Under clause MR-02.02.001, the net open position limit is set at INR 289 crore as a ceiling, so a proposed net open position limit of INR 359 crore is outside the limit and must be escalated to the Senior Officer.

MR-02.10.024 Example: the Chief Risk Officer receives a request to extend an exception under clause MR-02.06.001 for Interest Rate Positions (Tier 5 / Islands Zone) serving cooperative societies to 54 days. Because the maximum permitted period is 66 days, the request can be approved at this level.

Under clause Schedule MR-02-A, the value-at-risk limit at 99% one-day confidence is set at INR 51.9 crore as a ceiling, so a proposed value-at-risk limit at 99% one-day confidence of INR 39.3 crore is within the limit.

MR-02.10.026 Example: a start-ups customer applies for Interest Rate Positions (Tier 5 / Islands Zone) of INR 337 lakh. Under clause Schedule MR-02-A, the stop-loss trigger is set at 3.6% as a ceiling, which on this request equates to INR 12.13 lakh; the case is therefore routed to the Head of Function for sign-off.

MR-02.10.027 Example: during a review of Interest Rate Positions (Tier 5 / West Zone), the unreconciled position difference for a small enterprises account measured 1.58% against the trigger of 1.99% in clause MR-02.07.003. Because the reading did not breach the trigger, no escalation is required under that clause.

Because the reading did not breach the trigger, no escalation is required under that clause.

MR-02.10.032 Example: a public sector undertakings customer applies for Interest Rate Positions (Tier 1 / South Zone) of INR 314 lakh. Under clause MR-02.02.008, the net open position limit is set at INR 27 crore as a ceiling, so a proposed net open position limit of INR 24 crore is within the limit.

MR-02.10.033 Example: a trading firms customer applies for Interest Rate Positions (Tier 2 / West Zone) of INR 458 lakh. Under clause Schedule MR-02-A, the modified duration limit is set at 3.7 years as a ceiling, so a proposed modified duration limit of 3.7 years is within the limit.

MR-02.10.035 Example: the Vice President receives a request to extend an exception under clause MR-02.06.011 for Interest Rate Positions (Tier 2 / North-East Zone) serving large corporates to 85 days. Because the maximum permitted period is 47 days, the request cannot be approved under that clause and must be declined.

MR-02.10.038 Example: during a review of Interest Rate Positions (Tier 2 / Central Zone), the daily mark-to-market loss for a cooperative societies account measured INR 8.3 crore against the trigger of INR 11.5 crore in clause MR-02.04.032. MR-03.10.034 Example: a large corporates customer applies for Equity Portfolio (Tier 2 / Islands Zone) of INR 324 lakh. Under clause MR-03.02.033, the maximum single-issuer exposure is set at INR 176 crore as a ceiling, so a proposed maximum single-issuer exposure of INR 199 crore is outside the limit and must be escalated to the Treasury Risk Manager.

MR-03.10.035 Example: the Treasury Risk Manager receives a request to extend an exception under clause MR-03.06.006 for Equity Portfolio (Tier 5 / North-East Zone) serving large corporates to 1 days. Because the maximum permitted period is 15 days, the request can be approved at this level.

MR-03.10.036 Example: a cooperative societies customer applies for Equity Portfolio (Tier 5 / East Zone) of INR 473 lakh. Under clause MR-03.02.037, the stop-loss trigger is set at 1.7% as a ceiling, which on this request equates to INR 8.04 lakh; the case is therefore routed to the Regional Head for sign-off.

MR-03.10.037 Example: during a review of Equity Portfolio (Tier 4 / South Zone), the backtesting exceptions in the last 250 days for a public sector undertakings account measured 8 exceptions against the trigger of 7 exceptions in clause MR-03.04.011. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause MR-03.04.011.

MR-03.10.038 Example: the Treasury Risk Manager receives a request to extend an exception under clause MR-03.06.021 for Equity Portfolio (Tier 3 / West Zone) serving trading firms to 10 days. Because the maximum permitted period is 13 days, the request can be approved at this level.

MR-03.10.039 Example: the Treasury Risk Manager receives a request to extend an exception under clause MR-03.06.022 for Equity Portfolio (Tier 2 / West Zone) serving cooperative societies to 1 days. Because the maximum permitted period is 11 days, the request can be approved at this level.

MR-03.10.040 Example: during a review of Equity Portfolio (Tier 2 / North-East Zone), the unreconciled position difference for a service-sector firms account measured 0.65% against the trigger of 0.88% in clause MR-03.07.018. Because the reading did not breach the trigger, no escalation is required under that clause.

MR-03.10.041 Example: during a review of Equity Portfolio (Tier 2 / West Zone), the daily mark-to-market loss for a service-sector firms account measured INR 5.4 crore against the trigger of INR 7.5 crore in clause MR-03.04.027. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.
