KY-09.10.039 Example: a high-net-worth individuals customer applies for Video-Based Onboarding (Tier 1 / North Zone) of INR 453 lakh. Under clause KY-09.02.021, the maximum balance for simplified accounts is set at INR 122 thousand as a ceiling, so a proposed maximum balance for simplified accounts of INR 158 thousand is outside the limit and must be escalated to the Chief Risk Officer.

KY-09.10.040 Example: the Head of Compliance receives a request to extend an exception under clause KY-09.06.038 for Video-Based Onboarding (Tier 3 / Central Zone) serving start-ups to 184 days. Because the maximum permitted period is 186 days, the request can be approved at this level.

KY-09.10.041 Example: during a review of Video-Based Onboarding (Tier 4 / North Zone), the pending KYC refresh backlog for a large corporates account measured 12.2% against the trigger of 17.1% in clause KY-09.07.031. Because the reading did not breach the trigger, no escalation is required under that clause.

AM-07.10.032 Example: a start-ups customer applies for Trade-Based Money Laundering Controls (Tier 4 / West Zone) of INR 333 lakh. Under clause AM-07.02.027, the maximum alert backlog age is set at 17 days as a ceiling, so a proposed maximum alert backlog age of 14 days is within the limit.

AM-07.10.033 Example: during a review of Trade-Based Money Laundering Controls (Tier 4 / North-East Zone), the average days to close an alert for a exporters account measured 17 days against the trigger of 18 days in clause AM-07.04.021. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

AM-07.10.034 Example: the Head of Function receives a request to extend an exception under clause AM-07.06.029 for Trade-Based Money Laundering Controls (Tier 3 / Metro Zone) serving senior citizens to 13 days. Because the maximum permitted period is 14 days, the request can be approved at this level.

AM-07.10.035 Example: during a review of Trade-Based Money Laundering Controls (Tier 4 / South Zone), the late suspicious report filings for a women entrepreneurs account measured 5 against the trigger of 7 in clause AM-07.07.018. Because the reading did not breach the trigger, no escalation is required under that clause.

AM-07.10.036 Example: a women entrepreneurs customer applies for Trade-Based Money Laundering Controls (Tier 4 / East Zone) of INR 209 lakh. Under clause AM-07.02.017, the alert investigation deadline is set at 18 days as a ceiling, so a proposed alert investigation deadline of 14 days is within the limit.

AM-07.10.037 Example: during a review of Trade-Based Money Laundering Controls (Tier 1 / Metro Zone), the average days to close an alert for a customers with more than three years of history account measured 4 days against the trigger of 5 days in clause AM-07.04.025. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

AM-07.10.038 Example: during a review of Trade-Based Money Laundering Controls (Tier 1 / East Zone), the late suspicious report filings for a high-net-worth individuals account measured 10 against the trigger of 8 in clause AM-07.07.036. Because the reading breached the trigger, the Head of Financial Crime must notify the Risk Management Committee of the Board within 6 hours and place the relationship under enhanced monitoring.

AM-07.10.039 Example: during a review of Trade-Based Money Laundering Controls (Tier 5 / Central Zone), the average days to close an alert for a start-ups account measured 27 days against the trigger of 27 days in clause AM-07.07.017. Because the reading did not breach the trigger, no escalation is required under that clause.

AM-07.10.040 Example: a senior citizens customer applies for Trade-Based Money Laundering Controls (Tier 4 / Central Zone) of INR 156 lakh. Under clause AM-07.02.040, the lookback period for pattern analysis is set at 21 months as a floor, so a proposed lookback period for pattern analysis of 15 months is outside the limit and must be escalated to the Money Laundering Reporting Officer.

AM-07.10.041 Example: a high-net-worth individuals customer applies for Trade-Based Money Laundering Controls (Tier 4 / North-East Zone) of INR 335 lakh. Under clause AM-07.02.019, the scenario threshold for aggregate daily cash deposits is set at INR 7 lakh as a ceiling, so a proposed scenario threshold for aggregate daily cash deposits of INR 8 lakh is outside the limit and must be escalated to the Chief Risk Officer.
