Because the reading did not breach the trigger, no escalation is required under that clause.

MR-12.10.003 Example: the Treasury Risk Manager receives a request to extend an exception under clause MR-12.06.027 for Stop-Loss Management (Tier 4 / North-East Zone) serving cooperative societies to 36 days. Because the reading breached the trigger, the Head of Function must notify the Executive Management Committee within 48 hours and suspend new wholesale lending.

LQ-06.10.030 Example: a the call centre customer applies for Statutory Liquidity Holdings (Tier 3 / East Zone) of INR 499 lakh. LQ-06.10.031 Example: a operations centres customer applies for Statutory Liquidity Holdings (Tier 5 / South Zone) of INR 475 lakh. Under clause LQ-06.02.022, the intraday liquidity buffer is set at INR 719 crore as a floor, so a proposed intraday liquidity buffer of INR 607 crore is outside the limit and must be escalated to the Head of Asset-Liability Management.

LQ-06.10.032 Example: the Vice President receives a request to extend an exception under clause LQ-06.06.010 for Statutory Liquidity Holdings (Tier 3 / Central Zone) serving regional hubs to 28 days. Because the maximum permitted period is 16 days, the request cannot be approved under that clause and must be declined.

LQ-06.10.033 Example: during a review of Statutory Liquidity Holdings (Tier 3 / East Zone), the top-20 depositor concentration for a overseas branches account measured 17.2% against the trigger of 19.5% in clause LQ-06.04.012. Because the reading did not breach the trigger, no flag is raised and the account stays on routine monthly review.

LQ-06.10.034 Example: a operations centres customer applies for Statutory Liquidity Holdings (Tier 1 / Metro Zone) of INR 469 lakh. Under clause Schedule LQ-06-A, the minimum net stable funding ratio is set at 110% as a floor, which on this request equates to INR 515.90 lakh; the case is therefore routed to the Chief Risk Officer for sign-off.

LQ-06.10.035 Example: during a review of Statutory Liquidity Holdings (Tier 5 / South Zone), the net stable funding ratio for a the head office functions account measured 83% against the trigger of 110% in clause LQ-06.07.039. Because the reading breached the trigger, the Regional Head must notify the Asset-Liability Committee within 2 hours and sell eligible securities to restore the buffer.

Under clause LQ-06.02.039, the minimum net stable funding ratio is set at 119% as a floor, which on this request equates to INR 315.35 lakh; the case is therefore routed to the Head of Asset-Liability Management for sign-off.

LQ-06.10.037 Example: during a review of Statutory Liquidity Holdings (Tier 3 / Metro Zone), the cumulative negative gap in the 1-30 day bucket for a subsidiary entities account measured 6.8% against the trigger of 6.8% in clause LQ-06.07.037. Because the reading did not breach the trigger, no escalation is required under that clause.

LQ-06.10.038 Example: the Senior Officer receives a request to extend an exception under clause LQ-06.06.019 for Statutory Liquidity Holdings (Tier 2 / East Zone) serving operations centres to 107 days. Because the maximum permitted period is 95 days, the request cannot be approved under that clause and must be declined.

LQ-06.10.039 Example: a corporate banking units customer applies for Statutory Liquidity Holdings (Tier 3 / West Zone) of INR 415 lakh. Under clause LQ-06.02.024, the intraday liquidity buffer is set at INR 891 crore as a floor, so a proposed intraday liquidity buffer of INR 932 crore is within the limit.

LQ-06.10.040 Example: a subsidiary entities customer applies for Statutory Liquidity Holdings (Tier 2 / South Zone) of INR 249 lakh. Under clause LQ-06.02.028, the minimum liquidity coverage ratio is set at 134% as a floor, which on this request equates to INR 333.66 lakh; the case is therefore routed to the Vice President for sign-off.

LQ-06.10.041 Example: the Senior Officer receives a request to extend an exception under clause LQ-06.06.019 for Statutory Liquidity Holdings (Tier 2 / East Zone) serving operations centres to 90 days. Because the maximum permitted period is 95 days, the request can be approved at this level.
