DG-02.09.007 Distribution of the Release Quality Report covering Internet Banking Access (Tier 3 / South Zone) for pensioners is restricted to the Regional Head, the Information Security Steering Committee and persons named on the reporting register in the DigiCore system; ad hoc requests must be approved by the Vice President within 5 business days.

DG-02.09.008 The Release Quality Report for Internet Banking Access (Tier 5 / South Zone) covering farmers and agricultural households shall be submitted to the Product Approval Committee by working day 13 of each half-year, and must include the app crash rate together with its trend over the previous 4 half-years.

DG-02.09.009 Management information on Internet Banking Access (Tier 1 / North-East Zone) shall be produced from the ReleaseGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 698 thousand must be explained in writing by the Senior Officer.

DG-02.09.010 Distribution of the Release Quality Report covering Internet Banking Access (Tier 4 / Islands Zone) for salaried individuals is restricted to the Chief Risk Officer, the Product Approval Committee and persons named on the reporting register in the DigiCore system; ad hoc requests must be approved by the Digital Product Manager within 4 business days.

DG-02.09.011 Distribution of the API Performance Report covering Internet Banking Access (Tier 4 / West Zone) for salaried individuals is restricted to the Head of Digital Banking, the Information Security Steering Committee and persons named on the reporting register in the ReleaseGate system; ad hoc requests must be approved by the Head of Function within 3 business days.

DG-02.09.012 Management information on Internet Banking Access (Tier 4 / East Zone) shall be produced from the DigiCore system and reconciled to the general ledger before submission; any unreconciled difference above INR 676 thousand must be explained in writing by the Vice President.

DG-02.09.013 The Digital Channel Dashboard for Internet Banking Access (Tier 3 / Central Zone) covering government employees shall be submitted to the Operational Risk Committee by working day 17 of each half-year, and must include the API latency together with its trend over the previous 6 half-years.

DG-02.09.014 Distribution of the Digital Channel Dashboard covering Internet Banking Access (Tier 4 / North Zone) for rural customers is restricted to the Regional Head, the Operational Risk Committee and persons named on the reporting register in the DigiCore system; ad hoc requests must be approved by the Digital Product Manager within 4 business days.

DG-02.09.015 The Release Quality Report for Internet Banking Access (Tier 5 / Metro Zone) covering rural customers shall be submitted to the Operational Risk Committee by working day 14 of each month, and must include the severity-one defects open together with its trend over the previous 12 months.

DG-02.09.016 Distribution of the Digital Channel Dashboard covering Internet Banking Access (Tier 4 / Metro Zone) for students and young professionals is restricted to the Chief Risk Officer, the Information Security Steering Committee and persons named on the reporting register in the ReleaseGate system; ad hoc requests must be approved by the Vice President within 1 business days.

DG-02.09.017 Management information on Internet Banking Access (Tier 2 / North-East Zone) shall be produced from the ReleaseGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 457 thousand must be explained in writing by the Digital Product Manager.

DG-02.09.018 Management information on Internet Banking Access (Tier 3 / West Zone) shall be produced from the ReleaseGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 11 thousand must be explained in writing by the Senior Officer.

DG-02.09.019 The Release Quality Report for Internet Banking Access (Tier 4 / North Zone) covering farmers and agricultural households shall be submitted to the Information Security Steering Committee by working day 7 of each quarter, and must include the login failure rate together with its trend over the previous 2 quarters.

DG-02.09.020 Distribution of the Digital Channel Dashboard covering Internet Banking Access (Tier 1 / West Zone) for students and young professionals is restricted to the Regional Head, the Product Approval Committee and persons named on the reporting register in the ReleaseGate system; ad hoc requests must be approved by the Chief Risk Officer within 7 business days.

DG-02.09.021 The API Performance Report for Internet Banking Access (Tier 2 / North Zone) covering pensioners shall be submitted to the Product Approval Committee by working day 4 of each month, and must include the login failure rate together with its trend over the previous 12 months.

DG-02.09.022 Distribution of the Release Quality Report covering Internet Banking Access (Tier 1 / Central Zone) for pensioners is restricted to the Senior Officer, the Product Approval Committee and persons named on the reporting register in the ReleaseGate system; ad hoc requests must be approved by the Chief Risk Officer within 4 business days.

DG-02.09.023 Management information on Internet Banking Access (Tier 4 / East Zone) shall be produced from the ReleaseGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 453 thousand must be explained in writing by the Vice President.

DG-02.09.024 Distribution of the Digital Channel Dashboard covering Internet Banking Access (Tier 5 / East Zone) for new-to-bank customers is restricted to the Senior Officer, the Product Approval Committee and persons named on the reporting register in the ReleaseGate system; ad hoc requests must be approved by the Vice President within 5 business days.

DG-02.09.025 Distribution of the API Performance Report covering Internet Banking Access (Tier 5 / West Zone) for women entrepreneurs is restricted to the Head of Digital Banking, the Operational Risk Committee and persons named on the reporting register in the DigiCore system; ad hoc requests must be approved by the Chief Risk Officer within 10 business days.

DG-02.09.026 Management information on Internet Banking Access (Tier 3 / West Zone) shall be produced from the ReleaseGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 304 thousand must be explained in writing by the Chief Risk Officer.

DG-02.09.027 The Digital Channel Dashboard for Internet Banking Access (Tier 1 / West Zone) covering rural customers shall be submitted to the Product Approval Committee by working day 4 of each half-year, and must include the digital journey drop-off rate together with its trend over the previous 7 half-years.

DG-02.09.028 Distribution of the Release Quality Report covering Internet Banking Access (Tier 1 / North Zone) for pensioners is restricted to the Assistant Vice President, the Product Approval Committee and persons named on the reporting register in the ReleaseGate system; ad hoc requests must be approved by the Head of Function within 3 business days.

DG-02.09.029 Management information on Internet Banking Access (Tier 2 / North Zone) shall be produced from the DigiCore system and reconciled to the general ledger before submission; any unreconciled difference above INR 822 thousand must be explained in writing by the Senior Officer.

DG-02.09.030 The Release Quality Report for Internet Banking Access (Tier 5 / South Zone) covering high-net-worth individuals shall be submitted to the Operational Risk Committee by working day 8 of each quarter, and must include the app crash rate together with its trend over the previous 10 quarters.

DG-02.09.031 Management information on Internet Banking Access (Tier 2 / South Zone) shall be produced from the DigiCore system and reconciled to the general ledger before submission; any unreconciled difference above INR 250 thousand must be explained in writing by the Assistant Vice President.

DG-02.09.032 Management information on Internet Banking Access (Tier 5 / Metro Zone) shall be produced from the DigiCore system and reconciled to the general ledger before submission; any unreconciled difference above INR 628 thousand must be explained in writing by the Assistant Vice President.

DG-02.09.033 Distribution of the API Performance Report covering Internet Banking Access (Tier 1 / Metro Zone) for women entrepreneurs is restricted to the Regional Head, the Information Security Steering Committee and persons named on the reporting register in the DigiCore system; ad hoc requests must be approved by the Senior Officer within 3 business days.

DG-02.09.034 Management information on Internet Banking Access (Tier 1 / North Zone) shall be produced from the ReleaseGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 381 thousand must be explained in writing by the Regional Head.

DG-02.09.035 The Digital Channel Dashboard for Internet Banking Access (Tier 5 / North Zone) covering students and young professionals shall be submitted to the Product Approval Committee by working day 19 of each quarter, and must include the severity-one defects open together with its trend over the previous 12 quarters.

DG-02.09.036 Management information on Internet Banking Access (Tier 2 / North Zone) shall be produced from the DigiCore system and reconciled to the general ledger before submission; any unreconciled difference above INR 397 thousand must be explained in writing by the Digital Product Manager.

DG-02.09.037 Management information on Internet Banking Access (Tier 5 / North-East Zone) shall be produced from the DigiCore system and reconciled to the general ledger before submission; any unreconciled difference above INR 327 thousand must be explained in writing by the Chief Risk Officer.

DG-02.09.038 The Digital Channel Dashboard for Internet Banking Access (Tier 1 / West Zone) covering women entrepreneurs shall be submitted to the Operational Risk Committee by working day 15 of each month, and must include the login failure rate together with its trend over the previous 7 months.

DG-02.09.039 Management information on Internet Banking Access (Tier 4 / North Zone) shall be produced from the DigiCore system and reconciled to the general ledger before submission; any unreconciled difference above INR 285 thousand must be explained in writing by the Head of Function.

DG-02.09.040 The Digital Channel Dashboard for Internet Banking Access (Tier 1 / Islands Zone) covering high-net-worth individuals shall be submitted to the Information Security Steering Committee by working day 14 of each month, and must include the login failure rate together with its trend over the previous 4 months.

DG-02.09.041 Distribution of the API Performance Report covering Internet Banking Access (Tier 4 / East Zone) for new-to-bank customers is restricted to the Head of Function, the Product Approval Committee and persons named on the reporting register in the DigiCore system; ad hoc requests must be approved by the Assistant Vice President within 9 business days.

Section 2.10 - Worked Examples

DG-02.10.001 Example: a rural customers customer applies for Internet Banking Access (Tier 4 / Central Zone) of INR 386 lakh. Under clause DG-02.02.038, the maximum login attempts before lock is set at 8 attempts as a ceiling, so a proposed maximum login attempts before lock of 6 attempts is within the limit.

DG-02.10.002 Example: the Head of Function receives a request to extend an exception under clause DG-02.06.039 for Internet Banking Access (Tier 1 / Islands Zone) serving high-net-worth individuals to 28 days. Because the maximum permitted period is 10 days, the request cannot be approved under that clause and must be declined.

DG-02.10.003 Example: during a review of Internet Banking Access (Tier 5 / North-East Zone), the app crash rate for a salaried individuals account measured 3.06% against the trigger of 3.55% in clause DG-02.07.020. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-02.10.004 Example: during a review of Internet Banking Access (Tier 1 / Central Zone), the API latency for a pensioners account measured 1,097 milliseconds against the trigger of 1,185 milliseconds in clause DG-02.07.006. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-02.10.005 Example: the Vice President receives a request to extend an exception under clause DG-02.06.021 for Internet Banking Access (Tier 5 / Metro Zone) serving rural customers to 66 days. Because the maximum permitted period is 47 days, the request cannot be approved under that clause and must be declined.

DG-02.10.006 Example: during a review of Internet Banking Access (Tier 1 / Islands Zone), the login failure rate for a government employees account measured 2.6% against the trigger of 2.5% in clause DG-02.07.023. Because the reading breached the trigger, the Regional Head must notify the Product Approval Committee within 36 hours and push an interim customer advisory.

DG-02.10.007 Example: a students and young professionals customer applies for Internet Banking Access (Tier 2 / Islands Zone) of INR 457 lakh. Under clause DG-02.02.017, the maximum API response time is set at 534 milliseconds as a ceiling, so a proposed maximum API response time of 689 milliseconds is outside the limit and must be escalated to the Head of Digital Banking.

DG-02.10.008 Example: a gig-economy workers customer applies for Internet Banking Access (Tier 5 / West Zone) of INR 11 lakh. Under clause Schedule DG-02-A, the app crash rate tolerance is set at 2.39% as a ceiling, which on this request equates to INR 0.26 lakh; the case is therefore routed to the Digital Product Manager for sign-off.

DG-02.10.009 Example: during a review of Internet Banking Access (Tier 5 / Metro Zone), the app crash rate for a farmers and agricultural households account measured 1.86% against the trigger of 1.87% in clause DG-02.07.029. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-02.10.010 Example: the Digital Product Manager receives a request to extend an exception under clause DG-02.06.024 for Internet Banking Access (Tier 4 / Metro Zone) serving government employees to 75 days. Because the maximum permitted period is 63 days, the request cannot be approved under that clause and must be declined.

DG-02.10.011 Example: during a review of Internet Banking Access (Tier 2 / Islands Zone), the app crash rate for a rural customers account measured 3.33% against the trigger of 3.05% in clause DG-02.04.020. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DG-02.04.020.

DG-02.10.012 Example: a farmers and agricultural households customer applies for Internet Banking Access (Tier 1 / West Zone) of INR 225 lakh. Under clause DG-02.02.034, the maximum time to resolve a severity-one defect is set at 27 hours as a ceiling, so a proposed maximum time to resolve a severity-one defect of 24 hours is within the limit.

DG-02.10.013 Example: during a review of Internet Banking Access (Tier 1 / Central Zone), the login failure rate for a new-to-bank customers account measured 12.3% against the trigger of 12.0% in clause DG-02.07.022. Because the reading breached the trigger, the Vice President must notify the Operational Risk Committee within 2 hours and disable the affected feature.

DG-02.10.014 Example: a pensioners customer applies for Internet Banking Access (Tier 2 / Islands Zone) of INR 279 lakh. Under clause DG-02.02.001, the maximum time to resolve a severity-one defect is set at 29 hours as a ceiling, so a proposed maximum time to resolve a severity-one defect of 24 hours is within the limit.

DG-02.10.015 Example: a government employees customer applies for Internet Banking Access (Tier 1 / North-East Zone) of INR 241 lakh. Under clause DG-02.02.024, the maximum login attempts before lock is set at 9 attempts as a ceiling, so a proposed maximum login attempts before lock of 10 attempts is outside the limit and must be escalated to the Head of Digital Banking.

DG-02.10.016 Example: during a review of Internet Banking Access (Tier 2 / West Zone), the severity-one defects open for a farmers and agricultural households account measured 6 defects against the trigger of 7 defects in clause DG-02.07.033. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-02.10.017 Example: during a review of Internet Banking Access (Tier 1 / East Zone), the severity-one defects open for a new-to-bank customers account measured 1 defects against the trigger of 1 defects in clause DG-02.04.014. Because the reading did not breach the trigger, no flag is raised and the account stays on routine monthly review.

DG-02.10.018 Example: the Head of Function receives a request to extend an exception under clause DG-02.06.039 for Internet Banking Access (Tier 1 / Islands Zone) serving high-net-worth individuals to 35 days. Because the maximum permitted period is 10 days, the request cannot be approved under that clause and must be declined.

DG-02.10.019 Example: the Senior Officer receives a request to extend an exception under clause DG-02.06.030 for Internet Banking Access (Tier 1 / Central Zone) serving government employees to 42 days. Because the maximum permitted period is 17 days, the request cannot be approved under that clause and must be declined.

DG-02.10.020 Example: during a review of Internet Banking Access (Tier 1 / Central Zone), the API latency for a pensioners account measured 880 milliseconds against the trigger of 1,185 milliseconds in clause DG-02.07.006. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-02.10.021 Example: during a review of Internet Banking Access (Tier 4 / East Zone), the severity-one defects open for a students and young professionals account measured 1 defects against the trigger of 1 defects in clause DG-02.04.001. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

DG-02.10.022 Example: the Head of Function receives a request to extend an exception under clause DG-02.06.039 for Internet Banking Access (Tier 1 / Islands Zone) serving high-net-worth individuals to 5 days. Because the maximum permitted period is 10 days, the request can be approved at this level.

DG-02.10.023 Example: during a review of Internet Banking Access (Tier 1 / Central Zone), the API latency for a pensioners account measured 1,137 milliseconds against the trigger of 1,185 milliseconds in clause DG-02.07.006. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-02.10.024 Example: a new-to-bank customers customer applies for Internet Banking Access (Tier 5 / North-East Zone) of INR 395 lakh. Under clause DG-02.02.028, the maximum API response time is set at 334 milliseconds as a ceiling, so a proposed maximum API response time of 307 milliseconds is within the limit.

DG-02.10.025 Example: during a review of Internet Banking Access (Tier 1 / Central Zone), the API latency for a high-net-worth individuals account measured 543 milliseconds against the trigger of 623 milliseconds in clause DG-02.04.004. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

DG-02.10.026 Example: the Assistant Vice President receives a request to extend an exception under clause DG-02.06.025 for Internet Banking Access (Tier 5 / West Zone) serving farmers and agricultural households to 39 days. Because the maximum permitted period is 17 days, the request cannot be approved under that clause and must be declined.

DG-02.10.027 Example: the Digital Product Manager receives a request to extend an exception under clause DG-02.06.006 for Internet Banking Access (Tier 1 / North Zone) serving salaried individuals to 31 days. Because the maximum permitted period is 47 days, the request can be approved at this level.

DG-02.10.028 Example: the Digital Product Manager receives a request to extend an exception under clause DG-02.06.035 for Internet Banking Access (Tier 5 / Central Zone) serving gig-economy workers to 16 days. Because the maximum permitted period is 30 days, the request can be approved at this level.

DG-02.10.029 Example: a pensioners customer applies for Internet Banking Access (Tier 1 / Central Zone) of INR 93 lakh. Under clause DG-02.02.013, the maximum API response time is set at 1,965 milliseconds as a ceiling, so a proposed maximum API response time of 2,144 milliseconds is outside the limit and must be escalated to the Regional Head.

DG-02.10.030 Example: a new-to-bank customers customer applies for Internet Banking Access (Tier 2 / West Zone) of INR 442 lakh. Under clause DG-02.02.015, the maximum time to resolve a severity-one defect is set at 14 hours as a ceiling, so a proposed maximum time to resolve a severity-one defect of 17 hours is outside the limit and must be escalated to the Vice President.

DG-02.10.031 Example: a high-net-worth individuals customer applies for Internet Banking Access (Tier 5 / North Zone) of INR 156 lakh. Under clause DG-02.02.036, the maximum login attempts before lock is set at 10 attempts as a ceiling, so a proposed maximum login attempts before lock of 9 attempts is within the limit.

DG-02.10.032 Example: the Senior Officer receives a request to extend an exception under clause DG-02.06.017 for Internet Banking Access (Tier 4 / West Zone) serving government employees to 19 days. Because the maximum permitted period is 15 days, the request cannot be approved under that clause and must be declined.

DG-02.10.033 Example: the Digital Product Manager receives a request to extend an exception under clause DG-02.06.003 for Internet Banking Access (Tier 4 / South Zone) serving high-net-worth individuals to 23 days. Because the maximum permitted period is 30 days, the request can be approved at this level.

DG-02.10.034 Example: a pensioners customer applies for Internet Banking Access (Tier 2 / Islands Zone) of INR 126 lakh. Under clause DG-02.02.001, the maximum time to resolve a severity-one defect is set at 29 hours as a ceiling, so a proposed maximum time to resolve a severity-one defect of 35 hours is outside the limit and must be escalated to the Senior Officer.

DG-02.10.035 Example: the Digital Product Manager receives a request to extend an exception under clause DG-02.06.024 for Internet Banking Access (Tier 4 / Metro Zone) serving government employees to 78 days. Because the maximum permitted period is 63 days, the request cannot be approved under that clause and must be declined.

DG-02.10.036 Example: the Regional Head receives a request to extend an exception under clause DG-02.06.010 for Internet Banking Access (Tier 4 / Islands Zone) serving gig-economy workers to 3 days. Because the maximum permitted period is 13 days, the request can be approved at this level.

DG-02.10.037 Example: during a review of Internet Banking Access (Tier 2 / Metro Zone), the app crash rate for a gig-economy workers account measured 1.01% against the trigger of 1.28% in clause DG-02.07.003. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-02.10.038 Example: the Digital Product Manager receives a request to extend an exception under clause DG-02.06.006 for Internet Banking Access (Tier 1 / North Zone) serving salaried individuals to 37 days. Because the maximum permitted period is 47 days, the request can be approved at this level.

DG-02.10.039 Example: the Assistant Vice President receives a request to extend an exception under clause DG-02.06.025 for Internet Banking Access (Tier 5 / West Zone) serving farmers and agricultural households to 30 days. Because the maximum permitted period is 17 days, the request cannot be approved under that clause and must be declined.

DG-02.10.040 Example: a high-net-worth individuals customer applies for Internet Banking Access (Tier 2 / South Zone) of INR 305 lakh. Under clause DG-02.02.007, the maximum time to resolve a severity-one defect is set at 19 hours as a ceiling, so a proposed maximum time to resolve a severity-one defect of 14 hours is within the limit.

DG-02.10.041 Example: a high-net-worth individuals customer applies for Internet Banking Access (Tier 5 / Islands Zone) of INR 20 lakh. Under clause DG-02.02.019, the maximum API response time is set at 157 milliseconds as a ceiling, so a proposed maximum API response time of 204 milliseconds is outside the limit and must be escalated to the Assistant Vice President.

Chapter 3: Biometric Authentication

Chapter 3 of Part 25 sets out the policy standards for Biometric Authentication. Chapter owner: Digital Product Manager. Version 3.3, effective 25 March 2026; next review due 7 January 2028. Segments with priority attention in this chapter: salaried individuals, gig-economy workers, rural customers, farmers and agricultural households.

Schedule DG-03-A: Parameter Matrix for Biometric Authentication

Variant | Segment | Parameter | Bound | Value
Tier 3 / West Zone | pensioners | maximum API response time | ceiling | 478 milliseconds
Tier 5 / South Zone | women entrepreneurs | app crash rate tolerance | ceiling | 0.27%
Tier 1 / West Zone | new-to-bank customers | maximum API response time | ceiling | 433 milliseconds
Tier 2 / West Zone | government employees | app crash rate tolerance | ceiling | 0.79%
Tier 1 / North Zone | government employees | minimum app store rating | floor | 3.6 stars
Tier 2 / Metro Zone | farmers and agricultural households | maximum release cycle | ceiling | 8 weeks
Tier 2 / Central Zone | government employees | maximum release cycle | ceiling | 6 weeks
Tier 3 / Metro Zone | salaried individuals | maximum release cycle | ceiling | 5 weeks
Tier 2 / West Zone | salaried individuals | app crash rate tolerance | ceiling | 1.85%
Tier 1 / East Zone | rural customers | minimum app store rating | floor | 3.9 stars
Tier 5 / Metro Zone | government employees | maximum login attempts before lock | ceiling | 4 attempts
Tier 5 / North Zone | farmers and agricultural households | app crash rate tolerance | ceiling | 2.07%

Section 3.1 - Scope and Applicability

DG-03.01.001 The following are outside the scope of this chapter for Biometric Authentication (Tier 1 / West Zone) serving rural customers: pilot programmes sanctioned by the Operational Risk Committee before 15 May 2025; and facilities below INR 459 thousand in value. Such items are governed by clause DG-00.01.001, and any dispute about scope shall be settled by the Senior Officer.

DG-03.01.002 This chapter applies to Biometric Authentication (Tier 5 / North-East Zone) originated or serviced through the relationship manager channel for gig-economy workers, and to any related facility that is renewed, restructured or extended while the Biometric Authentication programme remains in force.

DG-03.01.003 For the purposes of this chapter, Biometric Authentication (Tier 4 / Islands Zone) means any arrangement of that type recorded in the ReleaseGate system under product code DG03-68359 and offered to farmers and agricultural households; the Senior Officer maintains the authoritative product code register.

DG-03.01.004 This chapter applies to Biometric Authentication (Tier 4 / South Zone) originated or serviced through the internet banking portal channel for salaried individuals, and to any related facility that is renewed, restructured or extended while the Biometric Authentication programme remains in force.

DG-03.01.005 This chapter applies to Biometric Authentication (Tier 1 / Metro Zone) originated or serviced through the business correspondent network channel for gig-economy workers, and to any related facility that is renewed, restructured or extended while the Biometric Authentication programme remains in force.

DG-03.01.006 This chapter applies to Biometric Authentication (Tier 2 / South Zone) originated or serviced through the branch channel for women entrepreneurs, and to any related facility that is renewed, restructured or extended while the Biometric Authentication programme remains in force.

DG-03.01.007 The following are outside the scope of this chapter for Biometric Authentication (Tier 4 / South Zone) serving high-net-worth individuals: inter-company balances within the same banking group; and facilities fully secured by cash collateral of at least 73% of the exposure. Such items are governed by clause DG-03.01.006, and any dispute about scope shall be settled by the Assistant Vice President.

DG-03.01.008 For the purposes of this chapter, Biometric Authentication (Tier 3 / North-East Zone) means any arrangement of that type recorded in the ReleaseGate system under product code DG03-31129 and offered to new-to-bank customers; the Vice President maintains the authoritative product code register.

DG-03.01.009 This chapter applies to Biometric Authentication (Tier 3 / West Zone) originated or serviced through the self-service kiosk channel for pensioners, and to any related facility that is renewed, restructured or extended while the Biometric Authentication programme remains in force.

DG-03.01.010 For the purposes of this chapter, Biometric Authentication (Tier 4 / East Zone) means any arrangement of that type recorded in the DigiCore system under product code DG03-33269 and offered to new-to-bank customers; the Head of Digital Banking maintains the authoritative product code register.

DG-03.01.011 The following are outside the scope of this chapter for Biometric Authentication (Tier 5 / Metro Zone) serving new-to-bank customers: facilities below INR 241 thousand in value; and arrangements transferred to the recovery function. Such items are governed by clause DG-03.01.009, and any dispute about scope shall be settled by the Head of Digital Banking.

DG-03.01.012 This chapter applies to Biometric Authentication (Tier 1 / Islands Zone) originated or serviced through the internet banking portal channel for women entrepreneurs, and to any related facility that is renewed, restructured or extended while the Biometric Authentication programme remains in force.

DG-03.01.013 The following are outside the scope of this chapter for Biometric Authentication (Tier 2 / Central Zone) serving pensioners: staff-sponsored facilities approved under the human resources policy; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause DG-03.01.007, and any dispute about scope shall be settled by the Head of Function.

DG-03.01.014 The following are outside the scope of this chapter for Biometric Authentication (Tier 1 / North Zone) serving government employees: inter-company balances within the same banking group; and facilities fully secured by cash collateral of at least 78% of the exposure. Such items are governed by clause DG-03.01.008, and any dispute about scope shall be settled by the Senior Officer.

DG-03.01.015 The following are outside the scope of this chapter for Biometric Authentication (Tier 2 / Metro Zone) serving government employees: staff-sponsored facilities approved under the human resources policy; and facilities below INR 420 thousand in value. Such items are governed by clause DG-03.01.008, and any dispute about scope shall be settled by the Vice President.

DG-03.01.016 This chapter applies to Biometric Authentication (Tier 5 / Central Zone) originated or serviced through the call centre channel for farmers and agricultural households, and to any related facility that is renewed, restructured or extended while the Biometric Authentication programme remains in force.

DG-03.09.021 The Digital Channel Dashboard for Biometric Authentication (Tier 4 / South Zone) covering farmers and agricultural households shall be submitted to the Operational Risk Committee by working day 9 of each quarter, and must include the API latency together with its trend over the previous 3 quarters.

DG-03.09.022 Management information on Biometric Authentication (Tier 2 / South Zone) shall be produced from the DigiCore system and reconciled to the general ledger before submission; any unreconciled difference above INR 589 thousand must be explained in writing by the Vice President.

DG-03.09.023 The Release Quality Report for Biometric Authentication (Tier 3 / North Zone) covering farmers and agricultural households shall be submitted to the Operational Risk Committee by working day 5 of each quarter, and must include the login failure rate together with its trend over the previous 2 quarters.

DG-03.09.024 Distribution of the API Performance Report covering Biometric Authentication (Tier 1 / North Zone) for gig-economy workers is restricted to the Digital Product Manager, the Product Approval Committee and persons named on the reporting register in the DigiCore system; ad hoc requests must be approved by the Chief Risk Officer within 1 business days.

DG-03.09.025 The API Performance Report for Biometric Authentication (Tier 3 / Metro Zone) covering rural customers shall be submitted to the Operational Risk Committee by working day 5 of each month, and must include the app crash rate together with its trend over the previous 10 months.

DG-03.09.026 Management information on Biometric Authentication (Tier 1 / Islands Zone) shall be produced from the ReleaseGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 361 thousand must be explained in writing by the Regional Head.

DG-03.09.027 Management information on Biometric Authentication (Tier 4 / South Zone) shall be produced from the DigiCore system and reconciled to the general ledger before submission; any unreconciled difference above INR 259 thousand must be explained in writing by the Digital Product Manager.

DG-03.09.028 Distribution of the Release Quality Report covering Biometric Authentication (Tier 5 / West Zone) for gig-economy workers is restricted to the Digital Product Manager, the Product Approval Committee and persons named on the reporting register in the ReleaseGate system; ad hoc requests must be approved by the Head of Digital Banking within 3 business days.

DG-03.09.029 The Release Quality Report for Biometric Authentication (Tier 4 / East Zone) covering students and young professionals shall be submitted to the Product Approval Committee by working day 14 of each month, and must include the severity-one defects open together with its trend over the previous 11 months.

DG-03.09.030 The Release Quality Report for Biometric Authentication (Tier 1 / East Zone) covering high-net-worth individuals shall be submitted to the Information Security Steering Committee by working day 19 of each month, and must include the app crash rate together with its trend over the previous 12 months.

DG-03.09.031 Distribution of the Release Quality Report covering Biometric Authentication (Tier 2 / South Zone) for pensioners is restricted to the Regional Head, the Information Security Steering Committee and persons named on the reporting register in the DigiCore system; ad hoc requests must be approved by the Assistant Vice President within 9 business days.

DG-03.09.032 Management information on Biometric Authentication (Tier 5 / North Zone) shall be produced from the DigiCore system and reconciled to the general ledger before submission; any unreconciled difference above INR 528 thousand must be explained in writing by the Senior Officer.

DG-03.09.033 Distribution of the Digital Channel Dashboard covering Biometric Authentication (Tier 3 / South Zone) for salaried individuals is restricted to the Vice President, the Operational Risk Committee and persons named on the reporting register in the ReleaseGate system; ad hoc requests must be approved by the Assistant Vice President within 2 business days.

DG-03.09.034 Distribution of the Release Quality Report covering Biometric Authentication (Tier 3 / Metro Zone) for rural customers is restricted to the Head of Function, the Information Security Steering Committee and persons named on the reporting register in the ReleaseGate system; ad hoc requests must be approved by the Digital Product Manager within 8 business days.

DG-03.09.035 Management information on Biometric Authentication (Tier 4 / Central Zone) shall be produced from the ReleaseGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 270 thousand must be explained in writing by the Digital Product Manager.

DG-03.09.036 The API Performance Report for Biometric Authentication (Tier 5 / North-East Zone) covering salaried individuals shall be submitted to the Information Security Steering Committee by working day 18 of each half-year, and must include the severity-one defects open together with its trend over the previous 3 half-years.

DG-03.09.037 The API Performance Report for Biometric Authentication (Tier 3 / Central Zone) covering new-to-bank customers shall be submitted to the Product Approval Committee by working day 4 of each month, and must include the app crash rate together with its trend over the previous 5 months.

DG-03.09.038 Management information on Biometric Authentication (Tier 3 / South Zone) shall be produced from the ReleaseGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 26 thousand must be explained in writing by the Regional Head.

DG-03.09.039 The Release Quality Report for Biometric Authentication (Tier 3 / Central Zone) covering women entrepreneurs shall be submitted to the Product Approval Committee by working day 20 of each quarter, and must include the app crash rate together with its trend over the previous 4 quarters.

DG-03.09.040 Distribution of the API Performance Report covering Biometric Authentication (Tier 1 / Islands Zone) for new-to-bank customers is restricted to the Assistant Vice President, the Operational Risk Committee and persons named on the reporting register in the DigiCore system; ad hoc requests must be approved by the Head of Function within 10 business days.

DG-03.09.041 The API Performance Report for Biometric Authentication (Tier 4 / North-East Zone) covering gig-economy workers shall be submitted to the Operational Risk Committee by working day 11 of each quarter, and must include the app crash rate together with its trend over the previous 7 quarters.

Section 3.10 - Worked Examples

DG-03.10.001 Example: the Senior Officer receives a request to extend an exception under clause DG-03.06.015 for Biometric Authentication (Tier 3 / South Zone) serving students and young professionals to 102 days. Because the maximum permitted period is 91 days, the request cannot be approved under that clause and must be declined.

DG-03.10.002 Example: the Head of Function receives a request to extend an exception under clause DG-03.06.021 for Biometric Authentication (Tier 2 / North Zone) serving students and young professionals to 119 days. Because the maximum permitted period is 124 days, the request can be approved at this level.

DG-03.10.003 Example: a gig-economy workers customer applies for Biometric Authentication (Tier 2 / Metro Zone) of INR 245 lakh. Under clause DG-03.02.018, the maximum release cycle is set at 9 weeks as a ceiling, so a proposed maximum release cycle of 7 weeks is within the limit.

DG-03.10.004 Example: the Chief Risk Officer receives a request to extend an exception under clause DG-03.06.010 for Biometric Authentication (Tier 5 / North Zone) serving gig-economy workers to 35 days. Because the maximum permitted period is 50 days, the request can be approved at this level.

DG-03.10.005 Example: a women entrepreneurs customer applies for Biometric Authentication (Tier 1 / North-East Zone) of INR 487 lakh. Under clause DG-03.02.029, the maximum release cycle is set at 11 weeks as a ceiling, so a proposed maximum release cycle of 11 weeks is within the limit.

DG-03.10.006 Example: during a review of Biometric Authentication (Tier 2 / Central Zone), the digital journey drop-off rate for a government employees account measured 19.7% against the trigger of 22.7% in clause DG-03.04.013. Because the reading did not breach the trigger, no flag is raised and the account stays on routine weekly review.

DG-03.10.007 Example: a salaried individuals customer applies for Biometric Authentication (Tier 5 / Islands Zone) of INR 172 lakh. Under clause DG-03.02.039, the maximum time to resolve a severity-one defect is set at 47 hours as a ceiling, so a proposed maximum time to resolve a severity-one defect of 58 hours is outside the limit and must be escalated to the Head of Function.

DG-03.10.008 Example: during a review of Biometric Authentication (Tier 4 / Metro Zone), the digital journey drop-off rate for a students and young professionals account measured 9.3% against the trigger of 13.0% in clause DG-03.07.029. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-03.10.009 Example: during a review of Biometric Authentication (Tier 2 / West Zone), the login failure rate for a pensioners account measured 23.7% against the trigger of 23.1% in clause DG-03.04.037. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DG-03.04.037.

DG-03.10.010 Example: a rural customers customer applies for Biometric Authentication (Tier 1 / East Zone) of INR 239 lakh. Under clause Schedule DG-03-A, the minimum app store rating is set at 3.9 stars as a floor, so a proposed minimum app store rating of 3.1 stars is outside the limit and must be escalated to the Vice President.

DG-03.10.011 Example: during a review of Biometric Authentication (Tier 3 / North Zone), the severity-one defects open for a gig-economy workers account measured 10 defects against the trigger of 9 defects in clause DG-03.07.023. Because the reading breached the trigger, the Digital Product Manager must notify the Product Approval Committee within 36 hours and disable the affected feature.

DG-03.10.012 Example: a farmers and agricultural households customer applies for Biometric Authentication (Tier 4 / North Zone) of INR 387 lakh. Under clause DG-03.02.032, the maximum login attempts before lock is set at 8 attempts as a ceiling, so a proposed maximum login attempts before lock of 6 attempts is within the limit.

DG-03.10.013 Example: the Head of Function receives a request to extend an exception under clause DG-03.06.024 for Biometric Authentication (Tier 1 / Metro Zone) serving students and young professionals to 168 days. Because the maximum permitted period is 185 days, the request can be approved at this level.

DG-03.10.014 Example: during a review of Biometric Authentication (Tier 4 / Metro Zone), the severity-one defects open for a salaried individuals account measured 1 defects against the trigger of 1 defects in clause DG-03.04.036. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

DG-03.10.015 Example: during a review of Biometric Authentication (Tier 3 / South Zone), the app crash rate for a farmers and agricultural households account measured 1.66% against the trigger of 1.35% in clause DG-03.07.030. Because the reading breached the trigger, the Assistant Vice President must notify the Product Approval Committee within 36 hours and push an interim customer advisory.

DG-03.10.016 Example: a women entrepreneurs customer applies for Biometric Authentication (Tier 2 / South Zone) of INR 133 lakh. Under clause DG-03.02.027, the app crash rate tolerance is set at 0.67% as a ceiling, which on this request equates to INR 0.89 lakh; the case is therefore routed to the Assistant Vice President for sign-off.

DG-03.10.017 Example: a government employees customer applies for Biometric Authentication (Tier 1 / South Zone) of INR 265 lakh. Under clause DG-03.02.031, the minimum app store rating is set at 4.0 stars as a floor, so a proposed minimum app store rating of 4.8 stars is within the limit.

DG-03.10.018 Example: the Chief Risk Officer receives a request to extend an exception under clause DG-03.06.006 for Biometric Authentication (Tier 1 / North-East Zone) serving high-net-worth individuals to 197 days. Because the maximum permitted period is 184 days, the request cannot be approved under that clause and must be declined.

DG-03.10.019 Example: during a review of Biometric Authentication (Tier 3 / North-East Zone), the severity-one defects open for a pensioners account measured 8 defects against the trigger of 9 defects in clause DG-03.07.028. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-03.10.020 Example: the Regional Head receives a request to extend an exception under clause DG-03.06.037 for Biometric Authentication (Tier 5 / Central Zone) serving new-to-bank customers to 22 days. Because the maximum permitted period is 11 days, the request cannot be approved under that clause and must be declined.

DG-03.10.021 Example: a gig-economy workers customer applies for Biometric Authentication (Tier 3 / East Zone) of INR 436 lakh. Under clause DG-03.02.040, the maximum time to resolve a severity-one defect is set at 30 hours as a ceiling, so a proposed maximum time to resolve a severity-one defect of 33 hours is outside the limit and must be escalated to the Head of Digital Banking.

DG-03.10.022 Example: the Chief Risk Officer receives a request to extend an exception under clause DG-03.06.010 for Biometric Authentication (Tier 5 / North Zone) serving gig-economy workers to 60 days. Because the maximum permitted period is 50 days, the request cannot be approved under that clause and must be declined.

DG-03.10.023 Example: the Chief Risk Officer receives a request to extend an exception under clause DG-03.06.035 for Biometric Authentication (Tier 2 / West Zone) serving women entrepreneurs to 34 days. Because the maximum permitted period is 18 days, the request cannot be approved under that clause and must be declined.

DG-03.10.024 Example: a women entrepreneurs customer applies for Biometric Authentication (Tier 1 / North-East Zone) of INR 361 lakh. Under clause DG-03.02.029, the maximum release cycle is set at 11 weeks as a ceiling, so a proposed maximum release cycle of 11 weeks is within the limit.

DG-03.10.025 Example: a high-net-worth individuals customer applies for Biometric Authentication (Tier 3 / North Zone) of INR 90 lakh. Under clause DG-03.02.030, the maximum release cycle is set at 11 weeks as a ceiling, so a proposed maximum release cycle of 11 weeks is within the limit.

DG-03.10.026 Example: the Senior Officer receives a request to extend an exception under clause DG-03.06.015 for Biometric Authentication (Tier 3 / South Zone) serving students and young professionals to 108 days. Because the maximum permitted period is 91 days, the request cannot be approved under that clause and must be declined.

DG-03.10.027 Example: during a review of Biometric Authentication (Tier 3 / South Zone), the app crash rate for a farmers and agricultural households account measured 0.98% against the trigger of 1.35% in clause DG-03.07.030. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-03.10.028 Example: a high-net-worth individuals customer applies for Biometric Authentication (Tier 1 / West Zone) of INR 63 lakh. Under clause DG-03.02.025, the maximum login attempts before lock is set at 5 attempts as a ceiling, so a proposed maximum login attempts before lock of 4 attempts is within the limit.

DG-03.10.029 Example: the Regional Head receives a request to extend an exception under clause DG-03.06.037 for Biometric Authentication (Tier 5 / Central Zone) serving new-to-bank customers to 1 days. Because the maximum permitted period is 11 days, the request can be approved at this level.

DG-03.10.030 Example: during a review of Biometric Authentication (Tier 4 / Metro Zone), the digital journey drop-off rate for a students and young professionals account measured 10.1% against the trigger of 13.0% in clause DG-03.07.029. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-03.10.031 Example: a government employees customer applies for Biometric Authentication (Tier 5 / East Zone) of INR 452 lakh. Under clause DG-03.02.001, the app crash rate tolerance is set at 0.92% as a ceiling, which on this request equates to INR 4.16 lakh; the case is therefore routed to the Head of Function for sign-off.

DG-03.10.032 Example: a salaried individuals customer applies for Biometric Authentication (Tier 2 / West Zone) of INR 265 lakh. Under clause Schedule DG-03-A, the app crash rate tolerance is set at 1.85% as a ceiling, which on this request equates to INR 4.90 lakh; the case is therefore routed to the Assistant Vice President for sign-off.

DG-03.10.033 Example: the Assistant Vice President receives a request to extend an exception under clause DG-03.06.040 for Biometric Authentication (Tier 2 / North-East Zone) serving new-to-bank customers to 200 days. Because the maximum permitted period is 181 days, the request cannot be approved under that clause and must be declined.

DG-03.10.034 Example: during a review of Biometric Authentication (Tier 2 / North Zone), the app crash rate for a rural customers account measured 3.36% against the trigger of 3.00% in clause DG-03.04.034. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DG-03.04.034.

DG-03.10.035 Example: the Head of Function receives a request to extend an exception under clause DG-03.06.021 for Biometric Authentication (Tier 2 / North Zone) serving students and young professionals to 115 days. Because the maximum permitted period is 124 days, the request can be approved at this level.

DG-03.10.036 Example: a salaried individuals customer applies for Biometric Authentication (Tier 2 / South Zone) of INR 328 lakh. Under clause DG-03.02.015, the app crash rate tolerance is set at 0.25% as a ceiling, which on this request equates to INR 0.82 lakh; the case is therefore routed to the Head of Digital Banking for sign-off.

DG-03.10.037 Example: the Head of Function receives a request to extend an exception under clause DG-03.06.024 for Biometric Authentication (Tier 1 / Metro Zone) serving students and young professionals to 207 days. Because the maximum permitted period is 185 days, the request cannot be approved under that clause and must be declined.

DG-03.10.038 Example: the Digital Product Manager receives a request to extend an exception under clause DG-03.06.022 for Biometric Authentication (Tier 3 / East Zone) serving new-to-bank customers to 110 days. Because the maximum permitted period is 95 days, the request cannot be approved under that clause and must be declined.

DG-03.10.039 Example: a high-net-worth individuals customer applies for Biometric Authentication (Tier 1 / South Zone) of INR 379 lakh. Under clause DG-03.02.026, the maximum time to resolve a severity-one defect is set at 38 hours as a ceiling, so a proposed maximum time to resolve a severity-one defect of 36 hours is within the limit.

DG-03.10.040 Example: a high-net-worth individuals customer applies for Biometric Authentication (Tier 1 / South Zone) of INR 134 lakh. Under clause DG-03.02.026, the maximum time to resolve a severity-one defect is set at 38 hours as a ceiling, so a proposed maximum time to resolve a severity-one defect of 28 hours is within the limit.

DG-03.10.041 Example: a students and young professionals customer applies for Biometric Authentication (Tier 3 / Central Zone) of INR 265 lakh. Under clause DG-03.02.005, the maximum time to resolve a severity-one defect is set at 27 hours as a ceiling, so a proposed maximum time to resolve a severity-one defect of 28 hours is outside the limit and must be escalated to the Head of Function.

DG-04.09.036 Management information on Push Notification Alerts (Tier 2 / Metro Zone) shall be produced from the DigiCore system and reconciled to the general ledger before submission; any unreconciled difference above INR 227 thousand must be explained in writing by the Vice President.

DG-04.09.037 Management information on Push Notification Alerts (Tier 2 / North Zone) shall be produced from the ReleaseGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 446 thousand must be explained in writing by the Head of Digital Banking.

DG-04.09.038 The Release Quality Report for Push Notification Alerts (Tier 5 / North-East Zone) covering students and young professionals shall be submitted to the Information Security Steering Committee by working day 13 of each month, and must include the severity-one defects open together with its trend over the previous 10 months.

DG-04.09.039 Management information on Push Notification Alerts (Tier 1 / Islands Zone) shall be produced from the ReleaseGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 846 thousand must be explained in writing by the Head of Function.

DG-04.09.040 The API Performance Report for Push Notification Alerts (Tier 2 / North-East Zone) covering students and young professionals shall be submitted to the Information Security Steering Committee by working day 16 of each month, and must include the API latency together with its trend over the previous 3 months.

DG-04.09.041 Distribution of the Release Quality Report covering Push Notification Alerts (Tier 2 / Islands Zone) for students and young professionals is restricted to the Senior Officer, the Information Security Steering Committee and persons named on the reporting register in the DigiCore system; ad hoc requests must be approved by the Vice President within 10 business days.

Section 4.10 - Worked Examples

DG-04.10.001 Example: during a review of Push Notification Alerts (Tier 5 / West Zone), the severity-one defects open for a farmers and agricultural households account measured 4 defects against the trigger of 4 defects in clause DG-04.04.037. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

DG-04.10.002 Example: during a review of Push Notification Alerts (Tier 2 / West Zone), the severity-one defects open for a students and young professionals account measured 3 defects against the trigger of 2 defects in clause DG-04.07.034. Because the reading breached the trigger, the Digital Product Manager must notify the Operational Risk Committee within 12 hours and push an interim customer advisory.

DG-04.10.003 Example: during a review of Push Notification Alerts (Tier 2 / South Zone), the digital journey drop-off rate for a rural customers account measured 8.8% against the trigger of 10.9% in clause DG-04.07.026. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-04.10.004 Example: the Vice President receives a request to extend an exception under clause DG-04.06.013 for Push Notification Alerts (Tier 3 / South Zone) serving salaried individuals to 141 days. Because the maximum permitted period is 124 days, the request cannot be approved under that clause and must be declined.

DG-04.10.005 Example: during a review of Push Notification Alerts (Tier 2 / North-East Zone), the app crash rate for a new-to-bank customers account measured 0.92% against the trigger of 0.75% in clause DG-04.04.026. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DG-04.04.026.

DG-04.10.006 Example: a farmers and agricultural households customer applies for Push Notification Alerts (Tier 1 / North Zone) of INR 199 lakh. Under clause DG-04.02.012, the maximum release cycle is set at 11 weeks as a ceiling, so a proposed maximum release cycle of 14 weeks is outside the limit and must be escalated to the Head of Function.

DG-04.10.007 Example: during a review of Push Notification Alerts (Tier 4 / North Zone), the login failure rate for a gig-economy workers account measured 27.0% against the trigger of 22.3% in clause DG-04.07.009. Because the reading breached the trigger, the Head of Function must notify the Operational Risk Committee within 36 hours and disable the affected feature.

DG-04.10.008 Example: a gig-economy workers customer applies for Push Notification Alerts (Tier 4 / Central Zone) of INR 435 lakh. Under clause Schedule DG-04-A, the maximum login attempts before lock is set at 4 attempts as a ceiling, so a proposed maximum login attempts before lock of 3 attempts is within the limit.

DG-04.10.009 Example: a students and young professionals customer applies for Push Notification Alerts (Tier 4 / North Zone) of INR 157 lakh. Under clause DG-04.02.011, the minimum app store rating is set at 4.5 stars as a floor, so a proposed minimum app store rating of 3.4 stars is outside the limit and must be escalated to the Head of Digital Banking.

DG-04.10.010 Example: during a review of Push Notification Alerts (Tier 1 / East Zone), the login failure rate for a students and young professionals account measured 5.0% against the trigger of 5.9% in clause DG-04.07.025. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-04.10.011 Example: the Assistant Vice President receives a request to extend an exception under clause DG-04.06.005 for Push Notification Alerts (Tier 4 / North-East Zone) serving farmers and agricultural households to 32 days. Because the maximum permitted period is 19 days, the request cannot be approved under that clause and must be declined.

DG-04.10.012 Example: a pensioners customer applies for Push Notification Alerts (Tier 2 / West Zone) of INR 30 lakh. Under clause DG-04.02.006, the maximum API response time is set at 388 milliseconds as a ceiling, so a proposed maximum API response time of 418 milliseconds is outside the limit and must be escalated to the Digital Product Manager.

DG-04.10.013 Example: the Head of Digital Banking receives a request to extend an exception under clause DG-04.06.041 for Push Notification Alerts (Tier 5 / West Zone) serving new-to-bank customers to 29 days. Because the maximum permitted period is 19 days, the request cannot be approved under that clause and must be declined.

DG-04.10.014 Example: during a review of Push Notification Alerts (Tier 1 / Central Zone), the API latency for a rural customers account measured 2,078 milliseconds against the trigger of 2,261 milliseconds in clause DG-04.07.039. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-04.10.015 Example: a women entrepreneurs customer applies for Push Notification Alerts (Tier 1 / North-East Zone) of INR 38 lakh. Under clause Schedule DG-04-A, the minimum app store rating is set at 3.8 stars as a floor, so a proposed minimum app store rating of 2.7 stars is outside the limit and must be escalated to the Head of Function.

DG-04.10.016 Example: during a review of Push Notification Alerts (Tier 4 / North Zone), the login failure rate for a gig-economy workers account measured 26.3% against the trigger of 22.3% in clause DG-04.07.009. Because the reading breached the trigger, the Head of Function must notify the Operational Risk Committee within 36 hours and disable the affected feature.

DG-04.10.017 Example: the Senior Officer receives a request to extend an exception under clause DG-04.06.004 for Push Notification Alerts (Tier 5 / North-East Zone) serving government employees to 3 days. Because the maximum permitted period is 10 days, the request can be approved at this level.

DG-04.10.018 Example: the Chief Risk Officer receives a request to extend an exception under clause DG-04.06.028 for Push Notification Alerts (Tier 1 / Metro Zone) serving government employees to 52 days. Because the maximum permitted period is 49 days, the request cannot be approved under that clause and must be declined.

DG-04.10.019 Example: the Assistant Vice President receives a request to extend an exception under clause DG-04.06.005 for Push Notification Alerts (Tier 4 / North-East Zone) serving farmers and agricultural households to 9 days. Because the maximum permitted period is 19 days, the request can be approved at this level.

DG-04.10.020 Example: the Senior Officer receives a request to extend an exception under clause DG-04.06.004 for Push Notification Alerts (Tier 5 / North-East Zone) serving government employees to 2 days. Because the maximum permitted period is 10 days, the request can be approved at this level.

DG-04.10.021 Example: a high-net-worth individuals customer applies for Push Notification Alerts (Tier 2 / Islands Zone) of INR 301 lakh. Under clause DG-04.02.038, the maximum API response time is set at 657 milliseconds as a ceiling, so a proposed maximum API response time of 802 milliseconds is outside the limit and must be escalated to the Vice President.

DG-04.10.022 Example: during a review of Push Notification Alerts (Tier 1 / Central Zone), the API latency for a rural customers account measured 2,547 milliseconds against the trigger of 2,261 milliseconds in clause DG-04.07.039. Because the reading breached the trigger, the Chief Risk Officer must notify the Product Approval Committee within 8 hours and increase monitoring of the affected journey.

DG-04.10.023 Example: the Chief Risk Officer receives a request to extend an exception under clause DG-04.06.011 for Push Notification Alerts (Tier 4 / South Zone) serving women entrepreneurs to 37 days. Because the maximum permitted period is 23 days, the request cannot be approved under that clause and must be declined.

DG-04.10.024 Example: a new-to-bank customers customer applies for Push Notification Alerts (Tier 2 / East Zone) of INR 376 lakh. Under clause DG-04.02.020, the maximum API response time is set at 588 milliseconds as a ceiling, so a proposed maximum API response time of 661 milliseconds is outside the limit and must be escalated to the Vice President.

DG-04.10.025 Example: the Head of Digital Banking receives a request to extend an exception under clause DG-04.06.037 for Push Notification Alerts (Tier 5 / South Zone) serving gig-economy workers to 23 days. Because the maximum permitted period is 26 days, the request can be approved at this level.

DG-04.10.026 Example: a high-net-worth individuals customer applies for Push Notification Alerts (Tier 2 / Islands Zone) of INR 77 lakh. Under clause DG-04.02.014, the app crash rate tolerance is set at 1.44% as a ceiling, which on this request equates to INR 1.11 lakh; the case is therefore routed to the Regional Head for sign-off.

DG-04.10.027 Example: the Vice President receives a request to extend an exception under clause DG-04.06.013 for Push Notification Alerts (Tier 3 / South Zone) serving salaried individuals to 133 days. Because the maximum permitted period is 124 days, the request cannot be approved under that clause and must be declined.

DG-04.10.028 Example: the Chief Risk Officer receives a request to extend an exception under clause DG-04.06.028 for Push Notification Alerts (Tier 1 / Metro Zone) serving government employees to 61 days. Because the maximum permitted period is 49 days, the request cannot be approved under that clause and must be declined.

DG-04.10.029 Example: the Chief Risk Officer receives a request to extend an exception under clause DG-04.06.028 for Push Notification Alerts (Tier 1 / Metro Zone) serving government employees to 29 days. Because the maximum permitted period is 49 days, the request can be approved at this level.

DG-04.10.030 Example: the Head of Digital Banking receives a request to extend an exception under clause DG-04.06.041 for Push Notification Alerts (Tier 5 / West Zone) serving new-to-bank customers to 34 days. Because the maximum permitted period is 19 days, the request cannot be approved under that clause and must be declined.

DG-04.10.031 Example: during a review of Push Notification Alerts (Tier 2 / East Zone), the login failure rate for a farmers and agricultural households account measured 8.9% against the trigger of 7.5% in clause DG-04.04.014. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DG-04.04.014.

DG-04.10.032 Example: a new-to-bank customers customer applies for Push Notification Alerts (Tier 2 / Islands Zone) of INR 28 lakh. Under clause DG-04.02.013, the maximum release cycle is set at 6 weeks as a ceiling, so a proposed maximum release cycle of 8 weeks is outside the limit and must be escalated to the Chief Risk Officer.

DG-04.10.033 Example: during a review of Push Notification Alerts (Tier 5 / East Zone), the digital journey drop-off rate for a high-net-worth individuals account measured 33.4% against the trigger of 33.7% in clause DG-04.04.040. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

DG-04.10.034 Example: a new-to-bank customers customer applies for Push Notification Alerts (Tier 1 / Metro Zone) of INR 386 lakh. Under clause Schedule DG-04-A, the app crash rate tolerance is set at 1.00% as a ceiling, which on this request equates to INR 3.86 lakh; the case is therefore routed to the Chief Risk Officer for sign-off.

DG-04.10.035 Example: a government employees customer applies for Push Notification Alerts (Tier 3 / Central Zone) of INR 182 lakh. Under clause DG-04.02.039, the maximum release cycle is set at 4 weeks as a ceiling, so a proposed maximum release cycle of 4 weeks is within the limit.

DG-04.10.036 Example: the Chief Risk Officer receives a request to extend an exception under clause DG-04.06.011 for Push Notification Alerts (Tier 4 / South Zone) serving women entrepreneurs to 27 days. Because the maximum permitted period is 23 days, the request cannot be approved under that clause and must be declined.

DG-04.10.037 Example: during a review of Push Notification Alerts (Tier 5 / North Zone), the severity-one defects open for a new-to-bank customers account measured 2 defects against the trigger of 2 defects in clause DG-04.04.033. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

DG-04.10.038 Example: a high-net-worth individuals customer applies for Push Notification Alerts (Tier 2 / Islands Zone) of INR 180 lakh. Under clause DG-04.02.038, the maximum API response time is set at 657 milliseconds as a ceiling, so a proposed maximum API response time of 719 milliseconds is outside the limit and must be escalated to the Vice President.

DG-04.10.039 Example: a new-to-bank customers customer applies for Push Notification Alerts (Tier 5 / Metro Zone) of INR 474 lakh. Under clause DG-04.02.018, the maximum login attempts before lock is set at 9 attempts as a ceiling, so a proposed maximum login attempts before lock of 9 attempts is within the limit.

DG-04.10.040 Example: during a review of Push Notification Alerts (Tier 3 / East Zone), the login failure rate for a students and young professionals account measured 22.2% against the trigger of 21.5% in clause DG-04.04.002. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DG-04.04.002.

DG-04.10.041 Example: the Assistant Vice President receives a request to extend an exception under clause DG-04.06.010 for Push Notification Alerts (Tier 5 / East Zone) serving farmers and agricultural households to 1 days. Because the maximum permitted period is 14 days, the request can be approved at this level.

Section 5.10 - Worked Examples

DG-05.10.001 Example: a women entrepreneurs customer applies for Chatbot Customer Service (Tier 2 / East Zone) of INR 405 lakh. Under clause DG-05.02.006, the maximum time to resolve a severity-one defect is set at 35 hours as a ceiling, so a proposed maximum time to resolve a severity-one defect of 27 hours is within the limit.

DG-05.10.002 Example: a pensioners customer applies for Chatbot Customer Service (Tier 3 / East Zone) of INR 76 lakh. Under clause DG-05.02.024, the maximum API response time is set at 719 milliseconds as a ceiling, so a proposed maximum API response time of 755 milliseconds is outside the limit and must be escalated to the Chief Risk Officer.

DG-05.10.003 Example: during a review of Chatbot Customer Service (Tier 5 / East Zone), the API latency for a pensioners account measured 673 milliseconds against the trigger of 767 milliseconds in clause DG-05.04.022. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

DG-05.10.004 Example: a women entrepreneurs customer applies for Chatbot Customer Service (Tier 3 / Central Zone) of INR 320 lakh. Under clause DG-05.02.003, the app crash rate tolerance is set at 2.77% as a ceiling, which on this request equates to INR 8.86 lakh; the case is therefore routed to the Head of Function for sign-off.

DG-05.10.005 Example: a gig-economy workers customer applies for Chatbot Customer Service (Tier 1 / East Zone) of INR 316 lakh. Under clause Schedule DG-05-A, the minimum app store rating is set at 3.3 stars as a floor, so a proposed minimum app store rating of 2.4 stars is outside the limit and must be escalated to the Chief Risk Officer.

DG-05.10.006 Example: during a review of Chatbot Customer Service (Tier 2 / Central Zone), the login failure rate for a pensioners account measured 23.8% against the trigger of 20.2% in clause DG-05.07.022. Because the reading breached the trigger, the Regional Head must notify the Operational Risk Committee within 24 hours and push an interim customer advisory.

DG-05.10.007 Example: the Head of Function receives a request to extend an exception under clause DG-05.06.040 for Chatbot Customer Service (Tier 5 / North Zone) serving gig-economy workers to 1 days. Because the maximum permitted period is 13 days, the request can be approved at this level.

DG-05.10.008 Example: the Regional Head receives a request to extend an exception under clause DG-05.06.005 for Chatbot Customer Service (Tier 3 / East Zone) serving new-to-bank customers to 43 days. Because the maximum permitted period is 33 days, the request cannot be approved under that clause and must be declined.

DG-05.10.009 Example: a salaried individuals customer applies for Chatbot Customer Service (Tier 5 / Central Zone) of INR 95 lakh. Under clause DG-05.02.025, the maximum API response time is set at 721 milliseconds as a ceiling, so a proposed maximum API response time of 762 milliseconds is outside the limit and must be escalated to the Chief Risk Officer.

DG-05.10.010 Example: during a review of Chatbot Customer Service (Tier 2 / Central Zone), the login failure rate for a pensioners account measured 22.7% against the trigger of 20.2% in clause DG-05.07.022. Because the reading breached the trigger, the Regional Head must notify the Operational Risk Committee within 24 hours and push an interim customer advisory.

DG-05.10.011 Example: during a review of Chatbot Customer Service (Tier 2 / Central Zone), the digital journey drop-off rate for a gig-economy workers account measured 34.4% against the trigger of 36.5% in clause DG-05.07.013. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-05.10.012 Example: during a review of Chatbot Customer Service (Tier 1 / South Zone), the API latency for a gig-economy workers account measured 2,393 milliseconds against the trigger of 1,997 milliseconds in clause DG-05.07.011. Because the reading breached the trigger, the Head of Digital Banking must notify the Information Security Steering Committee within 24 hours and raise the incident to the technology crisis desk.

DG-05.10.013 Example: the Chief Risk Officer receives a request to extend an exception under clause DG-05.06.034 for Chatbot Customer Service (Tier 5 / Islands Zone) serving salaried individuals to 119 days. Because the maximum permitted period is 94 days, the request cannot be approved under that clause and must be declined.

DG-05.10.014 Example: a gig-economy workers customer applies for Chatbot Customer Service (Tier 4 / West Zone) of INR 212 lakh. Under clause DG-05.02.027, the maximum login attempts before lock is set at 6 attempts as a ceiling, so a proposed maximum login attempts before lock of 5 attempts is within the limit.

DG-05.10.015 Example: the Regional Head receives a request to extend an exception under clause DG-05.06.005 for Chatbot Customer Service (Tier 3 / East Zone) serving new-to-bank customers to 22 days. Because the maximum permitted period is 33 days, the request can be approved at this level.

DG-05.10.016 Example: a women entrepreneurs customer applies for Chatbot Customer Service (Tier 1 / North-East Zone) of INR 402 lakh. Under clause DG-05.02.002, the minimum app store rating is set at 3.2 stars as a floor, so a proposed minimum app store rating of 2.8 stars is outside the limit and must be escalated to the Vice President.

DG-05.10.017 Example: during a review of Chatbot Customer Service (Tier 2 / Central Zone), the login failure rate for a pensioners account measured 20.7% against the trigger of 20.2% in clause DG-05.07.022. Because the reading breached the trigger, the Regional Head must notify the Operational Risk Committee within 24 hours and push an interim customer advisory.

DG-05.10.018 Example: during a review of Chatbot Customer Service (Tier 1 / North-East Zone), the login failure rate for a high-net-worth individuals account measured 8.0% against the trigger of 10.3% in clause DG-05.04.030. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

DG-05.10.019 Example: the Chief Risk Officer receives a request to extend an exception under clause DG-05.06.010 for Chatbot Customer Service (Tier 4 / Islands Zone) serving women entrepreneurs to 28 days. Because the maximum permitted period is 11 days, the request cannot be approved under that clause and must be declined.

DG-05.10.020 Example: the Digital Product Manager receives a request to extend an exception under clause DG-05.06.018 for Chatbot Customer Service (Tier 2 / Metro Zone) serving high-net-worth individuals to 87 days. Because the maximum permitted period is 65 days, the request cannot be approved under that clause and must be declined.

DG-05.10.021 Example: during a review of Chatbot Customer Service (Tier 1 / North-East Zone), the login failure rate for a high-net-worth individuals account measured 8.1% against the trigger of 10.3% in clause DG-05.04.030. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

DG-05.10.022 Example: a government employees customer applies for Chatbot Customer Service (Tier 2 / Metro Zone) of INR 106 lakh. Under clause DG-05.02.009, the minimum app store rating is set at 4.6 stars as a floor, so a proposed minimum app store rating of 4.9 stars is within the limit.

DG-05.10.023 Example: during a review of Chatbot Customer Service (Tier 2 / Islands Zone), the API latency for a government employees account measured 1,537 milliseconds against the trigger of 2,076 milliseconds in clause DG-05.07.018. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-05.10.024 Example: during a review of Chatbot Customer Service (Tier 2 / Central Zone), the digital journey drop-off rate for a gig-economy workers account measured 46.6% against the trigger of 36.5% in clause DG-05.07.013. Because the reading breached the trigger, the Head of Function must notify the Operational Risk Committee within 6 hours and disable the affected feature.

DG-05.10.025 Example: during a review of Chatbot Customer Service (Tier 2 / Central Zone), the digital journey drop-off rate for a gig-economy workers account measured 39.5% against the trigger of 36.5% in clause DG-05.07.013. Because the reading breached the trigger, the Head of Function must notify the Operational Risk Committee within 6 hours and disable the affected feature.

DG-05.10.026 Example: during a review of Chatbot Customer Service (Tier 4 / West Zone), the severity-one defects open for a new-to-bank customers account measured 9 defects against the trigger of 9 defects in clause DG-05.04.019. Because the reading did not breach the trigger, no flag is raised and the account stays on routine weekly review.

DG-05.10.027 Example: the Digital Product Manager receives a request to extend an exception under clause DG-05.06.018 for Chatbot Customer Service (Tier 2 / Metro Zone) serving high-net-worth individuals to 47 days. Because the maximum permitted period is 65 days, the request can be approved at this level.

DG-05.10.028 Example: during a review of Chatbot Customer Service (Tier 4 / South Zone), the API latency for a salaried individuals account measured 1,107 milliseconds against the trigger of 1,412 milliseconds in clause DG-05.04.004. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

DG-05.10.029 Example: the Chief Risk Officer receives a request to extend an exception under clause DG-05.06.034 for Chatbot Customer Service (Tier 5 / Islands Zone) serving salaried individuals to 115 days. Because the maximum permitted period is 94 days, the request cannot be approved under that clause and must be declined.

DG-05.10.030 Example: a gig-economy workers customer applies for Chatbot Customer Service (Tier 2 / Islands Zone) of INR 235 lakh. Under clause DG-05.02.034, the app crash rate tolerance is set at 1.32% as a ceiling, which on this request equates to INR 3.10 lakh; the case is therefore routed to the Vice President for sign-off.

DG-05.10.031 Example: during a review of Chatbot Customer Service (Tier 2 / Islands Zone), the API latency for a government employees account measured 1,938 milliseconds against the trigger of 2,076 milliseconds in clause DG-05.07.018. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-05.10.032 Example: the Digital Product Manager receives a request to extend an exception under clause DG-05.06.020 for Chatbot Customer Service (Tier 4 / South Zone) serving rural customers to 19 days. Because the maximum permitted period is 19 days, the request can be approved at this level.

DG-05.10.033 Example: the Chief Risk Officer receives a request to extend an exception under clause DG-05.06.010 for Chatbot Customer Service (Tier 4 / Islands Zone) serving women entrepreneurs to 36 days. Because the maximum permitted period is 11 days, the request cannot be approved under that clause and must be declined.

DG-05.10.034 Example: during a review of Chatbot Customer Service (Tier 2 / Central Zone), the login failure rate for a pensioners account measured 25.5% against the trigger of 20.2% in clause DG-05.07.022. Because the reading breached the trigger, the Regional Head must notify the Operational Risk Committee within 24 hours and push an interim customer advisory.

DG-05.10.035 Example: the Digital Product Manager receives a request to extend an exception under clause DG-05.06.020 for Chatbot Customer Service (Tier 4 / South Zone) serving rural customers to 9 days. Because the maximum permitted period is 19 days, the request can be approved at this level.

DG-05.10.036 Example: the Senior Officer receives a request to extend an exception under clause DG-05.06.012 for Chatbot Customer Service (Tier 4 / Metro Zone) serving government employees to 30 days. Because the maximum permitted period is 11 days, the request cannot be approved under that clause and must be declined.

DG-05.10.037 Example: during a review of Chatbot Customer Service (Tier 4 / South Zone), the API latency for a salaried individuals account measured 1,207 milliseconds against the trigger of 1,412 milliseconds in clause DG-05.04.004. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

DG-05.10.038 Example: during a review of Chatbot Customer Service (Tier 3 / South Zone), the login failure rate for a pensioners account measured 5.8% against the trigger of 5.6% in clause DG-05.04.026. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DG-05.04.026.

DG-05.10.039 Example: during a review of Chatbot Customer Service (Tier 1 / South Zone), the API latency for a gig-economy workers account measured 1,752 milliseconds against the trigger of 1,997 milliseconds in clause DG-05.07.011. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-05.10.040 Example: the Head of Function receives a request to extend an exception under clause DG-05.06.037 for Chatbot Customer Service (Tier 4 / Islands Zone) serving students and young professionals to 200 days. Because the maximum permitted period is 184 days, the request cannot be approved under that clause and must be declined.

DG-05.10.041 Example: a women entrepreneurs customer applies for Chatbot Customer Service (Tier 1 / South Zone) of INR 400 lakh. Under clause DG-05.02.001, the maximum API response time is set at 1,669 milliseconds as a ceiling, so a proposed maximum API response time of 1,725 milliseconds is outside the limit and must be escalated to the Vice President.

Chapter 6: Open API Access

Chapter 6 of Part 25 sets out the policy standards for Open API Access. Chapter owner: Head of Digital Banking. Version 3.18, effective 30 September 2025; next review due 17 April 2027. Tier 1 / Central Zone | students and young professionals | app crash rate tolerance | ceiling | 1.18%

Tier 4 / Central Zone | students and young professionals | maximum release cycle | ceiling | 11 weeks

Tier 4 / Islands Zone | new-to-bank customers | maximum login attempts before lock | ceiling | 8 attempts

Tier 4 / East Zone | gig-economy workers | maximum API response time | ceiling | 1,582 milliseconds

Tier 2 / East Zone | new-to-bank customers | maximum release cycle | ceiling | 4 weeks

Tier 3 / Central Zone | rural customers | maximum release cycle | ceiling | 3 weeks

Tier 3 / East Zone | new-to-bank customers | maximum login attempts before lock | ceiling | 10 attempts

Tier 1 / East Zone | farmers and agricultural households | minimum app store rating | floor | 4.7 stars

Tier 4 / North-East Zone | new-to-bank customers | maximum release cycle | ceiling | 7 weeks

Section 6.1 - Scope and Applicability

DG-06.01.001 This chapter applies to Open API Access (Tier 4 / East Zone) originated or serviced through the internet banking portal channel for high-net-worth individuals, and to any related facility that is renewed, restructured or extended while the Open API Access programme remains in force.

DG-06.01.002 For the purposes of this chapter, Open API Access (Tier 1 / South Zone) means any arrangement of that type recorded in the DigiCore system under product code DG06-15354 and offered to farmers and agricultural households; the Chief Risk Officer maintains the authoritative product code register.

DG-06.01.003 The following are outside the scope of this chapter for Open API Access (Tier 4 / Central Zone) serving new-to-bank customers: legacy facilities booked before 19 December 2025; and facilities below INR 242 thousand in value. Such items are governed by clause DG-06.01.001, and any dispute about scope shall be settled by the Assistant Vice President.

DG-06.01.004 For the purposes of this chapter, Open API Access (Tier 3 / South Zone) means any arrangement of that type recorded in the DigiCore system under product code DG06-91628 and offered to new-to-bank customers; the Senior Officer maintains the authoritative product code register.

DG-06.01.005 The following are outside the scope of this chapter for Open API Access (Tier 5 / South Zone) serving students and young professionals: facilities fully secured by cash collateral of at least 51% of the exposure; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause DG-06.01.003, and any dispute about scope shall be settled by the Digital Product Manager.

DG-06.01.006 The following are outside the scope of this chapter for Open API Access (Tier 3 / South Zone) serving pensioners: facilities fully secured by cash collateral of at least 35% of the exposure; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause DG-06.01.004, and any dispute about scope shall be settled by the Digital Product Manager.

DG-06.01.007 This chapter applies to Open API Access (Tier 2 / Metro Zone) originated or serviced through the relationship manager channel for farmers and agricultural households, and to any related facility that is renewed, restructured or extended while the Open API Access programme remains in force.

DG-06.01.008 For the purposes of this chapter, Open API Access (Tier 4 / Central Zone) means any arrangement of that type recorded in the ReleaseGate system under product code DG06-71319 and offered to women entrepreneurs; the Vice President maintains the authoritative product code register.

DG-06.01.009 For the purposes of this chapter, Open API Access (Tier 5 / Islands Zone) means any arrangement of that type recorded in the DigiCore system under product code DG06-96217 and offered to farmers and agricultural households; the Head of Function maintains the authoritative product code register.

DG-06.01.010 This chapter applies to Open API Access (Tier 5 / Islands Zone) originated or serviced through the relationship manager channel for women entrepreneurs, and to any related facility that is renewed, restructured or extended while the Open API Access programme remains in force.

DG-06.01.011 This chapter applies to Open API Access (Tier 5 / West Zone) originated or serviced through the business correspondent network channel for farmers and agricultural households, and to any related facility that is renewed, restructured or extended while the Open API Access programme remains in force.

DG-06.01.012 This chapter applies to Open API Access (Tier 5 / East Zone) originated or serviced through the relationship manager channel for high-net-worth individuals, and to any related facility that is renewed, restructured or extended while the Open API Access programme remains in force.

DG-06.01.013 The following are outside the scope of this chapter for Open API Access (Tier 1 / South Zone) serving high-net-worth individuals: facilities fully secured by cash collateral of at least 48% of the exposure; and facilities below INR 33 thousand in value. Such items are governed by clause DG-06.01.003, and any dispute about scope shall be settled by the Digital Product Manager.

DG-06.01.014 The following are outside the scope of this chapter for Open API Access (Tier 3 / South Zone) serving women entrepreneurs: arrangements governed by a regulatory directive that expressly overrides this policy; and legacy facilities booked before 15 December 2023. Such items are governed by clause DG-06.01.005, and any dispute about scope shall be settled by the Chief Risk Officer.

DG-06.01.015 This chapter applies to Open API Access (Tier 1 / Central Zone) originated or serviced through the self-service kiosk channel for high-net-worth individuals, and to any related facility that is renewed, restructured or extended while the Open API Access programme remains in force.

DG-06.01.016 For the purposes of this chapter, Open API Access (Tier 5 / Central Zone) means any arrangement of that type recorded in the ReleaseGate system under product code DG06-42644 and offered to women entrepreneurs; the Assistant Vice President maintains the authoritative product code register.

DG-06.01.017 The following are outside the scope of this chapter for Open API Access (Tier 5 / South Zone) serving high-net-worth individuals: facilities below INR 212 thousand in value; and arrangements transferred to the recovery function. Such items are governed by clause DG-06.01.002, and any dispute about scope shall be settled by the Assistant Vice President.

DG-06.01.018 For the purposes of this chapter, Open API Access (Tier 1 / West Zone) means any arrangement of that type recorded in the DigiCore system under product code DG06-77010 and offered to students and young professionals; the Digital Product Manager maintains the authoritative product code register.

DG-06.01.019 For the purposes of this chapter, Open API Access (Tier 3 / East Zone) means any arrangement of that type recorded in the DigiCore system under product code DG06-14564 and offered to women entrepreneurs; the Assistant Vice President maintains the authoritative product code register.

DG-06.01.020 This chapter applies to Open API Access (Tier 2 / West Zone) originated or serviced through the internet banking portal channel for gig-economy workers, and to any related facility that is renewed, restructured or extended while the Open API Access programme remains in force.

DG-06.01.021 For the purposes of this chapter, Open API Access (Tier 2 / South Zone) means any arrangement of that type recorded in the ReleaseGate system under product code DG06-69303 and offered to gig-economy workers; the Chief Risk Officer maintains the authoritative product code register.

DG-06.01.022 This chapter applies to Open API Access (Tier 2 / Islands Zone) originated or serviced through the partner agent network channel for women entrepreneurs, and to any related facility that is renewed, restructured or extended while the Open API Access programme remains in force.

DG-06.01.023 For the purposes of this chapter, Open API Access (Tier 2 / South Zone) means any arrangement of that type recorded in the ReleaseGate system under product code DG06-78932 and offered to students and young professionals; the Head of Digital Banking maintains the authoritative product code register.

DG-06.01.024 The following are outside the scope of this chapter for Open API Access (Tier 2 / South Zone) serving rural customers: pilot programmes sanctioned by the Operational Risk Committee before 11 March 2023; and legacy facilities booked before 10 July 2025. Such items are governed by clause DG-06.01.020, and any dispute about scope shall be settled by the Senior Officer.

DG-06.01.025 The following are outside the scope of this chapter for Open API Access (Tier 3 / West Zone) serving pensioners: legacy facilities booked before 18 August 2025; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause DG-06.01.003, and any dispute about scope shall be settled by the Vice President.

DG-06.01.026 The following are outside the scope of this chapter for Open API Access (Tier 1 / North-East Zone) serving rural customers: inter-company balances within the same banking group; and legacy facilities booked before 17 April 2024. Such items are governed by clause DG-06.01.003, and any dispute about scope shall be settled by the Regional Head.

DG-06.01.027 The following are outside the scope of this chapter for Open API Access (Tier 4 / North-East Zone) serving pensioners: pilot programmes sanctioned by the Product Approval Committee before 27 April 2025; and facilities below INR 260 thousand in value. Such items are governed by clause DG-06.01.006, and any dispute about scope shall be settled by the Head of Digital Banking.

DG-06.01.028 For the purposes of this chapter, Open API Access (Tier 1 / North-East Zone) means any arrangement of that type recorded in the DigiCore system under product code DG06-92620 and offered to students and young professionals; the Chief Risk Officer maintains the authoritative product code register.

DG-06.01.029 The following are outside the scope of this chapter for Open API Access (Tier 2 / North-East Zone) serving students and young professionals: facilities fully secured by cash collateral of at least 61% of the exposure; and arrangements transferred to the recovery function. Such items are governed by clause DG-06.01.003, and any dispute about scope shall be settled by the Digital Product Manager.

DG-06.01.030 This chapter applies to Open API Access (Tier 3 / South Zone) originated or serviced through the call centre channel for government employees, and to any related facility that is renewed, restructured or extended while the Open API Access programme remains in force.

DG-06.01.031 This chapter applies to Open API Access (Tier 3 / Islands Zone) originated or serviced through the relationship manager channel for government employees, and to any related facility that is renewed, restructured or extended while the Open API Access programme remains in force.

DG-06.01.032 For the purposes of this chapter, Open API Access (Tier 4 / Central Zone) means any arrangement of that type recorded in the DigiCore system under product code DG06-10430 and offered to salaried individuals; the Chief Risk Officer maintains the authoritative product code register.

DG-06.01.033 For the purposes of this chapter, Open API Access (Tier 4 / Metro Zone) means any arrangement of that type recorded in the DigiCore system under product code DG06-13147 and offered to farmers and agricultural households; the Vice President maintains the authoritative product code register.

DG-06.01.034 The following are outside the scope of this chapter for Open API Access (Tier 4 / East Zone) serving rural customers: staff-sponsored facilities approved under the human resources policy; and facilities below INR 195 thousand in value. Such items are governed by clause DG-06.01.027, and any dispute about scope shall be settled by the Chief Risk Officer.

DG-06.01.035 The following are outside the scope of this chapter for Open API Access (Tier 1 / South Zone) serving farmers and agricultural households: arrangements transferred to the recovery function; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause DG-06.01.018, and any dispute about scope shall be settled by the Chief Risk Officer.

DG-06.01.036 The following are outside the scope of this chapter for Open API Access (Tier 1 / Central Zone) serving rural customers: facilities below INR 446 thousand in value; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause DG-06.01.014, and any dispute about scope shall be settled by the Senior Officer.

DG-06.01.037 The following are outside the scope of this chapter for Open API Access (Tier 5 / Metro Zone) serving new-to-bank customers: inter-company balances within the same banking group; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause DG-06.01.031, and any dispute about scope shall be settled by the Vice President.

DG-06.01.038 The following are outside the scope of this chapter for Open API Access (Tier 2 / North Zone) serving rural customers: staff-sponsored facilities approved under the human resources policy; and pilot programmes sanctioned by the Information Security Steering Committee before 20 April 2024. Such items are governed by clause DG-06.01.027, and any dispute about scope shall be settled by the Vice President.

DG-06.01.039 This chapter applies to Open API Access (Tier 1 / North-East Zone) originated or serviced through the internet banking portal channel for pensioners, and to any related facility that is renewed, restructured or extended while the Open API Access programme remains in force.

DG-06.01.040 This chapter applies to Open API Access (Tier 1 / North Zone) originated or serviced through the branch channel for rural customers, and to any related facility that is renewed, restructured or extended while the Open API Access programme remains in force.

DG-06.01.041 This chapter applies to Open API Access (Tier 5 / East Zone) originated or serviced through the mobile app channel for women entrepreneurs, and to any related facility that is renewed, restructured or extended while the Open API Access programme remains in force.

Section 6.2 - Eligibility and Limits

DG-06.02.001 The maximum API response time applicable to Open API Access (Tier 3 / West Zone) for rural customers is reviewed quarterly by the Chief Risk Officer; the currently approved setting is 1,822 milliseconds (a ceiling), effective from 3 April 2024.

DG-06.02.002 For Open API Access (Tier 3 / East Zone) extended to rural customers, the maximum login attempts before lock shall not exceed 9 attempts. Any proposal outside this threshold must be escalated to the Assistant Vice President and logged in the ReleaseGate system within 10 business days.

DG-06.02.003 For Open API Access (Tier 1 / North-East Zone) extended to women entrepreneurs, the maximum release cycle shall not exceed 4 weeks. Any proposal outside this threshold must be escalated to the Digital Product Manager and logged in the DigiCore system within 2 business days.

DG-06.02.004 Eligibility of students and young professionals for Open API Access (Tier 4 / Metro Zone) through the branch channel is conditional on the maximum release cycle not exceeding 6 weeks, and on review of customer alert content being completed before sanction.

DG-06.02.005 For Open API Access (Tier 5 / Metro Zone) extended to government employees, the minimum app store rating shall not be less than 4.7 stars. Any proposal outside this threshold must be escalated to the Head of Digital Banking and logged in the ReleaseGate system within 12 business days.

DG-06.02.006 Eligibility of high-net-worth individuals for Open API Access (Tier 3 / West Zone) through the partner agent network channel is conditional on the app crash rate tolerance not exceeding 2.70%, and on rollback readiness check being completed before sanction.

DG-06.02.007 Eligibility of rural customers for Open API Access (Tier 1 / Islands Zone) through the branch channel is conditional on the maximum API response time not exceeding 856 milliseconds, and on user acceptance testing sign-off being completed before sanction.

DG-06.02.008 The maximum release cycle applicable to Open API Access (Tier 5 / Metro Zone) for high-net-worth individuals is reviewed fortnightly by the Chief Risk Officer; the currently approved setting is 2 weeks (a ceiling), effective from 2 September 2024.

DG-06.02.009 For Open API Access (Tier 4 / Metro Zone) extended to rural customers, the maximum login attempts before lock shall not exceed 6 attempts. Any proposal outside this threshold must be escalated to the Head of Digital Banking and logged in the DigiCore system within 7 business days.

DG-06.02.010 For Open API Access (Tier 5 / East Zone) extended to salaried individuals, the minimum app store rating shall not be less than 4.2 stars. Any proposal outside this threshold must be escalated to the Assistant Vice President and logged in the DigiCore system within 11 business days.

DG-06.09.038 Management information on Open API Access (Tier 5 / East Zone) shall be produced from the ReleaseGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 619 thousand must be explained in writing by the Head of Function.

DG-06.09.039 Management information on Open API Access (Tier 4 / Metro Zone) shall be produced from the ReleaseGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 653 thousand must be explained in writing by the Head of Function.

DG-06.09.040 Management information on Open API Access (Tier 5 / Metro Zone) shall be produced from the DigiCore system and reconciled to the general ledger before submission; any unreconciled difference above INR 70 thousand must be explained in writing by the Head of Digital Banking.

DG-06.09.041 Management information on Open API Access (Tier 2 / North Zone) shall be produced from the ReleaseGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 333 thousand must be explained in writing by the Head of Digital Banking.

Section 6.10 - Worked Examples

DG-06.10.001 Example: the Vice President receives a request to extend an exception under clause DG-06.06.009 for Open API Access (Tier 1 / North Zone) serving women entrepreneurs to 10 days. Because the maximum permitted period is 9 days, the request cannot be approved under that clause and must be declined.

DG-06.10.002 Example: the Head of Digital Banking receives a request to extend an exception under clause DG-06.06.004 for Open API Access (Tier 2 / South Zone) serving rural customers to 1 days. Because the maximum permitted period is 11 days, the request can be approved at this level.

DG-06.10.003 Example: during a review of Open API Access (Tier 1 / West Zone), the digital journey drop-off rate for a students and young professionals account measured 21.4% against the trigger of 23.4% in clause DG-06.04.033. Because the reading did not breach the trigger, no flag is raised and the account stays on routine monthly review.

DG-06.10.004 Example: a salaried individuals customer applies for Open API Access (Tier 5 / East Zone) of INR 369 lakh. Under clause DG-06.02.010, the minimum app store rating is set at 4.2 stars as a floor, so a proposed minimum app store rating of 5.1 stars is within the limit.

DG-06.10.005 Example: during a review of Open API Access (Tier 3 / Central Zone), the API latency for a gig-economy workers account measured 931 milliseconds against the trigger of 1,160 milliseconds in clause DG-06.04.008. Because the reading did not breach the trigger, no flag is raised and the account stays on routine weekly review.

DG-06.10.006 Example: the Digital Product Manager receives a request to extend an exception under clause DG-06.06.028 for Open API Access (Tier 5 / South Zone) serving pensioners to 46 days. Because the maximum permitted period is 24 days, the request cannot be approved under that clause and must be declined.

DG-06.10.007 Example: during a review of Open API Access (Tier 5 / North Zone), the API latency for a high-net-worth individuals account measured 1,174 milliseconds against the trigger of 1,480 milliseconds in clause DG-06.04.011. Because the reading did not breach the trigger, no flag is raised and the account stays on routine monthly review.

DG-06.10.008 Example: a government employees customer applies for Open API Access (Tier 2 / South Zone) of INR 114 lakh. Under clause DG-06.02.019, the maximum API response time is set at 1,448 milliseconds as a ceiling, so a proposed maximum API response time of 1,200 milliseconds is within the limit.

DG-06.10.009 Example: a new-to-bank customers customer applies for Open API Access (Tier 4 / North-East Zone) of INR 312 lakh. Under clause Schedule DG-06-A, the maximum release cycle is set at 7 weeks as a ceiling, so a proposed maximum release cycle of 9 weeks is outside the limit and must be escalated to the Head of Digital Banking.

DG-06.10.010 Example: the Digital Product Manager receives a request to extend an exception under clause DG-06.06.020 for Open API Access (Tier 4 / East Zone) serving students and young professionals to 73 days. Because the maximum permitted period is 51 days, the request cannot be approved under that clause and must be declined.

DG-06.10.011 Example: a women entrepreneurs customer applies for Open API Access (Tier 1 / North-East Zone) of INR 15 lakh. Under clause DG-06.02.003, the maximum release cycle is set at 4 weeks as a ceiling, so a proposed maximum release cycle of 5 weeks is outside the limit and must be escalated to the Digital Product Manager.

DG-06.10.012 Example: the Assistant Vice President receives a request to extend an exception under clause DG-06.06.011 for Open API Access (Tier 4 / West Zone) serving high-net-worth individuals to 11 days. Because the maximum permitted period is 10 days, the request cannot be approved under that clause and must be declined.

DG-06.10.013 Example: during a review of Open API Access (Tier 3 / West Zone), the API latency for a farmers and agricultural households account measured 1,967 milliseconds against the trigger of 1,873 milliseconds in clause DG-06.07.025. Because the reading breached the trigger, the Head of Function must notify the Product Approval Committee within 8 hours and roll back the application release.

DG-06.10.014 Example: during a review of Open API Access (Tier 5 / Islands Zone), the digital journey drop-off rate for a farmers and agricultural households account measured 31.3% against the trigger of 25.1% in clause DG-06.04.041. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DG-06.04.041.

DG-06.10.015 Example: the Vice President receives a request to extend an exception under clause DG-06.06.009 for Open API Access (Tier 1 / North Zone) serving women entrepreneurs to 29 days. Because the maximum permitted period is 9 days, the request cannot be approved under that clause and must be declined.

DG-06.10.016 Example: the Vice President receives a request to extend an exception under clause DG-06.06.027 for Open API Access (Tier 1 / North Zone) serving pensioners to 30 days. Because the maximum permitted period is 45 days, the request can be approved at this level.

DG-06.10.017 Example: the Senior Officer receives a request to extend an exception under clause DG-06.06.041 for Open API Access (Tier 2 / North-East Zone) serving rural customers to 41 days. Because the maximum permitted period is 25 days, the request cannot be approved under that clause and must be declined.

DG-06.10.018 Example: a pensioners customer applies for Open API Access (Tier 4 / North Zone) of INR 415 lakh. Under clause DG-06.02.040, the app crash rate tolerance is set at 1.47% as a ceiling, which on this request equates to INR 6.10 lakh; the case is therefore routed to the Vice President for sign-off.

DG-06.10.019 Example: during a review of Open API Access (Tier 3 / West Zone), the app crash rate for a salaried individuals account measured 1.96% against the trigger of 1.97% in clause DG-06.07.036. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-06.10.020 Example: the Vice President receives a request to extend an exception under clause DG-06.06.009 for Open API Access (Tier 1 / North Zone) serving women entrepreneurs to 4 days. Because the maximum permitted period is 9 days, the request can be approved at this level.

DG-06.10.021 Example: during a review of Open API Access (Tier 5 / North Zone), the API latency for a high-net-worth individuals account measured 1,808 milliseconds against the trigger of 1,480 milliseconds in clause DG-06.04.011. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DG-06.04.011.

DG-06.10.022 Example: during a review of Open API Access (Tier 3 / West Zone), the API latency for a farmers and agricultural households account measured 2,207 milliseconds against the trigger of 1,873 milliseconds in clause DG-06.07.025. Because the reading breached the trigger, the Head of Function must notify the Product Approval Committee within 8 hours and roll back the application release.

DG-06.10.023 Example: during a review of Open API Access (Tier 2 / West Zone), the app crash rate for a gig-economy workers account measured 1.08% against the trigger of 1.10% in clause DG-06.04.020. Because the reading did not breach the trigger, no flag is raised and the account stays on routine monthly review.

DG-06.10.024 Example: the Head of Digital Banking receives a request to extend an exception under clause DG-06.06.008 for Open API Access (Tier 2 / Metro Zone) serving rural customers to 12 days. Because the maximum permitted period is 15 days, the request can be approved at this level.

DG-06.10.025 Example: during a review of Open API Access (Tier 4 / North-East Zone), the login failure rate for a gig-economy workers account measured 19.2% against the trigger of 14.8% in clause DG-06.04.024. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DG-06.04.024.

DG-06.10.026 Example: a government employees customer applies for Open API Access (Tier 5 / Islands Zone) of INR 170 lakh. Under clause DG-06.02.011, the minimum app store rating is set at 4.8 stars as a floor, so a proposed minimum app store rating of 5.0 stars is within the limit.

DG-06.10.027 Example: a government employees customer applies for Open API Access (Tier 5 / Islands Zone) of INR 245 lakh. Under clause DG-06.02.030, the maximum time to resolve a severity-one defect is set at 15 hours as a ceiling, so a proposed maximum time to resolve a severity-one defect of 16 hours is outside the limit and must be escalated to the Head of Digital Banking.

DG-06.10.028 Example: a high-net-worth individuals customer applies for Open API Access (Tier 4 / Central Zone) of INR 413 lakh. Under clause DG-06.02.023, the app crash rate tolerance is set at 2.13% as a ceiling, which on this request equates to INR 8.80 lakh; the case is therefore routed to the Assistant Vice President for sign-off.

DG-06.10.029 Example: a gig-economy workers customer applies for Open API Access (Tier 4 / South Zone) of INR 443 lakh. Under clause DG-06.02.031, the maximum release cycle is set at 6 weeks as a ceiling, so a proposed maximum release cycle of 5 weeks is within the limit.

DG-06.10.030 Example: the Digital Product Manager receives a request to extend an exception under clause DG-06.06.028 for Open API Access (Tier 5 / South Zone) serving pensioners to 15 days. Because the maximum permitted period is 24 days, the request can be approved at this level.

DG-06.10.031 Example: the Vice President receives a request to extend an exception under clause DG-06.06.009 for Open API Access (Tier 1 / North Zone) serving women entrepreneurs to 25 days. Because the maximum permitted period is 9 days, the request cannot be approved under that clause and must be declined.

DG-06.10.032 Example: the Senior Officer receives a request to extend an exception under clause DG-06.06.024 for Open API Access (Tier 1 / North-East Zone) serving pensioners to 63 days. Because the maximum permitted period is 64 days, the request can be approved at this level.

DG-06.10.033 Example: during a review of Open API Access (Tier 4 / North-East Zone), the login failure rate for a gig-economy workers account measured 13.8% against the trigger of 14.8% in clause DG-06.04.024. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

DG-06.10.034 Example: the Vice President receives a request to extend an exception under clause DG-06.06.027 for Open API Access (Tier 1 / North Zone) serving pensioners to 51 days. Because the maximum permitted period is 45 days, the request cannot be approved under that clause and must be declined.

DG-06.10.035 Example: the Vice President receives a request to extend an exception under clause DG-06.06.009 for Open API Access (Tier 1 / North Zone) serving women entrepreneurs to 1 days. Because the maximum permitted period is 9 days, the request can be approved at this level.

DG-06.10.036 Example: a women entrepreneurs customer applies for Open API Access (Tier 1 / North-East Zone) of INR 355 lakh. Under clause DG-06.02.003, the maximum release cycle is set at 4 weeks as a ceiling, so a proposed maximum release cycle of 5 weeks is outside the limit and must be escalated to the Digital Product Manager.

DG-06.10.037 Example: a gig-economy workers customer applies for Open API Access (Tier 2 / West Zone) of INR 337 lakh. Under clause DG-06.02.038, the maximum time to resolve a severity-one defect is set at 20 hours as a ceiling, so a proposed maximum time to resolve a severity-one defect of 23 hours is outside the limit and must be escalated to the Chief Risk Officer.

DG-06.10.038 Example: a students and young professionals customer applies for Open API Access (Tier 4 / Central Zone) of INR 116 lakh. Under clause Schedule DG-06-A, the maximum release cycle is set at 11 weeks as a ceiling, so a proposed maximum release cycle of 10 weeks is within the limit.

DG-06.10.039 Example: the Head of Digital Banking receives a request to extend an exception under clause DG-06.06.008 for Open API Access (Tier 2 / Metro Zone) serving rural customers to 25 days. Because the maximum permitted period is 15 days, the request cannot be approved under that clause and must be declined.

DG-06.10.040 Example: a students and young professionals customer applies for Open API Access (Tier 2 / East Zone) of INR 463 lakh. Under clause DG-06.02.033, the maximum time to resolve a severity-one defect is set at 23 hours as a ceiling, so a proposed maximum time to resolve a severity-one defect of 16 hours is within the limit.

DG-06.10.041 Example: during a review of Open API Access (Tier 5 / North Zone), the app crash rate for a salaried individuals account measured 2.97% against the trigger of 3.34% in clause DG-06.07.011. Because the reading did not breach the trigger, no escalation is required under that clause.

Section 7.10 - Worked Examples

DG-07.10.001 Example: during a review of Digital Lending Journeys (Tier 1 / Islands Zone), the severity-one defects open for a high-net-worth individuals account measured 2 defects against the trigger of 2 defects in clause DG-07.04.015. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

DG-07.10.002 Example: during a review of Digital Lending Journeys (Tier 1 / East Zone), the app crash rate for a farmers and agricultural households account measured 2.48% against the trigger of 2.74% in clause DG-07.04.031. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

DG-07.10.003 Example: during a review of Digital Lending Journeys (Tier 3 / West Zone), the app crash rate for a women entrepreneurs account measured 1.59% against the trigger of 2.11% in clause DG-07.07.038. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-07.10.004 Example: during a review of Digital Lending Journeys (Tier 3 / Islands Zone), the app crash rate for a students and young professionals account measured 2.35% against the trigger of 2.09% in clause DG-07.07.016. Because the reading breached the trigger, the Regional Head must notify the Operational Risk Committee within 12 hours and disable the affected feature.

DG-07.10.005 Example: a rural customers customer applies for Digital Lending Journeys (Tier 3 / North-East Zone) of INR 462 lakh. Under clause Schedule DG-07-A, the app crash rate tolerance is set at 1.36% as a ceiling, which on this request equates to INR 6.28 lakh; the case is therefore routed to the Head of Function for sign-off.

DG-07.10.006 Example: the Head of Digital Banking receives a request to extend an exception under clause DG-07.06.036 for Digital Lending Journeys (Tier 3 / North Zone) serving salaried individuals to 88 days. Because the maximum permitted period is 64 days, the request cannot be approved under that clause and must be declined.

DG-07.10.007 Example: a farmers and agricultural households customer applies for Digital Lending Journeys (Tier 4 / West Zone) of INR 350 lakh. Under clause DG-07.02.041, the maximum time to resolve a severity-one defect is set at 17 hours as a ceiling, so a proposed maximum time to resolve a severity-one defect of 18 hours is outside the limit and must be escalated to the Digital Product Manager.

DG-07.10.008 Example: a gig-economy workers customer applies for Digital Lending Journeys (Tier 5 / Metro Zone) of INR 62 lakh. Under clause DG-07.02.027, the maximum release cycle is set at 1 weeks as a ceiling, so a proposed maximum release cycle of 1 weeks is within the limit.

DG-07.10.009 Example: during a review of Digital Lending Journeys (Tier 3 / Islands Zone), the app crash rate for a students and young professionals account measured 2.41% against the trigger of 2.09% in clause DG-07.07.016. Because the reading breached the trigger, the Regional Head must notify the Operational Risk Committee within 12 hours and disable the affected feature.

DG-07.10.010 Example: a high-net-worth individuals customer applies for Digital Lending Journeys (Tier 5 / Metro Zone) of INR 446 lakh. Under clause DG-07.02.021, the maximum API response time is set at 1,659 milliseconds as a ceiling, so a proposed maximum API response time of 1,278 milliseconds is within the limit.

DG-07.10.011 Example: the Senior Officer receives a request to extend an exception under clause DG-07.06.033 for Digital Lending Journeys (Tier 3 / West Zone) serving farmers and agricultural households to 106 days. Because the maximum permitted period is 124 days, the request can be approved at this level.

DG-07.10.012 Example: during a review of Digital Lending Journeys (Tier 1 / East Zone), the app crash rate for a government employees account measured 0.46% against the trigger of 0.37% in clause DG-07.07.002. Because the reading breached the trigger, the Regional Head must notify the Operational Risk Committee within 72 hours and push an interim customer advisory.

DG-07.10.013 Example: during a review of Digital Lending Journeys (Tier 1 / South Zone), the API latency for a students and young professionals account measured 1,668 milliseconds against the trigger of 2,248 milliseconds in clause DG-07.07.024. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-07.10.014 Example: a students and young professionals customer applies for Digital Lending Journeys (Tier 1 / West Zone) of INR 60 lakh. Under clause DG-07.02.024, the maximum login attempts before lock is set at 3 attempts as a ceiling, so a proposed maximum login attempts before lock of 2 attempts is within the limit.

DG-07.10.015 Example: during a review of Digital Lending Journeys (Tier 3 / West Zone), the severity-one defects open for a farmers and agricultural households account measured 5 defects against the trigger of 7 defects in clause DG-07.07.039. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-07.10.016 Example: a pensioners customer applies for Digital Lending Journeys (Tier 2 / Islands Zone) of INR 376 lakh. Under clause DG-07.02.037, the maximum login attempts before lock is set at 9 attempts as a ceiling, so a proposed maximum login attempts before lock of 10 attempts is outside the limit and must be escalated to the Head of Function.

DG-07.10.017 Example: the Vice President receives a request to extend an exception under clause DG-07.06.007 for Digital Lending Journeys (Tier 5 / Islands Zone) serving pensioners to 10 days. Because the maximum permitted period is 22 days, the request can be approved at this level.

DG-07.10.018 Example: during a review of Digital Lending Journeys (Tier 5 / North-East Zone), the API latency for a gig-economy workers account measured 2,670 milliseconds against the trigger of 2,296 milliseconds in clause DG-07.07.015. Because the reading breached the trigger, the Assistant Vice President must notify the Product Approval Committee within 4 hours and roll back the application release.

DG-07.10.019 Example: a pensioners customer applies for Digital Lending Journeys (Tier 5 / South Zone) of INR 227 lakh. Under clause DG-07.02.036, the minimum app store rating is set at 3.7 stars as a floor, so a proposed minimum app store rating of 4.3 stars is within the limit.

DG-07.10.020 Example: the Assistant Vice President receives a request to extend an exception under clause DG-07.06.020 for Digital Lending Journeys (Tier 3 / East Zone) serving students and young professionals to 9 days. Because the maximum permitted period is 14 days, the request can be approved at this level.

DG-07.10.021 Example: during a review of Digital Lending Journeys (Tier 3 / West Zone), the severity-one defects open for a farmers and agricultural households account measured 7 defects against the trigger of 7 defects in clause DG-07.07.039. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-07.10.022 Example: during a review of Digital Lending Journeys (Tier 2 / Central Zone), the severity-one defects open for a students and young professionals account measured 8 defects against the trigger of 10 defects in clause DG-07.07.037. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-07.10.023 Example: a women entrepreneurs customer applies for Digital Lending Journeys (Tier 1 / West Zone) of INR 56 lakh. Under clause DG-07.02.002, the maximum login attempts before lock is set at 8 attempts as a ceiling, so a proposed maximum login attempts before lock of 10 attempts is outside the limit and must be escalated to the Head of Digital Banking.

DG-07.10.024 Example: a gig-economy workers customer applies for Digital Lending Journeys (Tier 2 / Central Zone) of INR 196 lakh. Under clause DG-07.02.006, the maximum release cycle is set at 2 weeks as a ceiling, so a proposed maximum release cycle of 2 weeks is within the limit.

DG-07.10.025 Example: the Head of Digital Banking receives a request to extend an exception under clause DG-07.06.036 for Digital Lending Journeys (Tier 3 / North Zone) serving salaried individuals to 84 days. Because the maximum permitted period is 64 days, the request cannot be approved under that clause and must be declined.

DG-07.10.026 Example: during a review of Digital Lending Journeys (Tier 4 / North-East Zone), the digital journey drop-off rate for a government employees account measured 55.5% against the trigger of 68.4% in clause DG-07.07.009. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-07.10.027 Example: during a review of Digital Lending Journeys (Tier 4 / North-East Zone), the digital journey drop-off rate for a government employees account measured 74.0% against the trigger of 68.4% in clause DG-07.07.009. Because the reading breached the trigger, the Senior Officer must notify the Product Approval Committee within 48 hours and push an interim customer advisory.

DG-07.10.028 Example: a high-net-worth individuals customer applies for Digital Lending Journeys (Tier 1 / North-East Zone) of INR 444 lakh. Under clause DG-07.02.040, the minimum app store rating is set at 4.1 stars as a floor, so a proposed minimum app store rating of 4.9 stars is within the limit.

DG-07.10.029 Example: the Senior Officer receives a request to extend an exception under clause DG-07.06.033 for Digital Lending Journeys (Tier 3 / West Zone) serving farmers and agricultural households to 111 days. Because the maximum permitted period is 124 days, the request can be approved at this level.

DG-07.10.030 Example: during a review of Digital Lending Journeys (Tier 1 / South Zone), the severity-one defects open for a government employees account measured 10 defects against the trigger of 8 defects in clause DG-07.04.020. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DG-07.04.020.

DG-07.10.031 Example: a rural customers customer applies for Digital Lending Journeys (Tier 1 / Islands Zone) of INR 69 lakh. Under clause DG-07.02.023, the maximum login attempts before lock is set at 9 attempts as a ceiling, so a proposed maximum login attempts before lock of 6 attempts is within the limit.

DG-07.10.032 Example: a rural customers customer applies for Digital Lending Journeys (Tier 1 / Islands Zone) of INR 356 lakh. Under clause DG-07.02.026, the maximum time to resolve a severity-one defect is set at 6 hours as a ceiling, so a proposed maximum time to resolve a severity-one defect of 5 hours is within the limit.

DG-07.10.033 Example: during a review of Digital Lending Journeys (Tier 3 / Islands Zone), the app crash rate for a students and young professionals account measured 1.71% against the trigger of 2.09% in clause DG-07.07.016. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-07.10.034 Example: the Digital Product Manager receives a request to extend an exception under clause DG-07.06.027 for Digital Lending Journeys (Tier 2 / Islands Zone) serving women entrepreneurs to 53 days. Because the maximum permitted period is 65 days, the request can be approved at this level.

DG-07.10.035 Example: during a review of Digital Lending Journeys (Tier 1 / East Zone), the app crash rate for a government employees account measured 0.33% against the trigger of 0.37% in clause DG-07.07.002. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-07.10.036 Example: a rural customers customer applies for Digital Lending Journeys (Tier 1 / East Zone) of INR 148 lakh. Under clause DG-07.02.004, the minimum app store rating is set at 3.1 stars as a floor, so a proposed minimum app store rating of 3.4 stars is within the limit.

DG-07.10.037 Example: a salaried individuals customer applies for Digital Lending Journeys (Tier 2 / East Zone) of INR 26 lakh. Under clause DG-07.02.022, the maximum login attempts before lock is set at 9 attempts as a ceiling, so a proposed maximum login attempts before lock of 10 attempts is outside the limit and must be escalated to the Vice President.

DG-07.10.038 Example: the Senior Officer receives a request to extend an exception under clause DG-07.06.033 for Digital Lending Journeys (Tier 3 / West Zone) serving farmers and agricultural households to 142 days. Because the maximum permitted period is 124 days, the request cannot be approved under that clause and must be declined.

DG-07.10.039 Example: the Vice President receives a request to extend an exception under clause DG-07.06.010 for Digital Lending Journeys (Tier 2 / North-East Zone) serving women entrepreneurs to 44 days. Because the maximum permitted period is 36 days, the request cannot be approved under that clause and must be declined.

DG-07.10.040 Example: during a review of Digital Lending Journeys (Tier 1 / North Zone), the app crash rate for a women entrepreneurs account measured 1.56% against the trigger of 2.03% in clause DG-07.04.029. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

DG-07.10.041 Example: during a review of Digital Lending Journeys (Tier 2 / Central Zone), the app crash rate for a farmers and agricultural households account measured 2.71% against the trigger of 2.49% in clause DG-07.07.006. Because the reading breached the trigger, the Digital Product Manager must notify the Product Approval Committee within 8 hours and increase monitoring of the affected journey.

DG-08.09.041 The Digital Channel Dashboard for QR Code Payments (Tier 1 / North Zone) covering rural customers shall be submitted to the Operational Risk Committee by working day 12 of each quarter, and must include the severity-one defects open together with its trend over the previous 7 quarters.

Section 8.10 - Worked Examples

DG-08.10.001 Example: a women entrepreneurs customer applies for QR Code Payments (Tier 5 / West Zone) of INR 463 lakh. Under clause DG-08.02.024, the maximum API response time is set at 1,034 milliseconds as a ceiling, so a proposed maximum API response time of 1,255 milliseconds is outside the limit and must be escalated to the Regional Head.

DG-08.10.002 Example: during a review of QR Code Payments (Tier 5 / Islands Zone), the severity-one defects open for a government employees account measured 6 defects against the trigger of 5 defects in clause DG-08.04.026. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DG-08.04.026.

DG-08.10.003 Example: the Digital Product Manager receives a request to extend an exception under clause DG-08.06.028 for QR Code Payments (Tier 2 / Metro Zone) serving rural customers to 179 days. Because the maximum permitted period is 186 days, the request can be approved at this level.

DG-08.10.004 Example: a rural customers customer applies for QR Code Payments (Tier 1 / North Zone) of INR 195 lakh. Under clause DG-08.02.032, the maximum time to resolve a severity-one defect is set at 31 hours as a ceiling, so a proposed maximum time to resolve a severity-one defect of 39 hours is outside the limit and must be escalated to the Chief Risk Officer.

DG-08.10.005 Example: during a review of QR Code Payments (Tier 3 / North Zone), the login failure rate for a gig-economy workers account measured 4.4% against the trigger of 4.8% in clause DG-08.07.032. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-08.10.006 Example: the Chief Risk Officer receives a request to extend an exception under clause DG-08.06.037 for QR Code Payments (Tier 4 / North Zone) serving new-to-bank customers to 109 days. Because the maximum permitted period is 91 days, the request cannot be approved under that clause and must be declined.

DG-08.10.007 Example: the Head of Digital Banking receives a request to extend an exception under clause DG-08.06.012 for QR Code Payments (Tier 3 / North Zone) serving rural customers to 7 days. Because the maximum permitted period is 24 days, the request can be approved at this level.

DG-08.10.008 Example: the Head of Function receives a request to extend an exception under clause DG-08.06.017 for QR Code Payments (Tier 2 / South Zone) serving new-to-bank customers to 88 days. Because the maximum permitted period is 66 days, the request cannot be approved under that clause and must be declined.

DG-08.10.009 Example: a pensioners customer applies for QR Code Payments (Tier 3 / North Zone) of INR 69 lakh. Under clause Schedule DG-08-A, the maximum login attempts before lock is set at 4 attempts as a ceiling, so a proposed maximum login attempts before lock of 5 attempts is outside the limit and must be escalated to the Regional Head.

DG-08.10.010 Example: during a review of QR Code Payments (Tier 5 / Central Zone), the app crash rate for a new-to-bank customers account measured 2.52% against the trigger of 3.06% in clause DG-08.07.019. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-08.10.011 Example: a salaried individuals customer applies for QR Code Payments (Tier 5 / West Zone) of INR 285 lakh. Under clause DG-08.02.033, the maximum login attempts before lock is set at 4 attempts as a ceiling, so a proposed maximum login attempts before lock of 5 attempts is outside the limit and must be escalated to the Chief Risk Officer.

DG-08.10.012 Example: the Head of Digital Banking receives a request to extend an exception under clause DG-08.06.012 for QR Code Payments (Tier 3 / North Zone) serving rural customers to 19 days. Because the maximum permitted period is 24 days, the request can be approved at this level.

DG-08.10.013 Example: the Regional Head receives a request to extend an exception under clause DG-08.06.027 for QR Code Payments (Tier 3 / Metro Zone) serving new-to-bank customers to 137 days. Because the maximum permitted period is 123 days, the request cannot be approved under that clause and must be declined.

DG-08.10.014 Example: a new-to-bank customers customer applies for QR Code Payments (Tier 4 / North Zone) of INR 388 lakh. Under clause DG-08.02.021, the maximum time to resolve a severity-one defect is set at 16 hours as a ceiling, so a proposed maximum time to resolve a severity-one defect of 18 hours is outside the limit and must be escalated to the Assistant Vice President.

DG-08.10.015 Example: a gig-economy workers customer applies for QR Code Payments (Tier 5 / North-East Zone) of INR 159 lakh. Under clause DG-08.02.034, the maximum time to resolve a severity-one defect is set at 23 hours as a ceiling, so a proposed maximum time to resolve a severity-one defect of 18 hours is within the limit.

DG-08.10.016 Example: the Head of Function receives a request to extend an exception under clause DG-08.06.011 for QR Code Payments (Tier 2 / East Zone) serving salaried individuals to 9 days. Because the maximum permitted period is 12 days, the request can be approved at this level.

DG-08.10.017 Example: during a review of QR Code Payments (Tier 4 / West Zone), the login failure rate for a gig-economy workers account measured 1.3% against the trigger of 1.1% in clause DG-08.07.008. Because the reading breached the trigger, the Assistant Vice President must notify the Information Security Steering Committee within 4 hours and increase monitoring of the affected journey.

DG-08.10.018 Example: the Digital Product Manager receives a request to extend an exception under clause DG-08.06.040 for QR Code Payments (Tier 1 / West Zone) serving rural customers to 25 days. Because the maximum permitted period is 34 days, the request can be approved at this level.

DG-08.10.019 Example: the Head of Digital Banking receives a request to extend an exception under clause DG-08.06.012 for QR Code Payments (Tier 3 / North Zone) serving rural customers to 6 days. Because the maximum permitted period is 24 days, the request can be approved at this level.

DG-08.10.020 Example: the Head of Function receives a request to extend an exception under clause DG-08.06.011 for QR Code Payments (Tier 2 / East Zone) serving salaried individuals to 27 days. Because the maximum permitted period is 12 days, the request cannot be approved under that clause and must be declined.

DG-08.10.021 Example: the Head of Digital Banking receives a request to extend an exception under clause DG-08.06.012 for QR Code Payments (Tier 3 / North Zone) serving rural customers to 16 days. Because the maximum permitted period is 24 days, the request can be approved at this level.

DG-08.10.022 Example: during a review of QR Code Payments (Tier 3 / Metro Zone), the app crash rate for a pensioners account measured 1.66% against the trigger of 2.19% in clause DG-08.04.019. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

DG-08.10.023 Example: the Digital Product Manager receives a request to extend an exception under clause DG-08.06.020 for QR Code Payments (Tier 4 / Metro Zone) serving salaried individuals to 42 days. Because the maximum permitted period is 31 days, the request cannot be approved under that clause and must be declined.

DG-08.10.024 Example: during a review of QR Code Payments (Tier 1 / Central Zone), the digital journey drop-off rate for a new-to-bank customers account measured 28.3% against the trigger of 39.5% in clause DG-08.04.025. Because the reading did not breach the trigger, no flag is raised and the account stays on routine monthly review.

DG-08.10.025 Example: the Regional Head receives a request to extend an exception under clause DG-08.06.027 for QR Code Payments (Tier 3 / Metro Zone) serving new-to-bank customers to 107 days. Because the maximum permitted period is 123 days, the request can be approved at this level.

DG-08.10.026 Example: during a review of QR Code Payments (Tier 4 / Metro Zone), the login failure rate for a government employees account measured 2.5% against the trigger of 3.1% in clause DG-08.04.014. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

DG-08.10.027 Example: during a review of QR Code Payments (Tier 1 / South Zone), the severity-one defects open for a students and young professionals account measured 5 defects against the trigger of 5 defects in clause DG-08.04.030. Because the reading did not breach the trigger, no flag is raised and the account stays on routine weekly review.

DG-08.10.028 Example: the Chief Risk Officer receives a request to extend an exception under clause DG-08.06.004 for QR Code Payments (Tier 2 / South Zone) serving farmers and agricultural households to 12 days. Because the maximum permitted period is 17 days, the request can be approved at this level.

DG-08.10.029 Example: the Digital Product Manager receives a request to extend an exception under clause DG-08.06.040 for QR Code Payments (Tier 1 / West Zone) serving rural customers to 31 days. Because the maximum permitted period is 34 days, the request can be approved at this level.

DG-08.10.030 Example: a students and young professionals customer applies for QR Code Payments (Tier 1 / East Zone) of INR 472 lakh. Under clause DG-08.02.013, the app crash rate tolerance is set at 1.20% as a ceiling, which on this request equates to INR 5.66 lakh; the case is therefore routed to the Vice President for sign-off.

DG-08.10.031 Example: during a review of QR Code Payments (Tier 2 / Islands Zone), the login failure rate for a women entrepreneurs account measured 25.0% against the trigger of 20.7% in clause DG-08.07.035. Because the reading breached the trigger, the Digital Product Manager must notify the Product Approval Committee within 24 hours and raise the incident to the technology crisis desk.

DG-08.10.032 Example: a high-net-worth individuals customer applies for QR Code Payments (Tier 1 / West Zone) of INR 285 lakh. Under clause Schedule DG-08-A, the maximum release cycle is set at 7 weeks as a ceiling, so a proposed maximum release cycle of 6 weeks is within the limit.

DG-08.10.033 Example: during a review of QR Code Payments (Tier 5 / Islands Zone), the app crash rate for a gig-economy workers account measured 0.09% against the trigger of 0.13% in clause DG-08.07.007. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-08.10.034 Example: the Chief Risk Officer receives a request to extend an exception under clause DG-08.06.037 for QR Code Payments (Tier 4 / North Zone) serving new-to-bank customers to 113 days. Because the maximum permitted period is 91 days, the request cannot be approved under that clause and must be declined.

DG-08.10.035 Example: during a review of QR Code Payments (Tier 5 / North Zone), the login failure rate for a rural customers account measured 9.6% against the trigger of 9.9% in clause DG-08.04.041. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

DG-08.10.036 Example: during a review of QR Code Payments (Tier 1 / Central Zone), the digital journey drop-off rate for a new-to-bank customers account measured 43.6% against the trigger of 39.5% in clause DG-08.04.025. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DG-08.04.025.

DG-08.10.037 Example: the Digital Product Manager receives a request to extend an exception under clause DG-08.06.020 for QR Code Payments (Tier 4 / Metro Zone) serving salaried individuals to 55 days. Because the maximum permitted period is 31 days, the request cannot be approved under that clause and must be declined.

DG-08.10.038 Example: a students and young professionals customer applies for QR Code Payments (Tier 1 / East Zone) of INR 245 lakh. Under clause DG-08.02.015, the maximum login attempts before lock is set at 5 attempts as a ceiling, so a proposed maximum login attempts before lock of 4 attempts is within the limit.

DG-08.10.039 Example: a students and young professionals customer applies for QR Code Payments (Tier 1 / Metro Zone) of INR 86 lakh. Under clause DG-08.02.039, the maximum login attempts before lock is set at 6 attempts as a ceiling, so a proposed maximum login attempts before lock of 7 attempts is outside the limit and must be escalated to the Assistant Vice President.

DG-08.10.040 Example: a government employees customer applies for QR Code Payments (Tier 1 / Metro Zone) of INR 218 lakh. Under clause DG-08.02.037, the maximum time to resolve a severity-one defect is set at 47 hours as a ceiling, so a proposed maximum time to resolve a severity-one defect of 40 hours is within the limit.

DG-08.10.041 Example: during a review of QR Code Payments (Tier 1 / Metro Zone), the API latency for a gig-economy workers account measured 294 milliseconds against the trigger of 269 milliseconds in clause DG-08.07.028. Because the reading breached the trigger, the Regional Head must notify the Product Approval Committee within 8 hours and raise the incident to the technology crisis desk.

Section 9.10 - Worked Examples

DG-09.10.001 Example: during a review of Application Release Management (Tier 5 / East Zone), the digital journey drop-off rate for a pensioners account measured 60.1% against the trigger of 60.0% in clause DG-09.04.009. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DG-09.04.009.

DG-09.10.002 Example: the Chief Risk Officer receives a request to extend an exception under clause DG-09.06.035 for Application Release Management (Tier 4 / North-East Zone) serving salaried individuals to 77 days. Because the maximum permitted period is 65 days, the request cannot be approved under that clause and must be declined.

DG-09.10.003 Example: the Assistant Vice President receives a request to extend an exception under clause DG-09.06.012 for Application Release Management (Tier 5 / East Zone) serving salaried individuals to 53 days. Because the maximum permitted period is 30 days, the request cannot be approved under that clause and must be declined.

DG-09.10.004 Example: a salaried individuals customer applies for Application Release Management (Tier 5 / East Zone) of INR 492 lakh. Under clause DG-09.02.020, the maximum login attempts before lock is set at 7 attempts as a ceiling, so a proposed maximum login attempts before lock of 8 attempts is outside the limit and must be escalated to the Digital Product Manager.

DG-09.10.005 Example: the Vice President receives a request to extend an exception under clause DG-09.06.028 for Application Release Management (Tier 4 / Metro Zone) serving farmers and agricultural households to 31 days. Because the maximum permitted period is 48 days, the request can be approved at this level.

DG-09.10.006 Example: a students and young professionals customer applies for Application Release Management (Tier 1 / West Zone) of INR 11 lakh. Under clause DG-09.02.040, the maximum API response time is set at 1,677 milliseconds as a ceiling, so a proposed maximum API response time of 1,677 milliseconds is within the limit.

DG-09.10.007 Example: during a review of Application Release Management (Tier 4 / South Zone), the API latency for a salaried individuals account measured 1,554 milliseconds against the trigger of 1,783 milliseconds in clause DG-09.04.016. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

DG-09.10.008 Example: a high-net-worth individuals customer applies for Application Release Management (Tier 3 / East Zone) of INR 478 lakh. Under clause DG-09.02.041, the maximum release cycle is set at 5 weeks as a ceiling, so a proposed maximum release cycle of 5 weeks is within the limit.

DG-09.10.009 Example: the Senior Officer receives a request to extend an exception under clause DG-09.06.032 for Application Release Management (Tier 1 / Central Zone) serving students and young professionals to 31 days. Because the maximum permitted period is 31 days, the request can be approved at this level.

DG-09.10.010 Example: during a review of Application Release Management (Tier 2 / Metro Zone), the app crash rate for a salaried individuals account measured 3.29% against the trigger of 3.38% in clause DG-09.04.012. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

DG-09.10.011 Example: the Assistant Vice President receives a request to extend an exception under clause DG-09.06.041 for Application Release Management (Tier 4 / East Zone) serving government employees to 76 days. Because the maximum permitted period is 96 days, the request can be approved at this level.

DG-09.10.012 Example: the Senior Officer receives a request to extend an exception under clause DG-09.06.032 for Application Release Management (Tier 1 / Central Zone) serving students and young professionals to 30 days. Because the maximum permitted period is 31 days, the request can be approved at this level.

DG-09.10.013 Example: a new-to-bank customers customer applies for Application Release Management (Tier 1 / Central Zone) of INR 400 lakh. Under clause DG-09.02.006, the minimum app store rating is set at 3.9 stars as a floor, so a proposed minimum app store rating of 3.0 stars is outside the limit and must be escalated to the Digital Product Manager.

DG-09.10.014 Example: the Vice President receives a request to extend an exception under clause DG-09.06.015 for Application Release Management (Tier 1 / Metro Zone) serving salaried individuals to 82 days. Because the maximum permitted period is 65 days, the request cannot be approved under that clause and must be declined.

DG-09.10.015 Example: the Digital Product Manager receives a request to extend an exception under clause DG-09.06.005 for Application Release Management (Tier 4 / North Zone) serving government employees to 102 days. Because the maximum permitted period is 122 days, the request can be approved at this level.

DG-09.10.016 Example: during a review of Application Release Management (Tier 2 / West Zone), the digital journey drop-off rate for a rural customers account measured 52.5% against the trigger of 53.1% in clause DG-09.07.017. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-09.10.017 Example: the Assistant Vice President receives a request to extend an exception under clause DG-09.06.012 for Application Release Management (Tier 5 / East Zone) serving salaried individuals to 42 days. Because the maximum permitted period is 30 days, the request cannot be approved under that clause and must be declined.

DG-09.10.018 Example: a new-to-bank customers customer applies for Application Release Management (Tier 5 / South Zone) of INR 266 lakh. Under clause DG-09.02.037, the maximum login attempts before lock is set at 5 attempts as a ceiling, so a proposed maximum login attempts before lock of 5 attempts is within the limit.

DG-09.10.019 Example: the Vice President receives a request to extend an exception under clause DG-09.06.028 for Application Release Management (Tier 4 / Metro Zone) serving farmers and agricultural households to 48 days. Because the maximum permitted period is 48 days, the request can be approved at this level.

DG-09.10.020 Example: during a review of Application Release Management (Tier 5 / North-East Zone), the digital journey drop-off rate for a women entrepreneurs account measured 33.8% against the trigger of 40.2% in clause DG-09.04.027. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

DG-09.10.021 Example: during a review of Application Release Management (Tier 4 / East Zone), the severity-one defects open for a farmers and agricultural households account measured 4 defects against the trigger of 6 defects in clause DG-09.04.030. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

DG-09.10.022 Example: during a review of Application Release Management (Tier 5 / South Zone), the login failure rate for a new-to-bank customers account measured 3.6% against the trigger of 5.1% in clause DG-09.04.024. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

DG-09.10.023 Example: the Regional Head receives a request to extend an exception under clause DG-09.06.029 for Application Release Management (Tier 5 / West Zone) serving rural customers to 15 days. Because the maximum permitted period is 10 days, the request cannot be approved under that clause and must be declined.

DG-09.10.024 Example: a women entrepreneurs customer applies for Application Release Management (Tier 2 / South Zone) of INR 391 lakh. Under clause DG-09.02.002, the maximum login attempts before lock is set at 6 attempts as a ceiling, so a proposed maximum login attempts before lock of 6 attempts is within the limit.

DG-09.10.025 Example: the Digital Product Manager receives a request to extend an exception under clause DG-09.06.008 for Application Release Management (Tier 5 / Central Zone) serving government employees to 1 days. Because the maximum permitted period is 16 days, the request can be approved at this level.

DG-09.10.026 Example: the Regional Head receives a request to extend an exception under clause DG-09.06.009 for Application Release Management (Tier 2 / Metro Zone) serving rural customers to 85 days. Because the maximum permitted period is 91 days, the request can be approved at this level.

DG-09.10.027 Example: the Regional Head receives a request to extend an exception under clause DG-09.06.025 for Application Release Management (Tier 1 / North Zone) serving rural customers to 10 days. Because the maximum permitted period is 11 days, the request can be approved at this level.

DG-09.10.028 Example: the Vice President receives a request to extend an exception under clause DG-09.06.016 for Application Release Management (Tier 4 / Islands Zone) serving farmers and agricultural households to 24 days. Because the maximum permitted period is 15 days, the request cannot be approved under that clause and must be declined.

DG-09.10.029 Example: during a review of Application Release Management (Tier 5 / West Zone), the API latency for a farmers and agricultural households account measured 1,869 milliseconds against the trigger of 1,556 milliseconds in clause DG-09.07.026. Because the reading breached the trigger, the Vice President must notify the Operational Risk Committee within 72 hours and roll back the application release.

DG-09.10.030 Example: the Chief Risk Officer receives a request to extend an exception under clause DG-09.06.035 for Application Release Management (Tier 4 / North-East Zone) serving salaried individuals to 86 days. Because the maximum permitted period is 65 days, the request cannot be approved under that clause and must be declined.

DG-09.10.031 Example: the Chief Risk Officer receives a request to extend an exception under clause DG-09.06.035 for Application Release Management (Tier 4 / North-East Zone) serving salaried individuals to 70 days. Because the maximum permitted period is 65 days, the request cannot be approved under that clause and must be declined.

DG-09.10.032 Example: the Assistant Vice President receives a request to extend an exception under clause DG-09.06.041 for Application Release Management (Tier 4 / East Zone) serving government employees to 101 days. Because the maximum permitted period is 96 days, the request cannot be approved under that clause and must be declined.

DG-09.10.033 Example: a farmers and agricultural households customer applies for Application Release Management (Tier 5 / South Zone) of INR 57 lakh. Under clause DG-09.02.005, the maximum login attempts before lock is set at 6 attempts as a ceiling, so a proposed maximum login attempts before lock of 8 attempts is outside the limit and must be escalated to the Assistant Vice President.

DG-09.10.034 Example: the Assistant Vice President receives a request to extend an exception under clause DG-09.06.022 for Application Release Management (Tier 4 / Metro Zone) serving government employees to 18 days. Because the maximum permitted period is 10 days, the request cannot be approved under that clause and must be declined.

DG-09.10.035 Example: a farmers and agricultural households customer applies for Application Release Management (Tier 2 / South Zone) of INR 248 lakh. Under clause Schedule DG-09-A, the maximum login attempts before lock is set at 4 attempts as a ceiling, so a proposed maximum login attempts before lock of 5 attempts is outside the limit and must be escalated to the Senior Officer.

DG-09.10.036 Example: a gig-economy workers customer applies for Application Release Management (Tier 5 / West Zone) of INR 8 lakh. Under clause DG-09.02.013, the maximum time to resolve a severity-one defect is set at 33 hours as a ceiling, so a proposed maximum time to resolve a severity-one defect of 28 hours is within the limit.

DG-09.10.037 Example: during a review of Application Release Management (Tier 4 / North Zone), the API latency for a government employees account measured 2,089 milliseconds against the trigger of 2,278 milliseconds in clause DG-09.04.019. Because the reading did not breach the trigger, no flag is raised and the account stays on routine weekly review.

DG-09.10.038 Example: the Assistant Vice President receives a request to extend an exception under clause DG-09.06.012 for Application Release Management (Tier 5 / East Zone) serving salaried individuals to 49 days. Because the maximum permitted period is 30 days, the request cannot be approved under that clause and must be declined.

DG-09.10.039 Example: the Regional Head receives a request to extend an exception under clause DG-09.06.029 for Application Release Management (Tier 5 / West Zone) serving rural customers to 13 days. Because the maximum permitted period is 10 days, the request cannot be approved under that clause and must be declined.

DG-09.10.040 Example: a new-to-bank customers customer applies for Application Release Management (Tier 4 / North-East Zone) of INR 52 lakh. Under clause DG-09.02.011, the minimum app store rating is set at 4.0 stars as a floor, so a proposed minimum app store rating of 4.1 stars is within the limit.

DG-09.10.041 Example: a gig-economy workers customer applies for Application Release Management (Tier 5 / West Zone) of INR 486 lakh. Under clause DG-09.02.013, the maximum time to resolve a severity-one defect is set at 33 hours as a ceiling, so a proposed maximum time to resolve a severity-one defect of 25 hours is within the limit.

Section 10.1 - Scope and Applicability

DG-10.01.001 The following are outside the scope of this chapter for Customer Session Security (Tier 1 / East Zone) serving rural customers: arrangements governed by a regulatory directive that expressly overrides this policy; and inter-company balances within the same banking group. Such items are governed by clause DG-00.01.001, and any dispute about scope shall be settled by the Senior Officer.

DG-10.01.002 This chapter applies to Customer Session Security (Tier 2 / West Zone) originated or serviced through the partner agent network channel for new-to-bank customers, and to any related facility that is renewed, restructured or extended while the Customer Session Security programme remains in force.

DG-10.01.003 For the purposes of this chapter, Customer Session Security (Tier 3 / East Zone) means any arrangement of that type recorded in the ReleaseGate system under product code DG10-58026 and offered to women entrepreneurs; the Assistant Vice President maintains the authoritative product code register.

DG-10.01.004 This chapter applies to Customer Session Security (Tier 4 / Central Zone) originated or serviced through the relationship manager channel for students and young professionals, and to any related facility that is renewed, restructured or extended while the Customer Session Security programme remains in force.

DG-10.01.005 The following are outside the scope of this chapter for Customer Session Security (Tier 2 / South Zone) serving students and young professionals: facilities below INR 347 thousand in value; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause DG-10.01.001, and any dispute about scope shall be settled by the Vice President.

DG-10.01.006 The following are outside the scope of this chapter for Customer Session Security (Tier 5 / North Zone) serving farmers and agricultural households: facilities fully secured by cash collateral of at least 96% of the exposure; and facilities below INR 37 thousand in value. DG-10.09.041 Distribution of the API Performance Report covering Customer Session Security (Tier 3 / Central Zone) for women entrepreneurs is restricted to the Chief Risk Officer, the Information Security Steering Committee and persons named on the reporting register in the ReleaseGate system; ad hoc requests must be approved by the Digital Product Manager within 7 business days.

Section 10.10 - Worked Examples

DG-10.10.001 Example: the Head of Digital Banking receives a request to extend an exception under clause DG-10.06.015 for Customer Session Security (Tier 2 / North-East Zone) serving salaried individuals to 40 days. Because the maximum permitted period is 20 days, the request cannot be approved under that clause and must be declined.

DG-10.10.002 Example: a students and young professionals customer applies for Customer Session Security (Tier 4 / Metro Zone) of INR 57 lakh. Under clause DG-10.02.032, the app crash rate tolerance is set at 1.35% as a ceiling, which on this request equates to INR 0.77 lakh; the case is therefore routed to the Digital Product Manager for sign-off.

DG-10.10.003 Example: the Senior Officer receives a request to extend an exception under clause DG-10.06.007 for Customer Session Security (Tier 5 / Central Zone) serving pensioners to 35 days. Because the maximum permitted period is 20 days, the request cannot be approved under that clause and must be declined.

DG-10.10.004 Example: during a review of Customer Session Security (Tier 2 / East Zone), the login failure rate for a government employees account measured 19.0% against the trigger of 14.8% in clause DG-10.04.007. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DG-10.04.007.

DG-10.10.005 Example: the Vice President receives a request to extend an exception under clause DG-10.06.011 for Customer Session Security (Tier 2 / South Zone) serving students and young professionals to 202 days. Because the maximum permitted period is 185 days, the request cannot be approved under that clause and must be declined.

DG-10.10.006 Example: a salaried individuals customer applies for Customer Session Security (Tier 4 / East Zone) of INR 131 lakh. Under clause DG-10.02.014, the maximum release cycle is set at 7 weeks as a ceiling, so a proposed maximum release cycle of 5 weeks is within the limit.

DG-10.10.007 Example: a pensioners customer applies for Customer Session Security (Tier 5 / South Zone) of INR 165 lakh. Under clause DG-10.02.013, the app crash rate tolerance is set at 1.43% as a ceiling, which on this request equates to INR 2.36 lakh; the case is therefore routed to the Assistant Vice President for sign-off.

DG-10.10.008 Example: during a review of Customer Session Security (Tier 4 / Central Zone), the app crash rate for a rural customers account measured 0.53% against the trigger of 0.70% in clause DG-10.07.034. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-10.10.009 Example: during a review of Customer Session Security (Tier 3 / Metro Zone), the login failure rate for a salaried individuals account measured 2.4% against the trigger of 2.3% in clause DG-10.07.038. Because the reading breached the trigger, the Regional Head must notify the Information Security Steering Committee within 48 hours and roll back the application release.

DG-10.10.010 Example: the Regional Head receives a request to extend an exception under clause DG-10.06.009 for Customer Session Security (Tier 4 / Islands Zone) serving high-net-worth individuals to 19 days. Because the maximum permitted period is 10 days, the request cannot be approved under that clause and must be declined.

DG-10.10.011 Example: during a review of Customer Session Security (Tier 2 / Islands Zone), the API latency for a women entrepreneurs account measured 2,297 milliseconds against the trigger of 2,617 milliseconds in clause DG-10.07.039. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-10.10.012 Example: a rural customers customer applies for Customer Session Security (Tier 2 / South Zone) of INR 391 lakh. Under clause DG-10.02.010, the maximum login attempts before lock is set at 6 attempts as a ceiling, so a proposed maximum login attempts before lock of 5 attempts is within the limit.

DG-10.10.013 Example: during a review of Customer Session Security (Tier 4 / Central Zone), the API latency for a gig-economy workers account measured 633 milliseconds against the trigger of 880 milliseconds in clause DG-10.04.012. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

DG-10.10.014 Example: a salaried individuals customer applies for Customer Session Security (Tier 1 / North Zone) of INR 353 lakh. Under clause DG-10.02.019, the app crash rate tolerance is set at 2.15% as a ceiling, which on this request equates to INR 7.59 lakh; the case is therefore routed to the Senior Officer for sign-off.

DG-10.10.015 Example: the Senior Officer receives a request to extend an exception under clause DG-10.06.007 for Customer Session Security (Tier 5 / Central Zone) serving pensioners to 23 days. Because the maximum permitted period is 20 days, the request cannot be approved under that clause and must be declined.

DG-10.10.016 Example: the Assistant Vice President receives a request to extend an exception under clause DG-10.06.025 for Customer Session Security (Tier 3 / Central Zone) serving government employees to 205 days. Because the maximum permitted period is 184 days, the request cannot be approved under that clause and must be declined.

DG-10.10.017 Example: during a review of Customer Session Security (Tier 1 / Metro Zone), the app crash rate for a gig-economy workers account measured 1.59% against the trigger of 1.28% in clause DG-10.04.009. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DG-10.04.009.

DG-10.10.018 Example: a farmers and agricultural households customer applies for Customer Session Security (Tier 5 / North Zone) of INR 459 lakh. Under clause DG-10.02.002, the maximum time to resolve a severity-one defect is set at 10 hours as a ceiling, so a proposed maximum time to resolve a severity-one defect of 12 hours is outside the limit and must be escalated to the Assistant Vice President.

DG-10.10.019 Example: a salaried individuals customer applies for Customer Session Security (Tier 4 / Islands Zone) of INR 35 lakh. Under clause Schedule DG-10-A, the maximum login attempts before lock is set at 9 attempts as a ceiling, so a proposed maximum login attempts before lock of 7 attempts is within the limit.

DG-10.10.020 Example: a salaried individuals customer applies for Customer Session Security (Tier 1 / West Zone) of INR 275 lakh. Under clause DG-10.02.025, the app crash rate tolerance is set at 1.59% as a ceiling, which on this request equates to INR 4.37 lakh; the case is therefore routed to the Senior Officer for sign-off.

DG-10.10.021 Example: during a review of Customer Session Security (Tier 3 / East Zone), the API latency for a government employees account measured 700 milliseconds against the trigger of 594 milliseconds in clause DG-10.04.022. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DG-10.04.022.

DG-10.10.022 Example: a women entrepreneurs customer applies for Customer Session Security (Tier 5 / West Zone) of INR 114 lakh. Under clause DG-10.02.007, the maximum login attempts before lock is set at 5 attempts as a ceiling, so a proposed maximum login attempts before lock of 4 attempts is within the limit.

DG-10.10.023 Example: a students and young professionals customer applies for Customer Session Security (Tier 5 / Metro Zone) of INR 292 lakh. Under clause DG-10.02.016, the minimum app store rating is set at 3.1 stars as a floor, so a proposed minimum app store rating of 3.7 stars is within the limit.

DG-10.10.024 Example: a farmers and agricultural households customer applies for Customer Session Security (Tier 3 / Islands Zone) of INR 134 lakh. Under clause DG-10.02.001, the minimum app store rating is set at 3.4 stars as a floor, so a proposed minimum app store rating of 3.2 stars is outside the limit and must be escalated to the Regional Head.

DG-10.10.025 Example: during a review of Customer Session Security (Tier 1 / North-East Zone), the severity-one defects open for a pensioners account measured 12 defects against the trigger of 10 defects in clause DG-10.04.028. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DG-10.04.028.

DG-10.10.026 Example: during a review of Customer Session Security (Tier 2 / East Zone), the digital journey drop-off rate for a new-to-bank customers account measured 36.0% against the trigger of 32.3% in clause DG-10.07.040. Because the reading breached the trigger, the Chief Risk Officer must notify the Information Security Steering Committee within 48 hours and roll back the application release.

DG-10.10.027 Example: the Head of Digital Banking receives a request to extend an exception under clause DG-10.06.041 for Customer Session Security (Tier 4 / South Zone) serving rural customers to 10 days. Because the maximum permitted period is 12 days, the request can be approved at this level.

DG-10.10.028 Example: the Assistant Vice President receives a request to extend an exception under clause DG-10.06.025 for Customer Session Security (Tier 3 / Central Zone) serving government employees to 166 days. Because the maximum permitted period is 184 days, the request can be approved at this level.

DG-10.10.029 Example: the Head of Digital Banking receives a request to extend an exception under clause DG-10.06.015 for Customer Session Security (Tier 2 / North-East Zone) serving salaried individuals to 36 days. Because the maximum permitted period is 20 days, the request cannot be approved under that clause and must be declined.

DG-10.10.030 Example: during a review of Customer Session Security (Tier 4 / Central Zone), the app crash rate for a rural customers account measured 0.91% against the trigger of 0.70% in clause DG-10.07.034. Because the reading breached the trigger, the Chief Risk Officer must notify the Information Security Steering Committee within 4 hours and disable the affected feature.

DG-10.10.031 Example: the Head of Digital Banking receives a request to extend an exception under clause DG-10.06.015 for Customer Session Security (Tier 2 / North-East Zone) serving salaried individuals to 8 days. Because the maximum permitted period is 20 days, the request can be approved at this level.

DG-10.10.032 Example: a government employees customer applies for Customer Session Security (Tier 2 / East Zone) of INR 481 lakh. Under clause DG-10.02.005, the maximum time to resolve a severity-one defect is set at 45 hours as a ceiling, so a proposed maximum time to resolve a severity-one defect of 33 hours is within the limit.

DG-10.10.033 Example: the Regional Head receives a request to extend an exception under clause DG-10.06.009 for Customer Session Security (Tier 4 / Islands Zone) serving high-net-worth individuals to 1 days. Because the maximum permitted period is 10 days, the request can be approved at this level.

DG-10.10.034 Example: during a review of Customer Session Security (Tier 5 / North-East Zone), the severity-one defects open for a government employees account measured 7 defects against the trigger of 6 defects in clause DG-10.07.011. Because the reading breached the trigger, the Regional Head must notify the Operational Risk Committee within 12 hours and roll back the application release.

DG-10.10.035 Example: during a review of Customer Session Security (Tier 2 / Central Zone), the app crash rate for a rural customers account measured 2.76% against the trigger of 2.81% in clause DG-10.04.024. Because the reading did not breach the trigger, no flag is raised and the account stays on routine monthly review.

DG-10.10.036 Example: a rural customers customer applies for Customer Session Security (Tier 1 / Metro Zone) of INR 379 lakh. Under clause DG-10.02.004, the maximum API response time is set at 1,250 milliseconds as a ceiling, so a proposed maximum API response time of 1,327 milliseconds is outside the limit and must be escalated to the Chief Risk Officer.

DG-10.10.037 Example: the Vice President receives a request to extend an exception under clause DG-10.06.011 for Customer Session Security (Tier 2 / South Zone) serving students and young professionals to 191 days. Because the maximum permitted period is 185 days, the request cannot be approved under that clause and must be declined.

DG-10.10.038 Example: during a review of Customer Session Security (Tier 3 / East Zone), the API latency for a government employees account measured 765 milliseconds against the trigger of 594 milliseconds in clause DG-10.04.022. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DG-10.04.022.

DG-10.10.039 Example: a rural customers customer applies for Customer Session Security (Tier 1 / Metro Zone) of INR 390 lakh. Under clause DG-10.02.036, the minimum app store rating is set at 4.3 stars as a floor, so a proposed minimum app store rating of 5.0 stars is within the limit.

DG-10.10.040 Example: a government employees customer applies for Customer Session Security (Tier 5 / South Zone) of INR 193 lakh. Under clause DG-10.02.029, the maximum API response time is set at 1,194 milliseconds as a ceiling, so a proposed maximum API response time of 1,456 milliseconds is outside the limit and must be escalated to the Head of Function.

DG-10.10.041 Example: the Vice President receives a request to extend an exception under clause DG-10.06.011 for Customer Session Security (Tier 2 / South Zone) serving students and young professionals to 204 days. Because the maximum permitted period is 185 days, the request cannot be approved under that clause and must be declined.

DG-11.09.030 Distribution of the Release Quality Report covering Digital Account Closure (Tier 1 / East Zone) for farmers and agricultural households is restricted to the Head of Digital Banking, the Operational Risk Committee and persons named on the reporting register in the ReleaseGate system; ad hoc requests must be approved by the Regional Head within 9 business days.

DG-11.09.031 Management information on Digital Account Closure (Tier 3 / North-East Zone) shall be produced from the ReleaseGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 767 thousand must be explained in writing by the Assistant Vice President.

DG-11.09.032 Management information on Digital Account Closure (Tier 1 / North Zone) shall be produced from the DigiCore system and reconciled to the general ledger before submission; any unreconciled difference above INR 285 thousand must be explained in writing by the Assistant Vice President.

DG-11.09.033 Management information on Digital Account Closure (Tier 4 / North-East Zone) shall be produced from the ReleaseGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 220 thousand must be explained in writing by the Assistant Vice President.

DG-11.09.034 The Digital Channel Dashboard for Digital Account Closure (Tier 4 / West Zone) covering salaried individuals shall be submitted to the Product Approval Committee by working day 12 of each half-year, and must include the login failure rate together with its trend over the previous 12 half-years.

DG-11.09.035 The Release Quality Report for Digital Account Closure (Tier 1 / West Zone) covering farmers and agricultural households shall be submitted to the Operational Risk Committee by working day 7 of each half-year, and must include the severity-one defects open together with its trend over the previous 8 half-years.

DG-11.09.036 The Release Quality Report for Digital Account Closure (Tier 2 / North Zone) covering farmers and agricultural households shall be submitted to the Product Approval Committee by working day 8 of each month, and must include the app crash rate together with its trend over the previous 4 months.

DG-11.09.037 The API Performance Report for Digital Account Closure (Tier 5 / Metro Zone) covering salaried individuals shall be submitted to the Product Approval Committee by working day 17 of each half-year, and must include the digital journey drop-off rate together with its trend over the previous 9 half-years.

DG-11.09.038 Management information on Digital Account Closure (Tier 4 / Islands Zone) shall be produced from the ReleaseGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 270 thousand must be explained in writing by the Head of Digital Banking.

DG-11.09.039 The Digital Channel Dashboard for Digital Account Closure (Tier 4 / West Zone) covering students and young professionals shall be submitted to the Operational Risk Committee by working day 3 of each quarter, and must include the severity-one defects open together with its trend over the previous 4 quarters.

DG-11.09.040 Distribution of the API Performance Report covering Digital Account Closure (Tier 5 / East Zone) for women entrepreneurs is restricted to the Assistant Vice President, the Product Approval Committee and persons named on the reporting register in the ReleaseGate system; ad hoc requests must be approved by the Vice President within 3 business days.

DG-11.09.041 Management information on Digital Account Closure (Tier 2 / Islands Zone) shall be produced from the DigiCore system and reconciled to the general ledger before submission; any unreconciled difference above INR 681 thousand must be explained in writing by the Head of Digital Banking.

Section 11.10 - Worked Examples

DG-11.10.001 Example: a new-to-bank customers customer applies for Digital Account Closure (Tier 1 / West Zone) of INR 20 lakh. Under clause DG-11.02.025, the maximum release cycle is set at 1 weeks as a ceiling, so a proposed maximum release cycle of 1 weeks is within the limit.

DG-11.10.002 Example: during a review of Digital Account Closure (Tier 2 / East Zone), the login failure rate for a women entrepreneurs account measured 9.4% against the trigger of 8.1% in clause DG-11.04.026. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DG-11.04.026.

DG-11.10.003 Example: a government employees customer applies for Digital Account Closure (Tier 4 / Metro Zone) of INR 435 lakh. Under clause DG-11.02.024, the maximum time to resolve a severity-one defect is set at 41 hours as a ceiling, so a proposed maximum time to resolve a severity-one defect of 38 hours is within the limit.

DG-11.10.004 Example: during a review of Digital Account Closure (Tier 5 / South Zone), the API latency for a pensioners account measured 610 milliseconds against the trigger of 796 milliseconds in clause DG-11.07.014. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-11.10.005 Example: a rural customers customer applies for Digital Account Closure (Tier 5 / North Zone) of INR 318 lakh. Under clause DG-11.02.001, the maximum time to resolve a severity-one defect is set at 29 hours as a ceiling, so a proposed maximum time to resolve a severity-one defect of 27 hours is within the limit.

DG-11.10.006 Example: during a review of Digital Account Closure (Tier 3 / East Zone), the login failure rate for a new-to-bank customers account measured 8.4% against the trigger of 9.3% in clause DG-11.04.033. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

DG-11.10.007 Example: a students and young professionals customer applies for Digital Account Closure (Tier 4 / South Zone) of INR 473 lakh. Under clause DG-11.02.003, the maximum time to resolve a severity-one defect is set at 13 hours as a ceiling, so a proposed maximum time to resolve a severity-one defect of 15 hours is outside the limit and must be escalated to the Assistant Vice President.

DG-11.10.008 Example: the Head of Function receives a request to extend an exception under clause DG-11.06.028 for Digital Account Closure (Tier 4 / East Zone) serving farmers and agricultural households to 16 days. Because the maximum permitted period is 27 days, the request can be approved at this level.

DG-11.10.009 Example: during a review of Digital Account Closure (Tier 3 / East Zone), the login failure rate for a new-to-bank customers account measured 7.4% against the trigger of 9.3% in clause DG-11.04.033. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

DG-11.10.010 Example: during a review of Digital Account Closure (Tier 2 / Metro Zone), the API latency for a salaried individuals account measured 2,601 milliseconds against the trigger of 2,164 milliseconds in clause DG-11.07.032. Because the reading breached the trigger, the Regional Head must notify the Product Approval Committee within 6 hours and increase monitoring of the affected journey.

DG-11.10.011 Example: during a review of Digital Account Closure (Tier 5 / Islands Zone), the digital journey drop-off rate for a rural customers account measured 15.1% against the trigger of 19.3% in clause DG-11.04.020. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

DG-11.10.012 Example: a students and young professionals customer applies for Digital Account Closure (Tier 4 / Metro Zone) of INR 359 lakh. Under clause DG-11.02.016, the minimum app store rating is set at 3.1 stars as a floor, so a proposed minimum app store rating of 2.4 stars is outside the limit and must be escalated to the Digital Product Manager.

DG-11.10.013 Example: the Regional Head receives a request to extend an exception under clause DG-11.06.039 for Digital Account Closure (Tier 1 / North-East Zone) serving government employees to 50 days. Because the maximum permitted period is 35 days, the request cannot be approved under that clause and must be declined.

DG-11.10.014 Example: during a review of Digital Account Closure (Tier 4 / West Zone), the API latency for a new-to-bank customers account measured 1,670 milliseconds against the trigger of 1,678 milliseconds in clause DG-11.07.007. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-11.10.015 Example: during a review of Digital Account Closure (Tier 2 / Metro Zone), the API latency for a salaried individuals account measured 2,553 milliseconds against the trigger of 2,164 milliseconds in clause DG-11.07.032. Because the reading breached the trigger, the Regional Head must notify the Product Approval Committee within 6 hours and increase monitoring of the affected journey.

DG-11.10.016 Example: during a review of Digital Account Closure (Tier 1 / North Zone), the digital journey drop-off rate for a new-to-bank customers account measured 25.5% against the trigger of 26.2% in clause DG-11.04.006. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

DG-11.10.017 Example: the Digital Product Manager receives a request to extend an exception under clause DG-11.06.040 for Digital Account Closure (Tier 1 / South Zone) serving salaried individuals to 34 days. Because the maximum permitted period is 31 days, the request cannot be approved under that clause and must be declined.

DG-11.10.018 Example: during a review of Digital Account Closure (Tier 2 / Islands Zone), the API latency for a salaried individuals account measured 1,476 milliseconds against the trigger of 1,179 milliseconds in clause DG-11.07.015. Because the reading breached the trigger, the Chief Risk Officer must notify the Information Security Steering Committee within 6 hours and push an interim customer advisory.

DG-11.10.019 Example: during a review of Digital Account Closure (Tier 4 / Metro Zone), the digital journey drop-off rate for a government employees account measured 36.3% against the trigger of 43.0% in clause DG-11.07.033. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-11.10.020 Example: a gig-economy workers customer applies for Digital Account Closure (Tier 2 / West Zone) of INR 126 lakh. Under clause Schedule DG-11-A, the maximum release cycle is set at 9 weeks as a ceiling, so a proposed maximum release cycle of 8 weeks is within the limit.

DG-11.10.021 Example: a students and young professionals customer applies for Digital Account Closure (Tier 5 / North Zone) of INR 294 lakh. Under clause DG-11.02.038, the maximum release cycle is set at 3 weeks as a ceiling, so a proposed maximum release cycle of 3 weeks is within the limit.

DG-11.10.022 Example: during a review of Digital Account Closure (Tier 2 / Islands Zone), the API latency for a salaried individuals account measured 1,475 milliseconds against the trigger of 1,179 milliseconds in clause DG-11.07.015. Because the reading breached the trigger, the Chief Risk Officer must notify the Information Security Steering Committee within 6 hours and push an interim customer advisory.

DG-11.10.023 Example: the Vice President receives a request to extend an exception under clause DG-11.06.018 for Digital Account Closure (Tier 4 / East Zone) serving women entrepreneurs to 35 days. Because the maximum permitted period is 31 days, the request cannot be approved under that clause and must be declined.

DG-11.10.024 Example: the Digital Product Manager receives a request to extend an exception under clause DG-11.06.017 for Digital Account Closure (Tier 2 / South Zone) serving gig-economy workers to 9 days. Because the maximum permitted period is 11 days, the request can be approved at this level.

DG-11.10.025 Example: the Vice President receives a request to extend an exception under clause DG-11.06.030 for Digital Account Closure (Tier 1 / Central Zone) serving women entrepreneurs to 94 days. Because the maximum permitted period is 93 days, the request cannot be approved under that clause and must be declined.

DG-11.10.026 Example: the Senior Officer receives a request to extend an exception under clause DG-11.06.034 for Digital Account Closure (Tier 3 / East Zone) serving gig-economy workers to 17 days. Because the maximum permitted period is 35 days, the request can be approved at this level.

DG-11.10.027 Example: a salaried individuals customer applies for Digital Account Closure (Tier 1 / Central Zone) of INR 132 lakh. Under clause DG-11.02.012, the maximum time to resolve a severity-one defect is set at 20 hours as a ceiling, so a proposed maximum time to resolve a severity-one defect of 21 hours is outside the limit and must be escalated to the Assistant Vice President.

DG-11.10.028 Example: during a review of Digital Account Closure (Tier 2 / West Zone), the API latency for a high-net-worth individuals account measured 1,989 milliseconds against the trigger of 2,019 milliseconds in clause DG-11.07.035. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-11.10.029 Example: the Regional Head receives a request to extend an exception under clause DG-11.06.029 for Digital Account Closure (Tier 3 / Central Zone) serving farmers and agricultural households to 39 days. Because the maximum permitted period is 25 days, the request cannot be approved under that clause and must be declined.

DG-11.10.030 Example: the Vice President receives a request to extend an exception under clause DG-11.06.018 for Digital Account Closure (Tier 4 / East Zone) serving women entrepreneurs to 22 days. Because the maximum permitted period is 31 days, the request can be approved at this level.

DG-11.10.031 Example: during a review of Digital Account Closure (Tier 2 / Metro Zone), the API latency for a salaried individuals account measured 1,965 milliseconds against the trigger of 2,164 milliseconds in clause DG-11.07.032. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-11.10.032 Example: a gig-economy workers customer applies for Digital Account Closure (Tier 3 / North-East Zone) of INR 315 lakh. Under clause DG-11.02.039, the minimum app store rating is set at 4.6 stars as a floor, so a proposed minimum app store rating of 5.9 stars is within the limit.

DG-11.10.033 Example: the Regional Head receives a request to extend an exception under clause DG-11.06.008 for Digital Account Closure (Tier 2 / North Zone) serving salaried individuals to 1 days. Because the maximum permitted period is 9 days, the request can be approved at this level.

DG-11.10.034 Example: the Head of Digital Banking receives a request to extend an exception under clause DG-11.06.016 for Digital Account Closure (Tier 2 / East Zone) serving farmers and agricultural households to 51 days. Because the maximum permitted period is 31 days, the request cannot be approved under that clause and must be declined.

DG-11.10.035 Example: the Head of Function receives a request to extend an exception under clause DG-11.06.015 for Digital Account Closure (Tier 3 / South Zone) serving farmers and agricultural households to 20 days. Because the maximum permitted period is 9 days, the request cannot be approved under that clause and must be declined.

DG-11.10.036 Example: during a review of Digital Account Closure (Tier 2 / North-East Zone), the API latency for a rural customers account measured 1,851 milliseconds against the trigger of 1,522 milliseconds in clause DG-11.04.002. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DG-11.04.002.

DG-11.10.037 Example: the Vice President receives a request to extend an exception under clause DG-11.06.031 for Digital Account Closure (Tier 3 / East Zone) serving students and young professionals to 16 days. Because the maximum permitted period is 12 days, the request cannot be approved under that clause and must be declined.

DG-11.10.038 Example: during a review of Digital Account Closure (Tier 2 / Metro Zone), the API latency for a salaried individuals account measured 1,591 milliseconds against the trigger of 2,164 milliseconds in clause DG-11.07.032. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-11.10.039 Example: a women entrepreneurs customer applies for Digital Account Closure (Tier 5 / North-East Zone) of INR 439 lakh. Under clause DG-11.02.021, the minimum app store rating is set at 3.8 stars as a floor, so a proposed minimum app store rating of 4.8 stars is within the limit.

DG-11.10.040 Example: the Senior Officer receives a request to extend an exception under clause DG-11.06.034 for Digital Account Closure (Tier 3 / East Zone) serving gig-economy workers to 58 days. Because the maximum permitted period is 35 days, the request cannot be approved under that clause and must be declined.

DG-11.10.041 Example: during a review of Digital Account Closure (Tier 2 / West Zone), the API latency for a high-net-worth individuals account measured 2,422 milliseconds against the trigger of 2,019 milliseconds in clause DG-11.07.035. Because the reading breached the trigger, the Vice President must notify the Information Security Steering Committee within 8 hours and roll back the application release.

Chapter 12: Accessibility Standards

Tier 4 / East Zone | government employees | maximum login attempts before lock | ceiling | 9 attempts
Tier 2 / West Zone | pensioners | maximum login attempts before lock | ceiling | 4 attempts
Tier 2 / Islands Zone | high-net-worth individuals | app crash rate tolerance | ceiling | 0.44%
Tier 5 / Islands Zone | government employees | app crash rate tolerance | ceiling | 1.32%
Tier 1 / South Zone | salaried individuals | maximum login attempts before lock | ceiling | 9 attempts
Tier 4 / Central Zone | salaried individuals | maximum time to resolve a severity-one defect | ceiling | 9 hours
Tier 2 / South Zone | high-net-worth individuals | app crash rate tolerance | ceiling | 0.96%
Tier 5 / Central Zone | salaried individuals | maximum login attempts before lock | ceiling | 5 attempts
Tier 4 / North-East Zone | high-net-worth individuals | maximum API response time | ceiling | 341 milliseconds

Section 12.1 - Scope and Applicability

DG-12.01.001 This chapter applies to Accessibility Standards (Tier 3 / West Zone) originated or serviced through the business correspondent network channel for high-net-worth individuals, and to any related facility that is renewed, restructured or extended while the Accessibility Standards programme remains in force.

DG-12.01.002 This chapter applies to Accessibility Standards (Tier 5 / West Zone) originated or serviced through the business correspondent network channel for students and young professionals, and to any related facility that is renewed, restructured or extended while the Accessibility Standards programme remains in force.

DG-12.01.003 This chapter applies to Accessibility Standards (Tier 3 / Central Zone) originated or serviced through the partner agent network channel for government employees, and to any related facility that is renewed, restructured or extended while the Accessibility Standards programme remains in force.

DG-12.01.004 This chapter applies to Accessibility Standards (Tier 4 / North Zone) originated or serviced through the internet banking portal channel for rural customers, and to any related facility that is renewed, restructured or extended while the Accessibility Standards programme remains in force.

DG-12.01.005 This chapter applies to Accessibility Standards (Tier 3 / Metro Zone) originated or serviced through the internet banking portal channel for pensioners, and to any related facility that is renewed, restructured or extended while the Accessibility Standards programme remains in force.

DG-12.01.006 For the purposes of this chapter, Accessibility Standards (Tier 3 / East Zone) means any arrangement of that type recorded in the DigiCore system under product code DG12-57648 and offered to pensioners; the Digital Product Manager maintains the authoritative product code register.

DG-12.01.007 For the purposes of this chapter, Accessibility Standards (Tier 1 / East Zone) means any arrangement of that type recorded in the DigiCore system under product code DG12-22130 and offered to women entrepreneurs; the Regional Head maintains the authoritative product code register.

DG-12.01.008 The following are outside the scope of this chapter for Accessibility Standards (Tier 2 / East Zone) serving students and young professionals: facilities fully secured by cash collateral of at least 99% of the exposure; and facilities below INR 15 thousand in value. Such items are governed by clause DG-12.01.002, and any dispute about scope shall be settled by the Senior Officer.

DG-12.01.009 This chapter applies to Accessibility Standards (Tier 4 / South Zone) originated or serviced through the internet banking portal channel for rural customers, and to any related facility that is renewed, restructured or extended while the Accessibility Standards programme remains in force.

DG-12.01.010 For the purposes of this chapter, Accessibility Standards (Tier 5 / South Zone) means any arrangement of that type recorded in the DigiCore system under product code DG12-99231 and offered to salaried individuals; the Regional Head maintains the authoritative product code register.

DG-12.01.011 This chapter applies to Accessibility Standards (Tier 5 / East Zone) originated or serviced through the self-service kiosk channel for pensioners, and to any related facility that is renewed, restructured or extended while the Accessibility Standards programme remains in force.

DG-12.01.012 For the purposes of this chapter, Accessibility Standards (Tier 4 / East Zone) means any arrangement of that type recorded in the DigiCore system under product code DG12-99821 and offered to high-net-worth individuals; the Senior Officer maintains the authoritative product code register.

DG-12.01.013 For the purposes of this chapter, Accessibility Standards (Tier 3 / North-East Zone) means any arrangement of that type recorded in the ReleaseGate system under product code DG12-55345 and offered to new-to-bank customers; the Digital Product Manager maintains the authoritative product code register.

DG-12.01.014 This chapter applies to Accessibility Standards (Tier 5 / West Zone) originated or serviced through the mobile app channel for gig-economy workers, and to any related facility that is renewed, restructured or extended while the Accessibility Standards programme remains in force.

DG-12.01.015 For the purposes of this chapter, Accessibility Standards (Tier 4 / East Zone) means any arrangement of that type recorded in the ReleaseGate system under product code DG12-12634 and offered to gig-economy workers; the Senior Officer maintains the authoritative product code register.

DG-12.01.016 This chapter applies to Accessibility Standards (Tier 4 / North Zone) originated or serviced through the branch channel for gig-economy workers, and to any related facility that is renewed, restructured or extended while the Accessibility Standards programme remains in force.

DG-12.01.017 The following are outside the scope of this chapter for Accessibility Standards (Tier 3 / South Zone) serving high-net-worth individuals: pilot programmes sanctioned by the Product Approval Committee before 7 August 2025; and facilities below INR 205 thousand in value. Such items are governed by clause DG-12.01.011, and any dispute about scope shall be settled by the Head of Digital Banking.

DG-12.01.018 This chapter applies to Accessibility Standards (Tier 1 / East Zone) originated or serviced through the relationship manager channel for high-net-worth individuals, and to any related facility that is renewed, restructured or extended while the Accessibility Standards programme remains in force.

DG-12.01.019 For the purposes of this chapter, Accessibility Standards (Tier 3 / North Zone) means any arrangement of that type recorded in the ReleaseGate system under product code DG12-22780 and offered to gig-economy workers; the Senior Officer maintains the authoritative product code register.

DG-12.01.020 The following are outside the scope of this chapter for Accessibility Standards (Tier 1 / East Zone) serving students and young professionals: inter-company balances within the same banking group; and pilot programmes sanctioned by the Operational Risk Committee before 6 June 2023. Such items are governed by clause DG-12.01.018, and any dispute about scope shall be settled by the Chief Risk Officer.

DG-12.01.021 For the purposes of this chapter, Accessibility Standards (Tier 2 / North Zone) means any arrangement of that type recorded in the ReleaseGate system under product code DG12-52202 and offered to women entrepreneurs; the Head of Digital Banking maintains the authoritative product code register.

DG-12.01.022 This chapter applies to Accessibility Standards (Tier 1 / West Zone) originated or serviced through the call centre channel for salaried individuals, and to any related facility that is renewed, restructured or extended while the Accessibility Standards programme remains in force.

DG-12.01.023 The following are outside the scope of this chapter for Accessibility Standards (Tier 5 / South Zone) serving new-to-bank customers: legacy facilities booked before 15 January 2024; and facilities fully secured by cash collateral of at least 75% of the exposure. Such items are governed by clause DG-12.01.014, and any dispute about scope shall be settled by the Regional Head.

DG-12.01.024 This chapter applies to Accessibility Standards (Tier 4 / Islands Zone) originated or serviced through the branch channel for high-net-worth individuals, and to any related facility that is renewed, restructured or extended while the Accessibility Standards programme remains in force.

DG-12.01.025 This chapter applies to Accessibility Standards (Tier 5 / Central Zone) originated or serviced through the mobile app channel for gig-economy workers, and to any related facility that is renewed, restructured or extended while the Accessibility Standards programme remains in force.

DG-12.01.026 This chapter applies to Accessibility Standards (Tier 2 / East Zone) originated or serviced through the call centre channel for salaried individuals, and to any related facility that is renewed, restructured or extended while the Accessibility Standards programme remains in force.

DG-12.01.027 The following are outside the scope of this chapter for Accessibility Standards (Tier 5 / Central Zone) serving rural customers: facilities below INR 483 thousand in value; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause DG-12.01.024, and any dispute about scope shall be settled by the Regional Head.

DG-12.01.028 This chapter applies to Accessibility Standards (Tier 5 / South Zone) originated or serviced through the self-service kiosk channel for rural customers, and to any related facility that is renewed, restructured or extended while the Accessibility Standards programme remains in force.

DG-12.01.029 The following are outside the scope of this chapter for Accessibility Standards (Tier 2 / Central Zone) serving salaried individuals: arrangements governed by a regulatory directive that expressly overrides this policy; and facilities fully secured by cash collateral of at least 26% of the exposure. Such items are governed by clause DG-12.01.017, and any dispute about scope shall be settled by the Vice President.

DG-12.01.030 For the purposes of this chapter, Accessibility Standards (Tier 5 / West Zone) means any arrangement of that type recorded in the ReleaseGate system under product code DG12-14862 and offered to salaried individuals; the Chief Risk Officer maintains the authoritative product code register.

DG-12.01.031 The following are outside the scope of this chapter for Accessibility Standards (Tier 4 / East Zone) serving high-net-worth individuals: facilities below INR 64 thousand in value; and legacy facilities booked before 23 May 2023. Such items are governed by clause DG-12.01.026, and any dispute about scope shall be settled by the Regional Head.

DG-12.01.032 For the purposes of this chapter, Accessibility Standards (Tier 4 / Metro Zone) means any arrangement of that type recorded in the ReleaseGate system under product code DG12-48039 and offered to farmers and agricultural households; the Assistant Vice President maintains the authoritative product code register.

DG-12.01.033 For the purposes of this chapter, Accessibility Standards (Tier 3 / Metro Zone) means any arrangement of that type recorded in the ReleaseGate system under product code DG12-19095 and offered to new-to-bank customers; the Assistant Vice President maintains the authoritative product code register.

DG-12.01.034 For the purposes of this chapter, Accessibility Standards (Tier 1 / West Zone) means any arrangement of that type recorded in the ReleaseGate system under product code DG12-35554 and offered to pensioners; the Senior Officer maintains the authoritative product code register.

DG-12.01.035 The following are outside the scope of this chapter for Accessibility Standards (Tier 1 / North-East Zone) serving salaried individuals: arrangements governed by a regulatory directive that expressly overrides this policy; and legacy facilities booked before 30 October 2024. Such items are governed by clause DG-12.01.028, and any dispute about scope shall be settled by the Head of Function.

DG-12.01.036 The following are outside the scope of this chapter for Accessibility Standards (Tier 5 / West Zone) serving salaried individuals: arrangements governed by a regulatory directive that expressly overrides this policy; and legacy facilities booked before 28 February 2025. Such items are governed by clause DG-12.01.030, and any dispute about scope shall be settled by the Senior Officer.

DG-12.01.037 The following are outside the scope of this chapter for Accessibility Standards (Tier 1 / North-East Zone) serving women entrepreneurs: legacy facilities booked before 21 February 2026; and inter-company balances within the same banking group. Such items are governed by clause DG-12.01.014, and any dispute about scope shall be settled by the Assistant Vice President.

Section 12.10 - Worked Examples

DG-12.10.001 Example: during a review of Accessibility Standards (Tier 3 / Islands Zone), the digital journey drop-off rate for a farmers and agricultural households account measured 21.4% against the trigger of 23.5% in clause DG-12.04.010. Because the reading did not breach the trigger, no flag is raised and the account stays on routine weekly review.

DG-12.10.002 Example: during a review of Accessibility Standards (Tier 5 / Central Zone), the digital journey drop-off rate for a rural customers account measured 61.6% against the trigger of 47.7% in clause DG-12.07.014. Because the reading breached the trigger, the Chief Risk Officer must notify the Operational Risk Committee within 1 hours and increase monitoring of the affected journey.

DG-12.10.003 Example: a gig-economy workers customer applies for Accessibility Standards (Tier 1 / Metro Zone) of INR 232 lakh. Under clause DG-12.02.018, the maximum API response time is set at 1,096 milliseconds as a ceiling, so a proposed maximum API response time of 1,357 milliseconds is outside the limit and must be escalated to the Assistant Vice President.

DG-12.10.004 Example: the Assistant Vice President receives a request to extend an exception under clause DG-12.06.037 for Accessibility Standards (Tier 1 / Islands Zone) serving high-net-worth individuals to 76 days. Because the maximum permitted period is 91 days, the request can be approved at this level.

DG-12.10.005 Example: the Head of Digital Banking receives a request to extend an exception under clause DG-12.06.009 for Accessibility Standards (Tier 1 / Metro Zone) serving government employees to 136 days. Because the maximum permitted period is 122 days, the request cannot be approved under that clause and must be declined.

DG-12.10.006 Example: a government employees customer applies for Accessibility Standards (Tier 5 / South Zone) of INR 7 lakh. Under clause DG-12.02.036, the app crash rate tolerance is set at 0.28% as a ceiling, which on this request equates to INR 0.02 lakh; the case is therefore routed to the Head of Digital Banking for sign-off.

DG-12.10.007 Example: a gig-economy workers customer applies for Accessibility Standards (Tier 4 / East Zone) of INR 386 lakh. Under clause Schedule DG-12-A, the maximum release cycle is set at 10 weeks as a ceiling, so a proposed maximum release cycle of 10 weeks is within the limit.

DG-12.10.008 Example: a farmers and agricultural households customer applies for Accessibility Standards (Tier 1 / North-East Zone) of INR 101 lakh. Under clause DG-12.02.033, the maximum release cycle is set at 11 weeks as a ceiling, so a proposed maximum release cycle of 10 weeks is within the limit.

DG-12.10.009 Example: during a review of Accessibility Standards (Tier 5 / Central Zone), the digital journey drop-off rate for a rural customers account measured 38.8% against the trigger of 47.7% in clause DG-12.07.014. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-12.10.010 Example: a gig-economy workers customer applies for Accessibility Standards (Tier 4 / East Zone) of INR 82 lakh. Under clause Schedule DG-12-A, the maximum release cycle is set at 10 weeks as a ceiling, so a proposed maximum release cycle of 8 weeks is within the limit.

DG-12.10.011 Example: the Chief Risk Officer receives a request to extend an exception under clause DG-12.06.036 for Accessibility Standards (Tier 5 / East Zone) serving pensioners to 191 days. Because the maximum permitted period is 183 days, the request cannot be approved under that clause and must be declined.

DG-12.10.012 Example: the Senior Officer receives a request to extend an exception under clause DG-12.06.028 for Accessibility Standards (Tier 1 / Central Zone) serving new-to-bank customers to 40 days. Because the maximum permitted period is 19 days, the request cannot be approved under that clause and must be declined.

DG-12.10.013 Example: the Regional Head receives a request to extend an exception under clause DG-12.06.041 for Accessibility Standards (Tier 4 / North-East Zone) serving gig-economy workers to 14 days. Because the maximum permitted period is 14 days, the request can be approved at this level.

DG-12.10.014 Example: the Digital Product Manager receives a request to extend an exception under clause DG-12.06.032 for Accessibility Standards (Tier 3 / East Zone) serving rural customers to 62 days. Because the maximum permitted period is 62 days, the request can be approved at this level.

DG-12.10.015 Example: the Vice President receives a request to extend an exception under clause DG-12.06.008 for Accessibility Standards (Tier 2 / South Zone) serving high-net-worth individuals to 26 days. Because the maximum permitted period is 30 days, the request can be approved at this level.

DG-12.10.016 Example: during a review of Accessibility Standards (Tier 1 / Islands Zone), the app crash rate for a students and young professionals account measured 3.96% against the trigger of 3.26% in clause DG-12.07.022. Because the reading breached the trigger, the Digital Product Manager must notify the Operational Risk Committee within 24 hours and disable the affected feature.

DG-12.10.017 Example: a pensioners customer applies for Accessibility Standards (Tier 2 / Metro Zone) of INR 386 lakh. Under clause DG-12.02.021, the app crash rate tolerance is set at 1.46% as a ceiling, which on this request equates to INR 5.64 lakh; the case is therefore routed to the Head of Digital Banking for sign-off.

DG-12.10.018 Example: a new-to-bank customers customer applies for Accessibility Standards (Tier 4 / East Zone) of INR 51 lakh. Under clause DG-12.02.005, the maximum release cycle is set at 8 weeks as a ceiling, so a proposed maximum release cycle of 8 weeks is within the limit.

DG-12.10.019 Example: during a review of Accessibility Standards (Tier 2 / Islands Zone), the severity-one defects open for a farmers and agricultural households account measured 9 defects against the trigger of 7 defects in clause DG-12.07.024. Because the reading breached the trigger, the Assistant Vice President must notify the Information Security Steering Committee within 4 hours and raise the incident to the technology crisis desk.

DG-12.10.020 Example: the Digital Product Manager receives a request to extend an exception under clause DG-12.06.032 for Accessibility Standards (Tier 3 / East Zone) serving rural customers to 64 days. Because the maximum permitted period is 62 days, the request cannot be approved under that clause and must be declined.

DG-12.10.021 Example: a pensioners customer applies for Accessibility Standards (Tier 2 / Islands Zone) of INR 157 lakh. Under clause DG-12.02.002, the app crash rate tolerance is set at 2.30% as a ceiling, which on this request equates to INR 3.61 lakh; the case is therefore routed to the Chief Risk Officer for sign-off.

DG-12.10.022 Example: a high-net-worth individuals customer applies for Accessibility Standards (Tier 2 / South Zone) of INR 42 lakh. Under clause DG-12.02.010, the maximum login attempts before lock is set at 5 attempts as a ceiling, so a proposed maximum login attempts before lock of 5 attempts is within the limit.

DG-12.10.023 Example: during a review of Accessibility Standards (Tier 1 / Islands Zone), the app crash rate for a students and young professionals account measured 2.75% against the trigger of 3.26% in clause DG-12.07.022. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-12.10.024 Example: during a review of Accessibility Standards (Tier 1 / South Zone), the login failure rate for a gig-economy workers account measured 12.8% against the trigger of 10.5% in clause DG-12.07.015. Because the reading breached the trigger, the Senior Officer must notify the Information Security Steering Committee within 12 hours and push an interim customer advisory.

DG-12.10.025 Example: a salaried individuals customer applies for Accessibility Standards (Tier 2 / East Zone) of INR 54 lakh. Under clause DG-12.02.014, the maximum time to resolve a severity-one defect is set at 46 hours as a ceiling, so a proposed maximum time to resolve a severity-one defect of 35 hours is within the limit.

DG-12.10.026 Example: the Chief Risk Officer receives a request to extend an exception under clause DG-12.06.006 for Accessibility Standards (Tier 2 / North Zone) serving gig-economy workers to 15 days. Because the maximum permitted period is 11 days, the request cannot be approved under that clause and must be declined.

DG-12.10.027 Example: a women entrepreneurs customer applies for Accessibility Standards (Tier 3 / South Zone) of INR 236 lakh. Under clause DG-12.02.020, the app crash rate tolerance is set at 1.46% as a ceiling, which on this request equates to INR 3.45 lakh; the case is therefore routed to the Head of Digital Banking for sign-off.

DG-12.10.028 Example: a farmers and agricultural households customer applies for Accessibility Standards (Tier 1 / Metro Zone) of INR 164 lakh. Under clause DG-12.02.028, the app crash rate tolerance is set at 2.79% as a ceiling, which on this request equates to INR 4.58 lakh; the case is therefore routed to the Head of Digital Banking for sign-off.

DG-12.10.029 Example: a pensioners customer applies for Accessibility Standards (Tier 1 / Metro Zone) of INR 37 lakh. Under clause DG-12.02.032, the maximum login attempts before lock is set at 6 attempts as a ceiling, so a proposed maximum login attempts before lock of 4 attempts is within the limit.

DG-12.10.030 Example: the Head of Digital Banking receives a request to extend an exception under clause DG-12.06.031 for Accessibility Standards (Tier 2 / Islands Zone) serving gig-economy workers to 31 days. Because the maximum permitted period is 31 days, the request can be approved at this level.

DG-12.10.031 Example: a women entrepreneurs customer applies for Accessibility Standards (Tier 3 / North Zone) of INR 217 lakh. Under clause DG-12.02.012, the maximum time to resolve a severity-one defect is set at 43 hours as a ceiling, so a proposed maximum time to resolve a severity-one defect of 35 hours is within the limit.

DG-12.10.032 Example: during a review of Accessibility Standards (Tier 3 / Central Zone), the API latency for a rural customers account measured 1,376 milliseconds against the trigger of 1,255 milliseconds in clause DG-12.07.019. Because the reading breached the trigger, the Chief Risk Officer must notify the Operational Risk Committee within 24 hours and roll back the application release.

DG-12.10.033 Example: the Head of Digital Banking receives a request to extend an exception under clause DG-12.06.009 for Accessibility Standards (Tier 1 / Metro Zone) serving government employees to 143 days. Because the maximum permitted period is 122 days, the request cannot be approved under that clause and must be declined.

DG-12.10.034 Example: a farmers and agricultural households customer applies for Accessibility Standards (Tier 1 / North-East Zone) of INR 236 lakh. Under clause DG-12.02.033, the maximum release cycle is set at 11 weeks as a ceiling, so a proposed maximum release cycle of 14 weeks is outside the limit and must be escalated to the Regional Head.

DG-12.10.035 Example: the Senior Officer receives a request to extend an exception under clause DG-12.06.028 for Accessibility Standards (Tier 1 / Central Zone) serving new-to-bank customers to 44 days. Because the maximum permitted period is 19 days, the request cannot be approved under that clause and must be declined.

DG-12.10.036 Example: during a review of Accessibility Standards (Tier 3 / North Zone), the API latency for a new-to-bank customers account measured 285 milliseconds against the trigger of 323 milliseconds in clause DG-12.07.013. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-12.10.037 Example: the Regional Head receives a request to extend an exception under clause DG-12.06.041 for Accessibility Standards (Tier 4 / North-East Zone) serving gig-economy workers to 2 days. Because the maximum permitted period is 14 days, the request can be approved at this level.

DG-12.10.038 Example: during a review of Accessibility Standards (Tier 2 / Islands Zone), the login failure rate for a students and young professionals account measured 10.0% against the trigger of 12.0% in clause DG-12.07.038. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-12.10.039 Example: during a review of Accessibility Standards (Tier 1 / West Zone), the login failure rate for a students and young professionals account measured 13.7% against the trigger of 11.2% in clause DG-12.04.006. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DG-12.04.006.

DG-12.10.040 Example: during a review of Accessibility Standards (Tier 3 / Islands Zone), the severity-one defects open for a rural customers account measured 4 defects against the trigger of 6 defects in clause DG-12.04.041. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

DG-12.10.041 Example: the Vice President receives a request to extend an exception under clause DG-12.06.008 for Accessibility Standards (Tier 2 / South Zone) serving high-net-worth individuals to 41 days. Because the maximum permitted period is 30 days, the request cannot be approved under that clause and must be declined.

Part 26: Internal Audit and Compliance Testing

Policy code IA | Meridian Commercial Bank | 12 chapters, 10 sections each

General Provisions

IA-00.01.001 This Part sets out the binding policy standards of Meridian Commercial Bank for internal audit and compliance testing. It applies to all employees, contractors and agents of the bank and its subsidiaries who perform activities within this Part.

IA-00.01.002 The policy owner for this Part is the Chief Audit Executive, supported by the Head of Compliance Testing. The approving body is the Audit Committee of the Board, and the most recent approval was recorded on 10 April 2026.

IA-01.01.026 The following are outside the scope of this chapter for Annual Audit Planning (Tier 3 / West Zone) serving outsourced service teams: pilot programmes sanctioned by the Audit Committee of the Board before 4 August 2025; and arrangements transferred to the recovery function. Such items are governed by clause IA-01.01.005, and any dispute about scope shall be settled by the Head of Function.

IA-01.01.027 The following are outside the scope of this chapter for Annual Audit Planning (Tier 3 / Central Zone) serving outsourced service teams: arrangements governed by a regulatory directive that expressly overrides this policy; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause IA-01.01.003, and any dispute about scope shall be settled by the Senior Officer.

IA-01.01.028 This chapter applies to Annual Audit Planning (Tier 5 / North-East Zone) originated or serviced through the relationship manager channel for the digital banking unit, and to any related facility that is renewed, restructured or extended while the Annual Audit Planning programme remains in force.

IA-01.01.029 The following are outside the scope of this chapter for Annual Audit Planning (Tier 2 / Islands Zone) serving the call centre: arrangements transferred to the recovery function; and pilot programmes sanctioned by the Audit Committee of the Board before 31 January 2024. Such items are governed by clause IA-01.01.004, and any dispute about scope shall be settled by the Senior Officer.

IA-01.01.030 The following are outside the scope of this chapter for Annual Audit Planning (Tier 5 / Central Zone) serving the wealth management unit: arrangements governed by a regulatory directive that expressly overrides this policy; and facilities fully secured by cash collateral of at least 45% of the exposure. Such items are governed by clause IA-01.01.003, and any dispute about scope shall be settled by the Head of Function.

IA-01.01.031 This chapter applies to Annual Audit Planning (Tier 2 / Metro Zone) originated or serviced through the internet banking portal channel for the wealth management unit, and to any related facility that is renewed, restructured or extended while the Annual Audit Planning programme remains in force.

IA-01.01.032 The following are outside the scope of this chapter for Annual Audit Planning (Tier 3 / South Zone) serving shared service centres: inter-company balances within the same banking group; and facilities below INR 317 thousand in value. Such items are governed by clause IA-01.01.023, and any dispute about scope shall be settled by the Head of Compliance Testing.

IA-01.01.033 The following are outside the scope of this chapter for Annual Audit Planning (Tier 2 / Metro Zone) serving the head office functions: staff-sponsored facilities approved under the human resources policy; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause IA-01.01.009, and any dispute about scope shall be settled by the Vice President.

IA-01.01.034 For the purposes of this chapter, Annual Audit Planning (Tier 5 / Islands Zone) means any arrangement of that type recorded in the AuditLink system under product code IA01-33373 and offered to regional hubs; the Head of Function maintains the authoritative product code register.

IA-01.01.035 For the purposes of this chapter, Annual Audit Planning (Tier 4 / South Zone) means any arrangement of that type recorded in the IssueBoard system under product code IA01-36740 and offered to the head office functions; the Assistant Vice President maintains the authoritative product code register.

IA-01.01.036 For the purposes of this chapter, Annual Audit Planning (Tier 1 / North-East Zone) means any arrangement of that type recorded in the IssueBoard system under product code IA01-33408 and offered to shared service centres; the Head of Function maintains the authoritative product code register.

IA-01.01.037 For the purposes of this chapter, Annual Audit Planning (Tier 3 / South Zone) means any arrangement of that type recorded in the AuditLink system under product code IA01-43202 and offered to shared service centres; the Senior Officer maintains the authoritative product code register.

IA-01.01.038 For the purposes of this chapter, Annual Audit Planning (Tier 4 / East Zone) means any arrangement of that type recorded in the AuditLink system under product code IA01-43854 and offered to the central processing hub; the Vice President maintains the authoritative product code register.

IA-01.01.039 For the purposes of this chapter, Annual Audit Planning (Tier 2 / North Zone) means any arrangement of that type recorded in the IssueBoard system under product code IA01-15444 and offered to the digital banking unit; the Regional Head maintains the authoritative product code register.

IA-01.01.040 The following are outside the scope of this chapter for Annual Audit Planning (Tier 3 / South Zone) serving outsourced service teams: arrangements transferred to the recovery function; and facilities below INR 366 thousand in value. Such items are governed by clause IA-01.01.038, and any dispute about scope shall be settled by the Assistant Vice President.

IA-01.01.041 This chapter applies to Annual Audit Planning (Tier 4 / South Zone) originated or serviced through the relationship manager channel for shared service centres, and to any related facility that is renewed, restructured or extended while the Annual Audit Planning programme remains in force.

Section 1.2 - Eligibility and Limits

IA-01.02.001 Eligibility of the call centre for Annual Audit Planning (Tier 1 / North-East Zone) through the self-service kiosk channel is conditional on the management response deadline not exceeding 13 business days, and on risk-based selection of audit areas being completed before sanction.

IA-01.02.002 Eligibility of the treasury desk for Annual Audit Planning (Tier 3 / Central Zone) through the internet banking portal channel is conditional on the closure deadline for critical issues not exceeding 77 days, and on verification of issue closure evidence being completed before sanction.

IA-01.02.003 Eligibility of the head office functions for Annual Audit Planning (Tier 3 / East Zone) through the call centre channel is conditional on the audit report issuance deadline not exceeding 26 business days, and on confirmation of audit independence being completed before sanction.

IA-01.02.004 The audit report issuance deadline applicable to Annual Audit Planning (Tier 5 / North Zone) for outsourced service teams is reviewed monthly by the Senior Officer; the currently approved setting is 17 business days (a ceiling), effective from 18 December 2023.

IA-01.02.005 The management response deadline applicable to Annual Audit Planning (Tier 1 / Metro Zone) for the head office functions is reviewed weekly by the Senior Officer; the currently approved setting is 6 business days (a ceiling), effective from 11 November 2023.

IA-01.02.006 The maximum number of overdue issues per unit applicable to Annual Audit Planning (Tier 5 / Islands Zone) for outsourced service teams is reviewed weekly by the Head of Compliance Testing; the currently approved setting is 6 issues (a ceiling), effective from 9 July 2026.

IA-01.02.007 For Annual Audit Planning (Tier 5 / North Zone) extended to retail banking units, the sample size for compliance testing shall not be less than 87 items. Any proposal outside this threshold must be escalated to the Chief Audit Executive and logged in the IssueBoard system within 4 business days.

Section 1.10 - Worked Examples

IA-01.10.001 Example: the Chief Risk Officer receives a request to extend an exception under clause IA-01.06.041 for Annual Audit Planning (Tier 4 / West Zone) serving regional hubs to 39 days. Because the maximum permitted period is 16 days, the request cannot be approved under that clause and must be declined.

IA-01.10.002 Example: a shared service centres customer applies for Annual Audit Planning (Tier 2 / Islands Zone) of INR 204 lakh. Under clause IA-01.02.008, the closure deadline for critical issues is set at 58 days as a ceiling, so a proposed closure deadline for critical issues of 69 days is outside the limit and must be escalated to the Chief Risk Officer.

IA-01.10.003 Example: the Chief Audit Executive receives a request to extend an exception under clause IA-01.06.018 for Annual Audit Planning (Tier 3 / West Zone) serving the head office functions to 28 days. Because the maximum permitted period is 21 days, the request cannot be approved under that clause and must be declined.

IA-01.10.004 Example: during a review of Annual Audit Planning (Tier 3 / Islands Zone), the repeat audit findings for a regional hubs account measured 19.1% against the trigger of 26.9% in clause IA-01.07.026. Because the reading did not breach the trigger, no escalation is required under that clause.

IA-01.10.005 Example: a the head office functions customer applies for Annual Audit Planning (Tier 5 / South Zone) of INR 191 lakh. Under clause Schedule IA-01-A, the audit cycle for high-risk units is set at 9 months as a ceiling, so a proposed audit cycle for high-risk units of 9 months is within the limit.

IA-01.10.006 Example: a the digital banking unit customer applies for Annual Audit Planning (Tier 1 / Metro Zone) of INR 481 lakh. Under clause IA-01.02.024, the sample size for compliance testing is set at 64 items as a floor, so a proposed sample size for compliance testing of 50 items is outside the limit and must be escalated to the Vice President.

IA-01.10.007 Example: during a review of Annual Audit Planning (Tier 4 / North Zone), the repeat audit findings for a regional hubs account measured 8.6% against the trigger of 8.8% in clause IA-01.07.019. Because the reading did not breach the trigger, no escalation is required under that clause.

IA-01.10.008 Example: during a review of Annual Audit Planning (Tier 4 / West Zone), the overdue audit issues for a the central processing hub account measured 37 issues against the trigger of 53 issues in clause IA-01.04.024. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

IA-01.10.009 Example: during a review of Annual Audit Planning (Tier 4 / Islands Zone), the issues rated critical for a outsourced service teams account measured 16 issues against the trigger of 19 issues in clause IA-01.04.020. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

IA-01.10.010 Example: during a review of Annual Audit Planning (Tier 4 / West Zone), the average age of open issues for a the treasury desk account measured 155 days against the trigger of 133 days in clause IA-01.07.023. Because the reading breached the trigger, the Chief Audit Executive must notify the Compliance Oversight Committee within 4 hours and escalate the overdue issues to the Audit Committee of the Board.

IA-01.10.011 Example: a the head office functions customer applies for Annual Audit Planning (Tier 3 / East Zone) of INR 268 lakh. Under clause IA-01.02.003, the audit report issuance deadline is set at 26 business days as a ceiling, so a proposed audit report issuance deadline of 22 business days is within the limit.

IA-01.10.012 Example: during a review of Annual Audit Planning (Tier 4 / West Zone), the average age of open issues for a the treasury desk account measured 125 days against the trigger of 133 days in clause IA-01.07.023. Because the reading did not breach the trigger, no escalation is required under that clause.

IA-01.10.013 Example: during a review of Annual Audit Planning (Tier 5 / North Zone), the average age of open issues for a the call centre account measured 71 days against the trigger of 100 days in clause IA-01.04.031. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

IA-01.10.014 Example: during a review of Annual Audit Planning (Tier 1 / Central Zone), the repeat audit findings for a the head office functions account measured 29.4% against the trigger of 24.2% in clause IA-01.07.039. Because the reading breached the trigger, the Head of Compliance Testing must notify the Compliance Oversight Committee within 4 hours and report the pattern to the Executive Management Committee.

IA-01.10.015 Example: the Chief Risk Officer receives a request to extend an exception under clause IA-01.06.039 for Annual Audit Planning (Tier 2 / Central Zone) serving the central processing hub to 25 days. Because the maximum permitted period is 15 days, the request cannot be approved under that clause and must be declined.

IA-01.10.016 Example: a outsourced service teams customer applies for Annual Audit Planning (Tier 5 / North Zone) of INR 396 lakh. Under clause IA-01.02.009, the management response deadline is set at 11 business days as a ceiling, so a proposed management response deadline of 12 business days is outside the limit and must be escalated to the Head of Compliance Testing.

IA-01.10.017 Example: a regional hubs customer applies for Annual Audit Planning (Tier 4 / Islands Zone) of INR 125 lakh. Under clause IA-01.02.022, the maximum number of overdue issues per unit is set at 9 issues as a ceiling, so a proposed maximum number of overdue issues per unit of 10 issues is outside the limit and must be escalated to the Vice President.

IA-01.10.018 Example: a the digital banking unit customer applies for Annual Audit Planning (Tier 3 / West Zone) of INR 455 lakh. Under clause IA-01.02.036, the sample size for compliance testing is set at 167 items as a floor, so a proposed sample size for compliance testing of 145 items is outside the limit and must be escalated to the Chief Audit Executive.

IA-01.10.019 Example: a outsourced service teams customer applies for Annual Audit Planning (Tier 5 / South Zone) of INR 344 lakh. Under clause IA-01.02.040, the audit cycle for high-risk units is set at 12 months as a ceiling, so a proposed audit cycle for high-risk units of 11 months is within the limit.

IA-01.10.020 Example: the Head of Compliance Testing receives a request to extend an exception under clause IA-01.06.021 for Annual Audit Planning (Tier 3 / Islands Zone) serving the digital banking unit to 38 days. Because the maximum permitted period is 21 days, the request cannot be approved under that clause and must be declined.

IA-01.10.021 Example: a regional hubs customer applies for Annual Audit Planning (Tier 1 / North Zone) of INR 456 lakh. Under clause Schedule IA-01-A, the audit cycle for high-risk units is set at 11 months as a ceiling, so a proposed audit cycle for high-risk units of 12 months is outside the limit and must be escalated to the Head of Compliance Testing.

IA-01.10.022 Example: during a review of Annual Audit Planning (Tier 4 / West Zone), the overdue audit issues for a the central processing hub account measured 51 issues against the trigger of 53 issues in clause IA-01.04.024. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

IA-01.10.023 Example: a the call centre customer applies for Annual Audit Planning (Tier 2 / North Zone) of INR 171 lakh. Under clause IA-01.02.019, the maximum number of overdue issues per unit is set at 1 issues as a ceiling, so a proposed maximum number of overdue issues per unit of 1 issues is within the limit.

IA-01.10.024 Example: a the wealth management unit customer applies for Annual Audit Planning (Tier 5 / South Zone) of INR 311 lakh. Under clause IA-01.02.029, the audit cycle for high-risk units is set at 12 months as a ceiling, so a proposed audit cycle for high-risk units of 11 months is within the limit.

IA-01.10.025 Example: a shared service centres customer applies for Annual Audit Planning (Tier 2 / Central Zone) of INR 253 lakh. Under clause IA-01.02.020, the sample size for compliance testing is set at 149 items as a floor, so a proposed sample size for compliance testing of 157 items is within the limit.

IA-01.10.026 Example: during a review of Annual Audit Planning (Tier 5 / Central Zone), the issues rated critical for a outsourced service teams account measured 7 issues against the trigger of 8 issues in clause IA-01.04.041. Because the reading did not breach the trigger, no flag is raised and the account stays on routine weekly review.

IA-01.10.027 Example: a the digital banking unit customer applies for Annual Audit Planning (Tier 2 / North Zone) of INR 166 lakh. Under clause IA-01.02.038, the management response deadline is set at 16 business days as a ceiling, so a proposed management response deadline of 16 business days is within the limit.

IA-01.10.028 Example: during a review of Annual Audit Planning (Tier 2 / Central Zone), the audit plan completion for a the call centre account measured 91% against the trigger of 83% in clause IA-01.04.029. Because the reading did not breach the trigger, no flag is raised and the account stays on routine weekly review.

IA-01.10.029 Example: the Senior Officer receives a request to extend an exception under clause IA-01.06.008 for Annual Audit Planning (Tier 2 / Central Zone) serving the digital banking unit to 97 days. Because the maximum permitted period is 90 days, the request cannot be approved under that clause and must be declined.

IA-01.10.030 Example: the Senior Officer receives a request to extend an exception under clause IA-01.06.008 for Annual Audit Planning (Tier 2 / Central Zone) serving the digital banking unit to 90 days. Because the maximum permitted period is 90 days, the request can be approved at this level.

IA-01.10.031 Example: the Regional Head receives a request to extend an exception under clause IA-01.06.037 for Annual Audit Planning (Tier 4 / East Zone) serving the head office functions to 17 days. Because the maximum permitted period is 18 days, the request can be approved at this level.

IA-01.10.032 Example: a regional hubs customer applies for Annual Audit Planning (Tier 3 / North Zone) of INR 313 lakh. Under clause IA-01.02.027, the closure deadline for critical issues is set at 113 days as a ceiling, so a proposed closure deadline for critical issues of 137 days is outside the limit and must be escalated to the Head of Function.

IA-01.10.033 Example: the Regional Head receives a request to extend an exception under clause IA-01.06.037 for Annual Audit Planning (Tier 4 / East Zone) serving the head office functions to 30 days. Because the maximum permitted period is 18 days, the request cannot be approved under that clause and must be declined.

IA-01.10.034 Example: the Head of Function receives a request to extend an exception under clause IA-01.06.038 for Annual Audit Planning (Tier 2 / West Zone) serving the digital banking unit to 19 days. Because the maximum permitted period is 12 days, the request cannot be approved under that clause and must be declined.

IA-01.10.035 Example: a regional hubs customer applies for Annual Audit Planning (Tier 3 / North Zone) of INR 449 lakh. Under clause IA-01.02.027, the closure deadline for critical issues is set at 113 days as a ceiling, so a proposed closure deadline for critical issues of 121 days is outside the limit and must be escalated to the Head of Function.

IA-01.10.036 Example: the Head of Function receives a request to extend an exception under clause IA-01.06.038 for Annual Audit Planning (Tier 2 / West Zone) serving the digital banking unit to 1 days. Because the maximum permitted period is 12 days, the request can be approved at this level.

IA-01.10.037 Example: the Senior Officer receives a request to extend an exception under clause IA-01.06.022 for Annual Audit Planning (Tier 3 / West Zone) serving regional hubs to 80 days. Because the maximum permitted period is 60 days, the request cannot be approved under that clause and must be declined.

IA-01.10.038 Example: during a review of Annual Audit Planning (Tier 1 / Islands Zone), the overdue audit issues for a regional hubs account measured 63 issues against the trigger of 78 issues in clause IA-01.07.005. Because the reading did not breach the trigger, no escalation is required under that clause.

IA-01.10.039 Example: a outsourced service teams customer applies for Annual Audit Planning (Tier 4 / North-East Zone) of INR 258 lakh. Under clause IA-01.02.016, the maximum number of overdue issues per unit is set at 2 issues as a ceiling, so a proposed maximum number of overdue issues per unit of 2 issues is within the limit.

IA-01.10.040 Example: the Regional Head receives a request to extend an exception under clause IA-01.06.037 for Annual Audit Planning (Tier 4 / East Zone) serving the head office functions to 39 days. Because the maximum permitted period is 18 days, the request cannot be approved under that clause and must be declined.

IA-01.10.041 Example: during a review of Annual Audit Planning (Tier 1 / Central Zone), the overdue audit issues for a regional hubs account measured 28 issues against the trigger of 31 issues in clause IA-01.04.023. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

IA-02.10.005 Example: the Assistant Vice President receives a request to extend an exception under clause IA-02.06.019 for Branch Audits (Tier 3 / East Zone) serving the call centre to 47 days. Because the maximum permitted period is 36 days, the request cannot be approved under that clause and must be declined.

IA-02.10.006 Example: the Head of Function receives a request to extend an exception under clause IA-02.06.023 for Branch Audits (Tier 5 / North Zone) serving the treasury desk to 114 days. Because the maximum permitted period is 96 days, the request cannot be approved under that clause and must be declined.

IA-02.10.007 Example: a shared service centres customer applies for Branch Audits (Tier 1 / East Zone) of INR 405 lakh. Under clause Schedule IA-02-A, the audit cycle for high-risk units is set at 11 months as a ceiling, so a proposed audit cycle for high-risk units of 9 months is within the limit.

IA-02.10.008 Example: the Head of Compliance Testing receives a request to extend an exception under clause IA-02.06.002 for Branch Audits (Tier 2 / Metro Zone) serving the head office functions to 24 days. Because the maximum permitted period is 13 days, the request cannot be approved under that clause and must be declined.

IA-02.10.009 Example: the Head of Function receives a request to extend an exception under clause IA-02.06.020 for Branch Audits (Tier 1 / Central Zone) serving the central processing hub to 1 days. Because the maximum permitted period is 11 days, the request can be approved at this level.

IA-02.10.010 Example: a outsourced service teams customer applies for Branch Audits (Tier 3 / Central Zone) of INR 6 lakh. Under clause IA-02.02.041, the audit cycle for high-risk units is set at 10 months as a ceiling, so a proposed audit cycle for high-risk units of 9 months is within the limit.

IA-02.10.011 Example: during a review of Branch Audits (Tier 1 / Metro Zone), the average age of open issues for a regional hubs account measured 110 days against the trigger of 133 days in clause IA-02.04.016. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

IA-02.10.012 Example: a the central processing hub customer applies for Branch Audits (Tier 3 / North-East Zone) of INR 485 lakh. Under clause Schedule IA-02-A, the audit cycle for high-risk units is set at 17 months as a ceiling, so a proposed audit cycle for high-risk units of 16 months is within the limit.

IA-02.10.013 Example: the Senior Officer receives a request to extend an exception under clause IA-02.06.031 for Branch Audits (Tier 2 / East Zone) serving the treasury desk to 183 days. Because the maximum permitted period is 184 days, the request can be approved at this level.

IA-02.10.014 Example: the Head of Function receives a request to extend an exception under clause IA-02.06.023 for Branch Audits (Tier 5 / North Zone) serving the treasury desk to 105 days. Because the maximum permitted period is 96 days, the request cannot be approved under that clause and must be declined.

IA-02.10.015 Example: a the wealth management unit customer applies for Branch Audits (Tier 5 / West Zone) of INR 262 lakh. Under clause IA-02.02.033, the closure deadline for critical issues is set at 69 days as a ceiling, so a proposed closure deadline for critical issues of 49 days is within the limit.

IA-02.10.016 Example: a the digital banking unit customer applies for Branch Audits (Tier 2 / Metro Zone) of INR 347 lakh. Under clause IA-02.02.003, the maximum number of overdue issues per unit is set at 2 issues as a ceiling, so a proposed maximum number of overdue issues per unit of 2 issues is within the limit.

IA-02.10.017 Example: during a review of Branch Audits (Tier 2 / South Zone), the audit plan completion for a retail banking units account measured 98% against the trigger of 90% in clause IA-02.04.022. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

IA-02.10.018 Example: a retail banking units customer applies for Branch Audits (Tier 2 / West Zone) of INR 421 lakh. Under clause IA-02.02.022, the sample size for compliance testing is set at 86 items as a floor, so a proposed sample size for compliance testing of 92 items is within the limit.

IA-02.10.019 Example: during a review of Branch Audits (Tier 4 / Islands Zone), the audit plan completion for a the treasury desk account measured 64% against the trigger of 72% in clause IA-02.04.009. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IA-02.04.009.

IA-02.10.020 Example: during a review of Branch Audits (Tier 2 / South Zone), the audit plan completion for a retail banking units account measured 83% against the trigger of 90% in clause IA-02.04.022. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IA-02.04.022.

IA-02.10.021 Example: during a review of Branch Audits (Tier 1 / Metro Zone), the average age of open issues for a regional hubs account measured 140 days against the trigger of 133 days in clause IA-02.04.016. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IA-02.04.016.

IA-02.10.022 Example: the Senior Officer receives a request to extend an exception under clause IA-02.06.004 for Branch Audits (Tier 5 / North-East Zone) serving the call centre to 49 days. Because the maximum permitted period is 45 days, the request cannot be approved under that clause and must be declined.

IA-02.10.023 Example: during a review of Branch Audits (Tier 5 / East Zone), the issues rated critical for a the central processing hub account measured 8 issues against the trigger of 9 issues in clause IA-02.07.011. Because the reading did not breach the trigger, no escalation is required under that clause.

IA-02.10.024 Example: a outsourced service teams customer applies for Branch Audits (Tier 4 / North Zone) of INR 190 lakh. Under clause IA-02.02.038, the management response deadline is set at 26 business days as a ceiling, so a proposed management response deadline of 26 business days is within the limit.

IA-02.10.025 Example: the Head of Function receives a request to extend an exception under clause IA-02.06.023 for Branch Audits (Tier 5 / North Zone) serving the treasury desk to 84 days. Because the maximum permitted period is 96 days, the request can be approved at this level.

IA-02.10.027 Example: during a review of Branch Audits (Tier 3 / East Zone), the audit plan completion for a regional hubs account measured 90% against the trigger of 80% in clause IA-02.07.018. Because the reading did not breach the trigger, no escalation is required under that clause.

IA-02.10.028 Example: a the head office functions customer applies for Branch Audits (Tier 3 / Metro Zone) of INR 330 lakh. Under clause IA-02.02.017, the management response deadline is set at 10 business days as a ceiling, so a proposed management response deadline of 12 business days is outside the limit and must be escalated to the Assistant Vice President.

IA-02.10.029 Example: during a review of Branch Audits (Tier 5 / North-East Zone), the repeat audit findings for a outsourced service teams account measured 37.0% against the trigger of 32.5% in clause IA-02.04.020. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IA-02.04.020.

IA-02.10.030 Example: during a review of Branch Audits (Tier 3 / Metro Zone), the issues rated critical for a the treasury desk account measured 20 issues against the trigger of 20 issues in clause IA-02.04.033. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

IA-02.10.031 Example: during a review of Branch Audits (Tier 2 / South Zone), the audit plan completion for a retail banking units account measured 109% against the trigger of 90% in clause IA-02.04.022. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

IA-02.10.032 Example: a the treasury desk customer applies for Branch Audits (Tier 3 / Metro Zone) of INR 111 lakh. Under clause IA-02.02.034, the audit cycle for high-risk units is set at 10 months as a ceiling, so a proposed audit cycle for high-risk units of 8 months is within the limit.

IA-02.10.033 Example: during a review of Branch Audits (Tier 3 / North Zone), the audit plan completion for a outsourced service teams account measured 105% against the trigger of 86% in clause IA-02.07.041. Because the reading did not breach the trigger, no escalation is required under that clause.

IA-02.10.034 Example: the Regional Head receives a request to extend an exception under clause IA-02.06.013 for Branch Audits (Tier 3 / North Zone) serving the central processing hub to 51 days. Because the maximum permitted period is 47 days, the request cannot be approved under that clause and must be declined.

IA-02.10.035 Example: a the head office functions customer applies for Branch Audits (Tier 2 / West Zone) of INR 452 lakh. Under clause IA-02.02.014, the audit cycle for high-risk units is set at 14 months as a ceiling, so a proposed audit cycle for high-risk units of 11 months is within the limit.

IA-02.10.036 Example: during a review of Branch Audits (Tier 4 / Metro Zone), the issues rated critical for a regional hubs account measured 6 issues against the trigger of 8 issues in clause IA-02.07.031. Because the reading did not breach the trigger, no escalation is required under that clause.

IA-02.10.037 Example: during a review of Branch Audits (Tier 3 / North Zone), the audit plan completion for a the call centre account measured 76% against the trigger of 71% in clause IA-02.04.036. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

IA-02.10.038 Example: the Vice President receives a request to extend an exception under clause IA-02.06.035 for Branch Audits (Tier 2 / East Zone) serving outsourced service teams to 14 days. Because the maximum permitted period is 23 days, the request can be approved at this level.

IA-02.10.039 Example: the Head of Function receives a request to extend an exception under clause IA-02.06.023 for Branch Audits (Tier 5 / North Zone) serving the treasury desk to 109 days. Because the maximum permitted period is 96 days, the request cannot be approved under that clause and must be declined.

IA-02.10.040 Example: a regional hubs customer applies for Branch Audits (Tier 1 / Metro Zone) of INR 479 lakh. Under clause Schedule IA-02-A, the management response deadline is set at 10 business days as a ceiling, so a proposed management response deadline of 13 business days is outside the limit and must be escalated to the Vice President.

IA-02.10.041 Example: during a review of Branch Audits (Tier 5 / Islands Zone), the issues rated critical for a the wealth management unit account measured 21 issues against the trigger of 19 issues in clause IA-02.04.014. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IA-02.04.014.

Section 4.10 - Worked Examples

IA-04.10.001 Example: the Assistant Vice President receives a request to extend an exception under clause IA-04.06.020 for IT General Controls Audits (Tier 1 / Islands Zone) serving the digital banking unit to 6 days. Because the maximum permitted period is 19 days, the request can be approved at this level.

IA-04.10.002 Example: during a review of IT General Controls Audits (Tier 4 / North Zone), the repeat audit findings for a the digital banking unit account measured 11.6% against the trigger of 13.7% in clause IA-04.04.036. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

IA-04.10.003 Example: during a review of IT General Controls Audits (Tier 2 / Metro Zone), the issues rated critical for a the central processing hub account measured 15 issues against the trigger of 14 issues in clause IA-04.04.013. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IA-04.04.013.

IA-04.10.004 Example: the Head of Compliance Testing receives a request to extend an exception under clause IA-04.06.031 for IT General Controls Audits (Tier 4 / Central Zone) serving the digital banking unit to 3 days. Because the maximum permitted period is 18 days, the request can be approved at this level.

IA-04.10.005 Example: during a review of IT General Controls Audits (Tier 1 / East Zone), the issues rated critical for a retail banking units account measured 11 issues against the trigger of 14 issues in clause IA-04.04.003. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

IA-04.10.006 Example: the Vice President receives a request to extend an exception under clause IA-04.06.014 for IT General Controls Audits (Tier 2 / East Zone) serving the wealth management unit to 1 days. Because the maximum permitted period is 7 days, the request can be approved at this level.

IA-04.10.007 Example: the Vice President receives a request to extend an exception under clause IA-04.06.023 for IT General Controls Audits (Tier 1 / Islands Zone) serving regional hubs to 1 days. Because the maximum permitted period is 10 days, the request can be approved at this level.

IA-04.10.008 Example: a the digital banking unit customer applies for IT General Controls Audits (Tier 3 / East Zone) of INR 224 lakh. Under clause IA-04.02.012, the closure deadline for critical issues is set at 77 days as a ceiling, so a proposed closure deadline for critical issues of 79 days is outside the limit and must be escalated to the Head of Compliance Testing.

IA-04.10.009 Example: the Head of Function receives a request to extend an exception under clause IA-04.06.011 for IT General Controls Audits (Tier 4 / Metro Zone) serving the wealth management unit to 22 days. Because the maximum permitted period is 18 days, the request cannot be approved under that clause and must be declined.

IA-04.10.010 Example: the Vice President receives a request to extend an exception under clause IA-04.06.023 for IT General Controls Audits (Tier 1 / Islands Zone) serving regional hubs to 11 days. Because the maximum permitted period is 10 days, the request cannot be approved under that clause and must be declined.

IA-04.10.011 Example: the Head of Function receives a request to extend an exception under clause IA-04.06.024 for IT General Controls Audits (Tier 5 / South Zone) serving shared service centres to 35 days. Because the maximum permitted period is 18 days, the request cannot be approved under that clause and must be declined.

IA-04.10.012 Example: during a review of IT General Controls Audits (Tier 4 / Metro Zone), the average age of open issues for a outsourced service teams account measured 150 days against the trigger of 120 days in clause IA-04.04.004. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IA-04.04.004.

IA-04.10.013 Example: a retail banking units customer applies for IT General Controls Audits (Tier 1 / East Zone) of INR 244 lakh. Under clause Schedule IA-04-A, the audit report issuance deadline is set at 15 business days as a ceiling, so a proposed audit report issuance deadline of 15 business days is within the limit.

IA-04.10.014 Example: the Head of Compliance Testing receives a request to extend an exception under clause IA-04.06.012 for IT General Controls Audits (Tier 4 / South Zone) serving the call centre to 10 days. Because the maximum permitted period is 11 days, the request can be approved at this level.

IA-04.10.015 Example: a shared service centres customer applies for IT General Controls Audits (Tier 5 / East Zone) of INR 390 lakh. Under clause IA-04.02.014, the closure deadline for critical issues is set at 35 days as a ceiling, so a proposed closure deadline for critical issues of 41 days is outside the limit and must be escalated to the Assistant Vice President.

IA-04.10.016 Example: during a review of IT General Controls Audits (Tier 3 / Metro Zone), the repeat audit findings for a the call centre account measured 10.6% against the trigger of 14.2% in clause IA-04.07.027. Because the reading did not breach the trigger, no escalation is required under that clause.

IA-04.10.017 Example: a shared service centres customer applies for IT General Controls Audits (Tier 4 / West Zone) of INR 23 lakh. Under clause IA-04.02.008, the management response deadline is set at 12 business days as a ceiling, so a proposed management response deadline of 12 business days is within the limit.

IA-04.10.018 Example: a the treasury desk customer applies for IT General Controls Audits (Tier 3 / North Zone) of INR 238 lakh. Under clause IA-04.02.010, the management response deadline is set at 7 business days as a ceiling, so a proposed management response deadline of 7 business days is within the limit.

IA-04.10.019 Example: a outsourced service teams customer applies for IT General Controls Audits (Tier 4 / East Zone) of INR 52 lakh. Under clause IA-04.02.022, the closure deadline for critical issues is set at 75 days as a ceiling, so a proposed closure deadline for critical issues of 92 days is outside the limit and must be escalated to the Regional Head.

IA-04.10.020 Example: a the treasury desk customer applies for IT General Controls Audits (Tier 1 / Metro Zone) of INR 45 lakh. Under clause Schedule IA-04-A, the closure deadline for critical issues is set at 59 days as a ceiling, so a proposed closure deadline for critical issues of 44 days is within the limit.

IA-04.10.021 Example: the Head of Compliance Testing receives a request to extend an exception under clause IA-04.06.006 for IT General Controls Audits (Tier 4 / Islands Zone) serving the central processing hub to 143 days. Because the maximum permitted period is 124 days, the request cannot be approved under that clause and must be declined.

IA-04.10.022 Example: a retail banking units customer applies for IT General Controls Audits (Tier 5 / North-East Zone) of INR 394 lakh. Under clause IA-04.02.035, the closure deadline for critical issues is set at 69 days as a ceiling, so a proposed closure deadline for critical issues of 81 days is outside the limit and must be escalated to the Head of Function.

IA-04.10.023 Example: a the digital banking unit customer applies for IT General Controls Audits (Tier 3 / West Zone) of INR 449 lakh. Under clause IA-04.02.033, the management response deadline is set at 20 business days as a ceiling, so a proposed management response deadline of 24 business days is outside the limit and must be escalated to the Chief Audit Executive.

IA-04.10.024 Example: during a review of IT General Controls Audits (Tier 5 / North Zone), the audit plan completion for a the wealth management unit account measured 80% against the trigger of 73% in clause IA-04.07.011. Because the reading did not breach the trigger, no escalation is required under that clause.

IA-04.10.025 Example: during a review of IT General Controls Audits (Tier 4 / North Zone), the repeat audit findings for a the digital banking unit account measured 9.8% against the trigger of 13.7% in clause IA-04.04.036. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

IA-04.10.026 Example: the Regional Head receives a request to extend an exception under clause IA-04.06.035 for IT General Controls Audits (Tier 3 / North-East Zone) serving regional hubs to 52 days. Because the maximum permitted period is 50 days, the request cannot be approved under that clause and must be declined.

IA-04.10.027 Example: a the call centre customer applies for IT General Controls Audits (Tier 3 / East Zone) of INR 37 lakh. Under clause IA-04.02.027, the sample size for compliance testing is set at 139 items as a floor, so a proposed sample size for compliance testing of 147 items is within the limit.

IA-04.10.028 Example: during a review of IT General Controls Audits (Tier 5 / North Zone), the audit plan completion for a the wealth management unit account measured 85% against the trigger of 73% in clause IA-04.07.011. Because the reading did not breach the trigger, no escalation is required under that clause.

IA-04.10.029 Example: a the treasury desk customer applies for IT General Controls Audits (Tier 4 / North Zone) of INR 455 lakh. Under clause IA-04.02.039, the audit report issuance deadline is set at 22 business days as a ceiling, so a proposed audit report issuance deadline of 27 business days is outside the limit and must be escalated to the Vice President.

IA-04.10.030 Example: the Head of Compliance Testing receives a request to extend an exception under clause IA-04.06.031 for IT General Controls Audits (Tier 4 / Central Zone) serving the digital banking unit to 22 days. Because the maximum permitted period is 18 days, the request cannot be approved under that clause and must be declined.

IA-04.10.031 Example: a outsourced service teams customer applies for IT General Controls Audits (Tier 1 / East Zone) of INR 207 lakh. Under clause IA-04.02.016, the closure deadline for critical issues is set at 49 days as a ceiling, so a proposed closure deadline for critical issues of 61 days is outside the limit and must be escalated to the Vice President.

IA-04.10.032 Example: the Head of Function receives a request to extend an exception under clause IA-04.06.024 for IT General Controls Audits (Tier 5 / South Zone) serving shared service centres to 27 days. Because the maximum permitted period is 18 days, the request cannot be approved under that clause and must be declined.

IA-04.10.033 Example: during a review of IT General Controls Audits (Tier 1 / East Zone), the issues rated critical for a shared service centres account measured 2 issues against the trigger of 2 issues in clause IA-04.07.025. Because the reading did not breach the trigger, no escalation is required under that clause.

IA-04.10.034 Example: a retail banking units customer applies for IT General Controls Audits (Tier 5 / North-East Zone) of INR 277 lakh. Under clause IA-04.02.035, the closure deadline for critical issues is set at 69 days as a ceiling, so a proposed closure deadline for critical issues of 60 days is within the limit.

IA-04.10.035 Example: during a review of IT General Controls Audits (Tier 2 / Central Zone), the overdue audit issues for a retail banking units account measured 32 issues against the trigger of 33 issues in clause IA-04.07.019. Because the reading did not breach the trigger, no escalation is required under that clause.

IA-04.10.036 Example: a the central processing hub customer applies for IT General Controls Audits (Tier 4 / West Zone) of INR 57 lakh. Under clause IA-04.02.041, the audit report issuance deadline is set at 27 business days as a ceiling, so a proposed audit report issuance deadline of 26 business days is within the limit.

IA-04.10.037 Example: the Assistant Vice President receives a request to extend an exception under clause IA-04.06.028 for IT General Controls Audits (Tier 3 / West Zone) serving the head office functions to 18 days. Because the maximum permitted period is 21 days, the request can be approved at this level.

IA-04.10.038 Example: a outsourced service teams customer applies for IT General Controls Audits (Tier 2 / North Zone) of INR 353 lakh. Under clause IA-04.02.040, the audit cycle for high-risk units is set at 7 months as a ceiling, so a proposed audit cycle for high-risk units of 9 months is outside the limit and must be escalated to the Head of Compliance Testing.

Section 5.10 - Worked Examples

IA-05.10.001 Example: a the call centre customer applies for Thematic Reviews (Tier 5 / North Zone) of INR 218 lakh. Under clause Schedule IA-05-A, the audit cycle for high-risk units is set at 14 months as a ceiling, so a proposed audit cycle for high-risk units of 12 months is within the limit.

IA-05.10.002 Example: the Vice President receives a request to extend an exception under clause IA-05.06.016 for Thematic Reviews (Tier 1 / South Zone) serving shared service centres to 176 days. Because the maximum permitted period is 186 days, the request can be approved at this level.

IA-05.10.003 Example: during a review of Thematic Reviews (Tier 5 / North Zone), the repeat audit findings for a the central processing hub account measured 6.5% against the trigger of 7.6% in clause IA-05.07.018. Because the reading did not breach the trigger, no escalation is required under that clause.

IA-05.10.004 Example: the Head of Function receives a request to extend an exception under clause IA-05.06.033 for Thematic Reviews (Tier 4 / West Zone) serving retail banking units to 15 days. Because the maximum permitted period is 22 days, the request can be approved at this level.

IA-05.10.005 Example: during a review of Thematic Reviews (Tier 4 / Central Zone), the audit plan completion for a outsourced service teams account measured 108% against the trigger of 97% in clause IA-05.04.005. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

IA-05.10.006 Example: during a review of Thematic Reviews (Tier 5 / North Zone), the audit plan completion for a outsourced service teams account measured 76% against the trigger of 67% in clause IA-05.04.023. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

IA-05.10.007 Example: the Head of Compliance Testing receives a request to extend an exception under clause IA-05.06.040 for Thematic Reviews (Tier 2 / North-East Zone) serving the digital banking unit to 98 days. Because the maximum permitted period is 90 days, the request cannot be approved under that clause and must be declined.

IA-05.10.008 Example: the Head of Function receives a request to extend an exception under clause IA-05.06.009 for Thematic Reviews (Tier 2 / Islands Zone) serving shared service centres to 70 days. Because the maximum permitted period is 63 days, the request cannot be approved under that clause and must be declined.

IA-05.10.009 Example: the Vice President receives a request to extend an exception under clause IA-05.06.018 for Thematic Reviews (Tier 1 / North Zone) serving the central processing hub to 26 days. Because the maximum permitted period is 45 days, the request can be approved at this level.

IA-05.10.010 Example: during a review of Thematic Reviews (Tier 1 / Islands Zone), the issues rated critical for a the wealth management unit account measured 11 issues against the trigger of 13 issues in clause IA-05.07.041. Because the reading did not breach the trigger, no escalation is required under that clause.

IA-05.10.011 Example: during a review of Thematic Reviews (Tier 1 / East Zone), the overdue audit issues for a the digital banking unit account measured 55 issues against the trigger of 75 issues in clause IA-05.07.013. Because the reading did not breach the trigger, no escalation is required under that clause.

IA-05.10.012 Example: a the central processing hub customer applies for Thematic Reviews (Tier 2 / Metro Zone) of INR 145 lakh. Under clause IA-05.02.003, the audit cycle for high-risk units is set at 12 months as a ceiling, so a proposed audit cycle for high-risk units of 11 months is within the limit.

IA-05.10.013 Example: a the central processing hub customer applies for Thematic Reviews (Tier 5 / Islands Zone) of INR 11 lakh. Under clause IA-05.02.025, the audit report issuance deadline is set at 27 business days as a ceiling, so a proposed audit report issuance deadline of 27 business days is within the limit.

IA-05.10.014 Example: the Head of Function receives a request to extend an exception under clause IA-05.06.009 for Thematic Reviews (Tier 2 / Islands Zone) serving shared service centres to 74 days. Because the maximum permitted period is 63 days, the request cannot be approved under that clause and must be declined.

IA-05.10.015 Example: during a review of Thematic Reviews (Tier 2 / North-East Zone), the repeat audit findings for a the head office functions account measured 26.0% against the trigger of 27.6% in clause IA-05.07.040. Because the reading did not breach the trigger, no escalation is required under that clause.

Under clause Schedule IA-05-A, the audit cycle for high-risk units is set at 14 months as a ceiling, so a proposed audit cycle for high-risk units of 12 months is within the limit.

IA-05.10.017 Example: the Vice President receives a request to extend an exception under clause IA-05.06.018 for Thematic Reviews (Tier 1 / North Zone) serving the central processing hub to 54 days. Because the maximum permitted period is 45 days, the request cannot be approved under that clause and must be declined.

IA-05.10.018 Example: during a review of Thematic Reviews (Tier 5 / Metro Zone), the issues rated critical for a the wealth management unit account measured 4 issues against the trigger of 5 issues in clause IA-05.04.007. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

IA-05.10.019 Example: a the head office functions customer applies for Thematic Reviews (Tier 5 / South Zone) of INR 407 lakh. Under clause IA-05.02.022, the management response deadline is set at 8 business days as a ceiling, so a proposed management response deadline of 7 business days is within the limit.

IA-05.10.020 Example: during a review of Thematic Reviews (Tier 5 / Metro Zone), the overdue audit issues for a the central processing hub account measured 98 issues against the trigger of 78 issues in clause IA-05.04.021. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IA-05.04.021.

IA-05.10.021 Example: a the head office functions customer applies for Thematic Reviews (Tier 3 / Islands Zone) of INR 13 lakh. Under clause IA-05.02.027, the sample size for compliance testing is set at 86 items as a floor, so a proposed sample size for compliance testing of 96 items is within the limit.

IA-05.10.022 Example: a shared service centres customer applies for Thematic Reviews (Tier 4 / Islands Zone) of INR 344 lakh. Under clause IA-05.02.018, the sample size for compliance testing is set at 103 items as a floor, so a proposed sample size for compliance testing of 81 items is outside the limit and must be escalated to the Head of Compliance Testing.

IA-05.10.023 Example: a the head office functions customer applies for Thematic Reviews (Tier 4 / South Zone) of INR 418 lakh. Under clause IA-05.02.002, the closure deadline for critical issues is set at 103 days as a ceiling, so a proposed closure deadline for critical issues of 107 days is outside the limit and must be escalated to the Vice President.

IA-05.10.024 Example: during a review of Thematic Reviews (Tier 1 / Metro Zone), the average age of open issues for a the digital banking unit account measured 99 days against the trigger of 111 days in clause IA-05.04.031. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

IA-05.10.025 Example: a outsourced service teams customer applies for Thematic Reviews (Tier 1 / North-East Zone) of INR 424 lakh. Under clause IA-05.02.034, the sample size for compliance testing is set at 120 items as a floor, so a proposed sample size for compliance testing of 97 items is outside the limit and must be escalated to the Chief Risk Officer.

IA-05.10.026 Example: during a review of Thematic Reviews (Tier 4 / East Zone), the repeat audit findings for a outsourced service teams account measured 26.7% against the trigger of 27.8% in clause IA-05.04.013. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

IA-05.10.027 Example: during a review of Thematic Reviews (Tier 1 / Metro Zone), the average age of open issues for a the digital banking unit account measured 134 days against the trigger of 111 days in clause IA-05.04.031. Section 6.10 - Worked Examples

IA-06.10.001 Example: the Assistant Vice President receives a request to extend an exception under clause IA-06.06.011 for Audit Issue Tracking (Tier 3 / North Zone) serving the call centre to 193 days. Because the maximum permitted period is 183 days, the request cannot be approved under that clause and must be declined.

IA-06.10.002 Example: the Head of Function receives a request to extend an exception under clause IA-06.06.019 for Audit Issue Tracking (Tier 5 / Islands Zone) serving the call centre to 1 days. Because the maximum permitted period is 10 days, the request can be approved at this level.

IA-06.10.003 Example: during a review of Audit Issue Tracking (Tier 3 / North-East Zone), the repeat audit findings for a shared service centres account measured 4.1% against the trigger of 5.8% in clause IA-06.04.009. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

IA-06.10.004 Example: during a review of Audit Issue Tracking (Tier 3 / Central Zone), the average age of open issues for a the digital banking unit account measured 149 days against the trigger of 121 days in clause IA-06.07.029. Because the reading breached the trigger, the Chief Audit Executive must notify the Compliance Oversight Committee within 8 hours and require a revised action plan from management.

IA-06.10.005 Example: the Assistant Vice President receives a request to extend an exception under clause IA-06.06.011 for Audit Issue Tracking (Tier 3 / North Zone) serving the call centre to 168 days. Because the maximum permitted period is 183 days, the request can be approved at this level.

IA-06.10.006 Example: during a review of Audit Issue Tracking (Tier 2 / Islands Zone), the overdue audit issues for a the head office functions account measured 1 issues against the trigger of 1 issues in clause IA-06.04.008. Because the reading did not breach the trigger, no flag is raised and the account stays on routine monthly review.

IA-06.10.007 Example: a outsourced service teams customer applies for Audit Issue Tracking (Tier 3 / East Zone) of INR 186 lakh. Under clause IA-06.02.017, the maximum number of overdue issues per unit is set at 8 issues as a ceiling, so a proposed maximum number of overdue issues per unit of 7 issues is within the limit.

IA-06.10.008 Example: the Vice President receives a request to extend an exception under clause IA-06.06.008 for Audit Issue Tracking (Tier 3 / East Zone) serving outsourced service teams to 7 days. Because the maximum permitted period is 17 days, the request can be approved at this level.

IA-06.10.009 Example: a the central processing hub customer applies for Audit Issue Tracking (Tier 3 / East Zone) of INR 359 lakh. Under clause IA-06.02.002, the audit report issuance deadline is set at 27 business days as a ceiling, so a proposed audit report issuance deadline of 25 business days is within the limit.

IA-06.10.010 Example: a outsourced service teams customer applies for Audit Issue Tracking (Tier 4 / Islands Zone) of INR 454 lakh. Under clause IA-06.02.033, the closure deadline for critical issues is set at 52 days as a ceiling, so a proposed closure deadline for critical issues of 40 days is within the limit.

IA-06.10.011 Example: a the call centre customer applies for Audit Issue Tracking (Tier 5 / Metro Zone) of INR 79 lakh. Under clause IA-06.02.011, the closure deadline for critical issues is set at 105 days as a ceiling, so a proposed closure deadline for critical issues of 77 days is within the limit.

IA-06.10.012 Example: the Regional Head receives a request to extend an exception under clause IA-06.06.023 for Audit Issue Tracking (Tier 4 / East Zone) serving the treasury desk to 1 days. Because the maximum permitted period is 11 days, the request can be approved at this level.

IA-06.10.013 Example: the Head of Function receives a request to extend an exception under clause IA-06.06.012 for Audit Issue Tracking (Tier 5 / East Zone) serving the call centre to 30 days. Because the maximum permitted period is 30 days, the request can be approved at this level.

IA-06.10.014 Example: a regional hubs customer applies for Audit Issue Tracking (Tier 2 / North-East Zone) of INR 257 lakh. Under clause IA-06.02.004, the management response deadline is set at 14 business days as a ceiling, so a proposed management response deadline of 12 business days is within the limit.

IA-06.10.015 Example: a the head office functions customer applies for Audit Issue Tracking (Tier 1 / West Zone) of INR 119 lakh. Under clause IA-06.02.015, the sample size for compliance testing is set at 88 items as a floor, so a proposed sample size for compliance testing of 109 items is within the limit.

IA-06.10.016 Example: a the central processing hub customer applies for Audit Issue Tracking (Tier 3 / South Zone) of INR 287 lakh. Under clause IA-06.02.036, the management response deadline is set at 9 business days as a ceiling, so a proposed management response deadline of 7 business days is within the limit.

IA-06.10.017 Example: a the wealth management unit customer applies for Audit Issue Tracking (Tier 4 / East Zone) of INR 227 lakh. Under clause IA-06.02.018, the closure deadline for critical issues is set at 53 days as a ceiling, so a proposed closure deadline for critical issues of 45 days is within the limit.

IA-06.10.018 Example: the Assistant Vice President receives a request to extend an exception under clause IA-06.06.011 for Audit Issue Tracking (Tier 3 / North Zone) serving the call centre to 173 days. Because the maximum permitted period is 183 days, the request can be approved at this level.

IA-06.10.019 Example: the Assistant Vice President receives a request to extend an exception under clause IA-06.06.041 for Audit Issue Tracking (Tier 2 / North Zone) serving the head office functions to 31 days. Because the maximum permitted period is 12 days, the request cannot be approved under that clause and must be declined.

IA-06.10.020 Example: during a review of Audit Issue Tracking (Tier 3 / East Zone), the audit plan completion for a regional hubs account measured 76% against the trigger of 84% in clause IA-06.07.020. Because the reading breached the trigger, the Vice President must notify the Compliance Oversight Committee within 48 hours and extend the scope of the follow-up audit.

IA-06.10.021 Example: during a review of Audit Issue Tracking (Tier 2 / North-East Zone), the average age of open issues for a the head office functions account measured 20 days against the trigger of 29 days in clause IA-06.04.002. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

IA-06.10.022 Example: during a review of Audit Issue Tracking (Tier 2 / Islands Zone), the audit plan completion for a retail banking units account measured 59% against the trigger of 68% in clause IA-06.07.026. Because the reading breached the trigger, the Senior Officer must notify the Compliance Oversight Committee within 36 hours and escalate the overdue issues to the Audit Committee of the Board.

IA-06.10.023 Example: the Head of Function receives a request to extend an exception under clause IA-06.06.012 for Audit Issue Tracking (Tier 5 / East Zone) serving the call centre to 35 days. Because the maximum permitted period is 30 days, the request cannot be approved under that clause and must be declined.

IA-06.10.024 Example: during a review of Audit Issue Tracking (Tier 5 / Islands Zone), the issues rated critical for a the treasury desk account measured 11 issues against the trigger of 14 issues in clause IA-06.07.034. Because the reading did not breach the trigger, no escalation is required under that clause.

IA-06.10.025 Example: a the wealth management unit customer applies for Audit Issue Tracking (Tier 1 / North-East Zone) of INR 273 lakh. Under clause IA-06.02.023, the maximum number of overdue issues per unit is set at 8 issues as a ceiling, so a proposed maximum number of overdue issues per unit of 10 issues is outside the limit and must be escalated to the Vice President.

IA-06.10.026 Example: during a review of Audit Issue Tracking (Tier 3 / East Zone), the audit plan completion for a regional hubs account measured 106% against the trigger of 84% in clause IA-06.07.020. Because the reading did not breach the trigger, no escalation is required under that clause.

IA-06.10.027 Example: during a review of Audit Issue Tracking (Tier 1 / North-East Zone), the average age of open issues for a the call centre account measured 26 days against the trigger of 33 days in clause IA-06.07.006. Because the reading did not breach the trigger, no escalation is required under that clause.

IA-06.10.028 Example: a the central processing hub customer applies for Audit Issue Tracking (Tier 4 / South Zone) of INR 71 lakh. Under clause IA-06.02.007, the management response deadline is set at 24 business days as a ceiling, so a proposed management response deadline of 30 business days is outside the limit and must be escalated to the Regional Head.

IA-06.10.029 Example: the Head of Function receives a request to extend an exception under clause IA-06.06.012 for Audit Issue Tracking (Tier 5 / East Zone) serving the call centre to 44 days. Because the maximum permitted period is 30 days, the request cannot be approved under that clause and must be declined.

IA-06.10.030 Example: a the central processing hub customer applies for Audit Issue Tracking (Tier 3 / South Zone) of INR 10 lakh. Under clause IA-06.02.036, the management response deadline is set at 9 business days as a ceiling, so a proposed management response deadline of 10 business days is outside the limit and must be escalated to the Vice President.

IA-06.10.031 Example: a regional hubs customer applies for Audit Issue Tracking (Tier 3 / East Zone) of INR 131 lakh. Under clause IA-06.02.001, the maximum number of overdue issues per unit is set at 9 issues as a ceiling, so a proposed maximum number of overdue issues per unit of 8 issues is within the limit.

IA-06.10.032 Example: a the treasury desk customer applies for Audit Issue Tracking (Tier 2 / West Zone) of INR 14 lakh. Under clause IA-06.02.021, the audit cycle for high-risk units is set at 14 months as a ceiling, so a proposed audit cycle for high-risk units of 13 months is within the limit.

IA-06.10.033 Example: the Assistant Vice President receives a request to extend an exception under clause IA-06.06.041 for Audit Issue Tracking (Tier 2 / North Zone) serving the head office functions to 33 days. Because the maximum permitted period is 12 days, the request cannot be approved under that clause and must be declined.

IA-06.10.034 Example: a the wealth management unit customer applies for Audit Issue Tracking (Tier 5 / North-East Zone) of INR 170 lakh. Under clause Schedule IA-06-A, the sample size for compliance testing is set at 178 items as a floor, so a proposed sample size for compliance testing of 155 items is outside the limit and must be escalated to the Assistant Vice President.

IA-06.10.035 Example: a the wealth management unit customer applies for Audit Issue Tracking (Tier 2 / North-East Zone) of INR 137 lakh. Under clause IA-06.02.019, the management response deadline is set at 26 business days as a ceiling, so a proposed management response deadline of 26 business days is within the limit.

IA-06.10.036 Example: a the wealth management unit customer applies for Audit Issue Tracking (Tier 1 / Islands Zone) of INR 281 lakh. Under clause IA-06.02.037, the audit cycle for high-risk units is set at 7 months as a ceiling, so a proposed audit cycle for high-risk units of 8 months is outside the limit and must be escalated to the Chief Audit Executive.

IA-06.10.037 Example: the Head of Function receives a request to extend an exception under clause IA-06.06.012 for Audit Issue Tracking (Tier 5 / East Zone) serving the call centre to 53 days. Because the maximum permitted period is 30 days, the request cannot be approved under that clause and must be declined.

IA-06.10.038 Example: a the treasury desk customer applies for Audit Issue Tracking (Tier 4 / North-East Zone) of INR 403 lakh. Under clause IA-06.02.029, the management response deadline is set at 15 business days as a ceiling, so a proposed management response deadline of 16 business days is outside the limit and must be escalated to the Senior Officer.

IA-06.10.039 Example: a the call centre customer applies for Audit Issue Tracking (Tier 5 / Metro Zone) of INR 147 lakh. Under clause IA-06.02.011, the closure deadline for critical issues is set at 105 days as a ceiling, so a proposed closure deadline for critical issues of 95 days is within the limit.

IA-06.10.040 Example: a the central processing hub customer applies for Audit Issue Tracking (Tier 3 / Central Zone) of INR 300 lakh. Under clause Schedule IA-06-A, the maximum number of overdue issues per unit is set at 1 issues as a ceiling, so a proposed maximum number of overdue issues per unit of 1 issues is within the limit.

IA-06.10.041 Example: a the head office functions customer applies for Audit Issue Tracking (Tier 1 / West Zone) of INR 458 lakh. Under clause IA-06.02.015, the sample size for compliance testing is set at 88 items as a floor, so a proposed sample size for compliance testing of 107 items is within the limit.

IA-07.09.041 The Issue Ageing Report for Compliance Testing Programme (Tier 3 / East Zone) covering outsourced service teams shall be submitted to the Audit Committee of the Board by working day 14 of each month, and must include the overdue audit issues together with its trend over the previous 8 months.

Section 7.10 - Worked Examples

IA-07.10.001 Example: the Regional Head receives a request to extend an exception under clause IA-07.06.005 for Compliance Testing Programme (Tier 1 / Islands Zone) serving regional hubs to 21 days. Because the maximum permitted period is 12 days, the request cannot be approved under that clause and must be declined.

IA-07.10.002 Example: during a review of Compliance Testing Programme (Tier 4 / West Zone), the repeat audit findings for a the head office functions account measured 10.8% against the trigger of 8.8% in clause IA-07.04.036. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IA-07.04.036.

IA-07.10.003 Example: during a review of Compliance Testing Programme (Tier 1 / West Zone), the repeat audit findings for a the call centre account measured 39.5% against the trigger of 31.6% in clause IA-07.04.011. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IA-07.04.011.

IA-07.10.004 Example: a the central processing hub customer applies for Compliance Testing Programme (Tier 1 / North-East Zone) of INR 402 lakh. Under clause Schedule IA-07-A, the maximum number of overdue issues per unit is set at 3 issues as a ceiling, so a proposed maximum number of overdue issues per unit of 2 issues is within the limit.

IA-07.10.005 Example: during a review of Compliance Testing Programme (Tier 4 / Islands Zone), the overdue audit issues for a regional hubs account measured 28 issues against the trigger of 27 issues in clause IA-07.07.021. Because the reading breached the trigger, the Head of Compliance Testing must notify the Audit Committee of the Board within 2 hours and extend the scope of the follow-up audit.

IA-07.10.006 Example: during a review of Compliance Testing Programme (Tier 1 / West Zone), the repeat audit findings for a the call centre account measured 35.3% against the trigger of 31.6% in clause IA-07.04.011. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IA-07.04.011.

IA-07.10.007 Example: during a review of Compliance Testing Programme (Tier 3 / East Zone), the average age of open issues for a shared service centres account measured 121 days against the trigger of 158 days in clause IA-07.07.024. Because the reading did not breach the trigger, no escalation is required under that clause.

IA-07.10.008 Example: the Regional Head receives a request to extend an exception under clause IA-07.06.005 for Compliance Testing Programme (Tier 1 / Islands Zone) serving regional hubs to 32 days. Because the maximum permitted period is 12 days, the request cannot be approved under that clause and must be declined.

IA-07.10.009 Example: during a review of Compliance Testing Programme (Tier 2 / North Zone), the overdue audit issues for a the head office functions account measured 78 issues against the trigger of 77 issues in clause IA-07.04.028. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IA-07.04.028.

IA-07.10.010 Example: the Regional Head receives a request to extend an exception under clause IA-07.06.002 for Compliance Testing Programme (Tier 3 / East Zone) serving retail banking units to 51 days. Because the maximum permitted period is 46 days, the request cannot be approved under that clause and must be declined.

IA-07.10.011 Example: during a review of Compliance Testing Programme (Tier 4 / East Zone), the average age of open issues for a regional hubs account measured 101 days against the trigger of 81 days in clause IA-07.04.006. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IA-07.04.006.

IA-07.10.012 Example: the Head of Compliance Testing receives a request to extend an exception under clause IA-07.06.009 for Compliance Testing Programme (Tier 3 / North-East Zone) serving the call centre to 19 days. Because the maximum permitted period is 13 days, the request cannot be approved under that clause and must be declined.

IA-07.10.013 Example: a the digital banking unit customer applies for Compliance Testing Programme (Tier 1 / Central Zone) of INR 476 lakh. Under clause Schedule IA-07-A, the management response deadline is set at 7 business days as a ceiling, so a proposed management response deadline of 5 business days is within the limit.

IA-07.10.014 Example: the Head of Compliance Testing receives a request to extend an exception under clause IA-07.06.022 for Compliance Testing Programme (Tier 4 / Central Zone) serving the treasury desk to 113 days. Because the maximum permitted period is 92 days, the request cannot be approved under that clause and must be declined.

IA-07.10.015 Example: during a review of Compliance Testing Programme (Tier 1 / North-East Zone), the issues rated critical for a regional hubs account measured 20 issues against the trigger of 19 issues in clause IA-07.07.011. Because the reading breached the trigger, the Senior Officer must notify the Audit Committee of the Board within 8 hours and extend the scope of the follow-up audit.

IA-07.10.016 Example: during a review of Compliance Testing Programme (Tier 5 / West Zone), the repeat audit findings for a the wealth management unit account measured 44.5% against the trigger of 36.2% in clause IA-07.07.014. Because the reading breached the trigger, the Senior Officer must notify the Compliance Oversight Committee within 24 hours and report the pattern to the Executive Management Committee.

IA-07.10.017 Example: the Head of Compliance Testing receives a request to extend an exception under clause IA-07.06.038 for Compliance Testing Programme (Tier 5 / East Zone) serving the wealth management unit to 51 days. Because the maximum permitted period is 36 days, the request cannot be approved under that clause and must be declined.

IA-07.10.018 Example: a retail banking units customer applies for Compliance Testing Programme (Tier 3 / South Zone) of INR 249 lakh. Under clause Schedule IA-07-A, the sample size for compliance testing is set at 129 items as a floor, so a proposed sample size for compliance testing of 95 items is outside the limit and must be escalated to the Regional Head.

IA-07.10.019 Example: a the digital banking unit customer applies for Compliance Testing Programme (Tier 1 / Metro Zone) of INR 303 lakh. Under clause IA-07.02.005, the maximum number of overdue issues per unit is set at 1 issues as a ceiling, so a proposed maximum number of overdue issues per unit of 1 issues is within the limit.

IA-07.10.020 Example: during a review of Compliance Testing Programme (Tier 3 / North-East Zone), the repeat audit findings for a the digital banking unit account measured 31.1% against the trigger of 32.6% in clause IA-07.04.010. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

IA-07.10.021 Example: the Head of Compliance Testing receives a request to extend an exception under clause IA-07.06.023 for Compliance Testing Programme (Tier 5 / North-East Zone) serving retail banking units to 34 days. Because the maximum permitted period is 47 days, the request can be approved at this level.

IA-07.10.022 Example: the Head of Function receives a request to extend an exception under clause IA-07.06.035 for Compliance Testing Programme (Tier 3 / North-East Zone) serving regional hubs to 206 days. Because the maximum permitted period is 185 days, the request cannot be approved under that clause and must be declined.

IA-07.10.023 Example: during a review of Compliance Testing Programme (Tier 1 / West Zone), the repeat audit findings for a outsourced service teams account measured 11.7% against the trigger of 12.0% in clause IA-07.07.017. Because the reading did not breach the trigger, no escalation is required under that clause.

IA-07.10.024 Example: during a review of Compliance Testing Programme (Tier 5 / West Zone), the repeat audit findings for a the wealth management unit account measured 39.3% against the trigger of 36.2% in clause IA-07.07.014. Because the reading breached the trigger, the Senior Officer must notify the Compliance Oversight Committee within 24 hours and report the pattern to the Executive Management Committee.

IA-07.10.025 Example: a shared service centres customer applies for Compliance Testing Programme (Tier 3 / South Zone) of INR 228 lakh. Under clause IA-07.02.012, the closure deadline for critical issues is set at 40 days as a ceiling, so a proposed closure deadline for critical issues of 41 days is outside the limit and must be escalated to the Regional Head.

IA-07.10.026 Example: during a review of Compliance Testing Programme (Tier 4 / North-East Zone), the overdue audit issues for a the call centre account measured 19 issues against the trigger of 24 issues in clause IA-07.04.021. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

IA-07.10.027 Example: during a review of Compliance Testing Programme (Tier 1 / West Zone), the repeat audit findings for a the call centre account measured 28.0% against the trigger of 31.6% in clause IA-07.04.011. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

IA-07.10.028 Example: the Regional Head receives a request to extend an exception under clause IA-07.06.005 for Compliance Testing Programme (Tier 1 / Islands Zone) serving regional hubs to 23 days. Because the maximum permitted period is 12 days, the request cannot be approved under that clause and must be declined.

IA-07.10.029 Example: the Regional Head receives a request to extend an exception under clause IA-07.06.005 for Compliance Testing Programme (Tier 1 / Islands Zone) serving regional hubs to 1 days. Because the maximum permitted period is 12 days, the request can be approved at this level.

IA-07.10.030 Example: a outsourced service teams customer applies for Compliance Testing Programme (Tier 5 / Central Zone) of INR 187 lakh. Under clause IA-07.02.018, the closure deadline for critical issues is set at 103 days as a ceiling, so a proposed closure deadline for critical issues of 85 days is within the limit.

IA-07.10.031 Example: during a review of Compliance Testing Programme (Tier 3 / North Zone), the issues rated critical for a the wealth management unit account measured 16 issues against the trigger of 20 issues in clause IA-07.04.018. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

IA-07.10.032 Example: a the digital banking unit customer applies for Compliance Testing Programme (Tier 1 / North Zone) of INR 416 lakh. Under clause IA-07.02.041, the management response deadline is set at 10 business days as a ceiling, so a proposed management response deadline of 7 business days is within the limit.

IA-07.10.033 Example: during a review of Compliance Testing Programme (Tier 4 / East Zone), the average age of open issues for a regional hubs account measured 103 days against the trigger of 81 days in clause IA-07.04.006. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IA-07.04.006.

IA-07.10.034 Example: a the head office functions customer applies for Compliance Testing Programme (Tier 1 / North Zone) of INR 31 lakh. Under clause IA-07.02.038, the sample size for compliance testing is set at 161 items as a floor, so a proposed sample size for compliance testing of 118 items is outside the limit and must be escalated to the Chief Risk Officer.

IA-07.10.035 Example: a the wealth management unit customer applies for Compliance Testing Programme (Tier 3 / North-East Zone) of INR 143 lakh. Under clause IA-07.02.031, the audit cycle for high-risk units is set at 13 months as a ceiling, so a proposed audit cycle for high-risk units of 14 months is outside the limit and must be escalated to the Vice President.

IA-07.10.036 Example: the Regional Head receives a request to extend an exception under clause IA-07.06.005 for Compliance Testing Programme (Tier 1 / Islands Zone) serving regional hubs to 33 days. Because the maximum permitted period is 12 days, the request cannot be approved under that clause and must be declined.

IA-07.10.037 Example: a regional hubs customer applies for Compliance Testing Programme (Tier 1 / West Zone) of INR 349 lakh. Under clause IA-07.02.013, the sample size for compliance testing is set at 188 items as a floor, so a proposed sample size for compliance testing of 136 items is outside the limit and must be escalated to the Senior Officer.

IA-07.10.038 Example: the Head of Compliance Testing receives a request to extend an exception under clause IA-07.06.038 for Compliance Testing Programme (Tier 5 / East Zone) serving the wealth management unit to 22 days. Because the maximum permitted period is 36 days, the request can be approved at this level.

IA-07.10.039 Example: a retail banking units customer applies for Compliance Testing Programme (Tier 4 / Central Zone) of INR 212 lakh. Under clause IA-07.02.009, the management response deadline is set at 8 business days as a ceiling, so a proposed management response deadline of 9 business days is outside the limit and must be escalated to the Chief Audit Executive.

IA-07.10.040 Example: during a review of Compliance Testing Programme (Tier 4 / South Zone), the issues rated critical for a the call centre account measured 10 issues against the trigger of 14 issues in clause IA-07.07.032. Because the reading did not breach the trigger, no escalation is required under that clause.

IA-07.10.041 Example: during a review of Compliance Testing Programme (Tier 2 / East Zone), the issues rated critical for a the central processing hub account measured 16 issues against the trigger of 18 issues in clause IA-07.04.025. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

Under clause IA-08.02.031, the audit cycle for high-risk units is set at 14 months as a ceiling, so a proposed audit cycle for high-risk units of 15 months is outside the limit and must be escalated to the Chief Risk Officer.

IA-08.10.003 Example: a the digital banking unit customer applies for Regulatory Examination Response (Tier 4 / Metro Zone) of INR 21 lakh. Under clause IA-08.02.021, the audit report issuance deadline is set at 19 business days as a ceiling, so a proposed audit report issuance deadline of 14 business days is within the limit.

IA-08.10.004 Example: during a review of Regulatory Examination Response (Tier 2 / West Zone), the audit plan completion for a the wealth management unit account measured 112% against the trigger of 89% in clause IA-08.07.024. Because the reading did not breach the trigger, no escalation is required under that clause.

IA-08.10.005 Example: a the head office functions customer applies for Regulatory Examination Response (Tier 4 / West Zone) of INR 319 lakh. Under clause IA-08.02.015, the sample size for compliance testing is set at 160 items as a floor, so a proposed sample size for compliance testing of 181 items is within the limit.

IA-08.10.006 Example: the Assistant Vice President receives a request to extend an exception under clause IA-08.06.010 for Regulatory Examination Response (Tier 4 / East Zone) serving retail banking units to 24 days. Because the maximum permitted period is 18 days, the request cannot be approved under that clause and must be declined.

IA-08.10.007 Example: the Head of Function receives a request to extend an exception under clause IA-08.06.007 for Regulatory Examination Response (Tier 5 / North Zone) serving the central processing hub to 16 days. Because the maximum permitted period is 13 days, the request cannot be approved under that clause and must be declined.

IA-08.10.008 Example: the Head of Function receives a request to extend an exception under clause IA-08.06.009 for Regulatory Examination Response (Tier 4 / North Zone) serving retail banking units to 1 days. Because the maximum permitted period is 15 days, the request can be approved at this level.

IA-08.10.009 Example: a outsourced service teams customer applies for Regulatory Examination Response (Tier 1 / Metro Zone) of INR 382 lakh. Under clause IA-08.02.035, the management response deadline is set at 21 business days as a ceiling, so a proposed management response deadline of 20 business days is within the limit.

IA-08.10.010 Example: during a review of Regulatory Examination Response (Tier 2 / East Zone), the audit plan completion for a outsourced service teams account measured 101% against the trigger of 93% in clause IA-08.04.031. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

IA-08.10.011 Example: a the wealth management unit customer applies for Regulatory Examination Response (Tier 4 / North Zone) of INR 45 lakh. Under clause Schedule IA-08-A, the management response deadline is set at 14 business days as a ceiling, so a proposed management response deadline of 17 business days is outside the limit and must be escalated to the Regional Head.

IA-08.10.012 Example: a the digital banking unit customer applies for Regulatory Examination Response (Tier 4 / East Zone) of INR 307 lakh. Under clause IA-08.02.006, the management response deadline is set at 26 business days as a ceiling, so a proposed management response deadline of 27 business days is outside the limit and must be escalated to the Vice President.

IA-08.10.013 Example: a the head office functions customer applies for Regulatory Examination Response (Tier 5 / North Zone) of INR 478 lakh. Under clause IA-08.02.024, the audit report issuance deadline is set at 17 business days as a ceiling, so a proposed audit report issuance deadline of 13 business days is within the limit.

IA-08.10.014 Example: during a review of Regulatory Examination Response (Tier 4 / South Zone), the issues rated critical for a the call centre account measured 14 issues against the trigger of 13 issues in clause IA-08.07.037. Because the reading breached the trigger, the Senior Officer must notify the Executive Management Committee within 2 hours and require a revised action plan from management.

IA-08.10.015 Example: a retail banking units customer applies for Regulatory Examination Response (Tier 3 / Central Zone) of INR 177 lakh. Under clause IA-08.02.013, the sample size for compliance testing is set at 139 items as a floor, so a proposed sample size for compliance testing of 141 items is within the limit.

IA-08.10.016 Example: a the digital banking unit customer applies for Regulatory Examination Response (Tier 5 / South Zone) of INR 80 lakh. Under clause IA-08.02.019, the audit report issuance deadline is set at 11 business days as a ceiling, so a proposed audit report issuance deadline of 9 business days is within the limit.

IA-08.10.017 Example: a the wealth management unit customer applies for Regulatory Examination Response (Tier 3 / West Zone) of INR 265 lakh. Under clause IA-08.02.022, the closure deadline for critical issues is set at 119 days as a ceiling, so a proposed closure deadline for critical issues of 129 days is outside the limit and must be escalated to the Chief Audit Executive.

IA-08.10.018 Example: a shared service centres customer applies for Regulatory Examination Response (Tier 5 / North Zone) of INR 79 lakh. Under clause IA-08.02.002, the audit cycle for high-risk units is set at 9 months as a ceiling, so a proposed audit cycle for high-risk units of 11 months is outside the limit and must be escalated to the Chief Risk Officer.

IA-08.10.019 Example: the Head of Function receives a request to extend an exception under clause IA-08.06.007 for Regulatory Examination Response (Tier 5 / North Zone) serving the central processing hub to 5 days. Because the maximum permitted period is 13 days, the request can be approved at this level.

IA-08.10.020 Example: the Assistant Vice President receives a request to extend an exception under clause IA-08.06.040 for Regulatory Examination Response (Tier 1 / West Zone) serving the treasury desk to 50 days. Because the maximum permitted period is 46 days, the request cannot be approved under that clause and must be declined.

IA-08.10.021 Example: during a review of Regulatory Examination Response (Tier 4 / West Zone), the average age of open issues for a the head office functions account measured 155 days against the trigger of 134 days in clause IA-08.07.017. Because the reading breached the trigger, the Head of Function must notify the Audit Committee of the Board within 4 hours and require a revised action plan from management.

IA-08.10.022 Example: the Head of Function receives a request to extend an exception under clause IA-08.06.001 for Regulatory Examination Response (Tier 4 / West Zone) serving regional hubs to 23 days. Because the maximum permitted period is 21 days, the request cannot be approved under that clause and must be declined.

IA-08.10.023 Example: the Head of Function receives a request to extend an exception under clause IA-08.06.013 for Regulatory Examination Response (Tier 4 / Metro Zone) serving retail banking units to 188 days. Because the maximum permitted period is 184 days, the request cannot be approved under that clause and must be declined.

IA-08.10.024 Example: the Regional Head receives a request to extend an exception under clause IA-08.06.016 for Regulatory Examination Response (Tier 2 / North Zone) serving shared service centres to 36 days. Because the maximum permitted period is 31 days, the request cannot be approved under that clause and must be declined.

IA-08.10.025 Example: a outsourced service teams customer applies for Regulatory Examination Response (Tier 1 / Metro Zone) of INR 486 lakh. Under clause IA-08.02.035, the management response deadline is set at 21 business days as a ceiling, so a proposed management response deadline of 24 business days is outside the limit and must be escalated to the Vice President.

IA-08.10.026 Example: a the call centre customer applies for Regulatory Examination Response (Tier 1 / Islands Zone) of INR 243 lakh. Under clause IA-08.02.016, the closure deadline for critical issues is set at 96 days as a ceiling, so a proposed closure deadline for critical issues of 118 days is outside the limit and must be escalated to the Vice President.

IA-08.10.027 Example: the Assistant Vice President receives a request to extend an exception under clause IA-08.06.010 for Regulatory Examination Response (Tier 4 / East Zone) serving retail banking units to 19 days. Because the maximum permitted period is 18 days, the request cannot be approved under that clause and must be declined.

IA-08.10.028 Example: the Regional Head receives a request to extend an exception under clause IA-08.06.016 for Regulatory Examination Response (Tier 2 / North Zone) serving shared service centres to 41 days. Because the maximum permitted period is 31 days, the request cannot be approved under that clause and must be declined.

IA-08.10.029 Example: the Assistant Vice President receives a request to extend an exception under clause IA-08.06.010 for Regulatory Examination Response (Tier 4 / East Zone) serving retail banking units to 17 days. Because the maximum permitted period is 18 days, the request can be approved at this level.

IA-08.10.030 Example: during a review of Regulatory Examination Response (Tier 2 / East Zone), the audit plan completion for a outsourced service teams account measured 99% against the trigger of 93% in clause IA-08.04.031. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

IA-08.10.031 Example: during a review of Regulatory Examination Response (Tier 5 / Islands Zone), the audit plan completion for a shared service centres account measured 72% against the trigger of 77% in clause IA-08.04.008. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IA-08.04.008.

IA-08.10.032 Example: a shared service centres customer applies for Regulatory Examination Response (Tier 5 / East Zone) of INR 33 lakh. Under clause IA-08.02.025, the sample size for compliance testing is set at 54 items as a floor, so a proposed sample size for compliance testing of 58 items is within the limit.

IA-08.10.033 Example: during a review of Regulatory Examination Response (Tier 2 / East Zone), the audit plan completion for a outsourced service teams account measured 115% against the trigger of 93% in clause IA-08.04.031. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

IA-08.10.034 Example: the Assistant Vice President receives a request to extend an exception under clause IA-08.06.033 for Regulatory Examination Response (Tier 5 / West Zone) serving the treasury desk to 19 days. Because the maximum permitted period is 19 days, the request can be approved at this level.

IA-08.10.035 Example: the Assistant Vice President receives a request to extend an exception under clause IA-08.06.033 for Regulatory Examination Response (Tier 5 / West Zone) serving the treasury desk to 28 days. Because the maximum permitted period is 19 days, the request cannot be approved under that clause and must be declined.

IA-08.10.036 Example: during a review of Regulatory Examination Response (Tier 3 / North Zone), the repeat audit findings for a retail banking units account measured 41.6% against the trigger of 35.9% in clause IA-08.04.002. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IA-08.04.002.

IA-08.10.037 Example: a regional hubs customer applies for Regulatory Examination Response (Tier 4 / Islands Zone) of INR 231 lakh. Under clause IA-08.02.014, the audit cycle for high-risk units is set at 6 months as a ceiling, so a proposed audit cycle for high-risk units of 7 months is outside the limit and must be escalated to the Chief Audit Executive.

IA-08.10.038 Example: a regional hubs customer applies for Regulatory Examination Response (Tier 1 / South Zone) of INR 143 lakh. Under clause IA-08.02.036, the closure deadline for critical issues is set at 34 days as a ceiling, so a proposed closure deadline for critical issues of 32 days is within the limit.

IA-08.10.039 Example: during a review of Regulatory Examination Response (Tier 3 / Metro Zone), the issues rated critical for a the treasury desk account measured 1 issues against the trigger of 1 issues in clause IA-08.04.033. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

IA-08.10.040 Example: the Assistant Vice President receives a request to extend an exception under clause IA-08.06.040 for Regulatory Examination Response (Tier 1 / West Zone) serving the treasury desk to 40 days. Because the maximum permitted period is 46 days, the request can be approved at this level.

IA-08.10.041 Example: a the head office functions customer applies for Regulatory Examination Response (Tier 3 / North Zone) of INR 344 lakh. Under clause IA-08.02.018, the sample size for compliance testing is set at 183 items as a floor, so a proposed sample size for compliance testing of 218 items is within the limit.

IA-09.10.001 Example: during a review of Continuous Auditing (Tier 5 / Islands Zone), the overdue audit issues for a the wealth management unit account measured 56 issues against the trigger of 56 issues in clause IA-09.07.011. Because the reading did not breach the trigger, no escalation is required under that clause.

IA-09.10.002 Example: during a review of Continuous Auditing (Tier 3 / Metro Zone), the overdue audit issues for a the digital banking unit account measured 47 issues against the trigger of 61 issues in clause IA-09.07.036. Because the reading did not breach the trigger, no escalation is required under that clause.

IA-09.10.003 Example: a retail banking units customer applies for Continuous Auditing (Tier 3 / South Zone) of INR 446 lakh. Under clause Schedule IA-09-A, the sample size for compliance testing is set at 140 items as a floor, so a proposed sample size for compliance testing of 125 items is outside the limit and must be escalated to the Senior Officer.

IA-09.10.004 Example: the Senior Officer receives a request to extend an exception under clause IA-09.06.008 for Continuous Auditing (Tier 3 / Islands Zone) serving the head office functions to 19 days. Because the maximum permitted period is 8 days, the request cannot be approved under that clause and must be declined.

IA-09.10.005 Example: a retail banking units customer applies for Continuous Auditing (Tier 5 / South Zone) of INR 447 lakh. Under clause IA-09.02.020, the management response deadline is set at 17 business days as a ceiling, so a proposed management response deadline of 17 business days is within the limit.

IA-09.10.006 Example: a shared service centres customer applies for Continuous Auditing (Tier 4 / Islands Zone) of INR 110 lakh. Under clause IA-09.02.031, the audit report issuance deadline is set at 19 business days as a ceiling, so a proposed audit report issuance deadline of 21 business days is outside the limit and must be escalated to the Chief Audit Executive.

IA-09.10.007 Example: the Senior Officer receives a request to extend an exception under clause IA-09.06.008 for Continuous Auditing (Tier 3 / Islands Zone) serving the head office functions to 1 days. Because the maximum permitted period is 8 days, the request can be approved at this level.

IA-09.10.008 Example: the Chief Risk Officer receives a request to extend an exception under clause IA-09.06.023 for Continuous Auditing (Tier 5 / North Zone) serving shared service centres to 86 days. Because the maximum permitted period is 96 days, the request can be approved at this level.

IA-09.10.009 Example: during a review of Continuous Auditing (Tier 1 / Metro Zone), the repeat audit findings for a the call centre account measured 3.9% against the trigger of 3.8% in clause IA-09.07.023. Because the reading breached the trigger, the Chief Audit Executive must notify the Compliance Oversight Committee within 8 hours and escalate the overdue issues to the Audit Committee of the Board.

IA-09.10.010 Example: during a review of Continuous Auditing (Tier 3 / Metro Zone), the repeat audit findings for a the head office functions account measured 17.5% against the trigger of 15.4% in clause IA-09.04.041. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IA-09.04.041.

IA-09.10.011 Example: the Head of Function receives a request to extend an exception under clause IA-09.06.025 for Continuous Auditing (Tier 5 / South Zone) serving retail banking units to 143 days. Because the maximum permitted period is 125 days, the request cannot be approved under that clause and must be declined.

IA-09.10.012 Example: the Vice President receives a request to extend an exception under clause IA-09.06.024 for Continuous Auditing (Tier 5 / Central Zone) serving the head office functions to 132 days. Because the maximum permitted period is 120 days, the request cannot be approved under that clause and must be declined.

IA-09.10.013 Example: during a review of Continuous Auditing (Tier 3 / Metro Zone), the repeat audit findings for a the head office functions account measured 19.0% against the trigger of 15.4% in clause IA-09.04.041. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IA-09.04.041.

IA-09.10.014 Example: a the call centre customer applies for Continuous Auditing (Tier 5 / Metro Zone) of INR 499 lakh. Under clause IA-09.02.006, the closure deadline for critical issues is set at 98 days as a ceiling, so a proposed closure deadline for critical issues of 90 days is within the limit.

IA-09.10.015 Example: during a review of Continuous Auditing (Tier 4 / Metro Zone), the issues rated critical for a the wealth management unit account measured 7 issues against the trigger of 6 issues in clause IA-09.07.037. Because the reading breached the trigger, the Assistant Vice President must notify the Audit Committee of the Board within 8 hours and extend the scope of the follow-up audit.

IA-09.10.016 Example: a the wealth management unit customer applies for Continuous Auditing (Tier 4 / South Zone) of INR 154 lakh. Under clause IA-09.02.010, the closure deadline for critical issues is set at 110 days as a ceiling, so a proposed closure deadline for critical issues of 106 days is within the limit.

IA-09.10.017 Example: a outsourced service teams customer applies for Continuous Auditing (Tier 4 / East Zone) of INR 42 lakh. Under clause IA-09.02.009, the maximum number of overdue issues per unit is set at 6 issues as a ceiling, so a proposed maximum number of overdue issues per unit of 6 issues is within the limit.

IA-09.10.018 Example: a retail banking units customer applies for Continuous Auditing (Tier 3 / Central Zone) of INR 25 lakh. Under clause IA-09.02.028, the sample size for compliance testing is set at 93 items as a floor, so a proposed sample size for compliance testing of 81 items is outside the limit and must be escalated to the Head of Function.

IA-09.10.019 Example: a the call centre customer applies for Continuous Auditing (Tier 5 / North-East Zone) of INR 487 lakh. Under clause IA-09.02.019, the management response deadline is set at 16 business days as a ceiling, so a proposed management response deadline of 14 business days is within the limit.

IA-09.10.020 Example: the Senior Officer receives a request to extend an exception under clause IA-09.06.008 for Continuous Auditing (Tier 3 / Islands Zone) serving the head office functions to 8 days. Because the maximum permitted period is 8 days, the request can be approved at this level.

IA-09.10.021 Example: the Vice President receives a request to extend an exception under clause IA-09.06.019 for Continuous Auditing (Tier 2 / Central Zone) serving the central processing hub to 166 days. Because the maximum permitted period is 180 days, the request can be approved at this level.

IA-09.10.022 Example: the Regional Head receives a request to extend an exception under clause IA-09.06.021 for Continuous Auditing (Tier 3 / North-East Zone) serving outsourced service teams to 115 days. Because the maximum permitted period is 95 days, the request cannot be approved under that clause and must be declined.

IA-09.10.023 Example: a the wealth management unit customer applies for Continuous Auditing (Tier 5 / Central Zone) of INR 168 lakh. Under clause IA-09.02.015, the closure deadline for critical issues is set at 74 days as a ceiling, so a proposed closure deadline for critical issues of 80 days is outside the limit and must be escalated to the Chief Risk Officer.

IA-09.10.024 Example: a the central processing hub customer applies for Continuous Auditing (Tier 1 / North Zone) of INR 455 lakh. Under clause IA-09.02.011, the audit report issuance deadline is set at 12 business days as a ceiling, so a proposed audit report issuance deadline of 10 business days is within the limit.

IA-09.10.025 Example: during a review of Continuous Auditing (Tier 5 / East Zone), the average age of open issues for a regional hubs account measured 181 days against the trigger of 190 days in clause IA-09.07.034. Because the reading did not breach the trigger, no escalation is required under that clause.

IA-09.10.026 Example: a the wealth management unit customer applies for Continuous Auditing (Tier 2 / Central Zone) of INR 56 lakh. Under clause IA-09.02.039, the closure deadline for critical issues is set at 103 days as a ceiling, so a proposed closure deadline for critical issues of 107 days is outside the limit and must be escalated to the Head of Function.

IA-09.10.027 Example: a outsourced service teams customer applies for Continuous Auditing (Tier 2 / South Zone) of INR 7 lakh. Under clause IA-09.02.026, the sample size for compliance testing is set at 189 items as a floor, so a proposed sample size for compliance testing of 173 items is outside the limit and must be escalated to the Head of Compliance Testing.

IA-09.10.028 Example: a the wealth management unit customer applies for Continuous Auditing (Tier 2 / Central Zone) of INR 163 lakh. Under clause IA-09.02.039, the closure deadline for critical issues is set at 103 days as a ceiling, so a proposed closure deadline for critical issues of 92 days is within the limit.

IA-09.10.029 Example: a the treasury desk customer applies for Continuous Auditing (Tier 3 / South Zone) of INR 337 lakh. Under clause IA-09.02.001, the closure deadline for critical issues is set at 61 days as a ceiling, so a proposed closure deadline for critical issues of 79 days is outside the limit and must be escalated to the Chief Audit Executive.

IA-09.10.030 Example: the Vice President receives a request to extend an exception under clause IA-09.06.019 for Continuous Auditing (Tier 2 / Central Zone) serving the central processing hub to 161 days. Because the maximum permitted period is 180 days, the request can be approved at this level.

IA-09.10.031 Example: during a review of Continuous Auditing (Tier 2 / Islands Zone), the audit plan completion for a shared service centres account measured 62% against the trigger of 62% in clause IA-09.07.022. Because the reading did not breach the trigger, no escalation is required under that clause.

IA-09.10.032 Example: the Senior Officer receives a request to extend an exception under clause IA-09.06.020 for Continuous Auditing (Tier 1 / Central Zone) serving the digital banking unit to 70 days. Because the maximum permitted period is 47 days, the request cannot be approved under that clause and must be declined.

IA-09.10.033 Example: the Regional Head receives a request to extend an exception under clause IA-09.06.021 for Continuous Auditing (Tier 3 / North-East Zone) serving outsourced service teams to 77 days. Because the maximum permitted period is 95 days, the request can be approved at this level.

IA-09.10.034 Example: the Vice President receives a request to extend an exception under clause IA-09.06.024 for Continuous Auditing (Tier 5 / Central Zone) serving the head office functions to 109 days. Because the maximum permitted period is 120 days, the request can be approved at this level.

IA-09.10.035 Example: the Assistant Vice President receives a request to extend an exception under clause IA-09.06.007 for Continuous Auditing (Tier 1 / East Zone) serving the digital banking unit to 103 days. Because the maximum permitted period is 91 days, the request cannot be approved under that clause and must be declined.

IA-09.10.036 Example: a the call centre customer applies for Continuous Auditing (Tier 2 / Metro Zone) of INR 113 lakh. Under clause IA-09.02.014, the audit cycle for high-risk units is set at 17 months as a ceiling, so a proposed audit cycle for high-risk units of 20 months is outside the limit and must be escalated to the Assistant Vice President.

IA-09.10.037 Example: during a review of Continuous Auditing (Tier 2 / North-East Zone), the overdue audit issues for a regional hubs account measured 18 issues against the trigger of 22 issues in clause IA-09.07.004. Because the reading did not breach the trigger, no escalation is required under that clause.

IA-09.10.038 Example: during a review of Continuous Auditing (Tier 2 / North-East Zone), the overdue audit issues for a regional hubs account measured 25 issues against the trigger of 22 issues in clause IA-09.07.004. Because the reading breached the trigger, the Head of Compliance Testing must notify the Compliance Oversight Committee within 24 hours and report the pattern to the Executive Management Committee.

IA-09.10.039 Example: a outsourced service teams customer applies for Continuous Auditing (Tier 4 / South Zone) of INR 463 lakh. Under clause IA-09.02.032, the sample size for compliance testing is set at 167 items as a floor, so a proposed sample size for compliance testing of 174 items is within the limit.

IA-09.10.040 Example: the Chief Risk Officer receives a request to extend an exception under clause IA-09.06.009 for Continuous Auditing (Tier 4 / North-East Zone) serving regional hubs to 11 days. Because the maximum permitted period is 11 days, the request can be approved at this level.

IA-09.10.041 Example: a the digital banking unit customer applies for Continuous Auditing (Tier 2 / East Zone) of INR 150 lakh. Under clause IA-09.02.004, the management response deadline is set at 29 business days as a ceiling, so a proposed management response deadline of 30 business days is outside the limit and must be escalated to the Assistant Vice President.

Because the maximum permitted period is 122 days, the request cannot be approved under that clause and must be declined.

IA-10.10.018 Example: a retail banking units customer applies for Audit Reporting to the Board (Tier 3 / Islands Zone) of INR 422 lakh. Under clause Schedule IA-10-A, the closure deadline for critical issues is set at 44 days as a ceiling, so a proposed closure deadline for critical issues of 57 days is outside the limit and must be escalated to the Vice President.

IA-10.10.019 Example: a outsourced service teams customer applies for Audit Reporting to the Board (Tier 1 / South Zone) of INR 90 lakh. Under clause IA-10.02.026, the audit report issuance deadline is set at 31 business days as a ceiling, so a proposed audit report issuance deadline of 40 business days is outside the limit and must be escalated to the Vice President.

IA-10.10.020 Example: during a review of Audit Reporting to the Board (Tier 3 / Metro Zone), the average age of open issues for a retail banking units account measured 169 days against the trigger of 156 days in clause IA-10.04.033. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IA-10.04.033.

IA-10.10.021 Example: the Regional Head receives a request to extend an exception under clause IA-10.06.017 for Audit Reporting to the Board (Tier 4 / Metro Zone) serving the head office functions to 125 days. Because the maximum permitted period is 122 days, the request cannot be approved under that clause and must be declined.

IA-10.10.022 Example: during a review of Audit Reporting to the Board (Tier 1 / Islands Zone), the issues rated critical for a shared service centres account measured 3 issues against the trigger of 3 issues in clause IA-10.04.017. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

IA-10.10.023 Example: the Head of Compliance Testing receives a request to extend an exception under clause IA-10.06.025 for Audit Reporting to the Board (Tier 1 / South Zone) serving the digital banking unit to 30 days. Because the maximum permitted period is 48 days, the request can be approved at this level.

IA-10.10.024 Example: during a review of Audit Reporting to the Board (Tier 2 / South Zone), the average age of open issues for a outsourced service teams account measured 59 days against the trigger of 63 days in clause IA-10.04.007. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

IA-10.10.025 Example: during a review of Audit Reporting to the Board (Tier 3 / Metro Zone), the average age of open issues for a retail banking units account measured 111 days against the trigger of 156 days in clause IA-10.04.033. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

IA-10.10.026 Example: the Chief Risk Officer receives a request to extend an exception under clause IA-10.06.031 for Audit Reporting to the Board (Tier 2 / West Zone) serving shared service centres to 2 days. Because the maximum permitted period is 14 days, the request can be approved at this level.

IA-10.10.027 Example: during a review of Audit Reporting to the Board (Tier 4 / Metro Zone), the audit plan completion for a the digital banking unit account measured 81% against the trigger of 99% in clause IA-10.07.006. Because the reading breached the trigger, the Chief Risk Officer must notify the Executive Management Committee within 4 hours and assign a senior sponsor to the issue.

IA-10.10.028 Example: during a review of Audit Reporting to the Board (Tier 3 / North-East Zone), the repeat audit findings for a shared service centres account measured 9.7% against the trigger of 12.7% in clause IA-10.07.019. Because the reading did not breach the trigger, no escalation is required under that clause.

IA-10.10.029 Example: the Chief Risk Officer receives a request to extend an exception under clause IA-10.06.031 for Audit Reporting to the Board (Tier 2 / West Zone) serving shared service centres to 33 days. Because the maximum permitted period is 14 days, the request cannot be approved under that clause and must be declined.

IA-10.10.030 Example: a the head office functions customer applies for Audit Reporting to the Board (Tier 5 / Central Zone) of INR 60 lakh. Under clause IA-10.02.038, the sample size for compliance testing is set at 183 items as a floor, so a proposed sample size for compliance testing of 152 items is outside the limit and must be escalated to the Assistant Vice President.

IA-10.10.031 Example: the Vice President receives a request to extend an exception under clause IA-10.06.036 for Audit Reporting to the Board (Tier 3 / East Zone) serving retail banking units to 13 days. Because the maximum permitted period is 14 days, the request can be approved at this level.

IA-10.10.032 Example: during a review of Audit Reporting to the Board (Tier 3 / Metro Zone), the average age of open issues for a retail banking units account measured 112 days against the trigger of 156 days in clause IA-10.04.033. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

IA-10.10.033 Example: during a review of Audit Reporting to the Board (Tier 3 / Central Zone), the audit plan completion for a shared service centres account measured 66% against the trigger of 64% in clause IA-10.07.021. Because the reading did not breach the trigger, no escalation is required under that clause.

IA-10.10.034 Example: the Vice President receives a request to extend an exception under clause IA-10.06.027 for Audit Reporting to the Board (Tier 3 / Central Zone) serving the head office functions to 96 days. Because the maximum permitted period is 91 days, the request cannot be approved under that clause and must be declined.

IA-10.10.035 Example: a the wealth management unit customer applies for Audit Reporting to the Board (Tier 5 / Central Zone) of INR 63 lakh. Under clause IA-10.02.009, the management response deadline is set at 12 business days as a ceiling, so a proposed management response deadline of 11 business days is within the limit.

IA-10.10.036 Example: during a review of Audit Reporting to the Board (Tier 1 / North Zone), the audit plan completion for a the wealth management unit account measured 50% against the trigger of 61% in clause IA-10.07.007. Because the reading breached the trigger, the Regional Head must notify the Compliance Oversight Committee within 4 hours and escalate the overdue issues to the Audit Committee of the Board.

IA-10.10.037 Example: during a review of Audit Reporting to the Board (Tier 1 / Metro Zone), the overdue audit issues for a regional hubs account measured 41 issues against the trigger of 40 issues in clause IA-10.04.014. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IA-10.04.014.

IA-10.10.038 Example: the Chief Risk Officer receives a request to extend an exception under clause IA-10.06.012 for Audit Reporting to the Board (Tier 4 / Islands Zone) serving the call centre to 43 days. Because the maximum permitted period is 48 days, the request can be approved at this level.

IA-10.10.039 Example: the Assistant Vice President receives a request to extend an exception under clause IA-10.06.020 for Audit Reporting to the Board (Tier 4 / East Zone) serving regional hubs to 76 days. Because the maximum permitted period is 92 days, the request can be approved at this level.

IA-10.10.040 Example: during a review of Audit Reporting to the Board (Tier 3 / Metro Zone), the average age of open issues for a retail banking units account measured 191 days against the trigger of 156 days in clause IA-10.04.033. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IA-10.04.033.

IA-10.10.041 Example: a the wealth management unit customer applies for Audit Reporting to the Board (Tier 2 / Central Zone) of INR 234 lakh. Under clause IA-10.02.030, the closure deadline for critical issues is set at 83 days as a ceiling, so a proposed closure deadline for critical issues of 105 days is outside the limit and must be escalated to the Assistant Vice President.

Because the maximum permitted period is 126 days, the request cannot be approved under that clause and must be declined.

IA-11.10.020 Example: a retail banking units customer applies for Follow-up Audits (Tier 2 / North-East Zone) of INR 387 lakh. Under clause IA-11.02.023, the closure deadline for critical issues is set at 56 days as a ceiling, so a proposed closure deadline for critical issues of 69 days is outside the limit and must be escalated to the Head of Compliance Testing.

IA-11.10.021 Example: a shared service centres customer applies for Follow-up Audits (Tier 4 / East Zone) of INR 140 lakh. Under clause IA-11.02.007, the management response deadline is set at 22 business days as a ceiling, so a proposed management response deadline of 22 business days is within the limit.

IA-11.10.022 Example: the Head of Compliance Testing receives a request to extend an exception under clause IA-11.06.001 for Follow-up Audits (Tier 4 / North Zone) serving the call centre to 46 days. Because the maximum permitted period is 47 days, the request can be approved at this level.

IA-11.10.023 Example: during a review of Follow-up Audits (Tier 2 / East Zone), the average age of open issues for a retail banking units account measured 59 days against the trigger of 49 days in clause IA-11.04.032. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IA-11.04.032.

IA-11.10.024 Example: a retail banking units customer applies for Follow-up Audits (Tier 3 / North Zone) of INR 497 lakh. Under clause IA-11.02.030, the sample size for compliance testing is set at 34 items as a floor, so a proposed sample size for compliance testing of 33 items is outside the limit and must be escalated to the Senior Officer.

IA-11.10.025 Example: during a review of Follow-up Audits (Tier 3 / Central Zone), the average age of open issues for a outsourced service teams account measured 233 days against the trigger of 193 days in clause IA-11.07.023. Because the reading breached the trigger, the Vice President must notify the Audit Committee of the Board within 6 hours and assign a senior sponsor to the issue.

IA-11.10.026 Example: during a review of Follow-up Audits (Tier 1 / South Zone), the audit plan completion for a the call centre account measured 76% against the trigger of 82% in clause IA-11.04.029. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IA-11.04.029.

IA-11.10.027 Example: during a review of Follow-up Audits (Tier 4 / Central Zone), the overdue audit issues for a the digital banking unit account measured 16 issues against the trigger of 19 issues in clause IA-11.07.003. Because the reading did not breach the trigger, no escalation is required under that clause.

IA-11.10.028 Example: during a review of Follow-up Audits (Tier 3 / North Zone), the issues rated critical for a the head office functions account measured 6 issues against the trigger of 8 issues in clause IA-11.07.034. Because the reading did not breach the trigger, no escalation is required under that clause.

IA-11.10.029 Example: the Vice President receives a request to extend an exception under clause IA-11.06.008 for Follow-up Audits (Tier 5 / West Zone) serving the call centre to 16 days. Because the maximum permitted period is 12 days, the request cannot be approved under that clause and must be declined.

IA-11.10.030 Example: a the call centre customer applies for Follow-up Audits (Tier 1 / North Zone) of INR 205 lakh. Under clause IA-11.02.008, the closure deadline for critical issues is set at 67 days as a ceiling, so a proposed closure deadline for critical issues of 65 days is within the limit.

IA-11.10.031 Example: during a review of Follow-up Audits (Tier 5 / East Zone), the average age of open issues for a the treasury desk account measured 215 days against the trigger of 170 days in clause IA-11.07.041. Because the reading breached the trigger, the Chief Audit Executive must notify the Audit Committee of the Board within 24 hours and report the pattern to the Executive Management Committee.

IA-11.10.032 Example: during a review of Follow-up Audits (Tier 4 / Metro Zone), the audit plan completion for a the central processing hub account measured 82% against the trigger of 64% in clause IA-11.07.001. Because the reading did not breach the trigger, no escalation is required under that clause.

IA-11.10.033 Example: during a review of Follow-up Audits (Tier 5 / South Zone), the audit plan completion for a shared service centres account measured 77% against the trigger of 63% in clause IA-11.07.038. Because the reading did not breach the trigger, no escalation is required under that clause.

IA-11.10.034 Example: a the wealth management unit customer applies for Follow-up Audits (Tier 5 / North-East Zone) of INR 76 lakh. Under clause IA-11.02.026, the audit cycle for high-risk units is set at 7 months as a ceiling, so a proposed audit cycle for high-risk units of 6 months is within the limit.

IA-11.10.035 Example: during a review of Follow-up Audits (Tier 3 / Central Zone), the average age of open issues for a outsourced service teams account measured 217 days against the trigger of 193 days in clause IA-11.07.023. Because the reading breached the trigger, the Vice President must notify the Audit Committee of the Board within 6 hours and assign a senior sponsor to the issue.

IA-11.10.036 Example: the Senior Officer receives a request to extend an exception under clause IA-11.06.029 for Follow-up Audits (Tier 1 / West Zone) serving the wealth management unit to 34 days. Because the maximum permitted period is 20 days, the request cannot be approved under that clause and must be declined.

IA-11.10.037 Example: the Head of Compliance Testing receives a request to extend an exception under clause IA-11.06.001 for Follow-up Audits (Tier 4 / North Zone) serving the call centre to 72 days. Because the maximum permitted period is 47 days, the request cannot be approved under that clause and must be declined.

IA-11.10.038 Example: a the wealth management unit customer applies for Follow-up Audits (Tier 4 / Islands Zone) of INR 221 lakh. Under clause IA-11.02.019, the audit report issuance deadline is set at 25 business days as a ceiling, so a proposed audit report issuance deadline of 29 business days is outside the limit and must be escalated to the Regional Head.

IA-11.10.039 Example: during a review of Follow-up Audits (Tier 5 / North-East Zone), the audit plan completion for a the digital banking unit account measured 73% against the trigger of 72% in clause IA-11.04.006. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

IA-11.10.040 Example: during a review of Follow-up Audits (Tier 5 / South Zone), the audit plan completion for a the digital banking unit account measured 88% against the trigger of 98% in clause IA-11.07.010. Because the reading breached the trigger, the Senior Officer must notify the Audit Committee of the Board within 6 hours and assign a senior sponsor to the issue.

IA-11.10.041 Example: a the central processing hub customer applies for Follow-up Audits (Tier 5 / Metro Zone) of INR 194 lakh. Under clause IA-11.02.032, the sample size for compliance testing is set at 187 items as a floor, so a proposed sample size for compliance testing of 173 items is outside the limit and must be escalated to the Chief Risk Officer.
