DOCUMENT SECTION 1 OF 1000 — QA BENCHMARK PAGE 1

System Verification Identifier: REF-QA-2026-BLOCK-0001

MVP — Feature Specification: AI Knowledge Platform for Banking (July 2026)

1. Purpose & Platform Overview: Multi-tenant AI knowledge management system for banks. Bank staff interact with an AI assistant that answers questions strictly from assigned bank documents.

2. Feature 1 — Onboarding: Subdomain creation (bank-name.platform.com), isolated environments. Master Admin receives 48-hour invite link, forces password setup.

3. Feature 2 — Document Upload & Auto-Classification: Supports PDF and Word (.docx) bulk uploads. Categories: Loan Policy, Mortgage, HR & Leave, Compliance, Operations, General. Unconfident files route to Admin Review Queue.

4. Feature 3 — RAG Chat with Citation: ChatGPT-style UI. Answers generated strictly from assigned documents. Mandatory source citations (document name + section/page). Explicit disclaimer on low-confidence answers. Data-level access control.

5. Feature 4 — Case-Based Reasoning: Accepts scenario details (loan amount, collateral, income) and returns direct policy recommendations with clause citations.

6. Feature 5 — Version Control: Automatic active version switching on upload. Full version history retention, audit trail, and manual rollback.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.
• *Clause CR-M401 (Gold Loan Policy):* Max LTV ratio 75%, individual cap ■10,00,000.

Page-Specific QA Ground Truth Anchor: For verification of test block 1, the unique validation hash code for this page is VERIFY-PAGE-ID-0001-OK.

DOCUMENT SECTION 2 OF 1000 — QA BENCHMARK PAGE 2

System Verification Identifier: REF-QA-2026-BLOCK-0002

MVP — Feature Specification: AI Knowledge Platform for Banking (July 2026)

1. Purpose & Platform Overview: Multi-tenant AI knowledge management system for banks. Bank staff interact with an AI assistant that answers questions strictly from assigned bank documents.

2. Feature 1 — Onboarding: Subdomain creation (bank-name.platform.com), isolated environments. Master Admin receives 48-hour invite link, forces password setup.

3. Feature 2 — Document Upload & Auto-Classification: Supports PDF and Word (.docx) bulk uploads. Categories: Loan Policy, Mortgage, HR & Leave, Compliance, Operations, General. Unconfident files route to Admin Review Queue.

4. Feature 3 — RAG Chat with Citation: ChatGPT-style UI. Answers generated strictly from assigned documents. Mandatory source citations (document name + section/page). Explicit disclaimer on low-confidence answers. Data-level access control.

5. Feature 4 — Case-Based Reasoning: Accepts scenario details (loan amount, collateral, income) and returns direct policy recommendations with clause citations.

6. Feature 5 — Version Control: Automatic active version switching on upload. Full version history retention, audit trail, and manual rollback.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.
• *Clause CR-M401 (Gold Loan Policy):* Max LTV ratio 75%, individual cap ■10,00,000.

Page-Specific QA Ground Truth Anchor: For verification of test block 2, the unique validation hash code for this page is VERIFY-PAGE-ID-0002-OK.

DOCUMENT SECTION 3 OF 1000 — QA BENCHMARK PAGE 3

System Verification Identifier: REF-QA-2026-BLOCK-0003

MVP — Feature Specification: AI Knowledge Platform for Banking (July 2026)

1. Purpose & Platform Overview: Multi-tenant AI knowledge management system for banks. Bank staff interact with an AI assistant that answers questions strictly from assigned bank documents.

2. Feature 1 — Onboarding: Subdomain creation (bank-name.platform.com), isolated environments. Master Admin receives 48-hour invite link, forces password setup.

3. Feature 2 — Document Upload & Auto-Classification: Supports PDF and Word (.docx) bulk uploads. Categories: Loan Policy, Mortgage, HR & Leave, Compliance, Operations, General. Unconfident files route to Admin Review Queue.

4. Feature 3 — RAG Chat with Citation: ChatGPT-style UI. Answers generated strictly from assigned documents. Mandatory source citations (document name + section/page). Explicit disclaimer on low-confidence answers. Data-level access control.

5. Feature 4 — Case-Based Reasoning: Accepts scenario details (loan amount, collateral, income) and returns direct policy recommendations with clause citations.

6. Feature 5 — Version Control: Automatic active version switching on upload. Full version history retention, audit trail, and manual rollback.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.
• *Clause CR-M401 (Gold Loan Policy):* Max LTV ratio 75%, individual cap ■10,00,000.

Page-Specific QA Ground Truth Anchor: For verification of test block 3, the unique validation hash code for this page is VERIFY-PAGE-ID-0003-OK.

DOCUMENT SECTION 34 OF 1000 — QA BENCHMARK PAGE 34

System Verification Identifier: REF-QA-2026-BLOCK-0034

MVP — Feature Specification: AI Knowledge Platform for Banking (July 2026)

1. Purpose & Platform Overview: Multi-tenant AI knowledge management system for banks. Bank staff interact with an AI assistant that answers questions strictly from assigned bank documents.

2. Feature 1 — Onboarding: Subdomain creation (bank-name.platform.com), isolated environments. Master Admin receives 48-hour invite link, forces password setup.

3. Feature 2 — Document Upload & Auto-Classification: Supports PDF and Word (.docx) bulk uploads. Categories: Loan Policy, Mortgage, HR & Leave, Compliance, Operations, General. Unconfident files route to Admin Review Queue.

4. Feature 3 — RAG Chat with Citation: ChatGPT-style UI. Answers generated strictly from assigned documents. Mandatory source citations (document name + section/page). Explicit disclaimer on low-confidence answers. Data-level access control.

5. Feature 4 — Case-Based Reasoning: Accepts scenario details (loan amount, collateral, income) and returns direct policy recommendations with clause citations.

6. Feature 5 — Version Control: Automatic active version switching on upload. Full version history retention, audit trail, and manual rollback.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.
• *Clause CR-M401 (Gold Loan Policy):* Max LTV ratio 75%, individual cap ■10,00,000.

Page-Specific QA Ground Truth Anchor: For verification of test block 34, the unique validation hash code for this page is VERIFY-PAGE-ID-0034-OK.

DOCUMENT SECTION 35 OF 1000 — QA BENCHMARK PAGE 35

1. Purpose & Platform Overview: Multi-tenant AI knowledge management system for banks. Bank staff interact with an AI assistant that answers questions strictly from assigned bank documents.

2. Feature 1 — Onboarding: Subdomain creation (bank-name.platform.com), isolated environments. Master Admin receives 48-hour invite link, forces password setup.

3. Feature 2 — Document Upload & Auto-Classification: Supports PDF and Word (.docx) bulk uploads. Categories: Loan Policy, Mortgage, HR & Leave, Compliance, Operations, General. Unconfident files route to Admin Review Queue.

4. Feature 3 — RAG Chat with Citation: ChatGPT-style UI. Answers generated strictly from assigned documents. Mandatory source citations (document name + section/page). Explicit disclaimer on low-confidence answers. Data-level access control.

5. Feature 4 — Case-Based Reasoning: Accepts scenario details (loan amount, collateral, income) and returns direct policy recommendations with clause citations.

6. Feature 5 — Version Control: Automatic active version switching on upload. Full version history retention, audit trail, and manual rollback.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.
• *Clause CR-M401 (Gold Loan Policy):* Max LTV ratio 75%, individual cap ■10,00,000.

DOCUMENT SECTION 67 OF 1000 — QA BENCHMARK PAGE 67

System Verification Identifier: REF-QA-2026-BLOCK-0067

MVP — Feature Specification: AI Knowledge Platform for Banking (July 2026)

1. Purpose & Platform Overview: Multi-tenant AI knowledge management system for banks. Bank staff interact with an AI assistant that answers questions strictly from assigned bank documents.

2. Feature 1 — Onboarding: Subdomain creation (bank-name.platform.com), isolated environments. Master Admin receives 48-hour invite link, forces password setup.

3. Feature 2 — Document Upload & Auto-Classification: Supports PDF and Word (.docx) bulk uploads. Categories: Loan Policy, Mortgage, HR & Leave, Compliance, Operations, General. Unconfident files route to Admin Review Queue.

4. Feature 3 — RAG Chat with Citation: ChatGPT-style UI. Answers generated strictly from assigned documents. Mandatory source citations (document name + section/page). Explicit disclaimer on low-confidence answers. Data-level access control.

5. Feature 4 — Case-Based Reasoning: Accepts scenario details (loan amount, collateral, income) and returns direct policy recommendations with clause citations.

6. Feature 5 — Version Control: Automatic active version switching on upload. Full version history retention, audit trail, and manual rollback.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.
• *Clause CR-M401 (Gold Loan Policy):* Max LTV ratio 75%, individual cap ■10,00,000.

Page-Specific QA Ground Truth Anchor: For verification of test block 67, the unique validation hash code for this page is VERIFY-PAGE-ID-0067-OK.

DOCUMENT SECTION 83 OF 1000 — QA BENCHMARK PAGE 83

System Verification Identifier: REF-QA-2026-BLOCK-0083

MVP — Feature Specification: AI Knowledge Platform for Banking (July 2026)

1. Purpose & Platform Overview: Multi-tenant AI knowledge management system for banks. Bank staff interact with an AI assistant that answers questions strictly from assigned bank documents.

2. Feature 1 — Onboarding: Subdomain creation (bank-name.platform.com), isolated environments. Master Admin receives 48-hour invite link, forces password setup.

3. Feature 2 — Document Upload & Auto-Classification: Supports PDF and Word (.docx) bulk uploads. Categories: Loan Policy, Mortgage, HR & Leave, Compliance, Operations, General. Unconfident files route to Admin Review Queue.

4. Feature 3 — RAG Chat with Citation: ChatGPT-style UI. Answers generated strictly from assigned documents. Mandatory source citations (document name + section/page). Explicit disclaimer on low-confidence answers. Data-level access control.

5. Feature 4 — Case-Based Reasoning: Accepts scenario details (loan amount, collateral, income) and returns direct policy recommendations with clause citations.

6. Feature 5 — Version Control: Automatic active version switching on upload. Full version history retention, audit trail, and manual rollback.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.
• *Clause CR-M401 (Gold Loan Policy):* Max LTV ratio 75%, individual cap ■10,00,000.

Page-Specific QA Ground Truth Anchor: For verification of test block 83, the unique validation hash code for this page is VERIFY-PAGE-ID-0083-OK.

DOCUMENT SECTION 84 OF 1000 — QA BENCHMARK PAGE 84

System Verification Identifier: REF-QA-2026-BLOCK-0084

MVP — Feature Specification: AI Knowledge Platform for Banking (July 2026)

1. Purpose & Platform Overview: Multi-tenant AI knowledge management system for banks. Bank staff interact with an AI assistant that answers questions strictly from assigned bank documents.

2. Feature 1 — Onboarding: Subdomain creation (bank-name.platform.com), isolated environments. Master Admin receives 48-hour invite link, forces password setup.

3. Feature 2 — Document Upload & Auto-Classification: Supports PDF and Word (.docx) bulk uploads. Categories: Loan Policy, Mortgage, HR & Leave, Compliance, Operations, General. Unconfident files route to Admin Review Queue.

4. Feature 3 — RAG Chat with Citation: ChatGPT-style UI. Answers generated strictly from assigned documents. Mandatory source citations (document name + section/page). Explicit disclaimer on low-confidence answers. Data-level access control.

5. Feature 4 — Case-Based Reasoning: Accepts scenario details (loan amount, collateral, income) and returns direct policy recommendations with clause citations.

6. Feature 5 — Version Control: Automatic active version switching on upload. Full version history retention, audit trail, and manual rollback.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.
• *Clause CR-M401 (Gold Loan Policy):* Max LTV ratio 75%, individual cap ■10,00,000.

Page-Specific QA Ground Truth Anchor: For verification of test block 84, the unique validation hash code for this page is VERIFY-PAGE-ID-0084-OK.

DOCUMENT SECTION 116 OF 1000 — QA BENCHMARK PAGE 116

System Verification Identifier: REF-QA-2026-BLOCK-0116

MVP — Feature Specification: AI Knowledge Platform for Banking (July 2026)

1. Purpose & Platform Overview: Multi-tenant AI knowledge management system for banks. Bank staff interact with an AI assistant that answers questions strictly from assigned bank documents.

2. Feature 1 — Onboarding: Subdomain creation (bank-name.platform.com), isolated environments. Master Admin receives 48-hour invite link, forces password setup.

3. Feature 2 — Document Upload & Auto-Classification: Supports PDF and Word (.docx) bulk uploads. Categories: Loan Policy, Mortgage, HR & Leave, Compliance, Operations, General. Unconfident files route to Admin Review Queue.

4. Feature 3 — RAG Chat with Citation: ChatGPT-style UI. Answers generated strictly from assigned documents. Mandatory source citations (document name + section/page). Explicit disclaimer on low-confidence answers. Data-level access control.

5. Feature 4 — Case-Based Reasoning: Accepts scenario details (loan amount, collateral, income) and returns direct policy recommendations with clause citations.

6. Feature 5 — Version Control: Automatic active version switching on upload. Full version history retention, audit trail, and manual rollback.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.
• *Clause CR-M401 (Gold Loan Policy):* Max LTV ratio 75%, individual cap ■10,00,000.

Page-Specific QA Ground Truth Anchor: For verification of test block 116, the unique validation hash code for this page is VERIFY-PAGE-ID-0116-OK.

DOCUMENT SECTION 117 OF 1000 — QA BENCHMARK PAGE 117

DOCUMENT SECTION 132 OF 1000 — QA BENCHMARK PAGE 132

System Verification Identifier: REF-QA-2026-BLOCK-0132

MVP — Feature Specification: AI Knowledge Platform for Banking (July 2026)

1. Purpose & Platform Overview: Multi-tenant AI knowledge management system for banks. Bank staff interact with an AI assistant that answers questions strictly from assigned bank documents.

2. Feature 1 — Onboarding: Subdomain creation (bank-name.platform.com), isolated environments. Master Admin receives 48-hour invite link, forces password setup.

3. Feature 2 — Document Upload & Auto-Classification: Supports PDF and Word (.docx) bulk uploads. Categories: Loan Policy, Mortgage, HR & Leave, Compliance, Operations, General. Unconfident files route to Admin Review Queue.

4. Feature 3 — RAG Chat with Citation: ChatGPT-style UI. Answers generated strictly from assigned documents. Mandatory source citations (document name + section/page). Explicit disclaimer on low-confidence answers. Data-level access control.

5. Feature 4 — Case-Based Reasoning: Accepts scenario details (loan amount, collateral, income) and returns direct policy recommendations with clause citations.

6. Feature 5 — Version Control: Automatic active version switching on upload. Full version history retention, audit trail, and manual rollback.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.
• *Clause CR-M401 (Gold Loan Policy):* Max LTV ratio 75%, individual cap ■10,00,000.

Page-Specific QA Ground Truth Anchor: For verification of test block 132, the unique validation hash code for this page is VERIFY-PAGE-ID-0132-OK.

DOCUMENT SECTION 133 OF 1000 — QA BENCHMARK PAGE 133

System Verification Identifier: REF-QA-2026-BLOCK-0133

MVP — Feature Specification: AI Knowledge Platform for Banking (July 2026)

1. Purpose & Platform Overview: Multi-tenant AI knowledge management system for banks. Bank staff interact with an AI assistant that answers questions strictly from assigned bank documents.

2. Feature 1 — Onboarding: Subdomain creation (bank-name.platform.com), isolated environments. Master Admin receives 48-hour invite link, forces password setup.

3. Feature 2 — Document Upload & Auto-Classification: Supports PDF and Word (.docx) bulk uploads. Categories: Loan Policy, Mortgage, HR & Leave, Compliance, Operations, General. Unconfident files route to Admin Review Queue.

4. Feature 3 — RAG Chat with Citation: ChatGPT-style UI. Answers generated strictly from assigned documents. Mandatory source citations (document name + section/page). Explicit disclaimer on low-confidence answers. Data-level access control.

5. Feature 4 — Case-Based Reasoning: Accepts scenario details (loan amount, collateral, income) and returns direct policy recommendations with clause citations.

6. Feature 5 — Version Control: Automatic active version switching on upload. Full version history retention, audit trail, and manual rollback.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.
• *Clause CR-M401 (Gold Loan Policy):* Max LTV ratio 75%, individual cap ■10,00,000.

1. Purpose & Platform Overview: Multi-tenant AI knowledge management system for banks. Bank staff interact with an AI assistant that answers questions strictly from assigned bank documents.

2. Feature 1 — Onboarding: Subdomain creation (bank-name.platform.com), isolated environments. Master Admin receives 48-hour invite link, forces password setup.

3. Feature 2 — Document Upload & Auto-Classification: Supports PDF and Word (.docx) bulk uploads. Categories: Loan Policy, Mortgage, HR & Leave, Compliance, Operations, General. Unconfident files route to Admin Review Queue.

4. Feature 3 — RAG Chat with Citation: ChatGPT-style UI. Answers generated strictly from assigned documents. Mandatory source citations (document name + section/page). Explicit disclaimer on low-confidence answers. Data-level access control.

5. Feature 4 — Case-Based Reasoning: Accepts scenario details (loan amount, collateral, income) and returns direct policy recommendations with clause citations.

6. Feature 5 — Version Control: Automatic active version switching on upload. Full version history retention, audit trail, and manual rollback.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.
• *Clause CR-M401 (Gold Loan Policy):* Max LTV ratio 75%, individual cap ■10,00,000.

Page-Specific QA Ground Truth Anchor: For verification of test block 148, the unique validation hash code for this page is VERIFY-PAGE-ID-0148-OK.

DOCUMENT SECTION 149 OF 1000 — QA BENCHMARK PAGE 149

DOCUMENT SECTION 181 OF 1000 — QA BENCHMARK PAGE 181

System Verification Identifier: REF-QA-2026-BLOCK-0181

MVP — Feature Specification: AI Knowledge Platform for Banking (July 2026)

1. Purpose & Platform Overview: Multi-tenant AI knowledge management system for banks. Bank staff interact with an AI assistant that answers questions strictly from assigned bank documents.

2. Feature 1 — Onboarding: Subdomain creation (bank-name.platform.com), isolated environments. Master Admin receives 48-hour invite link, forces password setup.

3. Feature 2 — Document Upload & Auto-Classification: Supports PDF and Word (.docx) bulk uploads. Categories: Loan Policy, Mortgage, HR & Leave, Compliance, Operations, General. Unconfident files route to Admin Review Queue.

4. Feature 3 — RAG Chat with Citation: ChatGPT-style UI. Answers generated strictly from assigned documents. Mandatory source citations (document name + section/page). Explicit disclaimer on low-confidence answers. Data-level access control.

5. Feature 4 — Case-Based Reasoning: Accepts scenario details (loan amount, collateral, income) and returns direct policy recommendations with clause citations.

6. Feature 5 — Version Control: Automatic active version switching on upload. Full version history retention, audit trail, and manual rollback.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.
• *Clause CR-M401 (Gold Loan Policy):* Max LTV ratio 75%, individual cap ■10,00,000.

Page-Specific QA Ground Truth Anchor: For verification of test block 181, the unique validation hash code for this page is VERIFY-PAGE-ID-0181-OK.

DOCUMENT SECTION 182 OF 1000 — QA BENCHMARK PAGE 182

System Verification Identifier: REF-QA-2026-BLOCK-0197

MVP — Feature Specification: AI Knowledge Platform for Banking (July 2026)

1. Purpose & Platform Overview: Multi-tenant AI knowledge management system for banks. Bank staff interact with an AI assistant that answers questions strictly from assigned bank documents.

2. Feature 1 — Onboarding: Subdomain creation (bank-name.platform.com), isolated environments. Master Admin receives 48-hour invite link, forces password setup.

3. Feature 2 — Document Upload & Auto-Classification: Supports PDF and Word (.docx) bulk uploads. Categories: Loan Policy, Mortgage, HR & Leave, Compliance, Operations, General. Unconfident files route to Admin Review Queue.

4. Feature 3 — RAG Chat with Citation: ChatGPT-style UI. Answers generated strictly from assigned documents. Mandatory source citations (document name + section/page). Explicit disclaimer on low-confidence answers. Data-level access control.

5. Feature 4 — Case-Based Reasoning: Accepts scenario details (loan amount, collateral, income) and returns direct policy recommendations with clause citations.

6. Feature 5 — Version Control: Automatic active version switching on upload. Full version history retention, audit trail, and manual rollback.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.
• *Clause CR-M401 (Gold Loan Policy):* Max LTV ratio 75%, individual cap ■10,00,000.

Page-Specific QA Ground Truth Anchor: For verification of test block 197, the unique validation hash code for this page is VERIFY-PAGE-ID-0197-OK.

DOCUMENT SECTION 198 OF 1000 — QA BENCHMARK PAGE 198

System Verification Identifier: REF-QA-2026-BLOCK-0198

MVP — Feature Specification: AI Knowledge Platform for Banking (July 2026)

1. Purpose & Platform Overview: Multi-tenant AI knowledge management system for banks. Bank staff interact with an AI assistant that answers questions strictly from assigned bank documents.

2. Feature 1 — Onboarding: Subdomain creation (bank-name.platform.com), isolated environments. Master Admin receives 48-hour invite link, forces password setup.

3. Feature 2 — Document Upload & Auto-Classification: Supports PDF and Word (.docx) bulk uploads. Categories: Loan Policy, Mortgage, HR & Leave, Compliance, Operations, General. Unconfident files route to Admin Review Queue.

4. Feature 3 — RAG Chat with Citation: ChatGPT-style UI. Answers generated strictly from assigned documents. Mandatory source citations (document name + section/page). Explicit disclaimer on low-confidence answers. Data-level access control.

5. Feature 4 — Case-Based Reasoning: Accepts scenario details (loan amount, collateral, income) and returns direct policy recommendations with clause citations.

6. Feature 5 — Version Control: Automatic active version switching on upload. Full version history retention, audit trail, and manual rollback.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.
• *Clause CR-M401 (Gold Loan Policy):* Max LTV ratio 75%, individual cap ■10,00,000.

Page-Specific QA Ground Truth Anchor: For verification of test block 198, the unique validation hash code for this page is VERIFY-PAGE-ID-0198-OK.

DOCUMENT SECTION 199 OF 1000 — QA BENCHMARK PAGE 199

System Verification Identifier: REF-QA-2026-BLOCK-0199

MVP — Feature Specification: AI Knowledge Platform for Banking (July 2026)

1. Purpose & Platform Overview: Multi-tenant AI knowledge management system for banks. Bank staff interact with an AI assistant that answers questions strictly from assigned bank documents.

2. Feature 1 — Onboarding: Subdomain creation (bank-name.platform.com), isolated environments. Master Admin receives 48-hour invite link, forces password setup.

3. Feature 2 — Document Upload & Auto-Classification: Supports PDF and Word (.docx) bulk uploads. Categories: Loan Policy, Mortgage, HR & Leave, Compliance, Operations, General. Unconfident files route to Admin Review Queue.

4. Feature 3 — RAG Chat with Citation: ChatGPT-style UI. Answers generated strictly from assigned documents. Mandatory source citations (document name + section/page). Explicit disclaimer on low-confidence answers. Data-level access control.

5. Feature 4 — Case-Based Reasoning: Accepts scenario details (loan amount, collateral, income) and returns direct policy recommendations with clause citations.

6. Feature 5 — Version Control: Automatic active version switching on upload. Full version history retention, audit trail, and manual rollback.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.
• *Clause CR-M401 (Gold Loan Policy):* Max LTV ratio 75%, individual cap ■10,00,000.

Page-Specific QA Ground Truth Anchor: For verification of test block 199, the unique validation hash code for this page is VERIFY-PAGE-ID-0199-OK.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.
• *Clause CR-M401 (Gold Loan Policy):* Max LTV ratio 75%, individual cap ■10,00,000.

Page-Specific QA Ground Truth Anchor: For verification of test block 229, the unique validation hash code for this page is VERIFY-PAGE-ID-0229-OK.

DOCUMENT SECTION 230 OF 1000 — QA BENCHMARK PAGE 230

System Verification Identifier: REF-QA-2026-BLOCK-0230

MVP — Feature Specification: AI Knowledge Platform for Banking (July 2026)

1. Purpose & Platform Overview: Multi-tenant AI knowledge management system for banks. Bank staff interact with an AI assistant that answers questions strictly from assigned bank documents.

2. Feature 1 — Onboarding: Subdomain creation (bank-name.platform.com), isolated environments. Master Admin receives 48-hour invite link, forces password setup.

3. Feature 2 — Document Upload & Auto-Classification: Supports PDF and Word (.docx) bulk uploads. Categories: Loan Policy, Mortgage, HR & Leave, Compliance, Operations, General. Unconfident files route to Admin Review Queue.

4. Feature 3 — RAG Chat with Citation: ChatGPT-style UI. Answers generated strictly from assigned documents. Mandatory source citations (document name + section/page). Explicit disclaimer on low-confidence answers. Data-level access control.

5. Feature 4 — Case-Based Reasoning: Accepts scenario details (loan amount, collateral, income) and returns direct policy recommendations with clause citations.

6. Feature 5 — Version Control: Automatic active version switching on upload. Full version history retention, audit trail, and manual rollback.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.
• *Clause CR-M401 (Gold Loan Policy):* Max LTV ratio 75%, individual cap ■10,00,000.

Page-Specific QA Ground Truth Anchor: For verification of test block 230, the unique validation hash code for this page is VERIFY-PAGE-ID-0230-OK.

DOCUMENT SECTION 231 OF 1000 — QA BENCHMARK PAGE 231

System Verification Identifier: REF-QA-2026-BLOCK-0231

MVP — Feature Specification: AI Knowledge Platform for Banking (July 2026)

1. Purpose & Platform Overview: Multi-tenant AI knowledge management system for banks. Bank staff interact with an AI assistant that answers questions strictly from assigned bank documents.

2. Feature 1 — Onboarding: Subdomain creation (bank-name.platform.com), isolated environments. Master Admin receives 48-hour invite link, forces password setup.

3. Feature 2 — Document Upload & Auto-Classification: Supports PDF and Word (.docx) bulk uploads. Categories: Loan Policy, Mortgage, HR & Leave, Compliance, Operations, General. Unconfident files route to Admin Review Queue.

4. Feature 3 — RAG Chat with Citation: ChatGPT-style UI. Answers generated strictly from assigned documents. Mandatory source citations (document name + section/page). Explicit disclaimer on low-confidence answers. Data-level access control.

5. Feature 4 — Case-Based Reasoning: Accepts scenario details (loan amount, collateral, income) and returns direct policy recommendations with clause citations.

6. Feature 5 — Version Control: Automatic active version switching on upload. Full version history retention, audit trail, and manual rollback.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.

DOCUMENT SECTION 246 OF 1000 — QA BENCHMARK PAGE 246

System Verification Identifier: REF-QA-2026-BLOCK-0246

MVP — Feature Specification: AI Knowledge Platform for Banking (July 2026)

1. Purpose & Platform Overview: Multi-tenant AI knowledge management system for banks. Bank staff interact with an AI assistant that answers questions strictly from assigned bank documents.

2. Feature 1 — Onboarding: Subdomain creation (bank-name.platform.com), isolated environments. Master Admin receives 48-hour invite link, forces password setup.

3. Feature 2 — Document Upload & Auto-Classification: Supports PDF and Word (.docx) bulk uploads. Categories: Loan Policy, Mortgage, HR & Leave, Compliance, Operations, General. Unconfident files route to Admin Review Queue.

4. Feature 3 — RAG Chat with Citation: ChatGPT-style UI. Answers generated strictly from assigned documents. Mandatory source citations (document name + section/page). Explicit disclaimer on low-confidence answers. Data-level access control.

5. Feature 4 — Case-Based Reasoning: Accepts scenario details (loan amount, collateral, income) and returns direct policy recommendations with clause citations.

6. Feature 5 — Version Control: Automatic active version switching on upload. Full version history retention, audit trail, and manual rollback.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.
• *Clause CR-M401 (Gold Loan Policy):* Max LTV ratio 75%, individual cap ■10,00,000.

Page-Specific QA Ground Truth Anchor: For verification of test block 246, the unique validation hash code for this page is VERIFY-PAGE-ID-0246-OK.

DOCUMENT SECTION 247 OF 1000 — QA BENCHMARK PAGE 247

System Verification Identifier: REF-QA-2026-BLOCK-0247

MVP — Feature Specification: AI Knowledge Platform for Banking (July 2026)

1. Purpose & Platform Overview: Multi-tenant AI knowledge management system for banks. Bank staff interact with an AI assistant that answers questions strictly from assigned bank documents.

2. Feature 1 — Onboarding: Subdomain creation (bank-name.platform.com), isolated environments. Master Admin receives 48-hour invite link, forces password setup.

3. Feature 2 — Document Upload & Auto-Classification: Supports PDF and Word (.docx) bulk uploads. Categories: Loan Policy, Mortgage, HR & Leave, Compliance, Operations, General. Unconfident files route to Admin Review Queue.

4. Feature 3 — RAG Chat with Citation: ChatGPT-style UI. Answers generated strictly from assigned documents. Mandatory source citations (document name + section/page). Explicit disclaimer on low-confidence answers. Data-level access control.

5. Feature 4 — Case-Based Reasoning: Accepts scenario details (loan amount, collateral, income) and returns direct policy recommendations with clause citations.

6. Feature 5 — Version Control: Automatic active version switching on upload. Full version history retention, audit trail, and manual rollback.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.
• *Clause CR-M401 (Gold Loan Policy):* Max LTV ratio 75%, individual cap ■10,00,000.

1. Purpose & Platform Overview: Multi-tenant AI knowledge management system for banks. Bank staff interact with an AI assistant that answers questions strictly from assigned bank documents.

2. Feature 1 — Onboarding: Subdomain creation (bank-name.platform.com), isolated environments. Master Admin receives 48-hour invite link, forces password setup.

3. Feature 2 — Document Upload & Auto-Classification: Supports PDF and Word (.docx) bulk uploads. Categories: Loan Policy, Mortgage, HR & Leave, Compliance, Operations, General. Unconfident files route to Admin Review Queue.

4. Feature 3 — RAG Chat with Citation: ChatGPT-style UI. Answers generated strictly from assigned documents. Mandatory source citations (document name + section/page). Explicit disclaimer on low-confidence answers. Data-level access control.

5. Feature 4 — Case-Based Reasoning: Accepts scenario details (loan amount, collateral, income) and returns direct policy recommendations with clause citations.

6. Feature 5 — Version Control: Automatic active version switching on upload. Full version history retention, audit trail, and manual rollback.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.
• *Clause CR-M401 (Gold Loan Policy):* Max LTV ratio 75%, individual cap ■10,00,000.

Page-Specific QA Ground Truth Anchor: For verification of test block 262, the unique validation hash code for this page is VERIFY-PAGE-ID-0262-OK.

DOCUMENT SECTION 263 OF 1000 — QA BENCHMARK PAGE 263

DOCUMENT SECTION 295 OF 1000 — QA BENCHMARK PAGE 295

System Verification Identifier: REF-QA-2026-BLOCK-0295

MVP — Feature Specification: AI Knowledge Platform for Banking (July 2026)

1. Purpose & Platform Overview: Multi-tenant AI knowledge management system for banks. Bank staff interact with an AI assistant that answers questions strictly from assigned bank documents.

2. Feature 1 — Onboarding: Subdomain creation (bank-name.platform.com), isolated environments. Master Admin receives 48-hour invite link, forces password setup.

3. Feature 2 — Document Upload & Auto-Classification: Supports PDF and Word (.docx) bulk uploads. Categories: Loan Policy, Mortgage, HR & Leave, Compliance, Operations, General. Unconfident files route to Admin Review Queue.

4. Feature 3 — RAG Chat with Citation: ChatGPT-style UI. Answers generated strictly from assigned documents. Mandatory source citations (document name + section/page). Explicit disclaimer on low-confidence answers. Data-level access control.

5. Feature 4 — Case-Based Reasoning: Accepts scenario details (loan amount, collateral, income) and returns direct policy recommendations with clause citations.

6. Feature 5 — Version Control: Automatic active version switching on upload. Full version history retention, audit trail, and manual rollback.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.
• *Clause CR-M401 (Gold Loan Policy):* Max LTV ratio 75%, individual cap ■10,00,000.

Page-Specific QA Ground Truth Anchor: For verification of test block 295, the unique validation hash code for this page is VERIFY-PAGE-ID-0295-OK.

DOCUMENT SECTION 296 OF 1000 — QA BENCHMARK PAGE 296

System Verification Identifier: REF-QA-2026-BLOCK-0296

MVP — Feature Specification: AI Knowledge Platform for Banking (July 2026)

System Verification Identifier: REF-QA-2026-BLOCK-0311

MVP — Feature Specification: AI Knowledge Platform for Banking (July 2026)

1. Purpose & Platform Overview: Multi-tenant AI knowledge management system for banks. Bank staff interact with an AI assistant that answers questions strictly from assigned bank documents.

2. Feature 1 — Onboarding: Subdomain creation (bank-name.platform.com), isolated environments. Master Admin receives 48-hour invite link, forces password setup.

3. Feature 2 — Document Upload & Auto-Classification: Supports PDF and Word (.docx) bulk uploads. Categories: Loan Policy, Mortgage, HR & Leave, Compliance, Operations, General. Unconfident files route to Admin Review Queue.

4. Feature 3 — RAG Chat with Citation: ChatGPT-style UI. Answers generated strictly from assigned documents. Mandatory source citations (document name + section/page). Explicit disclaimer on low-confidence answers. Data-level access control.

5. Feature 4 — Case-Based Reasoning: Accepts scenario details (loan amount, collateral, income) and returns direct policy recommendations with clause citations.

6. Feature 5 — Version Control: Automatic active version switching on upload. Full version history retention, audit trail, and manual rollback.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.
• *Clause CR-M401 (Gold Loan Policy):* Max LTV ratio 75%, individual cap ■10,00,000.

Page-Specific QA Ground Truth Anchor: For verification of test block 311, the unique validation hash code for this page is VERIFY-PAGE-ID-0311-OK.

DOCUMENT SECTION 312 OF 1000 — QA BENCHMARK PAGE 312

System Verification Identifier: REF-QA-2026-BLOCK-0312

MVP — Feature Specification: AI Knowledge Platform for Banking (July 2026)

1. Purpose & Platform Overview: Multi-tenant AI knowledge management system for banks. Bank staff interact with an AI assistant that answers questions strictly from assigned bank documents.

2. Feature 1 — Onboarding: Subdomain creation (bank-name.platform.com), isolated environments. Master Admin receives 48-hour invite link, forces password setup.

3. Feature 2 — Document Upload & Auto-Classification: Supports PDF and Word (.docx) bulk uploads. Categories: Loan Policy, Mortgage, HR & Leave, Compliance, Operations, General. Unconfident files route to Admin Review Queue.

4. Feature 3 — RAG Chat with Citation: ChatGPT-style UI. Answers generated strictly from assigned documents. Mandatory source citations (document name + section/page). Explicit disclaimer on low-confidence answers. Data-level access control.

5. Feature 4 — Case-Based Reasoning: Accepts scenario details (loan amount, collateral, income) and returns direct policy recommendations with clause citations.

6. Feature 5 — Version Control: Automatic active version switching on upload. Full version history retention, audit trail, and manual rollback.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.
• *Clause CR-M401 (Gold Loan Policy):* Max LTV ratio 75%, individual cap ■10,00,000.

Page-Specific QA Ground Truth Anchor: For verification of test block 312, the unique validation hash code for this page is VERIFY-PAGE-ID-0312-OK.

DOCUMENT SECTION 344 OF 1000 — QA BENCHMARK PAGE 344

System Verification Identifier: REF-QA-2026-BLOCK-0344

MVP — Feature Specification: AI Knowledge Platform for Banking (July 2026)

1. Purpose & Platform Overview: Multi-tenant AI knowledge management system for banks. Bank staff interact with an AI assistant that answers questions strictly from assigned bank documents.

2. Feature 1 — Onboarding: Subdomain creation (bank-name.platform.com), isolated environments. Master Admin receives 48-hour invite link, forces password setup.

3. Feature 2 — Document Upload & Auto-Classification: Supports PDF and Word (.docx) bulk uploads. Categories: Loan Policy, Mortgage, HR & Leave, Compliance, Operations, General. Unconfident files route to Admin Review Queue.

4. Feature 3 — RAG Chat with Citation: ChatGPT-style UI. Answers generated strictly from assigned documents. Mandatory source citations (document name + section/page). Explicit disclaimer on low-confidence answers. Data-level access control.

5. Feature 4 — Case-Based Reasoning: Accepts scenario details (loan amount, collateral, income) and returns direct policy recommendations with clause citations.

6. Feature 5 — Version Control: Automatic active version switching on upload. Full version history retention, audit trail, and manual rollback.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.
• *Clause CR-M401 (Gold Loan Policy):* Max LTV ratio 75%, individual cap ■10,00,000.

Page-Specific QA Ground Truth Anchor: For verification of test block 344, the unique validation hash code for this page is VERIFY-PAGE-ID-0344-OK.

DOCUMENT SECTION 345 OF 1000 — QA BENCHMARK PAGE 345

DOCUMENT SECTION 360 OF 1000 — QA BENCHMARK PAGE 360

System Verification Identifier: REF-QA-2026-BLOCK-0360

MVP — Feature Specification: AI Knowledge Platform for Banking (July 2026)

1. Purpose & Platform Overview: Multi-tenant AI knowledge management system for banks. Bank staff interact with an AI assistant that answers questions strictly from assigned bank documents.

2. Feature 1 — Onboarding: Subdomain creation (bank-name.platform.com), isolated environments. Master Admin receives 48-hour invite link, forces password setup.

3. Feature 2 — Document Upload & Auto-Classification: Supports PDF and Word (.docx) bulk uploads. Categories: Loan Policy, Mortgage, HR & Leave, Compliance, Operations, General. Unconfident files route to Admin Review Queue.

4. Feature 3 — RAG Chat with Citation: ChatGPT-style UI. Answers generated strictly from assigned documents. Mandatory source citations (document name + section/page). Explicit disclaimer on low-confidence answers. Data-level access control.

5. Feature 4 — Case-Based Reasoning: Accepts scenario details (loan amount, collateral, income) and returns direct policy recommendations with clause citations.

6. Feature 5 — Version Control: Automatic active version switching on upload. Full version history retention, audit trail, and manual rollback.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.
• *Clause CR-M401 (Gold Loan Policy):* Max LTV ratio 75%, individual cap ■10,00,000.

Page-Specific QA Ground Truth Anchor: For verification of test block 360, the unique validation hash code for this page is VERIFY-PAGE-ID-0360-OK.

DOCUMENT SECTION 361 OF 1000 — QA BENCHMARK PAGE 361

System Verification Identifier: REF-QA-2026-BLOCK-0361

MVP — Feature Specification: AI Knowledge Platform for Banking (July 2026)

1. Purpose & Platform Overview: Multi-tenant AI knowledge management system for banks. Bank staff interact with an AI assistant that answers questions strictly from assigned bank documents.

2. Feature 1 — Onboarding: Subdomain creation (bank-name.platform.com), isolated environments. Master Admin receives 48-hour invite link, forces password setup.

3. Feature 2 — Document Upload & Auto-Classification: Supports PDF and Word (.docx) bulk uploads. Categories: Loan Policy, Mortgage, HR & Leave, Compliance, Operations, General. Unconfident files route to Admin Review Queue.

4. Feature 3 — RAG Chat with Citation: ChatGPT-style UI. Answers generated strictly from assigned documents. Mandatory source citations (document name + section/page). Explicit disclaimer on low-confidence answers. Data-level access control.

5. Feature 4 — Case-Based Reasoning: Accepts scenario details (loan amount, collateral, income) and returns direct policy recommendations with clause citations.

6. Feature 5 — Version Control: Automatic active version switching on upload. Full version history retention, audit trail, and manual rollback.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.
• *Clause CR-M401 (Gold Loan Policy):* Max LTV ratio 75%, individual cap ■10,00,000.

1. Purpose & Platform Overview: Multi-tenant AI knowledge management system for banks. Bank staff interact with an AI assistant that answers questions strictly from assigned bank documents.

2. Feature 1 — Onboarding: Subdomain creation (bank-name.platform.com), isolated environments. Master Admin receives 48-hour invite link, forces password setup.

3. Feature 2 — Document Upload & Auto-Classification: Supports PDF and Word (.docx) bulk uploads. Categories: Loan Policy, Mortgage, HR & Leave, Compliance, Operations, General. Unconfident files route to Admin Review Queue.

4. Feature 3 — RAG Chat with Citation: ChatGPT-style UI. Answers generated strictly from assigned documents. Mandatory source citations (document name + section/page). Explicit disclaimer on low-confidence answers. Data-level access control.

5. Feature 4 — Case-Based Reasoning: Accepts scenario details (loan amount, collateral, income) and returns direct policy recommendations with clause citations.

6. Feature 5 — Version Control: Automatic active version switching on upload. Full version history retention, audit trail, and manual rollback.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.
• *Clause CR-M401 (Gold Loan Policy):* Max LTV ratio 75%, individual cap ■10,00,000.

Page-Specific QA Ground Truth Anchor: For verification of test block 376, the unique validation hash code for this page is VERIFY-PAGE-ID-0376-OK.

DOCUMENT SECTION 377 OF 1000 — QA BENCHMARK PAGE 377

DOCUMENT SECTION 409 OF 1000 — QA BENCHMARK PAGE 409

System Verification Identifier: REF-QA-2026-BLOCK-0409

MVP — Feature Specification: AI Knowledge Platform for Banking (July 2026)

1. Purpose & Platform Overview: Multi-tenant AI knowledge management system for banks. Bank staff interact with an AI assistant that answers questions strictly from assigned bank documents.

2. Feature 1 — Onboarding: Subdomain creation (bank-name.platform.com), isolated environments. Master Admin receives 48-hour invite link, forces password setup.

3. Feature 2 — Document Upload & Auto-Classification: Supports PDF and Word (.docx) bulk uploads. Categories: Loan Policy, Mortgage, HR & Leave, Compliance, Operations, General. Unconfident files route to Admin Review Queue.

4. Feature 3 — RAG Chat with Citation: ChatGPT-style UI. Answers generated strictly from assigned documents. Mandatory source citations (document name + section/page). Explicit disclaimer on low-confidence answers. Data-level access control.

5. Feature 4 — Case-Based Reasoning: Accepts scenario details (loan amount, collateral, income) and returns direct policy recommendations with clause citations.

6. Feature 5 — Version Control: Automatic active version switching on upload. Full version history retention, audit trail, and manual rollback.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.
• *Clause CR-M401 (Gold Loan Policy):* Max LTV ratio 75%, individual cap ■10,00,000.

Page-Specific QA Ground Truth Anchor: For verification of test block 409, the unique validation hash code for this page is VERIFY-PAGE-ID-0409-OK.

DOCUMENT SECTION 410 OF 1000 — QA BENCHMARK PAGE 410

System Verification Identifier: REF-QA-2026-BLOCK-0410

MVP — Feature Specification: AI Knowledge Platform for Banking (July 2026)

1. Purpose & Platform Overview: Multi-tenant AI knowledge management system for banks. Bank staff interact with an AI assistant that answers questions strictly from assigned bank documents.

2. Feature 1 — Onboarding: Subdomain creation (bank-name.platform.com), isolated environments. Master Admin receives 48-hour invite link, forces password setup.

3. Feature 2 — Document Upload & Auto-Classification: Supports PDF and Word (.docx) bulk uploads. Categories: Loan Policy, Mortgage, HR & Leave, Compliance, Operations, General. Unconfident files route to Admin Review Queue.

4. Feature 3 — RAG Chat with Citation: ChatGPT-style UI. Answers generated strictly from assigned documents. Mandatory source citations (document name + section/page). Explicit disclaimer on low-confidence answers. Data-level access control.

5. Feature 4 — Case-Based Reasoning: Accepts scenario details (loan amount, collateral, income) and returns direct policy recommendations with clause citations.

6. Feature 5 — Version Control: Automatic active version switching on upload. Full version history retention, audit trail, and manual rollback.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.
• *Clause CR-M401 (Gold Loan Policy):* Max LTV ratio 75%, individual cap ■10,00,000.

System Verification Identifier: REF-QA-2026-BLOCK-0425

MVP — Feature Specification: AI Knowledge Platform for Banking (July 2026)

1. Purpose & Platform Overview: Multi-tenant AI knowledge management system for banks. Bank staff interact with an AI assistant that answers questions strictly from assigned bank documents.

2. Feature 1 — Onboarding: Subdomain creation (bank-name.platform.com), isolated environments. Master Admin receives 48-hour invite link, forces password setup.

3. Feature 2 — Document Upload & Auto-Classification: Supports PDF and Word (.docx) bulk uploads. Categories: Loan Policy, Mortgage, HR & Leave, Compliance, Operations, General. Unconfident files route to Admin Review Queue.

4. Feature 3 — RAG Chat with Citation: ChatGPT-style UI. Answers generated strictly from assigned documents. Mandatory source citations (document name + section/page). Explicit disclaimer on low-confidence answers. Data-level access control.

5. Feature 4 — Case-Based Reasoning: Accepts scenario details (loan amount, collateral, income) and returns direct policy recommendations with clause citations.

6. Feature 5 — Version Control: Automatic active version switching on upload. Full version history retention, audit trail, and manual rollback.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.
• *Clause CR-M401 (Gold Loan Policy):* Max LTV ratio 75%, individual cap ■10,00,000.

Page-Specific QA Ground Truth Anchor: For verification of test block 425, the unique validation hash code for this page is VERIFY-PAGE-ID-0425-OK.

DOCUMENT SECTION 426 OF 1000 — QA BENCHMARK PAGE 426

System Verification Identifier: REF-QA-2026-BLOCK-0426

MVP — Feature Specification: AI Knowledge Platform for Banking (July 2026)

1. Purpose & Platform Overview: Multi-tenant AI knowledge management system for banks. Bank staff interact with an AI assistant that answers questions strictly from assigned bank documents.

2. Feature 1 — Onboarding: Subdomain creation (bank-name.platform.com), isolated environments. Master Admin receives 48-hour invite link, forces password setup.

3. Feature 2 — Document Upload & Auto-Classification: Supports PDF and Word (.docx) bulk uploads. Categories: Loan Policy, Mortgage, HR & Leave, Compliance, Operations, General. Unconfident files route to Admin Review Queue.

4. Feature 3 — RAG Chat with Citation: ChatGPT-style UI. Answers generated strictly from assigned documents. Mandatory source citations (document name + section/page). Explicit disclaimer on low-confidence answers. Data-level access control.

5. Feature 4 — Case-Based Reasoning: Accepts scenario details (loan amount, collateral, income) and returns direct policy recommendations with clause citations.

6. Feature 5 — Version Control: Automatic active version switching on upload. Full version history retention, audit trail, and manual rollback.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.
• *Clause CR-M401 (Gold Loan Policy):* Max LTV ratio 75%, individual cap ■10,00,000.

Page-Specific QA Ground Truth Anchor: For verification of test block 426, the unique validation hash code for this page is VERIFY-PAGE-ID-0426-OK.

DOCUMENT SECTION 458 OF 1000 — QA BENCHMARK PAGE 458

System Verification Identifier: REF-QA-2026-BLOCK-0458

MVP — Feature Specification: AI Knowledge Platform for Banking (July 2026)

1. Purpose & Platform Overview: Multi-tenant AI knowledge management system for banks. Bank staff interact with an AI assistant that answers questions strictly from assigned bank documents.

2. Feature 1 — Onboarding: Subdomain creation (bank-name.platform.com), isolated environments. Master Admin receives 48-hour invite link, forces password setup.

3. Feature 2 — Document Upload & Auto-Classification: Supports PDF and Word (.docx) bulk uploads. Categories: Loan Policy, Mortgage, HR & Leave, Compliance, Operations, General. Unconfident files route to Admin Review Queue.

4. Feature 3 — RAG Chat with Citation: ChatGPT-style UI. Answers generated strictly from assigned documents. Mandatory source citations (document name + section/page). Explicit disclaimer on low-confidence answers. Data-level access control.

5. Feature 4 — Case-Based Reasoning: Accepts scenario details (loan amount, collateral, income) and returns direct policy recommendations with clause citations.

6. Feature 5 — Version Control: Automatic active version switching on upload. Full version history retention, audit trail, and manual rollback.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.
• *Clause CR-M401 (Gold Loan Policy):* Max LTV ratio 75%, individual cap ■10,00,000.

Page-Specific QA Ground Truth Anchor: For verification of test block 458, the unique validation hash code for this page is VERIFY-PAGE-ID-0458-OK.

DOCUMENT SECTION 459 OF 1000 — QA BENCHMARK PAGE 459

DOCUMENT SECTION 474 OF 1000 — QA BENCHMARK PAGE 474

System Verification Identifier: REF-QA-2026-BLOCK-0474

MVP — Feature Specification: AI Knowledge Platform for Banking (July 2026)

1. Purpose & Platform Overview: Multi-tenant AI knowledge management system for banks. Bank staff interact with an AI assistant that answers questions strictly from assigned bank documents.

2. Feature 1 — Onboarding: Subdomain creation (bank-name.platform.com), isolated environments. Master Admin receives 48-hour invite link, forces password setup.

3. Feature 2 — Document Upload & Auto-Classification: Supports PDF and Word (.docx) bulk uploads. Categories: Loan Policy, Mortgage, HR & Leave, Compliance, Operations, General. Unconfident files route to Admin Review Queue.

4. Feature 3 — RAG Chat with Citation: ChatGPT-style UI. Answers generated strictly from assigned documents. Mandatory source citations (document name + section/page). Explicit disclaimer on low-confidence answers. Data-level access control.

5. Feature 4 — Case-Based Reasoning: Accepts scenario details (loan amount, collateral, income) and returns direct policy recommendations with clause citations.

6. Feature 5 — Version Control: Automatic active version switching on upload. Full version history retention, audit trail, and manual rollback.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.
• *Clause CR-M401 (Gold Loan Policy):* Max LTV ratio 75%, individual cap ■10,00,000.

Page-Specific QA Ground Truth Anchor: For verification of test block 474, the unique validation hash code for this page is VERIFY-PAGE-ID-0474-OK.

DOCUMENT SECTION 475 OF 1000 — QA BENCHMARK PAGE 475

System Verification Identifier: REF-QA-2026-BLOCK-0475

MVP — Feature Specification: AI Knowledge Platform for Banking (July 2026)

1. Purpose & Platform Overview: Multi-tenant AI knowledge management system for banks. Bank staff interact with an AI assistant that answers questions strictly from assigned bank documents.

2. Feature 1 — Onboarding: Subdomain creation (bank-name.platform.com), isolated environments. Master Admin receives 48-hour invite link, forces password setup.

3. Feature 2 — Document Upload & Auto-Classification: Supports PDF and Word (.docx) bulk uploads. Categories: Loan Policy, Mortgage, HR & Leave, Compliance, Operations, General. Unconfident files route to Admin Review Queue.

4. Feature 3 — RAG Chat with Citation: ChatGPT-style UI. Answers generated strictly from assigned documents. Mandatory source citations (document name + section/page). Explicit disclaimer on low-confidence answers. Data-level access control.

5. Feature 4 — Case-Based Reasoning: Accepts scenario details (loan amount, collateral, income) and returns direct policy recommendations with clause citations.

6. Feature 5 — Version Control: Automatic active version switching on upload. Full version history retention, audit trail, and manual rollback.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.
• *Clause CR-M401 (Gold Loan Policy):* Max LTV ratio 75%, individual cap ■10,00,000.

1. Purpose & Platform Overview: Multi-tenant AI knowledge management system for banks. Bank staff interact with an AI assistant that answers questions strictly from assigned bank documents.

2. Feature 1 — Onboarding: Subdomain creation (bank-name.platform.com), isolated environments. Master Admin receives 48-hour invite link, forces password setup.

3. Feature 2 — Document Upload & Auto-Classification: Supports PDF and Word (.docx) bulk uploads. Categories: Loan Policy, Mortgage, HR & Leave, Compliance, Operations, General. Unconfident files route to Admin Review Queue.

4. Feature 3 — RAG Chat with Citation: ChatGPT-style UI. Answers generated strictly from assigned documents. Mandatory source citations (document name + section/page). Explicit disclaimer on low-confidence answers. Data-level access control.

5. Feature 4 — Case-Based Reasoning: Accepts scenario details (loan amount, collateral, income) and returns direct policy recommendations with clause citations.

6. Feature 5 — Version Control: Automatic active version switching on upload. Full version history retention, audit trail, and manual rollback.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.
• *Clause CR-M401 (Gold Loan Policy):* Max LTV ratio 75%, individual cap ■10,00,000.

Page-Specific QA Ground Truth Anchor: For verification of test block 490, the unique validation hash code for this page is VERIFY-PAGE-ID-0490-OK.

DOCUMENT SECTION 491 OF 1000 — QA BENCHMARK PAGE 491

DOCUMENT SECTION 523 OF 1000 — QA BENCHMARK PAGE 523

System Verification Identifier: REF-QA-2026-BLOCK-0523

MVP — Feature Specification: AI Knowledge Platform for Banking (July 2026)

1. Purpose & Platform Overview: Multi-tenant AI knowledge management system for banks. Bank staff interact with an AI assistant that answers questions strictly from assigned bank documents.

2. Feature 1 — Onboarding: Subdomain creation (bank-name.platform.com), isolated environments. Master Admin receives 48-hour invite link, forces password setup.

3. Feature 2 — Document Upload & Auto-Classification: Supports PDF and Word (.docx) bulk uploads. Categories: Loan Policy, Mortgage, HR & Leave, Compliance, Operations, General. Unconfident files route to Admin Review Queue.

4. Feature 3 — RAG Chat with Citation: ChatGPT-style UI. Answers generated strictly from assigned documents. Mandatory source citations (document name + section/page). Explicit disclaimer on low-confidence answers. Data-level access control.

5. Feature 4 — Case-Based Reasoning: Accepts scenario details (loan amount, collateral, income) and returns direct policy recommendations with clause citations.

6. Feature 5 — Version Control: Automatic active version switching on upload. Full version history retention, audit trail, and manual rollback.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.
• *Clause CR-M401 (Gold Loan Policy):* Max LTV ratio 75%, individual cap ■10,00,000.

Page-Specific QA Ground Truth Anchor: For verification of test block 523, the unique validation hash code for this page is VERIFY-PAGE-ID-0523-OK.

DOCUMENT SECTION 524 OF 1000 — QA BENCHMARK PAGE 524

System Verification Identifier: REF-QA-2026-BLOCK-0524

MVP — Feature Specification: AI Knowledge Platform for Banking (July 2026)

1. Purpose & Platform Overview: Multi-tenant AI knowledge management system for banks. Bank staff interact with an AI assistant that answers questions strictly from assigned bank documents.

2. Feature 1 — Onboarding: Subdomain creation (bank-name.platform.com), isolated environments. Master Admin receives 48-hour invite link, forces password setup.

3. Feature 2 — Document Upload & Auto-Classification: Supports PDF and Word (.docx) bulk uploads. Categories: Loan Policy, Mortgage, HR & Leave, Compliance, Operations, General. Unconfident files route to Admin Review Queue.

4. Feature 3 — RAG Chat with Citation: ChatGPT-style UI. Answers generated strictly from assigned documents. Mandatory source citations (document name + section/page). Explicit disclaimer on low-confidence answers. Data-level access control.

5. Feature 4 — Case-Based Reasoning: Accepts scenario details (loan amount, collateral, income) and returns direct policy recommendations with clause citations.

6. Feature 5 — Version Control: Automatic active version switching on upload. Full version history retention, audit trail, and manual rollback.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.

System Verification Identifier: REF-QA-2026-BLOCK-0539

MVP — Feature Specification: AI Knowledge Platform for Banking (July 2026)

1. Purpose & Platform Overview: Multi-tenant AI knowledge management system for banks. Bank staff interact with an AI assistant that answers questions strictly from assigned bank documents.

2. Feature 1 — Onboarding: Subdomain creation (bank-name.platform.com), isolated environments. Master Admin receives 48-hour invite link, forces password setup.

3. Feature 2 — Document Upload & Auto-Classification: Supports PDF and Word (.docx) bulk uploads. Categories: Loan Policy, Mortgage, HR & Leave, Compliance, Operations, General. Unconfident files route to Admin Review Queue.

4. Feature 3 — RAG Chat with Citation: ChatGPT-style UI. Answers generated strictly from assigned documents. Mandatory source citations (document name + section/page). Explicit disclaimer on low-confidence answers. Data-level access control.

5. Feature 4 — Case-Based Reasoning: Accepts scenario details (loan amount, collateral, income) and returns direct policy recommendations with clause citations.

6. Feature 5 — Version Control: Automatic active version switching on upload. Full version history retention, audit trail, and manual rollback.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.
• *Clause CR-M401 (Gold Loan Policy):* Max LTV ratio 75%, individual cap ■10,00,000.

Page-Specific QA Ground Truth Anchor: For verification of test block 539, the unique validation hash code for this page is VERIFY-PAGE-ID-0539-OK.

DOCUMENT SECTION 540 OF 1000 — QA BENCHMARK PAGE 540

System Verification Identifier: REF-QA-2026-BLOCK-0540

MVP — Feature Specification: AI Knowledge Platform for Banking (July 2026)

1. Purpose & Platform Overview: Multi-tenant AI knowledge management system for banks. Bank staff interact with an AI assistant that answers questions strictly from assigned bank documents.

2. Feature 1 — Onboarding: Subdomain creation (bank-name.platform.com), isolated environments. Master Admin receives 48-hour invite link, forces password setup.

3. Feature 2 — Document Upload & Auto-Classification: Supports PDF and Word (.docx) bulk uploads. Categories: Loan Policy, Mortgage, HR & Leave, Compliance, Operations, General. Unconfident files route to Admin Review Queue.

4. Feature 3 — RAG Chat with Citation: ChatGPT-style UI. Answers generated strictly from assigned documents. Mandatory source citations (document name + section/page). Explicit disclaimer on low-confidence answers. Data-level access control.

5. Feature 4 — Case-Based Reasoning: Accepts scenario details (loan amount, collateral, income) and returns direct policy recommendations with clause citations.

6. Feature 5 — Version Control: Automatic active version switching on upload. Full version history retention, audit trail, and manual rollback.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.
• *Clause CR-M401 (Gold Loan Policy):* Max LTV ratio 75%, individual cap ■10,00,000.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.
• *Clause CR-M401 (Gold Loan Policy):* Max LTV ratio 75%, individual cap ■10,00,000.

Page-Specific QA Ground Truth Anchor: For verification of test block 571, the unique validation hash code for this page is VERIFY-PAGE-ID-0571-OK.

DOCUMENT SECTION 572 OF 1000 — QA BENCHMARK PAGE 572

System Verification Identifier: REF-QA-2026-BLOCK-0572

MVP — Feature Specification: AI Knowledge Platform for Banking (July 2026)

1. Purpose & Platform Overview: Multi-tenant AI knowledge management system for banks. Bank staff interact with an AI assistant that answers questions strictly from assigned bank documents.

2. Feature 1 — Onboarding: Subdomain creation (bank-name.platform.com), isolated environments. Master Admin receives 48-hour invite link, forces password setup.

3. Feature 2 — Document Upload & Auto-Classification: Supports PDF and Word (.docx) bulk uploads. Categories: Loan Policy, Mortgage, HR & Leave, Compliance, Operations, General. Unconfident files route to Admin Review Queue.

4. Feature 3 — RAG Chat with Citation: ChatGPT-style UI. Answers generated strictly from assigned documents. Mandatory source citations (document name + section/page). Explicit disclaimer on low-confidence answers. Data-level access control.

5. Feature 4 — Case-Based Reasoning: Accepts scenario details (loan amount, collateral, income) and returns direct policy recommendations with clause citations.

6. Feature 5 — Version Control: Automatic active version switching on upload. Full version history retention, audit trail, and manual rollback.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.
• *Clause CR-M401 (Gold Loan Policy):* Max LTV ratio 75%, individual cap ■10,00,000.

Page-Specific QA Ground Truth Anchor: For verification of test block 572, the unique validation hash code for this page is VERIFY-PAGE-ID-0572-OK.

DOCUMENT SECTION 573 OF 1000 — QA BENCHMARK PAGE 573

DOCUMENT SECTION 588 OF 1000 — QA BENCHMARK PAGE 588

System Verification Identifier: REF-QA-2026-BLOCK-0588

MVP — Feature Specification: AI Knowledge Platform for Banking (July 2026)

1. Purpose & Platform Overview: Multi-tenant AI knowledge management system for banks. Bank staff interact with an AI assistant that answers questions strictly from assigned bank documents.

2. Feature 1 — Onboarding: Subdomain creation (bank-name.platform.com), isolated environments. Master Admin receives 48-hour invite link, forces password setup.

3. Feature 2 — Document Upload & Auto-Classification: Supports PDF and Word (.docx) bulk uploads. Categories: Loan Policy, Mortgage, HR & Leave, Compliance, Operations, General. Unconfident files route to Admin Review Queue.

4. Feature 3 — RAG Chat with Citation: ChatGPT-style UI. Answers generated strictly from assigned documents. Mandatory source citations (document name + section/page). Explicit disclaimer on low-confidence answers. Data-level access control.

5. Feature 4 — Case-Based Reasoning: Accepts scenario details (loan amount, collateral, income) and returns direct policy recommendations with clause citations.

6. Feature 5 — Version Control: Automatic active version switching on upload. Full version history retention, audit trail, and manual rollback.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.
• *Clause CR-M401 (Gold Loan Policy):* Max LTV ratio 75%, individual cap ■10,00,000.

Page-Specific QA Ground Truth Anchor: For verification of test block 588, the unique validation hash code for this page is VERIFY-PAGE-ID-0588-OK.

DOCUMENT SECTION 589 OF 1000 — QA BENCHMARK PAGE 589

System Verification Identifier: REF-QA-2026-BLOCK-0589

MVP — Feature Specification: AI Knowledge Platform for Banking (July 2026)

1. Purpose & Platform Overview: Multi-tenant AI knowledge management system for banks. Bank staff interact with an AI assistant that answers questions strictly from assigned bank documents.

2. Feature 1 — Onboarding: Subdomain creation (bank-name.platform.com), isolated environments. Master Admin receives 48-hour invite link, forces password setup.

3. Feature 2 — Document Upload & Auto-Classification: Supports PDF and Word (.docx) bulk uploads. Categories: Loan Policy, Mortgage, HR & Leave, Compliance, Operations, General. Unconfident files route to Admin Review Queue.

4. Feature 3 — RAG Chat with Citation: ChatGPT-style UI. Answers generated strictly from assigned documents. Mandatory source citations (document name + section/page). Explicit disclaimer on low-confidence answers. Data-level access control.

5. Feature 4 — Case-Based Reasoning: Accepts scenario details (loan amount, collateral, income) and returns direct policy recommendations with clause citations.

6. Feature 5 — Version Control: Automatic active version switching on upload. Full version history retention, audit trail, and manual rollback.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.
• *Clause CR-M401 (Gold Loan Policy):* Max LTV ratio 75%, individual cap ■10,00,000.

Page-Specific QA Ground Truth Anchor: For verification of test block 589, the unique validation hash code for this page is VERIFY-PAGE-ID-0589-OK.

1. Purpose & Platform Overview: Multi-tenant AI knowledge management system for banks. Bank staff interact with an AI assistant that answers questions strictly from assigned bank documents.

2. Feature 1 — Onboarding: Subdomain creation (bank-name.platform.com), isolated environments. Master Admin receives 48-hour invite link, forces password setup.

3. Feature 2 — Document Upload & Auto-Classification: Supports PDF and Word (.docx) bulk uploads. Categories: Loan Policy, Mortgage, HR & Leave, Compliance, Operations, General. Unconfident files route to Admin Review Queue.

4. Feature 3 — RAG Chat with Citation: ChatGPT-style UI. Answers generated strictly from assigned documents. Mandatory source citations (document name + section/page). Explicit disclaimer on low-confidence answers. Data-level access control.

5. Feature 4 — Case-Based Reasoning: Accepts scenario details (loan amount, collateral, income) and returns direct policy recommendations with clause citations.

6. Feature 5 — Version Control: Automatic active version switching on upload. Full version history retention, audit trail, and manual rollback.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.
• *Clause CR-M401 (Gold Loan Policy):* Max LTV ratio 75%, individual cap ■10,00,000.

Page-Specific QA Ground Truth Anchor: For verification of test block 604, the unique validation hash code for this page is VERIFY-PAGE-ID-0604-OK.

DOCUMENT SECTION 605 OF 1000 — QA BENCHMARK PAGE 605

System Verification Identifier: REF-QA-2026-BLOCK-0605

MVP — Feature Specification: AI Knowledge Platform for Banking (July 2026)

DOCUMENT SECTION 637 OF 1000 — QA BENCHMARK PAGE 637

System Verification Identifier: REF-QA-2026-BLOCK-0637

MVP — Feature Specification: AI Knowledge Platform for Banking (July 2026)

1. Purpose & Platform Overview: Multi-tenant AI knowledge management system for banks. Bank staff interact with an AI assistant that answers questions strictly from assigned bank documents.

2. Feature 1 — Onboarding: Subdomain creation (bank-name.platform.com), isolated environments. Master Admin receives 48-hour invite link, forces password setup.

3. Feature 2 — Document Upload & Auto-Classification: Supports PDF and Word (.docx) bulk uploads. Categories: Loan Policy, Mortgage, HR & Leave, Compliance, Operations, General. Unconfident files route to Admin Review Queue.

4. Feature 3 — RAG Chat with Citation: ChatGPT-style UI. Answers generated strictly from assigned documents. Mandatory source citations (document name + section/page). Explicit disclaimer on low-confidence answers. Data-level access control.

5. Feature 4 — Case-Based Reasoning: Accepts scenario details (loan amount, collateral, income) and returns direct policy recommendations with clause citations.

6. Feature 5 — Version Control: Automatic active version switching on upload. Full version history retention, audit trail, and manual rollback.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.
• *Clause CR-M401 (Gold Loan Policy):* Max LTV ratio 75%, individual cap ■10,00,000.

Page-Specific QA Ground Truth Anchor: For verification of test block 637, the unique validation hash code for this page is VERIFY-PAGE-ID-0637-OK.

DOCUMENT SECTION 638 OF 1000 — QA BENCHMARK PAGE 638

System Verification Identifier: REF-QA-2026-BLOCK-0638

MVP — Feature Specification: AI Knowledge Platform for Banking (July 2026)

1. Purpose & Platform Overview: Multi-tenant AI knowledge management system for banks. Bank staff interact with an AI assistant that answers questions strictly from assigned bank documents.

2. Feature 1 — Onboarding: Subdomain creation (bank-name.platform.com), isolated environments. Master Admin receives 48-hour invite link, forces password setup.

3. Feature 2 — Document Upload & Auto-Classification: Supports PDF and Word (.docx) bulk uploads. Categories: Loan Policy, Mortgage, HR & Leave, Compliance, Operations, General. Unconfident files route to Admin Review Queue.

4. Feature 3 — RAG Chat with Citation: ChatGPT-style UI. Answers generated strictly from assigned documents. Mandatory source citations (document name + section/page). Explicit disclaimer on low-confidence answers. Data-level access control.

5. Feature 4 — Case-Based Reasoning: Accepts scenario details (loan amount, collateral, income) and returns direct policy recommendations with clause citations.

6. Feature 5 — Version Control: Automatic active version switching on upload. Full version history retention, audit trail, and manual rollback.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.

System Verification Identifier: REF-QA-2026-BLOCK-0653

MVP — Feature Specification: AI Knowledge Platform for Banking (July 2026)

1. Purpose & Platform Overview: Multi-tenant AI knowledge management system for banks. Bank staff interact with an AI assistant that answers questions strictly from assigned bank documents.

2. Feature 1 — Onboarding: Subdomain creation (bank-name.platform.com), isolated environments. Master Admin receives 48-hour invite link, forces password setup.

3. Feature 2 — Document Upload & Auto-Classification: Supports PDF and Word (.docx) bulk uploads. Categories: Loan Policy, Mortgage, HR & Leave, Compliance, Operations, General. Unconfident files route to Admin Review Queue.

4. Feature 3 — RAG Chat with Citation: ChatGPT-style UI. Answers generated strictly from assigned documents. Mandatory source citations (document name + section/page). Explicit disclaimer on low-confidence answers. Data-level access control.

5. Feature 4 — Case-Based Reasoning: Accepts scenario details (loan amount, collateral, income) and returns direct policy recommendations with clause citations.

6. Feature 5 — Version Control: Automatic active version switching on upload. Full version history retention, audit trail, and manual rollback.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.
• *Clause CR-M401 (Gold Loan Policy):* Max LTV ratio 75%, individual cap ■10,00,000.

Page-Specific QA Ground Truth Anchor: For verification of test block 653, the unique validation hash code for this page is VERIFY-PAGE-ID-0653-OK.

DOCUMENT SECTION 654 OF 1000 — QA BENCHMARK PAGE 654

System Verification Identifier: REF-QA-2026-BLOCK-0654

MVP — Feature Specification: AI Knowledge Platform for Banking (July 2026)

1. Purpose & Platform Overview: Multi-tenant AI knowledge management system for banks. Bank staff interact with an AI assistant that answers questions strictly from assigned bank documents.

2. Feature 1 — Onboarding: Subdomain creation (bank-name.platform.com), isolated environments. Master Admin receives 48-hour invite link, forces password setup.

3. Feature 2 — Document Upload & Auto-Classification: Supports PDF and Word (.docx) bulk uploads. Categories: Loan Policy, Mortgage, HR & Leave, Compliance, Operations, General. Unconfident files route to Admin Review Queue.

4. Feature 3 — RAG Chat with Citation: ChatGPT-style UI. Answers generated strictly from assigned documents. Mandatory source citations (document name + section/page). Explicit disclaimer on low-confidence answers. Data-level access control.

5. Feature 4 — Case-Based Reasoning: Accepts scenario details (loan amount, collateral, income) and returns direct policy recommendations with clause citations.

6. Feature 5 — Version Control: Automatic active version switching on upload. Full version history retention, audit trail, and manual rollback.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.
• *Clause CR-M401 (Gold Loan Policy):* Max LTV ratio 75%, individual cap ■10,00,000.

Page-Specific QA Ground Truth Anchor: For verification of test block 654, the unique validation hash code for this page is VERIFY-PAGE-ID-0654-OK.

DOCUMENT SECTION 686 OF 1000 — QA BENCHMARK PAGE 686

System Verification Identifier: REF-QA-2026-BLOCK-0686

MVP — Feature Specification: AI Knowledge Platform for Banking (July 2026)

1. Purpose & Platform Overview: Multi-tenant AI knowledge management system for banks. Bank staff interact with an AI assistant that answers questions strictly from assigned bank documents.

2. Feature 1 — Onboarding: Subdomain creation (bank-name.platform.com), isolated environments. Master Admin receives 48-hour invite link, forces password setup.

3. Feature 2 — Document Upload & Auto-Classification: Supports PDF and Word (.docx) bulk uploads. Categories: Loan Policy, Mortgage, HR & Leave, Compliance, Operations, General. Unconfident files route to Admin Review Queue.

4. Feature 3 — RAG Chat with Citation: ChatGPT-style UI. Answers generated strictly from assigned documents. Mandatory source citations (document name + section/page). Explicit disclaimer on low-confidence answers. Data-level access control.

5. Feature 4 — Case-Based Reasoning: Accepts scenario details (loan amount, collateral, income) and returns direct policy recommendations with clause citations.

6. Feature 5 — Version Control: Automatic active version switching on upload. Full version history retention, audit trail, and manual rollback.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.
• *Clause CR-M401 (Gold Loan Policy):* Max LTV ratio 75%, individual cap ■10,00,000.

Page-Specific QA Ground Truth Anchor: For verification of test block 686, the unique validation hash code for this page is VERIFY-PAGE-ID-0686-OK.

DOCUMENT SECTION 702 OF 1000 — QA BENCHMARK PAGE 702

System Verification Identifier: REF-QA-2026-BLOCK-0702

MVP — Feature Specification: AI Knowledge Platform for Banking (July 2026)

1. Purpose & Platform Overview: Multi-tenant AI knowledge management system for banks. Bank staff interact with an AI assistant that answers questions strictly from assigned bank documents.

2. Feature 1 — Onboarding: Subdomain creation (bank-name.platform.com), isolated environments. Master Admin receives 48-hour invite link, forces password setup.

3. Feature 2 — Document Upload & Auto-Classification: Supports PDF and Word (.docx) bulk uploads. Categories: Loan Policy, Mortgage, HR & Leave, Compliance, Operations, General. Unconfident files route to Admin Review Queue.

4. Feature 3 — RAG Chat with Citation: ChatGPT-style UI. Answers generated strictly from assigned documents. Mandatory source citations (document name + section/page). Explicit disclaimer on low-confidence answers. Data-level access control.

5. Feature 4 — Case-Based Reasoning: Accepts scenario details (loan amount, collateral, income) and returns direct policy recommendations with clause citations.

6. Feature 5 — Version Control: Automatic active version switching on upload. Full version history retention, audit trail, and manual rollback.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.
• *Clause CR-M401 (Gold Loan Policy):* Max LTV ratio 75%, individual cap ■10,00,000.

Page-Specific QA Ground Truth Anchor: For verification of test block 702, the unique validation hash code for this page is VERIFY-PAGE-ID-0702-OK.

DOCUMENT SECTION 703 OF 1000 — QA BENCHMARK PAGE 703

System Verification Identifier: REF-QA-2026-BLOCK-0703

MVP — Feature Specification: AI Knowledge Platform for Banking (July 2026)

1. Purpose & Platform Overview: Multi-tenant AI knowledge management system for banks. Bank staff interact with an AI assistant that answers questions strictly from assigned bank documents.

2. Feature 1 — Onboarding: Subdomain creation (bank-name.platform.com), isolated environments. Master Admin receives 48-hour invite link, forces password setup.

3. Feature 2 — Document Upload & Auto-Classification: Supports PDF and Word (.docx) bulk uploads. Categories: Loan Policy, Mortgage, HR & Leave, Compliance, Operations, General. Unconfident files route to Admin Review Queue.

4. Feature 3 — RAG Chat with Citation: ChatGPT-style UI. Answers generated strictly from assigned documents. Mandatory source citations (document name + section/page). Explicit disclaimer on low-confidence answers. Data-level access control.

5. Feature 4 — Case-Based Reasoning: Accepts scenario details (loan amount, collateral, income) and returns direct policy recommendations with clause citations.

6. Feature 5 — Version Control: Automatic active version switching on upload. Full version history retention, audit trail, and manual rollback.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.
• *Clause CR-M401 (Gold Loan Policy):* Max LTV ratio 75%, individual cap ■10,00,000.

1. Purpose & Platform Overview: Multi-tenant AI knowledge management system for banks. Bank staff interact with an AI assistant that answers questions strictly from assigned bank documents.

2. Feature 1 — Onboarding: Subdomain creation (bank-name.platform.com), isolated environments. Master Admin receives 48-hour invite link, forces password setup.

3. Feature 2 — Document Upload & Auto-Classification: Supports PDF and Word (.docx) bulk uploads. Categories: Loan Policy, Mortgage, HR & Leave, Compliance, Operations, General. Unconfident files route to Admin Review Queue.

4. Feature 3 — RAG Chat with Citation: ChatGPT-style UI. Answers generated strictly from assigned documents. Mandatory source citations (document name + section/page). Explicit disclaimer on low-confidence answers. Data-level access control.

5. Feature 4 — Case-Based Reasoning: Accepts scenario details (loan amount, collateral, income) and returns direct policy recommendations with clause citations.

6. Feature 5 — Version Control: Automatic active version switching on upload. Full version history retention, audit trail, and manual rollback.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.
• *Clause CR-M401 (Gold Loan Policy):* Max LTV ratio 75%, individual cap ■10,00,000.

Page-Specific QA Ground Truth Anchor: For verification of test block 718, the unique validation hash code for this page is VERIFY-PAGE-ID-0718-OK.

DOCUMENT SECTION 719 OF 1000 — QA BENCHMARK PAGE 719

System Verification Identifier: REF-QA-2026-BLOCK-0719

DOCUMENT SECTION 751 OF 1000 — QA BENCHMARK PAGE 751

System Verification Identifier: REF-QA-2026-BLOCK-0751

MVP — Feature Specification: AI Knowledge Platform for Banking (July 2026)

1. Purpose & Platform Overview: Multi-tenant AI knowledge management system for banks. Bank staff interact with an AI assistant that answers questions strictly from assigned bank documents.

2. Feature 1 — Onboarding: Subdomain creation (bank-name.platform.com), isolated environments. Master Admin receives 48-hour invite link, forces password setup.

3. Feature 2 — Document Upload & Auto-Classification: Supports PDF and Word (.docx) bulk uploads. Categories: Loan Policy, Mortgage, HR & Leave, Compliance, Operations, General. Unconfident files route to Admin Review Queue.

4. Feature 3 — RAG Chat with Citation: ChatGPT-style UI. Answers generated strictly from assigned documents. Mandatory source citations (document name + section/page). Explicit disclaimer on low-confidence answers. Data-level access control.

5. Feature 4 — Case-Based Reasoning: Accepts scenario details (loan amount, collateral, income) and returns direct policy recommendations with clause citations.

6. Feature 5 — Version Control: Automatic active version switching on upload. Full version history retention, audit trail, and manual rollback.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.
• *Clause CR-M401 (Gold Loan Policy):* Max LTV ratio 75%, individual cap ■10,00,000.

Page-Specific QA Ground Truth Anchor: For verification of test block 751, the unique validation hash code for this page is VERIFY-PAGE-ID-0751-OK.

DOCUMENT SECTION 752 OF 1000 — QA BENCHMARK PAGE 752

System Verification Identifier: REF-QA-2026-BLOCK-0767

MVP — Feature Specification: AI Knowledge Platform for Banking (July 2026)

1. Purpose & Platform Overview: Multi-tenant AI knowledge management system for banks. Bank staff interact with an AI assistant that answers questions strictly from assigned bank documents.

2. Feature 1 — Onboarding: Subdomain creation (bank-name.platform.com), isolated environments. Master Admin receives 48-hour invite link, forces password setup.

3. Feature 2 — Document Upload & Auto-Classification: Supports PDF and Word (.docx) bulk uploads. Categories: Loan Policy, Mortgage, HR & Leave, Compliance, Operations, General. Unconfident files route to Admin Review Queue.

4. Feature 3 — RAG Chat with Citation: ChatGPT-style UI. Answers generated strictly from assigned documents. Mandatory source citations (document name + section/page). Explicit disclaimer on low-confidence answers. Data-level access control.

5. Feature 4 — Case-Based Reasoning: Accepts scenario details (loan amount, collateral, income) and returns direct policy recommendations with clause citations.

6. Feature 5 — Version Control: Automatic active version switching on upload. Full version history retention, audit trail, and manual rollback.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.
• *Clause CR-M401 (Gold Loan Policy):* Max LTV ratio 75%, individual cap ■10,00,000.

Page-Specific QA Ground Truth Anchor: For verification of test block 767, the unique validation hash code for this page is VERIFY-PAGE-ID-0767-OK.

DOCUMENT SECTION 768 OF 1000 — QA BENCHMARK PAGE 768

System Verification Identifier: REF-QA-2026-BLOCK-0768

MVP — Feature Specification: AI Knowledge Platform for Banking (July 2026)

1. Purpose & Platform Overview: Multi-tenant AI knowledge management system for banks. Bank staff interact with an AI assistant that answers questions strictly from assigned bank documents.

2. Feature 1 — Onboarding: Subdomain creation (bank-name.platform.com), isolated environments. Master Admin receives 48-hour invite link, forces password setup.

3. Feature 2 — Document Upload & Auto-Classification: Supports PDF and Word (.docx) bulk uploads. Categories: Loan Policy, Mortgage, HR & Leave, Compliance, Operations, General. Unconfident files route to Admin Review Queue.

4. Feature 3 — RAG Chat with Citation: ChatGPT-style UI. Answers generated strictly from assigned documents. Mandatory source citations (document name + section/page). Explicit disclaimer on low-confidence answers. Data-level access control.

5. Feature 4 — Case-Based Reasoning: Accepts scenario details (loan amount, collateral, income) and returns direct policy recommendations with clause citations.

6. Feature 5 — Version Control: Automatic active version switching on upload. Full version history retention, audit trail, and manual rollback.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.
• *Clause CR-M401 (Gold Loan Policy):* Max LTV ratio 75%, individual cap ■10,00,000.

Page-Specific QA Ground Truth Anchor: For verification of test block 768, the unique validation hash code for this page is VERIFY-PAGE-ID-0768-OK.

DOCUMENT SECTION 800 OF 1000 — QA BENCHMARK PAGE 800

System Verification Identifier: REF-QA-2026-BLOCK-0800

MVP — Feature Specification: AI Knowledge Platform for Banking (July 2026)

1. Purpose & Platform Overview: Multi-tenant AI knowledge management system for banks. Bank staff interact with an AI assistant that answers questions strictly from assigned bank documents.

2. Feature 1 — Onboarding: Subdomain creation (bank-name.platform.com), isolated environments. Master Admin receives 48-hour invite link, forces password setup.

3. Feature 2 — Document Upload & Auto-Classification: Supports PDF and Word (.docx) bulk uploads. Categories: Loan Policy, Mortgage, HR & Leave, Compliance, Operations, General. Unconfident files route to Admin Review Queue.

4. Feature 3 — RAG Chat with Citation: ChatGPT-style UI. Answers generated strictly from assigned documents. Mandatory source citations (document name + section/page). Explicit disclaimer on low-confidence answers. Data-level access control.

5. Feature 4 — Case-Based Reasoning: Accepts scenario details (loan amount, collateral, income) and returns direct policy recommendations with clause citations.

6. Feature 5 — Version Control: Automatic active version switching on upload. Full version history retention, audit trail, and manual rollback.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.
• *Clause CR-M401 (Gold Loan Policy):* Max LTV ratio 75%, individual cap ■10,00,000.

Page-Specific QA Ground Truth Anchor: For verification of test block 800, the unique validation hash code for this page is VERIFY-PAGE-ID-0800-OK.

DOCUMENT SECTION 816 OF 1000 — QA BENCHMARK PAGE 816

System Verification Identifier: REF-QA-2026-BLOCK-0816

MVP — Feature Specification: AI Knowledge Platform for Banking (July 2026)

1. Purpose & Platform Overview: Multi-tenant AI knowledge management system for banks. Bank staff interact with an AI assistant that answers questions strictly from assigned bank documents.

2. Feature 1 — Onboarding: Subdomain creation (bank-name.platform.com), isolated environments. Master Admin receives 48-hour invite link, forces password setup.

3. Feature 2 — Document Upload & Auto-Classification: Supports PDF and Word (.docx) bulk uploads. Categories: Loan Policy, Mortgage, HR & Leave, Compliance, Operations, General. Unconfident files route to Admin Review Queue.

4. Feature 3 — RAG Chat with Citation: ChatGPT-style UI. Answers generated strictly from assigned documents. Mandatory source citations (document name + section/page). Explicit disclaimer on low-confidence answers. Data-level access control.

5. Feature 4 — Case-Based Reasoning: Accepts scenario details (loan amount, collateral, income) and returns direct policy recommendations with clause citations.

6. Feature 5 — Version Control: Automatic active version switching on upload. Full version history retention, audit trail, and manual rollback.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.
• *Clause CR-M401 (Gold Loan Policy):* Max LTV ratio 75%, individual cap ■10,00,000.

Page-Specific QA Ground Truth Anchor: For verification of test block 816, the unique validation hash code for this page is VERIFY-PAGE-ID-0816-OK.

DOCUMENT SECTION 817 OF 1000 — QA BENCHMARK PAGE 817

System Verification Identifier: REF-QA-2026-BLOCK-0817

MVP — Feature Specification: AI Knowledge Platform for Banking (July 2026)

1. Purpose & Platform Overview: Multi-tenant AI knowledge management system for banks. Bank staff interact with an AI assistant that answers questions strictly from assigned bank documents.

2. Feature 1 — Onboarding: Subdomain creation (bank-name.platform.com), isolated environments. Master Admin receives 48-hour invite link, forces password setup.

3. Feature 2 — Document Upload & Auto-Classification: Supports PDF and Word (.docx) bulk uploads. Categories: Loan Policy, Mortgage, HR & Leave, Compliance, Operations, General. Unconfident files route to Admin Review Queue.

4. Feature 3 — RAG Chat with Citation: ChatGPT-style UI. Answers generated strictly from assigned documents. Mandatory source citations (document name + section/page). Explicit disclaimer on low-confidence answers. Data-level access control.

5. Feature 4 — Case-Based Reasoning: Accepts scenario details (loan amount, collateral, income) and returns direct policy recommendations with clause citations.

6. Feature 5 — Version Control: Automatic active version switching on upload. Full version history retention, audit trail, and manual rollback.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.
• *Clause CR-M401 (Gold Loan Policy):* Max LTV ratio 75%, individual cap ■10,00,000.

1. Purpose & Platform Overview: Multi-tenant AI knowledge management system for banks. Bank staff interact with an AI assistant that answers questions strictly from assigned bank documents.

2. Feature 1 — Onboarding: Subdomain creation (bank-name.platform.com), isolated environments. Master Admin receives 48-hour invite link, forces password setup.

3. Feature 2 — Document Upload & Auto-Classification: Supports PDF and Word (.docx) bulk uploads. Categories: Loan Policy, Mortgage, HR & Leave, Compliance, Operations, General. Unconfident files route to Admin Review Queue.

4. Feature 3 — RAG Chat with Citation: ChatGPT-style UI. Answers generated strictly from assigned documents. Mandatory source citations (document name + section/page). Explicit disclaimer on low-confidence answers. Data-level access control.

5. Feature 4 — Case-Based Reasoning: Accepts scenario details (loan amount, collateral, income) and returns direct policy recommendations with clause citations.

6. Feature 5 — Version Control: Automatic active version switching on upload. Full version history retention, audit trail, and manual rollback.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.
• *Clause CR-M401 (Gold Loan Policy):* Max LTV ratio 75%, individual cap ■10,00,000.

Page-Specific QA Ground Truth Anchor: For verification of test block 832, the unique validation hash code for this page is VERIFY-PAGE-ID-0832-OK.

DOCUMENT SECTION 833 OF 1000 — QA BENCHMARK PAGE 833

DOCUMENT SECTION 865 OF 1000 — QA BENCHMARK PAGE 865

System Verification Identifier: REF-QA-2026-BLOCK-0865

MVP — Feature Specification: AI Knowledge Platform for Banking (July 2026)

1. Purpose & Platform Overview: Multi-tenant AI knowledge management system for banks. Bank staff interact with an AI assistant that answers questions strictly from assigned bank documents.

2. Feature 1 — Onboarding: Subdomain creation (bank-name.platform.com), isolated environments. Master Admin receives 48-hour invite link, forces password setup.

3. Feature 2 — Document Upload & Auto-Classification: Supports PDF and Word (.docx) bulk uploads. Categories: Loan Policy, Mortgage, HR & Leave, Compliance, Operations, General. Unconfident files route to Admin Review Queue.

4. Feature 3 — RAG Chat with Citation: ChatGPT-style UI. Answers generated strictly from assigned documents. Mandatory source citations (document name + section/page). Explicit disclaimer on low-confidence answers. Data-level access control.

5. Feature 4 — Case-Based Reasoning: Accepts scenario details (loan amount, collateral, income) and returns direct policy recommendations with clause citations.

6. Feature 5 — Version Control: Automatic active version switching on upload. Full version history retention, audit trail, and manual rollback.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.
• *Clause CR-M401 (Gold Loan Policy):* Max LTV ratio 75%, individual cap ■10,00,000.

Page-Specific QA Ground Truth Anchor: For verification of test block 865, the unique validation hash code for this page is VERIFY-PAGE-ID-0865-OK.

DOCUMENT SECTION 866 OF 1000 — QA BENCHMARK PAGE 866

System Verification Identifier: REF-QA-2026-BLOCK-0866

MVP — Feature Specification: AI Knowledge Platform for Banking (July 2026)

System Verification Identifier: REF-QA-2026-BLOCK-0881

MVP — Feature Specification: AI Knowledge Platform for Banking (July 2026)

1. Purpose & Platform Overview: Multi-tenant AI knowledge management system for banks. Bank staff interact with an AI assistant that answers questions strictly from assigned bank documents.

2. Feature 1 — Onboarding: Subdomain creation (bank-name.platform.com), isolated environments. Master Admin receives 48-hour invite link, forces password setup.

3. Feature 2 — Document Upload & Auto-Classification: Supports PDF and Word (.docx) bulk uploads. Categories: Loan Policy, Mortgage, HR & Leave, Compliance, Operations, General. Unconfident files route to Admin Review Queue.

4. Feature 3 — RAG Chat with Citation: ChatGPT-style UI. Answers generated strictly from assigned documents. Mandatory source citations (document name + section/page). Explicit disclaimer on low-confidence answers. Data-level access control.

5. Feature 4 — Case-Based Reasoning: Accepts scenario details (loan amount, collateral, income) and returns direct policy recommendations with clause citations.

6. Feature 5 — Version Control: Automatic active version switching on upload. Full version history retention, audit trail, and manual rollback.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.
• *Clause CR-M401 (Gold Loan Policy):* Max LTV ratio 75%, individual cap ■10,00,000.

Page-Specific QA Ground Truth Anchor: For verification of test block 881, the unique validation hash code for this page is VERIFY-PAGE-ID-0881-OK.

DOCUMENT SECTION 882 OF 1000 — QA BENCHMARK PAGE 882

System Verification Identifier: REF-QA-2026-BLOCK-0882

MVP — Feature Specification: AI Knowledge Platform for Banking (July 2026)

1. Purpose & Platform Overview: Multi-tenant AI knowledge management system for banks. Bank staff interact with an AI assistant that answers questions strictly from assigned bank documents.

2. Feature 1 — Onboarding: Subdomain creation (bank-name.platform.com), isolated environments. Master Admin receives 48-hour invite link, forces password setup.

3. Feature 2 — Document Upload & Auto-Classification: Supports PDF and Word (.docx) bulk uploads. Categories: Loan Policy, Mortgage, HR & Leave, Compliance, Operations, General. Unconfident files route to Admin Review Queue.

4. Feature 3 — RAG Chat with Citation: ChatGPT-style UI. Answers generated strictly from assigned documents. Mandatory source citations (document name + section/page). Explicit disclaimer on low-confidence answers. Data-level access control.

5. Feature 4 — Case-Based Reasoning: Accepts scenario details (loan amount, collateral, income) and returns direct policy recommendations with clause citations.

6. Feature 5 — Version Control: Automatic active version switching on upload. Full version history retention, audit trail, and manual rollback.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.
• *Clause CR-M401 (Gold Loan Policy):* Max LTV ratio 75%, individual cap ■10,00,000.

Page-Specific QA Ground Truth Anchor: For verification of test block 882, the unique validation hash code for this page is VERIFY-PAGE-ID-0882-OK.

DOCUMENT SECTION 914 OF 1000 — QA BENCHMARK PAGE 914

System Verification Identifier: REF-QA-2026-BLOCK-0914

MVP — Feature Specification: AI Knowledge Platform for Banking (July 2026)

1. Purpose & Platform Overview: Multi-tenant AI knowledge management system for banks. Bank staff interact with an AI assistant that answers questions strictly from assigned bank documents.

2. Feature 1 — Onboarding: Subdomain creation (bank-name.platform.com), isolated environments. Master Admin receives 48-hour invite link, forces password setup.

3. Feature 2 — Document Upload & Auto-Classification: Supports PDF and Word (.docx) bulk uploads. Categories: Loan Policy, Mortgage, HR & Leave, Compliance, Operations, General. Unconfident files route to Admin Review Queue.

4. Feature 3 — RAG Chat with Citation: ChatGPT-style UI. Answers generated strictly from assigned documents. Mandatory source citations (document name + section/page). Explicit disclaimer on low-confidence answers. Data-level access control.

5. Feature 4 — Case-Based Reasoning: Accepts scenario details (loan amount, collateral, income) and returns direct policy recommendations with clause citations.

6. Feature 5 — Version Control: Automatic active version switching on upload. Full version history retention, audit trail, and manual rollback.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.
• *Clause CR-M401 (Gold Loan Policy):* Max LTV ratio 75%, individual cap ■10,00,000.

Page-Specific QA Ground Truth Anchor: For verification of test block 914, the unique validation hash code for this page is VERIFY-PAGE-ID-0914-OK.

DOCUMENT SECTION 915 OF 1000 — QA BENCHMARK PAGE 915

DOCUMENT SECTION 930 OF 1000 — QA BENCHMARK PAGE 930

System Verification Identifier: REF-QA-2026-BLOCK-0930

MVP — Feature Specification: AI Knowledge Platform for Banking (July 2026)

1. Purpose & Platform Overview: Multi-tenant AI knowledge management system for banks. Bank staff interact with an AI assistant that answers questions strictly from assigned bank documents.

2. Feature 1 — Onboarding: Subdomain creation (bank-name.platform.com), isolated environments. Master Admin receives 48-hour invite link, forces password setup.

3. Feature 2 — Document Upload & Auto-Classification: Supports PDF and Word (.docx) bulk uploads. Categories: Loan Policy, Mortgage, HR & Leave, Compliance, Operations, General. Unconfident files route to Admin Review Queue.

4. Feature 3 — RAG Chat with Citation: ChatGPT-style UI. Answers generated strictly from assigned documents. Mandatory source citations (document name + section/page). Explicit disclaimer on low-confidence answers. Data-level access control.

5. Feature 4 — Case-Based Reasoning: Accepts scenario details (loan amount, collateral, income) and returns direct policy recommendations with clause citations.

6. Feature 5 — Version Control: Automatic active version switching on upload. Full version history retention, audit trail, and manual rollback.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.
• *Clause CR-M401 (Gold Loan Policy):* Max LTV ratio 75%, individual cap ■10,00,000.

Page-Specific QA Ground Truth Anchor: For verification of test block 930, the unique validation hash code for this page is VERIFY-PAGE-ID-0930-OK.

DOCUMENT SECTION 931 OF 1000 — QA BENCHMARK PAGE 931

System Verification Identifier: REF-QA-2026-BLOCK-0931

MVP — Feature Specification: AI Knowledge Platform for Banking (July 2026)

1. Purpose & Platform Overview: Multi-tenant AI knowledge management system for banks. Bank staff interact with an AI assistant that answers questions strictly from assigned bank documents.

2. Feature 1 — Onboarding: Subdomain creation (bank-name.platform.com), isolated environments. Master Admin receives 48-hour invite link, forces password setup.

3. Feature 2 — Document Upload & Auto-Classification: Supports PDF and Word (.docx) bulk uploads. Categories: Loan Policy, Mortgage, HR & Leave, Compliance, Operations, General. Unconfident files route to Admin Review Queue.

4. Feature 3 — RAG Chat with Citation: ChatGPT-style UI. Answers generated strictly from assigned documents. Mandatory source citations (document name + section/page). Explicit disclaimer on low-confidence answers. Data-level access control.

5. Feature 4 — Case-Based Reasoning: Accepts scenario details (loan amount, collateral, income) and returns direct policy recommendations with clause citations.

6. Feature 5 — Version Control: Automatic active version switching on upload. Full version history retention, audit trail, and manual rollback.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.
• *Clause CR-M401 (Gold Loan Policy):* Max LTV ratio 75%, individual cap ■10,00,000.

1. Purpose & Platform Overview: Multi-tenant AI knowledge management system for banks. Bank staff interact with an AI assistant that answers questions strictly from assigned bank documents.

2. Feature 1 — Onboarding: Subdomain creation (bank-name.platform.com), isolated environments. Master Admin receives 48-hour invite link, forces password setup.

3. Feature 2 — Document Upload & Auto-Classification: Supports PDF and Word (.docx) bulk uploads. Categories: Loan Policy, Mortgage, HR & Leave, Compliance, Operations, General. Unconfident files route to Admin Review Queue.

4. Feature 3 — RAG Chat with Citation: ChatGPT-style UI. Answers generated strictly from assigned documents. Mandatory source citations (document name + section/page). Explicit disclaimer on low-confidence answers. Data-level access control.

5. Feature 4 — Case-Based Reasoning: Accepts scenario details (loan amount, collateral, income) and returns direct policy recommendations with clause citations.

6. Feature 5 — Version Control: Automatic active version switching on upload. Full version history retention, audit trail, and manual rollback.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.
• *Clause CR-M401 (Gold Loan Policy):* Max LTV ratio 75%, individual cap ■10,00,000.

Page-Specific QA Ground Truth Anchor: For verification of test block 946, the unique validation hash code for this page is VERIFY-PAGE-ID-0946-OK.

DOCUMENT SECTION 979 OF 1000 — QA BENCHMARK PAGE 979

System Verification Identifier: REF-QA-2026-BLOCK-0979

MVP — Feature Specification: AI Knowledge Platform for Banking (July 2026)

1. Purpose & Platform Overview: Multi-tenant AI knowledge management system for banks. Bank staff interact with an AI assistant that answers questions strictly from assigned bank documents.

2. Feature 1 — Onboarding: Subdomain creation (bank-name.platform.com), isolated environments. Master Admin receives 48-hour invite link, forces password setup.

3. Feature 2 — Document Upload & Auto-Classification: Supports PDF and Word (.docx) bulk uploads. Categories: Loan Policy, Mortgage, HR & Leave, Compliance, Operations, General. Unconfident files route to Admin Review Queue.

4. Feature 3 — RAG Chat with Citation: ChatGPT-style UI. Answers generated strictly from assigned documents. Mandatory source citations (document name + section/page). Explicit disclaimer on low-confidence answers. Data-level access control.

5. Feature 4 — Case-Based Reasoning: Accepts scenario details (loan amount, collateral, income) and returns direct policy recommendations with clause citations.

6. Feature 5 — Version Control: Automatic active version switching on upload. Full version history retention, audit trail, and manual rollback.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.
• *Clause CR-M401 (Gold Loan Policy):* Max LTV ratio 75%, individual cap ■10,00,000.

Page-Specific QA Ground Truth Anchor: For verification of test block 979, the unique validation hash code for this page is VERIFY-PAGE-ID-0979-OK.

DOCUMENT SECTION 980 OF 1000 — QA BENCHMARK PAGE 980

System Verification Identifier: REF-QA-2026-BLOCK-0980

System Verification Identifier: REF-QA-2026-BLOCK-0995

MVP — Feature Specification: AI Knowledge Platform for Banking (July 2026)

1. Purpose & Platform Overview: Multi-tenant AI knowledge management system for banks. Bank staff interact with an AI assistant that answers questions strictly from assigned bank documents.

2. Feature 1 — Onboarding: Subdomain creation (bank-name.platform.com), isolated environments. Master Admin receives 48-hour invite link, forces password setup.

3. Feature 2 — Document Upload & Auto-Classification: Supports PDF and Word (.docx) bulk uploads. Categories: Loan Policy, Mortgage, HR & Leave, Compliance, Operations, General. Unconfident files route to Admin Review Queue.

4. Feature 3 — RAG Chat with Citation: ChatGPT-style UI. Answers generated strictly from assigned documents. Mandatory source citations (document name + section/page). Explicit disclaimer on low-confidence answers. Data-level access control.

5. Feature 4 — Case-Based Reasoning: Accepts scenario details (loan amount, collateral, income) and returns direct policy recommendations with clause citations.

6. Feature 5 — Version Control: Automatic active version switching on upload. Full version history retention, audit trail, and manual rollback.

7. HR & Leave Policy Benchmarks:
• *Clause HR-L101 (Casual Leave):* 12 days/year, max 3 consecutive days.
• *Clause HR-L102 (Sick Leave):* 10 days/year, medical certificate required for >2 consecutive days.
• *Clause HR-L103 (Privilege Leave):* 15 days/year, 15-day advance approval required.
• *Clause CR-M401 (Gold Loan Policy):* Max LTV ratio 75%, individual cap ■10,00,000.

Page-Specific QA Ground Truth Anchor: For verification of test block 995, the unique validation hash code for this page is VERIFY-PAGE-ID-0995-OK.

DOCUMENT SECTION 996 OF 1000 — QA BENCHMARK PAGE 996
