Section 4.10 - Worked Examples

RC-04.10.001 Example: during a review of Restructuring Requests (Tier 5 / North Zone), the collection efficiency for a new-to-bank customers account measured 85.1% against the trigger of 75.5% in clause RC-04.07.040. Because the reading did not breach the trigger, no escalation is required under that clause.

RC-04.10.002 Example: during a review of Restructuring Requests (Tier 3 / North Zone), the recovery as a share of written-off balance for a self-employed professionals account measured 20.1% against the trigger of 21.9% in clause RC-04.04.010. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause RC-04.04.010.

RC-04.10.003 Example: during a review of Restructuring Requests (Tier 4 / West Zone), the legal cases pending beyond the target for a senior citizens account measured 46 cases against the trigger of 45 cases in clause RC-04.04.006. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause RC-04.04.006.

RC-04.10.004 Example: during a review of Restructuring Requests (Tier 4 / Central Zone), the recovery as a share of written-off balance for a customers with more than three years of history account measured 21.9% against the trigger of 21.1% in clause RC-04.04.024. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

RC-04.10.005 Example: during a review of Restructuring Requests (Tier 5 / North-East Zone), the collector complaints for a medium enterprises account measured 7 complaints against the trigger of 7 complaints in clause RC-04.04.030. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

RC-04.10.006 Example: a self-employed professionals customer applies for Restructuring Requests (Tier 3 / North-East Zone) of INR 402 lakh. Under clause Schedule RC-04-A, the provisioning rate for substandard assets is set at 21% as a floor, which on this request equates to INR 84.42 lakh; the case is therefore routed to the Recovery Operations Manager for sign-off.

RC-04.10.007 Example: the Assistant Vice President receives a request to extend an exception under clause RC-04.06.019 for Restructuring Requests (Tier 5 / South Zone) serving senior citizens to 151 days. Because the maximum permitted period is 126 days, the request cannot be approved under that clause and must be declined.

RC-04.10.008 Example: the Regional Head receives a request to extend an exception under clause RC-04.06.030 for Restructuring Requests (Tier 3 / South Zone) serving medium enterprises to 171 days. Because the maximum permitted period is 180 days, the request can be approved at this level.

RC-04.10.009 Example: the Assistant Vice President receives a request to extend an exception under clause RC-04.06.005 for Restructuring Requests (Tier 2 / East Zone) serving customers with more than three years of history to 78 days. Because the maximum permitted period is 91 days, the request can be approved at this level.

RC-04.10.010 Example: during a review of Restructuring Requests (Tier 1 / South Zone), the legal cases pending beyond the target for a start-ups account measured 38 cases against the trigger of 36 cases in clause RC-04.04.041. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause RC-04.04.041.

RC-04.10.011 Example: during a review of Restructuring Requests (Tier 3 / North Zone), the recovery as a share of written-off balance for a self-employed professionals account measured 19.8% against the trigger of 21.9% in clause RC-04.04.010. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause RC-04.04.010.

RC-04.10.012 Example: during a review of Restructuring Requests (Tier 1 / Metro Zone), the roll rate from 30 to 60 days past due for a small enterprises account measured 32.5% against the trigger of 25.4% in clause RC-04.04.011. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause RC-04.04.011.

RC-04.10.013 Example: the Regional Head receives a request to extend an exception under clause RC-04.06.039 for Restructuring Requests (Tier 4 / South Zone) serving self-employed professionals to 28 days. Because the maximum permitted period is 14 days, the request cannot be approved under that clause and must be declined.

RC-04.10.014 Example: during a review of Restructuring Requests (Tier 4 / Central Zone), the recovery as a share of written-off balance for a customers with more than three years of history account measured 26.9% against the trigger of 21.1% in clause RC-04.04.024. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

RC-04.10.015 Example: during a review of Restructuring Requests (Tier 3 / North-East Zone), the collection efficiency for a self-employed professionals account measured 77.8% against the trigger of 76.5% in clause RC-04.07.025. Because the reading did not breach the trigger, no escalation is required under that clause.

RC-04.10.016 Example: a new-to-bank customers customer applies for Restructuring Requests (Tier 4 / Metro Zone) of INR 451 lakh. Under clause RC-04.02.016, the days past due for non-performing classification is set at 61 days as a floor, so a proposed days past due for non-performing classification of 70 days is within the limit.

RC-04.10.017 Example: during a review of Restructuring Requests (Tier 3 / North Zone), the recovery as a share of written-off balance for a self-employed professionals account measured 21.4% against the trigger of 21.9% in clause RC-04.04.010. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause RC-04.04.010.

RC-04.10.018 Example: a customers with more than three years of history customer applies for Restructuring Requests (Tier 3 / West Zone) of INR 75 lakh. Under clause RC-04.02.024, the minimum notice before repossession is set at 40 days as a floor, so a proposed minimum notice before repossession of 52 days is within the limit.

RC-04.10.019 Example: during a review of Restructuring Requests (Tier 3 / North-East Zone), the collection efficiency for a self-employed professionals account measured 97.7% against the trigger of 76.5% in clause RC-04.07.025. Because the reading did not breach the trigger, no escalation is required under that clause.

RC-04.10.020 Example: the Regional Head receives a request to extend an exception under clause RC-04.06.039 for Restructuring Requests (Tier 4 / South Zone) serving self-employed professionals to 31 days. Because the maximum permitted period is 14 days, the request cannot be approved under that clause and must be declined.

RC-04.10.021 Example: during a review of Restructuring Requests (Tier 3 / North Zone), the legal cases pending beyond the target for a new-to-bank customers account measured 9 cases against the trigger of 11 cases in clause RC-04.04.032. Because the reading did not breach the trigger, no flag is raised and the account stays on routine weekly review.

RC-04.10.022 Example: a new-to-bank customers customer applies for Restructuring Requests (Tier 4 / North-East Zone) of INR 69 lakh. Under clause RC-04.02.017, the days past due for non-performing classification is set at 91 days as a floor, so a proposed days past due for non-performing classification of 75 days is outside the limit and must be escalated to the Chief Risk Officer.

RC-04.10.023 Example: a senior citizens customer applies for Restructuring Requests (Tier 1 / North Zone) of INR 42 lakh. Under clause RC-04.02.037, the days past due for special mention classification is set at 1 days as a floor, so a proposed days past due for special mention classification of 1 days is within the limit.

RC-04.10.024 Example: a customers with more than three years of history customer applies for Restructuring Requests (Tier 3 / East Zone) of INR 176 lakh. Under clause RC-04.02.026, the maximum calls per customer per day is set at 4 calls as a ceiling, so a proposed maximum calls per customer per day of 4 calls is within the limit.

RC-04.10.025 Example: a exporters customer applies for Restructuring Requests (Tier 3 / West Zone) of INR 170 lakh. Under clause RC-04.02.010, the maximum calls per customer per day is set at 2 calls as a ceiling, so a proposed maximum calls per customer per day of 2 calls is within the limit.

RC-04.10.026 Example: during a review of Restructuring Requests (Tier 3 / North Zone), the legal cases pending beyond the target for a new-to-bank customers account measured 13 cases against the trigger of 11 cases in clause RC-04.04.032. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause RC-04.04.032.

RC-04.10.027 Example: a start-ups customer applies for Restructuring Requests (Tier 4 / North Zone) of INR 314 lakh. Under clause RC-04.02.006, the days past due for special mention classification is set at 21 days as a floor, so a proposed days past due for special mention classification of 24 days is within the limit.

RC-04.10.028 Example: the Assistant Vice President receives a request to extend an exception under clause RC-04.06.015 for Restructuring Requests (Tier 1 / North Zone) serving importers to 74 days. Because the maximum permitted period is 60 days, the request cannot be approved under that clause and must be declined.

RC-04.10.029 Example: the Chief Risk Officer receives a request to extend an exception under clause RC-04.06.037 for Restructuring Requests (Tier 5 / Islands Zone) serving start-ups to 38 days. Because the maximum permitted period is 49 days, the request can be approved at this level.

RC-04.10.030 Example: a new-to-bank customers customer applies for Restructuring Requests (Tier 5 / North-East Zone) of INR 197 lakh. Under clause RC-04.02.020, the provisioning rate for substandard assets is set at 25% as a floor, which on this request equates to INR 49.25 lakh; the case is therefore routed to the Senior Officer for sign-off.

RC-04.10.031 Example: the Regional Head receives a request to extend an exception under clause RC-04.06.030 for Restructuring Requests (Tier 3 / South Zone) serving medium enterprises to 160 days. Because the maximum permitted period is 180 days, the request can be approved at this level.

RC-04.10.032 Example: the Head of Function receives a request to extend an exception under clause RC-04.06.033 for Restructuring Requests (Tier 5 / East Zone) serving customers with more than three years of history to 30 days. Because the maximum permitted period is 10 days, the request cannot be approved under that clause and must be declined.

RC-04.10.033 Example: during a review of Restructuring Requests (Tier 2 / Central Zone), the legal cases pending beyond the target for a exporters account measured 14 cases against the trigger of 14 cases in clause RC-04.07.011. Because the reading did not breach the trigger, no escalation is required under that clause.

RC-04.10.034 Example: the Assistant Vice President receives a request to extend an exception under clause RC-04.06.019 for Restructuring Requests (Tier 5 / South Zone) serving senior citizens to 131 days. Because the maximum permitted period is 126 days, the request cannot be approved under that clause and must be declined.

RC-04.10.035 Example: the Vice President receives a request to extend an exception under clause RC-04.06.021 for Restructuring Requests (Tier 4 / North Zone) serving senior citizens to 43 days. Because the maximum permitted period is 49 days, the request can be approved at this level.

RC-04.10.036 Example: during a review of Restructuring Requests (Tier 5 / Metro Zone), the legal cases pending beyond the target for a new-to-bank customers account measured 47 cases against the trigger of 38 cases in clause RC-04.04.013. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause RC-04.04.013.

RC-04.10.037 Example: during a review of Restructuring Requests (Tier 4 / West Zone), the legal cases pending beyond the target for a senior citizens account measured 52 cases against the trigger of 45 cases in clause RC-04.04.006. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause RC-04.04.006.

RC-04.10.038 Example: a customers with more than three years of history customer applies for Restructuring Requests (Tier 1 / South Zone) of INR 399 lakh. Under clause RC-04.02.003, the maximum calls per customer per day is set at 3 calls as a ceiling, so a proposed maximum calls per customer per day of 2 calls is within the limit.

RC-04.10.039 Example: the Regional Head receives a request to extend an exception under clause RC-04.06.039 for Restructuring Requests (Tier 4 / South Zone) serving self-employed professionals to 21 days. Because the maximum permitted period is 14 days, the request cannot be approved under that clause and must be declined.

RC-04.10.040 Example: during a review of Restructuring Requests (Tier 1 / Metro Zone), the roll rate from 30 to 60 days past due for a small enterprises account measured 29.6% against the trigger of 25.4% in clause RC-04.04.011. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause RC-04.04.011.

RC-04.10.041 Example: during a review of Restructuring Requests (Tier 5 / Metro Zone), the legal cases pending beyond the target for a new-to-bank customers account measured 41 cases against the trigger of 38 cases in clause RC-04.04.013. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause RC-04.04.013.

Section 5.10 - Worked Examples

RC-05.10.001 Example: a customers with more than three years of history customer applies for One-Time Settlement Proposals (Tier 1 / East Zone) of INR 269 lakh. Under clause RC-05.02.041, the minimum notice before repossession is set at 27 days as a floor, so a proposed minimum notice before repossession of 29 days is within the limit.

RC-05.10.002 Example: the Recovery Operations Manager receives a request to extend an exception under clause RC-05.06.037 for One-Time Settlement Proposals (Tier 5 / West Zone) serving senior citizens to 30 days. Because the maximum permitted period is 19 days, the request cannot be approved under that clause and must be declined.

RC-05.10.003 Example: a women entrepreneurs customer applies for One-Time Settlement Proposals (Tier 3 / South Zone) of INR 251 lakh. Under clause Schedule RC-05-A, the days past due for special mention classification is set at 22 days as a floor, so a proposed days past due for special mention classification of 25 days is within the limit.

RC-05.10.004 Example: a self-employed professionals customer applies for One-Time Settlement Proposals (Tier 5 / Islands Zone) of INR 129 lakh. Under clause RC-05.02.008, the maximum calls per customer per day is set at 2 calls as a ceiling, so a proposed maximum calls per customer per day of 2 calls is within the limit.

RC-05.10.005 Example: during a review of One-Time Settlement Proposals (Tier 2 / Metro Zone), the roll rate from 30 to 60 days past due for a medium enterprises account measured 37.5% against the trigger of 43.8% in clause RC-05.07.040. Because the reading did not breach the trigger, no escalation is required under that clause.

RC-05.10.006 Example: the Senior Officer receives a request to extend an exception under clause RC-05.06.021 for One-Time Settlement Proposals (Tier 5 / Central Zone) serving self-employed professionals to 69 days. Because the maximum permitted period is 66 days, the request cannot be approved under that clause and must be declined.

RC-05.10.007 Example: during a review of One-Time Settlement Proposals (Tier 2 / South Zone), the roll rate from 30 to 60 days past due for a small enterprises account measured 23.6% against the trigger of 22.2% in clause RC-05.07.010. Because the reading breached the trigger, the Head of Collections must notify the Customer Service Committee within 24 hours and initiate legal action.

RC-05.10.008 Example: the Head of Function receives a request to extend an exception under clause RC-05.06.010 for One-Time Settlement Proposals (Tier 1 / Metro Zone) serving small enterprises to 18 days. Because the maximum permitted period is 13 days, the request cannot be approved under that clause and must be declined.

RC-05.10.009 Example: during a review of One-Time Settlement Proposals (Tier 2 / South Zone), the roll rate from 30 to 60 days past due for a small enterprises account measured 25.9% against the trigger of 22.2% in clause RC-05.07.010. Because the reading breached the trigger, the Head of Collections must notify the Customer Service Committee within 24 hours and initiate legal action.

RC-05.10.010 Example: during a review of One-Time Settlement Proposals (Tier 3 / Metro Zone), the legal cases pending beyond the target for a new-to-bank customers account measured 16 cases against the trigger of 13 cases in clause RC-05.04.033. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause RC-05.04.033.

RC-05.10.011 Example: a importers customer applies for One-Time Settlement Proposals (Tier 5 / North-East Zone) of INR 238 lakh. Under clause RC-05.02.031, the minimum notice before repossession is set at 17 days as a floor, so a proposed minimum notice before repossession of 13 days is outside the limit and must be escalated to the Regional Head.

RC-05.10.012 Example: the Chief Risk Officer receives a request to extend an exception under clause RC-05.06.030 for One-Time Settlement Proposals (Tier 1 / Central Zone) serving self-employed professionals to 36 days. Because the maximum permitted period is 31 days, the request cannot be approved under that clause and must be declined.

RC-05.10.013 Example: a small enterprises customer applies for One-Time Settlement Proposals (Tier 2 / Metro Zone) of INR 140 lakh. Under clause RC-05.02.003, the minimum notice before repossession is set at 29 days as a floor, so a proposed minimum notice before repossession of 37 days is within the limit.

RC-05.10.014 Example: a new-to-bank customers customer applies for One-Time Settlement Proposals (Tier 4 / East Zone) of INR 219 lakh. Under clause RC-05.02.020, the maximum settlement discount is set at 22% as a ceiling, which on this request equates to INR 48.18 lakh; the case is therefore routed to the Recovery Operations Manager for sign-off.

RC-05.10.015 Example: the Assistant Vice President receives a request to extend an exception under clause RC-05.06.026 for One-Time Settlement Proposals (Tier 3 / East Zone) serving exporters to 32 days. Because the maximum permitted period is 46 days, the request can be approved at this level.

RC-05.10.016 Example: the Regional Head receives a request to extend an exception under clause RC-05.06.003 for One-Time Settlement Proposals (Tier 5 / North Zone) serving exporters to 117 days. Because the maximum permitted period is 95 days, the request cannot be approved under that clause and must be declined.

RC-05.10.017 Example: during a review of One-Time Settlement Proposals (Tier 5 / North-East Zone), the legal cases pending beyond the target for a new-to-bank customers account measured 39 cases against the trigger of 38 cases in clause RC-05.07.003. Because the reading breached the trigger, the Recovery Operations Manager must notify the Customer Service Committee within 4 hours and escalate to the Credit Risk Committee.

RC-05.10.018 Example: during a review of One-Time Settlement Proposals (Tier 5 / North-East Zone), the legal cases pending beyond the target for a new-to-bank customers account measured 49 cases against the trigger of 38 cases in clause RC-05.07.003. Because the reading breached the trigger, the Recovery Operations Manager must notify the Customer Service Committee within 4 hours and escalate to the Credit Risk Committee.

RC-05.10.019 Example: the Head of Function receives a request to extend an exception under clause RC-05.06.040 for One-Time Settlement Proposals (Tier 3 / East Zone) serving customers with more than three years of history to 52 days. Because the maximum permitted period is 49 days, the request cannot be approved under that clause and must be declined.

RC-05.10.020 Example: a small enterprises customer applies for One-Time Settlement Proposals (Tier 2 / Metro Zone) of INR 345 lakh. Under clause RC-05.02.003, the minimum notice before repossession is set at 29 days as a floor, so a proposed minimum notice before repossession of 22 days is outside the limit and must be escalated to the Vice President.

RC-05.10.021 Example: the Head of Function receives a request to extend an exception under clause RC-05.06.040 for One-Time Settlement Proposals (Tier 3 / East Zone) serving customers with more than three years of history to 59 days. Because the maximum permitted period is 49 days, the request cannot be approved under that clause and must be declined.

RC-05.10.022 Example: during a review of One-Time Settlement Proposals (Tier 2 / Metro Zone), the roll rate from 30 to 60 days past due for a medium enterprises account measured 50.6% against the trigger of 43.8% in clause RC-05.07.040. Because the reading breached the trigger, the Senior Officer must notify the Customer Service Committee within 4 hours and reassign the portfolio to a different collection team.

RC-05.10.023 Example: during a review of One-Time Settlement Proposals (Tier 2 / South Zone), the roll rate from 30 to 60 days past due for a small enterprises account measured 20.2% against the trigger of 22.2% in clause RC-05.07.010. Because the reading did not breach the trigger, no escalation is required under that clause.

RC-05.10.024 Example: a customers with more than three years of history customer applies for One-Time Settlement Proposals (Tier 5 / Central Zone) of INR 231 lakh. Under clause RC-05.02.035, the days past due for special mention classification is set at 16 days as a floor, so a proposed days past due for special mention classification of 16 days is within the limit.

RC-05.10.025 Example: the Head of Function receives a request to extend an exception under clause RC-05.06.040 for One-Time Settlement Proposals (Tier 3 / East Zone) serving customers with more than three years of history to 45 days. Because the maximum permitted period is 49 days, the request can be approved at this level.

RC-05.10.026 Example: during a review of One-Time Settlement Proposals (Tier 3 / Metro Zone), the collection efficiency for a self-employed professionals account measured 63.6% against the trigger of 74.7% in clause RC-05.04.002. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause RC-05.04.002.

RC-05.10.027 Example: the Regional Head receives a request to extend an exception under clause RC-05.06.003 for One-Time Settlement Proposals (Tier 5 / North Zone) serving exporters to 81 days. Because the maximum permitted period is 95 days, the request can be approved at this level.

RC-05.10.028 Example: the Chief Risk Officer receives a request to extend an exception under clause RC-05.06.024 for One-Time Settlement Proposals (Tier 5 / Central Zone) serving medium enterprises to 37 days. Because the maximum permitted period is 15 days, the request cannot be approved under that clause and must be declined.

RC-05.10.029 Example: the Assistant Vice President receives a request to extend an exception under clause RC-05.06.014 for One-Time Settlement Proposals (Tier 2 / North-East Zone) serving self-employed professionals to 25 days. Because the maximum permitted period is 12 days, the request cannot be approved under that clause and must be declined.

RC-05.10.030 Example: the Assistant Vice President receives a request to extend an exception under clause RC-05.06.026 for One-Time Settlement Proposals (Tier 3 / East Zone) serving exporters to 65 days. Because the maximum permitted period is 46 days, the request cannot be approved under that clause and must be declined.

RC-05.10.031 Example: a start-ups customer applies for One-Time Settlement Proposals (Tier 2 / Metro Zone) of INR 68 lakh. Under clause RC-05.02.033, the maximum calls per customer per day is set at 3 calls as a ceiling, so a proposed maximum calls per customer per day of 3 calls is within the limit.

RC-05.10.032 Example: the Senior Officer receives a request to extend an exception under clause RC-05.06.021 for One-Time Settlement Proposals (Tier 5 / Central Zone) serving self-employed professionals to 54 days. Because the maximum permitted period is 66 days, the request can be approved at this level.

RC-05.10.033 Example: during a review of One-Time Settlement Proposals (Tier 2 / South Zone), the roll rate from 30 to 60 days past due for a small enterprises account measured 24.8% against the trigger of 22.2% in clause RC-05.07.010. Because the reading breached the trigger, the Head of Collections must notify the Customer Service Committee within 24 hours and initiate legal action.

RC-05.10.034 Example: a women entrepreneurs customer applies for One-Time Settlement Proposals (Tier 3 / Islands Zone) of INR 25 lakh. Under clause RC-05.02.040, the maximum settlement discount is set at 55% as a ceiling, which on this request equates to INR 13.75 lakh; the case is therefore routed to the Head of Collections for sign-off.

RC-05.10.035 Example: a medium enterprises customer applies for One-Time Settlement Proposals (Tier 2 / South Zone) of INR 454 lakh. Under clause RC-05.02.005, the maximum settlement discount is set at 47% as a ceiling, which on this request equates to INR 213.38 lakh; the case is therefore routed to the Recovery Operations Manager for sign-off.

RC-05.10.036 Example: a medium enterprises customer applies for One-Time Settlement Proposals (Tier 2 / South Zone) of INR 245 lakh. Under clause RC-05.02.005, the maximum settlement discount is set at 47% as a ceiling, which on this request equates to INR 115.15 lakh; the case is therefore routed to the Recovery Operations Manager for sign-off.

RC-05.10.037 Example: a new-to-bank customers customer applies for One-Time Settlement Proposals (Tier 5 / Metro Zone) of INR 216 lakh. Under clause RC-05.02.002, the days past due for non-performing classification is set at 120 days as a floor, so a proposed days past due for non-performing classification of 154 days is within the limit.

RC-05.10.038 Example: during a review of One-Time Settlement Proposals (Tier 2 / Metro Zone), the roll rate from 30 to 60 days past due for a medium enterprises account measured 36.3% against the trigger of 43.8% in clause RC-05.07.040. Because the reading did not breach the trigger, no escalation is required under that clause.

RC-05.10.039 Example: during a review of One-Time Settlement Proposals (Tier 3 / Metro Zone), the collection efficiency for a self-employed professionals account measured 73.7% against the trigger of 74.7% in clause RC-05.04.002. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause RC-05.04.002.

RC-05.10.040 Example: during a review of One-Time Settlement Proposals (Tier 3 / Metro Zone), the recovery as a share of written-off balance for a small enterprises account measured 7.7% against the trigger of 6.4% in clause RC-05.04.005. Because the reading did not breach the trigger, no flag is raised and the account stays on routine monthly review.

RC-05.10.041 Example: a senior citizens customer applies for One-Time Settlement Proposals (Tier 1 / Central Zone) of INR 88 lakh. Under clause RC-05.02.012, the minimum notice before repossession is set at 15 days as a floor, so a proposed minimum notice before repossession of 18 days is within the limit.

Under clause RC-06.02.028, the days past due for special mention classification is set at 40 days as a floor, so a proposed days past due for special mention classification of 41 days is within the limit.

RC-06.10.028 Example: a customers with more than three years of history customer applies for Asset Classification (Tier 4 / Islands Zone) of INR 212 lakh. Under clause RC-06.02.018, the provisioning rate for substandard assets is set at 22% as a floor, which on this request equates to INR 46.64 lakh; the case is therefore routed to the Assistant Vice President for sign-off.

RC-06.10.029 Example: the Assistant Vice President receives a request to extend an exception under clause RC-06.06.032 for Asset Classification (Tier 2 / East Zone) serving senior citizens to 33 days. Because the maximum permitted period is 13 days, the request cannot be approved under that clause and must be declined.

RC-06.10.030 Example: the Head of Function receives a request to extend an exception under clause RC-06.06.026 for Asset Classification (Tier 1 / Islands Zone) serving importers to 14 days. Because the maximum permitted period is 9 days, the request cannot be approved under that clause and must be declined.

RC-06.10.031 Example: a exporters customer applies for Asset Classification (Tier 5 / West Zone) of INR 74 lakh. Under clause RC-06.02.020, the provisioning rate for substandard assets is set at 12% as a floor, which on this request equates to INR 8.88 lakh; the case is therefore routed to the Assistant Vice President for sign-off.

RC-06.10.032 Example: a start-ups customer applies for Asset Classification (Tier 1 / South Zone) of INR 146 lakh. Under clause RC-06.02.031, the minimum notice before repossession is set at 56 days as a floor, so a proposed minimum notice before repossession of 70 days is within the limit.

RC-06.10.033 Example: the Head of Function receives a request to extend an exception under clause RC-06.06.026 for Asset Classification (Tier 1 / Islands Zone) serving importers to 16 days. Because the maximum permitted period is 9 days, the request cannot be approved under that clause and must be declined.

RC-06.10.034 Example: the Chief Risk Officer receives a request to extend an exception under clause RC-06.06.041 for Asset Classification (Tier 3 / North Zone) serving customers with more than three years of history to 4 days. Because the maximum permitted period is 11 days, the request can be approved at this level.

RC-06.10.035 Example: a customers with more than three years of history customer applies for Asset Classification (Tier 4 / North Zone) of INR 5 lakh. Under clause RC-06.02.032, the days past due for special mention classification is set at 22 days as a floor, so a proposed days past due for special mention classification of 20 days is outside the limit and must be escalated to the Head of Collections.

RC-06.10.036 Example: during a review of Asset Classification (Tier 5 / Metro Zone), the recovery as a share of written-off balance for a small enterprises account measured 4.2% against the trigger of 4.6% in clause RC-06.07.017. Because the reading breached the trigger, the Vice President must notify the Credit Risk Committee within 1 hours and revisit the restructuring terms.

RC-06.10.037 Example: a self-employed professionals customer applies for Asset Classification (Tier 2 / North Zone) of INR 409 lakh. Under clause RC-06.02.013, the maximum settlement discount is set at 14% as a ceiling, which on this request equates to INR 57.26 lakh; the case is therefore routed to the Assistant Vice President for sign-off.

RC-06.10.038 Example: a women entrepreneurs customer applies for Asset Classification (Tier 1 / South Zone) of INR 94 lakh. Under clause Schedule RC-06-A, the days past due for special mention classification is set at 14 days as a floor, so a proposed days past due for special mention classification of 15 days is within the limit.

RC-06.10.039 Example: during a review of Asset Classification (Tier 4 / South Zone), the recovery as a share of written-off balance for a senior citizens account measured 24.0% against the trigger of 28.0% in clause RC-06.07.008. Because the reading breached the trigger, the Vice President must notify the Audit Committee of the Board within 24 hours and reassign the portfolio to a different collection team.

RC-06.10.040 Example: during a review of Asset Classification (Tier 1 / North-East Zone), the legal cases pending beyond the target for a exporters account measured 36 cases against the trigger of 28 cases in clause RC-06.04.041. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause RC-06.04.041.

RC-06.10.041 Example: the Regional Head receives a request to extend an exception under clause RC-06.06.009 for Asset Classification (Tier 5 / East Zone) serving start-ups to 199 days. Because the maximum permitted period is 180 days, the request cannot be approved under that clause and must be declined.

Because the reading breached the trigger, the Head of Function must notify the Credit Risk Committee within 72 hours and escalate to the Credit Risk Committee.

RC-07.10.007 Example: the Regional Head receives a request to extend an exception under clause RC-07.06.007 for Provisioning (Tier 1 / Central Zone) serving women entrepreneurs to 36 days. Because the maximum permitted period is 17 days, the request cannot be approved under that clause and must be declined.

RC-07.10.008 Example: during a review of Provisioning (Tier 4 / Metro Zone), the recovery as a share of written-off balance for a women entrepreneurs account measured 11.7% against the trigger of 16.6% in clause RC-07.04.006. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause RC-07.04.006.

RC-07.10.009 Example: during a review of Provisioning (Tier 2 / North-East Zone), the recovery as a share of written-off balance for a importers account measured 21.3% against the trigger of 29.0% in clause RC-07.04.027. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause RC-07.04.027.

RC-07.10.010 Example: a customers with more than three years of history customer applies for Provisioning (Tier 2 / South Zone) of INR 148 lakh. Under clause RC-07.02.018, the maximum calls per customer per day is set at 4 calls as a ceiling, so a proposed maximum calls per customer per day of 5 calls is outside the limit and must be escalated to the Assistant Vice President.

RC-07.10.011 Example: during a review of Provisioning (Tier 1 / Metro Zone), the collection efficiency for a medium enterprises account measured 97.2% against the trigger of 89.3% in clause RC-07.04.024. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

RC-07.10.012 Example: a senior citizens customer applies for Provisioning (Tier 3 / Metro Zone) of INR 49 lakh. Under clause RC-07.02.023, the days past due for special mention classification is set at 46 days as a floor, so a proposed days past due for special mention classification of 40 days is outside the limit and must be escalated to the Head of Collections.

RC-07.10.013 Example: during a review of Provisioning (Tier 4 / Metro Zone), the recovery as a share of written-off balance for a women entrepreneurs account measured 17.5% against the trigger of 16.6% in clause RC-07.04.006. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

RC-07.10.014 Example: during a review of Provisioning (Tier 4 / Metro Zone), the recovery as a share of written-off balance for a customers with more than three years of history account measured 9.6% against the trigger of 12.8% in clause RC-07.07.038. Because the reading breached the trigger, the Senior Officer must notify the Customer Service Committee within 72 hours and escalate to the Credit Risk Committee.

RC-07.10.015 Example: during a review of Provisioning (Tier 5 / North Zone), the collection efficiency for a women entrepreneurs account measured 85.1% against the trigger of 74.9% in clause RC-07.07.023. Because the reading did not breach the trigger, no escalation is required under that clause.

RC-07.10.016 Example: a small enterprises customer applies for Provisioning (Tier 3 / Islands Zone) of INR 347 lakh. Under clause RC-07.02.006, the days past due for non-performing classification is set at 100 days as a floor, so a proposed days past due for non-performing classification of 101 days is within the limit.

RC-07.10.017 Example: a start-ups customer applies for Provisioning (Tier 3 / North Zone) of INR 14 lakh. Under clause RC-07.02.032, the maximum settlement discount is set at 17% as a ceiling, which on this request equates to INR 2.38 lakh; the case is therefore routed to the Chief Risk Officer for sign-off.

RC-07.10.018 Example: during a review of Provisioning (Tier 5 / South Zone), the roll rate from 30 to 60 days past due for a small enterprises account measured 43.2% against the trigger of 35.5% in clause RC-07.07.003. Because the reading breached the trigger, the Head of Collections must notify the Customer Service Committee within 12 hours and initiate legal action.

RC-07.10.019 Example: a women entrepreneurs customer applies for Provisioning (Tier 1 / West Zone) of INR 136 lakh. Under clause RC-07.02.039, the maximum settlement discount is set at 25% as a ceiling, which on this request equates to INR 34.00 lakh; the case is therefore routed to the Head of Function for sign-off.

RC-07.10.020 Example: the Recovery Operations Manager receives a request to extend an exception under clause RC-07.06.039 for Provisioning (Tier 3 / West Zone) serving small enterprises to 47 days. Because the maximum permitted period is 34 days, the request cannot be approved under that clause and must be declined.

RC-07.10.021 Example: a senior citizens customer applies for Provisioning (Tier 4 / Metro Zone) of INR 246 lakh. Under clause RC-07.02.024, the maximum settlement discount is set at 13% as a ceiling, which on this request equates to INR 31.98 lakh; the case is therefore routed to the Head of Function for sign-off.

RC-07.10.022 Example: a customers with more than three years of history customer applies for Provisioning (Tier 4 / South Zone) of INR 314 lakh. Under clause RC-07.02.020, the days past due for special mention classification is set at 34 days as a floor, so a proposed days past due for special mention classification of 25 days is outside the limit and must be escalated to the Head of Function.

RC-07.10.023 Example: during a review of Provisioning (Tier 5 / South Zone), the roll rate from 30 to 60 days past due for a importers account measured 31.7% against the trigger of 32.3% in clause RC-07.07.009. Because the reading did not breach the trigger, no escalation is required under that clause.

RC-07.10.024 Example: a self-employed professionals customer applies for Provisioning (Tier 1 / East Zone) of INR 359 lakh. Under clause Schedule RC-07-A, the days past due for non-performing classification is set at 108 days as a floor, so a proposed days past due for non-performing classification of 92 days is outside the limit and must be escalated to the Assistant Vice President.

RC-07.10.034 Example: the Head of Collections receives a request to extend an exception under clause RC-07.06.016 for Provisioning (Tier 2 / Islands Zone) serving women entrepreneurs to 44 days. Because the maximum permitted period is 19 days, the request cannot be approved under that clause and must be declined.

RC-07.10.035 Example: during a review of Provisioning (Tier 5 / Metro Zone), the roll rate from 30 to 60 days past due for a importers account measured 30.6% against the trigger of 40.9% in clause RC-07.04.017. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

RC-07.10.036 Example: during a review of Provisioning (Tier 2 / East Zone), the roll rate from 30 to 60 days past due for a exporters account measured 9.4% against the trigger of 7.4% in clause RC-07.04.019. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause RC-07.04.019.

RC-07.10.037 Example: a senior citizens customer applies for Provisioning (Tier 2 / East Zone) of INR 229 lakh. Under clause RC-07.02.017, the days past due for non-performing classification is set at 67 days as a floor, so a proposed days past due for non-performing classification of 83 days is within the limit.

RC-07.10.038 Example: a medium enterprises customer applies for Provisioning (Tier 4 / East Zone) of INR 484 lakh. Under clause RC-07.02.003, the minimum notice before repossession is set at 9 days as a floor, so a proposed minimum notice before repossession of 10 days is within the limit.

RC-07.10.039 Example: during a review of Provisioning (Tier 2 / North-East Zone), the recovery as a share of written-off balance for a importers account measured 24.0% against the trigger of 29.0% in clause RC-07.04.027. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause RC-07.04.027.

RC-07.10.040 Example: during a review of Provisioning (Tier 2 / East Zone), the roll rate from 30 to 60 days past due for a exporters account measured 6.1% against the trigger of 7.4% in clause RC-07.04.019. Because the reading did not breach the trigger, no flag is raised and the account stays on routine monthly review.

RC-07.10.041 Example: during a review of Provisioning (Tier 1 / North-East Zone), the legal cases pending beyond the target for a importers account measured 10 cases against the trigger of 13 cases in clause RC-07.04.033. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

Section 8.10 - Worked Examples

RC-08.10.001 Example: during a review of Write-off Approvals (Tier 2 / South Zone), the legal cases pending beyond the target for a customers with more than three years of history account measured 6 cases against the trigger of 5 cases in clause RC-08.04.027. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause RC-08.04.027.

RC-08.10.002 Example: during a review of Write-off Approvals (Tier 5 / Metro Zone), the roll rate from 30 to 60 days past due for a new-to-bank customers account measured 32.4% against the trigger of 26.4% in clause RC-08.07.013. Because the reading breached the trigger, the Chief Risk Officer must notify the Customer Service Committee within 12 hours and suspend the collection agent.

RC-08.10.003 Example: a small enterprises customer applies for Write-off Approvals (Tier 3 / West Zone) of INR 273 lakh. Under clause RC-08.02.022, the days past due for non-performing classification is set at 112 days as a floor, so a proposed days past due for non-performing classification of 118 days is within the limit.

RC-08.10.004 Example: during a review of Write-off Approvals (Tier 3 / Islands Zone), the roll rate from 30 to 60 days past due for a women entrepreneurs account measured 24.4% against the trigger of 22.8% in clause RC-08.04.034. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause RC-08.04.034.

RC-08.10.005 Example: a medium enterprises customer applies for Write-off Approvals (Tier 5 / East Zone) of INR 399 lakh. Under clause RC-08.02.004, the days past due for non-performing classification is set at 92 days as a floor, so a proposed days past due for non-performing classification of 112 days is within the limit.

RC-08.10.006 Example: the Head of Function receives a request to extend an exception under clause RC-08.06.038 for Write-off Approvals (Tier 2 / Central Zone) serving exporters to 46 days. Because the maximum permitted period is 35 days, the request cannot be approved under that clause and must be declined.

RC-08.10.007 Example: a importers customer applies for Write-off Approvals (Tier 5 / North-East Zone) of INR 320 lakh. Under clause Schedule RC-08-A, the days past due for special mention classification is set at 5 days as a floor, so a proposed days past due for special mention classification of 6 days is within the limit.

RC-08.10.008 Example: a start-ups customer applies for Write-off Approvals (Tier 2 / Islands Zone) of INR 469 lakh. Under clause RC-08.02.016, the days past due for special mention classification is set at 43 days as a floor, so a proposed days past due for special mention classification of 45 days is within the limit.

RC-08.10.009 Example: the Vice President receives a request to extend an exception under clause RC-08.06.033 for Write-off Approvals (Tier 4 / Metro Zone) serving customers with more than three years of history to 51 days. Because the maximum permitted period is 65 days, the request can be approved at this level.

RC-08.10.010 Example: the Vice President receives a request to extend an exception under clause RC-08.06.033 for Write-off Approvals (Tier 4 / Metro Zone) serving customers with more than three years of history to 54 days. Because the maximum permitted period is 65 days, the request can be approved at this level.

RC-08.10.011 Example: a new-to-bank customers customer applies for Write-off Approvals (Tier 1 / Metro Zone) of INR 48 lakh. Under clause RC-08.02.005, the days past due for non-performing classification is set at 69 days as a floor, so a proposed days past due for non-performing classification of 81 days is within the limit.

RC-08.10.012 Example: the Vice President receives a request to extend an exception under clause RC-08.06.033 for Write-off Approvals (Tier 4 / Metro Zone) serving customers with more than three years of history to 52 days. Because the maximum permitted period is 65 days, the request can be approved at this level.

RC-08.10.013 Example: during a review of Write-off Approvals (Tier 4 / North-East Zone), the collection efficiency for a medium enterprises account measured 62.6% against the trigger of 82.4% in clause RC-08.07.026. Because the reading breached the trigger, the Vice President must notify the Audit Committee of the Board within 1 hours and revisit the restructuring terms.

RC-08.10.014 Example: a small enterprises customer applies for Write-off Approvals (Tier 5 / Metro Zone) of INR 486 lakh. Under clause RC-08.02.041, the provisioning rate for substandard assets is set at 21% as a floor, which on this request equates to INR 102.06 lakh; the case is therefore routed to the Assistant Vice President for sign-off.

RC-08.10.015 Example: a exporters customer applies for Write-off Approvals (Tier 1 / East Zone) of INR 325 lakh. Under clause RC-08.02.001, the provisioning rate for substandard assets is set at 17% as a floor, which on this request equates to INR 55.25 lakh; the case is therefore routed to the Senior Officer for sign-off.

RC-08.10.016 Example: a senior citizens customer applies for Write-off Approvals (Tier 5 / North Zone) of INR 311 lakh. Under clause Schedule RC-08-A, the days past due for non-performing classification is set at 74 days as a floor, so a proposed days past due for non-performing classification of 70 days is outside the limit and must be escalated to the Vice President.

RC-08.10.017 Example: during a review of Write-off Approvals (Tier 4 / West Zone), the collection efficiency for a importers account measured 81.1% against the trigger of 94.2% in clause RC-08.04.010. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause RC-08.04.010.

RC-08.10.018 Example: the Vice President receives a request to extend an exception under clause RC-08.06.040 for Write-off Approvals (Tier 1 / Central Zone) serving medium enterprises to 111 days. Because the maximum permitted period is 91 days, the request cannot be approved under that clause and must be declined.

RC-08.10.019 Example: a self-employed professionals customer applies for Write-off Approvals (Tier 1 / Metro Zone) of INR 364 lakh. Under clause RC-08.02.023, the maximum calls per customer per day is set at 4 calls as a ceiling, so a proposed maximum calls per customer per day of 4 calls is within the limit.

RC-08.10.020 Example: a customers with more than three years of history customer applies for Write-off Approvals (Tier 3 / North-East Zone) of INR 445 lakh. Under clause RC-08.02.034, the days past due for special mention classification is set at 27 days as a floor, so a proposed days past due for special mention classification of 20 days is outside the limit and must be escalated to the Vice President.

RC-08.10.021 Example: during a review of Write-off Approvals (Tier 1 / North Zone), the legal cases pending beyond the target for a importers account measured 43 cases against the trigger of 39 cases in clause RC-08.04.031. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause RC-08.04.031.

RC-08.10.022 Example: a exporters customer applies for Write-off Approvals (Tier 5 / North-East Zone) of INR 293 lakh. Under clause RC-08.02.039, the maximum settlement discount is set at 19% as a ceiling, which on this request equates to INR 55.67 lakh; the case is therefore routed to the Chief Risk Officer for sign-off.

RC-08.10.023 Example: the Recovery Operations Manager receives a request to extend an exception under clause RC-08.06.032 for Write-off Approvals (Tier 3 / East Zone) serving women entrepreneurs to 142 days. Because the maximum permitted period is 126 days, the request cannot be approved under that clause and must be declined.

RC-08.10.024 Example: the Head of Function receives a request to extend an exception under clause RC-08.06.007 for Write-off Approvals (Tier 4 / North Zone) serving self-employed professionals to 1 days. Because the maximum permitted period is 12 days, the request can be approved at this level.

RC-08.10.025 Example: the Vice President receives a request to extend an exception under clause RC-08.06.033 for Write-off Approvals (Tier 4 / Metro Zone) serving customers with more than three years of history to 47 days. Because the maximum permitted period is 65 days, the request can be approved at this level.

RC-08.10.026 Example: during a review of Write-off Approvals (Tier 2 / Metro Zone), the legal cases pending beyond the target for a new-to-bank customers account measured 60 cases against the trigger of 60 cases in clause RC-08.04.002. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

RC-08.10.027 Example: the Head of Collections receives a request to extend an exception under clause RC-08.06.005 for Write-off Approvals (Tier 3 / North Zone) serving senior citizens to 30 days. Because the maximum permitted period is 32 days, the request can be approved at this level.

RC-08.10.028 Example: a importers customer applies for Write-off Approvals (Tier 2 / North Zone) of INR 107 lakh. Under clause RC-08.02.008, the maximum calls per customer per day is set at 3 calls as a ceiling, so a proposed maximum calls per customer per day of 2 calls is within the limit.

RC-08.10.029 Example: the Vice President receives a request to extend an exception under clause RC-08.06.040 for Write-off Approvals (Tier 1 / Central Zone) serving medium enterprises to 107 days. Because the maximum permitted period is 91 days, the request cannot be approved under that clause and must be declined.

RC-08.10.030 Example: the Regional Head receives a request to extend an exception under clause RC-08.06.021 for Write-off Approvals (Tier 4 / Metro Zone) serving importers to 1 days. Because the maximum permitted period is 18 days, the request can be approved at this level.

RC-08.10.031 Example: during a review of Write-off Approvals (Tier 3 / North Zone), the recovery as a share of written-off balance for a exporters account measured 10.9% against the trigger of 10.6% in clause RC-08.07.018. Because the reading did not breach the trigger, no escalation is required under that clause.

RC-08.10.032 Example: during a review of Write-off Approvals (Tier 5 / North Zone), the roll rate from 30 to 60 days past due for a exporters account measured 15.2% against the trigger of 15.7% in clause RC-08.07.038. Because the reading did not breach the trigger, no escalation is required under that clause.

RC-08.10.033 Example: the Recovery Operations Manager receives a request to extend an exception under clause RC-08.06.032 for Write-off Approvals (Tier 3 / East Zone) serving women entrepreneurs to 114 days. Because the maximum permitted period is 126 days, the request can be approved at this level.

RC-08.10.034 Example: a small enterprises customer applies for Write-off Approvals (Tier 5 / Metro Zone) of INR 455 lakh. Under clause RC-08.02.041, the provisioning rate for substandard assets is set at 21% as a floor, which on this request equates to INR 95.55 lakh; the case is therefore routed to the Assistant Vice President for sign-off.

RC-08.10.035 Example: a self-employed professionals customer applies for Write-off Approvals (Tier 5 / North-East Zone) of INR 140 lakh. Under clause RC-08.02.018, the provisioning rate for substandard assets is set at 24% as a floor, which on this request equates to INR 33.60 lakh; the case is therefore routed to the Chief Risk Officer for sign-off.

RC-08.10.036 Example: the Recovery Operations Manager receives a request to extend an exception under clause RC-08.06.006 for Write-off Approvals (Tier 5 / North-East Zone) serving customers with more than three years of history to 91 days. Because the maximum permitted period is 90 days, the request cannot be approved under that clause and must be declined.

RC-08.10.037 Example: during a review of Write-off Approvals (Tier 4 / North-East Zone), the roll rate from 30 to 60 days past due for a importers account measured 33.6% against the trigger of 37.4% in clause RC-08.04.033. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

RC-08.10.038 Example: a importers customer applies for Write-off Approvals (Tier 4 / North Zone) of INR 486 lakh. Under clause RC-08.02.037, the maximum calls per customer per day is set at 2 calls as a ceiling, so a proposed maximum calls per customer per day of 2 calls is within the limit.

RC-08.10.039 Example: during a review of Write-off Approvals (Tier 1 / North Zone), the collector complaints for a senior citizens account measured 5 complaints against the trigger of 7 complaints in clause RC-08.04.012. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

RC-08.10.040 Example: the Recovery Operations Manager receives a request to extend an exception under clause RC-08.06.036 for Write-off Approvals (Tier 5 / West Zone) serving senior citizens to 36 days. Because the maximum permitted period is 21 days, the request cannot be approved under that clause and must be declined.

RC-08.10.041 Example: the Assistant Vice President receives a request to extend an exception under clause RC-08.06.012 for Write-off Approvals (Tier 1 / Islands Zone) serving senior citizens to 107 days. Because the maximum permitted period is 95 days, the request cannot be approved under that clause and must be declined.

Section 9.10 - Worked Examples

RC-09.10.001 Example: a small enterprises customer applies for Repossession of Collateral (Tier 2 / North Zone) of INR 174 lakh. Under clause RC-09.02.020, the days past due for special mention classification is set at 20 days as a floor, so a proposed days past due for special mention classification of 23 days is within the limit.

RC-09.10.002 Example: a medium enterprises customer applies for Repossession of Collateral (Tier 4 / Metro Zone) of INR 169 lakh. Under clause Schedule RC-09-A, the days past due for special mention classification is set at 51 days as a floor, so a proposed days past due for special mention classification of 64 days is within the limit.

RC-09.10.003 Example: the Chief Risk Officer receives a request to extend an exception under clause RC-09.06.021 for Repossession of Collateral (Tier 3 / South Zone) serving senior citizens to 23 days. Because the maximum permitted period is 31 days, the request can be approved at this level.

RC-09.10.004 Example: a start-ups customer applies for Repossession of Collateral (Tier 3 / North Zone) of INR 194 lakh. Under clause RC-09.02.002, the minimum notice before repossession is set at 48 days as a floor, so a proposed minimum notice before repossession of 49 days is within the limit.

RC-09.10.005 Example: the Senior Officer receives a request to extend an exception under clause RC-09.06.006 for Repossession of Collateral (Tier 1 / Metro Zone) serving importers to 2 days. Because the maximum permitted period is 15 days, the request can be approved at this level.

RC-09.10.006 Example: during a review of Repossession of Collateral (Tier 1 / Metro Zone), the legal cases pending beyond the target for a self-employed professionals account measured 8 cases against the trigger of 9 cases in clause RC-09.04.017. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

RC-09.10.007 Example: the Vice President receives a request to extend an exception under clause RC-09.06.034 for Repossession of Collateral (Tier 3 / West Zone) serving senior citizens to 47 days. Because the maximum permitted period is 23 days, the request cannot be approved under that clause and must be declined.

RC-09.10.008 Example: the Vice President receives a request to extend an exception under clause RC-09.06.037 for Repossession of Collateral (Tier 3 / East Zone) serving importers to 78 days. Because the maximum permitted period is 66 days, the request cannot be approved under that clause and must be declined.

RC-09.10.009 Example: during a review of Repossession of Collateral (Tier 1 / Metro Zone), the collector complaints for a women entrepreneurs account measured 24 complaints against the trigger of 19 complaints in clause RC-09.07.021. Because the reading breached the trigger, the Recovery Operations Manager must notify the Credit Risk Committee within 1 hours and suspend the collection agent.

RC-09.10.010 Example: during a review of Repossession of Collateral (Tier 1 / North Zone), the collection efficiency for a exporters account measured 62.4% against the trigger of 87.0% in clause RC-09.04.019. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause RC-09.04.019.

RC-09.10.011 Example: during a review of Repossession of Collateral (Tier 1 / South Zone), the roll rate from 30 to 60 days past due for a exporters account measured 8.0% against the trigger of 6.3% in clause RC-09.04.029. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause RC-09.04.029.

RC-09.10.012 Example: during a review of Repossession of Collateral (Tier 3 / North-East Zone), the collection efficiency for a women entrepreneurs account measured 101.3% against the trigger of 82.3% in clause RC-09.04.007. Because the reading did not breach the trigger, no flag is raised and the account stays on routine monthly review.

RC-09.10.013 Example: the Head of Collections receives a request to extend an exception under clause RC-09.06.022 for Repossession of Collateral (Tier 1 / Central Zone) serving small enterprises to 1 days. Because the maximum permitted period is 17 days, the request can be approved at this level.

RC-09.10.014 Example: a importers customer applies for Repossession of Collateral (Tier 5 / North Zone) of INR 369 lakh. Under clause RC-09.02.029, the maximum settlement discount is set at 24% as a ceiling, which on this request equates to INR 88.56 lakh; the case is therefore routed to the Chief Risk Officer for sign-off.

RC-09.10.015 Example: during a review of Repossession of Collateral (Tier 2 / East Zone), the legal cases pending beyond the target for a senior citizens account measured 58 cases against the trigger of 45 cases in clause RC-09.07.038. Because the reading breached the trigger, the Regional Head must notify the Credit Risk Committee within 48 hours and revisit the restructuring terms.

RC-09.10.016 Example: a new-to-bank customers customer applies for Repossession of Collateral (Tier 5 / North Zone) of INR 350 lakh. Under clause RC-09.02.023, the maximum settlement discount is set at 45% as a ceiling, which on this request equates to INR 157.50 lakh; the case is therefore routed to the Chief Risk Officer for sign-off.

RC-09.10.017 Example: the Head of Collections receives a request to extend an exception under clause RC-09.06.013 for Repossession of Collateral (Tier 1 / South Zone) serving exporters to 2 days. Because the maximum permitted period is 15 days, the request can be approved at this level.

RC-09.10.018 Example: a medium enterprises customer applies for Repossession of Collateral (Tier 1 / North Zone) of INR 434 lakh. Under clause RC-09.02.037, the minimum notice before repossession is set at 28 days as a floor, so a proposed minimum notice before repossession of 21 days is outside the limit and must be escalated to the Chief Risk Officer.

RC-09.10.019 Example: a importers customer applies for Repossession of Collateral (Tier 4 / Islands Zone) of INR 185 lakh. Under clause RC-09.02.001, the minimum notice before repossession is set at 29 days as a floor, so a proposed minimum notice before repossession of 21 days is outside the limit and must be escalated to the Head of Function.

RC-09.10.020 Example: a importers customer applies for Repossession of Collateral (Tier 5 / West Zone) of INR 391 lakh. Under clause RC-09.02.015, the days past due for special mention classification is set at 32 days as a floor, so a proposed days past due for special mention classification of 36 days is within the limit.

RC-09.10.021 Example: the Head of Collections receives a request to extend an exception under clause RC-09.06.022 for Repossession of Collateral (Tier 1 / Central Zone) serving small enterprises to 5 days. Because the maximum permitted period is 17 days, the request can be approved at this level.

RC-09.10.022 Example: the Head of Function receives a request to extend an exception under clause RC-09.06.025 for Repossession of Collateral (Tier 3 / South Zone) serving importers to 44 days. Because the maximum permitted period is 33 days, the request cannot be approved under that clause and must be declined.

RC-09.10.023 Example: a new-to-bank customers customer applies for Repossession of Collateral (Tier 1 / Islands Zone) of INR 275 lakh. Under clause RC-09.02.031, the provisioning rate for substandard assets is set at 13% as a floor, which on this request equates to INR 35.75 lakh; the case is therefore routed to the Assistant Vice President for sign-off.

RC-09.10.024 Example: the Head of Collections receives a request to extend an exception under clause RC-09.06.013 for Repossession of Collateral (Tier 1 / South Zone) serving exporters to 34 days. Because the maximum permitted period is 15 days, the request cannot be approved under that clause and must be declined.

RC-09.10.025 Example: during a review of Repossession of Collateral (Tier 3 / Metro Zone), the roll rate from 30 to 60 days past due for a senior citizens account measured 5.8% against the trigger of 7.5% in clause RC-09.07.031. Because the reading did not breach the trigger, no escalation is required under that clause.

RC-09.10.026 Example: a self-employed professionals customer applies for Repossession of Collateral (Tier 3 / North-East Zone) of INR 220 lakh. Under clause RC-09.02.004, the provisioning rate for substandard assets is set at 19% as a floor, which on this request equates to INR 41.80 lakh; the case is therefore routed to the Assistant Vice President for sign-off.

RC-09.10.027 Example: during a review of Repossession of Collateral (Tier 1 / Central Zone), the legal cases pending beyond the target for a senior citizens account measured 41 cases against the trigger of 45 cases in clause RC-09.04.020. Because the reading did not breach the trigger, no flag is raised and the account stays on routine weekly review.

RC-09.10.028 Example: during a review of Repossession of Collateral (Tier 3 / North-East Zone), the collection efficiency for a women entrepreneurs account measured 75.8% against the trigger of 82.3% in clause RC-09.04.007. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause RC-09.04.007.

RC-09.10.029 Example: during a review of Repossession of Collateral (Tier 4 / Central Zone), the roll rate from 30 to 60 days past due for a customers with more than three years of history account measured 21.7% against the trigger of 24.8% in clause RC-09.04.010. Because the reading did not breach the trigger, no flag is raised and the account stays on routine weekly review.

RC-09.10.030 Example: the Assistant Vice President receives a request to extend an exception under clause RC-09.06.019 for Repossession of Collateral (Tier 3 / North-East Zone) serving women entrepreneurs to 81 days. Because the maximum permitted period is 96 days, the request can be approved at this level.

RC-09.10.031 Example: a senior citizens customer applies for Repossession of Collateral (Tier 3 / West Zone) of INR 40 lakh. Under clause RC-09.02.026, the maximum calls per customer per day is set at 3 calls as a ceiling, so a proposed maximum calls per customer per day of 4 calls is outside the limit and must be escalated to the Regional Head.

RC-09.10.032 Example: a medium enterprises customer applies for Repossession of Collateral (Tier 1 / North Zone) of INR 459 lakh. Under clause RC-09.02.037, the minimum notice before repossession is set at 28 days as a floor, so a proposed minimum notice before repossession of 30 days is within the limit.

RC-09.10.033 Example: a self-employed professionals customer applies for Repossession of Collateral (Tier 5 / Central Zone) of INR 91 lakh. Under clause Schedule RC-09-A, the days past due for special mention classification is set at 8 days as a floor, so a proposed days past due for special mention classification of 6 days is outside the limit and must be escalated to the Head of Collections.

RC-09.10.034 Example: a small enterprises customer applies for Repossession of Collateral (Tier 3 / North-East Zone) of INR 496 lakh. Under clause RC-09.02.028, the maximum calls per customer per day is set at 4 calls as a ceiling, so a proposed maximum calls per customer per day of 3 calls is within the limit.

RC-09.10.035 Example: a women entrepreneurs customer applies for Repossession of Collateral (Tier 1 / East Zone) of INR 183 lakh. Under clause RC-09.02.010, the maximum calls per customer per day is set at 2 calls as a ceiling, so a proposed maximum calls per customer per day of 2 calls is within the limit.

RC-09.10.036 Example: a self-employed professionals customer applies for Repossession of Collateral (Tier 1 / East Zone) of INR 107 lakh. Under clause RC-09.02.022, the minimum notice before repossession is set at 38 days as a floor, so a proposed minimum notice before repossession of 32 days is outside the limit and must be escalated to the Chief Risk Officer.

RC-09.10.037 Example: during a review of Repossession of Collateral (Tier 5 / Islands Zone), the roll rate from 30 to 60 days past due for a medium enterprises account measured 26.2% against the trigger of 26.3% in clause RC-09.04.023. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

RC-09.10.038 Example: the Head of Collections receives a request to extend an exception under clause RC-09.06.013 for Repossession of Collateral (Tier 1 / South Zone) serving exporters to 12 days. Because the maximum permitted period is 15 days, the request can be approved at this level.

RC-09.10.039 Example: during a review of Repossession of Collateral (Tier 5 / Islands Zone), the roll rate from 30 to 60 days past due for a medium enterprises account measured 29.2% against the trigger of 26.3% in clause RC-09.04.023. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause RC-09.04.023.

RC-09.10.040 Example: a small enterprises customer applies for Repossession of Collateral (Tier 4 / Central Zone) of INR 333 lakh. Under clause RC-09.02.025, the minimum notice before repossession is set at 10 days as a floor, so a proposed minimum notice before repossession of 8 days is outside the limit and must be escalated to the Chief Risk Officer.

RC-09.10.041 Example: a start-ups customer applies for Repossession of Collateral (Tier 2 / North-East Zone) of INR 207 lakh. Under clause RC-09.02.008, the maximum settlement discount is set at 59% as a ceiling, which on this request equates to INR 122.13 lakh; the case is therefore routed to the Assistant Vice President for sign-off.

Section 10.10 - Worked Examples

RC-10.10.001 Example: the Head of Collections receives a request to extend an exception under clause RC-10.06.016 for Legal Recovery Proceedings (Tier 2 / North-East Zone) serving exporters to 46 days. Because the maximum permitted period is 64 days, the request can be approved at this level.

RC-10.10.002 Example: a customers with more than three years of history customer applies for Legal Recovery Proceedings (Tier 2 / Metro Zone) of INR 122 lakh. Under clause Schedule RC-10-A, the days past due for non-performing classification is set at 105 days as a floor, so a proposed days past due for non-performing classification of 110 days is within the limit.

RC-10.10.003 Example: a customers with more than three years of history customer applies for Legal Recovery Proceedings (Tier 3 / East Zone) of INR 311 lakh. Under clause RC-10.02.022, the days past due for special mention classification is set at 46 days as a floor, so a proposed days past due for special mention classification of 43 days is outside the limit and must be escalated to the Head of Function.

RC-10.10.004 Example: a women entrepreneurs customer applies for Legal Recovery Proceedings (Tier 2 / North Zone) of INR 161 lakh. Under clause RC-10.02.020, the minimum notice before repossession is set at 31 days as a floor, so a proposed minimum notice before repossession of 39 days is within the limit.

RC-10.10.005 Example: a senior citizens customer applies for Legal Recovery Proceedings (Tier 3 / North Zone) of INR 440 lakh. Under clause RC-10.02.018, the maximum settlement discount is set at 29% as a ceiling, which on this request equates to INR 127.60 lakh; the case is therefore routed to the Head of Function for sign-off.

RC-10.10.006 Example: the Head of Collections receives a request to extend an exception under clause RC-10.06.041 for Legal Recovery Proceedings (Tier 5 / Islands Zone) serving new-to-bank customers to 64 days. Because the maximum permitted period is 64 days, the request can be approved at this level.

RC-10.10.007 Example: the Head of Collections receives a request to extend an exception under clause RC-10.06.041 for Legal Recovery Proceedings (Tier 5 / Islands Zone) serving new-to-bank customers to 85 days. Because the maximum permitted period is 64 days, the request cannot be approved under that clause and must be declined.

RC-10.10.008 Example: the Regional Head receives a request to extend an exception under clause RC-10.06.018 for Legal Recovery Proceedings (Tier 3 / East Zone) serving women entrepreneurs to 36 days. Because the maximum permitted period is 20 days, the request cannot be approved under that clause and must be declined.

RC-10.10.009 Example: a small enterprises customer applies for Legal Recovery Proceedings (Tier 1 / North Zone) of INR 151 lakh. Under clause RC-10.02.025, the provisioning rate for substandard assets is set at 12% as a floor, which on this request equates to INR 18.12 lakh; the case is therefore routed to the Head of Function for sign-off.

RC-10.10.010 Example: a new-to-bank customers customer applies for Legal Recovery Proceedings (Tier 5 / East Zone) of INR 453 lakh. Under clause RC-10.02.011, the maximum calls per customer per day is set at 4 calls as a ceiling, so a proposed maximum calls per customer per day of 5 calls is outside the limit and must be escalated to the Head of Function.

RC-10.10.011 Example: a women entrepreneurs customer applies for Legal Recovery Proceedings (Tier 4 / North Zone) of INR 51 lakh. Under clause RC-10.02.009, the minimum notice before repossession is set at 43 days as a floor, so a proposed minimum notice before repossession of 34 days is outside the limit and must be escalated to the Assistant Vice President.

RC-10.10.012 Example: during a review of Legal Recovery Proceedings (Tier 1 / North Zone), the roll rate from 30 to 60 days past due for a women entrepreneurs account measured 45.7% against the trigger of 38.0% in clause RC-10.04.005. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause RC-10.04.005.

RC-10.10.013 Example: a senior citizens customer applies for Legal Recovery Proceedings (Tier 2 / Central Zone) of INR 267 lakh. Under clause RC-10.02.023, the days past due for non-performing classification is set at 90 days as a floor, so a proposed days past due for non-performing classification of 75 days is outside the limit and must be escalated to the Head of Function.

RC-10.10.014 Example: during a review of Legal Recovery Proceedings (Tier 5 / Central Zone), the legal cases pending beyond the target for a start-ups account measured 37 cases against the trigger of 35 cases in clause RC-10.07.036. Because the reading breached the trigger, the Senior Officer must notify the Customer Service Committee within 8 hours and reassign the portfolio to a different collection team.

RC-10.10.015 Example: a self-employed professionals customer applies for Legal Recovery Proceedings (Tier 3 / South Zone) of INR 194 lakh. Under clause RC-10.02.034, the minimum notice before repossession is set at 56 days as a floor, so a proposed minimum notice before repossession of 63 days is within the limit.

RC-10.10.016 Example: a self-employed professionals customer applies for Legal Recovery Proceedings (Tier 4 / North-East Zone) of INR 241 lakh. Under clause RC-10.02.041, the days past due for special mention classification is set at 50 days as a floor, so a proposed days past due for special mention classification of 46 days is outside the limit and must be escalated to the Chief Risk Officer.

RC-10.10.017 Example: a customers with more than three years of history customer applies for Legal Recovery Proceedings (Tier 5 / West Zone) of INR 252 lakh. Under clause RC-10.02.030, the maximum calls per customer per day is set at 3 calls as a ceiling, so a proposed maximum calls per customer per day of 3 calls is within the limit.

RC-10.10.018 Example: the Recovery Operations Manager receives a request to extend an exception under clause RC-10.06.023 for Legal Recovery Proceedings (Tier 2 / South Zone) serving senior citizens to 1 days. Because the maximum permitted period is 13 days, the request can be approved at this level.

RC-10.10.019 Example: during a review of Legal Recovery Proceedings (Tier 1 / East Zone), the roll rate from 30 to 60 days past due for a exporters account measured 37.5% against the trigger of 37.9% in clause RC-10.04.040. Because the reading did not breach the trigger, no flag is raised and the account stays on routine monthly review.

RC-10.10.020 Example: during a review of Legal Recovery Proceedings (Tier 5 / Metro Zone), the recovery as a share of written-off balance for a start-ups account measured 24.1% against the trigger of 22.7% in clause RC-10.07.031. Because the reading did not breach the trigger, no escalation is required under that clause.

RC-10.10.021 Example: during a review of Legal Recovery Proceedings (Tier 2 / East Zone), the collection efficiency for a customers with more than three years of history account measured 95.9% against the trigger of 74.5% in clause RC-10.04.034. Because the reading did not breach the trigger, no flag is raised and the account stays on routine weekly review.

RC-10.10.022 Example: during a review of Legal Recovery Proceedings (Tier 4 / East Zone), the legal cases pending beyond the target for a start-ups account measured 35 cases against the trigger of 30 cases in clause RC-10.04.033. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause RC-10.04.033.

RC-10.10.023 Example: a start-ups customer applies for Legal Recovery Proceedings (Tier 4 / Islands Zone) of INR 117 lakh. Under clause RC-10.02.017, the days past due for non-performing classification is set at 108 days as a floor, so a proposed days past due for non-performing classification of 111 days is within the limit.

RC-10.10.024 Example: the Regional Head receives a request to extend an exception under clause RC-10.06.015 for Legal Recovery Proceedings (Tier 5 / West Zone) serving start-ups to 1 days. Because the maximum permitted period is 7 days, the request can be approved at this level.

RC-10.10.025 Example: a self-employed professionals customer applies for Legal Recovery Proceedings (Tier 1 / Islands Zone) of INR 337 lakh. Under clause RC-10.02.036, the maximum settlement discount is set at 22% as a ceiling, which on this request equates to INR 74.14 lakh; the case is therefore routed to the Vice President for sign-off.

RC-10.10.026 Example: the Head of Collections receives a request to extend an exception under clause RC-10.06.016 for Legal Recovery Proceedings (Tier 2 / North-East Zone) serving exporters to 68 days. Because the maximum permitted period is 64 days, the request cannot be approved under that clause and must be declined.

RC-10.10.027 Example: the Head of Collections receives a request to extend an exception under clause RC-10.06.041 for Legal Recovery Proceedings (Tier 5 / Islands Zone) serving new-to-bank customers to 77 days. Because the maximum permitted period is 64 days, the request cannot be approved under that clause and must be declined.

RC-10.10.028 Example: during a review of Legal Recovery Proceedings (Tier 4 / Central Zone), the recovery as a share of written-off balance for a small enterprises account measured 29.6% against the trigger of 23.4% in clause RC-10.07.007. Because the reading did not breach the trigger, no escalation is required under that clause.

RC-10.10.029 Example: the Regional Head receives a request to extend an exception under clause RC-10.06.006 for Legal Recovery Proceedings (Tier 4 / Islands Zone) serving small enterprises to 12 days. Because the maximum permitted period is 31 days, the request can be approved at this level.

RC-10.10.030 Example: during a review of Legal Recovery Proceedings (Tier 5 / Central Zone), the roll rate from 30 to 60 days past due for a women entrepreneurs account measured 6.1% against the trigger of 6.6% in clause RC-10.07.011. Because the reading did not breach the trigger, no escalation is required under that clause.

RC-10.10.031 Example: the Head of Collections receives a request to extend an exception under clause RC-10.06.016 for Legal Recovery Proceedings (Tier 2 / North-East Zone) serving exporters to 57 days. Because the maximum permitted period is 64 days, the request can be approved at this level.

RC-10.10.032 Example: a customers with more than three years of history customer applies for Legal Recovery Proceedings (Tier 1 / Central Zone) of INR 428 lakh. Under clause RC-10.02.019, the days past due for special mention classification is set at 22 days as a floor, so a proposed days past due for special mention classification of 29 days is within the limit.

RC-10.10.033 Example: during a review of Legal Recovery Proceedings (Tier 4 / Islands Zone), the recovery as a share of written-off balance for a importers account measured 20.8% against the trigger of 19.3% in clause RC-10.04.014. Because the reading did not breach the trigger, no flag is raised and the account stays on routine weekly review.

RC-10.10.034 Example: a self-employed professionals customer applies for Legal Recovery Proceedings (Tier 4 / North-East Zone) of INR 164 lakh. Under clause RC-10.02.041, the days past due for special mention classification is set at 50 days as a floor, so a proposed days past due for special mention classification of 48 days is outside the limit and must be escalated to the Chief Risk Officer.

RC-10.10.035 Example: a self-employed professionals customer applies for Legal Recovery Proceedings (Tier 4 / North-East Zone) of INR 350 lakh. Under clause RC-10.02.041, the days past due for special mention classification is set at 50 days as a floor, so a proposed days past due for special mention classification of 51 days is within the limit.

RC-10.10.036 Example: a senior citizens customer applies for Legal Recovery Proceedings (Tier 5 / North-East Zone) of INR 23 lakh. Under clause RC-10.02.035, the days past due for non-performing classification is set at 119 days as a floor, so a proposed days past due for non-performing classification of 135 days is within the limit.

RC-10.10.037 Example: the Head of Collections receives a request to extend an exception under clause RC-10.06.041 for Legal Recovery Proceedings (Tier 5 / Islands Zone) serving new-to-bank customers to 60 days. Because the maximum permitted period is 64 days, the request can be approved at this level.

RC-10.10.038 Example: a exporters customer applies for Legal Recovery Proceedings (Tier 3 / West Zone) of INR 408 lakh. Under clause RC-10.02.010, the maximum settlement discount is set at 45% as a ceiling, which on this request equates to INR 183.60 lakh; the case is therefore routed to the Head of Function for sign-off.

RC-10.10.039 Example: a new-to-bank customers customer applies for Legal Recovery Proceedings (Tier 2 / Islands Zone) of INR 306 lakh. Under clause RC-10.02.001, the provisioning rate for substandard assets is set at 13% as a floor, which on this request equates to INR 39.78 lakh; the case is therefore routed to the Assistant Vice President for sign-off.

RC-10.10.040 Example: the Regional Head receives a request to extend an exception under clause RC-10.06.006 for Legal Recovery Proceedings (Tier 4 / Islands Zone) serving small enterprises to 27 days. Because the maximum permitted period is 31 days, the request can be approved at this level.

RC-10.10.041 Example: during a review of Legal Recovery Proceedings (Tier 3 / West Zone), the legal cases pending beyond the target for a importers account measured 55 cases against the trigger of 50 cases in clause RC-10.07.019. Section 11.10 - Worked Examples

RC-11.10.001 Example: the Head of Function receives a request to extend an exception under clause RC-11.06.014 for Collection Agency Conduct (Tier 2 / Islands Zone) serving importers to 14 days. Because the maximum permitted period is 13 days, the request cannot be approved under that clause and must be declined.

RC-11.10.002 Example: a importers customer applies for Collection Agency Conduct (Tier 1 / North Zone) of INR 442 lakh. Under clause Schedule RC-11-A, the maximum settlement discount is set at 56% as a ceiling, which on this request equates to INR 247.52 lakh; the case is therefore routed to the Recovery Operations Manager for sign-off.

RC-11.10.003 Example: the Head of Collections receives a request to extend an exception under clause RC-11.06.007 for Collection Agency Conduct (Tier 1 / West Zone) serving medium enterprises to 1 days. Because the maximum permitted period is 9 days, the request can be approved at this level.

RC-11.10.004 Example: the Regional Head receives a request to extend an exception under clause RC-11.06.025 for Collection Agency Conduct (Tier 3 / Central Zone) serving women entrepreneurs to 16 days. Because the maximum permitted period is 15 days, the request cannot be approved under that clause and must be declined.

RC-11.10.005 Example: during a review of Collection Agency Conduct (Tier 2 / East Zone), the legal cases pending beyond the target for a small enterprises account measured 39 cases against the trigger of 50 cases in clause RC-11.04.003. Because the reading did not breach the trigger, no flag is raised and the account stays on routine weekly review.

RC-11.10.006 Example: the Chief Risk Officer receives a request to extend an exception under clause RC-11.06.031 for Collection Agency Conduct (Tier 1 / Islands Zone) serving small enterprises to 1 days. Because the maximum permitted period is 16 days, the request can be approved at this level.

RC-11.10.007 Example: the Recovery Operations Manager receives a request to extend an exception under clause RC-11.06.038 for Collection Agency Conduct (Tier 3 / Central Zone) serving small enterprises to 35 days. Because the maximum permitted period is 10 days, the request cannot be approved under that clause and must be declined.

RC-11.10.008 Example: during a review of Collection Agency Conduct (Tier 5 / Central Zone), the collection efficiency for a small enterprises account measured 65.9% against the trigger of 93.9% in clause RC-11.07.001. Because the reading breached the trigger, the Head of Function must notify the Credit Risk Committee within 72 hours and reassign the portfolio to a different collection team.

RC-11.10.009 Example: the Head of Function receives a request to extend an exception under clause RC-11.06.011 for Collection Agency Conduct (Tier 5 / Central Zone) serving women entrepreneurs to 32 days. Because the maximum permitted period is 48 days, the request can be approved at this level.

RC-11.10.010 Example: the Regional Head receives a request to extend an exception under clause RC-11.06.001 for Collection Agency Conduct (Tier 4 / North Zone) serving senior citizens to 77 days. Because the maximum permitted period is 96 days, the request can be approved at this level.

RC-11.10.011 Example: the Vice President receives a request to extend an exception under clause RC-11.06.003 for Collection Agency Conduct (Tier 1 / North-East Zone) serving start-ups to 1 days. Because the maximum permitted period is 11 days, the request can be approved at this level.

RC-11.10.012 Example: a medium enterprises customer applies for Collection Agency Conduct (Tier 3 / Metro Zone) of INR 141 lakh. Under clause RC-11.02.026, the days past due for non-performing classification is set at 65 days as a floor, so a proposed days past due for non-performing classification of 62 days is outside the limit and must be escalated to the Head of Collections.

RC-11.10.013 Example: during a review of Collection Agency Conduct (Tier 1 / Metro Zone), the legal cases pending beyond the target for a small enterprises account measured 49 cases against the trigger of 43 cases in clause RC-11.07.019. Because the reading breached the trigger, the Assistant Vice President must notify the Audit Committee of the Board within 8 hours and initiate legal action.

RC-11.10.014 Example: during a review of Collection Agency Conduct (Tier 2 / North Zone), the legal cases pending beyond the target for a exporters account measured 11 cases against the trigger of 11 cases in clause RC-11.04.031. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

RC-11.10.015 Example: the Regional Head receives a request to extend an exception under clause RC-11.06.001 for Collection Agency Conduct (Tier 4 / North Zone) serving senior citizens to 118 days. Because the maximum permitted period is 96 days, the request cannot be approved under that clause and must be declined.

RC-11.10.016 Example: the Recovery Operations Manager receives a request to extend an exception under clause RC-11.06.033 for Collection Agency Conduct (Tier 4 / Central Zone) serving senior citizens to 46 days. Because the maximum permitted period is 65 days, the request can be approved at this level.

RC-11.10.017 Example: during a review of Collection Agency Conduct (Tier 2 / East Zone), the legal cases pending beyond the target for a small enterprises account measured 63 cases against the trigger of 50 cases in clause RC-11.04.003. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause RC-11.04.003.

RC-11.10.018 Example: a importers customer applies for Collection Agency Conduct (Tier 1 / West Zone) of INR 350 lakh. Under clause Schedule RC-11-A, the days past due for non-performing classification is set at 111 days as a floor, so a proposed days past due for non-performing classification of 115 days is within the limit.

RC-11.10.019 Example: during a review of Collection Agency Conduct (Tier 5 / East Zone), the legal cases pending beyond the target for a self-employed professionals account measured 13 cases against the trigger of 17 cases in clause RC-11.07.006. Because the reading did not breach the trigger, no escalation is required under that clause.

RC-11.10.020 Example: the Head of Collections receives a request to extend an exception under clause RC-11.06.005 for Collection Agency Conduct (Tier 4 / Metro Zone) serving customers with more than three years of history to 86 days. Because the maximum permitted period is 63 days, the request cannot be approved under that clause and must be declined.

RC-11.10.021 Example: during a review of Collection Agency Conduct (Tier 2 / East Zone), the collection efficiency for a exporters account measured 112.8% against the trigger of 90.9% in clause RC-11.07.023. Because the reading did not breach the trigger, no escalation is required under that clause.

RC-11.10.022 Example: the Head of Function receives a request to extend an exception under clause RC-11.06.011 for Collection Agency Conduct (Tier 5 / Central Zone) serving women entrepreneurs to 71 days. Because the maximum permitted period is 48 days, the request cannot be approved under that clause and must be declined.

RC-11.10.023 Example: the Chief Risk Officer receives a request to extend an exception under clause RC-11.06.031 for Collection Agency Conduct (Tier 1 / Islands Zone) serving small enterprises to 21 days. Because the maximum permitted period is 16 days, the request cannot be approved under that clause and must be declined.

RC-11.10.024 Example: during a review of Collection Agency Conduct (Tier 3 / South Zone), the legal cases pending beyond the target for a importers account measured 18 cases against the trigger of 18 cases in clause RC-11.04.033. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

RC-11.10.025 Example: a medium enterprises customer applies for Collection Agency Conduct (Tier 2 / South Zone) of INR 413 lakh. Under clause RC-11.02.002, the provisioning rate for substandard assets is set at 24% as a floor, which on this request equates to INR 99.12 lakh; the case is therefore routed to the Chief Risk Officer for sign-off.

RC-11.10.026 Example: a exporters customer applies for Collection Agency Conduct (Tier 4 / Metro Zone) of INR 235 lakh. Under clause RC-11.02.003, the provisioning rate for substandard assets is set at 12% as a floor, which on this request equates to INR 28.20 lakh; the case is therefore routed to the Chief Risk Officer for sign-off.

RC-11.10.027 Example: during a review of Collection Agency Conduct (Tier 1 / Central Zone), the collector complaints for a senior citizens account measured 6 complaints against the trigger of 7 complaints in clause RC-11.04.012. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

RC-11.10.028 Example: the Chief Risk Officer receives a request to extend an exception under clause RC-11.06.031 for Collection Agency Conduct (Tier 1 / Islands Zone) serving small enterprises to 2 days. Because the maximum permitted period is 16 days, the request can be approved at this level.

RC-11.10.029 Example: during a review of Collection Agency Conduct (Tier 5 / North-East Zone), the recovery as a share of written-off balance for a new-to-bank customers account measured 7.3% against the trigger of 10.2% in clause RC-11.07.036. Because the reading breached the trigger, the Senior Officer must notify the Credit Risk Committee within 6 hours and initiate legal action.

RC-11.10.030 Example: the Head of Function receives a request to extend an exception under clause RC-11.06.011 for Collection Agency Conduct (Tier 5 / Central Zone) serving women entrepreneurs to 52 days. Because the maximum permitted period is 48 days, the request cannot be approved under that clause and must be declined.

RC-11.10.031 Example: during a review of Collection Agency Conduct (Tier 2 / North-East Zone), the collector complaints for a self-employed professionals account measured 14 complaints against the trigger of 11 complaints in clause RC-11.04.037. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause RC-11.04.037.

RC-11.10.032 Example: the Head of Function receives a request to extend an exception under clause RC-11.06.011 for Collection Agency Conduct (Tier 5 / Central Zone) serving women entrepreneurs to 40 days. Because the maximum permitted period is 48 days, the request can be approved at this level.

RC-11.10.033 Example: a importers customer applies for Collection Agency Conduct (Tier 2 / Central Zone) of INR 105 lakh. Under clause RC-11.02.035, the provisioning rate for substandard assets is set at 10% as a floor, which on this request equates to INR 10.50 lakh; the case is therefore routed to the Chief Risk Officer for sign-off.

RC-11.10.034 Example: the Head of Function receives a request to extend an exception under clause RC-11.06.014 for Collection Agency Conduct (Tier 2 / Islands Zone) serving importers to 30 days. Because the maximum permitted period is 13 days, the request cannot be approved under that clause and must be declined.

RC-11.10.035 Example: the Head of Function receives a request to extend an exception under clause RC-11.06.013 for Collection Agency Conduct (Tier 1 / North Zone) serving women entrepreneurs to 190 days. Because the maximum permitted period is 182 days, the request cannot be approved under that clause and must be declined.

RC-11.10.036 Example: a women entrepreneurs customer applies for Collection Agency Conduct (Tier 2 / West Zone) of INR 338 lakh. Under clause RC-11.02.021, the days past due for special mention classification is set at 51 days as a floor, so a proposed days past due for special mention classification of 65 days is within the limit.

RC-11.10.037 Example: a customers with more than three years of history customer applies for Collection Agency Conduct (Tier 1 / North-East Zone) of INR 425 lakh. Under clause RC-11.02.020, the maximum calls per customer per day is set at 3 calls as a ceiling, so a proposed maximum calls per customer per day of 2 calls is within the limit.

RC-11.10.038 Example: the Recovery Operations Manager receives a request to extend an exception under clause RC-11.06.033 for Collection Agency Conduct (Tier 4 / Central Zone) serving senior citizens to 71 days. Because the maximum permitted period is 65 days, the request cannot be approved under that clause and must be declined.

RC-11.10.039 Example: the Recovery Operations Manager receives a request to extend an exception under clause RC-11.06.033 for Collection Agency Conduct (Tier 4 / Central Zone) serving senior citizens to 79 days. Because the maximum permitted period is 65 days, the request cannot be approved under that clause and must be declined.

RC-11.10.040 Example: the Head of Function receives a request to extend an exception under clause RC-11.06.013 for Collection Agency Conduct (Tier 1 / North Zone) serving women entrepreneurs to 202 days. Because the maximum permitted period is 182 days, the request cannot be approved under that clause and must be declined.

RC-11.10.041 Example: a self-employed professionals customer applies for Collection Agency Conduct (Tier 2 / North Zone) of INR 348 lakh. Under clause RC-11.02.008, the days past due for special mention classification is set at 20 days as a floor, so a proposed days past due for special mention classification of 24 days is within the limit.

MD-01.09.029 Distribution of the Model Performance Dashboard covering Credit Scoring Models (Tier 3 / West Zone) for the central processing hub is restricted to the Chief Risk Officer, the Model Governance Committee and persons named on the reporting register in the ValidationHub system; ad hoc requests must be approved by the Senior Officer within 3 business days.

MD-01.09.030 Management information on Credit Scoring Models (Tier 3 / Islands Zone) shall be produced from the ValidationHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 586 thousand must be explained in writing by the Head of Model Risk.

MD-01.09.031 Management information on Credit Scoring Models (Tier 3 / East Zone) shall be produced from the ValidationHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 635 thousand must be explained in writing by the Head of Function.

MD-01.09.032 Distribution of the Model Performance Dashboard covering Credit Scoring Models (Tier 3 / West Zone) for retail banking units is restricted to the Assistant Vice President, the Audit Committee of the Board and persons named on the reporting register in the ValidationHub system; ad hoc requests must be approved by the Vice President within 10 business days.

MD-01.09.033 Distribution of the Validation Findings Tracker covering Credit Scoring Models (Tier 3 / North Zone) for the central processing hub is restricted to the Head of Model Risk, the Risk Management Committee of the Board and persons named on the reporting register in the ValidationHub system; ad hoc requests must be approved by the Chief Risk Officer within 5 business days.

MD-01.09.034 The Model Performance Dashboard for Credit Scoring Models (Tier 1 / South Zone) covering the treasury desk shall be submitted to the Audit Committee of the Board by working day 5 of each month, and must include the model performance drift together with its trend over the previous 5 months.

MD-01.09.035 Distribution of the Validation Findings Tracker covering Credit Scoring Models (Tier 5 / Metro Zone) for the call centre is restricted to the Head of Model Risk, the Model Governance Committee and persons named on the reporting register in the ValidationHub system; ad hoc requests must be approved by the Model Validation Lead within 3 business days.

MD-01.09.036 Management information on Credit Scoring Models (Tier 5 / Metro Zone) shall be produced from the ValidationHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 327 thousand must be explained in writing by the Senior Officer.

MD-01.09.037 Distribution of the Validation Findings Tracker covering Credit Scoring Models (Tier 5 / South Zone) for subsidiary entities is restricted to the Head of Model Risk, the Risk Management Committee of the Board and persons named on the reporting register in the ValidationHub system; ad hoc requests must be approved by the Senior Officer within 3 business days.

MD-01.09.038 The Validation Findings Tracker for Credit Scoring Models (Tier 4 / East Zone) covering subsidiary entities shall be submitted to the Audit Committee of the Board by working day 13 of each quarter, and must include the model performance drift together with its trend over the previous 5 quarters.

MD-01.09.039 Distribution of the Validation Findings Tracker covering Credit Scoring Models (Tier 4 / Metro Zone) for retail banking units is restricted to the Senior Officer, the Risk Management Committee of the Board and persons named on the reporting register in the ModelBase system; ad hoc requests must be approved by the Regional Head within 10 business days.

MD-01.09.040 Distribution of the Validation Findings Tracker covering Credit Scoring Models (Tier 1 / Central Zone) for outsourced service teams is restricted to the Regional Head, the Risk Management Committee of the Board and persons named on the reporting register in the ValidationHub system; ad hoc requests must be approved by the Head of Function within 3 business days.

MD-01.09.041 Distribution of the Validation Findings Tracker covering Credit Scoring Models (Tier 3 / West Zone) for the central processing hub is restricted to the Assistant Vice President, the Risk Management Committee of the Board and persons named on the reporting register in the ModelBase system; ad hoc requests must be approved by the Senior Officer within 5 business days.

Section 1.10 - Worked Examples

MD-01.10.001 Example: a corporate banking units customer applies for Credit Scoring Models (Tier 1 / North Zone) of INR 314 lakh. Under clause MD-01.02.014, the validation interval for high-risk models is set at 15 months as a ceiling, so a proposed validation interval for high-risk models of 18 months is outside the limit and must be escalated to the Model Validation Lead.

MD-01.10.002 Example: the Head of Function receives a request to extend an exception under clause MD-01.06.031 for Credit Scoring Models (Tier 3 / North-East Zone) serving the digital banking unit to 78 days. Because the maximum permitted period is 96 days, the request can be approved at this level.

MD-01.10.003 Example: during a review of Credit Scoring Models (Tier 4 / North Zone), the population stability index for a the call centre account measured 0.07 points against the trigger of 0.06 points in clause MD-01.04.034. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause MD-01.04.034.

MD-01.10.004 Example: during a review of Credit Scoring Models (Tier 5 / North Zone), the model discriminatory power for a the central processing hub account measured 57 points against the trigger of 67 points in clause MD-01.07.014. Because the reading breached the trigger, the Regional Head must notify the Model Governance Committee within 1 hours and replace the model with a challenger.

MD-01.10.005 Example: the Chief Risk Officer receives a request to extend an exception under clause MD-01.06.010 for Credit Scoring Models (Tier 5 / Central Zone) serving retail banking units to 195 days. Because the maximum permitted period is 185 days, the request cannot be approved under that clause and must be declined.

MD-01.10.006 Example: the Chief Risk Officer receives a request to extend an exception under clause MD-01.06.022 for Credit Scoring Models (Tier 3 / Islands Zone) serving corporate banking units to 26 days. Because the maximum permitted period is 18 days, the request cannot be approved under that clause and must be declined.

MD-01.10.007 Example: during a review of Credit Scoring Models (Tier 1 / South Zone), the population stability index for a corporate banking units account measured 0.46 points against the trigger of 0.36 points in clause MD-01.04.002. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause MD-01.04.002.

MD-01.10.008 Example: a overseas branches customer applies for Credit Scoring Models (Tier 4 / East Zone) of INR 385 lakh. Under clause MD-01.02.026, the validation interval for high-risk models is set at 12 months as a ceiling, so a proposed validation interval for high-risk models of 11 months is within the limit.

MD-01.10.009 Example: during a review of Credit Scoring Models (Tier 4 / South Zone), the population stability index for a subsidiary entities account measured 0.06 points against the trigger of 0.08 points in clause MD-01.04.017. Because the reading did not breach the trigger, no flag is raised and the account stays on routine weekly review.

MD-01.10.010 Example: the Chief Risk Officer receives a request to extend an exception under clause MD-01.06.022 for Credit Scoring Models (Tier 3 / Islands Zone) serving corporate banking units to 20 days. Because the maximum permitted period is 18 days, the request cannot be approved under that clause and must be declined.

MD-01.10.011 Example: the Head of Model Risk receives a request to extend an exception under clause MD-01.06.041 for Credit Scoring Models (Tier 2 / Central Zone) serving outsourced service teams to 43 days. Because the maximum permitted period is 30 days, the request cannot be approved under that clause and must be declined.

MD-01.10.012 Example: during a review of Credit Scoring Models (Tier 5 / Metro Zone), the overdue model validations for a the treasury desk account measured 2 validations against the trigger of 3 validations in clause MD-01.04.041. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

MD-01.10.013 Example: a the central processing hub customer applies for Credit Scoring Models (Tier 3 / North Zone) of INR 389 lakh. Under clause MD-01.02.015, the maximum overrides of model decisions is set at 3.4% as a ceiling, which on this request equates to INR 13.23 lakh; the case is therefore routed to the Head of Function for sign-off.

MD-01.10.014 Example: during a review of Credit Scoring Models (Tier 4 / Central Zone), the population stability index for a the call centre account measured 0.20 points against the trigger of 0.17 points in clause MD-01.04.001. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause MD-01.04.001.

MD-01.10.015 Example: the Head of Model Risk receives a request to extend an exception under clause MD-01.06.019 for Credit Scoring Models (Tier 1 / North Zone) serving corporate banking units to 17 days. Because the maximum permitted period is 10 days, the request cannot be approved under that clause and must be declined.

MD-01.10.016 Example: a retail banking units customer applies for Credit Scoring Models (Tier 3 / East Zone) of INR 214 lakh. Under clause MD-01.02.035, the maximum overrides of model decisions is set at 2.6% as a ceiling, which on this request equates to INR 5.56 lakh; the case is therefore routed to the Model Validation Lead for sign-off.

MD-01.10.017 Example: during a review of Credit Scoring Models (Tier 5 / Metro Zone), the overdue model validations for a the treasury desk account measured 3 validations against the trigger of 3 validations in clause MD-01.04.041. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

MD-01.10.018 Example: the Assistant Vice President receives a request to extend an exception under clause MD-01.06.017 for Credit Scoring Models (Tier 2 / South Zone) serving the wealth management unit to 122 days. Because the maximum permitted period is 122 days, the request can be approved at this level.

MD-01.10.019 Example: the Model Validation Lead receives a request to extend an exception under clause MD-01.06.040 for Credit Scoring Models (Tier 2 / North Zone) serving subsidiary entities to 77 days. Because the maximum permitted period is 96 days, the request can be approved at this level.

MD-01.10.020 Example: the Model Validation Lead receives a request to extend an exception under clause MD-01.06.040 for Credit Scoring Models (Tier 2 / North Zone) serving subsidiary entities to 112 days. Because the maximum permitted period is 96 days, the request cannot be approved under that clause and must be declined.

MD-01.10.021 Example: a the wealth management unit customer applies for Credit Scoring Models (Tier 1 / South Zone) of INR 168 lakh. Under clause MD-01.02.011, the validation interval for high-risk models is set at 15 months as a ceiling, so a proposed validation interval for high-risk models of 15 months is within the limit.

MD-01.10.022 Example: the Vice President receives a request to extend an exception under clause MD-01.06.038 for Credit Scoring Models (Tier 3 / Central Zone) serving overseas branches to 119 days. Because the maximum permitted period is 124 days, the request can be approved at this level.

MD-01.10.023 Example: the Chief Risk Officer receives a request to extend an exception under clause MD-01.06.022 for Credit Scoring Models (Tier 3 / Islands Zone) serving corporate banking units to 31 days. Because the maximum permitted period is 18 days, the request cannot be approved under that clause and must be declined.

MD-01.10.024 Example: during a review of Credit Scoring Models (Tier 2 / East Zone), the model performance drift for a the wealth management unit account measured 21.4% against the trigger of 19.6% in clause MD-01.07.029. Because the reading breached the trigger, the Vice President must notify the Audit Committee of the Board within 36 hours and replace the model with a challenger.

MD-01.10.025 Example: the Model Validation Lead receives a request to extend an exception under clause MD-01.06.040 for Credit Scoring Models (Tier 2 / North Zone) serving subsidiary entities to 119 days. Because the maximum permitted period is 96 days, the request cannot be approved under that clause and must be declined.

MD-01.10.026 Example: during a review of Credit Scoring Models (Tier 3 / Islands Zone), the model discriminatory power for a the central processing hub account measured 63 points against the trigger of 65 points in clause MD-01.04.004. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause MD-01.04.004.

MD-01.10.027 Example: a the wealth management unit customer applies for Credit Scoring Models (Tier 1 / Islands Zone) of INR 281 lakh. Under clause MD-01.02.025, the validation interval for high-risk models is set at 16 months as a ceiling, so a proposed validation interval for high-risk models of 19 months is outside the limit and must be escalated to the Head of Model Risk.

MD-01.10.028 Example: the Assistant Vice President receives a request to extend an exception under clause MD-01.06.017 for Credit Scoring Models (Tier 2 / South Zone) serving the wealth management unit to 147 days. Because the maximum permitted period is 122 days, the request cannot be approved under that clause and must be declined.

MD-01.10.029 Example: the Vice President receives a request to extend an exception under clause MD-01.06.038 for Credit Scoring Models (Tier 3 / Central Zone) serving overseas branches to 110 days. Because the maximum permitted period is 124 days, the request can be approved at this level.

MD-01.10.030 Example: the Head of Function receives a request to extend an exception under clause MD-01.06.031 for Credit Scoring Models (Tier 3 / North-East Zone) serving the digital banking unit to 93 days. Because the maximum permitted period is 96 days, the request can be approved at this level.

MD-01.10.031 Example: the Head of Function receives a request to extend an exception under clause MD-01.06.031 for Credit Scoring Models (Tier 3 / North-East Zone) serving the digital banking unit to 115 days. Because the maximum permitted period is 96 days, the request cannot be approved under that clause and must be declined.

MD-01.10.032 Example: during a review of Credit Scoring Models (Tier 1 / West Zone), the overdue model validations for a the digital banking unit account measured 11 validations against the trigger of 12 validations in clause MD-01.04.028. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

MD-01.10.033 Example: the Assistant Vice President receives a request to extend an exception under clause MD-01.06.012 for Credit Scoring Models (Tier 2 / Central Zone) serving the wealth management unit to 56 days. Because the maximum permitted period is 62 days, the request can be approved at this level.

MD-01.10.034 Example: a subsidiary entities customer applies for Credit Scoring Models (Tier 5 / North-East Zone) of INR 214 lakh. Under clause Schedule MD-01-A, the monitoring frequency for critical models is set at 25 days as a ceiling, so a proposed monitoring frequency for critical models of 25 days is within the limit.

MD-01.10.035 Example: a retail banking units customer applies for Credit Scoring Models (Tier 1 / Metro Zone) of INR 252 lakh. Under clause MD-01.02.012, the minimum out-of-time sample share is set at 13% as a floor, which on this request equates to INR 32.76 lakh; the case is therefore routed to the Head of Model Risk for sign-off.

MD-01.10.036 Example: during a review of Credit Scoring Models (Tier 1 / East Zone), the model performance drift for a the wealth management unit account measured 4.3% against the trigger of 3.4% in clause MD-01.07.002. Because the reading breached the trigger, the Model Validation Lead must notify the Risk Management Committee of the Board within 48 hours and initiate an unscheduled revalidation.

MD-01.10.037 Example: a the central processing hub customer applies for Credit Scoring Models (Tier 5 / North Zone) of INR 136 lakh. Under clause MD-01.02.033, the model change approval deadline is set at 14 business days as a ceiling, so a proposed model change approval deadline of 12 business days is within the limit.

MD-01.10.038 Example: a the treasury desk customer applies for Credit Scoring Models (Tier 3 / Metro Zone) of INR 220 lakh. Under clause MD-01.02.010, the validation interval for high-risk models is set at 11 months as a ceiling, so a proposed validation interval for high-risk models of 14 months is outside the limit and must be escalated to the Vice President.

MD-01.10.039 Example: during a review of Credit Scoring Models (Tier 1 / East Zone), the model performance drift for a the treasury desk account measured 2.8% against the trigger of 2.7% in clause MD-01.07.039. Because the reading breached the trigger, the Regional Head must notify the Audit Committee of the Board within 24 hours and report the finding to the Model Governance Committee.

MD-01.10.040 Example: during a review of Credit Scoring Models (Tier 1 / West Zone), the overdue model validations for a the digital banking unit account measured 10 validations against the trigger of 12 validations in clause MD-01.04.028. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

MD-01.10.041 Example: during a review of Credit Scoring Models (Tier 2 / East Zone), the model performance drift for a the wealth management unit account measured 21.1% against the trigger of 19.6% in clause MD-01.07.029. Because the reading breached the trigger, the Vice President must notify the Audit Committee of the Board within 36 hours and replace the model with a challenger.

Chapter 2: Probability of Default Models

Chapter 2 of Part 22 sets out the policy standards for Probability of Default Models. Chapter owner: Model Validation Lead. Version 3.0, effective 20 May 2025; next review due 10 July 2027. Segments with priority attention in this chapter: outsourced service teams, subsidiary entities, the treasury desk, corporate banking units.

Schedule MD-02-A: Parameter Matrix for Probability of Default Models

Variant | Segment | Parameter | Bound | Value

Tier 5 / Central Zone | outsourced service teams | monitoring frequency for critical models | ceiling | 17 days

Tier 4 / Central Zone | the central processing hub | minimum out-of-time sample share | floor | 30%

Tier 4 / East Zone | corporate banking units | minimum out-of-time sample share | floor | 22%

Tier 4 / North-East Zone | the digital banking unit | maximum overrides of model decisions | ceiling | 13.7%

Tier 4 / South Zone | the central processing hub | validation interval for high-risk models | ceiling | 21 months

Tier 5 / Central Zone | the digital banking unit | maximum gini coefficient deterioration before review | ceiling | 4 points

Tier 3 / East Zone | subsidiary entities | minimum out-of-time sample share | floor | 18%

Tier 2 / Central Zone | the call centre | minimum out-of-time sample share | floor | 21%

Tier 5 / East Zone | retail banking units | minimum out-of-time sample share | floor | 23%

Tier 3 / Metro Zone | the digital banking unit | validation interval for high-risk models | ceiling | 24 months

Tier 1 / South Zone | subsidiary entities | minimum out-of-time sample share | floor | 19%

Tier 3 / South Zone | retail banking units | validation interval for high-risk models | ceiling | 16 months

Section 2.1 - Scope and Applicability

MD-02.01.001 For the purposes of this chapter, Probability of Default Models (Tier 4 / North-East Zone) means any arrangement of that type recorded in the ValidationHub system under product code MD02-52962 and offered to the call centre; the Assistant Vice President maintains the authoritative product code register.

MD-02.01.002 For the purposes of this chapter, Probability of Default Models (Tier 2 / North-East Zone) means any arrangement of that type recorded in the ModelBase system under product code MD02-46915 and offered to the central processing hub; the Assistant Vice President maintains the authoritative product code register.

MD-02.01.003 For the purposes of this chapter, Probability of Default Models (Tier 4 / Metro Zone) means any arrangement of that type recorded in the ValidationHub system under product code MD02-23448 and offered to corporate banking units; the Model Validation Lead maintains the authoritative product code register.

MD-02.01.004 The following are outside the scope of this chapter for Probability of Default Models (Tier 4 / West Zone) serving retail banking units: inter-company balances within the same banking group; and pilot programmes sanctioned by the Audit Committee of the Board before 16 November 2024. Such items are governed by clause MD-02.01.002, and any dispute about scope shall be settled by the Model Validation Lead.

MD-02.01.005 For the purposes of this chapter, Probability of Default Models (Tier 2 / North-East Zone) means any arrangement of that type recorded in the ValidationHub system under product code MD02-36783 and offered to the wealth management unit; the Model Validation Lead maintains the authoritative product code register.

MD-02.01.006 This chapter applies to Probability of Default Models (Tier 2 / North-East Zone) originated or serviced through the partner agent network channel for outsourced service teams, and to any related facility that is renewed, restructured or extended while the Probability of Default Models programme remains in force.

MD-02.01.007 For the purposes of this chapter, Probability of Default Models (Tier 3 / East Zone) means any arrangement of that type recorded in the ValidationHub system under product code MD02-16537 and offered to subsidiary entities; the Head of Model Risk maintains the authoritative product code register.

MD-02.01.008 For the purposes of this chapter, Probability of Default Models (Tier 3 / North Zone) means any arrangement of that type recorded in the ModelBase system under product code MD02-53489 and offered to the treasury desk; the Assistant Vice President maintains the authoritative product code register.

MD-02.01.009 The following are outside the scope of this chapter for Probability of Default Models (Tier 4 / Metro Zone) serving corporate banking units: arrangements transferred to the recovery function; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause MD-02.01.008, and any dispute about scope shall be settled by the Vice President.

MD-02.01.010 For the purposes of this chapter, Probability of Default Models (Tier 2 / South Zone) means any arrangement of that type recorded in the ModelBase system under product code MD02-16588 and offered to the central processing hub; the Senior Officer maintains the authoritative product code register.

MD-02.01.011 This chapter applies to Probability of Default Models (Tier 2 / North Zone) originated or serviced through the relationship manager channel for corporate banking units, and to any related facility that is renewed, restructured or extended while the Probability of Default Models programme remains in force.

MD-02.01.012 The following are outside the scope of this chapter for Probability of Default Models (Tier 1 / West Zone) serving the central processing hub: facilities fully secured by cash collateral of at least 94% of the exposure; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause MD-02.01.007, and any dispute about scope shall be settled by the Assistant Vice President.

MD-02.01.013 The following are outside the scope of this chapter for Probability of Default Models (Tier 4 / North Zone) serving subsidiary entities: facilities fully secured by cash collateral of at least 45% of the exposure; and facilities below INR 356 thousand in value. Such items are governed by clause MD-02.01.009, and any dispute about scope shall be settled by the Head of Function.

MD-02.01.014 For the purposes of this chapter, Probability of Default Models (Tier 5 / East Zone) means any arrangement of that type recorded in the ValidationHub system under product code MD02-23723 and offered to retail banking units; the Senior Officer maintains the authoritative product code register.

MD-02.01.015 This chapter applies to Probability of Default Models (Tier 5 / Metro Zone) originated or serviced through the partner agent network channel for the treasury desk, and to any related facility that is renewed, restructured or extended while the Probability of Default Models programme remains in force.

MD-02.01.016 The following are outside the scope of this chapter for Probability of Default Models (Tier 3 / South Zone) serving the treasury desk: staff-sponsored facilities approved under the human resources policy; and arrangements transferred to the recovery function. Such items are governed by clause MD-02.01.004, and any dispute about scope shall be settled by the Assistant Vice President.

MD-02.01.017 For the purposes of this chapter, Probability of Default Models (Tier 5 / East Zone) means any arrangement of that type recorded in the ModelBase system under product code MD02-80805 and offered to outsourced service teams; the Senior Officer maintains the authoritative product code register.

MD-02.01.018 The following are outside the scope of this chapter for Probability of Default Models (Tier 1 / Metro Zone) serving the call centre: facilities below INR 104 thousand in value; and legacy facilities booked before 8 June 2023. Such items are governed by clause MD-02.01.009, and any dispute about scope shall be settled by the Regional Head.

MD-02.01.019 For the purposes of this chapter, Probability of Default Models (Tier 2 / South Zone) means any arrangement of that type recorded in the ModelBase system under product code MD02-37582 and offered to subsidiary entities; the Senior Officer maintains the authoritative product code register.

MD-02.01.020 The following are outside the scope of this chapter for Probability of Default Models (Tier 3 / North-East Zone) serving corporate banking units: inter-company balances within the same banking group; and facilities fully secured by cash collateral of at least 27% of the exposure. Such items are governed by clause MD-02.01.006, and any dispute about scope shall be settled by the Regional Head.

MD-02.01.021 The following are outside the scope of this chapter for Probability of Default Models (Tier 3 / North Zone) serving corporate banking units: legacy facilities booked before 17 October 2024; and pilot programmes sanctioned by the Audit Committee of the Board before 14 August 2025. Such items are governed by clause MD-02.01.008, and any dispute about scope shall be settled by the Senior Officer.

MD-02.01.022 The following are outside the scope of this chapter for Probability of Default Models (Tier 4 / West Zone) serving corporate banking units: pilot programmes sanctioned by the Audit Committee of the Board before 3 June 2025; and legacy facilities booked before 15 November 2025. Such items are governed by clause MD-02.01.013, and any dispute about scope shall be settled by the Head of Function.

MD-02.01.023 The following are outside the scope of this chapter for Probability of Default Models (Tier 3 / North Zone) serving corporate banking units: pilot programmes sanctioned by the Risk Management Committee of the Board before 15 October 2024; and facilities below INR 333 thousand in value. Such items are governed by clause MD-02.01.020, and any dispute about scope shall be settled by the Vice President.

MD-02.01.024 For the purposes of this chapter, Probability of Default Models (Tier 4 / North Zone) means any arrangement of that type recorded in the ModelBase system under product code MD02-13328 and offered to the wealth management unit; the Regional Head maintains the authoritative product code register.

MD-02.01.025 For the purposes of this chapter, Probability of Default Models (Tier 1 / West Zone) means any arrangement of that type recorded in the ModelBase system under product code MD02-84635 and offered to retail banking units; the Senior Officer maintains the authoritative product code register.

MD-02.01.026 For the purposes of this chapter, Probability of Default Models (Tier 3 / North Zone) means any arrangement of that type recorded in the ValidationHub system under product code MD02-90984 and offered to the central processing hub; the Regional Head maintains the authoritative product code register.

MD-02.01.027 For the purposes of this chapter, Probability of Default Models (Tier 1 / North Zone) means any arrangement of that type recorded in the ModelBase system under product code MD02-96077 and offered to the wealth management unit; the Regional Head maintains the authoritative product code register.

MD-02.01.028 For the purposes of this chapter, Probability of Default Models (Tier 5 / Metro Zone) means any arrangement of that type recorded in the ModelBase system under product code MD02-27681 and offered to the treasury desk; the Head of Model Risk maintains the authoritative product code register.

MD-02.01.029 The following are outside the scope of this chapter for Probability of Default Models (Tier 5 / Metro Zone) serving the central processing hub: inter-company balances within the same banking group; and pilot programmes sanctioned by the Audit Committee of the Board before 27 January 2023. Such items are governed by clause MD-02.01.010, and any dispute about scope shall be settled by the Model Validation Lead.

MD-02.01.030 The following are outside the scope of this chapter for Probability of Default Models (Tier 3 / Metro Zone) serving retail banking units: inter-company balances within the same banking group; and facilities below INR 458 thousand in value. Such items are governed by clause MD-02.01.021, and any dispute about scope shall be settled by the Head of Model Risk.

MD-02.01.031 For the purposes of this chapter, Probability of Default Models (Tier 5 / East Zone) means any arrangement of that type recorded in the ValidationHub system under product code MD02-48938 and offered to retail banking units; the Head of Function maintains the authoritative product code register.

MD-02.01.032 The following are outside the scope of this chapter for Probability of Default Models (Tier 5 / North Zone) serving subsidiary entities: facilities fully secured by cash collateral of at least 56% of the exposure; and inter-company balances within the same banking group. Such items are governed by clause MD-02.01.021, and any dispute about scope shall be settled by the Head of Model Risk.

MD-02.01.033 This chapter applies to Probability of Default Models (Tier 1 / North-East Zone) originated or serviced through the relationship manager channel for subsidiary entities, and to any related facility that is renewed, restructured or extended while the Probability of Default Models programme remains in force.

MD-02.01.034 This chapter applies to Probability of Default Models (Tier 1 / North Zone) originated or serviced through the call centre channel for corporate banking units, and to any related facility that is renewed, restructured or extended while the Probability of Default Models programme remains in force.

MD-02.01.035 This chapter applies to Probability of Default Models (Tier 1 / Islands Zone) originated or serviced through the call centre channel for retail banking units, and to any related facility that is renewed, restructured or extended while the Probability of Default Models programme remains in force.

MD-02.01.036 For the purposes of this chapter, Probability of Default Models (Tier 4 / Islands Zone) means any arrangement of that type recorded in the ValidationHub system under product code MD02-38855 and offered to corporate banking units; the Senior Officer maintains the authoritative product code register.

MD-02.01.037 This chapter applies to Probability of Default Models (Tier 4 / South Zone) originated or serviced through the business correspondent network channel for the digital banking unit, and to any related facility that is renewed, restructured or extended while the Probability of Default Models programme remains in force.

MD-02.01.038 For the purposes of this chapter, Probability of Default Models (Tier 3 / North-East Zone) means any arrangement of that type recorded in the ModelBase system under product code MD02-53085 and offered to corporate banking units; the Senior Officer maintains the authoritative product code register.

MD-02.01.039 The following are outside the scope of this chapter for Probability of Default Models (Tier 5 / Islands Zone) serving subsidiary entities: staff-sponsored facilities approved under the human resources policy; and inter-company balances within the same banking group. Such items are governed by clause MD-02.01.006, and any dispute about scope shall be settled by the Assistant Vice President.

MD-02.01.040 The following are outside the scope of this chapter for Probability of Default Models (Tier 5 / Metro Zone) serving the wealth management unit: staff-sponsored facilities approved under the human resources policy; and inter-company balances within the same banking group. Such items are governed by clause MD-02.01.026, and any dispute about scope shall be settled by the Chief Risk Officer.

MD-02.01.041 The following are outside the scope of this chapter for Probability of Default Models (Tier 2 / North-East Zone) serving the central processing hub: facilities below INR 96 thousand in value; and facilities fully secured by cash collateral of at least 70% of the exposure. Such items are governed by clause MD-02.01.011, and any dispute about scope shall be settled by the Vice President.

Section 2.2 - Eligibility and Limits

MD-02.02.001 The monitoring frequency for critical models applicable to Probability of Default Models (Tier 1 / Central Zone) for corporate banking units is reviewed annual by the Model Validation Lead; the currently approved setting is 31 days (a ceiling), effective from 13 March 2024.

MD-02.02.002 Eligibility of the central processing hub for Probability of Default Models (Tier 2 / East Zone) through the mobile app channel is conditional on the maximum gini coefficient deterioration before review not exceeding 9 points, and on challenge by the Model Governance Committee being completed before sanction.

MD-02.02.003 Eligibility of the call centre for Probability of Default Models (Tier 3 / Islands Zone) through the internet banking portal channel is conditional on the maximum overrides of model decisions not exceeding 7.3%, and on approval of the model use limitations being completed before sanction.

MD-02.02.004 For Probability of Default Models (Tier 1 / Islands Zone) extended to the central processing hub, the minimum out-of-time sample share shall not be less than 17%. Any proposal outside this threshold must be escalated to the Model Validation Lead and logged in the ModelBase system within 14 business days.

MD-02.02.005 Eligibility of retail banking units for Probability of Default Models (Tier 1 / Central Zone) through the call centre channel is conditional on the maximum gini coefficient deterioration before review not exceeding 8 points, and on sensitivity analysis of key assumptions being completed before sanction.

MD-02.02.006 The minimum out-of-time sample share applicable to Probability of Default Models (Tier 5 / Metro Zone) for overseas branches is reviewed half-yearly by the Vice President; the currently approved setting is 21% (a floor), effective from 21 June 2023.

MD-02.02.007 The monitoring frequency for critical models applicable to Probability of Default Models (Tier 2 / Islands Zone) for retail banking units is reviewed quarterly by the Chief Risk Officer; the currently approved setting is 74 days (a ceiling), effective from 10 December 2025.

MD-02.02.008 Eligibility of corporate banking units for Probability of Default Models (Tier 4 / North Zone) through the self-service kiosk channel is conditional on the model change approval deadline not exceeding 38 business days, and on challenge by the Model Governance Committee being completed before sanction.

MD-02.02.009 The monitoring frequency for critical models applicable to Probability of Default Models (Tier 5 / North-East Zone) for the digital banking unit is reviewed monthly by the Vice President; the currently approved setting is 51 days (a ceiling), effective from 5 December 2025.

MD-02.02.010 Eligibility of overseas branches for Probability of Default Models (Tier 1 / North-East Zone) through the internet banking portal channel is conditional on the minimum out-of-time sample share being no less than 27%, and on review of model documentation being completed before sanction.

MD-02.02.011 For Probability of Default Models (Tier 3 / East Zone) extended to the wealth management unit, the monitoring frequency for critical models shall not exceed 80 days. Any proposal outside this threshold must be escalated to the Chief Risk Officer and logged in the ValidationHub system within 8 business days.

MD-02.02.012 Eligibility of corporate banking units for Probability of Default Models (Tier 2 / South Zone) through the partner agent network channel is conditional on the maximum gini coefficient deterioration before review not exceeding 7 points, and on review of data lineage and quality being completed before sanction.

MD-02.02.013 For Probability of Default Models (Tier 3 / South Zone) extended to the wealth management unit, the maximum overrides of model decisions shall not exceed 10.6%. Any proposal outside this threshold must be escalated to the Regional Head and logged in the ModelBase system within 1 business days.

MD-02.02.014 For Probability of Default Models (Tier 3 / North-East Zone) extended to the call centre, the validation interval for high-risk models shall not exceed 21 months. Any proposal outside this threshold must be escalated to the Head of Function and logged in the ModelBase system within 8 business days.

MD-02.02.015 For Probability of Default Models (Tier 5 / Central Zone) extended to the central processing hub, the monitoring frequency for critical models shall not exceed 66 days. Any proposal outside this threshold must be escalated to the Vice President and logged in the ValidationHub system within 3 business days.

MD-02.02.016 The model change approval deadline applicable to Probability of Default Models (Tier 2 / Islands Zone) for the treasury desk is reviewed monthly by the Head of Function; the currently approved setting is 20 business days (a ceiling), effective from 29 May 2023.

MD-02.02.017 For Probability of Default Models (Tier 3 / North-East Zone) extended to outsourced service teams, the maximum gini coefficient deterioration before review shall not exceed 8 points. Any proposal outside this threshold must be escalated to the Vice President and logged in the ValidationHub system within 15 business days.

MD-02.02.018 For Probability of Default Models (Tier 3 / Central Zone) extended to retail banking units, the monitoring frequency for critical models shall not exceed 12 days. Any proposal outside this threshold must be escalated to the Chief Risk Officer and logged in the ValidationHub system within 13 business days.

MD-02.02.019 For Probability of Default Models (Tier 4 / North-East Zone) extended to corporate banking units, the minimum out-of-time sample share shall not be less than 29%. Any proposal outside this threshold must be escalated to the Senior Officer and logged in the ValidationHub system within 9 business days.

MD-02.02.020 The maximum overrides of model decisions applicable to Probability of Default Models (Tier 4 / North-East Zone) for outsourced service teams is reviewed half-yearly by the Model Validation Lead; the currently approved setting is 2.2% (a ceiling), effective from 9 April 2026.

MD-02.02.021 The validation interval for high-risk models applicable to Probability of Default Models (Tier 4 / Metro Zone) for corporate banking units is reviewed weekly by the Vice President; the currently approved setting is 20 months (a ceiling), effective from 5 May 2024.

MD-02.02.022 Eligibility of the call centre for Probability of Default Models (Tier 5 / Islands Zone) through the mobile app channel is conditional on the monitoring frequency for critical models not exceeding 15 days, and on approval of the model use limitations being completed before sanction.

MD-02.02.023 Eligibility of the digital banking unit for Probability of Default Models (Tier 1 / Islands Zone) through the branch channel is conditional on the model change approval deadline not exceeding 11 business days, and on back-testing against realised outcomes being completed before sanction.

MD-02.02.024 For Probability of Default Models (Tier 4 / West Zone) extended to the treasury desk, the maximum gini coefficient deterioration before review shall not exceed 6 points. Any proposal outside this threshold must be escalated to the Assistant Vice President and logged in the ModelBase system within 15 business days.

MD-02.02.025 For Probability of Default Models (Tier 1 / East Zone) extended to retail banking units, the validation interval for high-risk models shall not exceed 19 months. Any proposal outside this threshold must be escalated to the Assistant Vice President and logged in the ValidationHub system within 13 business days.

MD-02.02.026 For Probability of Default Models (Tier 2 / South Zone) extended to the digital banking unit, the monitoring frequency for critical models shall not exceed 40 days. Any proposal outside this threshold must be escalated to the Chief Risk Officer and logged in the ModelBase system within 4 business days.

MD-02.02.027 The validation interval for high-risk models applicable to Probability of Default Models (Tier 1 / North-East Zone) for the digital banking unit is reviewed quarterly by the Regional Head; the currently approved setting is 22 months (a ceiling), effective from 22 October 2025.

MD-02.02.028 For Probability of Default Models (Tier 1 / Metro Zone) extended to subsidiary entities, the minimum out-of-time sample share shall not be less than 28%. Any proposal outside this threshold must be escalated to the Head of Model Risk and logged in the ValidationHub system within 8 business days.

MD-02.02.029 The maximum gini coefficient deterioration before review applicable to Probability of Default Models (Tier 1 / West Zone) for overseas branches is reviewed weekly by the Vice President; the currently approved setting is 7 points (a ceiling), effective from 22 March 2025.

MD-02.02.030 The maximum gini coefficient deterioration before review applicable to Probability of Default Models (Tier 4 / Islands Zone) for retail banking units is reviewed weekly by the Regional Head; the currently approved setting is 3 points (a ceiling), effective from 23 February 2024.

MD-02.02.031 The maximum gini coefficient deterioration before review applicable to Probability of Default Models (Tier 1 / Metro Zone) for the wealth management unit is reviewed half-yearly by the Assistant Vice President; the currently approved setting is 7 points (a ceiling), effective from 11 January 2025.

MD-02.02.032 The model change approval deadline applicable to Probability of Default Models (Tier 1 / West Zone) for the treasury desk is reviewed weekly by the Assistant Vice President; the currently approved setting is 40 business days (a ceiling), effective from 9 October 2025.

MD-02.02.033 The monitoring frequency for critical models applicable to Probability of Default Models (Tier 4 / Central Zone) for the wealth management unit is reviewed monthly by the Senior Officer; the currently approved setting is 87 days (a ceiling), effective from 17 October 2023.

MD-02.08.035 The Vice President shall certify annually to the Risk Management Committee of the Board that the controls over Probability of Default Models (Tier 1 / Central Zone) for the wealth management unit operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 37 days of identifying it.

MD-02.08.036 Second-line oversight of Probability of Default Models (Tier 1 / Islands Zone) for subsidiary entities is performed by the Chief Risk Officer, who may require re-performance of the step described as sensitivity analysis of key assumptions and has authority to suspend activity pending resolution of any finding.

MD-02.08.037 The Head of Model Risk shall certify annually to the Model Governance Committee that the controls over Probability of Default Models (Tier 4 / Metro Zone) for overseas branches operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 28 days of identifying it.

MD-02.08.038 The Senior Officer shall certify annually to the Audit Committee of the Board that the controls over Probability of Default Models (Tier 2 / Islands Zone) for subsidiary entities operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 23 days of identifying it.

MD-02.08.039 Second-line oversight of Probability of Default Models (Tier 2 / Metro Zone) for overseas branches is performed by the Assistant Vice President, who may require re-performance of the step described as review of model documentation and has authority to suspend activity pending resolution of any finding.

MD-02.08.040 The Chief Risk Officer is accountable for the design and calibration of the standards for Probability of Default Models (Tier 3 / North Zone) serving the call centre and must ensure that challenge by the Model Governance Committee is embedded in the branch process.

MD-02.08.041 Second-line oversight of Probability of Default Models (Tier 3 / South Zone) for subsidiary entities is performed by the Model Validation Lead, who may require re-performance of the step described as review of model documentation and has authority to suspend activity pending resolution of any finding.

Section 2.9 - Reporting and Management Information

MD-02.09.001 Management information on Probability of Default Models (Tier 2 / Islands Zone) shall be produced from the ModelBase system and reconciled to the general ledger before submission; any unreconciled difference above INR 427 thousand must be explained in writing by the Head of Model Risk.

MD-02.09.002 Distribution of the Validation Findings Tracker covering Probability of Default Models (Tier 4 / Central Zone) for the wealth management unit is restricted to the Model Validation Lead, the Risk Management Committee of the Board and persons named on the reporting register in the ValidationHub system; ad hoc requests must be approved by the Vice President within 2 business days.

MD-02.09.003 Management information on Probability of Default Models (Tier 3 / North Zone) shall be produced from the ValidationHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 701 thousand must be explained in writing by the Regional Head.

MD-02.09.004 Management information on Probability of Default Models (Tier 3 / Central Zone) shall be produced from the ModelBase system and reconciled to the general ledger before submission; any unreconciled difference above INR 276 thousand must be explained in writing by the Senior Officer.

MD-02.09.005 The Model Inventory Report for Probability of Default Models (Tier 4 / East Zone) covering the treasury desk shall be submitted to the Risk Management Committee of the Board by working day 17 of each month, and must include the overdue model validations together with its trend over the previous 5 months.

MD-02.09.006 Management information on Probability of Default Models (Tier 5 / North Zone) shall be produced from the ModelBase system and reconciled to the general ledger before submission; any unreconciled difference above INR 455 thousand must be explained in writing by the Model Validation Lead.

MD-02.09.007 Distribution of the Model Inventory Report covering Probability of Default Models (Tier 5 / East Zone) for corporate banking units is restricted to the Senior Officer, the Model Governance Committee and persons named on the reporting register in the ModelBase system; ad hoc requests must be approved by the Model Validation Lead within 5 business days.

MD-02.09.008 Management information on Probability of Default Models (Tier 1 / Islands Zone) shall be produced from the ModelBase system and reconciled to the general ledger before submission; any unreconciled difference above INR 401 thousand must be explained in writing by the Model Validation Lead.

MD-02.09.009 Management information on Probability of Default Models (Tier 2 / North Zone) shall be produced from the ModelBase system and reconciled to the general ledger before submission; any unreconciled difference above INR 678 thousand must be explained in writing by the Assistant Vice President.

MD-02.09.010 Management information on Probability of Default Models (Tier 5 / North-East Zone) shall be produced from the ValidationHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 507 thousand must be explained in writing by the Chief Risk Officer.

MD-02.09.011 The Model Inventory Report for Probability of Default Models (Tier 3 / Metro Zone) covering retail banking units shall be submitted to the Risk Management Committee of the Board by working day 10 of each month, and must include the model performance drift together with its trend over the previous 11 months.

MD-02.09.012 Distribution of the Model Inventory Report covering Probability of Default Models (Tier 2 / West Zone) for overseas branches is restricted to the Head of Model Risk, the Risk Management Committee of the Board and persons named on the reporting register in the ValidationHub system; ad hoc requests must be approved by the Vice President within 1 business days.

MD-02.09.013 Distribution of the Model Performance Dashboard covering Probability of Default Models (Tier 3 / Islands Zone) for the call centre is restricted to the Chief Risk Officer, the Risk Management Committee of the Board and persons named on the reporting register in the ModelBase system; ad hoc requests must be approved by the Senior Officer within 3 business days.

MD-02.09.014 Management information on Probability of Default Models (Tier 2 / North Zone) shall be produced from the ValidationHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 84 thousand must be explained in writing by the Assistant Vice President.

MD-02.09.015 Distribution of the Model Performance Dashboard covering Probability of Default Models (Tier 3 / West Zone) for the treasury desk is restricted to the Head of Model Risk, the Model Governance Committee and persons named on the reporting register in the ValidationHub system; ad hoc requests must be approved by the Vice President within 2 business days.

MD-02.09.016 Distribution of the Model Inventory Report covering Probability of Default Models (Tier 4 / North-East Zone) for overseas branches is restricted to the Senior Officer, the Risk Management Committee of the Board and persons named on the reporting register in the ValidationHub system; ad hoc requests must be approved by the Head of Model Risk within 5 business days.

MD-02.09.017 Distribution of the Model Performance Dashboard covering Probability of Default Models (Tier 3 / Metro Zone) for retail banking units is restricted to the Assistant Vice President, the Model Governance Committee and persons named on the reporting register in the ValidationHub system; ad hoc requests must be approved by the Head of Function within 1 business days.

MD-02.09.018 Management information on Probability of Default Models (Tier 2 / North-East Zone) shall be produced from the ModelBase system and reconciled to the general ledger before submission; any unreconciled difference above INR 878 thousand must be explained in writing by the Model Validation Lead.

MD-02.09.019 The Validation Findings Tracker for Probability of Default Models (Tier 5 / East Zone) covering corporate banking units shall be submitted to the Risk Management Committee of the Board by working day 11 of each half-year, and must include the model performance drift together with its trend over the previous 8 half-years.

MD-02.09.020 Management information on Probability of Default Models (Tier 1 / Central Zone) shall be produced from the ModelBase system and reconciled to the general ledger before submission; any unreconciled difference above INR 415 thousand must be explained in writing by the Vice President.

MD-02.09.021 The Validation Findings Tracker for Probability of Default Models (Tier 3 / East Zone) covering corporate banking units shall be submitted to the Risk Management Committee of the Board by working day 3 of each half-year, and must include the overrides of the model recommendation together with its trend over the previous 2 half-years.

MD-02.09.022 The Model Performance Dashboard for Probability of Default Models (Tier 3 / Metro Zone) covering the central processing hub shall be submitted to the Audit Committee of the Board by working day 8 of each month, and must include the model discriminatory power together with its trend over the previous 5 months.

MD-02.09.023 Distribution of the Model Inventory Report covering Probability of Default Models (Tier 1 / East Zone) for retail banking units is restricted to the Regional Head, the Model Governance Committee and persons named on the reporting register in the ModelBase system; ad hoc requests must be approved by the Model Validation Lead within 1 business days.

MD-02.09.024 The Validation Findings Tracker for Probability of Default Models (Tier 5 / Islands Zone) covering the call centre shall be submitted to the Model Governance Committee by working day 5 of each quarter, and must include the population stability index together with its trend over the previous 12 quarters.

MD-02.09.025 Management information on Probability of Default Models (Tier 1 / Metro Zone) shall be produced from the ValidationHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 493 thousand must be explained in writing by the Vice President.

MD-02.09.026 Management information on Probability of Default Models (Tier 3 / North Zone) shall be produced from the ValidationHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 620 thousand must be explained in writing by the Head of Function.

MD-02.09.027 The Model Performance Dashboard for Probability of Default Models (Tier 4 / Islands Zone) covering subsidiary entities shall be submitted to the Audit Committee of the Board by working day 15 of each half-year, and must include the population stability index together with its trend over the previous 7 half-years.

MD-02.09.028 Management information on Probability of Default Models (Tier 3 / North-East Zone) shall be produced from the ModelBase system and reconciled to the general ledger before submission; any unreconciled difference above INR 835 thousand must be explained in writing by the Model Validation Lead.

MD-02.09.029 The Validation Findings Tracker for Probability of Default Models (Tier 5 / North Zone) covering corporate banking units shall be submitted to the Audit Committee of the Board by working day 19 of each month, and must include the overrides of the model recommendation together with its trend over the previous 2 months.

MD-02.09.030 Management information on Probability of Default Models (Tier 4 / South Zone) shall be produced from the ModelBase system and reconciled to the general ledger before submission; any unreconciled difference above INR 637 thousand must be explained in writing by the Chief Risk Officer.

MD-02.09.031 Management information on Probability of Default Models (Tier 3 / North Zone) shall be produced from the ValidationHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 238 thousand must be explained in writing by the Assistant Vice President.

MD-02.09.032 The Model Inventory Report for Probability of Default Models (Tier 2 / Islands Zone) covering overseas branches shall be submitted to the Audit Committee of the Board by working day 14 of each month, and must include the overdue model validations together with its trend over the previous 5 months.

MD-02.09.033 The Model Performance Dashboard for Probability of Default Models (Tier 3 / Islands Zone) covering outsourced service teams shall be submitted to the Risk Management Committee of the Board by working day 2 of each month, and must include the model performance drift together with its trend over the previous 11 months.

MD-02.09.034 The Model Inventory Report for Probability of Default Models (Tier 1 / Central Zone) covering the call centre shall be submitted to the Risk Management Committee of the Board by working day 19 of each half-year, and must include the model discriminatory power together with its trend over the previous 8 half-years.

MD-02.09.035 Management information on Probability of Default Models (Tier 2 / South Zone) shall be produced from the ModelBase system and reconciled to the general ledger before submission; any unreconciled difference above INR 216 thousand must be explained in writing by the Head of Model Risk.

MD-02.09.036 Management information on Probability of Default Models (Tier 4 / Metro Zone) shall be produced from the ValidationHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 483 thousand must be explained in writing by the Head of Function.

MD-02.09.037 Distribution of the Model Inventory Report covering Probability of Default Models (Tier 4 / Central Zone) for overseas branches is restricted to the Head of Model Risk, the Audit Committee of the Board and persons named on the reporting register in the ModelBase system; ad hoc requests must be approved by the Vice President within 6 business days.

MD-02.09.038 Management information on Probability of Default Models (Tier 4 / South Zone) shall be produced from the ValidationHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 681 thousand must be explained in writing by the Vice President.

MD-02.09.039 Management information on Probability of Default Models (Tier 3 / West Zone) shall be produced from the ModelBase system and reconciled to the general ledger before submission; any unreconciled difference above INR 796 thousand must be explained in writing by the Senior Officer.

MD-02.09.040 Management information on Probability of Default Models (Tier 2 / South Zone) shall be produced from the ModelBase system and reconciled to the general ledger before submission; any unreconciled difference above INR 625 thousand must be explained in writing by the Model Validation Lead.

MD-02.09.041 Distribution of the Model Performance Dashboard covering Probability of Default Models (Tier 2 / North Zone) for overseas branches is restricted to the Model Validation Lead, the Model Governance Committee and persons named on the reporting register in the ValidationHub system; ad hoc requests must be approved by the Regional Head within 6 business days.

Section 2.10 - Worked Examples

MD-02.10.001 Example: the Model Validation Lead receives a request to extend an exception under clause MD-02.06.030 for Probability of Default Models (Tier 2 / South Zone) serving subsidiary entities to 7 days. Because the maximum permitted period is 27 days, the request can be approved at this level.

MD-02.10.002 Example: the Senior Officer receives a request to extend an exception under clause MD-02.06.036 for Probability of Default Models (Tier 2 / Islands Zone) serving subsidiary entities to 41 days. Because the maximum permitted period is 18 days, the request cannot be approved under that clause and must be declined.

MD-02.10.003 Example: the Senior Officer receives a request to extend an exception under clause MD-02.06.012 for Probability of Default Models (Tier 2 / East Zone) serving corporate banking units to 16 days. Because the maximum permitted period is 31 days, the request can be approved at this level.

MD-02.10.004 Example: during a review of Probability of Default Models (Tier 5 / North Zone), the model performance drift for a corporate banking units account measured 17.6% against the trigger of 15.6% in clause MD-02.04.013. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause MD-02.04.013.

MD-02.10.005 Example: a the central processing hub customer applies for Probability of Default Models (Tier 2 / East Zone) of INR 427 lakh. Under clause MD-02.02.002, the maximum gini coefficient deterioration before review is set at 9 points as a ceiling, so a proposed maximum gini coefficient deterioration before review of 10 points is outside the limit and must be escalated to the Assistant Vice President.

MD-02.10.006 Example: a corporate banking units customer applies for Probability of Default Models (Tier 1 / Central Zone) of INR 223 lakh. Under clause MD-02.02.001, the monitoring frequency for critical models is set at 31 days as a ceiling, so a proposed monitoring frequency for critical models of 22 days is within the limit.

MD-02.10.007 Example: the Head of Model Risk receives a request to extend an exception under clause MD-02.06.031 for Probability of Default Models (Tier 4 / Central Zone) serving subsidiary entities to 10 days. Because the maximum permitted period is 12 days, the request can be approved at this level.

MD-02.10.008 Example: a the wealth management unit customer applies for Probability of Default Models (Tier 3 / East Zone) of INR 339 lakh. Under clause MD-02.02.011, the monitoring frequency for critical models is set at 80 days as a ceiling, so a proposed monitoring frequency for critical models of 70 days is within the limit.

MD-02.10.009 Example: the Model Validation Lead receives a request to extend an exception under clause MD-02.06.014 for Probability of Default Models (Tier 3 / East Zone) serving corporate banking units to 45 days. Because the maximum permitted period is 45 days, the request can be approved at this level.

MD-02.10.010 Example: a the treasury desk customer applies for Probability of Default Models (Tier 1 / Metro Zone) of INR 19 lakh. Under clause MD-02.02.037, the minimum out-of-time sample share is set at 11% as a floor, which on this request equates to INR 2.09 lakh; the case is therefore routed to the Model Validation Lead for sign-off.

MD-02.10.011 Example: a the wealth management unit customer applies for Probability of Default Models (Tier 1 / Metro Zone) of INR 257 lakh. Under clause MD-02.02.031, the maximum gini coefficient deterioration before review is set at 7 points as a ceiling, so a proposed maximum gini coefficient deterioration before review of 6 points is within the limit.

MD-02.10.012 Example: the Head of Function receives a request to extend an exception under clause MD-02.06.038 for Probability of Default Models (Tier 3 / Central Zone) serving the wealth management unit to 12 days. Because the maximum permitted period is 20 days, the request can be approved at this level.

MD-02.10.013 Example: the Senior Officer receives a request to extend an exception under clause MD-02.06.032 for Probability of Default Models (Tier 2 / East Zone) serving the treasury desk to 9 days. Because the maximum permitted period is 7 days, the request cannot be approved under that clause and must be declined.

MD-02.10.014 Example: during a review of Probability of Default Models (Tier 4 / West Zone), the population stability index for a the call centre account measured 0.16 points against the trigger of 0.21 points in clause MD-02.04.025. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

MD-02.10.015 Example: the Model Validation Lead receives a request to extend an exception under clause MD-02.06.009 for Probability of Default Models (Tier 1 / East Zone) serving overseas branches to 31 days. Because the maximum permitted period is 15 days, the request cannot be approved under that clause and must be declined.

MD-02.10.016 Example: a corporate banking units customer applies for Probability of Default Models (Tier 4 / North Zone) of INR 347 lakh. Under clause MD-02.02.008, the model change approval deadline is set at 38 business days as a ceiling, so a proposed model change approval deadline of 37 business days is within the limit.

MD-02.10.017 Example: the Assistant Vice President receives a request to extend an exception under clause MD-02.06.037 for Probability of Default Models (Tier 5 / North Zone) serving the treasury desk to 14 days. Because the maximum permitted period is 18 days, the request can be approved at this level.

MD-02.10.018 Example: during a review of Probability of Default Models (Tier 1 / Islands Zone), the overdue model validations for a the call centre account measured 0 validations against the trigger of 0 validations in clause MD-02.07.008. Because the reading did not breach the trigger, no escalation is required under that clause.

MD-02.10.019 Example: a the digital banking unit customer applies for Probability of Default Models (Tier 2 / South Zone) of INR 265 lakh. Under clause MD-02.02.026, the monitoring frequency for critical models is set at 40 days as a ceiling, so a proposed monitoring frequency for critical models of 41 days is outside the limit and must be escalated to the Chief Risk Officer.

MD-02.10.020 Example: the Model Validation Lead receives a request to extend an exception under clause MD-02.06.022 for Probability of Default Models (Tier 5 / Central Zone) serving the digital banking unit to 174 days. Because the maximum permitted period is 186 days, the request can be approved at this level.

MD-02.10.021 Example: the Assistant Vice President receives a request to extend an exception under clause MD-02.06.005 for Probability of Default Models (Tier 1 / Central Zone) serving the treasury desk to 63 days. Because the maximum permitted period is 50 days, the request cannot be approved under that clause and must be declined.

MD-02.10.022 Example: during a review of Probability of Default Models (Tier 3 / East Zone), the model performance drift for a subsidiary entities account measured 6.3% against the trigger of 6.8% in clause MD-02.04.021. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

MD-02.10.023 Example: the Model Validation Lead receives a request to extend an exception under clause MD-02.06.030 for Probability of Default Models (Tier 2 / South Zone) serving subsidiary entities to 51 days. Because the maximum permitted period is 27 days, the request cannot be approved under that clause and must be declined.

MD-02.10.024 Example: a subsidiary entities customer applies for Probability of Default Models (Tier 4 / North-East Zone) of INR 267 lakh. Under clause MD-02.02.035, the model change approval deadline is set at 8 business days as a ceiling, so a proposed model change approval deadline of 10 business days is outside the limit and must be escalated to the Regional Head.

MD-02.10.025 Example: a the treasury desk customer applies for Probability of Default Models (Tier 5 / East Zone) of INR 90 lakh. Under clause MD-02.02.040, the validation interval for high-risk models is set at 14 months as a ceiling, so a proposed validation interval for high-risk models of 16 months is outside the limit and must be escalated to the Senior Officer.

MD-02.10.026 Example: a the digital banking unit customer applies for Probability of Default Models (Tier 5 / Central Zone) of INR 395 lakh. Under clause Schedule MD-02-A, the maximum gini coefficient deterioration before review is set at 4 points as a ceiling, so a proposed maximum gini coefficient deterioration before review of 5 points is outside the limit and must be escalated to the Assistant Vice President.

MD-02.10.027 Example: during a review of Probability of Default Models (Tier 2 / East Zone), the overrides of the model recommendation for a the treasury desk account measured 6.7% against the trigger of 9.5% in clause MD-02.07.010. Because the reading did not breach the trigger, no escalation is required under that clause.

MD-02.10.028 Example: during a review of Probability of Default Models (Tier 5 / West Zone), the overdue model validations for a retail banking units account measured 10 validations against the trigger of 13 validations in clause MD-02.04.028. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

MD-02.10.029 Example: the Senior Officer receives a request to extend an exception under clause MD-02.06.036 for Probability of Default Models (Tier 2 / Islands Zone) serving subsidiary entities to 3 days. Because the maximum permitted period is 18 days, the request can be approved at this level.

MD-02.10.030 Example: the Assistant Vice President receives a request to extend an exception under clause MD-02.06.006 for Probability of Default Models (Tier 5 / Central Zone) serving the call centre to 30 days. Because the maximum permitted period is 11 days, the request cannot be approved under that clause and must be declined.

MD-02.10.031 Example: the Senior Officer receives a request to extend an exception under clause MD-02.06.032 for Probability of Default Models (Tier 2 / East Zone) serving the treasury desk to 24 days. Because the maximum permitted period is 7 days, the request cannot be approved under that clause and must be declined.

MD-02.10.032 Example: the Regional Head receives a request to extend an exception under clause MD-02.06.002 for Probability of Default Models (Tier 2 / North-East Zone) serving the call centre to 26 days. Because the maximum permitted period is 12 days, the request cannot be approved under that clause and must be declined.

MD-02.10.033 Example: the Assistant Vice President receives a request to extend an exception under clause MD-02.06.006 for Probability of Default Models (Tier 5 / Central Zone) serving the call centre to 7 days. Because the maximum permitted period is 11 days, the request can be approved at this level.

MD-02.10.034 Example: during a review of Probability of Default Models (Tier 4 / North Zone), the overrides of the model recommendation for a corporate banking units account measured 4.5% against the trigger of 4.6% in clause MD-02.07.040. Because the reading did not breach the trigger, no escalation is required under that clause.

MD-02.10.035 Example: the Assistant Vice President receives a request to extend an exception under clause MD-02.06.005 for Probability of Default Models (Tier 1 / Central Zone) serving the treasury desk to 75 days. Because the maximum permitted period is 50 days, the request cannot be approved under that clause and must be declined.

MD-02.10.036 Example: a retail banking units customer applies for Probability of Default Models (Tier 1 / Central Zone) of INR 195 lakh. Under clause MD-02.02.005, the maximum gini coefficient deterioration before review is set at 8 points as a ceiling, so a proposed maximum gini coefficient deterioration before review of 7 points is within the limit.

MD-02.10.037 Example: the Head of Function receives a request to extend an exception under clause MD-02.06.004 for Probability of Default Models (Tier 4 / West Zone) serving retail banking units to 50 days. Because the maximum permitted period is 26 days, the request cannot be approved under that clause and must be declined.

MD-02.10.038 Example: the Assistant Vice President receives a request to extend an exception under clause MD-02.06.006 for Probability of Default Models (Tier 5 / Central Zone) serving the call centre to 8 days. Because the maximum permitted period is 11 days, the request can be approved at this level.

MD-02.10.039 Example: during a review of Probability of Default Models (Tier 2 / South Zone), the model performance drift for a the digital banking unit account measured 15.4% against the trigger of 11.9% in clause MD-02.07.028. Because the reading breached the trigger, the Chief Risk Officer must notify the Risk Management Committee of the Board within 8 hours and report the finding to the Model Governance Committee.

MD-02.10.040 Example: a overseas branches customer applies for Probability of Default Models (Tier 1 / West Zone) of INR 439 lakh. Under clause MD-02.02.029, the maximum gini coefficient deterioration before review is set at 7 points as a ceiling, so a proposed maximum gini coefficient deterioration before review of 6 points is within the limit.

MD-02.10.041 Example: during a review of Probability of Default Models (Tier 2 / East Zone), the overrides of the model recommendation for a the treasury desk account measured 12.0% against the trigger of 9.5% in clause MD-02.07.010. Because the reading breached the trigger, the Head of Function must notify the Model Governance Committee within 6 hours and initiate an unscheduled revalidation.

Chapter 3: Loss Given Default Models

Chapter 3 of Part 22 sets out the policy standards for Loss Given Default Models. Chapter owner: Model Validation Lead. Version 4.19, effective 16 January 2026; next review due 24 May 2028. Segments with priority attention in this chapter: the digital banking unit, the wealth management unit, the call centre, the central processing hub.

Schedule MD-03-A: Parameter Matrix for Loss Given Default Models

Variant | Segment | Parameter | Bound | Value

Tier 2 / Metro Zone | the call centre | maximum overrides of model decisions | ceiling | 13.5%

Tier 3 / Islands Zone | the call centre | maximum overrides of model decisions | ceiling | 3.5%

Tier 5 / East Zone | the digital banking unit | maximum overrides of model decisions | ceiling | 9.8%

Tier 3 / West Zone | subsidiary entities | maximum gini coefficient deterioration before review | ceiling | 5 points

Tier 3 / North-East Zone | subsidiary entities | minimum out-of-time sample share | floor | 29%

Tier 1 / Islands Zone | overseas branches | maximum overrides of model decisions | ceiling | 6.3%

Tier 2 / North-East Zone | the wealth management unit | maximum gini coefficient deterioration before review | ceiling | 4 points

Tier 5 / North-East Zone | retail banking units | model change approval deadline | ceiling | 44 business days

Tier 4 / East Zone | the central processing hub | maximum overrides of model decisions | ceiling | 9.9%

Tier 3 / Central Zone | the wealth management unit | validation interval for high-risk models | ceiling | 17 months

Tier 5 / Central Zone | the central processing hub | minimum out-of-time sample share | floor | 30%

Tier 2 / Metro Zone | subsidiary entities | maximum gini coefficient deterioration before review | ceiling | 4 points

Section 3.1 - Scope and Applicability

MD-03.01.001 The following are outside the scope of this chapter for Loss Given Default Models (Tier 1 / East Zone) serving subsidiary entities: pilot programmes sanctioned by the Risk Management Committee of the Board before 6 October 2024; and facilities fully secured by cash collateral of at least 48% of the exposure. Such items are governed by clause MD-00.01.001, and any dispute about scope shall be settled by the Chief Risk Officer.

MD-03.01.002 The following are outside the scope of this chapter for Loss Given Default Models (Tier 4 / North Zone) serving outsourced service teams: staff-sponsored facilities approved under the human resources policy; and inter-company balances within the same banking group. Such items are governed by clause MD-03.01.001, and any dispute about scope shall be settled by the Regional Head.

MD-03.01.003 This chapter applies to Loss Given Default Models (Tier 4 / West Zone) originated or serviced through the partner agent network channel for outsourced service teams, and to any related facility that is renewed, restructured or extended while the Loss Given Default Models programme remains in force.

MD-03.01.004 The following are outside the scope of this chapter for Loss Given Default Models (Tier 5 / Central Zone) serving subsidiary entities: pilot programmes sanctioned by the Risk Management Committee of the Board before 15 March 2023; and arrangements governed by a regulatory directive that expressly overrides this policy. MD-03.08.041 Second-line oversight of Loss Given Default Models (Tier 3 / Metro Zone) for the digital banking unit is performed by the Regional Head, who may require re-performance of the step described as review of the model's conceptual soundness and has authority to suspend activity pending resolution of any finding.

Section 3.9 - Reporting and Management Information

MD-03.09.001 Distribution of the Model Performance Dashboard covering Loss Given Default Models (Tier 1 / Islands Zone) for the treasury desk is restricted to the Head of Function, the Model Governance Committee and persons named on the reporting register in the ModelBase system; ad hoc requests must be approved by the Assistant Vice President within 2 business days.

MD-03.09.002 The Model Inventory Report for Loss Given Default Models (Tier 2 / Islands Zone) covering the treasury desk shall be submitted to the Audit Committee of the Board by working day 7 of each month, and must include the model performance drift together with its trend over the previous 5 months.

MD-03.09.003 The Model Performance Dashboard for Loss Given Default Models (Tier 2 / North Zone) covering the digital banking unit shall be submitted to the Risk Management Committee of the Board by working day 12 of each quarter, and must include the model discriminatory power together with its trend over the previous 8 quarters.

MD-03.09.004 Management information on Loss Given Default Models (Tier 2 / North Zone) shall be produced from the ValidationHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 730 thousand must be explained in writing by the Head of Model Risk.

MD-03.09.005 Management information on Loss Given Default Models (Tier 1 / North-East Zone) shall be produced from the ModelBase system and reconciled to the general ledger before submission; any unreconciled difference above INR 8 thousand must be explained in writing by the Assistant Vice President.

MD-03.09.006 Distribution of the Model Performance Dashboard covering Loss Given Default Models (Tier 1 / North Zone) for corporate banking units is restricted to the Chief Risk Officer, the Audit Committee of the Board and persons named on the reporting register in the ValidationHub system; ad hoc requests must be approved by the Senior Officer within 10 business days.

MD-03.09.007 The Model Performance Dashboard for Loss Given Default Models (Tier 1 / South Zone) covering the central processing hub shall be submitted to the Audit Committee of the Board by working day 18 of each month, and must include the population stability index together with its trend over the previous 8 months.

MD-03.09.008 Management information on Loss Given Default Models (Tier 3 / Central Zone) shall be produced from the ModelBase system and reconciled to the general ledger before submission; any unreconciled difference above INR 287 thousand must be explained in writing by the Head of Function.

MD-03.09.009 The Validation Findings Tracker for Loss Given Default Models (Tier 3 / West Zone) covering retail banking units shall be submitted to the Model Governance Committee by working day 15 of each month, and must include the model performance drift together with its trend over the previous 4 months.

MD-03.09.010 Management information on Loss Given Default Models (Tier 4 / West Zone) shall be produced from the ValidationHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 46 thousand must be explained in writing by the Chief Risk Officer.

MD-03.09.011 Distribution of the Validation Findings Tracker covering Loss Given Default Models (Tier 4 / Islands Zone) for retail banking units is restricted to the Model Validation Lead, the Risk Management Committee of the Board and persons named on the reporting register in the ModelBase system; ad hoc requests must be approved by the Head of Function within 8 business days.

MD-03.09.012 Distribution of the Model Inventory Report covering Loss Given Default Models (Tier 5 / North Zone) for the treasury desk is restricted to the Head of Model Risk, the Risk Management Committee of the Board and persons named on the reporting register in the ValidationHub system; ad hoc requests must be approved by the Regional Head within 2 business days.

MD-03.09.013 Distribution of the Model Performance Dashboard covering Loss Given Default Models (Tier 3 / Metro Zone) for the treasury desk is restricted to the Vice President, the Model Governance Committee and persons named on the reporting register in the ValidationHub system; ad hoc requests must be approved by the Regional Head within 8 business days.

MD-03.09.014 Distribution of the Model Inventory Report covering Loss Given Default Models (Tier 1 / East Zone) for the wealth management unit is restricted to the Chief Risk Officer, the Model Governance Committee and persons named on the reporting register in the ValidationHub system; ad hoc requests must be approved by the Regional Head within 7 business days.

MD-03.09.015 The Model Inventory Report for Loss Given Default Models (Tier 1 / East Zone) covering corporate banking units shall be submitted to the Audit Committee of the Board by working day 8 of each month, and must include the model discriminatory power together with its trend over the previous 9 months.

MD-03.09.016 Management information on Loss Given Default Models (Tier 5 / North-East Zone) shall be produced from the ValidationHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 199 thousand must be explained in writing by the Model Validation Lead.

MD-03.09.017 Distribution of the Validation Findings Tracker covering Loss Given Default Models (Tier 4 / South Zone) for the digital banking unit is restricted to the Head of Function, the Risk Management Committee of the Board and persons named on the reporting register in the ModelBase system; ad hoc requests must be approved by the Assistant Vice President within 2 business days.

MD-03.09.018 Distribution of the Model Inventory Report covering Loss Given Default Models (Tier 1 / Metro Zone) for the treasury desk is restricted to the Assistant Vice President, the Audit Committee of the Board and persons named on the reporting register in the ValidationHub system; ad hoc requests must be approved by the Head of Function within 5 business days.

MD-03.09.019 Distribution of the Validation Findings Tracker covering Loss Given Default Models (Tier 3 / North Zone) for the central processing hub is restricted to the Regional Head, the Risk Management Committee of the Board and persons named on the reporting register in the ModelBase system; ad hoc requests must be approved by the Model Validation Lead within 7 business days.

MD-03.09.020 The Model Performance Dashboard for Loss Given Default Models (Tier 2 / Central Zone) covering outsourced service teams shall be submitted to the Model Governance Committee by working day 10 of each quarter, and must include the model performance drift together with its trend over the previous 12 quarters.

MD-03.09.021 Management information on Loss Given Default Models (Tier 5 / North-East Zone) shall be produced from the ValidationHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 702 thousand must be explained in writing by the Senior Officer.

MD-03.09.022 Management information on Loss Given Default Models (Tier 4 / North-East Zone) shall be produced from the ModelBase system and reconciled to the general ledger before submission; any unreconciled difference above INR 294 thousand must be explained in writing by the Vice President.

MD-03.09.023 The Model Inventory Report for Loss Given Default Models (Tier 5 / West Zone) covering the wealth management unit shall be submitted to the Risk Management Committee of the Board by working day 5 of each month, and must include the population stability index together with its trend over the previous 10 months.

MD-03.09.024 The Model Inventory Report for Loss Given Default Models (Tier 4 / Islands Zone) covering subsidiary entities shall be submitted to the Audit Committee of the Board by working day 3 of each half-year, and must include the overdue model validations together with its trend over the previous 9 half-years.

MD-03.09.025 Distribution of the Validation Findings Tracker covering Loss Given Default Models (Tier 1 / Islands Zone) for overseas branches is restricted to the Vice President, the Audit Committee of the Board and persons named on the reporting register in the ModelBase system; ad hoc requests must be approved by the Model Validation Lead within 7 business days.

MD-03.09.026 Distribution of the Validation Findings Tracker covering Loss Given Default Models (Tier 1 / East Zone) for overseas branches is restricted to the Vice President, the Audit Committee of the Board and persons named on the reporting register in the ModelBase system; ad hoc requests must be approved by the Head of Function within 5 business days.

MD-03.09.027 Management information on Loss Given Default Models (Tier 3 / West Zone) shall be produced from the ValidationHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 408 thousand must be explained in writing by the Model Validation Lead.

MD-03.09.028 Distribution of the Validation Findings Tracker covering Loss Given Default Models (Tier 1 / North-East Zone) for the call centre is restricted to the Assistant Vice President, the Model Governance Committee and persons named on the reporting register in the ValidationHub system; ad hoc requests must be approved by the Senior Officer within 9 business days.

MD-03.09.029 The Model Performance Dashboard for Loss Given Default Models (Tier 1 / East Zone) covering the treasury desk shall be submitted to the Model Governance Committee by working day 17 of each half-year, and must include the model discriminatory power together with its trend over the previous 6 half-years.

MD-03.09.030 The Model Performance Dashboard for Loss Given Default Models (Tier 3 / North Zone) covering the treasury desk shall be submitted to the Risk Management Committee of the Board by working day 12 of each half-year, and must include the population stability index together with its trend over the previous 11 half-years.

MD-03.09.031 Distribution of the Validation Findings Tracker covering Loss Given Default Models (Tier 2 / West Zone) for subsidiary entities is restricted to the Chief Risk Officer, the Audit Committee of the Board and persons named on the reporting register in the ModelBase system; ad hoc requests must be approved by the Assistant Vice President within 6 business days.

MD-03.09.032 The Model Performance Dashboard for Loss Given Default Models (Tier 1 / Islands Zone) covering the wealth management unit shall be submitted to the Model Governance Committee by working day 3 of each half-year, and must include the model discriminatory power together with its trend over the previous 10 half-years.

MD-03.09.033 Management information on Loss Given Default Models (Tier 2 / North-East Zone) shall be produced from the ValidationHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 847 thousand must be explained in writing by the Vice President.

MD-03.09.034 Distribution of the Model Performance Dashboard covering Loss Given Default Models (Tier 3 / North-East Zone) for the call centre is restricted to the Senior Officer, the Model Governance Committee and persons named on the reporting register in the ValidationHub system; ad hoc requests must be approved by the Assistant Vice President within 6 business days.

MD-03.09.035 Distribution of the Model Inventory Report covering Loss Given Default Models (Tier 3 / Metro Zone) for subsidiary entities is restricted to the Vice President, the Model Governance Committee and persons named on the reporting register in the ModelBase system; ad hoc requests must be approved by the Head of Function within 4 business days.

MD-03.09.036 The Model Inventory Report for Loss Given Default Models (Tier 2 / West Zone) covering outsourced service teams shall be submitted to the Model Governance Committee by working day 4 of each half-year, and must include the population stability index together with its trend over the previous 3 half-years.

MD-03.09.037 The Validation Findings Tracker for Loss Given Default Models (Tier 3 / Central Zone) covering the digital banking unit shall be submitted to the Model Governance Committee by working day 9 of each month, and must include the model performance drift together with its trend over the previous 3 months.

MD-03.09.038 The Model Inventory Report for Loss Given Default Models (Tier 5 / West Zone) covering overseas branches shall be submitted to the Model Governance Committee by working day 20 of each quarter, and must include the model discriminatory power together with its trend over the previous 5 quarters.

MD-03.09.039 Management information on Loss Given Default Models (Tier 2 / South Zone) shall be produced from the ValidationHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 241 thousand must be explained in writing by the Regional Head.

MD-03.09.040 Management information on Loss Given Default Models (Tier 3 / North-East Zone) shall be produced from the ModelBase system and reconciled to the general ledger before submission; any unreconciled difference above INR 218 thousand must be explained in writing by the Head of Function.

MD-03.09.041 Distribution of the Model Performance Dashboard covering Loss Given Default Models (Tier 2 / South Zone) for subsidiary entities is restricted to the Assistant Vice President, the Risk Management Committee of the Board and persons named on the reporting register in the ModelBase system; ad hoc requests must be approved by the Head of Function within 9 business days.

Section 3.10 - Worked Examples

MD-03.10.001 Example: the Assistant Vice President receives a request to extend an exception under clause MD-03.06.004 for Loss Given Default Models (Tier 2 / North Zone) serving the central processing hub to 1 days. Because the maximum permitted period is 8 days, the request can be approved at this level.

MD-03.10.002 Example: a corporate banking units customer applies for Loss Given Default Models (Tier 3 / Metro Zone) of INR 123 lakh. Under clause MD-03.02.004, the validation interval for high-risk models is set at 21 months as a ceiling, so a proposed validation interval for high-risk models of 20 months is within the limit.

MD-03.10.003 Example: during a review of Loss Given Default Models (Tier 3 / North-East Zone), the overrides of the model recommendation for a the digital banking unit account measured 12.1% against the trigger of 17.2% in clause MD-03.07.004. Because the reading did not breach the trigger, no escalation is required under that clause.

MD-03.10.004 Example: a the digital banking unit customer applies for Loss Given Default Models (Tier 2 / North Zone) of INR 327 lakh. Under clause MD-03.02.007, the model change approval deadline is set at 29 business days as a ceiling, so a proposed model change approval deadline of 27 business days is within the limit.

MD-03.10.005 Example: during a review of Loss Given Default Models (Tier 3 / North-East Zone), the overrides of the model recommendation for a the digital banking unit account measured 18.1% against the trigger of 17.2% in clause MD-03.07.004. Because the reading breached the trigger, the Regional Head must notify the Audit Committee of the Board within 8 hours and report the finding to the Model Governance Committee.

MD-03.10.006 Example: during a review of Loss Given Default Models (Tier 5 / East Zone), the model discriminatory power for a the wealth management unit account measured 74 points against the trigger of 77 points in clause MD-03.04.008. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause MD-03.04.008.

MD-03.10.007 Example: the Assistant Vice President receives a request to extend an exception under clause MD-03.06.040 for Loss Given Default Models (Tier 2 / Islands Zone) serving outsourced service teams to 26 days. Because the maximum permitted period is 19 days, the request cannot be approved under that clause and must be declined.

MD-03.10.008 Example: the Head of Model Risk receives a request to extend an exception under clause MD-03.06.034 for Loss Given Default Models (Tier 5 / North-East Zone) serving the call centre to 205 days. Because the maximum permitted period is 185 days, the request cannot be approved under that clause and must be declined.

MD-03.10.009 Example: a the digital banking unit customer applies for Loss Given Default Models (Tier 4 / Central Zone) of INR 147 lakh. Under clause MD-03.02.019, the model change approval deadline is set at 27 business days as a ceiling, so a proposed model change approval deadline of 32 business days is outside the limit and must be escalated to the Regional Head.

MD-03.10.010 Example: a the call centre customer applies for Loss Given Default Models (Tier 4 / North-East Zone) of INR 286 lakh. Under clause MD-03.02.003, the maximum overrides of model decisions is set at 8.5% as a ceiling, which on this request equates to INR 24.31 lakh; the case is therefore routed to the Vice President for sign-off.

MD-03.10.011 Example: a subsidiary entities customer applies for Loss Given Default Models (Tier 2 / Metro Zone) of INR 52 lakh. Under clause Schedule MD-03-A, the maximum gini coefficient deterioration before review is set at 4 points as a ceiling, so a proposed maximum gini coefficient deterioration before review of 4 points is within the limit.

MD-03.10.012 Example: during a review of Loss Given Default Models (Tier 4 / Islands Zone), the model discriminatory power for a retail banking units account measured 75 points against the trigger of 77 points in clause MD-03.04.020. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause MD-03.04.020.

MD-03.10.013 Example: during a review of Loss Given Default Models (Tier 5 / East Zone), the model performance drift for a the call centre account measured 18.2% against the trigger of 15.0% in clause MD-03.04.016. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause MD-03.04.016.

MD-03.10.014 Example: a outsourced service teams customer applies for Loss Given Default Models (Tier 4 / Central Zone) of INR 181 lakh. Under clause MD-03.02.037, the minimum out-of-time sample share is set at 26% as a floor, which on this request equates to INR 47.06 lakh; the case is therefore routed to the Vice President for sign-off.

MD-03.10.015 Example: a the wealth management unit customer applies for Loss Given Default Models (Tier 3 / Islands Zone) of INR 321 lakh. Under clause MD-03.02.014, the maximum overrides of model decisions is set at 8.4% as a ceiling, which on this request equates to INR 26.96 lakh; the case is therefore routed to the Head of Function for sign-off.

MD-03.10.016 Example: during a review of Loss Given Default Models (Tier 3 / North-East Zone), the overrides of the model recommendation for a the digital banking unit account measured 18.9% against the trigger of 17.2% in clause MD-03.07.004. Because the reading breached the trigger, the Regional Head must notify the Audit Committee of the Board within 8 hours and report the finding to the Model Governance Committee.

MD-03.10.017 Example: during a review of Loss Given Default Models (Tier 4 / East Zone), the model performance drift for a the wealth management unit account measured 3.1% against the trigger of 3.9% in clause MD-03.07.035. Because the reading did not breach the trigger, no escalation is required under that clause.

MD-03.10.018 Example: a the wealth management unit customer applies for Loss Given Default Models (Tier 4 / Metro Zone) of INR 153 lakh. Under clause MD-03.02.011, the validation interval for high-risk models is set at 16 months as a ceiling, so a proposed validation interval for high-risk models of 19 months is outside the limit and must be escalated to the Assistant Vice President.

MD-03.10.019 Example: during a review of Loss Given Default Models (Tier 3 / West Zone), the overdue model validations for a overseas branches account measured 7 validations against the trigger of 10 validations in clause MD-03.04.027. Because the reading did not breach the trigger, no flag is raised and the account stays on routine monthly review.

MD-03.10.020 Example: during a review of Loss Given Default Models (Tier 2 / Metro Zone), the population stability index for a subsidiary entities account measured 0.34 points against the trigger of 0.40 points in clause MD-03.07.036. Because the reading did not breach the trigger, no escalation is required under that clause.

MD-03.10.021 Example: during a review of Loss Given Default Models (Tier 3 / Metro Zone), the population stability index for a the call centre account measured 0.16 points against the trigger of 0.14 points in clause MD-03.04.033. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause MD-03.04.033.

MD-03.10.022 Example: a the digital banking unit customer applies for Loss Given Default Models (Tier 5 / North-East Zone) of INR 14 lakh. Under clause MD-03.02.005, the minimum out-of-time sample share is set at 29% as a floor, which on this request equates to INR 4.06 lakh; the case is therefore routed to the Senior Officer for sign-off.

MD-03.10.023 Example: during a review of Loss Given Default Models (Tier 2 / Metro Zone), the population stability index for a retail banking units account measured 0.17 points against the trigger of 0.19 points in clause MD-03.04.005. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

MD-03.10.024 Example: the Senior Officer receives a request to extend an exception under clause MD-03.06.035 for Loss Given Default Models (Tier 4 / Central Zone) serving corporate banking units to 126 days. Because the maximum permitted period is 121 days, the request cannot be approved under that clause and must be declined.

MD-03.10.025 Example: a overseas branches customer applies for Loss Given Default Models (Tier 1 / Islands Zone) of INR 266 lakh. Under clause Schedule MD-03-A, the maximum overrides of model decisions is set at 6.3% as a ceiling, which on this request equates to INR 16.76 lakh; the case is therefore routed to the Senior Officer for sign-off.

MD-03.10.026 Example: a the call centre customer applies for Loss Given Default Models (Tier 2 / Central Zone) of INR 438 lakh. Under clause MD-03.02.036, the minimum out-of-time sample share is set at 17% as a floor, which on this request equates to INR 74.46 lakh; the case is therefore routed to the Regional Head for sign-off.

MD-03.10.027 Example: a the wealth management unit customer applies for Loss Given Default Models (Tier 5 / North Zone) of INR 235 lakh. Under clause MD-03.02.018, the model change approval deadline is set at 38 business days as a ceiling, so a proposed model change approval deadline of 46 business days is outside the limit and must be escalated to the Regional Head.

MD-03.10.028 Example: a corporate banking units customer applies for Loss Given Default Models (Tier 2 / Islands Zone) of INR 262 lakh. Under clause MD-03.02.023, the validation interval for high-risk models is set at 10 months as a ceiling, so a proposed validation interval for high-risk models of 9 months is within the limit.

MD-03.10.029 Example: during a review of Loss Given Default Models (Tier 3 / North-East Zone), the overrides of the model recommendation for a the digital banking unit account measured 17.3% against the trigger of 17.2% in clause MD-03.07.004. Because the reading breached the trigger, the Regional Head must notify the Audit Committee of the Board within 8 hours and report the finding to the Model Governance Committee.

MD-03.10.030 Example: during a review of Loss Given Default Models (Tier 4 / Central Zone), the model performance drift for a overseas branches account measured 6.4% against the trigger of 5.2% in clause MD-03.07.026. Because the reading breached the trigger, the Regional Head must notify the Model Governance Committee within 4 hours and replace the model with a challenger.

MD-03.10.031 Example: a the central processing hub customer applies for Loss Given Default Models (Tier 5 / West Zone) of INR 282 lakh. Under clause MD-03.02.035, the minimum out-of-time sample share is set at 21% as a floor, which on this request equates to INR 59.22 lakh; the case is therefore routed to the Vice President for sign-off.

MD-03.10.032 Example: during a review of Loss Given Default Models (Tier 4 / West Zone), the population stability index for a the central processing hub account measured 0.15 points against the trigger of 0.13 points in clause MD-03.04.001. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause MD-03.04.001.

MD-03.10.033 Example: during a review of Loss Given Default Models (Tier 3 / Central Zone), the overrides of the model recommendation for a the wealth management unit account measured 17.3% against the trigger of 15.3% in clause MD-03.04.035. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause MD-03.04.035.

MD-03.10.034 Example: during a review of Loss Given Default Models (Tier 5 / North Zone), the model discriminatory power for a the central processing hub account measured 37 points against the trigger of 49 points in clause MD-03.07.041. Because the reading breached the trigger, the Vice President must notify the Audit Committee of the Board within 2 hours and replace the model with a challenger.

MD-03.10.035 Example: the Vice President receives a request to extend an exception under clause MD-03.06.023 for Loss Given Default Models (Tier 2 / North-East Zone) serving the digital banking unit to 42 days. Because the maximum permitted period is 23 days, the request cannot be approved under that clause and must be declined.

MD-03.10.036 Example: the Head of Function receives a request to extend an exception under clause MD-03.06.038 for Loss Given Default Models (Tier 4 / West Zone) serving the digital banking unit to 69 days. Because the maximum permitted period is 45 days, the request cannot be approved under that clause and must be declined.

MD-03.10.037 Example: during a review of Loss Given Default Models (Tier 5 / South Zone), the population stability index for a the treasury desk account measured 0.12 points against the trigger of 0.14 points in clause MD-03.04.018. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

MD-03.10.038 Example: the Senior Officer receives a request to extend an exception under clause MD-03.06.035 for Loss Given Default Models (Tier 4 / Central Zone) serving corporate banking units to 143 days. Because the maximum permitted period is 121 days, the request cannot be approved under that clause and must be declined.

MD-03.10.039 Example: during a review of Loss Given Default Models (Tier 5 / East Zone), the model performance drift for a the call centre account measured 17.3% against the trigger of 15.0% in clause MD-03.04.016. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause MD-03.04.016.

MD-03.10.040 Example: a the treasury desk customer applies for Loss Given Default Models (Tier 3 / East Zone) of INR 448 lakh. Under clause MD-03.02.025, the model change approval deadline is set at 33 business days as a ceiling, so a proposed model change approval deadline of 34 business days is outside the limit and must be escalated to the Head of Model Risk.

MD-03.10.041 Example: the Senior Officer receives a request to extend an exception under clause MD-03.06.035 for Loss Given Default Models (Tier 4 / Central Zone) serving corporate banking units to 107 days. Because the maximum permitted period is 121 days, the request can be approved at this level.

Chapter 4: Fraud Detection Models

Chapter 4 of Part 22 sets out the policy standards for Fraud Detection Models. Chapter owner: Head of Function. Version 2.13, effective 16 November 2025; next review due 19 January 2027. Segments with priority attention in this chapter: overseas branches, corporate banking units, the digital banking unit, the treasury desk.

Schedule MD-04-A: Parameter Matrix for Fraud Detection Models

Variant | Segment | Parameter | Bound | Value

Tier 2 / Central Zone | overseas branches | minimum out-of-time sample share | floor | 18%
Tier 5 / West Zone | overseas branches | maximum overrides of model decisions | ceiling | 12.0%
Tier 3 / North-East Zone | overseas branches | validation interval for high-risk models | ceiling | 10 months
Tier 2 / West Zone | retail banking units | maximum gini coefficient deterioration before review | ceiling | 3 points
Tier 5 / North-East Zone | the central processing hub | maximum overrides of model decisions | ceiling | 7.8%
Tier 1 / North-East Zone | overseas branches | maximum overrides of model decisions | ceiling | 9.4%
Tier 1 / West Zone | the wealth management unit | maximum gini coefficient deterioration before review | ceiling | 6 points
Tier 4 / East Zone | subsidiary entities | minimum out-of-time sample share | floor | 17%
Tier 4 / North Zone | the wealth management unit | monitoring frequency for critical models | ceiling | 29 days
Tier 2 / West Zone | the central processing hub | monitoring frequency for critical models | ceiling | 13 days
Tier 2 / Central Zone | subsidiary entities | maximum overrides of model decisions | ceiling | 4.6%
Tier 5 / North-East Zone | retail banking units | validation interval for high-risk models | ceiling | 10 months

Section 4.1 - Scope and Applicability

MD-04.01.001 This chapter applies to Fraud Detection Models (Tier 3 / Central Zone) originated or serviced through the relationship manager channel for corporate banking units, and to any related facility that is renewed, restructured or extended while the Fraud Detection Models programme remains in force.

MD-04.01.002 For the purposes of this chapter, Fraud Detection Models (Tier 4 / South Zone) means any arrangement of that type recorded in the ValidationHub system under product code MD04-36056 and offered to retail banking units; the Model Validation Lead maintains the authoritative product code register.

MD-04.09.002 The Model Inventory Report for Fraud Detection Models (Tier 4 / Central Zone) covering the central processing hub shall be submitted to the Audit Committee of the Board by working day 13 of each half-year, and must include the overdue model validations together with its trend over the previous 2 half-years.

MD-04.09.003 The Validation Findings Tracker for Fraud Detection Models (Tier 3 / North-East Zone) covering corporate banking units shall be submitted to the Audit Committee of the Board by working day 20 of each month, and must include the population stability index together with its trend over the previous 7 months.

MD-04.09.004 Management information on Fraud Detection Models (Tier 1 / Islands Zone) shall be produced from the ModelBase system and reconciled to the general ledger before submission; any unreconciled difference above INR 819 thousand must be explained in writing by the Model Validation Lead.

MD-04.09.005 Distribution of the Validation Findings Tracker covering Fraud Detection Models (Tier 1 / Metro Zone) for the treasury desk is restricted to the Head of Function, the Risk Management Committee of the Board and persons named on the reporting register in the ModelBase system; ad hoc requests must be approved by the Head of Model Risk within 4 business days.

MD-04.09.006 The Model Inventory Report for Fraud Detection Models (Tier 4 / South Zone) covering the treasury desk shall be submitted to the Model Governance Committee by working day 7 of each quarter, and must include the model performance drift together with its trend over the previous 7 quarters.

MD-04.09.007 The Model Performance Dashboard for Fraud Detection Models (Tier 4 / Central Zone) covering retail banking units shall be submitted to the Audit Committee of the Board by working day 5 of each quarter, and must include the model discriminatory power together with its trend over the previous 4 quarters.

MD-04.09.008 Management information on Fraud Detection Models (Tier 5 / Central Zone) shall be produced from the ModelBase system and reconciled to the general ledger before submission; any unreconciled difference above INR 372 thousand must be explained in writing by the Head of Function.

MD-04.09.009 Management information on Fraud Detection Models (Tier 1 / North Zone) shall be produced from the ModelBase system and reconciled to the general ledger before submission; any unreconciled difference above INR 176 thousand must be explained in writing by the Senior Officer.

MD-04.09.010 Management information on Fraud Detection Models (Tier 1 / South Zone) shall be produced from the ValidationHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 706 thousand must be explained in writing by the Chief Risk Officer.

MD-04.09.011 Distribution of the Model Performance Dashboard covering Fraud Detection Models (Tier 1 / Islands Zone) for the call centre is restricted to the Regional Head, the Model Governance Committee and persons named on the reporting register in the ModelBase system; ad hoc requests must be approved by the Vice President within 8 business days.

MD-04.09.012 Distribution of the Model Performance Dashboard covering Fraud Detection Models (Tier 2 / Central Zone) for outsourced service teams is restricted to the Vice President, the Audit Committee of the Board and persons named on the reporting register in the ModelBase system; ad hoc requests must be approved by the Regional Head within 9 business days.

MD-04.09.013 The Validation Findings Tracker for Fraud Detection Models (Tier 5 / Central Zone) covering corporate banking units shall be submitted to the Risk Management Committee of the Board by working day 12 of each quarter, and must include the overdue model validations together with its trend over the previous 6 quarters.

MD-04.09.014 Management information on Fraud Detection Models (Tier 1 / Metro Zone) shall be produced from the ValidationHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 273 thousand must be explained in writing by the Assistant Vice President.

MD-04.09.015 The Validation Findings Tracker for Fraud Detection Models (Tier 2 / North Zone) covering retail banking units shall be submitted to the Model Governance Committee by working day 3 of each month, and must include the model performance drift together with its trend over the previous 11 months.

MD-04.09.016 Management information on Fraud Detection Models (Tier 3 / East Zone) shall be produced from the ValidationHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 367 thousand must be explained in writing by the Model Validation Lead.

MD-04.09.017 The Model Inventory Report for Fraud Detection Models (Tier 4 / North Zone) covering the treasury desk shall be submitted to the Model Governance Committee by working day 2 of each quarter, and must include the overdue model validations together with its trend over the previous 7 quarters.

MD-04.09.018 The Model Performance Dashboard for Fraud Detection Models (Tier 2 / Islands Zone) covering the central processing hub shall be submitted to the Model Governance Committee by working day 9 of each quarter, and must include the overrides of the model recommendation together with its trend over the previous 4 quarters.

MD-04.09.019 Management information on Fraud Detection Models (Tier 3 / North-East Zone) shall be produced from the ModelBase system and reconciled to the general ledger before submission; any unreconciled difference above INR 544 thousand must be explained in writing by the Head of Function.

MD-04.09.020 Distribution of the Validation Findings Tracker covering Fraud Detection Models (Tier 2 / Islands Zone) for outsourced service teams is restricted to the Assistant Vice President, the Model Governance Committee and persons named on the reporting register in the ModelBase system; ad hoc requests must be approved by the Model Validation Lead within 10 business days.

MD-04.09.021 The Validation Findings Tracker for Fraud Detection Models (Tier 4 / North-East Zone) covering the digital banking unit shall be submitted to the Model Governance Committee by working day 11 of each quarter, and must include the model discriminatory power together with its trend over the previous 10 quarters.

MD-04.09.022 Management information on Fraud Detection Models (Tier 5 / Islands Zone) shall be produced from the ModelBase system and reconciled to the general ledger before submission; any unreconciled difference above INR 42 thousand must be explained in writing by the Chief Risk Officer.

MD-04.09.023 Management information on Fraud Detection Models (Tier 5 / Central Zone) shall be produced from the ValidationHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 784 thousand must be explained in writing by the Senior Officer.

MD-04.09.024 Management information on Fraud Detection Models (Tier 3 / North-East Zone) shall be produced from the ModelBase system and reconciled to the general ledger before submission; any unreconciled difference above INR 232 thousand must be explained in writing by the Model Validation Lead.

MD-04.09.025 Distribution of the Model Inventory Report covering Fraud Detection Models (Tier 4 / Central Zone) for subsidiary entities is restricted to the Vice President, the Audit Committee of the Board and persons named on the reporting register in the ValidationHub system; ad hoc requests must be approved by the Assistant Vice President within 9 business days.

MD-04.09.026 The Model Inventory Report for Fraud Detection Models (Tier 3 / East Zone) covering subsidiary entities shall be submitted to the Risk Management Committee of the Board by working day 10 of each half-year, and must include the population stability index together with its trend over the previous 6 half-years.

MD-04.09.027 Distribution of the Validation Findings Tracker covering Fraud Detection Models (Tier 5 / North Zone) for corporate banking units is restricted to the Senior Officer, the Risk Management Committee of the Board and persons named on the reporting register in the ModelBase system; ad hoc requests must be approved by the Regional Head within 8 business days.

MD-04.09.028 Distribution of the Validation Findings Tracker covering Fraud Detection Models (Tier 5 / Central Zone) for the treasury desk is restricted to the Regional Head, the Risk Management Committee of the Board and persons named on the reporting register in the ValidationHub system; ad hoc requests must be approved by the Assistant Vice President within 9 business days.

MD-04.09.029 The Model Performance Dashboard for Fraud Detection Models (Tier 5 / Central Zone) covering subsidiary entities shall be submitted to the Model Governance Committee by working day 15 of each month, and must include the overdue model validations together with its trend over the previous 5 months.

MD-04.09.030 The Validation Findings Tracker for Fraud Detection Models (Tier 5 / East Zone) covering the wealth management unit shall be submitted to the Model Governance Committee by working day 8 of each half-year, and must include the model performance drift together with its trend over the previous 11 half-years.

MD-04.09.031 Management information on Fraud Detection Models (Tier 2 / Metro Zone) shall be produced from the ValidationHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 331 thousand must be explained in writing by the Head of Function.

MD-04.09.032 The Model Inventory Report for Fraud Detection Models (Tier 3 / Central Zone) covering the digital banking unit shall be submitted to the Audit Committee of the Board by working day 10 of each half-year, and must include the model discriminatory power together with its trend over the previous 7 half-years.

MD-04.09.033 The Model Inventory Report for Fraud Detection Models (Tier 5 / Islands Zone) covering the digital banking unit shall be submitted to the Audit Committee of the Board by working day 13 of each half-year, and must include the overrides of the model recommendation together with its trend over the previous 11 half-years.

MD-04.09.034 Distribution of the Model Performance Dashboard covering Fraud Detection Models (Tier 4 / Islands Zone) for the wealth management unit is restricted to the Head of Function, the Model Governance Committee and persons named on the reporting register in the ModelBase system; ad hoc requests must be approved by the Vice President within 10 business days.

MD-04.09.035 Distribution of the Model Performance Dashboard covering Fraud Detection Models (Tier 1 / Islands Zone) for the digital banking unit is restricted to the Model Validation Lead, the Audit Committee of the Board and persons named on the reporting register in the ModelBase system; ad hoc requests must be approved by the Head of Model Risk within 8 business days.

MD-04.09.036 The Model Performance Dashboard for Fraud Detection Models (Tier 2 / East Zone) covering the wealth management unit shall be submitted to the Model Governance Committee by working day 12 of each quarter, and must include the overdue model validations together with its trend over the previous 10 quarters.

MD-04.09.037 Management information on Fraud Detection Models (Tier 3 / Central Zone) shall be produced from the ModelBase system and reconciled to the general ledger before submission; any unreconciled difference above INR 146 thousand must be explained in writing by the Head of Function.

MD-04.09.038 Distribution of the Model Performance Dashboard covering Fraud Detection Models (Tier 5 / North-East Zone) for corporate banking units is restricted to the Chief Risk Officer, the Risk Management Committee of the Board and persons named on the reporting register in the ModelBase system; ad hoc requests must be approved by the Head of Function within 7 business days.

MD-04.09.039 The Model Inventory Report for Fraud Detection Models (Tier 4 / West Zone) covering subsidiary entities shall be submitted to the Risk Management Committee of the Board by working day 15 of each half-year, and must include the overrides of the model recommendation together with its trend over the previous 5 half-years.

MD-04.09.040 The Model Performance Dashboard for Fraud Detection Models (Tier 1 / East Zone) covering corporate banking units shall be submitted to the Risk Management Committee of the Board by working day 16 of each quarter, and must include the overrides of the model recommendation together with its trend over the previous 5 quarters.

MD-04.09.041 Management information on Fraud Detection Models (Tier 2 / Metro Zone) shall be produced from the ModelBase system and reconciled to the general ledger before submission; any unreconciled difference above INR 110 thousand must be explained in writing by the Head of Model Risk.

Section 4.10 - Worked Examples

MD-04.10.001 Example: a retail banking units customer applies for Fraud Detection Models (Tier 5 / North Zone) of INR 411 lakh. Under clause MD-04.02.001, the maximum gini coefficient deterioration before review is set at 6 points as a ceiling, so a proposed maximum gini coefficient deterioration before review of 5 points is within the limit.

MD-04.10.002 Example: the Assistant Vice President receives a request to extend an exception under clause MD-04.06.003 for Fraud Detection Models (Tier 3 / East Zone) serving the call centre to 110 days. Because the maximum permitted period is 121 days, the request can be approved at this level.

MD-04.10.003 Example: the Assistant Vice President receives a request to extend an exception under clause MD-04.06.010 for Fraud Detection Models (Tier 2 / South Zone) serving overseas branches to 49 days. Because the maximum permitted period is 66 days, the request can be approved at this level.

MD-04.10.004 Example: during a review of Fraud Detection Models (Tier 4 / Central Zone), the overdue model validations for a overseas branches account measured 5 validations against the trigger of 6 validations in clause MD-04.04.019. Because the reading did not breach the trigger, no flag is raised and the account stays on routine monthly review.

MD-04.10.005 Example: during a review of Fraud Detection Models (Tier 2 / Islands Zone), the model performance drift for a corporate banking units account measured 22.5% against the trigger of 18.7% in clause MD-04.07.026. Because the reading breached the trigger, the Senior Officer must notify the Risk Management Committee of the Board within 8 hours and apply a conservative overlay.

MD-04.10.006 Example: a retail banking units customer applies for Fraud Detection Models (Tier 2 / Metro Zone) of INR 336 lakh. Under clause MD-04.02.021, the minimum out-of-time sample share is set at 25% as a floor, which on this request equates to INR 84.00 lakh; the case is therefore routed to the Vice President for sign-off.

MD-04.10.007 Example: during a review of Fraud Detection Models (Tier 2 / North-East Zone), the overrides of the model recommendation for a the call centre account measured 23.2% against the trigger of 17.9% in clause MD-04.07.004. Because the reading breached the trigger, the Chief Risk Officer must notify the Model Governance Committee within 48 hours and report the finding to the Model Governance Committee.

MD-04.10.008 Example: the Regional Head receives a request to extend an exception under clause MD-04.06.021 for Fraud Detection Models (Tier 5 / Central Zone) serving overseas branches to 25 days. Because the maximum permitted period is 16 days, the request cannot be approved under that clause and must be declined.

MD-04.10.009 Example: a the central processing hub customer applies for Fraud Detection Models (Tier 2 / West Zone) of INR 90 lakh. Under clause Schedule MD-04-A, the monitoring frequency for critical models is set at 13 days as a ceiling, so a proposed monitoring frequency for critical models of 10 days is within the limit.

MD-04.10.010 Example: during a review of Fraud Detection Models (Tier 3 / North-East Zone), the model discriminatory power for a outsourced service teams account measured 81 points against the trigger of 76 points in clause MD-04.07.019. Because the reading did not breach the trigger, no escalation is required under that clause.

MD-04.10.011 Example: during a review of Fraud Detection Models (Tier 1 / North-East Zone), the overdue model validations for a the treasury desk account measured 0 validations against the trigger of 0 validations in clause MD-04.07.013. Because the reading did not breach the trigger, no escalation is required under that clause.

MD-04.10.012 Example: a the digital banking unit customer applies for Fraud Detection Models (Tier 3 / North-East Zone) of INR 448 lakh. Under clause MD-04.02.026, the maximum gini coefficient deterioration before review is set at 5 points as a ceiling, so a proposed maximum gini coefficient deterioration before review of 6 points is outside the limit and must be escalated to the Chief Risk Officer.

MD-04.10.013 Example: during a review of Fraud Detection Models (Tier 2 / West Zone), the model discriminatory power for a subsidiary entities account measured 65 points against the trigger of 62 points in clause MD-04.04.011. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

MD-04.10.014 Example: a retail banking units customer applies for Fraud Detection Models (Tier 3 / East Zone) of INR 434 lakh. Under clause MD-04.02.006, the model change approval deadline is set at 5 business days as a ceiling, so a proposed model change approval deadline of 4 business days is within the limit.

MD-04.10.015 Example: during a review of Fraud Detection Models (Tier 2 / Metro Zone), the model discriminatory power for a retail banking units account measured 67 points against the trigger of 79 points in clause MD-04.04.005. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause MD-04.04.005.

MD-04.10.016 Example: during a review of Fraud Detection Models (Tier 2 / North Zone), the model performance drift for a overseas branches account measured 11.7% against the trigger of 12.7% in clause MD-04.04.034. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

MD-04.10.017 Example: the Regional Head receives a request to extend an exception under clause MD-04.06.021 for Fraud Detection Models (Tier 5 / Central Zone) serving overseas branches to 19 days. Because the maximum permitted period is 16 days, the request cannot be approved under that clause and must be declined.

MD-04.10.018 Example: during a review of Fraud Detection Models (Tier 5 / West Zone), the overrides of the model recommendation for a the digital banking unit account measured 6.8% against the trigger of 6.4% in clause MD-04.04.009. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause MD-04.04.009.

MD-04.10.019 Example: a outsourced service teams customer applies for Fraud Detection Models (Tier 1 / West Zone) of INR 239 lakh. Under clause MD-04.02.024, the maximum gini coefficient deterioration before review is set at 7 points as a ceiling, so a proposed maximum gini coefficient deterioration before review of 6 points is within the limit.

MD-04.10.020 Example: the Model Validation Lead receives a request to extend an exception under clause MD-04.06.004 for Fraud Detection Models (Tier 5 / Islands Zone) serving the call centre to 25 days. Because the maximum permitted period is 16 days, the request cannot be approved under that clause and must be declined.

MD-04.10.021 Example: the Regional Head receives a request to extend an exception under clause MD-04.06.001 for Fraud Detection Models (Tier 2 / South Zone) serving the call centre to 113 days. Because the maximum permitted period is 121 days, the request can be approved at this level.

MD-04.10.022 Example: a overseas branches customer applies for Fraud Detection Models (Tier 1 / North Zone) of INR 130 lakh. Under clause MD-04.02.025, the validation interval for high-risk models is set at 21 months as a ceiling, so a proposed validation interval for high-risk models of 21 months is within the limit.

MD-04.10.023 Example: during a review of Fraud Detection Models (Tier 1 / North Zone), the population stability index for a subsidiary entities account measured 0.41 points against the trigger of 0.35 points in clause MD-04.04.032. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause MD-04.04.032.

MD-04.10.024 Example: a the central processing hub customer applies for Fraud Detection Models (Tier 5 / West Zone) of INR 154 lakh. Under clause MD-04.02.018, the maximum gini coefficient deterioration before review is set at 6 points as a ceiling, so a proposed maximum gini coefficient deterioration before review of 6 points is within the limit.

MD-04.10.025 Example: during a review of Fraud Detection Models (Tier 4 / Central Zone), the overdue model validations for a overseas branches account measured 7 validations against the trigger of 6 validations in clause MD-04.04.019. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause MD-04.04.019.

MD-04.10.026 Example: a the wealth management unit customer applies for Fraud Detection Models (Tier 4 / North Zone) of INR 29 lakh. Under clause Schedule MD-04-A, the monitoring frequency for critical models is set at 29 days as a ceiling, so a proposed monitoring frequency for critical models of 22 days is within the limit.

MD-04.10.027 Example: the Chief Risk Officer receives a request to extend an exception under clause MD-04.06.040 for Fraud Detection Models (Tier 5 / Islands Zone) serving the central processing hub to 8 days. Because the maximum permitted period is 13 days, the request can be approved at this level.

MD-04.10.028 Example: the Regional Head receives a request to extend an exception under clause MD-04.06.001 for Fraud Detection Models (Tier 2 / South Zone) serving the call centre to 117 days. Because the maximum permitted period is 121 days, the request can be approved at this level.

MD-04.10.029 Example: the Chief Risk Officer receives a request to extend an exception under clause MD-04.06.009 for Fraud Detection Models (Tier 3 / East Zone) serving the digital banking unit to 45 days. Because the maximum permitted period is 61 days, the request can be approved at this level.

MD-04.10.030 Example: the Vice President receives a request to extend an exception under clause MD-04.06.026 for Fraud Detection Models (Tier 1 / North-East Zone) serving outsourced service teams to 203 days. Because the maximum permitted period is 183 days, the request cannot be approved under that clause and must be declined.

MD-04.10.031 Example: during a review of Fraud Detection Models (Tier 2 / West Zone), the model discriminatory power for a subsidiary entities account measured 60 points against the trigger of 62 points in clause MD-04.04.011. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause MD-04.04.011.

MD-04.10.032 Example: a the wealth management unit customer applies for Fraud Detection Models (Tier 4 / Metro Zone) of INR 132 lakh. Under clause MD-04.02.011, the monitoring frequency for critical models is set at 89 days as a ceiling, so a proposed monitoring frequency for critical models of 100 days is outside the limit and must be escalated to the Head of Model Risk.

MD-04.10.033 Example: during a review of Fraud Detection Models (Tier 5 / West Zone), the overdue model validations for a overseas branches account measured 9 validations against the trigger of 9 validations in clause MD-04.04.039. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

MD-04.10.034 Example: the Chief Risk Officer receives a request to extend an exception under clause MD-04.06.036 for Fraud Detection Models (Tier 4 / East Zone) serving retail banking units to 38 days. Because the maximum permitted period is 31 days, the request cannot be approved under that clause and must be declined.

MD-04.10.035 Example: a overseas branches customer applies for Fraud Detection Models (Tier 3 / East Zone) of INR 434 lakh. Under clause MD-04.02.038, the validation interval for high-risk models is set at 22 months as a ceiling, so a proposed validation interval for high-risk models of 21 months is within the limit.

MD-04.10.036 Example: the Vice President receives a request to extend an exception under clause MD-04.06.014 for Fraud Detection Models (Tier 3 / South Zone) serving retail banking units to 26 days. Because the maximum permitted period is 9 days, the request cannot be approved under that clause and must be declined.

MD-04.10.037 Example: during a review of Fraud Detection Models (Tier 5 / North-East Zone), the population stability index for a retail banking units account measured 0.28 points against the trigger of 0.23 points in clause MD-04.07.031. Because the reading breached the trigger, the Chief Risk Officer must notify the Audit Committee of the Board within 6 hours and apply a conservative overlay.

MD-04.10.038 Example: a the treasury desk customer applies for Fraud Detection Models (Tier 1 / North-East Zone) of INR 343 lakh. Under clause MD-04.02.023, the minimum out-of-time sample share is set at 29% as a floor, which on this request equates to INR 99.47 lakh; the case is therefore routed to the Model Validation Lead for sign-off.

MD-04.10.039 Example: the Regional Head receives a request to extend an exception under clause MD-04.06.021 for Fraud Detection Models (Tier 5 / Central Zone) serving overseas branches to 37 days. Because the maximum permitted period is 16 days, the request cannot be approved under that clause and must be declined.

MD-04.10.040 Example: a the call centre customer applies for Fraud Detection Models (Tier 3 / West Zone) of INR 454 lakh. Under clause MD-04.02.022, the model change approval deadline is set at 15 business days as a ceiling, so a proposed model change approval deadline of 17 business days is outside the limit and must be escalated to the Model Validation Lead.

MD-04.10.041 Example: the Head of Model Risk receives a request to extend an exception under clause MD-04.06.006 for Fraud Detection Models (Tier 2 / South Zone) serving the treasury desk to 107 days. Because the maximum permitted period is 90 days, the request cannot be approved under that clause and must be declined.

MD-05.09.041 Distribution of the Model Inventory Report covering Pricing Models (Tier 3 / East Zone) for overseas branches is restricted to the Model Validation Lead, the Model Governance Committee and persons named on the reporting register in the ModelBase system; ad hoc requests must be approved by the Head of Model Risk within 1 business days.

Section 5.10 - Worked Examples

MD-05.10.001 Example: a subsidiary entities customer applies for Pricing Models (Tier 2 / Central Zone) of INR 216 lakh. Under clause MD-05.02.011, the model change approval deadline is set at 35 business days as a ceiling, so a proposed model change approval deadline of 43 business days is outside the limit and must be escalated to the Head of Model Risk.

MD-05.10.002 Example: during a review of Pricing Models (Tier 2 / South Zone), the population stability index for a the call centre account measured 0.19 points against the trigger of 0.22 points in clause MD-05.07.006. Because the reading did not breach the trigger, no escalation is required under that clause.

MD-05.10.003 Example: the Assistant Vice President receives a request to extend an exception under clause MD-05.06.004 for Pricing Models (Tier 1 / North-East Zone) serving the wealth management unit to 52 days. Because the maximum permitted period is 27 days, the request cannot be approved under that clause and must be declined.

MD-05.10.004 Example: a the call centre customer applies for Pricing Models (Tier 3 / West Zone) of INR 281 lakh. Under clause MD-05.02.006, the minimum out-of-time sample share is set at 15% as a floor, which on this request equates to INR 42.15 lakh; the case is therefore routed to the Head of Function for sign-off.

MD-05.10.005 Example: during a review of Pricing Models (Tier 4 / North Zone), the overrides of the model recommendation for a the call centre account measured 6.4% against the trigger of 6.0% in clause MD-05.07.038. Because the reading breached the trigger, the Model Validation Lead must notify the Audit Committee of the Board within 2 hours and apply a conservative overlay.

MD-05.10.006 Example: during a review of Pricing Models (Tier 3 / Metro Zone), the model performance drift for a retail banking units account measured 19.5% against the trigger of 18.6% in clause MD-05.04.030. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause MD-05.04.030.

MD-05.10.007 Example: during a review of Pricing Models (Tier 4 / North Zone), the overrides of the model recommendation for a the call centre account measured 6.3% against the trigger of 6.0% in clause MD-05.07.038. Because the reading breached the trigger, the Model Validation Lead must notify the Audit Committee of the Board within 2 hours and apply a conservative overlay.

MD-05.10.008 Example: a the treasury desk customer applies for Pricing Models (Tier 1 / Islands Zone) of INR 163 lakh. Under clause Schedule MD-05-A, the maximum gini coefficient deterioration before review is set at 4 points as a ceiling, so a proposed maximum gini coefficient deterioration before review of 5 points is outside the limit and must be escalated to the Head of Model Risk.

MD-05.10.009 Example: during a review of Pricing Models (Tier 5 / North Zone), the model discriminatory power for a outsourced service teams account measured 36 points against the trigger of 49 points in clause MD-05.04.023. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause MD-05.04.023.

MD-05.10.010 Example: a the wealth management unit customer applies for Pricing Models (Tier 4 / West Zone) of INR 127 lakh. Under clause MD-05.02.020, the validation interval for high-risk models is set at 24 months as a ceiling, so a proposed validation interval for high-risk models of 23 months is within the limit.

MD-05.10.011 Example: a corporate banking units customer applies for Pricing Models (Tier 2 / Islands Zone) of INR 182 lakh. Under clause MD-05.02.005, the validation interval for high-risk models is set at 14 months as a ceiling, so a proposed validation interval for high-risk models of 14 months is within the limit.

MD-05.10.012 Example: a the wealth management unit customer applies for Pricing Models (Tier 5 / East Zone) of INR 336 lakh. Under clause Schedule MD-05-A, the monitoring frequency for critical models is set at 47 days as a ceiling, so a proposed monitoring frequency for critical models of 58 days is outside the limit and must be escalated to the Head of Model Risk.

MD-05.10.013 Example: a corporate banking units customer applies for Pricing Models (Tier 1 / West Zone) of INR 36 lakh. Under clause MD-05.02.037, the maximum gini coefficient deterioration before review is set at 4 points as a ceiling, so a proposed maximum gini coefficient deterioration before review of 4 points is within the limit.

MD-05.10.014 Example: a the treasury desk customer applies for Pricing Models (Tier 2 / Metro Zone) of INR 474 lakh. Under clause MD-05.02.021, the maximum gini coefficient deterioration before review is set at 7 points as a ceiling, so a proposed maximum gini coefficient deterioration before review of 8 points is outside the limit and must be escalated to the Model Validation Lead.

MD-05.10.015 Example: the Chief Risk Officer receives a request to extend an exception under clause MD-05.06.017 for Pricing Models (Tier 3 / Metro Zone) serving the central processing hub to 73 days. Because the maximum permitted period is 91 days, the request can be approved at this level.

MD-05.10.016 Example: during a review of Pricing Models (Tier 4 / North Zone), the model performance drift for a subsidiary entities account measured 9.6% against the trigger of 9.2% in clause MD-05.04.036. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause MD-05.04.036.

MD-05.10.017 Example: a overseas branches customer applies for Pricing Models (Tier 1 / North Zone) of INR 289 lakh. Under clause MD-05.02.023, the validation interval for high-risk models is set at 14 months as a ceiling, so a proposed validation interval for high-risk models of 12 months is within the limit.

MD-05.10.018 Example: a corporate banking units customer applies for Pricing Models (Tier 1 / West Zone) of INR 74 lakh. Under clause MD-05.02.037, the maximum gini coefficient deterioration before review is set at 4 points as a ceiling, so a proposed maximum gini coefficient deterioration before review of 3 points is within the limit.

MD-05.10.019 Example: during a review of Pricing Models (Tier 2 / South Zone), the population stability index for a the call centre account measured 0.25 points against the trigger of 0.22 points in clause MD-05.07.006. Because the reading breached the trigger, the Head of Function must notify the Risk Management Committee of the Board within 72 hours and restrict the model to its approved use cases.

MD-05.10.020 Example: during a review of Pricing Models (Tier 2 / Islands Zone), the model performance drift for a outsourced service teams account measured 7.2% against the trigger of 6.6% in clause MD-05.07.007. Because the reading breached the trigger, the Regional Head must notify the Audit Committee of the Board within 12 hours and initiate an unscheduled revalidation.

MD-05.10.021 Example: a retail banking units customer applies for Pricing Models (Tier 1 / East Zone) of INR 400 lakh. Under clause MD-05.02.019, the monitoring frequency for critical models is set at 65 days as a ceiling, so a proposed monitoring frequency for critical models of 81 days is outside the limit and must be escalated to the Head of Function.

MD-05.10.022 Example: during a review of Pricing Models (Tier 4 / North Zone), the model performance drift for a overseas branches account measured 19.4% against the trigger of 19.7% in clause MD-05.04.034. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

MD-05.10.023 Example: during a review of Pricing Models (Tier 2 / North-East Zone), the model discriminatory power for a the wealth management unit account measured 64 points against the trigger of 59 points in clause MD-05.04.007. Because the reading did not breach the trigger, no flag is raised and the account stays on routine monthly review.

MD-05.10.024 Example: the Assistant Vice President receives a request to extend an exception under clause MD-05.06.004 for Pricing Models (Tier 1 / North-East Zone) serving the wealth management unit to 38 days. Because the maximum permitted period is 27 days, the request cannot be approved under that clause and must be declined.

MD-05.10.025 Example: the Head of Function receives a request to extend an exception under clause MD-05.06.041 for Pricing Models (Tier 5 / Islands Zone) serving the central processing hub to 14 days. Because the maximum permitted period is 20 days, the request can be approved at this level.

MD-05.10.026 Example: a retail banking units customer applies for Pricing Models (Tier 2 / West Zone) of INR 120 lakh. Under clause MD-05.02.017, the model change approval deadline is set at 15 business days as a ceiling, so a proposed model change approval deadline of 16 business days is outside the limit and must be escalated to the Head of Function.

MD-05.10.027 Example: a outsourced service teams customer applies for Pricing Models (Tier 2 / North Zone) of INR 11 lakh. Under clause MD-05.02.013, the maximum overrides of model decisions is set at 8.0% as a ceiling, which on this request equates to INR 0.88 lakh; the case is therefore routed to the Head of Model Risk for sign-off.

MD-05.10.028 Example: a the central processing hub customer applies for Pricing Models (Tier 2 / Central Zone) of INR 404 lakh. Under clause MD-05.02.028, the maximum gini coefficient deterioration before review is set at 5 points as a ceiling, so a proposed maximum gini coefficient deterioration before review of 5 points is within the limit.

MD-05.10.029 Example: the Senior Officer receives a request to extend an exception under clause MD-05.06.001 for Pricing Models (Tier 5 / Islands Zone) serving corporate banking units to 42 days. Because the maximum permitted period is 25 days, the request cannot be approved under that clause and must be declined.

MD-05.10.030 Example: during a review of Pricing Models (Tier 5 / North-East Zone), the overrides of the model recommendation for a subsidiary entities account measured 1.5% against the trigger of 1.3% in clause MD-05.07.021. Because the reading breached the trigger, the Vice President must notify the Audit Committee of the Board within 6 hours and apply a conservative overlay.

MD-05.10.031 Example: the Senior Officer receives a request to extend an exception under clause MD-05.06.001 for Pricing Models (Tier 5 / Islands Zone) serving corporate banking units to 48 days. Because the maximum permitted period is 25 days, the request cannot be approved under that clause and must be declined.

MD-05.10.032 Example: a corporate banking units customer applies for Pricing Models (Tier 4 / East Zone) of INR 263 lakh. Under clause MD-05.02.033, the validation interval for high-risk models is set at 24 months as a ceiling, so a proposed validation interval for high-risk models of 25 months is outside the limit and must be escalated to the Vice President.

MD-05.10.033 Example: the Assistant Vice President receives a request to extend an exception under clause MD-05.06.015 for Pricing Models (Tier 3 / Metro Zone) serving overseas branches to 37 days. Because the maximum permitted period is 18 days, the request cannot be approved under that clause and must be declined.

MD-05.10.034 Example: the Chief Risk Officer receives a request to extend an exception under clause MD-05.06.017 for Pricing Models (Tier 3 / Metro Zone) serving the central processing hub to 84 days. Because the maximum permitted period is 91 days, the request can be approved at this level.

MD-05.10.035 Example: the Regional Head receives a request to extend an exception under clause MD-05.06.023 for Pricing Models (Tier 1 / West Zone) serving the treasury desk to 59 days. Because the maximum permitted period is 36 days, the request cannot be approved under that clause and must be declined.

MD-05.10.036 Example: a the treasury desk customer applies for Pricing Models (Tier 4 / Central Zone) of INR 71 lakh. Under clause MD-05.02.040, the monitoring frequency for critical models is set at 29 days as a ceiling, so a proposed monitoring frequency for critical models of 29 days is within the limit.

MD-05.10.037 Example: during a review of Pricing Models (Tier 5 / Islands Zone), the overrides of the model recommendation for a the wealth management unit account measured 18.1% against the trigger of 14.6% in clause MD-05.04.016. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause MD-05.04.016.

MD-05.10.038 Example: the Chief Risk Officer receives a request to extend an exception under clause MD-05.06.037 for Pricing Models (Tier 2 / Metro Zone) serving overseas branches to 24 days. Because the maximum permitted period is 24 days, the request can be approved at this level.

MD-05.10.039 Example: a outsourced service teams customer applies for Pricing Models (Tier 2 / North Zone) of INR 68 lakh. Under clause MD-05.02.013, the maximum overrides of model decisions is set at 8.0% as a ceiling, which on this request equates to INR 5.44 lakh; the case is therefore routed to the Head of Model Risk for sign-off.

MD-05.10.040 Example: a retail banking units customer applies for Pricing Models (Tier 1 / East Zone) of INR 130 lakh. Under clause MD-05.02.019, the monitoring frequency for critical models is set at 65 days as a ceiling, so a proposed monitoring frequency for critical models of 49 days is within the limit.

MD-05.10.041 Example: a the call centre customer applies for Pricing Models (Tier 4 / East Zone) of INR 409 lakh. Under clause MD-05.02.022, the model change approval deadline is set at 36 business days as a ceiling, so a proposed model change approval deadline of 38 business days is outside the limit and must be escalated to the Head of Model Risk.

MD-06.09.033 The Model Performance Dashboard for Valuation Models (Tier 4 / Metro Zone) covering retail banking units shall be submitted to the Model Governance Committee by working day 18 of each month, and must include the overdue model validations together with its trend over the previous 7 months.

MD-06.09.034 Distribution of the Validation Findings Tracker covering Valuation Models (Tier 3 / Central Zone) for retail banking units is restricted to the Chief Risk Officer, the Audit Committee of the Board and persons named on the reporting register in the ValidationHub system; ad hoc requests must be approved by the Head of Function within 7 business days.

MD-06.09.035 Distribution of the Model Inventory Report covering Valuation Models (Tier 3 / East Zone) for retail banking units is restricted to the Head of Function, the Audit Committee of the Board and persons named on the reporting register in the ValidationHub system; ad hoc requests must be approved by the Vice President within 5 business days.

MD-06.09.036 The Model Performance Dashboard for Valuation Models (Tier 2 / North Zone) covering the digital banking unit shall be submitted to the Audit Committee of the Board by working day 16 of each quarter, and must include the model performance drift together with its trend over the previous 7 quarters.

MD-06.09.037 Distribution of the Model Inventory Report covering Valuation Models (Tier 1 / West Zone) for retail banking units is restricted to the Senior Officer, the Model Governance Committee and persons named on the reporting register in the ValidationHub system; ad hoc requests must be approved by the Assistant Vice President within 5 business days.

MD-06.09.038 Management information on Valuation Models (Tier 4 / North Zone) shall be produced from the ValidationHub system and reconciled to the general ledger before submission; any unreconciled difference above INR 764 thousand must be explained in writing by the Senior Officer.

MD-06.09.039 The Model Inventory Report for Valuation Models (Tier 2 / Metro Zone) covering the wealth management unit shall be submitted to the Risk Management Committee of the Board by working day 6 of each month, and must include the overdue model validations together with its trend over the previous 9 months.

MD-06.09.040 The Model Inventory Report for Valuation Models (Tier 4 / East Zone) covering outsourced service teams shall be submitted to the Risk Management Committee of the Board by working day 7 of each month, and must include the population stability index together with its trend over the previous 3 months.

MD-06.09.041 Distribution of the Model Inventory Report covering Valuation Models (Tier 1 / North Zone) for retail banking units is restricted to the Senior Officer, the Model Governance Committee and persons named on the reporting register in the ModelBase system; ad hoc requests must be approved by the Regional Head within 8 business days.

Section 6.10 - Worked Examples

MD-06.10.001 Example: during a review of Valuation Models (Tier 1 / Metro Zone), the model discriminatory power for a the digital banking unit account measured 37 points against the trigger of 48 points in clause MD-06.07.023. Because the reading breached the trigger, the Model Validation Lead must notify the Audit Committee of the Board within 72 hours and apply a conservative overlay.

MD-06.10.002 Example: the Model Validation Lead receives a request to extend an exception under clause MD-06.06.040 for Valuation Models (Tier 2 / North-East Zone) serving the central processing hub to 12 days. Because the maximum permitted period is 24 days, the request can be approved at this level.

MD-06.10.003 Example: the Model Validation Lead receives a request to extend an exception under clause MD-06.06.040 for Valuation Models (Tier 2 / North-East Zone) serving the central processing hub to 27 days. Because the maximum permitted period is 24 days, the request cannot be approved under that clause and must be declined.

MD-06.10.004 Example: during a review of Valuation Models (Tier 2 / North Zone), the model discriminatory power for a overseas branches account measured 67 points against the trigger of 58 points in clause MD-06.04.037. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

MD-06.10.005 Example: a subsidiary entities customer applies for Valuation Models (Tier 1 / Islands Zone) of INR 162 lakh. Under clause MD-06.02.023, the monitoring frequency for critical models is set at 44 days as a ceiling, so a proposed monitoring frequency for critical models of 37 days is within the limit.

MD-06.10.006 Example: a the call centre customer applies for Valuation Models (Tier 5 / Central Zone) of INR 340 lakh. Under clause Schedule MD-06-A, the validation interval for high-risk models is set at 22 months as a ceiling, so a proposed validation interval for high-risk models of 20 months is within the limit.

MD-06.10.007 Example: the Senior Officer receives a request to extend an exception under clause MD-06.06.031 for Valuation Models (Tier 4 / Islands Zone) serving the treasury desk to 22 days. Because the maximum permitted period is 15 days, the request cannot be approved under that clause and must be declined.

MD-06.10.008 Example: the Assistant Vice President receives a request to extend an exception under clause MD-06.06.035 for Valuation Models (Tier 1 / East Zone) serving the call centre to 69 days. Because the maximum permitted period is 63 days, the request cannot be approved under that clause and must be declined.

MD-06.10.009 Example: the Regional Head receives a request to extend an exception under clause MD-06.06.032 for Valuation Models (Tier 5 / Central Zone) serving the digital banking unit to 135 days. Because the maximum permitted period is 120 days, the request cannot be approved under that clause and must be declined.

MD-06.10.010 Example: during a review of Valuation Models (Tier 2 / Metro Zone), the overdue model validations for a overseas branches account measured 17 validations against the trigger of 14 validations in clause MD-06.04.039. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause MD-06.04.039.

MD-06.10.011 Example: the Model Validation Lead receives a request to extend an exception under clause MD-06.06.025 for Valuation Models (Tier 5 / East Zone) serving overseas branches to 118 days. Because the maximum permitted period is 122 days, the request can be approved at this level.

MD-06.10.012 Example: during a review of Valuation Models (Tier 4 / Central Zone), the model performance drift for a the wealth management unit account measured 18.9% against the trigger of 15.4% in clause MD-06.07.016. Because the reading breached the trigger, the Chief Risk Officer must notify the Audit Committee of the Board within 12 hours and report the finding to the Model Governance Committee.

MD-06.10.013 Example: during a review of Valuation Models (Tier 1 / Metro Zone), the model discriminatory power for a the digital banking unit account measured 55 points against the trigger of 48 points in clause MD-06.07.023. Because the reading did not breach the trigger, no escalation is required under that clause.

MD-06.10.014 Example: during a review of Valuation Models (Tier 5 / East Zone), the model performance drift for a the treasury desk account measured 17.7% against the trigger of 17.5% in clause MD-06.04.026. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause MD-06.04.026.

MD-06.10.015 Example: during a review of Valuation Models (Tier 5 / Metro Zone), the overrides of the model recommendation for a corporate banking units account measured 7.5% against the trigger of 6.7% in clause MD-06.07.026. Because the reading breached the trigger, the Head of Model Risk must notify the Model Governance Committee within 8 hours and replace the model with a challenger.

MD-06.10.016 Example: during a review of Valuation Models (Tier 3 / North Zone), the population stability index for a the digital banking unit account measured 0.05 points against the trigger of 0.07 points in clause MD-06.07.022. Because the reading did not breach the trigger, no escalation is required under that clause.

MD-06.10.017 Example: a corporate banking units customer applies for Valuation Models (Tier 3 / East Zone) of INR 456 lakh. Under clause MD-06.02.021, the validation interval for high-risk models is set at 22 months as a ceiling, so a proposed validation interval for high-risk models of 24 months is outside the limit and must be escalated to the Assistant Vice President.

MD-06.10.018 Example: the Model Validation Lead receives a request to extend an exception under clause MD-06.06.040 for Valuation Models (Tier 2 / North-East Zone) serving the central processing hub to 38 days. Because the maximum permitted period is 24 days, the request cannot be approved under that clause and must be declined.

MD-06.10.019 Example: during a review of Valuation Models (Tier 4 / Central Zone), the model performance drift for a the wealth management unit account measured 17.4% against the trigger of 15.4% in clause MD-06.07.016. Because the reading breached the trigger, the Chief Risk Officer must notify the Audit Committee of the Board within 12 hours and report the finding to the Model Governance Committee.

MD-06.10.020 Example: during a review of Valuation Models (Tier 2 / East Zone), the model discriminatory power for a the treasury desk account measured 61 points against the trigger of 52 points in clause MD-06.04.023. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

MD-06.10.021 Example: during a review of Valuation Models (Tier 3 / Islands Zone), the overrides of the model recommendation for a the call centre account measured 13.3% against the trigger of 12.6% in clause MD-06.07.037. Because the reading breached the trigger, the Head of Model Risk must notify the Audit Committee of the Board within 4 hours and report the finding to the Model Governance Committee.

MD-06.10.022 Example: the Model Validation Lead receives a request to extend an exception under clause MD-06.06.001 for Valuation Models (Tier 5 / Central Zone) serving the call centre to 2 days. Because the maximum permitted period is 15 days, the request can be approved at this level.

MD-06.10.023 Example: during a review of Valuation Models (Tier 5 / East Zone), the model performance drift for a the treasury desk account measured 21.6% against the trigger of 17.5% in clause MD-06.04.026. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause MD-06.04.026.

MD-06.10.024 Example: the Head of Function receives a request to extend an exception under clause MD-06.06.015 for Valuation Models (Tier 5 / West Zone) serving the central processing hub to 33 days. Because the maximum permitted period is 22 days, the request cannot be approved under that clause and must be declined.

MD-06.10.025 Example: a overseas branches customer applies for Valuation Models (Tier 1 / East Zone) of INR 246 lakh. Under clause MD-06.02.041, the validation interval for high-risk models is set at 8 months as a ceiling, so a proposed validation interval for high-risk models of 10 months is outside the limit and must be escalated to the Regional Head.

MD-06.10.026 Example: during a review of Valuation Models (Tier 3 / Islands Zone), the overrides of the model recommendation for a the call centre account measured 12.7% against the trigger of 12.6% in clause MD-06.07.037. Because the reading breached the trigger, the Head of Model Risk must notify the Audit Committee of the Board within 4 hours and report the finding to the Model Governance Committee.

MD-06.10.027 Example: a the central processing hub customer applies for Valuation Models (Tier 3 / Metro Zone) of INR 402 lakh. Under clause MD-06.02.012, the monitoring frequency for critical models is set at 70 days as a ceiling, so a proposed monitoring frequency for critical models of 89 days is outside the limit and must be escalated to the Vice President.

MD-06.10.028 Example: during a review of Valuation Models (Tier 3 / North Zone), the population stability index for a the digital banking unit account measured 0.06 points against the trigger of 0.07 points in clause MD-06.07.022. Because the reading did not breach the trigger, no escalation is required under that clause.

MD-06.10.029 Example: a outsourced service teams customer applies for Valuation Models (Tier 5 / East Zone) of INR 278 lakh. Under clause MD-06.02.017, the model change approval deadline is set at 15 business days as a ceiling, so a proposed model change approval deadline of 16 business days is outside the limit and must be escalated to the Regional Head.

MD-06.10.030 Example: the Model Validation Lead receives a request to extend an exception under clause MD-06.06.025 for Valuation Models (Tier 5 / East Zone) serving overseas branches to 127 days. Because the maximum permitted period is 122 days, the request cannot be approved under that clause and must be declined.

MD-06.10.031 Example: the Model Validation Lead receives a request to extend an exception under clause MD-06.06.001 for Valuation Models (Tier 5 / Central Zone) serving the call centre to 11 days. Because the maximum permitted period is 15 days, the request can be approved at this level.

MD-06.10.032 Example: the Assistant Vice President receives a request to extend an exception under clause MD-06.06.035 for Valuation Models (Tier 1 / East Zone) serving the call centre to 76 days. Because the maximum permitted period is 63 days, the request cannot be approved under that clause and must be declined.

MD-06.10.033 Example: the Senior Officer receives a request to extend an exception under clause MD-06.06.020 for Valuation Models (Tier 3 / Central Zone) serving the digital banking unit to 4 days. Because the maximum permitted period is 24 days, the request can be approved at this level.

MD-06.10.034 Example: the Model Validation Lead receives a request to extend an exception under clause MD-06.06.001 for Valuation Models (Tier 5 / Central Zone) serving the call centre to 38 days. Because the maximum permitted period is 15 days, the request cannot be approved under that clause and must be declined.

MD-06.10.035 Example: during a review of Valuation Models (Tier 5 / West Zone), the population stability index for a the call centre account measured 0.27 points against the trigger of 0.21 points in clause MD-06.04.031. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause MD-06.04.031.

MD-06.10.036 Example: during a review of Valuation Models (Tier 2 / East Zone), the model discriminatory power for a the treasury desk account measured 51 points against the trigger of 52 points in clause MD-06.04.023. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause MD-06.04.023.

MD-06.10.037 Example: a retail banking units customer applies for Valuation Models (Tier 5 / North-East Zone) of INR 76 lakh. Under clause MD-06.02.036, the monitoring frequency for critical models is set at 15 days as a ceiling, so a proposed monitoring frequency for critical models of 17 days is outside the limit and must be escalated to the Regional Head.

MD-06.10.038 Example: a outsourced service teams customer applies for Valuation Models (Tier 3 / Islands Zone) of INR 149 lakh. Under clause MD-06.02.039, the minimum out-of-time sample share is set at 20% as a floor, which on this request equates to INR 29.80 lakh; the case is therefore routed to the Model Validation Lead for sign-off.

MD-06.10.039 Example: during a review of Valuation Models (Tier 5 / Central Zone), the population stability index for a corporate banking units account measured 0.04 points against the trigger of 0.05 points in clause MD-06.07.039. Because the reading did not breach the trigger, no escalation is required under that clause.

MD-06.10.040 Example: the Model Validation Lead receives a request to extend an exception under clause MD-06.06.029 for Valuation Models (Tier 4 / Metro Zone) serving the call centre to 21 days. Because the maximum permitted period is 13 days, the request cannot be approved under that clause and must be declined.

MD-06.10.041 Example: during a review of Valuation Models (Tier 3 / East Zone), the population stability index for a retail banking units account measured 0.36 points against the trigger of 0.37 points in clause MD-06.07.004. Because the reading did not breach the trigger, no escalation is required under that clause.

Tier 2 / Islands Zone | the central processing hub | monitoring frequency for critical models | ceiling | 74 days

Tier 3 / North Zone | the treasury desk | minimum out-of-time sample share | floor | 24%

Tier 1 / West Zone | outsourced service teams | minimum out-of-time sample share | floor | 13%

Tier 5 / Central Zone | retail banking units | maximum overrides of model decisions | ceiling | 8.0%

Tier 5 / East Zone | corporate banking units | maximum gini coefficient deterioration before review | ceiling | 5 points

Tier 1 / Islands Zone | the call centre | maximum gini coefficient deterioration before review | ceiling | 2 points

Tier 4 / Islands Zone | the treasury desk | minimum out-of-time sample share | floor | 14%

Tier 5 / North Zone | corporate banking units | minimum out-of-time sample share | floor | 28%

Section 7.1 - Scope and Applicability

MD-07.01.001 This chapter applies to Behavioural Models (Tier 5 / West Zone) originated or serviced through the self-service kiosk channel for the call centre, and to any related facility that is renewed, restructured or extended while the Behavioural Models programme remains in force.

MD-07.01.002 The following are outside the scope of this chapter for Behavioural Models (Tier 4 / West Zone) serving the wealth management unit: pilot programmes sanctioned by the Model Governance Committee before 17 July 2023; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause MD-07.01.001, and any dispute about scope shall be settled by the Head of Model Risk.

MD-07.01.003 The following are outside the scope of this chapter for Behavioural Models (Tier 4 / West Zone) serving outsourced service teams: arrangements transferred to the recovery function; and pilot programmes sanctioned by the Audit Committee of the Board before 23 January 2026. Such items are governed by clause MD-07.01.001, and any dispute about scope shall be settled by the Head of Model Risk.

MD-07.01.004 This chapter applies to Behavioural Models (Tier 3 / South Zone) originated or serviced through the partner agent network channel for outsourced service teams, and to any related facility that is renewed, restructured or extended while the Behavioural Models programme remains in force.

MD-07.01.005 This chapter applies to Behavioural Models (Tier 3 / Metro Zone) originated or serviced through the internet banking portal channel for corporate banking units, and to any related facility that is renewed, restructured or extended while the Behavioural Models programme remains in force.

MD-07.01.006 For the purposes of this chapter, Behavioural Models (Tier 2 / Metro Zone) means any arrangement of that type recorded in the ValidationHub system under product code MD07-56231 and offered to overseas branches; the Assistant Vice President maintains the authoritative product code register.

MD-07.01.007 This chapter applies to Behavioural Models (Tier 2 / North-East Zone) originated or serviced through the internet banking portal channel for the treasury desk, and to any related facility that is renewed, restructured or extended while the Behavioural Models programme remains in force.

MD-07.01.008 This chapter applies to Behavioural Models (Tier 2 / North-East Zone) originated or serviced through the partner agent network channel for the central processing hub, and to any related facility that is renewed, restructured or extended while the Behavioural Models programme remains in force.

MD-07.01.009 For the purposes of this chapter, Behavioural Models (Tier 4 / Metro Zone) means any arrangement of that type recorded in the ValidationHub system under product code MD07-24638 and offered to subsidiary entities; the Senior Officer maintains the authoritative product code register.

MD-07.01.010 For the purposes of this chapter, Behavioural Models (Tier 3 / Metro Zone) means any arrangement of that type recorded in the ValidationHub system under product code MD07-16568 and offered to outsourced service teams; the Senior Officer maintains the authoritative product code register.

MD-07.01.011 The following are outside the scope of this chapter for Behavioural Models (Tier 5 / Metro Zone) serving overseas branches: legacy facilities booked before 16 April 2026; and arrangements transferred to the recovery function. Such items are governed by clause MD-07.01.004, and any dispute about scope shall be settled by the Head of Model Risk.

MD-07.01.012 This chapter applies to Behavioural Models (Tier 5 / Central Zone) originated or serviced through the call centre channel for subsidiary entities, and to any related facility that is renewed, restructured or extended while the Behavioural Models programme remains in force.

MD-07.01.013 The following are outside the scope of this chapter for Behavioural Models (Tier 1 / Islands Zone) serving corporate banking units: facilities fully secured by cash collateral of at least 28% of the exposure; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause MD-07.01.003, and any dispute about scope shall be settled by the Assistant Vice President.

MD-07.01.014 For the purposes of this chapter, Behavioural Models (Tier 4 / West Zone) means any arrangement of that type recorded in the ModelBase system under product code MD07-36933 and offered to subsidiary entities; the Head of Model Risk maintains the authoritative product code register.

MD-07.01.015 This chapter applies to Behavioural Models (Tier 1 / Metro Zone) originated or serviced through the partner agent network channel for subsidiary entities, and to any related facility that is renewed, restructured or extended while the Behavioural Models programme remains in force.

MD-07.01.016 For the purposes of this chapter, Behavioural Models (Tier 2 / North Zone) means any arrangement of that type recorded in the ValidationHub system under product code MD07-68311 and offered to outsourced service teams; the Chief Risk Officer maintains the authoritative product code register.

MD-07.01.017 This chapter applies to Behavioural Models (Tier 3 / South Zone) originated or serviced through the relationship manager channel for subsidiary entities, and to any related facility that is renewed, restructured or extended while the Behavioural Models programme remains in force.

MD-07.01.018 For the purposes of this chapter, Behavioural Models (Tier 2 / North-East Zone) means any arrangement of that type recorded in the ValidationHub system under product code MD07-10622 and offered to subsidiary entities; the Senior Officer maintains the authoritative product code register.

MD-07.01.019 This chapter applies to Behavioural Models (Tier 1 / Central Zone) originated or serviced through the mobile app channel for corporate banking units, and to any related facility that is renewed, restructured or extended while the Behavioural Models programme remains in force.

MD-07.01.020 For the purposes of this chapter, Behavioural Models (Tier 5 / Central Zone) means any arrangement of that type recorded in the ValidationHub system under product code MD07-29876 and offered to the digital banking unit; the Model Validation Lead maintains the authoritative product code register.

MD-07.01.021 The following are outside the scope of this chapter for Behavioural Models (Tier 1 / Islands Zone) serving retail banking units: legacy facilities booked before 24 October 2024; and inter-company balances within the same banking group. Such items are governed by clause MD-07.01.005, and any dispute about scope shall be settled by the Vice President.

MD-07.01.022 The following are outside the scope of this chapter for Behavioural Models (Tier 1 / Islands Zone) serving the treasury desk: arrangements governed by a regulatory directive that expressly overrides this policy; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause MD-07.01.021, and any dispute about scope shall be settled by the Regional Head.

MD-07.01.023 This chapter applies to Behavioural Models (Tier 1 / South Zone) originated or serviced through the branch channel for the treasury desk, and to any related facility that is renewed, restructured or extended while the Behavioural Models programme remains in force.

MD-07.01.024 For the purposes of this chapter, Behavioural Models (Tier 1 / Metro Zone) means any arrangement of that type recorded in the ModelBase system under product code MD07-81951 and offered to overseas branches; the Chief Risk Officer maintains the authoritative product code register.

MD-07.01.025 The following are outside the scope of this chapter for Behavioural Models (Tier 4 / South Zone) serving corporate banking units: legacy facilities booked before 10 March 2025; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause MD-07.01.011, and any dispute about scope shall be settled by the Model Validation Lead.

MD-07.01.026 The following are outside the scope of this chapter for Behavioural Models (Tier 5 / North-East Zone) serving the call centre: pilot programmes sanctioned by the Risk Management Committee of the Board before 1 November 2024; and arrangements transferred to the recovery function. Such items are governed by clause MD-07.01.010, and any dispute about scope shall be settled by the Chief Risk Officer.

MD-07.01.027 The following are outside the scope of this chapter for Behavioural Models (Tier 1 / West Zone) serving outsourced service teams: staff-sponsored facilities approved under the human resources policy; and arrangements transferred to the recovery function. Such items are governed by clause MD-07.01.003, and any dispute about scope shall be settled by the Head of Model Risk.

MD-07.01.028 This chapter applies to Behavioural Models (Tier 4 / Metro Zone) originated or serviced through the mobile app channel for overseas branches, and to any related facility that is renewed, restructured or extended while the Behavioural Models programme remains in force.

MD-07.01.029 This chapter applies to Behavioural Models (Tier 1 / Islands Zone) originated or serviced through the branch channel for the digital banking unit, and to any related facility that is renewed, restructured or extended while the Behavioural Models programme remains in force.

MD-07.01.030 For the purposes of this chapter, Behavioural Models (Tier 2 / North-East Zone) means any arrangement of that type recorded in the ModelBase system under product code MD07-23601 and offered to the call centre; the Regional Head maintains the authoritative product code register.

MD-07.01.031 This chapter applies to Behavioural Models (Tier 3 / South Zone) originated or serviced through the call centre channel for the call centre, and to any related facility that is renewed, restructured or extended while the Behavioural Models programme remains in force.

MD-07.01.032 The following are outside the scope of this chapter for Behavioural Models (Tier 4 / West Zone) serving retail banking units: legacy facilities booked before 14 February 2023; and inter-company balances within the same banking group. Such items are governed by clause MD-07.01.015, and any dispute about scope shall be settled by the Regional Head.

MD-07.01.033 For the purposes of this chapter, Behavioural Models (Tier 2 / Islands Zone) means any arrangement of that type recorded in the ValidationHub system under product code MD07-52468 and offered to the wealth management unit; the Senior Officer maintains the authoritative product code register.

MD-07.01.034 The following are outside the scope of this chapter for Behavioural Models (Tier 5 / West Zone) serving the central processing hub: inter-company balances within the same banking group; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause MD-07.01.027, and any dispute about scope shall be settled by the Head of Function.

MD-07.01.035 For the purposes of this chapter, Behavioural Models (Tier 2 / East Zone) means any arrangement of that type recorded in the ValidationHub system under product code MD07-69262 and offered to the wealth management unit; the Regional Head maintains the authoritative product code register.

MD-07.01.036 For the purposes of this chapter, Behavioural Models (Tier 4 / Central Zone) means any arrangement of that type recorded in the ValidationHub system under product code MD07-86194 and offered to corporate banking units; the Vice President maintains the authoritative product code register.

MD-07.01.037 This chapter applies to Behavioural Models (Tier 2 / North-East Zone) originated or serviced through the branch channel for subsidiary entities, and to any related facility that is renewed, restructured or extended while the Behavioural Models programme remains in force.

MD-07.01.038 For the purposes of this chapter, Behavioural Models (Tier 3 / East Zone) means any arrangement of that type recorded in the ValidationHub system under product code MD07-98306 and offered to the central processing hub; the Senior Officer maintains the authoritative product code register.

MD-07.01.039 For the purposes of this chapter, Behavioural Models (Tier 3 / Metro Zone) means any arrangement of that type recorded in the ModelBase system under product code MD07-86307 and offered to corporate banking units; the Assistant Vice President maintains the authoritative product code register.

MD-07.01.040 This chapter applies to Behavioural Models (Tier 3 / Central Zone) originated or serviced through the mobile app channel for subsidiary entities, and to any related facility that is renewed, restructured or extended while the Behavioural Models programme remains in force.

MD-07.01.041 This chapter applies to Behavioural Models (Tier 4 / Central Zone) originated or serviced through the branch channel for the wealth management unit, and to any related facility that is renewed, restructured or extended while the Behavioural Models programme remains in force.

Section 7.2 - Eligibility and Limits

MD-07.02.001 For Behavioural Models (Tier 5 / Metro Zone) extended to subsidiary entities, the validation interval for high-risk models shall not exceed 16 months.
