Because the maximum permitted period is 24 days, the request cannot be approved under that clause and must be declined.

MD-08.10.029 Example: the Head of Function receives a request to extend an exception under clause MD-08.06.020 for Stress Testing Models (Tier 5 / West Zone) serving the call centre to 45 days. Because the maximum permitted period is 64 days, the request can be approved at this level.

MD-08.10.030 Example: during a review of Stress Testing Models (Tier 5 / North Zone), the overrides of the model recommendation for a the central processing hub account measured 2.8% against the trigger of 2.7% in clause MD-08.07.025. Because the reading breached the trigger, the Regional Head must notify the Audit Committee of the Board within 8 hours and replace the model with a challenger.

MD-08.10.031 Example: a retail banking units customer applies for Stress Testing Models (Tier 5 / Metro Zone) of INR 69 lakh. Under clause MD-08.02.011, the maximum gini coefficient deterioration before review is set at 7 points as a ceiling, so a proposed maximum gini coefficient deterioration before review of 6 points is within the limit.

MD-08.10.032 Example: a the central processing hub customer applies for Stress Testing Models (Tier 5 / Metro Zone) of INR 226 lakh. Under clause MD-08.02.028, the monitoring frequency for critical models is set at 79 days as a ceiling, so a proposed monitoring frequency for critical models of 69 days is within the limit.

MD-08.10.033 Example: during a review of Stress Testing Models (Tier 2 / East Zone), the overdue model validations for a the wealth management unit account measured 16 validations against the trigger of 14 validations in clause MD-08.07.018. Because the reading breached the trigger, the Head of Function must notify the Audit Committee of the Board within 72 hours and replace the model with a challenger.

MD-08.10.034 Example: the Model Validation Lead receives a request to extend an exception under clause MD-08.06.019 for Stress Testing Models (Tier 2 / West Zone) serving subsidiary entities to 8 days. Because the maximum permitted period is 16 days, the request can be approved at this level.

MD-08.10.035 Example: the Model Validation Lead receives a request to extend an exception under clause MD-08.06.022 for Stress Testing Models (Tier 5 / Metro Zone) serving corporate banking units to 22 days. Because the maximum permitted period is 17 days, the request cannot be approved under that clause and must be declined.

MD-08.10.036 Example: during a review of Stress Testing Models (Tier 2 / East Zone), the overdue model validations for a the wealth management unit account measured 11 validations against the trigger of 14 validations in clause MD-08.07.018. Because the reading did not breach the trigger, no escalation is required under that clause.

MD-08.10.037 Example: a the digital banking unit customer applies for Stress Testing Models (Tier 2 / South Zone) of INR 234 lakh. Under clause Schedule MD-08-A, the minimum out-of-time sample share is set at 20% as a floor, which on this request equates to INR 46.80 lakh; the case is therefore routed to the Head of Function for sign-off.

MD-08.10.038 Example: a corporate banking units customer applies for Stress Testing Models (Tier 4 / North-East Zone) of INR 36 lakh. Under clause MD-08.02.026, the model change approval deadline is set at 30 business days as a ceiling, so a proposed model change approval deadline of 22 business days is within the limit.

MD-08.10.039 Example: a the wealth management unit customer applies for Stress Testing Models (Tier 1 / North-East Zone) of INR 178 lakh. Under clause MD-08.02.016, the validation interval for high-risk models is set at 17 months as a ceiling, so a proposed validation interval for high-risk models of 18 months is outside the limit and must be escalated to the Assistant Vice President.

MD-08.10.040 Example: the Chief Risk Officer receives a request to extend an exception under clause MD-08.06.021 for Stress Testing Models (Tier 1 / South Zone) serving retail banking units to 10 days. Because the maximum permitted period is 20 days, the request can be approved at this level.

MD-08.10.041 Example: a the digital banking unit customer applies for Stress Testing Models (Tier 1 / Islands Zone) of INR 84 lakh. Under clause MD-08.02.034, the model change approval deadline is set at 39 business days as a ceiling, so a proposed model change approval deadline of 33 business days is within the limit.

HR-05.10.032 Example: the Head of Function receives a request to extend an exception under clause HR-05.06.041 for Whistleblower Protection (Tier 4 / Metro Zone) serving operations centres to 77 days. Because the maximum permitted period is 94 days, the request can be approved at this level.

Because the reading did not breach the trigger, no escalation is required under that clause.

HR-05.10.034 Example: a outsourced service teams customer applies for Whistleblower Protection (Tier 1 / East Zone) of INR 251 lakh. Under clause HR-05.02.035, the whistleblower complaint acknowledgement deadline is set at 3 days as a ceiling, so a proposed whistleblower complaint acknowledgement deadline of 3 days is within the limit.

HR-05.10.035 Example: the Chief Human Resources Officer receives a request to extend an exception under clause HR-05.06.023 for Whistleblower Protection (Tier 2 / Metro Zone) serving corporate banking units to 33 days. Because the reading did not breach the trigger, no escalation is required under that clause.

HR-05.10.037 Example: during a review of Whistleblower Protection (Tier 3 / South Zone), the overdue declarations for a subsidiary entities account measured 11.8% against the trigger of 14.9% in clause HR-05.07.027. Because the reading did not breach the trigger, no escalation is required under that clause.

HR-05.10.038 Example: during a review of Whistleblower Protection (Tier 1 / Central Zone), the overdue declarations for a operations centres account measured 18.2% against the trigger of 21.6% in clause HR-05.07.019. Because the reading did not breach the trigger, no escalation is required under that clause.

HR-05.10.039 Example: the Chief Risk Officer receives a request to extend an exception under clause HR-05.06.003 for Whistleblower Protection (Tier 4 / East Zone) serving shared service centres to 102 days. Because the maximum permitted period is 96 days, the request cannot be approved under that clause and must be declined.

HR-05.10.040 Example: a overseas branches customer applies for Whistleblower Protection (Tier 5 / East Zone) of INR 348 lakh. Under clause HR-05.02.030, the mandatory leave period for sensitive roles is set at 11 days as a floor, so a proposed mandatory leave period for sensitive roles of 14 days is within the limit.

HR-05.10.041 Example: a corporate banking units customer applies for Whistleblower Protection (Tier 4 / North-East Zone) of INR 44 lakh. Under clause Schedule HR-05-A, the whistleblower complaint acknowledgement deadline is set at 7 days as a ceiling, so a proposed whistleblower complaint acknowledgement deadline of 6 days is within the limit.
