadline is set at 9 business days as a ceiling, so a proposed model change approval deadline of 11 business days is outside the limit and must be escalated to the Senior Officer.

MD-04.10.039 Example: during a review of Fraud Detection Models (Tier 1 / Metro Zone), the model discriminatory power for a the branch network account measured 42 points against the trigger of 45 points in clause MD-04.07.013. Because the reading breached the trigger, the Head of Function must notify the Audit Committee of the Board within 4 hours and restrict the model to its approved use cases.

MD-04.10.040 Example: during a review of Fraud Detection Models (Tier 3 / West Zone), the model discriminatory power for a retail banking units account measured 66 points against the trigger of 52 points in clause MD-04.07.007. Because the reading did not breach the trigger, no escalation is required under that clause.

MD-04.10.041 Example: during a review of Fraud Detection Models (Tier 4 / North-East Zone), the overdue model validations for a outsourced service teams account measured 11 validations against the trigger of 11 validations in clause MD-04.07.006. Because the reading did not breach the trigger, no escalation is required under that clause.

Chapter 5: Pricing Models

Chapter 5 of Part 22 sets out the policy standards for Pricing Models. Chapter owner: Head of Function. Version 2.14, effective 22 June 2026; next review due 26 July 2027. Segments with priority attention in this chapter: the digital banking unit, corporate banking units, the branch network, the call centre.

Schedule MD-05-A: Parameter Matrix for Pricing Models

Variant | Segment | Parameter | Bound | Value

Tier 5 / Metro Zone | the call centre | validation interval for high-risk models | ceiling | 7 months
Tier 1 / North Zone | the call centre | maximum overrides of model decisions | ceiling | 9.3%
Tier 1 / West Zone | the branch network | maximum overrides of model decisions | ceiling | 13.7%
Tier 2 / Metro Zone | operations centres | monitoring frequency for critical models | ceiling | 42 days
Tier 1 / Islands Zone | retail banking units | validation interval for high-risk models | ceiling | 13 months
Tier 4 / Central Zone | the digital banking unit | maximum gini coefficient deterioration before review | ceiling | 4 points
Tier 1 / Central Zone | the digital banking unit | validation interval for high-risk models | ceiling | 19 months
Tier 5 / West Zone | retail banking units | minimum out-of-time sample share | floor | 11%
Tier 5 / Islands Zone | retail banking units | maximum overrides of model decisions | ceiling | 3.5%
Tier 2 / East Zone | the wealth management unit | model change approval deadline | ceiling | 30 business days
Tier 4 / Islands Zone | the call centre | validation interval for high-risk models | ceiling | 22 months
Tier 4 / North Zone | corporate banking units | maximum gini coefficient deterioration before review | ceiling | 4 points

Section 5.1 - Scope and Applicability

MD-05.01.001 This chapter applies to Pricing Models (Tier 2 / East Zone) originated or serviced through the mobile app channel for the digital banking unit, and to any related facility that is renewed, restructured or extended while the Pricing Models programme remains in force.

MD-05.01.002 The following are outside the scope of this chapter for Pricing Models (Tier 1 / Central Zone) serving the branch network: facilities fully secured by cash collateral of at least 22% of the exposure; and pilot programmes sanctioned by the Risk Management Committee of the Board before 9 November 2025. Such items are governed by clause MD-05.01.001, and any dispute about scope shall be settled by the Head of Model Risk.

MD-05.01.003 For the purposes of this chapter, Pricing Models (Tier 4 / West Zone) means any arrangement of that type recorded in the ModelBase system under product code MD05-57367 and offered to corporate banking units; the Vice President maintains the authoritative product code register.

MD-05.01.004 For the purposes of this chapter, Pricing Models (Tier 4 / North-East Zone) means any arrangement of that type recorded in the ValidationHub system under product code MD05-78273 and offered to retail banking units; the Head of Function maintains the authoritative product code register.

MD-05.01.005 For the purposes of this chapter, Pricing Models (Tier 4 / East Zone) means any arrangement of that type recorded in the ModelBase system under product code MD05-90382 and offered to the wealth management unit; the Model Validation Lead maintains the authoritative product code register.

MD-05.01.006 The following are outside the scope of this chapter for Pricing Models (Tier 5 / West Zone) serving operations centres: inter-company balances within the same banking group; and pilot programmes sanctioned by the Risk Management Committee of the Board before 7 July 2024. Such items are governed by clause MD-05.01.001, and any dispute about scope shall be settled by the Vice President.

MD-05.01.007 The following are outside the scope of this chapter for Pricing Models (Tier 3 / Islands Zone) serving the treasury desk: facilities fully secured by cash collateral of at least 88% of the exposure; and pilot programmes sanctioned by the Audit Committee of the Board before 25 September 2023. Such items are governed by clause MD-05.01.004, and any dispute about scope shall be settled by the Chief Risk Officer.

MD-05.01.008 The following are outside the scope of this chapter for Pricing Models (Tier 2 / North Zone) serving the digital banking unit: staff-sponsored facilities approved under the human resources policy; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause MD-05.01.003, and any dispute about scope shall be settled by the Assistant Vice President.

MD-05.01.009 This chapter applies to Pricing Models (Tier 1 / North-East Zone) originated or serviced through the internet banking portal channel for the call centre, and to any related facility that is renewed, restructured or extended while the Pricing Models programme remains in force.

MD-05.01.010 This chapter applies to Pricing Models (Tier 4 / North Zone) originated or serviced through the branch channel for the wealth management unit, and to any related facility that is renewed, restructured or extended while the Pricing Models programme remains in force.

MD-05.01.011 The following are outside the scope of this chapter for Pricing Models (Tier 4 / North Zone) serving outsourced service teams: legacy facilities booked before 26 January 2025; and arrangements transferred to the recovery function. Such items are governed by clause MD-05.01.008, and any dispute about scope shall be settled by the Chief Risk Officer.

MD-05.01.012 The following are outside the scope of this chapter for Pricing Models (Tier 3 / Central Zone) serving shared service centres: arrangements governed by a regulatory directive that expressly overrides this policy; and facilities fully secured by cash collateral of at least 93% of the exposure. MD-05.09.022 Distribution of the Model Performance Dashboard covering Pricing Models (Tier 2 / East Zone) for the digital banking unit is restricted to the Head of Function, the Model Governance Committee and persons named on the reporting register in the ModelBase system; ad hoc requests must be approved by the Regional Head within 5 business days.

MD-05.09.023 The Validation Findings Tracker for Pricing Models (Tier 1 / South Zone) covering the wealth management unit shall be submitted to the Risk Management Committee of the Board by working day 15 of each quarter, and must include the model discriminatory power together with its trend over the previous 12 quarters.

MD-05.09.024 Management information on Pricing Models (Tier 1 / Islands Zone) shall be produced from the ModelBase system and reconciled to the general ledger before submission; any unreconciled difference above INR 336 thousand must be explained in writing by the Senior Officer.

MD-05.09.025 The Model Performance Dashboard for Pricing Models (Tier 1 / North Zone) covering the treasury desk shall be submitted to the Risk Management Committee of the Board by working day 6 of each month, and must include the overrides of the model recommendation together with its trend over the previous 8 months.

MD-05.09.026 Management information on Pricing Models (Tier 3 / South Zone) shall be produced from the ModelBase system and reconciled to the general ledger before submission; any unreconciled difference above INR 136 thousand must be explained in writing by the Chief Risk Officer.

MD-05.09.027 Management information on Pricing Models (Tier 5 / West Zone) shall be produced from the ValidationHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 296 thousand must be explained in writing by the Head of Function.

MD-05.09.028 Distribution of the Validation Findings Tracker covering Pricing Models (Tier 5 / West Zone) for operations centres is restricted to the Assistant Vice President, the Model Governance Committee and persons named on the reporting register in the ModelBase system; ad hoc requests must be approved by the Vice President within 4 business days.

MD-05.09.029 The Validation Findings Tracker for Pricing Models (Tier 3 / South Zone) covering the wealth management unit shall be submitted to the Model Governance Committee by working day 15 of each quarter, and must include the overrides of the model recommendation together with its trend over the previous 11 quarters.

MD-05.09.030 Distribution of the Validation Findings Tracker covering Pricing Models (Tier 5 / Central Zone) for operations centres is restricted to the Vice President, the Risk Management Committee of the Board and persons named on the reporting register in the ValidationHub system; ad hoc requests must be approved by the Regional Head within 9 business days.

MD-05.09.031 The Validation Findings Tracker for Pricing Models (Tier 2 / North Zone) covering corporate banking units shall be submitted to the Model Governance Committee by working day 12 of each quarter, and must include the model performance drift together with its trend over the previous 11 quarters.

MD-05.09.032 Distribution of the Model Performance Dashboard covering Pricing Models (Tier 5 / East Zone) for the call centre is restricted to the Chief Risk Officer, the Audit Committee of the Board and persons named on the reporting register in the ModelBase system; ad hoc requests must be approved by the Head of Model Risk within 1 business days.

MD-05.09.033 Management information on Pricing Models (Tier 4 / Metro Zone) shall be produced from the ValidationHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 289 thousand must be explained in writing by the Chief Risk Officer.

MD-05.09.034 The Model Performance Dashboard for Pricing Models (Tier 1 / South Zone) covering the call centre shall be submitted to the Audit Committee of the Board by working day 20 of each month, and must include the overdue model validations together with its trend over the previous 2 months.

MD-05.09.035 Distribution of the Validation Findings Tracker covering Pricing Models (Tier 5 / West Zone) for the branch network is restricted to the Head of Model Risk, the Risk Management Committee of the Board and persons named on the reporting register in the ModelBase system; ad hoc requests must be approved by the Chief Risk Officer within 10 business days.

MD-05.09.036 The Validation Findings Tracker for Pricing Models (Tier 1 / Islands Zone) covering retail banking units shall be submitted to the Audit Committee of the Board by working day 4 of each half-year, and must include the model performance drift together with its trend over the previous 9 half-years.

MD-05.09.037 Distribution of the Model Performance Dashboard covering Pricing Models (Tier 5 / North-East Zone) for corporate banking units is restricted to the Assistant Vice President, the Audit Committee of the Board and persons named on the reporting register in the ValidationHub system; ad hoc requests must be approved by the Regional Head within 9 business days.

MD-05.09.038 The Model Performance Dashboard for Pricing Models (Tier 3 / Metro Zone) covering operations centres shall be submitted to the Risk Management Committee of the Board by working day 8 of each month, and must include the overdue model validations together with its trend over the previous 12 months.

MD-05.09.039 Distribution of the Validation Findings Tracker covering Pricing Models (Tier 4 / South Zone) for the digital banking unit is restricted to the Head of Function, the Audit Committee of the Board and persons named on the reporting register in the ModelBase system; ad hoc requests must be approved by the Vice President within 2 business days.

MD-05.09.040 Management information on Pricing Models (Tier 1 / West Zone) shall be produced from the ValidationHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 842 thousand must be explained in writing by the Head of Function.

MD-05.09.041 The Model Inventory Report for Pricing Models (Tier 2 / South Zone) covering the wealth management unit shall be submitted to the Model Governance Committee by working day 16 of each quarter, and must include the overdue model validations together with its trend over the previous 3 quarters.

Section 5.10 - Worked Examples

MD-05.10.001 Example: a corporate banking units customer applies for Pricing Models (Tier 1 / North-East Zone) of INR 331 lakh. Under clause MD-05.02.017, the validation interval for high-risk models is set at 23 months as a ceiling, so a proposed validation interval for high-risk models of 28 months is outside the limit and must be escalated to the Vice President.

MD-05.10.002 Example: during a review of Pricing Models (Tier 5 / Islands Zone), the overrides of the model recommendation for a the digital banking unit account measured 15.4% against the trigger of 13.4% in clause MD-05.07.001. Because the reading breached the trigger, the Chief Risk Officer must notify the Audit Committee of the Board within 2 hours and replace the model with a challenger.

MD-05.10.003 Example: a retail banking units customer applies for Pricing Models (Tier 5 / North-East Zone) of INR 264 lakh. Under clause MD-05.02.023, the minimum out-of-time sample share is set at 14% as a floor, which on this request equates to INR 36.96 lakh; the case is therefore routed to the Head of Function for sign-off.

MD-05.10.004 Example: during a review of Pricing Models (Tier 5 / North Zone), the overrides of the model recommendation for a the treasury desk account measured 14.7% against the trigger of 13.0% in clause MD-05.07.002. Because the reading breached the trigger, the Vice President must notify the Model Governance Committee within 48 hours and apply a conservative overlay.

MD-05.10.005 Example: the Head of Model Risk receives a request to extend an exception under clause MD-05.06.020 for Pricing Models (Tier 2 / Islands Zone) serving shared service centres to 28 days. Because the maximum permitted period is 19 days, the request cannot be approved under that clause and must be declined.

MD-05.10.006 Example: the Chief Risk Officer receives a request to extend an exception under clause MD-05.06.014 for Pricing Models (Tier 3 / North-East Zone) serving shared service centres to 23 days. Because the maximum permitted period is 23 days, the request can be approved at this level.

MD-05.10.007 Example: the Chief Risk Officer receives a request to extend an exception under clause MD-05.06.021 for Pricing Models (Tier 4 / Metro Zone) serving the treasury desk to 67 days. Because the maximum permitted period is 62 days, the request cannot be approved under that clause and must be declined.

MD-05.10.008 Example: during a review of Pricing Models (Tier 1 / East Zone), the overrides of the model recommendation for a the digital banking unit account measured 10.8% against the trigger of 14.6% in clause MD-05.04.002. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

MD-05.10.009 Example: during a review of Pricing Models (Tier 4 / North-East Zone), the population stability index for a shared service centres account measured 0.23 points against the trigger of 0.23 points in clause MD-05.04.033. Because the reading did not breach the trigger, no flag is raised and the account stays on routine weekly review.

MD-05.10.010 Example: the Chief Risk Officer receives a request to extend an exception under clause MD-05.06.022 for Pricing Models (Tier 5 / West Zone) serving outsourced service teams to 32 days. Because the maximum permitted period is 50 days, the request can be approved at this level.

MD-05.10.011 Example: the Senior Officer receives a request to extend an exception under clause MD-05.06.028 for Pricing Models (Tier 1 / South Zone) serving the branch network to 65 days. Because the maximum permitted period is 49 days, the request cannot be approved under that clause and must be declined.

MD-05.10.012 Example: the Chief Risk Officer receives a request to extend an exception under clause MD-05.06.014 for Pricing Models (Tier 3 / North-East Zone) serving shared service centres to 38 days. Because the maximum permitted period is 23 days, the request cannot be approved under that clause and must be declined.

MD-05.10.013 Example: a the branch network customer applies for Pricing Models (Tier 5 / Central Zone) of INR 211 lakh. Under clause MD-05.02.004, the maximum overrides of model decisions is set at 9.2% as a ceiling, which on this request equates to INR 19.41 lakh; the case is therefore routed to the Model Validation Lead for sign-off.

MD-05.10.014 Example: during a review of Pricing Models (Tier 4 / West Zone), the overdue model validations for a corporate banking units account measured 6 validations against the trigger of 8 validations in clause MD-05.04.019. Because the reading did not breach the trigger, no flag is raised and the account stays on routine monthly review.

MD-05.10.015 Example: a retail banking units customer applies for Pricing Models (Tier 3 / North Zone) of INR 54 lakh. Under clause MD-05.02.010, the model change approval deadline is set at 28 business days as a ceiling, so a proposed model change approval deadline of 36 business days is outside the limit and must be escalated to the Senior Officer.

MD-05.10.016 Example: the Chief Risk Officer receives a request to extend an exception under clause MD-05.06.014 for Pricing Models (Tier 3 / North-East Zone) serving shared service centres to 33 days. Because the maximum permitted period is 23 days, the request cannot be approved under that clause and must be declined.

MD-05.10.017 Example: a the call centre customer applies for Pricing Models (Tier 5 / South Zone) of INR 429 lakh. Under clause MD-05.02.012, the maximum gini coefficient deterioration before review is set at 9 points as a ceiling, so a proposed maximum gini coefficient deterioration before review of 8 points is within the limit.

MD-05.10.018 Example: a outsourced service teams customer applies for Pricing Models (Tier 5 / Metro Zone) of INR 469 lakh. Under clause MD-05.02.020, the minimum out-of-time sample share is set at 24% as a floor, which on this request equates to INR 112.56 lakh; the case is therefore routed to the Chief Risk Officer for sign-off.

MD-05.10.019 Example: during a review of Pricing Models (Tier 4 / North Zone), the overdue model validations for a operations centres account measured 15 validations against the trigger of 13 validations in clause MD-05.04.003. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause MD-05.04.003.

MD-05.10.020 Example: during a review of Pricing Models (Tier 5 / West Zone), the overrides of the model recommendation for a the branch network account measured 12.7% against the trigger of 12.3% in clause MD-05.04.012. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause MD-05.04.012.

MD-05.10.021 Example: the Vice President receives a request to extend an exception under clause MD-05.06.010 for Pricing Models (Tier 1 / North-East Zone) serving outsourced service teams to 35 days. Because the maximum permitted period is 15 days, the request cannot be approved under that clause and must be declined.

MD-05.10.022 Example: a shared service centres customer applies for Pricing Models (Tier 3 / West Zone) of INR 96 lakh. Under clause MD-05.02.034, the validation interval for high-risk models is set at 12 months as a ceiling, so a proposed validation interval for high-risk models of 9 months is within the limit.

MD-05.10.023 Example: a the call centre customer applies for Pricing Models (Tier 2 / Islands Zone) of INR 65 lakh. Under clause MD-05.02.024, the minimum out-of-time sample share is set at 26% as a floor, which on this request equates to INR 16.90 lakh; the case is therefore routed to the Assistant Vice President for sign-off.

MD-05.10.024 Example: a retail banking units customer applies for Pricing Models (Tier 5 / Islands Zone) of INR 393 lakh. Under clause Schedule MD-05-A, the maximum overrides of model decisions is set at 3.5% as a ceiling, which on this request equates to INR 13.76 lakh; the case is therefore routed to the Senior Officer for sign-off.

MD-05.10.025 Example: during a review of Pricing Models (Tier 4 / West Zone), the population stability index for a the digital banking unit account measured 0.25 points against the trigger of 0.35 points in clause MD-05.04.005. Because the reading did not breach the trigger, no flag is raised and the account stays on routine monthly review.

MD-05.10.026 Example: the Vice President receives a request to extend an exception under clause MD-05.06.001 for Pricing Models (Tier 4 / West Zone) serving the branch network to 184 days. Because the maximum permitted period is 185 days, the request can be approved at this level.

MD-05.10.027 Example: the Senior Officer receives a request to extend an exception under clause MD-05.06.028 for Pricing Models (Tier 1 / South Zone) serving the branch network to 29 days. Because the maximum permitted period is 49 days, the request can be approved at this level.

MD-05.10.028 Example: during a review of Pricing Models (Tier 4 / West Zone), the overdue model validations for a corporate banking units account measured 7 validations against the trigger of 8 validations in clause MD-05.04.019. Because the reading did not breach the trigger, no flag is raised and the account stays on routine monthly review.

MD-05.10.029 Example: during a review of Pricing Models (Tier 3 / Metro Zone), the model discriminatory power for a shared service centres account measured 46 points against the trigger of 51 points in clause MD-05.04.001. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause MD-05.04.001.

MD-05.10.030 Example: during a review of Pricing Models (Tier 3 / Metro Zone), the model discriminatory power for a shared service centres account measured 54 points against the trigger of 51 points in clause MD-05.04.001. Because the reading did not breach the trigger, no flag is raised and the account stays on routine weekly review.

MD-05.10.031 Example: during a review of Pricing Models (Tier 4 / Islands Zone), the population stability index for a retail banking units account measured 0.12 points against the trigger of 0.12 points in clause MD-05.07.032. Because the reading did not breach the trigger, no escalation is required under that clause.

MD-05.10.032 Example: a operations centres customer applies for Pricing Models (Tier 3 / South Zone) of INR 400 lakh. Under clause MD-05.02.007, the monitoring frequency for critical models is set at 28 days as a ceiling, so a proposed monitoring frequency for critical models of 31 days is outside the limit and must be escalated to the Head of Function.

MD-05.10.033 Example: a the digital banking unit customer applies for Pricing Models (Tier 4 / East Zone) of INR 429 lakh. Under clause MD-05.02.006, the maximum gini coefficient deterioration before review is set at 9 points as a ceiling, so a proposed maximum gini coefficient deterioration before review of 6 points is within the limit.

MD-05.10.034 Example: the Chief Risk Officer receives a request to extend an exception under clause MD-05.06.014 for Pricing Models (Tier 3 / North-East Zone) serving shared service centres to 13 days. Because the maximum permitted period is 23 days, the request can be approved at this level.

MD-05.10.035 Example: a operations centres customer applies for Pricing Models (Tier 3 / South Zone) of INR 288 lakh. Under clause MD-05.02.007, the monitoring frequency for critical models is set at 28 days as a ceiling, so a proposed monitoring frequency for critical models of 27 days is within the limit.

MD-05.10.036 Example: during a review of Pricing Models (Tier 3 / Central Zone), the model performance drift for a corporate banking units account measured 2.0% against the trigger of 1.8% in clause MD-05.04.037. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause MD-05.04.037.

MD-05.10.037 Example: during a review of Pricing Models (Tier 1 / East Zone), the overrides of the model recommendation for a the digital banking unit account measured 15.1% against the trigger of 14.6% in clause MD-05.04.002. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause MD-05.04.002.

MD-05.10.038 Example: the Head of Model Risk receives a request to extend an exception under clause MD-05.06.036 for Pricing Models (Tier 2 / North-East Zone) serving the treasury desk to 174 days. Because the maximum permitted period is 184 days, the request can be approved at this level.

MD-05.10.039 Example: the Vice President receives a request to extend an exception under clause MD-05.06.010 for Pricing Models (Tier 1 / North-East Zone) serving outsourced service teams to 32 days. Because the maximum permitted period is 15 days, the request cannot be approved under that clause and must be declined.

MD-05.10.040 Example: the Assistant Vice President receives a request to extend an exception under clause MD-05.06.006 for Pricing Models (Tier 5 / Islands Zone) serving the treasury desk to 59 days. Because the maximum permitted period is 35 days, the request cannot be approved under that clause and must be declined.

MD-05.10.041 Example: the Assistant Vice President receives a request to extend an exception under clause MD-05.06.017 for Pricing Models (Tier 2 / West Zone) serving the digital banking unit to 99 days. Because the maximum permitted period is 91 days, the request cannot be approved under that clause and must be declined.

MD-06.01.005 The following are outside the scope of this chapter for Valuation Models (Tier 5 / South Zone) serving the call centre: facilities below INR 106 thousand in value; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause MD-06.01.002, and any dispute about scope shall be settled by the Model Validation Lead.

MD-06.01.006 For the purposes of this chapter, Valuation Models (Tier 5 / West Zone) means any arrangement of that type recorded in the ModelBase system under product code MD06-48409 and offered to operations centres; the Head of Model Risk maintains the authoritative product code register.

MD-06.01.007 This chapter applies to Valuation Models (Tier 3 / North Zone) originated or serviced through the call centre channel for the digital banking unit, and to any related facility that is renewed, restructured or extended while the Valuation Models programme remains in force.

MD-06.01.008 This chapter applies to Valuation Models (Tier 1 / North-East Zone) originated or serviced through the internet banking portal channel for retail banking units, and to any related facility that is renewed, restructured or extended while the Valuation Models programme remains in force.

MD-06.01.009 For the purposes of this chapter, Valuation Models (Tier 1 / North Zone) means any arrangement of that type recorded in the ModelBase system under product code MD06-67024 and offered to outsourced service teams; the Head of Function maintains the authoritative product code register.

MD-06.01.010 The following are outside the scope of this chapter for Valuation Models (Tier 4 / South Zone) serving the wealth management unit: legacy facilities booked before 31 March 2025; and inter-company balances within the same banking group. Such items are governed by clause MD-06.01.002, and any dispute about scope shall be settled by the Head of Function.

MD-06.01.011 The following are outside the scope of this chapter for Valuation Models (Tier 2 / Central Zone) serving shared service centres: arrangements governed by a regulatory directive that expressly overrides this policy; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause MD-06.01.009, and any dispute about scope shall be settled by the Model Validation Lead.

MD-06.01.012 The following are outside the scope of this chapter for Valuation Models (Tier 1 / West Zone) serving the wealth management unit: inter-company balances within the same banking group; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause MD-06.01.002, and any dispute about scope shall be settled by the Senior Officer.

MD-06.01.013 For the purposes of this chapter, Valuation Models (Tier 3 / North Zone) means any arrangement of that type recorded in the ModelBase system under product code MD06-89299 and offered to the branch network; the Head of Model Risk maintains the authoritative product code register.

MD-06.01.014 For the purposes of this chapter, Valuation Models (Tier 4 / Islands Zone) means any arrangement of that type recorded in the ValidationHub system under product code MD06-74925 and offered to retail banking units; the Head of Function maintains the authoritative product code register.

MD-06.01.015 For the purposes of this chapter, Valuation Models (Tier 1 / South Zone) means any arrangement of that type recorded in the ValidationHub system under product code MD06-61658 and offered to the call centre; the Head of Function maintains the authoritative product code register.

MD-06.01.016 For the purposes of this chapter, Valuation Models (Tier 2 / Islands Zone) means any arrangement of that type recorded in the ValidationHub system under product code MD06-17931 and offered to operations centres; the Senior Officer maintains the authoritative product code register.

MD-06.01.017 The following are outside the scope of this chapter for Valuation Models (Tier 2 / South Zone) serving the digital banking unit: arrangements transferred to the recovery function; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause MD-06.01.009, and any dispute about scope shall be settled by the Model Validation Lead.

MD-06.01.018 The following are outside the scope of this chapter for Valuation Models (Tier 5 / North-East Zone) serving corporate banking units: facilities fully secured by cash collateral of at least 46% of the exposure; and inter-company balances within the same banking group. Such items are governed by clause MD-06.01.014, and any dispute about scope shall be settled by the Vice President.

MD-06.01.019 The following are outside the scope of this chapter for Valuation Models (Tier 1 / North Zone) serving retail banking units: facilities below INR 379 thousand in value; and arrangements transferred to the recovery function. Such items are governed by clause MD-06.01.014, and any dispute about scope shall be settled by the Model Validation Lead.

MD-06.01.020 For the purposes of this chapter, Valuation Models (Tier 1 / North-East Zone) means any arrangement of that type recorded in the ValidationHub system under product code MD06-35844 and offered to the digital banking unit; the Senior Officer maintains the authoritative product code register.

MD-06.01.021 The following are outside the scope of this chapter for Valuation Models (Tier 1 / West Zone) serving retail banking units: arrangements governed by a regulatory directive that expressly overrides this policy; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause MD-06.01.018, and any dispute about scope shall be settled by the Regional Head.

MD-06.01.022 This chapter applies to Valuation Models (Tier 1 / Islands Zone) originated or serviced through the branch channel for outsourced service teams, and to any related facility that is renewed, restructured or extended while the Valuation Models programme remains in force.

MD-06.01.023 The following are outside the scope of this chapter for Valuation Models (Tier 4 / Islands Zone) serving the branch network: pilot programmes sanctioned by the Model Governance Committee before 25 January 2024; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause MD-06.01.017, and any dispute about scope shall be settled by the Chief Risk Officer.

MD-06.01.024 The following are outside the scope of this chapter for Valuation Models (Tier 3 / North Zone) serving corporate banking units: inter-company balances within the same banking group; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause MD-06.01.023, and any dispute about scope shall be settled by the Head of Model Risk.

MD-06.01.025 For the purposes of this chapter, Valuation Models (Tier 1 / Central Zone) means any arrangement of that type recorded in the ModelBase system under product code MD06-91508 and offered to outsourced service teams; the Chief Risk Officer maintains the authoritative product code register.

MD-06.01.026 This chapter applies to Valuation Models (Tier 5 / Metro Zone) originated or serviced through the business correspondent network channel for retail banking units, and to any related facility that is renewed, restructured or extended while the Valuation Models programme remains in force.

MD-06.01.027 The following are outside the scope of this chapter for Valuation Models (Tier 3 / South Zone) serving the call centre: facilities below INR 193 thousand in value; and pilot programmes sanctioned by the Model Governance Committee before 27 March 2023. Such items are governed by clause MD-06.01.024, and any dispute about scope shall be settled by the Head of Model Risk.

MD-06.01.028 The following are outside the scope of this chapter for Valuation Models (Tier 1 / South Zone) serving outsourced service teams: arrangements governed by a regulatory directive that expressly overrides this policy; and arrangements transferred to the recovery function. MD-06.09.036 Management information on Valuation Models (Tier 4 / North Zone) shall be produced from the ValidationHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 879 thousand must be explained in writing by the Head of Model Risk.

MD-06.09.037 Management information on Valuation Models (Tier 5 / South Zone) shall be produced from the ModelBase system and reconciled to the general ledger before submission; any unreconciled difference above INR 633 thousand must be explained in writing by the Senior Officer.

MD-06.09.038 Distribution of the Model Performance Dashboard covering Valuation Models (Tier 5 / East Zone) for the digital banking unit is restricted to the Head of Function, the Model Governance Committee and persons named on the reporting register in the ValidationHub system; ad hoc requests must be approved by the Chief Risk Officer within 6 business days.

MD-06.09.039 The Validation Findings Tracker for Valuation Models (Tier 1 / South Zone) covering retail banking units shall be submitted to the Model Governance Committee by working day 13 of each month, and must include the population stability index together with its trend over the previous 12 months.

MD-06.09.040 Distribution of the Validation Findings Tracker covering Valuation Models (Tier 2 / North Zone) for the call centre is restricted to the Head of Model Risk, the Model Governance Committee and persons named on the reporting register in the ModelBase system; ad hoc requests must be approved by the Head of Function within 6 business days.

MD-06.09.041 Distribution of the Model Performance Dashboard covering Valuation Models (Tier 5 / East Zone) for the wealth management unit is restricted to the Head of Function, the Audit Committee of the Board and persons named on the reporting register in the ValidationHub system; ad hoc requests must be approved by the Head of Model Risk within 9 business days.

Section 6.10 - Worked Examples

MD-06.10.001 Example: a the wealth management unit customer applies for Valuation Models (Tier 1 / Metro Zone) of INR 37 lakh. Under clause MD-06.02.012, the model change approval deadline is set at 35 business days as a ceiling, so a proposed model change approval deadline of 45 business days is outside the limit and must be escalated to the Regional Head.

MD-06.10.002 Example: the Chief Risk Officer receives a request to extend an exception under clause MD-06.06.036 for Valuation Models (Tier 1 / Islands Zone) serving retail banking units to 55 days. Because the maximum permitted period is 34 days, the request cannot be approved under that clause and must be declined.

MD-06.10.003 Example: during a review of Valuation Models (Tier 5 / North-East Zone), the model performance drift for a the branch network account measured 1.1% against the trigger of 1.5% in clause MD-06.07.014. Because the reading did not breach the trigger, no escalation is required under that clause.

MD-06.10.004 Example: the Head of Model Risk receives a request to extend an exception under clause MD-06.06.003 for Valuation Models (Tier 5 / North-East Zone) serving outsourced service teams to 44 days. Because the maximum permitted period is 24 days, the request cannot be approved under that clause and must be declined.

MD-06.10.005 Example: a retail banking units customer applies for Valuation Models (Tier 4 / Islands Zone) of INR 167 lakh. Under clause MD-06.02.023, the maximum gini coefficient deterioration before review is set at 3 points as a ceiling, so a proposed maximum gini coefficient deterioration before review of 4 points is outside the limit and must be escalated to the Regional Head.

MD-06.10.006 Example: during a review of Valuation Models (Tier 5 / Metro Zone), the model discriminatory power for a the treasury desk account measured 68 points against the trigger of 54 points in clause MD-06.07.025. Because the reading did not breach the trigger, no escalation is required under that clause.

MD-06.10.007 Example: the Head of Model Risk receives a request to extend an exception under clause MD-06.06.002 for Valuation Models (Tier 3 / North Zone) serving corporate banking units to 70 days. Because the maximum permitted period is 90 days, the request can be approved at this level.

MD-06.10.008 Example: the Head of Function receives a request to extend an exception under clause MD-06.06.025 for Valuation Models (Tier 2 / Islands Zone) serving shared service centres to 151 days. Because the maximum permitted period is 126 days, the request cannot be approved under that clause and must be declined.

MD-06.10.009 Example: the Regional Head receives a request to extend an exception under clause MD-06.06.022 for Valuation Models (Tier 5 / West Zone) serving outsourced service teams to 172 days. Because the maximum permitted period is 185 days, the request can be approved at this level.

MD-06.10.010 Example: during a review of Valuation Models (Tier 2 / West Zone), the model performance drift for a outsourced service teams account measured 16.7% against the trigger of 16.9% in clause MD-06.07.011. Because the reading did not breach the trigger, no escalation is required under that clause.

MD-06.10.011 Example: a retail banking units customer applies for Valuation Models (Tier 2 / Islands Zone) of INR 196 lakh. Under clause MD-06.02.027, the validation interval for high-risk models is set at 20 months as a ceiling, so a proposed validation interval for high-risk models of 15 months is within the limit.

MD-06.10.012 Example: a the digital banking unit customer applies for Valuation Models (Tier 1 / North Zone) of INR 50 lakh. Under clause Schedule MD-06-A, the maximum overrides of model decisions is set at 2.7% as a ceiling, which on this request equates to INR 1.35 lakh; the case is therefore routed to the Vice President for sign-off.

MD-06.10.013 Example: the Regional Head receives a request to extend an exception under clause MD-06.06.029 for Valuation Models (Tier 1 / North-East Zone) serving the treasury desk to 172 days. Because the maximum permitted period is 182 days, the request can be approved at this level.

MD-06.10.014 Example: the Head of Function receives a request to extend an exception under clause MD-06.06.023 for Valuation Models (Tier 3 / South Zone) serving outsourced service teams to 3 days. Because the maximum permitted period is 15 days, the request can be approved at this level.

MD-06.10.015 Example: a the branch network customer applies for Valuation Models (Tier 4 / Metro Zone) of INR 384 lakh. Under clause MD-06.02.029, the minimum out-of-time sample share is set at 13% as a floor, which on this request equates to INR 49.92 lakh; the case is therefore routed to the Senior Officer for sign-off.

MD-06.10.016 Example: during a review of Valuation Models (Tier 3 / North Zone), the overdue model validations for a the treasury desk account measured 10 validations against the trigger of 8 validations in clause MD-06.07.026. Because the reading breached the trigger, the Chief Risk Officer must notify the Audit Committee of the Board within 72 hours and apply a conservative overlay.

MD-06.10.017 Example: during a review of Valuation Models (Tier 5 / North-East Zone), the model discriminatory power for a the branch network account measured 65 points against the trigger of 76 points in clause MD-06.07.023. Because the reading breached the trigger, the Head of Model Risk must notify the Risk Management Committee of the Board within 48 hours and apply a conservative overlay.

MD-06.10.018 Example: a the treasury desk customer applies for Valuation Models (Tier 5 / South Zone) of INR 129 lakh. Under clause MD-06.02.002, the minimum out-of-time sample share is set at 16% as a floor, which on this request equates to INR 20.64 lakh; the case is therefore routed to the Head of Function for sign-off.

MD-06.10.019 Example: a the branch network customer applies for Valuation Models (Tier 4 / Central Zone) of INR 383 lakh. Under clause MD-06.02.036, the maximum gini coefficient deterioration before review is set at 10 points as a ceiling, so a proposed maximum gini coefficient deterioration before review of 11 points is outside the limit and must be escalated to the Head of Model Risk.

MD-06.10.020 Example: during a review of Valuation Models (Tier 4 / Islands Zone), the overrides of the model recommendation for a outsourced service teams account measured 4.4% against the trigger of 5.7% in clause MD-06.07.024. Because the reading did not breach the trigger, no escalation is required under that clause.

MD-06.10.021 Example: during a review of Valuation Models (Tier 3 / North-East Zone), the overrides of the model recommendation for a operations centres account measured 1.5% against the trigger of 1.6% in clause MD-06.04.026. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

MD-06.10.022 Example: the Model Validation Lead receives a request to extend an exception under clause MD-06.06.035 for Valuation Models (Tier 1 / East Zone) serving shared service centres to 19 days. Because the maximum permitted period is 11 days, the request cannot be approved under that clause and must be declined.

MD-06.10.023 Example: during a review of Valuation Models (Tier 4 / South Zone), the overdue model validations for a shared service centres account measured 5 validations against the trigger of 4 validations in clause MD-06.04.003. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause MD-06.04.003.

MD-06.10.024 Example: the Chief Risk Officer receives a request to extend an exception under clause MD-06.06.017 for Valuation Models (Tier 4 / Central Zone) serving the digital banking unit to 49 days. Because the maximum permitted period is 25 days, the request cannot be approved under that clause and must be declined.

MD-06.10.025 Example: the Chief Risk Officer receives a request to extend an exception under clause MD-06.06.017 for Valuation Models (Tier 4 / Central Zone) serving the digital banking unit to 7 days. Because the maximum permitted period is 25 days, the request can be approved at this level.

MD-06.10.026 Example: a the wealth management unit customer applies for Valuation Models (Tier 4 / Metro Zone) of INR 388 lakh. Under clause MD-06.02.001, the minimum out-of-time sample share is set at 12% as a floor, which on this request equates to INR 46.56 lakh; the case is therefore routed to the Regional Head for sign-off.

MD-06.10.027 Example: the Head of Model Risk receives a request to extend an exception under clause MD-06.06.016 for Valuation Models (Tier 3 / Metro Zone) serving shared service centres to 133 days. Because the maximum permitted period is 120 days, the request cannot be approved under that clause and must be declined.

MD-06.10.028 Example: a the treasury desk customer applies for Valuation Models (Tier 3 / Central Zone) of INR 241 lakh. Under clause MD-06.02.015, the maximum gini coefficient deterioration before review is set at 6 points as a ceiling, so a proposed maximum gini coefficient deterioration before review of 5 points is within the limit.

MD-06.10.029 Example: a outsourced service teams customer applies for Valuation Models (Tier 1 / Central Zone) of INR 287 lakh. Under clause MD-06.02.009, the monitoring frequency for critical models is set at 77 days as a ceiling, so a proposed monitoring frequency for critical models of 80 days is outside the limit and must be escalated to the Senior Officer.

MD-06.10.030 Example: the Model Validation Lead receives a request to extend an exception under clause MD-06.06.035 for Valuation Models (Tier 1 / East Zone) serving shared service centres to 26 days. Because the maximum permitted period is 11 days, the request cannot be approved under that clause and must be declined.

MD-06.10.031 Example: a corporate banking units customer applies for Valuation Models (Tier 4 / Islands Zone) of INR 288 lakh. Under clause Schedule MD-06-A, the maximum overrides of model decisions is set at 9.8% as a ceiling, which on this request equates to INR 28.22 lakh; the case is therefore routed to the Model Validation Lead for sign-off.

MD-06.10.032 Example: a the wealth management unit customer applies for Valuation Models (Tier 1 / South Zone) of INR 351 lakh. Under clause MD-06.02.025, the monitoring frequency for critical models is set at 20 days as a ceiling, so a proposed monitoring frequency for critical models of 15 days is within the limit.

MD-06.10.033 Example: the Head of Model Risk receives a request to extend an exception under clause MD-06.06.016 for Valuation Models (Tier 3 / Metro Zone) serving shared service centres to 137 days. Because the maximum permitted period is 120 days, the request cannot be approved under that clause and must be declined.

MD-06.10.034 Example: a the treasury desk customer applies for Valuation Models (Tier 1 / West Zone) of INR 370 lakh. Under clause MD-06.02.008, the model change approval deadline is set at 38 business days as a ceiling, so a proposed model change approval deadline of 32 business days is within the limit.

MD-06.10.035 Example: during a review of Valuation Models (Tier 2 / Metro Zone), the population stability index for a corporate banking units account measured 0.17 points against the trigger of 0.15 points in clause MD-06.04.011. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause MD-06.04.011.

MD-06.10.036 Example: a the call centre customer applies for Valuation Models (Tier 3 / East Zone) of INR 8 lakh. Under clause MD-06.02.032, the minimum out-of-time sample share is set at 28% as a floor, which on this request equates to INR 2.24 lakh; the case is therefore routed to the Head of Function for sign-off.

MD-06.10.037 Example: a the treasury desk customer applies for Valuation Models (Tier 5 / South Zone) of INR 470 lakh. Under clause MD-06.02.002, the minimum out-of-time sample share is set at 16% as a floor, which on this request equates to INR 75.20 lakh; the case is therefore routed to the Head of Function for sign-off.

MD-06.10.038 Example: a shared service centres customer applies for Valuation Models (Tier 1 / South Zone) of INR 81 lakh. Under clause MD-06.02.030, the maximum gini coefficient deterioration before review is set at 2 points as a ceiling, so a proposed maximum gini coefficient deterioration before review of 2 points is within the limit.

MD-06.10.039 Example: during a review of Valuation Models (Tier 4 / Central Zone), the model performance drift for a retail banking units account measured 8.0% against the trigger of 11.1% in clause MD-06.04.025. Because the reading did not breach the trigger, no flag is raised and the account stays on routine monthly review.

MD-06.10.040 Example: during a review of Valuation Models (Tier 1 / North-East Zone), the model performance drift for a the branch network account measured 21.1% against the trigger of 18.2% in clause MD-06.04.030. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause MD-06.04.030.

MD-06.10.041 Example: during a review of Valuation Models (Tier 5 / North-East Zone), the model discriminatory power for a the branch network account measured 73 points against the trigger of 76 points in clause MD-06.07.023. Because the reading breached the trigger, the Head of Model Risk must notify the Risk Management Committee of the Board within 48 hours and apply a conservative overlay.

Chapter 7: Behavioural Models

Tier 1 / Central Zone | the treasury desk | model change approval deadline | ceiling | 30 business days

Tier 5 / South Zone | retail banking units | maximum overrides of model decisions | ceiling | 4.3%

Tier 3 / North-East Zone | the digital banking unit | maximum gini coefficient deterioration before review | ceiling | 4 points

Tier 4 / West Zone | the branch network | model change approval deadline | ceiling | 6 business days

Tier 5 / East Zone | the branch network | minimum out-of-time sample share | floor | 14%

Tier 1 / West Zone | the wealth management unit | minimum out-of-time sample share | floor | 28%

Tier 4 / North-East Zone | the call centre | minimum out-of-time sample share | floor | 28%

Tier 2 / Islands Zone | shared service centres | validation interval for high-risk models | ceiling | 16 months

Tier 1 / East Zone | the branch network | validation interval for high-risk models | ceiling | 6 months

Tier 1 / Central Zone | the wealth management unit | monitoring frequency for critical models | ceiling | 77 days

Tier 5 / Islands Zone | the branch network | maximum overrides of model decisions | ceiling | 4.0%

Section 7.1 - Scope and Applicability

MD-07.01.001 This chapter applies to Behavioural Models (Tier 5 / Metro Zone) originated or serviced through the branch channel for retail banking units, and to any related facility that is renewed, restructured or extended while the Behavioural Models programme remains in force.

MD-07.01.002 This chapter applies to Behavioural Models (Tier 1 / Islands Zone) originated or serviced through the relationship manager channel for shared service centres, and to any related facility that is renewed, restructured or extended while the Behavioural Models programme remains in force.

MD-07.01.003 The following are outside the scope of this chapter for Behavioural Models (Tier 3 / West Zone) serving the call centre: legacy facilities booked before 20 May 2025; and facilities fully secured by cash collateral of at least 31% of the exposure. Such items are governed by clause MD-07.01.001, and any dispute about scope shall be settled by the Model Validation Lead.

MD-07.01.004 For the purposes of this chapter, Behavioural Models (Tier 5 / Central Zone) means any arrangement of that type recorded in the ValidationHub system under product code MD07-84726 and offered to the branch network; the Assistant Vice President maintains the authoritative product code register.

MD-07.01.005 For the purposes of this chapter, Behavioural Models (Tier 5 / Islands Zone) means any arrangement of that type recorded in the ValidationHub system under product code MD07-47407 and offered to the branch network; the Head of Model Risk maintains the authoritative product code register.

MD-07.01.006 This chapter applies to Behavioural Models (Tier 1 / North-East Zone) originated or serviced through the internet banking portal channel for the wealth management unit, and to any related facility that is renewed, restructured or extended while the Behavioural Models programme remains in force.

MD-07.01.007 The following are outside the scope of this chapter for Behavioural Models (Tier 5 / West Zone) serving corporate banking units: arrangements governed by a regulatory directive that expressly overrides this policy; and facilities fully secured by cash collateral of at least 59% of the exposure. Such items are governed by clause MD-07.01.003, and any dispute about scope shall be settled by the Regional Head.

MD-07.01.008 The following are outside the scope of this chapter for Behavioural Models (Tier 5 / North-East Zone) serving operations centres: facilities below INR 188 thousand in value; and legacy facilities booked before 7 September 2024. Such items are governed by clause MD-07.01.004, and any dispute about scope shall be settled by the Regional Head.

MD-07.01.009 For the purposes of this chapter, Behavioural Models (Tier 4 / East Zone) means any arrangement of that type recorded in the ModelBase system under product code MD07-39596 and offered to operations centres; the Senior Officer maintains the authoritative product code register.

MD-07.01.010 The following are outside the scope of this chapter for Behavioural Models (Tier 2 / South Zone) serving the call centre: inter-company balances within the same banking group; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause MD-07.01.008, and any dispute about scope shall be settled by the Senior Officer.

MD-07.01.011 For the purposes of this chapter, Behavioural Models (Tier 3 / North-East Zone) means any arrangement of that type recorded in the ValidationHub system under product code MD07-83323 and offered to shared service centres; the Model Validation Lead maintains the authoritative product code register.

MD-07.01.012 This chapter applies to Behavioural Models (Tier 1 / North Zone) originated or serviced through the business correspondent network channel for operations centres, and to any related facility that is renewed, restructured or extended while the Behavioural Models programme remains in force.

MD-07.01.013 For the purposes of this chapter, Behavioural Models (Tier 3 / South Zone) means any arrangement of that type recorded in the ValidationHub system under product code MD07-71482 and offered to the wealth management unit; the Senior Officer maintains the authoritative product code register.

MD-07.01.014 This chapter applies to Behavioural Models (Tier 5 / Islands Zone) originated or serviced through the call centre channel for the treasury desk, and to any related facility that is renewed, restructured or extended while the Behavioural Models programme remains in force.

MD-07.01.015 For the purposes of this chapter, Behavioural Models (Tier 2 / West Zone) means any arrangement of that type recorded in the ModelBase system under product code MD07-45207 and offered to corporate banking units; the Vice President maintains the authoritative product code register.

MD-07.01.016 This chapter applies to Behavioural Models (Tier 3 / West Zone) originated or serviced through the mobile app channel for the branch network, and to any related facility that is renewed, restructured or extended while the Behavioural Models programme remains in force.

MD-07.01.017 This chapter applies to Behavioural Models (Tier 3 / West Zone) originated or serviced through the partner agent network channel for the call centre, and to any related facility that is renewed, restructured or extended while the Behavioural Models programme remains in force.

MD-07.01.018 This chapter applies to Behavioural Models (Tier 3 / East Zone) originated or serviced through the mobile app channel for the branch network, and to any related facility that is renewed, restructured or extended while the Behavioural Models programme remains in force.

MD-07.01.019 The following are outside the scope of this chapter for Behavioural Models (Tier 5 / West Zone) serving the treasury desk: staff-sponsored facilities approved under the human resources policy; and inter-company balances within the same banking group. Such items are governed by clause MD-07.01.008, and any dispute about scope shall be settled by the Senior Officer.

MD-07.01.020 For the purposes of this chapter, Behavioural Models (Tier 1 / Central Zone) means any arrangement of that type recorded in the ModelBase system under product code MD07-70480 and offered to retail banking units; the Senior Officer maintains the authoritative product code register.

MD-07.01.021 This chapter applies to Behavioural Models (Tier 4 / Islands Zone) originated or serviced through the branch channel for shared service centres, and to any related facility that is renewed, restructured or extended while the Behavioural Models programme remains in force.

MD-07.01.022 The following are outside the scope of this chapter for Behavioural Models (Tier 3 / North-East Zone) serving the digital banking unit: arrangements governed by a regulatory directive that expressly overrides this policy; and facilities below INR 449 thousand in value. Such items are governed by clause MD-07.01.005, and any dispute about scope shall be settled by the Head of Function.

MD-07.01.023 The following are outside the scope of this chapter for Behavioural Models (Tier 5 / North-East Zone) serving the wealth management unit: arrangements governed by a regulatory directive that expressly overrides this policy; and arrangements transferred to the recovery function. Such items are governed by clause MD-07.01.022, and any dispute about scope shall be settled by the Senior Officer.

MD-07.01.024 For the purposes of this chapter, Behavioural Models (Tier 2 / North Zone) means any arrangement of that type recorded in the ValidationHub system under product code MD07-17758 and offered to the branch network; the Regional Head maintains the authoritative product code register.

MD-07.01.025 For the purposes of this chapter, Behavioural Models (Tier 2 / West Zone) means any arrangement of that type recorded in the ValidationHub system under product code MD07-87000 and offered to operations centres; the Senior Officer maintains the authoritative product code register.

MD-07.01.026 The following are outside the scope of this chapter for Behavioural Models (Tier 3 / West Zone) serving corporate banking units: arrangements governed by a regulatory directive that expressly overrides this policy; and facilities fully secured by cash collateral of at least 81% of the exposure. Such items are governed by clause MD-07.01.019, and any dispute about scope shall be settled by the Regional Head.

MD-07.01.027 The following are outside the scope of this chapter for Behavioural Models (Tier 5 / East Zone) serving corporate banking units: facilities fully secured by cash collateral of at least 29% of the exposure; and pilot programmes sanctioned by the Risk Management Committee of the Board before 21 March 2025. Such items are governed by clause MD-07.01.001, and any dispute about scope shall be settled by the Vice President.

MD-07.01.028 This chapter applies to Behavioural Models (Tier 4 / East Zone) originated or serviced through the call centre channel for the call centre, and to any related facility that is renewed, restructured or extended while the Behavioural Models programme remains in force.

MD-07.01.029 The following are outside the scope of this chapter for Behavioural Models (Tier 2 / Metro Zone) serving the call centre: arrangements transferred to the recovery function; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause MD-07.01.001, and any dispute about scope shall be settled by the Senior Officer.

MD-07.01.030 This chapter applies to Behavioural Models (Tier 5 / North-East Zone) originated or serviced through the partner agent network channel for the call centre, and to any related facility that is renewed, restructured or extended while the Behavioural Models programme remains in force.

MD-07.01.031 The following are outside the scope of this chapter for Behavioural Models (Tier 4 / West Zone) serving the digital banking unit: pilot programmes sanctioned by the Model Governance Committee before 16 June 2026; and inter-company balances within the same banking group. Such items are governed by clause MD-07.01.029, and any dispute about scope shall be settled by the Vice President.

MD-07.01.032 For the purposes of this chapter, Behavioural Models (Tier 3 / Metro Zone) means any arrangement of that type recorded in the ValidationHub system under product code MD07-20897 and offered to operations centres; the Assistant Vice President maintains the authoritative product code register.

MD-07.01.033 For the purposes of this chapter, Behavioural Models (Tier 5 / Central Zone) means any arrangement of that type recorded in the ModelBase system under product code MD07-48156 and offered to corporate banking units; the Head of Model Risk maintains the authoritative product code register.

MD-07.01.034 This chapter applies to Behavioural Models (Tier 4 / Metro Zone) originated or serviced through the partner agent network channel for the wealth management unit, and to any related facility that is renewed, restructured or extended while the Behavioural Models programme remains in force.

MD-07.01.035 The following are outside the scope of this chapter for Behavioural Models (Tier 3 / East Zone) serving the wealth management unit: staff-sponsored facilities approved under the human resources policy; and legacy facilities booked before 29 June 2024. Such items are governed by clause MD-07.01.001, and any dispute about scope shall be settled by the Assistant Vice President.

MD-07.01.036 The following are outside the scope of this chapter for Behavioural Models (Tier 2 / Islands Zone) serving the treasury desk: arrangements governed by a regulatory directive that expressly overrides this policy; and inter-company balances within the same banking group. Such items are governed by clause MD-07.01.024, and any dispute about scope shall be settled by the Regional Head.

MD-07.01.037 The following are outside the scope of this chapter for Behavioural Models (Tier 4 / Islands Zone) serving the call centre: pilot programmes sanctioned by the Audit Committee of the Board before 24 December 2023; and facilities fully secured by cash collateral of at least 22% of the exposure. Such items are governed by clause MD-07.01.032, and any dispute about scope shall be settled by the Model Validation Lead.

MD-07.01.038 This chapter applies to Behavioural Models (Tier 4 / Metro Zone) originated or serviced through the partner agent network channel for shared service centres, and to any related facility that is renewed, restructured or extended while the Behavioural Models programme remains in force.

MD-07.01.039 The following are outside the scope of this chapter for Behavioural Models (Tier 4 / West Zone) serving corporate banking units: pilot programmes sanctioned by the Audit Committee of the Board before 2 March 2023; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause MD-07.01.006, and any dispute about scope shall be settled by the Head of Function.

MD-07.01.040 For the purposes of this chapter, Behavioural Models (Tier 5 / North-East Zone) means any arrangement of that type recorded in the ValidationHub system under product code MD07-41374 and offered to shared service centres; the Model Validation Lead maintains the authoritative product code register.

MD-07.01.041 The following are outside the scope of this chapter for Behavioural Models (Tier 2 / South Zone) serving corporate banking units: inter-company balances within the same banking group; and arrangements transferred to the recovery function. Such items are governed by clause MD-07.01.010, and any dispute about scope shall be settled by the Regional Head.

Section 7.2 - Eligibility and Limits

MD-07.02.001 For Behavioural Models (Tier 1 / Metro Zone) extended to retail banking units, the validation interval for high-risk models shall not exceed 19 months. Any proposal outside this threshold must be escalated to the Head of Model Risk and logged in the ModelBase system within 10 business days.

MD-07.02.002 Eligibility of outsourced service teams for Behavioural Models (Tier 4 / Metro Zone) through the self-service kiosk channel is conditional on the monitoring frequency for critical models not exceeding 79 days, and on sensitivity analysis of key assumptions being completed before sanction.
