DG-02.09.039 Management information on Internet Banking Access (Tier 3 / Metro Zone) shall be produced from the ReleaseGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 876 thousand must be explained in writing by the Chief Risk Officer.

DG-02.09.040 Management information on Internet Banking Access (Tier 1 / North Zone) shall be produced from the ReleaseGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 882 thousand must be explained in writing by the Assistant Vice President.

DG-02.09.041 Distribution of the API Performance Report covering Internet Banking Access (Tier 1 / South Zone) for rural customers is restricted to the Digital Product Manager, the Operational Risk Committee and persons named on the reporting register in the ReleaseGate system; ad hoc requests must be approved by the Vice President within 5 business days.

Section 2.10 - Worked Examples

DG-02.10.001 Example: a salaried individuals customer applies for Internet Banking Access (Tier 1 / Islands Zone) of INR 286 lakh. Under clause DG-02.02.040, the maximum release cycle is set at 2 weeks as a ceiling, so a proposed maximum release cycle of 2 weeks is within the limit.

DG-02.10.002 Example: a high-net-worth individuals customer applies for Internet Banking Access (Tier 4 / Metro Zone) of INR 166 lakh. Under clause DG-02.02.008, the maximum login attempts before lock is set at 4 attempts as a ceiling, so a proposed maximum login attempts before lock of 3 attempts is within the limit.

DG-02.10.003 Example: the Digital Product Manager receives a request to extend an exception under clause DG-02.06.041 for Internet Banking Access (Tier 5 / South Zone) serving high-net-worth individuals to 11 days. Because the maximum permitted period is 27 days, the request can be approved at this level.

DG-02.10.004 Example: during a review of Internet Banking Access (Tier 4 / Islands Zone), the severity-one defects open for a gig-economy workers account measured 5 defects against the trigger of 5 defects in clause DG-02.04.035. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

DG-02.10.005 Example: a pensioners customer applies for Internet Banking Access (Tier 2 / East Zone) of INR 68 lakh. Under clause Schedule DG-02-A, the maximum time to resolve a severity-one defect is set at 15 hours as a ceiling, so a proposed maximum time to resolve a severity-one defect of 18 hours is outside the limit and must be escalated to the Assistant Vice President.

DG-02.10.006 Example: during a review of Internet Banking Access (Tier 4 / East Zone), the severity-one defects open for a gig-economy workers account measured 6 defects against the trigger of 8 defects in clause DG-02.04.027. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

DG-02.10.007 Example: during a review of Internet Banking Access (Tier 1 / North-East Zone), the digital journey drop-off rate for a first-time customers account measured 32.2% against the trigger of 24.8% in clause DG-02.04.015. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DG-02.04.015.

DG-02.10.008 Example: the Digital Product Manager receives a request to extend an exception under clause DG-02.06.005 for Internet Banking Access (Tier 4 / South Zone) serving pensioners to 40 days. Because the maximum permitted period is 20 days, the request cannot be approved under that clause and must be declined.

DG-02.10.009 Example: the Head of Function receives a request to extend an exception under clause DG-02.06.024 for Internet Banking Access (Tier 1 / North-East Zone) serving farmers and agricultural households to 83 days. Because the maximum permitted period is 94 days, the request can be approved at this level.

DG-02.10.010 Example: the Regional Head receives a request to extend an exception under clause DG-02.06.011 for Internet Banking Access (Tier 1 / North Zone) serving first-time customers to 11 days. Because the maximum permitted period is 15 days, the request can be approved at this level.

DG-02.10.011 Example: a farmers and agricultural households customer applies for Internet Banking Access (Tier 2 / South Zone) of INR 470 lakh. Under clause DG-02.02.031, the maximum time to resolve a severity-one defect is set at 13 hours as a ceiling, so a proposed maximum time to resolve a severity-one defect of 14 hours is outside the limit and must be escalated to the Head of Digital Banking.

DG-02.10.012 Example: the Chief Risk Officer receives a request to extend an exception under clause DG-02.06.018 for Internet Banking Access (Tier 5 / Metro Zone) serving farmers and agricultural households to 73 days. Because the maximum permitted period is 61 days, the request cannot be approved under that clause and must be declined.

DG-02.10.013 Example: a farmers and agricultural households customer applies for Internet Banking Access (Tier 2 / Central Zone) of INR 455 lakh. Under clause DG-02.02.039, the maximum API response time is set at 526 milliseconds as a ceiling, so a proposed maximum API response time of 532 milliseconds is outside the limit and must be escalated to the Assistant Vice President.

DG-02.10.014 Example: a salaried individuals customer applies for Internet Banking Access (Tier 1 / South Zone) of INR 187 lakh. Under clause Schedule DG-02-A, the minimum app store rating is set at 4.5 stars as a floor, so a proposed minimum app store rating of 5.4 stars is within the limit.

DG-02.10.015 Example: a high-net-worth individuals customer applies for Internet Banking Access (Tier 5 / Islands Zone) of INR 477 lakh. Under clause DG-02.02.024, the app crash rate tolerance is set at 1.23% as a ceiling, which on this request equates to INR 5.87 lakh; the case is therefore routed to the Vice President for sign-off.

DG-02.10.016 Example: during a review of Internet Banking Access (Tier 1 / North-East Zone), the login failure rate for a women entrepreneurs account measured 19.6% against the trigger of 22.8% in clause DG-02.07.009. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-02.10.017 Example: during a review of Internet Banking Access (Tier 3 / South Zone), the app crash rate for a senior citizens account measured 3.28% against the trigger of 2.91% in clause DG-02.07.039. Because the reading breached the trigger, the Vice President must notify the Information Security Steering Committee within 4 hours and roll back the application release.

DG-02.10.018 Example: a first-time customers customer applies for Internet Banking Access (Tier 5 / North Zone) of INR 448 lakh. Under clause DG-02.02.005, the app crash rate tolerance is set at 0.92% as a ceiling, which on this request equates to INR 4.12 lakh; the case is therefore routed to the Head of Digital Banking for sign-off.

DG-02.10.019 Example: the Head of Digital Banking receives a request to extend an exception under clause DG-02.06.028 for Internet Banking Access (Tier 2 / South Zone) serving farmers and agricultural households to 39 days. Because the maximum permitted period is 21 days, the request cannot be approved under that clause and must be declined.

DG-02.10.020 Example: during a review of Internet Banking Access (Tier 4 / Islands Zone), the app crash rate for a farmers and agricultural households account measured 0.62% against the trigger of 0.74% in clause DG-02.07.024. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-02.10.021 Example: the Head of Function receives a request to extend an exception under clause DG-02.06.024 for Internet Banking Access (Tier 1 / North-East Zone) serving farmers and agricultural households to 116 days. Because the maximum permitted period is 94 days, the request cannot be approved under that clause and must be declined.

DG-02.10.022 Example: a farmers and agricultural households customer applies for Internet Banking Access (Tier 2 / Central Zone) of INR 347 lakh. Under clause DG-02.02.039, the maximum API response time is set at 526 milliseconds as a ceiling, so a proposed maximum API response time of 533 milliseconds is outside the limit and must be escalated to the Assistant Vice President.

DG-02.10.023 Example: the Head of Function receives a request to extend an exception under clause DG-02.06.010 for Internet Banking Access (Tier 4 / North Zone) serving students and young professionals to 1 days. Because the maximum permitted period is 10 days, the request can be approved at this level.

DG-02.10.024 Example: the Digital Product Manager receives a request to extend an exception under clause DG-02.06.005 for Internet Banking Access (Tier 4 / South Zone) serving pensioners to 12 days. Because the maximum permitted period is 20 days, the request can be approved at this level.

DG-02.10.025 Example: a gig-economy workers customer applies for Internet Banking Access (Tier 1 / Metro Zone) of INR 201 lakh. Under clause DG-02.02.030, the app crash rate tolerance is set at 1.12% as a ceiling, which on this request equates to INR 2.25 lakh; the case is therefore routed to the Head of Function for sign-off.

DG-02.10.026 Example: the Head of Function receives a request to extend an exception under clause DG-02.06.024 for Internet Banking Access (Tier 1 / North-East Zone) serving farmers and agricultural households to 76 days. Because the maximum permitted period is 94 days, the request can be approved at this level.

DG-02.10.027 Example: during a review of Internet Banking Access (Tier 5 / East Zone), the API latency for a pensioners account measured 422 milliseconds against the trigger of 344 milliseconds in clause DG-02.07.019. Because the reading breached the trigger, the Regional Head must notify the Product Approval Committee within 72 hours and disable the affected feature.

DG-02.10.028 Example: the Head of Function receives a request to extend an exception under clause DG-02.06.024 for Internet Banking Access (Tier 1 / North-East Zone) serving farmers and agricultural households to 77 days. Because the maximum permitted period is 94 days, the request can be approved at this level.

DG-02.10.029 Example: a farmers and agricultural households customer applies for Internet Banking Access (Tier 2 / South Zone) of INR 192 lakh. Under clause DG-02.02.031, the maximum time to resolve a severity-one defect is set at 13 hours as a ceiling, so a proposed maximum time to resolve a severity-one defect of 10 hours is within the limit.

DG-02.10.030 Example: the Digital Product Manager receives a request to extend an exception under clause DG-02.06.005 for Internet Banking Access (Tier 4 / South Zone) serving pensioners to 16 days. Because the maximum permitted period is 20 days, the request can be approved at this level.

DG-02.10.031 Example: the Chief Risk Officer receives a request to extend an exception under clause DG-02.06.019 for Internet Banking Access (Tier 4 / North Zone) serving rural customers to 67 days. Because the maximum permitted period is 64 days, the request cannot be approved under that clause and must be declined.

DG-02.10.032 Example: during a review of Internet Banking Access (Tier 4 / East Zone), the digital journey drop-off rate for a high-net-worth individuals account measured 13.3% against the trigger of 16.7% in clause DG-02.04.029. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

DG-02.10.033 Example: the Chief Risk Officer receives a request to extend an exception under clause DG-02.06.018 for Internet Banking Access (Tier 5 / Metro Zone) serving farmers and agricultural households to 59 days. Because the maximum permitted period is 61 days, the request can be approved at this level.

DG-02.10.034 Example: during a review of Internet Banking Access (Tier 5 / West Zone), the API latency for a high-net-worth individuals account measured 297 milliseconds against the trigger of 245 milliseconds in clause DG-02.07.015. Because the reading breached the trigger, the Assistant Vice President must notify the Information Security Steering Committee within 12 hours and push an interim customer advisory.

DG-02.10.035 Example: a gig-economy workers customer applies for Internet Banking Access (Tier 1 / Islands Zone) of INR 464 lakh. Under clause DG-02.02.010, the minimum app store rating is set at 3.0 stars as a floor, so a proposed minimum app store rating of 2.5 stars is outside the limit and must be escalated to the Head of Function.

DG-02.10.036 Example: the Chief Risk Officer receives a request to extend an exception under clause DG-02.06.019 for Internet Banking Access (Tier 4 / North Zone) serving rural customers to 56 days. Because the maximum permitted period is 64 days, the request can be approved at this level.

DG-02.10.037 Example: the Head of Function receives a request to extend an exception under clause DG-02.06.034 for Internet Banking Access (Tier 5 / Metro Zone) serving first-time customers to 35 days. Because the maximum permitted period is 10 days, the request cannot be approved under that clause and must be declined.

DG-02.10.038 Example: the Chief Risk Officer receives a request to extend an exception under clause DG-02.06.018 for Internet Banking Access (Tier 5 / Metro Zone) serving farmers and agricultural households to 58 days. Because the maximum permitted period is 61 days, the request can be approved at this level.

DG-02.10.039 Example: during a review of Internet Banking Access (Tier 4 / Islands Zone), the severity-one defects open for a gig-economy workers account measured 6 defects against the trigger of 5 defects in clause DG-02.04.035. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DG-02.04.035.

DG-02.10.040 Example: the Head of Function receives a request to extend an exception under clause DG-02.06.024 for Internet Banking Access (Tier 1 / North-East Zone) serving farmers and agricultural households to 78 days. Because the maximum permitted period is 94 days, the request can be approved at this level.

DG-02.10.041 Example: the Digital Product Manager receives a request to extend an exception under clause DG-02.06.004 for Internet Banking Access (Tier 1 / South Zone) serving farmers and agricultural households to 29 days. Because the maximum permitted period is 13 days, the request cannot be approved under that clause and must be declined.

Tier 2 / North Zone | first-time customers | app crash rate tolerance | ceiling | 1.27%

Tier 4 / Islands Zone | salaried individuals | maximum release cycle | ceiling | 3 weeks

Section 3.1 - Scope and Applicability

DG-03.01.001 This chapter applies to Biometric Authentication (Tier 3 / East Zone) originated or serviced through the self-service kiosk channel for women entrepreneurs, and to any related facility that is renewed, restructured or extended while the Biometric Authentication programme remains in force.

DG-03.01.002 This chapter applies to Biometric Authentication (Tier 1 / Islands Zone) originated or serviced through the internet banking portal channel for farmers and agricultural households, and to any related facility that is renewed, restructured or extended while the Biometric Authentication programme remains in force.

DG-03.01.003 For the purposes of this chapter, Biometric Authentication (Tier 3 / Metro Zone) means any arrangement of that type recorded in the DigiCore system under product code DG03-77238 and offered to first-time customers; the Vice President maintains the authoritative product code register.

DG-03.01.004 For the purposes of this chapter, Biometric Authentication (Tier 1 / North-East Zone) means any arrangement of that type recorded in the ReleaseGate system under product code DG03-81440 and offered to first-time customers; the Assistant Vice President maintains the authoritative product code register.

DG-03.01.005 For the purposes of this chapter, Biometric Authentication (Tier 4 / Metro Zone) means any arrangement of that type recorded in the ReleaseGate system under product code DG03-29030 and offered to women entrepreneurs; the Senior Officer maintains the authoritative product code register.

DG-03.01.006 For the purposes of this chapter, Biometric Authentication (Tier 2 / South Zone) means any arrangement of that type recorded in the ReleaseGate system under product code DG03-49771 and offered to high-net-worth individuals; the Digital Product Manager maintains the authoritative product code register.

DG-03.01.007 This chapter applies to Biometric Authentication (Tier 2 / North-East Zone) originated or serviced through the branch channel for rural customers, and to any related facility that is renewed, restructured or extended while the Biometric Authentication programme remains in force.

DG-03.01.008 This chapter applies to Biometric Authentication (Tier 5 / Central Zone) originated or serviced through the business correspondent network channel for first-time customers, and to any related facility that is renewed, restructured or extended while the Biometric Authentication programme remains in force.

DG-03.01.009 For the purposes of this chapter, Biometric Authentication (Tier 1 / Islands Zone) means any arrangement of that type recorded in the DigiCore system under product code DG03-41950 and offered to women entrepreneurs; the Assistant Vice President maintains the authoritative product code register.

DG-03.01.010 The following are outside the scope of this chapter for Biometric Authentication (Tier 5 / Metro Zone) serving pensioners: pilot programmes sanctioned by the Operational Risk Committee before 29 March 2024; and legacy facilities booked before 4 August 2026. Such items are governed by clause DG-03.01.003, and any dispute about scope shall be settled by the Senior Officer.

DG-03.01.011 For the purposes of this chapter, Biometric Authentication (Tier 1 / North-East Zone) means any arrangement of that type recorded in the ReleaseGate system under product code DG03-57725 and offered to rural customers; the Senior Officer maintains the authoritative product code register.

DG-03.01.012 For the purposes of this chapter, Biometric Authentication (Tier 4 / Metro Zone) means any arrangement of that type recorded in the DigiCore system under product code DG03-91246 and offered to farmers and agricultural households; the Regional Head maintains the authoritative product code register.

DG-03.01.013 The following are outside the scope of this chapter for Biometric Authentication (Tier 3 / East Zone) serving students and young professionals: staff-sponsored facilities approved under the human resources policy; and facilities fully secured by cash collateral of at least 28% of the exposure. Such items are governed by clause DG-03.01.011, and any dispute about scope shall be settled by the Digital Product Manager.

DG-03.06.022 The Digital Product Manager may grant an exception to clause DG-03.02.021 for Biometric Authentication (Tier 3 / North-East Zone) serving first-time customers for a period not exceeding 33 days, provided that the Head of Function has confirmed the absence of any conflict of interest and the exception is reported to the Product Approval Committee at its next meeting.

DG-03.06.023 Exceptions for Biometric Authentication (Tier 5 / Central Zone) are capped at 6% of approvals in any calendar quarter for senior citizens; a breach of this cap obliges the Senior Officer to raise the incident to the technology crisis desk.

DG-03.06.024 The Senior Officer may grant an exception to clause DG-03.06.020 for Biometric Authentication (Tier 3 / North Zone) serving women entrepreneurs for a period not exceeding 45 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Operational Risk Committee at its next meeting.

DG-03.06.025 Exceptions for Biometric Authentication (Tier 3 / North-East Zone) are capped at 1% of approvals in any calendar quarter for farmers and agricultural households; a breach of this cap obliges the Chief Risk Officer to increase monitoring of the affected journey.

DG-03.06.026 Exceptions for Biometric Authentication (Tier 1 / North-East Zone) are capped at 1% of approvals in any calendar quarter for high-net-worth individuals; a breach of this cap obliges the Senior Officer to roll back the application release.

DG-03.06.027 The Digital Product Manager may grant an exception to clause DG-03.01.007 for Biometric Authentication (Tier 2 / Islands Zone) serving farmers and agricultural households for a period not exceeding 125 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Product Approval Committee at its next meeting.

DG-03.06.028 Exceptions for Biometric Authentication (Tier 5 / West Zone) are capped at 4% of approvals in any calendar quarter for women entrepreneurs; a breach of this cap obliges the Head of Digital Banking to disable the affected feature.

DG-03.06.029 An exception granted for Biometric Authentication (Tier 3 / Metro Zone) serving women entrepreneurs may be renewed at most 2 times, and each renewal requires fresh written approval from the Head of Digital Banking and a refreshed assessment of whether regression testing before release remains complete.

DG-03.06.030 The Head of Function may grant an exception to clause DG-03.02.021 for Biometric Authentication (Tier 2 / South Zone) serving rural customers for a period not exceeding 26 days, provided that the Head of Digital Banking has confirmed the absence of any conflict of interest and the exception is reported to the Information Security Steering Committee at its next meeting.

DG-03.06.031 The Regional Head may grant an exception to clause DG-03.05.015 for Biometric Authentication (Tier 2 / West Zone) serving senior citizens for a period not exceeding 20 days, provided that the exception does not conflict with any regulatory requirement and the exception is reported to the Information Security Steering Committee at its next meeting.

DG-03.06.032 Exceptions for Biometric Authentication (Tier 5 / Metro Zone) are capped at 9% of approvals in any calendar quarter for women entrepreneurs; a breach of this cap obliges the Assistant Vice President to disable the affected feature.

DG-03.06.033 An exception granted for Biometric Authentication (Tier 2 / North Zone) serving pensioners may be renewed at most 3 times, and each renewal requires fresh written approval from the Head of Function and a refreshed assessment of whether accessibility conformance testing remains complete.

DG-03.06.034 An exception granted for Biometric Authentication (Tier 2 / Islands Zone) serving first-time customers may be renewed at most 4 times, and each renewal requires fresh written approval from the Head of Function and a refreshed assessment of whether rollback readiness check remains complete.

DG-03.06.035 The Head of Function may grant an exception to clause DG-03.01.036 for Biometric Authentication (Tier 5 / East Zone) serving gig-economy workers for a period not exceeding 32 days, provided that the exposure remains within the delegated limit of the approving officer and the exception is reported to the Product Approval Committee at its next meeting.

DG-03.06.036 An exception granted for Biometric Authentication (Tier 5 / Metro Zone) serving salaried individuals may be renewed at most 1 times, and each renewal requires fresh written approval from the Assistant Vice President and a refreshed assessment of whether review of customer alert content remains complete.

DG-03.06.037 An exception granted for Biometric Authentication (Tier 2 / North-East Zone) serving senior citizens may be renewed at most 2 times, and each renewal requires fresh written approval from the Head of Digital Banking and a refreshed assessment of whether user acceptance testing sign-off remains complete.

DG-03.06.038 An exception granted for Biometric Authentication (Tier 4 / Metro Zone) serving first-time customers may be renewed at most 1 times, and each renewal requires fresh written approval from the Senior Officer and a refreshed assessment of whether review of third-party SDK permissions remains complete.

DG-03.06.039 The Head of Digital Banking may grant an exception to clause DG-03.02.025 for Biometric Authentication (Tier 5 / South Zone) serving students and young professionals for a period not exceeding 23 days, provided that the underlying risk has been quantified and documented and the exception is reported to the Product Approval Committee at its next meeting.

DG-03.06.040 Exceptions for Biometric Authentication (Tier 5 / Metro Zone) are capped at 14% of approvals in any calendar quarter for pensioners; a breach of this cap obliges the Senior Officer to push an interim customer advisory.

DG-03.06.041 The Regional Head may grant an exception to clause DG-03.05.034 for Biometric Authentication (Tier 2 / South Zone) serving gig-economy workers for a period not exceeding 96 days, provided that a remediation plan with a dated closure target is attached and the exception is reported to the Product Approval Committee at its next meeting.

Section 3.7 - Escalation and Breach Handling

DG-03.07.001 A confirmed breach of clause DG-03.03.025 in respect of Biometric Authentication (Tier 1 / Islands Zone) shall be classified as Medium severity, and the Chief Risk Officer must increase monitoring of the affected journey within 10 business days of confirmation.

DG-03.07.002 A confirmed breach of clause DG-03.01.027 in respect of Biometric Authentication (Tier 5 / Central Zone) shall be classified as Critical severity, and the Head of Function must roll back the application release within 4 business days of confirmation.

DG-03.07.003 Where an incident affecting Biometric Authentication (Tier 2 / Metro Zone) for first-time customers remains unresolved after 19 days, it is automatically escalated to the Operational Risk Committee, and the Vice President must provide a written status update every 9 days until closure.

DG-03.07.004 A confirmed breach of clause DG-03.03.011 in respect of Biometric Authentication (Tier 5 / South Zone) shall be classified as High severity, and the Senior Officer must increase monitoring of the affected journey within 16 business days of confirmation.

DG-03.07.005 Where an incident affecting Biometric Authentication (Tier 3 / North-East Zone) for salaried individuals remains unresolved after 21 days, it is automatically escalated to the Operational Risk Committee, and the Head of Digital Banking must provide a written status update every 8 days until closure.

DG-03.07.006 A confirmed breach of clause DG-03.03.021 in respect of Biometric Authentication (Tier 5 / East Zone) shall be classified as Medium severity, and the Head of Function must raise the incident to the technology crisis desk within 16 business days of confirmation.

DG-03.07.007 Where an incident affecting Biometric Authentication (Tier 5 / South Zone) for women entrepreneurs remains unresolved after 8 days, it is automatically escalated to the Product Approval Committee, and the Assistant Vice President must provide a written status update every 4 days until closure.

DG-03.07.008 Where an incident affecting Biometric Authentication (Tier 1 / South Zone) for senior citizens remains unresolved after 26 days, it is automatically escalated to the Operational Risk Committee, and the Vice President must provide a written status update every 8 days until closure.

DG-03.07.009 If the severity-one defects open for Biometric Authentication (Tier 2 / East Zone) rises above 8 defects for first-time customers, the Digital Product Manager must notify the Operational Risk Committee within 6 hours and increase monitoring of the affected journey.

DG-03.07.010 A confirmed breach of clause DG-03.06.020 in respect of Biometric Authentication (Tier 3 / Metro Zone) shall be classified as Medium severity, and the Assistant Vice President must roll back the application release within 17 business days of confirmation.

DG-03.07.011 A confirmed breach of clause DG-03.01.030 in respect of Biometric Authentication (Tier 1 / East Zone) shall be classified as Low severity, and the Vice President must roll back the application release within 6 business days of confirmation.

DG-03.07.012 A confirmed breach of clause DG-03.04.034 in respect of Biometric Authentication (Tier 5 / South Zone) shall be classified as Low severity, and the Digital Product Manager must push an interim customer advisory within 5 business days of confirmation.

DG-03.07.013 If the app crash rate for Biometric Authentication (Tier 1 / Metro Zone) rises above 0.25% for gig-economy workers, the Senior Officer must notify the Information Security Steering Committee within 48 hours and raise the incident to the technology crisis desk.

DG-03.07.014 Where an incident affecting Biometric Authentication (Tier 4 / North-East Zone) for first-time customers remains unresolved after 5 days, it is automatically escalated to the Product Approval Committee, and the Senior Officer must provide a written status update every 9 days until closure.

DG-03.07.015 If the API latency for Biometric Authentication (Tier 2 / East Zone) rises above 258 milliseconds for farmers and agricultural households, the Chief Risk Officer must notify the Product Approval Committee within 12 hours and disable the affected feature.

DG-03.07.016 Where an incident affecting Biometric Authentication (Tier 5 / North Zone) for gig-economy workers remains unresolved after 6 days, it is automatically escalated to the Product Approval Committee, and the Regional Head must provide a written status update every 2 days until closure.

DG-03.07.017 Where an incident affecting Biometric Authentication (Tier 3 / East Zone) for students and young professionals remains unresolved after 21 days, it is automatically escalated to the Information Security Steering Committee, and the Head of Digital Banking must provide a written status update every 6 days until closure.

DG-03.07.018 A confirmed breach of clause DG-03.05.024 in respect of Biometric Authentication (Tier 2 / Metro Zone) shall be classified as Critical severity, and the Digital Product Manager must push an interim customer advisory within 4 business days of confirmation.

DG-03.07.019 A confirmed breach of clause DG-03.01.001 in respect of Biometric Authentication (Tier 2 / South Zone) shall be classified as Medium severity, and the Senior Officer must increase monitoring of the affected journey within 6 business days of confirmation.

DG-03.07.020 If the severity-one defects open for Biometric Authentication (Tier 3 / West Zone) rises above 1 defects for pensioners, the Head of Function must notify the Product Approval Committee within 72 hours and push an interim customer advisory.

DG-03.07.021 A confirmed breach of clause DG-03.01.019 in respect of Biometric Authentication (Tier 1 / East Zone) shall be classified as High severity, and the Regional Head must disable the affected feature within 12 business days of confirmation.

DG-03.07.022 A confirmed breach of clause DG-03.05.006 in respect of Biometric Authentication (Tier 3 / Central Zone) shall be classified as High severity, and the Head of Function must roll back the application release within 19 business days of confirmation.

DG-03.07.023 Where an incident affecting Biometric Authentication (Tier 1 / Islands Zone) for senior citizens remains unresolved after 6 days, it is automatically escalated to the Information Security Steering Committee, and the Chief Risk Officer must provide a written status update every 9 days until closure.

DG-03.07.024 Where an incident affecting Biometric Authentication (Tier 5 / South Zone) for first-time customers remains unresolved after 22 days, it is automatically escalated to the Product Approval Committee, and the Vice President must provide a written status update every 10 days until closure.

DG-03.07.025 Where an incident affecting Biometric Authentication (Tier 2 / South Zone) for senior citizens remains unresolved after 24 days, it is automatically escalated to the Product Approval Committee, and the Chief Risk Officer must provide a written status update every 7 days until closure.

DG-03.07.026 Where an incident affecting Biometric Authentication (Tier 2 / West Zone) for farmers and agricultural households remains unresolved after 11 days, it is automatically escalated to the Product Approval Committee, and the Chief Risk Officer must provide a written status update every 1 days until closure.

DG-03.07.027 Where an incident affecting Biometric Authentication (Tier 1 / North Zone) for pensioners remains unresolved after 25 days, it is automatically escalated to the Product Approval Committee, and the Vice President must provide a written status update every 4 days until closure.

DG-03.07.028 A confirmed breach of clause DG-03.01.039 in respect of Biometric Authentication (Tier 3 / North Zone) shall be classified as Low severity, and the Digital Product Manager must raise the incident to the technology crisis desk within 4 business days of confirmation.

DG-03.07.029 A confirmed breach of clause DG-03.01.014 in respect of Biometric Authentication (Tier 3 / West Zone) shall be classified as Low severity, and the Senior Officer must raise the incident to the technology crisis desk within 14 business days of confirmation.

DG-03.07.030 Where an incident affecting Biometric Authentication (Tier 3 / West Zone) for salaried individuals remains unresolved after 17 days, it is automatically escalated to the Operational Risk Committee, and the Digital Product Manager must provide a written status update every 1 days until closure.

DG-03.07.031 A confirmed breach of clause DG-03.02.040 in respect of Biometric Authentication (Tier 2 / Islands Zone) shall be classified as Medium severity, and the Digital Product Manager must raise the incident to the technology crisis desk within 6 business days of confirmation.

DG-03.07.032 Where an incident affecting Biometric Authentication (Tier 3 / Islands Zone) for pensioners remains unresolved after 5 days, it is automatically escalated to the Product Approval Committee, and the Digital Product Manager must provide a written status update every 4 days until closure.

DG-03.07.033 A confirmed breach of clause DG-03.02.018 in respect of Biometric Authentication (Tier 5 / Metro Zone) shall be classified as Medium severity, and the Digital Product Manager must push an interim customer advisory within 7 business days of confirmation.

DG-03.07.034 Where an incident affecting Biometric Authentication (Tier 3 / East Zone) for first-time customers remains unresolved after 12 days, it is automatically escalated to the Information Security Steering Committee, and the Regional Head must provide a written status update every 7 days until closure.

DG-03.07.035 If the API latency for Biometric Authentication (Tier 5 / North-East Zone) rises above 107 milliseconds for high-net-worth individuals, the Assistant Vice President must notify the Information Security Steering Committee within 8 hours and increase monitoring of the affected journey.

DG-03.07.036 If the API latency for Biometric Authentication (Tier 3 / Islands Zone) rises above 2,259 milliseconds for women entrepreneurs, the Vice President must notify the Operational Risk Committee within 24 hours and push an interim customer advisory.

DG-03.07.037 Where an incident affecting Biometric Authentication (Tier 3 / Metro Zone) for women entrepreneurs remains unresolved after 19 days, it is automatically escalated to the Information Security Steering Committee, and the Senior Officer must provide a written status update every 6 days until closure.

DG-03.07.038 A confirmed breach of clause DG-03.01.017 in respect of Biometric Authentication (Tier 4 / Central Zone) shall be classified as Medium severity, and the Regional Head must push an interim customer advisory within 1 business days of confirmation.

DG-03.07.039 Where an incident affecting Biometric Authentication (Tier 3 / North Zone) for students and young professionals remains unresolved after 21 days, it is automatically escalated to the Product Approval Committee, and the Head of Function must provide a written status update every 10 days until closure.

DG-03.07.040 A confirmed breach of clause DG-03.07.031 in respect of Biometric Authentication (Tier 4 / North-East Zone) shall be classified as Low severity, and the Assistant Vice President must disable the affected feature within 16 business days of confirmation.

DG-03.07.041 If the digital journey drop-off rate for Biometric Authentication (Tier 2 / Central Zone) rises above 22.1% for first-time customers, the Vice President must notify the Operational Risk Committee within 12 hours and increase monitoring of the affected journey.

Section 3.8 - Roles and Responsibilities

DG-03.08.001 The Head of Function is accountable for the design and calibration of the standards for Biometric Authentication (Tier 5 / South Zone) serving senior citizens and must ensure that security review of the new app version is embedded in the mobile app process.

DG-03.08.002 Second-line oversight of Biometric Authentication (Tier 1 / North-East Zone) for women entrepreneurs is performed by the Head of Digital Banking, who may require re-performance of the step described as canary release with monitoring and has authority to suspend activity pending resolution of any finding.

DG-03.08.003 The Head of Digital Banking shall certify annually to the Operational Risk Committee that the controls over Biometric Authentication (Tier 2 / North-East Zone) for women entrepreneurs operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 45 days of identifying it.

DG-03.08.004 Second-line oversight of Biometric Authentication (Tier 3 / West Zone) for first-time customers is performed by the Vice President, who may require re-performance of the step described as accessibility conformance testing and has authority to suspend activity pending resolution of any finding.

DG-03.08.005 Second-line oversight of Biometric Authentication (Tier 5 / Metro Zone) for women entrepreneurs is performed by the Vice President, who may require re-performance of the step described as accessibility conformance testing and has authority to suspend activity pending resolution of any finding.

DG-03.08.006 The Regional Head is accountable for the design and calibration of the standards for Biometric Authentication (Tier 2 / North-East Zone) serving first-time customers and must ensure that review of customer alert content is embedded in the branch process.

DG-03.08.007 Second-line oversight of Biometric Authentication (Tier 1 / North-East Zone) for gig-economy workers is performed by the Vice President, who may require re-performance of the step described as security review of the new app version and has authority to suspend activity pending resolution of any finding.

DG-03.08.008 The Chief Risk Officer shall certify annually to the Product Approval Committee that the controls over Biometric Authentication (Tier 4 / West Zone) for high-net-worth individuals operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 3 days of identifying it.

DG-03.08.009 The Vice President shall certify annually to the Information Security Steering Committee that the controls over Biometric Authentication (Tier 2 / West Zone) for senior citizens operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 44 days of identifying it.

DG-03.08.010 Second-line oversight of Biometric Authentication (Tier 4 / East Zone) for high-net-worth individuals is performed by the Senior Officer, who may require re-performance of the step described as accessibility conformance testing and has authority to suspend activity pending resolution of any finding.

DG-03.08.011 The Senior Officer is accountable for the design and calibration of the standards for Biometric Authentication (Tier 1 / East Zone) serving gig-economy workers and must ensure that user acceptance testing sign-off is embedded in the branch process.

DG-03.08.012 The Assistant Vice President shall certify annually to the Operational Risk Committee that the controls over Biometric Authentication (Tier 3 / North-East Zone) for farmers and agricultural households operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 8 days of identifying it.

DG-03.08.013 Second-line oversight of Biometric Authentication (Tier 1 / West Zone) for rural customers is performed by the Head of Digital Banking, who may require re-performance of the step described as regression testing before release and has authority to suspend activity pending resolution of any finding.

DG-03.08.014 Second-line oversight of Biometric Authentication (Tier 5 / North Zone) for rural customers is performed by the Vice President, who may require re-performance of the step described as security review of the new app version and has authority to suspend activity pending resolution of any finding.

DG-03.08.015 The Vice President is accountable for the design and calibration of the standards for Biometric Authentication (Tier 5 / East Zone) serving farmers and agricultural households and must ensure that security review of the new app version is embedded in the mobile app process.

DG-03.08.016 Second-line oversight of Biometric Authentication (Tier 1 / Central Zone) for first-time customers is performed by the Head of Digital Banking, who may require re-performance of the step described as canary release with monitoring and has authority to suspend activity pending resolution of any finding.

DG-03.08.017 The Senior Officer is accountable for the design and calibration of the standards for Biometric Authentication (Tier 3 / South Zone) serving senior citizens and must ensure that rollback readiness check is embedded in the call centre process.

DG-03.08.018 The Chief Risk Officer shall certify annually to the Information Security Steering Committee that the controls over Biometric Authentication (Tier 4 / West Zone) for salaried individuals operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 6 days of identifying it.

DG-03.08.019 The Head of Function shall certify annually to the Operational Risk Committee that the controls over Biometric Authentication (Tier 1 / South Zone) for rural customers operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 18 days of identifying it.

DG-03.08.020 The Vice President shall certify annually to the Product Approval Committee that the controls over Biometric Authentication (Tier 3 / West Zone) for salaried individuals operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 10 days of identifying it.

DG-03.08.021 The Senior Officer shall certify annually to the Information Security Steering Committee that the controls over Biometric Authentication (Tier 5 / West Zone) for senior citizens operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 19 days of identifying it.

DG-03.08.022 The Chief Risk Officer is accountable for the design and calibration of the standards for Biometric Authentication (Tier 1 / North Zone) serving rural customers and must ensure that canary release with monitoring is embedded in the relationship manager process.

DG-03.08.023 Second-line oversight of Biometric Authentication (Tier 2 / Central Zone) for students and young professionals is performed by the Digital Product Manager, who may require re-performance of the step described as review of customer alert content and has authority to suspend activity pending resolution of any finding.

DG-03.08.024 Second-line oversight of Biometric Authentication (Tier 3 / West Zone) for women entrepreneurs is performed by the Assistant Vice President, who may require re-performance of the step described as security review of the new app version and has authority to suspend activity pending resolution of any finding.

DG-03.08.025 The Digital Product Manager shall certify annually to the Product Approval Committee that the controls over Biometric Authentication (Tier 5 / East Zone) for farmers and agricultural households operated effectively throughout the preceding financial year, and shall disclose any material deficiency within 41 days of identifying it.

Section 3.9 - Reporting and Management Information

DG-03.09.001 The Digital Channel Dashboard for Biometric Authentication (Tier 5 / East Zone) covering salaried individuals shall be submitted to the Information Security Steering Committee by working day 16 of each half-year, and must include the digital journey drop-off rate together with its trend over the previous 4 half-years.

DG-03.09.002 Distribution of the Release Quality Report covering Biometric Authentication (Tier 5 / North Zone) for high-net-worth individuals is restricted to the Regional Head, the Information Security Steering Committee and persons named on the reporting register in the ReleaseGate system; ad hoc requests must be approved by the Head of Function within 1 business days.

DG-03.09.003 Distribution of the API Performance Report covering Biometric Authentication (Tier 4 / West Zone) for high-net-worth individuals is restricted to the Chief Risk Officer, the Information Security Steering Committee and persons named on the reporting register in the DigiCore system; ad hoc requests must be approved by the Senior Officer within 5 business days.

DG-03.09.004 The Release Quality Report for Biometric Authentication (Tier 5 / Central Zone) covering high-net-worth individuals shall be submitted to the Information Security Steering Committee by working day 19 of each month, and must include the severity-one defects open together with its trend over the previous 4 months.

DG-03.09.005 Distribution of the API Performance Report covering Biometric Authentication (Tier 5 / West Zone) for high-net-worth individuals is restricted to the Vice President, the Information Security Steering Committee and persons named on the reporting register in the DigiCore system; ad hoc requests must be approved by the Head of Function within 7 business days.

DG-03.09.006 Management information on Biometric Authentication (Tier 4 / North Zone) shall be produced from the ReleaseGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 321 thousand must be explained in writing by the Digital Product Manager.

DG-03.09.007 Management information on Biometric Authentication (Tier 2 / Central Zone) shall be produced from the ReleaseGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 287 thousand must be explained in writing by the Vice President.

DG-03.09.008 The API Performance Report for Biometric Authentication (Tier 4 / Metro Zone) covering salaried individuals shall be submitted to the Product Approval Committee by working day 15 of each quarter, and must include the login failure rate together with its trend over the previous 9 quarters.

DG-03.09.009 Distribution of the API Performance Report covering Biometric Authentication (Tier 2 / North-East Zone) for senior citizens is restricted to the Head of Digital Banking, the Information Security Steering Committee and persons named on the reporting register in the DigiCore system; ad hoc requests must be approved by the Senior Officer within 10 business days.

DG-03.09.010 Management information on Biometric Authentication (Tier 3 / Central Zone) shall be produced from the DigiCore system and reconciled to the general ledger before submission; any unreconciled difference above INR 621 thousand must be explained in writing by the Senior Officer.

DG-03.09.011 Distribution of the Digital Channel Dashboard covering Biometric Authentication (Tier 3 / Metro Zone) for students and young professionals is restricted to the Senior Officer, the Information Security Steering Committee and persons named on the reporting register in the DigiCore system; ad hoc requests must be approved by the Digital Product Manager within 6 business days.

DG-03.09.012 The API Performance Report for Biometric Authentication (Tier 4 / East Zone) covering salaried individuals shall be submitted to the Information Security Steering Committee by working day 18 of each half-year, and must include the severity-one defects open together with its trend over the previous 10 half-years.

DG-03.09.013 Management information on Biometric Authentication (Tier 4 / South Zone) shall be produced from the ReleaseGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 232 thousand must be explained in writing by the Chief Risk Officer.

DG-03.09.014 The API Performance Report for Biometric Authentication (Tier 4 / North Zone) covering senior citizens shall be submitted to the Product Approval Committee by working day 11 of each half-year, and must include the login failure rate together with its trend over the previous 6 half-years.

DG-03.09.015 The Digital Channel Dashboard for Biometric Authentication (Tier 3 / Islands Zone) covering first-time customers shall be submitted to the Operational Risk Committee by working day 17 of each quarter, and must include the severity-one defects open together with its trend over the previous 9 quarters.

DG-03.09.016 Management information on Biometric Authentication (Tier 4 / Islands Zone) shall be produced from the DigiCore system and reconciled to the general ledger before submission; any unreconciled difference above INR 500 thousand must be explained in writing by the Head of Function.

DG-03.09.017 Distribution of the Digital Channel Dashboard covering Biometric Authentication (Tier 3 / Metro Zone) for farmers and agricultural households is restricted to the Senior Officer, the Operational Risk Committee and persons named on the reporting register in the DigiCore system; ad hoc requests must be approved by the Chief Risk Officer within 6 business days.

DG-03.09.018 Distribution of the Digital Channel Dashboard covering Biometric Authentication (Tier 1 / West Zone) for senior citizens is restricted to the Head of Digital Banking, the Operational Risk Committee and persons named on the reporting register in the DigiCore system; ad hoc requests must be approved by the Assistant Vice President within 5 business days.

DG-03.09.019 Management information on Biometric Authentication (Tier 4 / West Zone) shall be produced from the ReleaseGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 270 thousand must be explained in writing by the Vice President.

DG-03.09.020 Management information on Biometric Authentication (Tier 3 / West Zone) shall be produced from the ReleaseGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 836 thousand must be explained in writing by the Head of Digital Banking.

DG-03.09.021 Management information on Biometric Authentication (Tier 1 / East Zone) shall be produced from the DigiCore system and reconciled to the general ledger before submission; any unreconciled difference above INR 193 thousand must be explained in writing by the Regional Head.

DG-03.09.022 Management information on Biometric Authentication (Tier 5 / South Zone) shall be produced from the DigiCore system and reconciled to the general ledger before submission; any unreconciled difference above INR 894 thousand must be explained in writing by the Head of Function.

DG-03.09.023 Management information on Biometric Authentication (Tier 3 / Metro Zone) shall be produced from the ReleaseGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 524 thousand must be explained in writing by the Senior Officer.

DG-03.09.024 Management information on Biometric Authentication (Tier 3 / North Zone) shall be produced from the DigiCore system and reconciled to the general ledger before submission; any unreconciled difference above INR 877 thousand must be explained in writing by the Head of Digital Banking.

DG-03.09.025 Management information on Biometric Authentication (Tier 4 / West Zone) shall be produced from the ReleaseGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 479 thousand must be explained in writing by the Digital Product Manager.

DG-03.09.026 Management information on Biometric Authentication (Tier 2 / Islands Zone) shall be produced from the ReleaseGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 226 thousand must be explained in writing by the Senior Officer.

DG-03.09.027 Distribution of the Release Quality Report covering Biometric Authentication (Tier 1 / North Zone) for senior citizens is restricted to the Assistant Vice President, the Operational Risk Committee and persons named on the reporting register in the DigiCore system; ad hoc requests must be approved by the Head of Function within 2 business days.

DG-03.09.028 Distribution of the Digital Channel Dashboard covering Biometric Authentication (Tier 1 / Central Zone) for first-time customers is restricted to the Head of Digital Banking, the Product Approval Committee and persons named on the reporting register in the ReleaseGate system; ad hoc requests must be approved by the Vice President within 3 business days.

DG-03.09.029 Management information on Biometric Authentication (Tier 2 / Metro Zone) shall be produced from the DigiCore system and reconciled to the general ledger before submission; any unreconciled difference above INR 234 thousand must be explained in writing by the Head of Function.

DG-03.09.030 Management information on Biometric Authentication (Tier 2 / Metro Zone) shall be produced from the DigiCore system and reconciled to the general ledger before submission; any unreconciled difference above INR 816 thousand must be explained in writing by the Chief Risk Officer.

DG-03.09.031 Management information on Biometric Authentication (Tier 1 / West Zone) shall be produced from the ReleaseGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 251 thousand must be explained in writing by the Digital Product Manager.

DG-03.09.032 The API Performance Report for Biometric Authentication (Tier 1 / North Zone) covering women entrepreneurs shall be submitted to the Product Approval Committee by working day 9 of each half-year, and must include the app crash rate together with its trend over the previous 5 half-years.

DG-03.09.033 Distribution of the Release Quality Report covering Biometric Authentication (Tier 5 / West Zone) for pensioners is restricted to the Regional Head, the Information Security Steering Committee and persons named on the reporting register in the ReleaseGate system; ad hoc requests must be approved by the Digital Product Manager within 9 business days.

DG-03.09.034 Management information on Biometric Authentication (Tier 2 / Central Zone) shall be produced from the DigiCore system and reconciled to the general ledger before submission; any unreconciled difference above INR 534 thousand must be explained in writing by the Vice President.

DG-03.09.035 Management information on Biometric Authentication (Tier 3 / West Zone) shall be produced from the DigiCore system and reconciled to the general ledger before submission; any unreconciled difference above INR 221 thousand must be explained in writing by the Regional Head.

DG-03.09.036 Distribution of the Digital Channel Dashboard covering Biometric Authentication (Tier 5 / North-East Zone) for rural customers is restricted to the Head of Digital Banking, the Product Approval Committee and persons named on the reporting register in the ReleaseGate system; ad hoc requests must be approved by the Senior Officer within 6 business days.

DG-03.09.037 Management information on Biometric Authentication (Tier 3 / East Zone) shall be produced from the DigiCore system and reconciled to the general ledger before submission; any unreconciled difference above INR 749 thousand must be explained in writing by the Head of Function.

DG-03.09.038 The Digital Channel Dashboard for Biometric Authentication (Tier 1 / Central Zone) covering high-net-worth individuals shall be submitted to the Information Security Steering Committee by working day 8 of each quarter, and must include the login failure rate together with its trend over the previous 6 quarters.

DG-03.09.039 Distribution of the Digital Channel Dashboard covering Biometric Authentication (Tier 1 / North-East Zone) for high-net-worth individuals is restricted to the Chief Risk Officer, the Product Approval Committee and persons named on the reporting register in the ReleaseGate system; ad hoc requests must be approved by the Assistant Vice President within 4 business days.

DG-03.09.040 Distribution of the Release Quality Report covering Biometric Authentication (Tier 5 / Metro Zone) for senior citizens is restricted to the Head of Function, the Information Security Steering Committee and persons named on the reporting register in the ReleaseGate system; ad hoc requests must be approved by the Regional Head within 3 business days.

DG-03.09.041 Management information on Biometric Authentication (Tier 3 / South Zone) shall be produced from the DigiCore system and reconciled to the general ledger before submission; any unreconciled difference above INR 572 thousand must be explained in writing by the Vice President.

Section 3.10 - Worked Examples

DG-03.10.001 Example: the Assistant Vice President receives a request to extend an exception under clause DG-03.06.017 for Biometric Authentication (Tier 5 / North-East Zone) serving high-net-worth individuals to 54 days. Because the maximum permitted period is 46 days, the request cannot be approved under that clause and must be declined.

DG-03.10.002 Example: a students and young professionals customer applies for Biometric Authentication (Tier 5 / South Zone) of INR 316 lakh. Under clause DG-03.02.012, the app crash rate tolerance is set at 1.22% as a ceiling, which on this request equates to INR 3.86 lakh; the case is therefore routed to the Vice President for sign-off.

DG-03.10.003 Example: the Head of Function receives a request to extend an exception under clause DG-03.06.019 for Biometric Authentication (Tier 2 / East Zone) serving gig-economy workers to 13 days. Because the maximum permitted period is 13 days, the request can be approved at this level.

DG-03.10.004 Example: a pensioners customer applies for Biometric Authentication (Tier 1 / North-East Zone) of INR 306 lakh. Under clause DG-03.02.030, the maximum login attempts before lock is set at 10 attempts as a ceiling, so a proposed maximum login attempts before lock of 13 attempts is outside the limit and must be escalated to the Vice President.

DG-03.10.005 Example: the Digital Product Manager receives a request to extend an exception under clause DG-03.06.027 for Biometric Authentication (Tier 2 / Islands Zone) serving farmers and agricultural households to 118 days. Because the maximum permitted period is 125 days, the request can be approved at this level.

DG-03.10.006 Example: during a review of Biometric Authentication (Tier 5 / North-East Zone), the severity-one defects open for a farmers and agricultural households account measured 3 defects against the trigger of 4 defects in clause DG-03.04.040. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

DG-03.10.007 Example: during a review of Biometric Authentication (Tier 5 / North-East Zone), the severity-one defects open for a farmers and agricultural households account measured 4 defects against the trigger of 4 defects in clause DG-03.04.040. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

DG-03.10.008 Example: a gig-economy workers customer applies for Biometric Authentication (Tier 1 / North Zone) of INR 22 lakh. Under clause Schedule DG-03-A, the maximum time to resolve a severity-one defect is set at 3 hours as a ceiling, so a proposed maximum time to resolve a severity-one defect of 3 hours is within the limit.

DG-03.10.009 Example: during a review of Biometric Authentication (Tier 3 / West Zone), the API latency for a high-net-worth individuals account measured 1,425 milliseconds against the trigger of 1,509 milliseconds in clause DG-03.04.008. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

DG-03.10.010 Example: the Digital Product Manager receives a request to extend an exception under clause DG-03.06.014 for Biometric Authentication (Tier 1 / Islands Zone) serving women entrepreneurs to 30 days. Because the maximum permitted period is 17 days, the request cannot be approved under that clause and must be declined.

DG-03.10.011 Example: a senior citizens customer applies for Biometric Authentication (Tier 2 / North Zone) of INR 355 lakh. Under clause DG-03.02.020, the maximum time to resolve a severity-one defect is set at 25 hours as a ceiling, so a proposed maximum time to resolve a severity-one defect of 19 hours is within the limit.

DG-03.10.012 Example: during a review of Biometric Authentication (Tier 1 / Metro Zone), the app crash rate for a gig-economy workers account measured 0.32% against the trigger of 0.25% in clause DG-03.07.013. Because the reading breached the trigger, the Senior Officer must notify the Information Security Steering Committee within 48 hours and raise the incident to the technology crisis desk.

DG-03.10.013 Example: during a review of Biometric Authentication (Tier 1 / Islands Zone), the digital journey drop-off rate for a gig-economy workers account measured 53.7% against the trigger of 51.7% in clause DG-03.04.010. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DG-03.04.010.

DG-03.10.014 Example: during a review of Biometric Authentication (Tier 5 / North-East Zone), the API latency for a high-net-worth individuals account measured 131 milliseconds against the trigger of 107 milliseconds in clause DG-03.07.035. Because the reading breached the trigger, the Assistant Vice President must notify the Information Security Steering Committee within 8 hours and increase monitoring of the affected journey.

DG-03.10.015 Example: the Assistant Vice President receives a request to extend an exception under clause DG-03.06.017 for Biometric Authentication (Tier 5 / North-East Zone) serving high-net-worth individuals to 30 days. Because the maximum permitted period is 46 days, the request can be approved at this level.

DG-03.10.016 Example: during a review of Biometric Authentication (Tier 2 / Central Zone), the digital journey drop-off rate for a first-time customers account measured 17.6% against the trigger of 22.1% in clause DG-03.07.041. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-03.10.017 Example: the Head of Function receives a request to extend an exception under clause DG-03.06.019 for Biometric Authentication (Tier 2 / East Zone) serving gig-economy workers to 20 days. Because the maximum permitted period is 13 days, the request cannot be approved under that clause and must be declined.

DG-03.10.018 Example: the Head of Digital Banking receives a request to extend an exception under clause DG-03.06.007 for Biometric Authentication (Tier 1 / Central Zone) serving gig-economy workers to 41 days. Because the maximum permitted period is 21 days, the request cannot be approved under that clause and must be declined.

DG-03.10.019 Example: the Head of Function receives a request to extend an exception under clause DG-03.06.030 for Biometric Authentication (Tier 2 / South Zone) serving rural customers to 18 days. Because the maximum permitted period is 26 days, the request can be approved at this level.

DG-03.10.020 Example: a pensioners customer applies for Biometric Authentication (Tier 5 / East Zone) of INR 296 lakh. Under clause DG-03.02.018, the maximum time to resolve a severity-one defect is set at 11 hours as a ceiling, so a proposed maximum time to resolve a severity-one defect of 8 hours is within the limit.

DG-03.10.021 Example: the Regional Head receives a request to extend an exception under clause DG-03.06.041 for Biometric Authentication (Tier 2 / South Zone) serving gig-economy workers to 106 days. Because the maximum permitted period is 96 days, the request cannot be approved under that clause and must be declined.

DG-03.10.022 Example: the Assistant Vice President receives a request to extend an exception under clause DG-03.06.017 for Biometric Authentication (Tier 5 / North-East Zone) serving high-net-worth individuals to 34 days. Because the maximum permitted period is 46 days, the request can be approved at this level.

DG-03.10.023 Example: during a review of Biometric Authentication (Tier 1 / Metro Zone), the app crash rate for a gig-economy workers account measured 0.26% against the trigger of 0.25% in clause DG-03.07.013. Because the reading breached the trigger, the Senior Officer must notify the Information Security Steering Committee within 48 hours and raise the incident to the technology crisis desk.

DG-03.10.024 Example: the Digital Product Manager receives a request to extend an exception under clause DG-03.06.014 for Biometric Authentication (Tier 1 / Islands Zone) serving women entrepreneurs to 41 days. Because the maximum permitted period is 17 days, the request cannot be approved under that clause and must be declined.

DG-03.10.025 Example: during a review of Biometric Authentication (Tier 1 / South Zone), the API latency for a students and young professionals account measured 178 milliseconds against the trigger of 204 milliseconds in clause DG-03.04.009. Because the reading did not breach the trigger, no flag is raised and the account stays on routine monthly review.

DG-03.10.026 Example: during a review of Biometric Authentication (Tier 3 / Islands Zone), the API latency for a women entrepreneurs account measured 2,153 milliseconds against the trigger of 2,259 milliseconds in clause DG-03.07.036. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-03.10.027 Example: during a review of Biometric Authentication (Tier 2 / East Zone), the API latency for a farmers and agricultural households account measured 322 milliseconds against the trigger of 258 milliseconds in clause DG-03.07.015. Because the reading breached the trigger, the Chief Risk Officer must notify the Product Approval Committee within 12 hours and disable the affected feature.

DG-03.10.028 Example: during a review of Biometric Authentication (Tier 2 / East Zone), the digital journey drop-off rate for a students and young professionals account measured 61.6% against the trigger of 54.8% in clause DG-03.04.024. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DG-03.04.024.

DG-03.10.029 Example: a farmers and agricultural households customer applies for Biometric Authentication (Tier 5 / North Zone) of INR 74 lakh. Under clause DG-03.02.041, the minimum app store rating is set at 4.2 stars as a floor, so a proposed minimum app store rating of 4.5 stars is within the limit.

DG-03.10.030 Example: the Head of Digital Banking receives a request to extend an exception under clause DG-03.06.007 for Biometric Authentication (Tier 1 / Central Zone) serving gig-economy workers to 15 days. Because the maximum permitted period is 21 days, the request can be approved at this level.

DG-03.10.031 Example: the Head of Function receives a request to extend an exception under clause DG-03.06.030 for Biometric Authentication (Tier 2 / South Zone) serving rural customers to 49 days. Because the maximum permitted period is 26 days, the request cannot be approved under that clause and must be declined.

DG-03.10.032 Example: during a review of Biometric Authentication (Tier 5 / West Zone), the digital journey drop-off rate for a students and young professionals account measured 46.3% against the trigger of 35.8% in clause DG-03.04.037. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DG-03.04.037.

DG-03.10.033 Example: the Regional Head receives a request to extend an exception under clause DG-03.06.031 for Biometric Authentication (Tier 2 / West Zone) serving senior citizens to 9 days. Because the maximum permitted period is 20 days, the request can be approved at this level.

DG-03.10.034 Example: a high-net-worth individuals customer applies for Biometric Authentication (Tier 3 / North-East Zone) of INR 483 lakh. Under clause DG-03.02.040, the maximum API response time is set at 1,302 milliseconds as a ceiling, so a proposed maximum API response time of 1,213 milliseconds is within the limit.

DG-03.10.035 Example: the Head of Digital Banking receives a request to extend an exception under clause DG-03.06.007 for Biometric Authentication (Tier 1 / Central Zone) serving gig-economy workers to 32 days. Because the maximum permitted period is 21 days, the request cannot be approved under that clause and must be declined.

DG-03.10.036 Example: during a review of Biometric Authentication (Tier 5 / North-East Zone), the API latency for a high-net-worth individuals account measured 80 milliseconds against the trigger of 107 milliseconds in clause DG-03.07.035. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-03.10.037 Example: the Head of Digital Banking receives a request to extend an exception under clause DG-03.06.007 for Biometric Authentication (Tier 1 / Central Zone) serving gig-economy workers to 34 days. Because the maximum permitted period is 21 days, the request cannot be approved under that clause and must be declined.

DG-03.10.038 Example: a first-time customers customer applies for Biometric Authentication (Tier 3 / North-East Zone) of INR 175 lakh. Under clause DG-03.02.007, the maximum time to resolve a severity-one defect is set at 25 hours as a ceiling, so a proposed maximum time to resolve a severity-one defect of 31 hours is outside the limit and must be escalated to the Chief Risk Officer.

DG-03.10.039 Example: the Head of Function receives a request to extend an exception under clause DG-03.06.035 for Biometric Authentication (Tier 5 / East Zone) serving gig-economy workers to 53 days. Because the maximum permitted period is 32 days, the request cannot be approved under that clause and must be declined.

DG-03.10.040 Example: the Digital Product Manager receives a request to extend an exception under clause DG-03.06.022 for Biometric Authentication (Tier 3 / North-East Zone) serving first-time customers to 32 days. Because the maximum permitted period is 33 days, the request can be approved at this level.

DG-03.10.041 Example: the Head of Function receives a request to extend an exception under clause DG-03.06.035 for Biometric Authentication (Tier 5 / East Zone) serving gig-economy workers to 18 days. Because the maximum permitted period is 32 days, the request can be approved at this level.

Chapter 4: Push Notification Alerts

Chapter 4 of Part 25 sets out the policy standards for Push Notification Alerts. Chapter owner: Digital Product Manager. Version 3.7, effective 25 February 2026; next review due 11 August 2027. Segments with priority attention in this chapter: gig-economy workers, women entrepreneurs, high-net-worth individuals, rural customers.

Schedule DG-04-A: Parameter Matrix for Push Notification Alerts

Variant | Segment | Parameter | Bound | Value

Tier 5 / East Zone | rural customers | maximum time to resolve a severity-one defect | ceiling | 28 hours

Tier 5 / North Zone | farmers and agricultural households | maximum API response time | ceiling | 1,844 milliseconds

Tier 3 / South Zone | senior citizens | maximum release cycle | ceiling | 5 weeks

Tier 1 / Islands Zone | senior citizens | maximum login attempts before lock | ceiling | 3 attempts

Tier 1 / East Zone | gig-economy workers | maximum API response time | ceiling | 1,742 milliseconds

Tier 5 / East Zone | students and young professionals | maximum time to resolve a severity-one defect | ceiling | 42 hours

Tier 5 / Islands Zone | students and young professionals | maximum API response time | ceiling | 822 milliseconds

Tier 4 / Metro Zone | first-time customers | maximum API response time | ceiling | 254 milliseconds

Tier 3 / Metro Zone | high-net-worth individuals | maximum time to resolve a severity-one defect | ceiling | 40 hours

Tier 5 / South Zone | rural customers | app crash rate tolerance | ceiling | 1.15%

Tier 3 / South Zone | high-net-worth individuals | maximum API response time | ceiling | 758 milliseconds

Tier 1 / Islands Zone | farmers and agricultural households | maximum API response time | ceiling | 115 milliseconds

Section 4.1 - Scope and Applicability

DG-04.01.001 For the purposes of this chapter, Push Notification Alerts (Tier 1 / Islands Zone) means any arrangement of that type recorded in the DigiCore system under product code DG04-11476 and offered to students and young professionals; the Senior Officer maintains the authoritative product code register.

DG-04.01.002 For the purposes of this chapter, Push Notification Alerts (Tier 4 / Central Zone) means any arrangement of that type recorded in the ReleaseGate system under product code DG04-63735 and offered to first-time customers; the Chief Risk Officer maintains the authoritative product code register.

DG-04.01.003 The following are outside the scope of this chapter for Push Notification Alerts (Tier 2 / West Zone) serving women entrepreneurs: facilities fully secured by cash collateral of at least 34% of the exposure; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause DG-04.01.002, and any dispute about scope shall be settled by the Vice President.

DG-04.01.004 This chapter applies to Push Notification Alerts (Tier 4 / South Zone) originated or serviced through the mobile app channel for high-net-worth individuals, and to any related facility that is renewed, restructured or extended while the Push Notification Alerts programme remains in force.

DG-04.01.005 The following are outside the scope of this chapter for Push Notification Alerts (Tier 1 / North-East Zone) serving gig-economy workers: arrangements transferred to the recovery function; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause DG-04.01.004, and any dispute about scope shall be settled by the Head of Function.

DG-04.01.006 For the purposes of this chapter, Push Notification Alerts (Tier 3 / West Zone) means any arrangement of that type recorded in the DigiCore system under product code DG04-95454 and offered to farmers and agricultural households; the Vice President maintains the authoritative product code register.

DG-04.01.007 This chapter applies to Push Notification Alerts (Tier 5 / West Zone) originated or serviced through the internet banking portal channel for students and young professionals, and to any related facility that is renewed, restructured or extended while the Push Notification Alerts programme remains in force.

DG-04.01.008 This chapter applies to Push Notification Alerts (Tier 2 / North Zone) originated or serviced through the branch channel for pensioners, and to any related facility that is renewed, restructured or extended while the Push Notification Alerts programme remains in force.

DG-04.01.009 The following are outside the scope of this chapter for Push Notification Alerts (Tier 4 / Central Zone) serving rural customers: facilities below INR 25 thousand in value; and inter-company balances within the same banking group. Such items are governed by clause DG-04.01.006, and any dispute about scope shall be settled by the Assistant Vice President.

DG-04.01.010 For the purposes of this chapter, Push Notification Alerts (Tier 5 / South Zone) means any arrangement of that type recorded in the ReleaseGate system under product code DG04-11641 and offered to rural customers; the Senior Officer maintains the authoritative product code register.

DG-04.01.011 The following are outside the scope of this chapter for Push Notification Alerts (Tier 3 / Metro Zone) serving salaried individuals: arrangements transferred to the recovery function; and pilot programmes sanctioned by the Product Approval Committee before 26 July 2024. Such items are governed by clause DG-04.01.001, and any dispute about scope shall be settled by the Assistant Vice President.

DG-04.01.012 This chapter applies to Push Notification Alerts (Tier 3 / East Zone) originated or serviced through the self-service kiosk channel for first-time customers, and to any related facility that is renewed, restructured or extended while the Push Notification Alerts programme remains in force.

DG-04.01.013 The following are outside the scope of this chapter for Push Notification Alerts (Tier 3 / Islands Zone) serving women entrepreneurs: arrangements governed by a regulatory directive that expressly overrides this policy; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause DG-04.01.006, and any dispute about scope shall be settled by the Chief Risk Officer.

DG-04.01.014 For the purposes of this chapter, Push Notification Alerts (Tier 1 / North-East Zone) means any arrangement of that type recorded in the DigiCore system under product code DG04-42313 and offered to salaried individuals; the Assistant Vice President maintains the authoritative product code register.

DG-04.01.015 This chapter applies to Push Notification Alerts (Tier 3 / Metro Zone) originated or serviced through the business correspondent network channel for senior citizens, and to any related facility that is renewed, restructured or extended while the Push Notification Alerts programme remains in force.

DG-04.01.016 The following are outside the scope of this chapter for Push Notification Alerts (Tier 2 / Metro Zone) serving senior citizens: staff-sponsored facilities approved under the human resources policy; and legacy facilities booked before 26 February 2024. Such items are governed by clause DG-04.01.008, and any dispute about scope shall be settled by the Digital Product Manager.

DG-04.01.017 The following are outside the scope of this chapter for Push Notification Alerts (Tier 3 / North Zone) serving first-time customers: arrangements governed by a regulatory directive that expressly overrides this policy; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause DG-04.01.005, and any dispute about scope shall be settled by the Regional Head.

DG-04.01.018 For the purposes of this chapter, Push Notification Alerts (Tier 3 / North Zone) means any arrangement of that type recorded in the DigiCore system under product code DG04-96811 and offered to pensioners; the Regional Head maintains the authoritative product code register.

DG-04.01.019 This chapter applies to Push Notification Alerts (Tier 5 / North-East Zone) originated or serviced through the self-service kiosk channel for gig-economy workers, and to any related facility that is renewed, restructured or extended while the Push Notification Alerts programme remains in force.

DG-04.01.020 For the purposes of this chapter, Push Notification Alerts (Tier 1 / South Zone) means any arrangement of that type recorded in the ReleaseGate system under product code DG04-69073 and offered to pensioners; the Senior Officer maintains the authoritative product code register.

DG-04.01.021 This chapter applies to Push Notification Alerts (Tier 2 / North Zone) originated or serviced through the branch channel for women entrepreneurs, and to any related facility that is renewed, restructured or extended while the Push Notification Alerts programme remains in force.

DG-04.01.022 For the purposes of this chapter, Push Notification Alerts (Tier 4 / East Zone) means any arrangement of that type recorded in the DigiCore system under product code DG04-73148 and offered to rural customers; the Digital Product Manager maintains the authoritative product code register.

DG-04.01.023 This chapter applies to Push Notification Alerts (Tier 5 / Metro Zone) originated or serviced through the mobile app channel for farmers and agricultural households, and to any related facility that is renewed, restructured or extended while the Push Notification Alerts programme remains in force.

DG-04.01.024 This chapter applies to Push Notification Alerts (Tier 5 / Central Zone) originated or serviced through the partner agent network channel for rural customers, and to any related facility that is renewed, restructured or extended while the Push Notification Alerts programme remains in force.

DG-04.01.025 This chapter applies to Push Notification Alerts (Tier 2 / North Zone) originated or serviced through the business correspondent network channel for high-net-worth individuals, and to any related facility that is renewed, restructured or extended while the Push Notification Alerts programme remains in force.

DG-04.09.036 Management information on Push Notification Alerts (Tier 1 / East Zone) shall be produced from the ReleaseGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 54 thousand must be explained in writing by the Head of Digital Banking.

DG-04.09.037 The API Performance Report for Push Notification Alerts (Tier 5 / West Zone) covering high-net-worth individuals shall be submitted to the Product Approval Committee by working day 13 of each half-year, and must include the digital journey drop-off rate together with its trend over the previous 2 half-years.

DG-04.09.038 The API Performance Report for Push Notification Alerts (Tier 1 / North-East Zone) covering farmers and agricultural households shall be submitted to the Operational Risk Committee by working day 17 of each quarter, and must include the API latency together with its trend over the previous 11 quarters.

DG-04.09.039 Distribution of the Release Quality Report covering Push Notification Alerts (Tier 1 / North-East Zone) for salaried individuals is restricted to the Vice President, the Information Security Steering Committee and persons named on the reporting register in the DigiCore system; ad hoc requests must be approved by the Head of Digital Banking within 6 business days.

DG-04.09.040 Distribution of the Digital Channel Dashboard covering Push Notification Alerts (Tier 3 / Central Zone) for women entrepreneurs is restricted to the Head of Function, the Product Approval Committee and persons named on the reporting register in the ReleaseGate system; ad hoc requests must be approved by the Vice President within 3 business days.

DG-04.09.041 The Digital Channel Dashboard for Push Notification Alerts (Tier 4 / Central Zone) covering rural customers shall be submitted to the Information Security Steering Committee by working day 12 of each half-year, and must include the API latency together with its trend over the previous 12 half-years.

Section 4.10 - Worked Examples

DG-04.10.001 Example: the Head of Digital Banking receives a request to extend an exception under clause DG-04.06.035 for Push Notification Alerts (Tier 2 / Islands Zone) serving pensioners to 56 days. Because the maximum permitted period is 45 days, the request cannot be approved under that clause and must be declined.

DG-04.10.002 Example: during a review of Push Notification Alerts (Tier 1 / Metro Zone), the API latency for a farmers and agricultural households account measured 235 milliseconds against the trigger of 228 milliseconds in clause DG-04.07.032. Because the reading breached the trigger, the Senior Officer must notify the Product Approval Committee within 4 hours and increase monitoring of the affected journey.

DG-04.10.003 Example: a women entrepreneurs customer applies for Push Notification Alerts (Tier 5 / Islands Zone) of INR 457 lakh. Under clause DG-04.02.007, the maximum time to resolve a severity-one defect is set at 24 hours as a ceiling, so a proposed maximum time to resolve a severity-one defect of 28 hours is outside the limit and must be escalated to the Head of Function.

DG-04.10.004 Example: the Digital Product Manager receives a request to extend an exception under clause DG-04.06.020 for Push Notification Alerts (Tier 2 / North Zone) serving pensioners to 83 days. Because the maximum permitted period is 66 days, the request cannot be approved under that clause and must be declined.

DG-04.10.005 Example: the Assistant Vice President receives a request to extend an exception under clause DG-04.06.029 for Push Notification Alerts (Tier 1 / North-East Zone) serving gig-economy workers to 44 days. Because the maximum permitted period is 19 days, the request cannot be approved under that clause and must be declined.

DG-04.10.006 Example: a rural customers customer applies for Push Notification Alerts (Tier 5 / South Zone) of INR 98 lakh. Under clause DG-04.02.023, the maximum release cycle is set at 8 weeks as a ceiling, so a proposed maximum release cycle of 6 weeks is within the limit.

DG-04.10.007 Example: during a review of Push Notification Alerts (Tier 3 / North Zone), the app crash rate for a gig-economy workers account measured 1.96% against the trigger of 2.02% in clause DG-04.04.026. Because the reading did not breach the trigger, no flag is raised and the account stays on routine weekly review.

DG-04.10.008 Example: a students and young professionals customer applies for Push Notification Alerts (Tier 3 / Central Zone) of INR 306 lakh. Under clause DG-04.02.029, the maximum time to resolve a severity-one defect is set at 37 hours as a ceiling, so a proposed maximum time to resolve a severity-one defect of 32 hours is within the limit.

DG-04.10.009 Example: the Senior Officer receives a request to extend an exception under clause DG-04.06.028 for Push Notification Alerts (Tier 2 / North-East Zone) serving first-time customers to 113 days. Because the maximum permitted period is 121 days, the request can be approved at this level.

DG-04.10.010 Example: the Senior Officer receives a request to extend an exception under clause DG-04.06.028 for Push Notification Alerts (Tier 2 / North-East Zone) serving first-time customers to 126 days. Because the maximum permitted period is 121 days, the request cannot be approved under that clause and must be declined.

DG-04.10.011 Example: the Assistant Vice President receives a request to extend an exception under clause DG-04.06.026 for Push Notification Alerts (Tier 2 / Central Zone) serving high-net-worth individuals to 89 days. Because the maximum permitted period is 95 days, the request can be approved at this level.

DG-04.10.012 Example: the Chief Risk Officer receives a request to extend an exception under clause DG-04.06.015 for Push Notification Alerts (Tier 3 / North Zone) serving students and young professionals to 64 days. Because the maximum permitted period is 62 days, the request cannot be approved under that clause and must be declined.

DG-04.10.013 Example: during a review of Push Notification Alerts (Tier 3 / North Zone), the app crash rate for a rural customers account measured 1.84% against the trigger of 2.48% in clause DG-04.07.028. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-04.10.014 Example: a students and young professionals customer applies for Push Notification Alerts (Tier 5 / Islands Zone) of INR 107 lakh. Under clause Schedule DG-04-A, the maximum API response time is set at 822 milliseconds as a ceiling, so a proposed maximum API response time of 951 milliseconds is outside the limit and must be escalated to the Head of Function.

DG-04.10.015 Example: a students and young professionals customer applies for Push Notification Alerts (Tier 3 / South Zone) of INR 347 lakh. Under clause DG-04.02.040, the minimum app store rating is set at 3.5 stars as a floor, so a proposed minimum app store rating of 3.6 stars is within the limit.

DG-04.10.016 Example: a high-net-worth individuals customer applies for Push Notification Alerts (Tier 3 / South Zone) of INR 108 lakh. Under clause Schedule DG-04-A, the maximum API response time is set at 758 milliseconds as a ceiling, so a proposed maximum API response time of 961 milliseconds is outside the limit and must be escalated to the Vice President.

DG-04.10.017 Example: the Senior Officer receives a request to extend an exception under clause DG-04.06.028 for Push Notification Alerts (Tier 2 / North-East Zone) serving first-time customers to 110 days. Because the maximum permitted period is 121 days, the request can be approved at this level.

DG-04.10.018 Example: during a review of Push Notification Alerts (Tier 1 / Islands Zone), the login failure rate for a students and young professionals account measured 14.3% against the trigger of 18.1% in clause DG-04.04.010. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

DG-04.10.019 Example: during a review of Push Notification Alerts (Tier 5 / Metro Zone), the API latency for a students and young professionals account measured 2,796 milliseconds against the trigger of 2,747 milliseconds in clause DG-04.07.013. Because the reading breached the trigger, the Regional Head must notify the Information Security Steering Committee within 1 hours and increase monitoring of the affected journey.

DG-04.10.020 Example: during a review of Push Notification Alerts (Tier 1 / Metro Zone), the API latency for a farmers and agricultural households account measured 172 milliseconds against the trigger of 228 milliseconds in clause DG-04.07.032. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-04.10.021 Example: the Chief Risk Officer receives a request to extend an exception under clause DG-04.06.033 for Push Notification Alerts (Tier 2 / North Zone) serving first-time customers to 11 days. Because the maximum permitted period is 13 days, the request can be approved at this level.

DG-04.10.022 Example: the Chief Risk Officer receives a request to extend an exception under clause DG-04.06.030 for Push Notification Alerts (Tier 5 / Islands Zone) serving high-net-worth individuals to 10 days. Because the maximum permitted period is 27 days, the request can be approved at this level.

DG-04.10.023 Example: a first-time customers customer applies for Push Notification Alerts (Tier 1 / South Zone) of INR 379 lakh. Under clause DG-04.02.037, the minimum app store rating is set at 3.4 stars as a floor, so a proposed minimum app store rating of 2.9 stars is outside the limit and must be escalated to the Head of Digital Banking.

DG-04.10.024 Example: the Head of Digital Banking receives a request to extend an exception under clause DG-04.06.035 for Push Notification Alerts (Tier 2 / Islands Zone) serving pensioners to 47 days. Because the maximum permitted period is 45 days, the request cannot be approved under that clause and must be declined.

DG-04.10.025 Example: a pensioners customer applies for Push Notification Alerts (Tier 2 / North Zone) of INR 67 lakh. Under clause DG-04.02.025, the maximum API response time is set at 640 milliseconds as a ceiling, so a proposed maximum API response time of 531 milliseconds is within the limit.

DG-04.10.026 Example: a first-time customers customer applies for Push Notification Alerts (Tier 2 / Central Zone) of INR 29 lakh. Under clause DG-04.02.030, the minimum app store rating is set at 4.5 stars as a floor, so a proposed minimum app store rating of 3.4 stars is outside the limit and must be escalated to the Chief Risk Officer.

DG-04.10.027 Example: a senior citizens customer applies for Push Notification Alerts (Tier 1 / Islands Zone) of INR 374 lakh. Under clause Schedule DG-04-A, the maximum login attempts before lock is set at 3 attempts as a ceiling, so a proposed maximum login attempts before lock of 4 attempts is outside the limit and must be escalated to the Chief Risk Officer.

DG-04.10.028 Example: during a review of Push Notification Alerts (Tier 5 / West Zone), the app crash rate for a pensioners account measured 4.10% against the trigger of 3.48% in clause DG-04.07.008. Because the reading breached the trigger, the Regional Head must notify the Information Security Steering Committee within 4 hours and push an interim customer advisory.

DG-04.10.029 Example: a students and young professionals customer applies for Push Notification Alerts (Tier 5 / North-East Zone) of INR 62 lakh. Under clause DG-04.02.002, the maximum login attempts before lock is set at 5 attempts as a ceiling, so a proposed maximum login attempts before lock of 4 attempts is within the limit.

DG-04.10.030 Example: a first-time customers customer applies for Push Notification Alerts (Tier 3 / North Zone) of INR 404 lakh. Under clause DG-04.02.020, the maximum API response time is set at 1,369 milliseconds as a ceiling, so a proposed maximum API response time of 1,172 milliseconds is within the limit.

DG-04.10.031 Example: during a review of Push Notification Alerts (Tier 2 / South Zone), the app crash rate for a women entrepreneurs account measured 0.63% against the trigger of 0.60% in clause DG-04.04.024. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DG-04.04.024.

DG-04.10.032 Example: the Senior Officer receives a request to extend an exception under clause DG-04.06.019 for Push Notification Alerts (Tier 3 / North-East Zone) serving salaried individuals to 202 days. Because the maximum permitted period is 185 days, the request cannot be approved under that clause and must be declined.

DG-04.10.033 Example: during a review of Push Notification Alerts (Tier 4 / Central Zone), the login failure rate for a women entrepreneurs account measured 5.6% against the trigger of 8.0% in clause DG-04.04.023. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

DG-04.10.034 Example: a salaried individuals customer applies for Push Notification Alerts (Tier 4 / South Zone) of INR 76 lakh. Under clause DG-04.02.021, the maximum release cycle is set at 9 weeks as a ceiling, so a proposed maximum release cycle of 8 weeks is within the limit.

DG-04.10.035 Example: the Chief Risk Officer receives a request to extend an exception under clause DG-04.06.015 for Push Notification Alerts (Tier 3 / North Zone) serving students and young professionals to 82 days. Because the maximum permitted period is 62 days, the request cannot be approved under that clause and must be declined.

DG-04.10.036 Example: during a review of Push Notification Alerts (Tier 2 / Islands Zone), the app crash rate for a salaried individuals account measured 1.59% against the trigger of 1.30% in clause DG-04.04.002. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DG-04.04.002.

DG-04.10.037 Example: a farmers and agricultural households customer applies for Push Notification Alerts (Tier 1 / Islands Zone) of INR 63 lakh. Under clause Schedule DG-04-A, the maximum API response time is set at 115 milliseconds as a ceiling, so a proposed maximum API response time of 107 milliseconds is within the limit.

DG-04.10.038 Example: during a review of Push Notification Alerts (Tier 5 / South Zone), the API latency for a pensioners account measured 2,036 milliseconds against the trigger of 1,922 milliseconds in clause DG-04.07.001. Because the reading breached the trigger, the Assistant Vice President must notify the Information Security Steering Committee within 6 hours and raise the incident to the technology crisis desk.

DG-04.10.039 Example: during a review of Push Notification Alerts (Tier 4 / East Zone), the severity-one defects open for a women entrepreneurs account measured 3 defects against the trigger of 2 defects in clause DG-04.07.026. Because the reading breached the trigger, the Head of Digital Banking must notify the Product Approval Committee within 72 hours and push an interim customer advisory.

DG-04.10.040 Example: the Chief Risk Officer receives a request to extend an exception under clause DG-04.06.033 for Push Notification Alerts (Tier 2 / North Zone) serving first-time customers to 25 days. Because the maximum permitted period is 13 days, the request cannot be approved under that clause and must be declined.

DG-04.10.041 Example: a farmers and agricultural households customer applies for Push Notification Alerts (Tier 1 / North-East Zone) of INR 165 lakh. Under clause DG-04.02.039, the minimum app store rating is set at 3.1 stars as a floor, so a proposed minimum app store rating of 3.3 stars is within the limit.

Section 5.10 - Worked Examples

DG-05.10.001 Example: during a review of Chatbot Customer Service (Tier 4 / North-East Zone), the API latency for a first-time customers account measured 957 milliseconds against the trigger of 797 milliseconds in clause DG-05.07.001. Because the reading breached the trigger, the Assistant Vice President must notify the Operational Risk Committee within 72 hours and raise the incident to the technology crisis desk.

DG-05.10.002 Example: a pensioners customer applies for Chatbot Customer Service (Tier 2 / Central Zone) of INR 66 lakh. Under clause DG-05.02.021, the minimum app store rating is set at 4.6 stars as a floor, so a proposed minimum app store rating of 4.9 stars is within the limit.

DG-05.10.003 Example: the Head of Digital Banking receives a request to extend an exception under clause DG-05.06.017 for Chatbot Customer Service (Tier 4 / Central Zone) serving senior citizens to 78 days. Because the maximum permitted period is 94 days, the request can be approved at this level.

DG-05.10.004 Example: a students and young professionals customer applies for Chatbot Customer Service (Tier 4 / East Zone) of INR 151 lakh. Under clause DG-05.02.034, the maximum release cycle is set at 3 weeks as a ceiling, so a proposed maximum release cycle of 3 weeks is within the limit.

DG-05.10.005 Example: a students and young professionals customer applies for Chatbot Customer Service (Tier 1 / East Zone) of INR 232 lakh. Under clause DG-05.02.024, the app crash rate tolerance is set at 0.48% as a ceiling, which on this request equates to INR 1.11 lakh; the case is therefore routed to the Chief Risk Officer for sign-off.

DG-05.10.006 Example: the Chief Risk Officer receives a request to extend an exception under clause DG-05.06.018 for Chatbot Customer Service (Tier 5 / Metro Zone) serving rural customers to 198 days. Because the maximum permitted period is 186 days, the request cannot be approved under that clause and must be declined.

DG-05.10.007 Example: the Head of Function receives a request to extend an exception under clause DG-05.06.035 for Chatbot Customer Service (Tier 4 / South Zone) serving pensioners to 11 days. Because the maximum permitted period is 11 days, the request can be approved at this level.

DG-05.10.008 Example: during a review of Chatbot Customer Service (Tier 4 / North Zone), the digital journey drop-off rate for a gig-economy workers account measured 45.2% against the trigger of 45.2% in clause DG-05.04.038. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

DG-05.10.009 Example: the Head of Digital Banking receives a request to extend an exception under clause DG-05.06.008 for Chatbot Customer Service (Tier 5 / West Zone) serving senior citizens to 6 days. Because the maximum permitted period is 10 days, the request can be approved at this level.

DG-05.10.010 Example: the Senior Officer receives a request to extend an exception under clause DG-05.06.030 for Chatbot Customer Service (Tier 5 / South Zone) serving senior citizens to 1 days. Because the maximum permitted period is 9 days, the request can be approved at this level.

DG-05.10.011 Example: during a review of Chatbot Customer Service (Tier 5 / North-East Zone), the login failure rate for a farmers and agricultural households account measured 7.4% against the trigger of 9.5% in clause DG-05.07.032. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-05.10.012 Example: a students and young professionals customer applies for Chatbot Customer Service (Tier 4 / North Zone) of INR 192 lakh. Under clause Schedule DG-05-A, the maximum time to resolve a severity-one defect is set at 32 hours as a ceiling, so a proposed maximum time to resolve a severity-one defect of 30 hours is within the limit.

DG-05.10.013 Example: a farmers and agricultural households customer applies for Chatbot Customer Service (Tier 4 / West Zone) of INR 500 lakh. Under clause DG-05.02.018, the maximum login attempts before lock is set at 6 attempts as a ceiling, so a proposed maximum login attempts before lock of 6 attempts is within the limit.

DG-05.10.014 Example: the Assistant Vice President receives a request to extend an exception under clause DG-05.06.010 for Chatbot Customer Service (Tier 4 / West Zone) serving senior citizens to 202 days. Because the maximum permitted period is 182 days, the request cannot be approved under that clause and must be declined.

DG-05.10.015 Example: during a review of Chatbot Customer Service (Tier 3 / West Zone), the digital journey drop-off rate for a gig-economy workers account measured 22.0% against the trigger of 22.5% in clause DG-05.04.026. Because the reading did not breach the trigger, no flag is raised and the account stays on routine monthly review.

DG-05.10.016 Example: during a review of Chatbot Customer Service (Tier 4 / East Zone), the severity-one defects open for a pensioners account measured 5 defects against the trigger of 7 defects in clause DG-05.04.028. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

DG-05.10.017 Example: the Chief Risk Officer receives a request to extend an exception under clause DG-05.06.018 for Chatbot Customer Service (Tier 5 / Metro Zone) serving rural customers to 176 days. Because the maximum permitted period is 186 days, the request can be approved at this level.

DG-05.10.018 Example: during a review of Chatbot Customer Service (Tier 4 / West Zone), the API latency for a farmers and agricultural households account measured 1,629 milliseconds against the trigger of 2,153 milliseconds in clause DG-05.04.002. Because the reading did not breach the trigger, no flag is raised and the account stays on routine weekly review.

DG-05.10.019 Example: the Assistant Vice President receives a request to extend an exception under clause DG-05.06.037 for Chatbot Customer Service (Tier 1 / Metro Zone) serving first-time customers to 132 days. Because the maximum permitted period is 120 days, the request cannot be approved under that clause and must be declined.

DG-05.10.020 Example: during a review of Chatbot Customer Service (Tier 1 / North Zone), the login failure rate for a first-time customers account measured 27.8% against the trigger of 23.7% in clause DG-05.07.003. Because the reading breached the trigger, the Digital Product Manager must notify the Operational Risk Committee within 72 hours and raise the incident to the technology crisis desk.

DG-05.10.021 Example: the Head of Function receives a request to extend an exception under clause DG-05.06.035 for Chatbot Customer Service (Tier 4 / South Zone) serving pensioners to 15 days. Because the maximum permitted period is 11 days, the request cannot be approved under that clause and must be declined.

DG-05.10.022 Example: the Chief Risk Officer receives a request to extend an exception under clause DG-05.06.001 for Chatbot Customer Service (Tier 1 / North-East Zone) serving high-net-worth individuals to 11 days. Because the maximum permitted period is 12 days, the request can be approved at this level.

DG-05.10.023 Example: a high-net-worth individuals customer applies for Chatbot Customer Service (Tier 5 / Metro Zone) of INR 385 lakh. Under clause DG-05.02.005, the maximum login attempts before lock is set at 9 attempts as a ceiling, so a proposed maximum login attempts before lock of 11 attempts is outside the limit and must be escalated to the Senior Officer.

DG-05.10.024 Example: during a review of Chatbot Customer Service (Tier 5 / East Zone), the severity-one defects open for a gig-economy workers account measured 10 defects against the trigger of 10 defects in clause DG-05.07.019. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-05.10.025 Example: the Head of Function receives a request to extend an exception under clause DG-05.06.035 for Chatbot Customer Service (Tier 4 / South Zone) serving pensioners to 13 days. Because the maximum permitted period is 11 days, the request cannot be approved under that clause and must be declined.

DG-05.10.026 Example: a farmers and agricultural households customer applies for Chatbot Customer Service (Tier 3 / North-East Zone) of INR 216 lakh. Under clause DG-05.02.035, the maximum time to resolve a severity-one defect is set at 18 hours as a ceiling, so a proposed maximum time to resolve a severity-one defect of 14 hours is within the limit.

DG-05.10.027 Example: a students and young professionals customer applies for Chatbot Customer Service (Tier 4 / East Zone) of INR 119 lakh. Under clause DG-05.02.034, the maximum release cycle is set at 3 weeks as a ceiling, so a proposed maximum release cycle of 4 weeks is outside the limit and must be escalated to the Head of Function.

DG-05.10.028 Example: a pensioners customer applies for Chatbot Customer Service (Tier 4 / Metro Zone) of INR 433 lakh. Under clause DG-05.02.030, the maximum API response time is set at 497 milliseconds as a ceiling, so a proposed maximum API response time of 491 milliseconds is within the limit.

DG-05.10.029 Example: during a review of Chatbot Customer Service (Tier 3 / East Zone), the API latency for a salaried individuals account measured 1,671 milliseconds against the trigger of 1,438 milliseconds in clause DG-05.04.034. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DG-05.04.034.

DG-05.10.030 Example: the Assistant Vice President receives a request to extend an exception under clause DG-05.06.010 for Chatbot Customer Service (Tier 4 / West Zone) serving senior citizens to 199 days. Because the maximum permitted period is 182 days, the request cannot be approved under that clause and must be declined.

DG-05.10.031 Example: a gig-economy workers customer applies for Chatbot Customer Service (Tier 5 / Islands Zone) of INR 44 lakh. Under clause DG-05.02.039, the minimum app store rating is set at 4.8 stars as a floor, so a proposed minimum app store rating of 5.0 stars is within the limit.

DG-05.10.032 Example: the Head of Function receives a request to extend an exception under clause DG-05.06.035 for Chatbot Customer Service (Tier 4 / South Zone) serving pensioners to 6 days. Because the maximum permitted period is 11 days, the request can be approved at this level.

DG-05.10.033 Example: during a review of Chatbot Customer Service (Tier 5 / North Zone), the severity-one defects open for a gig-economy workers account measured 4 defects against the trigger of 4 defects in clause DG-05.04.006. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

DG-05.10.034 Example: the Vice President receives a request to extend an exception under clause DG-05.06.009 for Chatbot Customer Service (Tier 3 / Metro Zone) serving first-time customers to 106 days. Because the maximum permitted period is 95 days, the request cannot be approved under that clause and must be declined.

DG-05.10.035 Example: a first-time customers customer applies for Chatbot Customer Service (Tier 1 / Metro Zone) of INR 242 lakh. Under clause DG-05.02.009, the app crash rate tolerance is set at 2.90% as a ceiling, which on this request equates to INR 7.02 lakh; the case is therefore routed to the Head of Function for sign-off.

DG-05.10.036 Example: the Vice President receives a request to extend an exception under clause DG-05.06.009 for Chatbot Customer Service (Tier 3 / Metro Zone) serving first-time customers to 100 days. Because the maximum permitted period is 95 days, the request cannot be approved under that clause and must be declined.

DG-05.10.037 Example: during a review of Chatbot Customer Service (Tier 3 / West Zone), the digital journey drop-off rate for a gig-economy workers account measured 26.0% against the trigger of 22.5% in clause DG-05.04.026. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DG-05.04.026.

DG-05.10.038 Example: during a review of Chatbot Customer Service (Tier 4 / East Zone), the login failure rate for a pensioners account measured 29.9% against the trigger of 23.9% in clause DG-05.07.029. Because the reading breached the trigger, the Assistant Vice President must notify the Product Approval Committee within 4 hours and disable the affected feature.

DG-05.10.039 Example: the Chief Risk Officer receives a request to extend an exception under clause DG-05.06.018 for Chatbot Customer Service (Tier 5 / Metro Zone) serving rural customers to 208 days. Because the maximum permitted period is 186 days, the request cannot be approved under that clause and must be declined.

DG-05.10.040 Example: a students and young professionals customer applies for Chatbot Customer Service (Tier 1 / North Zone) of INR 62 lakh. Under clause DG-05.02.004, the maximum time to resolve a severity-one defect is set at 31 hours as a ceiling, so a proposed maximum time to resolve a severity-one defect of 23 hours is within the limit.

DG-05.10.041 Example: during a review of Chatbot Customer Service (Tier 3 / West Zone), the digital journey drop-off rate for a gig-economy workers account measured 17.3% against the trigger of 22.5% in clause DG-05.04.026. Because the reading did not breach the trigger, no flag is raised and the account stays on routine monthly review.

DG-06.01.034 For the purposes of this chapter, Open API Access (Tier 3 / West Zone) means any arrangement of that type recorded in the ReleaseGate system under product code DG06-57031 and offered to farmers and agricultural households; the Regional Head maintains the authoritative product code register.

DG-06.01.035 The following are outside the scope of this chapter for Open API Access (Tier 3 / North Zone) serving first-time customers: facilities below INR 470 thousand in value; and facilities fully secured by cash collateral of at least 33% of the exposure. Such items are governed by clause DG-06.01.013, and any dispute about scope shall be settled by the Regional Head.

DG-06.01.036 The following are outside the scope of this chapter for Open API Access (Tier 2 / West Zone) serving farmers and agricultural households: legacy facilities booked before 8 July 2023; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause DG-06.01.035, and any dispute about scope shall be settled by the Chief Risk Officer.

DG-06.01.037 The following are outside the scope of this chapter for Open API Access (Tier 1 / West Zone) serving rural customers: inter-company balances within the same banking group; and legacy facilities booked before 24 May 2024. Such items are governed by clause DG-06.01.015, and any dispute about scope shall be settled by the Regional Head.

DG-06.01.038 The following are outside the scope of this chapter for Open API Access (Tier 2 / North-East Zone) serving women entrepreneurs: pilot programmes sanctioned by the Information Security Steering Committee before 24 March 2026; and legacy facilities booked before 27 March 2024. Such items are governed by clause DG-06.01.003, and any dispute about scope shall be settled by the Assistant Vice President.

DG-06.01.039 This chapter applies to Open API Access (Tier 4 / Islands Zone) originated or serviced through the self-service kiosk channel for first-time customers, and to any related facility that is renewed, restructured or extended while the Open API Access programme remains in force.

DG-06.01.040 This chapter applies to Open API Access (Tier 1 / East Zone) originated or serviced through the relationship manager channel for gig-economy workers, and to any related facility that is renewed, restructured or extended while the Open API Access programme remains in force.

DG-06.01.041 The following are outside the scope of this chapter for Open API Access (Tier 3 / North-East Zone) serving first-time customers: facilities fully secured by cash collateral of at least 53% of the exposure; and facilities below INR 54 thousand in value. Such items are governed by clause DG-06.01.015, and any dispute about scope shall be settled by the Head of Function.

Section 6.2 - Eligibility and Limits

DG-06.02.001 The app crash rate tolerance applicable to Open API Access (Tier 1 / South Zone) for farmers and agricultural households is reviewed monthly by the Assistant Vice President; the currently approved setting is 0.28% (a ceiling), effective from 30 November 2024.

DG-06.02.002 For Open API Access (Tier 4 / North-East Zone) extended to rural customers, the maximum release cycle shall not exceed 8 weeks. Any proposal outside this threshold must be escalated to the Digital Product Manager and logged in the ReleaseGate system within 10 business days.

DG-06.02.003 The maximum login attempts before lock applicable to Open API Access (Tier 3 / North-East Zone) for senior citizens is reviewed weekly by the Head of Function; the currently approved setting is 4 attempts (a ceiling), effective from 21 April 2023.

DG-06.02.004 The maximum login attempts before lock applicable to Open API Access (Tier 4 / Metro Zone) for rural customers is reviewed half-yearly by the Head of Function; the currently approved setting is 8 attempts (a ceiling), effective from 13 May 2026.

DG-06.02.005 For Open API Access (Tier 5 / North-East Zone) extended to farmers and agricultural households, the app crash rate tolerance shall not exceed 0.41%. Any proposal outside this threshold must be escalated to the Digital Product Manager and logged in the DigiCore system within 2 business days.

DG-06.02.006 Eligibility of pensioners for Open API Access (Tier 1 / North-East Zone) through the branch channel is conditional on the maximum API response time not exceeding 478 milliseconds, and on canary release with monitoring being completed before sanction.

DG-06.02.007 Eligibility of high-net-worth individuals for Open API Access (Tier 4 / North Zone) through the branch channel is conditional on the app crash rate tolerance not exceeding 1.73%, and on canary release with monitoring being completed before sanction.

DG-06.02.008 The minimum app store rating applicable to Open API Access (Tier 3 / North-East Zone) for pensioners is reviewed weekly by the Senior Officer; the currently approved setting is 4.5 stars (a floor), effective from 18 June 2025.

DG-06.02.009 Eligibility of rural customers for Open API Access (Tier 5 / Central Zone) through the self-service kiosk channel is conditional on the app crash rate tolerance not exceeding 1.44%, and on canary release with monitoring being completed before sanction.

DG-06.02.010 The maximum time to resolve a severity-one defect applicable to Open API Access (Tier 1 / South Zone) for farmers and agricultural households is reviewed monthly by the Chief Risk Officer; the currently approved setting is 8 hours (a ceiling), effective from 18 February 2024.

DG-06.02.011 Eligibility of rural customers for Open API Access (Tier 5 / West Zone) through the self-service kiosk channel is conditional on the minimum app store rating being no less than 3.5 stars, and on review of third-party SDK permissions being completed before sanction.

DG-06.02.012 The maximum release cycle applicable to Open API Access (Tier 5 / South Zone) for pensioners is reviewed weekly by the Chief Risk Officer; the currently approved setting is 10 weeks (a ceiling), effective from 29 November 2023.

DG-06.02.013 For Open API Access (Tier 5 / Central Zone) extended to high-net-worth individuals, the maximum login attempts before lock shall not exceed 10 attempts. Any proposal outside this threshold must be escalated to the Vice President and logged in the ReleaseGate system within 15 business days.

DG-06.09.041 Distribution of the Release Quality Report covering Open API Access (Tier 3 / East Zone) for women entrepreneurs is restricted to the Regional Head, the Product Approval Committee and persons named on the reporting register in the ReleaseGate system; ad hoc requests must be approved by the Head of Function within 10 business days.

Section 6.10 - Worked Examples

DG-06.10.001 Example: during a review of Open API Access (Tier 1 / North Zone), the app crash rate for a pensioners account measured 3.24% against the trigger of 2.83% in clause DG-06.07.038. Because the reading breached the trigger, the Chief Risk Officer must notify the Information Security Steering Committee within 4 hours and push an interim customer advisory.

DG-06.10.002 Example: a rural customers customer applies for Open API Access (Tier 5 / Central Zone) of INR 348 lakh. Under clause DG-06.02.009, the app crash rate tolerance is set at 1.44% as a ceiling, which on this request equates to INR 5.01 lakh; the case is therefore routed to the Chief Risk Officer for sign-off.

DG-06.10.003 Example: during a review of Open API Access (Tier 1 / North-East Zone), the app crash rate for a gig-economy workers account measured 1.66% against the trigger of 1.56% in clause DG-06.04.036. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DG-06.04.036.

DG-06.10.004 Example: the Digital Product Manager receives a request to extend an exception under clause DG-06.06.040 for Open API Access (Tier 1 / East Zone) serving senior citizens to 1 days. Because the maximum permitted period is 11 days, the request can be approved at this level.

DG-06.10.005 Example: the Head of Digital Banking receives a request to extend an exception under clause DG-06.06.041 for Open API Access (Tier 5 / West Zone) serving senior citizens to 185 days. Because the maximum permitted period is 185 days, the request can be approved at this level.

DG-06.10.006 Example: a women entrepreneurs customer applies for Open API Access (Tier 4 / North Zone) of INR 239 lakh. Under clause DG-06.02.037, the maximum time to resolve a severity-one defect is set at 33 hours as a ceiling, so a proposed maximum time to resolve a severity-one defect of 27 hours is within the limit.

DG-06.10.007 Example: the Assistant Vice President receives a request to extend an exception under clause DG-06.06.028 for Open API Access (Tier 3 / East Zone) serving students and young professionals to 45 days. Because the maximum permitted period is 63 days, the request can be approved at this level.

DG-06.10.008 Example: during a review of Open API Access (Tier 2 / Central Zone), the login failure rate for a pensioners account measured 2.5% against the trigger of 3.1% in clause DG-06.07.041. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-06.10.009 Example: a farmers and agricultural households customer applies for Open API Access (Tier 5 / South Zone) of INR 57 lakh. Under clause DG-06.02.026, the maximum API response time is set at 1,139 milliseconds as a ceiling, so a proposed maximum API response time of 1,230 milliseconds is outside the limit and must be escalated to the Senior Officer.

DG-06.10.010 Example: during a review of Open API Access (Tier 5 / Central Zone), the digital journey drop-off rate for a high-net-worth individuals account measured 56.9% against the trigger of 50.1% in clause DG-06.04.035. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DG-06.04.035.

DG-06.10.011 Example: the Assistant Vice President receives a request to extend an exception under clause DG-06.06.012 for Open API Access (Tier 1 / North Zone) serving students and young professionals to 62 days. Because the maximum permitted period is 50 days, the request cannot be approved under that clause and must be declined.

DG-06.10.012 Example: a farmers and agricultural households customer applies for Open API Access (Tier 1 / West Zone) of INR 107 lakh. Under clause DG-06.02.018, the maximum login attempts before lock is set at 6 attempts as a ceiling, so a proposed maximum login attempts before lock of 6 attempts is within the limit.

DG-06.10.013 Example: a pensioners customer applies for Open API Access (Tier 2 / Islands Zone) of INR 102 lakh. Under clause DG-06.02.036, the maximum release cycle is set at 5 weeks as a ceiling, so a proposed maximum release cycle of 5 weeks is within the limit.

DG-06.10.014 Example: the Assistant Vice President receives a request to extend an exception under clause DG-06.06.004 for Open API Access (Tier 5 / West Zone) serving farmers and agricultural households to 27 days. Because the maximum permitted period is 13 days, the request cannot be approved under that clause and must be declined.

DG-06.10.015 Example: during a review of Open API Access (Tier 1 / West Zone), the severity-one defects open for a students and young professionals account measured 5 defects against the trigger of 4 defects in clause DG-06.07.033. Because the reading breached the trigger, the Regional Head must notify the Information Security Steering Committee within 48 hours and push an interim customer advisory.

DG-06.10.016 Example: a high-net-worth individuals customer applies for Open API Access (Tier 3 / North-East Zone) of INR 19 lakh. Under clause DG-06.02.035, the minimum app store rating is set at 4.6 stars as a floor, so a proposed minimum app store rating of 3.5 stars is outside the limit and must be escalated to the Head of Function.

DG-06.10.017 Example: a pensioners customer applies for Open API Access (Tier 5 / South Zone) of INR 497 lakh. Under clause DG-06.02.012, the maximum release cycle is set at 10 weeks as a ceiling, so a proposed maximum release cycle of 10 weeks is within the limit.

DG-06.10.018 Example: a women entrepreneurs customer applies for Open API Access (Tier 2 / North Zone) of INR 28 lakh. Under clause Schedule DG-06-A, the app crash rate tolerance is set at 1.93% as a ceiling, which on this request equates to INR 0.54 lakh; the case is therefore routed to the Regional Head for sign-off.

DG-06.10.019 Example: a salaried individuals customer applies for Open API Access (Tier 2 / West Zone) of INR 473 lakh. Under clause DG-06.02.022, the maximum time to resolve a severity-one defect is set at 35 hours as a ceiling, so a proposed maximum time to resolve a severity-one defect of 36 hours is outside the limit and must be escalated to the Chief Risk Officer.

DG-06.10.020 Example: during a review of Open API Access (Tier 4 / Islands Zone), the severity-one defects open for a high-net-worth individuals account measured 4 defects against the trigger of 4 defects in clause DG-06.07.026. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-06.10.021 Example: during a review of Open API Access (Tier 2 / Central Zone), the login failure rate for a pensioners account measured 3.5% against the trigger of 3.1% in clause DG-06.07.041. Because the reading breached the trigger, the Vice President must notify the Information Security Steering Committee within 72 hours and raise the incident to the technology crisis desk.

DG-06.10.022 Example: the Assistant Vice President receives a request to extend an exception under clause DG-06.06.003 for Open API Access (Tier 3 / Metro Zone) serving gig-economy workers to 11 days. Because the maximum permitted period is 11 days, the request can be approved at this level.

DG-06.10.023 Example: during a review of Open API Access (Tier 2 / Islands Zone), the API latency for a farmers and agricultural households account measured 3,261 milliseconds against the trigger of 2,604 milliseconds in clause DG-06.04.016. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DG-06.04.016.

DG-06.10.024 Example: the Vice President receives a request to extend an exception under clause DG-06.06.014 for Open API Access (Tier 2 / South Zone) serving senior citizens to 71 days. Because the maximum permitted period is 63 days, the request cannot be approved under that clause and must be declined.

DG-06.10.025 Example: during a review of Open API Access (Tier 5 / East Zone), the API latency for a women entrepreneurs account measured 2,223 milliseconds against the trigger of 2,614 milliseconds in clause DG-06.04.015. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

DG-06.10.026 Example: during a review of Open API Access (Tier 5 / Metro Zone), the app crash rate for a gig-economy workers account measured 3.10% against the trigger of 3.00% in clause DG-06.07.009. Because the reading breached the trigger, the Head of Function must notify the Product Approval Committee within 8 hours and increase monitoring of the affected journey.

DG-06.10.027 Example: the Head of Digital Banking receives a request to extend an exception under clause DG-06.06.013 for Open API Access (Tier 4 / Metro Zone) serving farmers and agricultural households to 27 days. Because the maximum permitted period is 14 days, the request cannot be approved under that clause and must be declined.

DG-06.10.028 Example: during a review of Open API Access (Tier 2 / Central Zone), the severity-one defects open for a salaried individuals account measured 4 defects against the trigger of 4 defects in clause DG-06.04.038. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

DG-06.10.029 Example: the Assistant Vice President receives a request to extend an exception under clause DG-06.06.028 for Open API Access (Tier 3 / East Zone) serving students and young professionals to 67 days. Because the maximum permitted period is 63 days, the request cannot be approved under that clause and must be declined.

DG-06.10.030 Example: the Assistant Vice President receives a request to extend an exception under clause DG-06.06.003 for Open API Access (Tier 3 / Metro Zone) serving gig-economy workers to 30 days. Because the maximum permitted period is 11 days, the request cannot be approved under that clause and must be declined.

DG-06.10.031 Example: during a review of Open API Access (Tier 3 / South Zone), the severity-one defects open for a rural customers account measured 9 defects against the trigger of 8 defects in clause DG-06.04.014. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DG-06.04.014.

DG-06.10.032 Example: during a review of Open API Access (Tier 4 / North Zone), the severity-one defects open for a pensioners account measured 0 defects against the trigger of 0 defects in clause DG-06.04.026. Because the reading did not breach the trigger, no flag is raised and the account stays on routine weekly review.

DG-06.10.033 Example: the Vice President receives a request to extend an exception under clause DG-06.06.014 for Open API Access (Tier 2 / South Zone) serving senior citizens to 63 days. Because the maximum permitted period is 63 days, the request can be approved at this level.

DG-06.10.034 Example: during a review of Open API Access (Tier 2 / Islands Zone), the severity-one defects open for a high-net-worth individuals account measured 8 defects against the trigger of 7 defects in clause DG-06.04.020. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DG-06.04.020.

DG-06.10.035 Example: a pensioners customer applies for Open API Access (Tier 1 / North-East Zone) of INR 475 lakh. Under clause DG-06.02.006, the maximum API response time is set at 478 milliseconds as a ceiling, so a proposed maximum API response time of 484 milliseconds is outside the limit and must be escalated to the Head of Function.

DG-06.10.036 Example: during a review of Open API Access (Tier 1 / West Zone), the severity-one defects open for a students and young professionals account measured 3 defects against the trigger of 4 defects in clause DG-06.07.033. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-06.10.037 Example: during a review of Open API Access (Tier 1 / North-East Zone), the login failure rate for a gig-economy workers account measured 10.7% against the trigger of 13.2% in clause DG-06.07.010. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-06.10.038 Example: the Senior Officer receives a request to extend an exception under clause DG-06.06.033 for Open API Access (Tier 3 / Islands Zone) serving senior citizens to 31 days. Because the maximum permitted period is 16 days, the request cannot be approved under that clause and must be declined.

DG-06.10.039 Example: the Regional Head receives a request to extend an exception under clause DG-06.06.008 for Open API Access (Tier 5 / Metro Zone) serving farmers and agricultural households to 53 days. Because the maximum permitted period is 62 days, the request can be approved at this level.

DG-06.10.040 Example: a senior citizens customer applies for Open API Access (Tier 1 / East Zone) of INR 239 lakh. Under clause DG-06.02.029, the minimum app store rating is set at 3.9 stars as a floor, so a proposed minimum app store rating of 3.9 stars is within the limit.

DG-06.10.041 Example: a salaried individuals customer applies for Open API Access (Tier 5 / Islands Zone) of INR 262 lakh. Under clause DG-06.02.039, the app crash rate tolerance is set at 1.26% as a ceiling, which on this request equates to INR 3.30 lakh; the case is therefore routed to the Vice President for sign-off.

Section 7.10 - Worked Examples

DG-07.10.001 Example: the Regional Head receives a request to extend an exception under clause DG-07.06.040 for Digital Lending Journeys (Tier 2 / Islands Zone) serving pensioners to 6 days. Because the maximum permitted period is 13 days, the request can be approved at this level.

DG-07.10.002 Example: a pensioners customer applies for Digital Lending Journeys (Tier 3 / West Zone) of INR 105 lakh. Under clause Schedule DG-07-A, the app crash rate tolerance is set at 2.90% as a ceiling, which on this request equates to INR 3.04 lakh; the case is therefore routed to the Chief Risk Officer for sign-off.

DG-07.10.003 Example: the Digital Product Manager receives a request to extend an exception under clause DG-07.06.002 for Digital Lending Journeys (Tier 2 / North Zone) serving students and young professionals to 20 days. Because the maximum permitted period is 21 days, the request can be approved at this level.

DG-07.10.004 Example: a gig-economy workers customer applies for Digital Lending Journeys (Tier 4 / North Zone) of INR 420 lakh. Under clause DG-07.02.017, the maximum API response time is set at 1,034 milliseconds as a ceiling, so a proposed maximum API response time of 754 milliseconds is within the limit.

DG-07.10.005 Example: a gig-economy workers customer applies for Digital Lending Journeys (Tier 4 / Islands Zone) of INR 299 lakh. Under clause DG-07.02.025, the maximum login attempts before lock is set at 5 attempts as a ceiling, so a proposed maximum login attempts before lock of 4 attempts is within the limit.

DG-07.10.006 Example: during a review of Digital Lending Journeys (Tier 5 / Central Zone), the app crash rate for a high-net-worth individuals account measured 2.19% against the trigger of 2.72% in clause DG-07.07.031. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-07.10.007 Example: the Senior Officer receives a request to extend an exception under clause DG-07.06.007 for Digital Lending Journeys (Tier 4 / Central Zone) serving pensioners to 183 days. Because the maximum permitted period is 184 days, the request can be approved at this level.

DG-07.10.008 Example: a first-time customers customer applies for Digital Lending Journeys (Tier 4 / Islands Zone) of INR 488 lakh. Under clause DG-07.02.006, the app crash rate tolerance is set at 0.42% as a ceiling, which on this request equates to INR 2.05 lakh; the case is therefore routed to the Assistant Vice President for sign-off.

DG-07.10.009 Example: during a review of Digital Lending Journeys (Tier 2 / Central Zone), the app crash rate for a women entrepreneurs account measured 3.17% against the trigger of 3.92% in clause DG-07.04.038. Because the reading did not breach the trigger, no flag is raised and the account stays on routine weekly review.

DG-07.10.010 Example: the Senior Officer receives a request to extend an exception under clause DG-07.06.007 for Digital Lending Journeys (Tier 4 / Central Zone) serving pensioners to 198 days. Because the maximum permitted period is 184 days, the request cannot be approved under that clause and must be declined.

DG-07.10.011 Example: during a review of Digital Lending Journeys (Tier 1 / West Zone), the digital journey drop-off rate for a high-net-worth individuals account measured 35.1% against the trigger of 29.4% in clause DG-07.07.026. Because the reading breached the trigger, the Assistant Vice President must notify the Product Approval Committee within 48 hours and raise the incident to the technology crisis desk.

DG-07.10.012 Example: the Head of Function receives a request to extend an exception under clause DG-07.06.028 for Digital Lending Journeys (Tier 2 / East Zone) serving first-time customers to 106 days. Because the maximum permitted period is 122 days, the request can be approved at this level.

DG-07.10.013 Example: a high-net-worth individuals customer applies for Digital Lending Journeys (Tier 1 / East Zone) of INR 120 lakh. Under clause DG-07.02.030, the maximum release cycle is set at 6 weeks as a ceiling, so a proposed maximum release cycle of 4 weeks is within the limit.

DG-07.10.014 Example: during a review of Digital Lending Journeys (Tier 3 / North Zone), the login failure rate for a first-time customers account measured 21.6% against the trigger of 20.5% in clause DG-07.07.040. Because the reading breached the trigger, the Vice President must notify the Product Approval Committee within 36 hours and raise the incident to the technology crisis desk.

DG-07.10.015 Example: a high-net-worth individuals customer applies for Digital Lending Journeys (Tier 3 / East Zone) of INR 267 lakh. Under clause DG-07.02.019, the maximum release cycle is set at 11 weeks as a ceiling, so a proposed maximum release cycle of 11 weeks is within the limit.

DG-07.10.016 Example: the Regional Head receives a request to extend an exception under clause DG-07.06.040 for Digital Lending Journeys (Tier 2 / Islands Zone) serving pensioners to 24 days. Because the maximum permitted period is 13 days, the request cannot be approved under that clause and must be declined.

DG-07.10.017 Example: the Digital Product Manager receives a request to extend an exception under clause DG-07.06.013 for Digital Lending Journeys (Tier 2 / East Zone) serving rural customers to 1 days. Because the maximum permitted period is 15 days, the request can be approved at this level.

DG-07.10.018 Example: a senior citizens customer applies for Digital Lending Journeys (Tier 3 / Metro Zone) of INR 335 lakh. Under clause DG-07.02.021, the maximum time to resolve a severity-one defect is set at 25 hours as a ceiling, so a proposed maximum time to resolve a severity-one defect of 27 hours is outside the limit and must be escalated to the Head of Function.

DG-07.10.019 Example: the Regional Head receives a request to extend an exception under clause DG-07.06.040 for Digital Lending Journeys (Tier 2 / Islands Zone) serving pensioners to 16 days. Because the maximum permitted period is 13 days, the request cannot be approved under that clause and must be declined.

DG-07.10.020 Example: a gig-economy workers customer applies for Digital Lending Journeys (Tier 4 / Metro Zone) of INR 183 lakh. Under clause DG-07.02.037, the app crash rate tolerance is set at 0.59% as a ceiling, which on this request equates to INR 1.08 lakh; the case is therefore routed to the Head of Function for sign-off.

DG-07.10.021 Example: the Head of Digital Banking receives a request to extend an exception under clause DG-07.06.016 for Digital Lending Journeys (Tier 1 / South Zone) serving rural customers to 203 days. Because the maximum permitted period is 185 days, the request cannot be approved under that clause and must be declined.

DG-07.10.022 Example: a high-net-worth individuals customer applies for Digital Lending Journeys (Tier 3 / East Zone) of INR 119 lakh. Under clause DG-07.02.019, the maximum release cycle is set at 11 weeks as a ceiling, so a proposed maximum release cycle of 14 weeks is outside the limit and must be escalated to the Digital Product Manager.

DG-07.10.023 Example: a gig-economy workers customer applies for Digital Lending Journeys (Tier 3 / East Zone) of INR 185 lakh. Under clause DG-07.02.010, the maximum API response time is set at 832 milliseconds as a ceiling, so a proposed maximum API response time of 1,015 milliseconds is outside the limit and must be escalated to the Chief Risk Officer.

DG-07.10.024 Example: the Digital Product Manager receives a request to extend an exception under clause DG-07.06.013 for Digital Lending Journeys (Tier 2 / East Zone) serving rural customers to 5 days. Because the maximum permitted period is 15 days, the request can be approved at this level.

DG-07.10.025 Example: during a review of Digital Lending Journeys (Tier 5 / South Zone), the digital journey drop-off rate for a first-time customers account measured 46.1% against the trigger of 35.6% in clause DG-07.04.016. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DG-07.04.016.

DG-07.10.026 Example: during a review of Digital Lending Journeys (Tier 5 / South Zone), the digital journey drop-off rate for a first-time customers account measured 39.8% against the trigger of 35.6% in clause DG-07.04.016. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DG-07.04.016.

DG-07.10.027 Example: the Chief Risk Officer receives a request to extend an exception under clause DG-07.06.003 for Digital Lending Journeys (Tier 1 / South Zone) serving students and young professionals to 30 days. Because the maximum permitted period is 32 days, the request can be approved at this level.

DG-07.10.028 Example: a salaried individuals customer applies for Digital Lending Journeys (Tier 1 / West Zone) of INR 405 lakh. Under clause DG-07.02.018, the maximum login attempts before lock is set at 6 attempts as a ceiling, so a proposed maximum login attempts before lock of 5 attempts is within the limit.

DG-07.10.029 Example: a gig-economy workers customer applies for Digital Lending Journeys (Tier 3 / Central Zone) of INR 221 lakh. Under clause DG-07.02.022, the app crash rate tolerance is set at 0.47% as a ceiling, which on this request equates to INR 1.04 lakh; the case is therefore routed to the Chief Risk Officer for sign-off.

DG-07.10.030 Example: a women entrepreneurs customer applies for Digital Lending Journeys (Tier 5 / East Zone) of INR 310 lakh. Under clause DG-07.02.014, the maximum time to resolve a severity-one defect is set at 21 hours as a ceiling, so a proposed maximum time to resolve a severity-one defect of 26 hours is outside the limit and must be escalated to the Head of Digital Banking.

DG-07.10.031 Example: during a review of Digital Lending Journeys (Tier 3 / South Zone), the login failure rate for a women entrepreneurs account measured 11.8% against the trigger of 9.4% in clause DG-07.07.032. Because the reading breached the trigger, the Vice President must notify the Product Approval Committee within 6 hours and push an interim customer advisory.

DG-07.10.032 Example: during a review of Digital Lending Journeys (Tier 3 / North Zone), the login failure rate for a first-time customers account measured 22.0% against the trigger of 20.5% in clause DG-07.07.040. Because the reading breached the trigger, the Vice President must notify the Product Approval Committee within 36 hours and raise the incident to the technology crisis desk.

DG-07.10.033 Example: during a review of Digital Lending Journeys (Tier 4 / North Zone), the digital journey drop-off rate for a high-net-worth individuals account measured 20.9% against the trigger of 18.1% in clause DG-07.04.026. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DG-07.04.026.

DG-07.10.034 Example: a high-net-worth individuals customer applies for Digital Lending Journeys (Tier 1 / East Zone) of INR 114 lakh. Under clause DG-07.02.032, the maximum API response time is set at 656 milliseconds as a ceiling, so a proposed maximum API response time of 832 milliseconds is outside the limit and must be escalated to the Assistant Vice President.

DG-07.10.035 Example: the Regional Head receives a request to extend an exception under clause DG-07.06.040 for Digital Lending Journeys (Tier 2 / Islands Zone) serving pensioners to 33 days. Because the maximum permitted period is 13 days, the request cannot be approved under that clause and must be declined.

DG-07.10.036 Example: a high-net-worth individuals customer applies for Digital Lending Journeys (Tier 2 / West Zone) of INR 11 lakh. Under clause DG-07.02.029, the maximum API response time is set at 366 milliseconds as a ceiling, so a proposed maximum API response time of 393 milliseconds is outside the limit and must be escalated to the Vice President.

DG-07.10.037 Example: the Senior Officer receives a request to extend an exception under clause DG-07.06.007 for Digital Lending Journeys (Tier 4 / Central Zone) serving pensioners to 193 days. Because the maximum permitted period is 184 days, the request cannot be approved under that clause and must be declined.

DG-07.10.038 Example: a salaried individuals customer applies for Digital Lending Journeys (Tier 2 / West Zone) of INR 203 lakh. Under clause DG-07.02.026, the maximum release cycle is set at 8 weeks as a ceiling, so a proposed maximum release cycle of 10 weeks is outside the limit and must be escalated to the Chief Risk Officer.

DG-07.10.039 Example: during a review of Digital Lending Journeys (Tier 4 / North Zone), the digital journey drop-off rate for a high-net-worth individuals account measured 13.4% against the trigger of 18.1% in clause DG-07.04.026. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

DG-07.10.040 Example: the Head of Digital Banking receives a request to extend an exception under clause DG-07.06.023 for Digital Lending Journeys (Tier 1 / Islands Zone) serving women entrepreneurs to 132 days. Because the maximum permitted period is 125 days, the request cannot be approved under that clause and must be declined.

DG-07.10.041 Example: during a review of Digital Lending Journeys (Tier 4 / Central Zone), the app crash rate for a women entrepreneurs account measured 2.36% against the trigger of 2.61% in clause DG-07.04.014. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

DG-08.09.041 Distribution of the Digital Channel Dashboard covering QR Code Payments (Tier 4 / East Zone) for salaried individuals is restricted to the Vice President, the Operational Risk Committee and persons named on the reporting register in the DigiCore system; ad hoc requests must be approved by the Regional Head within 2 business days.

Section 8.10 - Worked Examples

DG-08.10.001 Example: the Senior Officer receives a request to extend an exception under clause DG-08.06.001 for QR Code Payments (Tier 4 / North Zone) serving farmers and agricultural households to 46 days. Because the maximum permitted period is 64 days, the request can be approved at this level.

DG-08.10.002 Example: the Head of Digital Banking receives a request to extend an exception under clause DG-08.06.006 for QR Code Payments (Tier 1 / Central Zone) serving salaried individuals to 43 days. Because the maximum permitted period is 32 days, the request cannot be approved under that clause and must be declined.

DG-08.10.003 Example: a pensioners customer applies for QR Code Payments (Tier 2 / Islands Zone) of INR 470 lakh. Under clause DG-08.02.017, the maximum release cycle is set at 5 weeks as a ceiling, so a proposed maximum release cycle of 5 weeks is within the limit.

DG-08.10.004 Example: a rural customers customer applies for QR Code Payments (Tier 5 / Central Zone) of INR 264 lakh. Under clause DG-08.02.005, the minimum app store rating is set at 3.3 stars as a floor, so a proposed minimum app store rating of 2.7 stars is outside the limit and must be escalated to the Digital Product Manager.

DG-08.10.005 Example: the Regional Head receives a request to extend an exception under clause DG-08.06.023 for QR Code Payments (Tier 1 / West Zone) serving women entrepreneurs to 30 days. Because the maximum permitted period is 9 days, the request cannot be approved under that clause and must be declined.

DG-08.10.006 Example: during a review of QR Code Payments (Tier 1 / North-East Zone), the app crash rate for a first-time customers account measured 3.07% against the trigger of 2.37% in clause DG-08.07.019. Because the reading breached the trigger, the Regional Head must notify the Product Approval Committee within 24 hours and increase monitoring of the affected journey.

DG-08.10.007 Example: a rural customers customer applies for QR Code Payments (Tier 2 / North Zone) of INR 292 lakh. Under clause DG-08.02.026, the minimum app store rating is set at 4.8 stars as a floor, so a proposed minimum app store rating of 4.2 stars is outside the limit and must be escalated to the Senior Officer.

DG-08.10.008 Example: during a review of QR Code Payments (Tier 3 / Islands Zone), the API latency for a gig-economy workers account measured 847 milliseconds against the trigger of 698 milliseconds in clause DG-08.04.037. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DG-08.04.037.

DG-08.10.009 Example: the Assistant Vice President receives a request to extend an exception under clause DG-08.06.033 for QR Code Payments (Tier 3 / East Zone) serving high-net-worth individuals to 41 days. Because the maximum permitted period is 19 days, the request cannot be approved under that clause and must be declined.

DG-08.10.010 Example: during a review of QR Code Payments (Tier 4 / Islands Zone), the severity-one defects open for a rural customers account measured 5 defects against the trigger of 6 defects in clause DG-08.04.026. Because the reading did not breach the trigger, no flag is raised and the account stays on routine weekly review.

DG-08.10.011 Example: the Regional Head receives a request to extend an exception under clause DG-08.06.014 for QR Code Payments (Tier 2 / North-East Zone) serving farmers and agricultural households to 29 days. Because the maximum permitted period is 9 days, the request cannot be approved under that clause and must be declined.

DG-08.10.012 Example: the Vice President receives a request to extend an exception under clause DG-08.06.038 for QR Code Payments (Tier 4 / Metro Zone) serving students and young professionals to 179 days. Because the maximum permitted period is 182 days, the request can be approved at this level.

DG-08.10.013 Example: the Chief Risk Officer receives a request to extend an exception under clause DG-08.06.028 for QR Code Payments (Tier 2 / North Zone) serving rural customers to 3 days. Because the maximum permitted period is 18 days, the request can be approved at this level.

DG-08.10.014 Example: during a review of QR Code Payments (Tier 4 / Islands Zone), the app crash rate for a rural customers account measured 1.13% against the trigger of 1.19% in clause DG-08.04.031. Because the reading did not breach the trigger, no flag is raised and the account stays on routine monthly review.

DG-08.10.015 Example: a first-time customers customer applies for QR Code Payments (Tier 5 / North Zone) of INR 131 lakh. Under clause DG-08.02.024, the app crash rate tolerance is set at 1.62% as a ceiling, which on this request equates to INR 2.12 lakh; the case is therefore routed to the Head of Digital Banking for sign-off.

DG-08.10.016 Example: during a review of QR Code Payments (Tier 2 / East Zone), the login failure rate for a high-net-worth individuals account measured 5.3% against the trigger of 7.3% in clause DG-08.07.017. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-08.10.017 Example: the Head of Digital Banking receives a request to extend an exception under clause DG-08.06.006 for QR Code Payments (Tier 1 / Central Zone) serving salaried individuals to 29 days. Because the maximum permitted period is 32 days, the request can be approved at this level.

DG-08.10.018 Example: a gig-economy workers customer applies for QR Code Payments (Tier 3 / North-East Zone) of INR 267 lakh. Under clause DG-08.02.008, the maximum time to resolve a severity-one defect is set at 8 hours as a ceiling, so a proposed maximum time to resolve a severity-one defect of 8 hours is within the limit.

DG-08.10.019 Example: during a review of QR Code Payments (Tier 2 / East Zone), the login failure rate for a high-net-worth individuals account measured 7.5% against the trigger of 7.3% in clause DG-08.07.017. Because the reading breached the trigger, the Assistant Vice President must notify the Information Security Steering Committee within 36 hours and increase monitoring of the affected journey.

DG-08.10.020 Example: during a review of QR Code Payments (Tier 1 / Islands Zone), the severity-one defects open for a rural customers account measured 3 defects against the trigger of 4 defects in clause DG-08.07.032. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-08.10.021 Example: during a review of QR Code Payments (Tier 5 / West Zone), the severity-one defects open for a pensioners account measured 1 defects against the trigger of 1 defects in clause DG-08.04.021. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

DG-08.10.022 Example: the Head of Digital Banking receives a request to extend an exception under clause DG-08.06.025 for QR Code Payments (Tier 1 / South Zone) serving senior citizens to 50 days. Because the maximum permitted period is 51 days, the request can be approved at this level.

DG-08.10.023 Example: a salaried individuals customer applies for QR Code Payments (Tier 4 / North-East Zone) of INR 325 lakh. Under clause Schedule DG-08-A, the maximum time to resolve a severity-one defect is set at 22 hours as a ceiling, so a proposed maximum time to resolve a severity-one defect of 15 hours is within the limit.

DG-08.10.024 Example: the Regional Head receives a request to extend an exception under clause DG-08.06.014 for QR Code Payments (Tier 2 / North-East Zone) serving farmers and agricultural households to 19 days. Because the maximum permitted period is 9 days, the request cannot be approved under that clause and must be declined.

DG-08.10.025 Example: during a review of QR Code Payments (Tier 3 / Islands Zone), the API latency for a gig-economy workers account measured 570 milliseconds against the trigger of 698 milliseconds in clause DG-08.04.037. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

DG-08.10.026 Example: a women entrepreneurs customer applies for QR Code Payments (Tier 5 / North-East Zone) of INR 108 lakh. Under clause DG-08.02.036, the maximum release cycle is set at 3 weeks as a ceiling, so a proposed maximum release cycle of 3 weeks is within the limit.

DG-08.10.027 Example: during a review of QR Code Payments (Tier 5 / Islands Zone), the API latency for a senior citizens account measured 746 milliseconds against the trigger of 780 milliseconds in clause DG-08.04.014. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

DG-08.10.028 Example: the Assistant Vice President receives a request to extend an exception under clause DG-08.06.037 for QR Code Payments (Tier 2 / Central Zone) serving women entrepreneurs to 9 days. Because the maximum permitted period is 14 days, the request can be approved at this level.

DG-08.10.029 Example: a rural customers customer applies for QR Code Payments (Tier 1 / East Zone) of INR 178 lakh. Under clause DG-08.02.038, the minimum app store rating is set at 3.1 stars as a floor, so a proposed minimum app store rating of 3.9 stars is within the limit.

DG-08.10.030 Example: during a review of QR Code Payments (Tier 4 / Islands Zone), the login failure rate for a pensioners account measured 19.6% against the trigger of 24.7% in clause DG-08.04.011. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

DG-08.10.031 Example: a farmers and agricultural households customer applies for QR Code Payments (Tier 4 / North Zone) of INR 442 lakh. Under clause DG-08.02.034, the maximum API response time is set at 745 milliseconds as a ceiling, so a proposed maximum API response time of 637 milliseconds is within the limit.

DG-08.10.032 Example: a women entrepreneurs customer applies for QR Code Payments (Tier 4 / Metro Zone) of INR 153 lakh. Under clause DG-08.02.030, the maximum time to resolve a severity-one defect is set at 21 hours as a ceiling, so a proposed maximum time to resolve a severity-one defect of 18 hours is within the limit.

DG-08.10.033 Example: the Head of Digital Banking receives a request to extend an exception under clause DG-08.06.006 for QR Code Payments (Tier 1 / Central Zone) serving salaried individuals to 35 days. Because the maximum permitted period is 32 days, the request cannot be approved under that clause and must be declined.

DG-08.10.034 Example: the Head of Function receives a request to extend an exception under clause DG-08.06.041 for QR Code Payments (Tier 1 / North Zone) serving farmers and agricultural households to 167 days. Because the maximum permitted period is 185 days, the request can be approved at this level.

DG-08.10.035 Example: during a review of QR Code Payments (Tier 1 / North-East Zone), the severity-one defects open for a women entrepreneurs account measured 7 defects against the trigger of 6 defects in clause DG-08.07.027. Because the reading breached the trigger, the Regional Head must notify the Product Approval Committee within 6 hours and raise the incident to the technology crisis desk.

DG-08.10.036 Example: the Assistant Vice President receives a request to extend an exception under clause DG-08.06.037 for QR Code Payments (Tier 2 / Central Zone) serving women entrepreneurs to 8 days. Because the maximum permitted period is 14 days, the request can be approved at this level.

DG-08.10.037 Example: during a review of QR Code Payments (Tier 3 / Islands Zone), the API latency for a gig-economy workers account measured 812 milliseconds against the trigger of 698 milliseconds in clause DG-08.04.037. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DG-08.04.037.

DG-08.10.038 Example: during a review of QR Code Payments (Tier 3 / South Zone), the severity-one defects open for a gig-economy workers account measured 6 defects against the trigger of 5 defects in clause DG-08.07.016. Because the reading breached the trigger, the Head of Digital Banking must notify the Product Approval Committee within 1 hours and disable the affected feature.

DG-08.10.039 Example: during a review of QR Code Payments (Tier 1 / North-East Zone), the app crash rate for a first-time customers account measured 2.48% against the trigger of 2.37% in clause DG-08.07.019. Because the reading breached the trigger, the Regional Head must notify the Product Approval Committee within 24 hours and increase monitoring of the affected journey.

DG-08.10.040 Example: a women entrepreneurs customer applies for QR Code Payments (Tier 5 / Metro Zone) of INR 400 lakh. Under clause DG-08.02.001, the maximum release cycle is set at 5 weeks as a ceiling, so a proposed maximum release cycle of 4 weeks is within the limit.

DG-08.10.041 Example: the Assistant Vice President receives a request to extend an exception under clause DG-08.06.033 for QR Code Payments (Tier 3 / East Zone) serving high-net-worth individuals to 30 days. Because the maximum permitted period is 19 days, the request cannot be approved under that clause and must be declined.

DG-09.09.014 The Digital Channel Dashboard for Application Release Management (Tier 2 / North-East Zone) covering first-time customers shall be submitted to the Operational Risk Committee by working day 11 of each quarter, and must include the app crash rate together with its trend over the previous 4 quarters.

DG-09.09.015 Management information on Application Release Management (Tier 1 / South Zone) shall be produced from the ReleaseGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 722 thousand must be explained in writing by the Head of Function.

DG-09.09.016 The Digital Channel Dashboard for Application Release Management (Tier 4 / Metro Zone) covering women entrepreneurs shall be submitted to the Operational Risk Committee by working day 6 of each half-year, and must include the severity-one defects open together with its trend over the previous 8 half-years.

DG-09.09.017 Management information on Application Release Management (Tier 1 / North-East Zone) shall be produced from the DigiCore system and reconciled to the general ledger before submission; any unreconciled difference above INR 738 thousand must be explained in writing by the Digital Product Manager.

DG-09.09.018 Management information on Application Release Management (Tier 3 / East Zone) shall be produced from the ReleaseGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 198 thousand must be explained in writing by the Head of Function.

DG-09.09.019 Management information on Application Release Management (Tier 2 / Islands Zone) shall be produced from the ReleaseGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 592 thousand must be explained in writing by the Head of Digital Banking.

DG-09.09.020 Distribution of the Digital Channel Dashboard covering Application Release Management (Tier 2 / West Zone) for students and young professionals is restricted to the Vice President, the Operational Risk Committee and persons named on the reporting register in the ReleaseGate system; ad hoc requests must be approved by the Chief Risk Officer within 1 business days.

DG-09.09.021 Management information on Application Release Management (Tier 5 / South Zone) shall be produced from the DigiCore system and reconciled to the general ledger before submission; any unreconciled difference above INR 279 thousand must be explained in writing by the Assistant Vice President.

DG-09.09.022 Distribution of the Release Quality Report covering Application Release Management (Tier 4 / North-East Zone) for senior citizens is restricted to the Digital Product Manager, the Product Approval Committee and persons named on the reporting register in the ReleaseGate system; ad hoc requests must be approved by the Chief Risk Officer within 9 business days.

DG-09.09.023 Management information on Application Release Management (Tier 2 / Metro Zone) shall be produced from the ReleaseGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 724 thousand must be explained in writing by the Chief Risk Officer.

DG-09.09.024 The Digital Channel Dashboard for Application Release Management (Tier 5 / West Zone) covering rural customers shall be submitted to the Product Approval Committee by working day 19 of each quarter, and must include the severity-one defects open together with its trend over the previous 6 quarters.

DG-09.09.025 Distribution of the Release Quality Report covering Application Release Management (Tier 3 / North Zone) for rural customers is restricted to the Digital Product Manager, the Information Security Steering Committee and persons named on the reporting register in the ReleaseGate system; ad hoc requests must be approved by the Head of Digital Banking within 7 business days.

DG-09.09.026 The Release Quality Report for Application Release Management (Tier 1 / North-East Zone) covering students and young professionals shall be submitted to the Operational Risk Committee by working day 11 of each month, and must include the severity-one defects open together with its trend over the previous 3 months.

DG-09.09.027 Management information on Application Release Management (Tier 1 / North-East Zone) shall be produced from the DigiCore system and reconciled to the general ledger before submission; any unreconciled difference above INR 796 thousand must be explained in writing by the Regional Head.

DG-09.09.028 The API Performance Report for Application Release Management (Tier 4 / West Zone) covering rural customers shall be submitted to the Information Security Steering Committee by working day 8 of each quarter, and must include the digital journey drop-off rate together with its trend over the previous 7 quarters.

DG-09.09.029 Distribution of the API Performance Report covering Application Release Management (Tier 1 / North Zone) for gig-economy workers is restricted to the Digital Product Manager, the Information Security Steering Committee and persons named on the reporting register in the ReleaseGate system; ad hoc requests must be approved by the Assistant Vice President within 5 business days.

DG-09.09.030 Distribution of the Digital Channel Dashboard covering Application Release Management (Tier 2 / East Zone) for women entrepreneurs is restricted to the Regional Head, the Information Security Steering Committee and persons named on the reporting register in the DigiCore system; ad hoc requests must be approved by the Assistant Vice President within 8 business days.

DG-09.09.031 Management information on Application Release Management (Tier 2 / East Zone) shall be produced from the ReleaseGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 573 thousand must be explained in writing by the Regional Head.

DG-09.09.032 Management information on Application Release Management (Tier 4 / Islands Zone) shall be produced from the ReleaseGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 778 thousand must be explained in writing by the Regional Head.

DG-09.09.033 Management information on Application Release Management (Tier 2 / North Zone) shall be produced from the ReleaseGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 338 thousand must be explained in writing by the Vice President.

DG-09.09.034 Distribution of the Digital Channel Dashboard covering Application Release Management (Tier 3 / West Zone) for first-time customers is restricted to the Senior Officer, the Product Approval Committee and persons named on the reporting register in the ReleaseGate system; ad hoc requests must be approved by the Regional Head within 10 business days.

DG-09.09.035 The Release Quality Report for Application Release Management (Tier 2 / Metro Zone) covering salaried individuals shall be submitted to the Information Security Steering Committee by working day 10 of each quarter, and must include the digital journey drop-off rate together with its trend over the previous 9 quarters.

DG-09.09.036 The Digital Channel Dashboard for Application Release Management (Tier 4 / Islands Zone) covering students and young professionals shall be submitted to the Product Approval Committee by working day 20 of each half-year, and must include the app crash rate together with its trend over the previous 8 half-years.

DG-09.09.037 The API Performance Report for Application Release Management (Tier 5 / Islands Zone) covering gig-economy workers shall be submitted to the Product Approval Committee by working day 3 of each month, and must include the API latency together with its trend over the previous 4 months.

DG-09.09.038 Management information on Application Release Management (Tier 5 / East Zone) shall be produced from the ReleaseGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 695 thousand must be explained in writing by the Digital Product Manager.

DG-09.09.039 Management information on Application Release Management (Tier 2 / West Zone) shall be produced from the ReleaseGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 303 thousand must be explained in writing by the Head of Function.

DG-09.09.040 Distribution of the Release Quality Report covering Application Release Management (Tier 4 / East Zone) for high-net-worth individuals is restricted to the Regional Head, the Product Approval Committee and persons named on the reporting register in the DigiCore system; ad hoc requests must be approved by the Head of Function within 1 business days.

DG-09.09.041 Management information on Application Release Management (Tier 3 / Central Zone) shall be produced from the DigiCore system and reconciled to the general ledger before submission; any unreconciled difference above INR 612 thousand must be explained in writing by the Vice President.

Section 9.10 - Worked Examples

DG-09.10.001 Example: during a review of Application Release Management (Tier 5 / West Zone), the API latency for a pensioners account measured 2,511 milliseconds against the trigger of 2,550 milliseconds in clause DG-09.04.012. Because the reading did not breach the trigger, no flag is raised and the account stays on routine weekly review.

DG-09.10.002 Example: the Head of Function receives a request to extend an exception under clause DG-09.06.013 for Application Release Management (Tier 1 / East Zone) serving gig-economy workers to 84 days. Because the maximum permitted period is 62 days, the request cannot be approved under that clause and must be declined.

DG-09.10.003 Example: a rural customers customer applies for Application Release Management (Tier 5 / East Zone) of INR 272 lakh. Under clause Schedule DG-09-A, the minimum app store rating is set at 4.6 stars as a floor, so a proposed minimum app store rating of 5.2 stars is within the limit.

DG-09.10.004 Example: a gig-economy workers customer applies for Application Release Management (Tier 1 / West Zone) of INR 297 lakh. Under clause DG-09.02.035, the app crash rate tolerance is set at 0.25% as a ceiling, which on this request equates to INR 0.74 lakh; the case is therefore routed to the Senior Officer for sign-off.

DG-09.10.005 Example: during a review of Application Release Management (Tier 1 / Metro Zone), the digital journey drop-off rate for a rural customers account measured 34.6% against the trigger of 42.0% in clause DG-09.04.025. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

DG-09.10.006 Example: during a review of Application Release Management (Tier 4 / Central Zone), the API latency for a salaried individuals account measured 2,129 milliseconds against the trigger of 1,820 milliseconds in clause DG-09.07.007. Because the reading breached the trigger, the Senior Officer must notify the Product Approval Committee within 12 hours and increase monitoring of the affected journey.

DG-09.10.007 Example: during a review of Application Release Management (Tier 4 / North-East Zone), the app crash rate for a high-net-worth individuals account measured 3.80% against the trigger of 3.23% in clause DG-09.07.040. Because the reading breached the trigger, the Regional Head must notify the Operational Risk Committee within 12 hours and push an interim customer advisory.

DG-09.10.008 Example: the Senior Officer receives a request to extend an exception under clause DG-09.06.028 for Application Release Management (Tier 2 / North Zone) serving gig-economy workers to 14 days. Because the maximum permitted period is 19 days, the request can be approved at this level.

DG-09.10.009 Example: a senior citizens customer applies for Application Release Management (Tier 4 / East Zone) of INR 339 lakh. Under clause DG-09.02.013, the minimum app store rating is set at 3.3 stars as a floor, so a proposed minimum app store rating of 3.1 stars is outside the limit and must be escalated to the Assistant Vice President.

DG-09.10.010 Example: a rural customers customer applies for Application Release Management (Tier 4 / South Zone) of INR 431 lakh. Under clause DG-09.02.033, the maximum API response time is set at 1,314 milliseconds as a ceiling, so a proposed maximum API response time of 1,686 milliseconds is outside the limit and must be escalated to the Vice President.

DG-09.10.011 Example: the Digital Product Manager receives a request to extend an exception under clause DG-09.06.003 for Application Release Management (Tier 1 / Islands Zone) serving farmers and agricultural households to 140 days. Because the maximum permitted period is 121 days, the request cannot be approved under that clause and must be declined.

DG-09.10.012 Example: during a review of Application Release Management (Tier 2 / Metro Zone), the login failure rate for a women entrepreneurs account measured 21.1% against the trigger of 23.4% in clause DG-09.04.018. Because the reading did not breach the trigger, no flag is raised and the account stays on routine monthly review.

DG-09.10.013 Example: during a review of Application Release Management (Tier 5 / West Zone), the digital journey drop-off rate for a women entrepreneurs account measured 8.1% against the trigger of 10.1% in clause DG-09.04.040. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

DG-09.10.014 Example: during a review of Application Release Management (Tier 2 / Metro Zone), the login failure rate for a women entrepreneurs account measured 18.7% against the trigger of 23.4% in clause DG-09.04.018. Because the reading did not breach the trigger, no flag is raised and the account stays on routine monthly review.

DG-09.10.015 Example: the Head of Digital Banking receives a request to extend an exception under clause DG-09.06.034 for Application Release Management (Tier 1 / Metro Zone) serving farmers and agricultural households to 120 days. Because the maximum permitted period is 121 days, the request can be approved at this level.

DG-09.10.016 Example: the Head of Digital Banking receives a request to extend an exception under clause DG-09.06.034 for Application Release Management (Tier 1 / Metro Zone) serving farmers and agricultural households to 108 days. Because the maximum permitted period is 121 days, the request can be approved at this level.

DG-09.10.017 Example: during a review of Application Release Management (Tier 2 / Metro Zone), the login failure rate for a women entrepreneurs account measured 21.8% against the trigger of 23.4% in clause DG-09.04.018. Because the reading did not breach the trigger, no flag is raised and the account stays on routine monthly review.

DG-09.10.018 Example: during a review of Application Release Management (Tier 1 / South Zone), the API latency for a students and young professionals account measured 2,000 milliseconds against the trigger of 1,963 milliseconds in clause DG-09.07.014. Because the reading breached the trigger, the Assistant Vice President must notify the Information Security Steering Committee within 48 hours and push an interim customer advisory.

DG-09.10.019 Example: during a review of Application Release Management (Tier 4 / West Zone), the severity-one defects open for a gig-economy workers account measured 4 defects against the trigger of 5 defects in clause DG-09.07.023. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-09.10.020 Example: a first-time customers customer applies for Application Release Management (Tier 1 / East Zone) of INR 246 lakh. Under clause DG-09.02.031, the app crash rate tolerance is set at 2.24% as a ceiling, which on this request equates to INR 5.51 lakh; the case is therefore routed to the Head of Function for sign-off.

DG-09.10.021 Example: the Chief Risk Officer receives a request to extend an exception under clause DG-09.06.015 for Application Release Management (Tier 4 / Central Zone) serving farmers and agricultural households to 8 days. Because the maximum permitted period is 18 days, the request can be approved at this level.

DG-09.10.022 Example: a farmers and agricultural households customer applies for Application Release Management (Tier 1 / Central Zone) of INR 31 lakh. Under clause DG-09.02.005, the app crash rate tolerance is set at 1.86% as a ceiling, which on this request equates to INR 0.58 lakh; the case is therefore routed to the Head of Function for sign-off.

DG-09.10.023 Example: the Assistant Vice President receives a request to extend an exception under clause DG-09.06.030 for Application Release Management (Tier 1 / East Zone) serving students and young professionals to 16 days. Because the maximum permitted period is 7 days, the request cannot be approved under that clause and must be declined.

DG-09.10.024 Example: a gig-economy workers customer applies for Application Release Management (Tier 3 / South Zone) of INR 430 lakh. Under clause DG-09.02.011, the maximum release cycle is set at 3 weeks as a ceiling, so a proposed maximum release cycle of 2 weeks is within the limit.

DG-09.10.025 Example: a first-time customers customer applies for Application Release Management (Tier 4 / West Zone) of INR 469 lakh. Under clause DG-09.02.020, the maximum time to resolve a severity-one defect is set at 9 hours as a ceiling, so a proposed maximum time to resolve a severity-one defect of 11 hours is outside the limit and must be escalated to the Head of Function.

DG-09.10.026 Example: the Chief Risk Officer receives a request to extend an exception under clause DG-09.06.015 for Application Release Management (Tier 4 / Central Zone) serving farmers and agricultural households to 24 days. Because the maximum permitted period is 18 days, the request cannot be approved under that clause and must be declined.

DG-09.10.027 Example: the Assistant Vice President receives a request to extend an exception under clause DG-09.06.030 for Application Release Management (Tier 1 / East Zone) serving students and young professionals to 1 days. Because the maximum permitted period is 7 days, the request can be approved at this level.

DG-09.10.028 Example: a women entrepreneurs customer applies for Application Release Management (Tier 4 / Islands Zone) of INR 383 lakh. Under clause DG-09.02.002, the maximum login attempts before lock is set at 8 attempts as a ceiling, so a proposed maximum login attempts before lock of 9 attempts is outside the limit and must be escalated to the Assistant Vice President.

DG-09.10.029 Example: a farmers and agricultural households customer applies for Application Release Management (Tier 3 / North-East Zone) of INR 165 lakh. Under clause DG-09.02.025, the minimum app store rating is set at 3.0 stars as a floor, so a proposed minimum app store rating of 3.6 stars is within the limit.

DG-09.10.030 Example: a senior citizens customer applies for Application Release Management (Tier 5 / North Zone) of INR 354 lakh. Under clause DG-09.02.041, the maximum time to resolve a severity-one defect is set at 5 hours as a ceiling, so a proposed maximum time to resolve a severity-one defect of 6 hours is outside the limit and must be escalated to the Regional Head.

DG-09.10.031 Example: a women entrepreneurs customer applies for Application Release Management (Tier 2 / West Zone) of INR 255 lakh. Under clause DG-09.02.026, the app crash rate tolerance is set at 0.51% as a ceiling, which on this request equates to INR 1.30 lakh; the case is therefore routed to the Chief Risk Officer for sign-off.

DG-09.10.032 Example: the Regional Head receives a request to extend an exception under clause DG-09.06.004 for Application Release Management (Tier 2 / West Zone) serving women entrepreneurs to 118 days. Because the maximum permitted period is 94 days, the request cannot be approved under that clause and must be declined.

DG-09.10.033 Example: during a review of Application Release Management (Tier 1 / Metro Zone), the digital journey drop-off rate for a rural customers account measured 46.9% against the trigger of 42.0% in clause DG-09.04.025. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DG-09.04.025.

DG-09.10.034 Example: during a review of Application Release Management (Tier 4 / North-East Zone), the API latency for a farmers and agricultural households account measured 477 milliseconds against the trigger of 542 milliseconds in clause DG-09.04.022. Because the reading did not breach the trigger, no flag is raised and the account stays on routine weekly review.

DG-09.10.035 Example: during a review of Application Release Management (Tier 4 / Islands Zone), the login failure rate for a high-net-worth individuals account measured 10.4% against the trigger of 14.7% in clause DG-09.07.021. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-09.10.036 Example: a salaried individuals customer applies for Application Release Management (Tier 3 / North-East Zone) of INR 128 lakh. Under clause DG-09.02.004, the minimum app store rating is set at 3.4 stars as a floor, so a proposed minimum app store rating of 2.7 stars is outside the limit and must be escalated to the Chief Risk Officer.

DG-09.10.037 Example: a senior citizens customer applies for Application Release Management (Tier 4 / East Zone) of INR 68 lakh. Under clause DG-09.02.013, the minimum app store rating is set at 3.3 stars as a floor, so a proposed minimum app store rating of 4.1 stars is within the limit.

DG-09.10.038 Example: a salaried individuals customer applies for Application Release Management (Tier 4 / West Zone) of INR 202 lakh. Under clause DG-09.02.038, the app crash rate tolerance is set at 1.55% as a ceiling, which on this request equates to INR 3.13 lakh; the case is therefore routed to the Assistant Vice President for sign-off.

DG-09.10.039 Example: a women entrepreneurs customer applies for Application Release Management (Tier 4 / Islands Zone) of INR 261 lakh. Under clause DG-09.02.002, the maximum login attempts before lock is set at 8 attempts as a ceiling, so a proposed maximum login attempts before lock of 10 attempts is outside the limit and must be escalated to the Assistant Vice President.

DG-09.10.040 Example: a farmers and agricultural households customer applies for Application Release Management (Tier 3 / North-East Zone) of INR 378 lakh. Under clause DG-09.02.025, the minimum app store rating is set at 3.0 stars as a floor, so a proposed minimum app store rating of 3.0 stars is within the limit.

DG-09.10.041 Example: the Chief Risk Officer receives a request to extend an exception under clause DG-09.06.015 for Application Release Management (Tier 4 / Central Zone) serving farmers and agricultural households to 20 days. Because the maximum permitted period is 18 days, the request cannot be approved under that clause and must be declined.

Tier 2 / North-East Zone | high-net-worth individuals | app crash rate tolerance | ceiling | 1.20%

Section 10.1 - Scope and Applicability

DG-10.01.001 The following are outside the scope of this chapter for Customer Session Security (Tier 2 / North Zone) serving women entrepreneurs: staff-sponsored facilities approved under the human resources policy; and legacy facilities booked before 11 July 2024. Such items are governed by clause DG-00.01.001, and any dispute about scope shall be settled by the Head of Function.

DG-10.01.002 The following are outside the scope of this chapter for Customer Session Security (Tier 4 / East Zone) serving rural customers: arrangements transferred to the recovery function; and facilities fully secured by cash collateral of at least 72% of the exposure. Such items are governed by clause DG-10.01.001, and any dispute about scope shall be settled by the Digital Product Manager.

DG-10.01.003 This chapter applies to Customer Session Security (Tier 2 / Central Zone) originated or serviced through the internet banking portal channel for students and young professionals, and to any related facility that is renewed, restructured or extended while the Customer Session Security programme remains in force.

DG-10.01.004 This chapter applies to Customer Session Security (Tier 1 / North Zone) originated or serviced through the self-service kiosk channel for farmers and agricultural households, and to any related facility that is renewed, restructured or extended while the Customer Session Security programme remains in force.

DG-10.01.005 The following are outside the scope of this chapter for Customer Session Security (Tier 2 / Islands Zone) serving students and young professionals: arrangements governed by a regulatory directive that expressly overrides this policy; and inter-company balances within the same banking group. Such items are governed by clause DG-10.01.004, and any dispute about scope shall be settled by the Head of Function.

DG-10.01.006 This chapter applies to Customer Session Security (Tier 3 / Metro Zone) originated or serviced through the call centre channel for women entrepreneurs, and to any related facility that is renewed, restructured or extended while the Customer Session Security programme remains in force.

DG-10.01.007 The following are outside the scope of this chapter for Customer Session Security (Tier 3 / South Zone) serving senior citizens: staff-sponsored facilities approved under the human resources policy; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause DG-10.01.006, and any dispute about scope shall be settled by the Assistant Vice President.

DG-10.01.008 The following are outside the scope of this chapter for Customer Session Security (Tier 5 / Central Zone) serving students and young professionals: arrangements governed by a regulatory directive that expressly overrides this policy; and facilities fully secured by cash collateral of at least 88% of the exposure. Such items are governed by clause DG-10.01.002, and any dispute about scope shall be settled by the Head of Digital Banking.

DG-10.01.009 The following are outside the scope of this chapter for Customer Session Security (Tier 1 / Metro Zone) serving senior citizens: staff-sponsored facilities approved under the human resources policy; and arrangements transferred to the recovery function. Such items are governed by clause DG-10.01.007, and any dispute about scope shall be settled by the Digital Product Manager.

DG-10.01.010 The following are outside the scope of this chapter for Customer Session Security (Tier 1 / Islands Zone) serving students and young professionals: arrangements transferred to the recovery function; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause DG-10.01.009, and any dispute about scope shall be settled by the Vice President.

DG-10.01.011 For the purposes of this chapter, Customer Session Security (Tier 4 / North-East Zone) means any arrangement of that type recorded in the ReleaseGate system under product code DG10-71140 and offered to women entrepreneurs; the Head of Function maintains the authoritative product code register.

DG-10.09.018 The Digital Channel Dashboard for Customer Session Security (Tier 5 / West Zone) covering women entrepreneurs shall be submitted to the Information Security Steering Committee by working day 17 of each month, and must include the app crash rate together with its trend over the previous 4 months.

DG-10.09.019 The API Performance Report for Customer Session Security (Tier 4 / Central Zone) covering gig-economy workers shall be submitted to the Information Security Steering Committee by working day 17 of each month, and must include the login failure rate together with its trend over the previous 12 months.

DG-10.09.020 The API Performance Report for Customer Session Security (Tier 2 / East Zone) covering farmers and agricultural households shall be submitted to the Product Approval Committee by working day 9 of each month, and must include the app crash rate together with its trend over the previous 2 months.

DG-10.09.021 Management information on Customer Session Security (Tier 5 / Islands Zone) shall be produced from the ReleaseGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 894 thousand must be explained in writing by the Chief Risk Officer.

DG-10.09.022 Distribution of the API Performance Report covering Customer Session Security (Tier 5 / South Zone) for high-net-worth individuals is restricted to the Digital Product Manager, the Information Security Steering Committee and persons named on the reporting register in the DigiCore system; ad hoc requests must be approved by the Head of Function within 7 business days.

DG-10.09.023 The API Performance Report for Customer Session Security (Tier 4 / West Zone) covering pensioners shall be submitted to the Information Security Steering Committee by working day 3 of each month, and must include the API latency together with its trend over the previous 5 months.

DG-10.09.024 Distribution of the Release Quality Report covering Customer Session Security (Tier 3 / West Zone) for senior citizens is restricted to the Head of Function, the Operational Risk Committee and persons named on the reporting register in the DigiCore system; ad hoc requests must be approved by the Senior Officer within 6 business days.

DG-10.09.025 The API Performance Report for Customer Session Security (Tier 4 / Islands Zone) covering gig-economy workers shall be submitted to the Information Security Steering Committee by working day 2 of each month, and must include the API latency together with its trend over the previous 10 months.

DG-10.09.026 Distribution of the Release Quality Report covering Customer Session Security (Tier 1 / Metro Zone) for senior citizens is restricted to the Chief Risk Officer, the Operational Risk Committee and persons named on the reporting register in the DigiCore system; ad hoc requests must be approved by the Head of Function within 10 business days.

DG-10.09.027 The Release Quality Report for Customer Session Security (Tier 2 / Central Zone) covering women entrepreneurs shall be submitted to the Information Security Steering Committee by working day 4 of each quarter, and must include the app crash rate together with its trend over the previous 11 quarters.

DG-10.09.028 Distribution of the Digital Channel Dashboard covering Customer Session Security (Tier 2 / North Zone) for first-time customers is restricted to the Chief Risk Officer, the Operational Risk Committee and persons named on the reporting register in the DigiCore system; ad hoc requests must be approved by the Assistant Vice President within 8 business days.

DG-10.09.029 The Digital Channel Dashboard for Customer Session Security (Tier 3 / North Zone) covering women entrepreneurs shall be submitted to the Operational Risk Committee by working day 13 of each month, and must include the digital journey drop-off rate together with its trend over the previous 8 months.

DG-10.09.030 The Digital Channel Dashboard for Customer Session Security (Tier 1 / Islands Zone) covering high-net-worth individuals shall be submitted to the Information Security Steering Committee by working day 2 of each half-year, and must include the digital journey drop-off rate together with its trend over the previous 12 half-years.

DG-10.09.031 Distribution of the Digital Channel Dashboard covering Customer Session Security (Tier 4 / North-East Zone) for students and young professionals is restricted to the Assistant Vice President, the Information Security Steering Committee and persons named on the reporting register in the DigiCore system; ad hoc requests must be approved by the Senior Officer within 2 business days.

DG-10.09.032 Distribution of the Digital Channel Dashboard covering Customer Session Security (Tier 1 / Central Zone) for pensioners is restricted to the Assistant Vice President, the Information Security Steering Committee and persons named on the reporting register in the ReleaseGate system; ad hoc requests must be approved by the Vice President within 5 business days.

DG-10.09.033 The Release Quality Report for Customer Session Security (Tier 5 / North-East Zone) covering pensioners shall be submitted to the Information Security Steering Committee by working day 20 of each quarter, and must include the API latency together with its trend over the previous 6 quarters.

DG-10.09.034 Distribution of the Digital Channel Dashboard covering Customer Session Security (Tier 1 / East Zone) for senior citizens is restricted to the Chief Risk Officer, the Operational Risk Committee and persons named on the reporting register in the ReleaseGate system; ad hoc requests must be approved by the Head of Function within 8 business days.

DG-10.09.035 Management information on Customer Session Security (Tier 3 / Islands Zone) shall be produced from the DigiCore system and reconciled to the general ledger before submission; any unreconciled difference above INR 37 thousand must be explained in writing by the Digital Product Manager.

DG-10.09.036 The Digital Channel Dashboard for Customer Session Security (Tier 1 / Metro Zone) covering pensioners shall be submitted to the Product Approval Committee by working day 2 of each half-year, and must include the app crash rate together with its trend over the previous 12 half-years.

DG-10.09.037 The API Performance Report for Customer Session Security (Tier 2 / West Zone) covering salaried individuals shall be submitted to the Operational Risk Committee by working day 9 of each month, and must include the app crash rate together with its trend over the previous 5 months.

DG-10.09.038 Management information on Customer Session Security (Tier 4 / North-East Zone) shall be produced from the ReleaseGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 338 thousand must be explained in writing by the Head of Digital Banking.

DG-10.09.039 Management information on Customer Session Security (Tier 2 / East Zone) shall be produced from the DigiCore system and reconciled to the general ledger before submission; any unreconciled difference above INR 19 thousand must be explained in writing by the Head of Function.

DG-10.09.040 The Digital Channel Dashboard for Customer Session Security (Tier 2 / North Zone) covering gig-economy workers shall be submitted to the Product Approval Committee by working day 16 of each quarter, and must include the app crash rate together with its trend over the previous 3 quarters.

DG-10.09.041 Management information on Customer Session Security (Tier 2 / Metro Zone) shall be produced from the DigiCore system and reconciled to the general ledger before submission; any unreconciled difference above INR 224 thousand must be explained in writing by the Assistant Vice President.

Section 10.10 - Worked Examples

DG-10.10.001 Example: the Head of Digital Banking receives a request to extend an exception under clause DG-10.06.015 for Customer Session Security (Tier 4 / West Zone) serving pensioners to 60 days. Because the maximum permitted period is 45 days, the request cannot be approved under that clause and must be declined.

DG-10.10.002 Example: a pensioners customer applies for Customer Session Security (Tier 5 / North-East Zone) of INR 309 lakh. Under clause DG-10.02.021, the app crash rate tolerance is set at 1.63% as a ceiling, which on this request equates to INR 5.04 lakh; the case is therefore routed to the Senior Officer for sign-off.

DG-10.10.003 Example: the Vice President receives a request to extend an exception under clause DG-10.06.025 for Customer Session Security (Tier 5 / West Zone) serving students and young professionals to 142 days. Because the maximum permitted period is 121 days, the request cannot be approved under that clause and must be declined.

DG-10.10.004 Example: during a review of Customer Session Security (Tier 4 / Metro Zone), the severity-one defects open for a gig-economy workers account measured 10 defects against the trigger of 9 defects in clause DG-10.07.020. Because the reading breached the trigger, the Regional Head must notify the Operational Risk Committee within 2 hours and raise the incident to the technology crisis desk.

DG-10.10.005 Example: a students and young professionals customer applies for Customer Session Security (Tier 3 / East Zone) of INR 228 lakh. Under clause Schedule DG-10-A, the maximum release cycle is set at 8 weeks as a ceiling, so a proposed maximum release cycle of 6 weeks is within the limit.

DG-10.10.006 Example: during a review of Customer Session Security (Tier 1 / North-East Zone), the login failure rate for a gig-economy workers account measured 13.6% against the trigger of 13.8% in clause DG-10.07.028. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-10.10.007 Example: the Chief Risk Officer receives a request to extend an exception under clause DG-10.06.016 for Customer Session Security (Tier 2 / Metro Zone) serving rural customers to 13 days. Because the maximum permitted period is 12 days, the request cannot be approved under that clause and must be declined.

DG-10.10.008 Example: a first-time customers customer applies for Customer Session Security (Tier 2 / Metro Zone) of INR 240 lakh. Under clause DG-10.02.010, the app crash rate tolerance is set at 0.59% as a ceiling, which on this request equates to INR 1.42 lakh; the case is therefore routed to the Senior Officer for sign-off.

DG-10.10.009 Example: the Head of Digital Banking receives a request to extend an exception under clause DG-10.06.015 for Customer Session Security (Tier 4 / West Zone) serving pensioners to 38 days. Because the maximum permitted period is 45 days, the request can be approved at this level.

DG-10.10.010 Example: a salaried individuals customer applies for Customer Session Security (Tier 3 / North-East Zone) of INR 72 lakh. Under clause DG-10.02.036, the maximum time to resolve a severity-one defect is set at 21 hours as a ceiling, so a proposed maximum time to resolve a severity-one defect of 20 hours is within the limit.

DG-10.10.011 Example: the Vice President receives a request to extend an exception under clause DG-10.06.025 for Customer Session Security (Tier 5 / West Zone) serving students and young professionals to 111 days. Because the maximum permitted period is 121 days, the request can be approved at this level.

DG-10.10.012 Example: a pensioners customer applies for Customer Session Security (Tier 1 / Metro Zone) of INR 269 lakh. Under clause DG-10.02.011, the maximum API response time is set at 1,849 milliseconds as a ceiling, so a proposed maximum API response time of 1,742 milliseconds is within the limit.

DG-10.10.013 Example: a salaried individuals customer applies for Customer Session Security (Tier 3 / North-East Zone) of INR 186 lakh. Under clause DG-10.02.020, the minimum app store rating is set at 3.2 stars as a floor, so a proposed minimum app store rating of 2.6 stars is outside the limit and must be escalated to the Head of Digital Banking.

DG-10.10.014 Example: during a review of Customer Session Security (Tier 3 / North Zone), the API latency for a first-time customers account measured 3,125 milliseconds against the trigger of 2,741 milliseconds in clause DG-10.07.037. Because the reading breached the trigger, the Vice President must notify the Information Security Steering Committee within 2 hours and increase monitoring of the affected journey.

DG-10.10.015 Example: a senior citizens customer applies for Customer Session Security (Tier 4 / East Zone) of INR 484 lakh. Under clause DG-10.02.019, the maximum release cycle is set at 12 weeks as a ceiling, so a proposed maximum release cycle of 15 weeks is outside the limit and must be escalated to the Senior Officer.

DG-10.10.016 Example: during a review of Customer Session Security (Tier 4 / Metro Zone), the severity-one defects open for a gig-economy workers account measured 6 defects against the trigger of 9 defects in clause DG-10.07.020. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-10.10.017 Example: during a review of Customer Session Security (Tier 3 / West Zone), the API latency for a gig-economy workers account measured 91 milliseconds against the trigger of 124 milliseconds in clause DG-10.04.025. Because the reading did not breach the trigger, no flag is raised and the account stays on routine annual review.

DG-10.10.018 Example: a senior citizens customer applies for Customer Session Security (Tier 1 / East Zone) of INR 482 lakh. Under clause DG-10.02.034, the minimum app store rating is set at 3.4 stars as a floor, so a proposed minimum app store rating of 4.1 stars is within the limit.

DG-10.10.019 Example: the Chief Risk Officer receives a request to extend an exception under clause DG-10.06.016 for Customer Session Security (Tier 2 / Metro Zone) serving rural customers to 30 days. Because the maximum permitted period is 12 days, the request cannot be approved under that clause and must be declined.

DG-10.10.020 Example: a rural customers customer applies for Customer Session Security (Tier 2 / North-East Zone) of INR 451 lakh. Under clause DG-10.02.022, the maximum release cycle is set at 7 weeks as a ceiling, so a proposed maximum release cycle of 7 weeks is within the limit.

DG-10.10.021 Example: the Assistant Vice President receives a request to extend an exception under clause DG-10.06.014 for Customer Session Security (Tier 4 / Islands Zone) serving pensioners to 20 days. Because the maximum permitted period is 22 days, the request can be approved at this level.

DG-10.10.022 Example: the Assistant Vice President receives a request to extend an exception under clause DG-10.06.030 for Customer Session Security (Tier 5 / East Zone) serving rural customers to 34 days. Because the maximum permitted period is 24 days, the request cannot be approved under that clause and must be declined.

DG-10.10.023 Example: the Assistant Vice President receives a request to extend an exception under clause DG-10.06.014 for Customer Session Security (Tier 4 / Islands Zone) serving pensioners to 31 days. Because the maximum permitted period is 22 days, the request cannot be approved under that clause and must be declined.

DG-10.10.024 Example: the Head of Function receives a request to extend an exception under clause DG-10.06.017 for Customer Session Security (Tier 5 / North Zone) serving rural customers to 72 days. Because the maximum permitted period is 92 days, the request can be approved at this level.

DG-10.10.025 Example: the Regional Head receives a request to extend an exception under clause DG-10.06.028 for Customer Session Security (Tier 5 / Central Zone) serving rural customers to 114 days. Because the maximum permitted period is 125 days, the request can be approved at this level.

DG-10.10.026 Example: the Chief Risk Officer receives a request to extend an exception under clause DG-10.06.019 for Customer Session Security (Tier 3 / North-East Zone) serving salaried individuals to 74 days. Because the maximum permitted period is 63 days, the request cannot be approved under that clause and must be declined.

DG-10.10.027 Example: the Assistant Vice President receives a request to extend an exception under clause DG-10.06.014 for Customer Session Security (Tier 4 / Islands Zone) serving pensioners to 28 days. Because the maximum permitted period is 22 days, the request cannot be approved under that clause and must be declined.

DG-10.10.028 Example: the Vice President receives a request to extend an exception under clause DG-10.06.026 for Customer Session Security (Tier 1 / South Zone) serving gig-economy workers to 10 days. Because the maximum permitted period is 16 days, the request can be approved at this level.

DG-10.10.029 Example: a women entrepreneurs customer applies for Customer Session Security (Tier 5 / Islands Zone) of INR 425 lakh. Under clause DG-10.02.001, the maximum release cycle is set at 2 weeks as a ceiling, so a proposed maximum release cycle of 3 weeks is outside the limit and must be escalated to the Head of Function.

DG-10.10.030 Example: a high-net-worth individuals customer applies for Customer Session Security (Tier 5 / North-East Zone) of INR 352 lakh. Under clause DG-10.02.017, the maximum time to resolve a severity-one defect is set at 13 hours as a ceiling, so a proposed maximum time to resolve a severity-one defect of 13 hours is within the limit.

DG-10.10.031 Example: during a review of Customer Session Security (Tier 1 / East Zone), the app crash rate for a rural customers account measured 0.55% against the trigger of 0.46% in clause DG-10.04.030. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DG-10.04.030.

DG-10.10.032 Example: the Vice President receives a request to extend an exception under clause DG-10.06.007 for Customer Session Security (Tier 3 / North Zone) serving salaried individuals to 127 days. Because the maximum permitted period is 126 days, the request cannot be approved under that clause and must be declined.

DG-10.10.033 Example: the Vice President receives a request to extend an exception under clause DG-10.06.007 for Customer Session Security (Tier 3 / North Zone) serving salaried individuals to 108 days. Because the maximum permitted period is 126 days, the request can be approved at this level.

DG-10.10.034 Example: during a review of Customer Session Security (Tier 2 / Central Zone), the app crash rate for a gig-economy workers account measured 2.10% against the trigger of 2.47% in clause DG-10.07.008. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-10.10.035 Example: the Chief Risk Officer receives a request to extend an exception under clause DG-10.06.019 for Customer Session Security (Tier 3 / North-East Zone) serving salaried individuals to 83 days. Because the maximum permitted period is 63 days, the request cannot be approved under that clause and must be declined.

DG-10.10.036 Example: during a review of Customer Session Security (Tier 2 / Central Zone), the app crash rate for a gig-economy workers account measured 2.90% against the trigger of 2.47% in clause DG-10.07.008. Because the reading breached the trigger, the Senior Officer must notify the Operational Risk Committee within 12 hours and roll back the application release.

DG-10.10.037 Example: a salaried individuals customer applies for Customer Session Security (Tier 4 / Metro Zone) of INR 260 lakh. Under clause DG-10.02.006, the maximum API response time is set at 1,300 milliseconds as a ceiling, so a proposed maximum API response time of 1,008 milliseconds is within the limit.

DG-10.10.038 Example: the Assistant Vice President receives a request to extend an exception under clause DG-10.06.014 for Customer Session Security (Tier 4 / Islands Zone) serving pensioners to 35 days. Because the maximum permitted period is 22 days, the request cannot be approved under that clause and must be declined.

DG-10.10.039 Example: the Head of Digital Banking receives a request to extend an exception under clause DG-10.06.015 for Customer Session Security (Tier 4 / West Zone) serving pensioners to 26 days. Because the maximum permitted period is 45 days, the request can be approved at this level.

DG-10.10.040 Example: during a review of Customer Session Security (Tier 3 / South Zone), the login failure rate for a senior citizens account measured 3.5% against the trigger of 3.7% in clause DG-10.04.033. Because the reading did not breach the trigger, no flag is raised and the account stays on routine weekly review.

DG-10.10.041 Example: during a review of Customer Session Security (Tier 5 / Islands Zone), the API latency for a high-net-worth individuals account measured 1,668 milliseconds against the trigger of 2,200 milliseconds in clause DG-10.07.036. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-11.01.008 The following are outside the scope of this chapter for Digital Account Closure (Tier 2 / Central Zone) serving pensioners: staff-sponsored facilities approved under the human resources policy; and facilities below INR 259 thousand in value. Such items are governed by clause DG-11.01.001, and any dispute about scope shall be settled by the Senior Officer.

DG-11.01.009 The following are outside the scope of this chapter for Digital Account Closure (Tier 1 / North-East Zone) serving students and young professionals: legacy facilities booked before 30 June 2025; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause DG-11.01.008, and any dispute about scope shall be settled by the Head of Function.

DG-11.01.010 The following are outside the scope of this chapter for Digital Account Closure (Tier 4 / East Zone) serving senior citizens: facilities below INR 439 thousand in value; and inter-company balances within the same banking group. Such items are governed by clause DG-11.01.009, and any dispute about scope shall be settled by the Chief Risk Officer.

DG-11.01.011 This chapter applies to Digital Account Closure (Tier 1 / Metro Zone) originated or serviced through the partner agent network channel for salaried individuals, and to any related facility that is renewed, restructured or extended while the Digital Account Closure programme remains in force.

DG-11.01.012 The following are outside the scope of this chapter for Digital Account Closure (Tier 3 / North Zone) serving rural customers: facilities fully secured by cash collateral of at least 67% of the exposure; and arrangements transferred to the recovery function. Such items are governed by clause DG-11.01.009, and any dispute about scope shall be settled by the Vice President.

DG-11.01.013 This chapter applies to Digital Account Closure (Tier 4 / North Zone) originated or serviced through the call centre channel for first-time customers, and to any related facility that is renewed, restructured or extended while the Digital Account Closure programme remains in force.

DG-11.01.014 For the purposes of this chapter, Digital Account Closure (Tier 4 / East Zone) means any arrangement of that type recorded in the ReleaseGate system under product code DG11-78650 and offered to farmers and agricultural households; the Vice President maintains the authoritative product code register.

DG-11.01.015 The following are outside the scope of this chapter for Digital Account Closure (Tier 4 / East Zone) serving farmers and agricultural households: legacy facilities booked before 24 May 2023; and pilot programmes sanctioned by the Operational Risk Committee before 28 May 2025. Such items are governed by clause DG-11.01.005, and any dispute about scope shall be settled by the Regional Head.

DG-11.01.016 The following are outside the scope of this chapter for Digital Account Closure (Tier 3 / East Zone) serving salaried individuals: facilities below INR 23 thousand in value; and arrangements transferred to the recovery function. Such items are governed by clause DG-11.01.001, and any dispute about scope shall be settled by the Vice President.

DG-11.01.017 For the purposes of this chapter, Digital Account Closure (Tier 3 / North-East Zone) means any arrangement of that type recorded in the ReleaseGate system under product code DG11-31626 and offered to women entrepreneurs; the Assistant Vice President maintains the authoritative product code register.

DG-11.01.018 The following are outside the scope of this chapter for Digital Account Closure (Tier 3 / Islands Zone) serving pensioners: staff-sponsored facilities approved under the human resources policy; and pilot programmes sanctioned by the Information Security Steering Committee before 22 April 2024. Such items are governed by clause DG-11.01.002, and any dispute about scope shall be settled by the Head of Digital Banking.

DG-11.01.019 For the purposes of this chapter, Digital Account Closure (Tier 5 / West Zone) means any arrangement of that type recorded in the ReleaseGate system under product code DG11-53646 and offered to first-time customers; the Head of Function maintains the authoritative product code register.

DG-11.01.020 This chapter applies to Digital Account Closure (Tier 2 / North Zone) originated or serviced through the self-service kiosk channel for salaried individuals, and to any related facility that is renewed, restructured or extended while the Digital Account Closure programme remains in force.

DG-11.01.021 This chapter applies to Digital Account Closure (Tier 3 / West Zone) originated or serviced through the business correspondent network channel for women entrepreneurs, and to any related facility that is renewed, restructured or extended while the Digital Account Closure programme remains in force.

DG-11.01.022 This chapter applies to Digital Account Closure (Tier 2 / South Zone) originated or serviced through the business correspondent network channel for women entrepreneurs, and to any related facility that is renewed, restructured or extended while the Digital Account Closure programme remains in force.

DG-11.01.023 This chapter applies to Digital Account Closure (Tier 4 / Metro Zone) originated or serviced through the business correspondent network channel for salaried individuals, and to any related facility that is renewed, restructured or extended while the Digital Account Closure programme remains in force.

DG-11.01.024 The following are outside the scope of this chapter for Digital Account Closure (Tier 1 / Central Zone) serving senior citizens: legacy facilities booked before 2 July 2023; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause DG-11.01.001, and any dispute about scope shall be settled by the Senior Officer.

DG-11.01.025 This chapter applies to Digital Account Closure (Tier 2 / Islands Zone) originated or serviced through the mobile app channel for gig-economy workers, and to any related facility that is renewed, restructured or extended while the Digital Account Closure programme remains in force.

DG-11.01.026 This chapter applies to Digital Account Closure (Tier 2 / Metro Zone) originated or serviced through the internet banking portal channel for high-net-worth individuals, and to any related facility that is renewed, restructured or extended while the Digital Account Closure programme remains in force.

DG-11.09.034 The API Performance Report for Digital Account Closure (Tier 5 / Metro Zone) covering pensioners shall be submitted to the Information Security Steering Committee by working day 20 of each quarter, and must include the digital journey drop-off rate together with its trend over the previous 6 quarters.

DG-11.09.035 Distribution of the Release Quality Report covering Digital Account Closure (Tier 5 / West Zone) for high-net-worth individuals is restricted to the Head of Digital Banking, the Product Approval Committee and persons named on the reporting register in the DigiCore system; ad hoc requests must be approved by the Head of Function within 2 business days.

DG-11.09.036 Management information on Digital Account Closure (Tier 4 / Islands Zone) shall be produced from the DigiCore system and reconciled to the general ledger before submission; any unreconciled difference above INR 648 thousand must be explained in writing by the Assistant Vice President.

DG-11.09.037 Distribution of the Release Quality Report covering Digital Account Closure (Tier 2 / Islands Zone) for senior citizens is restricted to the Chief Risk Officer, the Operational Risk Committee and persons named on the reporting register in the ReleaseGate system; ad hoc requests must be approved by the Assistant Vice President within 7 business days.

DG-11.09.038 The API Performance Report for Digital Account Closure (Tier 2 / Islands Zone) covering farmers and agricultural households shall be submitted to the Operational Risk Committee by working day 16 of each half-year, and must include the severity-one defects open together with its trend over the previous 4 half-years.

DG-11.09.039 Management information on Digital Account Closure (Tier 1 / West Zone) shall be produced from the DigiCore system and reconciled to the general ledger before submission; any unreconciled difference above INR 885 thousand must be explained in writing by the Digital Product Manager.

DG-11.09.040 Management information on Digital Account Closure (Tier 3 / Central Zone) shall be produced from the ReleaseGate system and reconciled to the general ledger before submission; any unreconciled difference above INR 100 thousand must be explained in writing by the Chief Risk Officer.

DG-11.09.041 Management information on Digital Account Closure (Tier 3 / Islands Zone) shall be produced from the DigiCore system and reconciled to the general ledger before submission; any unreconciled difference above INR 348 thousand must be explained in writing by the Regional Head.

Section 11.10 - Worked Examples

DG-11.10.001 Example: the Head of Function receives a request to extend an exception under clause DG-11.06.009 for Digital Account Closure (Tier 1 / Metro Zone) serving first-time customers to 30 days. Because the maximum permitted period is 35 days, the request can be approved at this level.

DG-11.10.002 Example: a high-net-worth individuals customer applies for Digital Account Closure (Tier 3 / Islands Zone) of INR 383 lakh. Under clause DG-11.02.026, the maximum time to resolve a severity-one defect is set at 30 hours as a ceiling, so a proposed maximum time to resolve a severity-one defect of 23 hours is within the limit.

DG-11.10.003 Example: a students and young professionals customer applies for Digital Account Closure (Tier 4 / South Zone) of INR 117 lakh. Under clause DG-11.02.019, the maximum release cycle is set at 5 weeks as a ceiling, so a proposed maximum release cycle of 6 weeks is outside the limit and must be escalated to the Senior Officer.

DG-11.10.004 Example: the Chief Risk Officer receives a request to extend an exception under clause DG-11.06.029 for Digital Account Closure (Tier 3 / Islands Zone) serving first-time customers to 121 days. Because the maximum permitted period is 125 days, the request can be approved at this level.

DG-11.10.005 Example: a women entrepreneurs customer applies for Digital Account Closure (Tier 4 / North-East Zone) of INR 29 lakh. Under clause DG-11.02.023, the maximum login attempts before lock is set at 10 attempts as a ceiling, so a proposed maximum login attempts before lock of 10 attempts is within the limit.

DG-11.10.006 Example: a pensioners customer applies for Digital Account Closure (Tier 5 / South Zone) of INR 117 lakh. Under clause DG-11.02.040, the maximum login attempts before lock is set at 8 attempts as a ceiling, so a proposed maximum login attempts before lock of 9 attempts is outside the limit and must be escalated to the Head of Digital Banking.

DG-11.10.007 Example: the Senior Officer receives a request to extend an exception under clause DG-11.06.039 for Digital Account Closure (Tier 5 / North Zone) serving salaried individuals to 87 days. Because the maximum permitted period is 64 days, the request cannot be approved under that clause and must be declined.

DG-11.10.008 Example: a farmers and agricultural households customer applies for Digital Account Closure (Tier 2 / South Zone) of INR 314 lakh. Under clause DG-11.02.016, the maximum API response time is set at 1,869 milliseconds as a ceiling, so a proposed maximum API response time of 1,640 milliseconds is within the limit.

DG-11.10.009 Example: a gig-economy workers customer applies for Digital Account Closure (Tier 3 / West Zone) of INR 441 lakh. Under clause DG-11.02.036, the maximum login attempts before lock is set at 4 attempts as a ceiling, so a proposed maximum login attempts before lock of 4 attempts is within the limit.

DG-11.10.010 Example: a farmers and agricultural households customer applies for Digital Account Closure (Tier 4 / South Zone) of INR 84 lakh. Under clause Schedule DG-11-A, the maximum API response time is set at 749 milliseconds as a ceiling, so a proposed maximum API response time of 861 milliseconds is outside the limit and must be escalated to the Vice President.

DG-11.10.011 Example: a pensioners customer applies for Digital Account Closure (Tier 5 / Metro Zone) of INR 226 lakh. Under clause DG-11.02.008, the minimum app store rating is set at 4.0 stars as a floor, so a proposed minimum app store rating of 3.5 stars is outside the limit and must be escalated to the Assistant Vice President.

DG-11.10.012 Example: during a review of Digital Account Closure (Tier 4 / West Zone), the severity-one defects open for a farmers and agricultural households account measured 3 defects against the trigger of 3 defects in clause DG-11.04.020. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

DG-11.10.013 Example: during a review of Digital Account Closure (Tier 3 / North-East Zone), the login failure rate for a high-net-worth individuals account measured 14.9% against the trigger of 12.4% in clause DG-11.04.041. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DG-11.04.041.

DG-11.10.014 Example: during a review of Digital Account Closure (Tier 5 / East Zone), the severity-one defects open for a rural customers account measured 2 defects against the trigger of 2 defects in clause DG-11.04.016. Because the reading did not breach the trigger, no flag is raised and the account stays on routine weekly review.

DG-11.10.015 Example: the Regional Head receives a request to extend an exception under clause DG-11.06.011 for Digital Account Closure (Tier 2 / East Zone) serving first-time customers to 22 days. Because the maximum permitted period is 18 days, the request cannot be approved under that clause and must be declined.

DG-11.10.016 Example: the Head of Function receives a request to extend an exception under clause DG-11.06.002 for Digital Account Closure (Tier 5 / South Zone) serving women entrepreneurs to 35 days. Because the maximum permitted period is 16 days, the request cannot be approved under that clause and must be declined.

DG-11.10.017 Example: a senior citizens customer applies for Digital Account Closure (Tier 1 / West Zone) of INR 453 lakh. Under clause DG-11.02.015, the maximum API response time is set at 333 milliseconds as a ceiling, so a proposed maximum API response time of 267 milliseconds is within the limit.

DG-11.10.018 Example: the Chief Risk Officer receives a request to extend an exception under clause DG-11.06.029 for Digital Account Closure (Tier 3 / Islands Zone) serving first-time customers to 117 days. Because the maximum permitted period is 125 days, the request can be approved at this level.

DG-11.10.019 Example: a rural customers customer applies for Digital Account Closure (Tier 2 / Metro Zone) of INR 374 lakh. Under clause DG-11.02.018, the app crash rate tolerance is set at 0.76% as a ceiling, which on this request equates to INR 2.84 lakh; the case is therefore routed to the Head of Digital Banking for sign-off.

DG-11.10.020 Example: during a review of Digital Account Closure (Tier 5 / East Zone), the API latency for a high-net-worth individuals account measured 797 milliseconds against the trigger of 895 milliseconds in clause DG-11.04.007. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

DG-11.10.021 Example: during a review of Digital Account Closure (Tier 2 / West Zone), the digital journey drop-off rate for a senior citizens account measured 12.1% against the trigger of 10.8% in clause DG-11.04.014. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DG-11.04.014.

DG-11.10.022 Example: the Head of Function receives a request to extend an exception under clause DG-11.06.009 for Digital Account Closure (Tier 1 / Metro Zone) serving first-time customers to 26 days. Because the maximum permitted period is 35 days, the request can be approved at this level.

DG-11.10.023 Example: during a review of Digital Account Closure (Tier 2 / West Zone), the digital journey drop-off rate for a senior citizens account measured 13.9% against the trigger of 10.8% in clause DG-11.04.014. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DG-11.04.014.

DG-11.10.024 Example: the Chief Risk Officer receives a request to extend an exception under clause DG-11.06.029 for Digital Account Closure (Tier 3 / Islands Zone) serving first-time customers to 132 days. Because the maximum permitted period is 125 days, the request cannot be approved under that clause and must be declined.

DG-11.10.025 Example: the Head of Digital Banking receives a request to extend an exception under clause DG-11.06.037 for Digital Account Closure (Tier 1 / Central Zone) serving first-time customers to 84 days. Because the maximum permitted period is 90 days, the request can be approved at this level.

DG-11.10.026 Example: the Assistant Vice President receives a request to extend an exception under clause DG-11.06.036 for Digital Account Closure (Tier 4 / North-East Zone) serving gig-economy workers to 107 days. Because the maximum permitted period is 91 days, the request cannot be approved under that clause and must be declined.

DG-11.10.027 Example: the Head of Digital Banking receives a request to extend an exception under clause DG-11.06.004 for Digital Account Closure (Tier 5 / East Zone) serving pensioners to 176 days. Because the maximum permitted period is 183 days, the request can be approved at this level.

DG-11.10.028 Example: a farmers and agricultural households customer applies for Digital Account Closure (Tier 5 / North-East Zone) of INR 386 lakh. Under clause DG-11.02.034, the maximum API response time is set at 1,574 milliseconds as a ceiling, so a proposed maximum API response time of 1,737 milliseconds is outside the limit and must be escalated to the Assistant Vice President.

DG-11.10.029 Example: a first-time customers customer applies for Digital Account Closure (Tier 4 / Islands Zone) of INR 17 lakh. Under clause Schedule DG-11-A, the maximum time to resolve a severity-one defect is set at 47 hours as a ceiling, so a proposed maximum time to resolve a severity-one defect of 43 hours is within the limit.

DG-11.10.030 Example: the Chief Risk Officer receives a request to extend an exception under clause DG-11.06.006 for Digital Account Closure (Tier 2 / West Zone) serving senior citizens to 203 days. Because the maximum permitted period is 180 days, the request cannot be approved under that clause and must be declined.

DG-11.10.031 Example: the Chief Risk Officer receives a request to extend an exception under clause DG-11.06.033 for Digital Account Closure (Tier 5 / South Zone) serving students and young professionals to 23 days. Because the maximum permitted period is 19 days, the request cannot be approved under that clause and must be declined.

DG-11.10.032 Example: during a review of Digital Account Closure (Tier 3 / North-East Zone), the login failure rate for a high-net-worth individuals account measured 14.8% against the trigger of 12.4% in clause DG-11.04.041. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DG-11.04.041.

DG-11.10.033 Example: during a review of Digital Account Closure (Tier 1 / North-East Zone), the API latency for a senior citizens account measured 316 milliseconds against the trigger of 426 milliseconds in clause DG-11.07.001. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-11.10.034 Example: a women entrepreneurs customer applies for Digital Account Closure (Tier 3 / North Zone) of INR 375 lakh. Under clause DG-11.02.021, the maximum login attempts before lock is set at 5 attempts as a ceiling, so a proposed maximum login attempts before lock of 4 attempts is within the limit.

DG-11.10.035 Example: the Head of Digital Banking receives a request to extend an exception under clause DG-11.06.037 for Digital Account Closure (Tier 1 / Central Zone) serving first-time customers to 94 days. Because the maximum permitted period is 90 days, the request cannot be approved under that clause and must be declined.

DG-11.10.036 Example: the Head of Digital Banking receives a request to extend an exception under clause DG-11.06.037 for Digital Account Closure (Tier 1 / Central Zone) serving first-time customers to 95 days. Because the maximum permitted period is 90 days, the request cannot be approved under that clause and must be declined.

DG-11.10.037 Example: the Head of Function receives a request to extend an exception under clause DG-11.06.002 for Digital Account Closure (Tier 5 / South Zone) serving women entrepreneurs to 12 days. Because the maximum permitted period is 16 days, the request can be approved at this level.

DG-11.10.038 Example: the Head of Digital Banking receives a request to extend an exception under clause DG-11.06.004 for Digital Account Closure (Tier 5 / East Zone) serving pensioners to 167 days. Because the maximum permitted period is 183 days, the request can be approved at this level.

DG-11.10.039 Example: a high-net-worth individuals customer applies for Digital Account Closure (Tier 3 / North-East Zone) of INR 179 lakh. Under clause DG-11.02.001, the maximum API response time is set at 377 milliseconds as a ceiling, so a proposed maximum API response time of 266 milliseconds is within the limit.

DG-11.10.040 Example: during a review of Digital Account Closure (Tier 4 / North Zone), the digital journey drop-off rate for a rural customers account measured 41.6% against the trigger of 41.9% in clause DG-11.07.014. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-11.10.041 Example: during a review of Digital Account Closure (Tier 3 / North-East Zone), the login failure rate for a high-net-worth individuals account measured 12.9% against the trigger of 12.4% in clause DG-11.04.041. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DG-11.04.041.

Chapter 12: Accessibility Standards

Chapter 12 of Part 25 sets out the policy standards for Accessibility Standards. Chapter owner: Senior Officer. Version 4.4, effective 15 April 2026; next review due 8 November 2027. Segments with priority attention in this chapter: gig-economy workers, farmers and agricultural households, high-net-worth individuals, first-time customers.

Schedule DG-12-A: Parameter Matrix for Accessibility Standards

Variant | Segment | Parameter | Bound | Value

Tier 3 / West Zone | senior citizens | maximum release cycle | ceiling | 5 weeks
Tier 3 / East Zone | rural customers | maximum release cycle | ceiling | 8 weeks
Tier 4 / North-East Zone | gig-economy workers | maximum API response time | ceiling | 1,988 milliseconds
Tier 2 / Islands Zone | senior citizens | minimum app store rating | floor | 3.2 stars
Tier 5 / East Zone | students and young professionals | maximum release cycle | ceiling | 8 weeks
Tier 4 / North Zone | farmers and agricultural households | app crash rate tolerance | ceiling | 1.34%
Tier 5 / Islands Zone | women entrepreneurs | app crash rate tolerance | ceiling | 1.39%
Tier 4 / Central Zone | pensioners | maximum time to resolve a severity-one defect | ceiling | 26 hours
Tier 4 / Metro Zone | first-time customers | app crash rate tolerance | ceiling | 1.11%
Tier 5 / West Zone | farmers and agricultural households | maximum release cycle | ceiling | 2 weeks
Tier 2 / Metro Zone | farmers and agricultural households | maximum time to resolve a severity-one defect | ceiling | 31 hours
Tier 4 / South Zone | first-time customers | minimum app store rating | floor | 3.6 stars

Section 12.1 - Scope and Applicability

DG-12.01.001 This chapter applies to Accessibility Standards (Tier 2 / Islands Zone) originated or serviced through the mobile app channel for farmers and agricultural households, and to any related facility that is renewed, restructured or extended while the Accessibility Standards programme remains in force.

DG-12.01.002 This chapter applies to Accessibility Standards (Tier 1 / North Zone) originated or serviced through the call centre channel for high-net-worth individuals, and to any related facility that is renewed, restructured or extended while the Accessibility Standards programme remains in force.

DG-12.01.003 For the purposes of this chapter, Accessibility Standards (Tier 4 / Islands Zone) means any arrangement of that type recorded in the DigiCore system under product code DG12-50015 and offered to gig-economy workers; the Assistant Vice President maintains the authoritative product code register.

DG-12.01.004 The following are outside the scope of this chapter for Accessibility Standards (Tier 4 / Islands Zone) serving high-net-worth individuals: pilot programmes sanctioned by the Product Approval Committee before 27 January 2026; and facilities below INR 388 thousand in value. Such items are governed by clause DG-12.01.001, and any dispute about scope shall be settled by the Regional Head.

DG-12.01.005 This chapter applies to Accessibility Standards (Tier 1 / West Zone) originated or serviced through the business correspondent network channel for students and young professionals, and to any related facility that is renewed, restructured or extended while the Accessibility Standards programme remains in force.

DG-12.01.006 For the purposes of this chapter, Accessibility Standards (Tier 3 / South Zone) means any arrangement of that type recorded in the DigiCore system under product code DG12-50573 and offered to high-net-worth individuals; the Digital Product Manager maintains the authoritative product code register.

DG-12.01.007 The following are outside the scope of this chapter for Accessibility Standards (Tier 1 / Central Zone) serving pensioners: inter-company balances within the same banking group; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause DG-12.01.006, and any dispute about scope shall be settled by the Vice President.

DG-12.01.008 This chapter applies to Accessibility Standards (Tier 3 / Metro Zone) originated or serviced through the self-service kiosk channel for pensioners, and to any related facility that is renewed, restructured or extended while the Accessibility Standards programme remains in force.

DG-12.01.009 For the purposes of this chapter, Accessibility Standards (Tier 5 / Central Zone) means any arrangement of that type recorded in the DigiCore system under product code DG12-63332 and offered to gig-economy workers; the Regional Head maintains the authoritative product code register.

DG-12.01.010 This chapter applies to Accessibility Standards (Tier 1 / Metro Zone) originated or serviced through the business correspondent network channel for first-time customers, and to any related facility that is renewed, restructured or extended while the Accessibility Standards programme remains in force.

DG-12.01.011 The following are outside the scope of this chapter for Accessibility Standards (Tier 4 / North-East Zone) serving pensioners: arrangements governed by a regulatory directive that expressly overrides this policy; and facilities below INR 382 thousand in value. Such items are governed by clause DG-12.01.004, and any dispute about scope shall be settled by the Digital Product Manager.

DG-12.01.012 The following are outside the scope of this chapter for Accessibility Standards (Tier 4 / Metro Zone) serving women entrepreneurs: staff-sponsored facilities approved under the human resources policy; and inter-company balances within the same banking group. Such items are governed by clause DG-12.01.006, and any dispute about scope shall be settled by the Vice President.

DG-12.01.013 This chapter applies to Accessibility Standards (Tier 2 / South Zone) originated or serviced through the mobile app channel for gig-economy workers, and to any related facility that is renewed, restructured or extended while the Accessibility Standards programme remains in force.

DG-12.01.014 This chapter applies to Accessibility Standards (Tier 3 / North-East Zone) originated or serviced through the internet banking portal channel for senior citizens, and to any related facility that is renewed, restructured or extended while the Accessibility Standards programme remains in force.

DG-12.01.015 This chapter applies to Accessibility Standards (Tier 2 / North-East Zone) originated or serviced through the call centre channel for salaried individuals, and to any related facility that is renewed, restructured or extended while the Accessibility Standards programme remains in force.

DG-12.01.016 The following are outside the scope of this chapter for Accessibility Standards (Tier 1 / South Zone) serving rural customers: facilities fully secured by cash collateral of at least 56% of the exposure; and facilities below INR 448 thousand in value. Such items are governed by clause DG-12.01.008, and any dispute about scope shall be settled by the Senior Officer.

DG-12.01.017 The following are outside the scope of this chapter for Accessibility Standards (Tier 3 / Islands Zone) serving students and young professionals: facilities below INR 410 thousand in value; and staff-sponsored facilities approved under the human resources policy. Such items are governed by clause DG-12.01.007, and any dispute about scope shall be settled by the Digital Product Manager.

DG-12.01.018 For the purposes of this chapter, Accessibility Standards (Tier 2 / East Zone) means any arrangement of that type recorded in the ReleaseGate system under product code DG12-35848 and offered to salaried individuals; the Senior Officer maintains the authoritative product code register.

DG-12.01.019 For the purposes of this chapter, Accessibility Standards (Tier 5 / East Zone) means any arrangement of that type recorded in the DigiCore system under product code DG12-37591 and offered to rural customers; the Head of Function maintains the authoritative product code register.

DG-12.01.020 The following are outside the scope of this chapter for Accessibility Standards (Tier 2 / Central Zone) serving pensioners: arrangements governed by a regulatory directive that expressly overrides this policy; and facilities below INR 122 thousand in value. Such items are governed by clause DG-12.01.001, and any dispute about scope shall be settled by the Head of Function.

DG-12.01.021 For the purposes of this chapter, Accessibility Standards (Tier 5 / North-East Zone) means any arrangement of that type recorded in the ReleaseGate system under product code DG12-49388 and offered to gig-economy workers; the Senior Officer maintains the authoritative product code register.

DG-12.01.022 For the purposes of this chapter, Accessibility Standards (Tier 1 / North-East Zone) means any arrangement of that type recorded in the DigiCore system under product code DG12-86370 and offered to rural customers; the Assistant Vice President maintains the authoritative product code register.

DG-12.01.023 For the purposes of this chapter, Accessibility Standards (Tier 5 / West Zone) means any arrangement of that type recorded in the DigiCore system under product code DG12-29024 and offered to high-net-worth individuals; the Head of Function maintains the authoritative product code register.

DG-12.01.024 The following are outside the scope of this chapter for Accessibility Standards (Tier 3 / East Zone) serving women entrepreneurs: facilities fully secured by cash collateral of at least 67% of the exposure; and inter-company balances within the same banking group. Such items are governed by clause DG-12.01.020, and any dispute about scope shall be settled by the Head of Function.

DG-12.01.025 The following are outside the scope of this chapter for Accessibility Standards (Tier 4 / Metro Zone) serving students and young professionals: pilot programmes sanctioned by the Information Security Steering Committee before 17 December 2023; and arrangements governed by a regulatory directive that expressly overrides this policy. Such items are governed by clause DG-12.01.004, and any dispute about scope shall be settled by the Regional Head.

DG-12.01.026 For the purposes of this chapter, Accessibility Standards (Tier 4 / North Zone) means any arrangement of that type recorded in the ReleaseGate system under product code DG12-10921 and offered to pensioners; the Head of Function maintains the authoritative product code register.

DG-12.01.027 This chapter applies to Accessibility Standards (Tier 5 / East Zone) originated or serviced through the partner agent network channel for high-net-worth individuals, and to any related facility that is renewed, restructured or extended while the Accessibility Standards programme remains in force.

DG-12.01.028 The following are outside the scope of this chapter for Accessibility Standards (Tier 5 / Metro Zone) serving first-time customers: inter-company balances within the same banking group; and facilities fully secured by cash collateral of at least 75% of the exposure. Such items are governed by clause DG-12.01.021, and any dispute about scope shall be settled by the Digital Product Manager.

DG-12.01.029 For the purposes of this chapter, Accessibility Standards (Tier 4 / Metro Zone) means any arrangement of that type recorded in the ReleaseGate system under product code DG12-73006 and offered to senior citizens; the Chief Risk Officer maintains the authoritative product code register.

DG-12.01.030 The following are outside the scope of this chapter for Accessibility Standards (Tier 3 / Central Zone) serving senior citizens: staff-sponsored facilities approved under the human resources policy; and inter-company balances within the same banking group. Such items are governed by clause DG-12.01.011, and any dispute about scope shall be settled by the Head of Function.

DG-12.01.031 For the purposes of this chapter, Accessibility Standards (Tier 4 / East Zone) means any arrangement of that type recorded in the DigiCore system under product code DG12-70551 and offered to senior citizens; the Head of Digital Banking maintains the authoritative product code register.

DG-12.01.032 For the purposes of this chapter, Accessibility Standards (Tier 2 / Islands Zone) means any arrangement of that type recorded in the DigiCore system under product code DG12-75951 and offered to high-net-worth individuals; the Senior Officer maintains the authoritative product code register.

DG-12.01.033 For the purposes of this chapter, Accessibility Standards (Tier 3 / North Zone) means any arrangement of that type recorded in the DigiCore system under product code DG12-94180 and offered to salaried individuals; the Digital Product Manager maintains the authoritative product code register.

DG-12.01.034 For the purposes of this chapter, Accessibility Standards (Tier 3 / Central Zone) means any arrangement of that type recorded in the ReleaseGate system under product code DG12-24364 and offered to gig-economy workers; the Senior Officer maintains the authoritative product code register.

DG-12.01.035 The following are outside the scope of this chapter for Accessibility Standards (Tier 2 / South Zone) serving gig-economy workers: arrangements transferred to the recovery function; and facilities below INR 55 thousand in value. Such items are governed by clause DG-12.01.006, and any dispute about scope shall be settled by the Assistant Vice President.

DG-12.01.036 For the purposes of this chapter, Accessibility Standards (Tier 1 / North Zone) means any arrangement of that type recorded in the DigiCore system under product code DG12-85824 and offered to salaried individuals; the Chief Risk Officer maintains the authoritative product code register.

DG-12.01.037 For the purposes of this chapter, Accessibility Standards (Tier 2 / West Zone) means any arrangement of that type recorded in the ReleaseGate system under product code DG12-30013 and offered to students and young professionals; the Head of Digital Banking maintains the authoritative product code register.

DG-12.01.038 For the purposes of this chapter, Accessibility Standards (Tier 2 / East Zone) means any arrangement of that type recorded in the ReleaseGate system under product code DG12-27509 and offered to salaried individuals; the Head of Digital Banking maintains the authoritative product code register.

DG-12.01.039 The following are outside the scope of this chapter for Accessibility Standards (Tier 4 / South Zone) serving salaried individuals: facilities below INR 401 thousand in value; and arrangements transferred to the recovery function. Such items are governed by clause DG-12.01.030, and any dispute about scope shall be settled by the Regional Head.

DG-12.01.040 For the purposes of this chapter, Accessibility Standards (Tier 1 / Metro Zone) means any arrangement of that type recorded in the DigiCore system under product code DG12-33981 and offered to rural customers; the Vice President maintains the authoritative product code register.

DG-12.01.041 The following are outside the scope of this chapter for Accessibility Standards (Tier 5 / North Zone) serving gig-economy workers: arrangements governed by a regulatory directive that expressly overrides this policy; and inter-company balances within the same banking group. Such items are governed by clause DG-12.01.020, and any dispute about scope shall be settled by the Assistant Vice President.

Section 12.2 - Eligibility and Limits

DG-12.02.001 Eligibility of gig-economy workers for Accessibility Standards (Tier 2 / North Zone) through the self-service kiosk channel is conditional on the maximum API response time not exceeding 1,315 milliseconds, and on review of third-party SDK permissions being completed before sanction.

DG-12.09.041 Distribution of the API Performance Report covering Accessibility Standards (Tier 3 / North Zone) for gig-economy workers is restricted to the Senior Officer, the Product Approval Committee and persons named on the reporting register in the DigiCore system; ad hoc requests must be approved by the Head of Digital Banking within 4 business days.

Section 12.10 - Worked Examples

DG-12.10.001 Example: during a review of Accessibility Standards (Tier 3 / East Zone), the API latency for a first-time customers account measured 1,286 milliseconds against the trigger of 1,724 milliseconds in clause DG-12.04.014. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

DG-12.10.002 Example: the Senior Officer receives a request to extend an exception under clause DG-12.06.013 for Accessibility Standards (Tier 5 / South Zone) serving high-net-worth individuals to 29 days. Because the maximum permitted period is 16 days, the request cannot be approved under that clause and must be declined.

DG-12.10.003 Example: the Senior Officer receives a request to extend an exception under clause DG-12.06.027 for Accessibility Standards (Tier 2 / North-East Zone) serving gig-economy workers to 53 days. Because the maximum permitted period is 66 days, the request can be approved at this level.

DG-12.10.004 Example: during a review of Accessibility Standards (Tier 5 / South Zone), the login failure rate for a high-net-worth individuals account measured 2.3% against the trigger of 2.3% in clause DG-12.07.032. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-12.10.005 Example: during a review of Accessibility Standards (Tier 2 / North-East Zone), the severity-one defects open for a farmers and agricultural households account measured 1 defects against the trigger of 1 defects in clause DG-12.07.017. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-12.10.006 Example: during a review of Accessibility Standards (Tier 1 / South Zone), the login failure rate for a farmers and agricultural households account measured 28.0% against the trigger of 23.8% in clause DG-12.04.009. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DG-12.04.009.

DG-12.10.007 Example: the Senior Officer receives a request to extend an exception under clause DG-12.06.007 for Accessibility Standards (Tier 5 / West Zone) serving senior citizens to 7 days. Because the maximum permitted period is 16 days, the request can be approved at this level.

DG-12.10.008 Example: the Senior Officer receives a request to extend an exception under clause DG-12.06.027 for Accessibility Standards (Tier 2 / North-East Zone) serving gig-economy workers to 52 days. Because the maximum permitted period is 66 days, the request can be approved at this level.

DG-12.10.009 Example: during a review of Accessibility Standards (Tier 5 / East Zone), the app crash rate for a rural customers account measured 1.49% against the trigger of 2.07% in clause DG-12.07.009. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-12.10.010 Example: during a review of Accessibility Standards (Tier 4 / North-East Zone), the severity-one defects open for a women entrepreneurs account measured 6 defects against the trigger of 5 defects in clause DG-12.07.034. Because the reading breached the trigger, the Senior Officer must notify the Operational Risk Committee within 1 hours and roll back the application release.

DG-12.10.011 Example: the Digital Product Manager receives a request to extend an exception under clause DG-12.06.032 for Accessibility Standards (Tier 2 / Metro Zone) serving high-net-worth individuals to 21 days. Because the maximum permitted period is 21 days, the request can be approved at this level.

DG-12.10.012 Example: a rural customers customer applies for Accessibility Standards (Tier 4 / Islands Zone) of INR 190 lakh. Under clause DG-12.02.002, the maximum login attempts before lock is set at 8 attempts as a ceiling, so a proposed maximum login attempts before lock of 10 attempts is outside the limit and must be escalated to the Assistant Vice President.

DG-12.10.013 Example: a students and young professionals customer applies for Accessibility Standards (Tier 1 / Metro Zone) of INR 328 lakh. Under clause DG-12.02.015, the maximum release cycle is set at 10 weeks as a ceiling, so a proposed maximum release cycle of 9 weeks is within the limit.

DG-12.10.014 Example: the Head of Function receives a request to extend an exception under clause DG-12.06.029 for Accessibility Standards (Tier 1 / Islands Zone) serving women entrepreneurs to 1 days. Because the maximum permitted period is 18 days, the request can be approved at this level.

DG-12.10.015 Example: a students and young professionals customer applies for Accessibility Standards (Tier 5 / East Zone) of INR 394 lakh. Under clause Schedule DG-12-A, the maximum release cycle is set at 8 weeks as a ceiling, so a proposed maximum release cycle of 6 weeks is within the limit.

DG-12.10.016 Example: the Chief Risk Officer receives a request to extend an exception under clause DG-12.06.011 for Accessibility Standards (Tier 2 / North-East Zone) serving farmers and agricultural households to 22 days. Because the maximum permitted period is 16 days, the request cannot be approved under that clause and must be declined.

DG-12.10.017 Example: the Chief Risk Officer receives a request to extend an exception under clause DG-12.06.022 for Accessibility Standards (Tier 3 / North Zone) serving farmers and agricultural households to 9 days. Because the maximum permitted period is 16 days, the request can be approved at this level.

DG-12.10.018 Example: the Regional Head receives a request to extend an exception under clause DG-12.06.041 for Accessibility Standards (Tier 4 / East Zone) serving salaried individuals to 43 days. Because the maximum permitted period is 32 days, the request cannot be approved under that clause and must be declined.

DG-12.10.019 Example: the Digital Product Manager receives a request to extend an exception under clause DG-12.06.032 for Accessibility Standards (Tier 2 / Metro Zone) serving high-net-worth individuals to 2 days. Because the maximum permitted period is 21 days, the request can be approved at this level.

DG-12.10.020 Example: the Senior Officer receives a request to extend an exception under clause DG-12.06.007 for Accessibility Standards (Tier 5 / West Zone) serving senior citizens to 34 days. Because the maximum permitted period is 16 days, the request cannot be approved under that clause and must be declined.

DG-12.10.021 Example: the Digital Product Manager receives a request to extend an exception under clause DG-12.06.032 for Accessibility Standards (Tier 2 / Metro Zone) serving high-net-worth individuals to 16 days. Because the maximum permitted period is 21 days, the request can be approved at this level.

DG-12.10.022 Example: a high-net-worth individuals customer applies for Accessibility Standards (Tier 4 / Islands Zone) of INR 104 lakh. Under clause DG-12.02.026, the maximum login attempts before lock is set at 8 attempts as a ceiling, so a proposed maximum login attempts before lock of 8 attempts is within the limit.

DG-12.10.023 Example: the Assistant Vice President receives a request to extend an exception under clause DG-12.06.037 for Accessibility Standards (Tier 1 / East Zone) serving first-time customers to 24 days. Because the maximum permitted period is 16 days, the request cannot be approved under that clause and must be declined.

DG-12.10.024 Example: during a review of Accessibility Standards (Tier 2 / South Zone), the login failure rate for a senior citizens account measured 24.5% against the trigger of 19.5% in clause DG-12.04.001. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DG-12.04.001.

DG-12.10.025 Example: during a review of Accessibility Standards (Tier 4 / East Zone), the login failure rate for a women entrepreneurs account measured 1.6% against the trigger of 1.7% in clause DG-12.07.036. Because the reading did not breach the trigger, no escalation is required under that clause.

DG-12.10.026 Example: during a review of Accessibility Standards (Tier 1 / North-East Zone), the digital journey drop-off rate for a students and young professionals account measured 17.6% against the trigger of 16.7% in clause DG-12.04.022. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DG-12.04.022.

DG-12.10.027 Example: the Chief Risk Officer receives a request to extend an exception under clause DG-12.06.011 for Accessibility Standards (Tier 2 / North-East Zone) serving farmers and agricultural households to 14 days. Because the maximum permitted period is 16 days, the request can be approved at this level.

DG-12.10.028 Example: during a review of Accessibility Standards (Tier 1 / South Zone), the login failure rate for a farmers and agricultural households account measured 20.8% against the trigger of 23.8% in clause DG-12.04.009. Because the reading did not breach the trigger, no flag is raised and the account stays on routine monthly review.

DG-12.10.029 Example: during a review of Accessibility Standards (Tier 2 / South Zone), the login failure rate for a gig-economy workers account measured 5.1% against the trigger of 6.7% in clause DG-12.04.008. Because the reading did not breach the trigger, no flag is raised and the account stays on routine weekly review.

DG-12.10.030 Example: during a review of Accessibility Standards (Tier 1 / South Zone), the login failure rate for a farmers and agricultural households account measured 24.9% against the trigger of 23.8% in clause DG-12.04.009. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DG-12.04.009.

DG-12.10.031 Example: the Senior Officer receives a request to extend an exception under clause DG-12.06.013 for Accessibility Standards (Tier 5 / South Zone) serving high-net-worth individuals to 20 days. Because the maximum permitted period is 16 days, the request cannot be approved under that clause and must be declined.

DG-12.10.032 Example: the Head of Function receives a request to extend an exception under clause DG-12.06.029 for Accessibility Standards (Tier 1 / Islands Zone) serving women entrepreneurs to 33 days. Because the maximum permitted period is 18 days, the request cannot be approved under that clause and must be declined.

DG-12.10.033 Example: a gig-economy workers customer applies for Accessibility Standards (Tier 1 / Islands Zone) of INR 100 lakh. Under clause DG-12.02.003, the maximum API response time is set at 220 milliseconds as a ceiling, so a proposed maximum API response time of 159 milliseconds is within the limit.

DG-12.10.034 Example: during a review of Accessibility Standards (Tier 4 / North-East Zone), the API latency for a senior citizens account measured 286 milliseconds against the trigger of 235 milliseconds in clause DG-12.07.022. Because the reading breached the trigger, the Vice President must notify the Operational Risk Committee within 72 hours and disable the affected feature.

DG-12.10.035 Example: a gig-economy workers customer applies for Accessibility Standards (Tier 5 / Islands Zone) of INR 307 lakh. Under clause DG-12.02.039, the maximum release cycle is set at 4 weeks as a ceiling, so a proposed maximum release cycle of 5 weeks is outside the limit and must be escalated to the Regional Head.

DG-12.10.036 Example: a gig-economy workers customer applies for Accessibility Standards (Tier 2 / Metro Zone) of INR 13 lakh. Under clause DG-12.02.027, the maximum time to resolve a severity-one defect is set at 28 hours as a ceiling, so a proposed maximum time to resolve a severity-one defect of 24 hours is within the limit.

DG-12.10.037 Example: during a review of Accessibility Standards (Tier 5 / North-East Zone), the login failure rate for a rural customers account measured 21.2% against the trigger of 16.8% in clause DG-12.04.039. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause DG-12.04.039.

DG-12.10.038 Example: a high-net-worth individuals customer applies for Accessibility Standards (Tier 3 / West Zone) of INR 187 lakh. Under clause DG-12.02.005, the maximum release cycle is set at 5 weeks as a ceiling, so a proposed maximum release cycle of 6 weeks is outside the limit and must be escalated to the Digital Product Manager.

DG-12.10.039 Example: a pensioners customer applies for Accessibility Standards (Tier 3 / Metro Zone) of INR 297 lakh. Under clause DG-12.02.021, the maximum API response time is set at 260 milliseconds as a ceiling, so a proposed maximum API response time of 270 milliseconds is outside the limit and must be escalated to the Digital Product Manager.

DG-12.10.040 Example: during a review of Accessibility Standards (Tier 4 / East Zone), the digital journey drop-off rate for a senior citizens account measured 39.0% against the trigger of 34.9% in clause DG-12.07.015. Because the reading breached the trigger, the Vice President must notify the Operational Risk Committee within 1 hours and disable the affected feature.

DG-12.10.041 Example: a salaried individuals customer applies for Accessibility Standards (Tier 1 / West Zone) of INR 358 lakh. Under clause DG-12.02.032, the app crash rate tolerance is set at 1.57% as a ceiling, which on this request equates to INR 5.62 lakh; the case is therefore routed to the Chief Risk Officer for sign-off.

IA-01.10.004 Example: during a review of Annual Audit Planning (Tier 1 / Metro Zone), the average age of open issues for a the treasury desk account measured 100 days against the trigger of 110 days in clause IA-01.04.028. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

IA-01.10.005 Example: a the call centre customer applies for Annual Audit Planning (Tier 3 / South Zone) of INR 454 lakh. Under clause IA-01.02.004, the audit report issuance deadline is set at 35 business days as a ceiling, so a proposed audit report issuance deadline of 37 business days is outside the limit and must be escalated to the Senior Officer.

IA-01.10.006 Example: during a review of Annual Audit Planning (Tier 2 / South Zone), the overdue audit issues for a regional hubs account measured 67 issues against the trigger of 70 issues in clause IA-01.07.007. Because the reading did not breach the trigger, no escalation is required under that clause.

IA-01.10.007 Example: the Senior Officer receives a request to extend an exception under clause IA-01.06.004 for Annual Audit Planning (Tier 1 / Metro Zone) serving the treasury desk to 46 days. Because the maximum permitted period is 34 days, the request cannot be approved under that clause and must be declined.

IA-01.10.008 Example: a corporate banking units customer applies for Annual Audit Planning (Tier 4 / West Zone) of INR 172 lakh. Under clause IA-01.02.006, the sample size for compliance testing is set at 126 items as a floor, so a proposed sample size for compliance testing of 162 items is within the limit.

IA-01.10.009 Example: a retail banking units customer applies for Annual Audit Planning (Tier 2 / Islands Zone) of INR 425 lakh. Under clause IA-01.02.021, the audit report issuance deadline is set at 38 business days as a ceiling, so a proposed audit report issuance deadline of 33 business days is within the limit.

IA-01.10.010 Example: during a review of Annual Audit Planning (Tier 1 / Metro Zone), the average age of open issues for a the treasury desk account measured 88 days against the trigger of 110 days in clause IA-01.04.028. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

IA-01.10.011 Example: the Chief Audit Executive receives a request to extend an exception under clause IA-01.06.013 for Annual Audit Planning (Tier 5 / South Zone) serving corporate banking units to 6 days. Because the maximum permitted period is 20 days, the request can be approved at this level.

IA-01.10.012 Example: during a review of Annual Audit Planning (Tier 1 / Islands Zone), the repeat audit findings for a the wealth management unit account measured 17.2% against the trigger of 19.2% in clause IA-01.07.017. Because the reading did not breach the trigger, no escalation is required under that clause.

IA-01.10.013 Example: during a review of Annual Audit Planning (Tier 3 / East Zone), the audit plan completion for a retail banking units account measured 71% against the trigger of 71% in clause IA-01.07.039. Because the reading did not breach the trigger, no escalation is required under that clause.

IA-01.10.014 Example: during a review of Annual Audit Planning (Tier 4 / Metro Zone), the repeat audit findings for a corporate banking units account measured 22.8% against the trigger of 30.4% in clause IA-01.04.024. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

IA-01.10.015 Example: during a review of Annual Audit Planning (Tier 3 / Metro Zone), the overdue audit issues for a subsidiary entities account measured 4 issues against the trigger of 3 issues in clause IA-01.07.003. Because the reading breached the trigger, the Chief Audit Executive must notify the Executive Management Committee within 12 hours and require a revised action plan from management.

IA-01.10.016 Example: the Head of Compliance Testing receives a request to extend an exception under clause IA-01.06.007 for Annual Audit Planning (Tier 4 / North-East Zone) serving the call centre to 82 days. Because the maximum permitted period is 61 days, the request cannot be approved under that clause and must be declined.

IA-01.10.017 Example: a overseas branches customer applies for Annual Audit Planning (Tier 4 / Central Zone) of INR 26 lakh. Under clause IA-01.02.005, the audit report issuance deadline is set at 14 business days as a ceiling, so a proposed audit report issuance deadline of 12 business days is within the limit.

IA-01.10.018 Example: the Head of Function receives a request to extend an exception under clause IA-01.06.016 for Annual Audit Planning (Tier 4 / Central Zone) serving overseas branches to 62 days. Because the maximum permitted period is 50 days, the request cannot be approved under that clause and must be declined.

IA-01.10.019 Example: during a review of Annual Audit Planning (Tier 3 / West Zone), the repeat audit findings for a the treasury desk account measured 34.0% against the trigger of 32.6% in clause IA-01.04.038. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IA-01.04.038.

IA-01.10.020 Example: a the call centre customer applies for Annual Audit Planning (Tier 2 / North Zone) of INR 342 lakh. Under clause Schedule IA-01-A, the management response deadline is set at 9 business days as a ceiling, so a proposed management response deadline of 9 business days is within the limit.

IA-01.10.021 Example: the Head of Function receives a request to extend an exception under clause IA-01.06.016 for Annual Audit Planning (Tier 4 / Central Zone) serving overseas branches to 67 days. Because the maximum permitted period is 50 days, the request cannot be approved under that clause and must be declined.

IA-01.10.022 Example: during a review of Annual Audit Planning (Tier 5 / Central Zone), the audit plan completion for a the treasury desk account measured 77% against the trigger of 69% in clause IA-01.07.031. Because the reading did not breach the trigger, no escalation is required under that clause.

IA-01.10.023 Example: a overseas branches customer applies for Annual Audit Planning (Tier 2 / West Zone) of INR 330 lakh. Under clause Schedule IA-01-A, the audit cycle for high-risk units is set at 15 months as a ceiling, so a proposed audit cycle for high-risk units of 16 months is outside the limit and must be escalated to the Chief Audit Executive.

IA-01.10.024 Example: the Vice President receives a request to extend an exception under clause IA-01.06.027 for Annual Audit Planning (Tier 1 / West Zone) serving regional hubs to 20 days. Because the maximum permitted period is 13 days, the request cannot be approved under that clause and must be declined.

IA-01.10.025 Example: the Vice President receives a request to extend an exception under clause IA-01.06.027 for Annual Audit Planning (Tier 1 / West Zone) serving regional hubs to 37 days. Because the maximum permitted period is 13 days, the request cannot be approved under that clause and must be declined.

IA-01.10.026 Example: the Head of Compliance Testing receives a request to extend an exception under clause IA-01.06.039 for Annual Audit Planning (Tier 4 / West Zone) serving the call centre to 129 days. Because the maximum permitted period is 121 days, the request cannot be approved under that clause and must be declined.

IA-01.10.027 Example: the Head of Function receives a request to extend an exception under clause IA-01.06.016 for Annual Audit Planning (Tier 4 / Central Zone) serving overseas branches to 73 days. Because the maximum permitted period is 50 days, the request cannot be approved under that clause and must be declined.

IA-01.10.028 Example: a outsourced service teams customer applies for Annual Audit Planning (Tier 5 / Islands Zone) of INR 13 lakh. Under clause IA-01.02.039, the maximum number of overdue issues per unit is set at 1 issues as a ceiling, so a proposed maximum number of overdue issues per unit of 1 issues is within the limit.

IA-01.10.029 Example: a corporate banking units customer applies for Annual Audit Planning (Tier 4 / Metro Zone) of INR 6 lakh. Under clause IA-01.02.024, the sample size for compliance testing is set at 35 items as a floor, so a proposed sample size for compliance testing of 25 items is outside the limit and must be escalated to the Assistant Vice President.

IA-01.10.030 Example: a overseas branches customer applies for Annual Audit Planning (Tier 5 / West Zone) of INR 143 lakh. Under clause IA-01.02.009, the sample size for compliance testing is set at 103 items as a floor, so a proposed sample size for compliance testing of 119 items is within the limit.

IA-01.10.031 Example: a overseas branches customer applies for Annual Audit Planning (Tier 1 / Central Zone) of INR 477 lakh. Under clause IA-01.02.037, the closure deadline for critical issues is set at 91 days as a ceiling, so a proposed closure deadline for critical issues of 92 days is outside the limit and must be escalated to the Head of Function.

IA-01.10.032 Example: the Head of Compliance Testing receives a request to extend an exception under clause IA-01.06.007 for Annual Audit Planning (Tier 4 / North-East Zone) serving the call centre to 66 days. Because the maximum permitted period is 61 days, the request cannot be approved under that clause and must be declined.

IA-01.10.033 Example: during a review of Annual Audit Planning (Tier 1 / Metro Zone), the average age of open issues for a the treasury desk account measured 93 days against the trigger of 110 days in clause IA-01.04.028. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

IA-01.10.034 Example: the Chief Audit Executive receives a request to extend an exception under clause IA-01.06.013 for Annual Audit Planning (Tier 5 / South Zone) serving corporate banking units to 38 days. Because the maximum permitted period is 20 days, the request cannot be approved under that clause and must be declined.

IA-01.10.035 Example: the Head of Function receives a request to extend an exception under clause IA-01.06.019 for Annual Audit Planning (Tier 2 / Islands Zone) serving overseas branches to 9 days. Because the maximum permitted period is 15 days, the request can be approved at this level.

IA-01.10.036 Example: the Regional Head receives a request to extend an exception under clause IA-01.06.024 for Annual Audit Planning (Tier 2 / North Zone) serving outsourced service teams to 34 days. Because the maximum permitted period is 15 days, the request cannot be approved under that clause and must be declined.

IA-01.10.037 Example: during a review of Annual Audit Planning (Tier 2 / Central Zone), the repeat audit findings for a corporate banking units account measured 27.1% against the trigger of 38.3% in clause IA-01.04.027. Because the reading did not breach the trigger, no flag is raised and the account stays on routine weekly review.

IA-01.10.038 Example: the Senior Officer receives a request to extend an exception under clause IA-01.06.020 for Annual Audit Planning (Tier 5 / North-East Zone) serving retail banking units to 44 days. Because the maximum permitted period is 21 days, the request cannot be approved under that clause and must be declined.

IA-01.10.039 Example: the Senior Officer receives a request to extend an exception under clause IA-01.06.004 for Annual Audit Planning (Tier 1 / Metro Zone) serving the treasury desk to 20 days. Because the maximum permitted period is 34 days, the request can be approved at this level.

IA-01.10.040 Example: a corporate banking units customer applies for Annual Audit Planning (Tier 4 / Metro Zone) of INR 350 lakh. Under clause Schedule IA-01-A, the management response deadline is set at 17 business days as a ceiling, so a proposed management response deadline of 22 business days is outside the limit and must be escalated to the Head of Compliance Testing.

IA-01.10.041 Example: during a review of Annual Audit Planning (Tier 3 / North Zone), the average age of open issues for a overseas branches account measured 49 days against the trigger of 52 days in clause IA-01.04.013. Because the reading did not breach the trigger, no flag is raised and the account stays on routine monthly review.

IA-02.10.031 Example: a retail banking units customer applies for Branch Audits (Tier 5 / Central Zone) of INR 334 lakh. Under clause Schedule IA-02-A, the audit report issuance deadline is set at 38 business days as a ceiling, so a proposed audit report issuance deadline of 36 business days is within the limit.

IA-02.10.032 Example: the Chief Audit Executive receives a request to extend an exception under clause IA-02.06.018 for Branch Audits (Tier 3 / Central Zone) serving outsourced service teams to 29 days. Because the maximum permitted period is 12 days, the request cannot be approved under that clause and must be declined.

IA-02.10.033 Example: during a review of Branch Audits (Tier 3 / Islands Zone), the repeat audit findings for a the call centre account measured 3.1% against the trigger of 2.5% in clause IA-02.07.039. Because the reading breached the trigger, the Head of Compliance Testing must notify the Audit Committee of the Board within 4 hours and report the pattern to the Executive Management Committee.

IA-02.10.034 Example: the Regional Head receives a request to extend an exception under clause IA-02.06.022 for Branch Audits (Tier 2 / West Zone) serving outsourced service teams to 80 days. Because the maximum permitted period is 60 days, the request cannot be approved under that clause and must be declined.

IA-02.10.035 Example: a subsidiary entities customer applies for Branch Audits (Tier 1 / Central Zone) of INR 210 lakh. Under clause Schedule IA-02-A, the maximum number of overdue issues per unit is set at 8 issues as a ceiling, so a proposed maximum number of overdue issues per unit of 7 issues is within the limit.

IA-02.10.036 Example: during a review of Branch Audits (Tier 3 / West Zone), the average age of open issues for a overseas branches account measured 105 days against the trigger of 142 days in clause IA-02.07.010. Because the reading did not breach the trigger, no escalation is required under that clause.

IA-02.10.037 Example: a regional hubs customer applies for Branch Audits (Tier 2 / North Zone) of INR 339 lakh. Under clause IA-02.02.024, the sample size for compliance testing is set at 138 items as a floor, so a proposed sample size for compliance testing of 98 items is outside the limit and must be escalated to the Assistant Vice President.

IA-02.10.038 Example: the Senior Officer receives a request to extend an exception under clause IA-02.06.037 for Branch Audits (Tier 2 / Central Zone) serving corporate banking units to 29 days. Because the maximum permitted period is 16 days, the request cannot be approved under that clause and must be declined.

IA-02.10.039 Example: during a review of Branch Audits (Tier 3 / North-East Zone), the overdue audit issues for a regional hubs account measured 14 issues against the trigger of 11 issues in clause IA-02.04.010. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IA-02.04.010.

IA-02.10.040 Example: a outsourced service teams customer applies for Branch Audits (Tier 4 / Metro Zone) of INR 474 lakh. Under clause IA-02.02.003, the closure deadline for critical issues is set at 98 days as a ceiling, so a proposed closure deadline for critical issues of 83 days is within the limit.

IA-02.10.041 Example: a retail banking units customer applies for Branch Audits (Tier 3 / Central Zone) of INR 312 lakh. Under clause IA-02.02.015, the sample size for compliance testing is set at 76 items as a floor, so a proposed sample size for compliance testing of 82 items is within the limit.

Under clause Schedule IA-03-A, the audit cycle for high-risk units is set at 17 months as a ceiling, so a proposed audit cycle for high-risk units of 21 months is outside the limit and must be escalated to the Senior Officer.

IA-03.10.005 Example: the Chief Audit Executive receives a request to extend an exception under clause IA-03.06.017 for Process Audits (Tier 5 / North-East Zone) serving overseas branches to 11 days. Because the maximum permitted period is 22 days, the request can be approved at this level.

IA-03.10.006 Example: during a review of Process Audits (Tier 5 / North-East Zone), the issues rated critical for a corporate banking units account measured 8 issues against the trigger of 6 issues in clause IA-03.04.026. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IA-03.04.026.

IA-03.10.007 Example: a the call centre customer applies for Process Audits (Tier 2 / Islands Zone) of INR 156 lakh. Under clause IA-03.02.032, the maximum number of overdue issues per unit is set at 9 issues as a ceiling, so a proposed maximum number of overdue issues per unit of 8 issues is within the limit.

IA-03.10.008 Example: a corporate banking units customer applies for Process Audits (Tier 1 / South Zone) of INR 348 lakh. Under clause IA-03.02.034, the management response deadline is set at 29 business days as a ceiling, so a proposed management response deadline of 31 business days is outside the limit and must be escalated to the Head of Compliance Testing.

IA-03.10.009 Example: during a review of Process Audits (Tier 5 / West Zone), the issues rated critical for a retail banking units account measured 23 issues against the trigger of 18 issues in clause IA-03.07.037. Because the reading breached the trigger, the Head of Function must notify the Audit Committee of the Board within 1 hours and extend the scope of the follow-up audit.

IA-03.10.010 Example: a outsourced service teams customer applies for Process Audits (Tier 2 / Central Zone) of INR 149 lakh. Under clause IA-03.02.038, the management response deadline is set at 22 business days as a ceiling, so a proposed management response deadline of 21 business days is within the limit.

IA-03.10.011 Example: during a review of Process Audits (Tier 1 / East Zone), the repeat audit findings for a the treasury desk account measured 39.8% against the trigger of 32.3% in clause IA-03.04.016. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IA-03.04.016.

IA-03.10.012 Example: the Head of Function receives a request to extend an exception under clause IA-03.06.002 for Process Audits (Tier 5 / North Zone) serving corporate banking units to 37 days. Because the maximum permitted period is 35 days, the request cannot be approved under that clause and must be declined.

IA-03.10.013 Example: during a review of Process Audits (Tier 5 / West Zone), the audit plan completion for a corporate banking units account measured 53% against the trigger of 69% in clause IA-03.04.033. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IA-03.04.033.

IA-03.10.014 Example: a subsidiary entities customer applies for Process Audits (Tier 2 / Islands Zone) of INR 136 lakh. Under clause IA-03.02.002, the sample size for compliance testing is set at 160 items as a floor, so a proposed sample size for compliance testing of 177 items is within the limit.

IA-03.10.015 Example: during a review of Process Audits (Tier 2 / East Zone), the repeat audit findings for a retail banking units account measured 47.4% against the trigger of 38.3% in clause IA-03.07.038. Because the reading breached the trigger, the Head of Compliance Testing must notify the Audit Committee of the Board within 72 hours and report the pattern to the Executive Management Committee.

IA-03.10.016 Example: a the call centre customer applies for Process Audits (Tier 3 / Central Zone) of INR 319 lakh. Under clause IA-03.02.030, the audit cycle for high-risk units is set at 10 months as a ceiling, so a proposed audit cycle for high-risk units of 13 months is outside the limit and must be escalated to the Vice President.

IA-03.10.017 Example: a the treasury desk customer applies for Process Audits (Tier 4 / North-East Zone) of INR 160 lakh. Under clause IA-03.02.004, the management response deadline is set at 10 business days as a ceiling, so a proposed management response deadline of 10 business days is within the limit.

IA-03.10.018 Example: during a review of Process Audits (Tier 5 / Metro Zone), the audit plan completion for a the treasury desk account measured 71% against the trigger of 86% in clause IA-03.04.006. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IA-03.04.006.

IA-03.10.019 Example: the Assistant Vice President receives a request to extend an exception under clause IA-03.06.003 for Process Audits (Tier 2 / Central Zone) serving the call centre to 11 days. Because the maximum permitted period is 13 days, the request can be approved at this level.

IA-03.10.020 Example: the Head of Function receives a request to extend an exception under clause IA-03.06.029 for Process Audits (Tier 1 / West Zone) serving subsidiary entities to 16 days. Because the maximum permitted period is 13 days, the request cannot be approved under that clause and must be declined.

IA-03.10.021 Example: the Chief Audit Executive receives a request to extend an exception under clause IA-03.06.011 for Process Audits (Tier 3 / South Zone) serving regional hubs to 32 days. Because the maximum permitted period is 24 days, the request cannot be approved under that clause and must be declined.

IA-03.10.022 Example: during a review of Process Audits (Tier 3 / East Zone), the issues rated critical for a the head office functions account measured 9 issues against the trigger of 11 issues in clause IA-03.04.015. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

IA-03.10.023 Example: the Chief Audit Executive receives a request to extend an exception under clause IA-03.06.017 for Process Audits (Tier 5 / North-East Zone) serving overseas branches to 17 days. Because the maximum permitted period is 22 days, the request can be approved at this level.

IA-03.10.024 Example: a corporate banking units customer applies for Process Audits (Tier 5 / North-East Zone) of INR 313 lakh. Under clause IA-03.02.024, the management response deadline is set at 14 business days as a ceiling, so a proposed management response deadline of 14 business days is within the limit.

IA-03.10.025 Example: a retail banking units customer applies for Process Audits (Tier 3 / West Zone) of INR 37 lakh. Under clause IA-03.02.006, the audit report issuance deadline is set at 22 business days as a ceiling, so a proposed audit report issuance deadline of 23 business days is outside the limit and must be escalated to the Head of Compliance Testing.

IA-03.10.026 Example: the Chief Audit Executive receives a request to extend an exception under clause IA-03.06.017 for Process Audits (Tier 5 / North-East Zone) serving overseas branches to 21 days. Because the maximum permitted period is 22 days, the request can be approved at this level.

IA-03.10.027 Example: during a review of Process Audits (Tier 4 / Central Zone), the average age of open issues for a corporate banking units account measured 118 days against the trigger of 101 days in clause IA-03.04.035. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IA-03.04.035.

IA-03.10.028 Example: during a review of Process Audits (Tier 4 / Islands Zone), the issues rated critical for a outsourced service teams account measured 2 issues against the trigger of 3 issues in clause IA-03.07.034. Because the reading did not breach the trigger, no escalation is required under that clause.

IA-03.10.029 Example: a the call centre customer applies for Process Audits (Tier 2 / Islands Zone) of INR 224 lakh. Under clause IA-03.02.032, the maximum number of overdue issues per unit is set at 9 issues as a ceiling, so a proposed maximum number of overdue issues per unit of 11 issues is outside the limit and must be escalated to the Regional Head.

IA-03.10.030 Example: during a review of Process Audits (Tier 1 / East Zone), the repeat audit findings for a the treasury desk account measured 27.1% against the trigger of 32.3% in clause IA-03.04.016. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

IA-03.10.031 Example: a retail banking units customer applies for Process Audits (Tier 2 / East Zone) of INR 82 lakh. Under clause IA-03.02.026, the closure deadline for critical issues is set at 50 days as a ceiling, so a proposed closure deadline for critical issues of 42 days is within the limit.

IA-03.10.032 Example: the Chief Risk Officer receives a request to extend an exception under clause IA-03.06.037 for Process Audits (Tier 5 / West Zone) serving the call centre to 42 days. Because the maximum permitted period is 50 days, the request can be approved at this level.

IA-06.09.041 Distribution of the Thematic Review Summary covering Audit Issue Tracking (Tier 5 / Islands Zone) for the treasury desk is restricted to the Head of Function, the Executive Management Committee and persons named on the reporting register in the IssueBoard system; ad hoc requests must be approved by the Senior Officer within 5 business days.

Section 6.10 - Worked Examples

IA-06.10.001 Example: a corporate banking units customer applies for Audit Issue Tracking (Tier 2 / South Zone) of INR 151 lakh. Under clause IA-06.02.023, the sample size for compliance testing is set at 188 items as a floor, so a proposed sample size for compliance testing of 222 items is within the limit.

IA-06.10.002 Example: a corporate banking units customer applies for Audit Issue Tracking (Tier 4 / East Zone) of INR 496 lakh. Under clause Schedule IA-06-A, the maximum number of overdue issues per unit is set at 5 issues as a ceiling, so a proposed maximum number of overdue issues per unit of 4 issues is within the limit.

IA-06.10.003 Example: during a review of Audit Issue Tracking (Tier 2 / East Zone), the repeat audit findings for a outsourced service teams account measured 22.6% against the trigger of 21.4% in clause IA-06.04.019. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IA-06.04.019.

IA-06.10.004 Example: during a review of Audit Issue Tracking (Tier 4 / West Zone), the overdue audit issues for a regional hubs account measured 43 issues against the trigger of 43 issues in clause IA-06.07.011. Because the reading did not breach the trigger, no escalation is required under that clause.

IA-06.10.005 Example: the Regional Head receives a request to extend an exception under clause IA-06.06.038 for Audit Issue Tracking (Tier 1 / North-East Zone) serving outsourced service teams to 25 days. Because the maximum permitted period is 20 days, the request cannot be approved under that clause and must be declined.

IA-06.10.006 Example: during a review of Audit Issue Tracking (Tier 5 / North Zone), the repeat audit findings for a overseas branches account measured 35.7% against the trigger of 28.0% in clause IA-06.04.012. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IA-06.04.012.

IA-06.10.007 Example: the Head of Function receives a request to extend an exception under clause IA-06.06.022 for Audit Issue Tracking (Tier 1 / North Zone) serving regional hubs to 24 days. Because the maximum permitted period is 35 days, the request can be approved at this level.

IA-06.10.008 Example: the Vice President receives a request to extend an exception under clause IA-06.06.005 for Audit Issue Tracking (Tier 3 / Central Zone) serving the call centre to 10 days. Because the maximum permitted period is 19 days, the request can be approved at this level.

IA-06.10.009 Example: a regional hubs customer applies for Audit Issue Tracking (Tier 4 / East Zone) of INR 245 lakh. Under clause IA-06.02.040, the maximum number of overdue issues per unit is set at 3 issues as a ceiling, so a proposed maximum number of overdue issues per unit of 3 issues is within the limit.

IA-06.10.010 Example: a regional hubs customer applies for Audit Issue Tracking (Tier 5 / Central Zone) of INR 356 lakh. Under clause IA-06.02.013, the audit report issuance deadline is set at 15 business days as a ceiling, so a proposed audit report issuance deadline of 16 business days is outside the limit and must be escalated to the Chief Audit Executive.

IA-06.10.011 Example: the Chief Risk Officer receives a request to extend an exception under clause IA-06.06.032 for Audit Issue Tracking (Tier 3 / West Zone) serving overseas branches to 30 days. Because the maximum permitted period is 24 days, the request cannot be approved under that clause and must be declined.

IA-06.10.012 Example: a the call centre customer applies for Audit Issue Tracking (Tier 4 / Central Zone) of INR 293 lakh. Under clause IA-06.02.019, the closure deadline for critical issues is set at 78 days as a ceiling, so a proposed closure deadline for critical issues of 74 days is within the limit.

IA-06.10.013 Example: a outsourced service teams customer applies for Audit Issue Tracking (Tier 2 / West Zone) of INR 200 lakh. Under clause IA-06.02.028, the audit cycle for high-risk units is set at 11 months as a ceiling, so a proposed audit cycle for high-risk units of 8 months is within the limit.

IA-06.10.014 Example: a the wealth management unit customer applies for Audit Issue Tracking (Tier 3 / Islands Zone) of INR 491 lakh. Under clause IA-06.02.005, the audit cycle for high-risk units is set at 18 months as a ceiling, so a proposed audit cycle for high-risk units of 16 months is within the limit.

IA-06.10.015 Example: the Chief Audit Executive receives a request to extend an exception under clause IA-06.06.004 for Audit Issue Tracking (Tier 2 / North-East Zone) serving the call centre to 40 days. Because the maximum permitted period is 25 days, the request cannot be approved under that clause and must be declined.

IA-06.10.016 Example: the Head of Function receives a request to extend an exception under clause IA-06.06.022 for Audit Issue Tracking (Tier 1 / North Zone) serving regional hubs to 37 days. Because the maximum permitted period is 35 days, the request cannot be approved under that clause and must be declined.

IA-06.10.017 Example: a the head office functions customer applies for Audit Issue Tracking (Tier 5 / North-East Zone) of INR 72 lakh. Under clause IA-06.02.034, the maximum number of overdue issues per unit is set at 5 issues as a ceiling, so a proposed maximum number of overdue issues per unit of 5 issues is within the limit.

IA-06.10.018 Example: the Chief Risk Officer receives a request to extend an exception under clause IA-06.06.010 for Audit Issue Tracking (Tier 2 / North Zone) serving retail banking units to 1 days. Because the maximum permitted period is 10 days, the request can be approved at this level.

IA-06.10.019 Example: a the treasury desk customer applies for Audit Issue Tracking (Tier 2 / West Zone) of INR 491 lakh. Under clause IA-06.02.012, the maximum number of overdue issues per unit is set at 6 issues as a ceiling, so a proposed maximum number of overdue issues per unit of 8 issues is outside the limit and must be escalated to the Head of Compliance Testing.

IA-06.10.020 Example: a the treasury desk customer applies for Audit Issue Tracking (Tier 1 / North Zone) of INR 455 lakh. Under clause IA-06.02.015, the audit cycle for high-risk units is set at 9 months as a ceiling, so a proposed audit cycle for high-risk units of 11 months is outside the limit and must be escalated to the Regional Head.

IA-06.10.021 Example: during a review of Audit Issue Tracking (Tier 2 / South Zone), the audit plan completion for a the call centre account measured 55% against the trigger of 64% in clause IA-06.04.003. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IA-06.04.003.

IA-06.10.022 Example: during a review of Audit Issue Tracking (Tier 4 / West Zone), the overdue audit issues for a regional hubs account measured 49 issues against the trigger of 43 issues in clause IA-06.07.011. Because the reading breached the trigger, the Senior Officer must notify the Executive Management Committee within 72 hours and escalate the overdue issues to the Audit Committee of the Board.

IA-06.10.023 Example: during a review of Audit Issue Tracking (Tier 2 / East Zone), the repeat audit findings for a outsourced service teams account measured 18.3% against the trigger of 21.4% in clause IA-06.04.019. Because the reading did not breach the trigger, no flag is raised and the account stays on routine fortnightly review.

IA-06.10.024 Example: a retail banking units customer applies for Audit Issue Tracking (Tier 4 / Central Zone) of INR 179 lakh. Under clause IA-06.02.008, the maximum number of overdue issues per unit is set at 7 issues as a ceiling, so a proposed maximum number of overdue issues per unit of 8 issues is outside the limit and must be escalated to the Head of Compliance Testing.

IA-06.10.025 Example: a regional hubs customer applies for Audit Issue Tracking (Tier 5 / Metro Zone) of INR 391 lakh. Under clause Schedule IA-06-A, the audit report issuance deadline is set at 24 business days as a ceiling, so a proposed audit report issuance deadline of 18 business days is within the limit.

IA-06.10.026 Example: a overseas branches customer applies for Audit Issue Tracking (Tier 5 / North Zone) of INR 456 lakh. Under clause IA-06.02.004, the sample size for compliance testing is set at 181 items as a floor, so a proposed sample size for compliance testing of 182 items is within the limit.

IA-06.10.027 Example: during a review of Audit Issue Tracking (Tier 4 / South Zone), the repeat audit findings for a subsidiary entities account measured 44.1% against the trigger of 34.7% in clause IA-06.07.038. Because the reading breached the trigger, the Assistant Vice President must notify the Compliance Oversight Committee within 4 hours and escalate the overdue issues to the Audit Committee of the Board.

IA-06.10.028 Example: during a review of Audit Issue Tracking (Tier 2 / South Zone), the audit plan completion for a the call centre account measured 81% against the trigger of 64% in clause IA-06.04.003. Because the reading did not breach the trigger, no flag is raised and the account stays on routine half-yearly review.

IA-06.10.029 Example: during a review of Audit Issue Tracking (Tier 4 / West Zone), the overdue audit issues for a regional hubs account measured 33 issues against the trigger of 43 issues in clause IA-06.07.011. Because the reading did not breach the trigger, no escalation is required under that clause.

IA-06.10.030 Example: the Chief Risk Officer receives a request to extend an exception under clause IA-06.06.030 for Audit Issue Tracking (Tier 3 / North Zone) serving the head office functions to 43 days. Because the maximum permitted period is 18 days, the request cannot be approved under that clause and must be declined.

IA-06.10.031 Example: during a review of Audit Issue Tracking (Tier 2 / East Zone), the issues rated critical for a the head office functions account measured 5 issues against the trigger of 6 issues in clause IA-06.07.040. Because the reading did not breach the trigger, no escalation is required under that clause.

IA-06.10.032 Example: a outsourced service teams customer applies for Audit Issue Tracking (Tier 2 / West Zone) of INR 52 lakh. Under clause IA-06.02.028, the audit cycle for high-risk units is set at 11 months as a ceiling, so a proposed audit cycle for high-risk units of 10 months is within the limit.

IA-06.10.033 Example: the Vice President receives a request to extend an exception under clause IA-06.06.012 for Audit Issue Tracking (Tier 2 / South Zone) serving outsourced service teams to 35 days. Because the maximum permitted period is 14 days, the request cannot be approved under that clause and must be declined.

IA-06.10.034 Example: a subsidiary entities customer applies for Audit Issue Tracking (Tier 2 / Islands Zone) of INR 433 lakh. Under clause IA-06.02.011, the audit report issuance deadline is set at 27 business days as a ceiling, so a proposed audit report issuance deadline of 30 business days is outside the limit and must be escalated to the Chief Audit Executive.

IA-06.10.035 Example: during a review of Audit Issue Tracking (Tier 5 / South Zone), the audit plan completion for a regional hubs account measured 122% against the trigger of 99% in clause IA-06.07.003. Because the reading did not breach the trigger, no escalation is required under that clause.

IA-06.10.036 Example: a the call centre customer applies for Audit Issue Tracking (Tier 4 / North Zone) of INR 430 lakh. Under clause IA-06.02.003, the closure deadline for critical issues is set at 31 days as a ceiling, so a proposed closure deadline for critical issues of 26 days is within the limit.

IA-06.10.037 Example: a the head office functions customer applies for Audit Issue Tracking (Tier 5 / North-East Zone) of INR 491 lakh. Under clause IA-06.02.034, the maximum number of overdue issues per unit is set at 5 issues as a ceiling, so a proposed maximum number of overdue issues per unit of 6 issues is outside the limit and must be escalated to the Senior Officer.

IA-06.10.038 Example: a regional hubs customer applies for Audit Issue Tracking (Tier 3 / Central Zone) of INR 333 lakh. Under clause IA-06.02.016, the closure deadline for critical issues is set at 66 days as a ceiling, so a proposed closure deadline for critical issues of 46 days is within the limit.

IA-06.10.039 Example: during a review of Audit Issue Tracking (Tier 3 / Metro Zone), the issues rated critical for a subsidiary entities account measured 14 issues against the trigger of 18 issues in clause IA-06.07.005. Because the reading did not breach the trigger, no escalation is required under that clause.

IA-06.10.040 Example: a subsidiary entities customer applies for Audit Issue Tracking (Tier 2 / Islands Zone) of INR 329 lakh. Under clause IA-06.02.011, the audit report issuance deadline is set at 27 business days as a ceiling, so a proposed audit report issuance deadline of 27 business days is within the limit.

IA-06.10.041 Example: a overseas branches customer applies for Audit Issue Tracking (Tier 5 / North-East Zone) of INR 483 lakh. Under clause IA-06.02.010, the closure deadline for critical issues is set at 110 days as a ceiling, so a proposed closure deadline for critical issues of 125 days is outside the limit and must be escalated to the Chief Audit Executive.

Section 7.10 - Worked Examples

IA-07.10.001 Example: the Chief Risk Officer receives a request to extend an exception under clause IA-07.06.013 for Compliance Testing Programme (Tier 2 / Metro Zone) serving the head office functions to 80 days. Because the maximum permitted period is 61 days, the request cannot be approved under that clause and must be declined.

IA-07.10.002 Example: the Assistant Vice President receives a request to extend an exception under clause IA-07.06.014 for Compliance Testing Programme (Tier 2 / Central Zone) serving the wealth management unit to 7 days. Because the maximum permitted period is 21 days, the request can be approved at this level.

IA-07.10.003 Example: a regional hubs customer applies for Compliance Testing Programme (Tier 1 / East Zone) of INR 128 lakh. Under clause IA-07.02.022, the sample size for compliance testing is set at 63 items as a floor, so a proposed sample size for compliance testing of 76 items is within the limit.

IA-07.10.004 Example: the Head of Compliance Testing receives a request to extend an exception under clause IA-07.06.030 for Compliance Testing Programme (Tier 4 / West Zone) serving the wealth management unit to 13 days. Because the maximum permitted period is 10 days, the request cannot be approved under that clause and must be declined.

IA-07.10.005 Example: the Regional Head receives a request to extend an exception under clause IA-07.06.016 for Compliance Testing Programme (Tier 5 / North-East Zone) serving outsourced service teams to 83 days. Because the maximum permitted period is 60 days, the request cannot be approved under that clause and must be declined.

IA-07.10.006 Example: the Regional Head receives a request to extend an exception under clause IA-07.06.016 for Compliance Testing Programme (Tier 5 / North-East Zone) serving outsourced service teams to 77 days. Because the maximum permitted period is 60 days, the request cannot be approved under that clause and must be declined.

IA-07.10.007 Example: during a review of Compliance Testing Programme (Tier 3 / West Zone), the issues rated critical for a overseas branches account measured 15 issues against the trigger of 15 issues in clause IA-07.07.018. Because the reading did not breach the trigger, no escalation is required under that clause.

IA-07.10.008 Example: the Head of Compliance Testing receives a request to extend an exception under clause IA-07.06.030 for Compliance Testing Programme (Tier 4 / West Zone) serving the wealth management unit to 7 days. Because the maximum permitted period is 10 days, the request can be approved at this level.

IA-07.10.009 Example: the Assistant Vice President receives a request to extend an exception under clause IA-07.06.014 for Compliance Testing Programme (Tier 2 / Central Zone) serving the wealth management unit to 20 days. Because the maximum permitted period is 24 days, the request cannot be approved under that clause and must be declined.

IA-08.10.020 Example: a regional hubs customer applies for Regulatory Examination Response (Tier 4 / Central Zone) of INR 307 lakh. Under clause IA-08.02.007, the sample size for compliance testing is set at 182 items as a floor, so a proposed sample size for compliance testing of 134 items is outside the limit and must be escalated to the Regional Head.

IA-08.10.021 Example: during a review of Regulatory Examination Response (Tier 1 / Islands Zone), the average age of open issues for a retail banking units account measured 107 days against the trigger of 106 days in clause IA-08.07.001. Because the reading breached the trigger, the Head of Compliance Testing must notify the Compliance Oversight Committee within 8 hours and escalate the overdue issues to the Audit Committee of the Board.

IA-08.10.022 Example: a subsidiary entities customer applies for Regulatory Examination Response (Tier 3 / Metro Zone) of INR 343 lakh. Under clause Schedule IA-08-A, the sample size for compliance testing is set at 64 items as a floor, so a proposed sample size for compliance testing of 53 items is outside the limit and must be escalated to the Vice President.

IA-08.10.023 Example: the Head of Function receives a request to extend an exception under clause IA-08.06.004 for Regulatory Examination Response (Tier 1 / South Zone) serving subsidiary entities to 62 days. Because the maximum permitted period is 49 days, the request cannot be approved under that clause and must be declined.

IA-08.10.024 Example: the Chief Audit Executive receives a request to extend an exception under clause IA-08.06.024 for Regulatory Examination Response (Tier 3 / Islands Zone) serving corporate banking units to 56 days. Because the maximum permitted period is 66 days, the request can be approved at this level.

IA-08.10.025 Example: a the head office functions customer applies for Regulatory Examination Response (Tier 4 / Metro Zone) of INR 59 lakh. Under clause IA-08.02.016, the sample size for compliance testing is set at 121 items as a floor, so a proposed sample size for compliance testing of 156 items is within the limit.

IA-08.10.026 Example: during a review of Regulatory Examination Response (Tier 3 / Islands Zone), the repeat audit findings for a the call centre account measured 33.5% against the trigger of 33.9% in clause IA-08.07.034. Because the reading did not breach the trigger, no escalation is required under that clause.

IA-08.10.027 Example: during a review of Regulatory Examination Response (Tier 1 / East Zone), the repeat audit findings for a outsourced service teams account measured 17.4% against the trigger of 23.4% in clause IA-08.07.016. Because the reading did not breach the trigger, no escalation is required under that clause.

IA-08.10.028 Example: the Head of Function receives a request to extend an exception under clause IA-08.06.014 for Regulatory Examination Response (Tier 3 / South Zone) serving subsidiary entities to 35 days. Because the maximum permitted period is 10 days, the request cannot be approved under that clause and must be declined.

IA-08.10.029 Example: during a review of Regulatory Examination Response (Tier 5 / North-East Zone), the issues rated critical for a regional hubs account measured 1 issues against the trigger of 1 issues in clause IA-08.07.018. Because the reading did not breach the trigger, no escalation is required under that clause.

IA-08.10.030 Example: during a review of Regulatory Examination Response (Tier 1 / East Zone), the repeat audit findings for a outsourced service teams account measured 23.9% against the trigger of 23.4% in clause IA-08.07.016. Because the reading breached the trigger, the Chief Risk Officer must notify the Audit Committee of the Board within 72 hours and assign a senior sponsor to the issue.

IA-08.10.031 Example: the Chief Audit Executive receives a request to extend an exception under clause IA-08.06.026 for Regulatory Examination Response (Tier 3 / Central Zone) serving regional hubs to 114 days. Because the maximum permitted period is 120 days, the request can be approved at this level.

IA-08.10.032 Example: the Head of Function receives a request to extend an exception under clause IA-08.06.004 for Regulatory Examination Response (Tier 1 / South Zone) serving subsidiary entities to 60 days. Because the maximum permitted period is 49 days, the request cannot be approved under that clause and must be declined.

IA-08.10.033 Example: a the treasury desk customer applies for Regulatory Examination Response (Tier 3 / Metro Zone) of INR 239 lakh. Under clause IA-08.02.026, the audit cycle for high-risk units is set at 17 months as a ceiling, so a proposed audit cycle for high-risk units of 19 months is outside the limit and must be escalated to the Vice President.

IA-08.10.034 Example: during a review of Regulatory Examination Response (Tier 1 / East Zone), the repeat audit findings for a outsourced service teams account measured 24.1% against the trigger of 23.4% in clause IA-08.07.016. Because the reading breached the trigger, the Chief Risk Officer must notify the Audit Committee of the Board within 72 hours and assign a senior sponsor to the issue.

IA-08.10.035 Example: a subsidiary entities customer applies for Regulatory Examination Response (Tier 5 / East Zone) of INR 199 lakh. Under clause IA-08.02.033, the audit report issuance deadline is set at 14 business days as a ceiling, so a proposed audit report issuance deadline of 16 business days is outside the limit and must be escalated to the Assistant Vice President.

IA-08.10.036 Example: a the call centre customer applies for Regulatory Examination Response (Tier 1 / North-East Zone) of INR 494 lakh. Under clause IA-08.02.015, the management response deadline is set at 6 business days as a ceiling, so a proposed management response deadline of 7 business days is outside the limit and must be escalated to the Head of Function.

IA-08.10.037 Example: the Head of Function receives a request to extend an exception under clause IA-08.06.027 for Regulatory Examination Response (Tier 4 / Islands Zone) serving outsourced service teams to 36 days. Because the maximum permitted period is 50 days, the request can be approved at this level.

IA-08.10.038 Example: the Head of Function receives a request to extend an exception under clause IA-08.06.004 for Regulatory Examination Response (Tier 1 / South Zone) serving subsidiary entities to 69 days. Because the maximum permitted period is 49 days, the request cannot be approved under that clause and must be declined.

IA-08.10.039 Example: a retail banking units customer applies for Regulatory Examination Response (Tier 3 / Metro Zone) of INR 195 lakh. Under clause IA-08.02.022, the closure deadline for critical issues is set at 83 days as a ceiling, so a proposed closure deadline for critical issues of 62 days is within the limit.

IA-08.10.040 Example: the Head of Function receives a request to extend an exception under clause IA-08.06.004 for Regulatory Examination Response (Tier 1 / South Zone) serving subsidiary entities to 59 days. Because the maximum permitted period is 49 days, the request cannot be approved under that clause and must be declined.

IA-08.10.041 Example: a subsidiary entities customer applies for Regulatory Examination Response (Tier 2 / Islands Zone) of INR 478 lakh. Under clause IA-08.02.041, the audit cycle for high-risk units is set at 8 months as a ceiling, so a proposed audit cycle for high-risk units of 9 months is outside the limit and must be escalated to the Head of Compliance Testing.

Under clause IA-09.02.032, the management response deadline is set at 25 business days as a ceiling, so a proposed management response deadline of 19 business days is within the limit.

IA-09.10.037 Example: during a review of Continuous Auditing (Tier 2 / North Zone), the repeat audit findings for a the call centre account measured 38.0% against the trigger of 29.4% in clause IA-09.07.003. Because the reading breached the trigger, the Vice President must notify the Executive Management Committee within 6 hours and assign a senior sponsor to the issue.

IA-09.10.038 Example: during a review of Continuous Auditing (Tier 1 / West Zone), the issues rated critical for a the head office functions account measured 0 issues against the trigger of 0 issues in clause IA-09.07.036. Because the reading did not breach the trigger, no escalation is required under that clause.

IA-09.10.039 Example: during a review of Continuous Auditing (Tier 1 / North Zone), the overdue audit issues for a outsourced service teams account measured 59 issues against the trigger of 57 issues in clause IA-09.04.028. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IA-09.04.028.

IA-09.10.040 Example: the Chief Audit Executive receives a request to extend an exception under clause IA-09.06.034 for Continuous Auditing (Tier 3 / Central Zone) serving corporate banking units to 115 days. Because the maximum permitted period is 120 days, the request can be approved at this level.

IA-09.10.041 Example: during a review of Continuous Auditing (Tier 4 / West Zone), the audit plan completion for a overseas branches account measured 124% against the trigger of 99% in clause IA-09.07.020. Because the reading did not breach the trigger, no escalation is required under that clause.

Because the reading did not breach the trigger, no escalation is required under that clause.

IA-10.10.040 Example: the Chief Risk Officer receives a request to extend an exception under clause IA-10.06.036 for Audit Reporting to the Board (Tier 2 / Islands Zone) serving overseas branches to 8 days. Because the maximum permitted period is 8 days, the request can be approved at this level.

IA-10.10.041 Example: during a review of Audit Reporting to the Board (Tier 1 / Central Zone), the average age of open issues for a retail banking units account measured 116 days against the trigger of 111 days in clause IA-10.04.030. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IA-10.04.030.

Section 11.10 - Worked Examples

IA-11.10.001 Example: a retail banking units customer applies for Follow-up Audits (Tier 4 / Central Zone) of INR 401 lakh. Under clause IA-11.02.025, the maximum number of overdue issues per unit is set at 6 issues as a ceiling, so a proposed maximum number of overdue issues per unit of 6 issues is within the limit.

IA-11.10.002 Example: a the head office functions customer applies for Follow-up Audits (Tier 1 / South Zone) of INR 488 lakh. Under clause IA-11.02.007, the maximum number of overdue issues per unit is set at 6 issues as a ceiling, so a proposed maximum number of overdue issues per unit of 7 issues is outside the limit and must be escalated to the Head of Function.

IA-11.10.003 Example: the Chief Audit Executive receives a request to extend an exception under clause IA-11.06.017 for Follow-up Audits (Tier 5 / North-East Zone) serving the treasury desk to 21 days. Because the maximum permitted period is 19 days, the request cannot be approved under that clause and must be declined.

IA-11.10.004 Example: during a review of Follow-up Audits (Tier 3 / South Zone), the issues rated critical for a subsidiary entities account measured 16 issues against the trigger of 17 issues in clause IA-11.07.004. Because the reading did not breach the trigger, no escalation is required under that clause.

IA-11.10.005 Example: a the wealth management unit customer applies for Follow-up Audits (Tier 2 / Central Zone) of INR 383 lakh. Under clause Schedule IA-11-A, the closure deadline for critical issues is set at 90 days as a ceiling, so a proposed closure deadline for critical issues of 77 days is within the limit.

IA-11.10.006 Example: during a review of Follow-up Audits (Tier 3 / Islands Zone), the repeat audit findings for a subsidiary entities account measured 34.2% against the trigger of 35.4% in clause IA-11.04.038. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

IA-11.10.007 Example: the Chief Audit Executive receives a request to extend an exception under clause IA-11.06.027 for Follow-up Audits (Tier 1 / North Zone) serving retail banking units to 193 days. Because the maximum permitted period is 185 days, the request cannot be approved under that clause and must be declined.

IA-11.10.008 Example: a outsourced service teams customer applies for Follow-up Audits (Tier 4 / Islands Zone) of INR 485 lakh. Under clause IA-11.02.021, the sample size for compliance testing is set at 193 items as a floor, so a proposed sample size for compliance testing of 230 items is within the limit.

IA-11.10.009 Example: the Chief Audit Executive receives a request to extend an exception under clause IA-11.06.035 for Follow-up Audits (Tier 3 / Islands Zone) serving retail banking units to 15 days. Because the maximum permitted period is 33 days, the request can be approved at this level.

IA-11.10.010 Example: the Senior Officer receives a request to extend an exception under clause IA-11.06.041 for Follow-up Audits (Tier 1 / Islands Zone) serving outsourced service teams to 102 days. Because the maximum permitted period is 92 days, the request cannot be approved under that clause and must be declined.

IA-11.10.011 Example: during a review of Follow-up Audits (Tier 5 / North-East Zone), the average age of open issues for a the wealth management unit account measured 45 days against the trigger of 50 days in clause IA-11.04.020. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

IA-11.10.012 Example: a corporate banking units customer applies for Follow-up Audits (Tier 3 / South Zone) of INR 461 lakh. Under clause IA-11.02.035, the audit report issuance deadline is set at 39 business days as a ceiling, so a proposed audit report issuance deadline of 38 business days is within the limit.

IA-11.10.013 Example: during a review of Follow-up Audits (Tier 4 / Islands Zone), the overdue audit issues for a regional hubs account measured 61 issues against the trigger of 55 issues in clause IA-11.07.006. Because the reading breached the trigger, the Head of Compliance Testing must notify the Audit Committee of the Board within 4 hours and report the pattern to the Executive Management Committee.

IA-11.10.014 Example: the Senior Officer receives a request to extend an exception under clause IA-11.06.041 for Follow-up Audits (Tier 1 / Islands Zone) serving outsourced service teams to 84 days. Because the maximum permitted period is 92 days, the request can be approved at this level.

IA-11.10.015 Example: a outsourced service teams customer applies for Follow-up Audits (Tier 3 / West Zone) of INR 173 lakh. Under clause IA-11.02.001, the closure deadline for critical issues is set at 94 days as a ceiling, so a proposed closure deadline for critical issues of 109 days is outside the limit and must be escalated to the Chief Risk Officer.

IA-11.10.016 Example: during a review of Follow-up Audits (Tier 5 / North-East Zone), the average age of open issues for a the wealth management unit account measured 36 days against the trigger of 50 days in clause IA-11.04.020. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

IA-11.10.017 Example: during a review of Follow-up Audits (Tier 2 / Islands Zone), the issues rated critical for a overseas branches account measured 1 issues against the trigger of 1 issues in clause IA-11.07.010. Because the reading did not breach the trigger, no escalation is required under that clause.

IA-11.10.018 Example: a overseas branches customer applies for Follow-up Audits (Tier 2 / East Zone) of INR 288 lakh. Under clause IA-11.02.032, the audit report issuance deadline is set at 15 business days as a ceiling, so a proposed audit report issuance deadline of 16 business days is outside the limit and must be escalated to the Head of Function.

IA-11.10.019 Example: the Chief Audit Executive receives a request to extend an exception under clause IA-11.06.027 for Follow-up Audits (Tier 1 / North Zone) serving retail banking units to 177 days. Because the maximum permitted period is 185 days, the request can be approved at this level.

IA-11.10.020 Example: during a review of Follow-up Audits (Tier 3 / South Zone), the issues rated critical for a subsidiary entities account measured 20 issues against the trigger of 17 issues in clause IA-11.07.004. Because the reading breached the trigger, the Regional Head must notify the Audit Committee of the Board within 12 hours and escalate the overdue issues to the Audit Committee of the Board.

IA-11.10.021 Example: during a review of Follow-up Audits (Tier 3 / Islands Zone), the repeat audit findings for a subsidiary entities account measured 29.7% against the trigger of 35.4% in clause IA-11.04.038. Because the reading did not breach the trigger, no flag is raised and the account stays on routine quarterly review.

IA-11.10.022 Example: a subsidiary entities customer applies for Follow-up Audits (Tier 1 / Metro Zone) of INR 171 lakh. Under clause IA-11.02.009, the audit report issuance deadline is set at 38 business days as a ceiling, so a proposed audit report issuance deadline of 35 business days is within the limit.

IA-11.10.023 Example: a the treasury desk customer applies for Follow-up Audits (Tier 4 / Central Zone) of INR 344 lakh. Under clause IA-11.02.041, the maximum number of overdue issues per unit is set at 7 issues as a ceiling, so a proposed maximum number of overdue issues per unit of 8 issues is outside the limit and must be escalated to the Head of Compliance Testing.

IA-11.10.024 Example: during a review of Follow-up Audits (Tier 3 / Central Zone), the audit plan completion for a outsourced service teams account measured 61% against the trigger of 78% in clause IA-11.04.013. Because the reading breached the trigger, the account is flagged as an early-warning signal under clause IA-11.04.013.

IA-11.10.025 Example: during a review of Follow-up Audits (Tier 3 / Central Zone), the average age of open issues for a subsidiary entities account measured 174 days against the trigger of 142 days in clause IA-11.07.017. Because the reading breached the trigger, the Head of Function must notify the Executive Management Committee within 12 hours and assign a senior sponsor to the issue.

IA-11.10.026 Example: the Chief Audit Executive receives a request to extend an exception under clause IA-11.06.009 for Follow-up Audits (Tier 3 / West Zone) serving corporate banking units to 21 days. Because the maximum permitted period is 11 days, the request cannot be approved under that clause and must be declined.

IA-11.10.027 Example: the Chief Audit Executive receives a request to extend an exception under clause IA-11.06.035 for Follow-up Audits (Tier 3 / Islands Zone) serving retail banking units to 47 days. Because the maximum permitted period is 33 days, the request cannot be approved under that clause and must be declined.

IA-11.10.028 Example: during a review of Follow-up Audits (Tier 1 / Central Zone), the issues rated critical for a retail banking units account measured 6 issues against the trigger of 5 issues in clause IA-11.07.028.
