Section 9.10 - Worked Examples

TP-09.10.001 Example: during a review of Fintech Partnerships (Tier 2 / North Zone), the vendor availability for a cooperative societies account measured 97.16% against the trigger of 95.39% in clause TP-09.07.006. Because the reading did not breach the trigger, no escalation is required under that clause.

TP-09.10.002 Example: the Assistant Vice President receives a request to extend an exception under clause TP-09.06.015 for Fintech Partnerships (Tier 1 / Islands Zone) serving start-ups to 33 days. Because the maximum permitted period is 48 days, the request can be approved at this level.

TP-09.10.003 Example: a manufacturing units customer applies for Fintech Partnerships (Tier 4 / West Zone) of INR 465 lakh. Under clause TP-09.02.005, the vendor due diligence refresh interval is set at 9 months as a ceiling, so a proposed vendor due diligence refresh interval of 7 months is within the limit.

TP-09.10.004 Example: a service-sector firms customer applies for Fintech Partnerships (Tier 3 / North Zone) of INR 256 lakh. Under clause TP-09.02.027, the maximum contract term without review is set at 1 years as a ceiling, so a proposed maximum contract term without review of 1 years is within the limit.

TP-09.10.005 Example: during a review of Fintech Partnerships (Tier 1 / Central Zone), the vendor security incidents for a start-ups account measured 5 incidents against the trigger of 6 incidents in clause TP-09.04.036. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

TP-09.10.006 Example: a medium enterprises customer applies for Fintech Partnerships (Tier 3 / Central Zone) of INR 182 lakh. Under clause Schedule TP-09-A, the maximum contract term without review is set at 1 years as a ceiling, so a proposed maximum contract term without review of 1 years is within the limit.

TP-09.10.007 Example: a cooperative societies customer applies for Fintech Partnerships (Tier 3 / Central Zone) of INR 423 lakh. Under clause TP-09.02.002, the maximum spend with a single vendor without Board approval is set at INR 45 crore as a ceiling, so a proposed maximum spend with a single vendor without Board approval of INR 37 crore is within the limit.

TP-09.10.008 Example: the Senior Officer receives a request to extend an exception under clause TP-09.06.005 for Fintech Partnerships (Tier 4 / Islands Zone) serving manufacturing units to 2 days. Because the maximum permitted period is 21 days, the request can be approved at this level.

TP-09.10.009 Example: the Head of Vendor Management receives a request to extend an exception under clause TP-09.06.020 for Fintech Partnerships (Tier 1 / East Zone) serving cooperative societies to 104 days. Because the maximum permitted period is 123 days, the request can be approved at this level.

TP-09.10.010 Example: a agri-processors customer applies for Fintech Partnerships (Tier 4 / Metro Zone) of INR 166 lakh. Under clause TP-09.02.041, the minimum service level availability is set at 99.17% as a floor, which on this request equates to INR 164.62 lakh; the case is therefore routed to the Head of Function for sign-off.

TP-09.10.011 Example: a agri-processors customer applies for Fintech Partnerships (Tier 1 / East Zone) of INR 342 lakh. Under clause TP-09.02.029, the maximum spend with a single vendor without Board approval is set at INR 29 crore as a ceiling, so a proposed maximum spend with a single vendor without Board approval of INR 22 crore is within the limit.

TP-09.10.012 Example: during a review of Fintech Partnerships (Tier 5 / East Zone), the overdue vendor reviews for a agri-processors account measured 7.5% against the trigger of 10.4% in clause TP-09.07.012. Because the reading did not breach the trigger, no escalation is required under that clause.

TP-09.10.013 Example: during a review of Fintech Partnerships (Tier 3 / Islands Zone), the service level breaches in the quarter for a medium enterprises account measured 6 breaches against the trigger of 8 breaches in clause TP-09.07.032. Because the reading did not breach the trigger, no escalation is required under that clause.

TP-09.10.014 Example: a cooperative societies customer applies for Fintech Partnerships (Tier 3 / East Zone) of INR 101 lakh. Under clause TP-09.02.012, the minimum service level availability is set at 98.63% as a floor, which on this request equates to INR 99.62 lakh; the case is therefore routed to the Assistant Vice President for sign-off.

TP-09.10.015 Example: during a review of Fintech Partnerships (Tier 4 / East Zone), the service level breaches in the quarter for a real estate developers account measured 4 breaches against the trigger of 4 breaches in clause TP-09.07.033. Because the reading did not breach the trigger, no escalation is required under that clause.

TP-09.10.016 Example: the Chief Risk Officer receives a request to extend an exception under clause TP-09.06.035 for Fintech Partnerships (Tier 2 / East Zone) serving agri-processors to 22 days. Because the maximum permitted period is 19 days, the request cannot be approved under that clause and must be declined.

TP-09.10.017 Example: a non-banking financial companies customer applies for Fintech Partnerships (Tier 2 / North Zone) of INR 94 lakh. Under clause TP-09.02.037, the vendor incident notification deadline is set at 44 hours as a ceiling, so a proposed vendor incident notification deadline of 33 hours is within the limit.

TP-09.10.018 Example: during a review of Fintech Partnerships (Tier 4 / East Zone), the concentration of critical services in one vendor for a real estate developers account measured 25% against the trigger of 29% in clause TP-09.07.041. Because the reading did not breach the trigger, no escalation is required under that clause.

TP-09.10.019 Example: during a review of Fintech Partnerships (Tier 1 / Central Zone), the vendor security incidents for a start-ups account measured 8 incidents against the trigger of 6 incidents in clause TP-09.04.036. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause TP-09.04.036.

TP-09.10.020 Example: the Regional Head receives a request to extend an exception under clause TP-09.06.037 for Fintech Partnerships (Tier 3 / South Zone) serving large corporates to 25 days. Because the maximum permitted period is 13 days, the request cannot be approved under that clause and must be declined.

TP-09.10.021 Example: during a review of Fintech Partnerships (Tier 3 / South Zone), the vendor availability for a start-ups account measured 115.39% against the trigger of 96.01% in clause TP-09.07.007. Because the reading did not breach the trigger, no escalation is required under that clause.

TP-09.10.022 Example: during a review of Fintech Partnerships (Tier 4 / West Zone), the overdue vendor reviews for a cooperative societies account measured 23.0% against the trigger of 19.9% in clause TP-09.04.015. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause TP-09.04.015.

TP-09.10.023 Example: a large corporates customer applies for Fintech Partnerships (Tier 2 / East Zone) of INR 92 lakh. Under clause TP-09.02.025, the vendor due diligence refresh interval is set at 20 months as a ceiling, so a proposed vendor due diligence refresh interval of 22 months is outside the limit and must be escalated to the Senior Officer.

TP-09.10.024 Example: during a review of Fintech Partnerships (Tier 5 / West Zone), the vendor security incidents for a cooperative societies account measured 3 incidents against the trigger of 4 incidents in clause TP-09.04.040. Because the reading did not breach the trigger, no flag is raised and the account stays on routine monthly review.

TP-09.10.025 Example: a service-sector firms customer applies for Fintech Partnerships (Tier 3 / North Zone) of INR 132 lakh. Under clause Schedule TP-09-A, the vendor incident notification deadline is set at 47 hours as a ceiling, so a proposed vendor incident notification deadline of 35 hours is within the limit.

TP-09.10.026 Example: the Outsourcing Risk Manager receives a request to extend an exception under clause TP-09.06.036 for Fintech Partnerships (Tier 3 / North-East Zone) serving service-sector firms to 41 days. Because the maximum permitted period is 20 days, the request cannot be approved under that clause and must be declined.

TP-09.10.027 Example: during a review of Fintech Partnerships (Tier 2 / East Zone), the vendor security incidents for a non-banking financial companies account measured 7 incidents against the trigger of 7 incidents in clause TP-09.04.004. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

TP-09.10.028 Example: the Outsourcing Risk Manager receives a request to extend an exception under clause TP-09.06.036 for Fintech Partnerships (Tier 3 / North-East Zone) serving service-sector firms to 36 days. Because the maximum permitted period is 20 days, the request cannot be approved under that clause and must be declined.

TP-09.10.029 Example: the Head of Vendor Management receives a request to extend an exception under clause TP-09.06.001 for Fintech Partnerships (Tier 5 / Islands Zone) serving non-banking financial companies to 7 days. Because the maximum permitted period is 17 days, the request can be approved at this level.

TP-09.10.035 Example: the Assistant Vice President receives a request to extend an exception under clause TP-09.06.015 for Fintech Partnerships (Tier 1 / Islands Zone) serving start-ups to 65 days. Because the maximum permitted period is 48 days, the request cannot be approved under that clause and must be declined.

TP-09.10.036 Example: a medium enterprises customer applies for Fintech Partnerships (Tier 5 / Metro Zone) of INR 68 lakh. Under clause TP-09.02.032, the vendor due diligence refresh interval is set at 18 months as a ceiling, so a proposed vendor due diligence refresh interval of 22 months is outside the limit and must be escalated to the Chief Risk Officer.

TP-09.10.037 Example: during a review of Fintech Partnerships (Tier 5 / Central Zone), the overdue vendor reviews for a cooperative societies account measured 18.6% against the trigger of 20.3% in clause TP-09.07.031. Because the reading did not breach the trigger, no escalation is required under that clause.

TP-09.10.038 Example: a medium enterprises customer applies for Fintech Partnerships (Tier 3 / Central Zone) of INR 283 lakh. Under clause Schedule TP-09-A, the maximum contract term without review is set at 1 years as a ceiling, so a proposed maximum contract term without review of 1 years is within the limit.

TP-09.10.039 Example: during a review of Fintech Partnerships (Tier 5 / Central Zone), the overdue vendor reviews for a cooperative societies account measured 20.4% against the trigger of 20.3% in clause TP-09.07.031. Because the reading breached the trigger, the Regional Head must notify the Operational Risk Committee within 6 hours and invoke the contractual remediation clause.

TP-09.10.040 Example: a manufacturing units customer applies for Fintech Partnerships (Tier 1 / East Zone) of INR 331 lakh. Under clause TP-09.02.038, the vendor due diligence refresh interval is set at 18 months as a ceiling, so a proposed vendor due diligence refresh interval of 13 months is within the limit.

TP-09.10.041 Example: a trading firms customer applies for Fintech Partnerships (Tier 4 / Metro Zone) of INR 34 lakh. Under clause TP-09.02.028, the vendor incident notification deadline is set at 38 hours as a ceiling, so a proposed vendor incident notification deadline of 47 hours is outside the limit and must be escalated to the Assistant Vice President.

Section 10.10 - Worked Examples

TP-10.10.001 Example: a real estate developers customer applies for Subcontractor Oversight (Tier 5 / Islands Zone) of INR 249 lakh. Under clause TP-10.02.012, the maximum spend with a single vendor without Board approval is set at INR 12 crore as a ceiling, so a proposed maximum spend with a single vendor without Board approval of INR 13 crore is outside the limit and must be escalated to the Head of Vendor Management.

TP-10.10.002 Example: during a review of Subcontractor Oversight (Tier 1 / West Zone), the vendor security incidents for a start-ups account measured 4 incidents against the trigger of 3 incidents in clause TP-10.04.015. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause TP-10.04.015.

TP-10.10.003 Example: a start-ups customer applies for Subcontractor Oversight (Tier 3 / Metro Zone) of INR 404 lakh. Under clause TP-10.02.010, the vendor incident notification deadline is set at 36 hours as a ceiling, so a proposed vendor incident notification deadline of 27 hours is within the limit.

TP-10.10.004 Example: during a review of Subcontractor Oversight (Tier 1 / West Zone), the vendor security incidents for a start-ups account measured 3 incidents against the trigger of 3 incidents in clause TP-10.04.015. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

TP-10.10.005 Example: the Vice President receives a request to extend an exception under clause TP-10.06.001 for Subcontractor Oversight (Tier 5 / Islands Zone) serving cooperative societies to 20 days. Because the maximum permitted period is 32 days, the request can be approved at this level.

TP-10.10.006 Example: a start-ups customer applies for Subcontractor Oversight (Tier 3 / North-East Zone) of INR 213 lakh. Under clause TP-10.02.009, the audit right exercise interval is set at 19 months as a ceiling, so a proposed audit right exercise interval of 16 months is within the limit.

TP-10.10.007 Example: during a review of Subcontractor Oversight (Tier 4 / West Zone), the service level breaches in the quarter for a trading firms account measured 16 breaches against the trigger of 15 breaches in clause TP-10.07.021. Because the reading breached the trigger, the Regional Head must notify the Information Security Steering Committee within 8 hours and place the vendor on enhanced monitoring.

TP-10.10.008 Example: the Regional Head receives a request to extend an exception under clause TP-10.06.034 for Subcontractor Oversight (Tier 5 / East Zone) serving cooperative societies to 37 days. Because the maximum permitted period is 24 days, the request cannot be approved under that clause and must be declined.

TP-10.10.009 Example: during a review of Subcontractor Oversight (Tier 5 / East Zone), the overdue vendor reviews for a non-banking financial companies account measured 12.4% against the trigger of 9.8% in clause TP-10.04.001. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause TP-10.04.001.

TP-10.10.010 Example: the Regional Head receives a request to extend an exception under clause TP-10.06.028 for Subcontractor Oversight (Tier 5 / South Zone) serving manufacturing units to 11 days. Because the maximum permitted period is 12 days, the request can be approved at this level.

TP-10.10.011 Example: the Senior Officer receives a request to extend an exception under clause TP-10.06.016 for Subcontractor Oversight (Tier 1 / North Zone) serving service-sector firms to 143 days. Because the maximum permitted period is 122 days, the request cannot be approved under that clause and must be declined.

TP-10.10.012 Example: a cooperative societies customer applies for Subcontractor Oversight (Tier 4 / East Zone) of INR 212 lakh. Under clause TP-10.02.015, the maximum contract term without review is set at 2 years as a ceiling, so a proposed maximum contract term without review of 1 years is within the limit.

TP-10.10.013 Example: a agri-processors customer applies for Subcontractor Oversight (Tier 4 / North-East Zone) of INR 210 lakh. Under clause TP-10.02.020, the minimum service level availability is set at 98.59% as a floor, which on this request equates to INR 207.04 lakh; the case is therefore routed to the Regional Head for sign-off.

TP-10.10.014 Example: a start-ups customer applies for Subcontractor Oversight (Tier 5 / North Zone) of INR 461 lakh. Under clause TP-10.02.032, the audit right exercise interval is set at 15 months as a ceiling, so a proposed audit right exercise interval of 11 months is within the limit.

TP-10.10.015 Example: during a review of Subcontractor Oversight (Tier 4 / North-East Zone), the overdue vendor reviews for a large corporates account measured 15.2% against the trigger of 21.1% in clause TP-10.07.027. Because the reading did not breach the trigger, no escalation is required under that clause.

TP-10.10.016 Example: a manufacturing units customer applies for Subcontractor Oversight (Tier 3 / West Zone) of INR 79 lakh. Under clause TP-10.02.030, the vendor due diligence refresh interval is set at 7 months as a ceiling, so a proposed vendor due diligence refresh interval of 6 months is within the limit.

TP-10.10.017 Example: the Vice President receives a request to extend an exception under clause TP-10.06.040 for Subcontractor Oversight (Tier 5 / West Zone) serving service-sector firms to 174 days. Because the maximum permitted period is 183 days, the request can be approved at this level.

TP-10.10.018 Example: the Vice President receives a request to extend an exception under clause TP-10.06.040 for Subcontractor Oversight (Tier 5 / West Zone) serving service-sector firms to 180 days. Because the maximum permitted period is 183 days, the request can be approved at this level.

TP-10.10.019 Example: a medium enterprises customer applies for Subcontractor Oversight (Tier 4 / East Zone) of INR 470 lakh. Under clause TP-10.02.031, the minimum service level availability is set at 95.89% as a floor, which on this request equates to INR 450.68 lakh; the case is therefore routed to the Head of Function for sign-off.

TP-10.10.020 Example: the Senior Officer receives a request to extend an exception under clause TP-10.06.016 for Subcontractor Oversight (Tier 1 / North Zone) serving service-sector firms to 103 days. Because the maximum permitted period is 122 days, the request can be approved at this level.

TP-10.10.021 Example: the Senior Officer receives a request to extend an exception under clause TP-10.06.027 for Subcontractor Oversight (Tier 3 / Islands Zone) serving real estate developers to 32 days. Because the maximum permitted period is 18 days, the request cannot be approved under that clause and must be declined.

TP-10.10.022 Example: a service-sector firms customer applies for Subcontractor Oversight (Tier 4 / South Zone) of INR 396 lakh. Under clause TP-10.02.021, the maximum contract term without review is set at 3 years as a ceiling, so a proposed maximum contract term without review of 3 years is within the limit.

TP-10.10.023 Example: the Vice President receives a request to extend an exception under clause TP-10.06.040 for Subcontractor Oversight (Tier 5 / West Zone) serving service-sector firms to 194 days. Because the maximum permitted period is 183 days, the request cannot be approved under that clause and must be declined.

TP-10.10.024 Example: the Regional Head receives a request to extend an exception under clause TP-10.06.028 for Subcontractor Oversight (Tier 5 / South Zone) serving manufacturing units to 22 days. Because the maximum permitted period is 12 days, the request cannot be approved under that clause and must be declined.

TP-10.10.025 Example: a agri-processors customer applies for Subcontractor Oversight (Tier 4 / North Zone) of INR 496 lakh. Under clause Schedule TP-10-A, the vendor due diligence refresh interval is set at 32 months as a ceiling, so a proposed vendor due diligence refresh interval of 37 months is outside the limit and must be escalated to the Head of Vendor Management.

TP-10.10.026 Example: the Vice President receives a request to extend an exception under clause TP-10.06.040 for Subcontractor Oversight (Tier 5 / West Zone) serving service-sector firms to 192 days. Because the maximum permitted period is 183 days, the request cannot be approved under that clause and must be declined.

TP-10.10.027 Example: the Chief Risk Officer receives a request to extend an exception under clause TP-10.06.024 for Subcontractor Oversight (Tier 3 / North Zone) serving non-banking financial companies to 96 days. Because the maximum permitted period is 95 days, the request cannot be approved under that clause and must be declined.

TP-10.10.028 Example: during a review of Subcontractor Oversight (Tier 1 / Central Zone), the vendor security incidents for a trading firms account measured 6 incidents against the trigger of 5 incidents in clause TP-10.04.027. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause TP-10.04.027.

TP-10.10.029 Example: a medium enterprises customer applies for Subcontractor Oversight (Tier 3 / West Zone) of INR 406 lakh. Under clause TP-10.02.035, the vendor due diligence refresh interval is set at 36 months as a ceiling, so a proposed vendor due diligence refresh interval of 46 months is outside the limit and must be escalated to the Assistant Vice President.

TP-10.10.030 Example: during a review of Subcontractor Oversight (Tier 2 / West Zone), the service level breaches in the quarter for a start-ups account measured 1 breaches against the trigger of 1 breaches in clause TP-10.04.038. Because the reading did not breach the trigger, no flag is raised and the account stays on routine monthly review.

TP-10.10.031 Example: during a review of Subcontractor Oversight (Tier 1 / West Zone), the vendor security incidents for a cooperative societies account measured 4 incidents against the trigger of 4 incidents in clause TP-10.04.023. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

TP-10.10.032 Example: the Chief Risk Officer receives a request to extend an exception under clause TP-10.06.024 for Subcontractor Oversight (Tier 3 / North Zone) serving non-banking financial companies to 111 days. Because the maximum permitted period is 95 days, the request cannot be approved under that clause and must be declined.

TP-10.10.033 Example: during a review of Subcontractor Oversight (Tier 3 / East Zone), the vendor availability for a manufacturing units account measured 113.41% against the trigger of 98.29% in clause TP-10.04.013. Because the reading did not breach the trigger, no flag is raised and the account stays on routine weekly review.

TP-10.10.034 Example: the Chief Risk Officer receives a request to extend an exception under clause TP-10.06.021 for Subcontractor Oversight (Tier 2 / South Zone) serving cooperative societies to 25 days. Because the maximum permitted period is 25 days, the request can be approved at this level.

TP-10.10.035 Example: a agri-processors customer applies for Subcontractor Oversight (Tier 4 / West Zone) of INR 81 lakh. Under clause TP-10.02.023, the maximum contract term without review is set at 5 years as a ceiling, so a proposed maximum contract term without review of 6 years is outside the limit and must be escalated to the Regional Head.

TP-10.10.036 Example: the Vice President receives a request to extend an exception under clause TP-10.06.001 for Subcontractor Oversight (Tier 5 / Islands Zone) serving cooperative societies to 30 days. Because the maximum permitted period is 32 days, the request can be approved at this level.

TP-10.10.037 Example: during a review of Subcontractor Oversight (Tier 3 / East Zone), the vendor availability for a manufacturing units account measured 76.96% against the trigger of 98.29% in clause TP-10.04.013. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause TP-10.04.013.

TP-10.10.038 Example: a manufacturing units customer applies for Subcontractor Oversight (Tier 5 / South Zone) of INR 119 lakh. Under clause TP-10.02.004, the vendor incident notification deadline is set at 24 hours as a ceiling, so a proposed vendor incident notification deadline of 29 hours is outside the limit and must be escalated to the Outsourcing Risk Manager.

TP-10.10.039 Example: the Vice President receives a request to extend an exception under clause TP-10.06.001 for Subcontractor Oversight (Tier 5 / Islands Zone) serving cooperative societies to 22 days. Because the maximum permitted period is 32 days, the request can be approved at this level.

Section 11.10 - Worked Examples

TP-11.10.001 Example: the Head of Vendor Management receives a request to extend an exception under clause TP-11.06.011 for Vendor Exit Planning (Tier 4 / Central Zone) serving real estate developers to 55 days. Because the maximum permitted period is 63 days, the request can be approved at this level.

TP-11.10.002 Example: during a review of Vendor Exit Planning (Tier 5 / Islands Zone), the service level breaches in the quarter for a start-ups account measured 9 breaches against the trigger of 8 breaches in clause TP-11.07.028. Because the reading breached the trigger, the Vice President must notify the Operational Risk Committee within 6 hours and place the vendor on enhanced monitoring.

TP-11.10.003 Example: the Vice President receives a request to extend an exception under clause TP-11.06.030 for Vendor Exit Planning (Tier 1 / East Zone) serving medium enterprises to 24 days. Because the maximum permitted period is 12 days, the request cannot be approved under that clause and must be declined.

TP-11.10.004 Example: the Senior Officer receives a request to extend an exception under clause TP-11.06.014 for Vendor Exit Planning (Tier 4 / North Zone) serving service-sector firms to 30 days. Because the maximum permitted period is 32 days, the request can be approved at this level.

TP-11.10.005 Example: the Senior Officer receives a request to extend an exception under clause TP-11.06.017 for Vendor Exit Planning (Tier 1 / Islands Zone) serving agri-processors to 16 days. Because the maximum permitted period is 17 days, the request can be approved at this level.

TP-11.10.006 Example: the Vice President receives a request to extend an exception under clause TP-11.06.009 for Vendor Exit Planning (Tier 1 / East Zone) serving real estate developers to 75 days. Because the maximum permitted period is 51 days, the request cannot be approved under that clause and must be declined.

TP-11.10.007 Example: the Outsourcing Risk Manager receives a request to extend an exception under clause TP-11.06.034 for Vendor Exit Planning (Tier 5 / North-East Zone) serving large corporates to 12 days. Because the maximum permitted period is 22 days, the request can be approved at this level.

TP-11.10.008 Example: a medium enterprises customer applies for Vendor Exit Planning (Tier 1 / Metro Zone) of INR 426 lakh. Under clause TP-11.02.027, the vendor incident notification deadline is set at 47 hours as a ceiling, so a proposed vendor incident notification deadline of 48 hours is outside the limit and must be escalated to the Assistant Vice President.

TP-11.10.009 Example: a manufacturing units customer applies for Vendor Exit Planning (Tier 4 / North-East Zone) of INR 461 lakh. Under clause TP-11.02.036, the vendor due diligence refresh interval is set at 19 months as a ceiling, so a proposed vendor due diligence refresh interval of 24 months is outside the limit and must be escalated to the Outsourcing Risk Manager.

TP-11.10.010 Example: a real estate developers customer applies for Vendor Exit Planning (Tier 4 / North Zone) of INR 60 lakh. Under clause TP-11.02.017, the maximum spend with a single vendor without Board approval is set at INR 9 crore as a ceiling, so a proposed maximum spend with a single vendor without Board approval of INR 8 crore is within the limit.

TP-11.10.011 Example: a cooperative societies customer applies for Vendor Exit Planning (Tier 5 / Islands Zone) of INR 374 lakh. Under clause TP-11.02.009, the vendor due diligence refresh interval is set at 35 months as a ceiling, so a proposed vendor due diligence refresh interval of 38 months is outside the limit and must be escalated to the Head of Function.

TP-11.10.012 Example: the Senior Officer receives a request to extend an exception under clause TP-11.06.024 for Vendor Exit Planning (Tier 2 / North-East Zone) serving non-banking financial companies to 34 days. Because the maximum permitted period is 23 days, the request cannot be approved under that clause and must be declined.

TP-11.10.013 Example: the Vice President receives a request to extend an exception under clause TP-11.06.030 for Vendor Exit Planning (Tier 1 / East Zone) serving medium enterprises to 17 days. Because the maximum permitted period is 12 days, the request cannot be approved under that clause and must be declined.

TP-11.10.014 Example: a medium enterprises customer applies for Vendor Exit Planning (Tier 5 / Metro Zone) of INR 33 lakh. Under clause TP-11.02.038, the vendor incident notification deadline is set at 3 hours as a ceiling, so a proposed vendor incident notification deadline of 3 hours is within the limit.

TP-11.10.015 Example: the Head of Function receives a request to extend an exception under clause TP-11.06.038 for Vendor Exit Planning (Tier 2 / North-East Zone) serving start-ups to 40 days. Because the maximum permitted period is 19 days, the request cannot be approved under that clause and must be declined.

TP-11.10.016 Example: a large corporates customer applies for Vendor Exit Planning (Tier 2 / West Zone) of INR 188 lakh. Under clause TP-11.02.015, the maximum spend with a single vendor without Board approval is set at INR 33 crore as a ceiling, so a proposed maximum spend with a single vendor without Board approval of INR 25 crore is within the limit.

TP-11.10.017 Example: the Vice President receives a request to extend an exception under clause TP-11.06.009 for Vendor Exit Planning (Tier 1 / East Zone) serving real estate developers to 60 days. Because the maximum permitted period is 51 days, the request cannot be approved under that clause and must be declined.

TP-11.10.018 Example: during a review of Vendor Exit Planning (Tier 1 / West Zone), the vendor availability for a medium enterprises account measured 76.32% against the trigger of 95.53% in clause TP-11.04.035. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause TP-11.04.035.

TP-11.10.019 Example: a medium enterprises customer applies for Vendor Exit Planning (Tier 3 / West Zone) of INR 162 lakh. Under clause TP-11.02.004, the vendor incident notification deadline is set at 27 hours as a ceiling, so a proposed vendor incident notification deadline of 30 hours is outside the limit and must be escalated to the Chief Risk Officer.

TP-11.10.020 Example: the Senior Officer receives a request to extend an exception under clause TP-11.06.024 for Vendor Exit Planning (Tier 2 / North-East Zone) serving non-banking financial companies to 14 days. Because the maximum permitted period is 23 days, the request can be approved at this level.

TP-11.10.021 Example: the Outsourcing Risk Manager receives a request to extend an exception under clause TP-11.06.034 for Vendor Exit Planning (Tier 5 / North-East Zone) serving large corporates to 40 days. Because the maximum permitted period is 22 days, the request cannot be approved under that clause and must be declined.

TP-11.10.022 Example: a medium enterprises customer applies for Vendor Exit Planning (Tier 2 / North Zone) of INR 213 lakh. Under clause TP-11.02.008, the maximum spend with a single vendor without Board approval is set at INR 28 crore as a ceiling, so a proposed maximum spend with a single vendor without Board approval of INR 27 crore is within the limit.

TP-11.10.023 Example: a cooperative societies customer applies for Vendor Exit Planning (Tier 4 / East Zone) of INR 308 lakh. Under clause TP-11.02.001, the vendor due diligence refresh interval is set at 31 months as a ceiling, so a proposed vendor due diligence refresh interval of 26 months is within the limit.

TP-11.10.024 Example: during a review of Vendor Exit Planning (Tier 3 / East Zone), the overdue vendor reviews for a agri-processors account measured 17.1% against the trigger of 13.8% in clause TP-11.07.036. Because the reading breached the trigger, the Outsourcing Risk Manager must notify the Operational Risk Committee within 6 hours and commission an independent audit of the vendor.

TP-11.10.025 Example: during a review of Vendor Exit Planning (Tier 5 / North-East Zone), the vendor availability for a agri-processors account measured 100.23% against the trigger of 99.43% in clause TP-11.04.030. Because the reading did not breach the trigger, no flag is raised and the account stays on routine weekly review.

TP-11.10.026 Example: the Regional Head receives a request to extend an exception under clause TP-11.06.026 for Vendor Exit Planning (Tier 5 / Central Zone) serving manufacturing units to 198 days. Because the maximum permitted period is 183 days, the request cannot be approved under that clause and must be declined.

TP-11.10.027 Example: during a review of Vendor Exit Planning (Tier 3 / East Zone), the concentration of critical services in one vendor for a trading firms account measured 83% against the trigger of 66% in clause TP-11.04.037. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause TP-11.04.037.

TP-11.10.028 Example: during a review of Vendor Exit Planning (Tier 4 / Islands Zone), the vendor availability for a real estate developers account measured 95.91% against the trigger of 95.11% in clause TP-11.07.006. Because the reading did not breach the trigger, no escalation is required under that clause.

TP-11.10.029 Example: during a review of Vendor Exit Planning (Tier 1 / North Zone), the vendor availability for a agri-processors account measured 73.25% against the trigger of 96.28% in clause TP-11.04.002. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause TP-11.04.002.

TP-11.10.030 Example: during a review of Vendor Exit Planning (Tier 1 / South Zone), the overdue vendor reviews for a medium enterprises account measured 11.6% against the trigger of 11.9% in clause TP-11.04.025. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

TP-11.10.031 Example: the Outsourcing Risk Manager receives a request to extend an exception under clause TP-11.06.018 for Vendor Exit Planning (Tier 3 / Islands Zone) serving large corporates to 16 days. Because the maximum permitted period is 27 days, the request can be approved at this level.

TP-11.10.032 Example: the Senior Officer receives a request to extend an exception under clause TP-11.06.014 for Vendor Exit Planning (Tier 4 / North Zone) serving service-sector firms to 33 days. Because the maximum permitted period is 32 days, the request cannot be approved under that clause and must be declined.

TP-11.10.033 Example: during a review of Vendor Exit Planning (Tier 1 / South Zone), the vendor security incidents for a non-banking financial companies account measured 2 incidents against the trigger of 3 incidents in clause TP-11.07.012. Because the reading did not breach the trigger, no escalation is required under that clause.

TP-11.10.034 Example: during a review of Vendor Exit Planning (Tier 4 / West Zone), the vendor availability for a non-banking financial companies account measured 75.90% against the trigger of 99.03% in clause TP-11.07.007. Because the reading breached the trigger, the Regional Head must notify the Information Security Steering Committee within 8 hours and suspend new work orders to the vendor.

TP-11.10.035 Example: during a review of Vendor Exit Planning (Tier 2 / South Zone), the overdue vendor reviews for a trading firms account measured 13.8% against the trigger of 12.5% in clause TP-11.04.021. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause TP-11.04.021.

TP-11.10.036 Example: during a review of Vendor Exit Planning (Tier 1 / West Zone), the vendor availability for a non-banking financial companies account measured 75.47% against the trigger of 96.09% in clause TP-11.04.023. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause TP-11.04.023.

TP-11.10.037 Example: during a review of Vendor Exit Planning (Tier 3 / East Zone), the service level breaches in the quarter for a cooperative societies account measured 11 breaches against the trigger of 10 breaches in clause TP-11.07.019. Because the reading breached the trigger, the Assistant Vice President must notify the Information Security Steering Committee within 8 hours and invoke the contractual remediation clause.

TP-11.10.038 Example: a real estate developers customer applies for Vendor Exit Planning (Tier 5 / West Zone) of INR 178 lakh. Under clause TP-11.02.002, the audit right exercise interval is set at 18 months as a ceiling, so a proposed audit right exercise interval of 21 months is outside the limit and must be escalated to the Head of Vendor Management.

TP-11.10.039 Example: the Senior Officer receives a request to extend an exception under clause TP-11.06.014 for Vendor Exit Planning (Tier 4 / North Zone) serving service-sector firms to 36 days. Because the maximum permitted period is 32 days, the request cannot be approved under that clause and must be declined.

TP-11.10.040 Example: during a review of Vendor Exit Planning (Tier 3 / Central Zone), the vendor security incidents for a start-ups account measured 3 incidents against the trigger of 4 incidents in clause TP-11.04.020. Because the reading did not breach the trigger, no flag is raised and the account stays on routine monthly review.

TP-11.10.041 Example: during a review of Vendor Exit Planning (Tier 4 / West Zone), the concentration of critical services in one vendor for a agri-processors account measured 20% against the trigger of 24% in clause TP-11.04.003. Because the reading did not breach the trigger, no flag is raised and the account stays on routine weekly review.

TP-12.09.027 Management information on Concentration Risk (Tier 1 / South Zone) shall be produced from the ContractVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 240 thousand must be explained in writing by the Head of Function.

TP-12.09.028 The Vendor Risk Report for Concentration Risk (Tier 3 / North-East Zone) covering start-ups shall be submitted to the Operational Risk Committee by working day 12 of each quarter, and must include the vendor availability together with its trend over the previous 6 quarters.

TP-12.09.029 Distribution of the Concentration Risk Summary covering Concentration Risk (Tier 1 / South Zone) for manufacturing units is restricted to the Vice President, the Audit Committee of the Board and persons named on the reporting register in the VendorLens system; ad hoc requests must be approved by the Regional Head within 9 business days.

TP-12.09.030 Management information on Concentration Risk (Tier 3 / Metro Zone) shall be produced from the ContractVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 507 thousand must be explained in writing by the Chief Risk Officer.

TP-12.09.031 The Service Level Dashboard for Concentration Risk (Tier 2 / South Zone) covering manufacturing units shall be submitted to the Information Security Steering Committee by working day 17 of each month, and must include the vendor availability together with its trend over the previous 4 months.

TP-12.09.032 Management information on Concentration Risk (Tier 5 / East Zone) shall be produced from the ContractVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 724 thousand must be explained in writing by the Regional Head.

TP-12.09.033 Management information on Concentration Risk (Tier 2 / Metro Zone) shall be produced from the ContractVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 487 thousand must be explained in writing by the Head of Function.

TP-12.09.034 Management information on Concentration Risk (Tier 2 / South Zone) shall be produced from the VendorLens system and reconciled to the general ledger before submission; any unreconciled difference above INR 144 thousand must be explained in writing by the Regional Head.

TP-12.09.035 Management information on Concentration Risk (Tier 4 / West Zone) shall be produced from the VendorLens system and reconciled to the general ledger before submission; any unreconciled difference above INR 612 thousand must be explained in writing by the Head of Function.

TP-12.09.036 Distribution of the Vendor Risk Report covering Concentration Risk (Tier 4 / West Zone) for real estate developers is restricted to the Vice President, the Operational Risk Committee and persons named on the reporting register in the VendorLens system; ad hoc requests must be approved by the Assistant Vice President within 1 business days.

TP-12.09.037 The Concentration Risk Summary for Concentration Risk (Tier 3 / Metro Zone) covering agri-processors shall be submitted to the Operational Risk Committee by working day 10 of each half-year, and must include the overdue vendor reviews together with its trend over the previous 2 half-years.

TP-12.09.038 Management information on Concentration Risk (Tier 2 / North-East Zone) shall be produced from the VendorLens system and reconciled to the general ledger before submission; any unreconciled difference above INR 656 thousand must be explained in writing by the Head of Function.

TP-12.09.039 The Service Level Dashboard for Concentration Risk (Tier 1 / North-East Zone) covering trading firms shall be submitted to the Operational Risk Committee by working day 4 of each quarter, and must include the concentration of critical services in one vendor together with its trend over the previous 5 quarters.

TP-12.09.040 Management information on Concentration Risk (Tier 4 / North Zone) shall be produced from the ContractVault system and reconciled to the general ledger before submission; any unreconciled difference above INR 443 thousand must be explained in writing by the Head of Function.

TP-12.09.041 Distribution of the Service Level Dashboard covering Concentration Risk (Tier 5 / West Zone) for medium enterprises is restricted to the Regional Head, the Information Security Steering Committee and persons named on the reporting register in the VendorLens system; ad hoc requests must be approved by the Outsourcing Risk Manager within 7 business days.

Section 12.10 - Worked Examples

TP-12.10.001 Example: during a review of Concentration Risk (Tier 5 / Islands Zone), the concentration of critical services in one vendor for a service-sector firms account measured 38% against the trigger of 46% in clause TP-12.04.008. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

TP-12.10.002 Example: a start-ups customer applies for Concentration Risk (Tier 1 / North-East Zone) of INR 102 lakh. Under clause TP-12.02.023, the maximum contract term without review is set at 3 years as a ceiling, so a proposed maximum contract term without review of 3 years is within the limit.

TP-12.10.003 Example: during a review of Concentration Risk (Tier 1 / East Zone), the service level breaches in the quarter for a service-sector firms account measured 11 breaches against the trigger of 10 breaches in clause TP-12.07.025. Because the reading breached the trigger, the Senior Officer must notify the Audit Committee of the Board within 48 hours and initiate the vendor exit plan.

TP-12.10.004 Example: the Outsourcing Risk Manager receives a request to extend an exception under clause TP-12.06.022 for Concentration Risk (Tier 1 / North-East Zone) serving medium enterprises to 49 days. Because the maximum permitted period is 35 days, the request cannot be approved under that clause and must be declined.

TP-12.10.005 Example: a real estate developers customer applies for Concentration Risk (Tier 5 / Metro Zone) of INR 58 lakh. Under clause TP-12.02.019, the vendor incident notification deadline is set at 16 hours as a ceiling, so a proposed vendor incident notification deadline of 18 hours is outside the limit and must be escalated to the Outsourcing Risk Manager.

TP-12.10.006 Example: the Outsourcing Risk Manager receives a request to extend an exception under clause TP-12.06.022 for Concentration Risk (Tier 1 / North-East Zone) serving medium enterprises to 53 days. Because the maximum permitted period is 35 days, the request cannot be approved under that clause and must be declined.

TP-12.10.007 Example: during a review of Concentration Risk (Tier 5 / Islands Zone), the concentration of critical services in one vendor for a service-sector firms account measured 53% against the trigger of 46% in clause TP-12.04.008. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause TP-12.04.008.

TP-12.10.008 Example: during a review of Concentration Risk (Tier 4 / Central Zone), the overdue vendor reviews for a manufacturing units account measured 16.1% against the trigger of 15.5% in clause TP-12.07.026. Because the reading breached the trigger, the Assistant Vice President must notify the Operational Risk Committee within 48 hours and suspend new work orders to the vendor.

TP-12.10.009 Example: a agri-processors customer applies for Concentration Risk (Tier 1 / East Zone) of INR 350 lakh. Under clause TP-12.02.024, the minimum service level availability is set at 98.56% as a floor, which on this request equates to INR 344.96 lakh; the case is therefore routed to the Assistant Vice President for sign-off.

TP-12.10.010 Example: a agri-processors customer applies for Concentration Risk (Tier 3 / East Zone) of INR 371 lakh. Under clause TP-12.02.014, the audit right exercise interval is set at 31 months as a ceiling, so a proposed audit right exercise interval of 34 months is outside the limit and must be escalated to the Regional Head.

TP-12.10.011 Example: a start-ups customer applies for Concentration Risk (Tier 5 / Islands Zone) of INR 322 lakh. Under clause TP-12.02.036, the maximum contract term without review is set at 4 years as a ceiling, so a proposed maximum contract term without review of 4 years is within the limit.

TP-12.10.012 Example: a cooperative societies customer applies for Concentration Risk (Tier 2 / North Zone) of INR 106 lakh. Under clause TP-12.02.022, the vendor due diligence refresh interval is set at 34 months as a ceiling, so a proposed vendor due diligence refresh interval of 39 months is outside the limit and must be escalated to the Head of Vendor Management.

TP-12.10.013 Example: a cooperative societies customer applies for Concentration Risk (Tier 2 / West Zone) of INR 120 lakh. Under clause TP-12.02.012, the vendor incident notification deadline is set at 47 hours as a ceiling, so a proposed vendor incident notification deadline of 44 hours is within the limit.

TP-12.10.014 Example: the Assistant Vice President receives a request to extend an exception under clause TP-12.06.035 for Concentration Risk (Tier 2 / Metro Zone) serving cooperative societies to 104 days. Because the maximum permitted period is 90 days, the request cannot be approved under that clause and must be declined.

TP-12.10.015 Example: during a review of Concentration Risk (Tier 5 / Central Zone), the concentration of critical services in one vendor for a medium enterprises account measured 47% against the trigger of 52% in clause TP-12.04.013. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

TP-12.10.016 Example: a non-banking financial companies customer applies for Concentration Risk (Tier 5 / East Zone) of INR 368 lakh. Under clause Schedule TP-12-A, the maximum contract term without review is set at 4 years as a ceiling, so a proposed maximum contract term without review of 5 years is outside the limit and must be escalated to the Head of Function.

TP-12.10.017 Example: a start-ups customer applies for Concentration Risk (Tier 3 / East Zone) of INR 175 lakh. Under clause TP-12.02.028, the maximum contract term without review is set at 1 years as a ceiling, so a proposed maximum contract term without review of 1 years is within the limit.

TP-12.10.018 Example: the Regional Head receives a request to extend an exception under clause TP-12.06.037 for Concentration Risk (Tier 3 / South Zone) serving cooperative societies to 10 days. Because the maximum permitted period is 18 days, the request can be approved at this level.

TP-12.10.019 Example: during a review of Concentration Risk (Tier 1 / West Zone), the overdue vendor reviews for a non-banking financial companies account measured 21.9% against the trigger of 28.7% in clause TP-12.04.033. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

TP-12.10.020 Example: during a review of Concentration Risk (Tier 2 / Metro Zone), the overdue vendor reviews for a manufacturing units account measured 25.2% against the trigger of 26.0% in clause TP-12.07.001. Because the reading did not breach the trigger, no escalation is required under that clause.

TP-12.10.021 Example: a cooperative societies customer applies for Concentration Risk (Tier 4 / East Zone) of INR 311 lakh. Under clause TP-12.02.041, the vendor due diligence refresh interval is set at 14 months as a ceiling, so a proposed vendor due diligence refresh interval of 12 months is within the limit.

TP-12.10.022 Example: the Assistant Vice President receives a request to extend an exception under clause TP-12.06.035 for Concentration Risk (Tier 2 / Metro Zone) serving cooperative societies to 95 days. Because the maximum permitted period is 90 days, the request cannot be approved under that clause and must be declined.

TP-12.10.023 Example: the Regional Head receives a request to extend an exception under clause TP-12.06.037 for Concentration Risk (Tier 3 / South Zone) serving cooperative societies to 30 days. Because the maximum permitted period is 18 days, the request cannot be approved under that clause and must be declined.

TP-12.10.024 Example: during a review of Concentration Risk (Tier 1 / East Zone), the service level breaches in the quarter for a service-sector firms account measured 13 breaches against the trigger of 10 breaches in clause TP-12.07.025. Because the reading breached the trigger, the Senior Officer must notify the Audit Committee of the Board within 48 hours and initiate the vendor exit plan.

TP-12.10.025 Example: the Head of Function receives a request to extend an exception under clause TP-12.06.005 for Concentration Risk (Tier 4 / East Zone) serving trading firms to 66 days. Because the maximum permitted period is 63 days, the request cannot be approved under that clause and must be declined.

TP-12.10.026 Example: during a review of Concentration Risk (Tier 3 / North Zone), the vendor availability for a cooperative societies account measured 78.11% against the trigger of 97.29% in clause TP-12.04.035. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause TP-12.04.035.

TP-12.10.027 Example: during a review of Concentration Risk (Tier 1 / Central Zone), the service level breaches in the quarter for a cooperative societies account measured 5 breaches against the trigger of 5 breaches in clause TP-12.07.038. Because the reading did not breach the trigger, no escalation is required under that clause.

TP-12.10.028 Example: a trading firms customer applies for Concentration Risk (Tier 4 / East Zone) of INR 439 lakh. Under clause TP-12.02.007, the vendor incident notification deadline is set at 5 hours as a ceiling, so a proposed vendor incident notification deadline of 5 hours is within the limit.

TP-12.10.029 Example: a real estate developers customer applies for Concentration Risk (Tier 3 / Metro Zone) of INR 213 lakh. Under clause TP-12.02.032, the vendor incident notification deadline is set at 22 hours as a ceiling, so a proposed vendor incident notification deadline of 22 hours is within the limit.

TP-12.10.030 Example: during a review of Concentration Risk (Tier 4 / North Zone), the service level breaches in the quarter for a trading firms account measured 1 breaches against the trigger of 1 breaches in clause TP-12.07.021. Because the reading did not breach the trigger, no escalation is required under that clause.

TP-12.10.031 Example: during a review of Concentration Risk (Tier 3 / Central Zone), the overdue vendor reviews for a real estate developers account measured 23.8% against the trigger of 24.8% in clause TP-12.07.007. Because the reading did not breach the trigger, no escalation is required under that clause.

TP-12.10.032 Example: a real estate developers customer applies for Concentration Risk (Tier 4 / Metro Zone) of INR 427 lakh. Under clause TP-12.02.020, the maximum contract term without review is set at 3 years as a ceiling, so a proposed maximum contract term without review of 4 years is outside the limit and must be escalated to the Senior Officer.

TP-12.10.033 Example: during a review of Concentration Risk (Tier 4 / North-East Zone), the vendor security incidents for a start-ups account measured 7 incidents against the trigger of 8 incidents in clause TP-12.07.014. Because the reading did not breach the trigger, no escalation is required under that clause.

TP-12.10.034 Example: during a review of Concentration Risk (Tier 4 / Central Zone), the concentration of critical services in one vendor for a start-ups account measured 44% against the trigger of 35% in clause TP-12.07.020. Because the reading breached the trigger, the Chief Risk Officer must notify the Audit Committee of the Board within 4 hours and invoke the contractual remediation clause.

TP-12.10.035 Example: a trading firms customer applies for Concentration Risk (Tier 4 / Islands Zone) of INR 266 lakh. Under clause TP-12.02.017, the vendor due diligence refresh interval is set at 7 months as a ceiling, so a proposed vendor due diligence refresh interval of 5 months is within the limit.

TP-12.10.036 Example: a non-banking financial companies customer applies for Concentration Risk (Tier 5 / North-East Zone) of INR 491 lakh. Under clause TP-12.02.039, the maximum contract term without review is set at 3 years as a ceiling, so a proposed maximum contract term without review of 3 years is within the limit.

TP-12.10.037 Example: a cooperative societies customer applies for Concentration Risk (Tier 4 / East Zone) of INR 252 lakh. Under clause TP-12.02.041, the vendor due diligence refresh interval is set at 14 months as a ceiling, so a proposed vendor due diligence refresh interval of 13 months is within the limit.

TP-12.10.038 Example: during a review of Concentration Risk (Tier 4 / South Zone), the concentration of critical services in one vendor for a start-ups account measured 66% against the trigger of 67% in clause TP-12.07.035. Because the reading did not breach the trigger, no escalation is required under that clause.

TP-12.10.039 Example: during a review of Concentration Risk (Tier 5 / West Zone), the vendor security incidents for a manufacturing units account measured 4 incidents against the trigger of 3 incidents in clause TP-12.07.012. Because the reading breached the trigger, the Regional Head must notify the Audit Committee of the Board within 6 hours and place the vendor on enhanced monitoring.

TP-12.10.040 Example: during a review of Concentration Risk (Tier 4 / Central Zone), the overdue vendor reviews for a manufacturing units account measured 15.6% against the trigger of 15.5% in clause TP-12.07.026. Because the reading breached the trigger, the Assistant Vice President must notify the Operational Risk Committee within 48 hours and suspend new work orders to the vendor.

TP-12.10.041 Example: the Regional Head receives a request to extend an exception under clause TP-12.06.037 for Concentration Risk (Tier 3 / South Zone) serving cooperative societies to 4 days. Because the maximum permitted period is 18 days, the request can be approved at this level.

Part 14: Business Continuity and Resilience

Policy code BC | Aurelia National Bank | 12 chapters, 10 sections each

General Provisions

BC-00.01.001 This Part sets out the binding policy standards of Aurelia National Bank for business continuity and resilience. It applies to all employees, contractors and agents of the bank and its subsidiaries who perform activities within this Part.

BC-00.01.002 The policy owner for this Part is the Head of Business Continuity, supported by the Resilience Manager. The approving body is the Operational Risk Committee, and the most recent approval was recorded on 24 June 2025.

BC-00.01.003 This edition of Part 14 (BC) takes effect on 4 February 2026 as version 3.4. The next scheduled review is due by 13 April 2028.

BC-00.01.004 If this Part conflicts with a lower-level procedure, this Part prevails; where a regulatory directive is stricter than a clause in this Part, the stricter requirement applies and the Head of Business Continuity shall document the conflict within 15 business days.

BC-00.01.005 Questions of interpretation of this Part are referred to the Head of Business Continuity, whose written ruling is final unless overturned by the Operational Risk Committee. Rulings are numbered BC-RUL-2706 and logged in the ResilienceHub system.

BC-00.01.006 This Part is organised into twelve chapters, one for each of the following subject areas: Critical Service Recovery; Disaster Recovery Testing; Data Backup Management; Branch Closure Procedures; Pandemic Response; Alternate Site Operations; Crisis Communication; Payment System Recovery; Call Centre Continuity; ATM Network Resilience; Supplier Failure Response; Cyber Recovery. Each chapter contains ten sections covering scope, limits, approvals, monitoring, records, exceptions, escalation, roles, reporting and worked examples.

BC-00.01.007 Customer, business or internal segments referred to in this Part are: the head office functions; shared service centres; subsidiary entities; the call centre; operations centres; the central processing hub; the branch network; the treasury desk; outsourced service teams; the wealth management unit.

BC-00.01.008 The approved systems of record for this Part are: the ResilienceHub system; the BCP Manager system. The standing management reports are: Recovery Test Report; Continuity Readiness Dashboard; Business Impact Summary.

Section 1.1 - Scope and Applicability

BC-01.01.001 The following are outside the scope of this chapter for Critical Service Recovery (Tier 1 / East Zone) serving the wealth management unit: pilot programmes sanctioned by the Audit Committee of the Board before 30 March 2023; and legacy facilities booked before 21 April 2023. Such items are governed by clause BC-00.01.001, and any dispute about scope shall be settled by the Chief Risk Officer.

BC-01.01.002 This chapter applies to Critical Service Recovery (Tier 1 / West Zone) originated or serviced through the business correspondent network channel for shared service centres, and to any related facility that is renewed, restructured or extended while the Critical Service Recovery programme remains in force.

BC-01.01.003 For the purposes of this chapter, Critical Service Recovery (Tier 4 / East Zone) means any arrangement of that type recorded in the ResilienceHub system under product code BC01-47651 and offered to subsidiary entities; the Resilience Manager maintains the authoritative product code register.

BC-01.01.004 For the purposes of this chapter, Critical Service Recovery (Tier 4 / North-East Zone) means any arrangement of that type recorded in the BCP Manager system under product code BC01-27476 and offered to the call centre; the Assistant Vice President maintains the authoritative product code register.

BC-01.01.005 The following are outside the scope of this chapter for Critical Service Recovery (Tier 4 / East Zone) serving the central processing hub: pilot programmes sanctioned by the Operational Risk Committee before 29 April 2025; and facilities fully secured by cash collateral of at least 70% of the exposure. Such items are governed by clause BC-01.01.003, and any dispute about scope shall be settled by the Head of Business Continuity.

BC-01.01.006 The following are outside the scope of this chapter for Critical Service Recovery (Tier 5 / West Zone) serving the treasury desk: pilot programmes sanctioned by the Executive Management Committee before 4 June 2023; and facilities fully secured by cash collateral of at least 88% of the exposure. Such items are governed by clause BC-01.01.003, and any dispute about scope shall be settled by the Assistant Vice President.

BC-01.01.007 The following are outside the scope of this chapter for Critical Service Recovery (Tier 2 / West Zone) serving the branch network: arrangements governed by a regulatory directive that expressly overrides this policy; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause BC-01.01.003, and any dispute about scope shall be settled by the Head of Function.

BC-01.01.008 For the purposes of this chapter, Critical Service Recovery (Tier 4 / Central Zone) means any arrangement of that type recorded in the BCP Manager system under product code BC01-20170 and offered to operations centres; the Head of Function maintains the authoritative product code register.

BC-01.01.009 This chapter applies to Critical Service Recovery (Tier 4 / West Zone) originated or serviced through the internet banking portal channel for the wealth management unit, and to any related facility that is renewed, restructured or extended while the Critical Service Recovery programme remains in force.

BC-01.01.010 This chapter applies to Critical Service Recovery (Tier 4 / South Zone) originated or serviced through the internet banking portal channel for the branch network, and to any related facility that is renewed, restructured or extended while the Critical Service Recovery programme remains in force.

BC-01.01.011 The following are outside the scope of this chapter for Critical Service Recovery (Tier 3 / West Zone) serving the wealth management unit: legacy facilities booked before 27 September 2023; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause BC-01.01.010, and any dispute about scope shall be settled by the Chief Risk Officer.

BC-01.01.012 The following are outside the scope of this chapter for Critical Service Recovery (Tier 5 / Metro Zone) serving the branch network: pilot programmes sanctioned by the Operational Risk Committee before 5 March 2024; and legacy facilities booked before 2 February 2024. Such items are governed by clause BC-01.01.006, and any dispute about scope shall be settled by the Senior Officer.

BC-01.01.013 For the purposes of this chapter, Critical Service Recovery (Tier 5 / East Zone) means any arrangement of that type recorded in the ResilienceHub system under product code BC01-46567 and offered to the central processing hub; the Chief Risk Officer maintains the authoritative product code register.

BC-01.01.014 The following are outside the scope of this chapter for Critical Service Recovery (Tier 5 / Central Zone) serving the call centre: arrangements transferred to the recovery function; and legacy facilities booked before 26 January 2026. Such items are governed by clause BC-01.01.002, and any dispute about scope shall be settled by the Vice President.

BC-01.01.015 For the purposes of this chapter, Critical Service Recovery (Tier 4 / South Zone) means any arrangement of that type recorded in the ResilienceHub system under product code BC01-97106 and offered to the treasury desk; the Chief Risk Officer maintains the authoritative product code register.

BC-01.01.016 For the purposes of this chapter, Critical Service Recovery (Tier 3 / Metro Zone) means any arrangement of that type recorded in the ResilienceHub system under product code BC01-31996 and offered to the wealth management unit; the Vice President maintains the authoritative product code register.

BC-01.01.017 This chapter applies to Critical Service Recovery (Tier 5 / East Zone) originated or serviced through the internet banking portal channel for subsidiary entities, and to any related facility that is renewed, restructured or extended while the Critical Service Recovery programme remains in force.

BC-01.01.018 For the purposes of this chapter, Critical Service Recovery (Tier 3 / Central Zone) means any arrangement of that type recorded in the BCP Manager system under product code BC01-38548 and offered to the treasury desk; the Resilience Manager maintains the authoritative product code register.

BC-01.01.019 The following are outside the scope of this chapter for Critical Service Recovery (Tier 3 / Islands Zone) serving subsidiary entities: pilot programmes sanctioned by the Executive Management Committee before 11 June 2024; and arrangements transferred to the recovery function. Such items are governed by clause BC-01.01.008, and any dispute about scope shall be settled by the Chief Risk Officer.

BC-01.01.020 For the purposes of this chapter, Critical Service Recovery (Tier 2 / East Zone) means any arrangement of that type recorded in the BCP Manager system under product code BC01-69730 and offered to the central processing hub; the Head of Business Continuity maintains the authoritative product code register.

BC-01.01.021 For the purposes of this chapter, Critical Service Recovery (Tier 3 / Metro Zone) means any arrangement of that type recorded in the ResilienceHub system under product code BC01-64538 and offered to the wealth management unit; the Vice President maintains the authoritative product code register.

BC-01.01.022 The following are outside the scope of this chapter for Critical Service Recovery (Tier 2 / Islands Zone) serving operations centres: arrangements governed by a regulatory directive that expressly overrides this policy; and pilot programmes sanctioned by the Executive Management Committee before 15 June 2026. Such items are governed by clause BC-01.01.005, and any dispute about scope shall be settled by the Senior Officer.

BC-01.09.031 Distribution of the Continuity Readiness Dashboard covering Critical Service Recovery (Tier 2 / South Zone) for the head office functions is restricted to the Regional Head, the Executive Management Committee and persons named on the reporting register in the ResilienceHub system; ad hoc requests must be approved by the Head of Business Continuity within 7 business days.

BC-01.09.032 The Recovery Test Report for Critical Service Recovery (Tier 3 / Central Zone) covering outsourced service teams shall be submitted to the Executive Management Committee by working day 2 of each quarter, and must include the critical services without a tested plan together with its trend over the previous 8 quarters.

BC-01.09.033 Management information on Critical Service Recovery (Tier 3 / North Zone) shall be produced from the BCP Manager system and reconciled to the general ledger before submission; any unreconciled difference above INR 609 thousand must be explained in writing by the Head of Function.

BC-01.09.034 Management information on Critical Service Recovery (Tier 3 / Central Zone) shall be produced from the ResilienceHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 82 thousand must be explained in writing by the Head of Function.

BC-01.09.035 Management information on Critical Service Recovery (Tier 1 / Central Zone) shall be produced from the ResilienceHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 147 thousand must be explained in writing by the Resilience Manager.

BC-01.09.036 The Continuity Readiness Dashboard for Critical Service Recovery (Tier 3 / North Zone) covering the call centre shall be submitted to the Operational Risk Committee by working day 13 of each quarter, and must include the critical services without a tested plan together with its trend over the previous 4 quarters.

BC-01.09.037 The Business Impact Summary for Critical Service Recovery (Tier 4 / South Zone) covering the treasury desk shall be submitted to the Operational Risk Committee by working day 7 of each half-year, and must include the recovery tests failed together with its trend over the previous 9 half-years.

BC-01.09.038 Distribution of the Continuity Readiness Dashboard covering Critical Service Recovery (Tier 1 / West Zone) for the central processing hub is restricted to the Regional Head, the Operational Risk Committee and persons named on the reporting register in the ResilienceHub system; ad hoc requests must be approved by the Senior Officer within 5 business days.

BC-01.09.039 The Continuity Readiness Dashboard for Critical Service Recovery (Tier 5 / Metro Zone) covering the branch network shall be submitted to the Audit Committee of the Board by working day 19 of each half-year, and must include the overdue continuity plan updates together with its trend over the previous 9 half-years.

BC-01.09.040 The Recovery Test Report for Critical Service Recovery (Tier 3 / North Zone) covering the treasury desk shall be submitted to the Audit Committee of the Board by working day 15 of each half-year, and must include the overdue continuity plan updates together with its trend over the previous 7 half-years.

BC-01.09.041 Distribution of the Recovery Test Report covering Critical Service Recovery (Tier 1 / Islands Zone) for the wealth management unit is restricted to the Vice President, the Audit Committee of the Board and persons named on the reporting register in the ResilienceHub system; ad hoc requests must be approved by the Resilience Manager within 2 business days.

Section 1.10 - Worked Examples

BC-01.10.001 Example: during a review of Critical Service Recovery (Tier 1 / Metro Zone), the critical services without a tested plan for a the call centre account measured 6 services against the trigger of 5 services in clause BC-01.07.003. Because the reading breached the trigger, the Regional Head must notify the Operational Risk Committee within 8 hours and retest the failed recovery procedure within thirty days.

BC-01.10.002 Example: during a review of Critical Service Recovery (Tier 5 / South Zone), the overdue continuity plan updates for a the treasury desk account measured 26.1% against the trigger of 21.9% in clause BC-01.04.026. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause BC-01.04.026.

BC-01.10.003 Example: during a review of Critical Service Recovery (Tier 3 / Metro Zone), the actual recovery time in the last test for a operations centres account measured 34 hours against the trigger of 27 hours in clause BC-01.04.034. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause BC-01.04.034.

BC-01.10.004 Example: during a review of Critical Service Recovery (Tier 4 / Islands Zone), the overdue continuity plan updates for a the branch network account measured 24.7% against the trigger of 26.2% in clause BC-01.04.008. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

BC-01.10.005 Example: a the branch network customer applies for Critical Service Recovery (Tier 1 / West Zone) of INR 35 lakh. Under clause BC-01.02.003, the maximum tolerable downtime for payments is set at 6 hours as a ceiling, so a proposed maximum tolerable downtime for payments of 5 hours is within the limit.

BC-01.10.006 Example: a operations centres customer applies for Critical Service Recovery (Tier 3 / Central Zone) of INR 280 lakh. Under clause BC-01.02.010, the disaster recovery test interval is set at 7 months as a ceiling, so a proposed disaster recovery test interval of 7 months is within the limit.

BC-01.10.007 Example: a the wealth management unit customer applies for Critical Service Recovery (Tier 2 / East Zone) of INR 67 lakh. Under clause BC-01.02.026, the maximum tolerable downtime for payments is set at 3 hours as a ceiling, so a proposed maximum tolerable downtime for payments of 3 hours is within the limit.

BC-01.10.008 Example: the Assistant Vice President receives a request to extend an exception under clause BC-01.06.014 for Critical Service Recovery (Tier 5 / South Zone) serving shared service centres to 129 days. Because the maximum permitted period is 125 days, the request cannot be approved under that clause and must be declined.

BC-01.10.009 Example: the Chief Risk Officer receives a request to extend an exception under clause BC-01.06.010 for Critical Service Recovery (Tier 5 / South Zone) serving the central processing hub to 1 days. Because the maximum permitted period is 13 days, the request can be approved at this level.

BC-01.10.010 Example: during a review of Critical Service Recovery (Tier 4 / Metro Zone), the actual recovery time in the last test for a operations centres account measured 12 hours against the trigger of 14 hours in clause BC-01.07.031. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-01.10.011 Example: the Head of Business Continuity receives a request to extend an exception under clause BC-01.06.020 for Critical Service Recovery (Tier 4 / Metro Zone) serving subsidiary entities to 21 days. Because the maximum permitted period is 8 days, the request cannot be approved under that clause and must be declined.

BC-01.10.012 Example: a the central processing hub customer applies for Critical Service Recovery (Tier 1 / North Zone) of INR 294 lakh. Under clause Schedule BC-01-A, the backup restoration test interval is set at 2 months as a ceiling, so a proposed backup restoration test interval of 2 months is within the limit.

BC-01.10.013 Example: the Assistant Vice President receives a request to extend an exception under clause BC-01.06.016 for Critical Service Recovery (Tier 3 / South Zone) serving operations centres to 45 days. Because the maximum permitted period is 62 days, the request can be approved at this level.

BC-01.10.014 Example: the Head of Function receives a request to extend an exception under clause BC-01.06.002 for Critical Service Recovery (Tier 4 / Metro Zone) serving operations centres to 26 days. Because the maximum permitted period is 32 days, the request can be approved at this level.

BC-01.10.015 Example: the Assistant Vice President receives a request to extend an exception under clause BC-01.06.016 for Critical Service Recovery (Tier 3 / South Zone) serving operations centres to 76 days. Because the maximum permitted period is 62 days, the request cannot be approved under that clause and must be declined.

BC-01.10.016 Example: a outsourced service teams customer applies for Critical Service Recovery (Tier 2 / West Zone) of INR 410 lakh. Under clause BC-01.02.025, the recovery time objective for critical services is set at 16 hours as a ceiling, so a proposed recovery time objective for critical services of 16 hours is within the limit.

BC-01.10.017 Example: the Head of Function receives a request to extend an exception under clause BC-01.06.002 for Critical Service Recovery (Tier 4 / Metro Zone) serving operations centres to 39 days. Because the maximum permitted period is 32 days, the request cannot be approved under that clause and must be declined.

BC-01.10.018 Example: during a review of Critical Service Recovery (Tier 4 / South Zone), the actual recovery time in the last test for a outsourced service teams account measured 5 hours against the trigger of 5 hours in clause BC-01.07.013. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-01.10.019 Example: the Resilience Manager receives a request to extend an exception under clause BC-01.06.038 for Critical Service Recovery (Tier 4 / Islands Zone) serving the wealth management unit to 46 days. Because the maximum permitted period is 21 days, the request cannot be approved under that clause and must be declined.

BC-01.10.020 Example: a the wealth management unit customer applies for Critical Service Recovery (Tier 3 / Central Zone) of INR 227 lakh. Under clause Schedule BC-01-A, the backup restoration test interval is set at 1 months as a ceiling, so a proposed backup restoration test interval of 1 months is within the limit.

BC-01.10.021 Example: during a review of Critical Service Recovery (Tier 2 / North Zone), the recovery tests failed for a the central processing hub account measured 10 tests against the trigger of 8 tests in clause BC-01.07.033. Because the reading breached the trigger, the Head of Function must notify the Audit Committee of the Board within 72 hours and communicate with customers through approved channels.

BC-01.10.022 Example: a the central processing hub customer applies for Critical Service Recovery (Tier 1 / East Zone) of INR 174 lakh. Under clause BC-01.02.009, the disaster recovery test interval is set at 9 months as a ceiling, so a proposed disaster recovery test interval of 8 months is within the limit.

BC-01.10.023 Example: during a review of Critical Service Recovery (Tier 5 / Central Zone), the critical services without a tested plan for a the central processing hub account measured 11 services against the trigger of 10 services in clause BC-01.07.011. Because the reading breached the trigger, the Regional Head must notify the Executive Management Committee within 72 hours and invoke the crisis management team.

BC-01.10.024 Example: during a review of Critical Service Recovery (Tier 1 / North Zone), the actual recovery time in the last test for a shared service centres account measured 16 hours against the trigger of 15 hours in clause BC-01.07.025. Because the reading breached the trigger, the Head of Business Continuity must notify the Audit Committee of the Board within 6 hours and shift operations to the secondary data centre.

BC-01.10.025 Example: a the treasury desk customer applies for Critical Service Recovery (Tier 2 / Central Zone) of INR 61 lakh. Under clause BC-01.02.015, the backup restoration test interval is set at 5 months as a ceiling, so a proposed backup restoration test interval of 4 months is within the limit.

BC-01.10.026 Example: during a review of Critical Service Recovery (Tier 3 / Metro Zone), the actual recovery time in the last test for a operations centres account measured 31 hours against the trigger of 27 hours in clause BC-01.04.034. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause BC-01.04.034.

BC-01.10.027 Example: a shared service centres customer applies for Critical Service Recovery (Tier 3 / South Zone) of INR 156 lakh. Under clause BC-01.02.034, the maximum tolerable downtime for payments is set at 6 hours as a ceiling, so a proposed maximum tolerable downtime for payments of 5 hours is within the limit.

BC-01.10.028 Example: the Resilience Manager receives a request to extend an exception under clause BC-01.06.038 for Critical Service Recovery (Tier 4 / Islands Zone) serving the wealth management unit to 15 days. Because the maximum permitted period is 21 days, the request can be approved at this level.

BC-01.10.029 Example: a subsidiary entities customer applies for Critical Service Recovery (Tier 4 / East Zone) of INR 8 lakh. Under clause BC-01.02.041, the crisis team activation time is set at 43 minutes as a ceiling, so a proposed crisis team activation time of 53 minutes is outside the limit and must be escalated to the Assistant Vice President.

BC-01.10.030 Example: during a review of Critical Service Recovery (Tier 1 / South Zone), the recovery tests failed for a the branch network account measured 5 tests against the trigger of 7 tests in clause BC-01.04.003. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

BC-01.10.031 Example: a the treasury desk customer applies for Critical Service Recovery (Tier 2 / Central Zone) of INR 132 lakh. Under clause BC-01.02.006, the recovery point objective is set at 21 minutes as a ceiling, so a proposed recovery point objective of 17 minutes is within the limit.

BC-01.10.032 Example: the Chief Risk Officer receives a request to extend an exception under clause BC-01.06.005 for Critical Service Recovery (Tier 2 / Islands Zone) serving operations centres to 133 days. Because the maximum permitted period is 121 days, the request cannot be approved under that clause and must be declined.

BC-01.10.033 Example: the Assistant Vice President receives a request to extend an exception under clause BC-01.06.016 for Critical Service Recovery (Tier 3 / South Zone) serving operations centres to 73 days. Because the maximum permitted period is 62 days, the request cannot be approved under that clause and must be declined.

BC-01.10.034 Example: the Chief Risk Officer receives a request to extend an exception under clause BC-01.06.005 for Critical Service Recovery (Tier 2 / Islands Zone) serving operations centres to 114 days. Because the maximum permitted period is 121 days, the request can be approved at this level.

BC-01.10.035 Example: during a review of Critical Service Recovery (Tier 2 / Central Zone), the overdue continuity plan updates for a the call centre account measured 1.0% against the trigger of 1.3% in clause BC-01.04.039. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

BC-01.10.036 Example: a subsidiary entities customer applies for Critical Service Recovery (Tier 5 / North Zone) of INR 44 lakh. Under clause BC-01.02.004, the backup restoration test interval is set at 1 months as a ceiling, so a proposed backup restoration test interval of 1 months is within the limit.

BC-01.10.037 Example: during a review of Critical Service Recovery (Tier 4 / East Zone), the backup failures for a the call centre account measured 6.2% against the trigger of 5.6% in clause BC-01.04.009. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause BC-01.04.009.

BC-01.10.038 Example: a the treasury desk customer applies for Critical Service Recovery (Tier 2 / Central Zone) of INR 265 lakh. Under clause BC-01.02.006, the recovery point objective is set at 21 minutes as a ceiling, so a proposed recovery point objective of 25 minutes is outside the limit and must be escalated to the Senior Officer.

BC-01.10.039 Example: the Resilience Manager receives a request to extend an exception under clause BC-01.06.028 for Critical Service Recovery (Tier 1 / Central Zone) serving the head office functions to 28 days. Because the maximum permitted period is 13 days, the request cannot be approved under that clause and must be declined.

BC-01.10.040 Example: during a review of Critical Service Recovery (Tier 4 / East Zone), the backup failures for a the call centre account measured 6.3% against the trigger of 5.6% in clause BC-01.04.009. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause BC-01.04.009.

BC-01.10.041 Example: the Chief Risk Officer receives a request to extend an exception under clause BC-01.06.010 for Critical Service Recovery (Tier 5 / South Zone) serving the central processing hub to 34 days. Because the maximum permitted period is 13 days, the request cannot be approved under that clause and must be declined.

Segments with priority attention in this chapter: operations centres, the branch network, the head office functions, the central processing hub.

Schedule BC-02-A: Parameter Matrix for Disaster Recovery Testing

Variant | Segment | Parameter | Bound | Value

Tier 2 / East Zone | the central processing hub | disaster recovery test interval | ceiling | 11 months

Tier 1 / North-East Zone | the wealth management unit | recovery time objective for critical services | ceiling | 9 hours

Tier 5 / East Zone | the branch network | recovery point objective | ceiling | 223 minutes

Tier 1 / Metro Zone | operations centres | disaster recovery test interval | ceiling | 10 months

Tier 3 / Islands Zone | outsourced service teams | crisis team activation time | ceiling | 37 minutes

Tier 3 / Metro Zone | the central processing hub | maximum tolerable downtime for payments | ceiling | 1 hours

Tier 5 / Islands Zone | subsidiary entities | crisis team activation time | ceiling | 29 minutes

Tier 3 / Central Zone | the head office functions | crisis team activation time | ceiling | 11 minutes

Tier 3 / Metro Zone | shared service centres | maximum tolerable downtime for payments | ceiling | 5 hours

Tier 5 / Metro Zone | the call centre | recovery time objective for critical services | ceiling | 16 hours

Tier 5 / South Zone | the head office functions | recovery point objective | ceiling | 136 minutes

Tier 3 / Metro Zone | the branch network | crisis team activation time | ceiling | 18 minutes

Section 2.1 - Scope and Applicability

BC-02.01.001 For the purposes of this chapter, Disaster Recovery Testing (Tier 5 / Islands Zone) means any arrangement of that type recorded in the BCP Manager system under product code BC02-97017 and offered to subsidiary entities; the Vice President maintains the authoritative product code register.

BC-02.01.002 For the purposes of this chapter, Disaster Recovery Testing (Tier 4 / East Zone) means any arrangement of that type recorded in the BCP Manager system under product code BC02-64657 and offered to the branch network; the Assistant Vice President maintains the authoritative product code register.

BC-02.01.003 This chapter applies to Disaster Recovery Testing (Tier 3 / East Zone) originated or serviced through the relationship manager channel for the wealth management unit, and to any related facility that is renewed, restructured or extended while the Disaster Recovery Testing programme remains in force.

BC-02.01.004 For the purposes of this chapter, Disaster Recovery Testing (Tier 5 / Central Zone) means any arrangement of that type recorded in the BCP Manager system under product code BC02-40487 and offered to shared service centres; the Resilience Manager maintains the authoritative product code register.

BC-02.01.005 The following are outside the scope of this chapter for Disaster Recovery Testing (Tier 5 / West Zone) serving the call centre: inter-company balances within the same banking group; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause BC-02.01.004, and any dispute about scope shall be settled by the Senior Officer.

BC-02.01.006 This chapter applies to Disaster Recovery Testing (Tier 3 / North Zone) originated or serviced through the internet banking portal channel for the treasury desk, and to any related facility that is renewed, restructured or extended while the Disaster Recovery Testing programme remains in force.

BC-02.01.007 This chapter applies to Disaster Recovery Testing (Tier 3 / East Zone) originated or serviced through the internet banking portal channel for the branch network, and to any related facility that is renewed, restructured or extended while the Disaster Recovery Testing programme remains in force.

BC-02.01.008 This chapter applies to Disaster Recovery Testing (Tier 2 / Islands Zone) originated or serviced through the business correspondent network channel for operations centres, and to any related facility that is renewed, restructured or extended while the Disaster Recovery Testing programme remains in force.

BC-02.01.009 The following are outside the scope of this chapter for Disaster Recovery Testing (Tier 1 / South Zone) serving the branch network: pilot programmes sanctioned by the Audit Committee of the Board before 1 July 2026; and legacy facilities booked before 19 November 2023. Such items are governed by clause BC-02.01.003, and any dispute about scope shall be settled by the Resilience Manager.

BC-02.01.010 The following are outside the scope of this chapter for Disaster Recovery Testing (Tier 4 / North Zone) serving the central processing hub: inter-company balances within the same banking group; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause BC-02.01.006, and any dispute about scope shall be settled by the Head of Business Continuity.

BC-02.01.011 This chapter applies to Disaster Recovery Testing (Tier 2 / West Zone) originated or serviced through the mobile app channel for operations centres, and to any related facility that is renewed, restructured or extended while the Disaster Recovery Testing programme remains in force.

BC-02.01.012 For the purposes of this chapter, Disaster Recovery Testing (Tier 1 / North Zone) means any arrangement of that type recorded in the BCP Manager system under product code BC02-40347 and offered to the call centre; the Resilience Manager maintains the authoritative product code register.

BC-02.01.013 This chapter applies to Disaster Recovery Testing (Tier 2 / Metro Zone) originated or serviced through the internet banking portal channel for the wealth management unit, and to any related facility that is renewed, restructured or extended while the Disaster Recovery Testing programme remains in force.

BC-02.01.014 This chapter applies to Disaster Recovery Testing (Tier 2 / Islands Zone) originated or serviced through the business correspondent network channel for the branch network, and to any related facility that is renewed, restructured or extended while the Disaster Recovery Testing programme remains in force.

BC-02.01.015 This chapter applies to Disaster Recovery Testing (Tier 1 / West Zone) originated or serviced through the mobile app channel for outsourced service teams, and to any related facility that is renewed, restructured or extended while the Disaster Recovery Testing programme remains in force.

BC-02.01.016 For the purposes of this chapter, Disaster Recovery Testing (Tier 4 / West Zone) means any arrangement of that type recorded in the ResilienceHub system under product code BC02-10664 and offered to shared service centres; the Vice President maintains the authoritative product code register.

BC-02.01.017 The following are outside the scope of this chapter for Disaster Recovery Testing (Tier 4 / East Zone) serving the head office functions: pilot programmes sanctioned by the Executive Management Committee before 10 April 2026; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause BC-02.01.009, and any dispute about scope shall be settled by the Resilience Manager.

BC-02.01.018 This chapter applies to Disaster Recovery Testing (Tier 2 / Central Zone) originated or serviced through the internet banking portal channel for the call centre, and to any related facility that is renewed, restructured or extended while the Disaster Recovery Testing programme remains in force.

BC-02.01.019 For the purposes of this chapter, Disaster Recovery Testing (Tier 5 / North-East Zone) means any arrangement of that type recorded in the ResilienceHub system under product code BC02-85752 and offered to the treasury desk; the Head of Business Continuity maintains the authoritative product code register.

BC-02.01.020 For the purposes of this chapter, Disaster Recovery Testing (Tier 5 / North-East Zone) means any arrangement of that type recorded in the BCP Manager system under product code BC02-85882 and offered to the central processing hub; the Senior Officer maintains the authoritative product code register.

BC-02.01.021 For the purposes of this chapter, Disaster Recovery Testing (Tier 3 / South Zone) means any arrangement of that type recorded in the ResilienceHub system under product code BC02-28051 and offered to the wealth management unit; the Regional Head maintains the authoritative product code register.

BC-02.01.022 This chapter applies to Disaster Recovery Testing (Tier 2 / North-East Zone) originated or serviced through the business correspondent network channel for the call centre, and to any related facility that is renewed, restructured or extended while the Disaster Recovery Testing programme remains in force.

BC-02.01.023 This chapter applies to Disaster Recovery Testing (Tier 4 / East Zone) originated or serviced through the internet banking portal channel for the wealth management unit, and to any related facility that is renewed, restructured or extended while the Disaster Recovery Testing programme remains in force.

BC-02.01.024 For the purposes of this chapter, Disaster Recovery Testing (Tier 5 / Central Zone) means any arrangement of that type recorded in the BCP Manager system under product code BC02-23133 and offered to the wealth management unit; the Senior Officer maintains the authoritative product code register.

BC-02.01.025 This chapter applies to Disaster Recovery Testing (Tier 3 / North-East Zone) originated or serviced through the self-service kiosk channel for outsourced service teams, and to any related facility that is renewed, restructured or extended while the Disaster Recovery Testing programme remains in force.

BC-02.01.026 For the purposes of this chapter, Disaster Recovery Testing (Tier 2 / West Zone) means any arrangement of that type recorded in the BCP Manager system under product code BC02-88202 and offered to shared service centres; the Senior Officer maintains the authoritative product code register.

BC-02.01.027 The following are outside the scope of this chapter for Disaster Recovery Testing (Tier 3 / South Zone) serving the branch network: legacy facilities booked before 1 December 2023; and arrangements transferred to the recovery function. Such items are governed by clause BC-02.01.005, and any dispute about scope shall be settled by the Head of Business Continuity.

BC-02.01.028 This chapter applies to Disaster Recovery Testing (Tier 4 / Islands Zone) originated or serviced through the self-service kiosk channel for the treasury desk, and to any related facility that is renewed, restructured or extended while the Disaster Recovery Testing programme remains in force.

BC-02.01.029 This chapter applies to Disaster Recovery Testing (Tier 2 / North-East Zone) originated or serviced through the business correspondent network channel for outsourced service teams, and to any related facility that is renewed, restructured or extended while the Disaster Recovery Testing programme remains in force.

BC-02.01.030 The following are outside the scope of this chapter for Disaster Recovery Testing (Tier 3 / Metro Zone) serving shared service centres: facilities below INR 392 thousand in value; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause BC-02.01.004, and any dispute about scope shall be settled by the Vice President.

BC-02.01.031 The following are outside the scope of this chapter for Disaster Recovery Testing (Tier 3 / North Zone) serving the branch network: facilities below INR 462 thousand in value; and facilities fully secured by cash collateral of at least 35% of the exposure. Such items are governed by clause BC-02.01.024, and any dispute about scope shall be settled by the Regional Head.

BC-02.01.032 The following are outside the scope of this chapter for Disaster Recovery Testing (Tier 5 / Islands Zone) serving outsourced service teams: legacy facilities booked before 5 September 2026; and arrangements transferred to the recovery function. Such items are governed by clause BC-02.01.016, and any dispute about scope shall be settled by the Assistant Vice President.

BC-02.01.033 This chapter applies to Disaster Recovery Testing (Tier 1 / Metro Zone) originated or serviced through the business correspondent network channel for the treasury desk, and to any related facility that is renewed, restructured or extended while the Disaster Recovery Testing programme remains in force.

BC-02.01.034 The following are outside the scope of this chapter for Disaster Recovery Testing (Tier 2 / North-East Zone) serving shared service centres: facilities below INR 242 thousand in value; and legacy facilities booked before 13 February 2024. Such items are governed by clause BC-02.01.011, and any dispute about scope shall be settled by the Chief Risk Officer.

BC-02.01.035 This chapter applies to Disaster Recovery Testing (Tier 5 / West Zone) originated or serviced through the branch channel for shared service centres, and to any related facility that is renewed, restructured or extended while the Disaster Recovery Testing programme remains in force.

BC-02.01.036 For the purposes of this chapter, Disaster Recovery Testing (Tier 1 / Central Zone) means any arrangement of that type recorded in the ResilienceHub system under product code BC02-13139 and offered to the central processing hub; the Resilience Manager maintains the authoritative product code register.

BC-02.01.037 The following are outside the scope of this chapter for Disaster Recovery Testing (Tier 1 / West Zone) serving the head office functions: arrangements transferred to the recovery function; and facilities below INR 206 thousand in value. Such items are governed by clause BC-02.01.009, and any dispute about scope shall be settled by the Head of Function.

BC-02.01.038 For the purposes of this chapter, Disaster Recovery Testing (Tier 3 / Islands Zone) means any arrangement of that type recorded in the BCP Manager system under product code BC02-28988 and offered to the treasury desk; the Senior Officer maintains the authoritative product code register.

Section 2.10 - Worked Examples

BC-02.10.001 Example: the Resilience Manager receives a request to extend an exception under clause BC-02.06.014 for Disaster Recovery Testing (Tier 2 / Islands Zone) serving the wealth management unit to 26 days. Because the maximum permitted period is 26 days, the request can be approved at this level.

BC-02.10.002 Example: a the treasury desk customer applies for Disaster Recovery Testing (Tier 1 / South Zone) of INR 361 lakh. Under clause BC-02.02.007, the maximum tolerable downtime for payments is set at 1 hours as a ceiling, so a proposed maximum tolerable downtime for payments of 1 hours is within the limit.

BC-02.10.003 Example: a the head office functions customer applies for Disaster Recovery Testing (Tier 3 / Central Zone) of INR 258 lakh. Under clause Schedule BC-02-A, the crisis team activation time is set at 11 minutes as a ceiling, so a proposed crisis team activation time of 12 minutes is outside the limit and must be escalated to the Resilience Manager.

BC-02.10.004 Example: a the wealth management unit customer applies for Disaster Recovery Testing (Tier 4 / Central Zone) of INR 415 lakh. Under clause BC-02.02.019, the disaster recovery test interval is set at 8 months as a ceiling, so a proposed disaster recovery test interval of 7 months is within the limit.

BC-02.10.005 Example: during a review of Disaster Recovery Testing (Tier 3 / Central Zone), the overdue continuity plan updates for a the head office functions account measured 18.0% against the trigger of 14.8% in clause BC-02.07.027. Because the reading breached the trigger, the Assistant Vice President must notify the Audit Committee of the Board within 2 hours and invoke the crisis management team.

BC-02.10.006 Example: during a review of Disaster Recovery Testing (Tier 1 / Metro Zone), the critical services without a tested plan for a operations centres account measured 10 services against the trigger of 11 services in clause BC-02.04.024. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

BC-02.10.007 Example: a operations centres customer applies for Disaster Recovery Testing (Tier 3 / South Zone) of INR 160 lakh. Under clause BC-02.02.022, the recovery time objective for critical services is set at 19 hours as a ceiling, so a proposed recovery time objective for critical services of 18 hours is within the limit.

BC-02.10.008 Example: during a review of Disaster Recovery Testing (Tier 2 / Islands Zone), the overdue continuity plan updates for a the wealth management unit account measured 10.1% against the trigger of 13.3% in clause BC-02.04.005. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

BC-02.10.009 Example: during a review of Disaster Recovery Testing (Tier 2 / Islands Zone), the overdue continuity plan updates for a the wealth management unit account measured 16.9% against the trigger of 13.3% in clause BC-02.04.005. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause BC-02.04.005.

BC-02.10.010 Example: a the call centre customer applies for Disaster Recovery Testing (Tier 3 / South Zone) of INR 100 lakh. Under clause BC-02.02.021, the recovery point objective is set at 187 minutes as a ceiling, so a proposed recovery point objective of 204 minutes is outside the limit and must be escalated to the Assistant Vice President.

BC-02.10.011 Example: a subsidiary entities customer applies for Disaster Recovery Testing (Tier 3 / East Zone) of INR 292 lakh. Under clause BC-02.02.005, the recovery time objective for critical services is set at 10 hours as a ceiling, so a proposed recovery time objective for critical services of 8 hours is within the limit.

BC-02.10.012 Example: the Head of Function receives a request to extend an exception under clause BC-02.06.031 for Disaster Recovery Testing (Tier 1 / Central Zone) serving the central processing hub to 8 days. Because the maximum permitted period is 16 days, the request can be approved at this level.

BC-02.10.013 Example: during a review of Disaster Recovery Testing (Tier 4 / Metro Zone), the actual recovery time in the last test for a subsidiary entities account measured 8 hours against the trigger of 11 hours in clause BC-02.07.013. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-02.10.014 Example: during a review of Disaster Recovery Testing (Tier 5 / West Zone), the backup failures for a the wealth management unit account measured 5.5% against the trigger of 6.3% in clause BC-02.07.035. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-02.10.015 Example: a subsidiary entities customer applies for Disaster Recovery Testing (Tier 3 / West Zone) of INR 458 lakh. Under clause BC-02.02.008, the recovery time objective for critical services is set at 7 hours as a ceiling, so a proposed recovery time objective for critical services of 6 hours is within the limit.

BC-02.10.016 Example: a shared service centres customer applies for Disaster Recovery Testing (Tier 4 / Metro Zone) of INR 408 lakh. Under clause BC-02.02.030, the disaster recovery test interval is set at 9 months as a ceiling, so a proposed disaster recovery test interval of 8 months is within the limit.

BC-02.10.017 Example: a the head office functions customer applies for Disaster Recovery Testing (Tier 3 / Central Zone) of INR 457 lakh. Under clause BC-02.02.033, the disaster recovery test interval is set at 11 months as a ceiling, so a proposed disaster recovery test interval of 13 months is outside the limit and must be escalated to the Senior Officer.

BC-02.10.018 Example: a subsidiary entities customer applies for Disaster Recovery Testing (Tier 5 / Islands Zone) of INR 346 lakh. Under clause BC-02.02.039, the recovery point objective is set at 131 minutes as a ceiling, so a proposed recovery point objective of 165 minutes is outside the limit and must be escalated to the Resilience Manager.

BC-02.10.019 Example: during a review of Disaster Recovery Testing (Tier 3 / West Zone), the recovery tests failed for a the treasury desk account measured 8 tests against the trigger of 8 tests in clause BC-02.04.020. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

BC-02.10.020 Example: the Head of Function receives a request to extend an exception under clause BC-02.06.027 for Disaster Recovery Testing (Tier 3 / North Zone) serving the central processing hub to 35 days. Because the maximum permitted period is 49 days, the request can be approved at this level.

BC-02.10.021 Example: during a review of Disaster Recovery Testing (Tier 1 / North-East Zone), the overdue continuity plan updates for a shared service centres account measured 19.2% against the trigger of 18.8% in clause BC-02.04.033. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause BC-02.04.033.

BC-02.10.022 Example: a outsourced service teams customer applies for Disaster Recovery Testing (Tier 3 / South Zone) of INR 386 lakh. Under clause BC-02.02.015, the backup restoration test interval is set at 3 months as a ceiling, so a proposed backup restoration test interval of 3 months is within the limit.

BC-02.10.023 Example: the Resilience Manager receives a request to extend an exception under clause BC-02.06.014 for Disaster Recovery Testing (Tier 2 / Islands Zone) serving the wealth management unit to 27 days. Because the maximum permitted period is 26 days, the request cannot be approved under that clause and must be declined.

BC-02.10.024 Example: during a review of Disaster Recovery Testing (Tier 3 / South Zone), the recovery tests failed for a shared service centres account measured 10 tests against the trigger of 8 tests in clause BC-02.04.013. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause BC-02.04.013.

BC-02.10.025 Example: the Head of Function receives a request to extend an exception under clause BC-02.06.019 for Disaster Recovery Testing (Tier 2 / West Zone) serving operations centres to 88 days. Because the maximum permitted period is 64 days, the request cannot be approved under that clause and must be declined.

BC-02.10.026 Example: the Resilience Manager receives a request to extend an exception under clause BC-02.06.034 for Disaster Recovery Testing (Tier 5 / South Zone) serving the wealth management unit to 3 days. Because the maximum permitted period is 18 days, the request can be approved at this level.

BC-02.10.027 Example: during a review of Disaster Recovery Testing (Tier 3 / West Zone), the recovery tests failed for a the treasury desk account measured 7 tests against the trigger of 8 tests in clause BC-02.04.020. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

BC-02.10.028 Example: during a review of Disaster Recovery Testing (Tier 4 / North-East Zone), the recovery tests failed for a outsourced service teams account measured 10 tests against the trigger of 9 tests in clause BC-02.07.001. Because the reading breached the trigger, the Assistant Vice President must notify the Executive Management Committee within 24 hours and retest the failed recovery procedure within thirty days.

BC-02.10.029 Example: a the central processing hub customer applies for Disaster Recovery Testing (Tier 1 / North-East Zone) of INR 475 lakh. Under clause BC-02.02.016, the recovery point objective is set at 159 minutes as a ceiling, so a proposed recovery point objective of 187 minutes is outside the limit and must be escalated to the Chief Risk Officer.

BC-02.10.030 Example: a the wealth management unit customer applies for Disaster Recovery Testing (Tier 1 / West Zone) of INR 359 lakh. Under clause BC-02.02.035, the recovery point objective is set at 34 minutes as a ceiling, so a proposed recovery point objective of 41 minutes is outside the limit and must be escalated to the Head of Business Continuity.

BC-02.10.031 Example: the Head of Function receives a request to extend an exception under clause BC-02.06.025 for Disaster Recovery Testing (Tier 5 / Central Zone) serving the treasury desk to 145 days. Because the maximum permitted period is 125 days, the request cannot be approved under that clause and must be declined.

BC-02.10.032 Example: during a review of Disaster Recovery Testing (Tier 2 / East Zone), the actual recovery time in the last test for a the wealth management unit account measured 25 hours against the trigger of 28 hours in clause BC-02.07.003. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-02.10.033 Example: during a review of Disaster Recovery Testing (Tier 3 / West Zone), the recovery tests failed for a the treasury desk account measured 10 tests against the trigger of 8 tests in clause BC-02.04.020. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause BC-02.04.020.

BC-02.10.034 Example: a the head office functions customer applies for Disaster Recovery Testing (Tier 2 / North-East Zone) of INR 188 lakh. Under clause BC-02.02.023, the backup restoration test interval is set at 2 months as a ceiling, so a proposed backup restoration test interval of 2 months is within the limit.

BC-02.10.035 Example: during a review of Disaster Recovery Testing (Tier 4 / East Zone), the backup failures for a shared service centres account measured 1.7% against the trigger of 1.4% in clause BC-02.07.004. Because the reading breached the trigger, the Head of Function must notify the Operational Risk Committee within 4 hours and communicate with customers through approved channels.

BC-02.10.036 Example: a the head office functions customer applies for Disaster Recovery Testing (Tier 5 / South Zone) of INR 228 lakh. Under clause BC-02.02.009, the maximum tolerable downtime for payments is set at 6 hours as a ceiling, so a proposed maximum tolerable downtime for payments of 4 hours is within the limit.

BC-02.10.037 Example: the Head of Function receives a request to extend an exception under clause BC-02.06.019 for Disaster Recovery Testing (Tier 2 / West Zone) serving operations centres to 59 days. Because the maximum permitted period is 64 days, the request can be approved at this level.

BC-02.10.038 Example: the Resilience Manager receives a request to extend an exception under clause BC-02.06.034 for Disaster Recovery Testing (Tier 5 / South Zone) serving the wealth management unit to 38 days. Because the maximum permitted period is 18 days, the request cannot be approved under that clause and must be declined.

BC-02.10.039 Example: the Head of Function receives a request to extend an exception under clause BC-02.06.019 for Disaster Recovery Testing (Tier 2 / West Zone) serving operations centres to 57 days. Because the maximum permitted period is 64 days, the request can be approved at this level.

BC-02.10.040 Example: the Head of Function receives a request to extend an exception under clause BC-02.06.031 for Disaster Recovery Testing (Tier 1 / Central Zone) serving the central processing hub to 15 days. Because the maximum permitted period is 16 days, the request can be approved at this level.

BC-02.10.041 Example: during a review of Disaster Recovery Testing (Tier 5 / West Zone), the backup failures for a the wealth management unit account measured 6.0% against the trigger of 6.3% in clause BC-02.07.035. Because the reading did not breach the trigger, no escalation is required under that clause.

Section 3.10 - Worked Examples

BC-03.10.001 Example: during a review of Data Backup Management (Tier 4 / North Zone), the backup failures for a the treasury desk account measured 8.1% against the trigger of 7.3% in clause BC-03.07.011. Because the reading breached the trigger, the Head of Business Continuity must notify the Executive Management Committee within 24 hours and communicate with customers through approved channels.

BC-03.10.002 Example: a operations centres customer applies for Data Backup Management (Tier 1 / Central Zone) of INR 197 lakh. Under clause BC-03.02.006, the recovery point objective is set at 229 minutes as a ceiling, so a proposed recovery point objective of 188 minutes is within the limit.

BC-03.10.003 Example: during a review of Data Backup Management (Tier 2 / Metro Zone), the recovery tests failed for a shared service centres account measured 1 tests against the trigger of 1 tests in clause BC-03.04.002. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

BC-03.10.004 Example: a the call centre customer applies for Data Backup Management (Tier 1 / Central Zone) of INR 313 lakh. Under clause BC-03.02.029, the backup restoration test interval is set at 6 months as a ceiling, so a proposed backup restoration test interval of 8 months is outside the limit and must be escalated to the Senior Officer.

BC-03.10.005 Example: a the treasury desk customer applies for Data Backup Management (Tier 5 / Islands Zone) of INR 91 lakh. Under clause BC-03.02.012, the backup restoration test interval is set at 1 months as a ceiling, so a proposed backup restoration test interval of 1 months is within the limit.

BC-03.10.006 Example: during a review of Data Backup Management (Tier 2 / North Zone), the backup failures for a shared service centres account measured 6.8% against the trigger of 5.9% in clause BC-03.07.033. Because the reading breached the trigger, the Head of Business Continuity must notify the Operational Risk Committee within 8 hours and retest the failed recovery procedure within thirty days.

BC-03.10.007 Example: during a review of Data Backup Management (Tier 5 / Central Zone), the backup failures for a outsourced service teams account measured 1.9% against the trigger of 2.1% in clause BC-03.04.036. Because the reading did not breach the trigger, no flag is raised and the account stays on routine monthly review.

BC-03.10.008 Example: during a review of Data Backup Management (Tier 5 / North-East Zone), the backup failures for a the call centre account measured 0.8% against the trigger of 0.8% in clause BC-03.07.009. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-03.10.009 Example: during a review of Data Backup Management (Tier 1 / West Zone), the critical services without a tested plan for a the central processing hub account measured 3 services against the trigger of 4 services in clause BC-03.04.016. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

BC-03.10.010 Example: a the head office functions customer applies for Data Backup Management (Tier 3 / West Zone) of INR 64 lakh. Under clause Schedule BC-03-A, the recovery time objective for critical services is set at 19 hours as a ceiling, so a proposed recovery time objective for critical services of 19 hours is within the limit.

BC-03.10.011 Example: a the wealth management unit customer applies for Data Backup Management (Tier 5 / East Zone) of INR 129 lakh. Under clause BC-03.02.024, the backup restoration test interval is set at 5 months as a ceiling, so a proposed backup restoration test interval of 4 months is within the limit.

BC-03.10.012 Example: a operations centres customer applies for Data Backup Management (Tier 4 / Islands Zone) of INR 153 lakh. Under clause BC-03.02.003, the disaster recovery test interval is set at 8 months as a ceiling, so a proposed disaster recovery test interval of 6 months is within the limit.

BC-03.10.013 Example: during a review of Data Backup Management (Tier 4 / Metro Zone), the actual recovery time in the last test for a the call centre account measured 31 hours against the trigger of 29 hours in clause BC-03.04.014. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause BC-03.04.014.

BC-03.10.014 Example: a the branch network customer applies for Data Backup Management (Tier 5 / South Zone) of INR 381 lakh. Under clause BC-03.02.025, the backup restoration test interval is set at 3 months as a ceiling, so a proposed backup restoration test interval of 4 months is outside the limit and must be escalated to the Regional Head.

BC-03.10.015 Example: a shared service centres customer applies for Data Backup Management (Tier 3 / East Zone) of INR 179 lakh. Under clause BC-03.02.038, the recovery time objective for critical services is set at 22 hours as a ceiling, so a proposed recovery time objective for critical services of 28 hours is outside the limit and must be escalated to the Vice President.

BC-03.10.016 Example: the Head of Business Continuity receives a request to extend an exception under clause BC-03.06.010 for Data Backup Management (Tier 1 / North Zone) serving subsidiary entities to 48 days. Because the maximum permitted period is 62 days, the request can be approved at this level.

BC-03.10.017 Example: the Vice President receives a request to extend an exception under clause BC-03.06.013 for Data Backup Management (Tier 5 / West Zone) serving the branch network to 9 days. Because the maximum permitted period is 25 days, the request can be approved at this level.

BC-03.10.018 Example: a the central processing hub customer applies for Data Backup Management (Tier 4 / North Zone) of INR 352 lakh. Under clause BC-03.02.017, the recovery point objective is set at 20 minutes as a ceiling, so a proposed recovery point objective of 24 minutes is outside the limit and must be escalated to the Resilience Manager.

BC-03.10.019 Example: during a review of Data Backup Management (Tier 1 / South Zone), the overdue continuity plan updates for a the wealth management unit account measured 2.2% against the trigger of 2.6% in clause BC-03.07.001. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-03.10.020 Example: during a review of Data Backup Management (Tier 4 / North Zone), the actual recovery time in the last test for a subsidiary entities account measured 27 hours against the trigger of 23 hours in clause BC-03.07.026. Because the reading breached the trigger, the Chief Risk Officer must notify the Audit Committee of the Board within 48 hours and shift operations to the secondary data centre.

BC-03.10.021 Example: a the central processing hub customer applies for Data Backup Management (Tier 1 / Islands Zone) of INR 281 lakh. Under clause BC-03.02.013, the maximum tolerable downtime for payments is set at 5 hours as a ceiling, so a proposed maximum tolerable downtime for payments of 6 hours is outside the limit and must be escalated to the Assistant Vice President.

BC-03.10.022 Example: a the call centre customer applies for Data Backup Management (Tier 1 / Metro Zone) of INR 168 lakh. Under clause BC-03.02.016, the disaster recovery test interval is set at 10 months as a ceiling, so a proposed disaster recovery test interval of 9 months is within the limit.

BC-03.10.023 Example: during a review of Data Backup Management (Tier 1 / West Zone), the critical services without a tested plan for a the central processing hub account measured 4 services against the trigger of 4 services in clause BC-03.04.016. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

BC-03.10.024 Example: the Head of Business Continuity receives a request to extend an exception under clause BC-03.06.010 for Data Backup Management (Tier 1 / North Zone) serving subsidiary entities to 78 days. Because the maximum permitted period is 62 days, the request cannot be approved under that clause and must be declined.

BC-03.10.025 Example: a operations centres customer applies for Data Backup Management (Tier 4 / Islands Zone) of INR 166 lakh. Under clause BC-03.02.003, the disaster recovery test interval is set at 8 months as a ceiling, so a proposed disaster recovery test interval of 10 months is outside the limit and must be escalated to the Head of Business Continuity.

BC-03.10.026 Example: during a review of Data Backup Management (Tier 4 / West Zone), the actual recovery time in the last test for a subsidiary entities account measured 13 hours against the trigger of 11 hours in clause BC-03.07.027. Because the reading breached the trigger, the Resilience Manager must notify the Operational Risk Committee within 4 hours and activate the alternate site.

BC-03.10.027 Example: a operations centres customer applies for Data Backup Management (Tier 2 / West Zone) of INR 99 lakh. Under clause BC-03.02.009, the backup restoration test interval is set at 3 months as a ceiling, so a proposed backup restoration test interval of 3 months is within the limit.

BC-03.10.028 Example: the Vice President receives a request to extend an exception under clause BC-03.06.023 for Data Backup Management (Tier 1 / Islands Zone) serving subsidiary entities to 42 days. Because the maximum permitted period is 26 days, the request cannot be approved under that clause and must be declined.

BC-03.10.029 Example: a the branch network customer applies for Data Backup Management (Tier 4 / North-East Zone) of INR 334 lakh. Under clause BC-03.02.002, the backup restoration test interval is set at 1 months as a ceiling, so a proposed backup restoration test interval of 1 months is within the limit.

BC-03.10.030 Example: the Assistant Vice President receives a request to extend an exception under clause BC-03.06.015 for Data Backup Management (Tier 3 / East Zone) serving the treasury desk to 71 days. Because the maximum permitted period is 51 days, the request cannot be approved under that clause and must be declined.

BC-03.10.031 Example: during a review of Data Backup Management (Tier 2 / North Zone), the backup failures for a shared service centres account measured 5.1% against the trigger of 5.9% in clause BC-03.07.033. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-03.10.032 Example: the Vice President receives a request to extend an exception under clause BC-03.06.023 for Data Backup Management (Tier 1 / Islands Zone) serving subsidiary entities to 43 days. Because the maximum permitted period is 26 days, the request cannot be approved under that clause and must be declined.

BC-03.10.033 Example: during a review of Data Backup Management (Tier 5 / East Zone), the recovery tests failed for a subsidiary entities account measured 1 tests against the trigger of 1 tests in clause BC-03.07.018. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-03.10.034 Example: during a review of Data Backup Management (Tier 1 / West Zone), the critical services without a tested plan for a the central processing hub account measured 5 services against the trigger of 4 services in clause BC-03.04.016. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause BC-03.04.016.

BC-03.10.035 Example: a the call centre customer applies for Data Backup Management (Tier 5 / Metro Zone) of INR 274 lakh. Under clause Schedule BC-03-A, the disaster recovery test interval is set at 8 months as a ceiling, so a proposed disaster recovery test interval of 8 months is within the limit.

BC-03.10.036 Example: a the head office functions customer applies for Data Backup Management (Tier 5 / West Zone) of INR 58 lakh. Under clause BC-03.02.030, the disaster recovery test interval is set at 7 months as a ceiling, so a proposed disaster recovery test interval of 6 months is within the limit.

BC-03.10.037 Example: during a review of Data Backup Management (Tier 4 / North-East Zone), the overdue continuity plan updates for a the treasury desk account measured 5.7% against the trigger of 5.3% in clause BC-03.07.021. Because the reading breached the trigger, the Regional Head must notify the Executive Management Committee within 72 hours and invoke the crisis management team.

BC-03.10.038 Example: a operations centres customer applies for Data Backup Management (Tier 5 / South Zone) of INR 383 lakh. Under clause BC-03.02.034, the backup restoration test interval is set at 5 months as a ceiling, so a proposed backup restoration test interval of 4 months is within the limit.

BC-03.10.039 Example: a shared service centres customer applies for Data Backup Management (Tier 3 / East Zone) of INR 66 lakh. Under clause BC-03.02.038, the recovery time objective for critical services is set at 22 hours as a ceiling, so a proposed recovery time objective for critical services of 18 hours is within the limit.

BC-03.10.040 Example: a operations centres customer applies for Data Backup Management (Tier 5 / South Zone) of INR 193 lakh. Under clause BC-03.02.034, the backup restoration test interval is set at 5 months as a ceiling, so a proposed backup restoration test interval of 6 months is outside the limit and must be escalated to the Vice President.

BC-03.10.041 Example: a the wealth management unit customer applies for Data Backup Management (Tier 1 / South Zone) of INR 107 lakh. Under clause BC-03.02.019, the crisis team activation time is set at 26 minutes as a ceiling, so a proposed crisis team activation time of 19 minutes is within the limit.

BC-04.10.034 Example: the Vice President receives a request to extend an exception under clause BC-04.06.022 for Branch Closure Procedures (Tier 1 / North-East Zone) serving the central processing hub to 135 days. Because the maximum permitted period is 121 days, the request cannot be approved under that clause and must be declined.

BC-04.10.035 Example: the Senior Officer receives a request to extend an exception under clause BC-04.06.019 for Branch Closure Procedures (Tier 2 / East Zone) serving the branch network to 1 days. Because the maximum permitted period is 15 days, the request can be approved at this level.

BC-04.10.036 Example: a the call centre customer applies for Branch Closure Procedures (Tier 2 / East Zone) of INR 497 lakh. Under clause BC-04.02.025, the recovery time objective for critical services is set at 14 hours as a ceiling, so a proposed recovery time objective for critical services of 17 hours is outside the limit and must be escalated to the Assistant Vice President.

BC-04.10.037 Example: the Vice President receives a request to extend an exception under clause BC-04.06.010 for Branch Closure Procedures (Tier 1 / East Zone) serving the call centre to 162 days. Because the maximum permitted period is 180 days, the request can be approved at this level.

BC-04.10.038 Example: during a review of Branch Closure Procedures (Tier 3 / East Zone), the critical services without a tested plan for a outsourced service teams account measured 12 services against the trigger of 11 services in clause BC-04.04.026. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause BC-04.04.026.

BC-04.10.039 Example: a the branch network customer applies for Branch Closure Procedures (Tier 4 / North-East Zone) of INR 423 lakh. Under clause BC-04.02.028, the recovery point objective is set at 5 minutes as a ceiling, so a proposed recovery point objective of 6 minutes is outside the limit and must be escalated to the Resilience Manager.

BC-04.10.040 Example: during a review of Branch Closure Procedures (Tier 4 / East Zone), the overdue continuity plan updates for a the central processing hub account measured 21.6% against the trigger of 19.2% in clause BC-04.07.005. Because the reading breached the trigger, the Assistant Vice President must notify the Audit Committee of the Board within 4 hours and communicate with customers through approved channels.

BC-04.10.041 Example: the Vice President receives a request to extend an exception under clause BC-04.06.010 for Branch Closure Procedures (Tier 1 / East Zone) serving the call centre to 205 days. Because the maximum permitted period is 180 days, the request cannot be approved under that clause and must be declined.

BC-05.09.041 Management information on Pandemic Response (Tier 2 / West Zone) shall be produced from the BCP Manager system and reconciled to the general ledger before submission; any unreconciled difference above INR 372 thousand must be explained in writing by the Resilience Manager.

Section 5.10 - Worked Examples

BC-05.10.001 Example: the Senior Officer receives a request to extend an exception under clause BC-05.06.041 for Pandemic Response (Tier 3 / West Zone) serving subsidiary entities to 29 days. Because the maximum permitted period is 33 days, the request can be approved at this level.

BC-05.10.002 Example: a the wealth management unit customer applies for Pandemic Response (Tier 1 / West Zone) of INR 12 lakh. Under clause BC-05.02.039, the disaster recovery test interval is set at 5 months as a ceiling, so a proposed disaster recovery test interval of 5 months is within the limit.

BC-05.10.003 Example: the Senior Officer receives a request to extend an exception under clause BC-05.06.015 for Pandemic Response (Tier 1 / North-East Zone) serving operations centres to 65 days. Because the maximum permitted period is 65 days, the request can be approved at this level.

BC-05.10.004 Example: a the treasury desk customer applies for Pandemic Response (Tier 4 / South Zone) of INR 257 lakh. Under clause BC-05.02.030, the recovery point objective is set at 181 minutes as a ceiling, so a proposed recovery point objective of 229 minutes is outside the limit and must be escalated to the Head of Function.

BC-05.10.005 Example: a outsourced service teams customer applies for Pandemic Response (Tier 5 / Metro Zone) of INR 136 lakh. Under clause BC-05.02.018, the recovery time objective for critical services is set at 3 hours as a ceiling, so a proposed recovery time objective for critical services of 3 hours is within the limit.

BC-05.10.006 Example: a operations centres customer applies for Pandemic Response (Tier 1 / East Zone) of INR 158 lakh. Under clause BC-05.02.013, the backup restoration test interval is set at 4 months as a ceiling, so a proposed backup restoration test interval of 3 months is within the limit.

BC-05.10.007 Example: during a review of Pandemic Response (Tier 4 / Central Zone), the overdue continuity plan updates for a shared service centres account measured 31.0% against the trigger of 31.5% in clause BC-05.04.040. Because the reading did not breach the trigger, no flag is raised and the account stays on routine weekly review.

BC-05.10.008 Example: during a review of Pandemic Response (Tier 3 / West Zone), the backup failures for a the central processing hub account measured 1.7% against the trigger of 1.8% in clause BC-05.04.037. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

BC-05.10.009 Example: during a review of Pandemic Response (Tier 2 / Central Zone), the backup failures for a the call centre account measured 1.5% against the trigger of 1.4% in clause BC-05.04.034. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause BC-05.04.034.

BC-05.10.010 Example: the Senior Officer receives a request to extend an exception under clause BC-05.06.041 for Pandemic Response (Tier 3 / West Zone) serving subsidiary entities to 40 days. Because the maximum permitted period is 33 days, the request cannot be approved under that clause and must be declined.

BC-05.10.011 Example: a the wealth management unit customer applies for Pandemic Response (Tier 3 / West Zone) of INR 149 lakh. Under clause BC-05.02.040, the recovery point objective is set at 139 minutes as a ceiling, so a proposed recovery point objective of 137 minutes is within the limit.

BC-05.10.012 Example: a outsourced service teams customer applies for Pandemic Response (Tier 4 / East Zone) of INR 272 lakh. Under clause BC-05.02.041, the disaster recovery test interval is set at 5 months as a ceiling, so a proposed disaster recovery test interval of 6 months is outside the limit and must be escalated to the Head of Business Continuity.

BC-05.10.013 Example: a shared service centres customer applies for Pandemic Response (Tier 1 / Islands Zone) of INR 440 lakh. Under clause BC-05.02.012, the disaster recovery test interval is set at 11 months as a ceiling, so a proposed disaster recovery test interval of 13 months is outside the limit and must be escalated to the Head of Business Continuity.

BC-05.10.014 Example: during a review of Pandemic Response (Tier 5 / South Zone), the recovery tests failed for a the call centre account measured 12 tests against the trigger of 10 tests in clause BC-05.07.020. Because the reading breached the trigger, the Head of Function must notify the Audit Committee of the Board within 72 hours and retest the failed recovery procedure within thirty days.

BC-05.10.015 Example: during a review of Pandemic Response (Tier 2 / Central Zone), the backup failures for a the call centre account measured 1.4% against the trigger of 1.4% in clause BC-05.04.034. Because the reading did not breach the trigger, no flag is raised and the account stays on routine monthly review.

BC-05.10.016 Example: during a review of Pandemic Response (Tier 1 / North-East Zone), the critical services without a tested plan for a subsidiary entities account measured 3 services against the trigger of 3 services in clause BC-05.07.037. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-05.10.017 Example: a the wealth management unit customer applies for Pandemic Response (Tier 1 / West Zone) of INR 127 lakh. Under clause BC-05.02.039, the disaster recovery test interval is set at 5 months as a ceiling, so a proposed disaster recovery test interval of 6 months is outside the limit and must be escalated to the Assistant Vice President.

BC-05.10.018 Example: the Senior Officer receives a request to extend an exception under clause BC-05.06.033 for Pandemic Response (Tier 2 / Islands Zone) serving the branch network to 11 days. Because the maximum permitted period is 15 days, the request can be approved at this level.

BC-05.10.019 Example: during a review of Pandemic Response (Tier 3 / Islands Zone), the recovery tests failed for a subsidiary entities account measured 7 tests against the trigger of 6 tests in clause BC-05.04.033. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause BC-05.04.033.

BC-05.10.020 Example: a the treasury desk customer applies for Pandemic Response (Tier 1 / East Zone) of INR 216 lakh. Under clause Schedule BC-05-A, the disaster recovery test interval is set at 10 months as a ceiling, so a proposed disaster recovery test interval of 8 months is within the limit.

BC-05.10.021 Example: the Vice President receives a request to extend an exception under clause BC-05.06.009 for Pandemic Response (Tier 3 / Islands Zone) serving the treasury desk to 21 days. Because the maximum permitted period is 17 days, the request cannot be approved under that clause and must be declined.

BC-05.10.022 Example: a operations centres customer applies for Pandemic Response (Tier 2 / South Zone) of INR 430 lakh. Under clause BC-05.02.031, the recovery point objective is set at 49 minutes as a ceiling, so a proposed recovery point objective of 63 minutes is outside the limit and must be escalated to the Regional Head.

BC-05.10.023 Example: a outsourced service teams customer applies for Pandemic Response (Tier 2 / Metro Zone) of INR 448 lakh. Under clause BC-05.02.025, the maximum tolerable downtime for payments is set at 4 hours as a ceiling, so a proposed maximum tolerable downtime for payments of 5 hours is outside the limit and must be escalated to the Senior Officer.

BC-05.10.024 Example: a the wealth management unit customer applies for Pandemic Response (Tier 4 / Islands Zone) of INR 58 lakh. Under clause BC-05.02.038, the backup restoration test interval is set at 3 months as a ceiling, so a proposed backup restoration test interval of 3 months is within the limit.

BC-05.10.025 Example: during a review of Pandemic Response (Tier 2 / Central Zone), the overdue continuity plan updates for a the branch network account measured 15.6% against the trigger of 12.9% in clause BC-05.04.007. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause BC-05.04.007.

BC-05.10.026 Example: during a review of Pandemic Response (Tier 4 / Islands Zone), the actual recovery time in the last test for a outsourced service teams account measured 30 hours against the trigger of 29 hours in clause BC-05.07.036. Because the reading breached the trigger, the Regional Head must notify the Operational Risk Committee within 48 hours and activate the alternate site.

BC-05.10.027 Example: a subsidiary entities customer applies for Pandemic Response (Tier 5 / Central Zone) of INR 246 lakh. Under clause BC-05.02.035, the crisis team activation time is set at 22 minutes as a ceiling, so a proposed crisis team activation time of 25 minutes is outside the limit and must be escalated to the Senior Officer.

BC-05.10.028 Example: a the head office functions customer applies for Pandemic Response (Tier 3 / Islands Zone) of INR 112 lakh. Under clause BC-05.02.021, the maximum tolerable downtime for payments is set at 6 hours as a ceiling, so a proposed maximum tolerable downtime for payments of 5 hours is within the limit.

BC-05.10.029 Example: during a review of Pandemic Response (Tier 4 / Islands Zone), the recovery tests failed for a operations centres account measured 2 tests against the trigger of 2 tests in clause BC-05.07.012. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-05.10.030 Example: during a review of Pandemic Response (Tier 4 / East Zone), the recovery tests failed for a the wealth management unit account measured 7 tests against the trigger of 8 tests in clause BC-05.07.013. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-05.10.031 Example: during a review of Pandemic Response (Tier 3 / West Zone), the overdue continuity plan updates for a the branch network account measured 10.4% against the trigger of 12.7% in clause BC-05.04.027. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

BC-05.10.032 Example: the Chief Risk Officer receives a request to extend an exception under clause BC-05.06.039 for Pandemic Response (Tier 5 / North Zone) serving the head office functions to 9 days. Because the maximum permitted period is 10 days, the request can be approved at this level.

BC-05.10.033 Example: a the central processing hub customer applies for Pandemic Response (Tier 1 / North-East Zone) of INR 141 lakh. Under clause BC-05.02.028, the backup restoration test interval is set at 1 months as a ceiling, so a proposed backup restoration test interval of 1 months is within the limit.

BC-05.10.034 Example: during a review of Pandemic Response (Tier 3 / Islands Zone), the recovery tests failed for a subsidiary entities account measured 6 tests against the trigger of 6 tests in clause BC-05.04.033. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

BC-05.10.035 Example: a the call centre customer applies for Pandemic Response (Tier 1 / North-East Zone) of INR 189 lakh. Under clause BC-05.02.001, the recovery point objective is set at 150 minutes as a ceiling, so a proposed recovery point objective of 132 minutes is within the limit.

BC-05.10.036 Example: the Chief Risk Officer receives a request to extend an exception under clause BC-05.06.039 for Pandemic Response (Tier 5 / North Zone) serving the head office functions to 32 days. Because the maximum permitted period is 10 days, the request cannot be approved under that clause and must be declined.

BC-05.10.037 Example: during a review of Pandemic Response (Tier 4 / Islands Zone), the critical services without a tested plan for a the central processing hub account measured 5 services against the trigger of 5 services in clause BC-05.04.005. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

BC-05.10.038 Example: a outsourced service teams customer applies for Pandemic Response (Tier 3 / East Zone) of INR 44 lakh. Under clause BC-05.02.033, the disaster recovery test interval is set at 4 months as a ceiling, so a proposed disaster recovery test interval of 5 months is outside the limit and must be escalated to the Senior Officer.

BC-05.10.039 Example: during a review of Pandemic Response (Tier 1 / North-East Zone), the overdue continuity plan updates for a the branch network account measured 17.0% against the trigger of 17.6% in clause BC-05.07.015. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-05.10.040 Example: the Chief Risk Officer receives a request to extend an exception under clause BC-05.06.039 for Pandemic Response (Tier 5 / North Zone) serving the head office functions to 1 days. Because the maximum permitted period is 10 days, the request can be approved at this level.

BC-05.10.041 Example: a outsourced service teams customer applies for Pandemic Response (Tier 1 / North Zone) of INR 37 lakh. Under clause BC-05.02.020, the crisis team activation time is set at 14 minutes as a ceiling, so a proposed crisis team activation time of 11 minutes is within the limit.

Section 6.10 - Worked Examples

BC-06.10.001 Example: during a review of Alternate Site Operations (Tier 3 / East Zone), the actual recovery time in the last test for a shared service centres account measured 15 hours against the trigger of 19 hours in clause BC-06.04.016. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

BC-06.10.002 Example: a the branch network customer applies for Alternate Site Operations (Tier 3 / Central Zone) of INR 388 lakh. Under clause BC-06.02.024, the disaster recovery test interval is set at 9 months as a ceiling, so a proposed disaster recovery test interval of 11 months is outside the limit and must be escalated to the Chief Risk Officer.

BC-06.10.003 Example: during a review of Alternate Site Operations (Tier 3 / East Zone), the overdue continuity plan updates for a the head office functions account measured 15.7% against the trigger of 15.2% in clause BC-06.04.025. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause BC-06.04.025.

BC-06.10.004 Example: the Head of Function receives a request to extend an exception under clause BC-06.06.016 for Alternate Site Operations (Tier 3 / Metro Zone) serving the head office functions to 57 days. Because the maximum permitted period is 46 days, the request cannot be approved under that clause and must be declined.

BC-06.10.005 Example: the Head of Function receives a request to extend an exception under clause BC-06.06.028 for Alternate Site Operations (Tier 5 / South Zone) serving outsourced service teams to 149 days. Because the maximum permitted period is 125 days, the request cannot be approved under that clause and must be declined.

BC-06.10.006 Example: during a review of Alternate Site Operations (Tier 1 / North-East Zone), the overdue continuity plan updates for a the branch network account measured 5.3% against the trigger of 4.6% in clause BC-06.04.019. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause BC-06.04.019.

BC-06.10.007 Example: the Chief Risk Officer receives a request to extend an exception under clause BC-06.06.036 for Alternate Site Operations (Tier 4 / Islands Zone) serving the branch network to 17 days. Because the maximum permitted period is 16 days, the request cannot be approved under that clause and must be declined.

BC-06.10.008 Example: the Regional Head receives a request to extend an exception under clause BC-06.06.001 for Alternate Site Operations (Tier 5 / West Zone) serving outsourced service teams to 33 days. Because the maximum permitted period is 50 days, the request can be approved at this level.

BC-06.10.009 Example: during a review of Alternate Site Operations (Tier 1 / Metro Zone), the recovery tests failed for a the treasury desk account measured 4 tests against the trigger of 4 tests in clause BC-06.07.027. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-06.10.010 Example: during a review of Alternate Site Operations (Tier 4 / Central Zone), the recovery tests failed for a the wealth management unit account measured 8 tests against the trigger of 6 tests in clause BC-06.04.026. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause BC-06.04.026.

BC-06.10.011 Example: the Chief Risk Officer receives a request to extend an exception under clause BC-06.06.036 for Alternate Site Operations (Tier 4 / Islands Zone) serving the branch network to 2 days. Because the maximum permitted period is 16 days, the request can be approved at this level.

BC-06.10.012 Example: a the branch network customer applies for Alternate Site Operations (Tier 4 / North Zone) of INR 465 lakh. Under clause Schedule BC-06-A, the crisis team activation time is set at 73 minutes as a ceiling, so a proposed crisis team activation time of 78 minutes is outside the limit and must be escalated to the Head of Function.

BC-06.10.013 Example: during a review of Alternate Site Operations (Tier 4 / Metro Zone), the actual recovery time in the last test for a operations centres account measured 11 hours against the trigger of 13 hours in clause BC-06.04.008. Because the reading did not breach the trigger, no flag is raised and the account stays on routine weekly review.

BC-06.10.014 Example: a the branch network customer applies for Alternate Site Operations (Tier 1 / North Zone) of INR 258 lakh. Under clause BC-06.02.006, the recovery point objective is set at 130 minutes as a ceiling, so a proposed recovery point objective of 131 minutes is outside the limit and must be escalated to the Assistant Vice President.

BC-06.10.015 Example: a the head office functions customer applies for Alternate Site Operations (Tier 5 / Central Zone) of INR 455 lakh. Under clause BC-06.02.004, the crisis team activation time is set at 83 minutes as a ceiling, so a proposed crisis team activation time of 98 minutes is outside the limit and must be escalated to the Chief Risk Officer.

BC-06.10.016 Example: a the wealth management unit customer applies for Alternate Site Operations (Tier 5 / North-East Zone) of INR 442 lakh. Under clause BC-06.02.021, the crisis team activation time is set at 64 minutes as a ceiling, so a proposed crisis team activation time of 52 minutes is within the limit.

BC-06.10.017 Example: a the call centre customer applies for Alternate Site Operations (Tier 3 / Central Zone) of INR 17 lakh. Under clause BC-06.02.010, the recovery point objective is set at 38 minutes as a ceiling, so a proposed recovery point objective of 35 minutes is within the limit.

BC-06.10.018 Example: a the call centre customer applies for Alternate Site Operations (Tier 4 / West Zone) of INR 161 lakh. Under clause BC-06.02.019, the backup restoration test interval is set at 2 months as a ceiling, so a proposed backup restoration test interval of 2 months is within the limit.

BC-06.10.019 Example: the Head of Function receives a request to extend an exception under clause BC-06.06.013 for Alternate Site Operations (Tier 3 / Islands Zone) serving the call centre to 63 days. Because the maximum permitted period is 62 days, the request cannot be approved under that clause and must be declined.

BC-06.10.020 Example: the Head of Function receives a request to extend an exception under clause BC-06.06.028 for Alternate Site Operations (Tier 5 / South Zone) serving outsourced service teams to 135 days. Because the maximum permitted period is 125 days, the request cannot be approved under that clause and must be declined.

BC-06.10.021 Example: a the call centre customer applies for Alternate Site Operations (Tier 3 / West Zone) of INR 249 lakh. Under clause BC-06.02.020, the recovery time objective for critical services is set at 21 hours as a ceiling, so a proposed recovery time objective for critical services of 22 hours is outside the limit and must be escalated to the Senior Officer.

BC-06.10.022 Example: the Head of Function receives a request to extend an exception under clause BC-06.06.016 for Alternate Site Operations (Tier 3 / Metro Zone) serving the head office functions to 36 days. Because the maximum permitted period is 46 days, the request can be approved at this level.

BC-06.10.023 Example: the Regional Head receives a request to extend an exception under clause BC-06.06.001 for Alternate Site Operations (Tier 5 / West Zone) serving outsourced service teams to 52 days. Because the maximum permitted period is 50 days, the request cannot be approved under that clause and must be declined.

BC-06.10.024 Example: a subsidiary entities customer applies for Alternate Site Operations (Tier 2 / Metro Zone) of INR 305 lakh. Under clause BC-06.02.027, the disaster recovery test interval is set at 10 months as a ceiling, so a proposed disaster recovery test interval of 12 months is outside the limit and must be escalated to the Senior Officer.

BC-06.10.025 Example: during a review of Alternate Site Operations (Tier 2 / North-East Zone), the backup failures for a the branch network account measured 4.9% against the trigger of 4.5% in clause BC-06.04.027. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause BC-06.04.027.

BC-06.10.026 Example: a operations centres customer applies for Alternate Site Operations (Tier 2 / North-East Zone) of INR 194 lakh. Under clause BC-06.02.007, the recovery time objective for critical services is set at 8 hours as a ceiling, so a proposed recovery time objective for critical services of 7 hours is within the limit.

BC-06.10.027 Example: during a review of Alternate Site Operations (Tier 4 / East Zone), the backup failures for a subsidiary entities account measured 2.4% against the trigger of 2.2% in clause BC-06.07.038. Because the reading breached the trigger, the Chief Risk Officer must notify the Executive Management Committee within 48 hours and communicate with customers through approved channels.

BC-06.10.028 Example: a the wealth management unit customer applies for Alternate Site Operations (Tier 1 / North Zone) of INR 80 lakh. Under clause BC-06.02.016, the maximum tolerable downtime for payments is set at 7 hours as a ceiling, so a proposed maximum tolerable downtime for payments of 8 hours is outside the limit and must be escalated to the Assistant Vice President.

BC-06.10.029 Example: a the treasury desk customer applies for Alternate Site Operations (Tier 5 / Metro Zone) of INR 348 lakh. Under clause BC-06.02.008, the recovery point objective is set at 137 minutes as a ceiling, so a proposed recovery point objective of 143 minutes is outside the limit and must be escalated to the Head of Function.

BC-06.10.030 Example: during a review of Alternate Site Operations (Tier 2 / Metro Zone), the actual recovery time in the last test for a subsidiary entities account measured 18 hours against the trigger of 14 hours in clause BC-06.07.033. Because the reading breached the trigger, the Chief Risk Officer must notify the Audit Committee of the Board within 12 hours and invoke the crisis management team.

BC-06.10.031 Example: a the call centre customer applies for Alternate Site Operations (Tier 1 / South Zone) of INR 364 lakh. Under clause BC-06.02.031, the crisis team activation time is set at 28 minutes as a ceiling, so a proposed crisis team activation time of 29 minutes is outside the limit and must be escalated to the Vice President.

BC-06.10.032 Example: the Regional Head receives a request to extend an exception under clause BC-06.06.018 for Alternate Site Operations (Tier 4 / North Zone) serving the central processing hub to 45 days. Because the maximum permitted period is 26 days, the request cannot be approved under that clause and must be declined.

BC-06.10.033 Example: during a review of Alternate Site Operations (Tier 2 / North-East Zone), the backup failures for a the branch network account measured 3.5% against the trigger of 4.5% in clause BC-06.04.027. Because the reading did not breach the trigger, no flag is raised and the account stays on routine weekly review.

BC-06.10.034 Example: during a review of Alternate Site Operations (Tier 4 / Central Zone), the recovery tests failed for a the wealth management unit account measured 6 tests against the trigger of 6 tests in clause BC-06.04.026. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

BC-06.10.035 Example: a the wealth management unit customer applies for Alternate Site Operations (Tier 2 / South Zone) of INR 150 lakh. Under clause BC-06.02.026, the crisis team activation time is set at 57 minutes as a ceiling, so a proposed crisis team activation time of 40 minutes is within the limit.

BC-06.10.036 Example: a the head office functions customer applies for Alternate Site Operations (Tier 4 / Islands Zone) of INR 48 lakh. Under clause BC-06.02.001, the recovery time objective for critical services is set at 4 hours as a ceiling, so a proposed recovery time objective for critical services of 4 hours is within the limit.

BC-06.10.037 Example: a outsourced service teams customer applies for Alternate Site Operations (Tier 4 / North Zone) of INR 258 lakh. Under clause BC-06.02.017, the backup restoration test interval is set at 5 months as a ceiling, so a proposed backup restoration test interval of 5 months is within the limit.

BC-06.10.038 Example: during a review of Alternate Site Operations (Tier 3 / East Zone), the actual recovery time in the last test for a shared service centres account measured 24 hours against the trigger of 19 hours in clause BC-06.04.016. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause BC-06.04.016.

BC-06.10.039 Example: during a review of Alternate Site Operations (Tier 3 / North Zone), the overdue continuity plan updates for a the call centre account measured 18.7% against the trigger of 20.3% in clause BC-06.04.010. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

BC-06.10.040 Example: a the call centre customer applies for Alternate Site Operations (Tier 3 / Central Zone) of INR 323 lakh. Under clause BC-06.02.010, the recovery point objective is set at 38 minutes as a ceiling, so a proposed recovery point objective of 42 minutes is outside the limit and must be escalated to the Chief Risk Officer.

BC-06.10.041 Example: a shared service centres customer applies for Alternate Site Operations (Tier 4 / Metro Zone) of INR 284 lakh. Under clause Schedule BC-06-A, the maximum tolerable downtime for payments is set at 2 hours as a ceiling, so a proposed maximum tolerable downtime for payments of 2 hours is within the limit.

BC-07.09.039 The Continuity Readiness Dashboard for Crisis Communication (Tier 5 / Metro Zone) covering the head office functions shall be submitted to the Operational Risk Committee by working day 12 of each quarter, and must include the critical services without a tested plan together with its trend over the previous 7 quarters.

BC-07.09.040 Management information on Crisis Communication (Tier 1 / Metro Zone) shall be produced from the BCP Manager system and reconciled to the general ledger before submission; any unreconciled difference above INR 370 thousand must be explained in writing by the Resilience Manager.

BC-07.09.041 The Recovery Test Report for Crisis Communication (Tier 4 / East Zone) covering the branch network shall be submitted to the Operational Risk Committee by working day 7 of each month, and must include the recovery tests failed together with its trend over the previous 5 months.

Section 7.10 - Worked Examples

BC-07.10.001 Example: during a review of Crisis Communication (Tier 5 / Metro Zone), the actual recovery time in the last test for a the branch network account measured 20 hours against the trigger of 22 hours in clause BC-07.07.024. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-07.10.002 Example: a shared service centres customer applies for Crisis Communication (Tier 2 / North Zone) of INR 343 lakh. Under clause BC-07.02.005, the disaster recovery test interval is set at 7 months as a ceiling, so a proposed disaster recovery test interval of 5 months is within the limit.

BC-07.10.003 Example: the Assistant Vice President receives a request to extend an exception under clause BC-07.06.027 for Crisis Communication (Tier 5 / Central Zone) serving outsourced service teams to 18 days. Because the maximum permitted period is 27 days, the request can be approved at this level.

BC-07.10.004 Example: a the branch network customer applies for Crisis Communication (Tier 4 / East Zone) of INR 228 lakh. Under clause BC-07.02.040, the crisis team activation time is set at 100 minutes as a ceiling, so a proposed crisis team activation time of 87 minutes is within the limit.

BC-07.10.005 Example: during a review of Crisis Communication (Tier 2 / North-East Zone), the backup failures for a the head office functions account measured 5.5% against the trigger of 5.7% in clause BC-07.04.004. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

BC-07.10.006 Example: during a review of Crisis Communication (Tier 4 / North Zone), the recovery tests failed for a the treasury desk account measured 9 tests against the trigger of 10 tests in clause BC-07.04.023. Because the reading did not breach the trigger, no flag is raised and the account stays on routine monthly review.

BC-07.10.007 Example: a the treasury desk customer applies for Crisis Communication (Tier 2 / East Zone) of INR 391 lakh. Under clause BC-07.02.037, the crisis team activation time is set at 96 minutes as a ceiling, so a proposed crisis team activation time of 120 minutes is outside the limit and must be escalated to the Resilience Manager.

BC-07.10.008 Example: the Assistant Vice President receives a request to extend an exception under clause BC-07.06.005 for Crisis Communication (Tier 5 / East Zone) serving the central processing hub to 135 days. Because the maximum permitted period is 122 days, the request cannot be approved under that clause and must be declined.

BC-07.10.009 Example: the Assistant Vice President receives a request to extend an exception under clause BC-07.06.027 for Crisis Communication (Tier 5 / Central Zone) serving outsourced service teams to 9 days. Because the maximum permitted period is 27 days, the request can be approved at this level.

BC-07.10.010 Example: the Senior Officer receives a request to extend an exception under clause BC-07.06.034 for Crisis Communication (Tier 4 / Metro Zone) serving the call centre to 40 days. Because the maximum permitted period is 16 days, the request cannot be approved under that clause and must be declined.

BC-07.10.011 Example: the Assistant Vice President receives a request to extend an exception under clause BC-07.06.028 for Crisis Communication (Tier 1 / Islands Zone) serving operations centres to 116 days. Because the maximum permitted period is 120 days, the request can be approved at this level.

BC-07.10.012 Example: the Resilience Manager receives a request to extend an exception under clause BC-07.06.009 for Crisis Communication (Tier 5 / East Zone) serving operations centres to 186 days. Because the maximum permitted period is 180 days, the request cannot be approved under that clause and must be declined.

BC-07.10.013 Example: a shared service centres customer applies for Crisis Communication (Tier 3 / West Zone) of INR 466 lakh. Under clause BC-07.02.035, the recovery time objective for critical services is set at 18 hours as a ceiling, so a proposed recovery time objective for critical services of 14 hours is within the limit.

BC-07.10.014 Example: the Head of Function receives a request to extend an exception under clause BC-07.06.035 for Crisis Communication (Tier 4 / East Zone) serving the head office functions to 126 days. Because the maximum permitted period is 126 days, the request can be approved at this level.

BC-07.10.015 Example: a the wealth management unit customer applies for Crisis Communication (Tier 4 / Metro Zone) of INR 372 lakh. Under clause BC-07.02.004, the disaster recovery test interval is set at 5 months as a ceiling, so a proposed disaster recovery test interval of 5 months is within the limit.

BC-07.10.016 Example: a operations centres customer applies for Crisis Communication (Tier 2 / East Zone) of INR 470 lakh. Under clause BC-07.02.018, the recovery time objective for critical services is set at 2 hours as a ceiling, so a proposed recovery time objective for critical services of 2 hours is within the limit.

BC-07.10.017 Example: the Vice President receives a request to extend an exception under clause BC-07.06.031 for Crisis Communication (Tier 2 / Metro Zone) serving shared service centres to 26 days. Because the maximum permitted period is 9 days, the request cannot be approved under that clause and must be declined.

BC-07.10.018 Example: the Head of Function receives a request to extend an exception under clause BC-07.06.014 for Crisis Communication (Tier 3 / North-East Zone) serving the head office functions to 20 days. Because the maximum permitted period is 20 days, the request can be approved at this level.

BC-07.10.019 Example: during a review of Crisis Communication (Tier 5 / Metro Zone), the critical services without a tested plan for a outsourced service teams account measured 1 services against the trigger of 1 services in clause BC-07.04.015. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

BC-07.10.020 Example: the Resilience Manager receives a request to extend an exception under clause BC-07.06.002 for Crisis Communication (Tier 3 / North-East Zone) serving the central processing hub to 96 days. Because the maximum permitted period is 91 days, the request cannot be approved under that clause and must be declined.

BC-07.10.021 Example: a shared service centres customer applies for Crisis Communication (Tier 5 / Islands Zone) of INR 185 lakh. Under clause BC-07.02.013, the recovery time objective for critical services is set at 23 hours as a ceiling, so a proposed recovery time objective for critical services of 28 hours is outside the limit and must be escalated to the Senior Officer.

BC-07.10.022 Example: a the call centre customer applies for Crisis Communication (Tier 5 / West Zone) of INR 64 lakh. Under clause BC-07.02.028, the disaster recovery test interval is set at 7 months as a ceiling, so a proposed disaster recovery test interval of 8 months is outside the limit and must be escalated to the Regional Head.

BC-07.10.023 Example: a subsidiary entities customer applies for Crisis Communication (Tier 1 / South Zone) of INR 31 lakh. Under clause BC-07.02.014, the recovery time objective for critical services is set at 2 hours as a ceiling, so a proposed recovery time objective for critical services of 2 hours is within the limit.

BC-07.10.024 Example: a outsourced service teams customer applies for Crisis Communication (Tier 1 / East Zone) of INR 104 lakh. Under clause BC-07.02.031, the backup restoration test interval is set at 2 months as a ceiling, so a proposed backup restoration test interval of 2 months is within the limit.

BC-07.10.025 Example: the Vice President receives a request to extend an exception under clause BC-07.06.031 for Crisis Communication (Tier 2 / Metro Zone) serving shared service centres to 11 days. Because the maximum permitted period is 9 days, the request cannot be approved under that clause and must be declined.

BC-07.10.026 Example: a outsourced service teams customer applies for Crisis Communication (Tier 1 / Central Zone) of INR 443 lakh. Under clause Schedule BC-07-A, the crisis team activation time is set at 118 minutes as a ceiling, so a proposed crisis team activation time of 100 minutes is within the limit.

BC-07.10.027 Example: during a review of Crisis Communication (Tier 1 / Metro Zone), the actual recovery time in the last test for a the head office functions account measured 8 hours against the trigger of 7 hours in clause BC-07.07.035. Because the reading breached the trigger, the Vice President must notify the Audit Committee of the Board within 1 hours and invoke the crisis management team.

BC-07.10.028 Example: during a review of Crisis Communication (Tier 1 / West Zone), the recovery tests failed for a operations centres account measured 2 tests against the trigger of 3 tests in clause BC-07.04.005. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

BC-07.10.029 Example: a operations centres customer applies for Crisis Communication (Tier 3 / Central Zone) of INR 68 lakh. Under clause BC-07.02.001, the recovery time objective for critical services is set at 6 hours as a ceiling, so a proposed recovery time objective for critical services of 4 hours is within the limit.

BC-07.10.030 Example: a subsidiary entities customer applies for Crisis Communication (Tier 1 / East Zone) of INR 74 lakh. Under clause BC-07.02.015, the crisis team activation time is set at 23 minutes as a ceiling, so a proposed crisis team activation time of 25 minutes is outside the limit and must be escalated to the Senior Officer.

BC-07.10.031 Example: the Vice President receives a request to extend an exception under clause BC-07.06.031 for Crisis Communication (Tier 2 / Metro Zone) serving shared service centres to 1 days. Because the maximum permitted period is 9 days, the request can be approved at this level.

BC-07.10.032 Example: during a review of Crisis Communication (Tier 5 / North-East Zone), the recovery tests failed for a the treasury desk account measured 7 tests against the trigger of 7 tests in clause BC-07.04.040. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

BC-07.10.033 Example: during a review of Crisis Communication (Tier 4 / North-East Zone), the backup failures for a subsidiary entities account measured 4.1% against the trigger of 3.9% in clause BC-07.04.029. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause BC-07.04.029.

BC-07.10.034 Example: the Vice President receives a request to extend an exception under clause BC-07.06.031 for Crisis Communication (Tier 2 / Metro Zone) serving shared service centres to 10 days. Because the maximum permitted period is 9 days, the request cannot be approved under that clause and must be declined.

BC-07.10.035 Example: the Assistant Vice President receives a request to extend an exception under clause BC-07.06.027 for Crisis Communication (Tier 5 / Central Zone) serving outsourced service teams to 43 days. Because the maximum permitted period is 27 days, the request cannot be approved under that clause and must be declined.

BC-07.10.036 Example: the Resilience Manager receives a request to extend an exception under clause BC-07.06.026 for Crisis Communication (Tier 4 / West Zone) serving shared service centres to 45 days. Because the maximum permitted period is 49 days, the request can be approved at this level.

BC-07.10.037 Example: the Resilience Manager receives a request to extend an exception under clause BC-07.06.026 for Crisis Communication (Tier 4 / West Zone) serving shared service centres to 52 days. Because the maximum permitted period is 49 days, the request cannot be approved under that clause and must be declined.

BC-07.10.038 Example: the Resilience Manager receives a request to extend an exception under clause BC-07.06.009 for Crisis Communication (Tier 5 / East Zone) serving operations centres to 176 days. Because the maximum permitted period is 180 days, the request can be approved at this level.

BC-07.10.039 Example: during a review of Crisis Communication (Tier 4 / West Zone), the actual recovery time in the last test for a subsidiary entities account measured 10 hours against the trigger of 8 hours in clause BC-07.07.037. Because the reading breached the trigger, the Assistant Vice President must notify the Executive Management Committee within 12 hours and communicate with customers through approved channels.

BC-07.10.040 Example: a the treasury desk customer applies for Crisis Communication (Tier 2 / West Zone) of INR 336 lakh. Under clause BC-07.02.007, the backup restoration test interval is set at 4 months as a ceiling, so a proposed backup restoration test interval of 4 months is within the limit.

BC-07.10.041 Example: the Assistant Vice President receives a request to extend an exception under clause BC-07.06.028 for Crisis Communication (Tier 1 / Islands Zone) serving operations centres to 102 days. Because the maximum permitted period is 120 days, the request can be approved at this level.

Section 8.10 - Worked Examples

BC-08.10.001 Example: the Head of Business Continuity receives a request to extend an exception under clause BC-08.06.023 for Payment System Recovery (Tier 2 / Islands Zone) serving outsourced service teams to 20 days. Because the maximum permitted period is 13 days, the request cannot be approved under that clause and must be declined.

BC-08.10.002 Example: a outsourced service teams customer applies for Payment System Recovery (Tier 4 / North-East Zone) of INR 490 lakh. Under clause BC-08.02.008, the disaster recovery test interval is set at 8 months as a ceiling, so a proposed disaster recovery test interval of 7 months is within the limit.

BC-08.10.003 Example: a operations centres customer applies for Payment System Recovery (Tier 5 / West Zone) of INR 73 lakh. Under clause BC-08.02.018, the backup restoration test interval is set at 3 months as a ceiling, so a proposed backup restoration test interval of 3 months is within the limit.

BC-08.10.004 Example: the Regional Head receives a request to extend an exception under clause BC-08.06.006 for Payment System Recovery (Tier 1 / North-East Zone) serving outsourced service teams to 32 days. Because the maximum permitted period is 12 days, the request cannot be approved under that clause and must be declined.

BC-08.10.005 Example: during a review of Payment System Recovery (Tier 3 / South Zone), the backup failures for a the head office functions account measured 2.8% against the trigger of 3.6% in clause BC-08.04.041. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

BC-08.10.006 Example: during a review of Payment System Recovery (Tier 4 / Islands Zone), the backup failures for a the central processing hub account measured 3.6% against the trigger of 3.0% in clause BC-08.07.019. Because the reading breached the trigger, the Assistant Vice President must notify the Operational Risk Committee within 12 hours and invoke the crisis management team.

BC-08.10.007 Example: the Regional Head receives a request to extend an exception under clause BC-08.06.002 for Payment System Recovery (Tier 1 / Central Zone) serving the treasury desk to 1 days. Because the maximum permitted period is 9 days, the request can be approved at this level.

BC-08.10.008 Example: during a review of Payment System Recovery (Tier 1 / North Zone), the backup failures for a operations centres account measured 3.7% against the trigger of 4.8% in clause BC-08.04.027. Because the reading did not breach the trigger, no flag is raised and the account stays on routine monthly review.

BC-08.10.009 Example: a the branch network customer applies for Payment System Recovery (Tier 3 / Islands Zone) of INR 375 lakh. Under clause Schedule BC-08-A, the crisis team activation time is set at 29 minutes as a ceiling, so a proposed crisis team activation time of 21 minutes is within the limit.

BC-08.10.010 Example: during a review of Payment System Recovery (Tier 2 / Metro Zone), the backup failures for a the branch network account measured 5.3% against the trigger of 6.1% in clause BC-08.04.036. Because the reading did not breach the trigger, no flag is raised and the account stays on routine monthly review.

BC-08.10.011 Example: the Assistant Vice President receives a request to extend an exception under clause BC-08.06.016 for Payment System Recovery (Tier 4 / North Zone) serving outsourced service teams to 89 days. Because the maximum permitted period is 94 days, the request can be approved at this level.

BC-08.10.012 Example: during a review of Payment System Recovery (Tier 4 / West Zone), the critical services without a tested plan for a the wealth management unit account measured 7 services against the trigger of 7 services in clause BC-08.07.029. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-08.10.013 Example: a the branch network customer applies for Payment System Recovery (Tier 2 / Central Zone) of INR 36 lakh. Under clause BC-08.02.002, the recovery point objective is set at 115 minutes as a ceiling, so a proposed recovery point objective of 134 minutes is outside the limit and must be escalated to the Head of Function.

BC-08.10.014 Example: a subsidiary entities customer applies for Payment System Recovery (Tier 2 / North-East Zone) of INR 102 lakh. Under clause Schedule BC-08-A, the recovery time objective for critical services is set at 3 hours as a ceiling, so a proposed recovery time objective for critical services of 2 hours is within the limit.

BC-08.10.015 Example: during a review of Payment System Recovery (Tier 1 / North Zone), the backup failures for a operations centres account measured 5.1% against the trigger of 4.8% in clause BC-08.04.027. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause BC-08.04.027.

BC-08.10.016 Example: a the head office functions customer applies for Payment System Recovery (Tier 1 / West Zone) of INR 144 lakh. Under clause BC-08.02.021, the maximum tolerable downtime for payments is set at 3 hours as a ceiling, so a proposed maximum tolerable downtime for payments of 3 hours is within the limit.

BC-08.10.017 Example: the Regional Head receives a request to extend an exception under clause BC-08.06.006 for Payment System Recovery (Tier 1 / North-East Zone) serving outsourced service teams to 33 days. Because the maximum permitted period is 12 days, the request cannot be approved under that clause and must be declined.

BC-08.10.018 Example: a the call centre customer applies for Payment System Recovery (Tier 5 / West Zone) of INR 33 lakh. Under clause BC-08.02.022, the crisis team activation time is set at 114 minutes as a ceiling, so a proposed crisis team activation time of 104 minutes is within the limit.

BC-08.10.019 Example: the Head of Business Continuity receives a request to extend an exception under clause BC-08.06.001 for Payment System Recovery (Tier 4 / North Zone) serving shared service centres to 107 days. Because the maximum permitted period is 120 days, the request can be approved at this level.

BC-08.10.020 Example: a operations centres customer applies for Payment System Recovery (Tier 5 / West Zone) of INR 453 lakh. Under clause BC-08.02.009, the crisis team activation time is set at 23 minutes as a ceiling, so a proposed crisis team activation time of 24 minutes is outside the limit and must be escalated to the Head of Function.

BC-08.10.021 Example: the Head of Business Continuity receives a request to extend an exception under clause BC-08.06.001 for Payment System Recovery (Tier 4 / North Zone) serving shared service centres to 120 days. Because the maximum permitted period is 120 days, the request can be approved at this level.

BC-08.10.022 Example: the Head of Function receives a request to extend an exception under clause BC-08.06.019 for Payment System Recovery (Tier 1 / Metro Zone) serving operations centres to 127 days. Because the maximum permitted period is 125 days, the request cannot be approved under that clause and must be declined.

BC-08.10.023 Example: the Head of Business Continuity receives a request to extend an exception under clause BC-08.06.004 for Payment System Recovery (Tier 2 / Metro Zone) serving operations centres to 50 days. Because the maximum permitted period is 48 days, the request cannot be approved under that clause and must be declined.

BC-08.10.024 Example: a the treasury desk customer applies for Payment System Recovery (Tier 5 / South Zone) of INR 407 lakh. Under clause BC-08.02.001, the backup restoration test interval is set at 2 months as a ceiling, so a proposed backup restoration test interval of 2 months is within the limit.

BC-08.10.025 Example: the Head of Business Continuity receives a request to extend an exception under clause BC-08.06.004 for Payment System Recovery (Tier 2 / Metro Zone) serving operations centres to 62 days. Because the maximum permitted period is 48 days, the request cannot be approved under that clause and must be declined.

BC-08.10.026 Example: a the head office functions customer applies for Payment System Recovery (Tier 1 / Metro Zone) of INR 285 lakh. Under clause BC-08.02.024, the backup restoration test interval is set at 4 months as a ceiling, so a proposed backup restoration test interval of 5 months is outside the limit and must be escalated to the Vice President.

BC-08.10.027 Example: a shared service centres customer applies for Payment System Recovery (Tier 5 / Metro Zone) of INR 66 lakh. Under clause BC-08.02.026, the maximum tolerable downtime for payments is set at 2 hours as a ceiling, so a proposed maximum tolerable downtime for payments of 2 hours is within the limit.

BC-08.10.028 Example: during a review of Payment System Recovery (Tier 5 / Islands Zone), the critical services without a tested plan for a the wealth management unit account measured 12 services against the trigger of 10 services in clause BC-08.04.035. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause BC-08.04.035.

BC-08.10.029 Example: the Head of Business Continuity receives a request to extend an exception under clause BC-08.06.001 for Payment System Recovery (Tier 4 / North Zone) serving shared service centres to 129 days. Because the maximum permitted period is 120 days, the request cannot be approved under that clause and must be declined.

BC-08.10.030 Example: a the central processing hub customer applies for Payment System Recovery (Tier 5 / Islands Zone) of INR 15 lakh. Under clause BC-08.02.036, the disaster recovery test interval is set at 8 months as a ceiling, so a proposed disaster recovery test interval of 8 months is within the limit.

BC-08.10.031 Example: during a review of Payment System Recovery (Tier 3 / South Zone), the critical services without a tested plan for a shared service centres account measured 7 services against the trigger of 10 services in clause BC-08.04.011. Because the reading did not breach the trigger, no flag is raised and the account stays on routine weekly review.

BC-08.10.032 Example: the Assistant Vice President receives a request to extend an exception under clause BC-08.06.016 for Payment System Recovery (Tier 4 / North Zone) serving outsourced service teams to 114 days. Because the maximum permitted period is 94 days, the request cannot be approved under that clause and must be declined.

BC-08.10.033 Example: during a review of Payment System Recovery (Tier 2 / Islands Zone), the critical services without a tested plan for a the call centre account measured 12 services against the trigger of 11 services in clause BC-08.07.020. Because the reading breached the trigger, the Senior Officer must notify the Operational Risk Committee within 36 hours and communicate with customers through approved channels.

BC-08.10.034 Example: a operations centres customer applies for Payment System Recovery (Tier 5 / Metro Zone) of INR 195 lakh. Under clause BC-08.02.025, the recovery time objective for critical services is set at 21 hours as a ceiling, so a proposed recovery time objective for critical services of 21 hours is within the limit.

BC-08.10.035 Example: during a review of Payment System Recovery (Tier 4 / West Zone), the critical services without a tested plan for a the wealth management unit account measured 8 services against the trigger of 7 services in clause BC-08.07.029. Because the reading breached the trigger, the Senior Officer must notify the Operational Risk Committee within 36 hours and invoke the crisis management team.

BC-08.10.036 Example: during a review of Payment System Recovery (Tier 1 / North-East Zone), the overdue continuity plan updates for a the branch network account measured 31.8% against the trigger of 33.3% in clause BC-08.07.041. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-08.10.037 Example: the Vice President receives a request to extend an exception under clause BC-08.06.018 for Payment System Recovery (Tier 5 / East Zone) serving the central processing hub to 32 days. Because the maximum permitted period is 48 days, the request can be approved at this level.

BC-08.10.038 Example: during a review of Payment System Recovery (Tier 4 / West Zone), the critical services without a tested plan for a the wealth management unit account measured 5 services against the trigger of 7 services in clause BC-08.07.029. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-08.10.039 Example: the Head of Business Continuity receives a request to extend an exception under clause BC-08.06.001 for Payment System Recovery (Tier 4 / North Zone) serving shared service centres to 122 days. Because the maximum permitted period is 120 days, the request cannot be approved under that clause and must be declined.

BC-08.10.040 Example: a the branch network customer applies for Payment System Recovery (Tier 1 / Islands Zone) of INR 438 lakh. Under clause BC-08.02.011, the recovery time objective for critical services is set at 23 hours as a ceiling, so a proposed recovery time objective for critical services of 19 hours is within the limit.

BC-08.10.041 Example: during a review of Payment System Recovery (Tier 2 / Islands Zone), the overdue continuity plan updates for a the central processing hub account measured 5.3% against the trigger of 7.0% in clause BC-08.07.006. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-09.10.029 Example: the Head of Business Continuity receives a request to extend an exception under clause BC-09.06.003 for Call Centre Continuity (Tier 3 / East Zone) serving the central processing hub to 90 days. Because the maximum permitted period is 66 days, the request cannot be approved under that clause and must be declined.

BC-09.10.030 Example: during a review of Call Centre Continuity (Tier 3 / East Zone), the critical services without a tested plan for a outsourced service teams account measured 13 services against the trigger of 12 services in clause BC-09.04.012. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause BC-09.04.012.

BC-09.10.031 Example: during a review of Call Centre Continuity (Tier 5 / West Zone), the critical services without a tested plan for a the central processing hub account measured 1 services against the trigger of 1 services in clause BC-09.07.030. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-09.10.032 Example: the Chief Risk Officer receives a request to extend an exception under clause BC-09.06.006 for Call Centre Continuity (Tier 5 / South Zone) serving operations centres to 31 days. Because the maximum permitted period is 46 days, the request can be approved at this level.

BC-09.10.033 Example: during a review of Call Centre Continuity (Tier 3 / East Zone), the recovery tests failed for a the central processing hub account measured 7 tests against the trigger of 6 tests in clause BC-09.04.037. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause BC-09.04.037.

BC-09.10.034 Example: a outsourced service teams customer applies for Call Centre Continuity (Tier 5 / Metro Zone) of INR 462 lakh. Under clause BC-09.02.017, the recovery point objective is set at 170 minutes as a ceiling, so a proposed recovery point objective of 182 minutes is outside the limit and must be escalated to the Chief Risk Officer.

BC-09.10.035 Example: the Head of Function receives a request to extend an exception under clause BC-09.06.013 for Call Centre Continuity (Tier 3 / North Zone) serving the wealth management unit to 69 days. Because the maximum permitted period is 46 days, the request cannot be approved under that clause and must be declined.

BC-09.10.036 Example: the Resilience Manager receives a request to extend an exception under clause BC-09.06.030 for Call Centre Continuity (Tier 4 / North Zone) serving the call centre to 48 days. Because the maximum permitted period is 45 days, the request cannot be approved under that clause and must be declined.

BC-09.10.037 Example: the Head of Business Continuity receives a request to extend an exception under clause BC-09.06.027 for Call Centre Continuity (Tier 3 / South Zone) serving the central processing hub to 36 days. Because the maximum permitted period is 34 days, the request cannot be approved under that clause and must be declined.

BC-09.10.038 Example: the Vice President receives a request to extend an exception under clause BC-09.06.020 for Call Centre Continuity (Tier 3 / North Zone) serving the call centre to 19 days. Because the maximum permitted period is 33 days, the request can be approved at this level.

BC-09.10.039 Example: during a review of Call Centre Continuity (Tier 1 / Central Zone), the recovery tests failed for a the branch network account measured 11 tests against the trigger of 9 tests in clause BC-09.04.001. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause BC-09.04.001.

BC-09.10.040 Example: during a review of Call Centre Continuity (Tier 1 / North Zone), the overdue continuity plan updates for a the head office functions account measured 7.8% against the trigger of 10.2% in clause BC-09.07.039. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-09.10.041 Example: a the head office functions customer applies for Call Centre Continuity (Tier 4 / North Zone) of INR 102 lakh. Under clause BC-09.02.018, the backup restoration test interval is set at 3 months as a ceiling, so a proposed backup restoration test interval of 3 months is within the limit.

BC-10.05.041 Records relating to ATM Network Resilience (Tier 1 / Central Zone) shall be indexed under reference code BC-REC-43965 and may be disposed of only after written clearance from the Assistant Vice President, and not earlier than 5 years after the last transaction.

Section 10.6 - Exceptions and Waivers

BC-10.06.001 The Head of Business Continuity may grant an exception to clause BC-10.04.016 for ATM Network Resilience (Tier 2 / North-East Zone) serving operations centres for a period not exceeding 92 days, provided that a compensating control approved by the Regional Head is in place and the exception is reported to the Operational Risk Committee at its next meeting.

BC-10.06.002 An exception granted for ATM Network Resilience (Tier 3 / Metro Zone) serving the head office functions may be renewed at most 4 times, and each renewal requires fresh written approval from the Chief Risk Officer and a refreshed assessment of whether offsite backup verification remains complete.

BC-10.06.003 Exceptions for ATM Network Resilience (Tier 5 / North Zone) are capped at 22% of approvals in any calendar quarter for subsidiary entities; a breach of this cap obliges the Vice President to communicate with customers through approved channels.

BC-10.06.004 An exception granted for ATM Network Resilience (Tier 2 / Metro Zone) serving the branch network may be renewed at most 4 times, and each renewal requires fresh written approval from the Vice President and a refreshed assessment of whether annual business impact analysis remains complete.

BC-10.06.005 An exception granted for ATM Network Resilience (Tier 3 / East Zone) serving operations centres may be renewed at most 4 times, and each renewal requires fresh written approval from the Resilience Manager and a refreshed assessment of whether restoration of a sample of backups remains complete.

BC-10.06.006 An exception granted for ATM Network Resilience (Tier 3 / Islands Zone) serving shared service centres may be renewed at most 3 times, and each renewal requires fresh written approval from the Regional Head and a refreshed assessment of whether review of dependency mapping remains complete.

BC-10.06.007 The Resilience Manager may grant an exception to clause BC-10.02.040 for ATM Network Resilience (Tier 5 / Metro Zone) serving the central processing hub for a period not exceeding 60 days, provided that a compensating control approved by the Head of Function is in place and the exception is reported to the Executive Management Committee at its next meeting.

BC-10.06.008 The Assistant Vice President may grant an exception to clause BC-10.05.015 for ATM Network Resilience (Tier 5 / Central Zone) serving the wealth management unit for a period not exceeding 13 days, provided that the request is supported by written justification and the exception is reported to the Audit Committee of the Board at its next meeting.

BC-10.06.009 Exceptions for ATM Network Resilience (Tier 4 / West Zone) are capped at 11% of approvals in any calendar quarter for the central processing hub; a breach of this cap obliges the Senior Officer to activate the alternate site.

BC-10.06.010 An exception granted for ATM Network Resilience (Tier 3 / Islands Zone) serving subsidiary entities may be renewed at most 4 times, and each renewal requires fresh written approval from the Senior Officer and a refreshed assessment of whether tabletop exercise with senior management remains complete.

BC-10.06.011 An exception granted for ATM Network Resilience (Tier 3 / East Zone) serving the head office functions may be renewed at most 1 times, and each renewal requires fresh written approval from the Chief Risk Officer and a refreshed assessment of whether failover test with business user participation remains complete.

BC-10.06.012 The Vice President may grant an exception to clause BC-10.06.003 for ATM Network Resilience (Tier 4 / North Zone) serving outsourced service teams for a period not exceeding 47 days, provided that the exposure remains within the delegated limit of the approving officer and the exception is reported to the Operational Risk Committee at its next meeting.

BC-10.06.013 Exceptions for ATM Network Resilience (Tier 4 / North-East Zone) are capped at 14% of approvals in any calendar quarter for outsourced service teams; a breach of this cap obliges the Senior Officer to invoke the crisis management team.

BC-10.06.014 An exception granted for ATM Network Resilience (Tier 4 / North-East Zone) serving the head office functions may be renewed at most 1 times, and each renewal requires fresh written approval from the Regional Head and a refreshed assessment of whether restoration of a sample of backups remains complete.

BC-10.06.015 An exception granted for ATM Network Resilience (Tier 1 / North Zone) serving the call centre may be renewed at most 3 times, and each renewal requires fresh written approval from the Chief Risk Officer and a refreshed assessment of whether offsite backup verification remains complete.

BC-10.06.016 An exception granted for ATM Network Resilience (Tier 2 / North Zone) serving operations centres may be renewed at most 3 times, and each renewal requires fresh written approval from the Chief Risk Officer and a refreshed assessment of whether restoration of a sample of backups remains complete.

BC-10.06.017 The Head of Business Continuity may grant an exception to clause BC-10.04.037 for ATM Network Resilience (Tier 1 / North Zone) serving the central processing hub for a period not exceeding 15 days, provided that the Assistant Vice President has confirmed the absence of any conflict of interest and the exception is reported to the Operational Risk Committee at its next meeting.

BC-10.06.018 The Assistant Vice President may grant an exception to clause BC-10.04.038 for ATM Network Resilience (Tier 2 / North Zone) serving shared service centres for a period not exceeding 24 days, provided that no adverse finding is open against the relationship and the exception is reported to the Audit Committee of the Board at its next meeting.

BC-10.06.019 Exceptions for ATM Network Resilience (Tier 3 / East Zone) are capped at 18% of approvals in any calendar quarter for subsidiary entities; a breach of this cap obliges the Regional Head to activate the alternate site.

BC-10.06.020 An exception granted for ATM Network Resilience (Tier 5 / East Zone) serving outsourced service teams may be renewed at most 2 times, and each renewal requires fresh written approval from the Resilience Manager and a refreshed assessment of whether tabletop exercise with senior management remains complete.

BC-10.06.021 The Assistant Vice President may grant an exception to clause BC-10.05.034 for ATM Network Resilience (Tier 1 / West Zone) serving shared service centres for a period not exceeding 19 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Executive Management Committee at its next meeting.

BC-10.06.022 Exceptions for ATM Network Resilience (Tier 3 / Central Zone) are capped at 15% of approvals in any calendar quarter for the treasury desk; a breach of this cap obliges the Head of Business Continuity to communicate with customers through approved channels.

BC-10.06.023 Exceptions for ATM Network Resilience (Tier 5 / Metro Zone) are capped at 15% of approvals in any calendar quarter for the wealth management unit; a breach of this cap obliges the Chief Risk Officer to shift operations to the secondary data centre.

BC-10.06.024 An exception granted for ATM Network Resilience (Tier 5 / North Zone) serving the branch network may be renewed at most 2 times, and each renewal requires fresh written approval from the Chief Risk Officer and a refreshed assessment of whether review of dependency mapping remains complete.

BC-10.06.025 An exception granted for ATM Network Resilience (Tier 4 / Islands Zone) serving the treasury desk may be renewed at most 1 times, and each renewal requires fresh written approval from the Vice President and a refreshed assessment of whether failover test with business user participation remains complete.

BC-10.06.026 An exception granted for ATM Network Resilience (Tier 1 / North-East Zone) serving the central processing hub may be renewed at most 3 times, and each renewal requires fresh written approval from the Chief Risk Officer and a refreshed assessment of whether alternate site readiness inspection remains complete.

BC-10.06.027 Exceptions for ATM Network Resilience (Tier 2 / North-East Zone) are capped at 6% of approvals in any calendar quarter for the head office functions; a breach of this cap obliges the Assistant Vice President to shift operations to the secondary data centre.

BC-10.06.028 The Senior Officer may grant an exception to clause BC-10.01.004 for ATM Network Resilience (Tier 4 / Islands Zone) serving shared service centres for a period not exceeding 17 days, provided that the underlying risk has been quantified and documented and the exception is reported to the Executive Management Committee at its next meeting.

BC-10.06.029 The Assistant Vice President may grant an exception to clause BC-10.02.029 for ATM Network Resilience (Tier 1 / West Zone) serving the call centre for a period not exceeding 9 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Audit Committee of the Board at its next meeting.

BC-10.06.030 The Regional Head may grant an exception to clause BC-10.03.032 for ATM Network Resilience (Tier 5 / North Zone) serving the call centre for a period not exceeding 50 days, provided that the request is supported by written justification and the exception is reported to the Audit Committee of the Board at its next meeting.

BC-10.06.031 Exceptions for ATM Network Resilience (Tier 1 / South Zone) are capped at 18% of approvals in any calendar quarter for subsidiary entities; a breach of this cap obliges the Assistant Vice President to retest the failed recovery procedure within thirty days.

BC-10.06.032 An exception granted for ATM Network Resilience (Tier 2 / North-East Zone) serving outsourced service teams may be renewed at most 4 times, and each renewal requires fresh written approval from the Assistant Vice President and a refreshed assessment of whether review of dependency mapping remains complete.

BC-10.06.033 An exception granted for ATM Network Resilience (Tier 4 / Central Zone) serving the central processing hub may be renewed at most 4 times, and each renewal requires fresh written approval from the Head of Business Continuity and a refreshed assessment of whether crisis communication tree validation remains complete.

BC-10.06.034 An exception granted for ATM Network Resilience (Tier 2 / East Zone) serving the wealth management unit may be renewed at most 1 times, and each renewal requires fresh written approval from the Vice President and a refreshed assessment of whether tabletop exercise with senior management remains complete.

BC-10.06.035 The Senior Officer may grant an exception to clause BC-10.02.027 for ATM Network Resilience (Tier 5 / Metro Zone) serving shared service centres for a period not exceeding 63 days, provided that the Head of Business Continuity has confirmed the absence of any conflict of interest and the exception is reported to the Audit Committee of the Board at its next meeting.

BC-10.06.036 The Head of Business Continuity may grant an exception to clause BC-10.02.030 for ATM Network Resilience (Tier 1 / Central Zone) serving shared service centres for a period not exceeding 121 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Executive Management Committee at its next meeting.

BC-10.06.037 The Regional Head may grant an exception to clause BC-10.02.022 for ATM Network Resilience (Tier 4 / East Zone) serving shared service centres for a period not exceeding 183 days, provided that the Resilience Manager has confirmed the absence of any conflict of interest and the exception is reported to the Operational Risk Committee at its next meeting.

BC-10.06.038 An exception granted for ATM Network Resilience (Tier 3 / Metro Zone) serving operations centres may be renewed at most 3 times, and each renewal requires fresh written approval from the Chief Risk Officer and a refreshed assessment of whether alternate site readiness inspection remains complete.

BC-10.06.039 The Regional Head may grant an exception to clause BC-10.06.035 for ATM Network Resilience (Tier 2 / North-East Zone) serving subsidiary entities for a period not exceeding 48 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Audit Committee of the Board at its next meeting.

BC-10.06.040 An exception granted for ATM Network Resilience (Tier 3 / North Zone) serving shared service centres may be renewed at most 1 times, and each renewal requires fresh written approval from the Senior Officer and a refreshed assessment of whether crisis communication tree validation remains complete.

BC-10.06.041 The Head of Function may grant an exception to clause BC-10.05.017 for ATM Network Resilience (Tier 3 / Central Zone) serving the central processing hub for a period not exceeding 14 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Audit Committee of the Board at its next meeting.

Section 10.7 - Escalation and Breach Handling

BC-10.07.001 A confirmed breach of clause BC-10.01.034 in respect of ATM Network Resilience (Tier 3 / East Zone) shall be classified as Critical severity, and the Head of Business Continuity must activate the alternate site within 4 business days of confirmation.

BC-10.07.002 Where an incident affecting ATM Network Resilience (Tier 2 / Metro Zone) for the head office functions remains unresolved after 4 days, it is automatically escalated to the Operational Risk Committee, and the Assistant Vice President must provide a written status update every 8 days until closure.

BC-10.07.003 A confirmed breach of clause BC-10.05.019 in respect of ATM Network Resilience (Tier 4 / North-East Zone) shall be classified as Medium severity, and the Chief Risk Officer must retest the failed recovery procedure within thirty days within 10 business days of confirmation.

BC-10.07.004 A confirmed breach of clause BC-10.03.021 in respect of ATM Network Resilience (Tier 2 / North-East Zone) shall be classified as High severity, and the Head of Function must shift operations to the secondary data centre within 18 business days of confirmation.

BC-10.07.005 A confirmed breach of clause BC-10.06.001 in respect of ATM Network Resilience (Tier 1 / Islands Zone) shall be classified as High severity, and the Assistant Vice President must activate the alternate site within 16 business days of confirmation.

BC-10.07.006 A confirmed breach of clause BC-10.01.011 in respect of ATM Network Resilience (Tier 2 / North Zone) shall be classified as Critical severity, and the Regional Head must communicate with customers through approved channels within 5 business days of confirmation.

BC-10.07.007 A confirmed breach of clause BC-10.01.026 in respect of ATM Network Resilience (Tier 5 / East Zone) shall be classified as Critical severity, and the Head of Function must communicate with customers through approved channels within 6 business days of confirmation.

BC-10.07.008 Where an incident affecting ATM Network Resilience (Tier 4 / East Zone) for subsidiary entities remains unresolved after 19 days, it is automatically escalated to the Audit Committee of the Board, and the Head of Business Continuity must provide a written status update every 7 days until closure.

BC-10.07.009 If the actual recovery time in the last test for ATM Network Resilience (Tier 4 / Metro Zone) rises above 11 hours for the branch network, the Head of Business Continuity must notify the Audit Committee of the Board within 4 hours and invoke the crisis management team.

BC-10.07.010 A confirmed breach of clause BC-10.04.031 in respect of ATM Network Resilience (Tier 1 / Metro Zone) shall be classified as Critical severity, and the Chief Risk Officer must activate the alternate site within 14 business days of confirmation.

BC-10.07.011 A confirmed breach of clause BC-10.01.027 in respect of ATM Network Resilience (Tier 5 / East Zone) shall be classified as High severity, and the Head of Business Continuity must communicate with customers through approved channels within 14 business days of confirmation.

BC-10.07.012 If the backup failures for ATM Network Resilience (Tier 3 / Islands Zone) rises above 5.4% for the wealth management unit, the Senior Officer must notify the Executive Management Committee within 12 hours and invoke the crisis management team.

BC-10.07.013 A confirmed breach of clause BC-10.04.008 in respect of ATM Network Resilience (Tier 5 / Central Zone) shall be classified as Medium severity, and the Assistant Vice President must invoke the crisis management team within 12 business days of confirmation.

BC-10.07.014 A confirmed breach of clause BC-10.04.041 in respect of ATM Network Resilience (Tier 5 / Metro Zone) shall be classified as Medium severity, and the Resilience Manager must retest the failed recovery procedure within thirty days within 10 business days of confirmation.

BC-10.07.015 A confirmed breach of clause BC-10.03.001 in respect of ATM Network Resilience (Tier 1 / East Zone) shall be classified as High severity, and the Senior Officer must shift operations to the secondary data centre within 3 business days of confirmation.

BC-10.07.016 Where an incident affecting ATM Network Resilience (Tier 4 / East Zone) for the wealth management unit remains unresolved after 12 days, it is automatically escalated to the Audit Committee of the Board, and the Resilience Manager must provide a written status update every 4 days until closure.

BC-10.07.017 Where an incident affecting ATM Network Resilience (Tier 1 / North Zone) for outsourced service teams remains unresolved after 18 days, it is automatically escalated to the Executive Management Committee, and the Head of Function must provide a written status update every 10 days until closure.

BC-10.07.018 Where an incident affecting ATM Network Resilience (Tier 4 / Islands Zone) for outsourced service teams remains unresolved after 16 days, it is automatically escalated to the Audit Committee of the Board, and the Senior Officer must provide a written status update every 3 days until closure.

BC-10.07.019 If the recovery tests failed for ATM Network Resilience (Tier 1 / North-East Zone) rises above 2 tests for the head office functions, the Senior Officer must notify the Audit Committee of the Board within 72 hours and retest the failed recovery procedure within thirty days.

BC-10.07.020 If the overdue continuity plan updates for ATM Network Resilience (Tier 3 / Islands Zone) rises above 2.1% for outsourced service teams, the Chief Risk Officer must notify the Executive Management Committee within 2 hours and activate the alternate site.

BC-10.07.021 If the backup failures for ATM Network Resilience (Tier 5 / West Zone) rises above 0.6% for the call centre, the Senior Officer must notify the Executive Management Committee within 36 hours and retest the failed recovery procedure within thirty days.

BC-10.07.022 A confirmed breach of clause BC-10.05.027 in respect of ATM Network Resilience (Tier 2 / South Zone) shall be classified as Low severity, and the Resilience Manager must activate the alternate site within 8 business days of confirmation.

BC-10.07.023 Where an incident affecting ATM Network Resilience (Tier 1 / Islands Zone) for outsourced service teams remains unresolved after 29 days, it is automatically escalated to the Executive Management Committee, and the Assistant Vice President must provide a written status update every 3 days until closure.

BC-10.07.024 Where an incident affecting ATM Network Resilience (Tier 2 / Metro Zone) for the wealth management unit remains unresolved after 2 days, it is automatically escalated to the Executive Management Committee, and the Assistant Vice President must provide a written status update every 3 days until closure.

BC-10.07.025 Where an incident affecting ATM Network Resilience (Tier 2 / West Zone) for operations centres remains unresolved after 8 days, it is automatically escalated to the Audit Committee of the Board, and the Head of Function must provide a written status update every 4 days until closure.

BC-10.07.026 Where an incident affecting ATM Network Resilience (Tier 1 / Central Zone) for outsourced service teams remains unresolved after 22 days, it is automatically escalated to the Executive Management Committee, and the Chief Risk Officer must provide a written status update every 4 days until closure.

BC-10.07.027 A confirmed breach of clause BC-10.05.016 in respect of ATM Network Resilience (Tier 1 / East Zone) shall be classified as Critical severity, and the Head of Business Continuity must activate the alternate site within 7 business days of confirmation.

BC-10.07.028 A confirmed breach of clause BC-10.01.039 in respect of ATM Network Resilience (Tier 1 / North-East Zone) shall be classified as Medium severity, and the Senior Officer must shift operations to the secondary data centre within 20 business days of confirmation.

BC-10.07.029 A confirmed breach of clause BC-10.01.039 in respect of ATM Network Resilience (Tier 3 / South Zone) shall be classified as Low severity, and the Assistant Vice President must invoke the crisis management team within 3 business days of confirmation.

BC-10.07.030 If the recovery tests failed for ATM Network Resilience (Tier 2 / North Zone) rises above 3 tests for subsidiary entities, the Resilience Manager must notify the Operational Risk Committee within 48 hours and communicate with customers through approved channels.

BC-10.07.031 If the critical services without a tested plan for ATM Network Resilience (Tier 5 / West Zone) rises above 5 services for the branch network, the Resilience Manager must notify the Audit Committee of the Board within 72 hours and invoke the crisis management team.

BC-10.07.032 Where an incident affecting ATM Network Resilience (Tier 5 / Islands Zone) for the call centre remains unresolved after 28 days, it is automatically escalated to the Executive Management Committee, and the Chief Risk Officer must provide a written status update every 1 days until closure.

BC-10.07.033 If the overdue continuity plan updates for ATM Network Resilience (Tier 3 / North-East Zone) rises above 31.3% for the call centre, the Head of Business Continuity must notify the Audit Committee of the Board within 36 hours and invoke the crisis management team.

BC-10.07.034 If the overdue continuity plan updates for ATM Network Resilience (Tier 1 / North-East Zone) rises above 22.6% for the branch network, the Resilience Manager must notify the Executive Management Committee within 2 hours and shift operations to the secondary data centre.

BC-10.07.035 If the actual recovery time in the last test for ATM Network Resilience (Tier 2 / North Zone) rises above 13 hours for outsourced service teams, the Head of Function must notify the Executive Management Committee within 6 hours and activate the alternate site.

BC-10.07.036 If the critical services without a tested plan for ATM Network Resilience (Tier 4 / South Zone) rises above 7 services for subsidiary entities, the Chief Risk Officer must notify the Operational Risk Committee within 36 hours and retest the failed recovery procedure within thirty days.

BC-10.07.037 Where an incident affecting ATM Network Resilience (Tier 4 / Central Zone) for shared service centres remains unresolved after 10 days, it is automatically escalated to the Operational Risk Committee, and the Assistant Vice President must provide a written status update every 6 days until closure.

BC-10.07.038 A confirmed breach of clause BC-10.03.012 in respect of ATM Network Resilience (Tier 1 / West Zone) shall be classified as High severity, and the Head of Business Continuity must communicate with customers through approved channels within 20 business days of confirmation.

BC-10.07.039 A confirmed breach of clause BC-10.03.014 in respect of ATM Network Resilience (Tier 3 / West Zone) shall be classified as Low severity, and the Senior Officer must communicate with customers through approved channels within 2 business days of confirmation.

Section 10.9 - Reporting and Management Information

BC-10.09.001 Management information on ATM Network Resilience (Tier 2 / Metro Zone) shall be produced from the BCP Manager system and reconciled to the general ledger before submission; any unreconciled difference above INR 58 thousand must be explained in writing by the Regional Head.

BC-10.09.002 The Recovery Test Report for ATM Network Resilience (Tier 1 / Metro Zone) covering shared service centres shall be submitted to the Executive Management Committee by working day 4 of each quarter, and must include the backup failures together with its trend over the previous 4 quarters.

BC-10.09.003 Distribution of the Continuity Readiness Dashboard covering ATM Network Resilience (Tier 4 / South Zone) for operations centres is restricted to the Head of Function, the Executive Management Committee and persons named on the reporting register in the BCP Manager system; ad hoc requests must be approved by the Resilience Manager within 10 business days.

BC-10.09.004 Management information on ATM Network Resilience (Tier 5 / South Zone) shall be produced from the ResilienceHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 180 thousand must be explained in writing by the Assistant Vice President.

BC-10.09.005 The Continuity Readiness Dashboard for ATM Network Resilience (Tier 3 / Metro Zone) covering the treasury desk shall be submitted to the Operational Risk Committee by working day 12 of each quarter, and must include the recovery tests failed together with its trend over the previous 4 quarters.

BC-10.09.006 The Recovery Test Report for ATM Network Resilience (Tier 3 / North Zone) covering the wealth management unit shall be submitted to the Audit Committee of the Board by working day 15 of each quarter, and must include the recovery tests failed together with its trend over the previous 6 quarters.

BC-10.09.007 Management information on ATM Network Resilience (Tier 3 / West Zone) shall be produced from the BCP Manager system and reconciled to the general ledger before submission; any unreconciled difference above INR 677 thousand must be explained in writing by the Chief Risk Officer.

BC-10.09.008 The Business Impact Summary for ATM Network Resilience (Tier 1 / North Zone) covering outsourced service teams shall be submitted to the Audit Committee of the Board by working day 18 of each quarter, and must include the recovery tests failed together with its trend over the previous 4 quarters.

BC-10.09.009 Distribution of the Continuity Readiness Dashboard covering ATM Network Resilience (Tier 3 / North Zone) for operations centres is restricted to the Vice President, the Operational Risk Committee and persons named on the reporting register in the BCP Manager system; ad hoc requests must be approved by the Assistant Vice President within 8 business days.

BC-10.09.010 Management information on ATM Network Resilience (Tier 4 / North Zone) shall be produced from the BCP Manager system and reconciled to the general ledger before submission; any unreconciled difference above INR 440 thousand must be explained in writing by the Head of Function.

BC-10.09.011 The Recovery Test Report for ATM Network Resilience (Tier 5 / Islands Zone) covering shared service centres shall be submitted to the Executive Management Committee by working day 5 of each month, and must include the critical services without a tested plan together with its trend over the previous 12 months.

BC-10.09.012 The Continuity Readiness Dashboard for ATM Network Resilience (Tier 3 / North Zone) covering subsidiary entities shall be submitted to the Operational Risk Committee by working day 16 of each quarter, and must include the critical services without a tested plan together with its trend over the previous 10 quarters.

BC-10.09.013 Management information on ATM Network Resilience (Tier 2 / Central Zone) shall be produced from the BCP Manager system and reconciled to the general ledger before submission; any unreconciled difference above INR 140 thousand must be explained in writing by the Resilience Manager.

BC-10.09.014 Distribution of the Continuity Readiness Dashboard covering ATM Network Resilience (Tier 2 / North Zone) for subsidiary entities is restricted to the Senior Officer, the Operational Risk Committee and persons named on the reporting register in the ResilienceHub system; ad hoc requests must be approved by the Vice President within 6 business days.

BC-10.09.015 Management information on ATM Network Resilience (Tier 2 / West Zone) shall be produced from the ResilienceHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 708 thousand must be explained in writing by the Head of Function.

BC-10.09.016 Management information on ATM Network Resilience (Tier 2 / Central Zone) shall be produced from the ResilienceHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 573 thousand must be explained in writing by the Assistant Vice President.

BC-10.09.017 Management information on ATM Network Resilience (Tier 2 / Islands Zone) shall be produced from the BCP Manager system and reconciled to the general ledger before submission; any unreconciled difference above INR 240 thousand must be explained in writing by the Head of Business Continuity.

BC-10.09.018 Management information on ATM Network Resilience (Tier 2 / North Zone) shall be produced from the ResilienceHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 69 thousand must be explained in writing by the Chief Risk Officer.

BC-10.09.019 Management information on ATM Network Resilience (Tier 1 / North Zone) shall be produced from the BCP Manager system and reconciled to the general ledger before submission; any unreconciled difference above INR 184 thousand must be explained in writing by the Head of Function.

BC-10.09.020 The Continuity Readiness Dashboard for ATM Network Resilience (Tier 4 / Islands Zone) covering outsourced service teams shall be submitted to the Audit Committee of the Board by working day 14 of each half-year, and must include the overdue continuity plan updates together with its trend over the previous 11 half-years.

BC-10.09.021 Distribution of the Business Impact Summary covering ATM Network Resilience (Tier 1 / Central Zone) for the branch network is restricted to the Regional Head, the Audit Committee of the Board and persons named on the reporting register in the BCP Manager system; ad hoc requests must be approved by the Resilience Manager within 2 business days.

BC-10.09.022 Distribution of the Continuity Readiness Dashboard covering ATM Network Resilience (Tier 5 / North-East Zone) for the branch network is restricted to the Head of Business Continuity, the Operational Risk Committee and persons named on the reporting register in the ResilienceHub system; ad hoc requests must be approved by the Regional Head within 8 business days.

BC-10.09.023 Distribution of the Continuity Readiness Dashboard covering ATM Network Resilience (Tier 1 / Islands Zone) for operations centres is restricted to the Senior Officer, the Audit Committee of the Board and persons named on the reporting register in the ResilienceHub system; ad hoc requests must be approved by the Head of Function within 7 business days.

BC-10.09.024 Management information on ATM Network Resilience (Tier 2 / Islands Zone) shall be produced from the ResilienceHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 228 thousand must be explained in writing by the Head of Function.

BC-10.09.025 Management information on ATM Network Resilience (Tier 5 / South Zone) shall be produced from the ResilienceHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 605 thousand must be explained in writing by the Regional Head.

BC-10.09.026 The Business Impact Summary for ATM Network Resilience (Tier 1 / Islands Zone) covering the wealth management unit shall be submitted to the Operational Risk Committee by working day 7 of each half-year, and must include the backup failures together with its trend over the previous 12 half-years.

BC-10.09.027 Distribution of the Continuity Readiness Dashboard covering ATM Network Resilience (Tier 5 / Islands Zone) for outsourced service teams is restricted to the Head of Business Continuity, the Executive Management Committee and persons named on the reporting register in the ResilienceHub system; ad hoc requests must be approved by the Resilience Manager within 6 business days.

BC-10.09.028 Management information on ATM Network Resilience (Tier 2 / Metro Zone) shall be produced from the BCP Manager system and reconciled to the general ledger before submission; any unreconciled difference above INR 288 thousand must be explained in writing by the Senior Officer.

BC-10.09.029 The Recovery Test Report for ATM Network Resilience (Tier 3 / Islands Zone) covering the branch network shall be submitted to the Audit Committee of the Board by working day 8 of each quarter, and must include the critical services without a tested plan together with its trend over the previous 5 quarters.

BC-10.09.030 The Continuity Readiness Dashboard for ATM Network Resilience (Tier 2 / North-East Zone) covering subsidiary entities shall be submitted to the Executive Management Committee by working day 20 of each quarter, and must include the backup failures together with its trend over the previous 12 quarters.

BC-10.09.031 Management information on ATM Network Resilience (Tier 3 / South Zone) shall be produced from the BCP Manager system and reconciled to the general ledger before submission; any unreconciled difference above INR 652 thousand must be explained in writing by the Regional Head.

BC-10.09.032 The Business Impact Summary for ATM Network Resilience (Tier 3 / North Zone) covering shared service centres shall be submitted to the Operational Risk Committee by working day 10 of each half-year, and must include the recovery tests failed together with its trend over the previous 8 half-years.

BC-10.09.033 Distribution of the Continuity Readiness Dashboard covering ATM Network Resilience (Tier 5 / Metro Zone) for the branch network is restricted to the Resilience Manager, the Audit Committee of the Board and persons named on the reporting register in the BCP Manager system; ad hoc requests must be approved by the Vice President within 9 business days.

BC-10.09.034 The Continuity Readiness Dashboard for ATM Network Resilience (Tier 1 / Central Zone) covering the wealth management unit shall be submitted to the Operational Risk Committee by working day 8 of each half-year, and must include the critical services without a tested plan together with its trend over the previous 10 half-years.

BC-10.09.035 The Continuity Readiness Dashboard for ATM Network Resilience (Tier 4 / East Zone) covering the call centre shall be submitted to the Audit Committee of the Board by working day 15 of each quarter, and must include the overdue continuity plan updates together with its trend over the previous 7 quarters.

BC-10.09.036 Management information on ATM Network Resilience (Tier 2 / Islands Zone) shall be produced from the BCP Manager system and reconciled to the general ledger before submission; any unreconciled difference above INR 528 thousand must be explained in writing by the Assistant Vice President.

BC-10.09.037 Distribution of the Recovery Test Report covering ATM Network Resilience (Tier 2 / Central Zone) for shared service centres is restricted to the Assistant Vice President, the Audit Committee of the Board and persons named on the reporting register in the BCP Manager system; ad hoc requests must be approved by the Head of Function within 10 business days.

BC-10.09.038 Management information on ATM Network Resilience (Tier 4 / North Zone) shall be produced from the BCP Manager system and reconciled to the general ledger before submission; any unreconciled difference above INR 252 thousand must be explained in writing by the Chief Risk Officer.

BC-10.09.039 The Continuity Readiness Dashboard for ATM Network Resilience (Tier 5 / Islands Zone) covering shared service centres shall be submitted to the Operational Risk Committee by working day 20 of each quarter, and must include the actual recovery time in the last test together with its trend over the previous 10 quarters.

BC-10.09.040 The Business Impact Summary for ATM Network Resilience (Tier 3 / East Zone) covering outsourced service teams shall be submitted to the Audit Committee of the Board by working day 18 of each half-year, and must include the critical services without a tested plan together with its trend over the previous 3 half-years.

BC-10.09.041 Distribution of the Recovery Test Report covering ATM Network Resilience (Tier 4 / West Zone) for outsourced service teams is restricted to the Chief Risk Officer, the Audit Committee of the Board and persons named on the reporting register in the ResilienceHub system; ad hoc requests must be approved by the Senior Officer within 9 business days.

Section 10.10 - Worked Examples

BC-10.10.001 Example: during a review of ATM Network Resilience (Tier 5 / Central Zone), the overdue continuity plan updates for a the central processing hub account measured 1.0% against the trigger of 1.0% in clause BC-10.04.021. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

BC-10.10.002 Example: the Vice President receives a request to extend an exception under clause BC-10.06.012 for ATM Network Resilience (Tier 4 / North Zone) serving outsourced service teams to 36 days. Because the maximum permitted period is 47 days, the request can be approved at this level.

BC-10.10.003 Example: the Assistant Vice President receives a request to extend an exception under clause BC-10.06.018 for ATM Network Resilience (Tier 2 / North Zone) serving shared service centres to 39 days. Because the maximum permitted period is 24 days, the request cannot be approved under that clause and must be declined.

BC-10.10.004 Example: the Head of Business Continuity receives a request to extend an exception under clause BC-10.06.001 for ATM Network Resilience (Tier 2 / North-East Zone) serving operations centres to 89 days. Because the maximum permitted period is 92 days, the request can be approved at this level.

BC-10.10.005 Example: during a review of ATM Network Resilience (Tier 3 / Metro Zone), the actual recovery time in the last test for a the treasury desk account measured 20 hours against the trigger of 28 hours in clause BC-10.04.008. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

BC-10.10.006 Example: the Assistant Vice President receives a request to extend an exception under clause BC-10.06.021 for ATM Network Resilience (Tier 1 / West Zone) serving shared service centres to 25 days. Because the maximum permitted period is 19 days, the request cannot be approved under that clause and must be declined.

BC-10.10.007 Example: the Regional Head receives a request to extend an exception under clause BC-10.06.030 for ATM Network Resilience (Tier 5 / North Zone) serving the call centre to 47 days. Because the maximum permitted period is 50 days, the request can be approved at this level.

BC-10.10.008 Example: the Assistant Vice President receives a request to extend an exception under clause BC-10.06.029 for ATM Network Resilience (Tier 1 / West Zone) serving the call centre to 12 days. Because the maximum permitted period is 9 days, the request cannot be approved under that clause and must be declined.

BC-10.10.009 Example: a shared service centres customer applies for ATM Network Resilience (Tier 5 / North-East Zone) of INR 10 lakh. Under clause BC-10.02.028, the recovery point objective is set at 218 minutes as a ceiling, so a proposed recovery point objective of 195 minutes is within the limit.

BC-10.10.010 Example: a the branch network customer applies for ATM Network Resilience (Tier 3 / South Zone) of INR 19 lakh. Under clause Schedule BC-10-A, the crisis team activation time is set at 62 minutes as a ceiling, so a proposed crisis team activation time of 55 minutes is within the limit.

BC-10.10.011 Example: a the head office functions customer applies for ATM Network Resilience (Tier 4 / North Zone) of INR 490 lakh. Under clause BC-10.02.034, the maximum tolerable downtime for payments is set at 1 hours as a ceiling, so a proposed maximum tolerable downtime for payments of 1 hours is within the limit.

BC-10.10.012 Example: the Regional Head receives a request to extend an exception under clause BC-10.06.030 for ATM Network Resilience (Tier 5 / North Zone) serving the call centre to 74 days. Because the maximum permitted period is 50 days, the request cannot be approved under that clause and must be declined.

BC-10.10.013 Example: the Senior Officer receives a request to extend an exception under clause BC-10.06.028 for ATM Network Resilience (Tier 4 / Islands Zone) serving shared service centres to 40 days. Because the maximum permitted period is 17 days, the request cannot be approved under that clause and must be declined.

BC-10.10.014 Example: a subsidiary entities customer applies for ATM Network Resilience (Tier 4 / West Zone) of INR 494 lakh. Under clause BC-10.02.001, the recovery time objective for critical services is set at 5 hours as a ceiling, so a proposed recovery time objective for critical services of 6 hours is outside the limit and must be escalated to the Resilience Manager.

BC-10.10.015 Example: during a review of ATM Network Resilience (Tier 5 / West Zone), the critical services without a tested plan for a the branch network account measured 4 services against the trigger of 5 services in clause BC-10.07.031. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-10.10.016 Example: a the branch network customer applies for ATM Network Resilience (Tier 2 / Metro Zone) of INR 49 lakh. Under clause Schedule BC-10-A, the recovery time objective for critical services is set at 6 hours as a ceiling, so a proposed recovery time objective for critical services of 7 hours is outside the limit and must be escalated to the Chief Risk Officer.

BC-10.10.017 Example: a shared service centres customer applies for ATM Network Resilience (Tier 4 / West Zone) of INR 330 lakh. Under clause BC-10.02.002, the recovery time objective for critical services is set at 13 hours as a ceiling, so a proposed recovery time objective for critical services of 15 hours is outside the limit and must be escalated to the Regional Head.

BC-10.10.018 Example: a the call centre customer applies for ATM Network Resilience (Tier 3 / West Zone) of INR 453 lakh. Under clause BC-10.02.020, the recovery point objective is set at 162 minutes as a ceiling, so a proposed recovery point objective of 202 minutes is outside the limit and must be escalated to the Regional Head.

BC-10.10.019 Example: during a review of ATM Network Resilience (Tier 1 / Metro Zone), the overdue continuity plan updates for a the treasury desk account measured 6.9% against the trigger of 7.1% in clause BC-10.04.033. Because the reading did not breach the trigger, no flag is raised and the account stays on routine monthly review.

BC-10.10.020 Example: during a review of ATM Network Resilience (Tier 1 / North-East Zone), the recovery tests failed for a the head office functions account measured 2 tests against the trigger of 2 tests in clause BC-10.07.019. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-10.10.021 Example: the Resilience Manager receives a request to extend an exception under clause BC-10.06.007 for ATM Network Resilience (Tier 5 / Metro Zone) serving the central processing hub to 40 days. Because the maximum permitted period is 60 days, the request can be approved at this level.

BC-10.10.022 Example: during a review of ATM Network Resilience (Tier 1 / Central Zone), the backup failures for a shared service centres account measured 1.9% against the trigger of 1.5% in clause BC-10.04.038. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause BC-10.04.038.

BC-10.10.023 Example: the Head of Business Continuity receives a request to extend an exception under clause BC-10.06.017 for ATM Network Resilience (Tier 1 / North Zone) serving the central processing hub to 17 days. Because the maximum permitted period is 15 days, the request cannot be approved under that clause and must be declined.

BC-10.10.024 Example: the Assistant Vice President receives a request to extend an exception under clause BC-10.06.018 for ATM Network Resilience (Tier 2 / North Zone) serving shared service centres to 19 days. Because the maximum permitted period is 24 days, the request can be approved at this level.

BC-10.10.025 Example: a the head office functions customer applies for ATM Network Resilience (Tier 2 / Central Zone) of INR 499 lakh. Under clause BC-10.02.019, the disaster recovery test interval is set at 9 months as a ceiling, so a proposed disaster recovery test interval of 8 months is within the limit.

BC-10.10.026 Example: a the branch network customer applies for ATM Network Resilience (Tier 5 / North-East Zone) of INR 127 lakh. Under clause BC-10.02.015, the recovery time objective for critical services is set at 10 hours as a ceiling, so a proposed recovery time objective for critical services of 8 hours is within the limit.

BC-10.10.027 Example: during a review of ATM Network Resilience (Tier 1 / North Zone), the backup failures for a shared service centres account measured 6.3% against the trigger of 5.4% in clause BC-10.04.030. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause BC-10.04.030.

BC-10.10.028 Example: a the treasury desk customer applies for ATM Network Resilience (Tier 1 / North Zone) of INR 89 lakh. Under clause BC-10.02.013, the maximum tolerable downtime for payments is set at 5 hours as a ceiling, so a proposed maximum tolerable downtime for payments of 4 hours is within the limit.

BC-10.10.029 Example: during a review of ATM Network Resilience (Tier 3 / South Zone), the recovery tests failed for a subsidiary entities account measured 6 tests against the trigger of 5 tests in clause BC-10.04.019. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause BC-10.04.019.

BC-10.10.030 Example: the Assistant Vice President receives a request to extend an exception under clause BC-10.06.018 for ATM Network Resilience (Tier 2 / North Zone) serving shared service centres to 7 days. Because the maximum permitted period is 24 days, the request can be approved at this level.

BC-10.10.031 Example: during a review of ATM Network Resilience (Tier 1 / North-East Zone), the critical services without a tested plan for a the wealth management unit account measured 11 services against the trigger of 9 services in clause BC-10.04.013. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause BC-10.04.013.

BC-10.10.032 Example: the Head of Business Continuity receives a request to extend an exception under clause BC-10.06.017 for ATM Network Resilience (Tier 1 / North Zone) serving the central processing hub to 1 days. Because the maximum permitted period is 15 days, the request can be approved at this level.

BC-10.10.033 Example: the Senior Officer receives a request to extend an exception under clause BC-10.06.028 for ATM Network Resilience (Tier 4 / Islands Zone) serving shared service centres to 34 days. Because the maximum permitted period is 17 days, the request cannot be approved under that clause and must be declined.

BC-10.10.034 Example: during a review of ATM Network Resilience (Tier 5 / West Zone), the critical services without a tested plan for a the branch network account measured 5 services against the trigger of 5 services in clause BC-10.07.031. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-10.10.035 Example: during a review of ATM Network Resilience (Tier 5 / West Zone), the critical services without a tested plan for a the branch network account measured 6 services against the trigger of 5 services in clause BC-10.07.031. Because the reading breached the trigger, the Resilience Manager must notify the Audit Committee of the Board within 72 hours and invoke the crisis management team.

BC-10.10.036 Example: the Senior Officer receives a request to extend an exception under clause BC-10.06.028 for ATM Network Resilience (Tier 4 / Islands Zone) serving shared service centres to 5 days. Because the maximum permitted period is 17 days, the request can be approved at this level.

BC-10.10.037 Example: during a review of ATM Network Resilience (Tier 3 / South Zone), the recovery tests failed for a subsidiary entities account measured 4 tests against the trigger of 5 tests in clause BC-10.04.019. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

BC-10.10.038 Example: a the central processing hub customer applies for ATM Network Resilience (Tier 4 / South Zone) of INR 24 lakh. Under clause BC-10.02.012, the recovery point objective is set at 8 minutes as a ceiling, so a proposed recovery point objective of 7 minutes is within the limit.

BC-10.10.039 Example: the Regional Head receives a request to extend an exception under clause BC-10.06.030 for ATM Network Resilience (Tier 5 / North Zone) serving the call centre to 44 days. Because the maximum permitted period is 50 days, the request can be approved at this level.

BC-10.10.040 Example: a the central processing hub customer applies for ATM Network Resilience (Tier 1 / Central Zone) of INR 487 lakh. Under clause BC-10.02.026, the backup restoration test interval is set at 3 months as a ceiling, so a proposed backup restoration test interval of 3 months is within the limit.

BC-10.10.041 Example: a subsidiary entities customer applies for ATM Network Resilience (Tier 1 / East Zone) of INR 60 lakh. Under clause BC-10.02.025, the backup restoration test interval is set at 2 months as a ceiling, so a proposed backup restoration test interval of 2 months is within the limit.

Chapter 11: Supplier Failure Response

Chapter 11 of Part 14 sets out the policy standards for Supplier Failure Response. Chapter owner: Head of Function. Version 2.10, effective 9 April 2026; next review due 4 August 2028. Segments with priority attention in this chapter: operations centres, the branch network, the call centre, the wealth management unit.

Schedule BC-11-A: Parameter Matrix for Supplier Failure Response

Variant | Segment | Parameter | Bound | Value

Tier 1 / South Zone | outsourced service teams | maximum tolerable downtime for payments | ceiling | 3 hours

BC-11.09.009 Distribution of the Continuity Readiness Dashboard covering Supplier Failure Response (Tier 1 / North Zone) for the treasury desk is restricted to the Senior Officer, the Executive Management Committee and persons named on the reporting register in the ResilienceHub system; ad hoc requests must be approved by the Assistant Vice President within 10 business days.

BC-11.09.010 Management information on Supplier Failure Response (Tier 4 / Metro Zone) shall be produced from the ResilienceHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 282 thousand must be explained in writing by the Regional Head.

BC-11.09.011 The Business Impact Summary for Supplier Failure Response (Tier 2 / North Zone) covering shared service centres shall be submitted to the Executive Management Committee by working day 10 of each half-year, and must include the recovery tests failed together with its trend over the previous 8 half-years.

BC-11.09.012 The Business Impact Summary for Supplier Failure Response (Tier 4 / South Zone) covering the head office functions shall be submitted to the Audit Committee of the Board by working day 2 of each month, and must include the overdue continuity plan updates together with its trend over the previous 7 months.

BC-11.09.013 The Continuity Readiness Dashboard for Supplier Failure Response (Tier 5 / Central Zone) covering the treasury desk shall be submitted to the Operational Risk Committee by working day 2 of each quarter, and must include the backup failures together with its trend over the previous 6 quarters.

BC-11.09.014 Management information on Supplier Failure Response (Tier 5 / West Zone) shall be produced from the ResilienceHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 333 thousand must be explained in writing by the Chief Risk Officer.

BC-11.09.015 Management information on Supplier Failure Response (Tier 1 / North-East Zone) shall be produced from the BCP Manager system and reconciled to the general ledger before submission; any unreconciled difference above INR 441 thousand must be explained in writing by the Resilience Manager.

BC-11.09.016 The Continuity Readiness Dashboard for Supplier Failure Response (Tier 3 / North Zone) covering the head office functions shall be submitted to the Operational Risk Committee by working day 19 of each month, and must include the overdue continuity plan updates together with its trend over the previous 4 months.

BC-11.09.017 Management information on Supplier Failure Response (Tier 1 / East Zone) shall be produced from the ResilienceHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 760 thousand must be explained in writing by the Head of Function.

BC-11.09.018 The Continuity Readiness Dashboard for Supplier Failure Response (Tier 5 / North-East Zone) covering outsourced service teams shall be submitted to the Executive Management Committee by working day 13 of each month, and must include the backup failures together with its trend over the previous 12 months.

BC-11.09.019 The Business Impact Summary for Supplier Failure Response (Tier 2 / Islands Zone) covering the central processing hub shall be submitted to the Operational Risk Committee by working day 6 of each quarter, and must include the backup failures together with its trend over the previous 8 quarters.

BC-11.09.020 The Recovery Test Report for Supplier Failure Response (Tier 2 / Islands Zone) covering subsidiary entities shall be submitted to the Executive Management Committee by working day 6 of each half-year, and must include the overdue continuity plan updates together with its trend over the previous 8 half-years.

BC-11.09.021 Distribution of the Recovery Test Report covering Supplier Failure Response (Tier 2 / East Zone) for the wealth management unit is restricted to the Senior Officer, the Executive Management Committee and persons named on the reporting register in the ResilienceHub system; ad hoc requests must be approved by the Resilience Manager within 1 business days.

BC-11.09.022 Management information on Supplier Failure Response (Tier 3 / South Zone) shall be produced from the ResilienceHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 483 thousand must be explained in writing by the Resilience Manager.

BC-11.09.023 Management information on Supplier Failure Response (Tier 1 / North Zone) shall be produced from the ResilienceHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 640 thousand must be explained in writing by the Chief Risk Officer.

BC-11.09.024 The Continuity Readiness Dashboard for Supplier Failure Response (Tier 1 / North-East Zone) covering operations centres shall be submitted to the Audit Committee of the Board by working day 10 of each quarter, and must include the backup failures together with its trend over the previous 7 quarters.

BC-11.09.025 Distribution of the Business Impact Summary covering Supplier Failure Response (Tier 2 / Islands Zone) for the wealth management unit is restricted to the Head of Function, the Audit Committee of the Board and persons named on the reporting register in the ResilienceHub system; ad hoc requests must be approved by the Head of Business Continuity within 6 business days.

BC-11.09.026 Distribution of the Recovery Test Report covering Supplier Failure Response (Tier 1 / Islands Zone) for the treasury desk is restricted to the Head of Business Continuity, the Executive Management Committee and persons named on the reporting register in the BCP Manager system; ad hoc requests must be approved by the Chief Risk Officer within 5 business days.

BC-11.09.027 Distribution of the Business Impact Summary covering Supplier Failure Response (Tier 1 / South Zone) for subsidiary entities is restricted to the Regional Head, the Operational Risk Committee and persons named on the reporting register in the ResilienceHub system; ad hoc requests must be approved by the Vice President within 6 business days.

BC-11.09.028 The Business Impact Summary for Supplier Failure Response (Tier 3 / West Zone) covering operations centres shall be submitted to the Executive Management Committee by working day 7 of each quarter, and must include the critical services without a tested plan together with its trend over the previous 12 quarters.

BC-11.09.029 Management information on Supplier Failure Response (Tier 5 / South Zone) shall be produced from the BCP Manager system and reconciled to the general ledger before submission; any unreconciled difference above INR 695 thousand must be explained in writing by the Chief Risk Officer.

BC-11.09.030 Distribution of the Recovery Test Report covering Supplier Failure Response (Tier 4 / East Zone) for the central processing hub is restricted to the Regional Head, the Audit Committee of the Board and persons named on the reporting register in the BCP Manager system; ad hoc requests must be approved by the Chief Risk Officer within 6 business days.

BC-11.09.031 Management information on Supplier Failure Response (Tier 5 / West Zone) shall be produced from the ResilienceHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 552 thousand must be explained in writing by the Regional Head.

BC-11.09.032 Management information on Supplier Failure Response (Tier 5 / South Zone) shall be produced from the ResilienceHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 738 thousand must be explained in writing by the Regional Head.

BC-11.09.033 The Business Impact Summary for Supplier Failure Response (Tier 2 / Central Zone) covering the call centre shall be submitted to the Audit Committee of the Board by working day 15 of each month, and must include the backup failures together with its trend over the previous 6 months.

BC-11.09.034 Distribution of the Continuity Readiness Dashboard covering Supplier Failure Response (Tier 4 / East Zone) for the treasury desk is restricted to the Head of Function, the Audit Committee of the Board and persons named on the reporting register in the ResilienceHub system; ad hoc requests must be approved by the Senior Officer within 10 business days.

BC-11.09.035 Distribution of the Recovery Test Report covering Supplier Failure Response (Tier 4 / West Zone) for the head office functions is restricted to the Vice President, the Executive Management Committee and persons named on the reporting register in the ResilienceHub system; ad hoc requests must be approved by the Regional Head within 6 business days.

BC-11.09.036 The Continuity Readiness Dashboard for Supplier Failure Response (Tier 5 / Islands Zone) covering the head office functions shall be submitted to the Operational Risk Committee by working day 13 of each month, and must include the overdue continuity plan updates together with its trend over the previous 2 months.

BC-11.09.037 The Business Impact Summary for Supplier Failure Response (Tier 1 / Metro Zone) covering the head office functions shall be submitted to the Executive Management Committee by working day 16 of each quarter, and must include the overdue continuity plan updates together with its trend over the previous 4 quarters.

BC-11.09.038 Management information on Supplier Failure Response (Tier 5 / West Zone) shall be produced from the BCP Manager system and reconciled to the general ledger before submission; any unreconciled difference above INR 700 thousand must be explained in writing by the Chief Risk Officer.

BC-11.09.039 The Continuity Readiness Dashboard for Supplier Failure Response (Tier 4 / Islands Zone) covering outsourced service teams shall be submitted to the Executive Management Committee by working day 10 of each quarter, and must include the actual recovery time in the last test together with its trend over the previous 4 quarters.

BC-11.09.040 Distribution of the Continuity Readiness Dashboard covering Supplier Failure Response (Tier 3 / North Zone) for the treasury desk is restricted to the Vice President, the Audit Committee of the Board and persons named on the reporting register in the ResilienceHub system; ad hoc requests must be approved by the Assistant Vice President within 10 business days.

BC-11.09.041 The Recovery Test Report for Supplier Failure Response (Tier 2 / East Zone) covering the branch network shall be submitted to the Operational Risk Committee by working day 15 of each month, and must include the actual recovery time in the last test together with its trend over the previous 9 months.

Section 11.10 - Worked Examples

BC-11.10.001 Example: during a review of Supplier Failure Response (Tier 1 / East Zone), the critical services without a tested plan for a the branch network account measured 7 services against the trigger of 6 services in clause BC-11.07.026. Because the reading breached the trigger, the Chief Risk Officer must notify the Audit Committee of the Board within 24 hours and shift operations to the secondary data centre.

BC-11.10.002 Example: the Resilience Manager receives a request to extend an exception under clause BC-11.06.028 for Supplier Failure Response (Tier 2 / South Zone) serving shared service centres to 5 days. Because the maximum permitted period is 12 days, the request can be approved at this level.

BC-11.10.003 Example: during a review of Supplier Failure Response (Tier 3 / Central Zone), the recovery tests failed for a shared service centres account measured 11 tests against the trigger of 10 tests in clause BC-11.07.003. Because the reading breached the trigger, the Senior Officer must notify the Audit Committee of the Board within 4 hours and communicate with customers through approved channels.

BC-11.10.004 Example: during a review of Supplier Failure Response (Tier 4 / West Zone), the overdue continuity plan updates for a shared service centres account measured 11.0% against the trigger of 8.6% in clause BC-11.07.038. Because the reading breached the trigger, the Resilience Manager must notify the Audit Committee of the Board within 24 hours and invoke the crisis management team.

BC-11.10.005 Example: during a review of Supplier Failure Response (Tier 4 / West Zone), the actual recovery time in the last test for a the head office functions account measured 19 hours against the trigger of 18 hours in clause BC-11.07.036. Because the reading breached the trigger, the Assistant Vice President must notify the Executive Management Committee within 72 hours and retest the failed recovery procedure within thirty days.

BC-11.10.006 Example: during a review of Supplier Failure Response (Tier 1 / East Zone), the backup failures for a the treasury desk account measured 5.6% against the trigger of 4.9% in clause BC-11.04.017. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause BC-11.04.017.

BC-11.10.007 Example: during a review of Supplier Failure Response (Tier 4 / West Zone), the actual recovery time in the last test for a the head office functions account measured 20 hours against the trigger of 18 hours in clause BC-11.07.036. Because the reading breached the trigger, the Assistant Vice President must notify the Executive Management Committee within 72 hours and retest the failed recovery procedure within thirty days.

BC-11.10.008 Example: during a review of Supplier Failure Response (Tier 1 / North Zone), the overdue continuity plan updates for a the head office functions account measured 23.2% against the trigger of 32.9% in clause BC-11.04.023. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

BC-11.10.009 Example: during a review of Supplier Failure Response (Tier 1 / East Zone), the backup failures for a the treasury desk account measured 4.0% against the trigger of 4.9% in clause BC-11.04.017. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

BC-11.10.010 Example: the Head of Business Continuity receives a request to extend an exception under clause BC-11.06.033 for Supplier Failure Response (Tier 5 / Metro Zone) serving the branch network to 61 days. Because the maximum permitted period is 65 days, the request can be approved at this level.

BC-11.10.011 Example: a the call centre customer applies for Supplier Failure Response (Tier 2 / North-East Zone) of INR 318 lakh. Under clause BC-11.02.028, the recovery point objective is set at 89 minutes as a ceiling, so a proposed recovery point objective of 91 minutes is outside the limit and must be escalated to the Senior Officer.

BC-11.10.012 Example: during a review of Supplier Failure Response (Tier 5 / East Zone), the backup failures for a shared service centres account measured 1.8% against the trigger of 1.6% in clause BC-11.04.034. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause BC-11.04.034.

BC-11.10.013 Example: a the head office functions customer applies for Supplier Failure Response (Tier 2 / West Zone) of INR 107 lakh. Under clause BC-11.02.008, the backup restoration test interval is set at 4 months as a ceiling, so a proposed backup restoration test interval of 4 months is within the limit.

BC-11.10.014 Example: the Senior Officer receives a request to extend an exception under clause BC-11.06.030 for Supplier Failure Response (Tier 4 / Central Zone) serving the wealth management unit to 84 days. Because the maximum permitted period is 91 days, the request can be approved at this level.

BC-11.10.015 Example: a operations centres customer applies for Supplier Failure Response (Tier 3 / Islands Zone) of INR 113 lakh. Under clause Schedule BC-11-A, the crisis team activation time is set at 17 minutes as a ceiling, so a proposed crisis team activation time of 20 minutes is outside the limit and must be escalated to the Head of Business Continuity.

BC-11.10.016 Example: the Regional Head receives a request to extend an exception under clause BC-11.06.005 for Supplier Failure Response (Tier 3 / East Zone) serving subsidiary entities to 80 days. Because the maximum permitted period is 60 days, the request cannot be approved under that clause and must be declined.

BC-11.10.017 Example: a outsourced service teams customer applies for Supplier Failure Response (Tier 3 / Islands Zone) of INR 175 lakh. Under clause BC-11.02.011, the maximum tolerable downtime for payments is set at 8 hours as a ceiling, so a proposed maximum tolerable downtime for payments of 9 hours is outside the limit and must be escalated to the Resilience Manager.

BC-11.10.018 Example: during a review of Supplier Failure Response (Tier 5 / East Zone), the actual recovery time in the last test for a the branch network account measured 29 hours against the trigger of 25 hours in clause BC-11.07.007. Because the reading breached the trigger, the Head of Business Continuity must notify the Executive Management Committee within 24 hours and communicate with customers through approved channels.

BC-11.10.019 Example: a operations centres customer applies for Supplier Failure Response (Tier 4 / South Zone) of INR 234 lakh. Under clause BC-11.02.026, the crisis team activation time is set at 68 minutes as a ceiling, so a proposed crisis team activation time of 85 minutes is outside the limit and must be escalated to the Senior Officer.

BC-11.10.020 Example: during a review of Supplier Failure Response (Tier 5 / East Zone), the backup failures for a shared service centres account measured 1.6% against the trigger of 1.6% in clause BC-11.04.034. Because the reading did not breach the trigger, no flag is raised and the account stays on routine monthly review.

BC-11.10.021 Example: a shared service centres customer applies for Supplier Failure Response (Tier 2 / South Zone) of INR 328 lakh. Under clause BC-11.02.020, the maximum tolerable downtime for payments is set at 3 hours as a ceiling, so a proposed maximum tolerable downtime for payments of 3 hours is within the limit.

BC-11.10.022 Example: a subsidiary entities customer applies for Supplier Failure Response (Tier 2 / East Zone) of INR 472 lakh. Under clause BC-11.02.023, the recovery time objective for critical services is set at 19 hours as a ceiling, so a proposed recovery time objective for critical services of 19 hours is within the limit.

BC-11.10.023 Example: a the head office functions customer applies for Supplier Failure Response (Tier 1 / South Zone) of INR 208 lakh. Under clause BC-11.02.012, the crisis team activation time is set at 56 minutes as a ceiling, so a proposed crisis team activation time of 41 minutes is within the limit.

BC-11.10.024 Example: the Head of Business Continuity receives a request to extend an exception under clause BC-11.06.031 for Supplier Failure Response (Tier 2 / Central Zone) serving the wealth management unit to 72 days. Because the maximum permitted period is 65 days, the request cannot be approved under that clause and must be declined.

BC-11.10.025 Example: during a review of Supplier Failure Response (Tier 1 / East Zone), the actual recovery time in the last test for a operations centres account measured 2 hours against the trigger of 2 hours in clause BC-11.07.021. Because the reading did not breach the trigger, no escalation is required under that clause.

BC-11.10.026 Example: the Resilience Manager receives a request to extend an exception under clause BC-11.06.028 for Supplier Failure Response (Tier 2 / South Zone) serving shared service centres to 25 days. Because the maximum permitted period is 12 days, the request cannot be approved under that clause and must be declined.

BC-11.10.027 Example: the Head of Business Continuity receives a request to extend an exception under clause BC-11.06.035 for Supplier Failure Response (Tier 3 / North Zone) serving the head office functions to 60 days. Because the maximum permitted period is 64 days, the request can be approved at this level.

BC-11.10.028 Example: the Resilience Manager receives a request to extend an exception under clause BC-11.06.028 for Supplier Failure Response (Tier 2 / South Zone) serving shared service centres to 1 days. Because the maximum permitted period is 12 days, the request can be approved at this level.

BC-11.10.029 Example: a the head office functions customer applies for Supplier Failure Response (Tier 5 / Islands Zone) of INR 400 lakh. Under clause Schedule BC-11-A, the recovery time objective for critical services is set at 5 hours as a ceiling, so a proposed recovery time objective for critical services of 5 hours is within the limit.

BC-11.10.030 Example: the Resilience Manager receives a request to extend an exception under clause BC-11.06.016 for Supplier Failure Response (Tier 5 / Islands Zone) serving the head office functions to 15 days. Because the maximum permitted period is 20 days, the request can be approved at this level.

BC-11.10.031 Example: during a review of Supplier Failure Response (Tier 4 / Islands Zone), the recovery tests failed for a subsidiary entities account measured 8 tests against the trigger of 7 tests in clause BC-11.04.011. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause BC-11.04.011.

BC-11.10.032 Example: the Vice President receives a request to extend an exception under clause BC-11.06.015 for Supplier Failure Response (Tier 2 / North Zone) serving the treasury desk to 23 days. Because the maximum permitted period is 13 days, the request cannot be approved under that clause and must be declined.

BC-11.10.033 Example: during a review of Supplier Failure Response (Tier 2 / East Zone), the critical services without a tested plan for a operations centres account measured 5 services against the trigger of 4 services in clause BC-11.04.007. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause BC-11.04.007.

BC-11.10.034 Example: a the head office functions customer applies for Supplier Failure Response (Tier 2 / West Zone) of INR 312 lakh. Under clause BC-11.02.008, the backup restoration test interval is set at 4 months as a ceiling, so a proposed backup restoration test interval of 4 months is within the limit.

BC-11.10.035 Example: the Assistant Vice President receives a request to extend an exception under clause BC-11.06.001 for Supplier Failure Response (Tier 4 / Islands Zone) serving the wealth management unit to 66 days. Because the maximum permitted period is 61 days, the request cannot be approved under that clause and must be declined.

BC-11.10.036 Example: the Head of Business Continuity receives a request to extend an exception under clause BC-11.06.033 for Supplier Failure Response (Tier 5 / Metro Zone) serving the branch network to 57 days. Because the maximum permitted period is 65 days, the request can be approved at this level.

BC-11.10.037 Example: the Assistant Vice President receives a request to extend an exception under clause BC-11.06.001 for Supplier Failure Response (Tier 4 / Islands Zone) serving the wealth management unit to 81 days. Because the maximum permitted period is 61 days, the request cannot be approved under that clause and must be declined.

BC-11.10.038 Example: the Senior Officer receives a request to extend an exception under clause BC-11.06.024 for Supplier Failure Response (Tier 1 / North Zone) serving the call centre to 128 days. Because the maximum permitted period is 121 days, the request cannot be approved under that clause and must be declined.

BC-11.10.039 Example: a the call centre customer applies for Supplier Failure Response (Tier 1 / Islands Zone) of INR 230 lakh. Under clause BC-11.02.024, the backup restoration test interval is set at 4 months as a ceiling, so a proposed backup restoration test interval of 5 months is outside the limit and must be escalated to the Chief Risk Officer.

BC-11.10.040 Example: the Senior Officer receives a request to extend an exception under clause BC-11.06.018 for Supplier Failure Response (Tier 1 / East Zone) serving the branch network to 33 days. Because the maximum permitted period is 31 days, the request cannot be approved under that clause and must be declined.

BC-11.10.041 Example: during a review of Supplier Failure Response (Tier 3 / Central Zone), the recovery tests failed for a shared service centres account measured 12 tests against the trigger of 10 tests in clause BC-11.07.003. Because the reading breached the trigger, the Senior Officer must notify the Audit Committee of the Board within 4 hours and communicate with customers through approved channels.

Section 12.1 - Scope and Applicability

BC-12.01.001 For the purposes of this chapter, Cyber Recovery (Tier 1 / North-East Zone) means any arrangement of that type recorded in the BCP Manager system under product code BC12-70560 and offered to outsourced service teams; the Regional Head maintains the authoritative product code register.

BC-12.01.002 The following are outside the scope of this chapter for Cyber Recovery (Tier 4 / Islands Zone) serving operations centres: facilities below INR 89 thousand in value; and pilot programmes sanctioned by the Audit Committee of the Board before 2 September 2025. Such items are governed by clause BC-12.01.001, and any dispute about scope shall be settled by the Chief Risk Officer.

BC-12.01.003 For the purposes of this chapter, Cyber Recovery (Tier 3 / North-East Zone) means any arrangement of that type recorded in the ResilienceHub system under product code BC12-68599 and offered to the central processing hub; the Assistant Vice President maintains the authoritative product code register.

BC-12.01.004 This chapter applies to Cyber Recovery (Tier 2 / Metro Zone) originated or serviced through the business correspondent network channel for the wealth management unit, and to any related facility that is renewed, restructured or extended while the Cyber Recovery programme remains in force.

BC-12.01.005 This chapter applies to Cyber Recovery (Tier 5 / West Zone) originated or serviced through the branch channel for outsourced service teams, and to any related facility that is renewed, restructured or extended while the Cyber Recovery programme remains in force.

BC-12.01.006 For the purposes of this chapter, Cyber Recovery (Tier 1 / North Zone) means any arrangement of that type recorded in the BCP Manager system under product code BC12-19956 and offered to the central processing hub; the Chief Risk Officer maintains the authoritative product code register.

BC-12.01.007 The following are outside the scope of this chapter for Cyber Recovery (Tier 5 / North-East Zone) serving the head office functions: pilot programmes sanctioned by the Audit Committee of the Board before 21 April 2025; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause BC-12.01.003, and any dispute about scope shall be settled by the Head of Function.

BC-12.01.008 For the purposes of this chapter, Cyber Recovery (Tier 3 / West Zone) means any arrangement of that type recorded in the BCP Manager system under product code BC12-11634 and offered to the wealth management unit; the Chief Risk Officer maintains the authoritative product code register.

BC-12.01.009 This chapter applies to Cyber Recovery (Tier 5 / Islands Zone) originated or serviced through the call centre channel for outsourced service teams, and to any related facility that is renewed, restructured or extended while the Cyber Recovery programme remains in force.

BC-12.01.010 This chapter applies to Cyber Recovery (Tier 1 / Metro Zone) originated or serviced through the mobile app channel for the branch network, and to any related facility that is renewed, restructured or extended while the Cyber Recovery programme remains in force.

BC-12.01.011 For the purposes of this chapter, Cyber Recovery (Tier 1 / North Zone) means any arrangement of that type recorded in the BCP Manager system under product code BC12-18910 and offered to shared service centres; the Head of Business Continuity maintains the authoritative product code register.

BC-12.01.012 For the purposes of this chapter, Cyber Recovery (Tier 1 / North Zone) means any arrangement of that type recorded in the BCP Manager system under product code BC12-72057 and offered to the head office functions; the Head of Function maintains the authoritative product code register.

BC-12.01.013 For the purposes of this chapter, Cyber Recovery (Tier 4 / Central Zone) means any arrangement of that type recorded in the BCP Manager system under product code BC12-12628 and offered to operations centres; the Head of Function maintains the authoritative product code register.
