CG-11.10.034 Example: the Head of Customer Service receives a request to extend an exception under clause CG-11.06.014 for Fee and Charge Disputes (Tier 4 / West Zone) serving pensioners to 51 days. Under clause CG-11.02.040, the maximum number of reopenings before senior review is set at 4 reopenings as a ceiling, so a proposed maximum number of reopenings before senior review of 4 reopenings is within the limit.

CG-11.10.038 Example: during a review of Fee and Charge Disputes (Tier 2 / Metro Zone), the escalations to the regulator for a pensioners account measured 20 escalations against the trigger of 17 escalations in clause CG-11.04.017. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause CG-11.04.017.

Under clause Schedule CG-11-A, the first-level authority to waive charges is set at INR 10 thousand as a ceiling, so a proposed first-level authority to waive charges of INR 9 thousand is within the limit.

CG-11.10.040 Example: the Head of Customer Service receives a request to extend an exception under clause CG-11.06.028 for Fee and Charge Disputes (Tier 1 / East Zone) serving women entrepreneurs to 27 days. FP-01.10.031 Example: a non-resident customers customer applies for Product Suitability Assessment (Tier 1 / North Zone) of INR 381 lakh. Under clause FP-01.02.026, the maximum number of marketing calls per customer per month is set at 7 calls as a ceiling, so a proposed maximum number of marketing calls per customer per month of 5 calls is within the limit.

FP-01.10.032 Example: the Head of Conduct Risk receives a request to extend an exception under clause FP-01.06.011 for Product Suitability Assessment (Tier 2 / North-East Zone) serving government employees to 30 days. Because the maximum permitted period is 20 days, the request cannot be approved under that clause and must be declined.

FP-01.10.033 Example: a government employees customer applies for Product Suitability Assessment (Tier 4 / South Zone) of INR 131 lakh. Under clause FP-01.02.038, the maximum sales incentive as a share of base pay is set at 42% as a ceiling, which on this request equates to INR 55.02 lakh; the case is therefore routed to the Regional Head for sign-off.

FP-01.10.034 Example: a students and young professionals customer applies for Product Suitability Assessment (Tier 1 / Metro Zone) of INR 318 lakh. Under clause FP-01.02.024, the cooling-off period for insurance products is set at 14 days as a floor, so a proposed cooling-off period for insurance products of 16 days is within the limit.

FP-01.10.035 Example: a non-resident customers customer applies for Product Suitability Assessment (Tier 3 / West Zone) of INR 379 lakh. Under clause FP-01.02.040, the recording retention for sales calls is set at 19 months as a floor, so a proposed recording retention for sales calls of 17 months is outside the limit and must be escalated to the Senior Officer.

FP-01.10.036 Example: the Senior Officer receives a request to extend an exception under clause FP-01.06.002 for Product Suitability Assessment (Tier 3 / Central Zone) serving farmers and agricultural households to 1 days. Because the maximum permitted period is 18 days, the request can be approved at this level.

FP-01.10.037 Example: during a review of Product Suitability Assessment (Tier 5 / North Zone), the customers with multiple products sold in a month for a farmers and agricultural households account measured 21.0% against the trigger of 21.1% in clause FP-01.07.030. Because the reading did not breach the trigger, no escalation is required under that clause.

FP-01.10.038 Example: during a review of Product Suitability Assessment (Tier 4 / West Zone), the incentive clawback cases for a non-resident customers account measured 1 cases against the trigger of 1 cases in clause FP-01.07.026. Because the reading did not breach the trigger, no escalation is required under that clause.

FP-01.10.039 Example: during a review of Product Suitability Assessment (Tier 5 / North Zone), the products returned within the cooling-off period for a customers with more than three years of history account measured 22.2% against the trigger of 17.4% in clause FP-01.07.025. Because the reading breached the trigger, the Head of Function must notify the Compliance Oversight Committee within 2 hours and suspend incentive payouts for the affected team.

FP-01.10.040 Example: a farmers and agricultural households customer applies for Product Suitability Assessment (Tier 1 / North-East Zone) of INR 157 lakh. Under clause FP-01.02.030, the maximum number of marketing calls per customer per month is set at 2 calls as a ceiling, so a proposed maximum number of marketing calls per customer per month of 2 calls is within the limit.

FP-01.10.041 Example: the Assistant Vice President receives a request to extend an exception under clause FP-01.06.013 for Product Suitability Assessment (Tier 1 / North-East Zone) serving salaried individuals to 40 days. Because the maximum permitted period is 46 days, the request can be approved at this level.
