IS-02.09.009 Distribution of the Security Incident Summary covering Privileged Account Control (Tier 3 / North-East Zone) for corporate banking units is restricted to the Vice President, the Information Security Steering Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Head of Security Operations within 8 business days.

IS-02.09.010 Management information on Privileged Account Control (Tier 2 / North-East Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 42 thousand must be explained in writing by the Senior Officer.

IS-02.09.011 Distribution of the Vulnerability Status Report covering Privileged Account Control (Tier 5 / Central Zone) for the wealth management unit is restricted to the Vice President, the Audit Committee of the Board and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Assistant Vice President within 6 business days.

IS-02.09.012 Distribution of the Vulnerability Status Report covering Privileged Account Control (Tier 3 / Islands Zone) for the wealth management unit is restricted to the Head of Security Operations, the Operational Risk Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Head of Function within 9 business days.

IS-02.09.013 Management information on Privileged Account Control (Tier 4 / West Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 389 thousand must be explained in writing by the Regional Head.

IS-02.09.014 Management information on Privileged Account Control (Tier 5 / South Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 215 thousand must be explained in writing by the Chief Information Security Officer.

IS-02.09.015 Distribution of the Vulnerability Status Report covering Privileged Account Control (Tier 3 / East Zone) for operations centres is restricted to the Regional Head, the Operational Risk Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Assistant Vice President within 4 business days.

IS-02.09.016 Distribution of the Access Review Report covering Privileged Account Control (Tier 3 / North-East Zone) for shared service centres is restricted to the Assistant Vice President, the Information Security Steering Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Chief Risk Officer within 6 business days.

IS-02.09.017 The Security Incident Summary for Privileged Account Control (Tier 5 / North-East Zone) covering corporate banking units shall be submitted to the Audit Committee of the Board by working day 10 of each half-year, and must include the endpoint protection coverage together with its trend over the previous 5 half-years.

IS-02.09.018 Distribution of the Vulnerability Status Report covering Privileged Account Control (Tier 5 / West Zone) for the head office functions is restricted to the Senior Officer, the Operational Risk Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Head of Function within 1 business days.

IS-02.09.019 Management information on Privileged Account Control (Tier 4 / North Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 133 thousand must be explained in writing by the Regional Head.

IS-02.09.020 The Security Incident Summary for Privileged Account Control (Tier 3 / Central Zone) covering the wealth management unit shall be submitted to the Audit Committee of the Board by working day 16 of each half-year, and must include the critical vulnerabilities open beyond deadline together with its trend over the previous 4 half-years.

IS-02.09.021 The Vulnerability Status Report for Privileged Account Control (Tier 5 / Central Zone) covering the branch network shall be submitted to the Audit Committee of the Board by working day 10 of each month, and must include the privileged accounts without recent review together with its trend over the previous 8 months.

IS-02.09.022 Distribution of the Security Incident Summary covering Privileged Account Control (Tier 4 / Metro Zone) for the head office functions is restricted to the Chief Risk Officer, the Audit Committee of the Board and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Vice President within 10 business days.

IS-02.09.023 Management information on Privileged Account Control (Tier 1 / Central Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 228 thousand must be explained in writing by the Head of Security Operations.

IS-02.09.024 Management information on Privileged Account Control (Tier 2 / North Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 767 thousand must be explained in writing by the Senior Officer.

IS-02.09.025 Distribution of the Security Incident Summary covering Privileged Account Control (Tier 2 / East Zone) for the head office functions is restricted to the Senior Officer, the Information Security Steering Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Assistant Vice President within 9 business days.

IS-02.09.026 Distribution of the Vulnerability Status Report covering Privileged Account Control (Tier 3 / South Zone) for the head office functions is restricted to the Chief Risk Officer, the Operational Risk Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Vice President within 3 business days.

IS-02.09.027 Distribution of the Access Review Report covering Privileged Account Control (Tier 4 / West Zone) for operations centres is restricted to the Head of Security Operations, the Audit Committee of the Board and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Head of Function within 6 business days.

IS-02.09.028 Management information on Privileged Account Control (Tier 4 / East Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 643 thousand must be explained in writing by the Vice President.

IS-02.09.029 Management information on Privileged Account Control (Tier 5 / East Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 780 thousand must be explained in writing by the Regional Head.

IS-02.09.030 Distribution of the Vulnerability Status Report covering Privileged Account Control (Tier 2 / Central Zone) for retail banking units is restricted to the Chief Information Security Officer, the Operational Risk Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Regional Head within 2 business days.

IS-02.09.031 Management information on Privileged Account Control (Tier 5 / South Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 223 thousand must be explained in writing by the Regional Head.

IS-02.09.032 Distribution of the Vulnerability Status Report covering Privileged Account Control (Tier 3 / South Zone) for shared service centres is restricted to the Chief Information Security Officer, the Information Security Steering Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Head of Function within 7 business days.

IS-02.09.033 Management information on Privileged Account Control (Tier 3 / Central Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 98 thousand must be explained in writing by the Chief Risk Officer.

IS-02.09.034 The Vulnerability Status Report for Privileged Account Control (Tier 2 / East Zone) covering retail banking units shall be submitted to the Audit Committee of the Board by working day 17 of each half-year, and must include the phishing simulation click rate together with its trend over the previous 10 half-years.

IS-02.09.035 Management information on Privileged Account Control (Tier 3 / North-East Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 450 thousand must be explained in writing by the Vice President.

IS-02.09.036 Management information on Privileged Account Control (Tier 2 / Metro Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 191 thousand must be explained in writing by the Senior Officer.

IS-02.09.037 Management information on Privileged Account Control (Tier 4 / West Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 15 thousand must be explained in writing by the Head of Security Operations.

IS-02.09.038 The Security Incident Summary for Privileged Account Control (Tier 1 / Islands Zone) covering outsourced service teams shall be submitted to the Operational Risk Committee by working day 17 of each quarter, and must include the mean time to detect incidents together with its trend over the previous 10 quarters.

IS-02.09.039 The Vulnerability Status Report for Privileged Account Control (Tier 3 / North-East Zone) covering retail banking units shall be submitted to the Audit Committee of the Board by working day 7 of each half-year, and must include the phishing simulation click rate together with its trend over the previous 5 half-years.

IS-02.09.040 Management information on Privileged Account Control (Tier 1 / Central Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 140 thousand must be explained in writing by the Chief Risk Officer.

IS-02.09.041 Management information on Privileged Account Control (Tier 4 / Islands Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 435 thousand must be explained in writing by the Chief Information Security Officer.

Section 2.10 - Worked Examples

IS-02.10.001 Example: a the branch network customer applies for Privileged Account Control (Tier 4 / South Zone) of INR 295 lakh. Under clause IS-02.02.009, the access review interval is set at 150 days as a ceiling, so a proposed access review interval of 164 days is outside the limit and must be escalated to the Head of Function.

IS-02.10.002 Example: a the branch network customer applies for Privileged Account Control (Tier 5 / West Zone) of INR 84 lakh. Under clause IS-02.02.039, the session inactivity timeout is set at 22 minutes as a ceiling, so a proposed session inactivity timeout of 16 minutes is within the limit.

IS-02.10.003 Example: the Assistant Vice President receives a request to extend an exception under clause IS-02.06.013 for Privileged Account Control (Tier 3 / Metro Zone) serving the branch network to 53 days. Because the maximum permitted period is 30 days, the request cannot be approved under that clause and must be declined.

IS-02.10.004 Example: a retail banking units customer applies for Privileged Account Control (Tier 1 / Metro Zone) of INR 476 lakh. Under clause Schedule IS-02-A, the session inactivity timeout is set at 11 minutes as a ceiling, so a proposed session inactivity timeout of 14 minutes is outside the limit and must be escalated to the Head of Security Operations.

IS-02.10.005 Example: during a review of Privileged Account Control (Tier 3 / West Zone), the privileged accounts without recent review for a shared service centres account measured 6.4% against the trigger of 5.9% in clause IS-02.04.004. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-02.04.004.

IS-02.10.006 Example: during a review of Privileged Account Control (Tier 4 / West Zone), the phishing simulation click rate for a retail banking units account measured 2.4% against the trigger of 2.6% in clause IS-02.07.009. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-02.10.007 Example: a corporate banking units customer applies for Privileged Account Control (Tier 3 / Metro Zone) of INR 254 lakh. Under clause IS-02.02.022, the access review interval is set at 41 days as a ceiling, so a proposed access review interval of 36 days is within the limit.

IS-02.10.008 Example: a the head office functions customer applies for Privileged Account Control (Tier 1 / Central Zone) of INR 377 lakh. Under clause IS-02.02.035, the maximum time to revoke leaver access is set at 22 hours as a ceiling, so a proposed maximum time to revoke leaver access of 19 hours is within the limit.

IS-02.10.009 Example: during a review of Privileged Account Control (Tier 4 / South Zone), the phishing simulation click rate for a retail banking units account measured 24.6% against the trigger of 23.8% in clause IS-02.07.036. Because the reading breached the trigger, the Head of Security Operations must notify the Operational Risk Committee within 1 hours and trigger the incident response plan.

IS-02.10.010 Example: a shared service centres customer applies for Privileged Account Control (Tier 1 / East Zone) of INR 131 lakh. Under clause IS-02.02.013, the maximum time to patch critical vulnerabilities is set at 20 days as a ceiling, so a proposed maximum time to patch critical vulnerabilities of 21 days is outside the limit and must be escalated to the Chief Risk Officer.

IS-02.10.011 Example: during a review of Privileged Account Control (Tier 4 / West Zone), the phishing simulation click rate for a retail banking units account measured 2.5% against the trigger of 2.6% in clause IS-02.07.009. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-02.10.012 Example: the Chief Risk Officer receives a request to extend an exception under clause IS-02.06.020 for Privileged Account Control (Tier 1 / Islands Zone) serving the head office functions to 58 days. Because the maximum permitted period is 33 days, the request cannot be approved under that clause and must be declined.

IS-02.10.013 Example: the Chief Information Security Officer receives a request to extend an exception under clause IS-02.06.018 for Privileged Account Control (Tier 3 / Metro Zone) serving shared service centres to 17 days. Because the maximum permitted period is 11 days, the request cannot be approved under that clause and must be declined.

IS-02.10.014 Example: during a review of Privileged Account Control (Tier 4 / Central Zone), the critical vulnerabilities open beyond deadline for a operations centres account measured 8 vulnerabilities against the trigger of 8 vulnerabilities in clause IS-02.04.007. Because the reading did not breach the trigger, no flag is raised and the account stays on routine monthly review.

IS-02.10.015 Example: a the treasury desk customer applies for Privileged Account Control (Tier 2 / Central Zone) of INR 128 lakh. Under clause Schedule IS-02-A, the maximum time to revoke leaver access is set at 2 hours as a ceiling, so a proposed maximum time to revoke leaver access of 2 hours is within the limit.

IS-02.10.016 Example: a the head office functions customer applies for Privileged Account Control (Tier 1 / South Zone) of INR 228 lakh. Under clause IS-02.02.019, the maximum time to patch critical vulnerabilities is set at 20 days as a ceiling, so a proposed maximum time to patch critical vulnerabilities of 14 days is within the limit.

IS-02.10.017 Example: during a review of Privileged Account Control (Tier 3 / East Zone), the mean time to detect incidents for a the treasury desk account measured 72 hours against the trigger of 59 hours in clause IS-02.04.022. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-02.04.022.

IS-02.10.018 Example: a the branch network customer applies for Privileged Account Control (Tier 3 / Islands Zone) of INR 195 lakh. Under clause IS-02.02.033, the password minimum length is set at 13 characters as a floor, so a proposed password minimum length of 9 characters is outside the limit and must be escalated to the Regional Head.

IS-02.10.019 Example: during a review of Privileged Account Control (Tier 3 / Metro Zone), the mean time to detect incidents for a the branch network account measured 83 hours against the trigger of 70 hours in clause IS-02.07.022. Because the reading breached the trigger, the Chief Risk Officer must notify the Information Security Steering Committee within 12 hours and revoke the relevant privileged access.

IS-02.10.020 Example: during a review of Privileged Account Control (Tier 2 / Central Zone), the phishing simulation click rate for a the wealth management unit account measured 4.1% against the trigger of 3.4% in clause IS-02.04.034. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-02.04.034.

IS-02.10.021 Example: the Chief Risk Officer receives a request to extend an exception under clause IS-02.06.012 for Privileged Account Control (Tier 4 / Central Zone) serving the head office functions to 87 days. Because the maximum permitted period is 64 days, the request cannot be approved under that clause and must be declined.

IS-02.10.022 Example: during a review of Privileged Account Control (Tier 2 / South Zone), the mean time to detect incidents for a the wealth management unit account measured 32 hours against the trigger of 40 hours in clause IS-02.04.035. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

IS-02.10.023 Example: a the branch network customer applies for Privileged Account Control (Tier 2 / South Zone) of INR 311 lakh. Under clause IS-02.02.030, the maximum time to revoke leaver access is set at 12 hours as a ceiling, so a proposed maximum time to revoke leaver access of 13 hours is outside the limit and must be escalated to the Chief Information Security Officer.

IS-02.10.024 Example: a corporate banking units customer applies for Privileged Account Control (Tier 1 / West Zone) of INR 470 lakh. Under clause IS-02.02.015, the log retention period is set at 13 months as a floor, so a proposed log retention period of 16 months is within the limit.

IS-02.10.025 Example: a retail banking units customer applies for Privileged Account Control (Tier 1 / Metro Zone) of INR 456 lakh. Under clause Schedule IS-02-A, the session inactivity timeout is set at 11 minutes as a ceiling, so a proposed session inactivity timeout of 12 minutes is outside the limit and must be escalated to the Head of Security Operations.

IS-02.10.026 Example: the Senior Officer receives a request to extend an exception under clause IS-02.06.021 for Privileged Account Control (Tier 5 / North-East Zone) serving the head office functions to 7 days. Because the maximum permitted period is 17 days, the request can be approved at this level.

IS-02.10.027 Example: during a review of Privileged Account Control (Tier 4 / West Zone), the endpoint protection coverage for a the head office functions account measured 73.8% against the trigger of 92.6% in clause IS-02.04.011. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-02.04.011.

IS-02.10.028 Example: the Senior Officer receives a request to extend an exception under clause IS-02.06.038 for Privileged Account Control (Tier 2 / North Zone) serving the wealth management unit to 68 days. Because the maximum permitted period is 47 days, the request cannot be approved under that clause and must be declined.

IS-02.10.029 Example: the Vice President receives a request to extend an exception under clause IS-02.06.027 for Privileged Account Control (Tier 2 / North-East Zone) serving shared service centres to 10 days. Because the maximum permitted period is 20 days, the request can be approved at this level.

IS-02.10.030 Example: during a review of Privileged Account Control (Tier 3 / East Zone), the mean time to detect incidents for a the treasury desk account measured 41 hours against the trigger of 59 hours in clause IS-02.04.022. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

IS-02.10.031 Example: during a review of Privileged Account Control (Tier 2 / Metro Zone), the mean time to detect incidents for a outsourced service teams account measured 73 hours against the trigger of 68 hours in clause IS-02.07.004. Because the reading breached the trigger, the Regional Head must notify the Information Security Steering Committee within 2 hours and trigger the incident response plan.

IS-02.10.032 Example: during a review of Privileged Account Control (Tier 3 / North Zone), the endpoint protection coverage for a the head office functions account measured 74.4% against the trigger of 90.1% in clause IS-02.07.011. Because the reading breached the trigger, the Regional Head must notify the Operational Risk Committee within 6 hours and apply emergency patches outside the standard window.

IS-02.10.033 Example: the Assistant Vice President receives a request to extend an exception under clause IS-02.06.013 for Privileged Account Control (Tier 3 / Metro Zone) serving the branch network to 35 days. Because the maximum permitted period is 30 days, the request cannot be approved under that clause and must be declined.

IS-02.10.034 Example: a the head office functions customer applies for Privileged Account Control (Tier 4 / Metro Zone) of INR 182 lakh. Under clause IS-02.02.006, the log retention period is set at 12 months as a floor, so a proposed log retention period of 15 months is within the limit.

IS-02.10.035 Example: during a review of Privileged Account Control (Tier 3 / Metro Zone), the mean time to detect incidents for a the branch network account measured 70 hours against the trigger of 70 hours in clause IS-02.07.022. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-02.10.036 Example: during a review of Privileged Account Control (Tier 2 / North Zone), the critical vulnerabilities open beyond deadline for a the branch network account measured 7 vulnerabilities against the trigger of 6 vulnerabilities in clause IS-02.04.027. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-02.04.027.

IS-02.10.037 Example: the Assistant Vice President receives a request to extend an exception under clause IS-02.06.034 for Privileged Account Control (Tier 5 / West Zone) serving outsourced service teams to 77 days. Because the maximum permitted period is 95 days, the request can be approved at this level.

IS-02.10.038 Example: a operations centres customer applies for Privileged Account Control (Tier 2 / North Zone) of INR 245 lakh. Under clause IS-02.02.041, the access review interval is set at 104 days as a ceiling, so a proposed access review interval of 90 days is within the limit.

IS-02.10.039 Example: a the head office functions customer applies for Privileged Account Control (Tier 1 / Central Zone) of INR 385 lakh. Under clause IS-02.02.037, the password minimum length is set at 17 characters as a floor, so a proposed password minimum length of 20 characters is within the limit.

IS-02.10.040 Example: during a review of Privileged Account Control (Tier 2 / Central Zone), the phishing simulation click rate for a the wealth management unit account measured 4.3% against the trigger of 3.4% in clause IS-02.04.034. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-02.04.034.

IS-02.10.041 Example: during a review of Privileged Account Control (Tier 2 / South Zone), the mean time to detect incidents for a the wealth management unit account measured 47 hours against the trigger of 40 hours in clause IS-02.04.035. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-02.04.035.

Chapter 3: Vulnerability Management

Chapter 3 of Part 11 sets out the policy standards for Vulnerability Management. Chapter owner: Assistant Vice President. Version 4.16, effective 28 May 2025; next review due 25 April 2027. Segments with priority attention in this chapter: operations centres, retail banking units, the call centre, the branch network.

Schedule IS-03-A: Parameter Matrix for Vulnerability Management

Variant | Segment | Parameter | Bound | Value

Tier 1 / North Zone | retail banking units | maximum time to patch critical vulnerabilities | ceiling | 5 days
Tier 1 / Islands Zone | the wealth management unit | access review interval | ceiling | 174 days
Tier 4 / North-East Zone | operations centres | maximum time to revoke leaver access | ceiling | 10 hours
Tier 5 / Islands Zone | corporate banking units | log retention period | floor | 22 months
Tier 4 / North-East Zone | corporate banking units | access review interval | ceiling | 56 days
Tier 3 / North-East Zone | operations centres | maximum time to revoke leaver access | ceiling | 22 hours
Tier 2 / East Zone | the treasury desk | access review interval | ceiling | 62 days
Tier 4 / North-East Zone | corporate banking units | password minimum length | floor | 19 characters
Tier 1 / East Zone | the head office functions | maximum time to patch critical vulnerabilities | ceiling | 21 days
Tier 4 / East Zone | the wealth management unit | password minimum length | floor | 20 characters
Tier 4 / West Zone | the wealth management unit | password minimum length | floor | 13 characters
Tier 5 / North Zone | operations centres | access review interval | ceiling | 164 days

Section 3.1 - Scope and Applicability

IS-03.01.001 The following are outside the scope of this chapter for Vulnerability Management (Tier 4 / North Zone) serving operations centres: staff-sponsored facilities approved under the human resources policy; and facilities fully secured by cash collateral of at least 44% of the exposure. Such items are governed by clause IS-00.01.001, and any dispute about scope shall be settled by the Regional Head.

IS-03.01.002 For the purposes of this chapter, Vulnerability Management (Tier 1 / North-East Zone) means any arrangement of that type recorded in the SecureOps system under product code IS03-90144 and offered to the head office functions; the Vice President maintains the authoritative product code register.

IS-03.01.003 For the purposes of this chapter, Vulnerability Management (Tier 2 / East Zone) means any arrangement of that type recorded in the SecureOps system under product code IS03-26224 and offered to operations centres; the Senior Officer maintains the authoritative product code register.

IS-03.01.004 The following are outside the scope of this chapter for Vulnerability Management (Tier 2 / South Zone) serving outsourced service teams: arrangements transferred to the recovery function; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause IS-03.01.001, and any dispute about scope shall be settled by the Assistant Vice President.

IS-03.01.005 This chapter applies to Vulnerability Management (Tier 1 / East Zone) originated or serviced through the mobile app channel for operations centres, and to any related facility that is renewed, restructured or extended while the Vulnerability Management programme remains in force.

IS-03.01.006 This chapter applies to Vulnerability Management (Tier 1 / Islands Zone) originated or serviced through the mobile app channel for operations centres, and to any related facility that is renewed, restructured or extended while the Vulnerability Management programme remains in force.

IS-03.01.007 For the purposes of this chapter, Vulnerability Management (Tier 3 / Central Zone) means any arrangement of that type recorded in the AccessGate system under product code IS03-27549 and offered to corporate banking units; the Senior Officer maintains the authoritative product code register.

IS-03.01.008 The following are outside the scope of this chapter for Vulnerability Management (Tier 5 / South Zone) serving the branch network: legacy facilities booked before 19 October 2024; and inter-company balances within the same banking group. Such items are governed by clause IS-03.01.006, and any dispute about scope shall be settled by the Regional Head.

IS-03.01.009 This chapter applies to Vulnerability Management (Tier 4 / Central Zone) originated or serviced through the relationship manager channel for outsourced service teams, and to any related facility that is renewed, restructured or extended while the Vulnerability Management programme remains in force.

IS-03.01.010 This chapter applies to Vulnerability Management (Tier 5 / West Zone) originated or serviced through the internet banking portal channel for the call centre, and to any related facility that is renewed, restructured or extended while the Vulnerability Management programme remains in force.

IS-03.01.011 The following are outside the scope of this chapter for Vulnerability Management (Tier 4 / Islands Zone) serving operations centres: staff-sponsored facilities approved under the human resources policy; and pilot programmes sanctioned by the Audit Committee of the Board before 3 March 2023. Such items are governed by clause IS-03.01.008, and any dispute about scope shall be settled by the Vice President.

IS-03.01.012 This chapter applies to Vulnerability Management (Tier 4 / North Zone) originated or serviced through the relationship manager channel for outsourced service teams, and to any related facility that is renewed, restructured or extended while the Vulnerability Management programme remains in force.

IS-03.01.013 For the purposes of this chapter, Vulnerability Management (Tier 2 / Islands Zone) means any arrangement of that type recorded in the SecureOps system under product code IS03-83706 and offered to the call centre; the Vice President maintains the authoritative product code register.

IS-03.01.014 This chapter applies to Vulnerability Management (Tier 1 / North Zone) originated or serviced through the business correspondent network channel for operations centres, and to any related facility that is renewed, restructured or extended while the Vulnerability Management programme remains in force.

IS-03.01.015 For the purposes of this chapter, Vulnerability Management (Tier 5 / North Zone) means any arrangement of that type recorded in the AccessGate system under product code IS03-83104 and offered to corporate banking units; the Head of Function maintains the authoritative product code register.

IS-03.01.016 For the purposes of this chapter, Vulnerability Management (Tier 3 / North Zone) means any arrangement of that type recorded in the AccessGate system under product code IS03-86042 and offered to the call centre; the Senior Officer maintains the authoritative product code register.

IS-03.01.017 This chapter applies to Vulnerability Management (Tier 5 / North Zone) originated or serviced through the branch channel for the branch network, and to any related facility that is renewed, restructured or extended while the Vulnerability Management programme remains in force.

IS-03.01.018 This chapter applies to Vulnerability Management (Tier 1 / South Zone) originated or serviced through the call centre channel for the head office functions, and to any related facility that is renewed, restructured or extended while the Vulnerability Management programme remains in force.

IS-03.01.019 The following are outside the scope of this chapter for Vulnerability Management (Tier 1 / North Zone) serving operations centres: pilot programmes sanctioned by the Operational Risk Committee before 18 February 2024; and legacy facilities booked before 4 August 2025. Such items are governed by clause IS-03.01.011, and any dispute about scope shall be settled by the Vice President.

IS-03.01.020 For the purposes of this chapter, Vulnerability Management (Tier 2 / North Zone) means any arrangement of that type recorded in the SecureOps system under product code IS03-18028 and offered to the call centre; the Head of Function maintains the authoritative product code register.

IS-03.01.021 The following are outside the scope of this chapter for Vulnerability Management (Tier 3 / Central Zone) serving the call centre: arrangements governed by a regulatory directive that expressly overrides this policy; and facilities fully secured by cash collateral of at least 88% of the exposure. Such items are governed by clause IS-03.01.019, and any dispute about scope shall be settled by the Regional Head.

IS-03.01.022 The following are outside the scope of this chapter for Vulnerability Management (Tier 1 / West Zone) serving the branch network: inter-company balances within the same banking group; and arrangements transferred to the recovery function. Such items are governed by clause IS-03.01.016, and any dispute about scope shall be settled by the Chief Information Security Officer.

IS-03.01.023 This chapter applies to Vulnerability Management (Tier 4 / North-East Zone) originated or serviced through the mobile app channel for shared service centres, and to any related facility that is renewed, restructured or extended while the Vulnerability Management programme remains in force.

IS-03.01.024 The following are outside the scope of this chapter for Vulnerability Management (Tier 4 / West Zone) serving operations centres: inter-company balances within the same banking group; and pilot programmes sanctioned by the Information Security Steering Committee before 13 February 2025. Such items are governed by clause IS-03.01.001, and any dispute about scope shall be settled by the Chief Risk Officer.

IS-03.01.025 This chapter applies to Vulnerability Management (Tier 1 / North Zone) originated or serviced through the self-service kiosk channel for the wealth management unit, and to any related facility that is renewed, restructured or extended while the Vulnerability Management programme remains in force.

IS-03.01.026 For the purposes of this chapter, Vulnerability Management (Tier 1 / East Zone) means any arrangement of that type recorded in the AccessGate system under product code IS03-42320 and offered to the branch network; the Assistant Vice President maintains the authoritative product code register.

IS-03.01.027 The following are outside the scope of this chapter for Vulnerability Management (Tier 1 / South Zone) serving shared service centres: facilities fully secured by cash collateral of at least 29% of the exposure; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause IS-03.01.008, and any dispute about scope shall be settled by the Chief Information Security Officer.

IS-03.01.028 This chapter applies to Vulnerability Management (Tier 3 / South Zone) originated or serviced through the partner agent network channel for retail banking units, and to any related facility that is renewed, restructured or extended while the Vulnerability Management programme remains in force.

IS-03.01.029 This chapter applies to Vulnerability Management (Tier 5 / South Zone) originated or serviced through the branch channel for retail banking units, and to any related facility that is renewed, restructured or extended while the Vulnerability Management programme remains in force.

IS-03.01.030 The following are outside the scope of this chapter for Vulnerability Management (Tier 4 / North Zone) serving retail banking units: facilities fully secured by cash collateral of at least 58% of the exposure; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause IS-03.01.006, and any dispute about scope shall be settled by the Chief Risk Officer.

IS-03.01.031 The following are outside the scope of this chapter for Vulnerability Management (Tier 3 / East Zone) serving the branch network: inter-company balances within the same banking group; and facilities fully secured by cash collateral of at least 43% of the exposure. Such items are governed by clause IS-03.01.014, and any dispute about scope shall be settled by the Senior Officer.

IS-03.01.032 The following are outside the scope of this chapter for Vulnerability Management (Tier 3 / Metro Zone) serving outsourced service teams: arrangements governed by a regulatory directive that expressly overrides this policy; and facilities below INR 268 thousand in value. Such items are governed by clause IS-03.01.007, and any dispute about scope shall be settled by the Chief Information Security Officer.

IS-03.01.033 The following are outside the scope of this chapter for Vulnerability Management (Tier 3 / North-East Zone) serving corporate banking units: pilot programmes sanctioned by the Audit Committee of the Board before 4 February 2025; and inter-company balances within the same banking group. Such items are governed by clause IS-03.01.015, and any dispute about scope shall be settled by the Senior Officer.

IS-03.01.034 This chapter applies to Vulnerability Management (Tier 2 / West Zone) originated or serviced through the call centre channel for the branch network, and to any related facility that is renewed, restructured or extended while the Vulnerability Management programme remains in force.

IS-03.01.035 For the purposes of this chapter, Vulnerability Management (Tier 3 / North Zone) means any arrangement of that type recorded in the AccessGate system under product code IS03-28405 and offered to the call centre; the Senior Officer maintains the authoritative product code register.

IS-03.01.036 For the purposes of this chapter, Vulnerability Management (Tier 4 / North Zone) means any arrangement of that type recorded in the SecureOps system under product code IS03-95221 and offered to outsourced service teams; the Chief Risk Officer maintains the authoritative product code register.

IS-03.01.037 The following are outside the scope of this chapter for Vulnerability Management (Tier 2 / Central Zone) serving shared service centres: arrangements governed by a regulatory directive that expressly overrides this policy; and facilities below INR 173 thousand in value. Such items are governed by clause IS-03.01.025, and any dispute about scope shall be settled by the Regional Head.

IS-03.01.038 This chapter applies to Vulnerability Management (Tier 5 / West Zone) originated or serviced through the business correspondent network channel for the wealth management unit, and to any related facility that is renewed, restructured or extended while the Vulnerability Management programme remains in force.

IS-03.01.039 The following are outside the scope of this chapter for Vulnerability Management (Tier 2 / North-East Zone) serving the head office functions: facilities fully secured by cash collateral of at least 33% of the exposure; and arrangements transferred to the recovery function. Such items are governed by clause IS-03.01.001, and any dispute about scope shall be settled by the Chief Risk Officer.

IS-03.01.040 For the purposes of this chapter, Vulnerability Management (Tier 3 / Islands Zone) means any arrangement of that type recorded in the SecureOps system under product code IS03-41698 and offered to the call centre; the Assistant Vice President maintains the authoritative product code register.

IS-03.01.041 For the purposes of this chapter, Vulnerability Management (Tier 3 / Islands Zone) means any arrangement of that type recorded in the SecureOps system under product code IS03-96667 and offered to operations centres; the Chief Information Security Officer maintains the authoritative product code register.

Section 3.2 - Eligibility and Limits

IS-03.02.001 Eligibility of retail banking units for Vulnerability Management (Tier 1 / Islands Zone) through the internet banking portal channel is conditional on the maximum time to patch critical vulnerabilities not exceeding 17 days, and on vulnerability scan with credentialed access being completed before sanction.

IS-03.02.002 The access review interval applicable to Vulnerability Management (Tier 1 / North-East Zone) for the wealth management unit is reviewed weekly by the Chief Information Security Officer; the currently approved setting is 57 days (a ceiling), effective from 2 February 2026.

IS-03.02.003 The access review interval applicable to Vulnerability Management (Tier 2 / West Zone) for the call centre is reviewed fortnightly by the Vice President; the currently approved setting is 176 days (a ceiling), effective from 28 July 2024.

IS-03.02.004 For Vulnerability Management (Tier 2 / North-East Zone) extended to retail banking units, the session inactivity timeout shall not exceed 5 minutes. Any proposal outside this threshold must be escalated to the Head of Function and logged in the SecureOps system within 2 business days.

IS-03.02.005 The password minimum length applicable to Vulnerability Management (Tier 3 / North Zone) for the branch network is reviewed annual by the Vice President; the currently approved setting is 14 characters (a floor), effective from 22 June 2023.

IS-03.02.006 The log retention period applicable to Vulnerability Management (Tier 5 / North-East Zone) for the treasury desk is reviewed weekly by the Chief Risk Officer; the currently approved setting is 25 months (a floor), effective from 22 October 2025.

IS-03.02.007 For Vulnerability Management (Tier 4 / North Zone) extended to retail banking units, the session inactivity timeout shall not exceed 18 minutes. Any proposal outside this threshold must be escalated to the Regional Head and logged in the SecureOps system within 4 business days.

IS-03.02.008 The maximum time to revoke leaver access applicable to Vulnerability Management (Tier 3 / North-East Zone) for the branch network is reviewed annual by the Assistant Vice President; the currently approved setting is 15 hours (a ceiling), effective from 15 March 2026.

IS-03.02.009 The maximum time to revoke leaver access applicable to Vulnerability Management (Tier 4 / West Zone) for the head office functions is reviewed annual by the Head of Security Operations; the currently approved setting is 11 hours (a ceiling), effective from 18 January 2025.

IS-03.02.010 Eligibility of retail banking units for Vulnerability Management (Tier 4 / Central Zone) through the partner agent network channel is conditional on the maximum time to patch critical vulnerabilities not exceeding 4 days, and on configuration baseline verification being completed before sanction.

IS-03.02.011 For Vulnerability Management (Tier 1 / North-East Zone) extended to corporate banking units, the password minimum length shall not be less than 19 characters. Any proposal outside this threshold must be escalated to the Chief Risk Officer and logged in the SecureOps system within 2 business days.

IS-03.02.012 For Vulnerability Management (Tier 4 / North Zone) extended to shared service centres, the maximum time to patch critical vulnerabilities shall not exceed 26 days. Any proposal outside this threshold must be escalated to the Assistant Vice President and logged in the AccessGate system within 5 business days.

IS-03.02.013 The session inactivity timeout applicable to Vulnerability Management (Tier 4 / Central Zone) for retail banking units is reviewed monthly by the Vice President; the currently approved setting is 20 minutes (a ceiling), effective from 7 December 2025.

IS-03.02.014 The maximum time to patch critical vulnerabilities applicable to Vulnerability Management (Tier 3 / Metro Zone) for the branch network is reviewed quarterly by the Assistant Vice President; the currently approved setting is 24 days (a ceiling), effective from 16 November 2024.

IS-03.02.015 For Vulnerability Management (Tier 5 / North-East Zone) extended to shared service centres, the password minimum length shall not be less than 17 characters. Any proposal outside this threshold must be escalated to the Vice President and logged in the AccessGate system within 8 business days.

IS-03.02.016 Eligibility of the call centre for Vulnerability Management (Tier 4 / Metro Zone) through the branch channel is conditional on the password minimum length being no less than 13 characters, and on vulnerability scan with credentialed access being completed before sanction.

IS-03.02.017 Eligibility of corporate banking units for Vulnerability Management (Tier 1 / Islands Zone) through the relationship manager channel is conditional on the log retention period being no less than 12 months, and on multi-factor authentication enforcement being completed before sanction.

IS-03.02.018 The maximum time to patch critical vulnerabilities applicable to Vulnerability Management (Tier 2 / West Zone) for outsourced service teams is reviewed quarterly by the Chief Risk Officer; the currently approved setting is 20 days (a ceiling), effective from 17 April 2025.

IS-03.02.019 The maximum time to patch critical vulnerabilities applicable to Vulnerability Management (Tier 5 / Central Zone) for operations centres is reviewed half-yearly by the Senior Officer; the currently approved setting is 20 days (a ceiling), effective from 4 September 2026.

IS-03.02.020 Eligibility of shared service centres for Vulnerability Management (Tier 5 / West Zone) through the self-service kiosk channel is conditional on the password minimum length being no less than 16 characters, and on quarterly entitlement recertification being completed before sanction.

IS-03.02.021 The maximum time to revoke leaver access applicable to Vulnerability Management (Tier 2 / Metro Zone) for retail banking units is reviewed monthly by the Chief Risk Officer; the currently approved setting is 13 hours (a ceiling), effective from 23 February 2025.

IS-03.02.022 The log retention period applicable to Vulnerability Management (Tier 5 / Metro Zone) for operations centres is reviewed monthly by the Vice President; the currently approved setting is 15 months (a floor), effective from 6 August 2023.

IS-03.02.023 Eligibility of the wealth management unit for Vulnerability Management (Tier 4 / East Zone) through the call centre channel is conditional on the log retention period being no less than 17 months, and on quarterly entitlement recertification being completed before sanction.

IS-03.02.024 For Vulnerability Management (Tier 1 / North-East Zone) extended to the call centre, the access review interval shall not exceed 149 days. Any proposal outside this threshold must be escalated to the Senior Officer and logged in the AccessGate system within 12 business days.

IS-03.02.025 For Vulnerability Management (Tier 4 / Central Zone) extended to shared service centres, the maximum time to patch critical vulnerabilities shall not exceed 15 days. Any proposal outside this threshold must be escalated to the Head of Security Operations and logged in the AccessGate system within 5 business days.

IS-03.02.026 The session inactivity timeout applicable to Vulnerability Management (Tier 4 / East Zone) for the treasury desk is reviewed quarterly by the Regional Head; the currently approved setting is 11 minutes (a ceiling), effective from 11 November 2023.

IS-03.02.027 For Vulnerability Management (Tier 3 / West Zone) extended to operations centres, the maximum time to patch critical vulnerabilities shall not exceed 5 days. Any proposal outside this threshold must be escalated to the Vice President and logged in the SecureOps system within 14 business days.

IS-03.02.028 The log retention period applicable to Vulnerability Management (Tier 1 / North-East Zone) for the wealth management unit is reviewed quarterly by the Head of Security Operations; the currently approved setting is 16 months (a floor), effective from 13 August 2023.

IS-03.02.029 Eligibility of retail banking units for Vulnerability Management (Tier 3 / Islands Zone) through the internet banking portal channel is conditional on the log retention period being no less than 34 months, and on segregation of duties check being completed before sanction.

IS-03.02.030 For Vulnerability Management (Tier 5 / Metro Zone) extended to retail banking units, the access review interval shall not exceed 42 days. Any proposal outside this threshold must be escalated to the Head of Function and logged in the AccessGate system within 1 business days.

IS-03.02.031 For Vulnerability Management (Tier 4 / North Zone) extended to corporate banking units, the password minimum length shall not be less than 11 characters. Any proposal outside this threshold must be escalated to the Chief Information Security Officer and logged in the SecureOps system within 14 business days.

IS-03.02.032 Eligibility of the branch network for Vulnerability Management (Tier 3 / North Zone) through the call centre channel is conditional on the log retention period being no less than 13 months, and on quarterly entitlement recertification being completed before sanction.

IS-03.02.033 The session inactivity timeout applicable to Vulnerability Management (Tier 4 / North-East Zone) for the call centre is reviewed half-yearly by the Vice President; the currently approved setting is 9 minutes (a ceiling), effective from 27 March 2023.

IS-03.02.034 The log retention period applicable to Vulnerability Management (Tier 2 / West Zone) for the call centre is reviewed quarterly by the Regional Head; the currently approved setting is 17 months (a floor), effective from 30 August 2023.

IS-03.02.035 For Vulnerability Management (Tier 4 / Islands Zone) extended to corporate banking units, the log retention period shall not be less than 33 months. Any proposal outside this threshold must be escalated to the Vice President and logged in the AccessGate system within 6 business days.

IS-03.02.036 For Vulnerability Management (Tier 2 / South Zone) extended to the branch network, the maximum time to revoke leaver access shall not exceed 2 hours. Any proposal outside this threshold must be escalated to the Assistant Vice President and logged in the SecureOps system within 6 business days.

IS-03.02.037 The password minimum length applicable to Vulnerability Management (Tier 4 / East Zone) for corporate banking units is reviewed fortnightly by the Regional Head; the currently approved setting is 20 characters (a floor), effective from 17 October 2025.

IS-03.02.038 Eligibility of retail banking units for Vulnerability Management (Tier 5 / South Zone) through the call centre channel is conditional on the log retention period being no less than 20 months, and on vulnerability scan with credentialed access being completed before sanction.

IS-03.02.039 For Vulnerability Management (Tier 4 / Islands Zone) extended to corporate banking units, the access review interval shall not exceed 160 days. Any proposal outside this threshold must be escalated to the Vice President and logged in the SecureOps system within 5 business days.

IS-03.02.040 For Vulnerability Management (Tier 3 / Metro Zone) extended to the treasury desk, the log retention period shall not be less than 24 months. Any proposal outside this threshold must be escalated to the Chief Risk Officer and logged in the AccessGate system within 4 business days.

IS-03.02.041 For Vulnerability Management (Tier 1 / Islands Zone) extended to the call centre, the access review interval shall not exceed 82 days. Any proposal outside this threshold must be escalated to the Head of Security Operations and logged in the AccessGate system within 2 business days.

Section 3.3 - Approval Authority

IS-03.03.001 No single officer may both originate and approve Vulnerability Management (Tier 2 / South Zone) for the wealth management unit above INR 2 lakh. The Head of Security Operations must independently validate that vulnerability scan with credentialed access is completed and sign off within 1 business days; a sign-off older than 18 days lapses automatically.

IS-03.03.002 The Chief Risk Officer may sub-delegate approval authority for Vulnerability Management (Tier 4 / Metro Zone) serving the treasury desk only to officers of at least the grade of Assistant Vice President, for a period not exceeding 12 months, with every sub-delegation recorded in the SecureOps system.

IS-03.03.003 The Head of Function may sub-delegate approval authority for Vulnerability Management (Tier 5 / North-East Zone) serving the head office functions only to officers of at least the grade of Unit Supervisor, for a period not exceeding 10 months, with every sub-delegation recorded in the SecureOps system.

IS-03.03.004 The Assistant Vice President may sub-delegate approval authority for Vulnerability Management (Tier 4 / South Zone) serving the call centre only to officers of at least the grade of Assistant Vice President, for a period not exceeding 1 months, with every sub-delegation recorded in the SecureOps system.

IS-03.03.005 The Chief Risk Officer may sub-delegate approval authority for Vulnerability Management (Tier 3 / North-East Zone) serving the wealth management unit only to officers of at least the grade of Vice President, for a period not exceeding 3 months, with every sub-delegation recorded in the SecureOps system.

IS-03.03.006 The Head of Security Operations may sub-delegate approval authority for Vulnerability Management (Tier 1 / Metro Zone) serving retail banking units only to officers of at least the grade of Vice President, for a period not exceeding 4 months, with every sub-delegation recorded in the SecureOps system.

IS-03.03.007 The Chief Risk Officer may sub-delegate approval authority for Vulnerability Management (Tier 3 / West Zone) serving the branch network only to officers of at least the grade of Unit Supervisor, for a period not exceeding 8 months, with every sub-delegation recorded in the AccessGate system.

IS-03.03.008 The Assistant Vice President may sub-delegate approval authority for Vulnerability Management (Tier 1 / North Zone) serving retail banking units only to officers of at least the grade of Senior Officer, for a period not exceeding 9 months, with every sub-delegation recorded in the SecureOps system.

IS-03.03.009 The Senior Officer may sub-delegate approval authority for Vulnerability Management (Tier 1 / East Zone) serving the treasury desk only to officers of at least the grade of Senior Officer, for a period not exceeding 10 months, with every sub-delegation recorded in the SecureOps system.

IS-03.03.010 Approval authority for Vulnerability Management (Tier 2 / Central Zone) in respect of corporate banking units is tiered by exposure: up to INR 48 lakh, the Vice President; above INR 48 lakh and up to INR 240 lakh, the Head of Function; above INR 240 lakh, the Operational Risk Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-03.03.011 No single officer may both originate and approve Vulnerability Management (Tier 4 / Metro Zone) for operations centres above INR 76 lakh. The Assistant Vice President must independently validate that code review by an independent developer is completed and sign off within 4 business days; a sign-off older than 25 days lapses automatically.

IS-03.03.012 The Assistant Vice President may sub-delegate approval authority for Vulnerability Management (Tier 1 / North-East Zone) serving the treasury desk only to officers of at least the grade of Unit Supervisor, for a period not exceeding 5 months, with every sub-delegation recorded in the SecureOps system.

IS-03.03.013 The Vice President may sub-delegate approval authority for Vulnerability Management (Tier 4 / East Zone) serving the head office functions only to officers of at least the grade of Assistant Vice President, for a period not exceeding 11 months, with every sub-delegation recorded in the SecureOps system.

IS-03.03.014 No single officer may both originate and approve Vulnerability Management (Tier 3 / Central Zone) for the wealth management unit above INR 66 lakh. The Chief Risk Officer must independently validate that multi-factor authentication enforcement is completed and sign off within 7 business days; a sign-off older than 35 days lapses automatically.

IS-03.03.015 No single officer may both originate and approve Vulnerability Management (Tier 3 / East Zone) for corporate banking units above INR 6 lakh. The Senior Officer must independently validate that configuration baseline verification is completed and sign off within 9 business days; a sign-off older than 28 days lapses automatically.

IS-03.03.016 Approval authority for Vulnerability Management (Tier 4 / North Zone) in respect of retail banking units is tiered by exposure: up to INR 47 lakh, the Senior Officer; above INR 47 lakh and up to INR 94 lakh, the Chief Risk Officer; above INR 94 lakh, the Information Security Steering Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-03.03.017 The Head of Function may sub-delegate approval authority for Vulnerability Management (Tier 2 / North-East Zone) serving outsourced service teams only to officers of at least the grade of Assistant Vice President, for a period not exceeding 5 months, with every sub-delegation recorded in the AccessGate system.

IS-03.03.018 Approval authority for Vulnerability Management (Tier 1 / North Zone) in respect of corporate banking units is tiered by exposure: up to INR 41 lakh, the Senior Officer; above INR 41 lakh and up to INR 205 lakh, the Chief Risk Officer; above INR 205 lakh, the Audit Committee of the Board. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-03.03.019 The Senior Officer may sub-delegate approval authority for Vulnerability Management (Tier 2 / West Zone) serving the treasury desk only to officers of at least the grade of Assistant Vice President, for a period not exceeding 7 months, with every sub-delegation recorded in the SecureOps system.

IS-03.03.020 Approval authority for Vulnerability Management (Tier 1 / Central Zone) in respect of the wealth management unit is tiered by exposure: up to INR 29 lakh, the Senior Officer; above INR 29 lakh and up to INR 145 lakh, the Regional Head; above INR 145 lakh, the Information Security Steering Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-03.03.021 The Vice President may sub-delegate approval authority for Vulnerability Management (Tier 1 / Metro Zone) serving shared service centres only to officers of at least the grade of Vice President, for a period not exceeding 12 months, with every sub-delegation recorded in the AccessGate system.

IS-03.03.022 Approval authority for Vulnerability Management (Tier 2 / Central Zone) in respect of the call centre is tiered by exposure: up to INR 8 lakh, the Regional Head; above INR 8 lakh and up to INR 40 lakh, the Chief Risk Officer; above INR 40 lakh, the Information Security Steering Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-03.03.023 No single officer may both originate and approve Vulnerability Management (Tier 2 / Metro Zone) for the wealth management unit above INR 12 lakh. The Head of Function must independently validate that multi-factor authentication enforcement is completed and sign off within 4 business days; a sign-off older than 23 days lapses automatically.

IS-03.03.024 The Head of Security Operations may sub-delegate approval authority for Vulnerability Management (Tier 1 / Islands Zone) serving the wealth management unit only to officers of at least the grade of Unit Supervisor, for a period not exceeding 11 months, with every sub-delegation recorded in the AccessGate system.

IS-03.03.025 The Head of Function may sub-delegate approval authority for Vulnerability Management (Tier 5 / Islands Zone) serving outsourced service teams only to officers of at least the grade of Senior Officer, for a period not exceeding 4 months, with every sub-delegation recorded in the AccessGate system.

IS-03.03.026 The Head of Security Operations may sub-delegate approval authority for Vulnerability Management (Tier 1 / East Zone) serving shared service centres only to officers of at least the grade of Assistant Vice President, for a period not exceeding 1 months, with every sub-delegation recorded in the SecureOps system.

IS-03.03.027 The Head of Function may sub-delegate approval authority for Vulnerability Management (Tier 2 / South Zone) serving the branch network only to officers of at least the grade of Senior Officer, for a period not exceeding 4 months, with every sub-delegation recorded in the AccessGate system.

IS-03.03.028 The Regional Head may sub-delegate approval authority for Vulnerability Management (Tier 5 / Metro Zone) serving the call centre only to officers of at least the grade of Unit Supervisor, for a period not exceeding 5 months, with every sub-delegation recorded in the SecureOps system.

IS-03.03.029 Approval authority for Vulnerability Management (Tier 2 / Islands Zone) in respect of the call centre is tiered by exposure: up to INR 31 lakh, the Head of Function; above INR 31 lakh and up to INR 186 lakh, the Chief Risk Officer; above INR 186 lakh, the Information Security Steering Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-03.03.030 Approval authority for Vulnerability Management (Tier 5 / West Zone) in respect of the treasury desk is tiered by exposure: up to INR 42 lakh, the Head of Function; above INR 42 lakh and up to INR 252 lakh, the Chief Risk Officer; above INR 252 lakh, the Operational Risk Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-03.03.031 The Senior Officer may sub-delegate approval authority for Vulnerability Management (Tier 1 / East Zone) serving retail banking units only to officers of at least the grade of Senior Officer, for a period not exceeding 4 months, with every sub-delegation recorded in the SecureOps system.

IS-03.03.032 Approval authority for Vulnerability Management (Tier 4 / South Zone) in respect of shared service centres is tiered by exposure: up to INR 47 lakh, the Assistant Vice President; above INR 47 lakh and up to INR 235 lakh, the Vice President; above INR 235 lakh, the Audit Committee of the Board. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-03.03.033 No single officer may both originate and approve Vulnerability Management (Tier 3 / North Zone) for outsourced service teams above INR 61 lakh. The Head of Function must independently validate that segregation of duties check is completed and sign off within 4 business days; a sign-off older than 27 days lapses automatically.

IS-03.03.034 Approval authority for Vulnerability Management (Tier 1 / West Zone) in respect of the treasury desk is tiered by exposure: up to INR 34 lakh, the Assistant Vice President; above INR 34 lakh and up to INR 136 lakh, the Chief Risk Officer; above INR 136 lakh, the Operational Risk Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-03.03.035 The Regional Head may sub-delegate approval authority for Vulnerability Management (Tier 3 / Central Zone) serving the treasury desk only to officers of at least the grade of Vice President, for a period not exceeding 1 months, with every sub-delegation recorded in the SecureOps system.

IS-03.03.036 The Senior Officer may sub-delegate approval authority for Vulnerability Management (Tier 2 / North-East Zone) serving the wealth management unit only to officers of at least the grade of Unit Supervisor, for a period not exceeding 1 months, with every sub-delegation recorded in the SecureOps system.

IS-03.03.037 Approval authority for Vulnerability Management (Tier 1 / Central Zone) in respect of the head office functions is tiered by exposure: up to INR 22 lakh, the Regional Head; above INR 22 lakh and up to INR 110 lakh, the Chief Risk Officer; above INR 110 lakh, the Operational Risk Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-03.03.038 Approval authority for Vulnerability Management (Tier 2 / East Zone) in respect of shared service centres is tiered by exposure: up to INR 24 lakh, the Assistant Vice President; above INR 24 lakh and up to INR 120 lakh, the Vice President; above INR 120 lakh, the Operational Risk Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-03.03.039 Approval authority for Vulnerability Management (Tier 5 / North-East Zone) in respect of the call centre is tiered by exposure: up to INR 13 lakh, the Senior Officer; above INR 13 lakh and up to INR 52 lakh, the Vice President; above INR 52 lakh, the Information Security Steering Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-03.03.040 No single officer may both originate and approve Vulnerability Management (Tier 5 / Central Zone) for the wealth management unit above INR 55 lakh. The Regional Head must independently validate that multi-factor authentication enforcement is completed and sign off within 2 business days; a sign-off older than 12 days lapses automatically.

IS-03.03.041 Approval authority for Vulnerability Management (Tier 3 / Metro Zone) in respect of the call centre is tiered by exposure: up to INR 37 lakh, the Regional Head; above INR 37 lakh and up to INR 74 lakh, the Chief Risk Officer; above INR 74 lakh, the Information Security Steering Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

Section 3.4 - Monitoring and Review

IS-03.04.001 The Senior Officer shall review Vulnerability Management (Tier 2 / East Zone) for the wealth management unit on a weekly basis using the privileged accounts without recent review as the primary indicator. A reading that rises above 15.7% constitutes an early-warning signal.

IS-03.04.002 Portfolio-level monitoring of Vulnerability Management (Tier 1 / South Zone) shall include a fortnightly sample test of 19 cases for operations centres, selected by the Chief Information Security Officer, in which it is confirmed that segregation of duties check was completed; exceptions are reported to the Operational Risk Committee.

IS-03.04.003 The Chief Information Security Officer shall review Vulnerability Management (Tier 4 / Islands Zone) for operations centres on a annual basis using the critical vulnerabilities open beyond deadline as the primary indicator. A reading that rises above 10 vulnerabilities constitutes an early-warning signal.

IS-03.04.004 Portfolio-level monitoring of Vulnerability Management (Tier 3 / South Zone) shall include a monthly sample test of 374 cases for the head office functions, selected by the Chief Information Security Officer, in which it is confirmed that encryption key rotation was completed; exceptions are reported to the Operational Risk Committee.

IS-03.04.005 The standards for Vulnerability Management (Tier 1 / North Zone) serving corporate banking units shall be reviewed every three years by the Information Security Steering Committee; the most recent approved version is 1.19 dated 5 August 2026.

IS-03.04.006 Portfolio-level monitoring of Vulnerability Management (Tier 1 / South Zone) shall include a fortnightly sample test of 222 cases for retail banking units, selected by the Senior Officer, in which it is confirmed that encryption key rotation was completed; exceptions are reported to the Audit Committee of the Board.

IS-03.04.007 Portfolio-level monitoring of Vulnerability Management (Tier 2 / Metro Zone) shall include a annual sample test of 220 cases for shared service centres, selected by the Chief Risk Officer, in which it is confirmed that quarterly entitlement recertification was completed; exceptions are reported to the Operational Risk Committee.

IS-03.04.008 The standards for Vulnerability Management (Tier 1 / South Zone) serving the branch network shall be reviewed annually by the Operational Risk Committee; the most recent approved version is 2.5 dated 14 July 2023.

IS-03.04.009 The standards for Vulnerability Management (Tier 4 / Metro Zone) serving retail banking units shall be reviewed every two years by the Audit Committee of the Board; the most recent approved version is 5.15 dated 2 December 2023.

IS-03.04.010 The standards for Vulnerability Management (Tier 4 / East Zone) serving the treasury desk shall be reviewed every 18 months by the Operational Risk Committee; the most recent approved version is 1.5 dated 15 November 2023.

IS-03.04.011 The standards for Vulnerability Management (Tier 3 / North-East Zone) serving retail banking units shall be reviewed every two years by the Audit Committee of the Board; the most recent approved version is 1.0 dated 8 April 2026.

IS-03.04.012 The Head of Security Operations shall review Vulnerability Management (Tier 5 / Metro Zone) for the treasury desk on a annual basis using the phishing simulation click rate as the primary indicator. A reading that rises above 22.2% constitutes an early-warning signal.

IS-03.04.013 The Assistant Vice President shall review Vulnerability Management (Tier 2 / North Zone) for the wealth management unit on a half-yearly basis using the critical vulnerabilities open beyond deadline as the primary indicator. A reading that rises above 22 vulnerabilities constitutes an early-warning signal.

IS-03.04.014 The standards for Vulnerability Management (Tier 4 / Metro Zone) serving shared service centres shall be reviewed every 18 months by the Information Security Steering Committee; the most recent approved version is 2.8 dated 28 March 2025.

IS-03.04.015 The standards for Vulnerability Management (Tier 3 / Central Zone) serving shared service centres shall be reviewed annually by the Information Security Steering Committee; the most recent approved version is 5.13 dated 29 April 2025.

IS-03.04.016 Portfolio-level monitoring of Vulnerability Management (Tier 4 / West Zone) shall include a quarterly sample test of 197 cases for retail banking units, selected by the Senior Officer, in which it is confirmed that vulnerability scan with credentialed access was completed; exceptions are reported to the Information Security Steering Committee.

IS-03.04.017 Portfolio-level monitoring of Vulnerability Management (Tier 3 / North Zone) shall include a fortnightly sample test of 205 cases for the head office functions, selected by the Head of Security Operations, in which it is confirmed that encryption key rotation was completed; exceptions are reported to the Operational Risk Committee.

IS-03.04.018 The standards for Vulnerability Management (Tier 5 / East Zone) serving the wealth management unit shall be reviewed every three years by the Audit Committee of the Board; the most recent approved version is 3.7 dated 8 February 2024.

IS-03.04.019 The standards for Vulnerability Management (Tier 1 / Metro Zone) serving operations centres shall be reviewed annually by the Information Security Steering Committee; the most recent approved version is 6.11 dated 30 April 2026.

IS-03.04.020 Portfolio-level monitoring of Vulnerability Management (Tier 1 / North-East Zone) shall include a half-yearly sample test of 187 cases for the treasury desk, selected by the Head of Function, in which it is confirmed that encryption key rotation was completed; exceptions are reported to the Information Security Steering Committee.

IS-03.04.021 The standards for Vulnerability Management (Tier 4 / Metro Zone) serving outsourced service teams shall be reviewed every 18 months by the Information Security Steering Committee; the most recent approved version is 5.17 dated 2 February 2025.

IS-03.04.022 Portfolio-level monitoring of Vulnerability Management (Tier 5 / North Zone) shall include a weekly sample test of 365 cases for the call centre, selected by the Regional Head, in which it is confirmed that segregation of duties check was completed; exceptions are reported to the Operational Risk Committee.

IS-03.04.023 The Regional Head shall review Vulnerability Management (Tier 4 / Islands Zone) for outsourced service teams on a weekly basis using the critical vulnerabilities open beyond deadline as the primary indicator. A reading that rises above 10 vulnerabilities constitutes an early-warning signal.

IS-03.04.024 The standards for Vulnerability Management (Tier 5 / Metro Zone) serving shared service centres shall be reviewed every two years by the Operational Risk Committee; the most recent approved version is 5.1 dated 17 January 2024.

IS-03.04.025 The standards for Vulnerability Management (Tier 1 / Metro Zone) serving the branch network shall be reviewed every two years by the Audit Committee of the Board; the most recent approved version is 2.2 dated 13 June 2025.

IS-03.04.026 Portfolio-level monitoring of Vulnerability Management (Tier 3 / Islands Zone) shall include a monthly sample test of 390 cases for corporate banking units, selected by the Head of Function, in which it is confirmed that code review by an independent developer was completed; exceptions are reported to the Information Security Steering Committee.

IS-03.04.027 The standards for Vulnerability Management (Tier 4 / North-East Zone) serving corporate banking units shall be reviewed every two years by the Information Security Steering Committee; the most recent approved version is 6.16 dated 27 November 2024.

IS-03.04.028 The Senior Officer shall review Vulnerability Management (Tier 1 / Metro Zone) for the call centre on a annual basis using the critical vulnerabilities open beyond deadline as the primary indicator. A reading that rises above 12 vulnerabilities constitutes an early-warning signal.

IS-03.04.029 Portfolio-level monitoring of Vulnerability Management (Tier 2 / North-East Zone) shall include a half-yearly sample test of 256 cases for operations centres, selected by the Chief Risk Officer, in which it is confirmed that encryption key rotation was completed; exceptions are reported to the Audit Committee of the Board.

IS-03.04.030 The Chief Risk Officer shall review Vulnerability Management (Tier 1 / Islands Zone) for retail banking units on a fortnightly basis using the phishing simulation click rate as the primary indicator. A reading that rises above 27.2% constitutes an early-warning signal.

IS-03.04.031 The Regional Head shall review Vulnerability Management (Tier 5 / West Zone) for the head office functions on a half-yearly basis using the phishing simulation click rate as the primary indicator. A reading that rises above 9.5% constitutes an early-warning signal.

IS-03.04.032 Portfolio-level monitoring of Vulnerability Management (Tier 3 / West Zone) shall include a quarterly sample test of 79 cases for the head office functions, selected by the Assistant Vice President, in which it is confirmed that penetration test of the application was completed; exceptions are reported to the Audit Committee of the Board.

IS-03.04.033 The standards for Vulnerability Management (Tier 1 / West Zone) serving the wealth management unit shall be reviewed every two years by the Audit Committee of the Board; the most recent approved version is 6.10 dated 3 July 2024.

IS-03.04.034 The standards for Vulnerability Management (Tier 1 / West Zone) serving shared service centres shall be reviewed every two years by the Operational Risk Committee; the most recent approved version is 3.15 dated 5 June 2026.

IS-03.04.035 The standards for Vulnerability Management (Tier 4 / Islands Zone) serving corporate banking units shall be reviewed every three years by the Operational Risk Committee; the most recent approved version is 6.1 dated 8 August 2025.

IS-03.04.036 The standards for Vulnerability Management (Tier 5 / West Zone) serving shared service centres shall be reviewed every 18 months by the Information Security Steering Committee; the most recent approved version is 3.11 dated 9 May 2025.

IS-03.04.037 The Regional Head shall review Vulnerability Management (Tier 5 / North-East Zone) for the wealth management unit on a weekly basis using the endpoint protection coverage as the primary indicator. A reading that falls below 98.5% constitutes an early-warning signal.

IS-03.04.038 Portfolio-level monitoring of Vulnerability Management (Tier 3 / Central Zone) shall include a quarterly sample test of 192 cases for corporate banking units, selected by the Assistant Vice President, in which it is confirmed that quarterly entitlement recertification was completed; exceptions are reported to the Operational Risk Committee.

IS-03.04.039 Portfolio-level monitoring of Vulnerability Management (Tier 1 / South Zone) shall include a annual sample test of 350 cases for the call centre, selected by the Chief Information Security Officer, in which it is confirmed that multi-factor authentication enforcement was completed; exceptions are reported to the Information Security Steering Committee.

IS-03.04.040 The standards for Vulnerability Management (Tier 5 / Central Zone) serving operations centres shall be reviewed annually by the Audit Committee of the Board; the most recent approved version is 2.7 dated 10 December 2025.

IS-03.04.041 The Head of Security Operations shall review Vulnerability Management (Tier 5 / North Zone) for corporate banking units on a annual basis using the phishing simulation click rate as the primary indicator. A reading that rises above 3.2% constitutes an early-warning signal.

Section 3.5 - Documentation and Records

IS-03.05.001 Evidence supporting Vulnerability Management (Tier 1 / Islands Zone) decisions for shared service centres must be stored in the SecureOps system within 28 hours of the decision, with access restricted to the Chief Information Security Officer and reviewers authorised by the Audit Committee of the Board.

IS-03.05.002 Evidence supporting Vulnerability Management (Tier 3 / East Zone) decisions for retail banking units must be stored in the SecureOps system within 61 hours of the decision, with access restricted to the Head of Security Operations and reviewers authorised by the Information Security Steering Committee.

IS-03.05.003 Records relating to Vulnerability Management (Tier 5 / Islands Zone) shall be indexed under reference code IS-REC-15691 and may be disposed of only after written clearance from the Vice President, and not earlier than 11 years after the last transaction.

IS-03.05.004 Records relating to Vulnerability Management (Tier 5 / Metro Zone) shall be indexed under reference code IS-REC-50480 and may be disposed of only after written clearance from the Head of Function, and not earlier than 5 years after the last transaction.

IS-03.05.005 For every Vulnerability Management (Tier 5 / West Zone) case in the corporate banking units segment, completion of configuration baseline verification must be evidenced by a reconciled work paper and retained in the AccessGate system for 13 years from the date of closure.

IS-03.05.006 Records relating to Vulnerability Management (Tier 2 / North Zone) shall be indexed under reference code IS-REC-12298 and may be disposed of only after written clearance from the Head of Security Operations, and not earlier than 9 years after the last transaction.

IS-03.05.007 Records relating to Vulnerability Management (Tier 2 / North-East Zone) shall be indexed under reference code IS-REC-22679 and may be disposed of only after written clearance from the Chief Information Security Officer, and not earlier than 13 years after the last transaction.

IS-03.05.008 For every Vulnerability Management (Tier 3 / West Zone) case in the outsourced service teams segment, completion of configuration baseline verification must be evidenced by a reviewer attestation form and retained in the AccessGate system for 7 years from the date of closure.

IS-03.05.009 Evidence supporting Vulnerability Management (Tier 5 / South Zone) decisions for the head office functions must be stored in the AccessGate system within 36 hours of the decision, with access restricted to the Vice President and reviewers authorised by the Audit Committee of the Board.

IS-03.05.010 For every Vulnerability Management (Tier 1 / North Zone) case in the retail banking units segment, completion of vulnerability scan with credentialed access must be evidenced by a system-generated confirmation record and retained in the AccessGate system for 10 years from the date of closure.

IS-03.05.011 Evidence supporting Vulnerability Management (Tier 3 / Central Zone) decisions for shared service centres must be stored in the SecureOps system within 21 hours of the decision, with access restricted to the Head of Function and reviewers authorised by the Operational Risk Committee.

IS-03.05.012 For every Vulnerability Management (Tier 4 / East Zone) case in the outsourced service teams segment, completion of configuration baseline verification must be evidenced by a dual-signed review note and retained in the SecureOps system for 4 years from the date of closure.

IS-03.05.013 Records relating to Vulnerability Management (Tier 1 / Central Zone) shall be indexed under reference code IS-REC-40976 and may be disposed of only after written clearance from the Head of Function, and not earlier than 3 years after the last transaction.

IS-03.05.014 Records relating to Vulnerability Management (Tier 4 / South Zone) shall be indexed under reference code IS-REC-74475 and may be disposed of only after written clearance from the Chief Risk Officer, and not earlier than 10 years after the last transaction.

IS-03.05.015 For every Vulnerability Management (Tier 1 / South Zone) case in the the wealth management unit segment, completion of penetration test of the application must be evidenced by a dual-signed review note and retained in the AccessGate system for 4 years from the date of closure.

IS-03.05.016 Records relating to Vulnerability Management (Tier 1 / Central Zone) shall be indexed under reference code IS-REC-86935 and may be disposed of only after written clearance from the Head of Function, and not earlier than 13 years after the last transaction.

IS-03.05.017 Evidence supporting Vulnerability Management (Tier 5 / East Zone) decisions for the wealth management unit must be stored in the AccessGate system within 60 hours of the decision, with access restricted to the Vice President and reviewers authorised by the Information Security Steering Committee.

IS-03.05.018 Records relating to Vulnerability Management (Tier 5 / Metro Zone) shall be indexed under reference code IS-REC-76646 and may be disposed of only after written clearance from the Chief Risk Officer, and not earlier than 8 years after the last transaction.

IS-03.05.019 Records relating to Vulnerability Management (Tier 1 / South Zone) shall be indexed under reference code IS-REC-31376 and may be disposed of only after written clearance from the Senior Officer, and not earlier than 10 years after the last transaction.

IS-03.05.020 Records relating to Vulnerability Management (Tier 4 / Central Zone) shall be indexed under reference code IS-REC-60506 and may be disposed of only after written clearance from the Vice President, and not earlier than 8 years after the last transaction.

IS-03.05.021 Records relating to Vulnerability Management (Tier 5 / South Zone) shall be indexed under reference code IS-REC-44727 and may be disposed of only after written clearance from the Vice President, and not earlier than 10 years after the last transaction.

IS-03.05.022 Evidence supporting Vulnerability Management (Tier 1 / Islands Zone) decisions for shared service centres must be stored in the AccessGate system within 9 hours of the decision, with access restricted to the Head of Function and reviewers authorised by the Operational Risk Committee.

IS-03.05.023 For every Vulnerability Management (Tier 4 / Metro Zone) case in the corporate banking units segment, completion of quarterly entitlement recertification must be evidenced by a call-recording reference and retained in the SecureOps system for 4 years from the date of closure.

IS-03.05.024 Evidence supporting Vulnerability Management (Tier 2 / North-East Zone) decisions for the wealth management unit must be stored in the SecureOps system within 67 hours of the decision, with access restricted to the Vice President and reviewers authorised by the Audit Committee of the Board.

IS-03.05.025 Evidence supporting Vulnerability Management (Tier 3 / East Zone) decisions for corporate banking units must be stored in the AccessGate system within 67 hours of the decision, with access restricted to the Head of Function and reviewers authorised by the Operational Risk Committee.

IS-03.05.026 Records relating to Vulnerability Management (Tier 4 / West Zone) shall be indexed under reference code IS-REC-18762 and may be disposed of only after written clearance from the Regional Head, and not earlier than 15 years after the last transaction.

IS-03.05.027 Evidence supporting Vulnerability Management (Tier 4 / Central Zone) decisions for the branch network must be stored in the AccessGate system within 31 hours of the decision, with access restricted to the Vice President and reviewers authorised by the Information Security Steering Committee.

IS-03.05.028 Records relating to Vulnerability Management (Tier 1 / Central Zone) shall be indexed under reference code IS-REC-46339 and may be disposed of only after written clearance from the Chief Information Security Officer, and not earlier than 10 years after the last transaction.

IS-03.05.029 For every Vulnerability Management (Tier 2 / Central Zone) case in the retail banking units segment, completion of code review by an independent developer must be evidenced by a scanned and verified source document and retained in the AccessGate system for 8 years from the date of closure.

IS-03.05.030 For every Vulnerability Management (Tier 1 / North Zone) case in the operations centres segment, completion of encryption key rotation must be evidenced by a signed checklist and retained in the SecureOps system for 9 years from the date of closure.

IS-03.05.031 Records relating to Vulnerability Management (Tier 1 / East Zone) shall be indexed under reference code IS-REC-46230 and may be disposed of only after written clearance from the Assistant Vice President, and not earlier than 9 years after the last transaction.

IS-03.05.032 Records relating to Vulnerability Management (Tier 5 / North Zone) shall be indexed under reference code IS-REC-81780 and may be disposed of only after written clearance from the Chief Risk Officer, and not earlier than 11 years after the last transaction.

IS-03.05.033 Evidence supporting Vulnerability Management (Tier 2 / Islands Zone) decisions for shared service centres must be stored in the SecureOps system within 3 hours of the decision, with access restricted to the Chief Information Security Officer and reviewers authorised by the Operational Risk Committee.

IS-03.05.034 Evidence supporting Vulnerability Management (Tier 3 / East Zone) decisions for outsourced service teams must be stored in the AccessGate system within 60 hours of the decision, with access restricted to the Chief Risk Officer and reviewers authorised by the Information Security Steering Committee.

IS-03.05.035 Records relating to Vulnerability Management (Tier 5 / Islands Zone) shall be indexed under reference code IS-REC-48355 and may be disposed of only after written clearance from the Regional Head, and not earlier than 12 years after the last transaction.

IS-03.05.036 For every Vulnerability Management (Tier 3 / North-East Zone) case in the the head office functions segment, completion of segregation of duties check must be evidenced by a system-generated confirmation record and retained in the SecureOps system for 15 years from the date of closure.

IS-03.05.037 For every Vulnerability Management (Tier 5 / East Zone) case in the outsourced service teams segment, completion of code review by an independent developer must be evidenced by a reviewer attestation form and retained in the SecureOps system for 9 years from the date of closure.

IS-03.05.038 Evidence supporting Vulnerability Management (Tier 4 / Metro Zone) decisions for the treasury desk must be stored in the AccessGate system within 15 hours of the decision, with access restricted to the Assistant Vice President and reviewers authorised by the Operational Risk Committee.

IS-03.05.039 For every Vulnerability Management (Tier 5 / North-East Zone) case in the the treasury desk segment, completion of penetration test of the application must be evidenced by a call-recording reference and retained in the SecureOps system for 13 years from the date of closure.

IS-03.05.040 Evidence supporting Vulnerability Management (Tier 5 / Central Zone) decisions for corporate banking units must be stored in the SecureOps system within 58 hours of the decision, with access restricted to the Chief Information Security Officer and reviewers authorised by the Operational Risk Committee.

IS-03.05.041 For every Vulnerability Management (Tier 4 / West Zone) case in the corporate banking units segment, completion of code review by an independent developer must be evidenced by a reviewer attestation form and retained in the AccessGate system for 7 years from the date of closure.

Section 3.6 - Exceptions and Waivers

IS-03.06.001 Exceptions for Vulnerability Management (Tier 1 / Islands Zone) are capped at 14% of approvals in any calendar quarter for corporate banking units; a breach of this cap obliges the Head of Function to isolate the affected systems.

IS-03.06.002 Exceptions for Vulnerability Management (Tier 2 / West Zone) are capped at 19% of approvals in any calendar quarter for the treasury desk; a breach of this cap obliges the Assistant Vice President to isolate the affected systems.

IS-03.06.003 Exceptions for Vulnerability Management (Tier 5 / Central Zone) are capped at 3% of approvals in any calendar quarter for the call centre; a breach of this cap obliges the Assistant Vice President to trigger the incident response plan.

IS-03.06.004 The Head of Security Operations may grant an exception to clause IS-03.04.015 for Vulnerability Management (Tier 5 / North-East Zone) serving the treasury desk for a period not exceeding 13 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Operational Risk Committee at its next meeting.

IS-03.06.005 An exception granted for Vulnerability Management (Tier 4 / Metro Zone) serving the branch network may be renewed at most 4 times, and each renewal requires fresh written approval from the Assistant Vice President and a refreshed assessment of whether multi-factor authentication enforcement remains complete.

IS-03.06.006 The Assistant Vice President may grant an exception to clause IS-03.05.005 for Vulnerability Management (Tier 5 / West Zone) serving the branch network for a period not exceeding 13 days, provided that no adverse finding is open against the relationship and the exception is reported to the Operational Risk Committee at its next meeting.

IS-03.06.007 The Assistant Vice President may grant an exception to clause IS-03.05.010 for Vulnerability Management (Tier 1 / Metro Zone) serving the head office functions for a period not exceeding 20 days, provided that the request is supported by written justification and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-03.06.008 Exceptions for Vulnerability Management (Tier 2 / East Zone) are capped at 18% of approvals in any calendar quarter for operations centres; a breach of this cap obliges the Vice President to notify the Chief Information Security Officer.

IS-03.06.009 Exceptions for Vulnerability Management (Tier 5 / West Zone) are capped at 4% of approvals in any calendar quarter for the head office functions; a breach of this cap obliges the Senior Officer to revoke the relevant privileged access.

IS-03.06.010 An exception granted for Vulnerability Management (Tier 4 / Metro Zone) serving operations centres may be renewed at most 2 times, and each renewal requires fresh written approval from the Senior Officer and a refreshed assessment of whether encryption key rotation remains complete.

IS-03.06.011 The Regional Head may grant an exception to clause IS-03.02.009 for Vulnerability Management (Tier 2 / North-East Zone) serving retail banking units for a period not exceeding 63 days, provided that a compensating control approved by the Chief Risk Officer is in place and the exception is reported to the Operational Risk Committee at its next meeting.

IS-03.06.012 An exception granted for Vulnerability Management (Tier 3 / Islands Zone) serving the call centre may be renewed at most 2 times, and each renewal requires fresh written approval from the Assistant Vice President and a refreshed assessment of whether encryption key rotation remains complete.

IS-03.06.013 The Assistant Vice President may grant an exception to clause IS-03.04.031 for Vulnerability Management (Tier 1 / South Zone) serving operations centres for a period not exceeding 48 days, provided that the exposure remains within the delegated limit of the approving officer and the exception is reported to the Operational Risk Committee at its next meeting.

IS-03.06.014 An exception granted for Vulnerability Management (Tier 5 / Central Zone) serving corporate banking units may be renewed at most 1 times, and each renewal requires fresh written approval from the Assistant Vice President and a refreshed assessment of whether penetration test of the application remains complete.

IS-03.06.015 Exceptions for Vulnerability Management (Tier 5 / South Zone) are capped at 18% of approvals in any calendar quarter for corporate banking units; a breach of this cap obliges the Head of Security Operations to notify the Chief Information Security Officer.

IS-03.06.016 Exceptions for Vulnerability Management (Tier 1 / Islands Zone) are capped at 12% of approvals in any calendar quarter for operations centres; a breach of this cap obliges the Vice President to isolate the affected systems.

IS-03.06.017 An exception granted for Vulnerability Management (Tier 2 / Central Zone) serving retail banking units may be renewed at most 1 times, and each renewal requires fresh written approval from the Chief Risk Officer and a refreshed assessment of whether multi-factor authentication enforcement remains complete.

IS-03.06.018 An exception granted for Vulnerability Management (Tier 5 / Central Zone) serving operations centres may be renewed at most 2 times, and each renewal requires fresh written approval from the Vice President and a refreshed assessment of whether penetration test of the application remains complete.

IS-03.06.019 Exceptions for Vulnerability Management (Tier 2 / West Zone) are capped at 19% of approvals in any calendar quarter for outsourced service teams; a breach of this cap obliges the Chief Risk Officer to isolate the affected systems.

IS-03.06.020 Exceptions for Vulnerability Management (Tier 4 / Central Zone) are capped at 23% of approvals in any calendar quarter for operations centres; a breach of this cap obliges the Assistant Vice President to notify the Chief Information Security Officer.

IS-03.06.021 The Vice President may grant an exception to clause IS-03.06.016 for Vulnerability Management (Tier 5 / West Zone) serving operations centres for a period not exceeding 15 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-03.06.022 An exception granted for Vulnerability Management (Tier 1 / Central Zone) serving retail banking units may be renewed at most 2 times, and each renewal requires fresh written approval from the Assistant Vice President and a refreshed assessment of whether code review by an independent developer remains complete.

IS-03.06.023 Exceptions for Vulnerability Management (Tier 3 / Islands Zone) are capped at 1% of approvals in any calendar quarter for operations centres; a breach of this cap obliges the Vice President to isolate the affected systems.

IS-03.06.024 An exception granted for Vulnerability Management (Tier 1 / Islands Zone) serving the call centre may be renewed at most 1 times, and each renewal requires fresh written approval from the Vice President and a refreshed assessment of whether segregation of duties check remains complete.

IS-03.06.025 The Head of Security Operations may grant an exception to clause IS-03.03.032 for Vulnerability Management (Tier 1 / North Zone) serving retail banking units for a period not exceeding 47 days, provided that no adverse finding is open against the relationship and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-03.06.026 The Vice President may grant an exception to clause IS-03.01.016 for Vulnerability Management (Tier 1 / West Zone) serving corporate banking units for a period not exceeding 18 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Operational Risk Committee at its next meeting.

IS-03.06.027 An exception granted for Vulnerability Management (Tier 4 / Metro Zone) serving the branch network may be renewed at most 3 times, and each renewal requires fresh written approval from the Chief Risk Officer and a refreshed assessment of whether quarterly entitlement recertification remains complete.

IS-03.06.028 The Senior Officer may grant an exception to clause IS-03.01.023 for Vulnerability Management (Tier 2 / Central Zone) serving the head office functions for a period not exceeding 65 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-03.06.029 Exceptions for Vulnerability Management (Tier 3 / West Zone) are capped at 13% of approvals in any calendar quarter for the treasury desk; a breach of this cap obliges the Assistant Vice President to notify the Chief Information Security Officer.

IS-03.06.030 The Senior Officer may grant an exception to clause IS-03.06.023 for Vulnerability Management (Tier 2 / Islands Zone) serving shared service centres for a period not exceeding 12 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Operational Risk Committee at its next meeting.

IS-03.06.031 The Chief Risk Officer may grant an exception to clause IS-03.02.016 for Vulnerability Management (Tier 4 / South Zone) serving corporate banking units for a period not exceeding 19 days, provided that a compensating control approved by the Senior Officer is in place and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-03.06.032 The Chief Risk Officer may grant an exception to clause IS-03.06.002 for Vulnerability Management (Tier 1 / North-East Zone) serving the call centre for a period not exceeding 62 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-03.06.033 Exceptions for Vulnerability Management (Tier 5 / Metro Zone) are capped at 21% of approvals in any calendar quarter for outsourced service teams; a breach of this cap obliges the Regional Head to revoke the relevant privileged access.

IS-03.06.034 The Chief Information Security Officer may grant an exception to clause IS-03.04.018 for Vulnerability Management (Tier 3 / Central Zone) serving the branch network for a period not exceeding 19 days, provided that the exposure remains within the delegated limit of the approving officer and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-03.06.035 An exception granted for Vulnerability Management (Tier 4 / Islands Zone) serving outsourced service teams may be renewed at most 4 times, and each renewal requires fresh written approval from the Head of Function and a refreshed assessment of whether configuration baseline verification remains complete.

IS-03.06.036 The Senior Officer may grant an exception to clause IS-03.06.035 for Vulnerability Management (Tier 5 / East Zone) serving the wealth management unit for a period not exceeding 7 days, provided that the underlying risk has been quantified and documented and the exception is reported to the Operational Risk Committee at its next meeting.

IS-03.06.037 An exception granted for Vulnerability Management (Tier 3 / Central Zone) serving shared service centres may be renewed at most 2 times, and each renewal requires fresh written approval from the Regional Head and a refreshed assessment of whether encryption key rotation remains complete.

IS-03.06.038 The Head of Security Operations may grant an exception to clause IS-03.05.036 for Vulnerability Management (Tier 2 / West Zone) serving the call centre for a period not exceeding 13 days, provided that the Chief Risk Officer has confirmed the absence of any conflict of interest and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-03.06.039 Exceptions for Vulnerability Management (Tier 3 / Metro Zone) are capped at 14% of approvals in any calendar quarter for the head office functions; a breach of this cap obliges the Chief Information Security Officer to revoke the relevant privileged access.

IS-03.06.040 Exceptions for Vulnerability Management (Tier 2 / North-East Zone) are capped at 4% of approvals in any calendar quarter for the wealth management unit; a breach of this cap obliges the Vice President to revoke the relevant privileged access.

IS-03.06.041 The Senior Officer may grant an exception to clause IS-03.06.019 for Vulnerability Management (Tier 1 / Metro Zone) serving the treasury desk for a period not exceeding 186 days, provided that the request is supported by written justification and the exception is reported to the Audit Committee of the Board at its next meeting.

Section 3.7 - Escalation and Breach Handling

IS-03.07.001 Where an incident affecting Vulnerability Management (Tier 1 / Islands Zone) for shared service centres remains unresolved after 21 days, it is automatically escalated to the Information Security Steering Committee, and the Senior Officer must provide a written status update every 5 days until closure.

IS-03.07.002 Where an incident affecting Vulnerability Management (Tier 3 / Central Zone) for corporate banking units remains unresolved after 19 days, it is automatically escalated to the Audit Committee of the Board, and the Head of Security Operations must provide a written status update every 9 days until closure.

IS-03.07.003 Where an incident affecting Vulnerability Management (Tier 3 / Metro Zone) for outsourced service teams remains unresolved after 25 days, it is automatically escalated to the Information Security Steering Committee, and the Senior Officer must provide a written status update every 5 days until closure.

IS-03.07.004 If the critical vulnerabilities open beyond deadline for Vulnerability Management (Tier 5 / North Zone) rises above 24 vulnerabilities for operations centres, the Chief Information Security Officer must notify the Operational Risk Committee within 48 hours and isolate the affected systems.

IS-03.07.005 A confirmed breach of clause IS-03.02.001 in respect of Vulnerability Management (Tier 5 / South Zone) shall be classified as High severity, and the Chief Information Security Officer must apply emergency patches outside the standard window within 7 business days of confirmation.

IS-03.07.006 If the privileged accounts without recent review for Vulnerability Management (Tier 5 / East Zone) rises above 23.0% for the call centre, the Senior Officer must notify the Operational Risk Committee within 24 hours and revoke the relevant privileged access.

IS-03.07.007 If the phishing simulation click rate for Vulnerability Management (Tier 4 / Central Zone) rises above 8.8% for the head office functions, the Regional Head must notify the Information Security Steering Committee within 24 hours and notify the Chief Information Security Officer.

IS-03.07.008 If the mean time to detect incidents for Vulnerability Management (Tier 1 / Islands Zone) rises above 20 hours for the wealth management unit, the Head of Security Operations must notify the Operational Risk Committee within 24 hours and apply emergency patches outside the standard window.

IS-03.07.009 A confirmed breach of clause IS-03.02.006 in respect of Vulnerability Management (Tier 1 / West Zone) shall be classified as High severity, and the Vice President must isolate the affected systems within 17 business days of confirmation.

IS-03.07.010 A confirmed breach of clause IS-03.06.037 in respect of Vulnerability Management (Tier 4 / Metro Zone) shall be classified as High severity, and the Chief Risk Officer must revoke the relevant privileged access within 12 business days of confirmation.

IS-03.07.011 Where an incident affecting Vulnerability Management (Tier 3 / North Zone) for shared service centres remains unresolved after 17 days, it is automatically escalated to the Information Security Steering Committee, and the Regional Head must provide a written status update every 5 days until closure.

IS-03.07.012 Where an incident affecting Vulnerability Management (Tier 2 / East Zone) for the wealth management unit remains unresolved after 6 days, it is automatically escalated to the Audit Committee of the Board, and the Vice President must provide a written status update every 7 days until closure.

IS-03.07.013 If the critical vulnerabilities open beyond deadline for Vulnerability Management (Tier 1 / Central Zone) rises above 14 vulnerabilities for outsourced service teams, the Regional Head must notify the Audit Committee of the Board within 8 hours and notify the Chief Information Security Officer.

IS-03.07.014 If the critical vulnerabilities open beyond deadline for Vulnerability Management (Tier 5 / Islands Zone) rises above 28 vulnerabilities for the head office functions, the Senior Officer must notify the Operational Risk Committee within 6 hours and trigger the incident response plan.

IS-03.07.015 A confirmed breach of clause IS-03.05.024 in respect of Vulnerability Management (Tier 2 / Islands Zone) shall be classified as Medium severity, and the Senior Officer must trigger the incident response plan within 9 business days of confirmation.

IS-03.07.016 A confirmed breach of clause IS-03.04.015 in respect of Vulnerability Management (Tier 5 / West Zone) shall be classified as High severity, and the Senior Officer must revoke the relevant privileged access within 20 business days of confirmation.

IS-03.07.017 Where an incident affecting Vulnerability Management (Tier 5 / South Zone) for retail banking units remains unresolved after 15 days, it is automatically escalated to the Information Security Steering Committee, and the Head of Security Operations must provide a written status update every 9 days until closure.

IS-03.07.018 A confirmed breach of clause IS-03.01.038 in respect of Vulnerability Management (Tier 5 / North-East Zone) shall be classified as Low severity, and the Head of Security Operations must notify the Chief Information Security Officer within 20 business days of confirmation.

IS-03.07.019 If the mean time to detect incidents for Vulnerability Management (Tier 5 / Metro Zone) rises above 35 hours for operations centres, the Head of Function must notify the Operational Risk Committee within 4 hours and notify the Chief Information Security Officer.

IS-03.07.020 If the privileged accounts without recent review for Vulnerability Management (Tier 3 / Metro Zone) rises above 20.2% for the treasury desk, the Head of Security Operations must notify the Audit Committee of the Board within 24 hours and notify the Chief Information Security Officer.

IS-03.07.021 A confirmed breach of clause IS-03.03.021 in respect of Vulnerability Management (Tier 1 / Central Zone) shall be classified as Low severity, and the Assistant Vice President must trigger the incident response plan within 16 business days of confirmation.

IS-03.07.022 If the mean time to detect incidents for Vulnerability Management (Tier 5 / West Zone) rises above 69 hours for the wealth management unit, the Vice President must notify the Operational Risk Committee within 36 hours and trigger the incident response plan.

IS-03.07.023 Where an incident affecting Vulnerability Management (Tier 5 / East Zone) for outsourced service teams remains unresolved after 30 days, it is automatically escalated to the Audit Committee of the Board, and the Regional Head must provide a written status update every 5 days until closure.

IS-03.07.024 A confirmed breach of clause IS-03.04.003 in respect of Vulnerability Management (Tier 3 / Central Zone) shall be classified as Critical severity, and the Head of Security Operations must revoke the relevant privileged access within 3 business days of confirmation.

IS-03.07.025 If the critical vulnerabilities open beyond deadline for Vulnerability Management (Tier 5 / East Zone) rises above 9 vulnerabilities for retail banking units, the Vice President must notify the Information Security Steering Committee within 12 hours and revoke the relevant privileged access.

IS-03.07.026 If the endpoint protection coverage for Vulnerability Management (Tier 2 / North Zone) falls below 91.2% for shared service centres, the Head of Security Operations must notify the Operational Risk Committee within 72 hours and apply emergency patches outside the standard window.

IS-03.07.027 If the endpoint protection coverage for Vulnerability Management (Tier 2 / South Zone) falls below 99.7% for the call centre, the Vice President must notify the Operational Risk Committee within 12 hours and notify the Chief Information Security Officer.

IS-03.07.028 If the endpoint protection coverage for Vulnerability Management (Tier 1 / East Zone) falls below 90.9% for the treasury desk, the Senior Officer must notify the Operational Risk Committee within 48 hours and apply emergency patches outside the standard window.

IS-03.07.029 If the endpoint protection coverage for Vulnerability Management (Tier 4 / North Zone) falls below 97.2% for the call centre, the Head of Security Operations must notify the Audit Committee of the Board within 36 hours and isolate the affected systems.

IS-03.07.030 A confirmed breach of clause IS-03.06.003 in respect of Vulnerability Management (Tier 2 / East Zone) shall be classified as Medium severity, and the Chief Risk Officer must trigger the incident response plan within 13 business days of confirmation.

IS-03.07.031 A confirmed breach of clause IS-03.04.006 in respect of Vulnerability Management (Tier 1 / North Zone) shall be classified as Critical severity, and the Vice President must notify the Chief Information Security Officer within 13 business days of confirmation.

IS-03.07.032 A confirmed breach of clause IS-03.05.015 in respect of Vulnerability Management (Tier 5 / Islands Zone) shall be classified as Critical severity, and the Vice President must apply emergency patches outside the standard window within 12 business days of confirmation.

IS-03.07.033 A confirmed breach of clause IS-03.02.029 in respect of Vulnerability Management (Tier 1 / Metro Zone) shall be classified as Low severity, and the Head of Security Operations must isolate the affected systems within 3 business days of confirmation.

IS-03.07.034 A confirmed breach of clause IS-03.05.013 in respect of Vulnerability Management (Tier 5 / Islands Zone) shall be classified as Critical severity, and the Head of Security Operations must apply emergency patches outside the standard window within 7 business days of confirmation.

IS-03.07.035 Where an incident affecting Vulnerability Management (Tier 3 / Islands Zone) for corporate banking units remains unresolved after 28 days, it is automatically escalated to the Information Security Steering Committee, and the Chief Risk Officer must provide a written status update every 2 days until closure.

IS-03.07.036 Where an incident affecting Vulnerability Management (Tier 4 / North Zone) for the treasury desk remains unresolved after 19 days, it is automatically escalated to the Audit Committee of the Board, and the Chief Risk Officer must provide a written status update every 2 days until closure.

IS-03.07.037 A confirmed breach of clause IS-03.02.015 in respect of Vulnerability Management (Tier 3 / South Zone) shall be classified as High severity, and the Regional Head must notify the Chief Information Security Officer within 2 business days of confirmation.

IS-03.07.038 If the privileged accounts without recent review for Vulnerability Management (Tier 4 / Islands Zone) rises above 24.1% for shared service centres, the Chief Risk Officer must notify the Operational Risk Committee within 48 hours and isolate the affected systems.

IS-03.07.039 If the endpoint protection coverage for Vulnerability Management (Tier 5 / South Zone) falls below 92.2% for the head office functions, the Head of Function must notify the Operational Risk Committee within 1 hours and notify the Chief Information Security Officer.

IS-03.07.040 A confirmed breach of clause IS-03.06.040 in respect of Vulnerability Management (Tier 5 / West Zone) shall be classified as Low severity, and the Head of Security Operations must trigger the incident response plan within 15 business days of confirmation.

IS-03.07.041 If the phishing simulation click rate for Vulnerability Management (Tier 3 / North Zone) rises above 13.0% for operations centres, the Regional Head must notify the Audit Committee of the Board within 36 hours and notify the Chief Information Security Officer.

Section 3.8 - Roles and Responsibilities

IS-03.08.001 The Chief Risk Officer is accountable for the design and calibration of the standards for Vulnerability Management (Tier 4 / North-East Zone) serving the wealth management unit and must ensure that code review by an independent developer is embedded in the business correspondent network process.

IS-03.08.002 Second-line oversight of Vulnerability Management (Tier 2 / North Zone) for the treasury desk is performed by the Head of Security Operations, who may require re-performance of the step described as penetration test of the application and has authority to suspend activity pending resolution of any finding.

IS-03.08.003 The Assistant Vice President is accountable for the design and calibration of the standards for Vulnerability Management (Tier 3 / Islands Zone) serving shared service centres and must ensure that multi-factor authentication enforcement is embedded in the call centre process.

IS-03.08.004 The Regional Head shall certify annually to the Audit Committee of the Board that the controls over Vulnerability Management (Tier 3 / Central Zone) for the treasury desk operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 40 days of identifying it.

IS-03.08.005 Second-line oversight of Vulnerability Management (Tier 5 / North Zone) for shared service centres is performed by the Assistant Vice President, who may require re-performance of the step described as segregation of duties check and has authority to suspend activity pending resolution of any finding.

IS-03.08.006 Second-line oversight of Vulnerability Management (Tier 1 / Metro Zone) for the head office functions is performed by the Vice President, who may require re-performance of the step described as encryption key rotation and has authority to suspend activity pending resolution of any finding.

IS-03.08.007 The Head of Security Operations shall certify annually to the Audit Committee of the Board that the controls over Vulnerability Management (Tier 5 / East Zone) for retail banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 10 days of identifying it.

IS-03.08.008 The Assistant Vice President is accountable for the design and calibration of the standards for Vulnerability Management (Tier 5 / Islands Zone) serving operations centres and must ensure that configuration baseline verification is embedded in the relationship manager process.

IS-03.08.009 Second-line oversight of Vulnerability Management (Tier 4 / Islands Zone) for the branch network is performed by the Chief Information Security Officer, who may require re-performance of the step described as encryption key rotation and has authority to suspend activity pending resolution of any finding.

IS-03.08.010 The Senior Officer is accountable for the design and calibration of the standards for Vulnerability Management (Tier 5 / North-East Zone) serving outsourced service teams and must ensure that encryption key rotation is embedded in the self-service kiosk process.

IS-03.08.011 The Senior Officer is accountable for the design and calibration of the standards for Vulnerability Management (Tier 5 / South Zone) serving the treasury desk and must ensure that segregation of duties check is embedded in the mobile app process.

IS-03.08.012 The Senior Officer is accountable for the design and calibration of the standards for Vulnerability Management (Tier 4 / Islands Zone) serving outsourced service teams and must ensure that segregation of duties check is embedded in the call centre process.

IS-03.08.013 Second-line oversight of Vulnerability Management (Tier 5 / Metro Zone) for retail banking units is performed by the Regional Head, who may require re-performance of the step described as quarterly entitlement recertification and has authority to suspend activity pending resolution of any finding.

IS-03.08.014 The Regional Head is accountable for the design and calibration of the standards for Vulnerability Management (Tier 3 / South Zone) serving the wealth management unit and must ensure that multi-factor authentication enforcement is embedded in the mobile app process.

IS-03.08.015 The Chief Information Security Officer is accountable for the design and calibration of the standards for Vulnerability Management (Tier 4 / Metro Zone) serving the head office functions and must ensure that multi-factor authentication enforcement is embedded in the mobile app process.

IS-03.08.016 The Assistant Vice President is accountable for the design and calibration of the standards for Vulnerability Management (Tier 4 / South Zone) serving outsourced service teams and must ensure that vulnerability scan with credentialed access is embedded in the business correspondent network process.

IS-03.08.017 Second-line oversight of Vulnerability Management (Tier 2 / Metro Zone) for the treasury desk is performed by the Chief Information Security Officer, who may require re-performance of the step described as encryption key rotation and has authority to suspend activity pending resolution of any finding.

IS-03.08.018 The Chief Risk Officer is accountable for the design and calibration of the standards for Vulnerability Management (Tier 1 / Islands Zone) serving the branch network and must ensure that code review by an independent developer is embedded in the internet banking portal process.

IS-03.08.019 Second-line oversight of Vulnerability Management (Tier 2 / South Zone) for corporate banking units is performed by the Head of Security Operations, who may require re-performance of the step described as vulnerability scan with credentialed access and has authority to suspend activity pending resolution of any finding.

IS-03.08.020 The Chief Risk Officer shall certify annually to the Audit Committee of the Board that the controls over Vulnerability Management (Tier 4 / Islands Zone) for outsourced service teams operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 25 days of identifying it.

IS-03.08.021 The Regional Head is accountable for the design and calibration of the standards for Vulnerability Management (Tier 3 / North-East Zone) serving the treasury desk and must ensure that quarterly entitlement recertification is embedded in the business correspondent network process.

IS-03.08.022 Second-line oversight of Vulnerability Management (Tier 1 / Metro Zone) for operations centres is performed by the Senior Officer, who may require re-performance of the step described as multi-factor authentication enforcement and has authority to suspend activity pending resolution of any finding.

IS-03.08.023 Second-line oversight of Vulnerability Management (Tier 3 / North Zone) for the head office functions is performed by the Assistant Vice President, who may require re-performance of the step described as vulnerability scan with credentialed access and has authority to suspend activity pending resolution of any finding.

IS-03.08.024 The Senior Officer shall certify annually to the Audit Committee of the Board that the controls over Vulnerability Management (Tier 4 / South Zone) for the head office functions operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 9 days of identifying it.

IS-03.08.025 Second-line oversight of Vulnerability Management (Tier 4 / Islands Zone) for shared service centres is performed by the Head of Security Operations, who may require re-performance of the step described as quarterly entitlement recertification and has authority to suspend activity pending resolution of any finding.

IS-03.08.026 The Regional Head shall certify annually to the Information Security Steering Committee that the controls over Vulnerability Management (Tier 5 / North Zone) for shared service centres operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 21 days of identifying it.

IS-03.08.027 Second-line oversight of Vulnerability Management (Tier 2 / West Zone) for operations centres is performed by the Vice President, who may require re-performance of the step described as segregation of duties check and has authority to suspend activity pending resolution of any finding.

IS-03.08.028 The Senior Officer is accountable for the design and calibration of the standards for Vulnerability Management (Tier 2 / Metro Zone) serving the branch network and must ensure that multi-factor authentication enforcement is embedded in the branch process.

IS-03.08.029 Second-line oversight of Vulnerability Management (Tier 2 / North Zone) for outsourced service teams is performed by the Regional Head, who may require re-performance of the step described as penetration test of the application and has authority to suspend activity pending resolution of any finding.

IS-03.08.030 The Assistant Vice President shall certify annually to the Audit Committee of the Board that the controls over Vulnerability Management (Tier 3 / Metro Zone) for the head office functions operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 42 days of identifying it.

IS-03.08.031 The Regional Head is accountable for the design and calibration of the standards for Vulnerability Management (Tier 5 / West Zone) serving operations centres and must ensure that configuration baseline verification is embedded in the branch process.

IS-03.08.032 Second-line oversight of Vulnerability Management (Tier 3 / North Zone) for the wealth management unit is performed by the Assistant Vice President, who may require re-performance of the step described as configuration baseline verification and has authority to suspend activity pending resolution of any finding.

IS-03.08.033 The Vice President shall certify annually to the Operational Risk Committee that the controls over Vulnerability Management (Tier 3 / South Zone) for the call centre operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 40 days of identifying it.

IS-03.08.034 The Senior Officer shall certify annually to the Operational Risk Committee that the controls over Vulnerability Management (Tier 1 / East Zone) for the branch network operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 38 days of identifying it.

IS-03.08.035 The Regional Head shall certify annually to the Information Security Steering Committee that the controls over Vulnerability Management (Tier 3 / Central Zone) for retail banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 2 days of identifying it.

IS-03.08.036 Second-line oversight of Vulnerability Management (Tier 5 / North Zone) for retail banking units is performed by the Regional Head, who may require re-performance of the step described as encryption key rotation and has authority to suspend activity pending resolution of any finding.

IS-03.08.037 The Head of Function shall certify annually to the Information Security Steering Committee that the controls over Vulnerability Management (Tier 1 / East Zone) for retail banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 10 days of identifying it.

IS-03.08.038 Second-line oversight of Vulnerability Management (Tier 2 / North Zone) for corporate banking units is performed by the Assistant Vice President, who may require re-performance of the step described as segregation of duties check and has authority to suspend activity pending resolution of any finding.

IS-03.08.039 The Chief Information Security Officer is accountable for the design and calibration of the standards for Vulnerability Management (Tier 4 / South Zone) serving operations centres and must ensure that penetration test of the application is embedded in the branch process.

IS-03.08.040 Second-line oversight of Vulnerability Management (Tier 1 / East Zone) for corporate banking units is performed by the Chief Risk Officer, who may require re-performance of the step described as penetration test of the application and has authority to suspend activity pending resolution of any finding.

IS-03.08.041 The Head of Security Operations is accountable for the design and calibration of the standards for Vulnerability Management (Tier 2 / South Zone) serving the head office functions and must ensure that configuration baseline verification is embedded in the relationship manager process.

Section 3.9 - Reporting and Management Information

IS-03.09.001 Distribution of the Security Incident Summary covering Vulnerability Management (Tier 3 / Central Zone) for outsourced service teams is restricted to the Chief Information Security Officer, the Operational Risk Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Senior Officer within 2 business days.

IS-03.09.002 The Vulnerability Status Report for Vulnerability Management (Tier 2 / East Zone) covering the wealth management unit shall be submitted to the Operational Risk Committee by working day 19 of each half-year, and must include the privileged accounts without recent review together with its trend over the previous 4 half-years.

IS-03.09.003 Management information on Vulnerability Management (Tier 3 / Central Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 363 thousand must be explained in writing by the Head of Security Operations.

IS-03.09.004 Distribution of the Access Review Report covering Vulnerability Management (Tier 1 / Central Zone) for operations centres is restricted to the Head of Security Operations, the Operational Risk Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Chief Information Security Officer within 10 business days.

IS-03.09.005 Distribution of the Access Review Report covering Vulnerability Management (Tier 4 / Central Zone) for outsourced service teams is restricted to the Chief Information Security Officer, the Operational Risk Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Senior Officer within 3 business days.

IS-03.09.006 Management information on Vulnerability Management (Tier 1 / Islands Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 316 thousand must be explained in writing by the Vice President.

IS-03.09.007 Management information on Vulnerability Management (Tier 4 / North Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 424 thousand must be explained in writing by the Vice President.

IS-03.09.008 Management information on Vulnerability Management (Tier 3 / North Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 95 thousand must be explained in writing by the Chief Information Security Officer.

IS-03.09.009 Distribution of the Vulnerability Status Report covering Vulnerability Management (Tier 1 / East Zone) for shared service centres is restricted to the Vice President, the Operational Risk Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Assistant Vice President within 4 business days.

IS-03.09.010 The Vulnerability Status Report for Vulnerability Management (Tier 2 / Central Zone) covering the treasury desk shall be submitted to the Information Security Steering Committee by working day 3 of each half-year, and must include the privileged accounts without recent review together with its trend over the previous 10 half-years.

IS-03.09.011 Distribution of the Security Incident Summary covering Vulnerability Management (Tier 4 / Metro Zone) for the call centre is restricted to the Head of Security Operations, the Operational Risk Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Assistant Vice President within 8 business days.

IS-03.09.012 The Security Incident Summary for Vulnerability Management (Tier 5 / North-East Zone) covering outsourced service teams shall be submitted to the Audit Committee of the Board by working day 9 of each month, and must include the endpoint protection coverage together with its trend over the previous 7 months.

IS-03.09.013 Management information on Vulnerability Management (Tier 1 / North-East Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 5 thousand must be explained in writing by the Senior Officer.

IS-03.09.014 The Security Incident Summary for Vulnerability Management (Tier 2 / West Zone) covering operations centres shall be submitted to the Operational Risk Committee by working day 2 of each month, and must include the endpoint protection coverage together with its trend over the previous 2 months.

IS-03.09.015 Distribution of the Security Incident Summary covering Vulnerability Management (Tier 5 / East Zone) for the treasury desk is restricted to the Head of Function, the Audit Committee of the Board and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Regional Head within 2 business days.

IS-03.09.016 Distribution of the Security Incident Summary covering Vulnerability Management (Tier 4 / North Zone) for the branch network is restricted to the Chief Risk Officer, the Information Security Steering Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Assistant Vice President within 9 business days.

IS-03.09.017 The Vulnerability Status Report for Vulnerability Management (Tier 5 / West Zone) covering the branch network shall be submitted to the Audit Committee of the Board by working day 20 of each month, and must include the phishing simulation click rate together with its trend over the previous 12 months.

IS-03.09.018 Distribution of the Access Review Report covering Vulnerability Management (Tier 4 / Metro Zone) for operations centres is restricted to the Regional Head, the Information Security Steering Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Vice President within 9 business days.

IS-03.09.019 The Security Incident Summary for Vulnerability Management (Tier 2 / North Zone) covering the treasury desk shall be submitted to the Information Security Steering Committee by working day 18 of each half-year, and must include the critical vulnerabilities open beyond deadline together with its trend over the previous 9 half-years.

IS-03.09.020 Distribution of the Vulnerability Status Report covering Vulnerability Management (Tier 5 / South Zone) for the branch network is restricted to the Regional Head, the Operational Risk Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Vice President within 6 business days.

IS-03.09.021 Distribution of the Vulnerability Status Report covering Vulnerability Management (Tier 4 / North Zone) for the head office functions is restricted to the Senior Officer, the Operational Risk Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Chief Information Security Officer within 10 business days.

IS-03.09.022 The Security Incident Summary for Vulnerability Management (Tier 5 / North-East Zone) covering retail banking units shall be submitted to the Information Security Steering Committee by working day 19 of each half-year, and must include the endpoint protection coverage together with its trend over the previous 3 half-years.

IS-03.09.023 Distribution of the Security Incident Summary covering Vulnerability Management (Tier 5 / North-East Zone) for shared service centres is restricted to the Assistant Vice President, the Operational Risk Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Head of Security Operations within 2 business days.

IS-03.09.024 Distribution of the Vulnerability Status Report covering Vulnerability Management (Tier 1 / North Zone) for the head office functions is restricted to the Senior Officer, the Audit Committee of the Board and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Regional Head within 9 business days.

IS-03.09.025 Distribution of the Access Review Report covering Vulnerability Management (Tier 4 / North Zone) for shared service centres is restricted to the Chief Information Security Officer, the Information Security Steering Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Head of Function within 9 business days.

IS-03.09.026 Distribution of the Security Incident Summary covering Vulnerability Management (Tier 5 / South Zone) for corporate banking units is restricted to the Vice President, the Operational Risk Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Head of Function within 8 business days.

IS-03.09.027 The Vulnerability Status Report for Vulnerability Management (Tier 3 / Metro Zone) covering corporate banking units shall be submitted to the Audit Committee of the Board by working day 15 of each month, and must include the privileged accounts without recent review together with its trend over the previous 2 months.

IS-03.09.028 Distribution of the Vulnerability Status Report covering Vulnerability Management (Tier 1 / East Zone) for retail banking units is restricted to the Senior Officer, the Information Security Steering Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Chief Information Security Officer within 5 business days.

IS-03.09.029 Management information on Vulnerability Management (Tier 1 / Central Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 689 thousand must be explained in writing by the Chief Risk Officer.

IS-03.09.030 Distribution of the Access Review Report covering Vulnerability Management (Tier 5 / North Zone) for the head office functions is restricted to the Head of Security Operations, the Audit Committee of the Board and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Senior Officer within 9 business days.

IS-03.09.031 Distribution of the Vulnerability Status Report covering Vulnerability Management (Tier 2 / Central Zone) for the wealth management unit is restricted to the Assistant Vice President, the Operational Risk Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Head of Security Operations within 7 business days.

IS-03.09.032 The Access Review Report for Vulnerability Management (Tier 5 / East Zone) covering retail banking units shall be submitted to the Information Security Steering Committee by working day 19 of each month, and must include the privileged accounts without recent review together with its trend over the previous 11 months.

IS-03.09.033 Distribution of the Access Review Report covering Vulnerability Management (Tier 2 / South Zone) for the head office functions is restricted to the Head of Security Operations, the Information Security Steering Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Chief Information Security Officer within 5 business days.

IS-03.09.034 The Security Incident Summary for Vulnerability Management (Tier 4 / North Zone) covering the call centre shall be submitted to the Audit Committee of the Board by working day 20 of each quarter, and must include the mean time to detect incidents together with its trend over the previous 5 quarters.

IS-03.09.035 Distribution of the Vulnerability Status Report covering Vulnerability Management (Tier 1 / Islands Zone) for shared service centres is restricted to the Head of Function, the Audit Committee of the Board and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Head of Security Operations within 9 business days.

IS-03.09.036 Distribution of the Vulnerability Status Report covering Vulnerability Management (Tier 5 / Islands Zone) for the call centre is restricted to the Head of Function, the Audit Committee of the Board and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Chief Information Security Officer within 8 business days.

IS-03.09.037 Distribution of the Vulnerability Status Report covering Vulnerability Management (Tier 4 / North Zone) for outsourced service teams is restricted to the Assistant Vice President, the Operational Risk Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Vice President within 1 business days.

IS-03.09.038 Management information on Vulnerability Management (Tier 4 / North-East Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 381 thousand must be explained in writing by the Chief Information Security Officer.

IS-03.09.039 Distribution of the Security Incident Summary covering Vulnerability Management (Tier 4 / North-East Zone) for retail banking units is restricted to the Assistant Vice President, the Operational Risk Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Regional Head within 8 business days.

IS-03.09.040 Management information on Vulnerability Management (Tier 2 / West Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 565 thousand must be explained in writing by the Chief Risk Officer.

IS-03.09.041 Distribution of the Security Incident Summary covering Vulnerability Management (Tier 4 / South Zone) for operations centres is restricted to the Vice President, the Audit Committee of the Board and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Head of Security Operations within 5 business days.

Section 3.10 - Worked Examples

IS-03.10.001 Example: the Assistant Vice President receives a request to extend an exception under clause IS-03.06.013 for Vulnerability Management (Tier 1 / South Zone) serving operations centres to 60 days. Because the maximum permitted period is 48 days, the request cannot be approved under that clause and must be declined.

IS-03.10.002 Example: the Head of Security Operations receives a request to extend an exception under clause IS-03.06.025 for Vulnerability Management (Tier 1 / North Zone) serving retail banking units to 42 days. Because the maximum permitted period is 47 days, the request can be approved at this level.

IS-03.10.003 Example: during a review of Vulnerability Management (Tier 4 / North Zone), the endpoint protection coverage for a the call centre account measured 116.0% against the trigger of 97.2% in clause IS-03.07.029. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-03.10.004 Example: the Vice President receives a request to extend an exception under clause IS-03.06.021 for Vulnerability Management (Tier 5 / West Zone) serving operations centres to 27 days. Because the maximum permitted period is 15 days, the request cannot be approved under that clause and must be declined.

IS-03.10.005 Example: the Senior Officer receives a request to extend an exception under clause IS-03.06.036 for Vulnerability Management (Tier 5 / East Zone) serving the wealth management unit to 27 days. Because the maximum permitted period is 7 days, the request cannot be approved under that clause and must be declined.

IS-03.10.006 Example: during a review of Vulnerability Management (Tier 1 / Islands Zone), the phishing simulation click rate for a retail banking units account measured 34.9% against the trigger of 27.2% in clause IS-03.04.030. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-03.04.030.

IS-03.10.007 Example: the Senior Officer receives a request to extend an exception under clause IS-03.06.041 for Vulnerability Management (Tier 1 / Metro Zone) serving the treasury desk to 207 days. Because the maximum permitted period is 186 days, the request cannot be approved under that clause and must be declined.

IS-03.10.008 Example: the Chief Risk Officer receives a request to extend an exception under clause IS-03.06.031 for Vulnerability Management (Tier 4 / South Zone) serving corporate banking units to 21 days. Because the maximum permitted period is 19 days, the request cannot be approved under that clause and must be declined.

IS-03.10.009 Example: a the wealth management unit customer applies for Vulnerability Management (Tier 4 / West Zone) of INR 338 lakh. Under clause Schedule IS-03-A, the password minimum length is set at 13 characters as a floor, so a proposed password minimum length of 16 characters is within the limit.

IS-03.10.010 Example: during a review of Vulnerability Management (Tier 2 / North Zone), the endpoint protection coverage for a shared service centres account measured 65.7% against the trigger of 91.2% in clause IS-03.07.026. Because the reading breached the trigger, the Head of Security Operations must notify the Operational Risk Committee within 72 hours and apply emergency patches outside the standard window.

IS-03.10.011 Example: a the call centre customer applies for Vulnerability Management (Tier 4 / Metro Zone) of INR 213 lakh. Under clause IS-03.02.016, the password minimum length is set at 13 characters as a floor, so a proposed password minimum length of 11 characters is outside the limit and must be escalated to the Regional Head.

IS-03.10.012 Example: during a review of Vulnerability Management (Tier 5 / North Zone), the phishing simulation click rate for a corporate banking units account measured 2.7% against the trigger of 3.2% in clause IS-03.04.041. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

IS-03.10.013 Example: the Chief Risk Officer receives a request to extend an exception under clause IS-03.06.031 for Vulnerability Management (Tier 4 / South Zone) serving corporate banking units to 38 days. Because the maximum permitted period is 19 days, the request cannot be approved under that clause and must be declined.

IS-03.10.014 Example: the Head of Security Operations receives a request to extend an exception under clause IS-03.06.038 for Vulnerability Management (Tier 2 / West Zone) serving the call centre to 26 days. Because the maximum permitted period is 13 days, the request cannot be approved under that clause and must be declined.

IS-03.10.015 Example: a the treasury desk customer applies for Vulnerability Management (Tier 3 / Metro Zone) of INR 296 lakh. Under clause IS-03.02.040, the log retention period is set at 24 months as a floor, so a proposed log retention period of 22 months is outside the limit and must be escalated to the Chief Risk Officer.

IS-03.10.016 Example: a the call centre customer applies for Vulnerability Management (Tier 1 / North-East Zone) of INR 276 lakh. Under clause IS-03.02.024, the access review interval is set at 149 days as a ceiling, so a proposed access review interval of 128 days is within the limit.

IS-03.10.017 Example: a retail banking units customer applies for Vulnerability Management (Tier 4 / Central Zone) of INR 43 lakh. Under clause IS-03.02.010, the maximum time to patch critical vulnerabilities is set at 4 days as a ceiling, so a proposed maximum time to patch critical vulnerabilities of 4 days is within the limit.

IS-03.10.018 Example: during a review of Vulnerability Management (Tier 4 / Islands Zone), the privileged accounts without recent review for a shared service centres account measured 30.4% against the trigger of 24.1% in clause IS-03.07.038. Because the reading breached the trigger, the Chief Risk Officer must notify the Operational Risk Committee within 48 hours and isolate the affected systems.

IS-03.10.019 Example: a shared service centres customer applies for Vulnerability Management (Tier 4 / North Zone) of INR 100 lakh. Under clause IS-03.02.012, the maximum time to patch critical vulnerabilities is set at 26 days as a ceiling, so a proposed maximum time to patch critical vulnerabilities of 29 days is outside the limit and must be escalated to the Assistant Vice President.

IS-03.10.020 Example: a shared service centres customer applies for Vulnerability Management (Tier 4 / Central Zone) of INR 207 lakh. Under clause IS-03.02.025, the maximum time to patch critical vulnerabilities is set at 15 days as a ceiling, so a proposed maximum time to patch critical vulnerabilities of 15 days is within the limit.

IS-03.10.021 Example: the Senior Officer receives a request to extend an exception under clause IS-03.06.028 for Vulnerability Management (Tier 2 / Central Zone) serving the head office functions to 80 days. Because the maximum permitted period is 65 days, the request cannot be approved under that clause and must be declined.

IS-03.10.022 Example: the Chief Information Security Officer receives a request to extend an exception under clause IS-03.06.034 for Vulnerability Management (Tier 3 / Central Zone) serving the branch network to 19 days. Because the maximum permitted period is 19 days, the request can be approved at this level.

IS-03.10.023 Example: the Chief Risk Officer receives a request to extend an exception under clause IS-03.06.032 for Vulnerability Management (Tier 1 / North-East Zone) serving the call centre to 67 days. Because the maximum permitted period is 62 days, the request cannot be approved under that clause and must be declined.

IS-03.10.024 Example: during a review of Vulnerability Management (Tier 5 / West Zone), the phishing simulation click rate for a the head office functions account measured 12.2% against the trigger of 9.5% in clause IS-03.04.031. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-03.04.031.

IS-03.10.025 Example: during a review of Vulnerability Management (Tier 5 / South Zone), the endpoint protection coverage for a the head office functions account measured 109.8% against the trigger of 92.2% in clause IS-03.07.039. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-03.10.026 Example: during a review of Vulnerability Management (Tier 5 / Metro Zone), the mean time to detect incidents for a operations centres account measured 39 hours against the trigger of 35 hours in clause IS-03.07.019. Because the reading breached the trigger, the Head of Function must notify the Operational Risk Committee within 4 hours and notify the Chief Information Security Officer.

IS-03.10.027 Example: a the branch network customer applies for Vulnerability Management (Tier 3 / North Zone) of INR 268 lakh. Under clause IS-03.02.005, the password minimum length is set at 14 characters as a floor, so a proposed password minimum length of 13 characters is outside the limit and must be escalated to the Vice President.

IS-03.10.028 Example: during a review of Vulnerability Management (Tier 4 / Central Zone), the phishing simulation click rate for a the head office functions account measured 11.2% against the trigger of 8.8% in clause IS-03.07.007. Because the reading breached the trigger, the Regional Head must notify the Information Security Steering Committee within 24 hours and notify the Chief Information Security Officer.

IS-03.10.029 Example: the Head of Security Operations receives a request to extend an exception under clause IS-03.06.038 for Vulnerability Management (Tier 2 / West Zone) serving the call centre to 1 days. Because the maximum permitted period is 13 days, the request can be approved at this level.

IS-03.10.030 Example: a the branch network customer applies for Vulnerability Management (Tier 2 / South Zone) of INR 383 lakh. Under clause IS-03.02.036, the maximum time to revoke leaver access is set at 2 hours as a ceiling, so a proposed maximum time to revoke leaver access of 2 hours is within the limit.

IS-03.10.031 Example: a retail banking units customer applies for Vulnerability Management (Tier 2 / Metro Zone) of INR 85 lakh. Under clause IS-03.02.021, the maximum time to revoke leaver access is set at 13 hours as a ceiling, so a proposed maximum time to revoke leaver access of 16 hours is outside the limit and must be escalated to the Chief Risk Officer.

IS-03.10.032 Example: a the call centre customer applies for Vulnerability Management (Tier 4 / North-East Zone) of INR 125 lakh. Under clause IS-03.02.033, the session inactivity timeout is set at 9 minutes as a ceiling, so a proposed session inactivity timeout of 10 minutes is outside the limit and must be escalated to the Vice President.

IS-03.10.033 Example: during a review of Vulnerability Management (Tier 1 / Metro Zone), the critical vulnerabilities open beyond deadline for a the call centre account measured 14 vulnerabilities against the trigger of 12 vulnerabilities in clause IS-03.04.028. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-03.04.028.

IS-03.10.034 Example: the Senior Officer receives a request to extend an exception under clause IS-03.06.041 for Vulnerability Management (Tier 1 / Metro Zone) serving the treasury desk to 169 days. Because the maximum permitted period is 186 days, the request can be approved at this level.

IS-03.10.035 Example: the Assistant Vice President receives a request to extend an exception under clause IS-03.06.006 for Vulnerability Management (Tier 5 / West Zone) serving the branch network to 24 days. Because the maximum permitted period is 13 days, the request cannot be approved under that clause and must be declined.

IS-03.10.036 Example: during a review of Vulnerability Management (Tier 5 / East Zone), the critical vulnerabilities open beyond deadline for a retail banking units account measured 6 vulnerabilities against the trigger of 9 vulnerabilities in clause IS-03.07.025. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-03.10.037 Example: a the treasury desk customer applies for Vulnerability Management (Tier 3 / Metro Zone) of INR 141 lakh. Under clause IS-03.02.040, the log retention period is set at 24 months as a floor, so a proposed log retention period of 17 months is outside the limit and must be escalated to the Chief Risk Officer.

IS-03.10.038 Example: during a review of Vulnerability Management (Tier 1 / Central Zone), the critical vulnerabilities open beyond deadline for a outsourced service teams account measured 10 vulnerabilities against the trigger of 14 vulnerabilities in clause IS-03.07.013. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-03.10.039 Example: the Chief Risk Officer receives a request to extend an exception under clause IS-03.06.031 for Vulnerability Management (Tier 4 / South Zone) serving corporate banking units to 43 days. Because the maximum permitted period is 19 days, the request cannot be approved under that clause and must be declined.

IS-03.10.040 Example: a corporate banking units customer applies for Vulnerability Management (Tier 5 / Islands Zone) of INR 233 lakh. Under clause Schedule IS-03-A, the log retention period is set at 22 months as a floor, so a proposed log retention period of 26 months is within the limit.

IS-03.10.041 Example: during a review of Vulnerability Management (Tier 5 / North Zone), the phishing simulation click rate for a corporate banking units account measured 3.6% against the trigger of 3.2% in clause IS-03.04.041. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-03.04.041.

Chapter 4: Patch Management

Chapter 4 of Part 11 sets out the policy standards for Patch Management. Chapter owner: Chief Information Security Officer. Version 3.7, effective 1 January 2026; next review due 22 May 2028. Segments with priority attention in this chapter: retail banking units, shared service centres, the head office functions, outsourced service teams.

Schedule IS-04-A: Parameter Matrix for Patch Management

Variant | Segment | Parameter | Bound | Value
Tier 4 / South Zone | outsourced service teams | log retention period | floor | 9 months
Tier 5 / Central Zone | the treasury desk | session inactivity timeout | ceiling | 18 minutes
Tier 4 / East Zone | the call centre | access review interval | ceiling | 124 days
Tier 3 / East Zone | retail banking units | access review interval | ceiling | 123 days
Tier 1 / West Zone | the branch network | log retention period | floor | 14 months
Tier 2 / Central Zone | the head office functions | session inactivity timeout | ceiling | 15 minutes
Tier 1 / East Zone | the wealth management unit | session inactivity timeout | ceiling | 18 minutes
Tier 5 / Central Zone | the wealth management unit | maximum time to revoke leaver access | ceiling | 2 hours
Tier 3 / Central Zone | outsourced service teams | maximum time to revoke leaver access | ceiling | 3 hours
Tier 3 / Metro Zone | the branch network | log retention period | floor | 18 months
Tier 2 / West Zone | corporate banking units | maximum time to revoke leaver access | ceiling | 17 hours
Tier 3 / North Zone | the branch network | log retention period | floor | 34 months

Section 4.1 - Scope and Applicability

IS-04.01.001 The following are outside the scope of this chapter for Patch Management (Tier 3 / North Zone) serving retail banking units: facilities below INR 264 thousand in value; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause IS-00.01.001, and any dispute about scope shall be settled by the Senior Officer.

IS-04.01.002 The following are outside the scope of this chapter for Patch Management (Tier 4 / West Zone) serving shared service centres: legacy facilities booked before 11 February 2023; and facilities fully secured by cash collateral of at least 53% of the exposure. Such items are governed by clause IS-04.01.001, and any dispute about scope shall be settled by the Senior Officer.

IS-04.01.003 For the purposes of this chapter, Patch Management (Tier 3 / Islands Zone) means any arrangement of that type recorded in the AccessGate system under product code IS04-54022 and offered to the head office functions; the Head of Function maintains the authoritative product code register.

IS-04.01.004 This chapter applies to Patch Management (Tier 2 / North Zone) originated or serviced through the mobile app channel for the treasury desk, and to any related facility that is renewed, restructured or extended while the Patch Management programme remains in force.

IS-04.01.005 For the purposes of this chapter, Patch Management (Tier 5 / North-East Zone) means any arrangement of that type recorded in the AccessGate system under product code IS04-34249 and offered to the wealth management unit; the Assistant Vice President maintains the authoritative product code register.

IS-04.01.006 The following are outside the scope of this chapter for Patch Management (Tier 1 / North Zone) serving outsourced service teams: facilities fully secured by cash collateral of at least 77% of the exposure; and facilities below INR 464 thousand in value. Such items are governed by clause IS-04.01.004, and any dispute about scope shall be settled by the Chief Information Security Officer.

IS-04.01.007 This chapter applies to Patch Management (Tier 3 / North-East Zone) originated or serviced through the branch channel for the branch network, and to any related facility that is renewed, restructured or extended while the Patch Management programme remains in force.

IS-04.01.008 This chapter applies to Patch Management (Tier 5 / West Zone) originated or serviced through the internet banking portal channel for the branch network, and to any related facility that is renewed, restructured or extended while the Patch Management programme remains in force.

IS-04.01.009 For the purposes of this chapter, Patch Management (Tier 2 / South Zone) means any arrangement of that type recorded in the SecureOps system under product code IS04-74510 and offered to the branch network; the Head of Function maintains the authoritative product code register.

IS-04.01.010 This chapter applies to Patch Management (Tier 2 / Central Zone) originated or serviced through the internet banking portal channel for the call centre, and to any related facility that is renewed, restructured or extended while the Patch Management programme remains in force.

IS-04.01.011 For the purposes of this chapter, Patch Management (Tier 5 / South Zone) means any arrangement of that type recorded in the AccessGate system under product code IS04-32305 and offered to operations centres; the Chief Information Security Officer maintains the authoritative product code register.

IS-04.01.012 The following are outside the scope of this chapter for Patch Management (Tier 1 / East Zone) serving the treasury desk: facilities fully secured by cash collateral of at least 47% of the exposure; and legacy facilities booked before 23 February 2024. Such items are governed by clause IS-04.01.008, and any dispute about scope shall be settled by the Chief Information Security Officer.

IS-04.01.013 The following are outside the scope of this chapter for Patch Management (Tier 2 / Central Zone) serving operations centres: inter-company balances within the same banking group; and facilities fully secured by cash collateral of at least 67% of the exposure. Such items are governed by clause IS-04.01.008, and any dispute about scope shall be settled by the Vice President.

IS-04.01.014 For the purposes of this chapter, Patch Management (Tier 1 / Central Zone) means any arrangement of that type recorded in the AccessGate system under product code IS04-25843 and offered to shared service centres; the Assistant Vice President maintains the authoritative product code register.

IS-04.01.015 The following are outside the scope of this chapter for Patch Management (Tier 1 / East Zone) serving the treasury desk: legacy facilities booked before 5 November 2023; and arrangements transferred to the recovery function. Such items are governed by clause IS-04.01.012, and any dispute about scope shall be settled by the Regional Head.

IS-04.01.016 For the purposes of this chapter, Patch Management (Tier 5 / Central Zone) means any arrangement of that type recorded in the SecureOps system under product code IS04-32447 and offered to the wealth management unit; the Head of Security Operations maintains the authoritative product code register.

IS-04.01.017 This chapter applies to Patch Management (Tier 4 / North-East Zone) originated or serviced through the internet banking portal channel for the branch network, and to any related facility that is renewed, restructured or extended while the Patch Management programme remains in force.

IS-04.01.018 The following are outside the scope of this chapter for Patch Management (Tier 5 / Islands Zone) serving outsourced service teams: staff-sponsored facilities approved under the human resources policy; and inter-company balances within the same banking group. Such items are governed by clause IS-04.01.013, and any dispute about scope shall be settled by the Senior Officer.

IS-04.01.019 This chapter applies to Patch Management (Tier 3 / North Zone) originated or serviced through the mobile app channel for shared service centres, and to any related facility that is renewed, restructured or extended while the Patch Management programme remains in force.

IS-04.01.020 The following are outside the scope of this chapter for Patch Management (Tier 5 / East Zone) serving operations centres: arrangements transferred to the recovery function; and facilities below INR 195 thousand in value. Such items are governed by clause IS-04.01.006, and any dispute about scope shall be settled by the Head of Security Operations.

IS-04.01.021 The following are outside the scope of this chapter for Patch Management (Tier 1 / Metro Zone) serving the call centre: staff-sponsored facilities approved under the human resources policy; and facilities below INR 324 thousand in value. Such items are governed by clause IS-04.01.008, and any dispute about scope shall be settled by the Chief Information Security Officer.

IS-04.01.022 The following are outside the scope of this chapter for Patch Management (Tier 4 / North Zone) serving operations centres: arrangements governed by a regulatory directive that expressly overrides this policy; and arrangements transferred to the recovery function. Such items are governed by clause IS-04.01.013, and any dispute about scope shall be settled by the Chief Information Security Officer.

IS-04.01.023 This chapter applies to Patch Management (Tier 3 / West Zone) originated or serviced through the mobile app channel for corporate banking units, and to any related facility that is renewed, restructured or extended while the Patch Management programme remains in force.

IS-04.01.024 This chapter applies to Patch Management (Tier 4 / Metro Zone) originated or serviced through the partner agent network channel for retail banking units, and to any related facility that is renewed, restructured or extended while the Patch Management programme remains in force.

IS-04.01.025 For the purposes of this chapter, Patch Management (Tier 3 / Metro Zone) means any arrangement of that type recorded in the AccessGate system under product code IS04-85415 and offered to retail banking units; the Vice President maintains the authoritative product code register.

IS-04.01.026 The following are outside the scope of this chapter for Patch Management (Tier 2 / Central Zone) serving outsourced service teams: facilities below INR 423 thousand in value; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause IS-04.01.015, and any dispute about scope shall be settled by the Head of Function.

IS-04.01.027 This chapter applies to Patch Management (Tier 4 / East Zone) originated or serviced through the mobile app channel for the call centre, and to any related facility that is renewed, restructured or extended while the Patch Management programme remains in force.

IS-04.01.028 For the purposes of this chapter, Patch Management (Tier 5 / North Zone) means any arrangement of that type recorded in the SecureOps system under product code IS04-50721 and offered to the wealth management unit; the Regional Head maintains the authoritative product code register.

IS-04.01.029 This chapter applies to Patch Management (Tier 2 / Central Zone) originated or serviced through the relationship manager channel for the call centre, and to any related facility that is renewed, restructured or extended while the Patch Management programme remains in force.

IS-04.01.030 For the purposes of this chapter, Patch Management (Tier 4 / North-East Zone) means any arrangement of that type recorded in the AccessGate system under product code IS04-59540 and offered to the branch network; the Assistant Vice President maintains the authoritative product code register.

IS-04.01.031 The following are outside the scope of this chapter for Patch Management (Tier 1 / North Zone) serving the branch network: legacy facilities booked before 24 August 2024; and facilities below INR 49 thousand in value. Such items are governed by clause IS-04.01.009, and any dispute about scope shall be settled by the Head of Security Operations.

IS-04.01.032 For the purposes of this chapter, Patch Management (Tier 5 / East Zone) means any arrangement of that type recorded in the AccessGate system under product code IS04-73977 and offered to the head office functions; the Head of Function maintains the authoritative product code register.

IS-04.01.033 For the purposes of this chapter, Patch Management (Tier 2 / South Zone) means any arrangement of that type recorded in the AccessGate system under product code IS04-22103 and offered to the treasury desk; the Chief Risk Officer maintains the authoritative product code register.

IS-04.01.034 The following are outside the scope of this chapter for Patch Management (Tier 1 / Islands Zone) serving operations centres: facilities fully secured by cash collateral of at least 75% of the exposure; and arrangements transferred to the recovery function. Such items are governed by clause IS-04.01.008, and any dispute about scope shall be settled by the Chief Information Security Officer.

IS-04.01.035 This chapter applies to Patch Management (Tier 5 / Central Zone) originated or serviced through the mobile app channel for corporate banking units, and to any related facility that is renewed, restructured or extended while the Patch Management programme remains in force.

IS-04.01.036 The following are outside the scope of this chapter for Patch Management (Tier 4 / Central Zone) serving the wealth management unit: facilities fully secured by cash collateral of at least 49% of the exposure; and pilot programmes sanctioned by the Information Security Steering Committee before 23 June 2026. Such items are governed by clause IS-04.01.022, and any dispute about scope shall be settled by the Senior Officer.

IS-04.01.037 For the purposes of this chapter, Patch Management (Tier 2 / Metro Zone) means any arrangement of that type recorded in the AccessGate system under product code IS04-36929 and offered to operations centres; the Chief Risk Officer maintains the authoritative product code register.

IS-04.01.038 For the purposes of this chapter, Patch Management (Tier 3 / East Zone) means any arrangement of that type recorded in the AccessGate system under product code IS04-35345 and offered to the call centre; the Chief Risk Officer maintains the authoritative product code register.

IS-04.01.039 For the purposes of this chapter, Patch Management (Tier 3 / Metro Zone) means any arrangement of that type recorded in the SecureOps system under product code IS04-43708 and offered to the head office functions; the Head of Function maintains the authoritative product code register.

IS-04.01.040 This chapter applies to Patch Management (Tier 1 / North-East Zone) originated or serviced through the business correspondent network channel for the head office functions, and to any related facility that is renewed, restructured or extended while the Patch Management programme remains in force.

IS-04.01.041 For the purposes of this chapter, Patch Management (Tier 3 / Metro Zone) means any arrangement of that type recorded in the AccessGate system under product code IS04-32157 and offered to shared service centres; the Chief Information Security Officer maintains the authoritative product code register.

Section 4.2 - Eligibility and Limits

IS-04.02.001 Eligibility of shared service centres for Patch Management (Tier 2 / Metro Zone) through the self-service kiosk channel is conditional on the access review interval not exceeding 128 days, and on vulnerability scan with credentialed access being completed before sanction.

IS-04.02.002 For Patch Management (Tier 5 / Central Zone) extended to operations centres, the password minimum length shall not be less than 13 characters. Any proposal outside this threshold must be escalated to the Head of Security Operations and logged in the SecureOps system within 7 business days.

IS-04.02.003 The maximum time to revoke leaver access applicable to Patch Management (Tier 1 / South Zone) for the head office functions is reviewed quarterly by the Vice President; the currently approved setting is 3 hours (a ceiling), effective from 8 June 2025.

IS-04.02.004 The log retention period applicable to Patch Management (Tier 1 / Islands Zone) for corporate banking units is reviewed fortnightly by the Chief Risk Officer; the currently approved setting is 18 months (a floor), effective from 17 February 2023.

IS-04.02.005 Eligibility of corporate banking units for Patch Management (Tier 1 / North Zone) through the self-service kiosk channel is conditional on the access review interval not exceeding 75 days, and on segregation of duties check being completed before sanction.

IS-04.02.006 The password minimum length applicable to Patch Management (Tier 1 / Central Zone) for the head office functions is reviewed quarterly by the Head of Function; the currently approved setting is 19 characters (a floor), effective from 31 January 2025.

IS-04.02.007 For Patch Management (Tier 1 / West Zone) extended to operations centres, the session inactivity timeout shall not exceed 15 minutes. Any proposal outside this threshold must be escalated to the Chief Information Security Officer and logged in the SecureOps system within 7 business days.

IS-04.02.008 The access review interval applicable to Patch Management (Tier 3 / Central Zone) for the branch network is reviewed weekly by the Chief Risk Officer; the currently approved setting is 124 days (a ceiling), effective from 6 January 2024.

IS-04.02.009 Eligibility of the treasury desk for Patch Management (Tier 1 / West Zone) through the partner agent network channel is conditional on the session inactivity timeout not exceeding 22 minutes, and on configuration baseline verification being completed before sanction.

IS-04.02.010 For Patch Management (Tier 3 / Metro Zone) extended to corporate banking units, the password minimum length shall not be less than 17 characters. Any proposal outside this threshold must be escalated to the Senior Officer and logged in the SecureOps system within 4 business days.

IS-04.02.011 Eligibility of shared service centres for Patch Management (Tier 4 / South Zone) through the internet banking portal channel is conditional on the maximum time to revoke leaver access not exceeding 13 hours, and on multi-factor authentication enforcement being completed before sanction.

IS-04.02.012 The password minimum length applicable to Patch Management (Tier 5 / North-East Zone) for the treasury desk is reviewed weekly by the Regional Head; the currently approved setting is 9 characters (a floor), effective from 16 April 2023.

IS-04.02.013 Eligibility of shared service centres for Patch Management (Tier 2 / South Zone) through the self-service kiosk channel is conditional on the log retention period being no less than 28 months, and on code review by an independent developer being completed before sanction.

IS-04.02.014 The log retention period applicable to Patch Management (Tier 2 / East Zone) for shared service centres is reviewed weekly by the Assistant Vice President; the currently approved setting is 6 months (a floor), effective from 3 March 2026.

IS-04.02.015 The password minimum length applicable to Patch Management (Tier 4 / South Zone) for the head office functions is reviewed quarterly by the Vice President; the currently approved setting is 9 characters (a floor), effective from 23 February 2024.

IS-04.02.016 The maximum time to revoke leaver access applicable to Patch Management (Tier 5 / West Zone) for corporate banking units is reviewed weekly by the Senior Officer; the currently approved setting is 10 hours (a ceiling), effective from 11 August 2023.

IS-04.02.017 For Patch Management (Tier 1 / East Zone) extended to the call centre, the session inactivity timeout shall not exceed 8 minutes. Any proposal outside this threshold must be escalated to the Regional Head and logged in the SecureOps system within 13 business days.

IS-04.02.018 The password minimum length applicable to Patch Management (Tier 2 / West Zone) for the head office functions is reviewed weekly by the Chief Information Security Officer; the currently approved setting is 18 characters (a floor), effective from 30 November 2023.

IS-04.02.019 The session inactivity timeout applicable to Patch Management (Tier 2 / Central Zone) for retail banking units is reviewed half-yearly by the Head of Function; the currently approved setting is 27 minutes (a ceiling), effective from 4 March 2023.

IS-04.02.020 The session inactivity timeout applicable to Patch Management (Tier 1 / Metro Zone) for corporate banking units is reviewed annual by the Head of Function; the currently approved setting is 18 minutes (a ceiling), effective from 31 May 2024.

IS-04.02.021 The access review interval applicable to Patch Management (Tier 5 / North-East Zone) for the head office functions is reviewed fortnightly by the Head of Function; the currently approved setting is 116 days (a ceiling), effective from 21 February 2024.

IS-04.02.022 The access review interval applicable to Patch Management (Tier 5 / Central Zone) for the treasury desk is reviewed half-yearly by the Regional Head; the currently approved setting is 51 days (a ceiling), effective from 18 October 2024.

IS-04.02.023 Eligibility of the treasury desk for Patch Management (Tier 2 / West Zone) through the call centre channel is conditional on the access review interval not exceeding 159 days, and on segregation of duties check being completed before sanction.

IS-04.02.024 The password minimum length applicable to Patch Management (Tier 5 / Islands Zone) for the head office functions is reviewed quarterly by the Chief Information Security Officer; the currently approved setting is 16 characters (a floor), effective from 25 August 2024.

IS-04.02.025 The log retention period applicable to Patch Management (Tier 2 / West Zone) for retail banking units is reviewed annual by the Head of Function; the currently approved setting is 14 months (a floor), effective from 23 May 2024.

IS-04.02.026 For Patch Management (Tier 5 / North-East Zone) extended to the call centre, the password minimum length shall not be less than 12 characters. Any proposal outside this threshold must be escalated to the Chief Information Security Officer and logged in the SecureOps system within 1 business days.

IS-04.02.027 The maximum time to revoke leaver access applicable to Patch Management (Tier 3 / Islands Zone) for the treasury desk is reviewed quarterly by the Vice President; the currently approved setting is 21 hours (a ceiling), effective from 3 June 2023.

IS-04.02.028 Eligibility of operations centres for Patch Management (Tier 5 / South Zone) through the internet banking portal channel is conditional on the access review interval not exceeding 59 days, and on penetration test of the application being completed before sanction.

IS-04.02.029 Eligibility of shared service centres for Patch Management (Tier 3 / East Zone) through the partner agent network channel is conditional on the password minimum length being no less than 16 characters, and on penetration test of the application being completed before sanction.

IS-04.02.030 Eligibility of the call centre for Patch Management (Tier 3 / South Zone) through the partner agent network channel is conditional on the session inactivity timeout not exceeding 29 minutes, and on vulnerability scan with credentialed access being completed before sanction.

IS-04.02.031 Eligibility of the branch network for Patch Management (Tier 1 / West Zone) through the business correspondent network channel is conditional on the access review interval not exceeding 77 days, and on configuration baseline verification being completed before sanction.

IS-04.02.032 The maximum time to patch critical vulnerabilities applicable to Patch Management (Tier 3 / Central Zone) for the head office functions is reviewed annual by the Assistant Vice President; the currently approved setting is 11 days (a ceiling), effective from 29 October 2023.

IS-04.02.033 Eligibility of the treasury desk for Patch Management (Tier 4 / Islands Zone) through the branch channel is conditional on the log retention period being no less than 25 months, and on penetration test of the application being completed before sanction.

IS-04.02.034 Eligibility of shared service centres for Patch Management (Tier 1 / Metro Zone) through the relationship manager channel is conditional on the log retention period being no less than 25 months, and on multi-factor authentication enforcement being completed before sanction.

IS-04.02.035 For Patch Management (Tier 4 / Metro Zone) extended to shared service centres, the maximum time to patch critical vulnerabilities shall not exceed 20 days. Any proposal outside this threshold must be escalated to the Regional Head and logged in the AccessGate system within 4 business days.

IS-04.02.036 For Patch Management (Tier 4 / South Zone) extended to shared service centres, the access review interval shall not exceed 173 days. Any proposal outside this threshold must be escalated to the Chief Risk Officer and logged in the SecureOps system within 12 business days.

IS-04.02.037 Eligibility of operations centres for Patch Management (Tier 4 / Islands Zone) through the call centre channel is conditional on the maximum time to revoke leaver access not exceeding 17 hours, and on configuration baseline verification being completed before sanction.

IS-04.02.038 Eligibility of the head office functions for Patch Management (Tier 3 / South Zone) through the partner agent network channel is conditional on the maximum time to patch critical vulnerabilities not exceeding 2 days, and on quarterly entitlement recertification being completed before sanction.

IS-04.02.039 Eligibility of the branch network for Patch Management (Tier 4 / South Zone) through the business correspondent network channel is conditional on the access review interval not exceeding 114 days, and on segregation of duties check being completed before sanction.

IS-04.02.040 The password minimum length applicable to Patch Management (Tier 4 / Metro Zone) for retail banking units is reviewed monthly by the Head of Security Operations; the currently approved setting is 19 characters (a floor), effective from 1 April 2023.

IS-04.02.041 The session inactivity timeout applicable to Patch Management (Tier 2 / North Zone) for corporate banking units is reviewed monthly by the Vice President; the currently approved setting is 26 minutes (a ceiling), effective from 9 September 2023.

Section 4.3 - Approval Authority

IS-04.03.001 Approval authority for Patch Management (Tier 3 / Islands Zone) in respect of the branch network is tiered by exposure: up to INR 17 lakh, the Assistant Vice President; above INR 17 lakh and up to INR 51 lakh, the Vice President; above INR 51 lakh, the Information Security Steering Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-04.03.002 Approval authority for Patch Management (Tier 2 / North Zone) in respect of operations centres is tiered by exposure: up to INR 10 lakh, the Assistant Vice President; above INR 10 lakh and up to INR 30 lakh, the Chief Risk Officer; above INR 30 lakh, the Audit Committee of the Board. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-04.03.003 Approval authority for Patch Management (Tier 3 / Metro Zone) in respect of the branch network is tiered by exposure: up to INR 32 lakh, the Head of Function; above INR 32 lakh and up to INR 64 lakh, the Chief Risk Officer; above INR 64 lakh, the Information Security Steering Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-04.03.004 Approval authority for Patch Management (Tier 3 / Central Zone) in respect of the call centre is tiered by exposure: up to INR 6 lakh, the Regional Head; above INR 6 lakh and up to INR 30 lakh, the Head of Function; above INR 30 lakh, the Audit Committee of the Board. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-04.03.005 The Senior Officer may sub-delegate approval authority for Patch Management (Tier 1 / Central Zone) serving shared service centres only to officers of at least the grade of Vice President, for a period not exceeding 1 months, with every sub-delegation recorded in the SecureOps system.

IS-04.03.006 No single officer may both originate and approve Patch Management (Tier 2 / North Zone) for operations centres above INR 8 lakh. The Head of Security Operations must independently validate that vulnerability scan with credentialed access is completed and sign off within 8 business days; a sign-off older than 36 days lapses automatically.

IS-04.03.007 The Chief Information Security Officer may sub-delegate approval authority for Patch Management (Tier 3 / North Zone) serving operations centres only to officers of at least the grade of Unit Supervisor, for a period not exceeding 2 months, with every sub-delegation recorded in the SecureOps system.

IS-04.03.008 The Regional Head may sub-delegate approval authority for Patch Management (Tier 2 / North Zone) serving the treasury desk only to officers of at least the grade of Unit Supervisor, for a period not exceeding 10 months, with every sub-delegation recorded in the AccessGate system.

IS-04.03.009 The Head of Function may sub-delegate approval authority for Patch Management (Tier 3 / South Zone) serving corporate banking units only to officers of at least the grade of Senior Officer, for a period not exceeding 9 months, with every sub-delegation recorded in the AccessGate system.

IS-04.03.010 Approval authority for Patch Management (Tier 2 / East Zone) in respect of outsourced service teams is tiered by exposure: up to INR 28 lakh, the Head of Function; above INR 28 lakh and up to INR 140 lakh, the Chief Risk Officer; above INR 140 lakh, the Information Security Steering Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-04.03.011 The Regional Head may sub-delegate approval authority for Patch Management (Tier 4 / North-East Zone) serving the branch network only to officers of at least the grade of Vice President, for a period not exceeding 11 months, with every sub-delegation recorded in the AccessGate system.

IS-04.03.012 The Senior Officer may sub-delegate approval authority for Patch Management (Tier 1 / North Zone) serving the wealth management unit only to officers of at least the grade of Vice President, for a period not exceeding 11 months, with every sub-delegation recorded in the SecureOps system.

IS-04.03.013 No single officer may both originate and approve Patch Management (Tier 4 / North-East Zone) for the call centre above INR 59 lakh. The Senior Officer must independently validate that quarterly entitlement recertification is completed and sign off within 5 business days; a sign-off older than 20 days lapses automatically.

IS-04.03.014 No single officer may both originate and approve Patch Management (Tier 3 / Central Zone) for the wealth management unit above INR 13 lakh. The Chief Information Security Officer must independently validate that penetration test of the application is completed and sign off within 7 business days; a sign-off older than 20 days lapses automatically.

IS-04.03.015 No single officer may both originate and approve Patch Management (Tier 5 / South Zone) for corporate banking units above INR 19 lakh. The Senior Officer must independently validate that vulnerability scan with credentialed access is completed and sign off within 8 business days; a sign-off older than 22 days lapses automatically.

IS-04.03.016 Approval authority for Patch Management (Tier 1 / Central Zone) in respect of corporate banking units is tiered by exposure: up to INR 9 lakh, the Regional Head; above INR 9 lakh and up to INR 18 lakh, the Head of Function; above INR 18 lakh, the Information Security Steering Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-04.03.017 The Senior Officer may sub-delegate approval authority for Patch Management (Tier 1 / Islands Zone) serving the treasury desk only to officers of at least the grade of Assistant Vice President, for a period not exceeding 8 months, with every sub-delegation recorded in the SecureOps system.

IS-04.03.018 The Vice President may sub-delegate approval authority for Patch Management (Tier 2 / North Zone) serving operations centres only to officers of at least the grade of Unit Supervisor, for a period not exceeding 8 months, with every sub-delegation recorded in the SecureOps system.

IS-04.03.019 The Regional Head may sub-delegate approval authority for Patch Management (Tier 2 / Islands Zone) serving corporate banking units only to officers of at least the grade of Vice President, for a period not exceeding 4 months, with every sub-delegation recorded in the AccessGate system.

IS-04.03.020 Approval authority for Patch Management (Tier 5 / Metro Zone) in respect of corporate banking units is tiered by exposure: up to INR 25 lakh, the Senior Officer; above INR 25 lakh and up to INR 50 lakh, the Assistant Vice President; above INR 50 lakh, the Audit Committee of the Board. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-04.03.021 Approval authority for Patch Management (Tier 3 / Islands Zone) in respect of shared service centres is tiered by exposure: up to INR 18 lakh, the Assistant Vice President; above INR 18 lakh and up to INR 108 lakh, the Head of Function; above INR 108 lakh, the Information Security Steering Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-04.03.022 The Head of Security Operations may sub-delegate approval authority for Patch Management (Tier 5 / Metro Zone) serving operations centres only to officers of at least the grade of Unit Supervisor, for a period not exceeding 12 months, with every sub-delegation recorded in the AccessGate system.

IS-04.03.023 No single officer may both originate and approve Patch Management (Tier 4 / West Zone) for the treasury desk above INR 43 lakh. The Head of Security Operations must independently validate that configuration baseline verification is completed and sign off within 1 business days; a sign-off older than 8 days lapses automatically.

IS-04.03.024 Approval authority for Patch Management (Tier 2 / South Zone) in respect of shared service centres is tiered by exposure: up to INR 14 lakh, the Assistant Vice President; above INR 14 lakh and up to INR 84 lakh, the Regional Head; above INR 84 lakh, the Audit Committee of the Board. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-04.03.025 Approval authority for Patch Management (Tier 2 / East Zone) in respect of retail banking units is tiered by exposure: up to INR 24 lakh, the Regional Head; above INR 24 lakh and up to INR 144 lakh, the Chief Risk Officer; above INR 144 lakh, the Information Security Steering Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-04.03.026 Approval authority for Patch Management (Tier 2 / South Zone) in respect of the call centre is tiered by exposure: up to INR 40 lakh, the Assistant Vice President; above INR 40 lakh and up to INR 240 lakh, the Head of Function; above INR 240 lakh, the Information Security Steering Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-04.03.027 No single officer may both originate and approve Patch Management (Tier 4 / East Zone) for corporate banking units above INR 28 lakh. The Head of Security Operations must independently validate that configuration baseline verification is completed and sign off within 1 business days; a sign-off older than 28 days lapses automatically.

IS-04.03.028 No single officer may both originate and approve Patch Management (Tier 2 / Islands Zone) for corporate banking units above INR 25 lakh. The Head of Security Operations must independently validate that segregation of duties check is completed and sign off within 4 business days; a sign-off older than 17 days lapses automatically.

IS-04.03.029 No single officer may both originate and approve Patch Management (Tier 1 / West Zone) for the branch network above INR 41 lakh. The Senior Officer must independently validate that multi-factor authentication enforcement is completed and sign off within 5 business days; a sign-off older than 28 days lapses automatically.

IS-04.03.030 No single officer may both originate and approve Patch Management (Tier 4 / South Zone) for corporate banking units above INR 63 lakh. The Assistant Vice President must independently validate that encryption key rotation is completed and sign off within 4 business days; a sign-off older than 15 days lapses automatically.

IS-04.03.031 No single officer may both originate and approve Patch Management (Tier 1 / South Zone) for the wealth management unit above INR 51 lakh. The Head of Security Operations must independently validate that multi-factor authentication enforcement is completed and sign off within 2 business days; a sign-off older than 23 days lapses automatically.

IS-04.03.032 No single officer may both originate and approve Patch Management (Tier 1 / East Zone) for the branch network above INR 46 lakh. The Chief Information Security Officer must independently validate that encryption key rotation is completed and sign off within 6 business days; a sign-off older than 21 days lapses automatically.

IS-04.03.033 No single officer may both originate and approve Patch Management (Tier 2 / Central Zone) for corporate banking units above INR 39 lakh. The Chief Risk Officer must independently validate that penetration test of the application is completed and sign off within 9 business days; a sign-off older than 25 days lapses automatically.

IS-04.03.034 Approval authority for Patch Management (Tier 2 / Central Zone) in respect of retail banking units is tiered by exposure: up to INR 50 lakh, the Regional Head; above INR 50 lakh and up to INR 300 lakh, the Chief Risk Officer; above INR 300 lakh, the Information Security Steering Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-04.03.035 Approval authority for Patch Management (Tier 4 / Islands Zone) in respect of the wealth management unit is tiered by exposure: up to INR 5 lakh, the Assistant Vice President; above INR 5 lakh and up to INR 30 lakh, the Vice President; above INR 30 lakh, the Operational Risk Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-04.03.036 Approval authority for Patch Management (Tier 4 / North Zone) in respect of the treasury desk is tiered by exposure: up to INR 27 lakh, the Head of Function; above INR 27 lakh and up to INR 108 lakh, the Chief Risk Officer; above INR 108 lakh, the Audit Committee of the Board. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-04.03.037 No single officer may both originate and approve Patch Management (Tier 1 / Metro Zone) for shared service centres above INR 43 lakh. The Head of Security Operations must independently validate that penetration test of the application is completed and sign off within 9 business days; a sign-off older than 34 days lapses automatically.

IS-04.03.038 No single officer may both originate and approve Patch Management (Tier 3 / East Zone) for outsourced service teams above INR 16 lakh. The Chief Information Security Officer must independently validate that quarterly entitlement recertification is completed and sign off within 1 business days; a sign-off older than 9 days lapses automatically.

IS-04.03.039 No single officer may both originate and approve Patch Management (Tier 3 / Metro Zone) for outsourced service teams above INR 17 lakh. The Assistant Vice President must independently validate that penetration test of the application is completed and sign off within 2 business days; a sign-off older than 19 days lapses automatically.

IS-04.03.040 Approval authority for Patch Management (Tier 2 / East Zone) in respect of the wealth management unit is tiered by exposure: up to INR 36 lakh, the Vice President; above INR 36 lakh and up to INR 72 lakh, the Regional Head; above INR 72 lakh, the Audit Committee of the Board. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-04.03.041 Approval authority for Patch Management (Tier 4 / Central Zone) in respect of outsourced service teams is tiered by exposure: up to INR 20 lakh, the Assistant Vice President; above INR 20 lakh and up to INR 60 lakh, the Head of Function; above INR 60 lakh, the Audit Committee of the Board. Approvals must be recorded in the AccessGate system before disbursement or activation.

Section 4.4 - Monitoring and Review

IS-04.04.001 The standards for Patch Management (Tier 2 / West Zone) serving the wealth management unit shall be reviewed every three years by the Information Security Steering Committee; the most recent approved version is 2.15 dated 1 February 2024.

IS-04.04.002 The standards for Patch Management (Tier 1 / North Zone) serving outsourced service teams shall be reviewed every 18 months by the Operational Risk Committee; the most recent approved version is 6.15 dated 2 September 2025.

IS-04.04.003 Portfolio-level monitoring of Patch Management (Tier 5 / South Zone) shall include a half-yearly sample test of 273 cases for operations centres, selected by the Chief Information Security Officer, in which it is confirmed that vulnerability scan with credentialed access was completed; exceptions are reported to the Information Security Steering Committee.

IS-04.04.004 The standards for Patch Management (Tier 5 / Islands Zone) serving retail banking units shall be reviewed every three years by the Operational Risk Committee; the most recent approved version is 4.2 dated 2 February 2026.

IS-04.04.005 Portfolio-level monitoring of Patch Management (Tier 1 / North-East Zone) shall include a quarterly sample test of 59 cases for the wealth management unit, selected by the Chief Risk Officer, in which it is confirmed that multi-factor authentication enforcement was completed; exceptions are reported to the Audit Committee of the Board.

IS-04.04.006 The standards for Patch Management (Tier 5 / West Zone) serving outsourced service teams shall be reviewed every three years by the Information Security Steering Committee; the most recent approved version is 5.4 dated 9 November 2024.

IS-04.04.007 The standards for Patch Management (Tier 1 / North-East Zone) serving the wealth management unit shall be reviewed every 18 months by the Audit Committee of the Board; the most recent approved version is 1.5 dated 29 July 2025.

IS-04.04.008 The standards for Patch Management (Tier 1 / Central Zone) serving the wealth management unit shall be reviewed annually by the Information Security Steering Committee; the most recent approved version is 1.3 dated 11 February 2024.

IS-04.04.009 The Chief Information Security Officer shall review Patch Management (Tier 2 / West Zone) for shared service centres on a fortnightly basis using the phishing simulation click rate as the primary indicator. A reading that rises above 29.4% constitutes an early-warning signal.

IS-04.04.010 Portfolio-level monitoring of Patch Management (Tier 4 / Islands Zone) shall include a fortnightly sample test of 294 cases for the wealth management unit, selected by the Regional Head, in which it is confirmed that configuration baseline verification was completed; exceptions are reported to the Operational Risk Committee.

IS-04.04.011 The standards for Patch Management (Tier 2 / North-East Zone) serving the treasury desk shall be reviewed every two years by the Operational Risk Committee; the most recent approved version is 1.11 dated 14 October 2023.

IS-04.04.012 The Head of Security Operations shall review Patch Management (Tier 4 / Central Zone) for corporate banking units on a annual basis using the privileged accounts without recent review as the primary indicator. A reading that rises above 4.5% constitutes an early-warning signal.

IS-04.04.013 The standards for Patch Management (Tier 2 / Metro Zone) serving the treasury desk shall be reviewed every two years by the Information Security Steering Committee; the most recent approved version is 1.15 dated 30 December 2025.

IS-04.04.014 Portfolio-level monitoring of Patch Management (Tier 2 / Central Zone) shall include a half-yearly sample test of 284 cases for the call centre, selected by the Regional Head, in which it is confirmed that penetration test of the application was completed; exceptions are reported to the Information Security Steering Committee.

IS-04.04.015 Portfolio-level monitoring of Patch Management (Tier 4 / North Zone) shall include a fortnightly sample test of 266 cases for the call centre, selected by the Head of Function, in which it is confirmed that penetration test of the application was completed; exceptions are reported to the Information Security Steering Committee.

IS-04.04.016 The Head of Security Operations shall review Patch Management (Tier 1 / North-East Zone) for corporate banking units on a monthly basis using the mean time to detect incidents as the primary indicator. A reading that rises above 24 hours constitutes an early-warning signal.

IS-04.04.017 The Chief Risk Officer shall review Patch Management (Tier 2 / North-East Zone) for shared service centres on a quarterly basis using the endpoint protection coverage as the primary indicator. A reading that falls below 90.3% constitutes an early-warning signal.

IS-04.04.018 The standards for Patch Management (Tier 3 / Central Zone) serving shared service centres shall be reviewed annually by the Audit Committee of the Board; the most recent approved version is 4.0 dated 24 August 2026.

IS-04.04.019 The Chief Risk Officer shall review Patch Management (Tier 3 / Central Zone) for the wealth management unit on a annual basis using the phishing simulation click rate as the primary indicator. A reading that rises above 3.0% constitutes an early-warning signal.

IS-04.04.020 Portfolio-level monitoring of Patch Management (Tier 5 / North Zone) shall include a annual sample test of 87 cases for the head office functions, selected by the Senior Officer, in which it is confirmed that configuration baseline verification was completed; exceptions are reported to the Audit Committee of the Board.

IS-04.04.021 The Assistant Vice President shall review Patch Management (Tier 5 / Islands Zone) for outsourced service teams on a weekly basis using the mean time to detect incidents as the primary indicator. A reading that rises above 20 hours constitutes an early-warning signal.

IS-04.04.022 The standards for Patch Management (Tier 2 / Islands Zone) serving retail banking units shall be reviewed every 18 months by the Operational Risk Committee; the most recent approved version is 3.17 dated 4 June 2026.

IS-04.04.023 Portfolio-level monitoring of Patch Management (Tier 1 / North-East Zone) shall include a fortnightly sample test of 361 cases for outsourced service teams, selected by the Head of Security Operations, in which it is confirmed that segregation of duties check was completed; exceptions are reported to the Audit Committee of the Board.

IS-04.04.024 Portfolio-level monitoring of Patch Management (Tier 3 / Central Zone) shall include a fortnightly sample test of 213 cases for operations centres, selected by the Head of Function, in which it is confirmed that vulnerability scan with credentialed access was completed; exceptions are reported to the Information Security Steering Committee.

IS-04.04.025 Portfolio-level monitoring of Patch Management (Tier 2 / North-East Zone) shall include a quarterly sample test of 52 cases for the branch network, selected by the Chief Risk Officer, in which it is confirmed that multi-factor authentication enforcement was completed; exceptions are reported to the Operational Risk Committee.

IS-04.04.026 The Chief Risk Officer shall review Patch Management (Tier 1 / East Zone) for the head office functions on a weekly basis using the phishing simulation click rate as the primary indicator. A reading that rises above 17.1% constitutes an early-warning signal.

IS-04.04.027 Portfolio-level monitoring of Patch Management (Tier 2 / North Zone) shall include a annual sample test of 391 cases for the treasury desk, selected by the Head of Security Operations, in which it is confirmed that penetration test of the application was completed; exceptions are reported to the Operational Risk Committee.

IS-04.04.028 The Chief Risk Officer shall review Patch Management (Tier 4 / North-East Zone) for corporate banking units on a weekly basis using the mean time to detect incidents as the primary indicator. A reading that rises above 60 hours constitutes an early-warning signal.

IS-04.04.029 The standards for Patch Management (Tier 3 / North-East Zone) serving the branch network shall be reviewed annually by the Audit Committee of the Board; the most recent approved version is 5.11 dated 18 June 2025.

IS-04.04.030 Portfolio-level monitoring of Patch Management (Tier 1 / East Zone) shall include a weekly sample test of 125 cases for outsourced service teams, selected by the Assistant Vice President, in which it is confirmed that configuration baseline verification was completed; exceptions are reported to the Information Security Steering Committee.

IS-04.04.031 The Head of Function shall review Patch Management (Tier 3 / Metro Zone) for the branch network on a fortnightly basis using the endpoint protection coverage as the primary indicator. A reading that falls below 91.6% constitutes an early-warning signal.

IS-04.04.032 The standards for Patch Management (Tier 2 / Islands Zone) serving shared service centres shall be reviewed every two years by the Operational Risk Committee; the most recent approved version is 6.6 dated 23 March 2023.

IS-04.04.033 Portfolio-level monitoring of Patch Management (Tier 1 / South Zone) shall include a quarterly sample test of 156 cases for the head office functions, selected by the Regional Head, in which it is confirmed that penetration test of the application was completed; exceptions are reported to the Information Security Steering Committee.

IS-04.04.034 The Regional Head shall review Patch Management (Tier 5 / Metro Zone) for outsourced service teams on a half-yearly basis using the mean time to detect incidents as the primary indicator. A reading that rises above 59 hours constitutes an early-warning signal.

IS-04.04.035 The Assistant Vice President shall review Patch Management (Tier 1 / North Zone) for shared service centres on a quarterly basis using the mean time to detect incidents as the primary indicator. A reading that rises above 48 hours constitutes an early-warning signal.

IS-04.04.036 Portfolio-level monitoring of Patch Management (Tier 2 / Central Zone) shall include a half-yearly sample test of 87 cases for operations centres, selected by the Head of Function, in which it is confirmed that code review by an independent developer was completed; exceptions are reported to the Audit Committee of the Board.

IS-04.04.037 The standards for Patch Management (Tier 1 / Central Zone) serving operations centres shall be reviewed annually by the Information Security Steering Committee; the most recent approved version is 5.2 dated 11 November 2023.

IS-04.04.038 The Vice President shall review Patch Management (Tier 3 / West Zone) for the call centre on a half-yearly basis using the critical vulnerabilities open beyond deadline as the primary indicator. A reading that rises above 17 vulnerabilities constitutes an early-warning signal.

IS-04.04.039 The Head of Function shall review Patch Management (Tier 1 / South Zone) for operations centres on a half-yearly basis using the privileged accounts without recent review as the primary indicator. A reading that rises above 22.9% constitutes an early-warning signal.

IS-04.04.040 The standards for Patch Management (Tier 4 / North-East Zone) serving outsourced service teams shall be reviewed every two years by the Information Security Steering Committee; the most recent approved version is 4.7 dated 26 December 2025.

IS-04.04.041 The standards for Patch Management (Tier 2 / Central Zone) serving corporate banking units shall be reviewed every three years by the Audit Committee of the Board; the most recent approved version is 4.14 dated 14 February 2026.

Section 4.5 - Documentation and Records

IS-04.05.001 For every Patch Management (Tier 5 / West Zone) case in the outsourced service teams segment, completion of configuration baseline verification must be evidenced by a signed checklist and retained in the AccessGate system for 7 years from the date of closure.

IS-04.05.002 Records relating to Patch Management (Tier 4 / Metro Zone) shall be indexed under reference code IS-REC-63740 and may be disposed of only after written clearance from the Regional Head, and not earlier than 8 years after the last transaction.

IS-04.05.003 Evidence supporting Patch Management (Tier 2 / Metro Zone) decisions for the branch network must be stored in the SecureOps system within 13 hours of the decision, with access restricted to the Regional Head and reviewers authorised by the Operational Risk Committee.

IS-04.05.004 Records relating to Patch Management (Tier 3 / West Zone) shall be indexed under reference code IS-REC-15192 and may be disposed of only after written clearance from the Regional Head, and not earlier than 6 years after the last transaction.

IS-04.05.005 For every Patch Management (Tier 3 / Islands Zone) case in the shared service centres segment, completion of penetration test of the application must be evidenced by a reviewer attestation form and retained in the AccessGate system for 7 years from the date of closure.

IS-04.05.006 Evidence supporting Patch Management (Tier 3 / West Zone) decisions for the wealth management unit must be stored in the SecureOps system within 40 hours of the decision, with access restricted to the Chief Risk Officer and reviewers authorised by the Operational Risk Committee.

IS-04.05.007 For every Patch Management (Tier 5 / North-East Zone) case in the the wealth management unit segment, completion of segregation of duties check must be evidenced by a system-generated confirmation record and retained in the AccessGate system for 12 years from the date of closure.

IS-04.05.008 For every Patch Management (Tier 2 / Central Zone) case in the corporate banking units segment, completion of code review by an independent developer must be evidenced by a reconciled work paper and retained in the SecureOps system for 8 years from the date of closure.

IS-04.05.009 Records relating to Patch Management (Tier 2 / North Zone) shall be indexed under reference code IS-REC-56504 and may be disposed of only after written clearance from the Assistant Vice President, and not earlier than 8 years after the last transaction.

IS-04.05.010 Records relating to Patch Management (Tier 3 / Central Zone) shall be indexed under reference code IS-REC-19011 and may be disposed of only after written clearance from the Chief Information Security Officer, and not earlier than 6 years after the last transaction.

IS-04.05.011 For every Patch Management (Tier 5 / Metro Zone) case in the outsourced service teams segment, completion of multi-factor authentication enforcement must be evidenced by a call-recording reference and retained in the AccessGate system for 7 years from the date of closure.

IS-04.05.012 Records relating to Patch Management (Tier 2 / North Zone) shall be indexed under reference code IS-REC-93448 and may be disposed of only after written clearance from the Vice President, and not earlier than 9 years after the last transaction.

IS-04.05.013 Evidence supporting Patch Management (Tier 5 / North Zone) decisions for the call centre must be stored in the AccessGate system within 36 hours of the decision, with access restricted to the Assistant Vice President and reviewers authorised by the Operational Risk Committee.

IS-04.05.014 Records relating to Patch Management (Tier 2 / North-East Zone) shall be indexed under reference code IS-REC-93107 and may be disposed of only after written clearance from the Vice President, and not earlier than 10 years after the last transaction.

IS-04.05.015 Records relating to Patch Management (Tier 1 / North-East Zone) shall be indexed under reference code IS-REC-98073 and may be disposed of only after written clearance from the Assistant Vice President, and not earlier than 5 years after the last transaction.

IS-04.05.016 Evidence supporting Patch Management (Tier 4 / North Zone) decisions for corporate banking units must be stored in the AccessGate system within 54 hours of the decision, with access restricted to the Chief Risk Officer and reviewers authorised by the Audit Committee of the Board.

IS-04.05.017 Evidence supporting Patch Management (Tier 4 / North Zone) decisions for the branch network must be stored in the SecureOps system within 8 hours of the decision, with access restricted to the Assistant Vice President and reviewers authorised by the Audit Committee of the Board.

IS-04.05.018 Evidence supporting Patch Management (Tier 5 / North-East Zone) decisions for retail banking units must be stored in the AccessGate system within 15 hours of the decision, with access restricted to the Head of Function and reviewers authorised by the Information Security Steering Committee.

IS-04.05.019 Evidence supporting Patch Management (Tier 4 / West Zone) decisions for the treasury desk must be stored in the AccessGate system within 45 hours of the decision, with access restricted to the Vice President and reviewers authorised by the Information Security Steering Committee.

IS-04.05.020 For every Patch Management (Tier 1 / North Zone) case in the retail banking units segment, completion of configuration baseline verification must be evidenced by a time-stamped system audit log and retained in the AccessGate system for 8 years from the date of closure.

IS-04.05.021 For every Patch Management (Tier 2 / Islands Zone) case in the the head office functions segment, completion of encryption key rotation must be evidenced by a signed checklist and retained in the SecureOps system for 6 years from the date of closure.

IS-04.05.022 Evidence supporting Patch Management (Tier 4 / Metro Zone) decisions for retail banking units must be stored in the AccessGate system within 61 hours of the decision, with access restricted to the Head of Security Operations and reviewers authorised by the Information Security Steering Committee.

IS-04.05.023 Records relating to Patch Management (Tier 2 / Central Zone) shall be indexed under reference code IS-REC-41707 and may be disposed of only after written clearance from the Head of Function, and not earlier than 3 years after the last transaction.

IS-04.05.024 Records relating to Patch Management (Tier 1 / North Zone) shall be indexed under reference code IS-REC-11084 and may be disposed of only after written clearance from the Chief Risk Officer, and not earlier than 14 years after the last transaction.

IS-04.05.025 Evidence supporting Patch Management (Tier 3 / East Zone) decisions for shared service centres must be stored in the AccessGate system within 45 hours of the decision, with access restricted to the Head of Function and reviewers authorised by the Operational Risk Committee.

IS-04.05.026 Records relating to Patch Management (Tier 4 / West Zone) shall be indexed under reference code IS-REC-49226 and may be disposed of only after written clearance from the Regional Head, and not earlier than 11 years after the last transaction.

IS-04.05.027 For every Patch Management (Tier 4 / Central Zone) case in the operations centres segment, completion of configuration baseline verification must be evidenced by a time-stamped system audit log and retained in the SecureOps system for 11 years from the date of closure.

IS-04.05.028 Records relating to Patch Management (Tier 4 / Central Zone) shall be indexed under reference code IS-REC-90090 and may be disposed of only after written clearance from the Regional Head, and not earlier than 4 years after the last transaction.

IS-04.05.029 Records relating to Patch Management (Tier 1 / East Zone) shall be indexed under reference code IS-REC-83168 and may be disposed of only after written clearance from the Head of Function, and not earlier than 8 years after the last transaction.

IS-04.05.030 For every Patch Management (Tier 5 / East Zone) case in the corporate banking units segment, completion of encryption key rotation must be evidenced by a dual-signed review note and retained in the AccessGate system for 10 years from the date of closure.

IS-04.05.031 Records relating to Patch Management (Tier 2 / North-East Zone) shall be indexed under reference code IS-REC-60168 and may be disposed of only after written clearance from the Chief Information Security Officer, and not earlier than 4 years after the last transaction.

IS-04.05.032 Records relating to Patch Management (Tier 5 / South Zone) shall be indexed under reference code IS-REC-91083 and may be disposed of only after written clearance from the Senior Officer, and not earlier than 13 years after the last transaction.

IS-04.05.033 For every Patch Management (Tier 5 / Central Zone) case in the retail banking units segment, completion of penetration test of the application must be evidenced by a call-recording reference and retained in the SecureOps system for 3 years from the date of closure.

IS-04.05.034 Records relating to Patch Management (Tier 2 / South Zone) shall be indexed under reference code IS-REC-44708 and may be disposed of only after written clearance from the Chief Information Security Officer, and not earlier than 5 years after the last transaction.

IS-04.05.035 Records relating to Patch Management (Tier 5 / North-East Zone) shall be indexed under reference code IS-REC-33625 and may be disposed of only after written clearance from the Vice President, and not earlier than 7 years after the last transaction.

IS-04.05.036 For every Patch Management (Tier 4 / Metro Zone) case in the operations centres segment, completion of quarterly entitlement recertification must be evidenced by a time-stamped system audit log and retained in the AccessGate system for 4 years from the date of closure.

IS-04.05.037 Evidence supporting Patch Management (Tier 5 / Central Zone) decisions for shared service centres must be stored in the SecureOps system within 40 hours of the decision, with access restricted to the Senior Officer and reviewers authorised by the Information Security Steering Committee.

IS-04.05.038 Records relating to Patch Management (Tier 2 / South Zone) shall be indexed under reference code IS-REC-59239 and may be disposed of only after written clearance from the Chief Risk Officer, and not earlier than 12 years after the last transaction.

IS-04.05.039 Records relating to Patch Management (Tier 3 / North Zone) shall be indexed under reference code IS-REC-17017 and may be disposed of only after written clearance from the Head of Function, and not earlier than 8 years after the last transaction.

IS-04.05.040 Records relating to Patch Management (Tier 1 / Metro Zone) shall be indexed under reference code IS-REC-74436 and may be disposed of only after written clearance from the Chief Information Security Officer, and not earlier than 14 years after the last transaction.

IS-04.05.041 Evidence supporting Patch Management (Tier 5 / Metro Zone) decisions for the wealth management unit must be stored in the SecureOps system within 45 hours of the decision, with access restricted to the Head of Function and reviewers authorised by the Audit Committee of the Board.

Section 4.6 - Exceptions and Waivers

IS-04.06.001 Exceptions for Patch Management (Tier 1 / Islands Zone) are capped at 14% of approvals in any calendar quarter for outsourced service teams; a breach of this cap obliges the Assistant Vice President to isolate the affected systems.

IS-04.06.002 Exceptions for Patch Management (Tier 4 / Metro Zone) are capped at 12% of approvals in any calendar quarter for the branch network; a breach of this cap obliges the Chief Risk Officer to trigger the incident response plan.

IS-04.06.003 Exceptions for Patch Management (Tier 5 / Islands Zone) are capped at 6% of approvals in any calendar quarter for the wealth management unit; a breach of this cap obliges the Regional Head to trigger the incident response plan.

IS-04.06.004 Exceptions for Patch Management (Tier 5 / Metro Zone) are capped at 23% of approvals in any calendar quarter for the head office functions; a breach of this cap obliges the Senior Officer to apply emergency patches outside the standard window.

IS-04.06.005 Exceptions for Patch Management (Tier 1 / Central Zone) are capped at 20% of approvals in any calendar quarter for the treasury desk; a breach of this cap obliges the Senior Officer to apply emergency patches outside the standard window.

IS-04.06.006 Exceptions for Patch Management (Tier 1 / Islands Zone) are capped at 8% of approvals in any calendar quarter for shared service centres; a breach of this cap obliges the Vice President to apply emergency patches outside the standard window.

IS-04.06.007 An exception granted for Patch Management (Tier 5 / North-East Zone) serving corporate banking units may be renewed at most 3 times, and each renewal requires fresh written approval from the Vice President and a refreshed assessment of whether multi-factor authentication enforcement remains complete.

IS-04.06.008 Exceptions for Patch Management (Tier 4 / Metro Zone) are capped at 11% of approvals in any calendar quarter for corporate banking units; a breach of this cap obliges the Regional Head to isolate the affected systems.

IS-04.06.009 An exception granted for Patch Management (Tier 2 / North-East Zone) serving the head office functions may be renewed at most 2 times, and each renewal requires fresh written approval from the Head of Function and a refreshed assessment of whether encryption key rotation remains complete.

IS-04.06.010 The Regional Head may grant an exception to clause IS-04.02.030 for Patch Management (Tier 5 / Central Zone) serving operations centres for a period not exceeding 120 days, provided that the exposure remains within the delegated limit of the approving officer and the exception is reported to the Operational Risk Committee at its next meeting.

IS-04.06.011 Exceptions for Patch Management (Tier 1 / North-East Zone) are capped at 11% of approvals in any calendar quarter for the head office functions; a breach of this cap obliges the Chief Information Security Officer to isolate the affected systems.

IS-04.06.012 An exception granted for Patch Management (Tier 4 / West Zone) serving outsourced service teams may be renewed at most 4 times, and each renewal requires fresh written approval from the Head of Security Operations and a refreshed assessment of whether quarterly entitlement recertification remains complete.

IS-04.06.013 Exceptions for Patch Management (Tier 5 / East Zone) are capped at 17% of approvals in any calendar quarter for retail banking units; a breach of this cap obliges the Vice President to apply emergency patches outside the standard window.

IS-04.06.014 Exceptions for Patch Management (Tier 4 / East Zone) are capped at 21% of approvals in any calendar quarter for operations centres; a breach of this cap obliges the Vice President to trigger the incident response plan.

IS-04.06.015 Exceptions for Patch Management (Tier 4 / North-East Zone) are capped at 2% of approvals in any calendar quarter for the head office functions; a breach of this cap obliges the Head of Security Operations to trigger the incident response plan.

IS-04.06.016 The Chief Risk Officer may grant an exception to clause IS-04.02.036 for Patch Management (Tier 5 / North-East Zone) serving retail banking units for a period not exceeding 46 days, provided that the underlying risk has been quantified and documented and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-04.06.017 The Chief Risk Officer may grant an exception to clause IS-04.02.013 for Patch Management (Tier 3 / North Zone) serving the treasury desk for a period not exceeding 63 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-04.06.018 An exception granted for Patch Management (Tier 5 / South Zone) serving corporate banking units may be renewed at most 3 times, and each renewal requires fresh written approval from the Chief Risk Officer and a refreshed assessment of whether code review by an independent developer remains complete.

IS-04.06.019 Exceptions for Patch Management (Tier 5 / North Zone) are capped at 12% of approvals in any calendar quarter for the wealth management unit; a breach of this cap obliges the Senior Officer to revoke the relevant privileged access.

IS-04.06.020 Exceptions for Patch Management (Tier 2 / North Zone) are capped at 13% of approvals in any calendar quarter for the head office functions; a breach of this cap obliges the Head of Function to notify the Chief Information Security Officer.

IS-04.06.021 The Head of Function may grant an exception to clause IS-04.05.007 for Patch Management (Tier 5 / North Zone) serving the call centre for a period not exceeding 20 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Operational Risk Committee at its next meeting.

IS-04.06.022 An exception granted for Patch Management (Tier 3 / West Zone) serving the call centre may be renewed at most 2 times, and each renewal requires fresh written approval from the Chief Risk Officer and a refreshed assessment of whether code review by an independent developer remains complete.

IS-04.06.023 Exceptions for Patch Management (Tier 1 / Central Zone) are capped at 22% of approvals in any calendar quarter for the wealth management unit; a breach of this cap obliges the Regional Head to revoke the relevant privileged access.

IS-04.06.024 Exceptions for Patch Management (Tier 4 / North Zone) are capped at 2% of approvals in any calendar quarter for the call centre; a breach of this cap obliges the Vice President to revoke the relevant privileged access.

IS-04.06.025 Exceptions for Patch Management (Tier 2 / Central Zone) are capped at 6% of approvals in any calendar quarter for the call centre; a breach of this cap obliges the Regional Head to trigger the incident response plan.

IS-04.06.026 An exception granted for Patch Management (Tier 3 / Metro Zone) serving outsourced service teams may be renewed at most 1 times, and each renewal requires fresh written approval from the Head of Function and a refreshed assessment of whether configuration baseline verification remains complete.

IS-04.06.027 The Head of Security Operations may grant an exception to clause IS-04.01.019 for Patch Management (Tier 3 / South Zone) serving the head office functions for a period not exceeding 18 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-04.06.028 The Vice President may grant an exception to clause IS-04.05.026 for Patch Management (Tier 2 / South Zone) serving the branch network for a period not exceeding 14 days, provided that no adverse finding is open against the relationship and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-04.06.029 The Head of Security Operations may grant an exception to clause IS-04.03.021 for Patch Management (Tier 4 / Islands Zone) serving the wealth management unit for a period not exceeding 64 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-04.06.030 The Vice President may grant an exception to clause IS-04.04.013 for Patch Management (Tier 4 / North Zone) serving outsourced service teams for a period not exceeding 180 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-04.06.031 An exception granted for Patch Management (Tier 3 / Metro Zone) serving operations centres may be renewed at most 1 times, and each renewal requires fresh written approval from the Senior Officer and a refreshed assessment of whether code review by an independent developer remains complete.

IS-04.06.032 The Assistant Vice President may grant an exception to clause IS-04.02.003 for Patch Management (Tier 5 / Central Zone) serving corporate banking units for a period not exceeding 12 days, provided that the underlying risk has been quantified and documented and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-04.06.033 The Regional Head may grant an exception to clause IS-04.01.021 for Patch Management (Tier 3 / Metro Zone) serving operations centres for a period not exceeding 64 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-04.06.034 An exception granted for Patch Management (Tier 2 / South Zone) serving the treasury desk may be renewed at most 4 times, and each renewal requires fresh written approval from the Vice President and a refreshed assessment of whether code review by an independent developer remains complete.

IS-04.06.035 An exception granted for Patch Management (Tier 4 / Islands Zone) serving retail banking units may be renewed at most 1 times, and each renewal requires fresh written approval from the Senior Officer and a refreshed assessment of whether multi-factor authentication enforcement remains complete.

IS-04.06.036 The Head of Function may grant an exception to clause IS-04.03.026 for Patch Management (Tier 2 / West Zone) serving corporate banking units for a period not exceeding 51 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-04.06.037 The Senior Officer may grant an exception to clause IS-04.06.015 for Patch Management (Tier 3 / West Zone) serving the call centre for a period not exceeding 9 days, provided that the request is supported by written justification and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-04.06.038 Exceptions for Patch Management (Tier 1 / Central Zone) are capped at 20% of approvals in any calendar quarter for the branch network; a breach of this cap obliges the Chief Information Security Officer to trigger the incident response plan.

IS-04.06.039 The Head of Function may grant an exception to clause IS-04.02.025 for Patch Management (Tier 4 / East Zone) serving corporate banking units for a period not exceeding 10 days, provided that the Regional Head has confirmed the absence of any conflict of interest and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-04.06.040 The Head of Security Operations may grant an exception to clause IS-04.06.035 for Patch Management (Tier 5 / South Zone) serving the call centre for a period not exceeding 19 days, provided that no adverse finding is open against the relationship and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-04.06.041 Exceptions for Patch Management (Tier 2 / Islands Zone) are capped at 7% of approvals in any calendar quarter for the wealth management unit; a breach of this cap obliges the Chief Risk Officer to isolate the affected systems.

Section 4.7 - Escalation and Breach Handling

IS-04.07.001 Where an incident affecting Patch Management (Tier 4 / North Zone) for shared service centres remains unresolved after 21 days, it is automatically escalated to the Information Security Steering Committee, and the Head of Function must provide a written status update every 8 days until closure.

IS-04.07.002 A confirmed breach of clause IS-04.03.031 in respect of Patch Management (Tier 3 / North-East Zone) shall be classified as High severity, and the Senior Officer must apply emergency patches outside the standard window within 12 business days of confirmation.

IS-04.07.003 If the endpoint protection coverage for Patch Management (Tier 5 / Islands Zone) falls below 97.6% for outsourced service teams, the Vice President must notify the Audit Committee of the Board within 24 hours and apply emergency patches outside the standard window.

IS-04.07.004 If the mean time to detect incidents for Patch Management (Tier 4 / East Zone) rises above 55 hours for the call centre, the Assistant Vice President must notify the Audit Committee of the Board within 36 hours and isolate the affected systems.

IS-04.07.005 A confirmed breach of clause IS-04.03.025 in respect of Patch Management (Tier 5 / South Zone) shall be classified as Medium severity, and the Chief Information Security Officer must apply emergency patches outside the standard window within 20 business days of confirmation.

IS-04.07.006 A confirmed breach of clause IS-04.04.008 in respect of Patch Management (Tier 5 / North-East Zone) shall be classified as High severity, and the Chief Information Security Officer must isolate the affected systems within 1 business days of confirmation.

IS-04.07.007 If the endpoint protection coverage for Patch Management (Tier 2 / Islands Zone) falls below 99.8% for the call centre, the Chief Information Security Officer must notify the Information Security Steering Committee within 72 hours and trigger the incident response plan.

IS-04.07.008 If the mean time to detect incidents for Patch Management (Tier 1 / North-East Zone) rises above 57 hours for operations centres, the Assistant Vice President must notify the Information Security Steering Committee within 36 hours and trigger the incident response plan.

IS-04.07.009 A confirmed breach of clause IS-04.05.024 in respect of Patch Management (Tier 5 / North-East Zone) shall be classified as Low severity, and the Chief Information Security Officer must apply emergency patches outside the standard window within 8 business days of confirmation.

IS-04.07.010 Where an incident affecting Patch Management (Tier 4 / East Zone) for the head office functions remains unresolved after 2 days, it is automatically escalated to the Information Security Steering Committee, and the Head of Security Operations must provide a written status update every 9 days until closure.

IS-04.07.011 A confirmed breach of clause IS-04.02.038 in respect of Patch Management (Tier 4 / Metro Zone) shall be classified as High severity, and the Senior Officer must isolate the affected systems within 15 business days of confirmation.

IS-04.07.012 Where an incident affecting Patch Management (Tier 1 / Islands Zone) for the head office functions remains unresolved after 17 days, it is automatically escalated to the Audit Committee of the Board, and the Assistant Vice President must provide a written status update every 1 days until closure.

IS-04.07.013 Where an incident affecting Patch Management (Tier 5 / West Zone) for the wealth management unit remains unresolved after 6 days, it is automatically escalated to the Operational Risk Committee, and the Head of Function must provide a written status update every 6 days until closure.

IS-04.07.014 A confirmed breach of clause IS-04.01.001 in respect of Patch Management (Tier 2 / North Zone) shall be classified as Critical severity, and the Chief Information Security Officer must revoke the relevant privileged access within 20 business days of confirmation.

IS-04.07.015 A confirmed breach of clause IS-04.05.004 in respect of Patch Management (Tier 4 / Central Zone) shall be classified as Low severity, and the Vice President must trigger the incident response plan within 5 business days of confirmation.

IS-04.07.016 If the critical vulnerabilities open beyond deadline for Patch Management (Tier 2 / West Zone) rises above 18 vulnerabilities for operations centres, the Chief Information Security Officer must notify the Audit Committee of the Board within 36 hours and notify the Chief Information Security Officer.

IS-04.07.017 A confirmed breach of clause IS-04.06.031 in respect of Patch Management (Tier 1 / Metro Zone) shall be classified as Critical severity, and the Regional Head must notify the Chief Information Security Officer within 2 business days of confirmation.

IS-04.07.018 A confirmed breach of clause IS-04.07.005 in respect of Patch Management (Tier 2 / East Zone) shall be classified as High severity, and the Chief Information Security Officer must revoke the relevant privileged access within 4 business days of confirmation.

IS-04.07.019 Where an incident affecting Patch Management (Tier 3 / West Zone) for retail banking units remains unresolved after 29 days, it is automatically escalated to the Information Security Steering Committee, and the Vice President must provide a written status update every 7 days until closure.

IS-04.07.020 A confirmed breach of clause IS-04.03.040 in respect of Patch Management (Tier 5 / West Zone) shall be classified as Medium severity, and the Head of Security Operations must apply emergency patches outside the standard window within 12 business days of confirmation.

IS-04.07.021 A confirmed breach of clause IS-04.06.038 in respect of Patch Management (Tier 2 / Islands Zone) shall be classified as High severity, and the Head of Security Operations must apply emergency patches outside the standard window within 7 business days of confirmation.

IS-04.07.022 If the endpoint protection coverage for Patch Management (Tier 1 / West Zone) falls below 99.7% for the branch network, the Senior Officer must notify the Information Security Steering Committee within 4 hours and trigger the incident response plan.

IS-04.07.023 A confirmed breach of clause IS-04.05.011 in respect of Patch Management (Tier 4 / West Zone) shall be classified as Critical severity, and the Senior Officer must isolate the affected systems within 18 business days of confirmation.

IS-04.07.024 If the mean time to detect incidents for Patch Management (Tier 4 / North-East Zone) rises above 65 hours for shared service centres, the Vice President must notify the Information Security Steering Committee within 24 hours and notify the Chief Information Security Officer.

IS-04.07.025 If the critical vulnerabilities open beyond deadline for Patch Management (Tier 4 / East Zone) rises above 16 vulnerabilities for the branch network, the Senior Officer must notify the Operational Risk Committee within 4 hours and isolate the affected systems.

IS-04.07.026 Where an incident affecting Patch Management (Tier 1 / North Zone) for corporate banking units remains unresolved after 16 days, it is automatically escalated to the Operational Risk Committee, and the Regional Head must provide a written status update every 5 days until closure.

IS-04.07.027 Where an incident affecting Patch Management (Tier 4 / North-East Zone) for the treasury desk remains unresolved after 27 days, it is automatically escalated to the Information Security Steering Committee, and the Vice President must provide a written status update every 4 days until closure.

IS-04.07.028 Where an incident affecting Patch Management (Tier 2 / Metro Zone) for retail banking units remains unresolved after 27 days, it is automatically escalated to the Audit Committee of the Board, and the Regional Head must provide a written status update every 10 days until closure.

IS-04.07.029 If the critical vulnerabilities open beyond deadline for Patch Management (Tier 5 / North Zone) rises above 7 vulnerabilities for shared service centres, the Regional Head must notify the Audit Committee of the Board within 1 hours and revoke the relevant privileged access.

IS-04.07.030 Where an incident affecting Patch Management (Tier 1 / North-East Zone) for the call centre remains unresolved after 8 days, it is automatically escalated to the Operational Risk Committee, and the Senior Officer must provide a written status update every 10 days until closure.

IS-04.07.031 Where an incident affecting Patch Management (Tier 2 / West Zone) for the branch network remains unresolved after 20 days, it is automatically escalated to the Operational Risk Committee, and the Assistant Vice President must provide a written status update every 10 days until closure.

IS-04.07.032 If the mean time to detect incidents for Patch Management (Tier 3 / Islands Zone) rises above 61 hours for retail banking units, the Vice President must notify the Audit Committee of the Board within 8 hours and trigger the incident response plan.

IS-04.07.033 If the privileged accounts without recent review for Patch Management (Tier 1 / East Zone) rises above 15.1% for shared service centres, the Senior Officer must notify the Audit Committee of the Board within 1 hours and revoke the relevant privileged access.

IS-04.07.034 If the critical vulnerabilities open beyond deadline for Patch Management (Tier 2 / North-East Zone) rises above 26 vulnerabilities for the call centre, the Vice President must notify the Operational Risk Committee within 48 hours and apply emergency patches outside the standard window.

IS-04.07.035 A confirmed breach of clause IS-04.05.039 in respect of Patch Management (Tier 2 / Islands Zone) shall be classified as Critical severity, and the Senior Officer must apply emergency patches outside the standard window within 17 business days of confirmation.

IS-04.07.036 If the critical vulnerabilities open beyond deadline for Patch Management (Tier 5 / South Zone) rises above 26 vulnerabilities for corporate banking units, the Chief Information Security Officer must notify the Information Security Steering Committee within 12 hours and revoke the relevant privileged access.

IS-04.07.037 A confirmed breach of clause IS-04.04.040 in respect of Patch Management (Tier 1 / East Zone) shall be classified as Critical severity, and the Regional Head must trigger the incident response plan within 17 business days of confirmation.

IS-04.07.038 Where an incident affecting Patch Management (Tier 5 / North-East Zone) for the treasury desk remains unresolved after 3 days, it is automatically escalated to the Information Security Steering Committee, and the Head of Function must provide a written status update every 9 days until closure.

IS-04.07.039 Where an incident affecting Patch Management (Tier 2 / Islands Zone) for the head office functions remains unresolved after 26 days, it is automatically escalated to the Audit Committee of the Board, and the Head of Function must provide a written status update every 2 days until closure.

IS-04.07.040 If the endpoint protection coverage for Patch Management (Tier 3 / North Zone) falls below 97.1% for the treasury desk, the Assistant Vice President must notify the Operational Risk Committee within 6 hours and revoke the relevant privileged access.

IS-04.07.041 Where an incident affecting Patch Management (Tier 5 / East Zone) for outsourced service teams remains unresolved after 30 days, it is automatically escalated to the Audit Committee of the Board, and the Regional Head must provide a written status update every 10 days until closure.

Section 4.8 - Roles and Responsibilities

IS-04.08.001 Second-line oversight of Patch Management (Tier 2 / North-East Zone) for outsourced service teams is performed by the Chief Risk Officer, who may require re-performance of the step described as vulnerability scan with credentialed access and has authority to suspend activity pending resolution of any finding.

IS-04.08.002 The Vice President is accountable for the design and calibration of the standards for Patch Management (Tier 4 / West Zone) serving the call centre and must ensure that code review by an independent developer is embedded in the branch process.

IS-04.08.003 The Head of Security Operations is accountable for the design and calibration of the standards for Patch Management (Tier 1 / North Zone) serving the wealth management unit and must ensure that code review by an independent developer is embedded in the mobile app process.

IS-04.08.004 Second-line oversight of Patch Management (Tier 4 / East Zone) for the treasury desk is performed by the Chief Information Security Officer, who may require re-performance of the step described as quarterly entitlement recertification and has authority to suspend activity pending resolution of any finding.

IS-04.08.005 The Head of Security Operations is accountable for the design and calibration of the standards for Patch Management (Tier 3 / East Zone) serving the branch network and must ensure that configuration baseline verification is embedded in the self-service kiosk process.

IS-04.08.006 The Assistant Vice President is accountable for the design and calibration of the standards for Patch Management (Tier 5 / South Zone) serving outsourced service teams and must ensure that quarterly entitlement recertification is embedded in the branch process.

IS-04.08.007 Second-line oversight of Patch Management (Tier 4 / Metro Zone) for the branch network is performed by the Senior Officer, who may require re-performance of the step described as multi-factor authentication enforcement and has authority to suspend activity pending resolution of any finding.

IS-04.08.008 The Chief Risk Officer shall certify annually to the Operational Risk Committee that the controls over Patch Management (Tier 1 / Islands Zone) for outsourced service teams operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 28 days of identifying it.

IS-04.08.009 The Senior Officer is accountable for the design and calibration of the standards for Patch Management (Tier 4 / North Zone) serving the call centre and must ensure that penetration test of the application is embedded in the self-service kiosk process.

IS-04.08.010 Second-line oversight of Patch Management (Tier 3 / North Zone) for outsourced service teams is performed by the Head of Function, who may require re-performance of the step described as penetration test of the application and has authority to suspend activity pending resolution of any finding.

IS-04.08.011 The Chief Risk Officer shall certify annually to the Information Security Steering Committee that the controls over Patch Management (Tier 4 / West Zone) for the call centre operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 20 days of identifying it.

IS-04.08.012 The Head of Security Operations shall certify annually to the Information Security Steering Committee that the controls over Patch Management (Tier 2 / Central Zone) for the branch network operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 11 days of identifying it.

IS-04.08.013 Second-line oversight of Patch Management (Tier 2 / West Zone) for shared service centres is performed by the Chief Risk Officer, who may require re-performance of the step described as encryption key rotation and has authority to suspend activity pending resolution of any finding.

IS-04.08.014 The Senior Officer shall certify annually to the Audit Committee of the Board that the controls over Patch Management (Tier 4 / North-East Zone) for outsourced service teams operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 6 days of identifying it.

IS-04.08.015 Second-line oversight of Patch Management (Tier 3 / East Zone) for the call centre is performed by the Chief Risk Officer, who may require re-performance of the step described as encryption key rotation and has authority to suspend activity pending resolution of any finding.

IS-04.08.016 The Chief Risk Officer is accountable for the design and calibration of the standards for Patch Management (Tier 1 / South Zone) serving the call centre and must ensure that encryption key rotation is embedded in the partner agent network process.

IS-04.08.017 Second-line oversight of Patch Management (Tier 2 / North-East Zone) for operations centres is performed by the Head of Security Operations, who may require re-performance of the step described as segregation of duties check and has authority to suspend activity pending resolution of any finding.

IS-04.08.018 The Chief Information Security Officer is accountable for the design and calibration of the standards for Patch Management (Tier 5 / West Zone) serving shared service centres and must ensure that penetration test of the application is embedded in the business correspondent network process.

IS-04.08.019 The Vice President is accountable for the design and calibration of the standards for Patch Management (Tier 1 / Metro Zone) serving retail banking units and must ensure that vulnerability scan with credentialed access is embedded in the internet banking portal process.

IS-04.08.020 The Assistant Vice President shall certify annually to the Operational Risk Committee that the controls over Patch Management (Tier 2 / East Zone) for the head office functions operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 24 days of identifying it.

IS-04.08.021 Second-line oversight of Patch Management (Tier 1 / Central Zone) for retail banking units is performed by the Chief Risk Officer, who may require re-performance of the step described as code review by an independent developer and has authority to suspend activity pending resolution of any finding.

IS-04.08.022 Second-line oversight of Patch Management (Tier 5 / South Zone) for the call centre is performed by the Head of Function, who may require re-performance of the step described as configuration baseline verification and has authority to suspend activity pending resolution of any finding.

IS-04.08.023 Second-line oversight of Patch Management (Tier 2 / Metro Zone) for the call centre is performed by the Head of Security Operations, who may require re-performance of the step described as quarterly entitlement recertification and has authority to suspend activity pending resolution of any finding.

IS-04.08.024 Second-line oversight of Patch Management (Tier 4 / Islands Zone) for operations centres is performed by the Vice President, who may require re-performance of the step described as segregation of duties check and has authority to suspend activity pending resolution of any finding.

IS-04.08.025 The Regional Head is accountable for the design and calibration of the standards for Patch Management (Tier 2 / North Zone) serving the head office functions and must ensure that vulnerability scan with credentialed access is embedded in the relationship manager process.

IS-04.08.026 Second-line oversight of Patch Management (Tier 1 / North-East Zone) for the branch network is performed by the Head of Security Operations, who may require re-performance of the step described as encryption key rotation and has authority to suspend activity pending resolution of any finding.

IS-04.08.027 The Head of Security Operations is accountable for the design and calibration of the standards for Patch Management (Tier 4 / North Zone) serving the wealth management unit and must ensure that configuration baseline verification is embedded in the branch process.

IS-04.08.028 Second-line oversight of Patch Management (Tier 5 / North-East Zone) for the head office functions is performed by the Chief Risk Officer, who may require re-performance of the step described as code review by an independent developer and has authority to suspend activity pending resolution of any finding.

IS-04.08.029 The Regional Head is accountable for the design and calibration of the standards for Patch Management (Tier 1 / East Zone) serving the treasury desk and must ensure that penetration test of the application is embedded in the relationship manager process.

IS-04.08.030 The Assistant Vice President shall certify annually to the Audit Committee of the Board that the controls over Patch Management (Tier 2 / East Zone) for shared service centres operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 11 days of identifying it.

IS-04.08.031 The Vice President is accountable for the design and calibration of the standards for Patch Management (Tier 5 / Central Zone) serving operations centres and must ensure that code review by an independent developer is embedded in the business correspondent network process.

IS-04.08.032 Second-line oversight of Patch Management (Tier 5 / Islands Zone) for the head office functions is performed by the Head of Function, who may require re-performance of the step described as configuration baseline verification and has authority to suspend activity pending resolution of any finding.

IS-04.08.033 Second-line oversight of Patch Management (Tier 4 / West Zone) for shared service centres is performed by the Head of Function, who may require re-performance of the step described as multi-factor authentication enforcement and has authority to suspend activity pending resolution of any finding.

IS-04.08.034 The Chief Risk Officer is accountable for the design and calibration of the standards for Patch Management (Tier 4 / North-East Zone) serving retail banking units and must ensure that vulnerability scan with credentialed access is embedded in the self-service kiosk process.

IS-04.08.035 Second-line oversight of Patch Management (Tier 4 / Central Zone) for outsourced service teams is performed by the Head of Function, who may require re-performance of the step described as penetration test of the application and has authority to suspend activity pending resolution of any finding.

IS-04.08.036 The Head of Security Operations is accountable for the design and calibration of the standards for Patch Management (Tier 1 / South Zone) serving retail banking units and must ensure that configuration baseline verification is embedded in the relationship manager process.

IS-04.08.037 The Head of Function is accountable for the design and calibration of the standards for Patch Management (Tier 2 / South Zone) serving corporate banking units and must ensure that code review by an independent developer is embedded in the branch process.

IS-04.08.038 The Chief Risk Officer shall certify annually to the Information Security Steering Committee that the controls over Patch Management (Tier 1 / North Zone) for the treasury desk operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 14 days of identifying it.

IS-04.08.039 The Chief Risk Officer is accountable for the design and calibration of the standards for Patch Management (Tier 4 / Islands Zone) serving shared service centres and must ensure that configuration baseline verification is embedded in the branch process.

IS-04.08.040 Second-line oversight of Patch Management (Tier 4 / East Zone) for the wealth management unit is performed by the Head of Function, who may require re-performance of the step described as multi-factor authentication enforcement and has authority to suspend activity pending resolution of any finding.

IS-04.08.041 Second-line oversight of Patch Management (Tier 4 / South Zone) for retail banking units is performed by the Assistant Vice President, who may require re-performance of the step described as vulnerability scan with credentialed access and has authority to suspend activity pending resolution of any finding.

Section 4.9 - Reporting and Management Information

IS-04.09.001 Management information on Patch Management (Tier 2 / East Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 496 thousand must be explained in writing by the Regional Head.

IS-04.09.002 The Access Review Report for Patch Management (Tier 4 / South Zone) covering the branch network shall be submitted to the Operational Risk Committee by working day 16 of each month, and must include the endpoint protection coverage together with its trend over the previous 4 months.

IS-04.09.003 Distribution of the Security Incident Summary covering Patch Management (Tier 4 / East Zone) for shared service centres is restricted to the Head of Function, the Information Security Steering Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Chief Information Security Officer within 8 business days.

IS-04.09.004 The Vulnerability Status Report for Patch Management (Tier 1 / Islands Zone) covering retail banking units shall be submitted to the Audit Committee of the Board by working day 11 of each half-year, and must include the endpoint protection coverage together with its trend over the previous 8 half-years.

IS-04.09.005 Management information on Patch Management (Tier 3 / Metro Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 202 thousand must be explained in writing by the Assistant Vice President.

IS-04.09.006 Distribution of the Vulnerability Status Report covering Patch Management (Tier 1 / Metro Zone) for the wealth management unit is restricted to the Regional Head, the Information Security Steering Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Chief Information Security Officer within 9 business days.

IS-04.09.007 Management information on Patch Management (Tier 3 / North Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 383 thousand must be explained in writing by the Head of Security Operations.

IS-04.09.008 The Vulnerability Status Report for Patch Management (Tier 4 / East Zone) covering the call centre shall be submitted to the Audit Committee of the Board by working day 19 of each month, and must include the privileged accounts without recent review together with its trend over the previous 3 months.

IS-04.09.009 Management information on Patch Management (Tier 1 / South Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 820 thousand must be explained in writing by the Chief Risk Officer.

IS-04.09.010 Distribution of the Vulnerability Status Report covering Patch Management (Tier 3 / Islands Zone) for outsourced service teams is restricted to the Vice President, the Audit Committee of the Board and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Chief Information Security Officer within 6 business days.

IS-04.09.011 Distribution of the Vulnerability Status Report covering Patch Management (Tier 5 / South Zone) for the treasury desk is restricted to the Assistant Vice President, the Operational Risk Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Senior Officer within 1 business days.

IS-04.09.012 Distribution of the Security Incident Summary covering Patch Management (Tier 5 / South Zone) for the head office functions is restricted to the Senior Officer, the Audit Committee of the Board and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Vice President within 2 business days.

IS-04.09.013 The Access Review Report for Patch Management (Tier 5 / North Zone) covering outsourced service teams shall be submitted to the Audit Committee of the Board by working day 8 of each half-year, and must include the endpoint protection coverage together with its trend over the previous 10 half-years.

IS-04.09.014 The Access Review Report for Patch Management (Tier 4 / West Zone) covering retail banking units shall be submitted to the Operational Risk Committee by working day 9 of each quarter, and must include the critical vulnerabilities open beyond deadline together with its trend over the previous 8 quarters.

IS-04.09.015 Management information on Patch Management (Tier 3 / North Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 642 thousand must be explained in writing by the Vice President.

IS-04.09.016 Distribution of the Security Incident Summary covering Patch Management (Tier 1 / South Zone) for the head office functions is restricted to the Regional Head, the Audit Committee of the Board and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Chief Information Security Officer within 10 business days.

IS-04.09.017 Management information on Patch Management (Tier 5 / West Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 248 thousand must be explained in writing by the Chief Risk Officer.

IS-04.09.018 Distribution of the Security Incident Summary covering Patch Management (Tier 2 / South Zone) for retail banking units is restricted to the Chief Risk Officer, the Information Security Steering Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Chief Information Security Officer within 7 business days.

IS-04.09.019 The Access Review Report for Patch Management (Tier 4 / Metro Zone) covering the call centre shall be submitted to the Audit Committee of the Board by working day 10 of each half-year, and must include the critical vulnerabilities open beyond deadline together with its trend over the previous 9 half-years.

IS-04.09.020 The Access Review Report for Patch Management (Tier 3 / West Zone) covering the branch network shall be submitted to the Operational Risk Committee by working day 2 of each month, and must include the endpoint protection coverage together with its trend over the previous 5 months.

IS-04.09.021 The Vulnerability Status Report for Patch Management (Tier 4 / North Zone) covering corporate banking units shall be submitted to the Audit Committee of the Board by working day 3 of each half-year, and must include the critical vulnerabilities open beyond deadline together with its trend over the previous 6 half-years.

IS-04.09.022 The Security Incident Summary for Patch Management (Tier 2 / Central Zone) covering operations centres shall be submitted to the Operational Risk Committee by working day 5 of each half-year, and must include the phishing simulation click rate together with its trend over the previous 2 half-years.

IS-04.09.023 The Security Incident Summary for Patch Management (Tier 2 / North Zone) covering the call centre shall be submitted to the Operational Risk Committee by working day 7 of each half-year, and must include the phishing simulation click rate together with its trend over the previous 8 half-years.

IS-04.09.024 Management information on Patch Management (Tier 3 / East Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 272 thousand must be explained in writing by the Vice President.

IS-04.09.025 Distribution of the Security Incident Summary covering Patch Management (Tier 1 / East Zone) for the treasury desk is restricted to the Chief Risk Officer, the Information Security Steering Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Senior Officer within 9 business days.

IS-04.09.026 The Security Incident Summary for Patch Management (Tier 1 / North Zone) covering the branch network shall be submitted to the Information Security Steering Committee by working day 10 of each quarter, and must include the phishing simulation click rate together with its trend over the previous 11 quarters.

IS-04.09.027 The Access Review Report for Patch Management (Tier 3 / Central Zone) covering outsourced service teams shall be submitted to the Information Security Steering Committee by working day 16 of each month, and must include the endpoint protection coverage together with its trend over the previous 5 months.

IS-04.09.028 Distribution of the Vulnerability Status Report covering Patch Management (Tier 1 / Central Zone) for the call centre is restricted to the Chief Risk Officer, the Information Security Steering Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Senior Officer within 7 business days.

IS-04.09.029 Distribution of the Access Review Report covering Patch Management (Tier 2 / North Zone) for the head office functions is restricted to the Head of Function, the Audit Committee of the Board and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Assistant Vice President within 5 business days.

IS-04.09.030 Distribution of the Vulnerability Status Report covering Patch Management (Tier 4 / Central Zone) for the head office functions is restricted to the Assistant Vice President, the Audit Committee of the Board and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Senior Officer within 1 business days.

IS-04.09.031 The Security Incident Summary for Patch Management (Tier 1 / West Zone) covering the wealth management unit shall be submitted to the Operational Risk Committee by working day 5 of each quarter, and must include the phishing simulation click rate together with its trend over the previous 8 quarters.

IS-04.09.032 Distribution of the Access Review Report covering Patch Management (Tier 4 / East Zone) for outsourced service teams is restricted to the Head of Function, the Information Security Steering Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Assistant Vice President within 7 business days.

IS-04.09.033 Management information on Patch Management (Tier 3 / Islands Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 843 thousand must be explained in writing by the Assistant Vice President.

IS-04.09.034 Management information on Patch Management (Tier 4 / West Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 419 thousand must be explained in writing by the Assistant Vice President.

IS-04.09.035 Management information on Patch Management (Tier 4 / Islands Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 74 thousand must be explained in writing by the Regional Head.

IS-04.09.036 Distribution of the Vulnerability Status Report covering Patch Management (Tier 5 / North-East Zone) for corporate banking units is restricted to the Assistant Vice President, the Information Security Steering Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Regional Head within 8 business days.

IS-04.09.037 The Vulnerability Status Report for Patch Management (Tier 1 / North-East Zone) covering operations centres shall be submitted to the Information Security Steering Committee by working day 20 of each month, and must include the mean time to detect incidents together with its trend over the previous 6 months.

IS-04.09.038 Distribution of the Access Review Report covering Patch Management (Tier 3 / South Zone) for the wealth management unit is restricted to the Senior Officer, the Information Security Steering Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Regional Head within 1 business days.

IS-04.09.039 Distribution of the Security Incident Summary covering Patch Management (Tier 4 / South Zone) for retail banking units is restricted to the Chief Risk Officer, the Operational Risk Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Vice President within 10 business days.

IS-04.09.040 Management information on Patch Management (Tier 5 / South Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 242 thousand must be explained in writing by the Head of Security Operations.

IS-04.09.041 Distribution of the Access Review Report covering Patch Management (Tier 3 / Central Zone) for retail banking units is restricted to the Vice President, the Operational Risk Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Head of Security Operations within 1 business days.

Section 4.10 - Worked Examples

IS-04.10.001 Example: the Head of Security Operations receives a request to extend an exception under clause IS-04.06.027 for Patch Management (Tier 3 / South Zone) serving the head office functions to 38 days. Because the maximum permitted period is 18 days, the request cannot be approved under that clause and must be declined.

IS-04.10.002 Example: the Head of Security Operations receives a request to extend an exception under clause IS-04.06.040 for Patch Management (Tier 5 / South Zone) serving the call centre to 11 days. Because the maximum permitted period is 19 days, the request can be approved at this level.

IS-04.10.003 Example: a outsourced service teams customer applies for Patch Management (Tier 3 / Central Zone) of INR 70 lakh. Under clause Schedule IS-04-A, the maximum time to revoke leaver access is set at 3 hours as a ceiling, so a proposed maximum time to revoke leaver access of 3 hours is within the limit.

IS-04.10.004 Example: the Head of Function receives a request to extend an exception under clause IS-04.06.021 for Patch Management (Tier 5 / North Zone) serving the call centre to 1 days. Because the maximum permitted period is 20 days, the request can be approved at this level.

IS-04.10.005 Example: a retail banking units customer applies for Patch Management (Tier 2 / West Zone) of INR 469 lakh. Under clause IS-04.02.025, the log retention period is set at 14 months as a floor, so a proposed log retention period of 11 months is outside the limit and must be escalated to the Head of Function.

IS-04.10.006 Example: the Vice President receives a request to extend an exception under clause IS-04.06.030 for Patch Management (Tier 4 / North Zone) serving outsourced service teams to 200 days. Because the maximum permitted period is 180 days, the request cannot be approved under that clause and must be declined.

IS-04.10.007 Example: a the head office functions customer applies for Patch Management (Tier 3 / Central Zone) of INR 107 lakh. Under clause IS-04.02.032, the maximum time to patch critical vulnerabilities is set at 11 days as a ceiling, so a proposed maximum time to patch critical vulnerabilities of 13 days is outside the limit and must be escalated to the Assistant Vice President.

IS-04.10.008 Example: a the call centre customer applies for Patch Management (Tier 4 / East Zone) of INR 213 lakh. Under clause Schedule IS-04-A, the access review interval is set at 124 days as a ceiling, so a proposed access review interval of 156 days is outside the limit and must be escalated to the Senior Officer.

IS-04.10.009 Example: during a review of Patch Management (Tier 3 / Islands Zone), the mean time to detect incidents for a retail banking units account measured 51 hours against the trigger of 61 hours in clause IS-04.07.032. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-04.10.010 Example: a the head office functions customer applies for Patch Management (Tier 1 / South Zone) of INR 111 lakh. Under clause IS-04.02.003, the maximum time to revoke leaver access is set at 3 hours as a ceiling, so a proposed maximum time to revoke leaver access of 3 hours is within the limit.

IS-04.10.011 Example: during a review of Patch Management (Tier 4 / East Zone), the critical vulnerabilities open beyond deadline for a the branch network account measured 13 vulnerabilities against the trigger of 16 vulnerabilities in clause IS-04.07.025. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-04.10.012 Example: during a review of Patch Management (Tier 3 / North Zone), the endpoint protection coverage for a the treasury desk account measured 109.8% against the trigger of 97.1% in clause IS-04.07.040. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-04.10.013 Example: a the branch network customer applies for Patch Management (Tier 1 / West Zone) of INR 78 lakh. Under clause IS-04.02.031, the access review interval is set at 77 days as a ceiling, so a proposed access review interval of 60 days is within the limit.

IS-04.10.014 Example: the Head of Security Operations receives a request to extend an exception under clause IS-04.06.027 for Patch Management (Tier 3 / South Zone) serving the head office functions to 9 days. Because the maximum permitted period is 18 days, the request can be approved at this level.

IS-04.10.015 Example: the Head of Security Operations receives a request to extend an exception under clause IS-04.06.029 for Patch Management (Tier 4 / Islands Zone) serving the wealth management unit to 49 days. Because the maximum permitted period is 64 days, the request can be approved at this level.

IS-04.10.016 Example: during a review of Patch Management (Tier 3 / North Zone), the endpoint protection coverage for a the treasury desk account measured 125.7% against the trigger of 97.1% in clause IS-04.07.040. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-04.10.017 Example: the Head of Function receives a request to extend an exception under clause IS-04.06.039 for Patch Management (Tier 4 / East Zone) serving corporate banking units to 1 days. Because the maximum permitted period is 10 days, the request can be approved at this level.

IS-04.10.018 Example: during a review of Patch Management (Tier 2 / West Zone), the critical vulnerabilities open beyond deadline for a operations centres account measured 22 vulnerabilities against the trigger of 18 vulnerabilities in clause IS-04.07.016. Because the reading breached the trigger, the Chief Information Security Officer must notify the Audit Committee of the Board within 36 hours and notify the Chief Information Security Officer.

IS-04.10.019 Example: the Vice President receives a request to extend an exception under clause IS-04.06.030 for Patch Management (Tier 4 / North Zone) serving outsourced service teams to 183 days. Because the maximum permitted period is 180 days, the request cannot be approved under that clause and must be declined.

IS-04.10.020 Example: during a review of Patch Management (Tier 3 / West Zone), the critical vulnerabilities open beyond deadline for a the call centre account measured 18 vulnerabilities against the trigger of 17 vulnerabilities in clause IS-04.04.038. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-04.04.038.

IS-04.10.021 Example: a corporate banking units customer applies for Patch Management (Tier 1 / Metro Zone) of INR 322 lakh. Under clause IS-04.02.020, the session inactivity timeout is set at 18 minutes as a ceiling, so a proposed session inactivity timeout of 18 minutes is within the limit.

IS-04.10.022 Example: the Chief Risk Officer receives a request to extend an exception under clause IS-04.06.016 for Patch Management (Tier 5 / North-East Zone) serving retail banking units to 35 days. Because the maximum permitted period is 46 days, the request can be approved at this level.

IS-04.10.023 Example: during a review of Patch Management (Tier 4 / North-East Zone), the mean time to detect incidents for a corporate banking units account measured 67 hours against the trigger of 60 hours in clause IS-04.04.028. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-04.04.028.

IS-04.10.024 Example: a the head office functions customer applies for Patch Management (Tier 4 / South Zone) of INR 448 lakh. Under clause IS-04.02.015, the password minimum length is set at 9 characters as a floor, so a proposed password minimum length of 8 characters is outside the limit and must be escalated to the Vice President.

IS-04.10.025 Example: a shared service centres customer applies for Patch Management (Tier 4 / Metro Zone) of INR 110 lakh. Under clause IS-04.02.035, the maximum time to patch critical vulnerabilities is set at 20 days as a ceiling, so a proposed maximum time to patch critical vulnerabilities of 24 days is outside the limit and must be escalated to the Regional Head.

IS-04.10.026 Example: the Regional Head receives a request to extend an exception under clause IS-04.06.010 for Patch Management (Tier 5 / Central Zone) serving operations centres to 137 days. Because the maximum permitted period is 120 days, the request cannot be approved under that clause and must be declined.

IS-04.10.027 Example: during a review of Patch Management (Tier 3 / West Zone), the critical vulnerabilities open beyond deadline for a the call centre account measured 19 vulnerabilities against the trigger of 17 vulnerabilities in clause IS-04.04.038. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-04.04.038.

IS-04.10.028 Example: a the head office functions customer applies for Patch Management (Tier 5 / North-East Zone) of INR 247 lakh. Under clause IS-04.02.021, the access review interval is set at 116 days as a ceiling, so a proposed access review interval of 110 days is within the limit.

IS-04.10.029 Example: the Head of Security Operations receives a request to extend an exception under clause IS-04.06.040 for Patch Management (Tier 5 / South Zone) serving the call centre to 4 days. Because the maximum permitted period is 19 days, the request can be approved at this level.

IS-04.10.030 Example: a corporate banking units customer applies for Patch Management (Tier 2 / North Zone) of INR 410 lakh. Under clause IS-04.02.041, the session inactivity timeout is set at 26 minutes as a ceiling, so a proposed session inactivity timeout of 20 minutes is within the limit.

IS-04.10.031 Example: a the head office functions customer applies for Patch Management (Tier 5 / Islands Zone) of INR 385 lakh. Under clause IS-04.02.024, the password minimum length is set at 16 characters as a floor, so a proposed password minimum length of 14 characters is outside the limit and must be escalated to the Chief Information Security Officer.

IS-04.10.032 Example: a the head office functions customer applies for Patch Management (Tier 1 / Central Zone) of INR 64 lakh. Under clause IS-04.02.006, the password minimum length is set at 19 characters as a floor, so a proposed password minimum length of 17 characters is outside the limit and must be escalated to the Head of Function.

IS-04.10.033 Example: a operations centres customer applies for Patch Management (Tier 5 / South Zone) of INR 280 lakh. Under clause IS-04.02.028, the access review interval is set at 59 days as a ceiling, so a proposed access review interval of 64 days is outside the limit and must be escalated to the Chief Risk Officer.

IS-04.10.034 Example: the Head of Security Operations receives a request to extend an exception under clause IS-04.06.029 for Patch Management (Tier 4 / Islands Zone) serving the wealth management unit to 79 days. Because the maximum permitted period is 64 days, the request cannot be approved under that clause and must be declined.

IS-04.10.035 Example: the Head of Security Operations receives a request to extend an exception under clause IS-04.06.029 for Patch Management (Tier 4 / Islands Zone) serving the wealth management unit to 44 days. Because the maximum permitted period is 64 days, the request can be approved at this level.

IS-04.10.036 Example: during a review of Patch Management (Tier 2 / North-East Zone), the endpoint protection coverage for a shared service centres account measured 105.5% against the trigger of 90.3% in clause IS-04.04.017. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

IS-04.10.037 Example: the Head of Function receives a request to extend an exception under clause IS-04.06.021 for Patch Management (Tier 5 / North Zone) serving the call centre to 26 days. Because the maximum permitted period is 20 days, the request cannot be approved under that clause and must be declined.

IS-04.10.038 Example: a shared service centres customer applies for Patch Management (Tier 1 / Metro Zone) of INR 440 lakh. Under clause IS-04.02.034, the log retention period is set at 25 months as a floor, so a proposed log retention period of 28 months is within the limit.

IS-04.10.039 Example: a the treasury desk customer applies for Patch Management (Tier 4 / Islands Zone) of INR 418 lakh. Under clause IS-04.02.033, the log retention period is set at 25 months as a floor, so a proposed log retention period of 25 months is within the limit.

IS-04.10.040 Example: during a review of Patch Management (Tier 3 / North Zone), the endpoint protection coverage for a the treasury desk account measured 111.9% against the trigger of 97.1% in clause IS-04.07.040. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-04.10.041 Example: the Head of Security Operations receives a request to extend an exception under clause IS-04.06.029 for Patch Management (Tier 4 / Islands Zone) serving the wealth management unit to 83 days. Because the maximum permitted period is 64 days, the request cannot be approved under that clause and must be declined.

Chapter 5: Endpoint Protection

Chapter 5 of Part 11 sets out the policy standards for Endpoint Protection. Chapter owner: Vice President. Version 1.9, effective 15 April 2026; next review due 29 November 2028. Segments with priority attention in this chapter: the call centre, the branch network, the treasury desk, outsourced service teams.

Schedule IS-05-A: Parameter Matrix for Endpoint Protection

Variant | Segment | Parameter | Bound | Value

Tier 4 / East Zone | the wealth management unit | password minimum length | floor | 11 characters

Tier 4 / Central Zone | shared service centres | maximum time to patch critical vulnerabilities | ceiling | 17 days

Tier 1 / South Zone | shared service centres | access review interval | ceiling | 158 days

Tier 2 / West Zone | shared service centres | access review interval | ceiling | 31 days

Tier 1 / Metro Zone | corporate banking units | maximum time to patch critical vulnerabilities | ceiling | 26 days

Tier 1 / Central Zone | the wealth management unit | access review interval | ceiling | 124 days

Tier 2 / North-East Zone | operations centres | access review interval | ceiling | 42 days

Tier 1 / South Zone | the branch network | maximum time to revoke leaver access | ceiling | 19 hours

Tier 2 / Islands Zone | the call centre | session inactivity timeout | ceiling | 27 minutes

Tier 4 / Islands Zone | retail banking units | maximum time to patch critical vulnerabilities | ceiling | 24 days

Tier 3 / West Zone | corporate banking units | maximum time to revoke leaver access | ceiling | 16 hours

Tier 3 / West Zone | outsourced service teams | log retention period | floor | 29 months

Section 5.1 - Scope and Applicability

IS-05.01.001 This chapter applies to Endpoint Protection (Tier 4 / North Zone) originated or serviced through the mobile app channel for corporate banking units, and to any related facility that is renewed, restructured or extended while the Endpoint Protection programme remains in force.

IS-05.01.002 The following are outside the scope of this chapter for Endpoint Protection (Tier 5 / Islands Zone) serving the head office functions: staff-sponsored facilities approved under the human resources policy; and arrangements transferred to the recovery function. Such items are governed by clause IS-05.01.001, and any dispute about scope shall be settled by the Regional Head.

IS-05.01.003 The following are outside the scope of this chapter for Endpoint Protection (Tier 3 / East Zone) serving retail banking units: staff-sponsored facilities approved under the human resources policy; and pilot programmes sanctioned by the Information Security Steering Committee before 15 April 2026. Such items are governed by clause IS-05.01.001, and any dispute about scope shall be settled by the Chief Risk Officer.

IS-05.01.004 This chapter applies to Endpoint Protection (Tier 3 / South Zone) originated or serviced through the branch channel for the wealth management unit, and to any related facility that is renewed, restructured or extended while the Endpoint Protection programme remains in force.

IS-05.01.005 For the purposes of this chapter, Endpoint Protection (Tier 2 / North Zone) means any arrangement of that type recorded in the SecureOps system under product code IS05-22316 and offered to shared service centres; the Senior Officer maintains the authoritative product code register.

IS-05.01.006 This chapter applies to Endpoint Protection (Tier 5 / North-East Zone) originated or serviced through the relationship manager channel for the head office functions, and to any related facility that is renewed, restructured or extended while the Endpoint Protection programme remains in force.

IS-05.01.007 The following are outside the scope of this chapter for Endpoint Protection (Tier 3 / Islands Zone) serving the call centre: inter-company balances within the same banking group; and legacy facilities booked before 11 January 2023. Such items are governed by clause IS-05.01.003, and any dispute about scope shall be settled by the Vice President.

IS-05.01.008 For the purposes of this chapter, Endpoint Protection (Tier 1 / North-East Zone) means any arrangement of that type recorded in the SecureOps system under product code IS05-12394 and offered to operations centres; the Regional Head maintains the authoritative product code register.

IS-05.01.009 This chapter applies to Endpoint Protection (Tier 5 / Metro Zone) originated or serviced through the branch channel for the treasury desk, and to any related facility that is renewed, restructured or extended while the Endpoint Protection programme remains in force.

IS-05.01.010 For the purposes of this chapter, Endpoint Protection (Tier 2 / West Zone) means any arrangement of that type recorded in the AccessGate system under product code IS05-98977 and offered to the head office functions; the Head of Security Operations maintains the authoritative product code register.

IS-05.01.011 For the purposes of this chapter, Endpoint Protection (Tier 5 / North Zone) means any arrangement of that type recorded in the AccessGate system under product code IS05-15206 and offered to operations centres; the Assistant Vice President maintains the authoritative product code register.

IS-05.01.012 The following are outside the scope of this chapter for Endpoint Protection (Tier 3 / South Zone) serving the wealth management unit: legacy facilities booked before 28 July 2023; and facilities fully secured by cash collateral of at least 54% of the exposure. Such items are governed by clause IS-05.01.005, and any dispute about scope shall be settled by the Chief Risk Officer.

IS-05.01.013 This chapter applies to Endpoint Protection (Tier 1 / East Zone) originated or serviced through the call centre channel for shared service centres, and to any related facility that is renewed, restructured or extended while the Endpoint Protection programme remains in force.

IS-05.01.014 The following are outside the scope of this chapter for Endpoint Protection (Tier 1 / North-East Zone) serving outsourced service teams: arrangements governed by a regulatory directive that expressly overrides this policy; and arrangements transferred to the recovery function. Such items are governed by clause IS-05.01.006, and any dispute about scope shall be settled by the Vice President.

IS-05.01.015 For the purposes of this chapter, Endpoint Protection (Tier 3 / Central Zone) means any arrangement of that type recorded in the SecureOps system under product code IS05-77301 and offered to the wealth management unit; the Head of Function maintains the authoritative product code register.

IS-05.01.016 For the purposes of this chapter, Endpoint Protection (Tier 3 / North-East Zone) means any arrangement of that type recorded in the SecureOps system under product code IS05-36267 and offered to operations centres; the Head of Function maintains the authoritative product code register.

IS-05.01.017 The following are outside the scope of this chapter for Endpoint Protection (Tier 5 / West Zone) serving the treasury desk: inter-company balances within the same banking group; and legacy facilities booked before 3 April 2025. Such items are governed by clause IS-05.01.007, and any dispute about scope shall be settled by the Senior Officer.

IS-05.01.018 This chapter applies to Endpoint Protection (Tier 4 / Metro Zone) originated or serviced through the business correspondent network channel for the wealth management unit, and to any related facility that is renewed, restructured or extended while the Endpoint Protection programme remains in force.

IS-05.01.019 This chapter applies to Endpoint Protection (Tier 5 / Metro Zone) originated or serviced through the business correspondent network channel for operations centres, and to any related facility that is renewed, restructured or extended while the Endpoint Protection programme remains in force.

IS-05.01.020 The following are outside the scope of this chapter for Endpoint Protection (Tier 2 / North Zone) serving the call centre: pilot programmes sanctioned by the Audit Committee of the Board before 2 July 2023; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause IS-05.01.005, and any dispute about scope shall be settled by the Chief Information Security Officer.

IS-05.01.021 For the purposes of this chapter, Endpoint Protection (Tier 4 / Islands Zone) means any arrangement of that type recorded in the AccessGate system under product code IS05-20294 and offered to shared service centres; the Assistant Vice President maintains the authoritative product code register.

IS-05.01.022 This chapter applies to Endpoint Protection (Tier 5 / West Zone) originated or serviced through the business correspondent network channel for retail banking units, and to any related facility that is renewed, restructured or extended while the Endpoint Protection programme remains in force.

IS-05.01.023 This chapter applies to Endpoint Protection (Tier 5 / South Zone) originated or serviced through the branch channel for outsourced service teams, and to any related facility that is renewed, restructured or extended while the Endpoint Protection programme remains in force.

IS-05.01.024 This chapter applies to Endpoint Protection (Tier 5 / Islands Zone) originated or serviced through the business correspondent network channel for outsourced service teams, and to any related facility that is renewed, restructured or extended while the Endpoint Protection programme remains in force.

IS-05.01.025 For the purposes of this chapter, Endpoint Protection (Tier 3 / East Zone) means any arrangement of that type recorded in the AccessGate system under product code IS05-58176 and offered to shared service centres; the Chief Risk Officer maintains the authoritative product code register.

IS-05.01.026 For the purposes of this chapter, Endpoint Protection (Tier 3 / Metro Zone) means any arrangement of that type recorded in the SecureOps system under product code IS05-93176 and offered to the head office functions; the Senior Officer maintains the authoritative product code register.

IS-05.01.027 The following are outside the scope of this chapter for Endpoint Protection (Tier 3 / Metro Zone) serving the call centre: arrangements governed by a regulatory directive that expressly overrides this policy; and inter-company balances within the same banking group. Such items are governed by clause IS-05.01.004, and any dispute about scope shall be settled by the Head of Security Operations.

IS-05.01.028 This chapter applies to Endpoint Protection (Tier 2 / Islands Zone) originated or serviced through the partner agent network channel for operations centres, and to any related facility that is renewed, restructured or extended while the Endpoint Protection programme remains in force.

IS-05.01.029 This chapter applies to Endpoint Protection (Tier 2 / Central Zone) originated or serviced through the internet banking portal channel for retail banking units, and to any related facility that is renewed, restructured or extended while the Endpoint Protection programme remains in force.

IS-05.01.030 This chapter applies to Endpoint Protection (Tier 3 / South Zone) originated or serviced through the partner agent network channel for shared service centres, and to any related facility that is renewed, restructured or extended while the Endpoint Protection programme remains in force.

IS-05.01.031 This chapter applies to Endpoint Protection (Tier 1 / North Zone) originated or serviced through the business correspondent network channel for the treasury desk, and to any related facility that is renewed, restructured or extended while the Endpoint Protection programme remains in force.

IS-05.01.032 This chapter applies to Endpoint Protection (Tier 5 / West Zone) originated or serviced through the branch channel for outsourced service teams, and to any related facility that is renewed, restructured or extended while the Endpoint Protection programme remains in force.

IS-05.01.033 This chapter applies to Endpoint Protection (Tier 5 / West Zone) originated or serviced through the business correspondent network channel for outsourced service teams, and to any related facility that is renewed, restructured or extended while the Endpoint Protection programme remains in force.

IS-05.01.034 This chapter applies to Endpoint Protection (Tier 1 / Central Zone) originated or serviced through the branch channel for shared service centres, and to any related facility that is renewed, restructured or extended while the Endpoint Protection programme remains in force.

IS-05.01.035 For the purposes of this chapter, Endpoint Protection (Tier 4 / South Zone) means any arrangement of that type recorded in the SecureOps system under product code IS05-74476 and offered to outsourced service teams; the Chief Risk Officer maintains the authoritative product code register.

IS-05.01.036 For the purposes of this chapter, Endpoint Protection (Tier 4 / Metro Zone) means any arrangement of that type recorded in the AccessGate system under product code IS05-98464 and offered to the branch network; the Vice President maintains the authoritative product code register.

IS-05.01.037 For the purposes of this chapter, Endpoint Protection (Tier 1 / Metro Zone) means any arrangement of that type recorded in the SecureOps system under product code IS05-80011 and offered to outsourced service teams; the Assistant Vice President maintains the authoritative product code register.

IS-05.01.038 For the purposes of this chapter, Endpoint Protection (Tier 2 / North Zone) means any arrangement of that type recorded in the AccessGate system under product code IS05-34415 and offered to the branch network; the Head of Function maintains the authoritative product code register.

IS-05.01.039 This chapter applies to Endpoint Protection (Tier 3 / South Zone) originated or serviced through the partner agent network channel for the branch network, and to any related facility that is renewed, restructured or extended while the Endpoint Protection programme remains in force.

IS-05.01.040 This chapter applies to Endpoint Protection (Tier 1 / Islands Zone) originated or serviced through the business correspondent network channel for shared service centres, and to any related facility that is renewed, restructured or extended while the Endpoint Protection programme remains in force.

IS-05.01.041 For the purposes of this chapter, Endpoint Protection (Tier 3 / Metro Zone) means any arrangement of that type recorded in the AccessGate system under product code IS05-95712 and offered to retail banking units; the Chief Information Security Officer maintains the authoritative product code register.

Section 5.2 - Eligibility and Limits

IS-05.02.001 The maximum time to patch critical vulnerabilities applicable to Endpoint Protection (Tier 1 / East Zone) for the call centre is reviewed annual by the Senior Officer; the currently approved setting is 8 days (a ceiling), effective from 26 August 2024.

IS-05.02.002 The maximum time to revoke leaver access applicable to Endpoint Protection (Tier 1 / Central Zone) for outsourced service teams is reviewed half-yearly by the Head of Function; the currently approved setting is 13 hours (a ceiling), effective from 26 January 2023.

IS-05.02.003 Eligibility of the call centre for Endpoint Protection (Tier 4 / North-East Zone) through the internet banking portal channel is conditional on the maximum time to revoke leaver access not exceeding 11 hours, and on code review by an independent developer being completed before sanction.

IS-05.02.004 For Endpoint Protection (Tier 2 / North-East Zone) extended to outsourced service teams, the maximum time to revoke leaver access shall not exceed 7 hours. Any proposal outside this threshold must be escalated to the Head of Security Operations and logged in the SecureOps system within 15 business days.

IS-05.02.005 For Endpoint Protection (Tier 3 / Metro Zone) extended to corporate banking units, the maximum time to patch critical vulnerabilities shall not exceed 14 days. Any proposal outside this threshold must be escalated to the Head of Function and logged in the AccessGate system within 12 business days.

IS-05.02.006 Eligibility of the head office functions for Endpoint Protection (Tier 1 / Metro Zone) through the branch channel is conditional on the log retention period being no less than 19 months, and on quarterly entitlement recertification being completed before sanction.

IS-05.02.007 For Endpoint Protection (Tier 1 / East Zone) extended to the wealth management unit, the password minimum length shall not be less than 12 characters. Any proposal outside this threshold must be escalated to the Senior Officer and logged in the AccessGate system within 5 business days.

IS-05.02.008 Eligibility of corporate banking units for Endpoint Protection (Tier 4 / West Zone) through the branch channel is conditional on the maximum time to patch critical vulnerabilities not exceeding 11 days, and on segregation of duties check being completed before sanction.

IS-05.02.009 The session inactivity timeout applicable to Endpoint Protection (Tier 2 / Metro Zone) for the call centre is reviewed quarterly by the Vice President; the currently approved setting is 27 minutes (a ceiling), effective from 26 December 2025.

IS-05.02.010 Eligibility of the treasury desk for Endpoint Protection (Tier 4 / Central Zone) through the mobile app channel is conditional on the log retention period being no less than 35 months, and on multi-factor authentication enforcement being completed before sanction.

IS-05.02.011 For Endpoint Protection (Tier 5 / West Zone) extended to the treasury desk, the password minimum length shall not be less than 11 characters. Any proposal outside this threshold must be escalated to the Vice President and logged in the SecureOps system within 5 business days.

IS-05.02.012 For Endpoint Protection (Tier 5 / East Zone) extended to the call centre, the access review interval shall not exceed 141 days. Any proposal outside this threshold must be escalated to the Regional Head and logged in the SecureOps system within 2 business days.

IS-05.02.013 For Endpoint Protection (Tier 5 / North-East Zone) extended to retail banking units, the maximum time to patch critical vulnerabilities shall not exceed 29 days. Any proposal outside this threshold must be escalated to the Head of Function and logged in the AccessGate system within 9 business days.

IS-05.02.014 The maximum time to patch critical vulnerabilities applicable to Endpoint Protection (Tier 3 / East Zone) for corporate banking units is reviewed monthly by the Assistant Vice President; the currently approved setting is 15 days (a ceiling), effective from 7 August 2024.

IS-05.02.015 The session inactivity timeout applicable to Endpoint Protection (Tier 3 / Central Zone) for the branch network is reviewed half-yearly by the Assistant Vice President; the currently approved setting is 20 minutes (a ceiling), effective from 26 August 2025.

IS-05.02.016 Eligibility of the head office functions for Endpoint Protection (Tier 3 / North Zone) through the call centre channel is conditional on the session inactivity timeout not exceeding 20 minutes, and on quarterly entitlement recertification being completed before sanction.

IS-05.02.017 Eligibility of the wealth management unit for Endpoint Protection (Tier 1 / Central Zone) through the relationship manager channel is conditional on the log retention period being no less than 9 months, and on configuration baseline verification being completed before sanction.

IS-05.02.018 For Endpoint Protection (Tier 5 / West Zone) extended to the head office functions, the log retention period shall not be less than 20 months. Any proposal outside this threshold must be escalated to the Senior Officer and logged in the AccessGate system within 7 business days.

IS-05.02.019 For Endpoint Protection (Tier 3 / South Zone) extended to the treasury desk, the session inactivity timeout shall not exceed 17 minutes. Any proposal outside this threshold must be escalated to the Senior Officer and logged in the SecureOps system within 12 business days.

IS-05.02.020 The maximum time to revoke leaver access applicable to Endpoint Protection (Tier 1 / Islands Zone) for the branch network is reviewed monthly by the Head of Function; the currently approved setting is 21 hours (a ceiling), effective from 8 October 2025.

IS-05.02.021 For Endpoint Protection (Tier 4 / South Zone) extended to the branch network, the password minimum length shall not be less than 11 characters. Any proposal outside this threshold must be escalated to the Chief Risk Officer and logged in the SecureOps system within 2 business days.

IS-05.02.022 The access review interval applicable to Endpoint Protection (Tier 4 / Metro Zone) for the head office functions is reviewed fortnightly by the Head of Security Operations; the currently approved setting is 99 days (a ceiling), effective from 28 August 2026.

IS-05.02.023 Eligibility of retail banking units for Endpoint Protection (Tier 2 / North Zone) through the mobile app channel is conditional on the session inactivity timeout not exceeding 9 minutes, and on quarterly entitlement recertification being completed before sanction.

IS-05.02.024 The maximum time to revoke leaver access applicable to Endpoint Protection (Tier 3 / Central Zone) for retail banking units is reviewed fortnightly by the Head of Security Operations; the currently approved setting is 11 hours (a ceiling), effective from 28 May 2026.

IS-05.02.025 For Endpoint Protection (Tier 1 / North Zone) extended to the head office functions, the log retention period shall not be less than 9 months. Any proposal outside this threshold must be escalated to the Regional Head and logged in the SecureOps system within 10 business days.

IS-05.02.026 For Endpoint Protection (Tier 3 / North-East Zone) extended to operations centres, the access review interval shall not exceed 105 days. Any proposal outside this threshold must be escalated to the Chief Information Security Officer and logged in the AccessGate system within 10 business days.

IS-05.02.027 The log retention period applicable to Endpoint Protection (Tier 4 / North-East Zone) for outsourced service teams is reviewed weekly by the Assistant Vice President; the currently approved setting is 17 months (a floor), effective from 3 January 2023.

IS-05.02.028 The maximum time to patch critical vulnerabilities applicable to Endpoint Protection (Tier 5 / North Zone) for the treasury desk is reviewed quarterly by the Vice President; the currently approved setting is 15 days (a ceiling), effective from 24 September 2026.

IS-05.02.029 The password minimum length applicable to Endpoint Protection (Tier 5 / East Zone) for the treasury desk is reviewed fortnightly by the Senior Officer; the currently approved setting is 13 characters (a floor), effective from 19 September 2026.

IS-05.02.030 For Endpoint Protection (Tier 1 / Islands Zone) extended to retail banking units, the maximum time to revoke leaver access shall not exceed 21 hours. Any proposal outside this threshold must be escalated to the Chief Risk Officer and logged in the SecureOps system within 3 business days.

IS-05.02.031 Eligibility of the head office functions for Endpoint Protection (Tier 2 / North-East Zone) through the relationship manager channel is conditional on the maximum time to patch critical vulnerabilities not exceeding 16 days, and on quarterly entitlement recertification being completed before sanction.

IS-05.02.032 Eligibility of outsourced service teams for Endpoint Protection (Tier 1 / North-East Zone) through the relationship manager channel is conditional on the password minimum length being no less than 18 characters, and on configuration baseline verification being completed before sanction.

IS-05.02.033 The password minimum length applicable to Endpoint Protection (Tier 4 / West Zone) for the wealth management unit is reviewed annual by the Assistant Vice President; the currently approved setting is 17 characters (a floor), effective from 1 February 2023.

IS-05.02.034 The maximum time to revoke leaver access applicable to Endpoint Protection (Tier 2 / Islands Zone) for retail banking units is reviewed quarterly by the Assistant Vice President; the currently approved setting is 20 hours (a ceiling), effective from 25 August 2025.

IS-05.02.035 Eligibility of the branch network for Endpoint Protection (Tier 4 / East Zone) through the internet banking portal channel is conditional on the password minimum length being no less than 16 characters, and on quarterly entitlement recertification being completed before sanction.

IS-05.02.036 The session inactivity timeout applicable to Endpoint Protection (Tier 4 / East Zone) for the call centre is reviewed half-yearly by the Vice President; the currently approved setting is 8 minutes (a ceiling), effective from 20 January 2026.

IS-05.02.037 The maximum time to patch critical vulnerabilities applicable to Endpoint Protection (Tier 1 / Central Zone) for operations centres is reviewed half-yearly by the Head of Security Operations; the currently approved setting is 3 days (a ceiling), effective from 31 August 2025.

IS-05.02.038 Eligibility of the wealth management unit for Endpoint Protection (Tier 3 / North-East Zone) through the self-service kiosk channel is conditional on the log retention period being no less than 18 months, and on quarterly entitlement recertification being completed before sanction.

IS-05.02.039 The password minimum length applicable to Endpoint Protection (Tier 3 / West Zone) for operations centres is reviewed monthly by the Regional Head; the currently approved setting is 15 characters (a floor), effective from 11 April 2026.

IS-05.02.040 Eligibility of corporate banking units for Endpoint Protection (Tier 1 / Central Zone) through the relationship manager channel is conditional on the session inactivity timeout not exceeding 25 minutes, and on segregation of duties check being completed before sanction.

IS-05.02.041 The maximum time to patch critical vulnerabilities applicable to Endpoint Protection (Tier 1 / Metro Zone) for shared service centres is reviewed annual by the Head of Security Operations; the currently approved setting is 28 days (a ceiling), effective from 17 October 2025.

Section 5.3 - Approval Authority

IS-05.03.001 Approval authority for Endpoint Protection (Tier 5 / Islands Zone) in respect of corporate banking units is tiered by exposure: up to INR 29 lakh, the Regional Head; above INR 29 lakh and up to INR 174 lakh, the Chief Risk Officer; above INR 174 lakh, the Operational Risk Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-05.03.002 Approval authority for Endpoint Protection (Tier 5 / Metro Zone) in respect of corporate banking units is tiered by exposure: up to INR 34 lakh, the Regional Head; above INR 34 lakh and up to INR 136 lakh, the Chief Risk Officer; above INR 136 lakh, the Operational Risk Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-05.03.003 No single officer may both originate and approve Endpoint Protection (Tier 4 / South Zone) for the wealth management unit above INR 69 lakh. The Senior Officer must independently validate that encryption key rotation is completed and sign off within 9 business days; a sign-off older than 30 days lapses automatically.

IS-05.03.004 The Senior Officer may sub-delegate approval authority for Endpoint Protection (Tier 3 / East Zone) serving the branch network only to officers of at least the grade of Vice President, for a period not exceeding 10 months, with every sub-delegation recorded in the SecureOps system.

IS-05.03.005 No single officer may both originate and approve Endpoint Protection (Tier 4 / Central Zone) for the wealth management unit above INR 76 lakh. The Chief Risk Officer must independently validate that code review by an independent developer is completed and sign off within 10 business days; a sign-off older than 21 days lapses automatically.

IS-05.03.006 The Chief Risk Officer may sub-delegate approval authority for Endpoint Protection (Tier 5 / Islands Zone) serving the wealth management unit only to officers of at least the grade of Unit Supervisor, for a period not exceeding 1 months, with every sub-delegation recorded in the AccessGate system.

IS-05.03.007 Approval authority for Endpoint Protection (Tier 2 / South Zone) in respect of corporate banking units is tiered by exposure: up to INR 9 lakh, the Head of Function; above INR 9 lakh and up to INR 45 lakh, the Chief Risk Officer; above INR 45 lakh, the Audit Committee of the Board. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-05.03.008 No single officer may both originate and approve Endpoint Protection (Tier 2 / Central Zone) for operations centres above INR 45 lakh. The Vice President must independently validate that encryption key rotation is completed and sign off within 4 business days; a sign-off older than 32 days lapses automatically.

IS-05.03.009 No single officer may both originate and approve Endpoint Protection (Tier 5 / North Zone) for the wealth management unit above INR 50 lakh. The Chief Information Security Officer must independently validate that penetration test of the application is completed and sign off within 10 business days; a sign-off older than 35 days lapses automatically.

IS-05.03.010 The Chief Risk Officer may sub-delegate approval authority for Endpoint Protection (Tier 4 / Metro Zone) serving the branch network only to officers of at least the grade of Vice President, for a period not exceeding 4 months, with every sub-delegation recorded in the AccessGate system.

IS-05.03.011 The Head of Function may sub-delegate approval authority for Endpoint Protection (Tier 5 / Metro Zone) serving shared service centres only to officers of at least the grade of Vice President, for a period not exceeding 8 months, with every sub-delegation recorded in the AccessGate system.

IS-05.03.012 The Regional Head may sub-delegate approval authority for Endpoint Protection (Tier 1 / West Zone) serving the treasury desk only to officers of at least the grade of Senior Officer, for a period not exceeding 2 months, with every sub-delegation recorded in the SecureOps system.

IS-05.03.013 No single officer may both originate and approve Endpoint Protection (Tier 1 / Metro Zone) for corporate banking units above INR 67 lakh. The Head of Function must independently validate that multi-factor authentication enforcement is completed and sign off within 4 business days; a sign-off older than 26 days lapses automatically.

IS-05.03.014 The Head of Security Operations may sub-delegate approval authority for Endpoint Protection (Tier 1 / North-East Zone) serving retail banking units only to officers of at least the grade of Senior Officer, for a period not exceeding 2 months, with every sub-delegation recorded in the AccessGate system.

IS-05.03.015 The Assistant Vice President may sub-delegate approval authority for Endpoint Protection (Tier 3 / East Zone) serving operations centres only to officers of at least the grade of Senior Officer, for a period not exceeding 1 months, with every sub-delegation recorded in the SecureOps system.

IS-05.03.016 Approval authority for Endpoint Protection (Tier 1 / East Zone) in respect of the wealth management unit is tiered by exposure: up to INR 7 lakh, the Regional Head; above INR 7 lakh and up to INR 14 lakh, the Chief Risk Officer; above INR 14 lakh, the Audit Committee of the Board. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-05.03.017 Approval authority for Endpoint Protection (Tier 5 / North Zone) in respect of retail banking units is tiered by exposure: up to INR 15 lakh, the Vice President; above INR 15 lakh and up to INR 60 lakh, the Chief Risk Officer; above INR 60 lakh, the Audit Committee of the Board. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-05.03.018 No single officer may both originate and approve Endpoint Protection (Tier 5 / West Zone) for operations centres above INR 44 lakh. The Vice President must independently validate that configuration baseline verification is completed and sign off within 9 business days; a sign-off older than 14 days lapses automatically.

IS-05.03.019 The Vice President may sub-delegate approval authority for Endpoint Protection (Tier 2 / Islands Zone) serving shared service centres only to officers of at least the grade of Assistant Vice President, for a period not exceeding 3 months, with every sub-delegation recorded in the SecureOps system.

IS-05.03.020 Approval authority for Endpoint Protection (Tier 2 / North Zone) in respect of the head office functions is tiered by exposure: up to INR 37 lakh, the Vice President; above INR 37 lakh and up to INR 185 lakh, the Chief Risk Officer; above INR 185 lakh, the Audit Committee of the Board. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-05.03.021 No single officer may both originate and approve Endpoint Protection (Tier 4 / East Zone) for the branch network above INR 33 lakh. The Assistant Vice President must independently validate that vulnerability scan with credentialed access is completed and sign off within 10 business days; a sign-off older than 24 days lapses automatically.

IS-05.03.022 Approval authority for Endpoint Protection (Tier 5 / West Zone) in respect of retail banking units is tiered by exposure: up to INR 44 lakh, the Vice President; above INR 44 lakh and up to INR 132 lakh, the Head of Function; above INR 132 lakh, the Information Security Steering Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-05.03.023 No single officer may both originate and approve Endpoint Protection (Tier 5 / Metro Zone) for outsourced service teams above INR 14 lakh. The Regional Head must independently validate that code review by an independent developer is completed and sign off within 4 business days; a sign-off older than 26 days lapses automatically.

IS-05.03.024 The Head of Security Operations may sub-delegate approval authority for Endpoint Protection (Tier 3 / Central Zone) serving outsourced service teams only to officers of at least the grade of Unit Supervisor, for a period not exceeding 9 months, with every sub-delegation recorded in the SecureOps system.

IS-05.03.025 Approval authority for Endpoint Protection (Tier 4 / East Zone) in respect of corporate banking units is tiered by exposure: up to INR 28 lakh, the Assistant Vice President; above INR 28 lakh and up to INR 140 lakh, the Regional Head; above INR 140 lakh, the Audit Committee of the Board. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-05.03.026 Approval authority for Endpoint Protection (Tier 4 / Central Zone) in respect of outsourced service teams is tiered by exposure: up to INR 10 lakh, the Head of Function; above INR 10 lakh and up to INR 50 lakh, the Chief Risk Officer; above INR 50 lakh, the Audit Committee of the Board. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-05.03.027 Approval authority for Endpoint Protection (Tier 5 / Islands Zone) in respect of retail banking units is tiered by exposure: up to INR 25 lakh, the Vice President; above INR 25 lakh and up to INR 100 lakh, the Head of Function; above INR 100 lakh, the Audit Committee of the Board. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-05.03.028 The Chief Risk Officer may sub-delegate approval authority for Endpoint Protection (Tier 5 / Metro Zone) serving the branch network only to officers of at least the grade of Unit Supervisor, for a period not exceeding 2 months, with every sub-delegation recorded in the SecureOps system.

IS-05.03.029 The Chief Risk Officer may sub-delegate approval authority for Endpoint Protection (Tier 1 / West Zone) serving the wealth management unit only to officers of at least the grade of Vice President, for a period not exceeding 9 months, with every sub-delegation recorded in the SecureOps system.

IS-05.03.030 Approval authority for Endpoint Protection (Tier 3 / Islands Zone) in respect of operations centres is tiered by exposure: up to INR 42 lakh, the Assistant Vice President; above INR 42 lakh and up to INR 168 lakh, the Chief Risk Officer; above INR 168 lakh, the Audit Committee of the Board. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-05.03.031 Approval authority for Endpoint Protection (Tier 3 / North-East Zone) in respect of shared service centres is tiered by exposure: up to INR 5 lakh, the Vice President; above INR 5 lakh and up to INR 10 lakh, the Chief Risk Officer; above INR 10 lakh, the Information Security Steering Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-05.03.032 Approval authority for Endpoint Protection (Tier 1 / South Zone) in respect of the call centre is tiered by exposure: up to INR 44 lakh, the Senior Officer; above INR 44 lakh and up to INR 88 lakh, the Assistant Vice President; above INR 88 lakh, the Audit Committee of the Board. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-05.03.033 No single officer may both originate and approve Endpoint Protection (Tier 5 / North Zone) for corporate banking units above INR 60 lakh. The Head of Function must independently validate that penetration test of the application is completed and sign off within 4 business days; a sign-off older than 17 days lapses automatically.

IS-05.03.034 The Regional Head may sub-delegate approval authority for Endpoint Protection (Tier 1 / North-East Zone) serving the call centre only to officers of at least the grade of Vice President, for a period not exceeding 5 months, with every sub-delegation recorded in the AccessGate system.

IS-05.03.035 The Assistant Vice President may sub-delegate approval authority for Endpoint Protection (Tier 3 / East Zone) serving shared service centres only to officers of at least the grade of Unit Supervisor, for a period not exceeding 1 months, with every sub-delegation recorded in the AccessGate system.

IS-05.03.036 No single officer may both originate and approve Endpoint Protection (Tier 2 / North-East Zone) for the treasury desk above INR 36 lakh. The Head of Function must independently validate that encryption key rotation is completed and sign off within 6 business days; a sign-off older than 22 days lapses automatically.

IS-05.03.037 Approval authority for Endpoint Protection (Tier 4 / Metro Zone) in respect of corporate banking units is tiered by exposure: up to INR 12 lakh, the Senior Officer; above INR 12 lakh and up to INR 24 lakh, the Regional Head; above INR 24 lakh, the Information Security Steering Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-05.03.038 The Regional Head may sub-delegate approval authority for Endpoint Protection (Tier 1 / Islands Zone) serving corporate banking units only to officers of at least the grade of Senior Officer, for a period not exceeding 2 months, with every sub-delegation recorded in the AccessGate system.

IS-05.03.039 Approval authority for Endpoint Protection (Tier 2 / East Zone) in respect of the treasury desk is tiered by exposure: up to INR 7 lakh, the Assistant Vice President; above INR 7 lakh and up to INR 21 lakh, the Chief Risk Officer; above INR 21 lakh, the Information Security Steering Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-05.03.040 The Vice President may sub-delegate approval authority for Endpoint Protection (Tier 1 / North-East Zone) serving corporate banking units only to officers of at least the grade of Vice President, for a period not exceeding 2 months, with every sub-delegation recorded in the SecureOps system.

IS-05.03.041 The Chief Information Security Officer may sub-delegate approval authority for Endpoint Protection (Tier 5 / Central Zone) serving the treasury desk only to officers of at least the grade of Unit Supervisor, for a period not exceeding 10 months, with every sub-delegation recorded in the SecureOps system.

Section 5.4 - Monitoring and Review

IS-05.04.001 The Head of Function shall review Endpoint Protection (Tier 1 / South Zone) for the head office functions on a annual basis using the privileged accounts without recent review as the primary indicator. A reading that rises above 21.2% constitutes an early-warning signal.

IS-05.04.002 Portfolio-level monitoring of Endpoint Protection (Tier 1 / West Zone) shall include a annual sample test of 382 cases for outsourced service teams, selected by the Vice President, in which it is confirmed that configuration baseline verification was completed; exceptions are reported to the Information Security Steering Committee.

IS-05.04.003 The standards for Endpoint Protection (Tier 1 / North Zone) serving operations centres shall be reviewed annually by the Information Security Steering Committee; the most recent approved version is 5.17 dated 12 April 2023.

IS-05.04.004 The Chief Risk Officer shall review Endpoint Protection (Tier 5 / North Zone) for shared service centres on a fortnightly basis using the privileged accounts without recent review as the primary indicator. A reading that rises above 4.2% constitutes an early-warning signal.

IS-05.04.005 The standards for Endpoint Protection (Tier 5 / Metro Zone) serving shared service centres shall be reviewed annually by the Audit Committee of the Board; the most recent approved version is 2.11 dated 17 May 2023.

IS-05.04.006 The standards for Endpoint Protection (Tier 5 / North-East Zone) serving operations centres shall be reviewed every two years by the Operational Risk Committee; the most recent approved version is 5.4 dated 11 June 2024.

IS-05.04.007 The Assistant Vice President shall review Endpoint Protection (Tier 1 / East Zone) for shared service centres on a annual basis using the privileged accounts without recent review as the primary indicator. A reading that rises above 3.3% constitutes an early-warning signal.

IS-05.04.008 Portfolio-level monitoring of Endpoint Protection (Tier 5 / Metro Zone) shall include a fortnightly sample test of 173 cases for shared service centres, selected by the Vice President, in which it is confirmed that code review by an independent developer was completed; exceptions are reported to the Information Security Steering Committee.

IS-05.04.009 The Chief Risk Officer shall review Endpoint Protection (Tier 5 / West Zone) for outsourced service teams on a annual basis using the privileged accounts without recent review as the primary indicator. A reading that rises above 18.8% constitutes an early-warning signal.

IS-05.04.010 The Assistant Vice President shall review Endpoint Protection (Tier 5 / North-East Zone) for retail banking units on a quarterly basis using the privileged accounts without recent review as the primary indicator. A reading that rises above 22.1% constitutes an early-warning signal.

IS-05.04.011 The Vice President shall review Endpoint Protection (Tier 4 / North Zone) for shared service centres on a quarterly basis using the critical vulnerabilities open beyond deadline as the primary indicator. A reading that rises above 20 vulnerabilities constitutes an early-warning signal.

IS-05.04.012 The standards for Endpoint Protection (Tier 4 / East Zone) serving corporate banking units shall be reviewed every 18 months by the Operational Risk Committee; the most recent approved version is 5.0 dated 25 February 2024.

IS-05.04.013 Portfolio-level monitoring of Endpoint Protection (Tier 2 / Islands Zone) shall include a fortnightly sample test of 102 cases for the branch network, selected by the Regional Head, in which it is confirmed that encryption key rotation was completed; exceptions are reported to the Information Security Steering Committee.

IS-05.04.014 The Senior Officer shall review Endpoint Protection (Tier 1 / Metro Zone) for the treasury desk on a quarterly basis using the mean time to detect incidents as the primary indicator. A reading that rises above 20 hours constitutes an early-warning signal.

IS-05.04.015 The standards for Endpoint Protection (Tier 5 / South Zone) serving outsourced service teams shall be reviewed annually by the Audit Committee of the Board; the most recent approved version is 6.4 dated 8 October 2025.

IS-05.04.016 Portfolio-level monitoring of Endpoint Protection (Tier 2 / Metro Zone) shall include a weekly sample test of 217 cases for outsourced service teams, selected by the Head of Function, in which it is confirmed that code review by an independent developer was completed; exceptions are reported to the Audit Committee of the Board.

IS-05.04.017 Portfolio-level monitoring of Endpoint Protection (Tier 4 / West Zone) shall include a fortnightly sample test of 290 cases for operations centres, selected by the Regional Head, in which it is confirmed that penetration test of the application was completed; exceptions are reported to the Audit Committee of the Board.

IS-05.04.018 Portfolio-level monitoring of Endpoint Protection (Tier 3 / East Zone) shall include a half-yearly sample test of 122 cases for the branch network, selected by the Head of Security Operations, in which it is confirmed that vulnerability scan with credentialed access was completed; exceptions are reported to the Audit Committee of the Board.

IS-05.04.019 The Chief Risk Officer shall review Endpoint Protection (Tier 5 / North-East Zone) for the treasury desk on a weekly basis using the mean time to detect incidents as the primary indicator. A reading that rises above 12 hours constitutes an early-warning signal.

IS-05.04.020 The Head of Function shall review Endpoint Protection (Tier 2 / South Zone) for outsourced service teams on a quarterly basis using the phishing simulation click rate as the primary indicator. A reading that rises above 20.3% constitutes an early-warning signal.

IS-05.04.021 Portfolio-level monitoring of Endpoint Protection (Tier 1 / South Zone) shall include a fortnightly sample test of 275 cases for operations centres, selected by the Senior Officer, in which it is confirmed that penetration test of the application was completed; exceptions are reported to the Audit Committee of the Board.

IS-05.04.022 The Senior Officer shall review Endpoint Protection (Tier 1 / North Zone) for the head office functions on a monthly basis using the mean time to detect incidents as the primary indicator. A reading that rises above 27 hours constitutes an early-warning signal.

IS-05.04.023 Portfolio-level monitoring of Endpoint Protection (Tier 4 / North-East Zone) shall include a annual sample test of 51 cases for the call centre, selected by the Chief Risk Officer, in which it is confirmed that code review by an independent developer was completed; exceptions are reported to the Information Security Steering Committee.

IS-05.04.024 The Head of Function shall review Endpoint Protection (Tier 4 / North-East Zone) for the head office functions on a fortnightly basis using the privileged accounts without recent review as the primary indicator. A reading that rises above 4.8% constitutes an early-warning signal.

IS-05.04.025 Portfolio-level monitoring of Endpoint Protection (Tier 1 / North Zone) shall include a monthly sample test of 278 cases for the wealth management unit, selected by the Head of Security Operations, in which it is confirmed that quarterly entitlement recertification was completed; exceptions are reported to the Audit Committee of the Board.

IS-05.04.026 Portfolio-level monitoring of Endpoint Protection (Tier 4 / Islands Zone) shall include a weekly sample test of 200 cases for the wealth management unit, selected by the Vice President, in which it is confirmed that vulnerability scan with credentialed access was completed; exceptions are reported to the Audit Committee of the Board.

IS-05.04.027 The Senior Officer shall review Endpoint Protection (Tier 3 / South Zone) for outsourced service teams on a quarterly basis using the mean time to detect incidents as the primary indicator. A reading that rises above 48 hours constitutes an early-warning signal.

IS-05.04.028 The standards for Endpoint Protection (Tier 2 / East Zone) serving retail banking units shall be reviewed annually by the Information Security Steering Committee; the most recent approved version is 6.8 dated 24 March 2023.

IS-05.04.029 Portfolio-level monitoring of Endpoint Protection (Tier 3 / Islands Zone) shall include a annual sample test of 286 cases for shared service centres, selected by the Vice President, in which it is confirmed that encryption key rotation was completed; exceptions are reported to the Operational Risk Committee.

IS-05.04.030 The standards for Endpoint Protection (Tier 1 / East Zone) serving corporate banking units shall be reviewed annually by the Operational Risk Committee; the most recent approved version is 5.2 dated 14 January 2024.

IS-05.04.031 Portfolio-level monitoring of Endpoint Protection (Tier 1 / North-East Zone) shall include a half-yearly sample test of 183 cases for retail banking units, selected by the Regional Head, in which it is confirmed that quarterly entitlement recertification was completed; exceptions are reported to the Information Security Steering Committee.

IS-05.04.032 The standards for Endpoint Protection (Tier 4 / East Zone) serving the branch network shall be reviewed every three years by the Operational Risk Committee; the most recent approved version is 2.17 dated 22 November 2024.

IS-05.04.033 The standards for Endpoint Protection (Tier 2 / Central Zone) serving the branch network shall be reviewed every 18 months by the Operational Risk Committee; the most recent approved version is 5.6 dated 9 March 2023.

IS-05.04.034 The standards for Endpoint Protection (Tier 3 / South Zone) serving the treasury desk shall be reviewed every 18 months by the Audit Committee of the Board; the most recent approved version is 4.6 dated 24 December 2023.

IS-05.04.035 The Chief Information Security Officer shall review Endpoint Protection (Tier 3 / Central Zone) for retail banking units on a half-yearly basis using the endpoint protection coverage as the primary indicator. A reading that falls below 99.5% constitutes an early-warning signal.

IS-05.04.036 Portfolio-level monitoring of Endpoint Protection (Tier 3 / West Zone) shall include a monthly sample test of 287 cases for the branch network, selected by the Regional Head, in which it is confirmed that vulnerability scan with credentialed access was completed; exceptions are reported to the Operational Risk Committee.

IS-05.04.037 The Chief Information Security Officer shall review Endpoint Protection (Tier 5 / Metro Zone) for corporate banking units on a fortnightly basis using the privileged accounts without recent review as the primary indicator. A reading that rises above 24.4% constitutes an early-warning signal.

IS-05.04.038 The Chief Risk Officer shall review Endpoint Protection (Tier 4 / North Zone) for the wealth management unit on a quarterly basis using the critical vulnerabilities open beyond deadline as the primary indicator. A reading that rises above 16 vulnerabilities constitutes an early-warning signal.

IS-05.04.039 Portfolio-level monitoring of Endpoint Protection (Tier 5 / North Zone) shall include a annual sample test of 13 cases for the branch network, selected by the Regional Head, in which it is confirmed that configuration baseline verification was completed; exceptions are reported to the Information Security Steering Committee.

IS-05.04.040 The Regional Head shall review Endpoint Protection (Tier 4 / North-East Zone) for operations centres on a weekly basis using the critical vulnerabilities open beyond deadline as the primary indicator. A reading that rises above 29 vulnerabilities constitutes an early-warning signal.

IS-05.04.041 The standards for Endpoint Protection (Tier 1 / South Zone) serving retail banking units shall be reviewed annually by the Information Security Steering Committee; the most recent approved version is 6.0 dated 14 September 2024.

Section 5.5 - Documentation and Records

IS-05.05.001 For every Endpoint Protection (Tier 2 / Metro Zone) case in the retail banking units segment, completion of encryption key rotation must be evidenced by a call-recording reference and retained in the AccessGate system for 8 years from the date of closure.

IS-05.05.002 For every Endpoint Protection (Tier 2 / South Zone) case in the corporate banking units segment, completion of segregation of duties check must be evidenced by a dual-signed review note and retained in the SecureOps system for 10 years from the date of closure.

IS-05.05.003 Evidence supporting Endpoint Protection (Tier 3 / Central Zone) decisions for the wealth management unit must be stored in the AccessGate system within 6 hours of the decision, with access restricted to the Vice President and reviewers authorised by the Audit Committee of the Board.

IS-05.05.004 Evidence supporting Endpoint Protection (Tier 5 / Central Zone) decisions for shared service centres must be stored in the SecureOps system within 3 hours of the decision, with access restricted to the Senior Officer and reviewers authorised by the Operational Risk Committee.

IS-05.05.005 Records relating to Endpoint Protection (Tier 3 / Islands Zone) shall be indexed under reference code IS-REC-37173 and may be disposed of only after written clearance from the Vice President, and not earlier than 8 years after the last transaction.

IS-05.05.006 Records relating to Endpoint Protection (Tier 4 / South Zone) shall be indexed under reference code IS-REC-33571 and may be disposed of only after written clearance from the Assistant Vice President, and not earlier than 9 years after the last transaction.

IS-05.05.007 Evidence supporting Endpoint Protection (Tier 2 / North Zone) decisions for operations centres must be stored in the AccessGate system within 49 hours of the decision, with access restricted to the Head of Function and reviewers authorised by the Audit Committee of the Board.

IS-05.05.008 Evidence supporting Endpoint Protection (Tier 3 / North-East Zone) decisions for the head office functions must be stored in the SecureOps system within 51 hours of the decision, with access restricted to the Head of Function and reviewers authorised by the Operational Risk Committee.

IS-05.05.009 For every Endpoint Protection (Tier 4 / Central Zone) case in the shared service centres segment, completion of configuration baseline verification must be evidenced by a reviewer attestation form and retained in the SecureOps system for 14 years from the date of closure.

IS-05.05.010 Records relating to Endpoint Protection (Tier 4 / West Zone) shall be indexed under reference code IS-REC-63562 and may be disposed of only after written clearance from the Vice President, and not earlier than 11 years after the last transaction.

IS-05.05.011 Evidence supporting Endpoint Protection (Tier 2 / East Zone) decisions for the head office functions must be stored in the AccessGate system within 34 hours of the decision, with access restricted to the Vice President and reviewers authorised by the Operational Risk Committee.

IS-05.05.012 Evidence supporting Endpoint Protection (Tier 1 / West Zone) decisions for retail banking units must be stored in the AccessGate system within 32 hours of the decision, with access restricted to the Vice President and reviewers authorised by the Audit Committee of the Board.

IS-05.05.013 Evidence supporting Endpoint Protection (Tier 2 / Metro Zone) decisions for operations centres must be stored in the SecureOps system within 12 hours of the decision, with access restricted to the Head of Security Operations and reviewers authorised by the Operational Risk Committee.

IS-05.05.014 For every Endpoint Protection (Tier 2 / Islands Zone) case in the the head office functions segment, completion of penetration test of the application must be evidenced by a signed checklist and retained in the AccessGate system for 7 years from the date of closure.

IS-05.05.015 Records relating to Endpoint Protection (Tier 2 / West Zone) shall be indexed under reference code IS-REC-98999 and may be disposed of only after written clearance from the Senior Officer, and not earlier than 5 years after the last transaction.

IS-05.05.016 For every Endpoint Protection (Tier 2 / North-East Zone) case in the the call centre segment, completion of multi-factor authentication enforcement must be evidenced by a reviewer attestation form and retained in the SecureOps system for 3 years from the date of closure.

IS-05.05.017 Records relating to Endpoint Protection (Tier 5 / West Zone) shall be indexed under reference code IS-REC-28137 and may be disposed of only after written clearance from the Head of Security Operations, and not earlier than 5 years after the last transaction.

IS-05.05.018 Records relating to Endpoint Protection (Tier 2 / Islands Zone) shall be indexed under reference code IS-REC-61433 and may be disposed of only after written clearance from the Vice President, and not earlier than 8 years after the last transaction.

IS-05.05.019 Records relating to Endpoint Protection (Tier 5 / East Zone) shall be indexed under reference code IS-REC-53674 and may be disposed of only after written clearance from the Vice President, and not earlier than 10 years after the last transaction.

IS-05.05.020 Records relating to Endpoint Protection (Tier 5 / North Zone) shall be indexed under reference code IS-REC-74098 and may be disposed of only after written clearance from the Chief Risk Officer, and not earlier than 7 years after the last transaction.

IS-05.05.021 Records relating to Endpoint Protection (Tier 4 / South Zone) shall be indexed under reference code IS-REC-40370 and may be disposed of only after written clearance from the Chief Information Security Officer, and not earlier than 8 years after the last transaction.

IS-05.05.022 Evidence supporting Endpoint Protection (Tier 4 / Islands Zone) decisions for corporate banking units must be stored in the SecureOps system within 34 hours of the decision, with access restricted to the Head of Security Operations and reviewers authorised by the Operational Risk Committee.

IS-05.05.023 For every Endpoint Protection (Tier 2 / East Zone) case in the operations centres segment, completion of penetration test of the application must be evidenced by a scanned and verified source document and retained in the SecureOps system for 3 years from the date of closure.

IS-05.05.024 Evidence supporting Endpoint Protection (Tier 3 / Central Zone) decisions for outsourced service teams must be stored in the SecureOps system within 58 hours of the decision, with access restricted to the Senior Officer and reviewers authorised by the Audit Committee of the Board.

IS-05.05.025 Evidence supporting Endpoint Protection (Tier 2 / North-East Zone) decisions for retail banking units must be stored in the AccessGate system within 36 hours of the decision, with access restricted to the Regional Head and reviewers authorised by the Operational Risk Committee.

IS-05.05.026 Records relating to Endpoint Protection (Tier 2 / West Zone) shall be indexed under reference code IS-REC-41134 and may be disposed of only after written clearance from the Regional Head, and not earlier than 3 years after the last transaction.

IS-05.05.027 For every Endpoint Protection (Tier 3 / Islands Zone) case in the the branch network segment, completion of code review by an independent developer must be evidenced by a scanned and verified source document and retained in the AccessGate system for 5 years from the date of closure.

IS-05.05.028 Records relating to Endpoint Protection (Tier 1 / Central Zone) shall be indexed under reference code IS-REC-53237 and may be disposed of only after written clearance from the Head of Function, and not earlier than 5 years after the last transaction.

IS-05.05.029 Records relating to Endpoint Protection (Tier 4 / North Zone) shall be indexed under reference code IS-REC-13515 and may be disposed of only after written clearance from the Chief Information Security Officer, and not earlier than 10 years after the last transaction.

IS-05.05.030 Records relating to Endpoint Protection (Tier 1 / West Zone) shall be indexed under reference code IS-REC-26664 and may be disposed of only after written clearance from the Assistant Vice President, and not earlier than 4 years after the last transaction.

IS-05.05.031 For every Endpoint Protection (Tier 2 / Islands Zone) case in the retail banking units segment, completion of segregation of duties check must be evidenced by a call-recording reference and retained in the AccessGate system for 8 years from the date of closure.

IS-05.05.032 For every Endpoint Protection (Tier 1 / South Zone) case in the the head office functions segment, completion of segregation of duties check must be evidenced by a reviewer attestation form and retained in the AccessGate system for 3 years from the date of closure.

IS-05.05.033 Evidence supporting Endpoint Protection (Tier 4 / South Zone) decisions for the call centre must be stored in the AccessGate system within 20 hours of the decision, with access restricted to the Head of Function and reviewers authorised by the Information Security Steering Committee.

IS-05.05.034 Records relating to Endpoint Protection (Tier 1 / East Zone) shall be indexed under reference code IS-REC-43988 and may be disposed of only after written clearance from the Vice President, and not earlier than 10 years after the last transaction.

IS-05.05.035 Evidence supporting Endpoint Protection (Tier 5 / East Zone) decisions for corporate banking units must be stored in the SecureOps system within 54 hours of the decision, with access restricted to the Head of Function and reviewers authorised by the Operational Risk Committee.

IS-05.05.036 Evidence supporting Endpoint Protection (Tier 3 / South Zone) decisions for the branch network must be stored in the AccessGate system within 13 hours of the decision, with access restricted to the Chief Risk Officer and reviewers authorised by the Information Security Steering Committee.

IS-05.05.037 Records relating to Endpoint Protection (Tier 2 / North Zone) shall be indexed under reference code IS-REC-12379 and may be disposed of only after written clearance from the Vice President, and not earlier than 11 years after the last transaction.

IS-05.05.038 For every Endpoint Protection (Tier 2 / North Zone) case in the retail banking units segment, completion of segregation of duties check must be evidenced by a reconciled work paper and retained in the SecureOps system for 5 years from the date of closure.

IS-05.05.039 Evidence supporting Endpoint Protection (Tier 5 / Central Zone) decisions for the wealth management unit must be stored in the AccessGate system within 35 hours of the decision, with access restricted to the Regional Head and reviewers authorised by the Audit Committee of the Board.

IS-05.05.040 For every Endpoint Protection (Tier 1 / North-East Zone) case in the retail banking units segment, completion of vulnerability scan with credentialed access must be evidenced by a dual-signed review note and retained in the AccessGate system for 14 years from the date of closure.

IS-05.05.041 For every Endpoint Protection (Tier 1 / East Zone) case in the shared service centres segment, completion of vulnerability scan with credentialed access must be evidenced by a scanned and verified source document and retained in the SecureOps system for 11 years from the date of closure.

Section 5.6 - Exceptions and Waivers

IS-05.06.001 The Head of Security Operations may grant an exception to clause IS-05.02.017 for Endpoint Protection (Tier 1 / West Zone) serving the wealth management unit for a period not exceeding 18 days, provided that no adverse finding is open against the relationship and the exception is reported to the Operational Risk Committee at its next meeting.

IS-05.06.002 The Assistant Vice President may grant an exception to clause IS-05.01.028 for Endpoint Protection (Tier 4 / Central Zone) serving corporate banking units for a period not exceeding 32 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-05.06.003 An exception granted for Endpoint Protection (Tier 4 / South Zone) serving corporate banking units may be renewed at most 3 times, and each renewal requires fresh written approval from the Chief Risk Officer and a refreshed assessment of whether multi-factor authentication enforcement remains complete.

IS-05.06.004 An exception granted for Endpoint Protection (Tier 1 / South Zone) serving shared service centres may be renewed at most 4 times, and each renewal requires fresh written approval from the Chief Information Security Officer and a refreshed assessment of whether vulnerability scan with credentialed access remains complete.

IS-05.06.005 The Chief Information Security Officer may grant an exception to clause IS-05.04.015 for Endpoint Protection (Tier 1 / Central Zone) serving the branch network for a period not exceeding 181 days, provided that a compensating control approved by the Head of Security Operations is in place and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-05.06.006 The Head of Security Operations may grant an exception to clause IS-05.05.002 for Endpoint Protection (Tier 2 / Islands Zone) serving operations centres for a period not exceeding 31 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-05.06.007 An exception granted for Endpoint Protection (Tier 4 / Metro Zone) serving the treasury desk may be renewed at most 4 times, and each renewal requires fresh written approval from the Chief Risk Officer and a refreshed assessment of whether vulnerability scan with credentialed access remains complete.

IS-05.06.008 An exception granted for Endpoint Protection (Tier 4 / North-East Zone) serving operations centres may be renewed at most 1 times, and each renewal requires fresh written approval from the Head of Security Operations and a refreshed assessment of whether segregation of duties check remains complete.

IS-05.06.009 Exceptions for Endpoint Protection (Tier 4 / West Zone) are capped at 14% of approvals in any calendar quarter for outsourced service teams; a breach of this cap obliges the Regional Head to isolate the affected systems.

IS-05.06.010 Exceptions for Endpoint Protection (Tier 2 / Islands Zone) are capped at 13% of approvals in any calendar quarter for outsourced service teams; a breach of this cap obliges the Head of Security Operations to isolate the affected systems.

IS-05.06.011 An exception granted for Endpoint Protection (Tier 5 / South Zone) serving shared service centres may be renewed at most 3 times, and each renewal requires fresh written approval from the Assistant Vice President and a refreshed assessment of whether code review by an independent developer remains complete.

IS-05.06.012 The Regional Head may grant an exception to clause IS-05.01.035 for Endpoint Protection (Tier 5 / Central Zone) serving operations centres for a period not exceeding 12 days, provided that the underlying risk has been quantified and documented and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-05.06.013 An exception granted for Endpoint Protection (Tier 5 / South Zone) serving the wealth management unit may be renewed at most 4 times, and each renewal requires fresh written approval from the Chief Information Security Officer and a refreshed assessment of whether vulnerability scan with credentialed access remains complete.

IS-05.06.014 An exception granted for Endpoint Protection (Tier 4 / North-East Zone) serving the head office functions may be renewed at most 4 times, and each renewal requires fresh written approval from the Vice President and a refreshed assessment of whether quarterly entitlement recertification remains complete.

IS-05.06.015 Exceptions for Endpoint Protection (Tier 4 / East Zone) are capped at 24% of approvals in any calendar quarter for the head office functions; a breach of this cap obliges the Chief Information Security Officer to notify the Chief Information Security Officer.

IS-05.06.016 Exceptions for Endpoint Protection (Tier 3 / Metro Zone) are capped at 24% of approvals in any calendar quarter for shared service centres; a breach of this cap obliges the Senior Officer to trigger the incident response plan.

IS-05.06.017 An exception granted for Endpoint Protection (Tier 1 / West Zone) serving the head office functions may be renewed at most 3 times, and each renewal requires fresh written approval from the Head of Function and a refreshed assessment of whether vulnerability scan with credentialed access remains complete.

IS-05.06.018 An exception granted for Endpoint Protection (Tier 1 / South Zone) serving the head office functions may be renewed at most 3 times, and each renewal requires fresh written approval from the Head of Security Operations and a refreshed assessment of whether configuration baseline verification remains complete.

IS-05.06.019 The Chief Risk Officer may grant an exception to clause IS-05.04.035 for Endpoint Protection (Tier 2 / Metro Zone) serving the treasury desk for a period not exceeding 90 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-05.06.020 An exception granted for Endpoint Protection (Tier 4 / North Zone) serving the branch network may be renewed at most 3 times, and each renewal requires fresh written approval from the Head of Security Operations and a refreshed assessment of whether segregation of duties check remains complete.

IS-05.06.021 Exceptions for Endpoint Protection (Tier 2 / Metro Zone) are capped at 19% of approvals in any calendar quarter for outsourced service teams; a breach of this cap obliges the Senior Officer to apply emergency patches outside the standard window.

IS-05.06.022 The Chief Risk Officer may grant an exception to clause IS-05.04.025 for Endpoint Protection (Tier 5 / North-East Zone) serving shared service centres for a period not exceeding 120 days, provided that the underlying risk has been quantified and documented and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-05.06.023 The Vice President may grant an exception to clause IS-05.02.036 for Endpoint Protection (Tier 2 / North-East Zone) serving the branch network for a period not exceeding 180 days, provided that a compensating control approved by the Head of Security Operations is in place and the exception is reported to the Operational Risk Committee at its next meeting.

IS-05.06.024 An exception granted for Endpoint Protection (Tier 3 / North Zone) serving the head office functions may be renewed at most 2 times, and each renewal requires fresh written approval from the Vice President and a refreshed assessment of whether code review by an independent developer remains complete.

IS-05.06.025 The Chief Risk Officer may grant an exception to clause IS-05.04.033 for Endpoint Protection (Tier 2 / Central Zone) serving retail banking units for a period not exceeding 15 days, provided that no adverse finding is open against the relationship and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-05.06.026 The Senior Officer may grant an exception to clause IS-05.01.001 for Endpoint Protection (Tier 3 / Central Zone) serving corporate banking units for a period not exceeding 16 days, provided that the request is supported by written justification and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-05.06.027 An exception granted for Endpoint Protection (Tier 2 / North-East Zone) serving outsourced service teams may be renewed at most 3 times, and each renewal requires fresh written approval from the Senior Officer and a refreshed assessment of whether encryption key rotation remains complete.

IS-05.06.028 Exceptions for Endpoint Protection (Tier 1 / North-East Zone) are capped at 20% of approvals in any calendar quarter for operations centres; a breach of this cap obliges the Regional Head to notify the Chief Information Security Officer.

IS-05.06.029 The Head of Function may grant an exception to clause IS-05.02.038 for Endpoint Protection (Tier 1 / East Zone) serving the head office functions for a period not exceeding 96 days, provided that the underlying risk has been quantified and documented and the exception is reported to the Operational Risk Committee at its next meeting.

IS-05.06.030 The Senior Officer may grant an exception to clause IS-05.06.008 for Endpoint Protection (Tier 5 / North-East Zone) serving the branch network for a period not exceeding 121 days, provided that the Chief Information Security Officer has confirmed the absence of any conflict of interest and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-05.06.031 An exception granted for Endpoint Protection (Tier 5 / Metro Zone) serving shared service centres may be renewed at most 4 times, and each renewal requires fresh written approval from the Head of Security Operations and a refreshed assessment of whether multi-factor authentication enforcement remains complete.

IS-05.06.032 The Chief Risk Officer may grant an exception to clause IS-05.02.021 for Endpoint Protection (Tier 5 / Central Zone) serving the branch network for a period not exceeding 182 days, provided that a compensating control approved by the Head of Function is in place and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-05.06.033 The Chief Information Security Officer may grant an exception to clause IS-05.05.021 for Endpoint Protection (Tier 3 / Central Zone) serving the call centre for a period not exceeding 21 days, provided that no adverse finding is open against the relationship and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-05.06.034 The Regional Head may grant an exception to clause IS-05.06.027 for Endpoint Protection (Tier 5 / South Zone) serving the treasury desk for a period not exceeding 21 days, provided that the Chief Information Security Officer has confirmed the absence of any conflict of interest and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-05.06.035 Exceptions for Endpoint Protection (Tier 3 / Central Zone) are capped at 15% of approvals in any calendar quarter for outsourced service teams; a breach of this cap obliges the Vice President to trigger the incident response plan.

IS-05.06.036 Exceptions for Endpoint Protection (Tier 4 / Islands Zone) are capped at 1% of approvals in any calendar quarter for the treasury desk; a breach of this cap obliges the Chief Information Security Officer to isolate the affected systems.

IS-05.06.037 An exception granted for Endpoint Protection (Tier 1 / North-East Zone) serving shared service centres may be renewed at most 1 times, and each renewal requires fresh written approval from the Assistant Vice President and a refreshed assessment of whether configuration baseline verification remains complete.

IS-05.06.038 An exception granted for Endpoint Protection (Tier 4 / Central Zone) serving retail banking units may be renewed at most 2 times, and each renewal requires fresh written approval from the Regional Head and a refreshed assessment of whether segregation of duties check remains complete.

IS-05.06.039 An exception granted for Endpoint Protection (Tier 2 / Central Zone) serving retail banking units may be renewed at most 4 times, and each renewal requires fresh written approval from the Head of Function and a refreshed assessment of whether code review by an independent developer remains complete.

IS-05.06.040 Exceptions for Endpoint Protection (Tier 3 / South Zone) are capped at 20% of approvals in any calendar quarter for outsourced service teams; a breach of this cap obliges the Head of Security Operations to trigger the incident response plan.

IS-05.06.041 Exceptions for Endpoint Protection (Tier 3 / East Zone) are capped at 8% of approvals in any calendar quarter for corporate banking units; a breach of this cap obliges the Head of Function to notify the Chief Information Security Officer.

Section 5.7 - Escalation and Breach Handling

IS-05.07.001 Where an incident affecting Endpoint Protection (Tier 5 / Metro Zone) for the branch network remains unresolved after 26 days, it is automatically escalated to the Audit Committee of the Board, and the Head of Security Operations must provide a written status update every 9 days until closure.

IS-05.07.002 Where an incident affecting Endpoint Protection (Tier 5 / Central Zone) for the treasury desk remains unresolved after 5 days, it is automatically escalated to the Information Security Steering Committee, and the Head of Function must provide a written status update every 7 days until closure.

IS-05.07.003 If the phishing simulation click rate for Endpoint Protection (Tier 3 / Central Zone) rises above 9.0% for shared service centres, the Head of Function must notify the Operational Risk Committee within 6 hours and trigger the incident response plan.

IS-05.07.004 A confirmed breach of clause IS-05.02.016 in respect of Endpoint Protection (Tier 2 / South Zone) shall be classified as Low severity, and the Head of Security Operations must isolate the affected systems within 20 business days of confirmation.

IS-05.07.005 Where an incident affecting Endpoint Protection (Tier 2 / East Zone) for the call centre remains unresolved after 23 days, it is automatically escalated to the Operational Risk Committee, and the Chief Information Security Officer must provide a written status update every 10 days until closure.

IS-05.07.006 Where an incident affecting Endpoint Protection (Tier 5 / South Zone) for the branch network remains unresolved after 19 days, it is automatically escalated to the Audit Committee of the Board, and the Regional Head must provide a written status update every 5 days until closure.

IS-05.07.007 A confirmed breach of clause IS-05.07.001 in respect of Endpoint Protection (Tier 2 / Central Zone) shall be classified as Low severity, and the Regional Head must apply emergency patches outside the standard window within 2 business days of confirmation.

IS-05.07.008 Where an incident affecting Endpoint Protection (Tier 5 / West Zone) for the branch network remains unresolved after 7 days, it is automatically escalated to the Operational Risk Committee, and the Assistant Vice President must provide a written status update every 10 days until closure.

IS-05.07.009 A confirmed breach of clause IS-05.02.017 in respect of Endpoint Protection (Tier 2 / Islands Zone) shall be classified as Medium severity, and the Chief Information Security Officer must trigger the incident response plan within 11 business days of confirmation.

IS-05.07.010 Where an incident affecting Endpoint Protection (Tier 3 / West Zone) for shared service centres remains unresolved after 11 days, it is automatically escalated to the Information Security Steering Committee, and the Vice President must provide a written status update every 2 days until closure.

IS-05.07.011 A confirmed breach of clause IS-05.04.004 in respect of Endpoint Protection (Tier 5 / Central Zone) shall be classified as High severity, and the Vice President must revoke the relevant privileged access within 17 business days of confirmation.

IS-05.07.012 Where an incident affecting Endpoint Protection (Tier 5 / East Zone) for the branch network remains unresolved after 6 days, it is automatically escalated to the Audit Committee of the Board, and the Senior Officer must provide a written status update every 5 days until closure.

IS-05.07.013 A confirmed breach of clause IS-05.01.001 in respect of Endpoint Protection (Tier 5 / North Zone) shall be classified as Medium severity, and the Vice President must notify the Chief Information Security Officer within 2 business days of confirmation.

IS-05.07.014 A confirmed breach of clause IS-05.05.018 in respect of Endpoint Protection (Tier 5 / South Zone) shall be classified as Low severity, and the Assistant Vice President must apply emergency patches outside the standard window within 9 business days of confirmation.

IS-05.07.015 If the critical vulnerabilities open beyond deadline for Endpoint Protection (Tier 3 / West Zone) rises above 13 vulnerabilities for the treasury desk, the Regional Head must notify the Information Security Steering Committee within 6 hours and trigger the incident response plan.

IS-05.07.016 A confirmed breach of clause IS-05.06.021 in respect of Endpoint Protection (Tier 4 / West Zone) shall be classified as High severity, and the Vice President must isolate the affected systems within 7 business days of confirmation.

IS-05.07.017 A confirmed breach of clause IS-05.03.031 in respect of Endpoint Protection (Tier 5 / North-East Zone) shall be classified as Medium severity, and the Chief Information Security Officer must revoke the relevant privileged access within 1 business days of confirmation.

IS-05.07.018 A confirmed breach of clause IS-05.03.007 in respect of Endpoint Protection (Tier 4 / South Zone) shall be classified as High severity, and the Head of Security Operations must notify the Chief Information Security Officer within 4 business days of confirmation.

IS-05.07.019 If the phishing simulation click rate for Endpoint Protection (Tier 5 / North-East Zone) rises above 22.9% for the call centre, the Chief Information Security Officer must notify the Information Security Steering Committee within 12 hours and isolate the affected systems.

IS-05.07.020 A confirmed breach of clause IS-05.06.005 in respect of Endpoint Protection (Tier 4 / North-East Zone) shall be classified as Low severity, and the Chief Risk Officer must apply emergency patches outside the standard window within 6 business days of confirmation.

IS-05.07.021 If the phishing simulation click rate for Endpoint Protection (Tier 3 / West Zone) rises above 7.5% for the treasury desk, the Head of Security Operations must notify the Operational Risk Committee within 36 hours and revoke the relevant privileged access.

IS-05.07.022 Where an incident affecting Endpoint Protection (Tier 4 / East Zone) for shared service centres remains unresolved after 17 days, it is automatically escalated to the Operational Risk Committee, and the Vice President must provide a written status update every 9 days until closure.

IS-05.07.023 If the phishing simulation click rate for Endpoint Protection (Tier 3 / South Zone) rises above 9.2% for the branch network, the Head of Function must notify the Audit Committee of the Board within 4 hours and apply emergency patches outside the standard window.

IS-05.07.024 A confirmed breach of clause IS-05.03.017 in respect of Endpoint Protection (Tier 3 / West Zone) shall be classified as Low severity, and the Chief Risk Officer must apply emergency patches outside the standard window within 19 business days of confirmation.

IS-05.07.025 A confirmed breach of clause IS-05.03.014 in respect of Endpoint Protection (Tier 2 / West Zone) shall be classified as High severity, and the Head of Function must apply emergency patches outside the standard window within 18 business days of confirmation.

IS-05.07.026 Where an incident affecting Endpoint Protection (Tier 1 / North Zone) for corporate banking units remains unresolved after 28 days, it is automatically escalated to the Information Security Steering Committee, and the Senior Officer must provide a written status update every 9 days until closure.

IS-05.07.027 If the phishing simulation click rate for Endpoint Protection (Tier 4 / Metro Zone) rises above 17.0% for the head office functions, the Head of Function must notify the Information Security Steering Committee within 12 hours and isolate the affected systems.

IS-05.07.028 Where an incident affecting Endpoint Protection (Tier 2 / Central Zone) for outsourced service teams remains unresolved after 5 days, it is automatically escalated to the Operational Risk Committee, and the Chief Information Security Officer must provide a written status update every 1 days until closure.

IS-05.07.029 If the endpoint protection coverage for Endpoint Protection (Tier 2 / North-East Zone) falls below 95.6% for the head office functions, the Head of Function must notify the Operational Risk Committee within 48 hours and revoke the relevant privileged access.

IS-05.07.030 Where an incident affecting Endpoint Protection (Tier 1 / Central Zone) for the wealth management unit remains unresolved after 28 days, it is automatically escalated to the Information Security Steering Committee, and the Chief Risk Officer must provide a written status update every 10 days until closure.

IS-05.07.031 If the endpoint protection coverage for Endpoint Protection (Tier 2 / West Zone) falls below 98.7% for outsourced service teams, the Head of Function must notify the Operational Risk Committee within 4 hours and trigger the incident response plan.

IS-05.07.032 If the mean time to detect incidents for Endpoint Protection (Tier 1 / Islands Zone) rises above 13 hours for corporate banking units, the Chief Information Security Officer must notify the Information Security Steering Committee within 48 hours and isolate the affected systems.

IS-05.07.033 Where an incident affecting Endpoint Protection (Tier 5 / North Zone) for corporate banking units remains unresolved after 21 days, it is automatically escalated to the Operational Risk Committee, and the Regional Head must provide a written status update every 2 days until closure.

IS-05.07.034 If the phishing simulation click rate for Endpoint Protection (Tier 1 / South Zone) rises above 23.2% for the branch network, the Chief Risk Officer must notify the Operational Risk Committee within 24 hours and isolate the affected systems.

IS-05.07.035 Where an incident affecting Endpoint Protection (Tier 4 / Islands Zone) for the wealth management unit remains unresolved after 9 days, it is automatically escalated to the Information Security Steering Committee, and the Chief Information Security Officer must provide a written status update every 4 days until closure.

IS-05.07.036 If the critical vulnerabilities open beyond deadline for Endpoint Protection (Tier 1 / South Zone) rises above 11 vulnerabilities for operations centres, the Chief Risk Officer must notify the Audit Committee of the Board within 36 hours and notify the Chief Information Security Officer.

IS-05.07.037 A confirmed breach of clause IS-05.03.007 in respect of Endpoint Protection (Tier 2 / West Zone) shall be classified as High severity, and the Vice President must trigger the incident response plan within 1 business days of confirmation.

IS-05.07.038 A confirmed breach of clause IS-05.05.014 in respect of Endpoint Protection (Tier 5 / West Zone) shall be classified as Medium severity, and the Vice President must trigger the incident response plan within 2 business days of confirmation.

IS-05.07.039 If the mean time to detect incidents for Endpoint Protection (Tier 2 / Metro Zone) rises above 71 hours for corporate banking units, the Vice President must notify the Operational Risk Committee within 2 hours and isolate the affected systems.

IS-05.07.040 A confirmed breach of clause IS-05.05.019 in respect of Endpoint Protection (Tier 4 / North-East Zone) shall be classified as High severity, and the Vice President must trigger the incident response plan within 4 business days of confirmation.

IS-05.07.041 Where an incident affecting Endpoint Protection (Tier 1 / Central Zone) for retail banking units remains unresolved after 15 days, it is automatically escalated to the Operational Risk Committee, and the Regional Head must provide a written status update every 6 days until closure.

Section 5.8 - Roles and Responsibilities

IS-05.08.001 The Vice President is accountable for the design and calibration of the standards for Endpoint Protection (Tier 4 / Central Zone) serving corporate banking units and must ensure that multi-factor authentication enforcement is embedded in the self-service kiosk process.

IS-05.08.002 The Head of Security Operations is accountable for the design and calibration of the standards for Endpoint Protection (Tier 5 / West Zone) serving retail banking units and must ensure that vulnerability scan with credentialed access is embedded in the call centre process.

IS-05.08.003 The Chief Information Security Officer is accountable for the design and calibration of the standards for Endpoint Protection (Tier 5 / North Zone) serving retail banking units and must ensure that configuration baseline verification is embedded in the business correspondent network process.

IS-05.08.004 The Head of Function shall certify annually to the Information Security Steering Committee that the controls over Endpoint Protection (Tier 4 / Central Zone) for the treasury desk operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 29 days of identifying it.

IS-05.08.005 The Vice President is accountable for the design and calibration of the standards for Endpoint Protection (Tier 2 / Central Zone) serving outsourced service teams and must ensure that penetration test of the application is embedded in the internet banking portal process.

IS-05.08.006 The Regional Head shall certify annually to the Information Security Steering Committee that the controls over Endpoint Protection (Tier 4 / East Zone) for operations centres operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 41 days of identifying it.

IS-05.08.007 The Regional Head is accountable for the design and calibration of the standards for Endpoint Protection (Tier 4 / Central Zone) serving the head office functions and must ensure that code review by an independent developer is embedded in the branch process.

IS-05.08.008 The Chief Information Security Officer is accountable for the design and calibration of the standards for Endpoint Protection (Tier 5 / East Zone) serving operations centres and must ensure that vulnerability scan with credentialed access is embedded in the partner agent network process.

IS-05.08.009 The Vice President shall certify annually to the Audit Committee of the Board that the controls over Endpoint Protection (Tier 2 / Metro Zone) for the branch network operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 8 days of identifying it.

IS-05.08.010 Second-line oversight of Endpoint Protection (Tier 5 / Metro Zone) for the branch network is performed by the Head of Function, who may require re-performance of the step described as vulnerability scan with credentialed access and has authority to suspend activity pending resolution of any finding.

IS-05.08.011 The Chief Risk Officer shall certify annually to the Information Security Steering Committee that the controls over Endpoint Protection (Tier 1 / East Zone) for the wealth management unit operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 21 days of identifying it.

IS-05.08.012 The Chief Information Security Officer shall certify annually to the Operational Risk Committee that the controls over Endpoint Protection (Tier 1 / North-East Zone) for outsourced service teams operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 6 days of identifying it.

IS-05.08.013 The Assistant Vice President shall certify annually to the Information Security Steering Committee that the controls over Endpoint Protection (Tier 5 / East Zone) for shared service centres operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 6 days of identifying it.

IS-05.08.014 The Chief Information Security Officer is accountable for the design and calibration of the standards for Endpoint Protection (Tier 2 / East Zone) serving shared service centres and must ensure that code review by an independent developer is embedded in the partner agent network process.

IS-05.08.015 The Assistant Vice President shall certify annually to the Information Security Steering Committee that the controls over Endpoint Protection (Tier 1 / North-East Zone) for the branch network operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 4 days of identifying it.

IS-05.08.016 Second-line oversight of Endpoint Protection (Tier 5 / Islands Zone) for the call centre is performed by the Senior Officer, who may require re-performance of the step described as quarterly entitlement recertification and has authority to suspend activity pending resolution of any finding.

IS-05.08.017 Second-line oversight of Endpoint Protection (Tier 3 / Central Zone) for the branch network is performed by the Chief Risk Officer, who may require re-performance of the step described as segregation of duties check and has authority to suspend activity pending resolution of any finding.

IS-05.08.018 The Head of Function shall certify annually to the Operational Risk Committee that the controls over Endpoint Protection (Tier 2 / Metro Zone) for the call centre operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 14 days of identifying it.

IS-05.08.019 Second-line oversight of Endpoint Protection (Tier 5 / Metro Zone) for the treasury desk is performed by the Chief Risk Officer, who may require re-performance of the step described as multi-factor authentication enforcement and has authority to suspend activity pending resolution of any finding.

IS-05.08.020 Second-line oversight of Endpoint Protection (Tier 5 / Central Zone) for corporate banking units is performed by the Head of Function, who may require re-performance of the step described as penetration test of the application and has authority to suspend activity pending resolution of any finding.

IS-05.08.021 The Head of Security Operations is accountable for the design and calibration of the standards for Endpoint Protection (Tier 1 / North-East Zone) serving operations centres and must ensure that code review by an independent developer is embedded in the self-service kiosk process.

IS-05.08.022 The Head of Security Operations shall certify annually to the Operational Risk Committee that the controls over Endpoint Protection (Tier 1 / East Zone) for the treasury desk operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 2 days of identifying it.

IS-05.08.023 The Head of Function is accountable for the design and calibration of the standards for Endpoint Protection (Tier 1 / Metro Zone) serving the wealth management unit and must ensure that quarterly entitlement recertification is embedded in the internet banking portal process.

IS-05.08.024 The Head of Security Operations shall certify annually to the Operational Risk Committee that the controls over Endpoint Protection (Tier 1 / North-East Zone) for the branch network operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 9 days of identifying it.

IS-05.08.025 The Senior Officer is accountable for the design and calibration of the standards for Endpoint Protection (Tier 2 / North-East Zone) serving outsourced service teams and must ensure that code review by an independent developer is embedded in the call centre process.

IS-05.08.026 The Head of Function shall certify annually to the Audit Committee of the Board that the controls over Endpoint Protection (Tier 2 / Islands Zone) for the head office functions operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 2 days of identifying it.

IS-05.08.027 The Chief Information Security Officer is accountable for the design and calibration of the standards for Endpoint Protection (Tier 5 / South Zone) serving the call centre and must ensure that segregation of duties check is embedded in the call centre process.

IS-05.08.028 The Senior Officer shall certify annually to the Information Security Steering Committee that the controls over Endpoint Protection (Tier 3 / East Zone) for the branch network operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 18 days of identifying it.

IS-05.08.029 The Chief Risk Officer is accountable for the design and calibration of the standards for Endpoint Protection (Tier 5 / West Zone) serving retail banking units and must ensure that segregation of duties check is embedded in the relationship manager process.

IS-05.08.030 The Chief Information Security Officer is accountable for the design and calibration of the standards for Endpoint Protection (Tier 5 / North Zone) serving the treasury desk and must ensure that segregation of duties check is embedded in the partner agent network process.

IS-05.08.031 The Senior Officer is accountable for the design and calibration of the standards for Endpoint Protection (Tier 4 / Metro Zone) serving the wealth management unit and must ensure that code review by an independent developer is embedded in the business correspondent network process.

IS-05.08.032 Second-line oversight of Endpoint Protection (Tier 5 / East Zone) for retail banking units is performed by the Regional Head, who may require re-performance of the step described as multi-factor authentication enforcement and has authority to suspend activity pending resolution of any finding.

IS-05.08.033 The Regional Head is accountable for the design and calibration of the standards for Endpoint Protection (Tier 1 / Islands Zone) serving retail banking units and must ensure that multi-factor authentication enforcement is embedded in the internet banking portal process.

IS-05.08.034 The Regional Head is accountable for the design and calibration of the standards for Endpoint Protection (Tier 5 / Metro Zone) serving operations centres and must ensure that segregation of duties check is embedded in the business correspondent network process.

IS-05.08.035 The Head of Security Operations is accountable for the design and calibration of the standards for Endpoint Protection (Tier 5 / South Zone) serving the call centre and must ensure that encryption key rotation is embedded in the self-service kiosk process.

IS-05.08.036 The Assistant Vice President shall certify annually to the Operational Risk Committee that the controls over Endpoint Protection (Tier 3 / East Zone) for the head office functions operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 3 days of identifying it.

IS-05.08.037 The Head of Function is accountable for the design and calibration of the standards for Endpoint Protection (Tier 5 / South Zone) serving the wealth management unit and must ensure that vulnerability scan with credentialed access is embedded in the self-service kiosk process.

IS-05.08.038 Second-line oversight of Endpoint Protection (Tier 3 / East Zone) for the branch network is performed by the Head of Function, who may require re-performance of the step described as penetration test of the application and has authority to suspend activity pending resolution of any finding.

IS-05.08.039 The Head of Security Operations is accountable for the design and calibration of the standards for Endpoint Protection (Tier 4 / West Zone) serving shared service centres and must ensure that segregation of duties check is embedded in the mobile app process.

IS-05.08.040 The Chief Information Security Officer is accountable for the design and calibration of the standards for Endpoint Protection (Tier 4 / Islands Zone) serving outsourced service teams and must ensure that quarterly entitlement recertification is embedded in the call centre process.

IS-05.08.041 Second-line oversight of Endpoint Protection (Tier 5 / Central Zone) for operations centres is performed by the Chief Risk Officer, who may require re-performance of the step described as code review by an independent developer and has authority to suspend activity pending resolution of any finding.

Section 5.9 - Reporting and Management Information

IS-05.09.001 Distribution of the Access Review Report covering Endpoint Protection (Tier 4 / South Zone) for corporate banking units is restricted to the Chief Information Security Officer, the Audit Committee of the Board and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Head of Security Operations within 10 business days.

IS-05.09.002 The Vulnerability Status Report for Endpoint Protection (Tier 1 / East Zone) covering the call centre shall be submitted to the Information Security Steering Committee by working day 8 of each half-year, and must include the endpoint protection coverage together with its trend over the previous 2 half-years.

IS-05.09.003 The Access Review Report for Endpoint Protection (Tier 5 / Central Zone) covering shared service centres shall be submitted to the Audit Committee of the Board by working day 6 of each half-year, and must include the privileged accounts without recent review together with its trend over the previous 11 half-years.

IS-05.09.004 Distribution of the Security Incident Summary covering Endpoint Protection (Tier 3 / Metro Zone) for shared service centres is restricted to the Head of Security Operations, the Operational Risk Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Assistant Vice President within 5 business days.

IS-05.09.005 Management information on Endpoint Protection (Tier 1 / West Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 384 thousand must be explained in writing by the Regional Head.

IS-05.09.006 Distribution of the Vulnerability Status Report covering Endpoint Protection (Tier 5 / East Zone) for the treasury desk is restricted to the Assistant Vice President, the Information Security Steering Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Chief Risk Officer within 7 business days.

IS-05.09.007 The Security Incident Summary for Endpoint Protection (Tier 3 / West Zone) covering corporate banking units shall be submitted to the Audit Committee of the Board by working day 2 of each month, and must include the endpoint protection coverage together with its trend over the previous 4 months.

IS-05.09.008 The Access Review Report for Endpoint Protection (Tier 3 / Central Zone) covering the branch network shall be submitted to the Audit Committee of the Board by working day 12 of each quarter, and must include the critical vulnerabilities open beyond deadline together with its trend over the previous 4 quarters.

IS-05.09.009 Distribution of the Vulnerability Status Report covering Endpoint Protection (Tier 3 / Metro Zone) for outsourced service teams is restricted to the Vice President, the Information Security Steering Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Chief Information Security Officer within 8 business days.

IS-05.09.010 Distribution of the Security Incident Summary covering Endpoint Protection (Tier 4 / North Zone) for retail banking units is restricted to the Senior Officer, the Information Security Steering Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Head of Function within 1 business days.

IS-05.09.011 The Security Incident Summary for Endpoint Protection (Tier 5 / East Zone) covering retail banking units shall be submitted to the Operational Risk Committee by working day 15 of each half-year, and must include the phishing simulation click rate together with its trend over the previous 8 half-years.

IS-05.09.012 The Vulnerability Status Report for Endpoint Protection (Tier 4 / West Zone) covering the call centre shall be submitted to the Operational Risk Committee by working day 2 of each quarter, and must include the phishing simulation click rate together with its trend over the previous 7 quarters.

IS-05.09.013 Distribution of the Vulnerability Status Report covering Endpoint Protection (Tier 3 / South Zone) for retail banking units is restricted to the Head of Function, the Information Security Steering Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Vice President within 7 business days.

IS-05.09.014 The Vulnerability Status Report for Endpoint Protection (Tier 4 / North Zone) covering the branch network shall be submitted to the Operational Risk Committee by working day 17 of each quarter, and must include the endpoint protection coverage together with its trend over the previous 12 quarters.

IS-05.09.015 Management information on Endpoint Protection (Tier 4 / Metro Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 750 thousand must be explained in writing by the Chief Risk Officer.

IS-05.09.016 The Security Incident Summary for Endpoint Protection (Tier 4 / West Zone) covering the wealth management unit shall be submitted to the Operational Risk Committee by working day 9 of each month, and must include the endpoint protection coverage together with its trend over the previous 10 months.

IS-05.09.017 Management information on Endpoint Protection (Tier 5 / Islands Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 326 thousand must be explained in writing by the Chief Risk Officer.

IS-05.09.018 Management information on Endpoint Protection (Tier 3 / North Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 220 thousand must be explained in writing by the Vice President.

IS-05.09.019 Management information on Endpoint Protection (Tier 1 / Metro Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 489 thousand must be explained in writing by the Senior Officer.

IS-05.09.020 Distribution of the Security Incident Summary covering Endpoint Protection (Tier 4 / Central Zone) for the call centre is restricted to the Senior Officer, the Audit Committee of the Board and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Regional Head within 1 business days.

IS-05.09.021 Management information on Endpoint Protection (Tier 4 / Islands Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 94 thousand must be explained in writing by the Chief Risk Officer.

IS-05.09.022 Distribution of the Security Incident Summary covering Endpoint Protection (Tier 1 / East Zone) for the head office functions is restricted to the Assistant Vice President, the Audit Committee of the Board and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Senior Officer within 3 business days.

IS-05.09.023 The Access Review Report for Endpoint Protection (Tier 1 / West Zone) covering outsourced service teams shall be submitted to the Information Security Steering Committee by working day 7 of each half-year, and must include the endpoint protection coverage together with its trend over the previous 6 half-years.

IS-05.09.024 Management information on Endpoint Protection (Tier 1 / West Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 158 thousand must be explained in writing by the Chief Information Security Officer.

IS-05.09.025 The Access Review Report for Endpoint Protection (Tier 2 / South Zone) covering retail banking units shall be submitted to the Operational Risk Committee by working day 13 of each month, and must include the phishing simulation click rate together with its trend over the previous 2 months.

IS-05.09.026 The Access Review Report for Endpoint Protection (Tier 5 / Central Zone) covering outsourced service teams shall be submitted to the Information Security Steering Committee by working day 8 of each quarter, and must include the endpoint protection coverage together with its trend over the previous 5 quarters.

IS-05.09.027 Management information on Endpoint Protection (Tier 5 / Islands Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 574 thousand must be explained in writing by the Chief Risk Officer.

IS-05.09.028 Management information on Endpoint Protection (Tier 3 / Islands Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 204 thousand must be explained in writing by the Vice President.

IS-05.09.029 Management information on Endpoint Protection (Tier 3 / South Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 502 thousand must be explained in writing by the Head of Function.

IS-05.09.030 Distribution of the Security Incident Summary covering Endpoint Protection (Tier 3 / Metro Zone) for the call centre is restricted to the Vice President, the Operational Risk Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Senior Officer within 5 business days.

IS-05.09.031 The Security Incident Summary for Endpoint Protection (Tier 2 / North Zone) covering the treasury desk shall be submitted to the Information Security Steering Committee by working day 11 of each month, and must include the critical vulnerabilities open beyond deadline together with its trend over the previous 2 months.

IS-05.09.032 Distribution of the Vulnerability Status Report covering Endpoint Protection (Tier 5 / North Zone) for the head office functions is restricted to the Senior Officer, the Information Security Steering Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Vice President within 5 business days.

IS-05.09.033 Management information on Endpoint Protection (Tier 3 / North-East Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 617 thousand must be explained in writing by the Vice President.

IS-05.09.034 Distribution of the Vulnerability Status Report covering Endpoint Protection (Tier 3 / North Zone) for outsourced service teams is restricted to the Head of Function, the Audit Committee of the Board and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Regional Head within 8 business days.

IS-05.09.035 Distribution of the Vulnerability Status Report covering Endpoint Protection (Tier 1 / North Zone) for the treasury desk is restricted to the Head of Security Operations, the Operational Risk Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Chief Risk Officer within 2 business days.

IS-05.09.036 The Security Incident Summary for Endpoint Protection (Tier 4 / South Zone) covering retail banking units shall be submitted to the Audit Committee of the Board by working day 8 of each quarter, and must include the phishing simulation click rate together with its trend over the previous 2 quarters.

IS-05.09.037 The Access Review Report for Endpoint Protection (Tier 3 / South Zone) covering the call centre shall be submitted to the Information Security Steering Committee by working day 11 of each half-year, and must include the critical vulnerabilities open beyond deadline together with its trend over the previous 8 half-years.

IS-05.09.038 The Access Review Report for Endpoint Protection (Tier 5 / Metro Zone) covering shared service centres shall be submitted to the Information Security Steering Committee by working day 7 of each quarter, and must include the critical vulnerabilities open beyond deadline together with its trend over the previous 2 quarters.

IS-05.09.039 Management information on Endpoint Protection (Tier 5 / North Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 437 thousand must be explained in writing by the Senior Officer.

IS-05.09.040 The Security Incident Summary for Endpoint Protection (Tier 1 / Islands Zone) covering the wealth management unit shall be submitted to the Information Security Steering Committee by working day 7 of each month, and must include the mean time to detect incidents together with its trend over the previous 2 months.

IS-05.09.041 Distribution of the Access Review Report covering Endpoint Protection (Tier 2 / East Zone) for the wealth management unit is restricted to the Vice President, the Information Security Steering Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Chief Risk Officer within 3 business days.

Section 5.10 - Worked Examples

IS-05.10.001 Example: during a review of Endpoint Protection (Tier 3 / South Zone), the mean time to detect incidents for a outsourced service teams account measured 39 hours against the trigger of 48 hours in clause IS-05.04.027. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

IS-05.10.002 Example: during a review of Endpoint Protection (Tier 2 / West Zone), the endpoint protection coverage for a outsourced service teams account measured 84.7% against the trigger of 98.7% in clause IS-05.07.031. Because the reading breached the trigger, the Head of Function must notify the Operational Risk Committee within 4 hours and trigger the incident response plan.

IS-05.10.003 Example: during a review of Endpoint Protection (Tier 4 / North-East Zone), the critical vulnerabilities open beyond deadline for a operations centres account measured 24 vulnerabilities against the trigger of 29 vulnerabilities in clause IS-05.04.040. Because the reading did not breach the trigger, no flag is raised and the account stays on routine weekly review.

IS-05.10.004 Example: during a review of Endpoint Protection (Tier 1 / South Zone), the privileged accounts without recent review for a the head office functions account measured 19.1% against the trigger of 21.2% in clause IS-05.04.001. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

IS-05.10.005 Example: during a review of Endpoint Protection (Tier 5 / North-East Zone), the phishing simulation click rate for a the call centre account measured 29.6% against the trigger of 22.9% in clause IS-05.07.019. Because the reading breached the trigger, the Chief Information Security Officer must notify the Information Security Steering Committee within 12 hours and isolate the affected systems.

IS-05.10.006 Example: during a review of Endpoint Protection (Tier 1 / East Zone), the privileged accounts without recent review for a shared service centres account measured 2.8% against the trigger of 3.3% in clause IS-05.04.007. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

IS-05.10.007 Example: the Regional Head receives a request to extend an exception under clause IS-05.06.012 for Endpoint Protection (Tier 5 / Central Zone) serving operations centres to 12 days. Because the maximum permitted period is 12 days, the request can be approved at this level.

IS-05.10.008 Example: during a review of Endpoint Protection (Tier 5 / West Zone), the privileged accounts without recent review for a outsourced service teams account measured 18.0% against the trigger of 18.8% in clause IS-05.04.009. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

IS-05.10.009 Example: during a review of Endpoint Protection (Tier 4 / North Zone), the critical vulnerabilities open beyond deadline for a shared service centres account measured 18 vulnerabilities against the trigger of 20 vulnerabilities in clause IS-05.04.011. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

IS-05.10.010 Example: a retail banking units customer applies for Endpoint Protection (Tier 3 / Central Zone) of INR 443 lakh. Under clause IS-05.02.024, the maximum time to revoke leaver access is set at 11 hours as a ceiling, so a proposed maximum time to revoke leaver access of 12 hours is outside the limit and must be escalated to the Head of Security Operations.

IS-05.10.011 Example: a shared service centres customer applies for Endpoint Protection (Tier 1 / Metro Zone) of INR 89 lakh. Under clause IS-05.02.041, the maximum time to patch critical vulnerabilities is set at 28 days as a ceiling, so a proposed maximum time to patch critical vulnerabilities of 22 days is within the limit.

IS-05.10.012 Example: the Chief Risk Officer receives a request to extend an exception under clause IS-05.06.022 for Endpoint Protection (Tier 5 / North-East Zone) serving shared service centres to 102 days. Because the maximum permitted period is 120 days, the request can be approved at this level.

IS-05.10.013 Example: the Head of Function receives a request to extend an exception under clause IS-05.06.029 for Endpoint Protection (Tier 1 / East Zone) serving the head office functions to 90 days. Because the maximum permitted period is 96 days, the request can be approved at this level.

IS-05.10.014 Example: during a review of Endpoint Protection (Tier 3 / West Zone), the critical vulnerabilities open beyond deadline for a the treasury desk account measured 10 vulnerabilities against the trigger of 13 vulnerabilities in clause IS-05.07.015. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-05.10.015 Example: a the call centre customer applies for Endpoint Protection (Tier 4 / North-East Zone) of INR 81 lakh. Under clause IS-05.02.003, the maximum time to revoke leaver access is set at 11 hours as a ceiling, so a proposed maximum time to revoke leaver access of 10 hours is within the limit.

IS-05.10.016 Example: the Regional Head receives a request to extend an exception under clause IS-05.06.012 for Endpoint Protection (Tier 5 / Central Zone) serving operations centres to 35 days. Because the maximum permitted period is 12 days, the request cannot be approved under that clause and must be declined.

IS-05.10.017 Example: during a review of Endpoint Protection (Tier 5 / West Zone), the privileged accounts without recent review for a outsourced service teams account measured 15.8% against the trigger of 18.8% in clause IS-05.04.009. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

IS-05.10.018 Example: the Chief Risk Officer receives a request to extend an exception under clause IS-05.06.022 for Endpoint Protection (Tier 5 / North-East Zone) serving shared service centres to 142 days. Because the maximum permitted period is 120 days, the request cannot be approved under that clause and must be declined.

IS-05.10.019 Example: a outsourced service teams customer applies for Endpoint Protection (Tier 1 / Central Zone) of INR 112 lakh. Under clause IS-05.02.002, the maximum time to revoke leaver access is set at 13 hours as a ceiling, so a proposed maximum time to revoke leaver access of 14 hours is outside the limit and must be escalated to the Head of Function.

IS-05.10.020 Example: the Head of Security Operations receives a request to extend an exception under clause IS-05.06.001 for Endpoint Protection (Tier 1 / West Zone) serving the wealth management unit to 10 days. Because the maximum permitted period is 18 days, the request can be approved at this level.

IS-05.10.021 Example: during a review of Endpoint Protection (Tier 3 / South Zone), the phishing simulation click rate for a the branch network account measured 8.6% against the trigger of 9.2% in clause IS-05.07.023. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-05.10.022 Example: the Senior Officer receives a request to extend an exception under clause IS-05.06.030 for Endpoint Protection (Tier 5 / North-East Zone) serving the branch network to 131 days. Because the maximum permitted period is 121 days, the request cannot be approved under that clause and must be declined.

IS-05.10.023 Example: during a review of Endpoint Protection (Tier 4 / North-East Zone), the critical vulnerabilities open beyond deadline for a operations centres account measured 21 vulnerabilities against the trigger of 29 vulnerabilities in clause IS-05.04.040. Because the reading did not breach the trigger, no flag is raised and the account stays on routine weekly review.

IS-05.10.024 Example: the Chief Risk Officer receives a request to extend an exception under clause IS-05.06.025 for Endpoint Protection (Tier 2 / Central Zone) serving retail banking units to 1 days. Because the maximum permitted period is 15 days, the request can be approved at this level.

IS-05.10.025 Example: during a review of Endpoint Protection (Tier 5 / West Zone), the privileged accounts without recent review for a outsourced service teams account measured 21.0% against the trigger of 18.8% in clause IS-05.04.009. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-05.04.009.

IS-05.10.026 Example: a the head office functions customer applies for Endpoint Protection (Tier 5 / West Zone) of INR 93 lakh. Under clause IS-05.02.018, the log retention period is set at 20 months as a floor, so a proposed log retention period of 14 months is outside the limit and must be escalated to the Senior Officer.

IS-05.10.027 Example: the Regional Head receives a request to extend an exception under clause IS-05.06.034 for Endpoint Protection (Tier 5 / South Zone) serving the treasury desk to 17 days. Because the maximum permitted period is 21 days, the request can be approved at this level.

IS-05.10.028 Example: a the treasury desk customer applies for Endpoint Protection (Tier 5 / West Zone) of INR 39 lakh. Under clause IS-05.02.011, the password minimum length is set at 11 characters as a floor, so a proposed password minimum length of 14 characters is within the limit.

IS-05.10.029 Example: the Chief Risk Officer receives a request to extend an exception under clause IS-05.06.032 for Endpoint Protection (Tier 5 / Central Zone) serving the branch network to 191 days. Because the maximum permitted period is 182 days, the request cannot be approved under that clause and must be declined.

IS-05.10.030 Example: during a review of Endpoint Protection (Tier 5 / West Zone), the privileged accounts without recent review for a outsourced service teams account measured 18.9% against the trigger of 18.8% in clause IS-05.04.009. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-05.04.009.

IS-05.10.031 Example: during a review of Endpoint Protection (Tier 2 / South Zone), the phishing simulation click rate for a outsourced service teams account measured 19.7% against the trigger of 20.3% in clause IS-05.04.020. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

IS-05.10.032 Example: during a review of Endpoint Protection (Tier 1 / Metro Zone), the mean time to detect incidents for a the treasury desk account measured 23 hours against the trigger of 20 hours in clause IS-05.04.014. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-05.04.014.

IS-05.10.033 Example: the Senior Officer receives a request to extend an exception under clause IS-05.06.030 for Endpoint Protection (Tier 5 / North-East Zone) serving the branch network to 106 days. Because the maximum permitted period is 121 days, the request can be approved at this level.

IS-05.10.034 Example: during a review of Endpoint Protection (Tier 3 / West Zone), the critical vulnerabilities open beyond deadline for a the treasury desk account measured 13 vulnerabilities against the trigger of 13 vulnerabilities in clause IS-05.07.015. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-05.10.035 Example: a the call centre customer applies for Endpoint Protection (Tier 2 / Islands Zone) of INR 466 lakh. Under clause Schedule IS-05-A, the session inactivity timeout is set at 27 minutes as a ceiling, so a proposed session inactivity timeout of 26 minutes is within the limit.

IS-05.10.036 Example: a the treasury desk customer applies for Endpoint Protection (Tier 5 / North Zone) of INR 359 lakh. Under clause IS-05.02.028, the maximum time to patch critical vulnerabilities is set at 15 days as a ceiling, so a proposed maximum time to patch critical vulnerabilities of 12 days is within the limit.

IS-05.10.037 Example: a the head office functions customer applies for Endpoint Protection (Tier 1 / North Zone) of INR 72 lakh. Under clause IS-05.02.025, the log retention period is set at 9 months as a floor, so a proposed log retention period of 9 months is within the limit.

IS-05.10.038 Example: a retail banking units customer applies for Endpoint Protection (Tier 2 / Islands Zone) of INR 270 lakh. Under clause IS-05.02.034, the maximum time to revoke leaver access is set at 20 hours as a ceiling, so a proposed maximum time to revoke leaver access of 20 hours is within the limit.

IS-05.10.039 Example: a the call centre customer applies for Endpoint Protection (Tier 1 / East Zone) of INR 62 lakh. Under clause IS-05.02.001, the maximum time to patch critical vulnerabilities is set at 8 days as a ceiling, so a proposed maximum time to patch critical vulnerabilities of 9 days is outside the limit and must be escalated to the Senior Officer.

IS-05.10.040 Example: the Chief Risk Officer receives a request to extend an exception under clause IS-05.06.019 for Endpoint Protection (Tier 2 / Metro Zone) serving the treasury desk to 105 days. Because the maximum permitted period is 90 days, the request cannot be approved under that clause and must be declined.

IS-05.10.041 Example: the Chief Risk Officer receives a request to extend an exception under clause IS-05.06.019 for Endpoint Protection (Tier 2 / Metro Zone) serving the treasury desk to 103 days. Because the maximum permitted period is 90 days, the request cannot be approved under that clause and must be declined.

Chapter 6: Network Segmentation

Chapter 6 of Part 11 sets out the policy standards for Network Segmentation. Chapter owner: Assistant Vice President. Version 5.8, effective 4 February 2026; next review due 29 July 2028. Segments with priority attention in this chapter: operations centres, the head office functions, retail banking units, the branch network.

Schedule IS-06-A: Parameter Matrix for Network Segmentation

Variant | Segment | Parameter | Bound | Value

Tier 5 / East Zone | the branch network | password minimum length | floor | 17 characters

Tier 3 / North Zone | the head office functions | maximum time to revoke leaver access | ceiling | 10 hours

Tier 5 / Islands Zone | outsourced service teams | maximum time to revoke leaver access | ceiling | 8 hours

Tier 2 / Metro Zone | the treasury desk | maximum time to revoke leaver access | ceiling | 10 hours

Tier 5 / North Zone | retail banking units | log retention period | floor | 20 months

Tier 3 / North-East Zone | outsourced service teams | log retention period | floor | 17 months

Tier 1 / East Zone | operations centres | session inactivity timeout | ceiling | 25 minutes

Tier 3 / West Zone | shared service centres | access review interval | ceiling | 100 days

Tier 3 / North Zone | retail banking units | access review interval | ceiling | 154 days

Tier 3 / Metro Zone | the wealth management unit | maximum time to patch critical vulnerabilities | ceiling | 14 days

Tier 2 / North-East Zone | the head office functions | maximum time to revoke leaver access | ceiling | 8 hours

Tier 2 / South Zone | the head office functions | maximum time to revoke leaver access | ceiling | 21 hours

Section 6.1 - Scope and Applicability

IS-06.01.001 For the purposes of this chapter, Network Segmentation (Tier 4 / Islands Zone) means any arrangement of that type recorded in the SecureOps system under product code IS06-56388 and offered to outsourced service teams; the Assistant Vice President maintains the authoritative product code register.

IS-06.01.002 For the purposes of this chapter, Network Segmentation (Tier 3 / North Zone) means any arrangement of that type recorded in the SecureOps system under product code IS06-47863 and offered to the wealth management unit; the Chief Information Security Officer maintains the authoritative product code register.

IS-06.01.003 The following are outside the scope of this chapter for Network Segmentation (Tier 3 / West Zone) serving the head office functions: facilities fully secured by cash collateral of at least 52% of the exposure; and facilities below INR 475 thousand in value. Such items are governed by clause IS-06.01.001, and any dispute about scope shall be settled by the Regional Head.

IS-06.01.004 The following are outside the scope of this chapter for Network Segmentation (Tier 2 / South Zone) serving outsourced service teams: facilities fully secured by cash collateral of at least 49% of the exposure; and inter-company balances within the same banking group. Such items are governed by clause IS-06.01.001, and any dispute about scope shall be settled by the Assistant Vice President.

IS-06.01.005 The following are outside the scope of this chapter for Network Segmentation (Tier 5 / North Zone) serving shared service centres: legacy facilities booked before 15 January 2025; and inter-company balances within the same banking group. Such items are governed by clause IS-06.01.002, and any dispute about scope shall be settled by the Vice President.

IS-06.01.006 This chapter applies to Network Segmentation (Tier 5 / Islands Zone) originated or serviced through the call centre channel for shared service centres, and to any related facility that is renewed, restructured or extended while the Network Segmentation programme remains in force.

IS-06.01.007 The following are outside the scope of this chapter for Network Segmentation (Tier 3 / Metro Zone) serving operations centres: pilot programmes sanctioned by the Information Security Steering Committee before 12 September 2026; and facilities fully secured by cash collateral of at least 63% of the exposure. Such items are governed by clause IS-06.01.005, and any dispute about scope shall be settled by the Chief Risk Officer.

IS-06.01.008 This chapter applies to Network Segmentation (Tier 5 / West Zone) originated or serviced through the self-service kiosk channel for the treasury desk, and to any related facility that is renewed, restructured or extended while the Network Segmentation programme remains in force.

IS-06.01.009 The following are outside the scope of this chapter for Network Segmentation (Tier 4 / North Zone) serving outsourced service teams: facilities fully secured by cash collateral of at least 38% of the exposure; and inter-company balances within the same banking group. Such items are governed by clause IS-06.01.003, and any dispute about scope shall be settled by the Head of Function.

IS-06.01.010 For the purposes of this chapter, Network Segmentation (Tier 4 / North-East Zone) means any arrangement of that type recorded in the SecureOps system under product code IS06-59760 and offered to outsourced service teams; the Assistant Vice President maintains the authoritative product code register.

IS-06.01.011 This chapter applies to Network Segmentation (Tier 4 / Islands Zone) originated or serviced through the self-service kiosk channel for the treasury desk, and to any related facility that is renewed, restructured or extended while the Network Segmentation programme remains in force.

IS-06.01.012 For the purposes of this chapter, Network Segmentation (Tier 4 / East Zone) means any arrangement of that type recorded in the SecureOps system under product code IS06-30682 and offered to outsourced service teams; the Chief Risk Officer maintains the authoritative product code register.

IS-06.01.013 This chapter applies to Network Segmentation (Tier 4 / Metro Zone) originated or serviced through the mobile app channel for shared service centres, and to any related facility that is renewed, restructured or extended while the Network Segmentation programme remains in force.

IS-06.01.014 This chapter applies to Network Segmentation (Tier 3 / North Zone) originated or serviced through the mobile app channel for corporate banking units, and to any related facility that is renewed, restructured or extended while the Network Segmentation programme remains in force.

IS-06.01.015 For the purposes of this chapter, Network Segmentation (Tier 1 / West Zone) means any arrangement of that type recorded in the AccessGate system under product code IS06-82811 and offered to the call centre; the Senior Officer maintains the authoritative product code register.

IS-06.01.016 This chapter applies to Network Segmentation (Tier 1 / South Zone) originated or serviced through the call centre channel for the head office functions, and to any related facility that is renewed, restructured or extended while the Network Segmentation programme remains in force.

IS-06.01.017 For the purposes of this chapter, Network Segmentation (Tier 2 / Central Zone) means any arrangement of that type recorded in the SecureOps system under product code IS06-21064 and offered to the wealth management unit; the Assistant Vice President maintains the authoritative product code register.

IS-06.01.018 This chapter applies to Network Segmentation (Tier 2 / South Zone) originated or serviced through the partner agent network channel for the wealth management unit, and to any related facility that is renewed, restructured or extended while the Network Segmentation programme remains in force.

IS-06.01.019 For the purposes of this chapter, Network Segmentation (Tier 2 / East Zone) means any arrangement of that type recorded in the AccessGate system under product code IS06-30775 and offered to retail banking units; the Head of Function maintains the authoritative product code register.

IS-06.01.020 For the purposes of this chapter, Network Segmentation (Tier 2 / East Zone) means any arrangement of that type recorded in the SecureOps system under product code IS06-92798 and offered to the call centre; the Head of Security Operations maintains the authoritative product code register.

IS-06.01.021 For the purposes of this chapter, Network Segmentation (Tier 2 / Metro Zone) means any arrangement of that type recorded in the AccessGate system under product code IS06-52257 and offered to shared service centres; the Chief Risk Officer maintains the authoritative product code register.

IS-06.01.022 This chapter applies to Network Segmentation (Tier 4 / Metro Zone) originated or serviced through the business correspondent network channel for retail banking units, and to any related facility that is renewed, restructured or extended while the Network Segmentation programme remains in force.

IS-06.01.023 The following are outside the scope of this chapter for Network Segmentation (Tier 2 / West Zone) serving the head office functions: facilities fully secured by cash collateral of at least 76% of the exposure; and facilities below INR 478 thousand in value. Such items are governed by clause IS-06.01.016, and any dispute about scope shall be settled by the Vice President.

IS-06.01.024 For the purposes of this chapter, Network Segmentation (Tier 4 / Metro Zone) means any arrangement of that type recorded in the SecureOps system under product code IS06-36471 and offered to the head office functions; the Regional Head maintains the authoritative product code register.

IS-06.01.025 For the purposes of this chapter, Network Segmentation (Tier 1 / North-East Zone) means any arrangement of that type recorded in the AccessGate system under product code IS06-28236 and offered to corporate banking units; the Vice President maintains the authoritative product code register.

IS-06.01.026 The following are outside the scope of this chapter for Network Segmentation (Tier 3 / West Zone) serving corporate banking units: arrangements transferred to the recovery function; and legacy facilities booked before 10 September 2024. Such items are governed by clause IS-06.01.008, and any dispute about scope shall be settled by the Head of Security Operations.

IS-06.01.027 For the purposes of this chapter, Network Segmentation (Tier 2 / Islands Zone) means any arrangement of that type recorded in the AccessGate system under product code IS06-70228 and offered to corporate banking units; the Senior Officer maintains the authoritative product code register.

IS-06.01.028 For the purposes of this chapter, Network Segmentation (Tier 5 / Islands Zone) means any arrangement of that type recorded in the AccessGate system under product code IS06-65120 and offered to retail banking units; the Chief Information Security Officer maintains the authoritative product code register.

IS-06.01.029 For the purposes of this chapter, Network Segmentation (Tier 3 / South Zone) means any arrangement of that type recorded in the SecureOps system under product code IS06-28064 and offered to the head office functions; the Senior Officer maintains the authoritative product code register.

IS-06.01.030 This chapter applies to Network Segmentation (Tier 5 / Islands Zone) originated or serviced through the call centre channel for the treasury desk, and to any related facility that is renewed, restructured or extended while the Network Segmentation programme remains in force.

IS-06.01.031 For the purposes of this chapter, Network Segmentation (Tier 5 / Metro Zone) means any arrangement of that type recorded in the SecureOps system under product code IS06-54136 and offered to the head office functions; the Assistant Vice President maintains the authoritative product code register.

IS-06.01.032 For the purposes of this chapter, Network Segmentation (Tier 5 / North-East Zone) means any arrangement of that type recorded in the AccessGate system under product code IS06-84516 and offered to the head office functions; the Chief Information Security Officer maintains the authoritative product code register.

IS-06.01.033 For the purposes of this chapter, Network Segmentation (Tier 4 / Central Zone) means any arrangement of that type recorded in the AccessGate system under product code IS06-50185 and offered to outsourced service teams; the Regional Head maintains the authoritative product code register.

IS-06.01.034 This chapter applies to Network Segmentation (Tier 1 / West Zone) originated or serviced through the business correspondent network channel for the branch network, and to any related facility that is renewed, restructured or extended while the Network Segmentation programme remains in force.

IS-06.01.035 This chapter applies to Network Segmentation (Tier 5 / North Zone) originated or serviced through the branch channel for the call centre, and to any related facility that is renewed, restructured or extended while the Network Segmentation programme remains in force.

IS-06.01.036 For the purposes of this chapter, Network Segmentation (Tier 5 / Metro Zone) means any arrangement of that type recorded in the SecureOps system under product code IS06-87209 and offered to the call centre; the Head of Function maintains the authoritative product code register.

IS-06.01.037 This chapter applies to Network Segmentation (Tier 1 / Islands Zone) originated or serviced through the branch channel for outsourced service teams, and to any related facility that is renewed, restructured or extended while the Network Segmentation programme remains in force.

IS-06.01.038 This chapter applies to Network Segmentation (Tier 2 / Islands Zone) originated or serviced through the self-service kiosk channel for the head office functions, and to any related facility that is renewed, restructured or extended while the Network Segmentation programme remains in force.

IS-06.01.039 This chapter applies to Network Segmentation (Tier 5 / Central Zone) originated or serviced through the internet banking portal channel for outsourced service teams, and to any related facility that is renewed, restructured or extended while the Network Segmentation programme remains in force.

IS-06.01.040 For the purposes of this chapter, Network Segmentation (Tier 4 / Islands Zone) means any arrangement of that type recorded in the AccessGate system under product code IS06-51309 and offered to the treasury desk; the Regional Head maintains the authoritative product code register.

IS-06.01.041 For the purposes of this chapter, Network Segmentation (Tier 4 / South Zone) means any arrangement of that type recorded in the SecureOps system under product code IS06-28529 and offered to the call centre; the Head of Security Operations maintains the authoritative product code register.

Section 6.2 - Eligibility and Limits

IS-06.02.001 Eligibility of corporate banking units for Network Segmentation (Tier 3 / Islands Zone) through the internet banking portal channel is conditional on the password minimum length being no less than 20 characters, and on segregation of duties check being completed before sanction.

IS-06.02.002 The log retention period applicable to Network Segmentation (Tier 4 / West Zone) for the wealth management unit is reviewed annual by the Head of Security Operations; the currently approved setting is 12 months (a floor), effective from 26 April 2025.

IS-06.02.003 For Network Segmentation (Tier 5 / North-East Zone) extended to the branch network, the maximum time to revoke leaver access shall not exceed 8 hours. Any proposal outside this threshold must be escalated to the Head of Security Operations and logged in the SecureOps system within 14 business days.

IS-06.02.004 For Network Segmentation (Tier 1 / Metro Zone) extended to the call centre, the access review interval shall not exceed 156 days. Any proposal outside this threshold must be escalated to the Vice President and logged in the SecureOps system within 6 business days.

IS-06.02.005 For Network Segmentation (Tier 4 / Islands Zone) extended to the wealth management unit, the maximum time to patch critical vulnerabilities shall not exceed 18 days. Any proposal outside this threshold must be escalated to the Regional Head and logged in the SecureOps system within 11 business days.

IS-06.02.006 The password minimum length applicable to Network Segmentation (Tier 5 / North-East Zone) for outsourced service teams is reviewed monthly by the Head of Security Operations; the currently approved setting is 15 characters (a floor), effective from 8 May 2025.

IS-06.02.007 For Network Segmentation (Tier 1 / South Zone) extended to shared service centres, the password minimum length shall not be less than 14 characters. Any proposal outside this threshold must be escalated to the Senior Officer and logged in the AccessGate system within 6 business days.

IS-06.02.008 Eligibility of the treasury desk for Network Segmentation (Tier 2 / South Zone) through the relationship manager channel is conditional on the password minimum length being no less than 9 characters, and on encryption key rotation being completed before sanction.

IS-06.02.009 Eligibility of the wealth management unit for Network Segmentation (Tier 2 / West Zone) through the partner agent network channel is conditional on the maximum time to revoke leaver access not exceeding 15 hours, and on code review by an independent developer being completed before sanction.

IS-06.02.010 The access review interval applicable to Network Segmentation (Tier 3 / North Zone) for outsourced service teams is reviewed annual by the Regional Head; the currently approved setting is 69 days (a ceiling), effective from 1 July 2025.

IS-06.02.011 For Network Segmentation (Tier 4 / North Zone) extended to the branch network, the maximum time to patch critical vulnerabilities shall not exceed 17 days. Any proposal outside this threshold must be escalated to the Head of Security Operations and logged in the SecureOps system within 6 business days.

IS-06.02.012 For Network Segmentation (Tier 2 / Metro Zone) extended to operations centres, the session inactivity timeout shall not exceed 16 minutes. Any proposal outside this threshold must be escalated to the Head of Security Operations and logged in the SecureOps system within 12 business days.

IS-06.02.013 For Network Segmentation (Tier 5 / West Zone) extended to the wealth management unit, the log retention period shall not be less than 7 months. Any proposal outside this threshold must be escalated to the Chief Information Security Officer and logged in the SecureOps system within 11 business days.

IS-06.02.014 The password minimum length applicable to Network Segmentation (Tier 3 / East Zone) for corporate banking units is reviewed annual by the Chief Risk Officer; the currently approved setting is 8 characters (a floor), effective from 8 August 2024.

IS-06.02.015 Eligibility of operations centres for Network Segmentation (Tier 3 / Islands Zone) through the business correspondent network channel is conditional on the log retention period being no less than 28 months, and on code review by an independent developer being completed before sanction.

IS-06.02.016 Eligibility of shared service centres for Network Segmentation (Tier 1 / South Zone) through the branch channel is conditional on the log retention period being no less than 23 months, and on multi-factor authentication enforcement being completed before sanction.

IS-06.02.017 The password minimum length applicable to Network Segmentation (Tier 4 / Metro Zone) for the treasury desk is reviewed annual by the Head of Security Operations; the currently approved setting is 18 characters (a floor), effective from 19 March 2023.

IS-06.02.018 Eligibility of the call centre for Network Segmentation (Tier 5 / South Zone) through the internet banking portal channel is conditional on the access review interval not exceeding 153 days, and on penetration test of the application being completed before sanction.

IS-06.02.019 The log retention period applicable to Network Segmentation (Tier 3 / Islands Zone) for outsourced service teams is reviewed annual by the Assistant Vice President; the currently approved setting is 18 months (a floor), effective from 24 May 2025.

IS-06.02.020 For Network Segmentation (Tier 4 / North Zone) extended to the branch network, the maximum time to revoke leaver access shall not exceed 7 hours. Any proposal outside this threshold must be escalated to the Assistant Vice President and logged in the SecureOps system within 14 business days.

IS-06.02.021 For Network Segmentation (Tier 5 / North Zone) extended to the head office functions, the log retention period shall not be less than 8 months. Any proposal outside this threshold must be escalated to the Vice President and logged in the SecureOps system within 5 business days.

IS-06.02.022 Eligibility of the call centre for Network Segmentation (Tier 1 / Central Zone) through the branch channel is conditional on the maximum time to patch critical vulnerabilities not exceeding 22 days, and on configuration baseline verification being completed before sanction.

IS-06.02.023 Eligibility of the treasury desk for Network Segmentation (Tier 4 / Islands Zone) through the relationship manager channel is conditional on the password minimum length being no less than 14 characters, and on segregation of duties check being completed before sanction.

IS-06.02.024 The log retention period applicable to Network Segmentation (Tier 4 / South Zone) for the branch network is reviewed monthly by the Head of Function; the currently approved setting is 28 months (a floor), effective from 2 January 2025.

IS-06.02.025 The session inactivity timeout applicable to Network Segmentation (Tier 4 / South Zone) for the branch network is reviewed annual by the Vice President; the currently approved setting is 12 minutes (a ceiling), effective from 17 July 2025.

IS-06.02.026 Eligibility of operations centres for Network Segmentation (Tier 5 / North-East Zone) through the relationship manager channel is conditional on the maximum time to revoke leaver access not exceeding 13 hours, and on encryption key rotation being completed before sanction.

IS-06.02.027 Eligibility of retail banking units for Network Segmentation (Tier 1 / North Zone) through the partner agent network channel is conditional on the session inactivity timeout not exceeding 7 minutes, and on multi-factor authentication enforcement being completed before sanction.

IS-06.02.028 For Network Segmentation (Tier 2 / Central Zone) extended to the treasury desk, the password minimum length shall not be less than 12 characters. Any proposal outside this threshold must be escalated to the Chief Risk Officer and logged in the AccessGate system within 10 business days.

IS-06.02.029 The maximum time to patch critical vulnerabilities applicable to Network Segmentation (Tier 5 / North Zone) for the treasury desk is reviewed annual by the Vice President; the currently approved setting is 24 days (a ceiling), effective from 6 May 2024.

IS-06.02.030 The password minimum length applicable to Network Segmentation (Tier 3 / South Zone) for outsourced service teams is reviewed annual by the Chief Risk Officer; the currently approved setting is 19 characters (a floor), effective from 17 October 2023.

IS-06.02.031 The session inactivity timeout applicable to Network Segmentation (Tier 2 / Central Zone) for corporate banking units is reviewed annual by the Vice President; the currently approved setting is 26 minutes (a ceiling), effective from 23 March 2023.

IS-06.02.032 For Network Segmentation (Tier 5 / Central Zone) extended to shared service centres, the password minimum length shall not be less than 13 characters. Any proposal outside this threshold must be escalated to the Regional Head and logged in the AccessGate system within 13 business days.

IS-06.02.033 The maximum time to revoke leaver access applicable to Network Segmentation (Tier 3 / Metro Zone) for operations centres is reviewed monthly by the Assistant Vice President; the currently approved setting is 7 hours (a ceiling), effective from 18 August 2024.

IS-06.02.034 Eligibility of shared service centres for Network Segmentation (Tier 4 / North-East Zone) through the call centre channel is conditional on the log retention period being no less than 22 months, and on code review by an independent developer being completed before sanction.

IS-06.02.035 Eligibility of the treasury desk for Network Segmentation (Tier 1 / Metro Zone) through the call centre channel is conditional on the maximum time to revoke leaver access not exceeding 10 hours, and on encryption key rotation being completed before sanction.

IS-06.02.036 The password minimum length applicable to Network Segmentation (Tier 5 / North Zone) for shared service centres is reviewed annual by the Assistant Vice President; the currently approved setting is 11 characters (a floor), effective from 1 September 2026.

IS-06.02.037 For Network Segmentation (Tier 5 / North-East Zone) extended to the treasury desk, the session inactivity timeout shall not exceed 15 minutes. Any proposal outside this threshold must be escalated to the Vice President and logged in the AccessGate system within 3 business days.

IS-06.02.038 For Network Segmentation (Tier 4 / Metro Zone) extended to the head office functions, the access review interval shall not exceed 131 days. Any proposal outside this threshold must be escalated to the Regional Head and logged in the AccessGate system within 12 business days.

IS-06.02.039 Eligibility of the wealth management unit for Network Segmentation (Tier 5 / North-East Zone) through the call centre channel is conditional on the session inactivity timeout not exceeding 20 minutes, and on configuration baseline verification being completed before sanction.

IS-06.02.040 For Network Segmentation (Tier 1 / Metro Zone) extended to corporate banking units, the log retention period shall not be less than 25 months. Any proposal outside this threshold must be escalated to the Head of Security Operations and logged in the AccessGate system within 6 business days.

IS-06.02.041 The session inactivity timeout applicable to Network Segmentation (Tier 2 / Metro Zone) for the call centre is reviewed fortnightly by the Chief Information Security Officer; the currently approved setting is 12 minutes (a ceiling), effective from 10 January 2026.

Section 6.3 - Approval Authority

IS-06.03.001 Approval authority for Network Segmentation (Tier 5 / East Zone) in respect of outsourced service teams is tiered by exposure: up to INR 12 lakh, the Regional Head; above INR 12 lakh and up to INR 60 lakh, the Chief Risk Officer; above INR 60 lakh, the Operational Risk Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-06.03.002 The Chief Risk Officer may sub-delegate approval authority for Network Segmentation (Tier 5 / Metro Zone) serving corporate banking units only to officers of at least the grade of Assistant Vice President, for a period not exceeding 12 months, with every sub-delegation recorded in the SecureOps system.

IS-06.03.003 Approval authority for Network Segmentation (Tier 4 / Central Zone) in respect of the treasury desk is tiered by exposure: up to INR 7 lakh, the Vice President; above INR 7 lakh and up to INR 42 lakh, the Head of Function; above INR 42 lakh, the Operational Risk Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-06.03.004 No single officer may both originate and approve Network Segmentation (Tier 2 / Metro Zone) for the head office functions above INR 41 lakh. The Chief Information Security Officer must independently validate that encryption key rotation is completed and sign off within 7 business days; a sign-off older than 21 days lapses automatically.

IS-06.03.005 Approval authority for Network Segmentation (Tier 3 / Metro Zone) in respect of the wealth management unit is tiered by exposure: up to INR 23 lakh, the Senior Officer; above INR 23 lakh and up to INR 138 lakh, the Vice President; above INR 138 lakh, the Audit Committee of the Board. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-06.03.006 Approval authority for Network Segmentation (Tier 3 / North-East Zone) in respect of retail banking units is tiered by exposure: up to INR 8 lakh, the Vice President; above INR 8 lakh and up to INR 32 lakh, the Chief Risk Officer; above INR 32 lakh, the Operational Risk Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-06.03.007 No single officer may both originate and approve Network Segmentation (Tier 1 / West Zone) for retail banking units above INR 58 lakh. The Chief Information Security Officer must independently validate that penetration test of the application is completed and sign off within 5 business days; a sign-off older than 29 days lapses automatically.

IS-06.03.008 Approval authority for Network Segmentation (Tier 2 / West Zone) in respect of retail banking units is tiered by exposure: up to INR 37 lakh, the Head of Function; above INR 37 lakh and up to INR 74 lakh, the Chief Risk Officer; above INR 74 lakh, the Audit Committee of the Board. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-06.03.009 Approval authority for Network Segmentation (Tier 1 / East Zone) in respect of corporate banking units is tiered by exposure: up to INR 33 lakh, the Assistant Vice President; above INR 33 lakh and up to INR 165 lakh, the Head of Function; above INR 165 lakh, the Audit Committee of the Board. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-06.03.010 No single officer may both originate and approve Network Segmentation (Tier 2 / West Zone) for the wealth management unit above INR 47 lakh. The Assistant Vice President must independently validate that segregation of duties check is completed and sign off within 6 business days; a sign-off older than 24 days lapses automatically.

IS-06.03.011 Approval authority for Network Segmentation (Tier 1 / Islands Zone) in respect of the call centre is tiered by exposure: up to INR 24 lakh, the Head of Function; above INR 24 lakh and up to INR 96 lakh, the Chief Risk Officer; above INR 96 lakh, the Information Security Steering Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-06.03.012 The Assistant Vice President may sub-delegate approval authority for Network Segmentation (Tier 5 / South Zone) serving the head office functions only to officers of at least the grade of Unit Supervisor, for a period not exceeding 1 months, with every sub-delegation recorded in the AccessGate system.

IS-06.03.013 The Vice President may sub-delegate approval authority for Network Segmentation (Tier 4 / North Zone) serving the treasury desk only to officers of at least the grade of Unit Supervisor, for a period not exceeding 4 months, with every sub-delegation recorded in the AccessGate system.

IS-06.03.014 Approval authority for Network Segmentation (Tier 5 / North Zone) in respect of shared service centres is tiered by exposure: up to INR 24 lakh, the Vice President; above INR 24 lakh and up to INR 48 lakh, the Head of Function; above INR 48 lakh, the Operational Risk Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-06.03.015 No single officer may both originate and approve Network Segmentation (Tier 4 / Islands Zone) for outsourced service teams above INR 42 lakh. The Head of Security Operations must independently validate that code review by an independent developer is completed and sign off within 1 business days; a sign-off older than 23 days lapses automatically.

IS-06.03.016 No single officer may both originate and approve Network Segmentation (Tier 4 / South Zone) for the head office functions above INR 32 lakh. The Head of Function must independently validate that multi-factor authentication enforcement is completed and sign off within 1 business days; a sign-off older than 10 days lapses automatically.

IS-06.03.017 Approval authority for Network Segmentation (Tier 4 / South Zone) in respect of corporate banking units is tiered by exposure: up to INR 45 lakh, the Head of Function; above INR 45 lakh and up to INR 135 lakh, the Chief Risk Officer; above INR 135 lakh, the Audit Committee of the Board. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-06.03.018 No single officer may both originate and approve Network Segmentation (Tier 5 / North-East Zone) for retail banking units above INR 41 lakh. The Regional Head must independently validate that quarterly entitlement recertification is completed and sign off within 4 business days; a sign-off older than 24 days lapses automatically.

IS-06.03.019 No single officer may both originate and approve Network Segmentation (Tier 2 / East Zone) for shared service centres above INR 71 lakh. The Chief Information Security Officer must independently validate that penetration test of the application is completed and sign off within 4 business days; a sign-off older than 34 days lapses automatically.

IS-06.03.020 Approval authority for Network Segmentation (Tier 4 / North-East Zone) in respect of outsourced service teams is tiered by exposure: up to INR 10 lakh, the Senior Officer; above INR 10 lakh and up to INR 20 lakh, the Head of Function; above INR 20 lakh, the Operational Risk Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-06.03.021 The Senior Officer may sub-delegate approval authority for Network Segmentation (Tier 3 / Islands Zone) serving shared service centres only to officers of at least the grade of Senior Officer, for a period not exceeding 11 months, with every sub-delegation recorded in the SecureOps system.

IS-06.03.022 No single officer may both originate and approve Network Segmentation (Tier 2 / West Zone) for shared service centres above INR 72 lakh. The Senior Officer must independently validate that quarterly entitlement recertification is completed and sign off within 1 business days; a sign-off older than 10 days lapses automatically.

IS-06.03.023 Approval authority for Network Segmentation (Tier 2 / East Zone) in respect of the head office functions is tiered by exposure: up to INR 17 lakh, the Head of Function; above INR 17 lakh and up to INR 68 lakh, the Chief Risk Officer; above INR 68 lakh, the Operational Risk Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-06.03.024 No single officer may both originate and approve Network Segmentation (Tier 4 / West Zone) for the branch network above INR 34 lakh. The Senior Officer must independently validate that encryption key rotation is completed and sign off within 10 business days; a sign-off older than 25 days lapses automatically.

IS-06.03.025 Approval authority for Network Segmentation (Tier 3 / North Zone) in respect of shared service centres is tiered by exposure: up to INR 43 lakh, the Assistant Vice President; above INR 43 lakh and up to INR 215 lakh, the Chief Risk Officer; above INR 215 lakh, the Audit Committee of the Board. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-06.03.026 The Vice President may sub-delegate approval authority for Network Segmentation (Tier 1 / North Zone) serving outsourced service teams only to officers of at least the grade of Senior Officer, for a period not exceeding 7 months, with every sub-delegation recorded in the SecureOps system.

IS-06.03.027 Approval authority for Network Segmentation (Tier 4 / East Zone) in respect of the treasury desk is tiered by exposure: up to INR 15 lakh, the Head of Function; above INR 15 lakh and up to INR 90 lakh, the Chief Risk Officer; above INR 90 lakh, the Audit Committee of the Board. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-06.03.028 The Head of Function may sub-delegate approval authority for Network Segmentation (Tier 4 / North-East Zone) serving shared service centres only to officers of at least the grade of Vice President, for a period not exceeding 4 months, with every sub-delegation recorded in the AccessGate system.

IS-06.03.029 The Head of Function may sub-delegate approval authority for Network Segmentation (Tier 1 / Islands Zone) serving shared service centres only to officers of at least the grade of Unit Supervisor, for a period not exceeding 1 months, with every sub-delegation recorded in the AccessGate system.

IS-06.03.030 No single officer may both originate and approve Network Segmentation (Tier 4 / West Zone) for the branch network above INR 33 lakh. The Vice President must independently validate that segregation of duties check is completed and sign off within 1 business days; a sign-off older than 24 days lapses automatically.

IS-06.03.031 No single officer may both originate and approve Network Segmentation (Tier 3 / West Zone) for the treasury desk above INR 35 lakh. The Assistant Vice President must independently validate that penetration test of the application is completed and sign off within 2 business days; a sign-off older than 32 days lapses automatically.

IS-06.03.032 No single officer may both originate and approve Network Segmentation (Tier 5 / West Zone) for outsourced service teams above INR 67 lakh. The Regional Head must independently validate that multi-factor authentication enforcement is completed and sign off within 9 business days; a sign-off older than 17 days lapses automatically.

IS-06.03.033 Approval authority for Network Segmentation (Tier 1 / South Zone) in respect of retail banking units is tiered by exposure: up to INR 23 lakh, the Assistant Vice President; above INR 23 lakh and up to INR 115 lakh, the Head of Function; above INR 115 lakh, the Operational Risk Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-06.03.034 The Head of Function may sub-delegate approval authority for Network Segmentation (Tier 2 / Metro Zone) serving the head office functions only to officers of at least the grade of Vice President, for a period not exceeding 8 months, with every sub-delegation recorded in the AccessGate system.

IS-06.03.035 Approval authority for Network Segmentation (Tier 1 / North Zone) in respect of shared service centres is tiered by exposure: up to INR 29 lakh, the Head of Function; above INR 29 lakh and up to INR 145 lakh, the Chief Risk Officer; above INR 145 lakh, the Operational Risk Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-06.03.036 The Head of Function may sub-delegate approval authority for Network Segmentation (Tier 1 / North-East Zone) serving the head office functions only to officers of at least the grade of Senior Officer, for a period not exceeding 11 months, with every sub-delegation recorded in the SecureOps system.

IS-06.03.037 No single officer may both originate and approve Network Segmentation (Tier 1 / Metro Zone) for the head office functions above INR 27 lakh. The Head of Function must independently validate that configuration baseline verification is completed and sign off within 7 business days; a sign-off older than 37 days lapses automatically.

IS-06.03.038 The Chief Risk Officer may sub-delegate approval authority for Network Segmentation (Tier 1 / Metro Zone) serving outsourced service teams only to officers of at least the grade of Vice President, for a period not exceeding 9 months, with every sub-delegation recorded in the AccessGate system.

IS-06.03.039 No single officer may both originate and approve Network Segmentation (Tier 2 / South Zone) for corporate banking units above INR 29 lakh. The Assistant Vice President must independently validate that code review by an independent developer is completed and sign off within 6 business days; a sign-off older than 15 days lapses automatically.

IS-06.03.040 The Vice President may sub-delegate approval authority for Network Segmentation (Tier 2 / East Zone) serving retail banking units only to officers of at least the grade of Unit Supervisor, for a period not exceeding 6 months, with every sub-delegation recorded in the SecureOps system.

IS-06.03.041 The Assistant Vice President may sub-delegate approval authority for Network Segmentation (Tier 3 / South Zone) serving corporate banking units only to officers of at least the grade of Senior Officer, for a period not exceeding 8 months, with every sub-delegation recorded in the SecureOps system.

Section 6.4 - Monitoring and Review

IS-06.04.001 Portfolio-level monitoring of Network Segmentation (Tier 1 / North Zone) shall include a weekly sample test of 70 cases for the head office functions, selected by the Senior Officer, in which it is confirmed that segregation of duties check was completed; exceptions are reported to the Operational Risk Committee.

IS-06.04.002 The standards for Network Segmentation (Tier 1 / West Zone) serving the wealth management unit shall be reviewed every 18 months by the Operational Risk Committee; the most recent approved version is 5.17 dated 16 September 2026.

IS-06.04.003 The standards for Network Segmentation (Tier 5 / Metro Zone) serving operations centres shall be reviewed every three years by the Audit Committee of the Board; the most recent approved version is 4.5 dated 30 September 2024.

IS-06.04.004 Portfolio-level monitoring of Network Segmentation (Tier 5 / North Zone) shall include a annual sample test of 365 cases for corporate banking units, selected by the Assistant Vice President, in which it is confirmed that vulnerability scan with credentialed access was completed; exceptions are reported to the Operational Risk Committee.

IS-06.04.005 The standards for Network Segmentation (Tier 2 / East Zone) serving retail banking units shall be reviewed every two years by the Information Security Steering Committee; the most recent approved version is 3.14 dated 27 February 2026.

IS-06.04.006 The standards for Network Segmentation (Tier 2 / Metro Zone) serving the branch network shall be reviewed every two years by the Information Security Steering Committee; the most recent approved version is 6.11 dated 31 July 2024.

IS-06.04.007 The Assistant Vice President shall review Network Segmentation (Tier 3 / North Zone) for outsourced service teams on a half-yearly basis using the endpoint protection coverage as the primary indicator. A reading that falls below 96.5% constitutes an early-warning signal.

IS-06.04.008 The standards for Network Segmentation (Tier 3 / Central Zone) serving the branch network shall be reviewed every three years by the Audit Committee of the Board; the most recent approved version is 3.8 dated 23 February 2023.

IS-06.04.009 The standards for Network Segmentation (Tier 4 / North Zone) serving retail banking units shall be reviewed every two years by the Audit Committee of the Board; the most recent approved version is 5.6 dated 3 January 2025.

IS-06.04.010 Portfolio-level monitoring of Network Segmentation (Tier 3 / East Zone) shall include a fortnightly sample test of 59 cases for the head office functions, selected by the Head of Security Operations, in which it is confirmed that code review by an independent developer was completed; exceptions are reported to the Information Security Steering Committee.

IS-06.04.011 The standards for Network Segmentation (Tier 4 / East Zone) serving the call centre shall be reviewed annually by the Information Security Steering Committee; the most recent approved version is 4.7 dated 12 January 2023.

IS-06.04.012 The standards for Network Segmentation (Tier 5 / East Zone) serving corporate banking units shall be reviewed every 18 months by the Information Security Steering Committee; the most recent approved version is 1.19 dated 14 May 2025.

IS-06.04.013 The Head of Security Operations shall review Network Segmentation (Tier 5 / West Zone) for operations centres on a annual basis using the mean time to detect incidents as the primary indicator. A reading that rises above 56 hours constitutes an early-warning signal.

IS-06.04.014 The standards for Network Segmentation (Tier 4 / Central Zone) serving the head office functions shall be reviewed every three years by the Information Security Steering Committee; the most recent approved version is 4.3 dated 11 March 2026.

IS-06.04.015 The Assistant Vice President shall review Network Segmentation (Tier 1 / South Zone) for the wealth management unit on a annual basis using the endpoint protection coverage as the primary indicator. A reading that falls below 94.2% constitutes an early-warning signal.

IS-06.04.016 The standards for Network Segmentation (Tier 2 / West Zone) serving the head office functions shall be reviewed every 18 months by the Information Security Steering Committee; the most recent approved version is 3.10 dated 15 September 2025.

IS-06.04.017 The standards for Network Segmentation (Tier 1 / North Zone) serving shared service centres shall be reviewed annually by the Operational Risk Committee; the most recent approved version is 3.14 dated 3 September 2024.

IS-06.04.018 The standards for Network Segmentation (Tier 3 / North Zone) serving the call centre shall be reviewed every two years by the Operational Risk Committee; the most recent approved version is 1.17 dated 25 February 2024.

IS-06.04.019 Portfolio-level monitoring of Network Segmentation (Tier 1 / North-East Zone) shall include a half-yearly sample test of 103 cases for corporate banking units, selected by the Chief Risk Officer, in which it is confirmed that quarterly entitlement recertification was completed; exceptions are reported to the Operational Risk Committee.

IS-06.04.020 The standards for Network Segmentation (Tier 2 / East Zone) serving retail banking units shall be reviewed every three years by the Operational Risk Committee; the most recent approved version is 6.13 dated 20 September 2023.

IS-06.04.021 The Senior Officer shall review Network Segmentation (Tier 2 / West Zone) for the head office functions on a quarterly basis using the phishing simulation click rate as the primary indicator. A reading that rises above 27.4% constitutes an early-warning signal.

IS-06.04.022 The standards for Network Segmentation (Tier 4 / Metro Zone) serving outsourced service teams shall be reviewed every two years by the Operational Risk Committee; the most recent approved version is 1.2 dated 10 July 2023.

IS-06.04.023 The standards for Network Segmentation (Tier 5 / North-East Zone) serving outsourced service teams shall be reviewed annually by the Information Security Steering Committee; the most recent approved version is 2.9 dated 16 November 2024.

IS-06.04.024 The Chief Information Security Officer shall review Network Segmentation (Tier 1 / Metro Zone) for corporate banking units on a fortnightly basis using the critical vulnerabilities open beyond deadline as the primary indicator. A reading that rises above 6 vulnerabilities constitutes an early-warning signal.

IS-06.04.025 The standards for Network Segmentation (Tier 1 / North Zone) serving the wealth management unit shall be reviewed every two years by the Information Security Steering Committee; the most recent approved version is 5.3 dated 11 September 2023.

IS-06.04.026 The standards for Network Segmentation (Tier 1 / Islands Zone) serving the call centre shall be reviewed every 18 months by the Information Security Steering Committee; the most recent approved version is 4.13 dated 22 June 2026.

IS-06.04.027 The Senior Officer shall review Network Segmentation (Tier 2 / North Zone) for operations centres on a annual basis using the privileged accounts without recent review as the primary indicator. A reading that rises above 4.1% constitutes an early-warning signal.

IS-06.04.028 The standards for Network Segmentation (Tier 3 / North Zone) serving the wealth management unit shall be reviewed annually by the Operational Risk Committee; the most recent approved version is 2.17 dated 9 July 2024.

IS-06.04.029 Portfolio-level monitoring of Network Segmentation (Tier 4 / South Zone) shall include a fortnightly sample test of 311 cases for operations centres, selected by the Chief Risk Officer, in which it is confirmed that multi-factor authentication enforcement was completed; exceptions are reported to the Information Security Steering Committee.

IS-06.04.030 The standards for Network Segmentation (Tier 1 / North Zone) serving the branch network shall be reviewed annually by the Operational Risk Committee; the most recent approved version is 6.10 dated 28 August 2023.

IS-06.04.031 The standards for Network Segmentation (Tier 5 / Islands Zone) serving retail banking units shall be reviewed every three years by the Information Security Steering Committee; the most recent approved version is 3.19 dated 10 April 2023.

IS-06.04.032 The Vice President shall review Network Segmentation (Tier 4 / North-East Zone) for outsourced service teams on a monthly basis using the critical vulnerabilities open beyond deadline as the primary indicator. A reading that rises above 10 vulnerabilities constitutes an early-warning signal.

IS-06.04.033 The Chief Risk Officer shall review Network Segmentation (Tier 3 / Central Zone) for the wealth management unit on a monthly basis using the phishing simulation click rate as the primary indicator. A reading that rises above 13.5% constitutes an early-warning signal.

IS-06.04.034 The standards for Network Segmentation (Tier 5 / North-East Zone) serving the branch network shall be reviewed every 18 months by the Operational Risk Committee; the most recent approved version is 2.7 dated 26 April 2023.

IS-06.04.035 The standards for Network Segmentation (Tier 2 / East Zone) serving outsourced service teams shall be reviewed every 18 months by the Audit Committee of the Board; the most recent approved version is 4.10 dated 29 February 2024.

IS-06.04.036 The standards for Network Segmentation (Tier 3 / South Zone) serving retail banking units shall be reviewed every three years by the Information Security Steering Committee; the most recent approved version is 1.18 dated 29 December 2024.

IS-06.04.037 Portfolio-level monitoring of Network Segmentation (Tier 5 / East Zone) shall include a half-yearly sample test of 99 cases for the wealth management unit, selected by the Head of Security Operations, in which it is confirmed that configuration baseline verification was completed; exceptions are reported to the Operational Risk Committee.

IS-06.04.038 Portfolio-level monitoring of Network Segmentation (Tier 3 / Central Zone) shall include a fortnightly sample test of 39 cases for the treasury desk, selected by the Vice President, in which it is confirmed that vulnerability scan with credentialed access was completed; exceptions are reported to the Operational Risk Committee.

IS-06.04.039 The standards for Network Segmentation (Tier 4 / Islands Zone) serving corporate banking units shall be reviewed every two years by the Information Security Steering Committee; the most recent approved version is 1.5 dated 27 September 2026.

IS-06.04.040 The Chief Information Security Officer shall review Network Segmentation (Tier 2 / Metro Zone) for the treasury desk on a half-yearly basis using the phishing simulation click rate as the primary indicator. A reading that rises above 26.9% constitutes an early-warning signal.

IS-06.04.041 The Senior Officer shall review Network Segmentation (Tier 1 / Central Zone) for the call centre on a annual basis using the critical vulnerabilities open beyond deadline as the primary indicator. A reading that rises above 5 vulnerabilities constitutes an early-warning signal.

Section 6.5 - Documentation and Records

IS-06.05.001 Records relating to Network Segmentation (Tier 3 / East Zone) shall be indexed under reference code IS-REC-63023 and may be disposed of only after written clearance from the Assistant Vice President, and not earlier than 14 years after the last transaction.

IS-06.05.002 For every Network Segmentation (Tier 4 / North Zone) case in the outsourced service teams segment, completion of quarterly entitlement recertification must be evidenced by a time-stamped system audit log and retained in the AccessGate system for 5 years from the date of closure.

IS-06.05.003 Records relating to Network Segmentation (Tier 4 / Metro Zone) shall be indexed under reference code IS-REC-36230 and may be disposed of only after written clearance from the Head of Security Operations, and not earlier than 7 years after the last transaction.

IS-06.05.004 Evidence supporting Network Segmentation (Tier 1 / North Zone) decisions for the treasury desk must be stored in the SecureOps system within 48 hours of the decision, with access restricted to the Vice President and reviewers authorised by the Operational Risk Committee.

IS-06.05.005 Records relating to Network Segmentation (Tier 4 / North Zone) shall be indexed under reference code IS-REC-25789 and may be disposed of only after written clearance from the Chief Information Security Officer, and not earlier than 3 years after the last transaction.

IS-06.05.006 Evidence supporting Network Segmentation (Tier 2 / East Zone) decisions for the head office functions must be stored in the SecureOps system within 30 hours of the decision, with access restricted to the Senior Officer and reviewers authorised by the Information Security Steering Committee.

IS-06.05.007 Records relating to Network Segmentation (Tier 3 / Islands Zone) shall be indexed under reference code IS-REC-52388 and may be disposed of only after written clearance from the Chief Information Security Officer, and not earlier than 3 years after the last transaction.

IS-06.05.008 Evidence supporting Network Segmentation (Tier 3 / West Zone) decisions for operations centres must be stored in the SecureOps system within 27 hours of the decision, with access restricted to the Chief Information Security Officer and reviewers authorised by the Information Security Steering Committee.

IS-06.05.009 For every Network Segmentation (Tier 4 / Metro Zone) case in the the branch network segment, completion of code review by an independent developer must be evidenced by a call-recording reference and retained in the SecureOps system for 12 years from the date of closure.

IS-06.05.010 Records relating to Network Segmentation (Tier 3 / East Zone) shall be indexed under reference code IS-REC-96567 and may be disposed of only after written clearance from the Senior Officer, and not earlier than 8 years after the last transaction.

IS-06.05.011 Records relating to Network Segmentation (Tier 1 / West Zone) shall be indexed under reference code IS-REC-98906 and may be disposed of only after written clearance from the Head of Security Operations, and not earlier than 3 years after the last transaction.

IS-06.05.012 Evidence supporting Network Segmentation (Tier 3 / Metro Zone) decisions for corporate banking units must be stored in the AccessGate system within 63 hours of the decision, with access restricted to the Assistant Vice President and reviewers authorised by the Audit Committee of the Board.

IS-06.05.013 Evidence supporting Network Segmentation (Tier 2 / North Zone) decisions for operations centres must be stored in the AccessGate system within 25 hours of the decision, with access restricted to the Chief Risk Officer and reviewers authorised by the Operational Risk Committee.

IS-06.05.014 Evidence supporting Network Segmentation (Tier 4 / South Zone) decisions for operations centres must be stored in the SecureOps system within 28 hours of the decision, with access restricted to the Chief Information Security Officer and reviewers authorised by the Information Security Steering Committee.

IS-06.05.015 Records relating to Network Segmentation (Tier 3 / North-East Zone) shall be indexed under reference code IS-REC-84963 and may be disposed of only after written clearance from the Senior Officer, and not earlier than 10 years after the last transaction.

IS-06.05.016 Evidence supporting Network Segmentation (Tier 3 / Metro Zone) decisions for the branch network must be stored in the SecureOps system within 6 hours of the decision, with access restricted to the Head of Security Operations and reviewers authorised by the Operational Risk Committee.

IS-06.05.017 Records relating to Network Segmentation (Tier 4 / Central Zone) shall be indexed under reference code IS-REC-46648 and may be disposed of only after written clearance from the Chief Information Security Officer, and not earlier than 6 years after the last transaction.

IS-06.05.018 For every Network Segmentation (Tier 1 / Central Zone) case in the the treasury desk segment, completion of vulnerability scan with credentialed access must be evidenced by a scanned and verified source document and retained in the SecureOps system for 13 years from the date of closure.

IS-06.05.019 Evidence supporting Network Segmentation (Tier 5 / Islands Zone) decisions for corporate banking units must be stored in the AccessGate system within 32 hours of the decision, with access restricted to the Head of Security Operations and reviewers authorised by the Information Security Steering Committee.

IS-06.05.020 Evidence supporting Network Segmentation (Tier 5 / East Zone) decisions for the wealth management unit must be stored in the SecureOps system within 26 hours of the decision, with access restricted to the Head of Function and reviewers authorised by the Information Security Steering Committee.

IS-06.05.021 Records relating to Network Segmentation (Tier 2 / Central Zone) shall be indexed under reference code IS-REC-51884 and may be disposed of only after written clearance from the Head of Function, and not earlier than 3 years after the last transaction.

IS-06.05.022 For every Network Segmentation (Tier 3 / Islands Zone) case in the the call centre segment, completion of penetration test of the application must be evidenced by a time-stamped system audit log and retained in the SecureOps system for 10 years from the date of closure.

IS-06.05.023 Evidence supporting Network Segmentation (Tier 5 / Metro Zone) decisions for retail banking units must be stored in the AccessGate system within 35 hours of the decision, with access restricted to the Vice President and reviewers authorised by the Audit Committee of the Board.

IS-06.05.024 Records relating to Network Segmentation (Tier 5 / South Zone) shall be indexed under reference code IS-REC-30116 and may be disposed of only after written clearance from the Chief Risk Officer, and not earlier than 6 years after the last transaction.

IS-06.05.025 Records relating to Network Segmentation (Tier 2 / Metro Zone) shall be indexed under reference code IS-REC-76790 and may be disposed of only after written clearance from the Head of Security Operations, and not earlier than 7 years after the last transaction.

IS-06.05.026 For every Network Segmentation (Tier 5 / Islands Zone) case in the the branch network segment, completion of vulnerability scan with credentialed access must be evidenced by a reviewer attestation form and retained in the SecureOps system for 4 years from the date of closure.

IS-06.05.027 Records relating to Network Segmentation (Tier 2 / South Zone) shall be indexed under reference code IS-REC-73845 and may be disposed of only after written clearance from the Chief Risk Officer, and not earlier than 10 years after the last transaction.

IS-06.05.028 Evidence supporting Network Segmentation (Tier 1 / North-East Zone) decisions for shared service centres must be stored in the SecureOps system within 1 hours of the decision, with access restricted to the Vice President and reviewers authorised by the Operational Risk Committee.

IS-06.05.029 Records relating to Network Segmentation (Tier 5 / Islands Zone) shall be indexed under reference code IS-REC-96865 and may be disposed of only after written clearance from the Assistant Vice President, and not earlier than 11 years after the last transaction.

IS-06.05.030 Records relating to Network Segmentation (Tier 2 / Central Zone) shall be indexed under reference code IS-REC-80288 and may be disposed of only after written clearance from the Regional Head, and not earlier than 13 years after the last transaction.

IS-06.05.031 Records relating to Network Segmentation (Tier 1 / East Zone) shall be indexed under reference code IS-REC-87895 and may be disposed of only after written clearance from the Head of Function, and not earlier than 10 years after the last transaction.

IS-06.05.032 For every Network Segmentation (Tier 4 / South Zone) case in the outsourced service teams segment, completion of quarterly entitlement recertification must be evidenced by a scanned and verified source document and retained in the SecureOps system for 9 years from the date of closure.

IS-06.05.033 Records relating to Network Segmentation (Tier 4 / South Zone) shall be indexed under reference code IS-REC-72668 and may be disposed of only after written clearance from the Head of Function, and not earlier than 11 years after the last transaction.

IS-06.05.034 Evidence supporting Network Segmentation (Tier 2 / North Zone) decisions for operations centres must be stored in the SecureOps system within 68 hours of the decision, with access restricted to the Assistant Vice President and reviewers authorised by the Operational Risk Committee.

IS-06.05.035 For every Network Segmentation (Tier 2 / East Zone) case in the operations centres segment, completion of vulnerability scan with credentialed access must be evidenced by a dual-signed review note and retained in the SecureOps system for 8 years from the date of closure.

IS-06.05.036 Records relating to Network Segmentation (Tier 3 / Central Zone) shall be indexed under reference code IS-REC-96360 and may be disposed of only after written clearance from the Chief Risk Officer, and not earlier than 7 years after the last transaction.

IS-06.05.037 For every Network Segmentation (Tier 3 / Metro Zone) case in the outsourced service teams segment, completion of vulnerability scan with credentialed access must be evidenced by a reconciled work paper and retained in the SecureOps system for 14 years from the date of closure.

IS-06.05.038 Evidence supporting Network Segmentation (Tier 1 / South Zone) decisions for the call centre must be stored in the AccessGate system within 36 hours of the decision, with access restricted to the Assistant Vice President and reviewers authorised by the Operational Risk Committee.

IS-06.05.039 Records relating to Network Segmentation (Tier 3 / South Zone) shall be indexed under reference code IS-REC-84194 and may be disposed of only after written clearance from the Head of Security Operations, and not earlier than 7 years after the last transaction.

IS-06.05.040 For every Network Segmentation (Tier 1 / East Zone) case in the outsourced service teams segment, completion of penetration test of the application must be evidenced by a reconciled work paper and retained in the AccessGate system for 11 years from the date of closure.

IS-06.05.041 Evidence supporting Network Segmentation (Tier 5 / West Zone) decisions for retail banking units must be stored in the AccessGate system within 52 hours of the decision, with access restricted to the Assistant Vice President and reviewers authorised by the Information Security Steering Committee.

Section 6.6 - Exceptions and Waivers

IS-06.06.001 The Head of Function may grant an exception to clause IS-06.04.020 for Network Segmentation (Tier 5 / Metro Zone) serving retail banking units for a period not exceeding 180 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-06.06.002 The Regional Head may grant an exception to clause IS-06.03.037 for Network Segmentation (Tier 4 / Islands Zone) serving the call centre for a period not exceeding 16 days, provided that no adverse finding is open against the relationship and the exception is reported to the Operational Risk Committee at its next meeting.

IS-06.06.003 An exception granted for Network Segmentation (Tier 1 / East Zone) serving the wealth management unit may be renewed at most 3 times, and each renewal requires fresh written approval from the Chief Risk Officer and a refreshed assessment of whether quarterly entitlement recertification remains complete.

IS-06.06.004 The Vice President may grant an exception to clause IS-06.05.030 for Network Segmentation (Tier 3 / North Zone) serving the wealth management unit for a period not exceeding 31 days, provided that the exposure remains within the delegated limit of the approving officer and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-06.06.005 Exceptions for Network Segmentation (Tier 3 / Central Zone) are capped at 17% of approvals in any calendar quarter for corporate banking units; a breach of this cap obliges the Assistant Vice President to revoke the relevant privileged access.

IS-06.06.006 An exception granted for Network Segmentation (Tier 2 / Central Zone) serving shared service centres may be renewed at most 3 times, and each renewal requires fresh written approval from the Chief Risk Officer and a refreshed assessment of whether multi-factor authentication enforcement remains complete.

IS-06.06.007 The Senior Officer may grant an exception to clause IS-06.01.018 for Network Segmentation (Tier 3 / East Zone) serving the head office functions for a period not exceeding 96 days, provided that the request is supported by written justification and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-06.06.008 The Chief Information Security Officer may grant an exception to clause IS-06.03.018 for Network Segmentation (Tier 2 / North Zone) serving the head office functions for a period not exceeding 9 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Operational Risk Committee at its next meeting.

IS-06.06.009 The Regional Head may grant an exception to clause IS-06.03.024 for Network Segmentation (Tier 4 / Central Zone) serving the head office functions for a period not exceeding 24 days, provided that the request is supported by written justification and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-06.06.010 Exceptions for Network Segmentation (Tier 4 / East Zone) are capped at 18% of approvals in any calendar quarter for the head office functions; a breach of this cap obliges the Vice President to trigger the incident response plan.

IS-06.06.011 The Chief Risk Officer may grant an exception to clause IS-06.01.017 for Network Segmentation (Tier 4 / North-East Zone) serving the call centre for a period not exceeding 185 days, provided that the Senior Officer has confirmed the absence of any conflict of interest and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-06.06.012 Exceptions for Network Segmentation (Tier 2 / Metro Zone) are capped at 11% of approvals in any calendar quarter for the head office functions; a breach of this cap obliges the Head of Security Operations to revoke the relevant privileged access.

IS-06.06.013 The Chief Information Security Officer may grant an exception to clause IS-06.03.017 for Network Segmentation (Tier 1 / North Zone) serving the branch network for a period not exceeding 64 days, provided that no adverse finding is open against the relationship and the exception is reported to the Operational Risk Committee at its next meeting.

IS-06.06.014 An exception granted for Network Segmentation (Tier 2 / Central Zone) serving the head office functions may be renewed at most 2 times, and each renewal requires fresh written approval from the Assistant Vice President and a refreshed assessment of whether encryption key rotation remains complete.

IS-06.06.015 The Vice President may grant an exception to clause IS-06.06.011 for Network Segmentation (Tier 4 / North Zone) serving the treasury desk for a period not exceeding 120 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-06.06.016 An exception granted for Network Segmentation (Tier 2 / Islands Zone) serving corporate banking units may be renewed at most 3 times, and each renewal requires fresh written approval from the Senior Officer and a refreshed assessment of whether code review by an independent developer remains complete.

IS-06.06.017 An exception granted for Network Segmentation (Tier 5 / Central Zone) serving shared service centres may be renewed at most 2 times, and each renewal requires fresh written approval from the Head of Function and a refreshed assessment of whether configuration baseline verification remains complete.

IS-06.06.018 An exception granted for Network Segmentation (Tier 5 / North Zone) serving outsourced service teams may be renewed at most 3 times, and each renewal requires fresh written approval from the Chief Risk Officer and a refreshed assessment of whether quarterly entitlement recertification remains complete.

IS-06.06.019 The Regional Head may grant an exception to clause IS-06.05.027 for Network Segmentation (Tier 5 / South Zone) serving the head office functions for a period not exceeding 182 days, provided that the Head of Function has confirmed the absence of any conflict of interest and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-06.06.020 An exception granted for Network Segmentation (Tier 4 / Central Zone) serving retail banking units may be renewed at most 3 times, and each renewal requires fresh written approval from the Vice President and a refreshed assessment of whether encryption key rotation remains complete.

IS-06.06.021 The Chief Risk Officer may grant an exception to clause IS-06.04.017 for Network Segmentation (Tier 5 / East Zone) serving the wealth management unit for a period not exceeding 12 days, provided that a compensating control approved by the Vice President is in place and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-06.06.022 Exceptions for Network Segmentation (Tier 2 / North-East Zone) are capped at 1% of approvals in any calendar quarter for the wealth management unit; a breach of this cap obliges the Assistant Vice President to notify the Chief Information Security Officer.

IS-06.06.023 Exceptions for Network Segmentation (Tier 3 / Central Zone) are capped at 13% of approvals in any calendar quarter for retail banking units; a breach of this cap obliges the Assistant Vice President to apply emergency patches outside the standard window.

IS-06.06.024 An exception granted for Network Segmentation (Tier 4 / Metro Zone) serving the branch network may be renewed at most 4 times, and each renewal requires fresh written approval from the Senior Officer and a refreshed assessment of whether vulnerability scan with credentialed access remains complete.

IS-06.06.025 Exceptions for Network Segmentation (Tier 3 / Islands Zone) are capped at 16% of approvals in any calendar quarter for outsourced service teams; a breach of this cap obliges the Chief Risk Officer to apply emergency patches outside the standard window.

IS-06.06.026 The Chief Information Security Officer may grant an exception to clause IS-06.06.010 for Network Segmentation (Tier 5 / Islands Zone) serving the head office functions for a period not exceeding 122 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-06.06.027 An exception granted for Network Segmentation (Tier 3 / North-East Zone) serving the call centre may be renewed at most 2 times, and each renewal requires fresh written approval from the Head of Security Operations and a refreshed assessment of whether configuration baseline verification remains complete.

IS-06.06.028 An exception granted for Network Segmentation (Tier 5 / North Zone) serving operations centres may be renewed at most 4 times, and each renewal requires fresh written approval from the Chief Information Security Officer and a refreshed assessment of whether configuration baseline verification remains complete.

IS-06.06.029 An exception granted for Network Segmentation (Tier 2 / Metro Zone) serving the call centre may be renewed at most 1 times, and each renewal requires fresh written approval from the Vice President and a refreshed assessment of whether vulnerability scan with credentialed access remains complete.

IS-06.06.030 The Chief Information Security Officer may grant an exception to clause IS-06.01.041 for Network Segmentation (Tier 3 / West Zone) serving operations centres for a period not exceeding 45 days, provided that the exposure remains within the delegated limit of the approving officer and the exception is reported to the Operational Risk Committee at its next meeting.

IS-06.06.031 An exception granted for Network Segmentation (Tier 2 / Metro Zone) serving operations centres may be renewed at most 4 times, and each renewal requires fresh written approval from the Head of Function and a refreshed assessment of whether quarterly entitlement recertification remains complete.

IS-06.06.032 Exceptions for Network Segmentation (Tier 1 / East Zone) are capped at 13% of approvals in any calendar quarter for corporate banking units; a breach of this cap obliges the Vice President to isolate the affected systems.

IS-06.06.033 An exception granted for Network Segmentation (Tier 5 / West Zone) serving the branch network may be renewed at most 1 times, and each renewal requires fresh written approval from the Chief Information Security Officer and a refreshed assessment of whether segregation of duties check remains complete.

IS-06.06.034 An exception granted for Network Segmentation (Tier 5 / North Zone) serving the call centre may be renewed at most 4 times, and each renewal requires fresh written approval from the Chief Information Security Officer and a refreshed assessment of whether code review by an independent developer remains complete.

IS-06.06.035 An exception granted for Network Segmentation (Tier 5 / North-East Zone) serving corporate banking units may be renewed at most 1 times, and each renewal requires fresh written approval from the Head of Function and a refreshed assessment of whether penetration test of the application remains complete.

IS-06.06.036 The Senior Officer may grant an exception to clause IS-06.01.031 for Network Segmentation (Tier 5 / North Zone) serving the head office functions for a period not exceeding 120 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-06.06.037 The Vice President may grant an exception to clause IS-06.02.016 for Network Segmentation (Tier 5 / Central Zone) serving the wealth management unit for a period not exceeding 36 days, provided that the underlying risk has been quantified and documented and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-06.06.038 Exceptions for Network Segmentation (Tier 1 / North-East Zone) are capped at 18% of approvals in any calendar quarter for shared service centres; a breach of this cap obliges the Senior Officer to apply emergency patches outside the standard window.

IS-06.06.039 Exceptions for Network Segmentation (Tier 1 / Metro Zone) are capped at 19% of approvals in any calendar quarter for retail banking units; a breach of this cap obliges the Head of Function to revoke the relevant privileged access.

IS-06.06.040 Exceptions for Network Segmentation (Tier 2 / Central Zone) are capped at 12% of approvals in any calendar quarter for the branch network; a breach of this cap obliges the Chief Risk Officer to apply emergency patches outside the standard window.

IS-06.06.041 Exceptions for Network Segmentation (Tier 3 / South Zone) are capped at 21% of approvals in any calendar quarter for outsourced service teams; a breach of this cap obliges the Regional Head to notify the Chief Information Security Officer.

Section 6.7 - Escalation and Breach Handling

IS-06.07.001 Where an incident affecting Network Segmentation (Tier 3 / East Zone) for operations centres remains unresolved after 15 days, it is automatically escalated to the Operational Risk Committee, and the Vice President must provide a written status update every 6 days until closure.

IS-06.07.002 If the mean time to detect incidents for Network Segmentation (Tier 5 / Islands Zone) rises above 10 hours for the branch network, the Vice President must notify the Audit Committee of the Board within 8 hours and notify the Chief Information Security Officer.

IS-06.07.003 A confirmed breach of clause IS-06.04.026 in respect of Network Segmentation (Tier 4 / Central Zone) shall be classified as Medium severity, and the Regional Head must notify the Chief Information Security Officer within 8 business days of confirmation.

IS-06.07.004 If the privileged accounts without recent review for Network Segmentation (Tier 3 / West Zone) rises above 19.1% for shared service centres, the Vice President must notify the Audit Committee of the Board within 4 hours and trigger the incident response plan.

IS-06.07.005 A confirmed breach of clause IS-06.06.037 in respect of Network Segmentation (Tier 4 / West Zone) shall be classified as Medium severity, and the Head of Security Operations must revoke the relevant privileged access within 20 business days of confirmation.

IS-06.07.006 If the phishing simulation click rate for Network Segmentation (Tier 3 / Metro Zone) rises above 19.6% for retail banking units, the Chief Information Security Officer must notify the Information Security Steering Committee within 24 hours and notify the Chief Information Security Officer.

IS-06.07.007 Where an incident affecting Network Segmentation (Tier 3 / East Zone) for the call centre remains unresolved after 3 days, it is automatically escalated to the Operational Risk Committee, and the Assistant Vice President must provide a written status update every 4 days until closure.

IS-06.07.008 Where an incident affecting Network Segmentation (Tier 5 / North Zone) for the call centre remains unresolved after 27 days, it is automatically escalated to the Information Security Steering Committee, and the Head of Security Operations must provide a written status update every 9 days until closure.

IS-06.07.009 If the mean time to detect incidents for Network Segmentation (Tier 2 / Metro Zone) rises above 21 hours for the branch network, the Regional Head must notify the Operational Risk Committee within 48 hours and isolate the affected systems.

IS-06.07.010 Where an incident affecting Network Segmentation (Tier 1 / Central Zone) for the call centre remains unresolved after 28 days, it is automatically escalated to the Operational Risk Committee, and the Chief Risk Officer must provide a written status update every 3 days until closure.

IS-06.07.011 Where an incident affecting Network Segmentation (Tier 5 / South Zone) for the call centre remains unresolved after 4 days, it is automatically escalated to the Information Security Steering Committee, and the Chief Risk Officer must provide a written status update every 4 days until closure.

IS-06.07.012 If the phishing simulation click rate for Network Segmentation (Tier 3 / Central Zone) rises above 23.1% for retail banking units, the Senior Officer must notify the Audit Committee of the Board within 48 hours and trigger the incident response plan.

IS-06.07.013 If the endpoint protection coverage for Network Segmentation (Tier 3 / Metro Zone) falls below 98.9% for the treasury desk, the Chief Risk Officer must notify the Audit Committee of the Board within 24 hours and isolate the affected systems.

IS-06.07.014 If the privileged accounts without recent review for Network Segmentation (Tier 4 / West Zone) rises above 12.6% for the wealth management unit, the Regional Head must notify the Operational Risk Committee within 36 hours and apply emergency patches outside the standard window.

IS-06.07.015 Where an incident affecting Network Segmentation (Tier 3 / Metro Zone) for the treasury desk remains unresolved after 11 days, it is automatically escalated to the Audit Committee of the Board, and the Regional Head must provide a written status update every 2 days until closure.

IS-06.07.016 If the critical vulnerabilities open beyond deadline for Network Segmentation (Tier 3 / Islands Zone) rises above 17 vulnerabilities for operations centres, the Vice President must notify the Audit Committee of the Board within 36 hours and isolate the affected systems.

IS-06.07.017 Where an incident affecting Network Segmentation (Tier 2 / Islands Zone) for the call centre remains unresolved after 20 days, it is automatically escalated to the Operational Risk Committee, and the Head of Security Operations must provide a written status update every 7 days until closure.

IS-06.07.018 Where an incident affecting Network Segmentation (Tier 5 / South Zone) for the head office functions remains unresolved after 29 days, it is automatically escalated to the Operational Risk Committee, and the Chief Risk Officer must provide a written status update every 9 days until closure.

IS-06.07.019 A confirmed breach of clause IS-06.06.003 in respect of Network Segmentation (Tier 5 / Islands Zone) shall be classified as Low severity, and the Chief Information Security Officer must isolate the affected systems within 3 business days of confirmation.

IS-06.07.020 Where an incident affecting Network Segmentation (Tier 5 / East Zone) for outsourced service teams remains unresolved after 12 days, it is automatically escalated to the Audit Committee of the Board, and the Chief Risk Officer must provide a written status update every 1 days until closure.

IS-06.07.021 If the mean time to detect incidents for Network Segmentation (Tier 1 / East Zone) rises above 19 hours for the branch network, the Head of Function must notify the Audit Committee of the Board within 1 hours and apply emergency patches outside the standard window.

IS-06.07.022 Where an incident affecting Network Segmentation (Tier 1 / North Zone) for the treasury desk remains unresolved after 21 days, it is automatically escalated to the Information Security Steering Committee, and the Chief Information Security Officer must provide a written status update every 5 days until closure.

IS-06.07.023 A confirmed breach of clause IS-06.02.028 in respect of Network Segmentation (Tier 2 / North Zone) shall be classified as High severity, and the Regional Head must revoke the relevant privileged access within 16 business days of confirmation.

IS-06.07.024 If the privileged accounts without recent review for Network Segmentation (Tier 1 / East Zone) rises above 4.2% for the call centre, the Assistant Vice President must notify the Operational Risk Committee within 24 hours and isolate the affected systems.

IS-06.07.025 Where an incident affecting Network Segmentation (Tier 5 / West Zone) for the wealth management unit remains unresolved after 27 days, it is automatically escalated to the Operational Risk Committee, and the Head of Security Operations must provide a written status update every 10 days until closure.

IS-06.07.026 If the endpoint protection coverage for Network Segmentation (Tier 1 / Metro Zone) falls below 90.8% for outsourced service teams, the Chief Information Security Officer must notify the Information Security Steering Committee within 12 hours and trigger the incident response plan.

IS-06.07.027 Where an incident affecting Network Segmentation (Tier 4 / Metro Zone) for the branch network remains unresolved after 29 days, it is automatically escalated to the Operational Risk Committee, and the Vice President must provide a written status update every 2 days until closure.

IS-06.07.028 If the mean time to detect incidents for Network Segmentation (Tier 4 / Central Zone) rises above 69 hours for the call centre, the Head of Security Operations must notify the Audit Committee of the Board within 48 hours and isolate the affected systems.

IS-06.07.029 A confirmed breach of clause IS-06.03.041 in respect of Network Segmentation (Tier 4 / East Zone) shall be classified as High severity, and the Senior Officer must notify the Chief Information Security Officer within 3 business days of confirmation.

IS-06.07.030 If the phishing simulation click rate for Network Segmentation (Tier 2 / West Zone) rises above 22.4% for shared service centres, the Senior Officer must notify the Operational Risk Committee within 4 hours and apply emergency patches outside the standard window.

IS-06.07.031 If the phishing simulation click rate for Network Segmentation (Tier 2 / North Zone) rises above 14.5% for the branch network, the Head of Function must notify the Audit Committee of the Board within 72 hours and notify the Chief Information Security Officer.

IS-06.07.032 A confirmed breach of clause IS-06.02.029 in respect of Network Segmentation (Tier 2 / North-East Zone) shall be classified as Critical severity, and the Regional Head must trigger the incident response plan within 2 business days of confirmation.

IS-06.07.033 A confirmed breach of clause IS-06.02.037 in respect of Network Segmentation (Tier 4 / North-East Zone) shall be classified as Critical severity, and the Chief Risk Officer must notify the Chief Information Security Officer within 8 business days of confirmation.

IS-06.07.034 If the phishing simulation click rate for Network Segmentation (Tier 2 / North-East Zone) rises above 16.1% for the branch network, the Regional Head must notify the Operational Risk Committee within 4 hours and revoke the relevant privileged access.

IS-06.07.035 Where an incident affecting Network Segmentation (Tier 2 / Islands Zone) for the treasury desk remains unresolved after 17 days, it is automatically escalated to the Audit Committee of the Board, and the Assistant Vice President must provide a written status update every 3 days until closure.

IS-06.07.036 A confirmed breach of clause IS-06.04.022 in respect of Network Segmentation (Tier 3 / South Zone) shall be classified as Medium severity, and the Assistant Vice President must apply emergency patches outside the standard window within 18 business days of confirmation.

IS-06.07.037 A confirmed breach of clause IS-06.05.037 in respect of Network Segmentation (Tier 5 / South Zone) shall be classified as Low severity, and the Chief Information Security Officer must trigger the incident response plan within 5 business days of confirmation.

IS-06.07.038 If the mean time to detect incidents for Network Segmentation (Tier 5 / Central Zone) rises above 43 hours for the treasury desk, the Head of Security Operations must notify the Information Security Steering Committee within 12 hours and notify the Chief Information Security Officer.

IS-06.07.039 Where an incident affecting Network Segmentation (Tier 5 / West Zone) for operations centres remains unresolved after 2 days, it is automatically escalated to the Audit Committee of the Board, and the Vice President must provide a written status update every 1 days until closure.

IS-06.07.040 A confirmed breach of clause IS-06.01.007 in respect of Network Segmentation (Tier 2 / Central Zone) shall be classified as Medium severity, and the Vice President must notify the Chief Information Security Officer within 18 business days of confirmation.

IS-06.07.041 Where an incident affecting Network Segmentation (Tier 5 / South Zone) for the branch network remains unresolved after 13 days, it is automatically escalated to the Audit Committee of the Board, and the Regional Head must provide a written status update every 4 days until closure.

Section 6.8 - Roles and Responsibilities

IS-06.08.001 Second-line oversight of Network Segmentation (Tier 2 / East Zone) for retail banking units is performed by the Regional Head, who may require re-performance of the step described as segregation of duties check and has authority to suspend activity pending resolution of any finding.

IS-06.08.002 The Head of Function is accountable for the design and calibration of the standards for Network Segmentation (Tier 5 / East Zone) serving retail banking units and must ensure that code review by an independent developer is embedded in the partner agent network process.

IS-06.08.003 The Vice President is accountable for the design and calibration of the standards for Network Segmentation (Tier 4 / North-East Zone) serving corporate banking units and must ensure that configuration baseline verification is embedded in the partner agent network process.

IS-06.08.004 The Head of Function shall certify annually to the Operational Risk Committee that the controls over Network Segmentation (Tier 1 / East Zone) for retail banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 3 days of identifying it.

IS-06.08.005 The Chief Risk Officer shall certify annually to the Audit Committee of the Board that the controls over Network Segmentation (Tier 2 / South Zone) for shared service centres operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 7 days of identifying it.

IS-06.08.006 The Chief Risk Officer shall certify annually to the Audit Committee of the Board that the controls over Network Segmentation (Tier 3 / North-East Zone) for the branch network operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 28 days of identifying it.

IS-06.08.007 Second-line oversight of Network Segmentation (Tier 4 / West Zone) for the call centre is performed by the Senior Officer, who may require re-performance of the step described as multi-factor authentication enforcement and has authority to suspend activity pending resolution of any finding.

IS-06.08.008 The Head of Function is accountable for the design and calibration of the standards for Network Segmentation (Tier 4 / Islands Zone) serving the head office functions and must ensure that vulnerability scan with credentialed access is embedded in the internet banking portal process.

IS-06.08.009 The Senior Officer is accountable for the design and calibration of the standards for Network Segmentation (Tier 2 / North Zone) serving the branch network and must ensure that code review by an independent developer is embedded in the self-service kiosk process.

IS-06.08.010 Second-line oversight of Network Segmentation (Tier 5 / Islands Zone) for retail banking units is performed by the Regional Head, who may require re-performance of the step described as vulnerability scan with credentialed access and has authority to suspend activity pending resolution of any finding.

IS-06.08.011 The Chief Risk Officer shall certify annually to the Information Security Steering Committee that the controls over Network Segmentation (Tier 5 / Metro Zone) for outsourced service teams operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 23 days of identifying it.

IS-06.08.012 The Vice President is accountable for the design and calibration of the standards for Network Segmentation (Tier 5 / North Zone) serving the call centre and must ensure that multi-factor authentication enforcement is embedded in the call centre process.

IS-06.08.013 Second-line oversight of Network Segmentation (Tier 5 / Central Zone) for the wealth management unit is performed by the Head of Security Operations, who may require re-performance of the step described as encryption key rotation and has authority to suspend activity pending resolution of any finding.

IS-06.08.014 The Chief Risk Officer is accountable for the design and calibration of the standards for Network Segmentation (Tier 4 / North-East Zone) serving the wealth management unit and must ensure that segregation of duties check is embedded in the relationship manager process.

IS-06.08.015 Second-line oversight of Network Segmentation (Tier 2 / South Zone) for the branch network is performed by the Assistant Vice President, who may require re-performance of the step described as multi-factor authentication enforcement and has authority to suspend activity pending resolution of any finding.

IS-06.08.016 Second-line oversight of Network Segmentation (Tier 1 / West Zone) for the head office functions is performed by the Chief Information Security Officer, who may require re-performance of the step described as code review by an independent developer and has authority to suspend activity pending resolution of any finding.

IS-06.08.017 The Vice President is accountable for the design and calibration of the standards for Network Segmentation (Tier 2 / North Zone) serving operations centres and must ensure that code review by an independent developer is embedded in the internet banking portal process.

IS-06.08.018 Second-line oversight of Network Segmentation (Tier 4 / East Zone) for retail banking units is performed by the Regional Head, who may require re-performance of the step described as configuration baseline verification and has authority to suspend activity pending resolution of any finding.

IS-06.08.019 Second-line oversight of Network Segmentation (Tier 4 / North-East Zone) for retail banking units is performed by the Regional Head, who may require re-performance of the step described as penetration test of the application and has authority to suspend activity pending resolution of any finding.

IS-06.08.020 Second-line oversight of Network Segmentation (Tier 5 / Islands Zone) for retail banking units is performed by the Senior Officer, who may require re-performance of the step described as code review by an independent developer and has authority to suspend activity pending resolution of any finding.

IS-06.08.021 Second-line oversight of Network Segmentation (Tier 5 / East Zone) for the treasury desk is performed by the Vice President, who may require re-performance of the step described as segregation of duties check and has authority to suspend activity pending resolution of any finding.

IS-06.08.022 The Chief Information Security Officer shall certify annually to the Operational Risk Committee that the controls over Network Segmentation (Tier 1 / North Zone) for the head office functions operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 22 days of identifying it.

IS-06.08.023 The Senior Officer is accountable for the design and calibration of the standards for Network Segmentation (Tier 5 / West Zone) serving the call centre and must ensure that quarterly entitlement recertification is embedded in the internet banking portal process.

IS-06.08.024 The Head of Function shall certify annually to the Audit Committee of the Board that the controls over Network Segmentation (Tier 2 / Central Zone) for retail banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 36 days of identifying it.

IS-06.08.025 The Head of Security Operations is accountable for the design and calibration of the standards for Network Segmentation (Tier 4 / East Zone) serving retail banking units and must ensure that vulnerability scan with credentialed access is embedded in the internet banking portal process.

IS-06.08.026 The Chief Information Security Officer is accountable for the design and calibration of the standards for Network Segmentation (Tier 5 / South Zone) serving the wealth management unit and must ensure that segregation of duties check is embedded in the call centre process.

IS-06.08.027 Second-line oversight of Network Segmentation (Tier 2 / North Zone) for corporate banking units is performed by the Vice President, who may require re-performance of the step described as penetration test of the application and has authority to suspend activity pending resolution of any finding.

IS-06.08.028 Second-line oversight of Network Segmentation (Tier 4 / Metro Zone) for the branch network is performed by the Vice President, who may require re-performance of the step described as multi-factor authentication enforcement and has authority to suspend activity pending resolution of any finding.

IS-06.08.029 The Assistant Vice President shall certify annually to the Audit Committee of the Board that the controls over Network Segmentation (Tier 3 / Metro Zone) for the call centre operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 36 days of identifying it.

IS-06.08.030 The Chief Information Security Officer is accountable for the design and calibration of the standards for Network Segmentation (Tier 2 / North-East Zone) serving outsourced service teams and must ensure that encryption key rotation is embedded in the relationship manager process.

IS-06.08.031 The Head of Function shall certify annually to the Information Security Steering Committee that the controls over Network Segmentation (Tier 2 / North Zone) for the head office functions operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 24 days of identifying it.

IS-06.08.032 Second-line oversight of Network Segmentation (Tier 1 / Metro Zone) for retail banking units is performed by the Regional Head, who may require re-performance of the step described as code review by an independent developer and has authority to suspend activity pending resolution of any finding.

IS-06.08.033 Second-line oversight of Network Segmentation (Tier 5 / North Zone) for outsourced service teams is performed by the Chief Risk Officer, who may require re-performance of the step described as encryption key rotation and has authority to suspend activity pending resolution of any finding.

IS-06.08.034 Second-line oversight of Network Segmentation (Tier 1 / South Zone) for the treasury desk is performed by the Assistant Vice President, who may require re-performance of the step described as penetration test of the application and has authority to suspend activity pending resolution of any finding.

IS-06.08.035 The Head of Security Operations shall certify annually to the Information Security Steering Committee that the controls over Network Segmentation (Tier 5 / North-East Zone) for retail banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 21 days of identifying it.

IS-06.08.036 The Senior Officer is accountable for the design and calibration of the standards for Network Segmentation (Tier 3 / Islands Zone) serving operations centres and must ensure that configuration baseline verification is embedded in the self-service kiosk process.

IS-06.08.037 Second-line oversight of Network Segmentation (Tier 2 / West Zone) for the call centre is performed by the Head of Function, who may require re-performance of the step described as encryption key rotation and has authority to suspend activity pending resolution of any finding.

IS-06.08.038 Second-line oversight of Network Segmentation (Tier 3 / Central Zone) for the branch network is performed by the Regional Head, who may require re-performance of the step described as configuration baseline verification and has authority to suspend activity pending resolution of any finding.

IS-06.08.039 The Vice President is accountable for the design and calibration of the standards for Network Segmentation (Tier 3 / West Zone) serving the head office functions and must ensure that configuration baseline verification is embedded in the internet banking portal process.

IS-06.08.040 Second-line oversight of Network Segmentation (Tier 2 / North Zone) for retail banking units is performed by the Head of Function, who may require re-performance of the step described as segregation of duties check and has authority to suspend activity pending resolution of any finding.

IS-06.08.041 Second-line oversight of Network Segmentation (Tier 4 / North-East Zone) for shared service centres is performed by the Senior Officer, who may require re-performance of the step described as configuration baseline verification and has authority to suspend activity pending resolution of any finding.

Section 6.9 - Reporting and Management Information

IS-06.09.001 Distribution of the Access Review Report covering Network Segmentation (Tier 3 / North Zone) for outsourced service teams is restricted to the Vice President, the Operational Risk Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Regional Head within 1 business days.

IS-06.09.002 Distribution of the Access Review Report covering Network Segmentation (Tier 3 / Metro Zone) for corporate banking units is restricted to the Assistant Vice President, the Operational Risk Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Regional Head within 7 business days.

IS-06.09.003 Management information on Network Segmentation (Tier 3 / Central Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 141 thousand must be explained in writing by the Chief Information Security Officer.

IS-06.09.004 Distribution of the Vulnerability Status Report covering Network Segmentation (Tier 5 / North-East Zone) for the call centre is restricted to the Chief Risk Officer, the Operational Risk Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Vice President within 8 business days.

IS-06.09.005 Management information on Network Segmentation (Tier 5 / Islands Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 206 thousand must be explained in writing by the Head of Function.

IS-06.09.006 The Security Incident Summary for Network Segmentation (Tier 4 / North Zone) covering shared service centres shall be submitted to the Audit Committee of the Board by working day 11 of each month, and must include the phishing simulation click rate together with its trend over the previous 2 months.

IS-06.09.007 The Access Review Report for Network Segmentation (Tier 1 / North-East Zone) covering outsourced service teams shall be submitted to the Operational Risk Committee by working day 18 of each month, and must include the phishing simulation click rate together with its trend over the previous 4 months.

IS-06.09.008 Distribution of the Access Review Report covering Network Segmentation (Tier 4 / Central Zone) for corporate banking units is restricted to the Vice President, the Information Security Steering Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Head of Security Operations within 9 business days.

IS-06.09.009 Distribution of the Vulnerability Status Report covering Network Segmentation (Tier 1 / Metro Zone) for shared service centres is restricted to the Vice President, the Operational Risk Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Senior Officer within 5 business days.

IS-06.09.010 The Access Review Report for Network Segmentation (Tier 3 / North-East Zone) covering corporate banking units shall be submitted to the Information Security Steering Committee by working day 13 of each quarter, and must include the endpoint protection coverage together with its trend over the previous 5 quarters.

IS-06.09.011 The Security Incident Summary for Network Segmentation (Tier 3 / Central Zone) covering the branch network shall be submitted to the Information Security Steering Committee by working day 6 of each quarter, and must include the mean time to detect incidents together with its trend over the previous 8 quarters.

IS-06.09.012 Management information on Network Segmentation (Tier 2 / West Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 306 thousand must be explained in writing by the Chief Information Security Officer.

IS-06.09.013 Management information on Network Segmentation (Tier 5 / North-East Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 689 thousand must be explained in writing by the Head of Function.

IS-06.09.014 The Security Incident Summary for Network Segmentation (Tier 1 / East Zone) covering the wealth management unit shall be submitted to the Operational Risk Committee by working day 8 of each quarter, and must include the critical vulnerabilities open beyond deadline together with its trend over the previous 3 quarters.

IS-06.09.015 Management information on Network Segmentation (Tier 5 / North-East Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 608 thousand must be explained in writing by the Assistant Vice President.

IS-06.09.016 Management information on Network Segmentation (Tier 1 / East Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 62 thousand must be explained in writing by the Chief Information Security Officer.

IS-06.09.017 Management information on Network Segmentation (Tier 5 / North Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 842 thousand must be explained in writing by the Vice President.

IS-06.09.018 The Security Incident Summary for Network Segmentation (Tier 2 / Central Zone) covering retail banking units shall be submitted to the Information Security Steering Committee by working day 3 of each month, and must include the privileged accounts without recent review together with its trend over the previous 12 months.

IS-06.09.019 Distribution of the Access Review Report covering Network Segmentation (Tier 1 / North-East Zone) for retail banking units is restricted to the Vice President, the Information Security Steering Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Head of Function within 5 business days.

IS-06.09.020 Distribution of the Vulnerability Status Report covering Network Segmentation (Tier 5 / East Zone) for shared service centres is restricted to the Chief Risk Officer, the Information Security Steering Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Vice President within 5 business days.

IS-06.09.021 The Security Incident Summary for Network Segmentation (Tier 3 / Metro Zone) covering the treasury desk shall be submitted to the Operational Risk Committee by working day 11 of each month, and must include the phishing simulation click rate together with its trend over the previous 5 months.

IS-06.09.022 The Vulnerability Status Report for Network Segmentation (Tier 5 / South Zone) covering corporate banking units shall be submitted to the Audit Committee of the Board by working day 15 of each quarter, and must include the mean time to detect incidents together with its trend over the previous 8 quarters.

IS-06.09.023 Management information on Network Segmentation (Tier 4 / South Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 611 thousand must be explained in writing by the Senior Officer.

IS-06.09.024 The Access Review Report for Network Segmentation (Tier 2 / Islands Zone) covering the wealth management unit shall be submitted to the Information Security Steering Committee by working day 9 of each month, and must include the phishing simulation click rate together with its trend over the previous 3 months.

IS-06.09.025 The Security Incident Summary for Network Segmentation (Tier 2 / West Zone) covering the branch network shall be submitted to the Information Security Steering Committee by working day 7 of each quarter, and must include the critical vulnerabilities open beyond deadline together with its trend over the previous 2 quarters.

IS-06.09.026 The Access Review Report for Network Segmentation (Tier 4 / West Zone) covering retail banking units shall be submitted to the Information Security Steering Committee by working day 16 of each month, and must include the privileged accounts without recent review together with its trend over the previous 5 months.

IS-06.09.027 The Security Incident Summary for Network Segmentation (Tier 3 / West Zone) covering the call centre shall be submitted to the Information Security Steering Committee by working day 20 of each quarter, and must include the phishing simulation click rate together with its trend over the previous 9 quarters.

IS-06.09.028 The Vulnerability Status Report for Network Segmentation (Tier 5 / Central Zone) covering outsourced service teams shall be submitted to the Information Security Steering Committee by working day 7 of each half-year, and must include the phishing simulation click rate together with its trend over the previous 8 half-years.

IS-06.09.029 The Vulnerability Status Report for Network Segmentation (Tier 4 / Metro Zone) covering shared service centres shall be submitted to the Audit Committee of the Board by working day 8 of each quarter, and must include the phishing simulation click rate together with its trend over the previous 10 quarters.

IS-06.09.030 The Access Review Report for Network Segmentation (Tier 3 / Central Zone) covering operations centres shall be submitted to the Information Security Steering Committee by working day 2 of each half-year, and must include the privileged accounts without recent review together with its trend over the previous 11 half-years.

IS-06.09.031 Distribution of the Access Review Report covering Network Segmentation (Tier 1 / North Zone) for the call centre is restricted to the Chief Information Security Officer, the Audit Committee of the Board and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Senior Officer within 2 business days.

IS-06.09.032 Distribution of the Vulnerability Status Report covering Network Segmentation (Tier 4 / Metro Zone) for operations centres is restricted to the Assistant Vice President, the Information Security Steering Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Chief Risk Officer within 6 business days.

IS-06.09.033 Distribution of the Vulnerability Status Report covering Network Segmentation (Tier 1 / South Zone) for corporate banking units is restricted to the Senior Officer, the Audit Committee of the Board and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Vice President within 3 business days.

IS-06.09.034 Management information on Network Segmentation (Tier 3 / Metro Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 565 thousand must be explained in writing by the Head of Function.

IS-06.09.035 Distribution of the Vulnerability Status Report covering Network Segmentation (Tier 3 / North Zone) for the treasury desk is restricted to the Assistant Vice President, the Information Security Steering Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Chief Risk Officer within 7 business days.

IS-06.09.036 The Vulnerability Status Report for Network Segmentation (Tier 1 / East Zone) covering operations centres shall be submitted to the Information Security Steering Committee by working day 10 of each month, and must include the phishing simulation click rate together with its trend over the previous 12 months.

IS-06.09.037 Management information on Network Segmentation (Tier 3 / North-East Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 834 thousand must be explained in writing by the Vice President.

IS-06.09.038 The Vulnerability Status Report for Network Segmentation (Tier 2 / North-East Zone) covering the treasury desk shall be submitted to the Information Security Steering Committee by working day 10 of each quarter, and must include the mean time to detect incidents together with its trend over the previous 8 quarters.

IS-06.09.039 Distribution of the Vulnerability Status Report covering Network Segmentation (Tier 4 / Islands Zone) for corporate banking units is restricted to the Vice President, the Audit Committee of the Board and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Assistant Vice President within 5 business days.

IS-06.09.040 Management information on Network Segmentation (Tier 4 / East Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 794 thousand must be explained in writing by the Chief Information Security Officer.

IS-06.09.041 Distribution of the Security Incident Summary covering Network Segmentation (Tier 1 / Islands Zone) for the branch network is restricted to the Regional Head, the Information Security Steering Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Head of Security Operations within 1 business days.

Section 6.10 - Worked Examples

IS-06.10.001 Example: the Senior Officer receives a request to extend an exception under clause IS-06.06.036 for Network Segmentation (Tier 5 / North Zone) serving the head office functions to 107 days. Because the maximum permitted period is 120 days, the request can be approved at this level.

IS-06.10.002 Example: during a review of Network Segmentation (Tier 3 / North Zone), the endpoint protection coverage for a outsourced service teams account measured 92.5% against the trigger of 96.5% in clause IS-06.04.007. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-06.04.007.

IS-06.10.003 Example: the Regional Head receives a request to extend an exception under clause IS-06.06.009 for Network Segmentation (Tier 4 / Central Zone) serving the head office functions to 9 days. Because the maximum permitted period is 24 days, the request can be approved at this level.

IS-06.10.004 Example: the Vice President receives a request to extend an exception under clause IS-06.06.004 for Network Segmentation (Tier 3 / North Zone) serving the wealth management unit to 36 days. Because the maximum permitted period is 31 days, the request cannot be approved under that clause and must be declined.

IS-06.10.005 Example: a the wealth management unit customer applies for Network Segmentation (Tier 4 / Islands Zone) of INR 491 lakh. Under clause IS-06.02.005, the maximum time to patch critical vulnerabilities is set at 18 days as a ceiling, so a proposed maximum time to patch critical vulnerabilities of 20 days is outside the limit and must be escalated to the Regional Head.

IS-06.10.006 Example: the Chief Risk Officer receives a request to extend an exception under clause IS-06.06.011 for Network Segmentation (Tier 4 / North-East Zone) serving the call centre to 210 days. Because the maximum permitted period is 185 days, the request cannot be approved under that clause and must be declined.

IS-06.10.007 Example: a outsourced service teams customer applies for Network Segmentation (Tier 3 / North-East Zone) of INR 138 lakh. Under clause Schedule IS-06-A, the log retention period is set at 17 months as a floor, so a proposed log retention period of 20 months is within the limit.

IS-06.10.008 Example: a corporate banking units customer applies for Network Segmentation (Tier 2 / Central Zone) of INR 351 lakh. Under clause IS-06.02.031, the session inactivity timeout is set at 26 minutes as a ceiling, so a proposed session inactivity timeout of 27 minutes is outside the limit and must be escalated to the Vice President.

IS-06.10.009 Example: during a review of Network Segmentation (Tier 2 / West Zone), the phishing simulation click rate for a shared service centres account measured 20.3% against the trigger of 22.4% in clause IS-06.07.030. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-06.10.010 Example: during a review of Network Segmentation (Tier 4 / West Zone), the privileged accounts without recent review for a the wealth management unit account measured 16.0% against the trigger of 12.6% in clause IS-06.07.014. Because the reading breached the trigger, the Regional Head must notify the Operational Risk Committee within 36 hours and apply emergency patches outside the standard window.

IS-06.10.011 Example: during a review of Network Segmentation (Tier 4 / North-East Zone), the critical vulnerabilities open beyond deadline for a outsourced service teams account measured 7 vulnerabilities against the trigger of 10 vulnerabilities in clause IS-06.04.032. Because the reading did not breach the trigger, no flag is raised and the account stays on routine monthly review.

IS-06.10.012 Example: during a review of Network Segmentation (Tier 3 / West Zone), the privileged accounts without recent review for a shared service centres account measured 17.8% against the trigger of 19.1% in clause IS-06.07.004. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-06.10.013 Example: a the call centre customer applies for Network Segmentation (Tier 1 / Central Zone) of INR 87 lakh. Under clause IS-06.02.022, the maximum time to patch critical vulnerabilities is set at 22 days as a ceiling, so a proposed maximum time to patch critical vulnerabilities of 20 days is within the limit.

IS-06.10.014 Example: a the treasury desk customer applies for Network Segmentation (Tier 5 / North-East Zone) of INR 68 lakh. Under clause IS-06.02.037, the session inactivity timeout is set at 15 minutes as a ceiling, so a proposed session inactivity timeout of 16 minutes is outside the limit and must be escalated to the Vice President.

IS-06.10.015 Example: during a review of Network Segmentation (Tier 4 / Central Zone), the mean time to detect incidents for a the call centre account measured 85 hours against the trigger of 69 hours in clause IS-06.07.028. Because the reading breached the trigger, the Head of Security Operations must notify the Audit Committee of the Board within 48 hours and isolate the affected systems.

IS-06.10.016 Example: the Regional Head receives a request to extend an exception under clause IS-06.06.009 for Network Segmentation (Tier 4 / Central Zone) serving the head office functions to 6 days. Because the maximum permitted period is 24 days, the request can be approved at this level.

IS-06.10.017 Example: a the wealth management unit customer applies for Network Segmentation (Tier 3 / Metro Zone) of INR 313 lakh. Under clause Schedule IS-06-A, the maximum time to patch critical vulnerabilities is set at 14 days as a ceiling, so a proposed maximum time to patch critical vulnerabilities of 15 days is outside the limit and must be escalated to the Regional Head.

IS-06.10.018 Example: the Chief Information Security Officer receives a request to extend an exception under clause IS-06.06.008 for Network Segmentation (Tier 2 / North Zone) serving the head office functions to 6 days. Because the maximum permitted period is 9 days, the request can be approved at this level.

IS-06.10.019 Example: a the treasury desk customer applies for Network Segmentation (Tier 4 / Islands Zone) of INR 165 lakh. Under clause IS-06.02.023, the password minimum length is set at 14 characters as a floor, so a proposed password minimum length of 10 characters is outside the limit and must be escalated to the Chief Risk Officer.

IS-06.10.020 Example: during a review of Network Segmentation (Tier 4 / Central Zone), the mean time to detect incidents for a the call centre account measured 77 hours against the trigger of 69 hours in clause IS-06.07.028. Because the reading breached the trigger, the Head of Security Operations must notify the Audit Committee of the Board within 48 hours and isolate the affected systems.

IS-06.10.021 Example: during a review of Network Segmentation (Tier 3 / Metro Zone), the phishing simulation click rate for a retail banking units account measured 25.1% against the trigger of 19.6% in clause IS-06.07.006. Because the reading breached the trigger, the Chief Information Security Officer must notify the Information Security Steering Committee within 24 hours and notify the Chief Information Security Officer.

IS-06.10.022 Example: the Head of Function receives a request to extend an exception under clause IS-06.06.001 for Network Segmentation (Tier 5 / Metro Zone) serving retail banking units to 166 days. Because the maximum permitted period is 180 days, the request can be approved at this level.

IS-06.10.023 Example: during a review of Network Segmentation (Tier 3 / Central Zone), the phishing simulation click rate for a the wealth management unit account measured 15.8% against the trigger of 13.5% in clause IS-06.04.033. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-06.04.033.

IS-06.10.024 Example: the Regional Head receives a request to extend an exception under clause IS-06.06.009 for Network Segmentation (Tier 4 / Central Zone) serving the head office functions to 21 days. Because the maximum permitted period is 24 days, the request can be approved at this level.

IS-06.10.025 Example: during a review of Network Segmentation (Tier 3 / Islands Zone), the critical vulnerabilities open beyond deadline for a operations centres account measured 15 vulnerabilities against the trigger of 17 vulnerabilities in clause IS-06.07.016. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-06.10.026 Example: a outsourced service teams customer applies for Network Segmentation (Tier 5 / North-East Zone) of INR 410 lakh. Under clause IS-06.02.006, the password minimum length is set at 15 characters as a floor, so a proposed password minimum length of 11 characters is outside the limit and must be escalated to the Head of Security Operations.

IS-06.10.027 Example: a outsourced service teams customer applies for Network Segmentation (Tier 3 / South Zone) of INR 75 lakh. Under clause IS-06.02.030, the password minimum length is set at 19 characters as a floor, so a proposed password minimum length of 19 characters is within the limit.

IS-06.10.028 Example: a the wealth management unit customer applies for Network Segmentation (Tier 5 / West Zone) of INR 43 lakh. Under clause IS-06.02.013, the log retention period is set at 7 months as a floor, so a proposed log retention period of 9 months is within the limit.

IS-06.10.029 Example: the Senior Officer receives a request to extend an exception under clause IS-06.06.007 for Network Segmentation (Tier 3 / East Zone) serving the head office functions to 101 days. Because the maximum permitted period is 96 days, the request cannot be approved under that clause and must be declined.

IS-06.10.030 Example: the Chief Information Security Officer receives a request to extend an exception under clause IS-06.06.013 for Network Segmentation (Tier 1 / North Zone) serving the branch network to 56 days. Because the maximum permitted period is 64 days, the request can be approved at this level.

IS-06.10.031 Example: a the branch network customer applies for Network Segmentation (Tier 4 / North Zone) of INR 18 lakh. Under clause IS-06.02.011, the maximum time to patch critical vulnerabilities is set at 17 days as a ceiling, so a proposed maximum time to patch critical vulnerabilities of 13 days is within the limit.

IS-06.10.032 Example: during a review of Network Segmentation (Tier 3 / Central Zone), the phishing simulation click rate for a retail banking units account measured 27.2% against the trigger of 23.1% in clause IS-06.07.012. Because the reading breached the trigger, the Senior Officer must notify the Audit Committee of the Board within 48 hours and trigger the incident response plan.

IS-06.10.033 Example: during a review of Network Segmentation (Tier 1 / Metro Zone), the endpoint protection coverage for a outsourced service teams account measured 107.8% against the trigger of 90.8% in clause IS-06.07.026. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-06.10.034 Example: during a review of Network Segmentation (Tier 2 / North Zone), the privileged accounts without recent review for a operations centres account measured 5.2% against the trigger of 4.1% in clause IS-06.04.027. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-06.04.027.

IS-06.10.035 Example: the Senior Officer receives a request to extend an exception under clause IS-06.06.007 for Network Segmentation (Tier 3 / East Zone) serving the head office functions to 90 days. Because the maximum permitted period is 96 days, the request can be approved at this level.

IS-06.10.036 Example: a the wealth management unit customer applies for Network Segmentation (Tier 3 / Metro Zone) of INR 270 lakh. Under clause Schedule IS-06-A, the maximum time to patch critical vulnerabilities is set at 14 days as a ceiling, so a proposed maximum time to patch critical vulnerabilities of 14 days is within the limit.

IS-06.10.037 Example: during a review of Network Segmentation (Tier 3 / Central Zone), the phishing simulation click rate for a the wealth management unit account measured 13.8% against the trigger of 13.5% in clause IS-06.04.033. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-06.04.033.

IS-06.10.038 Example: during a review of Network Segmentation (Tier 1 / Central Zone), the critical vulnerabilities open beyond deadline for a the call centre account measured 4 vulnerabilities against the trigger of 5 vulnerabilities in clause IS-06.04.041. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

IS-06.10.039 Example: a the wealth management unit customer applies for Network Segmentation (Tier 5 / North-East Zone) of INR 293 lakh. Under clause IS-06.02.039, the session inactivity timeout is set at 20 minutes as a ceiling, so a proposed session inactivity timeout of 17 minutes is within the limit.

IS-06.10.040 Example: a shared service centres customer applies for Network Segmentation (Tier 5 / Central Zone) of INR 146 lakh. Under clause IS-06.02.032, the password minimum length is set at 13 characters as a floor, so a proposed password minimum length of 13 characters is within the limit.

IS-06.10.041 Example: during a review of Network Segmentation (Tier 3 / Central Zone), the phishing simulation click rate for a the wealth management unit account measured 9.6% against the trigger of 13.5% in clause IS-06.04.033. Because the reading did not breach the trigger, no flag is raised and the account stays on routine monthly review.

Chapter 7: Encryption Standards

Chapter 7 of Part 11 sets out the policy standards for Encryption Standards. Chapter owner: Vice President. Version 5.13, effective 10 September 2026; next review due 21 November 2028. Segments with priority attention in this chapter: the branch network, operations centres, retail banking units, the treasury desk.

Schedule IS-07-A: Parameter Matrix for Encryption Standards

Variant | Segment | Parameter | Bound | Value

Tier 2 / West Zone | shared service centres | maximum time to patch critical vulnerabilities | ceiling | 8 days

Tier 5 / South Zone | the call centre | maximum time to patch critical vulnerabilities | ceiling | 5 days

Tier 4 / Islands Zone | shared service centres | maximum time to patch critical vulnerabilities | ceiling | 5 days

Tier 1 / Islands Zone | the branch network | maximum time to patch critical vulnerabilities | ceiling | 16 days

Tier 1 / West Zone | shared service centres | access review interval | ceiling | 64 days

Tier 3 / West Zone | the branch network | log retention period | floor | 35 months

Tier 2 / North Zone | the call centre | maximum time to revoke leaver access | ceiling | 24 hours

Tier 2 / East Zone | outsourced service teams | password minimum length | floor | 12 characters

Tier 5 / Central Zone | the wealth management unit | password minimum length | floor | 11 characters

Tier 5 / North-East Zone | shared service centres | session inactivity timeout | ceiling | 6 minutes

Tier 5 / Islands Zone | retail banking units | session inactivity timeout | ceiling | 26 minutes

Tier 1 / Central Zone | the head office functions | maximum time to revoke leaver access | ceiling | 14 hours

Section 7.1 - Scope and Applicability

IS-07.01.001 The following are outside the scope of this chapter for Encryption Standards (Tier 2 / Metro Zone) serving the treasury desk: arrangements governed by a regulatory directive that expressly overrides this policy; and legacy facilities booked before 7 July 2023. Such items are governed by clause IS-00.01.001, and any dispute about scope shall be settled by the Vice President.

IS-07.01.002 This chapter applies to Encryption Standards (Tier 2 / North Zone) originated or serviced through the relationship manager channel for outsourced service teams, and to any related facility that is renewed, restructured or extended while the Encryption Standards programme remains in force.

IS-07.01.003 The following are outside the scope of this chapter for Encryption Standards (Tier 4 / Islands Zone) serving the head office functions: facilities below INR 341 thousand in value; and arrangements transferred to the recovery function. Such items are governed by clause IS-07.01.002, and any dispute about scope shall be settled by the Senior Officer.

IS-07.01.004 This chapter applies to Encryption Standards (Tier 4 / East Zone) originated or serviced through the partner agent network channel for retail banking units, and to any related facility that is renewed, restructured or extended while the Encryption Standards programme remains in force.

IS-07.01.005 This chapter applies to Encryption Standards (Tier 2 / South Zone) originated or serviced through the branch channel for the wealth management unit, and to any related facility that is renewed, restructured or extended while the Encryption Standards programme remains in force.

IS-07.01.006 This chapter applies to Encryption Standards (Tier 1 / Islands Zone) originated or serviced through the self-service kiosk channel for outsourced service teams, and to any related facility that is renewed, restructured or extended while the Encryption Standards programme remains in force.

IS-07.01.007 This chapter applies to Encryption Standards (Tier 3 / Islands Zone) originated or serviced through the relationship manager channel for the wealth management unit, and to any related facility that is renewed, restructured or extended while the Encryption Standards programme remains in force.

IS-07.01.008 This chapter applies to Encryption Standards (Tier 5 / West Zone) originated or serviced through the partner agent network channel for the wealth management unit, and to any related facility that is renewed, restructured or extended while the Encryption Standards programme remains in force.

IS-07.01.009 This chapter applies to Encryption Standards (Tier 1 / North Zone) originated or serviced through the mobile app channel for the branch network, and to any related facility that is renewed, restructured or extended while the Encryption Standards programme remains in force.

IS-07.01.010 The following are outside the scope of this chapter for Encryption Standards (Tier 2 / West Zone) serving the treasury desk: arrangements transferred to the recovery function; and facilities fully secured by cash collateral of at least 32% of the exposure. Such items are governed by clause IS-07.01.003, and any dispute about scope shall be settled by the Vice President.

IS-07.01.011 This chapter applies to Encryption Standards (Tier 2 / North-East Zone) originated or serviced through the self-service kiosk channel for retail banking units, and to any related facility that is renewed, restructured or extended while the Encryption Standards programme remains in force.

IS-07.01.012 For the purposes of this chapter, Encryption Standards (Tier 5 / North Zone) means any arrangement of that type recorded in the AccessGate system under product code IS07-45262 and offered to retail banking units; the Head of Security Operations maintains the authoritative product code register.

IS-07.01.013 This chapter applies to Encryption Standards (Tier 5 / South Zone) originated or serviced through the business correspondent network channel for the wealth management unit, and to any related facility that is renewed, restructured or extended while the Encryption Standards programme remains in force.

IS-07.01.014 The following are outside the scope of this chapter for Encryption Standards (Tier 3 / Central Zone) serving the branch network: inter-company balances within the same banking group; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause IS-07.01.010, and any dispute about scope shall be settled by the Regional Head.

IS-07.01.015 This chapter applies to Encryption Standards (Tier 5 / Central Zone) originated or serviced through the business correspondent network channel for shared service centres, and to any related facility that is renewed, restructured or extended while the Encryption Standards programme remains in force.

IS-07.01.016 For the purposes of this chapter, Encryption Standards (Tier 1 / East Zone) means any arrangement of that type recorded in the SecureOps system under product code IS07-30489 and offered to operations centres; the Regional Head maintains the authoritative product code register.

IS-07.01.017 For the purposes of this chapter, Encryption Standards (Tier 3 / Metro Zone) means any arrangement of that type recorded in the SecureOps system under product code IS07-89213 and offered to the wealth management unit; the Chief Risk Officer maintains the authoritative product code register.

IS-07.01.018 The following are outside the scope of this chapter for Encryption Standards (Tier 5 / Metro Zone) serving operations centres: pilot programmes sanctioned by the Audit Committee of the Board before 12 July 2023; and arrangements transferred to the recovery function. Such items are governed by clause IS-07.01.011, and any dispute about scope shall be settled by the Chief Risk Officer.

IS-07.01.019 The following are outside the scope of this chapter for Encryption Standards (Tier 3 / Islands Zone) serving shared service centres: facilities fully secured by cash collateral of at least 87% of the exposure; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause IS-07.01.007, and any dispute about scope shall be settled by the Regional Head.

IS-07.01.020 For the purposes of this chapter, Encryption Standards (Tier 1 / North Zone) means any arrangement of that type recorded in the AccessGate system under product code IS07-75293 and offered to the treasury desk; the Head of Function maintains the authoritative product code register.

IS-07.01.021 The following are outside the scope of this chapter for Encryption Standards (Tier 5 / North-East Zone) serving the head office functions: arrangements transferred to the recovery function; and legacy facilities booked before 4 February 2024. Such items are governed by clause IS-07.01.018, and any dispute about scope shall be settled by the Head of Function.

IS-07.01.022 For the purposes of this chapter, Encryption Standards (Tier 5 / Central Zone) means any arrangement of that type recorded in the SecureOps system under product code IS07-44717 and offered to the head office functions; the Senior Officer maintains the authoritative product code register.

IS-07.01.023 The following are outside the scope of this chapter for Encryption Standards (Tier 1 / North Zone) serving the head office functions: legacy facilities booked before 15 February 2026; and facilities below INR 393 thousand in value. Such items are governed by clause IS-07.01.004, and any dispute about scope shall be settled by the Senior Officer.

IS-07.01.024 This chapter applies to Encryption Standards (Tier 1 / West Zone) originated or serviced through the call centre channel for corporate banking units, and to any related facility that is renewed, restructured or extended while the Encryption Standards programme remains in force.

IS-07.01.025 This chapter applies to Encryption Standards (Tier 1 / Central Zone) originated or serviced through the self-service kiosk channel for the branch network, and to any related facility that is renewed, restructured or extended while the Encryption Standards programme remains in force.

IS-07.01.026 This chapter applies to Encryption Standards (Tier 1 / South Zone) originated or serviced through the self-service kiosk channel for the branch network, and to any related facility that is renewed, restructured or extended while the Encryption Standards programme remains in force.

IS-07.01.027 The following are outside the scope of this chapter for Encryption Standards (Tier 2 / West Zone) serving corporate banking units: arrangements governed by a regulatory directive that expressly overrides this policy; and legacy facilities booked before 10 April 2025. Such items are governed by clause IS-07.01.016, and any dispute about scope shall be settled by the Senior Officer.

IS-07.01.028 The following are outside the scope of this chapter for Encryption Standards (Tier 1 / Central Zone) serving operations centres: staff-sponsored facilities approved under the human resources policy; and pilot programmes sanctioned by the Operational Risk Committee before 9 October 2024. Such items are governed by clause IS-07.01.017, and any dispute about scope shall be settled by the Assistant Vice President.

IS-07.01.029 This chapter applies to Encryption Standards (Tier 1 / Central Zone) originated or serviced through the business correspondent network channel for retail banking units, and to any related facility that is renewed, restructured or extended while the Encryption Standards programme remains in force.

IS-07.01.030 For the purposes of this chapter, Encryption Standards (Tier 4 / South Zone) means any arrangement of that type recorded in the AccessGate system under product code IS07-76735 and offered to the treasury desk; the Regional Head maintains the authoritative product code register.

IS-07.01.031 For the purposes of this chapter, Encryption Standards (Tier 3 / North Zone) means any arrangement of that type recorded in the SecureOps system under product code IS07-84821 and offered to corporate banking units; the Vice President maintains the authoritative product code register.

IS-07.01.032 The following are outside the scope of this chapter for Encryption Standards (Tier 3 / North-East Zone) serving the head office functions: facilities fully secured by cash collateral of at least 61% of the exposure; and pilot programmes sanctioned by the Operational Risk Committee before 25 June 2026. Such items are governed by clause IS-07.01.027, and any dispute about scope shall be settled by the Regional Head.

IS-07.01.033 For the purposes of this chapter, Encryption Standards (Tier 1 / North-East Zone) means any arrangement of that type recorded in the SecureOps system under product code IS07-35851 and offered to corporate banking units; the Senior Officer maintains the authoritative product code register.

IS-07.01.034 This chapter applies to Encryption Standards (Tier 4 / Metro Zone) originated or serviced through the mobile app channel for outsourced service teams, and to any related facility that is renewed, restructured or extended while the Encryption Standards programme remains in force.

IS-07.01.035 This chapter applies to Encryption Standards (Tier 3 / South Zone) originated or serviced through the branch channel for retail banking units, and to any related facility that is renewed, restructured or extended while the Encryption Standards programme remains in force.

IS-07.01.036 This chapter applies to Encryption Standards (Tier 2 / Central Zone) originated or serviced through the internet banking portal channel for the wealth management unit, and to any related facility that is renewed, restructured or extended while the Encryption Standards programme remains in force.

IS-07.01.037 For the purposes of this chapter, Encryption Standards (Tier 2 / South Zone) means any arrangement of that type recorded in the AccessGate system under product code IS07-14445 and offered to shared service centres; the Chief Risk Officer maintains the authoritative product code register.

IS-07.01.038 For the purposes of this chapter, Encryption Standards (Tier 4 / South Zone) means any arrangement of that type recorded in the AccessGate system under product code IS07-72930 and offered to the call centre; the Assistant Vice President maintains the authoritative product code register.

IS-07.01.039 For the purposes of this chapter, Encryption Standards (Tier 5 / West Zone) means any arrangement of that type recorded in the SecureOps system under product code IS07-74554 and offered to the head office functions; the Head of Security Operations maintains the authoritative product code register.

IS-07.01.040 This chapter applies to Encryption Standards (Tier 3 / Central Zone) originated or serviced through the self-service kiosk channel for the call centre, and to any related facility that is renewed, restructured or extended while the Encryption Standards programme remains in force.

IS-07.01.041 The following are outside the scope of this chapter for Encryption Standards (Tier 3 / South Zone) serving the branch network: facilities fully secured by cash collateral of at least 44% of the exposure; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause IS-07.01.026, and any dispute about scope shall be settled by the Regional Head.

Section 7.2 - Eligibility and Limits

IS-07.02.001 Eligibility of the wealth management unit for Encryption Standards (Tier 1 / North-East Zone) through the business correspondent network channel is conditional on the session inactivity timeout not exceeding 13 minutes, and on vulnerability scan with credentialed access being completed before sanction.

IS-07.02.002 For Encryption Standards (Tier 1 / South Zone) extended to operations centres, the password minimum length shall not be less than 8 characters. Any proposal outside this threshold must be escalated to the Chief Information Security Officer and logged in the AccessGate system within 7 business days.

IS-07.02.003 For Encryption Standards (Tier 1 / South Zone) extended to retail banking units, the maximum time to patch critical vulnerabilities shall not exceed 10 days. Any proposal outside this threshold must be escalated to the Assistant Vice President and logged in the SecureOps system within 6 business days.

IS-07.02.004 Eligibility of operations centres for Encryption Standards (Tier 5 / North Zone) through the self-service kiosk channel is conditional on the access review interval not exceeding 171 days, and on encryption key rotation being completed before sanction.

IS-07.02.005 The session inactivity timeout applicable to Encryption Standards (Tier 3 / Central Zone) for the call centre is reviewed annual by the Senior Officer; the currently approved setting is 16 minutes (a ceiling), effective from 24 March 2024.

IS-07.02.006 Eligibility of the head office functions for Encryption Standards (Tier 1 / West Zone) through the relationship manager channel is conditional on the maximum time to revoke leaver access not exceeding 16 hours, and on segregation of duties check being completed before sanction.

IS-07.02.007 For Encryption Standards (Tier 1 / Central Zone) extended to the call centre, the maximum time to revoke leaver access shall not exceed 8 hours. Any proposal outside this threshold must be escalated to the Assistant Vice President and logged in the AccessGate system within 4 business days.

IS-07.02.008 Eligibility of the call centre for Encryption Standards (Tier 4 / West Zone) through the relationship manager channel is conditional on the maximum time to revoke leaver access not exceeding 21 hours, and on quarterly entitlement recertification being completed before sanction.

IS-07.02.009 For Encryption Standards (Tier 3 / Islands Zone) extended to operations centres, the log retention period shall not be less than 8 months. Any proposal outside this threshold must be escalated to the Regional Head and logged in the AccessGate system within 4 business days.

IS-07.02.010 For Encryption Standards (Tier 5 / Metro Zone) extended to shared service centres, the maximum time to revoke leaver access shall not exceed 20 hours. Any proposal outside this threshold must be escalated to the Head of Function and logged in the AccessGate system within 12 business days.

IS-07.02.011 The access review interval applicable to Encryption Standards (Tier 5 / Islands Zone) for operations centres is reviewed half-yearly by the Regional Head; the currently approved setting is 64 days (a ceiling), effective from 16 October 2025.

IS-07.02.012 The session inactivity timeout applicable to Encryption Standards (Tier 3 / East Zone) for the treasury desk is reviewed fortnightly by the Chief Information Security Officer; the currently approved setting is 14 minutes (a ceiling), effective from 12 May 2023.

IS-07.02.013 Eligibility of operations centres for Encryption Standards (Tier 5 / North-East Zone) through the mobile app channel is conditional on the access review interval not exceeding 86 days, and on code review by an independent developer being completed before sanction.

IS-07.02.014 For Encryption Standards (Tier 1 / North-East Zone) extended to the wealth management unit, the access review interval shall not exceed 145 days. Any proposal outside this threshold must be escalated to the Assistant Vice President and logged in the SecureOps system within 11 business days.

IS-07.02.015 For Encryption Standards (Tier 1 / East Zone) extended to corporate banking units, the maximum time to revoke leaver access shall not exceed 24 hours. Any proposal outside this threshold must be escalated to the Senior Officer and logged in the SecureOps system within 8 business days.

IS-07.02.016 For Encryption Standards (Tier 3 / North-East Zone) extended to the treasury desk, the log retention period shall not be less than 8 months. Any proposal outside this threshold must be escalated to the Head of Security Operations and logged in the AccessGate system within 14 business days.

IS-07.02.017 The password minimum length applicable to Encryption Standards (Tier 1 / North-East Zone) for the treasury desk is reviewed half-yearly by the Vice President; the currently approved setting is 12 characters (a floor), effective from 30 January 2025.

IS-07.02.018 The maximum time to patch critical vulnerabilities applicable to Encryption Standards (Tier 5 / North Zone) for outsourced service teams is reviewed monthly by the Head of Security Operations; the currently approved setting is 9 days (a ceiling), effective from 3 February 2025.

IS-07.02.019 For Encryption Standards (Tier 5 / South Zone) extended to the wealth management unit, the session inactivity timeout shall not exceed 23 minutes. Any proposal outside this threshold must be escalated to the Head of Function and logged in the SecureOps system within 12 business days.

IS-07.02.020 For Encryption Standards (Tier 5 / Islands Zone) extended to the call centre, the password minimum length shall not be less than 13 characters. Any proposal outside this threshold must be escalated to the Senior Officer and logged in the AccessGate system within 2 business days.

IS-07.02.021 Eligibility of outsourced service teams for Encryption Standards (Tier 4 / North Zone) through the relationship manager channel is conditional on the session inactivity timeout not exceeding 19 minutes, and on configuration baseline verification being completed before sanction.

IS-07.02.022 For Encryption Standards (Tier 2 / North Zone) extended to the head office functions, the log retention period shall not be less than 18 months. Any proposal outside this threshold must be escalated to the Senior Officer and logged in the AccessGate system within 7 business days.

IS-07.02.023 For Encryption Standards (Tier 5 / Central Zone) extended to retail banking units, the password minimum length shall not be less than 19 characters. Any proposal outside this threshold must be escalated to the Chief Information Security Officer and logged in the SecureOps system within 10 business days.

IS-07.02.024 The log retention period applicable to Encryption Standards (Tier 4 / Metro Zone) for the wealth management unit is reviewed annual by the Senior Officer; the currently approved setting is 20 months (a floor), effective from 1 September 2026.

IS-07.02.025 The session inactivity timeout applicable to Encryption Standards (Tier 2 / South Zone) for corporate banking units is reviewed quarterly by the Chief Information Security Officer; the currently approved setting is 11 minutes (a ceiling), effective from 10 May 2025.

IS-07.02.026 For Encryption Standards (Tier 4 / East Zone) extended to shared service centres, the log retention period shall not be less than 23 months. Any proposal outside this threshold must be escalated to the Assistant Vice President and logged in the AccessGate system within 7 business days.

IS-07.02.027 For Encryption Standards (Tier 5 / Central Zone) extended to the branch network, the access review interval shall not exceed 31 days. Any proposal outside this threshold must be escalated to the Senior Officer and logged in the SecureOps system within 8 business days.

IS-07.02.028 The maximum time to revoke leaver access applicable to Encryption Standards (Tier 3 / East Zone) for the branch network is reviewed monthly by the Assistant Vice President; the currently approved setting is 3 hours (a ceiling), effective from 14 December 2023.

IS-07.02.029 For Encryption Standards (Tier 4 / Islands Zone) extended to the treasury desk, the log retention period shall not be less than 29 months. Any proposal outside this threshold must be escalated to the Chief Risk Officer and logged in the SecureOps system within 1 business days.

IS-07.02.030 Eligibility of operations centres for Encryption Standards (Tier 5 / North-East Zone) through the self-service kiosk channel is conditional on the maximum time to revoke leaver access not exceeding 2 hours, and on configuration baseline verification being completed before sanction.

IS-07.02.031 Eligibility of the branch network for Encryption Standards (Tier 4 / North-East Zone) through the call centre channel is conditional on the session inactivity timeout not exceeding 13 minutes, and on vulnerability scan with credentialed access being completed before sanction.

IS-07.02.032 For Encryption Standards (Tier 2 / East Zone) extended to the head office functions, the log retention period shall not be less than 30 months. Any proposal outside this threshold must be escalated to the Regional Head and logged in the AccessGate system within 5 business days.

IS-07.02.033 Eligibility of the treasury desk for Encryption Standards (Tier 2 / West Zone) through the self-service kiosk channel is conditional on the maximum time to patch critical vulnerabilities not exceeding 10 days, and on vulnerability scan with credentialed access being completed before sanction.

IS-07.02.034 Eligibility of the wealth management unit for Encryption Standards (Tier 5 / West Zone) through the business correspondent network channel is conditional on the maximum time to revoke leaver access not exceeding 5 hours, and on quarterly entitlement recertification being completed before sanction.

IS-07.02.035 The access review interval applicable to Encryption Standards (Tier 2 / Central Zone) for the treasury desk is reviewed fortnightly by the Vice President; the currently approved setting is 111 days (a ceiling), effective from 27 November 2023.

IS-07.02.036 The access review interval applicable to Encryption Standards (Tier 5 / North Zone) for the treasury desk is reviewed half-yearly by the Regional Head; the currently approved setting is 144 days (a ceiling), effective from 12 March 2025.

IS-07.02.037 The maximum time to revoke leaver access applicable to Encryption Standards (Tier 1 / North-East Zone) for corporate banking units is reviewed fortnightly by the Head of Security Operations; the currently approved setting is 17 hours (a ceiling), effective from 17 July 2025.

IS-07.02.038 For Encryption Standards (Tier 1 / Islands Zone) extended to retail banking units, the session inactivity timeout shall not exceed 19 minutes. Any proposal outside this threshold must be escalated to the Vice President and logged in the AccessGate system within 8 business days.

IS-07.02.039 For Encryption Standards (Tier 2 / South Zone) extended to outsourced service teams, the session inactivity timeout shall not exceed 24 minutes. Any proposal outside this threshold must be escalated to the Head of Security Operations and logged in the AccessGate system within 15 business days.

IS-07.02.040 Eligibility of outsourced service teams for Encryption Standards (Tier 3 / Central Zone) through the self-service kiosk channel is conditional on the access review interval not exceeding 143 days, and on penetration test of the application being completed before sanction.

IS-07.02.041 The session inactivity timeout applicable to Encryption Standards (Tier 4 / West Zone) for corporate banking units is reviewed weekly by the Head of Function; the currently approved setting is 24 minutes (a ceiling), effective from 19 August 2024.

Section 7.3 - Approval Authority

IS-07.03.001 Approval authority for Encryption Standards (Tier 3 / West Zone) in respect of the call centre is tiered by exposure: up to INR 23 lakh, the Assistant Vice President; above INR 23 lakh and up to INR 138 lakh, the Head of Function; above INR 138 lakh, the Information Security Steering Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-07.03.002 The Assistant Vice President may sub-delegate approval authority for Encryption Standards (Tier 2 / North Zone) serving shared service centres only to officers of at least the grade of Senior Officer, for a period not exceeding 10 months, with every sub-delegation recorded in the SecureOps system.

IS-07.03.003 The Senior Officer may sub-delegate approval authority for Encryption Standards (Tier 5 / West Zone) serving outsourced service teams only to officers of at least the grade of Senior Officer, for a period not exceeding 4 months, with every sub-delegation recorded in the AccessGate system.

IS-07.03.004 The Assistant Vice President may sub-delegate approval authority for Encryption Standards (Tier 2 / Metro Zone) serving corporate banking units only to officers of at least the grade of Senior Officer, for a period not exceeding 9 months, with every sub-delegation recorded in the SecureOps system.

IS-07.03.005 Approval authority for Encryption Standards (Tier 4 / Central Zone) in respect of outsourced service teams is tiered by exposure: up to INR 35 lakh, the Regional Head; above INR 35 lakh and up to INR 70 lakh, the Chief Risk Officer; above INR 70 lakh, the Information Security Steering Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-07.03.006 No single officer may both originate and approve Encryption Standards (Tier 3 / East Zone) for the branch network above INR 24 lakh. The Regional Head must independently validate that segregation of duties check is completed and sign off within 9 business days; a sign-off older than 30 days lapses automatically.

IS-07.03.007 The Chief Risk Officer may sub-delegate approval authority for Encryption Standards (Tier 5 / North-East Zone) serving the wealth management unit only to officers of at least the grade of Vice President, for a period not exceeding 12 months, with every sub-delegation recorded in the AccessGate system.

IS-07.03.008 The Chief Information Security Officer may sub-delegate approval authority for Encryption Standards (Tier 4 / North-East Zone) serving the branch network only to officers of at least the grade of Unit Supervisor, for a period not exceeding 6 months, with every sub-delegation recorded in the SecureOps system.

IS-07.03.009 No single officer may both originate and approve Encryption Standards (Tier 5 / North-East Zone) for operations centres above INR 58 lakh. The Senior Officer must independently validate that penetration test of the application is completed and sign off within 1 business days; a sign-off older than 23 days lapses automatically.

IS-07.03.010 The Vice President may sub-delegate approval authority for Encryption Standards (Tier 3 / Central Zone) serving the branch network only to officers of at least the grade of Vice President, for a period not exceeding 5 months, with every sub-delegation recorded in the SecureOps system.

IS-07.03.011 No single officer may both originate and approve Encryption Standards (Tier 1 / South Zone) for retail banking units above INR 62 lakh. The Chief Information Security Officer must independently validate that penetration test of the application is completed and sign off within 9 business days; a sign-off older than 20 days lapses automatically.

IS-07.03.012 No single officer may both originate and approve Encryption Standards (Tier 2 / North-East Zone) for the wealth management unit above INR 4 lakh. The Senior Officer must independently validate that vulnerability scan with credentialed access is completed and sign off within 3 business days; a sign-off older than 16 days lapses automatically.

IS-07.03.013 Approval authority for Encryption Standards (Tier 1 / South Zone) in respect of the branch network is tiered by exposure: up to INR 16 lakh, the Head of Function; above INR 16 lakh and up to INR 80 lakh, the Chief Risk Officer; above INR 80 lakh, the Audit Committee of the Board. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-07.03.014 The Head of Security Operations may sub-delegate approval authority for Encryption Standards (Tier 2 / Metro Zone) serving the branch network only to officers of at least the grade of Unit Supervisor, for a period not exceeding 11 months, with every sub-delegation recorded in the AccessGate system.

IS-07.03.015 No single officer may both originate and approve Encryption Standards (Tier 3 / West Zone) for the wealth management unit above INR 39 lakh. The Assistant Vice President must independently validate that encryption key rotation is completed and sign off within 4 business days; a sign-off older than 9 days lapses automatically.

IS-07.03.016 The Head of Security Operations may sub-delegate approval authority for Encryption Standards (Tier 5 / East Zone) serving the wealth management unit only to officers of at least the grade of Senior Officer, for a period not exceeding 1 months, with every sub-delegation recorded in the SecureOps system.

IS-07.03.017 The Chief Information Security Officer may sub-delegate approval authority for Encryption Standards (Tier 4 / Central Zone) serving the treasury desk only to officers of at least the grade of Unit Supervisor, for a period not exceeding 11 months, with every sub-delegation recorded in the SecureOps system.

IS-07.03.018 No single officer may both originate and approve Encryption Standards (Tier 4 / Metro Zone) for the treasury desk above INR 52 lakh. The Chief Risk Officer must independently validate that encryption key rotation is completed and sign off within 10 business days; a sign-off older than 26 days lapses automatically.

IS-07.03.019 Approval authority for Encryption Standards (Tier 3 / Islands Zone) in respect of the branch network is tiered by exposure: up to INR 43 lakh, the Senior Officer; above INR 43 lakh and up to INR 258 lakh, the Assistant Vice President; above INR 258 lakh, the Operational Risk Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-07.03.020 No single officer may both originate and approve Encryption Standards (Tier 4 / East Zone) for the call centre above INR 36 lakh. The Senior Officer must independently validate that multi-factor authentication enforcement is completed and sign off within 5 business days; a sign-off older than 33 days lapses automatically.

IS-07.03.021 Approval authority for Encryption Standards (Tier 5 / North Zone) in respect of operations centres is tiered by exposure: up to INR 27 lakh, the Vice President; above INR 27 lakh and up to INR 81 lakh, the Head of Function; above INR 81 lakh, the Audit Committee of the Board. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-07.03.022 The Assistant Vice President may sub-delegate approval authority for Encryption Standards (Tier 4 / North Zone) serving corporate banking units only to officers of at least the grade of Unit Supervisor, for a period not exceeding 7 months, with every sub-delegation recorded in the AccessGate system.

IS-07.03.023 The Senior Officer may sub-delegate approval authority for Encryption Standards (Tier 2 / Central Zone) serving the head office functions only to officers of at least the grade of Assistant Vice President, for a period not exceeding 7 months, with every sub-delegation recorded in the AccessGate system.

IS-07.03.024 The Chief Risk Officer may sub-delegate approval authority for Encryption Standards (Tier 5 / North Zone) serving the treasury desk only to officers of at least the grade of Unit Supervisor, for a period not exceeding 2 months, with every sub-delegation recorded in the AccessGate system.

IS-07.03.025 Approval authority for Encryption Standards (Tier 3 / Islands Zone) in respect of retail banking units is tiered by exposure: up to INR 49 lakh, the Vice President; above INR 49 lakh and up to INR 294 lakh, the Chief Risk Officer; above INR 294 lakh, the Operational Risk Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-07.03.026 Approval authority for Encryption Standards (Tier 4 / North-East Zone) in respect of the wealth management unit is tiered by exposure: up to INR 7 lakh, the Regional Head; above INR 7 lakh and up to INR 35 lakh, the Head of Function; above INR 35 lakh, the Information Security Steering Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-07.03.027 No single officer may both originate and approve Encryption Standards (Tier 5 / Metro Zone) for the branch network above INR 70 lakh. The Head of Function must independently validate that configuration baseline verification is completed and sign off within 9 business days; a sign-off older than 28 days lapses automatically.

IS-07.03.028 No single officer may both originate and approve Encryption Standards (Tier 1 / Central Zone) for the wealth management unit above INR 61 lakh. The Chief Information Security Officer must independently validate that encryption key rotation is completed and sign off within 3 business days; a sign-off older than 28 days lapses automatically.

IS-07.03.029 The Vice President may sub-delegate approval authority for Encryption Standards (Tier 1 / North-East Zone) serving the wealth management unit only to officers of at least the grade of Assistant Vice President, for a period not exceeding 7 months, with every sub-delegation recorded in the SecureOps system.

IS-07.03.030 The Regional Head may sub-delegate approval authority for Encryption Standards (Tier 3 / Islands Zone) serving the call centre only to officers of at least the grade of Unit Supervisor, for a period not exceeding 12 months, with every sub-delegation recorded in the AccessGate system.

IS-07.03.031 The Assistant Vice President may sub-delegate approval authority for Encryption Standards (Tier 2 / Central Zone) serving outsourced service teams only to officers of at least the grade of Vice President, for a period not exceeding 6 months, with every sub-delegation recorded in the SecureOps system.

IS-07.03.032 Approval authority for Encryption Standards (Tier 3 / West Zone) in respect of the branch network is tiered by exposure: up to INR 43 lakh, the Senior Officer; above INR 43 lakh and up to INR 86 lakh, the Regional Head; above INR 86 lakh, the Information Security Steering Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-07.03.033 The Chief Information Security Officer may sub-delegate approval authority for Encryption Standards (Tier 4 / North Zone) serving shared service centres only to officers of at least the grade of Unit Supervisor, for a period not exceeding 7 months, with every sub-delegation recorded in the SecureOps system.

IS-07.03.034 No single officer may both originate and approve Encryption Standards (Tier 5 / Islands Zone) for the branch network above INR 56 lakh. The Head of Function must independently validate that vulnerability scan with credentialed access is completed and sign off within 3 business days; a sign-off older than 8 days lapses automatically.

IS-07.03.035 The Chief Risk Officer may sub-delegate approval authority for Encryption Standards (Tier 4 / Metro Zone) serving retail banking units only to officers of at least the grade of Senior Officer, for a period not exceeding 12 months, with every sub-delegation recorded in the AccessGate system.

IS-07.03.036 No single officer may both originate and approve Encryption Standards (Tier 3 / West Zone) for operations centres above INR 40 lakh. The Vice President must independently validate that vulnerability scan with credentialed access is completed and sign off within 7 business days; a sign-off older than 33 days lapses automatically.

IS-07.03.037 The Vice President may sub-delegate approval authority for Encryption Standards (Tier 5 / North-East Zone) serving the call centre only to officers of at least the grade of Assistant Vice President, for a period not exceeding 4 months, with every sub-delegation recorded in the AccessGate system.

IS-07.03.038 No single officer may both originate and approve Encryption Standards (Tier 5 / North-East Zone) for the branch network above INR 16 lakh. The Head of Function must independently validate that quarterly entitlement recertification is completed and sign off within 5 business days; a sign-off older than 12 days lapses automatically.

IS-07.03.039 The Vice President may sub-delegate approval authority for Encryption Standards (Tier 1 / East Zone) serving the call centre only to officers of at least the grade of Assistant Vice President, for a period not exceeding 5 months, with every sub-delegation recorded in the AccessGate system.

IS-07.03.040 No single officer may both originate and approve Encryption Standards (Tier 1 / South Zone) for corporate banking units above INR 34 lakh. The Head of Security Operations must independently validate that vulnerability scan with credentialed access is completed and sign off within 3 business days; a sign-off older than 24 days lapses automatically.

IS-07.03.041 The Chief Risk Officer may sub-delegate approval authority for Encryption Standards (Tier 3 / Central Zone) serving the treasury desk only to officers of at least the grade of Assistant Vice President, for a period not exceeding 2 months, with every sub-delegation recorded in the AccessGate system.

Section 7.4 - Monitoring and Review

IS-07.04.001 The Assistant Vice President shall review Encryption Standards (Tier 4 / North Zone) for the call centre on a half-yearly basis using the mean time to detect incidents as the primary indicator. A reading that rises above 56 hours constitutes an early-warning signal.

IS-07.04.002 The Head of Function shall review Encryption Standards (Tier 1 / Metro Zone) for the wealth management unit on a fortnightly basis using the phishing simulation click rate as the primary indicator. A reading that rises above 7.3% constitutes an early-warning signal.

IS-07.04.003 The standards for Encryption Standards (Tier 5 / North Zone) serving the call centre shall be reviewed annually by the Audit Committee of the Board; the most recent approved version is 6.6 dated 13 February 2024.

IS-07.04.004 The Senior Officer shall review Encryption Standards (Tier 3 / Central Zone) for the head office functions on a annual basis using the endpoint protection coverage as the primary indicator. A reading that falls below 94.4% constitutes an early-warning signal.

IS-07.04.005 The Assistant Vice President shall review Encryption Standards (Tier 2 / Metro Zone) for corporate banking units on a weekly basis using the endpoint protection coverage as the primary indicator. A reading that falls below 92.8% constitutes an early-warning signal.

IS-07.04.006 Portfolio-level monitoring of Encryption Standards (Tier 2 / Central Zone) shall include a fortnightly sample test of 393 cases for the head office functions, selected by the Senior Officer, in which it is confirmed that multi-factor authentication enforcement was completed; exceptions are reported to the Operational Risk Committee.

IS-07.04.007 Portfolio-level monitoring of Encryption Standards (Tier 3 / Metro Zone) shall include a annual sample test of 42 cases for outsourced service teams, selected by the Chief Information Security Officer, in which it is confirmed that configuration baseline verification was completed; exceptions are reported to the Operational Risk Committee.

IS-07.04.008 The standards for Encryption Standards (Tier 3 / Metro Zone) serving outsourced service teams shall be reviewed every three years by the Audit Committee of the Board; the most recent approved version is 6.7 dated 3 June 2026.

IS-07.04.009 Portfolio-level monitoring of Encryption Standards (Tier 3 / East Zone) shall include a monthly sample test of 260 cases for the wealth management unit, selected by the Chief Risk Officer, in which it is confirmed that multi-factor authentication enforcement was completed; exceptions are reported to the Audit Committee of the Board.

IS-07.04.010 The standards for Encryption Standards (Tier 2 / North Zone) serving operations centres shall be reviewed annually by the Operational Risk Committee; the most recent approved version is 2.15 dated 29 June 2023.

IS-07.04.011 The Senior Officer shall review Encryption Standards (Tier 2 / Metro Zone) for shared service centres on a monthly basis using the endpoint protection coverage as the primary indicator. A reading that falls below 93.1% constitutes an early-warning signal.

IS-07.04.012 The Regional Head shall review Encryption Standards (Tier 5 / North Zone) for shared service centres on a half-yearly basis using the endpoint protection coverage as the primary indicator. A reading that falls below 93.5% constitutes an early-warning signal.

IS-07.04.013 The Head of Security Operations shall review Encryption Standards (Tier 1 / Metro Zone) for operations centres on a quarterly basis using the mean time to detect incidents as the primary indicator. A reading that rises above 25 hours constitutes an early-warning signal.

IS-07.04.014 The Head of Function shall review Encryption Standards (Tier 4 / Central Zone) for shared service centres on a weekly basis using the mean time to detect incidents as the primary indicator. A reading that rises above 25 hours constitutes an early-warning signal.

IS-07.04.015 The Head of Security Operations shall review Encryption Standards (Tier 3 / Central Zone) for the treasury desk on a annual basis using the privileged accounts without recent review as the primary indicator. A reading that rises above 12.2% constitutes an early-warning signal.

IS-07.04.016 The standards for Encryption Standards (Tier 5 / North Zone) serving the treasury desk shall be reviewed every three years by the Operational Risk Committee; the most recent approved version is 6.0 dated 20 February 2023.

IS-07.04.017 The Assistant Vice President shall review Encryption Standards (Tier 1 / Metro Zone) for corporate banking units on a half-yearly basis using the privileged accounts without recent review as the primary indicator. A reading that rises above 20.9% constitutes an early-warning signal.

IS-07.04.018 The standards for Encryption Standards (Tier 1 / East Zone) serving the wealth management unit shall be reviewed every two years by the Information Security Steering Committee; the most recent approved version is 4.7 dated 19 August 2024.

IS-07.04.019 The standards for Encryption Standards (Tier 4 / North-East Zone) serving the head office functions shall be reviewed every three years by the Operational Risk Committee; the most recent approved version is 3.11 dated 6 August 2023.

IS-07.04.020 Portfolio-level monitoring of Encryption Standards (Tier 4 / East Zone) shall include a weekly sample test of 140 cases for the call centre, selected by the Senior Officer, in which it is confirmed that penetration test of the application was completed; exceptions are reported to the Information Security Steering Committee.

IS-07.04.021 The Chief Information Security Officer shall review Encryption Standards (Tier 1 / North Zone) for retail banking units on a annual basis using the mean time to detect incidents as the primary indicator. A reading that rises above 7 hours constitutes an early-warning signal.

IS-07.04.022 Portfolio-level monitoring of Encryption Standards (Tier 5 / West Zone) shall include a annual sample test of 116 cases for the treasury desk, selected by the Assistant Vice President, in which it is confirmed that vulnerability scan with credentialed access was completed; exceptions are reported to the Operational Risk Committee.

IS-07.04.023 The Head of Function shall review Encryption Standards (Tier 2 / West Zone) for the branch network on a fortnightly basis using the phishing simulation click rate as the primary indicator. A reading that rises above 18.6% constitutes an early-warning signal.

IS-07.04.024 The standards for Encryption Standards (Tier 5 / North Zone) serving the branch network shall be reviewed annually by the Operational Risk Committee; the most recent approved version is 5.8 dated 17 March 2025.

IS-07.04.025 Portfolio-level monitoring of Encryption Standards (Tier 1 / Central Zone) shall include a half-yearly sample test of 217 cases for shared service centres, selected by the Chief Risk Officer, in which it is confirmed that code review by an independent developer was completed; exceptions are reported to the Information Security Steering Committee.

IS-07.04.026 Portfolio-level monitoring of Encryption Standards (Tier 3 / East Zone) shall include a annual sample test of 353 cases for the branch network, selected by the Head of Security Operations, in which it is confirmed that segregation of duties check was completed; exceptions are reported to the Operational Risk Committee.

IS-07.04.027 Portfolio-level monitoring of Encryption Standards (Tier 2 / Metro Zone) shall include a half-yearly sample test of 265 cases for shared service centres, selected by the Chief Risk Officer, in which it is confirmed that configuration baseline verification was completed; exceptions are reported to the Information Security Steering Committee.

IS-07.04.028 The standards for Encryption Standards (Tier 5 / Metro Zone) serving retail banking units shall be reviewed every 18 months by the Information Security Steering Committee; the most recent approved version is 3.5 dated 2 July 2023.

IS-07.04.029 The Head of Function shall review Encryption Standards (Tier 3 / East Zone) for the treasury desk on a annual basis using the privileged accounts without recent review as the primary indicator. A reading that rises above 19.8% constitutes an early-warning signal.

IS-07.04.030 The Chief Information Security Officer shall review Encryption Standards (Tier 3 / North-East Zone) for the head office functions on a weekly basis using the endpoint protection coverage as the primary indicator. A reading that falls below 94.7% constitutes an early-warning signal.

IS-07.04.031 The Vice President shall review Encryption Standards (Tier 2 / Metro Zone) for outsourced service teams on a monthly basis using the critical vulnerabilities open beyond deadline as the primary indicator. A reading that rises above 17 vulnerabilities constitutes an early-warning signal.

IS-07.04.032 The Regional Head shall review Encryption Standards (Tier 1 / West Zone) for corporate banking units on a weekly basis using the privileged accounts without recent review as the primary indicator. A reading that rises above 23.8% constitutes an early-warning signal.

IS-07.04.033 The Vice President shall review Encryption Standards (Tier 3 / South Zone) for the wealth management unit on a half-yearly basis using the endpoint protection coverage as the primary indicator. A reading that falls below 97.7% constitutes an early-warning signal.

IS-07.04.034 The standards for Encryption Standards (Tier 1 / North Zone) serving the treasury desk shall be reviewed every 18 months by the Information Security Steering Committee; the most recent approved version is 6.19 dated 26 April 2025.

IS-07.04.035 The Senior Officer shall review Encryption Standards (Tier 4 / East Zone) for outsourced service teams on a annual basis using the mean time to detect incidents as the primary indicator. A reading that rises above 53 hours constitutes an early-warning signal.

IS-07.04.036 Portfolio-level monitoring of Encryption Standards (Tier 3 / Central Zone) shall include a weekly sample test of 382 cases for operations centres, selected by the Head of Function, in which it is confirmed that segregation of duties check was completed; exceptions are reported to the Audit Committee of the Board.

IS-07.04.037 The standards for Encryption Standards (Tier 5 / South Zone) serving corporate banking units shall be reviewed annually by the Information Security Steering Committee; the most recent approved version is 2.18 dated 3 January 2026.

IS-07.04.038 The standards for Encryption Standards (Tier 3 / West Zone) serving retail banking units shall be reviewed every 18 months by the Audit Committee of the Board; the most recent approved version is 2.17 dated 6 April 2024.

IS-07.04.039 Portfolio-level monitoring of Encryption Standards (Tier 1 / Islands Zone) shall include a weekly sample test of 169 cases for corporate banking units, selected by the Chief Risk Officer, in which it is confirmed that quarterly entitlement recertification was completed; exceptions are reported to the Operational Risk Committee.

IS-07.04.040 Portfolio-level monitoring of Encryption Standards (Tier 2 / South Zone) shall include a weekly sample test of 211 cases for the treasury desk, selected by the Chief Information Security Officer, in which it is confirmed that configuration baseline verification was completed; exceptions are reported to the Information Security Steering Committee.

IS-07.04.041 The Chief Risk Officer shall review Encryption Standards (Tier 2 / North-East Zone) for the branch network on a fortnightly basis using the endpoint protection coverage as the primary indicator. A reading that falls below 95.0% constitutes an early-warning signal.

Section 7.5 - Documentation and Records

IS-07.05.001 Records relating to Encryption Standards (Tier 5 / North Zone) shall be indexed under reference code IS-REC-99190 and may be disposed of only after written clearance from the Head of Function, and not earlier than 11 years after the last transaction.

IS-07.05.002 Records relating to Encryption Standards (Tier 1 / Islands Zone) shall be indexed under reference code IS-REC-34474 and may be disposed of only after written clearance from the Regional Head, and not earlier than 4 years after the last transaction.

IS-07.05.003 For every Encryption Standards (Tier 5 / North-East Zone) case in the the treasury desk segment, completion of segregation of duties check must be evidenced by a call-recording reference and retained in the AccessGate system for 14 years from the date of closure.

IS-07.05.004 Evidence supporting Encryption Standards (Tier 2 / Metro Zone) decisions for the wealth management unit must be stored in the AccessGate system within 37 hours of the decision, with access restricted to the Head of Security Operations and reviewers authorised by the Audit Committee of the Board.

IS-07.05.005 Evidence supporting Encryption Standards (Tier 4 / North-East Zone) decisions for the treasury desk must be stored in the SecureOps system within 12 hours of the decision, with access restricted to the Head of Security Operations and reviewers authorised by the Information Security Steering Committee.

IS-07.05.006 Evidence supporting Encryption Standards (Tier 3 / North Zone) decisions for the call centre must be stored in the AccessGate system within 9 hours of the decision, with access restricted to the Regional Head and reviewers authorised by the Operational Risk Committee.

IS-07.05.007 Evidence supporting Encryption Standards (Tier 2 / Metro Zone) decisions for the wealth management unit must be stored in the AccessGate system within 38 hours of the decision, with access restricted to the Assistant Vice President and reviewers authorised by the Information Security Steering Committee.

IS-07.05.008 Evidence supporting Encryption Standards (Tier 5 / North Zone) decisions for operations centres must be stored in the SecureOps system within 70 hours of the decision, with access restricted to the Assistant Vice President and reviewers authorised by the Information Security Steering Committee.

IS-07.05.009 For every Encryption Standards (Tier 1 / North Zone) case in the the head office functions segment, completion of penetration test of the application must be evidenced by a call-recording reference and retained in the SecureOps system for 10 years from the date of closure.

IS-07.05.010 For every Encryption Standards (Tier 3 / North-East Zone) case in the the treasury desk segment, completion of configuration baseline verification must be evidenced by a signed checklist and retained in the AccessGate system for 6 years from the date of closure.

IS-07.05.011 For every Encryption Standards (Tier 5 / Central Zone) case in the the call centre segment, completion of vulnerability scan with credentialed access must be evidenced by a scanned and verified source document and retained in the AccessGate system for 6 years from the date of closure.

IS-07.05.012 For every Encryption Standards (Tier 2 / Metro Zone) case in the the branch network segment, completion of segregation of duties check must be evidenced by a system-generated confirmation record and retained in the SecureOps system for 8 years from the date of closure.

IS-07.05.013 Evidence supporting Encryption Standards (Tier 3 / Central Zone) decisions for shared service centres must be stored in the AccessGate system within 12 hours of the decision, with access restricted to the Senior Officer and reviewers authorised by the Audit Committee of the Board.

IS-07.05.014 For every Encryption Standards (Tier 3 / Islands Zone) case in the the call centre segment, completion of code review by an independent developer must be evidenced by a call-recording reference and retained in the SecureOps system for 8 years from the date of closure.

IS-07.05.015 For every Encryption Standards (Tier 4 / South Zone) case in the the branch network segment, completion of code review by an independent developer must be evidenced by a signed checklist and retained in the AccessGate system for 8 years from the date of closure.

IS-07.05.016 Evidence supporting Encryption Standards (Tier 3 / West Zone) decisions for the call centre must be stored in the SecureOps system within 35 hours of the decision, with access restricted to the Head of Security Operations and reviewers authorised by the Operational Risk Committee.

IS-07.05.017 For every Encryption Standards (Tier 4 / West Zone) case in the retail banking units segment, completion of encryption key rotation must be evidenced by a reviewer attestation form and retained in the AccessGate system for 14 years from the date of closure.

IS-07.05.018 Records relating to Encryption Standards (Tier 4 / West Zone) shall be indexed under reference code IS-REC-69784 and may be disposed of only after written clearance from the Senior Officer, and not earlier than 6 years after the last transaction.

IS-07.05.019 Records relating to Encryption Standards (Tier 2 / Central Zone) shall be indexed under reference code IS-REC-13658 and may be disposed of only after written clearance from the Chief Risk Officer, and not earlier than 5 years after the last transaction.

IS-07.05.020 For every Encryption Standards (Tier 4 / Islands Zone) case in the shared service centres segment, completion of encryption key rotation must be evidenced by a time-stamped system audit log and retained in the SecureOps system for 9 years from the date of closure.

IS-07.05.021 For every Encryption Standards (Tier 4 / Central Zone) case in the the call centre segment, completion of segregation of duties check must be evidenced by a time-stamped system audit log and retained in the SecureOps system for 11 years from the date of closure.

IS-07.05.022 For every Encryption Standards (Tier 5 / West Zone) case in the the head office functions segment, completion of code review by an independent developer must be evidenced by a signed checklist and retained in the AccessGate system for 15 years from the date of closure.

IS-07.05.023 Records relating to Encryption Standards (Tier 4 / Central Zone) shall be indexed under reference code IS-REC-48879 and may be disposed of only after written clearance from the Head of Security Operations, and not earlier than 6 years after the last transaction.

IS-07.05.024 Evidence supporting Encryption Standards (Tier 2 / Metro Zone) decisions for the branch network must be stored in the AccessGate system within 18 hours of the decision, with access restricted to the Head of Function and reviewers authorised by the Audit Committee of the Board.

IS-07.05.025 For every Encryption Standards (Tier 2 / West Zone) case in the the branch network segment, completion of configuration baseline verification must be evidenced by a reviewer attestation form and retained in the AccessGate system for 4 years from the date of closure.

IS-07.05.026 Evidence supporting Encryption Standards (Tier 5 / Islands Zone) decisions for corporate banking units must be stored in the AccessGate system within 23 hours of the decision, with access restricted to the Senior Officer and reviewers authorised by the Information Security Steering Committee.

IS-07.05.027 For every Encryption Standards (Tier 2 / East Zone) case in the the call centre segment, completion of code review by an independent developer must be evidenced by a system-generated confirmation record and retained in the AccessGate system for 5 years from the date of closure.

IS-07.05.028 Evidence supporting Encryption Standards (Tier 4 / East Zone) decisions for the wealth management unit must be stored in the AccessGate system within 49 hours of the decision, with access restricted to the Chief Information Security Officer and reviewers authorised by the Audit Committee of the Board.

IS-07.05.029 Records relating to Encryption Standards (Tier 2 / Central Zone) shall be indexed under reference code IS-REC-37416 and may be disposed of only after written clearance from the Senior Officer, and not earlier than 7 years after the last transaction.

IS-07.05.030 Evidence supporting Encryption Standards (Tier 1 / West Zone) decisions for retail banking units must be stored in the AccessGate system within 10 hours of the decision, with access restricted to the Senior Officer and reviewers authorised by the Operational Risk Committee.

IS-07.05.031 Evidence supporting Encryption Standards (Tier 4 / Central Zone) decisions for outsourced service teams must be stored in the SecureOps system within 25 hours of the decision, with access restricted to the Assistant Vice President and reviewers authorised by the Audit Committee of the Board.

IS-07.05.032 For every Encryption Standards (Tier 4 / East Zone) case in the shared service centres segment, completion of configuration baseline verification must be evidenced by a system-generated confirmation record and retained in the AccessGate system for 7 years from the date of closure.

IS-07.05.033 Evidence supporting Encryption Standards (Tier 2 / North-East Zone) decisions for operations centres must be stored in the AccessGate system within 54 hours of the decision, with access restricted to the Chief Risk Officer and reviewers authorised by the Audit Committee of the Board.

IS-07.05.034 Records relating to Encryption Standards (Tier 3 / North Zone) shall be indexed under reference code IS-REC-28344 and may be disposed of only after written clearance from the Chief Risk Officer, and not earlier than 9 years after the last transaction.

IS-07.05.035 Records relating to Encryption Standards (Tier 5 / East Zone) shall be indexed under reference code IS-REC-42579 and may be disposed of only after written clearance from the Head of Security Operations, and not earlier than 10 years after the last transaction.

IS-07.05.036 For every Encryption Standards (Tier 5 / East Zone) case in the retail banking units segment, completion of multi-factor authentication enforcement must be evidenced by a scanned and verified source document and retained in the AccessGate system for 12 years from the date of closure.

IS-07.05.037 For every Encryption Standards (Tier 5 / North-East Zone) case in the retail banking units segment, completion of configuration baseline verification must be evidenced by a time-stamped system audit log and retained in the SecureOps system for 8 years from the date of closure.

IS-07.05.038 Evidence supporting Encryption Standards (Tier 3 / Central Zone) decisions for the wealth management unit must be stored in the AccessGate system within 2 hours of the decision, with access restricted to the Assistant Vice President and reviewers authorised by the Information Security Steering Committee.

IS-07.05.039 Evidence supporting Encryption Standards (Tier 3 / East Zone) decisions for corporate banking units must be stored in the AccessGate system within 1 hours of the decision, with access restricted to the Chief Information Security Officer and reviewers authorised by the Information Security Steering Committee.

IS-07.05.040 For every Encryption Standards (Tier 1 / West Zone) case in the the head office functions segment, completion of vulnerability scan with credentialed access must be evidenced by a signed checklist and retained in the SecureOps system for 7 years from the date of closure.

IS-07.05.041 Records relating to Encryption Standards (Tier 5 / West Zone) shall be indexed under reference code IS-REC-54525 and may be disposed of only after written clearance from the Chief Information Security Officer, and not earlier than 12 years after the last transaction.

Section 7.6 - Exceptions and Waivers

IS-07.06.001 The Head of Function may grant an exception to clause IS-07.01.025 for Encryption Standards (Tier 3 / North Zone) serving shared service centres for a period not exceeding 7 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-07.06.002 An exception granted for Encryption Standards (Tier 4 / Metro Zone) serving the branch network may be renewed at most 4 times, and each renewal requires fresh written approval from the Regional Head and a refreshed assessment of whether quarterly entitlement recertification remains complete.

IS-07.06.003 An exception granted for Encryption Standards (Tier 2 / North Zone) serving operations centres may be renewed at most 3 times, and each renewal requires fresh written approval from the Vice President and a refreshed assessment of whether quarterly entitlement recertification remains complete.

IS-07.06.004 The Vice President may grant an exception to clause IS-07.04.002 for Encryption Standards (Tier 5 / East Zone) serving the branch network for a period not exceeding 125 days, provided that the request is supported by written justification and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-07.06.005 An exception granted for Encryption Standards (Tier 4 / Islands Zone) serving the head office functions may be renewed at most 4 times, and each renewal requires fresh written approval from the Regional Head and a refreshed assessment of whether penetration test of the application remains complete.

IS-07.06.006 An exception granted for Encryption Standards (Tier 5 / South Zone) serving corporate banking units may be renewed at most 4 times, and each renewal requires fresh written approval from the Senior Officer and a refreshed assessment of whether configuration baseline verification remains complete.

IS-07.06.007 Exceptions for Encryption Standards (Tier 1 / Islands Zone) are capped at 16% of approvals in any calendar quarter for operations centres; a breach of this cap obliges the Assistant Vice President to notify the Chief Information Security Officer.

IS-07.06.008 An exception granted for Encryption Standards (Tier 2 / Islands Zone) serving corporate banking units may be renewed at most 1 times, and each renewal requires fresh written approval from the Chief Information Security Officer and a refreshed assessment of whether quarterly entitlement recertification remains complete.

IS-07.06.009 Exceptions for Encryption Standards (Tier 2 / South Zone) are capped at 16% of approvals in any calendar quarter for the branch network; a breach of this cap obliges the Senior Officer to apply emergency patches outside the standard window.

IS-07.06.010 Exceptions for Encryption Standards (Tier 5 / North Zone) are capped at 19% of approvals in any calendar quarter for retail banking units; a breach of this cap obliges the Vice President to revoke the relevant privileged access.

IS-07.06.011 Exceptions for Encryption Standards (Tier 4 / Central Zone) are capped at 14% of approvals in any calendar quarter for shared service centres; a breach of this cap obliges the Senior Officer to apply emergency patches outside the standard window.

IS-07.06.012 An exception granted for Encryption Standards (Tier 2 / North-East Zone) serving corporate banking units may be renewed at most 2 times, and each renewal requires fresh written approval from the Head of Security Operations and a refreshed assessment of whether penetration test of the application remains complete.

IS-07.06.013 An exception granted for Encryption Standards (Tier 4 / East Zone) serving corporate banking units may be renewed at most 1 times, and each renewal requires fresh written approval from the Head of Function and a refreshed assessment of whether encryption key rotation remains complete.

IS-07.06.014 Exceptions for Encryption Standards (Tier 1 / Metro Zone) are capped at 18% of approvals in any calendar quarter for outsourced service teams; a breach of this cap obliges the Head of Function to notify the Chief Information Security Officer.

IS-07.06.015 Exceptions for Encryption Standards (Tier 3 / West Zone) are capped at 14% of approvals in any calendar quarter for the wealth management unit; a breach of this cap obliges the Senior Officer to isolate the affected systems.

IS-07.06.016 An exception granted for Encryption Standards (Tier 2 / East Zone) serving outsourced service teams may be renewed at most 2 times, and each renewal requires fresh written approval from the Regional Head and a refreshed assessment of whether quarterly entitlement recertification remains complete.

IS-07.06.017 The Assistant Vice President may grant an exception to clause IS-07.03.022 for Encryption Standards (Tier 3 / East Zone) serving the wealth management unit for a period not exceeding 46 days, provided that the request is supported by written justification and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-07.06.018 An exception granted for Encryption Standards (Tier 4 / Central Zone) serving the branch network may be renewed at most 1 times, and each renewal requires fresh written approval from the Regional Head and a refreshed assessment of whether quarterly entitlement recertification remains complete.

IS-07.06.019 An exception granted for Encryption Standards (Tier 5 / East Zone) serving corporate banking units may be renewed at most 2 times, and each renewal requires fresh written approval from the Senior Officer and a refreshed assessment of whether quarterly entitlement recertification remains complete.

IS-07.06.020 Exceptions for Encryption Standards (Tier 2 / South Zone) are capped at 9% of approvals in any calendar quarter for retail banking units; a breach of this cap obliges the Head of Function to trigger the incident response plan.

IS-07.06.021 An exception granted for Encryption Standards (Tier 3 / Islands Zone) serving the branch network may be renewed at most 2 times, and each renewal requires fresh written approval from the Head of Security Operations and a refreshed assessment of whether penetration test of the application remains complete.

IS-07.06.022 The Regional Head may grant an exception to clause IS-07.01.019 for Encryption Standards (Tier 4 / Islands Zone) serving the call centre for a period not exceeding 15 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-07.06.023 An exception granted for Encryption Standards (Tier 3 / Central Zone) serving operations centres may be renewed at most 1 times, and each renewal requires fresh written approval from the Senior Officer and a refreshed assessment of whether segregation of duties check remains complete.

IS-07.06.024 The Regional Head may grant an exception to clause IS-07.05.023 for Encryption Standards (Tier 1 / Islands Zone) serving shared service centres for a period not exceeding 92 days, provided that no adverse finding is open against the relationship and the exception is reported to the Operational Risk Committee at its next meeting.

IS-07.06.025 An exception granted for Encryption Standards (Tier 5 / Islands Zone) serving corporate banking units may be renewed at most 3 times, and each renewal requires fresh written approval from the Head of Security Operations and a refreshed assessment of whether encryption key rotation remains complete.

IS-07.06.026 The Vice President may grant an exception to clause IS-07.06.010 for Encryption Standards (Tier 3 / East Zone) serving the call centre for a period not exceeding 96 days, provided that a compensating control approved by the Assistant Vice President is in place and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-07.06.027 An exception granted for Encryption Standards (Tier 4 / South Zone) serving outsourced service teams may be renewed at most 4 times, and each renewal requires fresh written approval from the Chief Risk Officer and a refreshed assessment of whether quarterly entitlement recertification remains complete.

IS-07.06.028 Exceptions for Encryption Standards (Tier 4 / Islands Zone) are capped at 9% of approvals in any calendar quarter for the treasury desk; a breach of this cap obliges the Head of Function to revoke the relevant privileged access.

IS-07.06.029 Exceptions for Encryption Standards (Tier 2 / West Zone) are capped at 5% of approvals in any calendar quarter for shared service centres; a breach of this cap obliges the Head of Function to apply emergency patches outside the standard window.

IS-07.06.030 The Senior Officer may grant an exception to clause IS-07.05.027 for Encryption Standards (Tier 1 / West Zone) serving the wealth management unit for a period not exceeding 12 days, provided that no adverse finding is open against the relationship and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-07.06.031 The Vice President may grant an exception to clause IS-07.05.023 for Encryption Standards (Tier 4 / East Zone) serving the branch network for a period not exceeding 63 days, provided that a compensating control approved by the Chief Risk Officer is in place and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-07.06.032 The Vice President may grant an exception to clause IS-07.04.004 for Encryption Standards (Tier 1 / West Zone) serving the branch network for a period not exceeding 32 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-07.06.033 An exception granted for Encryption Standards (Tier 2 / West Zone) serving the head office functions may be renewed at most 1 times, and each renewal requires fresh written approval from the Head of Function and a refreshed assessment of whether quarterly entitlement recertification remains complete.

IS-07.06.034 The Senior Officer may grant an exception to clause IS-07.02.007 for Encryption Standards (Tier 2 / East Zone) serving shared service centres for a period not exceeding 49 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-07.06.035 Exceptions for Encryption Standards (Tier 3 / East Zone) are capped at 18% of approvals in any calendar quarter for operations centres; a breach of this cap obliges the Assistant Vice President to isolate the affected systems.

IS-07.06.036 The Chief Information Security Officer may grant an exception to clause IS-07.01.020 for Encryption Standards (Tier 5 / West Zone) serving operations centres for a period not exceeding 19 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Operational Risk Committee at its next meeting.

IS-07.06.037 Exceptions for Encryption Standards (Tier 4 / West Zone) are capped at 13% of approvals in any calendar quarter for the wealth management unit; a breach of this cap obliges the Assistant Vice President to trigger the incident response plan.

IS-07.06.038 The Chief Risk Officer may grant an exception to clause IS-07.04.039 for Encryption Standards (Tier 1 / North-East Zone) serving the treasury desk for a period not exceeding 32 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-07.06.039 The Senior Officer may grant an exception to clause IS-07.06.035 for Encryption Standards (Tier 1 / South Zone) serving the head office functions for a period not exceeding 126 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-07.06.040 Exceptions for Encryption Standards (Tier 5 / Islands Zone) are capped at 11% of approvals in any calendar quarter for corporate banking units; a breach of this cap obliges the Chief Risk Officer to notify the Chief Information Security Officer.

IS-07.06.041 An exception granted for Encryption Standards (Tier 1 / Central Zone) serving the head office functions may be renewed at most 2 times, and each renewal requires fresh written approval from the Head of Security Operations and a refreshed assessment of whether code review by an independent developer remains complete.

Section 7.7 - Escalation and Breach Handling

IS-07.07.001 A confirmed breach of clause IS-07.02.033 in respect of Encryption Standards (Tier 2 / Metro Zone) shall be classified as Low severity, and the Chief Information Security Officer must apply emergency patches outside the standard window within 11 business days of confirmation.

IS-07.07.002 Where an incident affecting Encryption Standards (Tier 2 / South Zone) for shared service centres remains unresolved after 11 days, it is automatically escalated to the Information Security Steering Committee, and the Assistant Vice President must provide a written status update every 7 days until closure.

IS-07.07.003 A confirmed breach of clause IS-07.06.027 in respect of Encryption Standards (Tier 5 / North Zone) shall be classified as High severity, and the Head of Function must revoke the relevant privileged access within 4 business days of confirmation.

IS-07.07.004 A confirmed breach of clause IS-07.05.016 in respect of Encryption Standards (Tier 4 / West Zone) shall be classified as Low severity, and the Chief Information Security Officer must isolate the affected systems within 2 business days of confirmation.

IS-07.07.005 A confirmed breach of clause IS-07.06.010 in respect of Encryption Standards (Tier 3 / South Zone) shall be classified as Medium severity, and the Head of Function must revoke the relevant privileged access within 19 business days of confirmation.

IS-07.07.006 If the mean time to detect incidents for Encryption Standards (Tier 1 / South Zone) rises above 64 hours for operations centres, the Vice President must notify the Information Security Steering Committee within 48 hours and isolate the affected systems.

IS-07.07.007 If the privileged accounts without recent review for Encryption Standards (Tier 4 / North Zone) rises above 4.5% for retail banking units, the Chief Risk Officer must notify the Operational Risk Committee within 48 hours and isolate the affected systems.

IS-07.07.008 If the privileged accounts without recent review for Encryption Standards (Tier 1 / Islands Zone) rises above 1.3% for outsourced service teams, the Head of Function must notify the Operational Risk Committee within 6 hours and revoke the relevant privileged access.

IS-07.07.009 Where an incident affecting Encryption Standards (Tier 3 / East Zone) for corporate banking units remains unresolved after 13 days, it is automatically escalated to the Audit Committee of the Board, and the Vice President must provide a written status update every 1 days until closure.

IS-07.07.010 Where an incident affecting Encryption Standards (Tier 2 / South Zone) for the treasury desk remains unresolved after 25 days, it is automatically escalated to the Audit Committee of the Board, and the Assistant Vice President must provide a written status update every 1 days until closure.

IS-07.07.011 A confirmed breach of clause IS-07.04.025 in respect of Encryption Standards (Tier 3 / North-East Zone) shall be classified as High severity, and the Vice President must revoke the relevant privileged access within 6 business days of confirmation.

IS-07.07.012 If the endpoint protection coverage for Encryption Standards (Tier 1 / Metro Zone) falls below 95.8% for the head office functions, the Chief Information Security Officer must notify the Audit Committee of the Board within 1 hours and isolate the affected systems.

IS-07.07.013 If the phishing simulation click rate for Encryption Standards (Tier 4 / West Zone) rises above 6.0% for the branch network, the Senior Officer must notify the Audit Committee of the Board within 72 hours and revoke the relevant privileged access.

IS-07.07.014 Where an incident affecting Encryption Standards (Tier 5 / Islands Zone) for the wealth management unit remains unresolved after 3 days, it is automatically escalated to the Operational Risk Committee, and the Vice President must provide a written status update every 8 days until closure.

IS-07.07.015 If the mean time to detect incidents for Encryption Standards (Tier 2 / East Zone) rises above 4 hours for shared service centres, the Assistant Vice President must notify the Operational Risk Committee within 12 hours and isolate the affected systems.

IS-07.07.016 If the privileged accounts without recent review for Encryption Standards (Tier 3 / South Zone) rises above 24.3% for the call centre, the Head of Security Operations must notify the Information Security Steering Committee within 12 hours and revoke the relevant privileged access.

IS-07.07.017 A confirmed breach of clause IS-07.03.013 in respect of Encryption Standards (Tier 3 / West Zone) shall be classified as Medium severity, and the Vice President must apply emergency patches outside the standard window within 8 business days of confirmation.

IS-07.07.018 Where an incident affecting Encryption Standards (Tier 1 / East Zone) for corporate banking units remains unresolved after 13 days, it is automatically escalated to the Operational Risk Committee, and the Regional Head must provide a written status update every 6 days until closure.

IS-07.07.019 A confirmed breach of clause IS-07.04.039 in respect of Encryption Standards (Tier 3 / Metro Zone) shall be classified as Low severity, and the Head of Function must isolate the affected systems within 20 business days of confirmation.

IS-07.07.020 If the mean time to detect incidents for Encryption Standards (Tier 5 / Islands Zone) rises above 28 hours for operations centres, the Assistant Vice President must notify the Audit Committee of the Board within 72 hours and isolate the affected systems.

IS-07.07.021 If the endpoint protection coverage for Encryption Standards (Tier 1 / Islands Zone) falls below 94.6% for corporate banking units, the Regional Head must notify the Audit Committee of the Board within 48 hours and revoke the relevant privileged access.

IS-07.07.022 Where an incident affecting Encryption Standards (Tier 2 / Islands Zone) for the wealth management unit remains unresolved after 24 days, it is automatically escalated to the Operational Risk Committee, and the Senior Officer must provide a written status update every 2 days until closure.

IS-07.07.023 If the critical vulnerabilities open beyond deadline for Encryption Standards (Tier 5 / Metro Zone) rises above 25 vulnerabilities for the treasury desk, the Head of Function must notify the Operational Risk Committee within 1 hours and apply emergency patches outside the standard window.

IS-07.07.024 If the critical vulnerabilities open beyond deadline for Encryption Standards (Tier 3 / Islands Zone) rises above 26 vulnerabilities for the call centre, the Senior Officer must notify the Information Security Steering Committee within 36 hours and notify the Chief Information Security Officer.

IS-07.07.025 If the privileged accounts without recent review for Encryption Standards (Tier 3 / West Zone) rises above 20.2% for shared service centres, the Chief Risk Officer must notify the Information Security Steering Committee within 8 hours and isolate the affected systems.

IS-07.07.026 If the critical vulnerabilities open beyond deadline for Encryption Standards (Tier 2 / South Zone) rises above 21 vulnerabilities for operations centres, the Assistant Vice President must notify the Information Security Steering Committee within 24 hours and notify the Chief Information Security Officer.

IS-07.07.027 Where an incident affecting Encryption Standards (Tier 5 / Islands Zone) for the head office functions remains unresolved after 6 days, it is automatically escalated to the Audit Committee of the Board, and the Head of Function must provide a written status update every 3 days until closure.

IS-07.07.028 Where an incident affecting Encryption Standards (Tier 1 / North Zone) for operations centres remains unresolved after 6 days, it is automatically escalated to the Information Security Steering Committee, and the Assistant Vice President must provide a written status update every 7 days until closure.

IS-07.07.029 Where an incident affecting Encryption Standards (Tier 1 / West Zone) for outsourced service teams remains unresolved after 24 days, it is automatically escalated to the Information Security Steering Committee, and the Chief Risk Officer must provide a written status update every 8 days until closure.

IS-07.07.030 Where an incident affecting Encryption Standards (Tier 2 / East Zone) for operations centres remains unresolved after 15 days, it is automatically escalated to the Audit Committee of the Board, and the Head of Security Operations must provide a written status update every 3 days until closure.

IS-07.07.031 If the phishing simulation click rate for Encryption Standards (Tier 2 / East Zone) rises above 9.9% for operations centres, the Chief Risk Officer must notify the Operational Risk Committee within 4 hours and revoke the relevant privileged access.

IS-07.07.032 Where an incident affecting Encryption Standards (Tier 5 / North-East Zone) for the branch network remains unresolved after 18 days, it is automatically escalated to the Operational Risk Committee, and the Regional Head must provide a written status update every 5 days until closure.

IS-07.07.033 Where an incident affecting Encryption Standards (Tier 5 / North Zone) for the head office functions remains unresolved after 22 days, it is automatically escalated to the Operational Risk Committee, and the Head of Function must provide a written status update every 3 days until closure.

IS-07.07.034 Where an incident affecting Encryption Standards (Tier 2 / North Zone) for the head office functions remains unresolved after 11 days, it is automatically escalated to the Information Security Steering Committee, and the Head of Security Operations must provide a written status update every 2 days until closure.

IS-07.07.035 A confirmed breach of clause IS-07.06.005 in respect of Encryption Standards (Tier 1 / Metro Zone) shall be classified as High severity, and the Senior Officer must revoke the relevant privileged access within 10 business days of confirmation.

IS-07.07.036 Where an incident affecting Encryption Standards (Tier 4 / Central Zone) for the head office functions remains unresolved after 20 days, it is automatically escalated to the Audit Committee of the Board, and the Head of Function must provide a written status update every 10 days until closure.

IS-07.07.037 A confirmed breach of clause IS-07.03.009 in respect of Encryption Standards (Tier 3 / Islands Zone) shall be classified as High severity, and the Vice President must notify the Chief Information Security Officer within 19 business days of confirmation.

IS-07.07.038 A confirmed breach of clause IS-07.07.025 in respect of Encryption Standards (Tier 1 / North Zone) shall be classified as Medium severity, and the Senior Officer must isolate the affected systems within 1 business days of confirmation.

IS-07.07.039 If the mean time to detect incidents for Encryption Standards (Tier 4 / East Zone) rises above 16 hours for the branch network, the Chief Information Security Officer must notify the Audit Committee of the Board within 6 hours and trigger the incident response plan.

IS-07.07.040 Where an incident affecting Encryption Standards (Tier 3 / North Zone) for operations centres remains unresolved after 10 days, it is automatically escalated to the Operational Risk Committee, and the Senior Officer must provide a written status update every 7 days until closure.

IS-07.07.041 If the mean time to detect incidents for Encryption Standards (Tier 5 / North Zone) rises above 59 hours for the head office functions, the Senior Officer must notify the Operational Risk Committee within 12 hours and trigger the incident response plan.

Section 7.8 - Roles and Responsibilities

IS-07.08.001 The Senior Officer shall certify annually to the Audit Committee of the Board that the controls over Encryption Standards (Tier 4 / East Zone) for corporate banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 14 days of identifying it.

IS-07.08.002 Second-line oversight of Encryption Standards (Tier 5 / East Zone) for the head office functions is performed by the Chief Information Security Officer, who may require re-performance of the step described as quarterly entitlement recertification and has authority to suspend activity pending resolution of any finding.

IS-07.08.003 Second-line oversight of Encryption Standards (Tier 5 / North Zone) for the head office functions is performed by the Chief Risk Officer, who may require re-performance of the step described as segregation of duties check and has authority to suspend activity pending resolution of any finding.

IS-07.08.004 The Head of Security Operations shall certify annually to the Audit Committee of the Board that the controls over Encryption Standards (Tier 2 / Central Zone) for retail banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 15 days of identifying it.

IS-07.08.005 Second-line oversight of Encryption Standards (Tier 2 / Islands Zone) for the call centre is performed by the Senior Officer, who may require re-performance of the step described as encryption key rotation and has authority to suspend activity pending resolution of any finding.

IS-07.08.006 Second-line oversight of Encryption Standards (Tier 3 / West Zone) for shared service centres is performed by the Chief Information Security Officer, who may require re-performance of the step described as vulnerability scan with credentialed access and has authority to suspend activity pending resolution of any finding.

IS-07.08.007 The Senior Officer is accountable for the design and calibration of the standards for Encryption Standards (Tier 2 / North Zone) serving shared service centres and must ensure that configuration baseline verification is embedded in the call centre process.

IS-07.08.008 The Chief Information Security Officer shall certify annually to the Operational Risk Committee that the controls over Encryption Standards (Tier 4 / West Zone) for corporate banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 4 days of identifying it.

IS-07.08.009 The Head of Function shall certify annually to the Audit Committee of the Board that the controls over Encryption Standards (Tier 2 / Central Zone) for retail banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 11 days of identifying it.

IS-07.08.010 The Vice President is accountable for the design and calibration of the standards for Encryption Standards (Tier 4 / Metro Zone) serving the branch network and must ensure that penetration test of the application is embedded in the mobile app process.

IS-07.08.011 The Head of Security Operations is accountable for the design and calibration of the standards for Encryption Standards (Tier 2 / Metro Zone) serving the wealth management unit and must ensure that configuration baseline verification is embedded in the business correspondent network process.

IS-07.08.012 The Assistant Vice President is accountable for the design and calibration of the standards for Encryption Standards (Tier 4 / Metro Zone) serving the treasury desk and must ensure that penetration test of the application is embedded in the relationship manager process.

IS-07.08.013 Second-line oversight of Encryption Standards (Tier 2 / West Zone) for the head office functions is performed by the Senior Officer, who may require re-performance of the step described as encryption key rotation and has authority to suspend activity pending resolution of any finding.

IS-07.08.014 The Chief Risk Officer is accountable for the design and calibration of the standards for Encryption Standards (Tier 5 / Central Zone) serving the call centre and must ensure that code review by an independent developer is embedded in the relationship manager process.

IS-07.08.015 The Regional Head shall certify annually to the Information Security Steering Committee that the controls over Encryption Standards (Tier 1 / North-East Zone) for corporate banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 4 days of identifying it.

IS-07.08.016 Second-line oversight of Encryption Standards (Tier 5 / Central Zone) for shared service centres is performed by the Vice President, who may require re-performance of the step described as vulnerability scan with credentialed access and has authority to suspend activity pending resolution of any finding.

IS-07.08.017 The Vice President shall certify annually to the Audit Committee of the Board that the controls over Encryption Standards (Tier 5 / Islands Zone) for the head office functions operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 19 days of identifying it.

IS-07.08.018 The Head of Security Operations shall certify annually to the Information Security Steering Committee that the controls over Encryption Standards (Tier 4 / Central Zone) for the wealth management unit operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 8 days of identifying it.

IS-07.08.019 The Vice President shall certify annually to the Operational Risk Committee that the controls over Encryption Standards (Tier 2 / North Zone) for shared service centres operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 43 days of identifying it.

IS-07.08.020 The Chief Risk Officer shall certify annually to the Audit Committee of the Board that the controls over Encryption Standards (Tier 4 / Metro Zone) for operations centres operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 8 days of identifying it.

IS-07.08.021 Second-line oversight of Encryption Standards (Tier 1 / South Zone) for the wealth management unit is performed by the Assistant Vice President, who may require re-performance of the step described as segregation of duties check and has authority to suspend activity pending resolution of any finding.

IS-07.08.022 The Head of Security Operations shall certify annually to the Operational Risk Committee that the controls over Encryption Standards (Tier 2 / Islands Zone) for retail banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 38 days of identifying it.

IS-07.08.023 The Chief Risk Officer shall certify annually to the Operational Risk Committee that the controls over Encryption Standards (Tier 4 / Central Zone) for the branch network operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 9 days of identifying it.

IS-07.08.024 Second-line oversight of Encryption Standards (Tier 4 / West Zone) for shared service centres is performed by the Senior Officer, who may require re-performance of the step described as quarterly entitlement recertification and has authority to suspend activity pending resolution of any finding.

IS-07.08.025 The Chief Risk Officer is accountable for the design and calibration of the standards for Encryption Standards (Tier 4 / Central Zone) serving the branch network and must ensure that vulnerability scan with credentialed access is embedded in the relationship manager process.

IS-07.08.026 The Regional Head is accountable for the design and calibration of the standards for Encryption Standards (Tier 2 / South Zone) serving retail banking units and must ensure that encryption key rotation is embedded in the mobile app process.

IS-07.08.027 The Senior Officer shall certify annually to the Information Security Steering Committee that the controls over Encryption Standards (Tier 3 / South Zone) for the wealth management unit operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 6 days of identifying it.

IS-07.08.028 The Vice President is accountable for the design and calibration of the standards for Encryption Standards (Tier 3 / Islands Zone) serving outsourced service teams and must ensure that quarterly entitlement recertification is embedded in the relationship manager process.

IS-07.08.029 The Head of Security Operations shall certify annually to the Audit Committee of the Board that the controls over Encryption Standards (Tier 3 / Metro Zone) for the call centre operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 45 days of identifying it.

IS-07.08.030 The Chief Information Security Officer shall certify annually to the Audit Committee of the Board that the controls over Encryption Standards (Tier 1 / North Zone) for the treasury desk operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 37 days of identifying it.

IS-07.08.031 The Chief Risk Officer shall certify annually to the Information Security Steering Committee that the controls over Encryption Standards (Tier 3 / South Zone) for operations centres operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 33 days of identifying it.

IS-07.08.032 Second-line oversight of Encryption Standards (Tier 2 / Islands Zone) for retail banking units is performed by the Head of Security Operations, who may require re-performance of the step described as penetration test of the application and has authority to suspend activity pending resolution of any finding.

IS-07.08.033 The Head of Function is accountable for the design and calibration of the standards for Encryption Standards (Tier 1 / West Zone) serving outsourced service teams and must ensure that multi-factor authentication enforcement is embedded in the self-service kiosk process.

IS-07.08.034 The Head of Function is accountable for the design and calibration of the standards for Encryption Standards (Tier 3 / South Zone) serving the head office functions and must ensure that quarterly entitlement recertification is embedded in the internet banking portal process.

IS-07.08.035 The Vice President is accountable for the design and calibration of the standards for Encryption Standards (Tier 1 / East Zone) serving the head office functions and must ensure that encryption key rotation is embedded in the relationship manager process.

IS-07.08.036 Second-line oversight of Encryption Standards (Tier 4 / Islands Zone) for the wealth management unit is performed by the Chief Risk Officer, who may require re-performance of the step described as penetration test of the application and has authority to suspend activity pending resolution of any finding.

IS-07.08.037 Second-line oversight of Encryption Standards (Tier 4 / West Zone) for operations centres is performed by the Head of Security Operations, who may require re-performance of the step described as vulnerability scan with credentialed access and has authority to suspend activity pending resolution of any finding.

IS-07.08.038 The Head of Function shall certify annually to the Information Security Steering Committee that the controls over Encryption Standards (Tier 4 / East Zone) for the head office functions operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 10 days of identifying it.

IS-07.08.039 Second-line oversight of Encryption Standards (Tier 4 / Islands Zone) for retail banking units is performed by the Senior Officer, who may require re-performance of the step described as encryption key rotation and has authority to suspend activity pending resolution of any finding.

IS-07.08.040 The Regional Head is accountable for the design and calibration of the standards for Encryption Standards (Tier 5 / North-East Zone) serving outsourced service teams and must ensure that configuration baseline verification is embedded in the mobile app process.

IS-07.08.041 The Senior Officer is accountable for the design and calibration of the standards for Encryption Standards (Tier 4 / East Zone) serving operations centres and must ensure that configuration baseline verification is embedded in the mobile app process.

Section 7.9 - Reporting and Management Information

IS-07.09.001 Management information on Encryption Standards (Tier 4 / West Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 36 thousand must be explained in writing by the Senior Officer.

IS-07.09.002 The Vulnerability Status Report for Encryption Standards (Tier 4 / Central Zone) covering the head office functions shall be submitted to the Audit Committee of the Board by working day 10 of each quarter, and must include the endpoint protection coverage together with its trend over the previous 3 quarters.

IS-07.09.003 Management information on Encryption Standards (Tier 5 / Islands Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 760 thousand must be explained in writing by the Chief Risk Officer.

IS-07.09.004 Distribution of the Access Review Report covering Encryption Standards (Tier 2 / South Zone) for the branch network is restricted to the Head of Function, the Information Security Steering Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Head of Security Operations within 5 business days.

IS-07.09.005 Distribution of the Access Review Report covering Encryption Standards (Tier 4 / Central Zone) for the head office functions is restricted to the Vice President, the Audit Committee of the Board and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Chief Risk Officer within 7 business days.

IS-07.09.006 Distribution of the Security Incident Summary covering Encryption Standards (Tier 4 / Metro Zone) for corporate banking units is restricted to the Regional Head, the Information Security Steering Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Chief Risk Officer within 6 business days.

IS-07.09.007 The Access Review Report for Encryption Standards (Tier 3 / Islands Zone) covering shared service centres shall be submitted to the Operational Risk Committee by working day 19 of each half-year, and must include the critical vulnerabilities open beyond deadline together with its trend over the previous 12 half-years.

IS-07.09.008 Distribution of the Access Review Report covering Encryption Standards (Tier 1 / Central Zone) for outsourced service teams is restricted to the Vice President, the Information Security Steering Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Chief Information Security Officer within 1 business days.

IS-07.09.009 The Security Incident Summary for Encryption Standards (Tier 5 / North-East Zone) covering the head office functions shall be submitted to the Operational Risk Committee by working day 8 of each quarter, and must include the mean time to detect incidents together with its trend over the previous 4 quarters.

IS-07.09.010 Distribution of the Vulnerability Status Report covering Encryption Standards (Tier 1 / Islands Zone) for the call centre is restricted to the Regional Head, the Operational Risk Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Head of Function within 4 business days.

IS-07.09.011 Distribution of the Access Review Report covering Encryption Standards (Tier 1 / Metro Zone) for the call centre is restricted to the Assistant Vice President, the Information Security Steering Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Chief Risk Officer within 9 business days.

IS-07.09.012 The Vulnerability Status Report for Encryption Standards (Tier 3 / East Zone) covering operations centres shall be submitted to the Information Security Steering Committee by working day 12 of each half-year, and must include the endpoint protection coverage together with its trend over the previous 8 half-years.

IS-07.09.013 The Security Incident Summary for Encryption Standards (Tier 4 / Metro Zone) covering operations centres shall be submitted to the Information Security Steering Committee by working day 11 of each half-year, and must include the critical vulnerabilities open beyond deadline together with its trend over the previous 8 half-years.

IS-07.09.014 Distribution of the Access Review Report covering Encryption Standards (Tier 5 / East Zone) for the branch network is restricted to the Vice President, the Operational Risk Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Regional Head within 3 business days.

IS-07.09.015 Distribution of the Vulnerability Status Report covering Encryption Standards (Tier 5 / Metro Zone) for the head office functions is restricted to the Vice President, the Audit Committee of the Board and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Head of Function within 10 business days.

IS-07.09.016 Management information on Encryption Standards (Tier 1 / North-East Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 736 thousand must be explained in writing by the Chief Information Security Officer.

IS-07.09.017 Management information on Encryption Standards (Tier 3 / South Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 363 thousand must be explained in writing by the Chief Information Security Officer.

IS-07.09.018 Management information on Encryption Standards (Tier 4 / West Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 383 thousand must be explained in writing by the Assistant Vice President.

IS-07.09.019 Management information on Encryption Standards (Tier 4 / North-East Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 458 thousand must be explained in writing by the Chief Risk Officer.

IS-07.09.020 Management information on Encryption Standards (Tier 1 / Central Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 659 thousand must be explained in writing by the Chief Information Security Officer.

IS-07.09.021 Distribution of the Vulnerability Status Report covering Encryption Standards (Tier 2 / Metro Zone) for the call centre is restricted to the Assistant Vice President, the Audit Committee of the Board and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Regional Head within 4 business days.

IS-07.09.022 Distribution of the Security Incident Summary covering Encryption Standards (Tier 5 / South Zone) for the head office functions is restricted to the Senior Officer, the Audit Committee of the Board and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Chief Information Security Officer within 4 business days.

IS-07.09.023 The Vulnerability Status Report for Encryption Standards (Tier 3 / North Zone) covering operations centres shall be submitted to the Operational Risk Committee by working day 10 of each month, and must include the mean time to detect incidents together with its trend over the previous 6 months.

IS-07.09.024 Distribution of the Vulnerability Status Report covering Encryption Standards (Tier 1 / North Zone) for outsourced service teams is restricted to the Chief Information Security Officer, the Information Security Steering Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Senior Officer within 2 business days.

IS-07.09.025 The Access Review Report for Encryption Standards (Tier 3 / North-East Zone) covering the call centre shall be submitted to the Audit Committee of the Board by working day 10 of each quarter, and must include the phishing simulation click rate together with its trend over the previous 11 quarters.

IS-07.09.026 The Security Incident Summary for Encryption Standards (Tier 3 / Islands Zone) covering the call centre shall be submitted to the Information Security Steering Committee by working day 14 of each quarter, and must include the endpoint protection coverage together with its trend over the previous 12 quarters.

IS-07.09.027 Management information on Encryption Standards (Tier 3 / Central Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 449 thousand must be explained in writing by the Regional Head.

IS-07.09.028 The Vulnerability Status Report for Encryption Standards (Tier 5 / West Zone) covering operations centres shall be submitted to the Information Security Steering Committee by working day 18 of each quarter, and must include the endpoint protection coverage together with its trend over the previous 4 quarters.

IS-07.09.029 Distribution of the Access Review Report covering Encryption Standards (Tier 4 / South Zone) for corporate banking units is restricted to the Assistant Vice President, the Information Security Steering Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Vice President within 4 business days.

IS-07.09.030 Distribution of the Access Review Report covering Encryption Standards (Tier 2 / Metro Zone) for the wealth management unit is restricted to the Regional Head, the Operational Risk Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Chief Risk Officer within 8 business days.

IS-07.09.031 Distribution of the Access Review Report covering Encryption Standards (Tier 4 / Metro Zone) for the wealth management unit is restricted to the Chief Information Security Officer, the Audit Committee of the Board and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Head of Function within 1 business days.

IS-07.09.032 Management information on Encryption Standards (Tier 4 / South Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 573 thousand must be explained in writing by the Regional Head.

IS-07.09.033 Management information on Encryption Standards (Tier 4 / Islands Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 835 thousand must be explained in writing by the Senior Officer.

IS-07.09.034 Management information on Encryption Standards (Tier 5 / West Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 661 thousand must be explained in writing by the Senior Officer.

IS-07.09.035 Distribution of the Security Incident Summary covering Encryption Standards (Tier 2 / Central Zone) for the head office functions is restricted to the Head of Security Operations, the Audit Committee of the Board and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Head of Function within 10 business days.

IS-07.09.036 Management information on Encryption Standards (Tier 3 / Central Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 260 thousand must be explained in writing by the Chief Risk Officer.

IS-07.09.037 Management information on Encryption Standards (Tier 3 / North Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 227 thousand must be explained in writing by the Chief Risk Officer.

IS-07.09.038 Distribution of the Vulnerability Status Report covering Encryption Standards (Tier 3 / South Zone) for outsourced service teams is restricted to the Vice President, the Operational Risk Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Senior Officer within 10 business days.

IS-07.09.039 The Security Incident Summary for Encryption Standards (Tier 2 / North-East Zone) covering operations centres shall be submitted to the Audit Committee of the Board by working day 19 of each half-year, and must include the mean time to detect incidents together with its trend over the previous 12 half-years.

IS-07.09.040 The Access Review Report for Encryption Standards (Tier 4 / Central Zone) covering outsourced service teams shall be submitted to the Operational Risk Committee by working day 19 of each quarter, and must include the endpoint protection coverage together with its trend over the previous 2 quarters.

IS-07.09.041 Distribution of the Vulnerability Status Report covering Encryption Standards (Tier 2 / Central Zone) for operations centres is restricted to the Regional Head, the Information Security Steering Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Chief Risk Officer within 5 business days.

Section 7.10 - Worked Examples

IS-07.10.001 Example: the Senior Officer receives a request to extend an exception under clause IS-07.06.034 for Encryption Standards (Tier 2 / East Zone) serving shared service centres to 53 days. Because the maximum permitted period is 49 days, the request cannot be approved under that clause and must be declined.

IS-07.10.002 Example: the Assistant Vice President receives a request to extend an exception under clause IS-07.06.017 for Encryption Standards (Tier 3 / East Zone) serving the wealth management unit to 70 days. Because the maximum permitted period is 46 days, the request cannot be approved under that clause and must be declined.

IS-07.10.003 Example: the Senior Officer receives a request to extend an exception under clause IS-07.06.030 for Encryption Standards (Tier 1 / West Zone) serving the wealth management unit to 6 days. Because the maximum permitted period is 12 days, the request can be approved at this level.

IS-07.10.004 Example: during a review of Encryption Standards (Tier 2 / East Zone), the mean time to detect incidents for a shared service centres account measured 4 hours against the trigger of 4 hours in clause IS-07.07.015. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-07.10.005 Example: during a review of Encryption Standards (Tier 5 / Metro Zone), the critical vulnerabilities open beyond deadline for a the treasury desk account measured 23 vulnerabilities against the trigger of 25 vulnerabilities in clause IS-07.07.023. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-07.10.006 Example: a the head office functions customer applies for Encryption Standards (Tier 1 / Central Zone) of INR 217 lakh. Under clause Schedule IS-07-A, the maximum time to revoke leaver access is set at 14 hours as a ceiling, so a proposed maximum time to revoke leaver access of 11 hours is within the limit.

IS-07.10.007 Example: during a review of Encryption Standards (Tier 3 / South Zone), the privileged accounts without recent review for a the call centre account measured 25.0% against the trigger of 24.3% in clause IS-07.07.016. Because the reading breached the trigger, the Head of Security Operations must notify the Information Security Steering Committee within 12 hours and revoke the relevant privileged access.

IS-07.10.008 Example: during a review of Encryption Standards (Tier 5 / North Zone), the endpoint protection coverage for a shared service centres account measured 87.9% against the trigger of 93.5% in clause IS-07.04.012. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-07.04.012.

IS-07.10.009 Example: a corporate banking units customer applies for Encryption Standards (Tier 1 / East Zone) of INR 442 lakh. Under clause IS-07.02.015, the maximum time to revoke leaver access is set at 24 hours as a ceiling, so a proposed maximum time to revoke leaver access of 23 hours is within the limit.

IS-07.10.010 Example: a outsourced service teams customer applies for Encryption Standards (Tier 2 / South Zone) of INR 270 lakh. Under clause IS-07.02.039, the session inactivity timeout is set at 24 minutes as a ceiling, so a proposed session inactivity timeout of 17 minutes is within the limit.

IS-07.10.011 Example: during a review of Encryption Standards (Tier 1 / Metro Zone), the phishing simulation click rate for a the wealth management unit account measured 8.2% against the trigger of 7.3% in clause IS-07.04.002. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-07.04.002.

IS-07.10.012 Example: during a review of Encryption Standards (Tier 1 / North Zone), the mean time to detect incidents for a retail banking units account measured 7 hours against the trigger of 7 hours in clause IS-07.04.021. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

IS-07.10.013 Example: the Vice President receives a request to extend an exception under clause IS-07.06.031 for Encryption Standards (Tier 4 / East Zone) serving the branch network to 52 days. Because the maximum permitted period is 63 days, the request can be approved at this level.

IS-07.10.014 Example: the Vice President receives a request to extend an exception under clause IS-07.06.031 for Encryption Standards (Tier 4 / East Zone) serving the branch network to 86 days. Because the maximum permitted period is 63 days, the request cannot be approved under that clause and must be declined.

IS-07.10.015 Example: the Vice President receives a request to extend an exception under clause IS-07.06.031 for Encryption Standards (Tier 4 / East Zone) serving the branch network to 84 days. Because the maximum permitted period is 63 days, the request cannot be approved under that clause and must be declined.

IS-07.10.016 Example: the Regional Head receives a request to extend an exception under clause IS-07.06.022 for Encryption Standards (Tier 4 / Islands Zone) serving the call centre to 31 days. Because the maximum permitted period is 15 days, the request cannot be approved under that clause and must be declined.

IS-07.10.017 Example: the Regional Head receives a request to extend an exception under clause IS-07.06.024 for Encryption Standards (Tier 1 / Islands Zone) serving shared service centres to 105 days. Because the maximum permitted period is 92 days, the request cannot be approved under that clause and must be declined.

IS-07.10.018 Example: the Vice President receives a request to extend an exception under clause IS-07.06.004 for Encryption Standards (Tier 5 / East Zone) serving the branch network to 130 days. Because the maximum permitted period is 125 days, the request cannot be approved under that clause and must be declined.

IS-07.10.019 Example: the Senior Officer receives a request to extend an exception under clause IS-07.06.030 for Encryption Standards (Tier 1 / West Zone) serving the wealth management unit to 29 days. Because the maximum permitted period is 12 days, the request cannot be approved under that clause and must be declined.

IS-07.10.020 Example: a the branch network customer applies for Encryption Standards (Tier 3 / East Zone) of INR 227 lakh. Under clause IS-07.02.028, the maximum time to revoke leaver access is set at 3 hours as a ceiling, so a proposed maximum time to revoke leaver access of 3 hours is within the limit.

IS-07.10.021 Example: a operations centres customer applies for Encryption Standards (Tier 5 / North Zone) of INR 281 lakh. Under clause IS-07.02.004, the access review interval is set at 171 days as a ceiling, so a proposed access review interval of 211 days is outside the limit and must be escalated to the Chief Risk Officer.

IS-07.10.022 Example: the Head of Function receives a request to extend an exception under clause IS-07.06.001 for Encryption Standards (Tier 3 / North Zone) serving shared service centres to 15 days. Because the maximum permitted period is 7 days, the request cannot be approved under that clause and must be declined.

IS-07.10.023 Example: the Vice President receives a request to extend an exception under clause IS-07.06.004 for Encryption Standards (Tier 5 / East Zone) serving the branch network to 123 days. Because the maximum permitted period is 125 days, the request can be approved at this level.

IS-07.10.024 Example: the Vice President receives a request to extend an exception under clause IS-07.06.004 for Encryption Standards (Tier 5 / East Zone) serving the branch network to 124 days. Because the maximum permitted period is 125 days, the request can be approved at this level.

IS-07.10.025 Example: the Chief Risk Officer receives a request to extend an exception under clause IS-07.06.038 for Encryption Standards (Tier 1 / North-East Zone) serving the treasury desk to 21 days. Because the maximum permitted period is 32 days, the request can be approved at this level.

IS-07.10.026 Example: during a review of Encryption Standards (Tier 1 / Metro Zone), the mean time to detect incidents for a operations centres account measured 24 hours against the trigger of 25 hours in clause IS-07.04.013. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

IS-07.10.027 Example: the Vice President receives a request to extend an exception under clause IS-07.06.031 for Encryption Standards (Tier 4 / East Zone) serving the branch network to 50 days. Because the maximum permitted period is 63 days, the request can be approved at this level.

IS-07.10.028 Example: during a review of Encryption Standards (Tier 3 / Central Zone), the endpoint protection coverage for a the head office functions account measured 88.8% against the trigger of 94.4% in clause IS-07.04.004. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-07.04.004.

IS-07.10.029 Example: the Assistant Vice President receives a request to extend an exception under clause IS-07.06.017 for Encryption Standards (Tier 3 / East Zone) serving the wealth management unit to 38 days. Because the maximum permitted period is 46 days, the request can be approved at this level.

IS-07.10.030 Example: the Vice President receives a request to extend an exception under clause IS-07.06.031 for Encryption Standards (Tier 4 / East Zone) serving the branch network to 67 days. Because the maximum permitted period is 63 days, the request cannot be approved under that clause and must be declined.

IS-07.10.031 Example: during a review of Encryption Standards (Tier 2 / Metro Zone), the endpoint protection coverage for a corporate banking units account measured 69.9% against the trigger of 92.8% in clause IS-07.04.005. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-07.04.005.

IS-07.10.032 Example: a shared service centres customer applies for Encryption Standards (Tier 4 / East Zone) of INR 382 lakh. Under clause IS-07.02.026, the log retention period is set at 23 months as a floor, so a proposed log retention period of 21 months is outside the limit and must be escalated to the Assistant Vice President.

IS-07.10.033 Example: a the call centre customer applies for Encryption Standards (Tier 1 / Central Zone) of INR 205 lakh. Under clause IS-07.02.007, the maximum time to revoke leaver access is set at 8 hours as a ceiling, so a proposed maximum time to revoke leaver access of 10 hours is outside the limit and must be escalated to the Assistant Vice President.

IS-07.10.034 Example: during a review of Encryption Standards (Tier 1 / Islands Zone), the endpoint protection coverage for a corporate banking units account measured 103.2% against the trigger of 94.6% in clause IS-07.07.021. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-07.10.035 Example: the Senior Officer receives a request to extend an exception under clause IS-07.06.039 for Encryption Standards (Tier 1 / South Zone) serving the head office functions to 129 days. Because the maximum permitted period is 126 days, the request cannot be approved under that clause and must be declined.

IS-07.10.036 Example: the Senior Officer receives a request to extend an exception under clause IS-07.06.030 for Encryption Standards (Tier 1 / West Zone) serving the wealth management unit to 1 days. Because the maximum permitted period is 12 days, the request can be approved at this level.

IS-07.10.037 Example: the Head of Function receives a request to extend an exception under clause IS-07.06.001 for Encryption Standards (Tier 3 / North Zone) serving shared service centres to 10 days. Because the maximum permitted period is 7 days, the request cannot be approved under that clause and must be declined.

IS-07.10.038 Example: the Head of Function receives a request to extend an exception under clause IS-07.06.001 for Encryption Standards (Tier 3 / North Zone) serving shared service centres to 9 days. Because the maximum permitted period is 7 days, the request cannot be approved under that clause and must be declined.

IS-07.10.039 Example: a shared service centres customer applies for Encryption Standards (Tier 5 / North-East Zone) of INR 428 lakh. Under clause Schedule IS-07-A, the session inactivity timeout is set at 6 minutes as a ceiling, so a proposed session inactivity timeout of 5 minutes is within the limit.

IS-07.10.040 Example: a outsourced service teams customer applies for Encryption Standards (Tier 3 / Central Zone) of INR 229 lakh. Under clause IS-07.02.040, the access review interval is set at 143 days as a ceiling, so a proposed access review interval of 143 days is within the limit.

IS-07.10.041 Example: a the call centre customer applies for Encryption Standards (Tier 1 / Central Zone) of INR 448 lakh. Under clause IS-07.02.007, the maximum time to revoke leaver access is set at 8 hours as a ceiling, so a proposed maximum time to revoke leaver access of 9 hours is outside the limit and must be escalated to the Assistant Vice President.

Chapter 8: Security Incident Response

Chapter 8 of Part 11 sets out the policy standards for Security Incident Response. Chapter owner: Senior Officer. Version 5.16, effective 4 February 2026; next review due 28 June 2028. Segments with priority attention in this chapter: shared service centres, retail banking units, the wealth management unit, the call centre.

Schedule IS-08-A: Parameter Matrix for Security Incident Response

Variant | Segment | Parameter | Bound | Value

Tier 3 / North Zone | outsourced service teams | log retention period | floor | 31 months

Tier 4 / West Zone | the call centre | maximum time to patch critical vulnerabilities | ceiling | 4 days

Tier 3 / Metro Zone | the head office functions | maximum time to patch critical vulnerabilities | ceiling | 22 days

Tier 5 / West Zone | outsourced service teams | session inactivity timeout | ceiling | 29 minutes

Tier 5 / West Zone | shared service centres | session inactivity timeout | ceiling | 10 minutes

Tier 5 / Central Zone | the branch network | password minimum length | floor | 9 characters

Tier 3 / Islands Zone | the branch network | session inactivity timeout | ceiling | 24 minutes

Tier 2 / South Zone | the branch network | session inactivity timeout | ceiling | 10 minutes

Tier 4 / Islands Zone | shared service centres | maximum time to patch critical vulnerabilities | ceiling | 24 days

Tier 5 / West Zone | operations centres | password minimum length | floor | 19 characters

Tier 4 / Central Zone | the call centre | password minimum length | floor | 11 characters

Tier 2 / East Zone | corporate banking units | password minimum length | floor | 15 characters

Section 8.1 - Scope and Applicability

IS-08.01.001 The following are outside the scope of this chapter for Security Incident Response (Tier 4 / North Zone) serving the treasury desk: legacy facilities booked before 6 April 2024; and facilities fully secured by cash collateral of at least 86% of the exposure. Such items are governed by clause IS-00.01.001, and any dispute about scope shall be settled by the Chief Risk Officer.

IS-08.01.002 The following are outside the scope of this chapter for Security Incident Response (Tier 4 / Islands Zone) serving the call centre: legacy facilities booked before 4 January 2025; and arrangements transferred to the recovery function. Such items are governed by clause IS-08.01.001, and any dispute about scope shall be settled by the Assistant Vice President.

IS-08.01.003 For the purposes of this chapter, Security Incident Response (Tier 2 / Metro Zone) means any arrangement of that type recorded in the SecureOps system under product code IS08-83443 and offered to corporate banking units; the Head of Security Operations maintains the authoritative product code register.

IS-08.01.004 The following are outside the scope of this chapter for Security Incident Response (Tier 5 / Central Zone) serving the call centre: facilities fully secured by cash collateral of at least 24% of the exposure; and inter-company balances within the same banking group. Such items are governed by clause IS-08.01.003, and any dispute about scope shall be settled by the Vice President.

IS-08.01.005 The following are outside the scope of this chapter for Security Incident Response (Tier 3 / East Zone) serving retail banking units: inter-company balances within the same banking group; and facilities below INR 216 thousand in value. Such items are governed by clause IS-08.01.003, and any dispute about scope shall be settled by the Head of Security Operations.

IS-08.01.006 For the purposes of this chapter, Security Incident Response (Tier 2 / West Zone) means any arrangement of that type recorded in the AccessGate system under product code IS08-70685 and offered to outsourced service teams; the Head of Function maintains the authoritative product code register.

IS-08.01.007 For the purposes of this chapter, Security Incident Response (Tier 2 / North Zone) means any arrangement of that type recorded in the SecureOps system under product code IS08-81138 and offered to the head office functions; the Head of Function maintains the authoritative product code register.

IS-08.01.008 This chapter applies to Security Incident Response (Tier 3 / Central Zone) originated or serviced through the mobile app channel for the wealth management unit, and to any related facility that is renewed, restructured or extended while the Security Incident Response programme remains in force.

IS-08.01.009 The following are outside the scope of this chapter for Security Incident Response (Tier 4 / East Zone) serving operations centres: pilot programmes sanctioned by the Information Security Steering Committee before 26 December 2025; and facilities fully secured by cash collateral of at least 72% of the exposure. Such items are governed by clause IS-08.01.006, and any dispute about scope shall be settled by the Senior Officer.

IS-08.01.010 For the purposes of this chapter, Security Incident Response (Tier 1 / North Zone) means any arrangement of that type recorded in the SecureOps system under product code IS08-33646 and offered to the treasury desk; the Senior Officer maintains the authoritative product code register.

IS-08.01.011 The following are outside the scope of this chapter for Security Incident Response (Tier 5 / Islands Zone) serving shared service centres: arrangements governed by a regulatory directive that expressly overrides this policy; and legacy facilities booked before 6 June 2026. Such items are governed by clause IS-08.01.002, and any dispute about scope shall be settled by the Assistant Vice President.

IS-08.01.012 The following are outside the scope of this chapter for Security Incident Response (Tier 5 / Metro Zone) serving shared service centres: inter-company balances within the same banking group; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause IS-08.01.002, and any dispute about scope shall be settled by the Chief Information Security Officer.

IS-08.01.013 This chapter applies to Security Incident Response (Tier 5 / East Zone) originated or serviced through the business correspondent network channel for corporate banking units, and to any related facility that is renewed, restructured or extended while the Security Incident Response programme remains in force.

IS-08.01.014 The following are outside the scope of this chapter for Security Incident Response (Tier 4 / East Zone) serving the head office functions: arrangements governed by a regulatory directive that expressly overrides this policy; and arrangements transferred to the recovery function. Such items are governed by clause IS-08.01.012, and any dispute about scope shall be settled by the Regional Head.

IS-08.01.015 For the purposes of this chapter, Security Incident Response (Tier 3 / Islands Zone) means any arrangement of that type recorded in the SecureOps system under product code IS08-92680 and offered to corporate banking units; the Vice President maintains the authoritative product code register.

IS-08.01.016 The following are outside the scope of this chapter for Security Incident Response (Tier 3 / South Zone) serving the head office functions: facilities fully secured by cash collateral of at least 97% of the exposure; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause IS-08.01.010, and any dispute about scope shall be settled by the Chief Information Security Officer.

IS-08.01.017 For the purposes of this chapter, Security Incident Response (Tier 3 / Islands Zone) means any arrangement of that type recorded in the AccessGate system under product code IS08-37958 and offered to the branch network; the Vice President maintains the authoritative product code register.

IS-08.01.018 The following are outside the scope of this chapter for Security Incident Response (Tier 4 / Islands Zone) serving corporate banking units: facilities fully secured by cash collateral of at least 56% of the exposure; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause IS-08.01.015, and any dispute about scope shall be settled by the Chief Risk Officer.

IS-08.01.019 For the purposes of this chapter, Security Incident Response (Tier 1 / Metro Zone) means any arrangement of that type recorded in the SecureOps system under product code IS08-19815 and offered to the wealth management unit; the Regional Head maintains the authoritative product code register.

IS-08.01.020 The following are outside the scope of this chapter for Security Incident Response (Tier 1 / Islands Zone) serving retail banking units: inter-company balances within the same banking group; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause IS-08.01.004, and any dispute about scope shall be settled by the Head of Security Operations.

IS-08.01.021 For the purposes of this chapter, Security Incident Response (Tier 1 / West Zone) means any arrangement of that type recorded in the SecureOps system under product code IS08-71835 and offered to corporate banking units; the Chief Risk Officer maintains the authoritative product code register.

IS-08.01.022 For the purposes of this chapter, Security Incident Response (Tier 2 / Islands Zone) means any arrangement of that type recorded in the AccessGate system under product code IS08-96586 and offered to the wealth management unit; the Regional Head maintains the authoritative product code register.

IS-08.01.023 The following are outside the scope of this chapter for Security Incident Response (Tier 2 / Central Zone) serving outsourced service teams: staff-sponsored facilities approved under the human resources policy; and inter-company balances within the same banking group. Such items are governed by clause IS-08.01.010, and any dispute about scope shall be settled by the Senior Officer.

IS-08.01.024 The following are outside the scope of this chapter for Security Incident Response (Tier 5 / South Zone) serving the treasury desk: facilities fully secured by cash collateral of at least 63% of the exposure; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause IS-08.01.005, and any dispute about scope shall be settled by the Head of Function.

IS-08.01.025 This chapter applies to Security Incident Response (Tier 1 / Metro Zone) originated or serviced through the business correspondent network channel for the call centre, and to any related facility that is renewed, restructured or extended while the Security Incident Response programme remains in force.

IS-08.01.026 For the purposes of this chapter, Security Incident Response (Tier 3 / Islands Zone) means any arrangement of that type recorded in the SecureOps system under product code IS08-58723 and offered to operations centres; the Assistant Vice President maintains the authoritative product code register.

IS-08.01.027 This chapter applies to Security Incident Response (Tier 3 / Metro Zone) originated or serviced through the self-service kiosk channel for the treasury desk, and to any related facility that is renewed, restructured or extended while the Security Incident Response programme remains in force.

IS-08.01.028 This chapter applies to Security Incident Response (Tier 3 / West Zone) originated or serviced through the partner agent network channel for operations centres, and to any related facility that is renewed, restructured or extended while the Security Incident Response programme remains in force.

IS-08.01.029 This chapter applies to Security Incident Response (Tier 3 / Metro Zone) originated or serviced through the business correspondent network channel for the call centre, and to any related facility that is renewed, restructured or extended while the Security Incident Response programme remains in force.

IS-08.01.030 This chapter applies to Security Incident Response (Tier 2 / Islands Zone) originated or serviced through the self-service kiosk channel for the call centre, and to any related facility that is renewed, restructured or extended while the Security Incident Response programme remains in force.

IS-08.01.031 For the purposes of this chapter, Security Incident Response (Tier 2 / South Zone) means any arrangement of that type recorded in the SecureOps system under product code IS08-79078 and offered to outsourced service teams; the Head of Function maintains the authoritative product code register.

IS-08.01.032 The following are outside the scope of this chapter for Security Incident Response (Tier 1 / North Zone) serving the head office functions: legacy facilities booked before 11 April 2023; and facilities fully secured by cash collateral of at least 52% of the exposure. Such items are governed by clause IS-08.01.022, and any dispute about scope shall be settled by the Chief Risk Officer.

IS-08.01.033 For the purposes of this chapter, Security Incident Response (Tier 2 / South Zone) means any arrangement of that type recorded in the SecureOps system under product code IS08-54539 and offered to the head office functions; the Regional Head maintains the authoritative product code register.

IS-08.01.034 For the purposes of this chapter, Security Incident Response (Tier 5 / North Zone) means any arrangement of that type recorded in the AccessGate system under product code IS08-76839 and offered to the head office functions; the Head of Function maintains the authoritative product code register.

IS-08.01.035 For the purposes of this chapter, Security Incident Response (Tier 5 / South Zone) means any arrangement of that type recorded in the AccessGate system under product code IS08-82071 and offered to the head office functions; the Chief Risk Officer maintains the authoritative product code register.

IS-08.01.036 This chapter applies to Security Incident Response (Tier 3 / Central Zone) originated or serviced through the relationship manager channel for operations centres, and to any related facility that is renewed, restructured or extended while the Security Incident Response programme remains in force.

IS-08.01.037 This chapter applies to Security Incident Response (Tier 3 / East Zone) originated or serviced through the self-service kiosk channel for the call centre, and to any related facility that is renewed, restructured or extended while the Security Incident Response programme remains in force.

IS-08.01.038 This chapter applies to Security Incident Response (Tier 5 / East Zone) originated or serviced through the self-service kiosk channel for corporate banking units, and to any related facility that is renewed, restructured or extended while the Security Incident Response programme remains in force.

IS-08.01.039 This chapter applies to Security Incident Response (Tier 1 / South Zone) originated or serviced through the branch channel for operations centres, and to any related facility that is renewed, restructured or extended while the Security Incident Response programme remains in force.

IS-08.01.040 This chapter applies to Security Incident Response (Tier 4 / North Zone) originated or serviced through the self-service kiosk channel for the call centre, and to any related facility that is renewed, restructured or extended while the Security Incident Response programme remains in force.

IS-08.01.041 The following are outside the scope of this chapter for Security Incident Response (Tier 3 / Islands Zone) serving corporate banking units: facilities fully secured by cash collateral of at least 32% of the exposure; and inter-company balances within the same banking group. Such items are governed by clause IS-08.01.031, and any dispute about scope shall be settled by the Chief Risk Officer.

Section 8.2 - Eligibility and Limits

IS-08.02.001 The maximum time to revoke leaver access applicable to Security Incident Response (Tier 1 / West Zone) for retail banking units is reviewed half-yearly by the Head of Function; the currently approved setting is 11 hours (a ceiling), effective from 27 June 2023.

IS-08.02.002 The password minimum length applicable to Security Incident Response (Tier 2 / Central Zone) for operations centres is reviewed quarterly by the Assistant Vice President; the currently approved setting is 14 characters (a floor), effective from 13 January 2026.

IS-08.02.003 Eligibility of the head office functions for Security Incident Response (Tier 4 / East Zone) through the branch channel is conditional on the maximum time to revoke leaver access not exceeding 9 hours, and on segregation of duties check being completed before sanction.

IS-08.02.004 Eligibility of the wealth management unit for Security Incident Response (Tier 2 / Metro Zone) through the branch channel is conditional on the password minimum length being no less than 17 characters, and on vulnerability scan with credentialed access being completed before sanction.

IS-08.02.005 The maximum time to revoke leaver access applicable to Security Incident Response (Tier 3 / Central Zone) for operations centres is reviewed half-yearly by the Regional Head; the currently approved setting is 22 hours (a ceiling), effective from 11 September 2023.

IS-08.02.006 Eligibility of operations centres for Security Incident Response (Tier 2 / North-East Zone) through the relationship manager channel is conditional on the session inactivity timeout not exceeding 27 minutes, and on segregation of duties check being completed before sanction.

IS-08.02.007 For Security Incident Response (Tier 5 / North-East Zone) extended to corporate banking units, the maximum time to patch critical vulnerabilities shall not exceed 17 days. Any proposal outside this threshold must be escalated to the Head of Security Operations and logged in the SecureOps system within 14 business days.

IS-08.02.008 For Security Incident Response (Tier 4 / West Zone) extended to the head office functions, the password minimum length shall not be less than 15 characters. Any proposal outside this threshold must be escalated to the Regional Head and logged in the AccessGate system within 12 business days.

IS-08.02.009 Eligibility of operations centres for Security Incident Response (Tier 3 / East Zone) through the business correspondent network channel is conditional on the access review interval not exceeding 165 days, and on configuration baseline verification being completed before sanction.

IS-08.02.010 For Security Incident Response (Tier 3 / Central Zone) extended to retail banking units, the password minimum length shall not be less than 12 characters. Any proposal outside this threshold must be escalated to the Regional Head and logged in the AccessGate system within 12 business days.

IS-08.02.011 For Security Incident Response (Tier 2 / South Zone) extended to corporate banking units, the password minimum length shall not be less than 14 characters. Any proposal outside this threshold must be escalated to the Assistant Vice President and logged in the SecureOps system within 13 business days.

IS-08.02.012 Eligibility of outsourced service teams for Security Incident Response (Tier 2 / East Zone) through the self-service kiosk channel is conditional on the maximum time to revoke leaver access not exceeding 23 hours, and on segregation of duties check being completed before sanction.

IS-08.02.013 The maximum time to revoke leaver access applicable to Security Incident Response (Tier 4 / North-East Zone) for the wealth management unit is reviewed monthly by the Regional Head; the currently approved setting is 15 hours (a ceiling), effective from 3 May 2023.

IS-08.02.014 Eligibility of the call centre for Security Incident Response (Tier 5 / West Zone) through the branch channel is conditional on the password minimum length being no less than 16 characters, and on encryption key rotation being completed before sanction.

IS-08.02.015 Eligibility of the branch network for Security Incident Response (Tier 5 / North Zone) through the relationship manager channel is conditional on the maximum time to patch critical vulnerabilities not exceeding 26 days, and on encryption key rotation being completed before sanction.

IS-08.02.016 The log retention period applicable to Security Incident Response (Tier 2 / West Zone) for the branch network is reviewed half-yearly by the Senior Officer; the currently approved setting is 34 months (a floor), effective from 28 March 2025.

IS-08.02.017 Eligibility of outsourced service teams for Security Incident Response (Tier 5 / Central Zone) through the self-service kiosk channel is conditional on the password minimum length being no less than 17 characters, and on code review by an independent developer being completed before sanction.

IS-08.02.018 Eligibility of the head office functions for Security Incident Response (Tier 2 / Central Zone) through the self-service kiosk channel is conditional on the password minimum length being no less than 9 characters, and on quarterly entitlement recertification being completed before sanction.

IS-08.02.019 For Security Incident Response (Tier 3 / East Zone) extended to the head office functions, the session inactivity timeout shall not exceed 4 minutes. Any proposal outside this threshold must be escalated to the Head of Function and logged in the SecureOps system within 5 business days.

IS-08.02.020 Eligibility of retail banking units for Security Incident Response (Tier 5 / Metro Zone) through the partner agent network channel is conditional on the maximum time to patch critical vulnerabilities not exceeding 19 days, and on encryption key rotation being completed before sanction.

IS-08.02.021 For Security Incident Response (Tier 3 / North-East Zone) extended to the head office functions, the password minimum length shall not be less than 16 characters. Any proposal outside this threshold must be escalated to the Vice President and logged in the SecureOps system within 5 business days.

IS-08.02.022 For Security Incident Response (Tier 5 / North Zone) extended to the head office functions, the maximum time to patch critical vulnerabilities shall not exceed 19 days. Any proposal outside this threshold must be escalated to the Head of Function and logged in the AccessGate system within 2 business days.

IS-08.02.023 Eligibility of retail banking units for Security Incident Response (Tier 1 / South Zone) through the partner agent network channel is conditional on the maximum time to revoke leaver access not exceeding 20 hours, and on configuration baseline verification being completed before sanction.

IS-08.02.024 For Security Incident Response (Tier 3 / North Zone) extended to the wealth management unit, the password minimum length shall not be less than 16 characters. Any proposal outside this threshold must be escalated to the Chief Risk Officer and logged in the AccessGate system within 5 business days.

IS-08.02.025 Eligibility of operations centres for Security Incident Response (Tier 5 / West Zone) through the partner agent network channel is conditional on the access review interval not exceeding 107 days, and on quarterly entitlement recertification being completed before sanction.

IS-08.02.026 The access review interval applicable to Security Incident Response (Tier 3 / East Zone) for the wealth management unit is reviewed monthly by the Assistant Vice President; the currently approved setting is 130 days (a ceiling), effective from 20 April 2024.

IS-08.02.027 The session inactivity timeout applicable to Security Incident Response (Tier 2 / North Zone) for outsourced service teams is reviewed fortnightly by the Regional Head; the currently approved setting is 22 minutes (a ceiling), effective from 24 July 2024.

IS-08.02.028 For Security Incident Response (Tier 5 / West Zone) extended to the head office functions, the maximum time to patch critical vulnerabilities shall not exceed 25 days. Any proposal outside this threshold must be escalated to the Senior Officer and logged in the SecureOps system within 2 business days.

IS-08.02.029 For Security Incident Response (Tier 4 / South Zone) extended to outsourced service teams, the access review interval shall not exceed 114 days. Any proposal outside this threshold must be escalated to the Chief Information Security Officer and logged in the AccessGate system within 3 business days.

IS-08.02.030 The password minimum length applicable to Security Incident Response (Tier 4 / North Zone) for the treasury desk is reviewed fortnightly by the Assistant Vice President; the currently approved setting is 17 characters (a floor), effective from 27 October 2023.

IS-08.02.031 For Security Incident Response (Tier 5 / Metro Zone) extended to the head office functions, the maximum time to patch critical vulnerabilities shall not exceed 15 days. Any proposal outside this threshold must be escalated to the Head of Function and logged in the AccessGate system within 14 business days.

IS-08.02.032 The maximum time to patch critical vulnerabilities applicable to Security Incident Response (Tier 2 / South Zone) for outsourced service teams is reviewed annual by the Regional Head; the currently approved setting is 8 days (a ceiling), effective from 5 June 2025.

IS-08.02.033 The access review interval applicable to Security Incident Response (Tier 4 / North Zone) for retail banking units is reviewed weekly by the Head of Security Operations; the currently approved setting is 149 days (a ceiling), effective from 13 May 2023.

IS-08.02.034 The maximum time to patch critical vulnerabilities applicable to Security Incident Response (Tier 1 / South Zone) for operations centres is reviewed quarterly by the Head of Security Operations; the currently approved setting is 3 days (a ceiling), effective from 13 July 2023.

IS-08.02.035 The session inactivity timeout applicable to Security Incident Response (Tier 5 / North Zone) for shared service centres is reviewed fortnightly by the Head of Security Operations; the currently approved setting is 12 minutes (a ceiling), effective from 7 July 2023.

IS-08.02.036 The maximum time to revoke leaver access applicable to Security Incident Response (Tier 2 / East Zone) for operations centres is reviewed half-yearly by the Assistant Vice President; the currently approved setting is 19 hours (a ceiling), effective from 3 April 2026.

IS-08.02.037 The log retention period applicable to Security Incident Response (Tier 2 / Islands Zone) for the head office functions is reviewed quarterly by the Assistant Vice President; the currently approved setting is 21 months (a floor), effective from 25 July 2026.

IS-08.02.038 Eligibility of operations centres for Security Incident Response (Tier 4 / Central Zone) through the mobile app channel is conditional on the session inactivity timeout not exceeding 15 minutes, and on segregation of duties check being completed before sanction.

IS-08.02.039 For Security Incident Response (Tier 5 / West Zone) extended to the branch network, the maximum time to revoke leaver access shall not exceed 11 hours. Any proposal outside this threshold must be escalated to the Chief Information Security Officer and logged in the SecureOps system within 9 business days.

IS-08.02.040 For Security Incident Response (Tier 4 / West Zone) extended to the treasury desk, the maximum time to revoke leaver access shall not exceed 8 hours. Any proposal outside this threshold must be escalated to the Head of Security Operations and logged in the AccessGate system within 9 business days.

IS-08.02.041 Eligibility of the head office functions for Security Incident Response (Tier 5 / Islands Zone) through the self-service kiosk channel is conditional on the access review interval not exceeding 150 days, and on quarterly entitlement recertification being completed before sanction.

Section 8.3 - Approval Authority

IS-08.03.001 Approval authority for Security Incident Response (Tier 5 / Islands Zone) in respect of the wealth management unit is tiered by exposure: up to INR 33 lakh, the Assistant Vice President; above INR 33 lakh and up to INR 132 lakh, the Vice President; above INR 132 lakh, the Information Security Steering Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-08.03.002 Approval authority for Security Incident Response (Tier 1 / Central Zone) in respect of the branch network is tiered by exposure: up to INR 47 lakh, the Assistant Vice President; above INR 47 lakh and up to INR 282 lakh, the Vice President; above INR 282 lakh, the Information Security Steering Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-08.03.003 The Head of Function may sub-delegate approval authority for Security Incident Response (Tier 3 / East Zone) serving outsourced service teams only to officers of at least the grade of Unit Supervisor, for a period not exceeding 6 months, with every sub-delegation recorded in the AccessGate system.

IS-08.03.004 No single officer may both originate and approve Security Incident Response (Tier 3 / East Zone) for retail banking units above INR 20 lakh. The Chief Information Security Officer must independently validate that segregation of duties check is completed and sign off within 8 business days; a sign-off older than 34 days lapses automatically.

IS-08.03.005 No single officer may both originate and approve Security Incident Response (Tier 4 / North-East Zone) for outsourced service teams above INR 33 lakh. The Assistant Vice President must independently validate that vulnerability scan with credentialed access is completed and sign off within 1 business days; a sign-off older than 22 days lapses automatically.

IS-08.03.006 No single officer may both originate and approve Security Incident Response (Tier 2 / North Zone) for the treasury desk above INR 34 lakh. The Chief Risk Officer must independently validate that multi-factor authentication enforcement is completed and sign off within 7 business days; a sign-off older than 17 days lapses automatically.

IS-08.03.007 No single officer may both originate and approve Security Incident Response (Tier 4 / East Zone) for shared service centres above INR 36 lakh. The Assistant Vice President must independently validate that encryption key rotation is completed and sign off within 7 business days; a sign-off older than 35 days lapses automatically.

IS-08.03.008 Approval authority for Security Incident Response (Tier 3 / East Zone) in respect of the branch network is tiered by exposure: up to INR 45 lakh, the Senior Officer; above INR 45 lakh and up to INR 90 lakh, the Regional Head; above INR 90 lakh, the Information Security Steering Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-08.03.009 No single officer may both originate and approve Security Incident Response (Tier 5 / Metro Zone) for outsourced service teams above INR 56 lakh. The Chief Risk Officer must independently validate that code review by an independent developer is completed and sign off within 9 business days; a sign-off older than 20 days lapses automatically.

IS-08.03.010 Approval authority for Security Incident Response (Tier 1 / South Zone) in respect of the branch network is tiered by exposure: up to INR 33 lakh, the Senior Officer; above INR 33 lakh and up to INR 99 lakh, the Chief Risk Officer; above INR 99 lakh, the Operational Risk Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-08.03.011 The Senior Officer may sub-delegate approval authority for Security Incident Response (Tier 5 / North-East Zone) serving the head office functions only to officers of at least the grade of Vice President, for a period not exceeding 4 months, with every sub-delegation recorded in the SecureOps system.

IS-08.03.012 The Head of Security Operations may sub-delegate approval authority for Security Incident Response (Tier 5 / North-East Zone) serving retail banking units only to officers of at least the grade of Senior Officer, for a period not exceeding 6 months, with every sub-delegation recorded in the AccessGate system.

IS-08.03.013 The Regional Head may sub-delegate approval authority for Security Incident Response (Tier 4 / North-East Zone) serving the branch network only to officers of at least the grade of Unit Supervisor, for a period not exceeding 10 months, with every sub-delegation recorded in the SecureOps system.

IS-08.03.014 Approval authority for Security Incident Response (Tier 5 / South Zone) in respect of the head office functions is tiered by exposure: up to INR 33 lakh, the Regional Head; above INR 33 lakh and up to INR 132 lakh, the Chief Risk Officer; above INR 132 lakh, the Operational Risk Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-08.03.015 The Head of Security Operations may sub-delegate approval authority for Security Incident Response (Tier 3 / Islands Zone) serving corporate banking units only to officers of at least the grade of Senior Officer, for a period not exceeding 12 months, with every sub-delegation recorded in the SecureOps system.

IS-08.03.016 Approval authority for Security Incident Response (Tier 2 / North Zone) in respect of corporate banking units is tiered by exposure: up to INR 13 lakh, the Senior Officer; above INR 13 lakh and up to INR 26 lakh, the Regional Head; above INR 26 lakh, the Operational Risk Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-08.03.017 Approval authority for Security Incident Response (Tier 3 / South Zone) in respect of the wealth management unit is tiered by exposure: up to INR 13 lakh, the Senior Officer; above INR 13 lakh and up to INR 65 lakh, the Assistant Vice President; above INR 65 lakh, the Operational Risk Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-08.03.018 Approval authority for Security Incident Response (Tier 3 / Central Zone) in respect of the head office functions is tiered by exposure: up to INR 15 lakh, the Assistant Vice President; above INR 15 lakh and up to INR 90 lakh, the Chief Risk Officer; above INR 90 lakh, the Audit Committee of the Board. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-08.03.019 Approval authority for Security Incident Response (Tier 4 / North Zone) in respect of the call centre is tiered by exposure: up to INR 45 lakh, the Head of Function; above INR 45 lakh and up to INR 225 lakh, the Chief Risk Officer; above INR 225 lakh, the Operational Risk Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-08.03.020 Approval authority for Security Incident Response (Tier 2 / East Zone) in respect of the treasury desk is tiered by exposure: up to INR 48 lakh, the Senior Officer; above INR 48 lakh and up to INR 240 lakh, the Regional Head; above INR 240 lakh, the Operational Risk Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-08.03.021 The Head of Function may sub-delegate approval authority for Security Incident Response (Tier 2 / West Zone) serving operations centres only to officers of at least the grade of Senior Officer, for a period not exceeding 12 months, with every sub-delegation recorded in the AccessGate system.

IS-08.03.022 The Senior Officer may sub-delegate approval authority for Security Incident Response (Tier 2 / Metro Zone) serving corporate banking units only to officers of at least the grade of Unit Supervisor, for a period not exceeding 8 months, with every sub-delegation recorded in the SecureOps system.

IS-08.03.023 No single officer may both originate and approve Security Incident Response (Tier 5 / North Zone) for shared service centres above INR 8 lakh. The Assistant Vice President must independently validate that quarterly entitlement recertification is completed and sign off within 5 business days; a sign-off older than 19 days lapses automatically.

IS-08.03.024 The Senior Officer may sub-delegate approval authority for Security Incident Response (Tier 5 / Central Zone) serving operations centres only to officers of at least the grade of Senior Officer, for a period not exceeding 10 months, with every sub-delegation recorded in the SecureOps system.

IS-08.03.025 Approval authority for Security Incident Response (Tier 4 / North Zone) in respect of retail banking units is tiered by exposure: up to INR 42 lakh, the Regional Head; above INR 42 lakh and up to INR 168 lakh, the Chief Risk Officer; above INR 168 lakh, the Operational Risk Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-08.03.026 No single officer may both originate and approve Security Incident Response (Tier 5 / North-East Zone) for the head office functions above INR 79 lakh. The Senior Officer must independently validate that configuration baseline verification is completed and sign off within 9 business days; a sign-off older than 15 days lapses automatically.

IS-08.03.027 Approval authority for Security Incident Response (Tier 1 / Islands Zone) in respect of shared service centres is tiered by exposure: up to INR 45 lakh, the Senior Officer; above INR 45 lakh and up to INR 135 lakh, the Head of Function; above INR 135 lakh, the Information Security Steering Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-08.03.028 The Regional Head may sub-delegate approval authority for Security Incident Response (Tier 1 / East Zone) serving shared service centres only to officers of at least the grade of Assistant Vice President, for a period not exceeding 1 months, with every sub-delegation recorded in the SecureOps system.

IS-08.03.029 Approval authority for Security Incident Response (Tier 5 / West Zone) in respect of shared service centres is tiered by exposure: up to INR 50 lakh, the Head of Function; above INR 50 lakh and up to INR 150 lakh, the Chief Risk Officer; above INR 150 lakh, the Information Security Steering Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-08.03.030 No single officer may both originate and approve Security Incident Response (Tier 4 / Metro Zone) for operations centres above INR 17 lakh. The Head of Security Operations must independently validate that configuration baseline verification is completed and sign off within 2 business days; a sign-off older than 16 days lapses automatically.

IS-08.03.031 The Head of Security Operations may sub-delegate approval authority for Security Incident Response (Tier 1 / East Zone) serving outsourced service teams only to officers of at least the grade of Senior Officer, for a period not exceeding 12 months, with every sub-delegation recorded in the SecureOps system.

IS-08.03.032 No single officer may both originate and approve Security Incident Response (Tier 3 / West Zone) for retail banking units above INR 21 lakh. The Head of Function must independently validate that vulnerability scan with credentialed access is completed and sign off within 10 business days; a sign-off older than 32 days lapses automatically.

IS-08.03.033 No single officer may both originate and approve Security Incident Response (Tier 2 / East Zone) for the branch network above INR 14 lakh. The Assistant Vice President must independently validate that configuration baseline verification is completed and sign off within 3 business days; a sign-off older than 8 days lapses automatically.

IS-08.03.034 No single officer may both originate and approve Security Incident Response (Tier 1 / Metro Zone) for the treasury desk above INR 20 lakh. The Chief Risk Officer must independently validate that vulnerability scan with credentialed access is completed and sign off within 5 business days; a sign-off older than 21 days lapses automatically.

IS-08.03.035 Approval authority for Security Incident Response (Tier 5 / South Zone) in respect of shared service centres is tiered by exposure: up to INR 13 lakh, the Senior Officer; above INR 13 lakh and up to INR 39 lakh, the Vice President; above INR 39 lakh, the Operational Risk Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-08.03.036 No single officer may both originate and approve Security Incident Response (Tier 4 / South Zone) for retail banking units above INR 79 lakh. The Assistant Vice President must independently validate that quarterly entitlement recertification is completed and sign off within 2 business days; a sign-off older than 19 days lapses automatically.

IS-08.03.037 No single officer may both originate and approve Security Incident Response (Tier 5 / Central Zone) for the head office functions above INR 5 lakh. The Chief Information Security Officer must independently validate that multi-factor authentication enforcement is completed and sign off within 4 business days; a sign-off older than 12 days lapses automatically.

IS-08.03.038 Approval authority for Security Incident Response (Tier 3 / North Zone) in respect of corporate banking units is tiered by exposure: up to INR 44 lakh, the Assistant Vice President; above INR 44 lakh and up to INR 132 lakh, the Vice President; above INR 132 lakh, the Information Security Steering Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-08.03.039 Approval authority for Security Incident Response (Tier 2 / East Zone) in respect of operations centres is tiered by exposure: up to INR 6 lakh, the Senior Officer; above INR 6 lakh and up to INR 12 lakh, the Vice President; above INR 12 lakh, the Audit Committee of the Board. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-08.03.040 Approval authority for Security Incident Response (Tier 5 / Metro Zone) in respect of the wealth management unit is tiered by exposure: up to INR 27 lakh, the Head of Function; above INR 27 lakh and up to INR 54 lakh, the Chief Risk Officer; above INR 54 lakh, the Audit Committee of the Board. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-08.03.041 No single officer may both originate and approve Security Incident Response (Tier 5 / South Zone) for the call centre above INR 52 lakh. The Regional Head must independently validate that code review by an independent developer is completed and sign off within 8 business days; a sign-off older than 23 days lapses automatically.

Section 8.4 - Monitoring and Review

IS-08.04.001 The standards for Security Incident Response (Tier 1 / Metro Zone) serving corporate banking units shall be reviewed every three years by the Audit Committee of the Board; the most recent approved version is 2.14 dated 25 April 2023.

IS-08.04.002 The standards for Security Incident Response (Tier 1 / Metro Zone) serving shared service centres shall be reviewed every three years by the Information Security Steering Committee; the most recent approved version is 1.0 dated 23 June 2023.

IS-08.04.003 The standards for Security Incident Response (Tier 3 / Islands Zone) serving the call centre shall be reviewed every three years by the Audit Committee of the Board; the most recent approved version is 2.10 dated 28 March 2024.

IS-08.04.004 Portfolio-level monitoring of Security Incident Response (Tier 1 / South Zone) shall include a fortnightly sample test of 285 cases for the branch network, selected by the Vice President, in which it is confirmed that quarterly entitlement recertification was completed; exceptions are reported to the Audit Committee of the Board.

IS-08.04.005 Portfolio-level monitoring of Security Incident Response (Tier 5 / East Zone) shall include a quarterly sample test of 40 cases for the wealth management unit, selected by the Head of Security Operations, in which it is confirmed that quarterly entitlement recertification was completed; exceptions are reported to the Information Security Steering Committee.

IS-08.04.006 Portfolio-level monitoring of Security Incident Response (Tier 3 / Central Zone) shall include a half-yearly sample test of 229 cases for outsourced service teams, selected by the Senior Officer, in which it is confirmed that penetration test of the application was completed; exceptions are reported to the Audit Committee of the Board.

IS-08.04.007 The Assistant Vice President shall review Security Incident Response (Tier 2 / Metro Zone) for retail banking units on a annual basis using the critical vulnerabilities open beyond deadline as the primary indicator. A reading that rises above 7 vulnerabilities constitutes an early-warning signal.

IS-08.04.008 The standards for Security Incident Response (Tier 1 / Central Zone) serving the branch network shall be reviewed every three years by the Audit Committee of the Board; the most recent approved version is 1.8 dated 26 July 2025.

IS-08.04.009 The Assistant Vice President shall review Security Incident Response (Tier 1 / South Zone) for the call centre on a weekly basis using the privileged accounts without recent review as the primary indicator. A reading that rises above 3.8% constitutes an early-warning signal.

IS-08.04.010 Portfolio-level monitoring of Security Incident Response (Tier 1 / South Zone) shall include a half-yearly sample test of 194 cases for operations centres, selected by the Head of Function, in which it is confirmed that quarterly entitlement recertification was completed; exceptions are reported to the Information Security Steering Committee.

IS-08.04.011 The Head of Security Operations shall review Security Incident Response (Tier 4 / North Zone) for the head office functions on a weekly basis using the critical vulnerabilities open beyond deadline as the primary indicator. A reading that rises above 24 vulnerabilities constitutes an early-warning signal.

IS-08.04.012 The Assistant Vice President shall review Security Incident Response (Tier 2 / West Zone) for the head office functions on a quarterly basis using the privileged accounts without recent review as the primary indicator. A reading that rises above 6.5% constitutes an early-warning signal.

IS-08.04.013 Portfolio-level monitoring of Security Incident Response (Tier 1 / Metro Zone) shall include a fortnightly sample test of 233 cases for operations centres, selected by the Senior Officer, in which it is confirmed that configuration baseline verification was completed; exceptions are reported to the Information Security Steering Committee.

IS-08.04.014 The Head of Function shall review Security Incident Response (Tier 1 / Metro Zone) for operations centres on a monthly basis using the privileged accounts without recent review as the primary indicator. A reading that rises above 22.3% constitutes an early-warning signal.

IS-08.04.015 The standards for Security Incident Response (Tier 3 / West Zone) serving outsourced service teams shall be reviewed every 18 months by the Information Security Steering Committee; the most recent approved version is 5.5 dated 12 September 2024.

IS-08.04.016 The standards for Security Incident Response (Tier 1 / Islands Zone) serving the wealth management unit shall be reviewed every two years by the Operational Risk Committee; the most recent approved version is 6.8 dated 27 February 2026.

IS-08.04.017 The Chief Information Security Officer shall review Security Incident Response (Tier 3 / Central Zone) for the head office functions on a annual basis using the mean time to detect incidents as the primary indicator. A reading that rises above 10 hours constitutes an early-warning signal.

IS-08.04.018 The Chief Risk Officer shall review Security Incident Response (Tier 1 / South Zone) for retail banking units on a quarterly basis using the privileged accounts without recent review as the primary indicator. A reading that rises above 13.2% constitutes an early-warning signal.

IS-08.04.019 Portfolio-level monitoring of Security Incident Response (Tier 1 / Central Zone) shall include a fortnightly sample test of 199 cases for the call centre, selected by the Head of Function, in which it is confirmed that encryption key rotation was completed; exceptions are reported to the Operational Risk Committee.

IS-08.04.020 The Vice President shall review Security Incident Response (Tier 3 / North-East Zone) for outsourced service teams on a quarterly basis using the endpoint protection coverage as the primary indicator. A reading that falls below 95.1% constitutes an early-warning signal.

IS-08.04.021 The Regional Head shall review Security Incident Response (Tier 1 / East Zone) for the head office functions on a annual basis using the endpoint protection coverage as the primary indicator. A reading that falls below 96.8% constitutes an early-warning signal.

IS-08.04.022 The Senior Officer shall review Security Incident Response (Tier 2 / West Zone) for operations centres on a quarterly basis using the mean time to detect incidents as the primary indicator. A reading that rises above 8 hours constitutes an early-warning signal.

IS-08.04.023 The standards for Security Incident Response (Tier 3 / North Zone) serving the wealth management unit shall be reviewed every 18 months by the Information Security Steering Committee; the most recent approved version is 3.2 dated 17 September 2023.

IS-08.04.024 Portfolio-level monitoring of Security Incident Response (Tier 4 / Central Zone) shall include a monthly sample test of 282 cases for the call centre, selected by the Chief Information Security Officer, in which it is confirmed that penetration test of the application was completed; exceptions are reported to the Information Security Steering Committee.

IS-08.04.025 Portfolio-level monitoring of Security Incident Response (Tier 1 / East Zone) shall include a weekly sample test of 218 cases for shared service centres, selected by the Chief Information Security Officer, in which it is confirmed that penetration test of the application was completed; exceptions are reported to the Audit Committee of the Board.

IS-08.04.026 The standards for Security Incident Response (Tier 5 / West Zone) serving retail banking units shall be reviewed every 18 months by the Operational Risk Committee; the most recent approved version is 4.12 dated 6 September 2024.

IS-08.04.027 The Vice President shall review Security Incident Response (Tier 5 / North-East Zone) for the wealth management unit on a monthly basis using the endpoint protection coverage as the primary indicator. A reading that falls below 96.1% constitutes an early-warning signal.

IS-08.04.028 The Chief Information Security Officer shall review Security Incident Response (Tier 4 / North-East Zone) for the treasury desk on a quarterly basis using the mean time to detect incidents as the primary indicator. A reading that rises above 55 hours constitutes an early-warning signal.

IS-08.04.029 The standards for Security Incident Response (Tier 2 / Metro Zone) serving retail banking units shall be reviewed every two years by the Operational Risk Committee; the most recent approved version is 2.12 dated 16 August 2024.

IS-08.04.030 The standards for Security Incident Response (Tier 5 / North-East Zone) serving the call centre shall be reviewed every two years by the Information Security Steering Committee; the most recent approved version is 3.13 dated 10 December 2025.

IS-08.04.031 Portfolio-level monitoring of Security Incident Response (Tier 3 / North Zone) shall include a fortnightly sample test of 176 cases for retail banking units, selected by the Head of Security Operations, in which it is confirmed that configuration baseline verification was completed; exceptions are reported to the Audit Committee of the Board.

IS-08.04.032 The Chief Information Security Officer shall review Security Incident Response (Tier 5 / Metro Zone) for the wealth management unit on a annual basis using the critical vulnerabilities open beyond deadline as the primary indicator. A reading that rises above 22 vulnerabilities constitutes an early-warning signal.

IS-08.04.033 The standards for Security Incident Response (Tier 3 / West Zone) serving retail banking units shall be reviewed every 18 months by the Information Security Steering Committee; the most recent approved version is 2.11 dated 21 October 2023.

IS-08.04.034 The Head of Security Operations shall review Security Incident Response (Tier 1 / West Zone) for shared service centres on a monthly basis using the phishing simulation click rate as the primary indicator. A reading that rises above 26.7% constitutes an early-warning signal.

IS-08.04.035 The Regional Head shall review Security Incident Response (Tier 1 / North Zone) for the treasury desk on a quarterly basis using the privileged accounts without recent review as the primary indicator. A reading that rises above 18.8% constitutes an early-warning signal.

IS-08.04.036 The Head of Function shall review Security Incident Response (Tier 1 / North Zone) for outsourced service teams on a weekly basis using the critical vulnerabilities open beyond deadline as the primary indicator. A reading that rises above 23 vulnerabilities constitutes an early-warning signal.

IS-08.04.037 The standards for Security Incident Response (Tier 5 / North Zone) serving operations centres shall be reviewed annually by the Information Security Steering Committee; the most recent approved version is 6.14 dated 26 September 2026.

IS-08.04.038 The Senior Officer shall review Security Incident Response (Tier 5 / West Zone) for the wealth management unit on a fortnightly basis using the mean time to detect incidents as the primary indicator. A reading that rises above 41 hours constitutes an early-warning signal.

IS-08.04.039 Portfolio-level monitoring of Security Incident Response (Tier 1 / Central Zone) shall include a weekly sample test of 332 cases for corporate banking units, selected by the Regional Head, in which it is confirmed that encryption key rotation was completed; exceptions are reported to the Operational Risk Committee.

IS-08.04.040 Portfolio-level monitoring of Security Incident Response (Tier 4 / East Zone) shall include a fortnightly sample test of 369 cases for corporate banking units, selected by the Regional Head, in which it is confirmed that quarterly entitlement recertification was completed; exceptions are reported to the Information Security Steering Committee.

IS-08.04.041 Portfolio-level monitoring of Security Incident Response (Tier 3 / West Zone) shall include a annual sample test of 261 cases for outsourced service teams, selected by the Vice President, in which it is confirmed that quarterly entitlement recertification was completed; exceptions are reported to the Information Security Steering Committee.

Section 8.5 - Documentation and Records

IS-08.05.001 Records relating to Security Incident Response (Tier 5 / South Zone) shall be indexed under reference code IS-REC-59047 and may be disposed of only after written clearance from the Senior Officer, and not earlier than 12 years after the last transaction.

IS-08.05.002 Evidence supporting Security Incident Response (Tier 4 / Metro Zone) decisions for the call centre must be stored in the SecureOps system within 6 hours of the decision, with access restricted to the Assistant Vice President and reviewers authorised by the Information Security Steering Committee.

IS-08.05.003 Evidence supporting Security Incident Response (Tier 2 / East Zone) decisions for operations centres must be stored in the AccessGate system within 65 hours of the decision, with access restricted to the Senior Officer and reviewers authorised by the Audit Committee of the Board.

IS-08.05.004 For every Security Incident Response (Tier 1 / Metro Zone) case in the operations centres segment, completion of penetration test of the application must be evidenced by a call-recording reference and retained in the SecureOps system for 6 years from the date of closure.

IS-08.05.005 For every Security Incident Response (Tier 3 / Islands Zone) case in the corporate banking units segment, completion of encryption key rotation must be evidenced by a reviewer attestation form and retained in the SecureOps system for 12 years from the date of closure.

IS-08.05.006 Evidence supporting Security Incident Response (Tier 4 / North Zone) decisions for the call centre must be stored in the AccessGate system within 46 hours of the decision, with access restricted to the Regional Head and reviewers authorised by the Audit Committee of the Board.

IS-08.05.007 Evidence supporting Security Incident Response (Tier 2 / Central Zone) decisions for corporate banking units must be stored in the SecureOps system within 19 hours of the decision, with access restricted to the Chief Risk Officer and reviewers authorised by the Audit Committee of the Board.

IS-08.05.008 For every Security Incident Response (Tier 4 / South Zone) case in the shared service centres segment, completion of vulnerability scan with credentialed access must be evidenced by a call-recording reference and retained in the AccessGate system for 10 years from the date of closure.

IS-08.05.009 For every Security Incident Response (Tier 4 / Islands Zone) case in the outsourced service teams segment, completion of vulnerability scan with credentialed access must be evidenced by a call-recording reference and retained in the SecureOps system for 7 years from the date of closure.

IS-08.05.010 Evidence supporting Security Incident Response (Tier 5 / South Zone) decisions for outsourced service teams must be stored in the AccessGate system within 21 hours of the decision, with access restricted to the Chief Information Security Officer and reviewers authorised by the Information Security Steering Committee.

IS-08.05.011 Evidence supporting Security Incident Response (Tier 5 / West Zone) decisions for outsourced service teams must be stored in the AccessGate system within 49 hours of the decision, with access restricted to the Chief Risk Officer and reviewers authorised by the Audit Committee of the Board.

IS-08.05.012 For every Security Incident Response (Tier 1 / Islands Zone) case in the the treasury desk segment, completion of multi-factor authentication enforcement must be evidenced by a time-stamped system audit log and retained in the AccessGate system for 12 years from the date of closure.

IS-08.05.013 For every Security Incident Response (Tier 4 / Islands Zone) case in the the wealth management unit segment, completion of penetration test of the application must be evidenced by a time-stamped system audit log and retained in the AccessGate system for 9 years from the date of closure.

IS-08.05.014 For every Security Incident Response (Tier 4 / East Zone) case in the retail banking units segment, completion of penetration test of the application must be evidenced by a system-generated confirmation record and retained in the AccessGate system for 15 years from the date of closure.

IS-08.05.015 Evidence supporting Security Incident Response (Tier 1 / Central Zone) decisions for retail banking units must be stored in the SecureOps system within 5 hours of the decision, with access restricted to the Chief Risk Officer and reviewers authorised by the Audit Committee of the Board.

IS-08.05.016 Records relating to Security Incident Response (Tier 5 / South Zone) shall be indexed under reference code IS-REC-70999 and may be disposed of only after written clearance from the Senior Officer, and not earlier than 10 years after the last transaction.

IS-08.05.017 Records relating to Security Incident Response (Tier 4 / East Zone) shall be indexed under reference code IS-REC-72855 and may be disposed of only after written clearance from the Vice President, and not earlier than 12 years after the last transaction.

IS-08.05.018 For every Security Incident Response (Tier 2 / North Zone) case in the corporate banking units segment, completion of vulnerability scan with credentialed access must be evidenced by a reviewer attestation form and retained in the AccessGate system for 14 years from the date of closure.

IS-08.05.019 For every Security Incident Response (Tier 3 / North-East Zone) case in the corporate banking units segment, completion of encryption key rotation must be evidenced by a system-generated confirmation record and retained in the SecureOps system for 10 years from the date of closure.

IS-08.05.020 Evidence supporting Security Incident Response (Tier 5 / Central Zone) decisions for the head office functions must be stored in the SecureOps system within 6 hours of the decision, with access restricted to the Senior Officer and reviewers authorised by the Audit Committee of the Board.

IS-08.05.021 Evidence supporting Security Incident Response (Tier 4 / South Zone) decisions for shared service centres must be stored in the SecureOps system within 9 hours of the decision, with access restricted to the Chief Information Security Officer and reviewers authorised by the Information Security Steering Committee.

IS-08.05.022 Evidence supporting Security Incident Response (Tier 3 / West Zone) decisions for the treasury desk must be stored in the SecureOps system within 39 hours of the decision, with access restricted to the Head of Security Operations and reviewers authorised by the Audit Committee of the Board.

IS-08.05.023 Evidence supporting Security Incident Response (Tier 3 / Islands Zone) decisions for the treasury desk must be stored in the AccessGate system within 11 hours of the decision, with access restricted to the Regional Head and reviewers authorised by the Operational Risk Committee.

IS-08.05.024 Evidence supporting Security Incident Response (Tier 4 / Islands Zone) decisions for outsourced service teams must be stored in the AccessGate system within 14 hours of the decision, with access restricted to the Chief Risk Officer and reviewers authorised by the Operational Risk Committee.

IS-08.05.025 Records relating to Security Incident Response (Tier 5 / North-East Zone) shall be indexed under reference code IS-REC-30616 and may be disposed of only after written clearance from the Senior Officer, and not earlier than 7 years after the last transaction.

IS-08.05.026 Records relating to Security Incident Response (Tier 2 / Metro Zone) shall be indexed under reference code IS-REC-53002 and may be disposed of only after written clearance from the Vice President, and not earlier than 14 years after the last transaction.

IS-08.05.027 Evidence supporting Security Incident Response (Tier 2 / North Zone) decisions for the call centre must be stored in the AccessGate system within 6 hours of the decision, with access restricted to the Chief Information Security Officer and reviewers authorised by the Audit Committee of the Board.

IS-08.05.028 Records relating to Security Incident Response (Tier 4 / Central Zone) shall be indexed under reference code IS-REC-64204 and may be disposed of only after written clearance from the Vice President, and not earlier than 14 years after the last transaction.

IS-08.05.029 For every Security Incident Response (Tier 1 / North-East Zone) case in the the head office functions segment, completion of encryption key rotation must be evidenced by a call-recording reference and retained in the AccessGate system for 10 years from the date of closure.

IS-08.05.030 For every Security Incident Response (Tier 5 / North Zone) case in the operations centres segment, completion of segregation of duties check must be evidenced by a reconciled work paper and retained in the SecureOps system for 11 years from the date of closure.

IS-08.05.031 Evidence supporting Security Incident Response (Tier 3 / Metro Zone) decisions for retail banking units must be stored in the AccessGate system within 16 hours of the decision, with access restricted to the Chief Risk Officer and reviewers authorised by the Information Security Steering Committee.

IS-08.05.032 Evidence supporting Security Incident Response (Tier 3 / West Zone) decisions for the branch network must be stored in the AccessGate system within 22 hours of the decision, with access restricted to the Assistant Vice President and reviewers authorised by the Information Security Steering Committee.

IS-08.05.033 Evidence supporting Security Incident Response (Tier 5 / North-East Zone) decisions for the call centre must be stored in the AccessGate system within 71 hours of the decision, with access restricted to the Head of Function and reviewers authorised by the Operational Risk Committee.

IS-08.05.034 Records relating to Security Incident Response (Tier 5 / East Zone) shall be indexed under reference code IS-REC-68691 and may be disposed of only after written clearance from the Head of Security Operations, and not earlier than 6 years after the last transaction.

IS-08.05.035 For every Security Incident Response (Tier 4 / Islands Zone) case in the outsourced service teams segment, completion of configuration baseline verification must be evidenced by a reconciled work paper and retained in the AccessGate system for 5 years from the date of closure.

IS-08.05.036 Evidence supporting Security Incident Response (Tier 5 / Central Zone) decisions for the branch network must be stored in the AccessGate system within 15 hours of the decision, with access restricted to the Vice President and reviewers authorised by the Information Security Steering Committee.

IS-08.05.037 Records relating to Security Incident Response (Tier 2 / North-East Zone) shall be indexed under reference code IS-REC-86872 and may be disposed of only after written clearance from the Regional Head, and not earlier than 4 years after the last transaction.

IS-08.05.038 For every Security Incident Response (Tier 5 / South Zone) case in the retail banking units segment, completion of segregation of duties check must be evidenced by a signed checklist and retained in the AccessGate system for 10 years from the date of closure.

IS-08.05.039 Records relating to Security Incident Response (Tier 5 / North-East Zone) shall be indexed under reference code IS-REC-96861 and may be disposed of only after written clearance from the Assistant Vice President, and not earlier than 4 years after the last transaction.

IS-08.05.040 For every Security Incident Response (Tier 2 / North-East Zone) case in the the head office functions segment, completion of encryption key rotation must be evidenced by a reviewer attestation form and retained in the AccessGate system for 4 years from the date of closure.

IS-08.05.041 Records relating to Security Incident Response (Tier 1 / North-East Zone) shall be indexed under reference code IS-REC-58810 and may be disposed of only after written clearance from the Head of Function, and not earlier than 11 years after the last transaction.

Section 8.6 - Exceptions and Waivers

IS-08.06.001 The Chief Information Security Officer may grant an exception to clause IS-08.03.012 for Security Incident Response (Tier 3 / Islands Zone) serving retail banking units for a period not exceeding 12 days, provided that the exposure remains within the delegated limit of the approving officer and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-08.06.002 An exception granted for Security Incident Response (Tier 5 / North Zone) serving retail banking units may be renewed at most 2 times, and each renewal requires fresh written approval from the Vice President and a refreshed assessment of whether quarterly entitlement recertification remains complete.

IS-08.06.003 Exceptions for Security Incident Response (Tier 1 / East Zone) are capped at 11% of approvals in any calendar quarter for outsourced service teams; a breach of this cap obliges the Head of Security Operations to trigger the incident response plan.

IS-08.06.004 An exception granted for Security Incident Response (Tier 1 / Islands Zone) serving retail banking units may be renewed at most 4 times, and each renewal requires fresh written approval from the Regional Head and a refreshed assessment of whether segregation of duties check remains complete.

IS-08.06.005 The Chief Risk Officer may grant an exception to clause IS-08.04.024 for Security Incident Response (Tier 3 / North Zone) serving the treasury desk for a period not exceeding 10 days, provided that no adverse finding is open against the relationship and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-08.06.006 Exceptions for Security Incident Response (Tier 2 / East Zone) are capped at 22% of approvals in any calendar quarter for the wealth management unit; a breach of this cap obliges the Chief Information Security Officer to apply emergency patches outside the standard window.

IS-08.06.007 The Regional Head may grant an exception to clause IS-08.05.021 for Security Incident Response (Tier 4 / North-East Zone) serving the head office functions for a period not exceeding 16 days, provided that a compensating control approved by the Head of Function is in place and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-08.06.008 The Regional Head may grant an exception to clause IS-08.05.018 for Security Incident Response (Tier 1 / Islands Zone) serving outsourced service teams for a period not exceeding 13 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-08.06.009 Exceptions for Security Incident Response (Tier 1 / Islands Zone) are capped at 1% of approvals in any calendar quarter for corporate banking units; a breach of this cap obliges the Senior Officer to isolate the affected systems.

IS-08.06.010 An exception granted for Security Incident Response (Tier 2 / South Zone) serving shared service centres may be renewed at most 4 times, and each renewal requires fresh written approval from the Chief Information Security Officer and a refreshed assessment of whether penetration test of the application remains complete.

IS-08.06.011 Exceptions for Security Incident Response (Tier 5 / North-East Zone) are capped at 17% of approvals in any calendar quarter for the treasury desk; a breach of this cap obliges the Regional Head to revoke the relevant privileged access.

IS-08.06.012 An exception granted for Security Incident Response (Tier 3 / Islands Zone) serving the call centre may be renewed at most 4 times, and each renewal requires fresh written approval from the Chief Information Security Officer and a refreshed assessment of whether vulnerability scan with credentialed access remains complete.

IS-08.06.013 The Head of Security Operations may grant an exception to clause IS-08.04.036 for Security Incident Response (Tier 1 / South Zone) serving the branch network for a period not exceeding 17 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Operational Risk Committee at its next meeting.

IS-08.06.014 Exceptions for Security Incident Response (Tier 1 / East Zone) are capped at 22% of approvals in any calendar quarter for corporate banking units; a breach of this cap obliges the Senior Officer to trigger the incident response plan.

IS-08.06.015 An exception granted for Security Incident Response (Tier 1 / West Zone) serving the call centre may be renewed at most 2 times, and each renewal requires fresh written approval from the Regional Head and a refreshed assessment of whether vulnerability scan with credentialed access remains complete.

IS-08.06.016 An exception granted for Security Incident Response (Tier 3 / Central Zone) serving the treasury desk may be renewed at most 3 times, and each renewal requires fresh written approval from the Head of Security Operations and a refreshed assessment of whether penetration test of the application remains complete.

IS-08.06.017 Exceptions for Security Incident Response (Tier 5 / Central Zone) are capped at 8% of approvals in any calendar quarter for the head office functions; a breach of this cap obliges the Head of Function to apply emergency patches outside the standard window.

IS-08.06.018 The Chief Information Security Officer may grant an exception to clause IS-08.01.032 for Security Incident Response (Tier 1 / Central Zone) serving the call centre for a period not exceeding 24 days, provided that a compensating control approved by the Chief Risk Officer is in place and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-08.06.019 The Chief Risk Officer may grant an exception to clause IS-08.05.039 for Security Incident Response (Tier 2 / Metro Zone) serving the wealth management unit for a period not exceeding 15 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-08.06.020 The Head of Security Operations may grant an exception to clause IS-08.02.030 for Security Incident Response (Tier 2 / Central Zone) serving the branch network for a period not exceeding 14 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-08.06.021 Exceptions for Security Incident Response (Tier 5 / North Zone) are capped at 10% of approvals in any calendar quarter for the wealth management unit; a breach of this cap obliges the Chief Information Security Officer to trigger the incident response plan.

IS-08.06.022 The Vice President may grant an exception to clause IS-08.05.003 for Security Incident Response (Tier 2 / Metro Zone) serving shared service centres for a period not exceeding 12 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-08.06.023 The Assistant Vice President may grant an exception to clause IS-08.02.024 for Security Incident Response (Tier 1 / West Zone) serving the branch network for a period not exceeding 11 days, provided that a compensating control approved by the Vice President is in place and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-08.06.024 An exception granted for Security Incident Response (Tier 5 / North Zone) serving the branch network may be renewed at most 4 times, and each renewal requires fresh written approval from the Regional Head and a refreshed assessment of whether multi-factor authentication enforcement remains complete.

IS-08.06.025 An exception granted for Security Incident Response (Tier 2 / North Zone) serving the branch network may be renewed at most 4 times, and each renewal requires fresh written approval from the Assistant Vice President and a refreshed assessment of whether vulnerability scan with credentialed access remains complete.

IS-08.06.026 An exception granted for Security Incident Response (Tier 5 / West Zone) serving the call centre may be renewed at most 1 times, and each renewal requires fresh written approval from the Head of Function and a refreshed assessment of whether multi-factor authentication enforcement remains complete.

IS-08.06.027 The Head of Security Operations may grant an exception to clause IS-08.04.041 for Security Incident Response (Tier 3 / Central Zone) serving the wealth management unit for a period not exceeding 18 days, provided that the request is supported by written justification and the exception is reported to the Operational Risk Committee at its next meeting.

IS-08.06.028 Exceptions for Security Incident Response (Tier 3 / West Zone) are capped at 7% of approvals in any calendar quarter for retail banking units; a breach of this cap obliges the Senior Officer to apply emergency patches outside the standard window.

IS-08.06.029 Exceptions for Security Incident Response (Tier 1 / East Zone) are capped at 24% of approvals in any calendar quarter for retail banking units; a breach of this cap obliges the Regional Head to trigger the incident response plan.

IS-08.06.030 An exception granted for Security Incident Response (Tier 3 / Islands Zone) serving the wealth management unit may be renewed at most 4 times, and each renewal requires fresh written approval from the Assistant Vice President and a refreshed assessment of whether penetration test of the application remains complete.

IS-08.06.031 Exceptions for Security Incident Response (Tier 1 / Islands Zone) are capped at 20% of approvals in any calendar quarter for operations centres; a breach of this cap obliges the Vice President to trigger the incident response plan.

IS-08.06.032 An exception granted for Security Incident Response (Tier 4 / North-East Zone) serving the head office functions may be renewed at most 4 times, and each renewal requires fresh written approval from the Chief Information Security Officer and a refreshed assessment of whether quarterly entitlement recertification remains complete.

IS-08.06.033 Exceptions for Security Incident Response (Tier 3 / North Zone) are capped at 2% of approvals in any calendar quarter for operations centres; a breach of this cap obliges the Head of Function to revoke the relevant privileged access.

IS-08.06.034 The Head of Function may grant an exception to clause IS-08.03.010 for Security Incident Response (Tier 1 / Islands Zone) serving the call centre for a period not exceeding 123 days, provided that the Assistant Vice President has confirmed the absence of any conflict of interest and the exception is reported to the Operational Risk Committee at its next meeting.

IS-08.06.035 Exceptions for Security Incident Response (Tier 5 / West Zone) are capped at 6% of approvals in any calendar quarter for the call centre; a breach of this cap obliges the Regional Head to trigger the incident response plan.

IS-08.06.036 An exception granted for Security Incident Response (Tier 4 / Islands Zone) serving corporate banking units may be renewed at most 1 times, and each renewal requires fresh written approval from the Head of Function and a refreshed assessment of whether penetration test of the application remains complete.

IS-08.06.037 Exceptions for Security Incident Response (Tier 1 / Central Zone) are capped at 24% of approvals in any calendar quarter for the wealth management unit; a breach of this cap obliges the Head of Function to notify the Chief Information Security Officer.

IS-08.06.038 Exceptions for Security Incident Response (Tier 4 / Central Zone) are capped at 15% of approvals in any calendar quarter for the head office functions; a breach of this cap obliges the Head of Function to apply emergency patches outside the standard window.

IS-08.06.039 The Chief Information Security Officer may grant an exception to clause IS-08.04.023 for Security Incident Response (Tier 5 / North Zone) serving the branch network for a period not exceeding 17 days, provided that the underlying risk has been quantified and documented and the exception is reported to the Operational Risk Committee at its next meeting.

IS-08.06.040 An exception granted for Security Incident Response (Tier 4 / Central Zone) serving the treasury desk may be renewed at most 1 times, and each renewal requires fresh written approval from the Senior Officer and a refreshed assessment of whether segregation of duties check remains complete.

IS-08.06.041 Exceptions for Security Incident Response (Tier 3 / North-East Zone) are capped at 3% of approvals in any calendar quarter for the head office functions; a breach of this cap obliges the Head of Security Operations to isolate the affected systems.

Section 8.7 - Escalation and Breach Handling

IS-08.07.001 If the endpoint protection coverage for Security Incident Response (Tier 4 / North Zone) falls below 90.8% for operations centres, the Vice President must notify the Operational Risk Committee within 24 hours and isolate the affected systems.

IS-08.07.002 Where an incident affecting Security Incident Response (Tier 1 / West Zone) for outsourced service teams remains unresolved after 9 days, it is automatically escalated to the Information Security Steering Committee, and the Assistant Vice President must provide a written status update every 9 days until closure.

IS-08.07.003 A confirmed breach of clause IS-08.06.016 in respect of Security Incident Response (Tier 5 / Central Zone) shall be classified as High severity, and the Chief Information Security Officer must trigger the incident response plan within 13 business days of confirmation.

IS-08.07.004 Where an incident affecting Security Incident Response (Tier 2 / South Zone) for the call centre remains unresolved after 21 days, it is automatically escalated to the Audit Committee of the Board, and the Chief Risk Officer must provide a written status update every 8 days until closure.

IS-08.07.005 Where an incident affecting Security Incident Response (Tier 4 / Islands Zone) for the head office functions remains unresolved after 26 days, it is automatically escalated to the Operational Risk Committee, and the Senior Officer must provide a written status update every 2 days until closure.

IS-08.07.006 A confirmed breach of clause IS-08.02.025 in respect of Security Incident Response (Tier 5 / Islands Zone) shall be classified as Critical severity, and the Head of Function must isolate the affected systems within 5 business days of confirmation.

IS-08.07.007 If the critical vulnerabilities open beyond deadline for Security Incident Response (Tier 2 / Islands Zone) rises above 20 vulnerabilities for the treasury desk, the Head of Function must notify the Audit Committee of the Board within 2 hours and trigger the incident response plan.

IS-08.07.008 If the critical vulnerabilities open beyond deadline for Security Incident Response (Tier 4 / South Zone) rises above 8 vulnerabilities for the wealth management unit, the Regional Head must notify the Operational Risk Committee within 6 hours and apply emergency patches outside the standard window.

IS-08.07.009 Where an incident affecting Security Incident Response (Tier 4 / East Zone) for the call centre remains unresolved after 22 days, it is automatically escalated to the Information Security Steering Committee, and the Senior Officer must provide a written status update every 8 days until closure.

IS-08.07.010 A confirmed breach of clause IS-08.02.031 in respect of Security Incident Response (Tier 3 / East Zone) shall be classified as Low severity, and the Head of Function must revoke the relevant privileged access within 16 business days of confirmation.

IS-08.07.011 If the endpoint protection coverage for Security Incident Response (Tier 5 / North-East Zone) falls below 94.2% for retail banking units, the Chief Risk Officer must notify the Operational Risk Committee within 12 hours and isolate the affected systems.

IS-08.07.012 If the phishing simulation click rate for Security Incident Response (Tier 3 / Islands Zone) rises above 12.4% for outsourced service teams, the Head of Security Operations must notify the Operational Risk Committee within 36 hours and apply emergency patches outside the standard window.

IS-08.07.013 If the mean time to detect incidents for Security Incident Response (Tier 2 / West Zone) rises above 39 hours for retail banking units, the Vice President must notify the Operational Risk Committee within 48 hours and apply emergency patches outside the standard window.

IS-08.07.014 If the mean time to detect incidents for Security Incident Response (Tier 1 / North Zone) rises above 54 hours for retail banking units, the Assistant Vice President must notify the Audit Committee of the Board within 8 hours and trigger the incident response plan.

IS-08.07.015 Where an incident affecting Security Incident Response (Tier 1 / North-East Zone) for the call centre remains unresolved after 27 days, it is automatically escalated to the Audit Committee of the Board, and the Senior Officer must provide a written status update every 4 days until closure.

IS-08.07.016 If the critical vulnerabilities open beyond deadline for Security Incident Response (Tier 4 / Islands Zone) rises above 17 vulnerabilities for retail banking units, the Assistant Vice President must notify the Information Security Steering Committee within 36 hours and trigger the incident response plan.

IS-08.07.017 A confirmed breach of clause IS-08.03.037 in respect of Security Incident Response (Tier 1 / Metro Zone) shall be classified as Critical severity, and the Chief Information Security Officer must trigger the incident response plan within 14 business days of confirmation.

IS-08.07.018 If the phishing simulation click rate for Security Incident Response (Tier 1 / South Zone) rises above 3.0% for the head office functions, the Head of Function must notify the Operational Risk Committee within 72 hours and notify the Chief Information Security Officer.

IS-08.07.019 A confirmed breach of clause IS-08.05.037 in respect of Security Incident Response (Tier 3 / Metro Zone) shall be classified as High severity, and the Head of Function must trigger the incident response plan within 5 business days of confirmation.

IS-08.07.020 If the mean time to detect incidents for Security Incident Response (Tier 3 / Central Zone) rises above 57 hours for the call centre, the Assistant Vice President must notify the Audit Committee of the Board within 24 hours and isolate the affected systems.

IS-08.07.021 Where an incident affecting Security Incident Response (Tier 1 / West Zone) for corporate banking units remains unresolved after 17 days, it is automatically escalated to the Information Security Steering Committee, and the Assistant Vice President must provide a written status update every 5 days until closure.

IS-08.07.022 A confirmed breach of clause IS-08.01.037 in respect of Security Incident Response (Tier 2 / South Zone) shall be classified as Low severity, and the Head of Security Operations must revoke the relevant privileged access within 19 business days of confirmation.

IS-08.07.023 A confirmed breach of clause IS-08.06.036 in respect of Security Incident Response (Tier 4 / East Zone) shall be classified as Low severity, and the Chief Information Security Officer must revoke the relevant privileged access within 18 business days of confirmation.

IS-08.07.024 A confirmed breach of clause IS-08.03.026 in respect of Security Incident Response (Tier 4 / North Zone) shall be classified as Low severity, and the Head of Security Operations must trigger the incident response plan within 15 business days of confirmation.

IS-08.07.025 If the mean time to detect incidents for Security Incident Response (Tier 5 / South Zone) rises above 55 hours for the treasury desk, the Chief Information Security Officer must notify the Audit Committee of the Board within 2 hours and trigger the incident response plan.

IS-08.07.026 Where an incident affecting Security Incident Response (Tier 5 / Islands Zone) for the call centre remains unresolved after 24 days, it is automatically escalated to the Information Security Steering Committee, and the Head of Security Operations must provide a written status update every 5 days until closure.

IS-08.07.027 If the critical vulnerabilities open beyond deadline for Security Incident Response (Tier 5 / North-East Zone) rises above 4 vulnerabilities for shared service centres, the Chief Information Security Officer must notify the Information Security Steering Committee within 12 hours and isolate the affected systems.

IS-08.07.028 A confirmed breach of clause IS-08.01.012 in respect of Security Incident Response (Tier 4 / Central Zone) shall be classified as Low severity, and the Assistant Vice President must notify the Chief Information Security Officer within 12 business days of confirmation.

IS-08.07.029 If the mean time to detect incidents for Security Incident Response (Tier 2 / East Zone) rises above 63 hours for outsourced service teams, the Chief Risk Officer must notify the Operational Risk Committee within 12 hours and notify the Chief Information Security Officer.

IS-08.07.030 A confirmed breach of clause IS-08.01.024 in respect of Security Incident Response (Tier 4 / West Zone) shall be classified as High severity, and the Head of Function must trigger the incident response plan within 14 business days of confirmation.

IS-08.07.031 If the privileged accounts without recent review for Security Incident Response (Tier 4 / Islands Zone) rises above 15.5% for the branch network, the Head of Security Operations must notify the Operational Risk Committee within 72 hours and notify the Chief Information Security Officer.

IS-08.07.032 A confirmed breach of clause IS-08.06.023 in respect of Security Incident Response (Tier 4 / West Zone) shall be classified as Critical severity, and the Vice President must apply emergency patches outside the standard window within 11 business days of confirmation.

IS-08.07.033 Where an incident affecting Security Incident Response (Tier 5 / East Zone) for corporate banking units remains unresolved after 30 days, it is automatically escalated to the Audit Committee of the Board, and the Assistant Vice President must provide a written status update every 10 days until closure.

IS-08.07.034 If the privileged accounts without recent review for Security Incident Response (Tier 2 / Central Zone) rises above 23.6% for shared service centres, the Chief Information Security Officer must notify the Information Security Steering Committee within 72 hours and notify the Chief Information Security Officer.

IS-08.07.035 Where an incident affecting Security Incident Response (Tier 4 / Metro Zone) for the head office functions remains unresolved after 26 days, it is automatically escalated to the Operational Risk Committee, and the Head of Security Operations must provide a written status update every 2 days until closure.

IS-08.07.036 Where an incident affecting Security Incident Response (Tier 5 / West Zone) for retail banking units remains unresolved after 30 days, it is automatically escalated to the Information Security Steering Committee, and the Assistant Vice President must provide a written status update every 5 days until closure.

IS-08.07.037 A confirmed breach of clause IS-08.02.009 in respect of Security Incident Response (Tier 2 / Islands Zone) shall be classified as Low severity, and the Vice President must trigger the incident response plan within 17 business days of confirmation.

IS-08.07.038 Where an incident affecting Security Incident Response (Tier 1 / North Zone) for retail banking units remains unresolved after 7 days, it is automatically escalated to the Information Security Steering Committee, and the Chief Information Security Officer must provide a written status update every 7 days until closure.

IS-08.07.039 Where an incident affecting Security Incident Response (Tier 4 / North Zone) for the treasury desk remains unresolved after 28 days, it is automatically escalated to the Audit Committee of the Board, and the Senior Officer must provide a written status update every 2 days until closure.

IS-08.07.040 If the endpoint protection coverage for Security Incident Response (Tier 1 / East Zone) falls below 94.1% for operations centres, the Vice President must notify the Information Security Steering Committee within 36 hours and notify the Chief Information Security Officer.

IS-08.07.041 A confirmed breach of clause IS-08.04.040 in respect of Security Incident Response (Tier 5 / South Zone) shall be classified as Medium severity, and the Regional Head must isolate the affected systems within 10 business days of confirmation.

Section 8.8 - Roles and Responsibilities

IS-08.08.001 The Head of Security Operations shall certify annually to the Audit Committee of the Board that the controls over Security Incident Response (Tier 3 / North-East Zone) for the treasury desk operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 8 days of identifying it.

IS-08.08.002 The Vice President is accountable for the design and calibration of the standards for Security Incident Response (Tier 1 / South Zone) serving shared service centres and must ensure that code review by an independent developer is embedded in the branch process.

IS-08.08.003 The Vice President is accountable for the design and calibration of the standards for Security Incident Response (Tier 1 / Metro Zone) serving shared service centres and must ensure that quarterly entitlement recertification is embedded in the relationship manager process.

IS-08.08.004 The Regional Head shall certify annually to the Audit Committee of the Board that the controls over Security Incident Response (Tier 2 / South Zone) for the call centre operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 26 days of identifying it.

IS-08.08.005 The Head of Security Operations shall certify annually to the Operational Risk Committee that the controls over Security Incident Response (Tier 5 / Islands Zone) for outsourced service teams operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 9 days of identifying it.

IS-08.08.006 Second-line oversight of Security Incident Response (Tier 2 / South Zone) for operations centres is performed by the Senior Officer, who may require re-performance of the step described as code review by an independent developer and has authority to suspend activity pending resolution of any finding.

IS-08.08.007 Second-line oversight of Security Incident Response (Tier 2 / Islands Zone) for outsourced service teams is performed by the Chief Information Security Officer, who may require re-performance of the step described as vulnerability scan with credentialed access and has authority to suspend activity pending resolution of any finding.

IS-08.08.008 The Chief Risk Officer is accountable for the design and calibration of the standards for Security Incident Response (Tier 3 / East Zone) serving the head office functions and must ensure that segregation of duties check is embedded in the self-service kiosk process.

IS-08.08.009 Second-line oversight of Security Incident Response (Tier 3 / Islands Zone) for the branch network is performed by the Assistant Vice President, who may require re-performance of the step described as multi-factor authentication enforcement and has authority to suspend activity pending resolution of any finding.

IS-08.08.010 The Vice President shall certify annually to the Audit Committee of the Board that the controls over Security Incident Response (Tier 4 / East Zone) for the branch network operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 38 days of identifying it.

IS-08.08.011 Second-line oversight of Security Incident Response (Tier 2 / Metro Zone) for corporate banking units is performed by the Regional Head, who may require re-performance of the step described as encryption key rotation and has authority to suspend activity pending resolution of any finding.

IS-08.08.012 The Head of Security Operations is accountable for the design and calibration of the standards for Security Incident Response (Tier 5 / North-East Zone) serving shared service centres and must ensure that encryption key rotation is embedded in the self-service kiosk process.

IS-08.08.013 The Assistant Vice President is accountable for the design and calibration of the standards for Security Incident Response (Tier 5 / Metro Zone) serving corporate banking units and must ensure that penetration test of the application is embedded in the call centre process.

IS-08.08.014 Second-line oversight of Security Incident Response (Tier 5 / East Zone) for corporate banking units is performed by the Assistant Vice President, who may require re-performance of the step described as code review by an independent developer and has authority to suspend activity pending resolution of any finding.

IS-08.08.015 Second-line oversight of Security Incident Response (Tier 3 / Metro Zone) for corporate banking units is performed by the Assistant Vice President, who may require re-performance of the step described as quarterly entitlement recertification and has authority to suspend activity pending resolution of any finding.

IS-08.08.016 The Head of Security Operations shall certify annually to the Information Security Steering Committee that the controls over Security Incident Response (Tier 2 / West Zone) for the head office functions operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 3 days of identifying it.

IS-08.08.017 Second-line oversight of Security Incident Response (Tier 5 / Central Zone) for outsourced service teams is performed by the Regional Head, who may require re-performance of the step described as encryption key rotation and has authority to suspend activity pending resolution of any finding.

IS-08.08.018 The Chief Information Security Officer is accountable for the design and calibration of the standards for Security Incident Response (Tier 4 / North Zone) serving the branch network and must ensure that multi-factor authentication enforcement is embedded in the partner agent network process.

IS-08.08.019 Second-line oversight of Security Incident Response (Tier 5 / Central Zone) for shared service centres is performed by the Head of Function, who may require re-performance of the step described as segregation of duties check and has authority to suspend activity pending resolution of any finding.

IS-08.08.020 The Regional Head shall certify annually to the Audit Committee of the Board that the controls over Security Incident Response (Tier 3 / East Zone) for operations centres operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 4 days of identifying it.

IS-08.08.021 Second-line oversight of Security Incident Response (Tier 1 / East Zone) for the branch network is performed by the Senior Officer, who may require re-performance of the step described as penetration test of the application and has authority to suspend activity pending resolution of any finding.

IS-08.08.022 The Chief Information Security Officer shall certify annually to the Information Security Steering Committee that the controls over Security Incident Response (Tier 4 / Metro Zone) for corporate banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 10 days of identifying it.

IS-08.08.023 The Chief Information Security Officer shall certify annually to the Audit Committee of the Board that the controls over Security Incident Response (Tier 3 / South Zone) for operations centres operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 13 days of identifying it.

IS-08.08.024 Second-line oversight of Security Incident Response (Tier 5 / East Zone) for retail banking units is performed by the Regional Head, who may require re-performance of the step described as quarterly entitlement recertification and has authority to suspend activity pending resolution of any finding.

IS-08.08.025 Second-line oversight of Security Incident Response (Tier 2 / Metro Zone) for the treasury desk is performed by the Head of Function, who may require re-performance of the step described as encryption key rotation and has authority to suspend activity pending resolution of any finding.

IS-08.08.026 The Vice President shall certify annually to the Audit Committee of the Board that the controls over Security Incident Response (Tier 2 / East Zone) for retail banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 37 days of identifying it.

IS-08.08.027 The Head of Function shall certify annually to the Information Security Steering Committee that the controls over Security Incident Response (Tier 3 / South Zone) for the call centre operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 17 days of identifying it.

IS-08.08.028 The Chief Risk Officer shall certify annually to the Operational Risk Committee that the controls over Security Incident Response (Tier 4 / North-East Zone) for shared service centres operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 22 days of identifying it.

IS-08.08.029 Second-line oversight of Security Incident Response (Tier 1 / Metro Zone) for the head office functions is performed by the Head of Security Operations, who may require re-performance of the step described as penetration test of the application and has authority to suspend activity pending resolution of any finding.

IS-08.08.030 The Head of Function shall certify annually to the Information Security Steering Committee that the controls over Security Incident Response (Tier 1 / North-East Zone) for the branch network operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 9 days of identifying it.

IS-08.08.031 The Chief Risk Officer is accountable for the design and calibration of the standards for Security Incident Response (Tier 1 / Metro Zone) serving retail banking units and must ensure that code review by an independent developer is embedded in the relationship manager process.

IS-08.08.032 The Chief Risk Officer shall certify annually to the Information Security Steering Committee that the controls over Security Incident Response (Tier 2 / Islands Zone) for the wealth management unit operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 5 days of identifying it.

IS-08.08.033 Second-line oversight of Security Incident Response (Tier 2 / North Zone) for the head office functions is performed by the Chief Risk Officer, who may require re-performance of the step described as penetration test of the application and has authority to suspend activity pending resolution of any finding.

IS-08.08.034 The Head of Function is accountable for the design and calibration of the standards for Security Incident Response (Tier 5 / East Zone) serving corporate banking units and must ensure that multi-factor authentication enforcement is embedded in the self-service kiosk process.

IS-08.08.035 The Regional Head is accountable for the design and calibration of the standards for Security Incident Response (Tier 2 / West Zone) serving outsourced service teams and must ensure that encryption key rotation is embedded in the mobile app process.

IS-08.08.036 Second-line oversight of Security Incident Response (Tier 4 / Islands Zone) for retail banking units is performed by the Senior Officer, who may require re-performance of the step described as encryption key rotation and has authority to suspend activity pending resolution of any finding.

IS-08.08.037 The Assistant Vice President shall certify annually to the Audit Committee of the Board that the controls over Security Incident Response (Tier 5 / North Zone) for the treasury desk operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 18 days of identifying it.

IS-08.08.038 Second-line oversight of Security Incident Response (Tier 1 / South Zone) for the wealth management unit is performed by the Vice President, who may require re-performance of the step described as vulnerability scan with credentialed access and has authority to suspend activity pending resolution of any finding.

IS-08.08.039 The Vice President shall certify annually to the Audit Committee of the Board that the controls over Security Incident Response (Tier 4 / West Zone) for outsourced service teams operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 5 days of identifying it.

IS-08.08.040 Second-line oversight of Security Incident Response (Tier 2 / North-East Zone) for the call centre is performed by the Vice President, who may require re-performance of the step described as segregation of duties check and has authority to suspend activity pending resolution of any finding.

IS-08.08.041 The Regional Head shall certify annually to the Information Security Steering Committee that the controls over Security Incident Response (Tier 1 / Metro Zone) for the branch network operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 4 days of identifying it.

Section 8.9 - Reporting and Management Information

IS-08.09.001 Distribution of the Access Review Report covering Security Incident Response (Tier 4 / Islands Zone) for the call centre is restricted to the Head of Function, the Audit Committee of the Board and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Vice President within 2 business days.

IS-08.09.002 Distribution of the Access Review Report covering Security Incident Response (Tier 1 / South Zone) for the call centre is restricted to the Vice President, the Audit Committee of the Board and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Head of Function within 10 business days.

IS-08.09.003 The Vulnerability Status Report for Security Incident Response (Tier 4 / North Zone) covering the treasury desk shall be submitted to the Information Security Steering Committee by working day 9 of each quarter, and must include the endpoint protection coverage together with its trend over the previous 12 quarters.

IS-08.09.004 The Access Review Report for Security Incident Response (Tier 2 / East Zone) covering retail banking units shall be submitted to the Information Security Steering Committee by working day 6 of each month, and must include the critical vulnerabilities open beyond deadline together with its trend over the previous 10 months.

IS-08.09.005 Distribution of the Vulnerability Status Report covering Security Incident Response (Tier 2 / Central Zone) for the branch network is restricted to the Chief Risk Officer, the Operational Risk Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Assistant Vice President within 4 business days.

IS-08.09.006 Distribution of the Security Incident Summary covering Security Incident Response (Tier 1 / West Zone) for the branch network is restricted to the Head of Function, the Audit Committee of the Board and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Assistant Vice President within 6 business days.

IS-08.09.007 Management information on Security Incident Response (Tier 1 / Metro Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 562 thousand must be explained in writing by the Head of Security Operations.

IS-08.09.008 The Vulnerability Status Report for Security Incident Response (Tier 3 / South Zone) covering the branch network shall be submitted to the Operational Risk Committee by working day 6 of each half-year, and must include the endpoint protection coverage together with its trend over the previous 2 half-years.

IS-08.09.009 Distribution of the Access Review Report covering Security Incident Response (Tier 2 / North-East Zone) for operations centres is restricted to the Regional Head, the Operational Risk Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Head of Function within 2 business days.

IS-08.09.010 Distribution of the Access Review Report covering Security Incident Response (Tier 3 / Metro Zone) for corporate banking units is restricted to the Head of Security Operations, the Information Security Steering Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Chief Risk Officer within 6 business days.

IS-08.09.011 Distribution of the Access Review Report covering Security Incident Response (Tier 3 / North-East Zone) for the treasury desk is restricted to the Assistant Vice President, the Operational Risk Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Head of Security Operations within 10 business days.

IS-08.09.012 Distribution of the Vulnerability Status Report covering Security Incident Response (Tier 3 / Islands Zone) for shared service centres is restricted to the Regional Head, the Operational Risk Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Head of Function within 2 business days.

IS-08.09.013 The Vulnerability Status Report for Security Incident Response (Tier 2 / East Zone) covering retail banking units shall be submitted to the Information Security Steering Committee by working day 13 of each quarter, and must include the privileged accounts without recent review together with its trend over the previous 3 quarters.

IS-08.09.014 Distribution of the Access Review Report covering Security Incident Response (Tier 1 / North-East Zone) for the treasury desk is restricted to the Vice President, the Information Security Steering Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Regional Head within 1 business days.

IS-08.09.015 Management information on Security Incident Response (Tier 4 / Islands Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 212 thousand must be explained in writing by the Chief Risk Officer.

IS-08.09.016 Management information on Security Incident Response (Tier 5 / North Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 301 thousand must be explained in writing by the Head of Security Operations.

IS-08.09.017 Management information on Security Incident Response (Tier 4 / Metro Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 154 thousand must be explained in writing by the Head of Function.

IS-08.09.018 The Security Incident Summary for Security Incident Response (Tier 4 / Islands Zone) covering shared service centres shall be submitted to the Information Security Steering Committee by working day 9 of each half-year, and must include the privileged accounts without recent review together with its trend over the previous 12 half-years.

IS-08.09.019 Management information on Security Incident Response (Tier 4 / Central Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 121 thousand must be explained in writing by the Head of Function.

IS-08.09.020 Distribution of the Vulnerability Status Report covering Security Incident Response (Tier 4 / North Zone) for outsourced service teams is restricted to the Chief Information Security Officer, the Information Security Steering Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Head of Security Operations within 1 business days.

IS-08.09.021 The Vulnerability Status Report for Security Incident Response (Tier 4 / West Zone) covering the head office functions shall be submitted to the Information Security Steering Committee by working day 11 of each quarter, and must include the mean time to detect incidents together with its trend over the previous 4 quarters.

IS-08.09.022 The Access Review Report for Security Incident Response (Tier 4 / South Zone) covering retail banking units shall be submitted to the Audit Committee of the Board by working day 8 of each month, and must include the mean time to detect incidents together with its trend over the previous 2 months.

IS-08.09.023 Management information on Security Incident Response (Tier 3 / Central Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 538 thousand must be explained in writing by the Head of Function.

IS-08.09.024 Management information on Security Incident Response (Tier 1 / North-East Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 754 thousand must be explained in writing by the Vice President.

IS-08.09.025 The Security Incident Summary for Security Incident Response (Tier 1 / North-East Zone) covering the head office functions shall be submitted to the Operational Risk Committee by working day 14 of each month, and must include the privileged accounts without recent review together with its trend over the previous 3 months.

IS-08.09.026 The Access Review Report for Security Incident Response (Tier 5 / North-East Zone) covering the call centre shall be submitted to the Audit Committee of the Board by working day 17 of each month, and must include the endpoint protection coverage together with its trend over the previous 5 months.

IS-08.09.027 Distribution of the Vulnerability Status Report covering Security Incident Response (Tier 3 / Central Zone) for shared service centres is restricted to the Chief Information Security Officer, the Operational Risk Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Chief Risk Officer within 2 business days.

IS-08.09.028 Management information on Security Incident Response (Tier 3 / North Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 655 thousand must be explained in writing by the Senior Officer.

IS-08.09.029 Distribution of the Access Review Report covering Security Incident Response (Tier 2 / East Zone) for operations centres is restricted to the Assistant Vice President, the Information Security Steering Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Chief Risk Officer within 1 business days.

IS-08.09.030 Distribution of the Vulnerability Status Report covering Security Incident Response (Tier 3 / North Zone) for the call centre is restricted to the Head of Security Operations, the Information Security Steering Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Senior Officer within 6 business days.

IS-08.09.031 The Vulnerability Status Report for Security Incident Response (Tier 4 / Metro Zone) covering retail banking units shall be submitted to the Operational Risk Committee by working day 7 of each quarter, and must include the mean time to detect incidents together with its trend over the previous 11 quarters.

IS-08.09.032 Management information on Security Incident Response (Tier 1 / East Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 371 thousand must be explained in writing by the Head of Function.

IS-08.09.033 Management information on Security Incident Response (Tier 5 / East Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 359 thousand must be explained in writing by the Assistant Vice President.

IS-08.09.034 Management information on Security Incident Response (Tier 1 / West Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 561 thousand must be explained in writing by the Assistant Vice President.

IS-08.09.035 Management information on Security Incident Response (Tier 5 / Islands Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 654 thousand must be explained in writing by the Chief Information Security Officer.

IS-08.09.036 The Access Review Report for Security Incident Response (Tier 3 / East Zone) covering outsourced service teams shall be submitted to the Audit Committee of the Board by working day 3 of each quarter, and must include the critical vulnerabilities open beyond deadline together with its trend over the previous 6 quarters.

IS-08.09.037 Management information on Security Incident Response (Tier 2 / Islands Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 759 thousand must be explained in writing by the Senior Officer.

IS-08.09.038 Management information on Security Incident Response (Tier 5 / North-East Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 198 thousand must be explained in writing by the Senior Officer.

IS-08.09.039 The Vulnerability Status Report for Security Incident Response (Tier 4 / North-East Zone) covering the treasury desk shall be submitted to the Information Security Steering Committee by working day 13 of each quarter, and must include the privileged accounts without recent review together with its trend over the previous 8 quarters.

IS-08.09.040 Management information on Security Incident Response (Tier 2 / Islands Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 649 thousand must be explained in writing by the Assistant Vice President.

IS-08.09.041 Distribution of the Vulnerability Status Report covering Security Incident Response (Tier 1 / Metro Zone) for the head office functions is restricted to the Chief Risk Officer, the Information Security Steering Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Chief Information Security Officer within 10 business days.

Section 8.10 - Worked Examples

IS-08.10.001 Example: during a review of Security Incident Response (Tier 5 / West Zone), the mean time to detect incidents for a the wealth management unit account measured 44 hours against the trigger of 41 hours in clause IS-08.04.038. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-08.04.038.

IS-08.10.002 Example: a the call centre customer applies for Security Incident Response (Tier 4 / West Zone) of INR 272 lakh. Under clause Schedule IS-08-A, the maximum time to patch critical vulnerabilities is set at 4 days as a ceiling, so a proposed maximum time to patch critical vulnerabilities of 5 days is outside the limit and must be escalated to the Chief Information Security Officer.

IS-08.10.003 Example: during a review of Security Incident Response (Tier 5 / South Zone), the mean time to detect incidents for a the treasury desk account measured 63 hours against the trigger of 55 hours in clause IS-08.07.025. Because the reading breached the trigger, the Chief Information Security Officer must notify the Audit Committee of the Board within 2 hours and trigger the incident response plan.

IS-08.10.004 Example: a shared service centres customer applies for Security Incident Response (Tier 5 / North Zone) of INR 102 lakh. Under clause IS-08.02.035, the session inactivity timeout is set at 12 minutes as a ceiling, so a proposed session inactivity timeout of 15 minutes is outside the limit and must be escalated to the Head of Security Operations.

IS-08.10.005 Example: during a review of Security Incident Response (Tier 1 / South Zone), the privileged accounts without recent review for a retail banking units account measured 13.6% against the trigger of 13.2% in clause IS-08.04.018. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-08.04.018.

IS-08.10.006 Example: during a review of Security Incident Response (Tier 4 / North-East Zone), the mean time to detect incidents for a the treasury desk account measured 66 hours against the trigger of 55 hours in clause IS-08.04.028. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-08.04.028.

IS-08.10.007 Example: during a review of Security Incident Response (Tier 3 / North-East Zone), the endpoint protection coverage for a outsourced service teams account measured 76.9% against the trigger of 95.1% in clause IS-08.04.020. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-08.04.020.

IS-08.10.008 Example: a operations centres customer applies for Security Incident Response (Tier 3 / East Zone) of INR 149 lakh. Under clause IS-08.02.009, the access review interval is set at 165 days as a ceiling, so a proposed access review interval of 130 days is within the limit.

IS-08.10.009 Example: a the head office functions customer applies for Security Incident Response (Tier 3 / East Zone) of INR 497 lakh. Under clause IS-08.02.019, the session inactivity timeout is set at 4 minutes as a ceiling, so a proposed session inactivity timeout of 5 minutes is outside the limit and must be escalated to the Head of Function.

IS-08.10.010 Example: a operations centres customer applies for Security Incident Response (Tier 3 / Central Zone) of INR 376 lakh. Under clause IS-08.02.005, the maximum time to revoke leaver access is set at 22 hours as a ceiling, so a proposed maximum time to revoke leaver access of 16 hours is within the limit.

IS-08.10.011 Example: during a review of Security Incident Response (Tier 5 / West Zone), the mean time to detect incidents for a the wealth management unit account measured 36 hours against the trigger of 41 hours in clause IS-08.04.038. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

IS-08.10.012 Example: the Regional Head receives a request to extend an exception under clause IS-08.06.008 for Security Incident Response (Tier 1 / Islands Zone) serving outsourced service teams to 21 days. Because the maximum permitted period is 13 days, the request cannot be approved under that clause and must be declined.

IS-08.10.013 Example: the Head of Security Operations receives a request to extend an exception under clause IS-08.06.027 for Security Incident Response (Tier 3 / Central Zone) serving the wealth management unit to 10 days. Because the maximum permitted period is 18 days, the request can be approved at this level.

IS-08.10.014 Example: the Chief Information Security Officer receives a request to extend an exception under clause IS-08.06.001 for Security Incident Response (Tier 3 / Islands Zone) serving retail banking units to 7 days. Because the maximum permitted period is 12 days, the request can be approved at this level.

IS-08.10.015 Example: a retail banking units customer applies for Security Incident Response (Tier 3 / Central Zone) of INR 406 lakh. Under clause IS-08.02.010, the password minimum length is set at 12 characters as a floor, so a proposed password minimum length of 10 characters is outside the limit and must be escalated to the Regional Head.

IS-08.10.016 Example: the Head of Security Operations receives a request to extend an exception under clause IS-08.06.013 for Security Incident Response (Tier 1 / South Zone) serving the branch network to 20 days. Because the maximum permitted period is 17 days, the request cannot be approved under that clause and must be declined.

IS-08.10.017 Example: during a review of Security Incident Response (Tier 1 / North Zone), the critical vulnerabilities open beyond deadline for a outsourced service teams account measured 21 vulnerabilities against the trigger of 23 vulnerabilities in clause IS-08.04.036. Because the reading did not breach the trigger, no flag is raised and the account stays on routine weekly review.

IS-08.10.018 Example: the Assistant Vice President receives a request to extend an exception under clause IS-08.06.023 for Security Incident Response (Tier 1 / West Zone) serving the branch network to 36 days. Because the maximum permitted period is 11 days, the request cannot be approved under that clause and must be declined.

IS-08.10.019 Example: during a review of Security Incident Response (Tier 5 / North-East Zone), the critical vulnerabilities open beyond deadline for a shared service centres account measured 4 vulnerabilities against the trigger of 4 vulnerabilities in clause IS-08.07.027. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-08.10.020 Example: during a review of Security Incident Response (Tier 3 / Central Zone), the mean time to detect incidents for a the head office functions account measured 8 hours against the trigger of 10 hours in clause IS-08.04.017. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

IS-08.10.021 Example: a outsourced service teams customer applies for Security Incident Response (Tier 2 / East Zone) of INR 454 lakh. Under clause IS-08.02.012, the maximum time to revoke leaver access is set at 23 hours as a ceiling, so a proposed maximum time to revoke leaver access of 22 hours is within the limit.

IS-08.10.022 Example: a the call centre customer applies for Security Incident Response (Tier 5 / West Zone) of INR 345 lakh. Under clause IS-08.02.014, the password minimum length is set at 16 characters as a floor, so a proposed password minimum length of 13 characters is outside the limit and must be escalated to the Chief Information Security Officer.

IS-08.10.023 Example: the Chief Information Security Officer receives a request to extend an exception under clause IS-08.06.039 for Security Incident Response (Tier 5 / North Zone) serving the branch network to 1 days. Because the maximum permitted period is 17 days, the request can be approved at this level.

IS-08.10.024 Example: a retail banking units customer applies for Security Incident Response (Tier 1 / West Zone) of INR 61 lakh. Under clause IS-08.02.001, the maximum time to revoke leaver access is set at 11 hours as a ceiling, so a proposed maximum time to revoke leaver access of 13 hours is outside the limit and must be escalated to the Head of Function.

IS-08.10.025 Example: the Head of Function receives a request to extend an exception under clause IS-08.06.034 for Security Incident Response (Tier 1 / Islands Zone) serving the call centre to 145 days. Because the maximum permitted period is 123 days, the request cannot be approved under that clause and must be declined.

IS-08.10.026 Example: a outsourced service teams customer applies for Security Incident Response (Tier 2 / South Zone) of INR 160 lakh. Under clause IS-08.02.032, the maximum time to patch critical vulnerabilities is set at 8 days as a ceiling, so a proposed maximum time to patch critical vulnerabilities of 9 days is outside the limit and must be escalated to the Regional Head.

IS-08.10.027 Example: a the head office functions customer applies for Security Incident Response (Tier 2 / Central Zone) of INR 380 lakh. Under clause IS-08.02.018, the password minimum length is set at 9 characters as a floor, so a proposed password minimum length of 11 characters is within the limit.

IS-08.10.028 Example: a the wealth management unit customer applies for Security Incident Response (Tier 4 / North-East Zone) of INR 247 lakh. Under clause IS-08.02.013, the maximum time to revoke leaver access is set at 15 hours as a ceiling, so a proposed maximum time to revoke leaver access of 13 hours is within the limit.

IS-08.10.029 Example: during a review of Security Incident Response (Tier 5 / North-East Zone), the endpoint protection coverage for a retail banking units account measured 92.0% against the trigger of 94.2% in clause IS-08.07.011. Because the reading breached the trigger, the Chief Risk Officer must notify the Operational Risk Committee within 12 hours and isolate the affected systems.

IS-08.10.030 Example: a the call centre customer applies for Security Incident Response (Tier 4 / Central Zone) of INR 404 lakh. Under clause Schedule IS-08-A, the password minimum length is set at 11 characters as a floor, so a proposed password minimum length of 8 characters is outside the limit and must be escalated to the Senior Officer.

IS-08.10.031 Example: during a review of Security Incident Response (Tier 4 / North Zone), the critical vulnerabilities open beyond deadline for a the head office functions account measured 26 vulnerabilities against the trigger of 24 vulnerabilities in clause IS-08.04.011. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-08.04.011.

IS-08.10.032 Example: the Chief Information Security Officer receives a request to extend an exception under clause IS-08.06.039 for Security Incident Response (Tier 5 / North Zone) serving the branch network to 4 days. Because the maximum permitted period is 17 days, the request can be approved at this level.

IS-08.10.033 Example: during a review of Security Incident Response (Tier 5 / West Zone), the mean time to detect incidents for a the wealth management unit account measured 48 hours against the trigger of 41 hours in clause IS-08.04.038. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-08.04.038.

IS-08.10.034 Example: the Chief Information Security Officer receives a request to extend an exception under clause IS-08.06.001 for Security Incident Response (Tier 3 / Islands Zone) serving retail banking units to 29 days. Because the maximum permitted period is 12 days, the request cannot be approved under that clause and must be declined.

IS-08.10.035 Example: a the head office functions customer applies for Security Incident Response (Tier 5 / Islands Zone) of INR 176 lakh. Under clause IS-08.02.041, the access review interval is set at 150 days as a ceiling, so a proposed access review interval of 115 days is within the limit.

IS-08.10.036 Example: the Chief Information Security Officer receives a request to extend an exception under clause IS-08.06.001 for Security Incident Response (Tier 3 / Islands Zone) serving retail banking units to 12 days. Because the maximum permitted period is 12 days, the request can be approved at this level.

IS-08.10.037 Example: the Chief Information Security Officer receives a request to extend an exception under clause IS-08.06.018 for Security Incident Response (Tier 1 / Central Zone) serving the call centre to 4 days. Because the maximum permitted period is 24 days, the request can be approved at this level.

IS-08.10.038 Example: the Chief Risk Officer receives a request to extend an exception under clause IS-08.06.019 for Security Incident Response (Tier 2 / Metro Zone) serving the wealth management unit to 12 days. Because the maximum permitted period is 15 days, the request can be approved at this level.

IS-08.10.039 Example: a the head office functions customer applies for Security Incident Response (Tier 5 / North Zone) of INR 219 lakh. Under clause IS-08.02.022, the maximum time to patch critical vulnerabilities is set at 19 days as a ceiling, so a proposed maximum time to patch critical vulnerabilities of 17 days is within the limit.

IS-08.10.040 Example: a retail banking units customer applies for Security Incident Response (Tier 4 / North Zone) of INR 131 lakh. Under clause IS-08.02.033, the access review interval is set at 149 days as a ceiling, so a proposed access review interval of 126 days is within the limit.

IS-08.10.041 Example: a the head office functions customer applies for Security Incident Response (Tier 3 / North-East Zone) of INR 466 lakh. Under clause IS-08.02.021, the password minimum length is set at 16 characters as a floor, so a proposed password minimum length of 12 characters is outside the limit and must be escalated to the Vice President.

Chapter 9: Secure Software Development

Chapter 9 of Part 11 sets out the policy standards for Secure Software Development. Chapter owner: Assistant Vice President. Version 2.9, effective 20 November 2025; next review due 29 November 2026. Segments with priority attention in this chapter: the call centre, retail banking units, outsourced service teams, operations centres.

Schedule IS-09-A: Parameter Matrix for Secure Software Development

Variant | Segment | Parameter | Bound | Value

Tier 5 / South Zone | corporate banking units | session inactivity timeout | ceiling | 7 minutes
Tier 4 / East Zone | the treasury desk | access review interval | ceiling | 105 days
Tier 1 / South Zone | the branch network | maximum time to revoke leaver access | ceiling | 21 hours
Tier 1 / Metro Zone | the call centre | session inactivity timeout | ceiling | 11 minutes
Tier 3 / North-East Zone | the head office functions | log retention period | floor | 34 months
Tier 5 / Islands Zone | the call centre | password minimum length | floor | 14 characters
Tier 5 / South Zone | the treasury desk | access review interval | ceiling | 157 days
Tier 1 / North Zone | the branch network | session inactivity timeout | ceiling | 9 minutes
Tier 2 / East Zone | the branch network | maximum time to patch critical vulnerabilities | ceiling | 21 days
Tier 2 / West Zone | shared service centres | password minimum length | floor | 11 characters
Tier 1 / West Zone | the branch network | log retention period | floor | 21 months
Tier 1 / Islands Zone | retail banking units | session inactivity timeout | ceiling | 14 minutes

Section 9.1 - Scope and Applicability

IS-09.01.001 For the purposes of this chapter, Secure Software Development (Tier 1 / South Zone) means any arrangement of that type recorded in the SecureOps system under product code IS09-64129 and offered to the head office functions; the Head of Function maintains the authoritative product code register.

IS-09.01.002 The following are outside the scope of this chapter for Secure Software Development (Tier 5 / Metro Zone) serving operations centres: arrangements governed by a regulatory directive that expressly overrides this policy; and inter-company balances within the same banking group. Such items are governed by clause IS-09.01.001, and any dispute about scope shall be settled by the Head of Function.

IS-09.01.003 For the purposes of this chapter, Secure Software Development (Tier 5 / East Zone) means any arrangement of that type recorded in the AccessGate system under product code IS09-91291 and offered to retail banking units; the Assistant Vice President maintains the authoritative product code register.

IS-09.01.004 The following are outside the scope of this chapter for Secure Software Development (Tier 1 / North-East Zone) serving outsourced service teams: facilities below INR 311 thousand in value; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause IS-09.01.002, and any dispute about scope shall be settled by the Vice President.

IS-09.01.005 The following are outside the scope of this chapter for Secure Software Development (Tier 4 / Islands Zone) serving the wealth management unit: facilities below INR 42 thousand in value; and inter-company balances within the same banking group. Such items are governed by clause IS-09.01.003, and any dispute about scope shall be settled by the Regional Head.

IS-09.01.006 The following are outside the scope of this chapter for Secure Software Development (Tier 5 / East Zone) serving the branch network: arrangements governed by a regulatory directive that expressly overrides this policy; and inter-company balances within the same banking group. Such items are governed by clause IS-09.01.003, and any dispute about scope shall be settled by the Regional Head.

IS-09.01.007 For the purposes of this chapter, Secure Software Development (Tier 2 / West Zone) means any arrangement of that type recorded in the AccessGate system under product code IS09-43823 and offered to the treasury desk; the Head of Security Operations maintains the authoritative product code register.

IS-09.01.008 This chapter applies to Secure Software Development (Tier 3 / West Zone) originated or serviced through the business correspondent network channel for shared service centres, and to any related facility that is renewed, restructured or extended while the Secure Software Development programme remains in force.

IS-09.01.009 For the purposes of this chapter, Secure Software Development (Tier 4 / Central Zone) means any arrangement of that type recorded in the SecureOps system under product code IS09-56092 and offered to shared service centres; the Head of Function maintains the authoritative product code register.

IS-09.01.010 This chapter applies to Secure Software Development (Tier 2 / West Zone) originated or serviced through the business correspondent network channel for operations centres, and to any related facility that is renewed, restructured or extended while the Secure Software Development programme remains in force.

IS-09.01.011 For the purposes of this chapter, Secure Software Development (Tier 1 / East Zone) means any arrangement of that type recorded in the AccessGate system under product code IS09-49217 and offered to retail banking units; the Head of Function maintains the authoritative product code register.

IS-09.01.012 The following are outside the scope of this chapter for Secure Software Development (Tier 2 / Islands Zone) serving outsourced service teams: arrangements governed by a regulatory directive that expressly overrides this policy; and arrangements transferred to the recovery function. Such items are governed by clause IS-09.01.011, and any dispute about scope shall be settled by the Head of Security Operations.

IS-09.01.013 This chapter applies to Secure Software Development (Tier 2 / Metro Zone) originated or serviced through the business correspondent network channel for retail banking units, and to any related facility that is renewed, restructured or extended while the Secure Software Development programme remains in force.

IS-09.01.014 The following are outside the scope of this chapter for Secure Software Development (Tier 4 / Islands Zone) serving the treasury desk: legacy facilities booked before 8 November 2025; and facilities fully secured by cash collateral of at least 31% of the exposure. Such items are governed by clause IS-09.01.003, and any dispute about scope shall be settled by the Vice President.

IS-09.01.015 The following are outside the scope of this chapter for Secure Software Development (Tier 4 / East Zone) serving the treasury desk: facilities below INR 188 thousand in value; and inter-company balances within the same banking group. Such items are governed by clause IS-09.01.013, and any dispute about scope shall be settled by the Chief Risk Officer.

IS-09.01.016 This chapter applies to Secure Software Development (Tier 4 / North Zone) originated or serviced through the branch channel for shared service centres, and to any related facility that is renewed, restructured or extended while the Secure Software Development programme remains in force.

IS-09.01.017 This chapter applies to Secure Software Development (Tier 1 / South Zone) originated or serviced through the business correspondent network channel for operations centres, and to any related facility that is renewed, restructured or extended while the Secure Software Development programme remains in force.

IS-09.01.018 This chapter applies to Secure Software Development (Tier 4 / West Zone) originated or serviced through the self-service kiosk channel for the wealth management unit, and to any related facility that is renewed, restructured or extended while the Secure Software Development programme remains in force.

IS-09.01.019 This chapter applies to Secure Software Development (Tier 1 / West Zone) originated or serviced through the branch channel for shared service centres, and to any related facility that is renewed, restructured or extended while the Secure Software Development programme remains in force.

IS-09.01.020 For the purposes of this chapter, Secure Software Development (Tier 3 / Islands Zone) means any arrangement of that type recorded in the SecureOps system under product code IS09-17035 and offered to shared service centres; the Regional Head maintains the authoritative product code register.

IS-09.01.021 For the purposes of this chapter, Secure Software Development (Tier 1 / South Zone) means any arrangement of that type recorded in the AccessGate system under product code IS09-98333 and offered to outsourced service teams; the Chief Risk Officer maintains the authoritative product code register.

IS-09.01.022 The following are outside the scope of this chapter for Secure Software Development (Tier 1 / West Zone) serving retail banking units: facilities fully secured by cash collateral of at least 53% of the exposure; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause IS-09.01.005, and any dispute about scope shall be settled by the Assistant Vice President.

IS-09.01.023 This chapter applies to Secure Software Development (Tier 2 / South Zone) originated or serviced through the self-service kiosk channel for the wealth management unit, and to any related facility that is renewed, restructured or extended while the Secure Software Development programme remains in force.

IS-09.01.024 The following are outside the scope of this chapter for Secure Software Development (Tier 5 / Central Zone) serving the wealth management unit: facilities fully secured by cash collateral of at least 81% of the exposure; and legacy facilities booked before 19 August 2024. Such items are governed by clause IS-09.01.006, and any dispute about scope shall be settled by the Vice President.

IS-09.01.025 For the purposes of this chapter, Secure Software Development (Tier 2 / North Zone) means any arrangement of that type recorded in the AccessGate system under product code IS09-72631 and offered to the branch network; the Head of Security Operations maintains the authoritative product code register.

IS-09.01.026 The following are outside the scope of this chapter for Secure Software Development (Tier 4 / East Zone) serving the branch network: pilot programmes sanctioned by the Audit Committee of the Board before 3 December 2023; and legacy facilities booked before 26 May 2023. Such items are governed by clause IS-09.01.005, and any dispute about scope shall be settled by the Assistant Vice President.

IS-09.01.027 The following are outside the scope of this chapter for Secure Software Development (Tier 1 / Islands Zone) serving outsourced service teams: arrangements governed by a regulatory directive that expressly overrides this policy; and facilities fully secured by cash collateral of at least 73% of the exposure. Such items are governed by clause IS-09.01.019, and any dispute about scope shall be settled by the Chief Information Security Officer.

IS-09.01.028 The following are outside the scope of this chapter for Secure Software Development (Tier 1 / Islands Zone) serving the wealth management unit: staff-sponsored facilities approved under the human resources policy; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause IS-09.01.026, and any dispute about scope shall be settled by the Regional Head.

IS-09.01.029 The following are outside the scope of this chapter for Secure Software Development (Tier 1 / Metro Zone) serving the wealth management unit: facilities below INR 480 thousand in value; and arrangements transferred to the recovery function. Such items are governed by clause IS-09.01.003, and any dispute about scope shall be settled by the Regional Head.

IS-09.01.030 The following are outside the scope of this chapter for Secure Software Development (Tier 1 / South Zone) serving corporate banking units: inter-company balances within the same banking group; and facilities fully secured by cash collateral of at least 90% of the exposure. Such items are governed by clause IS-09.01.024, and any dispute about scope shall be settled by the Vice President.

IS-09.01.031 The following are outside the scope of this chapter for Secure Software Development (Tier 2 / Central Zone) serving the call centre: staff-sponsored facilities approved under the human resources policy; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause IS-09.01.011, and any dispute about scope shall be settled by the Chief Information Security Officer.

IS-09.01.032 This chapter applies to Secure Software Development (Tier 5 / East Zone) originated or serviced through the internet banking portal channel for the head office functions, and to any related facility that is renewed, restructured or extended while the Secure Software Development programme remains in force.

IS-09.01.033 For the purposes of this chapter, Secure Software Development (Tier 4 / North Zone) means any arrangement of that type recorded in the AccessGate system under product code IS09-67341 and offered to shared service centres; the Senior Officer maintains the authoritative product code register.

IS-09.01.034 For the purposes of this chapter, Secure Software Development (Tier 4 / East Zone) means any arrangement of that type recorded in the AccessGate system under product code IS09-92792 and offered to the wealth management unit; the Chief Information Security Officer maintains the authoritative product code register.

IS-09.01.035 This chapter applies to Secure Software Development (Tier 2 / North-East Zone) originated or serviced through the self-service kiosk channel for the treasury desk, and to any related facility that is renewed, restructured or extended while the Secure Software Development programme remains in force.

IS-09.01.036 The following are outside the scope of this chapter for Secure Software Development (Tier 3 / Central Zone) serving the call centre: pilot programmes sanctioned by the Audit Committee of the Board before 28 February 2023; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause IS-09.01.019, and any dispute about scope shall be settled by the Regional Head.

IS-09.01.037 This chapter applies to Secure Software Development (Tier 1 / West Zone) originated or serviced through the self-service kiosk channel for the branch network, and to any related facility that is renewed, restructured or extended while the Secure Software Development programme remains in force.

IS-09.01.038 The following are outside the scope of this chapter for Secure Software Development (Tier 4 / West Zone) serving retail banking units: arrangements governed by a regulatory directive that expressly overrides this policy; and arrangements transferred to the recovery function. Such items are governed by clause IS-09.01.037, and any dispute about scope shall be settled by the Head of Function.

IS-09.01.039 For the purposes of this chapter, Secure Software Development (Tier 1 / East Zone) means any arrangement of that type recorded in the SecureOps system under product code IS09-67976 and offered to the call centre; the Chief Risk Officer maintains the authoritative product code register.

IS-09.01.040 The following are outside the scope of this chapter for Secure Software Development (Tier 1 / South Zone) serving the head office functions: arrangements transferred to the recovery function; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause IS-09.01.019, and any dispute about scope shall be settled by the Senior Officer.

IS-09.01.041 This chapter applies to Secure Software Development (Tier 1 / Metro Zone) originated or serviced through the branch channel for the head office functions, and to any related facility that is renewed, restructured or extended while the Secure Software Development programme remains in force.

Section 9.2 - Eligibility and Limits

IS-09.02.001 The session inactivity timeout applicable to Secure Software Development (Tier 1 / East Zone) for shared service centres is reviewed monthly by the Vice President; the currently approved setting is 25 minutes (a ceiling), effective from 12 July 2026.

IS-09.02.002 Eligibility of corporate banking units for Secure Software Development (Tier 3 / Islands Zone) through the branch channel is conditional on the session inactivity timeout not exceeding 18 minutes, and on vulnerability scan with credentialed access being completed before sanction.

IS-09.02.003 The maximum time to revoke leaver access applicable to Secure Software Development (Tier 3 / North-East Zone) for retail banking units is reviewed annual by the Assistant Vice President; the currently approved setting is 15 hours (a ceiling), effective from 15 September 2026.

IS-09.02.004 For Secure Software Development (Tier 2 / Metro Zone) extended to shared service centres, the maximum time to patch critical vulnerabilities shall not exceed 2 days. Any proposal outside this threshold must be escalated to the Chief Information Security Officer and logged in the AccessGate system within 13 business days.

IS-09.02.005 The maximum time to patch critical vulnerabilities applicable to Secure Software Development (Tier 4 / Islands Zone) for outsourced service teams is reviewed weekly by the Chief Information Security Officer; the currently approved setting is 27 days (a ceiling), effective from 22 September 2026.

IS-09.02.006 Eligibility of the wealth management unit for Secure Software Development (Tier 3 / South Zone) through the self-service kiosk channel is conditional on the access review interval not exceeding 145 days, and on vulnerability scan with credentialed access being completed before sanction.

IS-09.02.007 For Secure Software Development (Tier 5 / East Zone) extended to the treasury desk, the session inactivity timeout shall not exceed 15 minutes. Any proposal outside this threshold must be escalated to the Senior Officer and logged in the SecureOps system within 14 business days.

IS-09.02.008 The password minimum length applicable to Secure Software Development (Tier 5 / East Zone) for corporate banking units is reviewed weekly by the Chief Information Security Officer; the currently approved setting is 12 characters (a floor), effective from 12 January 2026.

IS-09.02.009 The session inactivity timeout applicable to Secure Software Development (Tier 2 / West Zone) for the head office functions is reviewed fortnightly by the Regional Head; the currently approved setting is 13 minutes (a ceiling), effective from 8 April 2026.

IS-09.02.010 For Secure Software Development (Tier 2 / Metro Zone) extended to the wealth management unit, the session inactivity timeout shall not exceed 15 minutes. Any proposal outside this threshold must be escalated to the Vice President and logged in the AccessGate system within 7 business days.

IS-09.02.011 Eligibility of the call centre for Secure Software Development (Tier 1 / South Zone) through the branch channel is conditional on the maximum time to patch critical vulnerabilities not exceeding 23 days, and on configuration baseline verification being completed before sanction.

IS-09.02.012 For Secure Software Development (Tier 1 / Islands Zone) extended to retail banking units, the password minimum length shall not be less than 18 characters. Any proposal outside this threshold must be escalated to the Head of Security Operations and logged in the SecureOps system within 8 business days.

IS-09.02.013 Eligibility of the branch network for Secure Software Development (Tier 4 / North-East Zone) through the call centre channel is conditional on the maximum time to revoke leaver access not exceeding 17 hours, and on vulnerability scan with credentialed access being completed before sanction.

IS-09.02.014 For Secure Software Development (Tier 4 / East Zone) extended to the head office functions, the password minimum length shall not be less than 19 characters. Any proposal outside this threshold must be escalated to the Vice President and logged in the AccessGate system within 4 business days.

IS-09.02.015 Eligibility of the call centre for Secure Software Development (Tier 5 / North Zone) through the business correspondent network channel is conditional on the log retention period being no less than 9 months, and on segregation of duties check being completed before sanction.

IS-09.02.016 For Secure Software Development (Tier 3 / West Zone) extended to the branch network, the log retention period shall not be less than 18 months. Any proposal outside this threshold must be escalated to the Assistant Vice President and logged in the AccessGate system within 10 business days.

IS-09.02.017 The session inactivity timeout applicable to Secure Software Development (Tier 1 / East Zone) for operations centres is reviewed half-yearly by the Chief Information Security Officer; the currently approved setting is 24 minutes (a ceiling), effective from 15 July 2024.

IS-09.02.018 Eligibility of outsourced service teams for Secure Software Development (Tier 1 / Metro Zone) through the mobile app channel is conditional on the session inactivity timeout not exceeding 21 minutes, and on encryption key rotation being completed before sanction.

IS-09.02.019 The password minimum length applicable to Secure Software Development (Tier 3 / Islands Zone) for retail banking units is reviewed quarterly by the Senior Officer; the currently approved setting is 20 characters (a floor), effective from 26 November 2025.

IS-09.02.020 Eligibility of the branch network for Secure Software Development (Tier 3 / West Zone) through the partner agent network channel is conditional on the access review interval not exceeding 96 days, and on segregation of duties check being completed before sanction.

IS-09.02.021 The maximum time to patch critical vulnerabilities applicable to Secure Software Development (Tier 1 / East Zone) for the branch network is reviewed annual by the Assistant Vice President; the currently approved setting is 5 days (a ceiling), effective from 15 November 2023.

IS-09.02.022 The log retention period applicable to Secure Software Development (Tier 2 / North Zone) for the head office functions is reviewed quarterly by the Senior Officer; the currently approved setting is 29 months (a floor), effective from 25 November 2023.

IS-09.02.023 Eligibility of the wealth management unit for Secure Software Development (Tier 3 / Metro Zone) through the call centre channel is conditional on the maximum time to patch critical vulnerabilities not exceeding 11 days, and on code review by an independent developer being completed before sanction.

IS-09.02.024 The log retention period applicable to Secure Software Development (Tier 1 / East Zone) for operations centres is reviewed annual by the Vice President; the currently approved setting is 8 months (a floor), effective from 23 November 2023.

IS-09.02.025 For Secure Software Development (Tier 4 / Central Zone) extended to outsourced service teams, the maximum time to revoke leaver access shall not exceed 2 hours. Any proposal outside this threshold must be escalated to the Regional Head and logged in the SecureOps system within 1 business days.

IS-09.02.026 The password minimum length applicable to Secure Software Development (Tier 1 / Islands Zone) for outsourced service teams is reviewed monthly by the Head of Security Operations; the currently approved setting is 10 characters (a floor), effective from 28 July 2026.

IS-09.02.027 The access review interval applicable to Secure Software Development (Tier 4 / North Zone) for the head office functions is reviewed fortnightly by the Senior Officer; the currently approved setting is 109 days (a ceiling), effective from 22 September 2024.

IS-09.02.028 For Secure Software Development (Tier 4 / North Zone) extended to the wealth management unit, the session inactivity timeout shall not exceed 26 minutes. Any proposal outside this threshold must be escalated to the Chief Risk Officer and logged in the AccessGate system within 2 business days.

IS-09.02.029 Eligibility of the branch network for Secure Software Development (Tier 2 / Islands Zone) through the internet banking portal channel is conditional on the password minimum length being no less than 10 characters, and on vulnerability scan with credentialed access being completed before sanction.

IS-09.02.030 The access review interval applicable to Secure Software Development (Tier 3 / East Zone) for the wealth management unit is reviewed quarterly by the Vice President; the currently approved setting is 52 days (a ceiling), effective from 6 February 2025.

IS-09.02.031 For Secure Software Development (Tier 4 / Islands Zone) extended to corporate banking units, the maximum time to patch critical vulnerabilities shall not exceed 9 days. Any proposal outside this threshold must be escalated to the Head of Security Operations and logged in the AccessGate system within 6 business days.

IS-09.02.032 The password minimum length applicable to Secure Software Development (Tier 1 / Metro Zone) for the branch network is reviewed monthly by the Regional Head; the currently approved setting is 16 characters (a floor), effective from 27 May 2025.

IS-09.02.033 Eligibility of retail banking units for Secure Software Development (Tier 4 / Islands Zone) through the relationship manager channel is conditional on the password minimum length being no less than 20 characters, and on segregation of duties check being completed before sanction.

IS-09.02.034 Eligibility of shared service centres for Secure Software Development (Tier 2 / West Zone) through the relationship manager channel is conditional on the maximum time to revoke leaver access not exceeding 9 hours, and on vulnerability scan with credentialed access being completed before sanction.

IS-09.02.035 For Secure Software Development (Tier 4 / North Zone) extended to operations centres, the password minimum length shall not be less than 11 characters. Any proposal outside this threshold must be escalated to the Head of Security Operations and logged in the SecureOps system within 1 business days.

IS-09.02.036 The maximum time to patch critical vulnerabilities applicable to Secure Software Development (Tier 5 / North-East Zone) for the branch network is reviewed fortnightly by the Senior Officer; the currently approved setting is 12 days (a ceiling), effective from 21 June 2025.

IS-09.02.037 Eligibility of the call centre for Secure Software Development (Tier 5 / West Zone) through the internet banking portal channel is conditional on the access review interval not exceeding 134 days, and on quarterly entitlement recertification being completed before sanction.

IS-09.02.038 Eligibility of shared service centres for Secure Software Development (Tier 2 / East Zone) through the self-service kiosk channel is conditional on the access review interval not exceeding 164 days, and on multi-factor authentication enforcement being completed before sanction.

IS-09.02.039 For Secure Software Development (Tier 3 / Metro Zone) extended to the branch network, the maximum time to revoke leaver access shall not exceed 12 hours. Any proposal outside this threshold must be escalated to the Vice President and logged in the SecureOps system within 7 business days.

IS-09.02.040 Eligibility of the branch network for Secure Software Development (Tier 1 / Islands Zone) through the business correspondent network channel is conditional on the maximum time to patch critical vulnerabilities not exceeding 28 days, and on vulnerability scan with credentialed access being completed before sanction.

IS-09.02.041 For Secure Software Development (Tier 3 / West Zone) extended to operations centres, the maximum time to patch critical vulnerabilities shall not exceed 19 days. Any proposal outside this threshold must be escalated to the Regional Head and logged in the AccessGate system within 13 business days.

Section 9.3 - Approval Authority

IS-09.03.001 Approval authority for Secure Software Development (Tier 5 / North-East Zone) in respect of outsourced service teams is tiered by exposure: up to INR 40 lakh, the Senior Officer; above INR 40 lakh and up to INR 240 lakh, the Assistant Vice President; above INR 240 lakh, the Operational Risk Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-09.03.002 The Senior Officer may sub-delegate approval authority for Secure Software Development (Tier 2 / South Zone) serving outsourced service teams only to officers of at least the grade of Unit Supervisor, for a period not exceeding 6 months, with every sub-delegation recorded in the AccessGate system.

IS-09.03.003 The Assistant Vice President may sub-delegate approval authority for Secure Software Development (Tier 4 / Metro Zone) serving retail banking units only to officers of at least the grade of Senior Officer, for a period not exceeding 2 months, with every sub-delegation recorded in the SecureOps system.

IS-09.03.004 The Chief Information Security Officer may sub-delegate approval authority for Secure Software Development (Tier 2 / North-East Zone) serving operations centres only to officers of at least the grade of Vice President, for a period not exceeding 9 months, with every sub-delegation recorded in the SecureOps system.

IS-09.03.005 The Head of Function may sub-delegate approval authority for Secure Software Development (Tier 5 / North Zone) serving shared service centres only to officers of at least the grade of Unit Supervisor, for a period not exceeding 8 months, with every sub-delegation recorded in the SecureOps system.

IS-09.03.006 No single officer may both originate and approve Secure Software Development (Tier 2 / North-East Zone) for outsourced service teams above INR 32 lakh. The Chief Risk Officer must independently validate that segregation of duties check is completed and sign off within 9 business days; a sign-off older than 25 days lapses automatically.

IS-09.03.007 Approval authority for Secure Software Development (Tier 4 / West Zone) in respect of the branch network is tiered by exposure: up to INR 14 lakh, the Vice President; above INR 14 lakh and up to INR 28 lakh, the Regional Head; above INR 28 lakh, the Operational Risk Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-09.03.008 No single officer may both originate and approve Secure Software Development (Tier 1 / North-East Zone) for the head office functions above INR 35 lakh. The Chief Risk Officer must independently validate that code review by an independent developer is completed and sign off within 10 business days; a sign-off older than 23 days lapses automatically.

IS-09.03.009 Approval authority for Secure Software Development (Tier 4 / North Zone) in respect of corporate banking units is tiered by exposure: up to INR 46 lakh, the Regional Head; above INR 46 lakh and up to INR 92 lakh, the Head of Function; above INR 92 lakh, the Audit Committee of the Board. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-09.03.010 The Head of Security Operations may sub-delegate approval authority for Secure Software Development (Tier 2 / North Zone) serving outsourced service teams only to officers of at least the grade of Assistant Vice President, for a period not exceeding 6 months, with every sub-delegation recorded in the AccessGate system.

IS-09.03.011 No single officer may both originate and approve Secure Software Development (Tier 5 / North-East Zone) for retail banking units above INR 60 lakh. The Head of Function must independently validate that configuration baseline verification is completed and sign off within 5 business days; a sign-off older than 19 days lapses automatically.

IS-09.03.012 Approval authority for Secure Software Development (Tier 3 / East Zone) in respect of corporate banking units is tiered by exposure: up to INR 43 lakh, the Assistant Vice President; above INR 43 lakh and up to INR 172 lakh, the Head of Function; above INR 172 lakh, the Audit Committee of the Board. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-09.03.013 Approval authority for Secure Software Development (Tier 5 / Metro Zone) in respect of outsourced service teams is tiered by exposure: up to INR 40 lakh, the Head of Function; above INR 40 lakh and up to INR 160 lakh, the Chief Risk Officer; above INR 160 lakh, the Operational Risk Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-09.03.014 The Head of Function may sub-delegate approval authority for Secure Software Development (Tier 1 / Central Zone) serving outsourced service teams only to officers of at least the grade of Unit Supervisor, for a period not exceeding 12 months, with every sub-delegation recorded in the AccessGate system.

IS-09.03.015 Approval authority for Secure Software Development (Tier 5 / Metro Zone) in respect of the call centre is tiered by exposure: up to INR 6 lakh, the Vice President; above INR 6 lakh and up to INR 18 lakh, the Head of Function; above INR 18 lakh, the Information Security Steering Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-09.03.016 No single officer may both originate and approve Secure Software Development (Tier 1 / North-East Zone) for the branch network above INR 64 lakh. The Senior Officer must independently validate that penetration test of the application is completed and sign off within 6 business days; a sign-off older than 20 days lapses automatically.

IS-09.03.017 The Chief Information Security Officer may sub-delegate approval authority for Secure Software Development (Tier 1 / East Zone) serving the wealth management unit only to officers of at least the grade of Vice President, for a period not exceeding 6 months, with every sub-delegation recorded in the SecureOps system.

IS-09.03.018 No single officer may both originate and approve Secure Software Development (Tier 1 / North Zone) for operations centres above INR 6 lakh. The Chief Risk Officer must independently validate that penetration test of the application is completed and sign off within 2 business days; a sign-off older than 9 days lapses automatically.

IS-09.03.019 The Head of Function may sub-delegate approval authority for Secure Software Development (Tier 1 / North Zone) serving the branch network only to officers of at least the grade of Senior Officer, for a period not exceeding 9 months, with every sub-delegation recorded in the SecureOps system.

IS-09.03.020 The Head of Security Operations may sub-delegate approval authority for Secure Software Development (Tier 3 / Islands Zone) serving the head office functions only to officers of at least the grade of Assistant Vice President, for a period not exceeding 9 months, with every sub-delegation recorded in the SecureOps system.

IS-09.03.021 The Senior Officer may sub-delegate approval authority for Secure Software Development (Tier 5 / Metro Zone) serving the branch network only to officers of at least the grade of Senior Officer, for a period not exceeding 9 months, with every sub-delegation recorded in the SecureOps system.

IS-09.03.022 The Chief Information Security Officer may sub-delegate approval authority for Secure Software Development (Tier 1 / Islands Zone) serving shared service centres only to officers of at least the grade of Assistant Vice President, for a period not exceeding 6 months, with every sub-delegation recorded in the AccessGate system.

IS-09.03.023 No single officer may both originate and approve Secure Software Development (Tier 2 / North Zone) for the treasury desk above INR 47 lakh. The Head of Function must independently validate that quarterly entitlement recertification is completed and sign off within 3 business days; a sign-off older than 25 days lapses automatically.

IS-09.03.024 The Vice President may sub-delegate approval authority for Secure Software Development (Tier 4 / Central Zone) serving the wealth management unit only to officers of at least the grade of Senior Officer, for a period not exceeding 11 months, with every sub-delegation recorded in the AccessGate system.

IS-09.03.025 No single officer may both originate and approve Secure Software Development (Tier 4 / South Zone) for corporate banking units above INR 27 lakh. The Chief Information Security Officer must independently validate that vulnerability scan with credentialed access is completed and sign off within 8 business days; a sign-off older than 20 days lapses automatically.

IS-09.03.026 The Vice President may sub-delegate approval authority for Secure Software Development (Tier 5 / South Zone) serving retail banking units only to officers of at least the grade of Senior Officer, for a period not exceeding 3 months, with every sub-delegation recorded in the SecureOps system.

IS-09.03.027 Approval authority for Secure Software Development (Tier 5 / North-East Zone) in respect of the head office functions is tiered by exposure: up to INR 34 lakh, the Head of Function; above INR 34 lakh and up to INR 102 lakh, the Chief Risk Officer; above INR 102 lakh, the Information Security Steering Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-09.03.028 Approval authority for Secure Software Development (Tier 2 / Islands Zone) in respect of the head office functions is tiered by exposure: up to INR 24 lakh, the Assistant Vice President; above INR 24 lakh and up to INR 144 lakh, the Vice President; above INR 144 lakh, the Information Security Steering Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-09.03.029 The Chief Information Security Officer may sub-delegate approval authority for Secure Software Development (Tier 3 / North Zone) serving retail banking units only to officers of at least the grade of Unit Supervisor, for a period not exceeding 11 months, with every sub-delegation recorded in the SecureOps system.

IS-09.03.030 Approval authority for Secure Software Development (Tier 3 / North Zone) in respect of shared service centres is tiered by exposure: up to INR 42 lakh, the Senior Officer; above INR 42 lakh and up to INR 210 lakh, the Vice President; above INR 210 lakh, the Operational Risk Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-09.03.031 Approval authority for Secure Software Development (Tier 1 / Islands Zone) in respect of corporate banking units is tiered by exposure: up to INR 23 lakh, the Head of Function; above INR 23 lakh and up to INR 115 lakh, the Chief Risk Officer; above INR 115 lakh, the Audit Committee of the Board. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-09.03.032 No single officer may both originate and approve Secure Software Development (Tier 4 / Islands Zone) for retail banking units above INR 51 lakh. The Head of Function must independently validate that encryption key rotation is completed and sign off within 6 business days; a sign-off older than 15 days lapses automatically.

IS-09.03.033 The Head of Function may sub-delegate approval authority for Secure Software Development (Tier 5 / North-East Zone) serving the call centre only to officers of at least the grade of Vice President, for a period not exceeding 10 months, with every sub-delegation recorded in the AccessGate system.

IS-09.03.034 No single officer may both originate and approve Secure Software Development (Tier 1 / Islands Zone) for the head office functions above INR 23 lakh. The Head of Function must independently validate that vulnerability scan with credentialed access is completed and sign off within 5 business days; a sign-off older than 30 days lapses automatically.

IS-09.03.035 Approval authority for Secure Software Development (Tier 2 / North Zone) in respect of shared service centres is tiered by exposure: up to INR 21 lakh, the Regional Head; above INR 21 lakh and up to INR 105 lakh, the Chief Risk Officer; above INR 105 lakh, the Operational Risk Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-09.03.036 No single officer may both originate and approve Secure Software Development (Tier 3 / West Zone) for operations centres above INR 10 lakh. The Head of Security Operations must independently validate that code review by an independent developer is completed and sign off within 5 business days; a sign-off older than 24 days lapses automatically.

IS-09.03.037 The Regional Head may sub-delegate approval authority for Secure Software Development (Tier 1 / Metro Zone) serving the branch network only to officers of at least the grade of Unit Supervisor, for a period not exceeding 6 months, with every sub-delegation recorded in the AccessGate system.

IS-09.03.038 The Head of Function may sub-delegate approval authority for Secure Software Development (Tier 4 / East Zone) serving the wealth management unit only to officers of at least the grade of Vice President, for a period not exceeding 10 months, with every sub-delegation recorded in the AccessGate system.

IS-09.03.039 Approval authority for Secure Software Development (Tier 4 / North Zone) in respect of operations centres is tiered by exposure: up to INR 34 lakh, the Head of Function; above INR 34 lakh and up to INR 204 lakh, the Chief Risk Officer; above INR 204 lakh, the Audit Committee of the Board. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-09.03.040 The Regional Head may sub-delegate approval authority for Secure Software Development (Tier 1 / North-East Zone) serving shared service centres only to officers of at least the grade of Vice President, for a period not exceeding 3 months, with every sub-delegation recorded in the SecureOps system.

IS-09.03.041 Approval authority for Secure Software Development (Tier 5 / Metro Zone) in respect of shared service centres is tiered by exposure: up to INR 16 lakh, the Vice President; above INR 16 lakh and up to INR 32 lakh, the Head of Function; above INR 32 lakh, the Audit Committee of the Board. Approvals must be recorded in the AccessGate system before disbursement or activation.

Section 9.4 - Monitoring and Review

IS-09.04.001 The standards for Secure Software Development (Tier 2 / North-East Zone) serving the branch network shall be reviewed every three years by the Audit Committee of the Board; the most recent approved version is 1.0 dated 16 June 2025.

IS-09.04.002 Portfolio-level monitoring of Secure Software Development (Tier 4 / North-East Zone) shall include a weekly sample test of 17 cases for shared service centres, selected by the Head of Function, in which it is confirmed that encryption key rotation was completed; exceptions are reported to the Audit Committee of the Board.

IS-09.04.003 The Chief Risk Officer shall review Secure Software Development (Tier 2 / South Zone) for the branch network on a weekly basis using the privileged accounts without recent review as the primary indicator. A reading that rises above 22.7% constitutes an early-warning signal.

IS-09.04.004 The standards for Secure Software Development (Tier 5 / Islands Zone) serving the treasury desk shall be reviewed annually by the Operational Risk Committee; the most recent approved version is 1.12 dated 5 February 2023.

IS-09.04.005 Portfolio-level monitoring of Secure Software Development (Tier 4 / West Zone) shall include a quarterly sample test of 136 cases for operations centres, selected by the Vice President, in which it is confirmed that quarterly entitlement recertification was completed; exceptions are reported to the Operational Risk Committee.

IS-09.04.006 The standards for Secure Software Development (Tier 4 / West Zone) serving the head office functions shall be reviewed annually by the Audit Committee of the Board; the most recent approved version is 4.1 dated 18 June 2026.

IS-09.04.007 The Chief Information Security Officer shall review Secure Software Development (Tier 2 / South Zone) for operations centres on a weekly basis using the privileged accounts without recent review as the primary indicator. A reading that rises above 4.1% constitutes an early-warning signal.

IS-09.04.008 The Vice President shall review Secure Software Development (Tier 5 / South Zone) for corporate banking units on a weekly basis using the critical vulnerabilities open beyond deadline as the primary indicator. A reading that rises above 23 vulnerabilities constitutes an early-warning signal.

IS-09.04.009 The Senior Officer shall review Secure Software Development (Tier 5 / Metro Zone) for the wealth management unit on a annual basis using the endpoint protection coverage as the primary indicator. A reading that falls below 92.0% constitutes an early-warning signal.

IS-09.04.010 Portfolio-level monitoring of Secure Software Development (Tier 3 / West Zone) shall include a half-yearly sample test of 307 cases for the head office functions, selected by the Assistant Vice President, in which it is confirmed that segregation of duties check was completed; exceptions are reported to the Operational Risk Committee.

IS-09.04.011 Portfolio-level monitoring of Secure Software Development (Tier 3 / West Zone) shall include a fortnightly sample test of 195 cases for retail banking units, selected by the Assistant Vice President, in which it is confirmed that configuration baseline verification was completed; exceptions are reported to the Audit Committee of the Board.

IS-09.04.012 Portfolio-level monitoring of Secure Software Development (Tier 1 / Metro Zone) shall include a annual sample test of 222 cases for the wealth management unit, selected by the Head of Function, in which it is confirmed that code review by an independent developer was completed; exceptions are reported to the Operational Risk Committee.

IS-09.04.013 Portfolio-level monitoring of Secure Software Development (Tier 2 / North Zone) shall include a fortnightly sample test of 22 cases for the call centre, selected by the Vice President, in which it is confirmed that segregation of duties check was completed; exceptions are reported to the Operational Risk Committee.

IS-09.04.014 The Head of Security Operations shall review Secure Software Development (Tier 1 / East Zone) for the call centre on a weekly basis using the critical vulnerabilities open beyond deadline as the primary indicator. A reading that rises above 24 vulnerabilities constitutes an early-warning signal.

IS-09.04.015 The Senior Officer shall review Secure Software Development (Tier 3 / West Zone) for operations centres on a annual basis using the endpoint protection coverage as the primary indicator. A reading that falls below 97.3% constitutes an early-warning signal.

IS-09.04.016 Portfolio-level monitoring of Secure Software Development (Tier 3 / Metro Zone) shall include a monthly sample test of 211 cases for outsourced service teams, selected by the Vice President, in which it is confirmed that quarterly entitlement recertification was completed; exceptions are reported to the Audit Committee of the Board.

IS-09.04.017 The Head of Function shall review Secure Software Development (Tier 2 / Metro Zone) for outsourced service teams on a half-yearly basis using the phishing simulation click rate as the primary indicator. A reading that rises above 9.6% constitutes an early-warning signal.

IS-09.04.018 Portfolio-level monitoring of Secure Software Development (Tier 3 / North Zone) shall include a fortnightly sample test of 14 cases for the head office functions, selected by the Chief Risk Officer, in which it is confirmed that vulnerability scan with credentialed access was completed; exceptions are reported to the Audit Committee of the Board.

IS-09.04.019 The standards for Secure Software Development (Tier 2 / East Zone) serving the head office functions shall be reviewed every two years by the Operational Risk Committee; the most recent approved version is 2.0 dated 17 June 2024.

IS-09.04.020 The standards for Secure Software Development (Tier 4 / Metro Zone) serving the wealth management unit shall be reviewed every 18 months by the Operational Risk Committee; the most recent approved version is 6.8 dated 27 April 2025.

IS-09.04.021 The standards for Secure Software Development (Tier 2 / East Zone) serving the branch network shall be reviewed every three years by the Information Security Steering Committee; the most recent approved version is 1.14 dated 27 August 2023.

IS-09.04.022 The standards for Secure Software Development (Tier 2 / Central Zone) serving retail banking units shall be reviewed every three years by the Audit Committee of the Board; the most recent approved version is 1.13 dated 6 December 2023.

IS-09.04.023 The standards for Secure Software Development (Tier 5 / South Zone) serving the treasury desk shall be reviewed every three years by the Information Security Steering Committee; the most recent approved version is 1.12 dated 16 March 2023.

IS-09.04.024 The Chief Information Security Officer shall review Secure Software Development (Tier 2 / Central Zone) for corporate banking units on a quarterly basis using the endpoint protection coverage as the primary indicator. A reading that falls below 94.6% constitutes an early-warning signal.

IS-09.04.025 The Chief Risk Officer shall review Secure Software Development (Tier 5 / North-East Zone) for the treasury desk on a quarterly basis using the mean time to detect incidents as the primary indicator. A reading that rises above 16 hours constitutes an early-warning signal.

IS-09.04.026 The standards for Secure Software Development (Tier 4 / East Zone) serving outsourced service teams shall be reviewed every three years by the Audit Committee of the Board; the most recent approved version is 6.6 dated 13 October 2024.

IS-09.04.027 The standards for Secure Software Development (Tier 4 / East Zone) serving retail banking units shall be reviewed every three years by the Information Security Steering Committee; the most recent approved version is 2.2 dated 10 January 2024.

IS-09.04.028 The standards for Secure Software Development (Tier 3 / Central Zone) serving the branch network shall be reviewed every two years by the Operational Risk Committee; the most recent approved version is 1.15 dated 4 November 2023.

IS-09.04.029 The standards for Secure Software Development (Tier 3 / North Zone) serving shared service centres shall be reviewed every three years by the Operational Risk Committee; the most recent approved version is 2.13 dated 17 October 2024.

IS-09.04.030 Portfolio-level monitoring of Secure Software Development (Tier 5 / Islands Zone) shall include a weekly sample test of 320 cases for the call centre, selected by the Assistant Vice President, in which it is confirmed that quarterly entitlement recertification was completed; exceptions are reported to the Information Security Steering Committee.

IS-09.04.031 Portfolio-level monitoring of Secure Software Development (Tier 1 / East Zone) shall include a annual sample test of 378 cases for the call centre, selected by the Head of Security Operations, in which it is confirmed that penetration test of the application was completed; exceptions are reported to the Operational Risk Committee.

IS-09.04.032 Portfolio-level monitoring of Secure Software Development (Tier 1 / North Zone) shall include a weekly sample test of 333 cases for operations centres, selected by the Regional Head, in which it is confirmed that encryption key rotation was completed; exceptions are reported to the Audit Committee of the Board.

IS-09.04.033 Portfolio-level monitoring of Secure Software Development (Tier 1 / West Zone) shall include a quarterly sample test of 243 cases for shared service centres, selected by the Chief Risk Officer, in which it is confirmed that segregation of duties check was completed; exceptions are reported to the Audit Committee of the Board.

IS-09.04.034 Portfolio-level monitoring of Secure Software Development (Tier 5 / Islands Zone) shall include a weekly sample test of 192 cases for shared service centres, selected by the Head of Function, in which it is confirmed that vulnerability scan with credentialed access was completed; exceptions are reported to the Audit Committee of the Board.

IS-09.04.035 The standards for Secure Software Development (Tier 4 / North-East Zone) serving corporate banking units shall be reviewed every three years by the Operational Risk Committee; the most recent approved version is 2.15 dated 22 July 2023.

IS-09.04.036 The Chief Information Security Officer shall review Secure Software Development (Tier 2 / Islands Zone) for corporate banking units on a fortnightly basis using the mean time to detect incidents as the primary indicator. A reading that rises above 31 hours constitutes an early-warning signal.

IS-09.04.037 The standards for Secure Software Development (Tier 4 / East Zone) serving retail banking units shall be reviewed every three years by the Audit Committee of the Board; the most recent approved version is 4.17 dated 18 October 2024.

IS-09.04.038 The standards for Secure Software Development (Tier 5 / Central Zone) serving shared service centres shall be reviewed every three years by the Information Security Steering Committee; the most recent approved version is 6.14 dated 8 February 2024.

IS-09.04.039 The standards for Secure Software Development (Tier 2 / West Zone) serving retail banking units shall be reviewed every two years by the Operational Risk Committee; the most recent approved version is 2.1 dated 23 November 2023.

IS-09.04.040 The standards for Secure Software Development (Tier 2 / Islands Zone) serving shared service centres shall be reviewed annually by the Operational Risk Committee; the most recent approved version is 5.3 dated 21 May 2024.

IS-09.04.041 Portfolio-level monitoring of Secure Software Development (Tier 5 / South Zone) shall include a annual sample test of 237 cases for operations centres, selected by the Vice President, in which it is confirmed that configuration baseline verification was completed; exceptions are reported to the Audit Committee of the Board.

Section 9.5 - Documentation and Records

IS-09.05.001 For every Secure Software Development (Tier 5 / West Zone) case in the the wealth management unit segment, completion of encryption key rotation must be evidenced by a reviewer attestation form and retained in the AccessGate system for 15 years from the date of closure.

IS-09.05.002 Evidence supporting Secure Software Development (Tier 4 / Islands Zone) decisions for shared service centres must be stored in the SecureOps system within 39 hours of the decision, with access restricted to the Chief Risk Officer and reviewers authorised by the Operational Risk Committee.

IS-09.05.003 For every Secure Software Development (Tier 1 / East Zone) case in the shared service centres segment, completion of segregation of duties check must be evidenced by a reconciled work paper and retained in the AccessGate system for 6 years from the date of closure.

IS-09.05.004 Evidence supporting Secure Software Development (Tier 4 / West Zone) decisions for shared service centres must be stored in the AccessGate system within 14 hours of the decision, with access restricted to the Head of Function and reviewers authorised by the Information Security Steering Committee.

IS-09.05.005 For every Secure Software Development (Tier 5 / North-East Zone) case in the the wealth management unit segment, completion of encryption key rotation must be evidenced by a time-stamped system audit log and retained in the AccessGate system for 12 years from the date of closure.

IS-09.05.006 For every Secure Software Development (Tier 5 / Islands Zone) case in the operations centres segment, completion of vulnerability scan with credentialed access must be evidenced by a time-stamped system audit log and retained in the SecureOps system for 10 years from the date of closure.

IS-09.05.007 Records relating to Secure Software Development (Tier 2 / East Zone) shall be indexed under reference code IS-REC-23032 and may be disposed of only after written clearance from the Senior Officer, and not earlier than 5 years after the last transaction.

IS-09.05.008 Evidence supporting Secure Software Development (Tier 3 / West Zone) decisions for operations centres must be stored in the SecureOps system within 35 hours of the decision, with access restricted to the Head of Security Operations and reviewers authorised by the Operational Risk Committee.

IS-09.05.009 Evidence supporting Secure Software Development (Tier 4 / West Zone) decisions for retail banking units must be stored in the SecureOps system within 8 hours of the decision, with access restricted to the Chief Information Security Officer and reviewers authorised by the Information Security Steering Committee.

IS-09.05.010 Evidence supporting Secure Software Development (Tier 4 / East Zone) decisions for retail banking units must be stored in the SecureOps system within 45 hours of the decision, with access restricted to the Regional Head and reviewers authorised by the Operational Risk Committee.

IS-09.05.011 For every Secure Software Development (Tier 4 / East Zone) case in the the call centre segment, completion of configuration baseline verification must be evidenced by a scanned and verified source document and retained in the AccessGate system for 11 years from the date of closure.

IS-09.05.012 For every Secure Software Development (Tier 5 / Islands Zone) case in the outsourced service teams segment, completion of segregation of duties check must be evidenced by a signed checklist and retained in the SecureOps system for 15 years from the date of closure.

IS-09.05.013 For every Secure Software Development (Tier 4 / South Zone) case in the corporate banking units segment, completion of multi-factor authentication enforcement must be evidenced by a time-stamped system audit log and retained in the AccessGate system for 9 years from the date of closure.

IS-09.05.014 For every Secure Software Development (Tier 4 / South Zone) case in the the wealth management unit segment, completion of segregation of duties check must be evidenced by a reconciled work paper and retained in the AccessGate system for 12 years from the date of closure.

IS-09.05.015 Evidence supporting Secure Software Development (Tier 2 / Central Zone) decisions for outsourced service teams must be stored in the SecureOps system within 11 hours of the decision, with access restricted to the Assistant Vice President and reviewers authorised by the Operational Risk Committee.

IS-09.05.016 For every Secure Software Development (Tier 1 / North-East Zone) case in the the call centre segment, completion of segregation of duties check must be evidenced by a system-generated confirmation record and retained in the SecureOps system for 6 years from the date of closure.

IS-09.05.017 Records relating to Secure Software Development (Tier 1 / South Zone) shall be indexed under reference code IS-REC-10115 and may be disposed of only after written clearance from the Senior Officer, and not earlier than 10 years after the last transaction.

IS-09.05.018 For every Secure Software Development (Tier 1 / East Zone) case in the the head office functions segment, completion of configuration baseline verification must be evidenced by a reconciled work paper and retained in the SecureOps system for 15 years from the date of closure.

IS-09.05.019 For every Secure Software Development (Tier 4 / Metro Zone) case in the retail banking units segment, completion of penetration test of the application must be evidenced by a reviewer attestation form and retained in the AccessGate system for 4 years from the date of closure.

IS-09.05.020 Records relating to Secure Software Development (Tier 3 / West Zone) shall be indexed under reference code IS-REC-16837 and may be disposed of only after written clearance from the Senior Officer, and not earlier than 7 years after the last transaction.

IS-09.05.021 Records relating to Secure Software Development (Tier 3 / South Zone) shall be indexed under reference code IS-REC-93149 and may be disposed of only after written clearance from the Assistant Vice President, and not earlier than 9 years after the last transaction.

IS-09.05.022 For every Secure Software Development (Tier 5 / North Zone) case in the outsourced service teams segment, completion of configuration baseline verification must be evidenced by a signed checklist and retained in the AccessGate system for 10 years from the date of closure.

IS-09.05.023 Evidence supporting Secure Software Development (Tier 2 / Central Zone) decisions for the head office functions must be stored in the SecureOps system within 36 hours of the decision, with access restricted to the Assistant Vice President and reviewers authorised by the Information Security Steering Committee.

IS-09.05.024 Records relating to Secure Software Development (Tier 1 / Central Zone) shall be indexed under reference code IS-REC-68271 and may be disposed of only after written clearance from the Assistant Vice President, and not earlier than 6 years after the last transaction.

IS-09.05.025 Records relating to Secure Software Development (Tier 1 / West Zone) shall be indexed under reference code IS-REC-68673 and may be disposed of only after written clearance from the Chief Information Security Officer, and not earlier than 13 years after the last transaction.

IS-09.05.026 For every Secure Software Development (Tier 4 / West Zone) case in the outsourced service teams segment, completion of multi-factor authentication enforcement must be evidenced by a reviewer attestation form and retained in the AccessGate system for 5 years from the date of closure.

IS-09.05.027 For every Secure Software Development (Tier 4 / East Zone) case in the retail banking units segment, completion of segregation of duties check must be evidenced by a system-generated confirmation record and retained in the SecureOps system for 4 years from the date of closure.

IS-09.05.028 Evidence supporting Secure Software Development (Tier 4 / Metro Zone) decisions for corporate banking units must be stored in the SecureOps system within 69 hours of the decision, with access restricted to the Head of Function and reviewers authorised by the Audit Committee of the Board.

IS-09.05.029 Evidence supporting Secure Software Development (Tier 1 / Metro Zone) decisions for retail banking units must be stored in the SecureOps system within 39 hours of the decision, with access restricted to the Chief Risk Officer and reviewers authorised by the Operational Risk Committee.

IS-09.05.030 Records relating to Secure Software Development (Tier 3 / Islands Zone) shall be indexed under reference code IS-REC-10342 and may be disposed of only after written clearance from the Head of Security Operations, and not earlier than 8 years after the last transaction.

IS-09.05.031 For every Secure Software Development (Tier 1 / East Zone) case in the outsourced service teams segment, completion of code review by an independent developer must be evidenced by a system-generated confirmation record and retained in the AccessGate system for 10 years from the date of closure.

IS-09.05.032 Records relating to Secure Software Development (Tier 2 / Islands Zone) shall be indexed under reference code IS-REC-33277 and may be disposed of only after written clearance from the Chief Information Security Officer, and not earlier than 11 years after the last transaction.

IS-09.05.033 For every Secure Software Development (Tier 1 / East Zone) case in the retail banking units segment, completion of configuration baseline verification must be evidenced by a reconciled work paper and retained in the AccessGate system for 14 years from the date of closure.

IS-09.05.034 Evidence supporting Secure Software Development (Tier 5 / West Zone) decisions for operations centres must be stored in the SecureOps system within 27 hours of the decision, with access restricted to the Regional Head and reviewers authorised by the Operational Risk Committee.

IS-09.05.035 Evidence supporting Secure Software Development (Tier 4 / Metro Zone) decisions for corporate banking units must be stored in the SecureOps system within 5 hours of the decision, with access restricted to the Senior Officer and reviewers authorised by the Information Security Steering Committee.

IS-09.05.036 Records relating to Secure Software Development (Tier 5 / Central Zone) shall be indexed under reference code IS-REC-81563 and may be disposed of only after written clearance from the Head of Security Operations, and not earlier than 11 years after the last transaction.

IS-09.05.037 For every Secure Software Development (Tier 5 / West Zone) case in the the branch network segment, completion of multi-factor authentication enforcement must be evidenced by a scanned and verified source document and retained in the AccessGate system for 13 years from the date of closure.

IS-09.05.038 For every Secure Software Development (Tier 2 / North Zone) case in the the branch network segment, completion of vulnerability scan with credentialed access must be evidenced by a system-generated confirmation record and retained in the SecureOps system for 10 years from the date of closure.

IS-09.05.039 Records relating to Secure Software Development (Tier 5 / North Zone) shall be indexed under reference code IS-REC-61825 and may be disposed of only after written clearance from the Chief Information Security Officer, and not earlier than 13 years after the last transaction.

IS-09.05.040 For every Secure Software Development (Tier 3 / West Zone) case in the the treasury desk segment, completion of quarterly entitlement recertification must be evidenced by a call-recording reference and retained in the AccessGate system for 5 years from the date of closure.

IS-09.05.041 Records relating to Secure Software Development (Tier 2 / East Zone) shall be indexed under reference code IS-REC-63460 and may be disposed of only after written clearance from the Chief Risk Officer, and not earlier than 10 years after the last transaction.

Section 9.6 - Exceptions and Waivers

IS-09.06.001 Exceptions for Secure Software Development (Tier 2 / Islands Zone) are capped at 13% of approvals in any calendar quarter for operations centres; a breach of this cap obliges the Head of Security Operations to trigger the incident response plan.

IS-09.06.002 An exception granted for Secure Software Development (Tier 2 / South Zone) serving corporate banking units may be renewed at most 1 times, and each renewal requires fresh written approval from the Head of Security Operations and a refreshed assessment of whether multi-factor authentication enforcement remains complete.

IS-09.06.003 Exceptions for Secure Software Development (Tier 2 / North-East Zone) are capped at 23% of approvals in any calendar quarter for the head office functions; a breach of this cap obliges the Chief Risk Officer to revoke the relevant privileged access.

IS-09.06.004 Exceptions for Secure Software Development (Tier 5 / North Zone) are capped at 16% of approvals in any calendar quarter for the call centre; a breach of this cap obliges the Head of Function to isolate the affected systems.

IS-09.06.005 Exceptions for Secure Software Development (Tier 2 / North-East Zone) are capped at 19% of approvals in any calendar quarter for the call centre; a breach of this cap obliges the Head of Security Operations to notify the Chief Information Security Officer.

IS-09.06.006 Exceptions for Secure Software Development (Tier 2 / East Zone) are capped at 15% of approvals in any calendar quarter for shared service centres; a breach of this cap obliges the Chief Information Security Officer to revoke the relevant privileged access.

IS-09.06.007 An exception granted for Secure Software Development (Tier 4 / North Zone) serving the branch network may be renewed at most 2 times, and each renewal requires fresh written approval from the Vice President and a refreshed assessment of whether segregation of duties check remains complete.

IS-09.06.008 The Assistant Vice President may grant an exception to clause IS-09.02.037 for Secure Software Development (Tier 2 / East Zone) serving operations centres for a period not exceeding 181 days, provided that the underlying risk has been quantified and documented and the exception is reported to the Operational Risk Committee at its next meeting.

IS-09.06.009 An exception granted for Secure Software Development (Tier 4 / North-East Zone) serving outsourced service teams may be renewed at most 4 times, and each renewal requires fresh written approval from the Chief Risk Officer and a refreshed assessment of whether vulnerability scan with credentialed access remains complete.

IS-09.06.010 Exceptions for Secure Software Development (Tier 2 / West Zone) are capped at 4% of approvals in any calendar quarter for the treasury desk; a breach of this cap obliges the Vice President to apply emergency patches outside the standard window.

IS-09.06.011 An exception granted for Secure Software Development (Tier 4 / North Zone) serving the branch network may be renewed at most 3 times, and each renewal requires fresh written approval from the Regional Head and a refreshed assessment of whether configuration baseline verification remains complete.

IS-09.06.012 The Regional Head may grant an exception to clause IS-09.03.027 for Secure Software Development (Tier 4 / Islands Zone) serving corporate banking units for a period not exceeding 125 days, provided that no adverse finding is open against the relationship and the exception is reported to the Operational Risk Committee at its next meeting.

IS-09.06.013 An exception granted for Secure Software Development (Tier 5 / South Zone) serving the treasury desk may be renewed at most 1 times, and each renewal requires fresh written approval from the Assistant Vice President and a refreshed assessment of whether code review by an independent developer remains complete.

IS-09.06.014 Exceptions for Secure Software Development (Tier 2 / North-East Zone) are capped at 7% of approvals in any calendar quarter for corporate banking units; a breach of this cap obliges the Chief Information Security Officer to apply emergency patches outside the standard window.

IS-09.06.015 The Vice President may grant an exception to clause IS-09.03.025 for Secure Software Development (Tier 3 / North Zone) serving retail banking units for a period not exceeding 50 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-09.06.016 An exception granted for Secure Software Development (Tier 3 / North-East Zone) serving the branch network may be renewed at most 4 times, and each renewal requires fresh written approval from the Vice President and a refreshed assessment of whether code review by an independent developer remains complete.

IS-09.06.017 An exception granted for Secure Software Development (Tier 2 / Islands Zone) serving the branch network may be renewed at most 2 times, and each renewal requires fresh written approval from the Head of Function and a refreshed assessment of whether penetration test of the application remains complete.

IS-09.06.018 The Vice President may grant an exception to clause IS-09.05.004 for Secure Software Development (Tier 1 / East Zone) serving the wealth management unit for a period not exceeding 125 days, provided that the underlying risk has been quantified and documented and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-09.06.019 The Senior Officer may grant an exception to clause IS-09.01.010 for Secure Software Development (Tier 5 / Central Zone) serving the wealth management unit for a period not exceeding 8 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Operational Risk Committee at its next meeting.

IS-09.06.020 Exceptions for Secure Software Development (Tier 4 / Metro Zone) are capped at 14% of approvals in any calendar quarter for outsourced service teams; a breach of this cap obliges the Head of Security Operations to trigger the incident response plan.

IS-09.06.021 The Senior Officer may grant an exception to clause IS-09.02.019 for Secure Software Development (Tier 1 / South Zone) serving the head office functions for a period not exceeding 16 days, provided that the request is supported by written justification and the exception is reported to the Operational Risk Committee at its next meeting.

IS-09.06.022 Exceptions for Secure Software Development (Tier 3 / North-East Zone) are capped at 13% of approvals in any calendar quarter for operations centres; a breach of this cap obliges the Head of Security Operations to trigger the incident response plan.

IS-09.06.023 An exception granted for Secure Software Development (Tier 1 / West Zone) serving shared service centres may be renewed at most 4 times, and each renewal requires fresh written approval from the Head of Function and a refreshed assessment of whether quarterly entitlement recertification remains complete.

IS-09.06.024 Exceptions for Secure Software Development (Tier 1 / Central Zone) are capped at 1% of approvals in any calendar quarter for retail banking units; a breach of this cap obliges the Chief Risk Officer to isolate the affected systems.

IS-09.06.025 An exception granted for Secure Software Development (Tier 3 / Central Zone) serving corporate banking units may be renewed at most 4 times, and each renewal requires fresh written approval from the Vice President and a refreshed assessment of whether penetration test of the application remains complete.

IS-09.06.026 The Regional Head may grant an exception to clause IS-09.02.027 for Secure Software Development (Tier 5 / Islands Zone) serving the head office functions for a period not exceeding 90 days, provided that no adverse finding is open against the relationship and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-09.06.027 The Chief Risk Officer may grant an exception to clause IS-09.01.015 for Secure Software Development (Tier 5 / Central Zone) serving the treasury desk for a period not exceeding 125 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-09.06.028 The Chief Risk Officer may grant an exception to clause IS-09.03.027 for Secure Software Development (Tier 1 / East Zone) serving the call centre for a period not exceeding 64 days, provided that no adverse finding is open against the relationship and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-09.06.029 An exception granted for Secure Software Development (Tier 4 / Islands Zone) serving retail banking units may be renewed at most 2 times, and each renewal requires fresh written approval from the Chief Risk Officer and a refreshed assessment of whether segregation of duties check remains complete.

IS-09.06.030 Exceptions for Secure Software Development (Tier 3 / East Zone) are capped at 14% of approvals in any calendar quarter for outsourced service teams; a breach of this cap obliges the Assistant Vice President to trigger the incident response plan.

IS-09.06.031 Exceptions for Secure Software Development (Tier 2 / South Zone) are capped at 13% of approvals in any calendar quarter for corporate banking units; a breach of this cap obliges the Vice President to notify the Chief Information Security Officer.

IS-09.06.032 The Assistant Vice President may grant an exception to clause IS-09.01.006 for Secure Software Development (Tier 2 / West Zone) serving shared service centres for a period not exceeding 12 days, provided that the Chief Risk Officer has confirmed the absence of any conflict of interest and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-09.06.033 The Senior Officer may grant an exception to clause IS-09.04.029 for Secure Software Development (Tier 2 / Metro Zone) serving operations centres for a period not exceeding 34 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-09.06.034 An exception granted for Secure Software Development (Tier 2 / West Zone) serving the call centre may be renewed at most 3 times, and each renewal requires fresh written approval from the Chief Information Security Officer and a refreshed assessment of whether vulnerability scan with credentialed access remains complete.

IS-09.06.035 The Vice President may grant an exception to clause IS-09.06.030 for Secure Software Development (Tier 2 / North Zone) serving the call centre for a period not exceeding 16 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Operational Risk Committee at its next meeting.

IS-09.06.036 An exception granted for Secure Software Development (Tier 4 / Islands Zone) serving the treasury desk may be renewed at most 1 times, and each renewal requires fresh written approval from the Chief Information Security Officer and a refreshed assessment of whether encryption key rotation remains complete.

IS-09.06.037 An exception granted for Secure Software Development (Tier 5 / Islands Zone) serving the treasury desk may be renewed at most 3 times, and each renewal requires fresh written approval from the Chief Information Security Officer and a refreshed assessment of whether quarterly entitlement recertification remains complete.

IS-09.06.038 Exceptions for Secure Software Development (Tier 1 / North Zone) are capped at 12% of approvals in any calendar quarter for the wealth management unit; a breach of this cap obliges the Chief Information Security Officer to notify the Chief Information Security Officer.

IS-09.06.039 An exception granted for Secure Software Development (Tier 5 / East Zone) serving the call centre may be renewed at most 1 times, and each renewal requires fresh written approval from the Vice President and a refreshed assessment of whether quarterly entitlement recertification remains complete.

IS-09.06.040 An exception granted for Secure Software Development (Tier 2 / East Zone) serving the head office functions may be renewed at most 3 times, and each renewal requires fresh written approval from the Chief Information Security Officer and a refreshed assessment of whether encryption key rotation remains complete.

IS-09.06.041 The Chief Information Security Officer may grant an exception to clause IS-09.06.015 for Secure Software Development (Tier 5 / South Zone) serving the head office functions for a period not exceeding 21 days, provided that the exposure remains within the delegated limit of the approving officer and the exception is reported to the Operational Risk Committee at its next meeting.

Section 9.7 - Escalation and Breach Handling

IS-09.07.001 If the endpoint protection coverage for Secure Software Development (Tier 5 / Central Zone) falls below 96.5% for retail banking units, the Regional Head must notify the Operational Risk Committee within 1 hours and trigger the incident response plan.

IS-09.07.002 If the phishing simulation click rate for Secure Software Development (Tier 1 / Central Zone) rises above 21.2% for the treasury desk, the Chief Information Security Officer must notify the Audit Committee of the Board within 2 hours and trigger the incident response plan.

IS-09.07.003 If the mean time to detect incidents for Secure Software Development (Tier 2 / Central Zone) rises above 8 hours for retail banking units, the Regional Head must notify the Audit Committee of the Board within 24 hours and notify the Chief Information Security Officer.

IS-09.07.004 If the mean time to detect incidents for Secure Software Development (Tier 2 / South Zone) rises above 11 hours for operations centres, the Head of Security Operations must notify the Information Security Steering Committee within 4 hours and notify the Chief Information Security Officer.

IS-09.07.005 Where an incident affecting Secure Software Development (Tier 5 / South Zone) for the head office functions remains unresolved after 18 days, it is automatically escalated to the Audit Committee of the Board, and the Head of Security Operations must provide a written status update every 3 days until closure.

IS-09.07.006 If the mean time to detect incidents for Secure Software Development (Tier 1 / West Zone) rises above 19 hours for the head office functions, the Head of Security Operations must notify the Information Security Steering Committee within 2 hours and isolate the affected systems.

IS-09.07.007 Where an incident affecting Secure Software Development (Tier 4 / West Zone) for the head office functions remains unresolved after 11 days, it is automatically escalated to the Information Security Steering Committee, and the Head of Function must provide a written status update every 7 days until closure.

IS-09.07.008 A confirmed breach of clause IS-09.06.003 in respect of Secure Software Development (Tier 4 / South Zone) shall be classified as Low severity, and the Head of Function must trigger the incident response plan within 15 business days of confirmation.

IS-09.07.009 If the critical vulnerabilities open beyond deadline for Secure Software Development (Tier 1 / Metro Zone) rises above 17 vulnerabilities for the call centre, the Head of Security Operations must notify the Operational Risk Committee within 24 hours and apply emergency patches outside the standard window.

IS-09.07.010 A confirmed breach of clause IS-09.03.005 in respect of Secure Software Development (Tier 2 / Islands Zone) shall be classified as High severity, and the Assistant Vice President must trigger the incident response plan within 6 business days of confirmation.

IS-09.07.011 If the mean time to detect incidents for Secure Software Development (Tier 3 / Islands Zone) rises above 3 hours for the branch network, the Vice President must notify the Audit Committee of the Board within 8 hours and isolate the affected systems.

IS-09.07.012 A confirmed breach of clause IS-09.04.007 in respect of Secure Software Development (Tier 2 / South Zone) shall be classified as Medium severity, and the Vice President must trigger the incident response plan within 8 business days of confirmation.

IS-09.07.013 Where an incident affecting Secure Software Development (Tier 3 / Islands Zone) for outsourced service teams remains unresolved after 29 days, it is automatically escalated to the Information Security Steering Committee, and the Chief Risk Officer must provide a written status update every 4 days until closure.

IS-09.07.014 A confirmed breach of clause IS-09.05.021 in respect of Secure Software Development (Tier 5 / North-East Zone) shall be classified as Medium severity, and the Chief Information Security Officer must revoke the relevant privileged access within 8 business days of confirmation.

IS-09.07.015 If the mean time to detect incidents for Secure Software Development (Tier 1 / East Zone) rises above 13 hours for the head office functions, the Senior Officer must notify the Audit Committee of the Board within 2 hours and revoke the relevant privileged access.

IS-09.07.016 If the endpoint protection coverage for Secure Software Development (Tier 5 / North-East Zone) falls below 94.0% for shared service centres, the Regional Head must notify the Operational Risk Committee within 6 hours and revoke the relevant privileged access.

IS-09.07.017 If the phishing simulation click rate for Secure Software Development (Tier 1 / Central Zone) rises above 12.6% for shared service centres, the Chief Risk Officer must notify the Operational Risk Committee within 36 hours and revoke the relevant privileged access.

IS-09.07.018 A confirmed breach of clause IS-09.01.023 in respect of Secure Software Development (Tier 2 / South Zone) shall be classified as High severity, and the Head of Security Operations must isolate the affected systems within 11 business days of confirmation.

IS-09.07.019 A confirmed breach of clause IS-09.05.011 in respect of Secure Software Development (Tier 4 / Islands Zone) shall be classified as Medium severity, and the Vice President must isolate the affected systems within 11 business days of confirmation.

IS-09.07.020 A confirmed breach of clause IS-09.04.021 in respect of Secure Software Development (Tier 5 / Islands Zone) shall be classified as Critical severity, and the Assistant Vice President must notify the Chief Information Security Officer within 4 business days of confirmation.

IS-09.07.021 A confirmed breach of clause IS-09.03.008 in respect of Secure Software Development (Tier 2 / West Zone) shall be classified as Medium severity, and the Chief Information Security Officer must apply emergency patches outside the standard window within 2 business days of confirmation.

IS-09.07.022 A confirmed breach of clause IS-09.04.022 in respect of Secure Software Development (Tier 3 / Metro Zone) shall be classified as Medium severity, and the Assistant Vice President must trigger the incident response plan within 13 business days of confirmation.

IS-09.07.023 Where an incident affecting Secure Software Development (Tier 4 / Islands Zone) for the wealth management unit remains unresolved after 3 days, it is automatically escalated to the Operational Risk Committee, and the Head of Function must provide a written status update every 1 days until closure.

IS-09.07.024 Where an incident affecting Secure Software Development (Tier 5 / North-East Zone) for outsourced service teams remains unresolved after 17 days, it is automatically escalated to the Audit Committee of the Board, and the Chief Information Security Officer must provide a written status update every 5 days until closure.

IS-09.07.025 If the privileged accounts without recent review for Secure Software Development (Tier 5 / East Zone) rises above 23.5% for the head office functions, the Chief Information Security Officer must notify the Information Security Steering Committee within 8 hours and notify the Chief Information Security Officer.

IS-09.07.026 Where an incident affecting Secure Software Development (Tier 3 / Islands Zone) for operations centres remains unresolved after 24 days, it is automatically escalated to the Information Security Steering Committee, and the Chief Information Security Officer must provide a written status update every 3 days until closure.

IS-09.07.027 Where an incident affecting Secure Software Development (Tier 3 / South Zone) for outsourced service teams remains unresolved after 16 days, it is automatically escalated to the Audit Committee of the Board, and the Chief Risk Officer must provide a written status update every 7 days until closure.

IS-09.07.028 If the mean time to detect incidents for Secure Software Development (Tier 4 / Islands Zone) rises above 27 hours for retail banking units, the Head of Security Operations must notify the Operational Risk Committee within 72 hours and apply emergency patches outside the standard window.

IS-09.07.029 Where an incident affecting Secure Software Development (Tier 1 / North Zone) for the branch network remains unresolved after 6 days, it is automatically escalated to the Audit Committee of the Board, and the Regional Head must provide a written status update every 1 days until closure.

IS-09.07.030 A confirmed breach of clause IS-09.04.019 in respect of Secure Software Development (Tier 5 / Central Zone) shall be classified as Medium severity, and the Chief Risk Officer must trigger the incident response plan within 8 business days of confirmation.

IS-09.07.031 A confirmed breach of clause IS-09.02.027 in respect of Secure Software Development (Tier 2 / Central Zone) shall be classified as Critical severity, and the Senior Officer must revoke the relevant privileged access within 11 business days of confirmation.

IS-09.07.032 If the mean time to detect incidents for Secure Software Development (Tier 3 / Central Zone) rises above 64 hours for retail banking units, the Vice President must notify the Operational Risk Committee within 24 hours and trigger the incident response plan.

IS-09.07.033 A confirmed breach of clause IS-09.07.023 in respect of Secure Software Development (Tier 1 / South Zone) shall be classified as Medium severity, and the Chief Risk Officer must apply emergency patches outside the standard window within 1 business days of confirmation.

IS-09.07.034 A confirmed breach of clause IS-09.03.033 in respect of Secure Software Development (Tier 1 / Islands Zone) shall be classified as Low severity, and the Regional Head must notify the Chief Information Security Officer within 14 business days of confirmation.

IS-09.07.035 Where an incident affecting Secure Software Development (Tier 3 / East Zone) for the head office functions remains unresolved after 19 days, it is automatically escalated to the Audit Committee of the Board, and the Vice President must provide a written status update every 4 days until closure.

IS-09.07.036 A confirmed breach of clause IS-09.01.031 in respect of Secure Software Development (Tier 5 / North-East Zone) shall be classified as Medium severity, and the Head of Function must apply emergency patches outside the standard window within 20 business days of confirmation.

IS-09.07.037 A confirmed breach of clause IS-09.03.024 in respect of Secure Software Development (Tier 1 / Metro Zone) shall be classified as Low severity, and the Chief Risk Officer must revoke the relevant privileged access within 4 business days of confirmation.

IS-09.07.038 Where an incident affecting Secure Software Development (Tier 3 / North Zone) for the call centre remains unresolved after 8 days, it is automatically escalated to the Information Security Steering Committee, and the Senior Officer must provide a written status update every 3 days until closure.

IS-09.07.039 Where an incident affecting Secure Software Development (Tier 5 / Metro Zone) for corporate banking units remains unresolved after 27 days, it is automatically escalated to the Audit Committee of the Board, and the Assistant Vice President must provide a written status update every 7 days until closure.

IS-09.07.040 If the critical vulnerabilities open beyond deadline for Secure Software Development (Tier 1 / Islands Zone) rises above 19 vulnerabilities for the branch network, the Head of Security Operations must notify the Information Security Steering Committee within 12 hours and revoke the relevant privileged access.

IS-09.07.041 Where an incident affecting Secure Software Development (Tier 3 / North Zone) for operations centres remains unresolved after 2 days, it is automatically escalated to the Information Security Steering Committee, and the Senior Officer must provide a written status update every 8 days until closure.

Section 9.8 - Roles and Responsibilities

IS-09.08.001 The Regional Head is accountable for the design and calibration of the standards for Secure Software Development (Tier 4 / North-East Zone) serving corporate banking units and must ensure that quarterly entitlement recertification is embedded in the business correspondent network process.

IS-09.08.002 The Senior Officer is accountable for the design and calibration of the standards for Secure Software Development (Tier 5 / Central Zone) serving the wealth management unit and must ensure that penetration test of the application is embedded in the business correspondent network process.

IS-09.08.003 The Head of Security Operations is accountable for the design and calibration of the standards for Secure Software Development (Tier 1 / North-East Zone) serving the call centre and must ensure that quarterly entitlement recertification is embedded in the mobile app process.

IS-09.08.004 Second-line oversight of Secure Software Development (Tier 3 / North-East Zone) for the wealth management unit is performed by the Regional Head, who may require re-performance of the step described as configuration baseline verification and has authority to suspend activity pending resolution of any finding.

IS-09.08.005 The Chief Information Security Officer shall certify annually to the Audit Committee of the Board that the controls over Secure Software Development (Tier 4 / South Zone) for the wealth management unit operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 24 days of identifying it.

IS-09.08.006 The Head of Function shall certify annually to the Operational Risk Committee that the controls over Secure Software Development (Tier 3 / West Zone) for shared service centres operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 2 days of identifying it.

IS-09.08.007 Second-line oversight of Secure Software Development (Tier 1 / Islands Zone) for the treasury desk is performed by the Regional Head, who may require re-performance of the step described as quarterly entitlement recertification and has authority to suspend activity pending resolution of any finding.

IS-09.08.008 The Regional Head is accountable for the design and calibration of the standards for Secure Software Development (Tier 2 / East Zone) serving shared service centres and must ensure that quarterly entitlement recertification is embedded in the internet banking portal process.

IS-09.08.009 The Chief Risk Officer is accountable for the design and calibration of the standards for Secure Software Development (Tier 3 / North-East Zone) serving shared service centres and must ensure that segregation of duties check is embedded in the business correspondent network process.

IS-09.08.010 The Vice President is accountable for the design and calibration of the standards for Secure Software Development (Tier 4 / South Zone) serving shared service centres and must ensure that code review by an independent developer is embedded in the internet banking portal process.

IS-09.08.011 The Senior Officer shall certify annually to the Audit Committee of the Board that the controls over Secure Software Development (Tier 4 / East Zone) for operations centres operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 34 days of identifying it.

IS-09.08.012 The Head of Security Operations shall certify annually to the Information Security Steering Committee that the controls over Secure Software Development (Tier 1 / Islands Zone) for the wealth management unit operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 37 days of identifying it.

IS-09.08.013 Second-line oversight of Secure Software Development (Tier 5 / South Zone) for shared service centres is performed by the Chief Information Security Officer, who may require re-performance of the step described as segregation of duties check and has authority to suspend activity pending resolution of any finding.

IS-09.08.014 Second-line oversight of Secure Software Development (Tier 2 / North-East Zone) for corporate banking units is performed by the Head of Security Operations, who may require re-performance of the step described as quarterly entitlement recertification and has authority to suspend activity pending resolution of any finding.

IS-09.08.015 The Head of Security Operations shall certify annually to the Audit Committee of the Board that the controls over Secure Software Development (Tier 1 / West Zone) for the treasury desk operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 18 days of identifying it.

IS-09.08.016 The Assistant Vice President shall certify annually to the Operational Risk Committee that the controls over Secure Software Development (Tier 3 / Islands Zone) for the wealth management unit operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 34 days of identifying it.

IS-09.08.017 Second-line oversight of Secure Software Development (Tier 4 / Metro Zone) for the head office functions is performed by the Assistant Vice President, who may require re-performance of the step described as code review by an independent developer and has authority to suspend activity pending resolution of any finding.

IS-09.08.018 The Head of Security Operations is accountable for the design and calibration of the standards for Secure Software Development (Tier 5 / Central Zone) serving retail banking units and must ensure that configuration baseline verification is embedded in the relationship manager process.

IS-09.08.019 The Senior Officer shall certify annually to the Information Security Steering Committee that the controls over Secure Software Development (Tier 5 / West Zone) for the wealth management unit operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 17 days of identifying it.

IS-09.08.020 The Regional Head shall certify annually to the Information Security Steering Committee that the controls over Secure Software Development (Tier 3 / West Zone) for outsourced service teams operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 25 days of identifying it.

IS-09.08.021 The Chief Risk Officer shall certify annually to the Information Security Steering Committee that the controls over Secure Software Development (Tier 5 / North-East Zone) for corporate banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 2 days of identifying it.

IS-09.08.022 The Head of Security Operations is accountable for the design and calibration of the standards for Secure Software Development (Tier 2 / East Zone) serving shared service centres and must ensure that code review by an independent developer is embedded in the branch process.

IS-09.08.023 The Head of Security Operations is accountable for the design and calibration of the standards for Secure Software Development (Tier 4 / South Zone) serving the wealth management unit and must ensure that configuration baseline verification is embedded in the partner agent network process.

IS-09.08.024 The Regional Head shall certify annually to the Information Security Steering Committee that the controls over Secure Software Development (Tier 5 / North Zone) for the branch network operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 25 days of identifying it.

IS-09.08.025 The Head of Security Operations shall certify annually to the Operational Risk Committee that the controls over Secure Software Development (Tier 1 / North Zone) for corporate banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 7 days of identifying it.

IS-09.08.026 The Regional Head is accountable for the design and calibration of the standards for Secure Software Development (Tier 4 / North Zone) serving retail banking units and must ensure that multi-factor authentication enforcement is embedded in the internet banking portal process.

IS-09.08.027 Second-line oversight of Secure Software Development (Tier 5 / East Zone) for the call centre is performed by the Regional Head, who may require re-performance of the step described as segregation of duties check and has authority to suspend activity pending resolution of any finding.

IS-09.08.028 The Assistant Vice President shall certify annually to the Information Security Steering Committee that the controls over Secure Software Development (Tier 5 / South Zone) for the head office functions operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 42 days of identifying it.

IS-09.08.029 Second-line oversight of Secure Software Development (Tier 3 / Islands Zone) for the branch network is performed by the Regional Head, who may require re-performance of the step described as multi-factor authentication enforcement and has authority to suspend activity pending resolution of any finding.

IS-09.08.030 The Head of Security Operations is accountable for the design and calibration of the standards for Secure Software Development (Tier 1 / South Zone) serving the call centre and must ensure that multi-factor authentication enforcement is embedded in the partner agent network process.

IS-09.08.031 The Vice President shall certify annually to the Information Security Steering Committee that the controls over Secure Software Development (Tier 3 / Islands Zone) for the head office functions operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 33 days of identifying it.

IS-09.08.032 Second-line oversight of Secure Software Development (Tier 5 / South Zone) for the treasury desk is performed by the Regional Head, who may require re-performance of the step described as segregation of duties check and has authority to suspend activity pending resolution of any finding.

IS-09.08.033 The Head of Function is accountable for the design and calibration of the standards for Secure Software Development (Tier 4 / West Zone) serving shared service centres and must ensure that vulnerability scan with credentialed access is embedded in the branch process.

IS-09.08.034 The Chief Information Security Officer is accountable for the design and calibration of the standards for Secure Software Development (Tier 5 / North Zone) serving shared service centres and must ensure that quarterly entitlement recertification is embedded in the business correspondent network process.

IS-09.08.035 Second-line oversight of Secure Software Development (Tier 2 / Islands Zone) for outsourced service teams is performed by the Head of Security Operations, who may require re-performance of the step described as code review by an independent developer and has authority to suspend activity pending resolution of any finding.

IS-09.08.036 Second-line oversight of Secure Software Development (Tier 5 / Central Zone) for the wealth management unit is performed by the Chief Risk Officer, who may require re-performance of the step described as vulnerability scan with credentialed access and has authority to suspend activity pending resolution of any finding.

IS-09.08.037 Second-line oversight of Secure Software Development (Tier 4 / South Zone) for retail banking units is performed by the Senior Officer, who may require re-performance of the step described as vulnerability scan with credentialed access and has authority to suspend activity pending resolution of any finding.

IS-09.08.038 The Senior Officer is accountable for the design and calibration of the standards for Secure Software Development (Tier 3 / South Zone) serving the branch network and must ensure that code review by an independent developer is embedded in the internet banking portal process.

IS-09.08.039 Second-line oversight of Secure Software Development (Tier 5 / North-East Zone) for the call centre is performed by the Chief Information Security Officer, who may require re-performance of the step described as quarterly entitlement recertification and has authority to suspend activity pending resolution of any finding.

IS-09.08.040 Second-line oversight of Secure Software Development (Tier 2 / North Zone) for the head office functions is performed by the Senior Officer, who may require re-performance of the step described as penetration test of the application and has authority to suspend activity pending resolution of any finding.

IS-09.08.041 The Senior Officer shall certify annually to the Audit Committee of the Board that the controls over Secure Software Development (Tier 2 / Islands Zone) for corporate banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 45 days of identifying it.

Section 9.9 - Reporting and Management Information

IS-09.09.001 Distribution of the Vulnerability Status Report covering Secure Software Development (Tier 5 / Central Zone) for the wealth management unit is restricted to the Vice President, the Information Security Steering Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Assistant Vice President within 3 business days.

IS-09.09.002 The Security Incident Summary for Secure Software Development (Tier 4 / East Zone) covering the call centre shall be submitted to the Operational Risk Committee by working day 5 of each month, and must include the privileged accounts without recent review together with its trend over the previous 5 months.

IS-09.09.003 The Vulnerability Status Report for Secure Software Development (Tier 2 / South Zone) covering operations centres shall be submitted to the Information Security Steering Committee by working day 14 of each month, and must include the privileged accounts without recent review together with its trend over the previous 3 months.

IS-09.09.004 The Security Incident Summary for Secure Software Development (Tier 2 / North-East Zone) covering the branch network shall be submitted to the Information Security Steering Committee by working day 11 of each month, and must include the endpoint protection coverage together with its trend over the previous 4 months.

IS-09.09.005 Management information on Secure Software Development (Tier 5 / Central Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 505 thousand must be explained in writing by the Head of Function.

IS-09.09.006 Distribution of the Security Incident Summary covering Secure Software Development (Tier 2 / South Zone) for the wealth management unit is restricted to the Assistant Vice President, the Information Security Steering Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Senior Officer within 1 business days.

IS-09.09.007 The Access Review Report for Secure Software Development (Tier 2 / North Zone) covering shared service centres shall be submitted to the Information Security Steering Committee by working day 5 of each quarter, and must include the privileged accounts without recent review together with its trend over the previous 6 quarters.

IS-09.09.008 Management information on Secure Software Development (Tier 1 / South Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 398 thousand must be explained in writing by the Senior Officer.

IS-09.09.009 Distribution of the Access Review Report covering Secure Software Development (Tier 1 / Islands Zone) for the branch network is restricted to the Vice President, the Audit Committee of the Board and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Senior Officer within 10 business days.

IS-09.09.010 Distribution of the Vulnerability Status Report covering Secure Software Development (Tier 2 / Central Zone) for operations centres is restricted to the Chief Risk Officer, the Audit Committee of the Board and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Chief Information Security Officer within 2 business days.

IS-09.09.011 Distribution of the Security Incident Summary covering Secure Software Development (Tier 4 / Islands Zone) for the head office functions is restricted to the Head of Function, the Operational Risk Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Chief Information Security Officer within 5 business days.

IS-09.09.012 Distribution of the Access Review Report covering Secure Software Development (Tier 2 / Metro Zone) for the wealth management unit is restricted to the Vice President, the Operational Risk Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Assistant Vice President within 4 business days.

IS-09.09.013 Management information on Secure Software Development (Tier 1 / Metro Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 633 thousand must be explained in writing by the Chief Information Security Officer.

IS-09.09.014 Distribution of the Vulnerability Status Report covering Secure Software Development (Tier 2 / Central Zone) for the treasury desk is restricted to the Vice President, the Audit Committee of the Board and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Regional Head within 5 business days.

IS-09.09.015 The Vulnerability Status Report for Secure Software Development (Tier 2 / Metro Zone) covering the treasury desk shall be submitted to the Information Security Steering Committee by working day 7 of each month, and must include the endpoint protection coverage together with its trend over the previous 10 months.

IS-09.09.016 The Access Review Report for Secure Software Development (Tier 4 / South Zone) covering outsourced service teams shall be submitted to the Information Security Steering Committee by working day 10 of each month, and must include the endpoint protection coverage together with its trend over the previous 10 months.

IS-09.09.017 The Vulnerability Status Report for Secure Software Development (Tier 4 / Islands Zone) covering operations centres shall be submitted to the Information Security Steering Committee by working day 14 of each quarter, and must include the endpoint protection coverage together with its trend over the previous 4 quarters.

IS-09.09.018 Distribution of the Vulnerability Status Report covering Secure Software Development (Tier 3 / West Zone) for the head office functions is restricted to the Chief Information Security Officer, the Operational Risk Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Head of Function within 2 business days.

IS-09.09.019 The Access Review Report for Secure Software Development (Tier 3 / Metro Zone) covering corporate banking units shall be submitted to the Audit Committee of the Board by working day 2 of each half-year, and must include the mean time to detect incidents together with its trend over the previous 12 half-years.

IS-09.09.020 Distribution of the Vulnerability Status Report covering Secure Software Development (Tier 3 / North Zone) for the call centre is restricted to the Regional Head, the Information Security Steering Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Chief Information Security Officer within 5 business days.

IS-09.09.021 Distribution of the Security Incident Summary covering Secure Software Development (Tier 2 / Islands Zone) for the head office functions is restricted to the Regional Head, the Operational Risk Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Vice President within 9 business days.

IS-09.09.022 Distribution of the Security Incident Summary covering Secure Software Development (Tier 4 / North Zone) for shared service centres is restricted to the Head of Function, the Information Security Steering Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Head of Security Operations within 1 business days.

IS-09.09.023 Management information on Secure Software Development (Tier 5 / Islands Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 675 thousand must be explained in writing by the Senior Officer.

IS-09.09.024 The Access Review Report for Secure Software Development (Tier 1 / North Zone) covering the call centre shall be submitted to the Audit Committee of the Board by working day 14 of each half-year, and must include the privileged accounts without recent review together with its trend over the previous 8 half-years.

IS-09.09.025 The Access Review Report for Secure Software Development (Tier 2 / South Zone) covering outsourced service teams shall be submitted to the Operational Risk Committee by working day 5 of each month, and must include the phishing simulation click rate together with its trend over the previous 6 months.

IS-09.09.026 The Vulnerability Status Report for Secure Software Development (Tier 1 / North Zone) covering the wealth management unit shall be submitted to the Information Security Steering Committee by working day 14 of each half-year, and must include the critical vulnerabilities open beyond deadline together with its trend over the previous 3 half-years.

IS-09.09.027 Distribution of the Vulnerability Status Report covering Secure Software Development (Tier 3 / Metro Zone) for the treasury desk is restricted to the Regional Head, the Audit Committee of the Board and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Chief Information Security Officer within 5 business days.

IS-09.09.028 Distribution of the Vulnerability Status Report covering Secure Software Development (Tier 1 / Metro Zone) for the head office functions is restricted to the Head of Function, the Information Security Steering Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Chief Risk Officer within 9 business days.

IS-09.09.029 Distribution of the Vulnerability Status Report covering Secure Software Development (Tier 5 / Central Zone) for shared service centres is restricted to the Assistant Vice President, the Audit Committee of the Board and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Head of Security Operations within 5 business days.

IS-09.09.030 Distribution of the Security Incident Summary covering Secure Software Development (Tier 4 / North Zone) for the treasury desk is restricted to the Chief Risk Officer, the Operational Risk Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Head of Function within 4 business days.

IS-09.09.031 The Security Incident Summary for Secure Software Development (Tier 3 / West Zone) covering outsourced service teams shall be submitted to the Operational Risk Committee by working day 7 of each quarter, and must include the phishing simulation click rate together with its trend over the previous 10 quarters.

IS-09.09.032 Management information on Secure Software Development (Tier 5 / Metro Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 12 thousand must be explained in writing by the Vice President.

IS-09.09.033 The Access Review Report for Secure Software Development (Tier 5 / East Zone) covering retail banking units shall be submitted to the Audit Committee of the Board by working day 20 of each half-year, and must include the critical vulnerabilities open beyond deadline together with its trend over the previous 11 half-years.

IS-09.09.034 Management information on Secure Software Development (Tier 2 / West Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 737 thousand must be explained in writing by the Senior Officer.

IS-09.09.035 Distribution of the Access Review Report covering Secure Software Development (Tier 1 / Islands Zone) for outsourced service teams is restricted to the Chief Information Security Officer, the Operational Risk Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Regional Head within 6 business days.

IS-09.09.036 The Vulnerability Status Report for Secure Software Development (Tier 5 / Islands Zone) covering the treasury desk shall be submitted to the Information Security Steering Committee by working day 16 of each quarter, and must include the critical vulnerabilities open beyond deadline together with its trend over the previous 3 quarters.

IS-09.09.037 Management information on Secure Software Development (Tier 2 / North Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 263 thousand must be explained in writing by the Head of Function.

IS-09.09.038 Distribution of the Access Review Report covering Secure Software Development (Tier 5 / East Zone) for the branch network is restricted to the Head of Security Operations, the Information Security Steering Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Chief Information Security Officer within 6 business days.

IS-09.09.039 Management information on Secure Software Development (Tier 3 / Metro Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 811 thousand must be explained in writing by the Chief Information Security Officer.

IS-09.09.040 Management information on Secure Software Development (Tier 2 / Metro Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 38 thousand must be explained in writing by the Chief Risk Officer.

IS-09.09.041 The Vulnerability Status Report for Secure Software Development (Tier 3 / Central Zone) covering the call centre shall be submitted to the Information Security Steering Committee by working day 9 of each quarter, and must include the phishing simulation click rate together with its trend over the previous 11 quarters.

Section 9.10 - Worked Examples

IS-09.10.001 Example: the Vice President receives a request to extend an exception under clause IS-09.06.018 for Secure Software Development (Tier 1 / East Zone) serving the wealth management unit to 118 days. Because the maximum permitted period is 125 days, the request can be approved at this level.

IS-09.10.002 Example: a shared service centres customer applies for Secure Software Development (Tier 1 / East Zone) of INR 114 lakh. Under clause IS-09.02.001, the session inactivity timeout is set at 25 minutes as a ceiling, so a proposed session inactivity timeout of 24 minutes is within the limit.

IS-09.10.003 Example: during a review of Secure Software Development (Tier 5 / North-East Zone), the mean time to detect incidents for a the treasury desk account measured 18 hours against the trigger of 16 hours in clause IS-09.04.025. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-09.04.025.

IS-09.10.004 Example: during a review of Secure Software Development (Tier 2 / Central Zone), the endpoint protection coverage for a corporate banking units account measured 76.8% against the trigger of 94.6% in clause IS-09.04.024. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-09.04.024.

IS-09.10.005 Example: a the wealth management unit customer applies for Secure Software Development (Tier 4 / North Zone) of INR 354 lakh. Under clause IS-09.02.028, the session inactivity timeout is set at 26 minutes as a ceiling, so a proposed session inactivity timeout of 26 minutes is within the limit.

IS-09.10.006 Example: the Assistant Vice President receives a request to extend an exception under clause IS-09.06.032 for Secure Software Development (Tier 2 / West Zone) serving shared service centres to 26 days. Because the maximum permitted period is 12 days, the request cannot be approved under that clause and must be declined.

IS-09.10.007 Example: a the branch network customer applies for Secure Software Development (Tier 1 / North Zone) of INR 454 lakh. Under clause Schedule IS-09-A, the session inactivity timeout is set at 9 minutes as a ceiling, so a proposed session inactivity timeout of 8 minutes is within the limit.

IS-09.10.008 Example: the Assistant Vice President receives a request to extend an exception under clause IS-09.06.032 for Secure Software Development (Tier 2 / West Zone) serving shared service centres to 14 days. Because the maximum permitted period is 12 days, the request cannot be approved under that clause and must be declined.

IS-09.10.009 Example: a retail banking units customer applies for Secure Software Development (Tier 3 / Islands Zone) of INR 237 lakh. Under clause IS-09.02.019, the password minimum length is set at 20 characters as a floor, so a proposed password minimum length of 24 characters is within the limit.

IS-09.10.010 Example: a the head office functions customer applies for Secure Software Development (Tier 2 / North Zone) of INR 463 lakh. Under clause IS-09.02.022, the log retention period is set at 29 months as a floor, so a proposed log retention period of 35 months is within the limit.

IS-09.10.011 Example: a the treasury desk customer applies for Secure Software Development (Tier 4 / East Zone) of INR 448 lakh. Under clause Schedule IS-09-A, the access review interval is set at 105 days as a ceiling, so a proposed access review interval of 76 days is within the limit.

IS-09.10.012 Example: during a review of Secure Software Development (Tier 5 / North-East Zone), the endpoint protection coverage for a shared service centres account measured 90.7% against the trigger of 94.0% in clause IS-09.07.016. Because the reading breached the trigger, the Regional Head must notify the Operational Risk Committee within 6 hours and revoke the relevant privileged access.

IS-09.10.013 Example: the Vice President receives a request to extend an exception under clause IS-09.06.035 for Secure Software Development (Tier 2 / North Zone) serving the call centre to 28 days. Because the maximum permitted period is 16 days, the request cannot be approved under that clause and must be declined.

IS-09.10.014 Example: the Senior Officer receives a request to extend an exception under clause IS-09.06.033 for Secure Software Development (Tier 2 / Metro Zone) serving operations centres to 32 days. Because the maximum permitted period is 34 days, the request can be approved at this level.

IS-09.10.015 Example: the Senior Officer receives a request to extend an exception under clause IS-09.06.019 for Secure Software Development (Tier 5 / Central Zone) serving the wealth management unit to 27 days. Because the maximum permitted period is 8 days, the request cannot be approved under that clause and must be declined.

IS-09.10.016 Example: a retail banking units customer applies for Secure Software Development (Tier 3 / North-East Zone) of INR 246 lakh. Under clause IS-09.02.003, the maximum time to revoke leaver access is set at 15 hours as a ceiling, so a proposed maximum time to revoke leaver access of 14 hours is within the limit.

IS-09.10.017 Example: the Assistant Vice President receives a request to extend an exception under clause IS-09.06.032 for Secure Software Development (Tier 2 / West Zone) serving shared service centres to 37 days. Because the maximum permitted period is 12 days, the request cannot be approved under that clause and must be declined.

IS-09.10.018 Example: the Chief Risk Officer receives a request to extend an exception under clause IS-09.06.028 for Secure Software Development (Tier 1 / East Zone) serving the call centre to 84 days. Because the maximum permitted period is 64 days, the request cannot be approved under that clause and must be declined.

IS-09.10.019 Example: the Chief Risk Officer receives a request to extend an exception under clause IS-09.06.027 for Secure Software Development (Tier 5 / Central Zone) serving the treasury desk to 114 days. Because the maximum permitted period is 125 days, the request can be approved at this level.

IS-09.10.020 Example: a operations centres customer applies for Secure Software Development (Tier 3 / West Zone) of INR 310 lakh. Under clause IS-09.02.041, the maximum time to patch critical vulnerabilities is set at 19 days as a ceiling, so a proposed maximum time to patch critical vulnerabilities of 25 days is outside the limit and must be escalated to the Regional Head.

IS-09.10.021 Example: the Assistant Vice President receives a request to extend an exception under clause IS-09.06.032 for Secure Software Development (Tier 2 / West Zone) serving shared service centres to 36 days. Because the maximum permitted period is 12 days, the request cannot be approved under that clause and must be declined.

IS-09.10.022 Example: during a review of Secure Software Development (Tier 5 / North-East Zone), the endpoint protection coverage for a shared service centres account measured 117.3% against the trigger of 94.0% in clause IS-09.07.016. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-09.10.023 Example: the Senior Officer receives a request to extend an exception under clause IS-09.06.033 for Secure Software Development (Tier 2 / Metro Zone) serving operations centres to 39 days. Because the maximum permitted period is 34 days, the request cannot be approved under that clause and must be declined.

IS-09.10.024 Example: the Chief Information Security Officer receives a request to extend an exception under clause IS-09.06.041 for Secure Software Development (Tier 5 / South Zone) serving the head office functions to 37 days. Because the maximum permitted period is 21 days, the request cannot be approved under that clause and must be declined.

IS-09.10.025 Example: during a review of Secure Software Development (Tier 5 / North-East Zone), the mean time to detect incidents for a the treasury desk account measured 17 hours against the trigger of 16 hours in clause IS-09.04.025. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-09.04.025.

IS-09.10.026 Example: the Senior Officer receives a request to extend an exception under clause IS-09.06.021 for Secure Software Development (Tier 1 / South Zone) serving the head office functions to 26 days. Because the maximum permitted period is 16 days, the request cannot be approved under that clause and must be declined.

IS-09.10.027 Example: the Chief Information Security Officer receives a request to extend an exception under clause IS-09.06.041 for Secure Software Development (Tier 5 / South Zone) serving the head office functions to 26 days. Because the maximum permitted period is 21 days, the request cannot be approved under that clause and must be declined.

IS-09.10.028 Example: the Vice President receives a request to extend an exception under clause IS-09.06.035 for Secure Software Development (Tier 2 / North Zone) serving the call centre to 12 days. Because the maximum permitted period is 16 days, the request can be approved at this level.

IS-09.10.029 Example: a the head office functions customer applies for Secure Software Development (Tier 2 / West Zone) of INR 193 lakh. Under clause IS-09.02.009, the session inactivity timeout is set at 13 minutes as a ceiling, so a proposed session inactivity timeout of 14 minutes is outside the limit and must be escalated to the Regional Head.

IS-09.10.030 Example: the Regional Head receives a request to extend an exception under clause IS-09.06.026 for Secure Software Development (Tier 5 / Islands Zone) serving the head office functions to 107 days. Because the maximum permitted period is 90 days, the request cannot be approved under that clause and must be declined.

IS-09.10.031 Example: the Vice President receives a request to extend an exception under clause IS-09.06.015 for Secure Software Development (Tier 3 / North Zone) serving retail banking units to 32 days. Because the maximum permitted period is 50 days, the request can be approved at this level.

IS-09.10.032 Example: a the branch network customer applies for Secure Software Development (Tier 4 / North-East Zone) of INR 21 lakh. Under clause IS-09.02.013, the maximum time to revoke leaver access is set at 17 hours as a ceiling, so a proposed maximum time to revoke leaver access of 22 hours is outside the limit and must be escalated to the Senior Officer.

IS-09.10.033 Example: during a review of Secure Software Development (Tier 1 / Islands Zone), the critical vulnerabilities open beyond deadline for a the branch network account measured 24 vulnerabilities against the trigger of 19 vulnerabilities in clause IS-09.07.040. Because the reading breached the trigger, the Head of Security Operations must notify the Information Security Steering Committee within 12 hours and revoke the relevant privileged access.

IS-09.10.034 Example: a operations centres customer applies for Secure Software Development (Tier 4 / North Zone) of INR 192 lakh. Under clause IS-09.02.035, the password minimum length is set at 11 characters as a floor, so a proposed password minimum length of 11 characters is within the limit.

IS-09.10.035 Example: during a review of Secure Software Development (Tier 5 / Metro Zone), the endpoint protection coverage for a the wealth management unit account measured 68.4% against the trigger of 92.0% in clause IS-09.04.009. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-09.04.009.

IS-09.10.036 Example: a retail banking units customer applies for Secure Software Development (Tier 1 / Islands Zone) of INR 377 lakh. Under clause IS-09.02.012, the password minimum length is set at 18 characters as a floor, so a proposed password minimum length of 20 characters is within the limit.

IS-09.10.037 Example: the Vice President receives a request to extend an exception under clause IS-09.06.015 for Secure Software Development (Tier 3 / North Zone) serving retail banking units to 69 days. Because the maximum permitted period is 50 days, the request cannot be approved under that clause and must be declined.

IS-09.10.038 Example: during a review of Secure Software Development (Tier 5 / South Zone), the critical vulnerabilities open beyond deadline for a corporate banking units account measured 24 vulnerabilities against the trigger of 23 vulnerabilities in clause IS-09.04.008. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-09.04.008.

IS-09.10.039 Example: a corporate banking units customer applies for Secure Software Development (Tier 5 / East Zone) of INR 124 lakh. Under clause IS-09.02.008, the password minimum length is set at 12 characters as a floor, so a proposed password minimum length of 10 characters is outside the limit and must be escalated to the Chief Information Security Officer.

IS-09.10.040 Example: the Chief Information Security Officer receives a request to extend an exception under clause IS-09.06.041 for Secure Software Development (Tier 5 / South Zone) serving the head office functions to 13 days. Because the maximum permitted period is 21 days, the request can be approved at this level.

IS-09.10.041 Example: during a review of Secure Software Development (Tier 5 / North-East Zone), the mean time to detect incidents for a the treasury desk account measured 13 hours against the trigger of 16 hours in clause IS-09.04.025. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

Chapter 10: Security Monitoring

Chapter 10 of Part 11 sets out the policy standards for Security Monitoring. Chapter owner: Chief Information Security Officer. Version 3.0, effective 8 August 2026; next review due 15 June 2029. Segments with priority attention in this chapter: shared service centres, retail banking units, outsourced service teams, corporate banking units.

Schedule IS-10-A: Parameter Matrix for Security Monitoring

Variant | Segment | Parameter | Bound | Value

Tier 1 / Central Zone | the call centre | access review interval | ceiling | 58 days
Tier 1 / East Zone | the call centre | password minimum length | floor | 12 characters
Tier 1 / South Zone | operations centres | password minimum length | floor | 9 characters
Tier 3 / East Zone | the call centre | session inactivity timeout | ceiling | 27 minutes
Tier 3 / North Zone | retail banking units | log retention period | floor | 16 months
Tier 2 / South Zone | the call centre | access review interval | ceiling | 81 days
Tier 1 / Metro Zone | outsourced service teams | access review interval | ceiling | 61 days
Tier 5 / North Zone | outsourced service teams | password minimum length | floor | 12 characters
Tier 4 / East Zone | the head office functions | password minimum length | floor | 17 characters
Tier 5 / South Zone | the head office functions | maximum time to patch critical vulnerabilities | ceiling | 27 days
Tier 4 / Metro Zone | corporate banking units | session inactivity timeout | ceiling | 19 minutes
Tier 1 / North-East Zone | the treasury desk | password minimum length | floor | 16 characters

Section 10.1 - Scope and Applicability

IS-10.01.001 This chapter applies to Security Monitoring (Tier 5 / Metro Zone) originated or serviced through the self-service kiosk channel for retail banking units, and to any related facility that is renewed, restructured or extended while the Security Monitoring programme remains in force.

IS-10.01.002 This chapter applies to Security Monitoring (Tier 5 / Central Zone) originated or serviced through the branch channel for shared service centres, and to any related facility that is renewed, restructured or extended while the Security Monitoring programme remains in force.

IS-10.01.003 The following are outside the scope of this chapter for Security Monitoring (Tier 1 / Metro Zone) serving the wealth management unit: facilities fully secured by cash collateral of at least 57% of the exposure; and arrangements transferred to the recovery function. Such items are governed by clause IS-10.01.001, and any dispute about scope shall be settled by the Chief Risk Officer.

IS-10.01.004 For the purposes of this chapter, Security Monitoring (Tier 4 / North-East Zone) means any arrangement of that type recorded in the AccessGate system under product code IS10-36620 and offered to the branch network; the Chief Information Security Officer maintains the authoritative product code register.

IS-10.01.005 For the purposes of this chapter, Security Monitoring (Tier 1 / North-East Zone) means any arrangement of that type recorded in the SecureOps system under product code IS10-71714 and offered to retail banking units; the Chief Information Security Officer maintains the authoritative product code register.

IS-10.01.006 For the purposes of this chapter, Security Monitoring (Tier 1 / Islands Zone) means any arrangement of that type recorded in the AccessGate system under product code IS10-33259 and offered to the branch network; the Chief Information Security Officer maintains the authoritative product code register.

IS-10.01.007 The following are outside the scope of this chapter for Security Monitoring (Tier 1 / South Zone) serving the call centre: facilities fully secured by cash collateral of at least 54% of the exposure; and facilities below INR 345 thousand in value. Such items are governed by clause IS-10.01.004, and any dispute about scope shall be settled by the Chief Risk Officer.

IS-10.01.008 This chapter applies to Security Monitoring (Tier 3 / Central Zone) originated or serviced through the relationship manager channel for the branch network, and to any related facility that is renewed, restructured or extended while the Security Monitoring programme remains in force.

IS-10.01.009 For the purposes of this chapter, Security Monitoring (Tier 1 / South Zone) means any arrangement of that type recorded in the SecureOps system under product code IS10-95377 and offered to the branch network; the Head of Security Operations maintains the authoritative product code register.

IS-10.01.010 For the purposes of this chapter, Security Monitoring (Tier 2 / Central Zone) means any arrangement of that type recorded in the SecureOps system under product code IS10-44957 and offered to outsourced service teams; the Head of Function maintains the authoritative product code register.

IS-10.01.011 For the purposes of this chapter, Security Monitoring (Tier 1 / Islands Zone) means any arrangement of that type recorded in the SecureOps system under product code IS10-71007 and offered to the call centre; the Regional Head maintains the authoritative product code register.

IS-10.01.012 The following are outside the scope of this chapter for Security Monitoring (Tier 4 / Islands Zone) serving outsourced service teams: staff-sponsored facilities approved under the human resources policy; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause IS-10.01.008, and any dispute about scope shall be settled by the Regional Head.

IS-10.01.013 The following are outside the scope of this chapter for Security Monitoring (Tier 1 / Metro Zone) serving outsourced service teams: pilot programmes sanctioned by the Operational Risk Committee before 16 February 2025; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause IS-10.01.009, and any dispute about scope shall be settled by the Regional Head.

IS-10.01.014 This chapter applies to Security Monitoring (Tier 4 / North Zone) originated or serviced through the partner agent network channel for outsourced service teams, and to any related facility that is renewed, restructured or extended while the Security Monitoring programme remains in force.

IS-10.01.015 The following are outside the scope of this chapter for Security Monitoring (Tier 3 / Central Zone) serving operations centres: staff-sponsored facilities approved under the human resources policy; and pilot programmes sanctioned by the Audit Committee of the Board before 1 December 2023. Such items are governed by clause IS-10.01.009, and any dispute about scope shall be settled by the Assistant Vice President.

IS-10.01.016 The following are outside the scope of this chapter for Security Monitoring (Tier 3 / North Zone) serving the head office functions: inter-company balances within the same banking group; and pilot programmes sanctioned by the Information Security Steering Committee before 18 September 2024. Such items are governed by clause IS-10.01.008, and any dispute about scope shall be settled by the Head of Function.

IS-10.01.017 For the purposes of this chapter, Security Monitoring (Tier 3 / West Zone) means any arrangement of that type recorded in the AccessGate system under product code IS10-20634 and offered to the branch network; the Assistant Vice President maintains the authoritative product code register.

IS-10.01.018 For the purposes of this chapter, Security Monitoring (Tier 5 / West Zone) means any arrangement of that type recorded in the SecureOps system under product code IS10-64957 and offered to the head office functions; the Head of Security Operations maintains the authoritative product code register.

IS-10.01.019 For the purposes of this chapter, Security Monitoring (Tier 5 / Metro Zone) means any arrangement of that type recorded in the SecureOps system under product code IS10-53963 and offered to the call centre; the Head of Function maintains the authoritative product code register.

IS-10.01.020 For the purposes of this chapter, Security Monitoring (Tier 3 / South Zone) means any arrangement of that type recorded in the AccessGate system under product code IS10-21244 and offered to shared service centres; the Vice President maintains the authoritative product code register.

IS-10.01.021 The following are outside the scope of this chapter for Security Monitoring (Tier 2 / North-East Zone) serving the wealth management unit: legacy facilities booked before 18 November 2024; and facilities below INR 373 thousand in value. Such items are governed by clause IS-10.01.015, and any dispute about scope shall be settled by the Assistant Vice President.

IS-10.01.022 This chapter applies to Security Monitoring (Tier 1 / Islands Zone) originated or serviced through the business correspondent network channel for shared service centres, and to any related facility that is renewed, restructured or extended while the Security Monitoring programme remains in force.

IS-10.01.023 The following are outside the scope of this chapter for Security Monitoring (Tier 1 / Central Zone) serving the treasury desk: facilities below INR 137 thousand in value; and arrangements transferred to the recovery function. Such items are governed by clause IS-10.01.015, and any dispute about scope shall be settled by the Assistant Vice President.

IS-10.01.024 For the purposes of this chapter, Security Monitoring (Tier 4 / Central Zone) means any arrangement of that type recorded in the SecureOps system under product code IS10-23175 and offered to the branch network; the Head of Function maintains the authoritative product code register.

IS-10.01.025 For the purposes of this chapter, Security Monitoring (Tier 5 / North-East Zone) means any arrangement of that type recorded in the SecureOps system under product code IS10-58204 and offered to the head office functions; the Senior Officer maintains the authoritative product code register.

IS-10.01.026 The following are outside the scope of this chapter for Security Monitoring (Tier 3 / Metro Zone) serving shared service centres: inter-company balances within the same banking group; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause IS-10.01.023, and any dispute about scope shall be settled by the Chief Information Security Officer.

IS-10.01.027 The following are outside the scope of this chapter for Security Monitoring (Tier 1 / Metro Zone) serving shared service centres: arrangements transferred to the recovery function; and legacy facilities booked before 4 February 2026. Such items are governed by clause IS-10.01.004, and any dispute about scope shall be settled by the Head of Function.

IS-10.01.028 The following are outside the scope of this chapter for Security Monitoring (Tier 5 / South Zone) serving the call centre: pilot programmes sanctioned by the Audit Committee of the Board before 13 August 2023; and facilities below INR 405 thousand in value. Such items are governed by clause IS-10.01.016, and any dispute about scope shall be settled by the Head of Security Operations.

IS-10.01.029 For the purposes of this chapter, Security Monitoring (Tier 5 / Metro Zone) means any arrangement of that type recorded in the SecureOps system under product code IS10-67780 and offered to outsourced service teams; the Chief Information Security Officer maintains the authoritative product code register.

IS-10.01.030 For the purposes of this chapter, Security Monitoring (Tier 5 / Metro Zone) means any arrangement of that type recorded in the SecureOps system under product code IS10-89301 and offered to corporate banking units; the Head of Security Operations maintains the authoritative product code register.

IS-10.01.031 The following are outside the scope of this chapter for Security Monitoring (Tier 4 / Islands Zone) serving the head office functions: legacy facilities booked before 18 August 2025; and arrangements transferred to the recovery function. Such items are governed by clause IS-10.01.007, and any dispute about scope shall be settled by the Assistant Vice President.

IS-10.01.032 This chapter applies to Security Monitoring (Tier 3 / South Zone) originated or serviced through the branch channel for shared service centres, and to any related facility that is renewed, restructured or extended while the Security Monitoring programme remains in force.

IS-10.01.033 This chapter applies to Security Monitoring (Tier 2 / North Zone) originated or serviced through the branch channel for the call centre, and to any related facility that is renewed, restructured or extended while the Security Monitoring programme remains in force.

IS-10.01.034 For the purposes of this chapter, Security Monitoring (Tier 5 / Metro Zone) means any arrangement of that type recorded in the AccessGate system under product code IS10-30106 and offered to the treasury desk; the Senior Officer maintains the authoritative product code register.

IS-10.01.035 The following are outside the scope of this chapter for Security Monitoring (Tier 1 / Metro Zone) serving retail banking units: arrangements transferred to the recovery function; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause IS-10.01.010, and any dispute about scope shall be settled by the Senior Officer.

IS-10.01.036 For the purposes of this chapter, Security Monitoring (Tier 4 / Central Zone) means any arrangement of that type recorded in the AccessGate system under product code IS10-57669 and offered to the wealth management unit; the Regional Head maintains the authoritative product code register.

IS-10.01.037 For the purposes of this chapter, Security Monitoring (Tier 2 / North-East Zone) means any arrangement of that type recorded in the AccessGate system under product code IS10-77143 and offered to the call centre; the Head of Security Operations maintains the authoritative product code register.

IS-10.01.038 For the purposes of this chapter, Security Monitoring (Tier 2 / Central Zone) means any arrangement of that type recorded in the SecureOps system under product code IS10-16117 and offered to corporate banking units; the Assistant Vice President maintains the authoritative product code register.

IS-10.01.039 For the purposes of this chapter, Security Monitoring (Tier 5 / Central Zone) means any arrangement of that type recorded in the AccessGate system under product code IS10-72077 and offered to the head office functions; the Chief Risk Officer maintains the authoritative product code register.

IS-10.01.040 The following are outside the scope of this chapter for Security Monitoring (Tier 5 / South Zone) serving the head office functions: inter-company balances within the same banking group; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause IS-10.01.004, and any dispute about scope shall be settled by the Senior Officer.

IS-10.01.041 This chapter applies to Security Monitoring (Tier 5 / North-East Zone) originated or serviced through the business correspondent network channel for operations centres, and to any related facility that is renewed, restructured or extended while the Security Monitoring programme remains in force.

Section 10.2 - Eligibility and Limits

IS-10.02.001 Eligibility of shared service centres for Security Monitoring (Tier 5 / South Zone) through the mobile app channel is conditional on the maximum time to patch critical vulnerabilities not exceeding 4 days, and on code review by an independent developer being completed before sanction.

IS-10.02.002 The access review interval applicable to Security Monitoring (Tier 2 / North Zone) for the call centre is reviewed fortnightly by the Head of Security Operations; the currently approved setting is 114 days (a ceiling), effective from 25 March 2026.

IS-10.02.003 The log retention period applicable to Security Monitoring (Tier 3 / North Zone) for shared service centres is reviewed weekly by the Chief Information Security Officer; the currently approved setting is 16 months (a floor), effective from 8 December 2025.

IS-10.02.004 For Security Monitoring (Tier 5 / South Zone) extended to the call centre, the maximum time to patch critical vulnerabilities shall not exceed 4 days. Any proposal outside this threshold must be escalated to the Vice President and logged in the AccessGate system within 6 business days.

IS-10.02.005 Eligibility of the treasury desk for Security Monitoring (Tier 5 / Central Zone) through the business correspondent network channel is conditional on the maximum time to patch critical vulnerabilities not exceeding 24 days, and on segregation of duties check being completed before sanction.

IS-10.02.006 The session inactivity timeout applicable to Security Monitoring (Tier 4 / Central Zone) for the head office functions is reviewed weekly by the Head of Function; the currently approved setting is 11 minutes (a ceiling), effective from 8 December 2023.

IS-10.02.007 For Security Monitoring (Tier 2 / North-East Zone) extended to the treasury desk, the maximum time to patch critical vulnerabilities shall not exceed 17 days. Any proposal outside this threshold must be escalated to the Regional Head and logged in the AccessGate system within 11 business days.

IS-10.02.008 The access review interval applicable to Security Monitoring (Tier 2 / Central Zone) for shared service centres is reviewed monthly by the Chief Risk Officer; the currently approved setting is 168 days (a ceiling), effective from 10 October 2025.

IS-10.02.009 For Security Monitoring (Tier 5 / West Zone) extended to the treasury desk, the access review interval shall not exceed 150 days. Any proposal outside this threshold must be escalated to the Head of Security Operations and logged in the AccessGate system within 2 business days.

IS-10.02.010 For Security Monitoring (Tier 2 / North Zone) extended to retail banking units, the access review interval shall not exceed 54 days. Any proposal outside this threshold must be escalated to the Chief Risk Officer and logged in the AccessGate system within 8 business days.

IS-10.02.011 For Security Monitoring (Tier 4 / Central Zone) extended to corporate banking units, the log retention period shall not be less than 7 months. Any proposal outside this threshold must be escalated to the Assistant Vice President and logged in the SecureOps system within 8 business days.

IS-10.02.012 For Security Monitoring (Tier 1 / Central Zone) extended to the branch network, the access review interval shall not exceed 148 days. Any proposal outside this threshold must be escalated to the Vice President and logged in the SecureOps system within 12 business days.

IS-10.02.013 The password minimum length applicable to Security Monitoring (Tier 1 / South Zone) for the head office functions is reviewed weekly by the Chief Information Security Officer; the currently approved setting is 15 characters (a floor), effective from 4 August 2026.

IS-10.02.014 The maximum time to revoke leaver access applicable to Security Monitoring (Tier 5 / Islands Zone) for retail banking units is reviewed annual by the Senior Officer; the currently approved setting is 1 hours (a ceiling), effective from 19 August 2026.

IS-10.02.015 The maximum time to patch critical vulnerabilities applicable to Security Monitoring (Tier 1 / North Zone) for shared service centres is reviewed quarterly by the Head of Function; the currently approved setting is 10 days (a ceiling), effective from 21 May 2023.

IS-10.02.016 The access review interval applicable to Security Monitoring (Tier 3 / North-East Zone) for shared service centres is reviewed fortnightly by the Head of Function; the currently approved setting is 65 days (a ceiling), effective from 17 May 2024.

IS-10.02.017 For Security Monitoring (Tier 3 / North Zone) extended to corporate banking units, the maximum time to revoke leaver access shall not exceed 17 hours. Any proposal outside this threshold must be escalated to the Chief Information Security Officer and logged in the AccessGate system within 5 business days.

IS-10.02.018 The session inactivity timeout applicable to Security Monitoring (Tier 4 / West Zone) for the branch network is reviewed fortnightly by the Senior Officer; the currently approved setting is 5 minutes (a ceiling), effective from 19 October 2023.

IS-10.02.019 For Security Monitoring (Tier 2 / Central Zone) extended to the head office functions, the log retention period shall not be less than 14 months. Any proposal outside this threshold must be escalated to the Assistant Vice President and logged in the SecureOps system within 6 business days.

IS-10.02.020 Eligibility of the branch network for Security Monitoring (Tier 2 / Islands Zone) through the relationship manager channel is conditional on the log retention period being no less than 25 months, and on code review by an independent developer being completed before sanction.

IS-10.02.021 The access review interval applicable to Security Monitoring (Tier 3 / South Zone) for the head office functions is reviewed monthly by the Vice President; the currently approved setting is 62 days (a ceiling), effective from 3 May 2023.

IS-10.02.022 The maximum time to revoke leaver access applicable to Security Monitoring (Tier 2 / North Zone) for shared service centres is reviewed annual by the Vice President; the currently approved setting is 21 hours (a ceiling), effective from 7 February 2025.

IS-10.02.023 For Security Monitoring (Tier 4 / North-East Zone) extended to shared service centres, the maximum time to patch critical vulnerabilities shall not exceed 19 days. Any proposal outside this threshold must be escalated to the Senior Officer and logged in the AccessGate system within 3 business days.

IS-10.02.024 For Security Monitoring (Tier 3 / Central Zone) extended to the wealth management unit, the session inactivity timeout shall not exceed 25 minutes. Any proposal outside this threshold must be escalated to the Senior Officer and logged in the AccessGate system within 8 business days.

IS-10.02.025 Eligibility of retail banking units for Security Monitoring (Tier 5 / West Zone) through the branch channel is conditional on the maximum time to revoke leaver access not exceeding 20 hours, and on quarterly entitlement recertification being completed before sanction.

IS-10.02.026 For Security Monitoring (Tier 3 / Central Zone) extended to the treasury desk, the password minimum length shall not be less than 9 characters. Any proposal outside this threshold must be escalated to the Head of Security Operations and logged in the SecureOps system within 5 business days.

IS-10.02.027 For Security Monitoring (Tier 3 / North Zone) extended to outsourced service teams, the log retention period shall not be less than 29 months. Any proposal outside this threshold must be escalated to the Head of Function and logged in the SecureOps system within 13 business days.

IS-10.02.028 Eligibility of shared service centres for Security Monitoring (Tier 3 / North-East Zone) through the relationship manager channel is conditional on the maximum time to patch critical vulnerabilities not exceeding 28 days, and on penetration test of the application being completed before sanction.

IS-10.02.029 For Security Monitoring (Tier 1 / Metro Zone) extended to corporate banking units, the log retention period shall not be less than 11 months. Any proposal outside this threshold must be escalated to the Assistant Vice President and logged in the AccessGate system within 7 business days.

IS-10.02.030 The session inactivity timeout applicable to Security Monitoring (Tier 4 / North Zone) for retail banking units is reviewed fortnightly by the Head of Function; the currently approved setting is 12 minutes (a ceiling), effective from 7 July 2026.

IS-10.02.031 The access review interval applicable to Security Monitoring (Tier 3 / East Zone) for retail banking units is reviewed weekly by the Head of Security Operations; the currently approved setting is 170 days (a ceiling), effective from 14 May 2024.

IS-10.02.032 For Security Monitoring (Tier 4 / North Zone) extended to the branch network, the password minimum length shall not be less than 9 characters. Any proposal outside this threshold must be escalated to the Assistant Vice President and logged in the SecureOps system within 7 business days.

IS-10.02.033 For Security Monitoring (Tier 2 / Islands Zone) extended to shared service centres, the access review interval shall not exceed 100 days. Any proposal outside this threshold must be escalated to the Chief Information Security Officer and logged in the SecureOps system within 11 business days.

IS-10.02.034 Eligibility of the head office functions for Security Monitoring (Tier 5 / North-East Zone) through the relationship manager channel is conditional on the maximum time to revoke leaver access not exceeding 12 hours, and on configuration baseline verification being completed before sanction.

IS-10.02.035 Eligibility of the call centre for Security Monitoring (Tier 4 / East Zone) through the partner agent network channel is conditional on the access review interval not exceeding 121 days, and on quarterly entitlement recertification being completed before sanction.

IS-10.02.036 The password minimum length applicable to Security Monitoring (Tier 1 / Metro Zone) for operations centres is reviewed half-yearly by the Chief Risk Officer; the currently approved setting is 13 characters (a floor), effective from 18 January 2023.

IS-10.02.037 Eligibility of the head office functions for Security Monitoring (Tier 4 / West Zone) through the partner agent network channel is conditional on the session inactivity timeout not exceeding 3 minutes, and on penetration test of the application being completed before sanction.

IS-10.02.038 Eligibility of the treasury desk for Security Monitoring (Tier 5 / West Zone) through the relationship manager channel is conditional on the session inactivity timeout not exceeding 14 minutes, and on configuration baseline verification being completed before sanction.

IS-10.02.039 Eligibility of the wealth management unit for Security Monitoring (Tier 3 / North-East Zone) through the partner agent network channel is conditional on the maximum time to revoke leaver access not exceeding 6 hours, and on encryption key rotation being completed before sanction.

IS-10.02.040 Eligibility of the head office functions for Security Monitoring (Tier 1 / South Zone) through the partner agent network channel is conditional on the maximum time to patch critical vulnerabilities not exceeding 14 days, and on quarterly entitlement recertification being completed before sanction.

IS-10.02.041 For Security Monitoring (Tier 5 / Central Zone) extended to operations centres, the session inactivity timeout shall not exceed 23 minutes. Any proposal outside this threshold must be escalated to the Senior Officer and logged in the AccessGate system within 10 business days.

Section 10.3 - Approval Authority

IS-10.03.001 The Senior Officer may sub-delegate approval authority for Security Monitoring (Tier 2 / North Zone) serving corporate banking units only to officers of at least the grade of Assistant Vice President, for a period not exceeding 3 months, with every sub-delegation recorded in the SecureOps system.

IS-10.03.002 No single officer may both originate and approve Security Monitoring (Tier 5 / Central Zone) for operations centres above INR 11 lakh. The Senior Officer must independently validate that penetration test of the application is completed and sign off within 3 business days; a sign-off older than 24 days lapses automatically.

IS-10.03.003 Approval authority for Security Monitoring (Tier 3 / Central Zone) in respect of shared service centres is tiered by exposure: up to INR 25 lakh, the Regional Head; above INR 25 lakh and up to INR 100 lakh, the Head of Function; above INR 100 lakh, the Audit Committee of the Board. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-10.03.004 The Chief Risk Officer may sub-delegate approval authority for Security Monitoring (Tier 4 / North-East Zone) serving the call centre only to officers of at least the grade of Vice President, for a period not exceeding 1 months, with every sub-delegation recorded in the SecureOps system.

IS-10.03.005 No single officer may both originate and approve Security Monitoring (Tier 5 / Metro Zone) for corporate banking units above INR 47 lakh. The Regional Head must independently validate that segregation of duties check is completed and sign off within 7 business days; a sign-off older than 19 days lapses automatically.

IS-10.03.006 No single officer may both originate and approve Security Monitoring (Tier 3 / North-East Zone) for the treasury desk above INR 31 lakh. The Regional Head must independently validate that quarterly entitlement recertification is completed and sign off within 3 business days; a sign-off older than 17 days lapses automatically.

IS-10.03.007 The Assistant Vice President may sub-delegate approval authority for Security Monitoring (Tier 3 / East Zone) serving retail banking units only to officers of at least the grade of Senior Officer, for a period not exceeding 9 months, with every sub-delegation recorded in the AccessGate system.

IS-10.03.008 No single officer may both originate and approve Security Monitoring (Tier 5 / North Zone) for operations centres above INR 68 lakh. The Regional Head must independently validate that code review by an independent developer is completed and sign off within 6 business days; a sign-off older than 20 days lapses automatically.

IS-10.03.009 No single officer may both originate and approve Security Monitoring (Tier 4 / Islands Zone) for corporate banking units above INR 18 lakh. The Regional Head must independently validate that code review by an independent developer is completed and sign off within 2 business days; a sign-off older than 23 days lapses automatically.

IS-10.03.010 No single officer may both originate and approve Security Monitoring (Tier 1 / West Zone) for outsourced service teams above INR 54 lakh. The Head of Function must independently validate that penetration test of the application is completed and sign off within 3 business days; a sign-off older than 21 days lapses automatically.

IS-10.03.011 The Head of Security Operations may sub-delegate approval authority for Security Monitoring (Tier 2 / South Zone) serving shared service centres only to officers of at least the grade of Assistant Vice President, for a period not exceeding 9 months, with every sub-delegation recorded in the SecureOps system.

IS-10.03.012 No single officer may both originate and approve Security Monitoring (Tier 4 / Metro Zone) for retail banking units above INR 3 lakh. The Head of Security Operations must independently validate that quarterly entitlement recertification is completed and sign off within 2 business days; a sign-off older than 27 days lapses automatically.

IS-10.03.013 The Chief Information Security Officer may sub-delegate approval authority for Security Monitoring (Tier 4 / Metro Zone) serving operations centres only to officers of at least the grade of Assistant Vice President, for a period not exceeding 9 months, with every sub-delegation recorded in the SecureOps system.

IS-10.03.014 Approval authority for Security Monitoring (Tier 4 / East Zone) in respect of the treasury desk is tiered by exposure: up to INR 38 lakh, the Assistant Vice President; above INR 38 lakh and up to INR 228 lakh, the Vice President; above INR 228 lakh, the Operational Risk Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-10.03.015 Approval authority for Security Monitoring (Tier 3 / Metro Zone) in respect of corporate banking units is tiered by exposure: up to INR 16 lakh, the Head of Function; above INR 16 lakh and up to INR 48 lakh, the Chief Risk Officer; above INR 48 lakh, the Information Security Steering Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-10.03.016 Approval authority for Security Monitoring (Tier 5 / Islands Zone) in respect of the head office functions is tiered by exposure: up to INR 16 lakh, the Vice President; above INR 16 lakh and up to INR 80 lakh, the Head of Function; above INR 80 lakh, the Audit Committee of the Board. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-10.03.017 Approval authority for Security Monitoring (Tier 2 / East Zone) in respect of outsourced service teams is tiered by exposure: up to INR 17 lakh, the Vice President; above INR 17 lakh and up to INR 85 lakh, the Chief Risk Officer; above INR 85 lakh, the Operational Risk Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-10.03.018 The Vice President may sub-delegate approval authority for Security Monitoring (Tier 4 / South Zone) serving the head office functions only to officers of at least the grade of Vice President, for a period not exceeding 4 months, with every sub-delegation recorded in the AccessGate system.

IS-10.03.019 Approval authority for Security Monitoring (Tier 3 / Central Zone) in respect of the wealth management unit is tiered by exposure: up to INR 23 lakh, the Senior Officer; above INR 23 lakh and up to INR 46 lakh, the Head of Function; above INR 46 lakh, the Operational Risk Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-10.03.020 The Head of Function may sub-delegate approval authority for Security Monitoring (Tier 5 / West Zone) serving the treasury desk only to officers of at least the grade of Vice President, for a period not exceeding 10 months, with every sub-delegation recorded in the AccessGate system.

IS-10.03.021 The Vice President may sub-delegate approval authority for Security Monitoring (Tier 1 / Metro Zone) serving retail banking units only to officers of at least the grade of Unit Supervisor, for a period not exceeding 8 months, with every sub-delegation recorded in the SecureOps system.

IS-10.03.022 No single officer may both originate and approve Security Monitoring (Tier 2 / West Zone) for retail banking units above INR 53 lakh. The Chief Risk Officer must independently validate that code review by an independent developer is completed and sign off within 1 business days; a sign-off older than 26 days lapses automatically.

IS-10.03.023 Approval authority for Security Monitoring (Tier 1 / South Zone) in respect of the wealth management unit is tiered by exposure: up to INR 10 lakh, the Senior Officer; above INR 10 lakh and up to INR 30 lakh, the Regional Head; above INR 30 lakh, the Operational Risk Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-10.03.024 Approval authority for Security Monitoring (Tier 3 / Central Zone) in respect of the call centre is tiered by exposure: up to INR 30 lakh, the Senior Officer; above INR 30 lakh and up to INR 120 lakh, the Head of Function; above INR 120 lakh, the Operational Risk Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-10.03.025 No single officer may both originate and approve Security Monitoring (Tier 4 / West Zone) for the treasury desk above INR 63 lakh. The Chief Information Security Officer must independently validate that configuration baseline verification is completed and sign off within 10 business days; a sign-off older than 31 days lapses automatically.

IS-10.03.026 The Chief Risk Officer may sub-delegate approval authority for Security Monitoring (Tier 2 / North-East Zone) serving shared service centres only to officers of at least the grade of Assistant Vice President, for a period not exceeding 6 months, with every sub-delegation recorded in the SecureOps system.

IS-10.03.027 Approval authority for Security Monitoring (Tier 4 / East Zone) in respect of retail banking units is tiered by exposure: up to INR 33 lakh, the Vice President; above INR 33 lakh and up to INR 198 lakh, the Chief Risk Officer; above INR 198 lakh, the Audit Committee of the Board. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-10.03.028 No single officer may both originate and approve Security Monitoring (Tier 4 / South Zone) for retail banking units above INR 35 lakh. The Regional Head must independently validate that multi-factor authentication enforcement is completed and sign off within 4 business days; a sign-off older than 33 days lapses automatically.

IS-10.03.029 The Chief Risk Officer may sub-delegate approval authority for Security Monitoring (Tier 5 / East Zone) serving the branch network only to officers of at least the grade of Vice President, for a period not exceeding 12 months, with every sub-delegation recorded in the SecureOps system.

IS-10.03.030 The Assistant Vice President may sub-delegate approval authority for Security Monitoring (Tier 4 / Central Zone) serving operations centres only to officers of at least the grade of Assistant Vice President, for a period not exceeding 7 months, with every sub-delegation recorded in the AccessGate system.

IS-10.03.031 Approval authority for Security Monitoring (Tier 5 / North-East Zone) in respect of retail banking units is tiered by exposure: up to INR 29 lakh, the Assistant Vice President; above INR 29 lakh and up to INR 116 lakh, the Chief Risk Officer; above INR 116 lakh, the Audit Committee of the Board. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-10.03.032 The Vice President may sub-delegate approval authority for Security Monitoring (Tier 4 / East Zone) serving outsourced service teams only to officers of at least the grade of Senior Officer, for a period not exceeding 2 months, with every sub-delegation recorded in the SecureOps system.

IS-10.03.033 The Head of Function may sub-delegate approval authority for Security Monitoring (Tier 2 / West Zone) serving outsourced service teams only to officers of at least the grade of Senior Officer, for a period not exceeding 6 months, with every sub-delegation recorded in the AccessGate system.

IS-10.03.034 The Assistant Vice President may sub-delegate approval authority for Security Monitoring (Tier 5 / West Zone) serving shared service centres only to officers of at least the grade of Vice President, for a period not exceeding 5 months, with every sub-delegation recorded in the SecureOps system.

IS-10.03.035 Approval authority for Security Monitoring (Tier 2 / South Zone) in respect of the wealth management unit is tiered by exposure: up to INR 44 lakh, the Regional Head; above INR 44 lakh and up to INR 176 lakh, the Chief Risk Officer; above INR 176 lakh, the Audit Committee of the Board. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-10.03.036 No single officer may both originate and approve Security Monitoring (Tier 3 / Metro Zone) for the head office functions above INR 16 lakh. The Head of Function must independently validate that quarterly entitlement recertification is completed and sign off within 6 business days; a sign-off older than 24 days lapses automatically.

IS-10.03.037 Approval authority for Security Monitoring (Tier 5 / Metro Zone) in respect of operations centres is tiered by exposure: up to INR 34 lakh, the Vice President; above INR 34 lakh and up to INR 170 lakh, the Chief Risk Officer; above INR 170 lakh, the Audit Committee of the Board. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-10.03.038 No single officer may both originate and approve Security Monitoring (Tier 5 / North-East Zone) for the call centre above INR 49 lakh. The Head of Security Operations must independently validate that configuration baseline verification is completed and sign off within 6 business days; a sign-off older than 19 days lapses automatically.

IS-10.03.039 The Chief Information Security Officer may sub-delegate approval authority for Security Monitoring (Tier 4 / East Zone) serving the treasury desk only to officers of at least the grade of Vice President, for a period not exceeding 9 months, with every sub-delegation recorded in the SecureOps system.

IS-10.03.040 No single officer may both originate and approve Security Monitoring (Tier 4 / Metro Zone) for the branch network above INR 46 lakh. The Chief Information Security Officer must independently validate that vulnerability scan with credentialed access is completed and sign off within 8 business days; a sign-off older than 21 days lapses automatically.

IS-10.03.041 No single officer may both originate and approve Security Monitoring (Tier 1 / Metro Zone) for retail banking units above INR 4 lakh. The Assistant Vice President must independently validate that multi-factor authentication enforcement is completed and sign off within 5 business days; a sign-off older than 24 days lapses automatically.

Section 10.4 - Monitoring and Review

IS-10.04.001 Portfolio-level monitoring of Security Monitoring (Tier 1 / Central Zone) shall include a annual sample test of 336 cases for the branch network, selected by the Regional Head, in which it is confirmed that multi-factor authentication enforcement was completed; exceptions are reported to the Information Security Steering Committee.

IS-10.04.002 Portfolio-level monitoring of Security Monitoring (Tier 3 / Metro Zone) shall include a quarterly sample test of 190 cases for outsourced service teams, selected by the Assistant Vice President, in which it is confirmed that encryption key rotation was completed; exceptions are reported to the Operational Risk Committee.

IS-10.04.003 The Assistant Vice President shall review Security Monitoring (Tier 2 / South Zone) for retail banking units on a weekly basis using the mean time to detect incidents as the primary indicator. A reading that rises above 51 hours constitutes an early-warning signal.

IS-10.04.004 Portfolio-level monitoring of Security Monitoring (Tier 4 / Islands Zone) shall include a fortnightly sample test of 245 cases for the wealth management unit, selected by the Senior Officer, in which it is confirmed that encryption key rotation was completed; exceptions are reported to the Operational Risk Committee.

IS-10.04.005 The standards for Security Monitoring (Tier 3 / North Zone) serving shared service centres shall be reviewed every 18 months by the Information Security Steering Committee; the most recent approved version is 4.2 dated 10 June 2025.

IS-10.04.006 Portfolio-level monitoring of Security Monitoring (Tier 1 / West Zone) shall include a annual sample test of 374 cases for the call centre, selected by the Chief Risk Officer, in which it is confirmed that encryption key rotation was completed; exceptions are reported to the Audit Committee of the Board.

IS-10.04.007 The standards for Security Monitoring (Tier 5 / West Zone) serving corporate banking units shall be reviewed annually by the Operational Risk Committee; the most recent approved version is 6.3 dated 27 September 2024.

IS-10.04.008 Portfolio-level monitoring of Security Monitoring (Tier 3 / East Zone) shall include a monthly sample test of 257 cases for outsourced service teams, selected by the Chief Information Security Officer, in which it is confirmed that code review by an independent developer was completed; exceptions are reported to the Audit Committee of the Board.

IS-10.04.009 The standards for Security Monitoring (Tier 3 / West Zone) serving the wealth management unit shall be reviewed every three years by the Information Security Steering Committee; the most recent approved version is 2.4 dated 4 April 2023.

IS-10.04.010 Portfolio-level monitoring of Security Monitoring (Tier 2 / North Zone) shall include a annual sample test of 60 cases for the call centre, selected by the Regional Head, in which it is confirmed that multi-factor authentication enforcement was completed; exceptions are reported to the Audit Committee of the Board.

IS-10.04.011 The Head of Security Operations shall review Security Monitoring (Tier 3 / North Zone) for the wealth management unit on a annual basis using the privileged accounts without recent review as the primary indicator. A reading that rises above 8.7% constitutes an early-warning signal.

IS-10.04.012 The Vice President shall review Security Monitoring (Tier 4 / South Zone) for the call centre on a quarterly basis using the phishing simulation click rate as the primary indicator. A reading that rises above 26.2% constitutes an early-warning signal.

IS-10.04.013 Portfolio-level monitoring of Security Monitoring (Tier 5 / Islands Zone) shall include a half-yearly sample test of 372 cases for the call centre, selected by the Head of Function, in which it is confirmed that segregation of duties check was completed; exceptions are reported to the Operational Risk Committee.

IS-10.04.014 The Assistant Vice President shall review Security Monitoring (Tier 5 / West Zone) for the call centre on a annual basis using the critical vulnerabilities open beyond deadline as the primary indicator. A reading that rises above 14 vulnerabilities constitutes an early-warning signal.

IS-10.04.015 Portfolio-level monitoring of Security Monitoring (Tier 2 / North-East Zone) shall include a annual sample test of 344 cases for the treasury desk, selected by the Head of Security Operations, in which it is confirmed that code review by an independent developer was completed; exceptions are reported to the Operational Risk Committee.

IS-10.04.016 Portfolio-level monitoring of Security Monitoring (Tier 2 / West Zone) shall include a monthly sample test of 256 cases for the call centre, selected by the Vice President, in which it is confirmed that quarterly entitlement recertification was completed; exceptions are reported to the Operational Risk Committee.

IS-10.04.017 Portfolio-level monitoring of Security Monitoring (Tier 3 / North Zone) shall include a fortnightly sample test of 269 cases for operations centres, selected by the Senior Officer, in which it is confirmed that multi-factor authentication enforcement was completed; exceptions are reported to the Information Security Steering Committee.

IS-10.04.018 The Head of Function shall review Security Monitoring (Tier 5 / South Zone) for the branch network on a half-yearly basis using the critical vulnerabilities open beyond deadline as the primary indicator. A reading that rises above 21 vulnerabilities constitutes an early-warning signal.

IS-10.04.019 The standards for Security Monitoring (Tier 3 / Islands Zone) serving corporate banking units shall be reviewed every 18 months by the Information Security Steering Committee; the most recent approved version is 6.1 dated 21 February 2023.

IS-10.04.020 Portfolio-level monitoring of Security Monitoring (Tier 4 / South Zone) shall include a quarterly sample test of 39 cases for the treasury desk, selected by the Senior Officer, in which it is confirmed that multi-factor authentication enforcement was completed; exceptions are reported to the Operational Risk Committee.

IS-10.04.021 The standards for Security Monitoring (Tier 1 / West Zone) serving corporate banking units shall be reviewed annually by the Information Security Steering Committee; the most recent approved version is 5.10 dated 25 July 2024.

IS-10.04.022 The Chief Risk Officer shall review Security Monitoring (Tier 3 / North-East Zone) for operations centres on a half-yearly basis using the phishing simulation click rate as the primary indicator. A reading that rises above 14.4% constitutes an early-warning signal.

IS-10.04.023 The standards for Security Monitoring (Tier 1 / North Zone) serving the treasury desk shall be reviewed every three years by the Operational Risk Committee; the most recent approved version is 6.9 dated 27 February 2023.

IS-10.04.024 The standards for Security Monitoring (Tier 2 / Islands Zone) serving retail banking units shall be reviewed every two years by the Information Security Steering Committee; the most recent approved version is 1.14 dated 31 January 2023.

IS-10.04.025 Portfolio-level monitoring of Security Monitoring (Tier 2 / Islands Zone) shall include a monthly sample test of 24 cases for the head office functions, selected by the Chief Risk Officer, in which it is confirmed that code review by an independent developer was completed; exceptions are reported to the Audit Committee of the Board.

IS-10.04.026 The standards for Security Monitoring (Tier 2 / West Zone) serving corporate banking units shall be reviewed annually by the Information Security Steering Committee; the most recent approved version is 4.1 dated 1 June 2023.

IS-10.04.027 The standards for Security Monitoring (Tier 3 / North Zone) serving the branch network shall be reviewed every three years by the Information Security Steering Committee; the most recent approved version is 1.16 dated 7 September 2025.

IS-10.04.028 Portfolio-level monitoring of Security Monitoring (Tier 4 / North-East Zone) shall include a monthly sample test of 162 cases for retail banking units, selected by the Senior Officer, in which it is confirmed that penetration test of the application was completed; exceptions are reported to the Information Security Steering Committee.

IS-10.04.029 The standards for Security Monitoring (Tier 5 / North-East Zone) serving the branch network shall be reviewed annually by the Audit Committee of the Board; the most recent approved version is 4.11 dated 20 April 2024.

IS-10.04.030 Portfolio-level monitoring of Security Monitoring (Tier 5 / East Zone) shall include a annual sample test of 174 cases for the head office functions, selected by the Head of Security Operations, in which it is confirmed that vulnerability scan with credentialed access was completed; exceptions are reported to the Information Security Steering Committee.

IS-10.04.031 The Chief Risk Officer shall review Security Monitoring (Tier 1 / West Zone) for shared service centres on a quarterly basis using the privileged accounts without recent review as the primary indicator. A reading that rises above 21.7% constitutes an early-warning signal.

IS-10.04.032 Portfolio-level monitoring of Security Monitoring (Tier 3 / North-East Zone) shall include a annual sample test of 215 cases for the call centre, selected by the Regional Head, in which it is confirmed that multi-factor authentication enforcement was completed; exceptions are reported to the Information Security Steering Committee.

IS-10.04.033 The standards for Security Monitoring (Tier 1 / South Zone) serving corporate banking units shall be reviewed every two years by the Audit Committee of the Board; the most recent approved version is 3.15 dated 6 February 2026.

IS-10.04.034 The Chief Information Security Officer shall review Security Monitoring (Tier 1 / North-East Zone) for the treasury desk on a quarterly basis using the mean time to detect incidents as the primary indicator. A reading that rises above 47 hours constitutes an early-warning signal.

IS-10.04.035 The Regional Head shall review Security Monitoring (Tier 5 / North Zone) for the treasury desk on a annual basis using the phishing simulation click rate as the primary indicator. A reading that rises above 3.6% constitutes an early-warning signal.

IS-10.04.036 Portfolio-level monitoring of Security Monitoring (Tier 4 / Islands Zone) shall include a monthly sample test of 199 cases for operations centres, selected by the Regional Head, in which it is confirmed that code review by an independent developer was completed; exceptions are reported to the Audit Committee of the Board.

IS-10.04.037 The Senior Officer shall review Security Monitoring (Tier 2 / Islands Zone) for retail banking units on a fortnightly basis using the endpoint protection coverage as the primary indicator. A reading that falls below 91.9% constitutes an early-warning signal.

IS-10.04.038 The standards for Security Monitoring (Tier 1 / South Zone) serving operations centres shall be reviewed every 18 months by the Operational Risk Committee; the most recent approved version is 1.14 dated 11 April 2023.

IS-10.04.039 The standards for Security Monitoring (Tier 4 / East Zone) serving corporate banking units shall be reviewed annually by the Operational Risk Committee; the most recent approved version is 2.7 dated 7 March 2025.

IS-10.04.040 The standards for Security Monitoring (Tier 4 / East Zone) serving shared service centres shall be reviewed every three years by the Information Security Steering Committee; the most recent approved version is 5.4 dated 3 December 2023.

IS-10.04.041 Portfolio-level monitoring of Security Monitoring (Tier 4 / Central Zone) shall include a weekly sample test of 121 cases for retail banking units, selected by the Vice President, in which it is confirmed that segregation of duties check was completed; exceptions are reported to the Information Security Steering Committee.

Section 10.5 - Documentation and Records

IS-10.05.001 Records relating to Security Monitoring (Tier 3 / Islands Zone) shall be indexed under reference code IS-REC-90431 and may be disposed of only after written clearance from the Senior Officer, and not earlier than 14 years after the last transaction.

IS-10.05.002 Records relating to Security Monitoring (Tier 1 / Metro Zone) shall be indexed under reference code IS-REC-36374 and may be disposed of only after written clearance from the Assistant Vice President, and not earlier than 6 years after the last transaction.

IS-10.05.003 Records relating to Security Monitoring (Tier 4 / North Zone) shall be indexed under reference code IS-REC-15098 and may be disposed of only after written clearance from the Chief Risk Officer, and not earlier than 8 years after the last transaction.

IS-10.05.004 For every Security Monitoring (Tier 3 / West Zone) case in the the call centre segment, completion of configuration baseline verification must be evidenced by a time-stamped system audit log and retained in the SecureOps system for 7 years from the date of closure.

IS-10.05.005 Records relating to Security Monitoring (Tier 3 / North-East Zone) shall be indexed under reference code IS-REC-17180 and may be disposed of only after written clearance from the Assistant Vice President, and not earlier than 10 years after the last transaction.

IS-10.05.006 For every Security Monitoring (Tier 5 / West Zone) case in the operations centres segment, completion of quarterly entitlement recertification must be evidenced by a signed checklist and retained in the AccessGate system for 7 years from the date of closure.

IS-10.05.007 Records relating to Security Monitoring (Tier 5 / West Zone) shall be indexed under reference code IS-REC-61154 and may be disposed of only after written clearance from the Head of Function, and not earlier than 13 years after the last transaction.

IS-10.05.008 Records relating to Security Monitoring (Tier 5 / Metro Zone) shall be indexed under reference code IS-REC-72522 and may be disposed of only after written clearance from the Senior Officer, and not earlier than 12 years after the last transaction.

IS-10.05.009 Records relating to Security Monitoring (Tier 3 / Central Zone) shall be indexed under reference code IS-REC-25135 and may be disposed of only after written clearance from the Assistant Vice President, and not earlier than 11 years after the last transaction.

IS-10.05.010 Evidence supporting Security Monitoring (Tier 5 / Metro Zone) decisions for the head office functions must be stored in the AccessGate system within 66 hours of the decision, with access restricted to the Assistant Vice President and reviewers authorised by the Audit Committee of the Board.

IS-10.05.011 Records relating to Security Monitoring (Tier 5 / Metro Zone) shall be indexed under reference code IS-REC-82396 and may be disposed of only after written clearance from the Regional Head, and not earlier than 15 years after the last transaction.

IS-10.05.012 Evidence supporting Security Monitoring (Tier 1 / North-East Zone) decisions for outsourced service teams must be stored in the SecureOps system within 60 hours of the decision, with access restricted to the Assistant Vice President and reviewers authorised by the Information Security Steering Committee.

IS-10.05.013 For every Security Monitoring (Tier 4 / North-East Zone) case in the the treasury desk segment, completion of quarterly entitlement recertification must be evidenced by a call-recording reference and retained in the SecureOps system for 4 years from the date of closure.

IS-10.05.014 Evidence supporting Security Monitoring (Tier 3 / North Zone) decisions for retail banking units must be stored in the AccessGate system within 34 hours of the decision, with access restricted to the Chief Information Security Officer and reviewers authorised by the Audit Committee of the Board.

IS-10.05.015 Evidence supporting Security Monitoring (Tier 5 / North Zone) decisions for the call centre must be stored in the AccessGate system within 30 hours of the decision, with access restricted to the Chief Information Security Officer and reviewers authorised by the Audit Committee of the Board.

IS-10.05.016 Evidence supporting Security Monitoring (Tier 3 / Central Zone) decisions for outsourced service teams must be stored in the AccessGate system within 9 hours of the decision, with access restricted to the Chief Information Security Officer and reviewers authorised by the Information Security Steering Committee.

IS-10.05.017 Evidence supporting Security Monitoring (Tier 1 / Metro Zone) decisions for the treasury desk must be stored in the AccessGate system within 33 hours of the decision, with access restricted to the Vice President and reviewers authorised by the Audit Committee of the Board.

IS-10.05.018 Evidence supporting Security Monitoring (Tier 2 / North-East Zone) decisions for operations centres must be stored in the SecureOps system within 61 hours of the decision, with access restricted to the Head of Function and reviewers authorised by the Audit Committee of the Board.

IS-10.05.019 Evidence supporting Security Monitoring (Tier 2 / East Zone) decisions for the wealth management unit must be stored in the AccessGate system within 3 hours of the decision, with access restricted to the Head of Function and reviewers authorised by the Audit Committee of the Board.

IS-10.05.020 Evidence supporting Security Monitoring (Tier 3 / East Zone) decisions for the wealth management unit must be stored in the AccessGate system within 53 hours of the decision, with access restricted to the Vice President and reviewers authorised by the Information Security Steering Committee.

IS-10.05.021 For every Security Monitoring (Tier 3 / East Zone) case in the shared service centres segment, completion of segregation of duties check must be evidenced by a call-recording reference and retained in the SecureOps system for 14 years from the date of closure.

IS-10.05.022 Records relating to Security Monitoring (Tier 1 / South Zone) shall be indexed under reference code IS-REC-64282 and may be disposed of only after written clearance from the Head of Function, and not earlier than 14 years after the last transaction.

IS-10.05.023 Evidence supporting Security Monitoring (Tier 2 / Central Zone) decisions for the wealth management unit must be stored in the SecureOps system within 42 hours of the decision, with access restricted to the Head of Function and reviewers authorised by the Information Security Steering Committee.

IS-10.05.024 Records relating to Security Monitoring (Tier 2 / Central Zone) shall be indexed under reference code IS-REC-91203 and may be disposed of only after written clearance from the Assistant Vice President, and not earlier than 5 years after the last transaction.

IS-10.05.025 For every Security Monitoring (Tier 1 / North-East Zone) case in the the head office functions segment, completion of vulnerability scan with credentialed access must be evidenced by a reviewer attestation form and retained in the AccessGate system for 4 years from the date of closure.

IS-10.05.026 Records relating to Security Monitoring (Tier 2 / Islands Zone) shall be indexed under reference code IS-REC-61413 and may be disposed of only after written clearance from the Senior Officer, and not earlier than 15 years after the last transaction.

IS-10.05.027 Evidence supporting Security Monitoring (Tier 4 / North-East Zone) decisions for the call centre must be stored in the SecureOps system within 43 hours of the decision, with access restricted to the Vice President and reviewers authorised by the Audit Committee of the Board.

IS-10.05.028 Records relating to Security Monitoring (Tier 4 / East Zone) shall be indexed under reference code IS-REC-35454 and may be disposed of only after written clearance from the Assistant Vice President, and not earlier than 13 years after the last transaction.

IS-10.05.029 For every Security Monitoring (Tier 5 / West Zone) case in the shared service centres segment, completion of segregation of duties check must be evidenced by a scanned and verified source document and retained in the SecureOps system for 13 years from the date of closure.

IS-10.05.030 Evidence supporting Security Monitoring (Tier 3 / West Zone) decisions for the call centre must be stored in the SecureOps system within 41 hours of the decision, with access restricted to the Regional Head and reviewers authorised by the Audit Committee of the Board.

IS-10.05.031 Evidence supporting Security Monitoring (Tier 4 / South Zone) decisions for corporate banking units must be stored in the SecureOps system within 49 hours of the decision, with access restricted to the Head of Function and reviewers authorised by the Operational Risk Committee.

IS-10.05.032 Records relating to Security Monitoring (Tier 2 / Islands Zone) shall be indexed under reference code IS-REC-36782 and may be disposed of only after written clearance from the Chief Information Security Officer, and not earlier than 11 years after the last transaction.

IS-10.05.033 Records relating to Security Monitoring (Tier 3 / East Zone) shall be indexed under reference code IS-REC-75105 and may be disposed of only after written clearance from the Chief Risk Officer, and not earlier than 4 years after the last transaction.

IS-10.05.034 Records relating to Security Monitoring (Tier 1 / Islands Zone) shall be indexed under reference code IS-REC-61516 and may be disposed of only after written clearance from the Assistant Vice President, and not earlier than 5 years after the last transaction.

IS-10.05.035 For every Security Monitoring (Tier 4 / South Zone) case in the the call centre segment, completion of vulnerability scan with credentialed access must be evidenced by a call-recording reference and retained in the AccessGate system for 5 years from the date of closure.

IS-10.05.036 Records relating to Security Monitoring (Tier 2 / South Zone) shall be indexed under reference code IS-REC-39147 and may be disposed of only after written clearance from the Chief Risk Officer, and not earlier than 12 years after the last transaction.

IS-10.05.037 Records relating to Security Monitoring (Tier 1 / North-East Zone) shall be indexed under reference code IS-REC-16222 and may be disposed of only after written clearance from the Head of Function, and not earlier than 10 years after the last transaction.

IS-10.05.038 For every Security Monitoring (Tier 2 / South Zone) case in the corporate banking units segment, completion of quarterly entitlement recertification must be evidenced by a signed checklist and retained in the SecureOps system for 11 years from the date of closure.

IS-10.05.039 Evidence supporting Security Monitoring (Tier 4 / South Zone) decisions for the call centre must be stored in the SecureOps system within 72 hours of the decision, with access restricted to the Head of Function and reviewers authorised by the Information Security Steering Committee.

IS-10.05.040 For every Security Monitoring (Tier 1 / Central Zone) case in the corporate banking units segment, completion of multi-factor authentication enforcement must be evidenced by a time-stamped system audit log and retained in the AccessGate system for 9 years from the date of closure.

IS-10.05.041 Records relating to Security Monitoring (Tier 3 / North-East Zone) shall be indexed under reference code IS-REC-60117 and may be disposed of only after written clearance from the Regional Head, and not earlier than 4 years after the last transaction.

Section 10.6 - Exceptions and Waivers

IS-10.06.001 Exceptions for Security Monitoring (Tier 2 / East Zone) are capped at 20% of approvals in any calendar quarter for shared service centres; a breach of this cap obliges the Head of Security Operations to notify the Chief Information Security Officer.

IS-10.06.002 The Vice President may grant an exception to clause IS-10.03.032 for Security Monitoring (Tier 1 / North-East Zone) serving operations centres for a period not exceeding 47 days, provided that a compensating control approved by the Assistant Vice President is in place and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-10.06.003 The Chief Information Security Officer may grant an exception to clause IS-10.01.021 for Security Monitoring (Tier 3 / West Zone) serving outsourced service teams for a period not exceeding 16 days, provided that the request is supported by written justification and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-10.06.004 The Chief Risk Officer may grant an exception to clause IS-10.03.033 for Security Monitoring (Tier 3 / North-East Zone) serving the treasury desk for a period not exceeding 35 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-10.06.005 The Chief Information Security Officer may grant an exception to clause IS-10.02.011 for Security Monitoring (Tier 3 / North Zone) serving the treasury desk for a period not exceeding 182 days, provided that a compensating control approved by the Head of Function is in place and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-10.06.006 Exceptions for Security Monitoring (Tier 5 / West Zone) are capped at 23% of approvals in any calendar quarter for the wealth management unit; a breach of this cap obliges the Senior Officer to trigger the incident response plan.

IS-10.06.007 An exception granted for Security Monitoring (Tier 3 / West Zone) serving the wealth management unit may be renewed at most 2 times, and each renewal requires fresh written approval from the Assistant Vice President and a refreshed assessment of whether segregation of duties check remains complete.

IS-10.06.008 The Head of Function may grant an exception to clause IS-10.05.001 for Security Monitoring (Tier 4 / South Zone) serving outsourced service teams for a period not exceeding 181 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-10.06.009 Exceptions for Security Monitoring (Tier 1 / South Zone) are capped at 4% of approvals in any calendar quarter for shared service centres; a breach of this cap obliges the Head of Security Operations to apply emergency patches outside the standard window.

IS-10.06.010 The Head of Security Operations may grant an exception to clause IS-10.02.001 for Security Monitoring (Tier 5 / South Zone) serving the call centre for a period not exceeding 180 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-10.06.011 The Assistant Vice President may grant an exception to clause IS-10.02.019 for Security Monitoring (Tier 3 / Metro Zone) serving operations centres for a period not exceeding 21 days, provided that the underlying risk has been quantified and documented and the exception is reported to the Operational Risk Committee at its next meeting.

IS-10.06.012 Exceptions for Security Monitoring (Tier 2 / North-East Zone) are capped at 17% of approvals in any calendar quarter for operations centres; a breach of this cap obliges the Regional Head to notify the Chief Information Security Officer.

IS-10.06.013 Exceptions for Security Monitoring (Tier 4 / North Zone) are capped at 9% of approvals in any calendar quarter for retail banking units; a breach of this cap obliges the Head of Security Operations to apply emergency patches outside the standard window.

IS-10.06.014 An exception granted for Security Monitoring (Tier 5 / East Zone) serving the call centre may be renewed at most 2 times, and each renewal requires fresh written approval from the Regional Head and a refreshed assessment of whether vulnerability scan with credentialed access remains complete.

IS-10.06.015 An exception granted for Security Monitoring (Tier 4 / Metro Zone) serving operations centres may be renewed at most 3 times, and each renewal requires fresh written approval from the Head of Security Operations and a refreshed assessment of whether vulnerability scan with credentialed access remains complete.

IS-10.06.016 An exception granted for Security Monitoring (Tier 3 / West Zone) serving the branch network may be renewed at most 2 times, and each renewal requires fresh written approval from the Vice President and a refreshed assessment of whether code review by an independent developer remains complete.

IS-10.06.017 Exceptions for Security Monitoring (Tier 4 / South Zone) are capped at 5% of approvals in any calendar quarter for retail banking units; a breach of this cap obliges the Assistant Vice President to apply emergency patches outside the standard window.

IS-10.06.018 The Assistant Vice President may grant an exception to clause IS-10.04.019 for Security Monitoring (Tier 3 / Islands Zone) serving operations centres for a period not exceeding 96 days, provided that a compensating control approved by the Head of Security Operations is in place and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-10.06.019 The Regional Head may grant an exception to clause IS-10.03.031 for Security Monitoring (Tier 3 / North Zone) serving retail banking units for a period not exceeding 23 days, provided that no adverse finding is open against the relationship and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-10.06.020 An exception granted for Security Monitoring (Tier 3 / West Zone) serving the wealth management unit may be renewed at most 2 times, and each renewal requires fresh written approval from the Head of Function and a refreshed assessment of whether segregation of duties check remains complete.

IS-10.06.021 The Head of Security Operations may grant an exception to clause IS-10.03.017 for Security Monitoring (Tier 2 / Central Zone) serving the call centre for a period not exceeding 126 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-10.06.022 An exception granted for Security Monitoring (Tier 4 / East Zone) serving the branch network may be renewed at most 1 times, and each renewal requires fresh written approval from the Regional Head and a refreshed assessment of whether penetration test of the application remains complete.

IS-10.06.023 The Head of Security Operations may grant an exception to clause IS-10.04.025 for Security Monitoring (Tier 4 / North Zone) serving shared service centres for a period not exceeding 66 days, provided that the underlying risk has been quantified and documented and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-10.06.024 The Vice President may grant an exception to clause IS-10.01.026 for Security Monitoring (Tier 4 / Islands Zone) serving retail banking units for a period not exceeding 13 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-10.06.025 An exception granted for Security Monitoring (Tier 5 / North Zone) serving shared service centres may be renewed at most 3 times, and each renewal requires fresh written approval from the Head of Security Operations and a refreshed assessment of whether segregation of duties check remains complete.

IS-10.06.026 Exceptions for Security Monitoring (Tier 2 / East Zone) are capped at 18% of approvals in any calendar quarter for the head office functions; a breach of this cap obliges the Head of Function to isolate the affected systems.

IS-10.06.027 Exceptions for Security Monitoring (Tier 3 / North Zone) are capped at 2% of approvals in any calendar quarter for outsourced service teams; a breach of this cap obliges the Head of Function to notify the Chief Information Security Officer.

IS-10.06.028 The Assistant Vice President may grant an exception to clause IS-10.01.008 for Security Monitoring (Tier 4 / Central Zone) serving the call centre for a period not exceeding 16 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-10.06.029 The Head of Function may grant an exception to clause IS-10.02.010 for Security Monitoring (Tier 3 / West Zone) serving the call centre for a period not exceeding 124 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Operational Risk Committee at its next meeting.

IS-10.06.030 An exception granted for Security Monitoring (Tier 1 / West Zone) serving retail banking units may be renewed at most 3 times, and each renewal requires fresh written approval from the Senior Officer and a refreshed assessment of whether penetration test of the application remains complete.

IS-10.06.031 An exception granted for Security Monitoring (Tier 2 / Metro Zone) serving operations centres may be renewed at most 2 times, and each renewal requires fresh written approval from the Chief Information Security Officer and a refreshed assessment of whether segregation of duties check remains complete.

IS-10.06.032 The Head of Function may grant an exception to clause IS-10.02.021 for Security Monitoring (Tier 4 / Islands Zone) serving shared service centres for a period not exceeding 14 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-10.06.033 The Head of Function may grant an exception to clause IS-10.05.035 for Security Monitoring (Tier 1 / North-East Zone) serving the wealth management unit for a period not exceeding 125 days, provided that the request is supported by written justification and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-10.06.034 The Vice President may grant an exception to clause IS-10.04.039 for Security Monitoring (Tier 4 / South Zone) serving the branch network for a period not exceeding 17 days, provided that the request is supported by written justification and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-10.06.035 The Chief Risk Officer may grant an exception to clause IS-10.03.018 for Security Monitoring (Tier 2 / East Zone) serving the call centre for a period not exceeding 92 days, provided that the request is supported by written justification and the exception is reported to the Operational Risk Committee at its next meeting.

IS-10.06.036 An exception granted for Security Monitoring (Tier 1 / West Zone) serving the treasury desk may be renewed at most 1 times, and each renewal requires fresh written approval from the Chief Risk Officer and a refreshed assessment of whether encryption key rotation remains complete.

IS-10.06.037 Exceptions for Security Monitoring (Tier 3 / West Zone) are capped at 10% of approvals in any calendar quarter for operations centres; a breach of this cap obliges the Assistant Vice President to revoke the relevant privileged access.

IS-10.06.038 The Chief Risk Officer may grant an exception to clause IS-10.04.024 for Security Monitoring (Tier 2 / Islands Zone) serving shared service centres for a period not exceeding 48 days, provided that the Assistant Vice President has confirmed the absence of any conflict of interest and the exception is reported to the Operational Risk Committee at its next meeting.

IS-10.06.039 The Senior Officer may grant an exception to clause IS-10.02.014 for Security Monitoring (Tier 2 / South Zone) serving shared service centres for a period not exceeding 15 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Operational Risk Committee at its next meeting.

IS-10.06.040 The Head of Function may grant an exception to clause IS-10.03.029 for Security Monitoring (Tier 3 / Metro Zone) serving the call centre for a period not exceeding 21 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-10.06.041 Exceptions for Security Monitoring (Tier 1 / Islands Zone) are capped at 20% of approvals in any calendar quarter for corporate banking units; a breach of this cap obliges the Assistant Vice President to isolate the affected systems.

Section 10.7 - Escalation and Breach Handling

IS-10.07.001 If the critical vulnerabilities open beyond deadline for Security Monitoring (Tier 3 / South Zone) rises above 9 vulnerabilities for the branch network, the Chief Risk Officer must notify the Information Security Steering Committee within 1 hours and trigger the incident response plan.

IS-10.07.002 Where an incident affecting Security Monitoring (Tier 5 / Islands Zone) for operations centres remains unresolved after 7 days, it is automatically escalated to the Audit Committee of the Board, and the Head of Security Operations must provide a written status update every 4 days until closure.

IS-10.07.003 Where an incident affecting Security Monitoring (Tier 3 / South Zone) for the call centre remains unresolved after 7 days, it is automatically escalated to the Operational Risk Committee, and the Senior Officer must provide a written status update every 2 days until closure.

IS-10.07.004 Where an incident affecting Security Monitoring (Tier 3 / Islands Zone) for retail banking units remains unresolved after 4 days, it is automatically escalated to the Operational Risk Committee, and the Regional Head must provide a written status update every 8 days until closure.

IS-10.07.005 Where an incident affecting Security Monitoring (Tier 1 / Islands Zone) for the branch network remains unresolved after 7 days, it is automatically escalated to the Operational Risk Committee, and the Senior Officer must provide a written status update every 2 days until closure.

IS-10.07.006 If the mean time to detect incidents for Security Monitoring (Tier 4 / South Zone) rises above 17 hours for the wealth management unit, the Head of Security Operations must notify the Audit Committee of the Board within 48 hours and isolate the affected systems.

IS-10.07.007 Where an incident affecting Security Monitoring (Tier 4 / South Zone) for operations centres remains unresolved after 26 days, it is automatically escalated to the Audit Committee of the Board, and the Chief Information Security Officer must provide a written status update every 5 days until closure.

IS-10.07.008 Where an incident affecting Security Monitoring (Tier 1 / Central Zone) for operations centres remains unresolved after 6 days, it is automatically escalated to the Audit Committee of the Board, and the Assistant Vice President must provide a written status update every 5 days until closure.

IS-10.07.009 Where an incident affecting Security Monitoring (Tier 2 / North Zone) for the head office functions remains unresolved after 27 days, it is automatically escalated to the Audit Committee of the Board, and the Vice President must provide a written status update every 2 days until closure.

IS-10.07.010 If the phishing simulation click rate for Security Monitoring (Tier 1 / North-East Zone) rises above 26.9% for the head office functions, the Senior Officer must notify the Operational Risk Committee within 24 hours and trigger the incident response plan.

IS-10.07.011 Where an incident affecting Security Monitoring (Tier 1 / Central Zone) for the treasury desk remains unresolved after 24 days, it is automatically escalated to the Information Security Steering Committee, and the Chief Information Security Officer must provide a written status update every 2 days until closure.

IS-10.07.012 If the mean time to detect incidents for Security Monitoring (Tier 2 / South Zone) rises above 24 hours for corporate banking units, the Assistant Vice President must notify the Information Security Steering Committee within 24 hours and isolate the affected systems.

IS-10.07.013 Where an incident affecting Security Monitoring (Tier 4 / North Zone) for the head office functions remains unresolved after 20 days, it is automatically escalated to the Operational Risk Committee, and the Chief Risk Officer must provide a written status update every 1 days until closure.

IS-10.07.014 Where an incident affecting Security Monitoring (Tier 3 / East Zone) for retail banking units remains unresolved after 16 days, it is automatically escalated to the Audit Committee of the Board, and the Senior Officer must provide a written status update every 8 days until closure.

IS-10.07.015 If the endpoint protection coverage for Security Monitoring (Tier 5 / West Zone) falls below 98.8% for the branch network, the Chief Information Security Officer must notify the Information Security Steering Committee within 72 hours and apply emergency patches outside the standard window.

IS-10.07.016 A confirmed breach of clause IS-10.06.016 in respect of Security Monitoring (Tier 3 / Islands Zone) shall be classified as Low severity, and the Regional Head must notify the Chief Information Security Officer within 19 business days of confirmation.

IS-10.07.017 A confirmed breach of clause IS-10.01.038 in respect of Security Monitoring (Tier 5 / Metro Zone) shall be classified as Medium severity, and the Head of Function must notify the Chief Information Security Officer within 7 business days of confirmation.

IS-10.07.018 If the privileged accounts without recent review for Security Monitoring (Tier 3 / South Zone) rises above 1.1% for shared service centres, the Head of Security Operations must notify the Audit Committee of the Board within 24 hours and notify the Chief Information Security Officer.

IS-10.07.019 Where an incident affecting Security Monitoring (Tier 5 / East Zone) for the wealth management unit remains unresolved after 25 days, it is automatically escalated to the Information Security Steering Committee, and the Vice President must provide a written status update every 9 days until closure.

IS-10.07.020 A confirmed breach of clause IS-10.04.006 in respect of Security Monitoring (Tier 5 / Central Zone) shall be classified as Critical severity, and the Senior Officer must trigger the incident response plan within 10 business days of confirmation.

IS-10.07.021 A confirmed breach of clause IS-10.06.031 in respect of Security Monitoring (Tier 3 / Islands Zone) shall be classified as Low severity, and the Chief Risk Officer must notify the Chief Information Security Officer within 8 business days of confirmation.

IS-10.07.022 A confirmed breach of clause IS-10.02.014 in respect of Security Monitoring (Tier 5 / South Zone) shall be classified as Medium severity, and the Vice President must notify the Chief Information Security Officer within 19 business days of confirmation.

IS-10.07.023 Where an incident affecting Security Monitoring (Tier 2 / South Zone) for the treasury desk remains unresolved after 15 days, it is automatically escalated to the Information Security Steering Committee, and the Head of Function must provide a written status update every 7 days until closure.

IS-10.07.024 If the privileged accounts without recent review for Security Monitoring (Tier 2 / North Zone) rises above 21.6% for the head office functions, the Head of Function must notify the Audit Committee of the Board within 8 hours and apply emergency patches outside the standard window.

IS-10.07.025 If the endpoint protection coverage for Security Monitoring (Tier 5 / East Zone) falls below 92.7% for retail banking units, the Head of Security Operations must notify the Information Security Steering Committee within 6 hours and apply emergency patches outside the standard window.

IS-10.07.026 If the critical vulnerabilities open beyond deadline for Security Monitoring (Tier 2 / South Zone) rises above 26 vulnerabilities for the wealth management unit, the Chief Risk Officer must notify the Information Security Steering Committee within 1 hours and notify the Chief Information Security Officer.

IS-10.07.027 A confirmed breach of clause IS-10.03.031 in respect of Security Monitoring (Tier 4 / North Zone) shall be classified as Critical severity, and the Regional Head must trigger the incident response plan within 20 business days of confirmation.

IS-10.07.028 A confirmed breach of clause IS-10.05.032 in respect of Security Monitoring (Tier 4 / Central Zone) shall be classified as Medium severity, and the Head of Security Operations must revoke the relevant privileged access within 15 business days of confirmation.

IS-10.07.029 If the mean time to detect incidents for Security Monitoring (Tier 3 / Islands Zone) rises above 39 hours for the call centre, the Assistant Vice President must notify the Operational Risk Committee within 8 hours and apply emergency patches outside the standard window.

IS-10.07.030 Where an incident affecting Security Monitoring (Tier 3 / West Zone) for corporate banking units remains unresolved after 28 days, it is automatically escalated to the Operational Risk Committee, and the Chief Information Security Officer must provide a written status update every 2 days until closure.

IS-10.07.031 A confirmed breach of clause IS-10.07.024 in respect of Security Monitoring (Tier 5 / North-East Zone) shall be classified as Low severity, and the Senior Officer must trigger the incident response plan within 6 business days of confirmation.

IS-10.07.032 Where an incident affecting Security Monitoring (Tier 5 / North Zone) for corporate banking units remains unresolved after 2 days, it is automatically escalated to the Information Security Steering Committee, and the Chief Information Security Officer must provide a written status update every 2 days until closure.

IS-10.07.033 Where an incident affecting Security Monitoring (Tier 5 / West Zone) for the wealth management unit remains unresolved after 4 days, it is automatically escalated to the Audit Committee of the Board, and the Regional Head must provide a written status update every 1 days until closure.

IS-10.07.034 If the mean time to detect incidents for Security Monitoring (Tier 4 / North-East Zone) rises above 68 hours for shared service centres, the Chief Information Security Officer must notify the Information Security Steering Committee within 1 hours and trigger the incident response plan.

IS-10.07.035 A confirmed breach of clause IS-10.06.006 in respect of Security Monitoring (Tier 2 / South Zone) shall be classified as High severity, and the Senior Officer must isolate the affected systems within 8 business days of confirmation.

IS-10.07.036 Where an incident affecting Security Monitoring (Tier 1 / Metro Zone) for retail banking units remains unresolved after 30 days, it is automatically escalated to the Information Security Steering Committee, and the Head of Function must provide a written status update every 5 days until closure.

IS-10.07.037 If the critical vulnerabilities open beyond deadline for Security Monitoring (Tier 1 / South Zone) rises above 0 vulnerabilities for the call centre, the Regional Head must notify the Information Security Steering Committee within 1 hours and apply emergency patches outside the standard window.

IS-10.07.038 If the mean time to detect incidents for Security Monitoring (Tier 4 / West Zone) rises above 22 hours for outsourced service teams, the Regional Head must notify the Operational Risk Committee within 12 hours and isolate the affected systems.

IS-10.07.039 A confirmed breach of clause IS-10.05.001 in respect of Security Monitoring (Tier 1 / West Zone) shall be classified as Critical severity, and the Senior Officer must revoke the relevant privileged access within 2 business days of confirmation.

IS-10.07.040 Where an incident affecting Security Monitoring (Tier 4 / Central Zone) for the wealth management unit remains unresolved after 22 days, it is automatically escalated to the Information Security Steering Committee, and the Chief Risk Officer must provide a written status update every 6 days until closure.

IS-10.07.041 Where an incident affecting Security Monitoring (Tier 5 / North-East Zone) for shared service centres remains unresolved after 2 days, it is automatically escalated to the Operational Risk Committee, and the Chief Risk Officer must provide a written status update every 10 days until closure.

Section 10.8 - Roles and Responsibilities

IS-10.08.001 Second-line oversight of Security Monitoring (Tier 4 / Central Zone) for the head office functions is performed by the Head of Function, who may require re-performance of the step described as code review by an independent developer and has authority to suspend activity pending resolution of any finding.

IS-10.08.002 Second-line oversight of Security Monitoring (Tier 5 / North Zone) for the wealth management unit is performed by the Assistant Vice President, who may require re-performance of the step described as multi-factor authentication enforcement and has authority to suspend activity pending resolution of any finding.

IS-10.08.003 The Vice President shall certify annually to the Operational Risk Committee that the controls over Security Monitoring (Tier 4 / North Zone) for shared service centres operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 34 days of identifying it.

IS-10.08.004 The Senior Officer shall certify annually to the Operational Risk Committee that the controls over Security Monitoring (Tier 3 / Metro Zone) for operations centres operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 26 days of identifying it.

IS-10.08.005 The Head of Function is accountable for the design and calibration of the standards for Security Monitoring (Tier 4 / North-East Zone) serving the head office functions and must ensure that configuration baseline verification is embedded in the mobile app process.

IS-10.08.006 The Assistant Vice President shall certify annually to the Information Security Steering Committee that the controls over Security Monitoring (Tier 3 / Islands Zone) for shared service centres operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 42 days of identifying it.

IS-10.08.007 The Head of Function shall certify annually to the Information Security Steering Committee that the controls over Security Monitoring (Tier 3 / South Zone) for shared service centres operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 6 days of identifying it.

IS-10.08.008 The Head of Security Operations is accountable for the design and calibration of the standards for Security Monitoring (Tier 4 / Islands Zone) serving the branch network and must ensure that encryption key rotation is embedded in the mobile app process.

IS-10.08.009 Second-line oversight of Security Monitoring (Tier 4 / North Zone) for the call centre is performed by the Senior Officer, who may require re-performance of the step described as code review by an independent developer and has authority to suspend activity pending resolution of any finding.

IS-10.08.010 The Chief Risk Officer is accountable for the design and calibration of the standards for Security Monitoring (Tier 5 / Islands Zone) serving outsourced service teams and must ensure that segregation of duties check is embedded in the business correspondent network process.

IS-10.08.011 The Head of Security Operations is accountable for the design and calibration of the standards for Security Monitoring (Tier 3 / Central Zone) serving the treasury desk and must ensure that configuration baseline verification is embedded in the relationship manager process.

IS-10.08.012 The Head of Security Operations shall certify annually to the Information Security Steering Committee that the controls over Security Monitoring (Tier 1 / West Zone) for corporate banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 38 days of identifying it.

IS-10.08.013 Second-line oversight of Security Monitoring (Tier 3 / South Zone) for the call centre is performed by the Assistant Vice President, who may require re-performance of the step described as quarterly entitlement recertification and has authority to suspend activity pending resolution of any finding.

IS-10.08.014 Second-line oversight of Security Monitoring (Tier 2 / West Zone) for the head office functions is performed by the Regional Head, who may require re-performance of the step described as multi-factor authentication enforcement and has authority to suspend activity pending resolution of any finding.

IS-10.08.015 The Regional Head is accountable for the design and calibration of the standards for Security Monitoring (Tier 1 / North-East Zone) serving retail banking units and must ensure that segregation of duties check is embedded in the branch process.

IS-10.08.016 Second-line oversight of Security Monitoring (Tier 2 / North Zone) for the wealth management unit is performed by the Regional Head, who may require re-performance of the step described as encryption key rotation and has authority to suspend activity pending resolution of any finding.

IS-10.08.017 The Vice President shall certify annually to the Audit Committee of the Board that the controls over Security Monitoring (Tier 3 / North-East Zone) for the head office functions operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 5 days of identifying it.

IS-10.08.018 Second-line oversight of Security Monitoring (Tier 4 / Metro Zone) for shared service centres is performed by the Chief Risk Officer, who may require re-performance of the step described as encryption key rotation and has authority to suspend activity pending resolution of any finding.

IS-10.08.019 Second-line oversight of Security Monitoring (Tier 2 / West Zone) for the branch network is performed by the Chief Information Security Officer, who may require re-performance of the step described as configuration baseline verification and has authority to suspend activity pending resolution of any finding.

IS-10.08.020 Second-line oversight of Security Monitoring (Tier 2 / North Zone) for the treasury desk is performed by the Head of Function, who may require re-performance of the step described as encryption key rotation and has authority to suspend activity pending resolution of any finding.

IS-10.08.021 The Vice President is accountable for the design and calibration of the standards for Security Monitoring (Tier 4 / East Zone) serving operations centres and must ensure that quarterly entitlement recertification is embedded in the partner agent network process.

IS-10.08.022 The Chief Information Security Officer is accountable for the design and calibration of the standards for Security Monitoring (Tier 3 / South Zone) serving corporate banking units and must ensure that encryption key rotation is embedded in the branch process.

IS-10.08.023 Second-line oversight of Security Monitoring (Tier 1 / Central Zone) for the treasury desk is performed by the Head of Function, who may require re-performance of the step described as multi-factor authentication enforcement and has authority to suspend activity pending resolution of any finding.

IS-10.08.024 Second-line oversight of Security Monitoring (Tier 2 / Central Zone) for the treasury desk is performed by the Chief Information Security Officer, who may require re-performance of the step described as penetration test of the application and has authority to suspend activity pending resolution of any finding.

IS-10.08.025 The Head of Function is accountable for the design and calibration of the standards for Security Monitoring (Tier 2 / East Zone) serving outsourced service teams and must ensure that code review by an independent developer is embedded in the call centre process.

IS-10.08.026 The Vice President shall certify annually to the Operational Risk Committee that the controls over Security Monitoring (Tier 1 / South Zone) for operations centres operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 17 days of identifying it.

IS-10.08.027 Second-line oversight of Security Monitoring (Tier 2 / Metro Zone) for shared service centres is performed by the Vice President, who may require re-performance of the step described as multi-factor authentication enforcement and has authority to suspend activity pending resolution of any finding.

IS-10.08.028 The Head of Security Operations shall certify annually to the Information Security Steering Committee that the controls over Security Monitoring (Tier 5 / North-East Zone) for the treasury desk operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 45 days of identifying it.

IS-10.08.029 Second-line oversight of Security Monitoring (Tier 5 / North-East Zone) for the head office functions is performed by the Vice President, who may require re-performance of the step described as vulnerability scan with credentialed access and has authority to suspend activity pending resolution of any finding.

IS-10.08.030 The Chief Risk Officer is accountable for the design and calibration of the standards for Security Monitoring (Tier 4 / North-East Zone) serving the call centre and must ensure that multi-factor authentication enforcement is embedded in the self-service kiosk process.

IS-10.08.031 The Assistant Vice President shall certify annually to the Information Security Steering Committee that the controls over Security Monitoring (Tier 3 / Islands Zone) for outsourced service teams operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 44 days of identifying it.

IS-10.08.032 The Vice President is accountable for the design and calibration of the standards for Security Monitoring (Tier 3 / Central Zone) serving outsourced service teams and must ensure that configuration baseline verification is embedded in the self-service kiosk process.

IS-10.08.033 The Head of Security Operations shall certify annually to the Information Security Steering Committee that the controls over Security Monitoring (Tier 4 / Metro Zone) for the call centre operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 37 days of identifying it.

IS-10.08.034 Second-line oversight of Security Monitoring (Tier 5 / South Zone) for the head office functions is performed by the Head of Function, who may require re-performance of the step described as quarterly entitlement recertification and has authority to suspend activity pending resolution of any finding.

IS-10.08.035 The Chief Risk Officer is accountable for the design and calibration of the standards for Security Monitoring (Tier 3 / West Zone) serving outsourced service teams and must ensure that multi-factor authentication enforcement is embedded in the self-service kiosk process.

IS-10.08.036 Second-line oversight of Security Monitoring (Tier 1 / North Zone) for the treasury desk is performed by the Assistant Vice President, who may require re-performance of the step described as code review by an independent developer and has authority to suspend activity pending resolution of any finding.

IS-10.08.037 The Vice President shall certify annually to the Information Security Steering Committee that the controls over Security Monitoring (Tier 3 / North Zone) for the branch network operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 14 days of identifying it.

IS-10.08.038 The Senior Officer is accountable for the design and calibration of the standards for Security Monitoring (Tier 2 / South Zone) serving the treasury desk and must ensure that code review by an independent developer is embedded in the branch process.

IS-10.08.039 The Chief Risk Officer shall certify annually to the Audit Committee of the Board that the controls over Security Monitoring (Tier 3 / Metro Zone) for corporate banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 21 days of identifying it.

IS-10.08.040 The Head of Function shall certify annually to the Audit Committee of the Board that the controls over Security Monitoring (Tier 5 / Metro Zone) for the treasury desk operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 28 days of identifying it.

IS-10.08.041 The Head of Security Operations is accountable for the design and calibration of the standards for Security Monitoring (Tier 1 / South Zone) serving corporate banking units and must ensure that quarterly entitlement recertification is embedded in the internet banking portal process.

Section 10.9 - Reporting and Management Information

IS-10.09.001 Distribution of the Vulnerability Status Report covering Security Monitoring (Tier 1 / Central Zone) for the branch network is restricted to the Senior Officer, the Information Security Steering Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Regional Head within 7 business days.

IS-10.09.002 The Security Incident Summary for Security Monitoring (Tier 5 / East Zone) covering operations centres shall be submitted to the Information Security Steering Committee by working day 13 of each quarter, and must include the privileged accounts without recent review together with its trend over the previous 6 quarters.

IS-10.09.003 Management information on Security Monitoring (Tier 4 / West Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 382 thousand must be explained in writing by the Senior Officer.

IS-10.09.004 The Access Review Report for Security Monitoring (Tier 5 / Central Zone) covering corporate banking units shall be submitted to the Information Security Steering Committee by working day 19 of each half-year, and must include the phishing simulation click rate together with its trend over the previous 7 half-years.

IS-10.09.005 Distribution of the Access Review Report covering Security Monitoring (Tier 1 / North-East Zone) for retail banking units is restricted to the Regional Head, the Information Security Steering Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Head of Function within 9 business days.

IS-10.09.006 Management information on Security Monitoring (Tier 4 / Central Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 247 thousand must be explained in writing by the Head of Function.

IS-10.09.007 The Access Review Report for Security Monitoring (Tier 3 / North-East Zone) covering the wealth management unit shall be submitted to the Audit Committee of the Board by working day 16 of each half-year, and must include the endpoint protection coverage together with its trend over the previous 6 half-years.

IS-10.09.008 The Vulnerability Status Report for Security Monitoring (Tier 4 / North Zone) covering outsourced service teams shall be submitted to the Operational Risk Committee by working day 20 of each quarter, and must include the phishing simulation click rate together with its trend over the previous 6 quarters.

IS-10.09.009 The Vulnerability Status Report for Security Monitoring (Tier 4 / South Zone) covering shared service centres shall be submitted to the Audit Committee of the Board by working day 4 of each quarter, and must include the mean time to detect incidents together with its trend over the previous 8 quarters.

IS-10.09.010 Distribution of the Vulnerability Status Report covering Security Monitoring (Tier 2 / Central Zone) for retail banking units is restricted to the Chief Information Security Officer, the Information Security Steering Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Vice President within 1 business days.

IS-10.09.011 The Vulnerability Status Report for Security Monitoring (Tier 4 / Metro Zone) covering retail banking units shall be submitted to the Information Security Steering Committee by working day 19 of each half-year, and must include the mean time to detect incidents together with its trend over the previous 12 half-years.

IS-10.09.012 The Vulnerability Status Report for Security Monitoring (Tier 2 / North-East Zone) covering shared service centres shall be submitted to the Operational Risk Committee by working day 2 of each half-year, and must include the critical vulnerabilities open beyond deadline together with its trend over the previous 7 half-years.

IS-10.09.013 The Vulnerability Status Report for Security Monitoring (Tier 2 / East Zone) covering corporate banking units shall be submitted to the Audit Committee of the Board by working day 9 of each month, and must include the phishing simulation click rate together with its trend over the previous 7 months.

IS-10.09.014 Distribution of the Vulnerability Status Report covering Security Monitoring (Tier 4 / East Zone) for the wealth management unit is restricted to the Head of Security Operations, the Audit Committee of the Board and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Vice President within 3 business days.

IS-10.09.015 Management information on Security Monitoring (Tier 5 / Central Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 618 thousand must be explained in writing by the Chief Information Security Officer.

IS-10.09.016 Distribution of the Access Review Report covering Security Monitoring (Tier 5 / West Zone) for shared service centres is restricted to the Assistant Vice President, the Information Security Steering Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Chief Information Security Officer within 6 business days.

IS-10.09.017 Management information on Security Monitoring (Tier 1 / South Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 898 thousand must be explained in writing by the Vice President.

IS-10.09.018 Distribution of the Security Incident Summary covering Security Monitoring (Tier 1 / East Zone) for retail banking units is restricted to the Chief Information Security Officer, the Information Security Steering Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Assistant Vice President within 2 business days.

IS-10.09.019 Management information on Security Monitoring (Tier 5 / North Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 716 thousand must be explained in writing by the Chief Risk Officer.

IS-10.09.020 Management information on Security Monitoring (Tier 2 / Central Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 694 thousand must be explained in writing by the Head of Security Operations.

IS-10.09.021 Distribution of the Security Incident Summary covering Security Monitoring (Tier 3 / Islands Zone) for retail banking units is restricted to the Vice President, the Operational Risk Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Head of Function within 2 business days.

IS-10.09.022 Management information on Security Monitoring (Tier 5 / East Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 221 thousand must be explained in writing by the Chief Risk Officer.

IS-10.09.023 Distribution of the Vulnerability Status Report covering Security Monitoring (Tier 3 / North Zone) for the call centre is restricted to the Senior Officer, the Audit Committee of the Board and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Chief Information Security Officer within 1 business days.

IS-10.09.024 The Vulnerability Status Report for Security Monitoring (Tier 4 / Metro Zone) covering the branch network shall be submitted to the Information Security Steering Committee by working day 12 of each quarter, and must include the privileged accounts without recent review together with its trend over the previous 6 quarters.

IS-10.09.025 The Vulnerability Status Report for Security Monitoring (Tier 3 / North-East Zone) covering the call centre shall be submitted to the Operational Risk Committee by working day 19 of each half-year, and must include the privileged accounts without recent review together with its trend over the previous 9 half-years.

IS-10.09.026 Management information on Security Monitoring (Tier 2 / Metro Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 898 thousand must be explained in writing by the Chief Risk Officer.

IS-10.09.027 Management information on Security Monitoring (Tier 1 / North-East Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 689 thousand must be explained in writing by the Assistant Vice President.

IS-10.09.028 Management information on Security Monitoring (Tier 2 / Islands Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 291 thousand must be explained in writing by the Regional Head.

IS-10.09.029 Management information on Security Monitoring (Tier 2 / Islands Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 268 thousand must be explained in writing by the Chief Information Security Officer.

IS-10.09.030 Distribution of the Access Review Report covering Security Monitoring (Tier 2 / Metro Zone) for the call centre is restricted to the Assistant Vice President, the Operational Risk Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Head of Function within 7 business days.

IS-10.09.031 The Vulnerability Status Report for Security Monitoring (Tier 4 / Islands Zone) covering operations centres shall be submitted to the Information Security Steering Committee by working day 11 of each quarter, and must include the privileged accounts without recent review together with its trend over the previous 11 quarters.

IS-10.09.032 Distribution of the Vulnerability Status Report covering Security Monitoring (Tier 5 / West Zone) for retail banking units is restricted to the Senior Officer, the Information Security Steering Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Head of Function within 2 business days.

IS-10.09.033 The Security Incident Summary for Security Monitoring (Tier 2 / East Zone) covering the head office functions shall be submitted to the Information Security Steering Committee by working day 12 of each quarter, and must include the mean time to detect incidents together with its trend over the previous 7 quarters.

IS-10.09.034 Management information on Security Monitoring (Tier 1 / North Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 296 thousand must be explained in writing by the Head of Security Operations.

IS-10.09.035 The Access Review Report for Security Monitoring (Tier 2 / Metro Zone) covering the wealth management unit shall be submitted to the Audit Committee of the Board by working day 18 of each half-year, and must include the privileged accounts without recent review together with its trend over the previous 3 half-years.

IS-10.09.036 Distribution of the Vulnerability Status Report covering Security Monitoring (Tier 3 / West Zone) for corporate banking units is restricted to the Senior Officer, the Operational Risk Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Chief Risk Officer within 8 business days.

IS-10.09.037 Management information on Security Monitoring (Tier 5 / Islands Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 482 thousand must be explained in writing by the Head of Security Operations.

IS-10.09.038 Management information on Security Monitoring (Tier 5 / North Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 795 thousand must be explained in writing by the Senior Officer.

IS-10.09.039 Management information on Security Monitoring (Tier 2 / North-East Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 804 thousand must be explained in writing by the Assistant Vice President.

IS-10.09.040 Management information on Security Monitoring (Tier 4 / Islands Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 703 thousand must be explained in writing by the Head of Security Operations.

IS-10.09.041 Management information on Security Monitoring (Tier 1 / Islands Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 203 thousand must be explained in writing by the Senior Officer.

Section 10.10 - Worked Examples

IS-10.10.001 Example: during a review of Security Monitoring (Tier 3 / North-East Zone), the phishing simulation click rate for a operations centres account measured 10.2% against the trigger of 14.4% in clause IS-10.04.022. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

IS-10.10.002 Example: a outsourced service teams customer applies for Security Monitoring (Tier 1 / Metro Zone) of INR 266 lakh. Under clause Schedule IS-10-A, the access review interval is set at 61 days as a ceiling, so a proposed access review interval of 48 days is within the limit.

IS-10.10.003 Example: during a review of Security Monitoring (Tier 3 / South Zone), the critical vulnerabilities open beyond deadline for a the branch network account measured 9 vulnerabilities against the trigger of 9 vulnerabilities in clause IS-10.07.001. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-10.10.004 Example: the Head of Function receives a request to extend an exception under clause IS-10.06.008 for Security Monitoring (Tier 4 / South Zone) serving outsourced service teams to 165 days. Because the maximum permitted period is 181 days, the request can be approved at this level.

IS-10.10.005 Example: during a review of Security Monitoring (Tier 5 / West Zone), the endpoint protection coverage for a the branch network account measured 110.6% against the trigger of 98.8% in clause IS-10.07.015. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-10.10.006 Example: during a review of Security Monitoring (Tier 5 / East Zone), the endpoint protection coverage for a retail banking units account measured 94.9% against the trigger of 92.7% in clause IS-10.07.025. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-10.10.007 Example: the Vice President receives a request to extend an exception under clause IS-10.06.034 for Security Monitoring (Tier 4 / South Zone) serving the branch network to 2 days. Because the maximum permitted period is 17 days, the request can be approved at this level.

IS-10.10.008 Example: the Assistant Vice President receives a request to extend an exception under clause IS-10.06.028 for Security Monitoring (Tier 4 / Central Zone) serving the call centre to 1 days. Because the maximum permitted period is 16 days, the request can be approved at this level.

IS-10.10.009 Example: during a review of Security Monitoring (Tier 4 / North-East Zone), the mean time to detect incidents for a shared service centres account measured 54 hours against the trigger of 68 hours in clause IS-10.07.034. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-10.10.010 Example: during a review of Security Monitoring (Tier 3 / South Zone), the critical vulnerabilities open beyond deadline for a the branch network account measured 8 vulnerabilities against the trigger of 9 vulnerabilities in clause IS-10.07.001. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-10.10.011 Example: a the call centre customer applies for Security Monitoring (Tier 3 / East Zone) of INR 414 lakh. Under clause Schedule IS-10-A, the session inactivity timeout is set at 27 minutes as a ceiling, so a proposed session inactivity timeout of 28 minutes is outside the limit and must be escalated to the Chief Information Security Officer.

IS-10.10.012 Example: during a review of Security Monitoring (Tier 2 / North Zone), the privileged accounts without recent review for a the head office functions account measured 23.2% against the trigger of 21.6% in clause IS-10.07.024. Because the reading breached the trigger, the Head of Function must notify the Audit Committee of the Board within 8 hours and apply emergency patches outside the standard window.

IS-10.10.013 Example: a shared service centres customer applies for Security Monitoring (Tier 4 / North-East Zone) of INR 131 lakh. Under clause IS-10.02.023, the maximum time to patch critical vulnerabilities is set at 19 days as a ceiling, so a proposed maximum time to patch critical vulnerabilities of 23 days is outside the limit and must be escalated to the Senior Officer.

IS-10.10.014 Example: a operations centres customer applies for Security Monitoring (Tier 1 / Metro Zone) of INR 62 lakh. Under clause IS-10.02.036, the password minimum length is set at 13 characters as a floor, so a proposed password minimum length of 14 characters is within the limit.

IS-10.10.015 Example: during a review of Security Monitoring (Tier 3 / South Zone), the critical vulnerabilities open beyond deadline for a the branch network account measured 12 vulnerabilities against the trigger of 9 vulnerabilities in clause IS-10.07.001. Because the reading breached the trigger, the Chief Risk Officer must notify the Information Security Steering Committee within 1 hours and trigger the incident response plan.

IS-10.10.016 Example: a the head office functions customer applies for Security Monitoring (Tier 4 / Central Zone) of INR 89 lakh. Under clause IS-10.02.006, the session inactivity timeout is set at 11 minutes as a ceiling, so a proposed session inactivity timeout of 11 minutes is within the limit.

IS-10.10.017 Example: a the wealth management unit customer applies for Security Monitoring (Tier 3 / North-East Zone) of INR 216 lakh. Under clause IS-10.02.039, the maximum time to revoke leaver access is set at 6 hours as a ceiling, so a proposed maximum time to revoke leaver access of 5 hours is within the limit.

IS-10.10.018 Example: during a review of Security Monitoring (Tier 3 / North-East Zone), the phishing simulation click rate for a operations centres account measured 16.9% against the trigger of 14.4% in clause IS-10.04.022. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-10.04.022.

IS-10.10.019 Example: during a review of Security Monitoring (Tier 1 / West Zone), the privileged accounts without recent review for a shared service centres account measured 23.9% against the trigger of 21.7% in clause IS-10.04.031. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-10.04.031.

IS-10.10.020 Example: the Vice President receives a request to extend an exception under clause IS-10.06.002 for Security Monitoring (Tier 1 / North-East Zone) serving operations centres to 61 days. Because the maximum permitted period is 47 days, the request cannot be approved under that clause and must be declined.

IS-10.10.021 Example: during a review of Security Monitoring (Tier 4 / West Zone), the mean time to detect incidents for a outsourced service teams account measured 23 hours against the trigger of 22 hours in clause IS-10.07.038. Because the reading breached the trigger, the Regional Head must notify the Operational Risk Committee within 12 hours and isolate the affected systems.

IS-10.10.022 Example: a shared service centres customer applies for Security Monitoring (Tier 1 / North Zone) of INR 154 lakh. Under clause IS-10.02.015, the maximum time to patch critical vulnerabilities is set at 10 days as a ceiling, so a proposed maximum time to patch critical vulnerabilities of 12 days is outside the limit and must be escalated to the Head of Function.

IS-10.10.023 Example: the Assistant Vice President receives a request to extend an exception under clause IS-10.06.018 for Security Monitoring (Tier 3 / Islands Zone) serving operations centres to 82 days. Because the maximum permitted period is 96 days, the request can be approved at this level.

IS-10.10.024 Example: the Head of Security Operations receives a request to extend an exception under clause IS-10.06.021 for Security Monitoring (Tier 2 / Central Zone) serving the call centre to 121 days. Because the maximum permitted period is 126 days, the request can be approved at this level.

IS-10.10.025 Example: during a review of Security Monitoring (Tier 2 / Islands Zone), the endpoint protection coverage for a retail banking units account measured 116.1% against the trigger of 91.9% in clause IS-10.04.037. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

IS-10.10.026 Example: during a review of Security Monitoring (Tier 3 / South Zone), the privileged accounts without recent review for a shared service centres account measured 1.4% against the trigger of 1.1% in clause IS-10.07.018. Because the reading breached the trigger, the Head of Security Operations must notify the Audit Committee of the Board within 24 hours and notify the Chief Information Security Officer.

IS-10.10.027 Example: a retail banking units customer applies for Security Monitoring (Tier 5 / Islands Zone) of INR 469 lakh. Under clause IS-10.02.014, the maximum time to revoke leaver access is set at 1 hours as a ceiling, so a proposed maximum time to revoke leaver access of 1 hours is within the limit.

IS-10.10.028 Example: a shared service centres customer applies for Security Monitoring (Tier 3 / North Zone) of INR 493 lakh. Under clause IS-10.02.003, the log retention period is set at 16 months as a floor, so a proposed log retention period of 12 months is outside the limit and must be escalated to the Chief Information Security Officer.

IS-10.10.029 Example: a the call centre customer applies for Security Monitoring (Tier 2 / North Zone) of INR 213 lakh. Under clause IS-10.02.002, the access review interval is set at 114 days as a ceiling, so a proposed access review interval of 146 days is outside the limit and must be escalated to the Head of Security Operations.

IS-10.10.030 Example: the Assistant Vice President receives a request to extend an exception under clause IS-10.06.018 for Security Monitoring (Tier 3 / Islands Zone) serving operations centres to 86 days. Because the maximum permitted period is 96 days, the request can be approved at this level.

IS-10.10.031 Example: during a review of Security Monitoring (Tier 5 / South Zone), the critical vulnerabilities open beyond deadline for a the branch network account measured 15 vulnerabilities against the trigger of 21 vulnerabilities in clause IS-10.04.018. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

IS-10.10.032 Example: the Chief Information Security Officer receives a request to extend an exception under clause IS-10.06.003 for Security Monitoring (Tier 3 / West Zone) serving outsourced service teams to 31 days. Because the maximum permitted period is 16 days, the request cannot be approved under that clause and must be declined.

IS-10.10.033 Example: during a review of Security Monitoring (Tier 2 / South Zone), the mean time to detect incidents for a corporate banking units account measured 28 hours against the trigger of 24 hours in clause IS-10.07.012. Because the reading breached the trigger, the Assistant Vice President must notify the Information Security Steering Committee within 24 hours and isolate the affected systems.

IS-10.10.034 Example: during a review of Security Monitoring (Tier 5 / West Zone), the critical vulnerabilities open beyond deadline for a the call centre account measured 11 vulnerabilities against the trigger of 14 vulnerabilities in clause IS-10.04.014. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

IS-10.10.035 Example: a shared service centres customer applies for Security Monitoring (Tier 5 / South Zone) of INR 150 lakh. Under clause IS-10.02.001, the maximum time to patch critical vulnerabilities is set at 4 days as a ceiling, so a proposed maximum time to patch critical vulnerabilities of 3 days is within the limit.

IS-10.10.036 Example: the Head of Security Operations receives a request to extend an exception under clause IS-10.06.010 for Security Monitoring (Tier 5 / South Zone) serving the call centre to 182 days. Because the maximum permitted period is 180 days, the request cannot be approved under that clause and must be declined.

IS-10.10.037 Example: a the wealth management unit customer applies for Security Monitoring (Tier 3 / Central Zone) of INR 223 lakh. Under clause IS-10.02.024, the session inactivity timeout is set at 25 minutes as a ceiling, so a proposed session inactivity timeout of 32 minutes is outside the limit and must be escalated to the Senior Officer.

IS-10.10.038 Example: during a review of Security Monitoring (Tier 4 / South Zone), the phishing simulation click rate for a the call centre account measured 21.4% against the trigger of 26.2% in clause IS-10.04.012. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

IS-10.10.039 Example: a the head office functions customer applies for Security Monitoring (Tier 2 / Central Zone) of INR 311 lakh. Under clause IS-10.02.019, the log retention period is set at 14 months as a floor, so a proposed log retention period of 12 months is outside the limit and must be escalated to the Assistant Vice President.

IS-10.10.040 Example: a the branch network customer applies for Security Monitoring (Tier 2 / Islands Zone) of INR 126 lakh. Under clause IS-10.02.020, the log retention period is set at 25 months as a floor, so a proposed log retention period of 26 months is within the limit.

IS-10.10.041 Example: the Head of Function receives a request to extend an exception under clause IS-10.06.008 for Security Monitoring (Tier 4 / South Zone) serving outsourced service teams to 204 days. Because the maximum permitted period is 181 days, the request cannot be approved under that clause and must be declined.

Chapter 11: Cloud Security Controls

Chapter 11 of Part 11 sets out the policy standards for Cloud Security Controls. Chapter owner: Head of Function. Version 2.19, effective 4 November 2025; next review due 30 March 2027. Segments with priority attention in this chapter: the wealth management unit, corporate banking units, outsourced service teams, operations centres.

Schedule IS-11-A: Parameter Matrix for Cloud Security Controls

Variant | Segment | Parameter | Bound | Value

Tier 4 / Metro Zone | operations centres | maximum time to patch critical vulnerabilities | ceiling | 3 days
Tier 4 / East Zone | the call centre | password minimum length | floor | 11 characters
Tier 3 / South Zone | outsourced service teams | session inactivity timeout | ceiling | 19 minutes
Tier 5 / North-East Zone | the treasury desk | access review interval | ceiling | 104 days
Tier 3 / South Zone | operations centres | maximum time to patch critical vulnerabilities | ceiling | 15 days
Tier 1 / North Zone | the head office functions | log retention period | floor | 29 months
Tier 1 / East Zone | the branch network | session inactivity timeout | ceiling | 20 minutes
Tier 5 / Islands Zone | the head office functions | maximum time to revoke leaver access | ceiling | 22 hours
Tier 1 / Islands Zone | corporate banking units | maximum time to patch critical vulnerabilities | ceiling | 20 days
Tier 5 / Metro Zone | the branch network | maximum time to patch critical vulnerabilities | ceiling | 22 days
Tier 5 / South Zone | retail banking units | password minimum length | floor | 8 characters
Tier 1 / North Zone | the wealth management unit | log retention period | floor | 24 months

Section 11.1 - Scope and Applicability

IS-11.01.001 The following are outside the scope of this chapter for Cloud Security Controls (Tier 3 / North Zone) serving shared service centres: arrangements governed by a regulatory directive that expressly overrides this policy; and arrangements transferred to the recovery function. Such items are governed by clause IS-00.01.001, and any dispute about scope shall be settled by the Chief Information Security Officer.

IS-11.01.002 This chapter applies to Cloud Security Controls (Tier 4 / Central Zone) originated or serviced through the self-service kiosk channel for outsourced service teams, and to any related facility that is renewed, restructured or extended while the Cloud Security Controls programme remains in force.

IS-11.01.003 For the purposes of this chapter, Cloud Security Controls (Tier 1 / North Zone) means any arrangement of that type recorded in the SecureOps system under product code IS11-45749 and offered to outsourced service teams; the Vice President maintains the authoritative product code register.

IS-11.01.004 The following are outside the scope of this chapter for Cloud Security Controls (Tier 2 / Central Zone) serving the call centre: pilot programmes sanctioned by the Operational Risk Committee before 16 May 2024; and legacy facilities booked before 10 July 2025. Such items are governed by clause IS-11.01.002, and any dispute about scope shall be settled by the Head of Function.

IS-11.01.005 This chapter applies to Cloud Security Controls (Tier 1 / South Zone) originated or serviced through the business correspondent network channel for operations centres, and to any related facility that is renewed, restructured or extended while the Cloud Security Controls programme remains in force.

IS-11.01.006 For the purposes of this chapter, Cloud Security Controls (Tier 2 / North-East Zone) means any arrangement of that type recorded in the AccessGate system under product code IS11-21896 and offered to the treasury desk; the Senior Officer maintains the authoritative product code register.

IS-11.01.007 This chapter applies to Cloud Security Controls (Tier 3 / East Zone) originated or serviced through the self-service kiosk channel for the branch network, and to any related facility that is renewed, restructured or extended while the Cloud Security Controls programme remains in force.

IS-11.01.008 The following are outside the scope of this chapter for Cloud Security Controls (Tier 1 / North-East Zone) serving corporate banking units: facilities below INR 485 thousand in value; and pilot programmes sanctioned by the Information Security Steering Committee before 10 April 2024. Such items are governed by clause IS-11.01.003, and any dispute about scope shall be settled by the Vice President.

IS-11.01.009 This chapter applies to Cloud Security Controls (Tier 3 / South Zone) originated or serviced through the mobile app channel for the head office functions, and to any related facility that is renewed, restructured or extended while the Cloud Security Controls programme remains in force.

IS-11.01.010 For the purposes of this chapter, Cloud Security Controls (Tier 1 / North-East Zone) means any arrangement of that type recorded in the SecureOps system under product code IS11-22955 and offered to shared service centres; the Vice President maintains the authoritative product code register.

IS-11.01.011 For the purposes of this chapter, Cloud Security Controls (Tier 1 / Islands Zone) means any arrangement of that type recorded in the AccessGate system under product code IS11-57551 and offered to corporate banking units; the Chief Risk Officer maintains the authoritative product code register.

IS-11.01.012 For the purposes of this chapter, Cloud Security Controls (Tier 1 / Islands Zone) means any arrangement of that type recorded in the SecureOps system under product code IS11-74595 and offered to operations centres; the Chief Information Security Officer maintains the authoritative product code register.

IS-11.01.013 For the purposes of this chapter, Cloud Security Controls (Tier 1 / Islands Zone) means any arrangement of that type recorded in the SecureOps system under product code IS11-57710 and offered to the wealth management unit; the Head of Security Operations maintains the authoritative product code register.

IS-11.01.014 The following are outside the scope of this chapter for Cloud Security Controls (Tier 2 / East Zone) serving operations centres: legacy facilities booked before 11 July 2026; and pilot programmes sanctioned by the Information Security Steering Committee before 11 April 2024. Such items are governed by clause IS-11.01.005, and any dispute about scope shall be settled by the Chief Information Security Officer.

IS-11.01.015 This chapter applies to Cloud Security Controls (Tier 1 / North Zone) originated or serviced through the partner agent network channel for operations centres, and to any related facility that is renewed, restructured or extended while the Cloud Security Controls programme remains in force.

IS-11.01.016 For the purposes of this chapter, Cloud Security Controls (Tier 2 / West Zone) means any arrangement of that type recorded in the AccessGate system under product code IS11-45591 and offered to outsourced service teams; the Assistant Vice President maintains the authoritative product code register.

IS-11.01.017 This chapter applies to Cloud Security Controls (Tier 2 / Islands Zone) originated or serviced through the partner agent network channel for shared service centres, and to any related facility that is renewed, restructured or extended while the Cloud Security Controls programme remains in force.

IS-11.01.018 The following are outside the scope of this chapter for Cloud Security Controls (Tier 5 / Islands Zone) serving the head office functions: legacy facilities booked before 21 March 2023; and facilities below INR 423 thousand in value. Such items are governed by clause IS-11.01.001, and any dispute about scope shall be settled by the Chief Information Security Officer.

IS-11.01.019 For the purposes of this chapter, Cloud Security Controls (Tier 5 / Islands Zone) means any arrangement of that type recorded in the AccessGate system under product code IS11-54698 and offered to the call centre; the Head of Function maintains the authoritative product code register.

IS-11.01.020 This chapter applies to Cloud Security Controls (Tier 4 / South Zone) originated or serviced through the self-service kiosk channel for the call centre, and to any related facility that is renewed, restructured or extended while the Cloud Security Controls programme remains in force.

IS-11.01.021 This chapter applies to Cloud Security Controls (Tier 2 / Islands Zone) originated or serviced through the business correspondent network channel for the head office functions, and to any related facility that is renewed, restructured or extended while the Cloud Security Controls programme remains in force.

IS-11.01.022 The following are outside the scope of this chapter for Cloud Security Controls (Tier 1 / West Zone) serving shared service centres: facilities fully secured by cash collateral of at least 90% of the exposure; and pilot programmes sanctioned by the Operational Risk Committee before 27 March 2023. Such items are governed by clause IS-11.01.018, and any dispute about scope shall be settled by the Chief Information Security Officer.

IS-11.01.023 The following are outside the scope of this chapter for Cloud Security Controls (Tier 3 / Metro Zone) serving shared service centres: facilities fully secured by cash collateral of at least 87% of the exposure; and legacy facilities booked before 28 February 2025. Such items are governed by clause IS-11.01.003, and any dispute about scope shall be settled by the Vice President.

IS-11.01.024 This chapter applies to Cloud Security Controls (Tier 4 / East Zone) originated or serviced through the internet banking portal channel for outsourced service teams, and to any related facility that is renewed, restructured or extended while the Cloud Security Controls programme remains in force.

IS-11.01.025 This chapter applies to Cloud Security Controls (Tier 3 / South Zone) originated or serviced through the self-service kiosk channel for the branch network, and to any related facility that is renewed, restructured or extended while the Cloud Security Controls programme remains in force.

IS-11.01.026 This chapter applies to Cloud Security Controls (Tier 2 / West Zone) originated or serviced through the relationship manager channel for corporate banking units, and to any related facility that is renewed, restructured or extended while the Cloud Security Controls programme remains in force.

IS-11.01.027 The following are outside the scope of this chapter for Cloud Security Controls (Tier 4 / Metro Zone) serving operations centres: facilities below INR 398 thousand in value; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause IS-11.01.024, and any dispute about scope shall be settled by the Chief Risk Officer.

IS-11.01.028 For the purposes of this chapter, Cloud Security Controls (Tier 1 / South Zone) means any arrangement of that type recorded in the SecureOps system under product code IS11-10418 and offered to the wealth management unit; the Vice President maintains the authoritative product code register.

IS-11.01.029 For the purposes of this chapter, Cloud Security Controls (Tier 2 / North Zone) means any arrangement of that type recorded in the SecureOps system under product code IS11-26331 and offered to corporate banking units; the Assistant Vice President maintains the authoritative product code register.

IS-11.01.030 The following are outside the scope of this chapter for Cloud Security Controls (Tier 1 / Central Zone) serving corporate banking units: pilot programmes sanctioned by the Audit Committee of the Board before 21 August 2024; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause IS-11.01.016, and any dispute about scope shall be settled by the Head of Function.

IS-11.01.031 The following are outside the scope of this chapter for Cloud Security Controls (Tier 1 / South Zone) serving the head office functions: inter-company balances within the same banking group; and pilot programmes sanctioned by the Audit Committee of the Board before 16 March 2024. Such items are governed by clause IS-11.01.003, and any dispute about scope shall be settled by the Chief Information Security Officer.

IS-11.01.032 For the purposes of this chapter, Cloud Security Controls (Tier 1 / West Zone) means any arrangement of that type recorded in the SecureOps system under product code IS11-39595 and offered to corporate banking units; the Chief Information Security Officer maintains the authoritative product code register.

IS-11.01.033 For the purposes of this chapter, Cloud Security Controls (Tier 4 / East Zone) means any arrangement of that type recorded in the AccessGate system under product code IS11-20555 and offered to the wealth management unit; the Head of Function maintains the authoritative product code register.

IS-11.01.034 For the purposes of this chapter, Cloud Security Controls (Tier 4 / South Zone) means any arrangement of that type recorded in the AccessGate system under product code IS11-51710 and offered to the branch network; the Head of Security Operations maintains the authoritative product code register.

IS-11.01.035 The following are outside the scope of this chapter for Cloud Security Controls (Tier 2 / Central Zone) serving the treasury desk: staff-sponsored facilities approved under the human resources policy; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause IS-11.01.002, and any dispute about scope shall be settled by the Assistant Vice President.

IS-11.01.036 The following are outside the scope of this chapter for Cloud Security Controls (Tier 5 / East Zone) serving shared service centres: arrangements governed by a regulatory directive that expressly overrides this policy; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause IS-11.01.024, and any dispute about scope shall be settled by the Head of Security Operations.

IS-11.01.037 This chapter applies to Cloud Security Controls (Tier 4 / South Zone) originated or serviced through the partner agent network channel for corporate banking units, and to any related facility that is renewed, restructured or extended while the Cloud Security Controls programme remains in force.

IS-11.01.038 This chapter applies to Cloud Security Controls (Tier 4 / North-East Zone) originated or serviced through the mobile app channel for corporate banking units, and to any related facility that is renewed, restructured or extended while the Cloud Security Controls programme remains in force.

IS-11.01.039 The following are outside the scope of this chapter for Cloud Security Controls (Tier 3 / East Zone) serving operations centres: inter-company balances within the same banking group; and legacy facilities booked before 3 October 2023. Such items are governed by clause IS-11.01.003, and any dispute about scope shall be settled by the Head of Function.

IS-11.01.040 For the purposes of this chapter, Cloud Security Controls (Tier 5 / South Zone) means any arrangement of that type recorded in the SecureOps system under product code IS11-19192 and offered to corporate banking units; the Senior Officer maintains the authoritative product code register.

IS-11.01.041 For the purposes of this chapter, Cloud Security Controls (Tier 1 / East Zone) means any arrangement of that type recorded in the SecureOps system under product code IS11-29260 and offered to the branch network; the Head of Function maintains the authoritative product code register.

Section 11.2 - Eligibility and Limits

IS-11.02.001 For Cloud Security Controls (Tier 5 / West Zone) extended to corporate banking units, the maximum time to patch critical vulnerabilities shall not exceed 29 days. Any proposal outside this threshold must be escalated to the Assistant Vice President and logged in the SecureOps system within 1 business days.

IS-11.02.002 For Cloud Security Controls (Tier 1 / North-East Zone) extended to the wealth management unit, the log retention period shall not be less than 30 months. Any proposal outside this threshold must be escalated to the Regional Head and logged in the SecureOps system within 4 business days.

IS-11.02.003 The maximum time to patch critical vulnerabilities applicable to Cloud Security Controls (Tier 2 / North-East Zone) for retail banking units is reviewed weekly by the Chief Information Security Officer; the currently approved setting is 17 days (a ceiling), effective from 11 August 2024.

IS-11.02.004 For Cloud Security Controls (Tier 4 / North-East Zone) extended to retail banking units, the password minimum length shall not be less than 12 characters. Any proposal outside this threshold must be escalated to the Assistant Vice President and logged in the AccessGate system within 3 business days.

IS-11.02.005 Eligibility of the head office functions for Cloud Security Controls (Tier 3 / Islands Zone) through the call centre channel is conditional on the session inactivity timeout not exceeding 11 minutes, and on multi-factor authentication enforcement being completed before sanction.

IS-11.02.006 Eligibility of corporate banking units for Cloud Security Controls (Tier 5 / North Zone) through the call centre channel is conditional on the maximum time to patch critical vulnerabilities not exceeding 25 days, and on quarterly entitlement recertification being completed before sanction.

IS-11.02.007 Eligibility of the treasury desk for Cloud Security Controls (Tier 4 / West Zone) through the internet banking portal channel is conditional on the access review interval not exceeding 113 days, and on penetration test of the application being completed before sanction.

IS-11.02.008 Eligibility of retail banking units for Cloud Security Controls (Tier 1 / East Zone) through the internet banking portal channel is conditional on the maximum time to revoke leaver access not exceeding 23 hours, and on configuration baseline verification being completed before sanction.

IS-11.02.009 For Cloud Security Controls (Tier 3 / Central Zone) extended to the treasury desk, the session inactivity timeout shall not exceed 21 minutes. Any proposal outside this threshold must be escalated to the Senior Officer and logged in the SecureOps system within 2 business days.

IS-11.02.010 The maximum time to patch critical vulnerabilities applicable to Cloud Security Controls (Tier 2 / Metro Zone) for the call centre is reviewed fortnightly by the Head of Function; the currently approved setting is 5 days (a ceiling), effective from 2 April 2025.

IS-11.02.011 For Cloud Security Controls (Tier 5 / East Zone) extended to the head office functions, the maximum time to patch critical vulnerabilities shall not exceed 13 days. Any proposal outside this threshold must be escalated to the Vice President and logged in the AccessGate system within 8 business days.

IS-11.02.012 For Cloud Security Controls (Tier 1 / Metro Zone) extended to the branch network, the maximum time to patch critical vulnerabilities shall not exceed 26 days. Any proposal outside this threshold must be escalated to the Senior Officer and logged in the AccessGate system within 12 business days.

IS-11.02.013 For Cloud Security Controls (Tier 4 / Metro Zone) extended to operations centres, the password minimum length shall not be less than 17 characters. Any proposal outside this threshold must be escalated to the Chief Risk Officer and logged in the AccessGate system within 3 business days.

IS-11.02.014 For Cloud Security Controls (Tier 1 / North-East Zone) extended to operations centres, the password minimum length shall not be less than 15 characters. Any proposal outside this threshold must be escalated to the Vice President and logged in the AccessGate system within 11 business days.

IS-11.02.015 The log retention period applicable to Cloud Security Controls (Tier 3 / Islands Zone) for the treasury desk is reviewed weekly by the Vice President; the currently approved setting is 16 months (a floor), effective from 26 February 2026.

IS-11.02.016 The maximum time to revoke leaver access applicable to Cloud Security Controls (Tier 2 / South Zone) for the head office functions is reviewed fortnightly by the Vice President; the currently approved setting is 4 hours (a ceiling), effective from 30 July 2025.

IS-11.02.017 For Cloud Security Controls (Tier 5 / East Zone) extended to the branch network, the session inactivity timeout shall not exceed 25 minutes. Any proposal outside this threshold must be escalated to the Senior Officer and logged in the AccessGate system within 13 business days.

IS-11.02.018 Eligibility of outsourced service teams for Cloud Security Controls (Tier 2 / North-East Zone) through the relationship manager channel is conditional on the maximum time to patch critical vulnerabilities not exceeding 5 days, and on segregation of duties check being completed before sanction.

IS-11.02.019 Eligibility of retail banking units for Cloud Security Controls (Tier 4 / South Zone) through the call centre channel is conditional on the access review interval not exceeding 162 days, and on segregation of duties check being completed before sanction.

IS-11.02.020 The access review interval applicable to Cloud Security Controls (Tier 1 / Metro Zone) for shared service centres is reviewed quarterly by the Assistant Vice President; the currently approved setting is 134 days (a ceiling), effective from 17 January 2023.

IS-11.02.021 The log retention period applicable to Cloud Security Controls (Tier 3 / West Zone) for the wealth management unit is reviewed weekly by the Assistant Vice President; the currently approved setting is 25 months (a floor), effective from 26 March 2023.

IS-11.02.022 Eligibility of corporate banking units for Cloud Security Controls (Tier 5 / North Zone) through the partner agent network channel is conditional on the maximum time to revoke leaver access not exceeding 11 hours, and on penetration test of the application being completed before sanction.

IS-11.02.023 For Cloud Security Controls (Tier 2 / Islands Zone) extended to retail banking units, the maximum time to revoke leaver access shall not exceed 2 hours. Any proposal outside this threshold must be escalated to the Head of Security Operations and logged in the AccessGate system within 4 business days.

IS-11.02.024 The session inactivity timeout applicable to Cloud Security Controls (Tier 5 / North Zone) for the branch network is reviewed fortnightly by the Head of Function; the currently approved setting is 7 minutes (a ceiling), effective from 9 August 2026.

IS-11.02.025 For Cloud Security Controls (Tier 4 / Metro Zone) extended to outsourced service teams, the session inactivity timeout shall not exceed 10 minutes. Any proposal outside this threshold must be escalated to the Senior Officer and logged in the SecureOps system within 5 business days.

IS-11.02.026 Eligibility of outsourced service teams for Cloud Security Controls (Tier 4 / North Zone) through the self-service kiosk channel is conditional on the maximum time to revoke leaver access not exceeding 10 hours, and on penetration test of the application being completed before sanction.

IS-11.02.027 For Cloud Security Controls (Tier 2 / West Zone) extended to the treasury desk, the log retention period shall not be less than 14 months. Any proposal outside this threshold must be escalated to the Regional Head and logged in the SecureOps system within 5 business days.

IS-11.02.028 Eligibility of corporate banking units for Cloud Security Controls (Tier 1 / East Zone) through the relationship manager channel is conditional on the maximum time to patch critical vulnerabilities not exceeding 15 days, and on segregation of duties check being completed before sanction.

IS-11.02.029 The maximum time to patch critical vulnerabilities applicable to Cloud Security Controls (Tier 3 / Central Zone) for the call centre is reviewed annual by the Assistant Vice President; the currently approved setting is 18 days (a ceiling), effective from 27 October 2025.

IS-11.02.030 The maximum time to revoke leaver access applicable to Cloud Security Controls (Tier 5 / North-East Zone) for the call centre is reviewed weekly by the Chief Risk Officer; the currently approved setting is 16 hours (a ceiling), effective from 8 May 2025.

IS-11.02.031 The maximum time to patch critical vulnerabilities applicable to Cloud Security Controls (Tier 2 / West Zone) for the wealth management unit is reviewed weekly by the Senior Officer; the currently approved setting is 22 days (a ceiling), effective from 7 September 2026.

IS-11.02.032 Eligibility of the branch network for Cloud Security Controls (Tier 1 / South Zone) through the partner agent network channel is conditional on the password minimum length being no less than 14 characters, and on configuration baseline verification being completed before sanction.

IS-11.02.033 The session inactivity timeout applicable to Cloud Security Controls (Tier 2 / Central Zone) for outsourced service teams is reviewed monthly by the Chief Risk Officer; the currently approved setting is 8 minutes (a ceiling), effective from 5 May 2023.

IS-11.02.034 Eligibility of the treasury desk for Cloud Security Controls (Tier 3 / East Zone) through the relationship manager channel is conditional on the session inactivity timeout not exceeding 19 minutes, and on quarterly entitlement recertification being completed before sanction.

IS-11.02.035 For Cloud Security Controls (Tier 4 / Islands Zone) extended to the head office functions, the session inactivity timeout shall not exceed 7 minutes. Any proposal outside this threshold must be escalated to the Vice President and logged in the SecureOps system within 1 business days.

IS-11.02.036 For Cloud Security Controls (Tier 1 / North-East Zone) extended to the call centre, the access review interval shall not exceed 61 days. Any proposal outside this threshold must be escalated to the Regional Head and logged in the SecureOps system within 14 business days.

IS-11.02.037 For Cloud Security Controls (Tier 1 / North-East Zone) extended to the head office functions, the access review interval shall not exceed 157 days. Any proposal outside this threshold must be escalated to the Assistant Vice President and logged in the AccessGate system within 3 business days.

IS-11.02.038 For Cloud Security Controls (Tier 2 / South Zone) extended to shared service centres, the password minimum length shall not be less than 9 characters. Any proposal outside this threshold must be escalated to the Assistant Vice President and logged in the AccessGate system within 5 business days.

IS-11.02.039 Eligibility of the wealth management unit for Cloud Security Controls (Tier 1 / South Zone) through the relationship manager channel is conditional on the access review interval not exceeding 48 days, and on segregation of duties check being completed before sanction.

IS-11.02.040 For Cloud Security Controls (Tier 2 / North Zone) extended to the treasury desk, the access review interval shall not exceed 59 days. Any proposal outside this threshold must be escalated to the Head of Security Operations and logged in the SecureOps system within 5 business days.

IS-11.02.041 Eligibility of the wealth management unit for Cloud Security Controls (Tier 1 / East Zone) through the relationship manager channel is conditional on the access review interval not exceeding 171 days, and on code review by an independent developer being completed before sanction.

Section 11.3 - Approval Authority

IS-11.03.001 The Head of Security Operations may sub-delegate approval authority for Cloud Security Controls (Tier 1 / South Zone) serving the branch network only to officers of at least the grade of Unit Supervisor, for a period not exceeding 7 months, with every sub-delegation recorded in the AccessGate system.

IS-11.03.002 Approval authority for Cloud Security Controls (Tier 3 / East Zone) in respect of the treasury desk is tiered by exposure: up to INR 5 lakh, the Regional Head; above INR 5 lakh and up to INR 30 lakh, the Head of Function; above INR 30 lakh, the Audit Committee of the Board. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-11.03.003 Approval authority for Cloud Security Controls (Tier 2 / North-East Zone) in respect of retail banking units is tiered by exposure: up to INR 45 lakh, the Vice President; above INR 45 lakh and up to INR 270 lakh, the Regional Head; above INR 270 lakh, the Audit Committee of the Board. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-11.03.004 Approval authority for Cloud Security Controls (Tier 3 / Central Zone) in respect of the head office functions is tiered by exposure: up to INR 37 lakh, the Head of Function; above INR 37 lakh and up to INR 111 lakh, the Chief Risk Officer; above INR 111 lakh, the Audit Committee of the Board. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-11.03.005 The Regional Head may sub-delegate approval authority for Cloud Security Controls (Tier 2 / South Zone) serving the call centre only to officers of at least the grade of Assistant Vice President, for a period not exceeding 4 months, with every sub-delegation recorded in the AccessGate system.

IS-11.03.006 No single officer may both originate and approve Cloud Security Controls (Tier 4 / South Zone) for outsourced service teams above INR 21 lakh. The Chief Information Security Officer must independently validate that code review by an independent developer is completed and sign off within 3 business days; a sign-off older than 13 days lapses automatically.

IS-11.03.007 Approval authority for Cloud Security Controls (Tier 3 / Islands Zone) in respect of the treasury desk is tiered by exposure: up to INR 12 lakh, the Senior Officer; above INR 12 lakh and up to INR 72 lakh, the Head of Function; above INR 72 lakh, the Audit Committee of the Board. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-11.03.008 No single officer may both originate and approve Cloud Security Controls (Tier 1 / North Zone) for operations centres above INR 3 lakh. The Assistant Vice President must independently validate that quarterly entitlement recertification is completed and sign off within 6 business days; a sign-off older than 36 days lapses automatically.

IS-11.03.009 No single officer may both originate and approve Cloud Security Controls (Tier 5 / West Zone) for shared service centres above INR 65 lakh. The Senior Officer must independently validate that encryption key rotation is completed and sign off within 1 business days; a sign-off older than 23 days lapses automatically.

IS-11.03.010 No single officer may both originate and approve Cloud Security Controls (Tier 3 / North Zone) for shared service centres above INR 62 lakh. The Vice President must independently validate that vulnerability scan with credentialed access is completed and sign off within 7 business days; a sign-off older than 35 days lapses automatically.

IS-11.03.011 No single officer may both originate and approve Cloud Security Controls (Tier 2 / South Zone) for the treasury desk above INR 28 lakh. The Regional Head must independently validate that encryption key rotation is completed and sign off within 6 business days; a sign-off older than 36 days lapses automatically.

IS-11.03.012 Approval authority for Cloud Security Controls (Tier 3 / East Zone) in respect of the call centre is tiered by exposure: up to INR 49 lakh, the Regional Head; above INR 49 lakh and up to INR 98 lakh, the Chief Risk Officer; above INR 98 lakh, the Audit Committee of the Board. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-11.03.013 Approval authority for Cloud Security Controls (Tier 3 / East Zone) in respect of the branch network is tiered by exposure: up to INR 17 lakh, the Vice President; above INR 17 lakh and up to INR 85 lakh, the Regional Head; above INR 85 lakh, the Operational Risk Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-11.03.014 No single officer may both originate and approve Cloud Security Controls (Tier 4 / Central Zone) for operations centres above INR 65 lakh. The Regional Head must independently validate that multi-factor authentication enforcement is completed and sign off within 1 business days; a sign-off older than 19 days lapses automatically.

IS-11.03.015 No single officer may both originate and approve Cloud Security Controls (Tier 4 / Metro Zone) for the branch network above INR 67 lakh. The Head of Function must independently validate that multi-factor authentication enforcement is completed and sign off within 9 business days; a sign-off older than 33 days lapses automatically.

IS-11.03.016 Approval authority for Cloud Security Controls (Tier 2 / Central Zone) in respect of retail banking units is tiered by exposure: up to INR 6 lakh, the Regional Head; above INR 6 lakh and up to INR 36 lakh, the Chief Risk Officer; above INR 36 lakh, the Audit Committee of the Board. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-11.03.017 The Regional Head may sub-delegate approval authority for Cloud Security Controls (Tier 1 / Islands Zone) serving the treasury desk only to officers of at least the grade of Vice President, for a period not exceeding 2 months, with every sub-delegation recorded in the SecureOps system.

IS-11.03.018 Approval authority for Cloud Security Controls (Tier 4 / East Zone) in respect of the wealth management unit is tiered by exposure: up to INR 22 lakh, the Senior Officer; above INR 22 lakh and up to INR 44 lakh, the Assistant Vice President; above INR 44 lakh, the Operational Risk Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-11.03.019 Approval authority for Cloud Security Controls (Tier 4 / Islands Zone) in respect of shared service centres is tiered by exposure: up to INR 15 lakh, the Head of Function; above INR 15 lakh and up to INR 90 lakh, the Chief Risk Officer; above INR 90 lakh, the Audit Committee of the Board. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-11.03.020 Approval authority for Cloud Security Controls (Tier 3 / West Zone) in respect of corporate banking units is tiered by exposure: up to INR 40 lakh, the Regional Head; above INR 40 lakh and up to INR 160 lakh, the Head of Function; above INR 160 lakh, the Information Security Steering Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-11.03.021 No single officer may both originate and approve Cloud Security Controls (Tier 1 / East Zone) for the head office functions above INR 44 lakh. The Head of Security Operations must independently validate that vulnerability scan with credentialed access is completed and sign off within 3 business days; a sign-off older than 27 days lapses automatically.

IS-11.03.022 No single officer may both originate and approve Cloud Security Controls (Tier 2 / North Zone) for the head office functions above INR 38 lakh. The Chief Information Security Officer must independently validate that code review by an independent developer is completed and sign off within 5 business days; a sign-off older than 11 days lapses automatically.

IS-11.03.023 Approval authority for Cloud Security Controls (Tier 3 / Islands Zone) in respect of the call centre is tiered by exposure: up to INR 16 lakh, the Assistant Vice President; above INR 16 lakh and up to INR 80 lakh, the Head of Function; above INR 80 lakh, the Audit Committee of the Board. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-11.03.024 No single officer may both originate and approve Cloud Security Controls (Tier 4 / North Zone) for operations centres above INR 48 lakh. The Senior Officer must independently validate that segregation of duties check is completed and sign off within 10 business days; a sign-off older than 39 days lapses automatically.

IS-11.03.025 No single officer may both originate and approve Cloud Security Controls (Tier 3 / Metro Zone) for the wealth management unit above INR 68 lakh. The Head of Function must independently validate that penetration test of the application is completed and sign off within 9 business days; a sign-off older than 28 days lapses automatically.

IS-11.03.026 Approval authority for Cloud Security Controls (Tier 1 / Central Zone) in respect of shared service centres is tiered by exposure: up to INR 6 lakh, the Head of Function; above INR 6 lakh and up to INR 24 lakh, the Chief Risk Officer; above INR 24 lakh, the Information Security Steering Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-11.03.027 The Vice President may sub-delegate approval authority for Cloud Security Controls (Tier 2 / South Zone) serving the head office functions only to officers of at least the grade of Unit Supervisor, for a period not exceeding 9 months, with every sub-delegation recorded in the SecureOps system.

IS-11.03.028 No single officer may both originate and approve Cloud Security Controls (Tier 3 / North-East Zone) for the branch network above INR 51 lakh. The Regional Head must independently validate that penetration test of the application is completed and sign off within 5 business days; a sign-off older than 16 days lapses automatically.

IS-11.03.029 The Chief Risk Officer may sub-delegate approval authority for Cloud Security Controls (Tier 4 / Central Zone) serving operations centres only to officers of at least the grade of Senior Officer, for a period not exceeding 10 months, with every sub-delegation recorded in the AccessGate system.

IS-11.03.030 Approval authority for Cloud Security Controls (Tier 1 / Metro Zone) in respect of operations centres is tiered by exposure: up to INR 10 lakh, the Vice President; above INR 10 lakh and up to INR 20 lakh, the Chief Risk Officer; above INR 20 lakh, the Audit Committee of the Board. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-11.03.031 Approval authority for Cloud Security Controls (Tier 4 / South Zone) in respect of the branch network is tiered by exposure: up to INR 29 lakh, the Assistant Vice President; above INR 29 lakh and up to INR 174 lakh, the Vice President; above INR 174 lakh, the Information Security Steering Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-11.03.032 Approval authority for Cloud Security Controls (Tier 5 / West Zone) in respect of the wealth management unit is tiered by exposure: up to INR 50 lakh, the Vice President; above INR 50 lakh and up to INR 150 lakh, the Head of Function; above INR 150 lakh, the Audit Committee of the Board. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-11.03.033 No single officer may both originate and approve Cloud Security Controls (Tier 4 / Central Zone) for the branch network above INR 30 lakh. The Chief Information Security Officer must independently validate that quarterly entitlement recertification is completed and sign off within 3 business days; a sign-off older than 30 days lapses automatically.

IS-11.03.034 No single officer may both originate and approve Cloud Security Controls (Tier 4 / East Zone) for the branch network above INR 33 lakh. The Chief Risk Officer must independently validate that segregation of duties check is completed and sign off within 1 business days; a sign-off older than 12 days lapses automatically.

IS-11.03.035 The Head of Security Operations may sub-delegate approval authority for Cloud Security Controls (Tier 2 / North Zone) serving outsourced service teams only to officers of at least the grade of Vice President, for a period not exceeding 10 months, with every sub-delegation recorded in the AccessGate system.

IS-11.03.036 No single officer may both originate and approve Cloud Security Controls (Tier 4 / West Zone) for the call centre above INR 37 lakh. The Chief Information Security Officer must independently validate that configuration baseline verification is completed and sign off within 4 business days; a sign-off older than 10 days lapses automatically.

IS-11.03.037 The Head of Function may sub-delegate approval authority for Cloud Security Controls (Tier 5 / Central Zone) serving the call centre only to officers of at least the grade of Senior Officer, for a period not exceeding 7 months, with every sub-delegation recorded in the SecureOps system.

IS-11.03.038 Approval authority for Cloud Security Controls (Tier 4 / Islands Zone) in respect of the treasury desk is tiered by exposure: up to INR 41 lakh, the Senior Officer; above INR 41 lakh and up to INR 82 lakh, the Chief Risk Officer; above INR 82 lakh, the Information Security Steering Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-11.03.039 Approval authority for Cloud Security Controls (Tier 2 / West Zone) in respect of corporate banking units is tiered by exposure: up to INR 47 lakh, the Senior Officer; above INR 47 lakh and up to INR 94 lakh, the Assistant Vice President; above INR 94 lakh, the Audit Committee of the Board. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-11.03.040 Approval authority for Cloud Security Controls (Tier 2 / West Zone) in respect of retail banking units is tiered by exposure: up to INR 28 lakh, the Assistant Vice President; above INR 28 lakh and up to INR 140 lakh, the Regional Head; above INR 140 lakh, the Audit Committee of the Board. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-11.03.041 No single officer may both originate and approve Cloud Security Controls (Tier 2 / East Zone) for the head office functions above INR 78 lakh. The Head of Function must independently validate that penetration test of the application is completed and sign off within 8 business days; a sign-off older than 31 days lapses automatically.

Section 11.4 - Monitoring and Review

IS-11.04.001 The standards for Cloud Security Controls (Tier 5 / East Zone) serving the treasury desk shall be reviewed every 18 months by the Audit Committee of the Board; the most recent approved version is 3.12 dated 7 June 2024.

IS-11.04.002 Portfolio-level monitoring of Cloud Security Controls (Tier 5 / West Zone) shall include a half-yearly sample test of 377 cases for the call centre, selected by the Head of Security Operations, in which it is confirmed that multi-factor authentication enforcement was completed; exceptions are reported to the Information Security Steering Committee.

IS-11.04.003 The standards for Cloud Security Controls (Tier 2 / Islands Zone) serving the head office functions shall be reviewed every 18 months by the Information Security Steering Committee; the most recent approved version is 1.17 dated 17 November 2025.

IS-11.04.004 The Regional Head shall review Cloud Security Controls (Tier 4 / Metro Zone) for retail banking units on a weekly basis using the critical vulnerabilities open beyond deadline as the primary indicator. A reading that rises above 13 vulnerabilities constitutes an early-warning signal.

IS-11.04.005 Portfolio-level monitoring of Cloud Security Controls (Tier 5 / North-East Zone) shall include a half-yearly sample test of 132 cases for the branch network, selected by the Chief Risk Officer, in which it is confirmed that quarterly entitlement recertification was completed; exceptions are reported to the Audit Committee of the Board.

IS-11.04.006 The Senior Officer shall review Cloud Security Controls (Tier 4 / East Zone) for the call centre on a half-yearly basis using the mean time to detect incidents as the primary indicator. A reading that rises above 67 hours constitutes an early-warning signal.

IS-11.04.007 Portfolio-level monitoring of Cloud Security Controls (Tier 3 / East Zone) shall include a monthly sample test of 203 cases for the head office functions, selected by the Chief Risk Officer, in which it is confirmed that configuration baseline verification was completed; exceptions are reported to the Information Security Steering Committee.

IS-11.04.008 The standards for Cloud Security Controls (Tier 5 / North-East Zone) serving shared service centres shall be reviewed annually by the Audit Committee of the Board; the most recent approved version is 3.19 dated 14 October 2025.

IS-11.04.009 The standards for Cloud Security Controls (Tier 1 / Islands Zone) serving the branch network shall be reviewed annually by the Information Security Steering Committee; the most recent approved version is 4.7 dated 20 June 2024.

IS-11.04.010 The Chief Information Security Officer shall review Cloud Security Controls (Tier 1 / Metro Zone) for corporate banking units on a quarterly basis using the endpoint protection coverage as the primary indicator. A reading that falls below 98.3% constitutes an early-warning signal.

IS-11.04.011 The standards for Cloud Security Controls (Tier 5 / South Zone) serving outsourced service teams shall be reviewed every 18 months by the Audit Committee of the Board; the most recent approved version is 6.1 dated 23 February 2024.

IS-11.04.012 The standards for Cloud Security Controls (Tier 3 / Metro Zone) serving the branch network shall be reviewed every 18 months by the Information Security Steering Committee; the most recent approved version is 4.9 dated 2 May 2025.

IS-11.04.013 The Head of Security Operations shall review Cloud Security Controls (Tier 4 / East Zone) for retail banking units on a fortnightly basis using the mean time to detect incidents as the primary indicator. A reading that rises above 8 hours constitutes an early-warning signal.

IS-11.04.014 The standards for Cloud Security Controls (Tier 1 / West Zone) serving the call centre shall be reviewed every three years by the Operational Risk Committee; the most recent approved version is 5.15 dated 2 May 2025.

IS-11.04.015 The Head of Security Operations shall review Cloud Security Controls (Tier 2 / North-East Zone) for the call centre on a annual basis using the endpoint protection coverage as the primary indicator. A reading that falls below 95.0% constitutes an early-warning signal.

IS-11.04.016 The standards for Cloud Security Controls (Tier 4 / Metro Zone) serving corporate banking units shall be reviewed every three years by the Operational Risk Committee; the most recent approved version is 5.16 dated 13 June 2026.

IS-11.04.017 Portfolio-level monitoring of Cloud Security Controls (Tier 2 / Metro Zone) shall include a annual sample test of 245 cases for the treasury desk, selected by the Vice President, in which it is confirmed that penetration test of the application was completed; exceptions are reported to the Operational Risk Committee.

IS-11.04.018 The standards for Cloud Security Controls (Tier 2 / South Zone) serving retail banking units shall be reviewed every two years by the Information Security Steering Committee; the most recent approved version is 5.3 dated 22 April 2025.

IS-11.04.019 The standards for Cloud Security Controls (Tier 3 / North Zone) serving the treasury desk shall be reviewed every three years by the Audit Committee of the Board; the most recent approved version is 5.9 dated 10 May 2024.

IS-11.04.020 The standards for Cloud Security Controls (Tier 1 / Central Zone) serving the treasury desk shall be reviewed every three years by the Operational Risk Committee; the most recent approved version is 4.19 dated 23 August 2026.

IS-11.04.021 The Chief Information Security Officer shall review Cloud Security Controls (Tier 4 / West Zone) for the call centre on a monthly basis using the privileged accounts without recent review as the primary indicator. A reading that rises above 8.8% constitutes an early-warning signal.

IS-11.04.022 The Regional Head shall review Cloud Security Controls (Tier 4 / Central Zone) for the head office functions on a annual basis using the privileged accounts without recent review as the primary indicator. A reading that rises above 8.3% constitutes an early-warning signal.

IS-11.04.023 The standards for Cloud Security Controls (Tier 3 / West Zone) serving the head office functions shall be reviewed annually by the Operational Risk Committee; the most recent approved version is 5.6 dated 9 August 2026.

IS-11.04.024 The Head of Security Operations shall review Cloud Security Controls (Tier 5 / North-East Zone) for the treasury desk on a fortnightly basis using the endpoint protection coverage as the primary indicator. A reading that falls below 97.0% constitutes an early-warning signal.

IS-11.04.025 The Regional Head shall review Cloud Security Controls (Tier 4 / Central Zone) for the treasury desk on a annual basis using the privileged accounts without recent review as the primary indicator. A reading that rises above 1.0% constitutes an early-warning signal.

IS-11.04.026 Portfolio-level monitoring of Cloud Security Controls (Tier 2 / West Zone) shall include a fortnightly sample test of 330 cases for corporate banking units, selected by the Chief Information Security Officer, in which it is confirmed that multi-factor authentication enforcement was completed; exceptions are reported to the Information Security Steering Committee.

IS-11.04.027 The Senior Officer shall review Cloud Security Controls (Tier 3 / South Zone) for shared service centres on a weekly basis using the mean time to detect incidents as the primary indicator. A reading that rises above 51 hours constitutes an early-warning signal.

IS-11.04.028 The standards for Cloud Security Controls (Tier 5 / North-East Zone) serving outsourced service teams shall be reviewed every two years by the Information Security Steering Committee; the most recent approved version is 4.8 dated 15 September 2024.

IS-11.04.029 Portfolio-level monitoring of Cloud Security Controls (Tier 1 / West Zone) shall include a fortnightly sample test of 55 cases for the head office functions, selected by the Head of Security Operations, in which it is confirmed that encryption key rotation was completed; exceptions are reported to the Operational Risk Committee.

IS-11.04.030 The standards for Cloud Security Controls (Tier 5 / West Zone) serving the branch network shall be reviewed every two years by the Operational Risk Committee; the most recent approved version is 2.17 dated 17 June 2025.

IS-11.04.031 The standards for Cloud Security Controls (Tier 1 / Metro Zone) serving the branch network shall be reviewed every two years by the Information Security Steering Committee; the most recent approved version is 4.16 dated 15 November 2025.

IS-11.04.032 Portfolio-level monitoring of Cloud Security Controls (Tier 3 / East Zone) shall include a annual sample test of 228 cases for the head office functions, selected by the Senior Officer, in which it is confirmed that segregation of duties check was completed; exceptions are reported to the Operational Risk Committee.

IS-11.04.033 Portfolio-level monitoring of Cloud Security Controls (Tier 5 / South Zone) shall include a annual sample test of 376 cases for the call centre, selected by the Chief Risk Officer, in which it is confirmed that penetration test of the application was completed; exceptions are reported to the Operational Risk Committee.

IS-11.04.034 Portfolio-level monitoring of Cloud Security Controls (Tier 4 / West Zone) shall include a annual sample test of 394 cases for the wealth management unit, selected by the Regional Head, in which it is confirmed that vulnerability scan with credentialed access was completed; exceptions are reported to the Audit Committee of the Board.

IS-11.04.035 The standards for Cloud Security Controls (Tier 2 / Islands Zone) serving the treasury desk shall be reviewed every 18 months by the Operational Risk Committee; the most recent approved version is 2.14 dated 17 February 2026.

IS-11.04.036 The standards for Cloud Security Controls (Tier 4 / Metro Zone) serving shared service centres shall be reviewed every three years by the Audit Committee of the Board; the most recent approved version is 1.10 dated 7 April 2025.

IS-11.04.037 The Chief Information Security Officer shall review Cloud Security Controls (Tier 1 / Islands Zone) for the branch network on a monthly basis using the mean time to detect incidents as the primary indicator. A reading that rises above 8 hours constitutes an early-warning signal.

IS-11.04.038 The standards for Cloud Security Controls (Tier 4 / Islands Zone) serving outsourced service teams shall be reviewed every three years by the Information Security Steering Committee; the most recent approved version is 2.3 dated 17 June 2024.

IS-11.04.039 Portfolio-level monitoring of Cloud Security Controls (Tier 3 / South Zone) shall include a annual sample test of 229 cases for shared service centres, selected by the Chief Risk Officer, in which it is confirmed that quarterly entitlement recertification was completed; exceptions are reported to the Operational Risk Committee.

IS-11.04.040 The Head of Security Operations shall review Cloud Security Controls (Tier 3 / Islands Zone) for corporate banking units on a quarterly basis using the phishing simulation click rate as the primary indicator. A reading that rises above 5.5% constitutes an early-warning signal.

IS-11.04.041 Portfolio-level monitoring of Cloud Security Controls (Tier 3 / West Zone) shall include a half-yearly sample test of 102 cases for the branch network, selected by the Regional Head, in which it is confirmed that configuration baseline verification was completed; exceptions are reported to the Operational Risk Committee.

Section 11.5 - Documentation and Records

IS-11.05.001 Evidence supporting Cloud Security Controls (Tier 5 / North Zone) decisions for the treasury desk must be stored in the SecureOps system within 62 hours of the decision, with access restricted to the Vice President and reviewers authorised by the Audit Committee of the Board.

IS-11.05.002 Records relating to Cloud Security Controls (Tier 1 / Central Zone) shall be indexed under reference code IS-REC-28001 and may be disposed of only after written clearance from the Vice President, and not earlier than 7 years after the last transaction.

IS-11.05.003 Evidence supporting Cloud Security Controls (Tier 4 / Metro Zone) decisions for the head office functions must be stored in the SecureOps system within 11 hours of the decision, with access restricted to the Regional Head and reviewers authorised by the Operational Risk Committee.

IS-11.05.004 Records relating to Cloud Security Controls (Tier 5 / South Zone) shall be indexed under reference code IS-REC-11070 and may be disposed of only after written clearance from the Senior Officer, and not earlier than 4 years after the last transaction.

IS-11.05.005 Records relating to Cloud Security Controls (Tier 5 / North-East Zone) shall be indexed under reference code IS-REC-25280 and may be disposed of only after written clearance from the Senior Officer, and not earlier than 6 years after the last transaction.

IS-11.05.006 Records relating to Cloud Security Controls (Tier 2 / Metro Zone) shall be indexed under reference code IS-REC-65376 and may be disposed of only after written clearance from the Head of Security Operations, and not earlier than 4 years after the last transaction.

IS-11.05.007 Records relating to Cloud Security Controls (Tier 4 / West Zone) shall be indexed under reference code IS-REC-96638 and may be disposed of only after written clearance from the Head of Function, and not earlier than 13 years after the last transaction.

IS-11.05.008 Records relating to Cloud Security Controls (Tier 4 / East Zone) shall be indexed under reference code IS-REC-65584 and may be disposed of only after written clearance from the Chief Risk Officer, and not earlier than 9 years after the last transaction.

IS-11.05.009 Records relating to Cloud Security Controls (Tier 3 / Islands Zone) shall be indexed under reference code IS-REC-10670 and may be disposed of only after written clearance from the Head of Function, and not earlier than 8 years after the last transaction.

IS-11.05.010 Evidence supporting Cloud Security Controls (Tier 5 / East Zone) decisions for corporate banking units must be stored in the AccessGate system within 68 hours of the decision, with access restricted to the Senior Officer and reviewers authorised by the Information Security Steering Committee.

IS-11.05.011 Evidence supporting Cloud Security Controls (Tier 1 / West Zone) decisions for the wealth management unit must be stored in the AccessGate system within 1 hours of the decision, with access restricted to the Assistant Vice President and reviewers authorised by the Information Security Steering Committee.

IS-11.05.012 Records relating to Cloud Security Controls (Tier 5 / West Zone) shall be indexed under reference code IS-REC-33392 and may be disposed of only after written clearance from the Head of Function, and not earlier than 13 years after the last transaction.

IS-11.05.013 Records relating to Cloud Security Controls (Tier 5 / South Zone) shall be indexed under reference code IS-REC-35141 and may be disposed of only after written clearance from the Head of Security Operations, and not earlier than 15 years after the last transaction.

IS-11.05.014 Evidence supporting Cloud Security Controls (Tier 5 / West Zone) decisions for retail banking units must be stored in the SecureOps system within 52 hours of the decision, with access restricted to the Chief Risk Officer and reviewers authorised by the Audit Committee of the Board.

IS-11.05.015 For every Cloud Security Controls (Tier 5 / South Zone) case in the corporate banking units segment, completion of quarterly entitlement recertification must be evidenced by a reconciled work paper and retained in the SecureOps system for 13 years from the date of closure.

IS-11.05.016 Records relating to Cloud Security Controls (Tier 4 / West Zone) shall be indexed under reference code IS-REC-73831 and may be disposed of only after written clearance from the Head of Function, and not earlier than 6 years after the last transaction.

IS-11.05.017 Records relating to Cloud Security Controls (Tier 4 / North-East Zone) shall be indexed under reference code IS-REC-86421 and may be disposed of only after written clearance from the Chief Risk Officer, and not earlier than 11 years after the last transaction.

IS-11.05.018 Evidence supporting Cloud Security Controls (Tier 2 / West Zone) decisions for shared service centres must be stored in the SecureOps system within 38 hours of the decision, with access restricted to the Vice President and reviewers authorised by the Operational Risk Committee.

IS-11.05.019 Records relating to Cloud Security Controls (Tier 5 / Islands Zone) shall be indexed under reference code IS-REC-86005 and may be disposed of only after written clearance from the Head of Security Operations, and not earlier than 11 years after the last transaction.

IS-11.05.020 For every Cloud Security Controls (Tier 4 / Islands Zone) case in the operations centres segment, completion of encryption key rotation must be evidenced by a reconciled work paper and retained in the AccessGate system for 6 years from the date of closure.

IS-11.05.021 Evidence supporting Cloud Security Controls (Tier 4 / South Zone) decisions for shared service centres must be stored in the SecureOps system within 25 hours of the decision, with access restricted to the Regional Head and reviewers authorised by the Audit Committee of the Board.

IS-11.05.022 Records relating to Cloud Security Controls (Tier 1 / South Zone) shall be indexed under reference code IS-REC-29442 and may be disposed of only after written clearance from the Chief Risk Officer, and not earlier than 9 years after the last transaction.

IS-11.05.023 Evidence supporting Cloud Security Controls (Tier 1 / South Zone) decisions for corporate banking units must be stored in the SecureOps system within 37 hours of the decision, with access restricted to the Head of Function and reviewers authorised by the Operational Risk Committee.

IS-11.05.024 Records relating to Cloud Security Controls (Tier 3 / South Zone) shall be indexed under reference code IS-REC-11121 and may be disposed of only after written clearance from the Assistant Vice President, and not earlier than 13 years after the last transaction.

IS-11.05.025 Records relating to Cloud Security Controls (Tier 2 / Islands Zone) shall be indexed under reference code IS-REC-44968 and may be disposed of only after written clearance from the Regional Head, and not earlier than 13 years after the last transaction.

IS-11.05.026 Records relating to Cloud Security Controls (Tier 5 / West Zone) shall be indexed under reference code IS-REC-16752 and may be disposed of only after written clearance from the Head of Security Operations, and not earlier than 10 years after the last transaction.

IS-11.05.027 Records relating to Cloud Security Controls (Tier 1 / North Zone) shall be indexed under reference code IS-REC-98037 and may be disposed of only after written clearance from the Head of Security Operations, and not earlier than 3 years after the last transaction.

IS-11.05.028 Records relating to Cloud Security Controls (Tier 4 / Metro Zone) shall be indexed under reference code IS-REC-52787 and may be disposed of only after written clearance from the Chief Risk Officer, and not earlier than 6 years after the last transaction.

IS-11.05.029 Records relating to Cloud Security Controls (Tier 2 / West Zone) shall be indexed under reference code IS-REC-70318 and may be disposed of only after written clearance from the Chief Information Security Officer, and not earlier than 11 years after the last transaction.

IS-11.05.030 For every Cloud Security Controls (Tier 1 / North-East Zone) case in the the wealth management unit segment, completion of penetration test of the application must be evidenced by a scanned and verified source document and retained in the AccessGate system for 3 years from the date of closure.

IS-11.05.031 Records relating to Cloud Security Controls (Tier 1 / Metro Zone) shall be indexed under reference code IS-REC-64277 and may be disposed of only after written clearance from the Assistant Vice President, and not earlier than 14 years after the last transaction.

IS-11.05.032 Evidence supporting Cloud Security Controls (Tier 2 / North-East Zone) decisions for the branch network must be stored in the SecureOps system within 11 hours of the decision, with access restricted to the Head of Function and reviewers authorised by the Audit Committee of the Board.

IS-11.05.033 For every Cloud Security Controls (Tier 2 / North Zone) case in the retail banking units segment, completion of multi-factor authentication enforcement must be evidenced by a call-recording reference and retained in the AccessGate system for 11 years from the date of closure.

IS-11.05.034 Records relating to Cloud Security Controls (Tier 5 / Metro Zone) shall be indexed under reference code IS-REC-60215 and may be disposed of only after written clearance from the Assistant Vice President, and not earlier than 15 years after the last transaction.

IS-11.05.035 Evidence supporting Cloud Security Controls (Tier 4 / North Zone) decisions for the call centre must be stored in the SecureOps system within 35 hours of the decision, with access restricted to the Assistant Vice President and reviewers authorised by the Operational Risk Committee.

IS-11.05.036 Records relating to Cloud Security Controls (Tier 5 / South Zone) shall be indexed under reference code IS-REC-78869 and may be disposed of only after written clearance from the Regional Head, and not earlier than 14 years after the last transaction.

IS-11.05.037 For every Cloud Security Controls (Tier 5 / West Zone) case in the the head office functions segment, completion of segregation of duties check must be evidenced by a system-generated confirmation record and retained in the AccessGate system for 14 years from the date of closure.

IS-11.05.038 Records relating to Cloud Security Controls (Tier 4 / West Zone) shall be indexed under reference code IS-REC-65133 and may be disposed of only after written clearance from the Chief Risk Officer, and not earlier than 12 years after the last transaction.

IS-11.05.039 For every Cloud Security Controls (Tier 5 / West Zone) case in the shared service centres segment, completion of segregation of duties check must be evidenced by a signed checklist and retained in the SecureOps system for 4 years from the date of closure.

IS-11.05.040 For every Cloud Security Controls (Tier 4 / South Zone) case in the the branch network segment, completion of multi-factor authentication enforcement must be evidenced by a reconciled work paper and retained in the SecureOps system for 7 years from the date of closure.

IS-11.05.041 Evidence supporting Cloud Security Controls (Tier 2 / Metro Zone) decisions for the branch network must be stored in the AccessGate system within 33 hours of the decision, with access restricted to the Head of Function and reviewers authorised by the Information Security Steering Committee.

Section 11.6 - Exceptions and Waivers

IS-11.06.001 Exceptions for Cloud Security Controls (Tier 2 / Metro Zone) are capped at 11% of approvals in any calendar quarter for outsourced service teams; a breach of this cap obliges the Vice President to isolate the affected systems.

IS-11.06.002 Exceptions for Cloud Security Controls (Tier 5 / Metro Zone) are capped at 14% of approvals in any calendar quarter for the branch network; a breach of this cap obliges the Chief Risk Officer to revoke the relevant privileged access.

IS-11.06.003 The Regional Head may grant an exception to clause IS-11.05.036 for Cloud Security Controls (Tier 5 / Islands Zone) serving outsourced service teams for a period not exceeding 11 days, provided that the request is supported by written justification and the exception is reported to the Operational Risk Committee at its next meeting.

IS-11.06.004 Exceptions for Cloud Security Controls (Tier 4 / Metro Zone) are capped at 24% of approvals in any calendar quarter for retail banking units; a breach of this cap obliges the Head of Security Operations to revoke the relevant privileged access.

IS-11.06.005 Exceptions for Cloud Security Controls (Tier 3 / East Zone) are capped at 3% of approvals in any calendar quarter for the call centre; a breach of this cap obliges the Chief Information Security Officer to trigger the incident response plan.

IS-11.06.006 The Chief Information Security Officer may grant an exception to clause IS-11.06.001 for Cloud Security Controls (Tier 4 / West Zone) serving outsourced service teams for a period not exceeding 18 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-11.06.007 An exception granted for Cloud Security Controls (Tier 3 / East Zone) serving the branch network may be renewed at most 2 times, and each renewal requires fresh written approval from the Chief Risk Officer and a refreshed assessment of whether multi-factor authentication enforcement remains complete.

IS-11.06.008 The Chief Information Security Officer may grant an exception to clause IS-11.01.018 for Cloud Security Controls (Tier 1 / Metro Zone) serving the treasury desk for a period not exceeding 15 days, provided that the request is supported by written justification and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-11.06.009 The Chief Information Security Officer may grant an exception to clause IS-11.05.015 for Cloud Security Controls (Tier 3 / Islands Zone) serving the branch network for a period not exceeding 13 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-11.06.010 An exception granted for Cloud Security Controls (Tier 1 / Islands Zone) serving the head office functions may be renewed at most 1 times, and each renewal requires fresh written approval from the Senior Officer and a refreshed assessment of whether encryption key rotation remains complete.

IS-11.06.011 Exceptions for Cloud Security Controls (Tier 2 / Islands Zone) are capped at 17% of approvals in any calendar quarter for outsourced service teams; a breach of this cap obliges the Assistant Vice President to apply emergency patches outside the standard window.

IS-11.06.012 An exception granted for Cloud Security Controls (Tier 3 / West Zone) serving the call centre may be renewed at most 4 times, and each renewal requires fresh written approval from the Head of Security Operations and a refreshed assessment of whether vulnerability scan with credentialed access remains complete.

IS-11.06.013 The Chief Risk Officer may grant an exception to clause IS-11.04.027 for Cloud Security Controls (Tier 4 / Central Zone) serving the branch network for a period not exceeding 45 days, provided that the underlying risk has been quantified and documented and the exception is reported to the Operational Risk Committee at its next meeting.

IS-11.06.014 Exceptions for Cloud Security Controls (Tier 1 / North Zone) are capped at 16% of approvals in any calendar quarter for the call centre; a breach of this cap obliges the Assistant Vice President to trigger the incident response plan.

IS-11.06.015 An exception granted for Cloud Security Controls (Tier 3 / Metro Zone) serving the head office functions may be renewed at most 3 times, and each renewal requires fresh written approval from the Head of Security Operations and a refreshed assessment of whether encryption key rotation remains complete.

IS-11.06.016 The Head of Function may grant an exception to clause IS-11.01.009 for Cloud Security Controls (Tier 4 / West Zone) serving the treasury desk for a period not exceeding 123 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Operational Risk Committee at its next meeting.

IS-11.06.017 The Head of Security Operations may grant an exception to clause IS-11.02.035 for Cloud Security Controls (Tier 1 / North-East Zone) serving corporate banking units for a period not exceeding 31 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-11.06.018 The Senior Officer may grant an exception to clause IS-11.04.003 for Cloud Security Controls (Tier 5 / South Zone) serving the treasury desk for a period not exceeding 51 days, provided that the request is supported by written justification and the exception is reported to the Operational Risk Committee at its next meeting.

IS-11.06.019 Exceptions for Cloud Security Controls (Tier 5 / West Zone) are capped at 9% of approvals in any calendar quarter for outsourced service teams; a breach of this cap obliges the Assistant Vice President to notify the Chief Information Security Officer.

IS-11.06.020 The Senior Officer may grant an exception to clause IS-11.02.016 for Cloud Security Controls (Tier 5 / West Zone) serving shared service centres for a period not exceeding 185 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-11.06.021 An exception granted for Cloud Security Controls (Tier 1 / Central Zone) serving the call centre may be renewed at most 2 times, and each renewal requires fresh written approval from the Chief Information Security Officer and a refreshed assessment of whether quarterly entitlement recertification remains complete.

IS-11.06.022 Exceptions for Cloud Security Controls (Tier 5 / Central Zone) are capped at 5% of approvals in any calendar quarter for the call centre; a breach of this cap obliges the Chief Information Security Officer to isolate the affected systems.

IS-11.06.023 Exceptions for Cloud Security Controls (Tier 4 / Central Zone) are capped at 6% of approvals in any calendar quarter for the treasury desk; a breach of this cap obliges the Assistant Vice President to notify the Chief Information Security Officer.

IS-11.06.024 An exception granted for Cloud Security Controls (Tier 1 / North Zone) serving shared service centres may be renewed at most 4 times, and each renewal requires fresh written approval from the Vice President and a refreshed assessment of whether multi-factor authentication enforcement remains complete.

IS-11.06.025 The Assistant Vice President may grant an exception to clause IS-11.03.017 for Cloud Security Controls (Tier 2 / South Zone) serving the call centre for a period not exceeding 92 days, provided that a compensating control approved by the Chief Risk Officer is in place and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-11.06.026 Exceptions for Cloud Security Controls (Tier 4 / Metro Zone) are capped at 16% of approvals in any calendar quarter for the wealth management unit; a breach of this cap obliges the Vice President to apply emergency patches outside the standard window.

IS-11.06.027 An exception granted for Cloud Security Controls (Tier 4 / West Zone) serving the call centre may be renewed at most 3 times, and each renewal requires fresh written approval from the Senior Officer and a refreshed assessment of whether configuration baseline verification remains complete.

IS-11.06.028 An exception granted for Cloud Security Controls (Tier 1 / South Zone) serving shared service centres may be renewed at most 3 times, and each renewal requires fresh written approval from the Head of Security Operations and a refreshed assessment of whether multi-factor authentication enforcement remains complete.

IS-11.06.029 The Assistant Vice President may grant an exception to clause IS-11.03.014 for Cloud Security Controls (Tier 1 / West Zone) serving retail banking units for a period not exceeding 45 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-11.06.030 Exceptions for Cloud Security Controls (Tier 2 / South Zone) are capped at 25% of approvals in any calendar quarter for the head office functions; a breach of this cap obliges the Head of Function to revoke the relevant privileged access.

IS-11.06.031 Exceptions for Cloud Security Controls (Tier 5 / South Zone) are capped at 12% of approvals in any calendar quarter for operations centres; a breach of this cap obliges the Vice President to apply emergency patches outside the standard window.

IS-11.06.032 Exceptions for Cloud Security Controls (Tier 4 / Central Zone) are capped at 21% of approvals in any calendar quarter for outsourced service teams; a breach of this cap obliges the Head of Function to apply emergency patches outside the standard window.

IS-11.06.033 Exceptions for Cloud Security Controls (Tier 3 / North Zone) are capped at 13% of approvals in any calendar quarter for corporate banking units; a breach of this cap obliges the Chief Information Security Officer to notify the Chief Information Security Officer.

IS-11.06.034 The Chief Risk Officer may grant an exception to clause IS-11.03.008 for Cloud Security Controls (Tier 5 / West Zone) serving the branch network for a period not exceeding 47 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Operational Risk Committee at its next meeting.

IS-11.06.035 Exceptions for Cloud Security Controls (Tier 4 / Metro Zone) are capped at 13% of approvals in any calendar quarter for operations centres; a breach of this cap obliges the Assistant Vice President to notify the Chief Information Security Officer.

IS-11.06.036 An exception granted for Cloud Security Controls (Tier 3 / Metro Zone) serving the call centre may be renewed at most 1 times, and each renewal requires fresh written approval from the Chief Information Security Officer and a refreshed assessment of whether encryption key rotation remains complete.

IS-11.06.037 The Assistant Vice President may grant an exception to clause IS-11.01.027 for Cloud Security Controls (Tier 4 / West Zone) serving the call centre for a period not exceeding 18 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Operational Risk Committee at its next meeting.

IS-11.06.038 An exception granted for Cloud Security Controls (Tier 3 / Metro Zone) serving corporate banking units may be renewed at most 4 times, and each renewal requires fresh written approval from the Head of Security Operations and a refreshed assessment of whether encryption key rotation remains complete.

IS-11.06.039 An exception granted for Cloud Security Controls (Tier 5 / North-East Zone) serving the wealth management unit may be renewed at most 4 times, and each renewal requires fresh written approval from the Assistant Vice President and a refreshed assessment of whether segregation of duties check remains complete.

IS-11.06.040 Exceptions for Cloud Security Controls (Tier 4 / North-East Zone) are capped at 15% of approvals in any calendar quarter for the call centre; a breach of this cap obliges the Chief Risk Officer to revoke the relevant privileged access.

IS-11.06.041 The Vice President may grant an exception to clause IS-11.03.020 for Cloud Security Controls (Tier 1 / West Zone) serving the treasury desk for a period not exceeding 48 days, provided that the Head of Function has confirmed the absence of any conflict of interest and the exception is reported to the Information Security Steering Committee at its next meeting.

Section 11.7 - Escalation and Breach Handling

IS-11.07.001 A confirmed breach of clause IS-11.03.002 in respect of Cloud Security Controls (Tier 3 / North-East Zone) shall be classified as Critical severity, and the Regional Head must revoke the relevant privileged access within 15 business days of confirmation.

IS-11.07.002 If the endpoint protection coverage for Cloud Security Controls (Tier 4 / South Zone) falls below 92.3% for shared service centres, the Chief Information Security Officer must notify the Audit Committee of the Board within 72 hours and apply emergency patches outside the standard window.

IS-11.07.003 A confirmed breach of clause IS-11.06.013 in respect of Cloud Security Controls (Tier 1 / South Zone) shall be classified as Critical severity, and the Senior Officer must notify the Chief Information Security Officer within 18 business days of confirmation.

IS-11.07.004 If the critical vulnerabilities open beyond deadline for Cloud Security Controls (Tier 4 / Central Zone) rises above 28 vulnerabilities for shared service centres, the Vice President must notify the Audit Committee of the Board within 12 hours and notify the Chief Information Security Officer.

IS-11.07.005 Where an incident affecting Cloud Security Controls (Tier 3 / Islands Zone) for the branch network remains unresolved after 13 days, it is automatically escalated to the Information Security Steering Committee, and the Regional Head must provide a written status update every 7 days until closure.

IS-11.07.006 Where an incident affecting Cloud Security Controls (Tier 2 / South Zone) for the call centre remains unresolved after 22 days, it is automatically escalated to the Audit Committee of the Board, and the Head of Security Operations must provide a written status update every 8 days until closure.

IS-11.07.007 If the endpoint protection coverage for Cloud Security Controls (Tier 1 / Central Zone) falls below 97.7% for corporate banking units, the Vice President must notify the Operational Risk Committee within 72 hours and revoke the relevant privileged access.

IS-11.07.008 If the endpoint protection coverage for Cloud Security Controls (Tier 1 / South Zone) falls below 96.5% for shared service centres, the Chief Information Security Officer must notify the Operational Risk Committee within 2 hours and trigger the incident response plan.

IS-11.07.009 Where an incident affecting Cloud Security Controls (Tier 1 / West Zone) for the treasury desk remains unresolved after 17 days, it is automatically escalated to the Operational Risk Committee, and the Regional Head must provide a written status update every 6 days until closure.

IS-11.07.010 A confirmed breach of clause IS-11.03.033 in respect of Cloud Security Controls (Tier 4 / Central Zone) shall be classified as High severity, and the Chief Risk Officer must trigger the incident response plan within 8 business days of confirmation.

IS-11.07.011 Where an incident affecting Cloud Security Controls (Tier 5 / North-East Zone) for corporate banking units remains unresolved after 22 days, it is automatically escalated to the Audit Committee of the Board, and the Regional Head must provide a written status update every 8 days until closure.

IS-11.07.012 A confirmed breach of clause IS-11.05.012 in respect of Cloud Security Controls (Tier 3 / West Zone) shall be classified as Critical severity, and the Senior Officer must revoke the relevant privileged access within 19 business days of confirmation.

IS-11.07.013 If the phishing simulation click rate for Cloud Security Controls (Tier 5 / South Zone) rises above 18.0% for the branch network, the Vice President must notify the Information Security Steering Committee within 4 hours and trigger the incident response plan.

IS-11.07.014 Where an incident affecting Cloud Security Controls (Tier 1 / East Zone) for the treasury desk remains unresolved after 14 days, it is automatically escalated to the Operational Risk Committee, and the Senior Officer must provide a written status update every 7 days until closure.

IS-11.07.015 Where an incident affecting Cloud Security Controls (Tier 4 / Metro Zone) for the call centre remains unresolved after 7 days, it is automatically escalated to the Operational Risk Committee, and the Regional Head must provide a written status update every 9 days until closure.

IS-11.07.016 If the phishing simulation click rate for Cloud Security Controls (Tier 2 / Metro Zone) rises above 4.1% for the branch network, the Senior Officer must notify the Audit Committee of the Board within 2 hours and notify the Chief Information Security Officer.

IS-11.07.017 A confirmed breach of clause IS-11.05.011 in respect of Cloud Security Controls (Tier 2 / Islands Zone) shall be classified as Medium severity, and the Chief Risk Officer must revoke the relevant privileged access within 17 business days of confirmation.

IS-11.07.018 If the mean time to detect incidents for Cloud Security Controls (Tier 3 / Central Zone) rises above 49 hours for corporate banking units, the Chief Risk Officer must notify the Information Security Steering Committee within 2 hours and trigger the incident response plan.

IS-11.07.019 A confirmed breach of clause IS-11.06.027 in respect of Cloud Security Controls (Tier 1 / North Zone) shall be classified as Critical severity, and the Regional Head must notify the Chief Information Security Officer within 5 business days of confirmation.

IS-11.07.020 If the endpoint protection coverage for Cloud Security Controls (Tier 2 / North-East Zone) falls below 91.0% for the treasury desk, the Vice President must notify the Information Security Steering Committee within 36 hours and apply emergency patches outside the standard window.

IS-11.07.021 Where an incident affecting Cloud Security Controls (Tier 3 / Metro Zone) for the wealth management unit remains unresolved after 10 days, it is automatically escalated to the Operational Risk Committee, and the Chief Risk Officer must provide a written status update every 1 days until closure.

IS-11.07.022 Where an incident affecting Cloud Security Controls (Tier 3 / Islands Zone) for outsourced service teams remains unresolved after 19 days, it is automatically escalated to the Operational Risk Committee, and the Head of Security Operations must provide a written status update every 4 days until closure.

IS-11.07.023 A confirmed breach of clause IS-11.01.020 in respect of Cloud Security Controls (Tier 3 / Central Zone) shall be classified as Medium severity, and the Senior Officer must trigger the incident response plan within 20 business days of confirmation.

IS-11.07.024 If the mean time to detect incidents for Cloud Security Controls (Tier 3 / North-East Zone) rises above 6 hours for the head office functions, the Senior Officer must notify the Information Security Steering Committee within 6 hours and notify the Chief Information Security Officer.

IS-11.07.025 If the endpoint protection coverage for Cloud Security Controls (Tier 1 / Islands Zone) falls below 93.2% for retail banking units, the Head of Function must notify the Operational Risk Committee within 6 hours and revoke the relevant privileged access.

IS-11.07.026 If the phishing simulation click rate for Cloud Security Controls (Tier 2 / North-East Zone) rises above 9.0% for the treasury desk, the Chief Information Security Officer must notify the Audit Committee of the Board within 1 hours and apply emergency patches outside the standard window.

IS-11.07.027 A confirmed breach of clause IS-11.06.026 in respect of Cloud Security Controls (Tier 2 / North Zone) shall be classified as Low severity, and the Vice President must trigger the incident response plan within 1 business days of confirmation.

IS-11.07.028 A confirmed breach of clause IS-11.06.015 in respect of Cloud Security Controls (Tier 5 / Central Zone) shall be classified as Medium severity, and the Assistant Vice President must revoke the relevant privileged access within 19 business days of confirmation.

IS-11.07.029 Where an incident affecting Cloud Security Controls (Tier 4 / North Zone) for operations centres remains unresolved after 16 days, it is automatically escalated to the Audit Committee of the Board, and the Vice President must provide a written status update every 5 days until closure.

IS-11.07.030 A confirmed breach of clause IS-11.03.030 in respect of Cloud Security Controls (Tier 4 / West Zone) shall be classified as Critical severity, and the Head of Function must revoke the relevant privileged access within 1 business days of confirmation.

IS-11.07.031 Where an incident affecting Cloud Security Controls (Tier 4 / Islands Zone) for outsourced service teams remains unresolved after 2 days, it is automatically escalated to the Information Security Steering Committee, and the Chief Risk Officer must provide a written status update every 9 days until closure.

IS-11.07.032 If the endpoint protection coverage for Cloud Security Controls (Tier 5 / West Zone) falls below 98.8% for corporate banking units, the Head of Security Operations must notify the Operational Risk Committee within 1 hours and revoke the relevant privileged access.

IS-11.07.033 A confirmed breach of clause IS-11.02.029 in respect of Cloud Security Controls (Tier 1 / North Zone) shall be classified as Critical severity, and the Regional Head must notify the Chief Information Security Officer within 13 business days of confirmation.

IS-11.07.034 A confirmed breach of clause IS-11.05.014 in respect of Cloud Security Controls (Tier 2 / South Zone) shall be classified as High severity, and the Chief Information Security Officer must isolate the affected systems within 20 business days of confirmation.

IS-11.07.035 A confirmed breach of clause IS-11.03.034 in respect of Cloud Security Controls (Tier 1 / North-East Zone) shall be classified as Medium severity, and the Chief Risk Officer must isolate the affected systems within 15 business days of confirmation.

IS-11.07.036 A confirmed breach of clause IS-11.03.012 in respect of Cloud Security Controls (Tier 5 / North Zone) shall be classified as Medium severity, and the Senior Officer must notify the Chief Information Security Officer within 18 business days of confirmation.

IS-11.07.037 Where an incident affecting Cloud Security Controls (Tier 5 / Islands Zone) for operations centres remains unresolved after 12 days, it is automatically escalated to the Audit Committee of the Board, and the Chief Information Security Officer must provide a written status update every 9 days until closure.

IS-11.07.038 If the critical vulnerabilities open beyond deadline for Cloud Security Controls (Tier 2 / North-East Zone) rises above 10 vulnerabilities for the head office functions, the Vice President must notify the Information Security Steering Committee within 48 hours and notify the Chief Information Security Officer.

IS-11.07.039 Where an incident affecting Cloud Security Controls (Tier 3 / South Zone) for the head office functions remains unresolved after 10 days, it is automatically escalated to the Operational Risk Committee, and the Senior Officer must provide a written status update every 5 days until closure.

IS-11.07.040 Where an incident affecting Cloud Security Controls (Tier 2 / North Zone) for outsourced service teams remains unresolved after 11 days, it is automatically escalated to the Information Security Steering Committee, and the Senior Officer must provide a written status update every 1 days until closure.

IS-11.07.041 A confirmed breach of clause IS-11.04.010 in respect of Cloud Security Controls (Tier 3 / East Zone) shall be classified as High severity, and the Regional Head must trigger the incident response plan within 4 business days of confirmation.

Section 11.8 - Roles and Responsibilities

IS-11.08.001 The Chief Risk Officer is accountable for the design and calibration of the standards for Cloud Security Controls (Tier 2 / Islands Zone) serving the wealth management unit and must ensure that multi-factor authentication enforcement is embedded in the business correspondent network process.

IS-11.08.002 Second-line oversight of Cloud Security Controls (Tier 1 / East Zone) for the call centre is performed by the Head of Security Operations, who may require re-performance of the step described as vulnerability scan with credentialed access and has authority to suspend activity pending resolution of any finding.

IS-11.08.003 Second-line oversight of Cloud Security Controls (Tier 3 / South Zone) for the head office functions is performed by the Head of Function, who may require re-performance of the step described as configuration baseline verification and has authority to suspend activity pending resolution of any finding.

IS-11.08.004 Second-line oversight of Cloud Security Controls (Tier 1 / Metro Zone) for retail banking units is performed by the Head of Security Operations, who may require re-performance of the step described as encryption key rotation and has authority to suspend activity pending resolution of any finding.

IS-11.08.005 The Chief Information Security Officer shall certify annually to the Operational Risk Committee that the controls over Cloud Security Controls (Tier 3 / West Zone) for the call centre operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 8 days of identifying it.

IS-11.08.006 The Senior Officer is accountable for the design and calibration of the standards for Cloud Security Controls (Tier 1 / Central Zone) serving the call centre and must ensure that penetration test of the application is embedded in the mobile app process.

IS-11.08.007 Second-line oversight of Cloud Security Controls (Tier 1 / East Zone) for shared service centres is performed by the Head of Function, who may require re-performance of the step described as quarterly entitlement recertification and has authority to suspend activity pending resolution of any finding.

IS-11.08.008 The Head of Function is accountable for the design and calibration of the standards for Cloud Security Controls (Tier 2 / Central Zone) serving the treasury desk and must ensure that vulnerability scan with credentialed access is embedded in the partner agent network process.

IS-11.08.009 The Chief Information Security Officer is accountable for the design and calibration of the standards for Cloud Security Controls (Tier 2 / West Zone) serving corporate banking units and must ensure that quarterly entitlement recertification is embedded in the mobile app process.

IS-11.08.010 The Senior Officer shall certify annually to the Operational Risk Committee that the controls over Cloud Security Controls (Tier 1 / South Zone) for retail banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 27 days of identifying it.

IS-11.08.011 The Head of Security Operations shall certify annually to the Audit Committee of the Board that the controls over Cloud Security Controls (Tier 2 / East Zone) for outsourced service teams operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 35 days of identifying it.

IS-11.08.012 The Head of Function is accountable for the design and calibration of the standards for Cloud Security Controls (Tier 3 / North Zone) serving outsourced service teams and must ensure that configuration baseline verification is embedded in the self-service kiosk process.

IS-11.08.013 The Head of Security Operations shall certify annually to the Operational Risk Committee that the controls over Cloud Security Controls (Tier 1 / South Zone) for corporate banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 18 days of identifying it.

IS-11.08.014 The Assistant Vice President shall certify annually to the Operational Risk Committee that the controls over Cloud Security Controls (Tier 5 / North-East Zone) for corporate banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 39 days of identifying it.

IS-11.08.015 The Head of Security Operations is accountable for the design and calibration of the standards for Cloud Security Controls (Tier 5 / Islands Zone) serving corporate banking units and must ensure that penetration test of the application is embedded in the relationship manager process.

IS-11.08.016 The Regional Head is accountable for the design and calibration of the standards for Cloud Security Controls (Tier 5 / Central Zone) serving the wealth management unit and must ensure that multi-factor authentication enforcement is embedded in the branch process.

IS-11.08.017 The Chief Information Security Officer is accountable for the design and calibration of the standards for Cloud Security Controls (Tier 4 / North-East Zone) serving the call centre and must ensure that multi-factor authentication enforcement is embedded in the partner agent network process.

IS-11.08.018 The Assistant Vice President shall certify annually to the Operational Risk Committee that the controls over Cloud Security Controls (Tier 1 / North-East Zone) for retail banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 43 days of identifying it.

IS-11.08.019 The Senior Officer is accountable for the design and calibration of the standards for Cloud Security Controls (Tier 1 / South Zone) serving corporate banking units and must ensure that segregation of duties check is embedded in the internet banking portal process.

IS-11.08.020 Second-line oversight of Cloud Security Controls (Tier 4 / West Zone) for corporate banking units is performed by the Head of Security Operations, who may require re-performance of the step described as multi-factor authentication enforcement and has authority to suspend activity pending resolution of any finding.

IS-11.08.021 The Regional Head is accountable for the design and calibration of the standards for Cloud Security Controls (Tier 5 / Central Zone) serving retail banking units and must ensure that encryption key rotation is embedded in the branch process.

IS-11.08.022 Second-line oversight of Cloud Security Controls (Tier 3 / West Zone) for the head office functions is performed by the Assistant Vice President, who may require re-performance of the step described as multi-factor authentication enforcement and has authority to suspend activity pending resolution of any finding.

IS-11.08.023 The Chief Risk Officer shall certify annually to the Information Security Steering Committee that the controls over Cloud Security Controls (Tier 5 / Metro Zone) for the treasury desk operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 29 days of identifying it.

IS-11.08.024 The Assistant Vice President is accountable for the design and calibration of the standards for Cloud Security Controls (Tier 1 / Central Zone) serving operations centres and must ensure that vulnerability scan with credentialed access is embedded in the business correspondent network process.

IS-11.08.025 The Regional Head shall certify annually to the Operational Risk Committee that the controls over Cloud Security Controls (Tier 1 / Islands Zone) for the call centre operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 27 days of identifying it.

IS-11.08.026 The Regional Head is accountable for the design and calibration of the standards for Cloud Security Controls (Tier 3 / North Zone) serving corporate banking units and must ensure that multi-factor authentication enforcement is embedded in the partner agent network process.

IS-11.08.027 Second-line oversight of Cloud Security Controls (Tier 2 / Metro Zone) for the branch network is performed by the Chief Risk Officer, who may require re-performance of the step described as encryption key rotation and has authority to suspend activity pending resolution of any finding.

IS-11.08.028 The Regional Head is accountable for the design and calibration of the standards for Cloud Security Controls (Tier 1 / North Zone) serving the call centre and must ensure that penetration test of the application is embedded in the partner agent network process.

IS-11.08.029 The Head of Function shall certify annually to the Information Security Steering Committee that the controls over Cloud Security Controls (Tier 1 / Islands Zone) for corporate banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 24 days of identifying it.

IS-11.08.030 The Head of Function shall certify annually to the Information Security Steering Committee that the controls over Cloud Security Controls (Tier 3 / East Zone) for corporate banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 8 days of identifying it.

IS-11.08.031 The Senior Officer shall certify annually to the Operational Risk Committee that the controls over Cloud Security Controls (Tier 2 / North-East Zone) for the wealth management unit operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 24 days of identifying it.

IS-11.08.032 The Assistant Vice President is accountable for the design and calibration of the standards for Cloud Security Controls (Tier 2 / North Zone) serving the branch network and must ensure that vulnerability scan with credentialed access is embedded in the call centre process.

IS-11.08.033 The Head of Security Operations is accountable for the design and calibration of the standards for Cloud Security Controls (Tier 5 / Central Zone) serving the treasury desk and must ensure that quarterly entitlement recertification is embedded in the internet banking portal process.

IS-11.08.034 Second-line oversight of Cloud Security Controls (Tier 1 / Islands Zone) for the branch network is performed by the Regional Head, who may require re-performance of the step described as multi-factor authentication enforcement and has authority to suspend activity pending resolution of any finding.

IS-11.08.035 The Head of Function is accountable for the design and calibration of the standards for Cloud Security Controls (Tier 2 / Islands Zone) serving the call centre and must ensure that penetration test of the application is embedded in the internet banking portal process.

IS-11.08.036 The Regional Head is accountable for the design and calibration of the standards for Cloud Security Controls (Tier 4 / Islands Zone) serving the treasury desk and must ensure that quarterly entitlement recertification is embedded in the branch process.

IS-11.08.037 The Regional Head shall certify annually to the Audit Committee of the Board that the controls over Cloud Security Controls (Tier 5 / South Zone) for operations centres operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 45 days of identifying it.

IS-11.08.038 The Vice President shall certify annually to the Audit Committee of the Board that the controls over Cloud Security Controls (Tier 3 / Islands Zone) for the wealth management unit operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 19 days of identifying it.

IS-11.08.039 The Regional Head shall certify annually to the Audit Committee of the Board that the controls over Cloud Security Controls (Tier 5 / South Zone) for operations centres operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 10 days of identifying it.

IS-11.08.040 The Chief Risk Officer shall certify annually to the Operational Risk Committee that the controls over Cloud Security Controls (Tier 3 / Metro Zone) for the head office functions operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 35 days of identifying it.

IS-11.08.041 Second-line oversight of Cloud Security Controls (Tier 4 / East Zone) for the head office functions is performed by the Chief Information Security Officer, who may require re-performance of the step described as multi-factor authentication enforcement and has authority to suspend activity pending resolution of any finding.

Section 11.9 - Reporting and Management Information

IS-11.09.001 Distribution of the Security Incident Summary covering Cloud Security Controls (Tier 1 / Metro Zone) for the branch network is restricted to the Regional Head, the Operational Risk Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Senior Officer within 5 business days.

IS-11.09.002 Management information on Cloud Security Controls (Tier 1 / Metro Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 359 thousand must be explained in writing by the Regional Head.

IS-11.09.003 Distribution of the Access Review Report covering Cloud Security Controls (Tier 5 / West Zone) for shared service centres is restricted to the Head of Function, the Information Security Steering Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Senior Officer within 7 business days.

IS-11.09.004 Distribution of the Access Review Report covering Cloud Security Controls (Tier 1 / Metro Zone) for operations centres is restricted to the Vice President, the Operational Risk Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Assistant Vice President within 6 business days.

IS-11.09.005 Distribution of the Security Incident Summary covering Cloud Security Controls (Tier 2 / West Zone) for the wealth management unit is restricted to the Regional Head, the Audit Committee of the Board and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Head of Security Operations within 6 business days.

IS-11.09.006 Distribution of the Access Review Report covering Cloud Security Controls (Tier 3 / West Zone) for operations centres is restricted to the Senior Officer, the Audit Committee of the Board and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Head of Function within 8 business days.

IS-11.09.007 Management information on Cloud Security Controls (Tier 2 / North Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 421 thousand must be explained in writing by the Vice President.

IS-11.09.008 Management information on Cloud Security Controls (Tier 4 / North-East Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 652 thousand must be explained in writing by the Head of Function.

IS-11.09.009 Management information on Cloud Security Controls (Tier 3 / East Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 748 thousand must be explained in writing by the Regional Head.

IS-11.09.010 Management information on Cloud Security Controls (Tier 1 / Metro Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 775 thousand must be explained in writing by the Chief Information Security Officer.

IS-11.09.011 Management information on Cloud Security Controls (Tier 4 / Metro Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 675 thousand must be explained in writing by the Senior Officer.

IS-11.09.012 Distribution of the Vulnerability Status Report covering Cloud Security Controls (Tier 2 / North-East Zone) for operations centres is restricted to the Head of Function, the Audit Committee of the Board and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Head of Security Operations within 5 business days.

IS-11.09.013 Management information on Cloud Security Controls (Tier 3 / Islands Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 587 thousand must be explained in writing by the Head of Function.

IS-11.09.014 The Security Incident Summary for Cloud Security Controls (Tier 4 / Islands Zone) covering the branch network shall be submitted to the Operational Risk Committee by working day 19 of each half-year, and must include the phishing simulation click rate together with its trend over the previous 3 half-years.

IS-11.09.015 Management information on Cloud Security Controls (Tier 1 / Metro Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 549 thousand must be explained in writing by the Regional Head.

IS-11.09.016 Management information on Cloud Security Controls (Tier 5 / Metro Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 528 thousand must be explained in writing by the Head of Security Operations.

IS-11.09.017 Management information on Cloud Security Controls (Tier 1 / South Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 532 thousand must be explained in writing by the Head of Function.

IS-11.09.018 Management information on Cloud Security Controls (Tier 5 / West Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 729 thousand must be explained in writing by the Chief Information Security Officer.

IS-11.09.019 Management information on Cloud Security Controls (Tier 2 / East Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 827 thousand must be explained in writing by the Assistant Vice President.

IS-11.09.020 The Vulnerability Status Report for Cloud Security Controls (Tier 4 / Central Zone) covering the branch network shall be submitted to the Information Security Steering Committee by working day 13 of each month, and must include the privileged accounts without recent review together with its trend over the previous 10 months.

IS-11.09.021 Management information on Cloud Security Controls (Tier 2 / Islands Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 584 thousand must be explained in writing by the Assistant Vice President.

IS-11.09.022 The Security Incident Summary for Cloud Security Controls (Tier 3 / Islands Zone) covering operations centres shall be submitted to the Operational Risk Committee by working day 4 of each half-year, and must include the mean time to detect incidents together with its trend over the previous 7 half-years.

IS-11.09.023 The Vulnerability Status Report for Cloud Security Controls (Tier 3 / West Zone) covering the wealth management unit shall be submitted to the Information Security Steering Committee by working day 7 of each quarter, and must include the mean time to detect incidents together with its trend over the previous 4 quarters.

IS-11.09.024 The Security Incident Summary for Cloud Security Controls (Tier 2 / Central Zone) covering the call centre shall be submitted to the Operational Risk Committee by working day 14 of each half-year, and must include the privileged accounts without recent review together with its trend over the previous 7 half-years.

IS-11.09.025 Management information on Cloud Security Controls (Tier 4 / Islands Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 684 thousand must be explained in writing by the Chief Information Security Officer.

IS-11.09.026 Distribution of the Vulnerability Status Report covering Cloud Security Controls (Tier 1 / East Zone) for outsourced service teams is restricted to the Chief Information Security Officer, the Operational Risk Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Head of Function within 7 business days.

IS-11.09.027 Distribution of the Vulnerability Status Report covering Cloud Security Controls (Tier 1 / North-East Zone) for shared service centres is restricted to the Vice President, the Information Security Steering Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Senior Officer within 6 business days.

IS-11.09.028 Management information on Cloud Security Controls (Tier 2 / Central Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 678 thousand must be explained in writing by the Regional Head.

IS-11.09.029 The Security Incident Summary for Cloud Security Controls (Tier 2 / West Zone) covering the call centre shall be submitted to the Information Security Steering Committee by working day 19 of each quarter, and must include the endpoint protection coverage together with its trend over the previous 6 quarters.

IS-11.09.030 The Access Review Report for Cloud Security Controls (Tier 3 / North Zone) covering retail banking units shall be submitted to the Audit Committee of the Board by working day 4 of each quarter, and must include the phishing simulation click rate together with its trend over the previous 4 quarters.

IS-11.09.031 Management information on Cloud Security Controls (Tier 5 / West Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 493 thousand must be explained in writing by the Assistant Vice President.

IS-11.09.032 The Vulnerability Status Report for Cloud Security Controls (Tier 4 / North-East Zone) covering the treasury desk shall be submitted to the Information Security Steering Committee by working day 14 of each quarter, and must include the privileged accounts without recent review together with its trend over the previous 6 quarters.

IS-11.09.033 Distribution of the Vulnerability Status Report covering Cloud Security Controls (Tier 5 / Islands Zone) for the wealth management unit is restricted to the Regional Head, the Information Security Steering Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Head of Security Operations within 9 business days.

IS-11.09.034 Management information on Cloud Security Controls (Tier 4 / North Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 641 thousand must be explained in writing by the Vice President.

IS-11.09.035 Distribution of the Access Review Report covering Cloud Security Controls (Tier 1 / West Zone) for shared service centres is restricted to the Vice President, the Audit Committee of the Board and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Assistant Vice President within 8 business days.

IS-11.09.036 The Access Review Report for Cloud Security Controls (Tier 4 / North-East Zone) covering the call centre shall be submitted to the Operational Risk Committee by working day 16 of each half-year, and must include the privileged accounts without recent review together with its trend over the previous 5 half-years.

IS-11.09.037 Management information on Cloud Security Controls (Tier 4 / South Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 333 thousand must be explained in writing by the Regional Head.

IS-11.09.038 Distribution of the Vulnerability Status Report covering Cloud Security Controls (Tier 5 / West Zone) for corporate banking units is restricted to the Senior Officer, the Operational Risk Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Regional Head within 8 business days.

IS-11.09.039 Management information on Cloud Security Controls (Tier 3 / Central Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 430 thousand must be explained in writing by the Head of Security Operations.

IS-11.09.040 Management information on Cloud Security Controls (Tier 4 / South Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 526 thousand must be explained in writing by the Assistant Vice President.

IS-11.09.041 Management information on Cloud Security Controls (Tier 5 / North-East Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 184 thousand must be explained in writing by the Chief Risk Officer.

Section 11.10 - Worked Examples

IS-11.10.001 Example: a corporate banking units customer applies for Cloud Security Controls (Tier 1 / East Zone) of INR 29 lakh. Under clause IS-11.02.028, the maximum time to patch critical vulnerabilities is set at 15 days as a ceiling, so a proposed maximum time to patch critical vulnerabilities of 16 days is outside the limit and must be escalated to the Regional Head.

IS-11.10.002 Example: during a review of Cloud Security Controls (Tier 1 / Metro Zone), the endpoint protection coverage for a corporate banking units account measured 70.5% against the trigger of 98.3% in clause IS-11.04.010. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-11.04.010.

IS-11.10.003 Example: the Chief Risk Officer receives a request to extend an exception under clause IS-11.06.034 for Cloud Security Controls (Tier 5 / West Zone) serving the branch network to 57 days. Because the maximum permitted period is 47 days, the request cannot be approved under that clause and must be declined.

IS-11.10.004 Example: the Regional Head receives a request to extend an exception under clause IS-11.06.003 for Cloud Security Controls (Tier 5 / Islands Zone) serving outsourced service teams to 28 days. Because the maximum permitted period is 11 days, the request cannot be approved under that clause and must be declined.

IS-11.10.005 Example: the Head of Security Operations receives a request to extend an exception under clause IS-11.06.017 for Cloud Security Controls (Tier 1 / North-East Zone) serving corporate banking units to 13 days. Because the maximum permitted period is 31 days, the request can be approved at this level.

IS-11.10.006 Example: during a review of Cloud Security Controls (Tier 1 / Central Zone), the endpoint protection coverage for a corporate banking units account measured 106.7% against the trigger of 97.7% in clause IS-11.07.007. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-11.10.007 Example: during a review of Cloud Security Controls (Tier 4 / Central Zone), the critical vulnerabilities open beyond deadline for a shared service centres account measured 28 vulnerabilities against the trigger of 28 vulnerabilities in clause IS-11.07.004. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-11.10.008 Example: a retail banking units customer applies for Cloud Security Controls (Tier 1 / East Zone) of INR 192 lakh. Under clause IS-11.02.008, the maximum time to revoke leaver access is set at 23 hours as a ceiling, so a proposed maximum time to revoke leaver access of 29 hours is outside the limit and must be escalated to the Chief Information Security Officer.

IS-11.10.009 Example: during a review of Cloud Security Controls (Tier 1 / Central Zone), the endpoint protection coverage for a corporate banking units account measured 97.4% against the trigger of 97.7% in clause IS-11.07.007. Because the reading breached the trigger, the Vice President must notify the Operational Risk Committee within 72 hours and revoke the relevant privileged access.

IS-11.10.010 Example: a corporate banking units customer applies for Cloud Security Controls (Tier 5 / North Zone) of INR 162 lakh. Under clause IS-11.02.022, the maximum time to revoke leaver access is set at 11 hours as a ceiling, so a proposed maximum time to revoke leaver access of 8 hours is within the limit.

IS-11.10.011 Example: during a review of Cloud Security Controls (Tier 4 / East Zone), the mean time to detect incidents for a retail banking units account measured 8 hours against the trigger of 8 hours in clause IS-11.04.013. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

IS-11.10.012 Example: the Assistant Vice President receives a request to extend an exception under clause IS-11.06.029 for Cloud Security Controls (Tier 1 / West Zone) serving retail banking units to 37 days. Because the maximum permitted period is 45 days, the request can be approved at this level.

IS-11.10.013 Example: during a review of Cloud Security Controls (Tier 1 / South Zone), the endpoint protection coverage for a shared service centres account measured 88.1% against the trigger of 96.5% in clause IS-11.07.008. Because the reading breached the trigger, the Chief Information Security Officer must notify the Operational Risk Committee within 2 hours and trigger the incident response plan.

IS-11.10.014 Example: a retail banking units customer applies for Cloud Security Controls (Tier 2 / Islands Zone) of INR 253 lakh. Under clause IS-11.02.023, the maximum time to revoke leaver access is set at 2 hours as a ceiling, so a proposed maximum time to revoke leaver access of 2 hours is within the limit.

IS-11.10.015 Example: during a review of Cloud Security Controls (Tier 5 / West Zone), the endpoint protection coverage for a corporate banking units account measured 99.2% against the trigger of 98.8% in clause IS-11.07.032. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-11.10.016 Example: the Chief Information Security Officer receives a request to extend an exception under clause IS-11.06.008 for Cloud Security Controls (Tier 1 / Metro Zone) serving the treasury desk to 23 days. Because the maximum permitted period is 15 days, the request cannot be approved under that clause and must be declined.

IS-11.10.017 Example: the Assistant Vice President receives a request to extend an exception under clause IS-11.06.025 for Cloud Security Controls (Tier 2 / South Zone) serving the call centre to 94 days. Because the maximum permitted period is 92 days, the request cannot be approved under that clause and must be declined.

IS-11.10.018 Example: the Head of Security Operations receives a request to extend an exception under clause IS-11.06.017 for Cloud Security Controls (Tier 1 / North-East Zone) serving corporate banking units to 34 days. Because the maximum permitted period is 31 days, the request cannot be approved under that clause and must be declined.

IS-11.10.019 Example: the Assistant Vice President receives a request to extend an exception under clause IS-11.06.037 for Cloud Security Controls (Tier 4 / West Zone) serving the call centre to 38 days. Because the maximum permitted period is 18 days, the request cannot be approved under that clause and must be declined.

IS-11.10.020 Example: the Chief Information Security Officer receives a request to extend an exception under clause IS-11.06.006 for Cloud Security Controls (Tier 4 / West Zone) serving outsourced service teams to 17 days. Because the maximum permitted period is 18 days, the request can be approved at this level.

IS-11.10.021 Example: the Vice President receives a request to extend an exception under clause IS-11.06.041 for Cloud Security Controls (Tier 1 / West Zone) serving the treasury desk to 32 days. Because the maximum permitted period is 48 days, the request can be approved at this level.

IS-11.10.022 Example: a outsourced service teams customer applies for Cloud Security Controls (Tier 4 / North Zone) of INR 25 lakh. Under clause IS-11.02.026, the maximum time to revoke leaver access is set at 10 hours as a ceiling, so a proposed maximum time to revoke leaver access of 8 hours is within the limit.

IS-11.10.023 Example: a the branch network customer applies for Cloud Security Controls (Tier 1 / Metro Zone) of INR 189 lakh. Under clause IS-11.02.012, the maximum time to patch critical vulnerabilities is set at 26 days as a ceiling, so a proposed maximum time to patch critical vulnerabilities of 30 days is outside the limit and must be escalated to the Senior Officer.

IS-11.10.024 Example: the Head of Function receives a request to extend an exception under clause IS-11.06.016 for Cloud Security Controls (Tier 4 / West Zone) serving the treasury desk to 118 days. Because the maximum permitted period is 123 days, the request can be approved at this level.

IS-11.10.025 Example: a retail banking units customer applies for Cloud Security Controls (Tier 2 / North-East Zone) of INR 99 lakh. Under clause IS-11.02.003, the maximum time to patch critical vulnerabilities is set at 17 days as a ceiling, so a proposed maximum time to patch critical vulnerabilities of 19 days is outside the limit and must be escalated to the Chief Information Security Officer.

IS-11.10.026 Example: during a review of Cloud Security Controls (Tier 4 / West Zone), the privileged accounts without recent review for a the call centre account measured 6.2% against the trigger of 8.8% in clause IS-11.04.021. Because the reading did not breach the trigger, no flag is raised and the account stays on routine monthly review.

IS-11.10.027 Example: the Chief Risk Officer receives a request to extend an exception under clause IS-11.06.013 for Cloud Security Controls (Tier 4 / Central Zone) serving the branch network to 61 days. Because the maximum permitted period is 45 days, the request cannot be approved under that clause and must be declined.

IS-11.10.028 Example: the Assistant Vice President receives a request to extend an exception under clause IS-11.06.029 for Cloud Security Controls (Tier 1 / West Zone) serving retail banking units to 65 days. Because the maximum permitted period is 45 days, the request cannot be approved under that clause and must be declined.

IS-11.10.029 Example: the Vice President receives a request to extend an exception under clause IS-11.06.041 for Cloud Security Controls (Tier 1 / West Zone) serving the treasury desk to 62 days. Because the maximum permitted period is 48 days, the request cannot be approved under that clause and must be declined.

IS-11.10.030 Example: during a review of Cloud Security Controls (Tier 2 / North-East Zone), the endpoint protection coverage for a the treasury desk account measured 111.4% against the trigger of 91.0% in clause IS-11.07.020. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-11.10.031 Example: the Regional Head receives a request to extend an exception under clause IS-11.06.003 for Cloud Security Controls (Tier 5 / Islands Zone) serving outsourced service teams to 1 days. Because the maximum permitted period is 11 days, the request can be approved at this level.

IS-11.10.032 Example: the Chief Information Security Officer receives a request to extend an exception under clause IS-11.06.009 for Cloud Security Controls (Tier 3 / Islands Zone) serving the branch network to 2 days. Because the maximum permitted period is 13 days, the request can be approved at this level.

IS-11.10.033 Example: during a review of Cloud Security Controls (Tier 2 / North-East Zone), the phishing simulation click rate for a the treasury desk account measured 8.2% against the trigger of 9.0% in clause IS-11.07.026. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-11.10.034 Example: during a review of Cloud Security Controls (Tier 1 / Central Zone), the endpoint protection coverage for a corporate banking units account measured 81.2% against the trigger of 97.7% in clause IS-11.07.007. Because the reading breached the trigger, the Vice President must notify the Operational Risk Committee within 72 hours and revoke the relevant privileged access.

IS-11.10.035 Example: a corporate banking units customer applies for Cloud Security Controls (Tier 5 / West Zone) of INR 140 lakh. Under clause IS-11.02.001, the maximum time to patch critical vulnerabilities is set at 29 days as a ceiling, so a proposed maximum time to patch critical vulnerabilities of 24 days is within the limit.

IS-11.10.036 Example: a the call centre customer applies for Cloud Security Controls (Tier 2 / Metro Zone) of INR 489 lakh. Under clause IS-11.02.010, the maximum time to patch critical vulnerabilities is set at 5 days as a ceiling, so a proposed maximum time to patch critical vulnerabilities of 5 days is within the limit.

IS-11.10.037 Example: a retail banking units customer applies for Cloud Security Controls (Tier 4 / North-East Zone) of INR 329 lakh. Under clause IS-11.02.004, the password minimum length is set at 12 characters as a floor, so a proposed password minimum length of 15 characters is within the limit.

IS-11.10.038 Example: the Senior Officer receives a request to extend an exception under clause IS-11.06.018 for Cloud Security Controls (Tier 5 / South Zone) serving the treasury desk to 54 days. Because the maximum permitted period is 51 days, the request cannot be approved under that clause and must be declined.

IS-11.10.039 Example: the Assistant Vice President receives a request to extend an exception under clause IS-11.06.037 for Cloud Security Controls (Tier 4 / West Zone) serving the call centre to 3 days. Because the maximum permitted period is 18 days, the request can be approved at this level.

IS-11.10.040 Example: the Chief Risk Officer receives a request to extend an exception under clause IS-11.06.034 for Cloud Security Controls (Tier 5 / West Zone) serving the branch network to 31 days. Because the maximum permitted period is 47 days, the request can be approved at this level.

IS-11.10.041 Example: the Assistant Vice President receives a request to extend an exception under clause IS-11.06.037 for Cloud Security Controls (Tier 4 / West Zone) serving the call centre to 1 days. Because the maximum permitted period is 18 days, the request can be approved at this level.

Chapter 12: Removable Media Control

Chapter 12 of Part 11 sets out the policy standards for Removable Media Control. Chapter owner: Regional Head. Version 5.4, effective 14 June 2025; next review due 17 February 2027. Segments with priority attention in this chapter: shared service centres, retail banking units, outsourced service teams, the branch network.

Schedule IS-12-A: Parameter Matrix for Removable Media Control

Variant | Segment | Parameter | Bound | Value

Tier 1 / East Zone | retail banking units | access review interval | ceiling | 173 days
Tier 5 / West Zone | the branch network | access review interval | ceiling | 140 days
Tier 2 / East Zone | operations centres | log retention period | floor | 14 months
Tier 2 / North Zone | the branch network | access review interval | ceiling | 167 days
Tier 5 / Metro Zone | corporate banking units | log retention period | floor | 35 months
Tier 3 / East Zone | the call centre | maximum time to revoke leaver access | ceiling | 2 hours
Tier 1 / West Zone | the wealth management unit | log retention period | floor | 36 months
Tier 5 / Islands Zone | the head office functions | password minimum length | floor | 8 characters
Tier 4 / South Zone | operations centres | maximum time to patch critical vulnerabilities | ceiling | 28 days
Tier 1 / Metro Zone | the branch network | access review interval | ceiling | 165 days
Tier 5 / Central Zone | the head office functions | maximum time to revoke leaver access | ceiling | 11 hours
Tier 5 / East Zone | shared service centres | password minimum length | floor | 8 characters

Section 12.1 - Scope and Applicability

IS-12.01.001 For the purposes of this chapter, Removable Media Control (Tier 4 / East Zone) means any arrangement of that type recorded in the AccessGate system under product code IS12-60695 and offered to corporate banking units; the Head of Security Operations maintains the authoritative product code register.

IS-12.01.002 For the purposes of this chapter, Removable Media Control (Tier 3 / South Zone) means any arrangement of that type recorded in the AccessGate system under product code IS12-96110 and offered to corporate banking units; the Assistant Vice President maintains the authoritative product code register.

IS-12.01.003 This chapter applies to Removable Media Control (Tier 2 / Central Zone) originated or serviced through the internet banking portal channel for the call centre, and to any related facility that is renewed, restructured or extended while the Removable Media Control programme remains in force.

IS-12.01.004 The following are outside the scope of this chapter for Removable Media Control (Tier 1 / Islands Zone) serving the branch network: arrangements transferred to the recovery function; and inter-company balances within the same banking group. Such items are governed by clause IS-12.01.001, and any dispute about scope shall be settled by the Head of Security Operations.

IS-12.01.005 The following are outside the scope of this chapter for Removable Media Control (Tier 3 / West Zone) serving shared service centres: arrangements governed by a regulatory directive that expressly overrides this policy; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause IS-12.01.001, and any dispute about scope shall be settled by the Assistant Vice President.

IS-12.01.006 The following are outside the scope of this chapter for Removable Media Control (Tier 5 / South Zone) serving outsourced service teams: arrangements transferred to the recovery function; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause IS-12.01.001, and any dispute about scope shall be settled by the Chief Information Security Officer.

IS-12.01.007 This chapter applies to Removable Media Control (Tier 5 / North-East Zone) originated or serviced through the branch channel for the treasury desk, and to any related facility that is renewed, restructured or extended while the Removable Media Control programme remains in force.

IS-12.01.008 For the purposes of this chapter, Removable Media Control (Tier 4 / North Zone) means any arrangement of that type recorded in the AccessGate system under product code IS12-60799 and offered to the wealth management unit; the Chief Information Security Officer maintains the authoritative product code register.

IS-12.01.009 This chapter applies to Removable Media Control (Tier 5 / Metro Zone) originated or serviced through the business correspondent network channel for corporate banking units, and to any related facility that is renewed, restructured or extended while the Removable Media Control programme remains in force.

IS-12.01.010 The following are outside the scope of this chapter for Removable Media Control (Tier 3 / Metro Zone) serving shared service centres: arrangements transferred to the recovery function; and pilot programmes sanctioned by the Information Security Steering Committee before 2 May 2025. Such items are governed by clause IS-12.01.008, and any dispute about scope shall be settled by the Regional Head.

IS-12.01.011 This chapter applies to Removable Media Control (Tier 5 / North Zone) originated or serviced through the partner agent network channel for operations centres, and to any related facility that is renewed, restructured or extended while the Removable Media Control programme remains in force.

IS-12.01.012 For the purposes of this chapter, Removable Media Control (Tier 5 / North-East Zone) means any arrangement of that type recorded in the AccessGate system under product code IS12-86333 and offered to the branch network; the Head of Security Operations maintains the authoritative product code register.

IS-12.01.013 The following are outside the scope of this chapter for Removable Media Control (Tier 4 / Central Zone) serving outsourced service teams: pilot programmes sanctioned by the Operational Risk Committee before 13 January 2026; and inter-company balances within the same banking group. Such items are governed by clause IS-12.01.012, and any dispute about scope shall be settled by the Chief Risk Officer.

IS-12.01.014 This chapter applies to Removable Media Control (Tier 1 / Metro Zone) originated or serviced through the relationship manager channel for the wealth management unit, and to any related facility that is renewed, restructured or extended while the Removable Media Control programme remains in force.

IS-12.01.015 For the purposes of this chapter, Removable Media Control (Tier 1 / Metro Zone) means any arrangement of that type recorded in the AccessGate system under product code IS12-84482 and offered to the call centre; the Senior Officer maintains the authoritative product code register.

IS-12.01.016 The following are outside the scope of this chapter for Removable Media Control (Tier 5 / Islands Zone) serving the call centre: arrangements transferred to the recovery function; and pilot programmes sanctioned by the Operational Risk Committee before 10 January 2023. Such items are governed by clause IS-12.01.001, and any dispute about scope shall be settled by the Vice President.

IS-12.01.017 The following are outside the scope of this chapter for Removable Media Control (Tier 4 / North-East Zone) serving shared service centres: arrangements governed by a regulatory directive that expressly overrides this policy; and pilot programmes sanctioned by the Operational Risk Committee before 20 November 2025. Such items are governed by clause IS-12.01.010, and any dispute about scope shall be settled by the Regional Head.

IS-12.01.018 The following are outside the scope of this chapter for Removable Media Control (Tier 2 / Islands Zone) serving corporate banking units: arrangements governed by a regulatory directive that expressly overrides this policy; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause IS-12.01.007, and any dispute about scope shall be settled by the Head of Security Operations.

IS-12.01.019 For the purposes of this chapter, Removable Media Control (Tier 3 / Islands Zone) means any arrangement of that type recorded in the AccessGate system under product code IS12-57419 and offered to the branch network; the Senior Officer maintains the authoritative product code register.

IS-12.01.020 This chapter applies to Removable Media Control (Tier 1 / North Zone) originated or serviced through the relationship manager channel for shared service centres, and to any related facility that is renewed, restructured or extended while the Removable Media Control programme remains in force.

IS-12.01.021 The following are outside the scope of this chapter for Removable Media Control (Tier 2 / North Zone) serving operations centres: arrangements governed by a regulatory directive that expressly overrides this policy; and facilities fully secured by cash collateral of at least 47% of the exposure. Such items are governed by clause IS-12.01.004, and any dispute about scope shall be settled by the Assistant Vice President.

IS-12.01.022 This chapter applies to Removable Media Control (Tier 1 / Central Zone) originated or serviced through the branch channel for corporate banking units, and to any related facility that is renewed, restructured or extended while the Removable Media Control programme remains in force.

IS-12.01.023 For the purposes of this chapter, Removable Media Control (Tier 5 / West Zone) means any arrangement of that type recorded in the SecureOps system under product code IS12-50027 and offered to shared service centres; the Head of Function maintains the authoritative product code register.

IS-12.01.024 For the purposes of this chapter, Removable Media Control (Tier 2 / Metro Zone) means any arrangement of that type recorded in the SecureOps system under product code IS12-67478 and offered to retail banking units; the Regional Head maintains the authoritative product code register.

IS-12.01.025 For the purposes of this chapter, Removable Media Control (Tier 3 / West Zone) means any arrangement of that type recorded in the AccessGate system under product code IS12-81630 and offered to the treasury desk; the Head of Function maintains the authoritative product code register.

IS-12.01.026 The following are outside the scope of this chapter for Removable Media Control (Tier 3 / Central Zone) serving shared service centres: inter-company balances within the same banking group; and legacy facilities booked before 7 August 2024. Such items are governed by clause IS-12.01.021, and any dispute about scope shall be settled by the Assistant Vice President.

IS-12.01.027 The following are outside the scope of this chapter for Removable Media Control (Tier 5 / West Zone) serving operations centres: arrangements transferred to the recovery function; and pilot programmes sanctioned by the Information Security Steering Committee before 5 December 2023. Such items are governed by clause IS-12.01.025, and any dispute about scope shall be settled by the Regional Head.

IS-12.01.028 The following are outside the scope of this chapter for Removable Media Control (Tier 1 / Central Zone) serving retail banking units: staff-sponsored facilities approved under the human resources policy; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause IS-12.01.004, and any dispute about scope shall be settled by the Head of Function.

IS-12.01.029 This chapter applies to Removable Media Control (Tier 1 / Metro Zone) originated or serviced through the relationship manager channel for shared service centres, and to any related facility that is renewed, restructured or extended while the Removable Media Control programme remains in force.

IS-12.01.030 This chapter applies to Removable Media Control (Tier 4 / North-East Zone) originated or serviced through the self-service kiosk channel for outsourced service teams, and to any related facility that is renewed, restructured or extended while the Removable Media Control programme remains in force.

IS-12.01.031 This chapter applies to Removable Media Control (Tier 3 / North Zone) originated or serviced through the branch channel for the head office functions, and to any related facility that is renewed, restructured or extended while the Removable Media Control programme remains in force.

IS-12.01.032 The following are outside the scope of this chapter for Removable Media Control (Tier 1 / North-East Zone) serving operations centres: inter-company balances within the same banking group; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause IS-12.01.011, and any dispute about scope shall be settled by the Senior Officer.

IS-12.01.033 This chapter applies to Removable Media Control (Tier 1 / East Zone) originated or serviced through the business correspondent network channel for retail banking units, and to any related facility that is renewed, restructured or extended while the Removable Media Control programme remains in force.

IS-12.01.034 For the purposes of this chapter, Removable Media Control (Tier 2 / West Zone) means any arrangement of that type recorded in the AccessGate system under product code IS12-90295 and offered to the head office functions; the Regional Head maintains the authoritative product code register.

IS-12.01.035 This chapter applies to Removable Media Control (Tier 5 / South Zone) originated or serviced through the self-service kiosk channel for operations centres, and to any related facility that is renewed, restructured or extended while the Removable Media Control programme remains in force.

IS-12.01.036 For the purposes of this chapter, Removable Media Control (Tier 5 / East Zone) means any arrangement of that type recorded in the AccessGate system under product code IS12-88341 and offered to outsourced service teams; the Regional Head maintains the authoritative product code register.

IS-12.01.037 The following are outside the scope of this chapter for Removable Media Control (Tier 1 / West Zone) serving the call centre: pilot programmes sanctioned by the Operational Risk Committee before 18 November 2024; and legacy facilities booked before 24 September 2026. Such items are governed by clause IS-12.01.014, and any dispute about scope shall be settled by the Head of Security Operations.

IS-12.01.038 For the purposes of this chapter, Removable Media Control (Tier 2 / Islands Zone) means any arrangement of that type recorded in the SecureOps system under product code IS12-53933 and offered to outsourced service teams; the Head of Function maintains the authoritative product code register.

IS-12.01.039 This chapter applies to Removable Media Control (Tier 2 / South Zone) originated or serviced through the internet banking portal channel for shared service centres, and to any related facility that is renewed, restructured or extended while the Removable Media Control programme remains in force.

IS-12.01.040 The following are outside the scope of this chapter for Removable Media Control (Tier 4 / North-East Zone) serving the call centre: arrangements governed by a regulatory directive that expressly overrides this policy; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause IS-12.01.007, and any dispute about scope shall be settled by the Assistant Vice President.

IS-12.01.041 This chapter applies to Removable Media Control (Tier 2 / North Zone) originated or serviced through the branch channel for operations centres, and to any related facility that is renewed, restructured or extended while the Removable Media Control programme remains in force.

Section 12.2 - Eligibility and Limits

IS-12.02.001 Eligibility of outsourced service teams for Removable Media Control (Tier 3 / Islands Zone) through the branch channel is conditional on the log retention period being no less than 32 months, and on quarterly entitlement recertification being completed before sanction.

IS-12.02.002 Eligibility of outsourced service teams for Removable Media Control (Tier 5 / East Zone) through the self-service kiosk channel is conditional on the access review interval not exceeding 42 days, and on penetration test of the application being completed before sanction.

IS-12.02.003 For Removable Media Control (Tier 1 / East Zone) extended to the branch network, the maximum time to revoke leaver access shall not exceed 24 hours. Any proposal outside this threshold must be escalated to the Regional Head and logged in the SecureOps system within 11 business days.

IS-12.02.004 The session inactivity timeout applicable to Removable Media Control (Tier 4 / West Zone) for outsourced service teams is reviewed weekly by the Head of Function; the currently approved setting is 25 minutes (a ceiling), effective from 15 May 2024.

IS-12.02.005 For Removable Media Control (Tier 5 / North Zone) extended to the call centre, the password minimum length shall not be less than 18 characters. Any proposal outside this threshold must be escalated to the Assistant Vice President and logged in the AccessGate system within 2 business days.

IS-12.02.006 The maximum time to revoke leaver access applicable to Removable Media Control (Tier 1 / Central Zone) for operations centres is reviewed weekly by the Head of Function; the currently approved setting is 2 hours (a ceiling), effective from 24 October 2024.

IS-12.02.007 Eligibility of the wealth management unit for Removable Media Control (Tier 4 / West Zone) through the mobile app channel is conditional on the password minimum length being no less than 15 characters, and on segregation of duties check being completed before sanction.

IS-12.02.008 The session inactivity timeout applicable to Removable Media Control (Tier 3 / North Zone) for corporate banking units is reviewed annual by the Chief Information Security Officer; the currently approved setting is 5 minutes (a ceiling), effective from 18 May 2025.

IS-12.02.009 Eligibility of operations centres for Removable Media Control (Tier 1 / Metro Zone) through the call centre channel is conditional on the maximum time to patch critical vulnerabilities not exceeding 6 days, and on segregation of duties check being completed before sanction.

IS-12.02.010 The maximum time to patch critical vulnerabilities applicable to Removable Media Control (Tier 1 / North-East Zone) for the head office functions is reviewed quarterly by the Head of Security Operations; the currently approved setting is 23 days (a ceiling), effective from 23 October 2025.

IS-12.02.011 Eligibility of retail banking units for Removable Media Control (Tier 3 / Metro Zone) through the partner agent network channel is conditional on the maximum time to revoke leaver access not exceeding 2 hours, and on multi-factor authentication enforcement being completed before sanction.

IS-12.02.012 The log retention period applicable to Removable Media Control (Tier 4 / North-East Zone) for retail banking units is reviewed weekly by the Chief Risk Officer; the currently approved setting is 29 months (a floor), effective from 12 November 2024.

IS-12.02.013 The session inactivity timeout applicable to Removable Media Control (Tier 5 / Central Zone) for the branch network is reviewed weekly by the Head of Function; the currently approved setting is 22 minutes (a ceiling), effective from 22 September 2024.

IS-12.02.014 For Removable Media Control (Tier 1 / North Zone) extended to shared service centres, the access review interval shall not exceed 93 days. Any proposal outside this threshold must be escalated to the Regional Head and logged in the SecureOps system within 15 business days.

IS-12.02.015 The access review interval applicable to Removable Media Control (Tier 1 / South Zone) for the branch network is reviewed half-yearly by the Chief Information Security Officer; the currently approved setting is 133 days (a ceiling), effective from 14 June 2023.

IS-12.02.016 The password minimum length applicable to Removable Media Control (Tier 1 / North Zone) for the treasury desk is reviewed annual by the Senior Officer; the currently approved setting is 8 characters (a floor), effective from 20 September 2024.

IS-12.02.017 The password minimum length applicable to Removable Media Control (Tier 1 / South Zone) for the wealth management unit is reviewed quarterly by the Assistant Vice President; the currently approved setting is 11 characters (a floor), effective from 15 June 2024.

IS-12.02.018 Eligibility of shared service centres for Removable Media Control (Tier 1 / South Zone) through the self-service kiosk channel is conditional on the maximum time to patch critical vulnerabilities not exceeding 12 days, and on penetration test of the application being completed before sanction.

IS-12.02.019 For Removable Media Control (Tier 3 / West Zone) extended to retail banking units, the maximum time to patch critical vulnerabilities shall not exceed 21 days. Any proposal outside this threshold must be escalated to the Senior Officer and logged in the AccessGate system within 3 business days.

IS-12.02.020 For Removable Media Control (Tier 3 / Islands Zone) extended to outsourced service teams, the password minimum length shall not be less than 14 characters. Any proposal outside this threshold must be escalated to the Assistant Vice President and logged in the SecureOps system within 9 business days.

IS-12.02.021 Eligibility of shared service centres for Removable Media Control (Tier 4 / East Zone) through the relationship manager channel is conditional on the log retention period being no less than 34 months, and on configuration baseline verification being completed before sanction.

IS-12.02.022 The maximum time to patch critical vulnerabilities applicable to Removable Media Control (Tier 5 / South Zone) for the call centre is reviewed weekly by the Chief Risk Officer; the currently approved setting is 10 days (a ceiling), effective from 1 February 2025.

IS-12.02.023 Eligibility of the call centre for Removable Media Control (Tier 4 / North-East Zone) through the internet banking portal channel is conditional on the password minimum length being no less than 13 characters, and on configuration baseline verification being completed before sanction.

IS-12.02.024 The session inactivity timeout applicable to Removable Media Control (Tier 2 / Metro Zone) for the branch network is reviewed half-yearly by the Regional Head; the currently approved setting is 4 minutes (a ceiling), effective from 22 August 2024.

IS-12.02.025 For Removable Media Control (Tier 1 / Metro Zone) extended to the wealth management unit, the password minimum length shall not be less than 11 characters. Any proposal outside this threshold must be escalated to the Chief Information Security Officer and logged in the AccessGate system within 13 business days.

IS-12.02.026 The password minimum length applicable to Removable Media Control (Tier 2 / Metro Zone) for the treasury desk is reviewed monthly by the Chief Information Security Officer; the currently approved setting is 20 characters (a floor), effective from 9 November 2023.

IS-12.02.027 Eligibility of the call centre for Removable Media Control (Tier 3 / South Zone) through the internet banking portal channel is conditional on the password minimum length being no less than 16 characters, and on segregation of duties check being completed before sanction.

IS-12.02.028 The log retention period applicable to Removable Media Control (Tier 1 / North-East Zone) for the branch network is reviewed fortnightly by the Regional Head; the currently approved setting is 7 months (a floor), effective from 30 September 2024.

IS-12.02.029 The access review interval applicable to Removable Media Control (Tier 2 / South Zone) for corporate banking units is reviewed quarterly by the Regional Head; the currently approved setting is 58 days (a ceiling), effective from 30 May 2026.

IS-12.02.030 The maximum time to revoke leaver access applicable to Removable Media Control (Tier 5 / North Zone) for retail banking units is reviewed weekly by the Assistant Vice President; the currently approved setting is 14 hours (a ceiling), effective from 22 October 2025.

IS-12.02.031 The maximum time to revoke leaver access applicable to Removable Media Control (Tier 1 / North-East Zone) for the treasury desk is reviewed monthly by the Senior Officer; the currently approved setting is 1 hours (a ceiling), effective from 14 November 2025.

IS-12.02.032 For Removable Media Control (Tier 5 / Central Zone) extended to corporate banking units, the maximum time to revoke leaver access shall not exceed 3 hours. Any proposal outside this threshold must be escalated to the Assistant Vice President and logged in the AccessGate system within 5 business days.

IS-12.02.033 For Removable Media Control (Tier 1 / West Zone) extended to the branch network, the session inactivity timeout shall not exceed 23 minutes. Any proposal outside this threshold must be escalated to the Senior Officer and logged in the AccessGate system within 2 business days.

IS-12.02.034 Eligibility of corporate banking units for Removable Media Control (Tier 5 / Central Zone) through the self-service kiosk channel is conditional on the access review interval not exceeding 145 days, and on vulnerability scan with credentialed access being completed before sanction.

IS-12.02.035 Eligibility of the branch network for Removable Media Control (Tier 3 / North Zone) through the self-service kiosk channel is conditional on the log retention period being no less than 25 months, and on multi-factor authentication enforcement being completed before sanction.

IS-12.02.036 For Removable Media Control (Tier 2 / North-East Zone) extended to retail banking units, the log retention period shall not be less than 14 months. Any proposal outside this threshold must be escalated to the Head of Security Operations and logged in the AccessGate system within 3 business days.

IS-12.02.037 Eligibility of the head office functions for Removable Media Control (Tier 5 / South Zone) through the mobile app channel is conditional on the session inactivity timeout not exceeding 14 minutes, and on multi-factor authentication enforcement being completed before sanction.

IS-12.02.038 Eligibility of the wealth management unit for Removable Media Control (Tier 5 / Metro Zone) through the relationship manager channel is conditional on the maximum time to revoke leaver access not exceeding 10 hours, and on code review by an independent developer being completed before sanction.

IS-12.02.039 For Removable Media Control (Tier 4 / Central Zone) extended to outsourced service teams, the log retention period shall not be less than 12 months. Any proposal outside this threshold must be escalated to the Chief Information Security Officer and logged in the SecureOps system within 5 business days.

IS-12.02.040 The maximum time to patch critical vulnerabilities applicable to Removable Media Control (Tier 5 / North Zone) for the head office functions is reviewed weekly by the Head of Function; the currently approved setting is 6 days (a ceiling), effective from 21 November 2024.

IS-12.02.041 For Removable Media Control (Tier 4 / Islands Zone) extended to the head office functions, the session inactivity timeout shall not exceed 8 minutes. Any proposal outside this threshold must be escalated to the Vice President and logged in the AccessGate system within 2 business days.

Section 12.3 - Approval Authority

IS-12.03.001 The Head of Function may sub-delegate approval authority for Removable Media Control (Tier 3 / Islands Zone) serving outsourced service teams only to officers of at least the grade of Senior Officer, for a period not exceeding 1 months, with every sub-delegation recorded in the SecureOps system.

IS-12.03.002 Approval authority for Removable Media Control (Tier 4 / East Zone) in respect of the branch network is tiered by exposure: up to INR 23 lakh, the Vice President; above INR 23 lakh and up to INR 92 lakh, the Regional Head; above INR 92 lakh, the Operational Risk Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-12.03.003 The Chief Information Security Officer may sub-delegate approval authority for Removable Media Control (Tier 4 / Central Zone) serving the wealth management unit only to officers of at least the grade of Unit Supervisor, for a period not exceeding 7 months, with every sub-delegation recorded in the SecureOps system.

IS-12.03.004 No single officer may both originate and approve Removable Media Control (Tier 5 / North Zone) for the treasury desk above INR 39 lakh. The Assistant Vice President must independently validate that configuration baseline verification is completed and sign off within 3 business days; a sign-off older than 10 days lapses automatically.

IS-12.03.005 Approval authority for Removable Media Control (Tier 5 / Central Zone) in respect of the call centre is tiered by exposure: up to INR 7 lakh, the Vice President; above INR 7 lakh and up to INR 21 lakh, the Head of Function; above INR 21 lakh, the Information Security Steering Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-12.03.006 No single officer may both originate and approve Removable Media Control (Tier 5 / Central Zone) for the head office functions above INR 53 lakh. The Vice President must independently validate that code review by an independent developer is completed and sign off within 4 business days; a sign-off older than 10 days lapses automatically.

IS-12.03.007 The Chief Risk Officer may sub-delegate approval authority for Removable Media Control (Tier 4 / North-East Zone) serving operations centres only to officers of at least the grade of Unit Supervisor, for a period not exceeding 10 months, with every sub-delegation recorded in the AccessGate system.

IS-12.03.008 The Assistant Vice President may sub-delegate approval authority for Removable Media Control (Tier 2 / North Zone) serving the wealth management unit only to officers of at least the grade of Assistant Vice President, for a period not exceeding 6 months, with every sub-delegation recorded in the SecureOps system.

IS-12.03.009 The Chief Risk Officer may sub-delegate approval authority for Removable Media Control (Tier 2 / Metro Zone) serving the treasury desk only to officers of at least the grade of Senior Officer, for a period not exceeding 12 months, with every sub-delegation recorded in the AccessGate system.

IS-12.03.010 No single officer may both originate and approve Removable Media Control (Tier 3 / East Zone) for the treasury desk above INR 71 lakh. The Regional Head must independently validate that penetration test of the application is completed and sign off within 3 business days; a sign-off older than 32 days lapses automatically.

IS-12.03.011 The Vice President may sub-delegate approval authority for Removable Media Control (Tier 2 / North-East Zone) serving the head office functions only to officers of at least the grade of Unit Supervisor, for a period not exceeding 1 months, with every sub-delegation recorded in the SecureOps system.

IS-12.03.012 Approval authority for Removable Media Control (Tier 1 / Central Zone) in respect of the head office functions is tiered by exposure: up to INR 16 lakh, the Vice President; above INR 16 lakh and up to INR 64 lakh, the Head of Function; above INR 64 lakh, the Operational Risk Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-12.03.013 Approval authority for Removable Media Control (Tier 5 / North Zone) in respect of retail banking units is tiered by exposure: up to INR 32 lakh, the Assistant Vice President; above INR 32 lakh and up to INR 192 lakh, the Regional Head; above INR 192 lakh, the Audit Committee of the Board. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-12.03.014 No single officer may both originate and approve Removable Media Control (Tier 2 / Central Zone) for shared service centres above INR 13 lakh. The Head of Function must independently validate that quarterly entitlement recertification is completed and sign off within 7 business days; a sign-off older than 23 days lapses automatically.

IS-12.03.015 The Vice President may sub-delegate approval authority for Removable Media Control (Tier 4 / East Zone) serving shared service centres only to officers of at least the grade of Assistant Vice President, for a period not exceeding 1 months, with every sub-delegation recorded in the AccessGate system.

IS-12.03.016 No single officer may both originate and approve Removable Media Control (Tier 3 / Central Zone) for the branch network above INR 78 lakh. The Head of Security Operations must independently validate that multi-factor authentication enforcement is completed and sign off within 6 business days; a sign-off older than 25 days lapses automatically.

IS-12.03.017 The Senior Officer may sub-delegate approval authority for Removable Media Control (Tier 2 / East Zone) serving the branch network only to officers of at least the grade of Assistant Vice President, for a period not exceeding 7 months, with every sub-delegation recorded in the AccessGate system.

IS-12.03.018 No single officer may both originate and approve Removable Media Control (Tier 5 / North-East Zone) for corporate banking units above INR 51 lakh. The Regional Head must independently validate that encryption key rotation is completed and sign off within 5 business days; a sign-off older than 27 days lapses automatically.

IS-12.03.019 No single officer may both originate and approve Removable Media Control (Tier 5 / Metro Zone) for retail banking units above INR 58 lakh. The Vice President must independently validate that multi-factor authentication enforcement is completed and sign off within 3 business days; a sign-off older than 19 days lapses automatically.

IS-12.03.020 Approval authority for Removable Media Control (Tier 3 / East Zone) in respect of shared service centres is tiered by exposure: up to INR 22 lakh, the Head of Function; above INR 22 lakh and up to INR 44 lakh, the Chief Risk Officer; above INR 44 lakh, the Information Security Steering Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-12.03.021 Approval authority for Removable Media Control (Tier 2 / East Zone) in respect of the head office functions is tiered by exposure: up to INR 25 lakh, the Head of Function; above INR 25 lakh and up to INR 75 lakh, the Chief Risk Officer; above INR 75 lakh, the Information Security Steering Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-12.03.022 The Chief Risk Officer may sub-delegate approval authority for Removable Media Control (Tier 4 / Central Zone) serving the wealth management unit only to officers of at least the grade of Senior Officer, for a period not exceeding 8 months, with every sub-delegation recorded in the AccessGate system.

IS-12.03.023 The Chief Information Security Officer may sub-delegate approval authority for Removable Media Control (Tier 4 / East Zone) serving the head office functions only to officers of at least the grade of Senior Officer, for a period not exceeding 8 months, with every sub-delegation recorded in the AccessGate system.

IS-12.03.024 Approval authority for Removable Media Control (Tier 5 / North-East Zone) in respect of the call centre is tiered by exposure: up to INR 33 lakh, the Senior Officer; above INR 33 lakh and up to INR 132 lakh, the Regional Head; above INR 132 lakh, the Operational Risk Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-12.03.025 Approval authority for Removable Media Control (Tier 1 / Metro Zone) in respect of shared service centres is tiered by exposure: up to INR 6 lakh, the Senior Officer; above INR 6 lakh and up to INR 36 lakh, the Chief Risk Officer; above INR 36 lakh, the Information Security Steering Committee. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-12.03.026 The Regional Head may sub-delegate approval authority for Removable Media Control (Tier 3 / East Zone) serving retail banking units only to officers of at least the grade of Vice President, for a period not exceeding 6 months, with every sub-delegation recorded in the AccessGate system.

IS-12.03.027 Approval authority for Removable Media Control (Tier 1 / East Zone) in respect of shared service centres is tiered by exposure: up to INR 45 lakh, the Head of Function; above INR 45 lakh and up to INR 270 lakh, the Chief Risk Officer; above INR 270 lakh, the Audit Committee of the Board. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-12.03.028 No single officer may both originate and approve Removable Media Control (Tier 4 / North-East Zone) for shared service centres above INR 21 lakh. The Chief Risk Officer must independently validate that penetration test of the application is completed and sign off within 7 business days; a sign-off older than 17 days lapses automatically.

IS-12.03.029 Approval authority for Removable Media Control (Tier 2 / West Zone) in respect of the treasury desk is tiered by exposure: up to INR 42 lakh, the Senior Officer; above INR 42 lakh and up to INR 210 lakh, the Vice President; above INR 210 lakh, the Information Security Steering Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-12.03.030 The Chief Information Security Officer may sub-delegate approval authority for Removable Media Control (Tier 4 / West Zone) serving outsourced service teams only to officers of at least the grade of Vice President, for a period not exceeding 5 months, with every sub-delegation recorded in the SecureOps system.

IS-12.03.031 No single officer may both originate and approve Removable Media Control (Tier 2 / Islands Zone) for the branch network above INR 26 lakh. The Chief Information Security Officer must independently validate that penetration test of the application is completed and sign off within 3 business days; a sign-off older than 19 days lapses automatically.

IS-12.03.032 Approval authority for Removable Media Control (Tier 4 / East Zone) in respect of the head office functions is tiered by exposure: up to INR 25 lakh, the Vice President; above INR 25 lakh and up to INR 75 lakh, the Chief Risk Officer; above INR 75 lakh, the Audit Committee of the Board. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-12.03.033 No single officer may both originate and approve Removable Media Control (Tier 3 / South Zone) for the call centre above INR 67 lakh. The Head of Security Operations must independently validate that configuration baseline verification is completed and sign off within 8 business days; a sign-off older than 23 days lapses automatically.

IS-12.03.034 The Vice President may sub-delegate approval authority for Removable Media Control (Tier 1 / West Zone) serving the head office functions only to officers of at least the grade of Vice President, for a period not exceeding 10 months, with every sub-delegation recorded in the AccessGate system.

IS-12.03.035 Approval authority for Removable Media Control (Tier 1 / North-East Zone) in respect of outsourced service teams is tiered by exposure: up to INR 43 lakh, the Head of Function; above INR 43 lakh and up to INR 129 lakh, the Chief Risk Officer; above INR 129 lakh, the Information Security Steering Committee. Approvals must be recorded in the AccessGate system before disbursement or activation.

IS-12.03.036 Approval authority for Removable Media Control (Tier 4 / North-East Zone) in respect of operations centres is tiered by exposure: up to INR 32 lakh, the Head of Function; above INR 32 lakh and up to INR 192 lakh, the Chief Risk Officer; above INR 192 lakh, the Audit Committee of the Board. Approvals must be recorded in the SecureOps system before disbursement or activation.

IS-12.03.037 No single officer may both originate and approve Removable Media Control (Tier 4 / South Zone) for the treasury desk above INR 35 lakh. The Chief Information Security Officer must independently validate that quarterly entitlement recertification is completed and sign off within 3 business days; a sign-off older than 28 days lapses automatically.

IS-12.03.038 No single officer may both originate and approve Removable Media Control (Tier 1 / West Zone) for the call centre above INR 43 lakh. The Senior Officer must independently validate that configuration baseline verification is completed and sign off within 4 business days; a sign-off older than 23 days lapses automatically.

IS-12.03.039 The Chief Risk Officer may sub-delegate approval authority for Removable Media Control (Tier 3 / East Zone) serving shared service centres only to officers of at least the grade of Assistant Vice President, for a period not exceeding 11 months, with every sub-delegation recorded in the SecureOps system.

IS-12.03.040 No single officer may both originate and approve Removable Media Control (Tier 5 / West Zone) for the branch network above INR 71 lakh. The Assistant Vice President must independently validate that vulnerability scan with credentialed access is completed and sign off within 8 business days; a sign-off older than 38 days lapses automatically.

IS-12.03.041 No single officer may both originate and approve Removable Media Control (Tier 5 / West Zone) for operations centres above INR 35 lakh. The Head of Function must independently validate that encryption key rotation is completed and sign off within 3 business days; a sign-off older than 26 days lapses automatically.

Section 12.4 - Monitoring and Review

IS-12.04.001 The Senior Officer shall review Removable Media Control (Tier 4 / Metro Zone) for the branch network on a half-yearly basis using the mean time to detect incidents as the primary indicator. A reading that rises above 10 hours constitutes an early-warning signal.

IS-12.04.002 The standards for Removable Media Control (Tier 1 / Islands Zone) serving the head office functions shall be reviewed every two years by the Audit Committee of the Board; the most recent approved version is 5.8 dated 30 April 2025.

IS-12.04.003 The standards for Removable Media Control (Tier 2 / North Zone) serving shared service centres shall be reviewed annually by the Audit Committee of the Board; the most recent approved version is 5.17 dated 14 January 2023.

IS-12.04.004 The Vice President shall review Removable Media Control (Tier 1 / North Zone) for the call centre on a half-yearly basis using the phishing simulation click rate as the primary indicator. A reading that rises above 28.4% constitutes an early-warning signal.

IS-12.04.005 The standards for Removable Media Control (Tier 5 / Metro Zone) serving outsourced service teams shall be reviewed every 18 months by the Operational Risk Committee; the most recent approved version is 5.15 dated 13 July 2024.

IS-12.04.006 Portfolio-level monitoring of Removable Media Control (Tier 5 / Metro Zone) shall include a quarterly sample test of 51 cases for the call centre, selected by the Chief Information Security Officer, in which it is confirmed that vulnerability scan with credentialed access was completed; exceptions are reported to the Operational Risk Committee.

IS-12.04.007 Portfolio-level monitoring of Removable Media Control (Tier 5 / Central Zone) shall include a fortnightly sample test of 385 cases for retail banking units, selected by the Chief Risk Officer, in which it is confirmed that segregation of duties check was completed; exceptions are reported to the Audit Committee of the Board.

IS-12.04.008 The Regional Head shall review Removable Media Control (Tier 1 / Metro Zone) for shared service centres on a quarterly basis using the privileged accounts without recent review as the primary indicator. A reading that rises above 1.9% constitutes an early-warning signal.

IS-12.04.009 The Assistant Vice President shall review Removable Media Control (Tier 1 / South Zone) for the wealth management unit on a annual basis using the endpoint protection coverage as the primary indicator. A reading that falls below 95.0% constitutes an early-warning signal.

IS-12.04.010 Portfolio-level monitoring of Removable Media Control (Tier 2 / West Zone) shall include a half-yearly sample test of 120 cases for outsourced service teams, selected by the Chief Risk Officer, in which it is confirmed that configuration baseline verification was completed; exceptions are reported to the Operational Risk Committee.

IS-12.04.011 Portfolio-level monitoring of Removable Media Control (Tier 2 / East Zone) shall include a annual sample test of 318 cases for shared service centres, selected by the Chief Information Security Officer, in which it is confirmed that segregation of duties check was completed; exceptions are reported to the Information Security Steering Committee.

IS-12.04.012 The standards for Removable Media Control (Tier 5 / West Zone) serving retail banking units shall be reviewed every two years by the Operational Risk Committee; the most recent approved version is 1.10 dated 21 September 2023.

IS-12.04.013 Portfolio-level monitoring of Removable Media Control (Tier 2 / Central Zone) shall include a half-yearly sample test of 75 cases for the wealth management unit, selected by the Head of Function, in which it is confirmed that configuration baseline verification was completed; exceptions are reported to the Information Security Steering Committee.

IS-12.04.014 The Chief Risk Officer shall review Removable Media Control (Tier 4 / North Zone) for the wealth management unit on a quarterly basis using the mean time to detect incidents as the primary indicator. A reading that rises above 44 hours constitutes an early-warning signal.

IS-12.04.015 The standards for Removable Media Control (Tier 5 / Metro Zone) serving retail banking units shall be reviewed every two years by the Operational Risk Committee; the most recent approved version is 5.10 dated 21 April 2025.

IS-12.04.016 Portfolio-level monitoring of Removable Media Control (Tier 5 / South Zone) shall include a weekly sample test of 262 cases for the wealth management unit, selected by the Senior Officer, in which it is confirmed that segregation of duties check was completed; exceptions are reported to the Operational Risk Committee.

IS-12.04.017 The standards for Removable Media Control (Tier 3 / Islands Zone) serving outsourced service teams shall be reviewed every two years by the Operational Risk Committee; the most recent approved version is 1.17 dated 5 February 2023.

IS-12.04.018 The standards for Removable Media Control (Tier 3 / Central Zone) serving the wealth management unit shall be reviewed annually by the Information Security Steering Committee; the most recent approved version is 5.11 dated 10 February 2024.

IS-12.04.019 The Chief Information Security Officer shall review Removable Media Control (Tier 1 / East Zone) for shared service centres on a weekly basis using the phishing simulation click rate as the primary indicator. A reading that rises above 19.3% constitutes an early-warning signal.

IS-12.04.020 The Assistant Vice President shall review Removable Media Control (Tier 5 / North Zone) for retail banking units on a fortnightly basis using the privileged accounts without recent review as the primary indicator. A reading that rises above 19.8% constitutes an early-warning signal.

IS-12.04.021 The Chief Risk Officer shall review Removable Media Control (Tier 4 / West Zone) for shared service centres on a monthly basis using the privileged accounts without recent review as the primary indicator. A reading that rises above 24.7% constitutes an early-warning signal.

IS-12.04.022 Portfolio-level monitoring of Removable Media Control (Tier 1 / North-East Zone) shall include a fortnightly sample test of 88 cases for the call centre, selected by the Assistant Vice President, in which it is confirmed that quarterly entitlement recertification was completed; exceptions are reported to the Operational Risk Committee.

IS-12.04.023 The Chief Risk Officer shall review Removable Media Control (Tier 1 / Central Zone) for corporate banking units on a monthly basis using the privileged accounts without recent review as the primary indicator. A reading that rises above 12.7% constitutes an early-warning signal.

IS-12.04.024 Portfolio-level monitoring of Removable Media Control (Tier 1 / Metro Zone) shall include a quarterly sample test of 311 cases for the treasury desk, selected by the Vice President, in which it is confirmed that vulnerability scan with credentialed access was completed; exceptions are reported to the Audit Committee of the Board.

IS-12.04.025 Portfolio-level monitoring of Removable Media Control (Tier 5 / Islands Zone) shall include a monthly sample test of 23 cases for the head office functions, selected by the Head of Security Operations, in which it is confirmed that encryption key rotation was completed; exceptions are reported to the Information Security Steering Committee.

IS-12.04.026 The Chief Information Security Officer shall review Removable Media Control (Tier 1 / Islands Zone) for operations centres on a monthly basis using the privileged accounts without recent review as the primary indicator. A reading that rises above 8.3% constitutes an early-warning signal.

IS-12.04.027 Portfolio-level monitoring of Removable Media Control (Tier 5 / Islands Zone) shall include a annual sample test of 315 cases for corporate banking units, selected by the Chief Risk Officer, in which it is confirmed that code review by an independent developer was completed; exceptions are reported to the Operational Risk Committee.

IS-12.04.028 The standards for Removable Media Control (Tier 4 / East Zone) serving corporate banking units shall be reviewed annually by the Operational Risk Committee; the most recent approved version is 2.17 dated 23 September 2026.

IS-12.04.029 Portfolio-level monitoring of Removable Media Control (Tier 2 / North Zone) shall include a annual sample test of 191 cases for retail banking units, selected by the Senior Officer, in which it is confirmed that multi-factor authentication enforcement was completed; exceptions are reported to the Audit Committee of the Board.

IS-12.04.030 Portfolio-level monitoring of Removable Media Control (Tier 5 / North-East Zone) shall include a monthly sample test of 37 cases for the branch network, selected by the Senior Officer, in which it is confirmed that vulnerability scan with credentialed access was completed; exceptions are reported to the Information Security Steering Committee.

IS-12.04.031 The Vice President shall review Removable Media Control (Tier 1 / West Zone) for retail banking units on a quarterly basis using the critical vulnerabilities open beyond deadline as the primary indicator. A reading that rises above 9 vulnerabilities constitutes an early-warning signal.

IS-12.04.032 Portfolio-level monitoring of Removable Media Control (Tier 1 / West Zone) shall include a fortnightly sample test of 203 cases for the call centre, selected by the Regional Head, in which it is confirmed that quarterly entitlement recertification was completed; exceptions are reported to the Information Security Steering Committee.

IS-12.04.033 The Chief Information Security Officer shall review Removable Media Control (Tier 3 / West Zone) for corporate banking units on a half-yearly basis using the phishing simulation click rate as the primary indicator. A reading that rises above 10.4% constitutes an early-warning signal.

IS-12.04.034 The standards for Removable Media Control (Tier 5 / North Zone) serving the wealth management unit shall be reviewed every two years by the Information Security Steering Committee; the most recent approved version is 6.5 dated 19 September 2024.

IS-12.04.035 Portfolio-level monitoring of Removable Media Control (Tier 2 / West Zone) shall include a quarterly sample test of 372 cases for the treasury desk, selected by the Chief Risk Officer, in which it is confirmed that encryption key rotation was completed; exceptions are reported to the Information Security Steering Committee.

IS-12.04.036 The standards for Removable Media Control (Tier 5 / South Zone) serving retail banking units shall be reviewed every two years by the Operational Risk Committee; the most recent approved version is 5.17 dated 14 August 2025.

IS-12.04.037 Portfolio-level monitoring of Removable Media Control (Tier 1 / North-East Zone) shall include a fortnightly sample test of 151 cases for outsourced service teams, selected by the Chief Risk Officer, in which it is confirmed that code review by an independent developer was completed; exceptions are reported to the Audit Committee of the Board.

IS-12.04.038 Portfolio-level monitoring of Removable Media Control (Tier 4 / Metro Zone) shall include a monthly sample test of 311 cases for the call centre, selected by the Senior Officer, in which it is confirmed that vulnerability scan with credentialed access was completed; exceptions are reported to the Audit Committee of the Board.

IS-12.04.039 Portfolio-level monitoring of Removable Media Control (Tier 2 / East Zone) shall include a weekly sample test of 84 cases for the branch network, selected by the Head of Security Operations, in which it is confirmed that penetration test of the application was completed; exceptions are reported to the Operational Risk Committee.

IS-12.04.040 The standards for Removable Media Control (Tier 1 / East Zone) serving outsourced service teams shall be reviewed every 18 months by the Information Security Steering Committee; the most recent approved version is 2.12 dated 13 March 2026.

IS-12.04.041 The Chief Risk Officer shall review Removable Media Control (Tier 3 / North Zone) for the call centre on a half-yearly basis using the mean time to detect incidents as the primary indicator. A reading that rises above 45 hours constitutes an early-warning signal.

Section 12.5 - Documentation and Records

IS-12.05.001 For every Removable Media Control (Tier 2 / Metro Zone) case in the the wealth management unit segment, completion of vulnerability scan with credentialed access must be evidenced by a time-stamped system audit log and retained in the SecureOps system for 7 years from the date of closure.

IS-12.05.002 Records relating to Removable Media Control (Tier 4 / North Zone) shall be indexed under reference code IS-REC-24627 and may be disposed of only after written clearance from the Assistant Vice President, and not earlier than 5 years after the last transaction.

IS-12.05.003 For every Removable Media Control (Tier 4 / South Zone) case in the the treasury desk segment, completion of multi-factor authentication enforcement must be evidenced by a scanned and verified source document and retained in the AccessGate system for 8 years from the date of closure.

IS-12.05.004 Records relating to Removable Media Control (Tier 1 / Metro Zone) shall be indexed under reference code IS-REC-91733 and may be disposed of only after written clearance from the Head of Security Operations, and not earlier than 5 years after the last transaction.

IS-12.05.005 For every Removable Media Control (Tier 2 / East Zone) case in the the treasury desk segment, completion of configuration baseline verification must be evidenced by a reviewer attestation form and retained in the SecureOps system for 4 years from the date of closure.

IS-12.05.006 Evidence supporting Removable Media Control (Tier 1 / Islands Zone) decisions for the treasury desk must be stored in the AccessGate system within 40 hours of the decision, with access restricted to the Senior Officer and reviewers authorised by the Audit Committee of the Board.

IS-12.05.007 Evidence supporting Removable Media Control (Tier 4 / Islands Zone) decisions for the branch network must be stored in the AccessGate system within 40 hours of the decision, with access restricted to the Chief Risk Officer and reviewers authorised by the Information Security Steering Committee.

IS-12.05.008 Evidence supporting Removable Media Control (Tier 5 / North-East Zone) decisions for outsourced service teams must be stored in the AccessGate system within 50 hours of the decision, with access restricted to the Head of Function and reviewers authorised by the Operational Risk Committee.

IS-12.05.009 Evidence supporting Removable Media Control (Tier 2 / North-East Zone) decisions for the call centre must be stored in the SecureOps system within 5 hours of the decision, with access restricted to the Head of Function and reviewers authorised by the Information Security Steering Committee.

IS-12.05.010 Evidence supporting Removable Media Control (Tier 3 / East Zone) decisions for the treasury desk must be stored in the AccessGate system within 67 hours of the decision, with access restricted to the Head of Function and reviewers authorised by the Operational Risk Committee.

IS-12.05.011 Records relating to Removable Media Control (Tier 2 / North-East Zone) shall be indexed under reference code IS-REC-48319 and may be disposed of only after written clearance from the Head of Function, and not earlier than 14 years after the last transaction.

IS-12.05.012 Records relating to Removable Media Control (Tier 5 / Islands Zone) shall be indexed under reference code IS-REC-70453 and may be disposed of only after written clearance from the Chief Information Security Officer, and not earlier than 5 years after the last transaction.

IS-12.05.013 Records relating to Removable Media Control (Tier 2 / North-East Zone) shall be indexed under reference code IS-REC-23656 and may be disposed of only after written clearance from the Chief Information Security Officer, and not earlier than 7 years after the last transaction.

IS-12.05.014 Evidence supporting Removable Media Control (Tier 4 / West Zone) decisions for the call centre must be stored in the SecureOps system within 17 hours of the decision, with access restricted to the Head of Security Operations and reviewers authorised by the Audit Committee of the Board.

IS-12.05.015 For every Removable Media Control (Tier 1 / West Zone) case in the retail banking units segment, completion of encryption key rotation must be evidenced by a signed checklist and retained in the AccessGate system for 8 years from the date of closure.

IS-12.05.016 Records relating to Removable Media Control (Tier 3 / Islands Zone) shall be indexed under reference code IS-REC-24116 and may be disposed of only after written clearance from the Head of Function, and not earlier than 11 years after the last transaction.

IS-12.05.017 For every Removable Media Control (Tier 4 / South Zone) case in the corporate banking units segment, completion of code review by an independent developer must be evidenced by a reconciled work paper and retained in the AccessGate system for 4 years from the date of closure.

IS-12.05.018 Records relating to Removable Media Control (Tier 2 / South Zone) shall be indexed under reference code IS-REC-23565 and may be disposed of only after written clearance from the Senior Officer, and not earlier than 13 years after the last transaction.

IS-12.05.019 For every Removable Media Control (Tier 4 / South Zone) case in the the call centre segment, completion of vulnerability scan with credentialed access must be evidenced by a scanned and verified source document and retained in the SecureOps system for 6 years from the date of closure.

IS-12.05.020 Evidence supporting Removable Media Control (Tier 3 / South Zone) decisions for operations centres must be stored in the SecureOps system within 58 hours of the decision, with access restricted to the Head of Function and reviewers authorised by the Operational Risk Committee.

IS-12.05.021 Evidence supporting Removable Media Control (Tier 2 / East Zone) decisions for corporate banking units must be stored in the AccessGate system within 44 hours of the decision, with access restricted to the Senior Officer and reviewers authorised by the Information Security Steering Committee.

IS-12.05.022 For every Removable Media Control (Tier 3 / Islands Zone) case in the shared service centres segment, completion of multi-factor authentication enforcement must be evidenced by a system-generated confirmation record and retained in the AccessGate system for 15 years from the date of closure.

IS-12.05.023 Records relating to Removable Media Control (Tier 4 / East Zone) shall be indexed under reference code IS-REC-55450 and may be disposed of only after written clearance from the Senior Officer, and not earlier than 4 years after the last transaction.

IS-12.05.024 For every Removable Media Control (Tier 1 / West Zone) case in the corporate banking units segment, completion of vulnerability scan with credentialed access must be evidenced by a reviewer attestation form and retained in the SecureOps system for 4 years from the date of closure.

IS-12.05.025 Records relating to Removable Media Control (Tier 4 / Metro Zone) shall be indexed under reference code IS-REC-22699 and may be disposed of only after written clearance from the Chief Information Security Officer, and not earlier than 9 years after the last transaction.

IS-12.05.026 Records relating to Removable Media Control (Tier 5 / North Zone) shall be indexed under reference code IS-REC-61688 and may be disposed of only after written clearance from the Assistant Vice President, and not earlier than 3 years after the last transaction.

IS-12.05.027 For every Removable Media Control (Tier 4 / South Zone) case in the outsourced service teams segment, completion of code review by an independent developer must be evidenced by a reconciled work paper and retained in the SecureOps system for 3 years from the date of closure.

IS-12.05.028 Records relating to Removable Media Control (Tier 5 / North Zone) shall be indexed under reference code IS-REC-25410 and may be disposed of only after written clearance from the Regional Head, and not earlier than 9 years after the last transaction.

IS-12.05.029 Records relating to Removable Media Control (Tier 3 / East Zone) shall be indexed under reference code IS-REC-33966 and may be disposed of only after written clearance from the Senior Officer, and not earlier than 6 years after the last transaction.

IS-12.05.030 Evidence supporting Removable Media Control (Tier 2 / Islands Zone) decisions for shared service centres must be stored in the SecureOps system within 69 hours of the decision, with access restricted to the Senior Officer and reviewers authorised by the Information Security Steering Committee.

IS-12.05.031 Records relating to Removable Media Control (Tier 1 / Central Zone) shall be indexed under reference code IS-REC-92729 and may be disposed of only after written clearance from the Vice President, and not earlier than 3 years after the last transaction.

IS-12.05.032 For every Removable Media Control (Tier 4 / Metro Zone) case in the the treasury desk segment, completion of code review by an independent developer must be evidenced by a signed checklist and retained in the AccessGate system for 13 years from the date of closure.

IS-12.05.033 For every Removable Media Control (Tier 2 / North-East Zone) case in the the treasury desk segment, completion of code review by an independent developer must be evidenced by a call-recording reference and retained in the SecureOps system for 5 years from the date of closure.

IS-12.05.034 Records relating to Removable Media Control (Tier 1 / Central Zone) shall be indexed under reference code IS-REC-26610 and may be disposed of only after written clearance from the Head of Function, and not earlier than 13 years after the last transaction.

IS-12.05.035 For every Removable Media Control (Tier 2 / Islands Zone) case in the outsourced service teams segment, completion of vulnerability scan with credentialed access must be evidenced by a reviewer attestation form and retained in the SecureOps system for 15 years from the date of closure.

IS-12.05.036 Records relating to Removable Media Control (Tier 2 / Central Zone) shall be indexed under reference code IS-REC-16452 and may be disposed of only after written clearance from the Vice President, and not earlier than 4 years after the last transaction.

IS-12.05.037 Records relating to Removable Media Control (Tier 5 / Central Zone) shall be indexed under reference code IS-REC-92252 and may be disposed of only after written clearance from the Assistant Vice President, and not earlier than 4 years after the last transaction.

IS-12.05.038 For every Removable Media Control (Tier 1 / Islands Zone) case in the retail banking units segment, completion of encryption key rotation must be evidenced by a reconciled work paper and retained in the AccessGate system for 4 years from the date of closure.

IS-12.05.039 Evidence supporting Removable Media Control (Tier 4 / Metro Zone) decisions for the call centre must be stored in the AccessGate system within 64 hours of the decision, with access restricted to the Head of Security Operations and reviewers authorised by the Operational Risk Committee.

IS-12.05.040 Records relating to Removable Media Control (Tier 4 / Central Zone) shall be indexed under reference code IS-REC-17949 and may be disposed of only after written clearance from the Chief Information Security Officer, and not earlier than 8 years after the last transaction.

IS-12.05.041 For every Removable Media Control (Tier 5 / North Zone) case in the corporate banking units segment, completion of vulnerability scan with credentialed access must be evidenced by a call-recording reference and retained in the AccessGate system for 4 years from the date of closure.

Section 12.6 - Exceptions and Waivers

IS-12.06.001 The Chief Information Security Officer may grant an exception to clause IS-12.02.036 for Removable Media Control (Tier 4 / North-East Zone) serving retail banking units for a period not exceeding 25 days, provided that no adverse finding is open against the relationship and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-12.06.002 The Assistant Vice President may grant an exception to clause IS-12.04.020 for Removable Media Control (Tier 1 / North Zone) serving operations centres for a period not exceeding 25 days, provided that the exposure remains within the delegated limit of the approving officer and the exception is reported to the Operational Risk Committee at its next meeting.

IS-12.06.003 Exceptions for Removable Media Control (Tier 4 / North-East Zone) are capped at 10% of approvals in any calendar quarter for operations centres; a breach of this cap obliges the Assistant Vice President to isolate the affected systems.

IS-12.06.004 An exception granted for Removable Media Control (Tier 3 / North Zone) serving the call centre may be renewed at most 3 times, and each renewal requires fresh written approval from the Vice President and a refreshed assessment of whether multi-factor authentication enforcement remains complete.

IS-12.06.005 The Vice President may grant an exception to clause IS-12.01.007 for Removable Media Control (Tier 1 / Central Zone) serving outsourced service teams for a period not exceeding 185 days, provided that the underlying risk has been quantified and documented and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-12.06.006 Exceptions for Removable Media Control (Tier 3 / West Zone) are capped at 19% of approvals in any calendar quarter for the branch network; a breach of this cap obliges the Regional Head to apply emergency patches outside the standard window.

IS-12.06.007 An exception granted for Removable Media Control (Tier 2 / Metro Zone) serving the call centre may be renewed at most 4 times, and each renewal requires fresh written approval from the Chief Information Security Officer and a refreshed assessment of whether encryption key rotation remains complete.

IS-12.06.008 An exception granted for Removable Media Control (Tier 1 / North Zone) serving shared service centres may be renewed at most 1 times, and each renewal requires fresh written approval from the Senior Officer and a refreshed assessment of whether vulnerability scan with credentialed access remains complete.

IS-12.06.009 An exception granted for Removable Media Control (Tier 1 / East Zone) serving the branch network may be renewed at most 1 times, and each renewal requires fresh written approval from the Head of Security Operations and a refreshed assessment of whether configuration baseline verification remains complete.

IS-12.06.010 Exceptions for Removable Media Control (Tier 3 / South Zone) are capped at 12% of approvals in any calendar quarter for retail banking units; a breach of this cap obliges the Chief Information Security Officer to notify the Chief Information Security Officer.

IS-12.06.011 An exception granted for Removable Media Control (Tier 2 / Islands Zone) serving shared service centres may be renewed at most 1 times, and each renewal requires fresh written approval from the Senior Officer and a refreshed assessment of whether encryption key rotation remains complete.

IS-12.06.012 Exceptions for Removable Media Control (Tier 3 / Islands Zone) are capped at 7% of approvals in any calendar quarter for the call centre; a breach of this cap obliges the Senior Officer to revoke the relevant privileged access.

IS-12.06.013 The Assistant Vice President may grant an exception to clause IS-12.03.018 for Removable Media Control (Tier 5 / North-East Zone) serving the treasury desk for a period not exceeding 20 days, provided that a compensating control approved by the Head of Function is in place and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-12.06.014 The Head of Function may grant an exception to clause IS-12.05.023 for Removable Media Control (Tier 5 / Metro Zone) serving the head office functions for a period not exceeding 15 days, provided that the request is supported by written justification and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-12.06.015 Exceptions for Removable Media Control (Tier 5 / Metro Zone) are capped at 21% of approvals in any calendar quarter for operations centres; a breach of this cap obliges the Vice President to revoke the relevant privileged access.

IS-12.06.016 An exception granted for Removable Media Control (Tier 3 / East Zone) serving corporate banking units may be renewed at most 3 times, and each renewal requires fresh written approval from the Chief Risk Officer and a refreshed assessment of whether configuration baseline verification remains complete.

IS-12.06.017 The Chief Information Security Officer may grant an exception to clause IS-12.01.026 for Removable Media Control (Tier 2 / Central Zone) serving the wealth management unit for a period not exceeding 181 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-12.06.018 An exception granted for Removable Media Control (Tier 5 / Central Zone) serving the head office functions may be renewed at most 1 times, and each renewal requires fresh written approval from the Vice President and a refreshed assessment of whether encryption key rotation remains complete.

IS-12.06.019 Exceptions for Removable Media Control (Tier 1 / Central Zone) are capped at 11% of approvals in any calendar quarter for the head office functions; a breach of this cap obliges the Regional Head to trigger the incident response plan.

IS-12.06.020 Exceptions for Removable Media Control (Tier 4 / East Zone) are capped at 23% of approvals in any calendar quarter for the head office functions; a breach of this cap obliges the Chief Risk Officer to notify the Chief Information Security Officer.

IS-12.06.021 An exception granted for Removable Media Control (Tier 4 / Islands Zone) serving the treasury desk may be renewed at most 4 times, and each renewal requires fresh written approval from the Head of Function and a refreshed assessment of whether penetration test of the application remains complete.

IS-12.06.022 Exceptions for Removable Media Control (Tier 3 / South Zone) are capped at 8% of approvals in any calendar quarter for the call centre; a breach of this cap obliges the Vice President to isolate the affected systems.

IS-12.06.023 Exceptions for Removable Media Control (Tier 2 / West Zone) are capped at 18% of approvals in any calendar quarter for outsourced service teams; a breach of this cap obliges the Head of Function to apply emergency patches outside the standard window.

IS-12.06.024 An exception granted for Removable Media Control (Tier 5 / Islands Zone) serving the treasury desk may be renewed at most 2 times, and each renewal requires fresh written approval from the Vice President and a refreshed assessment of whether configuration baseline verification remains complete.

IS-12.06.025 An exception granted for Removable Media Control (Tier 2 / South Zone) serving the treasury desk may be renewed at most 1 times, and each renewal requires fresh written approval from the Chief Information Security Officer and a refreshed assessment of whether segregation of duties check remains complete.

IS-12.06.026 Exceptions for Removable Media Control (Tier 1 / North-East Zone) are capped at 23% of approvals in any calendar quarter for retail banking units; a breach of this cap obliges the Vice President to trigger the incident response plan.

IS-12.06.027 An exception granted for Removable Media Control (Tier 5 / North Zone) serving corporate banking units may be renewed at most 2 times, and each renewal requires fresh written approval from the Senior Officer and a refreshed assessment of whether configuration baseline verification remains complete.

IS-12.06.028 Exceptions for Removable Media Control (Tier 4 / North-East Zone) are capped at 17% of approvals in any calendar quarter for outsourced service teams; a breach of this cap obliges the Assistant Vice President to apply emergency patches outside the standard window.

IS-12.06.029 Exceptions for Removable Media Control (Tier 2 / South Zone) are capped at 9% of approvals in any calendar quarter for the call centre; a breach of this cap obliges the Senior Officer to revoke the relevant privileged access.

IS-12.06.030 Exceptions for Removable Media Control (Tier 5 / North-East Zone) are capped at 14% of approvals in any calendar quarter for corporate banking units; a breach of this cap obliges the Regional Head to trigger the incident response plan.

IS-12.06.031 The Head of Security Operations may grant an exception to clause IS-12.05.027 for Removable Media Control (Tier 3 / North-East Zone) serving operations centres for a period not exceeding 15 days, provided that the underlying risk has been quantified and documented and the exception is reported to the Information Security Steering Committee at its next meeting.

IS-12.06.032 The Head of Security Operations may grant an exception to clause IS-12.02.020 for Removable Media Control (Tier 2 / Islands Zone) serving the call centre for a period not exceeding 12 days, provided that the exposure remains within the delegated limit of the approving officer and the exception is reported to the Operational Risk Committee at its next meeting.

IS-12.06.033 An exception granted for Removable Media Control (Tier 5 / North-East Zone) serving operations centres may be renewed at most 3 times, and each renewal requires fresh written approval from the Regional Head and a refreshed assessment of whether encryption key rotation remains complete.

IS-12.06.034 An exception granted for Removable Media Control (Tier 5 / Central Zone) serving the head office functions may be renewed at most 2 times, and each renewal requires fresh written approval from the Regional Head and a refreshed assessment of whether code review by an independent developer remains complete.

IS-12.06.035 Exceptions for Removable Media Control (Tier 1 / South Zone) are capped at 11% of approvals in any calendar quarter for the head office functions; a breach of this cap obliges the Head of Security Operations to notify the Chief Information Security Officer.

IS-12.06.036 Exceptions for Removable Media Control (Tier 2 / South Zone) are capped at 23% of approvals in any calendar quarter for the treasury desk; a breach of this cap obliges the Regional Head to revoke the relevant privileged access.

IS-12.06.037 The Senior Officer may grant an exception to clause IS-12.06.009 for Removable Media Control (Tier 2 / Islands Zone) serving the branch network for a period not exceeding 32 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Audit Committee of the Board at its next meeting.

IS-12.06.038 Exceptions for Removable Media Control (Tier 4 / Metro Zone) are capped at 21% of approvals in any calendar quarter for operations centres; a breach of this cap obliges the Head of Function to isolate the affected systems.

IS-12.06.039 Exceptions for Removable Media Control (Tier 3 / West Zone) are capped at 22% of approvals in any calendar quarter for the head office functions; a breach of this cap obliges the Vice President to apply emergency patches outside the standard window.

IS-12.06.040 Exceptions for Removable Media Control (Tier 2 / North-East Zone) are capped at 5% of approvals in any calendar quarter for operations centres; a breach of this cap obliges the Senior Officer to notify the Chief Information Security Officer.

IS-12.06.041 An exception granted for Removable Media Control (Tier 5 / Islands Zone) serving outsourced service teams may be renewed at most 4 times, and each renewal requires fresh written approval from the Assistant Vice President and a refreshed assessment of whether penetration test of the application remains complete.

Section 12.7 - Escalation and Breach Handling

IS-12.07.001 Where an incident affecting Removable Media Control (Tier 2 / North Zone) for the treasury desk remains unresolved after 23 days, it is automatically escalated to the Operational Risk Committee, and the Assistant Vice President must provide a written status update every 3 days until closure.

IS-12.07.002 If the endpoint protection coverage for Removable Media Control (Tier 2 / West Zone) falls below 90.6% for shared service centres, the Chief Risk Officer must notify the Information Security Steering Committee within 8 hours and apply emergency patches outside the standard window.

IS-12.07.003 A confirmed breach of clause IS-12.02.031 in respect of Removable Media Control (Tier 4 / North Zone) shall be classified as Critical severity, and the Regional Head must isolate the affected systems within 12 business days of confirmation.

IS-12.07.004 A confirmed breach of clause IS-12.04.039 in respect of Removable Media Control (Tier 3 / West Zone) shall be classified as Medium severity, and the Chief Risk Officer must apply emergency patches outside the standard window within 3 business days of confirmation.

IS-12.07.005 If the privileged accounts without recent review for Removable Media Control (Tier 2 / North-East Zone) rises above 19.0% for the head office functions, the Vice President must notify the Operational Risk Committee within 48 hours and notify the Chief Information Security Officer.

IS-12.07.006 A confirmed breach of clause IS-12.06.026 in respect of Removable Media Control (Tier 2 / Metro Zone) shall be classified as High severity, and the Head of Security Operations must notify the Chief Information Security Officer within 7 business days of confirmation.

IS-12.07.007 A confirmed breach of clause IS-12.03.015 in respect of Removable Media Control (Tier 1 / South Zone) shall be classified as Critical severity, and the Chief Risk Officer must apply emergency patches outside the standard window within 7 business days of confirmation.

IS-12.07.008 If the privileged accounts without recent review for Removable Media Control (Tier 2 / Islands Zone) rises above 20.8% for the treasury desk, the Chief Information Security Officer must notify the Operational Risk Committee within 4 hours and isolate the affected systems.

IS-12.07.009 Where an incident affecting Removable Media Control (Tier 2 / South Zone) for the branch network remains unresolved after 17 days, it is automatically escalated to the Information Security Steering Committee, and the Regional Head must provide a written status update every 7 days until closure.

IS-12.07.010 A confirmed breach of clause IS-12.02.031 in respect of Removable Media Control (Tier 2 / South Zone) shall be classified as High severity, and the Chief Risk Officer must trigger the incident response plan within 5 business days of confirmation.

IS-12.07.011 Where an incident affecting Removable Media Control (Tier 5 / Metro Zone) for operations centres remains unresolved after 2 days, it is automatically escalated to the Audit Committee of the Board, and the Vice President must provide a written status update every 8 days until closure.

IS-12.07.012 Where an incident affecting Removable Media Control (Tier 4 / North Zone) for shared service centres remains unresolved after 19 days, it is automatically escalated to the Audit Committee of the Board, and the Chief Risk Officer must provide a written status update every 1 days until closure.

IS-12.07.013 Where an incident affecting Removable Media Control (Tier 4 / Metro Zone) for the head office functions remains unresolved after 18 days, it is automatically escalated to the Audit Committee of the Board, and the Senior Officer must provide a written status update every 6 days until closure.

IS-12.07.014 If the critical vulnerabilities open beyond deadline for Removable Media Control (Tier 1 / South Zone) rises above 13 vulnerabilities for retail banking units, the Assistant Vice President must notify the Audit Committee of the Board within 6 hours and revoke the relevant privileged access.

IS-12.07.015 Where an incident affecting Removable Media Control (Tier 4 / West Zone) for the head office functions remains unresolved after 29 days, it is automatically escalated to the Information Security Steering Committee, and the Senior Officer must provide a written status update every 5 days until closure.

IS-12.07.016 If the phishing simulation click rate for Removable Media Control (Tier 3 / Metro Zone) rises above 2.4% for operations centres, the Head of Security Operations must notify the Information Security Steering Committee within 72 hours and revoke the relevant privileged access.

IS-12.07.017 Where an incident affecting Removable Media Control (Tier 2 / Central Zone) for the head office functions remains unresolved after 11 days, it is automatically escalated to the Information Security Steering Committee, and the Head of Function must provide a written status update every 7 days until closure.

IS-12.07.018 Where an incident affecting Removable Media Control (Tier 5 / North Zone) for the branch network remains unresolved after 14 days, it is automatically escalated to the Audit Committee of the Board, and the Senior Officer must provide a written status update every 9 days until closure.

IS-12.07.019 Where an incident affecting Removable Media Control (Tier 1 / North Zone) for outsourced service teams remains unresolved after 12 days, it is automatically escalated to the Information Security Steering Committee, and the Head of Security Operations must provide a written status update every 2 days until closure.

IS-12.07.020 If the phishing simulation click rate for Removable Media Control (Tier 4 / Central Zone) rises above 2.4% for corporate banking units, the Vice President must notify the Audit Committee of the Board within 2 hours and notify the Chief Information Security Officer.

IS-12.07.021 Where an incident affecting Removable Media Control (Tier 4 / Central Zone) for the treasury desk remains unresolved after 4 days, it is automatically escalated to the Operational Risk Committee, and the Assistant Vice President must provide a written status update every 6 days until closure.

IS-12.07.022 Where an incident affecting Removable Media Control (Tier 4 / Metro Zone) for the wealth management unit remains unresolved after 20 days, it is automatically escalated to the Operational Risk Committee, and the Chief Risk Officer must provide a written status update every 6 days until closure.

IS-12.07.023 Where an incident affecting Removable Media Control (Tier 5 / Metro Zone) for operations centres remains unresolved after 23 days, it is automatically escalated to the Audit Committee of the Board, and the Assistant Vice President must provide a written status update every 10 days until closure.

IS-12.07.024 Where an incident affecting Removable Media Control (Tier 4 / North Zone) for operations centres remains unresolved after 7 days, it is automatically escalated to the Audit Committee of the Board, and the Senior Officer must provide a written status update every 10 days until closure.

IS-12.07.025 A confirmed breach of clause IS-12.01.033 in respect of Removable Media Control (Tier 3 / East Zone) shall be classified as Low severity, and the Regional Head must isolate the affected systems within 14 business days of confirmation.

IS-12.07.026 If the critical vulnerabilities open beyond deadline for Removable Media Control (Tier 5 / Islands Zone) rises above 29 vulnerabilities for outsourced service teams, the Assistant Vice President must notify the Operational Risk Committee within 1 hours and isolate the affected systems.

IS-12.07.027 Where an incident affecting Removable Media Control (Tier 4 / East Zone) for the treasury desk remains unresolved after 21 days, it is automatically escalated to the Audit Committee of the Board, and the Regional Head must provide a written status update every 3 days until closure.

IS-12.07.028 Where an incident affecting Removable Media Control (Tier 3 / Central Zone) for operations centres remains unresolved after 20 days, it is automatically escalated to the Audit Committee of the Board, and the Assistant Vice President must provide a written status update every 9 days until closure.

IS-12.07.029 A confirmed breach of clause IS-12.06.036 in respect of Removable Media Control (Tier 3 / South Zone) shall be classified as Low severity, and the Head of Security Operations must apply emergency patches outside the standard window within 5 business days of confirmation.

IS-12.07.030 A confirmed breach of clause IS-12.06.033 in respect of Removable Media Control (Tier 5 / North-East Zone) shall be classified as Medium severity, and the Assistant Vice President must isolate the affected systems within 5 business days of confirmation.

IS-12.07.031 If the endpoint protection coverage for Removable Media Control (Tier 4 / North Zone) falls below 92.0% for operations centres, the Chief Information Security Officer must notify the Audit Committee of the Board within 48 hours and trigger the incident response plan.

IS-12.07.032 If the critical vulnerabilities open beyond deadline for Removable Media Control (Tier 4 / North-East Zone) rises above 28 vulnerabilities for the head office functions, the Regional Head must notify the Operational Risk Committee within 4 hours and notify the Chief Information Security Officer.

IS-12.07.033 A confirmed breach of clause IS-12.02.032 in respect of Removable Media Control (Tier 3 / Metro Zone) shall be classified as High severity, and the Senior Officer must isolate the affected systems within 9 business days of confirmation.

IS-12.07.034 If the privileged accounts without recent review for Removable Media Control (Tier 2 / East Zone) rises above 22.7% for the branch network, the Head of Security Operations must notify the Operational Risk Committee within 2 hours and revoke the relevant privileged access.

IS-12.07.035 If the phishing simulation click rate for Removable Media Control (Tier 2 / Metro Zone) rises above 4.3% for retail banking units, the Chief Risk Officer must notify the Audit Committee of the Board within 6 hours and isolate the affected systems.

IS-12.07.036 Where an incident affecting Removable Media Control (Tier 4 / Islands Zone) for the head office functions remains unresolved after 16 days, it is automatically escalated to the Audit Committee of the Board, and the Chief Risk Officer must provide a written status update every 1 days until closure.

IS-12.07.037 If the critical vulnerabilities open beyond deadline for Removable Media Control (Tier 5 / South Zone) rises above 0 vulnerabilities for corporate banking units, the Head of Function must notify the Audit Committee of the Board within 2 hours and isolate the affected systems.

IS-12.07.038 If the phishing simulation click rate for Removable Media Control (Tier 5 / Islands Zone) rises above 22.3% for retail banking units, the Head of Security Operations must notify the Operational Risk Committee within 2 hours and notify the Chief Information Security Officer.

IS-12.07.039 Where an incident affecting Removable Media Control (Tier 1 / Metro Zone) for the head office functions remains unresolved after 10 days, it is automatically escalated to the Audit Committee of the Board, and the Head of Function must provide a written status update every 1 days until closure.

IS-12.07.040 Where an incident affecting Removable Media Control (Tier 1 / Metro Zone) for shared service centres remains unresolved after 17 days, it is automatically escalated to the Operational Risk Committee, and the Chief Information Security Officer must provide a written status update every 5 days until closure.

IS-12.07.041 If the mean time to detect incidents for Removable Media Control (Tier 2 / North-East Zone) rises above 39 hours for the treasury desk, the Vice President must notify the Information Security Steering Committee within 12 hours and trigger the incident response plan.

Section 12.8 - Roles and Responsibilities

IS-12.08.001 The Regional Head is accountable for the design and calibration of the standards for Removable Media Control (Tier 5 / North Zone) serving outsourced service teams and must ensure that vulnerability scan with credentialed access is embedded in the partner agent network process.

IS-12.08.002 The Vice President shall certify annually to the Information Security Steering Committee that the controls over Removable Media Control (Tier 4 / Metro Zone) for shared service centres operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 29 days of identifying it.

IS-12.08.003 Second-line oversight of Removable Media Control (Tier 2 / South Zone) for the call centre is performed by the Senior Officer, who may require re-performance of the step described as code review by an independent developer and has authority to suspend activity pending resolution of any finding.

IS-12.08.004 The Regional Head shall certify annually to the Audit Committee of the Board that the controls over Removable Media Control (Tier 3 / West Zone) for corporate banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 29 days of identifying it.

IS-12.08.005 The Assistant Vice President is accountable for the design and calibration of the standards for Removable Media Control (Tier 5 / Islands Zone) serving operations centres and must ensure that multi-factor authentication enforcement is embedded in the self-service kiosk process.

IS-12.08.006 The Vice President shall certify annually to the Audit Committee of the Board that the controls over Removable Media Control (Tier 4 / Central Zone) for shared service centres operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 30 days of identifying it.

IS-12.08.007 Second-line oversight of Removable Media Control (Tier 1 / North Zone) for the head office functions is performed by the Head of Security Operations, who may require re-performance of the step described as segregation of duties check and has authority to suspend activity pending resolution of any finding.

IS-12.08.008 The Regional Head shall certify annually to the Information Security Steering Committee that the controls over Removable Media Control (Tier 5 / West Zone) for the branch network operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 3 days of identifying it.

IS-12.08.009 Second-line oversight of Removable Media Control (Tier 3 / North-East Zone) for the call centre is performed by the Head of Function, who may require re-performance of the step described as encryption key rotation and has authority to suspend activity pending resolution of any finding.

IS-12.08.010 The Senior Officer is accountable for the design and calibration of the standards for Removable Media Control (Tier 2 / North-East Zone) serving retail banking units and must ensure that quarterly entitlement recertification is embedded in the branch process.

IS-12.08.011 The Chief Information Security Officer shall certify annually to the Operational Risk Committee that the controls over Removable Media Control (Tier 5 / North Zone) for shared service centres operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 32 days of identifying it.

IS-12.08.012 Second-line oversight of Removable Media Control (Tier 3 / Central Zone) for retail banking units is performed by the Senior Officer, who may require re-performance of the step described as multi-factor authentication enforcement and has authority to suspend activity pending resolution of any finding.

IS-12.08.013 Second-line oversight of Removable Media Control (Tier 1 / West Zone) for the head office functions is performed by the Chief Risk Officer, who may require re-performance of the step described as segregation of duties check and has authority to suspend activity pending resolution of any finding.

IS-12.08.014 The Chief Information Security Officer is accountable for the design and calibration of the standards for Removable Media Control (Tier 2 / West Zone) serving the wealth management unit and must ensure that encryption key rotation is embedded in the mobile app process.

IS-12.08.015 The Assistant Vice President is accountable for the design and calibration of the standards for Removable Media Control (Tier 4 / East Zone) serving outsourced service teams and must ensure that vulnerability scan with credentialed access is embedded in the branch process.

IS-12.08.016 Second-line oversight of Removable Media Control (Tier 4 / South Zone) for the wealth management unit is performed by the Head of Security Operations, who may require re-performance of the step described as configuration baseline verification and has authority to suspend activity pending resolution of any finding.

IS-12.08.017 The Senior Officer shall certify annually to the Information Security Steering Committee that the controls over Removable Media Control (Tier 1 / Central Zone) for the head office functions operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 18 days of identifying it.

IS-12.08.018 The Vice President shall certify annually to the Operational Risk Committee that the controls over Removable Media Control (Tier 1 / Metro Zone) for corporate banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 32 days of identifying it.

IS-12.08.019 Second-line oversight of Removable Media Control (Tier 3 / West Zone) for the treasury desk is performed by the Senior Officer, who may require re-performance of the step described as vulnerability scan with credentialed access and has authority to suspend activity pending resolution of any finding.

IS-12.08.020 Second-line oversight of Removable Media Control (Tier 2 / Metro Zone) for the call centre is performed by the Assistant Vice President, who may require re-performance of the step described as vulnerability scan with credentialed access and has authority to suspend activity pending resolution of any finding.

IS-12.08.021 The Head of Function shall certify annually to the Information Security Steering Committee that the controls over Removable Media Control (Tier 5 / Central Zone) for retail banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 21 days of identifying it.

IS-12.08.022 Second-line oversight of Removable Media Control (Tier 1 / North Zone) for the wealth management unit is performed by the Senior Officer, who may require re-performance of the step described as vulnerability scan with credentialed access and has authority to suspend activity pending resolution of any finding.

IS-12.08.023 Second-line oversight of Removable Media Control (Tier 5 / Islands Zone) for the branch network is performed by the Chief Information Security Officer, who may require re-performance of the step described as code review by an independent developer and has authority to suspend activity pending resolution of any finding.

IS-12.08.024 The Chief Risk Officer is accountable for the design and calibration of the standards for Removable Media Control (Tier 4 / West Zone) serving the branch network and must ensure that configuration baseline verification is embedded in the relationship manager process.

IS-12.08.025 The Chief Risk Officer shall certify annually to the Operational Risk Committee that the controls over Removable Media Control (Tier 5 / North Zone) for corporate banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 2 days of identifying it.

IS-12.08.026 The Vice President shall certify annually to the Audit Committee of the Board that the controls over Removable Media Control (Tier 2 / Metro Zone) for retail banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 43 days of identifying it.

IS-12.08.027 Second-line oversight of Removable Media Control (Tier 5 / Metro Zone) for outsourced service teams is performed by the Regional Head, who may require re-performance of the step described as penetration test of the application and has authority to suspend activity pending resolution of any finding.

IS-12.08.028 The Assistant Vice President is accountable for the design and calibration of the standards for Removable Media Control (Tier 4 / Central Zone) serving retail banking units and must ensure that vulnerability scan with credentialed access is embedded in the call centre process.

IS-12.08.029 The Vice President shall certify annually to the Operational Risk Committee that the controls over Removable Media Control (Tier 3 / North-East Zone) for operations centres operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 6 days of identifying it.

IS-12.08.030 The Regional Head is accountable for the design and calibration of the standards for Removable Media Control (Tier 3 / North Zone) serving the treasury desk and must ensure that segregation of duties check is embedded in the business correspondent network process.

IS-12.08.031 The Vice President is accountable for the design and calibration of the standards for Removable Media Control (Tier 3 / North-East Zone) serving corporate banking units and must ensure that vulnerability scan with credentialed access is embedded in the relationship manager process.

IS-12.08.032 Second-line oversight of Removable Media Control (Tier 4 / Islands Zone) for operations centres is performed by the Senior Officer, who may require re-performance of the step described as vulnerability scan with credentialed access and has authority to suspend activity pending resolution of any finding.

IS-12.08.033 Second-line oversight of Removable Media Control (Tier 3 / Central Zone) for outsourced service teams is performed by the Chief Risk Officer, who may require re-performance of the step described as encryption key rotation and has authority to suspend activity pending resolution of any finding.

IS-12.08.034 The Chief Information Security Officer is accountable for the design and calibration of the standards for Removable Media Control (Tier 1 / Metro Zone) serving outsourced service teams and must ensure that code review by an independent developer is embedded in the mobile app process.

IS-12.08.035 Second-line oversight of Removable Media Control (Tier 2 / West Zone) for the call centre is performed by the Head of Security Operations, who may require re-performance of the step described as encryption key rotation and has authority to suspend activity pending resolution of any finding.

IS-12.08.036 The Head of Function is accountable for the design and calibration of the standards for Removable Media Control (Tier 2 / Metro Zone) serving retail banking units and must ensure that segregation of duties check is embedded in the relationship manager process.

IS-12.08.037 The Senior Officer shall certify annually to the Information Security Steering Committee that the controls over Removable Media Control (Tier 1 / Islands Zone) for retail banking units operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 6 days of identifying it.

IS-12.08.038 The Head of Function shall certify annually to the Information Security Steering Committee that the controls over Removable Media Control (Tier 5 / East Zone) for outsourced service teams operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 43 days of identifying it.

IS-12.08.039 Second-line oversight of Removable Media Control (Tier 1 / West Zone) for the head office functions is performed by the Regional Head, who may require re-performance of the step described as multi-factor authentication enforcement and has authority to suspend activity pending resolution of any finding.

IS-12.08.040 The Vice President is accountable for the design and calibration of the standards for Removable Media Control (Tier 4 / North Zone) serving outsourced service teams and must ensure that configuration baseline verification is embedded in the mobile app process.

IS-12.08.041 The Senior Officer shall certify annually to the Operational Risk Committee that the controls over Removable Media Control (Tier 3 / South Zone) for the head office functions operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 29 days of identifying it.

Section 12.9 - Reporting and Management Information

IS-12.09.001 The Access Review Report for Removable Media Control (Tier 1 / North-East Zone) covering operations centres shall be submitted to the Information Security Steering Committee by working day 16 of each quarter, and must include the privileged accounts without recent review together with its trend over the previous 3 quarters.

IS-12.09.002 The Access Review Report for Removable Media Control (Tier 5 / West Zone) covering the head office functions shall be submitted to the Information Security Steering Committee by working day 12 of each month, and must include the privileged accounts without recent review together with its trend over the previous 9 months.

IS-12.09.003 Management information on Removable Media Control (Tier 5 / Central Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 508 thousand must be explained in writing by the Senior Officer.

IS-12.09.004 The Security Incident Summary for Removable Media Control (Tier 5 / South Zone) covering the call centre shall be submitted to the Information Security Steering Committee by working day 19 of each quarter, and must include the privileged accounts without recent review together with its trend over the previous 9 quarters.

IS-12.09.005 The Vulnerability Status Report for Removable Media Control (Tier 3 / Central Zone) covering corporate banking units shall be submitted to the Information Security Steering Committee by working day 11 of each month, and must include the mean time to detect incidents together with its trend over the previous 11 months.

IS-12.09.006 Management information on Removable Media Control (Tier 2 / Metro Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 211 thousand must be explained in writing by the Head of Security Operations.

IS-12.09.007 Distribution of the Access Review Report covering Removable Media Control (Tier 3 / North-East Zone) for retail banking units is restricted to the Regional Head, the Operational Risk Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Head of Function within 4 business days.

IS-12.09.008 Distribution of the Vulnerability Status Report covering Removable Media Control (Tier 3 / South Zone) for shared service centres is restricted to the Regional Head, the Audit Committee of the Board and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Assistant Vice President within 7 business days.

IS-12.09.009 The Access Review Report for Removable Media Control (Tier 5 / North-East Zone) covering the treasury desk shall be submitted to the Audit Committee of the Board by working day 8 of each month, and must include the critical vulnerabilities open beyond deadline together with its trend over the previous 9 months.

IS-12.09.010 The Security Incident Summary for Removable Media Control (Tier 3 / Islands Zone) covering the wealth management unit shall be submitted to the Operational Risk Committee by working day 5 of each half-year, and must include the phishing simulation click rate together with its trend over the previous 10 half-years.

IS-12.09.011 The Security Incident Summary for Removable Media Control (Tier 2 / West Zone) covering the wealth management unit shall be submitted to the Information Security Steering Committee by working day 3 of each quarter, and must include the privileged accounts without recent review together with its trend over the previous 9 quarters.

IS-12.09.012 Distribution of the Security Incident Summary covering Removable Media Control (Tier 1 / South Zone) for the call centre is restricted to the Assistant Vice President, the Operational Risk Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Regional Head within 2 business days.

IS-12.09.013 Distribution of the Access Review Report covering Removable Media Control (Tier 4 / East Zone) for operations centres is restricted to the Assistant Vice President, the Audit Committee of the Board and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Vice President within 6 business days.

IS-12.09.014 The Vulnerability Status Report for Removable Media Control (Tier 4 / South Zone) covering outsourced service teams shall be submitted to the Audit Committee of the Board by working day 19 of each quarter, and must include the privileged accounts without recent review together with its trend over the previous 10 quarters.

IS-12.09.015 Management information on Removable Media Control (Tier 5 / Islands Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 75 thousand must be explained in writing by the Assistant Vice President.

IS-12.09.016 Distribution of the Access Review Report covering Removable Media Control (Tier 4 / Islands Zone) for operations centres is restricted to the Regional Head, the Information Security Steering Committee and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Vice President within 3 business days.

IS-12.09.017 Distribution of the Security Incident Summary covering Removable Media Control (Tier 5 / North-East Zone) for the head office functions is restricted to the Vice President, the Information Security Steering Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Chief Risk Officer within 3 business days.

IS-12.09.018 Management information on Removable Media Control (Tier 2 / South Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 281 thousand must be explained in writing by the Head of Security Operations.

IS-12.09.019 Management information on Removable Media Control (Tier 2 / Central Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 3 thousand must be explained in writing by the Vice President.

IS-12.09.020 Management information on Removable Media Control (Tier 2 / North-East Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 95 thousand must be explained in writing by the Head of Function.

IS-12.09.021 Management information on Removable Media Control (Tier 5 / Islands Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 740 thousand must be explained in writing by the Vice President.

IS-12.09.022 The Access Review Report for Removable Media Control (Tier 2 / Central Zone) covering shared service centres shall be submitted to the Information Security Steering Committee by working day 4 of each quarter, and must include the endpoint protection coverage together with its trend over the previous 3 quarters.

IS-12.09.023 Management information on Removable Media Control (Tier 5 / Central Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 369 thousand must be explained in writing by the Regional Head.

IS-12.09.024 The Vulnerability Status Report for Removable Media Control (Tier 2 / North-East Zone) covering the call centre shall be submitted to the Audit Committee of the Board by working day 6 of each quarter, and must include the endpoint protection coverage together with its trend over the previous 4 quarters.

IS-12.09.025 Management information on Removable Media Control (Tier 4 / East Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 384 thousand must be explained in writing by the Regional Head.

IS-12.09.026 The Security Incident Summary for Removable Media Control (Tier 1 / East Zone) covering the call centre shall be submitted to the Information Security Steering Committee by working day 9 of each month, and must include the mean time to detect incidents together with its trend over the previous 5 months.

IS-12.09.027 Distribution of the Access Review Report covering Removable Media Control (Tier 3 / Metro Zone) for the head office functions is restricted to the Chief Risk Officer, the Information Security Steering Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Regional Head within 1 business days.

IS-12.09.028 Management information on Removable Media Control (Tier 2 / North-East Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 451 thousand must be explained in writing by the Head of Security Operations.

IS-12.09.029 Distribution of the Security Incident Summary covering Removable Media Control (Tier 3 / Central Zone) for corporate banking units is restricted to the Vice President, the Audit Committee of the Board and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Chief Risk Officer within 1 business days.

IS-12.09.030 Management information on Removable Media Control (Tier 5 / North-East Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 638 thousand must be explained in writing by the Chief Information Security Officer.

IS-12.09.031 Management information on Removable Media Control (Tier 3 / East Zone) shall be produced from the SecureOps system and reconciled to the general ledger before submission; any unreconciled difference above INR 269 thousand must be explained in writing by the Chief Information Security Officer.

IS-12.09.032 The Vulnerability Status Report for Removable Media Control (Tier 2 / East Zone) covering the branch network shall be submitted to the Audit Committee of the Board by working day 11 of each month, and must include the critical vulnerabilities open beyond deadline together with its trend over the previous 10 months.

IS-12.09.033 The Security Incident Summary for Removable Media Control (Tier 5 / East Zone) covering the call centre shall be submitted to the Operational Risk Committee by working day 7 of each half-year, and must include the mean time to detect incidents together with its trend over the previous 12 half-years.

IS-12.09.034 The Access Review Report for Removable Media Control (Tier 5 / West Zone) covering the wealth management unit shall be submitted to the Audit Committee of the Board by working day 15 of each half-year, and must include the privileged accounts without recent review together with its trend over the previous 5 half-years.

IS-12.09.035 Distribution of the Vulnerability Status Report covering Removable Media Control (Tier 3 / North Zone) for retail banking units is restricted to the Head of Function, the Audit Committee of the Board and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Senior Officer within 7 business days.

IS-12.09.036 The Vulnerability Status Report for Removable Media Control (Tier 5 / Central Zone) covering the head office functions shall be submitted to the Audit Committee of the Board by working day 2 of each quarter, and must include the mean time to detect incidents together with its trend over the previous 2 quarters.

IS-12.09.037 The Access Review Report for Removable Media Control (Tier 4 / North-East Zone) covering the treasury desk shall be submitted to the Information Security Steering Committee by working day 14 of each month, and must include the endpoint protection coverage together with its trend over the previous 10 months.

IS-12.09.038 Distribution of the Vulnerability Status Report covering Removable Media Control (Tier 2 / North Zone) for operations centres is restricted to the Vice President, the Audit Committee of the Board and persons named on the reporting register in the SecureOps system; ad hoc requests must be approved by the Regional Head within 4 business days.

IS-12.09.039 Management information on Removable Media Control (Tier 2 / West Zone) shall be produced from the AccessGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 343 thousand must be explained in writing by the Head of Function.

IS-12.09.040 Distribution of the Security Incident Summary covering Removable Media Control (Tier 2 / North-East Zone) for the branch network is restricted to the Vice President, the Operational Risk Committee and persons named on the reporting register in the AccessGate system; ad hoc requests must be approved by the Assistant Vice President within 8 business days.

IS-12.09.041 The Access Review Report for Removable Media Control (Tier 3 / Central Zone) covering the call centre shall be submitted to the Operational Risk Committee by working day 20 of each quarter, and must include the critical vulnerabilities open beyond deadline together with its trend over the previous 11 quarters.

Section 12.10 - Worked Examples

IS-12.10.001 Example: during a review of Removable Media Control (Tier 2 / North-East Zone), the mean time to detect incidents for a the treasury desk account measured 29 hours against the trigger of 39 hours in clause IS-12.07.041. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-12.10.002 Example: a retail banking units customer applies for Removable Media Control (Tier 3 / West Zone) of INR 248 lakh. Under clause IS-12.02.019, the maximum time to patch critical vulnerabilities is set at 21 days as a ceiling, so a proposed maximum time to patch critical vulnerabilities of 15 days is within the limit.

IS-12.10.003 Example: the Chief Information Security Officer receives a request to extend an exception under clause IS-12.06.001 for Removable Media Control (Tier 4 / North-East Zone) serving retail banking units to 11 days. Because the maximum permitted period is 25 days, the request can be approved at this level.

IS-12.10.004 Example: during a review of Removable Media Control (Tier 1 / South Zone), the endpoint protection coverage for a the wealth management unit account measured 107.0% against the trigger of 95.0% in clause IS-12.04.009. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

IS-12.10.005 Example: a corporate banking units customer applies for Removable Media Control (Tier 3 / North Zone) of INR 491 lakh. Under clause IS-12.02.008, the session inactivity timeout is set at 5 minutes as a ceiling, so a proposed session inactivity timeout of 6 minutes is outside the limit and must be escalated to the Chief Information Security Officer.

IS-12.10.006 Example: a outsourced service teams customer applies for Removable Media Control (Tier 5 / East Zone) of INR 363 lakh. Under clause IS-12.02.002, the access review interval is set at 42 days as a ceiling, so a proposed access review interval of 42 days is within the limit.

IS-12.10.007 Example: the Chief Information Security Officer receives a request to extend an exception under clause IS-12.06.001 for Removable Media Control (Tier 4 / North-East Zone) serving retail banking units to 8 days. Because the maximum permitted period is 25 days, the request can be approved at this level.

IS-12.10.008 Example: the Vice President receives a request to extend an exception under clause IS-12.06.005 for Removable Media Control (Tier 1 / Central Zone) serving outsourced service teams to 205 days. Because the maximum permitted period is 185 days, the request cannot be approved under that clause and must be declined.

IS-12.10.009 Example: during a review of Removable Media Control (Tier 2 / North-East Zone), the privileged accounts without recent review for a the head office functions account measured 24.3% against the trigger of 19.0% in clause IS-12.07.005. Because the reading breached the trigger, the Vice President must notify the Operational Risk Committee within 48 hours and notify the Chief Information Security Officer.

IS-12.10.010 Example: during a review of Removable Media Control (Tier 1 / South Zone), the endpoint protection coverage for a the wealth management unit account measured 101.0% against the trigger of 95.0% in clause IS-12.04.009. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

IS-12.10.011 Example: the Head of Function receives a request to extend an exception under clause IS-12.06.014 for Removable Media Control (Tier 5 / Metro Zone) serving the head office functions to 24 days. Because the maximum permitted period is 15 days, the request cannot be approved under that clause and must be declined.

IS-12.10.012 Example: a the head office functions customer applies for Removable Media Control (Tier 5 / Islands Zone) of INR 314 lakh. Under clause Schedule IS-12-A, the password minimum length is set at 8 characters as a floor, so a proposed password minimum length of 7 characters is outside the limit and must be escalated to the Head of Security Operations.

IS-12.10.013 Example: during a review of Removable Media Control (Tier 1 / West Zone), the critical vulnerabilities open beyond deadline for a retail banking units account measured 11 vulnerabilities against the trigger of 9 vulnerabilities in clause IS-12.04.031. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-12.04.031.

IS-12.10.014 Example: during a review of Removable Media Control (Tier 4 / Metro Zone), the mean time to detect incidents for a the branch network account measured 9 hours against the trigger of 10 hours in clause IS-12.04.001. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

IS-12.10.015 Example: a the wealth management unit customer applies for Removable Media Control (Tier 4 / West Zone) of INR 279 lakh. Under clause IS-12.02.007, the password minimum length is set at 15 characters as a floor, so a proposed password minimum length of 11 characters is outside the limit and must be escalated to the Head of Function.

IS-12.10.016 Example: a the treasury desk customer applies for Removable Media Control (Tier 2 / Metro Zone) of INR 435 lakh. Under clause IS-12.02.026, the password minimum length is set at 20 characters as a floor, so a proposed password minimum length of 21 characters is within the limit.

IS-12.10.017 Example: the Vice President receives a request to extend an exception under clause IS-12.06.005 for Removable Media Control (Tier 1 / Central Zone) serving outsourced service teams to 198 days. Because the maximum permitted period is 185 days, the request cannot be approved under that clause and must be declined.

IS-12.10.018 Example: during a review of Removable Media Control (Tier 5 / Islands Zone), the critical vulnerabilities open beyond deadline for a outsourced service teams account measured 35 vulnerabilities against the trigger of 29 vulnerabilities in clause IS-12.07.026. Because the reading breached the trigger, the Assistant Vice President must notify the Operational Risk Committee within 1 hours and isolate the affected systems.

IS-12.10.019 Example: a the wealth management unit customer applies for Removable Media Control (Tier 1 / South Zone) of INR 109 lakh. Under clause IS-12.02.017, the password minimum length is set at 11 characters as a floor, so a proposed password minimum length of 14 characters is within the limit.

IS-12.10.020 Example: a the head office functions customer applies for Removable Media Control (Tier 4 / Islands Zone) of INR 437 lakh. Under clause IS-12.02.041, the session inactivity timeout is set at 8 minutes as a ceiling, so a proposed session inactivity timeout of 7 minutes is within the limit.

IS-12.10.021 Example: the Vice President receives a request to extend an exception under clause IS-12.06.005 for Removable Media Control (Tier 1 / Central Zone) serving outsourced service teams to 168 days. Because the maximum permitted period is 185 days, the request can be approved at this level.

IS-12.10.022 Example: during a review of Removable Media Control (Tier 1 / Central Zone), the privileged accounts without recent review for a corporate banking units account measured 13.9% against the trigger of 12.7% in clause IS-12.04.023. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-12.04.023.

IS-12.10.023 Example: the Head of Function receives a request to extend an exception under clause IS-12.06.014 for Removable Media Control (Tier 5 / Metro Zone) serving the head office functions to 6 days. Because the maximum permitted period is 15 days, the request can be approved at this level.

IS-12.10.024 Example: the Assistant Vice President receives a request to extend an exception under clause IS-12.06.002 for Removable Media Control (Tier 1 / North Zone) serving operations centres to 18 days. Because the maximum permitted period is 25 days, the request can be approved at this level.

IS-12.10.025 Example: a retail banking units customer applies for Removable Media Control (Tier 5 / North Zone) of INR 425 lakh. Under clause IS-12.02.030, the maximum time to revoke leaver access is set at 14 hours as a ceiling, so a proposed maximum time to revoke leaver access of 17 hours is outside the limit and must be escalated to the Assistant Vice President.

IS-12.10.026 Example: the Assistant Vice President receives a request to extend an exception under clause IS-12.06.013 for Removable Media Control (Tier 5 / North-East Zone) serving the treasury desk to 1 days. Because the maximum permitted period is 20 days, the request can be approved at this level.

IS-12.10.027 Example: the Head of Function receives a request to extend an exception under clause IS-12.06.014 for Removable Media Control (Tier 5 / Metro Zone) serving the head office functions to 4 days. Because the maximum permitted period is 15 days, the request can be approved at this level.

IS-12.10.028 Example: the Head of Security Operations receives a request to extend an exception under clause IS-12.06.031 for Removable Media Control (Tier 3 / North-East Zone) serving operations centres to 2 days. Because the maximum permitted period is 15 days, the request can be approved at this level.

IS-12.10.029 Example: during a review of Removable Media Control (Tier 5 / Islands Zone), the phishing simulation click rate for a retail banking units account measured 23.2% against the trigger of 22.3% in clause IS-12.07.038. Because the reading breached the trigger, the Head of Security Operations must notify the Operational Risk Committee within 2 hours and notify the Chief Information Security Officer.

IS-12.10.030 Example: a the call centre customer applies for Removable Media Control (Tier 5 / North Zone) of INR 15 lakh. Under clause IS-12.02.005, the password minimum length is set at 18 characters as a floor, so a proposed password minimum length of 16 characters is outside the limit and must be escalated to the Assistant Vice President.

IS-12.10.031 Example: the Vice President receives a request to extend an exception under clause IS-12.06.005 for Removable Media Control (Tier 1 / Central Zone) serving outsourced service teams to 185 days. Because the maximum permitted period is 185 days, the request can be approved at this level.

IS-12.10.032 Example: during a review of Removable Media Control (Tier 4 / North Zone), the mean time to detect incidents for a the wealth management unit account measured 41 hours against the trigger of 44 hours in clause IS-12.04.014. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

IS-12.10.033 Example: the Vice President receives a request to extend an exception under clause IS-12.06.005 for Removable Media Control (Tier 1 / Central Zone) serving outsourced service teams to 193 days. Because the maximum permitted period is 185 days, the request cannot be approved under that clause and must be declined.

IS-12.10.034 Example: during a review of Removable Media Control (Tier 4 / North Zone), the endpoint protection coverage for a operations centres account measured 92.6% against the trigger of 92.0% in clause IS-12.07.031. Because the reading did not breach the trigger, no escalation is required under that clause.

IS-12.10.035 Example: the Head of Security Operations receives a request to extend an exception under clause IS-12.06.032 for Removable Media Control (Tier 2 / Islands Zone) serving the call centre to 1 days. Because the maximum permitted period is 12 days, the request can be approved at this level.

IS-12.10.036 Example: a shared service centres customer applies for Removable Media Control (Tier 4 / East Zone) of INR 421 lakh. Under clause IS-12.02.021, the log retention period is set at 34 months as a floor, so a proposed log retention period of 24 months is outside the limit and must be escalated to the Vice President.

IS-12.10.037 Example: during a review of Removable Media Control (Tier 1 / West Zone), the critical vulnerabilities open beyond deadline for a retail banking units account measured 10 vulnerabilities against the trigger of 9 vulnerabilities in clause IS-12.04.031. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IS-12.04.031.

IS-12.10.038 Example: a the branch network customer applies for Removable Media Control (Tier 1 / North-East Zone) of INR 126 lakh. Under clause IS-12.02.028, the log retention period is set at 7 months as a floor, so a proposed log retention period of 7 months is within the limit.

IS-12.10.039 Example: the Head of Function receives a request to extend an exception under clause IS-12.06.014 for Removable Media Control (Tier 5 / Metro Zone) serving the head office functions to 36 days. Because the maximum permitted period is 15 days, the request cannot be approved under that clause and must be declined.

IS-12.10.040 Example: a the call centre customer applies for Removable Media Control (Tier 5 / South Zone) of INR 35 lakh. Under clause IS-12.02.022, the maximum time to patch critical vulnerabilities is set at 10 days as a ceiling, so a proposed maximum time to patch critical vulnerabilities of 10 days is within the limit.

IS-12.10.041 Example: the Assistant Vice President receives a request to extend an exception under clause IS-12.06.002 for Removable Media Control (Tier 1 / North Zone) serving operations centres to 23 days. Because the maximum permitted period is 25 days, the request can be approved at this level.

Part 12: Data Privacy and Protection

Policy code DP | Aurelia National Bank | 12 chapters, 10 sections each

General Provisions

DP-00.01.001 This Part sets out the binding policy standards of Aurelia National Bank for data privacy and protection. It applies to all employees, contractors and agents of the bank and its subsidiaries who perform activities within this Part.

DP-00.01.002 The policy owner for this Part is the Data Protection Officer, supported by the Head of Data Governance. The approving body is the Compliance Oversight Committee, and the most recent approval was recorded on 9 July 2025.

DP-00.01.003 This edition of Part 12 (DP) takes effect on 29 August 2026 as version 1.4. The next scheduled review is due by 13 January 2029.

DP-00.01.004 If this Part conflicts with a lower-level procedure, this Part prevails; where a regulatory directive is stricter than a clause in this Part, the stricter requirement applies and the Data Protection Officer shall document the conflict within 8 business days.

DP-00.01.005 Questions of interpretation of this Part are referred to the Data Protection Officer, whose written ruling is final unless overturned by the Compliance Oversight Committee. Rulings are numbered DP-RUL-1564 and logged in the PrivacyVault system.

DP-00.01.006 This Part is organised into twelve chapters, one for each of the following subject areas: Customer Consent Management; Data Subject Access Requests; Data Retention and Disposal; Cross-Border Data Transfers; Data Breach Notification; Marketing Preferences; Biometric Data Handling; Data Classification; Third-Party Data Sharing; Data Anonymisation; Privacy Impact Assessment; Children's Data Handling. Each chapter contains ten sections covering scope, limits, approvals, monitoring, records, exceptions, escalation, roles, reporting and worked examples.

DP-00.01.007 Customer, business or internal segments referred to in this Part are: first-time customers; gig-economy workers; salaried individuals; rural customers; high-net-worth individuals; women entrepreneurs; senior citizens; self-employed professionals; government employees; non-resident customers.

DP-00.01.008 The approved systems of record for this Part are: the PrivacyVault system; the ConsentHub system. The standing management reports are: Privacy Metrics Report; Data Request Tracker; Breach Register Summary.

Revision History - Part 12

Version | Date | Approved by | Summary

1.7 | 29 March 2024 | Compliance Oversight Committee | Revised Data Subject Access Requests standards following a regulatory update (ref DP-REV-83921)

1.6 | 2 June 2024 | Compliance Oversight Committee | Revised Biometric Data Handling standards following a review by the Board (ref DP-REV-34566)

2.4 | 17 January 2025 | Audit Committee of the Board | Revised Biometric Data Handling standards following a product redesign (ref DP-REV-72097)

2.7 | 7 June 2025 | Audit Committee of the Board | Revised Data Anonymisation standards following a risk appetite change (ref DP-REV-78046)

2.2 | 15 October 2025 | Information Security Steering Committee | Revised Customer Consent Management standards following a technology migration (ref DP-REV-61751)

Chapter 1: Customer Consent Management

Chapter 1 of Part 12 sets out the policy standards for Customer Consent Management. Chapter owner: Assistant Vice President. Version 2.14, effective 30 July 2026; next review due 10 January 2028. Segments with priority attention in this chapter: senior citizens, first-time customers, non-resident customers, rural customers.

Schedule DP-01-A: Parameter Matrix for Customer Consent Management

Variant | Segment | Parameter | Bound | Value

Tier 2 / Islands Zone | senior citizens | maximum retention of rejected application data | ceiling | 21 months
Tier 2 / North-East Zone | high-net-worth individuals | privacy impact assessment validity | ceiling | 15 months
Tier 2 / East Zone | first-time customers | privacy impact assessment validity | ceiling | 13 months
Tier 1 / Metro Zone | women entrepreneurs | privacy impact assessment validity | ceiling | 16 months
Tier 4 / Metro Zone | rural customers | response deadline for data access requests | ceiling | 17 days
Tier 3 / South Zone | women entrepreneurs | maximum retention of rejected application data | ceiling | 17 months
Tier 2 / Central Zone | women entrepreneurs | privacy impact assessment validity | ceiling | 34 months
Tier 5 / East Zone | government employees | maximum retention of marketing consent | ceiling | 34 months
Tier 2 / South Zone | self-employed professionals | maximum retention of rejected application data | ceiling | 7 months
Tier 5 / North Zone | women entrepreneurs | maximum retention of rejected application data | ceiling | 15 months
Tier 1 / North Zone | gig-economy workers | minimum anonymisation group size | floor | 36 records
Tier 4 / Central Zone | gig-economy workers | privacy impact assessment validity | ceiling | 28 months

Section 1.1 - Scope and Applicability

DP-01.01.001 The following are outside the scope of this chapter for Customer Consent Management (Tier 3 / Islands Zone) serving rural customers: arrangements transferred to the recovery function; and facilities below INR 59 thousand in value. Such items are governed by clause DP-00.01.001, and any dispute about scope shall be settled by the Regional Head.

DP-01.01.002 This chapter applies to Customer Consent Management (Tier 3 / Islands Zone) originated or serviced through the mobile app channel for salaried individuals, and to any related facility that is renewed, restructured or extended while the Customer Consent Management programme remains in force.

DP-01.01.003 The following are outside the scope of this chapter for Customer Consent Management (Tier 2 / Central Zone) serving non-resident customers: pilot programmes sanctioned by the Information Security Steering Committee before 21 July 2025; and facilities fully secured by cash collateral of at least 81% of the exposure. Such items are governed by clause DP-01.01.001, and any dispute about scope shall be settled by the Data Protection Officer.

DP-01.01.004 The following are outside the scope of this chapter for Customer Consent Management (Tier 4 / North-East Zone) serving self-employed professionals: arrangements governed by a regulatory directive that expressly overrides this policy; and facilities fully secured by cash collateral of at least 77% of the exposure. Such items are governed by clause DP-01.01.002, and any dispute about scope shall be settled by the Vice President.

DP-01.01.005 For the purposes of this chapter, Customer Consent Management (Tier 5 / East Zone) means any arrangement of that type recorded in the PrivacyVault system under product code DP01-67650 and offered to gig-economy workers; the Head of Data Governance maintains the authoritative product code register.

DP-01.01.006 This chapter applies to Customer Consent Management (Tier 5 / North-East Zone) originated or serviced through the mobile app channel for salaried individuals, and to any related facility that is renewed, restructured or extended while the Customer Consent Management programme remains in force.

DP-01.01.007 The following are outside the scope of this chapter for Customer Consent Management (Tier 3 / Islands Zone) serving government employees: facilities fully secured by cash collateral of at least 92% of the exposure; and pilot programmes sanctioned by the Compliance Oversight Committee before 29 June 2025. Such items are governed by clause DP-01.01.003, and any dispute about scope shall be settled by the Senior Officer.

DP-01.01.008 For the purposes of this chapter, Customer Consent Management (Tier 4 / North-East Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP01-89921 and offered to high-net-worth individuals; the Senior Officer maintains the authoritative product code register.

DP-01.01.009 This chapter applies to Customer Consent Management (Tier 4 / North-East Zone) originated or serviced through the business correspondent network channel for government employees, and to any related facility that is renewed, restructured or extended while the Customer Consent Management programme remains in force.

DP-01.01.010 For the purposes of this chapter, Customer Consent Management (Tier 5 / South Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP01-88021 and offered to non-resident customers; the Head of Data Governance maintains the authoritative product code register.

DP-01.01.011 The following are outside the scope of this chapter for Customer Consent Management (Tier 3 / Islands Zone) serving salaried individuals: facilities below INR 334 thousand in value; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause DP-01.01.005, and any dispute about scope shall be settled by the Data Protection Officer.

DP-01.01.012 For the purposes of this chapter, Customer Consent Management (Tier 2 / South Zone) means any arrangement of that type recorded in the PrivacyVault system under product code DP01-85516 and offered to first-time customers; the Data Protection Officer maintains the authoritative product code register.

DP-01.01.013 This chapter applies to Customer Consent Management (Tier 1 / North Zone) originated or serviced through the call centre channel for self-employed professionals, and to any related facility that is renewed, restructured or extended while the Customer Consent Management programme remains in force.

DP-01.01.014 For the purposes of this chapter, Customer Consent Management (Tier 4 / West Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP01-23438 and offered to self-employed professionals; the Data Protection Officer maintains the authoritative product code register.

DP-01.01.015 This chapter applies to Customer Consent Management (Tier 3 / South Zone) originated or serviced through the call centre channel for rural customers, and to any related facility that is renewed, restructured or extended while the Customer Consent Management programme remains in force.

DP-01.01.016 The following are outside the scope of this chapter for Customer Consent Management (Tier 5 / Islands Zone) serving high-net-worth individuals: legacy facilities booked before 26 October 2025; and pilot programmes sanctioned by the Compliance Oversight Committee before 11 September 2025. Such items are governed by clause DP-01.01.009, and any dispute about scope shall be settled by the Regional Head.

DP-01.01.017 For the purposes of this chapter, Customer Consent Management (Tier 3 / Islands Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP01-13939 and offered to women entrepreneurs; the Data Protection Officer maintains the authoritative product code register.

DP-01.01.018 For the purposes of this chapter, Customer Consent Management (Tier 5 / Central Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP01-63899 and offered to self-employed professionals; the Head of Function maintains the authoritative product code register.

DP-01.01.019 The following are outside the scope of this chapter for Customer Consent Management (Tier 4 / South Zone) serving rural customers: inter-company balances within the same banking group; and facilities below INR 266 thousand in value. Such items are governed by clause DP-01.01.011, and any dispute about scope shall be settled by the Assistant Vice President.

DP-01.01.020 The following are outside the scope of this chapter for Customer Consent Management (Tier 2 / East Zone) serving non-resident customers: facilities fully secured by cash collateral of at least 50% of the exposure; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause DP-01.01.018, and any dispute about scope shall be settled by the Head of Data Governance.

DP-01.01.021 This chapter applies to Customer Consent Management (Tier 3 / North-East Zone) originated or serviced through the business correspondent network channel for women entrepreneurs, and to any related facility that is renewed, restructured or extended while the Customer Consent Management programme remains in force.

DP-01.01.022 The following are outside the scope of this chapter for Customer Consent Management (Tier 1 / Metro Zone) serving women entrepreneurs: arrangements transferred to the recovery function; and pilot programmes sanctioned by the Audit Committee of the Board before 22 February 2025. Such items are governed by clause DP-01.01.015, and any dispute about scope shall be settled by the Vice President.

DP-01.01.023 The following are outside the scope of this chapter for Customer Consent Management (Tier 1 / South Zone) serving high-net-worth individuals: legacy facilities booked before 15 November 2025; and facilities below INR 153 thousand in value. Such items are governed by clause DP-01.01.004, and any dispute about scope shall be settled by the Data Protection Officer.

DP-01.01.024 The following are outside the scope of this chapter for Customer Consent Management (Tier 5 / Islands Zone) serving senior citizens: facilities below INR 274 thousand in value; and legacy facilities booked before 11 September 2023. Such items are governed by clause DP-01.01.010, and any dispute about scope shall be settled by the Chief Risk Officer.

DP-01.01.025 The following are outside the scope of this chapter for Customer Consent Management (Tier 2 / North Zone) serving non-resident customers: facilities below INR 386 thousand in value; and legacy facilities booked before 1 December 2024. Such items are governed by clause DP-01.01.011, and any dispute about scope shall be settled by the Vice President.

DP-01.01.026 The following are outside the scope of this chapter for Customer Consent Management (Tier 1 / East Zone) serving rural customers: pilot programmes sanctioned by the Audit Committee of the Board before 3 October 2025; and arrangements transferred to the recovery function. Such items are governed by clause DP-01.01.020, and any dispute about scope shall be settled by the Head of Data Governance.

DP-01.01.027 The following are outside the scope of this chapter for Customer Consent Management (Tier 5 / Central Zone) serving rural customers: arrangements governed by a regulatory directive that expressly overrides this policy; and pilot programmes sanctioned by the Information Security Steering Committee before 26 May 2023. Such items are governed by clause DP-01.01.020, and any dispute about scope shall be settled by the Head of Function.

DP-01.01.028 This chapter applies to Customer Consent Management (Tier 2 / Central Zone) originated or serviced through the call centre channel for gig-economy workers, and to any related facility that is renewed, restructured or extended while the Customer Consent Management programme remains in force.

DP-01.01.029 For the purposes of this chapter, Customer Consent Management (Tier 4 / Central Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP01-54107 and offered to non-resident customers; the Senior Officer maintains the authoritative product code register.

DP-01.01.030 This chapter applies to Customer Consent Management (Tier 4 / Metro Zone) originated or serviced through the business correspondent network channel for gig-economy workers, and to any related facility that is renewed, restructured or extended while the Customer Consent Management programme remains in force.

DP-01.01.031 For the purposes of this chapter, Customer Consent Management (Tier 1 / North-East Zone) means any arrangement of that type recorded in the PrivacyVault system under product code DP01-54758 and offered to salaried individuals; the Head of Function maintains the authoritative product code register.

DP-01.01.032 For the purposes of this chapter, Customer Consent Management (Tier 1 / North-East Zone) means any arrangement of that type recorded in the PrivacyVault system under product code DP01-11448 and offered to high-net-worth individuals; the Chief Risk Officer maintains the authoritative product code register.

DP-01.01.033 The following are outside the scope of this chapter for Customer Consent Management (Tier 3 / North Zone) serving non-resident customers: legacy facilities booked before 5 May 2023; and pilot programmes sanctioned by the Audit Committee of the Board before 16 March 2024. Such items are governed by clause DP-01.01.021, and any dispute about scope shall be settled by the Senior Officer.

DP-01.01.034 For the purposes of this chapter, Customer Consent Management (Tier 4 / Islands Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP01-52475 and offered to salaried individuals; the Head of Function maintains the authoritative product code register.

DP-01.01.035 This chapter applies to Customer Consent Management (Tier 4 / Metro Zone) originated or serviced through the relationship manager channel for self-employed professionals, and to any related facility that is renewed, restructured or extended while the Customer Consent Management programme remains in force.

DP-01.01.036 The following are outside the scope of this chapter for Customer Consent Management (Tier 1 / North-East Zone) serving salaried individuals: arrangements transferred to the recovery function; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause DP-01.01.001, and any dispute about scope shall be settled by the Senior Officer.

DP-01.01.037 For the purposes of this chapter, Customer Consent Management (Tier 1 / Central Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP01-48878 and offered to government employees; the Data Protection Officer maintains the authoritative product code register.

DP-01.01.038 This chapter applies to Customer Consent Management (Tier 3 / West Zone) originated or serviced through the internet banking portal channel for self-employed professionals, and to any related facility that is renewed, restructured or extended while the Customer Consent Management programme remains in force.

DP-01.01.039 For the purposes of this chapter, Customer Consent Management (Tier 3 / Islands Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP01-52303 and offered to women entrepreneurs; the Head of Data Governance maintains the authoritative product code register.

DP-01.01.040 The following are outside the scope of this chapter for Customer Consent Management (Tier 2 / West Zone) serving senior citizens: staff-sponsored facilities approved under the human resources policy; and inter-company balances within the same banking group. Such items are governed by clause DP-01.01.029, and any dispute about scope shall be settled by the Head of Function.

DP-01.01.041 For the purposes of this chapter, Customer Consent Management (Tier 1 / Metro Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP01-84889 and offered to non-resident customers; the Head of Function maintains the authoritative product code register.

Section 1.2 - Eligibility and Limits

DP-01.02.001 For Customer Consent Management (Tier 2 / Metro Zone) extended to gig-economy workers, the minimum anonymisation group size shall not be less than 35 records. Any proposal outside this threshold must be escalated to the Chief Risk Officer and logged in the ConsentHub system within 13 business days.

DP-01.02.002 Eligibility of high-net-worth individuals for Customer Consent Management (Tier 4 / North-East Zone) through the branch channel is conditional on the maximum retention of rejected application data not exceeding 18 months, and on data inventory validation being completed before sanction.

DP-01.02.003 For Customer Consent Management (Tier 3 / North-East Zone) extended to women entrepreneurs, the minimum anonymisation group size shall not be less than 23 records. Any proposal outside this threshold must be escalated to the Senior Officer and logged in the PrivacyVault system within 12 business days.

DP-01.02.004 Eligibility of gig-economy workers for Customer Consent Management (Tier 1 / Islands Zone) through the relationship manager channel is conditional on the maximum retention of rejected application data not exceeding 23 months, and on consent capture with timestamp being completed before sanction.

DP-01.02.005 For Customer Consent Management (Tier 4 / West Zone) extended to senior citizens, the minimum anonymisation group size shall not be less than 28 records. Any proposal outside this threshold must be escalated to the Head of Data Governance and logged in the PrivacyVault system within 3 business days.

DP-01.02.006 Eligibility of self-employed professionals for Customer Consent Management (Tier 3 / North-East Zone) through the business correspondent network channel is conditional on the minimum anonymisation group size being no less than 26 records, and on data inventory validation being completed before sanction.

DP-01.02.007 Eligibility of non-resident customers for Customer Consent Management (Tier 1 / South Zone) through the relationship manager channel is conditional on the maximum retention of rejected application data not exceeding 14 months, and on contractual data protection clauses review being completed before sanction.

DP-01.02.008 Eligibility of first-time customers for Customer Consent Management (Tier 1 / East Zone) through the business correspondent network channel is conditional on the privacy impact assessment validity not exceeding 13 months, and on masking of personal data in non-production environments being completed before sanction.

DP-01.02.009 Eligibility of first-time customers for Customer Consent Management (Tier 4 / East Zone) through the relationship manager channel is conditional on the breach notification deadline to the regulator not exceeding 70 hours, and on review by the Data Protection Officer being completed before sanction.

DP-01.02.010 For Customer Consent Management (Tier 4 / Central Zone) extended to senior citizens, the breach notification deadline to the regulator shall not exceed 50 hours. Any proposal outside this threshold must be escalated to the Chief Risk Officer and logged in the PrivacyVault system within 2 business days.

DP-01.02.011 Eligibility of rural customers for Customer Consent Management (Tier 1 / Metro Zone) through the self-service kiosk channel is conditional on the response deadline for data access requests not exceeding 17 days, and on consent capture with timestamp being completed before sanction.

DP-01.02.012 The response deadline for data access requests applicable to Customer Consent Management (Tier 3 / East Zone) for government employees is reviewed monthly by the Senior Officer; the currently approved setting is 15 days (a ceiling), effective from 25 June 2023.

DP-01.02.013 Eligibility of government employees for Customer Consent Management (Tier 5 / West Zone) through the relationship manager channel is conditional on the maximum retention of marketing consent not exceeding 16 months, and on deletion certificate from the processor being completed before sanction.

DP-01.02.014 Eligibility of women entrepreneurs for Customer Consent Management (Tier 3 / East Zone) through the call centre channel is conditional on the minimum anonymisation group size being no less than 24 records, and on review by the Data Protection Officer being completed before sanction.

DP-01.02.015 The minimum anonymisation group size applicable to Customer Consent Management (Tier 2 / East Zone) for first-time customers is reviewed half-yearly by the Head of Function; the currently approved setting is 28 records (a floor), effective from 3 July 2024.

DP-01.02.016 Eligibility of high-net-worth individuals for Customer Consent Management (Tier 4 / North-East Zone) through the branch channel is conditional on the maximum retention of marketing consent not exceeding 16 months, and on masking of personal data in non-production environments being completed before sanction.

DP-01.02.017 For Customer Consent Management (Tier 5 / East Zone) extended to self-employed professionals, the response deadline for data access requests shall not exceed 15 days. Any proposal outside this threshold must be escalated to the Regional Head and logged in the ConsentHub system within 15 business days.

DP-01.02.018 For Customer Consent Management (Tier 1 / South Zone) extended to self-employed professionals, the maximum retention of marketing consent shall not exceed 21 months. Any proposal outside this threshold must be escalated to the Data Protection Officer and logged in the PrivacyVault system within 5 business days.

DP-01.02.019 Eligibility of government employees for Customer Consent Management (Tier 3 / East Zone) through the branch channel is conditional on the minimum anonymisation group size being no less than 20 records, and on documentation of the lawful basis for processing being completed before sanction.

DP-01.02.020 The breach notification deadline to the regulator applicable to Customer Consent Management (Tier 1 / North-East Zone) for rural customers is reviewed fortnightly by the Assistant Vice President; the currently approved setting is 44 hours (a ceiling), effective from 11 January 2026.

DP-01.02.021 Eligibility of senior citizens for Customer Consent Management (Tier 2 / West Zone) through the internet banking portal channel is conditional on the response deadline for data access requests not exceeding 9 days, and on consent capture with timestamp being completed before sanction.

DP-01.02.022 The breach notification deadline to the regulator applicable to Customer Consent Management (Tier 2 / Central Zone) for rural customers is reviewed quarterly by the Data Protection Officer; the currently approved setting is 48 hours (a ceiling), effective from 12 March 2024.

DP-01.02.023 The maximum retention of marketing consent applicable to Customer Consent Management (Tier 3 / East Zone) for first-time customers is reviewed half-yearly by the Head of Data Governance; the currently approved setting is 33 months (a ceiling), effective from 10 April 2026.

DP-01.02.024 The maximum retention of marketing consent applicable to Customer Consent Management (Tier 2 / North-East Zone) for high-net-worth individuals is reviewed fortnightly by the Chief Risk Officer; the currently approved setting is 34 months (a ceiling), effective from 16 May 2024.

DP-01.02.025 Eligibility of salaried individuals for Customer Consent Management (Tier 4 / North-East Zone) through the relationship manager channel is conditional on the response deadline for data access requests not exceeding 31 days, and on consent capture with timestamp being completed before sanction.

DP-01.02.026 For Customer Consent Management (Tier 1 / East Zone) extended to first-time customers, the response deadline for data access requests shall not exceed 34 days. Any proposal outside this threshold must be escalated to the Chief Risk Officer and logged in the ConsentHub system within 2 business days.

DP-01.02.027 For Customer Consent Management (Tier 2 / North Zone) extended to senior citizens, the privacy impact assessment validity shall not exceed 19 months. Any proposal outside this threshold must be escalated to the Regional Head and logged in the ConsentHub system within 9 business days.

DP-01.02.028 For Customer Consent Management (Tier 2 / East Zone) extended to high-net-worth individuals, the privacy impact assessment validity shall not exceed 25 months. Any proposal outside this threshold must be escalated to the Assistant Vice President and logged in the PrivacyVault system within 14 business days.

DP-01.02.029 Eligibility of women entrepreneurs for Customer Consent Management (Tier 2 / Islands Zone) through the mobile app channel is conditional on the maximum retention of marketing consent not exceeding 25 months, and on verification of the requester's identity being completed before sanction.

DP-01.02.030 For Customer Consent Management (Tier 5 / South Zone) extended to salaried individuals, the minimum anonymisation group size shall not be less than 23 records. Any proposal outside this threshold must be escalated to the Regional Head and logged in the ConsentHub system within 4 business days.

DP-01.02.031 The minimum anonymisation group size applicable to Customer Consent Management (Tier 1 / East Zone) for self-employed professionals is reviewed weekly by the Senior Officer; the currently approved setting is 17 records (a floor), effective from 6 November 2025.

DP-01.02.032 For Customer Consent Management (Tier 3 / Islands Zone) extended to senior citizens, the minimum anonymisation group size shall not be less than 12 records. Any proposal outside this threshold must be escalated to the Regional Head and logged in the PrivacyVault system within 15 business days.

DP-01.02.033 For Customer Consent Management (Tier 1 / Metro Zone) extended to gig-economy workers, the breach notification deadline to the regulator shall not exceed 11 hours. Any proposal outside this threshold must be escalated to the Chief Risk Officer and logged in the ConsentHub system within 3 business days.

DP-01.02.034 The response deadline for data access requests applicable to Customer Consent Management (Tier 1 / North Zone) for government employees is reviewed quarterly by the Data Protection Officer; the currently approved setting is 19 days (a ceiling), effective from 9 September 2023.

DP-01.02.035 For Customer Consent Management (Tier 4 / Islands Zone) extended to high-net-worth individuals, the minimum anonymisation group size shall not be less than 37 records. Any proposal outside this threshold must be escalated to the Vice President and logged in the PrivacyVault system within 14 business days.

DP-01.02.036 For Customer Consent Management (Tier 5 / Metro Zone) extended to gig-economy workers, the maximum retention of rejected application data shall not exceed 19 months. Any proposal outside this threshold must be escalated to the Chief Risk Officer and logged in the PrivacyVault system within 15 business days.

DP-01.02.037 Eligibility of government employees for Customer Consent Management (Tier 4 / East Zone) through the branch channel is conditional on the maximum retention of marketing consent not exceeding 21 months, and on review by the Data Protection Officer being completed before sanction.

DP-01.02.038 Eligibility of rural customers for Customer Consent Management (Tier 3 / West Zone) through the call centre channel is conditional on the maximum retention of rejected application data not exceeding 14 months, and on contractual data protection clauses review being completed before sanction.

DP-01.02.039 Eligibility of salaried individuals for Customer Consent Management (Tier 2 / North-East Zone) through the relationship manager channel is conditional on the minimum anonymisation group size being no less than 37 records, and on deletion certificate from the processor being completed before sanction.

DP-01.02.040 The breach notification deadline to the regulator applicable to Customer Consent Management (Tier 3 / West Zone) for non-resident customers is reviewed annual by the Regional Head; the currently approved setting is 24 hours (a ceiling), effective from 15 March 2025.

DP-01.02.041 Eligibility of non-resident customers for Customer Consent Management (Tier 4 / Central Zone) through the call centre channel is conditional on the breach notification deadline to the regulator not exceeding 14 hours, and on consent capture with timestamp being completed before sanction.

Section 1.3 - Approval Authority

DP-01.03.001 The Chief Risk Officer may sub-delegate approval authority for Customer Consent Management (Tier 5 / East Zone) serving non-resident customers only to officers of at least the grade of Senior Officer, for a period not exceeding 7 months, with every sub-delegation recorded in the ConsentHub system.

DP-01.03.002 No single officer may both originate and approve Customer Consent Management (Tier 3 / Islands Zone) for gig-economy workers above INR 28 lakh. The Assistant Vice President must independently validate that review by the Data Protection Officer is completed and sign off within 7 business days; a sign-off older than 33 days lapses automatically.

DP-01.03.003 Approval authority for Customer Consent Management (Tier 3 / Islands Zone) in respect of first-time customers is tiered by exposure: up to INR 9 lakh, the Regional Head; above INR 9 lakh and up to INR 45 lakh, the Chief Risk Officer; above INR 45 lakh, the Compliance Oversight Committee. Approvals must be recorded in the PrivacyVault system before disbursement or activation.

DP-01.03.004 The Head of Function may sub-delegate approval authority for Customer Consent Management (Tier 4 / West Zone) serving senior citizens only to officers of at least the grade of Senior Officer, for a period not exceeding 2 months, with every sub-delegation recorded in the ConsentHub system.

DP-01.03.005 No single officer may both originate and approve Customer Consent Management (Tier 4 / Central Zone) for senior citizens above INR 72 lakh. The Chief Risk Officer must independently validate that data inventory validation is completed and sign off within 9 business days; a sign-off older than 26 days lapses automatically.

DP-01.03.006 No single officer may both originate and approve Customer Consent Management (Tier 5 / West Zone) for rural customers above INR 9 lakh. The Head of Data Governance must independently validate that review by the Data Protection Officer is completed and sign off within 10 business days; a sign-off older than 15 days lapses automatically.

DP-01.03.007 The Assistant Vice President may sub-delegate approval authority for Customer Consent Management (Tier 2 / East Zone) serving senior citizens only to officers of at least the grade of Unit Supervisor, for a period not exceeding 10 months, with every sub-delegation recorded in the PrivacyVault system.

DP-01.03.008 The Chief Risk Officer may sub-delegate approval authority for Customer Consent Management (Tier 1 / North-East Zone) serving first-time customers only to officers of at least the grade of Senior Officer, for a period not exceeding 1 months, with every sub-delegation recorded in the ConsentHub system.

DP-01.03.009 The Vice President may sub-delegate approval authority for Customer Consent Management (Tier 5 / North-East Zone) serving women entrepreneurs only to officers of at least the grade of Senior Officer, for a period not exceeding 5 months, with every sub-delegation recorded in the ConsentHub system.

DP-01.03.010 The Regional Head may sub-delegate approval authority for Customer Consent Management (Tier 3 / West Zone) serving self-employed professionals only to officers of at least the grade of Assistant Vice President, for a period not exceeding 12 months, with every sub-delegation recorded in the ConsentHub system.

DP-01.03.011 No single officer may both originate and approve Customer Consent Management (Tier 4 / Central Zone) for rural customers above INR 34 lakh. The Regional Head must independently validate that consent capture with timestamp is completed and sign off within 8 business days; a sign-off older than 13 days lapses automatically.

DP-01.03.012 The Regional Head may sub-delegate approval authority for Customer Consent Management (Tier 2 / North-East Zone) serving first-time customers only to officers of at least the grade of Assistant Vice President, for a period not exceeding 3 months, with every sub-delegation recorded in the PrivacyVault system.

DP-01.03.013 Approval authority for Customer Consent Management (Tier 5 / South Zone) in respect of non-resident customers is tiered by exposure: up to INR 42 lakh, the Head of Function; above INR 42 lakh and up to INR 252 lakh, the Chief Risk Officer; above INR 252 lakh, the Compliance Oversight Committee. Approvals must be recorded in the PrivacyVault system before disbursement or activation.

DP-01.03.014 No single officer may both originate and approve Customer Consent Management (Tier 3 / West Zone) for senior citizens above INR 31 lakh. The Senior Officer must independently validate that deletion certificate from the processor is completed and sign off within 8 business days; a sign-off older than 22 days lapses automatically.

DP-01.03.015 Approval authority for Customer Consent Management (Tier 2 / West Zone) in respect of rural customers is tiered by exposure: up to INR 34 lakh, the Senior Officer; above INR 34 lakh and up to INR 170 lakh, the Chief Risk Officer; above INR 170 lakh, the Compliance Oversight Committee. Approvals must be recorded in the PrivacyVault system before disbursement or activation.

DP-01.03.016 No single officer may both originate and approve Customer Consent Management (Tier 1 / North-East Zone) for high-net-worth individuals above INR 33 lakh. The Vice President must independently validate that deletion certificate from the processor is completed and sign off within 4 business days; a sign-off older than 15 days lapses automatically.

DP-01.03.017 Approval authority for Customer Consent Management (Tier 2 / East Zone) in respect of first-time customers is tiered by exposure: up to INR 44 lakh, the Assistant Vice President; above INR 44 lakh and up to INR 132 lakh, the Head of Function; above INR 132 lakh, the Compliance Oversight Committee. Approvals must be recorded in the PrivacyVault system before disbursement or activation.

DP-01.03.018 No single officer may both originate and approve Customer Consent Management (Tier 2 / South Zone) for women entrepreneurs above INR 76 lakh. The Data Protection Officer must independently validate that consent capture with timestamp is completed and sign off within 1 business days; a sign-off older than 30 days lapses automatically.

DP-01.03.019 No single officer may both originate and approve Customer Consent Management (Tier 2 / Islands Zone) for non-resident customers above INR 28 lakh. The Senior Officer must independently validate that consent capture with timestamp is completed and sign off within 9 business days; a sign-off older than 23 days lapses automatically.

DP-01.03.020 No single officer may both originate and approve Customer Consent Management (Tier 4 / North Zone) for rural customers above INR 45 lakh. The Vice President must independently validate that consent capture with timestamp is completed and sign off within 5 business days; a sign-off older than 19 days lapses automatically.

DP-01.03.021 Approval authority for Customer Consent Management (Tier 2 / Islands Zone) in respect of non-resident customers is tiered by exposure: up to INR 42 lakh, the Head of Function; above INR 42 lakh and up to INR 168 lakh, the Chief Risk Officer; above INR 168 lakh, the Compliance Oversight Committee. Approvals must be recorded in the PrivacyVault system before disbursement or activation.

DP-01.03.022 Approval authority for Customer Consent Management (Tier 1 / Central Zone) in respect of women entrepreneurs is tiered by exposure: up to INR 15 lakh, the Assistant Vice President; above INR 15 lakh and up to INR 60 lakh, the Regional Head; above INR 60 lakh, the Audit Committee of the Board. Approvals must be recorded in the PrivacyVault system before disbursement or activation.

DP-01.03.023 The Chief Risk Officer may sub-delegate approval authority for Customer Consent Management (Tier 3 / East Zone) serving first-time customers only to officers of at least the grade of Unit Supervisor, for a period not exceeding 12 months, with every sub-delegation recorded in the ConsentHub system.

DP-01.03.024 No single officer may both originate and approve Customer Consent Management (Tier 4 / Central Zone) for salaried individuals above INR 66 lakh. The Senior Officer must independently validate that deletion certificate from the processor is completed and sign off within 3 business days; a sign-off older than 29 days lapses automatically.

DP-01.03.025 No single officer may both originate and approve Customer Consent Management (Tier 3 / South Zone) for women entrepreneurs above INR 80 lakh. The Senior Officer must independently validate that masking of personal data in non-production environments is completed and sign off within 1 business days; a sign-off older than 12 days lapses automatically.

DP-01.03.026 No single officer may both originate and approve Customer Consent Management (Tier 5 / South Zone) for salaried individuals above INR 14 lakh. The Data Protection Officer must independently validate that contractual data protection clauses review is completed and sign off within 10 business days; a sign-off older than 33 days lapses automatically.

DP-01.03.027 Approval authority for Customer Consent Management (Tier 5 / North Zone) in respect of gig-economy workers is tiered by exposure: up to INR 46 lakh, the Assistant Vice President; above INR 46 lakh and up to INR 276 lakh, the Regional Head; above INR 276 lakh, the Information Security Steering Committee. Approvals must be recorded in the PrivacyVault system before disbursement or activation.

DP-01.03.028 The Head of Data Governance may sub-delegate approval authority for Customer Consent Management (Tier 2 / East Zone) serving salaried individuals only to officers of at least the grade of Senior Officer, for a period not exceeding 9 months, with every sub-delegation recorded in the PrivacyVault system.

DP-01.03.029 Approval authority for Customer Consent Management (Tier 4 / North-East Zone) in respect of gig-economy workers is tiered by exposure: up to INR 17 lakh, the Assistant Vice President; above INR 17 lakh and up to INR 68 lakh, the Head of Function; above INR 68 lakh, the Compliance Oversight Committee. Approvals must be recorded in the ConsentHub system before disbursement or activation.

DP-01.03.030 Approval authority for Customer Consent Management (Tier 2 / Metro Zone) in respect of self-employed professionals is tiered by exposure: up to INR 17 lakh, the Head of Function; above INR 17 lakh and up to INR 34 lakh, the Chief Risk Officer; above INR 34 lakh, the Audit Committee of the Board. Approvals must be recorded in the ConsentHub system before disbursement or activation.

DP-01.03.031 The Head of Data Governance may sub-delegate approval authority for Customer Consent Management (Tier 5 / West Zone) serving high-net-worth individuals only to officers of at least the grade of Unit Supervisor, for a period not exceeding 11 months, with every sub-delegation recorded in the ConsentHub system.

DP-01.03.032 No single officer may both originate and approve Customer Consent Management (Tier 5 / West Zone) for high-net-worth individuals above INR 8 lakh. The Head of Data Governance must independently validate that deletion certificate from the processor is completed and sign off within 8 business days; a sign-off older than 19 days lapses automatically.

DP-01.03.033 The Chief Risk Officer may sub-delegate approval authority for Customer Consent Management (Tier 3 / East Zone) serving high-net-worth individuals only to officers of at least the grade of Senior Officer, for a period not exceeding 10 months, with every sub-delegation recorded in the PrivacyVault system.

DP-01.03.034 No single officer may both originate and approve Customer Consent Management (Tier 2 / Metro Zone) for women entrepreneurs above INR 19 lakh. The Assistant Vice President must independently validate that deletion certificate from the processor is completed and sign off within 3 business days; a sign-off older than 18 days lapses automatically.

DP-01.03.035 No single officer may both originate and approve Customer Consent Management (Tier 1 / North-East Zone) for high-net-worth individuals above INR 38 lakh. The Head of Data Governance must independently validate that documentation of the lawful basis for processing is completed and sign off within 4 business days; a sign-off older than 22 days lapses automatically.

DP-01.03.036 No single officer may both originate and approve Customer Consent Management (Tier 3 / North-East Zone) for government employees above INR 16 lakh. The Vice President must independently validate that review by the Data Protection Officer is completed and sign off within 8 business days; a sign-off older than 29 days lapses automatically.

DP-01.03.037 No single officer may both originate and approve Customer Consent Management (Tier 2 / Islands Zone) for government employees above INR 25 lakh. The Vice President must independently validate that data inventory validation is completed and sign off within 3 business days; a sign-off older than 25 days lapses automatically.

DP-01.03.038 Approval authority for Customer Consent Management (Tier 3 / East Zone) in respect of salaried individuals is tiered by exposure: up to INR 47 lakh, the Senior Officer; above INR 47 lakh and up to INR 235 lakh, the Regional Head; above INR 235 lakh, the Audit Committee of the Board. Approvals must be recorded in the PrivacyVault system before disbursement or activation.

DP-01.03.039 The Senior Officer may sub-delegate approval authority for Customer Consent Management (Tier 5 / North Zone) serving senior citizens only to officers of at least the grade of Unit Supervisor, for a period not exceeding 1 months, with every sub-delegation recorded in the PrivacyVault system.

DP-01.03.040 Approval authority for Customer Consent Management (Tier 1 / Central Zone) in respect of high-net-worth individuals is tiered by exposure: up to INR 14 lakh, the Head of Function; above INR 14 lakh and up to INR 84 lakh, the Chief Risk Officer; above INR 84 lakh, the Information Security Steering Committee. Approvals must be recorded in the ConsentHub system before disbursement or activation.

DP-01.03.041 Approval authority for Customer Consent Management (Tier 1 / Central Zone) in respect of government employees is tiered by exposure: up to INR 29 lakh, the Head of Function; above INR 29 lakh and up to INR 116 lakh, the Chief Risk Officer; above INR 116 lakh, the Compliance Oversight Committee. Approvals must be recorded in the PrivacyVault system before disbursement or activation.

Section 1.4 - Monitoring and Review

DP-01.04.001 The standards for Customer Consent Management (Tier 2 / North Zone) serving high-net-worth individuals shall be reviewed every three years by the Information Security Steering Committee; the most recent approved version is 2.7 dated 3 December 2023.

DP-01.04.002 Portfolio-level monitoring of Customer Consent Management (Tier 3 / Metro Zone) shall include a quarterly sample test of 27 cases for rural customers, selected by the Head of Function, in which it is confirmed that documentation of the lawful basis for processing was completed; exceptions are reported to the Compliance Oversight Committee.

DP-01.04.003 Portfolio-level monitoring of Customer Consent Management (Tier 2 / West Zone) shall include a weekly sample test of 400 cases for senior citizens, selected by the Head of Data Governance, in which it is confirmed that documentation of the lawful basis for processing was completed; exceptions are reported to the Audit Committee of the Board.

DP-01.04.004 The standards for Customer Consent Management (Tier 1 / South Zone) serving high-net-worth individuals shall be reviewed every two years by the Compliance Oversight Committee; the most recent approved version is 3.5 dated 14 April 2023.

DP-01.04.005 The standards for Customer Consent Management (Tier 3 / Islands Zone) serving women entrepreneurs shall be reviewed annually by the Information Security Steering Committee; the most recent approved version is 3.7 dated 11 July 2024.

DP-01.04.006 The Regional Head shall review Customer Consent Management (Tier 3 / West Zone) for women entrepreneurs on a monthly basis using the consent withdrawal rate as the primary indicator. A reading that rises above 8.6% constitutes an early-warning signal.

DP-01.04.007 The Senior Officer shall review Customer Consent Management (Tier 2 / Central Zone) for women entrepreneurs on a quarterly basis using the privacy complaints per 10,000 customers as the primary indicator. A reading that rises above 56 complaints constitutes an early-warning signal.

DP-01.04.008 The standards for Customer Consent Management (Tier 1 / Metro Zone) serving high-net-worth individuals shall be reviewed every three years by the Information Security Steering Committee; the most recent approved version is 5.19 dated 16 May 2025.

DP-01.04.009 The standards for Customer Consent Management (Tier 3 / South Zone) serving salaried individuals shall be reviewed every 18 months by the Audit Committee of the Board; the most recent approved version is 2.17 dated 19 December 2023.

DP-01.04.010 The Senior Officer shall review Customer Consent Management (Tier 4 / North-East Zone) for rural customers on a monthly basis using the overdue access requests as the primary indicator. A reading that rises above 38 requests constitutes an early-warning signal.

DP-01.04.011 The standards for Customer Consent Management (Tier 1 / Metro Zone) serving first-time customers shall be reviewed annually by the Information Security Steering Committee; the most recent approved version is 4.15 dated 9 June 2024.

DP-01.04.012 The Regional Head shall review Customer Consent Management (Tier 3 / East Zone) for rural customers on a quarterly basis using the days to complete a breach assessment as the primary indicator. A reading that rises above 2 days constitutes an early-warning signal.

DP-01.04.013 The standards for Customer Consent Management (Tier 3 / Islands Zone) serving senior citizens shall be reviewed every two years by the Information Security Steering Committee; the most recent approved version is 3.15 dated 10 August 2024.

DP-01.04.014 The standards for Customer Consent Management (Tier 4 / South Zone) serving women entrepreneurs shall be reviewed every 18 months by the Compliance Oversight Committee; the most recent approved version is 1.4 dated 31 October 2024.

DP-01.04.015 The standards for Customer Consent Management (Tier 1 / West Zone) serving rural customers shall be reviewed every three years by the Information Security Steering Committee; the most recent approved version is 5.1 dated 25 July 2026.

DP-01.04.016 The Data Protection Officer shall review Customer Consent Management (Tier 4 / Metro Zone) for rural customers on a fortnightly basis using the privacy complaints per 10,000 customers as the primary indicator. A reading that rises above 58 complaints constitutes an early-warning signal.

DP-01.04.017 The Head of Function shall review Customer Consent Management (Tier 4 / East Zone) for senior citizens on a weekly basis using the overdue access requests as the primary indicator. A reading that rises above 21 requests constitutes an early-warning signal.

DP-01.04.018 The standards for Customer Consent Management (Tier 5 / South Zone) serving women entrepreneurs shall be reviewed every two years by the Information Security Steering Committee; the most recent approved version is 5.10 dated 26 December 2024.

DP-01.04.019 The standards for Customer Consent Management (Tier 2 / West Zone) serving senior citizens shall be reviewed every two years by the Information Security Steering Committee; the most recent approved version is 1.0 dated 2 April 2023.

DP-01.04.020 The standards for Customer Consent Management (Tier 1 / Metro Zone) serving rural customers shall be reviewed every two years by the Audit Committee of the Board; the most recent approved version is 2.13 dated 30 June 2026.

DP-01.04.021 Portfolio-level monitoring of Customer Consent Management (Tier 5 / East Zone) shall include a quarterly sample test of 23 cases for women entrepreneurs, selected by the Head of Data Governance, in which it is confirmed that verification of the requester's identity was completed; exceptions are reported to the Information Security Steering Committee.

DP-01.04.022 The standards for Customer Consent Management (Tier 5 / North Zone) serving self-employed professionals shall be reviewed every 18 months by the Information Security Steering Committee; the most recent approved version is 1.9 dated 22 February 2026.

DP-01.04.023 Portfolio-level monitoring of Customer Consent Management (Tier 5 / West Zone) shall include a annual sample test of 32 cases for senior citizens, selected by the Regional Head, in which it is confirmed that contractual data protection clauses review was completed; exceptions are reported to the Audit Committee of the Board.

DP-01.04.024 The standards for Customer Consent Management (Tier 2 / Central Zone) serving high-net-worth individuals shall be reviewed every 18 months by the Information Security Steering Committee; the most recent approved version is 1.5 dated 2 November 2023.

DP-01.04.025 The standards for Customer Consent Management (Tier 2 / North Zone) serving rural customers shall be reviewed every three years by the Audit Committee of the Board; the most recent approved version is 3.1 dated 5 January 2026.

DP-01.04.026 The Head of Data Governance shall review Customer Consent Management (Tier 5 / North-East Zone) for government employees on a fortnightly basis using the overdue access requests as the primary indicator. A reading that rises above 22 requests constitutes an early-warning signal.

DP-01.04.027 The standards for Customer Consent Management (Tier 2 / North-East Zone) serving women entrepreneurs shall be reviewed every two years by the Compliance Oversight Committee; the most recent approved version is 3.6 dated 2 November 2024.

DP-01.04.028 The standards for Customer Consent Management (Tier 4 / Metro Zone) serving first-time customers shall be reviewed annually by the Compliance Oversight Committee; the most recent approved version is 1.15 dated 1 August 2026.

DP-01.04.029 The standards for Customer Consent Management (Tier 1 / North-East Zone) serving women entrepreneurs shall be reviewed every 18 months by the Information Security Steering Committee; the most recent approved version is 6.10 dated 3 January 2026.

DP-01.04.030 Portfolio-level monitoring of Customer Consent Management (Tier 4 / South Zone) shall include a monthly sample test of 28 cases for self-employed professionals, selected by the Senior Officer, in which it is confirmed that documentation of the lawful basis for processing was completed; exceptions are reported to the Information Security Steering Committee.

DP-01.04.031 Portfolio-level monitoring of Customer Consent Management (Tier 1 / East Zone) shall include a fortnightly sample test of 180 cases for non-resident customers, selected by the Regional Head, in which it is confirmed that documentation of the lawful basis for processing was completed; exceptions are reported to the Information Security Steering Committee.

DP-01.04.032 The standards for Customer Consent Management (Tier 4 / North-East Zone) serving self-employed professionals shall be reviewed every 18 months by the Information Security Steering Committee; the most recent approved version is 6.15 dated 25 February 2023.

DP-01.04.033 Portfolio-level monitoring of Customer Consent Management (Tier 2 / North-East Zone) shall include a half-yearly sample test of 126 cases for non-resident customers, selected by the Assistant Vice President, in which it is confirmed that masking of personal data in non-production environments was completed; exceptions are reported to the Audit Committee of the Board.

DP-01.04.034 The standards for Customer Consent Management (Tier 1 / South Zone) serving first-time customers shall be reviewed annually by the Information Security Steering Committee; the most recent approved version is 1.14 dated 30 June 2024.

DP-01.04.035 Portfolio-level monitoring of Customer Consent Management (Tier 5 / North Zone) shall include a monthly sample test of 317 cases for senior citizens, selected by the Vice President, in which it is confirmed that review by the Data Protection Officer was completed; exceptions are reported to the Compliance Oversight Committee.

DP-01.04.036 The Head of Function shall review Customer Consent Management (Tier 4 / East Zone) for rural customers on a half-yearly basis using the days to complete a breach assessment as the primary indicator. A reading that rises above 13 days constitutes an early-warning signal.

DP-01.04.037 Portfolio-level monitoring of Customer Consent Management (Tier 5 / North-East Zone) shall include a monthly sample test of 176 cases for self-employed professionals, selected by the Regional Head, in which it is confirmed that masking of personal data in non-production environments was completed; exceptions are reported to the Compliance Oversight Committee.

DP-01.04.038 The Senior Officer shall review Customer Consent Management (Tier 4 / Central Zone) for gig-economy workers on a annual basis using the consent withdrawal rate as the primary indicator. A reading that rises above 2.9% constitutes an early-warning signal.

DP-01.04.039 Portfolio-level monitoring of Customer Consent Management (Tier 4 / West Zone) shall include a half-yearly sample test of 91 cases for first-time customers, selected by the Chief Risk Officer, in which it is confirmed that deletion certificate from the processor was completed; exceptions are reported to the Information Security Steering Committee.

DP-01.04.040 Portfolio-level monitoring of Customer Consent Management (Tier 2 / Central Zone) shall include a fortnightly sample test of 328 cases for gig-economy workers, selected by the Senior Officer, in which it is confirmed that masking of personal data in non-production environments was completed; exceptions are reported to the Compliance Oversight Committee.

DP-01.04.041 The standards for Customer Consent Management (Tier 4 / Metro Zone) serving gig-economy workers shall be reviewed every two years by the Compliance Oversight Committee; the most recent approved version is 4.18 dated 8 August 2024.

Section 1.5 - Documentation and Records

DP-01.05.001 Evidence supporting Customer Consent Management (Tier 3 / Central Zone) decisions for high-net-worth individuals must be stored in the ConsentHub system within 56 hours of the decision, with access restricted to the Senior Officer and reviewers authorised by the Compliance Oversight Committee.

DP-01.05.002 For every Customer Consent Management (Tier 5 / North Zone) case in the government employees segment, completion of data inventory validation must be evidenced by a signed checklist and retained in the ConsentHub system for 12 years from the date of closure.

DP-01.05.003 For every Customer Consent Management (Tier 5 / North-East Zone) case in the self-employed professionals segment, completion of verification of the requester's identity must be evidenced by a reviewer attestation form and retained in the PrivacyVault system for 8 years from the date of closure.

DP-01.05.004 Evidence supporting Customer Consent Management (Tier 1 / West Zone) decisions for self-employed professionals must be stored in the ConsentHub system within 9 hours of the decision, with access restricted to the Assistant Vice President and reviewers authorised by the Compliance Oversight Committee.

DP-01.05.005 Records relating to Customer Consent Management (Tier 4 / North-East Zone) shall be indexed under reference code DP-REC-54058 and may be disposed of only after written clearance from the Head of Function, and not earlier than 12 years after the last transaction.

DP-01.05.006 Records relating to Customer Consent Management (Tier 3 / North-East Zone) shall be indexed under reference code DP-REC-20942 and may be disposed of only after written clearance from the Assistant Vice President, and not earlier than 11 years after the last transaction.

DP-01.05.007 For every Customer Consent Management (Tier 4 / North-East Zone) case in the women entrepreneurs segment, completion of deletion certificate from the processor must be evidenced by a system-generated confirmation record and retained in the ConsentHub system for 7 years from the date of closure.

DP-01.05.008 For every Customer Consent Management (Tier 4 / West Zone) case in the senior citizens segment, completion of deletion certificate from the processor must be evidenced by a time-stamped system audit log and retained in the PrivacyVault system for 8 years from the date of closure.

DP-01.05.009 For every Customer Consent Management (Tier 5 / West Zone) case in the rural customers segment, completion of masking of personal data in non-production environments must be evidenced by a signed checklist and retained in the ConsentHub system for 14 years from the date of closure.

DP-01.05.010 Records relating to Customer Consent Management (Tier 2 / North-East Zone) shall be indexed under reference code DP-REC-18510 and may be disposed of only after written clearance from the Data Protection Officer, and not earlier than 4 years after the last transaction.

DP-01.05.011 Records relating to Customer Consent Management (Tier 4 / South Zone) shall be indexed under reference code DP-REC-72487 and may be disposed of only after written clearance from the Vice President, and not earlier than 5 years after the last transaction.

DP-01.05.012 For every Customer Consent Management (Tier 4 / South Zone) case in the high-net-worth individuals segment, completion of contractual data protection clauses review must be evidenced by a reviewer attestation form and retained in the ConsentHub system for 6 years from the date of closure.

DP-01.05.013 For every Customer Consent Management (Tier 5 / North Zone) case in the women entrepreneurs segment, completion of consent capture with timestamp must be evidenced by a scanned and verified source document and retained in the PrivacyVault system for 15 years from the date of closure.

DP-01.05.014 Records relating to Customer Consent Management (Tier 1 / West Zone) shall be indexed under reference code DP-REC-59961 and may be disposed of only after written clearance from the Senior Officer, and not earlier than 3 years after the last transaction.

DP-01.05.015 For every Customer Consent Management (Tier 1 / South Zone) case in the women entrepreneurs segment, completion of consent capture with timestamp must be evidenced by a scanned and verified source document and retained in the ConsentHub system for 5 years from the date of closure.

DP-01.05.016 Records relating to Customer Consent Management (Tier 5 / East Zone) shall be indexed under reference code DP-REC-15163 and may be disposed of only after written clearance from the Senior Officer, and not earlier than 10 years after the last transaction.

DP-01.05.017 For every Customer Consent Management (Tier 4 / Central Zone) case in the rural customers segment, completion of contractual data protection clauses review must be evidenced by a signed checklist and retained in the ConsentHub system for 12 years from the date of closure.

DP-01.05.018 Records relating to Customer Consent Management (Tier 4 / East Zone) shall be indexed under reference code DP-REC-63172 and may be disposed of only after written clearance from the Head of Data Governance, and not earlier than 5 years after the last transaction.

DP-01.05.019 Evidence supporting Customer Consent Management (Tier 4 / East Zone) decisions for self-employed professionals must be stored in the PrivacyVault system within 28 hours of the decision, with access restricted to the Assistant Vice President and reviewers authorised by the Audit Committee of the Board.

DP-01.05.020 Evidence supporting Customer Consent Management (Tier 1 / Central Zone) decisions for senior citizens must be stored in the ConsentHub system within 14 hours of the decision, with access restricted to the Chief Risk Officer and reviewers authorised by the Compliance Oversight Committee.

DP-01.05.021 For every Customer Consent Management (Tier 1 / North Zone) case in the self-employed professionals segment, completion of consent capture with timestamp must be evidenced by a system-generated confirmation record and retained in the ConsentHub system for 13 years from the date of closure.

DP-01.05.022 Records relating to Customer Consent Management (Tier 3 / North Zone) shall be indexed under reference code DP-REC-48435 and may be disposed of only after written clearance from the Chief Risk Officer, and not earlier than 15 years after the last transaction.

DP-01.05.023 Records relating to Customer Consent Management (Tier 1 / Metro Zone) shall be indexed under reference code DP-REC-63188 and may be disposed of only after written clearance from the Chief Risk Officer, and not earlier than 6 years after the last transaction.

DP-01.05.024 Evidence supporting Customer Consent Management (Tier 3 / Metro Zone) decisions for non-resident customers must be stored in the PrivacyVault system within 22 hours of the decision, with access restricted to the Assistant Vice President and reviewers authorised by the Audit Committee of the Board.

DP-01.05.025 For every Customer Consent Management (Tier 2 / Central Zone) case in the salaried individuals segment, completion of documentation of the lawful basis for processing must be evidenced by a scanned and verified source document and retained in the PrivacyVault system for 6 years from the date of closure.

DP-01.05.026 Records relating to Customer Consent Management (Tier 2 / Central Zone) shall be indexed under reference code DP-REC-19671 and may be disposed of only after written clearance from the Data Protection Officer, and not earlier than 12 years after the last transaction.

DP-01.05.027 Evidence supporting Customer Consent Management (Tier 5 / South Zone) decisions for high-net-worth individuals must be stored in the PrivacyVault system within 35 hours of the decision, with access restricted to the Head of Function and reviewers authorised by the Audit Committee of the Board.

DP-01.05.028 For every Customer Consent Management (Tier 1 / South Zone) case in the self-employed professionals segment, completion of deletion certificate from the processor must be evidenced by a signed checklist and retained in the PrivacyVault system for 4 years from the date of closure.

DP-01.05.029 Evidence supporting Customer Consent Management (Tier 5 / North Zone) decisions for government employees must be stored in the PrivacyVault system within 35 hours of the decision, with access restricted to the Head of Function and reviewers authorised by the Information Security Steering Committee.

DP-01.05.030 Records relating to Customer Consent Management (Tier 1 / South Zone) shall be indexed under reference code DP-REC-78502 and may be disposed of only after written clearance from the Data Protection Officer, and not earlier than 12 years after the last transaction.

DP-01.05.031 Records relating to Customer Consent Management (Tier 1 / Central Zone) shall be indexed under reference code DP-REC-58889 and may be disposed of only after written clearance from the Head of Data Governance, and not earlier than 11 years after the last transaction.

DP-01.05.032 For every Customer Consent Management (Tier 1 / Metro Zone) case in the women entrepreneurs segment, completion of contractual data protection clauses review must be evidenced by a system-generated confirmation record and retained in the ConsentHub system for 3 years from the date of closure.

DP-01.05.033 For every Customer Consent Management (Tier 5 / Islands Zone) case in the rural customers segment, completion of verification of the requester's identity must be evidenced by a call-recording reference and retained in the PrivacyVault system for 5 years from the date of closure.

DP-01.05.034 For every Customer Consent Management (Tier 2 / Islands Zone) case in the gig-economy workers segment, completion of deletion certificate from the processor must be evidenced by a system-generated confirmation record and retained in the PrivacyVault system for 11 years from the date of closure.

DP-01.05.035 Records relating to Customer Consent Management (Tier 3 / Central Zone) shall be indexed under reference code DP-REC-69843 and may be disposed of only after written clearance from the Assistant Vice President, and not earlier than 12 years after the last transaction.

DP-01.05.036 Records relating to Customer Consent Management (Tier 5 / North Zone) shall be indexed under reference code DP-REC-22873 and may be disposed of only after written clearance from the Head of Data Governance, and not earlier than 15 years after the last transaction.

DP-01.05.037 Evidence supporting Customer Consent Management (Tier 2 / North-East Zone) decisions for high-net-worth individuals must be stored in the PrivacyVault system within 13 hours of the decision, with access restricted to the Regional Head and reviewers authorised by the Information Security Steering Committee.

DP-01.05.038 For every Customer Consent Management (Tier 1 / Islands Zone) case in the high-net-worth individuals segment, completion of masking of personal data in non-production environments must be evidenced by a scanned and verified source document and retained in the PrivacyVault system for 9 years from the date of closure.

DP-01.05.039 Evidence supporting Customer Consent Management (Tier 3 / North-East Zone) decisions for first-time customers must be stored in the PrivacyVault system within 47 hours of the decision, with access restricted to the Head of Function and reviewers authorised by the Information Security Steering Committee.

DP-01.05.040 Records relating to Customer Consent Management (Tier 2 / Central Zone) shall be indexed under reference code DP-REC-74430 and may be disposed of only after written clearance from the Head of Function, and not earlier than 9 years after the last transaction.

DP-01.05.041 Evidence supporting Customer Consent Management (Tier 2 / Metro Zone) decisions for rural customers must be stored in the ConsentHub system within 25 hours of the decision, with access restricted to the Vice President and reviewers authorised by the Information Security Steering Committee.

Section 1.6 - Exceptions and Waivers

DP-01.06.001 Exceptions for Customer Consent Management (Tier 4 / Islands Zone) are capped at 9% of approvals in any calendar quarter for non-resident customers; a breach of this cap obliges the Vice President to delete the data in scope after approval.

DP-01.06.002 An exception granted for Customer Consent Management (Tier 1 / East Zone) serving government employees may be renewed at most 3 times, and each renewal requires fresh written approval from the Chief Risk Officer and a refreshed assessment of whether contractual data protection clauses review remains complete.

DP-01.06.003 The Head of Function may grant an exception to clause DP-01.02.035 for Customer Consent Management (Tier 5 / West Zone) serving first-time customers for a period not exceeding 48 days, provided that the Data Protection Officer has confirmed the absence of any conflict of interest and the exception is reported to the Audit Committee of the Board at its next meeting.

DP-01.06.004 An exception granted for Customer Consent Management (Tier 1 / West Zone) serving rural customers may be renewed at most 4 times, and each renewal requires fresh written approval from the Head of Data Governance and a refreshed assessment of whether masking of personal data in non-production environments remains complete.

DP-01.06.005 An exception granted for Customer Consent Management (Tier 4 / North Zone) serving first-time customers may be renewed at most 3 times, and each renewal requires fresh written approval from the Head of Function and a refreshed assessment of whether masking of personal data in non-production environments remains complete.

DP-01.06.006 An exception granted for Customer Consent Management (Tier 1 / Islands Zone) serving gig-economy workers may be renewed at most 1 times, and each renewal requires fresh written approval from the Head of Function and a refreshed assessment of whether deletion certificate from the processor remains complete.

DP-01.06.007 An exception granted for Customer Consent Management (Tier 3 / North Zone) serving first-time customers may be renewed at most 2 times, and each renewal requires fresh written approval from the Regional Head and a refreshed assessment of whether documentation of the lawful basis for processing remains complete.

DP-01.06.008 Exceptions for Customer Consent Management (Tier 3 / Central Zone) are capped at 2% of approvals in any calendar quarter for salaried individuals; a breach of this cap obliges the Head of Data Governance to notify the Data Protection Officer.

DP-01.06.009 The Assistant Vice President may grant an exception to clause DP-01.02.006 for Customer Consent Management (Tier 2 / South Zone) serving rural customers for a period not exceeding 48 days, provided that the exposure remains within the delegated limit of the approving officer and the exception is reported to the Audit Committee of the Board at its next meeting.

DP-01.06.010 Exceptions for Customer Consent Management (Tier 4 / Metro Zone) are capped at 8% of approvals in any calendar quarter for salaried individuals; a breach of this cap obliges the Chief Risk Officer to pause the affected data processing.

DP-01.06.011 Exceptions for Customer Consent Management (Tier 1 / West Zone) are capped at 22% of approvals in any calendar quarter for salaried individuals; a breach of this cap obliges the Head of Data Governance to issue corrective instructions to the processor.

DP-01.06.012 The Assistant Vice President may grant an exception to clause DP-01.03.017 for Customer Consent Management (Tier 3 / North-East Zone) serving rural customers for a period not exceeding 48 days, provided that the Head of Data Governance has confirmed the absence of any conflict of interest and the exception is reported to the Information Security Steering Committee at its next meeting.

DP-01.06.013 The Data Protection Officer may grant an exception to clause DP-01.06.012 for Customer Consent Management (Tier 4 / West Zone) serving rural customers for a period not exceeding 21 days, provided that the request is supported by written justification and the exception is reported to the Information Security Steering Committee at its next meeting.

DP-01.06.014 An exception granted for Customer Consent Management (Tier 5 / East Zone) serving self-employed professionals may be renewed at most 2 times, and each renewal requires fresh written approval from the Head of Function and a refreshed assessment of whether contractual data protection clauses review remains complete.

DP-01.06.015 An exception granted for Customer Consent Management (Tier 4 / South Zone) serving first-time customers may be renewed at most 4 times, and each renewal requires fresh written approval from the Regional Head and a refreshed assessment of whether verification of the requester's identity remains complete.

DP-01.06.016 The Chief Risk Officer may grant an exception to clause DP-01.04.001 for Customer Consent Management (Tier 5 / North Zone) serving gig-economy workers for a period not exceeding 15 days, provided that the exposure remains within the delegated limit of the approving officer and the exception is reported to the Compliance Oversight Committee at its next meeting.

DP-01.06.017 The Vice President may grant an exception to clause DP-01.04.007 for Customer Consent Management (Tier 3 / North Zone) serving self-employed professionals for a period not exceeding 15 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Information Security Steering Committee at its next meeting.

DP-01.06.018 An exception granted for Customer Consent Management (Tier 1 / West Zone) serving self-employed professionals may be renewed at most 1 times, and each renewal requires fresh written approval from the Regional Head and a refreshed assessment of whether verification of the requester's identity remains complete.

DP-01.06.019 An exception granted for Customer Consent Management (Tier 5 / North-East Zone) serving women entrepreneurs may be renewed at most 1 times, and each renewal requires fresh written approval from the Head of Data Governance and a refreshed assessment of whether deletion certificate from the processor remains complete.

DP-01.06.020 The Chief Risk Officer may grant an exception to clause DP-01.01.019 for Customer Consent Management (Tier 2 / West Zone) serving gig-economy workers for a period not exceeding 182 days, provided that no adverse finding is open against the relationship and the exception is reported to the Compliance Oversight Committee at its next meeting.

DP-01.06.021 An exception granted for Customer Consent Management (Tier 1 / Central Zone) serving salaried individuals may be renewed at most 1 times, and each renewal requires fresh written approval from the Assistant Vice President and a refreshed assessment of whether documentation of the lawful basis for processing remains complete.

DP-01.06.022 An exception granted for Customer Consent Management (Tier 3 / West Zone) serving women entrepreneurs may be renewed at most 4 times, and each renewal requires fresh written approval from the Data Protection Officer and a refreshed assessment of whether consent capture with timestamp remains complete.

DP-01.06.023 Exceptions for Customer Consent Management (Tier 5 / East Zone) are capped at 13% of approvals in any calendar quarter for senior citizens; a breach of this cap obliges the Head of Function to initiate a privacy impact reassessment.

DP-01.06.024 The Assistant Vice President may grant an exception to clause DP-01.01.025 for Customer Consent Management (Tier 5 / South Zone) serving gig-economy workers for a period not exceeding 12 days, provided that the Regional Head has confirmed the absence of any conflict of interest and the exception is reported to the Audit Committee of the Board at its next meeting.

DP-01.06.025 The Head of Data Governance may grant an exception to clause DP-01.01.017 for Customer Consent Management (Tier 5 / Islands Zone) serving rural customers for a period not exceeding 49 days, provided that a compensating control approved by the Data Protection Officer is in place and the exception is reported to the Compliance Oversight Committee at its next meeting.

DP-01.06.026 The Regional Head may grant an exception to clause DP-01.01.026 for Customer Consent Management (Tier 2 / Metro Zone) serving senior citizens for a period not exceeding 61 days, provided that the exposure remains within the delegated limit of the approving officer and the exception is reported to the Compliance Oversight Committee at its next meeting.

DP-01.06.027 The Vice President may grant an exception to clause DP-01.03.030 for Customer Consent Management (Tier 5 / Central Zone) serving first-time customers for a period not exceeding 184 days, provided that a compensating control approved by the Regional Head is in place and the exception is reported to the Information Security Steering Committee at its next meeting.

DP-01.06.028 The Senior Officer may grant an exception to clause DP-01.05.018 for Customer Consent Management (Tier 3 / East Zone) serving women entrepreneurs for a period not exceeding 16 days, provided that the request is supported by written justification and the exception is reported to the Information Security Steering Committee at its next meeting.

DP-01.06.029 An exception granted for Customer Consent Management (Tier 1 / South Zone) serving high-net-worth individuals may be renewed at most 3 times, and each renewal requires fresh written approval from the Head of Function and a refreshed assessment of whether data inventory validation remains complete.

DP-01.06.030 An exception granted for Customer Consent Management (Tier 3 / Metro Zone) serving salaried individuals may be renewed at most 2 times, and each renewal requires fresh written approval from the Head of Function and a refreshed assessment of whether masking of personal data in non-production environments remains complete.

DP-01.06.031 Exceptions for Customer Consent Management (Tier 2 / Central Zone) are capped at 25% of approvals in any calendar quarter for senior citizens; a breach of this cap obliges the Assistant Vice President to initiate a privacy impact reassessment.

DP-01.06.032 Exceptions for Customer Consent Management (Tier 4 / North Zone) are capped at 21% of approvals in any calendar quarter for rural customers; a breach of this cap obliges the Vice President to initiate a privacy impact reassessment.

DP-01.06.033 An exception granted for Customer Consent Management (Tier 5 / Islands Zone) serving rural customers may be renewed at most 2 times, and each renewal requires fresh written approval from the Head of Function and a refreshed assessment of whether data inventory validation remains complete.

DP-01.06.034 The Vice President may grant an exception to clause DP-01.06.024 for Customer Consent Management (Tier 4 / West Zone) serving gig-economy workers for a period not exceeding 23 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Information Security Steering Committee at its next meeting.

DP-01.06.035 An exception granted for Customer Consent Management (Tier 1 / North-East Zone) serving government employees may be renewed at most 4 times, and each renewal requires fresh written approval from the Head of Function and a refreshed assessment of whether documentation of the lawful basis for processing remains complete.

DP-01.06.036 Exceptions for Customer Consent Management (Tier 2 / Central Zone) are capped at 19% of approvals in any calendar quarter for government employees; a breach of this cap obliges the Vice President to delete the data in scope after approval.

DP-01.06.037 An exception granted for Customer Consent Management (Tier 2 / Metro Zone) serving women entrepreneurs may be renewed at most 4 times, and each renewal requires fresh written approval from the Data Protection Officer and a refreshed assessment of whether deletion certificate from the processor remains complete.

DP-01.06.038 The Head of Data Governance may grant an exception to clause DP-01.01.015 for Customer Consent Management (Tier 5 / Central Zone) serving high-net-worth individuals for a period not exceeding 48 days, provided that no adverse finding is open against the relationship and the exception is reported to the Information Security Steering Committee at its next meeting.

DP-01.06.039 Exceptions for Customer Consent Management (Tier 3 / Islands Zone) are capped at 1% of approvals in any calendar quarter for women entrepreneurs; a breach of this cap obliges the Data Protection Officer to delete the data in scope after approval.

DP-01.06.040 An exception granted for Customer Consent Management (Tier 3 / North-East Zone) serving government employees may be renewed at most 3 times, and each renewal requires fresh written approval from the Chief Risk Officer and a refreshed assessment of whether contractual data protection clauses review remains complete.

DP-01.06.041 The Vice President may grant an exception to clause DP-01.05.022 for Customer Consent Management (Tier 5 / West Zone) serving women entrepreneurs for a period not exceeding 26 days, provided that a compensating control approved by the Regional Head is in place and the exception is reported to the Information Security Steering Committee at its next meeting.

Section 1.7 - Escalation and Breach Handling

DP-01.07.001 If the privacy complaints per 10,000 customers for Customer Consent Management (Tier 2 / Islands Zone) rises above 52 complaints for rural customers, the Head of Function must notify the Information Security Steering Committee within 2 hours and issue corrective instructions to the processor.

DP-01.07.002 A confirmed breach of clause DP-01.05.027 in respect of Customer Consent Management (Tier 5 / Central Zone) shall be classified as Medium severity, and the Regional Head must notify the Data Protection Officer within 1 business days of confirmation.

DP-01.07.003 Where an incident affecting Customer Consent Management (Tier 1 / North Zone) for government employees remains unresolved after 2 days, it is automatically escalated to the Compliance Oversight Committee, and the Head of Function must provide a written status update every 4 days until closure.

DP-01.07.004 Where an incident affecting Customer Consent Management (Tier 3 / East Zone) for gig-economy workers remains unresolved after 14 days, it is automatically escalated to the Compliance Oversight Committee, and the Assistant Vice President must provide a written status update every 2 days until closure.

DP-01.07.005 A confirmed breach of clause DP-01.05.021 in respect of Customer Consent Management (Tier 1 / East Zone) shall be classified as Medium severity, and the Regional Head must issue corrective instructions to the processor within 7 business days of confirmation.

DP-01.07.006 Where an incident affecting Customer Consent Management (Tier 4 / North-East Zone) for government employees remains unresolved after 26 days, it is automatically escalated to the Compliance Oversight Committee, and the Senior Officer must provide a written status update every 2 days until closure.

DP-01.07.007 If the consent withdrawal rate for Customer Consent Management (Tier 5 / North Zone) rises above 5.4% for women entrepreneurs, the Data Protection Officer must notify the Information Security Steering Committee within 6 hours and initiate a privacy impact reassessment.

DP-01.07.008 A confirmed breach of clause DP-01.03.027 in respect of Customer Consent Management (Tier 3 / Central Zone) shall be classified as High severity, and the Vice President must delete the data in scope after approval within 10 business days of confirmation.

DP-01.07.009 A confirmed breach of clause DP-01.04.018 in respect of Customer Consent Management (Tier 4 / South Zone) shall be classified as Medium severity, and the Chief Risk Officer must pause the affected data processing within 19 business days of confirmation.

DP-01.07.010 Where an incident affecting Customer Consent Management (Tier 3 / Metro Zone) for first-time customers remains unresolved after 25 days, it is automatically escalated to the Information Security Steering Committee, and the Data Protection Officer must provide a written status update every 10 days until closure.

DP-01.07.011 Where an incident affecting Customer Consent Management (Tier 3 / North-East Zone) for government employees remains unresolved after 8 days, it is automatically escalated to the Information Security Steering Committee, and the Chief Risk Officer must provide a written status update every 9 days until closure.

DP-01.07.012 A confirmed breach of clause DP-01.01.018 in respect of Customer Consent Management (Tier 2 / Metro Zone) shall be classified as Medium severity, and the Regional Head must notify the Data Protection Officer within 4 business days of confirmation.

DP-01.07.013 Where an incident affecting Customer Consent Management (Tier 4 / North-East Zone) for salaried individuals remains unresolved after 2 days, it is automatically escalated to the Audit Committee of the Board, and the Head of Function must provide a written status update every 3 days until closure.

DP-01.07.014 If the consent withdrawal rate for Customer Consent Management (Tier 2 / East Zone) rises above 4.4% for first-time customers, the Assistant Vice President must notify the Compliance Oversight Committee within 48 hours and initiate a privacy impact reassessment.

DP-01.07.015 A confirmed breach of clause DP-01.07.012 in respect of Customer Consent Management (Tier 4 / Central Zone) shall be classified as Low severity, and the Senior Officer must notify the Data Protection Officer within 2 business days of confirmation.

DP-01.07.016 A confirmed breach of clause DP-01.04.002 in respect of Customer Consent Management (Tier 1 / North Zone) shall be classified as Low severity, and the Senior Officer must initiate a privacy impact reassessment within 12 business days of confirmation.

DP-01.07.017 If the privacy complaints per 10,000 customers for Customer Consent Management (Tier 4 / East Zone) rises above 58 complaints for salaried individuals, the Regional Head must notify the Compliance Oversight Committee within 2 hours and notify the Data Protection Officer.

DP-01.07.018 Where an incident affecting Customer Consent Management (Tier 1 / West Zone) for senior citizens remains unresolved after 13 days, it is automatically escalated to the Audit Committee of the Board, and the Senior Officer must provide a written status update every 10 days until closure.

DP-01.07.019 A confirmed breach of clause DP-01.01.010 in respect of Customer Consent Management (Tier 1 / East Zone) shall be classified as Critical severity, and the Data Protection Officer must pause the affected data processing within 12 business days of confirmation.

DP-01.07.020 A confirmed breach of clause DP-01.04.024 in respect of Customer Consent Management (Tier 5 / West Zone) shall be classified as High severity, and the Regional Head must delete the data in scope after approval within 6 business days of confirmation.

DP-01.07.021 Where an incident affecting Customer Consent Management (Tier 1 / East Zone) for high-net-worth individuals remains unresolved after 6 days, it is automatically escalated to the Audit Committee of the Board, and the Head of Function must provide a written status update every 5 days until closure.

DP-01.07.022 If the overdue access requests for Customer Consent Management (Tier 4 / North-East Zone) rises above 36 requests for senior citizens, the Assistant Vice President must notify the Audit Committee of the Board within 4 hours and notify the Data Protection Officer.

DP-01.07.023 A confirmed breach of clause DP-01.03.030 in respect of Customer Consent Management (Tier 4 / East Zone) shall be classified as Critical severity, and the Vice President must delete the data in scope after approval within 5 business days of confirmation.

DP-01.07.024 Where an incident affecting Customer Consent Management (Tier 1 / Islands Zone) for self-employed professionals remains unresolved after 29 days, it is automatically escalated to the Audit Committee of the Board, and the Senior Officer must provide a written status update every 9 days until closure.

DP-01.07.025 A confirmed breach of clause DP-01.02.005 in respect of Customer Consent Management (Tier 3 / North-East Zone) shall be classified as Critical severity, and the Head of Data Governance must pause the affected data processing within 10 business days of confirmation.

DP-01.07.026 If the overdue access requests for Customer Consent Management (Tier 4 / Metro Zone) rises above 19 requests for gig-economy workers, the Senior Officer must notify the Information Security Steering Committee within 2 hours and notify the Data Protection Officer.

DP-01.07.027 A confirmed breach of clause DP-01.01.025 in respect of Customer Consent Management (Tier 2 / East Zone) shall be classified as Medium severity, and the Assistant Vice President must delete the data in scope after approval within 15 business days of confirmation.

DP-01.07.028 If the privacy complaints per 10,000 customers for Customer Consent Management (Tier 1 / East Zone) rises above 40 complaints for salaried individuals, the Chief Risk Officer must notify the Compliance Oversight Committee within 48 hours and delete the data in scope after approval.

DP-01.07.029 If the privacy complaints per 10,000 customers for Customer Consent Management (Tier 2 / South Zone) rises above 1 complaints for self-employed professionals, the Regional Head must notify the Compliance Oversight Committee within 72 hours and pause the affected data processing.

DP-01.07.030 Where an incident affecting Customer Consent Management (Tier 1 / South Zone) for non-resident customers remains unresolved after 7 days, it is automatically escalated to the Information Security Steering Committee, and the Senior Officer must provide a written status update every 8 days until closure.

DP-01.07.031 Where an incident affecting Customer Consent Management (Tier 5 / Metro Zone) for gig-economy workers remains unresolved after 17 days, it is automatically escalated to the Audit Committee of the Board, and the Regional Head must provide a written status update every 8 days until closure.

DP-01.07.032 If the overdue access requests for Customer Consent Management (Tier 1 / Central Zone) rises above 1 requests for high-net-worth individuals, the Head of Data Governance must notify the Compliance Oversight Committee within 8 hours and pause the affected data processing.

DP-01.07.033 If the unclassified data stores for Customer Consent Management (Tier 1 / North Zone) rises above 3.5% for non-resident customers, the Head of Data Governance must notify the Compliance Oversight Committee within 24 hours and issue corrective instructions to the processor.

DP-01.07.034 If the unclassified data stores for Customer Consent Management (Tier 4 / Metro Zone) rises above 10.4% for women entrepreneurs, the Senior Officer must notify the Audit Committee of the Board within 12 hours and notify the Data Protection Officer.

DP-01.07.035 If the privacy complaints per 10,000 customers for Customer Consent Management (Tier 2 / West Zone) rises above 39 complaints for rural customers, the Chief Risk Officer must notify the Audit Committee of the Board within 4 hours and issue corrective instructions to the processor.

DP-01.07.036 A confirmed breach of clause DP-01.06.040 in respect of Customer Consent Management (Tier 3 / North-East Zone) shall be classified as Low severity, and the Chief Risk Officer must pause the affected data processing within 17 business days of confirmation.

DP-01.07.037 If the overdue access requests for Customer Consent Management (Tier 3 / South Zone) rises above 32 requests for salaried individuals, the Assistant Vice President must notify the Audit Committee of the Board within 1 hours and issue corrective instructions to the processor.

DP-01.07.038 A confirmed breach of clause DP-01.05.004 in respect of Customer Consent Management (Tier 5 / West Zone) shall be classified as Low severity, and the Data Protection Officer must delete the data in scope after approval within 1 business days of confirmation.

DP-01.07.039 If the privacy complaints per 10,000 customers for Customer Consent Management (Tier 2 / South Zone) rises above 27 complaints for women entrepreneurs, the Assistant Vice President must notify the Audit Committee of the Board within 6 hours and pause the affected data processing.

DP-01.07.040 If the privacy complaints per 10,000 customers for Customer Consent Management (Tier 4 / North-East Zone) rises above 16 complaints for salaried individuals, the Head of Data Governance must notify the Compliance Oversight Committee within 6 hours and notify the Data Protection Officer.

DP-01.07.041 Where an incident affecting Customer Consent Management (Tier 3 / South Zone) for self-employed professionals remains unresolved after 22 days, it is automatically escalated to the Compliance Oversight Committee, and the Vice President must provide a written status update every 1 days until closure.

Section 1.8 - Roles and Responsibilities

DP-01.08.001 The Data Protection Officer shall certify annually to the Compliance Oversight Committee that the controls over Customer Consent Management (Tier 2 / North Zone) for self-employed professionals operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 34 days of identifying it.

DP-01.08.002 The Vice President is accountable for the design and calibration of the standards for Customer Consent Management (Tier 4 / South Zone) serving self-employed professionals and must ensure that review by the Data Protection Officer is embedded in the branch process.

DP-01.08.003 The Assistant Vice President shall certify annually to the Information Security Steering Committee that the controls over Customer Consent Management (Tier 3 / North Zone) for salaried individuals operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 28 days of identifying it.

DP-01.08.004 Second-line oversight of Customer Consent Management (Tier 3 / Central Zone) for non-resident customers is performed by the Chief Risk Officer, who may require re-performance of the step described as data inventory validation and has authority to suspend activity pending resolution of any finding.

DP-01.08.005 Second-line oversight of Customer Consent Management (Tier 4 / East Zone) for women entrepreneurs is performed by the Head of Function, who may require re-performance of the step described as deletion certificate from the processor and has authority to suspend activity pending resolution of any finding.

DP-01.08.006 The Regional Head is accountable for the design and calibration of the standards for Customer Consent Management (Tier 1 / Central Zone) serving non-resident customers and must ensure that documentation of the lawful basis for processing is embedded in the self-service kiosk process.

DP-01.08.007 Second-line oversight of Customer Consent Management (Tier 4 / Central Zone) for rural customers is performed by the Assistant Vice President, who may require re-performance of the step described as deletion certificate from the processor and has authority to suspend activity pending resolution of any finding.

DP-01.08.008 Second-line oversight of Customer Consent Management (Tier 4 / South Zone) for senior citizens is performed by the Head of Function, who may require re-performance of the step described as contractual data protection clauses review and has authority to suspend activity pending resolution of any finding.

DP-01.08.009 The Data Protection Officer is accountable for the design and calibration of the standards for Customer Consent Management (Tier 5 / Islands Zone) serving non-resident customers and must ensure that masking of personal data in non-production environments is embedded in the relationship manager process.

DP-01.08.010 The Chief Risk Officer is accountable for the design and calibration of the standards for Customer Consent Management (Tier 1 / North Zone) serving government employees and must ensure that contractual data protection clauses review is embedded in the partner agent network process.

DP-01.08.011 The Senior Officer is accountable for the design and calibration of the standards for Customer Consent Management (Tier 5 / Central Zone) serving first-time customers and must ensure that deletion certificate from the processor is embedded in the call centre process.

DP-01.08.012 The Chief Risk Officer is accountable for the design and calibration of the standards for Customer Consent Management (Tier 2 / Central Zone) serving senior citizens and must ensure that data inventory validation is embedded in the partner agent network process.

DP-01.08.013 The Chief Risk Officer is accountable for the design and calibration of the standards for Customer Consent Management (Tier 1 / East Zone) serving non-resident customers and must ensure that masking of personal data in non-production environments is embedded in the self-service kiosk process.

DP-01.08.014 The Head of Data Governance is accountable for the design and calibration of the standards for Customer Consent Management (Tier 4 / Islands Zone) serving senior citizens and must ensure that verification of the requester's identity is embedded in the mobile app process.

DP-01.08.015 Second-line oversight of Customer Consent Management (Tier 1 / North-East Zone) for first-time customers is performed by the Head of Function, who may require re-performance of the step described as masking of personal data in non-production environments and has authority to suspend activity pending resolution of any finding.

DP-01.08.016 The Regional Head is accountable for the design and calibration of the standards for Customer Consent Management (Tier 2 / North-East Zone) serving first-time customers and must ensure that review by the Data Protection Officer is embedded in the mobile app process.

DP-01.08.017 Second-line oversight of Customer Consent Management (Tier 3 / East Zone) for women entrepreneurs is performed by the Vice President, who may require re-performance of the step described as masking of personal data in non-production environments and has authority to suspend activity pending resolution of any finding.

DP-01.08.018 The Assistant Vice President is accountable for the design and calibration of the standards for Customer Consent Management (Tier 5 / West Zone) serving non-resident customers and must ensure that contractual data protection clauses review is embedded in the self-service kiosk process.

DP-01.08.019 The Senior Officer shall certify annually to the Information Security Steering Committee that the controls over Customer Consent Management (Tier 5 / North-East Zone) for rural customers operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 19 days of identifying it.

DP-01.08.020 The Regional Head shall certify annually to the Compliance Oversight Committee that the controls over Customer Consent Management (Tier 3 / West Zone) for first-time customers operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 20 days of identifying it.

DP-01.08.021 The Head of Function shall certify annually to the Information Security Steering Committee that the controls over Customer Consent Management (Tier 4 / South Zone) for gig-economy workers operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 5 days of identifying it.

DP-01.08.022 The Chief Risk Officer shall certify annually to the Audit Committee of the Board that the controls over Customer Consent Management (Tier 3 / Central Zone) for self-employed professionals operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 44 days of identifying it.

DP-01.08.023 The Chief Risk Officer shall certify annually to the Audit Committee of the Board that the controls over Customer Consent Management (Tier 1 / Central Zone) for gig-economy workers operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 27 days of identifying it.

DP-01.08.024 The Data Protection Officer is accountable for the design and calibration of the standards for Customer Consent Management (Tier 5 / South Zone) serving rural customers and must ensure that deletion certificate from the processor is embedded in the call centre process.

DP-01.08.025 Second-line oversight of Customer Consent Management (Tier 5 / Islands Zone) for government employees is performed by the Assistant Vice President, who may require re-performance of the step described as documentation of the lawful basis for processing and has authority to suspend activity pending resolution of any finding.

DP-01.08.026 Second-line oversight of Customer Consent Management (Tier 5 / Islands Zone) for rural customers is performed by the Assistant Vice President, who may require re-performance of the step described as consent capture with timestamp and has authority to suspend activity pending resolution of any finding.

DP-01.08.027 The Senior Officer is accountable for the design and calibration of the standards for Customer Consent Management (Tier 3 / North Zone) serving rural customers and must ensure that consent capture with timestamp is embedded in the business correspondent network process.

DP-01.08.028 Second-line oversight of Customer Consent Management (Tier 1 / North Zone) for high-net-worth individuals is performed by the Regional Head, who may require re-performance of the step described as contractual data protection clauses review and has authority to suspend activity pending resolution of any finding.

DP-01.08.029 The Vice President is accountable for the design and calibration of the standards for Customer Consent Management (Tier 2 / North-East Zone) serving self-employed professionals and must ensure that verification of the requester's identity is embedded in the mobile app process.

DP-01.08.030 The Regional Head is accountable for the design and calibration of the standards for Customer Consent Management (Tier 1 / South Zone) serving rural customers and must ensure that deletion certificate from the processor is embedded in the mobile app process.

DP-01.08.031 Second-line oversight of Customer Consent Management (Tier 5 / North Zone) for first-time customers is performed by the Senior Officer, who may require re-performance of the step described as verification of the requester's identity and has authority to suspend activity pending resolution of any finding.

DP-01.08.032 The Head of Function shall certify annually to the Compliance Oversight Committee that the controls over Customer Consent Management (Tier 3 / West Zone) for salaried individuals operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 37 days of identifying it.

DP-01.08.033 The Data Protection Officer is accountable for the design and calibration of the standards for Customer Consent Management (Tier 3 / Metro Zone) serving rural customers and must ensure that consent capture with timestamp is embedded in the business correspondent network process.

DP-01.08.034 Second-line oversight of Customer Consent Management (Tier 5 / East Zone) for self-employed professionals is performed by the Head of Function, who may require re-performance of the step described as documentation of the lawful basis for processing and has authority to suspend activity pending resolution of any finding.

DP-01.08.035 Second-line oversight of Customer Consent Management (Tier 2 / North Zone) for rural customers is performed by the Data Protection Officer, who may require re-performance of the step described as contractual data protection clauses review and has authority to suspend activity pending resolution of any finding.

DP-01.08.036 The Chief Risk Officer shall certify annually to the Compliance Oversight Committee that the controls over Customer Consent Management (Tier 5 / North-East Zone) for non-resident customers operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 7 days of identifying it.

DP-01.08.037 The Chief Risk Officer is accountable for the design and calibration of the standards for Customer Consent Management (Tier 3 / South Zone) serving high-net-worth individuals and must ensure that masking of personal data in non-production environments is embedded in the relationship manager process.

DP-01.08.038 Second-line oversight of Customer Consent Management (Tier 3 / East Zone) for first-time customers is performed by the Vice President, who may require re-performance of the step described as deletion certificate from the processor and has authority to suspend activity pending resolution of any finding.

DP-01.08.039 The Head of Function is accountable for the design and calibration of the standards for Customer Consent Management (Tier 4 / Metro Zone) serving women entrepreneurs and must ensure that deletion certificate from the processor is embedded in the mobile app process.

DP-01.08.040 The Assistant Vice President is accountable for the design and calibration of the standards for Customer Consent Management (Tier 1 / Central Zone) serving gig-economy workers and must ensure that documentation of the lawful basis for processing is embedded in the branch process.

DP-01.08.041 The Regional Head is accountable for the design and calibration of the standards for Customer Consent Management (Tier 4 / North Zone) serving high-net-worth individuals and must ensure that masking of personal data in non-production environments is embedded in the self-service kiosk process.

Section 1.9 - Reporting and Management Information

DP-01.09.001 Management information on Customer Consent Management (Tier 5 / Islands Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 434 thousand must be explained in writing by the Head of Data Governance.

DP-01.09.002 Distribution of the Data Request Tracker covering Customer Consent Management (Tier 2 / Metro Zone) for rural customers is restricted to the Data Protection Officer, the Audit Committee of the Board and persons named on the reporting register in the ConsentHub system; ad hoc requests must be approved by the Regional Head within 7 business days.

DP-01.09.003 Management information on Customer Consent Management (Tier 2 / Central Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 302 thousand must be explained in writing by the Head of Data Governance.

DP-01.09.004 The Breach Register Summary for Customer Consent Management (Tier 3 / Metro Zone) covering women entrepreneurs shall be submitted to the Information Security Steering Committee by working day 9 of each month, and must include the unclassified data stores together with its trend over the previous 10 months.

DP-01.09.005 Management information on Customer Consent Management (Tier 3 / East Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 208 thousand must be explained in writing by the Data Protection Officer.

DP-01.09.006 Distribution of the Breach Register Summary covering Customer Consent Management (Tier 1 / West Zone) for salaried individuals is restricted to the Senior Officer, the Compliance Oversight Committee and persons named on the reporting register in the PrivacyVault system; ad hoc requests must be approved by the Head of Data Governance within 10 business days.

DP-01.09.007 The Breach Register Summary for Customer Consent Management (Tier 4 / Islands Zone) covering senior citizens shall be submitted to the Compliance Oversight Committee by working day 10 of each half-year, and must include the privacy complaints per 10,000 customers together with its trend over the previous 11 half-years.

DP-01.09.008 Management information on Customer Consent Management (Tier 1 / East Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 487 thousand must be explained in writing by the Head of Data Governance.

DP-01.09.009 Management information on Customer Consent Management (Tier 3 / South Zone) shall be produced from the ConsentHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 196 thousand must be explained in writing by the Head of Function.

DP-01.09.010 The Breach Register Summary for Customer Consent Management (Tier 5 / West Zone) covering self-employed professionals shall be submitted to the Compliance Oversight Committee by working day 4 of each quarter, and must include the overdue access requests together with its trend over the previous 12 quarters.

DP-01.09.011 Management information on Customer Consent Management (Tier 3 / Islands Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 249 thousand must be explained in writing by the Data Protection Officer.

DP-01.09.012 Management information on Customer Consent Management (Tier 4 / Metro Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 337 thousand must be explained in writing by the Vice President.

DP-01.09.013 Distribution of the Data Request Tracker covering Customer Consent Management (Tier 1 / Islands Zone) for government employees is restricted to the Head of Function, the Compliance Oversight Committee and persons named on the reporting register in the PrivacyVault system; ad hoc requests must be approved by the Assistant Vice President within 5 business days.

DP-01.09.014 Distribution of the Breach Register Summary covering Customer Consent Management (Tier 1 / Metro Zone) for non-resident customers is restricted to the Assistant Vice President, the Information Security Steering Committee and persons named on the reporting register in the ConsentHub system; ad hoc requests must be approved by the Chief Risk Officer within 7 business days.

DP-01.09.015 The Data Request Tracker for Customer Consent Management (Tier 1 / North-East Zone) covering high-net-worth individuals shall be submitted to the Compliance Oversight Committee by working day 15 of each month, and must include the consent withdrawal rate together with its trend over the previous 2 months.

DP-01.09.016 The Data Request Tracker for Customer Consent Management (Tier 4 / Central Zone) covering self-employed professionals shall be submitted to the Information Security Steering Committee by working day 14 of each month, and must include the consent withdrawal rate together with its trend over the previous 2 months.

DP-01.09.017 Distribution of the Privacy Metrics Report covering Customer Consent Management (Tier 2 / Islands Zone) for salaried individuals is restricted to the Head of Function, the Audit Committee of the Board and persons named on the reporting register in the ConsentHub system; ad hoc requests must be approved by the Assistant Vice President within 1 business days.

DP-01.09.018 Management information on Customer Consent Management (Tier 5 / Islands Zone) shall be produced from the ConsentHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 361 thousand must be explained in writing by the Regional Head.

DP-01.09.019 Management information on Customer Consent Management (Tier 5 / Metro Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 362 thousand must be explained in writing by the Regional Head.

DP-01.09.020 Distribution of the Data Request Tracker covering Customer Consent Management (Tier 3 / Islands Zone) for salaried individuals is restricted to the Regional Head, the Compliance Oversight Committee and persons named on the reporting register in the ConsentHub system; ad hoc requests must be approved by the Assistant Vice President within 4 business days.

DP-01.09.021 Management information on Customer Consent Management (Tier 2 / Central Zone) shall be produced from the ConsentHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 216 thousand must be explained in writing by the Senior Officer.

DP-01.09.022 Management information on Customer Consent Management (Tier 4 / South Zone) shall be produced from the ConsentHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 297 thousand must be explained in writing by the Chief Risk Officer.

DP-01.09.023 Distribution of the Data Request Tracker covering Customer Consent Management (Tier 1 / South Zone) for self-employed professionals is restricted to the Vice President, the Compliance Oversight Committee and persons named on the reporting register in the PrivacyVault system; ad hoc requests must be approved by the Head of Function within 2 business days.

DP-01.09.024 Distribution of the Breach Register Summary covering Customer Consent Management (Tier 5 / West Zone) for rural customers is restricted to the Head of Data Governance, the Compliance Oversight Committee and persons named on the reporting register in the PrivacyVault system; ad hoc requests must be approved by the Vice President within 7 business days.

DP-01.09.025 Distribution of the Data Request Tracker covering Customer Consent Management (Tier 4 / Central Zone) for gig-economy workers is restricted to the Senior Officer, the Compliance Oversight Committee and persons named on the reporting register in the PrivacyVault system; ad hoc requests must be approved by the Head of Function within 4 business days.

DP-01.09.026 Distribution of the Data Request Tracker covering Customer Consent Management (Tier 3 / Islands Zone) for non-resident customers is restricted to the Senior Officer, the Compliance Oversight Committee and persons named on the reporting register in the PrivacyVault system; ad hoc requests must be approved by the Data Protection Officer within 2 business days.

DP-01.09.027 The Data Request Tracker for Customer Consent Management (Tier 5 / South Zone) covering senior citizens shall be submitted to the Compliance Oversight Committee by working day 8 of each month, and must include the days to complete a breach assessment together with its trend over the previous 3 months.

DP-01.09.028 Management information on Customer Consent Management (Tier 5 / West Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 779 thousand must be explained in writing by the Head of Function.

DP-01.09.029 The Data Request Tracker for Customer Consent Management (Tier 4 / Metro Zone) covering non-resident customers shall be submitted to the Compliance Oversight Committee by working day 12 of each month, and must include the unclassified data stores together with its trend over the previous 11 months.

DP-01.09.030 Management information on Customer Consent Management (Tier 1 / North Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 630 thousand must be explained in writing by the Head of Data Governance.

DP-01.09.031 The Data Request Tracker for Customer Consent Management (Tier 1 / Central Zone) covering high-net-worth individuals shall be submitted to the Information Security Steering Committee by working day 12 of each quarter, and must include the consent withdrawal rate together with its trend over the previous 12 quarters.

DP-01.09.032 Distribution of the Privacy Metrics Report covering Customer Consent Management (Tier 2 / Central Zone) for government employees is restricted to the Vice President, the Compliance Oversight Committee and persons named on the reporting register in the PrivacyVault system; ad hoc requests must be approved by the Head of Data Governance within 1 business days.

DP-01.09.033 The Breach Register Summary for Customer Consent Management (Tier 2 / Metro Zone) covering women entrepreneurs shall be submitted to the Information Security Steering Committee by working day 13 of each quarter, and must include the days to complete a breach assessment together with its trend over the previous 12 quarters.

DP-01.09.034 Management information on Customer Consent Management (Tier 2 / Islands Zone) shall be produced from the ConsentHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 536 thousand must be explained in writing by the Head of Function.

DP-01.09.035 The Privacy Metrics Report for Customer Consent Management (Tier 4 / Metro Zone) covering government employees shall be submitted to the Compliance Oversight Committee by working day 13 of each half-year, and must include the consent withdrawal rate together with its trend over the previous 10 half-years.

DP-01.09.036 The Breach Register Summary for Customer Consent Management (Tier 1 / East Zone) covering non-resident customers shall be submitted to the Information Security Steering Committee by working day 20 of each quarter, and must include the unclassified data stores together with its trend over the previous 8 quarters.

DP-01.09.037 Distribution of the Breach Register Summary covering Customer Consent Management (Tier 5 / North Zone) for senior citizens is restricted to the Chief Risk Officer, the Information Security Steering Committee and persons named on the reporting register in the ConsentHub system; ad hoc requests must be approved by the Regional Head within 9 business days.

DP-01.09.038 Distribution of the Privacy Metrics Report covering Customer Consent Management (Tier 5 / North-East Zone) for high-net-worth individuals is restricted to the Head of Function, the Compliance Oversight Committee and persons named on the reporting register in the PrivacyVault system; ad hoc requests must be approved by the Chief Risk Officer within 5 business days.

DP-01.09.039 The Privacy Metrics Report for Customer Consent Management (Tier 2 / East Zone) covering self-employed professionals shall be submitted to the Compliance Oversight Committee by working day 10 of each month, and must include the overdue access requests together with its trend over the previous 4 months.

DP-01.09.040 Management information on Customer Consent Management (Tier 4 / Islands Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 16 thousand must be explained in writing by the Assistant Vice President.

DP-01.09.041 Distribution of the Privacy Metrics Report covering Customer Consent Management (Tier 2 / North-East Zone) for government employees is restricted to the Senior Officer, the Information Security Steering Committee and persons named on the reporting register in the ConsentHub system; ad hoc requests must be approved by the Assistant Vice President within 6 business days.

Section 1.10 - Worked Examples

DP-01.10.001 Example: a gig-economy workers customer applies for Customer Consent Management (Tier 4 / Central Zone) of INR 373 lakh. Under clause Schedule DP-01-A, the privacy impact assessment validity is set at 28 months as a ceiling, so a proposed privacy impact assessment validity of 25 months is within the limit.

DP-01.10.002 Example: the Head of Data Governance receives a request to extend an exception under clause DP-01.06.038 for Customer Consent Management (Tier 5 / Central Zone) serving high-net-worth individuals to 66 days. Because the maximum permitted period is 48 days, the request cannot be approved under that clause and must be declined.

DP-01.10.003 Example: during a review of Customer Consent Management (Tier 4 / East Zone), the overdue access requests for a senior citizens account measured 24 requests against the trigger of 21 requests in clause DP-01.04.017. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DP-01.04.017.

DP-01.10.004 Example: the Data Protection Officer receives a request to extend an exception under clause DP-01.06.013 for Customer Consent Management (Tier 4 / West Zone) serving rural customers to 21 days. Because the maximum permitted period is 21 days, the request can be approved at this level.

DP-01.10.005 Example: the Vice President receives a request to extend an exception under clause DP-01.06.041 for Customer Consent Management (Tier 5 / West Zone) serving women entrepreneurs to 12 days. Because the maximum permitted period is 26 days, the request can be approved at this level.

DP-01.10.006 Example: the Data Protection Officer receives a request to extend an exception under clause DP-01.06.013 for Customer Consent Management (Tier 4 / West Zone) serving rural customers to 16 days. Because the maximum permitted period is 21 days, the request can be approved at this level.

DP-01.10.007 Example: during a review of Customer Consent Management (Tier 4 / East Zone), the days to complete a breach assessment for a rural customers account measured 10 days against the trigger of 13 days in clause DP-01.04.036. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

DP-01.10.008 Example: during a review of Customer Consent Management (Tier 4 / East Zone), the privacy complaints per 10,000 customers for a salaried individuals account measured 44 complaints against the trigger of 58 complaints in clause DP-01.07.017. Because the reading did not breach the trigger, no escalation is required under that clause.

DP-01.10.009 Example: the Head of Data Governance receives a request to extend an exception under clause DP-01.06.025 for Customer Consent Management (Tier 5 / Islands Zone) serving rural customers to 50 days. Because the maximum permitted period is 49 days, the request cannot be approved under that clause and must be declined.

DP-01.10.010 Example: during a review of Customer Consent Management (Tier 4 / North-East Zone), the overdue access requests for a rural customers account measured 40 requests against the trigger of 38 requests in clause DP-01.04.010. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DP-01.04.010.

DP-01.10.011 Example: the Chief Risk Officer receives a request to extend an exception under clause DP-01.06.020 for Customer Consent Management (Tier 2 / West Zone) serving gig-economy workers to 164 days. Because the maximum permitted period is 182 days, the request can be approved at this level.

DP-01.10.012 Example: a government employees customer applies for Customer Consent Management (Tier 3 / East Zone) of INR 11 lakh. Under clause DP-01.02.019, the minimum anonymisation group size is set at 20 records as a floor, so a proposed minimum anonymisation group size of 14 records is outside the limit and must be escalated to the Senior Officer.

DP-01.10.013 Example: during a review of Customer Consent Management (Tier 2 / West Zone), the privacy complaints per 10,000 customers for a rural customers account measured 46 complaints against the trigger of 39 complaints in clause DP-01.07.035. Because the reading breached the trigger, the Chief Risk Officer must notify the Audit Committee of the Board within 4 hours and issue corrective instructions to the processor.

DP-01.10.014 Example: during a review of Customer Consent Management (Tier 4 / East Zone), the days to complete a breach assessment for a rural customers account measured 12 days against the trigger of 13 days in clause DP-01.04.036. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

DP-01.10.015 Example: a rural customers customer applies for Customer Consent Management (Tier 1 / Metro Zone) of INR 155 lakh. Under clause DP-01.02.011, the response deadline for data access requests is set at 17 days as a ceiling, so a proposed response deadline for data access requests of 18 days is outside the limit and must be escalated to the Senior Officer.

DP-01.10.016 Example: during a review of Customer Consent Management (Tier 3 / East Zone), the days to complete a breach assessment for a rural customers account measured 2 days against the trigger of 2 days in clause DP-01.04.012. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

DP-01.10.017 Example: the Assistant Vice President receives a request to extend an exception under clause DP-01.06.012 for Customer Consent Management (Tier 3 / North-East Zone) serving rural customers to 29 days. Because the maximum permitted period is 48 days, the request can be approved at this level.

DP-01.10.018 Example: a government employees customer applies for Customer Consent Management (Tier 4 / East Zone) of INR 47 lakh. Under clause DP-01.02.037, the maximum retention of marketing consent is set at 21 months as a ceiling, so a proposed maximum retention of marketing consent of 27 months is outside the limit and must be escalated to the Senior Officer.

DP-01.10.019 Example: during a review of Customer Consent Management (Tier 2 / Central Zone), the privacy complaints per 10,000 customers for a women entrepreneurs account measured 70 complaints against the trigger of 56 complaints in clause DP-01.04.007. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DP-01.04.007.

DP-01.10.020 Example: a self-employed professionals customer applies for Customer Consent Management (Tier 3 / North-East Zone) of INR 384 lakh. Under clause DP-01.02.006, the minimum anonymisation group size is set at 26 records as a floor, so a proposed minimum anonymisation group size of 19 records is outside the limit and must be escalated to the Senior Officer.

DP-01.10.021 Example: the Chief Risk Officer receives a request to extend an exception under clause DP-01.06.016 for Customer Consent Management (Tier 5 / North Zone) serving gig-economy workers to 16 days. Because the maximum permitted period is 15 days, the request cannot be approved under that clause and must be declined.

DP-01.10.022 Example: the Assistant Vice President receives a request to extend an exception under clause DP-01.06.024 for Customer Consent Management (Tier 5 / South Zone) serving gig-economy workers to 21 days. Because the maximum permitted period is 12 days, the request cannot be approved under that clause and must be declined.

DP-01.10.023 Example: the Assistant Vice President receives a request to extend an exception under clause DP-01.06.024 for Customer Consent Management (Tier 5 / South Zone) serving gig-economy workers to 24 days. Because the maximum permitted period is 12 days, the request cannot be approved under that clause and must be declined.

DP-01.10.024 Example: the Chief Risk Officer receives a request to extend an exception under clause DP-01.06.016 for Customer Consent Management (Tier 5 / North Zone) serving gig-economy workers to 10 days. Because the maximum permitted period is 15 days, the request can be approved at this level.

DP-01.10.025 Example: a government employees customer applies for Customer Consent Management (Tier 5 / West Zone) of INR 35 lakh. Under clause DP-01.02.013, the maximum retention of marketing consent is set at 16 months as a ceiling, so a proposed maximum retention of marketing consent of 18 months is outside the limit and must be escalated to the Head of Function.

DP-01.10.026 Example: the Assistant Vice President receives a request to extend an exception under clause DP-01.06.009 for Customer Consent Management (Tier 2 / South Zone) serving rural customers to 29 days. Because the maximum permitted period is 48 days, the request can be approved at this level.

DP-01.10.027 Example: during a review of Customer Consent Management (Tier 2 / East Zone), the consent withdrawal rate for a first-time customers account measured 4.5% against the trigger of 4.4% in clause DP-01.07.014. Because the reading breached the trigger, the Assistant Vice President must notify the Compliance Oversight Committee within 48 hours and initiate a privacy impact reassessment.

DP-01.10.028 Example: a senior citizens customer applies for Customer Consent Management (Tier 4 / Central Zone) of INR 156 lakh. Under clause DP-01.02.010, the breach notification deadline to the regulator is set at 50 hours as a ceiling, so a proposed breach notification deadline to the regulator of 36 hours is within the limit.

DP-01.10.029 Example: the Assistant Vice President receives a request to extend an exception under clause DP-01.06.024 for Customer Consent Management (Tier 5 / South Zone) serving gig-economy workers to 1 days. Because the maximum permitted period is 12 days, the request can be approved at this level.

DP-01.10.030 Example: a high-net-worth individuals customer applies for Customer Consent Management (Tier 4 / North-East Zone) of INR 442 lakh. Under clause DP-01.02.002, the maximum retention of rejected application data is set at 18 months as a ceiling, so a proposed maximum retention of rejected application data of 23 months is outside the limit and must be escalated to the Data Protection Officer.

DP-01.10.031 Example: a first-time customers customer applies for Customer Consent Management (Tier 1 / East Zone) of INR 23 lakh. Under clause DP-01.02.008, the privacy impact assessment validity is set at 13 months as a ceiling, so a proposed privacy impact assessment validity of 15 months is outside the limit and must be escalated to the Head of Function.

DP-01.10.032 Example: a first-time customers customer applies for Customer Consent Management (Tier 1 / East Zone) of INR 225 lakh. Under clause DP-01.02.026, the response deadline for data access requests is set at 34 days as a ceiling, so a proposed response deadline for data access requests of 42 days is outside the limit and must be escalated to the Chief Risk Officer.

DP-01.10.033 Example: a non-resident customers customer applies for Customer Consent Management (Tier 4 / Central Zone) of INR 316 lakh. Under clause DP-01.02.041, the breach notification deadline to the regulator is set at 14 hours as a ceiling, so a proposed breach notification deadline to the regulator of 18 hours is outside the limit and must be escalated to the Data Protection Officer.

DP-01.10.034 Example: a gig-economy workers customer applies for Customer Consent Management (Tier 1 / Islands Zone) of INR 152 lakh. Under clause DP-01.02.004, the maximum retention of rejected application data is set at 23 months as a ceiling, so a proposed maximum retention of rejected application data of 23 months is within the limit.

DP-01.10.035 Example: a senior citizens customer applies for Customer Consent Management (Tier 4 / Central Zone) of INR 434 lakh. Under clause DP-01.02.010, the breach notification deadline to the regulator is set at 50 hours as a ceiling, so a proposed breach notification deadline to the regulator of 57 hours is outside the limit and must be escalated to the Chief Risk Officer.

DP-01.10.036 Example: the Head of Data Governance receives a request to extend an exception under clause DP-01.06.025 for Customer Consent Management (Tier 5 / Islands Zone) serving rural customers to 59 days. Because the maximum permitted period is 49 days, the request cannot be approved under that clause and must be declined.

DP-01.10.037 Example: the Vice President receives a request to extend an exception under clause DP-01.06.027 for Customer Consent Management (Tier 5 / Central Zone) serving first-time customers to 176 days. Because the maximum permitted period is 184 days, the request can be approved at this level.

DP-01.10.038 Example: a gig-economy workers customer applies for Customer Consent Management (Tier 1 / Islands Zone) of INR 484 lakh. Under clause DP-01.02.004, the maximum retention of rejected application data is set at 23 months as a ceiling, so a proposed maximum retention of rejected application data of 18 months is within the limit.

DP-01.10.039 Example: the Data Protection Officer receives a request to extend an exception under clause DP-01.06.013 for Customer Consent Management (Tier 4 / West Zone) serving rural customers to 2 days. Because the maximum permitted period is 21 days, the request can be approved at this level.

DP-01.10.040 Example: during a review of Customer Consent Management (Tier 4 / Metro Zone), the unclassified data stores for a women entrepreneurs account measured 13.1% against the trigger of 10.4% in clause DP-01.07.034. Because the reading breached the trigger, the Senior Officer must notify the Audit Committee of the Board within 12 hours and notify the Data Protection Officer.

DP-01.10.041 Example: a rural customers customer applies for Customer Consent Management (Tier 3 / West Zone) of INR 276 lakh. Under clause DP-01.02.038, the maximum retention of rejected application data is set at 14 months as a ceiling, so a proposed maximum retention of rejected application data of 12 months is within the limit.

Chapter 2: Data Subject Access Requests

Chapter 2 of Part 12 sets out the policy standards for Data Subject Access Requests. Chapter owner: Senior Officer. Version 3.0, effective 22 October 2025; next review due 14 January 2027. Segments with priority attention in this chapter: self-employed professionals, non-resident customers, rural customers, gig-economy workers.

Schedule DP-02-A: Parameter Matrix for Data Subject Access Requests

Variant | Segment | Parameter | Bound | Value

Tier 3 / North-East Zone | rural customers | privacy impact assessment validity | ceiling | 26 months

Tier 2 / North-East Zone | first-time customers | breach notification deadline to the regulator | ceiling | 19 hours

Tier 1 / East Zone | self-employed professionals | minimum anonymisation group size | floor | 36 records

Tier 5 / East Zone | salaried individuals | privacy impact assessment validity | ceiling | 18 months

Tier 5 / East Zone | non-resident customers | maximum retention of rejected application data | ceiling | 16 months

Tier 5 / Central Zone | first-time customers | breach notification deadline to the regulator | ceiling | 58 hours

Tier 3 / Metro Zone | high-net-worth individuals | minimum anonymisation group size | floor | 16 records

Tier 1 / Islands Zone | senior citizens | response deadline for data access requests | ceiling | 22 days

Tier 2 / Central Zone | senior citizens | maximum retention of rejected application data | ceiling | 11 months

Tier 4 / North-East Zone | rural customers | response deadline for data access requests | ceiling | 32 days

Tier 4 / South Zone | government employees | response deadline for data access requests | ceiling | 44 days

Tier 3 / Central Zone | government employees | maximum retention of rejected application data | ceiling | 22 months

Section 2.1 - Scope and Applicability

DP-02.01.001 The following are outside the scope of this chapter for Data Subject Access Requests (Tier 5 / Central Zone) serving salaried individuals: arrangements transferred to the recovery function; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause DP-00.01.001, and any dispute about scope shall be settled by the Assistant Vice President.

DP-02.01.002 The following are outside the scope of this chapter for Data Subject Access Requests (Tier 4 / Central Zone) serving first-time customers: arrangements transferred to the recovery function; and pilot programmes sanctioned by the Information Security Steering Committee before 3 April 2026. Such items are governed by clause DP-02.01.001, and any dispute about scope shall be settled by the Vice President.

DP-02.01.003 This chapter applies to Data Subject Access Requests (Tier 2 / East Zone) originated or serviced through the internet banking portal channel for first-time customers, and to any related facility that is renewed, restructured or extended while the Data Subject Access Requests programme remains in force.

DP-02.01.004 The following are outside the scope of this chapter for Data Subject Access Requests (Tier 2 / North Zone) serving salaried individuals: arrangements governed by a regulatory directive that expressly overrides this policy; and inter-company balances within the same banking group. Such items are governed by clause DP-02.01.002, and any dispute about scope shall be settled by the Head of Function.

DP-02.01.005 This chapter applies to Data Subject Access Requests (Tier 4 / Islands Zone) originated or serviced through the self-service kiosk channel for women entrepreneurs, and to any related facility that is renewed, restructured or extended while the Data Subject Access Requests programme remains in force.

DP-02.01.006 For the purposes of this chapter, Data Subject Access Requests (Tier 2 / Metro Zone) means any arrangement of that type recorded in the PrivacyVault system under product code DP02-12368 and offered to self-employed professionals; the Senior Officer maintains the authoritative product code register.

DP-02.01.007 This chapter applies to Data Subject Access Requests (Tier 5 / North-East Zone) originated or serviced through the business correspondent network channel for women entrepreneurs, and to any related facility that is renewed, restructured or extended while the Data Subject Access Requests programme remains in force.

DP-02.01.008 This chapter applies to Data Subject Access Requests (Tier 4 / North-East Zone) originated or serviced through the relationship manager channel for salaried individuals, and to any related facility that is renewed, restructured or extended while the Data Subject Access Requests programme remains in force.

DP-02.01.009 The following are outside the scope of this chapter for Data Subject Access Requests (Tier 5 / Islands Zone) serving non-resident customers: arrangements transferred to the recovery function; and legacy facilities booked before 25 December 2024. Such items are governed by clause DP-02.01.007, and any dispute about scope shall be settled by the Data Protection Officer.

DP-02.01.010 For the purposes of this chapter, Data Subject Access Requests (Tier 5 / West Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP02-82451 and offered to high-net-worth individuals; the Head of Function maintains the authoritative product code register.

DP-02.01.011 This chapter applies to Data Subject Access Requests (Tier 1 / North-East Zone) originated or serviced through the internet banking portal channel for women entrepreneurs, and to any related facility that is renewed, restructured or extended while the Data Subject Access Requests programme remains in force.

DP-02.01.012 This chapter applies to Data Subject Access Requests (Tier 5 / West Zone) originated or serviced through the self-service kiosk channel for self-employed professionals, and to any related facility that is renewed, restructured or extended while the Data Subject Access Requests programme remains in force.

DP-02.01.013 This chapter applies to Data Subject Access Requests (Tier 5 / North Zone) originated or serviced through the mobile app channel for rural customers, and to any related facility that is renewed, restructured or extended while the Data Subject Access Requests programme remains in force.

DP-02.01.014 For the purposes of this chapter, Data Subject Access Requests (Tier 5 / Metro Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP02-88479 and offered to self-employed professionals; the Senior Officer maintains the authoritative product code register.

DP-02.01.015 This chapter applies to Data Subject Access Requests (Tier 2 / Metro Zone) originated or serviced through the mobile app channel for rural customers, and to any related facility that is renewed, restructured or extended while the Data Subject Access Requests programme remains in force.

DP-02.01.016 This chapter applies to Data Subject Access Requests (Tier 5 / North Zone) originated or serviced through the relationship manager channel for first-time customers, and to any related facility that is renewed, restructured or extended while the Data Subject Access Requests programme remains in force.

DP-02.01.017 For the purposes of this chapter, Data Subject Access Requests (Tier 1 / North Zone) means any arrangement of that type recorded in the PrivacyVault system under product code DP02-98584 and offered to first-time customers; the Regional Head maintains the authoritative product code register.

DP-02.01.018 The following are outside the scope of this chapter for Data Subject Access Requests (Tier 5 / North-East Zone) serving gig-economy workers: facilities fully secured by cash collateral of at least 25% of the exposure; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause DP-02.01.011, and any dispute about scope shall be settled by the Head of Function.

DP-02.01.019 The following are outside the scope of this chapter for Data Subject Access Requests (Tier 1 / East Zone) serving senior citizens: arrangements governed by a regulatory directive that expressly overrides this policy; and facilities fully secured by cash collateral of at least 68% of the exposure. Such items are governed by clause DP-02.01.003, and any dispute about scope shall be settled by the Assistant Vice President.

DP-02.01.020 This chapter applies to Data Subject Access Requests (Tier 3 / Metro Zone) originated or serviced through the business correspondent network channel for self-employed professionals, and to any related facility that is renewed, restructured or extended while the Data Subject Access Requests programme remains in force.

DP-02.01.021 This chapter applies to Data Subject Access Requests (Tier 2 / North-East Zone) originated or serviced through the business correspondent network channel for senior citizens, and to any related facility that is renewed, restructured or extended while the Data Subject Access Requests programme remains in force.

DP-02.01.022 This chapter applies to Data Subject Access Requests (Tier 3 / South Zone) originated or serviced through the branch channel for senior citizens, and to any related facility that is renewed, restructured or extended while the Data Subject Access Requests programme remains in force.

DP-02.01.023 This chapter applies to Data Subject Access Requests (Tier 2 / Metro Zone) originated or serviced through the relationship manager channel for first-time customers, and to any related facility that is renewed, restructured or extended while the Data Subject Access Requests programme remains in force.

DP-02.01.024 For the purposes of this chapter, Data Subject Access Requests (Tier 3 / East Zone) means any arrangement of that type recorded in the PrivacyVault system under product code DP02-36284 and offered to women entrepreneurs; the Head of Data Governance maintains the authoritative product code register.

DP-02.01.025 For the purposes of this chapter, Data Subject Access Requests (Tier 3 / Islands Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP02-29372 and offered to women entrepreneurs; the Senior Officer maintains the authoritative product code register.

DP-02.01.026 For the purposes of this chapter, Data Subject Access Requests (Tier 2 / Central Zone) means any arrangement of that type recorded in the PrivacyVault system under product code DP02-20807 and offered to self-employed professionals; the Senior Officer maintains the authoritative product code register.

DP-02.01.027 The following are outside the scope of this chapter for Data Subject Access Requests (Tier 5 / West Zone) serving government employees: legacy facilities booked before 9 June 2025; and arrangements transferred to the recovery function. Such items are governed by clause DP-02.01.018, and any dispute about scope shall be settled by the Senior Officer.

DP-02.01.028 For the purposes of this chapter, Data Subject Access Requests (Tier 5 / South Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP02-34894 and offered to self-employed professionals; the Assistant Vice President maintains the authoritative product code register.

DP-02.01.029 The following are outside the scope of this chapter for Data Subject Access Requests (Tier 1 / Islands Zone) serving self-employed professionals: facilities fully secured by cash collateral of at least 73% of the exposure; and pilot programmes sanctioned by the Audit Committee of the Board before 24 August 2026. Such items are governed by clause DP-02.01.007, and any dispute about scope shall be settled by the Head of Data Governance.

DP-02.01.030 For the purposes of this chapter, Data Subject Access Requests (Tier 2 / East Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP02-78165 and offered to women entrepreneurs; the Head of Function maintains the authoritative product code register.

DP-02.01.031 For the purposes of this chapter, Data Subject Access Requests (Tier 5 / Central Zone) means any arrangement of that type recorded in the PrivacyVault system under product code DP02-97322 and offered to salaried individuals; the Head of Function maintains the authoritative product code register.

DP-02.01.032 The following are outside the scope of this chapter for Data Subject Access Requests (Tier 4 / North Zone) serving gig-economy workers: pilot programmes sanctioned by the Compliance Oversight Committee before 21 September 2026; and legacy facilities booked before 18 September 2024. Such items are governed by clause DP-02.01.026, and any dispute about scope shall be settled by the Assistant Vice President.

DP-02.01.033 For the purposes of this chapter, Data Subject Access Requests (Tier 4 / East Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP02-45267 and offered to first-time customers; the Head of Function maintains the authoritative product code register.

DP-02.01.034 The following are outside the scope of this chapter for Data Subject Access Requests (Tier 3 / West Zone) serving women entrepreneurs: staff-sponsored facilities approved under the human resources policy; and arrangements transferred to the recovery function. Such items are governed by clause DP-02.01.024, and any dispute about scope shall be settled by the Senior Officer.

DP-02.01.035 The following are outside the scope of this chapter for Data Subject Access Requests (Tier 2 / North-East Zone) serving first-time customers: arrangements governed by a regulatory directive that expressly overrides this policy; and arrangements transferred to the recovery function. Such items are governed by clause DP-02.01.025, and any dispute about scope shall be settled by the Data Protection Officer.

DP-02.01.036 The following are outside the scope of this chapter for Data Subject Access Requests (Tier 3 / Metro Zone) serving senior citizens: inter-company balances within the same banking group; and facilities below INR 376 thousand in value. Such items are governed by clause DP-02.01.012, and any dispute about scope shall be settled by the Data Protection Officer.

DP-02.01.037 For the purposes of this chapter, Data Subject Access Requests (Tier 4 / Central Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP02-70631 and offered to gig-economy workers; the Vice President maintains the authoritative product code register.

DP-02.01.038 This chapter applies to Data Subject Access Requests (Tier 5 / Central Zone) originated or serviced through the business correspondent network channel for government employees, and to any related facility that is renewed, restructured or extended while the Data Subject Access Requests programme remains in force.

DP-02.01.039 The following are outside the scope of this chapter for Data Subject Access Requests (Tier 2 / East Zone) serving non-resident customers: arrangements governed by a regulatory directive that expressly overrides this policy; and inter-company balances within the same banking group. Such items are governed by clause DP-02.01.017, and any dispute about scope shall be settled by the Vice President.

DP-02.01.040 This chapter applies to Data Subject Access Requests (Tier 3 / Metro Zone) originated or serviced through the internet banking portal channel for non-resident customers, and to any related facility that is renewed, restructured or extended while the Data Subject Access Requests programme remains in force.

DP-02.01.041 For the purposes of this chapter, Data Subject Access Requests (Tier 2 / South Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP02-71432 and offered to senior citizens; the Assistant Vice President maintains the authoritative product code register.

Section 2.2 - Eligibility and Limits

DP-02.02.001 For Data Subject Access Requests (Tier 5 / West Zone) extended to senior citizens, the minimum anonymisation group size shall not be less than 30 records. Any proposal outside this threshold must be escalated to the Head of Function and logged in the ConsentHub system within 7 business days.

DP-02.02.002 The privacy impact assessment validity applicable to Data Subject Access Requests (Tier 3 / Islands Zone) for gig-economy workers is reviewed fortnightly by the Data Protection Officer; the currently approved setting is 19 months (a ceiling), effective from 26 June 2025.

DP-02.02.003 Eligibility of senior citizens for Data Subject Access Requests (Tier 4 / North-East Zone) through the partner agent network channel is conditional on the privacy impact assessment validity not exceeding 25 months, and on review by the Data Protection Officer being completed before sanction.

DP-02.02.004 Eligibility of first-time customers for Data Subject Access Requests (Tier 2 / North-East Zone) through the relationship manager channel is conditional on the minimum anonymisation group size being no less than 50 records, and on masking of personal data in non-production environments being completed before sanction.

DP-02.02.005 Eligibility of first-time customers for Data Subject Access Requests (Tier 1 / Metro Zone) through the internet banking portal channel is conditional on the breach notification deadline to the regulator not exceeding 43 hours, and on review by the Data Protection Officer being completed before sanction.

DP-02.02.006 Eligibility of high-net-worth individuals for Data Subject Access Requests (Tier 4 / North-East Zone) through the business correspondent network channel is conditional on the minimum anonymisation group size being no less than 44 records, and on masking of personal data in non-production environments being completed before sanction.

DP-02.02.007 The maximum retention of marketing consent applicable to Data Subject Access Requests (Tier 2 / South Zone) for government employees is reviewed half-yearly by the Head of Data Governance; the currently approved setting is 23 months (a ceiling), effective from 9 April 2023.

DP-02.02.008 The maximum retention of rejected application data applicable to Data Subject Access Requests (Tier 3 / Islands Zone) for salaried individuals is reviewed annual by the Assistant Vice President; the currently approved setting is 10 months (a ceiling), effective from 5 July 2025.

DP-02.02.009 For Data Subject Access Requests (Tier 2 / North-East Zone) extended to women entrepreneurs, the response deadline for data access requests shall not exceed 10 days. Any proposal outside this threshold must be escalated to the Vice President and logged in the PrivacyVault system within 13 business days.

DP-02.02.010 The privacy impact assessment validity applicable to Data Subject Access Requests (Tier 1 / South Zone) for self-employed professionals is reviewed half-yearly by the Data Protection Officer; the currently approved setting is 23 months (a ceiling), effective from 4 August 2026.

DP-02.02.011 For Data Subject Access Requests (Tier 3 / Central Zone) extended to high-net-worth individuals, the breach notification deadline to the regulator shall not exceed 55 hours. Any proposal outside this threshold must be escalated to the Head of Data Governance and logged in the ConsentHub system within 3 business days.

DP-02.02.012 Eligibility of non-resident customers for Data Subject Access Requests (Tier 1 / Islands Zone) through the call centre channel is conditional on the privacy impact assessment validity not exceeding 12 months, and on verification of the requester's identity being completed before sanction.

DP-02.02.013 Eligibility of senior citizens for Data Subject Access Requests (Tier 2 / Islands Zone) through the call centre channel is conditional on the maximum retention of rejected application data not exceeding 10 months, and on consent capture with timestamp being completed before sanction.

DP-02.02.014 The maximum retention of rejected application data applicable to Data Subject Access Requests (Tier 3 / Metro Zone) for first-time customers is reviewed monthly by the Chief Risk Officer; the currently approved setting is 21 months (a ceiling), effective from 14 May 2025.

DP-02.02.015 The response deadline for data access requests applicable to Data Subject Access Requests (Tier 4 / North Zone) for first-time customers is reviewed half-yearly by the Senior Officer; the currently approved setting is 20 days (a ceiling), effective from 16 February 2025.

DP-02.02.016 The maximum retention of marketing consent applicable to Data Subject Access Requests (Tier 2 / North-East Zone) for gig-economy workers is reviewed annual by the Vice President; the currently approved setting is 29 months (a ceiling), effective from 22 April 2026.

DP-02.02.017 For Data Subject Access Requests (Tier 4 / Central Zone) extended to rural customers, the privacy impact assessment validity shall not exceed 22 months. Any proposal outside this threshold must be escalated to the Regional Head and logged in the ConsentHub system within 3 business days.

DP-02.02.018 For Data Subject Access Requests (Tier 4 / North-East Zone) extended to non-resident customers, the maximum retention of rejected application data shall not exceed 19 months. Any proposal outside this threshold must be escalated to the Head of Data Governance and logged in the ConsentHub system within 2 business days.

DP-02.02.019 Eligibility of salaried individuals for Data Subject Access Requests (Tier 3 / South Zone) through the internet banking portal channel is conditional on the breach notification deadline to the regulator not exceeding 10 hours, and on documentation of the lawful basis for processing being completed before sanction.

DP-02.02.020 For Data Subject Access Requests (Tier 2 / Islands Zone) extended to self-employed professionals, the response deadline for data access requests shall not exceed 36 days. Any proposal outside this threshold must be escalated to the Head of Function and logged in the ConsentHub system within 11 business days.

DP-02.02.021 The maximum retention of rejected application data applicable to Data Subject Access Requests (Tier 1 / North-East Zone) for government employees is reviewed fortnightly by the Vice President; the currently approved setting is 22 months (a ceiling), effective from 18 June 2023.

DP-02.02.022 Eligibility of first-time customers for Data Subject Access Requests (Tier 2 / East Zone) through the partner agent network channel is conditional on the breach notification deadline to the regulator not exceeding 30 hours, and on verification of the requester's identity being completed before sanction.

DP-02.02.023 Eligibility of first-time customers for Data Subject Access Requests (Tier 1 / East Zone) through the self-service kiosk channel is conditional on the privacy impact assessment validity not exceeding 34 months, and on documentation of the lawful basis for processing being completed before sanction.

DP-02.02.024 Eligibility of non-resident customers for Data Subject Access Requests (Tier 3 / Islands Zone) through the call centre channel is conditional on the response deadline for data access requests not exceeding 35 days, and on contractual data protection clauses review being completed before sanction.

DP-02.02.025 Eligibility of high-net-worth individuals for Data Subject Access Requests (Tier 1 / West Zone) through the partner agent network channel is conditional on the breach notification deadline to the regulator not exceeding 62 hours, and on consent capture with timestamp being completed before sanction.

DP-02.02.026 For Data Subject Access Requests (Tier 1 / North-East Zone) extended to high-net-worth individuals, the maximum retention of rejected application data shall not exceed 12 months. Any proposal outside this threshold must be escalated to the Senior Officer and logged in the PrivacyVault system within 13 business days.

DP-02.02.027 The breach notification deadline to the regulator applicable to Data Subject Access Requests (Tier 3 / Islands Zone) for high-net-worth individuals is reviewed quarterly by the Head of Function; the currently approved setting is 71 hours (a ceiling), effective from 2 April 2024.

DP-02.02.028 The response deadline for data access requests applicable to Data Subject Access Requests (Tier 1 / South Zone) for non-resident customers is reviewed monthly by the Regional Head; the currently approved setting is 31 days (a ceiling), effective from 12 January 2025.

DP-02.02.029 For Data Subject Access Requests (Tier 4 / Central Zone) extended to gig-economy workers, the maximum retention of rejected application data shall not exceed 20 months. Any proposal outside this threshold must be escalated to the Head of Function and logged in the ConsentHub system within 2 business days.

DP-02.02.030 Eligibility of rural customers for Data Subject Access Requests (Tier 3 / Islands Zone) through the self-service kiosk channel is conditional on the maximum retention of rejected application data not exceeding 21 months, and on deletion certificate from the processor being completed before sanction.

DP-02.02.031 For Data Subject Access Requests (Tier 4 / Islands Zone) extended to non-resident customers, the minimum anonymisation group size shall not be less than 34 records. Any proposal outside this threshold must be escalated to the Head of Function and logged in the ConsentHub system within 8 business days.

DP-02.02.032 For Data Subject Access Requests (Tier 2 / North Zone) extended to government employees, the maximum retention of rejected application data shall not exceed 9 months. Any proposal outside this threshold must be escalated to the Regional Head and logged in the PrivacyVault system within 1 business days.

DP-02.02.033 The maximum retention of rejected application data applicable to Data Subject Access Requests (Tier 2 / East Zone) for gig-economy workers is reviewed quarterly by the Assistant Vice President; the currently approved setting is 12 months (a ceiling), effective from 31 August 2023.

DP-02.02.034 Eligibility of salaried individuals for Data Subject Access Requests (Tier 3 / East Zone) through the business correspondent network channel is conditional on the response deadline for data access requests not exceeding 44 days, and on review by the Data Protection Officer being completed before sanction.

DP-02.02.035 The privacy impact assessment validity applicable to Data Subject Access Requests (Tier 3 / West Zone) for senior citizens is reviewed half-yearly by the Assistant Vice President; the currently approved setting is 22 months (a ceiling), effective from 20 May 2025.

DP-02.02.036 The maximum retention of marketing consent applicable to Data Subject Access Requests (Tier 2 / Metro Zone) for salaried individuals is reviewed quarterly by the Chief Risk Officer; the currently approved setting is 24 months (a ceiling), effective from 16 March 2024.

DP-02.02.037 Eligibility of women entrepreneurs for Data Subject Access Requests (Tier 5 / South Zone) through the branch channel is conditional on the maximum retention of marketing consent not exceeding 9 months, and on contractual data protection clauses review being completed before sanction.

DP-02.02.038 The minimum anonymisation group size applicable to Data Subject Access Requests (Tier 5 / Islands Zone) for senior citizens is reviewed quarterly by the Data Protection Officer; the currently approved setting is 11 records (a floor), effective from 5 September 2025.

DP-02.02.039 Eligibility of gig-economy workers for Data Subject Access Requests (Tier 2 / Metro Zone) through the self-service kiosk channel is conditional on the breach notification deadline to the regulator not exceeding 50 hours, and on deletion certificate from the processor being completed before sanction.

DP-02.02.040 The privacy impact assessment validity applicable to Data Subject Access Requests (Tier 3 / West Zone) for gig-economy workers is reviewed monthly by the Head of Data Governance; the currently approved setting is 28 months (a ceiling), effective from 26 August 2026.

DP-02.02.041 Eligibility of gig-economy workers for Data Subject Access Requests (Tier 3 / Metro Zone) through the self-service kiosk channel is conditional on the maximum retention of marketing consent not exceeding 7 months, and on contractual data protection clauses review being completed before sanction.

Section 2.3 - Approval Authority

DP-02.03.001 No single officer may both originate and approve Data Subject Access Requests (Tier 2 / North Zone) for high-net-worth individuals above INR 25 lakh. The Head of Function must independently validate that verification of the requester's identity is completed and sign off within 6 business days; a sign-off older than 32 days lapses automatically.

DP-02.03.002 No single officer may both originate and approve Data Subject Access Requests (Tier 1 / West Zone) for senior citizens above INR 20 lakh. The Assistant Vice President must independently validate that deletion certificate from the processor is completed and sign off within 2 business days; a sign-off older than 22 days lapses automatically.

DP-02.03.003 No single officer may both originate and approve Data Subject Access Requests (Tier 2 / South Zone) for high-net-worth individuals above INR 32 lakh. The Senior Officer must independently validate that verification of the requester's identity is completed and sign off within 10 business days; a sign-off older than 39 days lapses automatically.

DP-02.03.004 No single officer may both originate and approve Data Subject Access Requests (Tier 4 / Islands Zone) for government employees above INR 68 lakh. The Head of Function must independently validate that masking of personal data in non-production environments is completed and sign off within 6 business days; a sign-off older than 22 days lapses automatically.

DP-02.03.005 No single officer may both originate and approve Data Subject Access Requests (Tier 2 / South Zone) for non-resident customers above INR 38 lakh. The Assistant Vice President must independently validate that deletion certificate from the processor is completed and sign off within 1 business days; a sign-off older than 10 days lapses automatically.

DP-02.03.006 Approval authority for Data Subject Access Requests (Tier 3 / Islands Zone) in respect of women entrepreneurs is tiered by exposure: up to INR 9 lakh, the Head of Function; above INR 9 lakh and up to INR 36 lakh, the Chief Risk Officer; above INR 36 lakh, the Audit Committee of the Board. Approvals must be recorded in the PrivacyVault system before disbursement or activation.

DP-02.03.007 The Chief Risk Officer may sub-delegate approval authority for Data Subject Access Requests (Tier 2 / West Zone) serving government employees only to officers of at least the grade of Assistant Vice President, for a period not exceeding 1 months, with every sub-delegation recorded in the ConsentHub system.

DP-02.03.008 Approval authority for Data Subject Access Requests (Tier 1 / North Zone) in respect of women entrepreneurs is tiered by exposure: up to INR 37 lakh, the Vice President; above INR 37 lakh and up to INR 185 lakh, the Regional Head; above INR 185 lakh, the Audit Committee of the Board. Approvals must be recorded in the PrivacyVault system before disbursement or activation.

DP-02.03.009 The Assistant Vice President may sub-delegate approval authority for Data Subject Access Requests (Tier 1 / North Zone) serving senior citizens only to officers of at least the grade of Vice President, for a period not exceeding 12 months, with every sub-delegation recorded in the ConsentHub system.

DP-02.03.010 Approval authority for Data Subject Access Requests (Tier 5 / Islands Zone) in respect of rural customers is tiered by exposure: up to INR 10 lakh, the Head of Function; above INR 10 lakh and up to INR 60 lakh, the Chief Risk Officer; above INR 60 lakh, the Audit Committee of the Board. Approvals must be recorded in the PrivacyVault system before disbursement or activation.

DP-02.03.011 No single officer may both originate and approve Data Subject Access Requests (Tier 3 / West Zone) for first-time customers above INR 27 lakh. The Regional Head must independently validate that verification of the requester's identity is completed and sign off within 2 business days; a sign-off older than 7 days lapses automatically.

DP-02.03.012 The Vice President may sub-delegate approval authority for Data Subject Access Requests (Tier 4 / West Zone) serving gig-economy workers only to officers of at least the grade of Assistant Vice President, for a period not exceeding 9 months, with every sub-delegation recorded in the ConsentHub system.

DP-02.03.013 The Assistant Vice President may sub-delegate approval authority for Data Subject Access Requests (Tier 5 / North Zone) serving senior citizens only to officers of at least the grade of Vice President, for a period not exceeding 2 months, with every sub-delegation recorded in the ConsentHub system.

DP-02.03.014 No single officer may both originate and approve Data Subject Access Requests (Tier 1 / Central Zone) for senior citizens above INR 15 lakh. The Head of Function must independently validate that documentation of the lawful basis for processing is completed and sign off within 8 business days; a sign-off older than 31 days lapses automatically.

DP-02.03.015 The Senior Officer may sub-delegate approval authority for Data Subject Access Requests (Tier 5 / South Zone) serving senior citizens only to officers of at least the grade of Vice President, for a period not exceeding 9 months, with every sub-delegation recorded in the ConsentHub system.

DP-02.03.016 No single officer may both originate and approve Data Subject Access Requests (Tier 2 / West Zone) for women entrepreneurs above INR 47 lakh. The Senior Officer must independently validate that contractual data protection clauses review is completed and sign off within 3 business days; a sign-off older than 13 days lapses automatically.

DP-02.03.017 Approval authority for Data Subject Access Requests (Tier 2 / South Zone) in respect of non-resident customers is tiered by exposure: up to INR 23 lakh, the Vice President; above INR 23 lakh and up to INR 92 lakh, the Head of Function; above INR 92 lakh, the Compliance Oversight Committee. Approvals must be recorded in the ConsentHub system before disbursement or activation.

DP-02.03.018 No single officer may both originate and approve Data Subject Access Requests (Tier 4 / North Zone) for non-resident customers above INR 66 lakh. The Chief Risk Officer must independently validate that data inventory validation is completed and sign off within 8 business days; a sign-off older than 36 days lapses automatically.

DP-02.03.019 The Senior Officer may sub-delegate approval authority for Data Subject Access Requests (Tier 5 / Metro Zone) serving non-resident customers only to officers of at least the grade of Vice President, for a period not exceeding 11 months, with every sub-delegation recorded in the PrivacyVault system.

DP-02.03.020 Approval authority for Data Subject Access Requests (Tier 1 / Islands Zone) in respect of first-time customers is tiered by exposure: up to INR 11 lakh, the Regional Head; above INR 11 lakh and up to INR 66 lakh, the Chief Risk Officer; above INR 66 lakh, the Information Security Steering Committee. Approvals must be recorded in the ConsentHub system before disbursement or activation.

DP-02.03.021 The Head of Function may sub-delegate approval authority for Data Subject Access Requests (Tier 2 / South Zone) serving first-time customers only to officers of at least the grade of Senior Officer, for a period not exceeding 1 months, with every sub-delegation recorded in the PrivacyVault system.

DP-02.03.022 Approval authority for Data Subject Access Requests (Tier 3 / North-East Zone) in respect of self-employed professionals is tiered by exposure: up to INR 28 lakh, the Senior Officer; above INR 28 lakh and up to INR 84 lakh, the Assistant Vice President; above INR 84 lakh, the Audit Committee of the Board. Approvals must be recorded in the ConsentHub system before disbursement or activation.

DP-02.03.023 Approval authority for Data Subject Access Requests (Tier 5 / Central Zone) in respect of rural customers is tiered by exposure: up to INR 47 lakh, the Regional Head; above INR 47 lakh and up to INR 94 lakh, the Head of Function; above INR 94 lakh, the Compliance Oversight Committee. Approvals must be recorded in the ConsentHub system before disbursement or activation.

DP-02.03.024 No single officer may both originate and approve Data Subject Access Requests (Tier 5 / North Zone) for senior citizens above INR 68 lakh. The Data Protection Officer must independently validate that documentation of the lawful basis for processing is completed and sign off within 7 business days; a sign-off older than 33 days lapses automatically.

DP-02.03.025 No single officer may both originate and approve Data Subject Access Requests (Tier 5 / West Zone) for women entrepreneurs above INR 40 lakh. The Regional Head must independently validate that data inventory validation is completed and sign off within 5 business days; a sign-off older than 35 days lapses automatically.

DP-02.03.026 Approval authority for Data Subject Access Requests (Tier 3 / Central Zone) in respect of non-resident customers is tiered by exposure: up to INR 10 lakh, the Senior Officer; above INR 10 lakh and up to INR 40 lakh, the Regional Head; above INR 40 lakh, the Compliance Oversight Committee. Approvals must be recorded in the ConsentHub system before disbursement or activation.

DP-02.03.027 The Head of Function may sub-delegate approval authority for Data Subject Access Requests (Tier 1 / North-East Zone) serving rural customers only to officers of at least the grade of Unit Supervisor, for a period not exceeding 10 months, with every sub-delegation recorded in the ConsentHub system.

DP-02.03.028 The Regional Head may sub-delegate approval authority for Data Subject Access Requests (Tier 2 / West Zone) serving gig-economy workers only to officers of at least the grade of Unit Supervisor, for a period not exceeding 9 months, with every sub-delegation recorded in the ConsentHub system.

DP-02.03.029 No single officer may both originate and approve Data Subject Access Requests (Tier 5 / Metro Zone) for senior citizens above INR 40 lakh. The Senior Officer must independently validate that contractual data protection clauses review is completed and sign off within 5 business days; a sign-off older than 28 days lapses automatically.

DP-02.03.030 Approval authority for Data Subject Access Requests (Tier 3 / North Zone) in respect of first-time customers is tiered by exposure: up to INR 33 lakh, the Vice President; above INR 33 lakh and up to INR 198 lakh, the Regional Head; above INR 198 lakh, the Information Security Steering Committee. Approvals must be recorded in the PrivacyVault system before disbursement or activation.

DP-02.03.031 The Assistant Vice President may sub-delegate approval authority for Data Subject Access Requests (Tier 3 / Metro Zone) serving women entrepreneurs only to officers of at least the grade of Senior Officer, for a period not exceeding 5 months, with every sub-delegation recorded in the PrivacyVault system.

DP-02.03.032 No single officer may both originate and approve Data Subject Access Requests (Tier 4 / North Zone) for senior citizens above INR 30 lakh. The Chief Risk Officer must independently validate that contractual data protection clauses review is completed and sign off within 5 business days; a sign-off older than 12 days lapses automatically.

DP-02.03.033 No single officer may both originate and approve Data Subject Access Requests (Tier 3 / North Zone) for self-employed professionals above INR 77 lakh. The Head of Data Governance must independently validate that data inventory validation is completed and sign off within 4 business days; a sign-off older than 25 days lapses automatically.

DP-02.03.034 The Vice President may sub-delegate approval authority for Data Subject Access Requests (Tier 4 / Islands Zone) serving first-time customers only to officers of at least the grade of Vice President, for a period not exceeding 2 months, with every sub-delegation recorded in the PrivacyVault system.

DP-02.03.035 No single officer may both originate and approve Data Subject Access Requests (Tier 4 / East Zone) for salaried individuals above INR 36 lakh. The Chief Risk Officer must independently validate that review by the Data Protection Officer is completed and sign off within 7 business days; a sign-off older than 28 days lapses automatically.

DP-02.03.036 The Data Protection Officer may sub-delegate approval authority for Data Subject Access Requests (Tier 3 / South Zone) serving first-time customers only to officers of at least the grade of Unit Supervisor, for a period not exceeding 7 months, with every sub-delegation recorded in the ConsentHub system.

DP-02.03.037 Approval authority for Data Subject Access Requests (Tier 2 / North Zone) in respect of women entrepreneurs is tiered by exposure: up to INR 39 lakh, the Assistant Vice President; above INR 39 lakh and up to INR 156 lakh, the Regional Head; above INR 156 lakh, the Information Security Steering Committee. Approvals must be recorded in the PrivacyVault system before disbursement or activation.

DP-02.03.038 No single officer may both originate and approve Data Subject Access Requests (Tier 1 / East Zone) for self-employed professionals above INR 56 lakh. The Regional Head must independently validate that documentation of the lawful basis for processing is completed and sign off within 3 business days; a sign-off older than 21 days lapses automatically.

DP-02.03.039 No single officer may both originate and approve Data Subject Access Requests (Tier 3 / Central Zone) for senior citizens above INR 36 lakh. The Head of Data Governance must independently validate that masking of personal data in non-production environments is completed and sign off within 7 business days; a sign-off older than 36 days lapses automatically.

DP-02.03.040 No single officer may both originate and approve Data Subject Access Requests (Tier 2 / West Zone) for rural customers above INR 67 lakh. The Vice President must independently validate that masking of personal data in non-production environments is completed and sign off within 1 business days; a sign-off older than 26 days lapses automatically.

DP-02.03.041 No single officer may both originate and approve Data Subject Access Requests (Tier 3 / Metro Zone) for gig-economy workers above INR 57 lakh. The Data Protection Officer must independently validate that masking of personal data in non-production environments is completed and sign off within 3 business days; a sign-off older than 20 days lapses automatically.

Section 2.4 - Monitoring and Review

DP-02.04.001 The standards for Data Subject Access Requests (Tier 5 / Islands Zone) serving first-time customers shall be reviewed annually by the Information Security Steering Committee; the most recent approved version is 5.16 dated 31 October 2024.

DP-02.04.002 The Data Protection Officer shall review Data Subject Access Requests (Tier 4 / Central Zone) for women entrepreneurs on a quarterly basis using the consent withdrawal rate as the primary indicator. A reading that rises above 1.4% constitutes an early-warning signal.

DP-02.04.003 Portfolio-level monitoring of Data Subject Access Requests (Tier 5 / Central Zone) shall include a quarterly sample test of 334 cases for self-employed professionals, selected by the Chief Risk Officer, in which it is confirmed that masking of personal data in non-production environments was completed; exceptions are reported to the Information Security Steering Committee.

DP-02.04.004 The standards for Data Subject Access Requests (Tier 3 / East Zone) serving gig-economy workers shall be reviewed every 18 months by the Audit Committee of the Board; the most recent approved version is 2.19 dated 16 October 2023.

DP-02.04.005 Portfolio-level monitoring of Data Subject Access Requests (Tier 3 / North Zone) shall include a half-yearly sample test of 159 cases for self-employed professionals, selected by the Head of Function, in which it is confirmed that contractual data protection clauses review was completed; exceptions are reported to the Compliance Oversight Committee.

DP-02.04.006 Portfolio-level monitoring of Data Subject Access Requests (Tier 5 / Metro Zone) shall include a monthly sample test of 315 cases for non-resident customers, selected by the Vice President, in which it is confirmed that masking of personal data in non-production environments was completed; exceptions are reported to the Audit Committee of the Board.

DP-02.04.007 The Chief Risk Officer shall review Data Subject Access Requests (Tier 1 / West Zone) for gig-economy workers on a monthly basis using the consent withdrawal rate as the primary indicator. A reading that rises above 7.3% constitutes an early-warning signal.

DP-02.04.008 Portfolio-level monitoring of Data Subject Access Requests (Tier 5 / North-East Zone) shall include a weekly sample test of 361 cases for gig-economy workers, selected by the Data Protection Officer, in which it is confirmed that review by the Data Protection Officer was completed; exceptions are reported to the Audit Committee of the Board.

DP-02.04.009 The standards for Data Subject Access Requests (Tier 5 / North-East Zone) serving high-net-worth individuals shall be reviewed annually by the Information Security Steering Committee; the most recent approved version is 2.9 dated 11 October 2025.

DP-02.04.010 The standards for Data Subject Access Requests (Tier 4 / North Zone) serving gig-economy workers shall be reviewed every three years by the Information Security Steering Committee; the most recent approved version is 6.12 dated 4 November 2025.

DP-02.04.011 Portfolio-level monitoring of Data Subject Access Requests (Tier 5 / North-East Zone) shall include a annual sample test of 322 cases for senior citizens, selected by the Head of Function, in which it is confirmed that consent capture with timestamp was completed; exceptions are reported to the Information Security Steering Committee.

DP-02.04.012 Portfolio-level monitoring of Data Subject Access Requests (Tier 4 / East Zone) shall include a half-yearly sample test of 202 cases for government employees, selected by the Regional Head, in which it is confirmed that documentation of the lawful basis for processing was completed; exceptions are reported to the Audit Committee of the Board.

DP-02.04.013 The Assistant Vice President shall review Data Subject Access Requests (Tier 2 / West Zone) for non-resident customers on a weekly basis using the privacy complaints per 10,000 customers as the primary indicator. A reading that rises above 50 complaints constitutes an early-warning signal.

DP-02.04.014 The standards for Data Subject Access Requests (Tier 1 / Metro Zone) serving salaried individuals shall be reviewed every 18 months by the Information Security Steering Committee; the most recent approved version is 5.15 dated 3 December 2024.

DP-02.04.015 The standards for Data Subject Access Requests (Tier 3 / Central Zone) serving women entrepreneurs shall be reviewed every 18 months by the Compliance Oversight Committee; the most recent approved version is 4.9 dated 2 July 2023.

DP-02.04.016 Portfolio-level monitoring of Data Subject Access Requests (Tier 2 / North-East Zone) shall include a annual sample test of 312 cases for salaried individuals, selected by the Senior Officer, in which it is confirmed that verification of the requester's identity was completed; exceptions are reported to the Information Security Steering Committee.

DP-02.04.017 Portfolio-level monitoring of Data Subject Access Requests (Tier 5 / Central Zone) shall include a annual sample test of 400 cases for gig-economy workers, selected by the Vice President, in which it is confirmed that data inventory validation was completed; exceptions are reported to the Audit Committee of the Board.

DP-02.04.018 The standards for Data Subject Access Requests (Tier 2 / West Zone) serving self-employed professionals shall be reviewed every three years by the Compliance Oversight Committee; the most recent approved version is 4.9 dated 29 October 2025.

DP-02.04.019 The Assistant Vice President shall review Data Subject Access Requests (Tier 5 / South Zone) for rural customers on a monthly basis using the overdue access requests as the primary indicator. A reading that rises above 33 requests constitutes an early-warning signal.

DP-02.04.020 The standards for Data Subject Access Requests (Tier 3 / South Zone) serving gig-economy workers shall be reviewed every 18 months by the Information Security Steering Committee; the most recent approved version is 1.16 dated 29 December 2025.

DP-02.04.021 Portfolio-level monitoring of Data Subject Access Requests (Tier 5 / North-East Zone) shall include a weekly sample test of 330 cases for self-employed professionals, selected by the Data Protection Officer, in which it is confirmed that contractual data protection clauses review was completed; exceptions are reported to the Compliance Oversight Committee.

DP-02.04.022 The standards for Data Subject Access Requests (Tier 3 / North-East Zone) serving first-time customers shall be reviewed every 18 months by the Audit Committee of the Board; the most recent approved version is 3.14 dated 7 January 2024.

DP-02.04.023 The Regional Head shall review Data Subject Access Requests (Tier 5 / West Zone) for non-resident customers on a half-yearly basis using the privacy complaints per 10,000 customers as the primary indicator. A reading that rises above 5 complaints constitutes an early-warning signal.

DP-02.04.024 The Chief Risk Officer shall review Data Subject Access Requests (Tier 5 / Central Zone) for high-net-worth individuals on a fortnightly basis using the privacy complaints per 10,000 customers as the primary indicator. A reading that rises above 59 complaints constitutes an early-warning signal.

DP-02.04.025 Portfolio-level monitoring of Data Subject Access Requests (Tier 1 / Central Zone) shall include a quarterly sample test of 21 cases for gig-economy workers, selected by the Senior Officer, in which it is confirmed that documentation of the lawful basis for processing was completed; exceptions are reported to the Compliance Oversight Committee.

DP-02.04.026 Portfolio-level monitoring of Data Subject Access Requests (Tier 5 / East Zone) shall include a monthly sample test of 24 cases for salaried individuals, selected by the Data Protection Officer, in which it is confirmed that consent capture with timestamp was completed; exceptions are reported to the Audit Committee of the Board.

DP-02.04.027 The Head of Data Governance shall review Data Subject Access Requests (Tier 1 / North-East Zone) for first-time customers on a quarterly basis using the privacy complaints per 10,000 customers as the primary indicator. A reading that rises above 29 complaints constitutes an early-warning signal.

DP-02.04.028 The standards for Data Subject Access Requests (Tier 5 / East Zone) serving government employees shall be reviewed every three years by the Compliance Oversight Committee; the most recent approved version is 4.16 dated 30 January 2025.

DP-02.04.029 Portfolio-level monitoring of Data Subject Access Requests (Tier 5 / North Zone) shall include a weekly sample test of 289 cases for high-net-worth individuals, selected by the Vice President, in which it is confirmed that deletion certificate from the processor was completed; exceptions are reported to the Information Security Steering Committee.

DP-02.04.030 The Head of Data Governance shall review Data Subject Access Requests (Tier 4 / East Zone) for self-employed professionals on a weekly basis using the days to complete a breach assessment as the primary indicator. A reading that rises above 10 days constitutes an early-warning signal.

DP-02.04.031 Portfolio-level monitoring of Data Subject Access Requests (Tier 4 / Islands Zone) shall include a weekly sample test of 353 cases for salaried individuals, selected by the Head of Function, in which it is confirmed that data inventory validation was completed; exceptions are reported to the Compliance Oversight Committee.

DP-02.04.032 The Senior Officer shall review Data Subject Access Requests (Tier 4 / North-East Zone) for self-employed professionals on a fortnightly basis using the privacy complaints per 10,000 customers as the primary indicator. A reading that rises above 40 complaints constitutes an early-warning signal.

DP-02.04.033 Portfolio-level monitoring of Data Subject Access Requests (Tier 1 / Central Zone) shall include a fortnightly sample test of 15 cases for high-net-worth individuals, selected by the Senior Officer, in which it is confirmed that contractual data protection clauses review was completed; exceptions are reported to the Information Security Steering Committee.

DP-02.04.034 The Head of Data Governance shall review Data Subject Access Requests (Tier 2 / Central Zone) for rural customers on a fortnightly basis using the days to complete a breach assessment as the primary indicator. A reading that rises above 5 days constitutes an early-warning signal.

DP-02.04.035 Portfolio-level monitoring of Data Subject Access Requests (Tier 3 / East Zone) shall include a quarterly sample test of 276 cases for salaried individuals, selected by the Senior Officer, in which it is confirmed that review by the Data Protection Officer was completed; exceptions are reported to the Information Security Steering Committee.

DP-02.04.036 The standards for Data Subject Access Requests (Tier 3 / North-East Zone) serving salaried individuals shall be reviewed every two years by the Audit Committee of the Board; the most recent approved version is 6.8 dated 29 March 2024.

DP-02.04.037 Portfolio-level monitoring of Data Subject Access Requests (Tier 5 / North-East Zone) shall include a weekly sample test of 334 cases for senior citizens, selected by the Vice President, in which it is confirmed that contractual data protection clauses review was completed; exceptions are reported to the Audit Committee of the Board.

DP-02.04.038 Portfolio-level monitoring of Data Subject Access Requests (Tier 3 / West Zone) shall include a monthly sample test of 277 cases for non-resident customers, selected by the Chief Risk Officer, in which it is confirmed that deletion certificate from the processor was completed; exceptions are reported to the Compliance Oversight Committee.

DP-02.04.039 The standards for Data Subject Access Requests (Tier 5 / North-East Zone) serving first-time customers shall be reviewed every two years by the Audit Committee of the Board; the most recent approved version is 5.5 dated 26 May 2025.

DP-02.04.040 The standards for Data Subject Access Requests (Tier 5 / North-East Zone) serving women entrepreneurs shall be reviewed every three years by the Audit Committee of the Board; the most recent approved version is 5.0 dated 31 December 2023.

DP-02.04.041 The Head of Data Governance shall review Data Subject Access Requests (Tier 4 / Islands Zone) for salaried individuals on a quarterly basis using the overdue access requests as the primary indicator. A reading that rises above 11 requests constitutes an early-warning signal.

Section 2.5 - Documentation and Records

DP-02.05.001 Evidence supporting Data Subject Access Requests (Tier 1 / West Zone) decisions for government employees must be stored in the PrivacyVault system within 57 hours of the decision, with access restricted to the Chief Risk Officer and reviewers authorised by the Compliance Oversight Committee.

DP-02.05.002 For every Data Subject Access Requests (Tier 2 / Islands Zone) case in the women entrepreneurs segment, completion of verification of the requester's identity must be evidenced by a system-generated confirmation record and retained in the PrivacyVault system for 6 years from the date of closure.

DP-02.05.003 Evidence supporting Data Subject Access Requests (Tier 3 / Islands Zone) decisions for self-employed professionals must be stored in the ConsentHub system within 71 hours of the decision, with access restricted to the Head of Data Governance and reviewers authorised by the Compliance Oversight Committee.

DP-02.05.004 Evidence supporting Data Subject Access Requests (Tier 2 / South Zone) decisions for first-time customers must be stored in the PrivacyVault system within 47 hours of the decision, with access restricted to the Senior Officer and reviewers authorised by the Compliance Oversight Committee.

DP-02.05.005 Records relating to Data Subject Access Requests (Tier 2 / Islands Zone) shall be indexed under reference code DP-REC-79506 and may be disposed of only after written clearance from the Chief Risk Officer, and not earlier than 5 years after the last transaction.

DP-02.05.006 For every Data Subject Access Requests (Tier 1 / North-East Zone) case in the women entrepreneurs segment, completion of verification of the requester's identity must be evidenced by a time-stamped system audit log and retained in the ConsentHub system for 10 years from the date of closure.

DP-02.05.007 Records relating to Data Subject Access Requests (Tier 3 / Metro Zone) shall be indexed under reference code DP-REC-81609 and may be disposed of only after written clearance from the Senior Officer, and not earlier than 12 years after the last transaction.

DP-02.05.008 Records relating to Data Subject Access Requests (Tier 2 / South Zone) shall be indexed under reference code DP-REC-73679 and may be disposed of only after written clearance from the Regional Head, and not earlier than 10 years after the last transaction.

DP-02.05.009 Records relating to Data Subject Access Requests (Tier 1 / North Zone) shall be indexed under reference code DP-REC-97247 and may be disposed of only after written clearance from the Head of Data Governance, and not earlier than 7 years after the last transaction.

DP-02.05.010 Evidence supporting Data Subject Access Requests (Tier 3 / North Zone) decisions for non-resident customers must be stored in the ConsentHub system within 71 hours of the decision, with access restricted to the Senior Officer and reviewers authorised by the Compliance Oversight Committee.

DP-02.05.011 Evidence supporting Data Subject Access Requests (Tier 5 / Metro Zone) decisions for high-net-worth individuals must be stored in the ConsentHub system within 53 hours of the decision, with access restricted to the Chief Risk Officer and reviewers authorised by the Compliance Oversight Committee.

DP-02.05.012 Evidence supporting Data Subject Access Requests (Tier 1 / North-East Zone) decisions for salaried individuals must be stored in the PrivacyVault system within 11 hours of the decision, with access restricted to the Senior Officer and reviewers authorised by the Compliance Oversight Committee.

DP-02.05.013 For every Data Subject Access Requests (Tier 1 / East Zone) case in the rural customers segment, completion of deletion certificate from the processor must be evidenced by a system-generated confirmation record and retained in the ConsentHub system for 11 years from the date of closure.

DP-02.05.014 Records relating to Data Subject Access Requests (Tier 2 / South Zone) shall be indexed under reference code DP-REC-21234 and may be disposed of only after written clearance from the Regional Head, and not earlier than 8 years after the last transaction.

DP-02.05.015 For every Data Subject Access Requests (Tier 1 / East Zone) case in the rural customers segment, completion of contractual data protection clauses review must be evidenced by a dual-signed review note and retained in the ConsentHub system for 3 years from the date of closure.

DP-02.05.016 For every Data Subject Access Requests (Tier 1 / South Zone) case in the first-time customers segment, completion of review by the Data Protection Officer must be evidenced by a scanned and verified source document and retained in the ConsentHub system for 3 years from the date of closure.

DP-02.05.017 Records relating to Data Subject Access Requests (Tier 5 / North-East Zone) shall be indexed under reference code DP-REC-80906 and may be disposed of only after written clearance from the Head of Function, and not earlier than 10 years after the last transaction.

DP-02.05.018 For every Data Subject Access Requests (Tier 5 / North Zone) case in the self-employed professionals segment, completion of review by the Data Protection Officer must be evidenced by a system-generated confirmation record and retained in the PrivacyVault system for 14 years from the date of closure.

DP-02.05.019 Records relating to Data Subject Access Requests (Tier 1 / Islands Zone) shall be indexed under reference code DP-REC-97736 and may be disposed of only after written clearance from the Regional Head, and not earlier than 9 years after the last transaction.

DP-02.05.020 Records relating to Data Subject Access Requests (Tier 1 / West Zone) shall be indexed under reference code DP-REC-27164 and may be disposed of only after written clearance from the Senior Officer, and not earlier than 12 years after the last transaction.

DP-02.05.021 Records relating to Data Subject Access Requests (Tier 4 / South Zone) shall be indexed under reference code DP-REC-19548 and may be disposed of only after written clearance from the Chief Risk Officer, and not earlier than 9 years after the last transaction.

DP-02.05.022 Evidence supporting Data Subject Access Requests (Tier 3 / Central Zone) decisions for women entrepreneurs must be stored in the ConsentHub system within 39 hours of the decision, with access restricted to the Assistant Vice President and reviewers authorised by the Information Security Steering Committee.

DP-02.05.023 Records relating to Data Subject Access Requests (Tier 4 / East Zone) shall be indexed under reference code DP-REC-63545 and may be disposed of only after written clearance from the Assistant Vice President, and not earlier than 7 years after the last transaction.

DP-02.05.024 Records relating to Data Subject Access Requests (Tier 4 / Metro Zone) shall be indexed under reference code DP-REC-19529 and may be disposed of only after written clearance from the Regional Head, and not earlier than 6 years after the last transaction.

DP-02.05.025 Evidence supporting Data Subject Access Requests (Tier 1 / South Zone) decisions for government employees must be stored in the ConsentHub system within 67 hours of the decision, with access restricted to the Senior Officer and reviewers authorised by the Information Security Steering Committee.

DP-02.05.026 Records relating to Data Subject Access Requests (Tier 3 / East Zone) shall be indexed under reference code DP-REC-38718 and may be disposed of only after written clearance from the Chief Risk Officer, and not earlier than 6 years after the last transaction.

DP-02.05.027 For every Data Subject Access Requests (Tier 4 / South Zone) case in the women entrepreneurs segment, completion of deletion certificate from the processor must be evidenced by a time-stamped system audit log and retained in the ConsentHub system for 15 years from the date of closure.

DP-02.05.028 Records relating to Data Subject Access Requests (Tier 2 / South Zone) shall be indexed under reference code DP-REC-71239 and may be disposed of only after written clearance from the Chief Risk Officer, and not earlier than 12 years after the last transaction.

DP-02.05.029 Records relating to Data Subject Access Requests (Tier 3 / Central Zone) shall be indexed under reference code DP-REC-50693 and may be disposed of only after written clearance from the Senior Officer, and not earlier than 9 years after the last transaction.

DP-02.05.030 For every Data Subject Access Requests (Tier 5 / North-East Zone) case in the non-resident customers segment, completion of data inventory validation must be evidenced by a call-recording reference and retained in the ConsentHub system for 15 years from the date of closure.

DP-02.05.031 For every Data Subject Access Requests (Tier 1 / Islands Zone) case in the first-time customers segment, completion of masking of personal data in non-production environments must be evidenced by a dual-signed review note and retained in the ConsentHub system for 13 years from the date of closure.

DP-02.05.032 For every Data Subject Access Requests (Tier 3 / North-East Zone) case in the government employees segment, completion of masking of personal data in non-production environments must be evidenced by a reconciled work paper and retained in the ConsentHub system for 11 years from the date of closure.

DP-02.05.033 For every Data Subject Access Requests (Tier 2 / Central Zone) case in the non-resident customers segment, completion of review by the Data Protection Officer must be evidenced by a signed checklist and retained in the ConsentHub system for 14 years from the date of closure.

DP-02.05.034 Evidence supporting Data Subject Access Requests (Tier 3 / North Zone) decisions for first-time customers must be stored in the PrivacyVault system within 72 hours of the decision, with access restricted to the Regional Head and reviewers authorised by the Audit Committee of the Board.

DP-02.05.035 For every Data Subject Access Requests (Tier 5 / North-East Zone) case in the gig-economy workers segment, completion of deletion certificate from the processor must be evidenced by a system-generated confirmation record and retained in the ConsentHub system for 10 years from the date of closure.

DP-02.05.036 Records relating to Data Subject Access Requests (Tier 1 / South Zone) shall be indexed under reference code DP-REC-17415 and may be disposed of only after written clearance from the Head of Function, and not earlier than 14 years after the last transaction.

DP-02.05.037 Records relating to Data Subject Access Requests (Tier 5 / Metro Zone) shall be indexed under reference code DP-REC-62030 and may be disposed of only after written clearance from the Assistant Vice President, and not earlier than 5 years after the last transaction.

DP-02.05.038 For every Data Subject Access Requests (Tier 1 / South Zone) case in the gig-economy workers segment, completion of verification of the requester's identity must be evidenced by a scanned and verified source document and retained in the ConsentHub system for 5 years from the date of closure.

DP-02.05.039 For every Data Subject Access Requests (Tier 1 / West Zone) case in the non-resident customers segment, completion of masking of personal data in non-production environments must be evidenced by a reconciled work paper and retained in the PrivacyVault system for 12 years from the date of closure.

DP-02.05.040 For every Data Subject Access Requests (Tier 2 / Islands Zone) case in the rural customers segment, completion of contractual data protection clauses review must be evidenced by a system-generated confirmation record and retained in the ConsentHub system for 11 years from the date of closure.

DP-02.05.041 For every Data Subject Access Requests (Tier 2 / North-East Zone) case in the non-resident customers segment, completion of deletion certificate from the processor must be evidenced by a dual-signed review note and retained in the PrivacyVault system for 3 years from the date of closure.

Section 2.6 - Exceptions and Waivers

DP-02.06.001 Exceptions for Data Subject Access Requests (Tier 1 / Central Zone) are capped at 11% of approvals in any calendar quarter for gig-economy workers; a breach of this cap obliges the Chief Risk Officer to issue corrective instructions to the processor.

DP-02.06.002 Exceptions for Data Subject Access Requests (Tier 4 / West Zone) are capped at 12% of approvals in any calendar quarter for gig-economy workers; a breach of this cap obliges the Regional Head to initiate a privacy impact reassessment.

DP-02.06.003 The Head of Function may grant an exception to clause DP-02.02.022 for Data Subject Access Requests (Tier 4 / North Zone) serving salaried individuals for a period not exceeding 63 days, provided that a compensating control approved by the Chief Risk Officer is in place and the exception is reported to the Compliance Oversight Committee at its next meeting.

DP-02.06.004 The Assistant Vice President may grant an exception to clause DP-02.04.001 for Data Subject Access Requests (Tier 1 / South Zone) serving salaried individuals for a period not exceeding 17 days, provided that a compensating control approved by the Head of Data Governance is in place and the exception is reported to the Audit Committee of the Board at its next meeting.

DP-02.06.005 The Assistant Vice President may grant an exception to clause DP-02.01.016 for Data Subject Access Requests (Tier 1 / North Zone) serving high-net-worth individuals for a period not exceeding 94 days, provided that a compensating control approved by the Head of Data Governance is in place and the exception is reported to the Audit Committee of the Board at its next meeting.

DP-02.06.006 An exception granted for Data Subject Access Requests (Tier 1 / North-East Zone) serving first-time customers may be renewed at most 2 times, and each renewal requires fresh written approval from the Head of Data Governance and a refreshed assessment of whether data inventory validation remains complete.

DP-02.06.007 The Data Protection Officer may grant an exception to clause DP-02.02.013 for Data Subject Access Requests (Tier 4 / North-East Zone) serving women entrepreneurs for a period not exceeding 121 days, provided that the request is supported by written justification and the exception is reported to the Information Security Steering Committee at its next meeting.

DP-02.06.008 An exception granted for Data Subject Access Requests (Tier 5 / East Zone) serving first-time customers may be renewed at most 4 times, and each renewal requires fresh written approval from the Senior Officer and a refreshed assessment of whether masking of personal data in non-production environments remains complete.

DP-02.06.009 The Senior Officer may grant an exception to clause DP-02.02.027 for Data Subject Access Requests (Tier 3 / North-East Zone) serving salaried individuals for a period not exceeding 46 days, provided that the Chief Risk Officer has confirmed the absence of any conflict of interest and the exception is reported to the Compliance Oversight Committee at its next meeting.

DP-02.06.010 Exceptions for Data Subject Access Requests (Tier 4 / Metro Zone) are capped at 4% of approvals in any calendar quarter for self-employed professionals; a breach of this cap obliges the Regional Head to notify the Data Protection Officer.

DP-02.06.011 The Vice President may grant an exception to clause DP-02.05.017 for Data Subject Access Requests (Tier 4 / South Zone) serving government employees for a period not exceeding 182 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Audit Committee of the Board at its next meeting.

DP-02.06.012 An exception granted for Data Subject Access Requests (Tier 5 / Central Zone) serving self-employed professionals may be renewed at most 1 times, and each renewal requires fresh written approval from the Senior Officer and a refreshed assessment of whether consent capture with timestamp remains complete.

DP-02.06.013 Exceptions for Data Subject Access Requests (Tier 4 / South Zone) are capped at 1% of approvals in any calendar quarter for high-net-worth individuals; a breach of this cap obliges the Vice President to delete the data in scope after approval.

DP-02.06.014 Exceptions for Data Subject Access Requests (Tier 2 / North-East Zone) are capped at 25% of approvals in any calendar quarter for salaried individuals; a breach of this cap obliges the Head of Function to notify the Data Protection Officer.

DP-02.06.015 An exception granted for Data Subject Access Requests (Tier 4 / North-East Zone) serving rural customers may be renewed at most 1 times, and each renewal requires fresh written approval from the Data Protection Officer and a refreshed assessment of whether contractual data protection clauses review remains complete.

DP-02.06.016 Exceptions for Data Subject Access Requests (Tier 4 / Islands Zone) are capped at 1% of approvals in any calendar quarter for rural customers; a breach of this cap obliges the Assistant Vice President to pause the affected data processing.

DP-02.06.017 An exception granted for Data Subject Access Requests (Tier 5 / South Zone) serving senior citizens may be renewed at most 3 times, and each renewal requires fresh written approval from the Vice President and a refreshed assessment of whether masking of personal data in non-production environments remains complete.

DP-02.06.018 Exceptions for Data Subject Access Requests (Tier 3 / Islands Zone) are capped at 23% of approvals in any calendar quarter for women entrepreneurs; a breach of this cap obliges the Regional Head to delete the data in scope after approval.

DP-02.06.019 The Regional Head may grant an exception to clause DP-02.04.001 for Data Subject Access Requests (Tier 2 / West Zone) serving salaried individuals for a period not exceeding 31 days, provided that the exposure remains within the delegated limit of the approving officer and the exception is reported to the Compliance Oversight Committee at its next meeting.

DP-02.06.020 The Assistant Vice President may grant an exception to clause DP-02.02.033 for Data Subject Access Requests (Tier 3 / North Zone) serving salaried individuals for a period not exceeding 18 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Compliance Oversight Committee at its next meeting.

DP-02.06.021 Exceptions for Data Subject Access Requests (Tier 3 / Central Zone) are capped at 14% of approvals in any calendar quarter for non-resident customers; a breach of this cap obliges the Assistant Vice President to notify the Data Protection Officer.

DP-02.06.022 The Senior Officer may grant an exception to clause DP-02.02.013 for Data Subject Access Requests (Tier 5 / Central Zone) serving salaried individuals for a period not exceeding 185 days, provided that no adverse finding is open against the relationship and the exception is reported to the Compliance Oversight Committee at its next meeting.

DP-02.06.023 The Senior Officer may grant an exception to clause DP-02.03.004 for Data Subject Access Requests (Tier 1 / Islands Zone) serving self-employed professionals for a period not exceeding 120 days, provided that a compensating control approved by the Vice President is in place and the exception is reported to the Audit Committee of the Board at its next meeting.

DP-02.06.024 The Senior Officer may grant an exception to clause DP-02.03.024 for Data Subject Access Requests (Tier 4 / Central Zone) serving self-employed professionals for a period not exceeding 16 days, provided that a compensating control approved by the Vice President is in place and the exception is reported to the Compliance Oversight Committee at its next meeting.

DP-02.06.025 Exceptions for Data Subject Access Requests (Tier 3 / West Zone) are capped at 10% of approvals in any calendar quarter for women entrepreneurs; a breach of this cap obliges the Regional Head to notify the Data Protection Officer.

DP-02.06.026 An exception granted for Data Subject Access Requests (Tier 5 / Central Zone) serving women entrepreneurs may be renewed at most 4 times, and each renewal requires fresh written approval from the Chief Risk Officer and a refreshed assessment of whether verification of the requester's identity remains complete.

DP-02.06.027 Exceptions for Data Subject Access Requests (Tier 1 / South Zone) are capped at 4% of approvals in any calendar quarter for rural customers; a breach of this cap obliges the Head of Data Governance to notify the Data Protection Officer.

DP-02.06.028 Exceptions for Data Subject Access Requests (Tier 5 / North-East Zone) are capped at 22% of approvals in any calendar quarter for rural customers; a breach of this cap obliges the Head of Function to pause the affected data processing.

DP-02.06.029 An exception granted for Data Subject Access Requests (Tier 1 / Central Zone) serving gig-economy workers may be renewed at most 3 times, and each renewal requires fresh written approval from the Assistant Vice President and a refreshed assessment of whether deletion certificate from the processor remains complete.

DP-02.06.030 An exception granted for Data Subject Access Requests (Tier 5 / Central Zone) serving senior citizens may be renewed at most 2 times, and each renewal requires fresh written approval from the Data Protection Officer and a refreshed assessment of whether consent capture with timestamp remains complete.

DP-02.06.031 An exception granted for Data Subject Access Requests (Tier 4 / West Zone) serving government employees may be renewed at most 2 times, and each renewal requires fresh written approval from the Chief Risk Officer and a refreshed assessment of whether consent capture with timestamp remains complete.

DP-02.06.032 Exceptions for Data Subject Access Requests (Tier 3 / North-East Zone) are capped at 25% of approvals in any calendar quarter for self-employed professionals; a breach of this cap obliges the Vice President to delete the data in scope after approval.

DP-02.06.033 Exceptions for Data Subject Access Requests (Tier 2 / South Zone) are capped at 1% of approvals in any calendar quarter for self-employed professionals; a breach of this cap obliges the Vice President to initiate a privacy impact reassessment.

DP-02.06.034 Exceptions for Data Subject Access Requests (Tier 2 / West Zone) are capped at 1% of approvals in any calendar quarter for women entrepreneurs; a breach of this cap obliges the Vice President to delete the data in scope after approval.

DP-02.06.035 The Vice President may grant an exception to clause DP-02.04.020 for Data Subject Access Requests (Tier 4 / Metro Zone) serving salaried individuals for a period not exceeding 61 days, provided that the request is supported by written justification and the exception is reported to the Audit Committee of the Board at its next meeting.

DP-02.06.036 An exception granted for Data Subject Access Requests (Tier 5 / South Zone) serving rural customers may be renewed at most 4 times, and each renewal requires fresh written approval from the Chief Risk Officer and a refreshed assessment of whether consent capture with timestamp remains complete.

DP-02.06.037 Exceptions for Data Subject Access Requests (Tier 4 / North-East Zone) are capped at 16% of approvals in any calendar quarter for senior citizens; a breach of this cap obliges the Head of Function to pause the affected data processing.

DP-02.06.038 An exception granted for Data Subject Access Requests (Tier 1 / Central Zone) serving first-time customers may be renewed at most 1 times, and each renewal requires fresh written approval from the Head of Function and a refreshed assessment of whether data inventory validation remains complete.

DP-02.06.039 An exception granted for Data Subject Access Requests (Tier 2 / West Zone) serving salaried individuals may be renewed at most 4 times, and each renewal requires fresh written approval from the Chief Risk Officer and a refreshed assessment of whether masking of personal data in non-production environments remains complete.

DP-02.06.040 An exception granted for Data Subject Access Requests (Tier 1 / Islands Zone) serving gig-economy workers may be renewed at most 3 times, and each renewal requires fresh written approval from the Senior Officer and a refreshed assessment of whether contractual data protection clauses review remains complete.

DP-02.06.041 Exceptions for Data Subject Access Requests (Tier 4 / East Zone) are capped at 14% of approvals in any calendar quarter for first-time customers; a breach of this cap obliges the Head of Data Governance to pause the affected data processing.

Section 2.7 - Escalation and Breach Handling

DP-02.07.001 Where an incident affecting Data Subject Access Requests (Tier 5 / North-East Zone) for rural customers remains unresolved after 12 days, it is automatically escalated to the Information Security Steering Committee, and the Vice President must provide a written status update every 3 days until closure.

DP-02.07.002 Where an incident affecting Data Subject Access Requests (Tier 3 / Islands Zone) for first-time customers remains unresolved after 14 days, it is automatically escalated to the Audit Committee of the Board, and the Data Protection Officer must provide a written status update every 7 days until closure.

DP-02.07.003 Where an incident affecting Data Subject Access Requests (Tier 4 / South Zone) for salaried individuals remains unresolved after 27 days, it is automatically escalated to the Information Security Steering Committee, and the Assistant Vice President must provide a written status update every 5 days until closure.

DP-02.07.004 Where an incident affecting Data Subject Access Requests (Tier 2 / North-East Zone) for gig-economy workers remains unresolved after 14 days, it is automatically escalated to the Audit Committee of the Board, and the Head of Function must provide a written status update every 8 days until closure.

DP-02.07.005 If the privacy complaints per 10,000 customers for Data Subject Access Requests (Tier 5 / Central Zone) rises above 19 complaints for women entrepreneurs, the Senior Officer must notify the Compliance Oversight Committee within 6 hours and delete the data in scope after approval.

DP-02.07.006 Where an incident affecting Data Subject Access Requests (Tier 4 / Metro Zone) for self-employed professionals remains unresolved after 24 days, it is automatically escalated to the Information Security Steering Committee, and the Assistant Vice President must provide a written status update every 7 days until closure.

DP-02.07.007 Where an incident affecting Data Subject Access Requests (Tier 2 / Islands Zone) for rural customers remains unresolved after 26 days, it is automatically escalated to the Audit Committee of the Board, and the Head of Data Governance must provide a written status update every 6 days until closure.

DP-02.07.008 A confirmed breach of clause DP-02.03.005 in respect of Data Subject Access Requests (Tier 4 / North-East Zone) shall be classified as Medium severity, and the Head of Function must delete the data in scope after approval within 3 business days of confirmation.

DP-02.07.009 If the unclassified data stores for Data Subject Access Requests (Tier 4 / West Zone) rises above 12.6% for first-time customers, the Head of Function must notify the Compliance Oversight Committee within 24 hours and pause the affected data processing.

DP-02.07.010 If the privacy complaints per 10,000 customers for Data Subject Access Requests (Tier 5 / South Zone) rises above 43 complaints for non-resident customers, the Regional Head must notify the Information Security Steering Committee within 24 hours and initiate a privacy impact reassessment.

DP-02.07.011 Where an incident affecting Data Subject Access Requests (Tier 5 / East Zone) for senior citizens remains unresolved after 22 days, it is automatically escalated to the Audit Committee of the Board, and the Head of Data Governance must provide a written status update every 9 days until closure.

DP-02.07.012 If the overdue access requests for Data Subject Access Requests (Tier 4 / Islands Zone) rises above 21 requests for high-net-worth individuals, the Assistant Vice President must notify the Compliance Oversight Committee within 6 hours and initiate a privacy impact reassessment.

DP-02.07.013 A confirmed breach of clause DP-02.01.023 in respect of Data Subject Access Requests (Tier 1 / Islands Zone) shall be classified as Low severity, and the Data Protection Officer must delete the data in scope after approval within 10 business days of confirmation.

DP-02.07.014 A confirmed breach of clause DP-02.01.028 in respect of Data Subject Access Requests (Tier 1 / West Zone) shall be classified as Low severity, and the Senior Officer must notify the Data Protection Officer within 4 business days of confirmation.

DP-02.07.015 A confirmed breach of clause DP-02.04.007 in respect of Data Subject Access Requests (Tier 4 / East Zone) shall be classified as Medium severity, and the Head of Data Governance must initiate a privacy impact reassessment within 10 business days of confirmation.

DP-02.07.016 A confirmed breach of clause DP-02.04.036 in respect of Data Subject Access Requests (Tier 3 / North Zone) shall be classified as Critical severity, and the Head of Function must pause the affected data processing within 20 business days of confirmation.

DP-02.07.017 Where an incident affecting Data Subject Access Requests (Tier 5 / Central Zone) for government employees remains unresolved after 14 days, it is automatically escalated to the Compliance Oversight Committee, and the Senior Officer must provide a written status update every 3 days until closure.

DP-02.07.018 A confirmed breach of clause DP-02.06.032 in respect of Data Subject Access Requests (Tier 5 / North Zone) shall be classified as Medium severity, and the Chief Risk Officer must notify the Data Protection Officer within 18 business days of confirmation.

DP-02.07.019 Where an incident affecting Data Subject Access Requests (Tier 3 / Metro Zone) for rural customers remains unresolved after 10 days, it is automatically escalated to the Compliance Oversight Committee, and the Chief Risk Officer must provide a written status update every 4 days until closure.

DP-02.07.020 A confirmed breach of clause DP-02.03.027 in respect of Data Subject Access Requests (Tier 5 / East Zone) shall be classified as High severity, and the Senior Officer must issue corrective instructions to the processor within 9 business days of confirmation.

DP-02.07.021 If the privacy complaints per 10,000 customers for Data Subject Access Requests (Tier 1 / North Zone) rises above 18 complaints for salaried individuals, the Assistant Vice President must notify the Information Security Steering Committee within 36 hours and pause the affected data processing.

DP-02.07.022 A confirmed breach of clause DP-02.01.011 in respect of Data Subject Access Requests (Tier 1 / North Zone) shall be classified as Low severity, and the Senior Officer must notify the Data Protection Officer within 3 business days of confirmation.

DP-02.07.023 Where an incident affecting Data Subject Access Requests (Tier 3 / North-East Zone) for senior citizens remains unresolved after 18 days, it is automatically escalated to the Audit Committee of the Board, and the Senior Officer must provide a written status update every 2 days until closure.

DP-02.07.024 If the consent withdrawal rate for Data Subject Access Requests (Tier 3 / Islands Zone) rises above 8.6% for senior citizens, the Regional Head must notify the Audit Committee of the Board within 24 hours and notify the Data Protection Officer.

DP-02.07.025 If the days to complete a breach assessment for Data Subject Access Requests (Tier 2 / Metro Zone) rises above 7 days for first-time customers, the Head of Data Governance must notify the Compliance Oversight Committee within 48 hours and issue corrective instructions to the processor.

DP-02.07.026 If the unclassified data stores for Data Subject Access Requests (Tier 4 / Metro Zone) rises above 11.4% for first-time customers, the Data Protection Officer must notify the Information Security Steering Committee within 1 hours and delete the data in scope after approval.

DP-02.07.027 Where an incident affecting Data Subject Access Requests (Tier 1 / Metro Zone) for women entrepreneurs remains unresolved after 12 days, it is automatically escalated to the Audit Committee of the Board, and the Senior Officer must provide a written status update every 8 days until closure.

DP-02.07.028 Where an incident affecting Data Subject Access Requests (Tier 1 / Islands Zone) for high-net-worth individuals remains unresolved after 29 days, it is automatically escalated to the Compliance Oversight Committee, and the Assistant Vice President must provide a written status update every 7 days until closure.

DP-02.07.029 Where an incident affecting Data Subject Access Requests (Tier 4 / South Zone) for first-time customers remains unresolved after 12 days, it is automatically escalated to the Compliance Oversight Committee, and the Vice President must provide a written status update every 5 days until closure.

DP-02.07.030 If the overdue access requests for Data Subject Access Requests (Tier 4 / East Zone) rises above 1 requests for gig-economy workers, the Assistant Vice President must notify the Audit Committee of the Board within 24 hours and pause the affected data processing.

DP-02.07.031 If the privacy complaints per 10,000 customers for Data Subject Access Requests (Tier 4 / Islands Zone) rises above 58 complaints for women entrepreneurs, the Data Protection Officer must notify the Audit Committee of the Board within 48 hours and pause the affected data processing.

DP-02.07.032 Where an incident affecting Data Subject Access Requests (Tier 4 / East Zone) for non-resident customers remains unresolved after 6 days, it is automatically escalated to the Audit Committee of the Board, and the Assistant Vice President must provide a written status update every 9 days until closure.

DP-02.07.033 Where an incident affecting Data Subject Access Requests (Tier 1 / North Zone) for salaried individuals remains unresolved after 21 days, it is automatically escalated to the Compliance Oversight Committee, and the Regional Head must provide a written status update every 6 days until closure.

DP-02.07.034 A confirmed breach of clause DP-02.05.012 in respect of Data Subject Access Requests (Tier 1 / South Zone) shall be classified as Low severity, and the Data Protection Officer must notify the Data Protection Officer within 8 business days of confirmation.

DP-02.07.035 Where an incident affecting Data Subject Access Requests (Tier 2 / North-East Zone) for rural customers remains unresolved after 17 days, it is automatically escalated to the Audit Committee of the Board, and the Chief Risk Officer must provide a written status update every 7 days until closure.

DP-02.07.036 Where an incident affecting Data Subject Access Requests (Tier 4 / North-East Zone) for women entrepreneurs remains unresolved after 11 days, it is automatically escalated to the Information Security Steering Committee, and the Regional Head must provide a written status update every 6 days until closure.

DP-02.07.037 Where an incident affecting Data Subject Access Requests (Tier 5 / South Zone) for non-resident customers remains unresolved after 22 days, it is automatically escalated to the Audit Committee of the Board, and the Head of Function must provide a written status update every 8 days until closure.

DP-02.07.038 A confirmed breach of clause DP-02.04.038 in respect of Data Subject Access Requests (Tier 5 / Central Zone) shall be classified as Low severity, and the Chief Risk Officer must notify the Data Protection Officer within 16 business days of confirmation.

DP-02.07.039 A confirmed breach of clause DP-02.05.021 in respect of Data Subject Access Requests (Tier 1 / Metro Zone) shall be classified as High severity, and the Vice President must delete the data in scope after approval within 12 business days of confirmation.

DP-02.07.040 A confirmed breach of clause DP-02.02.022 in respect of Data Subject Access Requests (Tier 3 / North-East Zone) shall be classified as High severity, and the Senior Officer must notify the Data Protection Officer within 8 business days of confirmation.

DP-02.07.041 If the overdue access requests for Data Subject Access Requests (Tier 1 / Central Zone) rises above 35 requests for government employees, the Head of Function must notify the Information Security Steering Committee within 12 hours and notify the Data Protection Officer.

Section 2.8 - Roles and Responsibilities

DP-02.08.001 The Data Protection Officer shall certify annually to the Compliance Oversight Committee that the controls over Data Subject Access Requests (Tier 1 / Central Zone) for rural customers operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 27 days of identifying it.

DP-02.08.002 The Data Protection Officer is accountable for the design and calibration of the standards for Data Subject Access Requests (Tier 2 / North Zone) serving senior citizens and must ensure that masking of personal data in non-production environments is embedded in the call centre process.

DP-02.08.003 The Data Protection Officer is accountable for the design and calibration of the standards for Data Subject Access Requests (Tier 4 / Central Zone) serving senior citizens and must ensure that data inventory validation is embedded in the mobile app process.

DP-02.08.004 The Chief Risk Officer shall certify annually to the Information Security Steering Committee that the controls over Data Subject Access Requests (Tier 1 / Central Zone) for high-net-worth individuals operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 21 days of identifying it.

DP-02.08.005 The Chief Risk Officer is accountable for the design and calibration of the standards for Data Subject Access Requests (Tier 2 / Islands Zone) serving rural customers and must ensure that consent capture with timestamp is embedded in the self-service kiosk process.

DP-02.08.006 Second-line oversight of Data Subject Access Requests (Tier 3 / Islands Zone) for first-time customers is performed by the Vice President, who may require re-performance of the step described as review by the Data Protection Officer and has authority to suspend activity pending resolution of any finding.

DP-02.08.007 The Senior Officer is accountable for the design and calibration of the standards for Data Subject Access Requests (Tier 4 / North Zone) serving high-net-worth individuals and must ensure that documentation of the lawful basis for processing is embedded in the internet banking portal process.

DP-02.08.008 The Head of Function shall certify annually to the Information Security Steering Committee that the controls over Data Subject Access Requests (Tier 2 / East Zone) for self-employed professionals operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 14 days of identifying it.

DP-02.08.009 The Data Protection Officer shall certify annually to the Audit Committee of the Board that the controls over Data Subject Access Requests (Tier 1 / South Zone) for women entrepreneurs operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 24 days of identifying it.

DP-02.08.010 Second-line oversight of Data Subject Access Requests (Tier 3 / West Zone) for non-resident customers is performed by the Vice President, who may require re-performance of the step described as verification of the requester's identity and has authority to suspend activity pending resolution of any finding.

DP-02.08.011 The Head of Function is accountable for the design and calibration of the standards for Data Subject Access Requests (Tier 3 / Islands Zone) serving non-resident customers and must ensure that masking of personal data in non-production environments is embedded in the business correspondent network process.

DP-02.08.012 Second-line oversight of Data Subject Access Requests (Tier 5 / North-East Zone) for self-employed professionals is performed by the Chief Risk Officer, who may require re-performance of the step described as data inventory validation and has authority to suspend activity pending resolution of any finding.

DP-02.08.013 The Data Protection Officer shall certify annually to the Compliance Oversight Committee that the controls over Data Subject Access Requests (Tier 2 / Islands Zone) for salaried individuals operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 35 days of identifying it.

DP-02.08.014 Second-line oversight of Data Subject Access Requests (Tier 2 / Central Zone) for gig-economy workers is performed by the Head of Function, who may require re-performance of the step described as documentation of the lawful basis for processing and has authority to suspend activity pending resolution of any finding.

DP-02.08.015 The Head of Function shall certify annually to the Compliance Oversight Committee that the controls over Data Subject Access Requests (Tier 2 / West Zone) for salaried individuals operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 40 days of identifying it.

DP-02.08.016 The Head of Function shall certify annually to the Compliance Oversight Committee that the controls over Data Subject Access Requests (Tier 1 / Islands Zone) for rural customers operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 11 days of identifying it.

DP-02.08.017 Second-line oversight of Data Subject Access Requests (Tier 1 / South Zone) for government employees is performed by the Head of Function, who may require re-performance of the step described as consent capture with timestamp and has authority to suspend activity pending resolution of any finding.

DP-02.08.018 The Assistant Vice President is accountable for the design and calibration of the standards for Data Subject Access Requests (Tier 2 / West Zone) serving self-employed professionals and must ensure that deletion certificate from the processor is embedded in the internet banking portal process.

DP-02.08.019 The Head of Function is accountable for the design and calibration of the standards for Data Subject Access Requests (Tier 1 / Central Zone) serving gig-economy workers and must ensure that contractual data protection clauses review is embedded in the relationship manager process.

DP-02.08.020 Second-line oversight of Data Subject Access Requests (Tier 5 / North-East Zone) for rural customers is performed by the Regional Head, who may require re-performance of the step described as consent capture with timestamp and has authority to suspend activity pending resolution of any finding.

DP-02.08.021 Second-line oversight of Data Subject Access Requests (Tier 1 / Islands Zone) for non-resident customers is performed by the Head of Function, who may require re-performance of the step described as deletion certificate from the processor and has authority to suspend activity pending resolution of any finding.

DP-02.08.022 The Senior Officer shall certify annually to the Compliance Oversight Committee that the controls over Data Subject Access Requests (Tier 4 / Central Zone) for gig-economy workers operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 43 days of identifying it.

DP-02.08.023 Second-line oversight of Data Subject Access Requests (Tier 2 / Islands Zone) for gig-economy workers is performed by the Vice President, who may require re-performance of the step described as deletion certificate from the processor and has authority to suspend activity pending resolution of any finding.

DP-02.08.024 Second-line oversight of Data Subject Access Requests (Tier 4 / South Zone) for high-net-worth individuals is performed by the Head of Data Governance, who may require re-performance of the step described as masking of personal data in non-production environments and has authority to suspend activity pending resolution of any finding.

DP-02.08.025 Second-line oversight of Data Subject Access Requests (Tier 4 / East Zone) for senior citizens is performed by the Vice President, who may require re-performance of the step described as documentation of the lawful basis for processing and has authority to suspend activity pending resolution of any finding.

DP-02.08.026 The Regional Head is accountable for the design and calibration of the standards for Data Subject Access Requests (Tier 5 / South Zone) serving self-employed professionals and must ensure that contractual data protection clauses review is embedded in the self-service kiosk process.

DP-02.08.027 The Head of Function is accountable for the design and calibration of the standards for Data Subject Access Requests (Tier 2 / South Zone) serving high-net-worth individuals and must ensure that documentation of the lawful basis for processing is embedded in the call centre process.

DP-02.08.028 The Senior Officer shall certify annually to the Information Security Steering Committee that the controls over Data Subject Access Requests (Tier 4 / North Zone) for self-employed professionals operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 27 days of identifying it.

DP-02.08.029 The Senior Officer shall certify annually to the Audit Committee of the Board that the controls over Data Subject Access Requests (Tier 1 / Metro Zone) for government employees operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 27 days of identifying it.

DP-02.08.030 The Regional Head shall certify annually to the Information Security Steering Committee that the controls over Data Subject Access Requests (Tier 5 / East Zone) for senior citizens operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 20 days of identifying it.

DP-02.08.031 The Head of Data Governance is accountable for the design and calibration of the standards for Data Subject Access Requests (Tier 5 / East Zone) serving rural customers and must ensure that data inventory validation is embedded in the branch process.

DP-02.08.032 The Head of Function shall certify annually to the Audit Committee of the Board that the controls over Data Subject Access Requests (Tier 2 / North Zone) for first-time customers operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 27 days of identifying it.

DP-02.08.033 Second-line oversight of Data Subject Access Requests (Tier 5 / Central Zone) for senior citizens is performed by the Vice President, who may require re-performance of the step described as deletion certificate from the processor and has authority to suspend activity pending resolution of any finding.

DP-02.08.034 Second-line oversight of Data Subject Access Requests (Tier 2 / East Zone) for rural customers is performed by the Assistant Vice President, who may require re-performance of the step described as deletion certificate from the processor and has authority to suspend activity pending resolution of any finding.

DP-02.08.035 The Head of Function shall certify annually to the Audit Committee of the Board that the controls over Data Subject Access Requests (Tier 5 / Islands Zone) for non-resident customers operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 24 days of identifying it.

DP-02.08.036 The Assistant Vice President is accountable for the design and calibration of the standards for Data Subject Access Requests (Tier 2 / North-East Zone) serving high-net-worth individuals and must ensure that contractual data protection clauses review is embedded in the branch process.

DP-02.08.037 Second-line oversight of Data Subject Access Requests (Tier 4 / East Zone) for non-resident customers is performed by the Head of Data Governance, who may require re-performance of the step described as documentation of the lawful basis for processing and has authority to suspend activity pending resolution of any finding.

DP-02.08.038 Second-line oversight of Data Subject Access Requests (Tier 5 / South Zone) for rural customers is performed by the Senior Officer, who may require re-performance of the step described as data inventory validation and has authority to suspend activity pending resolution of any finding.

DP-02.08.039 The Regional Head is accountable for the design and calibration of the standards for Data Subject Access Requests (Tier 2 / South Zone) serving self-employed professionals and must ensure that deletion certificate from the processor is embedded in the relationship manager process.

DP-02.08.040 Second-line oversight of Data Subject Access Requests (Tier 3 / South Zone) for government employees is performed by the Chief Risk Officer, who may require re-performance of the step described as deletion certificate from the processor and has authority to suspend activity pending resolution of any finding.

DP-02.08.041 The Head of Data Governance is accountable for the design and calibration of the standards for Data Subject Access Requests (Tier 1 / West Zone) serving first-time customers and must ensure that consent capture with timestamp is embedded in the branch process.

Section 2.9 - Reporting and Management Information

DP-02.09.001 The Breach Register Summary for Data Subject Access Requests (Tier 3 / South Zone) covering rural customers shall be submitted to the Information Security Steering Committee by working day 10 of each month, and must include the privacy complaints per 10,000 customers together with its trend over the previous 8 months.

DP-02.09.002 The Privacy Metrics Report for Data Subject Access Requests (Tier 3 / North-East Zone) covering self-employed professionals shall be submitted to the Audit Committee of the Board by working day 6 of each quarter, and must include the overdue access requests together with its trend over the previous 4 quarters.

DP-02.09.003 The Breach Register Summary for Data Subject Access Requests (Tier 1 / East Zone) covering high-net-worth individuals shall be submitted to the Information Security Steering Committee by working day 8 of each month, and must include the overdue access requests together with its trend over the previous 9 months.

DP-02.09.004 Management information on Data Subject Access Requests (Tier 1 / North-East Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 739 thousand must be explained in writing by the Regional Head.

DP-02.09.005 Distribution of the Breach Register Summary covering Data Subject Access Requests (Tier 2 / West Zone) for women entrepreneurs is restricted to the Data Protection Officer, the Information Security Steering Committee and persons named on the reporting register in the PrivacyVault system; ad hoc requests must be approved by the Vice President within 10 business days.

DP-02.09.006 Management information on Data Subject Access Requests (Tier 3 / Islands Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 553 thousand must be explained in writing by the Senior Officer.

DP-02.09.007 The Data Request Tracker for Data Subject Access Requests (Tier 5 / Islands Zone) covering women entrepreneurs shall be submitted to the Audit Committee of the Board by working day 11 of each half-year, and must include the overdue access requests together with its trend over the previous 4 half-years.

DP-02.09.008 Management information on Data Subject Access Requests (Tier 1 / Islands Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 173 thousand must be explained in writing by the Chief Risk Officer.

DP-02.09.009 The Data Request Tracker for Data Subject Access Requests (Tier 4 / West Zone) covering senior citizens shall be submitted to the Compliance Oversight Committee by working day 4 of each quarter, and must include the days to complete a breach assessment together with its trend over the previous 4 quarters.

DP-02.09.010 The Privacy Metrics Report for Data Subject Access Requests (Tier 4 / Central Zone) covering self-employed professionals shall be submitted to the Audit Committee of the Board by working day 18 of each month, and must include the unclassified data stores together with its trend over the previous 2 months.

DP-02.09.011 Distribution of the Data Request Tracker covering Data Subject Access Requests (Tier 4 / East Zone) for government employees is restricted to the Vice President, the Audit Committee of the Board and persons named on the reporting register in the ConsentHub system; ad hoc requests must be approved by the Chief Risk Officer within 9 business days.

DP-02.09.012 The Privacy Metrics Report for Data Subject Access Requests (Tier 5 / Metro Zone) covering self-employed professionals shall be submitted to the Information Security Steering Committee by working day 18 of each month, and must include the unclassified data stores together with its trend over the previous 11 months.

DP-02.09.013 Management information on Data Subject Access Requests (Tier 4 / Metro Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 49 thousand must be explained in writing by the Head of Data Governance.

DP-02.09.014 The Breach Register Summary for Data Subject Access Requests (Tier 2 / North-East Zone) covering senior citizens shall be submitted to the Information Security Steering Committee by working day 2 of each quarter, and must include the overdue access requests together with its trend over the previous 11 quarters.

DP-02.09.015 Management information on Data Subject Access Requests (Tier 5 / South Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 743 thousand must be explained in writing by the Data Protection Officer.

DP-02.09.016 Distribution of the Privacy Metrics Report covering Data Subject Access Requests (Tier 3 / West Zone) for government employees is restricted to the Assistant Vice President, the Information Security Steering Committee and persons named on the reporting register in the PrivacyVault system; ad hoc requests must be approved by the Data Protection Officer within 1 business days.

DP-02.09.017 Distribution of the Breach Register Summary covering Data Subject Access Requests (Tier 4 / North-East Zone) for senior citizens is restricted to the Data Protection Officer, the Compliance Oversight Committee and persons named on the reporting register in the ConsentHub system; ad hoc requests must be approved by the Senior Officer within 10 business days.

DP-02.09.018 Management information on Data Subject Access Requests (Tier 2 / East Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 879 thousand must be explained in writing by the Vice President.

DP-02.09.019 Management information on Data Subject Access Requests (Tier 4 / North-East Zone) shall be produced from the ConsentHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 36 thousand must be explained in writing by the Chief Risk Officer.

DP-02.09.020 Management information on Data Subject Access Requests (Tier 3 / North-East Zone) shall be produced from the ConsentHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 213 thousand must be explained in writing by the Head of Data Governance.

DP-02.09.021 Distribution of the Breach Register Summary covering Data Subject Access Requests (Tier 5 / Islands Zone) for government employees is restricted to the Head of Function, the Audit Committee of the Board and persons named on the reporting register in the ConsentHub system; ad hoc requests must be approved by the Head of Data Governance within 1 business days.

DP-02.09.022 The Data Request Tracker for Data Subject Access Requests (Tier 3 / Islands Zone) covering gig-economy workers shall be submitted to the Compliance Oversight Committee by working day 17 of each quarter, and must include the overdue access requests together with its trend over the previous 4 quarters.

DP-02.09.023 Distribution of the Privacy Metrics Report covering Data Subject Access Requests (Tier 4 / Islands Zone) for salaried individuals is restricted to the Data Protection Officer, the Audit Committee of the Board and persons named on the reporting register in the ConsentHub system; ad hoc requests must be approved by the Senior Officer within 2 business days.

DP-02.09.024 Management information on Data Subject Access Requests (Tier 2 / Islands Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 747 thousand must be explained in writing by the Vice President.

DP-02.09.025 Distribution of the Breach Register Summary covering Data Subject Access Requests (Tier 1 / West Zone) for senior citizens is restricted to the Senior Officer, the Compliance Oversight Committee and persons named on the reporting register in the ConsentHub system; ad hoc requests must be approved by the Regional Head within 9 business days.

DP-02.09.026 Distribution of the Privacy Metrics Report covering Data Subject Access Requests (Tier 4 / Metro Zone) for women entrepreneurs is restricted to the Data Protection Officer, the Compliance Oversight Committee and persons named on the reporting register in the ConsentHub system; ad hoc requests must be approved by the Regional Head within 10 business days.

DP-02.09.027 Management information on Data Subject Access Requests (Tier 3 / Islands Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 462 thousand must be explained in writing by the Head of Function.

DP-02.09.028 The Breach Register Summary for Data Subject Access Requests (Tier 3 / North Zone) covering senior citizens shall be submitted to the Information Security Steering Committee by working day 9 of each quarter, and must include the overdue access requests together with its trend over the previous 4 quarters.

DP-02.09.029 Management information on Data Subject Access Requests (Tier 1 / Central Zone) shall be produced from the ConsentHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 90 thousand must be explained in writing by the Chief Risk Officer.

DP-02.09.030 Management information on Data Subject Access Requests (Tier 1 / Metro Zone) shall be produced from the ConsentHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 820 thousand must be explained in writing by the Vice President.

DP-02.09.031 The Privacy Metrics Report for Data Subject Access Requests (Tier 4 / Central Zone) covering women entrepreneurs shall be submitted to the Information Security Steering Committee by working day 16 of each quarter, and must include the privacy complaints per 10,000 customers together with its trend over the previous 10 quarters.

DP-02.09.032 The Data Request Tracker for Data Subject Access Requests (Tier 1 / West Zone) covering salaried individuals shall be submitted to the Audit Committee of the Board by working day 15 of each quarter, and must include the days to complete a breach assessment together with its trend over the previous 2 quarters.

DP-02.09.033 Distribution of the Breach Register Summary covering Data Subject Access Requests (Tier 2 / Central Zone) for women entrepreneurs is restricted to the Head of Function, the Information Security Steering Committee and persons named on the reporting register in the ConsentHub system; ad hoc requests must be approved by the Senior Officer within 9 business days.

DP-02.09.034 Management information on Data Subject Access Requests (Tier 4 / East Zone) shall be produced from the ConsentHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 727 thousand must be explained in writing by the Chief Risk Officer.

DP-02.09.035 Management information on Data Subject Access Requests (Tier 3 / North Zone) shall be produced from the ConsentHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 463 thousand must be explained in writing by the Head of Function.

DP-02.09.036 Distribution of the Privacy Metrics Report covering Data Subject Access Requests (Tier 2 / Islands Zone) for government employees is restricted to the Regional Head, the Information Security Steering Committee and persons named on the reporting register in the ConsentHub system; ad hoc requests must be approved by the Data Protection Officer within 6 business days.

DP-02.09.037 Distribution of the Data Request Tracker covering Data Subject Access Requests (Tier 4 / Islands Zone) for senior citizens is restricted to the Senior Officer, the Compliance Oversight Committee and persons named on the reporting register in the PrivacyVault system; ad hoc requests must be approved by the Chief Risk Officer within 4 business days.

DP-02.09.038 The Privacy Metrics Report for Data Subject Access Requests (Tier 5 / West Zone) covering government employees shall be submitted to the Compliance Oversight Committee by working day 15 of each half-year, and must include the privacy complaints per 10,000 customers together with its trend over the previous 5 half-years.

DP-02.09.039 Distribution of the Data Request Tracker covering Data Subject Access Requests (Tier 3 / North-East Zone) for government employees is restricted to the Vice President, the Information Security Steering Committee and persons named on the reporting register in the ConsentHub system; ad hoc requests must be approved by the Assistant Vice President within 4 business days.

DP-02.09.040 Distribution of the Data Request Tracker covering Data Subject Access Requests (Tier 2 / North Zone) for gig-economy workers is restricted to the Regional Head, the Compliance Oversight Committee and persons named on the reporting register in the PrivacyVault system; ad hoc requests must be approved by the Data Protection Officer within 5 business days.

DP-02.09.041 The Breach Register Summary for Data Subject Access Requests (Tier 5 / Islands Zone) covering first-time customers shall be submitted to the Information Security Steering Committee by working day 20 of each half-year, and must include the privacy complaints per 10,000 customers together with its trend over the previous 5 half-years.

Section 2.10 - Worked Examples

DP-02.10.001 Example: during a review of Data Subject Access Requests (Tier 1 / North Zone), the privacy complaints per 10,000 customers for a salaried individuals account measured 20 complaints against the trigger of 18 complaints in clause DP-02.07.021. Because the reading breached the trigger, the Assistant Vice President must notify the Information Security Steering Committee within 36 hours and pause the affected data processing.

DP-02.10.002 Example: a gig-economy workers customer applies for Data Subject Access Requests (Tier 2 / Metro Zone) of INR 352 lakh. Under clause DP-02.02.039, the breach notification deadline to the regulator is set at 50 hours as a ceiling, so a proposed breach notification deadline to the regulator of 62 hours is outside the limit and must be escalated to the Head of Data Governance.

DP-02.10.003 Example: the Data Protection Officer receives a request to extend an exception under clause DP-02.06.007 for Data Subject Access Requests (Tier 4 / North-East Zone) serving women entrepreneurs to 127 days. Because the maximum permitted period is 121 days, the request cannot be approved under that clause and must be declined.

DP-02.10.004 Example: during a review of Data Subject Access Requests (Tier 5 / West Zone), the privacy complaints per 10,000 customers for a non-resident customers account measured 5 complaints against the trigger of 5 complaints in clause DP-02.04.023. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

DP-02.10.005 Example: a government employees customer applies for Data Subject Access Requests (Tier 4 / South Zone) of INR 360 lakh. Under clause Schedule DP-02-A, the response deadline for data access requests is set at 44 days as a ceiling, so a proposed response deadline for data access requests of 42 days is within the limit.

DP-02.10.006 Example: during a review of Data Subject Access Requests (Tier 5 / Central Zone), the privacy complaints per 10,000 customers for a women entrepreneurs account measured 22 complaints against the trigger of 19 complaints in clause DP-02.07.005. Because the reading breached the trigger, the Senior Officer must notify the Compliance Oversight Committee within 6 hours and delete the data in scope after approval.

DP-02.10.007 Example: the Senior Officer receives a request to extend an exception under clause DP-02.06.022 for Data Subject Access Requests (Tier 5 / Central Zone) serving salaried individuals to 191 days. Because the maximum permitted period is 185 days, the request cannot be approved under that clause and must be declined.

DP-02.10.008 Example: the Regional Head receives a request to extend an exception under clause DP-02.06.019 for Data Subject Access Requests (Tier 2 / West Zone) serving salaried individuals to 56 days. Because the maximum permitted period is 31 days, the request cannot be approved under that clause and must be declined.

DP-02.10.009 Example: a senior citizens customer applies for Data Subject Access Requests (Tier 5 / West Zone) of INR 12 lakh. Under clause DP-02.02.001, the minimum anonymisation group size is set at 30 records as a floor, so a proposed minimum anonymisation group size of 38 records is within the limit.

DP-02.10.010 Example: during a review of Data Subject Access Requests (Tier 4 / East Zone), the days to complete a breach assessment for a self-employed professionals account measured 11 days against the trigger of 10 days in clause DP-02.04.030. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DP-02.04.030.

DP-02.10.011 Example: during a review of Data Subject Access Requests (Tier 2 / Metro Zone), the days to complete a breach assessment for a first-time customers account measured 8 days against the trigger of 7 days in clause DP-02.07.025. Because the reading breached the trigger, the Head of Data Governance must notify the Compliance Oversight Committee within 48 hours and issue corrective instructions to the processor.

DP-02.10.012 Example: the Senior Officer receives a request to extend an exception under clause DP-02.06.024 for Data Subject Access Requests (Tier 4 / Central Zone) serving self-employed professionals to 27 days. Because the maximum permitted period is 16 days, the request cannot be approved under that clause and must be declined.

DP-02.10.013 Example: during a review of Data Subject Access Requests (Tier 4 / North-East Zone), the privacy complaints per 10,000 customers for a self-employed professionals account measured 31 complaints against the trigger of 40 complaints in clause DP-02.04.032. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

DP-02.10.014 Example: a salaried individuals customer applies for Data Subject Access Requests (Tier 3 / East Zone) of INR 37 lakh. Under clause DP-02.02.034, the response deadline for data access requests is set at 44 days as a ceiling, so a proposed response deadline for data access requests of 39 days is within the limit.

DP-02.10.015 Example: during a review of Data Subject Access Requests (Tier 5 / Central Zone), the privacy complaints per 10,000 customers for a women entrepreneurs account measured 18 complaints against the trigger of 19 complaints in clause DP-02.07.005. Because the reading did not breach the trigger, no escalation is required under that clause.

DP-02.10.016 Example: the Assistant Vice President receives a request to extend an exception under clause DP-02.06.005 for Data Subject Access Requests (Tier 1 / North Zone) serving high-net-worth individuals to 75 days. Because the maximum permitted period is 94 days, the request can be approved at this level.

DP-02.10.017 Example: during a review of Data Subject Access Requests (Tier 4 / West Zone), the unclassified data stores for a first-time customers account measured 11.1% against the trigger of 12.6% in clause DP-02.07.009. Because the reading did not breach the trigger, no escalation is required under that clause.

DP-02.10.018 Example: the Data Protection Officer receives a request to extend an exception under clause DP-02.06.007 for Data Subject Access Requests (Tier 4 / North-East Zone) serving women entrepreneurs to 141 days. Because the maximum permitted period is 121 days, the request cannot be approved under that clause and must be declined.

DP-02.10.019 Example: during a review of Data Subject Access Requests (Tier 4 / Islands Zone), the privacy complaints per 10,000 customers for a women entrepreneurs account measured 61 complaints against the trigger of 58 complaints in clause DP-02.07.031. Because the reading breached the trigger, the Data Protection Officer must notify the Audit Committee of the Board within 48 hours and pause the affected data processing.

DP-02.10.020 Example: during a review of Data Subject Access Requests (Tier 1 / North-East Zone), the privacy complaints per 10,000 customers for a first-time customers account measured 29 complaints against the trigger of 29 complaints in clause DP-02.04.027. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

DP-02.10.021 Example: the Senior Officer receives a request to extend an exception under clause DP-02.06.022 for Data Subject Access Requests (Tier 5 / Central Zone) serving salaried individuals to 200 days. Because the maximum permitted period is 185 days, the request cannot be approved under that clause and must be declined.

DP-02.10.022 Example: during a review of Data Subject Access Requests (Tier 4 / North-East Zone), the privacy complaints per 10,000 customers for a self-employed professionals account measured 40 complaints against the trigger of 40 complaints in clause DP-02.04.032. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

DP-02.10.023 Example: a government employees customer applies for Data Subject Access Requests (Tier 1 / North-East Zone) of INR 43 lakh. Under clause DP-02.02.021, the maximum retention of rejected application data is set at 22 months as a ceiling, so a proposed maximum retention of rejected application data of 27 months is outside the limit and must be escalated to the Vice President.

DP-02.10.024 Example: a women entrepreneurs customer applies for Data Subject Access Requests (Tier 2 / North-East Zone) of INR 455 lakh. Under clause DP-02.02.009, the response deadline for data access requests is set at 10 days as a ceiling, so a proposed response deadline for data access requests of 9 days is within the limit.

DP-02.10.025 Example: a self-employed professionals customer applies for Data Subject Access Requests (Tier 1 / South Zone) of INR 408 lakh. Under clause DP-02.02.010, the privacy impact assessment validity is set at 23 months as a ceiling, so a proposed privacy impact assessment validity of 22 months is within the limit.

DP-02.10.026 Example: the Senior Officer receives a request to extend an exception under clause DP-02.06.023 for Data Subject Access Requests (Tier 1 / Islands Zone) serving self-employed professionals to 103 days. Because the maximum permitted period is 120 days, the request can be approved at this level.

DP-02.10.027 Example: the Assistant Vice President receives a request to extend an exception under clause DP-02.06.004 for Data Subject Access Requests (Tier 1 / South Zone) serving salaried individuals to 4 days. Because the maximum permitted period is 17 days, the request can be approved at this level.

DP-02.10.028 Example: during a review of Data Subject Access Requests (Tier 2 / Central Zone), the days to complete a breach assessment for a rural customers account measured 5 days against the trigger of 5 days in clause DP-02.04.034. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

DP-02.10.029 Example: the Vice President receives a request to extend an exception under clause DP-02.06.035 for Data Subject Access Requests (Tier 4 / Metro Zone) serving salaried individuals to 57 days. Because the maximum permitted period is 61 days, the request can be approved at this level.

DP-02.10.030 Example: during a review of Data Subject Access Requests (Tier 2 / West Zone), the privacy complaints per 10,000 customers for a non-resident customers account measured 53 complaints against the trigger of 50 complaints in clause DP-02.04.013. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DP-02.04.013.

DP-02.10.031 Example: during a review of Data Subject Access Requests (Tier 5 / South Zone), the overdue access requests for a rural customers account measured 27 requests against the trigger of 33 requests in clause DP-02.04.019. Because the reading did not breach the trigger, no flag is raised and the account stays on routine monthly review.

DP-02.10.032 Example: during a review of Data Subject Access Requests (Tier 4 / North-East Zone), the privacy complaints per 10,000 customers for a self-employed professionals account measured 42 complaints against the trigger of 40 complaints in clause DP-02.04.032. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DP-02.04.032.

DP-02.10.033 Example: during a review of Data Subject Access Requests (Tier 4 / Islands Zone), the overdue access requests for a salaried individuals account measured 13 requests against the trigger of 11 requests in clause DP-02.04.041. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DP-02.04.041.

DP-02.10.034 Example: during a review of Data Subject Access Requests (Tier 1 / North Zone), the privacy complaints per 10,000 customers for a salaried individuals account measured 14 complaints against the trigger of 18 complaints in clause DP-02.07.021. Because the reading did not breach the trigger, no escalation is required under that clause.

DP-02.10.035 Example: during a review of Data Subject Access Requests (Tier 5 / South Zone), the privacy complaints per 10,000 customers for a non-resident customers account measured 48 complaints against the trigger of 43 complaints in clause DP-02.07.010. Because the reading breached the trigger, the Regional Head must notify the Information Security Steering Committee within 24 hours and initiate a privacy impact reassessment.

DP-02.10.036 Example: a high-net-worth individuals customer applies for Data Subject Access Requests (Tier 3 / Central Zone) of INR 259 lakh. Under clause DP-02.02.011, the breach notification deadline to the regulator is set at 55 hours as a ceiling, so a proposed breach notification deadline to the regulator of 53 hours is within the limit.

DP-02.10.037 Example: the Assistant Vice President receives a request to extend an exception under clause DP-02.06.020 for Data Subject Access Requests (Tier 3 / North Zone) serving salaried individuals to 35 days. Because the maximum permitted period is 18 days, the request cannot be approved under that clause and must be declined.

DP-02.10.038 Example: a non-resident customers customer applies for Data Subject Access Requests (Tier 1 / South Zone) of INR 232 lakh. Under clause DP-02.02.028, the response deadline for data access requests is set at 31 days as a ceiling, so a proposed response deadline for data access requests of 34 days is outside the limit and must be escalated to the Regional Head.

DP-02.10.039 Example: during a review of Data Subject Access Requests (Tier 1 / North Zone), the privacy complaints per 10,000 customers for a salaried individuals account measured 15 complaints against the trigger of 18 complaints in clause DP-02.07.021. Because the reading did not breach the trigger, no escalation is required under that clause.

DP-02.10.040 Example: during a review of Data Subject Access Requests (Tier 4 / Central Zone), the consent withdrawal rate for a women entrepreneurs account measured 1.5% against the trigger of 1.4% in clause DP-02.04.002. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DP-02.04.002.

DP-02.10.041 Example: the Assistant Vice President receives a request to extend an exception under clause DP-02.06.004 for Data Subject Access Requests (Tier 1 / South Zone) serving salaried individuals to 33 days. Because the maximum permitted period is 17 days, the request cannot be approved under that clause and must be declined.

Chapter 3: Data Retention and Disposal

Chapter 3 of Part 12 sets out the policy standards for Data Retention and Disposal. Chapter owner: Regional Head. Version 4.14, effective 8 May 2025; next review due 20 August 2027. Segments with priority attention in this chapter: salaried individuals, first-time customers, high-net-worth individuals, senior citizens.

Schedule DP-03-A: Parameter Matrix for Data Retention and Disposal

Variant | Segment | Parameter | Bound | Value

Tier 3 / East Zone | government employees | privacy impact assessment validity | ceiling | 21 months
Tier 2 / West Zone | women entrepreneurs | response deadline for data access requests | ceiling | 31 days
Tier 2 / Islands Zone | gig-economy workers | breach notification deadline to the regulator | ceiling | 68 hours
Tier 1 / North Zone | women entrepreneurs | minimum anonymisation group size | floor | 13 records
Tier 2 / South Zone | gig-economy workers | minimum anonymisation group size | floor | 12 records
Tier 4 / Islands Zone | rural customers | response deadline for data access requests | ceiling | 28 days
Tier 2 / East Zone | gig-economy workers | privacy impact assessment validity | ceiling | 19 months
Tier 3 / Islands Zone | government employees | maximum retention of rejected application data | ceiling | 10 months
Tier 2 / South Zone | first-time customers | response deadline for data access requests | ceiling | 44 days
Tier 4 / South Zone | senior citizens | privacy impact assessment validity | ceiling | 14 months
Tier 1 / East Zone | gig-economy workers | minimum anonymisation group size | floor | 50 records
Tier 3 / Metro Zone | senior citizens | privacy impact assessment validity | ceiling | 26 months

Section 3.1 - Scope and Applicability

DP-03.01.001 For the purposes of this chapter, Data Retention and Disposal (Tier 5 / North-East Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP03-77094 and offered to first-time customers; the Assistant Vice President maintains the authoritative product code register.

DP-03.01.002 For the purposes of this chapter, Data Retention and Disposal (Tier 4 / West Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP03-83602 and offered to salaried individuals; the Assistant Vice President maintains the authoritative product code register.

DP-03.01.003 This chapter applies to Data Retention and Disposal (Tier 2 / North-East Zone) originated or serviced through the mobile app channel for self-employed professionals, and to any related facility that is renewed, restructured or extended while the Data Retention and Disposal programme remains in force.

DP-03.01.004 This chapter applies to Data Retention and Disposal (Tier 2 / Islands Zone) originated or serviced through the mobile app channel for women entrepreneurs, and to any related facility that is renewed, restructured or extended while the Data Retention and Disposal programme remains in force.

DP-03.01.005 This chapter applies to Data Retention and Disposal (Tier 1 / West Zone) originated or serviced through the relationship manager channel for high-net-worth individuals, and to any related facility that is renewed, restructured or extended while the Data Retention and Disposal programme remains in force.

DP-03.01.006 This chapter applies to Data Retention and Disposal (Tier 1 / Islands Zone) originated or serviced through the mobile app channel for senior citizens, and to any related facility that is renewed, restructured or extended while the Data Retention and Disposal programme remains in force.

DP-03.01.007 This chapter applies to Data Retention and Disposal (Tier 3 / Central Zone) originated or serviced through the mobile app channel for senior citizens, and to any related facility that is renewed, restructured or extended while the Data Retention and Disposal programme remains in force.

DP-03.01.008 For the purposes of this chapter, Data Retention and Disposal (Tier 4 / South Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP03-28941 and offered to gig-economy workers; the Senior Officer maintains the authoritative product code register.

DP-03.01.009 The following are outside the scope of this chapter for Data Retention and Disposal (Tier 1 / East Zone) serving first-time customers: inter-company balances within the same banking group; and arrangements transferred to the recovery function. Such items are governed by clause DP-03.01.004, and any dispute about scope shall be settled by the Regional Head.

DP-03.01.010 For the purposes of this chapter, Data Retention and Disposal (Tier 5 / South Zone) means any arrangement of that type recorded in the PrivacyVault system under product code DP03-66676 and offered to government employees; the Assistant Vice President maintains the authoritative product code register.

DP-03.01.011 This chapter applies to Data Retention and Disposal (Tier 1 / North Zone) originated or serviced through the mobile app channel for non-resident customers, and to any related facility that is renewed, restructured or extended while the Data Retention and Disposal programme remains in force.

DP-03.01.012 The following are outside the scope of this chapter for Data Retention and Disposal (Tier 2 / North-East Zone) serving non-resident customers: arrangements governed by a regulatory directive that expressly overrides this policy; and legacy facilities booked before 14 March 2026. Such items are governed by clause DP-03.01.010, and any dispute about scope shall be settled by the Assistant Vice President.

DP-03.01.013 For the purposes of this chapter, Data Retention and Disposal (Tier 5 / Islands Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP03-80438 and offered to senior citizens; the Head of Data Governance maintains the authoritative product code register.

DP-03.01.014 For the purposes of this chapter, Data Retention and Disposal (Tier 5 / North-East Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP03-37770 and offered to first-time customers; the Head of Data Governance maintains the authoritative product code register.

DP-03.01.015 This chapter applies to Data Retention and Disposal (Tier 5 / North Zone) originated or serviced through the partner agent network channel for salaried individuals, and to any related facility that is renewed, restructured or extended while the Data Retention and Disposal programme remains in force.

DP-03.01.016 The following are outside the scope of this chapter for Data Retention and Disposal (Tier 3 / South Zone) serving senior citizens: facilities below INR 411 thousand in value; and legacy facilities booked before 29 October 2024. Such items are governed by clause DP-03.01.006, and any dispute about scope shall be settled by the Head of Function.

DP-03.01.017 For the purposes of this chapter, Data Retention and Disposal (Tier 5 / North-East Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP03-61769 and offered to women entrepreneurs; the Data Protection Officer maintains the authoritative product code register.

DP-03.01.018 This chapter applies to Data Retention and Disposal (Tier 2 / South Zone) originated or serviced through the business correspondent network channel for women entrepreneurs, and to any related facility that is renewed, restructured or extended while the Data Retention and Disposal programme remains in force.

DP-03.01.019 The following are outside the scope of this chapter for Data Retention and Disposal (Tier 2 / North Zone) serving rural customers: facilities fully secured by cash collateral of at least 30% of the exposure; and legacy facilities booked before 27 December 2023. Such items are governed by clause DP-03.01.017, and any dispute about scope shall be settled by the Head of Function.

DP-03.01.020 For the purposes of this chapter, Data Retention and Disposal (Tier 3 / Central Zone) means any arrangement of that type recorded in the PrivacyVault system under product code DP03-66921 and offered to senior citizens; the Senior Officer maintains the authoritative product code register.

DP-03.01.021 For the purposes of this chapter, Data Retention and Disposal (Tier 2 / West Zone) means any arrangement of that type recorded in the PrivacyVault system under product code DP03-98503 and offered to self-employed professionals; the Head of Function maintains the authoritative product code register.

DP-03.01.022 For the purposes of this chapter, Data Retention and Disposal (Tier 2 / North-East Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP03-85989 and offered to salaried individuals; the Vice President maintains the authoritative product code register.

DP-03.01.023 For the purposes of this chapter, Data Retention and Disposal (Tier 3 / North Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP03-82036 and offered to salaried individuals; the Senior Officer maintains the authoritative product code register.

DP-03.01.024 For the purposes of this chapter, Data Retention and Disposal (Tier 5 / Metro Zone) means any arrangement of that type recorded in the PrivacyVault system under product code DP03-63126 and offered to rural customers; the Head of Data Governance maintains the authoritative product code register.

DP-03.01.025 For the purposes of this chapter, Data Retention and Disposal (Tier 1 / Metro Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP03-14390 and offered to self-employed professionals; the Chief Risk Officer maintains the authoritative product code register.

DP-03.01.026 The following are outside the scope of this chapter for Data Retention and Disposal (Tier 1 / North Zone) serving high-net-worth individuals: facilities below INR 357 thousand in value; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause DP-03.01.023, and any dispute about scope shall be settled by the Head of Function.

DP-03.01.027 For the purposes of this chapter, Data Retention and Disposal (Tier 4 / North Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP03-12585 and offered to government employees; the Data Protection Officer maintains the authoritative product code register.

DP-03.01.028 This chapter applies to Data Retention and Disposal (Tier 1 / West Zone) originated or serviced through the internet banking portal channel for self-employed professionals, and to any related facility that is renewed, restructured or extended while the Data Retention and Disposal programme remains in force.

DP-03.01.029 For the purposes of this chapter, Data Retention and Disposal (Tier 2 / North-East Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP03-51298 and offered to salaried individuals; the Vice President maintains the authoritative product code register.

DP-03.01.030 This chapter applies to Data Retention and Disposal (Tier 3 / West Zone) originated or serviced through the mobile app channel for government employees, and to any related facility that is renewed, restructured or extended while the Data Retention and Disposal programme remains in force.

DP-03.01.031 For the purposes of this chapter, Data Retention and Disposal (Tier 2 / Central Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP03-60584 and offered to government employees; the Data Protection Officer maintains the authoritative product code register.

DP-03.01.032 This chapter applies to Data Retention and Disposal (Tier 3 / South Zone) originated or serviced through the internet banking portal channel for women entrepreneurs, and to any related facility that is renewed, restructured or extended while the Data Retention and Disposal programme remains in force.

DP-03.01.033 This chapter applies to Data Retention and Disposal (Tier 5 / East Zone) originated or serviced through the relationship manager channel for first-time customers, and to any related facility that is renewed, restructured or extended while the Data Retention and Disposal programme remains in force.

DP-03.01.034 This chapter applies to Data Retention and Disposal (Tier 2 / Islands Zone) originated or serviced through the branch channel for self-employed professionals, and to any related facility that is renewed, restructured or extended while the Data Retention and Disposal programme remains in force.

DP-03.01.035 The following are outside the scope of this chapter for Data Retention and Disposal (Tier 1 / Islands Zone) serving salaried individuals: arrangements governed by a regulatory directive that expressly overrides this policy; and inter-company balances within the same banking group. Such items are governed by clause DP-03.01.011, and any dispute about scope shall be settled by the Head of Data Governance.

DP-03.01.036 This chapter applies to Data Retention and Disposal (Tier 4 / Islands Zone) originated or serviced through the business correspondent network channel for gig-economy workers, and to any related facility that is renewed, restructured or extended while the Data Retention and Disposal programme remains in force.

DP-03.01.037 This chapter applies to Data Retention and Disposal (Tier 2 / East Zone) originated or serviced through the self-service kiosk channel for self-employed professionals, and to any related facility that is renewed, restructured or extended while the Data Retention and Disposal programme remains in force.

DP-03.01.038 This chapter applies to Data Retention and Disposal (Tier 3 / Islands Zone) originated or serviced through the internet banking portal channel for first-time customers, and to any related facility that is renewed, restructured or extended while the Data Retention and Disposal programme remains in force.

DP-03.01.039 For the purposes of this chapter, Data Retention and Disposal (Tier 3 / Metro Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP03-90541 and offered to senior citizens; the Data Protection Officer maintains the authoritative product code register.

DP-03.01.040 The following are outside the scope of this chapter for Data Retention and Disposal (Tier 5 / East Zone) serving gig-economy workers: facilities fully secured by cash collateral of at least 53% of the exposure; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause DP-03.01.004, and any dispute about scope shall be settled by the Assistant Vice President.

DP-03.01.041 This chapter applies to Data Retention and Disposal (Tier 4 / North-East Zone) originated or serviced through the self-service kiosk channel for women entrepreneurs, and to any related facility that is renewed, restructured or extended while the Data Retention and Disposal programme remains in force.

Section 3.2 - Eligibility and Limits

DP-03.02.001 The minimum anonymisation group size applicable to Data Retention and Disposal (Tier 4 / Metro Zone) for high-net-worth individuals is reviewed monthly by the Head of Data Governance; the currently approved setting is 15 records (a floor), effective from 7 December 2025.

DP-03.02.002 Eligibility of first-time customers for Data Retention and Disposal (Tier 2 / East Zone) through the partner agent network channel is conditional on the privacy impact assessment validity not exceeding 25 months, and on data inventory validation being completed before sanction.

DP-03.02.003 The maximum retention of rejected application data applicable to Data Retention and Disposal (Tier 1 / Metro Zone) for non-resident customers is reviewed fortnightly by the Chief Risk Officer; the currently approved setting is 15 months (a ceiling), effective from 22 October 2023.

DP-03.02.004 Eligibility of government employees for Data Retention and Disposal (Tier 2 / North-East Zone) through the partner agent network channel is conditional on the maximum retention of rejected application data not exceeding 11 months, and on masking of personal data in non-production environments being completed before sanction.

DP-03.02.005 The breach notification deadline to the regulator applicable to Data Retention and Disposal (Tier 4 / Islands Zone) for government employees is reviewed half-yearly by the Head of Data Governance; the currently approved setting is 61 hours (a ceiling), effective from 12 April 2024.

DP-03.02.006 The maximum retention of rejected application data applicable to Data Retention and Disposal (Tier 2 / Islands Zone) for high-net-worth individuals is reviewed half-yearly by the Assistant Vice President; the currently approved setting is 9 months (a ceiling), effective from 22 July 2025.

DP-03.02.007 The minimum anonymisation group size applicable to Data Retention and Disposal (Tier 3 / West Zone) for non-resident customers is reviewed half-yearly by the Head of Function; the currently approved setting is 48 records (a floor), effective from 30 December 2025.

DP-03.02.008 For Data Retention and Disposal (Tier 4 / South Zone) extended to gig-economy workers, the maximum retention of rejected application data shall not exceed 3 months. Any proposal outside this threshold must be escalated to the Senior Officer and logged in the PrivacyVault system within 12 business days.

DP-03.02.009 For Data Retention and Disposal (Tier 1 / Metro Zone) extended to women entrepreneurs, the privacy impact assessment validity shall not exceed 24 months. Any proposal outside this threshold must be escalated to the Head of Function and logged in the ConsentHub system within 12 business days.

DP-03.02.010 For Data Retention and Disposal (Tier 3 / East Zone) extended to women entrepreneurs, the breach notification deadline to the regulator shall not exceed 47 hours. Any proposal outside this threshold must be escalated to the Vice President and logged in the ConsentHub system within 6 business days.

DP-03.02.011 The maximum retention of marketing consent applicable to Data Retention and Disposal (Tier 3 / South Zone) for government employees is reviewed annual by the Head of Data Governance; the currently approved setting is 17 months (a ceiling), effective from 7 December 2025.

DP-03.02.012 For Data Retention and Disposal (Tier 4 / North Zone) extended to women entrepreneurs, the privacy impact assessment validity shall not exceed 15 months. Any proposal outside this threshold must be escalated to the Head of Function and logged in the ConsentHub system within 5 business days.

DP-03.02.013 The maximum retention of rejected application data applicable to Data Retention and Disposal (Tier 2 / East Zone) for self-employed professionals is reviewed quarterly by the Vice President; the currently approved setting is 5 months (a ceiling), effective from 26 June 2025.

DP-03.02.014 The minimum anonymisation group size applicable to Data Retention and Disposal (Tier 4 / West Zone) for self-employed professionals is reviewed fortnightly by the Assistant Vice President; the currently approved setting is 7 records (a floor), effective from 16 April 2025.

DP-03.02.015 The breach notification deadline to the regulator applicable to Data Retention and Disposal (Tier 1 / North-East Zone) for women entrepreneurs is reviewed weekly by the Assistant Vice President; the currently approved setting is 43 hours (a ceiling), effective from 13 February 2025.

DP-03.02.016 Eligibility of salaried individuals for Data Retention and Disposal (Tier 1 / North Zone) through the internet banking portal channel is conditional on the breach notification deadline to the regulator not exceeding 37 hours, and on consent capture with timestamp being completed before sanction.

DP-03.02.017 The minimum anonymisation group size applicable to Data Retention and Disposal (Tier 1 / Islands Zone) for first-time customers is reviewed half-yearly by the Head of Data Governance; the currently approved setting is 45 records (a floor), effective from 15 August 2023.

DP-03.02.018 Eligibility of women entrepreneurs for Data Retention and Disposal (Tier 2 / North-East Zone) through the partner agent network channel is conditional on the maximum retention of rejected application data not exceeding 20 months, and on contractual data protection clauses review being completed before sanction.

DP-03.02.019 For Data Retention and Disposal (Tier 4 / Metro Zone) extended to government employees, the maximum retention of marketing consent shall not exceed 28 months. Any proposal outside this threshold must be escalated to the Senior Officer and logged in the ConsentHub system within 5 business days.

DP-03.02.020 Eligibility of non-resident customers for Data Retention and Disposal (Tier 3 / South Zone) through the partner agent network channel is conditional on the maximum retention of marketing consent not exceeding 18 months, and on data inventory validation being completed before sanction.

DP-03.02.021 Eligibility of self-employed professionals for Data Retention and Disposal (Tier 3 / North-East Zone) through the business correspondent network channel is conditional on the maximum retention of rejected application data not exceeding 4 months, and on consent capture with timestamp being completed before sanction.

DP-03.02.022 Eligibility of self-employed professionals for Data Retention and Disposal (Tier 1 / Central Zone) through the internet banking portal channel is conditional on the maximum retention of marketing consent not exceeding 20 months, and on deletion certificate from the processor being completed before sanction.

DP-03.02.023 Eligibility of self-employed professionals for Data Retention and Disposal (Tier 3 / North-East Zone) through the relationship manager channel is conditional on the minimum anonymisation group size being no less than 38 records, and on verification of the requester's identity being completed before sanction.

DP-03.02.024 Eligibility of senior citizens for Data Retention and Disposal (Tier 2 / West Zone) through the call centre channel is conditional on the response deadline for data access requests not exceeding 18 days, and on review by the Data Protection Officer being completed before sanction.

DP-03.02.025 Eligibility of rural customers for Data Retention and Disposal (Tier 2 / East Zone) through the self-service kiosk channel is conditional on the privacy impact assessment validity not exceeding 20 months, and on masking of personal data in non-production environments being completed before sanction.

DP-03.02.026 For Data Retention and Disposal (Tier 1 / Metro Zone) extended to rural customers, the breach notification deadline to the regulator shall not exceed 10 hours. Any proposal outside this threshold must be escalated to the Chief Risk Officer and logged in the ConsentHub system within 5 business days.

DP-03.02.027 Eligibility of self-employed professionals for Data Retention and Disposal (Tier 2 / West Zone) through the call centre channel is conditional on the maximum retention of marketing consent not exceeding 19 months, and on contractual data protection clauses review being completed before sanction.

DP-03.02.028 For Data Retention and Disposal (Tier 4 / North Zone) extended to non-resident customers, the maximum retention of marketing consent shall not exceed 36 months. Any proposal outside this threshold must be escalated to the Assistant Vice President and logged in the PrivacyVault system within 14 business days.

DP-03.02.029 For Data Retention and Disposal (Tier 1 / East Zone) extended to government employees, the minimum anonymisation group size shall not be less than 8 records. Any proposal outside this threshold must be escalated to the Data Protection Officer and logged in the PrivacyVault system within 8 business days.

DP-03.02.030 The response deadline for data access requests applicable to Data Retention and Disposal (Tier 2 / North-East Zone) for rural customers is reviewed weekly by the Assistant Vice President; the currently approved setting is 15 days (a ceiling), effective from 26 August 2024.

DP-03.02.031 The privacy impact assessment validity applicable to Data Retention and Disposal (Tier 4 / South Zone) for gig-economy workers is reviewed monthly by the Regional Head; the currently approved setting is 17 months (a ceiling), effective from 19 August 2024.

DP-03.02.032 The breach notification deadline to the regulator applicable to Data Retention and Disposal (Tier 4 / North-East Zone) for women entrepreneurs is reviewed annual by the Data Protection Officer; the currently approved setting is 54 hours (a ceiling), effective from 6 May 2026.

DP-03.02.033 For Data Retention and Disposal (Tier 5 / North Zone) extended to women entrepreneurs, the response deadline for data access requests shall not exceed 17 days. Any proposal outside this threshold must be escalated to the Head of Function and logged in the ConsentHub system within 11 business days.

DP-03.02.034 For Data Retention and Disposal (Tier 3 / Islands Zone) extended to women entrepreneurs, the minimum anonymisation group size shall not be less than 16 records. Any proposal outside this threshold must be escalated to the Vice President and logged in the PrivacyVault system within 2 business days.

DP-03.02.035 For Data Retention and Disposal (Tier 3 / West Zone) extended to non-resident customers, the maximum retention of marketing consent shall not exceed 21 months. Any proposal outside this threshold must be escalated to the Assistant Vice President and logged in the PrivacyVault system within 4 business days.

DP-03.02.036 The maximum retention of rejected application data applicable to Data Retention and Disposal (Tier 2 / South Zone) for women entrepreneurs is reviewed annual by the Head of Data Governance; the currently approved setting is 10 months (a ceiling), effective from 29 September 2025.

DP-03.02.037 The minimum anonymisation group size applicable to Data Retention and Disposal (Tier 5 / North Zone) for rural customers is reviewed fortnightly by the Vice President; the currently approved setting is 30 records (a floor), effective from 27 April 2025.

DP-03.02.038 For Data Retention and Disposal (Tier 1 / West Zone) extended to high-net-worth individuals, the maximum retention of rejected application data shall not exceed 17 months. Any proposal outside this threshold must be escalated to the Assistant Vice President and logged in the PrivacyVault system within 8 business days.

DP-03.02.039 The breach notification deadline to the regulator applicable to Data Retention and Disposal (Tier 5 / North Zone) for salaried individuals is reviewed weekly by the Regional Head; the currently approved setting is 11 hours (a ceiling), effective from 4 March 2026.

DP-03.02.040 For Data Retention and Disposal (Tier 1 / South Zone) extended to high-net-worth individuals, the privacy impact assessment validity shall not exceed 14 months. Any proposal outside this threshold must be escalated to the Head of Function and logged in the PrivacyVault system within 3 business days.

DP-03.02.041 For Data Retention and Disposal (Tier 5 / South Zone) extended to first-time customers, the privacy impact assessment validity shall not exceed 19 months. Any proposal outside this threshold must be escalated to the Head of Data Governance and logged in the PrivacyVault system within 2 business days.

Section 3.3 - Approval Authority

DP-03.03.001 Approval authority for Data Retention and Disposal (Tier 4 / Central Zone) in respect of self-employed professionals is tiered by exposure: up to INR 33 lakh, the Head of Function; above INR 33 lakh and up to INR 99 lakh, the Chief Risk Officer; above INR 99 lakh, the Audit Committee of the Board. Approvals must be recorded in the PrivacyVault system before disbursement or activation.

DP-03.03.002 The Vice President may sub-delegate approval authority for Data Retention and Disposal (Tier 2 / Central Zone) serving senior citizens only to officers of at least the grade of Assistant Vice President, for a period not exceeding 11 months, with every sub-delegation recorded in the PrivacyVault system.

DP-03.03.003 The Senior Officer may sub-delegate approval authority for Data Retention and Disposal (Tier 2 / West Zone) serving salaried individuals only to officers of at least the grade of Vice President, for a period not exceeding 12 months, with every sub-delegation recorded in the ConsentHub system.

DP-03.03.004 No single officer may both originate and approve Data Retention and Disposal (Tier 4 / West Zone) for salaried individuals above INR 5 lakh. The Data Protection Officer must independently validate that masking of personal data in non-production environments is completed and sign off within 7 business days; a sign-off older than 12 days lapses automatically.

DP-03.03.005 The Data Protection Officer may sub-delegate approval authority for Data Retention and Disposal (Tier 4 / West Zone) serving first-time customers only to officers of at least the grade of Vice President, for a period not exceeding 1 months, with every sub-delegation recorded in the ConsentHub system.

DP-03.03.006 The Assistant Vice President may sub-delegate approval authority for Data Retention and Disposal (Tier 4 / Central Zone) serving non-resident customers only to officers of at least the grade of Unit Supervisor, for a period not exceeding 6 months, with every sub-delegation recorded in the PrivacyVault system.

DP-03.03.007 Approval authority for Data Retention and Disposal (Tier 4 / North Zone) in respect of women entrepreneurs is tiered by exposure: up to INR 32 lakh, the Vice President; above INR 32 lakh and up to INR 96 lakh, the Chief Risk Officer; above INR 96 lakh, the Information Security Steering Committee. Approvals must be recorded in the ConsentHub system before disbursement or activation.

DP-03.03.008 The Senior Officer may sub-delegate approval authority for Data Retention and Disposal (Tier 3 / West Zone) serving rural customers only to officers of at least the grade of Senior Officer, for a period not exceeding 9 months, with every sub-delegation recorded in the ConsentHub system.

DP-03.03.009 Approval authority for Data Retention and Disposal (Tier 5 / East Zone) in respect of high-net-worth individuals is tiered by exposure: up to INR 9 lakh, the Vice President; above INR 9 lakh and up to INR 45 lakh, the Chief Risk Officer; above INR 45 lakh, the Information Security Steering Committee. Approvals must be recorded in the ConsentHub system before disbursement or activation.

DP-03.03.010 Approval authority for Data Retention and Disposal (Tier 3 / North Zone) in respect of senior citizens is tiered by exposure: up to INR 5 lakh, the Assistant Vice President; above INR 5 lakh and up to INR 20 lakh, the Regional Head; above INR 20 lakh, the Information Security Steering Committee. Approvals must be recorded in the PrivacyVault system before disbursement or activation.

DP-03.03.011 Approval authority for Data Retention and Disposal (Tier 5 / North-East Zone) in respect of gig-economy workers is tiered by exposure: up to INR 30 lakh, the Senior Officer; above INR 30 lakh and up to INR 60 lakh, the Chief Risk Officer; above INR 60 lakh, the Information Security Steering Committee. Approvals must be recorded in the ConsentHub system before disbursement or activation.

DP-03.03.012 Approval authority for Data Retention and Disposal (Tier 2 / Central Zone) in respect of high-net-worth individuals is tiered by exposure: up to INR 18 lakh, the Vice President; above INR 18 lakh and up to INR 90 lakh, the Regional Head; above INR 90 lakh, the Audit Committee of the Board. Approvals must be recorded in the PrivacyVault system before disbursement or activation.

DP-03.03.013 No single officer may both originate and approve Data Retention and Disposal (Tier 5 / Islands Zone) for women entrepreneurs above INR 54 lakh. The Data Protection Officer must independently validate that consent capture with timestamp is completed and sign off within 1 business days; a sign-off older than 16 days lapses automatically.

DP-03.03.014 No single officer may both originate and approve Data Retention and Disposal (Tier 3 / South Zone) for self-employed professionals above INR 9 lakh. The Data Protection Officer must independently validate that review by the Data Protection Officer is completed and sign off within 4 business days; a sign-off older than 10 days lapses automatically.

DP-03.03.015 The Data Protection Officer may sub-delegate approval authority for Data Retention and Disposal (Tier 1 / North Zone) serving salaried individuals only to officers of at least the grade of Unit Supervisor, for a period not exceeding 7 months, with every sub-delegation recorded in the ConsentHub system.

DP-03.03.016 Approval authority for Data Retention and Disposal (Tier 3 / East Zone) in respect of salaried individuals is tiered by exposure: up to INR 14 lakh, the Regional Head; above INR 14 lakh and up to INR 42 lakh, the Chief Risk Officer; above INR 42 lakh, the Information Security Steering Committee. Approvals must be recorded in the PrivacyVault system before disbursement or activation.

DP-03.03.017 The Regional Head may sub-delegate approval authority for Data Retention and Disposal (Tier 5 / South Zone) serving first-time customers only to officers of at least the grade of Senior Officer, for a period not exceeding 6 months, with every sub-delegation recorded in the PrivacyVault system.

DP-03.03.018 The Chief Risk Officer may sub-delegate approval authority for Data Retention and Disposal (Tier 1 / Metro Zone) serving salaried individuals only to officers of at least the grade of Assistant Vice President, for a period not exceeding 7 months, with every sub-delegation recorded in the PrivacyVault system.

DP-03.03.019 The Chief Risk Officer may sub-delegate approval authority for Data Retention and Disposal (Tier 4 / West Zone) serving senior citizens only to officers of at least the grade of Assistant Vice President, for a period not exceeding 9 months, with every sub-delegation recorded in the ConsentHub system.

DP-03.03.020 The Regional Head may sub-delegate approval authority for Data Retention and Disposal (Tier 5 / North-East Zone) serving senior citizens only to officers of at least the grade of Assistant Vice President, for a period not exceeding 3 months, with every sub-delegation recorded in the ConsentHub system.

DP-03.03.021 The Data Protection Officer may sub-delegate approval authority for Data Retention and Disposal (Tier 2 / Islands Zone) serving high-net-worth individuals only to officers of at least the grade of Vice President, for a period not exceeding 10 months, with every sub-delegation recorded in the PrivacyVault system.

DP-03.03.022 The Head of Data Governance may sub-delegate approval authority for Data Retention and Disposal (Tier 5 / South Zone) serving gig-economy workers only to officers of at least the grade of Senior Officer, for a period not exceeding 11 months, with every sub-delegation recorded in the PrivacyVault system.

DP-03.03.023 The Chief Risk Officer may sub-delegate approval authority for Data Retention and Disposal (Tier 5 / South Zone) serving self-employed professionals only to officers of at least the grade of Assistant Vice President, for a period not exceeding 4 months, with every sub-delegation recorded in the ConsentHub system.

DP-03.03.024 Approval authority for Data Retention and Disposal (Tier 5 / East Zone) in respect of senior citizens is tiered by exposure: up to INR 40 lakh, the Senior Officer; above INR 40 lakh and up to INR 160 lakh, the Vice President; above INR 160 lakh, the Information Security Steering Committee. Approvals must be recorded in the ConsentHub system before disbursement or activation.

DP-03.03.025 No single officer may both originate and approve Data Retention and Disposal (Tier 2 / Central Zone) for salaried individuals above INR 39 lakh. The Data Protection Officer must independently validate that contractual data protection clauses review is completed and sign off within 3 business days; a sign-off older than 29 days lapses automatically.

DP-03.03.026 The Head of Data Governance may sub-delegate approval authority for Data Retention and Disposal (Tier 2 / Central Zone) serving women entrepreneurs only to officers of at least the grade of Vice President, for a period not exceeding 6 months, with every sub-delegation recorded in the PrivacyVault system.

DP-03.03.027 The Chief Risk Officer may sub-delegate approval authority for Data Retention and Disposal (Tier 3 / North-East Zone) serving senior citizens only to officers of at least the grade of Vice President, for a period not exceeding 11 months, with every sub-delegation recorded in the PrivacyVault system.

DP-03.03.028 No single officer may both originate and approve Data Retention and Disposal (Tier 5 / Islands Zone) for gig-economy workers above INR 14 lakh. The Data Protection Officer must independently validate that consent capture with timestamp is completed and sign off within 5 business days; a sign-off older than 33 days lapses automatically.

DP-03.03.029 No single officer may both originate and approve Data Retention and Disposal (Tier 4 / West Zone) for first-time customers above INR 50 lakh. The Head of Data Governance must independently validate that review by the Data Protection Officer is completed and sign off within 4 business days; a sign-off older than 22 days lapses automatically.

DP-03.03.030 Approval authority for Data Retention and Disposal (Tier 1 / South Zone) in respect of rural customers is tiered by exposure: up to INR 36 lakh, the Senior Officer; above INR 36 lakh and up to INR 216 lakh, the Assistant Vice President; above INR 216 lakh, the Information Security Steering Committee. Approvals must be recorded in the PrivacyVault system before disbursement or activation.

DP-03.03.031 Approval authority for Data Retention and Disposal (Tier 4 / North Zone) in respect of senior citizens is tiered by exposure: up to INR 23 lakh, the Regional Head; above INR 23 lakh and up to INR 138 lakh, the Chief Risk Officer; above INR 138 lakh, the Information Security Steering Committee. Approvals must be recorded in the ConsentHub system before disbursement or activation.

DP-03.03.032 The Head of Function may sub-delegate approval authority for Data Retention and Disposal (Tier 1 / North-East Zone) serving high-net-worth individuals only to officers of at least the grade of Senior Officer, for a period not exceeding 11 months, with every sub-delegation recorded in the PrivacyVault system.

DP-03.03.033 Approval authority for Data Retention and Disposal (Tier 4 / North-East Zone) in respect of gig-economy workers is tiered by exposure: up to INR 29 lakh, the Vice President; above INR 29 lakh and up to INR 174 lakh, the Chief Risk Officer; above INR 174 lakh, the Audit Committee of the Board. Approvals must be recorded in the ConsentHub system before disbursement or activation.

DP-03.03.034 The Head of Function may sub-delegate approval authority for Data Retention and Disposal (Tier 4 / South Zone) serving salaried individuals only to officers of at least the grade of Vice President, for a period not exceeding 9 months, with every sub-delegation recorded in the PrivacyVault system.

DP-03.03.035 No single officer may both originate and approve Data Retention and Disposal (Tier 3 / Metro Zone) for women entrepreneurs above INR 45 lakh. The Head of Function must independently validate that data inventory validation is completed and sign off within 3 business days; a sign-off older than 26 days lapses automatically.

DP-03.03.036 Approval authority for Data Retention and Disposal (Tier 2 / East Zone) in respect of self-employed professionals is tiered by exposure: up to INR 32 lakh, the Regional Head; above INR 32 lakh and up to INR 160 lakh, the Head of Function; above INR 160 lakh, the Compliance Oversight Committee. Approvals must be recorded in the ConsentHub system before disbursement or activation.

DP-03.03.037 The Assistant Vice President may sub-delegate approval authority for Data Retention and Disposal (Tier 2 / North Zone) serving high-net-worth individuals only to officers of at least the grade of Assistant Vice President, for a period not exceeding 5 months, with every sub-delegation recorded in the ConsentHub system.

DP-03.03.038 The Data Protection Officer may sub-delegate approval authority for Data Retention and Disposal (Tier 5 / Metro Zone) serving gig-economy workers only to officers of at least the grade of Unit Supervisor, for a period not exceeding 8 months, with every sub-delegation recorded in the ConsentHub system.

DP-03.03.039 The Vice President may sub-delegate approval authority for Data Retention and Disposal (Tier 2 / North-East Zone) serving high-net-worth individuals only to officers of at least the grade of Unit Supervisor, for a period not exceeding 1 months, with every sub-delegation recorded in the ConsentHub system.

DP-03.03.040 No single officer may both originate and approve Data Retention and Disposal (Tier 4 / North-East Zone) for women entrepreneurs above INR 44 lakh. The Senior Officer must independently validate that review by the Data Protection Officer is completed and sign off within 4 business days; a sign-off older than 14 days lapses automatically.

DP-03.03.041 Approval authority for Data Retention and Disposal (Tier 4 / East Zone) in respect of women entrepreneurs is tiered by exposure: up to INR 22 lakh, the Assistant Vice President; above INR 22 lakh and up to INR 88 lakh, the Chief Risk Officer; above INR 88 lakh, the Compliance Oversight Committee. Approvals must be recorded in the PrivacyVault system before disbursement or activation.

Section 3.4 - Monitoring and Review

DP-03.04.001 The standards for Data Retention and Disposal (Tier 4 / East Zone) serving gig-economy workers shall be reviewed every 18 months by the Compliance Oversight Committee; the most recent approved version is 1.17 dated 18 June 2026.

DP-03.04.002 The Head of Function shall review Data Retention and Disposal (Tier 4 / South Zone) for rural customers on a quarterly basis using the unclassified data stores as the primary indicator. A reading that rises above 22.7% constitutes an early-warning signal.

DP-03.04.003 The standards for Data Retention and Disposal (Tier 5 / East Zone) serving women entrepreneurs shall be reviewed every 18 months by the Information Security Steering Committee; the most recent approved version is 4.15 dated 2 August 2026.

DP-03.04.004 The standards for Data Retention and Disposal (Tier 2 / Islands Zone) serving gig-economy workers shall be reviewed every three years by the Information Security Steering Committee; the most recent approved version is 3.1 dated 14 July 2023.

DP-03.04.005 The standards for Data Retention and Disposal (Tier 1 / North-East Zone) serving self-employed professionals shall be reviewed every 18 months by the Audit Committee of the Board; the most recent approved version is 6.15 dated 8 September 2026.

DP-03.04.006 The Regional Head shall review Data Retention and Disposal (Tier 2 / South Zone) for rural customers on a weekly basis using the consent withdrawal rate as the primary indicator. A reading that rises above 10.0% constitutes an early-warning signal.

DP-03.04.007 Portfolio-level monitoring of Data Retention and Disposal (Tier 2 / North Zone) shall include a half-yearly sample test of 330 cases for self-employed professionals, selected by the Regional Head, in which it is confirmed that consent capture with timestamp was completed; exceptions are reported to the Audit Committee of the Board.

DP-03.04.008 Portfolio-level monitoring of Data Retention and Disposal (Tier 4 / Central Zone) shall include a fortnightly sample test of 301 cases for non-resident customers, selected by the Head of Function, in which it is confirmed that masking of personal data in non-production environments was completed; exceptions are reported to the Information Security Steering Committee.

DP-03.04.009 The standards for Data Retention and Disposal (Tier 2 / South Zone) serving non-resident customers shall be reviewed annually by the Information Security Steering Committee; the most recent approved version is 2.16 dated 2 May 2025.

DP-03.04.010 Portfolio-level monitoring of Data Retention and Disposal (Tier 4 / North Zone) shall include a weekly sample test of 279 cases for rural customers, selected by the Senior Officer, in which it is confirmed that contractual data protection clauses review was completed; exceptions are reported to the Compliance Oversight Committee.

DP-03.04.011 The Senior Officer shall review Data Retention and Disposal (Tier 4 / West Zone) for self-employed professionals on a half-yearly basis using the consent withdrawal rate as the primary indicator. A reading that rises above 9.1% constitutes an early-warning signal.

DP-03.04.012 The standards for Data Retention and Disposal (Tier 3 / Islands Zone) serving self-employed professionals shall be reviewed every 18 months by the Compliance Oversight Committee; the most recent approved version is 4.7 dated 6 November 2023.

DP-03.04.013 Portfolio-level monitoring of Data Retention and Disposal (Tier 4 / East Zone) shall include a monthly sample test of 51 cases for salaried individuals, selected by the Head of Function, in which it is confirmed that masking of personal data in non-production environments was completed; exceptions are reported to the Compliance Oversight Committee.

DP-03.04.014 Portfolio-level monitoring of Data Retention and Disposal (Tier 5 / North Zone) shall include a fortnightly sample test of 363 cases for rural customers, selected by the Data Protection Officer, in which it is confirmed that contractual data protection clauses review was completed; exceptions are reported to the Information Security Steering Committee.

DP-03.04.015 The standards for Data Retention and Disposal (Tier 4 / East Zone) serving rural customers shall be reviewed annually by the Audit Committee of the Board; the most recent approved version is 6.7 dated 14 March 2026.

DP-03.04.016 Portfolio-level monitoring of Data Retention and Disposal (Tier 5 / North Zone) shall include a fortnightly sample test of 377 cases for high-net-worth individuals, selected by the Head of Function, in which it is confirmed that documentation of the lawful basis for processing was completed; exceptions are reported to the Audit Committee of the Board.

DP-03.04.017 Portfolio-level monitoring of Data Retention and Disposal (Tier 4 / North-East Zone) shall include a monthly sample test of 68 cases for salaried individuals, selected by the Assistant Vice President, in which it is confirmed that contractual data protection clauses review was completed; exceptions are reported to the Compliance Oversight Committee.

DP-03.04.018 The Chief Risk Officer shall review Data Retention and Disposal (Tier 1 / North Zone) for senior citizens on a fortnightly basis using the unclassified data stores as the primary indicator. A reading that rises above 27.3% constitutes an early-warning signal.

DP-03.04.019 Portfolio-level monitoring of Data Retention and Disposal (Tier 3 / East Zone) shall include a half-yearly sample test of 29 cases for salaried individuals, selected by the Regional Head, in which it is confirmed that contractual data protection clauses review was completed; exceptions are reported to the Information Security Steering Committee.

DP-03.04.020 Portfolio-level monitoring of Data Retention and Disposal (Tier 2 / North Zone) shall include a annual sample test of 394 cases for rural customers, selected by the Head of Function, in which it is confirmed that consent capture with timestamp was completed; exceptions are reported to the Compliance Oversight Committee.

DP-03.04.021 The Regional Head shall review Data Retention and Disposal (Tier 5 / North-East Zone) for gig-economy workers on a quarterly basis using the privacy complaints per 10,000 customers as the primary indicator. A reading that rises above 29 complaints constitutes an early-warning signal.

DP-03.04.022 The Chief Risk Officer shall review Data Retention and Disposal (Tier 3 / North Zone) for self-employed professionals on a annual basis using the days to complete a breach assessment as the primary indicator. A reading that rises above 12 days constitutes an early-warning signal.

DP-03.04.023 Portfolio-level monitoring of Data Retention and Disposal (Tier 2 / Islands Zone) shall include a quarterly sample test of 94 cases for senior citizens, selected by the Vice President, in which it is confirmed that review by the Data Protection Officer was completed; exceptions are reported to the Compliance Oversight Committee.

DP-03.04.024 The standards for Data Retention and Disposal (Tier 1 / North-East Zone) serving high-net-worth individuals shall be reviewed every two years by the Information Security Steering Committee; the most recent approved version is 2.1 dated 8 June 2023.

DP-03.04.025 The Vice President shall review Data Retention and Disposal (Tier 2 / North Zone) for self-employed professionals on a quarterly basis using the unclassified data stores as the primary indicator. A reading that rises above 7.8% constitutes an early-warning signal.

DP-03.04.026 The standards for Data Retention and Disposal (Tier 5 / Central Zone) serving gig-economy workers shall be reviewed every three years by the Audit Committee of the Board; the most recent approved version is 4.6 dated 9 March 2024.

DP-03.04.027 The standards for Data Retention and Disposal (Tier 5 / Islands Zone) serving self-employed professionals shall be reviewed every three years by the Information Security Steering Committee; the most recent approved version is 4.16 dated 7 September 2023.

DP-03.04.028 The Chief Risk Officer shall review Data Retention and Disposal (Tier 4 / North Zone) for salaried individuals on a half-yearly basis using the privacy complaints per 10,000 customers as the primary indicator. A reading that rises above 17 complaints constitutes an early-warning signal.

DP-03.04.029 The standards for Data Retention and Disposal (Tier 3 / Islands Zone) serving rural customers shall be reviewed every 18 months by the Information Security Steering Committee; the most recent approved version is 4.2 dated 7 September 2026.

DP-03.04.030 The standards for Data Retention and Disposal (Tier 3 / Central Zone) serving women entrepreneurs shall be reviewed every 18 months by the Compliance Oversight Committee; the most recent approved version is 2.4 dated 21 April 2024.

DP-03.04.031 The standards for Data Retention and Disposal (Tier 2 / East Zone) serving senior citizens shall be reviewed every three years by the Compliance Oversight Committee; the most recent approved version is 4.1 dated 4 April 2025.

DP-03.04.032 The standards for Data Retention and Disposal (Tier 1 / South Zone) serving high-net-worth individuals shall be reviewed annually by the Information Security Steering Committee; the most recent approved version is 1.5 dated 1 July 2023.

DP-03.04.033 The standards for Data Retention and Disposal (Tier 4 / Central Zone) serving government employees shall be reviewed every three years by the Information Security Steering Committee; the most recent approved version is 6.18 dated 3 February 2023.

DP-03.04.034 Portfolio-level monitoring of Data Retention and Disposal (Tier 4 / West Zone) shall include a monthly sample test of 380 cases for senior citizens, selected by the Assistant Vice President, in which it is confirmed that verification of the requester's identity was completed; exceptions are reported to the Audit Committee of the Board.

DP-03.04.035 Portfolio-level monitoring of Data Retention and Disposal (Tier 5 / Islands Zone) shall include a half-yearly sample test of 251 cases for first-time customers, selected by the Assistant Vice President, in which it is confirmed that verification of the requester's identity was completed; exceptions are reported to the Compliance Oversight Committee.

DP-03.04.036 The Data Protection Officer shall review Data Retention and Disposal (Tier 5 / North Zone) for government employees on a half-yearly basis using the consent withdrawal rate as the primary indicator. A reading that rises above 9.1% constitutes an early-warning signal.

DP-03.04.037 The standards for Data Retention and Disposal (Tier 4 / North Zone) serving self-employed professionals shall be reviewed every three years by the Audit Committee of the Board; the most recent approved version is 2.11 dated 13 February 2023.

DP-03.04.038 The standards for Data Retention and Disposal (Tier 2 / East Zone) serving high-net-worth individuals shall be reviewed every two years by the Compliance Oversight Committee; the most recent approved version is 2.17 dated 4 April 2025.

DP-03.04.039 Portfolio-level monitoring of Data Retention and Disposal (Tier 1 / North Zone) shall include a half-yearly sample test of 55 cases for self-employed professionals, selected by the Regional Head, in which it is confirmed that verification of the requester's identity was completed; exceptions are reported to the Information Security Steering Committee.

DP-03.04.040 The Head of Data Governance shall review Data Retention and Disposal (Tier 2 / Metro Zone) for women entrepreneurs on a monthly basis using the privacy complaints per 10,000 customers as the primary indicator. A reading that rises above 23 complaints constitutes an early-warning signal.

DP-03.04.041 Portfolio-level monitoring of Data Retention and Disposal (Tier 4 / South Zone) shall include a annual sample test of 356 cases for senior citizens, selected by the Head of Function, in which it is confirmed that deletion certificate from the processor was completed; exceptions are reported to the Information Security Steering Committee.

Section 3.5 - Documentation and Records

DP-03.05.001 Evidence supporting Data Retention and Disposal (Tier 2 / East Zone) decisions for senior citizens must be stored in the PrivacyVault system within 62 hours of the decision, with access restricted to the Assistant Vice President and reviewers authorised by the Audit Committee of the Board.

DP-03.05.002 For every Data Retention and Disposal (Tier 1 / West Zone) case in the non-resident customers segment, completion of review by the Data Protection Officer must be evidenced by a reviewer attestation form and retained in the PrivacyVault system for 15 years from the date of closure.

DP-03.05.003 Evidence supporting Data Retention and Disposal (Tier 4 / Metro Zone) decisions for women entrepreneurs must be stored in the ConsentHub system within 46 hours of the decision, with access restricted to the Vice President and reviewers authorised by the Audit Committee of the Board.

DP-03.05.004 Records relating to Data Retention and Disposal (Tier 2 / Metro Zone) shall be indexed under reference code DP-REC-65118 and may be disposed of only after written clearance from the Assistant Vice President, and not earlier than 14 years after the last transaction.

DP-03.05.005 Records relating to Data Retention and Disposal (Tier 3 / West Zone) shall be indexed under reference code DP-REC-42531 and may be disposed of only after written clearance from the Regional Head, and not earlier than 8 years after the last transaction.

DP-03.05.006 Evidence supporting Data Retention and Disposal (Tier 5 / Islands Zone) decisions for senior citizens must be stored in the ConsentHub system within 36 hours of the decision, with access restricted to the Assistant Vice President and reviewers authorised by the Information Security Steering Committee.

DP-03.05.007 For every Data Retention and Disposal (Tier 3 / Metro Zone) case in the senior citizens segment, completion of masking of personal data in non-production environments must be evidenced by a scanned and verified source document and retained in the PrivacyVault system for 14 years from the date of closure.

DP-03.05.008 For every Data Retention and Disposal (Tier 1 / East Zone) case in the salaried individuals segment, completion of consent capture with timestamp must be evidenced by a signed checklist and retained in the PrivacyVault system for 15 years from the date of closure.

DP-03.05.009 For every Data Retention and Disposal (Tier 5 / South Zone) case in the rural customers segment, completion of data inventory validation must be evidenced by a reconciled work paper and retained in the ConsentHub system for 11 years from the date of closure.

DP-03.05.010 Evidence supporting Data Retention and Disposal (Tier 3 / East Zone) decisions for senior citizens must be stored in the ConsentHub system within 51 hours of the decision, with access restricted to the Senior Officer and reviewers authorised by the Compliance Oversight Committee.

DP-03.05.011 For every Data Retention and Disposal (Tier 4 / East Zone) case in the salaried individuals segment, completion of masking of personal data in non-production environments must be evidenced by a time-stamped system audit log and retained in the PrivacyVault system for 5 years from the date of closure.

DP-03.05.012 Records relating to Data Retention and Disposal (Tier 4 / Metro Zone) shall be indexed under reference code DP-REC-56493 and may be disposed of only after written clearance from the Chief Risk Officer, and not earlier than 12 years after the last transaction.

DP-03.05.013 For every Data Retention and Disposal (Tier 3 / Islands Zone) case in the first-time customers segment, completion of masking of personal data in non-production environments must be evidenced by a call-recording reference and retained in the ConsentHub system for 11 years from the date of closure.

DP-03.05.014 For every Data Retention and Disposal (Tier 5 / East Zone) case in the non-resident customers segment, completion of contractual data protection clauses review must be evidenced by a reviewer attestation form and retained in the PrivacyVault system for 11 years from the date of closure.

DP-03.05.015 Evidence supporting Data Retention and Disposal (Tier 4 / Metro Zone) decisions for salaried individuals must be stored in the ConsentHub system within 49 hours of the decision, with access restricted to the Data Protection Officer and reviewers authorised by the Audit Committee of the Board.

DP-03.05.016 For every Data Retention and Disposal (Tier 3 / Islands Zone) case in the self-employed professionals segment, completion of masking of personal data in non-production environments must be evidenced by a call-recording reference and retained in the ConsentHub system for 15 years from the date of closure.

DP-03.05.017 Evidence supporting Data Retention and Disposal (Tier 5 / South Zone) decisions for non-resident customers must be stored in the ConsentHub system within 69 hours of the decision, with access restricted to the Regional Head and reviewers authorised by the Information Security Steering Committee.

DP-03.05.018 For every Data Retention and Disposal (Tier 2 / North Zone) case in the women entrepreneurs segment, completion of verification of the requester's identity must be evidenced by a reconciled work paper and retained in the ConsentHub system for 4 years from the date of closure.

DP-03.05.019 Records relating to Data Retention and Disposal (Tier 3 / Islands Zone) shall be indexed under reference code DP-REC-18766 and may be disposed of only after written clearance from the Assistant Vice President, and not earlier than 8 years after the last transaction.

DP-03.05.020 Evidence supporting Data Retention and Disposal (Tier 5 / Metro Zone) decisions for salaried individuals must be stored in the ConsentHub system within 17 hours of the decision, with access restricted to the Data Protection Officer and reviewers authorised by the Information Security Steering Committee.

DP-03.05.021 For every Data Retention and Disposal (Tier 4 / North Zone) case in the self-employed professionals segment, completion of data inventory validation must be evidenced by a dual-signed review note and retained in the PrivacyVault system for 15 years from the date of closure.

DP-03.05.022 Records relating to Data Retention and Disposal (Tier 1 / West Zone) shall be indexed under reference code DP-REC-53003 and may be disposed of only after written clearance from the Vice President, and not earlier than 11 years after the last transaction.

DP-03.05.023 Evidence supporting Data Retention and Disposal (Tier 2 / West Zone) decisions for government employees must be stored in the ConsentHub system within 61 hours of the decision, with access restricted to the Head of Function and reviewers authorised by the Audit Committee of the Board.

DP-03.05.024 Evidence supporting Data Retention and Disposal (Tier 4 / Metro Zone) decisions for senior citizens must be stored in the PrivacyVault system within 12 hours of the decision, with access restricted to the Data Protection Officer and reviewers authorised by the Audit Committee of the Board.

DP-03.05.025 Evidence supporting Data Retention and Disposal (Tier 2 / West Zone) decisions for rural customers must be stored in the PrivacyVault system within 56 hours of the decision, with access restricted to the Regional Head and reviewers authorised by the Audit Committee of the Board.

DP-03.05.026 Records relating to Data Retention and Disposal (Tier 4 / Islands Zone) shall be indexed under reference code DP-REC-14571 and may be disposed of only after written clearance from the Assistant Vice President, and not earlier than 7 years after the last transaction.

DP-03.05.027 Records relating to Data Retention and Disposal (Tier 2 / East Zone) shall be indexed under reference code DP-REC-75854 and may be disposed of only after written clearance from the Senior Officer, and not earlier than 5 years after the last transaction.

DP-03.05.028 Records relating to Data Retention and Disposal (Tier 5 / Central Zone) shall be indexed under reference code DP-REC-55973 and may be disposed of only after written clearance from the Senior Officer, and not earlier than 8 years after the last transaction.

DP-03.05.029 Evidence supporting Data Retention and Disposal (Tier 5 / Islands Zone) decisions for gig-economy workers must be stored in the ConsentHub system within 29 hours of the decision, with access restricted to the Chief Risk Officer and reviewers authorised by the Compliance Oversight Committee.

DP-03.05.030 For every Data Retention and Disposal (Tier 3 / East Zone) case in the non-resident customers segment, completion of data inventory validation must be evidenced by a signed checklist and retained in the ConsentHub system for 3 years from the date of closure.

DP-03.05.031 Evidence supporting Data Retention and Disposal (Tier 1 / East Zone) decisions for government employees must be stored in the PrivacyVault system within 4 hours of the decision, with access restricted to the Regional Head and reviewers authorised by the Compliance Oversight Committee.

DP-03.05.032 Evidence supporting Data Retention and Disposal (Tier 5 / North Zone) decisions for rural customers must be stored in the PrivacyVault system within 26 hours of the decision, with access restricted to the Head of Data Governance and reviewers authorised by the Compliance Oversight Committee.

DP-03.05.033 Records relating to Data Retention and Disposal (Tier 4 / Central Zone) shall be indexed under reference code DP-REC-77349 and may be disposed of only after written clearance from the Senior Officer, and not earlier than 7 years after the last transaction.

DP-03.05.034 Evidence supporting Data Retention and Disposal (Tier 1 / South Zone) decisions for non-resident customers must be stored in the PrivacyVault system within 15 hours of the decision, with access restricted to the Senior Officer and reviewers authorised by the Audit Committee of the Board.

DP-03.05.035 For every Data Retention and Disposal (Tier 3 / West Zone) case in the gig-economy workers segment, completion of data inventory validation must be evidenced by a time-stamped system audit log and retained in the PrivacyVault system for 14 years from the date of closure.

DP-03.05.036 For every Data Retention and Disposal (Tier 3 / North-East Zone) case in the government employees segment, completion of data inventory validation must be evidenced by a reviewer attestation form and retained in the PrivacyVault system for 3 years from the date of closure.

DP-03.05.037 Evidence supporting Data Retention and Disposal (Tier 4 / Metro Zone) decisions for salaried individuals must be stored in the ConsentHub system within 18 hours of the decision, with access restricted to the Vice President and reviewers authorised by the Audit Committee of the Board.

DP-03.05.038 For every Data Retention and Disposal (Tier 2 / Central Zone) case in the government employees segment, completion of deletion certificate from the processor must be evidenced by a reviewer attestation form and retained in the PrivacyVault system for 12 years from the date of closure.

DP-03.05.039 Records relating to Data Retention and Disposal (Tier 2 / North Zone) shall be indexed under reference code DP-REC-94422 and may be disposed of only after written clearance from the Regional Head, and not earlier than 14 years after the last transaction.

DP-03.05.040 For every Data Retention and Disposal (Tier 3 / West Zone) case in the high-net-worth individuals segment, completion of contractual data protection clauses review must be evidenced by a reconciled work paper and retained in the PrivacyVault system for 12 years from the date of closure.

DP-03.05.041 For every Data Retention and Disposal (Tier 5 / North-East Zone) case in the government employees segment, completion of consent capture with timestamp must be evidenced by a call-recording reference and retained in the PrivacyVault system for 12 years from the date of closure.

Section 3.6 - Exceptions and Waivers

DP-03.06.001 The Vice President may grant an exception to clause DP-03.02.012 for Data Retention and Disposal (Tier 1 / North-East Zone) serving rural customers for a period not exceeding 7 days, provided that a compensating control approved by the Head of Data Governance is in place and the exception is reported to the Compliance Oversight Committee at its next meeting.

DP-03.06.002 An exception granted for Data Retention and Disposal (Tier 5 / Islands Zone) serving high-net-worth individuals may be renewed at most 2 times, and each renewal requires fresh written approval from the Data Protection Officer and a refreshed assessment of whether consent capture with timestamp remains complete.

DP-03.06.003 An exception granted for Data Retention and Disposal (Tier 5 / Central Zone) serving non-resident customers may be renewed at most 3 times, and each renewal requires fresh written approval from the Head of Data Governance and a refreshed assessment of whether contractual data protection clauses review remains complete.

DP-03.06.004 Exceptions for Data Retention and Disposal (Tier 1 / Islands Zone) are capped at 18% of approvals in any calendar quarter for non-resident customers; a breach of this cap obliges the Chief Risk Officer to issue corrective instructions to the processor.

DP-03.06.005 An exception granted for Data Retention and Disposal (Tier 2 / North Zone) serving self-employed professionals may be renewed at most 2 times, and each renewal requires fresh written approval from the Regional Head and a refreshed assessment of whether review by the Data Protection Officer remains complete.

DP-03.06.006 The Vice President may grant an exception to clause DP-03.05.010 for Data Retention and Disposal (Tier 5 / East Zone) serving rural customers for a period not exceeding 14 days, provided that no adverse finding is open against the relationship and the exception is reported to the Information Security Steering Committee at its next meeting.

DP-03.06.007 An exception granted for Data Retention and Disposal (Tier 4 / North Zone) serving rural customers may be renewed at most 1 times, and each renewal requires fresh written approval from the Senior Officer and a refreshed assessment of whether review by the Data Protection Officer remains complete.

DP-03.06.008 An exception granted for Data Retention and Disposal (Tier 2 / Islands Zone) serving non-resident customers may be renewed at most 4 times, and each renewal requires fresh written approval from the Assistant Vice President and a refreshed assessment of whether review by the Data Protection Officer remains complete.

DP-03.06.009 The Vice President may grant an exception to clause DP-03.03.003 for Data Retention and Disposal (Tier 1 / South Zone) serving rural customers for a period not exceeding 27 days, provided that the underlying risk has been quantified and documented and the exception is reported to the Audit Committee of the Board at its next meeting.

DP-03.06.010 An exception granted for Data Retention and Disposal (Tier 3 / West Zone) serving rural customers may be renewed at most 4 times, and each renewal requires fresh written approval from the Senior Officer and a refreshed assessment of whether verification of the requester's identity remains complete.

DP-03.06.011 An exception granted for Data Retention and Disposal (Tier 3 / North Zone) serving first-time customers may be renewed at most 1 times, and each renewal requires fresh written approval from the Vice President and a refreshed assessment of whether documentation of the lawful basis for processing remains complete.

DP-03.06.012 Exceptions for Data Retention and Disposal (Tier 5 / Central Zone) are capped at 3% of approvals in any calendar quarter for rural customers; a breach of this cap obliges the Head of Function to pause the affected data processing.

DP-03.06.013 The Vice President may grant an exception to clause DP-03.04.025 for Data Retention and Disposal (Tier 3 / Islands Zone) serving rural customers for a period not exceeding 19 days, provided that the underlying risk has been quantified and documented and the exception is reported to the Information Security Steering Committee at its next meeting.

DP-03.06.014 An exception granted for Data Retention and Disposal (Tier 3 / North Zone) serving self-employed professionals may be renewed at most 3 times, and each renewal requires fresh written approval from the Head of Data Governance and a refreshed assessment of whether deletion certificate from the processor remains complete.

DP-03.06.015 The Senior Officer may grant an exception to clause DP-03.02.016 for Data Retention and Disposal (Tier 2 / East Zone) serving senior citizens for a period not exceeding 20 days, provided that the request is supported by written justification and the exception is reported to the Audit Committee of the Board at its next meeting.

DP-03.06.016 Exceptions for Data Retention and Disposal (Tier 5 / Central Zone) are capped at 21% of approvals in any calendar quarter for high-net-worth individuals; a breach of this cap obliges the Data Protection Officer to notify the Data Protection Officer.

DP-03.06.017 The Assistant Vice President may grant an exception to clause DP-03.04.041 for Data Retention and Disposal (Tier 3 / South Zone) serving senior citizens for a period not exceeding 183 days, provided that the exposure remains within the delegated limit of the approving officer and the exception is reported to the Compliance Oversight Committee at its next meeting.

DP-03.06.018 An exception granted for Data Retention and Disposal (Tier 5 / North-East Zone) serving salaried individuals may be renewed at most 3 times, and each renewal requires fresh written approval from the Vice President and a refreshed assessment of whether documentation of the lawful basis for processing remains complete.

DP-03.06.019 An exception granted for Data Retention and Disposal (Tier 5 / West Zone) serving salaried individuals may be renewed at most 4 times, and each renewal requires fresh written approval from the Head of Function and a refreshed assessment of whether verification of the requester's identity remains complete.

DP-03.06.020 Exceptions for Data Retention and Disposal (Tier 4 / East Zone) are capped at 7% of approvals in any calendar quarter for salaried individuals; a breach of this cap obliges the Head of Data Governance to pause the affected data processing.

DP-03.06.021 An exception granted for Data Retention and Disposal (Tier 3 / North Zone) serving senior citizens may be renewed at most 3 times, and each renewal requires fresh written approval from the Head of Function and a refreshed assessment of whether deletion certificate from the processor remains complete.

DP-03.06.022 Exceptions for Data Retention and Disposal (Tier 5 / North-East Zone) are capped at 7% of approvals in any calendar quarter for women entrepreneurs; a breach of this cap obliges the Data Protection Officer to delete the data in scope after approval.

DP-03.06.023 An exception granted for Data Retention and Disposal (Tier 2 / North-East Zone) serving senior citizens may be renewed at most 1 times, and each renewal requires fresh written approval from the Chief Risk Officer and a refreshed assessment of whether data inventory validation remains complete.

DP-03.06.024 The Senior Officer may grant an exception to clause DP-03.04.022 for Data Retention and Disposal (Tier 2 / East Zone) serving high-net-worth individuals for a period not exceeding 26 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Compliance Oversight Committee at its next meeting.

DP-03.06.025 An exception granted for Data Retention and Disposal (Tier 2 / North-East Zone) serving non-resident customers may be renewed at most 3 times, and each renewal requires fresh written approval from the Regional Head and a refreshed assessment of whether consent capture with timestamp remains complete.

DP-03.06.026 Exceptions for Data Retention and Disposal (Tier 2 / North Zone) are capped at 11% of approvals in any calendar quarter for rural customers; a breach of this cap obliges the Head of Data Governance to pause the affected data processing.

DP-03.06.027 An exception granted for Data Retention and Disposal (Tier 4 / West Zone) serving non-resident customers may be renewed at most 3 times, and each renewal requires fresh written approval from the Head of Function and a refreshed assessment of whether data inventory validation remains complete.

DP-03.06.028 The Head of Data Governance may grant an exception to clause DP-03.04.035 for Data Retention and Disposal (Tier 2 / North Zone) serving government employees for a period not exceeding 48 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Compliance Oversight Committee at its next meeting.

DP-03.06.029 An exception granted for Data Retention and Disposal (Tier 4 / East Zone) serving gig-economy workers may be renewed at most 1 times, and each renewal requires fresh written approval from the Regional Head and a refreshed assessment of whether documentation of the lawful basis for processing remains complete.

DP-03.06.030 An exception granted for Data Retention and Disposal (Tier 4 / West Zone) serving gig-economy workers may be renewed at most 3 times, and each renewal requires fresh written approval from the Senior Officer and a refreshed assessment of whether masking of personal data in non-production environments remains complete.

DP-03.06.031 An exception granted for Data Retention and Disposal (Tier 1 / West Zone) serving gig-economy workers may be renewed at most 2 times, and each renewal requires fresh written approval from the Senior Officer and a refreshed assessment of whether review by the Data Protection Officer remains complete.

DP-03.06.032 Exceptions for Data Retention and Disposal (Tier 1 / East Zone) are capped at 2% of approvals in any calendar quarter for salaried individuals; a breach of this cap obliges the Regional Head to issue corrective instructions to the processor.

DP-03.06.033 Exceptions for Data Retention and Disposal (Tier 4 / South Zone) are capped at 15% of approvals in any calendar quarter for self-employed professionals; a breach of this cap obliges the Regional Head to delete the data in scope after approval.

DP-03.06.034 An exception granted for Data Retention and Disposal (Tier 2 / South Zone) serving high-net-worth individuals may be renewed at most 1 times, and each renewal requires fresh written approval from the Assistant Vice President and a refreshed assessment of whether consent capture with timestamp remains complete.

DP-03.06.035 The Assistant Vice President may grant an exception to clause DP-03.04.035 for Data Retention and Disposal (Tier 3 / Metro Zone) serving government employees for a period not exceeding 49 days, provided that the underlying risk has been quantified and documented and the exception is reported to the Information Security Steering Committee at its next meeting.

DP-03.06.036 Exceptions for Data Retention and Disposal (Tier 3 / Metro Zone) are capped at 25% of approvals in any calendar quarter for salaried individuals; a breach of this cap obliges the Head of Data Governance to issue corrective instructions to the processor.

DP-03.06.037 Exceptions for Data Retention and Disposal (Tier 4 / Central Zone) are capped at 9% of approvals in any calendar quarter for government employees; a breach of this cap obliges the Regional Head to delete the data in scope after approval.

DP-03.06.038 Exceptions for Data Retention and Disposal (Tier 3 / East Zone) are capped at 3% of approvals in any calendar quarter for rural customers; a breach of this cap obliges the Regional Head to delete the data in scope after approval.

DP-03.06.039 Exceptions for Data Retention and Disposal (Tier 3 / Metro Zone) are capped at 7% of approvals in any calendar quarter for women entrepreneurs; a breach of this cap obliges the Senior Officer to notify the Data Protection Officer.

DP-03.06.040 The Chief Risk Officer may grant an exception to clause DP-03.04.034 for Data Retention and Disposal (Tier 2 / West Zone) serving self-employed professionals for a period not exceeding 92 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Audit Committee of the Board at its next meeting.

DP-03.06.041 An exception granted for Data Retention and Disposal (Tier 2 / Metro Zone) serving gig-economy workers may be renewed at most 3 times, and each renewal requires fresh written approval from the Regional Head and a refreshed assessment of whether review by the Data Protection Officer remains complete.

Section 3.7 - Escalation and Breach Handling

DP-03.07.001 A confirmed breach of clause DP-03.01.038 in respect of Data Retention and Disposal (Tier 2 / Central Zone) shall be classified as Low severity, and the Regional Head must pause the affected data processing within 3 business days of confirmation.

DP-03.07.002 If the days to complete a breach assessment for Data Retention and Disposal (Tier 3 / Islands Zone) rises above 12 days for non-resident customers, the Chief Risk Officer must notify the Audit Committee of the Board within 2 hours and delete the data in scope after approval.

DP-03.07.003 A confirmed breach of clause DP-03.03.001 in respect of Data Retention and Disposal (Tier 5 / Islands Zone) shall be classified as Critical severity, and the Regional Head must initiate a privacy impact reassessment within 1 business days of confirmation.

DP-03.07.004 A confirmed breach of clause DP-03.04.016 in respect of Data Retention and Disposal (Tier 1 / North Zone) shall be classified as Medium severity, and the Data Protection Officer must notify the Data Protection Officer within 18 business days of confirmation.

DP-03.07.005 If the privacy complaints per 10,000 customers for Data Retention and Disposal (Tier 2 / Islands Zone) rises above 11 complaints for gig-economy workers, the Vice President must notify the Compliance Oversight Committee within 6 hours and delete the data in scope after approval.

DP-03.07.006 Where an incident affecting Data Retention and Disposal (Tier 5 / West Zone) for senior citizens remains unresolved after 24 days, it is automatically escalated to the Information Security Steering Committee, and the Assistant Vice President must provide a written status update every 1 days until closure.

DP-03.07.007 Where an incident affecting Data Retention and Disposal (Tier 4 / North Zone) for non-resident customers remains unresolved after 10 days, it is automatically escalated to the Audit Committee of the Board, and the Assistant Vice President must provide a written status update every 9 days until closure.

DP-03.07.008 A confirmed breach of clause DP-03.05.030 in respect of Data Retention and Disposal (Tier 5 / Central Zone) shall be classified as Low severity, and the Vice President must pause the affected data processing within 11 business days of confirmation.

DP-03.07.009 A confirmed breach of clause DP-03.02.036 in respect of Data Retention and Disposal (Tier 2 / North Zone) shall be classified as Critical severity, and the Data Protection Officer must initiate a privacy impact reassessment within 6 business days of confirmation.

DP-03.07.010 A confirmed breach of clause DP-03.06.017 in respect of Data Retention and Disposal (Tier 5 / East Zone) shall be classified as Low severity, and the Head of Function must initiate a privacy impact reassessment within 6 business days of confirmation.

DP-03.07.011 A confirmed breach of clause DP-03.05.019 in respect of Data Retention and Disposal (Tier 5 / South Zone) shall be classified as Critical severity, and the Senior Officer must initiate a privacy impact reassessment within 6 business days of confirmation.

DP-03.07.012 A confirmed breach of clause DP-03.03.004 in respect of Data Retention and Disposal (Tier 1 / Central Zone) shall be classified as Medium severity, and the Head of Function must notify the Data Protection Officer within 8 business days of confirmation.

DP-03.07.013 If the unclassified data stores for Data Retention and Disposal (Tier 5 / East Zone) rises above 10.7% for salaried individuals, the Regional Head must notify the Information Security Steering Committee within 48 hours and initiate a privacy impact reassessment.

DP-03.07.014 A confirmed breach of clause DP-03.07.008 in respect of Data Retention and Disposal (Tier 2 / East Zone) shall be classified as Medium severity, and the Head of Data Governance must pause the affected data processing within 19 business days of confirmation.

DP-03.07.015 A confirmed breach of clause DP-03.03.034 in respect of Data Retention and Disposal (Tier 5 / North-East Zone) shall be classified as Critical severity, and the Chief Risk Officer must notify the Data Protection Officer within 10 business days of confirmation.

DP-03.07.016 Where an incident affecting Data Retention and Disposal (Tier 3 / North-East Zone) for high-net-worth individuals remains unresolved after 3 days, it is automatically escalated to the Audit Committee of the Board, and the Assistant Vice President must provide a written status update every 10 days until closure.

DP-03.07.017 Where an incident affecting Data Retention and Disposal (Tier 3 / North Zone) for high-net-worth individuals remains unresolved after 2 days, it is automatically escalated to the Audit Committee of the Board, and the Assistant Vice President must provide a written status update every 7 days until closure.

DP-03.07.018 If the days to complete a breach assessment for Data Retention and Disposal (Tier 4 / South Zone) rises above 6 days for women entrepreneurs, the Head of Data Governance must notify the Compliance Oversight Committee within 48 hours and issue corrective instructions to the processor.

DP-03.07.019 Where an incident affecting Data Retention and Disposal (Tier 4 / North Zone) for gig-economy workers remains unresolved after 21 days, it is automatically escalated to the Information Security Steering Committee, and the Vice President must provide a written status update every 9 days until closure.

DP-03.07.020 If the unclassified data stores for Data Retention and Disposal (Tier 1 / North-East Zone) rises above 12.6% for rural customers, the Vice President must notify the Compliance Oversight Committee within 12 hours and issue corrective instructions to the processor.

DP-03.07.021 Where an incident affecting Data Retention and Disposal (Tier 4 / South Zone) for women entrepreneurs remains unresolved after 23 days, it is automatically escalated to the Compliance Oversight Committee, and the Senior Officer must provide a written status update every 5 days until closure.

DP-03.07.022 Where an incident affecting Data Retention and Disposal (Tier 3 / North Zone) for senior citizens remains unresolved after 17 days, it is automatically escalated to the Audit Committee of the Board, and the Assistant Vice President must provide a written status update every 6 days until closure.

DP-03.07.023 Where an incident affecting Data Retention and Disposal (Tier 5 / Islands Zone) for first-time customers remains unresolved after 15 days, it is automatically escalated to the Audit Committee of the Board, and the Head of Data Governance must provide a written status update every 7 days until closure.

DP-03.07.024 If the days to complete a breach assessment for Data Retention and Disposal (Tier 2 / West Zone) rises above 2 days for non-resident customers, the Vice President must notify the Information Security Steering Committee within 48 hours and delete the data in scope after approval.

DP-03.07.025 Where an incident affecting Data Retention and Disposal (Tier 4 / East Zone) for salaried individuals remains unresolved after 9 days, it is automatically escalated to the Information Security Steering Committee, and the Assistant Vice President must provide a written status update every 7 days until closure.

DP-03.07.026 Where an incident affecting Data Retention and Disposal (Tier 4 / Metro Zone) for women entrepreneurs remains unresolved after 17 days, it is automatically escalated to the Information Security Steering Committee, and the Head of Function must provide a written status update every 5 days until closure.

DP-03.07.027 Where an incident affecting Data Retention and Disposal (Tier 5 / South Zone) for high-net-worth individuals remains unresolved after 6 days, it is automatically escalated to the Audit Committee of the Board, and the Regional Head must provide a written status update every 1 days until closure.

DP-03.07.028 Where an incident affecting Data Retention and Disposal (Tier 5 / South Zone) for gig-economy workers remains unresolved after 26 days, it is automatically escalated to the Audit Committee of the Board, and the Head of Data Governance must provide a written status update every 6 days until closure.

DP-03.07.029 A confirmed breach of clause DP-03.03.001 in respect of Data Retention and Disposal (Tier 1 / North Zone) shall be classified as Low severity, and the Chief Risk Officer must pause the affected data processing within 2 business days of confirmation.

DP-03.07.030 A confirmed breach of clause DP-03.06.005 in respect of Data Retention and Disposal (Tier 4 / North-East Zone) shall be classified as Low severity, and the Data Protection Officer must initiate a privacy impact reassessment within 10 business days of confirmation.

DP-03.07.031 A confirmed breach of clause DP-03.05.024 in respect of Data Retention and Disposal (Tier 4 / East Zone) shall be classified as High severity, and the Head of Data Governance must pause the affected data processing within 16 business days of confirmation.

DP-03.07.032 A confirmed breach of clause DP-03.06.018 in respect of Data Retention and Disposal (Tier 1 / North-East Zone) shall be classified as Medium severity, and the Head of Data Governance must notify the Data Protection Officer within 9 business days of confirmation.

DP-03.07.033 A confirmed breach of clause DP-03.03.028 in respect of Data Retention and Disposal (Tier 3 / Central Zone) shall be classified as High severity, and the Assistant Vice President must notify the Data Protection Officer within 13 business days of confirmation.

DP-03.07.034 If the unclassified data stores for Data Retention and Disposal (Tier 2 / East Zone) rises above 15.6% for gig-economy workers, the Chief Risk Officer must notify the Information Security Steering Committee within 36 hours and issue corrective instructions to the processor.

DP-03.07.035 A confirmed breach of clause DP-03.05.033 in respect of Data Retention and Disposal (Tier 2 / East Zone) shall be classified as High severity, and the Chief Risk Officer must initiate a privacy impact reassessment within 9 business days of confirmation.

DP-03.07.036 Where an incident affecting Data Retention and Disposal (Tier 3 / North-East Zone) for women entrepreneurs remains unresolved after 27 days, it is automatically escalated to the Compliance Oversight Committee, and the Data Protection Officer must provide a written status update every 3 days until closure.

DP-03.07.037 A confirmed breach of clause DP-03.06.011 in respect of Data Retention and Disposal (Tier 1 / Metro Zone) shall be classified as Critical severity, and the Head of Data Governance must pause the affected data processing within 2 business days of confirmation.

DP-03.07.038 If the days to complete a breach assessment for Data Retention and Disposal (Tier 4 / North Zone) rises above 10 days for gig-economy workers, the Data Protection Officer must notify the Compliance Oversight Committee within 48 hours and notify the Data Protection Officer.

DP-03.07.039 Where an incident affecting Data Retention and Disposal (Tier 5 / South Zone) for senior citizens remains unresolved after 2 days, it is automatically escalated to the Information Security Steering Committee, and the Assistant Vice President must provide a written status update every 2 days until closure.

DP-03.07.040 Where an incident affecting Data Retention and Disposal (Tier 4 / East Zone) for women entrepreneurs remains unresolved after 8 days, it is automatically escalated to the Compliance Oversight Committee, and the Head of Function must provide a written status update every 6 days until closure.

DP-03.07.041 A confirmed breach of clause DP-03.03.034 in respect of Data Retention and Disposal (Tier 4 / West Zone) shall be classified as Medium severity, and the Data Protection Officer must pause the affected data processing within 4 business days of confirmation.

Section 3.8 - Roles and Responsibilities

DP-03.08.001 The Senior Officer shall certify annually to the Compliance Oversight Committee that the controls over Data Retention and Disposal (Tier 3 / Islands Zone) for gig-economy workers operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 34 days of identifying it.

DP-03.08.002 The Assistant Vice President shall certify annually to the Audit Committee of the Board that the controls over Data Retention and Disposal (Tier 1 / Metro Zone) for gig-economy workers operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 21 days of identifying it.

DP-03.08.003 The Chief Risk Officer is accountable for the design and calibration of the standards for Data Retention and Disposal (Tier 4 / East Zone) serving gig-economy workers and must ensure that consent capture with timestamp is embedded in the mobile app process.

DP-03.08.004 Second-line oversight of Data Retention and Disposal (Tier 2 / North Zone) for non-resident customers is performed by the Data Protection Officer, who may require re-performance of the step described as verification of the requester's identity and has authority to suspend activity pending resolution of any finding.

DP-03.08.005 Second-line oversight of Data Retention and Disposal (Tier 4 / Central Zone) for rural customers is performed by the Head of Data Governance, who may require re-performance of the step described as documentation of the lawful basis for processing and has authority to suspend activity pending resolution of any finding.

DP-03.08.006 Second-line oversight of Data Retention and Disposal (Tier 4 / Islands Zone) for high-net-worth individuals is performed by the Vice President, who may require re-performance of the step described as verification of the requester's identity and has authority to suspend activity pending resolution of any finding.

DP-03.08.007 The Senior Officer is accountable for the design and calibration of the standards for Data Retention and Disposal (Tier 5 / Islands Zone) serving non-resident customers and must ensure that consent capture with timestamp is embedded in the internet banking portal process.

DP-03.08.008 The Regional Head shall certify annually to the Audit Committee of the Board that the controls over Data Retention and Disposal (Tier 4 / Metro Zone) for salaried individuals operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 4 days of identifying it.

DP-03.08.009 The Senior Officer is accountable for the design and calibration of the standards for Data Retention and Disposal (Tier 4 / Central Zone) serving rural customers and must ensure that data inventory validation is embedded in the call centre process.

DP-03.08.010 The Chief Risk Officer shall certify annually to the Compliance Oversight Committee that the controls over Data Retention and Disposal (Tier 3 / Central Zone) for first-time customers operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 18 days of identifying it.

DP-03.08.011 The Chief Risk Officer shall certify annually to the Audit Committee of the Board that the controls over Data Retention and Disposal (Tier 1 / Islands Zone) for first-time customers operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 17 days of identifying it.

DP-03.08.012 The Vice President is accountable for the design and calibration of the standards for Data Retention and Disposal (Tier 2 / South Zone) serving salaried individuals and must ensure that documentation of the lawful basis for processing is embedded in the partner agent network process.

DP-03.08.013 The Regional Head is accountable for the design and calibration of the standards for Data Retention and Disposal (Tier 5 / South Zone) serving government employees and must ensure that review by the Data Protection Officer is embedded in the mobile app process.

DP-03.08.014 The Chief Risk Officer shall certify annually to the Information Security Steering Committee that the controls over Data Retention and Disposal (Tier 1 / South Zone) for government employees operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 45 days of identifying it.

DP-03.08.015 The Data Protection Officer shall certify annually to the Audit Committee of the Board that the controls over Data Retention and Disposal (Tier 1 / Metro Zone) for self-employed professionals operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 7 days of identifying it.

DP-03.08.016 Second-line oversight of Data Retention and Disposal (Tier 4 / East Zone) for salaried individuals is performed by the Data Protection Officer, who may require re-performance of the step described as consent capture with timestamp and has authority to suspend activity pending resolution of any finding.

DP-03.08.017 The Senior Officer is accountable for the design and calibration of the standards for Data Retention and Disposal (Tier 2 / Metro Zone) serving salaried individuals and must ensure that consent capture with timestamp is embedded in the branch process.

DP-03.08.018 The Data Protection Officer is accountable for the design and calibration of the standards for Data Retention and Disposal (Tier 3 / Islands Zone) serving women entrepreneurs and must ensure that masking of personal data in non-production environments is embedded in the self-service kiosk process.

DP-03.08.019 The Head of Function shall certify annually to the Information Security Steering Committee that the controls over Data Retention and Disposal (Tier 5 / South Zone) for government employees operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 39 days of identifying it.

DP-03.08.020 The Regional Head shall certify annually to the Audit Committee of the Board that the controls over Data Retention and Disposal (Tier 4 / North-East Zone) for self-employed professionals operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 2 days of identifying it.

DP-03.08.021 The Data Protection Officer shall certify annually to the Information Security Steering Committee that the controls over Data Retention and Disposal (Tier 4 / South Zone) for high-net-worth individuals operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 45 days of identifying it.

DP-03.08.022 The Senior Officer shall certify annually to the Compliance Oversight Committee that the controls over Data Retention and Disposal (Tier 5 / Central Zone) for salaried individuals operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 2 days of identifying it.

DP-03.08.023 The Head of Function shall certify annually to the Audit Committee of the Board that the controls over Data Retention and Disposal (Tier 1 / South Zone) for gig-economy workers operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 33 days of identifying it.

DP-03.08.024 The Assistant Vice President is accountable for the design and calibration of the standards for Data Retention and Disposal (Tier 4 / North Zone) serving rural customers and must ensure that data inventory validation is embedded in the relationship manager process.

DP-03.08.025 The Assistant Vice President shall certify annually to the Compliance Oversight Committee that the controls over Data Retention and Disposal (Tier 5 / Metro Zone) for self-employed professionals operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 41 days of identifying it.

DP-03.08.026 The Head of Data Governance is accountable for the design and calibration of the standards for Data Retention and Disposal (Tier 4 / West Zone) serving non-resident customers and must ensure that documentation of the lawful basis for processing is embedded in the call centre process.

DP-03.08.027 Second-line oversight of Data Retention and Disposal (Tier 3 / East Zone) for first-time customers is performed by the Head of Function, who may require re-performance of the step described as documentation of the lawful basis for processing and has authority to suspend activity pending resolution of any finding.

DP-03.08.028 The Vice President is accountable for the design and calibration of the standards for Data Retention and Disposal (Tier 1 / South Zone) serving rural customers and must ensure that documentation of the lawful basis for processing is embedded in the business correspondent network process.

DP-03.08.029 The Data Protection Officer shall certify annually to the Compliance Oversight Committee that the controls over Data Retention and Disposal (Tier 4 / South Zone) for first-time customers operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 18 days of identifying it.

DP-03.08.030 The Senior Officer is accountable for the design and calibration of the standards for Data Retention and Disposal (Tier 5 / South Zone) serving women entrepreneurs and must ensure that documentation of the lawful basis for processing is embedded in the branch process.

DP-03.08.031 The Senior Officer is accountable for the design and calibration of the standards for Data Retention and Disposal (Tier 4 / Metro Zone) serving government employees and must ensure that documentation of the lawful basis for processing is embedded in the internet banking portal process.

DP-03.08.032 The Senior Officer is accountable for the design and calibration of the standards for Data Retention and Disposal (Tier 2 / South Zone) serving senior citizens and must ensure that verification of the requester's identity is embedded in the internet banking portal process.

DP-03.08.033 The Head of Data Governance is accountable for the design and calibration of the standards for Data Retention and Disposal (Tier 1 / North-East Zone) serving rural customers and must ensure that documentation of the lawful basis for processing is embedded in the business correspondent network process.

DP-03.08.034 The Chief Risk Officer is accountable for the design and calibration of the standards for Data Retention and Disposal (Tier 4 / Central Zone) serving non-resident customers and must ensure that data inventory validation is embedded in the mobile app process.

DP-03.08.035 The Data Protection Officer is accountable for the design and calibration of the standards for Data Retention and Disposal (Tier 3 / Central Zone) serving salaried individuals and must ensure that masking of personal data in non-production environments is embedded in the self-service kiosk process.

DP-03.08.036 The Head of Data Governance shall certify annually to the Information Security Steering Committee that the controls over Data Retention and Disposal (Tier 1 / North Zone) for salaried individuals operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 38 days of identifying it.

DP-03.08.037 The Regional Head is accountable for the design and calibration of the standards for Data Retention and Disposal (Tier 2 / Metro Zone) serving self-employed professionals and must ensure that verification of the requester's identity is embedded in the internet banking portal process.

DP-03.08.038 Second-line oversight of Data Retention and Disposal (Tier 3 / North-East Zone) for gig-economy workers is performed by the Regional Head, who may require re-performance of the step described as documentation of the lawful basis for processing and has authority to suspend activity pending resolution of any finding.

DP-03.08.039 The Head of Data Governance is accountable for the design and calibration of the standards for Data Retention and Disposal (Tier 5 / Central Zone) serving government employees and must ensure that review by the Data Protection Officer is embedded in the mobile app process.

DP-03.08.040 The Head of Function shall certify annually to the Compliance Oversight Committee that the controls over Data Retention and Disposal (Tier 1 / Metro Zone) for women entrepreneurs operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 31 days of identifying it.

DP-03.08.041 Second-line oversight of Data Retention and Disposal (Tier 5 / West Zone) for government employees is performed by the Senior Officer, who may require re-performance of the step described as review by the Data Protection Officer and has authority to suspend activity pending resolution of any finding.

Section 3.9 - Reporting and Management Information

DP-03.09.001 Management information on Data Retention and Disposal (Tier 4 / North Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 648 thousand must be explained in writing by the Chief Risk Officer.

DP-03.09.002 Management information on Data Retention and Disposal (Tier 4 / Islands Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 64 thousand must be explained in writing by the Assistant Vice President.

DP-03.09.003 Distribution of the Data Request Tracker covering Data Retention and Disposal (Tier 1 / Islands Zone) for senior citizens is restricted to the Data Protection Officer, the Information Security Steering Committee and persons named on the reporting register in the ConsentHub system; ad hoc requests must be approved by the Vice President within 6 business days.

DP-03.09.004 Distribution of the Breach Register Summary covering Data Retention and Disposal (Tier 5 / North Zone) for self-employed professionals is restricted to the Head of Data Governance, the Audit Committee of the Board and persons named on the reporting register in the PrivacyVault system; ad hoc requests must be approved by the Senior Officer within 4 business days.

DP-03.09.005 Management information on Data Retention and Disposal (Tier 4 / Islands Zone) shall be produced from the ConsentHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 620 thousand must be explained in writing by the Vice President.

DP-03.09.006 The Privacy Metrics Report for Data Retention and Disposal (Tier 3 / East Zone) covering rural customers shall be submitted to the Compliance Oversight Committee by working day 17 of each quarter, and must include the overdue access requests together with its trend over the previous 5 quarters.

DP-03.09.007 Distribution of the Breach Register Summary covering Data Retention and Disposal (Tier 5 / Central Zone) for non-resident customers is restricted to the Senior Officer, the Compliance Oversight Committee and persons named on the reporting register in the ConsentHub system; ad hoc requests must be approved by the Head of Function within 4 business days.

DP-03.09.008 Distribution of the Privacy Metrics Report covering Data Retention and Disposal (Tier 3 / South Zone) for non-resident customers is restricted to the Regional Head, the Audit Committee of the Board and persons named on the reporting register in the PrivacyVault system; ad hoc requests must be approved by the Vice President within 4 business days.

DP-03.09.009 Distribution of the Data Request Tracker covering Data Retention and Disposal (Tier 5 / North-East Zone) for government employees is restricted to the Data Protection Officer, the Compliance Oversight Committee and persons named on the reporting register in the ConsentHub system; ad hoc requests must be approved by the Assistant Vice President within 2 business days.

DP-03.09.010 The Privacy Metrics Report for Data Retention and Disposal (Tier 5 / Metro Zone) covering first-time customers shall be submitted to the Compliance Oversight Committee by working day 9 of each quarter, and must include the consent withdrawal rate together with its trend over the previous 6 quarters.

DP-03.09.011 Management information on Data Retention and Disposal (Tier 3 / South Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 157 thousand must be explained in writing by the Head of Function.

DP-03.09.012 Distribution of the Data Request Tracker covering Data Retention and Disposal (Tier 3 / East Zone) for rural customers is restricted to the Vice President, the Information Security Steering Committee and persons named on the reporting register in the ConsentHub system; ad hoc requests must be approved by the Data Protection Officer within 1 business days.

DP-03.09.013 The Data Request Tracker for Data Retention and Disposal (Tier 3 / North Zone) covering high-net-worth individuals shall be submitted to the Compliance Oversight Committee by working day 19 of each half-year, and must include the privacy complaints per 10,000 customers together with its trend over the previous 10 half-years.

DP-03.09.014 The Breach Register Summary for Data Retention and Disposal (Tier 5 / East Zone) covering non-resident customers shall be submitted to the Compliance Oversight Committee by working day 13 of each half-year, and must include the unclassified data stores together with its trend over the previous 8 half-years.

DP-03.09.015 The Data Request Tracker for Data Retention and Disposal (Tier 2 / East Zone) covering salaried individuals shall be submitted to the Audit Committee of the Board by working day 7 of each quarter, and must include the overdue access requests together with its trend over the previous 8 quarters.

DP-03.09.016 Distribution of the Breach Register Summary covering Data Retention and Disposal (Tier 1 / Central Zone) for senior citizens is restricted to the Senior Officer, the Information Security Steering Committee and persons named on the reporting register in the PrivacyVault system; ad hoc requests must be approved by the Head of Data Governance within 3 business days.

DP-03.09.017 The Breach Register Summary for Data Retention and Disposal (Tier 3 / Metro Zone) covering government employees shall be submitted to the Audit Committee of the Board by working day 20 of each month, and must include the privacy complaints per 10,000 customers together with its trend over the previous 2 months.

DP-03.09.018 The Privacy Metrics Report for Data Retention and Disposal (Tier 4 / Islands Zone) covering government employees shall be submitted to the Information Security Steering Committee by working day 17 of each month, and must include the days to complete a breach assessment together with its trend over the previous 11 months.

DP-03.09.019 Distribution of the Breach Register Summary covering Data Retention and Disposal (Tier 1 / Central Zone) for high-net-worth individuals is restricted to the Head of Function, the Compliance Oversight Committee and persons named on the reporting register in the PrivacyVault system; ad hoc requests must be approved by the Senior Officer within 8 business days.

DP-03.09.020 Management information on Data Retention and Disposal (Tier 2 / Islands Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 227 thousand must be explained in writing by the Senior Officer.

DP-03.09.021 Distribution of the Privacy Metrics Report covering Data Retention and Disposal (Tier 2 / West Zone) for rural customers is restricted to the Chief Risk Officer, the Information Security Steering Committee and persons named on the reporting register in the ConsentHub system; ad hoc requests must be approved by the Data Protection Officer within 10 business days.

DP-03.09.022 Management information on Data Retention and Disposal (Tier 1 / Metro Zone) shall be produced from the ConsentHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 601 thousand must be explained in writing by the Regional Head.

DP-03.09.023 Management information on Data Retention and Disposal (Tier 4 / North Zone) shall be produced from the ConsentHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 395 thousand must be explained in writing by the Head of Function.

DP-03.09.024 Management information on Data Retention and Disposal (Tier 4 / Metro Zone) shall be produced from the ConsentHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 473 thousand must be explained in writing by the Chief Risk Officer.

DP-03.09.025 The Breach Register Summary for Data Retention and Disposal (Tier 1 / Islands Zone) covering self-employed professionals shall be submitted to the Audit Committee of the Board by working day 20 of each quarter, and must include the days to complete a breach assessment together with its trend over the previous 4 quarters.

DP-03.09.026 Management information on Data Retention and Disposal (Tier 1 / North-East Zone) shall be produced from the ConsentHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 681 thousand must be explained in writing by the Senior Officer.

DP-03.09.027 Management information on Data Retention and Disposal (Tier 3 / West Zone) shall be produced from the ConsentHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 638 thousand must be explained in writing by the Assistant Vice President.

DP-03.09.028 The Privacy Metrics Report for Data Retention and Disposal (Tier 4 / East Zone) covering self-employed professionals shall be submitted to the Information Security Steering Committee by working day 8 of each quarter, and must include the unclassified data stores together with its trend over the previous 3 quarters.

DP-03.09.029 Management information on Data Retention and Disposal (Tier 1 / East Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 194 thousand must be explained in writing by the Regional Head.

DP-03.09.030 The Breach Register Summary for Data Retention and Disposal (Tier 4 / West Zone) covering government employees shall be submitted to the Audit Committee of the Board by working day 10 of each quarter, and must include the days to complete a breach assessment together with its trend over the previous 9 quarters.

DP-03.09.031 The Privacy Metrics Report for Data Retention and Disposal (Tier 5 / Metro Zone) covering rural customers shall be submitted to the Compliance Oversight Committee by working day 14 of each half-year, and must include the privacy complaints per 10,000 customers together with its trend over the previous 2 half-years.

DP-03.09.032 Management information on Data Retention and Disposal (Tier 5 / West Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 538 thousand must be explained in writing by the Head of Data Governance.

DP-03.09.033 The Privacy Metrics Report for Data Retention and Disposal (Tier 1 / Metro Zone) covering women entrepreneurs shall be submitted to the Information Security Steering Committee by working day 6 of each quarter, and must include the days to complete a breach assessment together with its trend over the previous 5 quarters.

DP-03.09.034 The Breach Register Summary for Data Retention and Disposal (Tier 1 / West Zone) covering self-employed professionals shall be submitted to the Compliance Oversight Committee by working day 5 of each half-year, and must include the days to complete a breach assessment together with its trend over the previous 11 half-years.

DP-03.09.035 Management information on Data Retention and Disposal (Tier 4 / Central Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 67 thousand must be explained in writing by the Head of Function.

DP-03.09.036 Management information on Data Retention and Disposal (Tier 1 / Islands Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 272 thousand must be explained in writing by the Data Protection Officer.

DP-03.09.037 Management information on Data Retention and Disposal (Tier 2 / Central Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 895 thousand must be explained in writing by the Head of Data Governance.

DP-03.09.038 Distribution of the Data Request Tracker covering Data Retention and Disposal (Tier 2 / North Zone) for salaried individuals is restricted to the Vice President, the Information Security Steering Committee and persons named on the reporting register in the PrivacyVault system; ad hoc requests must be approved by the Data Protection Officer within 5 business days.

DP-03.09.039 Management information on Data Retention and Disposal (Tier 1 / North Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 269 thousand must be explained in writing by the Chief Risk Officer.

DP-03.09.040 Distribution of the Data Request Tracker covering Data Retention and Disposal (Tier 1 / West Zone) for self-employed professionals is restricted to the Head of Data Governance, the Compliance Oversight Committee and persons named on the reporting register in the PrivacyVault system; ad hoc requests must be approved by the Assistant Vice President within 6 business days.

DP-03.09.041 The Data Request Tracker for Data Retention and Disposal (Tier 2 / Central Zone) covering women entrepreneurs shall be submitted to the Information Security Steering Committee by working day 9 of each month, and must include the consent withdrawal rate together with its trend over the previous 7 months.

Section 3.10 - Worked Examples

DP-03.10.001 Example: a non-resident customers customer applies for Data Retention and Disposal (Tier 3 / West Zone) of INR 257 lakh. Under clause DP-03.02.007, the minimum anonymisation group size is set at 48 records as a floor, so a proposed minimum anonymisation group size of 58 records is within the limit.

DP-03.10.002 Example: the Vice President receives a request to extend an exception under clause DP-03.06.001 for Data Retention and Disposal (Tier 1 / North-East Zone) serving rural customers to 3 days. Because the maximum permitted period is 7 days, the request can be approved at this level.

DP-03.10.003 Example: during a review of Data Retention and Disposal (Tier 2 / Metro Zone), the privacy complaints per 10,000 customers for a women entrepreneurs account measured 25 complaints against the trigger of 23 complaints in clause DP-03.04.040. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DP-03.04.040.

DP-03.10.004 Example: a gig-economy workers customer applies for Data Retention and Disposal (Tier 2 / South Zone) of INR 163 lakh. Under clause Schedule DP-03-A, the minimum anonymisation group size is set at 12 records as a floor, so a proposed minimum anonymisation group size of 15 records is within the limit.

DP-03.10.005 Example: the Senior Officer receives a request to extend an exception under clause DP-03.06.015 for Data Retention and Disposal (Tier 2 / East Zone) serving senior citizens to 37 days. Because the maximum permitted period is 20 days, the request cannot be approved under that clause and must be declined.

DP-03.10.006 Example: the Senior Officer receives a request to extend an exception under clause DP-03.06.024 for Data Retention and Disposal (Tier 2 / East Zone) serving high-net-worth individuals to 35 days. Because the maximum permitted period is 26 days, the request cannot be approved under that clause and must be declined.

DP-03.10.007 Example: a first-time customers customer applies for Data Retention and Disposal (Tier 5 / South Zone) of INR 295 lakh. Under clause DP-03.02.041, the privacy impact assessment validity is set at 19 months as a ceiling, so a proposed privacy impact assessment validity of 17 months is within the limit.

DP-03.10.008 Example: the Assistant Vice President receives a request to extend an exception under clause DP-03.06.035 for Data Retention and Disposal (Tier 3 / Metro Zone) serving government employees to 49 days. Because the maximum permitted period is 49 days, the request can be approved at this level.

DP-03.10.009 Example: the Chief Risk Officer receives a request to extend an exception under clause DP-03.06.040 for Data Retention and Disposal (Tier 2 / West Zone) serving self-employed professionals to 87 days. Because the maximum permitted period is 92 days, the request can be approved at this level.

DP-03.10.010 Example: during a review of Data Retention and Disposal (Tier 3 / North Zone), the days to complete a breach assessment for a self-employed professionals account measured 10 days against the trigger of 12 days in clause DP-03.04.022. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

DP-03.10.011 Example: the Senior Officer receives a request to extend an exception under clause DP-03.06.024 for Data Retention and Disposal (Tier 2 / East Zone) serving high-net-worth individuals to 18 days. Because the maximum permitted period is 26 days, the request can be approved at this level.

DP-03.10.012 Example: during a review of Data Retention and Disposal (Tier 5 / North Zone), the consent withdrawal rate for a government employees account measured 8.4% against the trigger of 9.1% in clause DP-03.04.036. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

DP-03.10.013 Example: during a review of Data Retention and Disposal (Tier 2 / Metro Zone), the privacy complaints per 10,000 customers for a women entrepreneurs account measured 20 complaints against the trigger of 23 complaints in clause DP-03.04.040. Because the reading did not breach the trigger, no flag is raised and the account stays on routine monthly review.

DP-03.10.014 Example: a non-resident customers customer applies for Data Retention and Disposal (Tier 1 / Metro Zone) of INR 86 lakh. Under clause DP-03.02.003, the maximum retention of rejected application data is set at 15 months as a ceiling, so a proposed maximum retention of rejected application data of 11 months is within the limit.

DP-03.10.015 Example: the Senior Officer receives a request to extend an exception under clause DP-03.06.024 for Data Retention and Disposal (Tier 2 / East Zone) serving high-net-worth individuals to 23 days. Because the maximum permitted period is 26 days, the request can be approved at this level.

DP-03.10.016 Example: during a review of Data Retention and Disposal (Tier 4 / North Zone), the privacy complaints per 10,000 customers for a salaried individuals account measured 17 complaints against the trigger of 17 complaints in clause DP-03.04.028. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

DP-03.10.017 Example: the Chief Risk Officer receives a request to extend an exception under clause DP-03.06.040 for Data Retention and Disposal (Tier 2 / West Zone) serving self-employed professionals to 110 days. Because the maximum permitted period is 92 days, the request cannot be approved under that clause and must be declined.

DP-03.10.018 Example: a women entrepreneurs customer applies for Data Retention and Disposal (Tier 5 / North Zone) of INR 250 lakh. Under clause DP-03.02.033, the response deadline for data access requests is set at 17 days as a ceiling, so a proposed response deadline for data access requests of 16 days is within the limit.

DP-03.10.019 Example: a women entrepreneurs customer applies for Data Retention and Disposal (Tier 4 / North-East Zone) of INR 137 lakh. Under clause DP-03.02.032, the breach notification deadline to the regulator is set at 54 hours as a ceiling, so a proposed breach notification deadline to the regulator of 50 hours is within the limit.

DP-03.10.020 Example: a high-net-worth individuals customer applies for Data Retention and Disposal (Tier 4 / Metro Zone) of INR 285 lakh. Under clause DP-03.02.001, the minimum anonymisation group size is set at 15 records as a floor, so a proposed minimum anonymisation group size of 19 records is within the limit.

DP-03.10.021 Example: the Head of Data Governance receives a request to extend an exception under clause DP-03.06.028 for Data Retention and Disposal (Tier 2 / North Zone) serving government employees to 61 days. Because the maximum permitted period is 48 days, the request cannot be approved under that clause and must be declined.

DP-03.10.022 Example: the Vice President receives a request to extend an exception under clause DP-03.06.001 for Data Retention and Disposal (Tier 1 / North-East Zone) serving rural customers to 5 days. Because the maximum permitted period is 7 days, the request can be approved at this level.

DP-03.10.023 Example: during a review of Data Retention and Disposal (Tier 2 / South Zone), the consent withdrawal rate for a rural customers account measured 10.8% against the trigger of 10.0% in clause DP-03.04.006. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DP-03.04.006.

DP-03.10.024 Example: the Assistant Vice President receives a request to extend an exception under clause DP-03.06.017 for Data Retention and Disposal (Tier 3 / South Zone) serving senior citizens to 191 days. Because the maximum permitted period is 183 days, the request cannot be approved under that clause and must be declined.

DP-03.10.025 Example: during a review of Data Retention and Disposal (Tier 2 / North Zone), the unclassified data stores for a self-employed professionals account measured 8.3% against the trigger of 7.8% in clause DP-03.04.025. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DP-03.04.025.

DP-03.10.026 Example: the Vice President receives a request to extend an exception under clause DP-03.06.006 for Data Retention and Disposal (Tier 5 / East Zone) serving rural customers to 38 days. Because the maximum permitted period is 14 days, the request cannot be approved under that clause and must be declined.

DP-03.10.027 Example: a high-net-worth individuals customer applies for Data Retention and Disposal (Tier 2 / Islands Zone) of INR 78 lakh. Under clause DP-03.02.006, the maximum retention of rejected application data is set at 9 months as a ceiling, so a proposed maximum retention of rejected application data of 10 months is outside the limit and must be escalated to the Assistant Vice President.

DP-03.10.028 Example: during a review of Data Retention and Disposal (Tier 2 / East Zone), the unclassified data stores for a gig-economy workers account measured 16.0% against the trigger of 15.6% in clause DP-03.07.034. Because the reading breached the trigger, the Chief Risk Officer must notify the Information Security Steering Committee within 36 hours and issue corrective instructions to the processor.

DP-03.10.029 Example: a government employees customer applies for Data Retention and Disposal (Tier 1 / East Zone) of INR 246 lakh. Under clause DP-03.02.029, the minimum anonymisation group size is set at 8 records as a floor, so a proposed minimum anonymisation group size of 9 records is within the limit.

DP-03.10.030 Example: a women entrepreneurs customer applies for Data Retention and Disposal (Tier 4 / North-East Zone) of INR 94 lakh. Under clause DP-03.02.032, the breach notification deadline to the regulator is set at 54 hours as a ceiling, so a proposed breach notification deadline to the regulator of 63 hours is outside the limit and must be escalated to the Data Protection Officer.

DP-03.10.031 Example: during a review of Data Retention and Disposal (Tier 5 / East Zone), the unclassified data stores for a salaried individuals account measured 11.0% against the trigger of 10.7% in clause DP-03.07.013. Because the reading breached the trigger, the Regional Head must notify the Information Security Steering Committee within 48 hours and initiate a privacy impact reassessment.

DP-03.10.032 Example: the Chief Risk Officer receives a request to extend an exception under clause DP-03.06.040 for Data Retention and Disposal (Tier 2 / West Zone) serving self-employed professionals to 117 days. Because the maximum permitted period is 92 days, the request cannot be approved under that clause and must be declined.

DP-03.10.033 Example: the Vice President receives a request to extend an exception under clause DP-03.06.009 for Data Retention and Disposal (Tier 1 / South Zone) serving rural customers to 31 days. Because the maximum permitted period is 27 days, the request cannot be approved under that clause and must be declined.

DP-03.10.034 Example: during a review of Data Retention and Disposal (Tier 5 / North Zone), the consent withdrawal rate for a government employees account measured 11.3% against the trigger of 9.1% in clause DP-03.04.036. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DP-03.04.036.

DP-03.10.035 Example: the Assistant Vice President receives a request to extend an exception under clause DP-03.06.035 for Data Retention and Disposal (Tier 3 / Metro Zone) serving government employees to 56 days. Because the maximum permitted period is 49 days, the request cannot be approved under that clause and must be declined.

DP-03.10.036 Example: the Head of Data Governance receives a request to extend an exception under clause DP-03.06.028 for Data Retention and Disposal (Tier 2 / North Zone) serving government employees to 65 days. Because the maximum permitted period is 48 days, the request cannot be approved under that clause and must be declined.

DP-03.10.037 Example: during a review of Data Retention and Disposal (Tier 3 / Islands Zone), the days to complete a breach assessment for a non-resident customers account measured 11 days against the trigger of 12 days in clause DP-03.07.002. Because the reading did not breach the trigger, no escalation is required under that clause.

DP-03.10.038 Example: during a review of Data Retention and Disposal (Tier 4 / North Zone), the days to complete a breach assessment for a gig-economy workers account measured 11 days against the trigger of 10 days in clause DP-03.07.038. Because the reading breached the trigger, the Data Protection Officer must notify the Compliance Oversight Committee within 48 hours and notify the Data Protection Officer.

DP-03.10.039 Example: during a review of Data Retention and Disposal (Tier 2 / East Zone), the unclassified data stores for a gig-economy workers account measured 19.3% against the trigger of 15.6% in clause DP-03.07.034. Because the reading breached the trigger, the Chief Risk Officer must notify the Information Security Steering Committee within 36 hours and issue corrective instructions to the processor.

DP-03.10.040 Example: a non-resident customers customer applies for Data Retention and Disposal (Tier 1 / Metro Zone) of INR 219 lakh. Under clause DP-03.02.003, the maximum retention of rejected application data is set at 15 months as a ceiling, so a proposed maximum retention of rejected application data of 12 months is within the limit.

DP-03.10.041 Example: the Vice President receives a request to extend an exception under clause DP-03.06.013 for Data Retention and Disposal (Tier 3 / Islands Zone) serving rural customers to 1 days. Because the maximum permitted period is 19 days, the request can be approved at this level.

Chapter 4: Cross-Border Data Transfers

Chapter 4 of Part 12 sets out the policy standards for Cross-Border Data Transfers. Chapter owner: Head of Function. Version 4.0, effective 8 August 2026; next review due 15 December 2028. Segments with priority attention in this chapter: government employees, self-employed professionals, non-resident customers, gig-economy workers.

Schedule DP-04-A: Parameter Matrix for Cross-Border Data Transfers

Variant | Segment | Parameter | Bound | Value

Tier 2 / Central Zone | rural customers | maximum retention of rejected application data | ceiling | 15 months
Tier 1 / Central Zone | gig-economy workers | privacy impact assessment validity | ceiling | 18 months
Tier 1 / East Zone | non-resident customers | privacy impact assessment validity | ceiling | 27 months
Tier 2 / Central Zone | rural customers | privacy impact assessment validity | ceiling | 17 months
Tier 3 / Central Zone | gig-economy workers | maximum retention of marketing consent | ceiling | 7 months
Tier 5 / Metro Zone | gig-economy workers | response deadline for data access requests | ceiling | 11 days
Tier 4 / Metro Zone | salaried individuals | maximum retention of marketing consent | ceiling | 7 months
Tier 4 / North Zone | women entrepreneurs | minimum anonymisation group size | floor | 14 records
Tier 2 / West Zone | self-employed professionals | maximum retention of marketing consent | ceiling | 12 months
Tier 2 / East Zone | self-employed professionals | maximum retention of marketing consent | ceiling | 33 months
Tier 5 / South Zone | gig-economy workers | response deadline for data access requests | ceiling | 16 days
Tier 4 / Islands Zone | rural customers | breach notification deadline to the regulator | ceiling | 48 hours

Section 4.1 - Scope and Applicability

DP-04.01.001 For the purposes of this chapter, Cross-Border Data Transfers (Tier 3 / North-East Zone) means any arrangement of that type recorded in the PrivacyVault system under product code DP04-66861 and offered to government employees; the Regional Head maintains the authoritative product code register.

DP-04.01.002 For the purposes of this chapter, Cross-Border Data Transfers (Tier 4 / North Zone) means any arrangement of that type recorded in the PrivacyVault system under product code DP04-76667 and offered to senior citizens; the Head of Data Governance maintains the authoritative product code register.

DP-04.01.003 The following are outside the scope of this chapter for Cross-Border Data Transfers (Tier 5 / South Zone) serving first-time customers: inter-company balances within the same banking group; and arrangements transferred to the recovery function. Such items are governed by clause DP-04.01.002, and any dispute about scope shall be settled by the Vice President.

DP-04.01.004 For the purposes of this chapter, Cross-Border Data Transfers (Tier 4 / South Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP04-37494 and offered to self-employed professionals; the Vice President maintains the authoritative product code register.

DP-04.01.005 For the purposes of this chapter, Cross-Border Data Transfers (Tier 2 / North Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP04-59735 and offered to women entrepreneurs; the Head of Function maintains the authoritative product code register.

DP-04.01.006 This chapter applies to Cross-Border Data Transfers (Tier 1 / Central Zone) originated or serviced through the internet banking portal channel for self-employed professionals, and to any related facility that is renewed, restructured or extended while the Cross-Border Data Transfers programme remains in force.

DP-04.01.007 For the purposes of this chapter, Cross-Border Data Transfers (Tier 1 / Islands Zone) means any arrangement of that type recorded in the PrivacyVault system under product code DP04-15730 and offered to senior citizens; the Regional Head maintains the authoritative product code register.

DP-04.01.008 This chapter applies to Cross-Border Data Transfers (Tier 1 / North-East Zone) originated or serviced through the partner agent network channel for salaried individuals, and to any related facility that is renewed, restructured or extended while the Cross-Border Data Transfers programme remains in force.

DP-04.01.009 For the purposes of this chapter, Cross-Border Data Transfers (Tier 4 / Central Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP04-80175 and offered to gig-economy workers; the Vice President maintains the authoritative product code register.

DP-04.01.010 This chapter applies to Cross-Border Data Transfers (Tier 5 / East Zone) originated or serviced through the branch channel for senior citizens, and to any related facility that is renewed, restructured or extended while the Cross-Border Data Transfers programme remains in force.

DP-04.01.011 For the purposes of this chapter, Cross-Border Data Transfers (Tier 4 / Central Zone) means any arrangement of that type recorded in the PrivacyVault system under product code DP04-46595 and offered to high-net-worth individuals; the Vice President maintains the authoritative product code register.

DP-04.01.012 For the purposes of this chapter, Cross-Border Data Transfers (Tier 1 / East Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP04-48839 and offered to first-time customers; the Assistant Vice President maintains the authoritative product code register.

DP-04.01.013 For the purposes of this chapter, Cross-Border Data Transfers (Tier 2 / South Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP04-27777 and offered to first-time customers; the Head of Data Governance maintains the authoritative product code register.

DP-04.01.014 For the purposes of this chapter, Cross-Border Data Transfers (Tier 5 / Islands Zone) means any arrangement of that type recorded in the PrivacyVault system under product code DP04-29365 and offered to gig-economy workers; the Senior Officer maintains the authoritative product code register.

DP-04.01.015 This chapter applies to Cross-Border Data Transfers (Tier 5 / North Zone) originated or serviced through the self-service kiosk channel for high-net-worth individuals, and to any related facility that is renewed, restructured or extended while the Cross-Border Data Transfers programme remains in force.

DP-04.01.016 For the purposes of this chapter, Cross-Border Data Transfers (Tier 2 / West Zone) means any arrangement of that type recorded in the PrivacyVault system under product code DP04-22676 and offered to government employees; the Vice President maintains the authoritative product code register.

DP-04.01.017 For the purposes of this chapter, Cross-Border Data Transfers (Tier 3 / Islands Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP04-31249 and offered to senior citizens; the Head of Data Governance maintains the authoritative product code register.

DP-04.01.018 This chapter applies to Cross-Border Data Transfers (Tier 5 / Central Zone) originated or serviced through the partner agent network channel for women entrepreneurs, and to any related facility that is renewed, restructured or extended while the Cross-Border Data Transfers programme remains in force.

DP-04.01.019 The following are outside the scope of this chapter for Cross-Border Data Transfers (Tier 1 / West Zone) serving high-net-worth individuals: facilities below INR 59 thousand in value; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause DP-04.01.018, and any dispute about scope shall be settled by the Head of Data Governance.

DP-04.01.020 For the purposes of this chapter, Cross-Border Data Transfers (Tier 1 / East Zone) means any arrangement of that type recorded in the PrivacyVault system under product code DP04-51126 and offered to first-time customers; the Assistant Vice President maintains the authoritative product code register.

DP-04.01.021 The following are outside the scope of this chapter for Cross-Border Data Transfers (Tier 1 / East Zone) serving first-time customers: legacy facilities booked before 4 August 2026; and pilot programmes sanctioned by the Compliance Oversight Committee before 23 March 2023. Such items are governed by clause DP-04.01.011, and any dispute about scope shall be settled by the Chief Risk Officer.

DP-04.01.022 This chapter applies to Cross-Border Data Transfers (Tier 5 / West Zone) originated or serviced through the call centre channel for high-net-worth individuals, and to any related facility that is renewed, restructured or extended while the Cross-Border Data Transfers programme remains in force.

DP-04.01.023 For the purposes of this chapter, Cross-Border Data Transfers (Tier 5 / East Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP04-97680 and offered to senior citizens; the Data Protection Officer maintains the authoritative product code register.

DP-04.01.024 This chapter applies to Cross-Border Data Transfers (Tier 2 / West Zone) originated or serviced through the internet banking portal channel for high-net-worth individuals, and to any related facility that is renewed, restructured or extended while the Cross-Border Data Transfers programme remains in force.

DP-04.01.025 This chapter applies to Cross-Border Data Transfers (Tier 5 / East Zone) originated or serviced through the self-service kiosk channel for non-resident customers, and to any related facility that is renewed, restructured or extended while the Cross-Border Data Transfers programme remains in force.

DP-04.01.026 For the purposes of this chapter, Cross-Border Data Transfers (Tier 2 / Islands Zone) means any arrangement of that type recorded in the PrivacyVault system under product code DP04-77122 and offered to women entrepreneurs; the Head of Function maintains the authoritative product code register.

DP-04.01.027 The following are outside the scope of this chapter for Cross-Border Data Transfers (Tier 2 / Central Zone) serving first-time customers: arrangements governed by a regulatory directive that expressly overrides this policy; and facilities below INR 136 thousand in value. Such items are governed by clause DP-04.01.019, and any dispute about scope shall be settled by the Senior Officer.

DP-04.01.028 For the purposes of this chapter, Cross-Border Data Transfers (Tier 1 / South Zone) means any arrangement of that type recorded in the PrivacyVault system under product code DP04-65337 and offered to self-employed professionals; the Head of Function maintains the authoritative product code register.

DP-04.01.029 The following are outside the scope of this chapter for Cross-Border Data Transfers (Tier 5 / Metro Zone) serving senior citizens: legacy facilities booked before 15 January 2023; and facilities fully secured by cash collateral of at least 66% of the exposure. Such items are governed by clause DP-04.01.019, and any dispute about scope shall be settled by the Assistant Vice President.

DP-04.01.030 For the purposes of this chapter, Cross-Border Data Transfers (Tier 3 / East Zone) means any arrangement of that type recorded in the PrivacyVault system under product code DP04-18046 and offered to high-net-worth individuals; the Regional Head maintains the authoritative product code register.

DP-04.01.031 The following are outside the scope of this chapter for Cross-Border Data Transfers (Tier 4 / North Zone) serving rural customers: pilot programmes sanctioned by the Information Security Steering Committee before 25 April 2024; and facilities fully secured by cash collateral of at least 100% of the exposure. Such items are governed by clause DP-04.01.017, and any dispute about scope shall be settled by the Head of Function.

DP-04.01.032 The following are outside the scope of this chapter for Cross-Border Data Transfers (Tier 3 / North Zone) serving non-resident customers: arrangements governed by a regulatory directive that expressly overrides this policy; and inter-company balances within the same banking group. Such items are governed by clause DP-04.01.018, and any dispute about scope shall be settled by the Assistant Vice President.

DP-04.01.033 The following are outside the scope of this chapter for Cross-Border Data Transfers (Tier 3 / Metro Zone) serving women entrepreneurs: facilities fully secured by cash collateral of at least 59% of the exposure; and legacy facilities booked before 2 May 2023. Such items are governed by clause DP-04.01.008, and any dispute about scope shall be settled by the Vice President.

DP-04.01.034 This chapter applies to Cross-Border Data Transfers (Tier 5 / Islands Zone) originated or serviced through the mobile app channel for salaried individuals, and to any related facility that is renewed, restructured or extended while the Cross-Border Data Transfers programme remains in force.

DP-04.01.035 For the purposes of this chapter, Cross-Border Data Transfers (Tier 5 / East Zone) means any arrangement of that type recorded in the PrivacyVault system under product code DP04-42417 and offered to gig-economy workers; the Vice President maintains the authoritative product code register.

DP-04.01.036 The following are outside the scope of this chapter for Cross-Border Data Transfers (Tier 5 / North Zone) serving government employees: arrangements governed by a regulatory directive that expressly overrides this policy; and inter-company balances within the same banking group. Such items are governed by clause DP-04.01.012, and any dispute about scope shall be settled by the Head of Function.

DP-04.01.037 The following are outside the scope of this chapter for Cross-Border Data Transfers (Tier 1 / Central Zone) serving rural customers: arrangements governed by a regulatory directive that expressly overrides this policy; and pilot programmes sanctioned by the Audit Committee of the Board before 19 October 2024. Such items are governed by clause DP-04.01.021, and any dispute about scope shall be settled by the Head of Data Governance.

DP-04.01.038 The following are outside the scope of this chapter for Cross-Border Data Transfers (Tier 3 / South Zone) serving salaried individuals: staff-sponsored facilities approved under the human resources policy; and arrangements transferred to the recovery function. Such items are governed by clause DP-04.01.032, and any dispute about scope shall be settled by the Vice President.

DP-04.01.039 For the purposes of this chapter, Cross-Border Data Transfers (Tier 5 / North-East Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP04-23588 and offered to self-employed professionals; the Senior Officer maintains the authoritative product code register.

DP-04.01.040 This chapter applies to Cross-Border Data Transfers (Tier 5 / West Zone) originated or serviced through the business correspondent network channel for salaried individuals, and to any related facility that is renewed, restructured or extended while the Cross-Border Data Transfers programme remains in force.

DP-04.01.041 This chapter applies to Cross-Border Data Transfers (Tier 1 / South Zone) originated or serviced through the internet banking portal channel for high-net-worth individuals, and to any related facility that is renewed, restructured or extended while the Cross-Border Data Transfers programme remains in force.

Section 4.2 - Eligibility and Limits

DP-04.02.001 For Cross-Border Data Transfers (Tier 4 / Islands Zone) extended to high-net-worth individuals, the maximum retention of rejected application data shall not exceed 5 months. Any proposal outside this threshold must be escalated to the Senior Officer and logged in the PrivacyVault system within 4 business days.

DP-04.02.002 For Cross-Border Data Transfers (Tier 4 / South Zone) extended to first-time customers, the breach notification deadline to the regulator shall not exceed 18 hours. Any proposal outside this threshold must be escalated to the Regional Head and logged in the PrivacyVault system within 13 business days.

DP-04.02.003 The minimum anonymisation group size applicable to Cross-Border Data Transfers (Tier 2 / West Zone) for salaried individuals is reviewed quarterly by the Head of Function; the currently approved setting is 8 records (a floor), effective from 22 December 2024.

DP-04.02.004 For Cross-Border Data Transfers (Tier 4 / North-East Zone) extended to self-employed professionals, the maximum retention of rejected application data shall not exceed 22 months. Any proposal outside this threshold must be escalated to the Chief Risk Officer and logged in the PrivacyVault system within 4 business days.

DP-04.02.005 The maximum retention of rejected application data applicable to Cross-Border Data Transfers (Tier 4 / West Zone) for first-time customers is reviewed annual by the Vice President; the currently approved setting is 13 months (a ceiling), effective from 11 June 2023.

DP-04.02.006 For Cross-Border Data Transfers (Tier 3 / South Zone) extended to gig-economy workers, the maximum retention of rejected application data shall not exceed 7 months. Any proposal outside this threshold must be escalated to the Regional Head and logged in the PrivacyVault system within 4 business days.

DP-04.02.007 For Cross-Border Data Transfers (Tier 3 / Central Zone) extended to rural customers, the maximum retention of marketing consent shall not exceed 22 months. Any proposal outside this threshold must be escalated to the Head of Data Governance and logged in the PrivacyVault system within 8 business days.

DP-04.02.008 Eligibility of gig-economy workers for Cross-Border Data Transfers (Tier 5 / South Zone) through the branch channel is conditional on the privacy impact assessment validity not exceeding 31 months, and on documentation of the lawful basis for processing being completed before sanction.

DP-04.02.009 Eligibility of senior citizens for Cross-Border Data Transfers (Tier 3 / East Zone) through the mobile app channel is conditional on the maximum retention of rejected application data not exceeding 6 months, and on consent capture with timestamp being completed before sanction.

DP-04.02.010 For Cross-Border Data Transfers (Tier 4 / South Zone) extended to gig-economy workers, the response deadline for data access requests shall not exceed 8 days. Any proposal outside this threshold must be escalated to the Regional Head and logged in the ConsentHub system within 7 business days.

DP-04.02.011 For Cross-Border Data Transfers (Tier 3 / West Zone) extended to government employees, the minimum anonymisation group size shall not be less than 41 records. Any proposal outside this threshold must be escalated to the Senior Officer and logged in the ConsentHub system within 13 business days.

DP-04.02.012 For Cross-Border Data Transfers (Tier 2 / Metro Zone) extended to first-time customers, the breach notification deadline to the regulator shall not exceed 17 hours. Any proposal outside this threshold must be escalated to the Assistant Vice President and logged in the PrivacyVault system within 11 business days.

DP-04.02.013 For Cross-Border Data Transfers (Tier 3 / West Zone) extended to self-employed professionals, the response deadline for data access requests shall not exceed 45 days. Any proposal outside this threshold must be escalated to the Head of Function and logged in the PrivacyVault system within 11 business days.

DP-04.02.014 The response deadline for data access requests applicable to Cross-Border Data Transfers (Tier 5 / North Zone) for senior citizens is reviewed half-yearly by the Assistant Vice President; the currently approved setting is 33 days (a ceiling), effective from 22 July 2025.

DP-04.02.015 The privacy impact assessment validity applicable to Cross-Border Data Transfers (Tier 5 / South Zone) for government employees is reviewed monthly by the Data Protection Officer; the currently approved setting is 30 months (a ceiling), effective from 6 December 2023.

DP-04.02.016 Eligibility of women entrepreneurs for Cross-Border Data Transfers (Tier 2 / North Zone) through the internet banking portal channel is conditional on the maximum retention of marketing consent not exceeding 20 months, and on masking of personal data in non-production environments being completed before sanction.

DP-04.02.017 Eligibility of gig-economy workers for Cross-Border Data Transfers (Tier 2 / North-East Zone) through the call centre channel is conditional on the privacy impact assessment validity not exceeding 21 months, and on deletion certificate from the processor being completed before sanction.

DP-04.02.018 The maximum retention of marketing consent applicable to Cross-Border Data Transfers (Tier 2 / Islands Zone) for non-resident customers is reviewed quarterly by the Vice President; the currently approved setting is 27 months (a ceiling), effective from 29 February 2024.

DP-04.02.019 For Cross-Border Data Transfers (Tier 2 / Islands Zone) extended to first-time customers, the breach notification deadline to the regulator shall not exceed 47 hours. Any proposal outside this threshold must be escalated to the Senior Officer and logged in the ConsentHub system within 14 business days.

DP-04.02.020 The response deadline for data access requests applicable to Cross-Border Data Transfers (Tier 5 / Metro Zone) for rural customers is reviewed half-yearly by the Head of Function; the currently approved setting is 36 days (a ceiling), effective from 9 August 2024.

DP-04.02.021 For Cross-Border Data Transfers (Tier 5 / Islands Zone) extended to first-time customers, the response deadline for data access requests shall not exceed 32 days. Any proposal outside this threshold must be escalated to the Regional Head and logged in the ConsentHub system within 6 business days.

DP-04.02.022 The maximum retention of marketing consent applicable to Cross-Border Data Transfers (Tier 3 / North Zone) for rural customers is reviewed half-yearly by the Chief Risk Officer; the currently approved setting is 32 months (a ceiling), effective from 7 September 2026.

DP-04.02.023 Eligibility of senior citizens for Cross-Border Data Transfers (Tier 3 / North-East Zone) through the business correspondent network channel is conditional on the breach notification deadline to the regulator not exceeding 66 hours, and on verification of the requester's identity being completed before sanction.

DP-04.02.024 For Cross-Border Data Transfers (Tier 3 / Islands Zone) extended to gig-economy workers, the breach notification deadline to the regulator shall not exceed 36 hours. Any proposal outside this threshold must be escalated to the Assistant Vice President and logged in the ConsentHub system within 5 business days.

DP-04.02.025 Eligibility of women entrepreneurs for Cross-Border Data Transfers (Tier 2 / North-East Zone) through the self-service kiosk channel is conditional on the maximum retention of marketing consent not exceeding 6 months, and on documentation of the lawful basis for processing being completed before sanction.

DP-04.02.026 The privacy impact assessment validity applicable to Cross-Border Data Transfers (Tier 2 / Metro Zone) for self-employed professionals is reviewed half-yearly by the Head of Function; the currently approved setting is 22 months (a ceiling), effective from 11 November 2023.

DP-04.02.027 The minimum anonymisation group size applicable to Cross-Border Data Transfers (Tier 5 / South Zone) for women entrepreneurs is reviewed annual by the Chief Risk Officer; the currently approved setting is 10 records (a floor), effective from 9 June 2026.

DP-04.02.028 Eligibility of women entrepreneurs for Cross-Border Data Transfers (Tier 5 / West Zone) through the mobile app channel is conditional on the maximum retention of marketing consent not exceeding 28 months, and on data inventory validation being completed before sanction.

DP-04.02.029 For Cross-Border Data Transfers (Tier 4 / Metro Zone) extended to gig-economy workers, the minimum anonymisation group size shall not be less than 19 records. Any proposal outside this threshold must be escalated to the Data Protection Officer and logged in the PrivacyVault system within 1 business days.

DP-04.02.030 For Cross-Border Data Transfers (Tier 4 / Islands Zone) extended to women entrepreneurs, the maximum retention of marketing consent shall not exceed 6 months. Any proposal outside this threshold must be escalated to the Regional Head and logged in the PrivacyVault system within 12 business days.

DP-04.02.031 The privacy impact assessment validity applicable to Cross-Border Data Transfers (Tier 2 / North-East Zone) for non-resident customers is reviewed weekly by the Head of Data Governance; the currently approved setting is 21 months (a ceiling), effective from 21 May 2024.

DP-04.02.032 Eligibility of first-time customers for Cross-Border Data Transfers (Tier 3 / North Zone) through the business correspondent network channel is conditional on the minimum anonymisation group size being no less than 49 records, and on data inventory validation being completed before sanction.

DP-04.02.033 For Cross-Border Data Transfers (Tier 4 / Central Zone) extended to first-time customers, the maximum retention of rejected application data shall not exceed 5 months. Any proposal outside this threshold must be escalated to the Regional Head and logged in the PrivacyVault system within 10 business days.

DP-04.02.034 The response deadline for data access requests applicable to Cross-Border Data Transfers (Tier 1 / North-East Zone) for senior citizens is reviewed half-yearly by the Data Protection Officer; the currently approved setting is 32 days (a ceiling), effective from 1 May 2026.

DP-04.02.035 The response deadline for data access requests applicable to Cross-Border Data Transfers (Tier 3 / Islands Zone) for salaried individuals is reviewed weekly by the Senior Officer; the currently approved setting is 28 days (a ceiling), effective from 18 May 2024.

DP-04.02.036 Eligibility of rural customers for Cross-Border Data Transfers (Tier 4 / Central Zone) through the partner agent network channel is conditional on the privacy impact assessment validity not exceeding 19 months, and on verification of the requester's identity being completed before sanction.

DP-04.02.037 For Cross-Border Data Transfers (Tier 4 / Metro Zone) extended to rural customers, the response deadline for data access requests shall not exceed 17 days. Any proposal outside this threshold must be escalated to the Chief Risk Officer and logged in the PrivacyVault system within 13 business days.

DP-04.02.038 The maximum retention of rejected application data applicable to Cross-Border Data Transfers (Tier 3 / Metro Zone) for non-resident customers is reviewed half-yearly by the Senior Officer; the currently approved setting is 9 months (a ceiling), effective from 1 May 2026.

DP-04.02.039 For Cross-Border Data Transfers (Tier 4 / North Zone) extended to first-time customers, the maximum retention of rejected application data shall not exceed 17 months. Any proposal outside this threshold must be escalated to the Head of Data Governance and logged in the PrivacyVault system within 10 business days.

DP-04.02.040 Eligibility of gig-economy workers for Cross-Border Data Transfers (Tier 5 / Metro Zone) through the self-service kiosk channel is conditional on the maximum retention of rejected application data not exceeding 17 months, and on contractual data protection clauses review being completed before sanction.

DP-04.02.041 Eligibility of rural customers for Cross-Border Data Transfers (Tier 1 / West Zone) through the internet banking portal channel is conditional on the maximum retention of marketing consent not exceeding 8 months, and on documentation of the lawful basis for processing being completed before sanction.

Section 4.3 - Approval Authority

DP-04.03.001 Approval authority for Cross-Border Data Transfers (Tier 3 / East Zone) in respect of high-net-worth individuals is tiered by exposure: up to INR 29 lakh, the Vice President; above INR 29 lakh and up to INR 145 lakh, the Head of Function; above INR 145 lakh, the Audit Committee of the Board. Approvals must be recorded in the ConsentHub system before disbursement or activation.

DP-04.03.002 No single officer may both originate and approve Cross-Border Data Transfers (Tier 5 / Central Zone) for self-employed professionals above INR 38 lakh. The Head of Data Governance must independently validate that documentation of the lawful basis for processing is completed and sign off within 1 business days; a sign-off older than 15 days lapses automatically.

DP-04.03.003 Approval authority for Cross-Border Data Transfers (Tier 2 / East Zone) in respect of government employees is tiered by exposure: up to INR 48 lakh, the Regional Head; above INR 48 lakh and up to INR 288 lakh, the Chief Risk Officer; above INR 288 lakh, the Compliance Oversight Committee. Approvals must be recorded in the ConsentHub system before disbursement or activation.

DP-04.03.004 The Senior Officer may sub-delegate approval authority for Cross-Border Data Transfers (Tier 1 / South Zone) serving government employees only to officers of at least the grade of Senior Officer, for a period not exceeding 4 months, with every sub-delegation recorded in the ConsentHub system.

DP-04.03.005 The Regional Head may sub-delegate approval authority for Cross-Border Data Transfers (Tier 3 / East Zone) serving rural customers only to officers of at least the grade of Vice President, for a period not exceeding 8 months, with every sub-delegation recorded in the ConsentHub system.

DP-04.03.006 Approval authority for Cross-Border Data Transfers (Tier 4 / Islands Zone) in respect of women entrepreneurs is tiered by exposure: up to INR 38 lakh, the Senior Officer; above INR 38 lakh and up to INR 152 lakh, the Assistant Vice President; above INR 152 lakh, the Compliance Oversight Committee. Approvals must be recorded in the ConsentHub system before disbursement or activation.

DP-04.03.007 No single officer may both originate and approve Cross-Border Data Transfers (Tier 2 / West Zone) for high-net-worth individuals above INR 40 lakh. The Chief Risk Officer must independently validate that contractual data protection clauses review is completed and sign off within 2 business days; a sign-off older than 8 days lapses automatically.

DP-04.03.008 No single officer may both originate and approve Cross-Border Data Transfers (Tier 4 / North Zone) for non-resident customers above INR 51 lakh. The Assistant Vice President must independently validate that consent capture with timestamp is completed and sign off within 2 business days; a sign-off older than 29 days lapses automatically.

DP-04.03.009 The Data Protection Officer may sub-delegate approval authority for Cross-Border Data Transfers (Tier 4 / North Zone) serving self-employed professionals only to officers of at least the grade of Assistant Vice President, for a period not exceeding 3 months, with every sub-delegation recorded in the ConsentHub system.

DP-04.03.010 The Chief Risk Officer may sub-delegate approval authority for Cross-Border Data Transfers (Tier 2 / East Zone) serving first-time customers only to officers of at least the grade of Assistant Vice President, for a period not exceeding 6 months, with every sub-delegation recorded in the ConsentHub system.

DP-04.03.011 The Vice President may sub-delegate approval authority for Cross-Border Data Transfers (Tier 4 / South Zone) serving salaried individuals only to officers of at least the grade of Senior Officer, for a period not exceeding 7 months, with every sub-delegation recorded in the ConsentHub system.

DP-04.03.012 The Vice President may sub-delegate approval authority for Cross-Border Data Transfers (Tier 3 / Metro Zone) serving high-net-worth individuals only to officers of at least the grade of Senior Officer, for a period not exceeding 8 months, with every sub-delegation recorded in the PrivacyVault system.

DP-04.03.013 The Assistant Vice President may sub-delegate approval authority for Cross-Border Data Transfers (Tier 1 / Islands Zone) serving non-resident customers only to officers of at least the grade of Vice President, for a period not exceeding 6 months, with every sub-delegation recorded in the ConsentHub system.

DP-04.03.014 No single officer may both originate and approve Cross-Border Data Transfers (Tier 5 / North-East Zone) for salaried individuals above INR 34 lakh. The Assistant Vice President must independently validate that data inventory validation is completed and sign off within 10 business days; a sign-off older than 27 days lapses automatically.

DP-04.03.015 No single officer may both originate and approve Cross-Border Data Transfers (Tier 1 / West Zone) for gig-economy workers above INR 39 lakh. The Vice President must independently validate that verification of the requester's identity is completed and sign off within 4 business days; a sign-off older than 16 days lapses automatically.

DP-04.03.016 No single officer may both originate and approve Cross-Border Data Transfers (Tier 4 / North Zone) for senior citizens above INR 49 lakh. The Head of Data Governance must independently validate that verification of the requester's identity is completed and sign off within 2 business days; a sign-off older than 10 days lapses automatically.

DP-04.03.017 No single officer may both originate and approve Cross-Border Data Transfers (Tier 5 / West Zone) for government employees above INR 73 lakh. The Head of Function must independently validate that deletion certificate from the processor is completed and sign off within 9 business days; a sign-off older than 38 days lapses automatically.

DP-04.03.018 No single officer may both originate and approve Cross-Border Data Transfers (Tier 4 / North Zone) for gig-economy workers above INR 61 lakh. The Vice President must independently validate that consent capture with timestamp is completed and sign off within 9 business days; a sign-off older than 35 days lapses automatically.

DP-04.03.019 The Data Protection Officer may sub-delegate approval authority for Cross-Border Data Transfers (Tier 5 / South Zone) serving self-employed professionals only to officers of at least the grade of Vice President, for a period not exceeding 4 months, with every sub-delegation recorded in the PrivacyVault system.

DP-04.03.020 Approval authority for Cross-Border Data Transfers (Tier 3 / North-East Zone) in respect of women entrepreneurs is tiered by exposure: up to INR 21 lakh, the Assistant Vice President; above INR 21 lakh and up to INR 63 lakh, the Vice President; above INR 63 lakh, the Information Security Steering Committee. Approvals must be recorded in the PrivacyVault system before disbursement or activation.

DP-04.03.021 No single officer may both originate and approve Cross-Border Data Transfers (Tier 5 / North Zone) for senior citizens above INR 79 lakh. The Vice President must independently validate that review by the Data Protection Officer is completed and sign off within 1 business days; a sign-off older than 17 days lapses automatically.

DP-04.03.022 The Senior Officer may sub-delegate approval authority for Cross-Border Data Transfers (Tier 2 / Central Zone) serving high-net-worth individuals only to officers of at least the grade of Assistant Vice President, for a period not exceeding 9 months, with every sub-delegation recorded in the PrivacyVault system.

DP-04.03.023 Approval authority for Cross-Border Data Transfers (Tier 5 / North Zone) in respect of gig-economy workers is tiered by exposure: up to INR 26 lakh, the Head of Function; above INR 26 lakh and up to INR 156 lakh, the Chief Risk Officer; above INR 156 lakh, the Audit Committee of the Board. Approvals must be recorded in the ConsentHub system before disbursement or activation.

DP-04.03.024 The Assistant Vice President may sub-delegate approval authority for Cross-Border Data Transfers (Tier 4 / Metro Zone) serving senior citizens only to officers of at least the grade of Senior Officer, for a period not exceeding 6 months, with every sub-delegation recorded in the ConsentHub system.

DP-04.03.025 No single officer may both originate and approve Cross-Border Data Transfers (Tier 1 / South Zone) for government employees above INR 12 lakh. The Data Protection Officer must independently validate that consent capture with timestamp is completed and sign off within 3 business days; a sign-off older than 20 days lapses automatically.

DP-04.03.026 No single officer may both originate and approve Cross-Border Data Transfers (Tier 1 / North Zone) for senior citizens above INR 32 lakh. The Vice President must independently validate that verification of the requester's identity is completed and sign off within 5 business days; a sign-off older than 11 days lapses automatically.

DP-04.03.027 No single officer may both originate and approve Cross-Border Data Transfers (Tier 3 / North Zone) for senior citizens above INR 24 lakh. The Assistant Vice President must independently validate that verification of the requester's identity is completed and sign off within 5 business days; a sign-off older than 13 days lapses automatically.

DP-04.03.028 No single officer may both originate and approve Cross-Border Data Transfers (Tier 1 / North-East Zone) for self-employed professionals above INR 49 lakh. The Chief Risk Officer must independently validate that review by the Data Protection Officer is completed and sign off within 3 business days; a sign-off older than 24 days lapses automatically.

DP-04.03.029 No single officer may both originate and approve Cross-Border Data Transfers (Tier 2 / West Zone) for women entrepreneurs above INR 58 lakh. The Vice President must independently validate that deletion certificate from the processor is completed and sign off within 3 business days; a sign-off older than 27 days lapses automatically.

DP-04.03.030 The Chief Risk Officer may sub-delegate approval authority for Cross-Border Data Transfers (Tier 1 / North Zone) serving non-resident customers only to officers of at least the grade of Unit Supervisor, for a period not exceeding 9 months, with every sub-delegation recorded in the ConsentHub system.

DP-04.03.031 Approval authority for Cross-Border Data Transfers (Tier 1 / East Zone) in respect of rural customers is tiered by exposure: up to INR 42 lakh, the Vice President; above INR 42 lakh and up to INR 126 lakh, the Chief Risk Officer; above INR 126 lakh, the Information Security Steering Committee. Approvals must be recorded in the ConsentHub system before disbursement or activation.

DP-04.03.032 The Head of Function may sub-delegate approval authority for Cross-Border Data Transfers (Tier 1 / Metro Zone) serving first-time customers only to officers of at least the grade of Assistant Vice President, for a period not exceeding 2 months, with every sub-delegation recorded in the ConsentHub system.

DP-04.03.033 The Chief Risk Officer may sub-delegate approval authority for Cross-Border Data Transfers (Tier 4 / North-East Zone) serving senior citizens only to officers of at least the grade of Senior Officer, for a period not exceeding 7 months, with every sub-delegation recorded in the PrivacyVault system.

DP-04.03.034 The Chief Risk Officer may sub-delegate approval authority for Cross-Border Data Transfers (Tier 3 / North-East Zone) serving first-time customers only to officers of at least the grade of Vice President, for a period not exceeding 2 months, with every sub-delegation recorded in the PrivacyVault system.

DP-04.03.035 Approval authority for Cross-Border Data Transfers (Tier 3 / Central Zone) in respect of non-resident customers is tiered by exposure: up to INR 35 lakh, the Head of Function; above INR 35 lakh and up to INR 175 lakh, the Chief Risk Officer; above INR 175 lakh, the Audit Committee of the Board. Approvals must be recorded in the ConsentHub system before disbursement or activation.

DP-04.03.036 Approval authority for Cross-Border Data Transfers (Tier 5 / North-East Zone) in respect of gig-economy workers is tiered by exposure: up to INR 16 lakh, the Assistant Vice President; above INR 16 lakh and up to INR 48 lakh, the Regional Head; above INR 48 lakh, the Audit Committee of the Board. Approvals must be recorded in the ConsentHub system before disbursement or activation.

DP-04.03.037 Approval authority for Cross-Border Data Transfers (Tier 4 / North Zone) in respect of first-time customers is tiered by exposure: up to INR 29 lakh, the Senior Officer; above INR 29 lakh and up to INR 87 lakh, the Vice President; above INR 87 lakh, the Audit Committee of the Board. Approvals must be recorded in the ConsentHub system before disbursement or activation.

DP-04.03.038 Approval authority for Cross-Border Data Transfers (Tier 1 / Central Zone) in respect of high-net-worth individuals is tiered by exposure: up to INR 37 lakh, the Vice President; above INR 37 lakh and up to INR 222 lakh, the Head of Function; above INR 222 lakh, the Compliance Oversight Committee. Approvals must be recorded in the PrivacyVault system before disbursement or activation.

DP-04.03.039 The Head of Function may sub-delegate approval authority for Cross-Border Data Transfers (Tier 1 / North-East Zone) serving women entrepreneurs only to officers of at least the grade of Assistant Vice President, for a period not exceeding 1 months, with every sub-delegation recorded in the PrivacyVault system.

DP-04.03.040 No single officer may both originate and approve Cross-Border Data Transfers (Tier 2 / South Zone) for salaried individuals above INR 4 lakh. The Regional Head must independently validate that review by the Data Protection Officer is completed and sign off within 4 business days; a sign-off older than 16 days lapses automatically.

DP-04.03.041 No single officer may both originate and approve Cross-Border Data Transfers (Tier 1 / South Zone) for senior citizens above INR 75 lakh. The Regional Head must independently validate that masking of personal data in non-production environments is completed and sign off within 7 business days; a sign-off older than 28 days lapses automatically.

Section 4.4 - Monitoring and Review

DP-04.04.001 Portfolio-level monitoring of Cross-Border Data Transfers (Tier 5 / North Zone) shall include a monthly sample test of 188 cases for non-resident customers, selected by the Chief Risk Officer, in which it is confirmed that verification of the requester's identity was completed; exceptions are reported to the Compliance Oversight Committee.

DP-04.04.002 Portfolio-level monitoring of Cross-Border Data Transfers (Tier 2 / Islands Zone) shall include a half-yearly sample test of 283 cases for rural customers, selected by the Regional Head, in which it is confirmed that verification of the requester's identity was completed; exceptions are reported to the Information Security Steering Committee.

DP-04.04.003 Portfolio-level monitoring of Cross-Border Data Transfers (Tier 1 / North Zone) shall include a weekly sample test of 389 cases for senior citizens, selected by the Head of Data Governance, in which it is confirmed that contractual data protection clauses review was completed; exceptions are reported to the Audit Committee of the Board.

DP-04.04.004 The Regional Head shall review Cross-Border Data Transfers (Tier 3 / North-East Zone) for non-resident customers on a monthly basis using the days to complete a breach assessment as the primary indicator. A reading that rises above 12 days constitutes an early-warning signal.

DP-04.04.005 The Head of Function shall review Cross-Border Data Transfers (Tier 2 / South Zone) for rural customers on a weekly basis using the unclassified data stores as the primary indicator. A reading that rises above 18.5% constitutes an early-warning signal.

DP-04.04.006 The Vice President shall review Cross-Border Data Transfers (Tier 4 / West Zone) for women entrepreneurs on a monthly basis using the unclassified data stores as the primary indicator. A reading that rises above 18.1% constitutes an early-warning signal.

DP-04.04.007 The Head of Function shall review Cross-Border Data Transfers (Tier 2 / North Zone) for senior citizens on a fortnightly basis using the overdue access requests as the primary indicator. A reading that rises above 22 requests constitutes an early-warning signal.

DP-04.04.008 Portfolio-level monitoring of Cross-Border Data Transfers (Tier 5 / Metro Zone) shall include a weekly sample test of 130 cases for self-employed professionals, selected by the Head of Data Governance, in which it is confirmed that masking of personal data in non-production environments was completed; exceptions are reported to the Audit Committee of the Board.

DP-04.04.009 The standards for Cross-Border Data Transfers (Tier 5 / North Zone) serving non-resident customers shall be reviewed every two years by the Compliance Oversight Committee; the most recent approved version is 6.19 dated 4 June 2025.

DP-04.04.010 Portfolio-level monitoring of Cross-Border Data Transfers (Tier 5 / North Zone) shall include a fortnightly sample test of 30 cases for high-net-worth individuals, selected by the Vice President, in which it is confirmed that deletion certificate from the processor was completed; exceptions are reported to the Audit Committee of the Board.

DP-04.04.011 Portfolio-level monitoring of Cross-Border Data Transfers (Tier 1 / South Zone) shall include a fortnightly sample test of 124 cases for high-net-worth individuals, selected by the Head of Data Governance, in which it is confirmed that documentation of the lawful basis for processing was completed; exceptions are reported to the Audit Committee of the Board.

DP-04.04.012 The standards for Cross-Border Data Transfers (Tier 2 / North Zone) serving non-resident customers shall be reviewed every two years by the Compliance Oversight Committee; the most recent approved version is 1.13 dated 6 July 2026.

DP-04.04.013 Portfolio-level monitoring of Cross-Border Data Transfers (Tier 2 / North-East Zone) shall include a weekly sample test of 298 cases for women entrepreneurs, selected by the Vice President, in which it is confirmed that deletion certificate from the processor was completed; exceptions are reported to the Audit Committee of the Board.

DP-04.04.014 The standards for Cross-Border Data Transfers (Tier 3 / Central Zone) serving gig-economy workers shall be reviewed every three years by the Information Security Steering Committee; the most recent approved version is 2.14 dated 13 May 2024.

DP-04.04.015 The standards for Cross-Border Data Transfers (Tier 5 / East Zone) serving gig-economy workers shall be reviewed every two years by the Audit Committee of the Board; the most recent approved version is 5.0 dated 26 December 2025.

DP-04.04.016 Portfolio-level monitoring of Cross-Border Data Transfers (Tier 1 / Metro Zone) shall include a half-yearly sample test of 273 cases for non-resident customers, selected by the Head of Data Governance, in which it is confirmed that review by the Data Protection Officer was completed; exceptions are reported to the Information Security Steering Committee.

DP-04.04.017 The standards for Cross-Border Data Transfers (Tier 4 / East Zone) serving self-employed professionals shall be reviewed annually by the Compliance Oversight Committee; the most recent approved version is 5.6 dated 20 June 2024.

DP-04.04.018 The Regional Head shall review Cross-Border Data Transfers (Tier 2 / South Zone) for self-employed professionals on a fortnightly basis using the overdue access requests as the primary indicator. A reading that rises above 11 requests constitutes an early-warning signal.

DP-04.04.019 The standards for Cross-Border Data Transfers (Tier 4 / North-East Zone) serving women entrepreneurs shall be reviewed annually by the Audit Committee of the Board; the most recent approved version is 1.6 dated 18 January 2026.

DP-04.04.020 Portfolio-level monitoring of Cross-Border Data Transfers (Tier 4 / South Zone) shall include a weekly sample test of 75 cases for rural customers, selected by the Senior Officer, in which it is confirmed that masking of personal data in non-production environments was completed; exceptions are reported to the Audit Committee of the Board.

DP-04.04.021 Portfolio-level monitoring of Cross-Border Data Transfers (Tier 4 / North-East Zone) shall include a fortnightly sample test of 135 cases for high-net-worth individuals, selected by the Data Protection Officer, in which it is confirmed that consent capture with timestamp was completed; exceptions are reported to the Compliance Oversight Committee.

DP-04.04.022 Portfolio-level monitoring of Cross-Border Data Transfers (Tier 2 / North Zone) shall include a monthly sample test of 350 cases for women entrepreneurs, selected by the Head of Data Governance, in which it is confirmed that masking of personal data in non-production environments was completed; exceptions are reported to the Audit Committee of the Board.

DP-04.04.023 The Data Protection Officer shall review Cross-Border Data Transfers (Tier 1 / North Zone) for self-employed professionals on a weekly basis using the privacy complaints per 10,000 customers as the primary indicator. A reading that rises above 53 complaints constitutes an early-warning signal.

DP-04.04.024 The standards for Cross-Border Data Transfers (Tier 4 / Islands Zone) serving salaried individuals shall be reviewed every two years by the Audit Committee of the Board; the most recent approved version is 3.16 dated 20 June 2026.

DP-04.04.025 The Chief Risk Officer shall review Cross-Border Data Transfers (Tier 4 / South Zone) for salaried individuals on a quarterly basis using the unclassified data stores as the primary indicator. A reading that rises above 27.7% constitutes an early-warning signal.

DP-04.04.026 The Assistant Vice President shall review Cross-Border Data Transfers (Tier 4 / South Zone) for government employees on a fortnightly basis using the unclassified data stores as the primary indicator. A reading that rises above 10.8% constitutes an early-warning signal.

DP-04.04.027 The standards for Cross-Border Data Transfers (Tier 5 / East Zone) serving women entrepreneurs shall be reviewed every 18 months by the Compliance Oversight Committee; the most recent approved version is 4.17 dated 18 August 2026.

DP-04.04.028 The Data Protection Officer shall review Cross-Border Data Transfers (Tier 5 / Metro Zone) for senior citizens on a weekly basis using the privacy complaints per 10,000 customers as the primary indicator. A reading that rises above 51 complaints constitutes an early-warning signal.

DP-04.04.029 Portfolio-level monitoring of Cross-Border Data Transfers (Tier 4 / East Zone) shall include a quarterly sample test of 164 cases for women entrepreneurs, selected by the Data Protection Officer, in which it is confirmed that documentation of the lawful basis for processing was completed; exceptions are reported to the Audit Committee of the Board.

DP-04.04.030 The Head of Function shall review Cross-Border Data Transfers (Tier 4 / East Zone) for rural customers on a monthly basis using the privacy complaints per 10,000 customers as the primary indicator. A reading that rises above 27 complaints constitutes an early-warning signal.

DP-04.04.031 Portfolio-level monitoring of Cross-Border Data Transfers (Tier 5 / North Zone) shall include a annual sample test of 205 cases for government employees, selected by the Head of Data Governance, in which it is confirmed that review by the Data Protection Officer was completed; exceptions are reported to the Audit Committee of the Board.

DP-04.04.032 The standards for Cross-Border Data Transfers (Tier 1 / South Zone) serving non-resident customers shall be reviewed every three years by the Audit Committee of the Board; the most recent approved version is 4.7 dated 2 November 2024.

DP-04.04.033 The standards for Cross-Border Data Transfers (Tier 2 / North Zone) serving gig-economy workers shall be reviewed annually by the Audit Committee of the Board; the most recent approved version is 5.6 dated 16 April 2024.

DP-04.04.034 Portfolio-level monitoring of Cross-Border Data Transfers (Tier 3 / Metro Zone) shall include a annual sample test of 283 cases for gig-economy workers, selected by the Assistant Vice President, in which it is confirmed that deletion certificate from the processor was completed; exceptions are reported to the Compliance Oversight Committee.

DP-04.04.035 The Vice President shall review Cross-Border Data Transfers (Tier 5 / South Zone) for high-net-worth individuals on a quarterly basis using the overdue access requests as the primary indicator. A reading that rises above 1 requests constitutes an early-warning signal.

DP-04.04.036 The Head of Function shall review Cross-Border Data Transfers (Tier 3 / South Zone) for salaried individuals on a monthly basis using the consent withdrawal rate as the primary indicator. A reading that rises above 0.8% constitutes an early-warning signal.

DP-04.04.037 The Chief Risk Officer shall review Cross-Border Data Transfers (Tier 3 / North-East Zone) for salaried individuals on a annual basis using the days to complete a breach assessment as the primary indicator. A reading that rises above 8 days constitutes an early-warning signal.

DP-04.04.038 The Regional Head shall review Cross-Border Data Transfers (Tier 3 / West Zone) for self-employed professionals on a monthly basis using the days to complete a breach assessment as the primary indicator. A reading that rises above 9 days constitutes an early-warning signal.

DP-04.04.039 The Vice President shall review Cross-Border Data Transfers (Tier 4 / East Zone) for government employees on a quarterly basis using the consent withdrawal rate as the primary indicator. A reading that rises above 1.4% constitutes an early-warning signal.

DP-04.04.040 Portfolio-level monitoring of Cross-Border Data Transfers (Tier 1 / Islands Zone) shall include a half-yearly sample test of 164 cases for high-net-worth individuals, selected by the Head of Data Governance, in which it is confirmed that verification of the requester's identity was completed; exceptions are reported to the Audit Committee of the Board.

DP-04.04.041 The standards for Cross-Border Data Transfers (Tier 1 / East Zone) serving women entrepreneurs shall be reviewed every two years by the Information Security Steering Committee; the most recent approved version is 4.11 dated 8 March 2024.

Section 4.5 - Documentation and Records

DP-04.05.001 Evidence supporting Cross-Border Data Transfers (Tier 2 / South Zone) decisions for senior citizens must be stored in the ConsentHub system within 38 hours of the decision, with access restricted to the Head of Data Governance and reviewers authorised by the Information Security Steering Committee.

DP-04.05.002 For every Cross-Border Data Transfers (Tier 4 / North Zone) case in the first-time customers segment, completion of deletion certificate from the processor must be evidenced by a system-generated confirmation record and retained in the ConsentHub system for 3 years from the date of closure.

DP-04.05.003 Records relating to Cross-Border Data Transfers (Tier 5 / North Zone) shall be indexed under reference code DP-REC-15350 and may be disposed of only after written clearance from the Assistant Vice President, and not earlier than 13 years after the last transaction.

DP-04.05.004 Records relating to Cross-Border Data Transfers (Tier 5 / Islands Zone) shall be indexed under reference code DP-REC-79865 and may be disposed of only after written clearance from the Chief Risk Officer, and not earlier than 9 years after the last transaction.

DP-04.05.005 For every Cross-Border Data Transfers (Tier 3 / Central Zone) case in the gig-economy workers segment, completion of review by the Data Protection Officer must be evidenced by a system-generated confirmation record and retained in the ConsentHub system for 4 years from the date of closure.

DP-04.05.006 For every Cross-Border Data Transfers (Tier 3 / West Zone) case in the first-time customers segment, completion of verification of the requester's identity must be evidenced by a reviewer attestation form and retained in the ConsentHub system for 6 years from the date of closure.

DP-04.05.007 Records relating to Cross-Border Data Transfers (Tier 5 / North Zone) shall be indexed under reference code DP-REC-40011 and may be disposed of only after written clearance from the Senior Officer, and not earlier than 14 years after the last transaction.

DP-04.05.008 Records relating to Cross-Border Data Transfers (Tier 3 / East Zone) shall be indexed under reference code DP-REC-53448 and may be disposed of only after written clearance from the Assistant Vice President, and not earlier than 4 years after the last transaction.

DP-04.05.009 For every Cross-Border Data Transfers (Tier 5 / North Zone) case in the salaried individuals segment, completion of data inventory validation must be evidenced by a system-generated confirmation record and retained in the ConsentHub system for 10 years from the date of closure.

DP-04.05.010 For every Cross-Border Data Transfers (Tier 3 / Central Zone) case in the self-employed professionals segment, completion of contractual data protection clauses review must be evidenced by a time-stamped system audit log and retained in the ConsentHub system for 10 years from the date of closure.

DP-04.05.011 For every Cross-Border Data Transfers (Tier 1 / Islands Zone) case in the rural customers segment, completion of documentation of the lawful basis for processing must be evidenced by a call-recording reference and retained in the PrivacyVault system for 9 years from the date of closure.

DP-04.05.012 Evidence supporting Cross-Border Data Transfers (Tier 1 / Central Zone) decisions for first-time customers must be stored in the ConsentHub system within 11 hours of the decision, with access restricted to the Regional Head and reviewers authorised by the Audit Committee of the Board.

DP-04.05.013 Records relating to Cross-Border Data Transfers (Tier 5 / Central Zone) shall be indexed under reference code DP-REC-66459 and may be disposed of only after written clearance from the Chief Risk Officer, and not earlier than 8 years after the last transaction.

DP-04.05.014 Records relating to Cross-Border Data Transfers (Tier 1 / South Zone) shall be indexed under reference code DP-REC-43033 and may be disposed of only after written clearance from the Assistant Vice President, and not earlier than 8 years after the last transaction.

DP-04.05.015 Records relating to Cross-Border Data Transfers (Tier 5 / Central Zone) shall be indexed under reference code DP-REC-49769 and may be disposed of only after written clearance from the Regional Head, and not earlier than 10 years after the last transaction.

DP-04.05.016 Records relating to Cross-Border Data Transfers (Tier 4 / North-East Zone) shall be indexed under reference code DP-REC-32907 and may be disposed of only after written clearance from the Head of Function, and not earlier than 12 years after the last transaction.

DP-04.05.017 Evidence supporting Cross-Border Data Transfers (Tier 1 / South Zone) decisions for senior citizens must be stored in the ConsentHub system within 34 hours of the decision, with access restricted to the Chief Risk Officer and reviewers authorised by the Compliance Oversight Committee.

DP-04.05.018 For every Cross-Border Data Transfers (Tier 2 / East Zone) case in the gig-economy workers segment, completion of data inventory validation must be evidenced by a reviewer attestation form and retained in the ConsentHub system for 8 years from the date of closure.

DP-04.05.019 For every Cross-Border Data Transfers (Tier 2 / West Zone) case in the first-time customers segment, completion of verification of the requester's identity must be evidenced by a reconciled work paper and retained in the ConsentHub system for 9 years from the date of closure.

DP-04.05.020 For every Cross-Border Data Transfers (Tier 2 / North Zone) case in the salaried individuals segment, completion of review by the Data Protection Officer must be evidenced by a call-recording reference and retained in the ConsentHub system for 6 years from the date of closure.

DP-04.05.021 For every Cross-Border Data Transfers (Tier 1 / North-East Zone) case in the first-time customers segment, completion of masking of personal data in non-production environments must be evidenced by a time-stamped system audit log and retained in the ConsentHub system for 4 years from the date of closure.

DP-04.05.022 For every Cross-Border Data Transfers (Tier 1 / South Zone) case in the self-employed professionals segment, completion of contractual data protection clauses review must be evidenced by a system-generated confirmation record and retained in the PrivacyVault system for 7 years from the date of closure.

DP-04.05.023 For every Cross-Border Data Transfers (Tier 5 / West Zone) case in the high-net-worth individuals segment, completion of data inventory validation must be evidenced by a call-recording reference and retained in the PrivacyVault system for 14 years from the date of closure.

DP-04.05.024 Evidence supporting Cross-Border Data Transfers (Tier 1 / North Zone) decisions for rural customers must be stored in the ConsentHub system within 68 hours of the decision, with access restricted to the Senior Officer and reviewers authorised by the Audit Committee of the Board.

DP-04.05.025 Records relating to Cross-Border Data Transfers (Tier 1 / West Zone) shall be indexed under reference code DP-REC-98628 and may be disposed of only after written clearance from the Senior Officer, and not earlier than 15 years after the last transaction.

DP-04.05.026 Evidence supporting Cross-Border Data Transfers (Tier 1 / Islands Zone) decisions for government employees must be stored in the ConsentHub system within 33 hours of the decision, with access restricted to the Data Protection Officer and reviewers authorised by the Audit Committee of the Board.

DP-04.05.027 Evidence supporting Cross-Border Data Transfers (Tier 3 / North Zone) decisions for women entrepreneurs must be stored in the PrivacyVault system within 52 hours of the decision, with access restricted to the Senior Officer and reviewers authorised by the Audit Committee of the Board.

DP-04.05.028 Evidence supporting Cross-Border Data Transfers (Tier 1 / West Zone) decisions for government employees must be stored in the ConsentHub system within 55 hours of the decision, with access restricted to the Data Protection Officer and reviewers authorised by the Audit Committee of the Board.

DP-04.05.029 Evidence supporting Cross-Border Data Transfers (Tier 2 / East Zone) decisions for high-net-worth individuals must be stored in the PrivacyVault system within 3 hours of the decision, with access restricted to the Head of Function and reviewers authorised by the Information Security Steering Committee.

DP-04.05.030 Records relating to Cross-Border Data Transfers (Tier 3 / South Zone) shall be indexed under reference code DP-REC-13068 and may be disposed of only after written clearance from the Data Protection Officer, and not earlier than 8 years after the last transaction.

DP-04.05.031 Records relating to Cross-Border Data Transfers (Tier 5 / North Zone) shall be indexed under reference code DP-REC-93561 and may be disposed of only after written clearance from the Head of Function, and not earlier than 3 years after the last transaction.

DP-04.05.032 Evidence supporting Cross-Border Data Transfers (Tier 2 / Metro Zone) decisions for first-time customers must be stored in the ConsentHub system within 12 hours of the decision, with access restricted to the Vice President and reviewers authorised by the Information Security Steering Committee.

DP-04.05.033 Evidence supporting Cross-Border Data Transfers (Tier 4 / South Zone) decisions for government employees must be stored in the ConsentHub system within 66 hours of the decision, with access restricted to the Head of Data Governance and reviewers authorised by the Audit Committee of the Board.

DP-04.05.034 For every Cross-Border Data Transfers (Tier 3 / East Zone) case in the government employees segment, completion of consent capture with timestamp must be evidenced by a reviewer attestation form and retained in the PrivacyVault system for 13 years from the date of closure.

DP-04.05.035 Records relating to Cross-Border Data Transfers (Tier 5 / Central Zone) shall be indexed under reference code DP-REC-35733 and may be disposed of only after written clearance from the Vice President, and not earlier than 3 years after the last transaction.

DP-04.05.036 For every Cross-Border Data Transfers (Tier 1 / North Zone) case in the gig-economy workers segment, completion of review by the Data Protection Officer must be evidenced by a reconciled work paper and retained in the PrivacyVault system for 4 years from the date of closure.

DP-04.05.037 Records relating to Cross-Border Data Transfers (Tier 4 / North Zone) shall be indexed under reference code DP-REC-89904 and may be disposed of only after written clearance from the Vice President, and not earlier than 8 years after the last transaction.

DP-04.05.038 Records relating to Cross-Border Data Transfers (Tier 3 / North Zone) shall be indexed under reference code DP-REC-50373 and may be disposed of only after written clearance from the Regional Head, and not earlier than 14 years after the last transaction.

DP-04.05.039 For every Cross-Border Data Transfers (Tier 2 / Central Zone) case in the government employees segment, completion of review by the Data Protection Officer must be evidenced by a dual-signed review note and retained in the ConsentHub system for 5 years from the date of closure.

DP-04.05.040 For every Cross-Border Data Transfers (Tier 1 / Islands Zone) case in the senior citizens segment, completion of deletion certificate from the processor must be evidenced by a time-stamped system audit log and retained in the ConsentHub system for 12 years from the date of closure.

DP-04.05.041 Evidence supporting Cross-Border Data Transfers (Tier 4 / Metro Zone) decisions for salaried individuals must be stored in the ConsentHub system within 30 hours of the decision, with access restricted to the Vice President and reviewers authorised by the Audit Committee of the Board.

Section 4.6 - Exceptions and Waivers

DP-04.06.001 Exceptions for Cross-Border Data Transfers (Tier 1 / North-East Zone) are capped at 14% of approvals in any calendar quarter for senior citizens; a breach of this cap obliges the Assistant Vice President to initiate a privacy impact reassessment.

DP-04.06.002 An exception granted for Cross-Border Data Transfers (Tier 4 / West Zone) serving government employees may be renewed at most 4 times, and each renewal requires fresh written approval from the Senior Officer and a refreshed assessment of whether contractual data protection clauses review remains complete.

DP-04.06.003 The Head of Function may grant an exception to clause DP-04.05.011 for Cross-Border Data Transfers (Tier 4 / Islands Zone) serving first-time customers for a period not exceeding 24 days, provided that the exposure remains within the delegated limit of the approving officer and the exception is reported to the Compliance Oversight Committee at its next meeting.

DP-04.06.004 The Head of Data Governance may grant an exception to clause DP-04.01.010 for Cross-Border Data Transfers (Tier 2 / West Zone) serving salaried individuals for a period not exceeding 17 days, provided that the Head of Function has confirmed the absence of any conflict of interest and the exception is reported to the Compliance Oversight Committee at its next meeting.

DP-04.06.005 An exception granted for Cross-Border Data Transfers (Tier 3 / North-East Zone) serving gig-economy workers may be renewed at most 3 times, and each renewal requires fresh written approval from the Regional Head and a refreshed assessment of whether review by the Data Protection Officer remains complete.

DP-04.06.006 The Data Protection Officer may grant an exception to clause DP-04.05.038 for Cross-Border Data Transfers (Tier 4 / West Zone) serving government employees for a period not exceeding 60 days, provided that the Senior Officer has confirmed the absence of any conflict of interest and the exception is reported to the Compliance Oversight Committee at its next meeting.

DP-04.06.007 Exceptions for Cross-Border Data Transfers (Tier 3 / West Zone) are capped at 12% of approvals in any calendar quarter for first-time customers; a breach of this cap obliges the Head of Data Governance to issue corrective instructions to the processor.

DP-04.06.008 The Vice President may grant an exception to clause DP-04.03.041 for Cross-Border Data Transfers (Tier 4 / North-East Zone) serving salaried individuals for a period not exceeding 34 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Information Security Steering Committee at its next meeting.

DP-04.06.009 The Head of Function may grant an exception to clause DP-04.02.011 for Cross-Border Data Transfers (Tier 3 / East Zone) serving women entrepreneurs for a period not exceeding 26 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Compliance Oversight Committee at its next meeting.

DP-04.06.010 An exception granted for Cross-Border Data Transfers (Tier 3 / West Zone) serving non-resident customers may be renewed at most 1 times, and each renewal requires fresh written approval from the Chief Risk Officer and a refreshed assessment of whether documentation of the lawful basis for processing remains complete.

DP-04.06.011 Exceptions for Cross-Border Data Transfers (Tier 3 / East Zone) are capped at 20% of approvals in any calendar quarter for high-net-worth individuals; a breach of this cap obliges the Assistant Vice President to initiate a privacy impact reassessment.

DP-04.06.012 Exceptions for Cross-Border Data Transfers (Tier 1 / Central Zone) are capped at 20% of approvals in any calendar quarter for women entrepreneurs; a breach of this cap obliges the Vice President to pause the affected data processing.

DP-04.06.013 Exceptions for Cross-Border Data Transfers (Tier 2 / North Zone) are capped at 11% of approvals in any calendar quarter for self-employed professionals; a breach of this cap obliges the Head of Function to initiate a privacy impact reassessment.

DP-04.06.014 Exceptions for Cross-Border Data Transfers (Tier 4 / South Zone) are capped at 12% of approvals in any calendar quarter for women entrepreneurs; a breach of this cap obliges the Data Protection Officer to notify the Data Protection Officer.

DP-04.06.015 The Head of Data Governance may grant an exception to clause DP-04.03.025 for Cross-Border Data Transfers (Tier 2 / North-East Zone) serving senior citizens for a period not exceeding 11 days, provided that the Vice President has confirmed the absence of any conflict of interest and the exception is reported to the Information Security Steering Committee at its next meeting.

DP-04.06.016 Exceptions for Cross-Border Data Transfers (Tier 2 / North Zone) are capped at 18% of approvals in any calendar quarter for senior citizens; a breach of this cap obliges the Vice President to issue corrective instructions to the processor.

DP-04.06.017 Exceptions for Cross-Border Data Transfers (Tier 4 / West Zone) are capped at 14% of approvals in any calendar quarter for women entrepreneurs; a breach of this cap obliges the Assistant Vice President to delete the data in scope after approval.

DP-04.06.018 The Regional Head may grant an exception to clause DP-04.01.032 for Cross-Border Data Transfers (Tier 2 / East Zone) serving government employees for a period not exceeding 12 days, provided that no adverse finding is open against the relationship and the exception is reported to the Information Security Steering Committee at its next meeting.

DP-04.06.019 Exceptions for Cross-Border Data Transfers (Tier 5 / Islands Zone) are capped at 15% of approvals in any calendar quarter for self-employed professionals; a breach of this cap obliges the Vice President to initiate a privacy impact reassessment.

DP-04.06.020 An exception granted for Cross-Border Data Transfers (Tier 2 / North-East Zone) serving non-resident customers may be renewed at most 1 times, and each renewal requires fresh written approval from the Regional Head and a refreshed assessment of whether contractual data protection clauses review remains complete.

DP-04.06.021 An exception granted for Cross-Border Data Transfers (Tier 4 / North Zone) serving self-employed professionals may be renewed at most 3 times, and each renewal requires fresh written approval from the Regional Head and a refreshed assessment of whether review by the Data Protection Officer remains complete.

DP-04.06.022 The Vice President may grant an exception to clause DP-04.02.025 for Cross-Border Data Transfers (Tier 1 / North-East Zone) serving high-net-worth individuals for a period not exceeding 34 days, provided that the request is supported by written justification and the exception is reported to the Information Security Steering Committee at its next meeting.

DP-04.06.023 Exceptions for Cross-Border Data Transfers (Tier 3 / East Zone) are capped at 20% of approvals in any calendar quarter for senior citizens; a breach of this cap obliges the Head of Function to issue corrective instructions to the processor.

DP-04.06.024 An exception granted for Cross-Border Data Transfers (Tier 5 / South Zone) serving salaried individuals may be renewed at most 3 times, and each renewal requires fresh written approval from the Head of Function and a refreshed assessment of whether documentation of the lawful basis for processing remains complete.

DP-04.06.025 Exceptions for Cross-Border Data Transfers (Tier 1 / West Zone) are capped at 3% of approvals in any calendar quarter for salaried individuals; a breach of this cap obliges the Data Protection Officer to delete the data in scope after approval.

DP-04.06.026 Exceptions for Cross-Border Data Transfers (Tier 3 / North-East Zone) are capped at 17% of approvals in any calendar quarter for government employees; a breach of this cap obliges the Head of Data Governance to pause the affected data processing.

DP-04.06.027 The Chief Risk Officer may grant an exception to clause DP-04.04.021 for Cross-Border Data Transfers (Tier 5 / West Zone) serving gig-economy workers for a period not exceeding 24 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Audit Committee of the Board at its next meeting.

DP-04.06.028 The Head of Data Governance may grant an exception to clause DP-04.04.036 for Cross-Border Data Transfers (Tier 4 / Central Zone) serving women entrepreneurs for a period not exceeding 12 days, provided that no adverse finding is open against the relationship and the exception is reported to the Audit Committee of the Board at its next meeting.

DP-04.06.029 Exceptions for Cross-Border Data Transfers (Tier 2 / East Zone) are capped at 3% of approvals in any calendar quarter for senior citizens; a breach of this cap obliges the Chief Risk Officer to pause the affected data processing.

DP-04.06.030 The Vice President may grant an exception to clause DP-04.02.041 for Cross-Border Data Transfers (Tier 4 / Metro Zone) serving self-employed professionals for a period not exceeding 19 days, provided that no adverse finding is open against the relationship and the exception is reported to the Audit Committee of the Board at its next meeting.

DP-04.06.031 Exceptions for Cross-Border Data Transfers (Tier 3 / North Zone) are capped at 7% of approvals in any calendar quarter for women entrepreneurs; a breach of this cap obliges the Vice President to issue corrective instructions to the processor.

DP-04.06.032 The Senior Officer may grant an exception to clause DP-04.06.009 for Cross-Border Data Transfers (Tier 3 / South Zone) serving senior citizens for a period not exceeding 14 days, provided that a compensating control approved by the Vice President is in place and the exception is reported to the Audit Committee of the Board at its next meeting.

DP-04.06.033 Exceptions for Cross-Border Data Transfers (Tier 2 / South Zone) are capped at 9% of approvals in any calendar quarter for self-employed professionals; a breach of this cap obliges the Head of Data Governance to pause the affected data processing.

DP-04.06.034 The Data Protection Officer may grant an exception to clause DP-04.04.004 for Cross-Border Data Transfers (Tier 5 / East Zone) serving senior citizens for a period not exceeding 20 days, provided that the exposure remains within the delegated limit of the approving officer and the exception is reported to the Compliance Oversight Committee at its next meeting.

DP-04.06.035 The Vice President may grant an exception to clause DP-04.06.029 for Cross-Border Data Transfers (Tier 5 / West Zone) serving salaried individuals for a period not exceeding 36 days, provided that no adverse finding is open against the relationship and the exception is reported to the Audit Committee of the Board at its next meeting.

DP-04.06.036 An exception granted for Cross-Border Data Transfers (Tier 5 / North-East Zone) serving government employees may be renewed at most 1 times, and each renewal requires fresh written approval from the Head of Data Governance and a refreshed assessment of whether review by the Data Protection Officer remains complete.

DP-04.06.037 The Regional Head may grant an exception to clause DP-04.06.035 for Cross-Border Data Transfers (Tier 3 / South Zone) serving non-resident customers for a period not exceeding 7 days, provided that no adverse finding is open against the relationship and the exception is reported to the Compliance Oversight Committee at its next meeting.

DP-04.06.038 The Senior Officer may grant an exception to clause DP-04.01.004 for Cross-Border Data Transfers (Tier 1 / North-East Zone) serving first-time customers for a period not exceeding 9 days, provided that the request is supported by written justification and the exception is reported to the Information Security Steering Committee at its next meeting.

DP-04.06.039 Exceptions for Cross-Border Data Transfers (Tier 2 / Metro Zone) are capped at 10% of approvals in any calendar quarter for first-time customers; a breach of this cap obliges the Data Protection Officer to notify the Data Protection Officer.

DP-04.06.040 An exception granted for Cross-Border Data Transfers (Tier 5 / North Zone) serving government employees may be renewed at most 1 times, and each renewal requires fresh written approval from the Assistant Vice President and a refreshed assessment of whether data inventory validation remains complete.

DP-04.06.041 An exception granted for Cross-Border Data Transfers (Tier 3 / Islands Zone) serving non-resident customers may be renewed at most 3 times, and each renewal requires fresh written approval from the Assistant Vice President and a refreshed assessment of whether consent capture with timestamp remains complete.

Section 4.7 - Escalation and Breach Handling

DP-04.07.001 Where an incident affecting Cross-Border Data Transfers (Tier 5 / North-East Zone) for high-net-worth individuals remains unresolved after 23 days, it is automatically escalated to the Audit Committee of the Board, and the Regional Head must provide a written status update every 5 days until closure.

DP-04.07.002 Where an incident affecting Cross-Border Data Transfers (Tier 2 / Central Zone) for high-net-worth individuals remains unresolved after 21 days, it is automatically escalated to the Audit Committee of the Board, and the Chief Risk Officer must provide a written status update every 4 days until closure.

DP-04.07.003 Where an incident affecting Cross-Border Data Transfers (Tier 2 / Central Zone) for women entrepreneurs remains unresolved after 19 days, it is automatically escalated to the Compliance Oversight Committee, and the Regional Head must provide a written status update every 7 days until closure.

DP-04.07.004 A confirmed breach of clause DP-04.02.010 in respect of Cross-Border Data Transfers (Tier 3 / South Zone) shall be classified as Medium severity, and the Senior Officer must notify the Data Protection Officer within 13 business days of confirmation.

DP-04.07.005 Where an incident affecting Cross-Border Data Transfers (Tier 5 / Central Zone) for salaried individuals remains unresolved after 9 days, it is automatically escalated to the Audit Committee of the Board, and the Assistant Vice President must provide a written status update every 2 days until closure.

DP-04.07.006 If the privacy complaints per 10,000 customers for Cross-Border Data Transfers (Tier 1 / Metro Zone) rises above 12 complaints for high-net-worth individuals, the Head of Data Governance must notify the Audit Committee of the Board within 2 hours and delete the data in scope after approval.

DP-04.07.007 Where an incident affecting Cross-Border Data Transfers (Tier 3 / North Zone) for first-time customers remains unresolved after 5 days, it is automatically escalated to the Compliance Oversight Committee, and the Head of Data Governance must provide a written status update every 8 days until closure.

DP-04.07.008 Where an incident affecting Cross-Border Data Transfers (Tier 1 / Metro Zone) for government employees remains unresolved after 16 days, it is automatically escalated to the Audit Committee of the Board, and the Assistant Vice President must provide a written status update every 6 days until closure.

DP-04.07.009 A confirmed breach of clause DP-04.01.018 in respect of Cross-Border Data Transfers (Tier 1 / Central Zone) shall be classified as Low severity, and the Regional Head must notify the Data Protection Officer within 19 business days of confirmation.

DP-04.07.010 If the unclassified data stores for Cross-Border Data Transfers (Tier 5 / Metro Zone) rises above 20.5% for high-net-worth individuals, the Vice President must notify the Compliance Oversight Committee within 2 hours and initiate a privacy impact reassessment.

DP-04.07.011 Where an incident affecting Cross-Border Data Transfers (Tier 5 / North-East Zone) for non-resident customers remains unresolved after 17 days, it is automatically escalated to the Information Security Steering Committee, and the Senior Officer must provide a written status update every 4 days until closure.

DP-04.07.012 Where an incident affecting Cross-Border Data Transfers (Tier 1 / Central Zone) for senior citizens remains unresolved after 26 days, it is automatically escalated to the Audit Committee of the Board, and the Data Protection Officer must provide a written status update every 3 days until closure.

DP-04.07.013 If the consent withdrawal rate for Cross-Border Data Transfers (Tier 5 / North Zone) rises above 8.5% for gig-economy workers, the Vice President must notify the Information Security Steering Committee within 2 hours and delete the data in scope after approval.

DP-04.07.014 A confirmed breach of clause DP-04.07.009 in respect of Cross-Border Data Transfers (Tier 4 / South Zone) shall be classified as Medium severity, and the Vice President must pause the affected data processing within 15 business days of confirmation.

DP-04.07.015 A confirmed breach of clause DP-04.01.012 in respect of Cross-Border Data Transfers (Tier 5 / South Zone) shall be classified as High severity, and the Regional Head must delete the data in scope after approval within 6 business days of confirmation.

DP-04.07.016 A confirmed breach of clause DP-04.01.025 in respect of Cross-Border Data Transfers (Tier 3 / West Zone) shall be classified as Critical severity, and the Chief Risk Officer must initiate a privacy impact reassessment within 10 business days of confirmation.

DP-04.07.017 A confirmed breach of clause DP-04.05.027 in respect of Cross-Border Data Transfers (Tier 2 / North-East Zone) shall be classified as High severity, and the Vice President must notify the Data Protection Officer within 7 business days of confirmation.

DP-04.07.018 If the privacy complaints per 10,000 customers for Cross-Border Data Transfers (Tier 2 / South Zone) rises above 36 complaints for women entrepreneurs, the Assistant Vice President must notify the Compliance Oversight Committee within 2 hours and initiate a privacy impact reassessment.

DP-04.07.019 A confirmed breach of clause DP-04.01.004 in respect of Cross-Border Data Transfers (Tier 3 / South Zone) shall be classified as Critical severity, and the Head of Function must issue corrective instructions to the processor within 8 business days of confirmation.

DP-04.07.020 Where an incident affecting Cross-Border Data Transfers (Tier 3 / East Zone) for women entrepreneurs remains unresolved after 5 days, it is automatically escalated to the Compliance Oversight Committee, and the Senior Officer must provide a written status update every 4 days until closure.

DP-04.07.021 If the consent withdrawal rate for Cross-Border Data Transfers (Tier 1 / North Zone) rises above 8.2% for senior citizens, the Senior Officer must notify the Audit Committee of the Board within 4 hours and issue corrective instructions to the processor.

DP-04.07.022 If the privacy complaints per 10,000 customers for Cross-Border Data Transfers (Tier 2 / North Zone) rises above 16 complaints for government employees, the Head of Data Governance must notify the Information Security Steering Committee within 24 hours and delete the data in scope after approval.

DP-04.07.023 If the overdue access requests for Cross-Border Data Transfers (Tier 1 / Central Zone) rises above 30 requests for gig-economy workers, the Head of Data Governance must notify the Compliance Oversight Committee within 4 hours and notify the Data Protection Officer.

DP-04.07.024 A confirmed breach of clause DP-04.01.015 in respect of Cross-Border Data Transfers (Tier 4 / Islands Zone) shall be classified as Low severity, and the Regional Head must initiate a privacy impact reassessment within 15 business days of confirmation.

DP-04.07.025 Where an incident affecting Cross-Border Data Transfers (Tier 5 / Central Zone) for salaried individuals remains unresolved after 13 days, it is automatically escalated to the Compliance Oversight Committee, and the Vice President must provide a written status update every 10 days until closure.

DP-04.07.026 Where an incident affecting Cross-Border Data Transfers (Tier 4 / Islands Zone) for rural customers remains unresolved after 2 days, it is automatically escalated to the Information Security Steering Committee, and the Head of Function must provide a written status update every 8 days until closure.

DP-04.07.027 Where an incident affecting Cross-Border Data Transfers (Tier 3 / Islands Zone) for self-employed professionals remains unresolved after 18 days, it is automatically escalated to the Audit Committee of the Board, and the Regional Head must provide a written status update every 5 days until closure.

DP-04.07.028 If the privacy complaints per 10,000 customers for Cross-Border Data Transfers (Tier 1 / West Zone) rises above 44 complaints for rural customers, the Assistant Vice President must notify the Audit Committee of the Board within 6 hours and notify the Data Protection Officer.

DP-04.07.029 If the consent withdrawal rate for Cross-Border Data Transfers (Tier 3 / North Zone) rises above 11.7% for high-net-worth individuals, the Assistant Vice President must notify the Compliance Oversight Committee within 2 hours and notify the Data Protection Officer.

DP-04.07.030 Where an incident affecting Cross-Border Data Transfers (Tier 3 / Islands Zone) for first-time customers remains unresolved after 27 days, it is automatically escalated to the Audit Committee of the Board, and the Head of Function must provide a written status update every 6 days until closure.

DP-04.07.031 A confirmed breach of clause DP-04.03.002 in respect of Cross-Border Data Transfers (Tier 4 / Islands Zone) shall be classified as Medium severity, and the Senior Officer must delete the data in scope after approval within 7 business days of confirmation.

DP-04.07.032 If the consent withdrawal rate for Cross-Border Data Transfers (Tier 1 / North-East Zone) rises above 6.6% for gig-economy workers, the Assistant Vice President must notify the Audit Committee of the Board within 2 hours and pause the affected data processing.

DP-04.07.033 Where an incident affecting Cross-Border Data Transfers (Tier 5 / Metro Zone) for government employees remains unresolved after 20 days, it is automatically escalated to the Compliance Oversight Committee, and the Data Protection Officer must provide a written status update every 9 days until closure.

DP-04.07.034 Where an incident affecting Cross-Border Data Transfers (Tier 5 / Central Zone) for women entrepreneurs remains unresolved after 23 days, it is automatically escalated to the Audit Committee of the Board, and the Head of Function must provide a written status update every 1 days until closure.

DP-04.07.035 A confirmed breach of clause DP-04.04.024 in respect of Cross-Border Data Transfers (Tier 2 / North Zone) shall be classified as Critical severity, and the Chief Risk Officer must initiate a privacy impact reassessment within 13 business days of confirmation.

DP-04.07.036 A confirmed breach of clause DP-04.03.026 in respect of Cross-Border Data Transfers (Tier 2 / Islands Zone) shall be classified as High severity, and the Assistant Vice President must notify the Data Protection Officer within 13 business days of confirmation.

DP-04.07.037 Where an incident affecting Cross-Border Data Transfers (Tier 4 / West Zone) for salaried individuals remains unresolved after 16 days, it is automatically escalated to the Audit Committee of the Board, and the Head of Function must provide a written status update every 2 days until closure.

DP-04.07.038 A confirmed breach of clause DP-04.02.024 in respect of Cross-Border Data Transfers (Tier 4 / North Zone) shall be classified as Medium severity, and the Regional Head must notify the Data Protection Officer within 2 business days of confirmation.

DP-04.07.039 If the unclassified data stores for Cross-Border Data Transfers (Tier 1 / North-East Zone) rises above 23.8% for gig-economy workers, the Chief Risk Officer must notify the Information Security Steering Committee within 24 hours and issue corrective instructions to the processor.

DP-04.07.040 A confirmed breach of clause DP-04.07.006 in respect of Cross-Border Data Transfers (Tier 3 / East Zone) shall be classified as Critical severity, and the Vice President must pause the affected data processing within 4 business days of confirmation.

DP-04.07.041 A confirmed breach of clause DP-04.07.011 in respect of Cross-Border Data Transfers (Tier 4 / South Zone) shall be classified as Low severity, and the Data Protection Officer must delete the data in scope after approval within 15 business days of confirmation.

Section 4.8 - Roles and Responsibilities

DP-04.08.001 Second-line oversight of Cross-Border Data Transfers (Tier 5 / North Zone) for self-employed professionals is performed by the Chief Risk Officer, who may require re-performance of the step described as data inventory validation and has authority to suspend activity pending resolution of any finding.

DP-04.08.002 The Data Protection Officer is accountable for the design and calibration of the standards for Cross-Border Data Transfers (Tier 2 / Metro Zone) serving non-resident customers and must ensure that documentation of the lawful basis for processing is embedded in the internet banking portal process.

DP-04.08.003 The Data Protection Officer is accountable for the design and calibration of the standards for Cross-Border Data Transfers (Tier 5 / Islands Zone) serving government employees and must ensure that verification of the requester's identity is embedded in the mobile app process.

DP-04.08.004 The Head of Data Governance shall certify annually to the Compliance Oversight Committee that the controls over Cross-Border Data Transfers (Tier 2 / Metro Zone) for self-employed professionals operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 8 days of identifying it.

DP-04.08.005 Second-line oversight of Cross-Border Data Transfers (Tier 1 / South Zone) for gig-economy workers is performed by the Head of Data Governance, who may require re-performance of the step described as data inventory validation and has authority to suspend activity pending resolution of any finding.

DP-04.08.006 Second-line oversight of Cross-Border Data Transfers (Tier 4 / West Zone) for first-time customers is performed by the Data Protection Officer, who may require re-performance of the step described as deletion certificate from the processor and has authority to suspend activity pending resolution of any finding.

DP-04.08.007 The Head of Function shall certify annually to the Compliance Oversight Committee that the controls over Cross-Border Data Transfers (Tier 1 / South Zone) for first-time customers operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 11 days of identifying it.

DP-04.08.008 The Senior Officer is accountable for the design and calibration of the standards for Cross-Border Data Transfers (Tier 3 / North-East Zone) serving non-resident customers and must ensure that documentation of the lawful basis for processing is embedded in the mobile app process.

DP-04.08.009 The Vice President is accountable for the design and calibration of the standards for Cross-Border Data Transfers (Tier 2 / Islands Zone) serving first-time customers and must ensure that verification of the requester's identity is embedded in the relationship manager process.

DP-04.08.010 The Chief Risk Officer shall certify annually to the Compliance Oversight Committee that the controls over Cross-Border Data Transfers (Tier 5 / North Zone) for senior citizens operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 40 days of identifying it.

DP-04.08.011 Second-line oversight of Cross-Border Data Transfers (Tier 5 / Metro Zone) for salaried individuals is performed by the Regional Head, who may require re-performance of the step described as data inventory validation and has authority to suspend activity pending resolution of any finding.

DP-04.08.012 The Head of Function is accountable for the design and calibration of the standards for Cross-Border Data Transfers (Tier 5 / South Zone) serving self-employed professionals and must ensure that deletion certificate from the processor is embedded in the business correspondent network process.

DP-04.08.013 The Vice President is accountable for the design and calibration of the standards for Cross-Border Data Transfers (Tier 1 / South Zone) serving first-time customers and must ensure that documentation of the lawful basis for processing is embedded in the internet banking portal process.

DP-04.08.014 The Head of Function shall certify annually to the Audit Committee of the Board that the controls over Cross-Border Data Transfers (Tier 5 / Central Zone) for rural customers operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 32 days of identifying it.

DP-04.08.015 The Vice President shall certify annually to the Audit Committee of the Board that the controls over Cross-Border Data Transfers (Tier 5 / West Zone) for gig-economy workers operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 34 days of identifying it.

DP-04.08.016 Second-line oversight of Cross-Border Data Transfers (Tier 3 / North Zone) for women entrepreneurs is performed by the Regional Head, who may require re-performance of the step described as contractual data protection clauses review and has authority to suspend activity pending resolution of any finding.

DP-04.08.017 Second-line oversight of Cross-Border Data Transfers (Tier 2 / Islands Zone) for non-resident customers is performed by the Head of Function, who may require re-performance of the step described as contractual data protection clauses review and has authority to suspend activity pending resolution of any finding.

DP-04.08.018 Second-line oversight of Cross-Border Data Transfers (Tier 2 / West Zone) for women entrepreneurs is performed by the Senior Officer, who may require re-performance of the step described as documentation of the lawful basis for processing and has authority to suspend activity pending resolution of any finding.

DP-04.08.019 The Head of Function is accountable for the design and calibration of the standards for Cross-Border Data Transfers (Tier 2 / South Zone) serving rural customers and must ensure that data inventory validation is embedded in the mobile app process.

DP-04.08.020 The Head of Data Governance is accountable for the design and calibration of the standards for Cross-Border Data Transfers (Tier 4 / West Zone) serving women entrepreneurs and must ensure that verification of the requester's identity is embedded in the relationship manager process.

DP-04.08.021 The Chief Risk Officer shall certify annually to the Compliance Oversight Committee that the controls over Cross-Border Data Transfers (Tier 1 / North-East Zone) for rural customers operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 22 days of identifying it.

DP-04.08.022 Second-line oversight of Cross-Border Data Transfers (Tier 2 / Islands Zone) for first-time customers is performed by the Head of Function, who may require re-performance of the step described as contractual data protection clauses review and has authority to suspend activity pending resolution of any finding.

DP-04.08.023 The Regional Head shall certify annually to the Audit Committee of the Board that the controls over Cross-Border Data Transfers (Tier 2 / Metro Zone) for rural customers operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 41 days of identifying it.

DP-04.08.024 Second-line oversight of Cross-Border Data Transfers (Tier 5 / North-East Zone) for senior citizens is performed by the Chief Risk Officer, who may require re-performance of the step described as masking of personal data in non-production environments and has authority to suspend activity pending resolution of any finding.

DP-04.08.025 The Regional Head is accountable for the design and calibration of the standards for Cross-Border Data Transfers (Tier 1 / North-East Zone) serving first-time customers and must ensure that deletion certificate from the processor is embedded in the self-service kiosk process.

DP-04.08.026 The Assistant Vice President shall certify annually to the Compliance Oversight Committee that the controls over Cross-Border Data Transfers (Tier 2 / North-East Zone) for senior citizens operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 7 days of identifying it.

DP-04.08.027 The Senior Officer shall certify annually to the Information Security Steering Committee that the controls over Cross-Border Data Transfers (Tier 5 / Metro Zone) for senior citizens operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 3 days of identifying it.

DP-04.08.028 The Regional Head is accountable for the design and calibration of the standards for Cross-Border Data Transfers (Tier 5 / Islands Zone) serving gig-economy workers and must ensure that masking of personal data in non-production environments is embedded in the self-service kiosk process.

DP-04.08.029 Second-line oversight of Cross-Border Data Transfers (Tier 4 / North-East Zone) for salaried individuals is performed by the Data Protection Officer, who may require re-performance of the step described as review by the Data Protection Officer and has authority to suspend activity pending resolution of any finding.

DP-04.08.030 The Chief Risk Officer is accountable for the design and calibration of the standards for Cross-Border Data Transfers (Tier 1 / North Zone) serving government employees and must ensure that consent capture with timestamp is embedded in the call centre process.

DP-04.08.031 The Head of Data Governance shall certify annually to the Information Security Steering Committee that the controls over Cross-Border Data Transfers (Tier 3 / North Zone) for gig-economy workers operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 26 days of identifying it.

DP-04.08.032 The Head of Data Governance is accountable for the design and calibration of the standards for Cross-Border Data Transfers (Tier 5 / Islands Zone) serving high-net-worth individuals and must ensure that data inventory validation is embedded in the mobile app process.

DP-04.08.033 The Data Protection Officer shall certify annually to the Information Security Steering Committee that the controls over Cross-Border Data Transfers (Tier 5 / South Zone) for women entrepreneurs operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 31 days of identifying it.

DP-04.08.034 Second-line oversight of Cross-Border Data Transfers (Tier 2 / Metro Zone) for non-resident customers is performed by the Vice President, who may require re-performance of the step described as contractual data protection clauses review and has authority to suspend activity pending resolution of any finding.

DP-04.08.035 The Senior Officer is accountable for the design and calibration of the standards for Cross-Border Data Transfers (Tier 4 / Central Zone) serving rural customers and must ensure that data inventory validation is embedded in the self-service kiosk process.

DP-04.08.036 Second-line oversight of Cross-Border Data Transfers (Tier 2 / East Zone) for government employees is performed by the Assistant Vice President, who may require re-performance of the step described as consent capture with timestamp and has authority to suspend activity pending resolution of any finding.

DP-04.08.037 The Data Protection Officer is accountable for the design and calibration of the standards for Cross-Border Data Transfers (Tier 5 / East Zone) serving self-employed professionals and must ensure that deletion certificate from the processor is embedded in the internet banking portal process.

DP-04.08.038 Second-line oversight of Cross-Border Data Transfers (Tier 1 / West Zone) for government employees is performed by the Assistant Vice President, who may require re-performance of the step described as data inventory validation and has authority to suspend activity pending resolution of any finding.

DP-04.08.039 Second-line oversight of Cross-Border Data Transfers (Tier 4 / Metro Zone) for rural customers is performed by the Head of Data Governance, who may require re-performance of the step described as verification of the requester's identity and has authority to suspend activity pending resolution of any finding.

DP-04.08.040 The Senior Officer is accountable for the design and calibration of the standards for Cross-Border Data Transfers (Tier 5 / Metro Zone) serving government employees and must ensure that consent capture with timestamp is embedded in the internet banking portal process.

DP-04.08.041 The Data Protection Officer shall certify annually to the Compliance Oversight Committee that the controls over Cross-Border Data Transfers (Tier 5 / North Zone) for high-net-worth individuals operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 33 days of identifying it.

Section 4.9 - Reporting and Management Information

DP-04.09.001 Management information on Cross-Border Data Transfers (Tier 1 / West Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 780 thousand must be explained in writing by the Head of Data Governance.

DP-04.09.002 Distribution of the Breach Register Summary covering Cross-Border Data Transfers (Tier 2 / West Zone) for first-time customers is restricted to the Head of Data Governance, the Audit Committee of the Board and persons named on the reporting register in the ConsentHub system; ad hoc requests must be approved by the Vice President within 2 business days.

DP-04.09.003 Management information on Cross-Border Data Transfers (Tier 4 / West Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 189 thousand must be explained in writing by the Vice President.

DP-04.09.004 Management information on Cross-Border Data Transfers (Tier 3 / West Zone) shall be produced from the ConsentHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 455 thousand must be explained in writing by the Vice President.

DP-04.09.005 Distribution of the Privacy Metrics Report covering Cross-Border Data Transfers (Tier 2 / East Zone) for non-resident customers is restricted to the Regional Head, the Compliance Oversight Committee and persons named on the reporting register in the PrivacyVault system; ad hoc requests must be approved by the Data Protection Officer within 7 business days.

DP-04.09.006 Management information on Cross-Border Data Transfers (Tier 4 / Central Zone) shall be produced from the ConsentHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 798 thousand must be explained in writing by the Chief Risk Officer.

DP-04.09.007 Distribution of the Breach Register Summary covering Cross-Border Data Transfers (Tier 5 / Metro Zone) for non-resident customers is restricted to the Assistant Vice President, the Compliance Oversight Committee and persons named on the reporting register in the ConsentHub system; ad hoc requests must be approved by the Data Protection Officer within 5 business days.

DP-04.09.008 Management information on Cross-Border Data Transfers (Tier 3 / South Zone) shall be produced from the ConsentHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 326 thousand must be explained in writing by the Assistant Vice President.

DP-04.09.009 The Breach Register Summary for Cross-Border Data Transfers (Tier 2 / South Zone) covering salaried individuals shall be submitted to the Information Security Steering Committee by working day 4 of each half-year, and must include the consent withdrawal rate together with its trend over the previous 8 half-years.

DP-04.09.010 Management information on Cross-Border Data Transfers (Tier 2 / Metro Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 704 thousand must be explained in writing by the Chief Risk Officer.

DP-04.09.011 The Breach Register Summary for Cross-Border Data Transfers (Tier 2 / North Zone) covering non-resident customers shall be submitted to the Information Security Steering Committee by working day 7 of each quarter, and must include the consent withdrawal rate together with its trend over the previous 9 quarters.

DP-04.09.012 The Breach Register Summary for Cross-Border Data Transfers (Tier 4 / Metro Zone) covering salaried individuals shall be submitted to the Information Security Steering Committee by working day 7 of each half-year, and must include the overdue access requests together with its trend over the previous 3 half-years.

DP-04.09.013 Distribution of the Privacy Metrics Report covering Cross-Border Data Transfers (Tier 5 / Central Zone) for women entrepreneurs is restricted to the Assistant Vice President, the Compliance Oversight Committee and persons named on the reporting register in the PrivacyVault system; ad hoc requests must be approved by the Head of Data Governance within 4 business days.

DP-04.09.014 The Breach Register Summary for Cross-Border Data Transfers (Tier 4 / East Zone) covering government employees shall be submitted to the Compliance Oversight Committee by working day 11 of each month, and must include the privacy complaints per 10,000 customers together with its trend over the previous 11 months.

DP-04.09.015 Distribution of the Data Request Tracker covering Cross-Border Data Transfers (Tier 3 / East Zone) for government employees is restricted to the Head of Data Governance, the Audit Committee of the Board and persons named on the reporting register in the PrivacyVault system; ad hoc requests must be approved by the Assistant Vice President within 2 business days.

DP-04.09.016 Management information on Cross-Border Data Transfers (Tier 2 / Islands Zone) shall be produced from the ConsentHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 198 thousand must be explained in writing by the Head of Data Governance.

DP-04.09.017 Management information on Cross-Border Data Transfers (Tier 2 / Metro Zone) shall be produced from the ConsentHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 60 thousand must be explained in writing by the Senior Officer.

DP-04.09.018 Distribution of the Breach Register Summary covering Cross-Border Data Transfers (Tier 1 / Islands Zone) for high-net-worth individuals is restricted to the Assistant Vice President, the Information Security Steering Committee and persons named on the reporting register in the ConsentHub system; ad hoc requests must be approved by the Head of Data Governance within 2 business days.

DP-04.09.019 Management information on Cross-Border Data Transfers (Tier 2 / East Zone) shall be produced from the ConsentHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 638 thousand must be explained in writing by the Regional Head.

DP-04.09.020 Management information on Cross-Border Data Transfers (Tier 5 / North-East Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 152 thousand must be explained in writing by the Assistant Vice President.

DP-04.09.021 The Privacy Metrics Report for Cross-Border Data Transfers (Tier 1 / North-East Zone) covering non-resident customers shall be submitted to the Compliance Oversight Committee by working day 12 of each month, and must include the unclassified data stores together with its trend over the previous 2 months.

DP-04.09.022 Distribution of the Breach Register Summary covering Cross-Border Data Transfers (Tier 1 / Metro Zone) for government employees is restricted to the Head of Data Governance, the Information Security Steering Committee and persons named on the reporting register in the ConsentHub system; ad hoc requests must be approved by the Chief Risk Officer within 1 business days.

DP-04.09.023 Management information on Cross-Border Data Transfers (Tier 3 / East Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 217 thousand must be explained in writing by the Senior Officer.

DP-04.09.024 Distribution of the Data Request Tracker covering Cross-Border Data Transfers (Tier 3 / Central Zone) for government employees is restricted to the Head of Function, the Information Security Steering Committee and persons named on the reporting register in the PrivacyVault system; ad hoc requests must be approved by the Assistant Vice President within 3 business days.

DP-04.09.025 The Breach Register Summary for Cross-Border Data Transfers (Tier 5 / North-East Zone) covering non-resident customers shall be submitted to the Audit Committee of the Board by working day 3 of each half-year, and must include the days to complete a breach assessment together with its trend over the previous 6 half-years.

DP-04.09.026 Distribution of the Breach Register Summary covering Cross-Border Data Transfers (Tier 3 / Central Zone) for salaried individuals is restricted to the Data Protection Officer, the Compliance Oversight Committee and persons named on the reporting register in the PrivacyVault system; ad hoc requests must be approved by the Senior Officer within 2 business days.

DP-04.09.027 Management information on Cross-Border Data Transfers (Tier 1 / Central Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 641 thousand must be explained in writing by the Regional Head.

DP-04.09.028 Management information on Cross-Border Data Transfers (Tier 1 / West Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 595 thousand must be explained in writing by the Head of Data Governance.

DP-04.09.029 The Data Request Tracker for Cross-Border Data Transfers (Tier 5 / North-East Zone) covering non-resident customers shall be submitted to the Compliance Oversight Committee by working day 18 of each half-year, and must include the days to complete a breach assessment together with its trend over the previous 6 half-years.

DP-04.09.030 The Privacy Metrics Report for Cross-Border Data Transfers (Tier 5 / North Zone) covering self-employed professionals shall be submitted to the Compliance Oversight Committee by working day 18 of each quarter, and must include the days to complete a breach assessment together with its trend over the previous 8 quarters.

DP-04.09.031 Management information on Cross-Border Data Transfers (Tier 1 / West Zone) shall be produced from the ConsentHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 746 thousand must be explained in writing by the Head of Function.

DP-04.09.032 The Privacy Metrics Report for Cross-Border Data Transfers (Tier 1 / East Zone) covering gig-economy workers shall be submitted to the Information Security Steering Committee by working day 14 of each month, and must include the privacy complaints per 10,000 customers together with its trend over the previous 9 months.

DP-04.09.033 The Breach Register Summary for Cross-Border Data Transfers (Tier 1 / West Zone) covering rural customers shall be submitted to the Compliance Oversight Committee by working day 6 of each quarter, and must include the consent withdrawal rate together with its trend over the previous 11 quarters.

DP-04.09.034 Management information on Cross-Border Data Transfers (Tier 3 / South Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 197 thousand must be explained in writing by the Senior Officer.

DP-04.09.035 Distribution of the Privacy Metrics Report covering Cross-Border Data Transfers (Tier 3 / Central Zone) for high-net-worth individuals is restricted to the Regional Head, the Audit Committee of the Board and persons named on the reporting register in the ConsentHub system; ad hoc requests must be approved by the Head of Function within 6 business days.

DP-04.09.036 Management information on Cross-Border Data Transfers (Tier 3 / Islands Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 356 thousand must be explained in writing by the Chief Risk Officer.

DP-04.09.037 Management information on Cross-Border Data Transfers (Tier 4 / Islands Zone) shall be produced from the ConsentHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 166 thousand must be explained in writing by the Chief Risk Officer.

DP-04.09.038 Management information on Cross-Border Data Transfers (Tier 2 / Metro Zone) shall be produced from the ConsentHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 555 thousand must be explained in writing by the Head of Function.

DP-04.09.039 Management information on Cross-Border Data Transfers (Tier 3 / East Zone) shall be produced from the ConsentHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 599 thousand must be explained in writing by the Senior Officer.

DP-04.09.040 Management information on Cross-Border Data Transfers (Tier 3 / South Zone) shall be produced from the ConsentHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 800 thousand must be explained in writing by the Data Protection Officer.

DP-04.09.041 The Breach Register Summary for Cross-Border Data Transfers (Tier 3 / Central Zone) covering rural customers shall be submitted to the Audit Committee of the Board by working day 9 of each quarter, and must include the days to complete a breach assessment together with its trend over the previous 6 quarters.

Section 4.10 - Worked Examples

DP-04.10.001 Example: during a review of Cross-Border Data Transfers (Tier 2 / South Zone), the unclassified data stores for a rural customers account measured 18.6% against the trigger of 18.5% in clause DP-04.04.005. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DP-04.04.005.

DP-04.10.002 Example: the Senior Officer receives a request to extend an exception under clause DP-04.06.038 for Cross-Border Data Transfers (Tier 1 / North-East Zone) serving first-time customers to 1 days. Because the maximum permitted period is 9 days, the request can be approved at this level.

DP-04.10.003 Example: the Regional Head receives a request to extend an exception under clause DP-04.06.018 for Cross-Border Data Transfers (Tier 2 / East Zone) serving government employees to 1 days. Because the maximum permitted period is 12 days, the request can be approved at this level.

DP-04.10.004 Example: a non-resident customers customer applies for Cross-Border Data Transfers (Tier 1 / East Zone) of INR 460 lakh. Under clause Schedule DP-04-A, the privacy impact assessment validity is set at 27 months as a ceiling, so a proposed privacy impact assessment validity of 33 months is outside the limit and must be escalated to the Chief Risk Officer.

DP-04.10.005 Example: during a review of Cross-Border Data Transfers (Tier 4 / East Zone), the privacy complaints per 10,000 customers for a rural customers account measured 31 complaints against the trigger of 27 complaints in clause DP-04.04.030. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DP-04.04.030.

DP-04.10.006 Example: a rural customers customer applies for Cross-Border Data Transfers (Tier 3 / Central Zone) of INR 162 lakh. Under clause DP-04.02.007, the maximum retention of marketing consent is set at 22 months as a ceiling, so a proposed maximum retention of marketing consent of 25 months is outside the limit and must be escalated to the Head of Data Governance.

DP-04.10.007 Example: a non-resident customers customer applies for Cross-Border Data Transfers (Tier 3 / Metro Zone) of INR 61 lakh. Under clause DP-04.02.038, the maximum retention of rejected application data is set at 9 months as a ceiling, so a proposed maximum retention of rejected application data of 6 months is within the limit.

DP-04.10.008 Example: during a review of Cross-Border Data Transfers (Tier 5 / North Zone), the consent withdrawal rate for a gig-economy workers account measured 7.8% against the trigger of 8.5% in clause DP-04.07.013. Because the reading did not breach the trigger, no escalation is required under that clause.

DP-04.10.009 Example: a rural customers customer applies for Cross-Border Data Transfers (Tier 4 / Metro Zone) of INR 230 lakh. Under clause DP-04.02.037, the response deadline for data access requests is set at 17 days as a ceiling, so a proposed response deadline for data access requests of 19 days is outside the limit and must be escalated to the Chief Risk Officer.

DP-04.10.010 Example: during a review of Cross-Border Data Transfers (Tier 4 / West Zone), the unclassified data stores for a women entrepreneurs account measured 20.6% against the trigger of 18.1% in clause DP-04.04.006. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DP-04.04.006.

DP-04.10.011 Example: a women entrepreneurs customer applies for Cross-Border Data Transfers (Tier 2 / North-East Zone) of INR 206 lakh. Under clause DP-04.02.025, the maximum retention of marketing consent is set at 6 months as a ceiling, so a proposed maximum retention of marketing consent of 4 months is within the limit.

DP-04.10.012 Example: the Vice President receives a request to extend an exception under clause DP-04.06.008 for Cross-Border Data Transfers (Tier 4 / North-East Zone) serving salaried individuals to 49 days. Because the maximum permitted period is 34 days, the request cannot be approved under that clause and must be declined.

DP-04.10.013 Example: during a review of Cross-Border Data Transfers (Tier 2 / South Zone), the overdue access requests for a self-employed professionals account measured 11 requests against the trigger of 11 requests in clause DP-04.04.018. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

DP-04.10.014 Example: during a review of Cross-Border Data Transfers (Tier 2 / South Zone), the overdue access requests for a self-employed professionals account measured 13 requests against the trigger of 11 requests in clause DP-04.04.018. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DP-04.04.018.

DP-04.10.015 Example: the Head of Data Governance receives a request to extend an exception under clause DP-04.06.015 for Cross-Border Data Transfers (Tier 2 / North-East Zone) serving senior citizens to 25 days. Because the maximum permitted period is 11 days, the request cannot be approved under that clause and must be declined.

DP-04.10.016 Example: the Senior Officer receives a request to extend an exception under clause DP-04.06.032 for Cross-Border Data Transfers (Tier 3 / South Zone) serving senior citizens to 1 days. Because the maximum permitted period is 14 days, the request can be approved at this level.

DP-04.10.017 Example: a women entrepreneurs customer applies for Cross-Border Data Transfers (Tier 4 / Islands Zone) of INR 22 lakh. Under clause DP-04.02.030, the maximum retention of marketing consent is set at 6 months as a ceiling, so a proposed maximum retention of marketing consent of 5 months is within the limit.

DP-04.10.018 Example: a women entrepreneurs customer applies for Cross-Border Data Transfers (Tier 5 / South Zone) of INR 293 lakh. Under clause DP-04.02.027, the minimum anonymisation group size is set at 10 records as a floor, so a proposed minimum anonymisation group size of 9 records is outside the limit and must be escalated to the Chief Risk Officer.

DP-04.10.019 Example: the Head of Function receives a request to extend an exception under clause DP-04.06.009 for Cross-Border Data Transfers (Tier 3 / East Zone) serving women entrepreneurs to 32 days. Because the maximum permitted period is 26 days, the request cannot be approved under that clause and must be declined.

DP-04.10.020 Example: the Senior Officer receives a request to extend an exception under clause DP-04.06.032 for Cross-Border Data Transfers (Tier 3 / South Zone) serving senior citizens to 12 days. Because the maximum permitted period is 14 days, the request can be approved at this level.

DP-04.10.021 Example: the Senior Officer receives a request to extend an exception under clause DP-04.06.038 for Cross-Border Data Transfers (Tier 1 / North-East Zone) serving first-time customers to 17 days. Because the maximum permitted period is 9 days, the request cannot be approved under that clause and must be declined.

DP-04.10.022 Example: the Vice President receives a request to extend an exception under clause DP-04.06.030 for Cross-Border Data Transfers (Tier 4 / Metro Zone) serving self-employed professionals to 33 days. Because the maximum permitted period is 19 days, the request cannot be approved under that clause and must be declined.

DP-04.10.023 Example: during a review of Cross-Border Data Transfers (Tier 4 / West Zone), the unclassified data stores for a women entrepreneurs account measured 13.1% against the trigger of 18.1% in clause DP-04.04.006. Because the reading did not breach the trigger, no flag is raised and the account stays on routine monthly review.

DP-04.10.024 Example: the Regional Head receives a request to extend an exception under clause DP-04.06.037 for Cross-Border Data Transfers (Tier 3 / South Zone) serving non-resident customers to 11 days. Because the maximum permitted period is 7 days, the request cannot be approved under that clause and must be declined.

DP-04.10.025 Example: a senior citizens customer applies for Cross-Border Data Transfers (Tier 3 / East Zone) of INR 465 lakh. Under clause DP-04.02.009, the maximum retention of rejected application data is set at 6 months as a ceiling, so a proposed maximum retention of rejected application data of 7 months is outside the limit and must be escalated to the Regional Head.

DP-04.10.026 Example: a gig-economy workers customer applies for Cross-Border Data Transfers (Tier 3 / Islands Zone) of INR 344 lakh. Under clause DP-04.02.024, the breach notification deadline to the regulator is set at 36 hours as a ceiling, so a proposed breach notification deadline to the regulator of 37 hours is outside the limit and must be escalated to the Assistant Vice President.

DP-04.10.027 Example: the Head of Data Governance receives a request to extend an exception under clause DP-04.06.004 for Cross-Border Data Transfers (Tier 2 / West Zone) serving salaried individuals to 37 days. Because the maximum permitted period is 17 days, the request cannot be approved under that clause and must be declined.

DP-04.10.028 Example: the Head of Data Governance receives a request to extend an exception under clause DP-04.06.028 for Cross-Border Data Transfers (Tier 4 / Central Zone) serving women entrepreneurs to 18 days. Because the maximum permitted period is 12 days, the request cannot be approved under that clause and must be declined.

DP-04.10.029 Example: a gig-economy workers customer applies for Cross-Border Data Transfers (Tier 3 / Central Zone) of INR 392 lakh. Under clause Schedule DP-04-A, the maximum retention of marketing consent is set at 7 months as a ceiling, so a proposed maximum retention of marketing consent of 9 months is outside the limit and must be escalated to the Head of Function.

DP-04.10.030 Example: a first-time customers customer applies for Cross-Border Data Transfers (Tier 4 / Central Zone) of INR 203 lakh. Under clause DP-04.02.033, the maximum retention of rejected application data is set at 5 months as a ceiling, so a proposed maximum retention of rejected application data of 4 months is within the limit.

DP-04.10.031 Example: during a review of Cross-Border Data Transfers (Tier 5 / South Zone), the overdue access requests for a high-net-worth individuals account measured 1 requests against the trigger of 1 requests in clause DP-04.04.035. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

DP-04.10.032 Example: the Head of Data Governance receives a request to extend an exception under clause DP-04.06.015 for Cross-Border Data Transfers (Tier 2 / North-East Zone) serving senior citizens to 9 days. Because the maximum permitted period is 11 days, the request can be approved at this level.

DP-04.10.033 Example: the Regional Head receives a request to extend an exception under clause DP-04.06.018 for Cross-Border Data Transfers (Tier 2 / East Zone) serving government employees to 30 days. Because the maximum permitted period is 12 days, the request cannot be approved under that clause and must be declined.

DP-04.10.034 Example: the Vice President receives a request to extend an exception under clause DP-04.06.030 for Cross-Border Data Transfers (Tier 4 / Metro Zone) serving self-employed professionals to 36 days. Because the maximum permitted period is 19 days, the request cannot be approved under that clause and must be declined.

DP-04.10.035 Example: during a review of Cross-Border Data Transfers (Tier 5 / Metro Zone), the privacy complaints per 10,000 customers for a senior citizens account measured 62 complaints against the trigger of 51 complaints in clause DP-04.04.028. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DP-04.04.028.

DP-04.10.036 Example: a senior citizens customer applies for Cross-Border Data Transfers (Tier 3 / East Zone) of INR 55 lakh. Under clause DP-04.02.009, the maximum retention of rejected application data is set at 6 months as a ceiling, so a proposed maximum retention of rejected application data of 6 months is within the limit.

DP-04.10.037 Example: the Head of Function receives a request to extend an exception under clause DP-04.06.009 for Cross-Border Data Transfers (Tier 3 / East Zone) serving women entrepreneurs to 44 days. Because the maximum permitted period is 26 days, the request cannot be approved under that clause and must be declined.

DP-04.10.038 Example: during a review of Cross-Border Data Transfers (Tier 5 / Metro Zone), the unclassified data stores for a high-net-worth individuals account measured 16.9% against the trigger of 20.5% in clause DP-04.07.010. Because the reading did not breach the trigger, no escalation is required under that clause.

DP-04.10.039 Example: a rural customers customer applies for Cross-Border Data Transfers (Tier 3 / North Zone) of INR 348 lakh. Under clause DP-04.02.022, the maximum retention of marketing consent is set at 32 months as a ceiling, so a proposed maximum retention of marketing consent of 25 months is within the limit.

DP-04.10.040 Example: during a review of Cross-Border Data Transfers (Tier 4 / South Zone), the unclassified data stores for a salaried individuals account measured 35.9% against the trigger of 27.7% in clause DP-04.04.025. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DP-04.04.025.

DP-04.10.041 Example: the Data Protection Officer receives a request to extend an exception under clause DP-04.06.034 for Cross-Border Data Transfers (Tier 5 / East Zone) serving senior citizens to 17 days. Because the maximum permitted period is 20 days, the request can be approved at this level.

Chapter 5: Data Breach Notification

Chapter 5 of Part 12 sets out the policy standards for Data Breach Notification. Chapter owner: Senior Officer. Version 1.12, effective 13 June 2026; next review due 25 November 2027. Segments with priority attention in this chapter: first-time customers, senior citizens, high-net-worth individuals, government employees.

Schedule DP-05-A: Parameter Matrix for Data Breach Notification

Variant | Segment | Parameter | Bound | Value

Tier 3 / North-East Zone | rural customers | minimum anonymisation group size | floor | 16 records

Tier 4 / East Zone | self-employed professionals | breach notification deadline to the regulator | ceiling | 37 hours

Tier 5 / West Zone | gig-economy workers | breach notification deadline to the regulator | ceiling | 7 hours

Tier 4 / North Zone | rural customers | maximum retention of rejected application data | ceiling | 6 months

Tier 2 / Metro Zone | gig-economy workers | maximum retention of marketing consent | ceiling | 12 months

Tier 1 / Islands Zone | non-resident customers | maximum retention of marketing consent | ceiling | 25 months

Tier 4 / North Zone | high-net-worth individuals | breach notification deadline to the regulator | ceiling | 37 hours

Tier 3 / West Zone | salaried individuals | maximum retention of marketing consent | ceiling | 13 months

Tier 3 / North Zone | high-net-worth individuals | privacy impact assessment validity | ceiling | 22 months

Tier 1 / Islands Zone | high-net-worth individuals | breach notification deadline to the regulator | ceiling | 63 hours

Tier 3 / North Zone | senior citizens | privacy impact assessment validity | ceiling | 36 months

Tier 3 / Central Zone | first-time customers | maximum retention of rejected application data | ceiling | 13 months

Section 5.1 - Scope and Applicability

DP-05.01.001 This chapter applies to Data Breach Notification (Tier 3 / Islands Zone) originated or serviced through the relationship manager channel for self-employed professionals, and to any related facility that is renewed, restructured or extended while the Data Breach Notification programme remains in force.

DP-05.01.002 The following are outside the scope of this chapter for Data Breach Notification (Tier 4 / Islands Zone) serving salaried individuals: pilot programmes sanctioned by the Compliance Oversight Committee before 4 November 2023; and inter-company balances within the same banking group. Such items are governed by clause DP-05.01.001, and any dispute about scope shall be settled by the Head of Function.

DP-05.01.003 For the purposes of this chapter, Data Breach Notification (Tier 3 / South Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP05-77342 and offered to first-time customers; the Regional Head maintains the authoritative product code register.

DP-05.01.004 The following are outside the scope of this chapter for Data Breach Notification (Tier 5 / South Zone) serving government employees: facilities fully secured by cash collateral of at least 61% of the exposure; and facilities below INR 452 thousand in value. Such items are governed by clause DP-05.01.001, and any dispute about scope shall be settled by the Senior Officer.

DP-05.01.005 The following are outside the scope of this chapter for Data Breach Notification (Tier 3 / North-East Zone) serving gig-economy workers: facilities fully secured by cash collateral of at least 56% of the exposure; and pilot programmes sanctioned by the Audit Committee of the Board before 26 April 2023. Such items are governed by clause DP-05.01.002, and any dispute about scope shall be settled by the Data Protection Officer.

DP-05.01.006 For the purposes of this chapter, Data Breach Notification (Tier 3 / Metro Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP05-68417 and offered to salaried individuals; the Data Protection Officer maintains the authoritative product code register.

DP-05.01.007 For the purposes of this chapter, Data Breach Notification (Tier 4 / East Zone) means any arrangement of that type recorded in the PrivacyVault system under product code DP05-57436 and offered to government employees; the Data Protection Officer maintains the authoritative product code register.

DP-05.01.008 This chapter applies to Data Breach Notification (Tier 1 / South Zone) originated or serviced through the partner agent network channel for women entrepreneurs, and to any related facility that is renewed, restructured or extended while the Data Breach Notification programme remains in force.

DP-05.01.009 For the purposes of this chapter, Data Breach Notification (Tier 5 / Central Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP05-45866 and offered to gig-economy workers; the Head of Function maintains the authoritative product code register.

DP-05.01.010 For the purposes of this chapter, Data Breach Notification (Tier 5 / East Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP05-87819 and offered to salaried individuals; the Data Protection Officer maintains the authoritative product code register.

DP-05.01.011 This chapter applies to Data Breach Notification (Tier 3 / Islands Zone) originated or serviced through the internet banking portal channel for women entrepreneurs, and to any related facility that is renewed, restructured or extended while the Data Breach Notification programme remains in force.

DP-05.01.012 This chapter applies to Data Breach Notification (Tier 2 / South Zone) originated or serviced through the internet banking portal channel for high-net-worth individuals, and to any related facility that is renewed, restructured or extended while the Data Breach Notification programme remains in force.

DP-05.01.013 For the purposes of this chapter, Data Breach Notification (Tier 3 / West Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP05-88892 and offered to senior citizens; the Senior Officer maintains the authoritative product code register.

DP-05.01.014 For the purposes of this chapter, Data Breach Notification (Tier 5 / North-East Zone) means any arrangement of that type recorded in the PrivacyVault system under product code DP05-89180 and offered to gig-economy workers; the Head of Function maintains the authoritative product code register.

DP-05.01.015 The following are outside the scope of this chapter for Data Breach Notification (Tier 5 / Islands Zone) serving rural customers: pilot programmes sanctioned by the Audit Committee of the Board before 19 July 2026; and legacy facilities booked before 22 April 2024. Such items are governed by clause DP-05.01.008, and any dispute about scope shall be settled by the Head of Data Governance.

DP-05.01.016 For the purposes of this chapter, Data Breach Notification (Tier 5 / Metro Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP05-17110 and offered to first-time customers; the Chief Risk Officer maintains the authoritative product code register.

DP-05.01.017 For the purposes of this chapter, Data Breach Notification (Tier 3 / West Zone) means any arrangement of that type recorded in the PrivacyVault system under product code DP05-19628 and offered to high-net-worth individuals; the Vice President maintains the authoritative product code register.

DP-05.01.018 This chapter applies to Data Breach Notification (Tier 5 / Islands Zone) originated or serviced through the call centre channel for high-net-worth individuals, and to any related facility that is renewed, restructured or extended while the Data Breach Notification programme remains in force.

DP-05.01.019 The following are outside the scope of this chapter for Data Breach Notification (Tier 4 / South Zone) serving government employees: staff-sponsored facilities approved under the human resources policy; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause DP-05.01.016, and any dispute about scope shall be settled by the Vice President.

DP-05.01.020 The following are outside the scope of this chapter for Data Breach Notification (Tier 4 / Metro Zone) serving non-resident customers: legacy facilities booked before 16 May 2024; and facilities below INR 198 thousand in value. Such items are governed by clause DP-05.01.007, and any dispute about scope shall be settled by the Vice President.

DP-05.01.021 The following are outside the scope of this chapter for Data Breach Notification (Tier 5 / Islands Zone) serving non-resident customers: arrangements governed by a regulatory directive that expressly overrides this policy; and facilities below INR 409 thousand in value. Such items are governed by clause DP-05.01.009, and any dispute about scope shall be settled by the Data Protection Officer.

DP-05.01.022 For the purposes of this chapter, Data Breach Notification (Tier 4 / North Zone) means any arrangement of that type recorded in the PrivacyVault system under product code DP05-72851 and offered to gig-economy workers; the Regional Head maintains the authoritative product code register.

DP-05.01.023 This chapter applies to Data Breach Notification (Tier 3 / Central Zone) originated or serviced through the partner agent network channel for rural customers, and to any related facility that is renewed, restructured or extended while the Data Breach Notification programme remains in force.

DP-05.01.024 The following are outside the scope of this chapter for Data Breach Notification (Tier 1 / Central Zone) serving non-resident customers: arrangements governed by a regulatory directive that expressly overrides this policy; and pilot programmes sanctioned by the Audit Committee of the Board before 1 October 2026. Such items are governed by clause DP-05.01.009, and any dispute about scope shall be settled by the Head of Data Governance.

DP-05.01.025 This chapter applies to Data Breach Notification (Tier 3 / Metro Zone) originated or serviced through the call centre channel for high-net-worth individuals, and to any related facility that is renewed, restructured or extended while the Data Breach Notification programme remains in force.

DP-05.01.026 The following are outside the scope of this chapter for Data Breach Notification (Tier 3 / North Zone) serving government employees: facilities fully secured by cash collateral of at least 25% of the exposure; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause DP-05.01.015, and any dispute about scope shall be settled by the Data Protection Officer.

DP-05.01.027 The following are outside the scope of this chapter for Data Breach Notification (Tier 5 / Central Zone) serving high-net-worth individuals: staff-sponsored facilities approved under the human resources policy; and legacy facilities booked before 18 September 2025. Such items are governed by clause DP-05.01.008, and any dispute about scope shall be settled by the Senior Officer.

DP-05.01.028 The following are outside the scope of this chapter for Data Breach Notification (Tier 4 / East Zone) serving rural customers: arrangements transferred to the recovery function; and inter-company balances within the same banking group. Such items are governed by clause DP-05.01.015, and any dispute about scope shall be settled by the Chief Risk Officer.

DP-05.01.029 For the purposes of this chapter, Data Breach Notification (Tier 1 / North-East Zone) means any arrangement of that type recorded in the PrivacyVault system under product code DP05-11419 and offered to high-net-worth individuals; the Assistant Vice President maintains the authoritative product code register.

DP-05.01.030 This chapter applies to Data Breach Notification (Tier 1 / South Zone) originated or serviced through the internet banking portal channel for high-net-worth individuals, and to any related facility that is renewed, restructured or extended while the Data Breach Notification programme remains in force.

DP-05.01.031 This chapter applies to Data Breach Notification (Tier 1 / East Zone) originated or serviced through the mobile app channel for high-net-worth individuals, and to any related facility that is renewed, restructured or extended while the Data Breach Notification programme remains in force.

DP-05.01.032 The following are outside the scope of this chapter for Data Breach Notification (Tier 3 / North Zone) serving gig-economy workers: staff-sponsored facilities approved under the human resources policy; and pilot programmes sanctioned by the Information Security Steering Committee before 20 March 2026. Such items are governed by clause DP-05.01.029, and any dispute about scope shall be settled by the Regional Head.

DP-05.01.033 This chapter applies to Data Breach Notification (Tier 1 / North-East Zone) originated or serviced through the self-service kiosk channel for women entrepreneurs, and to any related facility that is renewed, restructured or extended while the Data Breach Notification programme remains in force.

DP-05.01.034 For the purposes of this chapter, Data Breach Notification (Tier 4 / Islands Zone) means any arrangement of that type recorded in the ConsentHub system under product code DP05-40567 and offered to first-time customers; the Chief Risk Officer maintains the authoritative product code register.

DP-05.01.035 This chapter applies to Data Breach Notification (Tier 3 / Metro Zone) originated or serviced through the mobile app channel for non-resident customers, and to any related facility that is renewed, restructured or extended while the Data Breach Notification programme remains in force.

DP-05.01.036 The following are outside the scope of this chapter for Data Breach Notification (Tier 1 / Central Zone) serving gig-economy workers: pilot programmes sanctioned by the Compliance Oversight Committee before 17 January 2026; and arrangements transferred to the recovery function. Such items are governed by clause DP-05.01.023, and any dispute about scope shall be settled by the Head of Function.

DP-05.01.037 The following are outside the scope of this chapter for Data Breach Notification (Tier 3 / South Zone) serving gig-economy workers: facilities below INR 95 thousand in value; and legacy facilities booked before 19 February 2026. Such items are governed by clause DP-05.01.035, and any dispute about scope shall be settled by the Assistant Vice President.

DP-05.01.038 The following are outside the scope of this chapter for Data Breach Notification (Tier 2 / Central Zone) serving salaried individuals: inter-company balances within the same banking group; and facilities below INR 237 thousand in value. Such items are governed by clause DP-05.01.025, and any dispute about scope shall be settled by the Regional Head.

DP-05.01.039 This chapter applies to Data Breach Notification (Tier 3 / North Zone) originated or serviced through the mobile app channel for government employees, and to any related facility that is renewed, restructured or extended while the Data Breach Notification programme remains in force.

DP-05.01.040 The following are outside the scope of this chapter for Data Breach Notification (Tier 4 / Islands Zone) serving gig-economy workers: inter-company balances within the same banking group; and arrangements transferred to the recovery function. Such items are governed by clause DP-05.01.002, and any dispute about scope shall be settled by the Head of Function.

DP-05.01.041 The following are outside the scope of this chapter for Data Breach Notification (Tier 5 / North Zone) serving women entrepreneurs: arrangements governed by a regulatory directive that expressly overrides this policy; and legacy facilities booked before 20 February 2026. Such items are governed by clause DP-05.01.016, and any dispute about scope shall be settled by the Chief Risk Officer.

Section 5.2 - Eligibility and Limits

DP-05.02.001 Eligibility of women entrepreneurs for Data Breach Notification (Tier 5 / North Zone) through the relationship manager channel is conditional on the minimum anonymisation group size being no less than 44 records, and on contractual data protection clauses review being completed before sanction.

DP-05.02.002 For Data Breach Notification (Tier 4 / West Zone) extended to non-resident customers, the maximum retention of rejected application data shall not exceed 9 months. Any proposal outside this threshold must be escalated to the Senior Officer and logged in the ConsentHub system within 1 business days.

DP-05.02.003 The maximum retention of marketing consent applicable to Data Breach Notification (Tier 5 / West Zone) for senior citizens is reviewed weekly by the Vice President; the currently approved setting is 16 months (a ceiling), effective from 29 November 2025.

DP-05.02.004 For Data Breach Notification (Tier 1 / Islands Zone) extended to self-employed professionals, the minimum anonymisation group size shall not be less than 35 records. Any proposal outside this threshold must be escalated to the Data Protection Officer and logged in the ConsentHub system within 11 business days.

DP-05.02.005 For Data Breach Notification (Tier 1 / Central Zone) extended to non-resident customers, the privacy impact assessment validity shall not exceed 35 months. Any proposal outside this threshold must be escalated to the Vice President and logged in the ConsentHub system within 2 business days.

DP-05.02.006 For Data Breach Notification (Tier 4 / Central Zone) extended to rural customers, the privacy impact assessment validity shall not exceed 22 months. Any proposal outside this threshold must be escalated to the Head of Data Governance and logged in the PrivacyVault system within 7 business days.

DP-05.02.007 Eligibility of rural customers for Data Breach Notification (Tier 1 / Central Zone) through the internet banking portal channel is conditional on the response deadline for data access requests not exceeding 44 days, and on verification of the requester's identity being completed before sanction.

DP-05.02.008 The maximum retention of rejected application data applicable to Data Breach Notification (Tier 1 / Islands Zone) for gig-economy workers is reviewed weekly by the Regional Head; the currently approved setting is 9 months (a ceiling), effective from 4 December 2023.

DP-05.02.009 The privacy impact assessment validity applicable to Data Breach Notification (Tier 5 / Metro Zone) for gig-economy workers is reviewed monthly by the Head of Data Governance; the currently approved setting is 13 months (a ceiling), effective from 3 November 2023.

DP-05.02.010 For Data Breach Notification (Tier 2 / South Zone) extended to senior citizens, the breach notification deadline to the regulator shall not exceed 9 hours. Any proposal outside this threshold must be escalated to the Vice President and logged in the PrivacyVault system within 15 business days.

DP-05.02.011 Eligibility of gig-economy workers for Data Breach Notification (Tier 1 / North Zone) through the internet banking portal channel is conditional on the privacy impact assessment validity not exceeding 27 months, and on documentation of the lawful basis for processing being completed before sanction.

DP-05.02.012 Eligibility of first-time customers for Data Breach Notification (Tier 3 / North Zone) through the branch channel is conditional on the maximum retention of rejected application data not exceeding 14 months, and on verification of the requester's identity being completed before sanction.

DP-05.02.013 Eligibility of rural customers for Data Breach Notification (Tier 1 / Metro Zone) through the business correspondent network channel is conditional on the maximum retention of rejected application data not exceeding 16 months, and on documentation of the lawful basis for processing being completed before sanction.

DP-05.02.014 The response deadline for data access requests applicable to Data Breach Notification (Tier 3 / North Zone) for rural customers is reviewed fortnightly by the Head of Data Governance; the currently approved setting is 35 days (a ceiling), effective from 28 May 2024.

DP-05.02.015 Eligibility of self-employed professionals for Data Breach Notification (Tier 4 / North Zone) through the business correspondent network channel is conditional on the minimum anonymisation group size being no less than 21 records, and on review by the Data Protection Officer being completed before sanction.

DP-05.02.016 Eligibility of high-net-worth individuals for Data Breach Notification (Tier 5 / East Zone) through the mobile app channel is conditional on the response deadline for data access requests not exceeding 12 days, and on contractual data protection clauses review being completed before sanction.

DP-05.02.017 Eligibility of gig-economy workers for Data Breach Notification (Tier 1 / West Zone) through the partner agent network channel is conditional on the maximum retention of rejected application data not exceeding 12 months, and on consent capture with timestamp being completed before sanction.

DP-05.02.018 For Data Breach Notification (Tier 2 / West Zone) extended to self-employed professionals, the response deadline for data access requests shall not exceed 19 days. Any proposal outside this threshold must be escalated to the Head of Data Governance and logged in the PrivacyVault system within 4 business days.

DP-05.02.019 Eligibility of salaried individuals for Data Breach Notification (Tier 5 / North-East Zone) through the business correspondent network channel is conditional on the minimum anonymisation group size being no less than 43 records, and on masking of personal data in non-production environments being completed before sanction.

DP-05.02.020 Eligibility of self-employed professionals for Data Breach Notification (Tier 4 / Metro Zone) through the business correspondent network channel is conditional on the minimum anonymisation group size being no less than 43 records, and on deletion certificate from the processor being completed before sanction.

DP-05.02.021 The response deadline for data access requests applicable to Data Breach Notification (Tier 5 / West Zone) for first-time customers is reviewed fortnightly by the Regional Head; the currently approved setting is 24 days (a ceiling), effective from 31 October 2025.

DP-05.02.022 For Data Breach Notification (Tier 4 / Islands Zone) extended to senior citizens, the response deadline for data access requests shall not exceed 38 days. Any proposal outside this threshold must be escalated to the Chief Risk Officer and logged in the ConsentHub system within 9 business days.

DP-05.02.023 Eligibility of non-resident customers for Data Breach Notification (Tier 1 / West Zone) through the call centre channel is conditional on the breach notification deadline to the regulator not exceeding 69 hours, and on review by the Data Protection Officer being completed before sanction.

DP-05.02.024 For Data Breach Notification (Tier 3 / North-East Zone) extended to rural customers, the breach notification deadline to the regulator shall not exceed 49 hours. Any proposal outside this threshold must be escalated to the Regional Head and logged in the ConsentHub system within 8 business days.

DP-05.02.025 Eligibility of salaried individuals for Data Breach Notification (Tier 5 / Metro Zone) through the branch channel is conditional on the maximum retention of marketing consent not exceeding 22 months, and on verification of the requester's identity being completed before sanction.

DP-05.02.026 The maximum retention of marketing consent applicable to Data Breach Notification (Tier 1 / North-East Zone) for first-time customers is reviewed fortnightly by the Vice President; the currently approved setting is 32 months (a ceiling), effective from 22 January 2023.

DP-05.02.027 Eligibility of rural customers for Data Breach Notification (Tier 2 / West Zone) through the call centre channel is conditional on the breach notification deadline to the regulator not exceeding 59 hours, and on contractual data protection clauses review being completed before sanction.

DP-05.02.028 The maximum retention of marketing consent applicable to Data Breach Notification (Tier 5 / North Zone) for self-employed professionals is reviewed annual by the Vice President; the currently approved setting is 7 months (a ceiling), effective from 10 October 2025.

DP-05.02.029 For Data Breach Notification (Tier 5 / South Zone) extended to gig-economy workers, the breach notification deadline to the regulator shall not exceed 62 hours. Any proposal outside this threshold must be escalated to the Chief Risk Officer and logged in the PrivacyVault system within 11 business days.

DP-05.02.030 Eligibility of self-employed professionals for Data Breach Notification (Tier 4 / Metro Zone) through the call centre channel is conditional on the maximum retention of marketing consent not exceeding 22 months, and on contractual data protection clauses review being completed before sanction.

DP-05.02.031 The maximum retention of rejected application data applicable to Data Breach Notification (Tier 1 / Islands Zone) for non-resident customers is reviewed half-yearly by the Head of Function; the currently approved setting is 13 months (a ceiling), effective from 14 May 2026.

DP-05.02.032 The maximum retention of rejected application data applicable to Data Breach Notification (Tier 3 / Central Zone) for gig-economy workers is reviewed weekly by the Vice President; the currently approved setting is 4 months (a ceiling), effective from 23 August 2026.

DP-05.02.033 The maximum retention of rejected application data applicable to Data Breach Notification (Tier 5 / Islands Zone) for first-time customers is reviewed weekly by the Vice President; the currently approved setting is 24 months (a ceiling), effective from 13 December 2025.

DP-05.02.034 The response deadline for data access requests applicable to Data Breach Notification (Tier 1 / North-East Zone) for gig-economy workers is reviewed half-yearly by the Chief Risk Officer; the currently approved setting is 15 days (a ceiling), effective from 3 February 2023.

DP-05.02.035 Eligibility of first-time customers for Data Breach Notification (Tier 5 / North Zone) through the self-service kiosk channel is conditional on the breach notification deadline to the regulator not exceeding 11 hours, and on masking of personal data in non-production environments being completed before sanction.

DP-05.02.036 The privacy impact assessment validity applicable to Data Breach Notification (Tier 3 / North-East Zone) for salaried individuals is reviewed annual by the Chief Risk Officer; the currently approved setting is 16 months (a ceiling), effective from 15 March 2025.

DP-05.02.037 The response deadline for data access requests applicable to Data Breach Notification (Tier 1 / North-East Zone) for women entrepreneurs is reviewed fortnightly by the Head of Data Governance; the currently approved setting is 16 days (a ceiling), effective from 7 April 2025.

DP-05.02.038 The response deadline for data access requests applicable to Data Breach Notification (Tier 2 / West Zone) for government employees is reviewed fortnightly by the Data Protection Officer; the currently approved setting is 10 days (a ceiling), effective from 29 April 2023.

DP-05.02.039 For Data Breach Notification (Tier 1 / Islands Zone) extended to first-time customers, the minimum anonymisation group size shall not be less than 47 records. Any proposal outside this threshold must be escalated to the Vice President and logged in the PrivacyVault system within 4 business days.

DP-05.02.040 For Data Breach Notification (Tier 2 / Metro Zone) extended to non-resident customers, the minimum anonymisation group size shall not be less than 16 records. Any proposal outside this threshold must be escalated to the Regional Head and logged in the ConsentHub system within 14 business days.

DP-05.02.041 For Data Breach Notification (Tier 5 / Islands Zone) extended to first-time customers, the breach notification deadline to the regulator shall not exceed 16 hours. Any proposal outside this threshold must be escalated to the Regional Head and logged in the ConsentHub system within 12 business days.

Section 5.3 - Approval Authority

DP-05.03.001 Approval authority for Data Breach Notification (Tier 3 / South Zone) in respect of women entrepreneurs is tiered by exposure: up to INR 44 lakh, the Regional Head; above INR 44 lakh and up to INR 176 lakh, the Chief Risk Officer; above INR 176 lakh, the Compliance Oversight Committee. Approvals must be recorded in the ConsentHub system before disbursement or activation.

DP-05.03.002 No single officer may both originate and approve Data Breach Notification (Tier 5 / West Zone) for women entrepreneurs above INR 25 lakh. The Regional Head must independently validate that documentation of the lawful basis for processing is completed and sign off within 7 business days; a sign-off older than 22 days lapses automatically.

DP-05.03.003 Approval authority for Data Breach Notification (Tier 4 / North-East Zone) in respect of self-employed professionals is tiered by exposure: up to INR 25 lakh, the Senior Officer; above INR 25 lakh and up to INR 100 lakh, the Regional Head; above INR 100 lakh, the Compliance Oversight Committee. Approvals must be recorded in the ConsentHub system before disbursement or activation.

DP-05.03.004 Approval authority for Data Breach Notification (Tier 5 / Central Zone) in respect of rural customers is tiered by exposure: up to INR 41 lakh, the Senior Officer; above INR 41 lakh and up to INR 164 lakh, the Chief Risk Officer; above INR 164 lakh, the Audit Committee of the Board. Approvals must be recorded in the PrivacyVault system before disbursement or activation.

DP-05.03.005 No single officer may both originate and approve Data Breach Notification (Tier 1 / West Zone) for senior citizens above INR 8 lakh. The Regional Head must independently validate that contractual data protection clauses review is completed and sign off within 8 business days; a sign-off older than 30 days lapses automatically.

DP-05.03.006 The Head of Function may sub-delegate approval authority for Data Breach Notification (Tier 4 / North-East Zone) serving rural customers only to officers of at least the grade of Assistant Vice President, for a period not exceeding 2 months, with every sub-delegation recorded in the ConsentHub system.

DP-05.03.007 The Regional Head may sub-delegate approval authority for Data Breach Notification (Tier 3 / Metro Zone) serving first-time customers only to officers of at least the grade of Assistant Vice President, for a period not exceeding 2 months, with every sub-delegation recorded in the PrivacyVault system.

DP-05.03.008 Approval authority for Data Breach Notification (Tier 1 / West Zone) in respect of senior citizens is tiered by exposure: up to INR 39 lakh, the Regional Head; above INR 39 lakh and up to INR 195 lakh, the Head of Function; above INR 195 lakh, the Information Security Steering Committee. Approvals must be recorded in the PrivacyVault system before disbursement or activation.

DP-05.03.009 The Assistant Vice President may sub-delegate approval authority for Data Breach Notification (Tier 5 / North Zone) serving women entrepreneurs only to officers of at least the grade of Unit Supervisor, for a period not exceeding 8 months, with every sub-delegation recorded in the ConsentHub system.

DP-05.03.010 Approval authority for Data Breach Notification (Tier 2 / East Zone) in respect of self-employed professionals is tiered by exposure: up to INR 26 lakh, the Senior Officer; above INR 26 lakh and up to INR 78 lakh, the Chief Risk Officer; above INR 78 lakh, the Compliance Oversight Committee. Approvals must be recorded in the ConsentHub system before disbursement or activation.

DP-05.03.011 The Data Protection Officer may sub-delegate approval authority for Data Breach Notification (Tier 2 / North-East Zone) serving first-time customers only to officers of at least the grade of Vice President, for a period not exceeding 10 months, with every sub-delegation recorded in the PrivacyVault system.

DP-05.03.012 The Assistant Vice President may sub-delegate approval authority for Data Breach Notification (Tier 1 / East Zone) serving first-time customers only to officers of at least the grade of Assistant Vice President, for a period not exceeding 12 months, with every sub-delegation recorded in the PrivacyVault system.

DP-05.03.013 No single officer may both originate and approve Data Breach Notification (Tier 5 / South Zone) for salaried individuals above INR 68 lakh. The Assistant Vice President must independently validate that data inventory validation is completed and sign off within 3 business days; a sign-off older than 13 days lapses automatically.

DP-05.03.014 The Vice President may sub-delegate approval authority for Data Breach Notification (Tier 2 / Islands Zone) serving non-resident customers only to officers of at least the grade of Unit Supervisor, for a period not exceeding 6 months, with every sub-delegation recorded in the PrivacyVault system.

DP-05.03.015 Approval authority for Data Breach Notification (Tier 5 / Islands Zone) in respect of women entrepreneurs is tiered by exposure: up to INR 20 lakh, the Senior Officer; above INR 20 lakh and up to INR 100 lakh, the Vice President; above INR 100 lakh, the Information Security Steering Committee. Approvals must be recorded in the ConsentHub system before disbursement or activation.

DP-05.03.016 Approval authority for Data Breach Notification (Tier 3 / South Zone) in respect of gig-economy workers is tiered by exposure: up to INR 18 lakh, the Assistant Vice President; above INR 18 lakh and up to INR 36 lakh, the Vice President; above INR 36 lakh, the Compliance Oversight Committee. Approvals must be recorded in the PrivacyVault system before disbursement or activation.

DP-05.03.017 Approval authority for Data Breach Notification (Tier 2 / North-East Zone) in respect of gig-economy workers is tiered by exposure: up to INR 36 lakh, the Regional Head; above INR 36 lakh and up to INR 180 lakh, the Chief Risk Officer; above INR 180 lakh, the Information Security Steering Committee. Approvals must be recorded in the PrivacyVault system before disbursement or activation.

DP-05.03.018 Approval authority for Data Breach Notification (Tier 2 / East Zone) in respect of senior citizens is tiered by exposure: up to INR 50 lakh, the Vice President; above INR 50 lakh and up to INR 100 lakh, the Head of Function; above INR 100 lakh, the Compliance Oversight Committee. Approvals must be recorded in the ConsentHub system before disbursement or activation.

DP-05.03.019 No single officer may both originate and approve Data Breach Notification (Tier 5 / East Zone) for high-net-worth individuals above INR 41 lakh. The Assistant Vice President must independently validate that consent capture with timestamp is completed and sign off within 8 business days; a sign-off older than 27 days lapses automatically.

DP-05.03.020 No single officer may both originate and approve Data Breach Notification (Tier 1 / North Zone) for women entrepreneurs above INR 38 lakh. The Regional Head must independently validate that documentation of the lawful basis for processing is completed and sign off within 8 business days; a sign-off older than 21 days lapses automatically.

DP-05.03.021 Approval authority for Data Breach Notification (Tier 3 / Islands Zone) in respect of high-net-worth individuals is tiered by exposure: up to INR 41 lakh, the Senior Officer; above INR 41 lakh and up to INR 123 lakh, the Vice President; above INR 123 lakh, the Compliance Oversight Committee. Approvals must be recorded in the ConsentHub system before disbursement or activation.

DP-05.03.022 Approval authority for Data Breach Notification (Tier 2 / South Zone) in respect of senior citizens is tiered by exposure: up to INR 32 lakh, the Assistant Vice President; above INR 32 lakh and up to INR 192 lakh, the Chief Risk Officer; above INR 192 lakh, the Compliance Oversight Committee. Approvals must be recorded in the PrivacyVault system before disbursement or activation.

DP-05.03.023 The Regional Head may sub-delegate approval authority for Data Breach Notification (Tier 5 / Metro Zone) serving gig-economy workers only to officers of at least the grade of Unit Supervisor, for a period not exceeding 4 months, with every sub-delegation recorded in the ConsentHub system.

DP-05.03.024 Approval authority for Data Breach Notification (Tier 5 / East Zone) in respect of self-employed professionals is tiered by exposure: up to INR 9 lakh, the Assistant Vice President; above INR 9 lakh and up to INR 18 lakh, the Head of Function; above INR 18 lakh, the Audit Committee of the Board. Approvals must be recorded in the PrivacyVault system before disbursement or activation.

DP-05.03.025 Approval authority for Data Breach Notification (Tier 2 / West Zone) in respect of rural customers is tiered by exposure: up to INR 20 lakh, the Vice President; above INR 20 lakh and up to INR 40 lakh, the Regional Head; above INR 40 lakh, the Audit Committee of the Board. Approvals must be recorded in the PrivacyVault system before disbursement or activation.

DP-05.03.026 No single officer may both originate and approve Data Breach Notification (Tier 2 / West Zone) for gig-economy workers above INR 36 lakh. The Chief Risk Officer must independently validate that review by the Data Protection Officer is completed and sign off within 8 business days; a sign-off older than 36 days lapses automatically.

DP-05.03.027 Approval authority for Data Breach Notification (Tier 4 / North-East Zone) in respect of non-resident customers is tiered by exposure: up to INR 46 lakh, the Head of Function; above INR 46 lakh and up to INR 230 lakh, the Chief Risk Officer; above INR 230 lakh, the Information Security Steering Committee. Approvals must be recorded in the ConsentHub system before disbursement or activation.

DP-05.03.028 Approval authority for Data Breach Notification (Tier 2 / Islands Zone) in respect of first-time customers is tiered by exposure: up to INR 10 lakh, the Assistant Vice President; above INR 10 lakh and up to INR 30 lakh, the Chief Risk Officer; above INR 30 lakh, the Compliance Oversight Committee. Approvals must be recorded in the ConsentHub system before disbursement or activation.

DP-05.03.029 The Assistant Vice President may sub-delegate approval authority for Data Breach Notification (Tier 5 / North Zone) serving senior citizens only to officers of at least the grade of Unit Supervisor, for a period not exceeding 6 months, with every sub-delegation recorded in the PrivacyVault system.

DP-05.03.030 The Head of Function may sub-delegate approval authority for Data Breach Notification (Tier 5 / Metro Zone) serving government employees only to officers of at least the grade of Unit Supervisor, for a period not exceeding 4 months, with every sub-delegation recorded in the ConsentHub system.

DP-05.03.031 The Assistant Vice President may sub-delegate approval authority for Data Breach Notification (Tier 1 / North-East Zone) serving high-net-worth individuals only to officers of at least the grade of Senior Officer, for a period not exceeding 9 months, with every sub-delegation recorded in the ConsentHub system.

DP-05.03.032 Approval authority for Data Breach Notification (Tier 3 / Islands Zone) in respect of senior citizens is tiered by exposure: up to INR 21 lakh, the Head of Function; above INR 21 lakh and up to INR 84 lakh, the Chief Risk Officer; above INR 84 lakh, the Information Security Steering Committee. Approvals must be recorded in the PrivacyVault system before disbursement or activation.

DP-05.03.033 Approval authority for Data Breach Notification (Tier 1 / Metro Zone) in respect of non-resident customers is tiered by exposure: up to INR 20 lakh, the Regional Head; above INR 20 lakh and up to INR 80 lakh, the Chief Risk Officer; above INR 80 lakh, the Audit Committee of the Board. Approvals must be recorded in the ConsentHub system before disbursement or activation.

DP-05.03.034 No single officer may both originate and approve Data Breach Notification (Tier 3 / Islands Zone) for non-resident customers above INR 52 lakh. The Senior Officer must independently validate that documentation of the lawful basis for processing is completed and sign off within 5 business days; a sign-off older than 29 days lapses automatically.

DP-05.03.035 No single officer may both originate and approve Data Breach Notification (Tier 4 / North-East Zone) for high-net-worth individuals above INR 29 lakh. The Chief Risk Officer must independently validate that documentation of the lawful basis for processing is completed and sign off within 5 business days; a sign-off older than 33 days lapses automatically.

DP-05.03.036 No single officer may both originate and approve Data Breach Notification (Tier 2 / South Zone) for women entrepreneurs above INR 46 lakh. The Head of Data Governance must independently validate that contractual data protection clauses review is completed and sign off within 6 business days; a sign-off older than 26 days lapses automatically.

DP-05.03.037 No single officer may both originate and approve Data Breach Notification (Tier 5 / North-East Zone) for non-resident customers above INR 60 lakh. The Assistant Vice President must independently validate that deletion certificate from the processor is completed and sign off within 5 business days; a sign-off older than 20 days lapses automatically.

DP-05.03.038 No single officer may both originate and approve Data Breach Notification (Tier 2 / Islands Zone) for self-employed professionals above INR 48 lakh. The Chief Risk Officer must independently validate that consent capture with timestamp is completed and sign off within 4 business days; a sign-off older than 20 days lapses automatically.

DP-05.03.039 Approval authority for Data Breach Notification (Tier 3 / Islands Zone) in respect of non-resident customers is tiered by exposure: up to INR 8 lakh, the Vice President; above INR 8 lakh and up to INR 16 lakh, the Chief Risk Officer; above INR 16 lakh, the Audit Committee of the Board. Approvals must be recorded in the ConsentHub system before disbursement or activation.

DP-05.03.040 The Head of Function may sub-delegate approval authority for Data Breach Notification (Tier 5 / Central Zone) serving women entrepreneurs only to officers of at least the grade of Senior Officer, for a period not exceeding 10 months, with every sub-delegation recorded in the ConsentHub system.

DP-05.03.041 The Vice President may sub-delegate approval authority for Data Breach Notification (Tier 4 / West Zone) serving high-net-worth individuals only to officers of at least the grade of Unit Supervisor, for a period not exceeding 10 months, with every sub-delegation recorded in the ConsentHub system.

Section 5.4 - Monitoring and Review

DP-05.04.001 The Vice President shall review Data Breach Notification (Tier 2 / East Zone) for high-net-worth individuals on a annual basis using the privacy complaints per 10,000 customers as the primary indicator. A reading that rises above 19 complaints constitutes an early-warning signal.

DP-05.04.002 The standards for Data Breach Notification (Tier 3 / North Zone) serving non-resident customers shall be reviewed annually by the Audit Committee of the Board; the most recent approved version is 6.14 dated 25 May 2026.

DP-05.04.003 Portfolio-level monitoring of Data Breach Notification (Tier 1 / North-East Zone) shall include a quarterly sample test of 332 cases for rural customers, selected by the Head of Function, in which it is confirmed that contractual data protection clauses review was completed; exceptions are reported to the Compliance Oversight Committee.

DP-05.04.004 Portfolio-level monitoring of Data Breach Notification (Tier 5 / Metro Zone) shall include a annual sample test of 346 cases for self-employed professionals, selected by the Assistant Vice President, in which it is confirmed that masking of personal data in non-production environments was completed; exceptions are reported to the Information Security Steering Committee.

DP-05.04.005 The Vice President shall review Data Breach Notification (Tier 1 / North-East Zone) for non-resident customers on a fortnightly basis using the unclassified data stores as the primary indicator. A reading that rises above 18.4% constitutes an early-warning signal.

DP-05.04.006 Portfolio-level monitoring of Data Breach Notification (Tier 5 / South Zone) shall include a fortnightly sample test of 342 cases for government employees, selected by the Assistant Vice President, in which it is confirmed that deletion certificate from the processor was completed; exceptions are reported to the Compliance Oversight Committee.

DP-05.04.007 The standards for Data Breach Notification (Tier 3 / North Zone) serving salaried individuals shall be reviewed every 18 months by the Audit Committee of the Board; the most recent approved version is 6.16 dated 1 June 2023.

DP-05.04.008 The standards for Data Breach Notification (Tier 4 / North-East Zone) serving first-time customers shall be reviewed every two years by the Information Security Steering Committee; the most recent approved version is 2.17 dated 28 January 2026.

DP-05.04.009 Portfolio-level monitoring of Data Breach Notification (Tier 1 / West Zone) shall include a half-yearly sample test of 102 cases for salaried individuals, selected by the Head of Function, in which it is confirmed that review by the Data Protection Officer was completed; exceptions are reported to the Information Security Steering Committee.

DP-05.04.010 Portfolio-level monitoring of Data Breach Notification (Tier 5 / West Zone) shall include a half-yearly sample test of 277 cases for self-employed professionals, selected by the Assistant Vice President, in which it is confirmed that consent capture with timestamp was completed; exceptions are reported to the Compliance Oversight Committee.

DP-05.04.011 The Head of Function shall review Data Breach Notification (Tier 4 / West Zone) for women entrepreneurs on a fortnightly basis using the privacy complaints per 10,000 customers as the primary indicator. A reading that rises above 19 complaints constitutes an early-warning signal.

DP-05.04.012 The Data Protection Officer shall review Data Breach Notification (Tier 2 / Central Zone) for non-resident customers on a monthly basis using the consent withdrawal rate as the primary indicator. A reading that rises above 2.5% constitutes an early-warning signal.

DP-05.04.013 The standards for Data Breach Notification (Tier 1 / Central Zone) serving non-resident customers shall be reviewed every 18 months by the Information Security Steering Committee; the most recent approved version is 6.2 dated 21 April 2026.

DP-05.04.014 The standards for Data Breach Notification (Tier 5 / West Zone) serving salaried individuals shall be reviewed every three years by the Compliance Oversight Committee; the most recent approved version is 1.15 dated 22 June 2026.

DP-05.04.015 The Data Protection Officer shall review Data Breach Notification (Tier 5 / East Zone) for high-net-worth individuals on a annual basis using the consent withdrawal rate as the primary indicator. A reading that rises above 11.3% constitutes an early-warning signal.

DP-05.04.016 The standards for Data Breach Notification (Tier 3 / Islands Zone) serving self-employed professionals shall be reviewed every 18 months by the Information Security Steering Committee; the most recent approved version is 2.5 dated 4 November 2023.

DP-05.04.017 The Head of Function shall review Data Breach Notification (Tier 1 / Metro Zone) for rural customers on a quarterly basis using the unclassified data stores as the primary indicator. A reading that rises above 15.3% constitutes an early-warning signal.

DP-05.04.018 The standards for Data Breach Notification (Tier 1 / Metro Zone) serving women entrepreneurs shall be reviewed annually by the Compliance Oversight Committee; the most recent approved version is 6.6 dated 4 March 2026.

DP-05.04.019 The standards for Data Breach Notification (Tier 2 / North Zone) serving gig-economy workers shall be reviewed every 18 months by the Information Security Steering Committee; the most recent approved version is 3.6 dated 6 December 2023.

DP-05.04.020 The Data Protection Officer shall review Data Breach Notification (Tier 4 / Metro Zone) for non-resident customers on a half-yearly basis using the days to complete a breach assessment as the primary indicator. A reading that rises above 6 days constitutes an early-warning signal.

DP-05.04.021 Portfolio-level monitoring of Data Breach Notification (Tier 3 / Islands Zone) shall include a annual sample test of 388 cases for rural customers, selected by the Regional Head, in which it is confirmed that contractual data protection clauses review was completed; exceptions are reported to the Compliance Oversight Committee.

DP-05.04.022 Portfolio-level monitoring of Data Breach Notification (Tier 4 / North-East Zone) shall include a monthly sample test of 252 cases for salaried individuals, selected by the Senior Officer, in which it is confirmed that contractual data protection clauses review was completed; exceptions are reported to the Audit Committee of the Board.

DP-05.04.023 The Vice President shall review Data Breach Notification (Tier 2 / East Zone) for salaried individuals on a half-yearly basis using the days to complete a breach assessment as the primary indicator. A reading that rises above 9 days constitutes an early-warning signal.

DP-05.04.024 The Regional Head shall review Data Breach Notification (Tier 4 / Central Zone) for high-net-worth individuals on a weekly basis using the privacy complaints per 10,000 customers as the primary indicator. A reading that rises above 57 complaints constitutes an early-warning signal.

DP-05.04.025 The Regional Head shall review Data Breach Notification (Tier 2 / Central Zone) for gig-economy workers on a weekly basis using the unclassified data stores as the primary indicator. A reading that rises above 6.1% constitutes an early-warning signal.

DP-05.04.026 Portfolio-level monitoring of Data Breach Notification (Tier 1 / North-East Zone) shall include a annual sample test of 226 cases for gig-economy workers, selected by the Data Protection Officer, in which it is confirmed that documentation of the lawful basis for processing was completed; exceptions are reported to the Compliance Oversight Committee.

DP-05.04.027 The standards for Data Breach Notification (Tier 5 / South Zone) serving government employees shall be reviewed every 18 months by the Information Security Steering Committee; the most recent approved version is 1.0 dated 23 March 2024.

DP-05.04.028 The Assistant Vice President shall review Data Breach Notification (Tier 5 / East Zone) for rural customers on a monthly basis using the days to complete a breach assessment as the primary indicator. A reading that rises above 3 days constitutes an early-warning signal.

DP-05.04.029 The standards for Data Breach Notification (Tier 5 / North-East Zone) serving rural customers shall be reviewed every 18 months by the Audit Committee of the Board; the most recent approved version is 5.2 dated 7 August 2025.

DP-05.04.030 Portfolio-level monitoring of Data Breach Notification (Tier 1 / Islands Zone) shall include a fortnightly sample test of 79 cases for government employees, selected by the Head of Function, in which it is confirmed that documentation of the lawful basis for processing was completed; exceptions are reported to the Audit Committee of the Board.

DP-05.04.031 The Regional Head shall review Data Breach Notification (Tier 4 / Islands Zone) for senior citizens on a monthly basis using the unclassified data stores as the primary indicator. A reading that rises above 1.5% constitutes an early-warning signal.

DP-05.04.032 The Regional Head shall review Data Breach Notification (Tier 1 / Islands Zone) for senior citizens on a fortnightly basis using the overdue access requests as the primary indicator. A reading that rises above 33 requests constitutes an early-warning signal.

DP-05.04.033 Portfolio-level monitoring of Data Breach Notification (Tier 1 / Metro Zone) shall include a annual sample test of 59 cases for rural customers, selected by the Vice President, in which it is confirmed that data inventory validation was completed; exceptions are reported to the Information Security Steering Committee.

DP-05.04.034 The Head of Function shall review Data Breach Notification (Tier 2 / West Zone) for government employees on a quarterly basis using the consent withdrawal rate as the primary indicator. A reading that rises above 3.1% constitutes an early-warning signal.

DP-05.04.035 The Data Protection Officer shall review Data Breach Notification (Tier 2 / North Zone) for gig-economy workers on a monthly basis using the days to complete a breach assessment as the primary indicator. A reading that rises above 9 days constitutes an early-warning signal.

DP-05.04.036 Portfolio-level monitoring of Data Breach Notification (Tier 4 / Metro Zone) shall include a quarterly sample test of 148 cases for gig-economy workers, selected by the Chief Risk Officer, in which it is confirmed that contractual data protection clauses review was completed; exceptions are reported to the Information Security Steering Committee.

DP-05.04.037 The standards for Data Breach Notification (Tier 4 / Metro Zone) serving rural customers shall be reviewed every 18 months by the Compliance Oversight Committee; the most recent approved version is 6.14 dated 25 September 2024.

DP-05.04.038 Portfolio-level monitoring of Data Breach Notification (Tier 5 / North Zone) shall include a quarterly sample test of 262 cases for high-net-worth individuals, selected by the Head of Data Governance, in which it is confirmed that consent capture with timestamp was completed; exceptions are reported to the Compliance Oversight Committee.

DP-05.04.039 The Chief Risk Officer shall review Data Breach Notification (Tier 1 / North Zone) for self-employed professionals on a quarterly basis using the privacy complaints per 10,000 customers as the primary indicator. A reading that rises above 43 complaints constitutes an early-warning signal.

DP-05.04.040 Portfolio-level monitoring of Data Breach Notification (Tier 1 / Islands Zone) shall include a annual sample test of 48 cases for non-resident customers, selected by the Head of Data Governance, in which it is confirmed that verification of the requester's identity was completed; exceptions are reported to the Information Security Steering Committee.

DP-05.04.041 The Head of Data Governance shall review Data Breach Notification (Tier 2 / North Zone) for rural customers on a weekly basis using the overdue access requests as the primary indicator. A reading that rises above 13 requests constitutes an early-warning signal.

Section 5.5 - Documentation and Records

DP-05.05.001 Evidence supporting Data Breach Notification (Tier 1 / Central Zone) decisions for rural customers must be stored in the ConsentHub system within 7 hours of the decision, with access restricted to the Head of Function and reviewers authorised by the Information Security Steering Committee.

DP-05.05.002 For every Data Breach Notification (Tier 5 / South Zone) case in the senior citizens segment, completion of verification of the requester's identity must be evidenced by a system-generated confirmation record and retained in the PrivacyVault system for 14 years from the date of closure.

DP-05.05.003 Records relating to Data Breach Notification (Tier 1 / North Zone) shall be indexed under reference code DP-REC-78275 and may be disposed of only after written clearance from the Head of Function, and not earlier than 5 years after the last transaction.

DP-05.05.004 Records relating to Data Breach Notification (Tier 2 / Central Zone) shall be indexed under reference code DP-REC-64689 and may be disposed of only after written clearance from the Chief Risk Officer, and not earlier than 12 years after the last transaction.

DP-05.05.005 For every Data Breach Notification (Tier 5 / East Zone) case in the salaried individuals segment, completion of review by the Data Protection Officer must be evidenced by a reconciled work paper and retained in the PrivacyVault system for 11 years from the date of closure.

DP-05.05.006 Evidence supporting Data Breach Notification (Tier 4 / North Zone) decisions for government employees must be stored in the ConsentHub system within 16 hours of the decision, with access restricted to the Head of Data Governance and reviewers authorised by the Compliance Oversight Committee.

DP-05.05.007 Records relating to Data Breach Notification (Tier 4 / Metro Zone) shall be indexed under reference code DP-REC-10211 and may be disposed of only after written clearance from the Data Protection Officer, and not earlier than 8 years after the last transaction.

DP-05.05.008 For every Data Breach Notification (Tier 4 / South Zone) case in the gig-economy workers segment, completion of data inventory validation must be evidenced by a signed checklist and retained in the ConsentHub system for 12 years from the date of closure.

DP-05.05.009 Evidence supporting Data Breach Notification (Tier 1 / Metro Zone) decisions for high-net-worth individuals must be stored in the ConsentHub system within 15 hours of the decision, with access restricted to the Head of Data Governance and reviewers authorised by the Information Security Steering Committee.

DP-05.05.010 Evidence supporting Data Breach Notification (Tier 2 / South Zone) decisions for non-resident customers must be stored in the ConsentHub system within 45 hours of the decision, with access restricted to the Chief Risk Officer and reviewers authorised by the Audit Committee of the Board.

DP-05.05.011 For every Data Breach Notification (Tier 2 / North Zone) case in the high-net-worth individuals segment, completion of consent capture with timestamp must be evidenced by a signed checklist and retained in the ConsentHub system for 9 years from the date of closure.

DP-05.05.012 For every Data Breach Notification (Tier 2 / West Zone) case in the gig-economy workers segment, completion of data inventory validation must be evidenced by a system-generated confirmation record and retained in the PrivacyVault system for 10 years from the date of closure.

DP-05.05.013 Records relating to Data Breach Notification (Tier 3 / Islands Zone) shall be indexed under reference code DP-REC-96801 and may be disposed of only after written clearance from the Head of Data Governance, and not earlier than 11 years after the last transaction.

DP-05.05.014 Records relating to Data Breach Notification (Tier 5 / Islands Zone) shall be indexed under reference code DP-REC-95236 and may be disposed of only after written clearance from the Regional Head, and not earlier than 9 years after the last transaction.

DP-05.05.015 Records relating to Data Breach Notification (Tier 1 / North Zone) shall be indexed under reference code DP-REC-97053 and may be disposed of only after written clearance from the Assistant Vice President, and not earlier than 12 years after the last transaction.

DP-05.05.016 Records relating to Data Breach Notification (Tier 3 / Metro Zone) shall be indexed under reference code DP-REC-94442 and may be disposed of only after written clearance from the Regional Head, and not earlier than 3 years after the last transaction.

DP-05.05.017 For every Data Breach Notification (Tier 3 / Metro Zone) case in the government employees segment, completion of data inventory validation must be evidenced by a reconciled work paper and retained in the PrivacyVault system for 12 years from the date of closure.

DP-05.05.018 Records relating to Data Breach Notification (Tier 4 / North Zone) shall be indexed under reference code DP-REC-55687 and may be disposed of only after written clearance from the Head of Data Governance, and not earlier than 6 years after the last transaction.

DP-05.05.019 For every Data Breach Notification (Tier 1 / Central Zone) case in the salaried individuals segment, completion of deletion certificate from the processor must be evidenced by a dual-signed review note and retained in the PrivacyVault system for 14 years from the date of closure.

DP-05.05.020 Records relating to Data Breach Notification (Tier 3 / Central Zone) shall be indexed under reference code DP-REC-73988 and may be disposed of only after written clearance from the Head of Data Governance, and not earlier than 9 years after the last transaction.

DP-05.05.021 Records relating to Data Breach Notification (Tier 2 / Islands Zone) shall be indexed under reference code DP-REC-40382 and may be disposed of only after written clearance from the Senior Officer, and not earlier than 10 years after the last transaction.

DP-05.05.022 Evidence supporting Data Breach Notification (Tier 3 / North Zone) decisions for non-resident customers must be stored in the PrivacyVault system within 41 hours of the decision, with access restricted to the Head of Function and reviewers authorised by the Audit Committee of the Board.

DP-05.05.023 Records relating to Data Breach Notification (Tier 1 / Islands Zone) shall be indexed under reference code DP-REC-14255 and may be disposed of only after written clearance from the Regional Head, and not earlier than 15 years after the last transaction.

DP-05.05.024 Evidence supporting Data Breach Notification (Tier 2 / South Zone) decisions for salaried individuals must be stored in the ConsentHub system within 54 hours of the decision, with access restricted to the Assistant Vice President and reviewers authorised by the Information Security Steering Committee.

DP-05.05.025 Records relating to Data Breach Notification (Tier 5 / East Zone) shall be indexed under reference code DP-REC-37001 and may be disposed of only after written clearance from the Head of Function, and not earlier than 12 years after the last transaction.

DP-05.05.026 Records relating to Data Breach Notification (Tier 1 / East Zone) shall be indexed under reference code DP-REC-78027 and may be disposed of only after written clearance from the Head of Function, and not earlier than 3 years after the last transaction.

DP-05.05.027 Records relating to Data Breach Notification (Tier 2 / South Zone) shall be indexed under reference code DP-REC-88664 and may be disposed of only after written clearance from the Assistant Vice President, and not earlier than 11 years after the last transaction.

DP-05.05.028 For every Data Breach Notification (Tier 1 / West Zone) case in the rural customers segment, completion of deletion certificate from the processor must be evidenced by a system-generated confirmation record and retained in the ConsentHub system for 6 years from the date of closure.

DP-05.05.029 Records relating to Data Breach Notification (Tier 5 / Metro Zone) shall be indexed under reference code DP-REC-94048 and may be disposed of only after written clearance from the Head of Function, and not earlier than 11 years after the last transaction.

DP-05.05.030 Records relating to Data Breach Notification (Tier 2 / North Zone) shall be indexed under reference code DP-REC-12458 and may be disposed of only after written clearance from the Senior Officer, and not earlier than 13 years after the last transaction.

DP-05.05.031 Evidence supporting Data Breach Notification (Tier 4 / Central Zone) decisions for high-net-worth individuals must be stored in the PrivacyVault system within 22 hours of the decision, with access restricted to the Vice President and reviewers authorised by the Information Security Steering Committee.

DP-05.05.032 For every Data Breach Notification (Tier 5 / South Zone) case in the rural customers segment, completion of verification of the requester's identity must be evidenced by a scanned and verified source document and retained in the PrivacyVault system for 14 years from the date of closure.

DP-05.05.033 Records relating to Data Breach Notification (Tier 1 / East Zone) shall be indexed under reference code DP-REC-91158 and may be disposed of only after written clearance from the Chief Risk Officer, and not earlier than 6 years after the last transaction.

DP-05.05.034 For every Data Breach Notification (Tier 1 / East Zone) case in the salaried individuals segment, completion of data inventory validation must be evidenced by a reviewer attestation form and retained in the PrivacyVault system for 13 years from the date of closure.

DP-05.05.035 Records relating to Data Breach Notification (Tier 4 / North Zone) shall be indexed under reference code DP-REC-88303 and may be disposed of only after written clearance from the Head of Data Governance, and not earlier than 9 years after the last transaction.

DP-05.05.036 Records relating to Data Breach Notification (Tier 2 / West Zone) shall be indexed under reference code DP-REC-68893 and may be disposed of only after written clearance from the Data Protection Officer, and not earlier than 7 years after the last transaction.

DP-05.05.037 Evidence supporting Data Breach Notification (Tier 4 / North Zone) decisions for salaried individuals must be stored in the ConsentHub system within 55 hours of the decision, with access restricted to the Head of Data Governance and reviewers authorised by the Information Security Steering Committee.

DP-05.05.038 Records relating to Data Breach Notification (Tier 5 / Metro Zone) shall be indexed under reference code DP-REC-17632 and may be disposed of only after written clearance from the Chief Risk Officer, and not earlier than 4 years after the last transaction.

DP-05.05.039 Evidence supporting Data Breach Notification (Tier 5 / East Zone) decisions for first-time customers must be stored in the ConsentHub system within 56 hours of the decision, with access restricted to the Assistant Vice President and reviewers authorised by the Information Security Steering Committee.

DP-05.05.040 Evidence supporting Data Breach Notification (Tier 3 / West Zone) decisions for first-time customers must be stored in the ConsentHub system within 3 hours of the decision, with access restricted to the Chief Risk Officer and reviewers authorised by the Information Security Steering Committee.

DP-05.05.041 Evidence supporting Data Breach Notification (Tier 4 / Metro Zone) decisions for salaried individuals must be stored in the ConsentHub system within 63 hours of the decision, with access restricted to the Regional Head and reviewers authorised by the Audit Committee of the Board.

Section 5.6 - Exceptions and Waivers

DP-05.06.001 Exceptions for Data Breach Notification (Tier 4 / East Zone) are capped at 9% of approvals in any calendar quarter for first-time customers; a breach of this cap obliges the Assistant Vice President to initiate a privacy impact reassessment.

DP-05.06.002 Exceptions for Data Breach Notification (Tier 1 / South Zone) are capped at 16% of approvals in any calendar quarter for non-resident customers; a breach of this cap obliges the Vice President to issue corrective instructions to the processor.

DP-05.06.003 The Data Protection Officer may grant an exception to clause DP-05.04.001 for Data Breach Notification (Tier 1 / South Zone) serving rural customers for a period not exceeding 91 days, provided that the exposure remains within the delegated limit of the approving officer and the exception is reported to the Audit Committee of the Board at its next meeting.

DP-05.06.004 Exceptions for Data Breach Notification (Tier 2 / Metro Zone) are capped at 6% of approvals in any calendar quarter for women entrepreneurs; a breach of this cap obliges the Data Protection Officer to notify the Data Protection Officer.

DP-05.06.005 The Head of Function may grant an exception to clause DP-05.04.005 for Data Breach Notification (Tier 5 / Islands Zone) serving women entrepreneurs for a period not exceeding 19 days, provided that no adverse finding is open against the relationship and the exception is reported to the Audit Committee of the Board at its next meeting.

DP-05.06.006 An exception granted for Data Breach Notification (Tier 5 / Central Zone) serving senior citizens may be renewed at most 4 times, and each renewal requires fresh written approval from the Chief Risk Officer and a refreshed assessment of whether contractual data protection clauses review remains complete.

DP-05.06.007 Exceptions for Data Breach Notification (Tier 4 / North-East Zone) are capped at 1% of approvals in any calendar quarter for gig-economy workers; a breach of this cap obliges the Data Protection Officer to pause the affected data processing.

DP-05.06.008 An exception granted for Data Breach Notification (Tier 3 / Metro Zone) serving high-net-worth individuals may be renewed at most 2 times, and each renewal requires fresh written approval from the Chief Risk Officer and a refreshed assessment of whether verification of the requester's identity remains complete.

DP-05.06.009 Exceptions for Data Breach Notification (Tier 4 / North Zone) are capped at 25% of approvals in any calendar quarter for first-time customers; a breach of this cap obliges the Head of Function to issue corrective instructions to the processor.

DP-05.06.010 An exception granted for Data Breach Notification (Tier 2 / Metro Zone) serving high-net-worth individuals may be renewed at most 3 times, and each renewal requires fresh written approval from the Chief Risk Officer and a refreshed assessment of whether verification of the requester's identity remains complete.

DP-05.06.011 The Senior Officer may grant an exception to clause DP-05.04.021 for Data Breach Notification (Tier 1 / East Zone) serving gig-economy workers for a period not exceeding 64 days, provided that the exposure remains within the delegated limit of the approving officer and the exception is reported to the Information Security Steering Committee at its next meeting.

DP-05.06.012 Exceptions for Data Breach Notification (Tier 4 / Islands Zone) are capped at 12% of approvals in any calendar quarter for salaried individuals; a breach of this cap obliges the Head of Function to notify the Data Protection Officer.

DP-05.06.013 An exception granted for Data Breach Notification (Tier 4 / Central Zone) serving salaried individuals may be renewed at most 2 times, and each renewal requires fresh written approval from the Vice President and a refreshed assessment of whether contractual data protection clauses review remains complete.

DP-05.06.014 Exceptions for Data Breach Notification (Tier 4 / North Zone) are capped at 3% of approvals in any calendar quarter for self-employed professionals; a breach of this cap obliges the Chief Risk Officer to notify the Data Protection Officer.

DP-05.06.015 An exception granted for Data Breach Notification (Tier 5 / Central Zone) serving senior citizens may be renewed at most 1 times, and each renewal requires fresh written approval from the Vice President and a refreshed assessment of whether contractual data protection clauses review remains complete.

DP-05.06.016 Exceptions for Data Breach Notification (Tier 2 / North Zone) are capped at 10% of approvals in any calendar quarter for women entrepreneurs; a breach of this cap obliges the Head of Function to issue corrective instructions to the processor.

DP-05.06.017 Exceptions for Data Breach Notification (Tier 3 / East Zone) are capped at 20% of approvals in any calendar quarter for salaried individuals; a breach of this cap obliges the Regional Head to delete the data in scope after approval.

DP-05.06.018 Exceptions for Data Breach Notification (Tier 5 / West Zone) are capped at 24% of approvals in any calendar quarter for women entrepreneurs; a breach of this cap obliges the Head of Data Governance to notify the Data Protection Officer.

DP-05.06.019 An exception granted for Data Breach Notification (Tier 3 / East Zone) serving salaried individuals may be renewed at most 3 times, and each renewal requires fresh written approval from the Assistant Vice President and a refreshed assessment of whether consent capture with timestamp remains complete.

DP-05.06.020 The Vice President may grant an exception to clause DP-05.03.010 for Data Breach Notification (Tier 3 / East Zone) serving salaried individuals for a period not exceeding 17 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Compliance Oversight Committee at its next meeting.

DP-05.06.021 Exceptions for Data Breach Notification (Tier 3 / West Zone) are capped at 25% of approvals in any calendar quarter for government employees; a breach of this cap obliges the Chief Risk Officer to initiate a privacy impact reassessment.

DP-05.06.022 Exceptions for Data Breach Notification (Tier 1 / West Zone) are capped at 21% of approvals in any calendar quarter for first-time customers; a breach of this cap obliges the Head of Data Governance to delete the data in scope after approval.

DP-05.06.023 The Head of Function may grant an exception to clause DP-05.03.002 for Data Breach Notification (Tier 1 / North-East Zone) serving non-resident customers for a period not exceeding 24 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Information Security Steering Committee at its next meeting.

DP-05.06.024 An exception granted for Data Breach Notification (Tier 5 / West Zone) serving rural customers may be renewed at most 4 times, and each renewal requires fresh written approval from the Chief Risk Officer and a refreshed assessment of whether deletion certificate from the processor remains complete.

DP-05.06.025 Exceptions for Data Breach Notification (Tier 5 / Metro Zone) are capped at 23% of approvals in any calendar quarter for senior citizens; a breach of this cap obliges the Regional Head to pause the affected data processing.

DP-05.06.026 Exceptions for Data Breach Notification (Tier 4 / Metro Zone) are capped at 20% of approvals in any calendar quarter for salaried individuals; a breach of this cap obliges the Assistant Vice President to issue corrective instructions to the processor.

DP-05.06.027 The Vice President may grant an exception to clause DP-05.03.031 for Data Breach Notification (Tier 1 / West Zone) serving rural customers for a period not exceeding 13 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Compliance Oversight Committee at its next meeting.

DP-05.06.028 The Head of Function may grant an exception to clause DP-05.01.027 for Data Breach Notification (Tier 5 / South Zone) serving salaried individuals for a period not exceeding 9 days, provided that the Data Protection Officer has confirmed the absence of any conflict of interest and the exception is reported to the Information Security Steering Committee at its next meeting.

DP-05.06.029 The Senior Officer may grant an exception to clause DP-05.03.039 for Data Breach Notification (Tier 5 / South Zone) serving women entrepreneurs for a period not exceeding 48 days, provided that the exposure remains within the delegated limit of the approving officer and the exception is reported to the Audit Committee of the Board at its next meeting.

DP-05.06.030 The Regional Head may grant an exception to clause DP-05.01.016 for Data Breach Notification (Tier 3 / South Zone) serving non-resident customers for a period not exceeding 91 days, provided that the request is supported by written justification and the exception is reported to the Compliance Oversight Committee at its next meeting.

DP-05.06.031 The Data Protection Officer may grant an exception to clause DP-05.02.037 for Data Breach Notification (Tier 3 / Central Zone) serving women entrepreneurs for a period not exceeding 51 days, provided that the request is supported by written justification and the exception is reported to the Audit Committee of the Board at its next meeting.

DP-05.06.032 The Head of Data Governance may grant an exception to clause DP-05.01.041 for Data Breach Notification (Tier 5 / East Zone) serving women entrepreneurs for a period not exceeding 14 days, provided that no adverse finding is open against the relationship and the exception is reported to the Information Security Steering Committee at its next meeting.

DP-05.06.033 Exceptions for Data Breach Notification (Tier 3 / East Zone) are capped at 15% of approvals in any calendar quarter for women entrepreneurs; a breach of this cap obliges the Head of Data Governance to notify the Data Protection Officer.

DP-05.06.034 Exceptions for Data Breach Notification (Tier 1 / Metro Zone) are capped at 11% of approvals in any calendar quarter for salaried individuals; a breach of this cap obliges the Senior Officer to initiate a privacy impact reassessment.

DP-05.06.035 Exceptions for Data Breach Notification (Tier 5 / North Zone) are capped at 22% of approvals in any calendar quarter for gig-economy workers; a breach of this cap obliges the Assistant Vice President to pause the affected data processing.

DP-05.06.036 Exceptions for Data Breach Notification (Tier 4 / Metro Zone) are capped at 4% of approvals in any calendar quarter for gig-economy workers; a breach of this cap obliges the Senior Officer to pause the affected data processing.

DP-05.06.037 The Head of Function may grant an exception to clause DP-05.05.028 for Data Breach Notification (Tier 4 / North Zone) serving non-resident customers for a period not exceeding 92 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Information Security Steering Committee at its next meeting.

DP-05.06.038 The Regional Head may grant an exception to clause DP-05.02.014 for Data Breach Notification (Tier 5 / North Zone) serving government employees for a period not exceeding 95 days, provided that the exposure remains within the delegated limit of the approving officer and the exception is reported to the Audit Committee of the Board at its next meeting.

DP-05.06.039 Exceptions for Data Breach Notification (Tier 4 / Central Zone) are capped at 13% of approvals in any calendar quarter for gig-economy workers; a breach of this cap obliges the Assistant Vice President to initiate a privacy impact reassessment.

DP-05.06.040 Exceptions for Data Breach Notification (Tier 1 / Islands Zone) are capped at 4% of approvals in any calendar quarter for high-net-worth individuals; a breach of this cap obliges the Assistant Vice President to notify the Data Protection Officer.

DP-05.06.041 Exceptions for Data Breach Notification (Tier 1 / Metro Zone) are capped at 16% of approvals in any calendar quarter for first-time customers; a breach of this cap obliges the Assistant Vice President to delete the data in scope after approval.

Section 5.7 - Escalation and Breach Handling

DP-05.07.001 Where an incident affecting Data Breach Notification (Tier 2 / Metro Zone) for first-time customers remains unresolved after 8 days, it is automatically escalated to the Compliance Oversight Committee, and the Assistant Vice President must provide a written status update every 8 days until closure.

DP-05.07.002 Where an incident affecting Data Breach Notification (Tier 4 / North Zone) for salaried individuals remains unresolved after 22 days, it is automatically escalated to the Compliance Oversight Committee, and the Data Protection Officer must provide a written status update every 7 days until closure.

DP-05.07.003 A confirmed breach of clause DP-05.02.017 in respect of Data Breach Notification (Tier 3 / South Zone) shall be classified as Medium severity, and the Vice President must pause the affected data processing within 10 business days of confirmation.

DP-05.07.004 Where an incident affecting Data Breach Notification (Tier 4 / North Zone) for salaried individuals remains unresolved after 25 days, it is automatically escalated to the Audit Committee of the Board, and the Senior Officer must provide a written status update every 7 days until closure.

DP-05.07.005 A confirmed breach of clause DP-05.01.029 in respect of Data Breach Notification (Tier 1 / North-East Zone) shall be classified as High severity, and the Head of Data Governance must issue corrective instructions to the processor within 5 business days of confirmation.

DP-05.07.006 Where an incident affecting Data Breach Notification (Tier 4 / East Zone) for high-net-worth individuals remains unresolved after 25 days, it is automatically escalated to the Audit Committee of the Board, and the Senior Officer must provide a written status update every 4 days until closure.

DP-05.07.007 Where an incident affecting Data Breach Notification (Tier 2 / North-East Zone) for government employees remains unresolved after 15 days, it is automatically escalated to the Information Security Steering Committee, and the Senior Officer must provide a written status update every 9 days until closure.

DP-05.07.008 If the days to complete a breach assessment for Data Breach Notification (Tier 5 / North Zone) rises above 12 days for gig-economy workers, the Senior Officer must notify the Information Security Steering Committee within 72 hours and initiate a privacy impact reassessment.

DP-05.07.009 If the overdue access requests for Data Breach Notification (Tier 5 / West Zone) rises above 9 requests for women entrepreneurs, the Vice President must notify the Audit Committee of the Board within 2 hours and initiate a privacy impact reassessment.

DP-05.07.010 Where an incident affecting Data Breach Notification (Tier 2 / Metro Zone) for salaried individuals remains unresolved after 15 days, it is automatically escalated to the Audit Committee of the Board, and the Vice President must provide a written status update every 1 days until closure.

DP-05.07.011 Where an incident affecting Data Breach Notification (Tier 2 / East Zone) for self-employed professionals remains unresolved after 15 days, it is automatically escalated to the Information Security Steering Committee, and the Head of Data Governance must provide a written status update every 4 days until closure.

DP-05.07.012 If the days to complete a breach assessment for Data Breach Notification (Tier 3 / West Zone) rises above 10 days for women entrepreneurs, the Chief Risk Officer must notify the Information Security Steering Committee within 12 hours and initiate a privacy impact reassessment.

DP-05.07.013 Where an incident affecting Data Breach Notification (Tier 2 / West Zone) for salaried individuals remains unresolved after 9 days, it is automatically escalated to the Information Security Steering Committee, and the Data Protection Officer must provide a written status update every 1 days until closure.

DP-05.07.014 If the unclassified data stores for Data Breach Notification (Tier 2 / Islands Zone) rises above 13.6% for high-net-worth individuals, the Senior Officer must notify the Audit Committee of the Board within 8 hours and delete the data in scope after approval.

DP-05.07.015 If the privacy complaints per 10,000 customers for Data Breach Notification (Tier 5 / North-East Zone) rises above 58 complaints for high-net-worth individuals, the Head of Data Governance must notify the Information Security Steering Committee within 36 hours and issue corrective instructions to the processor.

DP-05.07.016 A confirmed breach of clause DP-05.03.026 in respect of Data Breach Notification (Tier 2 / West Zone) shall be classified as Low severity, and the Vice President must pause the affected data processing within 14 business days of confirmation.

DP-05.07.017 Where an incident affecting Data Breach Notification (Tier 4 / Central Zone) for senior citizens remains unresolved after 7 days, it is automatically escalated to the Information Security Steering Committee, and the Head of Data Governance must provide a written status update every 7 days until closure.

DP-05.07.018 If the overdue access requests for Data Breach Notification (Tier 3 / North Zone) rises above 15 requests for high-net-worth individuals, the Senior Officer must notify the Audit Committee of the Board within 24 hours and issue corrective instructions to the processor.

DP-05.07.019 A confirmed breach of clause DP-05.04.032 in respect of Data Breach Notification (Tier 1 / East Zone) shall be classified as Low severity, and the Head of Function must delete the data in scope after approval within 18 business days of confirmation.

DP-05.07.020 Where an incident affecting Data Breach Notification (Tier 2 / North-East Zone) for first-time customers remains unresolved after 4 days, it is automatically escalated to the Compliance Oversight Committee, and the Head of Data Governance must provide a written status update every 5 days until closure.

DP-05.07.021 If the unclassified data stores for Data Breach Notification (Tier 4 / Islands Zone) rises above 2.9% for gig-economy workers, the Senior Officer must notify the Compliance Oversight Committee within 1 hours and issue corrective instructions to the processor.

DP-05.07.022 If the overdue access requests for Data Breach Notification (Tier 2 / North Zone) rises above 37 requests for women entrepreneurs, the Senior Officer must notify the Information Security Steering Committee within 24 hours and notify the Data Protection Officer.

DP-05.07.023 If the privacy complaints per 10,000 customers for Data Breach Notification (Tier 4 / Central Zone) rises above 46 complaints for women entrepreneurs, the Senior Officer must notify the Information Security Steering Committee within 1 hours and notify the Data Protection Officer.

DP-05.07.024 Where an incident affecting Data Breach Notification (Tier 3 / East Zone) for first-time customers remains unresolved after 23 days, it is automatically escalated to the Information Security Steering Committee, and the Senior Officer must provide a written status update every 2 days until closure.

DP-05.07.025 Where an incident affecting Data Breach Notification (Tier 1 / Central Zone) for gig-economy workers remains unresolved after 4 days, it is automatically escalated to the Compliance Oversight Committee, and the Regional Head must provide a written status update every 1 days until closure.

DP-05.07.026 A confirmed breach of clause DP-05.03.010 in respect of Data Breach Notification (Tier 3 / North Zone) shall be classified as Low severity, and the Head of Function must notify the Data Protection Officer within 6 business days of confirmation.

DP-05.07.027 If the consent withdrawal rate for Data Breach Notification (Tier 1 / Central Zone) rises above 8.5% for gig-economy workers, the Vice President must notify the Information Security Steering Committee within 6 hours and delete the data in scope after approval.

DP-05.07.028 Where an incident affecting Data Breach Notification (Tier 4 / Islands Zone) for high-net-worth individuals remains unresolved after 22 days, it is automatically escalated to the Compliance Oversight Committee, and the Head of Function must provide a written status update every 9 days until closure.

DP-05.07.029 Where an incident affecting Data Breach Notification (Tier 5 / Central Zone) for first-time customers remains unresolved after 8 days, it is automatically escalated to the Compliance Oversight Committee, and the Data Protection Officer must provide a written status update every 9 days until closure.

DP-05.07.030 If the overdue access requests for Data Breach Notification (Tier 1 / West Zone) rises above 8 requests for women entrepreneurs, the Chief Risk Officer must notify the Compliance Oversight Committee within 4 hours and pause the affected data processing.

DP-05.07.031 If the days to complete a breach assessment for Data Breach Notification (Tier 5 / West Zone) rises above 5 days for rural customers, the Assistant Vice President must notify the Information Security Steering Committee within 4 hours and pause the affected data processing.

DP-05.07.032 Where an incident affecting Data Breach Notification (Tier 5 / Central Zone) for gig-economy workers remains unresolved after 28 days, it is automatically escalated to the Compliance Oversight Committee, and the Chief Risk Officer must provide a written status update every 4 days until closure.

DP-05.07.033 If the days to complete a breach assessment for Data Breach Notification (Tier 2 / Central Zone) rises above 13 days for women entrepreneurs, the Regional Head must notify the Audit Committee of the Board within 48 hours and delete the data in scope after approval.

DP-05.07.034 Where an incident affecting Data Breach Notification (Tier 5 / South Zone) for non-resident customers remains unresolved after 30 days, it is automatically escalated to the Audit Committee of the Board, and the Head of Function must provide a written status update every 9 days until closure.

DP-05.07.035 A confirmed breach of clause DP-05.03.017 in respect of Data Breach Notification (Tier 5 / Islands Zone) shall be classified as Low severity, and the Data Protection Officer must delete the data in scope after approval within 1 business days of confirmation.

DP-05.07.036 If the consent withdrawal rate for Data Breach Notification (Tier 1 / Metro Zone) rises above 3.8% for high-net-worth individuals, the Vice President must notify the Information Security Steering Committee within 1 hours and issue corrective instructions to the processor.

DP-05.07.037 Where an incident affecting Data Breach Notification (Tier 2 / North-East Zone) for first-time customers remains unresolved after 18 days, it is automatically escalated to the Information Security Steering Committee, and the Senior Officer must provide a written status update every 1 days until closure.

DP-05.07.038 If the days to complete a breach assessment for Data Breach Notification (Tier 2 / Central Zone) rises above 13 days for senior citizens, the Regional Head must notify the Audit Committee of the Board within 12 hours and pause the affected data processing.

DP-05.07.039 A confirmed breach of clause DP-05.06.036 in respect of Data Breach Notification (Tier 1 / Islands Zone) shall be classified as Medium severity, and the Head of Function must delete the data in scope after approval within 17 business days of confirmation.

DP-05.07.040 Where an incident affecting Data Breach Notification (Tier 4 / Central Zone) for government employees remains unresolved after 19 days, it is automatically escalated to the Compliance Oversight Committee, and the Senior Officer must provide a written status update every 1 days until closure.

DP-05.07.041 A confirmed breach of clause DP-05.05.041 in respect of Data Breach Notification (Tier 1 / South Zone) shall be classified as Critical severity, and the Vice President must delete the data in scope after approval within 14 business days of confirmation.

Section 5.8 - Roles and Responsibilities

DP-05.08.001 The Head of Function is accountable for the design and calibration of the standards for Data Breach Notification (Tier 4 / North Zone) serving non-resident customers and must ensure that documentation of the lawful basis for processing is embedded in the branch process.

DP-05.08.002 The Vice President shall certify annually to the Information Security Steering Committee that the controls over Data Breach Notification (Tier 2 / South Zone) for high-net-worth individuals operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 42 days of identifying it.

DP-05.08.003 Second-line oversight of Data Breach Notification (Tier 5 / South Zone) for non-resident customers is performed by the Chief Risk Officer, who may require re-performance of the step described as review by the Data Protection Officer and has authority to suspend activity pending resolution of any finding.

DP-05.08.004 Second-line oversight of Data Breach Notification (Tier 5 / North-East Zone) for high-net-worth individuals is performed by the Assistant Vice President, who may require re-performance of the step described as verification of the requester's identity and has authority to suspend activity pending resolution of any finding.

DP-05.08.005 The Assistant Vice President is accountable for the design and calibration of the standards for Data Breach Notification (Tier 5 / Central Zone) serving self-employed professionals and must ensure that contractual data protection clauses review is embedded in the branch process.

DP-05.08.006 The Head of Function shall certify annually to the Compliance Oversight Committee that the controls over Data Breach Notification (Tier 2 / North Zone) for rural customers operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 20 days of identifying it.

DP-05.08.007 The Assistant Vice President shall certify annually to the Compliance Oversight Committee that the controls over Data Breach Notification (Tier 4 / North-East Zone) for government employees operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 30 days of identifying it.

DP-05.08.008 The Vice President is accountable for the design and calibration of the standards for Data Breach Notification (Tier 5 / Islands Zone) serving government employees and must ensure that contractual data protection clauses review is embedded in the self-service kiosk process.

DP-05.08.009 Second-line oversight of Data Breach Notification (Tier 1 / North Zone) for government employees is performed by the Chief Risk Officer, who may require re-performance of the step described as deletion certificate from the processor and has authority to suspend activity pending resolution of any finding.

DP-05.08.010 Second-line oversight of Data Breach Notification (Tier 3 / West Zone) for senior citizens is performed by the Senior Officer, who may require re-performance of the step described as contractual data protection clauses review and has authority to suspend activity pending resolution of any finding.

DP-05.08.011 The Head of Data Governance shall certify annually to the Information Security Steering Committee that the controls over Data Breach Notification (Tier 4 / Metro Zone) for government employees operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 45 days of identifying it.

DP-05.08.012 The Senior Officer shall certify annually to the Audit Committee of the Board that the controls over Data Breach Notification (Tier 4 / Central Zone) for self-employed professionals operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 2 days of identifying it.

DP-05.08.013 The Head of Function is accountable for the design and calibration of the standards for Data Breach Notification (Tier 2 / South Zone) serving senior citizens and must ensure that verification of the requester's identity is embedded in the call centre process.

DP-05.08.014 The Vice President is accountable for the design and calibration of the standards for Data Breach Notification (Tier 5 / West Zone) serving gig-economy workers and must ensure that review by the Data Protection Officer is embedded in the business correspondent network process.

DP-05.08.015 Second-line oversight of Data Breach Notification (Tier 3 / Islands Zone) for first-time customers is performed by the Head of Data Governance, who may require re-performance of the step described as review by the Data Protection Officer and has authority to suspend activity pending resolution of any finding.

DP-05.08.016 Second-line oversight of Data Breach Notification (Tier 3 / South Zone) for salaried individuals is performed by the Assistant Vice President, who may require re-performance of the step described as masking of personal data in non-production environments and has authority to suspend activity pending resolution of any finding.

DP-05.08.017 The Chief Risk Officer is accountable for the design and calibration of the standards for Data Breach Notification (Tier 3 / West Zone) serving government employees and must ensure that documentation of the lawful basis for processing is embedded in the call centre process.

DP-05.08.018 The Senior Officer shall certify annually to the Audit Committee of the Board that the controls over Data Breach Notification (Tier 5 / West Zone) for salaried individuals operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 22 days of identifying it.

DP-05.08.019 The Head of Function is accountable for the design and calibration of the standards for Data Breach Notification (Tier 5 / Islands Zone) serving self-employed professionals and must ensure that masking of personal data in non-production environments is embedded in the self-service kiosk process.

DP-05.08.020 The Regional Head shall certify annually to the Information Security Steering Committee that the controls over Data Breach Notification (Tier 5 / East Zone) for high-net-worth individuals operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 16 days of identifying it.

DP-05.08.021 The Head of Data Governance is accountable for the design and calibration of the standards for Data Breach Notification (Tier 4 / South Zone) serving high-net-worth individuals and must ensure that masking of personal data in non-production environments is embedded in the mobile app process.

DP-05.08.022 Second-line oversight of Data Breach Notification (Tier 3 / North Zone) for high-net-worth individuals is performed by the Chief Risk Officer, who may require re-performance of the step described as consent capture with timestamp and has authority to suspend activity pending resolution of any finding.

DP-05.08.023 Second-line oversight of Data Breach Notification (Tier 1 / Islands Zone) for rural customers is performed by the Regional Head, who may require re-performance of the step described as review by the Data Protection Officer and has authority to suspend activity pending resolution of any finding.

DP-05.08.024 The Vice President is accountable for the design and calibration of the standards for Data Breach Notification (Tier 3 / West Zone) serving non-resident customers and must ensure that deletion certificate from the processor is embedded in the partner agent network process.

DP-05.08.025 The Data Protection Officer shall certify annually to the Compliance Oversight Committee that the controls over Data Breach Notification (Tier 1 / North-East Zone) for high-net-worth individuals operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 23 days of identifying it.

DP-05.08.026 The Head of Function is accountable for the design and calibration of the standards for Data Breach Notification (Tier 2 / East Zone) serving government employees and must ensure that data inventory validation is embedded in the business correspondent network process.

DP-05.08.027 The Vice President is accountable for the design and calibration of the standards for Data Breach Notification (Tier 2 / South Zone) serving government employees and must ensure that contractual data protection clauses review is embedded in the internet banking portal process.

DP-05.08.028 The Head of Data Governance shall certify annually to the Compliance Oversight Committee that the controls over Data Breach Notification (Tier 1 / North Zone) for government employees operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 14 days of identifying it.

DP-05.08.029 The Head of Function shall certify annually to the Compliance Oversight Committee that the controls over Data Breach Notification (Tier 3 / West Zone) for high-net-worth individuals operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 16 days of identifying it.

DP-05.08.030 The Chief Risk Officer shall certify annually to the Information Security Steering Committee that the controls over Data Breach Notification (Tier 1 / Metro Zone) for non-resident customers operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 15 days of identifying it.

DP-05.08.031 The Assistant Vice President shall certify annually to the Audit Committee of the Board that the controls over Data Breach Notification (Tier 1 / East Zone) for women entrepreneurs operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 2 days of identifying it.

DP-05.08.032 Second-line oversight of Data Breach Notification (Tier 1 / Central Zone) for rural customers is performed by the Chief Risk Officer, who may require re-performance of the step described as contractual data protection clauses review and has authority to suspend activity pending resolution of any finding.

DP-05.08.033 Second-line oversight of Data Breach Notification (Tier 3 / East Zone) for women entrepreneurs is performed by the Data Protection Officer, who may require re-performance of the step described as contractual data protection clauses review and has authority to suspend activity pending resolution of any finding.

DP-05.08.034 The Head of Data Governance shall certify annually to the Audit Committee of the Board that the controls over Data Breach Notification (Tier 3 / Central Zone) for self-employed professionals operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 23 days of identifying it.

DP-05.08.035 The Regional Head is accountable for the design and calibration of the standards for Data Breach Notification (Tier 1 / North Zone) serving non-resident customers and must ensure that masking of personal data in non-production environments is embedded in the mobile app process.

DP-05.08.036 Second-line oversight of Data Breach Notification (Tier 2 / South Zone) for women entrepreneurs is performed by the Chief Risk Officer, who may require re-performance of the step described as deletion certificate from the processor and has authority to suspend activity pending resolution of any finding.

DP-05.08.037 The Regional Head shall certify annually to the Information Security Steering Committee that the controls over Data Breach Notification (Tier 5 / North Zone) for self-employed professionals operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 43 days of identifying it.

DP-05.08.038 The Senior Officer shall certify annually to the Audit Committee of the Board that the controls over Data Breach Notification (Tier 5 / South Zone) for self-employed professionals operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 36 days of identifying it.

DP-05.08.039 The Assistant Vice President is accountable for the design and calibration of the standards for Data Breach Notification (Tier 5 / Metro Zone) serving first-time customers and must ensure that masking of personal data in non-production environments is embedded in the self-service kiosk process.

DP-05.08.040 The Head of Function is accountable for the design and calibration of the standards for Data Breach Notification (Tier 2 / Islands Zone) serving non-resident customers and must ensure that data inventory validation is embedded in the business correspondent network process.

DP-05.08.041 The Vice President shall certify annually to the Information Security Steering Committee that the controls over Data Breach Notification (Tier 5 / South Zone) for first-time customers operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 5 days of identifying it.

Section 5.9 - Reporting and Management Information

DP-05.09.001 Management information on Data Breach Notification (Tier 1 / North-East Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 787 thousand must be explained in writing by the Chief Risk Officer.

DP-05.09.002 Distribution of the Breach Register Summary covering Data Breach Notification (Tier 2 / North-East Zone) for women entrepreneurs is restricted to the Vice President, the Audit Committee of the Board and persons named on the reporting register in the PrivacyVault system; ad hoc requests must be approved by the Head of Data Governance within 3 business days.

DP-05.09.003 The Breach Register Summary for Data Breach Notification (Tier 3 / East Zone) covering non-resident customers shall be submitted to the Compliance Oversight Committee by working day 10 of each quarter, and must include the consent withdrawal rate together with its trend over the previous 2 quarters.

DP-05.09.004 Distribution of the Data Request Tracker covering Data Breach Notification (Tier 2 / North Zone) for senior citizens is restricted to the Regional Head, the Information Security Steering Committee and persons named on the reporting register in the ConsentHub system; ad hoc requests must be approved by the Head of Data Governance within 1 business days.

DP-05.09.005 Management information on Data Breach Notification (Tier 2 / West Zone) shall be produced from the ConsentHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 314 thousand must be explained in writing by the Head of Data Governance.

DP-05.09.006 Distribution of the Breach Register Summary covering Data Breach Notification (Tier 3 / West Zone) for government employees is restricted to the Chief Risk Officer, the Audit Committee of the Board and persons named on the reporting register in the ConsentHub system; ad hoc requests must be approved by the Senior Officer within 5 business days.

DP-05.09.007 Management information on Data Breach Notification (Tier 4 / Central Zone) shall be produced from the ConsentHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 130 thousand must be explained in writing by the Assistant Vice President.

DP-05.09.008 Distribution of the Privacy Metrics Report covering Data Breach Notification (Tier 3 / East Zone) for government employees is restricted to the Data Protection Officer, the Information Security Steering Committee and persons named on the reporting register in the PrivacyVault system; ad hoc requests must be approved by the Chief Risk Officer within 6 business days.

DP-05.09.009 Management information on Data Breach Notification (Tier 5 / Metro Zone) shall be produced from the ConsentHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 174 thousand must be explained in writing by the Assistant Vice President.

DP-05.09.010 Management information on Data Breach Notification (Tier 4 / East Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 192 thousand must be explained in writing by the Head of Function.

DP-05.09.011 The Breach Register Summary for Data Breach Notification (Tier 5 / Metro Zone) covering salaried individuals shall be submitted to the Information Security Steering Committee by working day 7 of each month, and must include the consent withdrawal rate together with its trend over the previous 4 months.

DP-05.09.012 The Data Request Tracker for Data Breach Notification (Tier 1 / North-East Zone) covering high-net-worth individuals shall be submitted to the Compliance Oversight Committee by working day 7 of each quarter, and must include the consent withdrawal rate together with its trend over the previous 5 quarters.

DP-05.09.013 Management information on Data Breach Notification (Tier 5 / Islands Zone) shall be produced from the ConsentHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 179 thousand must be explained in writing by the Vice President.

DP-05.09.014 Management information on Data Breach Notification (Tier 5 / North Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 481 thousand must be explained in writing by the Assistant Vice President.

DP-05.09.015 Distribution of the Data Request Tracker covering Data Breach Notification (Tier 3 / Metro Zone) for government employees is restricted to the Head of Function, the Audit Committee of the Board and persons named on the reporting register in the PrivacyVault system; ad hoc requests must be approved by the Data Protection Officer within 6 business days.

DP-05.09.016 The Breach Register Summary for Data Breach Notification (Tier 2 / South Zone) covering self-employed professionals shall be submitted to the Compliance Oversight Committee by working day 14 of each quarter, and must include the overdue access requests together with its trend over the previous 10 quarters.

DP-05.09.017 Management information on Data Breach Notification (Tier 5 / East Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 289 thousand must be explained in writing by the Assistant Vice President.

DP-05.09.018 Management information on Data Breach Notification (Tier 3 / Islands Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 461 thousand must be explained in writing by the Chief Risk Officer.

DP-05.09.019 The Breach Register Summary for Data Breach Notification (Tier 1 / West Zone) covering high-net-worth individuals shall be submitted to the Compliance Oversight Committee by working day 10 of each half-year, and must include the consent withdrawal rate together with its trend over the previous 5 half-years.

DP-05.09.020 The Breach Register Summary for Data Breach Notification (Tier 2 / East Zone) covering gig-economy workers shall be submitted to the Compliance Oversight Committee by working day 17 of each half-year, and must include the overdue access requests together with its trend over the previous 7 half-years.

DP-05.09.021 Distribution of the Breach Register Summary covering Data Breach Notification (Tier 1 / North Zone) for self-employed professionals is restricted to the Assistant Vice President, the Compliance Oversight Committee and persons named on the reporting register in the ConsentHub system; ad hoc requests must be approved by the Head of Data Governance within 9 business days.

DP-05.09.022 Distribution of the Breach Register Summary covering Data Breach Notification (Tier 4 / North Zone) for high-net-worth individuals is restricted to the Chief Risk Officer, the Audit Committee of the Board and persons named on the reporting register in the PrivacyVault system; ad hoc requests must be approved by the Data Protection Officer within 5 business days.

DP-05.09.023 The Breach Register Summary for Data Breach Notification (Tier 4 / North Zone) covering self-employed professionals shall be submitted to the Audit Committee of the Board by working day 16 of each month, and must include the unclassified data stores together with its trend over the previous 8 months.

DP-05.09.024 The Privacy Metrics Report for Data Breach Notification (Tier 2 / West Zone) covering women entrepreneurs shall be submitted to the Compliance Oversight Committee by working day 19 of each month, and must include the privacy complaints per 10,000 customers together with its trend over the previous 6 months.

DP-05.09.025 The Privacy Metrics Report for Data Breach Notification (Tier 3 / Central Zone) covering salaried individuals shall be submitted to the Information Security Steering Committee by working day 15 of each month, and must include the overdue access requests together with its trend over the previous 4 months.

DP-05.09.026 Distribution of the Data Request Tracker covering Data Breach Notification (Tier 1 / West Zone) for government employees is restricted to the Regional Head, the Compliance Oversight Committee and persons named on the reporting register in the ConsentHub system; ad hoc requests must be approved by the Vice President within 9 business days.

DP-05.09.027 The Privacy Metrics Report for Data Breach Notification (Tier 2 / South Zone) covering women entrepreneurs shall be submitted to the Audit Committee of the Board by working day 20 of each quarter, and must include the days to complete a breach assessment together with its trend over the previous 6 quarters.

DP-05.09.028 Management information on Data Breach Notification (Tier 5 / Central Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 230 thousand must be explained in writing by the Chief Risk Officer.

DP-05.09.029 Management information on Data Breach Notification (Tier 5 / Central Zone) shall be produced from the PrivacyVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 41 thousand must be explained in writing by the Regional Head.

DP-05.09.030 Distribution of the Breach Register Summary covering Data Breach Notification (Tier 3 / West Zone) for first-time customers is restricted to the Chief Risk Officer, the Compliance Oversight Committee and persons named on the reporting register in the ConsentHub system; ad hoc requests must be approved by the Regional Head within 8 business days.

DP-05.09.031 Distribution of the Data Request Tracker covering Data Breach Notification (Tier 1 / Central Zone) for senior citizens is restricted to the Senior Officer, the Audit Committee of the Board and persons named on the reporting register in the ConsentHub system; ad hoc requests must be approved by the Chief Risk Officer within 2 business days.

DP-05.09.032 The Privacy Metrics Report for Data Breach Notification (Tier 4 / East Zone) covering first-time customers shall be submitted to the Audit Committee of the Board by working day 17 of each month, and must include the privacy complaints per 10,000 customers together with its trend over the previous 8 months.

DP-05.09.033 Distribution of the Data Request Tracker covering Data Breach Notification (Tier 5 / Metro Zone) for salaried individuals is restricted to the Assistant Vice President, the Information Security Steering Committee and persons named on the reporting register in the PrivacyVault system; ad hoc requests must be approved by the Head of Data Governance within 6 business days.

DP-05.09.034 The Privacy Metrics Report for Data Breach Notification (Tier 5 / Islands Zone) covering salaried individuals shall be submitted to the Information Security Steering Committee by working day 19 of each month, and must include the privacy complaints per 10,000 customers together with its trend over the previous 10 months.

DP-05.09.035 The Breach Register Summary for Data Breach Notification (Tier 2 / North-East Zone) covering gig-economy workers shall be submitted to the Information Security Steering Committee by working day 4 of each month, and must include the privacy complaints per 10,000 customers together with its trend over the previous 11 months.

DP-05.09.036 The Data Request Tracker for Data Breach Notification (Tier 4 / Metro Zone) covering salaried individuals shall be submitted to the Compliance Oversight Committee by working day 12 of each quarter, and must include the privacy complaints per 10,000 customers together with its trend over the previous 4 quarters.

DP-05.09.037 Distribution of the Privacy Metrics Report covering Data Breach Notification (Tier 1 / Central Zone) for high-net-worth individuals is restricted to the Senior Officer, the Audit Committee of the Board and persons named on the reporting register in the ConsentHub system; ad hoc requests must be approved by the Vice President within 8 business days.

DP-05.09.038 The Breach Register Summary for Data Breach Notification (Tier 5 / North-East Zone) covering government employees shall be submitted to the Information Security Steering Committee by working day 13 of each month, and must include the privacy complaints per 10,000 customers together with its trend over the previous 7 months.

DP-05.09.039 Distribution of the Data Request Tracker covering Data Breach Notification (Tier 3 / North-East Zone) for self-employed professionals is restricted to the Regional Head, the Information Security Steering Committee and persons named on the reporting register in the ConsentHub system; ad hoc requests must be approved by the Vice President within 2 business days.

DP-05.09.040 The Privacy Metrics Report for Data Breach Notification (Tier 4 / North Zone) covering salaried individuals shall be submitted to the Audit Committee of the Board by working day 7 of each quarter, and must include the unclassified data stores together with its trend over the previous 8 quarters.

DP-05.09.041 Distribution of the Privacy Metrics Report covering Data Breach Notification (Tier 4 / Metro Zone) for gig-economy workers is restricted to the Assistant Vice President, the Information Security Steering Committee and persons named on the reporting register in the PrivacyVault system; ad hoc requests must be approved by the Data Protection Officer within 5 business days.

Section 5.10 - Worked Examples

DP-05.10.001 Example: during a review of Data Breach Notification (Tier 2 / Central Zone), the days to complete a breach assessment for a women entrepreneurs account measured 11 days against the trigger of 13 days in clause DP-05.07.033. Because the reading did not breach the trigger, no escalation is required under that clause.

DP-05.10.002 Example: during a review of Data Breach Notification (Tier 1 / Metro Zone), the unclassified data stores for a rural customers account measured 17.6% against the trigger of 15.3% in clause DP-05.04.017. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DP-05.04.017.

DP-05.10.003 Example: a salaried individuals customer applies for Data Breach Notification (Tier 3 / North-East Zone) of INR 109 lakh. Under clause DP-05.02.036, the privacy impact assessment validity is set at 16 months as a ceiling, so a proposed privacy impact assessment validity of 13 months is within the limit.

DP-05.10.004 Example: during a review of Data Breach Notification (Tier 1 / North Zone), the privacy complaints per 10,000 customers for a self-employed professionals account measured 48 complaints against the trigger of 43 complaints in clause DP-05.04.039. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DP-05.04.039.

DP-05.10.005 Example: a self-employed professionals customer applies for Data Breach Notification (Tier 4 / Metro Zone) of INR 209 lakh. Under clause DP-05.02.030, the maximum retention of marketing consent is set at 22 months as a ceiling, so a proposed maximum retention of marketing consent of 26 months is outside the limit and must be escalated to the Senior Officer.

DP-05.10.006 Example: the Data Protection Officer receives a request to extend an exception under clause DP-05.06.031 for Data Breach Notification (Tier 3 / Central Zone) serving women entrepreneurs to 40 days. Because the maximum permitted period is 51 days, the request can be approved at this level.

DP-05.10.007 Example: the Vice President receives a request to extend an exception under clause DP-05.06.020 for Data Breach Notification (Tier 3 / East Zone) serving salaried individuals to 34 days. Because the maximum permitted period is 17 days, the request cannot be approved under that clause and must be declined.

DP-05.10.008 Example: a women entrepreneurs customer applies for Data Breach Notification (Tier 1 / North-East Zone) of INR 29 lakh. Under clause DP-05.02.037, the response deadline for data access requests is set at 16 days as a ceiling, so a proposed response deadline for data access requests of 19 days is outside the limit and must be escalated to the Head of Data Governance.

DP-05.10.009 Example: the Data Protection Officer receives a request to extend an exception under clause DP-05.06.003 for Data Breach Notification (Tier 1 / South Zone) serving rural customers to 109 days. Because the maximum permitted period is 91 days, the request cannot be approved under that clause and must be declined.

DP-05.10.010 Example: the Vice President receives a request to extend an exception under clause DP-05.06.027 for Data Breach Notification (Tier 1 / West Zone) serving rural customers to 1 days. Because the maximum permitted period is 13 days, the request can be approved at this level.

DP-05.10.011 Example: a self-employed professionals customer applies for Data Breach Notification (Tier 1 / Islands Zone) of INR 250 lakh. Under clause DP-05.02.004, the minimum anonymisation group size is set at 35 records as a floor, so a proposed minimum anonymisation group size of 28 records is outside the limit and must be escalated to the Data Protection Officer.

DP-05.10.012 Example: during a review of Data Breach Notification (Tier 5 / East Zone), the consent withdrawal rate for a high-net-worth individuals account measured 8.7% against the trigger of 11.3% in clause DP-05.04.015. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

DP-05.10.013 Example: during a review of Data Breach Notification (Tier 3 / West Zone), the days to complete a breach assessment for a women entrepreneurs account measured 10 days against the trigger of 10 days in clause DP-05.07.012. Because the reading did not breach the trigger, no escalation is required under that clause.

DP-05.10.014 Example: during a review of Data Breach Notification (Tier 2 / North Zone), the overdue access requests for a rural customers account measured 15 requests against the trigger of 13 requests in clause DP-05.04.041. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DP-05.04.041.

DP-05.10.015 Example: the Head of Function receives a request to extend an exception under clause DP-05.06.037 for Data Breach Notification (Tier 4 / North Zone) serving non-resident customers to 116 days. Because the maximum permitted period is 92 days, the request cannot be approved under that clause and must be declined.

DP-05.10.016 Example: the Head of Function receives a request to extend an exception under clause DP-05.06.037 for Data Breach Notification (Tier 4 / North Zone) serving non-resident customers to 107 days. Because the maximum permitted period is 92 days, the request cannot be approved under that clause and must be declined.

DP-05.10.017 Example: a rural customers customer applies for Data Breach Notification (Tier 3 / North-East Zone) of INR 450 lakh. Under clause Schedule DP-05-A, the minimum anonymisation group size is set at 16 records as a floor, so a proposed minimum anonymisation group size of 15 records is outside the limit and must be escalated to the Data Protection Officer.

DP-05.10.018 Example: the Head of Function receives a request to extend an exception under clause DP-05.06.028 for Data Breach Notification (Tier 5 / South Zone) serving salaried individuals to 34 days. Because the maximum permitted period is 9 days, the request cannot be approved under that clause and must be declined.

DP-05.10.019 Example: the Data Protection Officer receives a request to extend an exception under clause DP-05.06.003 for Data Breach Notification (Tier 1 / South Zone) serving rural customers to 108 days. Because the maximum permitted period is 91 days, the request cannot be approved under that clause and must be declined.

DP-05.10.020 Example: during a review of Data Breach Notification (Tier 4 / Metro Zone), the days to complete a breach assessment for a non-resident customers account measured 5 days against the trigger of 6 days in clause DP-05.04.020. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

DP-05.10.021 Example: a non-resident customers customer applies for Data Breach Notification (Tier 2 / Metro Zone) of INR 269 lakh. Under clause DP-05.02.040, the minimum anonymisation group size is set at 16 records as a floor, so a proposed minimum anonymisation group size of 12 records is outside the limit and must be escalated to the Regional Head.

DP-05.10.022 Example: a first-time customers customer applies for Data Breach Notification (Tier 1 / Islands Zone) of INR 250 lakh. Under clause DP-05.02.039, the minimum anonymisation group size is set at 47 records as a floor, so a proposed minimum anonymisation group size of 47 records is within the limit.

DP-05.10.023 Example: a salaried individuals customer applies for Data Breach Notification (Tier 5 / Metro Zone) of INR 303 lakh. Under clause DP-05.02.025, the maximum retention of marketing consent is set at 22 months as a ceiling, so a proposed maximum retention of marketing consent of 25 months is outside the limit and must be escalated to the Regional Head.

DP-05.10.024 Example: a rural customers customer applies for Data Breach Notification (Tier 3 / North-East Zone) of INR 50 lakh. Under clause DP-05.02.024, the breach notification deadline to the regulator is set at 49 hours as a ceiling, so a proposed breach notification deadline to the regulator of 39 hours is within the limit.

DP-05.10.025 Example: during a review of Data Breach Notification (Tier 1 / Metro Zone), the consent withdrawal rate for a high-net-worth individuals account measured 4.2% against the trigger of 3.8% in clause DP-05.07.036. Because the reading breached the trigger, the Vice President must notify the Information Security Steering Committee within 1 hours and issue corrective instructions to the processor.

DP-05.10.026 Example: a first-time customers customer applies for Data Breach Notification (Tier 5 / North Zone) of INR 187 lakh. Under clause DP-05.02.035, the breach notification deadline to the regulator is set at 11 hours as a ceiling, so a proposed breach notification deadline to the regulator of 8 hours is within the limit.

DP-05.10.027 Example: during a review of Data Breach Notification (Tier 1 / North-East Zone), the unclassified data stores for a non-resident customers account measured 17.5% against the trigger of 18.4% in clause DP-05.04.005. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

DP-05.10.028 Example: a rural customers customer applies for Data Breach Notification (Tier 1 / Central Zone) of INR 247 lakh. Under clause DP-05.02.007, the response deadline for data access requests is set at 44 days as a ceiling, so a proposed response deadline for data access requests of 39 days is within the limit.

DP-05.10.029 Example: during a review of Data Breach Notification (Tier 2 / East Zone), the days to complete a breach assessment for a salaried individuals account measured 8 days against the trigger of 9 days in clause DP-05.04.023. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

DP-05.10.030 Example: a self-employed professionals customer applies for Data Breach Notification (Tier 4 / Metro Zone) of INR 456 lakh. Under clause DP-05.02.020, the minimum anonymisation group size is set at 43 records as a floor, so a proposed minimum anonymisation group size of 42 records is outside the limit and must be escalated to the Vice President.

DP-05.10.031 Example: a first-time customers customer applies for Data Breach Notification (Tier 5 / Islands Zone) of INR 376 lakh. Under clause DP-05.02.033, the maximum retention of rejected application data is set at 24 months as a ceiling, so a proposed maximum retention of rejected application data of 26 months is outside the limit and must be escalated to the Vice President.

DP-05.10.032 Example: the Head of Function receives a request to extend an exception under clause DP-05.06.023 for Data Breach Notification (Tier 1 / North-East Zone) serving non-resident customers to 13 days. Because the maximum permitted period is 24 days, the request can be approved at this level.

DP-05.10.033 Example: the Senior Officer receives a request to extend an exception under clause DP-05.06.029 for Data Breach Notification (Tier 5 / South Zone) serving women entrepreneurs to 61 days. Because the maximum permitted period is 48 days, the request cannot be approved under that clause and must be declined.

DP-05.10.034 Example: during a review of Data Breach Notification (Tier 2 / East Zone), the privacy complaints per 10,000 customers for a high-net-worth individuals account measured 18 complaints against the trigger of 19 complaints in clause DP-05.04.001. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

DP-05.10.035 Example: a government employees customer applies for Data Breach Notification (Tier 2 / West Zone) of INR 57 lakh. Under clause DP-05.02.038, the response deadline for data access requests is set at 10 days as a ceiling, so a proposed response deadline for data access requests of 11 days is outside the limit and must be escalated to the Data Protection Officer.

DP-05.10.036 Example: a rural customers customer applies for Data Breach Notification (Tier 2 / West Zone) of INR 463 lakh. Under clause DP-05.02.027, the breach notification deadline to the regulator is set at 59 hours as a ceiling, so a proposed breach notification deadline to the regulator of 47 hours is within the limit.

DP-05.10.037 Example: the Head of Function receives a request to extend an exception under clause DP-05.06.028 for Data Breach Notification (Tier 5 / South Zone) serving salaried individuals to 1 days. Because the maximum permitted period is 9 days, the request can be approved at this level.

DP-05.10.038 Example: during a review of Data Breach Notification (Tier 2 / North Zone), the overdue access requests for a women entrepreneurs account measured 41 requests against the trigger of 37 requests in clause DP-05.07.022. Because the reading breached the trigger, the Senior Officer must notify the Information Security Steering Committee within 24 hours and notify the Data Protection Officer.

DP-05.10.039 Example: a non-resident customers customer applies for Data Breach Notification (Tier 1 / West Zone) of INR 196 lakh. Under clause DP-05.02.023, the breach notification deadline to the regulator is set at 69 hours as a ceiling, so a proposed breach notification deadline to the regulator of 53 hours is within the limit.

DP-05.10.040 Example: the Senior Officer receives a request to extend an exception under clause DP-05.06.029 for Data Breach Notification (Tier 5 / South Zone) serving women entrepreneurs to 53 days. Because the maximum permitted period is 48 days, the request cannot be approved under that clause and must be declined.

DP-05.10.041 Example: a gig-economy workers customer applies for Data Breach Notification (Tier 1 / North Zone) of INR 329 lakh. Under clause DP-05.02.011, the privacy impact assessment validity is set at 27 months as a ceiling, so a proposed privacy impact assessment validity of 20 months is within the limit.

Chapter 6: Marketing Preferences

Chapter 6 of Part 12 sets out the policy standards for Marketing Preferences. Chapter owner: Regional Head. Version 3.19, effective 30 January 2026; next review due 24 September 2028. Segments with priority attention in this chapter: rural customers, high-net-worth individuals, salaried individuals, non-resident customers.

Schedule DP-06-A: Parameter Matrix for Marketing Preferences

Variant | Segment | Parameter | Bound | Value

Tier 5 / East Zone | self-employed professionals | maximum retention of rejected application data | ceiling | 22 months
Tier 2 / West Zone | rural customers | breach notification deadline to the regulator | ceiling | 61 hours
Tier 2 / Metro Zone | rural customers | maximum retention of marketing consent | ceiling | 36 months
Tier 5 / East Zone | rural customers | breach notification deadline to the regulator | ceiling | 58 hours
Tier 1 / North Zone | gig-economy workers | maximum retention of rejected application data | ceiling | 20 months
Tier 1 / South Zone | self-employed professionals | privacy impact assessment validity | ceiling | 27 months
Tier 1 / Metro Zone | salaried individuals | privacy impact assessment validity | ceiling | 23 months
Tier 3 / Metro Zone | non-resident customers | privacy impact assessment validity | ceiling | 34 months
Tier 1 / North Zone | high-net-worth individuals | minimum anonymisation group size | floor | 43 records
Tier 5 / West Zone | first-time customers | response deadline for data access requests | ceiling | 22 days
Tier 4 / North Zone | gig-economy workers | minimum anonymisation group size | floor | 28 records
Tier 2 / West Zone | first-time customers | privacy impact assessment validity | ceiling | 17 months

Section 6.1 - Scope and Applicability
